

PUC 2115 Pole

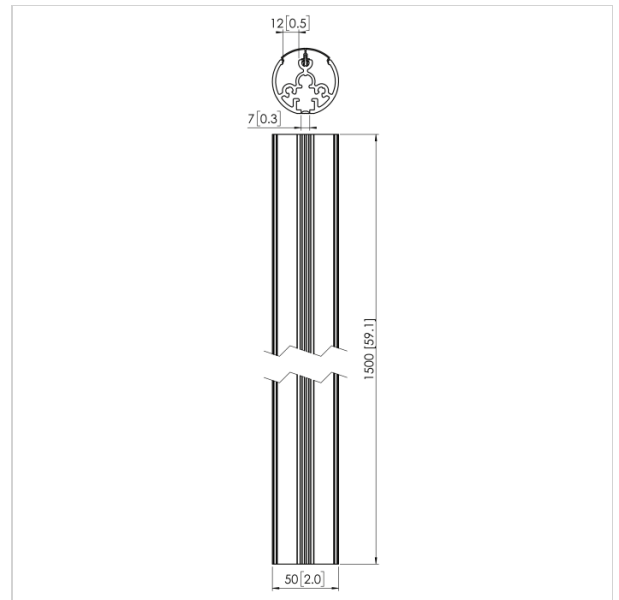

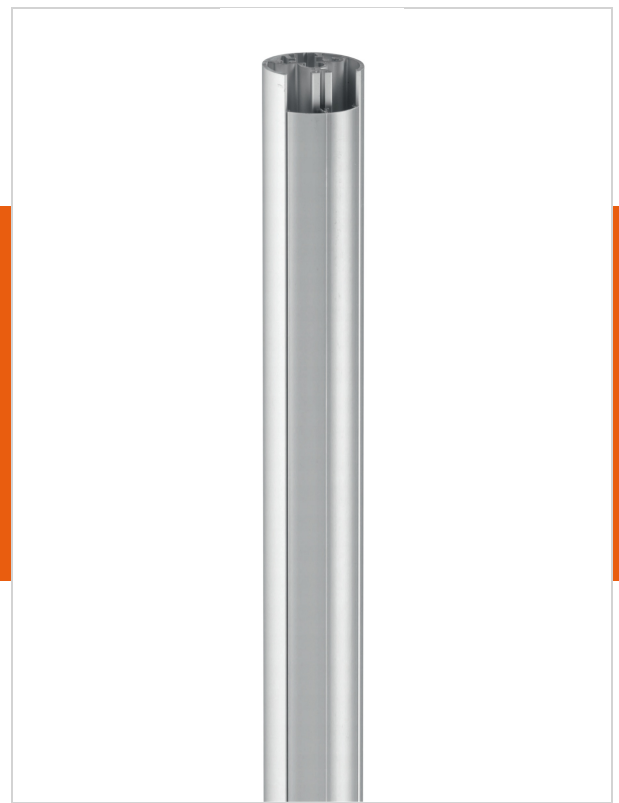

Article number (SKU) 7221154
Colour Silver

Key benefits

- TÜV certified

The PUC 2115 is an 150 cm pole and is a part of the modular Connect-it system with which you can create your own ceiling solution for small- to medium-sized displays.

The PUC 2115 is equipped with a double cable duct system with which you can quickly and simply ensure that all cables are concealed. The pole is made of aluminium and, therefore, it can be easily cut at the required length. Therefore, combine a pole with one of the Connect-it ceiling plates (PUC 1011, PUC 1030, PUC 1035 or PUC 1040) or the truss adapter (PUC 1050) and a Connect-it interface (PFI 3010, PFI 3020 or PFI 3035) for a complete ceiling solution.
