Dear Shooters:

The Civilian Marksmanship Program is pleased to send you this **Official 2000 National Trophy Matches Results Bulletin**. Preliminary bulletins posted during the Matches require rechecking to confirm scores, categories and the Distinguished/Non-Distinguished status of competitors so some results and rankings have changed in this final bulletin. This year, we included photos of the National Trophy presentations that took place during the National Trophy Match Award Ceremonies.

The National Trophy Pistol and Rifle Matches are a major component of the Annual National Matches at Camp Perry. The CMP governs the traditional National Trophy Matches through its **CMP Competition Rules**. Traditions embodied in the National Trophy Matches date back to military and civilian target competitions that took place in the late 19th and early 20th Centuries; the oldest National Trophy dates to 1878. The 2000 National Trophy winners have now added their names to the many that are already engraved on these trophies. These names constitute one of the great honor rolls of American marksmanship.

Increasing National Match participation is a primary CMP goal. The 2000 Matches demonstrated progress towards achieving that objective. Recent Ohio National Guard commitments to restore Camp Perry huts and increase the amount of competitor housing will make a tremendous difference. The CMP already has committed \$35,000 in funds to provide supplies to support that critical effort. The continued growth of the Garand Match will keep more new shooters coming into the system. Future growth requires the development of junior shooters. The CMP Junior National Match Support Program, that provides travel and support funding for smallbore and highpower rifle junior teams, had its biggest year ever.

In providing this Final Results Bulletin, the CMP salutes all shooters who produced so many outstanding winning results as well as all shooters who participated in the 2000 National Trophy Pistol and Rifle Matches. The CMP also wishes to thank and acknowledge the support that the NRA and its many volunteers provide to conduct the National Trophy Matches.

We hope you will enjoy and cherish this report about your participation in the 2000 National Matches. The National Matches are a great legacy of American marksmanship and we hope you will return to the 2001 National Matches to continue to build this tradition.

Sincerely,

Gary Anderson
Director of Civilian Marksmanship

Match No. 110 - John C. Garand Match

The Garand Match has inspired many competitors to compete while wearing authentic World War I or World War II era military uniforms. Two of the best-uniformed competitors in the 2000 Garand Match are shown here.

Special rules are employed in the Garand Match that allow experienced competition shooters to fire and then remain on the firing line to assist and coach new shooters as they complete the competition course of fire.

Each Garand Match competitor who fired a score of 259 x 300 or higher received a special bronze, silver or gold Garand Match medal. Medals were presented by CMP officials immediately after each competitor finished shooting.

Winners of the first three National Garand Matches in 1998, 1999 and 2000 were awarded presentation M1 rifles by the CMP during the 2000 National Trophy Matches award ceremony. Richard Garand, the son of the famed arms designer, presented the trophy rifles. Shown in the photo, l. to r., are Richard Garand, Charles Gottemiller, 1998 Garand Match winner, Brian Hunter, 1999 winner and Jedediah Hudson, 2000 winner.

The only rifles that can be used in the Garand Match are "as-issued" M1 Garands, or U. S. service rifles manufactured before the Garand. The rifles cannot have special match conditioning or "accurizing." The same lot of M1 ball service ammunition was issued to all competitors.
