- Webcam Covers

INCREASE PRODUCTIVITY

- Laptop Accessories
- Hubs
- Power
- Universal Docking Stations

PROTECTING TECHNOLOGY FOR 35 YEARS

We understand the value of your devices. Our quality cases, bags, locks and covers ensure that devices remain safe. We offer a range of Military Standard protection for laptop and tablet devices.

We are very proud of the quality of our products, that's why we offer a limited lifetime warranty* on all our bags and cases.

We also offer a unique 3 year warranty on Docking Stations with a 4 hour first response promise by our Technical Team, plus a 2 year warranty on all other accessories.

Visit [targus.com](https://www.targus.com) to find out more.

USA MILITARY STANDARD

The MIL 810G 1.2m/4ft drop protection is a test standard set by the US Department of Defence and is generally accepted as the benchmark for ruggedised protection of mobile computers and equipment.

The test method is used to generate confidence in the overall durability and how materials are used in design to protect devices. The process follows strict guidelines which include documentation, laboratory test methods and standards to ensure each case is tested under the same conditions.
