... A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

Mission Statement

**The Board of Elections in the City of New York,
as provided under Section 3-200 of the New York State Election Law,
is responsible:**

- 1. To conduct fair and honest elections, from local to federal levels;**
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;**
- 3. To conduct elections, certify the canvass and to retain the official records;**
- 4. Voter outreach and education.**

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

The hard-working and dedicated employees at the New York City Board of Elections during a busy election year provided the citizens of the City of New York with a Primary Election, Run-off Primary Election and Citywide General election. Through the tireless efforts of Senior Management, Executive Director Michael J. Ryan, Deputy Executive Director Dawn Sandow and Administrative Manager Pamela Perkins, the Board conducted these fair, open and honest elections.

The New York City Board of Elections began 2013 with a governmental education effort with the New York State Legislature to encourage the legislators to pass new laws to enlarge and simplify the ballot and to authorize the New York City Board to use the lever machines for the primary and possible run-off primary. Utilization of the lever machines was required because of the time constraints imposed upon the Commissioners by existing New York State Election Laws. The existing election schedule did not permit sufficient time to pre-test and post-test the new scanners which have been utilized in New York City since 2010. The 2013 Primary was the first Citywide Election after the introduction of the scanner machines with the possibility of a run-off primary election for citywide candidates, if no candidate received at least forty percent of the vote in a party primary.

As a result of these time constraints, at our suggestion the Legislature amended the Election Law to permit us to utilize the tried and true lever machines which were employed by the Board for decades. Using the lever machines, we were able to count and certify the primary election and run-off primary election in a timely and efficient manner.

However, in order to conduct two elections utilizing the lever voting machines, we had to retrain the up to 35,000 poll workers to use the lever voting machines and also reinforce the training on the scanners which we utilized in the general election. This required the preparation of lever machine manuals and updated scanner manuals and training programs for both modes of voting.

The thousands of poll workers who really conduct the elections are underappreciated beacons of liberty. Our poll workers start their election day at 5:00 a.m. opening the polls and work until 10:00 or 11:00 p.m. closing the polls and tabulating the votes. The Commissions salute their efforts on behalf of the citizens of our city. We encourage all those wishing to participate in the political process to become a poll worker and perform this basic service for our great democracy.

Some of the Board's major accomplishments during 2013 included:

- Developing and enhancing the Election Night tally procedure utilizing portable memory sticks and the latest approved technology
- Updating the Board website and further development of applications for smart phones and computers to provide voters with candidate and voting location information;
- Further utilization by poll workers of tablets for monitoring poll sites and confirming compliance with disability act requirements at poll sites.

The following annual report will detail many of the advancements made during the year in much more detail. This annual report highlights our goal of making the voting process fair and efficient for all voters. We encourage all interested parties to visit our website for more information including various appendices not included in this printed version.

Respectfully Submitted,

Frederic M. Umane,
President for Year 2013

FREDERIC M. UMANE ESQ., President

Frederic M. Umane has served as a commissioner of the New York City Board of Elections since 1995. A Republican from Manhattan, he was president of the Board during the 2005 mayoral election and has been active in local politics for more than twenty years.

An attorney, Mr. Umane is a partner at Zeichner Ellman & Krause and heads the firm's transactional banking, corporate and real estate group. He has substantial experience in bank regulatory matters and issues involving mortgage fraud, automobile and hotel finances.

Mr. Umane is admitted to the practice of law in New York State and the federal courts. He is an active member of the American Bar Association as well as the Associations of the Bar of the City of New York and New York State.

He received his J.D. from Albany Law School and his B.A. from Union University. Mr. Umane is married to Susan Umane and they have two children, Ryan and Bradley.

Manhattan

GREGORY C. SOUMAS ESQ., Secretary

Gregory Soumas is the New York City Board of Elections Democratic representative from Manhattan and was appointed by the New York City Council in 2005.

Mr. Soumas graduated from Syracuse University with a bachelor of arts degree in political science and earned a juris doctor degree from Suffolk University Law School in Boston, MA.

A native New Yorker, Mr. Soumas was born in Manhattan and raised in the Riverdale section of the Bronx. He currently lives on the Upper West Side of Manhattan with his wife, Robin.

MARIA R. GUASTELLA ESQ., Commissioner

Maria R. Guastella is the Staten Island Democratic Commissioner and was unanimously appointed to the Board of Elections in the City of New York in 2011 by the New York City Council.

In January, 2012, she was duly elected President of the Commissioners of the Board of Elections in the City of New York.

Ms. Guastella began her legal career in 1994 working for the Legal Aid Society, Criminal Defense Division as a staff attorney. In 2001, Ms. Guastella opened her own law office and specializes in criminal defense litigation.

Ms. Guastella is a graduate of John Jay College of Criminal Justice and received her Juris Doctorate from City University of New York School of Law. She is admitted to practice law in the State of New York and the Southern and Eastern Districts of New York.

Ms. Guastella resides in Staten Island with her husband and two children.

Staten Island

JOHN PETER "JP" SIPP JR. ESQ., Commissioner

John Peter Sipp Jr. is the Staten Island Republican representative and was appointed by the New York City Council in 2009.

At the start of his career as an attorney, Mr. Sipp managed personal injury matters from inception through trial and tried more than 20 cases to verdict. In 2001, he joined his father and brother as a partner at The Sipp Law Firm where he managed cases, including contract, estate, personal injury and environmental litigation. Mr. Sipp was appointed to serve as Guardian, Court Evaluator and attorney for Alleged Incapacitated Persons in numerous Article 81 matters in both Richmond and Kings Counties.

Mr. Sipp is a graduate of Fordham University and Quinnipiac University Law School and is a native of Staten Island. He lives in West Brighton with his wife and two daughters.

MICHAEL A. RENDINO, Commissioner

Mike Rendino is the Bronx Republican Commissioner. A lifelong resident of the borough, Mr. Rendino has long been an active member in his community, serving as Chairman of the Economic Development Committee as well as Merchant Representative of the 161 Street Business Improvement District.

Mr. Rendino worked as a firefighter before injuries sustained during the September 11th relief effort forced him into retirement. Since then, he has become heavily involved in local politics, working on Mayor Michael Bloomberg's 2009 reelection campaign before running for New York State Assembly in 2010.

A graduate of St. John's University, he has a degree in sports management. In addition to his tireless community activism, Rendino runs a very successful small business located near Yankee Stadium.

Bronx

NAOMI BARRERA ESQ., Commissioner

Naomi Barrera is a graduate of Brooklyn Law School (J.D. 2002) and SUNY Purchase (B.A. in Political Science, 1998). She is admitted to practice law in the State of New York and the Southern and Eastern Districts of the United States District Courts of New York. Mrs. Barrera was appointed by the New York City Council to serve a four-year term as the Bronx Democratic Commissioner for the New York City Board of Elections on December 18, 2008. In addition to her time at the Board, Mrs. Barrera is a solo-practitioner, where she mainly handles real estate transactions and an Adjunct Professor of criminal justice at Borough of Manhattan Community College.

SIMON SHAMOUN, Commissioner

Simon Shamoun is the New York City Board of Election's Republican representative from Brooklyn, appointed by the New York City Council in 2013.

The son of immigrants, Mr. Shamoun is a product of both public and private schools including P.S. 104, Monsignor Farrell High School, Pace University and CUNY School of Law.

Mr. Shamoun is a partner at the law firm of Kampessis & Shamoun, representing clients in real estate and business matters and is admitted to practice law in New York and New Jersey and in the Southern and Eastern District Courts of New York.

Mr. Shamoun serves on the board of directors at the St. Nicholas Home adult residence in Bay Ridge, Brooklyn and is also a board member of the Salaam Club of New York, a charitable organization.

Brooklyn

JULIE DENT, Commissioner

Julie Dent was appointed to the New York City Board of Elections in July 2007 as the Democratic commissioner representing Kings County.

A community activist, counselor and teacher, Ms. Dent is the executive and educational director of the Audrey Johnson Learning Center and chairs the local Community Board where the preschool is located. She is a former Executive Board member of School Board District 32, the former vice chairperson on the Advisory Board of Woodhull Hospital and she has collaborated with the New York City Police Department and Citizen Committee of New York to engage youth in responding to the needs of the elderly in the community.

Ms. Dent is listed in Who's Who in American Education and Who's Who of American Women. She has been honored by the Professional Association of Day Care Directors, the New York City Council and the Federation of Protestant Welfare, Inc, NY State Senate, NY State Assembly, Brooklyn District Attorney, Former Mayor Giuliani and current Mayor Michael Bloomberg. She is also the recipient of the 2007 National Association of Childcare Professionals, and of the 2009 Women of Distinction Award from the New York State Senate. She is a former member of the Legislative Committee and current member Executive Committee of the Elections Commissioners Association of NY State.

Ms. Dent has earned a master's degree with honors in education from the City College of New York. She received her bachelor's degree from Empire State College in Saratoga Springs, NY and associate's degree from the Borough of Manhattan Community College. She is the extremely proud mother of her only child, Christopher, who serves as an NYPD Police Officer. Her family members are her strongest supporters.

MICHAEL MICHEL, Commissioner

Michael Michel came to Christ the King as Financial Director in 1992. He has since been appointed Director of Operations at Christ the King High School in 1994 and in 2006 was appointed President of Christ the King. Michael founded and serves as President of the Christ the King Daycare / Continuing Education.

In 2013, the City Council appointed Michael Queens Republican Commissioner of the NYC Board of Elections. In March 2014, Michael was also appointed to serve on the Board of All Faiths Cemetery.

Michael currently resides in Middle Village, NY, with his wife, the former Erika Schaefer, and his two daughters Janine and Laura.

Queens

JOSE MIGUEL ARAUJO ESQ., Commissioner

Jose Miguel Araujo was appointed to the New York City Board of Elections in 2008 and serves as the Democrat representative from Queens.

A Democrat, Mr. Araujo graduated from John Jay College of Criminal Justice with a Bachelor of Science Degree in Criminal Justice. He went on to receive his Juris Doctorate from the City University of New York School of Law and is a practicing attorney in the areas concerning Criminal Guardianship/Article 81 of the Mental Hygiene Law, Wills and Estate and Real Estate.

As a member of the Board's Public Education Subcommittee, he was integral in the implementation of the citywide public education campaign intended to inform New Yorkers of new changes to the voting system resulting from the Congressional Help America Vote Act.

Mr. Araujo and his wife Rita live in Queens with their four sons Justen, Joel, Ricardo and Ariel.

Candidate Records Unit

TROY JOHNSON
Coordinator, Candidate Records Unit

The Candidate Records Unit (CRU) of the Board of Elections in the City of New York is responsible for the receiving, recording, processing and tracking of all candidates and objector document filings as well as proofing of candidate names that achieve ballot status for Primary, General and Special Election Events.

The CRU staff maintains accurate candidate status on all these items in order to ensure an accurate ballot. The staff prepares, reviews, updates and corrects errors identified on all reports that feed the proofs of voting machine and paper (absentee, military, Ballot Marking Device, and standby emergency) ballots.

The unit also has a limited responsibility for receiving, recording and monitoring candidate compliance documents for In-Lieu-Of filers only as part of the Campaign Financial Disclosure requirements. CRU received 1727 financial disclosure reports from various candidates, political party committees and political action committees in 2013. CRU staff makes courtesy telephone calls and sends non-compliance notices to treasurers by US Certified Mail as well as notifying non-compliant candidates by regular First Class Mail. Non-compliant candidates and committees are reported to the Commissioners of Elections, who instruct the Agency Enforcement Officer to begin legal proceedings against those in violation.

Communications and Public Affairs

VALERIE VAZQUEZ

Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the new voting system, the Board conducted a comprehensive public education campaign to prepare voters prior to the 2010 Election. Building on the foundation created during the 2010 campaign, the Board continued its education efforts in 2013 to ensure New York City voters were becoming more familiar with using the new voting system during the 2013 Election cycle.

The 2010 Election marked the first time voters used the new voting system and as a result, was also the first time poll workers assisted voters using a paper ballot. Lessons were learned and used to prepare and strengthen procedures for future Elections. As a trained poll worker corps is an essential element of any successful Election Day, the Board took steps to provide poll workers with the knowledge and tools necessary to successfully implement the Election. A key element of this preparation was a heavy focus on poll worker and interpreter recruitment to assist in replenishing a robust poll worker corps. As a result, the Board's 2013 public education campaign centered on a multi-pronged approach:

- 1.** Continued voter education to raise awareness and prepare voters to use the new voting system;
- 2.** Recruitment of eligible New York City voters to serve as poll workers and interpreters and to provide them with real time experience with voters using the new system on Election Day; and
- 3.** Increasing voter registration by attempting to register new voters at all scheduled outreach events.

2013 Public Education Campaign Goals

- | | |
|-------------------------------------|---|
| <input checked="" type="checkbox"/> | Continue to Educate NYC Voters |
| <input checked="" type="checkbox"/> | Recruit New Poll Workers/ Register new Voters |

Voters in all five boroughs were potential targets for the 2013 public education and poll worker recruitment campaign. This included first time voters as well as senior citizens, multicultural voters, and voters with disabilities. By federal mandate, all public educational material was provided in English, Spanish, Chinese, Bengali and Korean.

The public education campaign continued to use and build upon a surround-sound communications approach that delivered key messages and engaged targeted audiences in voter education efforts and recruitment opportunities. Due to New York City's diverse voter population, the Board implemented a campaign that integrated a range of tactics including stakeholder engagement, digital outreach, materials development and earned media.

Communications and Public Affairs Cont'd

- Bipartisan Outreach team members attended events across the city to encourage eligible voters to serve as poll workers while educating and preparing voters for Election Day.
- Outreach was continued to key stakeholders to enlist their support in educating audiences about the new voting system and encouraging poll worker applicants.
- Social media engagement was ramped up to further grow the Board's digital audiences and stakeholders.
- Educational materials in multiple languages were distributed at community events and made available on the Board's website.
- Targeted media outreach was conducted that focused on providing information about the new voting system and encouraging eligible voters to serve as poll workers and interpreters. Campaign highlights such as an online voter survey, the posting of online sample ballots and the distribution of voter tips prior to Election Day were pitched to the media to help spread information to all NYC voters.

Additional highlights of the 2013 public education campaign include:

- The Board's posting of online sample ballots marked a milestone in the Board's efforts to assist in preparing voters to use the new voting system.
- The Board's outreach team proactively engaged local community groups throughout New York City in addition to elected officials to encourage voter education and poll worker recruitment.
- The outreach team staffed community events throughout all five boroughs to educate voters about the new voting system, recruit eligible residents to serve as poll workers or interpreters, as well as register voters.
- On Election Day, the team engaged with NYC voters through timely Facebook postings and Twitter messages starting when the poll sites opened and continuing until the poll sites closed.

The launch of the newly designed website is one of many steps the BOE took to prepare and educate the NYC voting electorate about the new voting system.

The main page of the re-launched website prominently features tools and resources working towards the Board's priorities – including public education on voting the new way, poll site locator, and sample ballots, as well as information on voter registration, poll worker recruitment, and absentee voting. The website also features sections devoted to specific audiences, such as voters, candidates, and poll workers. With the click of the mouse, users will also be able to translate the entire NYC BOE website to Spanish, Chinese, Russian, Korean, or Bengali, enlarge their text and share the entire webpage with a friend. The website also highlights the Board's social media pages and allows readers to sign up for email updates from the BOE. The Board's website had a total of 955,754 site visits, with 255,000 clicks to the poll site locator.

The Board created an information poster alerting voters of everything they need to know about voting can be found in the palm of their hand, either by calling our Phone Bank or scanning our new QR Code with their Smartphone or tablet which takes them directly to the BOE website. The poster was placed in various locations and poll sites throughout the city.

On Election Day, the Board launched a pilot program to allow Executive Office Monitor teams to remotely complete a poll site survey using a wireless digital tablet for every site they visit. This program provided us with valuable data that will allow us to develop an updated version to be deployed in our next pilot that will be expanded to include AD Monitor teams.

LAUNCH OF WWW.NYC.POLLSITELOCATOR.COM

Poll Site Locator is a web application optimized for viewing on a smartphone, tablet or desktop screen. With one simple address search from any device, voters have instant access to the latest poll site information from wherever they are. They see where to vote—along with Google Maps™ directions from their current location or home address, a list of upcoming elections, a full contest list, access to a sample ballot and much more.

Communications and Public Affairs Cont'd

If changes occur, be it through unplanned events or regular redistricting, voters can subscribe to email alerts. The site handles all the leg-work so that election officials can just sync the site and sit back while all their Change Notices are delivered electronically. Voters using Poll Site Locator are up-to-date, confident and empowered on Election Day.

Covering the Election Period from the September Primary through the General Election in November we had over 231,000 visits to our PSL representing over 180,000 unique visitors. The totals for the year from its installation in August to the end of 2013 the figures are over 255,000 visits representing over 195,000 unique visitors.

OUTREACH AND VOTER REGISTRATION ACTIVITY:

The Board continued its highly successful mobile outreach program where we deployed staff and voting equipment for demonstrations throughout all five boroughs as well as our efforts over 27,000 new poll worker applications were processed of which almost 9,000 received training and worked. As part of its program, the Board conducted significant recruitment activities as public and private colleges throughout the City.

Since the introduction of the new voting system in 2010, the public demand for demonstrations continues to grow. We conducted over 100 demonstrations throughout all 5 boroughs in 2013.

Voter interest was extremely high in 2013. The Board processes 642,460 registration forms in 2013. Almost half of that came in after the Primary with 297,290 voters submitting registration forms between September 14 and October 13.

DEDICATED MAILING PRIOR TO GENERAL ELECTION:

As a result of concerns expressed by voters and others, the Board requested funding from the City to send an additional notice to all voters with their poll site information prior to 2013 General Election. Thanks in large parts to the efforts to this council, that funding of \$1.6 million dollars was authorized by the Office of Management and Budget (OMB). Again, the Board wants to acknowledge City Council Member Gale Brewer for her assistance.

BOROUGH LEARNING CENTERS

Voters were also encouraged to visit a Learning Center in their local Board Office to have a hands-on experience with the new voting system. Trained staff are available to guide voters through voting on a paper ballot, using the scanner and using the ballot marking device.

Voter Registration

BETH FOSSELLA
Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, my staff and I are responsible for all activities that pertain to registering people to vote in the five boroughs of New York City. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for **2013** according to the New York State Board of Elections Data Base is **4,609,905**. These numbers include both Active and Inactive voters (Active voters – **4,275,813**; Inactive voters – **334,092**). These figures are run twice a year on April 1st and November 1st of each year and are posted on the New York State Board Web Site.
- Reaching out to all eligible voters in the City of New York, making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished thru:
 1. Conducting registration drives at various community activities (i.e. street fairs, job fairs, community organization meetings, senior citizen community centers) and providing material that will help explain the process of voting.
 2. Distributing of voter registration material to the public. It is to be noted that all voter registration material are produced in English and are translated, in accordance to law, into four languages — Spanish, Chinese, Korean and Bengali.
- Providing and making sure that all registration material is updated in accordance with New York State Law.
- Sorting all registration applications according to the following: Borough, time stamp, numbers and coding – Registration, Department of Motor Vehicles and Agency, Code "9" selected city agencies, Code "D"- Department of Education (CUNY). The registrations are put in borough order and distributed to the boroughs on a daily basis, for borough processing into the voter system.

Voter Registration Cont'd

• In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the federal government committed to fund sweeping election reforms which would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006 all first time voter registrations within the State of New York have to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. In order to accommodate the voter, the registration application was re-designed to provide a box where this HAVA ID information was required. Those who did not provided the necessary identification information, would receive a "First Time Voter Letter," asking them to provide the identification information. If no identification was sent by the time of the election, the voter would be asked to provide this information at the poll site, and if they still did not provide it, they would not be allowed to vote on the Scanner, but would have to vote by affidavit ballot.

- Ordering and tracking all voter registration materials located in the Manhattan Voting Machine Facility (main storage facility for voter registration material) as well as material that is stored in the Borough and General Office.
- Making sure that all Voter Registration material is updated in English and translated into the four languages required by law: Spanish, Chinese Korean and Bengali.

• In 2010 the State Board of Elections re-designed the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.

• In 2013 the State Board of Elections re-designed the Voter Registration Application to include E-Mail address which is now box #7.

• In 2011 the State Board of Elections re-designed the absentee ballot application.

• Providing and updating all voter registration information that must be put up on the Board of Election's web page. This information is supplied in English, Spanish, Chinese, Korean and Bengali.

• **Providing Russian translation "Registration and Voting" booklet on the web page with English registration application, with instructions in Russian. This provision was made in compliance with Section 3-506 of the New York State Election Law and went into effect as of January 1, 2010.**

CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation (Local Law 29) which requires that 22 City agencies provide voter registration forms to their clients, contractors, sub-contractors (literally anyone with whom they come in contact) in the performance of services, mailings and whatever other transactions take place on a daily basis.

The law requires that the Board of Elections supply these agencies with all the material they will need in the performance of these tasks, i.e. registration forms, display boxes, booklets, posters in all languages that are required by law (English, Spanish, Korean, Chinese and Bengali). The total number of Code "9" registration applications that were given out in 2013 was **129,000**.

CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested 52,000 Code "D" registration forms to be delivered to the main offices of the CUNY schools. The "Code "D" registration applications contain a small box at the upper left hand corner of the registration application with the letter "D" in it. This enables the board to track how many of these registrations are processed.

2013 CONFIRMATION NOTICES

The Confirmation Notices are sent out to the voters whose Information Notices were returned to the Board of Election as Undeliverable. Confirmation Notices are sent to check whether a voter is indeed not living at the address which appeared on the Information Notices.

If the Confirmation Notice is returned as undeliverable, then the voter is made INACTIVE. The Inactive code is X. This voter goes from an Active to an Inactive (A to X) status. Total for 2013 – There were 169,644 placed into this status.

LIBRARIES AND POST OFFICES

In January we began the distribution of our usual supply of registration forms (in all five languages) to all the libraries and post offices in New York City. Included with these were posters, a display box and order forms which could be faxed to us requesting replacement supplies.

The total number of Registration Forms distributed for 2013 were as follows:

Election Day Operations

DEBRA LEIBLE
Coordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who "man" the polls and serve voters on Election Day. There are several different Poll Worker positions varying in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists.

DOOR CLERKS are assigned to polling places with alternate handicapped accessible entrances where the doors cannot remain open or assistance is required.

ED/AD TABLE INSPECTORS and **POLL CLERKS** are the backbone of the Board's Election Day workforce. There are two INSPECTORS at each Election District or board, one enrolled Democrat and one Republican — a system of "checks and balances" that is required by New York State Election Law. POLL CLERKS are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify the scanners have not been tampered with, sets-up and opens the polls on the scanner for voting. They collect the voter cards from the voters and assist them if needed. There are two (2) Inspectors per scanner, one enrolled Democrat and one Republican.

BMD INSPECTORS ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one enrolled Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

ELECTION NIGHT REPORTING CLERKS (ENR) Every Police Precinct in New York City has a four person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7PM. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of Polls.

Once the Polls Close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records bag, which contains the Portable Memory Device (PMD), the Zero Report and the Results Tape. The ENR team uses the Radio Frequency Identification (RFID) Station to verify that the all of the Small Yellow Scanner Pouches and PMDs have been delivered. Once verified, the ENR Team uses the Election Night Reporting Laptop to upload and transmit the Results to the Board of Elections.

A.D. POLL SITE MONITORS are a group of specially trained Poll Workers who monitor an Assembly District on Election Day. They are rapidly dispatched to address and correct any problems at poll sites within their assigned districts.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Door Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of position still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, www.electiondayworker.com, or by indicating interest in serving when completing their voter registration applications.

POLL WORKER TRAINING AND INITIATIVES

During 2013, we had two hundred thirty (230) available Adjunct Trainers to conduct Poll Worker training by conducting 2,946 classes at 87 sites throughout New York City. These classes train the Poll Workers to use the Poll Worker Manual, Poll Worker Summary Guide, visual aids, various voter information forms and materials used in elections. Also included in the training session was a demonstration of the AutoMARK Ballot Marking Device (BMD) and a demonstration on the Optical Scanner voting system. In total, the Board assigned 82,029 workers to class and trained approximately 47,181 poll workers in 2013. We also produced laminated step by step materials on using the BMD, Lever Machines, Scanners and Serving the Voter that were available at poll sites. The purpose of these cards was to make it easier for the Poll Workers to open and close the BMD and Scanners simply by working in teams of two — one reading the instructions step by step and the other performing the required steps.

The Poll Worker Manual contains a section concerning diversity and incorporates the customer service training from the poll worker classes. The Board created a summary guide with color photos of election day materials. Poll site signage provides voter information and assistance in all five mandated languages. These multi-language materials include the "How To Use The Scanner" and the NYS Voters Bill of Rights.

NURSING HOMES PROGRAM

The Board of Elections provides special services to Nursing Care Residential Facilities and their occupants. During the 2013 Primary, Run-Off and General Elections, Board staff made 468 visits to Nursing Home facilities and delivered 19,810 absentee ballots to residents of these facilities.

EDO DEPARTMENT

EDO Department staff assists with educating voters on the BMD, Scanner and Election procedures. They organize demonstrations of equipment throughout the five boroughs as well as attend recruitment events for poll workers. In 2013, they recruited 3,000 poll workers.

Voting Equipment Operations Unit/Poll Site Management

JOHN P. O'GRADY
Chief Voting Machine Technician

VOTING MACHINE FACILITIES

This year was a big challenge with the return of the Mechanical Voting Machines for the Primary and Run-Off Primary Elections. The Voting Machines Facility staff had to explain the condition of the Machines in storage. The staff then had to move the supply carts and privacy booths out of the facilities and then move the Mechanical Machine into the facilities. Once in place new staff had to be trained on the Mechanical Machines and maintenance was then performed on them. Once the Run-off Primary Elections was certified, the staff had to move out the Mechanical Machines and move back in the supply carts and privacy booths within 6 days. The Voting Machine Facility Staff continue to be become more efficient in preparing the equipment for an Election. The Voting Machine Staff continue to improve on addressing issues with the scanners and BMDs.

This year the Voting Machine Facilities had to prepare all equipment required for 1 Special and 3 Citywide Elections.

POLL SITES

In 2013, the Board of Elections poll site department goals were:

- To continue making polling sites, paths of travel, entrances, exits, and voting areas accessible to individuals with disabilities.
- Ensuring that each polling site is accessible, contains appropriate square footage, accessible entrance is visible, technology friendly, reliable and contained a survey that includes; drawings, schematics and the placement of the Election Day equipment.

To accomplish these goals the Board of Election this year introduced or enhanced the following:

- The Board of Election new surveyors staff received ADA Poll Site Accessibility training and certification by CIDNY. This year (2013) the amount of certified surveyors was the following:

| Borough | CIDNY Certified Surveyors |
|----------------|---------------------------|
| Manhattan | 3 |
| Bronx | 0 |
| Brooklyn | 1 |
| Queens | 2 |
| Staten Island | 2 |
| General Office | 1 |
| Citywide | 9 |

- The Poll Sites Accessibility procedures and Survey forms (as per CIDNY recommendations) that had been updated and implemented in 2012 were again reviewed as the result of Spinal Association Court Order.
- Sent to boroughs "ADA Supply Envelopes" that contained Special Instructions for Coordinators and tools to ensure that the placement of BMDs, ADA booths and the pathways are clear of obstruction and ADA compliant.
- The ADA Special Instructions for Coordinators were condensed and were prepared to complete the ADA Journals and Accessibility Complaint Logs. Special Instructions were also included for polling sites that have Alternate Entrances, Polling Sites with No Alternate Entrances, and the use of Bells to be in compliance with ADA requirements.

- Polling site schematics were prepared to include and show the placement of the Mechanical Voting Machines used during the Primary and Run-off elections and the placement of ADA directional signs for voters with disabilities to find the accessible entrance.
- Issued Special Instructions for Voting Machines Technicians to identify ADA problems during their poll sites visits.
- New ADA Signage including: Accessible Entrance, ISA Directional and ADA door bells were obtained.
- The Election Day Poll site Accessibility Problem Reporting was enhanced and problems identified were followed up on.
- Poll sites determined to be inaccessible have been canceled and new poll sites obtained. In some instances Election District were consolidated to accessible poll sites.
- In order to improve and increase accessibility at poll sites, additional ramps, platforms, and handrail equipment was obtained to replace damaged equipment. Also obtained were sign pedestals and mesh storage bags for temporary use at poll sites.
- Frequent meetings throughout 2013 with New York City Housing Authority and the Department of Education to help facilitate ADA compliance.
- Funds for surveyor's transportation to poll sites were utilized and facilitated this task. Due to the Spinal Association and subsequent instructions poll site surveys were reduced. As a result, this year the Board of Elections was able to survey the following number of poll sites for ADA compliance:

| Borough | Poll Sites Surveyed in 2013 |
|-----------------|-----------------------------|
| Manhattan | 81 |
| Bronx | 4 |
| Brooklyn | 85 |
| Queens | 6 |
| Staten Island | 1 |
| Citywide | 177 |

Facilities Operations

NICHOLAS SQUICCIARINI
Facilities Manager

Due to the very short period between the 2013 primary and run-off elections, the Board brought back the lever voting machines. Work was done at the two locations that house the lever machines. The entire space at 4312 Second Avenue in Brooklyn was cleaned. At 645 Clinton Street in Brooklyn the electrical system was upgraded, repairs were made to the air conditioning system, roll down gates were installed and other upgrades necessitated by Super Storm Sandy were completed.

The lease at 126-06 Queens Boulevard in Queens will not be renewed. The Board, working with DCAS, has identified a top-tier building at 118-35 Queens Boulevard, very close to our present facility. There is space available on the 1st, 10th and 11th floors for a total of 23,754 square feet. This location is near the E and F subway lines, and the QM1, QM5, QM6, QM7, QM8, QM18, QM21, X63, X64 and X68 bus lines. The installation of electrical and conduit requirements is underway for high speed data lines at the 5 borough offices and 3 voting machine facilities (VMFs).

Procurement Department

JOHN LUISI
Agency Chief Contracting Officer

The Procurement Department's function is to oversee and process all of the Board of Election contracts for goods and services to ensure compliance with the New York City Procurement Policy Board Rules (known as the PPB).

The PPB was developed to ensure that all city agencies' procurement practices are uniform in application; and provide fair and equitable treatment to all persons doing business with the city.

VENDOR DATABASE

The Board continues to expand its database of vendors. The board continues to investigate ways to increase competition for goods and services and cost savings for the agency. The Board also avails itself of the many State OGS contracts where cost savings can be maximized.

PREFERRED SOURCE SOLUTIONS

The Board continues to aggressively expand its use of Preferred Source providers through NYS Industries for the Disabled (NYSID), receiving excellent services at competitive prices while providing employment to New Yorkers with disabilities. By helping these people become taxpayers rather than recipients, the Board contributes to the overall economic multiplier effect that plays a vital and supportive role in NY's fiscal recovery.

One of our recent successes with a NYSID vendor is our current contract with SHREDability, which employs people with disabilities at its Bronx shredding facility. With the legally-mandated shift to a paper-based electronic voting system in 2010, the Board had to devise a means to securely destroy millions of ballots following their retention period. SHREDability has removed, shredded, and re-cycled over 350 tons of paper from our warehouses at lower rates than any other company.

VENDEX CONTRACTOR PERFORMANCE EVALUATIONS

The Board of Elections' contracts are evaluated annually and several are reviewed twice a year. The evaluation provides positive response to vendors, and helps the Board quickly identify vendors that did not fulfill their contractual responsibilities.

MONITORING CONTRACTORS

Since the inception of this program, the Board's contractors' damages to Board-owned equipment continue to decrease significantly. This monitoring continues to save the Board money and improves the overall quality of service from contractors. For example, with the aid of our car service tracking system, every voucher is reviewed to ensure that our contract guidelines are being met, and that our carpooling targets are achieved. Furthermore, invalidating inappropriate charges (such as unpermitted waiting time) and regular meetings with our car service providers have improved the timeliness of the service provided while reducing costs to the Board.

FINANCIAL MANAGEMENT SYSTEM FMS PROCUREMENT PROJECT

The department actively embraced the new FMS 3 system, with many new and enhanced capabilities. All department staff has been trained and continues to train as other changes and enhancements are created.

Electronic Voting Systems Department

John Naudus
Director, Electronic Voting Systems

The Electronic Voting Systems Department (EVS) administers and supports the Board's computerized voting systems. These systems include the scanning and tabulation system for affidavit and absentee ballots, the election management system for ballot marking devices, and the scanning and tabulation system for the paper ballots used at poll sites. EVS is responsible for preparing these systems for an Election by populating them with the data needed for the Election. EVS also works with the system providers to ensure that all systems meet the unique requirements of the New York City Election process by helping to develop enhancements (subject to State Board approval and certification) that improve upon the smooth operation of the systems.

EVS provides assistance and support during pre- and post-Election activities that includes testing the scanning and tabulation system for Affidavit and Absentee ballots, writing the portable memory devices (PMD), reading the PMDs that carry the results from each poll site scanner, re-canvassing results, canvassing ballots for write-in votes, performing the audit of scanners, and canvassing of affidavit and absentee/Military ballots at each of the borough locations.

Four elections were conducted in the year 2013. As a result of the three week turnaround between the Primary Election and the Runoff Election, Mechanical Lever Voting Machines were used in the Primary and Run-off elections. The Poll Site Voting System (PVS) was used in one Special Election and the General Election in 2013. Ballot marking Devices (BMD) were again used in each election, and the Scanning and Tabulation System for affidavit and absentee ballots was also used in every election conducted in 2013.

ELECTION NIGHT REPORTING

At the close of the polls on Election Night, materials used at all poll sites are packaged and sealed and given to a designated Police Officer. The Police Officer transfers the materials to an NYPD detail, which then transports them to the Police Precincts that same night. Bipartisan teams of Board personnel receive the materials at each Precinct.

The materials received, which include the Portable Memory Devices (PMDs) used in the Poll site Voting System on Election Day, are tracked using Radio-frequency identification (RFID) equipment and are routed to another bipartisan team, where the unofficial results on the PMDs are read into dedicated laptops specifically prepared to gather Election Night Results (ENR). At the end of the process, the bipartisan team returns the Election materials to the NYPD for transport to the Board's Voting Machine Facilities (VMF).

***Hardware malfunction

The ENR Laptops transmit the unofficial election results to a Secure File Transfer Protocol (SFTP) Server at the General Office. Election Reporting Manager (ERM) Servers at the General Office read the unofficial results from the SFTP Server. At periodic intervals throughout election night, the unofficial results are electronically transferred to the Media, the State Board of Elections, the Board's S-Elect system and the Board's ENR web site.

The use of this method on election night allows the full utilization of the Poll site Voting System (PVS) and the PMDs. With the participation of the NYPD, this approach of obtaining election results was implemented for the Special and General Elections, the breakdown of which is shown above.

DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS AND THE RE-CANVASSED RESULTS

General Election 2013

Average difference between the ENR and Re-Canvassed results: 1.79%

Note: The ENR process was not utilized for the Primary and Run-off elections as a result of the use of the Mechanical Lever Voting Machines.

UNOFFICIAL ELECTION NIGHT RESULTS WEB SITE

For the first time in its history, the Board published unofficial Election Night Results (ENR) on its website for the General Election. The EVS Department developed an ENR website that worked in conjunction with the ENR reporting process. At periodic intervals, the ENR website was electronically updated with the latest ENR results. The website was visited 276,059 times on election night (9:00PM 11/5 to 9:00AM 11/6). See Figure 2 for a chart illustrating the number of times the ENR website was visited on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMDs) DATA

With Board approval, EVS made it possible to re-use Portable Memory Devices prior to the two year maturity date required by Election law §3-222. Preservation of Ballots and Records of Voting Machines. EVS staff members developed and implemented a strategy to retrieve data from PMDs used in an election or testing, and save it to a dedicated server. The data is then maintained on this server for the mandated two year timeframe and the PMDs are used again.

To achieve this goal, EVS Technical staff first developed the software used to extract the data from the PMDs. It then developed a detailed procedure to use in conjunction with the newly developed software. This work was done by bipartisan borough staffs in each of the five boroughs, using various election tracking materials provided by EVS. EVS also provided on-site guidance and support throughout the entire process.

BALLOTS

For all of the Elections in 2013 combined, more than 2,080,000 ballots were cast. About 100,000 of these were Absentee, Military, Federal, Presidential and Affidavit ballots that were processed by the central scanning system and more than 1,060,000 ballots were cast on paper at pollsites and scanned and tabulated using the new voting system. Just over 900,000 ballots were cast on the Shoup Mechanical Lever Voting Machines. See Figure 1 below for an illustration of the ballots cast in 2013.

EVS will continue to explore and develop innovative ways to improve and enhance voting systems for the City of New York.

Personnel and Records Management

DOROTHY DELAYO
Director of Personnel /
Records Management Officer

The Personnel Office is responsible for the well being of all employees at the Board of Elections. As a new Employee is processed, in addition to completing the appropriate paperwork, the Policies and Procedures Manual is provided and an Identification card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension are the responsibilities of the Personnel Office and all Workers Compensation claims are processed through this office. All benefits are updated as needed throughout the life of the BOE employee. Verification of Employment and Unemployment Benefits Applications are also processed through this office.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program. To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel, consisting of the Personnel Director and a member of the Legal Department.

Matters of discipline fall under the jurisdiction of the Personnel Office. Violations of the Policies and Procedures Manual are investigated and hearings held as necessary. Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. Determinations of such hearings vary from various levels of probation to suspension or termination.

The Director of Personnel also serves as the Records Management Officer for the agency. Monitoring the storage and disposal of agency records follow the guidelines set forth by the NYS Retention and Disposition Schedule.

Finance

JOHN WARD
Finance Officer

The work of the Finance Office, probably uniquely, is not really keyed to the Election cycle. Rather than having a "busy season" the Finance Office does a fairly consistent volume of work at every point in the year.

The Finance Office is divided into two sections:

1) PERSONAL SERVICES (PS)

Personal services are the payroll section. Payroll data is accumulated from the five borough offices, Voting machine facilities and the General office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board's Personnel Department.

2) OTHER THAN PERSONAL SERVICES (OTPS)

The O.T.P.S. section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department.

The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency's budgeting process. In addition the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

The Finance Department provides the fiscal infrastructure for the smooth running of all day to day operations of the New York City Board of Elections.

FISCAL YEAR 2013 BUDGET HIGHLIGHTS

FY13 contained a September Primary for State, Senate and State Assembly seats along with a General Election in November for President of the United States. There was also a Special Election in the 31st City Council district in February. What would normally have been a busy Presidential Election was further complicated by Super Storm Sandy which occurred one week before Election Day. This Storm knocked out our general office, our Manhattan office, and our Staten Island office as well as affecting our other borough facilities.

In the weeks following the storm, payroll and finance operations had to be moved to remote locations. We wish to thank the Financial Information Services Agency (FISA) for allowing us the use of their facilities and computers during that incredibly trying period of time.

Legal Department

STEVEN H. RICHMAN
General Counsel

RAPHAEL SAVINO
Deputy General Counsel / Director
of Campaign Finance Enforcement

The Legal Department provides legal counsel to the Commissioners of Elections and to the Board's executive staff on a wide range of matters relating to ballot access, the conduct of elections, and governmental agency administration.

ADMINISTRATION

The Legal Department drafts for consideration and adoption by the Commissioners all election calendars. The Legal Department drafts for consideration and adoption by the Commissioners proposed Rules for Designating and Independent Nominating Petitions. In addition, the Legal Department recommends to the Commissioners revisions of formal Board policies and procedures to ensure legal compliance.

LEGISLATIVE ACTIVITIES

The Legal Department regularly monitors all legislative and judicial action that impacts election administration and advises the Commissioners on all legal developments affecting the administration of elections, including statutory compliance with State and Federal mandates related to the Voting Rights Act and the Help America Vote Act and related judicial directives. In addition, the Legal Department drafts for consideration by the Commissioners the Board's annual proposal of legislative amendments for presentation to, and consideration by, the State legislative leaders.

COMPLIANCE ACTIVITIES

The Legal Department advises the Commissioners on all elements of the Board's compliance with the federal Voting Rights Act. Any change in election administration affecting voter election participation in a covered county* must be approved in advance by the Department of Justice. To ensure compliance with the Voting Rights Act, the Legal Department oversees the preparation and filing of all applications to be submitted to the Civil Rights Division of the United States Department of Justice and the Legal Department advises the Commissioners accordingly.

BALLOT ACCESS

In addition to drafting the proposed Rules for Designating and Independent Nominating Petitions, the Legal Department oversees all aspects of the process for candidate filing and Board review of nomination petitions. In addition to overseeing this Board function, the Legal Department acts as liaison with the Board's trial counsel in connection with any judicial review of related Board function.

LITIGATION

The Legal Department acts as the Board's liaison with the Board's trial counsel on all matters of litigation involving the Board of Elections, its operations, and personnel.

* In New York City the counties covered by the Voting Rights Act are New York County, Kings County, and Bronx County.

Management Information Systems Department (MIS)

STEVEN FERGUSON
Director, MIS

OVERVIEW

The achievements of the MIS Department encompassed all the challenging aspects that faced the Board of Elections as a whole in 2013. Challenges required the Department to respond to multiple election environments and short deadlines, while at the same time, providing ongoing operational support, systems enhancements and major new development. In 2013 we were again working with staff limitations, the need for upgrading our infrastructure (Hardware and Systems Software), upgrading our data network and phone systems, and meeting the requirements for new and advanced computing capabilities such as mobile and cloud computing.

We again had to complete the redistricting for City Council Districts in time for the municipal elections and incorporate changes required from our 2012 redistricting process. We also worked into our procedures what we learned from our 2012 disaster recovery experiences. What we accomplished in 2013 would not have been possible without the dedication and efforts of key staff members and our consulting/development group (IMI, SageSmith and N-Tier).

MIS AREAS OF RESPONSIBILITIES

The MIS Department is responsible for all BOE Election Information Systems (EIS), operations and management of two major data centers, user support, email and data security systems, data networks, phone systems and the print shop. In addition this past year the department managed the city council redistricting program.

MIS INFORMATION SYSTEMS DEVELOPMENT PROGRAMS 2013

The following is a summary of our major information systems and operational support programs for 2013. These programs included planning, requirements determination, design, development, testing, training and implementation within the integrated framework of our **Election Information Systems (EIS)**. The major subsystems include **AVID**, **S-Elect/S-Elect 7** and the new mobile application subsystems **M-Elect**.

Management Information Systems Department (MIS) Cont'd

S-ELECT/S-ELECT 7 CORE SUB-SYSTEMS

The continuing development of the **EIS** core database and applications within the **S-Elect** and **S-Elect 7** subsystems represented a major development cycle in 2013 in terms of overall functional capabilities delivered to end users and Board management. In addition our development group continued to provide user and operational support. These major efforts included the following development and modifications, a number of which were required to address changing requirements for the run-off event:

1. Support for Lever Machine Voting

- a. Changed S-Elect's base election infrastructure to enable users to establish a Resource Master by election which delineates machinery, worker requirements and other resources required for a given election.
- b. Incorporated major changes in Facility Requirements, Poll Worker Assignment, Results and Inventory Management for lever machine/scanning workflows.
- c. Assured switch back to the optical scanning systems worked in for General Election.

2. Poll Worker Enhancements

- a. Built 'Export Poll Worker Payroll by County' function.
- b. Built 'Batch Assign and Build requirements by County' function.
- c. Built 'Separate Auto Assign and Send notice under Class Types' function.
- d. Redesigned bonus calculation module for Run-offs.

3. Candidate Processing Enhancements

- a. Designed and built a major overhaul of the lotting feature which separates lotting from Contest Political District generation enabling test lots for printer, etc.
- b. Built Contest List Sign-off function for "Approved Contest Lists" (also triggers changes to flow through Slink-Sync to the Poll Site Locator (PSL).

4. Candidate Processing Enhancements

- a. Implemented ES&S Results Schema change.
- b. Enhanced Results Caster and Results Monitor to provide progress by race.
- c. Enhanced the Stick Monitor.
- d. Created "Unattended" results import subsystem:
 - i. Created Results Import Windows Service
 - ii. Created API web service for EVS to call from ES&S results process
 - iii. Created Wiki Server to document calls
 - iv. Created Windows Test Application so that EVS can see API in action.
- e. Created and beta-tested ResultsCaster.com the enhanced results reporting website for the public.
- f. Created Election Night Assistance Program (ENAP) Website for the 2013 Primary Election.

- g. Built website for poll workers to indicate progress of results entry by police into tablets at precincts during 2013 Primary Election.
- h. Built Management pages to review progress of ENR teams.

5. Inventory Management Enhancements

- a. Created new 'Inventory Adjustment' function.

M-ELECT MOBILE SUB-SYSTEMS

Major new development, extending important information directly to the voters and potential poll workers was accomplished with the introduction of and testing of several applications in M-Elect Suite. M-Elect includes many web applications that utilize S-Elect, the core election management system, providing greater "mobile capabilities" (thus M-Elect) of election information outside of the Board and into the secured cloud environment. Additional development in 2014/15 will significantly extend our mobile applications. Presently M-Elect includes:

1. ElectionDayWorker.com (EDW)
2. Pollsitelocator.com (PSL)
3. ElectionResponder.com (ELR)
4. ElectionHub.com (HUB)
5. ElectionAPI.com (API)

The System-Elect team created significant extension of EIS core subsystems with new M-Elect suite of Web Applications that is targeted to new types of users utilizing a variety of device types.

1. Implementation of **ElectionDayWorker.com (EDW)**. Over 6000 poll workers recruited:
 - a. Built secure website that enables the public to apply for Poll Worker positions using an online Web Application.
 - b. Provided new subsystem in S-Elect which enables Board workers to manage an Application queue with decision making capabilities that flow back to EDW.
2. **Pollsitelocator.com (PSL)** goes live. Over 100,000 inquiries for 2013 Primary and General election:
 - a. Built Web and Mobile features that enables the public to locate their poll site and provides upcoming election, candidacy, ballot information and where requested e-mail notification.
 - b. Built Slink-Sync Utility to ensure the PSL information received is the most up-to-date and approved election information.
3. **ElectionAPI.com (API)** goes live:
 - a. Built secure site for dynamic up-to-date feeds from S-Elect.
 - b. Built companion wiki site to make it easy for outside parties to program.

Management Information Systems Department (MIS) Cont'd

4. **ElectionHub.com (HUB)** goes live
 - i. Built website for Board to administrate and customize EDW, PSL, ELR and any future "spoke" web applications.
5. **ElectionResponder.com (ELR)** was piloted and is an extension and future development of Election Day reporting.
6. Incorporated an imbedded feature to provide automated helpdesk and customer support.

AVID DEVELOPMENT & EXTENSIONS

Our development and extensions in our voter registration system in 2013 addressed a number of state and city directives and requirements and systems enhancements including:

1. Developed New AVID Scan Station to support new scan interfacing standards and upgraded computer platform
2. Developed new redistricting program for City Council redistricting
3. Redistricted entire voter roll
4. Rolled out new modification to AVID to support State Duplicate, Death, and Felon processing
5. Developed Intent to Cancel Facility to permit modifications in multiple languages to be made by translators in Voter Registration department instead of necessitating software program modifications
6. Developed a new mail facility to run unattended production for all weekly registration notices
7. Re-wrote voter signature upload program for newer operating platform
8. Completed coding and testing of the Motor Voter - Electronic Transfer to BOE

BOE STAFF APPLICATION SUPPORT & DEVELOPMENT

MIS continues to support BOE Staff applications including a number of which were modified and/or extended in 2013:

1. Employee Car Tracking Applications
2. Finance Invoice Tracking System
3. Testing and evaluating RFID Infrastructure
4. Continues operational support and testing of Election Night PMD RFID tracking Application
5. Voter Registration Tracking Systems Enhancements
6. Front Counter

REDISTRICTING

A second major redistricting effort took place in 2013. MIS managed, supported and processed (with borough input) the City Council Redistricting program in 2013. This was

a major undertaking in 2013 due to the Primary and General municipal elections and the balancing of ED size and Poll site assignments. The program had to meet petitioning and election deadlines with the appropriate publications and map production.

DATA CENTER & GENERAL SUPPORT

A major MIS responsibility is the management, support and operation of our Data Centers (Central Office & Disaster Recovery Site (DR) - Queens) and the maintenance and operation of the hardware, systems software, network and backup facilities. These include:

1. MIS Infrastructure Support
 - a. Supporting and Maintaining Two Data Centers (Central Office and Disaster Recovery (Queens) sites)
 - b. Maintaining all Systems Software
 - c. Maintaining all Data Security and Backup Operations
2. Maintaining all Application Authorizations and Access Security
3. Management and Operation of the Help Desk Process
4. Maintain and manage the internal Email system

MIS Operations started the upgrading of our infrastructure with two new servers for S-Elect at the Central Office data center and the procurement of additional required servers and systems software which will be installed in 2014 at central office and our DR site.

DATA NETWORK & VOICE SYSTEM

We continued to update and expand the phone system installing a Voice Over IP (VOIP) at the central office, completely replacing the previous phone system which was rendered unusable during hurricane Sandy. This was a major undertaking for our network group.

Our network personnel also continue:

1. Maintaining and Supporting all Network and Firewall Facilities
2. We upgraded our Data Network with the first two (of eight) of our High Speed Network installations in our Queens and Manhattan Borough offices.
3. Upgraded and improved our LAN network operations

PRINT SHOP

In 2013 due to Council redistricting and the number of election events the Print Shop produced large volumes of special mail, notices, and district maps. In addition, the print shop processed expanded volumes of publications such as Street Finders, Enrollment Books, Political Calendars, Voter Cards, Poll Worker Letters, Poll Site Accessibility Letters, Poll Site Change Notices, Renewal Notices, Notices to Train, Notice to Work, Coordinator Handbooks, Availability Notices, CRU Letters, Transmittal Receipts and Poll Books in support of election events.

Phone Bank

DANIEL LAVELLE
Coordinator of Customer Service

The Board of Elections Phone Bank is an inbound call center with two locations. The Manhattan phone bank has a staff of up to 40 operators and the Staten Island phone bank has up to 20 operators to handle calls citywide during peak election season. The phone bank is operational with a reduced staff throughout the year to accommodate any voter requests and is staffed with members who can handle calls in English, Spanish, Cantonese, Mandarin, Korean, Bengali and Punjabi. These operators handle a diverse range of calls, from inquiries concerning a voter's own registration status or poll site location to information about the New Poll Site Voting System. The phone bank is equipped with an interactive component that allows the public to retrieve and request information after hours and during the weekends. Phone Bank agents now have the ability to communicate with the public using web chat and email. As the first line of communication between the Board and the voting public, the phone bank staff receives training on various aspects of Board operations to ensure that they are able to accommodate the voters' requests for information.

Ballot Management Department

THOMAS SATTIE
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

2013 was a unique year for the Board in regard to ballot printing. The Primary and Runoff Elections were conducted using the lever voting machines and ballot marking devices, and the General Election was conducted using the scanners with the BMDs. This presented significant challenges to proofing and printing of ballots for these elections.

However, in 2013 the Ballot Management Department continued to work with various advocacy and good government groups to improve the design and readability of the Election Day ballot. As a result of this effort, the Board submitted numerous recommendations for law changes to the New York State Legislature to address concerns such as small type, difficult to follow instructions, and overall readability.

All told, the Board spent approximately \$9.5 million dollars for ballots to conduct the 2013 Elections, which included a Special Election on February 19, Primary on September 10, Runoff Primary on October 1, and General Election on November 5.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.
