**Board of Elections** The City of New York

## Introduction

...A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

Using your Smartphone, download a FREE QR Reader. Once downloaded, open the application and click the QR code to discover the Board's website.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

# Mission Statement

**The Board of Elections in the City of New York, as provided under Section 3-200 of the New York State Election Law, is responsible:**

- 1. To conduct fair and honest elections, from local to federal levels;**
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;**
- 3. To conduct elections, certify the canvass and to retain the official records;**
- 4. Voter outreach and education.**

**Briefly stated, this means:**

**First**, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

**Second**, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

**Third**, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

**Finally**, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

# President's Message

It has been my distinct honor to serve as the youngest President of the Commissioners of Elections for the Board of Elections in the City of New York. In my time on the Board, I have observed the dedicated employees at the New York City Board of Elections work tirelessly to conduct fair and honest elections under the capable leadership of Senior Management: Executive Director Michael J. Ryan, Deputy Executive Director Dawn Sandow, Administrative Manager Pamela Green Perkins and Operations Manager Georgea Kontzamanis.

I would be remiss if I did not acknowledge the over thirty thousand poll workers who are truly the pillars of our community and who serve with distinction as poll workers. The Commissioners salute their efforts on behalf of the citizens of our city. We encourage all those wishing to participate in the political process to become a poll worker and perform this much-needed service for our great democracy.

The New York City Board of Elections began a governmental education effort in 2018 with the New York State Legislature to propose changes that will enable the Board to conduct elections in a more efficient and effective manner, while continuing to maintain the integrity of the election process.

The Board's top four recommended revisions to the New York State Election Law are as follows:

1. Improving Ballot Design to Better Serve Voters
2. Closing Schools to Students on General and Primary Election Days
3. Increasing the Rate of Poll Worker Compensation to \$300 per day for inspectors and other poll workers and \$400 for coordinators
4. Exempt from public inspection and disclosure a voter's telephone number and email address

Some of the Board's major accomplishments during 2018 included:

- recruiting over 300 17-year-old poll workers through the Board of Elections High School Recruitment Program;
- continuing our voter outreach efforts to register new eligible voters, recruit poll workers/interpreters and educate the public about the election process;
- the Board's continued use of social media, particularly Twitter, to communicate with voters in real time to address poll site concerns;

- developing and enhancing the Election Night tally procedure utilizing Portable Memory Devices and the latest approved technology to provide almost immediate unofficial election returns on election nights and periodic updates throughout the night. With over 2 million voters casting their ballot and more than 4,000 Portable Memory Devices used for the November 6, 2018 General Election, the Board was able to begin receiving results immediately after the polls closed at 9:00pm.

In addition, the Board of Elections continued the process of improving poll site accessibility required by the United States District Court in order to ensure that all New York City voters freely and independently exercise their right to vote. The Board continues its efforts to educate the public, community groups and elected officials regarding the requirements of the Americans with Disabilities Act related to the voting process.

The annual report will detail many of the advancements made during the year and highlights our goal of making the voting process fair and efficient for all voters. We encourage all interested parties to visit our website, [www.boe.nyc](http://www.boe.nyc) for more information including various appendices not included in this printed version.

Respectfully Submitted,

**Rosanna Vargas,**  
President for Year 2018

**VALERIE VAZQUEZ-DIAZ**  
Director of Communications and  
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the voting system, the Board continued its education efforts in 2018 with the main focus on voter registration and poll worker recruitment.

Since a trained poll worker corps is an essential element of any successful Election Day, the Board took steps to provide poll workers with the knowledge and tools necessary to successfully implement the Election. A key element of this preparation was a heavy focus on poll worker and interpreter recruitment to assist in replenishing a robust poll worker corps. As a result, the Board's 2018 public education campaign centered on a multi-pronged approach:

1. Continued voter education to raise awareness and prepare voters to use the voting system;
2. Recruitment of eligible New York City voters to serve as poll workers and interpreters and to provide them with real time experience with voters using the system on Election Day; and
3. Increasing voter registration by attempting to register new voters at all scheduled outreach events.

The 2018 Public Education Program targeted voters in all five boroughs. This included first time voters as well as senior citizens, multicultural voters, and voters with disabilities.

The public education campaign continued to use and build upon a comprehensive communications approach that delivered key messages and engaged targeted audiences in voter education efforts and recruitment opportunities. Due to New York City's diverse voter population, the Board implemented a campaign that integrated a range of tactics including stakeholder engagement, digital outreach, materials development and earned media.

- Bipartisan Outreach team members attended events across the city to encourage eligible voters to serve as poll workers while educating and preparing voters for Election Day.

# Communications and Public Affairs Cont'd

The Board also achieved the following:

- Outreach was continued to key stakeholders to enlist their support in educating audiences about the new voting system and encouraging poll worker applicants.
- Social media engagement was ramped up to further grow the Board's digital audiences and stakeholders.
- Educational materials in multiple languages were distributed at community events and made available on the Board's website.

Additional highlights of the 2018 public education campaign include:

- The Board's continued posting of online sample ballots in the Board's efforts to assist in preparing voters to use the new voting system.
- The Board's outreach team continued to proactively engage local community groups throughout New York City in addition to elected officials to encourage voter education and poll worker recruitment.
- The outreach team staffed community events throughout all five boroughs to educate voters about the new voting system, recruit eligible residents to serve as poll workers or interpreters, as well as register voters.
- On Election Day, the team engaged with NYC voters through timely Facebook postings and Twitter messages, starting when the poll sites opened and continuing until the poll sites closed.
- The Board placed full-page ads in language papers in an attempt to recruit interpreters.

- The Board took out full page ads in citywide, local community-based papers to inform voters of the 2 page ballot.

- The Board created a short animated translational video to inform voters of the 2-page ballot for the General Election in 4 of the 5 Boroughs of New York City. We placed the video on our website and social media channels.

The home page of the Board's website prominently features tools and resources highlighting the Board's priorities — including public education on voting, poll site locator, and sample ballots, as well as information on voter registration, poll worker recruitment, and absentee voting. The website also features sections devoted to specific audiences, such as voters, candidates, and poll workers.

## IMPROVED DESIGN OF DEDICATED MAILING PRIOR TO GENERAL ELECTION:

In an effort to improve communications with the voters, the annual Voter Information Notice Mailer was significantly changed in the past year. Originally, all five languages were printed in one mailer and distributed to all voters. The new version provided the following segmentation:

- Queens voters received the Voter Information Notice in all five covered languages: English, Spanish, Chinese, Korean, and Bengali
- Bronx and Staten Island voters received the Voter Information Notice in English and Spanish
- Manhattan and Brooklyn voters received the Voter Information Notice in English, Spanish and Chinese

By using this targeted approach that reflects the federal language assistance requests, the Board was able to more effectively deliver information to the voters and create better print efficiencies for current and future mailings.

In addition, the Board added an additional voter tear card with all the pertinent information the voter would need including their poll site, address, ED/AD and other useful information. We are happy to report that we received positive feedback on this improvement and found many voters bringing their notice with them to the poll site and were able to save time by avoiding the information table line.

For 2018 the Board had over 2.06 million hits to our website and 1.2 million to the poll site locator.

# Voter Registration

**BETH FOSSELLA**

Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, I am, along with my staff, responsible for all activities that pertain to registering people to vote in the five boroughs of New York. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for 2018 according to the New York State Board of Elections Data Base is **5,137,948**. These numbers include both Active and Inactive voters (Active voters – **4,613,320**; Inactive voters – **524,628**). These figures are run twice a year on March 1st and November 1st of each year and are posted on the New York State Board Web Site.
- Reaching out to all eligible voters in the City of New York and making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished through:
  1. Conducting registration drives at various community activities (street fairs, work fairs, community organization meetings, senior citizen community centers) and providing material that will help explain the process of voting.
  2. Working with the Department of Education by visiting the high schools within the city informing and providing students, who are going to be eligible to vote, with registration applications as well as material that help explain the process of voting.
  3. Distribution of voter registration material to the public. It is to be noted that all voter registration material is translated, in accordance to law, in the five languages – English, Spanish, Chinese, Korean and Bengali.

# Voter Registration Cont'd

- Providing and making sure that all registration material is updated in accordance with New York State Law.
- Registration applications are broken down as follows:
  - Regular registrations
  - Agency registrations
  - Department of Motor Vehicles
- These registration applications are broken down by Code:
  - No Code - Regular registrations
  - Code 9 - Selected City agencies that fall under Local Law 29
  - Code D - CUNY
- In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the Federal government committed to fund sweeping election reforms which would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006 all first time voter registrations within the State of New York has to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. In order to accommodate the voter, the registration application was re-designed to provide a box where this "HAVA ID" information was required. Those who did not provide the necessary identification information will receive a "First Time Voter Letter," asking them to provide the identification information. If no identification was sent by the time of the election, the voter will be asked to provide this information at the poll site, and if he/she still does not provide it, will not be allowed to vote on the machine, but will have to vote by affidavit ballot.
- Ordering and tracking all voter registration material both in the Brooklyn Voting Machine Facility where voter registration is stored, as well as in the General Office.
- Making sure that all Voter Registration material is updated and translated into the five languages required by law: English, Spanish, Chinese, Korean and Bengali.
- In 2010 the NYS Board of Elections re-designed the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.
- In 2011 the State Board of Elections re-designed the absentee ballot application.
- Providing and updating all voter registration information that must be put up on the Board of Election's web page. This information is done in English, Spanish, Chinese, Korean and Bengali.
- In 2015 the New York State Registration application had two new parties added to the list of enrollment parties on the registration application. The parties were the Women's Equality Party and the Reform Party. These parties were added to the 2016 Revised Registration Application.
- Providing Russian translation "Registration and Voting" booklet on the web page with English registration application. (As per NYS Law ELEC 3-506)

## CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation ( Local Law 29) which requires that 20 City agencies must provide voter registration applications to their clients, contractors, sub-contractors (literally anyone with whom they come in contact) in the performance of services, mailings and whatever other transactions take place on a daily basis.

# Voter Registration Cont'd

The law requires that the Board of Elections supply these agencies with all the materials they will need in the performance of these tasks, i.e. registrations applications, display boxes, booklets, posters in all the five languages that are required by law (English, Spanish, Chinese, Korean and Bengali). The total number of Code "9" registration applications that were given out in 2018 were:

English	112,000
Spanish	44,000
Chinese	21,000
Korean	19,000
Bengali	18,000

## TOTAL NUMBER OF CODE "9" PROCESSED BY BOROUGH IN 2018

New York	2,147
Bronx	2,202
Brooklyn	2,042
Queens	1,338
Staten Island	336

## CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested 60,000 Code "D" registration applications to be delivered to the designated offices of the CUNY schools. The "Code "D" registration applications are designated with a "D" in a small box at the upper left hand corner of the registration application. This enables the board to track how many of these registrations are processed.

## TOTAL NUMBER OF CODE "D" PROCESSED BY BOROUGH IN 2018:

## INFORMATION NOTICES

In August of each year the Board of Elections sends out Voter Information Notices to all Active and Inactive Registered Voters. These Information Notices give the voter all the necessary information regarding the upcoming elections as well as informing the voter where his Poll Site is and what district the voter must vote.

Many voters had commented in the past that their Poll Site has been changed and they were not aware of it, so that when they went to vote they had to vote at another Poll Site.

In 2005, the Information Notices were re-designed to include notice to the voter that he/she had a Poll Site change.

- The Normal file – the poll site remained the same.
- The Bold file – the poll site has been changed.

The 2018 Information Notice was re-designed to include the instructions for the use of the new voting machine, plus a removable card which contained the voter's Election District, Assembly District and Party Enrollment.

In August of 2018 Information Notices **4,450,835-TOTAL – ACTIVE VOTERS ONLY**

## 2018 BOARD OF ELECTIONS VOTER INFORMATION NOTICES

Mail Date	New York	Brooklyn	Queens	Bronx	Richmond
8/1/2018	950,141	1,390,543	1,131,424	693,780	284,947

The Confirmation Notices are sent out to the voters whose Information Notice was returned to the Board of Election as "Undeliverable." Confirmation Notices are sent to check again whether a voter is indeed not living at the address which appeared on the Information Notice.

If the Confirmation Notice is returned "Undeliverable," then the voter is made INACTIVE. The Inactive code is X. This voter goes from an Active to an Inactive ("A" to "X") status.

## LIBRARIES AND POST OFFICES

In January, we began the distribution of our usual supply of registration applications (in all five languages) to all the libraries and post offices in New York City. Included with these were posters, a display box and order forms which could be faxed to us requesting replacement supplies. The registration applications were self contained in a Registration Display box that made distribution of the registration applications easier to display. Also included in these Display Boxes were Poll Worker Applications.

The total number of Registration Forms distributed for **2018** were as follows:

Post Offices – 224

Libraries – 217

**TOTAL – 5,790 registrations**

**TOTAL – 8,105 registrations**

**DEBRA LEIBLE**

Coordinator, Election Day Operations

## **POLL WORKER RECRUITMENT AND OUTREACH**

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who staff the polls and serve voters on Election Day. There are several different Poll Worker positions that vary in qualifications and degrees of responsibility:

**COORDINATORS** are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service. Each poll site now has two tablets which the Coordinator gives to the Information Clerks during the day to assist with directing voters. At closing, the Coordinator uploads the PMDs from the scanners giving us the earliest possible results.

**INFORMATION CLERKS** are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists. They now have tablets with an app to also assist with directing voters.

**ACCESSIBILITY CLERKS** are assigned to poll sites with alternate accessible entrances where doors cannot remain open or where other assistance is required. They are assigned to doors and elevators that do not have Braille and they act as warning clerks where there is a hazard of someone tripping or bumping into something on the way into the poll site.

**ED/AD TABLE INSPECTORS** and **POLL CLERKS** are the backbone of the Board's Election Day workforce. There are two **INSPECTORS** at each Election District or table, one enrolled Democrat and one Republican — a system of "checks and balances" that is required by New York State Election Law. **POLL CLERKS** are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

**SCANNER INSPECTORS** verify that the scanners have not been tampered with, set-up and open the polls on the scanners for voting and assist voters if needed. There are two (2) inspectors per scanner; one (1) Democrat and one (1) Republican.

# Election Day Operations Cont'd

**BMD INSPECTORS** ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one enrolled Republican.

**INTERPRETERS** assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

**ELECTION NIGHT REPORTING CLERKS (ENR)** Every Police Precinct in New York City has a four-person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7pm. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of polls.

Once the polls close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records Bag which contains the Portable Memory Device (PMD) and the Zero Report and Results Tape. Once verified the ENR Team uses the Election Night Reporting Tablet to upload and transmit any PMDs that were not uploaded at the poll site.

**A.D. POLL SITE MONITORS** are a bipartisan team of specially trained Poll Workers who monitor an Assembly District on Election Day.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Accessibility Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, [nyc.electiondayworker.com](http://nyc.electiondayworker.com), or by indicating interest in serving when completing their Voter Registration applications.

## **POLL WORKER TRAINING AND INITIATIVES**

During 2018, we had 364 available Adjunct Trainers and Assistants to conduct poll worker training. There were 3,655 classes at 89 training sites throughout New York City. These classes train the poll workers to use the Basic Poll Worker Manual, visual aids and various voter information forms and materials used on Election Day. Demonstrations of the AutoMARK Ballot Marking Device (BMD) and the Optical Scanner Voting System are included in the training. The Board assigned 80,294 workers to class and trained 55,837 poll workers in 2018. We continued to use step-by-step laminated instructions for the BMD and Scanners. The purpose of these cards is to make it easier for the poll workers to open and close the BMD and Scanners simply by working in teams of two – one reading the instructions and the other performing the required steps.

The Basic Poll Worker Manual contains a section on diversity and incorporates customer service training for poll worker classes. The poll site signage provides voter information and assistance in all five (5) mandated languages based on what is required in each borough. These multi-language materials include "How to Use the Scanner" and the NYS Voter Bill of Rights.

## **NURSING HOMES PROGRAM**

The Board of Elections provides services to Nursing Care Residential Facilities and their occupants. During the 2018 Special Election, Federal Primary Election, State and Local Primary Election and General Election, Board staff made 363 visits to nursing home facilities and delivered 15,060 Absentee Ballots to residents.

## **EDO DEPARTMENT**

EDO Department staff assists with educating voters on the BMD, Scanner and election procedures. They organize demonstrations of equipment when requested throughout the five boroughs as well as attend recruitment events for poll workers. In 2018, there were 16,126 poll workers recruited through various events and organizations.

**JOHN P. O'GRADY**  
Chief Voting Machine Technician

## VOTING MACHINE FACILITIES:

The Voting Machine Facilities (VMF) staff in all boroughs has continued to enhance the efficiency of the preparation of Scanners and BMDs equipment for each Election. The average time to test and prepare the Scanners and BMDs is averaging between 30 to 45 minutes per device.

# Voting Equipment Operations Unit/Poll Site Management Cont'd

The VMF prepared and deployed all the equipment required for the 2018 Special Election (April 24th for the 32nd and 39th Senatorial Districts and the 74th and 80th Assembly Districts), June 26th and September 13th Primaries and the November 6th General Election as follows:

The General Office VEOU throughout the year continued to provide all the reports, supplies and technical support required by the Voting Machine Facilities staff in all five boroughs.

## POLL SITES

In 2018, the Board of Elections VEOU-Poll Site Division accomplishments were:

- Continued efforts to make polling sites, paths of travel, entrances, exits, and voting areas accessible to individuals with disabilities.
- Instituted Third Party Agreements with the Department of Education for the installation of permanent handrails at 8 out of 24 school facilities. The net result is a substantial cost savings for the deployment, installation and storage of ramps to the BOE.
- Ensuring that each polling site contained appropriate square footage, visible accessible entrances, and technology friendly and reliable schematics for accessing polling sites and floor plans that detailed the placement of the Election Day equipment.

### **Federal Court Order Implementation Continuation:**

In compliance with the requirements of the mandated United Spinal Association Federal Court Order, another 72 Finals, plus 72 Revisited Finals surveys submitted by Evan Terry Associates the court appointed expert were received during the year. VEOU, ADA Coordinators and Borough surveyors reviewed all 144 final surveys and as a result of the reviews, solutions to overcome barriers at poll sites were implemented. The solutions included but were not limited to; the placement of additional accessibility clerks and the installation of door props, handrails, cones, ramps and mats in polling sites.

During 2018 the Board successfully implemented the tracking of equipment leaving and returning to the Voting Machine Facilities.

# Ramp Unit

**SUSAN M. CAICEDO**

Voting Equipment Operation (VEOU)

The ramp unit is responsible to ensure that all polling sites have the necessary equipment to comply with ADA regulations in order to make them fully accessible to voters with disabilities. Working closely with the Board of Elections (BOE) survey departments in each of the five boroughs and in conjunction with the ADA Coordinators, we construct each site that requires equipment as recommended by Evan Terry and Associates (ETA) to make the sites accessible.

We currently have seventeen vendors who store, transport, and install the ADA equipment for more than three hundred and eighty sites that are broken down into geographic zones within each borough. Equipment can range from mats and simple ramp setups to much more complicated ramp systems requiring multiple ramp runs and landings. These vendors are responsible to begin setup of equipment at approximately 3pm the day before an Election and complete the installations by 6am on Election Day. They are also required to attend training class prior to each Election on the proper installation of the ramp equipment and understanding of ADA compliancy.

The ramp unit will also meet periodically with the two ramp equipment vendors, National Ramp and EZ Access, to discuss and develop new equipment options to meet the needs of the polling site where standard equipment may not always work.

We are always continuing to improve the installation process to ensure that voters with disabilities have a safe and compliant access to their polling location.

# Facilities Operations

**NICHOLAS SQUICCIARINI**  
Facilities Manager

This year we custom built a new server room at **42 Broadway** to support the agency's Election Night Results (ENR) and in doing so, updated our equipment to keep us well ahead of future operational needs and expectations. With consultation from the Electronic Voting Systems (EVS) Department and the building's electricians, we mapped the requirements and had the new server room built according to those specifications. The new server room is significantly larger (nearly twice the original size). It contains more equipment with a modern cooling system that supports better air circulation. In addition, it provides steady protection of our data management systems and will accommodate the expansion of our data for years to come.

At **345 Adams Street** renovation work was done on the front counter area; including flooring, to meet all ADA requirements and to provide greater accessibility for the public.

At our **General Office** at **32/42 Broadway** we updated the following:

- New LED lighting throughout the office space.
- New air vents throughout the office space.

# Procurement Department

**SHERWIN SUSS**  
Agency Chief Contracting Officer

The Procurement Department's function is to oversee and process all Board of Election contracts for goods and services to ensure compliance with the New York City Procurement Policy Board Rules (PPB Rules.)

The PPB Rules were developed to ensure that all city agencies' procurement practices are uniform in application, and to provide fair and equitable treatment to all persons doing business with the city.

## **MINORITY/WOMEN BUSINESS PARTICIPATION**

The Procurement Department continues to actively solicit minority- and women-owned businesses to participate in the bidding process to provide goods and services for the Board. The BOE was one of the first agencies to use the M/WBE expanded micro purchase procedure. The agency increased the number of vendors used and doubled the dollar amount of contracts awarded. We intend to continue to pursue M/WBE participation in the future.

## **IMPLEMENTATION OF NEW PROCUREMENT/FINANCE SYSTEM**

The Procurement Department, working closely with the Finance Department, introduced a new computerized system for ordering, tracking, approving and paying for goods and services for the Agency. The new system gives managers access to vendors and financial information for more effective contract management. The system also provides increased access to stored information for more robust reporting, analyzing and forecasting for the Agency.

# Electronic Voting Systems Department

**JOHN NAUDUS**  
Director, Electronic Voting Systems

*"The mission of the Electronic Voting Systems Department (EVS) is to administer and support the Board's computerized voting systems during pre- and postelection activities conducted in each of the five counties in the City of New York."*

The Board's computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots; the Election Management System for ballot marking devices (BMD); and the Poll Site Voting System (PVS) used at the poll sites on Election Day. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process.

EVS provides assistance and support during pre- and postelection activities in each county. These activities include:

- Testing the Poll Site Voting System; and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots
- Writing the portable memory devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each of the Poll Site Voting System scanners
- Recanvassing election results
- Canvassing ballots for write-in votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit ballots

**The Board conducted four elections in the year 2018:** the April Special Elections in New York, Bronx and Queens Counties; the June Federal Office Primary Election; the September State and Local Office Primary Election and the November General Election. The Poll Site Voting System (PVS), the ballot marking devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, and Affidavit ballots were used in all four elections.

## **UNOFFICIAL ELECTION NIGHT RESULTS REPORTING**

On Election Night, poll site coordinators used tablets to transmit the unofficial election results from all active poll sites. The unofficial results on the portable memory devices (PMDs) were read into tablets. The tablets transmitted those unofficial election results to the secure file transfer protocol (SFTP) servers at the General Office.

# Electronic Voting Systems Department Cont'd

Election Reporting Manager (ERM) servers at the General Office read the unofficial results from the SFTP servers. In periodic intervals during election night, the unofficial results were electronically transferred to the Board's website, the State Board of Elections, the Board's S-Elect system, and to the media.

In addition, the PMDs were transferred to the police precincts. Bipartisan teams of Board personnel read the PMDs into Election Night Results (ENR) tablets. The second reading of the PMDs ensures that we read any PMDs that were not read at the poll site and we send those unofficial election results to the General Office.

## DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS (ENR) AND THE RECANVASSED RESULTS

### General Election

Average difference between the ENR and Recanvassed results: 2.68%

### State and Local Office Primary Election

Average difference between the ENR and Recanvassed results: 1.45%

### Federal Office Primary Election

Average difference between the ENR and Recanvassed results: 1.29%

### Special Election

Average difference between the ENR and Recanvassed results: 2.31%

For a breakdown of the use of the ENR Tablets for obtaining unofficial election night results, please see **Figures 1 and 2**.

## UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2018. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9 pm to 9 am the next morning) as follows:

Election	Number of views
Special	41,827
Federal Office Primary	290,780
State & Local Office Primary	987,702
General Election	450,535

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

## ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to reuse portable memory devices (PMD) prior to the two-year maturity date required by *Election law §3-222. Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two-year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software. Those procedures are being revised to meet evolving needs since its implementation in 2012, and to provide more efficiency within those tasks.

Teams of bipartisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided onsite guidance and support throughout the entire archival process.

## BALLOTS

For all of the 2018 Elections combined, more than 3,250,000 ballots were cast in the City of New York. About 170,000 were Absentee, Military, and Affidavit ballots processed by the Central Scanning and Tabulation System, or manually tabulated. In addition, more than 3,080,000 paper ballots were cast at poll sites, scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2018.

## TWO-PAGE BALLOTS

The Absentee and Affidavit ballots for the General Election were two pages in four of the five counties. This was due to the 12 point font size used for candidate names and the significant number of contests, parties; the three proposals and the number of languages required to be printed on the ballots. In addition, New York City experienced nearly 50% turnout of eligible voters in every county with the exception of New York; it had a turnout of 55%. To put those numbers in perspective, our past two General Elections for the gubernatorial contest had a turnout of 25% and 33%, respectively. Our turnout for the 2018 General Election was almost equivalent to the 2016 Presidential General Election (62%). However, with two-page ballots, we had nearly twice the amount of paper ballots to canvass.

Most of the staff within the counties had never canvassed two-page ballots. Those who had experience with two-page ballots had not canvassed them with our current voting systems. For these reasons, EVS created a supplemental procedure and updated existing

# Electronic Voting Systems Department Cont'd

forms for staff to follow and carry out their canvassing duties. With all these variables in play, all boroughs worked a minimum of 12-hour workdays for weeks to complete the canvass of the General Election by December 3. That date falls within the same timeframe as the 2016 General Election with an excess of one million more paper ballots in use.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see page 45 for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

# Personnel and Records Management

**STEVEN GUGLIELMI**  
Director of Personnel

The Personnel Department is responsible for the well being of all employees at the Board of Elections. As a new employee is processed, in addition to completing the appropriate paperwork, both the Policies and Procedures Handbook and Conflict of Interest Board (COIB) Manual are provided and an Identification Card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension Benefits are the responsibilities of the Personnel Department as well as the processing of all Workers' Compensation claims. All benefits are updated as needed throughout the tenure of the BOE employee. Verification of Employment and Unemployment Benefits applications are also processed through this Department.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program (EAP). To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel consisting of the Director of Personnel and a member of the Legal Department and/or other staff member.

Matters of discipline fall under the jurisdiction of the Personnel Department. Alleged violations of the Policies and Procedures Manual are investigated and hearings held as necessary.

Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. If a hearing determines that a violation has occurred, the employee may be reprimanded or disciplined. The disciplinary actions may include probation, suspension or termination.

# Records Management/Retention Department

**BONNIE BIBULA**  
Records Management Officer

The role of the Records Management/Retention department is to oversee the maintenance of records in accordance with the legal criteria determined by both the State Archives and Records Administration and the State Board of Elections;

Works with the Legal department to provide access to information, such as FOIL requests;

Monitors the retention process while documents are in storage;

Oversees disposal of expired records;

Ensures permanent retention and preservation of records of enduring value.

The Records Management/Retention department collaborates with the Board's assigned bi-partisan Retention Monitors in the Boroughs and General Office who have all been trained to use our Records Management System. The RMS allows for easy tracking and transfer of records and is periodically updated to meet our departmental needs.

**GERALD SULLIVAN**  
Finance Officer

The Board of Elections Finance Department's main responsibilities are creating and managing the agency's budget. Finance works with Executive Management to present the financial needs to the City Council. Prior to the Fiscal Year (July 1st) the New York City Board of Elections requests funding from the city of New York to manage the day-to-day expenses of the Board as well as the cost of any scheduled election events.

After the budget is adopted by the City Council the typical work of the Finance Department is tracking invoices, vendor information account maintenance as well as processing and paying bills. A great deal of the Finance Office activity is standard and does not change from month to month. There are various special and on-going projects that the department works on; some of these are listed here:

- A) Producing Daily and Monthly Financial Reports
- B) Poll Sites – update database/process payments
- C) Car Service assignments: After-hours coordination of workers for rides home
- D) Postage: refund/review of potential deficient balance
- E) Electronic Fund Transfer enrollments – ensuring vendor enrollment
- F) Election Day support provided by department personnel.

The Finance Office is divided into two sections:

## **1) PERSONAL SERVICES (PS)**

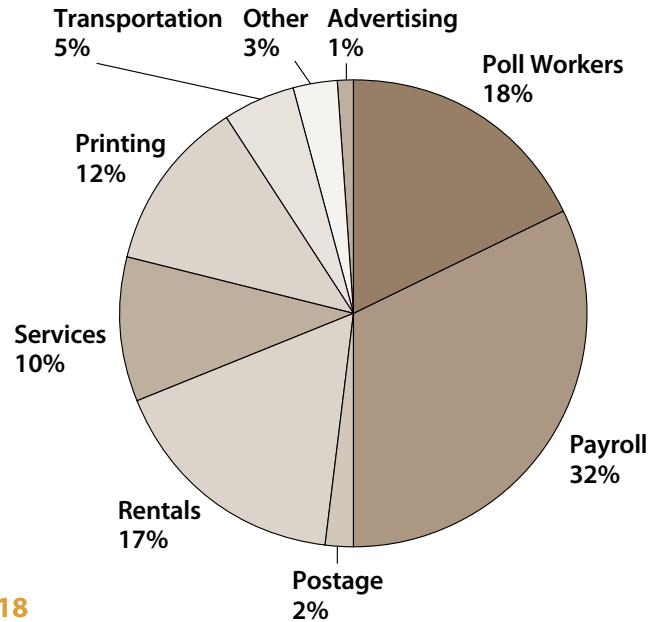

Personal services are the payroll section. Payroll data is accumulated from the five borough offices, Voting Machine facilities and the General Office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board's Personnel Department.

## **2) OTHER THAN PERSONAL SERVICES (OTPS)**

The OTPS section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department. The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency's budgeting process. In addition, the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

The Office consists of the General Counsel, the Deputy General Counsel, administrative support staff (Eleanor Guerrieri and John Sfera), and from time to time, one or more contract staff attorneys as well as law student interns. During 2018, Joshua Williams, Esq., served as the contracted staff attorney, and David Fuchs and John Muldoon were our law student interns.

## ADMINISTRATION

The Office recommends to the Commissioners revisions of formal Board policies and procedures to ensure compliance with applicable statutes and regulations. The Office provides legal advice and guidance to Board staff as requested. The Office acts as a liaison with the New York City Conflicts of Interest Board with respect to the administration of applicable conflicts of interest provisions found in Chapter 68 of the New York City Charter.

## LEGISLATIVE ACTIVITIES

The Office regularly monitors all legislative and judicial actions that impact election administration and advises the Commissioners on all legal developments, including statutory compliance with City, State, and Federal mandates related to the Voting Rights Act, the Military and Overseas Voters Empowerment (MOVE) Act, the Help America Vote Act (HAVA), the New York State Election Law, the New York City Charter, and related judicial directives. In addition, the Office drafts for consideration by the Commissioners the Board’s annual recommendations for revisions in the State Election Law for presentation to, and consideration by, the State Legislature and the Governor.

## COMPLIANCE ACTIVITIES

The Office advises the Commissioners on all elements of the Board's legal compliance with all applicable statutory and regulatory requirements. Any proposed change in election administration affecting voters is reviewed by the Office before being presented to the Commissioners for approval. The Office acts as the Board's liaison with other governmental regulatory and investigatory agencies, including the U.S. Department of Justice, the local United States Attorneys' offices, the New York State Attorney General's Office, the District Attorneys of the five counties within the City of New York, the New York City Department of Investigations, and the Inspectors General for various City agencies.

## BALLOT ACCESS

The Office drafts for consideration and adoption by the Commissioners all election calendars and the proposed Rules for Designating and Independent Nominating Petitions for each election cycle. The Office also oversees all aspects of the process for candidate filing and Board review of designating and nominating petitions, cover sheets and/or certificates. The Office maintains a good working relationship with the New York State Office of Court Administration with respect to the Judiciary's activities in connection with the electoral process.

## LITIGATION

The Office acts as the Board's principal point of contact with the New York City Law Department, which usually represents the Board in all litigation matters involving the Board of Elections, its operations, and personnel. Throughout 2018, the staff of the Office of the General Counsel assisted the assigned Assistant Corporation Counsels in litigating matters relating to ballot access, poll site designations, poll site accessibility, voter registration systems, employee discipline, as well as various tort claims against the Board and its employees. In addition, the Office represents the Board before various administrative tribunals, including the New York City Commission on Human Rights, the New York State Division of Human Rights, and the U.S. Equal Employment Opportunity Commission.

## PERSONNEL MATTERS

Section 3-300 of the New York State Election Law empowers the Commissioners to appoint and remove at their pleasure all employees of the Board. In accordance with the collective bargaining agreement entered into by the Commissioners and Local 1183 of the Communications Workers of America, AFL-CIO, this Office conducts all administrative hearings required under that agreement for Board employees. It is also responsible for resolving employee disciplinary matters prior to a formal hearing, through negotiation, pursuant to the direction of the Commissioners of Elections and the agreement of Local 1183.

## FREEDOM OF INFORMATION

The Office receives, processes, and compiles the agency records sought by the public under the New York State Freedom of Information Law. In collaboration with the appropriate Board staff, the Office coordinates the photocopying of records, gathering of electronic documents for transmittal, and scheduling of physical inspections of original documents by those individuals and entities seeking such public records. In addition, prior to its release, the Office reviews and redacts any information contained in the public records which by law are exempt from disclosure. It also processes any appeals for submission to the Commissioners of Elections.

# Management Information Systems Department (MIS)

**STEVEN FERGUSON**  
Director Management  
Information Systems

## OVERVIEW

The 2018 Election Year was highlighted by very high turnout for this year's Primary and General Elections for Governor, Federal and State offices. This election cycle required a maximum effort by the MIS Department in accomplishing its development, operations, cybersecurity and support programs. Meeting these challenges with our continued limited resources required innovative ideas to fulfill our mission, which include operational and application support for all staffs, borough offices, and VMFs. We continue to rely on the dedication and efforts of key staff members and our consulting/development group (IMI, SageSmith, and N-Tier).

The following is a summary of our information systems and operational support programs for 2018. These programs included planning, requirements determination, design, development, testing, training, and implementation within the integrated framework of our Election Information Systems (EIS). It also required the application of resources to address voter registration commonality issues with the NY State system (NYSVoter) and resources to interface with security assessment support to address local and national concerns involving the protection, security, and integrity of our election information systems and databases.

## MIS DEPARTMENT RESPONSIBILITIES INCLUDE:

1. Development and maintenance of the BOE's Election Information Systems (EIS)
2. Operation and management of our two primary data centers (Executive Office (EO) & Disaster Recovery Site (DR) in Queens)
3. Oversight of Mobile and Cloud Operations
4. User support
5. Email and Support Systems
6. Data, Network, and Cybersecurity Systems
7. Data networks, phone systems
8. Internal BOE Printing Operations
9. Development and support of other staff applications
10. Support of all Borough workstation, server, and Network Operations
11. Interfacing with other organizations and agencies including:
  - a) New York State Voter Registration Database (NYSVoter)
  - b) DMV
  - c) NYC Agencies Voter registration EVR/MA

# Management Information Systems Department (MIS) Cont'd

- d) Interface for Election Night Results (ENR)
- e) ES&S Systems and Functions
- f) Interface with City Planning for Re-Districting and Voter Registration Address Normalization
- g) DoITT
- h) Interface and Coordination with Data Security Groups and Contractors

## SECURITY ASSESSMENT PROGRAM

Security assessments of our networks, operations, and systems were conducted throughout the election cycle to address continuing concerns regarding the hacking of voter registration and election systems; the BOE is continuing its Security Assessment and Monitoring Program which we started last year for all network, database, and information systems. The BOE has engaged FireEye-Mandiant through a city contract to assess and monitor our programs. Representatives of FireEye and NYC Cyber Security Office were on site for the November election.

## MIS INFORMATION SYSTEMS DEVELOPMENT PROGRAMS 2018

The Board of Elections' MIS Development Team (IMI, SageSmith, N-Tier and MIS Operations,) continued to maintain and enhance the EIS system supporting major staff operations through modifications, enhancements, and new development efforts.

The MIS operations staff continued to improve the on-premise data centers and networks making all the application extensions possible. These improvements allowed for more secure and tightly integrated communication with the cloud as well as a high level of on-premise up time for all core EIS applications.

## EIS (S-ELECT/S-ELECT 7) CORE AND MOBILE APPLICATION GROUP

# Ballot Management Department

**THOMAS SATTIE**  
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2018 the Board conducted four elections: a Special Election on April 24, a Federal Primary Election on June 26, a State and Local Primary Election on September 13, and a General Election on November 6.

Due to the amount of contests and proposals on this year's General Election ballot, the Board took the unprecedented step of printing 2 page, center perforated ballots in 4 of the 5 boroughs. This action allowed the Board to print ballots for all boroughs in the ideal type size recommended by advocates for ballot readability.

Additionally, in 2018 the Board submitted numerous recommendations for law changes to the New York State Legislature to address concerns such as small type and difficult to follow instructions.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.

# Poll Site Devices Unit

**STEPHEN THOMPSON**  
Manager, Poll Site Devices

A unit within the Board of Elections, Poll Site Devices, is responsible for the maintenance, testing, preparation and deployment of tablets to training classes, field staff and poll sites.

For the 2018 Election cycle, two tablets were deployed to every poll site.

## FOR 2018, TABLETS PROVIDED THE FOLLOWING FUNCTIONS:

### FIELD STAFF (POLL SITE MONITORS AND TECHNICIANS)

Election Responder – real-time reporting, tracking and resolving of Election Day incidents via the tablet

Poll Site Locator – assist voters by directing them to the correct poll site and ED table

### POLL SITE (COORDINATORS AND INFORMATION CLERK)

- Poll Worker Check-In – uses QR code on Poll Worker Notice to Work to check-in Poll Workers and relay this information back to the Board offices
- Table Finder - quickly identified ED table for voter in the poll site using a simple touch based, no typing system
- Election Night Reporting – secure transmission of unofficial election night results from the poll site to a publicly accessible website

### POLICE PRECINCT

Election Night Reporting – secure transmission of unofficial election night results from the poll site to a publicly accessible website. Reading Election results at the Police precincts serves as a backup to the transmission from the poll site.

### STANDBY DISPATCH SYSTEM

During the 2018 Election Cycle, the Board continued its expansion of a new system to check-in and deploy Standby poll workers to poll sites that had vacancies on Election Day. This system allows quick and accurate check-in of standbys and gives staff the poll site attendance in real time so that deployment decisions can be made with up-to-date information. This system is currently in use in Manhattan and Staten Island. The remaining counties will be deployed in 2019.

### PILOT OF ELECTRONIC ADA CHECKLIST

Piloted in Staten Island and Manhattan, a new application was developed to allow the Coordinators to transmit the ADA Checklist every 2 hours to the Board facility. This allows real time monitoring of potential ADA Issues in the sites submitting electronically. Prior to this, Coordinators were expected to call the Board when an accessibility issue was discovered during the completion of the checklist.

# ADA Coordinators

**ARIEL MERKEL**  
ADA Coordinator

**SEAN GERLIS**  
ADA Coordinator

The Board of Elections in the City of New York (BOE) conducts honest and fair elections from local to federal levels for all registered voters, including voters with disabilities. The Accessibility Unit is responsible for ensuring the BOE, as a government agency and employer, is in compliance with the Americans with Disabilities Act and that voters with disabilities are able to vote privately and independently on Election Day. The team continues to ensure and augment BOE's efforts to maintain a fully accessible voting process in New York City.

The Accessibility Unit had a very productive year ensuring poll sites throughout the five boroughs are accessible to voters with disabilities on Election Day. To support voters with disabilities, every poll site in New York City has at least one Ballot Marking Device and ADA Privacy Booth, as well as other accessibility aids such as magnifying glasses. Many poll sites also require additional temporary accessibility equipment, which ranges from simple mats and cones to complicated ramping systems, in addition to ADA-focused poll workers called Accessibility Clerks. The Accessibility Unit continually evaluates the needs of poll sites to assess what equipment is needed to ensure each site is accessible on Election Day.

The Accessibility Unit also worked closely with the Poll Site Devices Unit (PSDU) by supporting geographical information system software piloted by the BOE this year which monitors accessibility-related incidents in real-time at poll sites throughout New York City.

The Accessibility Unit promotes inclusive practices and ensures all BOE environments are fully accessible. The ADACs not only ensure voters with disabilities have access to an inclusive voting process throughout all five boroughs, but also that BOE employees receive appropriate workplace accommodations in order to maintain top-quality performance. The Board of Elections is an Equal Opportunity Employer and we encourage all qualified applicants to consider a career with us!
