Board of Elections The City of New York

Introduction

Using your Smartphone, download a FREE QR Reader. Once downloaded, open the application and click the QR code to discover the Board's website.

... A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

Mission Statement

The Board of Elections in the City of New York,

as provided under Section 3-200 of the New York State Election Law, is responsible:

- 1. To conduct fair and honest elections, from local to federal levels;
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;
- 3. To conduct elections, certify the canvass and to retain the official records;
- 4. Voter outreach and education.

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

It has been an honor and a privilege to serve as president of the Board of Elections in the City of New York this past year. I have seen firsthand how diligent and devoted our staff is to conduct fair elections throughout the city, and I thank them for their hard work and professionalism during what was the most significant and challenging election year in recent memory.

2019 was a critical but ultimately rewarding year in the Board's history; in January, early voting was passed by the state legislature for the November 5th general election; allowing voters the opportunity to cast their ballot up to nine days prior to the regular Election Day, including two weekends. This new early voting mandate required the hiring and training of additional poll workers and scouting entirely new poll site locations, as well as many additional working hours for all offices.

Our staff rose to the occasion and managed to make Early Voting a great success, with over 60,000 registered voters participating in the early voting process. Feedback from voters and the media was overwhelmingly positive, and the Board and staff will continue to work tirelessly to maintain and improve upon the standard set by the accomplishments of this past November. Voter turnout overall was higher than in recent years, and we credit the higher turnout to the increased media coverage of early voting, the outreach of our staff, and the introduction of various programs that allowed a more personal and interactive experience to the voting process.

The Board also introduced our brand new electronic poll books this year, designed to expedite the process of signing in and reduce wait times during peak hours. Our MIS and Poll Site Devices departments worked tirelessly with our vendors to ensure that these devices were not susceptible to any security compromises or serious malfunctions, and once again, our office and our staff were praised for the implementation of the new voting equipment and procedures.

I can't stress enough how proud I am of our employees for the hard work and sacrifices they made this past year. Many late nights, long weekends, and extraordinary efforts were made by our staff to assure the voters positive early voting and election day experiences. This Annual Report highlights each department's achievements and contributions. Candidate Records Unit

TROY JOHNSONCoordinator, Candidate Records Unit

The Candidate Records Unit (CRU) of the Board of Elections in the City of New York is responsible for the receiving, recording, processing and tracking of all candidates and objector document filings as well as proofing of candidate names that achieve ballot status for Primary, General and Special Election Events.

The CRU staff maintains accurate candidate status on all these items in order to ensure an accurate ballot. The staff prepares, reviews, updates and corrects errors identified on all reports that feed the proofs of voting machine and paper (absentee, military, Ballot Marking Device, and standby emergency) ballots.

The unit also has a limited responsibility for receiving, recording and monitoring candidate compliance documents for In-Lieu-Of filers only as part of the Campaign Financial Disclosure requirements. CRU received 410 financial disclosure reports from various candidates, political party committees and political action committees in 2019.

Communications and Public Affairs

VALERIE VAZQUEZ-DIAZ
Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the voting system, the Board continued its education efforts in 2019 with the main focus on voter registration and poll worker recruitment.

EARLY VOTING 2019 CAMPAIGN

In January, the state legislature passed early voting, giving New Yorkers nine extra days to vote, beginning with the November general election. This posed several new challenges to us, as we had to expand our already robust recruitment and education campaigns.

Over two phases, we utilized a variety of media platforms to inform the public of all important early voting information; the first campaign ran from July to September and focused on poll worker and interpreter recruitment. The primary focuses were:

- A new postcard that allowed poll workers to choose which days they were available to work.
- Incentivizing the additional pay that would encourage poll workers to work multiple days throughout the cycle, with special emphasis on the \$2800 they would get for working all 10 days.
- Running ads in community based newspapers, television networks, citywide papers, language ads, digital ads, and radio stations in addition to the major outlets.
- Subway, bus, and ferry ads throughout the five boroughs.
- Outreach events to key stakeholders attended by Board staff encouraging participation and education.
- Mounting an aggressive ground campaign in Asian communities to recruit more interpreters where we consistently have vacancies.

Communications and Public Affairs Cont'd

The Board recruited 18,976 poll workers throughout 2019.

Phase two, which ran from September through early November, was focused on voter education. For Early Voting, they would be voting at an assigned site possibly different from their normal Election Day site, and the hours of operation varied from day to day and included weekends. We utilized the same platforms that we used for phase one, including a dedicated mailer to all registered voters in the city that included this information prominently.

Additionally, the greatly improved new voter card debuted in 2018, which was designed to expedite the process for voters; thanks to new technology purchased by the Board's Poll Site Devices and MIS departments, these cards are now able to scan the voter's information upon entry, allowing them to skip the information table and go straight to the ED table. The new cards have worked well and have been met with positive feedback by both voters and the media.

BRANDING

In addition to our education and recruitment efforts, the Board greatly expanded our branding to reach a broader audience and create a more welcoming experience for voters.

- 'I Voted!'
- 'I Voted Early!'
- 'I Registered to Vote'
- 'I'm a Future Voter'

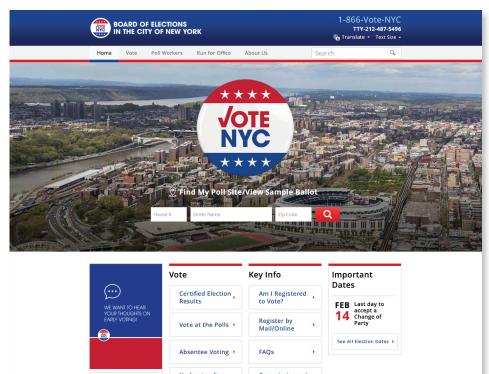

NEW WEBSITE

In advance of Early Voting, the Board debuted a brand new website with greatly improved functionality and intuitiveness, as well as an all new design that was much more visually appealing. The site's primary feature, our Poll Site Locator search engine, is now faster and more accurate than ever.

We also designed a downloadable media kit that contains PDFs of all of our election materials for use by community centers, good government groups, and other stakeholders.

Voter Registration

BETH FOSSELLACoordinator, Voter Registration

As the Coordinator of the Voter Registration Department, I am, along with my staff, responsible for all activities that pertain to registering people to vote in the five boroughs of New York. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for **2019** according to the New York State Board of Elections Data Base is **5,270,384**. These numbers include both Active and Inactive voters (Active voters **4,772,225**; Inactive voters **498,159**). These figures are run twice a year on February 1st and November 1st of each year and are posted on the New York State Board Web Site.
- Reaching out to all eligible voters in the City of New York and making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished through:
- **1.** Conducting registration drives at various community activities (street fairs, work fairs, community organization meetings, and senior citizen community centers) and providing material that will help explain the process of voting.
- 2. Working with the Department of Education by visiting the high schools within the city informing and providing students, who are going to be eligible to vote, with registration applications as well as material that help explain the process of voting.
- **3.** Distribution of voter registration material to the public. It is to be noted that all voter registration material is translated, in accordance to law, in the five languages English, Spanish, Chinese, Korean and Bengali.

- Providing and making sure that all registration material is updated in accordance with New York State Law.
- Registration applications are broken down as follows:

Regular registrations

Agency registrations

Department of Motor Vehicles

These registration applications are broken down by Code:

No Code - Regular registrations

Code 9 - Selected City agencies that fall under Local Law 29

Code D - CUNY

• In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the Federal government committed to fund sweeping election reforms which would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006 all first time voter registrations within the State of New York has to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. In order to accommodate the voter, the registration application was re-designed to provide a box where this "HAVA ID" information was required. Those who did not provide the necessary identification information will receive a "First Time Voter Letter," asking them to provide the identification information. If no identification was sent by the time of the election, the voter will be asked to provide this information at the poll site, and if he/she still does not provide it, will not be allowed to vote on the machine, but will have to vote by affidavit ballot.

- Ordering and tracking all voter registration material both in the Brooklyn Voting Machine Facility where voter registration is stored, as well as in the General Office.
- Making sure that all Voter Registration material is updated and translated into the five languages required by law, English, Spanish, Chinese, Korean and Bengali.
- In 2010 the NYS Board of Elections re-designed the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.
- In 2011 the State Board of Elections re-designed the absentee ballot application.
- Providing and updating all voter registration information that must be put up on the Board of Election's web page. This information is done in English, Spanish, Chinese, Korean and Bengali.
- In 2015 the New York State Registration application had two new parties added to the list of enrollment parties on the registration application. The parties were the Women's Equality Party and the Reform Party. These parties were added to the 2016 Revised Registration Application.
- Providing Russian translation "Registration and Voting" booklet on the web page with English registration application. (As per NYS Law ELEC 3-506)

CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation (Local Law 29) which requires that 20 City agencies must provide voter registration applications to their clients, contractors, sub-contractors (literally anyone with whom they come in contact) in the performance of services, mailings and whatever other transactions take place on a daily basis.

The law requires that the Board of Elections supply these agencies with all the materials they will need in the performance of these tasks, i.e., registrations applications, display boxes, booklets, posters in all the five languages that are required by law (English, Spanish, Chinese, Korean and Bengali). The total number of Code "9" registration applications that were given out in 2019 were:

English	59,875
Spanish	24,511
Chinese	5,700
Korean	5,101
Bengali	5,600

CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested 60,000 Code "D" registration applications to be delivered to the designated offices of the CUNY schools. The "Code "D" registration applications are designated with a "D" in a small box at the upper left hand corner of the registration application. This enables the board to track how many of these registrations are processed.

INFORMATION NOTICES

In August of each year the Board of Elections sends out Voter Information Notices to all Active and Inactive Registered Voters. These Information Notices give the voter all the necessary information regarding the upcoming elections as well as informing the voter where his Poll Site is and what district the voter must vote.

Many voters had commented in the past that their Poll Site has been changed and they were not aware of it, so that when they went to vote they had to vote at another Poll Site.

In 2005, the Information Notices were re-designed to include notice to the voter that he/she had a Poll Site change.

- The Normal file the poll site remained the same.
- The Bold file the poll site has been changed.

The 2019 Information Notice was re-designed to include the instructions for the use of the new voting machine, plus a removable card which contained the voter's Election District, Assembly District and Party Enrollment.

In April of 2019 Information Notices 4,645,142-TOTAL – ACTIVE VOTERS ONLY

The Confirmation Notices are sent out to the voters whose Information Notice was returned to the Board of Election as "Undeliverable." Confirmation Notices are sent to check again whether a voter is indeed not living at the address which appeared on the Information Notice.

If the Confirmation Notice is returned "Undeliverable," then the voter is made INACTIVE. The Inactive code is X. This voter goes from an Active to an Inactive ("A" to "X") status.

LIBRARIES AND POST OFFICES

In 2019 we began the distribution of registration applications (in all five languages) to all the libraries and post offices within New York City that requested them. Included with these were posters (in five languages), poll worker applications. Also Included are order forms that can be scanned to us requesting additional supplies.

The total number of Registration Applications distributed for 2019 were as follows:

Election Day Operations

DEBRA LEIBLECoordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who staff the polls and serve voters on Election Day. There are several different Poll Worker positions that vary in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service. Each poll site now has two tablets which the Coordinator gives to the Information Clerks during the day to assist with directing voters. At closing, the Coordinator uploads the PMDs from the scanners giving us the earliest possible results.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists. They now have tablets with an app to also assist with directing voters.

ACCESSIBILITY CLERKS are assigned to poll sites with alternate accessible entrances where doors cannot remain open or where other assistance is required. They are assigned to doors and elevators that do not have Braille and they act as warning clerks where there is a hazard of someone tripping or bumping into something on the way into the poll site.

ED/AD TABLE INSPECTORS and POLL CLERKS are the backbone of the Board's Election Day workforce. There are two INSPECTORS at each Election District or table, one enrolled Democrat and one Republican — a system of "checks and balances" that is required by New York State Election Law. POLL CLERKS are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify that the scanners have not been tampered with, set-up and open the polls on the scanners for voting and assist voters if needed. There are two (2) inspectors per scanner; one (1) Democrat and one (1) Republican.

Election Day Operations Cont'd

BMD INSPECTORS ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one enrolled Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

ELECTION NIGHT REPORTING CLERKS (ENR) Every Police Precinct in New York City has a four-person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7pm. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of polls.

Once the polls close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records Bag which contains the Portable Memory Device (PMD) and the Zero Report and Results Tape. Once verified the ENR Team uses the Election Night Reporting Tablet to upload and transmit any PMDs that were not uploaded at the poll site.

A.D. POLL SITE MONITORS are a bipartisan team of specially trained Poll Workers who monitor an Assembly District on Election Day.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Accessibility Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, nyc.electiondayworker.com, or by indicating interest in serving when completing their Voter Registration applications.

POLL WORKER TRAINING AND INITIATIVES

During 2019, we had 390 available Adjunct Trainers and Assistants to conduct poll worker training. There were 3,698 classes at 105 training sites throughout New York City. These classes train the poll workers to use the Basic Poll Worker Manual, visual aids and various voter information forms and materials used on Election Day. Demonstrations of the AutoMARK Ballot Marking Device (BMD) and the Optical Scanner Voting System are included in the training. The Board assigned 76,936 workers to class and trained 46,335 poll workers in 2019. We continued to step-by-step laminated instructions for the BMD and Scanners. The purpose of these cards is to make it easier for the poll workers to open and close the BMD and Scanners simply by working in teams of two – one reading the instructions and the other performing the required steps.

The Basic Poll Worker Manual contains a section on diversity and incorporates customer service training for poll worker classes. The poll site signage provides voter information and assistance in all five (5) mandated languages based on what is required in each borough. These multi-language materials include "How to Use the Scanner" and the NYS Voter Bill of Rights.

NURSING HOMES PROGRAM

The Board of Elections provides services to Nursing Care Residential Facilities and their occupants. During the 2019 Special Elections, Primary Election and General Election, Board staff made 556 visits to nursing home facilities and delivered 20,175 Absentee Ballots to residents.

EDO DEPARTMENT

EDO Department staff assists with educating voters on the BMD, Scanner and election procedures. They organize demonstrations of equipment when requested throughout the five boroughs as well as attend recruitment events for poll workers. In 2019, there were 18,976 poll workers recruited through various events and organizations.

Voting Equipment Operations Unit/Poll Site Management

CARLOS RODRIGUEZChief Voting Machine Technician

VOTING MACHINE FACILITIES:

The Voting Equipment Operation Unit (VEOU) maintains responsibility for the management, security, testing, maintenance and custody of voting equipment for each of the five boroughs in the City of New York. The Voting Machine Facilities (VMF) staff in all boroughs apply themselves to enhance the efficiency and preparation of Scanners and BMDs equipment during each Election. The average time to test and prepare the Scanners and BMDs for each Election event averages between 30 to 45 minutes per device.

Voting Equipment Operations Unit/Poll Site Management Cont'd

Each VMF prepared and deployed all the equipment required for the February 26th, 2019 Special Election, June 25th Primaries and the November 5th General Election & early voting as follows:

Election	DS 200 Scanners	Ballot Marking Device	ED Transportation Carts	Privacy Booths	E-Poll Books/BOD
February 26th 2019 Special Election Citywide	4,054	1,255	3,427	16,015	N/A
June 25th , 2019, Primary Election - Manhattan, Brooklyn, Queens and Staten Island only	2,394	965	3,945	8,073	N/A

The General Office VEOU throughout the year continued to provide all the reports, supplies and technical support required by the Voting Machine Facilities staff in all five boroughs.

POLL SITES

Among the 2019, VEOU-Poll Site Division accomplishments are:

- In conjunction with the ADA unit, implemented efforts to make polling sites, paths of travel, entrances, exits, and voting areas accessible for individuals with disabilities.
- Continued third party agreements with the Department of Education for the installation
 of permanent handrails solutions at 24 school facilities and built a permanent pathway
 to a voter entrance at FDR HS in Brooklyn. The pathway facilitated to voters an ADA
 compliant entrance. The net result of this effort is a substantial cost savings for the
 deployment, installation and storage of ramps to the board.
- Ensured that each polling site contained sufficient square footage, visible accessible entrances, and were technology friendly and reliable. Developed schematics for accessing polling sites and floor plans that detailed the placement of the Election Day equipment.
- Extensive involvement and collaboration for the successful Early Voting implementation at all designated 61 poll sites. VEOU-Poll Site division ensured the proper deployment of equipment at the 61 early voting poll sites. Generators were acquire and installed at 49 early voting sites to accommodate electrical demands due to the introduction of new voting equipment. (Ballot on demand printers, E-poll Books and cradle points)
- In order to comply with the requirements of the federal court order conducted joint reviews with boroughs staff and ADA unit of all levels of surveys and ensured the appropriate solutions to identified and overcome barriers. The solutions were not limited to: the placement of additional accessibility clerks and the installation of door props, handrails, cones, ramps and mats in polling sites.

Ramp Unit

SUSAN M. CAICEDOVoting Equipment Operation (VEOU)

The ramp unit is responsible to ensure that all polling sites have the necessary equipment to comply with ADA regulations in order to make them fully accessible to voters with disabilities. Working closely with the Board of Elections (BOE) survey departments in each of the five boroughs and in conjunction with the ADA Coordinators, we construct each site that requires equipment as recommended by Evan Terry and Associates (ETA) to make the sites accessible.

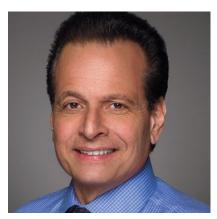

We currently have seventeen vendors who store, transport, and install the ADA equipment for more than five hundred and sixty sites that are broken down into geographic zones within each borough. Equipment can range from mats and simple ramp setups to much more complicated ramp systems requiring multiple ramp runs and landings. These vendors are responsible to begin setup of equipment the day before an Election and complete the installations by 6am on Election Day. We will also make arrangements with some sites to install the weekend preceding the Election when the install is complicated and requires many hours to install. They are also required to attend training class prior to each Election on the proper installation of the ramp equipment and understanding of ADA compliancy.

With the addition of Early Voting, the vendors are also responsible to install any equipment that is necessary to make these sites compliant. They will also monitor this equipment for the full nine day of early voting to ensure that the equipment remains secure and compliant.

The ramp unit will also meet periodically with the two ramp equipment vendors, National Ramp and EZ Access, to discuss and develop new equipment options to meet the needs of the polling site where standard equipment may not always work.

We are always continuing to improve the installation process to ensure that voters with disabilities have a safe and compliant access to their polling location.

Facilities Operations

NICHOLAS SQUICCIARINI Facilities Manager

With the start of Early Voting in NYC's five boroughs we have requested additional space from OMB for the new equipment that will be needed for the Early Voting sites. We have received approval for extra space in the Annex at 5112 2nd Avenue in Brooklyn adjacent to our existing space in the Brooklyn Voting Machine Facility. DCAS is currently working on this lease to try to get us into the space as soon as possible. With no other requests approved the Board is trying to help make some space by moving all the privacy booths from all Voting machine Facilities to 4312 2nd Ave a storage facility in Brooklyn to optimize the space located there. Throughout the five boroughs we have worked with the Chiefs and Deputies to redesign existing work space to accommodate expanded and or new departments that support Early Voting.

We will continue past 2019 to grow, with additional space requests within our existing addresses to support the increase in poll worker classes, improved space for additional equipment and staff as the Board of Elections continues its advancement into 2020 and beyond.

Procurement Department

SHERWIN SUSSAgency Chief Contracting Officer

The role of the Procurement Department is to oversee and process all Board of Elections contracts for goods and services to ensure compliance with the New York City procurement Policy Board Rules (PPB Rules).

The PPB Rules were developed to ensure that all city agencies' procurement practices are uniform in application, and to provide fair and equitable treatment to all persons doing business with the city.

EARLY VOTING

The staff in the Procurement Department was particularly busy in 2019, coordinating the selection and purchase of the vast array of equipment and accessories needed for New York City's new early voting process. This required creating a process to allow the agency to evaluate and select electronic Poll Books, and a Ballot on Demand printing system to use during early voting.

The staff was then tasked with drafting the contract documents to purchase the equipment, and meet quick timelines imposed by State Law. At the same time, the Procurement Department was assisting various agency units to source and purchase the multitude of items necessary to make early voting a reality. The hard work of this department and agency allowed for a successful rollout for early voting in 2019.

W/MBE PARTICIPATION

The Procurement Department continues to actively solicit W/MBE (women- and minority-owned businesses) to participate in the bidding process to provide goods and services for the Board of Elections.

The BOE was one of the first city agencies to use the M/WBE expanded micro purchase procedure. The agency increased the number of vendors used and increased the dollar amount of contracts awarded. We intend to continue to purse M/WBE participation in the future.

Electronic Voting Systems Department

JOHN NAUDUS
Director, Electronic Voting Systems

"The mission of the Electronic Voting Systems Department (EVS) is to administer and support the Board's computerized voting systems during pre- and post-election activities conducted in each of the five counties in the City of New York."

The Board's computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots; the Election Management System for ballot marking devices (BMD); and the Poll Site Voting System (PVS) used at the Early Voting poll sites and Election Day poll sites. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process.

EVS provides assistance and support during pre- and post-election activities in each county. These activities include:

- Testing the Poll Site Voting System; and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots
- Writing the portable memory devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each of the Poll Site Voting System scanners
- Recanvassing election results
- Canvassing ballots for write-in votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit ballots

The Board conducted four elections in the year 2019: the Citywide February Special Election; the May Special Election in Kings County; the June Primary Election and the November General Election. The Poll Site Voting System (PVS), the ballot marking devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, and Affidavit ballots were used in all four elections. In addition, there were manual recounts for close primary races in the counties of New York (70 AD) and Queens (25 AD; Queens DA contest).

Note: The Board complied with the new mandate to move the annual Primary Election from September to June, beginning with this year. There was a smooth and successful transition while preparing for the implementation of Early Voting.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

On Election Night, poll site coordinators used tablets to transmit the unofficial election results from all active poll sites. The unofficial results on the portable memory devices (PMDs) were read into tablets. The tablets transmitted those unofficial election results to the secure file transfer protocol (SFTP) servers at the General Office.

Election Reporting Manager (ERM) servers at the General Office read the unofficial results from the SFTP servers. In periodic intervals during election night, the unofficial results were electronically transferred to the Board's website, the State Board of Elections, the Board's S-Elect system, and to the media.

In addition, the PMDs were transferred to the police precincts. Bipartisan teams of Board personnel read the PMDs into Election Night Results (ENR) tablets. The second reading of the PMDs ensures that we read any PMDs that were not read at the poll site and we send those unofficial election results to the General Office.

ELECTION NIGHT RESULTS (ENR) AND THE RECANVASS	ED KEZOLI
General Election Average difference between the ENR and Recanvassed results:	3.39%
Primary Election Average difference between the ENR and Recanvassed results:	0.38%
May Special Election Average difference between the ENR and Recanvassed results:	*0.00%
February Special Election Average difference between the ENR and Recanvassed results:	1.28%

For a breakdown of the use of the ENR Tablets for obtaining unofficial election night results, please see **Figures 1 and 2**.

*(0% represents a perfect match between the ENR and Recanvassed results.)

NEW YORK CITY LAUNCH OF EARLY VOTING

Early Voting was launched successfully with the General Election. EVS developed Early Voting ENR based on existing best-practices. Modifications were made to address unique criteria pertaining to Early Voting:

- · Polls Close two nights before Election Day
- Results are not reported until Election Night
- Having Board staff capture the PMD reading to obtain 100% upload of Early Voting PMDs

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2019. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9 pm to 9 am the next morning) as follows:

Election	Number of views
February Special	331,225
May Special	37,799
Primary	1,031,755
General Election	330,220

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to reuse portable memory devices (PMD) prior to the two year maturity date required by Election law §3-222. *Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software. Those procedures are being revised to meet evolving needs since its implementation in 2012, and to provide more efficiency within those tasks.

Electronic Voting Systems Department Cont'd

Teams of bipartisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided onsite guidance and support throughout the entire archival process.

EVS PROCEDURES

EVS is responsible for several departmental procedures that impact the canvassing of elections. This year, EVS implemented Early Voting security procedures, increased existing ENR security procedures and created an Early Voting Canvass Supplement in time for the General Election. The complete update to the Canvass Procedures, administered at all Board office locations has been revised to include Early Voting processes, updates to the Manual Canvass and Security Requirements; it will be published in January of 2020.

BALLOTS

For all of the 2019 Elections combined, more than 1,350,000 ballots were cast in the City of New York. About 50,000 were Absentee, Military, and Affidavit ballots that were either processed by the Central Scanning and Tabulation System or manually tabulated. In addition, more than 1,300,000 paper ballots were cast at poll sites, scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2019.

THE ELIMINATION OF BALLOT STUBS AND PERFORATION OF TWO-PAGE BALLOTS

New legislation allowed for alternative ballot accountability that does not include ballot stubs or perforated ballots. Beginning with the General Election, a portion of the Absentee ballots in Queens county were two pages; and for the first time the ballots were produced without perforation. For the General Election, Election Day ballots for all New York City counties did not require stubs.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Personnel and Records Management

STEVEN GUGLIELMI
Director of Personnel

The Personnel Department is responsible for the well being of all employees at the Board of Elections. As a new employee is processed, in addition to completing the appropriate paperwork, both the Policies and Procedures Handbook and Conflict of Interest Board (COIB) Manual are provided and an Identification Card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension Benefits are the responsibilities of the Personnel Department as well as the processing of all Workers' Compensation claims. All benefits are updated as needed throughout the tenure of the BOE employee. Verification of Employment and Unemployment Benefits applications are also processed through this Department.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program (EAP). To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel, consisting of the Director of Personnel and a member of the Legal Department and/or other staff member.

Matters of discipline fall under the jurisdiction of the Personnel Department. Alleged Violations of the Policies and Procedures Manual are investigated and hearings held as necessary.

Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. If a hearing determines that a violation has occurred, the employee may be reprimanded or disciplined. The disciplinary actions may include probation, suspension or termination.

Records Management/Retention Department

BONNIE BIBULARecords Management Officer

The role of the Records Management/Retention department is to oversee the maintenance of records in accordance with the legal criteria determined by both the State Archives and Records Administration and the State Board of Elections;

Works with the Legal department to provide access to information, such as FOIL requests;

Monitors the retention process while documents are in storage;

Oversees disposal of expired records;

Ensures permanent retention and preservation of records of enduring value.

The Records Management/Retention department collaborates with the Board's assigned bi-partisan Retention Monitors in the Boroughs and General Office who have all been trained to use our Records Management System. The RMS allows for easy tracking and transfer of records and is periodically updated to meet our departmental needs.

Finance

GERALD SULLIVANFinance Officer

The Board of Elections Finance Department's main responsibilities are creating and managing the agency's budget. Finance works with Executive Management to present the financial needs to the City Council. Prior to the Fiscal Year (July 1st) the New York City Board of Elections requests funding from the city of New York to manage the day-to-day expenses of the Board as well as the cost of any scheduled election events.

After the budget is adopted by the City Council the typical work of the Finance Department is tracking invoices, vendor information account maintenance as well as processing and paying bills. A great deal of the Finance Office activity is standard and does not change from month to month. There are various special and on-going projects that the department works on; some of these are listed here:

- A) Producing Daily and Monthly Financial Reports
- B) Poll Sites update database/process payments
- C) Car Service assignments: After-hours coordination of workers for rides home
- D) Postage: refund/review of potential deficient balance
- E) Electronic Fund Transfer enrollments ensuring vendor enrollment
- F) Election Day support provided by department personnel.

The Finance Office is divided into two sections:

1) PERSONAL SERVICES (PS)

Personal services are the payroll section. Payroll data is accumulated from the five borough offices, Voting Machine facilities and the General Office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board's Personnel Department.

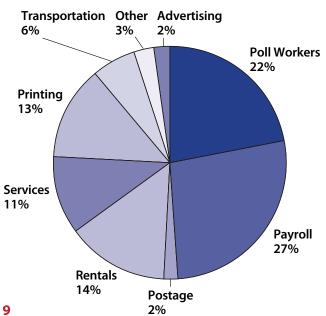

2) OTHER THAN PERSONAL SERVICES (OTPS)

The OTPS section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department. The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency's budgeting process. In addition, the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

Office of the General Counsel

STEVEN H. RICHMANGeneral Counsel

RAPHAEL SAVINO
Deputy General Counsel/Director
of Campaign Finance Enforcement

The Office of the General Counsel ("Office") provides legal advice and guidance to the Commissioners of Elections and to the staff of the Board of Elections in the City of New York ("Board") on a wide range of matters relating to ballot access, the conduct of elections, and agency administration. The Office consists of the General Counsel, the Deputy General Counsel, administrative support staff (Eleanor Guerrieri & John Sfera), and from time to time, one or more contract staff attorneys as well as law student interns. During 2019, Michael Bryant Esq. and Travis Grodin, Esq., served as the contracted staff attorneys and Steven Montesano and Hayden Boudreaux were our law student interns.

ADMINISTRATION

The Office recommends to the Commissioners revisions of formal Board policies and procedures to ensure compliance with applicable statutes and regulations. The Office provides legal advice and guidance to Board staff as requested. The Office acts as a liaison with the New York City Conflicts of Interest Board with respect to the administration of applicable conflicts of interest provisions found in Chapter 68 of the New York City Charter.

LEGISLATIVE ACTIVITIES

The Office regularly monitors all legislative and judicial actions that impact election administration and advises the Commissioners on all legal developments, including statutory compliance with City, State, and Federal mandates related to the Voting Rights Act, the Military and Oversees Voters Empowerment (MOVE) Act, the Help America Vote Act (HAVA), the New York State Election Law, the New York City Charter, and related judicial directives. In addition, the Office drafts for consideration by the Commissioners the Board's annual recommendations for revisions in the State Election Law for presentation to, and consideration by, the State Legislature and the Governor.

The 2019 State Legislative session saw the enactment of some of the most significant changes in elections administration in the Empire State in over a decade. The Office provided guidance to the Commissioners and Board staff relating to the implementation of these amendment to the Election Law. Among the newly enacted provisions was consolidating the federal (June) and state and local office (September) primary elections into a single election in June of each year. That legislation also created a revised calendar for the conduct of many of the activities that this Board is mandated by law to undertake each year. In addition, New York State enacted new laws establishing an early in-person voting period for each election, authorizing the use of new technologies, including electronic poll books, providing for the statewide transferability of a voter's registration and improving the design and readability of ballots were all signed into law.

Office of the General Counsel Cont'd

COMPLIANCE ACTIVITIES

The Office advises the Commissioners on all elements of the Board's legal compliance with all applicable statutory and regulatory requirements. Any proposed change in election administration affecting voters is reviewed by the Office before being presented to the Commissioners for approval. The Office acts as the Board's liaison with other governmental regulatory and investigatory agencies, including the U.S. Department of Justice, the local United States Attorneys' offices, the New York State Attorney General's Office, the District Attorneys of the five counties within the City of New York, the New York City Department of Investigations, and the Inspectors General for various City agencies.

BALLOT ACCESS

The Office drafts for consideration and adoption by the Commissioners all election calendars and the proposed Rules for Designating and Independent Nominating Petitions for each election cycle. The Office also oversees all aspects of the process for candidate filing and Board review of designating and nominating petitions, cover sheets and/or certificates. The Office maintains a good working relationship with the New York State Office of Court Administration with respect to the Judiciary's activities in connection with the electoral process. In addition, the Office provides guidance and support for the conduct of the canvass of votes mandated by Article 9 of the Election Law and the Board's Policies and Procedures. Of particular note for 2019 was the first countywide complete manual canvass conducted for the June 2019 Democratic Primary for District Attorney of Queens County, in accordance with the Commissioners' adopted procedure.

LITIGATION

The Office acts as the Board's principal point of contact with the New York City Law Department, which usually represents the Board in all litigation matters involving the Board of Elections, its operations, and personnel. Throughout 2019, the staff of the Office of the General Counsel assisted the assigned Assistant Corporation Counsels in litigating matters relating to ballot access, poll site designations, poll site accessibility, voter registration systems, employee discipline as well as various tort claims against the Board. In addition, the Office represents the Board before various administrative tribunals, including the New York City Commission on Human Rights, the New York State Division of Human Rights and the U.S. Equal Employment Opportunity Commission. In addition, the Board was authorized to and retained outside counsel to conduct litigation relating to the lawful role of the Board to determine operations and activities within a poll site.

PERSONNEL MATTERS

Section 3-300 of the New York State Election Law empowers the Commissioners to appoint and remove at their pleasure all employees of the Board. In accordance with the collective bargaining agreement entered into by the Commissioners and Local 1183 of the Communications Workers of America, AFL-CIO, the Office conducts all administrative hearings required under that agreement for Board employees. It is also responsible for resolving employee disciplinary matters prior to a formal hearing, through negotiation, pursuant to the direction of the Commissioners of Elections and the agreement of Local 1183.

FREEDOM OF INFORMATION

The Office receives, processes, and compiles the agency records sought by the public under the New York State Freedom of Information Law. In collaboration with the appropriate Board staff, the Office coordinates the photocopying of records, gathering of electronic documents for transmittal, and scheduling of physical inspections of original documents by those individuals and entities seeking such public records. In addition, prior to its release, the Office reviews and redacts any information contained in the public records which by law are exempt from disclosure. It also processes any appeals for submission to the Commissioners of Elections.

Management Information Systems Department (MIS)

STEVEN FERGUSONDirector, Management
Information Systems

OVERVIEW

The 2019 Election Year was highlighted by the implementation of Early Voting, a single June Primary for Federal, State and Local candidates, and new requirements in Voter Registration. As usual, these implementations required a maximum effort on the part of the MIS Department for its development, operations, cybersecurity, and support programs. To meet these challenges with our continued limited resources required innovative ideas and maximum effort to fulfill our mission. A mission which also includes operational and application support for all staff, borough offices, and VMFs. We continue to rely on the dedication and efforts of key staff members and our consulting/development group (IMI, SageSmith, and N-Tier).

The following is a summary of our information systems and operational support programs for 2019. These programs included planning, requirements determination, design, development, testing, training, and implementation within the integrated framework of our **Election Information Systems (EIS)**. It also required the application of resources to address voter registration commonality issues with the NY State system (NYSVoter) and resources to interface with security assessment support to address local and national concerns involving the protection, security, and integrity of our election information systems and databases.

MIS DEPARTMENT RESPONSIBILITIES INCLUDE:

- 1. Development and maintenance of the BOE's Election Information Systems (EIS)
- Operation and management of our two primary data centers (Executive Office (EO) & Disaster Recovery Site (DR) in Queens)
- 3. Oversight of Mobile and Cloud Operations
- 4. User support
- **5.** Email and Support Systems
- 6. Data, Network, and Cyber Security monitoring
- 7. Data networks, phone systems
- 8. Internal BOE Printing Operations
- 9. Development and support of other staff applications
- 10. Support of all Borough workstation, server, and Network Operations
- 11. Interfacing with other organizations and agencies

SECURITY ASSESSMENT PROGRAM

Security assessments of our networks, operations, and systems were conducted throughout the election cycle and early voting periods to address continuing concerns regarding the compromising of voter registration and election systems; the BOE is continuing its Security Assessment and Monitoring Program which we started in 2016 for all network, database, and information systems.

The BOE has engaged FireEye-Mandiant through a city contract to assess and monitor our programs. Representatives of FireEye and NYC Cyber Security Office were on site for all election events.

MIS INFORMATION SYSTEMS DEVELOPMENT PROGRAMS 2019

The Board of Elections' MIS Development Team (IMI, SageSmith, N-Tier, and MIS Operations) continued to maintain and enhance the EIS system supporting major staff operations through modifications, enhancements, and new development efforts.

EIS (S-ELECT/S-ELECT 7) CORE AND MOBILE APPLICATIONS

In 2019, there were a significant number of development and enhancement projects which spanned the EIS (S-Elect/S-Elect 7 Core and Mobile Application Group). Efforts in support of Early Voting were given priority and consumed most of our resources from May through November.

For the EIS application areas a total of one hundred and eight (108) projects including enhancements, modifications, and major new developments, were completed in 2019. Over 60% were early voting projects.

The Poll Worker module was redesigned from an Election Day-based system to a multiday staffing, reporting, and payment system. Online capture of availability for the nine-day early period was developed and integrated into the on-premise system.

The online poll site locator was enhanced to show early voting sites by voter address as well as hours of operation. The user interface was made over to conform to the new branding style that launched with the new website.

The Facility and Inventory Management modules were upgraded for early voting in order to capture equipment and equipment requirements for sites serving as both early voting and election day poll sites. In addition, the incident capture and resolution systems, both on-premise and in the cloud, were modified to handle support for multiday voting.

In addition to early voting projects there were several enhancements made to the Candidate Filing module, Ordering and Vendor Payment systems, ADA support systems, and Election Results Consolidation and Certification module.

EIS (AVID-VOTER REGISTRATION) CORE AND MOBILE APPLICATIONS

1. AVID 6.5

In 2019, we developed a new version of the AVID voter registration function to support the new List Maintenance groups within each borough. The voter registration staff in each borough will now be split into a List Maintenance Group performing any changes to existing voters and a New Registration Group responsible for registering new voters. The 6.5 version enforces a new voter match function that performs consistent searching for existing voters for each incoming registration transaction. Upon a voter match or no match, the system routes to the different groups and with different workflows for New Registration and List Maintenance. New roles and system administration were developed to support this new version.

2. 2019 NYS Law Changes

a. NYS County Transfer

Substantial work was performed to meet the new NYS law for transferring voter registration for voters moving from one New York county to another. This work included developing the following new subsystems:

- Inbound DMV Transfers: utility to create AVID transactions to move voters from upstate counties to NYC based on electronic DMV address change notifications.
- Inbound Return Mail and NCOA transfers: utility to create AVID transactions to move voters from upstate counties to NYC based on emails from upstate counties supporting NCOA and Return mail address change notifications.
- Outbound Return Mail transfers: utility to notify upstate counties of voters moving out of NYC into their county based on returned mail.
- Outbound NCOA processor: utility to notify upstate counties of voters moving out of NYC into their county based on NCOA.

b. Future Party Changes

New York legislature passed a new law changing the dates for when party changes would take effect. For most of the year, excluding from February 14 to 1 week after June Primary, party changes should take effect immediately. This required changes to AVID processing to support the new law. Also, pending voter changes were made immediately.

c. Support for Preregistration

New AVID queues and modifications to the DMV interface were made to meet the new law giving 16/17-year-old citizens the right to pre-register to voter.

3. Online Voter Lookup

A new NYC voter lookup coinciding with the roll-out of the New York City BOE website was introduced in 2019, replacing the need for voters to use the New York State BOE Voter Lookup website.

MIS OPERATIONS, DATA CENTER & GENERAL SUPPORT

A major MIS responsibility is all data processing operations. This includes the implementation, operation, and maintenance of four major data centers (Executive Office - 7th Floor & 11th Floor, Tablet Department, and Queens DR), nine operating locations with over 100 virtual & physical servers, 500 workstations, 100 printers and scanning devices, and associated network equipment, including:

- Systems Software, Hardware, Network Operations, Security, Backup Operations and Processing Support
- 2. Maintaining servers and workstations at a secure software operational version
- 3. Implementing and maintaining VM environment at a highly available status
- **4.** Management and implementation of voter registration data on the Electronic Poll Book Management System –ePulse for Electronic Poll Books -ePoll Pads
- 5. Managing software, hardware, security updates for 10,000 ePoll Pads
- **6.** Managing loading voter registration data onto ePoll Pads
- 7. Deploying and maintaining new Vote.NYC Website
- 8. Deploying and maintaining Live Stream for broadcasting of public meetings
- 9. Management and maintenance of all Application Authorizations and Access Security
- 10. Management and Support of all Help Desk Operations
- 11. Maintaining and managing the internal and external Email/Exchange System

The MIS operations staff continued to improve the on-premise data centers and networks, making all the application extensions possible. These improvements allowed for more secure and tightly integrated communication with the cloud as well as a high level of on-premise up time for all core EIS applications.

In 2019, for the implementation of Early Voting and Electronic Poll Books, MIS Operations played a key role in testing, installing, and providing operational guidance to all staff and development groups, as well as developing and implementing procedures for loading the ePoll Pads.

MIS OPERATIONS, DATA CENTER & GENERAL SUPPORT

A major MIS responsibility is all data processing operations. This includes the operations and maintenance of two major data centers (Executive Office (EODC) and Queens DR(QDR) Sites), nine operating locations with over 500 workstations, 100 printers and scanning devices, servers, and associated network equipment including:

- **1.** Systems Software, Hardware, Network Operations, Security, Backup Operations and Processing Support
- 2. VM Infrastructure Allocation and Operations
- 3. Maintenance of all Application Authorizations and Access Security
- 4. Management and Support of the all Help Desk Operations
- **5.** Maintaining and Managing the internal and external Email/Exchange System

The MIS operations staff continued to improve the on-premise data centers and networks, making all the application extensions possible. These improvements allowed for more secure and tightly integrated communication with the cloud as well as a high level of on-premise up time for all core EIS applications.

In 2019, for the implementation of Early Voting and Electronic Poll Books, MIS Operations played a key role in testing, installing and providing operational guidance to all staff and development groups, as well as developing and implementing procedures for loading the Electronic Poll Books.

EMAIL AND EXCHANGE PROGRAM

The MIS staff is responsible for Email/Exchange and Office 365 mobile phone operations and continued to provide support services to all Commissioners, BOE Executives, and staff.

TABLET PROGRAM

The Tablet Program has been a multi-departmental program in which the MIS department continues to respond to:

- Requests for Election Information System (EIS) applications interface and interconnectivity
- 2. Interfaces with Mobile EIS applications Election Responder, Poll Site Locator, and Table Finder
- 3. Requested Technical Support and Testing

DATA NETWORK & TELEPHONE SYSTEM

MIS Network Group continues to be responsible for the BOE WAN, LANs, and VoIP Telephone Systems at all BOE Executive Office, Borough, and VMF locations. We support the network facilities at our primary data center, Queens DR site, and nine different LAN facilities servicing all BOE locations.

All BOE locations are interconnected via a primary Wide Area Network (including backup network capabilities) to the two data centers. The security of our internal networks is maintained through firewalls and other internal security points which are monitored and maintained by MIS Staff. The network group is responsible for maintaining 24x7 secure connectivity from the BOE data centers to outside entities such as the New York State Data Center and cloud-based resources.

PRINT SHOP

The Print Shop produced a significant number of BOE mail pieces and printed documents in 2019. It published information such as Street Finders, Enrollment Books, Political Calendars, Voter Notices, Poll Worker Letters, Poll Site Accessibility Letters, Poll Site Change Notices, Renewal Notices, Notices to Train, Notices to Work, District Maps, Coordinator Handbooks, Availability Notices, CRU Letters, Transmittal Receipts, and backup Poll Books in support of the 2019 election events.

Our Print Shop continues to provide a facility for the Board to communicate with the voting public and poll workers by publishing training and instructional material, and information and providing the required information for political constituencies and interests.

Payroll

TRACY ROYALDirector of Payroll

The Payroll Department is responsible for ensuring that all employees at the Board of Elections are paid properly according to their timesheets from City Time.

The following tasks are performed by the Payroll department:

- Managerial Raises
- Non-Managerial Union Raises
- W-4 Changes & Direct Deposit (this is done for all Poll Workers as well)
- Stop Payments
- Transit Benefits
- Employment Verifications
- Process New Hires and Rehires
- Processing of FMLA time, Advance of time, and Worker's Compensation time
- Maintain accurate Temporary & Permanent Employee lists
- Lump Sum Managerial Payouts
- Present Overtime & Vacancy Reports to Commissioners bi-weekly

Our mission in the Payroll Department is to help all employees to the best of our ability.

We practice an open door policy where staff can feel comfortable to come to the Payroll department for any assistance that they may need concerning their pay.

Customer Service

DANIEL LAVELLECoordinator of Customer Service

The mission of the Customer Service Department (CS) is to provide information requested by any and all New York City residents.

The CS Department is comprised of three components: (1) Inbound Call Center; (2) Reception Counter; and (3) Online Inquiry. The department accommodates any requests and is operational throughout the year. CS provides language support in English, Spanish, Cantonese, Mandarin, Korean, Bengali, Hindi, and Punjabi. CS handles a diverse range of calls, e-mails, on-line chat requests, and in-person inquiries. These include requests concerning anything from a voter's registration status or poll site location, to information about the Poll Site Voting System. In addition, the Department also supports field staff and poll workers in tracking and resolving incidents that occur at the poll sites during an election.

Ballot Management Department

THOMAS SATTIEBallot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2019 the Board conducted four elections: Special Elections on February 26 and May 14, a Primary Election on June 25 and a General Election on November 5.

Significant changes to New York State Election Law were passed by the Legislature in 2019, including the advent of Early Voting. The Ballot Management Department worked with staff at all levels and equipment vendors to assure ballot files were assigned properly to all voters using electronic poll books and Early Voting poll sites were stocked with paper.

Additionally, in 2019 the Board submitted numerous recommendations for law changes to the New York State Legislature to address concerns such as small type and difficult to follow instructions.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.

Poll Site Devices Unit

STEPHEN THOMPSONManager, Poll Site Devices

A unit within the Board of Elections, Poll Site Devices, is responsible for the maintenance, testing, preparation and deployment of tablets to training classes, field staff and poll sites.

For the 2019 Election cycle, two tablets were deployed to every poll site.

FOR 2019, TABLETS PROVIDED THE FOLLOWING FUNCTIONS:

FIELD STAFF (POLL SITE MONITORS AND TECHNICIANS)

Election Responder – real-time reporting, tracking and resolving of Election Day incidents via the tablet

Poll Site Locator – assist voters by directing them to the correct poll site and ED table

POLL SITE (COORDINATORS AND INFORMATION CLERK)

- Poll Worker Check-In uses QR code on Poll Worker Notice to Work to check-in Poll Workers and relay this information back to the Board offices
- Table Finder quickly identified ED table for voter in the poll site using a simple touch based, no typing system
- Election Night Reporting secure transmission of unofficial election night results from the poll site to a publicly accessible website

POLICE PRECINCT

Election Night Reporting – secure transmission of unofficial election night results from the poll site to a publically accessible website. Reading Election results at the Police precincts serve as a backup to the transmission from the poll site.

STANDBY DISPATCH SYSTEM

This system allows quick and accurate check in of standbys and gives staff the poll site attendance in real time so that deployment decisions can be made with up to date information.

ELECTRONIC ADA CHECKLIST

An application was developed to allow the Coordinators to transmit the ADA Checklist every 2 hours to the Board facility. This allows real time monitoring of potential ADA Issues in the sites submitted electronically. Prior to this, Coordinators were expected to call the Board when an accessibility issue was discovered during the completion of the checklist.

CONNECTIVITY IN THE POLL SITE

With the deployment of electronic poll books, the Board needed to ensure reliable connectivity in every early voting and election day poll site. Mobile Routers were purchased and setup for every poll site allowing the Board to enhance security, increase network redundancy and support additional devices in the poll site. Also, routers were built into a customized case with battery backup that required minimal setup by poll workers.

ADA Coordinator

ARIEL MERKEL
ADA Coordinator

The Board of Elections in the City of New York (BOE) conducts honest and fair elections from local to federal levels for all registered voters, including voters with disabilities. The Accessibility Unit is responsible for ensuring the BOE, as a government agency and employer, is in compliance with the Americans with Disabilities Act (ADA) and that voters with disabilities are able to vote privately and independently on Election Day. The team continues to ensure and augment BOE's efforts to maintain a fully accessible voting process in New York City.

The Accessibility Unit had a very productive year ensuring poll sites throughout the five boroughs are accessible to voters with disabilities on Election Day and throughout Early Voting. To support voters with disabilities, every poll site in New York City has at least one Ballot Marking Device and ADA Privacy Booth, as well as other accessibility aids such as magnifying glasses. Many poll sites also require additional temporary accessibility equipment, ranging from simple mats and cones to complicated ramping systems, in addition to ADA-focused poll workers called Accessibility Clerks. We are pleased to report that the Accessibility Unit also supported several permanent solutions at poll sites, including installing or modifying (raising or lowering) handrails on otherwise compliant ramps. The Accessibility Unit continually evaluates the needs of poll sites to assess what equipment is needed to ensure each site is accessible on Election Day.

The Accessibility Unit promotes inclusive practices and ensures all BOE environments are fully accessible. The ADA Coordinators not only ensure voters with disabilities have access to an inclusive voting process throughout all five boroughs, but also that BOE employees receive appropriate workplace accommodations in order to maintain top-quality performance. The Board of Elections is an Equal Opportunity Employer and we encourage all qualified applicants to consider a career with us!
