Mission Statement

The Board of Elections in the City of New York,

as provided under Section 3-200 of the New York State Election Law, is responsible:

1. To conduct fair and honest elections, from local to federal levels;
2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;
3. To conduct elections, certify the canvass and to retain the official records;
4. For voter outreach and education.

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

2021, what a year it has been! Fortunately, the hard-working and dedicated employees at the New York City Board of Elections during a busy election year provided the citizens of the City of New York with two special elections, a primary election and citywide general election to select a Mayor, Public Advocate, Comptroller, the entire City Council, several District Attorneys and Judges. Through the tireless efforts of senior management, Executive Director Michael Ryan, Deputy Executive Director Dawn Sandow, Operations Manager, Georgea Kontzamanis and Administrative Manager Wilma Brown-Philips, the Board conducted these fair, open, transparent and honest elections. The work of the senior administrators was complicated by the continuation of the COVID-19 pandemic which significantly reduced staff and imposing new changes to the New York City election process.

One major change imposed by executive orders included the extra availability of absentee ballots and changes to the process of reviewing and tabulating these ballots. Should an absentee ballot envelope contain an error, the BOE will return the ballot to the voter for remediation. The BOE has implemented an on-line portal for the receipt of absentee ballot application that tracks the application through the entire process from mailing to voting.

The New York City Board of Elections began 2021 with a robust public education campaign to educate voters on Ranked Choice Voting ("RCV"). The Board's public education campaign received praise from the public and good government groups. The comprehensive outreach included print, digital, social media amplification, public service announcement production as well as reworking the informational posters, privacy sleeves and privacy booths to include information on completing the ballot.

The General Election for Mayor, Public Advocate, Comptroller, the entire City Council, several District Attorneys and Judges was conducted flawlessly without a hitch. Of the 4,911,262 registered voters, 1,149,172 voters voted in the 2021 General Election. The details are set forth in this Annual Report.

The thousands of poll workers who really conduct the elections are underappreciated beacons of liberty especially in the age of COVID-19. Our poll workers start their election day at 5:00 a.m. opening the polls and work until 10:00 or 11:00 p.m. closing the polls. The Commissioners salute their efforts on behalf of the citizens of our city. We encourage all those wishing to participate in the political process to become a poll worker and perform this basic service for our great democracy.

Some of the Board's major accomplishments during 2021 included:

- Increasing the number of early voting sites to **106** and expanded the early voting hours;
- Implemented the *Fast Pass Tag* to speed up the voting process at the poll site;

- Employed line managers at poll sites to facilitate the voting experience and facilitate the sign-in process;
- Revising the information notice with simpler, more effective information;
- Updating the Board website and further development of applications for smart phones and computers to provide voters with candidate and voting location information;
- Continuing our voter outreach efforts to register new eligible voters, recruit poll workers and educate the public about the election process; and
- Encouraging further utilization by poll workers of tablets for monitoring poll sites and confirming compliance with ADA requirements.

The Board is constantly looking to find many additional accessible poll sites. The Board of Elections has implemented an impressive ramping program to help deal with accessibility concerns.

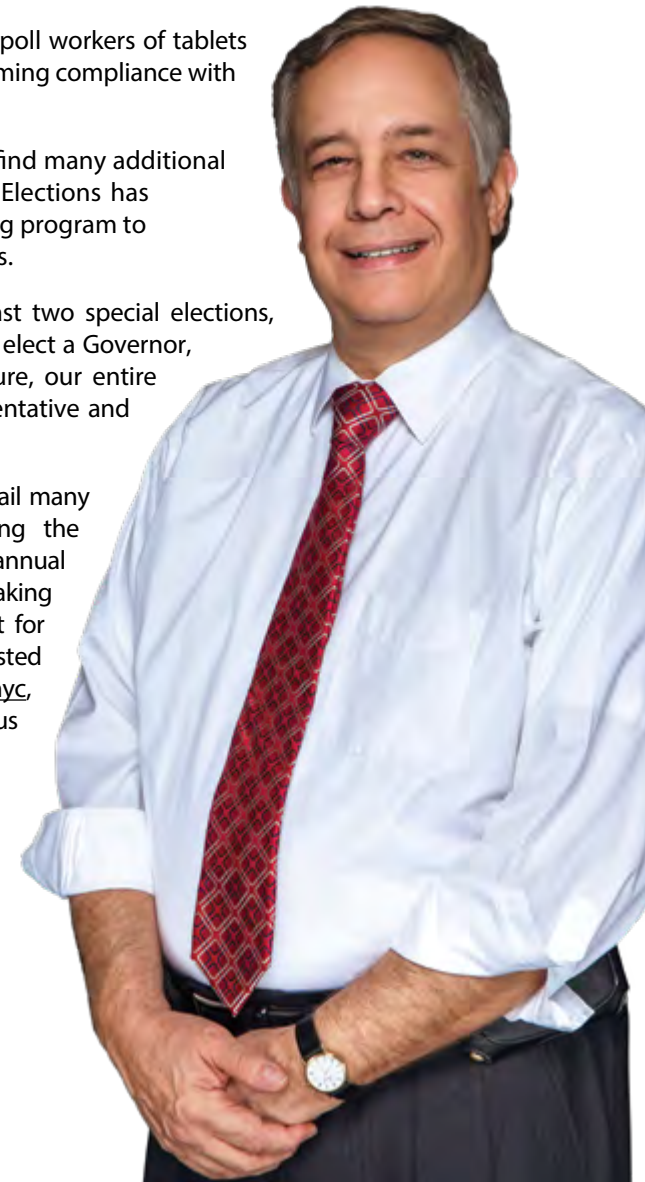

Next year we will be having at least two special elections, a Primary and a General election to elect a Governor, the entire New York State legislature, our entire delegation to the House of Representative and various judges.

The following annual report will detail many of the advancements made during the year in much more detail. This annual report highlights our goal of making the voting process fair and efficient for all voters. We encourage all interested parties to visit our website, vote.nyc, for more information including various appendices not included in this printed version.

Respectfully submitted,

Frederic M. Umame
President for Year 2021

Communications and Public Affairs

VALERIE VAZQUEZ-DIAZ
Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. The Board continued its education efforts in 2021 that shifted from public education about the upcoming elections to creating a campaign entirely focused on education of Ranked Choice Voting.

Although the Board was not tasked with the public education for Ranked Choice Voting, we were committed to developing a comprehensive campaign that reached voters in all 5 Boroughs in the covered languages of English, Spanish, Chinese, Korean and Bengali. The first campaign was focused on explaining Ranked Choice Voting for the Primary, we then focused our material on education of the Early Voting and Election Dates. The final campaign for the 2021 November General Election aimed to education voters of the Early Voting Dates and General Election as well as the public education portion that explained to voters that they would be resume the traditional form of voting with a choice of 1 candidate per contest for the municipal offices.

Print Publications: Citywide newspapers, local community based newspapers, required language publications (English, Spanish, Chinese, Korean and Bengali). The entire circulation of our paid print campaign totaled 19,728,400.

Digital: The Board launched an aggressive digital campaign (English, Spanish, Chinese, Korean and Bengali). The total impressions for the digital campaign was 163,169,613.

Social media: The Board also utilized its social media channels as a way to immediately respond to voter inquiries and help amplify our public education campaign. The Board's following increased 34% and our engagement rate was strong. We received a total of 33,347,908 impressions and a total of 42,204 audience mentions. We will continue to use our social media channels as an effective tool to have rapid response for frequently asked questions and to assist with overall messaging.

Out of Home Advertisements: The Board placed public education messaging throughout all NYC Kiosks.

Website: The Board created a dedicated landing page with information on Ranked Choice Voting. As always, the Board encouraged all voters to visit our website vote.nyc to find all election related content, such as the poll site locator, sample ballot and upcoming election dates. The Board's website received a total of 3,068,422 clicks with 2,325,918 voters visiting our poll site locator to locate their assigned Early Voting or Election Day site.

Collateral Materials: The Board created Ranked Choice Voting educational palm cards for distribution at all Early Voting and Primary Day Sites. We also designed 6 foot pop up instructional posters on RCV that were prominently placed at all sites that served as an easy reference for voters.

Public Service Announcements: The Board found that informational videos were a helpful tool used to educate the public. The following videos were created and shared on various platforms and the Board's website.

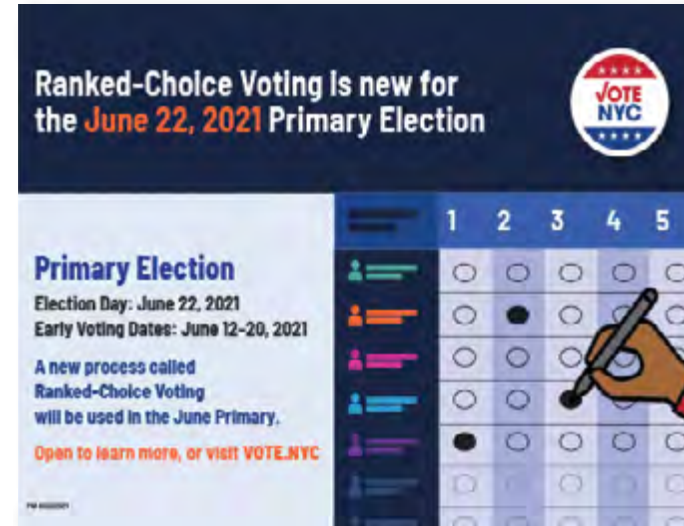

- Educational Piece on Ranked Choice Voting
- How to request an Absentee Ballot
- How to fill out your Absentee Ballot
- An instructional video on the importance of the information notice sent to all voters
- An instructional video on the availability of the ballot drop off box
- An informational video on Voting Safe in NYC. That highlights all of the safety precautions the Board had in place to keep all voters and poll workers safe
 - I. Fast pass card for contactless check in.
 - II. Floor markers to help maintain social distancing.
 - III. Antiviral wipes were available to use as needed.
 - IV. Individual stylus/pen were available for voters to check in on poll pads and mark their ballot, which voters were able to keep.
 - V. Voting machines were cleaned regularly with antiseptic wipes.
 - VI. Masks were provided to voters who needed one. Poll workers were required to wear BOE-provided masks.
 - VII. All Early Voting sites were professionally sanitized after close of polls.

We continued our very successful sticker campaign at the poll sites with the availability of "I Voted Early," "I Voted," and "Future Voter" stickers at all Early Voting and Election Day sites.

We also launched an aggressive poll worker recruitment campaign, utilizing traditional media both print and digital. Our campaign resulted in a total of 28,548 new poll worker applications.

Direct mailing: A mailing was sent to all registered voters that included education on Rank Choice Voting, along with the dates of the upcoming elections and the voters assigned Election Day site. The mailer also included a personalized fast pass tag that allowed voters (optional NOT required) to present the card at the poll site to allow for a contactless check in.

Voter Registration

BETH FOSSELLA
Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, I am, along with my staff, responsible for all activities that pertain to registering people to vote in the five boroughs of New York. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for **2021** according to the New York State Board of Elections Data Base is **5,598,883**. These numbers include both Active and Inactive voters (Active voters – **4,949,386**; Inactive voters – **649,497**). These figures are run twice a year on February 1st and November 1st of each year and are posted on the New York State Board Web Site.
 - Reaching out to all eligible voters in the City of New York and making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished through:
 1. Conducting registration drives at various community activities (street fairs, work fairs, community organization meetings, and senior citizen community centers) and providing material that will help explain the process of voting.
 2. Working with the Department of Education by visiting the high schools within the city informing and providing students, who are going to be eligible to vote, with registration applications as well as material that help explain the process of voting.
 3. Distribution of voter registration material to the public. It is to be noted that all voter registration material is translated, in accordance to law, in the five languages – English, Spanish, Chinese, Korean and Bengali.
 - Providing and making sure that all registration material is updated in accordance with New York State Law.
 - Registration applications are broken down as follows:
 - Regular registrations
 - Agency registrations
 - Department of Motor Vehicles
- These registration applications are broken down by Code:
- No Code - Regular registrations
 - Code 9 - Selected City agencies which fall under Local Law 29
 - Code D - CUNY

Voter Registration Cont'd

The law requires that the Board of Elections supply these agencies with all the materials they will need in the performance of these tasks, i.e. registrations applications, display boxes, booklets, posters in all the five languages that are required by law (English, Spanish, Chinese, Korean and Bengali). The total number of Code “9” registration applications that were given out in 2021 were:

The Code “D” registration applications are designated with a “D” in a small box at the upper left hand corner of the registration application. This enables the board to track how many of these registrations are processed.

DEBRA LEIBLE
Coordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who staff the polls and serve voters on Election Day. There are several different Poll Worker positions that vary in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service. Each poll site now has two tablets which the Coordinator gives to the Information Clerks during the day to assist with directing voters. At closing, the Coordinator uploads the PMDs from the scanners giving us the earliest possible results.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists. They now have tablets with an app to also assist with directing voters.

ACCESSIBILITY CLERKS are assigned to poll sites with alternate accessible entrances where doors cannot remain open or where other assistance is required. They are assigned to doors and elevators that do not have Braille, and they act as warning clerks where there is a hazard of someone tripping or bumping into something on the way into the poll site.

ED/AD TABLE INSPECTORS and **POLL CLERKS** are the backbone of the Board's Election Day workforce. There are two **INSPECTORS** at each Election District or table, one Democrat and one Republican — a system of "checks and balances" that is required by New York State Election Law. **POLL CLERKS** are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify that the scanners have not been tampered with, set-up and open the polls on the scanners for voting and assist voters if needed. There are two (2) inspectors per scanner; one (1) Democrat and one (1) Republican.

BMD INSPECTORS ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one Democrat and one Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

LINE MANAGEMENT CLERKS were trained to greet voters, offer them masks if they were not already wearing one, ensure voters were at the correct poll site and observing social distancing guidelines.

ELECTION NIGHT REPORTING CLERKS (ENR) — Every Police Precinct in New York City has a four-person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7pm. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of polls.

Once the polls close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records Bag which contains the Portable Memory Device (PMD) and the Zero Report and Results Tape. Once verified, the ENR Team uses the Election Night Reporting Tablet to upload and transmit any PMDs that were not uploaded at the poll site.

A.D. POLL SITE MONITORS are a bipartisan team of specially trained Poll Workers who monitor an Assembly District on Election Day.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Accessibility Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, nyc.electiondayworker.com, or by indicating interest in serving when completing their Voter Registration applications.

POLL WORKER TRAINING AND INITIATIVES — During 2021, the Board had 323 available Adjunct Trainers and Assistants to conduct poll worker training. There were 3,217 classes at 83 training sites throughout New York City. These classes train workers to use the Basic Poll Worker Manual, visual aids and various other voter information forms and materials used on Election Day. Demonstrations of the AutoMARK Ballot Marking Device (BMD) and the Optical Scanner Voting System are included in the training. The Board assigned 119,832 workers to classes and trained 41,355* poll workers. We continued to use step by step laminated instruction cards for the BMD and Scanners. The cards make it easier for poll workers to open and close the BMD and Scanners by working in teams of two – one reading the instructions and one performing the required steps.

The Basic Poll Worker Manual contains a section on diversity and incorporates customer service training. The poll site signage provides voter information and assistance in all 5 mandated languages based on the requirements in each borough.

Due to the Covid-19 pandemic, we continued online poll worker training for Basic, Interpreter, Accessibility Clerk and Line Management Clerk positions. 26,146* of the 41,355 poll workers were trained online.

NURSING HOME PROGRAM — Nursing home visits were unable to be made in 2021 due to the Covid-19 pandemic. The Board of Elections mailed 13,696 absentee ballots to nursing home residents during the Primary, General and Special Elections.

EDO DEPARTMENT staff assists with educating voters on the BMD, Scanner and election procedures. Demonstrations of equipment and outreach events are organized upon request, but have been on hold in 2021 due to the Covid-19 pandemic. In 2021, there were 28,431 poll workers recruited through print and digital ad campaigns.

Voting Equipment Operations Unit/Poll Site Management

CARLOS RODRIGUEZ
Chief Voting Machine Technician

The primary objective of the Voting Equipment Operation Unit and Poll Sites Annual Report is to provide a detailed inventory on the number of equipment (scanners, ballot making devices, ED transportation carts, privacy booths, and e-poll books/BOD) used during the 2021 Elections. The report closes with some accomplishments from the VEOU-Poll Site Division.

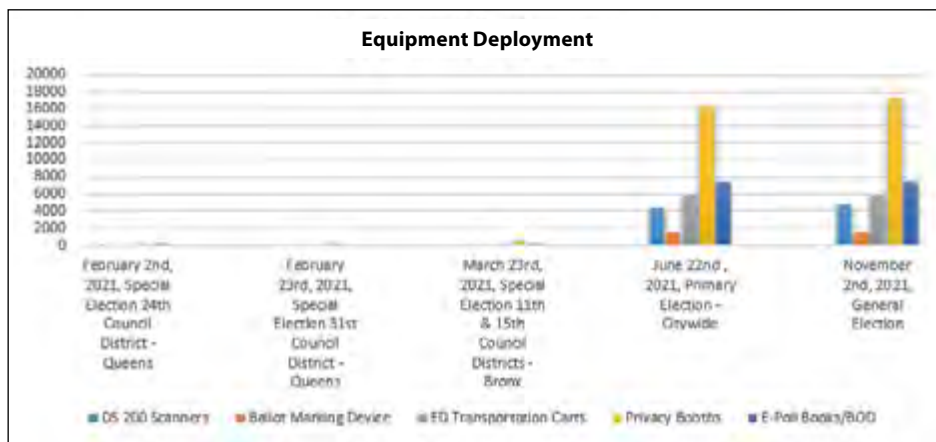

VOTING MACHINE FACILITIES

The Voting Equipment Operation Unit (VEOU) maintains responsibility for the management, security, testing, preventive maintenance and custody of voting equipment for each of the five boroughs in the City of New York. The Voting Machine Facilities (VMF) staff in all boroughs apply themselves to enhance the efficiency and preparation of Scanners, Ballot Marking Devices (BMD), Supply Carts & Ballot on Demand Station equipment during each Election.

Voting Equipment Operations Unit / Poll Site Management Cont'd

Among the 2021, VEOU-Poll Site Division accomplishments are:

- In conjunction with the ADA unit, implemented efforts to make polling sites, paths of travel, entrances, exits, and voting areas accessible for individuals with disabilities.
- Ensured that each polling site contained sufficient square footage, visible accessible entrances, and was technology friendly and reliable. Developed schematics for accessing polling sites and floor plans that detailed the placement of the Election equipment.
- Extensive involvement and collaboration for the successful Early Voting implementation at all designated poll sites. VEOU-Poll Site division ensured the proper deployment of equipment at the 106 early voting poll sites. Generators were acquired and installed at 60 early voting sites to accommodate electrical demands due to the continued use of ballot on demand station, E-poll Books and cradle points.
- Continued participation in poll sites re COVID-19 protocols development and enhancements. Poll workers were provided with appropriate Personal Protective Equipment and upon closing of the polls (where applicable) poll sites were sanitized by an approved vendor.

Ramp Unit

SUSAN M. CAICEDO
Voting Equipment Operation (VEOU)

The ramp unit is responsible to ensure that all polling sites have the necessary equipment to comply with ADA regulations in order to make them fully accessible to voters with disabilities. Working closely with the Board of Elections (BOE) survey departments in each of the five boroughs and in conjunction with the ADA Coordinators, we construct each site that requires equipment to make the sites accessible.

We currently have seventeen vendors who store, transport, and install the ADA equipment for approximately six hundred and twenty sites that are broken down into geographic zones within each borough. Equipment can range from mats and simple ramp setups to much more complicated ramp systems requiring multiple ramp runs, landings, ADA stairs, and Vertical Platform Lifts (VPL). These vendors are responsible to begin setup of equipment the day before an Election and complete the installations by 6am on Election Day. We will also make arrangements with some sites to install the weekend preceding the Election when the install is complicated and requires many hours to install. They are also required to attend training class prior to each Election on the proper installation of the ramp equipment and understanding of ADA compliancy. The vendors are also trained and certified to operate the VPL, which requires two operators at all times, one at the top and one at the bottom of the lift.

During Early Voting, the vendors are also responsible to install any equipment that is necessary to make these sites compliant. They will also monitor this equipment a minimum of twice daily for the full nine day of early voting to ensure that the equipment remains secure and compliant.

The ramp unit will also meet periodically with the two ramp equipment vendors, National Ramp and EZ Access, to discuss and develop new equipment options to meet the needs of the polling site where standard equipment may not always work.

We are always continuing to improve the installation process to ensure that voters with disabilities have a safe and compliant access to their polling location.

Facilities Operations

NICHOLAS SQUICCIARINI
Facilities Manager

In 2021 the most important thing was to keep all of our staff safe during this pandemic. We continued to have daily cleaning and disinfecting of our offices and Voting Machine Facilities and if we were notified of anyone testing positive for Covid we immediately deployed a special cleaning team to perform a disinfecting fogging for that location. In late 2021 DCAS started the process of the design, bidding and construction phase of the Annex space attached to 5112 2nd Ave (the Board's Brooklyn Voting Machine Facility). This will bring much needed additional space to a facility that is filled to capacity. We continue to request additional space for all of our locations due to the fact that we have no additional space for new equipment and staff. In our Queens Voting Machine Facility DCAS has completed a project for additional electrical drops and AC units to handle the additional equipment that early voting requires. We continue to work with DCAS to make sure all of our facilities are maintained to be operating efficiently and safely.

SHERWIN SUSS
Agency Chief Contracting Officer

The role of the Procurement Department is to oversee and process all Board of Elections contracts for goods and services to ensure compliance with the New York City procurement Policy Board Rules (PPB Rules).

The PPB Rules were developed to ensure that all city agencies' procurement practices are uniform in application, and to provide fair and equitable treatment to all persons doing business with the city.

EXPANSION OF BOE NETWORK AND EARLY VOTING SITES

The staff in the Procurement Department was busy in 2021 helping the Board expand and improve its network and capacity. This included contacting out for upgraded server capacity and increased speed of fiber network both intra and inter office.

The staff assisted with poll worker training through contracts that now provide online class options for poll workers.

Finally the staff assisted with the expansion of early voting sites by purchasing more ADA equipment to allow the new sites to be accessible. The Procurement Department continues to support the rest of the Board in conducting elections by supplying the materials and equipment that they need.

W/MBE PARTICIPATION

The Procurement Department continues to actively solicit W/MBE (women- and minority-owned businesses) to participate in the bidding process to provide goods and services for the Board of Elections.

Electronic Voting Systems Department

JOHN NAUDUS
Director, Electronic Voting Systems

"The mission of the Electronic Voting Systems Department (EVS) is to administer and support the Board's computerized voting systems during pre- and postelection activities conducted in each of the five counties in the City of New York."

The Board's computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots; the Election Management System for ballot marking devices (BMD); the Poll Site Voting System (PVS) used at the poll sites on Election Day; and the automated audit system used during the recanvass of elections; the Ranked Choice Voting (RCV) Software. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process.

EVS provides assistance and support during pre- and postelection activities in each county. These activities include:

- Testing the Poll Site Voting System; and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots
- Writing the portable memory devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each of the Poll Site Voting System scanners
- Recanvassing election results
- Canvassing ballots for write-in votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit ballots
- Tabulating the Ranked Choice Voting results

The Board was scheduled to conduct six elections in the year 2021: two February Special Elections; a March Special Election; a June Primary Election, and November General and Special Election.

The Poll Site Voting System (PVS), the ballot marking devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, and Affidavit ballots were used in all 2021 elections. The automated audit system was used in all the 2021 Elections. Implementation of the automated audit has helped significantly by eliminating the requirement of having staff count thousands of ballots and contests manually. 2021 also saw the induction of Ranked Choice Voting for City Offices in the Special and Primary Elections. Voters were able to rank

Electronic Voting Systems Department Cont'd

up to five candidates in order of preference, instead of casting a vote for just one. A new RCV Software was used tabulate the results for those contests.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

On Election Night, poll site coordinators used tablets to transmit the unofficial election results from all active poll sites. The unofficial results on the portable memory devices (PMDs) were read into tablets. The tablets transmitted those unofficial election results to the secure file transfer protocol (SFTP) servers at the General Office.

Election Reporting Manager (ERM) servers at the General Office read the unofficial results from the SFTP servers. In periodic intervals during election night, the unofficial results were electronically transferred to the Board's website, the State Board of Elections, the Board's S-Elect system, and to the media. In addition, the PMDs were transferred to the police precincts. Bipartisan teams of Board personnel read the PMDs into Election Night Results (ENR) tablets. The second reading of the PMDs ensures that we read any PMDs that were not read at the poll site and we send those unofficial election results to the General Office.

DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS (ENR) AND THE RECANVASSED RESULTS

General Election

Average difference between the ENR and Recanvassed results: 1.10%

Primary Election

Average difference between the ENR and Recanvassed results: 1.51%

Special Elections

Average difference between the ENR and Recanvassed results: 0%

For a breakdown of the use of the ENR Tablets for obtaining unofficial election night results, please see **Figures 1 and 2**.

*(0% represents a perfect match between the ENR and Recanvassed results.)

EARLY VOTING IN NEW YORK CITY

Every election in 2021 included Early Voting. EVS developed Early Voting ENR based on existing best practices. Modifications were made to address unique criteria pertaining to Early Voting:

- Polls Close two nights before Election Day
- Results are not reported until Election Night
- Having Board staff capture the PMD reading to obtain 100% upload of Early Voting PMDs

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2021. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9 pm to 9 am the next morning) as follows:

Election	Number of views
Primary	3,846,875
General Election	1,276,020
Special Elections	494,061

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to reuse portable memory devices (PMD) prior to the two year maturity date required by *Election law §3-222. Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software. Those procedures are being revised to meet evolving needs since its implementation in 2012, and to provide more efficiency within those tasks.

Teams of bipartisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided onsite guidance and support throughout the entire archival process.

EVS PROCEDURES

EVS is responsible for several departmental procedures that impact the canvassing EVS is responsible for several departmental procedures that impact the canvassing of elections. This year, EVS implemented Automated Audit procedures and created a General Election Canvass Supplement that included information about Cure Affirmations for Absentee ballots. EVS updated the Canvass Procedures, which is administered at all Board office

locations. The updates included Early Voting and Automated Audit processes, along with updates to the Manual Canvass and Security Requirements.

BALLOTS

For all of the 2021 Elections combined, more than 2,256,000 ballots were cast in the City of New York. About 231,000 were Absentee, Military, and Affidavit ballots that were either processed by the Central Scanning and Tabulation System or manually tabulated. In addition, more than 2,025,000 paper ballots were cast at poll sites, scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2021.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Personnel and Records Management

STEVEN GUGLIELMI
Director of Personnel

The Personnel Department is responsible for the well being of all employees at the Board of Elections. As a new employee is processed, in addition to completing the appropriate paperwork, both the Policies and Procedures Handbook and Conflict of Interest Board (COIB) Manual are provided and an Identification Card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension Benefits are the responsibilities of the Personnel Department as well as the processing of all Workers' Compensation claims. All benefits are updated as needed throughout the tenure of the BOE employee. Verification of Employment and Unemployment Benefits applications are also processed through this Department.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program (EAP). To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel, consisting of the Director of Personnel and a member of the Legal Department and/or other staff member.

Matters of discipline fall under the jurisdiction of the Personnel Department. Alleged Violations of the Policies and Procedures Manual are investigated and hearings held as necessary.

Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. If a hearing determines that a violation has occurred, the employee may be reprimanded or disciplined. The disciplinary actions may include probation, suspension or termination.

The role of the Records Management/Retention department is to oversee the maintenance of records in accordance with the legal criteria determined by both the State Archives and Records Administration and the State Board of Elections;

Works with the Legal department to provide access to information, such as FOIL requests;

Monitors the retention process while documents are in storage;

Oversees disposal of expired records;

Ensures permanent retention and preservation of records of enduring value.

The Records Management/Retention department collaborates with the Board's assigned bi-partisan Retention Monitors in the Boroughs and General Office who have all been trained to use our Records Management System. The RMS allows for easy tracking and transfer of records and is periodically updated to meet our departmental needs.

GERALD SULLIVAN
Finance Officer

The Board of Elections Finance Department's main responsibilities are creating and managing the agency's budget. Finance works with Executive Management to present the financial needs to the City Council. Prior to the Fiscal Year (July 1st) the New York City Board of Elections requests funding from the city of New York to manage the day-to-day expenses of the Board as well as the cost of any scheduled election events.

After the budget is adopted by the City Council the typical work of the Finance Department is tracking invoices; vendor information account maintenance as well as processing and paying bills. A great deal of the Finance Office activity is standard and does not change from month to month. There are various special and on-going projects that the department works on; some of these are listed here:

- A)** Producing Daily and Monthly Financial Reports
- B)** Poll Sites – update database/process payments
- C)** Car Service assignments: After-hours coordination of workers for rides home
- D)** Postage: refund/review of potential deficient balance
- E)** Electronic Fund Transfer enrollments – ensuring vendor enrollment
- F)** Election Day support provided by department personnel.

The Finance Office is divided into two sections:

1) PERSONAL SERVICES (PS)

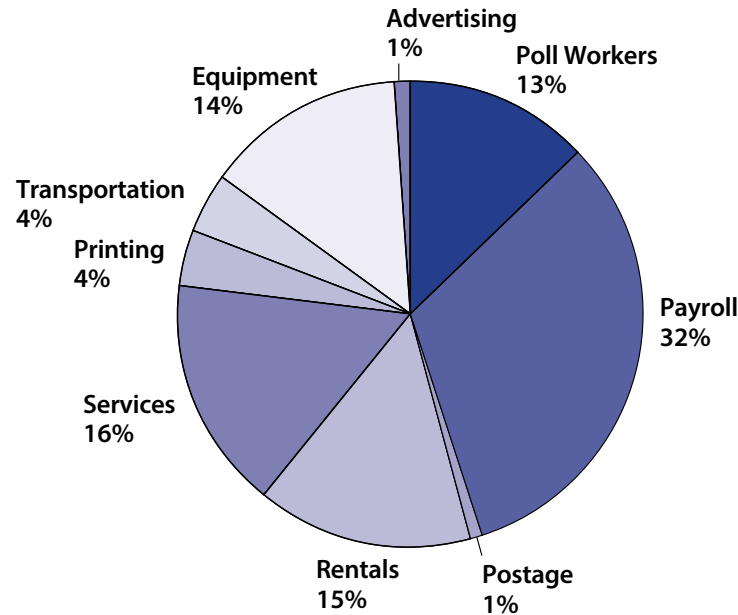

Personal services are the payroll section. Payroll data is accumulated from the five borough offices, Voting machine facilities and the General office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board's Personnel Department.

2) OTHER THAN PERSONAL SERVICES (OTPS)

The O.T.P.S. section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department. The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency's budgeting process. In addition the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

The Office also oversees all aspects of the process for candidate filing and Board review of Designating and Nominating petitions, cover sheets and/or certificates. The Office maintains a good working relationship with the New York State Office of Court Administration with respect to the Judiciary’s activities in connection with the electoral process. In addition, the Office provides guidance and support for the conduct of the canvass of votes mandated by Article 9 of the Election Law and the Board’s Policies and Procedures.

COMPLIANCE ACTIVITIES

The Office advises the Commissioners on all elements of the Board’s legal compliance with all applicable statutory and regulatory requirements. Any proposed change in election administration affecting voters is reviewed by the Office before being presented to the Commissioners for approval. The Office acts as the Board’s liaison with other governmental regulatory and investigatory agencies, including the United States Department of Justice, the local United States Attorneys’ Offices, the New York State Attorney General’s Office, the District Attorneys of the five counties within the City of New York, the New York City Department of Investigation, and the Inspectors General for various City agencies.

LEGISLATIVE ACTIVITIES

The Office regularly monitors all legislative and judicial actions that impact election administration and advises the Commissioners on all legal developments, including statutory compliance with City, State, and Federal mandates related to the Voting Rights Act, the Military and Overseas Voters Empowerment (MOVE) Act, the Help America Vote Act (HAVA), the New York State Election Law, the New York City Charter, and related judicial directives. In addition, the Office drafts for consideration by the Commissioners the Board's annual recommendations for revisions in the New York State Election Law for presentation to, and consideration by, the New York State Legislature and the Governor.

LITIGATION

The Office acts as the Board's principal point of contact with the New York City Law Department, which usually represents the Board in all litigation matters involving the Board of Elections, its operations, and personnel. Throughout 2021, the staff of the Office assisted the assigned Assistant Corporation Counsels in litigating various matters, including those related to ballot access, poll site designations, poll site accessibility, voter registration systems, employee discipline as well as various tort claims against the Board. In addition, the Office represents the Board before various administrative tribunals.

PERSONNEL MATTERS

Section 3-300 of the New York State Election Law empowers the Commissioners to appoint and remove at their discretion all employees of the Board. In accordance with the collective bargaining agreement entered into by the Commissioners and Local 1183 of the Communications Workers of America, AFL-CIO, the Office conducts all administrative hearings required under that agreement for Board employees. It is also responsible for resolving employee disciplinary matters prior to a formal hearing through negotiation, pursuant to the direction of the Commissioners of Elections and the agreement of Local 1183.

FREEDOM OF INFORMATION LAW

The Office receives, processes, and compiles agency records sought by the public under the New York State Freedom of Information Law (FOIL). In collaboration with the appropriate Board staff, the Office coordinates the photocopying of records, gathering of electronic documents for transmittal, and scheduling of physical inspections of original documents by those individuals and entities seeking such public records. In addition, prior to its release, the Office reviews and redacts any information contained in the public records which by law are exempt from disclosure. It also processes any appeals for submission to the Commissioners of Elections.

Management Information Systems Department (MIS)

ANTONIO ORTIZ
Acting Director,
Management Information Systems

OVERVIEW

The MIS department is responsible for maintaining the Network/VoIP Phone Infrastructure, Server Infrastructure, Application Infrastructure, Helpdesk and Print Shop Operations. NETWORKING & VOIP PHONE INFRASTRUCTURE

Provided highly available, redundant and secure data connectivity to all Board offices and Voting Machine Facilities (VMF). The networking group also provides support and maintenance to our VoIP phone system. All BOE locations are interconnected via a private WAN (including backup network capabilities) to the two data centers (EO and DR). The security of our internal networks is maintained through firewalls and other internal security appliances, which are monitored and maintained by MIS Staff. The network group is responsible for maintaining 24x7 secure connectivity from the BOE data centers to some outside entities, such as the New York State Data Center and cloud-based resources.

SERVER INFRASTRUCTURE

Maintained physical and virtual server environment for two data centers (EO and DR) and remote office sites. Deployed, configured and maintained over 100 virtual servers to facilitate domain functionality, email, application hosting, database hosting and system administration. Provided redundancy and highly available systems that meet Cyber Security recommendations and best practices including Patch management, scheduling and deployment on all physical and virtual environments. Maintained Network Attached Storage (NAS) and Storage Area Network (SAN) that provides virtual server environment with storage capabilities. Produced backups of critical data on a rolling basis with restore upon request capabilities.

APPLICATION DEVELOPMENT AND DEPLOYMENT

MIS in conjunction with partner vendor's n-Tier and SageSmith developed, maintained and deployed a suite software called Election Information System (EIS).

EIS Software Suite:

ARCHIVAL FOR VOTER IMAGES AND DATA (AVID) – nTIER

In 2021, n-Tier allotted its efforts on behalf of the NYC BOE into the following four areas:

1. improving existing systems
2. providing research and development to future registration flows
3. developing next generation software
4. ongoing support

The improvements to existing systems largely occurred in the absentee system area that, by necessity, had been rush developed in 2020 to meet the unprecedented needs of voting in the pandemic. The research and development were conducted in order to advise NYC BOE Operations of the implications of new laws mandating online

voter registration and automatic voter registration to n-Tier's AVID voter registration system. The next generation software effort provides a better technical platform in order to meet newly published New York State BOE guidelines and future application enhancements.

1. Improving existing systems

At the request of the BOE, n-Tier rush developed new software modules to meet new demanding challenges to voting in the pandemic in 2020. These stop-gap solutions contained many manual processes. In 2021, n-Tier rewrote and extended these programs to improve and fully complete the automation for these essential modules.

The software programs involved in the rewrite are listed below:

Absentee Software Module	Description
NYCAbsentee.com	Public web portal to accept absentee application requests for specific predefined elections.
On Premise Transaction Processor	Program to take transactions from web portal and store them on premise in staging server.
Break Glass	Program to automatically apply absentee application requests to voter records without human intervention.
On premise Absentee Tracking	Series of programs to track activities made during absentee application processing.
Absentee Tracking Portal	Public web pages to display steps taken by BOE, print vendor and USPS to process absentee request.
AVID where's my ballot function	Internal AVID function to provide current status of voter's absentee application.
Intranet version of Portal	Intranet version of NYCAbsentee.com used internally to process phone and email requests.
Absentee Email Processor	Program to read emails sent to BOE from voters requesting to vote absentee and then create appropriate AVID absentee request work items.
Absentee Ballot Cure Processor	Program to provide notification (email & phone) attempts and tracking of right permitting voters to correct certain invalid ballot determinations.

Management Information Systems Department (MIS) Cont'd

Functional improvements to the previously mentioned absentee modules included:

- Extending the absentee system to include applying for temporary absentee application for multiple events in a calendar year. The absentee system had previously been written for an event at a time processing.
- Enhancing absentee tracking to include cure information.

Beyond additional functional capability, the absentee modules required significant technical improvements due to their initial rushed development that included:

- Completing areas where manual intervention was previously required
- Improving exception handling
- Placing functions under monitoring system
- Adding additional web security to portal

2. Providing research and development to future registration flows

While the work mentioned in the last section had the effect of putting the belt and suspenders around work done in the past, n-Tier spent significant time and effort in 2021 looking to the future. To this end, in support of the NYC BOE operations management interest in exploring the implications and operational flow of online voter registration, n-Tier developed an online voter registration system prototype. This research was an especially timely endeavor as the state BOE is about to begin addressing recently passed legislation to support online voter registration and automatic voter registration.

Our online voter registration system prototype was a complete end-to-end implementation of an online voter registration system that included:

- A web front end for voter registration submission
- Real-time queueing system for moving transactions from web to on premise
- An on-premises staging server to firewall web transactions from production voter registration
- A continuous transaction feed to take transactions from staging server and build virtual document for processing within the AVID Voter Registration system.

The prototype demonstrated that we could seamlessly, rapidly, and without human intervention take online voter registration submissions from a web portal to AVID work in process. This should help ensure that NYC is a knowledgeable partner in the design of the upcoming state BOE Online Voter Registration/Automatic Voter Registration (OVR/AVR) project.

3. Developing next generation software

In the latter half of 2021, n-Tier focused its efforts on developing its next generation system architecture to ensure that AVID Voter Registration remains a technically current and adaptable platform for the future needs of New York City. Two drivers to this effort included the New York State Board of Elections' requirements for certifying voter registration systems used within the state, and significant new technology advancements from Microsoft. The new NYS BOE requirements include significant security requirements, new reporting requirements, and compliance to numerous application features.

The goals for the new project will be to gain state certification while simultaneously providing an enhanced AVID Voter Registration with a more flexible user interface and a product which is easier to deploy.

4. Ongoing support

Finally, in 2021 as it has since the year 1999, n-Tier provided comprehensive support for all voter registration, absentee, and affidavit processing needs of the NYC BOE for all scheduled election events. Additionally, n-Tier provided mandated periodic reporting to the DOJ on behalf of the NYC BOE.

SYSTEM ELECT (S-ELECT/S-ELECT7) - SAGESMITH

In 2021 there were a considerable number of development and enhancement projects which spanned the EIS (S-Elect/S-Elect 7 Core and NYC Election Hub Cloud). These efforts varied from modifications and enhancements to major development projects. All projects had to be developed, tested, and implemented under tight election deadlines requiring a continuous review of priorities and progress with leadership at the Board of Elections.

For the following EIS application areas, a total of one hundred and twenty-five projects including enhancements, modifications, and major new developments were completed in 2021:

1. Poll Worker
2. Candidate and Petition Processing
3. Ballots and Language Assistance
4. Facilities
5. Inventory Management
6. Poll Site Devices
7. Voting Day Issue Tracking

- 8. Finance and Procurement
- 9. Election Night Reporting
- 10. Results Canvassing and Certification

A major emphasis at the beginning of the year was put on system support for an unprecedented citywide worker retraining program due to the implementation of rank choice voting for municipal offices. This effort coincided with the formal launch of on premise and cloud support for the full integration of the recently acquired online training module. The standout project in the second half of the year was upgrading the Election inSite tablet system to a Progress Web Application while introducing worker-submitted ticketing and language assistance logging as brand-new functions within.

SageSmith continued working closely with the Management Information Systems Department on data and software support as well as infrastructure and cyber concerns where the Election Information Systems were impacted.

BALLOT ABSENTEE TRACKING SYSTEM (BATS) – MIS

Changes in law due to the pandemic reduced restrictions for requesting absentee ballots. Also as mentioned above an online portal was created for requesting absentee's and integrated with BATS for processing and tracking ballots. With this process MIS and the print vendor implemented Intelligent Mail Barcode (IMB) to track absentee ballots through the US Postal Service and reflect status on Absentee Portal. This integration also expedited the processing and mailing of absentee ballots.

Provided development, support and bug fix on a consistent deployment schedule. Also created and modified numerous reports to allow tracking by district and party. Created web friendly reports for publishing on BOE website.

Domain and Email Administration

The MIS staff is responsible for administrating the Windows Domain, user groups and security policies. In addition, the staff administers on site Email/Exchange and Cloud Office 365 email synchronization. Email access on mobile phone and devices continue to provide a means of communication for Commissioners, BOE Executives and staff. Strategic planning and implementation for a migration from on-site Exchange environment to Office 365 is ongoing.

Helpdesk Support

MIS staff provided user desktop deployment and support for over 900 employees. This included the reset of domain user passwords, granted access to EIS system software, managed user permissions for folder access and miscellaneous software support. This group also managed printer deployment, configuration and support.

Website Development and Support

The Boards website (<https://www.vote.nyc/>) is the vehicle used to inform the public of election specific information, registration process and numerous election related materials. Content management is performed by MIS staff along with general maintenance of back end processes.

Livestream Support

Every public meeting of the commissioners along with random draws and petition review meetings must be livestreamed through the internet. MIS staff schedules and manages the stream along with maintenance of all Audio/Video (A/V) equipment needed to facilitate the broadcasting. In addition, the staff also coordinates with American Sign Language Interpreter (ASL) and integrates the translation in real-time to the live stream.

Print Shop

A significant number of BOE mail pieces and printed documents were produced by the Print Shop in 2021. Production included Street Finders, Enrollment Books, Political Calendars, Voter Notices, Poll Worker Letters, Poll Site Accessibility Letters, Poll Site Change Notices, Renewal Notices, Notices to Train, Notices to Work, District Maps, Coordinator Handbooks, Availability Notices, CRU Letters, Transmittal Receipts and numerous publications.

Our Print Shop continues to provide a facility for the Board to communicate with the voting public and poll workers.

Ballot Management Department

THOMAS SATTIE
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2021, the Board conducted six elections: a Special Election in the 24th Council District on February 2, a Special Election in the 31st Council District on February 23, a Special Election in the 11th and 15th Council District on March 23, a Primary Election on June 22, and a General Election and Special Elections in the 30th Senate District and 86th Assembly District on November 2.

The three Council Special Elections and Primary Election were all conducted using Ranked Choice Voting, a first for municipal elections for the City of New York. Ballots and instructions for the Primary Election were designed in "Ranked Choice/Non-Ranked Choice" fashion to simplify the experience for voters and accommodate all voting equipment.

Ballot Management continued working with Board staff at the City and State levels, advocacy groups and Absentee Print Vendor to enhance design of envelopes and instructions to improve the voting experience for Absentee voters as well.

As always, the Ballot Management Department worked with staff at all levels and equipment vendors to assure ballot files were assigned properly to all voters using electronic poll books and Early Voting poll sites were stocked with paper.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.

Poll Site Devices Unit

STEPHEN THOMPSON
Manager, Poll Site Devices

A unit within the Board of Elections, Poll Site Devices, is responsible for the maintenance, testing, preparation and deployment of tablets to training classes, field staff and poll sites.

For the 2021 Election cycle, two tablets were deployed to every poll site.

FOR 2021, TABLETS PROVIDED THE FOLLOWING FUNCTIONS:

FIELD STAFF (POLL SITE MONITORS AND TECHNICIANS)

- Election Responder – real-time reporting, tracking and resolving of Election Day incidents via the tablet
- Poll Site Locator – assist voters by directing them to the correct poll site and ED table

POLL SITE (COORDINATORS AND INFORMATION CLERK)

- Poll Worker Check-In – uses QR code on Poll Worker Notice to Work to check-in Poll Workers and relay this information back to the Board offices
- Table Finder - quickly identified ED table for voter in the poll site using a simple touch based, no typing system
- Election Night Reporting – secure transmission of unofficial election night results from the poll site to a publically accessible website

POLICE PRECINCT

Election Night Reporting – secure transmission of unofficial election night results from the poll site to a publically accessible website. Reading Election results at the Police precincts serve as a backup to the transmission from the poll site.

STANDBY DISPATCH SYSTEM

This system allows quick and accurate check in of standbys and gives staff the poll site attendance in real time so that deployment decisions can be made with up to date information.

ELECTRONIC ADA CHECKLIST

An application was developed to allow the Coordinators to transmit the ADA Checklist every 2 hours to the Board facility. This allows real time monitoring of potential ADA Issues in the sites submitting electronically. Prior to this, Coordinators were expected to call the Board when an accessibility issue was discovered during the completion of the checklist.

CONNECTIVITY IN THE POLL SITE

To support electronic poll books, PSD is tasked with ensuring reliable connectivity in every early voting and Election Day poll site. Mobile Routers were purchased and setup for every poll site allowing the Board to enhance security, increase network redundancy and support additional devices in the poll site.

VOTER WAIT TIME

During Early Voting, voters were able to access real-time information on anticipated wait time at their early voting site. An application deployed in the poll site allowed poll workers to submit the current wait time which was immediately available on the Board's website. In 2022, this application will also be utilized for Election Day.

ARIEL MERKEL
ADA Coordinator

The Board of Elections in the City of New York (BOE) conducts honest and fair elections for all registered voters, including voters with disabilities. The Americans with Disabilities Act (ADA) Unit is responsible for ensuring the BOE, as a government agency and employer, is in compliance with the ADA and that voters with disabilities are able to vote privately and independently.

VOTER EDUCATION

New Yorkers were introduced to a new way of voting this year, Rank Choice Voting, in which voters had the option to rank candidates in the order of their preference. The ADA Unit supported voters through these changes by partnering with the Campaign Finance Board to hold a series of educational events specifically targeted to voters with disabilities. During these webinars, the ADA Unit explained to voters with disabilities how to navigate the Rank Choice Voting ballot on the Ballot Marking Device (BMD) and the Accessible Absentee Ballot (AAB). The ADA Unit presented at dozens of meetings and webinars hosted by the following disability organizations: the Bronx Developmental Disabilities Council, Brooklyn Family Support Service Advisory, Center for Independence of the Disabled in New York, Disability Rights New York, Downstate New York ADAPT, Greater New York Council of the Blind, and the Mayor's Office of People with Disabilities.

VOTING FROM HOME

As the pandemic continued, many New Yorkers opted to vote from the safety of their own home by applying for an absentee ballot. For voters who are unable to mark a paper ballot because they are visually impaired or otherwise disabled, the ADA Unit distributed an electronic version of the absentee ballot called the Accessible Absentee Ballot (AAB). Eligible voters with disabilities who requested the AAB were able to use their personal adaptive technology to mark and print their absentee ballot from home. The ADA Unit provided extensive support to voters navigating New York's first Rank Choice Voting AAB.

ADA Unit Cont'd

After each election, the ADA Unit analyzed all data entered into the ADA Checklist and Poll Site Coordinators' Journals, as well as incidents entered through Call Center, to compile a comprehensive report of all accessibility incidents that occurred throughout early voting and on Election Day. The ADA Unit worked closely with the Poll Site Surveyors, VEOU, and Ramp Unit to rectify each issue prior to subsequent elections.

The ADA Unit promotes inclusive practices and ensures all BOE environments are fully accessible. In addition to providing accessible ballots and poll sites, the ADA Unit provides sign language interpretation for BOE public meetings and hearings upon request. BOE employees and poll workers also receive appropriate workplace accommodations in order to maintain top-quality performance. For example, we provide sign language interpreters for our many Deaf poll workers. The Board of Elections is an Equal Opportunity Employer and we encourage all qualified applicants to apply to serve as a poll worker!
