Dedicated to

JENKINS M. ROBERTSON — A friend to all VPI students. A friend because he is one of us. He does everything he can to understand our problems and there is not a thing he would not do to give us a helping hand when we need it. Everyone knows that the welcome mat is out at Jenks' place—he has given us a home away from home.

For years he served as advisor to the *Virginia Tech*, but also he has been advisor to all of us in publications. Even though he retired from the position of advisor this year, he has not abandoned his post. VPI and we the students can be proud that this man is serving us.

ADMINISTRATION

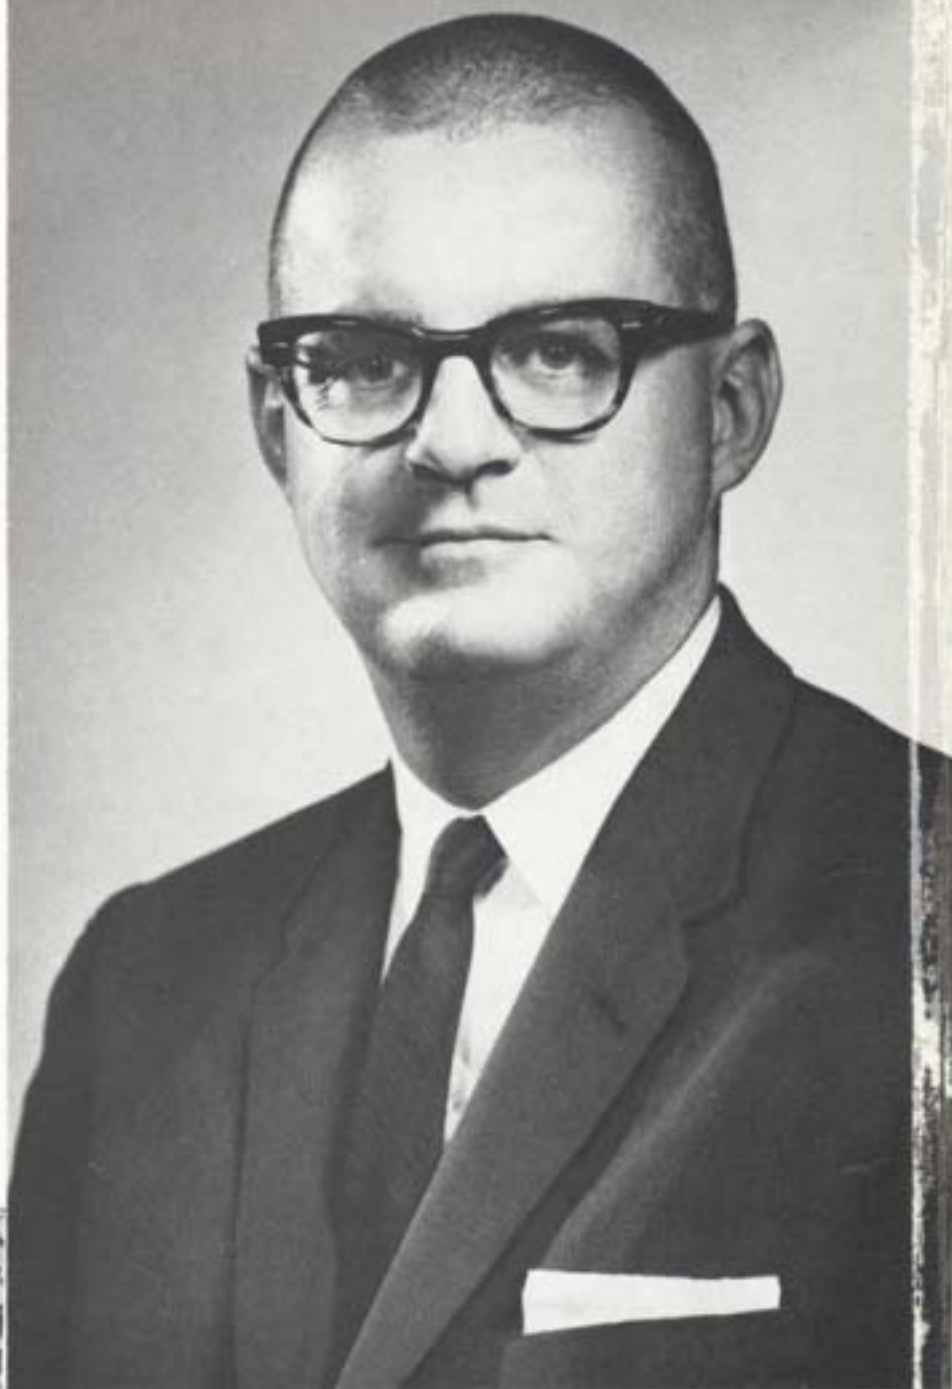

E. GLENN HART
Editor

Dr. T. Marshall Hahn, the eleventh president of Virginia Polytechnic Institute, through his two years in this position has continued to strive to fulfill what he has outlined as our two-fold responsibility—"to place ever increasing emphasis on excellence and provide the broad education which will enable VPI graduates to work tomorrow in fields which do not exist today."

At 36, Dr. Hahn is the youngest president in the history of VPI, and the youngest land-grant university president.

After receiving his B.S. degree in physics from the University of Kentucky in 1945, Dr. Hahn did graduate work at the University of Maryland. He received his Ph.D. degree in physics from the Massachusetts Institute of Technology in 1950.

From 1954 to 1959, Dr. Hahn served as head of the physics department here at Tech. He was dean of Arts and Sciences at Kansas State University from 1959 until his appointment as VPI president in 1962.

Dr. T. Marshall Hahn
President

THE PRESIDENT

VICE PRESIDENT

Dr. Warren W. Brandt, one of the nation's top young research chemists, assumed the duties of vice-president of VPI on July 1, 1963.

Brandt graduated as valedictorian from Michigan State University. In 1949 he received his Ph.D. degree from the University of Illinois.

Dr. Warren W. Brandt
Vice-President

BUSINESS MANAGER

In 1945 Stuart K. Cassell was appointed finance and business manager of VPI, thus bringing this section under the control of one man.

Cassell, a 1932 graduate of Tech, was an instructor of agriculture from 1935 to 1945.

During his undergraduate days at VPI, Cassell was a member of the Corps of Cadets. As a senior he was a First Lieutenant in Company L. After receiving his B.S. degree, he continued his education, receiving his M.S. degree in 1933.

Business Manager

W. G. Worcester, *Dean*

The School of Engineering at VPI is recognized as one of the best in the country. Degrees are offered in several varied fields.

Through numerous grants as well as other means the various departments are able to offer students practical exercises with the types of equipment and situations they will be likely to encounter in their careers.

Three major changes have been made in the past year. The graphics department has been placed in the industrial engineering department, the architecture department has been made a separate school, and W. C. Worcester has been made dean.

Having perhaps the greatest direct influence on Virginia residents of any school at Va. Tech, the School of Agriculture gives technical advice and experimental results to the farmer and homemaker as well as to the student. The Virginia Experiment Station and Extension Service centered here are the sources of the out-reaching influence. Scientific application is the major influence in student training.

Offering a more general education to the students of VPI is the School of Science and General Studies. The school offers service courses to the students in all departments, such as English and foreign languages, physical education, mathematics, and science courses. In addition, preprofessional preparation may be obtained for dentistry, medicine, and veterinary medicine in the biology curriculum, prepharmacy through the chemistry curriculum, and prelaw. Also found in this school are the Air Force and Army ROTC instructor groups. Each year a number of cadets receive commissions as Second Lieutenants.

A professional school, the School of Business, strives through general education and broad programs in business to give the student a firm foundation in good business practice and theory. Other objectives of the school are to offer courses to students not in the business department, sponsor conferences and short courses in the field, encourage research in business and economics, offer graduate courses at the masters level, and prepare students to enter law school.

CLASS OF '64

Edited by RONALD E. JOHNSON

The senior year is a time of personal growth. It may well be said that this growth is a fast forced one. The anticipation of becoming a senior quickly turns to the anguish of being one. We are all suddenly faced with many questions and necessary decisions which will affect our lives for a lifetime to come. How do we know that we have made our decisions correctly? We do not. However, we have spent four years developing a mature, independent-thinking mind which has learned to be rational, and yet mindful of ideals; to be confident, but not pompous; and to be brave, but not foolhardy. Yes, we have grown, and in the past four years, Tech has grown too. As we become VPI alumni, it is our wish that this growth in ourselves and our alma mater should continue, and that we can be a credit to ourselves and to VPI.

—Robert E. Russell, President of the Class of '64.

The college at Blacksburg covers approximately 2,300 acres, of which about 550 acres are included in the campus proper. At the center of this ever expanding campus is Burruss Hall containing the administration offices and the auditorium. Burruss Hall has become the symbol of Virginia Tech, and its picture can be seen from Richmond to the N&W railroad station in Christiansburg. The students of VPI will never forget Burruss Hall or the ringing of its 61 bell Memorial Carillon, a gift of Tech alumni.

The Duck Pond gives Virginia Tech a place for the aesthetic nature lover to seek refuge from the turmoil of his daily schedule. The pond also affords Tech many recreational activities, such as ice skating in the dull winter months; however, the little pond has become famous because it is the Techman's version of "Lover's Leap." Neither rain, nor snow, nor sleet will discourage the dauntless Techman from pursuit of his loving female. If the graduating senior cannot boast at least one precious moment at the Duck Pond, then he has missed a part of his education.

Homecoming has become Virginia Tech's "alumni weekend." Graduated seniors return to their school and reminisce on days of old. The weekend is begun with a concert on Friday night. On Saturday the schedule of events is packed full. The corps review, parade, open house, football game, and dance all help to make the weekend a memorable one. Virginia Tech will always welcome its alumni who return and express an interest in the progress of *their* school.

The VPI police force is a dedicated organization. They are willing to overcome all obstacles to give the maximum number of parking tickets in the minimum period of time. Early every morning the campus swarms with our courageous patrolmen giving tickets to cars with flat tires, broken axles, and stolen motors. However, it is good to know in these troubled times that we have such dedicated men working in our midst ready to give the Techman so many fair deals, such as a \$16 parking ticket. We realize, nevertheless, that our "campus cops" are only doing their duty, so we bear them no parting grudge.

UNDERCLASSMEN

Edited by JOHN W. BARTHOLOMEW

Virginia Tech has passed many generations through these stone walls to take their place in a world of exhilarating fascinations and frightening confusions. As undergraduates of this university we are proud of our opportunities and conscious of our heritage. We have seen our university and our world change around us in a very short time, and we are aware that they will soon be ours to change. This generation is the first to live under the imminent threat of world-wide destruction and atomic holocaust. To deny the seriousness of this threat and the weight of our responsibility would be foolhardy. Likewise, any attempt to avoid our responsibilities would be deadly. We must not yield to the temptation to cringe before the ever-increasing complexity of our society. Our ability to shoulder these responsibilities and effectively meet the needs of those who count on us will depend upon our training and preparation for a job which will not be easy. We are grateful to our university for the responsibility which it has undertaken; and we are confident that, as alumni, we will continue to be grateful for an excellent education, and a far-reaching preparation for the world of tomorrow.—Dave Magill, Class of '65 president.

RING DANCE

Edited by CHARLES and ROBERT LINTHICUM

THREE YEARS OF WAITING AND IT IS FINALLY HERE . . . RING DANCE 1964. EVER SINCE THAT FIRST RING DANCE ON A SPRING NIGHT IN 1934, VIRGINIA TECH JUNIORS HAVE BEEN CAPTIVATED BY THE MAGIC OF RING DANCE WEEK-END. THE MYSTIC STRAINS OF RING DANCE ORCHESTRAS HAVE ALWAYS SUCCEEDED IN TRANSPORTING THE JUNIOR AND HIS DATE TO A WONDERLAND OF MUSIC AND ROMANCE. THE MOONLIGHT MANOR THEME OF 1964 LENDS AN AIR OF ENCHANTMENT AND TRANQUILITY TO THIS WORLD OF MUSIC.

PREPARATIONS WERE LONG UNDERWAY BEFORE THE MANY HOURS OF CAREFUL PLANNING AND DECORATING MATERIALIZED INTO YOUR MOONLIGHT MANOR. IN LINE WITH THE TRADITIONS OF THE OLD SOUTH, THE PLANTATION BALLROOM WAS CHOSEN FOR THIS YEAR'S DANCE.

A UNIQUE BLENDING OF PASTELS, RED, BLUE, AND GOLD TRIM SET OFF A REPLICA OF THE CLASS RING MOUNTED ATOP A DUAL STAIRCASE WHICH WOUND ITS WAY TO THE BALLROOM FLOOR. GLEAMING WHITE WOODWORK AND SPARKLING, GLASS FRENCH DOORS LINED THE WALLS OF THE PLANTATION ROOM. A BEAUTIFUL FIREPLACE TO ONE SIDE ADDED THE FINISHING TOUCH TO THE MOONLIGHT MANOR SETTING. THE SOUNDS OF STAN KENTON'S ORCHESTRA GENTLY FLOWED THROUGH THE MANOR THROUGHOUT THE EVENING.

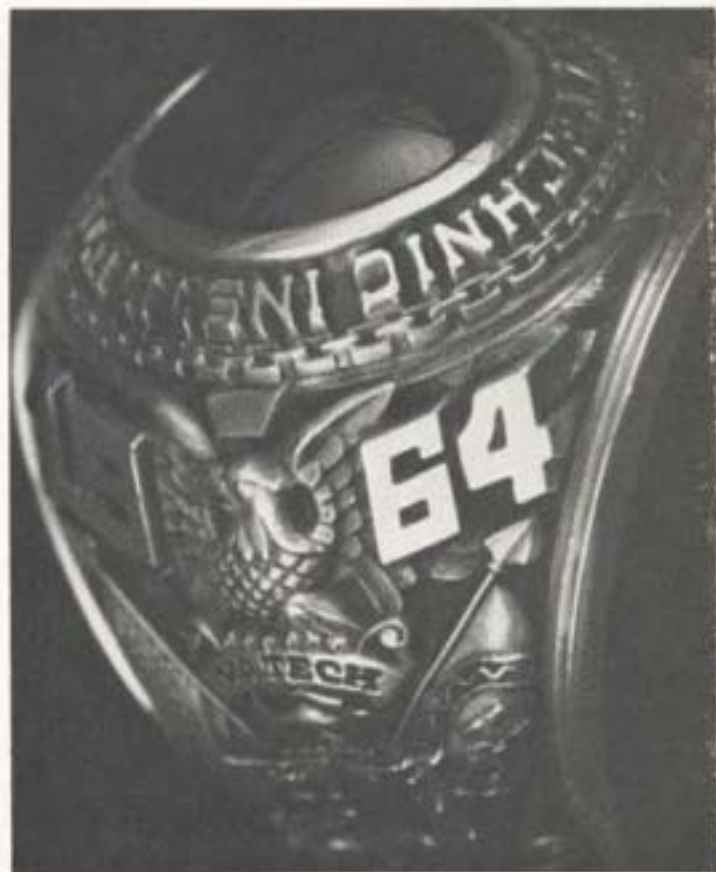

AS YOU TURN THESE PAGES THINK WITH US OF THAT WEEKEND LAST SPRING. FIRST THERE WAS THAT HECTIC FRIDAY AFTERNOON BEFORE THE DANCE. THE CAR HAD TO BE WASHED AND WAXED AND SOMEONE HAD TO PICK UP THE FLOWERS. THEN THERE WAS THAT DINNER JACKET TO BE PICKED UP FOR THE CIVILLIANS AND THE PALETOT AND SABRE FOR THE CADETS. OH, YOU ALSO HAD TO FIND TIME TO GET A SOUVENIER COPY OF THE VIRGINIA TECH RING DANCE ISSUE AS WELL AS GET SOME DINNER. WELL, YOU FINALLY GOT TO THE DANCE AND FROM THERE ON IT WAS THE MOST THRILLING EXPERIENCE OF YOUR LIFE. STAN KENTON'S ORCHESTRA WAS SUPERB AND THE DECORATIONS AS WELL AS THE GIRLS WERE BEAUTIFUL. AFTER THE FIGURE AND DANCE, THE FIREWORKS AND SILVER TAPS WERE A SPECTACULAR ENDING TO A WONDERFUL EVENING. HOWEVER, THERE WAS STILL SATURDAY'S DANCE, AS WELL AS SOME OF THE MANY WEEKEND PARTIES.

NEVER BEFORE HAS A CLASS BEEN MORE DESERVING OF SUCH A GLORIOUS WEEKEND. A MEMORABLE WEEKEND FOR A MEMORABLE CLASS.

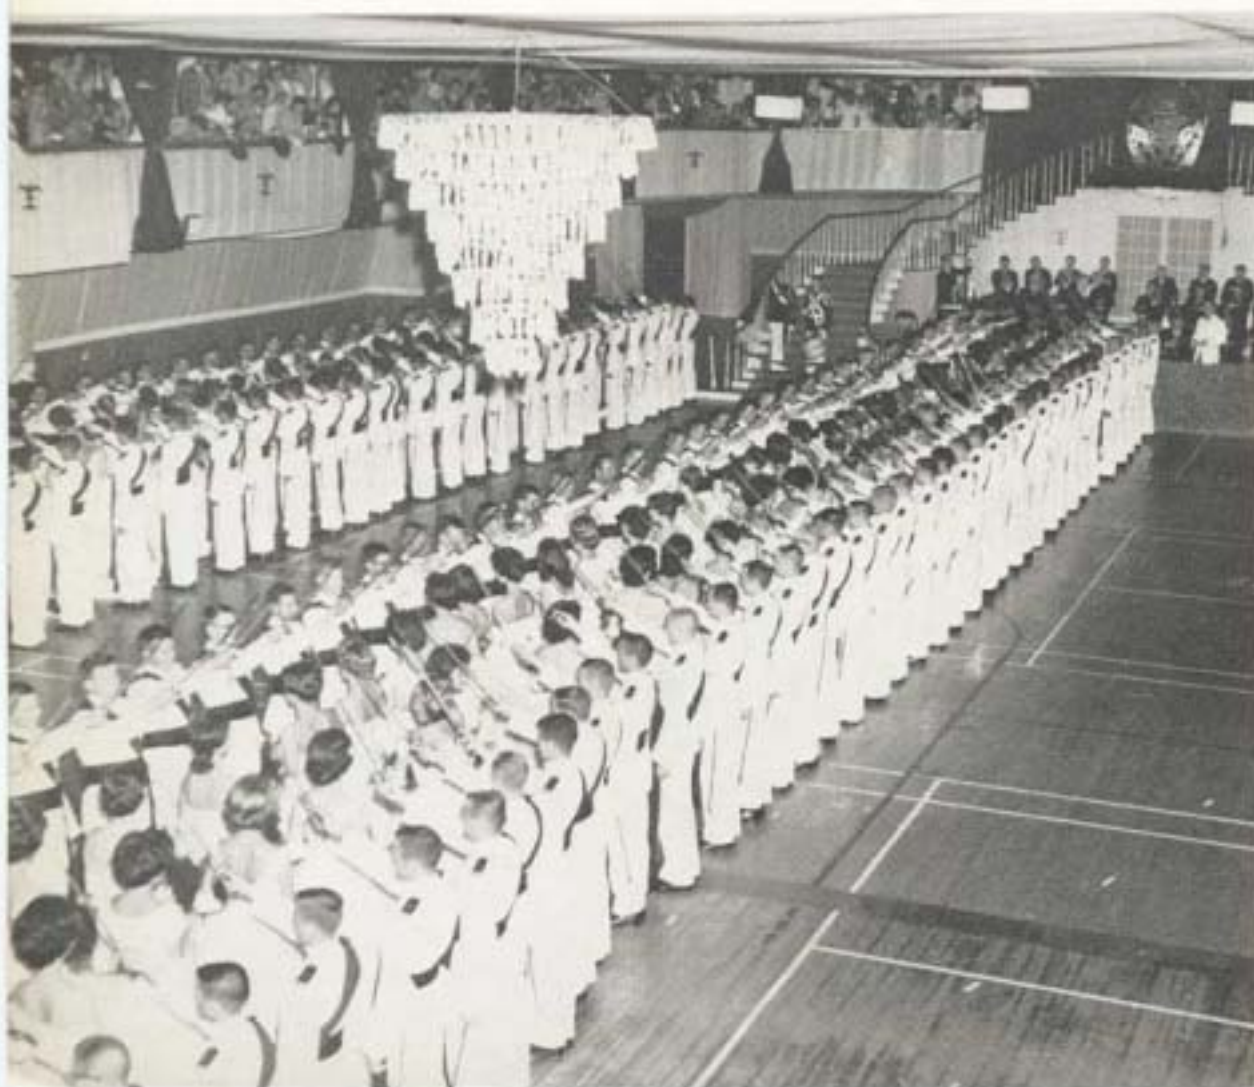

Let's go inside.

RING DANCE

That's right, it's even bigger this year.

Where's my girl?

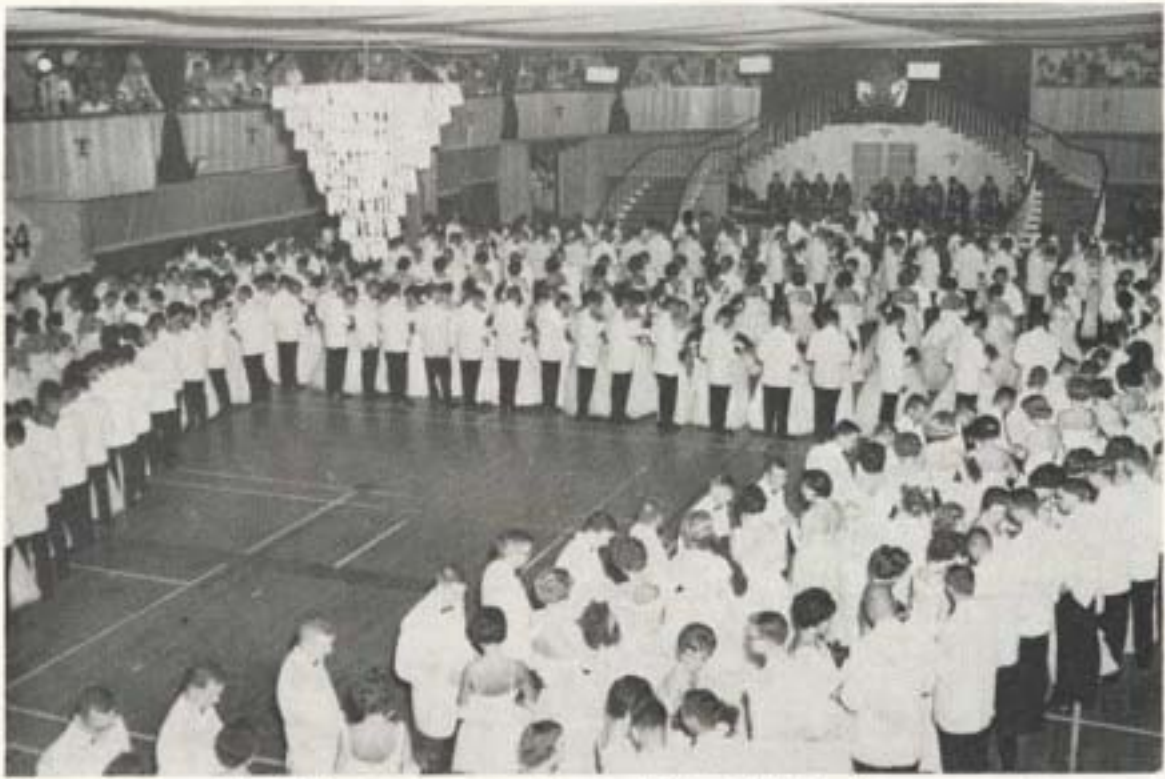

AN ARCH OF SABRES USHERED THE CADET'S DATES INTO MOONLIGHT MANOR. THE CADET FIGURE, A GIANT "VT" WAS THEN FORMED BY THE LADIES AND THEIR ESCORTS. AS THE GUESTS LOOKED ON FROM THE BALCONY ABOVE, THE MAGIC MOMENT ARRIVED. EACH DATE PLACED THE RING ON HER ESCORT'S FINGER AND MOONLIGHT AND VPI ECHOED THROUGH THE MANOR.

I thought you'd never get here.

If that rat misses getting a picture of this . . .

The civilian figure, a torch, is symbolic of lighting the way toward improved educational heights.

Saturday was a REAL dance!

OUR COLLEGE LIFE is one of many memories—memories of the good times, the bad times, the dances, the parties, and the lasting friendships—all of which make up the heart of our college days. Who will ever forget the frantic hurrying about, trying to make all the necessary arrangements for formals; the long awaited and swinging after parties; the colorful parades; and the many fine friendships developed? These are the things which we will never forget because they have become an integral part of us. In the following pages we will try to present to you some of the many highlights of your college year—1964.

Tomorrow is the Queen's day.

Flash! Turkey bites Indian.

HOMECOMING . . .

HOMECOMING WEEKEND of 1963 was filled once more with activities involving almost all phases of college life at VPI. Entertainment abounded for everyone and ranged from the mod-

ern jazz of Dave Brubeck to the flashy performance of the football team against William and Mary.

ONCE MORE
Sonny Utz crashes through the William and Mary defense as Tech compiles a 28-13 victory over the Indians.

. . . AND WE ARE WINNING . . .

Not like the old corps, but they win their games just the same.

... AT GAME'S END . . OLD FRIENDS MEET . . .

MEMBERS OF the Old Guard reminisce with one another as the game ends happily for all Tech fans, both young and old. This Homecoming was a big one, especially in the eyes of the members of the Class of '13 because this was their year of honor. The float judged as best in the parade was entered by the American Society of Civil Engineers and depicted the theme, "VPI, Rich in Tradition—Devoted to the Future." Judy Hanger graced the throne of the Queen's Float as she reigned as Homecoming Queen. She and her alluring court were all smiles and charm; all who were lucky enough to see them will testify to that.

The winning float . . . molded by thought and effort.

DAVE BRUBECK plays the piano in his own inimitable style at the Friday night concert. With aid from the other members of the quartet, he entertains a capacity crowd in an outstanding performance. In contrasting entertainment an Indian wraps an arm around a fleet Tech back in an effort to stop him.

Ultramodern jazz at its best.

BRUBECK'S JAZZ . . . RING OUT WILD BELLS . . .

Beauty is something to behold and the queen and her court are no exceptions.

Well, I'm not going to pick it up!

The Cotillion advisor? No kidding . . . Where?

FALL FORMALS . . . AND

VIRGINIA TECH, known through the south for its fine formals, lived up to its reputation with Fall Formals 1963. The Cotillion Club dances, held in War Memorial Gymnasium, began on Friday night with Woody Herman and his "herd" keeping in pace with the theme "Shig-aree." Billy Butterfield and his orchestra provided the entertainment for Saturday night's dance. The wild west

Hmmm . . . possibilities.

I think my suspenders broke.

Is it time yet?

BROKE AGAIN . . .

theme was presented in red, yellow, and brown decorations.

The German Club held their dances in Squires Hall and concentrated on a "Mood Indigo" theme. Richard Maltby and his orchestra played Friday night and Kai Winding and his band entertained on Saturday night.

Snow is falling heavily, inside as well as outside.

WINE . . . OR WAS THAT

ONCE AGAIN VPI's fine dance clubs succeeded in providing tech students with an exciting winter formals weekend on Feb. 21 and 22. The German Club's dance theme, "Cupid's Affair"

with a ski lodge setting, was held in Squires Hall ballroom. Music was provided on Friday night by Lionel Hampton and his band, and on Saturday night by Ned Guthrie and, of course, Jo Baby.

That big band sound—with Jo Baby?

... WINTER FORMALS?

THE COTILLION CLUB presented their dance theme, "Winter at Night," in War Memorial Gymnasium. A ski lodge, decorated in blue and white, was the setting in which Maynard Ferguson played on Friday night. Saturday night rang in with the music of Burt Massengale and a special intermission featuring the Eary Times Singers.

Strongest forearm in the Southwest.

This isn't Wake Forest formals? You're kidding, aren't you?

Montieth Baladiers—Sandy Seay, Rod Smith, Steve Barnes, and Batch Oliver take top honors in the Corps Minstrel!

MILITARY WEEKEND . . .

MILITARY WEEKEND, February 27-29, was full of many pleasant memories for all concerned. Starting things off Friday night was the Corps Minstrel,

Saturday was highlighted by Military Ball.

*Top Photo—"What's a minstrel wit'out dem endmen!"

Well, it's about time you showed up.

CIVILIAN WEEKEND

THE SECOND annual civilian weekend arrived at Tech on Feb. 1 and 2. Friday night was highlighted by a Journeymen concert followed by a dance in Squires Hall. Saturday was topped by

the West Virginia basketball game and numerous after-parties.

... AND SEE WHAT COLLEGE CAN DO FOR YOU ...

I think his shoes are too small, causing him pain.

PLAYS OF 1964

No Brenda, I'm not your mystery man.

And he also forgot to put out the trash.

ON NOV. 15 and 16, the Maroon Mask presented "The Potting Shed" by Graham Greene. The mood of mystery and concealment of truth was given a fine interpretation by the Maroon Mask members. The Maroon Mask's second production was a Shakespearean comedy, "Much Ado About Nothing," presented on Feb. 14 and 15.

Thou hast a point there.

Some local color.

... AND, OF COURSE ...

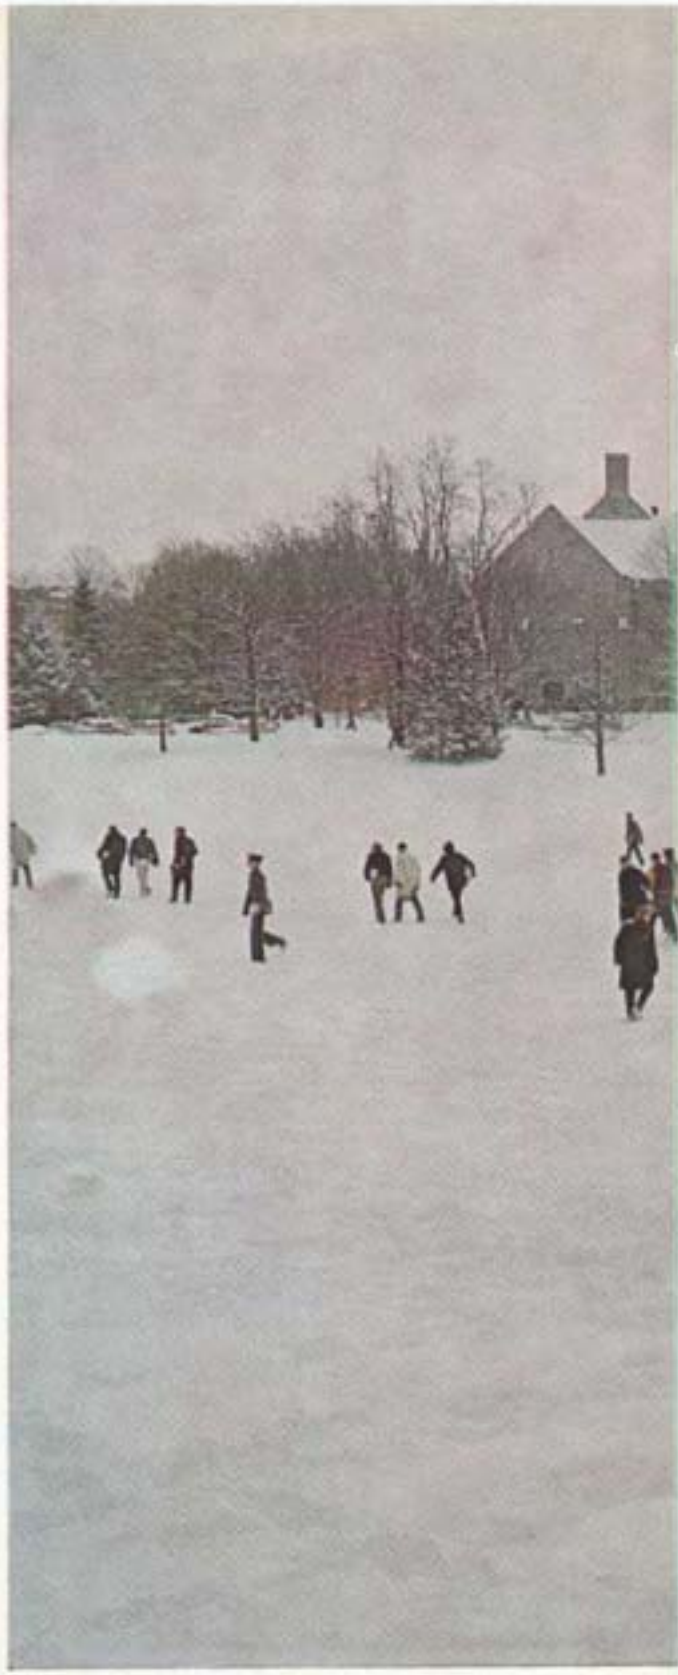

... and he's got a crippled deputy.

CORPS OF CADETS

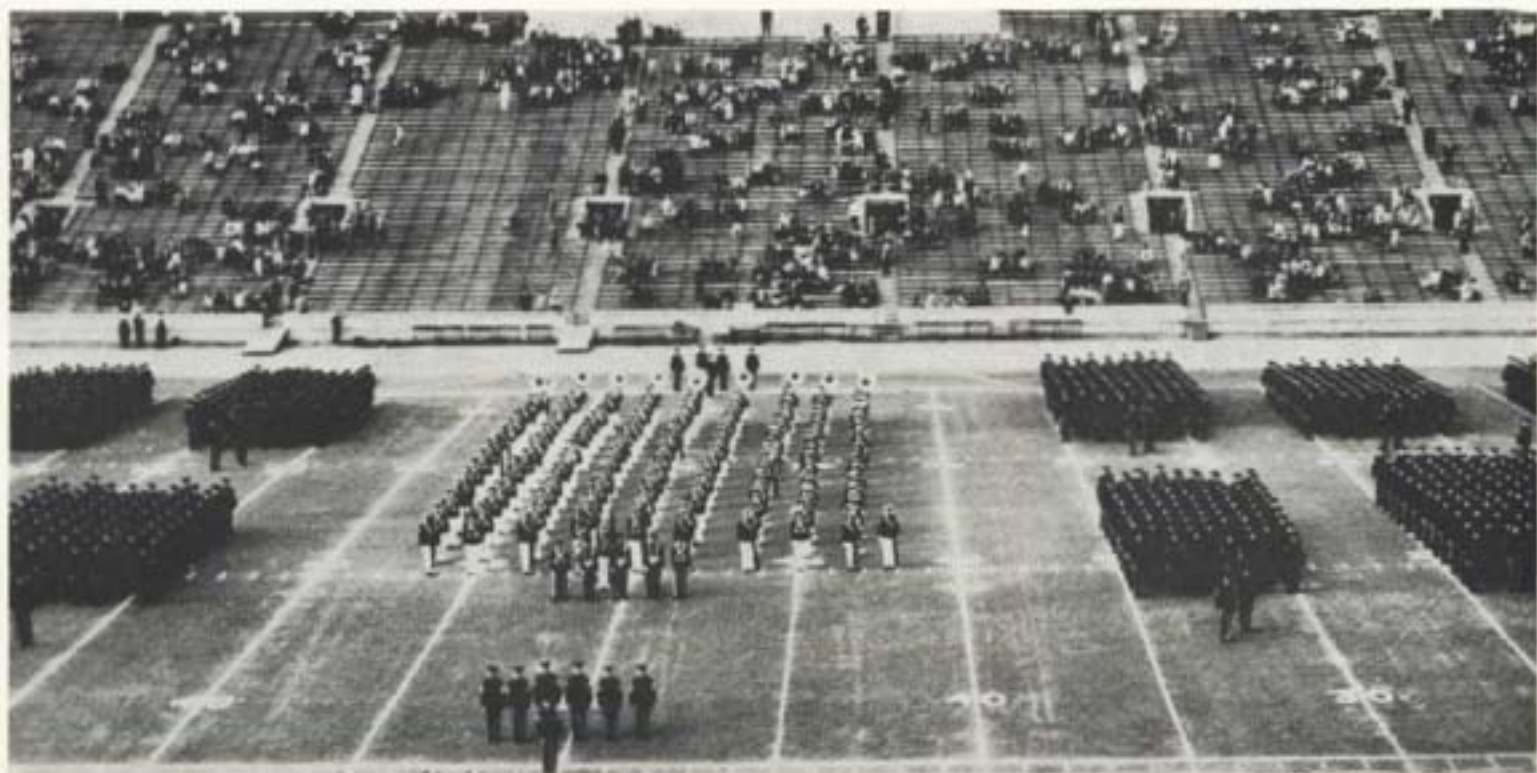

Edited by RUSSELL L. HENDERSON
2nd Lt. VTCC

Virginia Tech, a land-grant college, maintains a Corps of Cadets to fulfill its military obligation. The Cadet Regiment, 2200 strong, is composed of a Headquarters, 2 Battalions, 2 Groups, and a Regimental Band. The Corps differs from other Cadet Corps in that it is run by its own officers under the supervision of the Commandant and his assistants. It is separate from the ROTC department since the Commandant is a college official and all cadets are not required to take instruction in military science.

In an effort to maintain the high military and academic standards of the Corps, every aspect of Corps life has been examined and re-evaluated and the basic needs for improvement were noted and acted upon. The Regiment provided an improved atmosphere for study this year as a cadet's education was placed on an equal level with leadership, responsibility, and self-discipline—the other aims of the military system. A new and comprehensive "Cadet Manual" was issued to provide a better foundation for our progressive system.

Many years have past since this picture of the Old Corps was taken, but the purpose of the Corps and the caliber of men it has produced since then have not changed. As was true in 1898, it takes a well-rounded individual to succeed in a world that places a heavy burden upon each of its children. The Virginia Tech Corps of Cadets has always strived to build men who could face the many challenges of modern society. In keeping with the many traditions of the Corps, today's cadet can proudly say that he belongs to a fine organization.

Brig. Gen. M. W. Schewe, USA (ret.)

COMMANDANT

Always working to uphold Corps traditions and standards, Gen. Schewe has shown that he is one hundred percent behind the Regiment. He has assured a long future for the Corps by providing its present goals with a new one—QCA. By establishing strict call-to-quarters study conditions, allowing civilian clothing to be worn in the library, and cutting down on the number of company meetings, the Commandant has given the Corps a new position in the University.

Mr. Creasy and his secretaries, Norma Wright and Judith Martin.

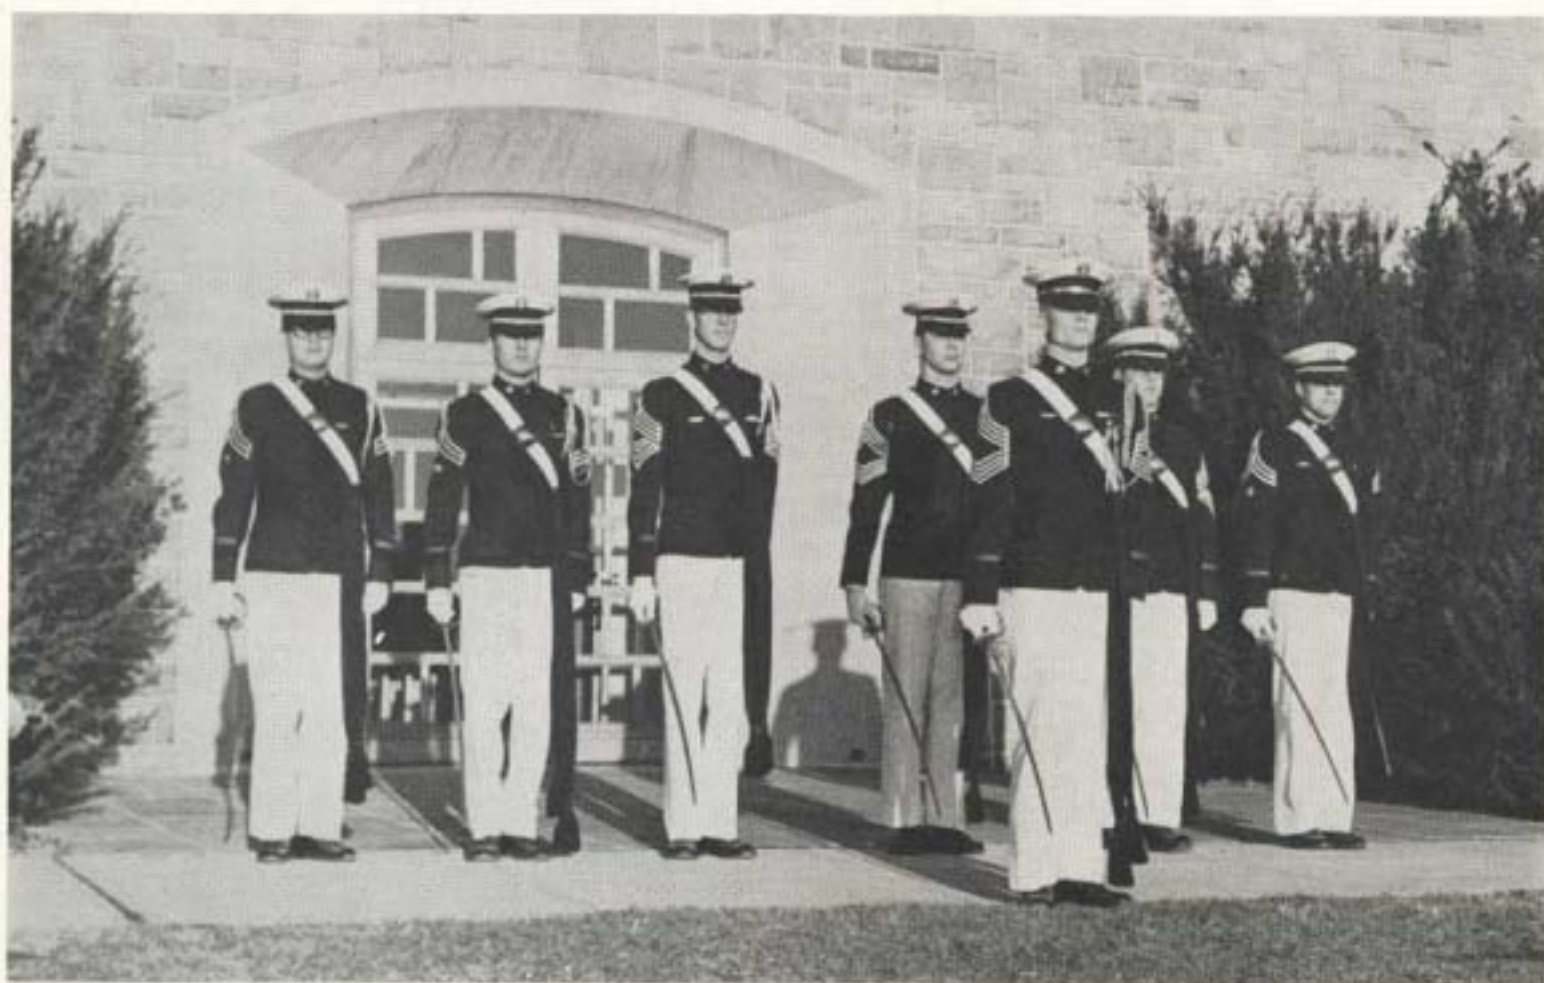

The general interviewed all of the Juniors.

Members of his staff came in often.

This staff is one of the most unique in the Corps—it has no command functions. Rather, it is a special staff, appointed and directed by the Commandant of Cadets, which performs special services for the entire Regiment.

The President of the Corps of Cadets is an elected official who supervises the Executive Branch by acting as the presiding officer of the Senate.

The responsibilities of the Corps Scholastic Officer encompass all aspects of a Cadet's academic pursuits. Working with a scholastic officer in each unit, he maintains contact with academic problems and insures the best possible study conditions and academic environment.

Although it is the pride of each cadet to uphold the Honor System, the final responsibility rests with the Chief Justice. His duties range from the orientation of freshmen to the conduct of actual trials—all of which result in this most cherished possession: a cadet's honor. To aid the Chief Justice, the Honor Council Chairman conducts or supervises the necessary investigations.

The General's Aide acts as a liason officer between the Commandant and the Corps of Cadets. He is the administrative commander of the Commandant's Staff.

The Corps Chaplain, aided by the Assistant Corps Chaplain, is responsible for all of the religious activities undertaken by the Corps of Cadets. He improves and stimulates religious activity throughout the corps.

REGIMENTAL

John Scardina Stuart Steele Robert Russell Lewis Jeffries
Adjutant Operations Officer Commander Second-in-Command

Robert E. Russell from Southhill, Virginia, led the staff this year. When he made colonel, it made the headlines of his hometown newspaper. His Second-in-Command is Lewis I. "Bud" Jeffries, who is one of the local boys and seems to be in the center of the local cloud bank by popular acclaim (he received 50% of the votes on a write-in).

John A. Scardina is a friend of those who have no friends and, as Adjutant, his favorite phrase is, "Hello, guardroom . . ." Intelligence is passed around by Alton B. "Butch" Harper who sits at his desk day and night dreaming of a "bigger and better cannon." Planning is carried on by Stuart C. "Stu" Steele who spends most of his time planning how to spend more time in bed.

Supplying Radford with one member of the staff is the main function of Byron T. "Tiny Tim" Walsh, Archie W. Vipperman—the last of the good guys—has managed to have his picture in the paper almost as many times as it has come out this year. What a ham!

Seriously though, this past year has been marked with progress and practicability, many people sentimentally refer to many of the older traits of the Corps as tradition—we don't want these traditions to stifle our growth. Any organization that cannot make constructive changes is not worthwhile and cannot last. The Corps has proven it is not this type of organization. We hope we are leaving a progressive, productive Corps to our successors.

REGIMENTAL BAND

The "Highly-Tighties," a military marching band composed of about 130 men, performs primarily for football games and parades. However, during winter quarter, a pep band is organized for home basketball games. Also during the winter and spring, a Concert Band, whose membership is half that of the marching band, presents concerts throughout the South.

William Barker
Commander

During the 1963-64 scholastic year, the First Group was commanded by Bill "The Longwood Flash" Barker of Winchester. He was ably assisted by Paul "The King" Minter of Fredericksburg.

After a shake-up in the positions of some of the staff members, we completed the year with the fantastically stick-happy Jim "Seaweed" Plummer of Baltimore, Md. as Adjutant.

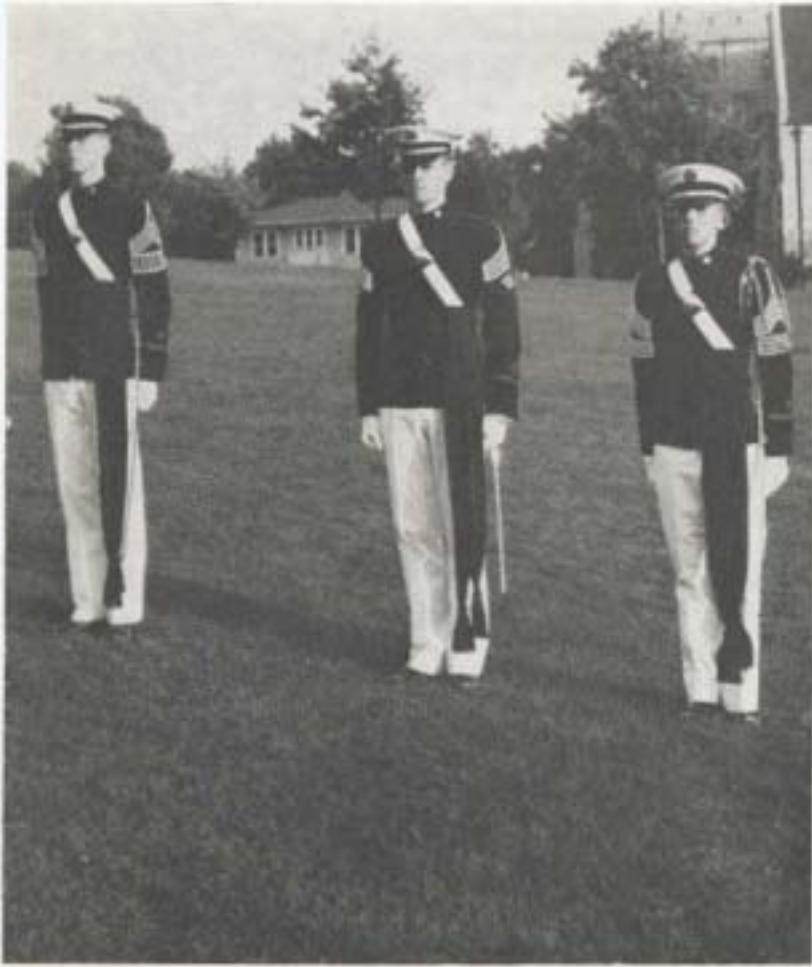

The folks on the home front were kept posted about "junior's" achievements by "Q.C. Acro" Mike Russell of West Hartford, Conn.

The reviews and drills were well organized by our Operations Officer (drill instructor) Harry "Playboy" Covington of Kilmarnock.

Bringing up the rear (?) end, was our beloved Supply Officer (he always kept us supplied with lots of hot air) Doug "The Mouth" Murphy of Chester.

All kidding aside, we would like to say that we have enjoyed working for and with the members of the First Group; thanks for your cooperation!

SQUADRON

Members of "C" Squadron have always felt that the squadron has existed as the center of a social brotherhood as well as a military training unit. On the night before Thanksgiving, the annual Squadron Banquet, an eagerly awaited event, was held at a favorite off-campus gathering place where witty impressions of Corps life were presented by the Freshmen.

Preliminary instruction in drill . . .

. . . And Freshman regulations.

From the first days of indoctrination to the Last D--n Rat Belt, the life of a freshman cadet is full of study, drill, and discipline. It doesn't take a long time for a "rat" to find out that the freshman system is designed to develop responsibility and character essential for leadership and good citizenship. His education is the first consideration, but time is also spent in athletics and organizations necessary for individual development.

On "Rat Day", the freshmen become upperclassmen and run the Corps.

FRESHMAN YEAR

"Pie Day" relieves all those inner tensions.

"Grab your ankles and smile, welcome to the Corps."

THE SECOND

George Guynn
Adjutant

Vincent Ewell
Second-in-Command

Emmit Rawls
Commander

This "most military outfit" is commanded by Emmit Lafayette Rawls from Holland. Emmit is not only one of the best liked boys on campus but also one of the most helpful as brought out by his distinguished greeting card, "Have Hoe Will Travel."

Second-in-Command, Vince Fletcher Ewell Jr. from Hampton, better known as "The Prosecutor," is a sharp immigrant from Band Company. His friendliness is shown by his very familiar, "What is your name . . . and initials please"?

Originally our Adjutant was George Guynn, who left us to join the CSB. He was replaced by the S-2, Dick Mickles, a fine Lynchburger. Dick is a hard worker and is greatly respected for his continuous interest in corps functions.

Ashby Sydnor, another Lynchburger, filled the vacant S-2 slot. Although he runs no popularity contest, his opinion and ideas are admired by his classmates. His romantic excursions confuse him as much as us, including his midnight wading expedition in the duckpond.

Eric Peter Motzenbecker, known for his Q.C. stars, is our S-3. He claims Mendham, N.J. as his home. Known as "Red on the Head," he is the one responsible for our being "most military."

Grottoes is represented by Jimmy Messersmith, the S-4. His varied personality is evidenced by his titles "Reverend Jimmy" and "Staff Lover." After having run George Guynn out of the Corps, he spent his time playing "ole lady" to the other staff members.

COMPANY

With the strains of "Ooh-Poo-Pah-Doo" emitting from the windows of Rashe Hall, "E" Company casually straggles out to formation. Although it wins more than its share of Corps competition points, the company always seems to have more success in its extra-curricular activities (both on campus and off).

SENIORS

Thus, while it prides itself in sending into the world fine examples of modern manhood, educated in military and academic discipline, "Ole E" has not in the least sacrificed its fine attendance records at girl's schools or local "hot-spots."

In this same spirit, the Seniors of 1964 lovingly pass on the time-honored and sacrosanct motto of "E"—*Illegitimus Non Carborundum*.

SOPHOMORE

Sophomore year may be more difficult to some cadets than was the first year. This phase of a cadet's life is different from other years because he is neither a leader nor a follower. He is given responsibility as an assistant squad leader and may attain the rank of Private First Class.

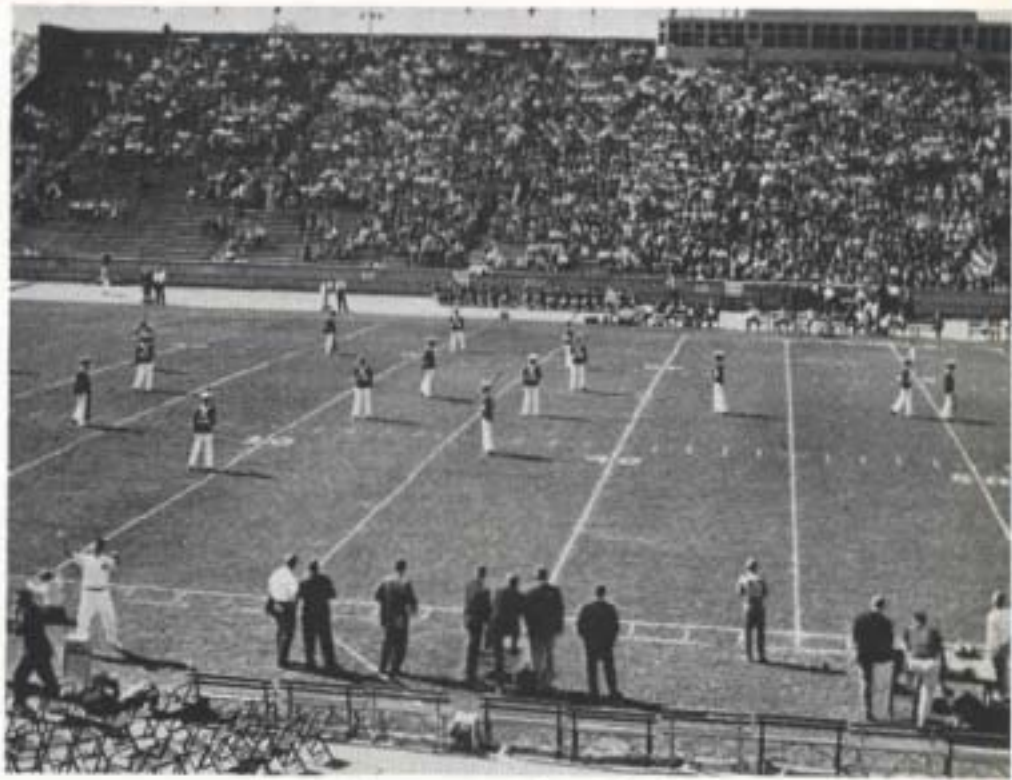

In the fall quarter, every sophomore was able to demonstrate his drill proficiency as a part of a sophomore platoon in competition.

Spring was the time of decision. By the end of the quarter each sophomore had chosen to remain in the Corps or transfer to the Civilian Student Body.

In favor of decentralized leadership in a friendly, informal atmosphere, the majority of the six officers on the Third Battalion Staff felt that "pushing" with a stick pad was not leading, and that no one could achieve the best results if they were disliked. Those who were in the "third herd" this year could really appreciate this. Instead of demanding and forcing results, they simply had to request and the results were far more complete and filled with extras than could have ever been possible by not applying the "golden rule" along with good military and management principles.

Even though they were labeled the "goof-off staff," they got the best grades of all of this year's staffs and their battalion had the highest academic record in the Corps Fall Quarter.

Shanks was filled with a bunch of friendly cadets this year who firmly believed in working hard and playing hard too. The Staff included: Dave Newkirk, the Battalion Commander, from Richmond; Bob "Mickey Mouse" Reese, the Executive Officer, from Virginia Beach; Jerry "The Beak" Beckmann, the S-1, from Boca Raton, Florida; Blaker "B. B." Bolling, the S-2, from Richmond; Charlie "D. C." Barnes, the S-3, from Falls Church; and Tom "My B—" Ackiss, the S-4, from Virginia Beach.

JUNIOR YEAR

It takes work to shape up a squad!

I would never have made it to Ring Dance without the aid of my dyke.

An honored few served as the Color Guard.

Responsibility, Ring Dance, and Summer Camp highlighted the life of a junior. Some juniors returned early in the fall as part of a cadre to instruct the freshmen. As the year progressed, the responsibility of a squad took second place to paying class dues, buying a ring and a saber, and preparing for the "Big Weekend."

Memorable Ring Dance came, and all too soon was over; then we looked forward to our senior rank and summer camp. We traveled to military posts up and down the eastern coast to further our study of the military.

Change of rank was really a big day.

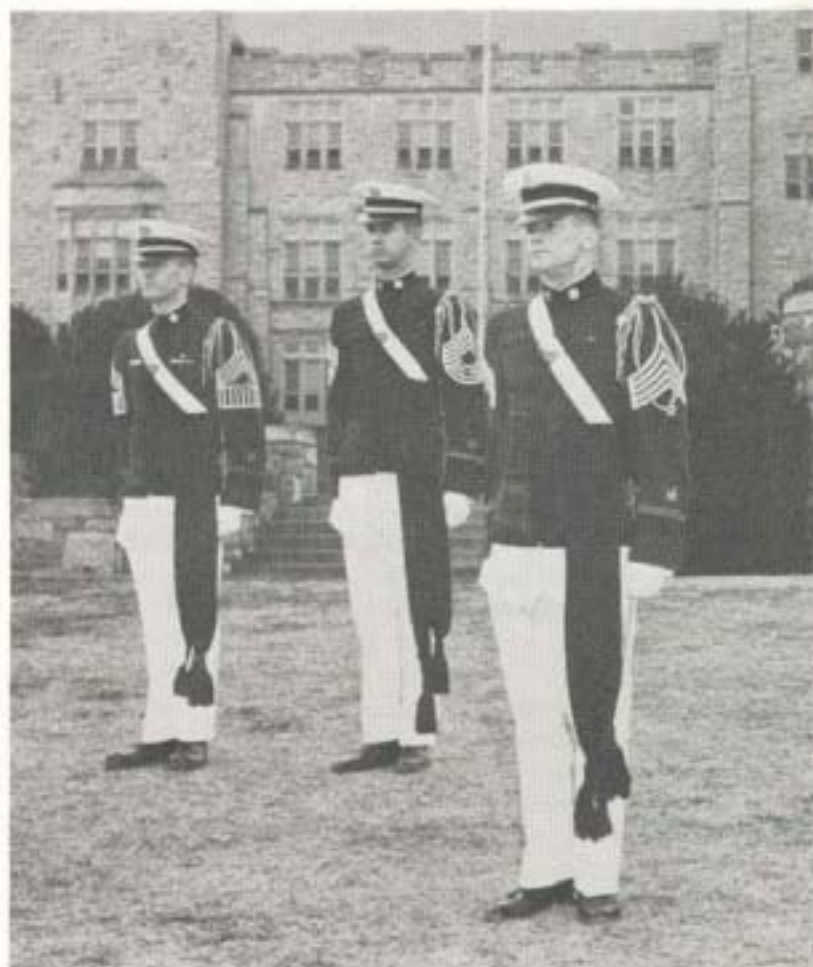

Summer camp combined Coney Island . . .

. . . and Boy Scout camp.

Melville Andrews
Commander

Our Commanding Officer is Melville M. "Scotty" Andrews of Salem. Along with his cadet duties and a few studies, Scotty lists Lewis-Gale Hospital as a major activity.

The Executive Officer, who claims Charleston, W. Va. as his home town, is Larry E. Dix. He spends much of his time working with the Honor Court, but still finds time to make a freshman's life miserable.

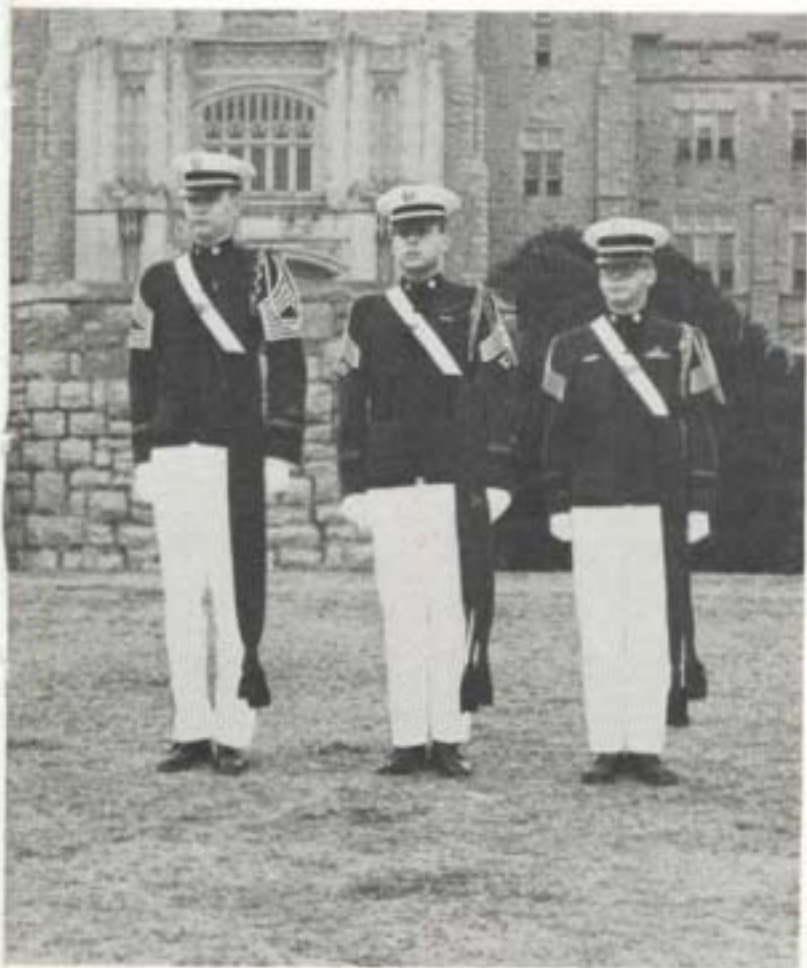

Next comes "The Screecher" (known as Adjutant in military circles), Henry J. "Sonny" Balch of West Suffield, Conn. Sonny is one of those "aggie" students and we very seldom see him.

Our fourth in command, Harold D. Smith II, hails from Chantilly. His position of Intelligence Officer is a newly created office this year. This is a real joke, because he really is not too intelligent, but it is the diamond under his four captain stripes that makes him so valuable.

Next is Thomas W. Carter from Portsmouth. Tom is called the Operations Officer but what he operates we have never been able to figure out unless it is something down at the *Virginia Tech* where he spends several nights a week. In the staff area he is known as "Dink" because he is always "dinking" around.

Completing the rogue's gallery is our Supply Officer, William W. Hopkins of Radford, the All-American City. Bill doesn't let his job or studies interfere with his frequent trips to Roanoke, Tennessee, Washington, D. C., or any place where girls may be found.

SENIOR YEAR

A new way of life began at Change-of-Rank . . .

... and Military IV (?).

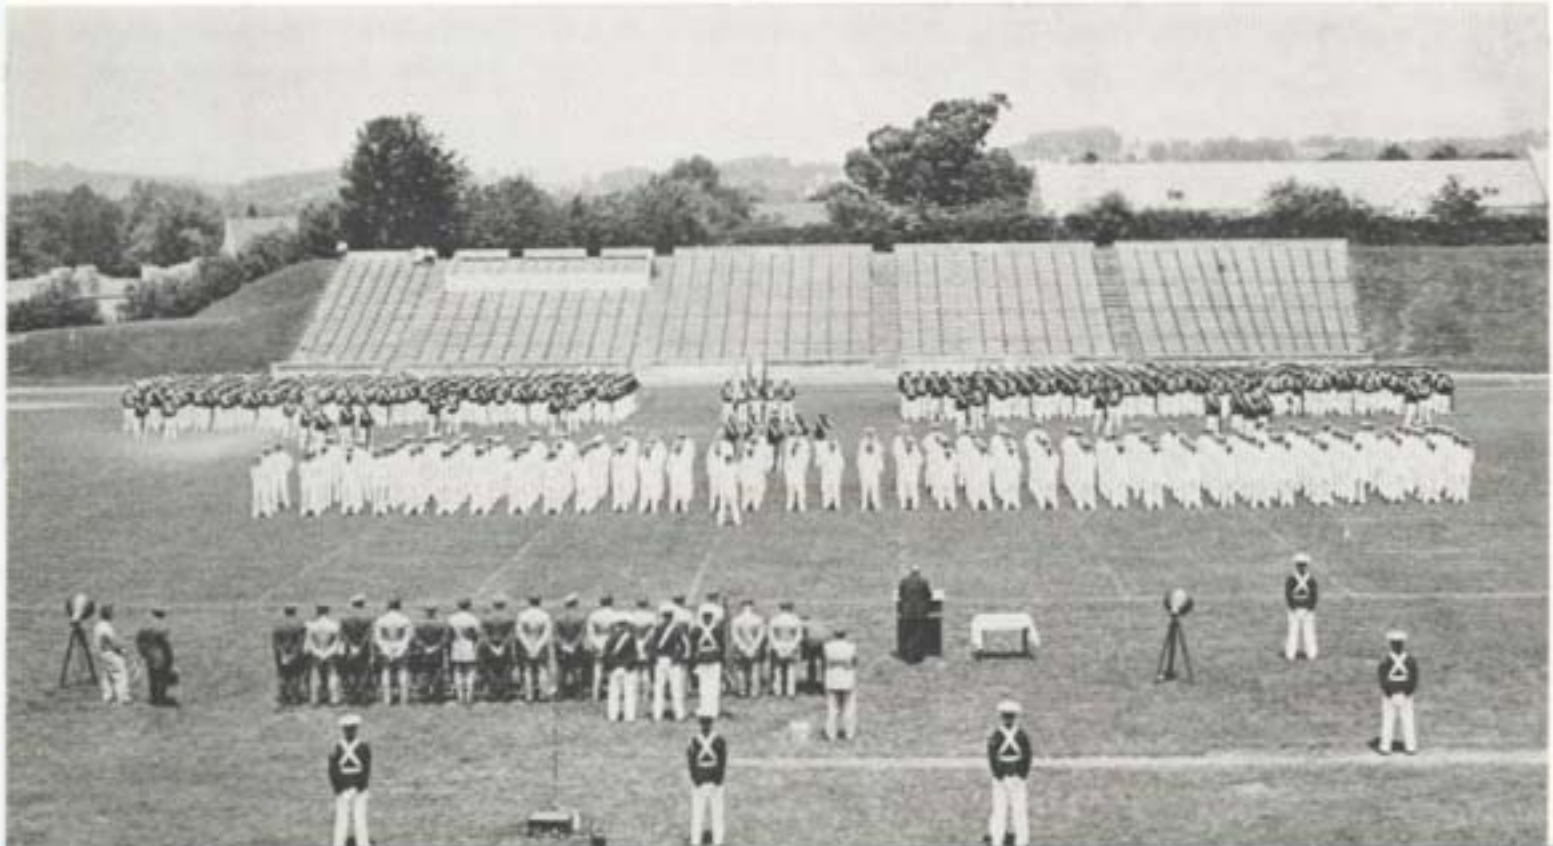

Four unforgettable years passed. It seemed only yesterday that we were "bracing" in our "rat" belts and now, we are donning Army Green and Air Force Blue and venturing into a new world. We have a proud heritage to live up to as we follow in the footsteps of such men as Pick, Femoyer, Thomas, and many others.

May we ever live up to our motto, "That we may serve."

Sixty-four!

... And Commissioning Exercises ended the old,

STUDENT GOVERNMENT

Portrayed in this section are some of the most vital functions of the two student bodies of our university—the leaders of student affairs, the honor courts, the legislatures, and the protectors of our student life policies. Each of these contribute to building the character and insuring the integrity of the VPI graduate.

VPI is in a most dynamic state at this time. The student bodies and their leaders are making every attempt to keep pace with the fast changing institution. Pictured above are Robert O'Connor, Tom Lee, Frank Nolon, Jack Ware, and James Neal. They, along with Jesse Fowler, comprise a committee to study the feasibility of the unification of the two student body Senates. This committee is only the first of many cooperative efforts to improve life in our college community.

There can be no measure of the tremendous value that can be gotten from taking part in student government affairs. The leadership attributes developed from experience in student government can set a pattern of behavior that could very well insure success for the graduate in the business and industrial world.

Student government serves to better not only the leaders of the student bodies, but the entire student population. The student is confronted with the duties and obligations of citizenship that will provide for continuance of our democratic way of life.

Every class has the same privileges in the senate.

The civilian government in action.

The uniform committee designed and presented a new cadet windbreaker.

CORPS OF CADETS GOVERNMENT

By allowing the students to handle more and more of their own affairs, the Officers of the Corps and the members of the Senate attempt to have the student government live up to its name. In this way, the government hopes to fulfill its role in the University.

CADET HONOR COURT

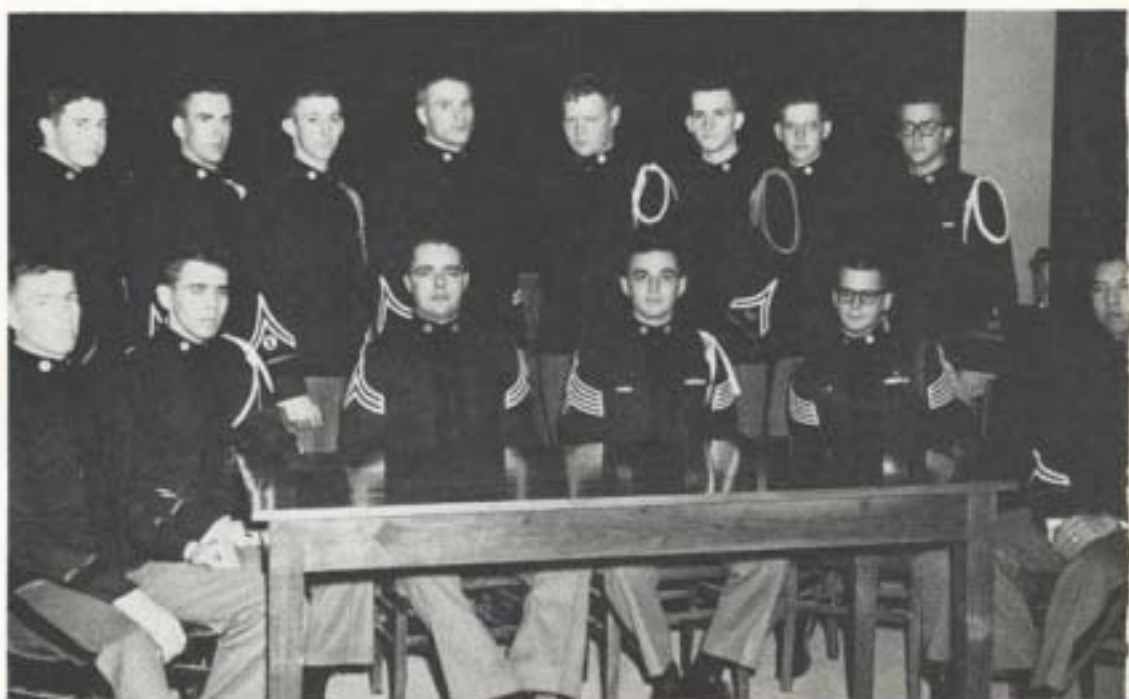

First Row: Berry Thompson, Investigating Committee Chairman; Michael Hayes, Defense Attorney; Joe Hammonds, Honor Council Chairman; Vincent Ewell, Prosecuting Attorney; Jesse Fowler, Investigating Committee Chairman. *Second Row:* R. Gibbs, Court Recorder; N. Cox, Sergeant-at-Arms. *Bench:* Frank Entwisle, Associate Judge; Sam Richardson, Chief Judge; Billy Edge, Associate Judge; M. Caswell, Secretary.

The Honor Court was established to punish those men who had failed to live up to the VPI honor code. This code was set up by the students who felt that they were mature enough to be trusted on their personal honor. Techmen are known everywhere for their integrity and it is the

job of the Honor Court to protect this position. It does this by instilling in each cadet moral integrity and strength of character in proportion to the loyalty with which he follows the precepts and teachings of our Honor system.

DEFENSE AND PROSECUTION STAFF

First Row: A. Curtis, Defense; E. Taschner, Defense; Michael Hayes, Defense Attorney; Vincent Ewell, Prosecuting Attorney; Larry Dix, Prosecution; J. Hyun, Prosecution. *Second Row:* P. Berry, Defense; J. Brown, J. Grigg, J. Kail, D. Love, J. Moyer, S. Rose, L. Clarke, Prosecution.

The Corps Executive Committee is composed of representatives elected from each class. It is the duty of this committee to award punishment—subject to approval by the Commandant—to cadets who bring discredit to the Corps and the University by means other than Honor Court

offenses. This year property defacement was brought to the attention of the Committee and measures were instituted to curb it.

The Committee also approves changes in class status at times other than the beginning of each academic year.

CIVILIAN GOVERNMENT

THE OFFICERS: Floyd Dickinson, President; Jeanette Iroler, Secretary; Carol Schuck, Treasurer; and James Bodkin, Vice-President.

In a very few years the Civilian Student Body at VPI has grown from a rather embryonic state to its present growth of approximately 4000 students. It is now the largest organization on our campus.

Civilian student government is concerned with the needs and functions of its members and a suitable working relationship between the students and the administration. The Senate, and the Honor Court answer the needs of our college community.

Under the fine leadership of Jim Bodkin, the Senate concerned itself with attempts to improve student life at VPI. Some of the more important accomplishments of the Senate were a study of the feasibility of unifying the Senates of the two student bodies, amending the Constitution with a more workable definition of cheating, and a provision for a clerk of the Honor Court. The Senate also provided its student body with a wonderful weekend with top notch entertainment and gave recognition to its outstanding seniors by electing them to "Who's Who in the C.S.B."

THE CIVILIANS

Edited by JEFFREY A. SIGEL

1964 saw the VPI Civilian Student Body come of age. It was impossible not to recognize that the C.S.B. had developed into one of the most outstanding and most influential campus organizations. With a membership of over 4000 of the 6000 VPI students, the C.S.B. was able to provide its members with numerous desired activities.

The influence of the C.S.B. was felt most significantly late in the winter quarter when most of the offices of the class of "66" were captured by civilians. This was the first time in the history of our university that civilians were able to defeat the cadet bloc in a class election.

VPI was treated to a most enjoyable Civilian Weekend from January 27 to January 29. The Journeymen presented a fine concert on Friday night that filled Burrell Hall to capacity. The weekend was completed by a dance in the S.A.B. featuring the Magatons and a basketball game with West Virginia.

The C.S.B. is helping to give VPI the atmosphere of a university, rather than just an institute. The element that it is adding is helping to improve our image in Virginia and the entire country.

DEAN OF STUDENTS

Through his authority of interviewing, selecting, and training students to serve as dormitory counselors at Virginia Tech, Dr. Dean has had a wide influence. He has instilled in his student assistants a sense of responsibility and a maturity of decision.

Associated with Dr. Dean in his broad work are Dr. Harry J. Canon; Alfred C. Payne, the former assistant director of the YMCA, and Albert W. Crawford. Dr. Canon, a trained psychologist, counsels and advises students on their academic and personality problems. Among other duties, Mr. Payne coordinates the religious activities on the campus and supervises such programs as that of the War Memorial Chapel. Mr. Crawford is particularly valuable in his role as financial adviser to the treasurers of the varied clubs at VPI.

Thus in many areas of student life outside of college classes each day, Dr. Dean and his staff have authority and complex duties to fulfill.

WHO'S WHO

IN AMERICAN UNIVERSITIES AND COLLEGES

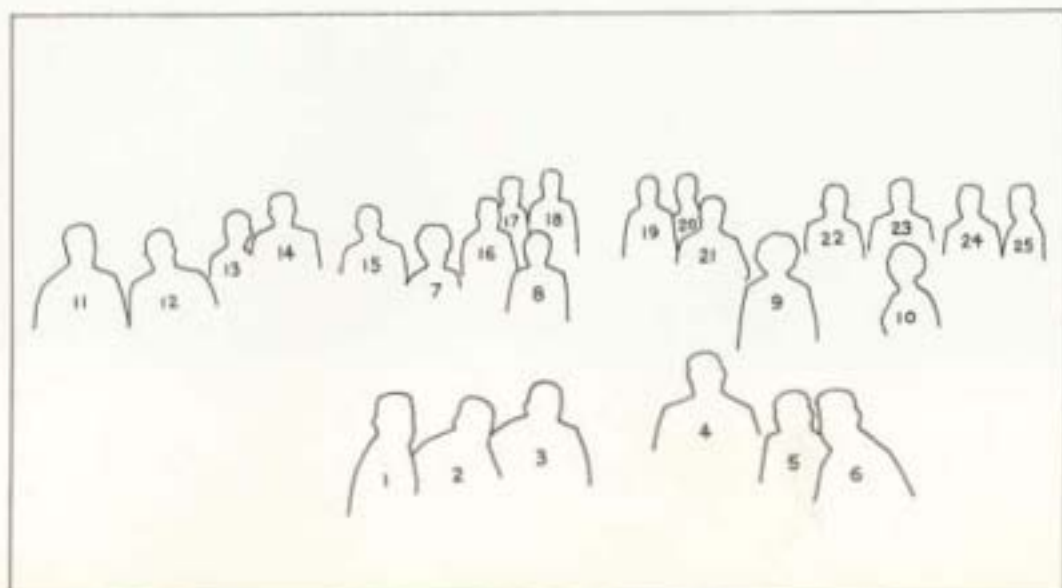

THIRTY-FIVE SENIOR STUDENTS of Virginia Polytechnic Institute were named to the 1963-1964 edition of "Who's Who in American Universities and Colleges" after a thirty-day period of investigation, evaluation, and final selection by a special faculty student committee.

Prerequisites for consideration for this honor are bonafide membership in the senior class, minimum QCA of 1.00, and no previous record of conduct, disciplinary, or military probation.

Individuals are selected by the committee on the basis of academics, extra-curricular participation, personal evaluation, contribution to the college, and outstanding representation of the eligible members of the entire senior student body.

PUBLICATIONS BOARD

FORWARD STRIDES HAVE been made this year in publications. The BUGLE has used color extensively, the *Virginia Tech* has published twenty-page issues, and station WUVT has given us twenty-four programming.

A great contribution to students working on publications was made this year by Jenks Robertson. Through his effort, a lounge was created for the purpose of publication meetings and for spending leisure time.

Under Bill Andersen, chairman of the board, precedents have been set in the funding of the three publications. More important, Bill has kept the publications together as a smooth working group.

NOT JUST A carbon copy of last year's book, but a new volume which shows you, THE READER, a dynamic and changing VPI. It has been a long effort to produce this yearbook but we feel the Bugle has found its place in the Nineteen-Sixties. Most important, our promise to the future is an everchanging BUGLE to meet the everchanging times.

THE VIRGINIA TECH

THE VIRGINIA TECH HAS finished another interesting year of reporting the VPI news. This year is the sixtieth anniversary of the *Virginia Tech*, the weekly newspaper produced for and by the students of VPI.

Since its founding in 1903 *The Virginia Tech* has grown in size and flexibility until now the students of Virginia Tech have a newspaper which, in any given week, can be printed up to 20 pages to fit the changing news requirements of the school. This allows for greater coverage of campus events and voicing of opinions than ever before.

For the staff, it was a year of problems; of printing 20 page papers; of struggling with VPI's academic requirements; and of threatened extinction, in the face of an ever dwindling staff during the winter quarter. But it was also a year of fellowship and creativity, of hard work and good clean fun, and in the end of the feeling of a job well done.

SEPTEMBER SAW THE campus radio station begin its broadcasting year with an almost entirely new staff of about fifty members. Through the year, the staff has worked hard to build the station up to the standards that have been followed for seventeen years.

Besides providing an opportunity to learn the procedures of a commercial radio station, WUVT gives students a place to relax and enjoy the fellowship of working together. Many of WUVT's announcers and engineers continue their broadcasting activities after they leave the university.

All the stations financial support comes from the local and national merchants that advertise over WUVT. Besides acquainting the students with these businesses, the station is a twenty-four hour source of entertainment, news, and special features.

ALPHA KAPPA PSI

MEMBERS OF ALPHA KAPPA PSI—*Seated:* Dan Judd, Treasurer; Ben Davenport, resident; Nick Devoles, Vice-President; Lewis Owen, Secretary. *Standing—First Row:* Bill Cunningham, Dave Barr, Dave Stafford, John Pulliam, Irvin Blank, Dave Heatwolf, Doug Martin, Dave

Littman. *Second Row:* Eddie Hearp, Doug Richards, Kenneth Neathery, Bill Gentner, Randy Joyce, Tom Stone, Zolton O'Relley, Ashby Sydnor, Rodney James, Buck Hyler, Mack Torrence, Dave Collie.

THE AIMS OF Alpha Kappa Psi are to further the individual welfare of its members; to foster scientific research in the fields of commerce, accounts, and finance; to educate the public to appreciate the demand higher ideals therein; and to promote and advance in institutions of college rank courses leading to degrees in business administration.

Alpha Kappa Psi has accomplished fifteen years of perfect national efficiency.

ALPHA ZETA

ALPHA ZETA RECOGNIZES achievement by the undergraduate and graduate student in all fields of agriculture. Members are chosen on the basis of their qualities of scholarship, leadership, character, and personality.

The organization services include the promotion of agriculture as a science and the further development of the qualities necessary to a modern agriculturist.

ALPHA PI MU

ALPHA PI MU is an honorary industrial engineering fraternity, chartered on October 15, 1949, for the purpose of conferring recognition upon outstanding industrial engineering students who have shown exceptional academic interests and abilities, promoted good fellowship, and stimulated individual accomplishments in the pursuit of scientific study. The VPI chapter of Alpha Pi Mu was selected as the outstanding chapter in the nation for the year 1961-62.

BLOCK AND BRIDLE

THE VPI BLOCK and Bridle Club placed first in the Annual Report and Chapter Activities in the nation at the National Block and Bridle Convention in Chicago.

The purposes of the Block and Bridle Club is to promote a higher scholastic standard among the students of animal science, to promote Animal Science, especially all phases of animal science work in colleges, and to bring about a closer relationship among members of this profession.

CHI EPSILON

CHI EPSILON, COMPOSED of Civil Engineering students and professional C.E.'s, is compiling a list of civil engineer professors' books which will be made available to students for reference, and are attempting to obtain lounge furniture for the department reading room.

They strive for the improvement of the Civil Engineer Department.

MEMBERS OF CHI EPSILON—*First Row:* C. Anne Bennetch, Secretary; John R. Ward, Vice-President; Eric P. Motzenbecker, President; F. Kenneth Moore, Marshal. *Second Row:* James L. Van de Riet, Ronald H. Tolbert, Calmet M. Sawyer, Roger W. Farris, John C. Bugg, Mark A. Childers. *Third Row:*

ETA KAPPA NU

MEMBERSHIP IN ETA KAPPA NU is a badge of distinction for those electrical engineers who, by their attainments in college or in practice, have manifested a deep interest and marked ability in their chosen profession. The aim of Eta Kappa Nu is to promote fellowship among electrical engineers in order to maintain the close union necessary for the advancement of the profession.

JUNIORS AND SENIORS in the Cooperative Program compose the membership of Kappa Theta Epsilon. These students have excelled in scholarship and demonstrated exemplary character.

Kappa Theta Epsilon tries to develop a spirit of competitive achievement in academic work and maintain a student loan fund for cooperative students.

KAPPA THETA EPSILON

MEMBERS OF ODK—*First Row:* John Agnew; Dean G. B. Johnston; Dr. M. L. Peacock, Faculty Advisor; Dr. L. E. Fuller, Secretary; Doug Hubbell, President; Ned Clarke, Vice-President; Sam Jenkins, Treasurer; Tom Hawkins, Lacy Edwards. *Second Row:* Brent Moore,

Tom Lloyd, Mike Campbell, Gerald Wilson, John Shaughnessy, Ray Dirling, Mike Werle, Bud Jeffries, Stuart Steele, Bob Russell, Tom Hammond, Floyd Dickinson, Jim Powell, Nick Devoles.

OMICRON DELTA KAPPA

OMICRON DELTA KAPPA encourages and recognizes achievement and leadership in scholarship, athletics, student government, social and religious affairs, publications, and speech, music, drama, and the other arts. The qualifications for membership are exemplary character, leadership and service in campus life, scholarship, fellowship, and consecration to democratic ideals. Through its recognition of these qualities, ODK establishes a cooperative effort of service and leadership in campus activities and for the general welfare of the university.

PHI KAPPA PHI

EACH SESSION THE chapter awards a medallion to the top ranking senior in each of the schools of the university.

The purpose of Phi Kappa Phi is to emphasize scholarship and character and to stimulate mental achievement by the prize of membership. Seniors and graduate students in the top eighth of their class are elected on the basis of academic standing, sound character, and good conduct record. However, only one-tenth of the class may be elected. Membership is open to students in all branches and schools within the university.

dent; Bill Andersen, Sue Dondy, Oz Brockman, Jenks Robertson, Advisor; John Brauer, Hal Grogan, Ed Hancock, Betty Ann Lee, Freddie Neel, Mike Lowery, Paul Tilson, Willard Owen, Bonnie Allen.

PI DELTA EPSILON

PI DELTA EPSILON is our national honorary journalistic fraternity. The VPI Chapter is the second oldest honorary fraternity on the campus, having received its charter May 1, 1930.

Members are selected from those juniors and seniors who have distinguished themselves by outstanding ability as staff members of campus publications.

The fraternity has as its objectives the promotion of student participation in undergraduate publications and the elevation of the cause of journalism.

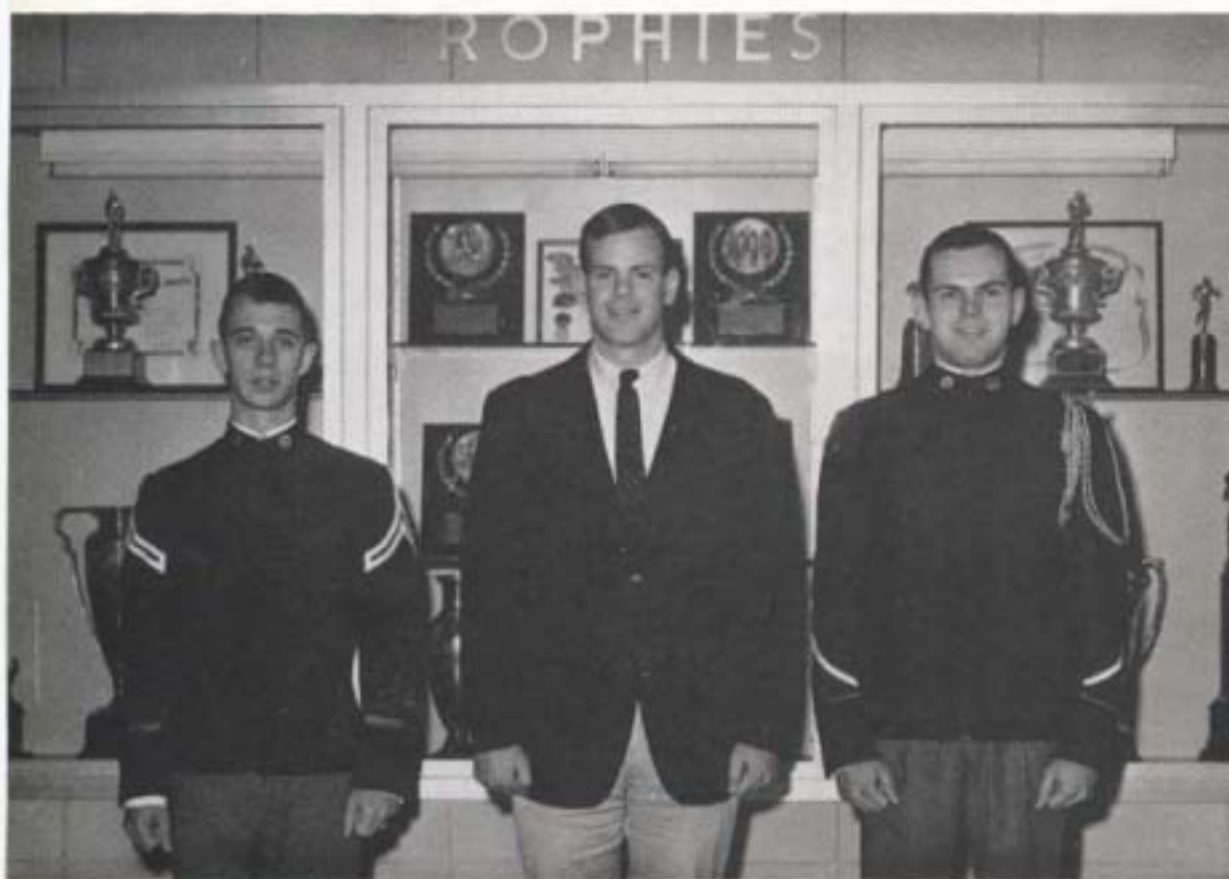

PI OMEGA PI

PI OMEGA PI, composed of juniors and seniors majoring in business education, strives to create a fellowship among teachers of business subjects in colleges and universities.

SIGMA DELTA PSI

A NATIONAL HONORARY fraternity, Sigma Delta Psi, encourages health and symmetrical bodily development. The Tech chapter has received national recognition by having won the annual national championship for several years. Professor Blair is the National President.

PI TAU SIGMA

THE OBJECT OF Pi Tau Sigma is to foster the high ideals of the engineering profession, to stimulate interest in coordinating department activities, to promote the mutual professional welfare of its members, and to develop in students of mechanical engineering the attributes necessary for effective leadership and the assumption of the responsibilities of a citizen in a democracy.

SIGMA GAMMA TAU

MEMBERSHIP IN SIGMA Gamma Tau, the aerospace engineering honor society, is open to outstanding juniors and seniors in aerospace engineering.

The purpose is "... to recognize those ... in the field of aeronautics who have been a credit to their profession."

Because of the difficulty of the curriculum the activities of the past year have been limited to a Tech Festival exhibit and banquet.

ASSOCIATION OF THE UNITED STATES ARMY

THE VPI COMPANY of the Association of the United States Army, formed in 1958, is composed of army ROTC seniors who have shown a sincere and lasting interest in the military work of the college, and who possess qualities which will make them good and efficient officers. These cadets will promote the ideals of the United States and its Army.

TAU BETA PI

RECOGNITION OF MEN who have brought honor to their Alma Mater through distinguished scholarship and exemplary character as undergraduates in engineering or by their attainments as alumni in engineering is the primary purpose of Tau Beta Pi.

Since its installation in 1933, the Virginia Beta Chapter has consistently worked to promote the ideals of the Association on the campus of VPI.

ALPHA PHI OMEGA

ALPHA PHI OMEGA is a service fraternity whose primary purpose is to render service to campus, community, and nation. A definite program is maintained that directs the activities of members and pledges toward the benefit of their fellow men.

The stated purpose of the fraternity is to assemble college men in the fellowship of the Scout Oath and Law, to develop service to the student body and faculty, service to youth and community, service to members of the fraternity and service to the nation as participating citizens.

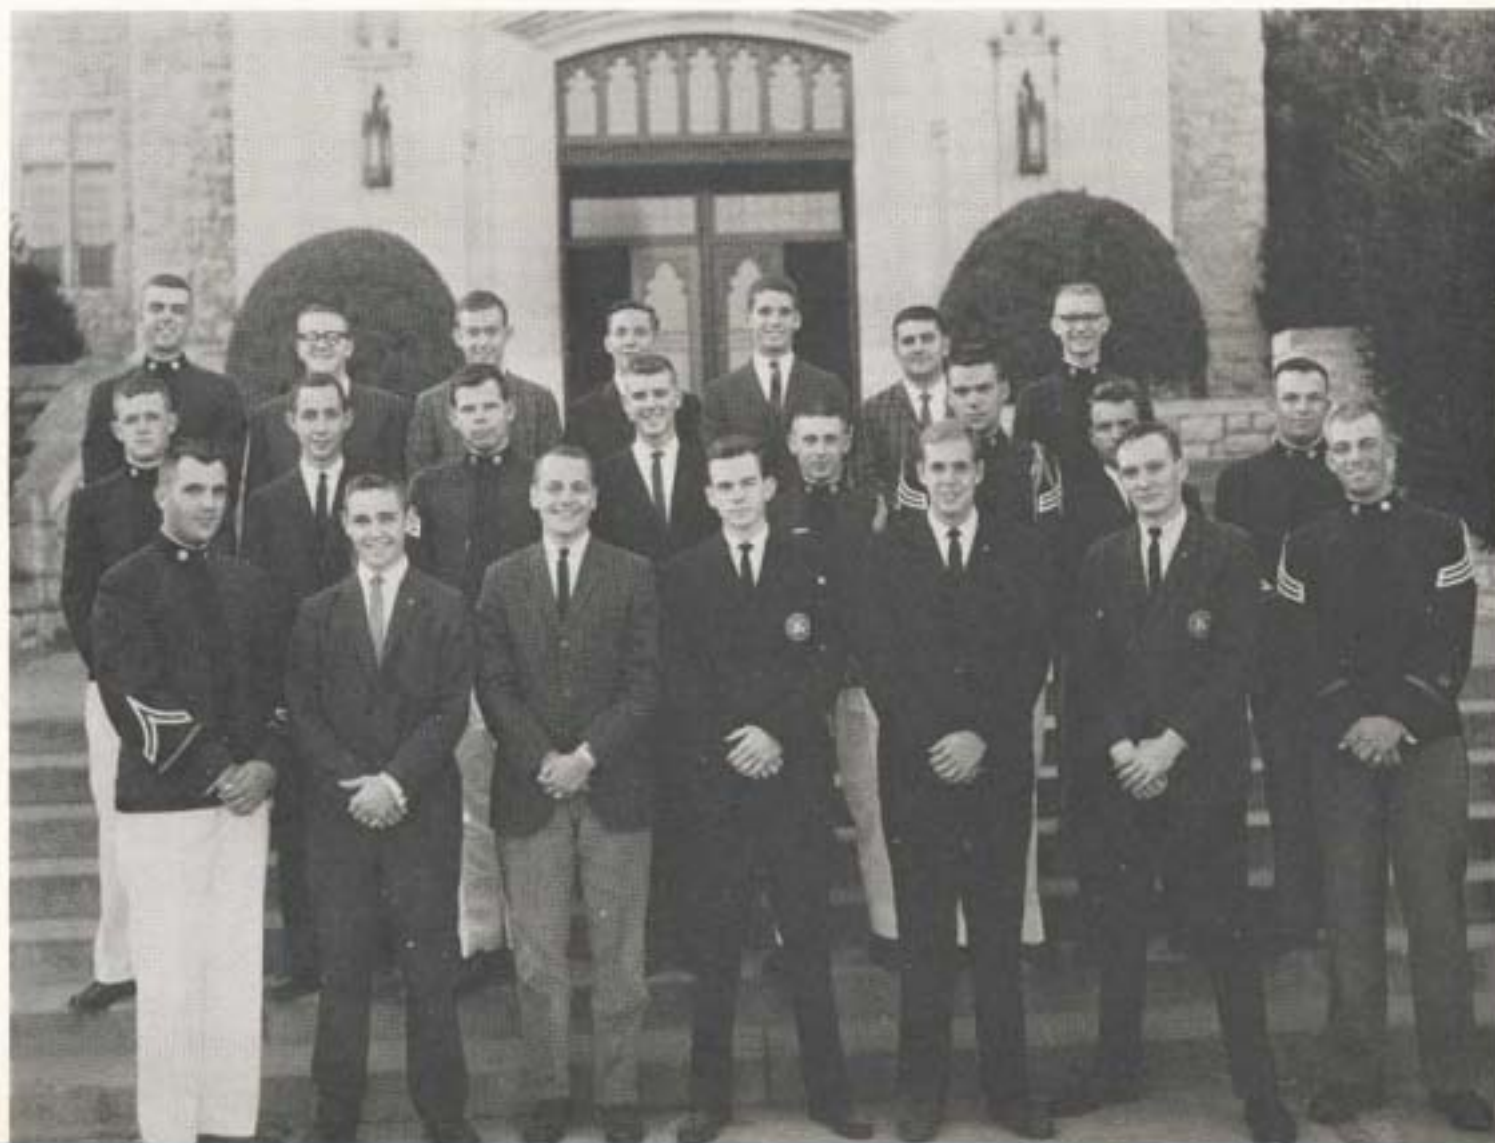

CIRCLE "K" CLUB

THE CIRCLE K CLUB is a charter organization sponsored by the Blacksburg Kiwanis Club. Their purpose is service to the school and to the community. By working independently and with the Blacksburg Kiwanis Club and High School Key Club, their purpose is fulfilled. Each member works to make VPI and the community proud of their organization.

Fred Reger, Chaplain; John Oliver, Secretary; Leonard White, Vice-President; Bob Isner, President; Ned More, Jim Sheeler, Treasurer; Russ Henderson, Historian; Vol Ford, Fred Butner, Bill Blair, Bob Trivett, Glenn Hart,

Bill Proctor, Ed Touchstone, Paul Early, Joe Stumbo, Jimmy Wyatt, Eric Mustain, Ronnie Collier, Woody White, Graham Perkins, Tom Lee.

SIGMA MU SIGMA

THROUGHOUT THE YEAR, Sigma Mu Sigma has set up an information booth for new freshmen, sponsored a Homecoming candidate, helped with Homecoming alumni registration, sold yearbooks, sponsored a car wash during Ring Dance, and given a Bible to the most religiously oriented student.

The purpose of the organization is to thoroughly indoctrinate the college men of America with the tradition of our American heritage through ritualistic and fraternity conducted educational program devoted to a more comprehensive understanding of our American way of life.

ARNOLD AIR SOCIETY

THE ARNOLD AIR Society is responsible for directing and coordinating the activities concerned with staging the annual VTCC Military Ball.

The VPI squadron, designated A-2, was formed in January 1949 and has the distinction of being the second oldest in the United States.

The AAS is composed of cadets enrolled in advanced ROTC who have distinguished themselves by their academic, military, and leadership achievements.

Col. McCann, Advisor

SASH AND SABER SOCIETY

AMONG THE SOCIETY'S various activities each year are the presentations of the General Devine Plaque for the best drilled sophomore flight platoon and work on Military Ball in conjunction with the other military organizations on campus.

This year the society succeeded in setting up for the first time a temporary corps museum in Carol Newman Library.

Officers this year were: S. W. Jenkins, president; R. T. Reese, vice-president; G. K. Beckmann, secretary; B. S. Koch, treasurer; H. H. Hickam, public information officer.

SCABBARD AND BLADE

SCABBARD AND BLADE is composed of the outstanding senior officers in the Cadet Corps in the different colleges and universities of the nation. It seeks to encourage and develop those attitudes of military appearance, ability, and personality combined with that breadth of interest necessary to make an officer and a gentleman.

SOCIETY OF AMERICAN MILITARY ENGINEERS

ACTIVITIES OF THE society include discussions, socials, visiting speakers, participation in publications, and films made available from the Department of the Army Film Library, and a post trip to Norfolk Engineering District in February.

The purpose of the SAME is to advance knowledge of the science of military engineering and to encourage and develop a spirit of cooperation between military and civilian engineers.

THE ENCOURAGEMENT, TRAINING and development of public speakers who analyze national topics is the function of the Debate Club.

During winter quarter, both affirmative and negative teams won over Washington and Lee University.

ACCOUNTING SOCIETY

THE MAIN ACTIVITIES of the Accounting Society revolve around Tech Festival, their Spring picnic, and luncheons with guest speakers.

The purpose of the society is to promote an understanding of and an interest in accounting, to

learn more about the profession while still in school, and to promote fellowship among their members.

Students in the senior accounting class are eligible for membership.

FALL QUARTER, DR. W. H. Gorman, Vice-President of the American Plant Food Institute, spoke to the Agronomy Club and presented a \$200 scholarship to the club members. Through a gift of the family of the late Mr. Walter Crigger, they established a \$100 scholarship fund. They aim to promote fellowship, cooperation and leadership among those interested in Agronomy at VPI.

AGRONOMY CLUB

AMERICAN CERAMIC SOCIETY

CERAMIC ENGINEERING AND related fields are topics discussed at the bimonthly meetings by guest speakers. A field trip to Poly-Scientific was held for the members during winter quarter. The Tech Festival had a most interesting project to the society. The society aims to promote interest in ceramic engineering.

THE MILKY WAY, a report of club activities, is published by the ADSA. The club sponsors a dairy cattle judging team, a products judging team, and a dairy show during the Tech Festival Weekend.

AMERICAN INSTITUTE OF AERONAUTICS AND ASTRONAUTICS

DURING THE PAST year, the AIAA had several activities which were of interest to the entire student body as well as to its own members. F. M. Rogallo of NASA spoke on Research and Development of Parawing in October. Four student papers were entered into National Competition at the annual AIAA conference in the spring of 1963. At their banquet in December, there was a speaker from North American Aviation. Building a Ground Effects Machine was the student project for the year.

Officers this year were: John Shaughnessy, **President**; Douglas Dwoyer, **Vice-President**; Norman Lee, **Secretary**; Raymond Dirling, **Treasurer**; Dr. J. B. Eades, **Adviser**.

A BRIEF LIST of this year's activities include: visiting professional lectures; Freshman Mix; Beaux Arts Ball; Spring Picnic; student arts exhibit; traveling arts exhibit; East Coast College focend—Robis Exhibit of student work; Tech Festival Exhibit.

AMERICAN INSTITUTE OF ARCHITECTS

AMERICAN INSTITUTE OF CHEMICAL ENGINEERING

THE VPI CHAPTER of AIChE is composed of students in the Chemical Engineering curriculum. Members keep abreast of new developments through field trips, speakers, and films sponsored by this organization.

During spring quarter, a project for Tech Festival and the faculty-student picnic keep members busy.

SOME ACTIVITIES OF the AIIE include plant trips to various industries in the area to observe Industrial Engineering techniques, joint dinner meetings with the senior chapter, guest speakers from industry, the annual picnic, student presentation of technical papers, participation in the student conference for the Southeastern area, and informal get togethers.

Their purposes are to further the cause of IE's and their profession to provide a friendly, informal atmosphere wherein the members of the four classes and the faculty may become better acquainted, and to organize for departmental participation in campus activities.

AMERICAN INSTITUTE OF INDUSTRIAL ENGINEERS

AMERICAN INSTITUTE OF PHYSICS

COMPOSED OF THE physics majors and interested people in related sciences on campus, the American Institute of Physics offers a means not only of exchanging ideas of recent developments in physics, but of creating a greater interest for its members in this field.

AMERICAN ROADBUILDERS ASSOCIATION

THE PURPOSE OF the ARBA is to promote interest through studies and discussions, and to provide a broader knowledge and understanding of subjects related to design, construction, maintenance, and administration of streets and highways.

Each year, the association brings movies and outstanding speakers to the campus for the interest and entertainment of its members.

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS

THE ASAE AFFORDS the opportunity to its members for leadership development, fellowship among the students who have similar interests, and closer relationships with the faculty of the department.

The programs are designed to be of special interest to people who have a common and sincere desire to aid in the development of agriculture. Speakers are invited to present first hand information concerning recent developments in their field.

AMERICAN SOCIETY OF CIVIL ENGINEERS

HOMECOMING QUEEN CANDIDATE, Gayle Shepard, was sponsored by the American Society of Civil Engineers.

The ASCE has conducted and maintained a program with ultimate goal of acquainting the student with the various facets of the Civil Engineering profession. They give the student a chance to see his choice field in a light other than that of the classroom, never failing however to emphasize the importance of the classroom and the values obtained therein.

ASSOCIATION FOR THE ADVANCEMENT OF ENGINEERING

A REPRESENTATIVE BODY of engineering students, the Association for the Advancement of Engineering was founded to bring about a closer union of the engineering students; to promote and facilitate the advancement of the individual curricular clubs; to help solve problems confronting the students; and to represent the engineering students in their relation with the faculty to the engineering school.

THE AMERICAN SOCIETY of Mechanical Engineers sponsored the Homecoming Queen, Judy Hanger, and built the third place Homecoming float. During the rest of this past year, the organization has brought numerous technical speakers to the campus, and sponsored faculty-student sports, student participation in technical contests, and the Spring Faculty-Student picnic.

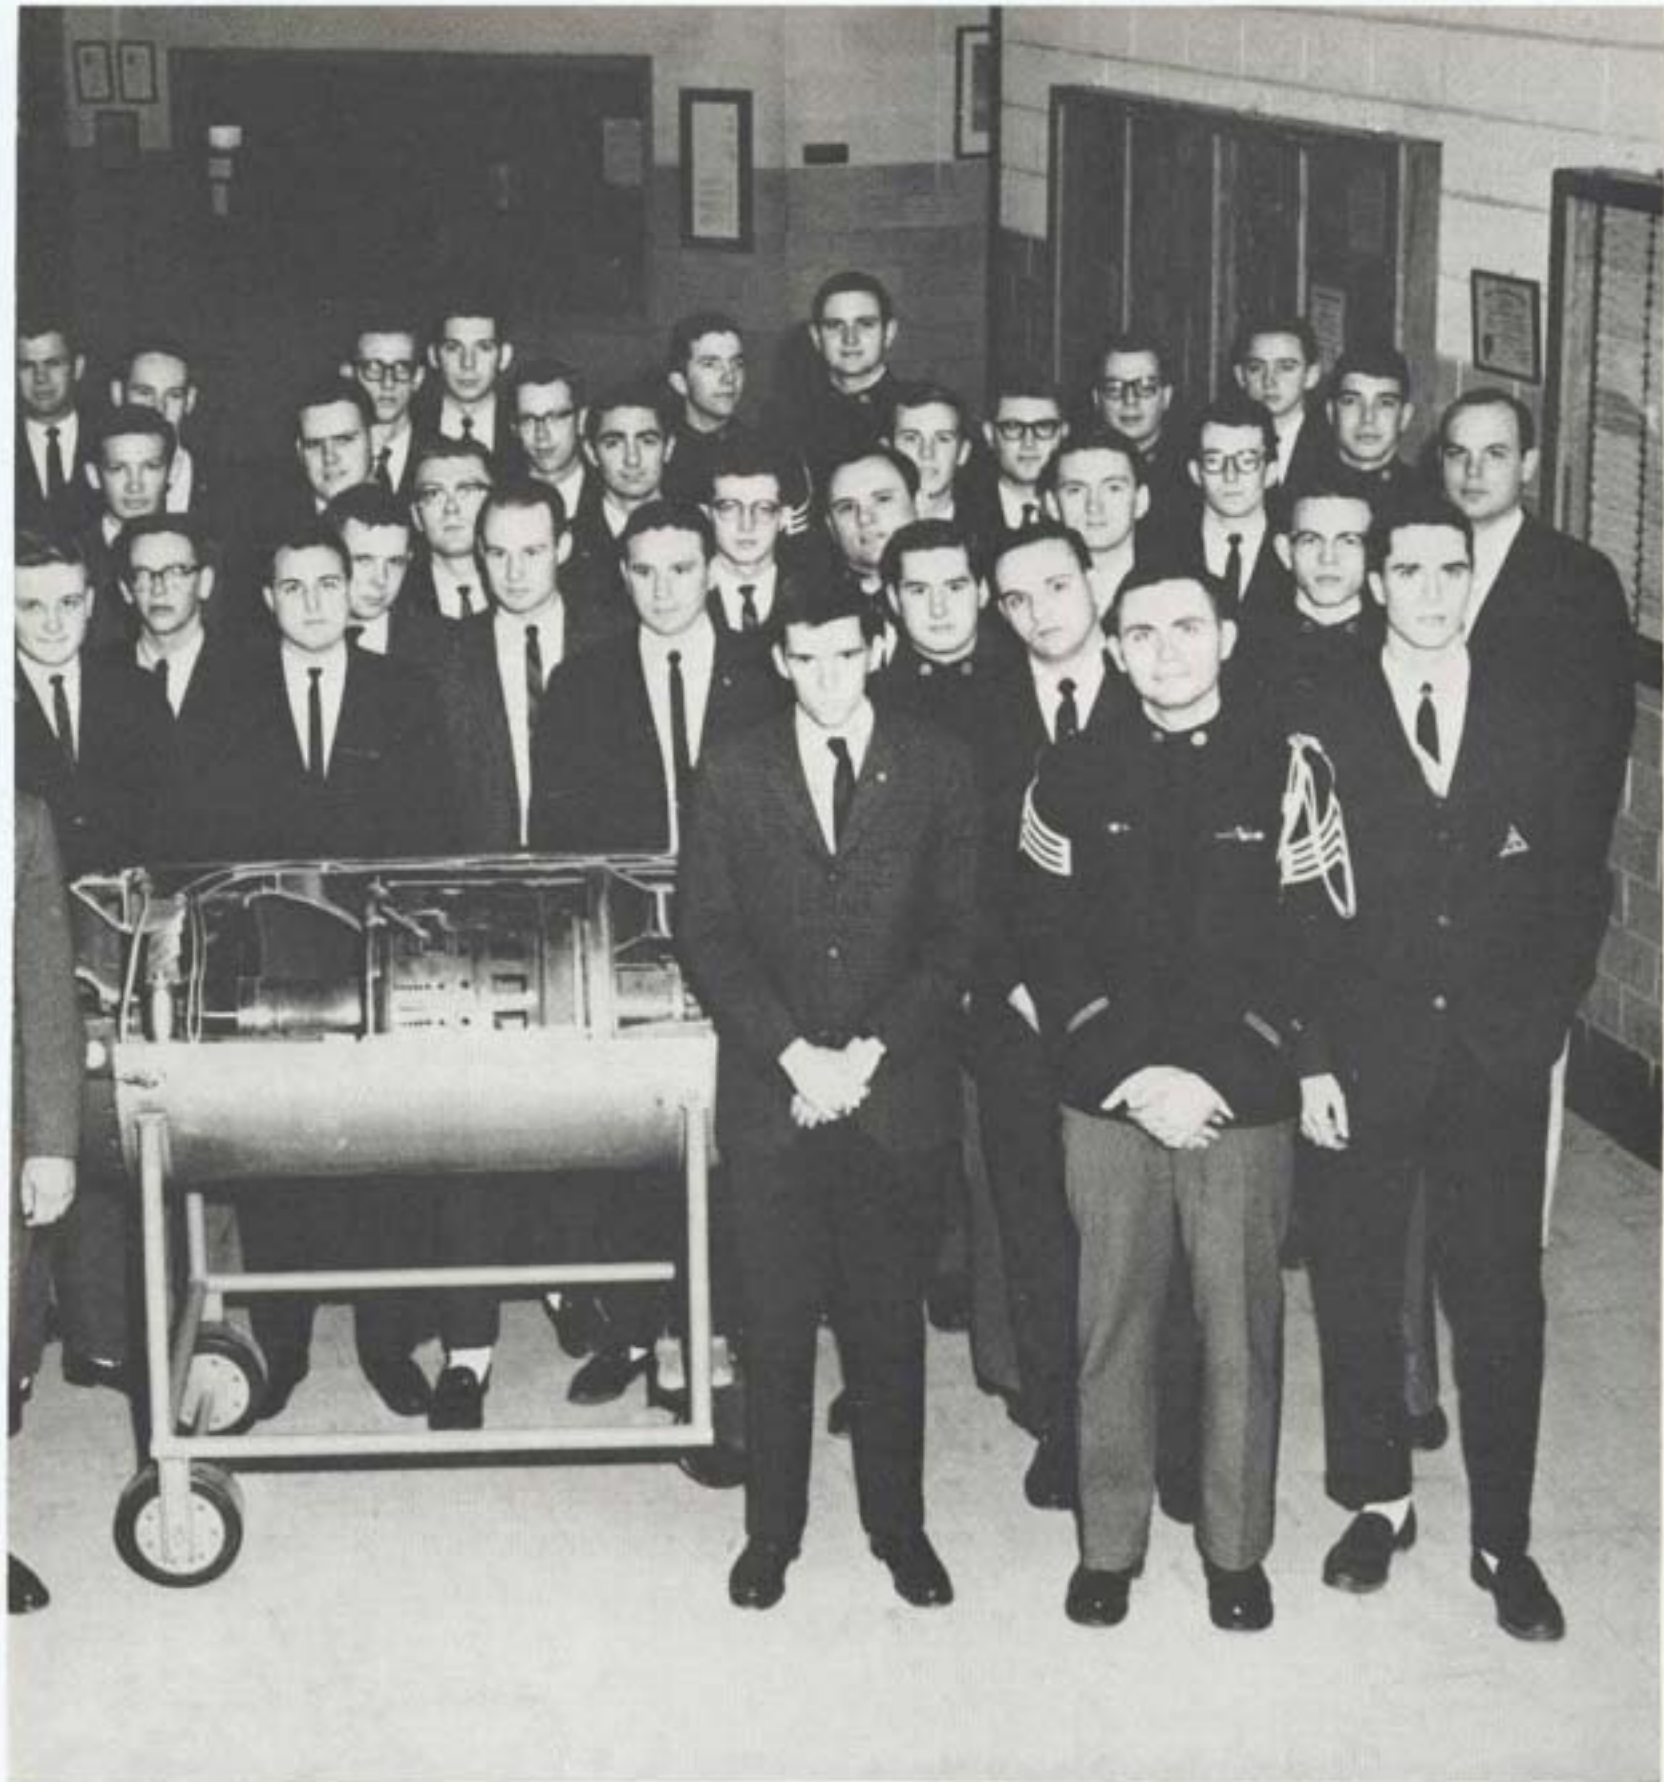

The oldest student branch of American Society of Mechanical Engineers in the Southern Region of the National Society, its purpose is the advancement and dissemination of knowledge of the theory and practice of mechanical engineering, the presentation of a proper perspective of engineering work and the opportunity to become acquainted with the personnel and activities of the society as well as promote a professional awareness and fellowship.

It has been actively supplementing the curriculum in mechanical engineering since its inception in 1915.

G. E. Clarke, Chairman; C. S. Thomas, Vice Chairman; R. B. Moore, Treasurer; W. H. May, Corresponding Secretary; R. F. Dubil, Recording Secretary; W. H. Jenkins, AAE Representative; J. H. Lewis, AAE Representative; Dr. Hsu, Faculty Advisor; Jim Smith, Leon Dishman, Wayne Layman, Hunter Motley, Frank Crenshaw, Jim Fischer, Herman Reams, John Smith, Gilbert Alexander, Gerald Gregory, Jack Anderson, Alan Reed, Gerry Funk, Larry Steele, Bill Maisey, George Pate, Gerry Alexander, Granville Albright, Barry Williamson, Joe Guimond, Bill Jones, Bill Kukuk, Randall Johnson, Fred Johnson, Mickey Smith, Jim Conner, Bruce Vorhaver, Dick Shafer, Ron Coiner, Dave Thomas.

AMERICAN SOCIETY OF

MECHANICAL ENGINEERS

Smitty Knight, Vice-President; George Poulson, President; William Blatz, Treasurer; James Gladwin, Secretary (missing from picture).

THIS HAS BEEN THE first year on the VPI campus for the National Association of Homebuilders. In conjunction with the Associated General Contractors of America, NAHB desires to promote better home building. A scholarship for outstanding students in the Building Construction curriculum has been awarded each year.

CHARTERED IN 1924 and one of three in the nation, the AGC helps to prepare Building Construction students for the professional field of construction.

Members are given an opportunity to hear guest speakers in professional building construction during special symposiums.

During Homecoming the organization sponsors a party for members and dates.

Gerald Buckner, President; Dick Walmsley, Vice-President; Bob Duff, Secretary; Richard Kanode, Treasurer.

ASSOCIATION OF GENERAL CONTRACTORS NATIONAL ASSOCIATION OF HOME BUILDERS

BURKHART MINING SOCIETY

FALL QUARTER of this year, the Burkhart Mining Society had speakers and occasional films on various mining techniques and technological advances along with dinner at the home of their department head. The annual club picnic followed Spring Quarter. Their aim is to instill professional pride in their work.

HORTICULTURE CLUB

THE VPI HORTICULTURE Club is supported by professional and commercial interests in Virginia, and each year the club presents an award to the outstanding horticulturist in the state.

Some members are shown here making mum corsages for Homecoming.

ENGINEERING MECHANICS SOCIETY

Vorhauer, Furman, Pinckard, Abbitt, West, Climpson, Bloodgood, Vanatta, Irving, Weather-

ford, Baker, Hackenberg, Ware, Winter, Stinchcomb, Pallard, Abbot, Smith, Barker.

THROUGH MOVIES AND guest speakers, the Engineering Mechanics Society enlarges the students understanding of the role of mechanics in the engineering profession.

The society sponsors an exhibit at Tech Festival and a departmental picnic.

FORESTRY CLUB

THE PURPOSE OF the Forestry Club is to promote binding organizational fellowship for its members, students in wildlife and forestry curriculum, to serve VPI and to further inform the general public as to the need for organized, well planned forestry and wildlife conservation. This is accomplished through speakers, films, and field trips.

HOLDEN GEOLOGICAL SOCIETY

THE MEMBERSHIP OF the Holden Geological Society, composed of geology and geophysics students, attended a fossil search at Saltville, Virginia, and mineral hunts at Spruce Pine, North Carolina, and Oustinville, Virginia, this year.

A more professional understanding between students and instructors is the goal of the society.

MEMBERS OF HOLDEN GEOLOGICAL SOCIETY—Dave Hergenroder, D. P. Moore, C. T. Rightmire, Jeff Jeffries, Eugene Huffman, William Berry, Charles Blethen, John A. Pritchard, Louis

Heyman, Fred Webb Jr., Richard Moncure, Robert McDowell, Arthur H. Ross, J. A. Redden, Sponsor.

NAVAL ARCHITECTS AND MARINE ENGINEERS

AN INTEREST IN ship-building in any student in naval architecture, marine engineering, or a related field is all that is necessary for membership in the Society of Naval Architects and Marine Engineers.

MEMBERS OF CLUB—*Seated:* Mr. James F. Hallock, Faculty Advisor; Joel Snyder, Corresponding Secretary; Hil Johnson, Treasurer; Ray Dossett, President; William Fox, Vice-President; Lin Garrenton, Secretary; A. J. Szeless, Professor. *Second*

HOME ECONOMICS CLUB

THE HOME ECONOMICS Club was established for the benefit of those students in the field of Home Economics in order to encourage an appreciation for art and science, and to broaden their outlook on the Home Economics field. This is accomplished through educational programs, participation in wholesome recreation, and taking advantage of professional information available.

During the 1963-64 year, members attended a buffet with the Cosmopolitan Club, demonstrations of flower arrangements, Christmas decorations and current hair styles. Spring quarter, the club sponsored a spring fashion show in Burrell Hall.

Adeline Blair, an active member of the club, is Vice-President of the State Home Economics program.

INSTITUTE OF ELECTRICAL AND ELECTRONIC ENGINEERS

IN 1963, THE AMERICAN Institute of Electrical Engineers-Institute of Radio Engineers became the Institute of Electrical and Electronic Engineers. Even through this transition, the organization has maintained its aim to promote a professional attitude among the students of electrical engineering and to keep them well informed of the latest industrial advances.

Throughout the past year members have taken tours of local industrial plants, attended student faculty get togethers, worked on an exhibit for Tech Festival, and heard speakers from various industrial branches during meetings and the Tech Festival symposium.

MEMBERS OF CLUB—*Front Row:* Anthony Aldieri, James G. Beasley, Corresponding Secretary; Doug Wine, Publicity Chairman; Douglas Drumbeller, Chairman; Jerry Foldesi, Vice-Chairman; Professor Ralph R. Wright, Counselor; Ben Fairfax, Elmo Piper. *Second Row:* Garland E. Brown, Brian R. Mercy, Ray A. Gaskins, William

I. Ijarden, Ronald L. Barker, James K. George Jr., Frank W. Nolen, Robert D. Berger. *Third Row:* Milton Beattie, Phillip L. Roark, William A. D. Herrington, Constantine A. Balanis, James C. Bennett, Clark J. Wagner, Charles R. Hoffman.

POULTRY SCIENCE CLUB

TO DEVELOP AND maintain a better working knowledge of the rapidly changing poultry industry is the main purpose of the Poultry Science Club. Highlights of this year's activities include chicken-Q's a display at Tech Festival and sponsoring the poultry judging team.

CAVE CLUB

THE CAVE CLUB works towards promoting interest, advancing the science of speleology, encouraging fellowship among those interested in spelunking, and promoting conservation and safety.

The school year of 1963-64 witnessed the surveying and mapping of Big Hole Cave and Higganbothams Cave and Tazwell County Caves, and caving trips to Franklin, W. Va., and Burke's Jorden, Va.

THE APPLE CLUB

REPRESENTING ONE OF the nation's largest apple growing area, the Apple Club strives to promote good will and fellowship among its members from the northern counties of Virginia and the West Virginia Panhandle.

CAPITOL CLUB

SINCE 1947, THE Capitol Club has greatly contributed to the friendliness found on the Tech Campus. Through their infamous parties, both at home and at school, their members are drawn close together.

EASTERN SHORE ANCHOR CLUB

ORGANIZED ON NOVEMBER 6, 1904, the Eastern Shore Anchor Club is one of the oldest sectional clubs at VPI. A scholarship to area students entering VPI is offered by the club. Dances and an annual oyster roast are their big events.

HAMPTON ROADS CLUB

EMPORIA CLUB

THE EMPORIA CLUB is composed of students from Emporia and the surrounding area. The Club sponsors parties and dances, the Christmas dance highlighting the season.

LYNCHBURG CLUB

DANCES DURING THANKSGIVING, Christmas-New Year, and the Spring quarter break are activities the Lynchburg Club hold which everyone in the Lynchburg area looks forward to.

The Lynchburg Club is one of the many clubs on the Tech campus who serve together to promote fellowship and goodwill among students.

PEANUT CLUB

FRIENDSHIP AND GOOD fellowship among students from the vicinity of Suffolk, and the surrounding areas are two primary goals of the Peanut Club.

MEMBERS OF CLUB—*First Row:* Bill Scott, President; Billy Felton, Phil Evans, Vice-President; Rodney James, Secretary-Treasurer; Fred Johnson, George Blair, Bobby Phillips, Wayne Blythe. *Standing:* Jim Everette, Bill Flynn, Allen Kelly, James Gualtney, Jim Harvey, Warren Beale, Dick Harrell, Allan Jones, Bill Oliver, Bill Jones, Happy Brack Powell, Dwight Bradshaw, Wilmer Spivey, Jim Flynn, Jack Howell.

ROANOKE CLUB

"A GOOD TIME BY ALL" is the keyword for any of the public or private parties held by the Roanoke Club. Composed of VPI students from the Roanoke area the club promotes fellowship at home and on campus.

SHENANDOAH VALLEY UNION

THE COUNTIES OF AUGUSTA, Rockbridge, and Rockingham and the surrounding cities are represented by the Shenandoah Valley Club. The purposes of the club are to help freshmen become adjusted to college life, and to provide social functions for the members throughout the year.

SOUTHSIDE CLUB

TO ENABLE STUDENTS FROM Southside Virginia to have a good time, anytime, and establish new friendships is the goal of the Southside Club of VPI. During the year there are meetings, parties, picnics, parties, parties, and parties.

Howard Seamster, Treasurer; Joseph F. Morrisette, President; Richard L. Meadows, Secretary; Gerald Watts, Thomas Rogers, Bill Kirkland, Gene Warren, Lewis Williamson, David Crichton, Steve Greene, Phil Lewis, Ben Brown, Johnny Hite, Gene Barry, Gray Bradford, Robert Bishop, Sterling Montague.

SOUTHWEST VIRGINIA CLUB

SOUTHWEST VIRGINIA CLUB aims to promote good will and fellowship among students from Southwest Virginia, Eastern Tennessee, and Western North Carolina. The Club operates on a non-profit basis and business is of a strictly social nature.

Jim Hutton, Treasurer; Jim Hyler, President; Teddy Taylor, Jim Wagner, Secretary; Robert McCrady, Vice-President; George McConnell, Hugh Crabtree, Ed Busic, Don Slagle, Betty Davis, Tom Sentele, Lynn Angle, Tom McConnell, Bill Belew, John Jones, Joe Ho.

BAPTIST STUDENT UNION

THE BSU PROVIDES a connection between college life and church life for Baptist students on campus. Activities include weekend retreats, youth revivals to various churches over the state, fellowships, and student summer missionaries.

CHRISTIAN SCIENCE ORGANIZATION

THE CHRISTIAN SCIENCE Organization is open to all students and faculty of VPI. It holds regular meetings on Wednesdays during the school year in the YMCA Chapel. This year the Christian Science Organization sponsored a lecture by Mr. James Watt.

Frank Benson, Walter Collins, Carol Schuck, Secretary; Mrs. F. P. Sears, Advisor; Norman Johnston, Rick Gates, Fred Sears, President; Robert Stephenson, Treasurer; Jack Webster.

LUTHERAN STUDENT ASSOCIATION

CHURCH ARCHITECTURE, SOCIAL problems of today and Bible studies are topics presented by guest speakers, films and panel discussions to members of the Lutheran Student Union and other interested students at VPI. Every fall and spring they join area and regional LSA's for special retreats.

NEWMAN CLUB

FOUNDED BY JOHN Henry Cardinal Newman, the Newman Club is an international organization of Catholic Youth. Its purpose is to encourage the spiritual, intellectual, and social interest of college students, and to further Catholic ideals in colleges of the United States.

YMCA

"STUDENT YMCA'S PART of a world-wide Christian movement and seeks to help persons to study and work toward enriched human living and a free and just society. In this task, they seek to attract and unite in active fellowship, individuals of all Christian confessions, adherents of other faiths, and those who affirm no religious beliefs. In an open search for life's purpose, persons are encouraged to confront the power and reliance of the Christian Faith."

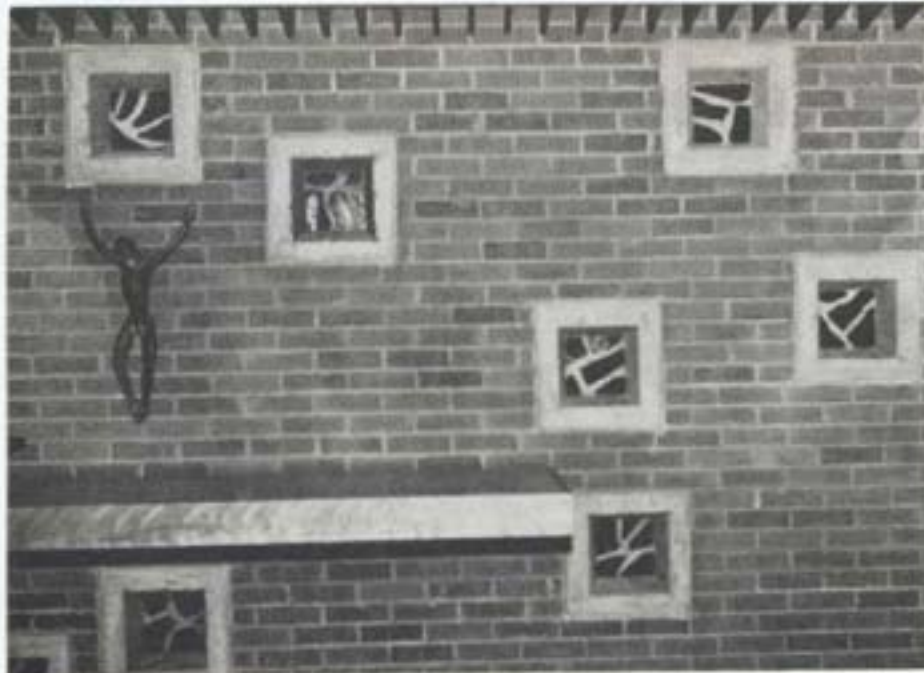

THE YWCA UNITES VPI co-eds in the desire to realize a full and creative life through a growing knowledge of God. The organization is determined to have a part in making this life possible for all people, through faith in Christ and His Church.

Through the YWCA, the big-sister program has helped acquaint freshmen and transfer students to campus life. There is a standing project for aiding needy families in the area.

WESLEY FOUNDATION

Chapel in Wesley Building with stained glass windows and crucifix by Dean Carter. Atmosphere of reverence.

THE BASIC PURPOSE of the Wesley Foundation is to help the student find his personal fulfillment through the Christian way of life. A long-time goal of the Foundation was realized when, in September, 1963, the new building at Otey and Roanoke Streets was opened.

Activities include programs on subjects ranging from the arts to campus morality to the development of leadership capacities, as well as times devoted to having fun.

Part of a typical Sunday night crowd at Wesley, in this case for Ferrum College's presentation of "The Importance of Being Earnest" by Wilde in February.

VIRGINIA TECH GLEE CLUB

"MOONLIGHT AND VPI," released July, 1963, has provided many Techmen with a lasting memory of years spent at VPI.

The Glee Club strives to provide cultural activity and music on campus.

Under the direction of Miss Mildred Heimlich, the group travels throughout the state, singing at conventions and festivals.

OFFICERS OF CLUB—J. W. McMillan Jr., President; W. L. Good, Vice-President; R. W. Foutz, Secretary; E. L. Critzer, Treasurer; Miss Mildred Heimlich, Director; M. T. Hudson, Concert Manager; J. S. TECH FESTIVAL ASSOCIATION

THE TECH FESTIVAL Association was organized in 1962 for the purpose of sponsoring the Tech Festival weekend, a broadening of the past Agricultural Exposition and Engineering Conference weekends to include the other four colleges on campus. Tech Festival presents a gala weekend of entertaining, educational, informative, and social events to improve the image of VPI and its students with industry and the general public of Virginia.

Student members, equally representing the six colleges on campus, coordinate regular spring activities of many organizations to provide an activity-packed three days in Spring Quarter. A VPI Career Day, in which high school students from throughout the state are invited to see Tech, is an important facet of the weekend.

The result is a living brochure of VPI for our numerous visitors.

SOUTHERN COLONELS

OFFICERS OF CLUB—Ken R. VanHook, Director; Mike VonKaenel, Business Manager; Bob Bugge, Engineer. **MEMBERS**—Eric Anderson, 1st Alto Saxophone; Ken VanHook, 2nd Tenor Saxophone; Bob Burnet, 3rd Alto Saxophone; Jim Cooper, 4th Tenor Saxophone; John LoPrest, 5th Baritone Saxophone; Mike Yergovich,

1st Trumpet; Dave Baltimore, 2nd Trumpet; Craig Miller, 3rd Trumpet; Bob Schwerzel, 4th Trumpet; Tony Riley, 1st Trombone; Bob Bugge, 2nd Trombone; George Chenault, Piano; Sandy Seay, Bass; Mike VonKaenel, Drums; Richard Deaton, Guitar.

FIRST ORGANIZED IN 1924, the Southern Colonels is known as the oldest dance band on the VPI campus. The music of the Colonels has been enjoyed from Morgantown, West Virginia, to Virginia Beach. As a means of providing talented Techmen to play professionally and providing fellow students with a source of recreation, the Colonels have been a real asset to VPI.

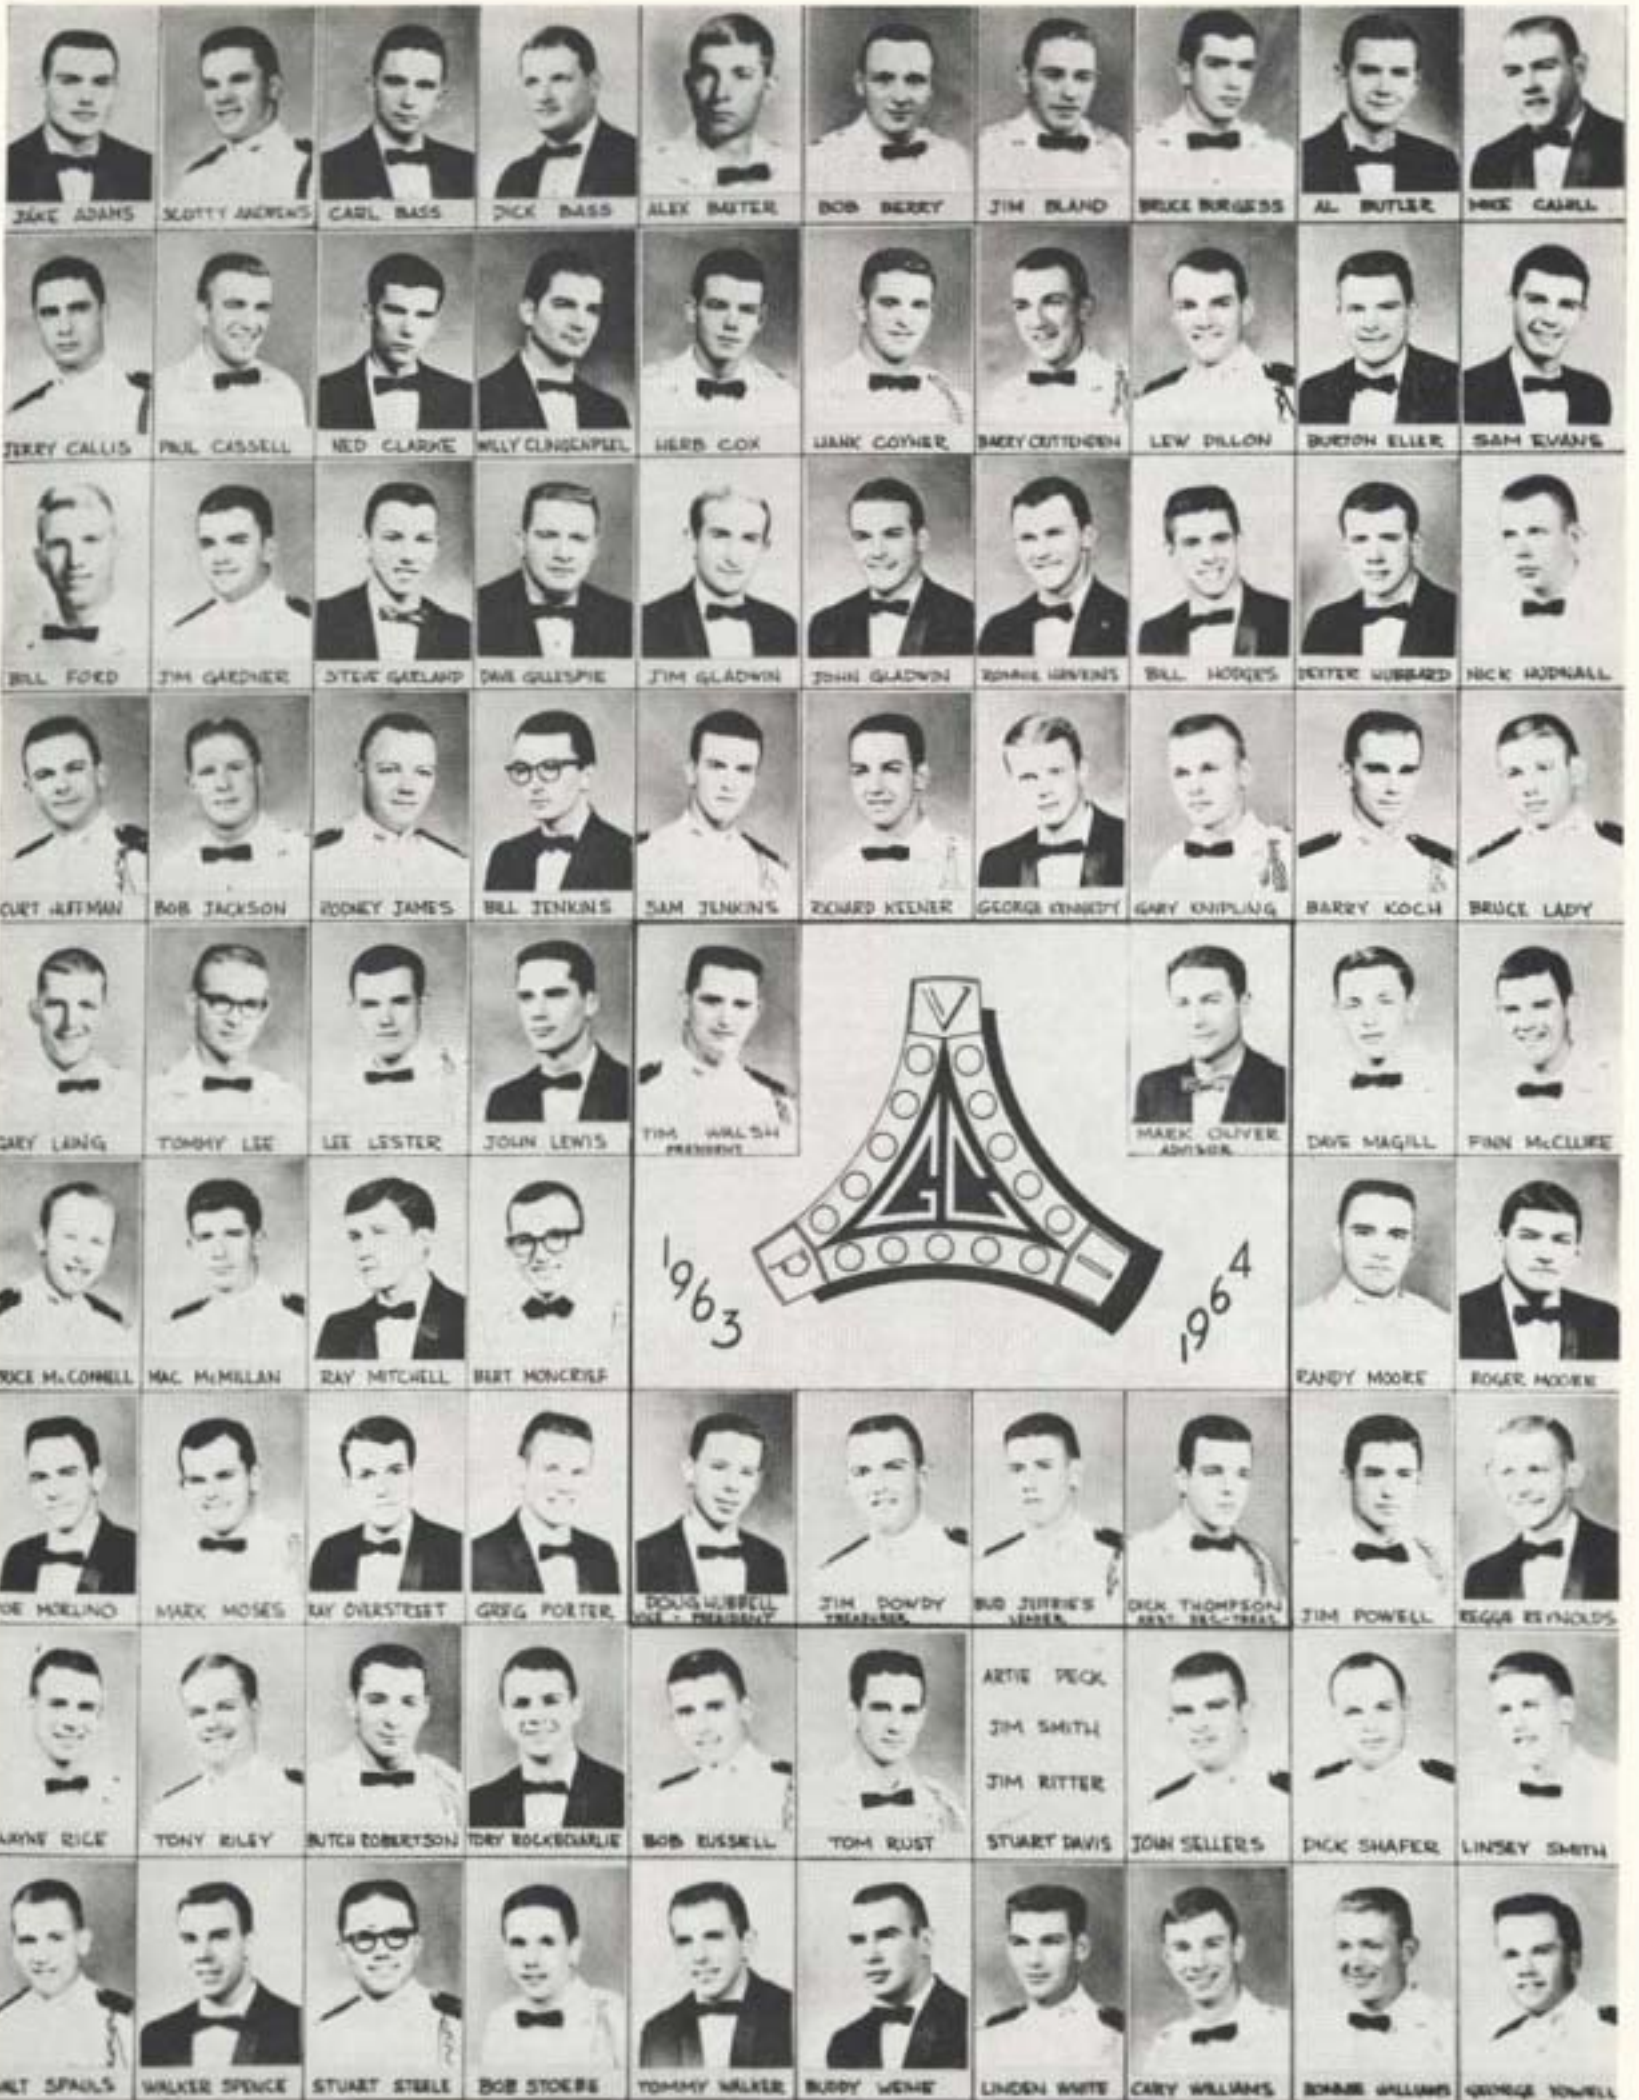

GERMAN CLUB

THE VPI GERMAN Club, established in 1892, is the oldest social organization of the Tech campus. Mindful of its traditions, the club has sought to provide dances that reflect the highest credit upon itself and upon the university.

The high personal integrity and ability of its members indicate that its high aims shall be maintained.

ATHLETICS

WAYNE BAYRLE
Editor

VIRGINIA TECH'S 1963 COACHING STAFF: Jack Prater, Hootie Ingram, Doug Shively, Head Coach Jerry Claiborne, Dick Redding, John Shelton, and Bill Conde.

ATHLETIC DIRECTOR

FRANK MOSELEY

Frank Moseley came on the VPI sports scene in 1951 playing a double role. During his first ten years of service at Tech, Mr. Moseley served as both athletic director and head football coach. Moseley, however, was forced to give up his position as coach when Tech's expanding horizons made the handling of the two positions impossible. In his ten years as head coach, the Tech teams under his fine leadership had compiled a record of 55 wins, 42 losses, and three ties.

Through Frank Moseley's efforts in his present position of athletic director, Tech has come far in becoming an institute known for its fine teams. In future years the name of VPI will stand high in the ranks of nationally rated schools as one of the countries most renowned athletic leaders.

JERRY CLAIBORNE
Coach

FOOTBALL

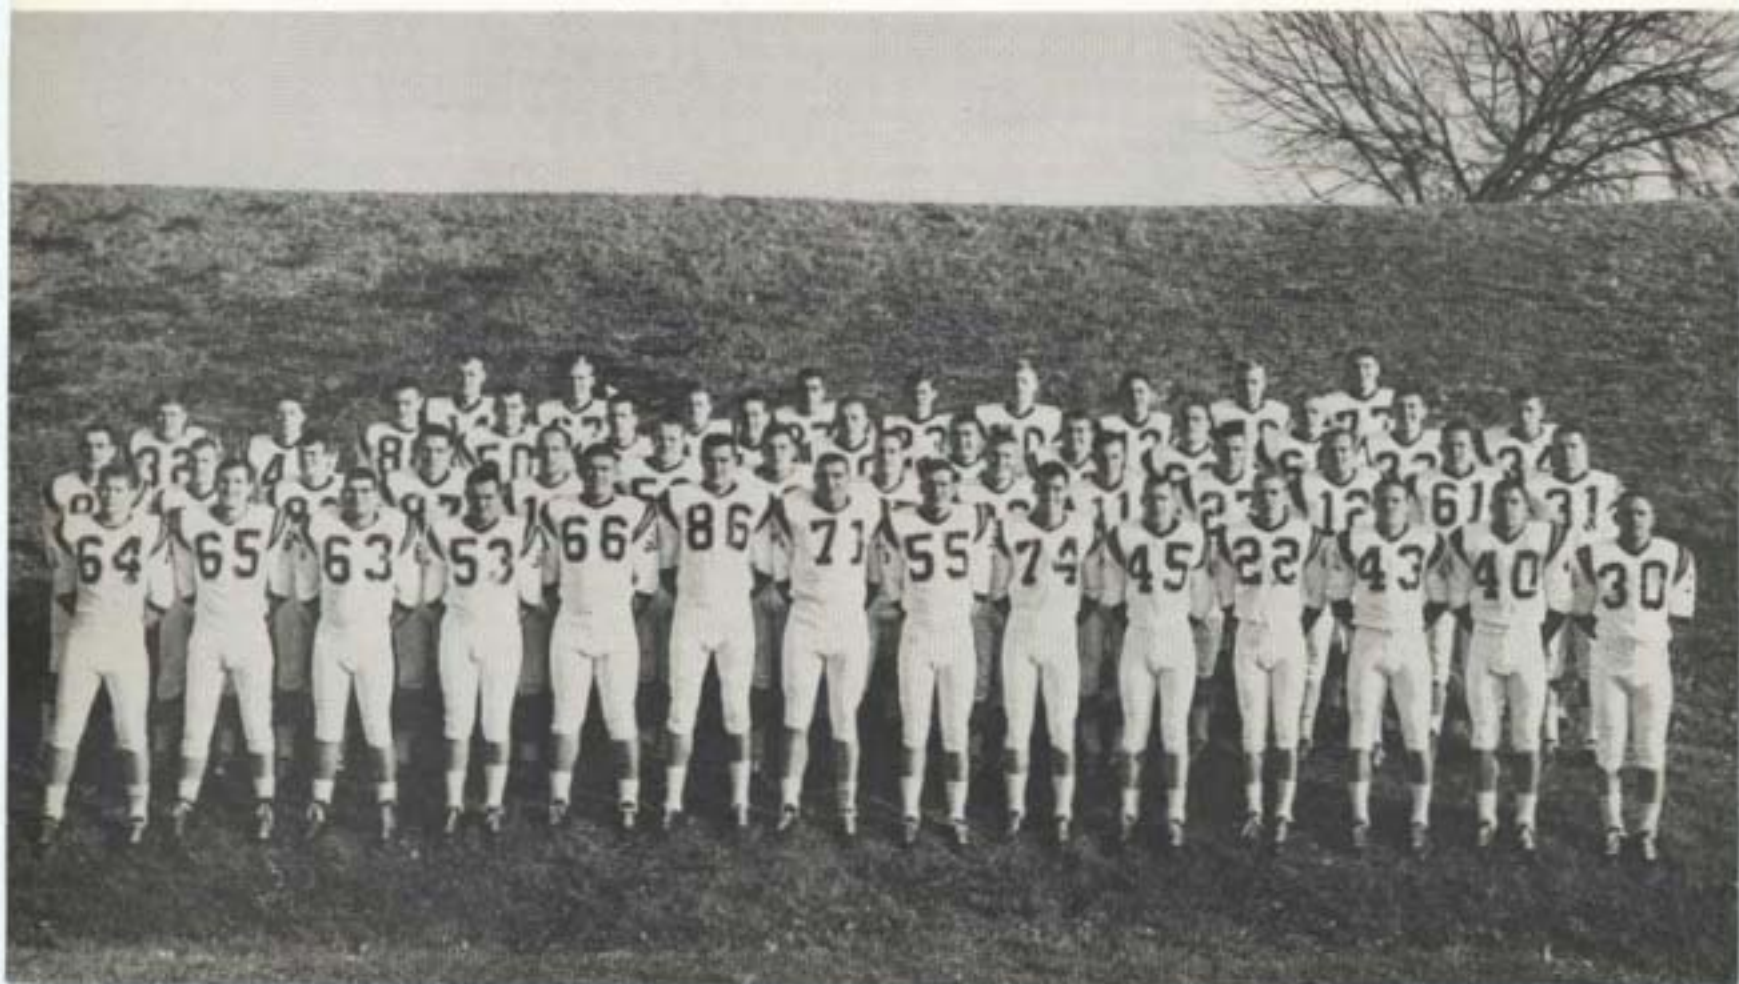

Jerry Claiborne, who has just completed his third season as Tech's head football coach, should be congratulated for his efforts in bringing VPI its first Southern Conference Championship.

Tech started the season on a low-note with their defeat to Kentucky, but came storming back and posted six victories in the win column before falling to a hard-hitting North Carolina eleven. From this defeat the Gobblers learned much and came back to win their remaining two games of the season.

Many returning lettermen and alot of promising material from this years freshmen team should keep the Southern Conference Title at Tech next season.

VA. TECH14 KENTUCKY33

Virginia Tech opened the football season against The University of Kentucky which proved to be an evening of mistakes, costly miscues, and key penalties. Tech's scoring was done on a one yard plunge by Page, which was set up by an intercepted pass by Edwards. The other score was a four yard pass play from Schweickert to Walker.

VA. TECH27 WAKE FOREST0

After losing the seasons opener to Kentucky the Techmen bounced right back with a resounding win over Wake Forest. Fine defensive and offensive play was just too much for the Deacons of Wake Forest to handle.

VA. TECH.....10 VIRGINIA 0

Virginia Tech's defense showed everyone at the sixth annual Harvest Bowl game just how good they really were by stopping the Cavaliers running and passing offenses cold. Twice during the second half the Gobbler defenses held on four downs within their own ten yard line and allowed Virginia only twenty-six yards through the air.

VA. TECH.....22 GEORGE WASHINGTON ... 8

Unveiling it's potent running game, Virginia Tech swept past a winless George Washington eleven for the Hokies first conference victory of the season. Techman Sonny Utz and safety man Mike Cahill teamed with flashy Bob Schweickert to outshine a spirited Colonial offensive effort.

Outclassed William and Mary, while unable to contain the powerful Tech offense, could not move effectively against the Gobbler defenses. Again the combination of Bob Schweickert and Sonny Utz proved to be the Indians downfall in a game which was played before the largest Homecoming crowd in Tech's history.

VA. TECH.....31 FLORIDA STATE23

Virginia Tech capitalized on four errors made on, or inside of the FSU twenty for enough points to beat the tough Seminoles. Tech's fifth tally came when Jake Adams returned a punt blocked by Newt Green approximately forty yards for a touchdown.

VA. TECH14 RICHMOND13

Unleashing an awesome display of offensive power, Virginia Tech still had to rely on a tight defense to sneak by always tough Richmond. The Gobblers were limited to two touchdowns despite the fact that Bob Schweickert broke three offensive records with the help of outstanding blocking in the Tech line.

VA. TECH7 N. C. STATE13

Mistakes determined the outcome of a game that was rated a tossup before the opening kick-off. Due to a misjudged punt, which resulted in a fumble and a Wolfpack recovery in the Techmen's endzone, the Gobblers sustained their second defeat of the 1963 campaign which ended their winning streak at five.

Lynn Jones and Tom Hawkins bring down State QB.

VA. TECH28 WEST VIRGINIA3

Virginia Tech soundly thrashed favored West Virginia to preserve its unbeaten mark in Southern Conference play. Again the Gobbler's jarring defense starred as they stopped six deep Mountaineer drives, one of which was when the Mountaineers had a first down on the two yard line.

VA. TECH35 V.M.I.20

An explosive Virginia Tech squad and two dramatic punt and kick-off returns gained Tech's first Southern Conference football championship with a victory over arch rival VMI. Tech's win can be attributed to its clutch defense and the "homerun" play.

FRESHMEN FOOTBALL

Coach Dick Redding had under him one of the finest freshmen football teams ever to play at Tech. Starting the season with a 12-7 win over the West Virginia freshmen the Gobblers went on to finish the season with a 3-1 mark.

At the annual Shrine Bowl Game the freshmen beat the VMI freshmen by the score of 20-12. Probably the best game of the season came at the very last when the Gobblers faced Lees-McRae at Miles Stadium. Halfback Tommy Francisco and quarterback Denny Obst would have to be singled out in a game that saw every member of the freshmen team perform magnificently. At the conclusion of the game the Tech freshmen had compiled a total of 478 yards while going on to win the contest by the score of 37-0.

BILL MATHEWS
Coach

Although the Virginia Tech basketball team did not fare well in the Southern Conference Tournament, the team did however have a very successful regular season. Coach Bill Mathews, though criticized by many through the season, did an excellent job in leading the team to an impressive 16 and 6 season record and an overall mark of 16 and 7.

Howard Pardue along with sophomore star Paul Long provided Tech with a deadly outside threat while Barry Benfield added much to the defense. Through the season it was the great bench strength that proved to be Tech's greatest asset.

Next years team shows promise of going all the way with the return of such fine ballplayers as John Whitesell, John Wetzel, and Mickey McDade along with some very fine prospects from the freshmen team.

CROSS COUNTRY

Lack of depth and experience hurt the cross-country team in what was considered to be a rebuilding year. Steve Wentworth, the captain, was the only returning letterman.

There was, however, a marked improvement throughout the season as the team gained valuable experience at actual meets. With the fine performance of Jim Heywood, the team finished sixth in the conference meet, a meet that beforehand was supposed to see the Tech squad finish in last place.

Next year's team should be greatly improved with the addition of several outstanding freshmen runners plus the returning of the majority of this year's varsity team.

Last season saw Tech wrestlers sweep the Southern Conference Tournament while becoming the first team in Southern Conference history to win the title four consecutive times.

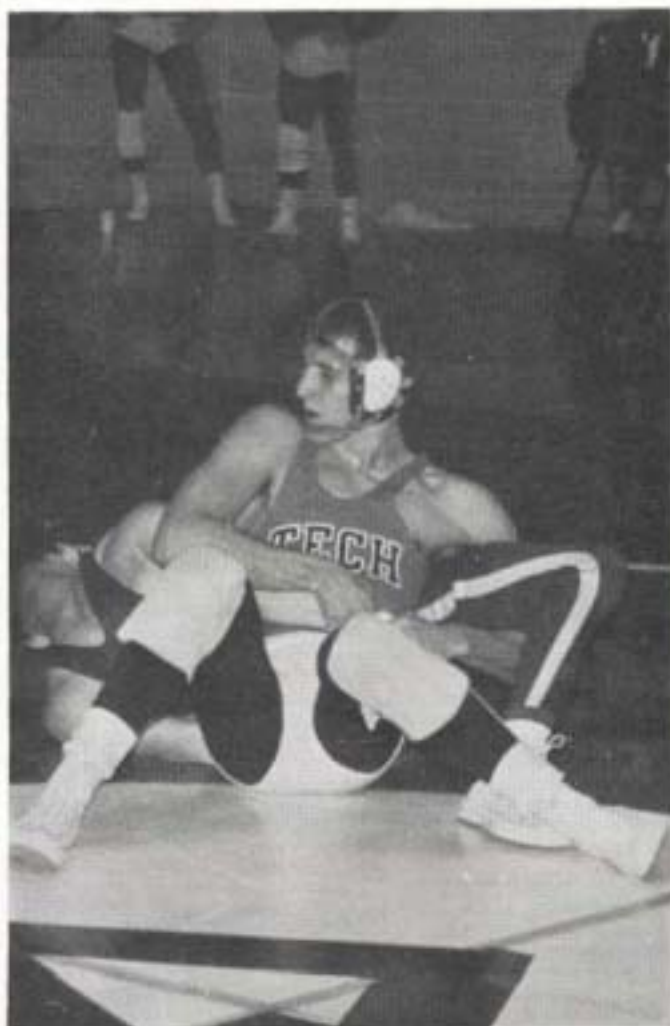

Ohio State defeated the Tech matmen early in the season, but fine performances turned in by Don Ellerman, Bill Miller, and Roger Lovern kept the Techmen's hopes up.

A win over the Citadel and a satisfying win against Virginia raised the season marks to 3-5-1.

Due to the fine showing that the team has turned in recently, it appears that the grapplers will make it five straight during the upcoming conference tournament.

'63 BASEBALL

Bad weather at the beginning of workouts held up the Tech training schedule. Outside practices were practically impossible limiting the team to only two batting practices. This lack of outside work was evident in Tech's opening games against Alabama in which the Techmen lost both ends of a double header.

Unleashing an awesome display of batting, the Tech team posted their first win of the new season by defeating the University of Maine 13-7. Against Wake Forest the Gobblers hit fast and hard in the first inning to pick up six runs and win the contest 7-3.

Tech's batsmen moved above the .500 mark by taking two games from Castleton State of Vermont.

Tech ended its 1963 baseball season with a 4-3 victory over Richmond to bring their overall record to 14-7 and their conference mark to 10-1.

Much like the cross country team, the Tech trackmen lacked depth which seemed to be the cause of their defeats. As the tournament at VMI came around, injuries of key members on

the team hurt the squad greatly. These injuries caused the 1963 Trackmen to finish fifth in this meet.

SWIMMING

Steve Garland, Bob Buie, Woody White, and Jeff Horner to mention only a few made the Mermen's 1964 season a real successful one. Starting the season rather slowly with only one win in four starts against non-conference foes, the Tech swimmers picked up and won when it counted. Against Southern Conference opposition the team had a perfect record by winning the meets with West Virginia, Wm. and Mary, The Citadel, and Davidson.

In the meet with defending Southern Conference Champions, The Citadel, the Techmen handed the Bulldogs their first defeat which ended a 35 meet winning streak.

From their performance during the season it looks as if the Tech Mermen should take everything at the tournament.

Tech booters finished the season fifth in the state; but, we must remember that these first few years are building years for a team and a sport that were unheard of at Tech just three short years ago. Jim Hollister and Jon Utir lead a young team that should be greatly improved next year. Coach Schraeder feels that with the experience the team gained this year, his team should rank higher in the state next season.

Starting the season with a 9-0 defeat at the hands of Ohio University, the Gobblers came back to beat VMI and the University of Virginia in a tri-match that saw Tech's Charles Holden tie Virginia's Clark MacKenzie for medal honors with a score of 77. Tech then went on to beat West Virginia 8½-½ and brought their season mark to 5-1 with their defeats of Richmond and VMI.

Playing for the Tech Linksman were Charlie Holden, John Dietrich, George Rosengarten, Jerry Simpkins, Billy McEver, Tommy Rash, Randy Zehmer, and Tommy Bosari.

WOW! THAT'S WHAT I CALL A FOREHAND SMASH . . .

TENNIS

Coach Bill Buchanan's boys had their first winning season in twelve years and were the first tennis team from Tech to finish in the first division in the Southern Conference Tournament. Bill Lewis, Karr Linkous, Rick Ott, and the doubles team of Bud Millner and Lewis made it to the semi-final round of the championships. This was a year of firsts for the 1963 racketmen as they beat Wm. and Mary, Wake Forest, and Davidson.

Heading the team were three first year men Bud Millner, Irving Blank, and Don Elks.

Coach Buchanan's outlook for the 1964 season is even brighter than it was for the 1963 season. Only two men will be lost due to graduation and several transfer students should help strengthen next year's team.

The Roanoke Newspapers
Serve
Virginia Tech

The Roanoke Times and The Roanoke World-News are part of the student life at Virginia Tech. These newspapers help to give students knowledge and to stimulate their thinking for useful citizenship in the world in which the seniors of 1964 are now entering.

Wherever these graduates go, whatever they do, the free press will become an even more integral part of their daily lives as the primary source of information and as the great bulwark of liberty. The newspaper indeed will be a member of their family.

The Times and The World-News will continue to serve those graduates who become a part of the community life in the Roanoke Valley and Western Virginia. The newspapers bid these new citizens welcome to the Mountain Empire of Virginia.

Thomas A. Edison
Hall of Fame

Opportunities Like Edison had
are **WAITING FOR YOU**

The inventions of Thomas Edison have affected the lives of people everywhere. They have created entire industries — ours, for example.

Under America's Free Enterprise system, inventive people like Edison can expect special compensations — profit, honor and satisfaction.

The hope of attaining such rewards has been one of our nation's greatest incentives to progress. It is a goal that prods imaginative minds in their quests for new products and methods.

Not everyone can be a Thomas Edison. However, every trained, dedicated graduate can anticipate a full measure of our society's rewards. All it takes is a willingness to work harder and contribute more.

We are not sent into this world to do anything into which we cannot put our hearts. We have work to do for our bread, and that is to be done strenuously. Other work to do for our delight, and that is to be done heartily. Neither is to be done by halves or shifts, but with a will, and what is not worth this effort is not to be done at all.

Paper and Careers *for the future*

TODAY there are more than 100,000 different uses for paper . . . and the search for new uses never ends. That is why this fast-growing industry is now the fifth largest in the country . . . and why it needs trained researchers and technicians for future growth.

Our company, a pioneer kraft manufacturer, joins with other mills in sponsoring college scholarships in paper technology. It also offers scholarships for study in a subject of the student's choice. For information, write: Public Relations Department —

A Memorable Year

•

- Congratulations to the Student Body and Faculty of VIRGINIA TECH upon the completion of another outstanding year of accomplishments.

- The Staff of your annual has worked exceedingly hard to give you a superb book that portrays the highlights of memorable activities. To preserve this excellent literary and photographic record, the best grades of material have been combined with skilled workmanship to provide the finest quality yearbook.

- We are very proud that the 1964 Staff selected us to print and bind the BUOLE. We have earnestly endeavored to fulfill the confidence placed in us.
