GENERAL INFORMATION – *Terms and Conditions*

Prices

Possession of this price list does not in itself constitute authority to sell and/or purchase product herein. All prices are LIST prices. Prices are effective with current date printed on the cover and supersede all other price lists. All accepted orders are subject to prevailing prices at time of order. WCI reserves the right to change prices or specifications without prior notice. Prices do not include tax or installation. Additional charges may apply on special requests for inside delivery.

Minimum Order

WCI's minimum order is \$1,500 NET and orders under this amount will be subject to a \$150 service charge. .

Terms of Payment

Payment terms will be established based on the credit rating and credit information provided by and for specific customers based on their credit application. WCI accepts payment via ACH transfer, wire transfer, check, or credit card (MasterCard, VISA, or American Express) Payments made via credit card will be assessed a 3% processing fee. Orders are invoiced at the time of shipment. Standard payment terms are 50% due at the time of order and 50% before shipment. Approved credit levels may be extended to thirty (30) days. All seating orders require a 50% deposit with the order, and the balance must be paid in full prior to the date of shipment or within net thirty (30) days with established credit. Past due accounts will be charged the lesser of 1-1/2% per month or the highest rate permitted by law, plus all collection costs, including reasonable attorney's fees and expenses.

Changes or Cancellations

Any requested changes to or cancellation of an order must be submitted to WCI in writing. Approved change order requests may be subject to a revised production schedule and additional material and labor charges. Approved cancellation requests may be subject to restocking, material, and labor charges. Acknowledged orders for special, non-standard, and custom products cannot be canceled.

Storage

WCI does not have a storage space for completed orders. If customer will not accept delivery of merchandise when products are ready, WCI will transfer products to a storage facility and products will be invoiced at that time. The customer is responsible for the storage charges and assumes and all risks associated with the storage of the product. Such storage shall be deemed delivery for all purposes including invoicing and payment. Customer will be responsible for arranging transfer of the product to its final destination.

GENERAL INFORMATION – *Terms and Conditions*

Orders

All orders must include WCI product model number, final material, and finish specifications for order entry. Send your orders directly to:

GENERAL INFORMATION — *Warranties*

Tables

All tables manufactured by WCI are warranted to the original purchaser covering normal usage for a period of **twelve years** from the date of the original invoice. WCI will replace or repair (at our discretion) without cost to our customers any item found to be defective as a result of defective materials or workmanship. We will not, however, repair any item which has been abused or subjected to any use other than that which was originally intended for our product. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. In no event shall liability under this warranty exceed the original purchase price.

Electrical items not manufactured by WCI are covered for a period of one year.

Plastic laminates, Corian®, quartz and non-standard custom materials are not warranted by WCI, but are warranted by the respective manufacturers under their specific warranty only.

Wood furniture is made of natural variable raw material. Differences in grain characteristics and color among wood species are naturally occurring variations and are not within the control of WCI nor considered defects included in this warranty.

Seating

WCI seating frames are warranted to be free of defects in materials and workmanship covering normal usage to the original purchaser for a period of **seven years** from the date of the original invoice. WCI will replace or repair (at our discretion), without cost to our customers, any item found to be defective as a result of defective material or workmanship. This warranty does not apply to damage resulting from accident, misuse, abuse, alteration or negligence. Any repairs by the customer must receive specific written authorization from WCI before being executed on location to receive proper reimbursement for associated costs. WCI will not be liable for any additional charges sustained by the customer because of improper installation by others, usage or after market additions.

Plastic laminates, upholstery and non-standard custom materials are not warranted by WCI, but are warranted by the respective manufacturers under their specific warranty only.

Wood furniture is made of natural variable raw material. Differences in grain characteristics and color among wood species are naturally occurring variations and are neither within the control of WCI, nor considered defects included in this warranty.

WCI seating is not intended for outdoor usage. Outdoor usage of seating voids warranty.

COM textiles and COL leathers are not warranted by WCI, but are warranted by the respective manufacturers under their specific warranty only.

Outdoor

All outdoor products manufactured by WCI are warranted to the original purchaser covering normal usage for a period of **one year** from the date of the original invoice. Wood Veneer and Solid Wood Table Tops

Wood must be treated as a breathing, living material. Like all organisms, it is subject to changes depending upon the environment in which it exists. The principal concern is the humidity in the surrounding atmosphere and its effect on the wood. Like many other materials, wood shrinks when it loses moisture and it swells when it absorbs it. WCI wood finishes should be wiped clean with a soft damp cloth moistened with water, and then dried with a soft cloth. Wood finishes should be protected from excessive heat. A heat pad, coaster or trivet should be used to protect the table top from pots, pans, hot serving dishes, drinks, plates, etc.

Note: Do not use commercial cleaners, abrasives, solvents, Windex, 409, Ajax, etc. on the table top as this will wear away the acrylic waterborne enamel.

Metal Tables Tops

All metal tables are suitable for indoor and outdoor applications. They have been pretreated and powder coat finished to resist the elements all year long without fading, rusting, or cracking.

For regular cleaning of the metal frames, use a solution of mild, non-abrasive soap and warm water. For more difficult stains, use a mild household cleaner. Avoid using abrasives and chemical cleaners. Always test a small area prior to cleaning. Do not pressure wash.

Table Bases

Powder Coat and Plated Bases

All powder coat and plated bases should be cleaned with a mild, non-abrasive cleaner and cloth. Users are urged to make periodic inspections to look for damage, loose screws and bolts, or other signs of structural fatigue incurred in daily handling, use, and abuse. Examination must include structural joints, corner blocks, welds, and any other stress points. Any product found to be damaged, defective or loose should be taken out of service immediately

PRODUCT SPECIFICATIONS — Tops

Laminate Top Construction

Standard 1.25" thick core material, consisting of a NAUF Particle Board (45.5 lb/ft³), MDF (46 lb/ft³), or 1" thick Birch Plywood (40 lb/ft³) core, surfaced with a laminate face. The core material is determined by the specified edge profile. A phenolic backer is used on the underside of the top. All complete tables (consisting of a top and base) have steel threaded inserts for metal-to-metal mounting of the top to the base, allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have steel support to prevent bowing. All top dimensions are nominal and may vary up to 0.75", depending on the edge treatment. If a critical size is required ($\pm 0.0625"$), dimensions should be specified in writing.

Wood Veneer Top Construction

Standard 1.25" thick core material, consisting of a NAUF Particle Board (45.5 lb/ft³), MDF (46 lb/ft³), or 1" thick Birch Plywood (40 lb/ft³) core, surfaced with a book matched veneer face. A phenolic backer is used on the underside of the top. All complete tables (consisting of a top and base) have steel threaded inserts for metal-to-metal mounting of the top to the base, allowing ease of installation. Tops sold separately do not have steel threaded inserts. Table tops over 96" in length have steel support to prevent bowing. All top dimensions are nominal and may vary up to 0.75", depending on the edge treatment. If a critical size is required ($\pm 0.0625"$), dimensions should be specified in writing.

Butcherblock Top

Butcher Block Tops have an eased edge with 1-5/16" (1.3125") to 1-11/16" (1.6875") wide finger jointed strips, and are 10" to 24" long. Tops are 1.375" thick and 1.875" thick on 60" and 72" tops. Tops are constructed from solid maple and have 0.75" tolerance.

Wood Surface Finish

All wood products are finished in acrylic waterborne enamel providing a 10-20% sheen finish using a multi-step process of hand sanding, staining, and sealing that provides superior water and alcohol resistance. Custom sheens are available upon request; please contact WCI Customer Service for a quote.

Solid Surface

Corian® Surfaces

Standard 1"x1" thick built-up edge on 0.5" thick Corian® (106.1 lb/ft³) with a wood sub-top. Fabricated out of a 0.75" plywood sub-top for indoor and outdoor use, finished in standard white paint. Corian® is a solid surface material from DuPont composed of 33% of Poly Methyl Methacrylate and 67% of Natural Minerals like Alumina Trihydrate. Corian®, along with its adhesives and sealants, are certified by GREENGUARD®, providing a complete surfacing system with low amounts of VOC (volatile organic compounds). All top dimensions are nominal and may vary up to 0.75" depending on the edge treatment. If a critical size is required ($\pm 0.0625"$), dimensions must be specified in writing.

Quartz Surfaces

Standard 0.75" thick material construction with 0.75" marine grade plywood sub-top for indoor use only. Quartz is comprised of a blend of 93% quartz and 7% polyester that is processed into slabs using a vibro-compression vacuum process. If your project entails more material than a manufactured slab, one or more seams will be required. The product is certified according to the GREENGUARD® Indoor Air Quality Certification Program for Low Emitting Products. As a non-porous material, it will not harbor bacteria and is stain resistant. It is very dense, making it impact and scratch resistant. The sub-top is painted to match the quartz top and is sized such that it is inset by 3" from the edge of the top. All top dimensions are nominal and may vary up to 0.75" depending on edge treatment. If a critical size is required ($\pm 0.125"$), dimensions should be specified in writing.

PRODUCT SPECIFICATIONS — Tops

Vinyl T-Mold Edges

Vinyl edges provide an impact-resistant edge. All vinyl T-molding corners have a 2" radius.

PVC Edges

PVC edges provide an impact-resistant edge. PVC corners are 90° square, rounded corners are a 3" radius minimum.

Wood Edges

Wood edges are offered in solid ash, maple, rift cut oak, cherry, and walnut. Other wood species are available upon request; please contact WCI Customer Service for a quote.

Overall Table Heights

Overall table heights vary according to top specification. WCI's standard base only height is 28" . Add top thickness to determine overall table height. Canvas and Parsons are standard at 29 overall height. For alternate height (AH) tables, the height specification refers to the overall height of the table when ordering a complete table, or the overall height of the base when ordering base only.

AH	Alternate Height Base	76	GSL	Super Level Glides	40
	WCI table bases are available in a custom height within the range of 16" – 41" (per column). Alternate height Florentine bases are 174.			Overall height of .75" is recommended for use on uneven or hard surface floors. Eliminates table wobble by automatically self-leveling. Adjusts up to .25" of wobble. Super level glides will not affect the overall height of the table. Super Level Glides are not available on Blok, Disc, Kone or Platform series. Sold in set of 5 (per base).	
TMX/TMT	Tilt-top with Standard Cable Release	X-base 312 T-base 483	TWC2	Casters 2" Twin Wheel	65
	For use on table bases with up to a 2.5" column diameter. The cable release mechanism activates both mechanisms on a table with two single column T-bases. It is not available on TT bases or Post Leg.			Twin Wheel Casters are 2" diameter black nylon with a black nylon hood and locking tab. Casters will not affect the overall height of the table. Casters are available on Dunhill, Mark IV, Plus, Post Leg, Slimline and Tuscan series. Sold in set of 4.	
FM	Folding Mechanism	T-base 312	MWC3	Casters 3" Mag Wheel	193
	Folding table mechanism must be activated individually. The folding mechanism is available on Dunhill, Mark IV, Plus, Slimline and Tuscan T-bases only. It is not available on TT bases or Post Leg. For use on tables bases with up to a 2.5" column diameter.			Mag Wheel Casters are 3" diameter, single wheel, black polyurethane, with a spoked cast iron core, black chrome plated fork finish and a top locking tab. Casters will not affect the overall height of the table. Casters are available on Vista tables series only. Not Available on Vista with Quartz tops. Sold in set of 4.

Node®, Tully®, Mini-Tap®, Ellora® B, Double Ellora® B, and MS2 — BYRNE electric.
Customer may specify alternate power and data modules. Modules must be approved by WCI engineering.

Ellora® B

Ellora B manages power and data with ease. With its clean powder coated finish and seamless, one-piece aluminum frame, the design is contemporary and understated. When in use, the lid opens for easy access at the work surface but closes softly to hide cable clutter out of sight.

Standard Features:		Canvas only	All Other Tables
Finishes:	Matte White, Matte Fog, Matte Storm		
Configurations:
