HP LaserJet Enterprise MFP M527 series

Unmatched performance. Deepest security.

Finish tasks faster with an MFP that starts right away and helps conserve energy.[1] Multi-level device security helps protect from threats.[2] Original HP Toner cartridges with JetIntelligence and this printer produce more high-quality pages.[3]

Accelerate your work and use less energy

- Don't wait for documents. Print your first page in as few as 8.7 seconds from energy-efficient sleep mode and 5.7 seconds from ready.
- Print two-sided documents without sacrificing performance slowdowns for duplexing and let high-volume jobs handle themselves with a 2,300-sheet maximum input capacity.
- Scan two-sided documents in a single pass with super-fast scan speeds. HP EveryPage allows employees to scan without worry, detect potential errors or missed pages on the spot and save time with the advanced workflow features with the Flow MFP M527c.
- This MFP leads its class in low energy use – thanks to its innovative design and toner technology.[4]

Unparalleled fleet security and management

- Embedded features detect security threats and heal your MFP, protecting it from boot up to shutdown.[2]
- Protect sensitive data on the MFP and in transit, using embedded security features and 256-bit encryption.[2]
- Protect sensitive business data with embedded and optional HP JetAdvantage Security Solutions.[5]
- Centralise control of your printing environment with HP Web Jetadmin[6] – and help build business efficiency.

More. Pages, Performance, and Protection.

- Produce sharp text, bold blacks, and crisp graphics with precision black toner.
- Get more. Original HP Toner with JetIntelligence delivers more pages per cartridge than predecessors.[3]
- Help ensure the Original HP quality you paid for with anti-fraud and cartridge authentication technology.
- Print right away with a preinstalled toner cartridge. Replace it with an optional high-yield cartridge.[7]

Stay connected with secure mobile printing options

- Use optional, 128-bit encrypted wireless direct printing from mobile devices – no network needed.[8]
- Add the option to print with a touch of your NFC-enabled mobile device to this printer – no network needed.[9]
- Easily access, print, and share resources with Ethernet and optional wireless networking.[10]

Product walkaround

HP LaserJet Enterprise Flow MFP M527c shown

1. 100-sheet automatic document feeder (ADF) with single-pass, two-sided scanning and HP EveryPage
2. Hardware Integration Pocket (HIP) for connecting accessory and third-party devices
3. Easy-access USB port to save and print files directly
4. 250-sheet output tray
5. Top cover (access to Original HP Toner cartridges with JetIntelligence)
6. 100-sheet multipurpose tray
7. 550-sheet tray 2
8. Intuitive 20.3 cm touchscreen control panel
9. Pull-out keyboard for easy, accurate data entry
10. Convenience stapler
11. Convenient front on/off button
12. Built-in automatic duplexer
13. Built-in wireless direct and NFC touch-to-print
14. 1.2 GHz processor, 1.75 GB upgradeable to 2.5 GB
15. HP High-Performance Secure Hard Disk
16. Slot for optional cable-type security lock
17. Fax port
18. HP Jetdirect Gigabit Ethernet print server
19. Hi-Speed USB 2.0 port (for connecting third-party devices)
20. Hi-Speed USB 2.0 printing port
21. Rear door (access to the print path)

[1] Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see http://www.hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.[2] Measured using ISO/IEC 17629. For more information, see http://www.hp.com/go/printerclaims. Exact speed varies depending on the input voltage, system configuration, software application, driver, and document complexity.[3] Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.[4] HP recommends that the number of pages per month of imaged output be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.[5] Maximum memory is with 1 GB DIMM installed. The maximum the Firmware can use is 2 GB so 250 MB is unused in this configuration.[6] First Copy Out and Copy Speed measured using ISO/IEC 29183, excludes first set of test documents. For more information, see http://www.hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity.[7] Scan speeds measured from ADF. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.[8] HP recommends that the number of scanned pages per month be within the stated range for optimum device performance.[9] Not all "Compatible Operating Systems" are supported with inbox software.
