and Technical Education Workshops  
and Missouri ACTE Conference**

**SHOW ME  
VISION  
2018**

Missouri ACTE Springfield, MO  
July 23-26, 2018

# Welcome

Greetings Missouri ACTE members! Welcome to the 2018 Summer Conference and Career Tech Expo. This year marks the 49th annual Missouri ACTE Conference & Career and Technical Education Workshops and 30 years in Springfield. We have a great Conference lined up for this summer with several changes. The Oasis Hotel and Convention Center will be the headquarter hotel for Missouri ACTE. Exhibit hours are Monday 1 pm - 6 pm and Tuesday 8 am - 3 pm. The Opening Session on Tuesday will begin at 9am and will be live streamed into the exhibit hall. The Tuesday afternoon sessions will be held at Holiday Inn Suites from 1 pm -4 pm and you have several options to choose from. Although the Cardinals are not in town this year, Fantastic Caverns and Wonders of Wildlife are offering special events for our membership during the conference. Registration and limitations apply so give them a call to set these up ahead of time. Shuttle service is also being offered on Tuesday from 7 am - 5 pm between the Oasis, Holiday Inn and Fairfield/Doubletree. We hope you enjoy the conference with all of the changes. While your here, greet old friends, meet new ones and get ready for the school yearto start. If you are a new teacher, be sure to attend the New Professional's Reception before the Opening Session. This is a great opportunity to start networking with experienced teachers and administrators. If you a returning teacher, we are glad you are here. Please take advantage of all the sessions you can. This is your best opportunity to participate in high quality professional development. As the last year has quickly passed, we have seen changes in MOACTE. Membership has increased over the past year. MOACTE received the membership award from ACTE Region 3 for the largest increase in the number of members in the region. The board has begun a strategic planning process to help guide the association in the coming years. Career and Technical Education is being talked about more at the national and local levels. Reauthorization of Perkins has been worked on during this session in Congress and should be finalized in the coming weeks. Serving as President of Missouri ACTE has been a great experience. I would encourage all to serve our association in some way. Involvement could be volunteering for a committee, helping with breakout sessions, leading in your division, and of course, running for President. I would like to thank all of those individuals who have worked hard putting this Conference together. I would like to also thank Karen Mason and the Executive Committee for making my year as President a great year. Lastly, thank you to all members who allowed me to serve as your President.

**Gary Duncan**  
**Missouri ACTE President, 2017-2018**

## *Keynote Speaker*

### **Dan Meers**

Mascot, Motivational Speaker, Author, and Family Man.

Dan Meers has been KC Wolf, the mascot of the Kansas City Chiefs, for more than 25 years. In 2006 he was selected as the first NFL mascot inducted into the Mascot Hall of Fame. Dan travels throughout the United States and the world entertaining thousands of people both in and out of costume. He has performed in over 30 states and six different countries. He is in high demand not only as a mascot but also as a humorous and motivational speaker to audiences of all ages. His enthusiasm, optimism and love for life are contagious and make Dan an inspiration to all those he meets. Be it young or old, executive or blue collar, his audiences walk away with a smile and a renewed spirit to live life to the fullest. Whether you're a Kansas City Chiefs fan or not, you'll enjoy Dan Meers as he shares his unique wit and wisdom about life.

### ***COURAGEOUS LEADERSHIP - LIVING A LIFE OF INFLUENCE***

On November 23, 2013, Dan Meers came within inches of losing his life while practicing a bungee jump and zip line stunt at Arrowhead Stadium... home of the Kansas City Chiefs. What Dan anticipated being the thrill of a lifetime ended up being the spill of a lifetime. The stunt went terribly wrong and Dan plummeted 75 feet before crashing into the stadium seats. Miraculously Dan survived. He spent 9 days in the hospital and got some really big scars. Dan smiles when he says, "Scars are just Tattoos that come with a Cool Story". During this powerful presentation Dan shares his incredible story and the important lessons that he learned during his long road to recovery about leadership and about life.

## *The Cover Artist*

Lauren Snare is a 2018 summa cum laude graduate of Warrensburg High School. During high school she participated in Future Business Leaders of America, DECA, student council, Student to Student, National Honors Society, and the girls golf team. She was also fortunate enough to be an officer for FBLA and DECA her junior and senior years. She will be attending Oklahoma City University as a finance major and as a member of the Honors College and the Meinders Business Leadership Fellowship. Her hobbies include art, graphic design, and reading.

## Breakout Workshops Descriptions

1:00

Granada Room

### **Tour de Dance - 8th grade recruitment spectacular**

Amanda Brown, Anne Hickman, Dru Nash,  
Columbia Area Career Center

Do your tours for middle school students fall just short of "meh?" Join a Missouri career center for a pep assembly to see how it can be used for your institution. Bring your own recruitment ideas and be ready to exchange ideas.

1:00

Monaco Room

### **Be a Rubber Band Leader and Reach Your Potential (Part 1)**

Randall Gooch, Columbia Area Career Center

To reach your potential, you must be intentional about personal and professional growth. This session will introduce you to the John Maxwell's 15 Invaluable Laws of Growth that are essential for personal and professional growth and provide practical application to begin adding value to you and those you influence. We will do a deep dive into The Law of Intentionality – Growth Doesn't Just Happen, The Law of The Rubber Band – Growth Stops When You Lose the Tension Between Where You Are and Where You Could Be, and The Law of Awareness – You Must Know Yourself to Grow Yourself. Additionally, you will learn about other resources that can accelerate your growth journey and provide sustained support.

### **Take off the Mask-Is Your Life Story Worth Telling?**

Dan Meers, Mascot, Motivational Speaker,  
Author and Family Man.

It's been said that if you ask a man his occupation you will find out how he pays his bills, but if you ask a man his preoccupation then

you will discover the passion of his life. Dan Meers has a rather unique occupation. For over 25 years he has paid his bills by working as "KC Wolf" the mascot of the Kansas City Chiefs. However, Dan's preoccupation, what he is truly passionate about is encouraging others to strive for the best in life and to enjoy it each and every step along the way. Dan believes that your life is like a Coin. You can spend it anyway you wish but you will only get to spend it one time, so spend it wisely. During this presentation Dan shares some of the valuable lessons he's learned during his long career as a professional mascot. Whether at home, work or in the community, Dan challenges his audience to live each day to the fullest by wisely investing their lives and not just spending them.

Atrium

### **Tech Yeah!**

Tracey Eatherton, Ste. Genevieve High School  
Strategies for integrating web 2.0 tools into the CTE classroom will be shared. Attendees are encouraged but not required to bring a charged device. We will explore tools including Quizizz, Canva, Emaze, and also look at innovative ways to use old favorites such as Kahoot. This session offers opportunities to utilize technology in innovative ways, network and share ideas, and win fabulous prizes!

2:00

Granada Room

### **Goals Planning and Pursuit for Students and Educators**

Matt Peregoy, Sullivan C-2 School District  
Career and Technical Educators are in a unique position to provide direct influence to students regarding the setting and pursuing of relevant and worthy goals. Oftentimes, we forget that our students need our help with not only the hard skills required by an evolving workforce, but also the softer skills of recognizing opportunities that may exist in their futures and how to systematically set goals aimed at success. This presentation will consist of a focus for the educator on incorporating goals setting into

#### **Be a Rubber Band Leader and Reach Your Potential (Part 2)**

Randall Gooch, Columbia Area Career Center  
To reach your potential, you must be intentional about personal and professional growth. This session will introduce you to the John Maxwell's 15 Invaluable Laws of Growth that are essential for personal and professional growth and provide practical application to begin adding value to you and those you influence. We will do a deep dive into The Law of Intentionality – Growth Doesn't Just Happen, The Law of The Rubber Band – Growth Stops When You Lose the Tension Between Where You Are and Where You Could Be, and The Law of Awareness – You Must Know Yourself to Grow Yourself. Additionally, you will learn about other resources that can accelerate your growth journey and provide sustained support.

This session is a continuation of the 1:00 session-not a repeat.

2:00

Ranier Room

#### **Teaching and Assessing 21st Century Skills: Ideas to Engage Students**

Carri Risner, Columbia Area Career Center  
Are 21st Century Skills hard to verbalize, incorporate, or assess in your curriculum? Put on your thinking caps and join us to Create, Critically Think, Communicate, and Collaborate. Propel your students with interactive technology-driven SCAMPER and SWOT activities.

2:00

Atrium

#### **Learning is not a spectator sport so let's PLAY! (Part 1)**

Jana Gerard, Lindenwood University

In part one of this session, we will explore the concept of gamifying your classroom and examine some tools that mix both the physical & digital world to help learners engage with content, such as Breakout EDU and Bloxels.

3:00

Granada Room

#### **Developing Community Partnerships**

Matt Peregoy, Sullivan C-2 School District

Community partners are valuable resources in legitimizing any career and technical program. This presentation will cover the step by step process of developing a community partnership board that is actively involved in school based programming. Beginning with the prospecting of potential volunteers through the implementation of specific job descriptions, educators will leave the presentation with tools needed to assist in building and/or developing either a new or existing community partnership board.

3:00

#### **SkillsUSA Career Essentials: Solution to Teaching Career-Ready Skills**

Debbie Peabody, SkillsUSA

In today's world, it's not enough for students to have technical skills. If they want to advance their career potential and compete in today's job market, they need to stand out, be distinct and be a step ahead. That's a tall order. During this session, we will share what industry has said are the vital skills for career readiness and how the SkillsUSA Career Essentials suite is the solution for producing career-ready graduates who are prepared to face the 21st-century demands of employers.

### **Beyond the Gold Standard PBL**

Brandon Russell and Jeaniene Thompson,  
Columbia Area Career Center

Focusing too much on winning gold? Join us for a collaborative discussion about a few of the key design elements of gold standard PBL that could bring improved learning to your students, whether used as part of a PBL or as stand-alone strategies. Participants will learn from one Missouri career center how student reflection, critique and revision, and focusing on key knowledge and understanding have impacted instruction. Come prepared to be a part of the conversation.

### **Learning is not a spectator sport so let's PLAY! (Part 2)**

Jana Gerard, Lindenwood University

In part two of this session, we will explore the concept of giving students agency of their learning through choice & voice with concepts such as project-based learning & 20 Time. We will be examining technology tools that leverage computational thinking, such as Ozobots & MakeyMakey, and considering how to marry STEM connections to a student's passion.

#### **Note:**

**Missouri ACTE is sponsoring a beverage break at 2:45 pm. Sodas and water will be available in the hallways outside of the afternoon meeting rooms. We will also be giving away a pair of tickets between each of the three sessions to the Wonders of Wildlife National Museum & Aquarium. # MISSOURI ACTE AWARDS

## Legislator of the Year Award

Senator Sandy Crawford represents District 28 in the Missouri Senate, which is comprised of Laclede, Dallas, Benton, Cedar, Hickory, Pettis, Polk and St. Clair counties. Sandy was elected to the Missouri Senate in a Special Election in August of 2017. She served in the Missouri House of Representatives from 2010 – 2017.

Sandy currently serves on the Insurance & Banking, Agriculture, Local Government and Veterans Committees.

Prior to being elected to the General Assembly, Sandy enjoyed a thirty-year banking career at O'Bannon Bank in Buffalo.

Sandy is a lifelong resident of Dallas County. She is a 1975 graduate of Buffalo High School. She received her B. S. in Finance from

Missouri State University in 1995, and she is a 1998 graduate of the Graduate School of Banking at Colorado.

Sandy is a member of Tabernacle Baptist Church in Lebanon, where she teaches a third-grade girls Sunday school class. Her other memberships include Dallas County Cattlemen, NRA, Farm Bureau, Buffalo FFA Alumni, State Fair Foundation and Lebanon Rotary (honorary member). In addition, she is a member of the Buffalo, Lebanon, Bolivar, El Dorado Springs and Stockton Chamber of Commerce. Sandy also serves on the advisory board for Lebanon Technical and Career Center.

Sandy and her husband John raise beef cattle near Buffalo where they reside.

## Teacher of the Year Award

Jessica Wade is the marketing teacher/DECA advisor at Odessa High School. This past year, she took on the responsibility of Competitive Events Director for her DECA district. She encourages her students to participate in DECA activities, and believes everyone should have the opportunity to join DECA. In her 15 years of teaching, forty-one of her students have qualified for ICDC, two have won national DECA scholarships, and four have served as state officers. Jessica is particularly proud of her

marketing program, which she offers to students starting their freshman year. She believes that this four year program gives students “many more opportunities because of the simple fact that they have their whole high school career to explore all of the DECA activities.

Missouri ACTE is proud to recognize our President Gary Duncan. Gary has been a member of MOACTE for 23 years and has served as President-Elect, President, and Past-President for both his division, TEAM, and MOACTE. He teaches Industrial Technology at the Moberly Middle School.

When he was asked about his philosophy of career and technical education, he replied "Career & Technical education should be part of every student's education. I believe it should start early, certainly by middle school. At the middle school level, students should be given the opportunity to explore different career areas so they begin to have an understanding of what they are good at and what they like to do. Exploration of careers should continue at the early high school level. As students begin to decide what career they want to pursue, advanced level classes should be available for students during their last 2 or 3 years of high school. Career & Technical education should prepare students for jobs immediately after graduation, as well as preparing them to go on to a technical school or a four year institution. Career & Technical Education provides the opportunity for students to enter a career they will enjoy and be successful with for the rest of their life.

## 2018 PRESIDENT-ELECT CANDIDATES

**Traci Pattison** is a candidate for Missouri Acte President-Elect. Traci has been a member of Missouri Acte for 18 years and has served as the awards committee chair of MCCTA Division the last 5 years. Traci is the director at the Waynesville Career Center. Traci served as the director of Lamar Career & Technical Center from 2011-2014. Prior to these two positions Traci served as a high school principal, athletic director, transportation director and began her career as a continuing education instructor at Lake Career & Technical Center in Camdenton. Traci also taught microcomputer applications at State Fair Community College and business education at Lake Career & Technical Center. Traci is a former FBLA adviser. Traci has served in many leadership roles throughout her career. When she was asked about her philosophy of Career and Technical Education, she replied: Career and Technical Education is a vital component of a student's education. The focus should be on preparing students to be College & Career Ready. Students have the opportunity to "try out" careers and see firsthand what careers interest them. As a director, I believe it is important to expose students to career education at an early age. Students tour WCC beginning in elementary grades but then come back during their 6th, 8th, and 10th grade years. I believe CTE to be an integral part of every student's education. It is an honor to be a nominee for this Missouri ACTE President-Elect.

**Brandon Russell** has been a member of Missouri ACTE for 22 years and served the association in a variety of ways during his career. Dr. Russell served as the president of the MCCTA division twice, in 2006-2007 and 2014-2015. He has been a member of the Board of Directors the past five years, as well as three years surrounding his first division presidency. He is currently serving a second 3-year term on the ACTE Selection Committee and has served on numerous committees for the Division of College and Career Readiness at the Department of Elementary and Secondary Education. His career in education includes six years as the Graphic Arts instructor at Carrollton Area Career Center in Carrollton, Missouri and 16 years in career education leadership and central office administration. Dr. Russell served as Director of Lex La-Ray Technical Center in Lexington, Missouri for six years, the Assistant Superintendent at Marshall Public Schools in Marshall, Missouri for two years, the Director of the Jefferson College Area Technical School in Hillsboro, Missouri for four years, an Assistant Director for four years, and just recently moved into the role of Director of Career, Technical & Adult Education at Columbia Area Career Center in Columbia, Missouri. Dr. Russell has also been an adjunct instructor for the University of Central Missouri, teaching Introduction to Desktop Publishing and Printing (1999-2001), and Career Technical Teacher Education courses (2015 to present). Dr. Russell earned a Doctor of Education in Educational Leadership from Saint Louis University in May 2015, and has also earned an Education Specialist in Educational Administration-Superintendency (2010), a Master of Science in Industrial Vocational Technical Education (1999) from the University of Central Missouri. He started his college career at Kansas City Kansas Community College, where he earned an Associate of Arts degree, before transferring to Northwest Missouri State University, where he earned a Bachelor of Science in Journalism and Graphic Communications. He believes Career and Technical Education is essential to preparing Missouri students to be success ready upon graduating high school or completing a post-secondary certificate or degree. Our focus on real-world, experiential learning experiences, business and industry partnerships and Career Technical Student Organizations sets us apart, and leads to college and career readiness. It is an honor to be considered for MoACTE President-Elect and I look forward to the potential opportunity to serve the association as an elected officer.

KEYNOTE: WHY.

Presenter: Mikel Howard, Marketing Consultant (Starbucks, Hilton, Waldorf Astoria, more)  
Description: In the day and age of ever-changing trends, strategy and tactics in reaching our audiences, one of the most important questions we can stop and ask is “Why?”. This question gets down to the core of what’s being achieved and Mikel is known well for consistently asking this question to help his clients and teams achieve goals that they never even knew existed. During the opening keynote, Mikel will bring a fresh perspective on marketing trends hitting all

platforms and talk real-world marketing experience over the last 10 years on how we can help push the envelope in effectively reaching our audience.

### **Afternoon Workshop Selections**

#### **Breaking Barriers for Your Students through Blended Learning**

*Colorado A Room*

*Audience: MB*

*Presenter:* Heather Miller, EVERFI

*Description:* How can you empower students to have confidence in their financial and career goals? Financial education at an early age can lead to a positive outlook and equips students with the resources they need to be successful. Our financial education programs provide a rich foundation in areas such as budgeting, investing, credit, taxes, and financing higher education. Along their learning journey, the Venture and Endeavor programs provide students an engaging platform to explore career pathways in entrepreneurship and STEM.

These FREE interactive digital resources are student-driven and have assessments embedded into them, enabling students to go at their own pace as the teacher can be a facilitator in the classroom and see measurable outcomes from student work. Teachers will receive an alignment document to new 2018 Personal Finance standards. Join us or visit [EVERFI.com/k-12](http://EVERFI.com/k-12) to learn more.

**WEDNESDAY, JULY 25 (CONT'D)**  
**Concurrent Session I**

9:45 a.m. – 10:30 a.m.

**Hands-On Activities for the CD Room (HS)**

*Springfield Expo Center – Expo Breakout  
2DCE (Street Level)*

Presenters: Sarah Genenbacher, Holt High School; Beth Beattie, Montgomery County High School

Sometimes you need something in the students' hands to make practical applications make sense.....and sometimes it is just more FUN! Learn new twists to your child development course objectives to increase engagement and understanding with your students.

Facilitator: Kayla Barclay Vernatti

9:45 a.m. – 10:30 a.m.

**ACEs (Adverse Childhood Experiences)(HS)(MS)**

*Springfield Expo Center – Expo Breakout  
2FG (Street Level)*

Presenter: Rene Howitt, Director, Cope 24....Changing Our Parenting Experience

ACEs - Our childhood experiences, both good and bad, have shaped how we view ourselves. Adversities such as physical, verbal and sexual abuse, parent struggling with addiction or mental health, loss of parent through divorce or incarceration have been linked to poor attendance and performance in school. Educators need ACE knowledge.

Facilitators: Elizabeth Shaffer

9:45 a.m. – 10:30 a.m.

**Using We Video/You Tube (NR) (MS)(HS)**

*Springfield Expo Center – Expo Breakout  
2AB (Street Level)*

Presenter: Lori Krug, Holt High School; Lexy McNew, Ozark High School

This is a two part session, within one concurrent time block. Begin by learning about the We Video production program and how schools are using this program to advertise their departments, teach their students and document important events that are going on in the FCS classrooms. Session 1 will be followed by an introduction to YouTube in the FCS Classrooms. A guide to sharing information, procedures, and strategies through the use of a YouTube Channel will be presented. During this session you will see an example of one teacher's YouTube channel and how she has used it to transform the way she teaches in many of her classes. This will not be a step by step demonstration for setting up your YouTube, but come with questions and we will try to answer them to support you in your YouTube journey!

**WEDNESDAY, JULY 25 (CONT'D)**

9:45 a.m. – 10:30 a.m.

**PDF Sewing Patterns, YOU have to try them! (NR)(HS)**

*Springfield Expo Center - Expo  
Tradecenter Hall 2 (Street Level)*

Presenter: Lexy McNew, Ozark High School

Just a few short months ago I had never heard of PDF Pattern companies, now I spend all of my spare time making my own clothes and sharing my knowledge of PDF patterns with my students in Fashion Class. Join me for this session to explore the world of PDF Patterns. In the session I will share some of the Pattern Groups and Companies that you can check out on your own. Plus, I've partnered with a local PDF Pattern group who is willing to offer classroom rights to the patterns that you purchase so you can use them legally with your Fashion Construction students! I will be sharing a sample project that I did with my students to show how this PDF pattern model can be used in a classroom setting. If you are personally interested in sewing your own CUTE clothing or if you teach in a department that teaches ANY level of sewing, this session is for you.

Facilitator: Ann Wellner

**WEDNESDAY, JULY 25 (CONT'D)**  
**Concurrent Session II**

10:40 a.m. – 11:25 a.m.

**Career Development/Entrepreneurship – No More CFL (NR)(HS)**

**Help, Help, I Need Help! (NR) (MS)(HS)**

*Springfield Expo Center – Expo Breakout  
2AB (Street Level)*

Presenter: Betty Glasgow, Bolivar High School; Tracey Eatherton, Ste. Genevieve High School and Panel

Feeling overwhelmed by life both in the classroom and out? Wonder how you're ever going to keep up? This session is for you. Bring your questions about surviving the day, reaching your goals, and keeping things together. We will focus on managing daily "surprises" with a focus on long term career success by keeping things in perspective and learning from each other. Charged devices are encouraged but not required. It is our intention for attendees to leave with a network of veterans to help answer questions related to specific areas of teaching Family and Consumer Sciences in Missouri.

**WEDNESDAY, JULY 25 (CONT'D)**

10:40 a.m. – 11:25 a.m.

**Overview of STAR Events Preparations (NR)(MS)(HS)**

*Springfield Expo Center – Expo  
Tradecenter Hall (Street Level)*

Presenter: Kristi Christy

This session is for FCCLA Advisors that need to discover the basic preparations of STAR Events including: Project Identification Page, Planning Process, display boards, portfolios, basics of speeches, etc. Kristi Christy has taken numerous students to national competitions and will be sharing her expertise with you!

Ever feel like your responsibilities as a teacher sort of take over your life? Ever feel like you can't quite keep up with the expectations you and others have for yourself? It happens, and you are not in it alone. This session will explore common stressors experienced by those in the classroom, along with strategies for managing daily stress and increasing overall wellness.

3:30 p.m. – 4:15 p.m.

### **Making CTE Relevant in the Middle School (NR) (MS)**

*Springfield Expo Center – Expo Breakout 2FG (Street Level)*

Presenter: Mandy Wubker

As FACS Educators we are all Career and Technical Education (CTE) Teachers. However, at the middle school level the FACS content often gets 'watered down.' Why is this? Are middle schoolers not cognitively developed enough for our content? WRONG!!! Come learn how to bring CTE into your middle school classes. In this session I will address, challenging your students

to develop as critical thinkers, develop soft skills, build a strong identity and develop their own personal leadership style.

Facilitator: Lisa Alexander

3:30 p.m. – 4:15 p.m.
