Express Scripts Pharmacy Program for Injured Workers

As part of our workers compensation medical management services, we ask injured workers to use a pharmacy program through Express Scripts, Inc. (ESI). ESI is a pharmacy benefit management company that is uniquely set up to provide prescription medications for work-related injuries.

Injured employees will be notified by mail about the pharmacy program and how it works shortly after their claim has been approved. They will also receive a prescription identification card; **the card is valid only for prescriptions related to the specific, approved work injury.** Injured employees will be asked to use an Express Scripts affiliated pharmacy to fill their injury-related prescriptions.

Express Scripts also offers a mail service program, which employees will find convenient for refilling maintenance (long-term) prescription medications. I'm sure you are familiar with the cost benefits of a mail order prescription program, and we ask that you encourage injured workers to take advantage of this service. Most prescriptions are filled within 48 hours of receipt and mailed directly to the injured employee's home. Injured employees can sign up for the mail service program through ESI by phone or by mail.

Additional benefits of the program include 24-hour access to a registered pharmacist via a toll-free number and an extensive network of pharmacies to choose from. Express Scripts offers significant savings of up to 35% over fee schedules and usual and customary charges, and the program will expedite claim processing and payment. Injured employees will incur no out-of-pocket expenses.

A list of Express Scripts affiliated pharmacies in the Northeast is included in this claim kit. Injured workers will receive a condensed list of chain pharmacies in the network on the reverse side of their prescription card information sheet. If their pharmacy is not on the list, they can call Express Scripts at 1-800-945-5951 to verify if their pharmacy is part of the network. While injured employees may use a non-affiliated pharmacy, we strongly recommend they use a pharmacy within the Express Scripts network and the mail order service to realize the program benefits.

Please call the Express Scripts Workers Compensation Service Center at 1-800-945-5951 with any questions you may have. The toll free service is available 24 hours a day, seven days a week. As always, thank you for working with us to enhance our claim service.

Sincerely,

Laura Parsons, WCLA, FCLA
Director of Claim
