

THINKSYSTEM MEMORY 4 FREE PROMOTION

BUY A LENOVO SERVER AND ONE ADDITIONAL CPU AND YOU GET A MEMORY FOR FREE

The new Lenovo® ThinkSystem portfolio is the first in the world to be powered by the Intel® Xeon® Processor Scalable Family. Re-architected for scalability, these new processors deliver a huge boost in performance, security, agility and efficiency.

With the Lenovo Memory 4 Free promotion you can enhance your performance, for no additional cost.

From 1st February to 31st March 2019, Lenovo is offering FREE memory to customers who purchase a Lenovo server, together with one additional CPU!

With this second processor, your clients will get;

- Performance boost: SPECint benchmark improved by 95%
- VM value: Double Virtual Machines and mailboxes for less cost²

Memory reliability, performance and quality are even more critical today as customers utilise greater memory capacities. The TruDDR4 Memory portfolio was created for Lenovo ThinkSystem servers, designed to dramatically improve workload performance for your customers.

HOW DO I WIN?

This promotion is available to EMEA Lenovo Resellers on purchases from authorised distributors made during the campaign period.

To benefit from this promotion, just mention it to your Lenovo Distributor on your next order.

For more information, contact your Lenovo Distributor or Channel Representative.
