

Antec

P100 PERFORMANCE ONE SERIES

ENCLOSURES

The P100 is an ATX case that epitomizes cool, quiet, and sophistication. It features Antec's award winning Performance One series design and Quiet Computing™ technologies that minimize system noise. In addition to 7 expansion slots, the P100 also supports 2 tool-less 5.25" drives and 7 tool-less 3.5" / 2.5" drives. With a great price to feature ratio the P100 is the only economical case that delivers first class silence performance. The front panel swings open 270 degrees to reveal front filters and drive bays while keeping the design sleek and professional. As with all Antec chassis' the P100 is engineered with Quiet Computing™ Technology, and stands in a class of its own.
