PITOT-STATIC ADAPTERS & TEST KITS
ACCESSORIES

ABOUT US OVERVIEW

Since our creation in 2002, Cobra Systems - an ATEQ Aviation brand since 2018 - has been dedicated to improving the designs of pitot/static test equipment. The result? We save you time and you gain efficiency. By using innovative technology and superior materials, ATEQ Aviation produces the highest quality tooling available, using ISO 9001 2015 standards and guidelines....

REMOVE BEFORE FLIGHT

ATEQ & Cobra Aviation, Inc. products are used around the globe on commercial, military, business, corporate and general aviation aircraft. Our customers are private avionics shops, large OEMs, MROs, Airlines of all sizes and corporate flight departments - just to name a few segments. Airbus, Boeing Bombardier, FedEx - here in North America and overseas are a few of the companies with which we're proud to partner.

We provide a broad range of services including verification of any existing analog and digital test equipment. We can overhaul, repair, and bench test most adapters (including any manufacturer) for a fraction of replacement costs.

Cobra Systems, Inc. maintains its reputation for being a proud manufacturer of American made products for the testing of pitot-static equipment across all segments of the aviation industry. In 2018, Cobra Systems was purchased by ATEQ Aviation, making us the only company to offer pitot-static adapters and air data test sets. We are your complete pitot-static testing solutions!

Cobra Systems is a passionate industry leader providing our customers with exceptional service and support from our experienced staff.

ATEQ & Cobra Aviation, Inc. has just been ISO 9001 certified confirming it provides a framework and set of standards that ensure conformity among ATEQ organization. We prove once again to our customers and partners that we constantly work on maintaining the greatest quality standards.

**COMPLETE PITOT-STATIC
TESTING SOLUTIONS**
ALL AIRCRAFT COMPATIBILITY

Recognised for its premium product quality and services, professionals from segments such as maintenance and repair overhaul, original equipment manufacturers or airlines operators rely on ATEQ Aviation's instruments to test, check and calibrate their equipments. With the greatest quality standards our solutions and services are adopted by thousands of customers worldwide. We test, you fly.

CAGE: 3BSK6

NAIC CODES

- 336413 – Other aircraft parts and auxiliary equipment manufacturing
- 334419 – Other electronic component manufacturing
- 334511 – Search, detection, navigation, guidance, aeronautical, and nautical system and instrument manufacturing
- 334515 – Instrument manufacturing for measuring and testing electricity and electrical signals
- 332999 – All other miscellaneous fabricated metal product manufacturing
- 336411 – Aircraft manufacturing
- 339991 – Gasket, packing, and sealing device manufacturing
- 481219 – Other nonscheduled air transportation
- 811211 – Consumer electronics repair and maintenance

PRODUCT SERVICE CODES

- 1680 – Miscellaneous aircraft accessories and components
- 1730 – Aircraft ground support equipment
- 2995 – Miscellaneous engine accessories aircraft
- 4720 – Hose and flexible tubing
- 4730 – Hose, pipe, tube, lubrication, and railing fittings
- 4920 – Aircraft maintenance and repair shop specialized equipment
- 4940 – Miscellaneous maintenance and repair shop specialized equipment
- 4960 – Space vehicle maintenance, repair, and checkout specialized equipment
- 5330 – Packing and gasket materials
- 6610 – Flight instruments
- 6625 – Electrical and electronic properties measuring and testing instruments
- 9999 – Miscellaneous items
- h116 – Quality control sv/aircraft components
- h216 – Equipment test svcs/aircraft components
