 20 A. I believe I possibly -- I -- I possibly text
 21 [verbatim] him a couple of times throughout the day when
 22 we -- when we did get a break.
 23 Q. Mm-hmm.
 24 A. And we were relieved for a short period of time.
 25 Q. What kind of messages were you sending to him?

Page 29

1 A. Just I love you messages and that I'm okay.
 2 Q. Mm-hmm.
 3 A. And that things are chaotic.
 4 Q. Mm-hmm. You mentioned being aware of some of the
 5 other protest events that had been going on in the country
 6 around that time. Were you aware that -- I think it was El
 7 Paso -- a police station had been vandalized the night
 8 before?
 9 A. I don't believe so.
 10 Q. Okay. I think another -- another police station
 11 headquarters around the country had been set on fire the
 12 night before. Did you know about that?
 13 A. I that there had been attacks on police stations
 14 throughout the country.
 15 Q. Mm-hmm.
 16 A. I -- I don't remember any specific ones, at that
 17 time, because throughout the next couple of months there was
 18 a lot. So all of that is kind of bleeding together.
 19 Q. Mm-hmm. Where do you get your news?
 20 A. I don't watch a ton of news. So a lot of it is in
 21 passing or just YouTube videos of what's going on.
 22 Q. Mm-hmm.
 23 A. Fox News. I try to watch CNN on occasion just so
 24 I can get a different perspective of things. And -- and
 25 then just stuff on Facebook feeds and Instagram feeds.

Page 30

1 Q. Okay. Okay. So if you do turn it on, it's
2 probably going to be Fox, the occasional CNN?
3 A. Yes.
4 Q. Okay. And then whatever the -- the algorithm
5 sends you in your socials?
6 A. Yes, ma'am.
7 Q. Okay. Okay. So you're downtown with Officer
8 Williams, you've reported to the staging area. Who do you
9 report to?
10 A. We reported to a lieutenant, but I do not remember
11 his name.
12 Q. Okay. And what orders did that lieutenant give?
13 A. I believe he said that we were going to -- we were
14 going to wait until we had more people and then we were
15 going to go to the Capitol and assist DPS. Because DPS was
16 having trouble securing the Capitol.
17 Q. Is that what happened?
18 A. Yes, ma'am.
19 Q. Okay. Approximately what time did you head over
20 to the Capitol?
21 A. Oh, I -- I don't know. I -- I -- it was around
22 lunchtime. Probably between maybe 1:00 and 3:00.
23 Q. Okay.
24 A. Somebody brought us pizza. And so we -- we each
25 got like two slices of pizza before we went out.

Page 31

1 Q. Was that a member of the public or -- or --
2 A. No. I -- I -- I think it was an -- I believe was
3 an officer. It might have even been that lieutenant.
4 Q. Mm-hmm.
5 A. But I don't remember for sure.
6 Q. Okay. How many -- how many did you have in the
7 group? Or how many did you wait for before you guys headed
8 to the Capitol?
9 A. I -- I don't know.
10 Q. Okay. And what happened when you got there?
11 A. When we arrived at the Capitol we lined up along
12 the front gate. In front of Congress and we -- we -- my
13 understanding was we were there to give DPS a little break
14 because they had an incident.
15 Q. Did you -- did you all kind of march over there?
16 Or drive over there?
17 A. We drove to parking garage on San Jac [verbatim],
18 I believe.
19 Q. Mm-hmm.
20 A. And from there we formed up into smaller groups
21 and -- and -- and semi-formally marched to the -- to the
22 Capitol.
23 Q. How many in your group?
24 A. I don't remember.
25 Q. Okay. More than five?

Page 32

1 A. Yes, I believe so.
2 Q. Okay. Do you think more than ten?
3 A. Maybe it was -- it could've been groups of ten.
4 Q. Okay. And you had, I'm assuming, the shotgun with
5 you and your -- well, did you have the shotgun with you?
6 A. Yes, ma'am.
7 Q. Did you have your helmet at this point?
8 A. I don't know if I had my helmet on, at that time.
9 I know that I put my helmet on once we got -- it might -- I
10 know that my helmet was on once we got to the Capitol. I
11 don't remember where I actually doffed -- or donned my
12 helmet.
13 Q. Okay. So it was with you?
14 A. Yes.
15 Q. Okay. Okay. So you all march to the Capitol,
16 lineup to help relieve DPS. What was the incident that had
17 occurred that -- that caused them to need backup?
18 A. I think -- if I remember correctly one of the DPS
19 troopers got overwhelmed and got into a fight and it became
20 an officer needed assistance situation.
21 Q. Okay. Like got into a fight with a protester?
22 A. With -- if I -- if I remember correctly it was
23 multiple protesters.
24 Q. Mm-hmm.
25 A. And they didn't have enough people at the Capitol

Page 33

1 at the time. So we -- we came to help to -- so that we
2 could keep the Capitol grounds clear.
3 Q. Wow, okay. Do you know who instigated it? Like
4 kind of threw the first punch, so to speak?
5 A. No, ma'am.
6 Q. If it was a protester or the officer?
7 A. No, ma'am.
8 Q. Okay. Do you know who the officer was?
9 A. No, ma'am. I don't know who the trooper was.
10 Q. Okay. Okay. So you're there sometime between
11 1:00 and 3:00. You're lined up on Congress. How long do
12 you stay?
13 A. I don't know. It could've been an hour. It
14 could've been slightly less. It could've pushed past an
15 hour. I -- I don't believe we were there more than two
16 hours though.
17 Q. Okay. And when you're lined up on Congress what
18 are you doing?
19 A. So I -- I -- I would like to clarify. So we're
20 lined up in front of Congress. Across the front gate of the
21 Capitol.
22 Q. Okay. On the side -- sidewalk there?
23 A. Yeah, yeah, yeah. So --
24 Q. You're not in the street. Okay.
25 A. I'm not in the street. And -- and I want to say

Page 34

1 that that's 11th. So we're lined up --

2 Q. Mm-hmm.

3 A. -- on the Capitol grounds. I cannot remember if

4 we were in front or behind the fence. And we are lined up

5 so that we are standing in front of the Capitol like this

6 not like this (indicating.) I'm sorry I just did -- I did

7 hand motions even though we're -- the recording and I

8 apologize.

9 Q. That's okay. So I think you are expressing that

10 you were kind horizontal going across the front of the

11 Capitol --

12 A. Yeah.

13 Q. -- as opposed to -- okay.

14 A. In line with the fence.

15 Q. Okay. Now, are -- I know sometimes people rally

16 right there at the Capitol steps inside the fence right by

17 the entrance of the Capitol. Were there protesters or

18 ralliers there?

19 A. Yes. So DPS had pushed them -- pushed all of the

20 protesters off Capitol grounds.

21 Q. Mm-hmm.

22 A. And so they had gathered in front of the Capitol,

23 at the sidewalk street-level outside of the gate.

24 Q. Okay. So is it accurate to say that you are part

25 of kind of a physical barrier to prevent these individuals

Page 35

1 from reentering the Capitol grounds?

2 A. Yes.

3 Q. Okay. And that's kind of what your role was?

4 A. Yes.

5 Q. Okay. Did you fire the shotgun or discharge the

6 shotgun at any point while you were at the Capitol?

7 A. No.

8 Q. Okay. Okay. So you stay there maybe an hour or

9 so. And then what happens?

10 A. It -- we walked -- we cleared out, we walked back

11 the way that we came. And there were large vans waiting for

12 us. So we went to the east side of the Capitol towards

13 where we had parked. And there were vans waiting for us.

14 The large kind of taller, like Sprinter-style vans. And we

15 filled them up and we were driven to the 35 service road,

16 near the Main.

17 Q. Okay. Okay. And then what?

18 A. And then we lined up again and started moving

19 towards the 35 proper to facilitate the removal of

20 protesters on the highway.

21 Q. Okay. Have you been told that people are

22 attempting to block traffic at this point?

23 A. I believe so.

24 Q. Okay. So everybody in your van went up on the

25 I-35 overpass?

Page 36

1 A. I believe so. Some others could've been pulled to

2 go other places, but I believe for the most part everybody

3 in my van moved forward onto the 35.

4 Q. Okay. Do you know the names of any of the other

5 officers that were with you?

6 A. No. I --

7 Q. Are you -- I'm sorry, go --

8 A. I can't be sure.

9 Q. Are you still with Williams?

10 A. No. We had gotten separated at that point.

11 Q. Mm-hmm.

12 A. So I was -- I was just in a van with a whole bunch

13 of other people. I may have recognized some, but --

14 Q. Mm-hmm.

15 A. I saw a lot of people that day that I recognized

16 and I -- I can't definitively say you know, if it was this

17 person at this time. Or if -- if it was that person at a

18 different time.

19 Q. What's the atmosphere in the van going from the

20 Capitol over to the 35 service road? Is it tense? Is it

21 jovial? What's -- what's going on in the van?

22 A. It's -- tensions are high so we're doing what

23 first responders do and we're -- we're -- you know we're

24 trying to you know, make light of the situation so that

25 we -- we don't get too stressed. You know maybe some --

Page 37

1 some light jokes. You know like, oh, well at least it's not

2 too hot today. You know, being sarcastic because it was

3 very hot that day.

4 Q. Mm-hmm.

5 A. Stuff like that.

6 Q. Yeah.

7 A. You know or --

8 Q. So while --

9 A. -- it's supposed to be my day off. You know,

10 something -- you know, stuff like that.

11 Q. Mm-hmm. So y'all aren't just uncomfortable

12 because of the situation. You're -- you're physically

13 uncomfortable too?

14 A. Yes.

15 Q. Okay. Now, who ordered you to go up to the

16 bridge? The overpass.

17 A. I don't remember. When we got out of the van I

18 believe it was a corporal who said you know, line up and

19 we're going to -- we're going to push up to the 35.

20 Q. Okay.

21 A. We -- we might have actually -- I believe we were

22 dropped off on the proper -- the southbound proper. Or on

23 a -- on an onramp and we're very close to the southbound

24 proper.

25 Q. Okay. And your current title is SPO, senior

Page 38

1 patrol officer?
 2 A. My current title now is --
 3 Q. Mm-hmm.
 4 A. -- senior police officer.
 5 Q. Police, okay.
 6 A. At the time I was just police officer because I
 7 had not had two years on yet.
 8 Q. Okay. It didn't have a "P" or an "F" in front of
 9 it. It was police officer?
 10 A. Yes.
 11 Q. Okay. We've been talking for almost an hour. Not
 12 quite. I think it might be a good time to take a comfort
 13 break, if that works for you. Just about five minutes?
 14 A. Perfect. That would be great.
 15 Q. Okay.
 16 VIDEOGRAPHER: All right. The time is
 17 10:58 a.m. and we are off the record.
 18 (Recess was taken.)
 19 VIDEOGRAPHER: Okay. We're back on the
 20 record. The time is 11:07 a.m.
 21 Q. (BY MS. JOSEPH) Officer Wright, we took a short
 22 break. You understand that you're still under oath?
 23 A. Yes, ma'am.
 24 Q. And I didn't talk to you about this before, but
 25 you probably know that your testimony today is just as if

Page 39

1 you were in a courtroom. Even though we're not in that
 2 formal of setting right now?
 3 A. Yes, ma'am.
 4 Q. Did you speak to anybody during the break?
 5 A. Yes, ma'am. I spoke to Mr. Laird.
 6 Q. Did you guys have any conversation -- don't tell
 7 me what it was -- about the deposition?
 8 A. Yes, ma'am.
 9 Q. Okay. Can you hear that awful sound coming from
 10 my end?
 11 A. No, ma'am.
 12 Q. Okay. Good. All right. So let's -- let's get
 13 back to it. I -- we've kind of been walking through your
 14 day on May 30th and we had gotten to the bridge -- the
 15 overpass.
 16 Who is in command on the overpass when you
 17 arrive?
 18 A. I do not recall.
 19 Q. Okay. Is it multiple people or one person?
 20 A. I -- I don't recall. I don't know --
 21 Q. Okay.
 22 A. -- if there was one person there directing the
 23 entire line or if they had multiple supervisors out there.
 24 Q. Okay. Are you taking orders specifically from
 25 someone -- a high -- who is a higher rank than you are?

Page 40

1 A. Yes, ma'am.
 2 Q. Okay. And what are you directed to do?
 3 A. If I remember correctly, when we exited the van a
 4 corporal instructed us that if someone is throwing objects,
 5 that they are participating in riotous behavior. And should
 6 be impacted to stop that riotous behavior.
 7 Q. Okay. So the criterion given was throwing an
 8 object?
 9 A. Yes. Because thrown objects can hurt the people
 10 who are trying to peacefully protest or us.
 11 Q. Okay. Was there any specification about what the
 12 object -- like what objects they're throwing? Or throwing
 13 anything?
 14 A. Throwing anything, ma'am.
 15 Q. Okay. And what about the direction that it's
 16 being thrown? Was there any -- anything specified about
 17 that?
 18 A. No, ma'am. Not --
 19 Q. Okay.
 20 A. -- that I recall.
 21 Q. Okay. Okay. So you received the instruction to
 22 target anyone who is throwing something. And what do you do
 23 next?
 24 A. We begin walking up to the 35 service road
 25 southbound. There is a line of semi-trucks that has come to

Page 41

1 a standstill. I hear numerous -- very numerous amounts of
 2 objects peppering the sides of the semi's. It was loud
 3 enough that I could hear it over the shouting. I could hear
 4 it over the semi engines. And it -- it reminded me of what
 5 it sounds like when you know, you're in an armored vehicle
 6 and it gets shot at.
 7 Q. Have you had that experience before? Being an
 8 armored vehicle and -- and it was shot at?
 9 A. I have had the experience of being in armored
 10 vehicles. And my vehicle was -- was not hit. But I have
 11 heard armored -- armored vehicles be hit by rounds.
 12 Q. Do you have a military background?
 13 A. Yes, ma'am. I was a US Navy Corpsman which is a
 14 medic. I spent roughly two years working in a Naval
 15 Hospital. And then I spent roughly two years with the
 16 Marine Corps as a combat medic.
 17 I was assigned to a field hospital in
 18 Afghanistan for eight months in Helmand Province where we
 19 were Second Echelon Medical Care which just means that we
 20 had ER and surgical capabilities that were limited to
 21 neurology.
 22 We -- we did not have a neurologist on -- on
 23 our site. I participated in roughly 400 major trauma
 24 situations where I participated in both ER and OR
 25 operations. So that's emergency room and operating room

Page 42

1 operations where we had roughly a 98 percent survival rate.
 2 Q. Wow, okay. When did you get back from
 3 Afghanistan?
 4 A. September of 2012.
 5 Q. Okay. And are you still in the reserves or did
 6 you remain in the military in some capacity?
 7 A. No, ma'am.
 8 Q. And when did you -- when did you completely
 9 discharge?
 10 A. I discharged from active service in 2013. My
 11 contract specified, inactive reserve. Which is fairly
 12 common.
 13 Q. Mm-hmm.
 14 A. For another four years, I believe. And what
 15 inactive reserve means, is that I'm not checking in with
 16 anybody. I'm not doing anything military. It's essentially
 17 if World War III were to pop off they could pull me back in.
 18 And I am out that now so ...
 19 Q. Okay. So you were still in inactive reserve maybe
 20 for the first year or so you were on -- a member of the APD
 21 force?
 22 A. No.
 23 Q. Do I have the timing right?
 24 A. No.
 25 Q. No?

Page 43

1 A. I believe that -- I believe that my discharge date
 2 from the inactive reserve was in 2017.
 3 Q. Okay. Oh, and you -- I -- I had the wrong date in
 4 my head. I was thinking you started 2016. But you started
 5 in 2018 at APD?
 6 A. Yes.
 7 Q. Okay. Okay. Does anything else on the overpass
 8 or at the scene -- it -- on May 30th remind you of -- I'm
 9 gonna just kind of use the phrase -- of just kind of a war
 10 zone like you had experienced?
 11 A. Yes. So to an extent somewhat even more than when
 12 I was in Afghanistan. Because I was in a --
 13 Q. Mm-hmm.
 14 A. -- medical unit. We were fairly sheltered from
 15 active attacks.
 16 Q. Mm-hmm.
 17 A. And so our -- our main thing was the medical side.
 18 This incident -- this riot felt -- felt like I had entered
 19 somewhat of a war zone.
 20 Q. Mm-hmm. And in what ways?
 21 A. We were mobilized to protect people who were
 22 attempting to exercise their legal rights to a grievance in
 23 a -- in a protest form. And a large group came out and
 24 chose violence in the form of throwing dangerous objects at
 25 us that had the potential to cause serious injury to us.

Page 44

1 And that felt like kind of being back in a
 2 war zone where we're there to protect people and there is
 3 this group that is tr -- actively attacking us for trying to
 4 protect that aspect of life.
 5 Q. So you're there to protect people and you feel at
 6 risk?
 7 A. Yes.
 8 Q. I imagine if it was tense before, at this point
 9 when you're on the bridge and you're hearing the bullets hit
 10 the semi-trucks and -- and things like that --
 11 A. That -- they were rocks hitting the semi-trucks --
 12 Q. I'm sorry not bullets. You said it sounded like
 13 bullets.
 14 A. Yes.
 15 Q. It reminded you of bullets. I'm sorry. Let me
 16 try that again.
 17 Yeah, if it was tense before when you're here
 18 on the overpass and you're hearing the rocks hit the
 19 semi-trucks and -- and seeing the crowd and kind of the way
 20 that some of them are interacting, I imagine there's an
 21 element of fear at this point for you of what's going to
 22 happen next?
 23 A. Absolutely.
 24 Q. Yeah, yeah, okay. The groups -- you kind of
 25 referenced some groups of protesters who decided to throw

Page 45

1 things or poss -- you know, in danger people I think were
 2 some of your words -- did that appear to be -- when you say
 3 "group" are you -- did it appear to be kind of an organized
 4 group that was out there to take a different, more violent
 5 approach?
 6 A. I would say that there was some level of
 7 organization to it. I -- I cannot -- I -- I -- I can only
 8 speculate on how organized it was. But we witnessed
 9 multiple occasions where you would have a group of people
 10 who were peacefully protesting and you would have one or two
 11 of them come out, agitate by throwing things, and then jump
 12 back into that group so we couldn't intervene.
 13 And from my perspective it -- it looked
 14 planned out. Like you had the small of group of people who
 15 were doing it the right way. And they were kind of that
 16 shield so that somebody could run out, try to hurt us or
 17 other people, and then run back in and intermingle with that
 18 group and -- and they were essentially protecting those
 19 people.
 20 Q. Talking about throwing things, we kind of talked
 21 about this a little bit earlier when we were talking about
 22 people throwing objects, and that really that meant any
 23 objects. What kinds of things were people throwing?
 24 A. Pardon me.
 25 Q. Like to -- actually, just -- no, let me be more

Page 46

1 specific and direct. Tell me everything that you remember
 2 seeing thro -- be thrown.
 3 A. Throughout the whole day? Or just at -- at that
 4 time?
 5 Q. If you can, tell me throughout the day from the
 6 time that you were on the overpass. But I don't need to
 7 know like there was a rock 2:31. There was a -- you know,
 8 just like what types of objects can you remember?
 9 A. Mostly rocks and broken pieces of concrete.
 10 Broken bricks, bottles filled with water, frozen water
 11 bottles, water bottles filled with urine, fireworks were
 12 thrown. It seemed like any hard object that could be thrown
 13 with force, was thrown. That -- that was either at their
 14 feet or staged.
 15 Q. And per direction from command, you guys were
 16 tasked with basically responding in the same way with the
 17 shotgun regardless of what was being thrown. Whether it was
 18 a rock, a water bottle filled with urine, a firework, a
 19 water bottle filled with water?
 20 A. Yes, ma'am. Because it is almost impossible to
 21 know what is being thrown and the level danger that it
 22 could -- sorry -- I just -- I lost the word that I was going
 23 to use. The level of danger that it could possibly possess.
 24 Q. And you say it's almost impossible to know what's
 25 being thrown, but you were able to distinguish things enough

Page 47

1 that you could give me a list just now.
 2 A. So the -- the list I gave you is because of what
 3 we discovered later. So when I -- I only know that there
 4 were bottles of piss because we found them after they had
 5 been thrown. You know, I -- I -- I know that there was
 6 fireworks because I witnessed the fireworks explode at
 7 officer's feet.
 8 Q. Mm-hmm.
 9 A. Obviously the rocks are -- are self-explanatory
 10 and the broken bricks and stuff like that. You know the
 11 frozen water bottles, once they land we can -- you know, we
 12 can see that they were frozen water bottles.
 13 Q. Mm-hmm.
 14 A. So what I'm trying to get across is in the moment,
 15 we -- we have no idea what that object is until it lands
 16 at -- or until it hurts somebody. So we have to assume
 17 based on that that everything that is thrown is dangerous.
 18 Because if we wait for it to land and then in -- investigate
 19 it and inspect it, at that point it could be too late.
 20 Q. Mm-hmm. Assume that everything that is thrown is
 21 dangerous. That was the kind of operating --
 22 A. Yes, ma'am.
 23 Q. Okay. I'm going to show you some video. Let me
 24 get my screen share on.
 25 A. Yes, ma'am.

Page 48

1 Q. So this has been Bates labeled as COA 4621 and
 2 identified to me as your body worn camera. If at any point
 3 during the video you determine that that's not what this is,
 4 please tell me. But I'm going to assume unless you tell me
 5 otherwise that this is correctly labeled as your -- your
 6 body cam, okay?
 7 A. Yes, ma'am.
 8 Q. Okay. And I'm going to jump around a little bit
 9 within the video. So what I'm going to try to show you is
 10 some of the time surrounding when Modesto Rodriguez and
 11 Tyree Talley were impacted. At this point I think that it's
 12 getting to be close to 9:00 p.m.
 13 A. Okay.
 14 Q. And I think based on the timeline that we've
 15 talked about, that you've probably been on the overpass for
 16 at least five hours. Does that -- does that sound right?
 17 A. That -- that's very poss -- that's very probable.
 18 I -- we sat on the -- I'm sorry. We sat on the north side
 19 of the proper for a while facing a row of -- an apartment
 20 complex. So we weren't -- we were on the 35 for a long
 21 time. It wasn't the -- the entirety wasn't on the -- the --
 22 the bridge overpass.
 23 Q. Okay.
 24 A. I -- I don't exactly which one it is. I
 25 apologize.

Page 49

1 Q. Okay. Once you were stationed on the bridge
 2 overpass with the -- the shotgun kind of looking out for
 3 people throwing objects, did you take breaks?
 4 A. In -- in what sense do you mean? Are you saying
 5 did we take collective breaks? Like did we switch out huge
 6 groups? Or individually, did we step back and -- and -- and
 7 rest for a couple minutes at a time?
 8 Q. Okay. More specifically about you. Whether that
 9 happened because a group was relieved or you stepped back,
 10 you can tell me. But did you personally take breaks?
 11 A. If I remember correctly, we -- there was one break
 12 where we went from the north side of the 35 down to the 250
 13 building. Which is where a lot of our maintenance is done.
 14 Q. Mm-hmm.
 15 A. And we were sat in the shade for a short period of
 16 time before we moved back onto the bridge. However, with
 17 that being said, we did this for a couple of days in a row.
 18 And that was one of the typical spots where we were -- we
 19 were given time to take breaks. So that could kind of be
 20 meshing together.
 21 Q. Okay.
 22 A. If that makes sense. So I --
 23 Q. Like what specific day that happened or --
 24 A. Yes. So I -- I -- I can't remember if -- if we
 25 took a break in -- at 250 that day. Or if it was the next

Page 50

1 day or if it was both.
 2 Q. Mm-hmm.
 3 A. I know that there were multiple days where we
 4 would be on line and after a couple of hours we would come
 5 in and we'd -- we'd sit down and we'd rest at least in the
 6 shade for you know, 45 minutes or so.
 7 Q. Okay. What if -- like what if you needed to go to
 8 the bathroom? Did you just hold it? Or what -- what did
 9 you do?
 10 A. I honestly -- I don't remember. I know -- I -- I
 11 think when we -- when we -- when we took our break at 250 I
 12 used the bathroom in there.
 13 Q. Mm-hmm.
 14 A. I remember because -- I remember -- I -- I -- I at
 15 least took a break in that bath -- and used that bathroom --
 16 Q. Mm-hmm.
 17 A. At some point throughout the multiple days of
 18 protesting because it was so hot and they had one of those
 19 old-fashioned like round sinks where you'd press the foot
 20 pedal --
 21 Q. Mm-hmm.
 22 A. -- and it put water out all around. And I
 23 remember thinking to myself, it's hot enough that part of me
 24 wants to climb into this sink and just soak myself so I can
 25 cool off. And you know, face the judgment of my coworkers

Page 51

1 for climbing into a bathroom sink.
 2 Q. Yeah, yeah, okay. What about water or Gatorade or
 3 something. Did you have access to something to drink?
 4 A. I believe that officers were coming up in vans or
 5 patrol cars with bottles of water and -- and maybe Gatorades
 6 to -- to keep us somewhat hydrated.
 7 Q. Mm-hmm. I wonder who got to have that role?
 8 A. I wish -- I wish it would've been me.
 9 Q. Yeah. Now, you ate some pizza when you first got
 10 to the staging area. Did you eat again before you went off
 11 duty?
 12 A. I don't recall. I don't believe so. I -- I
 13 remember being --
 14 Q. Mm-hmm.
 15 A. -- incredibly hungry that night when we finally
 16 did get off.
 17 Q. Mm-hmm. Okay. So here we are around nine
 18 o'clock. I'm going to scroll to about the 10:20 mark, if I
 19 can get there. So I'll start at 10:15 and I think that the
 20 incident involving Modesto is going to happen pretty
 21 quickly. I can replay this more than once for you, but if
 22 we can try to pay attention to what we see and what we hear.
 23 A. Okay.
 24 Q. Okay.
 25 (Video playing.)

Page 52

1 Q. (BY MS. JOSEPH) I think I just heard someone say
 2 "red shirt." Did you hear that?
 3 A. I actually don't have audio on my side.
 4 Q. Because I probably didn't turn on audio. Let me
 5 try this share again. I'm sorry about that -- sound.
 6 Okay. Thank you, for telling me that. Let
 7 me try this one more time. Okay, starting again at 10:15.
 8 Do you hear the noise?
 9 A. Yes, ma'am.
 10 Q. Okay. Did you hear the "red shirt" that time?
 11 A. Yes, ma'am.
 12 Q. Was that you or someone else?
 13 A. I honestly don't know. It kind of sounded like
 14 me, but I'm not sure.
 15 Q. Okay. It seems like somebody is saying that to
 16 kind of say to the officers, that's somebody that I'm
 17 targeting, I want draw your attention to this person. Do
 18 you think that's what's happening?
 19 MR. LAIRD: Object to the form.
 20 Q. (BY MS. JOSEPH) Let me ask you a different way.
 21 Why would be somebody identifying a specific individual here
 22 in the line?
 23 MR. LAIRD: Object to the form. You can
 24 answer it if you can.
 25 THE WITNESS: It is common practice for us

Page 53

1 when we have you know, even one or two individuals, if any
 2 officer sees somebody doing something that we believe might
 3 need some sort of police action to be taken, for us to call
 4 out some sort of identifiable marker so that the officers
 5 around us can -- can all get eyes on. And so that we're
 6 seeing the same thing.
 7 So that you know, we don't just say something
 8 like "guy" and there's you know, 15 guys and now you have
 9 six or seven officers or even one other officer like, "Which
 10 one? What are you seeing? What are you seeing?" So --
 11 Q. Mm-hmm.
 12 A. -- we -- we try to -- to put out a descriptor if
 13 we see something. And that's just to get everybody's
 14 attention so that we kind of have that second, third, or
 15 fourth eye that we are all seeing the same thing that's
 16 happening.
 17 Q. Okay. And that's what this sounds like to you
 18 here? Somebody putting out a descriptor to draw attention
 19 of other officers?
 20 A. Mm-hmm. Yes, ma'am.
 21 Q. Okay. Do you know -- do you know at this point
 22 who is standing next to you?
 23 A. I don't -- I don't remember.
 24 Q. Mm-hmm. And I know we've talked some about did
 25 you know the people in the van, stuff like that, but I don't

Page 54

1 know if I asked you with respect to here on the overpass.
 2 Do you know any of the folks around you at this point?
 3 A. So if -- if I may, can I -- can I ask
 4 clarification? Are you asking if I -- if I know them like
 5 I've been standing next to them for the last hour or two?
 6 Or if I know them like I've run into them multiple times and
 7 had conversations with them?
 8 Q. Good question. Do you know their name?
 9 A. I don't remember.
 10 Q. Okay. Okay.
 11 A. And you know, it -- I -- I -- there was multiple
 12 members of my shift around me. You know maybe they were one
 13 officer away from me or a couple, but I -- I can't recall if
 14 I knew specifically the person who was next to me and their
 15 name.
 16 Q. Okay. Can you recall any specific names of people
 17 who you knew that were also there? Whether they were next
 18 to you or not?
 19 A. Yes, my shift. Everybody on my shift as far as
 20 I'm aware. And a few of the people that I went to the
 21 Academy with. I saw them you know, randomly throughout the
 22 day. I said hi.
 23 Q. Mm-hmm.
 24 A. I -- because of the military I have -- my knees
 25 get sore fairly easy if I just stand in a sing -- single

Page 55

1 spot. So I tried to walk around my area a little bit just
 2 to not get as much knee pain. And so throughout the time
 3 that I was up on the 35, I was walking back-and-forth. And
 4 if I saw somebody that I knew I would say hi.
 5 Q. Mm-hmm.
 6 A. And strike up conversation if -- if nothing -- if
 7 nobody was actively doing anything that needed attention.
 8 Q. And the atmosphere as you were doing that, was it
 9 kind of like in the Sprinter van? Tense, but some joking
 10 going on to kind of manage the situation? Or what was the
 11 atmosphere like?
 12 A. Yes. So we are trying to -- we are trying to
 13 minimize the chaos around us by -- whether it be using
 14 humor, whether it be using sarcasm to cope with just how
 15 insane and chaotic things were. That's what the military
 16 taught me. That's what being a police officer's taught me.
 17 And -- and that's -- that's how you -- that's
 18 how I and -- and many people in my profession prevent from
 19 getting locked in too much to a very specific point.
 20 Because that can become dangerous. Does that -- does that
 21 make sense or do you need me to elaborate?
 22 Q. I may need you -- you to explain the locked in
 23 part a little bit more. Yeah.
 24 A. So hyper-focused, tunnel vision --
 25 Q. Mm-hmm. Okay.

Page 56

1 A. -- upon a singular thing or topic --
 2 Q. Mm-hmm.
 3 A. -- that can be very dangerous in -- in our
 4 profession because we have to kind of look at the -- the
 5 broader picture in order to maintain safety. If we focus
 6 too much on a singular issue or a singular thing, people can
 7 take it advantage of that and hurt us or other people.
 8 Q. Okay. Okay. So the -- the sarcasm or the joking,
 9 that's kind of a generally taught and accepted way to manage
 10 this sort of experience?
 11 A. Yes.
 12 Q. Okay. I'm going to play video some more. And I
 13 think we'll see -- I don't think we're gonna see Modesto. I
 14 think we're going to hear some shots. But let's -- let's
 15 see what we're able to see.
 16 A. Yes, ma'am.
 17 (Video is playing.)
 18 Q. (BY MS. JOSEPH) Actually I think that you're
 19 going to be able to see him kind of around here. So I'm
 20 going to draw your attention to that area of the video.
 21 A. Okay.
 22 Q. And I'm actually going to back it up a little bit,
 23 okay?
 24 A. Okay.
 25 Q. It's hard to see from your -- your body cam and

Page 57

1 hard to hear, but after I heard "red shirt" I think a little
 2 while later I heard, "Red shirt on the ground." Did you
 3 hear that?
 4 A. Kind of. I -- I don't -- I heard "red shirt"
 5 again, but I couldn't determine what was said after that.
 6 Q. Okay. Here I can play it again -- whoops. Sounds
 7 like, red shirt on the ground, mumble, mumble, throwing a
 8 bunch of -- excuse my language -- shit.
 9 Is that -- do you hear that?
 10 A. Yes, ma'am.
 11 Q. Is that your voice?
 12 A. I don't think that was my voice, no.
 13 Q. Okay. We see in the clip that we just watched
 14 from -- and I'm looking at the mark on the -- the playback,
 15 as opposed to the mark on your body cam. From about the
 16 10:15 to the 10:39 mark.
 17 We saw the line of officers that you're a
 18 part of, targeting and -- and discharging the shotguns,
 19 right?
 20 A. Yes.
 21 Q. Did you fire your shotgun?
 22 A. Yes.
 23 Q. During that clip? Okay. Do you know how many
 24 times?
 25 A. I believe it was just once.

Page 58

1 Q. Okay. And I think we saw the person next to you
 2 fire. Did you -- were you able to see that in the video?
 3 A. Yes, ma'am.
 4 Q. The person to your right?
 5 A. Yes, ma'am.
 6 Q. Okay. And we heard more than two shots?
 7 A. Yes. I think so.
 8 Q. Okay. Do you remember whether you fired at
 9 Mr. Rodriguez before or after he was on the ground?
 10 A. I do not.
 11 Q. Okay. So it could have been either?
 12 A. It could've been.
 13 Q. Okay. Let me -- well, let me ask you this -- did
 14 you see Mr. Rodriguez engage in any behavior before you
 15 began to target him?
 16 MR. LAIRD: Object to the form. You can
 17 answer.
 18 THE WITNESS: I -- I don't know.
 19 Q. (BY MS. JOSEPH) Okay. It's possible that this
 20 was one of those situations where someone on the line saw
 21 something and called out to draw other eyes to it?
 22 A. Yes.
 23 MR. LAIRD: Objection to the form.
 24 Q. (BY MS. JOSEPH) Okay. So it's possible that you
 25 didn't -- and I'll just -- we haven't said this out loud,

Page 59

1 but a lot of the conversation in this case is around
 2 Mr. Rodriguez throwing a water bottle. And is -- are you
 3 aware of that fact?
 4 A. I am aware that there's video of one of -- one or
 5 both of the gentlemen throwing things.
 6 Q. Okay. So you may or may not have seen
 7 Mr. Rodriguez throw something?
 8 A. I decided very early on in this situation that I
 9 would not be firing unless I physically saw somebody throw
 10 something. I -- what's the word I want to use?
 11 I -- I took the order to be what it was. If
 12 I see somebody throw something then I will impact. So if I
 13 fired my weapon then I -- I visibly saw somebody throw
 14 something.
 15 Q. Okay. Even though you don't necessarily recall
 16 this particular instance that is the practice you were
 17 following?
 18 A. Yes, ma'am.
 19 Q. Okay. I can't see it on this video, Officer
 20 Wright, I have seen another video where it appears to me
 21 that I can see Mr. Rodriguez walk up to a water bottle
 22 that's on the street and pick it up before throwing
 23 something. And it looks, although, I can't see it on your
 24 body cam because various times it's covered up, it looks
 25 like you would have a vantage point to have been able to see

Page 60

1 that.
 2 Do you remember when you first laid eyes on
 3 Mr. Rodriguez? Whether it was before or after he picked up
 4 the bottle?
 5 A. I -- I do not.
 6 Q. But from your vantage point, it would have been
 7 evident -- evident to you that what he had in his hand was
 8 a -- a water bottle as opposed to say a brick or a rock?
 9 A. I -- I don't know. That's fairly far. It -- I --
 10 I don't know that I would be able to identify it if it was a --
 11 if it was a water bottle or something else.
 12 Q. Okay. How far do you think that distance is from
 13 where you're standing to where Mr. Rodriguez is -- is
 14 standing?
 15 A. I couldn't --
 16 Q. I'm actually going -- I'm sorry -- I realize I'm
 17 going to ask about two different points. So let me ask you
 18 first, just for estimate purposes -- I wish I could make a
 19 mark, but I'm just kind of just -- here, let me see if I can
 20 make a mark.
 21 Let's kind of estimate there as the first
 22 point. And then over here -- oops, there's a big "2" -- as
 23 the second point. So how far do you think you are from that
 24 "X?"
 25 A. I'm not entirely sure. Maybe 15 or 20 yards,

Page 61

1 possibly.
 2 Q. Okay. I'm just -- give me just a moment to
 3 save -- am I showing my email right now? Okay, I'm just
 4 going to try to save a picture that I just drew on there for
 5 us. Okay. And you said how many yards?
 6 A. It could be possibly around 15 or 20 yards.
 7 Q. Okay. Now, the "2" -- did I put it back on the
 8 screen where you can see it again?
 9 A. Yes, ma'am.
 10 Q. How far do you think are from the 2?
 11 A. Maybe just slightly farther. Just with the way
 12 that the road curves, it could be slightly closer.
 13 Q. Okay. So a little bit closer of a little bit
 14 farther?
 15 A. Yeah. I -- I -- I can't really determine just
 16 the --
 17 Q. Okay.
 18 A. -- the way the road curves and where they are on
 19 the median.
 20 Q. Okay.
 21 A. Wherever that is.
 22 MR. LAIRD: I'm going to mark that. Just so
 23 that we have it for reference as Exhibit two to your
 24 deposition.
 25 (Exhibit No. 2 was marked.)

Page 62

1 Q. (BY MS. JOSEPH) What -- what is the maximum
2 effective distance of this shotgun that you're holding at
3 the time?
4 A. I--
5 MR. LAIRD: Let me -- Leigh, let me make sure
6 I understand what you're asking. Are you talking about the
7 shotgun using the less-lethal munitions?
8 MS. JOSEPH: Yes. And I tried to clarify
9 that, Gray. But thank you for --
10 MR. LAIRD: I just want to make sure.
11 MS. JOSEPH: -- for coming in. That is what
12 I'm talking about. Mm-hmm.
13 THE WITNESS: I don't recall because since
14 then we have changed munitions and changed our distances.
15 At least once. So I -- I -- I cannot definitively say what
16 it was at that time. I want to say it was no more than a
17 hundred feet. But I can't -- I can't definitively recall.
18 Q. (BY MS. JOSEPH) Okay. When you changed the
19 distances in munitions did the distances get shorter or
20 longer?
21 A. Again, I -- I can't remember if the -- if the new
22 rounds that we got are -- can go further or -- or don't. I
23 -- I don't think that they go as far because --
24 Q. Mm-hmm.
25 A. -- they are a lighter round.

Page 63

1 Q. Okay.
2 A. So I -- I -- I can't -- I can't remember.
3 Q. Okay. Do you have any understanding of the
4 reasoning behind the change?
5 A. I -- I don't -- I don't.
6 Q. Okay. And do you know far the current rounds --
7 the maximum effective distance of the current rounds,
8 whatever they are?
9 A. I -- I -- I do not because although I have been
10 trained every year since on the rounds, I -- because of this
11 incident, I really don't ever want to use these weapons
12 again. So I qualify with them. And I don't check them out
13 anymore.
14 So I don't -- I don't lock those into my
15 memory bank because I -- I don't check them out or use them
16 anymore.
17 Q. Why don't you want to use them anymore?
18 A. This entire incident just created a lot of stress
19 and anxiety for doing my job and doing what I believe is --
20 was -- was right to protect people and this city.
21 And the hassle of that weapon system and how
22 scrutinized it has become. I -- no offense to you I -- I
23 don't want to go through this again.
24 Q. No offense taken. I -- yeah, yeah. When you see
25 you know -- let me put it back up. Give me just a second.

Page 64

1 When you see what happened to Modesto -- you
2 know, we just watched some -- some shots getting fired. Do
3 you feel like this is an appropriate consequence for
4 throwing a bottle of water?
5 MR. LAIRD: Object to the form. You can
6 answer.
7 THE WITNESS: As I stated before, there's
8 really no way for us to determine what is being thrown, what
9 is in those in bottles. From my prior experience, I know
10 that for instance, a true Molotov cocktail is two chemicals
11 with a breakable device inside that once mixed explode. But
12 it can look as innocuous as a water bottle.
13 I believe that this is an appropriate
14 response to riotous behavior. When we, as I said before,
15 cannot determine in the split seconds that we have watching
16 these objects being thrown of how much damage they could
17 potentially cause to not only the innocent people that are
18 trying to peacefully protest, but even other agitators and
19 other officers.
20 Q. A Molotov cocktail can't be in a plastic bottle
21 though can it? Doesn't it have to be in glass?
22 A. No.
23 Q. Okay.
24 A. It can be in plastic bottle. That -- that's what
25 I was saying.

Page 65

1 Q. Okay.
2 A. A Molotov cocktail is commonly shown as like a
3 liquor bottle with a rag in it that you have to light on
4 fire.
5 Q. Okay.
6 A. A true Molotov cocktail needs no fire. It's two
7 chemicals that are mixed together.
8 Q. Mm-hmm.
9 A. That when the -- when one of the chemicals -- like
10 ampule is broken on the inside --
11 Q. Mm-hmm.
12 A. -- and it mixes with those chemicals --
13 Q. Mm-hmm.
14 A. -- it becomes an explosive. So it would be a
15 very --
16 Q. Mm-hmm.
17 A. -- effective way to put it in a water bottle as
18 long as you could verify -- or as long you could guarantee
19 that the -- the chemicals mixed.
20 Q. Have you seen that done before?
21 A. Not here in Austin, no.
22 Q. Okay. Would you classify Mr. Rodriguez here as a
23 rioter?
24 A. If he was throwing objects, yes.
25 Q. Okay. Would you classify him as a violent

Page 66

1 protester?
 2 A. If he was throwing things, yes.
 3 Q. Okay. And by throwing things we're talking about
 4 a bottle of water?
 5 A. Anything, yes.
 6 Q. Okay. Would you classify him as an aggressive
 7 resistor?
 8 A. Again, if he's -- if he's throwing objects, yes.
 9 Q. What's the difference, if any -- and I -- I -- I
 10 took these words -- I think you said the word rioter and
 11 some of these other words I've taken from reports and from
 12 general orders -- the APD policy.
 13 What's the difference between a rioter, a
 14 violent protester, and an aggressive resistor, if any?
 15 A. Give me those three terms again just because I --
 16 I want to make sure I get them correctly. So we have
 17 rioter --
 18 Q. Rioter, violent protester, and aggressive
 19 resistor.
 20 A. Okay. So I would say that a rioter and a violent
 21 protester are the same. A violent protester is what I
 22 believe to be the politically correct term that has been
 23 bestowed upon people who participate in riots to try and
 24 minimize what they're doing.
 25 And an aggressive resistor is someone who --

Page 67

1 that that would be what I would consider a generalized term
 2 for like, use of force. In the sense that if we were trying
 3 to effect an arrest and they are actively resisting and
 4 being aggressive, they're not just like pulling away from
 5 us, but they're actively trying to fight us.
 6 Q. Okay. Now, I hear that, but if I understand you
 7 correctly, it raises another question for me. Because
 8 nobody tried to arrest Modesto Rodriguez at any point on
 9 this night, right?
 10 A. Not that I'm --
 11 Q. You may not have that knowledge. Yeah, not that
 12 you're aware. Okay.
 13 So if nobody's trying to arrest him, how can
 14 be an aggressive resistor?
 15 A. I -- I don't know. I -- I was -- I was -- I guess
 16 I was linking those terms in my mind before I wrote them out
 17 and acted.
 18 Q. Mm-hmm.
 19 A. And -- and kind of took the time to define them to
 20 myself.
 21 Q. Okay. Do you believe that you had cause to arrest
 22 Modesto Rodriguez?
 23 A. Yes.
 24 Q. Okay. If you cause to arrest him I'd assume that
 25 you believe you had cause to detain him?

Page 68

1 A. Yes.
 2 Q. Okay. But you didn't do either one of those
 3 things?
 4 A. No.
 5 Q. Did you go to his aid after he was injured?
 6 A. No.
 7 Q. Did you see any member of APD go to his aid?
 8 A. No.
 9 Q. Do you think that -- well, not do you think, but
 10 was Modesto Rodriguez's behavior in throwing the water
 11 bottle criminal?
 12 A. Yes.
 13 Q. Okay. And how was it criminal? What was the
 14 violation?
 15 A. Participating in a riot.
 16 Q. Okay. So I have the Penal Code definition of riot
 17 in front of me from 42.02 and I want to ask you a little bit
 18 more about that.
 19 MR. LAIRD: And Leigh, if -- are -- if you're
 20 finished with that --
 21 MS. JOSEPH: I can take in down, yes.
 22 MR. LAIRD: Yeah. Just so it helps me see
 23 what's -- there we go, thank you.
 24 MS. JOSEPH: Yeah. Uh-huh.
 25

Page 69

1 Q. (BY MS. JOSEPH) Just if I think I'm playing a
 2 video on it's not on your screen tell me to put it back on
 3 the screen.
 4 A. Absolutely.
 5 Q. All right. Okay, so looking at the Penal Code
 6 definition of riot I see, "assemblage of seven or more
 7 persons resulting in conduct which," so first let me ask you
 8 about seven or more because I see Modesto as one individual
 9 acting alone. Do you agree with that --
 10 A. No.
 11 Q. -- analysis? No.
 12 Okay. So what seven -- what group of seven
 13 are more persons is he a part of here?
 14 A. So he's part of the entire group of -- of
 15 everybody surrounding the Main and on Eighth Street.
 16 Q. Okay.
 17 A. Just because it is scattered out does not mean
 18 that it is a -- it is not a singular group.
 19 Q. Okay. And does everybody in the group have to be
 20 engaging in the behavior that -- that is defined as -- as
 21 riotous in order for it to be a riotous group? Or only some
 22 people?
 23 A. It sounds like it is a minimum of seven.
 24 Q. Okay. And it says, "which creates an immediate
 25 danger of damage to property or injury to persons."

Justin Wright

July 21, 2023
Pages 70 to 73

<p style="text-align: right;">Page 70</p> <p>1 And these are some "or" statements. So let's</p> <p>2 say this or this or this.</p> <p>3 So, "creates an immediate danger of damage to</p> <p>4 property or injury to persons."</p> <p>5 When I ask about this I want -- carefully</p> <p>6 note the difference between risk of danger and actual</p> <p>7 immediate danger. So in throwing the water bottle I believe</p> <p>8 that you've already expressed to me opinions that can make</p> <p>9 me understand that you believe that created a risk of</p> <p>10 danger; is that right?</p> <p>11 A. Yes.</p> <p>12 Q. Okay. In throwing the water bottle did</p> <p>13 Mr. Rodriguez create immediate danger of damage to property</p> <p>14 or injury to persons?</p> <p>15 A. I believe so, yes.</p> <p>16 Q. Okay. Or "substantially obstructs law enforcement</p> <p>17 or other governmental functions or services."</p> <p>18 In throwing the water bottle that landed on</p> <p>19 the ground did Modesto Rodriguez substantially obstruct law</p> <p>20 enforcement or other governmental functions or services?</p> <p>21 A. I would say that he was a part of the entire group</p> <p>22 that was preventing us from maintaining law and order in the</p> <p>23 area.</p> <p>24 Q. Okay. Just by virtue of being there?</p> <p>25 A. Mm-hmm.</p>	<p style="text-align: right;">Page 72</p> <p>1 throwing the water bottle meet that criterion?</p> <p>2 A. You did say disturbs other peoples rights to the</p> <p>3 peaceful protest, right? Or -- or --</p> <p>4 Q. "Disturbs any person in the enjoyment of a legal</p> <p>5 right."</p> <p>6 A. Yes. So -- so I believe that his actions throwing</p> <p>7 things -- causing that to -- you know, being one of the</p> <p>8 people who caused that to be a riot is doing just that.</p> <p>9 It's not allowing the people who are there</p> <p>10 for the right reason. And for the reason to legally protest</p> <p>11 to enjoy that because of the agitators.</p> <p>12 Q. Okay. Now, I'm going to circle way back. I'm</p> <p>13 going to put this picture back up. And this time I'm not</p> <p>14 asking you about what you thought in the moment. I'm asking</p> <p>15 you about now that it's over and you have more facts at hand</p> <p>16 than you did in the moment.</p> <p>17 Now, that you're sitting here in this</p> <p>18 deposition, you're looking at this picture of Modesto</p> <p>19 Rodriguez, you know that what he threw was a water bottle</p> <p>20 with water in it. Do you think that this is an appropriate</p> <p>21 consequence for the behavior that he engaged in?</p> <p>22 MR. LAIRD: Object to the form. You can</p> <p>23 answer.</p> <p>24 THE WITNESS: Yes.</p> <p>25 Q. (BY MS. JOSEPH) You do?</p>
<p style="text-align: right;">Page 71</p> <p>1 Q. Okay.</p> <p>2 A. So for instance, everybody standing in the street,</p> <p>3 they're obstructing the highway. You know, they were told</p> <p>4 to disperse multiple times.</p> <p>5 Q. Okay. So that one gets kicked -- gets checked off</p> <p>6 not because he threw the bottle, but because he's there?</p> <p>7 A. Because he's there and because he threw the</p> <p>8 bottle.</p> <p>9 Q. Okay.</p> <p>10 A. Because when situations did arise were we needed</p> <p>11 to bring in ambulances or other officers or fire departments</p> <p>12 we had to mobilize entire other groups to try to wade</p> <p>13 through the crowds so that those other first responders</p> <p>14 could -- could get to places. So I would say that the</p> <p>15 entire crowd is doing what you explained.</p> <p>16 Q. Okay. Okay. So that one is by virtue of being a</p> <p>17 part of the crowd. Anybody who's there substantially</p> <p>18 obstructs law enforcement or other governmental functions or</p> <p>19 services?</p> <p>20 A. Yes.</p> <p>21 Q. Okay. And in the last one, the "or" -- or "by</p> <p>22 force, threat of force, or physical action deprives any</p> <p>23 person of a legal right or disturbs any person in the</p> <p>24 enjoyment of a legal right."</p> <p>25 Did -- does Modesto Rodriguez's behavior in</p>	<p style="text-align: right;">Page 73</p> <p>1 A. I do.</p> <p>2 Q. Okay.</p> <p>3 A. This was the only way for us to maintain some</p> <p>4 semblance of order.</p> <p>5 Q. Okay. How do you feel about what happened to</p> <p>6 Modesto?</p> <p>7 MR. LAIRD: Object to the form.</p> <p>8 THE WITNESS: I feel like it was very easy to</p> <p>9 go there and make your voice heard without becoming an</p> <p>10 agitator. There were plenty of people who did it. There</p> <p>11 are plenty of people who still do it. It looks like --</p> <p>12 Q. (BY MS. JOSEPH) I have to follow -- sorry, go</p> <p>13 ahead.</p> <p>14 A. It -- it looks like he chose to be an agitator and</p> <p>15 try to ruin that for everybody else.</p> <p>16 Q. I have to follow-up on your choice of words.</p> <p>17 "Make your voice heard." Do you know that Modesto Rodriguez</p> <p>18 is deaf?</p> <p>19 A. No. Actually, I'm sorry, yes. I -- I was told</p> <p>20 that.</p> <p>21 Q. I'm going to give you some background. And this</p> <p>22 is coming from me from what I've seen in the videos, so take</p> <p>23 it you know, as you will, with a grain of salt. But Modesto</p> <p>24 Rodriguez, who's deaf, had just seen a vehicle driving on</p> <p>25 these streets in a way that he testified, he felt was</p>

<p style="text-align: right;">Page 74</p> <p>1 dangerous and threw the bottle after he saw that.</p> <p>2 Does knowing that background about him change</p> <p>3 any -- I mean that's his testimony about his background,</p> <p>4 right? I'm just sharing with you what has been said. Does</p> <p>5 knowing that background about him change anything about the</p> <p>6 way that you evaluate his actions now after the fact?</p> <p>7 MR. LAIRD: Object to the form. You can</p> <p>8 answer it if you can.</p> <p>9 THE WITNESS: I -- that's -- I -- I don't</p> <p>10 know how to answer that because I -- I -- I'm not prevue</p> <p>11 [verbatim] to what he's thinking and why he's doing that.</p> <p>12 Or why he thinks that throwing a -- a bottle at a vehicle</p> <p>13 would somehow change that behavior.</p> <p>14 Q. (BY MS. JOSEPH) Okay. Okay. I just wanted to</p> <p>15 ask. So let me go -- let me find our video. Do you --</p> <p>16 would like to take another break, Officer Wright?</p> <p>17 A. Do you mind if we take like -- like just ten</p> <p>18 minutes so I can use the restroom and -- and whatnot.</p> <p>19 MS. JOSEPH: Sure. Let's take ten minutes.</p> <p>20 We'll come back at -- somebody do the math -- 12:16.</p> <p>21 THE WITNESS: Sounds good to me.</p> <p>22 MS. JOSEPH: Okay.</p> <p>23 VIDEOGRAPHER: We're off the record. The</p> <p>24 time is 12:06 p.m.</p> <p>25 (Recess was taken.)</p>	<p style="text-align: right;">Page 76</p> <p>1 activated my Pandora. And I couldn't figure out where that</p> <p>2 music was coming from. I thought it was actually a boom box</p> <p>3 down below.</p> <p>4 And then I realized that my pocket was</p> <p>5 lighting up and, oh, okay. So my phone's --</p> <p>6 Q. Okay.</p> <p>7 A. -- here is projecting Pandora directly into my</p> <p>8 body cam. So I apologize about that.</p> <p>9 Q. Okay. You anticipated one of my questions. So</p> <p>10 you didn't put on your -- your jams for the protest?</p> <p>11 A. No. Not at all.</p> <p>12 Q. Yeah, okay.</p> <p>13 A. As -- as a matter of fact I -- I think that you</p> <p>14 might hear me maybe utter a swear word, realizing that my</p> <p>15 Pandora is on and being somewhat frustrated with myself</p> <p>16 about it.</p> <p>17 Q. Okay. All right. Let me resume play here. So I</p> <p>18 may have cut it off in the middle of the conversation. That</p> <p>19 might have been the end. But I think heard an exchange</p> <p>20 possibly between you and another officer. Kind of talking</p> <p>21 about who's looking where. Did you hear that conversation?</p> <p>22 A. A little bit. If you don't mind just playing it</p> <p>23 again. So -- I'm sorry -- I was trying to -- I was more</p> <p>24 focused on looking at the screen to see -- I -- I was</p> <p>25 wondering if --</p>
<p style="text-align: right;">Page 75</p> <p>1 VIDEOGRAPHER: All right. We are back on the</p> <p>2 record. The time is 12:17 p.m.</p> <p>3 Q. (BY MS. JOSEPH) All right. Officer Wright, we're</p> <p>4 back from a short break. And I'm going to share my screen</p> <p>5 and return to the video that we were looking at earlier.</p> <p>6 A. Yes, ma'am.</p> <p>7 Q. So we'll just pick up where we left off here at</p> <p>8 about 10:39 on the play bar.</p> <p>9 (Video playing.)</p> <p>10 Q. (BY MS. JOSEPH) What do you think is covering up</p> <p>11 your camera?</p> <p>12 A. It's probably my arm.</p> <p>13 Q. Okay.</p> <p>14 A. So by that time I had been holding a shotgun for</p> <p>15 a -- for a while and so my arms were -- were getting tired</p> <p>16 and my shoulders were getting tired. So I was constantly</p> <p>17 kind of just moving around so I could hold the weapon in a</p> <p>18 way that you know, I could give certain muscle groups a</p> <p>19 break.</p> <p>20 Q. Mm-hmm.</p> <p>21 A. And it took me about -- took me a few minutes to</p> <p>22 realize that somehow my Pandora got activated. And so</p> <p>23 that's why there's music in my background. That was not</p> <p>24 intentional in any means. I had put my phone away and --</p> <p>25 because my han -- my fingers -- fingers were sweaty it</p>	<p style="text-align: right;">Page 77</p> <p>1 Q. Sure. Okay. Yeah.</p> <p>2 A. So now that I know what I'm supposed to be</p> <p>3 listening for.</p> <p>4 Q. Yeah. So for this part focus on audio.</p> <p>5 A. Okay.</p> <p>6 Q. Yeah. I'll go back a little bit. I went all the</p> <p>7 way back.</p> <p>8 A. Yeah, no, you're fine.</p> <p>9 Q. Let me see here. Try there. I'm going to pause</p> <p>10 it there and ask you kind of generally about that</p> <p>11 conversation, but unfortunately I have to switch my AirPods</p> <p>12 first. Give me just one second.</p> <p>13 A. You're fine.</p> <p>14 Q. Can you hear me?</p> <p>15 A. Yes, ma'am. You are slightly -- slightly lower</p> <p>16 than you were before, but I can hear you.</p> <p>17 Q. Okay. I think I have got it.</p> <p>18 MS. JOSEPH: Can y'all hear me now?</p> <p>19 THE WITNESS: Yes, ma'am.</p> <p>20 MS. JOSEPH: See if I can hear you. Can we</p> <p>21 go off the record?</p> <p>22 VIDEOGRAPHER: It's 12:24 p.m. We are off</p> <p>23 the record.</p> <p>24 (Recess was taken.)</p> <p>25 VIDEOGRAPHER: All right. We are back on the</p>

Page 78

1 record. The time is 12:26 p.m.
 2 Q. (BY MS. JOSEPH) All right. I had a little
 3 technical difficulty. I'm going to apologize in advance if
 4 you guys hear background noise since I don't have the -- the
 5 AirPods in. But let me ask you now if you haven't forgotten
 6 what I just showed you.
 7 Did you hear a conversation, Officer Wright,
 8 amongst some officers maybe talking about where to look or
 9 who was doing what?
 10 A. Yes, ma'am.
 11 Q. Okay. What was -- what was kind of going there?
 12 A. So I don't know who it was, but we kind of
 13 collectively established that we realized that we had two or
 14 three less-lethal weapons in fairly close proximity. And to
 15 prevent all of us targeting the same person at the same time
 16 we set up the -- the only word I know is from the military
 17 it's -- it's called a field of fire.
 18 And so from where you're standing it's a cone
 19 -- an outward cone shape. And so you have your lateral
 20 limits. So you have a right lateral limit and a left
 21 lateral limit. And your area of responsibility is within
 22 that cone. And kind of nothing else unless you know,
 23 there's an emergency.
 24 So it sounds like we were setting up these
 25 kind of areas -- that -- that's what we'll call them. We'll

Page 79

1 call them areas of responsibility to focus on so that we
 2 didn't have -- so we -- we -- we're communicating better so
 3 that we didn't have multiple people impacting the same
 4 person.
 5 Q. Okay. Okay. So 'cause that was kind of my
 6 question. Is this a watch area? Or a target area? Or
 7 both? So you're -- it sounds like both.
 8 A. Yes, ma'am.
 9 Q. So you're not like watching over there and then
 10 someone calls out that they saw something the other way and
 11 you go over there and aim. You're focused on your kind of
 12 designated area?
 13 A. Yes, ma'am.
 14 Q. Okay. Okay. Let me continue the playback.
 15 (Video playing.)
 16 Q. (BY MS. JOSEPH) I have to stop there. We heard
 17 the conversation I think about some marijuana use?
 18 A. I didn't hear that actually.
 19 Q. Oh, okay.
 20 A. That didn't come through.
 21 Q. Let me -- you do hear the sound?
 22 A. I do -- I hear your sound. I don't hear --
 23 Q. Don't hear the video? Okay.
 24 A. No, ma'am.
 25 Q. Let me try again. Do you hear the sound now?

Page 80

1 A. Yes, ma'am.
 2 Q. Okay. Did you hear that? "Somebody's burning
 3 some good hemp"?
 4 A. Yeah. That was me.
 5 Q. Okay. I think that's a reference to somebody
 6 probably using some marijuana somewhere in your vicinity?
 7 A. Yes, ma'am.
 8 Q. Did you arrest anybody for -- for drug possession
 9 or use?
 10 A. No, ma'am. That was actually the reason for my
 11 sarcasm. At the time, the -- I can't remember if it was the
 12 state or the City of Austin itself -- had began [verbatim]
 13 their transition of -- well, so the City of Austin had began
 14 of decriminalizing marijuana even more than they already
 15 had.
 16 And I think the state had just enacted
 17 something about they -- they allow hemp farming. And the
 18 kind of -- the general consensus was -- is if your burn hemp
 19 and you burn marijuana you know, you really can't tell the
 20 difference. And that that's what we were told you know.
 21 And so it became kind of a running joke with
 22 my squad at that point that anytime we smelled what we
 23 believed to be marijuana because the city didn't want us to
 24 do anything about it in our department. Didn't really allow
 25 us to do anything about it. You know we would make light of

Page 81

1 the situation of not being able to enforce the law due to
 2 city policies.
 3 You know, some -- oh -- or somebody's making
 4 T-shirts. Or somebody's making little tiny rope. Stuff
 5 like that. You --
 6 Q. Okay. Okay. Understood. Okay, let me continue
 7 playback.
 8 (Video playing.)
 9 Q. (BY MS. JOSEPH) Did you hear that exchange?
 10 A. Yes, ma'am.
 11 Q. What -- what was that exchange? What did you
 12 hear?
 13 A. I heard -- I -- I believe it was me that said, "I
 14 think we both got the dude in the red shirt." And I believe
 15 the other officer said, "Yeah, it looked like it hurt pretty
 16 good."
 17 Q. Okay. I think that's probably a relation back to
 18 somebody calling out red shirt. And then the -- the shots
 19 targeted at Modesto. Do -- do you think so?
 20 A. Quite possibly, yes.
 21 Q. Okay. Okay. Now, I know -- let me get to -- all
 22 right, I'm going to continue playback some more. I'm at
 23 12:30.
 24 Were you able to hear that?
 25 A. Yeah, it sounds like I'm talking to somebody and

Page 82

1 explaining why we fired our weapons.
 2 Q. Okay. And it sounds like you weren't able to tell
 3 that night that it was a water bottle that -- that was being
 4 -- (crosstalk.)
 5 A. Yeah, it sounds like it.
 6 Q. Okay. All right. I'm going to skip ahead to see
 7 if we can get to the Mr. Talley incident. I'm going to go
 8 to about -- a little before 18:00 on this bar. So I'm at
 9 17:57.
 10 So actually this is just before Mr. Talley.
 11 Something's actually going to happen, Officer Wright, kind
 12 of right in front of headquarters. And then you're going to
 13 see the crowd scatter. And I want to show you that and then
 14 ask if you know what happened.
 15 A. Okay.
 16 Q. Okay.
 17 (Video playing.)
 18 Q. (BY MS. JOSEPH) Is this still your Pandora?
 19 A. Yeah, unfortunately.
 20 Q. Yeah. Okay. So I interrupted to ask you that
 21 question. Let me go back ten seconds. And -- and see what
 22 causes everyone to scatter. Do you have any idea what
 23 happened there?
 24 A. I don't, but from looks of it, it looks like
 25 somebody threw an incendiary device and people on the steps

Page 83

1 might have fired less-lethal at them.
 2 Q. Do you see -- do you see the incendiary device
 3 that you're thinking of here in the video?
 4 A. I think so. If you look towards -- so if you look
 5 where the street light is and then you go to the -- yeah,
 6 right -- and right below that -- just a little bit more
 7 over. You see that pillar of smoke? No, other way. Yeah,
 8 just a little bit up. You see that pillar of smoke?
 9 Q. Is it this gray area here?
 10 A. Yes.
 11 Q. Okay.
 12 A. So it's like right before that smoke starts
 13 happening you see a couple of flashes as if a firework --
 14 like mortar was thrown. And so it flashes for what -- what
 15 I would assume would be the propellant engine. And then it
 16 smokes and it might explode here if we continued the video.
 17 But it looks like some -- some -- something is now burning
 18 on the front steps. And it was a --
 19 Q. Okay.
 20 A. -- a bright red flame before.
 21 Q. Okay. Do you remember somebody throwing an
 22 incendiary device?
 23 A. Yes. I remember --
 24 Q. In that area?
 25 A. -- yes. I remember at -- at least one if not

Page 84

1 multiple incendiary devices were thrown at the officers on
 2 the steps.
 3 Q. Mm-hmm.
 4 A. As a matter fact, I don't remember if it was a
 5 protester or somebody filming the event, got a fairly
 6 incredibly picture of it exploding at the officers feet.
 7 And I saw it a couple -- I saw the -- the picture a couple
 8 of times and haven't been able to find it since.
 9 Q. Okay. Okay. Well, that was really just to
 10 educate me because I wasn't sure what was happening there.
 11 So that gives me something to -- to look at.
 12 I'm going to go just about 30 seconds ahead
 13 and we'll see if we can identify Mr. Talley. Kind of in the
 14 area where I'm circling.
 15 (Video playing.)
 16 A. Okay.
 17 Q. As he comes onto the screen. So it's just real
 18 brief that I see him in your body cam. Were -- were you
 19 able to identify him?
 20 A. No. I was. I -- I -- I couldn't. There's a lot
 21 of people moving around. If you -- if you rewind it back a
 22 little bit I can -- I can try it again.
 23 Q. So I think that I see Mr. Talley in a white
 24 T-shirt and dark shorts kind of jog up over here before your
 25 camera is occluded.

Page 85

1 A. Okay.
 2 Q. We'll see if you see that. If you're able to
 3 identify him as the target that you're shooting at, is kind
 4 of my question.
 5 A. Okay.
 6 MR. LAIRD: And Leigh, Leigh would you mind
 7 specifying what the timestamp is? I can't see it.
 8 MS. JOSEPH: Yes. Right now I just paused at
 9 18:52.
 10 MR. LAIRD: Perfect. Thanks.
 11 Q. (BY MS. JOSEPH) That time it was under -- I can't
 12 figure how to get rid of this bar. I'm sorry, Officer
 13 Wright, let me try again --
 14 A. That's all right.
 15 Q. -- and try to get that bar out of the way.
 16 A. Why don't we go back like 15 or 20 seconds? And
 17 then just watch it all the way through. That way we can --
 18 we can maybe got that bar to disappear.
 19 Q. Sounds good to me. So we're starting at 18:36.
 20 There he comes.
 21 A. I -- I'm sorry -- I.
 22 Q. If -- you don't have to apologize -- (crosstalk.)
 23 A. I'm not -- I'm not trying to be difficult.
 24 There's -- there's a lot of people moving around in that
 25 area. And so I'm not entirely -- I'm not entirely sure

Page 86

1 which one you're claiming to be Mr. Talley.
 2 Q. Mm-hmm.
 3 A. So and also unfortunately these -- these cameras
 4 are really good, but they are still a little bit grainy when
 5 they get out to -- to that distance.
 6 Q. Let's see if I can slow the speed. See if that
 7 helps us. When I move my mouse it makes that bar come up,
 8 but I'm going to try to point.
 9 A. Okay.
 10 Q. Okay. Right here, coming up.
 11 A. You're saying right there in the very, very bottom
 12 of the screen?
 13 Q. That's who I think your target was. Are you able
 14 to confirm that?
 15 A. I -- I don't -- I don't know.
 16 Q. Okay. All right, but you do -- and I can replay
 17 or continue play if needed -- you do fire the shotgun
 18 containing the beanbag rounds at this point?
 19 A. I believe so because the first time we watched it
 20 I -- I -- I saw myself fire.
 21 Q. Okay. Okay. And do you know how many times you
 22 fired in this particular engagement?
 23 A. I don't recall, but if we could watch the video we
 24 can verify.
 25 Q. Okay. I turned the speed back to normal so that

Page 87

1 it -- the sound is more --
 2 A. Okay.
 3 Q. -- like we would expect. And I'll just play it
 4 through.
 5 Were you able to approximate how many times
 6 you fired?
 7 A. Not really. So I only see one shell eject from my
 8 firearm or from my less-lethal shotgun rather. So I
 9 honestly can't tell if I fired once or twice right there.
 10 Do you mind just going back just 10 seconds. We can watch
 11 it one more time. I can -- I can try again.
 12 Q. Sure. And the officer next to you, to your right
 13 fires as well; is that correct?
 14 A. Mm-hmm. I believe so, yes.
 15 Q. I didn't go far enough. If -- do you think you
 16 can tell if you fired more than once?
 17 A. I -- I honestly can't. I -- I can't tell if I
 18 attempted to fire and my safety was accidentally engaged
 19 from bumping my vest and I instinctively jerked with the
 20 expected recoil. And then fixed the problem, and then
 21 fired, and then ejected the round. Or if I fired twice.
 22 I -- I honestly can't tell. I know for a fact I fired at
 23 least once.
 24 Q. Okay. Okay. And throughout the day that day, you
 25 fired multiple times at multiple different individuals?

Page 88

1 A. Yes.
 2 Q. Okay. So I know we talked earlier about what
 3 video you had seen. And we talked about your -- is -- your
 4 body cam video. Is this some of the footage that you
 5 watched before the deposition?
 6 A. I actually -- I don't think we watched this
 7 portion. I think that we watched more of the -- what you're
 8 claiming to be the Modesto portion.
 9 Q. Okay. Okay. But this does -- this is your body
 10 cam?
 11 A. Yes, ma'am, this is my body cam.
 12 Q. Okay. And if what I'm telling you is correct
 13 about who is Modesto and who is Tyree, then you did fire at
 14 both of them?
 15 A. I've would -- I would agree that it's very
 16 possible that I fired at Modesto. However, I -- I have no
 17 idea who I -- who I am firing at based on what I can see in
 18 this video here.
 19 Q. Okay.
 20 A. I -- I don't know if it was somebody closer to me.
 21 If it was somebody further away. I -- I -- I don't know
 22 because it's in the very corner of that -- of that screen
 23 and essentially as soon as I raise the less-lethal shotgun
 24 I -- I can no longer see the picture.
 25 And so part of that, just so we're all kind

Page 89

1 of on the same page, at the time I wore my body camera on
 2 the right side of my chest. I have since moved it to the
 3 left side of my chest after this incident because after
 4 reviewing this video I realized that the way that I hold a
 5 long gun, this arm (indicating) happens to cover my body
 6 camera a lot. And I realized that that could be a potential
 7 problem.
 8 So what that also means is when I get into a
 9 shooting stance, although I'm facing this way (indicating)
 10 my body camera is showing more of the right side of where my
 11 body is facing. And not necessarily exactly where I am
 12 looking.
 13 And then again, when I go into my shooting
 14 stance to properly prepare, I turn my body to make a
 15 thinner, slimmer profile causing not only my arm to
 16 semi-block the camera, but the camera to turn towards where
 17 my body is facing and not where my eyes and -- and head are
 18 facing.
 19 Q. Okay. Okay. That's helpful to know. Did -- did
 20 someone instruct you to wear the camera in one position or
 21 another?
 22 A. No. So I -- I will not be able to quote the
 23 policy verbatim. But our policy is essentially, middle of
 24 the chest between the first couple buttons from the top.
 25 And then either to the right or the left, if you have the

Page 90

1 outer vest. Or if possible, direct center if you have the
 2 inner vest.
 3 Q. Okay. Okay.
 4 A. The camera -- (crosstalk.)
 5 Q. Let me ask -- go ahead.
 6 A. I'm sorry. The camera doesn't mount on the center
 7 for the outer vest because of the way the vest zips up.
 8 Q. Oh, okay. Okay. Let me play just a little bit
 9 farther and I -- I think we're about through with the video.
 10 A. Okay.
 11 (Video playing.)
 12 Q. Okay. Yeah, I'm -- I'm gonna take that off of
 13 your screen. So you haven't seen a video showing
 14 Mr. Talley's conduct immediately before he's shot at?
 15 A. I -- I have not seen a video, no.
 16 Q. For purposes of our conversation, I'm going to
 17 represent that Mr. Talley threw a water bottle.
 18 A. Okay.
 19 Q. Okay. So assuming that that's a fact, is that
 20 conduct criminal?
 21 A. In these circumstances, yes.
 22 Q. Is it cause for arrest?
 23 A. Yes.
 24 Q. Did you arrest Mr. Talley?
 25 A. No, ma'am.

Page 91

1 Q. Did you go to his aid?
 2 A. No, ma'am.
 3 Q. Okay. Is his behavior, assuming that he threw a
 4 water bottle you know, as I've described, riotous behavior?
 5 A. Yes, ma'am.
 6 Q. Let me pull some pictures up for you. And I'm
 7 gonna show you some pictures of Tyree labeled 1141, 1140,
 8 50, 43, 44, 42, 38, 47, 45, 46, 1149, 1139, 1152. So I'm
 9 also going to represent to you that Mr. Talley was impacted
 10 12 times.
 11 A. Okay.
 12 Q. By -- by beanbag rounds. At the -- and that these
 13 pictures contain some, but not all -- depictions of some,
 14 but not all of those injuries, okay?
 15 So looking at Mr. Talley in the aftermath --
 16 and I also don't know if you know this, but it's -- it's not
 17 a photograph that I'm showing you. So I'm -- I'm also going
 18 represent to you that Mr. Talley was also shot in the
 19 groin -- in the -- in the penis.
 20 A. Okay.
 21 Q. But that was another place that he sustained an
 22 injury.
 23 A. Okay.
 24 Q. Is this an appropriate consequence for throwing a
 25 water bottle?

Page 92

1 MR. LAIRD: Object to the form. You can
 2 answer.
 3 THE WITNESS: So I cannot account for other
 4 officers from other vantage points seeing what Mr. Talley
 5 was doing and taking the same action that I possibly did on
 6 this individual. So what I would say is, yes.
 7 Q. (BY MS. JOSEPH) Being shot 12 times and having
 8 his body covered in -- in bruises and cuts having lasting
 9 scars and disfigurement -- that's appropriate consequences
 10 for throwing a bottle of water?
 11 MR. LAIRD: Object to the form. You can
 12 answer.
 13 THE WITNESS: So at max, I fired twice and I
 14 would say that that is appropriate.
 15 Q. (BY MS. JOSEPH) Even if it was -- (crosstalk.)
 16 A. What I'm saying -- what I'm saying is -- is I
 17 cannot -- I cannot account for what any other officer did
 18 from another vantage point. What I can say is that we had
 19 been impacting people who had been throwing things all day
 20 and that it was very evident that that is what our response
 21 was.
 22 So for people who continued to throw things,
 23 if they got impacted multiple times, I don't believe by --
 24 by different vantage points, I don't believe that that is --
 25 that is our fault. There's no way to coordinate from how

Page 93

1 many different vantages that we had and where we had
 2 officers you know, who was going to impact an individual.
 3 It would probably impossible because of how the situation
 4 was evolving.
 5 Q. So from your perspective, if he had been out there
 6 for any length of time that day Mr. Talley should have known
 7 better?
 8 A. I would say that he been there for any length of
 9 time Mr. Talley should have been able to see what the
 10 response was to people throwing things. And should have
 11 realized that it was not -- it would not behoove him or
 12 benefit in any way to throw things at anybody or anything.
 13 Q. Did you receive training on excessive force and a
 14 person's right to be free from excessive force as part of
 15 your APD training?
 16 A. Yes, ma'am.
 17 Q. Does the fact that excessive force was used on one
 18 person and another may have seen it, mean that it's then
 19 okay and the second person no longer has a right to be free
 20 of excessive force?
 21 MR. LAIRD: Object to form, but you can
 22 answer.
 23 THE WITNESS: Okay. Can you please just
 24 restate your question. I just want to make sure I'm hearing
 25 right. And I'd like to -- to write it down so I'm not --

<p style="text-align: right;">Page 94</p> <p>1 I'm not forgetting any aspect of what you're saying.</p> <p>2 Q. (BY MS. JOSEPH) Let me see if I can say it better</p> <p>3 because it's a little bit confusing. And I think I'm going</p> <p>4 to have to do it with kind of an example.</p> <p>5 A. Okay.</p> <p>6 Q. So I'm a -- I'm, you know, an American. I have a</p> <p>7 right to be free of excessive force, right?</p> <p>8 A. Okay.</p> <p>9 Q. Do you agree with that?</p> <p>10 A. Yes.</p> <p>11 Q. Okay. I see someone next to me do something and</p> <p>12 what I believe is excessive force is used on that person.</p> <p>13 A. Okay.</p> <p>14 Q. Okay. Does that mean that I have lost my right to</p> <p>15 be free from excessive force, if I engage in the same</p> <p>16 action?</p> <p>17 MR. LAIRD: And object to form, but -- but</p> <p>18 you can answer.</p> <p>19 THE WITNESS: I -- I'm sorry. That actually</p> <p>20 made it -- it made it more confusing.</p> <p>21 Q. Made it worse?</p> <p>22 A. And -- and -- I -- I'm not trying to be difficult.</p> <p>23 So in that situation are you saying that the force is used</p> <p>24 on you? Or you witnessed somebody using force and you have</p> <p>25 the right to not have force used on you?</p>	<p style="text-align: right;">Page 96</p> <p>1 I'm gonna try -- I'll try one more time and then we can move</p> <p>2 on.</p> <p>3 A. Okay. And -- and -- I -- I apologize.</p> <p>4 Q. Not your fault. Yeah. And -- and what's</p> <p>5 prompting me to ask this is your remark about Mr. Talley or</p> <p>6 the protesters who were out there -- should have seen what</p> <p>7 was happening that day when objects were thrown. They</p> <p>8 should have seen what the response was.</p> <p>9 And so that's making me try to ask this</p> <p>10 question. Does what I see --</p> <p>11 A. Uh-huh.</p> <p>12 Q. -- does what I see, alter my right -- my Fourth</p> <p>13 Amendment right to be free from excessive force?</p> <p>14 A. No. But I don't believe that -- in this</p> <p>15 particular situation I don't believe that you could say</p> <p>16 excessive force was used. And here's why. So in -- I'm</p> <p>17 sorry did somebody say something? Okay.</p> <p>18 Q. No continue.</p> <p>19 A. So in a situation where we have say five officers</p> <p>20 and we're dealing with one individual, okay? In that that</p> <p>21 situation devolves into a fight. And hypothetically say we</p> <p>22 use excessive force on him, right? That is all of us in the</p> <p>23 same exact area, focusing on the same exact person, at the</p> <p>24 exact same time.</p> <p>25 Am I echoing? 'Cause I -- I -- I hear</p>
<p style="text-align: right;">Page 95</p> <p>1 Q. I witnessed somebody do something --</p> <p>2 A. Okay.</p> <p>3 Q. -- and the consequence is that force is used on</p> <p>4 them.</p> <p>5 A. Okay.</p> <p>6 Q. And I do the same thing.</p> <p>7 A. Uh-huh.</p> <p>8 Q. That the first person did.</p> <p>9 A. Okay.</p> <p>10 Q. Do I still have an independent right to be free</p> <p>11 from excessive force?</p> <p>12 MR. LAIRD: Object to the form.</p> <p>13 Q. (BY MS. JOSEPH) Even though I've seen what I've</p> <p>14 seen.</p> <p>15 MR. LAIRD: Same objection, but you can</p> <p>16 answer.</p> <p>17 THE WITNESS: I'm -- I'm sorry. I'm --</p> <p>18 I'm -- I'm -- I'm having -- I'm having trouble understanding</p> <p>19 what -- what you're trying to -- to portray. So are you</p> <p>20 saying that you witnessed somebody throwing something and</p> <p>21 excessive force is used on them. And then you do the same</p> <p>22 thing -- does that mean that you should receive the exact</p> <p>23 same consequence? Or you shouldn't?</p> <p>24 Q. (BY MS. JOSEPH) Yeah, I'm not getting it across.</p> <p>25 I want to ask you that so let me see if I can say it better.</p>	<p style="text-align: right;">Page 97</p> <p>1 somebody.</p> <p>2 MR. LAIRD: It sounded like there's a little</p> <p>3 feedback or something.</p> <p>4 THE WITNESS: Okay. Okay. I -- I just --</p> <p>5 I'm okay. So let me get back to where I was. So in that</p> <p>6 situation when all of -- say the -- say officers are</p> <p>7 together and excessive force is used then, yes, I would say</p> <p>8 that that is excessive force.</p> <p>9 In this particular situation what we have is</p> <p>10 we have an individual who is far away. And we have officers</p> <p>11 from multiple different angles who are using the minimal</p> <p>12 amount of force, right? And as I said before there's no way</p> <p>13 to coordinate between everybody out there who had</p> <p>14 less-lethal weapons and the vantage points that they had,</p> <p>15 right?</p> <p>16 So like I said, I fired maybe two rounds. I</p> <p>17 don't believe that that is excessive. Maybe the person next</p> <p>18 to me also fired two rounds at that same person. To him</p> <p>19 that is not excessive. The person 15 people down with a</p> <p>20 completely different vantage point who no idea that we were</p> <p>21 targeting the individual, fired one round. That is not</p> <p>22 excessive.</p> <p>23 The cumulation of everything could be</p> <p>24 conceived as excessive, however, there's no way for us to</p> <p>25 know that the other force was being used at the time.</p>

<p style="text-align: right;">Page 98</p> <p>1 Q. Okay. I understand what you're saying. So you 2 don't -- 3 A. So -- 4 Q. In your opinion an individual -- I'm sorry, I 5 don't want to interrupt you. Go ahead. 6 A. No, it's okay. And I apologize, I'm not trying to 7 talk over you. So the fact that he was impacted 12 times, 8 that is tragic and that is -- that is sad. And -- and no, I 9 don't believe that that should have happened. But what it 10 sounds like is, is you're trying to claim that -- that 11 somehow we accumulated this idea of everybody in the area 12 was going to shoot this same guy as a -- in an individual 13 punishment for him. And that's just not the case. 14 Individual officers from different vantage 15 points maybe all saw the same thing and reacted. And 16 reacted in a reasonable way, with a reasonable amount of 17 force to stop the riotous activity. The fact that it all 18 accumulated onto one person, that's -- I -- I don't believe 19 that that's our fault. 'Cause there's no way to precisely 20 coordinate that in that particular situation or really in 21 any situation. 22 Q. People always think that lawyers are trying to 23 scheme some sort you know, answer out of them. And I'm 24 really not trying to do that. I'm just trying to ask you 25 questions.</p>	<p style="text-align: right;">Page 100</p> <p>1 coordinate? 2 A. There's no way to coordinate. The only way that 3 we would've been able to coordinate, again, is if we were 4 all lined up and you know, somebody was like, that guy, 5 ready, fire. And that -- 6 Q. And that -- 7 A. -- that wasn't really what -- it wasn't what was 8 happening. 9 Q. Okay. In that resulted in a number of -- how many 10 people were armed with these shotguns at that time? Do you 11 have any idea? Like more than 20? 12 A. Honestly, I have no idea. I -- 13 Q. Okay. 14 A. I -- I have no idea. 15 Q. Okay. So that resulted in some number of APD 16 officers armed with these shotguns equipped with the beanbag 17 rounds all following the same order, shoot at somebody who's 18 throwing an object? 19 MR. LAIRD: Object to the form. 20 THE WITNESS: Impact somebody who is -- who 21 is throwing objects. 22 Q. (BY MS. JOSEPH) Okay. And so in Mr. Talley's 23 case you know, your -- your view and what you're explaining 24 to me is that one individual officer's actions were not 25 excessive?</p>
<p style="text-align: right;">Page 99</p> <p>1 A. Okay. I -- and I understand and -- and -- 2 Q. Yeah. 3 A. -- and I don't think you're trying to scheme. I 4 think that you're trying to make the point that, yes, 12 5 impacts is a lot. And why, right? And what I'm telling you 6 is, is that we need to look at it from a different paradigm 7 of it's not like we had 12 -- 4 officers line up and shoot 8 him 3 times each. You know, simultaneously. We had 9 multiple officers who I had no -- you know I -- I had no 10 ideas where these officers were. Because even my video it 11 only shows maybe a max of four shots, right? 12 Q. So this was not a coordinated effort by APD for 13 people to make sure that Tyree Talley was shot 12 times? 14 A. Not at all. 15 Q. Okay. 16 A. This is individual officers observing a riotous 17 act and taking the actions in which we were not only 18 instructed, but we felt necessary to prevent further harm 19 and disorder to the people in the -- the people in the area 20 and the area. And unfortunately and sadly for Mr. Talley 21 multiple people were -- multiple officers with less-lethal 22 shotguns were observing for him at the same time. And -- 23 and took that same action. 24 Q. And in -- instead of a coordinated effort, it was 25 actually the opposite. You guys were not able to</p>	<p style="text-align: right;">Page 101</p> <p>1 A. No. 2 MR. LAIRD: Object to the form. 3 Q. (BY MS. JOSEPH) Okay. But the cumulation, the 4 aggregate of 12 shots to Mr. Talley was excess. 5 MR. LAIRD: Ob -- object to form. 6 Q. (BY MS. JOSEPH) Even though it's not one 7 individual. We can't blame a particular individual officer 8 for that -- the -- the aggregate was -- was excess? 9 MR. LAIRD: Object to the form. 10 THE WITNESS: No. Because again, I don't 11 think that you can -- you can -- I don't think you can 12 call -- you can combine all of these. Because again, 13 it's -- it's individuals from different areas. So I think 14 that you would have to essentially make it each individual 15 thing, an -- an individual situation. 16 Q. (BY MS. JOSEPH) How many times do you think 17 Mr. Talley needed to be shot in order to not throw another 18 bottle? 19 MR. LAIRD: Object to the form. Calls for 20 speculation. 21 THE WITNESS: I don't know because I'm not -- 22 I'm not there, right now. I'm not looking at what's 23 happening. 24 Q. (BY MS. JOSEPH) But you were then. I mean, 25 seeing what you saw. Impacting the people that you did</p>

Justin Wright

July 21, 2023
Pages 102 to 105

Page 102

1 and -- and targeting people who throwing objects. How many
 2 shots did it take to get somebody to comply?
 3 MR. LAIRD: Object to the form. Speculation.
 4 THE WITNESS: I'm sorry. Does that mean I
 5 answer? Or I don't answer? I'm sorry.
 6 Q. (BY MS. JOSEPH) You still answer.
 7 MR. LAIRD: Yeah, you answer if you can.
 8 THE WITNESS: Okay. I'm sorry. So restate
 9 the question.
 10 Q. (BY MS. JOSEPH) Yeah. When you were out there
 11 for hours you know, targeting -- under orders to target
 12 people who were throwing objects, right?
 13 A. Ah, yeah, okay. I see what you're saying. Okay.
 14 So the less-lethal shotgun is not a -- is not an
 15 immobilization weapon. So it is indeterminate to tell how
 16 many shots it will take for someone to realize that this
 17 hurts, I should stop. Right? Because one, it depends on
 18 where you're hit. Two, it depends on how much of an actual
 19 blow you received. So for instance, if I missed or I -- or
 20 it was just a glancing blow it's -- it's not going --
 21 something I'm happened.
 22 Q. My screen back up. Yeah.
 23 A. Something -- so if it's a glancing blow you know,
 24 that -- that might not gain com -- compliance. That might
 25 not make gain -- you know, make somebody realize that I -- I

Page 103

1 need to stop this behavior. So it -- it depends. I've
 2 seeing people get impacted four or five, six, seven, eight
 3 times and continue doing what they're doing.
 4 It depends on each individual person's pain
 5 tolerance I suppose. If they're under the influence of
 6 anything. There are -- there a multitude of -- of reasons
 7 why one or two or -- or multiple impacts won't work.
 8 It depends on the type of clothing their
 9 wearing. It depends on if -- if they have anything under
 10 that -- that clothing. We -- we -- we could go on for a
 11 long time and to -- to say you know, all -- all the
 12 different reasons on why these -- these rounds might not
 13 work. Or would work. And there is -- there's -- there's no
 14 way to tell until the behavior actually stops.
 15 Q. You said something that I want to go back to. You
 16 said glancing blow. So I want to ask you -- I'm showing you
 17 these same pictures of Mr. Talley's injuries. Does this
 18 look like a glancing blow?
 19 A. No. But could you go back to the first one?
 20 Q. Yeah. I'll get there. Does this look like a
 21 glancing blow?
 22 A. No.
 23 Q. What about this one?
 24 A. Nope.
 25 Q. Okay. And we're just going backwards from this

Page 104

1 set that I've been you today.
 2 A. Okay.
 3 Q. What about -- what about these on the hips? Do
 4 these look like glancing blows?
 5 A. They don't look like it, but they -- they could
 6 be. Just -- but they don't look like it.
 7 Q. Does that look like it hurts?
 8 A. Absolutely.
 9 MR. LAIRD: Object to the form.
 10 Q. (BY MS. JOSEPH) Do these look like glancing
 11 blows?
 12 A. The one on the right side of the picture with the
 13 striped underwear looks like -- or no, sorry. So left
 14 picture, right side of the leg that looks like it could be a
 15 glancing blow. And again, glancing blow is -- is -- is
 16 relative as well. How -- how much material is being --
 17 is -- is -- is being touched. It could be very minimal. It
 18 could be a lot. And the other one does not look like a
 19 glancing blow.
 20 Q. What about -- what about the ones we see here?
 21 A. So if I'm being --
 22 Q. I think the new ones are the shoulder and the back
 23 of the arm.
 24 A. So if I'm being honest, the shoulder and the
 25 elbow, those look like road rash. Those look like somebody

Page 105

1 falling down and scraping.
 2 Q. Okay. You wanted me to go back. It's probably to
 3 this picture of the ear?
 4 A. No. It was the shoulder one.
 5 Q. The shoulder?
 6 A. But that looks like more like road rash, but
 7 that -- that also looks like what -- road rash is somewhat
 8 of a glancing blow. It's a slide acrossed [verbatim].
 9 Q. Okay. And I do have to ask you at this point you
 10 know, if you have particular training that enables you to
 11 identify the difference between a beanbag round injury and
 12 road rash?
 13 A. I don't have any (audio distortion) -- I don't
 14 have any specific training to say (audio feedback) -- sorry?
 15 Q. Oh, carry on.
 16 A. I don't have any training to specifically say
 17 beanbag or road rash, however, through my training and
 18 experience for five years as a military medic, both
 19 stateside and in Afghanistan, I have seen a multitude of
 20 injuries and things that cause injuries and know what
 21 certain injuries look like.
 22 Could this be a beanbag? Absolutely, this
 23 could be a beanbag. However, it also looks like it could be
 24 when -- if he fell down or when he fell down, he scraped his
 25 shoulder. And possibly over here when he fell down he hit

<p style="text-align: right;">Page 106</p> <p>1 his ear and that's what made his ear swell.</p> <p>2 Q. But you don't know. (Crosstalk.) You don't know</p> <p>3 one way or another?</p> <p>4 A. No. I don't know one way or another. So it could</p> <p>5 either.</p> <p>6 Q. Okay. They could -- these very well could be</p> <p>7 beanbag munition injuries?</p> <p>8 A. Mm-hmm. They can also be him running into a wall</p> <p>9 when he was finally running away. These two (indicating).</p> <p>10 And I'm not talking about the other ones. I'm talking about</p> <p>11 these two.</p> <p>12 Q. Okay.</p> <p>13 A. Is -- is -- a lot of -- a lot of the -- a lot of</p> <p>14 things could've caused some of these injuries. Could they</p> <p>15 be beanbags? Yes. Could they also not be --</p> <p>16 Q. Okay.</p> <p>17 A. Yes.</p> <p>18 Q. Okay. You also talked about there being instances</p> <p>19 where it takes three to four impacts with a beanbag round</p> <p>20 before somebody stops in action.</p> <p>21 A. Mm-hmm. Yes.</p> <p>22 Q. Okay. I'll limit this question to May 30th, 2020,</p> <p>23 people who were throwing water bottles, okay? Of those</p> <p>24 people how many did you see reaching for a second bottle to</p> <p>25 throw again? After they threw the first one?</p>	<p style="text-align: right;">Page 108</p> <p>1 you're saying is, is these guys picked up a weapon of</p> <p>2 opportunity that was on the ground and immediately threw it.</p> <p>3 The ground was littered with weapons of opportunities, so</p> <p>4 what's to stop them from grabbing another weapon of</p> <p>5 opportunity and throwing it again.</p> <p>6 Q. What's to stop them is -- is it what I'm asking?</p> <p>7 I'm asking what you saw.</p> <p>8 A. Yes. I saw people --</p> <p>9 Q. So how -- how many people did you see walking</p> <p>10 around on the street, picking up a water bottle, throwing</p> <p>11 it, and then picking up a water bottle again and throwing</p> <p>12 it?</p> <p>13 A. On multiple occasions I saw people picking things</p> <p>14 up off the ground and throwing them and doing that multiple</p> <p>15 times.</p> <p>16 Q. All in a continued sequence? Bend down, throw,</p> <p>17 bend down, throw -- you saw that happening?</p> <p>18 A. Not necessarily a continued sequence. Some of</p> <p>19 them were. Some of them weren't. They would meander</p> <p>20 through the crowd and like I said, pick up weapons of</p> <p>21 opportunity as they found them and throw them.</p> <p>22 Q. And so that gets to this distinction in -- in</p> <p>23 clarification point that I don't quite get on what your</p> <p>24 objective is. Are you trying to like take somebody out so</p> <p>25 they can't throw something again?</p>
<p style="text-align: right;">Page 107</p> <p>1 A. So I can't specifically talk on only the</p> <p>2 individuals who threw water bottles. I -- I was -- was I</p> <p>3 able to identify at least one? And that sounds like it was</p> <p>4 Modesto. But there were multiple instances where we</p> <p>5 would -- I impacted somebody, they went down, they jumped</p> <p>6 back up, ran back around and then later I saw them throwing</p> <p>7 objects again. But they were either too far away or I</p> <p>8 didn't have a clear enough shot. And it -- had I tried to</p> <p>9 impact them again at that later time they would -- I</p> <p>10 could've possibly hit somebody who was not participating in</p> <p>11 that particular activity.</p> <p>12 Q. So you didn't want to just stop the throw that was</p> <p>13 happening? You wanted to stop these people from throwing</p> <p>14 again? Even if it was going to be ten minutes later?</p> <p>15 A. No. I wanted to stop the behavior as it was</p> <p>16 happening and hopefully that would stop future behavior as</p> <p>17 well.</p> <p>18 Q. Okay. So I mean, Modesto throws a water bottle,</p> <p>19 he didn't have an arsenal of water bottles. He picks one</p> <p>20 off the ground and he throws it. I mean, Tyree throws a</p> <p>21 water bottle. You know, I mean what I'm getting at here is</p> <p>22 these people are not water bottle, water bottle, water</p> <p>23 bottle. They're throwing one. I mean, did you see anybody</p> <p>24 kind of repeatedly throwing water bottles?</p> <p>25 A. Absolutely. So what you're saying is -- what</p>	<p style="text-align: right;">Page 109</p> <p>1 A. No.</p> <p>2 Q. Or you just trying to stop the action that's</p> <p>3 happening in that moment?</p> <p>4 A. We're trying to stop the action that's happening</p> <p>5 in that moment. And hopefully, they realize that that's not</p> <p>6 a good idea and stop doing that action. I'm hoping that</p> <p>7 they make that decision. I'm not -- I'm not hoping that</p> <p>8 because I -- I'm not hoping that I'm going to permanently</p> <p>9 incapacitate them from ever doing anything again.</p> <p>10 Q. Yeah. I mean, I would hope not, but I just want</p> <p>11 to make sure. And so in that moment Tyree Talley's action,</p> <p>12 throwing a single water bottle, right?</p> <p>13 A. Sure.</p> <p>14 Q. Okay. It didn't take 12 shots to deter him --</p> <p>15 to -- well, actually let me -- let me go a different way.</p> <p>16 Let me ask you something else. Had he already thrown the</p> <p>17 water bottle when you shot at him?</p> <p>18 A. I -- I don't know. I -- I -- I don't remember --</p> <p>19 (crosstalk.)</p> <p>20 Q. Okay. Do you know on Modesto?</p> <p>21 A. I don't know on Modesto. However, I think I have</p> <p>22 something in one of my supplements that might be Talley.</p> <p>23 Okay. So -- all right, so this is -- this is reminding me</p> <p>24 of it. So I -- I this might be the incident we're -- we're</p> <p>25 discussing.</p>

Page 110

1 So "At 18:55 mark in my video, Officer Wright
2 observed what I believe to be a male subject standing in the
3 35 service road intersection with Eighth Street. The male
4 was facing the Austin Police Headquarters. I observed the
5 male throw an object towards the officers on the steps. By
6 the time that I had brought my less-lethal up, the subject
7 had turned around. I fired the first round at the
8 subject -- I fired the first round at the subject as he
9 started to run northbound on the service road."
10 "I aimed this round to impact the subject in
11 the abdomen, however, due to him accelerating into a run
12 this, this round impacted him in the upper body, near the
13 shoulder. I reloaded with my second round and hit him in
14 the lower body."
15 The reason -- now that I'm reading this I
16 remember. So what was happening, at that time, what we were
17 seeing was we were seeing people run out from under the
18 overpass that we were standing on -- or under the bridge
19 that we were standing on. They would grab something, throw
20 it and then try to run back under the -- under the overpass
21 so that we couldn't impact them. And then they would
22 continually go back-and-forth and do that.
23 So the idea here was we -- it sounds like I
24 observed him throw the object so I impacted him and as he
25 started to try to run back in, I was attempting -- I was

Page 111

1 trying to prevent him from running back to try and grab more
2 things to throw at the Main at the officers there.
3 MR. LAIRD: And -- and, Justin, could you
4 just identify the Bates number on the bottom of whatever
5 page --
6 THE WITNESS: Yes.
7 MR. LAIRD: -- you're reading from?
8 THE WITNESS: That is 2469. And that's the
9 middle paragraph that starts with, "at 18:55."
10 Q. (BY MS. JOSEPH) Okay. So is -- he has thrown the
11 object already?
12 A. Yes.
13 Q. And is running away when you are targeting him?
14 A. Yes -- (crosstalk.)
15 MR. LAIRD: Objection, form.
16 MS. JOSEPH: Are you objecting to the word
17 "targeting"? I got that from an officer yesterday. Is
18 that --
19 MR. LAIRD: That's part of it.
20 MS. JOSEPH: Okay. I'll -- I'll use a
21 different word, yeah.
22 Q. (BY MS. JOSEPH) Okay. So Mr. Talley had
23 thrown -- or the subject that you're reading about in this
24 report had -- had thrown the object and was running away at
25 the time that you were firing your shotgun aimed with the

Page 112

1 beanbag rounds?
2 MR. LAIRD: And I object to the form. And --
3 and, Leigh, what I'm -- I'll tell you what I'm objecting to
4 is -- is I think it's unclear when you say that he's running
5 away.
6 MS. JOSEPH: Okay.
7 MR. LAIRD: Because he's --
8 MS. JOSEPH: Okay.
9 MR. LAIRD: I don't think that's what the
10 officer is -- is saying, but ...
11 Q. (BY MS. JOSEPH) Okay. Mr. -- Officer Wright,
12 I'll let you answer that question and you can of course --
13 you know, if he's not running away you can -- you can say
14 so.
15 A. So I don't -- I don't know what word I would use,
16 but based off of reading this, what I believed at the time
17 was -- is that he was actively trying to throw stuff. And
18 then maneuver away so that he would not be impacted. So he
19 could -- he essentially was trying to do this thing so that
20 he could do it and we wouldn't be able to -- to do anything
21 about it. And so that's why I continued -- or I -- I -- I
22 fired the second round.
23 Q. Okay.
24 A. So the first -- the first round is I'm witnessing
25 him throwing it. By the time I've raised the -- the

Page 113

1 less-lethal shotgun and fired, yes, he has thrown it and
2 started to move. We -- the reactionary times that we have
3 we that's -- that's the way that it's -- it's going to be.
4 We can't -- we you know, we -- we -- we can't ...
5 Q. So neither one of these shots is to stop him from
6 throwing the water bottles?
7 MR. LAIRD: Objection, form.
8 Q. (BY MS. JOSEPH) The particular water bottle that
9 he had already released from his hand when -- when the first
10 shot was fired?
11 A. These shots are because -- the shots are because
12 he threw the water bottle, yes.
13 Q. Because it had already happened?
14 A. Because it was happening and I reacted. And by
15 the time the reaction was finished, the bottle had been
16 thrown.
17 Q. Okay.
18 A. And then he began to what -- I believe to -- evade
19 us. Well, evade is not the right word. Tried to maneuver
20 away from us so that we couldn't impact him.
21 Q. Okay. And at least the second shot, if not both,
22 the second shot was intended to be a deterrent from
23 continued behavior?
24 A. Yes.
25 Q. We don't see in your body cam, but I've seen

Justin Wright

July 21, 2023
 Pages 114 to 117

Page 114

1 other -- other footage that makes it look like there's light
 2 aimed at Mr. Talley. Are you aware of somebody using some
 3 sort of lighting device to target particular subjects while
 4 you were out there on the 30th.
 5 A. Not that I remember.
 6 Q. Okay. Did you fear for your own safety when
 7 Mr. Rodriguez or Mr. Talley threw the bottle?
 8 A. No. I feared for the safety of others in the
 9 crowd and the officers at the steps.
 10 Q. I'm going to completely change tracks for a minute
 11 and ask you about the beanbag rounds themselves.
 12 A. Okay.
 13 Q. And I'm trying to push through, but like I said at
 14 the beginning, Officer Wright, if you need a break, you say
 15 so. Okay?
 16 When you -- so I knew you were given some
 17 amount of munitions when you first checked out the gun at
 18 the -- the shotgun -- at North Substation.
 19 A. Yes.
 20 Q. How were those --
 21 A. I believe so. I'm -- I'm pretty sure they -- they
 22 gave me -- they gave me at least one -- one load out.
 23 Q. Okay. How were those packaged when they were
 24 given to you?
 25 A. Okay. So the -- at that time the less-lethal

Page 115

1 shotguns -- now, I'm remembering this now. I apologize.
 2 So, at that time, the less-lethal shotguns came in a -- in a
 3 black gun case. Like a soft black gun case with a zipper
 4 pocket on the back. And -- or -- it -- towards the back of
 5 the case. In that -- in that case was the four or five
 6 rounds to fill the -- the weapon. The weapon system.
 7 Right?
 8 And those were -- as far as I know, those
 9 were only replaced if somebody realized that they were
 10 expired or if they had expended.
 11 Q. Okay.
 12 A. So my initial load out was the rounds that it had
 13 been with the gun for however long.
 14 Q. Mm-hmm.
 15 A. And then after that we were handed rounds in I
 16 believe little white boxes.
 17 Q. Okay.
 18 A. And I don't know how many rounds were in each box.
 19 Q. Mm-hmm.
 20 A. But it was probably either five or ten.
 21 Q. The ones that were in the case with the -- the
 22 shotgun case --
 23 A. Uh-huh.
 24 Q. -- were those in a little white box or --
 25 A. No. Those were loose because those are the same

Page 116

1 rounds that were loaded into it on a daily basis for whoever
 2 checked out that particular weapon system.
 3 Q. Mm-hmm.
 4 A. They were -- I'm sure the first time they were
 5 handed out -- in a -- in a white box. But after that
 6 basically you would unload the -- the weapon system and then
 7 those loose shells would be placed in that pocket.
 8 Q. Okay. And you mentioned that they would get
 9 changed out if they were expired or expended? Did as --
 10 A. I think. I think expired.
 11 Q. -- as the user -- okay. Yeah. And did you as the
 12 user have a way of knowing if -- if the rounds -- the
 13 beanbag rounds that were in the case with the shotgun were
 14 expired? Did you have a way of checking that?
 15 A. I don't believe so because I -- I -- I don't
 16 believe that it's on the shell.
 17 Q. Mm-hmm.
 18 A. I don't remember being told that.
 19 Q. Mm-hmm.
 20 A. That we had to look at each individual shell. And
 21 I -- I don't believe even to this day -- I think it -- it
 22 was on the original box.
 23 Q. Mm-hmm.
 24 A. And so I -- I don't believe that there was a way
 25 for me to know if the shells that I was given were expired.

Page 117

1 And nor did I know if they were.
 2 Q. Okay. Was any part of your training and handling
 3 these weapons -- did any of it involve kind of checking the
 4 integrity of the munitions?
 5 A. Yes. However, it was -- it -- it was the -- so
 6 just -- just for explanation purposes, I -- I don't mean to
 7 insult anybody's intelligence. I'm just going to explain
 8 the shells so we all know what we're talking about, right?
 9 Q. Okay. Doesn't insult my intelligence. I've never
 10 held one of these.
 11 A. Okay.
 12 Q. Never seen one in person. Yes.
 13 A. Okay. So the bottom of the shell is made of
 14 brass.
 15 Q. Mm-hmm.
 16 A. All right? And the very, very bottom is slightly
 17 wider. And then there is a -- there is a primer in the
 18 center of that -- of that shell. From the brass point, it
 19 then -- it then extends out into a plastic case -- a plastic
 20 casing, right?
 21 Q. Mm-hmm.
 22 A. And the gunpowder is in the brass portion. There
 23 is a plastic plug that goes in-between the gunpowder and the
 24 less-lethal munitions sock, right? As a buffer --
 25 Q. Mm-hmm.

<p style="text-align: right;">Page 118</p> <p>1 A. -- so that it doesn't catch the -- the sock on 2 fire. And then it is -- it's got another -- if I remember 3 right, it's got another piece of cardboard at the very top 4 and the plastic is rolled over the top of that to secure 5 everything from not falling out. 6 The part that we were taught to check is the 7 same part that we check with our regular shotgun rounds. 8 And that's that slightly wider portion at the very base so 9 that the round doesn't fall too far into the barrel. And 10 after continuous reload, what can happen because that's 11 brass and that's a softer metal, is that can become 12 deformed. And then the round slips too far into the barrel 13 and it -- and it cannot be fired. 14 Q. Okay. 15 A. And so we are taught to inspect the back of the 16 round to make sure that they are not deformed to where they 17 would cause the weapon to be jammed. 18 Q. To make sure the weapon is still going to be 19 operational? 20 A. Yes. But that -- as far as I remember, is the 21 only part of the shell that we inspect as individual 22 officers on the street. 23 Q. Mm-hmm. 24 A. Somebody else in the department might be tasked 25 with other inspections. I don't know.</p>	<p style="text-align: right;">Page 120</p> <p>1 head and the groin -- oh, sorry. Go ahead. 2 Q. I'm going to stop you because I'm going to ask you 3 about some specific areas. 4 A. Oh, okay. 5 Q. So that way, you don't have to tell me twice. 6 A. Sure. 7 Q. So green is -- ideal place to target. Yellow is 8 okay, but not as ideal. And red is try not hit there? 9 A. Yes. 10 Q. Okay. 11 A. Red -- red is do not actively aim for these 12 locations. 13 Q. Okay. I think it's like unless it's a situation 14 where you're authorized to use deadly force? 15 A. Yes, and, no. 16 Q. Okay. 17 A. So that's specifically the head -- 18 Q. Okay. 19 A. -- right? So for example, the groin -- the -- the 20 front of the groin is also a red area. 21 Q. Mm-hmm. 22 A. If I remember correctly. 23 Q. Mm-hmm. 24 A. Obviously that would be an inappropriate place if 25 we feel that we need to use deadly force to actively aim at</p>
<p style="text-align: right;">Page 119</p> <p>1 Q. Okay, okay. So as an officer on the ground you 2 have an expectation that the munitions that are being given 3 to you are not expired? 4 A. Not expired and that they are functional and that 5 they're not you know, defective in any way. 6 Q. Okay. Okay. Talking further about training, I 7 believe you mentioned earlier that you -- you were and you 8 continue to be qualified in these type of so-called 9 less-lethal weapons. Has there -- has there ever been a 10 time during your time at APD that that qualification lapsed 11 or was expired? 12 A. No, ma'am. 13 Q. Okay. And I understand that in your training for 14 using those, you're taught particular target areas. I think 15 in kind of green, yellow, red system? 16 A. Yes, ma'am. 17 Q. So tell me what is green, what is yellow, and what 18 is red? 19 A. So green is the optimal place for the most 20 effective and safest target areas. So the -- the butt, the 21 legs, are green. I -- I can't remember if the arms are 22 green. I think they changed the -- I think they changed 23 the -- the model that we shoot at. 24 Q. Mm-hmm. 25 A. The back is green. The chest is yellow. And the</p>	<p style="text-align: right;">Page 121</p> <p>1 that spot. 2 Q. Mm-hmm. 3 A. Because that -- that would not do it. 4 Q. So she you should never target the groin? 5 A. You should never actively target the groin, no. 6 Q. Okay. So let me ask -- I'm going to pull back up 7 the picture of Modesto because I've noticed there's some 8 linguistic disagreement on where one of his particular 9 injuries is. So I'm going to show you instead of trying to 10 say a body part. 11 A. Okay. 12 Q. So I'm going to show you this area on his torso. 13 A. Okay. 14 Q. And ask you if that is green, yellow, or red? 15 A. I would say that that's kind of right in-between 16 green and yellow. 17 Q. Okay. Okay. Is the -- the chest is red, right? 18 A. I want to say, I honestly can't remember. I -- I 19 can't because ever since we got the new Taser system, we 20 have another mat with different colors all over it. And 21 so -- and like I said, I -- I only see the mat once a year 22 at this point. 23 Q. Yeah, okay. 24 A. And so I -- 25 Q. Okay.</p>

Page 122

1 A. -- can't actually remember.
 2 Q. Okay. What about the -- this ankle spot? Do you
 3 know what color that is?
 4 A. I don't know. I believe it to be either green or
 5 yellow.
 6 Q. Okay. And for Mr. Talley I'm going -- I'm gonna
 7 try saying some body parts instead of looking through all
 8 the pictures --
 9 A. Okay.
 10 Q. But I'll pull one up if we need to. The -- and
 11 I'll just throw out a body part and you tell me what color
 12 zone it's in, okay? This is the portion of the deposition
 13 that's a test. But it won't last long. The -- the ear.
 14 What color zone is that in?
 15 A. I would say the ear would be red.
 16 Q. Red? Okay. And the penis?
 17 A. Would be red.
 18 Q. Okay. The chest?
 19 A. As I said before, I can't remember if the chest is
 20 split between red and yellow. Or if it's just over the
 21 heart that's red.
 22 Q. Mm-hmm.
 23 A. Or -- I -- I honestly can't remember.
 24 Q. Okay.
 25 A. I would say probably yellow, maybe red.

Page 123

1 Q. Okay. And I think you already answered with
 2 regard to the buttocks, that you thought that was a green
 3 area?
 4 A. I believe the buttocks to be the green -- to be
 5 green.
 6 Q. Okay. And I think you said legs in general. So
 7 that would include thighs and calves would also be green?
 8 A. Yeah.
 9 Q. Okay. What about shoulder?
 10 A. I believe the -- so I believe the sh -- where on
 11 the shoulder? Are we talking along the shoulder blade, on
 12 the back? Or are we talking on the front of the shoulder?
 13 Like where the socket is or --
 14 Q. Do you remember --
 15 A. And I'm sorry, I'm not trying to be difficult.
 16 Q. No, no --
 17 A. Or are we talking on the -- on the -- like deltoid
 18 area or the --
 19 Q. Do you -- do you remember that picture we looked
 20 at and we said maybe -- you thought that could be road rash
 21 --
 22 A. Maybe it could be road rash?
 23 Q. -- but it also could be a beanbag round? I can
 24 pull it up again.
 25 A. I do. I think that's the back of the shoulder so

Page 124

1 I would say that that would be green.
 2 Q. Okay. And then you talked earlier a little bit
 3 about arms. My next ones would be forearms and upper arms,
 4 but I think you weren't sure about arms anymore?
 5 A. Yeah. I -- I'm -- I'm not sure. I -- I think
 6 they're -- they're yellow or green.
 7 Q. Okay. So some of the areas at least for Tyree,
 8 some of the areas that he was actually hit, not talking
 9 about where people were targeting, but some of the areas
 10 where he was actually hit were red areas?
 11 A. Yes, ma'am.
 12 Q. Which leads me to believe that these shots were
 13 not 100 percent accurate?
 14 A. Yeah, that sounds fair.
 15 Q. I rather think that then that you know, an APD
 16 officer was targeting a red area.
 17 A. Yeah. Yeah, so there's officers -- their shots
 18 are not 100 percent accurate, as well as, we've already gone
 19 over the fact that Mr. Talley was moving. Which means that
 20 by the time we pull the trigger, he's still moving and so
 21 where we're aiming we're doing our best to aim for this --
 22 the places that we are. But as he's moving around, that
 23 impact zone is changing.
 24 Q. Okay. Did you observe inaccuracy of your weapon
 25 as you were shooting it that day? As you were using it?

Page 125

1 A. Yes, I did.
 2 Q. Okay.
 3 A. I observed -- I observed my round were flaring
 4 upward. And so I purposely for the rest of the day, because
 5 that scared me -- I'm sorry -- for the rest of the day I
 6 purposely aimed lower at the legs and the lower abdomen
 7 because -- because of that.
 8 Q. Okay. Okay. I want to talk a little bit about
 9 the formation out there. So I don't think the roads were
 10 blocked; is that right? Or maybe some roads were blocked
 11 and some weren't.
 12 A. Which roads are we talking about? Actually, hold
 13 on --
 14 Q. Let me just --
 15 A. So -- sorry two questions. So which roads are we
 16 talking? And when you say "blocked" are you asking if we
 17 block them as Austin Police? Or if the protesters and
 18 rioters blocked them?
 19 Q. So what you're doing is pointing out extreme
 20 deficiencies in my questions. Let me try again.
 21 Did you -- APD officers -- did you -- whether
 22 you or some other officer -- did any APD officers that day
 23 put up any barriers to block roadways around the
 24 headquarters?
 25 A. I think so. I -- I believe that at -- at some

Justin Wright

July 21, 2023
Pages 126 to 129

Page 126

1 point it was decided that you know, the -- it wasn't
 2 necessarily worth trying to keep them out of the roads and
 3 for those who are being peaceful could stay there. So I --
 4 I do believe that we blocked off some roads. I don't know
 5 which ones though. I --
 6 Q. Okay.
 7 A. -- I can't recall which ones.
 8 Q. Do you know with what?
 9 A. I can't -- I can't say for sure. I don't know if
 10 we used cars or if we used the barricades that are used on
 11 Sixth Street every weekend.
 12 Q. Mm-hmm.
 13 A. Or a combination of both. I -- I -- (audio
 14 distortion.)
 15 Q. Okay. And you were on the -- the overpass. We've
 16 talked about that. And we've also, I think at some point,
 17 referenced that there were other officers on the -- do y'all
 18 call is the "patio"? The front of the headquarters?
 19 A. I think we call it the "steps".
 20 Q. The steps?
 21 A. If I remember correctly.
 22 Q. What was the purpose of the officers on the steps?
 23 A. I believe that the officers of the steps were
 24 there to make sure that we didn't have the same incident
 25 as -- as we discussed earlier. Some police departments that

Page 127

1 were getting overrun and -- and damaged on the inside.
 2 Q. So --
 3 A. So that was -- that was a safety measure because
 4 of what's inside of a police department, right? So not only
 5 are there weapons and stuff like that, but there is a -- an
 6 ungodly amount of personal information for people all over
 7 the city and all over the states. And even in different
 8 countries. And it would be very dangerous to allow an angry
 9 mob to get inside of that building and -- and -- and it
 10 could cause a lot -- a lot of damage. Not only physically,
 11 but -- but also in people's lives. Whether it be through
 12 other nefarious actions.
 13 Q. Okay. So they were there to protect headquarters
 14 from getting breached?
 15 A. Yes, ma'am.
 16 Q. And you said angry mob, but at the time that
 17 Modesto and Tyree were -- were injured, the times we looked
 18 at on your body cam, would you describe that as an angry mob
 19 situation?
 20 A. I -- I would describe -- I would describe that as
 21 an intermix -- an intermixing of people who wanted it to be
 22 an angry mob, agitators. And people who just wanted to yell
 23 and scream at us. And so like we did -- you know,
 24 unfortunately like we described before you know, that --
 25 that does -- that does make the whole thing a riot.

Page 128

1 We were trying to be as lenient as possible
 2 with that aspect of it. But so angry mob? Sure. It -- it
 3 might be a little bit more -- might be -- it might be a
 4 little bit too strong. So the -- the protest that was full
 5 of agitators to prevent them from agitating further into a
 6 breach of the Main.
 7 Q. Okay. And other than the police line on the
 8 steps, what other measures did APD take to prevent the
 9 breach of Main? For example, were there other physical
 10 barriers set up?
 11 A. I honestly don't know because I -- I didn't -- I
 12 think -- I believe the closest I got to the Main that day
 13 was across the street at the 250 building. So I don't know
 14 if they did anything inside. And I don't remember anything
 15 specific when it comes to like the gates to the parking
 16 garages or anything. It's just not -- I'm sorry -- it's
 17 just not something that I was paying attention to.
 18 Q. Okay. Did you observe -- well, let me ask you
 19 first. Did you personally kind of go down into the crowd
 20 and interact with citizens one-on-one, at any point?
 21 A. Not that day, no. Later on -- a couple of days
 22 later, we attempted to I guess mingle with the crowd and --
 23 and try and talk and stuff like that. But on the day in
 24 question, I don't believe that I ever went down into the
 25 crowd.

Page 129

1 Q. Okay. And to use a word, I think "mingling" is a
 2 good way to describe what I'm asking about. Did you see
 3 anybody -- any other officers kind of mingling in the crowd
 4 that day, interacting one-on-one on the 30th?
 5 A. I didn't. I -- I didn't.
 6 Q. Okay. That mask that you had with you, that went
 7 up and down, the shield -- the helmet --
 8 A. Oh, yes. Yes.
 9 Q. -- did -- when that was down did it in any way
 10 affect your ability to aim that shotgun?
 11 A. I don't believe so, no.
 12 Q. Okay. Did you just kind of move it up and down
 13 throughout the day on and off?
 14 A. Yeah. It -- as I -- as I said before it was -- it
 15 was really hot that day and -- and when the -- when the
 16 shield was down it was a little bit more difficult to like
 17 wipe the sweat and stuff out of your eyes. So I was
 18 constantly popping up and -- and stuff like that.
 19 Q. Okay.
 20 MS. JOSEPH: Why don't we take ten minutes
 21 and I think this will be the last break that I need to ask
 22 for. And I'll be able to wrap it up on our next go around.
 23 Does that work for everyone?
 24 THE WITNESS: Yes.
 25 MR. LAIRD: Yes.

Page 130

1 VIDEOGRAPHER: We're going off the record.
 2 The time is 1:46 p.m.
 3 (Recess was taken.)
 4 VIDEOGRAPHER: We are back on the record,
 5 it's 1:57 p.m.
 6 Q. (BY MS. JOSEPH) Officer Wright, we're back after
 7 another break. I'm glad to see you got some water.
 8 A. Thank you.
 9 Q. I'm going to ask you a few kind of random
 10 questions just picking up some pieces that I didn't get to
 11 here. So don't try to make them all go together because
 12 they may not.
 13 A. Okay.
 14 Q. Have you ever found yourself in a position where
 15 the use of deadly force was warranted or justified as an APD
 16 officer?
 17 MR. LAIRD: And, Leigh, I want to make sure I
 18 understand. You're -- are -- you're not limiting to him
 19 using deadly force? I mean ...
 20 Q. (BY MS. JOSEPH) Yeah, you may not have made the
 21 choice to use deadly force after fully analyzing the
 22 circumstances. But as an APD officer, have you encountered
 23 a scenario where it felt like it was something that could be
 24 done?
 25 A. Yes. Would you like me to elaborate on that?

Page 131

1 Q. Yes, please.
 2 A. Okay. The first one that comes to mind is, we
 3 went to a Super 8 in the sector that I work in, in Ida off
 4 the 35 service road southbound for a check welfare
 5 [verbatim]. For somebody who had made some suicidal
 6 ideations. And then just kind of stopped responding to
 7 people.
 8 So we went to the hotel room. It was a
 9 bottom floor hotel room on the south side. So -- well, it
 10 was north-facing on the south side of the building. And we
 11 knocked on the door multiple times, announced ourselves, and
 12 nobody came to the door. Because we didn't have any sort of
 13 exigency because no plan or method or anything like that
 14 was -- was mentioned, we -- we did not have the exigency
 15 to -- to breach the room.
 16 And so we decided to walk away. As we were
 17 walking away I heard the door latch. I turned around and
 18 the gentleman that we were there to check on comes out of
 19 the hotel room holding a steak knife. I drew my service
 20 weapon and actively targeted him and ordered him to drop the
 21 knife. And he -- he dropped the knife fairly quickly, but
 22 it was a long enough hesitation because he was looking at my
 23 partner not at me that when he turned to look at me he was
 24 holding the knife. And then pause, drop.
 25 I felt in that moment that I was justified in

Page 132

1 using deadly force because of the distance that I was away
 2 from the individual and how quickly somebody can close that
 3 distance with an edge weapon. However, whether it be
 4 consciously or subconsciously I chose not to fire because --
 5 I don't know if it was because of maybe how much of his body
 6 was still in the hotel room or you know, how -- or -- or
 7 the -- the look on his -- on his face or what his reactions
 8 were. But I -- I chose not to fire at that time.
 9 And it was the -- it was the correct
 10 decision. I believe that had I fired, it would've been a
 11 justifiable use of deadly force, but thankfully everything
 12 worked out.
 13 The second incident that vividly comes to
 14 mind was an incident where we had simultaneous calls at a
 15 residence. One was a crash. One was a possible burglary in
 16 progress. And one of the other responding officers was a
 17 gentleman on my shift. The other one was a gentleman on my
 18 sister-shift. And they determined that because of the time
 19 in which both calls happened and where they were that
 20 possibly they were related.
 21 And what ended up happening is a male --
 22 excuse me -- a male crashed his vehicle into the back of a
 23 residence and climbed in through the window. And took a
 24 mother and her son, who I believe was either eight or ten
 25 years old, as hostages. When the officers arrived on scene

Page 133

1 they made contact for the burglary first because as they saw
 2 the crash, nobody was by the vehicle. So they made contact
 3 at the residence.
 4 And if I remember correctly, they could hear
 5 multiple voices. When the females that called in said that
 6 she and her -- she was the only one home. So because they
 7 heard multiple voices they -- and -- and one of them sounded
 8 to be in distress, they kicked the door open. And as they
 9 entered the residence, the gentleman that climbed in through
 10 the window fired a modified fully-automatic GLOCK 9-mm at my
 11 shift partner and my sister-shift's partner.
 12 Later on we found out that one of those
 13 rounds struck my sister-shift partner in the gun belt.
 14 Specifically, on the Taser. Officers returned fire, but did
 15 not hit him and exited the residence. A few minutes later
 16 that man came out with a gun to that ten -- or that eight or
 17 ten year-old boy's head.
 18 It initiated a SWAT call out. I was the
 19 second or third officer on scene. And I took up a
 20 side/front containment on that residence. And all I had was
 21 my shotgun -- my -- my lethal shotgun and my pistol. I was
 22 maybe 30 yards away. And I observed this man come out
 23 holding a gun to this child's head.
 24 I -- at that moment I knew that I could use
 25 deadly force. However, the tools that I had at the time

Page 134

1 were not appropriate for that type of engagement. It was a
 2 very long pistol shot that I could not guarantee would not
 3 hurt the child and the shotgun was impractical because of
 4 the manner of shotgun shooting out multiple projectiles.
 5 Had I had a rifle there is a very high likelihood that I
 6 would have taken an open shot if I had it and used deadly
 7 force against that person.
 8 Later on in that incident that is exactly
 9 what happened with one of our SWAT snipers. And he -- that
 10 person was pronounced deceased and we saved that child and
 11 mother and -- I can't remember which one it was. So, yes.
 12 Q. Thank you for describing those two incidences to
 13 me. It sounds like based on your answer to my previous
 14 question that you have not actually implemented deadly force
 15 in the conduct of your duties at APD.
 16 A. No, ma'am.
 17 Q. Is that --
 18 A. I'm sorry. I -- I -- I might have misheard your
 19 question. I apologize.
 20 Q. No. You answered the right question. I was just
 21 asking a follow-up. Yeah. Have you ever shot someone with
 22 a firearm?
 23 A. No, ma'am.
 24 Q. Whether in the military or not? No? Okay.
 25 A. Well, kind of back to what we said earlier. So

Page 135

1 the less-lethal shotgun is a firearm, but it is designed
 2 so -- I -- I just don't want to be -- I just don't want it
 3 to seem like I'm -- I'm lying or anything like that. So
 4 with a --
 5 Q. Mm-hmm.
 6 A. -- deadly firearm with a bullet projectile, no. I
 7 have not.
 8 Q. Okay. And then the follow-up question, have you
 9 ever impacted other than as part of the -- what I'm going to
 10 call the Geor -- George Floyd protest here in Austin -- have
 11 you ever impacted an individual with a beanbag round? And I
 12 think you know what I mean when I say the George Floyd
 13 protests?
 14 A. Yeah, yeah. No, absolutely. I -- I -- I don't
 15 think so. I believe that the George Floyd protest the first
 16 day was the first time and the only times that I have
 17 impacted someone with a less-lethal shotgun.
 18 Q. As part of your training and using those weapons,
 19 I'm assuming you fired them. Tell me kind of what that
 20 training was like. What were you targeting and -- and how
 21 did that go when you were learning to use those weapons --
 22 the less-lethals?
 23 A. So for the less-lethal weapons they go through a
 24 quick distance verification. What is the closest distance
 25 you can shoot. And what is the suggested longest distance

Page 136

1 that you should shoot.
 2 Q. Mm-hmm.
 3 A. Before it becomes really ineffective.
 4 Q. Mm-hmm.
 5 A. And then kind of a brief you know -- as you get
 6 further because it's a heavy -- a heavy projectile it will
 7 start to drop and stuff like that. So you do have to adjust
 8 your aim for things like that. And then we are handed a --
 9 if I remember correctly -- we were handed a less-lethal
 10 shotgun which is always got orange furnishings.
 11 So an orange front stock and an orange rear
 12 stock. And we are given two rounds. We will fire the first
 13 round from a specified distance that is slightly farther
 14 away. And aim for a green zone while you know, yelling the
 15 words "impacting." And then we will move closer to the
 16 target and do the same thing, yell impacting and fire at a
 17 green portion of the -- the rubber mat. And it's just a
 18 rubber mat that's hanging with a -- a silhouette painted
 19 with the different colors.
 20 Q. Okay. So before the George Floyd protest it
 21 sounds like you had discharged one of these so-called
 22 less-lethal shotguns twice in your life?
 23 A. I think that we did it a few extra times in the
 24 Academy, but I -- I can't remember.
 25 Q. Okay.

Page 137

1 A. But as far as the less leas -- sorry --
 2 less-lethal shotgun goes before the George Floyd riots, I
 3 would say no more than ten rounds.
 4 Q. Okay. I asked you about impacting others I'm
 5 going to ask about yourself now. Have you ever been shot
 6 with a -- a bullet from a firearm?
 7 A. No, ma'am.
 8 Q. And have you ever been personally impacted by a
 9 beanbag round?
 10 A. No, ma'am.
 11 Q. Okay. I said I was going to be jumping around.
 12 So now changing gears.
 13 A. Absolutely.
 14 Q. How many times has -- have you received a written
 15 performance review as part of your employment with APD?
 16 A. I -- I think it's only been twice because of the
 17 way my employment timeline lined up. My first year was when
 18 I was in training so I don't believe that I got one for
 19 that -- I might have. So maybe three.
 20 And then yeah my second year and then my
 21 third year. And I haven't received my fourth year, 'cause
 22 God I want to say I've only signed two. One from Serrato
 23 and one from Leyva. I don't think I had one from Francois.
 24 So I -- I think it's only two.
 25 Just because of the way where -- the way my

Justin Wright

July 21, 2023
 Pages 138 to 141

Page 138

1 employment lined up, I think they're in done in like July or
 2 August or something like that. And I hadn't been -- I
 3 think -- I think that was it -- the first one. I hadn't
 4 been observed long enough to -- you know, I'd only been solo
 5 for like a month or something like that and so --
 6 Q. Mm-hmm.
 7 A. It wasn't -- it wasn't done. I think.
 8 Q. So '18 probably wasn't done. 2023 probably isn't
 9 done yet. But then I have --
 10 A. Yes. So '18 definitely was not done because I was
 11 in the Academy.
 12 Q. Uh-huh. Okay.
 13 A. I don't think that '19 was done because by the
 14 time I hit street --
 15 Q. Okay.
 16 A. -- either that time had already passed or I hadn't
 17 been observed long enough for the evaluation to be fair.
 18 So --
 19 Q. Okay.
 20 A. -- I should have got one '20, '21, and '22. Maybe
 21 I did get three. We'll say three. I don't know.
 22 Q. Okay. Two or three. Maybe one was missed in
 23 there. But --
 24 A. Yeah.
 25 Q. Okay. And your expectation is that they're

Page 139

1 annual?
 2 A. Yes.
 3 Q. Okay. Have there been any like -- I don't want to
 4 use the word reprimand 'cause I know that's like a formal
 5 process within APD.
 6 A. Sure.
 7 Q. Has there been any sort of like deficiency that
 8 they've told you to work on in those evaluations?
 9 A. No. I -- I've -- I've never been given anything
 10 that would -- I've never been given anything less than a
 11 like meets standards of -- of the standard officer, or
 12 however, they --
 13 Q. Mm-hmm.
 14 A. -- they describe it. There was you know, one or
 15 two things that aren't observed obviously like, I'm not in a
 16 leadership position. So you know -- you know although some
 17 leadership skills are observed you know, like taking command
 18 of their -- you know, like that sort of stuff. That shows
 19 as not observed.
 20 But so everything is either --
 21 Q. Okay.
 22 A. -- above average or essentially where -- where the
 23 standard officer is.
 24 Q. Okay. I'm going to try to speed up because I'm
 25 taking so much of your time. So I'm going to start talking

Page 140

1 a little faster. I've got it in my mind I want to get you
 2 out of here.
 3 A. You take as much time as you need. It's fine.
 4 Q. And -- and thank you for that. Do you have --
 5 aside from anything related to the George Floyd protest and
 6 then we'll talk about that separately, do you have any
 7 history with IA or SIU?
 8 A. I had -- I've one instance with internal affairs.
 9 It was when I was on FTO. When I was -- when I was being
 10 trained by my field training officer and I was PPO.
 11 Q. Mm-hmm.
 12 A. We responded to a situation where somebody called
 13 in and stated they had been assaulted at a gas station. We
 14 arrived on scene. I interviewed the man. I called EMS out
 15 for him and once EMS got there, he's like, "I -- I don't
 16 want do anything. I don't want to press charges. I just --
 17 I just want EMS."
 18 And so I was like okay. And then I noticed
 19 that two of the other officers that responded with us had
 20 like walked away. And then so I -- I let the -- not that I
 21 was holding the gentleman, but the gentleman that we were
 22 talking to left in the -- in the ambulance. And the next
 23 thing I know, the two officers from my shift that had walked
 24 away were walking back with an individual in handcuffs. And
 25 I don't remember exactly what the charge was that -- he

Page 141

1 ended up being arrested that night and we brought his car
 2 over.
 3 They towed his car and they asked me to do
 4 the tow sheet. The administrative form that says the Austin
 5 Police Department towed your vehicle. This is what we found
 6 in it. This is what we found in it. This is the condition
 7 it was in. And you know, it's -- it's basically a receipt
 8 saying that the Austin Police Department towed your vehicle
 9 and where it went, right?
 10 So I -- while I was filling out that tow
 11 sheet, because I was so new I was kind of slow at it so
 12 other officers did the inventory of the vehicle. And so
 13 when I started doing it for myself, the -- I was told hey
 14 that's already done. And I was like okay. Well, what did
 15 we -- like what -- did we find anything? And I was told to
 16 write, "nothing of intrinsic value was found in the
 17 vehicle." Right?
 18 Q. Mm-hmm.
 19 A. So I wrote that on the tow sheet and I submitted
 20 it. That gentleman later complained that we illegally towed
 21 his car and that he was illegally arrested and he filed a
 22 complaint with the OPO who turned it over to IA. IA
 23 investigated me for improperly filling out the tow sheet
 24 because basically what they send was nowhere in policy does
 25 it say something has to have an intrinsic value to be

Justin Wright

July 21, 2023
Pages 142 to 145

Page 142

1 documented on the tow sheet.
 2 Q. Hmm.
 3 A. So you need -- you need to document everything
 4 that -- that you found in the car. And I was like, oh, like
 5 okay. You know, absolutely. And so it didn't result in any
 6 sort of discipline. It was more just an investigation into
 7 the other things they found that I technically had violated
 8 a minor policy so we had a discussion about it. And then as
 9 far as I know, it was completely cleared up with no
 10 disciplinary action other than just a -- maybe an oral --
 11 just an oral conversation with my Sergeant about you know,
 12 just -- just make sure you just document things slightly
 13 better.
 14 Q. Okay. And were you disciplined at all with
 15 respect to your actions during the George Floyd protest?
 16 A. No, ma'am.
 17 Q. Okay. And I know we said that we both know what I
 18 mean when I say that. That I'm talking about the protest
 19 events surrounding the May 30th, 2020. The days before and
 20 the days after.
 21 There are a couple of places within the
 22 documentation of those protests that I see remarks like
 23 people were throwing things, intending to hurt officers.
 24 And I want to talk to you about intent for a second. Are
 25 you able to tell in the moment when you're up there on the

Page 143

1 overpass what someone's mental intention is?
 2 A. I'm unable to tell what somebody's mental
 3 intention is. What I -- what I believe is that a reasonable
 4 person would say that if you throw an object at a person,
 5 even if it's a small object, you are intending to -- if --
 6 if there's not an agreement to play catch you are intending
 7 to hit them with it. And therefore at least annoy or harass
 8 them with throwing that object. And possibly even cause
 9 pain.
 10 So I mean bodily injury is any pain at all.
 11 But you know, when I'm seeing rocks thrown at people, the
 12 only time you throw rocks at people is to intentionally hurt
 13 them. The only time you throw fireworks at people you know,
 14 is to intentionally hurt them. Unless there is a prior
 15 agreement that we're going to shoot fireworks at each other.
 16 Q. It's my understanding that after these events
 17 occur you -- you guys -- you APD officers were instructed
 18 not to follow the standard written policy on response to
 19 resistance reports, but to do something different; is that
 20 correct?
 21 A. Yes, ma'am.
 22 Q. Could you kind of tell me what the difference is
 23 in what the policy would have required and what you were
 24 instructed to do?
 25 A. Yes. So essentially -- sorry, let me start over.

Page 144

1 So policy states that for every response to resistance
 2 they're certain things that need to be done. You need to
 3 contact a supervisor. You need to contact EMS for the
 4 person that was involved in a response to resistance.
 5 Things like we're required to take pictures of that person
 6 and ourselves. And anybody who was involved in the response
 7 to resistance.
 8 A -- what's called details page in our report
 9 writing system is to be completed for every individual that
 10 is involved in a response to resistance. And then we're
 11 supposed to be interviewed by that supervisor. Whether --
 12 sometimes it's on the phone. Sometimes depending on the
 13 severity of the response to resistance they will come out
 14 and interview us in-person. And then we are to write a
 15 detailed, either a report or supplement based on the call
 16 for service or whatever needed to be reported and that
 17 response to resistance.
 18 The way that I understand it is that this was
 19 such an unprecedented event that the department did not have
 20 the resources to be able to do that. So it would have been
 21 impossible to every time I impacted or attempted to impact
 22 somebody to stop, call a supervisor, have the supervisor
 23 come out, pull me off the line, interview me, take pictures
 24 of everybody that witnessed it, take pic -- you know, talk
 25 to everybody that witnessed it, try to talk to the person

Page 145

1 that was impacted or almost impacted, coordinate getting EMS
 2 to them.
 3 We -- we weren't able to do those things
 4 because we were so overwhelmed with the crowd control and
 5 trying to maintain as much of a -- a peaceful assemblance as
 6 possible. So at the end of the night, I don't remember if
 7 it was broadcast over the radio or if it was given to
 8 individual supervisors who just went around telling anybody
 9 that they could see, it was if had you had a response to
 10 resistance, write a supplement of roughly where you were and
 11 what you did. If you fired your less-lethal, roughly how
 12 many rounds you fired. And submit that under the case
 13 number that you were given.
 14 So that was the -- that was the first
 15 directive. After that it -- it became more detailed as we
 16 had the time, as we had the manpower to go through each one
 17 of these instances, it -- we were required to go back, watch
 18 every second of our video, and do a detailed supplement of
 19 everything that we did.
 20 So that's why I have multiple supplements.
 21 So my first one is very generic, very vague. And then I was
 22 told, hey, that's not quite enough, go back in and add a
 23 little bit more. Okay, that's fine, I'll go add a little
 24 bit more detail. And then, hey, give me another one, and we
 25 need more detail. And then, hey, give me another one, we

Page 146

1 need -- and then it was just, hey, minute by minute, go
 2 through tell -- you know, anytime you took any sort of
 3 police action, I want it timestamped. I want it you know,
 4 documented.
 5 And so that's to the best of my ability is --
 6 is -- is what I did. And that all went to a -- I don't
 7 remember what they call it. But it went to a -- a group of
 8 supervisors who went through each one of them and determined
 9 if it needed to go -- if -- if it was justified. If it was
 10 within policy and -- or if it needed to be locked at by A --
 11 sorry -- by IA. Or if it needed to be looked at by SIU.
 12 Q. Okay. Do you know a former APD officer named
 13 Michael Harris?
 14 A. I don't -- I don't think so.
 15 Q. Okay. I wondered if by any chance he might have
 16 been the guy standing to your right in the body cam we
 17 watched. But you don't know?
 18 A. I -- I don't know and I -- I'll be honest, I'm --
 19 I'm really, really bad with names. So I --
 20 Q. Okay.
 21 A. -- I don't know.
 22 Q. I Googled you.
 23 A. Oh, no.
 24 Q. And --
 25 A. That's terrifying.

Page 147

1 Q. I think you're on the Board of Directors of the
 2 APAPAC; is that correct?
 3 A. Yes. I'm -- I'm part of the Political Action
 4 Committee for the Austin Police Department.
 5 Q. Okay. And as -- what is the kind of main
 6 objective of that group?
 7 A. So the main objective of the Political Action
 8 Committee is to represent the Austin Police Department
 9 during legislative sessions and during different city and
 10 state elections so that we as a police department can have
 11 representation at the state level, at the city level you
 12 know. And that we have -- we have help to you know, keep
 13 the -- you know, a lot of the -- the safety -- the safeties
 14 that are built into our job.
 15 So for instance this last legislative session
 16 there was talk that people wanted to make us at-will
 17 employees to the mayor. And so we as the PAC worked with
 18 legislators at the state level to try and help pass a law
 19 that would protect us from becoming at-will employees to the
 20 mayor and the city manager so that it wouldn't be one of
 21 those things where you know, one of our officers -- and I'm
 22 not saying our mayor would do this, that's not what I'm say.
 23 But you know, as an example you know, somebody sees a
 24 speeding car, pulls it over and it happens to be the mayor
 25 and the mayor just goes, well, you know what, after today

Page 148

1 you're fired.
 2 Q. Yeah.
 3 A. You know so it was it's -- it's -- it's those
 4 sorts of protections. I'm still fairly new to it. I've --
 5 I've been on it for about a year. And a lot of -- most of
 6 the stuff we've done is, hey, this person is running for the
 7 Williamson County you know, County Commissioner and he wants
 8 you know, he wants our support and stuff like that.
 9 Or you know, different city council members
 10 who are -- who are running for position you know, and
 11 it's -- it's well, you know, do you support the police? And
 12 if you do then we absolutely would love to -- love to you
 13 know, throw our support to you. And stuff like that.
 14 Q. Mm-hmm. Okay. How did you obtain your position
 15 on the board. Were you voted in? Was it just you
 16 volunteered and -- and you got it? How does that work?
 17 A. I was -- I was suggested to the position by a
 18 commander who has since retired from APD. His name is
 19 Commander Don -- or he was Commander Donald Baker. His wife
 20 was actually my -- my parents' realtor and so through that
 21 we -- we had many off-duty chats where he realized that I
 22 had you know, some level of interest in politics, but also
 23 some level -- a much higher level of interest in, you know,
 24 making sure that my career here at the Austin Police
 25 Department was productive, and you know, protective.

Page 149

1 And so he actually asked me if I would like
 2 to join. And I put him off for about a year because I
 3 didn't think that somebody so new should be, you know,
 4 representing like that. And he finally convinced me to
 5 join. And you know, he said, you know, just -- just be a
 6 part of it so you can learn what it's about. And you can
 7 learn how all of this stuff works. And then, you know, as
 8 time goes by you can get as active as you want to be. Or if
 9 you don't like it you can leave. But not like in a mean
 10 way.
 11 Q. So you got involved and then is there kind of a
 12 vote for board? Or is it just people volunteer and they're
 13 on it?
 14 A. Yes. So a name is suggested by a member. If
 15 there's an opening and the board votes yay or nay -- if that
 16 person should be allowed to -- to come in.
 17 Q. Okay. I'm going to ask you a series of questions
 18 that I think can be kind of quick yes or no questions. If
 19 you feel like you need to elaborate, I'm not going to stop,
 20 but hopefully they'll be kind of quick.
 21 Is -- does APD strive through its policies to
 22 keep the public safe?
 23 A. Yes.
 24 Q. Does APD strive through its policies to protect
 25 its officers?

<p style="text-align: right;">Page 150</p> <p>1 A. Yes.</p> <p>2 Q. Okay. Now this one is not a yes or no. Is there</p> <p>3 any indication within policy -- if it's one or the other, an</p> <p>4 officer or a layperson citizen, who you're supposed to</p> <p>5 choose?</p> <p>6 MR. LAIRD: Object to the form, but you can</p> <p>7 answer.</p> <p>8 THE WITNESS: I -- I don't believe that there</p> <p>9 is any policy or -- I -- I don't believe that there's</p> <p>10 anything that is -- is determinant on you know, you have to</p> <p>11 choose one or the other.</p> <p>12 Q. Okay.</p> <p>13 A. I think in those situations, intensive</p> <p>14 investigations are done to see who was in the right and who</p> <p>15 was in the wrong. And the outcomes have varied throughout</p> <p>16 the last couple years.</p> <p>17 Q. Okay.</p> <p>18 A. We've had a couple of officers who have</p> <p>19 overstepped and they have been fired or they have left.</p> <p>20 Q. Okay. Back to the kind of yes or no. Is it APD</p> <p>21 policy to strive to protect the Constitution and the</p> <p>22 amendments thereto?</p> <p>23 A. Yes.</p> <p>24 Q. And would that include the exercise of First</p> <p>25 Amendment rights?</p>	<p style="text-align: right;">Page 152</p> <p>1 Congress Bridge and they're walking up and down the bridge</p> <p>2 with a knife in their hand. And you know, as people walk by</p> <p>3 there you know -- kind of chasing them and -- and kind of</p> <p>4 like lunging the knife at them, right?</p> <p>5 Q. Mm-hmm.</p> <p>6 A. So theoretically, black-and-white you know, we --</p> <p>7 we have the ability to shoot that person. Right?</p> <p>8 Q. Mm-hmm.</p> <p>9 A. They're -- they're actively trying to hurt and</p> <p>10 possibly kill people. But that's not our first step.</p> <p>11 Our -- our first step is to try to and gain compliance. So</p> <p>12 we're, you know, we're going to be at a standoff distance</p> <p>13 with something in-between us. And we're going to ask, you</p> <p>14 know, we're -- we're gonna tell you to put that weapon down.</p> <p>15 If that weapon isn't put down then if it is</p> <p>16 available our next step is to try, if we -- again, if it's</p> <p>17 available, all of these -- also keep in mind, all of these</p> <p>18 situations are fluid. So they -- I'm not saying this is how</p> <p>19 it's going go every time, right?</p> <p>20 Q. Okay. Mm-hmm.</p> <p>21 A. The next step we can use is using that less-lethal</p> <p>22 shotgun to fire a beanbag round at the person to inflict</p> <p>23 pain as a means to try to get them to stop that behavior,</p> <p>24 drop that weapon, so that we can then approach and arrest</p> <p>25 them without taking it to a lethal level.</p>
<p style="text-align: right;">Page 151</p> <p>1 A. Yes.</p> <p>2 Q. And would that include ex -- the Fourth Amendment</p> <p>3 right to be free from excessive force?</p> <p>4 A. Yes.</p> <p>5 Q. All right. Walk me through your analysis as an</p> <p>6 Austin Police Department officer holding a shotgun equipped</p> <p>7 with beanbag rounds of whether to fire. I know that -- I</p> <p>8 know what the directive was or the order was. You told me</p> <p>9 about that. But what other questions do you need to ask in</p> <p>10 your mind you know, to go through your analysis of whether</p> <p>11 to fire that weapon?</p> <p>12 A. Are we -- and I -- just as point of clarification,</p> <p>13 are we asking in general or are we asking specifically for</p> <p>14 the events that happened on the 30th?</p> <p>15 Q. If there's a difference, I'll will ask for both.</p> <p>16 So why don't you tell me in general first?</p> <p>17 A. So in general -- so the less-lethal shotgun is</p> <p>18 what is considered a pain compliance tool, right?</p> <p>19 Q. Mm-hmm.</p> <p>20 A. It is -- it is a standoff weapon. A standoff</p> <p>21 weapon system that is used to try to gain compliance through</p> <p>22 pain. And that sounds archaic and barbaric, but so the idea</p> <p>23 is, is that it is the -- the -- if somebody is putting us,</p> <p>24 themselves, or somebody else in danger, say they have a</p> <p>25 weapon. Right? Say we've got somebody right here on the</p>	<p style="text-align: right;">Page 153</p> <p>1 Q. Mm-hmm.</p> <p>2 A. Right? It is often used in the unknown. So if we</p> <p>3 don't know if the person has a weapon or not, but were -- we</p> <p>4 suspect that the person has a weapon. It is unsafe for us</p> <p>5 to move forward and go hands-on. So use the standoff weapon</p> <p>6 and if the -- the orders are not -- the orders that we're</p> <p>7 giving these people are not -- these individuals are not</p> <p>8 complied with, then our next step is if we're close enough</p> <p>9 to possibly use a Taser or to use a kinetic impact device or</p> <p>10 the less-lethal shotgun. It is mainly to prevent us not</p> <p>11 using deadly force.</p> <p>12 Q. Mm-hmm. Mm-hmm, okay.</p> <p>13 A. But --</p> <p>14 Q. It does sound like that's different from kind of</p> <p>15 the process engaged in on May 30th? Is --</p> <p>16 A. Slightly.</p> <p>17 Q. -- were there some differences?</p> <p>18 A. Yes. So one of the issues that we ran into during</p> <p>19 the George Floyd riots is that we had such a large</p> <p>20 accumulation of people who were showing hostilities toward</p> <p>21 us. Even the ones that weren't necessarily throwing stuff,</p> <p>22 you know.</p> <p>23 Q. Mm-hmm.</p> <p>24 A. The aggressiveness in which they are screaming,</p> <p>25 and shouting, and pushing against us made it very difficult</p>

Justin Wright

July 21, 2023
 Pages 154 to 157

<p style="text-align: right;">Page 154</p> <p>1 to coordinate, you know, doing arrest teams and arresting 2 individual agitators. So at a standard, peaceful, lawful 3 protest that somebody sets up, you know, SRT will go out 4 there and they will have teams, different types of teams set 5 up. You know you'll have your containment teams, you'll 6 have your arrest teams and stuff like that. And the idea 7 is -- is you guys can scream and shout and -- and -- and let 8 your voices be heard. Let your message be heard. Right? 9 However, due to the mob mentality we can't 10 allow agitators to -- to cause people to start taking that 11 to the next level. So as soon as we see that in a standard 12 situation when it comes to protests and stuff like that, we 13 engage an arrest team. Where the frontline will break open 14 and four or five officers will -- they will signal -- they 15 will all communicate which person is the agitator. 16 They will enter the crowd as a group to 17 protect each other with two extra officers in the middle. 18 And that will be their -- their hands-on people. They will 19 surround that agitator, place them in handcuffs and remove 20 them from the crowd. So that they don't intentionally stir 21 that crowd up into doing something that the crowd doesn't 22 necessarily want to do, but psychology and history has shown 23 us that agitators can turn peaceful crowds violent, right? 24 Even if it's just causing enough fear that they stampede 25 each other, right?</p>	<p style="text-align: right;">Page 156</p> <p>1 thousands of rocks littering the 35 and we have water 2 bottles, and we have fireworks, and we have all of these 3 things going on at once, and then you have these agitators 4 that are constantly moving from little group to little group 5 so that even if we did start chasing after them, pretty soon 6 we're going to be so far away from our own people that we 7 are in a dangerous position. And then it leads us into even 8 more dangerous position because now, say it was me, I'm 9 alone and I'm suddenly surrounded. And these people start 10 hurting me, right? Am I justified in just -- starting and 11 shooting them? No, but I also have the right to protect 12 myself, right? 13 So we get into this really, really scary gray 14 area where you know, it -- it's -- it becomes so volatile 15 that too many mistakes can be made, right? And so that's 16 why we have to work as a team. That's why we -- we normally 17 have everything set up in these arrest teams and in these -- 18 these -- these proven SRT methods to remove the agitators 19 while still allowing people to exercise all of their rights. 20 Right? 21 These George Floyd riots happened and it 22 was -- it was unprecedented for us. We -- we couldn't form 23 those teams. We didn't have the people. We didn't have -- 24 it was so spread out. It was -- it -- there -- there was no 25 way to safely try to effect arrests. So it was decided by</p>
<p style="text-align: right;">Page 155</p> <p>1 So that is what's done normally. Because we 2 couldn't do that, because this was so large and because it 3 was so -- what's the word I'm looking for? So -- not 4 volatile. Complex. We couldn't form arrest teams. There 5 was -- at the beginning there were so many agitators that 6 we -- we couldn't wade into these crowds and arrest these 7 individuals. We can't go after -- you know, we can't 8 individually run after these people. 9 Through past mistakes made by officers not 10 just here, but around the country and even around the world, 11 we have seen that when you have a crowd that is already 12 upset at you and an individual officer tries to wade through 13 the crowd to arrest a singular individual, they become the 14 ones that is -- the one that is surrounded. And it just 15 takes one person to start some sort of physical altercation 16 and everybody begins that physical alteration. And now that 17 officer is in danger of getting severely hurt or losing his 18 life. 19 And that's why we do it in that group 20 setting. So that we can protect those internal officers 21 with that slight perimeter around them. Slightly pushing 22 people back. And then bringing everybody back at that same 23 time and then just allowing the crowd to go back to what 24 they were doing without that -- that individual agitator. 25 When we have so many agitators that we have</p>	<p style="text-align: right;">Page 157</p> <p>1 our chain of command that the only way to proceed was to try 2 and deter the agitative behavior by using standoff 3 less-lethal weapons. 4 And as the night went on the -- the agitators 5 lessened. They were still there the entire time, but it 6 wasn't -- it wasn't anything like in the beginning. 7 Q. Do you think -- do you think it's accurate to say 8 that APD was not ready for a situation like this? 9 MR. LAIRD: Object to the form. 10 THE WITNESS: I -- I can't -- I can't 11 personally speak for the department, right? I can say that 12 it didn't seem like it. 13 Q. Mm-hmm. 14 A. Okay. Whether they were or they weren't, I can't 15 say. What I can say is, from a person on the ground, it 16 seemed like we were behind the curve. 17 Q. Mm-hmm. 18 A. That is my personal opinion. And it is also the 19 personal opinion of somebody who had -- has zero control 20 over that. 21 Q. Sure. Sure. Have policies on crowd control and 22 use of force changed since the George Floyd protest? 23 A. Yes. 24 Q. And I can look -- I can compare the written 25 documents, but I'll ask you just kind of general like -- can</p>

Justin Wright

July 21, 2023
Pages 158 to 161

Page 158

1 you give me some general areas in which changes were made?
 2 A. Yeah. So I don't remember which day, but whether
 3 it was a day or two after the 30th, the -- they -- they
 4 changed how they wanted us to engage people with less-lethal
 5 weapons. I want to say they had designated people in
 6 designated places with those weapon systems. I believe that
 7 the ability to use crowd dispersion devices, such as smoke
 8 and gas, was taken away from SRT and was given strictly to
 9 SWAT.
 10 Q. Mm-hmm.
 11 A. And they were the only ones that could deploy
 12 those types of crowd control measures, if I remember
 13 correctly.
 14 Q. Mm-hmm.
 15 A. And then I think even after that that was further
 16 taken away to where we could not engage in any of those
 17 things. And that's -- that's when DPS troopers came in and
 18 began assisting us. Because we -- we suddenly really
 19 couldn't do anything to try and stop agitative behavior, if
 20 it got out of hand.
 21 Q. It sounds like that was an attempt to reduce the
 22 usage of the so-called less-lethals and the gas. Is that
 23 what you understood that change to be? An attempt to kind
 24 of reduce the use?
 25 A. I don't -- I don't know if it was an attempt by

Page 159

1 the department to reduce the use. Or if -- I know that the
 2 city council got involved. And I -- I believe that they
 3 made some directives that forced us to change certain
 4 policies and -- and the way that we did things.
 5 Q. Mm-hmm.
 6 A. So I don't know if that was a result of the
 7 department necessarily wanting things to change or the
 8 department being forced to changed -- sorry -- forced to
 9 change by things that the city council enacted.
 10 Q. Okay. I have to tried to be thorough, Officer
 11 Wright, but have I failed to ask you about anything that you
 12 think is important with regard to what happened out there on
 13 May 30th, 2020, that you -- you think should be known or
 14 should be considered?
 15 A. I don't -- I don't think so, no.
 16 Q. Okay. Have you understood all of my questions
 17 today? Or if not asked me to clarify and gotten to the
 18 point where you understood?
 19 A. I believe so.
 20 MS. JOSEPH: Okay. All right. I'll -- I'll
 21 pass the witness.
 22 MR. LAIRD: And we'll reserve our questions
 23 until the time of trial. We -- we will want to read and
 24 sign. And then I also wanted to see, Ms. Walters, if we
 25 could get an expedited copy of the transcript. And --

Page 160

1 COURT REPORTER: Okay. Go ahead.
 2 MR. LAIRD: And -- and I also will need to
 3 order a copy of the video as well.
 4 COURT REPORTER: Okay. So you would like a
 5 copy of the transcript and video, a read and sign, and you
 6 want to see about possibly getting this expedited.
 7 MR. LAIRD: Yes, that'd be great, if we can.
 8 COURT REPORTER: Do -- do you have an idea of
 9 how soon -- how quickly -- if you it were up to you -- and
 10 then I'll tell you if I can pull that off.
 11 MR. LAIRD: Maybe --
 12 VIDEOGRAPHER: Pardon the interruption, maybe
 13 we should go off the record here. It's the videographer.
 14 Is that okay with everyone.
 15 MR. LAIRD: Yes.
 16 VIDEOGRAPHER: All right. So the time is
 17 2:47 p.m. and we're off the record.

1 VIDEO OPERATOR: We are now on the record. This
 2 begins media file No. 1 in the video deposition of Darrell
 3 Cantu-Harkless in the matter of Tyree Talley, et al., versus
 4 City of Austin, et al., in the United States District Court for
 5 the Western District of Texas, Austin Division, Case No.
 6 1:21-cv-249-RP.
 7 Today is Friday, July 14th, 2023, and the time
 8 is 10:09 a.m. This deposition is being taken remotely at the
 9 request of Hendler Flores Law, PLLC. The videographer is Nate
 10 Laningham with Magna Legal Services and the court reporter is
 11 Wendy Schreiber.
 12 Will Counsel please state their appearances and
 13 whom they represent.
 14 MR. DEMIK: Stephen Demik on behalf of Mr. Tyree
 15 Talley and Modesto Rodriguez. I'm here with my paralegal,
 16 Alexis Lopez, also present.
 17 MR. BARTON: And I'm Monte Barton on behalf of
 18 the defendant City of Austin representing Officer
 19 Cantu-Harkless in this deposition.
 20 THE REPORTER: Officer Harkless, could I get you
 21 to raise your right hand for me, please?
 22 In the deposition about to begin, do you swear
 23 to tell the truth, the whole truth, nothing but the truth so
 24 help you God?
 25 THE WITNESS: I do.

1 OFFICER DARRELL CANTU-HARKLESS,
 2 having been first duly sworn, testified as follows:
 3
 4 THE REPORTER: Thank you.
 5 You may begin.
 6 EXAMINATION
 7 Q. (BY MR. DEMIK) Thank you. Good morning, Officer.
 8 Is it all right if I call you Officer Cantu? Or how do people
 9 usually refer to you?
 10 A. Harkless is fine.
 11 Q. Harkless? Okay. I just want to make sure I get that
 12 right.
 13 So, Officer Harkless, we're taking your
 14 deposition today. Do you realize this deposition is the same
 15 as it would be in court as if you were giving live testimony
 16 before a judge or a jury?
 17 A. I missed that first part.
 18 Q. I'm sorry. I hope this fixes itself.
 19 Do you realize that this deposition being taken
 20 today it would be the same as testimony before a judge or a
 21 jury?
 22 A. I do.
 23 Q. Okay. And -- and it's important (audio distortion)
 24 -- I'm sorry. I will get this checked out.
 25 And if you understand the question or you can't

1 start discussing this case in particular?
 2 A. No.
 3 Q. Okay, great. If you do, just let me know. I'm happy
 4 to answer any questions or clarify if you need me to.
 5 Let me start or begin how long have you been
 6 with the police department there?
 7 A. I started out with Austin police Department in May
 8 2017 at the academy.
 9 Q. Okay. And what was your route to becoming a police
 10 officer?
 11 A. As far as education or?
 12 Q. Sure.
 13 A. Well, I'm from Austin, Texas. I went to Crockett
 14 High School. I went -- I graduated high school, went to
 15 Abilene Christian University. Received a bachelor's in
 16 criminal justice and minor in political science and in May of
 17 2017 I applied and started at the Austin Police Department's
 18 academy.
 19 Q. Okay. I forgot one thing, Officer Harkless. I'm
 20 sorry, I don't want to bounce around too much but can you tell
 21 me what you did to prepare for this deposition today?
 22 A. I just -- I spoke with counsel, Monte Barton, about
 23 my recollection of these events.
 24 Q. And did you review any materials?
 25 A. Yes.

1 hear a question that I'm asking, would you please let me know?
 2 A. Okay.
 3 THE REPORTER: Okay. I'm going to -- could we
 4 go off the record, please?
 5 VIDEO OPERATOR: Off the record at 10:12 a.m.
 6 (Recess taken from 10:12 a.m. from 10:18 a.m.)
 7 VIDEO OPERATOR: We're back on the video record.
 8 The time is 10:18 a.m.
 9 Q. (BY MR. DEMIK) Okay. All right. That should be
 10 better.
 11 Officer Harkless, can you hear me okay?
 12 A. Yes.
 13 Q. Okay, great. So I'll -- I'll just pick up where I
 14 started.
 15 So do you understand that the deposition is in
 16 lieu or could be in lieu of courtroom testimony before a judge
 17 or jury?
 18 A. Yes.
 19 Q. And -- and so it's just important for me if you don't
 20 understand my question, if you'd like me to clarify my
 21 question, please ask me. Otherwise I'm -- I'm just going to
 22 assume that you understand the question when you answer. Is
 23 that fair?
 24 A. Yes, I understand.
 25 Q. Okay. Do you have any questions before we sort of

1 Q. What did you review?
 2 A. Reports and supplements I've written -- personally
 3 written in regards to the protest and then the -- the
 4 complaints.
 5 Q. Okay. So the -- the court complaints, right?
 6 A. Uh-huh.
 7 Q. And I have I think one short -- very short narrative
 8 that I believe you wrote and then two what appears to be maybe,
 9 I don't know the terminology, use-of-force reports which just
 10 sort of have a list of unidentified individuals. Were there
 11 any other -- excuse me, were there any other reports that you
 12 reviewed?
 13 A. I believe the only reports I reviewed were the two
 14 that you mentioned and a use of force kind of packet written by
 15 a sergeant at the time.
 16 Q. Okay. When you say "packet," can you describe that
 17 in a little more detail for me?
 18 A. Yeah, they're called response-to-resistance packets
 19 completed by the supervisors whose sole responsibility is to
 20 review use-of-force incidents and determine if they are within
 21 law and policy.
 22 Q. Okay. All right. So the three reports that we've
 23 discussed, the use-of-force packet and the complaints, anything
 24 else that you reviewed or went through in preparing for the
 25 deposition?

Page 10

1 A. Not that -- no, not that I can recall right now.
 2 Q. Okay. All right. Now, let me -- I'll get back.
 3 So you went to the police academy in May 2017,
 4 right?
 5 A. Yes.
 6 Q. And where were you positioned after the academy?
 7 A. After I graduated I was assigned to Henry 500s until
 8 October -- October of 2018 and then I moved over to the Henry
 9 600s where -- where I since report -- where I still remain.
 10 Q. Can you -- can you explain to me what that means, the
 11 500s and 600s that you've just mentioned?
 12 A. Yeah, the -- the -- Henry is a -- is a sector -- a
 13 certain part of the City of Austin which is the eastern side of
 14 the (inaudible) area, and the 500s, 600s is an evening shift
 15 within -- within the Henry sector.
 16 Q. Okay. And -- so when were you assigned to the
 17 intersection that you mentioned, I think the 600s?
 18 A. I was -- I was assigned there October -- September,
 19 October of 2018.
 20 Q. Okay. And is that where you were stationed in May of
 21 2020?
 22 A. Yes.
 23 Q. Okay. So when you were stationed there in September,
 24 October of '18, then you were there through May '20 -- May of
 25 2020 when this happened?

Page 12

1 shift would start at sometime mid-afternoon. We were
 2 instructed to go to the Capitol to assist DPS with the protest
 3 outside of the Capitol. After that crowd moved along we were
 4 -- we were called to go to the proper of I-35 near our APD Main
 5 headquarters due to the protest taking over both the north and
 6 southbound proper of 35. We were instructed to clear out the
 7 protestors, getting them off the highway as we were -- you
 8 know, rocks, cones, bottles, fireworks, everything thrown at us
 9 clearing off the highway. That went on throughout the evening,
 10 throughout the night and ultimately the Henry 600s ended up on
 11 the overpass at nighttime -- in the even -- or, you know, late
 12 nighttime providing coverage and over watch for the officers at
 13 the main headquarters.
 14 Q. Okay. Can I break that down a little bit? So you
 15 reported to your shift in the mid-afternoon, right?
 16 A. Uh-huh.
 17 Q. And you were dispatched to the Capitol. Is that the
 18 first place where you were dispatched?
 19 A. Yes.
 20 Q. And can you tell me generally a little bit about that
 21 protest at the Capitol? What was that like?
 22 A. For the -- for the most part we were called there
 23 just to supplement DPS. Obviously, the Capitol was the main
 24 priority to protect for whatever reason. As far as I remember,
 25 that part was a protest, people exercising their rights,

Page 11

1 A. Yes.
 2 Q. Okay. So at the time -- so we're -- we're -- I am
 3 going to bounce around a little bit but -- but just so we're
 4 talking about May 20th -- or, excuse me, May 30th, 2020, what
 5 was your position and what were your duties generally, and then
 6 we'll -- we'll get a little more specific, at the police
 7 department?
 8 A. As far as the shift I was assigned to or what was I
 9 doing that -- the day?
 10 Q. Well, let's -- let's sort of start with what your
 11 responsibilities were in your position, right, in May 2020 and
 12 then we'll -- we'll get to -- to the specific date. So why
 13 don't you start with in this division, in this position in May
 14 2020 what were your roles and responsibilities and what -- can
 15 you tell us about your job and (audio distortion).
 16 A. Okay. As far as the Henry 600s patrol, I was
 17 patrol -- I still am a patrol officer. My duties included
 18 responding to calls for service which includes, you know,
 19 assaults, robberies, burglaries, service calls, crashes, along
 20 the South Central east part of Austin, Texas.
 21 Q. Okay. Now, on May 30th of 2020 why don't you set the
 22 scene for me. How did you end up on this overpass? Can you
 23 start when -- when did your shift begin? Were you called in?
 24 Can -- can you describe that to us?
 25 A. As far as the -- if I remember correctly, evening

Page 13

1 nothing -- nothing too wild. I don't recall any -- anything
 2 outrageous going on as far as, you know, protestors throwing
 3 items or setting off fireworks or anything like that. So once
 4 that crowd kind of moved on from the Capitol to the 35, the APD
 5 Main headquarters, we were called by the downtown officers to
 6 help them because they were, you know, outnumbered and 35 had
 7 been completely shut down by protestors.
 8 Q. Okay. So was it your understanding and your belief
 9 that the protests from the State Capitol had moved down; that,
 10 in other words, this was one continuous protest or -- or were
 11 these separate protests to your -- to your knowledge and
 12 understanding?
 13 A. I'm not sure the same crowd, you know, was a part of
 14 both sets. This certain crowd here, certain crowd there, I'm
 15 not sure.
 16 Q. Okay. How did you get from the Capitol down to the I
 17 -- I-35?
 18 A. Oh, we had to use City vans, just unmarked, you know,
 19 white vans that helped transport, you know, mass numbers. We
 20 didn't have patrol vehicles readily available to everybody so,
 21 you know, about 10 to 15 officers in a van that transported us
 22 from the Capitol to the proper 35.
 23 Q. Okay. And -- and what were you wearing? Why don't
 24 you describe for us what -- what your uniform looked like and
 25 what you were equipped with at that point, right, in the van.

Page 14

1 A. I was -- I was wearing my department issued we call
 2 them Class -- Class C uniforms. Dark navy top, navy pants,
 3 patrol belt, Austin Police Department patches on our chest and
 4 shoulders.
 5 Q. Okay. And when you were at the State Capitol, did
 6 you have these less-than-lethal-bean-bag shotguns?
 7 A. Yes.
 8 Q. Okay. So you had those at the Capitol and then
 9 you -- you took those -- the ten or 15 officers in the van, did
 10 you take those with you to the I-35 overpass?
 11 A. It was multiple vans. Probably 60 to 80 officers in
 12 multiple vans and not everybody had a less-lethal shotgun.
 13 Q. How did they determine who got one and who didn't?
 14 A. That whoever checked one out at the beginning of the
 15 shift. There are a certain number of readily available that
 16 the department even has -- that has.
 17 Q. Okay. How does that work? Again, I'm -- I'm not a
 18 police officer so forgive my ignorance but is that just first
 19 come, first served? You make the decision as an officer if you
 20 want to go check one out? Or how does that work?
 21 A. Usually with less-lethal shotguns as far as patrol
 22 officers there's a -- one or two available to check out per
 23 shift and it's -- it's up to the patrol shift like who -- who
 24 needs to take one out. It's more of like, hey, someone needs
 25 to take it every day for patrol. Who wants to take it? More

Page 16

1 out a -- one of these shotguns on May 30th?
 2 A. I'm sorry, could you say that one more time?
 3 Q. Sure. Tell me how and -- tell me about how you
 4 checked out one of these shotguns on May 30th, 2020.
 5 A. I honestly don't remember where we started that day,
 6 whether it be our -- at our east sub or throughout the protest
 7 at some point our -- our meeting area was at the academy but
 8 either way you'd have to go to at the east sub we have someone
 9 called -- or someone at our PCO the -- someone who handles all
 10 of our equipment to go to them, check one out, write your name
 11 down kind of thing. This is under your name. It would be the
 12 same thing at the academy but I'm not sure if and where I
 13 started that day.
 14 Q. Okay. And how many officers did you see check out
 15 these shotguns at the time that you checked yours out or is it
 16 something that happens at the same time, happens on a staggered
 17 basis? Tell me about that.
 18 A. Again, I'm not sure where we started that day. I'm
 19 not sure how many other officers had less lethals.
 20 Q. Okay. When you were at the Capitol, how many less
 21 lethals did you see?
 22 A. I don't recall the exact number.
 23 Q. Can you ballpark it?
 24 A. If I had -- if I had to guess, one for every five
 25 officers maybe.

Page 15

1 voluntary basis of who takes one out or not.
 2 Q. Okay. Did you volunteer to take one on May 30th,
 3 2020?
 4 A. Yes, as a part -- because usually I was the one that
 5 always checked it out on patrol shift anyway.
 6 Q. Why is that?
 7 A. At that time it was -- it was commonplace for the
 8 younger officers on the shift to check one out.
 9 Q. And why is that?
 10 A. Well, it's just kind of the culture of the young --
 11 the new guy on the shift they check out the equipment so the
 12 senior guys don't have to.
 13 Q. Is it kind of a pain? I mean, is it kind of a
 14 burden?
 15 A. No, not necessarily.
 16 Q. Okay. Why would the older guys want the younger guys
 17 to do it?
 18 A. It's just carrying more stuff.
 19 Q. Okay. I gotcha. Heavy?
 20 A. No, not necessarily. It's just, you know, something
 21 that needs to be out in the street and it's somebody's
 22 responsibility so, you know, that can happen.
 23 Q. More stuff to worry about?
 24 A. Just more stuff to carry.
 25 Q. Okay. So tell me about how -- how when you checked

Page 17

1 Q. So about 60 officers so about 12? Was it more than
 2 10?
 3 A. I couldn't -- I couldn't give you a solid, you know,
 4 answer.
 5 Q. More than five?
 6 A. Yeah, I would say more than five, yeah.
 7 Q. More than five. Less than 50?
 8 A. I think that would be fair -- fair to say.
 9 Q. Less than 20?
 10 A. Again, I mean, I -- I can't even recall like how many
 11 officers we had, what -- what DPS personnel looked like, what
 12 our -- everything was such a hodgepodge of people just being
 13 thrown into areas to help assist that me having like a general
 14 idea of how many people were even out there I couldn't even
 15 give you a great guess.
 16 Q. Okay. So -- that's fine. It's fine. I don't want
 17 you to guess. I was just sort of looking for a range, like a
 18 ballpark, to get an idea whether it was 100 or whether it was
 19 two, right?
 20 So you checked out the shotgun either at the
 21 east station or the academy -- you don't remember, that's
 22 fine -- and then where did you carry the shotgun? Did you go
 23 straight to the Capitol?
 24 A. I -- I believe so.
 25 Q. And tell me a little bit more -- I know I already

1 asked you -- but a little bit more detail about where were you
 2 at the Capitol? Did you set up a line? Were you dispersing
 3 the crowd? Tell me about what the operations were there. And
 4 I know you were support but go ahead.
 5 A. Yeah, we were set up along the fence line in front of
 6 the Capitol with DPS.
 7 Q. And -- and so there was a fence line there?
 8 A. Yes. A gated fence, yes.
 9 Q. And about how many officers were set up at that -- at
 10 that point if you were to guess? Again, not guess but what's
 11 your best estimate?
 12 A. Us including DPS 100 maybe. I'm not sure their
 13 personnel. Yeah, I can't remember all personnel out there.
 14 Q. And you said it was largely a peaceful protest?
 15 A. Yeah, for the most part. Like the idea of it was at
 16 the direction of DPS they didn't want any protestors on Capitol
 17 grounds so once that line was established, you know, the
 18 protestors stayed on the streets which was fine to us.
 19 Q. So there was a clear demarcation between where the
 20 protestors were allowed and where they weren't allowed?
 21 A. Uh-huh, yes.
 22 Q. And that would be the fence line?
 23 A. Yes.
 24 Q. Okay. Now, at the police station on May 30th, 2020
 25 -- and I know there's sort of a fence now but on May 30th,

1 2020, there was no fence, right?
 2 A. There was no fence, no.
 3 Q. In front of the police station there was no fence
 4 line, right?
 5 A. There's no fence. Yes, there's no fence at all.
 6 Q. There was no -- it was different in the sense that
 7 there was no demarcation line. Like the fence line at the
 8 State Capitol that was different at the police station,
 9 correct?
 10 A. As far as like a physical barrier in front of the
 11 steps? Other than officers, yes, that's correct.
 12 Q. Okay. So how long were you at the State Capitol,
 13 approximately?
 14 A. Maybe an hour or two. I'm not sure.
 15 Q. That's fine. And when did you receive word that you
 16 would be going -- that you'd be moving?
 17 A. When officers from the downtown area called for
 18 essentially what we call it it was an alternate-assistance
 19 broadcast over the radio from downtown officers saying they
 20 needed -- they needed more bodies, they needed help downtown
 21 because they -- all of the protestors had taken over both sides
 22 of 35.
 23 Q. Okay. Now, you're talking about the 35 overpass as
 24 opposed to at the police station, right?
 25 A. So when I refer to "proper," that's the actual

1 highway as opposed to the service roads.
 2 Q. Okay. All right. And just so I'm clear, the I-35,
 3 that's the overpass where you were stationed, right?
 4 A. Later that night, yes.
 5 Q. Okay. Well, when you -- so when you get in the van,
 6 you said like 10 to 12 officers in the van going from the
 7 Capitol down to the police station, where were you let off
 8 first?
 9 A. From the Capitol we went straight onto the proper or
 10 straight to the highway to start clearing off -- clearing --
 11 clearing protestors from the highway.
 12 Q. Okay. On the overpass?
 13 A. Yes.
 14 Q. Okay. Tell me about that. How did that happen? How
 15 did that go down?
 16 A. As soon as we got onto the overpass, got out of the
 17 van, I could immediately see -- immediately saw, you know,
 18 hundreds and hundreds -- hundreds -- thousands -- I'm not sure
 19 the number, right, but both sides of 35 protestors coming in
 20 our van, taking on a barrage of rocks, water bottles and cones
 21 and sticks and stuff like that as officers began to form a line
 22 to start slowly, you know, inch by inch getting at least the
 23 southbound side cleared first and then getting the northbound
 24 side off and getting all the protestors off the overpass at
 25 least onto the service roads.

1 Q. Okay. So I -- I just want to be clear. Were you
 2 called officer assistance for the police station or to clear
 3 I-35?
 4 A. I believe it was -- it was to 35. I think there were
 5 officers already on the proper but at some point they were
 6 overrun hundreds and hundreds of people and obviously losing
 7 ground and traffic was starting to be blocked on both sides.
 8 Q. Where did those officers go?
 9 A. I believe they just joined the ranks when we arrived.
 10 Q. Okay. So when you get out, both sides are -- are
 11 blocked. What happens next?
 12 A. Officers form a line across 35 kind of so both sides
 13 of traffic were stopped. You know, the northbound side was
 14 stopped. The southbound side was to stopped. We formed a line
 15 across, you know, the proper to the cars and slowly had to get
 16 everybody off the highway.
 17 Q. Did you eventually do that?
 18 A. Yes.
 19 Q. How long did that take?
 20 A. I do not recall exactly. Probably like 10 to 20
 21 minutes.
 22 Q. And what happened? Did they disperse or how did that
 23 happen?
 24 A. At -- as far as I recall, the directive was to at
 25 least clear the proper. The service roads were considered --

Page 22

1 the directive or the orders was like they can have the service
 2 road but they cannot -- you know, protestors cannot block the
 3 proper. So once we got them off the proper, right, they just
 4 maintained on both sides of the service road blocking the
 5 roads.
 6 Q. Okay. So once you got the highway clear what did you
 7 do?
 8 A. A lot of -- we stayed on the -- on the embankment of
 9 the northbound side for some -- for maybe a few hours longer
 10 just to ensure they didn't come back up and try and get on the
 11 proper again and then at some point like a rotation started
 12 where officers -- you know, officers who were at 250 parking
 13 lot which was on the northwest corner of 8th and 35 start
 14 rotating giving people breaks.
 15 Q. Okay. How is it that you ended up on that overpass
 16 area?
 17 A. Up until that point we had officers on the overpass
 18 ensuring that nobody else come up to block the protest again
 19 but there were no resources up there to help provide coverage
 20 for officers at the Main who were -- who were having like rocks
 21 and bottles and fireworks and frozen bottles and stuff thrown
 22 at them. So an order was given that somebody needs to go on
 23 the overpass to provide coverage because they didn't want --
 24 because the people who were throwing things were too far back
 25 for the officers on the Main to take any type of action

Page 24

1 Q. And about what time is it that you moved to the
 2 overpass? Like six o'clock? Nine o'clock? Do you recall?
 3 A. I don't recall. It was at least nighttime.
 4 Q. Nighttime in May probably after eight o'clock?
 5 A. 8:00, 8:30. After -- after that at least.
 6 Q. And what time did you start your shift that day?
 7 A. I don't recall. I can't remember if we moved to a
 8 different emergency schedule at that time or we came in like
 9 normal. You know, like at a 2:00 -- at that time we had a
 10 1:00, 2:00, 3:00 and four o'clock shift. I just don't
 11 remember -- I don't recall which shift we were on at that time.
 12 Q. What's an emergency schedule?
 13 A. That's -- that's called a -- an alpha-brava schedule
 14 where the department's mandated to do 12-hour shifts. You
 15 know, twelve hours A, twelve hours B type thing. I -- I can't
 16 recall being in emergency-type situations and that was my first
 17 time being part of something like that so I don't remember -- I
 18 remember it was activated during the protest. I just don't
 19 remember at what point.
 20 Q. So that's 12-hour shifts straight?
 21 A. Uh-huh.
 22 Q. Now, you had mentioned that officers were being
 23 rotated around to provide relief. Why is that? What kind of
 24 relief is needed? Can you -- can you describe that to us?
 25 A. Yeah. I mean, summertime -- you know, May it was

Page 23

1 against. So the idea was to get people on the overpass to help
 2 deter those actions. And I guess the -- the Henry 600s we had
 3 one of the bigger shifts, we were called upon to go up there to
 4 just provide that coverage.
 5 Q. Okay. And who made that call?
 6 A. I don't recall who was the supervisor who made the
 7 call.
 8 Q. How were you first aware that that call had been
 9 made?
 10 A. When my supervisor came to me and said we have to go
 11 on the overpass.
 12 Q. Who was that super -- I'm sorry.
 13 A. (Simultaneous speaking.) I forgot what I was going
 14 to say. Sorry.
 15 Q. That's -- that's okay. Who was the supervisor who
 16 told you to go to the overpass?
 17 A. My supervisors at the time were Sergeant Tabierou and
 18 Corporal Tyler Latham.
 19 Q. And you said the Henry 600s were asked to go to the
 20 overpass. Why is that, I'm sorry? Maybe I just didn't hear
 21 but you were a larger group or what -- what was that answer? I
 22 couldn't hear it?
 23 A. We were one of the bigger shifts. We -- we had a
 24 combined shift with a special unit of officers so we had about
 25 14, 15 people on our shift.

Page 25

1 hot. A lot of standing. You know, the rotation -- the idea is
 2 to get people in the shade, sit people down, drink some water,
 3 30-minute kind of breaks. Hour breaks are kind of long. You
 4 know, rotate.
 5 Q. Okay. And is everybody wearing that uniform: the
 6 pants, the top at the time here in May 2020?
 7 A. Most of Patrol is. The downtown officers, the -- the
 8 George, the DTAC guys, they have the blue shirts and shorts
 9 that they probably usually wear in the summertime, the light --
 10 or the blue-blue, not the navy blue.
 11 Q. Okay. And what's it like wearing those uniforms?
 12 Pretty hot?
 13 A. It can be in the summertime, yes.
 14 Q. Okay. Well, what does that look like?
 15 A. What does what look like?
 16 Q. Well, you say it can be pretty hot. What does that
 17 look like? Wearing this uniform in May in Austin, you know,
 18 being on this shift in mid-afternoon what does that heat look
 19 like? Are you sweating? You know, can you -- can you describe
 20 it just a little bit?
 21 A. Yeah, naturally you -- you sweat when it's -- when
 22 it's hot in the thicker clothing in the summertime. I can't
 23 remember how -- what the degree was outside but it was warm
 24 actually because it's May in Texas.
 25 Q. And you have -- and during the shift why don't you

Page 26

1 describe to me what you have on you. So you have the uniform.
 2 We discussed that. You have the shotgun, right? How much does
 3 that weigh?
 4 A. If I had to guess, six to eight pounds.
 5 Q. Do you have that mask on the helmet?
 6 A. We were -- yeah, we were wearing it, yes.
 7 Q. So you were wearing that all day?
 8 A. Yes.
 9 Q. What other -- and you have the belt, right?
 10 A. Uh-huh.
 11 Q. And -- and what's on that belt or what weight is on
 12 that belt?
 13 A. The belt is probably my best guess 12 to 15 pounds.
 14 Your -- your duty weapon, asp, OC spray, taser, handcuffs.
 15 Q. Okay. Anything else you're carrying during the
 16 shift?
 17 A. No, that's usually what I carry every day.
 18 Q. All right. So let's -- let's talk a little bit about
 19 the less-lethal shotguns. What training and/or certifications
 20 have you received in the less-lethal shotguns?
 21 A. So every year we are required by TCOLE to take the
 22 annual qualifications with all weapons at the department. It
 23 has (inaudible) issued to us so that includes, you know, your
 24 duty -- your duty firearm, less-lethal shotgun, the actual
 25 shotgun, OC spray, baton or asp, taser. Every year we take it

Page 28

1 Q. Okay. And what were your scores?
 2 A. For which? For which test?
 3 Q. Let's just sort of focus on the accuracy test where I
 4 think you told me you're shooting at a target. You're graded
 5 from 0 to 100. What were your scores on those -- on those
 6 practical tests?
 7 A. For every -- for --
 8 Q. Let's go -- let's go September, October of '18 when
 9 you took the position you did to May 2020. So I'm assuming if
 10 you had the yearly test that was '18, '19, maybe '20 if it was
 11 before May?
 12 A. I don't recall -- I don't recall when I had took it
 13 that year but, yes, every year you take them throughout --
 14 those courses are offered throughout the year.
 15 Q. Okay. So at least in '18 to '19 you took the yearly
 16 test, right?
 17 A. Uh-huh.
 18 Q. What were -- what were your scores?
 19 A. So I guess I'll rephrase. The shotgun and fire -- a
 20 handgun, the duty gun test are scored from 0 to 100. Less
 21 lethal, taser, baton are just pass/fail.
 22 Q. Oh, okay. All right. So for the firearms and lethal
 23 shotgun I guess --
 24 A. Uh-huh.
 25 Q. -- it's 0 to 100?

Page 27

1 and then, of course, naturally, I check out the less-lethal
 2 shotgun every day and handle it and manipulate it every day.
 3 Q. Do all the police officers have to receive the yearly
 4 training in the less-lethal shotguns?
 5 A. Everybody -- every peace officer within the Austin
 6 Police Department from Chief all the way down to probationary
 7 police officer.
 8 Q. Okay. Even though they might not check it out? It
 9 might be you checking it out as opposed to someone else but
 10 they at a minimum receive the yearly training?
 11 A. Yes.
 12 Q. What is -- what is that yearly training? Tell us
 13 about it.
 14 A. There are, you know, a series of proficiency tests
 15 with the handgun and shotgun. You have to have an average
 16 minimum score, right, to pass to get that qualification.
 17 Q. What -- what are you scored on? Are you shooting at
 18 targets? Are you given written exams? What does that look
 19 like?
 20 A. It's all practical exams so shooting at targets.
 21 Q. Okay. And then you're scored on how accurate you
 22 are?
 23 A. Yes.
 24 Q. And what's the score? 0 to 100?
 25 A. Yes.

Page 29

1 A. Yes.
 2 Q. Less than lethal -- taser, baton, less-lethal shotgun
 3 which is what we're talking about here -- is pass or fail?
 4 A. Yes.
 5 Q. Okay. All right. What's the -- what's the range of
 6 the less-lethal shotgun?
 7 A. The range? It's recommended up to -- up to 25 yards
 8 is what we're trained at.
 9 Q. So when you take the test, do you recall what
 10 distance that is that you shoot for the pass/fail?
 11 A. Twenty-five yards.
 12 Q. Twenty-five yards, okay. And are you trained -- what
 13 are you trained to do at more than 25 yards?
 14 A. The target zones remain the same as far as --
 15 Q. I'm sorry?
 16 A. The target zones -- the target zones remain the same.
 17 Q. Okay. Are you trained to shoot it beyond 25 yards is
 18 what I'm asking?
 19 A. Are we specifically trained? No, what -- the
 20 pass/fail standard for a less-lethal shotgun is 25 yards so
 21 that's where we conduct our proficiency test at.
 22 Q. Okay. All right. Are you -- are you tested or are
 23 you -- I guess what happens when it's more than 25 yards?
 24 That's -- that's what I'm asking, I'm kind of curious about.
 25 A. I'm not -- I'm not necessarily sure like the

1 functionality or -- the functionality of the less-lethal
2 shotgun beyond 25 yards and I can't -- I honestly can't
3 remember what the policy says the ideal impacting range -- max
4 -- the maximum distance of the impacting range of a less-lethal
5 shotgun at that time.

6 Q. Okay, at that time. Do you -- do you recall it at
7 any other time?

8 A. Yeah. Well, now we have a -- obviously we have new
9 bean bags where there's no minimum distance anymore and we can
10 discharge -- you know, it's applicable up to 50 yards.

11 Q. But going back to May 30th, 2020, it was 25 yards
12 with the range that you were trained on, right?

13 A. Yes, that's where we conducted our test.

14 Q. Okay. And the idea there is that the farther the
15 distance the less accurate the weapon, correct?

16 A. Yeah, that goes for most -- pretty much most weapons.

17 Q. Right, right. And in this case with the less-lethal
18 shotguns the longer the distance the less accurate you're going
19 to be?

20 A. Yeah, I think that's fair to say.

21 Q. What was the distance in this case on May 30th, 2020
22 that you and other members of the Henry 600s were shooting
23 bean-bag rounds at protestors on the street from the overpass?

24 A. I can't recall like the specific -- specific
25 distance.

1 Let me just sort of ask you this. Were you
2 ordered to shoot these less-lethal shotguns, you and your
3 fellow officers, or was that a discretionary decision that --
4 that you made?

5 A. There was no order to shoot protestors. There -- and
6 it's all discretion in regards to protecting other officers and
7 other protestors from being impacted by whatever objects were
8 being thrown. If -- and this is just me on that night -- if
9 something was available and it was safe to do so, I would
10 impact somebody.

11 Q. Okay. So is your answer that you made the decision
12 to shoot; nobody ordered you to shoot?

13 A. Yes.

14 Q. Did anybody authorize you to shoot or did you just
15 make the decision at the time?

16 A. No, there was authorization that if -- if there is a
17 need to protect other people or officers, that you do have --
18 you had the, you know, the go-ahead to do so.

19 Q. Okay. So when was that given? Was that like at the
20 beginning of the shift? Was that when they put you at the
21 overpass? When did they give you the green light to shoot if
22 you saw a decision to make?

23 A. When we first got off -- got onto the proper from the
24 Capitol to clear the highway.

25 Q. Okay. So when you first got to the overpass or the

1 Q. Okay. Was it more than 25 yards?

2 A. I'm just trying to do math in my head. I'm assuming
3 the overpass -- you know, that bridge is probably around -- I
4 can't even guess how -- how tall, you know, that overpass
5 bridge is. I'm not sure how far off the ground we were. I'm
6 not entirely sure.

7 Q. Let me ask it to you this way. You're trained at 25
8 yards, right?

9 A. Uh-huh.

10 Q. You know what 25 yards looks like?

11 A. Uh-huh.

12 Q. Because you've done the yearly test at 25 yards,
13 right?

14 A. Uh-huh.

15 Q. And you know what's less than 25 yards, correct?

16 A. Yes.

17 Q. So it's more than 25 yards?

18 A. Yeah, probably possible that it's more than 25 yards.

19 Q. It's probably possible that it was more than 25
20 yards?

21 A. Yeah. Yes, sir.

22 Q. Okay. What does "probably possible" mean?

23 A. At least 25 yards.

24 Q. Did anybody bring that up before -- well, let me ask
25 you this.

1 highway, that's when they said you have clearance to shoot if
2 -- if you decide to shoot?

3 A. Uh-huh.

4 Q. All right. When you were on the overpass and you're
5 firing down into the street, were you the first to shoot? Were
6 you the second to shoot? Were you the last to shoot? Let's --
7 let's break that down. I'll just break it down.

8 Were you the first to shoot?

9 A. At -- at what -- at what moment?

10 Q. So we're -- we're at the overpass. We've cleared --
11 cleared the highway. We're at the overpass looking down,
12 right? From your BWC, body-worn camera footage, there's a
13 group of officers at the top of that overpass, right?

14 A. This is nighttime or daytime or --

15 Q. No, nighttime.

16 A. Nighttime, okay.

17 Q. Do you -- do you recall that?

18 A. Yes, nighttime looking down at the Main, yes.

19 Q. And there's several officers who have these shotguns
20 including yourself?

21 A. Yes.

22 Q. Including your -- okay. So those officers at the
23 overpass nighttime looking down on the protestors, did you
24 shoot first?

25 A. I can't remember -- I can't recall who shot first.

1 Q. Okay. But was it you who shot first?
 2 A. I don't recall who shot first.
 3 Q. Okay. Tell me about what was happening the moment
 4 you took your first shot.
 5 A. Okay. Yeah -- (simultaneous speaking) -- I'm sorry?
 6 Q. Go ahead. Please -- please go ahead. I didn't mean
 7 to interrupt.
 8 A. Yeah, we were positioned on the -- on the overpass
 9 overlooking the Main and we were operating in kind of a spotter
 10 and less-lethal shotgun kind of tandems. So there was an
 11 officer next to me. We were in constant communication like
 12 spotlighting people who we thought were going to throw objects
 13 at officers at the Main or who had been. You know, we'd
 14 recognized the same subjects -- you know, more or less the same
 15 subjects throwing stuff at the officers and the -- what was
 16 going on and what we saw up to -- prior to me shooting my first
 17 less-lethal round was there was a group of protestors at the
 18 front of the Main who were protesting -- signs, you know,
 19 exercising their First Amendment rights -- but there were
 20 agitators coming from underneath the bridge, underneath where
 21 we were running out from underneath the bridge closer to the
 22 officers and throwing objects and then immediately retreating
 23 back under the bridge. So the idea was operating in the
 24 spotter and less-lethal tandem was the spotter with the
 25 flashlight would flashlight people running from underneath the

1 bridge like, "Hey, watch this guy. Watch him. Watch him."
 2 Kind of identifying things like he has something in his hand or
 3 he doesn't or whatever the case may be and upon an individual,
 4 you know, throwing an item -- because up to that point there's
 5 been fireworks, there's been bottles, there's been frozen water
 6 bottles. Earlier that day we -- we found that some of the
 7 bottles had urine in them, rocks, stones, bricks, whatever the
 8 case may be. We would watch people and watch people's hands as
 9 they run from underneath the bridge. All right.
 10 So while operating in that tandem an officer
 11 next to me highlighted this individual who was running from
 12 underneath the bridge, threw an item and at that point my
 13 direction was direct -- was focused on him as he threw the
 14 bottle and that's when I deployed a round and I'm not sure --
 15 so I'm listening to my partner. I'm not sure who else shot or
 16 if I did anything first or not.
 17 Q. Okay. Well, you've been trained in these shotguns,
 18 you know what they sound like, right?
 19 A. Uh-huh.
 20 Q. They're loud?
 21 A. Yes.
 22 Q. You know what the sound of a shotgun going off and
 23 shooting the bean-bag round is, right?
 24 A. Yes.
 25 Q. Did you hear that prior to you pulling the trigger on

1 your shotgun?
 2 A. I can't -- I can't recall three years ago and an ear
 3 piece in one ear, my part -- my officer in my other one.
 4 Q. That's fine. That's fine. Let me ask you a little
 5 bit -- break that down a little bit what you had discussed. So
 6 on the overpass your line of vision, right -- you're familiar
 7 with that term, your line of vision -- your line of vision is
 8 obstructed at the point that anyone is beneath you because you
 9 obviously can't see through the overpass, right?
 10 A. Yes.
 11 Q. You can't see what's going on there, right?
 12 A. Uh-huh.
 13 Q. So your line of vision and the other officer's line
 14 of vision only began when somebody came out from under the
 15 underpass, right?
 16 A. Yes.
 17 Q. Okay. So you didn't have a direct line of sight
 18 under the overpass to look at particular individuals, it was
 19 only after they had come out from under the overpass. Fair?
 20 A. Fair, yes.
 21 Q. Okay. What officers had a line of sight on what was
 22 happening under the overpass, if any?
 23 A. Officers at the -- the Main steps.
 24 Q. Okay. And were the officers at the Main steps in
 25 communication with the officers in the overpass?

1 A. Yes.
 2 Q. But with regard to who to spotlight, why to spotlight
 3 them, what was happening?
 4 A. Not necessarily that kind of radio traffic. It was
 5 more of giving descriptors of people who had already thrown
 6 stuff, retreated back under the bridge. The officers at the
 7 Main were watching those individuals and kind of prepping
 8 officers on the overpass like, "Hey, this guy is wearing --
 9 this guy is wearing this, this, this. He's underneath the
 10 bridge. It looks like he might do it again. He's at this
 11 area."
 12 "Okay, I'll watch out for him if he comes back
 13 out again."
 14 Q. Well, do you recall any of those descriptions in any
 15 detail?
 16 A. As far as -- these type of descriptions --
 17 descriptions are pretty -- pretty vague because the distance
 18 from the officer at the Main to underneath the bridge, you
 19 know, may or may not be descriptive -- as descriptive as we'd
 20 like but, you know, general -- and this is the nature of our
 21 job where we're giving descriptors of, you know, it's male,
 22 black, white male, Hispanic male, white male, Asian male,
 23 female, long hair, black hair, whatever the case may be, this
 24 shirt, these pants, these shorts, these shoes, right? And the
 25 idea is in our profession we could take in those descriptors,

Page 38

1 maybe see something and only enforce if something was going to
 2 happen. Again, we're not going to act in a reactionary measure
 3 if the person threw something, went under the bridge and came
 4 back out and didn't appear as if he was going to do anything
 5 again.
 6 Q. Yeah, I mean, I understand the purpose of it, right,
 7 and you do have a difficult job. You would agree with me on
 8 that, right?
 9 A. Uh-huh.
 10 Q. But, I mean, I think between lawyers and cops you
 11 guys probably take the cake but we're a close second in my
 12 opinion. That's just unsolicited testimony. You can strike it
 13 from the record if Monte wants to. But I understand the
 14 purpose of it, right, but let me ask you this. On a scale of 1
 15 to 10 -- you tell me if you don't follow me, okay? And at the
 16 1 of the scale is this person is in a red shirt. That's it.
 17 And that's the descriptor that's given. You with me?
 18 A. Uh-huh.
 19 Q. It's very basic -- very basic one detail. On the end
 20 of this spectrum it's closer to what you were talking about;
 21 white male, early forties, goatee, white shirt with red print,
 22 red pants, belt, Nike shoes, holding a sign that says Black
 23 Lives Matter. Is that -- so do you understand what I'm doing
 24 with this spectrum? I'm going from 1 to 10. One is just,
 25 "This person is wearing a red shirt. Watch out, they're going

Page 40

1 impact him."
 2 So with the descriptors I would try and -- you
 3 know, I have to pay attention to the crowd but if I saw this
 4 gentleman and actually my attention would be more invested in
 5 this person to make sure he doesn't do it again. That's what I
 6 mean. I take in those descriptors. If I see this person, I
 7 would watch him but not necessarily just be, you know, invested
 8 in seeking like some kind of retribution or something -- and
 9 something of that nature.
 10 Q. Sure. Of course. Yeah, we're not -- yeah, we're not
 11 saying that at all. So how -- this crowd in front of the
 12 police station, let's just say in general the group of people
 13 below the overpass that you shot rounds at -- do you know who
 14 I'm talking about? Fair enough? That group.
 15 A. Say that one more time (simultaneous speaking).
 16 Q. No, the first time. Am I -- is it too quiet or is it
 17 garbled?
 18 A. I just -- I just -- I just maybe I didn't -- yeah.
 19 Q. That's on me. I -- it's -- I'm having a bad
 20 technology day.
 21 But the group of people who are sort of milling
 22 around there in front of the police station below the overpass,
 23 okay, if we were to define that group of people -- you with me?
 24 A. Okay.
 25 Q. -- how long had that group been there before you were

Page 39

1 to throw something." And the other is all those descriptors.
 2 Where were these descriptions that you and the Henry 600s were
 3 getting on that scale from 1 to 10?
 4 A. Somewhere around the middle, right around a 5.
 5 Q. Do you recall any of those descriptions over -- was
 6 it radio?
 7 A. All over radio, yes.
 8 Q. Okay. Do you recall any specific description over
 9 the radio?
 10 A. Not at this time, no.
 11 Q. Okay. Did you rely on those descriptions exclusively
 12 in making your decision on who to shoot?
 13 A. No.
 14 Q. Okay. What else did you rely on in making the
 15 decision who to shoot with -- with your shotgun? You
 16 personally, nobody else. I'm just going to talk about you
 17 first.
 18 A. Just my own personal observations of what someone
 19 did.
 20 Q. So explain that a little bit more. What do you mean
 21 what they did? If they --
 22 A. Well, as far as the officers on the Main calling out
 23 descriptors, it was more of like, "Hey, just watch this guy in
 24 case he wants to do it again."
 25 It's not like, "Hey, if this guy comes out,

Page 41

1 at the overpass?
 2 MR. BARTON: Hang on just a moment, Steve. I
 3 hate to interrupt but I think we're going to need to go off the
 4 record for 30 seconds because the battery is running out in our
 5 computer and I need to figure out how to get it hooked up.
 6 MR. DEMIK: Sure. That's perfectly fine. I was
 7 going to suggest -- should we take five?
 8 MR. BARTON: Yeah, I think that will be perfect.
 9 MR. DEMIK: Okay.
 10 VIDEO OPERATOR: We're off the video record.
 11 It's 11:10.
 12 (Recess taken from 11:10 a.m. to 11:19 a.m.)
 13 VIDEO OPERATOR: We are back on the video
 14 record. The time is 11:19 a.m.
 15 Q. (BY MR. DEMIK) Okay, Officer. I'm certainly not
 16 accusing anybody of anything but during the break besides
 17 getting the power worked out for the computer did you discuss
 18 anything with Mr. Barton or anything else about this
 19 deposition?
 20 A. Yeah, we just went over just what we've already
 21 discussed previously.
 22 Q. Okay. No, no, I mean, just during the little break
 23 we had, the five-minute break, that's all I'm asking about.
 24 A. Yeah, what we've discussed here previously prior to
 25 the break.

1 Q. Okay. What did you discuss?
 2 A. About my actions on the overpass and impacting an
 3 individual.
 4 Q. Anything specific?
 5 A. Not that specifically. Just impacting somebody over
 6 the bridge while on the overpass.
 7 Q. Okay. So just in the last five minutes what
 8 specifically was discussed? What questions and answers were --
 9 were given?
 10 A. What questions were asked? Well, I was -- I asked
 11 Mr. Barton about -- I just wanted to clarify if we were talking
 12 about the same individual and how you mentioned I fired what it
 13 sounds like multiple rounds when, you know, throughout the
 14 course I just want to clarify I only impacted one person, one
 15 shot, so I was just kind of curious as to if we were talking
 16 about the same individual or not.
 17 Q. Sure. That's -- that's -- that's totally fine. So
 18 let's talk about that real quick before I go back into what I
 19 was asking about.
 20 So how many people did you shoot on May 30th,
 21 2020, total? And I'm talking about Capitol, overpass,
 22 everywhere, that entire shift.
 23 A. I'm going to refer to my narrative that I wrote.
 24 Q. Sure, go ahead. You can refer to it. No problem.
 25 A. So I documented five total less-lethal rounds of

1 deployments but also notated that out of those five only one
 2 was at the nighttime overpass.
 3 Q. Okay. So does that mean when you were at the
 4 overpass you only fired your shotgun one time?
 5 A. One time, uh-huh.
 6 Q. Okay. Where were the other four?
 7 A. That was throughout the course of clearing proper on
 8 the highway in the evening time when we first got from the
 9 Capitol to the highway.
 10 Q. Okay. So the four -- is it -- the four less-lethal
 11 deployments, that's shots, right, that's one, two, three, four
 12 out of your shotgun?
 13 A. Uh-huh.
 14 Q. Those happened at the overpass clearing the highway?
 15 A. Yes.
 16 Q. Okay. From the overpass shooting down into the crowd
 17 there was one deployment that hit one person?
 18 A. Not into the crowd, at one specific person but, yes.
 19 Q. Okay. Fair enough. Fair enough. So from the
 20 overpass one deployment, one shot from the shotgun at one
 21 person underneath the overpass -- or not underneath but below
 22 the overpass?
 23 A. Yes.
 24 Q. Okay. The other four deployments did you hit people
 25 or do you know?

1 A. I documented those four less-lethal rounds were
 2 deployed on three different people and they did impact those
 3 people.
 4 Q. Okay. Four shots (audio distortion.) Right?
 5 A. I think you muted when you had your fingers up.
 6 Q. Oh, four shots, three people?
 7 A. Yes.
 8 Q. Okay. What range were those shots on the highway?
 9 A. I didn't document the ranges in any of my notations
 10 or any of my supplements or texts.
 11 Q. Were -- were they less than 25 or more than 25 yards?
 12 A. I -- I only remember two -- two of those three
 13 deployments distinctly in my memory. One was probably around,
 14 you know, 15 to 25 yards and the other that was on the proper
 15 after an individual threw an object at me and other officers
 16 and then the two rounds on the one subject was at an individual
 17 he was at a substantial distance away, you know, 50 yards --
 18 50, 60 yards but I was pointed out to him by a supervisor. He
 19 was making some type of object. Like he reached into a
 20 backpack and making an object to throw at officers so I
 21 deployed two rounds at that individual.
 22 Q. So let me break those down just so we don't throw
 23 them off one basket, we divvy them up.
 24 One of the deployments, the first one was 15 to
 25 20 yards or 25 yards. You said within 25 yards?

1 A. Uh-huh, yes.
 2 Q. An individual threw something at you specifically?
 3 A. Uh-huh, yes.
 4 Q. What did they throw?
 5 A. Like the larger traffic cones.
 6 Q. Okay. One of those orange traffic cones?
 7 A. Yes. Like more the -- not the big barrels but the
 8 taller ones. Probably the ones that are about four feet tall
 9 and those are designed to be on a highway. Not necessarily
 10 like the janitor ones you see but the -- you know, the taller
 11 ones.
 12 Q. Made of rubber?
 13 A. Yes.
 14 Q. Okay. All right. When you -- when you were on the
 15 overpass when you made those deployments -- let's just limit it
 16 to that deployment. We'll call it the traffic cone individual.
 17 Did you have a shield or any other protection or just the mask?
 18 A. Just the mask.
 19 Q. And did you -- did you deploy -- let me ask you about
 20 all these times. These five less-than-lethal deployments on
 21 May 30th, 2020, were you wearing the mask? Was the mask up?
 22 Was the mask down? How -- what was the position of the mask
 23 when you deployed your shotgun?
 24 A. Me personally the mask was up.
 25 Q. All right. Did you ever take the mask down?

1 A. Not when I had the less-lethal shotgun.
 2 Q. So you moved the mask up when you're ready to fire
 3 your shotgun?
 4 A. Yeah, I left it up most of the time while I was
 5 carrying the less lethal.
 6 Q. The other individual you said about 75 yards -- I
 7 know that I'm -- I'm -- I'm giving you that number, but it's
 8 more 25 yards -- that individual who was making something --
 9 A. Uh-huh.
 10 Q. With me? -- what was he making?
 11 A. So at one point -- and I have it notated -- or I
 12 believe Sergeant Kwant (phonetic) had it notated in the R2R
 13 packet that the officer near me said this gentleman was making
 14 a Molotov cocktail.
 15 Q. Okay. Was there any verification that was secured
 16 that he was making a Molotov cocktail? And, again, I'm not
 17 turning it into a murder case but I'm saying you saw somebody,
 18 it looked like they were making something. Your supervisor
 19 told you to impact them and you did, right?
 20 A. A supervisor. I'm not sure -- it wasn't mine
 21 specifically. We're all -- we worked with a shift at that time
 22 on 35. We were all spread apart, you know. But a supervisor
 23 pointed this individual out. I was able to get -- get eyes on
 24 him, saw the same thing where he was in a backpack in and out
 25 making something with like a bottle, maybe a rag. I deployed

1 you had spotters, you had supervisors also pointing people out
 2 but your level of discretion was whether you chose to shoot
 3 somebody or not. That was your level of discretion. Nobody --
 4 you didn't have to turn over to the supervisor and say, "Hey,
 5 can I shoot this guy?" You had the green light from the moment
 6 you came out of the van to impact people if you wanted to,
 7 right?
 8 A. If I felt it necessary, yes. It was necessary, yes.
 9 Q. If it was necessary and your decision?
 10 A. Yes.
 11 Q. Okay. Now, the higher level of discretion where
 12 you're deployed, right, at the overpass, in the highway, on the
 13 off streets, that's not in your discretion. You have to follow
 14 the orders where they place you, right?
 15 A. Were you asking me if I had discretion on where I
 16 went? Is that --
 17 Q. General areas. So, for example, when you dropped at
 18 the overpass at nighttime looking down off the crowd, that's an
 19 order that you take. They tell you to go to that overpass and
 20 position yourself there, right?
 21 A. Yes.
 22 Q. I'm just -- I know it's silly but I want the jury to
 23 understand what your level of decision is and then at what
 24 level you have to take orders because you do have to take
 25 orders from your superiors, right?

1 rounds at that individual and at that point they ran. They ran
 2 off. They didn't -- I obviously didn't see him again.
 3 Q. Okay. Did the supervisor tell you to fire or what
 4 did the supervisor say, right? Because that -- that could
 5 happen two ways. One is the supervisor could say, "That
 6 individual there making a Molotov cocktail, impact him." And
 7 the other is like, "Hey, I just want you to know that guy is
 8 there. Do what you want to do." Which one was it?
 9 A. It was more of a hey that guy looks like he's --
 10 watch out for that guy. Watch him. Because at that point more
 11 of the same and we kind of all developed this like spotters and
 12 less lethals because at this point in this line only people
 13 that can really use force were the officers with less-lethal
 14 shotguns because we learned real quick that people -- officers
 15 who didn't have less-lethal shotguns who tried to take action
 16 and go into the crowd would get surrounded by crowds forcing
 17 issues that didn't need to happen. So the spotter -- the
 18 spotter on Talley is like, "Watch that guy." I told most
 19 people, "Hey, watch that guy." And, again, whereas the police
 20 don't have to make that second call if they're going to impact
 21 somebody or not.
 22 Q. Okay. All right. Because -- because I did -- I sort
 23 of want to focus on what your level of discretion is as a line
 24 officer or a patrol officer in these situations. So in this
 25 situation on May 30th, 2020, what I'm hearing you say is that

1 A. Uh-huh.
 2 Q. And if they tell you to go to the overpass, then
 3 that's where you have to position yourself, right?
 4 A. Yeah, in short I go where I'm told and enforce where
 5 I can.
 6 Q. Right. And you have this -- this sliver of
 7 discretion or decision making that you have whether to fire the
 8 shotgun or not. That's your discretion, that's your call once
 9 you get the green light that you can fire, right?
 10 A. Yes.
 11 Q. Okay. All right. Let me come back before we took a
 12 break. How long was this crowd milling around the street below
 13 the overpass?
 14 A. Since -- since we were called to the 35 from the
 15 Capitol in the middle of the afternoon to the late morning.
 16 Usually the protests will kind of die down 3:00 -- 3:00, 4:00
 17 in the morning.
 18 Q. So about what time did you shoot your shotgun from
 19 the overpass?
 20 A. Night -- nighttime. Like, you know, 8:30, nine
 21 o'clock -- nine o'clock-ish. I'm not sure when we actually
 22 went up there. I don't know the exact time. I mean, 9:00 to
 23 midnight. I'm just not sure of the time.
 24 Q. Okay. Well, you said before that you thought you
 25 went to the overpass about 8:00 or 8:30, sometime at night,

Page 50

1 right? How long were you on the overpass before you fired your
 2 shotgun?
 3 A. Yeah, I don't -- I don't recall how long I was up
 4 there.
 5 Q. Did you -- did you fire it at midnight?
 6 A. Yeah, I mean, it's -- it's definitely easier for me
 7 to say that losing track of time was very -- it just happened
 8 down there because you're standing at -- standing at a spot for
 9 who knows how long and you go to the next spot and you stand
 10 there. You're just, you know, hypervigilant watching people.
 11 There's not really a time -- there wasn't really much time for
 12 me to stop, take out my phone, look at my time or look at my
 13 watch or anything like that. So I know for sure it was
 14 nighttime. It was dark. Nighttime May, June time usually
 15 sunset. Nighttime is 30 minutes after sunset. You know, May
 16 time sunsets around 8:20, 8:30. So 30 minutes after that it
 17 would be dark. And as far as me knowing how long I was on that
 18 bridge, I -- I can't recall.
 19 Q. Okay. Well -- and I understand you don't -- you
 20 don't want to give an answer that's incorrect. I understand
 21 that. But my question was you fired one shot from the overpass
 22 down into the crowd, correct?
 23 A. At a -- at one individual.
 24 Q. At one individual. That's fine, we can make that.
 25 You fired one shot from the overpass down at one individual

Page 52

1 northbound side looking at the northbound service road and
 2 then, you know, someone replaces us. Then we go to the
 3 southbound service road embankment kind of looking at the Main
 4 and then we rotate to 250, our parking corridors across the
 5 street from the Main, and we're getting water and sitting down
 6 for some times. Back on the embankment. Just kind of rotate
 7 everywhere until it kind of -- the protest starts getting, you
 8 know, rowdy and objects are being thrown. Nighttime is when
 9 we're directed to go up to the overpass.
 10 Q. So did you get any information at the time you go to
 11 the overpass how long that crowd had been milling in front of
 12 the police department?
 13 A. It -- I mean, they had been there since we got on 35.
 14 There's -- you know, there's -- throughout the protest there's
 15 been a constant crowd in front of the Main protesting the
 16 entire time.
 17 Q. Okay. Did you get any briefing information
 18 intelligence on who this crowd was and how long -- let me break
 19 it down.
 20 How long it had been there in front of the
 21 police department? Did you get any debriefing intel
 22 information from anybody on the police force?
 23 A. As far as I know, the crowd had been there since the
 24 29th. There's been a small crowd there May -- the night of May
 25 29th because I remember I was working patrol the night before

Page 51

1 while you were on the overpass, right?
 2 A. Yes.
 3 Q. You didn't fire four times up there, you fired one
 4 time up there, right?
 5 A. Yes.
 6 Q. Okay. Now, I just sort of want it to best of your
 7 ability box it in, right? I'm not asking I fired at 8:27 p.m.
 8 or I fired at 9:17 p.m. but from what you're saying it sounds
 9 to me like it was after sunset so it's after 8:30 but it was
 10 before midnight, right, but it even sounds like before
 11 10:00 p.m. So you could probably say it was between 8:30 and
 12 10:00 p.m. Is that -- is that fair? Again, I'm not asking for
 13 8:27 or 9:17 but I am looking for a range of time.
 14 A. Yeah, I -- I think that would be fair, 8:30 to
 15 10:00 p.m., 10:30-ish.
 16 Q. Okay, between 8:30 and 10:00?
 17 A. Yeah.
 18 Q. All right. So about what time did you get to the --
 19 down from the State Capitol when you cleared the highway which
 20 you said took 10 to 20 minutes, right, was it still light out?
 21 At what point do you remember -- where were you when it got
 22 dark at 8:00 to 8:30?
 23 A. I believe -- I mean, from the time -- you know, as
 24 far as my recollection is the sequence of events, right,
 25 clearing the highway, now I'm on the embankment on the

Page 53

1 and we had to pull officers from a crash that I was working and
 2 they had to go to the Main to help out.
 3 Q. To the main police station?
 4 A. Yes, on the 29th. So as far as I know there was a
 5 crowd there on the 29th. That's where it started.
 6 Q. And were you there on the 29th?
 7 A. No.
 8 Q. Okay. You just knew that other officers had been
 9 told to go there?
 10 A. Yes.
 11 Q. Why didn't you go? Because you were working the
 12 crash or what?
 13 A. Yeah, it was -- it was a rough crash so I had to go
 14 home.
 15 Q. Okay. All right. So on the 30th, okay, when -- when
 16 they order you to the overpass to position yourself at the
 17 overpass looking down on the crowd, did you have any
 18 information about how that -- how long that specific crowd had
 19 been in front of the police station?
 20 A. As far as like the crowd, I have like no -- like no
 21 specific information or intelligence to tell you that was the
 22 same people there in front of the main police station from the
 23 29th to the 30th. I assume it's just a constant rotation of
 24 people wanting to join the protest.
 25 Q. Okay. Well, as a police officer, there's -- there's

1 a concept called briefing, right?
 2 A. Uh-huh.
 3 Q. And so before you're sent on a specific task or job
 4 oftentimes you'll be given a briefing, correct?
 5 A. Correct.
 6 Q. And that will be a sergeant or a supervisor or
 7 someone will say, "Listen, guys. Here's the information you
 8 need. This is what our objective is. This is the rules of
 9 engagement." All those things happen in the briefing, right?
 10 A. Correct.
 11 Q. Did you get any briefings before you came to the
 12 overpass?
 13 A. Nighttime or Capitol?
 14 Q. Nighttime.
 15 A. Nighttime.
 16 Q. Thank you for clarifying.
 17 A. Yeah, so I believe we were down at 250 and we were
 18 directed by our supervisor, "Hey, the officers at the Main are
 19 getting hit with stuff. If you're near the bridge, we need
 20 officers up there now. That's going to be us. Let's go."
 21 Q. And why did they tell you they needed officers up
 22 above for this crowd in front of the police station?
 23 A. From what I recall we were told that they -- officers
 24 at the Main were getting hit with objects. You know, rocks,
 25 bottles. You know, there's fireworks going off, that type of

1 A. No, just other than what we were -- where we were
 2 going and why we were needed there.
 3 Q. And -- and if I can give it back, and you correct me
 4 if I'm wrong, but where you were going and why you were going
 5 there, you were -- where you were going is they told you to go
 6 to the overpass overlooking the crowd and why you were going
 7 there was to provide cover or protection for the officers at
 8 the police station, right?
 9 A. Yes.
 10 Q. Okay. So that that was where you were going and why
 11 you were going there?
 12 A. Yes.
 13 Q. Okay. All right. Let me ask you just generally
 14 about your experience in -- in deployments, I guess. You know,
 15 not -- well, do you have any military experience, Officer?
 16 A. No.
 17 Q. Okay. So good. So then "deployment" meaning --
 18 "deployment" is a fancy word for shooting, right? Deployment
 19 of less-than-lethal rounds, deployment of firearms, deployment
 20 of service weapons, that -- that means shooting, right?
 21 A. So different from what we were trained in the academy
 22 less-lethal shotgun and it's -- and I don't want to give you
 23 the wrong information. This is just me and I'm no firearms
 24 expert but from what I remember in the academy that the
 25 less-lethal shotgun they use the term "deploying" instead of

1 stuff. And most of the agitators were too far away from
 2 officers at the Main to deploy and go grab them because
 3 George -- the George officers -- downtown officers, they have
 4 more training, kind of mobile field force and like
 5 group-arresting tactics. So what they're used to is they're at
 6 the Main, they'll develop a plan, and they have a line set up
 7 at the Main steps. All right, they'll develop a plan. They'll
 8 send five, six officers out into the crowd, grab somebody, you
 9 know, pull them back to the Main. But the agitators, right --
 10 you have the protestors in front of the Main protest which is
 11 fine but the agitators would be behind that group throwing
 12 stuff over making it very difficult for the officers at the
 13 Main to go and grab them. So to deter and keep that coverage
 14 and to keep those agitators away we were told to go to the
 15 overpass to kind of, you know, help those officers and protect
 16 them from the people running from under the overpass throwing
 17 objects and running back further away.
 18 Q. Okay. But did you receive any briefings as far as
 19 who this crowd was, how long they had been there, who's in the
 20 crowd?
 21 A. From what I remember seeing, there was too many
 22 people to put different descriptors out for all those types of
 23 people.
 24 Q. Okay. So -- so, no, you did not have a formal
 25 briefing where they briefed you on this crowd?

1 "shooting" because it's not a firearm. It's less-lethal means,
 2 it's a bean bag.
 3 Q. Okay. Yeah, I'm (simultaneous speaking) -- sorry, go
 4 ahead.
 5 A. And that's why I refer to, you know, deploying a
 6 less-lethal shotgun as opposed to shooting it because that's
 7 what we were taught to -- that's how we were taught to phrase,
 8 you know, that type of language.
 9 Q. Okay. Sure, I understand that. And, again, I
 10 understand your different terminology but what you're saying is
 11 the terminology that we're taught to use is deploying a
 12 less-lethal shotgun and then discharging a firearm there's a
 13 difference there because less -- less-than lethal we call it
 14 deployment instead of shooting and firearm we call it
 15 discharging instead of firing. Fair enough? I mean, I'm --
 16 I'm not asking you to go through the police manual. I'm just
 17 saying that's the distinction that you're taught in the police
 18 force, right?
 19 A. Uh-huh.
 20 Q. Okay. You've been with the police department now --
 21 well, up until May 2020 -- I don't -- I don't need to talk
 22 about stuff after 2020 because it's -- you know, we're just
 23 going from the time you started up to 2020 so that was about
 24 three years as a police officer, give or take?
 25 A. Three years with the City. We -- we like to just --

Page 58

1 just count our street time so December of 2017.
 2 Q. Okay. Okay. More like three years? The academy is
 3 2016 and then we're moving up to May 2020, more like three
 4 years you're a police officer. How many times have you either
 5 discharged -- let me -- let me start there. How many times
 6 have you discharged a firearm during your time in the police
 7 department?
 8 A. Never.
 9 Q. Okay. So you've never fired your service weapon.
 10 And then on May 20th you deployed the less-lethal shotgun five
 11 times. Besides that, besides the five times in 2020 -- and I'm
 12 talking about patrol related, I'm not talking about training,
 13 okay, if that makes sense -- how many times discharged -- or
 14 excuse me, excuse me, deployed less-lethal shotgun besides
 15 these five times on May -- on May 30th, 2020? How many times
 16 have you done that during your time with the police department?
 17 A. About eight or nine times or -- not including the
 18 five, correct?
 19 Q. We're just -- yeah, not including the five. From the
 20 time you started as a police officer to May 30th, 2020.
 21 A. Okay. Zero times before that.
 22 Q. Okay. So zero times. So on May 30th, 2020, if I
 23 understand you correctly, that was the first time in the line
 24 of duty that you shot a less-than-lethal shotgun?
 25 A. Yes.

Page 60

1 into the less-lethal shotguns. You know, and it's a -- it's --
 2 they're cleaned and maintained the same way as shotguns --
 3 shotguns are.
 4 Q. Okay. Let me ask you a question and you answered my
 5 question. Thank you. The bean bags, do you load those into
 6 the shotgun individually before you fire? So, for example, on
 7 May 30th, 2020, you fired it five times. Do you have to reload
 8 it after every shot? How does that work?
 9 A. So it has the capability of holding four rounds
 10 without one being in the chamber so it's capable of five total
 11 if you have one in the -- in the chamber ready to go. But
 12 other than that you could have four in there and whenever
 13 you're ready you can slide a round -- or you can, you know,
 14 pump a round into it to get it, you know, ready to deploy.
 15 Q. So does that mean on May 30th, 2020, you had shot it
 16 four times I think at the overpass -- excuse me, four times on
 17 the highway and then one time on the overpass. Does that mean
 18 you had to reload it in between those two?
 19 A. Yes.
 20 Q. And what -- what does reloading look like? What do
 21 you do? Where do you have the bean bags? Where do you get
 22 them?
 23 A. So our supervisors had rounds and any time -- or
 24 pretty much it was just keeping your pockets full. You have to
 25 have my rounds in my cargo pants pocket and any time I needed

Page 59

1 Q. Okay. Did you receive any training about inspecting
 2 the less-lethal shotguns when you check them out?
 3 A. As far as like servicing the shotguns or cleaning
 4 them?
 5 Q. More -- more or less. What I'm asking is -- maybe I
 6 can help -- maybe I can help sort of focus it this way. So you
 7 received training and a yearly certification -- or a yearly
 8 test on the less-lethal shotguns, right, in firing them and --
 9 and, you know, the -- I guess can we call it an accuracy test?
 10 A. Yes. Proficiency/accuracy.
 11 Q. Sorry?
 12 A. Proficiency or accuracy.
 13 Q. Proficiency or accuracy. Any part of your training
 14 or certification with these shotguns about inspecting them,
 15 right, like servicing them I think is the term you used and
 16 that's kind of what I'm asking is servicing it, how it works,
 17 what the parts are, what -- you know, inspecting it, right, to
 18 make sure it's in working order, things like that. Any part of
 19 your training and certification to deal with that?
 20 A. In the academy, yes.
 21 Q. Okay. Can you tell me about that training?
 22 A. It's -- it's been awhile. You know, it's just we --
 23 there's lectures and Power Points that went over the
 24 functionality of less-lethal shotguns, yeah, I guess the parts,
 25 the slides, how it works, the bean bags that are used to put

Page 61

1 to reload, you know, put my less-than shotgun on safety and
 2 insert rounds into the tubing.
 3 Q. Okay. So between the time that you had fired it four
 4 times in the overpass you had to do that, right? You took the
 5 bean bag out of your cargo pocket and you loaded -- did you
 6 load four rounds in it?
 7 A. I loaded them until I -- until it was full.
 8 Q. Okay. So four?
 9 A. Yes.
 10 Q. Okay. Do you recall when you reloaded the shotgun?
 11 A. If there was -- if there was a break, I would
 12 reload -- I probably -- possibly more than likely reloaded
 13 every time I deployed a round.
 14 Q. Okay. So you'd fire it once and then you'd take
 15 another bean bag and put it in there and so now instead of
 16 having three you have four? You have a full chamber?
 17 A. Yes.
 18 Q. And so to your recollection then you probably
 19 reloaded four times?
 20 A. More than likely, yes.
 21 Q. Okay. All right. And is there any kind of
 22 notification or permission that you need to get when you
 23 reload? So what I'm asking you is that after you've fired the
 24 shotgun, do you have to tell anybody, "Hey, I'm reloading"?
 25 A. There were -- there were times where you would let

1 another officer near you also on a less lethal like, "Hey, I'm
2 reloading," to kind of pick up the area that you were watching
3 because everything was so dynamic that any second you could
4 have something thrown at you that person could be right in
5 front of you or at a distance where maybe a deployment would be
6 applicable or practicable so obviously if you were loading you
7 can't deploy and you just let someone around you know like,
8 "Hey, I'm going to back up, reload real quick," because it
9 takes time to manipulate until you get your rounds in there.

10 Q. So you would mention to somebody that you're
11 reloading so that they could cover you if something happens,
12 right?

13 A. Yes.

14 Q. But -- but my question is do you have to get any kind
15 of approval or go to a sergeant or go to somebody in line and
16 say, "Hey, listen, I want to let you know I'm reloading. I've
17 discharged, you know, two times, three times, whatever"? Is
18 that any protocol that you follow?

19 A. No.

20 Q. And how many bean bags are you given? So on May 30th
21 how many do they give you? You know, are your cargo pants like
22 ten rounds or how -- what do they give you?

23 A. As far -- they're full as far as I remember. You
24 know, as many rounds you can probably fit in a regular cargo
25 pants pocket and 10 -- 10 to 15 of those bean bags.

1 Q. So you had mentioned a spotlight or a flashlight
2 somehow that officers from the overpass were pointing at
3 particular individuals. Was that a -- was it a hand-held
4 flashlight? Was it like a spotlight on a patrol vehicle? What
5 was it?

6 A. Hand-held flashlights.

7 Q. Hand-held flashlight. And who was doing that?
8 People who didn't have the shotguns?

9 A. Yes.

10 Q. Okay. How many people were holding flashlights to
11 your recollection and pointing them down onto the crowd?

12 A. As many people as were less-lethal shotguns and I
13 can't remember on our shift. I think on our shift up there at
14 least my shift of 14 probably at least five of us had less
15 lethals to my best guess.

16 Q. Okay. What about in front of the police station? Do
17 you have any idea how many less-than-lethal shotguns they had?

18 A. At the officers at the Main?

19 Q. Yes, sir.

20 A. I don't know. I have no idea.

21 Q. But you were aware they had them, right?

22 A. I was -- I would assume they had them.

23 Q. Did -- did anybody brief you and tell you that the
24 officers at Main had the shotguns?

25 A. No. No, sir. That was mostly -- I didn't have any

1 Q. Okay. So you had about 10 to 15 rounds?

2 A. Yes.

3 Q. So do you receive any training about inspecting the
4 rounds to see if they're functional, if they're expired, if
5 they're defective, any of that?

6 A. Not that I recall.

7 Q. And how big are these bean-bag rounds? Can you
8 estimate? And we'll put on the record with some kind of
9 estimation but just show us how big these rounds are?

10 A. As far as the tubing they're in or actual bean bags?

11 Q. Both.

12 A. The tubing I would estimate to be about like three
13 inches, like one inch in diameter, and the bean bag once it's
14 deployed is about, you know, two inches in diameter. That's
15 the ball. Small two-inch sphere.

16 Q. And, you know, these bean bags, they -- they can hurt
17 people obviously, right?

18 A. Yes.

19 Q. If they hit certain parts of the body, there can be
20 very serious injuries, right?

21 A. Yes.

22 Q. And, you know, they're less than lethal but that
23 doesn't mean that they can't cause serious bodily injury,
24 correct?

25 A. Correct.

1 interaction with those guys at the Main because those are
2 mostly the George -- the downtown officers and at no point
3 during those first two days did I go into the Main or interact
4 with those officers over there.

5 Q. Okay. But they were on radio -- constant radio
6 contact with you officers at the overpass, right?

7 A. Uh-huh, yes.

8 Q. And so were you made aware at any point that they had
9 shotguns, too?

10 A. No, that's not necessarily something that we would
11 radio to each other.

12 Q. So was it fashioned then that the officers at Main
13 were relying on the officers at overpass to utilize their
14 shotguns?

15 A. Yes.

16 Q. Okay. So did you have knowledge that the officers at
17 Main also had shotguns or -- well, let me ask it that way. Do
18 you have any information that they had shotguns?

19 A. I can only assume. I'm not sure of the resources
20 they had. I know they're available to them but I'm not sure
21 what they had on the steps with them.

22 Q. Okay. But it would be safe to assume if they're
23 protecting the main police station in Austin that they have
24 some means to deter the crowd or push the crowd away, right?

25 A. Yes.

1 Q. When -- when officers were shining the flashlights on
2 particular individuals, were they encouraging other officers to
3 fire at them?

4 A. No. The -- the communication -- the whole idea was
5 to spot individuals who we thought posed a threat to other
6 officers, right? So the idea is the flashlights -- because
7 obviously I'm -- I'm watching the crowd as well, not only
8 relying on my spotter at that time I'm watching the crowd as
9 well. He's watching the crowd and the idea is we communicate
10 like, "Hey, I think I see someone. Watch them." And then I
11 would direct my attention to that person, right, with the
12 flashlight on them and it wasn't a whole bunch -- the
13 flashlights aren't constantly on. We -- they turned them on at
14 specific moments at specific people so there's no confusion
15 about who we're talking about.

16 Q. Do you recall anyone saying -- saying something to
17 the effect of, "Go after the guy in the red shirt" when they
18 flashed a spotlight on him?

19 A. No, I don't recall that.

20 Q. Was the -- was the idea of shining the flashlight to
21 assist the officer shooting the shotguns?

22 A. Yes, to direct -- direct their less-lethal officers
23 to that person. Kind of a pay attention and watch this guy.

24 Q. Okay. And -- and was it in any way intended to help
25 get them visibility to -- to shoot that person? So, in other

1 MR. BARTON: You can go ahead and answer.

2 THE WITNESS: No.

3 Q. (BY MR. DEMIK) And the idea is to shoot the
4 less-than-lethal shotgun the least amount of times so you give
5 the individual the idea but you don't just try and hurt them,
6 right?

7 A. I'm sorry, say that one more time?

8 Q. Sure. And let me get closer to my telephone.

9 The idea and what you're trained in is that you
10 shoot them only the number of times that it takes, right, to
11 deter them. I mean, you don't -- you don't keep shooting them
12 to inflict pain, correct?

13 A. Correct.

14 Q. And so if you shoot an individual one time and they
15 flee, you're not supposed to shoot them again, are you?

16 A. No. In -- in most circumstances, no.

17 Q. Okay. What circumstances would you do that, would
18 you shoot someone again after you shot them once and they had
19 complied?

20 A. And they hadn't complied or --

21 Q. They had complied.

22 A. Well, it wasn't necessarily -- I -- to be specific
23 and to flush it out, sometimes I work with a specific unit, the
24 Violent Crime Task Force, in which we apprehend -- we try and
25 apprehend, you know, people who commit serious violent

1 words, to get them a better view when they fired the shotgun?

2 A. It was more an idea so there would be no confusion
3 about who we're talking about.

4 Q. And -- and in an effort to prevent confusion they
5 used hand-held flashlights?

6 A. Yes.

7 Q. So the idea of bean-bag rounds and less-than-lethal
8 shotguns is -- is a deterrent, right? I mean, this is what
9 you're trained in. You don't want to kill somebody, right?

10 A. Yes.

11 Q. But you want to deter them. You want -- you want a
12 crowd to disperse, you want an individual to -- to flee a
13 certain area. That's the reason why you use these shotguns,
14 right?

15 A. Correct.

16 Q. And the idea is that if you shoot somebody with a
17 shotgun, they're going to run the other direction or -- or in
18 some sense be subdued to go away from you, right?

19 A. Yeah, or stop their immediate action.

20 Q. Okay. And so if an individual is, for example,
21 crouched in a fetal position on the ground, okay, is that an
22 instance in which you would impact them with a less-than-lethal
23 shotgun?

24 MR. BARTON: Object to the form.

25 Q. (BY MR. DEMIK) That's fine. You -- you can answer.

1 offenses. That point when we're trying to, you know, inflict
2 an arrest and I've done it before where I've deployed a
3 less-lethal shotgun multiple times from a fleeing subject
4 knowing that he's a danger to the community. So that's a
5 specific circumstance where I'm deploying multiple rounds for a
6 fleeing suspect.

7 Q. Well, but you've never done that, right, because the
8 only time up until May 2020 -- and, again, maybe it's a timing
9 thing, maybe it's that -- but from the time you started the
10 police academy in May 2017 to May 30th, 2020, you hadn't done
11 that, right?

12 A. Yeah, up to that point but after the fact you
13 mentioned that I wouldn't impact some -- a fleeing subject but
14 I have in my career. It's just a specific circumstance where
15 you could impact a fleeing subject multiple times. It just
16 depends.

17 Q. Okay. Did you have any information or knowledge of
18 anybody in that situation in this crowd in front of the main
19 police station on May 30th, 2020?

20 A. I think I covered you up on the first part of that.

21 Q. Sure. Did you have any information or knowledge that
22 anyone in the crowd in front of the main police station on May
23 30th, 2020, was one of those individuals that you had just
24 described?

25 A. No, not to my recollection.

1 Q. Well, is -- is that something you would note?
 2 A. Would note?
 3 Q. Yes. Would you put that in a report? You said
 4 somebody who is a danger to the community, fleeing, serious
 5 felony offense, that's something you would write a report on,
 6 right?
 7 A. Yes.
 8 Q. You did not write one of those reports pertaining to
 9 May 30th, 2020, did you?
 10 A. No, I did not, no.
 11 Q. Were -- did you have any e-mails or electronic
 12 communications with regards to this event on May 30th, 2020?
 13 I'm talking about e-mails to fellow officers, I'm talking about
 14 e-mail communication -- electronic communications with
 15 supervisors, sergeants or anyone else.
 16 A. No.
 17 Q. Did you have any information on what you were heading
 18 into? Okay, so on May 30th -- I think you said you worked on
 19 May 29th and you investigated a pretty serious crash. What --
 20 what was that? Can you tell me a little bit about that? And,
 21 again, I'm not -- that's not this case but I just want for
 22 context what was that crash? Was it like on the highway? Was
 23 it a truck? What was it?
 24 A. It was a fatality crash with a couple of kids.
 25 Q. Oh, geez, I'm sorry. A pretty serious event. Where

1 did it happen?
 2 A. At east State Highway 71 and 130 out past the
 3 airport.
 4 Q. Is that -- is that on the highway?
 5 A. Yeah, the service roads but, yeah, the highway.
 6 Q. Okay. So that was on May 29th and I imagine you
 7 remember that pretty vividly because it was serious?
 8 A. Yes.
 9 Q. And a very -- a very difficult part of your job to
 10 have to deal with those things, I imagine?
 11 A. Uh-huh.
 12 Q. So on May 29th you went home. And then the middle of
 13 the afternoon on May 30th you started the shift what -- what
 14 we're talking about in this case. I guess in general -- in a
 15 general manner I'm asking you did you have any information --
 16 did anybody tell you what you were going to walk into on the
 17 30th? Did you have any idea?
 18 A. From what I remember, the night of May 29th it
 19 wasn't -- it was not that large of a crowd. It was a smaller
 20 crowd protesting. I think what -- what really kind of enhanced
 21 the shock factor was like officers on the 29th -- officers from
 22 citywide evening shifts were told to hold over, to work longer
 23 after the end of their shift to go down to Main to help and
 24 that was a misuse of resources. They didn't need that many
 25 officers on May -- on May 29th. So when I got to work the next

1 day, they're like, "Last night it was just -- it was kind of
 2 calm. It wasn't that craz -- it wasn't crazy at all. I don't
 3 know why we were there." And then May 30th, yeah, happened.
 4 Q. I think I understand what you're saying and I think
 5 it happens in some context is that officers were given -- to
 6 your knowledge -- this is only your knowledge. I'm not asking
 7 you to testify as Chief of Police or anything of that but to
 8 your knowledge, Officer, people had been called in to work,
 9 forced to work on the 29th and things were rather calm?
 10 A. Yes.
 11 Q. More or less. And -- and so what that sort of was
 12 was a miscalibration, and I understand you can't predict what's
 13 going to happen, but then on the 30th it was much more active,
 14 it needed much more personnel, much more attention to police
 15 officers than on the 29th, right?
 16 A. Yes.
 17 Q. But -- but on the 29th, you know, a lot of these are
 18 the same officers. They had to work on the 29th and so I don't
 19 know what you call that. When I was waiting tables we call it
 20 like working a triple or something. What -- what is that
 21 called in the police force?
 22 A. Where officers are --
 23 Q. Have to work like extended hours, like pretty serious
 24 hours. Twelve-hour shifts and the emergency protocol that you
 25 talked about that --

1 A. Yeah, we have -- we still have to -- I think for the
 2 most part departments still have to adhere to the policy that
 3 an officer can only work 16 hours within a 24-hour period. But
 4 as far as like mandatory -- we call it holding over, mandatory
 5 when your shift ends so let's just say, for example, we were
 6 the 4:00 -- 4:00-p.m.-to-2:00-a.m. shift. When our shift ended
 7 at 2:00, the department is like, "Hey, mandatory holdover.
 8 Anybody that -- you know, all these evening shifts that are
 9 about to go off? Y'all go to the Main until further notice."
 10 That's what you call it.
 11 Q. Right. And that had happened to quite a few officers
 12 from the 29th to the 30th?
 13 A. Yes.
 14 Q. Now, getting back to it -- and I understand the 29th,
 15 you know, you had some anecdotal information but going into the
 16 30th did anybody from the police department, you specifically,
 17 sort of prepare you for, "Hey, it's a lot -- it's a lot rougher
 18 or a lot more people or whatever the extenuating circumstances
 19 are on the 30th as compared to the 29th"? Does that make
 20 sense? Does that question make sense?
 21 A. Yeah, it makes sense but, no, there was -- there was
 22 no information like given out to like, "Hey, be prepared, it's
 23 going to get rowdy out there." I mean, even at the Capitol it
 24 wasn't. For me personally this being my first time being
 25 involved in a situation like this me personally it just -- it

Page 74

1 wasn't eye opening at the Capitol until we got to 35 and at
 2 that point it -- it seemed out of control.
 3 Q. From the Capitol to the police station?
 4 A. On the 30th, yes.
 5 Q. Okay. Now, at the time -- let me ask you just two
 6 follow-up questions to that.
 7 At the time you were at the overpass, right, and
 8 your body-worn camera is on and you're there with your shotgun
 9 and the -- the other officers are sort of on that line going up
 10 and down on the -- on the overpass on the highway, would you
 11 describe the crowd at the bottom as out of control?
 12 A. I'm sorry, we're talking about daytime or nighttime?
 13 Q. Nighttime.
 14 A. Nighttime? I would honestly describe the crowd at
 15 the front steps at Main as more -- just more of actual
 16 protestors. Signs, chants, young screaming. But it was the
 17 members underneath the bridge and like the in between in kind
 18 of the no man's land that were the agitators that were just out
 19 of control. You know, cars being set on fire, mattresses being
 20 set on fire, fireworks, rocks, stones, sticks, bottles, all
 21 that kind of stuff.
 22 Q. On May 30th, 2020, were there any cars set on fire?
 23 A. Yes.
 24 Q. At the police station?
 25 A. Underneath the bridge right where we were standing.

Page 76

1 A. Ten o'clock-ish to midnight-ish I would guess.
 2 Q. Was that before or after you had fired your shotgun
 3 from the overpass?
 4 A. I believe that was after.
 5 Q. So let's -- let's talk about before you fired your
 6 shotgun. So that's good, you're sort of making
 7 distinguishments in time and that's good. It helps us be more
 8 accurate. But from the time you went to the overpass until the
 9 time you fired your shotgun, right, would you describe that
 10 crowd as out of control?
 11 A. Partially, yes.
 12 Q. What does "partially" mean?
 13 A. And it wasn't everybody. Not everybody out there was
 14 in riotous behavior. There -- there were just, you know, a
 15 good amount -- a good amount of agitators that, you know,
 16 turned the protest into, you know, more a rioting and looting
 17 type of situation.
 18 Q. Would you characterize that crowd in front of the
 19 police department up until the time you fired your shotgun as a
 20 riot?
 21 A. The crowd directly in front of the officers in the
 22 Main? No, I wouldn't categorize them as a riot, no.
 23 Q. Okay. Was there a riot happening -- from the time
 24 you went to the overpass until the time you had fired the
 25 shotgun, would you characterize any area as a riot in that

Page 75

1 We -- it was getting to the point where we were inhaling smoke
 2 and had to move a little bit further north on the proper away
 3 from the smoke.
 4 Q. Okay. What kind -- would that -- well, that must
 5 have been during the daytime, right, because then at the night
 6 is on the overpass?
 7 A. Yeah, it was nighttime we were called the cars were
 8 set on fire.
 9 Q. Okay. What kind of car was it?
 10 A. Sedan if I remember right.
 11 Q. And where was it located?
 12 A. It was located underneath the overpass or right
 13 underneath the overpass I think -- I believe on 7th Street.
 14 Q. And was the fire department called?
 15 A. Yes.
 16 Q. And what did they do?
 17 A. They had to wait for us to escort them up there. For
 18 officers, not us, but officers to come from the Main, they had
 19 to, you know, generate a plan, come out with probably 20
 20 officers and then walk the fire department to the car so the
 21 protestors wouldn't surround them and, you know, at that point
 22 we had to kind of move over as the over watch into the smoke
 23 just to provide coverage for those officers and the fire
 24 department.
 25 Q. About what time was that?

Page 77

1 vicinity? I'm not talking about suburbs or something like
 2 that, I'm talking about in that vicinity, was there a riot
 3 going on?
 4 A. Yeah, a handful of -- you know, obviously there's
 5 definitely more than three people engaging in riotous behavior
 6 so, yes.
 7 Q. So there was no riot in front of the police station
 8 but there was a riot behind the protestors at the police
 9 station?
 10 A. Yes.
 11 Q. Okay. You've mentioned this term a few times,
 12 "agitator." What is an agitator?
 13 A. So the idea of a protest is, you know, to get -- you
 14 know, get a point sent to -- you know, send your message --
 15 First Amendment rights -- First Amendment rights and we all
 16 understand what was going on at that time. Yeah, like there's
 17 -- there's no argument from me about what wrong was done during
 18 that time, right? But the people -- agitators -- agitators I
 19 described is the people that are just literally destroying the
 20 message just wanting to see and create mayhem which includes,
 21 you know, obviously the fireworks, cars setting on fire,
 22 mattresses set on fire. You know, a gentleman was apprehending
 23 later that night after making a Molotov cocktail right near the
 24 Main. Just those certain people.
 25 Q. Okay. That's not the individual on the overpass that

Page 78

1 you shot with the shotgun who was making the Molotov cocktail,
 2 you're talking about a different one?
 3 A. Yes.
 4 Q. Okay. The individual on the overpass, again, did
 5 anybody confirm that he was making a Molotov cocktail? Did
 6 anybody go seize his bag and find gasoline and lighters and any
 7 of that?
 8 A. The daytime one, no. The nighttime one, yes.
 9 Q. Okay. And nighttime after you shot your shotgun?
 10 A. I believe so, yes.
 11 Q. What does an agitator look like?
 12 A. There's -- there's no specific look as far -- the
 13 looks aren't anything. It's actions of somebody.
 14 Q. Okay. What does a protestor look like?
 15 A. Again, it's not necessarily looks, it's just the
 16 actions.
 17 Q. Okay. So somebody who is an agitator could look like
 18 a protestor?
 19 A. Yeah. Yes.
 20 Q. And somebody who is a protestor could look like an
 21 agitator?
 22 A. It's sort of racist. Again, it's nothing to do with
 23 looks. It's just all about actions.
 24 Q. So -- and that's what I'm sort of asking is if it
 25 doesn't have anything to do with looks, then how do you tell

Page 80

1 MR. BARTON: Object to the form.
 2 THE WITNESS: Correct.
 3 Q. (BY MR. DEMIK) Right. And so you're really --
 4 you're -- you're talking about the decision of each individual
 5 officer, aren't you?
 6 A. We're talking about my decisions here today which is
 7 -- I guess I'm focused on my decisions that I made that night,
 8 that day.
 9 Q. Sure. And your decisions could differ from another
 10 officer right next to you, couldn't they?
 11 A. Right.
 12 Q. And they could differ from an officer five people
 13 down in a line from you, right?
 14 A. Correct.
 15 Q. And so that's what I'm asking you. We're talking
 16 about an individual assessment of who's an agitator and who's a
 17 protestor. There's no sergeant saying, "He's an agitator,
 18 she's a protestor, she's an agitator, he's a protestor." It's
 19 your own individual decision, right?
 20 A. Right.
 21 Q. And you have to make it sometimes in a split second,
 22 don't you?
 23 A. Correct.
 24 Q. And we can all make mistakes, right?
 25 A. Correct.

Page 79

1 who is an agitator and a protestor in a group of 100 people in
 2 front of you? It must be very difficult, right?
 3 A. No, not necessarily. I mean, just whoever is trying
 4 to inflict injury on someone else, you know, or, you know --
 5 and I use -- you know, I want to use it loosely but, you know,
 6 whoever like disrupts the peace, right? The fact that they're
 7 protesting and trying to get their message across whether it be
 8 yelling or talking, screaming through megaphones, blow horns,
 9 whatever the case, it's all fine until fires are set, fireworks
 10 are thrown into crowds, bottles, rocks are being thrown. At
 11 that point I can distinguish a person who's, you know, talking,
 12 getting a message across, I can differentiate that person from
 13 someone who is, you know, engaged in that kind of behavior.
 14 It's -- it's distinguishable. It was easy for us to -- easier
 15 for us to see.
 16 Q. Well, you're human and you make mistakes I assume,
 17 Officer, like all of us?
 18 A. Right.
 19 Q. And -- and you could make a mistake in whether you
 20 determine somebody was an agitator or a protestor? It's
 21 possible you make a mistake especially if there's a crowd of
 22 more than 100 people in front of you, right?
 23 MR. BARTON: Object to the form.
 24 THE WITNESS: It's possible.
 25 Q. (BY MR. DEMIK) And nobody is perfect, right?

Page 81

1 Q. Did you see any other officer fire a shotgun at
 2 somebody who you weren't sure if they were an agitator or not
 3 on May 30th, 2020?
 4 A. No, not at all.
 5 Q. Did you pay attention to any of the protestors that
 6 other officers were shooting? I use -- let me back up because
 7 I really -- I want to be fair. I used the word "protestors."
 8 We've made that distinction so I want to strike that and I want
 9 to ask it of you this way.
 10 Did you see any other officer shoot an
 11 individual or did you pay attention to any of the individuals
 12 that other officers were shooting?
 13 A. Yeah, I did see individuals get impact -- impacted
 14 with less-lethal shotguns.
 15 Q. Okay. And why didn't -- why didn't you fire at them
 16 as well? If you saw another officer impact an individual and
 17 you didn't fire, why didn't you fire?
 18 A. My guess is I didn't see the initial. I was probably
 19 pay -- I was paying attention to something else and, you know,
 20 peripheral vision I saw someone get impacted but I didn't see
 21 the actions leading up to that event so, therefore, you know, I
 22 didn't impact that individual.
 23 Q. So you're sort of limiting your decision of who to
 24 shoot or impact based on what your own eyes see?
 25 A. Yes.

1 Q. And your eyes see something different than every
2 other officer's eyes see because that's how human nature works,
3 right?

4 MR. BARTON: Object to the form.

5 THE WITNESS: Correct.

6 Q. (BY MR. DEMIK) Were you there when an individual
7 drove into the crowd? I'm talking about the crowd in front of
8 the main police station, were you there when an individual
9 drove a car through that crowd?

10 A. At nighttime?

11 Q. Any time.

12 A. I mean, yeah, I was -- I was there at the Main for
13 the -- you know, the middle of the afternoon all the way
14 through nighttime so if it happened within that period, then I
15 was there.

16 Q. Okay. Were you there when an individual drove I
17 think a white car into the crowd?

18 A. Yeah, I was -- yes, I was -- where? I mean, over the
19 overpass? I mean, I was in that vicinity if I was there.

20 Q. Can you tell us what happened during that?

21 A. Honestly, I can't recall -- I don't recall that
22 specific event of the car coming into the crowd.

23 Q. Do you recall a white car coming into the crowd and
24 officers from the main police station coming down and removing
25 that person from the car?

1 A. So, I mean, obviously in prep for this I reviewed
2 that video but, you know, prior to reviewing the video I didn't
3 remember that at all.

4 Q. Did you see it on the video? I'm confused.

5 A. Yeah, in reviewing for this prep I watched that video
6 but prior to reviewing that video, you know, prepping for this
7 I didn't recall it prior to.

8 Q. Okay. So when you watched the video, did it refresh
9 your recollection as to what happened on May 30th, 2020?

10 A. No, not really, no.

11 Q. Watching the video of -- what video are you talking
12 about? What video specifically did you review?

13 A. If we're referring to the same thing, I guess a
14 silver car or SUV was stopped in the southbound service road
15 right at 8th Street and, you know, there were protestors in
16 front of it and officers from Main had to come and get the --
17 that -- that individual from the car out and then the officers
18 drove the car like out of the area. I'm not sure what happened
19 with that whole situation.

20 Q. Where were you -- where were you when that happened?

21 A. I believe I was on the overpass at that time.

22 Q. So do you recall observing that?

23 A. Yeah. Like I don't recall it -- yeah, prior to, you
24 know, what's described in the video I saw, prior to that I
25 didn't recall and even after the fact I still don't recall it,

1 you know, personally. My own memory or recollection I don't
2 recall that situation or that incident.

3 Q. Okay. Well, I mean, I'm not trying to be too
4 lawyeristic but if I don't remember what happened last week,
5 it's perfectly understandable, but if somebody shows me a video
6 of me going down a water slide with my kids, I'd be like,
7 "Okay, I remember that now, right? I saw the video." I didn't
8 remember it prior to seeing the video but once I saw it I'm
9 like I remember where that happened. That happened at
10 Schlitterbahn in New Braunfels, Texas. You can tell I'm fresh
11 off vacation. But I -- I remember that video, right? So when
12 I see the video, it refreshes my recollection and now I
13 remember, yes, I was there, I saw it and, et cetera. So let's
14 apply that to your situation.

15 You didn't recall this car coming through the
16 crowd before you saw the video. Then you watched the video to
17 prepare for your deposition, right? Did that refresh your
18 recollection of witnessing that event?

19 A. Yeah. No, like I don't remember that, you know,
20 incident happening. I guess it just wasn't a significant event
21 for me to commit that to memory. There were plenty of things
22 that happened at night where, you know, something would jog it
23 but this one honestly it just didn't jog my memory of anything.

24 Q. Okay. Well, would you agree with me that a car
25 driving through a crowd of protestors is a pretty significant

1 event in your line of work?

2 MR. BARTON: Object to the form.

3 THE WITNESS: It happened multiple times that
4 night so, I mean -- and from the video I saw I guess when it
5 started it was already stopped so I don't know like actually
6 how it got to that point but, yeah, on like -- it just -- this
7 specific event like it didn't, you know, jog any type of memory
8 of that happening that night.

9 Q. (BY MR. DEMIK) Okay. Well, let me ask you this way.
10 Are you aware of the protest in Charlottesville, Virginia where
11 an individual ran over a protestor and killed her?

12 A. Not -- I don't remember -- I don't recall the details
13 or specifics specifically on that.

14 Q. You don't remember when there were protests -- White
15 Supremacists in Charlottesville, Virginia, there were massive
16 protests there and an individual ran over a group of protestors
17 and he killed a female? Do you recall seeing that on the news
18 or Donald trump making a statement about it?

19 MR. BARTON: Object to the form.

20 THE WITNESS: I do not.

21 Q. (BY MR. DEMIK) Would you agree with me that if a car
22 is driving through a group of protestors who were in the street
23 exercising their First Amendment rights, that could potentially
24 hurt or kill somebody, couldn't it?

25 A. Yeah, of course.

Page 86

1 Q. So on May 30th, 2020, do you dispute that a car drove
 2 into this crowd in front of the police station?
 3 A. No, not after I reviewed the video. There's no way
 4 for me to dispute it.
 5 Q. And what happened was the group -- a group of
 6 officers from the line in front of the police station came into
 7 the crowd and removed that woman from the vehicle, correct?
 8 A. Yes, after review of the video, yes, that's what I
 9 saw on the video.
 10 Q. And one of the officers got in the car and drove it
 11 away?
 12 A. Correct.
 13 Q. Did anybody impact that woman with less-than-lethal
 14 shotguns?
 15 A. In the video I didn't see anybody do that.
 16 Q. Where were you when that happened? You were on the
 17 overpass?
 18 A. I believe so, yes.
 19 Q. Okay. And you were looking down into the crowd?
 20 A. If I was up there then, yes, I was looking down into
 21 the crowd.
 22 Q. And you saw these officers come from the line into
 23 the crowd, remove the woman from the car, right?
 24 MR. BARTON: Object to the form.
 25 THE WITNESS: And, again, like only after

Page 88

1 individual from the overpass that was an agitator in your view?
 2 A. Yes.
 3 Q. And you recall the details of that?
 4 A. Yes.
 5 Q. You recall seeing the person?
 6 A. Yes.
 7 Q. And what did they do to make you shoot them?
 8 A. They threw an object at the officers at the Main.
 9 Q. What was the object?
 10 A. I think it was lighter fluid. I think it was a
 11 bottle.
 12 Q. Okay. What -- what kind of bottle? Glass bottle?
 13 Liquor bottle?
 14 A. I believe probably after -- I'm not sure. A water
 15 bottle. Plastic water bottle, I believe.
 16 Q. Okay. And you -- you recall vividly seeing that
 17 because that was your justification for shooting, right?
 18 A. Yes.
 19 Q. You recall shooting the person one time?
 20 A. Yes.
 21 Q. Right? What did they do when you shot them?
 22 A. They began to fall to the ground.
 23 Q. And then what happened?
 24 A. When I deployed, he was still standing up and then
 25 I'm essentially just watching my bean bag like so I'm looking

Page 87

1 reviewing the video like I can give you answers about what
 2 happened but my personal memory of that specific event I -- I
 3 just -- I can't -- I can't recall -- I don't recall that
 4 situation.
 5 Q. (BY MR. DEMIK) Well, I guess -- I guess, again, I'm
 6 not trying to state a point but, you know, if somebody else
 7 took a video of something I didn't see, that's -- that's not in
 8 my personal knowledge. If somebody took a video of something
 9 happening in Wimberley, Texas and I wasn't there, so I don't
 10 have any recollection of that. You can show me the video and I
 11 can say, okay, I guess that happened but I wasn't there, I
 12 didn't see it. There's that. And then there's my kid on the
 13 water slide in New Braunfels, Texas. I was there, I did see
 14 it. I was standing next to the person who took the video. I
 15 saw it and now I've seen the video and I recall it and that's
 16 what happened. Which one of it is this?
 17 MR. BARTON: Object to the form.
 18 THE WITNESS: So, yeah. If someone were to tell
 19 me, "Hey, this happened that night. You were there," I would
 20 still say I don't remember that and even after watching the
 21 video I can sit here and say like I don't remember that
 22 happening. But it doesn't necessarily negate that it did
 23 happen because it did happen but I -- my personal memory
 24 isn't -- you know, it's just not saved up there.
 25 Q. (BY MR. DEMIK) So you do remember shooting an

Page 89

1 down the barrel following, you know, my sight -- my line of
 2 sight and watching the bean bag fly through the air and, you
 3 know, pretty instantaneously he's hit multiple times as he's
 4 falling to the ground.
 5 Q. What was he wearing?
 6 A. A white T-shirt.
 7 Q. What did he look like?
 8 A. I couldn't tell you. I know he was a male. I
 9 couldn't tell you his, you know, race or necessarily anything
 10 like that.
 11 Q. Sure. So you recall those details vividly because
 12 you shot an agitator with your shotgun per, you know, policy
 13 and procedure and you remember all the details because what you
 14 did in your eyes was totally appropriate and justified, right?
 15 A. Uh-huh, yes.
 16 Q. Okay. But you don't remember this car coming through
 17 the crowd?
 18 A. No.
 19 Q. You don't recall who was driving?
 20 A. No. I don't think I ever saw the person.
 21 Q. You don't recall if any officers came off the line
 22 and took her out of the car?
 23 A. Prior to reviewing the video, no.
 24 Q. Well, after reviewing the video did you recall it or
 25 did you still not recall it?

Page 90

1 A. No. Yeah, my only knowledge of this event is the
 2 video.
 3 Q. Okay. That's fine. But I'm just -- I'm taking you
 4 at what you're saying. I watched the video and I still don't
 5 recall.
 6 A. Yes.
 7 Q. Okay. So you watched the video of the woman in the
 8 car. Still don't recall her being taken out of the car, right?
 9 MR. BARTON: Object to the form.
 10 Q. (BY MR. DEMIK) You -- you don't -- you said you
 11 don't recall that, I believe, correct?
 12 A. Yeah, after the fact. I mean, I know on the video.
 13 I watched the video I know exactly what happened in the video
 14 but before and after there's nothing -- like there's no
 15 personal memory other than what I can tell you I saw in the
 16 video.
 17 Q. Okay. So after watching the video you still don't
 18 have any personal recollection of what you viewed and what you
 19 observed with relation to the car?
 20 A. Yes.
 21 Q. Okay. Did you get any intelligence -- so I think you
 22 -- you had touched about this before. You understand what the
 23 protestors were protesting about. What in -- what in your view
 24 or your words were the -- were these protests about? And --
 25 and I understand you're not the protestor, you're not in the

Page 92

1 behind both protests -- both sides were the same. It's just
 2 unjust police practices.
 3 Q. (BY MR. DEMIK) Okay. Is there a difference in your
 4 understanding between the level of volatility or tactics or
 5 protest techniques between the two?
 6 A. No. And I guess I want to add on to those two
 7 brigades -- to those two groups that we also had intelligence
 8 that ANTIFA protestors were also in the midst.
 9 Q. Okay. Okay. Is it true that the Mike Ramos Brigade
 10 is a group that has a reputation for being more violent in your
 11 view?
 12 A. Honestly, if -- that was the first time -- I'm trying
 13 to get the sequence of events. I think Mike Ramos was '20 --
 14 was it -- I think it was just -- I think it was a couple months
 15 before so that was the first time they kind of -- to my
 16 knowledge kind of mobilized. They kind of added their voice to
 17 the George, you know, Floyd protests nationwide specifically
 18 for Austin. So I had no knowledge of them until those protests
 19 started on May 30th.
 20 Q. Okay. Well, did anybody give you any information on
 21 the Mike Ramos Brigade having a reputation as being more
 22 violent?
 23 A. No.
 24 Q. Were you given any information that anyone from the
 25 Mike Ramos Brigade, this Mike Ramos Brigade, was present in

Page 91

1 crowd. I totally understand that. I'm asking from your
 2 vantage point as a police officer on May 30th, 2020, what were
 3 these protests about?
 4 A. The protests were in response to the George -- the
 5 George Floyd incident in Minneapolis and then in addition to
 6 that we had protestors with the Michael Ramos Brigade so I kind
 7 of combine the two.
 8 Q. Okay. Tell me a little bit about that. What's --
 9 what's the difference between the Michael Ramos Brigade and
 10 George Floyd protestors?
 11 A. Difference like the message or what do you mean?
 12 Q. Well, what's your understanding of what the
 13 difference is?
 14 A. The George Floyd thing was, you know, just a serious
 15 application of police practices. That situation all I saw out
 16 there was, you know, pretty -- it was -- it was -- you know,
 17 it's terrible -- it's terrible police work, right?
 18 As far as Michael Ramos goes, I guess I'll ask
 19 I'm still in the midst of that. I don't know --
 20 MR. BARTON: No, just -- you don't have to say
 21 anything other than what you recall. Just what your general --
 22 I think the question is if you can clarify in your opinion what
 23 is your understanding the difference was between those two
 24 events.
 25 THE WITNESS: Oh, I think the whole ideology

Page 93

1 front of the police station on May 30th, 2020?
 2 A. Honestly, I don't recall any differ --
 3 differentiation between Mike Ramos and George Floyd -- George
 4 Floyd protestors. We only identify people with the ANTIFA
 5 group who notoriously wore all black and face coverings and had
 6 the, you know, shield that -- I can't remember -- I can't
 7 recall their symbol. Like the hammer and a star symbol,
 8 whatever that symbol is.
 9 Q. Did you have any information of the Minneapolis
 10 police station being torched prior to May 30th, 2020?
 11 A. I believe that was -- I believe that was circulating
 12 around. I believe I was aware of it or something like that.
 13 Q. Were you aware of it?
 14 A. I believe so. At that time we were all kind of --
 15 like in our down time we would all talk about what's going on
 16 across the country, how OCs were doing and obviously
 17 Minneapolis was the worst off.
 18 Q. And, you know, having a police station torched is
 19 pretty serious, would you agree?
 20 A. Yeah.
 21 Q. And in this situation you had a crowd of people
 22 milling around in front of the Austin police station, the main
 23 police station, right?
 24 A. Yes.
 25 Q. And -- and were people concerned about that? Given

Page 94

1 what had happened in Minneapolis were people concerned about
 2 the police station being stormed?
 3 A. Yes.
 4 Q. Okay. And would it be fair to say that that
 5 increases your alertness level?
 6 A. Yes.
 7 Q. I mean, this -- this -- these people were -- were
 8 protesting and milling around the -- the main police station
 9 for the City of Austin, right?
 10 A. Yes.
 11 Q. They weren't milling around, I don't know, a
 12 restaurant or a government building in some suburb, it was
 13 downtown in front of the police station, right?
 14 A. Yes.
 15 Q. And there's probably a lot of firearms and other
 16 deadly weapons in that police station that the police have,
 17 right?
 18 A. Yes.
 19 Q. And so if somebody -- something were to happen and
 20 people were breached -- people breached the police station,
 21 that would be a very serious, serious thing for police officers
 22 and for the City of Austin, wouldn't it?
 23 A. Yes.
 24 Q. You -- you mentioned sort of you were kind of aware
 25 of the George Floyd protests. I believe that George Floyd was

Page 96

1 Q. (BY MR. DEMIK) Why did you become a police officer?
 2 A. In college I was majoring in criminal justice really
 3 not knowing what I was going to do but one of the programs
 4 offered was a ride-along with one of the local police
 5 departments and I really enjoyed it and thought it was
 6 something I could do.
 7 Q. Where was that at?
 8 A. Abilene, Texas. I went to Abilene Christian
 9 University.
 10 Q. Oh, okay. Well, I mean, it's something you could do.
 11 You could also be a lawyer.
 12 A. That's true.
 13 Q. So why did you pick law enforcement?
 14 A. Why did I pick law enforcement?
 15 Q. Yes, sir.
 16 A. That's a tough one. I don't know. I just -- I just
 17 like the per -- the perspective of -- or the idea of, you know,
 18 going -- literally -- and it sounds, you know, childish but,
 19 you know, just going out and just trying to correct the wrong.
 20 Just -- just finding bad guys and I've -- I've had success in
 21 doing so so far in my career. I still enjoy it.
 22 Q. When you say hunting bad guys, what does that image
 23 look like to you in your head?
 24 A. So, you know, patrol in Austin Police Department
 25 there's a lot of freedom to just move patrol, right? You

Page 95

1 killed maybe several days before this. Does that sound about
 2 right? I think it was in May of 2020.
 3 A. Yeah, I can't recall it. It was roughly around
 4 pretty -- roughly around the same time.
 5 Q. And -- and where were you getting your information?
 6 Just watching the news? Was it people at the police station?
 7 Where did you get most of that information that you just sort
 8 of would hear?
 9 A. News and word of mouth.
 10 Q. Okay. What news do you watch?
 11 A. Whatever I see -- whatever I see on my phone
 12 nowadays. Obviously the papers in our house but, you know --
 13 you know, Fox and ABC and maybe NBC, those news outlets.
 14 Whatever pops up on the phone I'll just take a read into them.
 15 Q. Okay. Well, on my phone New York Times is the first
 16 thing that pops up or Apple News. Is it Fox on your phone?
 17 A. I usually scroll through like Fox and NBC just to get
 18 a read on -- you know, obviously things are pretty divided out
 19 there. It's just to get a read on everybody's perspective on
 20 things, not solely just ones news outlet. I'll read multiple
 21 outlets on the same subject just to see what's -- kind of piece
 22 together as many facts as I can.
 23 Q. And is part of getting your facts you watch Fox News?
 24 MR. BARTON: Object to the form.
 25 THE WITNESS: Sometimes.

Page 97

1 handle the calls for service but when there's nothing going on
 2 you can do what you want and be as proactive or not proactive
 3 as you want. So I -- I enjoy being proactive and, you know,
 4 finding people with warrants. You know, I read a lot of
 5 reports, see what people did and just kind of pick and choose
 6 who I want to look for for the day kind of a thing. You know,
 7 like I said, I've had success in doing so.
 8 Q. So in your free time you search the warrants -- the
 9 wants and warrants, and then, you know, that's something you
 10 enjoy about your job is going to find somebody, for example,
 11 who gets paroled, they've got a warrant out, they've got a
 12 failure to appear, an FTA or something, and so they have like
 13 an APB out on them and so you take those and you try and find
 14 those individuals?
 15 A. Yes.
 16 Q. Okay. And you said you've had some success doing
 17 that. What does that -- what does that mean? What does
 18 "success" mean?
 19 A. Just the amount of people and type of -- the type of
 20 awards that -- you know, that type of work can kind of -- can
 21 kind of get you noticed and kind of get you connected to
 22 certain people so, you know, it would be like commendations or,
 23 you know, like a thanks from detectives or robbery or homicide
 24 detectives helping them out with their cases on my free time.
 25 You know, collect information, finding people, helping with

Page 98

1 search warrants, all that type of stuff. And then, you know,
 2 working with the Violent Crimes Task Force, you know, whether
 3 it be overtime or something like that just gaining that
 4 experience and helping them out with, you know, search warrants
 5 and applications and all that kind of stuff.
 6 Q. Do you -- do you have aspirations to perhaps being a
 7 detective or what is -- what does your future career look like
 8 in your eyes?
 9 A. In the immediate future I hope that I can get with
 10 the Violent -- I can be assigned to the Violent Crimes Task
 11 Force and primarily assist with investigations with detectives
 12 for robberies, sex crimes and aggravated assault units. Like I
 13 said, helping with apprehending and search warrants and giving
 14 search warrants and investigations and building some cases with
 15 hopes to being a detective maybe in one of those fields.
 16 Q. Sure. Were you -- moving back -- switching gears,
 17 moving back to May 30th, 2020, were -- were you aware that
 18 anyone in the crowd was deaf?
 19 A. No.
 20 Q. Did anybody ever bring that up, like there could be
 21 some deaf people in the crowd?
 22 A. No.
 23 Q. Did anybody take any measures if there were deaf
 24 people in the crowd?
 25 A. Not that I can recall.

Page 100

1 appreciate your time but I just ask a throw-away question and
 2 maybe it's -- well, no, no. Actually, no, no, on the laptop
 3 over here -- sorry. I'm reading your report. Do you have that
 4 in front of you? And I don't need to mark it as an exhibit. I
 5 mean, I'm going to ask you about it but I want -- you said you
 6 have it there?
 7 A. Yes.
 8 MR. BARTON: Do you have a Bates number?
 9 MR. DEMIK: It is -- yes, I do. Give me one
 10 second. It is 1932. I mean, we can make it an exhibit if you
 11 want to, Monte. I don't --
 12 MR. BARTON: If you can just reference the Bates
 13 number I think that's good enough for us but -- that's fine
 14 with me. Just we can locate it. It's COA 1932 as I understand
 15 it?
 16 MR. DEMIK: Yes, sir.
 17 Q. Do you have that in front of you?
 18 A. Yes.
 19 Q. Okay. So it says, "On May 30th I was assigned to the
 20 downtown area 8th and IH-35 during the protest/demonstrations."
 21 Right?
 22 A. Yes.
 23 Q. BWC is reference to body-worn camera, I imagine?
 24 A. The BWC, yes.
 25 Q. What is level 2R, 2Rs and level 3?

Page 99

1 Q. And by "measures," I mean, you know, "There could be
 2 someone deaf in the crowd. Do we have, you know, means of --
 3 of communicating with them and sort of accounting that they
 4 might be in the crowd?"
 5 A. Not that I can recall.
 6 Q. Did -- did the -- but are you aware now that there
 7 were deaf people in the crowd?
 8 A. Yes, I'm aware now, yes.
 9 Q. Did that have -- was any calibration made for the
 10 possibility of deaf people being in the crowd, any calibration?
 11 MR. BARTON: Object to the form.
 12 THE WITNESS: Not that I'm aware of.
 13 Q. (BY MR. DEMIK) Okay. And by "calibration" I mean
 14 did anybody bring it to your attention?
 15 A. No.
 16 Q. Did anybody voice that in your -- in your presence
 17 that there might be deaf people?
 18 A. No.
 19 Q. Did anybody have any discussion what to do if there
 20 were deaf people in the crowd?
 21 A. No.
 22 Q. Did anybody have a discussion about finding out
 23 whether there were deaf people in the crowd?
 24 A. No.
 25 Q. Okay. I think that's all I have, Officer. I

Page 101

1 A. Sorry?
 2 Q. What is level 2R 2Rs/level 3? It's the second line
 3 there in the narrative text.
 4 A. So those are -- and I can't -- at the time we had
 5 categories for use of force and depending on, you know, what
 6 type of use of force you used it falls into a separate
 7 category. So in this specific situation level 3 just kind of
 8 open hand weapons tactics force that we use on individuals I
 9 think. Later on I'll notate that I pushed some individual on
 10 the highway. So that resulted in a level 3 use of force,
 11 therefore. Like you have to document one way. The deployment
 12 of less-lethal shotguns falls into a level 2, level of response
 13 to resistance reporting.
 14 Q. Okay. And so you're asked to do these reports to
 15 document what happened as a police officer, right?
 16 A. Yes.
 17 Q. And you receive training in how to write these
 18 reports as part of your job as a police officer, right?
 19 A. Yes.
 20 Q. And trained to be accurate, right?
 21 A. Yes.
 22 Q. Thorough, right?
 23 A. Yes.
 24 Q. Detailed?
 25 A. Yes.

1 Q. Have you ever -- have you ever been cross-examined in
 2 court?
 3 A. Yes.
 4 Q. Okay. So I was a defense attorney a long time ago so
 5 this probably seems familiar what I'm asking you and I'm sure
 6 you've answered it a million times but I just need to get it
 7 into the record that you received training on how to write
 8 these reports; they need to be thorough and accurate and
 9 detailed and -- is all that correct?
 10 A. Yes.
 11 Q. And then if you forget a detail, you can go back and
 12 you can do an addenda, right?
 13 A. Yes.
 14 Q. So you can go back and you can add information if
 15 it's important, necessary or to make the report complete,
 16 right?
 17 A. Yes.
 18 Q. All right. And this is your report and you wrote
 19 this narrative?
 20 A. Yes.
 21 Q. All right. You wrote, "Throughout my shift I was --
 22 I was used my less-lethal shotgun to prevent subjects from
 23 throwing stones, rocks, fireworks, starting fires and making
 24 Molotov cocktails..." That's what you wrote, right?
 25 A. Yes.

1 after you fired your shotgun from the overpass, right?
 2 A. Yes.
 3 Q. And you didn't write any addendums -- addenda to this
 4 report, did you?
 5 A. Does "addendum" mean additional like supplement or --
 6 Q. Yeah, supplement, addenda, addition, whatever you're
 7 trained to call it.
 8 A. Yes, I did.
 9 Q. What -- what was that? Is that the follow-up report
 10 where you listed the individuals who you impacted?
 11 A. The more detailed one.
 12 Q. Okay. Did you write another narrative text
 13 correcting this one?
 14 A. Did I write -- I'm sorry, say that again?
 15 Q. Sure. Narrative text so I want to differentiate. So
 16 you have the other report where you just sort of have a list of
 17 deployments from your less-lethal shotgun, right? That's the
 18 other report, right?
 19 A. Yes.
 20 Q. Okay. In this report it has a narrative text, right?
 21 A. Yes.
 22 Q. The other one, does it -- it doesn't have a narrative
 23 text. It just has the list of deployments, right?
 24 A. Yeah. This is actually -- so, yeah, it's a little
 25 bit more de -- this is definitely more detailed, the

1 Q. "... and directing all of the aforementioned objects
 2 at myself and other officers." That's what you wrote in your
 3 report, right?
 4 A. Yes.
 5 Q. And you -- you drafted this report the next day, on
 6 May 31st, 2020, right?
 7 A. At looks like 3:00 in the morning, yes.
 8 Q. Why were you writing a report at 3:00 -- oh, is that
 9 when you got off shift?
 10 A. Yes.
 11 Q. So you were at the protest all the way through and
 12 then you went back to where? Your -- your patrol -- where did
 13 you go?
 14 A. Most likely we went back to E sub. E substation.
 15 Q. E substation?
 16 A. Yes.
 17 Q. And so you're -- you're writing this report
 18 immediately after the event after your shift, right?
 19 A. Yes.
 20 Q. And it's -- the events are fresh on your memory
 21 because they just happened and you're writing this report just
 22 after the events happened before you even have a break from
 23 work, right?
 24 A. Relatively after everything happened, yes.
 25 Q. So this report was written approximately seven hours

1 supplement. The -- the directive given by supervisors -- I
 2 guess I'll rewind back.
 3 Typically how this report-writing process goes
 4 is when you have a use of force you have to document in these
 5 documents who you used it against and a details page about what
 6 type of force you used and all that kind of stuff. But the
 7 direction given by my supervisors was, "Just write something up
 8 real quick. You don't have to do the details page. Just say a
 9 very, very brief -- write a brief supplement about what you did
 10 and why you did it. Don't worry about how many people.
 11 Just -- just put it on paper." That was the directive at the
 12 time.
 13 Q. So did your supervisors direct you not to be detailed
 14 in your report?
 15 A. They directed us to just write something real quick
 16 and then obviously a month later we were told to review body
 17 cams and, you know, start adding a little bit more
 18 descriptions.
 19 Q. Sure. And -- and when you reviewed the body cams and
 20 you could add more description, that's when you can write a
 21 supplement or an addendum to your police report or your
 22 narrative, correct?
 23 A. Yes.
 24 Q. And you didn't do that here, did you?
 25 A. On this night? No, I did not do it that night.

Page 106

1 Q. Well, on this narrative text you didn't add or
 2 supplement to this text? And what I'm talking about -- I think
 3 I know where we're -- we're crossing wires here. I'm talking
 4 about a narrative text. I'm not talking about just the list,
 5 I'm talking about a narrative text.
 6 A. What's this called, the exhibits?
 7 MR. BARTON: Oh, he's asking what the number is
 8 on the documents and it's called a Bates number. You can just
 9 call it -- read the -- read the numbers.
 10 THE WITNESS: So are you asking me if I wrote
 11 anything in addition to No. 1932?
 12 Q. (BY MR. DEMIK) Any -- any additional narrative text.
 13 A. So if I added anything to 1932?
 14 Q. Yes.
 15 A. Okay. The only thing that was added a month later
 16 was No. 2328.
 17 Q. Okay. Besides that you didn't write an addendum or
 18 supplement to this one in front of us?
 19 A. No, these are the only two documents I wrote.
 20 Q. All right. Let me sort of get back to this with you,
 21 okay? The final line of your narrative text says, "The above
 22 is the best recollections of events of the day." Right?
 23 A. Yes.
 24 Q. It says "the best recollections." That's your words,
 25 right?

Page 108

1 A. Yes.
 2 Q. Right? That was your best recollection on May 31st,
 3 right?
 4 A. Yes.
 5 Q. And today earlier you said that you think you
 6 impacted three or four individuals, right?
 7 A. Yes.
 8 Q. Three to four individuals is different than six to
 9 seven different subjects or individuals, right?
 10 A. Yes.
 11 Q. So it's fair to say that when we were talking
 12 earlier, you had forgotten about three to five people that you
 13 had shot, right?
 14 MR. BARTON: Object to the form.
 15 THE WITNESS: This initial narrative was just
 16 written without looking at any body cam footage but that second
 17 narrative was written after reviewing every minute of my body
 18 cam footage from that day.
 19 Q. (BY MR. DEMIK) I understand that. That wasn't my
 20 question though.
 21 A. Yeah.
 22 Q. My question -- earlier you said you said you thought
 23 three or four individuals, right? I think you actually said
 24 four. Right?
 25 A. Yes.

Page 107

1 A. Yes. Without --
 2 Q. It doesn't say -- it doesn't say pretty good
 3 recollections, does it?
 4 A. No.
 5 MR. BARTON: Object to the form.
 6 THE WITNESS: No.
 7 Q. (BY MR. DEMIK) It doesn't -- it doesn't say fairly
 8 good recollection, does it?
 9 MR. BARTON: Object to the form.
 10 THE WITNESS: No.
 11 Q. (BY MR. DEMIK) It says the best recollections,
 12 right?
 13 A. Yes.
 14 Q. Going back to the I guess second paragraph, your
 15 report says, "Throughout my shift I would use my less-lethal
 16 shotgun to prevent subjects from throwing stones, rocks,
 17 fireworks, starting fires and making Molotov cocktails."
 18 Those are the five things that you listed in
 19 your report on May 31st, right?
 20 A. Yes.
 21 Q. There's no water bottles in there, correct?
 22 A. Correct.
 23 Q. It says, "I used my less-lethal shotgun against six
 24 to seven different subjects throughout deployment during the
 25 protest."

Page 109

1 Q. Your report says that you shot six to seven different
 2 people, right?
 3 A. Yes.
 4 Q. That's the difference. Six or seven is more than
 5 four, right?
 6 MR. BARTON: Object to the form.
 7 THE WITNESS: Yes.
 8 Q. (BY MR. DEMIK) So there's individuals that you
 9 forgot that you shot on May 30th. Fair to say?
 10 MR. BARTON: Object to the form.
 11 THE WITNESS: No, not after reviewing my body
 12 cam and watching every minute of the protest. The second one
 13 is definitely the most detailed.
 14 Q. (BY MR. DEMIK) Okay. Well, let's unpack that a
 15 little bit.
 16 A. Uh-huh.
 17 Q. Do you recall speaking to me maybe an hour ago and
 18 you stated that you had impacted four individuals? Is that
 19 true or false?
 20 A. Yes.
 21 Q. All right, that's four. Your report says six to
 22 seven, right?
 23 A. Yes.
 24 Q. Okay. That means that there's two to three
 25 individuals that you had forgotten about between the time you

Page 110

1 wrote this report to the time you talked to me an hour ago in
 2 this deposition, right?
 3 MR. BARTON: Object to form. That's -- I know,
 4 Stephen, you're probably aren't trying to be argumentative but
 5 the effect is that you are being. He's already answered that
 6 and referenced the subsequent report so now I think you're
 7 trying to put too much emphasis on one report when, actually,
 8 the documents do speak for themselves and he has testified
 9 about that.
 10 MR. DEMIK: I understand, Monte, but if your
 11 objection is form, it's noted for the record. I'm not being
 12 argumentative. I'm trying to get my question answered.
 13 Q. You -- Officer Harkless, you said before that you
 14 didn't -- you don't think you forgot that you shot anybody.
 15 That was your answer, right? And I'm not being argumentative,
 16 I just -- want to get the facts. That's a fact that that was
 17 your answer, right?
 18 A. Yes.
 19 Q. So I'm just asking you how that is? If your report
 20 says you shot six to seven people and earlier in this
 21 deposition today on July 14th, 2023, you said you shot four
 22 people, how did you remember six to seven when you told me you
 23 shot four?
 24 MR. BARTON: Object to the form.
 25 THE WITNESS: So, yeah, the report -- the

Page 112

1 on my body cam in that 2328 document, four people were impacted
 2 by myself on that day.
 3 Q. (BY MR. DEMIK) Well, I mean, again, I'm not being
 4 argumentative but body cam doesn't lie but body cams can be
 5 turned on and off, right?
 6 A. Correct.
 7 Q. Body cams can record only parts of the day, right?
 8 A. Yes.
 9 Q. Body cams can record only parts of an incident,
 10 right?
 11 A. Yes.
 12 Q. Or parts of a shift, right?
 13 A. Yes.
 14 Q. And so this narrative text that we've been looking at
 15 is your narrative text in your police report from that day
 16 based on your recollection, right?
 17 A. Yes.
 18 Q. Based on your recollection at 3:04 a.m. on May 31st,
 19 2020?
 20 A. Yes.
 21 Q. And so we do rely on body cam footage, of course, but
 22 we also rely on police reports in cases, right? Criminal cases
 23 or civil cases we rely on police reports, don't we?
 24 A. Yes.
 25 Q. Judges rely on them?

Page 111

1 initial report written after that, I guess, 10-hour, 12-hour
 2 day was -- you know, after reviewing the body cam from the
 3 entirety the correct number was listed as on that second
 4 report. So why was there a mistake? Because, like I said
 5 earlier, humans make mistakes.
 6 Q. (BY MR. DEMIK) So that -- and that's fine, Officer.
 7 I'm really not -- we all do make mistakes. I'm really not --
 8 you've got a tough job. I'm really not being argumentative.
 9 But what I'm saying is that when you wrote this report at least
 10 on May 31st at 3:04 a.m. -- that's when you wrote this report
 11 -- when the events were freshest in your mind, to your memory
 12 at that time, on May 31st, 2020, at the end of your shift, your
 13 best recollection was you shot six to seven individuals, right?
 14 MR. BARTON: Object to the form.
 15 THE WITNESS: Yes. At the time, yes.
 16 Q. (BY MR. DEMIK) Okay. All right. Subsequent to
 17 that, right now July 14th as we've had this discussion, right,
 18 the discrepancy between your report and what you -- what you've
 19 testified to earlier, how many individuals did you shoot on May
 20 30th, 2020?
 21 A. So, yeah, relying on that supplement on 2328 after I
 22 notated that I watched the entire of my body cam, four people
 23 because we often -- you know, law enforcement in dynamic
 24 situations we have to rely on body cam because the video, you
 25 know, it doesn't -- it doesn't lie. It can't lie. So relying

Page 113

1 MR. BARTON: Objection to form.
 2 Q. (BY MR. DEMIK) Is that right, judges rely on police
 3 reports?
 4 A. Yes, I assume so.
 5 Q. Prosecutors -- prosecutors rely on police reports,
 6 right?
 7 MR. BARTON: Object to the form.
 8 THE WITNESS: Yes.
 9 Q. (BY MR. DEMIK) Lawyers rely on police reports,
 10 right?
 11 MR. BARTON: Object to the form.
 12 THE WITNESS: Yes.
 13 Q. (BY MR. DEMIK) Okay. This -- this next part of your
 14 report states, "I also had to push an unknown subject level 3
 15 back off the proper of the northbound proper of 35 in order to
 16 clear the roadway. The subject was non-compliant and refused
 17 to back off the highway when initially asked. The subject was
 18 able to stand back up and walk off the highway." Right?
 19 A. Yes.
 20 Q. And you've documented that because that was the use
 21 of force level 3, right?
 22 A. Yes.
 23 Q. Okay. And the reason why you -- you put it in that
 24 narrative is that you first gave the subject whoever this
 25 individual was -- what -- what did they look like? What were

1 they wearing and who were they?
 2 A. I don't -- I don't recall. I haven't watch that
 3 video in three years.
 4 Q. Okay. So your -- your recollection is better in your
 5 police report than it is now of who that was and what happened,
 6 right?
 7 MR. BARTON: Object to the form.
 8 THE WITNESS: Say that one more time?
 9 Q. (BY MR. DEMIK) Sure. Your recollection in your
 10 police report where you talk about this individual that you
 11 backed off the proper -- northbound proper 35, your memory was
 12 better when you wrote that than it is now of what happened
 13 there, right?
 14 A. Yes.
 15 Q. All right. And the reason why you wrote that they
 16 were non-compliant was because I assume that's on the use of
 17 force continuum. You're aware of what that is, right?
 18 A. Yes.
 19 Q. And on the use of force continuum way over here at
 20 the beginning is giving an individual a verbal command, right?
 21 A. Yes.
 22 Q. So you give them a verbal command to exit the roadway
 23 for -- as an example here -- and "non-compliant" means you
 24 instructed them and they didn't do it, right?
 25 A. Yes.

1 Q. And then on the use of force continuum you can get
 2 louder like, you know, when you -- when you issue those
 3 instructions that's moving along the force continuum, correct?
 4 A. Yes.
 5 Q. And you can use a taser if you need to if they're
 6 within range, right?
 7 A. Whenever -- whatever -- whatever "reasonable" means,
 8 yes.
 9 Q. You can use a baton before that, right?
 10 A. Yes.
 11 Q. Before that you can use your hands to physically push
 12 somebody if -- if you want to get -- if your objective and your
 13 direction is to get them off the roadway, right?
 14 MR. BARTON: Object to the form.
 15 THE WITNESS: Yes.
 16 Q. (BY MR. DEMIK) Okay. And here this -- this -- this
 17 paragraph essentially says -- and I'm going to put it in my
 18 words and you correct me where I'm wrong -- you instructed this
 19 individual off the roadway to clear the roadway, they didn't do
 20 it and then you put hands on them I think you said, right? Or
 21 -- or I think you remembered earlier but you -- you physically
 22 touched them and then they complied and they got off the
 23 roadway. Is that right?
 24 A. For the most part I believe so.
 25 Q. Okay. Now, before you shot your shotgun from the

1 overpass the one time and the one individual that you shot, you
 2 did not issue a verbal command to that individual, correct?
 3 A. No.
 4 Q. That's all I have, Officer. If there's anything else
 5 that you think is important that you would like to say, I do
 6 this. It's just -- I'm not -- you know, if there's something
 7 you think I missed or there's something that you think is
 8 important to this case or this area of inquiry, I want to give
 9 you an opportunity to say it, too. I mean, Monte can ask you
 10 questions if you want to do it that way but this is just
 11 normally what I do.
 12 Is there anything that you think is important to
 13 note for this case that I either forgot to ask you or you've
 14 got a burning desire to say?
 15 A. Not that -- not that I can think of.
 16 Q. Well, I thank you for your time, Officer. I know you
 17 really do have a tough job and I thank you for taking your time
 18 to do this and answer these questions. I wish you good luck
 19 and -- and have a good day.
 20 We can go off the record, Monte, unless you want
 21 to ask questions?
 22 MR. BARTON: Well, I want to make a comment to
 23 the record. We've discussed these two documents, COA 19342 and
 24 COA 2328, which I believe actually continues over to page COA
 25 2329 and so I just want to be clear not necessarily causing

1 these to be exhibits but I want this whole segment in the
 2 deposition transcript to be clear that those were the documents
 3 that were referenced by Officer Harkless.
 4 MR. DEMIK: That's absolutely fine. I -- I
 5 agree. You know, if you want to make them an exhibit, I will.
 6 I really -- as you can tell, I didn't share screen or go into
 7 them that way so that's why I didn't make them an exhibit. I
 8 have no problem clarifying for the record Bates 1932, Bates
 9 2328 to 2329 were what we were discussing. If you want to put
 10 them in the record, I'm fine with that, Monte, but otherwise I
 11 think that clarification for the record will cover us.
 12 MR. BARTON: I agree with you. I think that's
 13 clear enough and then I have no questions of the witness.
 14 MR. DEMIK: Okay. Well, thank you very much,
 15 everyone. I appreciate your time and thanks for working with
 16 my technological difficulty. It's much appreciated. Thank
 17 you, Officer.
 18 MR. BARTON: I will just say for the court
 19 reporter, we do want to read and sign.
 20 THE REPORTER: Thank you.
 21 VIDEO OPERATOR: That concludes our deposition.
 22 The time is 1:08 p.m. We're off the video record.
 23 (Deposition concluded at 1:08 p.m.)

REPORTER'S CERTIFICATION
 DEPOSITION OF OFFICER DARRELL CANTU-HARKLESS
 JULY 14, 2023

I, Wendy S. Schreiber, Certified Shorthand Reporter No. 9383 in and for the State of Texas, hereby certify to the following:
 That the witness, OFFICER DARRELL CANTU-HARKLESS, was duly sworn by the officer and that the transcript of the oral deposition is a true record of the testimony given by the witness;
 That the deposition transcript was submitted on

1 to the witness or to the attorney for
 2 the witness for examination, signature and returned to me by
 3 ;
 4 That the amount of time used by each party at the
 5 deposition is as follows:
 6 STEPHEN DEMIK, ESQ. - 03 HOURS:043 MINUTE(S)
 7 MONTE L. 'MONTE' BARTON, JR. - 00 HOURS:00 MINUTE(S)
 8
 9 That pursuant to information given to the
 10 Deposition officer at the time said testimony was taken, the
 11 following includes counsel for all parties of record:
 12 FOR THE PLAINTIFFS:
 13 STEPHEN DEMIK, ESQ. (Attending Remotely)
 14 HENDLER FLORES LAW, PLLC
 15 901 S. MoPac Expressway
 16 Building 1, Suite 300

2 It's okay. He's probably --

3 JOSEPH HETHERSHAW,

4 having been first duly sworn, testified as follows:

5 EXAMINATION

6 BY MR. DEMIK:

7 MR. DEMIK: Great. Good morning, Officer

8 Hethershaw. I apologize again for my

9 tardiness. Where are you located right now?

10 In Austin, I assume?

11 A. Yes, sir. I'm currently located at City

12 Hall.

13 Q. Okay. And you can hear me okay? If

14 there's any problem just raise your hand or anybody

15 else, if you can't hear me. I was having a little

16 bit of technical difficulties on Friday.

17 A. Yes, sir.

18 Q. Thank you. Officer Hethershaw, you

19 understand that today's deposition that we're taking

20 that could be presented in lieu of live testimony to

21 a judge or jury. Do you understand that?

22 A. Yes, sir. I do.

23 Q. Okay. And so it's important that you give

24 your answers under oath the same as you would any

25 other proceeding.

Page 6

1 MR. DEMIK: Actually, Madam Court
2 Reporter, have we sworn the witness? Do we
3 need to do that?
4 COURT REPORTER: I just -- I did swear him
5 in.
6 MR. DEMIK: Oh, you did okay. All right.
7 Thank you. I was just looking at my notes.
8 Q. (By Mr. Demik) So you understand you've
9 been sworn in as a witness, testifying under oath.
10 So it's the same as if you would be testifying to a
11 judge or a jury in the court room during a trial?
12 A. Yes.
13 Q. Okay. If you don't understand any of my
14 questions, I'll just ask you to let me know that.
15 Otherwise, I'm just going to sort of presume that
16 you understand, you can hear me okay, you understand
17 the question. If you answer it and, of course, if
18 your lawyer objects that's perfectly fine. You can
19 pause for a minute and then you can answer the
20 question if there's an objection. Do you understand
21 all that?
22 A. Yes, sir. I do.
23 Q. Okay. Have you given a deposition before?
24 A. No, sir. I have not.
25 Q. Okay. All right. If you have any

Page 7

1 questions you can let, you know, your attorney or me
2 know as well but it should be pretty straight
3 forward. Any questions for me Officer Hethershaw,
4 before we get started?
5 A. No, sir.
6 Q. Okay. How -- let me ask you what you did
7 to prepare for today's deposition? What did you
8 review and who did you speak with?
9 A. Oh, I reviewed my body worn camera, my
10 supplements and I spoke with Ms. Chavez and
11 Mr. Gray.
12 Q. Okay. And when you say supplements, how
13 many -- did you write a narrative text report and
14 then some supplements? How did that go?
15 A. I wrote two supplements. I did not write
16 the initial report. I wrote one the day -- day -- a
17 couple of days after and I think I wrote one after
18 reviewing the body camera.
19 Q. Okay. When you say -- do you -- did some
20 -- another officer write the narrative text and then
21 you added the supplements?
22 A. So normally with reports someone will
23 write a initial report, kind of an overview of what
24 occurred. And then I write a supplement pertaining
25 to what I did.

Page 8

1 Q. Okay. Do you know who wrote the overview
2 report here?
3 A. I wrote my supplements.
4 Q. Okay. But do you know who wrote the
5 report that the supplements went to?
6 A. I do not know who wrote the initial
7 report. No, sir.
8 Q. So body worn camera, supplements, you
9 spoke to your attorney and Ms. Chavez. Anything
10 else that -- that you reviewed in preparing for
11 today's deposition?
12 A. No, sir.
13 Q. Okay. How long have you been with the
14 police department?
15 A. Three and a half years now, sir.
16 Q. Okay. And can you walk me through that
17 basically just sort of how you got started, academy,
18 where you were stationed, all that?
19 A. Sure. I started the academy mid 2019,
20 graduated January 31st of 2020. I worked South
21 Central Eastern Patrol. I worked the Riverside or
22 what's better known as the Henry District for the
23 Austin Police Department. I have several
24 certifications including -- I'm a part of the street
25 response team, I'm an intoxilyzer operator, I'm a

Page 9

1 mental health officer and that's all I can think of
2 off the top of my head.
3 Q. Okay. I didn't -- I didn't just catch --
4 I didn't catch that second one. Street response
5 team --
6 A. Special response team.
7 Q. I'm sorry?
8 A. The special response team.
9 Q. Special response team. And what was the
10 second one?
11 A. Intoxilyzer operator.
12 Q. Okay. That's like a breathalyzer?
13 A. Correct. Yes, sir.
14 Q. Okay. And what was the other one?
15 A. Mental health officer.
16 Q. Mental health officer?
17 A. Correct.
18 Q. Okay. And what does that entail?
19 A. The mental health officer?
20 Q. Yes, sir.
21 A. We do evaluations for people who ask us.
22 We receive a extra 40-hour class regarding mental
23 health and we respond to mental health calls when
24 people ask for -- especially a trained mental health
25 officer to kinda determine if people need -- what

Page 10

1 kind of help they need and if we need to intervene
 2 in any way.
 3 Q. Okay. Before you went to the academy in
 4 mid 2019 what was -- what's your educational
 5 background?
 6 A. I -- high school -- high school graduate
 7 and then I worked at Williamson County Jail for
 8 approximately a year and a half -- I believe year
 9 and a half, two years.
 10 Q. Okay. So after high school you went and
 11 worked for the jail?
 12 A. I worked for Lifetime Fitness as janitor
 13 for a short time and then I worked at Williamson
 14 County and then I worked for Austin Police.
 15 Q. Okay. And at Williamson County what was
 16 your position?
 17 A. Correctional Officer.
 18 Q. Okay. And what facility were you -- did
 19 you work at one facility or multiple facilities?
 20 A. I worked at -- so for Williamson County it
 21 would be the -- just the jail. There's only one.
 22 Q. Okay. And you worked as a Correctional
 23 Officer there from when to when?
 24 A. I believe until mid 2019 to when I
 25 transferred to the academy and then I believe I

Page 11

1 started in 2017. I don't accurately recall that off
 2 the top of my head. It could have been --
 3 Q. That's fine.
 4 A. -- 2017.
 5 Q. That's fine. And -- and -- you know, I
 6 might ask you to -- if -- if your memory is not
 7 perfect or you don't have an exact answer it's
 8 totally fine. I might ask you to sort of bracket
 9 it, if that makes sense, you know. After this year,
 10 before that year, whatever but I understand, you
 11 know, and you don't have to be exact like
 12 August 17th, you know, 2017 or whatever. Why did
 13 you become a police officer?
 14 A. I wanted to help people and certain --
 15 certain events that occurred. When I was a kid --
 16 had a big impact on me watching Columbine and other
 17 stuff like that definitely had an impact. And I
 18 wanted to help people and I wanted to be one of the
 19 first people on scene to try to help people and
 20 intervene in any problems that they had.
 21 Q. What was it about the Columbine incident
 22 that inspired you to become a police officer?
 23 A. Well, it was -- it was really rough seeing
 24 everybody kind of sit on the outside and no one
 25 kinda going in to deal with it and there was a

Page 12

1 policy change after that. And that was definitely
 2 something that struck -- struck something in me to
 3 where I didn't -- that I didn't want to be the one
 4 waiting outside. I wanted to be the one in there to
 5 kinda assist in the issue.
 6 Q. Sure. Okay. So when you went to the
 7 academy in 2019 you graduated on you said
 8 January 1st 2020?
 9 A. January 31st. Yes, sir.
 10 Q. 31st. Okay. Sorry. And then what was
 11 your first position? Were you first stationed with
 12 the Henry group or -- or where was your first
 13 position?
 14 A. So I went to -- like I said, I'm a mental
 15 health officer so the first week out of the academy
 16 we went to a mental health class to become mental
 17 health officers. And then after that time I went to
 18 the Henry evening shifts and I worked Henry evenings
 19 my entire career. I've never worked anything else.
 20 Q. What is the regular evening shift
 21 generally?
 22 A. So it -- the hours have changed over the
 23 years but it's anywhere between 1:00 p.m. and we get
 24 off normally around 2:00 a.m. Or we normally work
 25 ten-hour shifts but we start anywhere between 1:00

Page 13

1 and 4:00 and get off normally before 2:00.
 2 Q. Okay. So at this time if you recall,
 3 May 30th of 2020, I believe it was a Saturday, what
 4 hours were you working?
 5 A. So if I recall correctly, it was my day
 6 off and I was called in. So I was working until
 7 they basically told me to go home.
 8 Q. Okay. What was the last shift you worked
 9 before your day off that you were called in?
 10 A. I worked Fri -- that -- the Friday before.
 11 So I worked Friday patrol and I was responding to
 12 calls until I got off of work. But we were held
 13 over due to the events that were unfolding.
 14 Q. On Friday?
 15 A. Correct.
 16 Q. Okay. So kind of walk me through that a
 17 little bit for -- for somebody who doesn't, you
 18 know, know the hours. Does that mean you started at
 19 about mid afternoon, 1:00 to 4:00 p.m. on Friday?
 20 You worked til after midnight and you were held over
 21 on Friday?
 22 A. Correct.
 23 Q. Okay. And what time did you get off? I
 24 guess that would be Saturday morning. What time did
 25 you get off?

<p style="text-align: right;">Page 14</p> <p>1 A. I cannot recall.</p> <p>2 Q. Okay. Would it have been like --</p> <p>3 A. Later.</p> <p>4 Q. -- 8:00 a.m.?</p> <p>5 A. I honestly can't -- I -- I don't have a</p> <p>6 good memory of when I got off that morning.</p> <p>7 Q. Okay. Do you recall how many hours you</p> <p>8 were held over on Friday evening?</p> <p>9 A. No. I know that it was past my normal</p> <p>10 shift time but I can't give you an accurate answer</p> <p>11 to how many hours.</p> <p>12 Q. Okay. And when you were held over on</p> <p>13 Friday where were you stationed?</p> <p>14 A. Henry. We were taking patrol calls in</p> <p>15 evenings. Calls -- calls were service 911 phones or</p> <p>16 anything like that.</p> <p>17 Q. Okay. So you weren't stationed for</p> <p>18 protests on Friday, you were patrol officer held</p> <p>19 over. And why is that? Because they needed</p> <p>20 officers for the protests and so you were held over</p> <p>21 to do the patrols?</p> <p>22 A. Yes, sir. To my knowledge, they needed</p> <p>23 extra bodies in Henry -- or extra -- I say bodies,</p> <p>24 extra officers to assist with the 911 phone calls</p> <p>25 because a lot of officers were getting sent to</p>	<p style="text-align: right;">Page 16</p> <p>1 patrol cars and taken down to I-35 off of H Street.</p> <p>2 I don't recall what time we were called in.</p> <p>3 However, I don't remember that.</p> <p>4 Q. Okay. And do you know a Officer Cantu</p> <p>5 Harkless?</p> <p>6 A. Yes, sir. I do. He works in the same</p> <p>7 sector as I do but on opposite days.</p> <p>8 Q. Oh, okay. That's what I thought because</p> <p>9 we spoke to him on Friday. Do you recall seeing him</p> <p>10 or Saturday or were you guys in separate</p> <p>11 deployments, I guess?</p> <p>12 A. The short answer is I don't know.</p> <p>13 Q. Okay.</p> <p>14 A. I call recall if I saw him that day or</p> <p>15 not.</p> <p>16 Q. Okay. Fair enough. So you get the page,</p> <p>17 you come into the east substation and then what</p> <p>18 happens at the east substation?</p> <p>19 A. To my best recollection, a -- I believe a</p> <p>20 supervisor of some sort in some capacity, I don't</p> <p>21 remember, I recall who; paired us up in four and we</p> <p>22 got into a patrol car and we went straight from the</p> <p>23 east substation to the 35 bridge.</p> <p>24 Q. Okay. About what time was it?</p> <p>25 A. I can't -- I know it was -- it was</p>
<p style="text-align: right;">Page 15</p> <p>1 downtown.</p> <p>2 Q. Okay. But you weren't downtown?</p> <p>3 A. No, sir.</p> <p>4 Q. Okay. So if you graduated the academy</p> <p>5 May 31st, 2020 and this was May 30th, 2020, you had</p> <p>6 been a police officer for approximately three months</p> <p>7 -- three, four months?</p> <p>8 A. January 31st. And yes, it was</p> <p>9 approximately three to four months. I believe</p> <p>10 that's accurate. Yes, sir.</p> <p>11 Q. Okay. And -- and are you still with the</p> <p>12 police force now, I assume?</p> <p>13 A. Yes, sir.</p> <p>14 Q. And stationed in the same position or have</p> <p>15 you moved since then?</p> <p>16 A. No, sir. Same shift, everything.</p> <p>17 Q. So let's walk through the Saturday, okay?</p> <p>18 So Friday you had your shift, you were held over. I</p> <p>19 assume you went home, went to sleep. And then how</p> <p>20 does it work that you get the call on your day off</p> <p>21 to come in?</p> <p>22 A. So from my recollection, we got paged in</p> <p>23 via our Spoke app, which is just a -- basically like</p> <p>24 a page that we were to come in. We all met at the</p> <p>25 east substation and then we were all loaded up into</p>	<p style="text-align: right;">Page 17</p> <p>1 daylight. I believe it was the afternoon but I -- I</p> <p>2 can't accurately recall. Like give you -- give you</p> <p>3 a time. I don't -- I don't know. I believe it was</p> <p>4 in the afternoon cause I had woken up and it was</p> <p>5 definitely not the morning.</p> <p>6 Q. Fair enough. How much sleep did you get?</p> <p>7 Do you recall? A lot? A little? None?</p> <p>8 A. I don't recall. I believe a --</p> <p>9 Q. What was --</p> <p>10 A. -- fair amount.</p> <p>11 Q. Yeah. I mean, it was less than 12 hours,</p> <p>12 right?</p> <p>13 A. I can't say that accurately. I mean, I</p> <p>14 don't -- I don't know when I was called in and I</p> <p>15 don't remember when I went to sleep.</p> <p>16 Q. Okay. So you're put in a patrol car, four</p> <p>17 of you, you get to the -- to the interstate. Tell</p> <p>18 me what happens then.</p> <p>19 A. We're paired up with a supervisor when we</p> <p>20 went down to 35 and we were given a directive to</p> <p>21 provide overwatch for both the protesters and the</p> <p>22 officers who were on the main steps of 35 or out of</p> <p>23 the main sub -- the main headquarters.</p> <p>24 Q. Okay. Were you asked to clear the</p> <p>25 interstate or did that already happen?</p>

Page 18

1 A. That had already happened by that point, I
2 believe. Because there were no protesters on the
3 bridge at that point, it was just officers when I
4 arrived.
5 Q. So when you arrived you and the other
6 three individuals in the patrol car were ordered to
7 go to overpass and provide cover for the people for
8 the police officers below?
9 A. For both police officers and protesters,
10 correct.
11 Q. Okay. And -- and who gave that order?
12 A. I cannot accurately recall a name. It's
13 been -- been three years since the incident so I --
14 I honestly don't know.
15 Q. Sure. But was it a super -- but do you
16 all getting the order? I mean --
17 A. Yes.
18 Q. You didn't go -- you didn't go there of
19 your --
20 A. Correct.
21 Q. Right. You didn't go there of your own
22 free will, right?
23 A. Correct. Yes, sir.
24 Q. So someone that was a superior to you gave
25 an order that you and the other officers would go to

Page 19

1 the overpass and -- right?
2 A. Yes, sir.
3 Q. And -- and you sort of purged on the
4 overpass towards -- in towards the station. Is that
5 fair?
6 A. Yes, sir.
7 Q. Okay. Let me stop here for a second and
8 switch gears a little bit. Were you issued a less
9 than lethal shotgun?
10 A. Yes, sir. I was.
11 Q. Okay. Let's walk through that. When were
12 you first assigned the less than lethal shotgun and
13 pick it up and check it out and all that. Can you
14 walk us through that?
15 A. Sure. I was at the east substation. I
16 don't -- they were giving at least, I believe, it
17 was like one less lethal a car or at least they were
18 handing them out. I received one and I went down
19 with one to the 35 bridge.
20 Q. Well, what is that? Again, I don't -- I
21 don't know. And so maybe talk to me like I'm a
22 kindergartner. But what is a card? What is that?
23 They hand out -- yeah. Explain that to me.
24 A. I mean -- I meant a car. Like they --
25 Q. A car. Oh, a car.

Page 20

1 A. Right. They were just giving them to a
2 group of people so that way a group would have them.
3 Q. Okay. So they gave one shotgun to each
4 patrol car or did they chose one patrol car and give
5 everybody shotguns?
6 A. I don't recall how they were specifically
7 handing them out. I know that I received one and we
8 only -- I believe it -- I was the one in the car
9 that had one.
10 Q. Okay. And who gave it to you?
11 A. I can't -- I don't recall.
12 Q. Okay. How does that normally work?
13 A. For a normal patrol shift we go to our
14 police equipment and we check one out using our City
15 issued IDs so that way they make sure who it goes
16 to. On this day I don't remember how they were
17 handed out. I remember I received one. I don't
18 remember who gave it to me. It's been -- it's been
19 a little while since that --
20 Q. Sure. Sure. But you didn't go in and
21 check it out the way --
22 A. No, sir.
23 Q. -- you went on a patrol?
24 A. Correct.
25 Q. Somebody handed you it outside the

Page 21

1 substation?
2 A. I can't say that accurately either. I
3 don't remember where I received it.
4 Q. Okay. So we can say you -- you remember
5 you didn't check it out but you re --
6 A. Right.
7 Q. -- somebody gave it to you. You just
8 don't remember who gave it to you or what the
9 circumstances were?
10 A. Correct. I know I -- the only issue, I
11 don't know if I was inside the substation, outside
12 the substation. I was in the vicinity of the
13 substation but --
14 Q. That's fine. It's fine. And you know,
15 all we're looking for is just your best recollection
16 and the truth, that's it. I don't want you to guess
17 at something or make something up. So did -- were
18 you issued a less than lethal shotgun or Friday, the
19 day before?
20 A. I believe I checked one out.
21 Q. Okay. And -- and why would you have
22 checked it out on Friday?
23 A. I -- so for my shift I normally carry a
24 less lethal. I'm the only guy who carries it
25 normally. I just -- I carry one just to have it

Page 22

1 available. So that way in case we run across any
 2 incidents where it may be useful that I have it
 3 available.
 4 Q. Is there any sort of protocol like on
 5 every patrol, one guy needs a less than lethal
 6 shotgun or is it just sort of at discretion who
 7 wants to check it out? Is there some quota that,
 8 you know, you have to have a certain number of
 9 shotguns -- less lethal shotguns for each patrol?
 10 Tell me about that.
 11 A. I'm not aware of any policies regarding
 12 any -- of a quota or anything like that. Anyone who
 13 is certified is available to check one out. So if
 14 patrol should have eight on the street, they could.
 15 If they wanted to have zero on the street, they
 16 could. I -- I normally check one out for my shift
 17 because I work in a very dangerous area and I want
 18 to make sure that I'm prepared.
 19 Q. Sure. Okay. So let's also talk about,
 20 you said, certified, right? Are you --
 21 A. Right.
 22 Q. Do you have any certifications or training
 23 -- let's just go generally with firearms in general.
 24 And I know I'm going to work to the less than lethal
 25 shotgun. That's what I want to talk about but you

Page 23

1 know, I figure I'll start out big. Are you
 2 certified or trained in firearms in your job?
 3 A. Yes. I'm certified for what the academy
 4 and what the department requires.
 5 Q. Okay. And -- and what does that look like
 6 for a -- let's say for a service weapon? What does
 7 that training and certification look like?
 8 A. We qualify every year. I get a little bit
 9 more training cause I'm a part of the special
 10 response team. So we train a little bit more
 11 frequently sometimes involving firearms. So answer
 12 is we train and I qualify year with my firearm.
 13 Q. What is train -- so the qualification is
 14 where you -- you shoot and you have accuracy tests,
 15 right, like zero to 100?
 16 A. Correct.
 17 Q. What does the training look like?
 18 A. Training, it depends. I can't -- I mean,
 19 it can be anything from adjusting your grip to how
 20 you're pulling the trigger to what is your sight
 21 alignment, other things like that. I mean, training
 22 differs. Whether or not it's offered that year and
 23 whether or not staffing training is available. So I
 24 -- I just -- I don't understand your question maybe.
 25 Q. That's fine. Let's talk about the less

Page 24

1 than lethal shotguns. What is the training and
 2 certification that you received and for that prior
 3 to May 2020 -- May 20th, 20 -- May 30th, 2020?
 4 A. Sure. During the academy they train you
 5 on how to use it and then we qualified with it and
 6 that's the extent of the training with it.
 7 Q. Okay. Do you receive training in checking
 8 the service ability of the less than lethal
 9 shotguns?
 10 A. Yes.
 11 Q. Okay. What does that consist of?
 12 A. Normally just doing a function chest --
 13 function test making sure that the slide is working
 14 correctly, making sure that nothing is stuck in the
 15 barrel. Making sure the trigger works, making sure
 16 the safety works. Things of that nature to make
 17 sure that it's functioning properly.
 18 Q. What about the actual rounds? Do you get
 19 any training on checking the rounds, seeing what
 20 condition they're in, what constitutes a good round
 21 versus an expired round?
 22 A. That's more or less a -- I'm going to --
 23 I'm going to say no only because to qualify if you
 24 see that there's a crack or if you see that there's
 25 a dent. They're like make sure -- they like look at

Page 25

1 it but they don't give us specific training on being
 2 like this means this or this means this. They just
 3 say look at it, make sure there's no dents, make
 4 sure there's no cracks and stuff but I don't -- I'm
 5 not specifically trained in the functionality or
 6 necessarily the fundamentals of how it works.
 7 Q. What are the bean bag rounds made of?
 8 A. I -- I don't know. I -- I can't speak to
 9 the nomenclature of it. I just -- I'm not an -- I'm
 10 not an expert in it. I know it has a bean bag in it
 11 but --
 12 Q. Okay. So you said you -- and then do you
 13 do like an annual certification accuracy test with
 14 the less than lethal shotgun?
 15 A. Yes, sir.
 16 Q. Okay. And how many of those have you done
 17 prior to May 30th, 2020?
 18 A. One.
 19 Q. And when was that approximately?
 20 A. During the academy.
 21 Q. At the academy. Okay. And why don't you
 22 tell us what -- what -- what that certification
 23 looks like?
 24 A. Sure. To qualify you stand at three
 25 different lines and you fire rounds at a target and

Page 26

1 they make sure that you're hitting accurately and so
 2 that's the qualification.
 3 Q. What are those -- what are the distances
 4 at those three different lines?
 5 A. I can't accurately recall off the top of
 6 my head.
 7 Q. Are you trained that there's a -- that
 8 there's a distance that you should use or should not
 9 use the shotguns?
 10 A. So the old rounds, I can't testify to,
 11 they changed the rounds since then. And so I know
 12 the newer rounds I know the engagement -- I know
 13 roughly the engagement distance for those but the
 14 old rounds that we were using during that time, I
 15 can't recall. I've forgotten that since then.
 16 Q. Okay. But we -- we do want to stick with
 17 up to May 30th, 2020.
 18 A. Right.
 19 Q. And so you said engagement -- what did you
 20 call it? Engagement distance?
 21 A. Just a -- yeah. I don't recall what I
 22 said but yeah, just a -- the -- the distance in
 23 which you can impact somebody. Yes.
 24 Q. Okay. And -- and what is that distance so
 25 the -- as last you know it? I know that you said

Page 27

1 you don't remember the earlier ones but as last you
 2 know it, what's that distance?
 3 A. If I were to give you an answer it'd
 4 probably be for the new ones because the old ones
 5 used during the time of the protest -- and I know
 6 you want to stick to the 30th. I just -- I can't
 7 accurately recall because I'm more so refreshed on
 8 new ones so I don't want to give you an incorrect
 9 answer.
 10 Q. Totally fine. Understandable and
 11 appreciate it. Well, what is the distance for the
 12 new ones?
 13 A. The new one has a zero -- zero engagement
 14 so we can -- we can less lethal someone at a 0-foot.
 15 I believe the maximum range is approximately 75 feet
 16 or 25 yards. No, that may be inaccurate. I
 17 actually don't remember that off the top of my head.
 18 Q. So prior to May 30th, 2020 did you receive
 19 training on what engagement distances? The distance
 20 which you should use the shotguns, the distance
 21 which you probably shouldn't use the shotguns?
 22 A. Yes, sir.
 23 Q. Okay. And -- and what was that distance?
 24 A. Like I had -- like I had testified before,
 25 I just -- it -- I can't recall off the top of my

Page 28

1 head for that specific round that we were using at
 2 that time. I know we have changed since then and
 3 it's been -- I -- I can't recall how long it's been
 4 since we've even used that round so...
 5 Q. Okay. Well, the general concept, and you
 6 correct me if I'm wrong, is that at a closer
 7 distance the -- you had more accuracy, right?
 8 A. Correct.
 9 Q. So -- so you had stated at -- at zero
 10 feet, right? Right in front of you, you can use
 11 this less than lethal shotgun with pretty high
 12 accuracy because it's you and I just standing in
 13 front of each other, right?
 14 A. Or the new one. Correct. I'm not aware
 15 of what the engagement distance were on the old one.
 16 Q. Okay. And I'm not asking you the
 17 engagement distance. I understand you don't
 18 remember it but just going to the general concept
 19 and I am talking about as of May 30th, 2020. The
 20 general concept is just what I'm asking you is that
 21 the reason why those distances what they mean is
 22 that if you're at zero feet, as you had testified,
 23 where, you know, that's one distance the accuracy is
 24 high, right? Is that fair?
 25 A. It is but the reason it's zero feet is to

Page 29

1 make sure that it -- for other reasons for serious
 2 injury and for other stuff like that. For certain
 3 distances for close range like zero feet have more
 4 to do so, I believe, with injury than anything else.
 5 Q. Okay. Okay. That's -- that's another
 6 aspect of it is the closer you are the more it --
 7 injury it could cause?
 8 A. Correct.
 9 Q. Okay. And -- and to be sure these bean
 10 bag round can cause serious bodily injury. Would
 11 you agree?
 12 A. They are less than lethal, they certainly
 13 can cause injury to someone. Correct.
 14 Q. Sure. If you hit them in the wrong body
 15 part such as the eye or in some sense -- or areas of
 16 the head it could be very serious, right?
 17 A. Yes.
 18 Q. Okay. So there's two things and -- and
 19 thank you for bringing it up. There's -- there's
 20 accuracy and there's -- let's just call it injury or
 21 degree of injury. So the closer you are, the
 22 shorter the distance in general the higher the
 23 injury and the better the accuracy, right?
 24 And then if I can just sort of make
 25 it two questions, and that's alright if you want to

Page 30

1 break them up. The father out you go on the range,
 2 right, if you're firing the shotgun from, let's say,
 3 a hundred yards -- I know that I'm embellishing but
 4 I'm asking you the concept of it, then your accuracy
 5 would go down a lot, right?
 6 A. The accuracy at distances can be harder if
 7 that is the answer to the question you asked.
 8 Q. Yeah. I mean, I just sort of want --
 9 somebody who doesn't understand firearms or who
 10 doesn't understand these shotguns. And certainly,
 11 I've never fired one or handled one. But I think I
 12 understand it, I'm just asking you if I'm right.
 13 That the reason why those distances are trained,
 14 right, is that you have the three lines that you
 15 fire from for your annual certification, your
 16 accuracy test, is because the farther away you get
 17 the less -- the less ability you have to pinpoint
 18 where you want to hit somebody? Is that fair?
 19 A. Yes. It is harder at distances to impact
 20 someone. Yes.
 21 Q. Okay. And even though you don't remember
 22 it, which is fine, there are distances that the
 23 police department says, you know, if you're within
 24 this distance -- and I'm not going to put words in
 25 your mouth cause -- so I'm not going to put a number

Page 31

1 on it because, like you said, you don't remember.
 2 But if you're within this distance it -- it's --
 3 it's to okay to fire, right? You're -- you're
 4 within the recommended distance.
 5 If you're outside that distance, if
 6 you're farther away what -- what is the policy and
 7 procedure? Is it that you can fire or that you can
 8 still fire but you just need to be aware of that
 9 distance? Does -- does -- does my question make
 10 sense?
 11 A. It does. It's more of the second one that
 12 you represented. You have to take these things into
 13 consideration -- special considerations that you
 14 have to do. So if you're at a sizable distance you
 15 have to make sure that your shot -- you take more
 16 careful and more time to accurately engage the shot.
 17 Q. Okay. So the reason why they even have a
 18 distance or a distance of engagement or whatever it
 19 is, is because in this range you -- you should feel
 20 more confident to shoot. Outside of this range you
 21 should probably exercise more caution. Is that
 22 fair?
 23 A. Yes, sir.
 24 Q. Okay. How many -- have you ever
 25 discharged your service weapon? I'm not talking

Page 32

1 about the shot guns now, I'm talking about your
 2 service weapon or -- or a -- a long rifle. How many
 3 times have you discharged that in the line of duty?
 4 A. Zero times.
 5 Q. Okay. How many times total today -- okay.
 6 So I got to break it up by time so I'm clear. I
 7 want to be clear in my question. July 17th, 2023,
 8 today, how many times have you discharged the
 9 shotguns, the one we're talking about?
 10 A. The less lethal shotguns?
 11 Q. Yes, sir.
 12 A. I can't put an accurate number on that.
 13 Calling, training and on duty, I -- those are the
 14 times where I discharge it.
 15 Q. Okay. More than ten? Now, I'm going to
 16 ask you to bracket it and it's okay. I'm not trying
 17 to trick you. I'm just saying would it be more than
 18 ten?
 19 A. Yes. Actually, that's accurate.
 20 Q. Less than 50?
 21 A. Yes. I'd probably say that's -- yeah.
 22 Q. Okay. So 10 to 50. Can -- can we shrink
 23 that all? To the best of your recollection, I want
 24 you to give a -- an accurate answer but
 25 understanding that you don't have a log. So you're

Page 33

1 not going to be able to tell me 21 times or
 2 whatever.
 3 A. Right.
 4 Q. So I'm asking you for your best estimate.
 5 So we've got 10 to 50. Can you shrink that at all?
 6 Like 20 to 30? 20 to 40?
 7 A. I'd say 10 to 35.
 8 Q. Okay. Thank you. I appreciate you
 9 working with me on that and getting that concept and
 10 it's okay. I just sort of want a -- you know, a
 11 range of what we're dealing with.
 12 Now, let me ask you the second part
 13 which is time, right. So from the time you
 14 graduated the academy January 3rd -- well, no I want
 15 to go before that. So may 30th, 2020, before that,
 16 okay. So I'm -- I'm eliminating anything that
 17 happened after May 30th, 2020. Before that how many
 18 times had you discharged or impacted someone with
 19 a -- that -- that's a good -- how many times have
 20 you impacted someone with one of these shotguns?
 21 A. None at that point.
 22 Q. Okay. How many times -- cause this --
 23 it's a distinction, right? I just caught myself.
 24 How many times have you discharged one of these
 25 shotguns prior to May 30th, 2020?

Page 34

1 A. Just during the academy, to my knowledge.
 2 Q. Okay. Okay. And the difference there is
 3 -- especially for somebody like a jury who might see
 4 this. The difference is discharging means firing
 5 and impacting means you actually hit somebody,
 6 right? Is that fair?
 7 A. You could -- you could say deploy.
 8 There's -- there's a myriad of different
 9 nomenclature that you could use but --
 10 Q. Yeah. And -- and thank you for that too,
 11 you're helping me out on -- I haven't had all my
 12 coffee this morning but discharge is generally for a
 13 firearm, deployment is for a less than lethal
 14 shotgun. So deployment means I fired a less than
 15 lethal shotgun. Impact means I deploy it and it hit
 16 somebody, it impacts someone, right?
 17 A. Yes, generally.
 18 Q. Okay. And that's -- as long as we're on
 19 the same page and you understand what question I'm
 20 asking I think is good enough. I know that there's
 21 different law enforcement terminology and I'll just
 22 never learn it.
 23 Okay. So prior to May 30th, 2020 you
 24 had not impacted a person, meaning you had not shot
 25 a -- one of these shotguns and hit somebody before

Page 35

1 May 30th, 2020. Is that fair?
 2 A. Yes, sir.
 3 Q. Okay. So this was the first time that you
 4 had shot and hit somebody with one of these
 5 shotguns?
 6 A. Yes, sir.
 7 Q. Okay. Same question, just asked a little
 8 different. Okay. So now I'm going to take us back,
 9 Officer, if that's alright with you to that overpass
 10 on May 30th, 2020. When you arrived how many
 11 officers were on that overpass approximately?
 12 A. Okay. I was about to say -- and I'll give
 13 you a bracket. Anywhere from 30 to 50, I believe.
 14 Q. Okay. So you're -- you're -- you're
 15 getting good at it. I don't even have to bracket
 16 it, you get the concept now. This isn't so hard.
 17 So -- so 30 to 50 officers on the overpass. And how
 18 many of those 30 to 50 officers had to -- again,
 19 another estimate, right, had these shotguns?
 20 A. I -- that, I don't know. I can't
 21 accurately say for that one because I can't brack --
 22 I was only paying attention to what I had and kind
 23 of what I had going on but I --
 24 Q. Sure.
 25 A. -- I can't give a statement to what other

Page 36

1 officers were carrying.
 2 Q. Well, did ever officer have one of these
 3 shotguns?
 4 A. No.
 5 Q. Okay. Were you the only officer had one
 6 of these shotguns?
 7 A. No.
 8 Q. All right. So somewhere between one
 9 and -- well, and -- and -- and again, I understand.
 10 I understand you were focused on what you were doing
 11 and what you saw which is important which is why
 12 we're here. But peripherally when you're there on
 13 the overpass can you give me an approximate ratio?
 14 And nobody's -- I'm not going to, you know,
 15 mathematically hold you to this. We're not making
 16 fine wine here but was it one shotgun for every
 17 three officers? One shotgun for every ten officers?
 18 You know, can you give me a ballpark that way just
 19 so we can understand how many shotguns approximately
 20 were on the overpass?
 21 A. And I -- I would like to give you an
 22 estimate. The -- my only issue is like I -- we
 23 weren't necessarily in groups. And I didn't -- I --
 24 there wasn't like a -- there wasn't like a -- for
 25 every four officers there was one less lethal. It

Page 37

1 was just kinda everyone was spread out and I wasn't
 2 entirely sure what everybody had going on. So I
 3 just -- I don't want to give an inaccurate statement
 4 or inaccurate approximation, you know.
 5 Q. Right. That's fine. So you said you
 6 weren't in groups. Was everybody just sort of in a
 7 line on the overpass overlooking the police station?
 8 A. That's correct. I mean, we -- we stayed
 9 close to the original supervisor we had when we came
 10 down but everyone was either huddled up talking or
 11 just kind of in a line on the bridge.
 12 Q. Okay. And so when you're -- when you were
 13 positioned -- you're ordered to position yourself on
 14 the overpass of the highway. How long had that
 15 crowd -- and I'm talking about the crowd milling
 16 outside of the main, so the main police station.
 17 How long had that crowd been there?
 18 A. I don't know. I mean, they -- they were
 19 there when I got there and I don't know if they were
 20 there from the night before. I'm sure people came
 21 and went but I can't give an accurate statement to
 22 that. I don't know.
 23 Q. Okay. There had been protests in the same
 24 area the evening before?
 25 A. Yes, sir, to my knowledge.

<p style="text-align: right;">Page 38</p> <p>1 Q. Okay. You weren't stationed there though</p> <p>2 because you were on patrol, right?</p> <p>3 A. Correct.</p> <p>4 Q. Okay. You just heard about it --</p> <p>5 A. I'm sorry. Just from other officers.</p> <p>6 Q. Okay.</p> <p>7 A. And kinda just looking at, you know, our</p> <p>8 computer and seeing the stuff that was going on</p> <p>9 downtown.</p> <p>10 Q. Okay. Did you get any briefing? So you</p> <p>11 know, for example, I assume at east substation and</p> <p>12 the Henry area where you were -- where you were</p> <p>13 located if there's a -- you know, a warrant takedown</p> <p>14 or a house search or something like that, you're</p> <p>15 familiar with the concept of like a briefing. I</p> <p>16 don't know if that's what you call it but like a</p> <p>17 briefing. Does that make sense?</p> <p>18 A. Yes, sir. It does.</p> <p>19 Q. And that's where a supervisor, Sergeant,</p> <p>20 Lieutenant, something like that comes in assembles</p> <p>21 all the police officers, explains to them, you know,</p> <p>22 what the background is, what the mission is, what</p> <p>23 the goal is, all the information they need to know,</p> <p>24 correct?</p> <p>25 A. Yes.</p>	<p style="text-align: right;">Page 40</p> <p>1 occurred on the bridge. I don't believe it</p> <p>2 necessarily occurred on the substation because</p> <p>3 everyone -- there was a rapidly evolving situation</p> <p>4 that we were kind of still all trying to figure out</p> <p>5 what necessarily was going on.</p> <p>6 Q. Sure. And I understand that. In the --</p> <p>7 and we're going to call it a briefing but I</p> <p>8 understand that's not what most people would have in</p> <p>9 their minds where, you know, like the TV show where</p> <p>10 the guys up at the podium and everybody is drinking</p> <p>11 coffee and getting the information. So it happens</p> <p>12 at the overpass, they're giving you information.</p> <p>13 During this time, right, when they're giving you</p> <p>14 information did anybody give any information on</p> <p>15 whose in the crowd, how long they had been there,</p> <p>16 what their behavior has been?</p> <p>17 A. I believe once we got to the bridge we</p> <p>18 received information that they had taken the bridge</p> <p>19 at one point and that we were there to secure the</p> <p>20 bridge and make sure that no one was to be able to</p> <p>21 come back on the bridge. That the crowd had been</p> <p>22 there for -- since the morning at least. And we</p> <p>23 were tasked with providing both security to the 35</p> <p>24 bridge as well as overwatch. Mine -- my role</p> <p>25 specifically was more overwatch than anything else.</p>
<p style="text-align: right;">Page 39</p> <p>1 Q. Okay. In this scenario on May 30th, 2020</p> <p>2 when you're called into work and you report to the</p> <p>3 east substation, at any point was there a briefing</p> <p>4 whether it was formerly like in a office room or</p> <p>5 whether it was in a patrol car or whether it was</p> <p>6 over radio, did you get any kind of briefing prior</p> <p>7 to showing up at the overpass?</p> <p>8 A. Gosh, this was a long time ago. Yes. I</p> <p>9 believe so, we had an informal briefing.</p> <p>10 Q. Okay. Can you tell us about that?</p> <p>11 A. I believe the supervisor was on duty, said</p> <p>12 that we were going to provide overwatch on 35 bridge</p> <p>13 and that I was to be assigned to a supervisor and</p> <p>14 then we were going down to 35 and that was the</p> <p>15 informal briefing.</p> <p>16 Q. Okay. Had you been advised or given</p> <p>17 information that there had been blockage on the</p> <p>18 interstate or the overpass and that it had been</p> <p>19 cleared?</p> <p>20 A. I can't recall.</p> <p>21 Q. Okay. When this information was given to</p> <p>22 yourself and other officers did they say anything</p> <p>23 about the crowd? Who was in the crowd, how long</p> <p>24 they had been there, what their behavior's been.</p> <p>25 A. I believe the majority of the briefing</p>	<p style="text-align: right;">Page 41</p> <p>1 Q. Okay. And what does overwatch mean? I --</p> <p>2 I know that you sort of said this before but can you</p> <p>3 break that down for us? What does overwatch mean?</p> <p>4 A. Absolutely. So overwatch is a term that</p> <p>5 we use to just kinda watch over the crowd. See what</p> <p>6 the crowd is doing. See what officers are doing.</p> <p>7 See how everyone is interacting. Pointing anything</p> <p>8 out that may be dangerous and kind of give entail as</p> <p>9 well as take any action if needed.</p> <p>10 Q. Okay. Were you given any directive on</p> <p>11 what that action might be?</p> <p>12 A. We were given a directive by a supervisor,</p> <p>13 I can't recall his name, that if anyone was to throw</p> <p>14 anything we believe they may cause serious injury or</p> <p>15 bodily injury to someone that we could apply our</p> <p>16 less lethal shotgun as per APD policy at the time.</p> <p>17 Q. Okay. What is that APD policy or your</p> <p>18 understanding of it May 30th, 2020?</p> <p>19 A. I actually quoted it in my supplement if</p> <p>20 I'm able to refer to that.</p> <p>21 Q. Sure. I -- I have no problem with that if</p> <p>22 you want to look at your supplement, that's great.</p> <p>23 A. It says is engaged with riotous behavior</p> <p>24 or is throwing rocks, bottles or other dangerous</p> <p>25 projectiles at people or officers creating the risk</p>

Page 42

1 for injury.
 2 Q. Okay. And so essentially -- and I'm going
 3 to put it in my own words but if it's wrong you
 4 correct me. But essentially what that is, is that's
 5 a supervisor telling the officers who have these
 6 shotguns that they have the discretion to use them
 7 if they see what you just quoted?
 8 A. Correct. They're reminding us and giving
 9 the examples of saying like hey, you this is the
 10 policy, use officer discretion, obviously, and
 11 deploy how you see fit. Correct.
 12 Q. And -- so in other words, let's break that
 13 down a little bit. And again, this may seem silly
 14 but I just want to paint a picture for somebody who
 15 wasn't there such as myself or a jury that's
 16 listening to this. That means, you know, if you see
 17 something you don't have to go ask for permission to
 18 fire, right?
 19 A. Correct.
 20 Q. You don't have to -- you don't have
 21 somebody standing behind you saying yes, you can
 22 fire; no, you can't fire?
 23 A. Correct. We have discretion as individual
 24 officers.
 25 Q. Each individual officer on that overpass

Page 43

1 has discretion to fire if they see fit?
 2 A. Correct. If they believe that someone is
 3 causing a risk of serious injury or injury to
 4 another person. Correct.
 5 Q. Okay. And that -- and at some point you
 6 reviewed your body cam footage, right --
 7 A. Yes, sir.
 8 Q. Before -- before -- before the deposition?
 9 A. Yes, sir.
 10 Q. At some point on the overpass -- and I
 11 don't have an exact time, I don't want to give one
 12 but at some point officers were sort of working in
 13 conjunction saying, you know, go after the guy in
 14 the red shirt or using flashlights to spotlight
 15 certain individuals. Isn't that true?
 16 A. I wouldn't say go after, that's not a
 17 terminology I would use. But we were certainly
 18 communicating and acting in a tact-able sense of
 19 being able to point out potential people who were
 20 trying to cause harm or anything like that. Yes,
 21 sir.
 22 Q. So breaking that down, did you ever hear
 23 somebody say go after a guy in a red -- go after the
 24 good in the red shirt?
 25 A. I can't -- I can't recall that. I don't

Page 44

1 remember that.
 2 Q. Okay. But you do recall that there were
 3 officers with handheld flashlights that were using
 4 them to spotlight individuals underneath the
 5 overpass?
 6 A. I recall flashlights being used. I don't
 7 remember necessarily what for. We were using it to
 8 light up the area. It was extremely dark later on
 9 in the night.
 10 Q. Okay. Do you recall officers using the
 11 flashlights to highlight or -- or focus attention on
 12 certain individuals that then other officers were
 13 firing at?
 14 A. I can't -- I can't recall that for sure.
 15 I don't remember that.
 16 Q. How many times did you deploy, right, fire
 17 your shotgun on May 30th, 2020?
 18 A. I know in my supplement I said I deployed
 19 approximately 10 to 20 shots but I -- I -- that --
 20 to bracket for you. That's the best bracket I can
 21 give you.
 22 Q. So more than 10, less than 20 shots,
 23 right?
 24 A. Correct.
 25 Q. And so how many times did you reload on

Page 45

1 your -- your shotgun?
 2 A. That, I don't accurately remember. I
 3 don't remember that.
 4 Q. Okay. How many rounds does the shotgun
 5 hold?
 6 A. The less lethal shotguns that we use hold
 7 four plus one, so five total. So if you have one in
 8 the chamber of the gun or the less lethal shotgun
 9 and you have four that are in the two ready to use
 10 but not necessarily primed and ready to go.
 11 Q. Okay. So five total with one in the
 12 chamber. Sorry, approximately five. We go with
 13 that. It's safe to say you had to reload at least
 14 one? Again, I'm doing elementary math but if you
 15 fired more than 10 times you had to reload at least
 16 once?
 17 A. Yes, sir. I'd say that's accurate.
 18 Q. Okay. And how do you do that? Tell us
 19 about reloading, what that looks like.
 20 A. You -- normally the way I do is I turn the
 21 shotgun over and I make sure that I can see where
 22 the rounds go into. And then I load them carefully
 23 and slowly to make sure that I make sure that they
 24 load accurately and make sure that I've load a good
 25 amount and that it's not going to get jammed.

Page 46

1 Q. And where do you get the rounds?
 2 A. We were given a rounds at the east
 3 substation and other people on top of the bridge
 4 were also assisting us and had extra rounds
 5 available if we needed them.
 6 Q. Okay. Did you get round -- to your
 7 recollection, did you get rounds from other people
 8 or did you just use the ones that you had say in
 9 your cargo pants or pockets or whatever?
 10 A. I don't remember. Yeah. I don't -- I
 11 don't remember.
 12 Q. What -- I -- I forgot to ask you this
 13 question before but approximately what time did you
 14 get off that night on Saturday? So -- right. So
 15 we're going through you're called in, in the af --
 16 in the daylight sometime, you're deployed or -- or
 17 up at the overpass. Just fast forwarding end of
 18 shift, what time did you get off shift that night?
 19 A. I don't -- I can't accurately recall that.
 20 I believe if I were to give you a bracket somewhere
 21 between 6: 00 and 2:00 -- 3:00 a.m. Somewhere
 22 between 6:00 and 3:00.
 23 Q. 6:00 p.m.?
 24 A. 6:00 a.m. and 3:00 a.m.
 25 Q. Oh, or 3:00 p.m., right?

Page 47

1 A. No, sir. So when -- the time where I
 2 would have gone home or -- or would have gotten off
 3 of work would have been approximately between the
 4 times of 3:00 a.m. and 6:00 a.m.
 5 Q. Oh, okay. 3:00 and 6:00. I got you. And
 6 when you got back to the -- did you go back to the
 7 east substation?
 8 A. That's where I was parked, so yes.
 9 Q. Okay. And did you write your supplement
 10 when you got back to the police station?
 11 A. I don't know. I -- no.
 12 Q. Okay.
 13 A. Not that day. I -- I'd written it later.
 14 Q. Okay. What did you do when you got back
 15 to the police station?
 16 A. I don't remember in great detail. I
 17 remember I took all my stuff off and went home. I
 18 remember I gave my less lethal back to the
 19 substation -- no, that actually -- no. That's not
 20 accuracy. I don't -- the only reason I say that is
 21 because some nights I was able to hand my less legal
 22 shotgun over to someone else and somebody gave it
 23 back to the substation. So I can't give an accurate
 24 answer for that.
 25 Q. Okay. And so let me ask you that. So you

Page 48

1 can hand your shotgun to another officer who maybe
 2 is coming on shift?
 3 A. Correct. We did that occasionally.
 4 Q. Okay. So occasionally it would happen
 5 that the shotgun just sort of passes hands rather
 6 than sort of going back into the armory being
 7 checked out -- going back in the armory and being
 8 check out -- I'm calling it an armory. I don't know
 9 what it's called. But you -- you could -- you could
 10 transfer the shotgun to another officer whose going
 11 on shift and just as long as you guys knew that that
 12 happened, right?
 13 A. Correct. And it's up to them to do the
 14 functionality tests and to make sure that all the
 15 rounds in the account and stuff. Yes, sir.
 16 Q. Okay. And is there any kind of log kept
 17 for that functionality test?
 18 A. No, sir.
 19 Q. You said you took off all your gear. So
 20 can -- can we paint that picture a little bit? What
 21 gear -- let's -- let's go to when you're at the
 22 overpass and isolate it in time so I'm being
 23 specific. But what is the gear that you have on?
 24 Can you just sort of walk us head to toe what --
 25 what you have on your person at this time on the

Page 49

1 overpass?
 2 A. I was wearing my department issued vest or
 3 my department issued gear. So a taser, department
 4 issued pistol, magazines, a baton. I believe I was
 5 wearing a ballistic helmet and a face shield as
 6 well. And that's all I can recall right now.
 7 Q. And you were wearing -- you were wearing
 8 pants, right?
 9 A. Correct. I'm wearing my department issued
 10 -- I'm wearing my uniform as well.
 11 Q. Okay. And is that where you -- I don't
 12 know. I'm asking but is that where you kept your
 13 rounds in the cargo -- you know, these pants have
 14 cargo pockets, right?
 15 A. Uh-huh.
 16 Q. And a lot of officers keep their rounds in
 17 their cargo pockets?
 18 A. I -- I -- I can't remember where I put
 19 mine on that specific day. I just don't remember.
 20 Q. Okay. Well, that's a place that you and
 21 other officers can put your rounds, right?
 22 A. Sure. Officers can keep them there.
 23 Yeah.
 24 Q. Okay. And then that's -- that's the
 25 uniform and the equipment that you had on your

Page 50

1 person your entire shift?
 2 A. To the best of my knowledge, yes, sir.
 3 Q. Sure. You mentioned the tactable helmet.
 4 When you deployed or fired your shotgun say -- I'm
 5 using the same terms but, you know, deployed the
 6 shotgun, did you have your helmet or mask on?
 7 A. I had my helmet on, I did not have my face
 8 shield down.
 9 Q. So you can wear the face shield up or you
 10 can wear it down, correct?
 11 A. Correct.
 12 Q. Okay. Did you ever have it down that this
 13 shift -- this shift, May 30th, 2020?
 14 A. I can't -- I don't remember.
 15 Q. Okay.
 16 A. I mean --
 17 Q. Did you -- go ahead.
 18 A. It's feasible that I did but I don't
 19 remember whether or not I did.
 20 Q. Okay. Did you ever have the -- the mask
 21 down when you fired the shotgun?
 22 A. I don't recall off the top of my head. I
 23 don't think so.
 24 Q. Okay. Have you ever -- this is a silly --
 25 this is going to seem like a silly question but I'm

Page 51

1 asking out of curiosity. Have you ever been hit by
 2 a less than lethal shotgun -- impacted?
 3 A. No, sir.
 4 Q. Do you receive any training on medical
 5 injuries that could result from a impact from one of
 6 these shotguns?
 7 A. Yes, sir. I believe there is a PowerPoint
 8 they show that it could -- it shows that it can
 9 cause serious bruises and other things like that.
 10 Q. Okay. And when did you view that
 11 PowerPoint?
 12 A. The academy.
 13 Q. And can you convey the general information
 14 that you learned from that PowerPoint?
 15 A. That specific PowerPoint?
 16 Q. Any -- any PowerPoint on this topic?
 17 A. Just any training I've received on less
 18 lethal in general?
 19 Q. Yes.
 20 A. Okay. I mean, it -- it's a less than
 21 lethal means. It can cause injury to people. You
 22 want to try to hit them in the legs area or the
 23 bottom part. And you want to stay away from the
 24 torso as much as you can but it's -- you don't have
 25 to and you definitely want to stay away from their

Page 52

1 head up so...
 2 Q. And why is that?
 3 A. Because it could -- it could cause them
 4 serious injury if you hit them in the head.
 5 Q. Okay. Did you learn about the injuries
 6 that it could cause?
 7 A. Yes. I believe that. I can't --
 8 Q. Okay.
 9 A. Generally, yes.
 10 Q. Okay. And what are some of those
 11 injuries?
 12 A. I can't -- I know their -- it could cause
 13 serious injury. I can't -- I'm not a doctor. I
 14 just know that it could cause like serious injury to
 15 someone if you hit them in the head.
 16 Q. Sure. Well, I -- I just sort of want to
 17 ask you -- I know you're not a doctor but, you know,
 18 what training you received or in the time -- in your
 19 time at the police department what information you'd
 20 been given on what kinds of injuries can result from
 21 someone being shot with these shotguns? So do you
 22 have any concept of what kinds of injuries can be
 23 caused?
 24 A. Sure. I mean, conceptually like large
 25 bruises. I mean, it could cause I'm sure -- you

Page 53

1 know, it could cause serious injury. I'm sure it
 2 could crack a bone. I mean, I -- it -- it -- it's
 3 very -- it depends but it could cause serious
 4 injury.
 5 Q. Okay. And could that include nonphysical
 6 injuries? You said you had a specialization in
 7 mental health, right? Could that cause
 8 psychological injury?
 9 MR. LAIRD: Object -- object to the form
 10 but you can answer.
 11 A. Okay. Yeah. I'm -- I'm -- I'm a mental
 12 health officer, I'm by far from a -- a phycologist
 13 or anything but I'm sure that -- I'm sure that, you
 14 know, just like anything a sound or, you know,
 15 anything like that would certainly cause someone
 16 some emotional distress if getting -- feeling pain.
 17 Yes.
 18 Q. Or being shot, right?
 19 A. After being impacted.
 20 Q. Yeah. And again, being impacted is being
 21 shot with one of these shotguns, right?
 22 A. Is being hit with less lethal ammunition.
 23 Q. I think you answered this but you don't
 24 have any military experience, right? You -- you --
 25 A. No.

Page 54

1 Q. -- went from high school -- high school,
 2 correctional officer, police officer, right --
 3 A. Correct.
 4 Q. -- generally? Okay. Okay. So how many
 5 -- let's -- let's come back to 10 to 20 deployments
 6 of your shotgun on May 30th, 2020. Just trying to
 7 narrow us down, we're on the same page. How many
 8 individuals in those 10 to 20 shots did you impact?
 9 A. In my supplement I said approximately 5 to
 10 7. Yeah. It -- it's a range just like, you know,
 11 less lethal rounds were. I mean, it was rapidly
 12 evolving in, you know, a chaotic situation so...
 13 Q. What do you mean by chaotic situation?
 14 Can you paint that a little bit more for us?
 15 A. Sure. So we were -- I was personally
 16 struck by a water bottle. We had lots of, you know,
 17 protesters or fire works going off behind me. I
 18 heard mal-tops being made. I heard rocks being
 19 thrown. I saw bottles rocks being thrown. I saw
 20 bottles being thrown. People were quite upset and
 21 angry and it was just -- it was a very chaotic and
 22 rapidly evolving situation. It changed from minute
 23 to minute.
 24 Q. So you were -- what -- what were you
 25 impacted with specifically? What made physical

Page 55

1 contact with you? Let -- and -- and let me --
 2 Officer if it's alright, let me further sort of
 3 slice down the time, if that's all right. So let's
 4 go from the time that you impacted the individuals
 5 below, okay? And -- let -- let me back up. Let me
 6 back up. Do you specifically recall impacting Tyree
 7 Talley?
 8 A. I -- I don't recall names. I never really
 9 got names for who was who.
 10 Q. Okay. Do you specifically recall
 11 impacting two deaf individuals -- one or two deaf
 12 individuals?
 13 A. I -- I never got a chance to speak with
 14 anybody that I got impacted so -- or that I
 15 impacted.
 16 Q. All right. So after you -- you impacted
 17 these people you never had a conversation with them?
 18 A. No, sir. I was not able to do -- do crowd
 19 size, hostility in the events going on.
 20 Q. Okay. Okay. So now what -- what I'm
 21 trying to do is get the timeframe. So from the time
 22 that you discharged or deployed -- deployed the
 23 shotgun, right, on May 30th, 2020 -- and I keep
 24 repeating that date cause I just want to be
 25 specific. So everything before that, right, so not

Page 56

1 after that but everything before that, what are the
 2 objects that -- that were thrown by the crowd that
 3 made physical contact with your person?
 4 A. I was hit in the groin by a water bottle
 5 during a effort to supplement people that -- who
 6 were under the bridge.
 7 Q. How did that happen?
 8 A. So officers were deployed under the bridge
 9 to, I believe, attend to somebody. I don't know the
 10 exact circumstances. The crowd was gathering around
 11 them and being increasingly hostile. They were
 12 getting things thrown at them. So at that time we
 13 moved down from the bridge from the -- I guess the
 14 northern part where that hill is. We came down, we
 15 came around and we observed a large crowd
 16 surrounding the officers. Luckily the officers were
 17 able to get out and move. And as we were standing
 18 there objects that we could only see for a fraction
 19 of a second began to be hurled at us and other
 20 officers and that's when I was in the groin by the
 21 water bottle.
 22 And at that time I did not deploy my
 23 less lethal. We were quick to back out to the
 24 safety of the steps to avoid any further hostile
 25 action taken against officers to avoid any body

Page 57

1 injury or serious body injury from the things being
 2 thrown.
 3 Q. Okay. Were you impacted by any other
 4 objects to your person?
 5 A. No, sir.
 6 Q. Okay. And so for -- as a police officer
 7 being impacted with a water bottle is -- is a
 8 serious thing, right? I mean, that puts you on high
 9 alert, right?
 10 A. Well, it -- it certainly hurt. I mean, it
 11 was -- it was to my groin area and that hurt --
 12 Q. Right.
 13 A. -- a lot -- enough.
 14 Q. Sure. So the -- when the water bottle --
 15 did you see who threw the water bottle?
 16 A. No. So it was a -- it was a very dense
 17 crowd. I couldn't see anything and I -- I saw the
 18 water bottle only as it was like two or three feet
 19 from me and then I felt the impact.
 20 Q. Okay. Did you -- I think you already
 21 answered this but I want to be clear. Did you fire
 22 your shotgun in response to that?
 23 A. No. I -- I had no one to identify and I
 24 couldn't accurately or safely make a shot for anyone
 25 who was throwing anything so I decided against it.

Page 58

1 Q. Okay. And -- and the reason for that is
 2 -- and I'm not putting words in your mouth, you
 3 correct me if I'm wrong. But when you discharged
 4 these -- when you deploy -- when you fire these
 5 shotguns you want to have a specific individual that
 6 -- that you're aiming at and that you intend to
 7 impact, fair?
 8 A. Yes. But more so I want to have a reason,
 9 right. Like if I saw someone throw something and I
 10 could accurately and safely deploy it to prevent
 11 that person from causing further body injury or
 12 serious bodily injury to another person, I would
 13 have done so. But had -- because there was not a
 14 safe opportunity and I could not accurately identify
 15 anyone I chose not to.
 16 Q. Right. You want to accurately identify an
 17 individual before you fire your shotgun at them?
 18 A. Correct.
 19 Q. You don't -- is that right?
 20 A. Correct.
 21 Q. What I'm saying is you -- you don't -- the
 22 purpose of these shotguns and it's counter intuitive
 23 for some people I think that, you know, hunts but
 24 you don't fire these shotguns into a crowd? You
 25 don't -- correct?

Page 59

1 A. You can fire them at specific individuals
 2 if you can do so safely in a crowd environment,
 3 right? Like if there's a group of people standing
 4 around, right, it's discretionary. So if there's a
 5 group of people and they're all close to each other,
 6 no, it may not be safe to accurately do it. But if
 7 someone is by themselves in an open area and you can
 8 feel you can accurately make the shot you can
 9 absolutely do it.
 10 Q. Okay. And -- and that's what you're
 11 supposed to do. You're supposed to identify one
 12 individual and impact them not just fire into a
 13 crowd to disperse the crowd?
 14 A. Correct.
 15 Q. Okay. So when you were at the overpass,
 16 right, as opposed to sort of underneath the overpass
 17 -- when you were at the overpass were you -- were
 18 you hit with anything? Were people -- in your
 19 estimation were people throwing water bottles at the
 20 officers at the overpass?
 21 A. Yes. So personally I had a water bottle
 22 fly past my face and I had the -- I observed rocks
 23 being like -- landed behind us on the roadway. I
 24 observed fireworks and other things going off behind
 25 me and very close to me. Enough to make me jump or

Page 60

1 almost had to go toward the edge because of how
 2 close it was to me because traffic -- traffic was
 3 behind us and it was definitely a rapidly evolving
 4 situation.
 5 Q. Okay. And so you felt under threat at the
 6 overpass by the -- the protesters and the people
 7 assembling in front of the police station?
 8 A. I felt a threat from the agitators and
 9 people who were throwing stuff but not from the
 10 majority. No.
 11 Q. Okay. How do you tell the difference --
 12 and I asked -- I've asked this question before. But
 13 how do you tell the difference between an agitator
 14 and a protester?
 15 A. Normally by them throwing things or
 16 engaging in illegal activity versus someone who is
 17 just there peacefully protesting.
 18 Q. Okay. And what do they look like? Is
 19 there -- is there a difference in -- in the way they
 20 look?
 21 A. No. I mean, it's just someone whose
 22 engaging in the illegal behavior of trying to cause,
 23 you know, injury to an officer by throwing things I
 24 would say is an agitator.
 25 Q. Okay. So you can't tell who an agitator

Page 61

1 is by looking at them, you -- you can tell by watch
 2 -- witnessing their actions?
 3 A. Correct. I'd say that's accurate.
 4 Q. Okay. And you know, coming back to -- to
 5 May 30th, 2020, what if somebody tells you that
 6 somebody is an agitator what do -- what do you do in
 7 that situation? Do you -- do you shoot them with a
 8 shotgun or do you know?
 9 A. Well, it's -- it totally depends on the
 10 situation. There's a lot of factors that would have
 11 to go into doing something like that.
 12 Q. Okay. Well, we can be more specific.
 13 A. Okay.
 14 Q. But if you're up on the overpass and
 15 someone says hit that guy or impact that guy, he's
 16 an agitator, what do you do?
 17 A. Well, it's up to my personal discretion.
 18 So I would have to view the offense, right. Just
 19 because someone is telling me to watch someone or do
 20 something like that doesn't mean I'm going to,
 21 right. I personally have to believe that that
 22 person would -- is -- is causing or going to cause
 23 body injury -- serious body injury to somebody.
 24 Just because someone tells me to do something I'm
 25 not going to do it.

Page 62

1 Q. Well, in a rapidly evolving situation and
 2 chaos, is -- is your words, if another officer says
 3 hey, impact that guy. Are you going to stop and say
 4 well, give me the reasons why or are you going to
 5 fire?
 6 A. I'm going to observe that individual's
 7 behavior. So if they're like that gentleman over
 8 there he, you know, threw a -- or you know, he did
 9 something. I'm going to observe that person and
 10 make a determination based off their behavior from
 11 my own individual experiences and training to
 12 determine what action needs to be taken next.
 13 Q. Well, let's be honest, they're not
 14 referring to the people beneath the overpass on
 15 May 30th as gentlemen, are they?
 16 MR. LAIRD: Objection, form.
 17 A. Normally they would -- as -- they would
 18 say that person or that protester or something like
 19 that. Yes.
 20 Q. (By Mr. Demik) Okay. So yes. And I do
 21 want to sort of drill down and I'm just asking for
 22 your opinion, right. This is a hypothetical. Let's
 23 be clear, this is a hypothetical. But I'm asking,
 24 you know, in this realm of officer discretion and
 25 I'm really just trying to be fair and give you the

Page 63

1 question. I want to ask you which is in this realm
 2 of officer discretion -- what I'm really asking you
 3 is are there instances in which you would not
 4 observe, okay. So not personally observe the
 5 throwing of a water bottle, not personally observe
 6 the throwing of a rock, not personally observe the
 7 throwing of a firework, et cetera, are there
 8 instances that another officer would tell you
 9 something they saw and you would fire your shotgun
 10 at that person?
 11 A. So --
 12 MR. LAIRD: Object to the form, but you
 13 can answer.
 14 A. I can only attest to what I would do,
 15 other officers, I can't speak for them. But
 16 personally I would have to observe behavior and I
 17 would have to -- because at the end of the day, I'm
 18 the one who has to justify it. So I'm only going to
 19 do what I know I can justifiably do.
 20 Q. (By Mr. Demik) Okay. So you would ask
 21 that officer to give you specific details before you
 22 fired your shotgun?
 23 A. If time allowed but in this situation
 24 that's not necessarily the case and that's not
 25 something that I would do.

Page 64

1 Q. Okay. Well, that's -- that's -- we're --
 2 -- we're -- you know, rapidly evolving situation and
 3 chaos, let's -- let's account for that, right. It's
 4 just a rapidly -- I want to take the assessment that
 5 you had, it's rapidly evolving and it's chaotic. If
 6 an officer were to tell you to impact someone and
 7 you didn't personally observe what they did, how
 8 would you deal with that?
 9 MR. LAIRD: Object to the form, but you
 10 can answer?
 11 A. I would -- like I said before, I would
 12 make my own personal decisions, my own personal
 13 judgment and further observe that person's behavior
 14 and further try to assess what was going on because
 15 I can only do whatever I can justifiably do.
 16 Q. (By Mr. Demik) Okay. And you would
 17 assess and observe before you fired?
 18 A. Correct.
 19 Q. On May 30th, 2020, okay, in the 10 to 20
 20 times that you fired the shotgun, in every one of
 21 those instances did you observe the individual that
 22 you aimed at be an agitator?
 23 A. I observed aggressive or what could have
 24 -- possibly be deadly resistance to officers or
 25 peaceful protesters prior to deploying my less

Page 65

1 lethal. Yes.
 2 Q. Okay. So -- so before you fired your
 3 shotgun you personally observed behavior yourself
 4 before firing the shotgun at that person?
 5 A. Correct.
 6 Q. Okay. Were there any instances on
 7 May 30th, 2020 in the 10 to 20 times that you fired
 8 the shotgun that you fired it at someone where you
 9 did not observe them personally but you had been
 10 given information that that person was an agitator
 11 or engaging in agitating behavior?
 12 A. Each person I observed was engaged in
 13 activity that I believed could cause body injury or
 14 serious body injury to a person. Yes.
 15 Q. Okay. Now, on the overpass looking down
 16 on -- at the crowd in front of the station -- the
 17 police station there were limits to the visibility
 18 that you and your fellow officers had from the
 19 overpass, right?
 20 A. It was certain -- we were certainly --
 21 yes.
 22 Q. Yeah. I mean, it -- well, yeah. I mean,
 23 you couldn't see behind the police station?
 24 A. Correct.
 25 Q. And you couldn't see underneath the

Page 66

1 overpass because you're -- you're on the overpass,
 2 right?
 3 A. Yes, sir.
 4 Q. Okay. And so individuals directly beneath
 5 you -- directly beneath you, not on your line of
 6 vision but individuals directly beneath you, you
 7 couldn't personally observe what those individuals
 8 were doing, right?
 9 A. Correct.
 10 Q. Okay. So at the time -- were you getting
 11 any information from any other officers on what was
 12 happening below you?
 13 A. I believe people from the steps were
 14 perhaps calling out agitators who were retreating
 15 under the overpass.
 16 Q. Okay. And how were you getting that
 17 information?
 18 A. Via my department issued radio.
 19 Q. So police officers -- and breaking that
 20 down, police officers who were at that line -- there
 21 was a line of police officers in front of the police
 22 station, right?
 23 A. Yes, sir.
 24 Q. And those police officers had radios,
 25 right?

Page 67

1 A. Yes, sir.
 2 Q. They also had shotguns, right?
 3 A. I believe so. Yes.
 4 Q. And -- and they were radi -- they were in
 5 radio communication with the officers on the
 6 overpass, right?
 7 A. Yes, sir.
 8 Q. So were they giving information to you
 9 officers at the overpass on things that were
 10 happening beneath you that you couldn't see?
 11 A. Yes, sir.
 12 Q. Why were they giving you that information?
 13 A. Mostly for officer safety and stuff like
 14 that, right. Like if -- if someone is a known
 15 agitator or they seen someone whose thrown something
 16 two or three times, we want to be made aware of that
 17 person to observe them and personally see what
 18 they're -- what they have going on or to make sure,
 19 you know, that mainly for officer safety purposes
 20 more than anything.
 21 Q. Okay.
 22 MR. LAIRD: Hey Stephen it's been -- looks
 23 like we've been going about an hour and twenty
 24 minutes. Could we take maybe a five-minute
 25 restroom break?

Page 68

1 MR. DEMIK: Absolutely. Thank you. And
 2 again, I'm really sorry I held people up this
 3 morning, that's not my MO.
 4 MR. LAIRD: Oh, no problem at all.
 5 MR. DEMIK: Five minutes will be great.
 6 Is that all right, Officer?
 7 THE WITNESS: Yes, sir.
 8 MR. DEMIK: Okay. How about -- I've got
 9 9:41 mountain. What is it central right now?
 10 VIDEOGRAPHER: 10:41.
 11 MR. DEMIK: Okay. 10:46, does that work
 12 for everybody? Does that work for you, Gray?
 13 MR. LAIRD: Yeah. That's fine.
 14 MR. DEMIK: Okay. Great. We'll take a
 15 five-minute break then.
 16 VIDEOGRAPHER: All right. We are off the
 17 video record at 10:41 a.m.
 18 (Break taken.)
 19 VIDEOGRAPHER: We are back on the video
 20 record, the time is 10:48 a.m.
 21 MR. DEMIK: Officer, I -- I should have
 22 mentioned that. You seem like a very polite
 23 guy. If you need a break you're -- you're
 24 absolutely welcome to ask for a restroom break
 25 or -- or whatever you need if you want. I

Page 69

1 don't want you to have feel -- you know, you
 2 got to slug through. So if you need a break
 3 feel free to tell us too. Thanks for that,
 4 Gray.
 5 Q. (By Mr. Demik) And that actually raised a
 6 question in my head. So what did you do on this
 7 shift at the overpass on May 30th, 2020. Again, you
 8 hear me repeat that a lot just cause I want to be
 9 specific. But what would you and other officers do
 10 when you needed to use the restroom?
 11 A. Normally you go in pairs and you would go
 12 down the side of 35, walk across to what we call 250
 13 or where the people fix our vehicles, and there was
 14 a restroom available in there that we would use.
 15 Q. Oh, okay. And was that just sort of an ad
 16 hoc like, I got to go, you go in a pair or was that
 17 on some kind of ration? Did you get a break or any
 18 relief?
 19 A. I don't -- I can't accurately remember if
 20 we got a break. I can remember that if you needed
 21 to use the restroom you went to whoever you were
 22 with in the patrol car. And you were like hey, I'm
 23 taking so and so and we're going to the bathroom.
 24 Like okay, when you would just go to the restroom if
 25 you needed to.

Page 70

1 Q. And so when you were hit in the groin with
 2 the water battle did you receive any medical
 3 treatment at the end of your shift or any time
 4 afterward for events on this day?
 5 A. No, sir. No form of medical care.
 6 Q. Okay. Any bruises?
 7 A. Not to my recollection.
 8 Q. Okay. Okay. Did you -- at the time that
 9 you were called in on Saturday, on the -- on the
 10 30th did you have information about other cities --
 11 and let me be specific. Did you have any
 12 information or knowledge of the Minneapolis Police
 13 Station being torched?
 14 A. That specific, I -- I can't remember.
 15 Q. Any information the police stations had
 16 been -- I don't know what the word is, overrun or
 17 vandalized?
 18 A. I recall protests breaking out. I can't
 19 accurately say whether or not -- what news I had
 20 heard or anything like that.
 21 Q. Was there any kind of elevated -- what's
 22 the word I'm looking for? Elevated awareness, I
 23 guess; that's not the right word. But any kind of
 24 elevated awareness because these people, the
 25 protesters, were assembling and milling around the

Page 71

1 front of the main police station, did that have any
 2 significance for you -- for you as a police officer?
 3 A. I mean, not in the sense of -- I mean, we
 4 just wanted to make sure that -- you know, there's
 5 important documents, there's victims information,
 6 there's important cases that are inside the building
 7 so I mean more so --
 8 Q. And weapons -- and there's weapons in
 9 there too, right?
 10 A. I'm not out of the main substation so I --
 11 I would venture to guess yes, but I don't -- I
 12 wouldn't know where those are kept or anything like
 13 that.
 14 Q. Are there weapons in the east substation?
 15 A. Yes.
 16 Q. So you -- you're -- you can say no if
 17 you're not aware but the main sub -- the main
 18 station -- the main police station in Austin also
 19 has weapons, doesn't it?
 20 A. Yes, sir.
 21 Q. Okay. How long -- and I know you're going
 22 to have to give me an approximation cause this was
 23 three years ago, but how long were you at that
 24 overpass? And I'm going to include, let's say, you
 25 took a restroom break and went and came back. So I

Page 72

1 don't want you to break it down that minutely. But
 2 you know, how long were you at that overpass
 3 approximately if you could put it in a estimate of
 4 hours?
 5 A. So if I -- if I have to estimate I would
 6 say more or less, 12 hours.
 7 Q. Well, on the overpass?
 8 A. Once I -- once I was there we -- we
 9 didn't -- well, I mean, we had -- we were there
 10 pretty much -- pretty much all night I mean until we
 11 were relieved to go home. So it really -- because
 12 it's an estimate I would have to venture to guess 12
 13 hours but I never -- for the most part with very
 14 short pauses --
 15 Q. Sure.
 16 A. -- was on there all night.
 17 Q. And -- and the majority of that time
 18 you're standing at the overpass looking below you?
 19 A. Correct.
 20 Q. Okay. Now, when you wrote your supplement
 21 when did you write that? I mean, you can look at it
 22 if you need to but --
 23 A. Yeah.
 24 Q. -- if you want to go off memory that's
 25 fine too, however you prefer.

Page 73

1 A. Looks -- the first one was June 2nd, 2020
 2 of -- looks like at 10:43.
 3 Q. That was when you wrote the supplement?
 4 A. I -- I think so. It says -- that's what
 5 it says on the related date.
 6 Q. Okay. And did you write a narrative?
 7 A. Yes, I did.
 8 Q. Okay. Could you read that narrative for
 9 me.
 10 A. Sure. Out loud? On May 30th of 2020, I
 11 Officer Hethershaw, Number 9073, responded to a
 12 mobile field force response downtown to the main
 13 headquarters on East 8th Street. When I arrived I
 14 was tasked with holding the South IH-35 bridge
 15 southbound over 8th Street, which is actually --
 16 yeah. No. It was southbound. I was given a less
 17 legal shotgun and was providing overwatch for the
 18 units below. I moved down to help maintain an
 19 overwatch. I moved down the bridge to help maintain
 20 overwatch. When I put in stars, I put R to R, which
 21 means response to resistance and further stars just
 22 to make everything aware.
 23 But per policy I knew at the time,
 24 went to deploy less lethal shotgun on a subject in
 25 which I quoted AP policy stating is engaged in

Page 74

1 riotous behavior. Was throwing rocks, bottles or
 2 other dangerous projectiles at people and or
 3 officers creating a risk for injury. Thus during my
 4 time providing overwatch I fired at approximately
 5 five -- I fired at approximately five to seven
 6 people. These people were throwing rocks, water
 7 bottles and other projectiles at officers at the AP
 8 main.
 9 I deployed between approximately 10
 10 to 20 shots. One particular time I can recall when
 11 I was directed by a supervisor on scene to get
 12 protesters off of a car that was in the middle of an
 13 intersection. The protesters were hostile toward
 14 the vehicle. I deployed my less lethal multiple
 15 times. And I put in stars again, end of -- I have
 16 response to resistance or R to R, stars and I put no
 17 other information and my initials.
 18 Q. Okay. Thank you. I want to break that
 19 down a little bit. Can you tell me -- and now I'm
 20 not -- now I'm not going off the report. I'm asking
 21 you about your recollection and your sort of
 22 personal knowledge. What happened with the car?
 23 A. So from the car -- the car was in the
 24 intersection. We weren't really sure why it was
 25 there or what it was doing but eventually a

Page 75

1 supervisor did come over and say hey, get those guys
 2 off the car and he's referring to the people who
 3 were surrounding the car.
 4 Well, I observed multiple people,
 5 they were banging, they were obviously agitated.
 6 They were raising their fists, they looked like they
 7 were extremely agitated. It looked to me like they
 8 may try to extricate the person from the vehicle or
 9 they may try to cause that person severe injury. So
 10 I deployed my less lethal a couple of times to try
 11 to get the people away from that car so we could get
 12 that car safely out of the intersection to make sure
 13 the driver and other -- anyone else around it could
 14 not cause further injury -- or be injured, I'm
 15 sorry.
 16 Q. Okay. Was this -- where was this
 17 intersection specifically?
 18 A. That was east 8th Street and IH-35 service
 19 road southbound.
 20 Q. Okay. So it was off the highway?
 21 A. Correct. It was on the service road in
 22 the middle of the intersection.
 23 Q. Okay. And did you fire your shotgun from
 24 the overpass or were you down on the -- what did you
 25 call it?

Page 76

1 A. The --
 2 Q. Service road. Yeah.
 3 A. No, sir. I was on the overpass.
 4 Q. Okay. And -- and what color was that
 5 vehicle or that car?
 6 A. Watching my body camera, I believe it was
 7 silver.
 8 Q. Okay. I'm -- I'm -- I'm just trying to
 9 get in my head -- were you aware or did you observe
 10 a car come down in -- in front of the police station
 11 and have someone removed from that car and have the
 12 car driven off? Do you recall that?
 13 A. That specific of circumstances, no. I
 14 remember a car being in the intersection, multiple
 15 people trying to get the person and extricate them
 16 from the vehicle and many -- many hostile acts were
 17 observed and I deployed my less lethal multiple
 18 times. And from that on I don't necessarily
 19 remember what happened to the car or who drove the
 20 car off or anything like that.
 21 Q. Okay. Well, when you -- I -- again, I
 22 just don't know the streets of Austin that well.
 23 But was this in front of the police station? Did --
 24 I want to ask you about where you fired your less
 25 than lethal, right.

Page 77

1 A. Uh-huh.
 2 Q. So was this in front of the police station
 3 or was this up on an over -- a exit ramp?
 4 A. No.
 5 Q. Or -- or --
 6 A. It was in the middle of an intersection.
 7 So right there like literally in the middle of the
 8 intersection the car was. And the car was facing
 9 southbound and protestors were interacting with the
 10 vehicle initially and it was on the service road and
 11 I was up on the overpass.
 12 Q. And so were you the only person to fire
 13 your shotgun or did other officers fire as well?
 14 A. I don't remember.
 15 Q. Okay. And what happened after you fired
 16 your shotgun?
 17 A. The protesters dispersed and officers were
 18 able to get the vehicle out from the situation and
 19 mover it along.
 20 Q. All right. What happened to the driver of
 21 the vehicle?
 22 A. I'm not aware of what happened to the
 23 driver of the vehicle.
 24 Q. When you say officers were able to get the
 25 vehicle, what does that look like? Can you -- can

<p style="text-align: right;">Page 78</p> <p>1 you --</p> <p>2 A. From what I observed and my body camera,</p> <p>3 they just -- they like -- almost like created a</p> <p>4 space for it to drive out. And that's pretty much</p> <p>5 what I remember is officers eventually went out</p> <p>6 there and they got the car out of the situation.</p> <p>7 I'm not aware of their tactics or whatever they</p> <p>8 used, excuse me, but they eventually got the car out</p> <p>9 of the intersection.</p> <p>10 Q. The officers drove the car out of the</p> <p>11 intersection?</p> <p>12 A. I'm not aware if they drove the car out of</p> <p>13 the intersection or not.</p> <p>14 Q. Okay. Did you observe who drove the car?</p> <p>15 A. No.</p> <p>16 Q. So that's -- and the star, star, R to R's,</p> <p>17 use of force, that's a code that you put in when you</p> <p>18 -- is that the firing of the shotgun or that's just</p> <p>19 a general use of force code? What is that?</p> <p>20 A. So I use that in my reports. Different</p> <p>21 officers use different things. I use that for -- we</p> <p>22 have a team of people who reviews our responses to</p> <p>23 resistance. And so kind to the reports -- so that</p> <p>24 way I can point out to them like hey, this is the</p> <p>25 most important part that you need to read because</p>	<p style="text-align: right;">Page 80</p> <p>1 Q. So when -- you were up till the wee hours</p> <p>2 of the morning the same day working, right?</p> <p>3 A. Sure.</p> <p>4 Q. And so when you wrote your supplement on</p> <p>5 June 2nd, the best of your recollection was that you</p> <p>6 had -- you had impacted or shot five to seven</p> <p>7 people, correct?</p> <p>8 A. Correct.</p> <p>9 Q. And 10 to 20 shots?</p> <p>10 A. Correct.</p> <p>11 Q. Okay. And did you document the specific</p> <p>12 use of force -- and again, I know the answer so I'm</p> <p>13 just trying to frame what I want to ask you but --</p> <p>14 A. Sure.</p> <p>15 Q. -- I'll ask it to you in a leading way.</p> <p>16 You didn't put a specific -- or did you? Let me ask</p> <p>17 you that. Did you put a specific detail for each</p> <p>18 individual that you had impacted?</p> <p>19 So for example -- giving example just</p> <p>20 so I can be clear. Individual one, this is what</p> <p>21 they were doing specifically, this is what they were</p> <p>22 wearing. This is the time and the date and the</p> <p>23 moment that I made the decision to fire. Did you</p> <p>24 keep that for those five to seven individuals?</p> <p>25 A. Not in my first supplement. My second</p>
<p style="text-align: right;">Page 79</p> <p>1 this is where I'm using force. And this is where I</p> <p>2 kind of explain everything.</p> <p>3 Q. So when you wrote your supplement on</p> <p>4 June 2nd of 2020 you wrote that based on your best</p> <p>5 recollection of the events, right?</p> <p>6 A. Correct. At that time we weren't sure how</p> <p>7 we were reporting this because nothing like this</p> <p>8 from what I asked around had ever occurred before.</p> <p>9 So everybody was just kind of at a loss. Nobody</p> <p>10 necessarily did so everybody -- we just kinda wrote</p> <p>11 a belief overview of what occurred so that way we</p> <p>12 can kinda, you know, at least say something so...</p> <p>13 Q. What were you told? I mean, that -- that</p> <p>14 -- can you say some more about that? What were you</p> <p>15 told about writing the reports in relation to this</p> <p>16 specific event?</p> <p>17 A. We were just told to -- I mean, you write</p> <p>18 -- you write what you did, right. But it was a --</p> <p>19 it was a long day.</p> <p>20 Q. What do you mean by that?</p> <p>21 A. It was just -- it was 12 hours. I mean,</p> <p>22 from start to finish it was a very long day.</p> <p>23 Normally we work 10 so I mean, working the extra two</p> <p>24 hours in -- on your day off can certainly cause for</p> <p>25 a long day.</p>	<p style="text-align: right;">Page 81</p> <p>1 supplement, I kind of did that but in the first</p> <p>2 one --</p> <p>3 Q. Okay. And when you say kind of did that,</p> <p>4 what does that mean?</p> <p>5 A. It means I did reference specific</p> <p>6 individuals and specific actions that I impacted. I</p> <p>7 did not give any -- I don't believe I gave -- if you</p> <p>8 -- if you would allow me to read this real quick so</p> <p>9 I can accurately say it.</p> <p>10 Q. Sure.</p> <p>11 A. Okay.</p> <p>12 Q. Actually, you know what? For the record,</p> <p>13 Gray, I don't know if you want to jump in. But</p> <p>14 Officer Hethershaw -- and I have no problem with you</p> <p>15 looking at it, that's not the issue. But to be</p> <p>16 clear for the record, there's usually a number in</p> <p>17 the lower right-hand corner called a Bates Number.</p> <p>18 Could you just state that Bates</p> <p>19 Number on the record so, you know, if somebody wants</p> <p>20 to say well, what was he looking at, we have the</p> <p>21 Bates Number?</p> <p>22 A. Sure.</p> <p>23 THE WITNESS: Is that fine? Okay.</p> <p>24 MR. LAIRD: Yeah. That's fine.</p> <p>25 A. It'll be -- the second supplement I'm</p>

Page 82

1 referencing is COA2479.
 2 Q. (By Mr. Demik) Is it -- it's more than
 3 one page?
 4 A. No.
 5 Q. Okay. And -- and we're just being lawyers
 6 about that, you just got to put it in the record.
 7 So looking at COA2479. Go ahead. Please go ahead.
 8 A. Okay. To my knowledge and from this
 9 report, it looks like I only reference people as a
 10 subject and I did not use any further description
 11 such as shirt collars or anything else like that.
 12 Q. And that's fine. I understand. Did you
 13 remember those things at the time? And I'm -- let
 14 me ask you that way. On June 2nd, okay, did you --
 15 did you recall specifically any or all of the five
 16 to seven individuals that you had -- that you had
 17 hit?
 18 A. I mean, I don't understand the question.
 19 Like what do you -- what do you mean?
 20 Q. Sure. So on June 2nd you -- in your
 21 memory -- I'm asking you what was in your memory on
 22 June 2nd when you wrote the supplement, right?
 23 Cause now it's been three years. But on June 2nd
 24 did you remember each individual that you had shot
 25 or impacted? Did you -- did you have a specific

Page 83

1 recollection of what they were wearing, what the
 2 circumstances were, et cetera? Or some of them,
 3 right, maybe some but not all.
 4 A. Some of them. I mean, I -- I can't
 5 accurately say that I remember, you know, every
 6 thing. That's why I kinda wrote the second one to
 7 kinda make sure that I'm still in stone. Like hey,
 8 like this is everything that occurred and why I gave
 9 approximations was I wanted to be as accurate as I
 10 could and as transparent as I could to try to give
 11 them the best and accurate answer that I could.
 12 Q. Okay. And -- and what you wrote was
 13 subject. You didn't write any identifiers, right?
 14 A. No, sir.
 15 Q. Okay. But here's what I guess I'm asking
 16 you and I'm not saying you did anything wrong I'm --
 17 at all I'm just saying that -- did you have that
 18 information and you just chose to put subject or did
 19 you put subject because you weren't necessarily
 20 clear on the exact details?
 21 So let me, again, give you an
 22 example, maybe I can sort of clarify with an
 23 example. Subject number two, that guy was wearing a
 24 white shirt and shorts and, you know, red sneakers.
 25 But -- but I'm going to put subject because I have

Page 84

1 to list all the times that I -- that I used force,
 2 right. That's one example. The other is like, you
 3 know, I can't really recall what that person was
 4 wearing but I do recall using force, you know, the
 5 code and so I'm going to put subject. Does -- does
 6 that make sense to you?
 7 A. Yes. The second description is more
 8 accurate. It's more -- more -- more along the lines
 9 of like there was a lot like rapidly evolving
 10 circumstances and stuff so you would deploy. And
 11 then after that factor scanning and making sure like
 12 after I deployed my less lethal, you know, a water
 13 bottle came flying passed my head. You know, you're
 14 having to scan, you're having to evaluate
 15 constantly.
 16 Q. That term rapidly evolving circumstances
 17 or rapidly evolving situation, was that discussed at
 18 any point on May 30th, 2020? What I mean is, did
 19 any supervisor maybe during the briefing at the
 20 overpass or sharing information, was that addressed
 21 by any superiors to you?
 22 A. Like the specific terminology or just the
 23 events?
 24 Q. The concept. This is a rapidly evolving
 25 situation, you got to use your discretion, you got

Page 85

1 to be flexible. That -- that's sort of what I'm
 2 asking you. Was there a conversation to that
 3 effect?
 4 A. I'm sorry. I just don't know if I
 5 understand the question completely.
 6 Q. Yeah. And -- and I'm trying. You know,
 7 at this point the -- I think you said a superior. I
 8 don't know if you remember who it was. But they're
 9 up on the overpass with the officers, you with me?
 10 A. Uh-huh.
 11 Q. And they said, you know, here's your --
 12 here's your parameters, right. If you see somebody
 13 engaged in riotous behavior you have discretion to
 14 shoot your shotgun, right?
 15 A. Right.
 16 Q. So there was some information being given
 17 to the officers up on the overpass, right? Was --
 18 was there any discussion or information about this
 19 being a rapidly evolving situation?
 20 A. I think contextually just because they had
 21 taken over 35 and they were -- things were being
 22 thrown and people were coming and going, yes, but
 23 that specific terminology was never used.
 24 Q. Were there any helicopters that were --
 25 that were there?

Page 86

1 A. I don't remember.
 2 Q. Is that something that you've seen in the
 3 past that the police department has the ability to
 4 use helicopters to observe crowds?
 5 A. Absolutely. I mean, Air 1. We have our
 6 Air 1 asset that is used from time to time.
 7 Q. And were there any -- I'm going to use the
 8 word spotters if -- if that's more clear. I can --
 9 were there any spotters -- besides the officers at
 10 the overpass, the officers in front of police
 11 station, were there any spotters? Exam -- for
 12 example, police officer at the top of a building, a
 13 police officer observing from one of the floors of
 14 the building giving any -- any information? Were
 15 there any spotters?
 16 A. That, I cannot accurately remember. Just
 17 -- only because we were getting information but I'm
 18 not entirely sure where it's from. You know, it's a
 19 -- a random call sign that I don't know who they are
 20 saying something or something. So I -- that, I
 21 don't know.
 22 Q. You don't know where the information was
 23 coming from but you -- you took whatever is on the
 24 police radio's information that's being given to you
 25 at the overpass.

Page 87

1 A. Correct.
 2 Q. Okay. So I'm almost done here but let me
 3 ask you about the -- sort of the effect. And I
 4 don't mean the injury that we talked about before
 5 but I mean the effect of -- of firing one of these
 6 shotguns and hitting somebody with a less than
 7 lethal round, okay.
 8 In general in your experience --
 9 training and experience, times that you've deployed,
 10 et cetera, that's to push the person back, right? I
 11 mean, when you impact them with a -- with a less
 12 than lethal shotgun the idea is to push them away,
 13 right?
 14 A. No. I believe that the idea of the less
 15 lethal shotgun is to deter any further behavior,
 16 right. Like it's to stop the individual from
 17 committing serious bodily injury or body injury to
 18 another person from their actions.
 19 Q. And how do you deter with the shotgun?
 20 A. You deploy it in the sense of if you see
 21 something about to happen or happening you can
 22 deploy it and you impact them -- the lower half of
 23 the region with a less lethal ammunition.
 24 Q. And -- and I think what you're saying then
 25 is that you use pain as a compliance technique?

Page 88

1 A. In -- in the general sense -- in the -- in
 2 laymen's terms, yes.
 3 Q. Okay. Well, I mean, I just -- and now,
 4 I'm going to ask you a hypothetical, okay? Just
 5 cause I want to get the concept. So I'm not saying
 6 May 30th, 2020. I'm saying -- let's say there's an
 7 individual whose 25 -- 20 yards, let's put him
 8 20 yards, okay, in front of you throwing a water
 9 bottle, okay. If you -- and it's just you and him,
 10 let's just limit it. So I know there's a lot of
 11 other variables.
 12 But if you -- if you shoot -- you're
 13 here, the individual is here, you impact them with a
 14 round. You shoot them with shotgun, right. How
 15 does that -- what -- and the -- I'm going to -- I'm
 16 going to say it, you correct me. That has two
 17 purposes, one is to impact the individual, hit them
 18 with a bean bag round so that they flee and they
 19 stop the behavior that they're engaged in. Or two
 20 is, it hits them, it inflicts pain and because it
 21 inflicts pain it deters them from continuing to
 22 engage in the agitating behavior that they're
 23 engaged in. That's a lot of words so you please
 24 clarify.
 25 MR. LAIRD: Object to the form, but you

Page 89

1 can answer.
 2 A. I believe more so the -- the less lethal
 3 shotgun -- and again, I am by far not an expert and
 4 nor someone who trains or trains other people. I do
 5 not train other people in the use of the less
 6 lethal. But from my training and experience it's
 7 used to stop an individual's behavior that can cause
 8 serious bodily injury or death.
 9 Q. And -- and I guess that's what I'm -- what
 10 I'm drilling down. How does it stop them?
 11 A. Again, by no means am I an expert on the
 12 less lethal. It -- by impacting somebody with a
 13 less lethal means you're using it to -- in a -- in a
 14 very, very general sense to stop it from happening.
 15 So whether that means that they get hit it and
 16 they're like oh, man, I don't want to like do it
 17 cause like I -- like it knocked my balance off or,
 18 you know, it is -- it hurts. It's trying to stop
 19 the activity from occurring.
 20 Q. Okay. All right. Well -- well, one way
 21 to stop it is the -- handcuffs are one means to
 22 limit somebody's mobility so they can't engage in
 23 riotous behavior, right?
 24 A. I -- in a very -- I'm not going to be able
 25 to go down there and handcuff a protester in the

<p style="text-align: right;">Page 90</p> <p>1 middle of a riot.</p> <p>2 Q. Absolutely. Absolutely. I'm not talking</p> <p>3 about May 20th. This is a time that I'm jumping off</p> <p>4 May 20th, 2020. Just in your training and</p> <p>5 experience as a police officer with the police</p> <p>6 department, I'm just asking you about the general</p> <p>7 means to get someone to stop, okay, engaging in --</p> <p>8 in threatening or risk of threat behavior. Are you</p> <p>9 with me?</p> <p>10 A. Okay. Yes, sir.</p> <p>11 Q. All right. So one way is you can</p> <p>12 physically restrain them, right?</p> <p>13 A. Yes, sir.</p> <p>14 Q. You can -- you can put handcuffs on them,</p> <p>15 right?</p> <p>16 A. To -- to stop like violent behavior?</p> <p>17 Q. Yeah.</p> <p>18 A. Sure. Yes.</p> <p>19 Q. Or prevent a risk, right, if they're some</p> <p>20 --</p> <p>21 A. I mean, putting handcuffs on someone is</p> <p>22 not a use of force by any means.</p> <p>23 Q. Okay. You can use batons, you can use</p> <p>24 tasers. You know, you have the use of force</p> <p>25 continuum, right?</p>	<p style="text-align: right;">Page 92</p> <p>1 rounds you're like ow, and you run the other</p> <p>2 direction, right?</p> <p>3 A. In -- I -- I can't speak for what a person</p> <p>4 would do when they get hit by it but, yes. I'm sure</p> <p>5 it would hurt. Yes.</p> <p>6 Q. Okay. Okay. And then what is the</p> <p>7 training that you received if an individual has been</p> <p>8 impacted once one time? Okay. How many times do</p> <p>9 you impact them?</p> <p>10 Are -- that's what I want to ask you</p> <p>11 is, like are you trained in any way on here's how</p> <p>12 many times you shoot somebody?</p> <p>13 A. You are given parameters to assess their</p> <p>14 behavior. So if one doesn't work and you reassess</p> <p>15 you can then deliver another less lethal ammunition.</p> <p>16 Q. Okay. So -- and that makes sense to me.</p> <p>17 Do it until it stops, right. If you hit them once</p> <p>18 and they're still engaged in the behavior, hit them</p> <p>19 again. Still engaged in the behavior, hit them a</p> <p>20 third time. They stop, then you stop shooting them</p> <p>21 with the shotgun, fair?</p> <p>22 A. Yes. Based off your own individual</p> <p>23 assessment.</p> <p>24 Q. Okay. And that makes sense. I get it.</p> <p>25 What do you do -- I'm going to ask you again what</p>
<p style="text-align: right;">Page 91</p> <p>1 A. We do have a use of force continuum. Yes.</p> <p>2 Q. And -- and those are things that you can</p> <p>3 do to stop an individual from engaging in this</p> <p>4 agitating behavior that we're talking about, right?</p> <p>5 A. There's -- there's a lot of things that</p> <p>6 you can use.</p> <p>7 Q. Right. And -- and again, I'm not saying</p> <p>8 that, you know, you -- I'm not saying you come down</p> <p>9 from the overpass and you handcuff somebody. That's</p> <p>10 not what I'm saying. I'm just sort of -- I -- I'm</p> <p>11 trying to understand how shooting somebody with a</p> <p>12 shotgun would stop their behavior. And I think I</p> <p>13 know the answer but I -- I'm not a police officer.</p> <p>14 You're -- you're here being deposed as a police</p> <p>15 officer.</p> <p>16 And my understanding is that one is</p> <p>17 that if the person is hit it could knock them off</p> <p>18 balance, right, and so that they can't throw a water</p> <p>19 bottle. Let's use throwing a water bottle.</p> <p>20 A. Okay.</p> <p>21 Q. That's -- that's one way that the shotgun</p> <p>22 can -- can deter the behavior, right?</p> <p>23 A. Sure. Yes.</p> <p>24 Q. It -- and it can also make them run away,</p> <p>25 right? If you get hit with one of these bean bag</p>	<p style="text-align: right;">Page 93</p> <p>1 you, Officer Hethershaw, right. Your -- your own</p> <p>2 training, experience and sort of how -- how you've</p> <p>3 been trained and how you do it.</p> <p>4 What do you do if there's -- and this</p> <p>5 is a hypothetical, okay? I'm not talking about</p> <p>6 May 30th, I'm talking in general. What if you're</p> <p>7 there with three other officers and you impact the</p> <p>8 person, you shoot them with a shotgun and the other</p> <p>9 two shoot them with a shotgun, right?</p> <p>10 A. Uh-huh.</p> <p>11 Q. And they've complied. They've -- let's</p> <p>12 say they've fallen on the ground and gone into the</p> <p>13 fetal position.</p> <p>14 A. Uh-huh.</p> <p>15 Q. Do you impact them again?</p> <p>16 MR. LAIRD: Object to the form, but you</p> <p>17 can answer.</p> <p>18 A. So I can only speak to what I would do and</p> <p>19 my own individual actions. So if I believe that</p> <p>20 person is still a threat there are a myriad of</p> <p>21 things that could happen. It all depends on facts</p> <p>22 and circumstances. So it all -- it depends is my</p> <p>23 answer. Because you -- just because someone is on</p> <p>24 the ground, right, it doesn't mean that they -- you</p> <p>25 know, a lot of times -- to give -- to give you a</p>

Page 94

1 hypothetical. If someone has a gun and we impact
 2 them and they fall on the ground and they still have
 3 the gun in their hand, that's not saying I'm not
 4 going to impact them again, right. It -- it depends
 5 on circumstances, it depends on my individual
 6 assessment. It depends on the circumstances.
 7 Q. Sure. And -- and those circumstance --
 8 that makes sense. The circumstances that you
 9 consider are -- I mean, I'm not -- I can't name them
 10 all cause -- because you can't prepare for every
 11 unknown situation. But it's sort of based on the
 12 immediacy of the threat, right? Like you gave the
 13 example they have a firearm. That's an immediate
 14 threat, right? I mean, they can shoot somebody,
 15 they can shoot you, they can shoot somebody else.
 16 They could, you know, potentially shoot themselves
 17 but that's an immediate threat, right?
 18 A. Correct. Or they could have other hidden
 19 weapons on them.
 20 Q. Other hidden weapons on them. Right. So
 21 one of the factors that you would consider in
 22 choosing whether to impact somebody; let's just say
 23 a third time, okay, is the immediacy of the threat.
 24 That's just one factor, it's not all off them. But
 25 would you agree that that's one factor?

Page 95

1 A. Sure. That is a factor and a myriad of
 2 them.
 3 Q. Okay. And at what point are you trained
 4 or are you instructed to stop shooting an
 5 individual?
 6 A. When the -- when the officer believes that
 7 the threat no longer exists.
 8 Q. Okay. All right. Okay. Let me ask you
 9 was there any discussion as far as crossfire in --
 10 on -- now, I'm back to May 30th, 2020. We're
 11 specifically talking about you and the overpass and
 12 -- and -- and the people milling around the front of
 13 the police station. You with me? Was there any
 14 discussion of crossfire?
 15 A. Can you define what you define as
 16 crossfire?
 17 Q. Sure. Well, when you're -- when you're
 18 using firearm or shotgun, less than lethal -- let's
 19 say less than lethal. One of the things that you
 20 are trained to be concerned about is what your line
 21 of -- what your line of fire is, right?
 22 A. Correct. Yes, sir.
 23 Q. If you're shooting in a -- in a crowded
 24 grocery store as opposed to one individual at a
 25 traffic stop and there's nobody else around, do you

Page 96

1 need to be aware of your line of fire and who you
 2 could potentially hit, right?
 3 A. Correct. You need to be aware of your
 4 surroundings.
 5 Q. Was there any discussion of that on
 6 May 30th, 2020?
 7 A. That, I don't remember or I can't recall
 8 specifically.
 9 Q. Was there any discussion of this -- of the
 10 issue of having officers in front of the police
 11 station, okay? Officers at the overpass. Was there
 12 any discussion of -- of crossfire for the
 13 individuals that were in the street -- milling in
 14 the street below?
 15 A. That, I -- I don't -- I can't recall that.
 16 I don't remember that. I don't remember.
 17 Q. Did anybody bring -- bring it up? That
 18 we're not the only officers on the overpass that had
 19 a line of fire here?
 20 A. I -- I can't recall. I don't remember.
 21 Q. Okay. Is that something you would -- that
 22 would be important to you?
 23 A. Yes.
 24 Q. Okay. And you don't recall anyone talking
 25 about that, discussing that, giving any directives

Page 97

1 on that?
 2 A. I don't remember many speci -- I don't
 3 remember many conversations I had that day
 4 specifically. It was --
 5 Q. Excuse me.
 6 A. -- three years ago so I -- I don't
 7 remember any specific conversations.
 8 Q. Understood. And excuse me, I sneezed.
 9 But this -- this was an unusual situation, right.
 10 You hadn't experienced something like this before
 11 during your three months as a police officer?
 12 A. Correct.
 13 Q. You hadn't experienced something like this
 14 in the academy, obviously, cause you're training to
 15 be a police officer, right?
 16 A. We just did scenarios for -- I mean, for
 17 mobile field force training and stuff like that. So
 18 you engaged in scenarios and stuff that were similar
 19 and would mimic scenarios such as this.
 20 Q. Okay. And this was a notable circumstance
 21 in your first three months as a police officer,
 22 fair?
 23 A. Yes, sir.
 24 Q. What about ever since after that? Have
 25 you had a similar situation in -- after May 30th,

Page 98

1 2020?

2 A. Well, I'm part of a dispatch and response

3 team for Austin Police so I respond to protests

4 quite a bit. So not -- not something of -- to that

5 magnitude of riotous behavior but I have responded

6 to several protests since then.

7 Q. Okay. Any of them bigger than this one?

8 A. I can't accurately say that. I mean, this

9 was a big -- this -- the one that we're discussing

10 was a big one but there -- there's been some big

11 ones too.

12 Q. All right. Let me just check my notes. I

13 think -- I think I'm done. I just want to look at

14 my notes.

15 Do you have any electronic

16 communications regarding this incident? Like

17 e-mails that you shared with fellow officers? I'm

18 not talking about your report. Like let's section

19 off the supplement that you wrote on June 2nd. Any

20 electronic communications, e-mails, other

21 correspondence that you have, you know, had with

22 someone regarding this incident, May 30th, 2020?

23 A. Not to my knowledge.

24 Q. And -- and of course, I'm excluding lawyer

25 communications, I'm not talking about that. I'm

Page 99

1 talking about fellow officers, supervisors, anybody

2 like that.

3 A. Not to my recollection.

4 Q. Okay. When you showed up at the overpass

5 on May 30th, 2020 and you were stationed above,

6 right.

7 A. Uh-huh.

8 Q. These citizens, protesters, agitators,

9 including all of them; this group of people, what

10 information -- actionable information did you have,

11 if any? And -- and that's a really big term. But I

12 mean it to be big because I want to know like

13 walking into a situation what information did you

14 have about this situation?

15 A. Sure. So from the totality that I've

16 learned up until that point; learned that they had

17 taken 35 at one point. That they were engaged in

18 throwing lots of things at officers or at some point

19 surrounding officers and were engaged in riotous

20 behavior. Like I said in the beginning too, I mean,

21 there were as well there were -- like there was also

22 like peaceful protestors out here. But there are

23 the -- you know, there are the agitators, they are

24 the rioters as well.

25 Q. And I imagine it's difficult to tell the

Page 100

1 difference sometimes?

2 A. Not necessarily. I mean, if I see someone

3 throwing a rock or a water bottle or throwing

4 fireworks I could see that that person is engaged in

5 riotous behavior versus the people who are just

6 simply standing on the steps not doing anything.

7 Then I can definitely make a differentiation.

8 Q. Right. In terms of, you know, the group

9 as a whole before somebody throws something, right.

10 A. Uh-huh.

11 Q. Let's say -- let's say that. Let's say

12 group of people. It must be very difficult to tell

13 the difference before anybody throws anything. It's

14 just a group of -- massive group of people in front

15 of you. You can't really say this one is going to

16 be an agitator, this one is just a protester, right?

17 A. Correct. I mean, until they engage in

18 some form of illegal activity they're -- they're

19 just protesting up to that point.

20 Q. Right. And -- and so let me ask you this

21 way, in your view -- and I'm just talking about you.

22 I can't ask you to opine on what other people think

23 or saw.

24 A. Uh-huh.

25 Q. In your view in that shift on May 30th,

Page 101

1 2020, were all the people who were agitators,

2 throwing things, riotous behavior, all the sort of

3 things that you quoted in your supplement. And I --

4 I can't go off memory. You probably can't but let's

5 just call them agitators, fair?

6 A. Okay.

7 Q. Were all the agitators impacted by

8 shotguns?

9 A. I -- I can't accurately say that at all.

10 I mean, I -- I can't -- I can only speak for the

11 people that I impacted and that I saw engage in

12 riotous activity. But I can't say for every single

13 agitator out there that they were engaged in some

14 way or another.

15 Q. Did you witness any agitators who were not

16 impacted by rounds?

17 A. I mean, I'm -- I'm sure. I mean, I --

18 like I said, it as a rapidly evolving situation. I

19 mean, there was -- there was a lot going on. I

20 mean, I can't say -- I can't give you a specific

21 example but I'm not going to say that's out of the

22 realm of possibility.

23 Q. Right. Well, I mean, you're focused on

24 who you're focused on and who you're going to

25 impact. I get that. Fair?

<p style="text-align: right;">Page 102</p> <p>1 A. Fair.</p> <p>2 Q. But you're also -- I mean, you also have</p> <p>3 peripheral vision. You're also -- when you're not</p> <p>4 shooting the shotgun you're also observing things,</p> <p>5 right?</p> <p>6 A. Uh-huh.</p> <p>7 Q. You got to say yes for court reporter.</p> <p>8 A. Oh, sorry. Yes.</p> <p>9 Q. That's all right. It's lawyer stuff. And</p> <p>10 so there had to have been situations where you</p> <p>11 witnessed other offerers fire their shotgun while</p> <p>12 you were not firing your shotgun, right?</p> <p>13 A. Yes.</p> <p>14 Q. Okay. So -- and I just want to make sure</p> <p>15 that I -- that I asked the right question and you</p> <p>16 answered it fully. Did you witness any agitators,</p> <p>17 okay, throwing things, agitating behavior, all that</p> <p>18 other stuff, who were not impacted by shotguns?</p> <p>19 A. That -- I -- it's just a broad question</p> <p>20 because like it -- it doesn't dictate like whether</p> <p>21 other means were used or whether there is kind of</p> <p>22 like -- so I -- it was -- there was a lot going on</p> <p>23 so I can only speak for the agitators that I saw,</p> <p>24 that I dealt with and that I impacted myself. Other</p> <p>25 officers were doing whatever other officers needed</p>	<p style="text-align: right;">Page 104</p> <p>1 riotous behavior they observed. I can't say that I</p> <p>2 observed that other person's behavior. So I can't</p> <p>3 give an accurate statement to that.</p> <p>4 Q. So you -- you -- what I think you're</p> <p>5 saying -- and you correct me if I'm wrong. I don't</p> <p>6 want to put words in your mouth. But what you're</p> <p>7 saying is all I can really recall specifically and</p> <p>8 -- and testify to are the individuals that I shot</p> <p>9 with the shotgun. I can't answer to what happened</p> <p>10 before or after or outside my line of site. I can</p> <p>11 only answer to the individuals that I impacted.</p> <p>12 A. That's pretty -- that's pretty accurate, I</p> <p>13 would say.</p> <p>14 Q. I just -- I just want to make sure. Is</p> <p>15 there anything else -- and Gray can certainly ask</p> <p>16 you questions if he wants to as well. Gray, I don't</p> <p>17 know if you intended to but I always ask this</p> <p>18 question at the end. Officer, I ask is there</p> <p>19 anything else that you think is important for us to</p> <p>20 know about this, you know, this case, this incident,</p> <p>21 your -- your testimony? Cause I'm not always asking</p> <p>22 a hundred percent all of the questions but is there</p> <p>23 anything that you think is important for us to know?</p> <p>24 A. I just think that I've said it all. I</p> <p>25 mean, this had a lasting impression on my life. I</p>
<p style="text-align: right;">Page 103</p> <p>1 to do. And I was more so worried about what I was</p> <p>2 doing and protecting the peaceful protesters along</p> <p>3 with my fellow officers.</p> <p>4 Q. Okay. Did you witness at any point on</p> <p>5 May 30th someone who had not engaged in agitating</p> <p>6 behavior impacted by shotguns?</p> <p>7 A. Again, I -- I can't -- I can't say for</p> <p>8 certain because I don't know what other officers</p> <p>9 saw. I don't -- I can't speak for other officers.</p> <p>10 I don't know what actions they saw or lead to</p> <p>11 believe. So I only saw what I saw and I can only</p> <p>12 justify what I can justify.</p> <p>13 Q. Okay. That's fair. But I'm not asking</p> <p>14 about other officers, I'm just asking about what</p> <p>15 you, okay? What you observed, what you witnessed,</p> <p>16 what you saw.</p> <p>17 A. Correct.</p> <p>18 Q. So that -- it's just a two-part question</p> <p>19 and I asked you the first and now I'm asking you the</p> <p>20 second. Did you personally view anyone who was</p> <p>21 impacted, shot with a shotgun, who you had not seen</p> <p>22 engaged in agitating behavior?</p> <p>23 A. I -- the short answer is no. But again,</p> <p>24 I'll qualify that only for the sense of I can't</p> <p>25 speak for what other officers saw. I can't see what</p>	<p style="text-align: right;">Page 105</p> <p>1 mean, you spoke to mental distress earlier. So I</p> <p>2 mean, it's caused quite a lot of anguish and caused</p> <p>3 a lot of emotional damage for myself as well as</p> <p>4 being a part of it. So -- and that's all I'd really</p> <p>5 like to leave with.</p> <p>6 Q. Well, I -- I'm -- I'm sorry for that. I</p> <p>7 got to ask you a couple of follow-up questions. And</p> <p>8 I -- I certainly am not trying to, you know, make</p> <p>9 you feel bad. But what do you mean by its caused</p> <p>10 you distress and anguish?</p> <p>11 A. Well, I -- I don't -- I don't like doing</p> <p>12 stuff like that. That's not why I did the job.</p> <p>13 That's not what I wanted to do.</p> <p>14 Q. And how has that been a lasting impact?</p> <p>15 So not just on May 30th and June 2nd but, you know,</p> <p>16 obviously today it -- it still effects you, I think,</p> <p>17 from what you said, right?</p> <p>18 A. I would say that's accurate. Yes.</p> <p>19 Q. What are the lasting effects then?</p> <p>20 A. Just -- I mean, it's -- it's tough. I</p> <p>21 mean, when you -- when you think back on that time</p> <p>22 it was just a -- a tough point in my life. So I</p> <p>23 mean, that's all I can say for the most part, the</p> <p>24 most detail I can go into. I mean, it -- it's just</p> <p>25 a rough time.</p>

Page 106

1 Q. Okay. And I don't mean to pry. I really
2 don't. And so if -- but what do you mean a rough
3 time in your life at that time in May of 2020?
4 A. It was just -- I mean, there's a lot of --
5 there was a lot of -- there was a lot of stuff going
6 on, you know. Just starting my career, a whole lot
7 going on and it was just a rough time in general
8 so...
9 Q. How would this event effect your career?
10 A. Just -- you know, it's a -- it was a tough
11 time. I mean, it was just -- it's definitely just
12 -- in the simplist of terms I mean, it -- you want
13 to help people and it's just not -- not something I
14 imagined myself doing.
15 MR. DEMIK: Okay. Thank you, Officer.
16 You had a tough job. I appreciate your taking
17 the time out of it to speak with me today and
18 -- and give this testimony. I certainly,
19 again, for the last time but importantly want
20 to apologize for being late. I don't like
21 wasting people's time. But thank you for
22 answering my questions. I'll turn it over to
23 Gray now.
24 MR. LAIRD: And we'll -- we'll reserve our
25 questions until the time of trial. We -- we do

Page 107

1 want to read and sign the transcript. And
2 then, also, Ms. Glover if I -- if we can order
3 an expedited transcript, that'd be great.
4 COURT REPORTER: Okay. Mr. Laird, when
5 would you like the transcript.
6 MR. LAIRD: It'd be great if we can have
7 it within seven days, maybe. Would that work
8 or --
9 COURT REPORTER: Yeah. I don't think
10 that's -- that may be regular time but yes,
11 I'll try to get it -- I'll put it in front of
12 and get it to you as soon as I can.
13 MR. LAIRD: Great. Thanks so much.
14 COURT REPORTER: Uh-huh.
15 MR. DEMIK: And -- and same here, Ms.
16 Glover, if that's all right. We'd like a copy,
17 obviously, as well.
18 COURT REPORTER: Okay. Awesome.
19 VIDEOGRAPHER: We'll conclude our
20 deposition, it's 11:34 a.m. We're off the
21 video record.
22 (End of proceedings.)

1 TIMOTHY COBAUGH,
2 having been duly sworn by the Certified Shorthand
3 Reporter to tell the truth, the whole truth, and nothing
4 but the truth, responded, "Yes," and testified as
5 follows:
6
7 EXAMINATION BY MR. DEMIK
8
9 Q Good afternoon, Officer Cobaugh. How are
10 you?
11 A Good. How are you?
12 Q Good. Have you done a deposition before?
13 Have you done one of these?
14 A No.
15 Q Okay. Is this your -- so this is your first
16 deposition?
17 A Yes.
18 Q Okay. Let me just sort of clarify a couple of
19 the ground rules. Let me know if you have any
20 questions.
21 The first is if you need a break, it's totally
22 fine, you can just signal to me or anybody else, we can
23 take a break if you need one. You know, you can just
24 raise your hand and we can take a five or ten-minute
25 break, whatever you need. Okay?

Page 6

1 A Yes.

2 Q The second thing is that you understand that

3 this is videotaped testimony that we're taking and it's

4 treated the same as if we were in a courtroom with a

5 jury listening and watching or a judge, right?

6 A Yes.

7 Q Okay. And so it's important for you to be

8 truthful, accurate, complete in your answers.

9 Do you understand?

10 A Yes.

11 Q Okay. Is there anything that would prevent

12 you from giving truthful, accurate, complete answers

13 today during this deposition? Lack of sleep, any

14 intoxicant or anything of that matter?

15 A No.

16 Q Okay. I'll start where I always start when we

17 do these depositions. And some of these questions may

18 sort of seem rote and maybe a little boring, but can you

19 tell me what you've reviewed or looked at in preparing

20 for today's deposition?

21 A I reviewed my report as well as the lawsuit.

22 Q Okay. That's the complaint that states the

23 allegations?

24 A Yes.

25 Q Okay. So you reviewed your report. What are

Page 7

1 -- is that the supplemental report? Can you give me

2 some more description as to your report?

3 A Yes. It's the supplemental report.

4 Q Okay. Okay. So you reviewed your report.

5 How many pages?

6 A It's one page.

7 Q Okay. So besides reviewing your one-page

8 report and the complaint, have you reviewed anything

9 else?

10 A No.

11 Q Okay. Have you spoken to anybody in preparing

12 for your deposition today?

13 A Just Monte.

14 Q Okay. And I don't need to know what you

15 discussed specifically, that's attorney/client

16 privilege, but how much time did you spend with

17 Mr. Barton in preparing for today's deposition?

18 A Two hours.

19 Q Okay. Any other preparation for the

20 deposition besides reviewing the report, reading the

21 complaint and two hours of meetings with your

22 attorney?

23 A No.

24 Q Okay. And you are --

25 A In the meeting with my attorney we watched the

Page 8

1 video.

2 Q Okay, sure. Would that be the body-worn cam

3 video?

4 A It would be the video from the police station,

5 as well as a video that I believe was recorded on a cell

6 phone.

7 Q Okay. How much -- well, there's a lot of

8 videos because, you know, there's a lot of body-worn

9 cameras by the different officers and then people taking

10 it on their cell phone.

11 How many, if you know because I wasn't there

12 obviously, but how many videos did you look at with your

13 lawyer?

14 A Two.

15 Q Oh, okay. So one was -- was it a body-worn

16 cam footage, was it from the police station, was it from

17 a patrol car, what was the video from?

18 A One was from the police station and one was

19 from a cell phone.

20 Q Okay. So one from almost like an overview

21 camera filming; is that right?

22 A Yes.

23 Q And the other from a cell phone. Who took

24 that cell phone video, do you know?

25 A I don't know.

Page 9

1 Q Okay. Okay. Thank you for being thorough.

2 So let me just sort of recap, make sure I got

3 everything. One-page report, read the complaint, two

4 hours of meetings with your attorney, cell phone video

5 and police station video.

6 Those are the things you reviewed and did in

7 preparing for the deposition?

8 A Yes.

9 Q Okay. Anything else I missed?

10 A No.

11 Q Okay. Let me ask you -- let me switch gears

12 now, and I try and side post as much as I can so you

13 know sort of what areas I want to ask you about. I

14 might forget something and jump back, but if I do that,

15 I'm going to do my best to sort of let you know what

16 topic or what area I'm asking you about.

17 So right now I want to ask you about your

18 background and history at the police department.

19 Okay?

20 A (Nods head up and down)

21 Q So what is your educational background prior

22 to becoming a police officer?

23 A I have a Bachelor of Science in criminal

24 justice.

25 Q From where?

<p style="text-align: right;">Page 10</p> <p>1 A Liberty University.</p> <p>2 Q Where is that?</p> <p>3 A Virginia.</p> <p>4 Q Okay. What town in Virginia?</p> <p>5 A Lynchburg.</p> <p>6 Q Oh, yeah. Do you know where Kingsport,</p> <p>7 Tennessee is?</p> <p>8 A I do not.</p> <p>9 Q That's where I grew up. It's about an hour</p> <p>10 and a half from Lynchburg.</p> <p>11 What years did you attend Liberty University</p> <p>12 in getting your BA in criminal justice?</p> <p>13 A 2011 to 2015.</p> <p>14 Q Okay. We'll back up a little bit.</p> <p>15 Prior to Liberty University, did you go to</p> <p>16 high school?</p> <p>17 A Yes.</p> <p>18 Q Where did you go to high school?</p> <p>19 A Trumbull, Connecticut.</p> <p>20 Q Is that where you grew up?</p> <p>21 A Yes.</p> <p>22 Q Okay. Sorry, I have some rain going. I don't</p> <p>23 know if you can hear that. Can you hear me all right?</p> <p>24 A (Nods head up and down)</p> <p>25 Q Okay. It seems like a thunderstorm outside.</p>	<p style="text-align: right;">Page 12</p> <p>1 A Afghanistan.</p> <p>2 Q Okay. Where in Afghanistan?</p> <p>3 A Helmand Province.</p> <p>4 Q Okay. And how much time -- so you gave me a</p> <p>5 range, 2018 to 2019, thank you, but was it nine months,</p> <p>6 ten months, a full year, what was the deployment?</p> <p>7 A 11 months.</p> <p>8 Q Okay. Okay. And when did you join APD?</p> <p>9 A 2018.</p> <p>10 Q Okay. What did you do between 2015 -- wait,</p> <p>11 yeah, 2015 and 2018 when you were deployed to</p> <p>12 Afghanistan?</p> <p>13 A Um, I worked.</p> <p>14 Q Where did you work?</p> <p>15 A In Connecticut.</p> <p>16 Q What kind of work?</p> <p>17 A Sorry, I actually joined APD in 2017.</p> <p>18 Q Okay. Fair enough. Thanks for checking that.</p> <p>19 So we're talking 2015 to 2017?</p> <p>20 A Uh-huh.</p> <p>21 Q You worked, right?</p> <p>22 A Uh-huh, yeah, that year and a half.</p> <p>23 Q And where did you work?</p> <p>24 A Um, my last job before APD was at -- on a</p> <p>25 farm.</p>
<p style="text-align: right;">Page 11</p> <p>1 So Trumbull, Connecticut to Liberty</p> <p>2 University, 2011 to 2015. After Liberty University, you</p> <p>3 graduated with your BA in criminal justice, what did you</p> <p>4 do then?</p> <p>5 A During the time I was at Liberty University</p> <p>6 and afterwards I was in the Marine Corps Reserves so I</p> <p>7 deployed relatively soon after that, as well as joined</p> <p>8 APD after college.</p> <p>9 Q Okay. When did you join the Marine Corps</p> <p>10 Reserves?</p> <p>11 A 2011.</p> <p>12 Q When you were in university?</p> <p>13 A Just before. The year leading up to it, yes.</p> <p>14 Q Okay. All right. I guess I don't -- I'm just</p> <p>15 asking. I don't know how that works. So you joined the</p> <p>16 Marine Corps, you went into the reserves, then you went</p> <p>17 to Liberty University, but you were still in the Marine</p> <p>18 Corps Reserves?</p> <p>19 A Uh-huh, yes.</p> <p>20 Q Okay. And I think you said did you deploy as</p> <p>21 part of your Marine Corps Reserve duty?</p> <p>22 A Yes.</p> <p>23 Q Okay. When was that?</p> <p>24 A 2018 and 2019.</p> <p>25 Q Okay. Where did you deploy to?</p>	<p style="text-align: right;">Page 13</p> <p>1 Q What would you do on a farm?</p> <p>2 A I was the manager.</p> <p>3 Q Was that in Connecticut or Virginia?</p> <p>4 A Connecticut.</p> <p>5 Q Connecticut. All right. And so you said that</p> <p>6 was your last job before APD. Were there any other jobs</p> <p>7 in that year and a half?</p> <p>8 A No.</p> <p>9 Q When did you end your term in the Marine Corps</p> <p>10 Reserves, if you did?</p> <p>11 A 2019.</p> <p>12 Q Okay. Was that after the deployment?</p> <p>13 A Yes.</p> <p>14 Q Did you have any specialties in the military</p> <p>15 first?</p> <p>16 A I was in infantry.</p> <p>17 Q Okay. Any specialties within infantry?</p> <p>18 A I was a rifleman squad leader.</p> <p>19 Q All right. So rifle -- you were a rifleman</p> <p>20 squad leader in the Marine Corps Reserves and you were a</p> <p>21 rifleman squad leader when you were in Afghanistan</p> <p>22 2018/2019?</p> <p>23 A Yes, correct.</p> <p>24 Q Okay. Tell me about when you decided to join</p> <p>25 the APD and what you did?</p>

<p style="text-align: right;">Page 14</p> <p>1 A I joined APD in 2017 and -- so sorry, I</p> <p>2 actually started the Academy in 2016. At the end of</p> <p>3 2016 and graduated the Academy in June of 2017, and I</p> <p>4 started working patrol after the Academy.</p> <p>5 Q Okay. So let me just make sure I got the sort</p> <p>6 of timeline right. So graduated from university in</p> <p>7 2015, Liberty University, right?</p> <p>8 A Uh-huh.</p> <p>9 Q Went with the Academy in 2016?</p> <p>10 A Uh-huh.</p> <p>11 Q Graduated in 2017?</p> <p>12 A Uh-huh.</p> <p>13 Q Correct?</p> <p>14 A Uh-huh, yes.</p> <p>15 Q Sorry. Yeah, you got to say yes for the court</p> <p>16 reporter. Sorry, it's just a thing.</p> <p>17 2018 you were deployed to Afghanistan as a</p> <p>18 Marine?</p> <p>19 A Yes.</p> <p>20 Q Okay. 2019 you come back?</p> <p>21 A Yes.</p> <p>22 Q And you work as a patrol officer for the</p> <p>23 Austin Police Department?</p> <p>24 A Yes.</p> <p>25 Q Okay. Did I miss anything in there?</p>	<p style="text-align: right;">Page 16</p> <p>1 five minutes and just let it calm down? It's actually</p> <p>2 -- I don't know if you can hear it, but it's really</p> <p>3 distracting for me.</p> <p>4 Could we take a five-minute break?</p> <p>5 MR. BARTON: Sure.</p> <p>6 THE VIDEOGRAPHER: We're off the video record.</p> <p>7 The time is 2:19 p.m.</p> <p>8 (Break taken)</p> <p>9 THE VIDEOGRAPHER: We're back on the video</p> <p>10 record. The time is 2:25 p.m.</p> <p>11 Q (By Mr. Demik) All right. Thank you,</p> <p>12 Officer.</p> <p>13 Where we left off I think was about a year in</p> <p>14 2017/2018 in service with the Austin Police Department,</p> <p>15 deployed to Afghanistan, come back in 2019, back with</p> <p>16 the Austin Police Department.</p> <p>17 Is that right? Did I get it right?</p> <p>18 A Yes.</p> <p>19 Q Okay. What has been your assignments and</p> <p>20 positions while at the Austin Police Department,</p> <p>21 including we'll call it that space before your</p> <p>22 deployment?</p> <p>23 So your entire time with the Austin Police</p> <p>24 Department would have been your positions and</p> <p>25 responsibilities?</p>
<p style="text-align: right;">Page 15</p> <p>1 A No.</p> <p>2 Q Okay. Well, besides the farm, I guess you</p> <p>3 sort of worked on the farm in the interim. Fair?</p> <p>4 A Yes.</p> <p>5 Q Was that like a family operation or -- where</p> <p>6 you kind of came in and out or what was that</p> <p>7 situation?</p> <p>8 A It was owned by a family friend.</p> <p>9 Q Okay. So did you have -- from the time you</p> <p>10 finished the Academy in 2017, are you with me, until you</p> <p>11 returned from Afghanistan in 2019, did you have any</p> <p>12 period of service for the Austin Police Department in</p> <p>13 that -- in that window?</p> <p>14 A Yes.</p> <p>15 Q Okay. How long and when?</p> <p>16 A So I graduated the Academy in 2017, 2018, just</p> <p>17 a little over a year.</p> <p>18 Q Okay. With the Austin Police Department,</p> <p>19 right?</p> <p>20 A Uh-huh, yes.</p> <p>21 Q Okay. Okay. So about a year you were in</p> <p>22 service before you were deployed?</p> <p>23 A Yes.</p> <p>24 MR. DEMIK: Okay. You know, there's a really</p> <p>25 bad hail storm outside. Would you guys mind if we take</p>	<p style="text-align: right;">Page 17</p> <p>1 A I worked patrol for approximately</p> <p>2 five-and-a-half years, and the last seven months I've</p> <p>3 been on the violent crimes task force.</p> <p>4 Q So the time that we're talking about here, and</p> <p>5 we're going to be talking up to May 30th of 2020, that's</p> <p>6 the date of the videos you watched, right, was May 30th,</p> <p>7 2020?</p> <p>8 A Yes.</p> <p>9 Q So we'll be talking mostly about the time</p> <p>10 leading up to that.</p> <p>11 And so on May 30th, 2020, how much accumulated</p> <p>12 time did you have as a patrol officer with the Austin</p> <p>13 Police Department?</p> <p>14 A I'm not sure.</p> <p>15 Q Okay. Well, we've got about a year from</p> <p>16 2018 -- 2017/2018, come back in 2019, 2019 to May 2020,</p> <p>17 can you give me a ballpark?</p> <p>18 A Two to three years.</p> <p>19 Q Okay. And where were you stationed during</p> <p>20 that time?</p> <p>21 A During what time?</p> <p>22 Q During 2000 -- during the time you started at</p> <p>23 the Austin Police Department up until May 30th, 2020?</p> <p>24 A I worked patrol in south Austin.</p> <p>25 Q Okay. Were you always stationed there?</p>

Page 18

1 A During that time, yes.
 2 Q Okay. In May -- on May 30th, 2020, where
 3 were you stationed, in south Austin?
 4 A Yes.
 5 Q Okay. So downtown wasn't your area?
 6 A Correct.
 7 Q Okay. Around this time, we'll just talk about
 8 let's just say January 2020 to May 2020, a little more
 9 specifically what was your area of responsibility in
 10 south Austin?
 11 A Southeast Austin in Frank Sector.
 12 Q Okay. Have you received any specialized
 13 screening or certifications in your role as an Austin
 14 police officer?
 15 A Yes.
 16 Q What are those?
 17 A I've been to SWAT school, been to CAST school,
 18 been to entry school, vehicle containment school, rifle
 19 school, pistol -- muzzle pistol courses and less than
 20 lethal shotgun courses, hasty react certified, covert
 21 surveillance certified, undercover school, active
 22 shooter response schools.
 23 That's all I can remember right now.
 24 Q Okay. Were all those in the Academy?
 25 A No. All of those are outside the Academy.

Page 19

1 Q Okay. Is that normal for most police officers
 2 to do that many schools outside the Academy?
 3 A I would say it's more than average.
 4 Q Okay. What's CAST school, that was the second
 5 one you mentioned?
 6 A It's APD's active shooter response or active
 7 attack program.
 8 Q Okay. You next mentioned there less than
 9 lethal shotgun. Can you tell me more about the
 10 training, education, experience, whatever you call it
 11 with regards to that?
 12 A I attended less lethal training in the Academy
 13 where you deploy the less lethal shotgun and I've also
 14 done at least two formal certification courses outside
 15 of that where you practice with the less lethal shotgun
 16 and appropriate times to employ it.
 17 Q Okay. So my only barometer are other officers
 18 that I've spoken to, so I want to use that as an
 19 example.
 20 For an officer who gets a course in the
 21 Academy on less than lethal shotguns and then takes
 22 yearly certifications, if that's the baseline, what more
 23 have you done than that?
 24 Do you understand my question?
 25 A Yes. Two more less lethal shotgun schools.

Page 20

1 Q And why did you attend those?
 2 A To receive more training.
 3 Q Why did you want to receive more training in
 4 less lethal shotguns?
 5 A To be better at my job in case I need to
 6 employ it.
 7 Q Okay. What are those two less lethal shotgun
 8 courses consist of? Are they the same?
 9 A They're similar, but they're not the same.
 10 Q Okay. What do they consist of? Let's start
 11 with the first one. What year, and you don't need to
 12 remember the month, but what year did you do the first
 13 one?
 14 A I believe 2017 or 2018.
 15 Q Okay. And what did it consist of in 2017 or
 16 2018?
 17 A You learn about the -- how the less lethal
 18 shotgun functions, the policy around the less lethal
 19 shotgun, and then you shoot it on the range, and then
 20 you go through scenarios where you do or do not deploy
 21 the less lethal shotgun.
 22 Q Like mock scenarios like?
 23 A Yes.
 24 Q Okay. When you say the policies -- when was
 25 the second course that you took? Was it after 2020 or

Page 21

1 before 2020?
 2 A It was in 2020.
 3 Q Do you remember was it before May or after
 4 May, the date that we're going to talk about here?
 5 A It was after May 2020.
 6 Q Okay. Good. Okay. So then prior to May
 7 30th, 2020, you had taken one less lethal shotgun
 8 course, fair, besides the Academy?
 9 A Yes.
 10 Q Okay. And you had mentioned the policy with
 11 regards to less lethal shotguns. What was your
 12 understanding of that policy May 30th, 2020 and
 13 before?
 14 A You can utilize a less lethal shotgun as a
 15 form of less lethal force to avoid having to use lethal
 16 force so you can de-escalate the situation.
 17 Q Okay. Under what circumstances? And we're
 18 talking about -- Officer Cobaugh, this might -- I don't
 19 want to get complicated, but -- and I know that policies
 20 have changed, so, you know, we're just talking about May
 21 30th, 2020 and before. Almost as if we stopped time at
 22 May 31st, 2020 and we're just talking about before.
 23 Do you understand?
 24 A Yes.
 25 Q Okay. So in this period May 31st, 2020 and

<p style="text-align: right;">Page 22</p> <p>1 before, what were the circumstances that you were</p> <p>2 trained you could use the less lethal shotguns?</p> <p>3 A You can use them on a person you view was a</p> <p>4 threat to you or the public.</p> <p>5 Q (Nods head up and down)</p> <p>6 A As well as during a riot for people that are</p> <p>7 exhibiting riotous behavior.</p> <p>8 Q Okay. Other scenarios where you could use</p> <p>9 them?</p> <p>10 A That encompasses it.</p> <p>11 Q Now, let me ask you about your usage of these</p> <p>12 shotguns. Again, you know, I might repeat myself, but</p> <p>13 it's just to make the question clear for the record.</p> <p>14 May 31st, 2020, so the day after and before,</p> <p>15 how many times had you deployed the shotguns in this</p> <p>16 line of service with Austin Police Department?</p> <p>17 A Zero times.</p> <p>18 Q Okay. So from the time you started with the</p> <p>19 Austin Police Department in 2017 to May 30th, 2020, you</p> <p>20 had never shot one of these less lethal shotguns while</p> <p>21 on duty?</p> <p>22 A I have shot them on duty when I was training</p> <p>23 but not on duty amongst the public.</p> <p>24 Q Okay. So good, thank you for being accurate</p> <p>25 and specific. So I think the question is to make it</p>	<p style="text-align: right;">Page 24</p> <p>1 A Examining the round to make sure there was no</p> <p>2 tears in it or it wasn't damaged.</p> <p>3 Q Okay. So let's change topic here and move</p> <p>4 forward to the week. We're going to do the week before</p> <p>5 May 30th, 2020.</p> <p>6 May 30th, 2020 was a Saturday, correct, if you</p> <p>7 know?</p> <p>8 A Correct.</p> <p>9 Q Okay. So let's talk about the week before.</p> <p>10 What was your work schedule that week</p> <p>11 preceding May 30th, 2020?</p> <p>12 A I don't remember.</p> <p>13 Q Do you remember the day before?</p> <p>14 A No.</p> <p>15 Q Okay. So you don't remember whether you</p> <p>16 worked or not on Friday?</p> <p>17 A No.</p> <p>18 Q And I assume that would be the same answer for</p> <p>19 that entire week before, Sunday, Monday, Tuesday,</p> <p>20 Wednesday, Thursday, Friday, you don't remember whether</p> <p>21 you worked or not?</p> <p>22 A I don't remember what days I worked.</p> <p>23 Q What hours you worked?</p> <p>24 A No, I don't remember.</p> <p>25 Q Okay. Do you remember, and we're talking</p>
<p style="text-align: right;">Page 23</p> <p>1 clear for the record, from the time you started Austin</p> <p>2 Police Department in 2017 until May 30th, 2020 while on</p> <p>3 duty as a police officer in the public, you had never</p> <p>4 shot one of these shotguns?</p> <p>5 A Correct.</p> <p>6 Q Okay. Thank you. Did you -- in your course,</p> <p>7 and I say "course" because remember we're before May</p> <p>8 30th, 2020, in your certification and your training and</p> <p>9 the less lethal shotgun course, did you receive any</p> <p>10 training about inspecting the bean bag rounds?</p> <p>11 A No.</p> <p>12 Q Did you receive any training on the lifespan</p> <p>13 of the rounds or the condition -- let me ask you that,</p> <p>14 the lifespan of the rounds? Like an expiration date on</p> <p>15 a thing of yogurt, did you get any training on that?</p> <p>16 A I don't remember.</p> <p>17 Q Okay. Did you get any training on what</p> <p>18 environmental conditions the rounds should be stored</p> <p>19 in?</p> <p>20 A I don't remember.</p> <p>21 Q Okay. Did you receive any training on how to</p> <p>22 inspect the rounds before loading one of these</p> <p>23 shotguns?</p> <p>24 A Yes.</p> <p>25 Q Okay. What did that consist of?</p>	<p style="text-align: right;">Page 25</p> <p>1 about preceding your shift on May 30th, 2020, so that</p> <p>2 week before, and I recognize you don't remember the days</p> <p>3 you worked, that's fine, do you remember any memory of</p> <p>4 that time, any particular experience?</p> <p>5 And what I mean by that is something that</p> <p>6 would help you remember, protests, use of force, car</p> <p>7 accident, anything like that?</p> <p>8 A Can you explain that again?</p> <p>9 Q Sure. Absolutely. So -- and sometimes it</p> <p>10 helps to give you an example. I'm just going to give</p> <p>11 you an example to help clarify my question if that's all</p> <p>12 right.</p> <p>13 I may not remember a week that I worked in</p> <p>14 2020, but if I had an event in that week and I remember</p> <p>15 that I had a trial, right, then that would be a</p> <p>16 significant experience for me. In my job if you have a</p> <p>17 trial, it's a pretty, you know, I don't know what you</p> <p>18 call it, significant event, it's not your everyday, you</p> <p>19 know, you don't have a trial every day, you have maybe</p> <p>20 two or three a year. So that's my example.</p> <p>21 My question is that week preceding May 30th,</p> <p>22 2020, did you have any experience on the job or related</p> <p>23 to the job that you remember?</p> <p>24 A I remember May 30th that there was a riot</p> <p>25 downtown.</p>

Page 26

1 Q Okay. Good. The week before May 30th do you
2 remember any other events?
3 A No.
4 Q Okay. And the day before, do you remember any
5 events the day before the riot as you call it?
6 A No.
7 Q Okay. What about the day after Sunday, which
8 I think would be May 31st, 2020, do you have any
9 recollection of that day?
10 A No.
11 Q Okay. What are your recollections since we --
12 and all I'm doing, Officer, I'm not playing tricks or
13 anything, I'm just sort of narrowing the time. Okay.
14 So we talked about Friday, we talked about
15 Sunday, and you said you didn't have any specific memory
16 of those days, fair?
17 A Yes.
18 Q So now we'll go to Saturday in between both of
19 those. And I'm just going to ask you very generally,
20 I'm going to ask you some more specific questions, but
21 I'm going to give you an opportunity first to very
22 generally what are your memories of that Saturday, May
23 30th, 2020?
24 A I remember I was working evening patrol, and
25 right after I started my tour of duty that day I was

Page 27

1 called downtown to work the riots.
2 Q Okay. So where is your police substation
3 where you report to at this time?
4 A On May 30th, 2020 it was 404 Ralph Balanced
5 Drive.
6 Q Okay. Is there a name for that station?
7 A The south substation.
8 Q Okay. So you report to the south substation.
9 Do you remember what time you began your shift?
10 A No.
11 Q Okay. Would it have been before noon?
12 A It would have been between noon and 4:00 p.m.
13 Q Okay. And about how long were you on your
14 shift at the south substation before you received the
15 call to go downtown?
16 A 45 minutes, approximately.
17 Q Okay. How did you receive that notification
18 to go downtown?
19 A A message on our mobile computer.
20 Q Were you in a patrol vehicle at the time?
21 A Yes.
22 Q Okay. And were you with a partner?
23 A Yes.
24 Q Who was that partner?
25 A Officer Alas.

Page 28

1 Q Could you spell that for the court reporter?
2 A A-L-A-S.
3 Q And is that male or female?
4 A A male.
5 Q All right. Did Officer Alas also have to
6 report with you because you guys were in the same squad
7 car?
8 A Yes.
9 Q Okay. So tell us what happened next after you
10 got the call on the mobile computer after 45 minutes on
11 your regular shift to go downtown?
12 A We met up with other officers in a parking lot
13 downtown. I believe it was around Third Street.
14 Q What did the mobile device say? I don't know
15 code, so maybe you can interpret it for me, but what did
16 that mobile alert say? Report downtown there's a fire,
17 report downtown, you know, what was the description
18 given at that time?
19 A I don't remember.
20 Q Okay. Okay. So you met in a parking lot.
21 How many other officers did you meet with in
22 the parking lot?
23 A Approximately 50.
24 Q Okay. Was that parking lot like right next to
25 the police station, was it several blocks away? I don't

Page 29

1 know the geography that well.
2 A It was at least several blocks away.
3 Q Okay. And was that like a designated
4 rendezvous point, is that why you met there?
5 A I didn't know if it was a designated
6 rendezvous point. It may have been by the chain of
7 command. I'm not sure.
8 Q Okay. So you get to the parking lot of, and
9 you meet up with the other officers and then what
10 happens?
11 A We went to the State Capitol Building.
12 Q Okay. So that's where you were first ordered
13 to go to was the State Capitol Building?
14 A Yes.
15 Q Okay. Tell us what was going on there?
16 A There were -- there was a crowd of people on
17 the Capitol grounds, and DPS was trying to keep the
18 Capitol grounds safe and they needed help.
19 Q Were these individuals or this crowd, let's
20 call it a crowd, was the crowd like inside the fence,
21 was it on the footsteps of the Capitol, where was it?
22 A It was all over. It was on the outside, on
23 the inside of the fence, all the way up to the building,
24 the front doors.
25 Q Where were you positioned when you reported

Page 30

1 there for duty?
 2 A I was on the lawn in front of the Capitol.
 3 Q Okay. And tell us what you did there?
 4 A We stood in a line and made sure no one else
 5 committed acts of violence or vandalism.
 6 Q Okay. How long were you at the Capitol?
 7 A I don't remember.
 8 Q More than four hours?
 9 A I'd say less than four hours.
 10 Q Okay. More than an hour?
 11 A Yes.
 12 Q Okay. Well, let me frame it to you this way.
 13 When you left the Capitol, was it light or dark out?
 14 A Light.
 15 Q What are you wearing at this point where
 16 you're on the lawn of the Capitol in a line making sure
 17 that this crowd did not pass you into the Capitol?
 18 A A marked blue police uniform and a helmet.
 19 Q Any other items of equipment, baton, service
 20 firearm, taser, shotgun, shield?
 21 A I had a service firearm and a taser.
 22 Q Did you have the shield? How did you form a
 23 line with your fellow officers?
 24 A I did not have a shield. We stood shoulder to
 25 shoulder.

Page 31

1 Q Now, during this time at the Capitol, how
 2 would you characterize the crowd?
 3 A They worked many acts of violence vandalizing
 4 the Capitol.
 5 Q Okay. Can you put more words to that? What
 6 does that look like? Throwing molotov cocktails, spray
 7 paint, throwing rocks, what does it look like?
 8 A They were spray painting on the driveway, on
 9 the doors of the Capitol, on the steps of the Capitol,
 10 profanity and foul language towards the police officers,
 11 and they were fighting DPS troopers.
 12 Q Physically fighting?
 13 A Uh-huh, yes.
 14 Q How many times did that happen?
 15 A I only saw one.
 16 Q What do you do in that -- what did you do in
 17 that situation?
 18 A We stayed where we were at.
 19 Q Okay. What happened with that, with the DPS
 20 officers that were fighting with individuals from this
 21 crowd?
 22 A I don't know.
 23 Q Did you see anybody get arrested?
 24 A It's hard to say whether people are being
 25 detained or arrested. I saw people get handcuffed, but

Page 32

1 I don't know if they were placed under arrest or not.
 2 Q Okay. Fair enough. So you had mentioned
 3 spray painting and profanity, yelling profanity at
 4 police officers. I certainly don't mean to make you
 5 feel uncomfortable, but can you tell us some of the
 6 words that were being yelled at you and other police
 7 officers?
 8 It's all right, you can -- we'll pardon your
 9 French.
 10 A Fuck the police, fuck 12, all cops are
 11 bastards, Adudac and Ahab (phonetic), all cops are
 12 racists, all cops are murderers. They're a few that I
 13 remember.
 14 Q And you're a police officer, right, at the
 15 time?
 16 A Yes.
 17 Q And so those were insults to you personally as
 18 well, right?
 19 A I did not take them personally.
 20 Q Okay. So when people were screaming at you, I
 21 imagine feet away that all cops are racists, by
 22 implication you're a racist, that didn't affect you in
 23 any way?
 24 A No.
 25 Q Okay. For being called -- and these are what

Page 33

1 they were yelling, certainly I'm not saying it, but
 2 murderer, you know, all the other things you stated,
 3 those didn't provoke any emotional reaction in you?
 4 A No.
 5 Q Okay. Why is that?
 6 A It's my job to remain professional.
 7 Q Okay. And in some circumstances like this one
 8 that must be difficult?
 9 A It wasn't difficult for me to stay
 10 professional.
 11 Q Okay. Did you engage in any use of force
 12 during the time at the Capitol?
 13 A No.
 14 Q Okay. Did any officers in your vicinity use
 15 any force at the Capitol?
 16 A Not that I remember.
 17 Q And I asked you this before how you would
 18 characterize this crowd. Was there riotous behavior at
 19 the Capitol while you were stationed there?
 20 A Yes.
 21 Q Would you classify it as a riot?
 22 A Yes.
 23 Q Okay. And what is a riot in your mind?
 24 A A crowd of people gathered together that are
 25 damaging property or threatening violence or committing

<p style="text-align: right;">Page 34</p> <p>1 violence.</p> <p>2 Q Okay. Tell us about how you ended up from the</p> <p>3 Capitol back at the police station?</p> <p>4 A From the Capitol we did not go back to the</p> <p>5 police station. From the Capitol we went to the proper</p> <p>6 of IH-35.</p> <p>7 Q Okay. Maybe you could be a little bit more</p> <p>8 specific.</p> <p>9 How did that happen? Did a supervisor come to</p> <p>10 the line and say, all right, we're going to go to the</p> <p>11 highway now or did you get some kind of notification,</p> <p>12 how did that work?</p> <p>13 A A supervisor said we're going to go to the</p> <p>14 highway now. We got in a van and they drove me to the</p> <p>15 highway.</p> <p>16 Q Okay. At what point on this shift on May</p> <p>17 30th, 2020 did you -- did you get one of these</p> <p>18 shotguns?</p> <p>19 A I had one. I got a shotgun from the south</p> <p>20 substation at the beginning of my tour of duty.</p> <p>21 Q Okay. In the patrol car?</p> <p>22 A I checked it out from the Equipment Room at</p> <p>23 the substation.</p> <p>24 Q Okay. So you checked it out from the</p> <p>25 Equipment Room at the south substation and then you had</p>	<p style="text-align: right;">Page 36</p> <p>1 A Approximately 10.</p> <p>2 Q How many shotguns were with those officers in</p> <p>3 your van that you were in?</p> <p>4 A I don't remember.</p> <p>5 Q Okay. At least one, right?</p> <p>6 A Yes.</p> <p>7 Q Okay. Because you had -- you had it with you,</p> <p>8 right, do you remember?</p> <p>9 A I believe so.</p> <p>10 Q Okay. Tell us what happens when you get to</p> <p>11 I-35?</p> <p>12 A We got out of the van and met up with several</p> <p>13 officers that were on 35.</p> <p>14 Q Okay. How many is "several"?</p> <p>15 A Approximately 12.</p> <p>16 Q And what do you do?</p> <p>17 A Um, we took cover behind a tractor-trailer</p> <p>18 that was parked there because we were getting pelted</p> <p>19 with rocks.</p> <p>20 Q Okay. As soon as you got out of the van you</p> <p>21 were being pelted by rocks?</p> <p>22 A Yes.</p> <p>23 Q Okay. Northbound or southbound, do you</p> <p>24 remember?</p> <p>25 A Southbound.</p>
<p style="text-align: right;">Page 35</p> <p>1 it in the patrol car, right?</p> <p>2 A Yes.</p> <p>3 Q And then when you met up with the 50 or so</p> <p>4 other officers at the parking lot, you took the shotgun</p> <p>5 with you?</p> <p>6 A Yes.</p> <p>7 Q Did you take the shotgun with you?</p> <p>8 A I believe so.</p> <p>9 Q Okay. So did you -- and maybe it's just a</p> <p>10 memory, I don't know, it's fine to correct your answer,</p> <p>11 there's no problem with that, we're talking about three</p> <p>12 years ago, I understand, but did you have the shotgun</p> <p>13 when you were in that line of officers at the Capitol or</p> <p>14 did it go somewhere?</p> <p>15 A I don't remember.</p> <p>16 Q Okay. Fair enough. But you answered my</p> <p>17 question I think, you checked out the shotgun at the</p> <p>18 beginning of your shift on May 30th, 2020?</p> <p>19 A Uh-huh. Yes.</p> <p>20 Q Thank you. And then when was the next time</p> <p>21 you remember picking up the shotgun and taking it with</p> <p>22 you?</p> <p>23 A I remember having it on 35.</p> <p>24 Q Okay. So how many other officers were in the</p> <p>25 van that you were transported to I-35 with?</p>	<p style="text-align: right;">Page 37</p> <p>1 Q And at this point you have the helmet with the</p> <p>2 mask, right?</p> <p>3 A Yes.</p> <p>4 Q Do you have any kind of shield or any</p> <p>5 additional equipment from what you had at the Capitol</p> <p>6 last?</p> <p>7 A No.</p> <p>8 Q Okay. Besides -- well, you have the shotgun</p> <p>9 with you, right?</p> <p>10 A Yes.</p> <p>11 Q Okay. So you and some officers exit the van,</p> <p>12 you take cover behind a tractor-trailer and then what</p> <p>13 happens?</p> <p>14 A Once we get enough officers there we started</p> <p>15 to form a line that we could actually defend.</p> <p>16 Q Okay. Is that a line across the highway --</p> <p>17 A Yes.</p> <p>18 Q -- or what was the trajectory of that line?</p> <p>19 A It was a north to southbound line down the</p> <p>20 highway.</p> <p>21 Q What's -- what's this experience like? Is</p> <p>22 this a stressful situation exiting the van and being</p> <p>23 pelted with rocks? Having to take cover, then form a</p> <p>24 line with other officers, would you describe it as a</p> <p>25 stressful situation?</p>

Page 38

1 A Yes.

2 Q Okay. And tell us what happens once you form
3 that line with other officers?

4 A We cleared the highway of all the people that
5 were standing in the middle of the highway.

6 Q How did you do that?

7 A We stood in a line and took a step
8 approximately every five minutes until we stepped our
9 way all the way off the highway.

10 Q Did you make physical contact with the crowd
11 or was this more of at a distance?

12 A I did not make physical contact with the
13 crowd.

14 Q Okay. Did other officers from the line make
15 physical contact with individuals from the crowd?

16 A I don't remember.

17 Q Okay. And about how long does that take? And
18 an approximation is all I'm asking you for, but from the
19 time you get out of the van to the time the individuals
20 are cleared from the highway, about how long?

21 A Approximately two to four hours.

22 Q Oh, okay. After you clear the highway, is it
23 daytime or nighttime?

24 A I believe it turned to nighttime around the
25 time we finished clearing the highway.

Page 39

1 Q Okay. So from the time -- and again, I'm just
2 breaking it into time chunks, so forgive the repetition,
3 but from the time you exited the van when you were
4 deployed at the highway to the time that it was cleared,
5 this chunk of time, did you engage in any uses of
6 force?

7 A Yes.

8 Q Okay. How many?

9 A I don't remember.

10 Q What were those uses of force?

11 A I deployed the less lethal shotgun.

12 Q Okay. And do you have an approximation of how
13 many times you did that? More than 50, less than 50?

14 A Less than 50.

15 Q More than 20, less than 20?

16 A Less than 20.

17 Q More than 10, less than 20? I'm just
18 bracketing that. You can go ahead and jump to it if you
19 want, but what's the bracket there?

20 A 5 to 15.

21 Q Okay. And did you reload during this chunk of
22 time exiting the van to clear the highway?

23 A Yes.

24 Q And do you recall how many times you reloaded?

25 A No.

Page 40

1 Q Okay. At any point in time in this time
2 period that we're talking about, exiting the van to
3 clearing the highway, did you -- did you have the
4 shotgun with you the entire time or did you pass it off
5 to somebody else at any point?

6 A I had it with me the entire time.

7 Q Okay. How many other officers had these
8 shotguns at this time?

9 A More than one is all I remember.

10 Q Okay. What happens now that you clear the
11 highway and it's nighttime?

12 A A large crowd started forming outside of the
13 police headquarters, and so several officers went down
14 to the front steps and several officers remained on the
15 bridge above the headquarters.

16 Q Okay. And who made that determination who
17 went down as opposed to who went to the overpass?

18 A I don't remember.

19 Q All right. Did you make the decision to stay
20 at the overpass?

21 A I don't remember.

22 Q Or somebody told you to stay on the
23 overpass?

24 A I don't remember.

25 Q Do you remember out of the group you were in

Page 41

1 how many officers went to the overpass and how many went
2 down to the police station, approximately?

3 A Approximately 50 to 100 on the bridge and
4 approximately 50 to 100 on the front steps of the police
5 headquarters.

6 Q Okay. And the ones that went to the steps of
7 the police headquarters, that's called the porch,
8 right?

9 A I've never referred to that as the porch or
10 heard that term.

11 Q Oh, okay. Okay. We'll just call it the steps
12 to the police department, that area.

13 Do you understand when I talk about, when I
14 refer to that area, that corner in front of the police
15 department?

16 A Yes.

17 Q And so the officers from the freeway that were
18 with you that went down there, they went and they joined
19 other officers that were already down there on the steps
20 of the police department, right?

21 A I don't remember if there was officers already
22 down there or not.

23 Q Okay. Tell us what happens next when you --
24 when you're at the overpass?

25 A Um, we monitored the crowd until

Page 42

1 approximately -- I was relieved at just before midnight.
 2 Q Okay. So when you were -- just before
 3 midnight, it was the end of your shift or were you
 4 relieved to go somewhere else?
 5 A I was relieved to go back to work patrol in
 6 southeast Austin.
 7 Q Okay. And what did you go do when you were
 8 relieved just before midnight?
 9 A What did I do after I was relieved?
 10 Q (Nods head up and down)
 11 A I went back and worked patrol in southeast
 12 Austin.
 13 Q Okay. Did you work all night, did you work a
 14 couple of hours?
 15 A I worked till approximately 6:00 a.m.
 16 Q Okay. So you had worked over -- on this day
 17 you worked over 12 hours?
 18 A Yes.
 19 Q About how many hours did you work continuously
 20 May 30th to May 31st?
 21 A I believe it was approximately a 16-hour
 22 shift.
 23 Q Okay. Let me ask you about that. That's a
 24 long time. So I want to start from the time that you --
 25 that you went to the State Capitol, okay, to the time

Page 43

1 that you were at the overpass, did you get any breaks in
 2 there at all?
 3 A Yes.
 4 Q What were those breaks?
 5 A I was given a break to eat, use the bathroom,
 6 drink water approximately one every hour.
 7 Q Okay. All right. So you had a body-worn
 8 camera on you the entire shift?
 9 A Yes.
 10 Q Okay. And when was that recording and when
 11 was it recording during your shift, approximately?
 12 A I was interacting with the public it was
 13 recording.
 14 Q Okay. Is that something you turn on and turn
 15 off by tapping or how does that work?
 16 A Yes. You turn on and off by tapping it.
 17 Q Okay. How many times did you turn on your
 18 body-worn camera? And I'll limit it, I'm not going to
 19 go the whole shift, but at the time you were at the
 20 overpass, did you turn it on once, did you turn it on a
 21 few times, a bunch of times, what do you remember?
 22 A A bunch of times. I don't remember an
 23 approximate number.
 24 Q Okay. All right. So tell us what happens
 25 when you're positioned at the overpass overlooking the

Page 44

1 crowd in front of the police station?
 2 A There was a crowd that continually exhibited
 3 riotous behavior.
 4 Q Okay. In addition to the group in front of
 5 the Capitol, this was also a riot; is that what you're
 6 saying?
 7 A In front of the Capitol was participating in
 8 the riotous behavior. I'm sorry. I'm sorry, say that
 9 question again.
 10 Q No problem. We talked about the group in
 11 front of the Capitol and you said that was a riot,
 12 riotous behavior?
 13 A Yes.
 14 Q And so I'm just asking you, this group in
 15 front of the police station was also a riot, people
 16 engaging in riotous behavior?
 17 A Yes.
 18 Q Okay. The time you were at the overpass from
 19 dark to just before midnight, is that when you were at
 20 the overpass more or less?
 21 A Yes.
 22 Q Okay. During this time, this chunk of time in
 23 this time period, how many uses of force did you engage
 24 in?
 25 A Approximately five to ten.

Page 45

1 Q Were all those uses of force with the
 2 shotgun?
 3 A Yes.
 4 Q Okay. And how many individuals did you -- I
 5 think the term is impact, how many individuals did you
 6 hit with the shotgun during this time period -- we're
 7 going to stay on this time period -- getting to the
 8 overpass until you left just before midnight?
 9 A I don't remember.
 10 Q Was it more than ten?
 11 A No.
 12 Q Okay. So it was less than ten. Was it less
 13 than five?
 14 A It was five to ten.
 15 Q Okay. Five to ten individuals?
 16 A Yes.
 17 Q Okay. Now, can you tell me, and it's up to
 18 you, Officer, you can be specific or you can just sort
 19 of be general, what were these five to ten individuals
 20 that you shot with the bean bag rounds from the shotgun,
 21 what were they doing?
 22 A Mostly what I remember is they were throwing
 23 objects.
 24 Q Okay. What objects?
 25 A Rocks, bottles, molotov cocktails, fireworks.

Page 46

1 That's all I remember.
 2 Q Okay. And who were they throwing them at?
 3 The police station, the freeway, somebody else, where
 4 were they being thrown?
 5 A They were throwing them at police officers, as
 6 well as a lot of them missed the police officers and hit
 7 the crowd itself.
 8 Q Okay. Can you describe that for me a little
 9 bit?
 10 How did they miss the police officers and hit
 11 individuals from the crowd, like where did that
 12 happen?
 13 A People standing close to the police officers
 14 were also hit.
 15 Q Okay. And there's basically two groups of
 16 officers here at this time period. There's officers in
 17 front of the police station and officers at the
 18 overpass, fair?
 19 A Yes.
 20 Q Were there other lines of police officers in
 21 the vicinity or were those the two groups of officers?
 22 A Those are the two groups that I remember.
 23 Q Okay. And so these objects were being thrown
 24 at officers in front of the police station and hitting
 25 individuals that were close to the police officers?

Page 47

1 A Yes. As well as objects being thrown at the
 2 police officers on the bridge.
 3 Q Okay. And describe that a little bit for me.
 4 How were these objects being thrown from -- they're
 5 being thrown from the street up onto the freeway?
 6 A Yes. Some were thrown from the street onto
 7 the freeway and then some were people driving by on the
 8 freeway.
 9 Q Behind you?
 10 A Yes.
 11 Q Okay. So you're stationed at the edge of the
 12 freeway, and there's objects coming at you from the
 13 street, right?
 14 A Yes.
 15 Q And also behind you people throwing at -- that
 16 met you from cars?
 17 A Yes.
 18 Q Okay. What measures did you all take to
 19 protect yourself from the -- thrown from the cars?
 20 A The people are throwing them from the cars
 21 were very infrequent so we didn't have any protective
 22 measures.
 23 Q What actions were taken if one of these
 24 cars -- well, how many times did it happen?
 25 A I distinctly remember one because the object

Page 48

1 went in close to me.
 2 Q Okay. What was it, a firework or --
 3 A It was a milkshake.
 4 Q Oh, In-N-Out or -- I'm not being silly. I
 5 just -- there are different quality milkshakes from
 6 different institutions I can tell you.
 7 And did it hit you or landed next to you?
 8 A Landed next to me.
 9 Q Okay. Okay. Any -- I guess I'm just -- I
 10 want to understand, were there rocks thrown from the
 11 cars or fireworks or molotov cocktails or anything like
 12 that?
 13 A The only -- no, not that I remember.
 14 Q Okay. And so the milkshake that was thrown at
 15 you and your fellow officers, were any measures taken
 16 against that person?
 17 A No. They were going by like 60 miles an hour
 18 so it would have been like impossible to do anything.
 19 Q Okay. And was that the first object that had
 20 been thrown from a car?
 21 A That I remember, yes.
 22 Q Okay. Okay. Did you -- what kind of car was
 23 it that they threw it at you?
 24 A I don't remember.
 25 Q Okay. Did you see it at the time?

Page 49

1 A Did I see the car?
 2 Q Yes, sir.
 3 A I don't remember. I would assume that I saw
 4 the car.
 5 Q Okay. All right. Let me ask you a little bit
 6 about communications, right, radio communications.
 7 At the time you're at the overpass with the
 8 other officers with the shotgun, you have your shotgun,
 9 how many shotguns are on that overpass, approximately?
 10 A I don't remember.
 11 Q Okay. Again, I'm not being annoying, but like
 12 three to five, five to ten, can you give me a bracket?
 13 A I don't -- I couldn't give you a bracket, no.
 14 Q Okay. Well, again, at least one. You had
 15 one, right?
 16 A Yes.
 17 Q At least one officer had one, right?
 18 A At least one more in addition to me?
 19 Q Yes.
 20 A Yes.
 21 Q Okay. Have you reviewed your body-worn camera
 22 footage from your body cam after May 30th, 2020?
 23 A I've reviewed portions of it, yes.
 24 Q Okay. When was the last time you reviewed
 25 portions of that video?

Page 50

1 A Approximately two years ago.
 2 Q Okay. And why were you reviewing portions of
 3 that video at that time two years ago?
 4 A I don't remember.
 5 Q Okay. Was it personal curiosity that you just
 6 wanted to check it out and view it or did somebody ask
 7 you to view it?
 8 A I don't remember. I just remember reviewing
 9 it on a computer at the police substation by myself.
 10 Q Did you have any reaction when you watched the
 11 video, which I guess would have been how long after --
 12 Okay. So about two years ago you reviewed portions of
 13 the video.
 14 Are you with me at that point in time?
 15 A Yes.
 16 Q How long after May 30th, 2020 was that that
 17 you were reviewing the portions of the video?
 18 A Approximately six months to a year and a half.
 19 Q Okay. And watching the video six months to a
 20 year and a half after the May 30th, 2020, did you have
 21 any observations or did you note anything after you
 22 watched the video?
 23 A No.
 24 Q Okay. Was there anything significant to you
 25 watching that video six months to a year and a half

Page 51

1 after May 30th, 2020?
 2 A No.
 3 Q Did you have a discussion with anyone after
 4 watching the video six months to a year and a half after
 5 May 30th, 2020?
 6 A No.
 7 Q Any electronic communications such as email,
 8 text messages or anything else with regards to watching
 9 portions of the video?
 10 A No.
 11 Q So now -- so we talked a little bit about the
 12 milkshake being thrown from the car. Now I want to come
 13 back to the crowd milling around in front of the police
 14 station. With me?
 15 A Yes.
 16 Q Okay. So I think you said you believed that
 17 you impacted five to ten individuals in that crowd below
 18 you from the overpass that evening; is that fair?
 19 A Yes.
 20 Q Okay. Now, do you have any specific
 21 recollection of what those individuals were doing? So
 22 we're not talking about the milkshake in the car on the
 23 overpass, we're talking about the individuals that are
 24 below you from the overpass?
 25 A They were throwing rocks, fireworks, bottles,

Page 52

1 molotov cocktails, vandalizing the street and lighting a
 2 car on fire.
 3 Q Okay. So molotov cocktails is where there's
 4 gasoline in a bottle with a rag in it and they light it
 5 and they throw it and then it explodes in flames,
 6 right?
 7 A As far as I know, yes.
 8 Q I didn't see any molotov cocktails exploding
 9 in the videos. Did you see any molotov cocktails
 10 resulting in flames that evening?
 11 A Yes.
 12 Q Okay. Where were those?
 13 A There was an individual that came out from
 14 underneath the bridge that threw the molotov cocktail at
 15 the side of the police building and it went up in flames
 16 briefly.
 17 Q Okay. And was that an individual that you
 18 shot with the shotgun?
 19 A I don't remember.
 20 Q Okay. Did you see that individual shot by any
 21 other officers with the shotguns?
 22 A I don't remember.
 23 Q Okay. So you remember this individual
 24 throwing the molotov cocktail, hitting the side of the
 25 police station, but you don't recall where they went or

Page 53

1 what happened to them?
 2 A I remember there was radio traffic that he
 3 went into a porta-potty near the police headquarters.
 4 Q Okay. All right. Coming back to -- to the --
 5 the individuals that you impacted in the crowd below
 6 you.
 7 So I understand you're saying generally there
 8 were rocks, fireworks, molotov cocktails, bottles being
 9 thrown by individuals in the group, right?
 10 A Yes.
 11 Q With regards to specifically the five to ten
 12 individuals that you shot with the shotgun, what were
 13 they doing? And I'm asking you to be more specific if
 14 you can to your recollection.
 15 A I couldn't be any more specific than that.
 16 Q Okay. So out of those individuals, do you
 17 have any specific recollection of this guy, I remember
 18 shooting him, he was throwing a rock?
 19 A No.
 20 Q Or this person, this individual I remember was
 21 throwing a molotov cocktail and so I shot them?
 22 A No.
 23 Q This individual threw a water bottle and so I
 24 shot and impacted him or her?
 25 A Yes.

Page 54

1 Q Okay. Tell us about that?

2 A Um, I was watching the video of the police --

3 from the police headquarters, reminded me of an

4 individual that I impacted with the bean bag round.

5 Q Okay. And who directed your attention to that

6 video?

7 A My lawyer.

8 Q Okay. So this is separate and apart from that

9 time that you went back by yourself and watched portions

10 of your body-worn cam six months to a year and a half

11 after May 30th, correct?

12 A Yes.

13 Q Okay. How long ago -- and you did mention

14 this at the beginning, how long ago was that that your

15 lawyer directed your attention to this video from the

16 police station?

17 A July 13th.

18 Q Thank you, great. It's very specific. That's

19 great. And that was during a meeting with your lawyer I

20 imagine, right?

21 A Yes.

22 Q Okay. Now, besides -- and was that video

23 shown to you and directed to you with regards to one

24 individual or multiple individuals?

25 A There were multiple individuals in the video,

Page 55

1 but I believe it was captured and cut for that one

2 incident where there's one individual.

3 Q Right. That makes sense. And let me just ask

4 you, you see it another way.

5 Out of the five to ten individuals that you

6 impacted with the shotgun on that evening of May 30th,

7 2020, was your attention directed to any other

8 individual besides this one individual who threw a water

9 bottle?

10 A While watching the video?

11 Q Yes.

12 A My attention wasn't directed to a specific

13 individual. I think it was just directed to watching

14 the video.

15 Q Okay. Fair enough. But in that video that

16 contained one individual that you shot with the shotgun,

17 were there other individuals in that video that you also

18 shot with a shotgun?

19 A No.

20 Q Okay. So in the video that you were directed

21 to on July 13th to watch, okay, in that video there was

22 one individual that you shot with a shotgun, correct?

23 A Yes.

24 Q And the four to nine other individuals that

25 you shot with a shotgun were not in that video?

Page 56

1 A Correct.

2 Q Okay. Did you have any -- did you note

3 anything significant or have any feelings or impressions

4 on July 13th when you sat and watched that video?

5 A No.

6 Q Okay. Well, you did have one thing that you

7 noted, right, which was one individual who threw a water

8 bottle, fair?

9 A Yes, I remember that.

10 Q Okay. Okay. So do you recall -- let me ask

11 you, do you recall at any point when you're on the

12 overpass, do you recall a car driving in the street into

13 this crowd of people in front of the police station?

14 A I -- only after I watched the video do I

15 remember.

16 Q You broke up there a little bit.

17 A Only after watching the video do I remember

18 the car that drove into the street.

19 Q Okay. And after you watched the video and it

20 refreshed your recollection, what did you remember about

21 that?

22 A All I remember was there was a car that drove

23 into the middle of the street and police had to escort

24 it out.

25 Q Okay. What happened was some police officers

Page 57

1 came down from the -- from the station, from the line

2 and they took the individual out of the car, right?

3 A I don't know if they took them out or not.

4 Q Okay. And -- okay. And about when did the --

5 okay. So I want to focus on the individual that you

6 impacted throwing the water bottle in the video.

7 Do you know the one I'm talking about?

8 A So the video that I am referring to is not the

9 the video of the car.

10 Q Okay. All right. So thank you for

11 clarifying, but those are two separate videos?

12 A Yeah.

13 Q All right. So when did you watch the video

14 that had the car in it?

15 A The same day, July 13th.

16 Q Oh, okay. All right. Well, why were you

17 shown that video if it didn't have the individual that

18 you impacted?

19 A I don't know.

20 Q Okay.

21 A I believe it's because I'm named in the

22 lawsuit for the individual that was impacted from what

23 I've been told.

24 Q Okay. All right. Okay. And so what did

25 you -- let me ask it to you this way.

<p style="text-align: right;">Page 58</p> <p>1 When you watched the video with the individual 2 that you impacted where you're named in the lawsuit, are 3 you with me on that video? 4 A Yes. 5 Q Okay. Could you see yourself in that video on 6 the overpass? 7 A I could see a bunch of police officers on the 8 bridge. I'm not sure which one was myself. 9 Q Okay. Was it at a quality well enough where 10 you could pick yourself out from those officers or was 11 it too -- 12 A No. 13 Q Okay. Were you able to tell exactly when you 14 shot that individual watching that video? 15 A Um, you can tell when the individual gets bean 16 bagged, and it's within a brief period of time, which is 17 when I would have impacted the individual. So based on 18 that, I can tell that I impacted the individual during 19 that time. 20 Q Okay. And did that -- did that refresh your 21 recollection? Did it help your memory watching that 22 video? 23 A Yes. 24 Q Okay. And there's also a body-worn cam that 25 has footage of when you impacted that individual,</p>	<p style="text-align: right;">Page 60</p> <p>1 A I don't remember. 2 Q Okay. But you do remember very vividly the 3 throwing of the water bottle, fair? 4 A Yes. 5 Q You don't remember what he looked like? 6 A I don't remember what he was wearing. 7 Q Do you remember what he looked like? 8 A I remember him being a male. 9 Q Okay. A male. Any other descriptors that you 10 remember? 11 A Medium build. 12 Q Okay. 13 A Possibly average height. 14 Q What's average? 15 A 5-8. 16 Q Okay. 17 A That's all I remember. 18 Q Okay. But you don't remember what he was 19 wearing? 20 A Correct. 21 Q Okay. And that's -- fair enough -- is not 22 just based on three years ago, that's after watching the 23 video five days ago, correct? 24 A Yes. 25 Q Okay. What range were you at when you</p>
<p style="text-align: right;">Page 59</p> <p>1 correct? 2 A I believe so. 3 Q Did you watch that video or when was the last 4 time you watched that video? Was it the six months to a 5 year and a half after May 30th, 2020? 6 A I don't remember if I had ever watched that 7 video. 8 Q All right. So when you impacted the 9 individual, and what was that individual wearing? 10 A I don't remember. 11 Q Okay. So your lawyer directed your attention 12 to this video and you watched it of one of the five to 13 ten individuals that you impacted on May 30th, 2020, 14 right? 15 A Yes. 16 Q And you watched that video July 13th, right? 17 A Yes. 18 Q That was five days ago, right? 19 A Yes. 20 Q And after watching that video five days ago 21 with your attorney, now five days later you can't 22 remember what this individual was wearing? 23 A Correct. 24 Q Okay. Was he wearing jeans, shorts, hoodie, 25 shirt, anything ring a bell?</p>	<p style="text-align: right;">Page 61</p> <p>1 impacted this individual that we're talking about from 2 the video that you watched with your lawyer? 3 A Approximately 20 yards. 4 Q From the overpass down? 5 A Yes. 6 Q Okay. Was the -- was this individual, and 7 we'll just say "the individual," since I don't know 8 whether -- we'll call him the video individual, so just 9 for shorthand; is that alright? 10 A Yes. 11 Q Okay. Does any of the other individuals, were 12 they impacted by any other officers' shotguns? 13 A Based on the video I watched, yeah. 14 Q Okay. What about based off your memory, that 15 too? 16 A Yes. 17 Q Okay. Where were those shotguns coming from 18 that impacted the video individual? 19 A I know there was at least one other than mine 20 came from a shotgun on the bridge. 21 Q Okay. Any shotguns from the line at the 22 police station? 23 A I don't know. 24 Q Okay. Those officers did also have shotguns, 25 correct?</p>

Page 62

1 A I believe so.
 2 Q And they were firing them during this time
 3 period, correct?
 4 A I don't remember.
 5 Q You don't have any recollection of whether or
 6 not the officers in the line in front of the police
 7 station were firing their shotguns?
 8 A I don't remember.
 9 Q Okay. How many times approximately was this
 10 video individual hit with bean bag rounds?
 11 A I don't know.
 12 Q Can you give me a ballpark?
 13 A More than one.
 14 Q Okay. More than ten?
 15 A I don't know.
 16 Q Okay. Any way you can bracket that, five to
 17 ten, ten to 15, 15 to 20?
 18 A Approximately six.
 19 Q Okay. And how many times did you fire at the
 20 video individual?
 21 A One time.
 22 Q Okay. Okay. While you were on the
 23 overpass -- I'm going to circle back, I meant to ask you
 24 about this -- was there radio traffic between you,
 25 officers and yourself on the overpass and any other

Page 63

1 officers?
 2 A Yes.
 3 Q Who were those other officers?
 4 A Officers on the front steps and officers in
 5 the command post.
 6 Q Where was the command post?
 7 A I don't know.
 8 Q Okay. Was that something that's in sight that
 9 they're viewing the crowd or is a command post just to
 10 coordinate logistics from somewhere else where it's not
 11 within eyesight?
 12 A Based on my previous experiences, it's
 13 different. Sometimes it's at AP main, sometimes it's at
 14 other office buildings.
 15 Q Okay. And so you were getting information on
 16 your radio from officers that were on the line in front
 17 of the police station?
 18 A Yes.
 19 Q And that was -- well, let me ask it to you
 20 this way. Did anyone at any point on the overpass,
 21 right, overpass to just before midnight when you left
 22 the overpass, did anybody direct you to impact or shoot
 23 anyone with a shotgun? With your shotgun?
 24 A Yes.
 25 Q Who was that and when?

Page 64

1 A I remember one incident where there was a
 2 person that was throwing fireworks at the crowd, and he
 3 was standing in the middle of the street, and a
 4 supervisor behind me, I don't know his name or what he
 5 looked like, directed my attention to him, to the person
 6 throwing the fireworks.
 7 Q Okay. So -- so the supervisor observed this
 8 person throwing the fireworks into the crowd and he said
 9 to you impact that guy?
 10 A I believe he said that person's throwing
 11 fireworks.
 12 Q Okay. And I mean he was telling you that to
 13 direct your attention to it because you had the
 14 shotgun?
 15 A Yes.
 16 Q Okay. And then did you impact that
 17 individual, did you shoot them?
 18 A Yes.
 19 Q Okay. All right. What about -- so that was
 20 one time. Were there any other times that you were
 21 directed with the shotgun?
 22 A I don't remember.
 23 Q Okay. There were other officers to the right
 24 of you and to the left of you on the overpass at this
 25 time, right?

Page 65

1 A Correct.
 2 Q And all the officers on the overpass were
 3 talking to each other, right?
 4 A Yes.
 5 Q And they would make comments like, you know,
 6 pay attention to that guy in the white, for example,
 7 right?
 8 A I remember certain officers calling out
 9 people's clothing. I don't remember who they were, if
 10 they were talking to me.
 11 Q And the reason they're calling out people's
 12 clothing is because they're directing your attention,
 13 again, the guy with the shotgun, they're directing your
 14 attention to these -- that -- those individuals,
 15 correct?
 16 MR. BARTON: Object to the form.
 17 Q (By Mr. Demik) You can answer.
 18 MR. BARTON: That's fine.
 19 THE WITNESS: Yeah, sure. I -- I was looking
 20 at the crowd, so I don't know if they were directing
 21 towards me or not.
 22 Q (By Mr. Demik) Okay. Well, I'm not being
 23 glib here, but they weren't directing your attention to
 24 their clothing just to say, hey, that guy's got a cool
 25 shirt, were they?

Page 66

1 A I don't remember.
 2 Q They were directing your attention to that
 3 individual -- I'm using an example, this is an example,
 4 but, hey, that guy in the white shirt, they're
 5 communicating that information to you because they want
 6 you to focus your attention on that individual, fair?
 7 A I don't remember anyone specifically directing
 8 me other than the one, the fireworks incident.
 9 Q Okay. Do you recall at any point somebody
 10 saying, pointing and saying that guy in the white?
 11 A No.
 12 Q Okay. Okay. So what conversations -- well,
 13 no, let me go back. On the overpass you can't see
 14 what's happening beneath you, fair?
 15 A Define beneath me.
 16 Q Sure. Let's use physics, right. If you're
 17 here looking straight forward at a 90-degree angle from
 18 that vantage point directly beneath you underneath the
 19 overpass, you can't see what's going on there at this
 20 time, can you?
 21 A I would say you can. I could see probably
 22 halfway under the bridge if I looked over the bridge,
 23 which I periodically did.
 24 Q Okay. So periodically you leaned over the
 25 railing to look underneath the underpass?

Page 67

1 A Yes.
 2 Q Okay. And did that make it easier or harder
 3 for individuals who were throwing objects from below at
 4 you, to hit you?
 5 A Did what make it harder?
 6 Q Leaning over the railing to look beneath the
 7 overpass?
 8 A I don't know if that made it harder or not.
 9 Q And why would you look? Why would you lean
 10 over the railing to look underneath the overpass?
 11 A To see if the crowd's moving.
 12 Q Fair enough. You could see halfway underneath
 13 the overpass, but even leaning over the railing there's
 14 still this area underneath the overpass that you can't
 15 see what individuals are doing, right?
 16 A Yes.
 17 Q And because of that you're also sort of
 18 relying on the information that's being radioed to you
 19 by other officers, and specifically I'm talking about
 20 the officers in front of the police station who can see
 21 what's happening beneath the overpass; is that fair?
 22 A Yes.
 23 Q Okay. Now, what are the -- what are the
 24 parameters that you were given on this date,
 25 specifically this date?

Page 68

1 You talked a little bit about training and the
 2 less lethal shotgun course, but I want to talk about May
 3 30th, 2020. What were the parameters you were given
 4 whether you could or could not fire these shotguns, your
 5 shotgun?
 6 A We could fire them at people that were a
 7 threat to the public or instigating the crowd by
 8 exhibiting riotous behavior.
 9 Q What does "instigating the crowd" look like?
 10 A Um, they would get a bunch of people together
 11 to move up to the police and throw things at the police
 12 or they would vandalize the street insinuating that
 13 there was a loss of control and we can do whatever we
 14 want to do at that point.
 15 Q Okay. So if you saw an individual who's
 16 instigating, meaning telling others to go throw things
 17 at the police officers, you can impact that
 18 individual?
 19 A No. That in addition they were exhibiting
 20 riotous behavior themselves.
 21 Q Okay. All right. So those were the
 22 parameters, but were you given any parameters when you
 23 could not shoot someone with one of these shotguns?
 24 A If they're peacefully protesting.
 25 Q Okay. Now, that's the parameters that you

Page 69

1 could and could not. Now I'm going to ask it to you in
 2 a little bit of a different way.
 3 Did anyone give you with your shotgun,
 4 superior or otherwise from the police department, did
 5 anybody give you parameters on when you should or you
 6 should not shoot an individual with these shotguns?
 7 A I don't remember.
 8 Q Okay. Was there any discussion about the
 9 range at which you should or should not shoot someone
 10 with a shotgun?
 11 A I knew that based on the training I received
 12 prior to that day the limitations of the less lethal
 13 shotgun.
 14 Q And what are those?
 15 A With the particular round that was being used
 16 at that time frame of a minimum of five yards and a
 17 maximum effective range of 25 yards.
 18 Q Okay. And what happens after that maximum
 19 effective range of 25 yards if you fired at someone
 20 beyond 25 yards?
 21 A The round could tail off and deviate from the
 22 target.
 23 Q Okay. And it could hit them in a place where
 24 you didn't necessarily intend to aim at?
 25 A If you shoot it for more than 25 yards, it's

<p style="text-align: right;">Page 70</p> <p>1 possible.</p> <p>2 Q Right. All right. Was there any discussion</p> <p>3 between you or any other officers or superiors about the</p> <p>4 line of fire here? And here, let me be specific what</p> <p>5 I'm asking you.</p> <p>6 I'm asking you did anybody bring up the fact</p> <p>7 that there were officers with shotguns in front of the</p> <p>8 police station and officers up at the overpass and their</p> <p>9 respective lines of fire on individuals in the crowd?</p> <p>10 A Not that I remember.</p> <p>11 Q Was that anything that you were concerned</p> <p>12 about?</p> <p>13 A Can you be more specific about what I'd be</p> <p>14 concerned about?</p> <p>15 Q Sure, sure. Well, shooting someone with a</p> <p>16 shotgun is considered a use of force, correct?</p> <p>17 A Yes.</p> <p>18 Q It's meant to deter individuals by hitting</p> <p>19 them with these bean bags, right?</p> <p>20 A Yes.</p> <p>21 Q And whether that either makes them flee in the</p> <p>22 other direction, right, you hit them and they run away,</p> <p>23 right?</p> <p>24 A Yes.</p> <p>25 Q Or what I would call, and maybe I'm using the</p>	<p style="text-align: right;">Page 72</p> <p>1 A No, that is not a use of force.</p> <p>2 Q Okay. What would be your lowest level of</p> <p>3 force that you would use as a police officer and you've</p> <p>4 been trained about to gain compliance?</p> <p>5 A According to APD policy, the level four</p> <p>6 response is for if things where you have -- you push</p> <p>7 someone to the ground or you grab their arms and you</p> <p>8 pull them behind the back as they're resisting.</p> <p>9 Q Okay. Fair enough. You asked me what I meant</p> <p>10 by my question, so I'm trying to drill down on that.</p> <p>11 If an individual -- let me give you two</p> <p>12 scenarios and maybe this will help you understand my</p> <p>13 question. An individual is here and there's a line of</p> <p>14 police officers in front of them, are you with me in</p> <p>15 this hypothetical?</p> <p>16 A Yes.</p> <p>17 Q All right. And the police officers hit them</p> <p>18 with the bean bag rounds, right, that individual knows</p> <p>19 that they've been shot, that there's police officers in</p> <p>20 front of them and that they need to stop in whatever</p> <p>21 behavior they were engaging in that led them to being</p> <p>22 shot, right?</p> <p>23 A Yes.</p> <p>24 Q Okay. Now, let me ask you another</p> <p>25 hypothetical.</p>
<p style="text-align: right;">Page 71</p> <p>1 wrong term, but pain compliance. They get hit with a</p> <p>2 bean bag round, it hurts, so they stop doing what</p> <p>3 they're doing?</p> <p>4 A Yes.</p> <p>5 Q Also if an individual is like, you know, like</p> <p>6 a baseball windup, getting ready to throw something and</p> <p>7 they get impacted with a round, it might knock them off</p> <p>8 balance, that's also going to deter them from throwing a</p> <p>9 molotov cocktail, for example, right?</p> <p>10 A That's possible, yes.</p> <p>11 Q Okay. And there is also sort of a show of</p> <p>12 force, right, where you can show an individual a shotgun</p> <p>13 and command them to comply, fair?</p> <p>14 A That's not something that I'm familiar with.</p> <p>15 Q Okay. You're taught the use of force</p> <p>16 continuum, right?</p> <p>17 A Yes.</p> <p>18 Q And the use of force continuum begins with</p> <p>19 something as simple as giving someone a command, right?</p> <p>20 A No, it can start at any given point.</p> <p>21 Q It can start at any given point, and it can</p> <p>22 start at the point where you, the police officer gives</p> <p>23 someone a command, for example, to get on the ground and</p> <p>24 that's a use of force because you're giving them a</p> <p>25 command and they either comply or don't comply, fair?</p>	<p style="text-align: right;">Page 73</p> <p>1 Let's say there's police officers that are</p> <p>2 hidden behind that individual, okay, and they have a</p> <p>3 line of police officers in front of them, if that</p> <p>4 individual is impacted and hit from behind and they</p> <p>5 don't know where it came from or what it was, would that</p> <p>6 give you a concern as a police officer trying to ensure</p> <p>7 and get compliance from this crowd?</p> <p>8 A So would it concern me if they knew where they</p> <p>9 got impacted from?</p> <p>10 Q Or what -- impacted with?</p> <p>11 A No.</p> <p>12 Q Okay. After you fired your shotgun and hit an</p> <p>13 individual, you said I don't think that guy knew we were</p> <p>14 back here. Do you recall that?</p> <p>15 A No.</p> <p>16 Q Okay. If you were to watch your body-cam</p> <p>17 footage and you heard that statement, I don't think that</p> <p>18 guy knew we were back here, would you deny making that</p> <p>19 statement?</p> <p>20 A If I said that on my body-worn camera?</p> <p>21 Q Yes, sir.</p> <p>22 A If I watched my body-worn camera and I said</p> <p>23 that, I would not deny saying that.</p> <p>24 Q Okay. Do you recall any other officer around</p> <p>25 you saying that?</p>

Page 74

1 A No.
 2 Q Okay. So let me ask it to you this way.
 3 Were you -- did you have the impression or
 4 opinion that there were individuals beneath you on the
 5 overpass who were impacted with shotguns who did not
 6 know that you were there?
 7 A Not that I remember.
 8 Q Okay. In your position and in your -- you
 9 know, in your capacity there at the overpass with the
 10 shotgun, is that something that occurred to you, that
 11 someone below you could be shot with a shotgun and not
 12 know that where you were or where they'd been hit
 13 from?
 14 A I don't remember if that occurred to me.
 15 Q Were you aware or was there any discussion of
 16 any deaf individuals that might be in this crowd that
 17 you were firing your shotgun into?
 18 A No.
 19 Q Is that a concern or a -- an issue that ever
 20 occurred to you on May 30th, 2020?
 21 A No.
 22 Q Any other officers to your knowledge?
 23 A Not from my knowledge.
 24 Q Okay. What about any superiors in any
 25 briefings or show-ups or anything like that, did you

Page 75

1 hear anything about that on May 30th, 2020 or that
 2 possibility that somebody in this crowd might be deaf or
 3 hearing impaired?
 4 A No, I don't remember anyone saying somebody
 5 might be deaf or hearing impaired.
 6 Q Okay. Okay. I want to ask you after
 7 reviewing one of the papers -- and I don't know if you
 8 have it in front of you, I doubt you do, but I believe
 9 it's a supplement. And let me just ask you questions
 10 about it because I'm not trying to quiz you on it, but I
 11 want to ask you about the meanings of some terms.
 12 What is restricted duty mean?
 13 A Restricted duty is when you're being
 14 investigated, you're placed on a duty where you're not
 15 on full duty or you're enforcing police actions.
 16 Q Okay. And have you been placed on restricted
 17 duty before?
 18 A Yes.
 19 Q Okay. How many times?
 20 A Once.
 21 Q When was that?
 22 A It was in 2020.
 23 Q Okay. Before or after May 30th, 2020?
 24 A After.
 25 Q And why were you placed on restricted duty?

Page 76

1 A During the investigating use of force
 2 incident.
 3 Q Which use of force incident?
 4 A Where a bean bag round was deployed at a
 5 female.
 6 Q Okay. And was that on May 30th or some other
 7 time?
 8 A May 30th.
 9 Q Okay. The same event or the same protest that
 10 we're talking about?
 11 A Yes. Same day, about two hours later than
 12 what we're talking about with the video.
 13 Q Okay. So after you impacted the video
 14 individual as we referred to in the shorthand, two hours
 15 later you shot a female with your shotgun?
 16 A Yes.
 17 Q Okay. And why would that -- why would that
 18 get you put on restricted duty as opposed to shooting
 19 the video individual?
 20 A I don't know.
 21 Q Okay. Were you given any information on what
 22 the difference between those two was?
 23 A No.
 24 Q Okay. What happened as a result of restricted
 25 duty? Is there some kind of investigation that they do,

Page 77

1 do you get a lawyer, do you get to see any of the
 2 investigation, what happens?
 3 A Um, I don't remember getting to see any of the
 4 investigation. I was returned to full duty after three
 5 months, I believe.
 6 Q Okay. And were you ever given any information
 7 about how that came about? Was there a complaint, was
 8 that initiated by someone within the police department,
 9 were you ever given any information about that?
 10 A I don't remember being given information of
 11 who initiated the investigation.
 12 Q Okay. You were just told that you were on
 13 restricted duty because you had impacted a female with
 14 your shotgun?
 15 A Yes. They -- just the one line that they said
 16 you're on restricted duty for 11:00 p.m. on May 30th you
 17 impacted a female.
 18 Q Okay. And did you get any other information
 19 about this incident or accusation?
 20 A No, not at that time.
 21 Q Okay. At any other time?
 22 A After I was returned to full duty.
 23 Q And what information were you given?
 24 A That I had to attend a de-escalation course.
 25 Q Okay. And what was the reason that you had to

Page 78

1 attend the de-escalation course for impacting this
2 female?
3 A My chain of command told me to do so.
4 Q Okay. I think I asked you this already, but I
5 just want to be clear. Do you have any knowledge or did
6 anybody tell you why you were placed on restricted duty
7 for shooting a female two hours later and you were not
8 placed on restricted duty for shooting the video
9 individual two hours before on the same night with the
10 same weapon?
11 A I don't know why my chain of command chose
12 to -- that specific incident to put me on restricted
13 duty as opposed to --
14 Q Okay.
15 A -- the 9:00 p.m. incident.
16 Q Okay. So I guess better shorthand is we can
17 call it the 9:00 o'clock incident and the 11:00 o'clock
18 incident, would you know what I'm talking about?
19 A Yes.
20 Q Okay. So nobody gave you any information on
21 why the 11:00 o'clock incident got you on restricted
22 duty as opposed to the 9:00 o'clock incident.
23 Now I want to ask you in your mind, Officer,
24 was there any difference between the impacting at 9:00
25 o'clock, 9:00 o'clock incident and the 11:00 o'clock

Page 79

1 incident?
2 A Yes.
3 Q What was the difference?
4 A The 9:00 o'clock incident with the guy in the
5 video, he was violent, and the person at 11:00 o'clock
6 was not violent towards others.
7 Q What was the person at 11:00 o'clock doing
8 when you shot them with the shotgun?
9 A They were spray painting profanity on the
10 sidewalk.
11 Q Okay. And why did you choose to impact that
12 person if they were just spray painting the sidewalk?
13 A Because they were exhibiting riotous behavior
14 and continuing to incite the crowd.
15 Q Okay. All right. So that individual, you
16 made the decision to impact that individual at 11:00,
17 and during the 11:00 o'clock incident because in your
18 observation and your opinion they were engaging in
19 vandalism and instigating the crowd?
20 A Yes.
21 Q Okay. Were they throwing anything?
22 A At the time I impacted them, no.
23 Q At any other time?
24 A I don't know.
25 Q Okay. Was there any other besides spray

Page 80

1 painting the pavement, and again, I need to ask you this
2 because when -- before I asked you what instigating the
3 crowd was, and you gave me an answer, but during the
4 11:00 o'clock incident you said this individual, the
5 female individual was instigating the crowd, correct?
6 A Her behavior was, yes.
7 Q Okay. What does that mean?
8 A I would say it's similar to the broken windows
9 concept where if we damage property, it's scientifically
10 proven that people around you will also contribute to
11 damaging the property and not treating it with respect.
12 Q Okay. All right. So this female individual
13 during the 11:00 o'clock incident you didn't observe her
14 throwing anything, correct?
15 A Correct.
16 Q You didn't observe her throwing molotov
17 cocktails, fireworks or stones, right?
18 A Correct.
19 Q You did observe her spray painting the
20 pavement?
21 A Correct.
22 Q What was she spray painting on the pavement?
23 A All cops are bastards.
24 Q Okay. And again, that didn't provoke any
25 emotional response from you, right?

Page 81

1 A No.
2 Q But you decided to shoot her with your less
3 lethal shotgun?
4 A Yes.
5 Q What injuries did that person sustain?
6 A I don't know of any injuries.
7 Q Were you given any information on any injuries
8 sustained by that female at 11:00 o'clock?
9 A No.
10 Q Okay. Let me move back to 9:00 o'clock, what
11 about that individual, the male, were you given any
12 information on his injuries?
13 A In my meeting with my lawyer I reviewed the
14 lawsuit or complaint. There's pictures of who I believe
15 is the individual with injuries.
16 Q Okay. What is your understanding of what
17 injuries that individual suffered as a result of being
18 shot with your shotgun?
19 A His skin was bruised.
20 Q Okay. Now, that's two individuals that you
21 shot with your shotgun on May 30th, 2020, but if you
22 shot five to ten, that leaves three to seven more
23 individuals, right?
24 A Approximately.
25 Q Approximately, of course. Did you get any

Page 82

1 information on those other individuals, those three to
 2 seven individuals that you also shot with your
 3 shotgun?
 4 A No.
 5 Q And did you get any information about their
 6 injury, if any?
 7 A Did I attempt to?
 8 Q Yes, sir.
 9 A No.
 10 Q Okay. So you mentioned you looked at your
 11 report. Do you have that with you?
 12 A Yes.
 13 Q Can you tell me the number in the bottom
 14 right-hand corner, there should be a COA number?
 15 A COA-1964.
 16 Q Okay. All right. And what's at the top of
 17 that one-page report?
 18 A It says the Austin Police Department, General
 19 Office Hard Copy.
 20 Q Okay. And does it have GO number 2020 dash
 21 1510503 at the top right-hand corner?
 22 A Yes.
 23 Q Okay. And then the first line under the line
 24 has Subject, Number 9, Unidentified Person?
 25 A The first line is follow-up report number 31.

Page 83

1 Q Oh, okay. All right. And what's the date on
 2 that report?
 3 A It was submitted on May 31st, 2020 at 0127
 4 hours.
 5 Q Okay. Were you aware of any other use of
 6 force report that was -- that was reported on June 23rd,
 7 2020?
 8 A There is a report also in front of me that I
 9 believe was in -- is -- I wrote a supplement to. So I
 10 have the initial part, piece of that report as well.
 11 Q Okay. Great. And what's the COA number,
 12 Bates number, bottom right-hand corner on that one?
 13 A 000370.
 14 Q Okay. And what's the date on that one?
 15 A It was reported on March 24, 2022 from
 16 incidents that occurred on May 30th, 2020, 2100 hours.
 17 Q I'm sorry, could you read that again slower?
 18 A It was reported on March 24, 2022 and occurred
 19 on May 30th, 2020.
 20 Q Okay. Why -- so that's about almost two years
 21 after the fact. Why was the report written almost two
 22 years after May 30th, 2020?
 23 A It appears that special investigative unit
 24 that was -- they were the last ones to add to the
 25 report.

Page 84

1 Q Okay. And what did they add to the report?
 2 A They conducted an investigation to determine
 3 that all actions taken complied with policy and law.
 4 Q Okay. Was there any supplement to your
 5 knowledge that was done on June 23rd, 2020? Like about
 6 a month after May 30th, 2020?
 7 A No.
 8 MR. DEMIK: Okay. And I -- Monte, I
 9 apologize, but I think it's best for me just to share a
 10 screen, and what I'm looking at, Monte, is COA-2598.
 11 Can I -- how does that work?
 12 Can I pull that up and share a screen? Is
 13 that possible, Nate?
 14 THE VIDEOGRAPHER: Yes. You have screen
 15 sharing ability.
 16 MR. DEMIK: I do. Let me know if you all see
 17 it.
 18 Q (By Mr. Demik) Can you -- I don't know if you
 19 need to zoom in, but can you see that, Officer?
 20 A Yes.
 21 MR. BARTON: Let me ask my paralegal to send
 22 me a copy so that I can see the full thing.
 23 So it starts at COA-2598; is that correct?
 24 MR. DEMIK: Yeah. And again, I apologize,
 25 Monte, I didn't know I was going to -- I thought that he

Page 85

1 -- this was the report he was referring to. It's
 2 COA-2598.
 3 MR. BARTON: Okay.
 4 MR. DEMIK: Can you see that, Monte, so you
 5 can write it down? I can also ask Alexis to e-mail this
 6 to you right now, Monte.
 7 MR. BARTON: Yeah, if you could send that,
 8 that would be good.
 9 MR. DEMIK: Alexis, could you do that? It's
 10 from the Dropbox folder. Sorry, sorry, wrong button.
 11 Q (By Mr. Demik) Okay. Officer, hopefully
 12 you've had a chance to sort of look at this while we've
 13 been talking.
 14 Do you recognize this report?
 15 A It's the first time I've seen this piece of
 16 paper.
 17 Q Okay. Do you see -- and again, that's fair.
 18 I'm not trying to ambush you in any way. This is
 19 something that I had that I wanted to ask you about.
 20 So this is the first time you're seeing this
 21 paper, you haven't seen this before, right?
 22 A Correct.
 23 Q Okay. So I'm just going to use it to ask you
 24 about things that are noted in here understanding that
 25 you didn't review this in preparing for your deposition

<p style="text-align: right;">Page 86</p> <p>1 and this is the first time you're seeing it, fair?</p> <p>2 A Yes.</p> <p>3 Q Okay. So generally what do you -- what do you</p> <p>4 understand this type of report in front of you to be?</p> <p>5 Would this be considered a supplement?</p> <p>6 A Um, I'm not sure.</p> <p>7 Q Fair enough. Okay. So I want to ask you</p> <p>8 about this portion that says, Use of Force Details.</p> <p>9 Can you see the little pointer or is it --</p> <p>10 A Yeah, I can see it.</p> <p>11 Q Okay. So if you follow that arrow, I'll just</p> <p>12 use that to direct your attention.</p> <p>13 So it says use of force details, date and time</p> <p>14 occurred, May 30th, 2020, right?</p> <p>15 A Yes.</p> <p>16 Q And it has Reporting Officer AP-8383 Cobaugh,</p> <p>17 Timothy. That's you, right?</p> <p>18 A Yes.</p> <p>19 Q Okay. And date reported June 23rd, 2020,</p> <p>20 right?</p> <p>21 A Yes.</p> <p>22 Q Okay. And in the remarks it says a</p> <p>23 baseball-sized rock hit me directly in my kevlar. Felt</p> <p>24 a brief throbbing in my head.</p> <p>25 A Yes.</p>	<p style="text-align: right;">Page 88</p> <p>1 with you, and again, I want to be fair, so I'm not</p> <p>2 trying to ambush you. You haven't seen this before and</p> <p>3 that's why I'm going to use my pointer and just ask you</p> <p>4 about things on this piece of paper that you haven't</p> <p>5 seen or reviewed in preparation for today's depo.</p> <p>6 Does subject number 6, unidentified person in</p> <p>7 type, complaint of injury pain, no treatment, resistance</p> <p>8 type, aggressive resistance, does this paragraph ring</p> <p>9 any bells for you?</p> <p>10 A No.</p> <p>11 Q Okay. And this next -- and -- okay. And this</p> <p>12 next one, officers involved, officer named Cobaugh,</p> <p>13 Timothy, that's you, right?</p> <p>14 A Yes.</p> <p>15 Q And role and use of force, you were involved</p> <p>16 in the use of force, right?</p> <p>17 A Yes.</p> <p>18 Q And it says number of shots fired 25. Does</p> <p>19 that ring any bells for you?</p> <p>20 A No.</p> <p>21 Q Okay. Do you recall ever hearing that you had</p> <p>22 fired 25 shots on May 30th, 2020 related to a use of</p> <p>23 force?</p> <p>24 A Based on my experience in writing the report,</p> <p>25 I put 25 as the approximate number of rounds I fired</p>
<p style="text-align: right;">Page 87</p> <p>1 Q Does that ring a bell for you in any way?</p> <p>2 A It does.</p> <p>3 Q Okay. Please explain.</p> <p>4 A This reminds me that I -- when I was standing</p> <p>5 on 35 earlier in the day and still daylight out someone</p> <p>6 threw a rock and hit me in my helmet.</p> <p>7 Q Okay. And you felt a brief throbbing in your</p> <p>8 head?</p> <p>9 A Yes.</p> <p>10 Q Okay. And that would have been before the</p> <p>11 9:00 o'clock incident when you shot the video individual</p> <p>12 with your shotgun, right?</p> <p>13 A Correct.</p> <p>14 Q So if I'm in the middle of a 16-hour shift,</p> <p>15 right?</p> <p>16 A Yes.</p> <p>17 Q At a time where you're having people call you</p> <p>18 a murderer and yell that you're a murderer, right?</p> <p>19 A Yes.</p> <p>20 Q Yell that you're a racist?</p> <p>21 A Yes.</p> <p>22 Q And other insults directed at you and other</p> <p>23 police officers all day, right?</p> <p>24 A Most of the day, yes.</p> <p>25 Q Most of the day. Okay. Let me just move down</p>	<p style="text-align: right;">Page 89</p> <p>1 throughout the entire shift.</p> <p>2 Q Okay. And it says officer injured and the</p> <p>3 answer is yes, right?</p> <p>4 A Yes.</p> <p>5 Q Does that ring a bell or can you explain</p> <p>6 that?</p> <p>7 A No, it does not ring a bell.</p> <p>8 Q Okay. Well, officers are injured means -- was</p> <p>9 it you that reported that you had been injured that</p> <p>10 day?</p> <p>11 A I don't remember. I reported I felt a</p> <p>12 throbbing pain in my head, so it's possible that that is</p> <p>13 what it's referring to.</p> <p>14 Q Okay. Did you seek any medical attention on</p> <p>15 May 30 -- I guess you couldn't on May 30th, but May 31st</p> <p>16 or afterward for any injuries related to this date?</p> <p>17 A I could have sought medical attention. I</p> <p>18 chose not to, unnecessary, because I didn't feel I</p> <p>19 needed it.</p> <p>20 Q Okay. Did you seek medical attention at any</p> <p>21 point afterward?</p> <p>22 A No.</p> <p>23 Q Okay. Did you make any notation or claim or</p> <p>24 observation of injury to anyone, medical professional,</p> <p>25 somebody at the police station after May 30th, 2020?</p>

Page 90

1 A I don't remember.
 2 Q Okay. Does the last one on this page, again
 3 Bates number COA-2598 for the record, the last page of
 4 this again has subject number 6, unidentified person,
 5 right?
 6 A Yes.
 7 Q And has your name as being the officer
 8 involved, right?
 9 A Yes.
 10 Q And it says reason for use of force necessary
 11 to defend reporting officer, that's you, right?
 12 A Yes.
 13 Q Force used, 8402, Level II, R-II-R incident,
 14 what does that mean?
 15 A Similar to we talked about the level of force,
 16 the level it's used at force. Level I being the
 17 highest. So Level II is the level of force APD has
 18 determined that less lethal bean bag round is.
 19 Q Okay. And there it says weapons used, impact
 20 ignition, bean bag round, enter number of shots,
 21 right?
 22 A Yes.
 23 Q Okay. Does this section ring any bells or
 24 give you any recollection?
 25 A No.

Page 91

1 Q Okay. Okay. I'm going to stop sharing
 2 screen. I just wanted to ask you about that and let you
 3 see it so you could see what I was referencing.
 4 So while we're at it, let me just ask you, and
 5 you already gave the Bates numbers for the reports that
 6 you have in front of you, okay, but let me just ask you
 7 generally, forest through the trees here, how many
 8 reports did you author, draft or sign in relation to May
 9 30th, 2020?
 10 A I believe one.
 11 Q Okay. And how many supplements afterward to
 12 that report?
 13 A I don't remember. I believe one.
 14 Q Okay. And do you recall any supplements after
 15 2021? Let's say a year later, do you recall any
 16 supplements, additions, amendments or anything after May
 17 30th, 2021?
 18 A No.
 19 Q Okay. Let me just check my notes real quick.
 20 A Do you mind if we take a short break?
 21 Q Absolutely. You want to take five?
 22 A That would be great.
 23 Q Perfect timing. How about 3 or 4:13?
 24 A Great. Thank you.
 25 Q Yeah. Thanks for letting us know.

Page 92

1 THE VIDEOGRAPHER: All right. We're off the
 2 video record. The time is 4:08 p.m.
 3 (Break taken)
 4 THE VIDEOGRAPHER: We're back on the video
 5 record. The time 4:15 p.m.
 6 Q (By Mr. Demik) Okay, Officer, I'm almost
 7 done. I have a few more areas to ask you about.
 8 During the break did you discuss your
 9 deposition with your lawyer or anybody else?
 10 A Yes.
 11 Q Okay. I don't -- what areas or topics of
 12 conversation did you have during our -- it was only like
 13 six minutes, seven minutes?
 14 A We talked about on the night of May 30th if
 15 somebody directed me to impact somebody, and I said -- I
 16 brought up the one incident about the fireworks thrower,
 17 but I don't remember any other incident. But if
 18 somebody did direct me to impact someone, I wouldn't
 19 just impact someone because they told me to impact
 20 someone. It would have been my own observation.
 21 Q Okay. Okay. And I think I understand that,
 22 and that was -- that's been one of my questions and just
 23 all transparency to -- on other police officers, you
 24 know, that we've been -- that we've done depositions in
 25 is if another officer says to you, hey, that guy in the

Page 93

1 white shirt, I'm using a hypothetical as an example,
 2 impact him or he did X, he threw a molotov cocktail,
 3 what do you do?
 4 I mean I ask out of curiosity. Do you say no,
 5 I'm not going to impact that individual because I didn't
 6 see it, or do you impact that individual for safety and
 7 in an abundance of caution, what do you do?
 8 A I think every situation is different.
 9 Q All right. So there are situations in which
 10 somebody would say, hey, impact that guy and you do it,
 11 right?
 12 A I think there's a lot more to it than that.
 13 Q Okay. Well, we're being pretty vague, I want
 14 to drill down on some specifics.
 15 Let me ask you, is there ever a situation for
 16 you personally, I'm not asking you to answer for other
 17 officers, but for you personally where somebody would
 18 say, hey, that guy did X, insert X, right, right his
 19 behavior, impact him and you would do it?
 20 Is there ever a situation like that?
 21 A Yes.
 22 Q Even though you didn't personally observe, you
 23 impact the individual or you shoot him because the other
 24 officer says, hey, they did X, fair?
 25 A I think the situation depends on what you

<p style="text-align: right;">Page 94</p> <p>1 mean. You may observe part of it. I don't think 2 there would be a situation where you didn't observe 3 anything happen at all and you just impact the person. 4 Q Okay. Well, in this crowd, how many people 5 were there in the crowd at varying times, give me 6 a range? 7 A 200 to 2,000. 8 Q Okay. You can't observe what 2,000 9 individuals are doing, can you? 10 A Correct. 11 Q So there's certainly going to be individuals 12 within those 2,000 that you don't see doing stuff, 13 right? 14 A Correct. 15 Q That another officer may see doing stuff, 16 right? 17 A Correct. 18 Q All right. And so there are situations in 19 which the other officer would tell you their 20 observations or their, you know, estimation and say 21 impact that individual and you would do it, right? 22 A After I made my own observations, yes. 23 Q Okay. Well, that's my question. Because 24 we're not really answering it, right? 25 There either is or there is not a situation in</p>	<p style="text-align: right;">Page 96</p> <p>1 A Yes. 2 Q Yes, I would not? 3 A You're correct. You're correct. 4 Q Okay. All right. Let me ask you, did you 5 have a show-up meeting or a briefing at any point on May 6 30th, 2020? 7 A Yes. At the beginning of my patrol shift as 8 we do every patrol shift we have a show-up as you call 9 it. 10 Q Okay. And I imagine they didn't give any 11 information or share any information about downtown 12 because at that point you didn't even know you were 13 going to have to go downtown, right? 14 A Correct. 15 Q Okay. So after that show-up, which is through 16 your regular patrol at the south substation, was there 17 any show-up or any briefing given to you or in your 18 presence about the police station? I'm not even talking 19 about the Capitol, I'm talking about the police station. 20 A I did not receive a brief at the police 21 station. There was an informal brief at the Third 22 Street parking lot. 23 Q And that was where you met before you went to 24 the Capitol? 25 A Yes.</p>
<p style="text-align: right;">Page 95</p> <p>1 which another officer tells you impact that guy because 2 he did X? There either is -- there's the possibility 3 that situation where you impact him or you say I 4 absolutely would not do that under any circumstances 5 until I observed it myself. 6 So which one is it? 7 A I would not impact somebody until I observed 8 some sort of behavior or matching behavior of what he 9 just described. 10 Q Okay. So if another officer next to you says, 11 hey, impact that guy, he just threw a molotov cocktail 12 and it hit the police station, you would say to your 13 fellow officer, I'm not going to do it, no, unless I see 14 it? 15 A I would have to observe that that individual 16 was in fact just in the spot where a molotov cocktail 17 was, and I look at the police station seeing that there 18 is, yes, a molotov cocktail on the ground and this 19 individual's arm is extended out like he just threw it. 20 Then yes, based on both of our observations I think it 21 would be reasonable to infer that that person was the 22 subject that just threw the molotov cocktail, and so I 23 would then impact that person. 24 Q Okay. But you wouldn't impact somebody if you 25 didn't observe, right, his behavior in that scenario?</p>	<p style="text-align: right;">Page 97</p> <p>1 Q Okay. And what information was shared in that 2 brief? 3 A That there was people downtown in a riot. 4 Q Okay. Did they tell you who was in that 5 crowd? 6 A No, they didn't give me any specific, people 7 that were in the crowd. 8 Q Did they tell you what they were doing to make 9 it a riot? 10 A Yes. 11 Q What was that? 12 A They were breaking out windows in the police 13 cars and spray painting at the Capitol at the time and 14 throwing objects at the DPS troopers. 15 Q Okay. So that's at the Capitol. Now, with 16 regards to the police station, when you showed up on the 17 freeway out of the van and then you station yourself at 18 the overpass pursuant to orders, was there any -- 19 whatever you want to call it, informal show-up, informal 20 debrief -- or brief, sorry, informal brief, was there 21 any of that that happened after the Capitol with regards 22 to the police station orders? 23 A No. 24 Q So nobody gave you information on the history 25 of that crowd below you?</p>

<p style="text-align: right;">Page 98</p> <p>1 A I was there almost the entire day, so I was 2 one of the first officers there. So there was a -- 3 there wasn't many more people to give me a history on 4 the crowd. I guess that answers the question. 5 Q Okay. Well, you were up on the freeway when 6 you first got there for two to four hours you said? 7 A Yes. 8 Q Was there already a crowd down in front of the 9 police headquarters? 10 A No. 11 Q Okay. So they formed after you cleared the 12 freeway? 13 A Yes, I watched them form. 14 Q Okay. And was it all the people from the 15 freeway or was it different people that constituted this 16 crowd in front of the police headquarters? 17 A I'm not sure. 18 Q Did you have any -- well, did you have an 19 understanding of what these protests were about, 20 generally what the issue was? 21 A Yes. 22 Q And where did you get that information? 23 A Based on what I saw in the news. 24 Q Okay. What news? 25 A I don't remember the specific news source.</p>	<p style="text-align: right;">Page 100</p> <p>1 Q Okay. So you watch MSNBC, right? 2 A Probably once a year. 3 Q Okay. How often do you watch Fox News? 4 A Probably once a year or less. 5 Q Okay. Do you ever get any information on the 6 protests, and by that I don't mean just media, I'm not 7 just focused on media, I'm talking about friends, 8 family, fellow officers, family members, whatever it 9 is? 10 A I don't remember any specific people that were 11 giving me information. 12 Q Okay. Did you have any opinion on the issues 13 of the protests going into May 30th, 2020? 14 A No. 15 Q Okay. Did you have any opinion or perspective 16 on why these people are calling police officers 17 murderers and racists? 18 A No. I try to not have a personal opinion 19 because I thought it would affect how professional I 20 was. 21 Q Sure. That's understandable. 22 Did you have any -- in your viewpoint as a 23 professional, right, you're a professional police 24 officer, you kind of need to understand who the crowd 25 is, you would agree with me, right?</p>
<p style="text-align: right;">Page 99</p> <p>1 Q What news do you watch around May 2020? 2 A I don't remember what I watched. 3 Q Do you remember what news you normally 4 watch? 5 A I have a CNN app on my phone. I don't know in 6 2020. 7 Q Okay. Do you have any recollection of where 8 you were getting information on the protests and the 9 issues surrounding the protests? 10 Do you have any recollection of any source, 11 media source whatsoever? 12 A The only recollection I have is I don't think 13 there was any news or media or social media outlet that 14 wasn't talking about the protest. 15 Q Okay. Well, that's true, but there's 16 different media outlets, right? 17 A There are. 18 Q And so normally some people sort of gravitate 19 towards one or the other, right? 20 A Yes, but I don't. 21 Q Okay. Well, I'll just be specific. There's 22 the MSNBC crowd, there's the Fox News crowd, where do 23 you fall in that spectrum? 24 A I try to listen to both so I can be educated 25 on both sides.</p>	<p style="text-align: right;">Page 101</p> <p>1 A Yes. 2 Q Whether they're white nationalists or Antifa 3 or what have you, that factors in sometimes to who 4 you're dealing with, right? 5 A Yes. 6 Q Okay. Did you have an understanding on any 7 level of what the issues were that these protesters were 8 protesting about? 9 A I didn't have any intelligence for the May 10 30th specifically what they were protesting about, but I 11 know it was over the incident with George Floyd. 12 Because like I said it was in every news media outlet. 13 Q Okay. And you didn't have any opinion on that 14 matter? 15 A No. 16 Q Not an opinion one way or the other? 17 A No. 18 Q Totally neutral? 19 A Totally neutral. 20 Q Fair enough. The plastic masks, did you have 21 that era helmet, whatever you call it, did you have that 22 your entire shift on May 31st, 2020? 23 A Yes. 24 Q When you were firing the shotgun, did you have 25 the plastic mask down or up?</p>

<p style="text-align: right;">Page 102</p> <p>1 A I don't remember.</p> <p>2 Q Okay. Do you have any specific recollection</p> <p>3 of having it down while you were shooting?</p> <p>4 A No.</p> <p>5 Q Do you have any specific recollection of</p> <p>6 having it up while you were shooting?</p> <p>7 A No.</p> <p>8 Q Okay. Do you have any specific recollection</p> <p>9 of having it down at all during that shift?</p> <p>10 A No.</p> <p>11 Q Okay. Any specific recollection of having it</p> <p>12 up during that shift?</p> <p>13 A Yes.</p> <p>14 Q Okay. What's that recollection, any</p> <p>15 recollection?</p> <p>16 A I remember it was -- in order to like drink</p> <p>17 and eat, it had to be up, and I thought it was better to</p> <p>18 see with it up. So I remember keeping it up throughout</p> <p>19 the shift as much as I could, if not all of the shift.</p> <p>20 Q Okay. Makes sense. But no recollection of</p> <p>21 having it down?</p> <p>22 A I don't have any recollection of having it</p> <p>23 down.</p> <p>24 Q Okay. I want to ask you -- you already</p> <p>25 answered my question about deploying the less lethal</p>	<p style="text-align: right;">Page 104</p> <p>1 time with the Marines?</p> <p>2 A No.</p> <p>3 Q Did you ever face any protests in Afghanistan</p> <p>4 during your time with the Marines?</p> <p>5 A No.</p> <p>6 Q Who were you firing your weapon at mostly?</p> <p>7 A Enemies of the United States government and</p> <p>8 the Afghan government.</p> <p>9 Q Okay. I think enemy combatants would you</p> <p>10 say?</p> <p>11 A Yes.</p> <p>12 Q Okay. Did you ever have interactions, and</p> <p>13 what I'm really just getting at is experiences that are</p> <p>14 similar to crowd control while you were in Afghanistan?</p> <p>15 I mean not dealing -- because -- let me ask it to you</p> <p>16 this way.</p> <p>17 Enemy combatants and US soldiers aren't the</p> <p>18 only people in Afghanistan, correct?</p> <p>19 A Correct.</p> <p>20 Q Okay. So what I'm just asking is did you ever</p> <p>21 have any experience dealing with the civilian populace</p> <p>22 that came anywhere close to the ballpark of dealing with</p> <p>23 protesters or something of that nature?</p> <p>24 A No.</p> <p>25 Q Okay. Did you ever have or deploy less than</p>
<p style="text-align: right;">Page 103</p> <p>1 shotguns, and I think if my memory serves me correctly,</p> <p>2 before May 30th, 2020 you had never deployed the less</p> <p>3 than lethal shotgun in the line of duty, correct?</p> <p>4 A Correct.</p> <p>5 Q Any other discharge of firearms while in the</p> <p>6 line of duty as opposed to training at the City of</p> <p>7 Austin?</p> <p>8 A No.</p> <p>9 Q Okay. What about in your military service in</p> <p>10 the Marine Corps Reserve?</p> <p>11 A Yes.</p> <p>12 Q Okay. About how many times did you fire your</p> <p>13 gun in the Marine Corps Reserve?</p> <p>14 A A lot.</p> <p>15 Q Okay. Fair. And did you ever hit anyone?</p> <p>16 A I don't know.</p> <p>17 Q To your knowledge, did you ever kill anyone?</p> <p>18 A Not to my knowledge.</p> <p>19 Q Okay. But you had a lot of experience -- I</p> <p>20 don't want to put words in your mouth -- but you had a</p> <p>21 lot of experience firing your weapon as part of your</p> <p>22 service and your deployment with the Marine Corps</p> <p>23 Reserve?</p> <p>24 A Yes.</p> <p>25 Q Did you ever do any crowd control during your</p>	<p style="text-align: right;">Page 105</p> <p>1 lethal weapons during your time with the Marines?</p> <p>2 A No.</p> <p>3 Q Okay. Officer (audio unintelligible).</p> <p>4 A Say that again. You broke up.</p> <p>5 Q I'm sorry. Thank you for letting me know.</p> <p>6 Why did you become a police officer?</p> <p>7 A To serve, to save Austin.</p> <p>8 Q Okay. Well, you could serve the City of</p> <p>9 Austin as a social worker or a judge or a lawyer, why a</p> <p>10 police officer?</p> <p>11 A Because I thought it was the best way for me</p> <p>12 to serve the City of Austin.</p> <p>13 Q Okay. Why is that as opposed to another</p> <p>14 job?</p> <p>15 A You get that in law enforcement experience.</p> <p>16 I'm sorry, I had military experience.</p> <p>17 Q Okay. And I didn't ask you this when we were</p> <p>18 going through your background, but why Austin as opposed</p> <p>19 to Vermont or Massachusetts or Pennsylvania?</p> <p>20 A I heard that it was a good place to live.</p> <p>21 Q Okay. So you made the decision to move to</p> <p>22 Austin and then based on that you wanted to serve your</p> <p>23 community, you had experience in the military, so that's</p> <p>24 what gave you the choice or led you to the choice to be</p> <p>25 a police officer; did I sort of summarize it</p>

Page 106

1 correctly?
 2 A Yes.
 3 Q Okay. What do you enjoy about your job as a
 4 police officer?
 5 A I enjoy protecting innocent people.
 6 Q Okay. What do you not enjoy about your job as
 7 a police officer?
 8 MR. BARTON: Object to the form.
 9 THE WITNESS: The hours.
 10 Q (By Mr. Demik) I'm sorry?
 11 A The hours.
 12 Q The hours, right. Well, 16 hours, I don't
 13 envy you.
 14 And during this time there were exceptional
 15 hours, but are the hours difficult outside of the George
 16 Floyd protest window?
 17 A They can be and sometimes they're not.
 18 Q Okay. All right. Thank you for your
 19 patience. I appreciate it. My last question is always
 20 what I just consider a catch-all question.
 21 You know, do you believe there's anything I
 22 didn't ask you, anything you believe is important to the
 23 case, anything you would like the judge or jury or
 24 anyone else to know? I like to give you an opportunity.
 25 I've just been asking you questions, you've

Page 107

1 been gracious and cooperative enough to answer them, do
 2 you have anything that you think we should know or
 3 anything I forgot to ask about this incident?
 4 A No.
 5 MR. DEMIK: Okay. That's all I have, Monte,
 6 unless you have anything.
 7 MR. BARTON: No, I don't have any questions
 8 for the witness, but I do want to order the transcript,
 9 video, and I've been told to request the expedited
 10 transcript.
 11 THE REPORTER: Okay. Thank you.
 12 MR. DEMIK: All right.
 13 THE VIDEOGRAPHER: That concludes our
 14 deposition. The time is 4:35 p.m. We are off the video
 15 record.
 16 (Deposition concluded at 4:35 p.m.)

3 THE VIDEOGRAPHER: This begins media file
4 number one in the video deposition of Officer Benjamin
5 Lynch in the matter of Tyree Talley, et al. versus City
6 of Austin, et al. in the United States District Court
7 for the Western District of Texas, Austin Division.
8 Case number 121-CV-249-RP.
9 Today is Tuesday, July 18th, 2023, and the
10 time is 9:08 a.m. This deposition is being taken
11 remotely at the request of Hendler Flores Law, PLLC.
12 The Videographer is Nate Laningham with Magna
13 Legal Services and the Court Reporter is Rebecca Quinn.
14 Will counsel please state their appearances
15 and whom they represent.
16 MR. DEMIK: Stephen Demik on behalf of the
17 Plaintiffs from Hendler Flores Law.
18 MR. BARTON: Monte Barton on behalf of the
19 Defendants, City of Austin Law Department, City Hall.
20 THE VIDEOGRAPHER: You can go ahead whenever
21 you're ready, Madame Court Reporter.

1 BENJAMIN LYNCH,
2 having been duly sworn by the Certified Shorthand
3 Reporter to tell the truth, the whole truth, and nothing
4 but the truth, responded, "Yes," and testified as
5 follows:
6
7 MR. DEMIK: Thank you.
8
9 EXAMINATION BY MR. DEMIK
10
11 Q Good morning, Officer Lynch.
12 A Good morning.
13 Q Can you hear me okay?
14 A Yes.
15 Q Okay. If you can't hear me, if you just raise
16 your hand and -- on Friday I had some issues and then
17 yesterday it went better. So just flag your hand if you
18 can't hear me or if for any reason you can't hear what
19 I'm saying.
20 Does that work?
21 A Yes, sir.
22 Q Okay. So my name is Stephen Demik. I
23 represent the Plaintiffs in this case. I'm from Hendler
24 Flores Law.
25 Let me just sort of ask you have you ever been

Page 6

1 deposited before?
 2 A Yes, sir.
 3 Q Okay. So I've got to ask you sort of the
 4 routine questions at the beginning, so let me ask you
 5 those. You've probably been asked them before, but you
 6 understand that this is a deposition that we're taking
 7 that could be presented in lieu of courtroom testimony?
 8 A Yes, sir.
 9 Q And that means that the questions and answers
 10 may be recorded by video and presented to a judge or
 11 jury later in a courtroom?
 12 A Yes, sir.
 13 Q So it's important for you to be full, accurate
 14 and complete to the best of your abilities?
 15 A Yes, sir.
 16 Q Okay. Is there anything -- and I've never
 17 really understood this question, but we have to ask it,
 18 is there anything that would prevent you from giving
 19 full, accurate and truthful and complete testimony
 20 today?
 21 A No, sir.
 22 Q Okay. And you're represented by an attorney
 23 at the deposition today?
 24 A Monte Barton with the City of Austin, yes,
 25 sir.

Page 7

1 Q Okay. Okay. Now, let me ask you -- one
 2 second. Let me just get my notes organized, if you
 3 don't mind.
 4 Okay. Let me just sort of ask you a little
 5 bit about your background if that's all right, Officer.
 6 I'll try and flag things for you so you know what
 7 subject I'm asking about. I try not to jump around too
 8 much, but if at any point you need clarification to my
 9 question, you don't understand my question, please just
 10 ask. I'm happy to rephrase it, put it in a different
 11 way, but if I don't hear that from you, I'm just going
 12 to assume that you understood the question and you
 13 answered it to the best of your ability; is that fair?
 14 A Yes.
 15 Q Okay. Good. It seems like my audio is
 16 working pretty well today. So that's a good thing.
 17 How long have you been with the -- well, let
 18 me ask you, are you currently employed with the police
 19 department?
 20 A Yes, sir.
 21 Q Okay. And how long have you been with the
 22 Austin City Police Department?
 23 A Since 2009.
 24 Q Okay. And when did you go to the Academy and
 25 graduate?

Page 8

1 A I graduated in April of 2010.
 2 Q All right. Let me sort of go a little bit in
 3 the background, not too far, but before you went to the
 4 Academy, what's your background, sort of occupational,
 5 educational background before you went to the Academy in
 6 2009?
 7 A High school. Went to high school in
 8 Massachusetts where I grew up, I'm a graduate of Penn
 9 State University and moved here after graduation and
 10 started the Academy after a little bit of time in the
 11 construction world.
 12 Q Okay. How did you end up in Austin from
 13 Pennsylvania?
 14 A I visited here before and liked it, so I
 15 applied and was accepted into the Academy so I moved
 16 here.
 17 Q Okay. So high school and college in
 18 Pennsylvania sometime in --
 19 A Massachusetts, yeah.
 20 Q Massachusetts, I'm sorry. Then Pennsylvania?
 21 A Correct.
 22 Q Okay. And then a stint in construction and
 23 then the Academy in Texas?
 24 A Correct.
 25 Q Okay. How long did you work construction?

Page 9

1 Was that in the northeast or was that in Texas?
 2 A No, that was in Philadelphia.
 3 Q Okay.
 4 A It was almost a year.
 5 Q Okay. What kind of construction?
 6 A It was just like general jobs. We did like
 7 general contracting, just building small, small jobs,
 8 flooring, anything. Really anything. And then also
 9 like lawn maintenance.
 10 Q Okay. And it may seem like a weird question,
 11 but I do like to ask it, why did you become a police
 12 officer?
 13 A It runs in my family and, you know, I wanted
 14 to serve the community, help people out.
 15 Q How does it run in your family, father,
 16 grandfather?
 17 A My two uncles are police officers back in
 18 Massachusetts or were, they're both retired now, and
 19 then I had a great grandfather in one of the federal
 20 agencies.
 21 Q FBI?
 22 A I believe so.
 23 Q Interesting. Okay. What did you study in
 24 college?
 25 A Criminal justice.

Page 10

1 Q Okay. And was that in anticipation of
2 becoming a police officer or did you know yet at that
3 point?
4 A I didn't start with that, but when I decided
5 that I was going to try to go the police officer route,
6 I transitioned to that major and then graduated with
7 that degree.
8 Q Okay. And so that after construction, that
9 takes us to the Academy in 2000 -- and moving to Texas,
10 that takes us to the Academy in 2009?
11 A Correct.
12 Q Okay. After you graduated from the Academy,
13 excuse me, geez, 14 years ago, where were you first
14 positioned or stationed?
15 A I was first positioned in Baker Sector. So --
16 Q Center?
17 A Yeah, yeah. It's mostly centered around west
18 campus, but it also comprised of areas like Lamar up to
19 183, the -- parts of 360, 2222 and Burnet Road.
20 Q And was that as a patrol officer?
21 A Yes, sir.
22 Q Okay. And are you still there or did you move
23 after that?
24 A I was there for two years and then I worked
25 downtown for ten years.

Page 11

1 Q Okay. So you went from the Baker Sector to
2 downtown -- for about approximately two years, downtown
3 and you've been there ever since?
4 A In April of last year I promoted and I've been
5 violent crimes detective since the end of September of
6 last year.
7 Q Oh, congratulations.
8 A Thanks.
9 Q So that was last year. Okay. So most of what
10 we're going to talk about, Officer, just goes up to
11 2020, May 30th, 2020 specifically. There might be an
12 occasion that something after that becomes relevant, but
13 generally just to sort of help focus, you know, we're
14 only going to mostly go up to May of 2020 for purposes
15 of this case.
16 Let me ask you a question. Do you -- what's
17 your understanding of why you're being deposed today?
18 A I'm being deposed in a lawsuit that stemmed
19 from the protests around the end of May of 2020 and an
20 individual who had been impacted during the protest.
21 Q And generally what was your involvement, and
22 we'll just start really, you know, broadly what was your
23 involvement on May 30th, 2020?
24 A So like I said, I was assigned to downtown. I
25 had a regularly scheduled shift that day. We were asked

Page 12

1 to come in early, and so once my whole shift was there,
2 we grouped up and were given tasks to, you know, be in
3 certain areas at certain times for -- during the
4 protests for, you know, crowd control and, you know,
5 everything else that went on.
6 Q Okay. Let me ask you this. So let's sort of
7 center around that weekend. I believe May 30th was a
8 Saturday.
9 A I believe so.
10 Q Let's go a little bit earlier because I know
11 that the shifts somewhat fluctuated during this time
12 because of the protests. Fair?
13 A Fair, yes.
14 Q Yeah. So, you know, let's start a few days
15 before that. Were you working -- I forget what it's
16 called -- emergency shift or, you know, I was -- I
17 waited tables, we call them a double or triple or
18 something like that.
19 You know, during that week, what was your work
20 schedule like?
21 A I couldn't remember to be sure. Usually we
22 worked four 10-hour shifts. Like you said, we went into
23 like, you know, emergency, we call it Alpha Bravo, but I
24 don't remember exactly what day I started. I believe it
25 was after that weekend.

Page 13

1 Q Okay.
2 A And that day I was probably scheduled to work
3 at 5:00 or 6:00 o'clock in the evening as that would
4 have been a normal time on a weekend.
5 Q Was that your -- these four 10-hour shifts per
6 week --
7 A Correct.
8 Q -- was that your regular shift like
9 approximately 5:00 in the evening to what, 2:00 in the
10 morning or --
11 A It would have been -- yeah, 5:00 or 3:00 or
12 6:00 to 4:00.
13 Q Okay.
14 A Would have been a normal shift downtown on a
15 Saturday.
16 Q Okay. You said "Alpha Bravo." What does that
17 mean and what is that?
18 A Alpha Bravo is just -- it's a day split up
19 into two. So you -- there's a group of officers working
20 the A shift, which is the first 12 hours, and then a
21 group of officers working the B shift, which would be
22 the second twelve hours, which I think I started at 5:00
23 or 6:00 was the beginning. But like I said, that didn't
24 start until I think it was like possibly Monday
25 following that weekend.

Page 14

1 Q Okay. So bring it back to that weekend. On
2 Friday, if you recall the day before, you know, this
3 incident, do you recall what your shift was or what
4 hours you worked, approximately?
5 A It would have been the same, 6:00, 5:00 to
6 3:00 or 6:00 to 4:00.
7 Q Okay. 5:00 to 3:00 or 6:00 to 4:00. Okay.
8 And were you -- on Friday the day before, were your
9 hours extended in any way or did you just work your
10 regular shift?
11 A I don't believe so.
12 Q So just talking about hours still sticking on
13 this topic. On Saturday, May 30th, 2020 to your
14 recollection you were asked to come in a little bit
15 earlier?
16 A Yes, sir.
17 Q What does that look like? Do you get a call
18 or a page or --
19 A We get a page.
20 Q Okay. And so you get a page asking you to
21 come in earlier and I assume report to the downtown
22 police station?
23 A Yes, that's where I was stationed anyway.
24 Q Okay. So do you remember, and I know this is
25 at this point, you know, three years ago, but do you

Page 15

1 recall what time you got that page or notification?
2 A I do not recall.
3 Q Okay. Do you recall approximately what time
4 you came in to the police station?
5 A I don't recall. It would have been before my
6 regular scheduled shift. Sometime in that early
7 afternoon.
8 Q So walk me through a little bit what you
9 recall when you got there. So a little bit before your
10 shift, report to the downtown police station, what did
11 you do then?
12 A We showed up, you know, in uniform, met with
13 our shift with, you know, our supervisors, and then our
14 supervisors were given, you know, whatever our
15 assignment was and then we grouped up and, you know,
16 performed those tasks.
17 Q Okay. Is that -- is that like called a
18 briefing or something or is there some word for that or
19 is that just your normal course of business, you come
20 in --
21 A We usually call it show-up, but we have -- it
22 would be like normal course of business every day we do
23 that.
24 Q Show-up?
25 A Correct.

Page 16

1 Q Okay. I forgot to ask you a quick question,
2 so I'm going to just jump back for a quick question.
3 You said you had been deposed before. What
4 was the context of deposition that you gave -- well, how
5 many times have you been deposed before?
6 A Just once.
7 Q Okay. And what was the context of that
8 deposition?
9 A It was -- I was a responding officer to an
10 officer-involved shooting.
11 Q Okay. All right. And when was that,
12 approximately?
13 A Maybe 2019. When I was deposed or when the
14 event happened?
15 Q Both.
16 A I believe the incident was in 2019.
17 Q Okay.
18 A Around then. And then I was deposed I believe
19 it was maybe like a year -- a little over a year ago.
20 Maybe less.
21 Q Okay. All right. And was that a case an
22 officer-involved shooting that you were a witness, an
23 eye witness or --
24 A No, sir.
25 Q -- were you the subject of the lawsuit?

Page 17

1 A No, neither. I was a responding officer.
2 Q Okay. All right. So you were being deposed
3 as a witness to the shooting?
4 A No, sir. I was a responding officer after the
5 shooting.
6 Q Oh, okay. All right. Yeah, that makes sense.
7 Sorry, I just wanted to clarify.
8 Have you ever testified in court before?
9 A Yes, sir.
10 Q You probably do it a lot now as a detective
11 now I imagine?
12 A I actually haven't done it as a detective yet,
13 but as an officer, you know, DWIs is a common one that
14 way, and then, you know, certain other felony cases.
15 Q Okay. How many times do you think you
16 testified, ballpark?
17 A Just call it five to be safe.
18 Q Fair enough. Okay. Now, let me get back and
19 I'm going to switch gears again. I try and flag it for
20 you as much as I can, but I want to switch gears back to
21 Saturday, May 30th, 2020. You came in a little bit
22 early. Let me just ask you specific questions and then
23 ask you more generally.
24 Was there a crowd outside of the police
25 station when you showed up for your shift?

Page 18

1 A Yes, sir.

2 Q Okay. And how does that work? How do you get
 3 into the police station if there's crowds outside?

4 A I believe I had to go down Red River instead
 5 of the frontage road, and then we were allowed access to
 6 drive down Eighth Street into the exit gate, I believe,
 7 or into the garage across the street. I forget which
 8 one I parked in that day, but it was something like
 9 that.

10 Q Okay. And let me ask you this if you recall,
 11 was the crowd larger during the day than it was at night
 12 or was it the opposite, was it larger at night than it
 13 was during the day, if that question makes sense?

14 A I believe it was larger during the day.

15 Q Okay. And then sort of petered out towards
 16 the evening?

17 A Correct.

18 Q Okay. So you show up, and then what do you do
 19 now at the police station after you've parked your car
 20 and reported for your shift?

21 A Yeah. Like I said, we have that show-up
 22 meeting, we're getting our shift together -- excuse
 23 me -- and then the first thing we did is we were asked
 24 to go up on the 35 and stop people from walking onto the
 25 highway so that it could be kept open for traffic.

Page 19

1 Q Okay. Let's stop on the show-up meeting for a
 2 minute. What was discussed at the show-up meeting or
 3 what information was given to you at the show-up
 4 meeting?

5 A I couldn't tell you like for sure what exactly
 6 was said. Just like, hey, something to the effect of,
 7 you know -- I'm not even sure, sir. Just like how we're
 8 going to work that day, what we were going to do and
 9 then just get with this person to meet up and then
 10 you'll walk this way to the highway. Something to the
 11 effect of that.

12 Q Sure. And I'm not -- certainly not asking you
 13 to, you know, give verbatim or anything, I wouldn't
 14 expect anybody to remember that, but I guess I can maybe
 15 get more specific with my questions and you can tell me
 16 if you remember.

17 So at the show-up meeting, right, later -- so
 18 you cleared the overpass and then later you ended up in
 19 front of the police station, right?

20 A Yes. So I was there later in the day.

21 Q So here's what I -- what I want to know is if
 22 you remember at the show-up meeting did they say, hey,
 23 we're going to go to the overpass, we're going to clear
 24 it, we're going to clear the highway, and then we're
 25 going to come down and position in front of the police

Page 20

1 department or had that not developed yet?

2 Do you understand what I'm asking you?

3 A I do. I don't think it had developed yet. I
 4 think we were just taking it one at a time.

5 Q Right. One issue at a time?

6 A Correct.

7 Q And you at least remember being discussed that
 8 the first issue is that we're going to clear the
 9 highway?

10 A Yes, the first thing we do was went up onto
 11 the highway.

12 Q Okay. And so how does that work? Did you --
 13 why don't you walk me through it.

14 Did you check out a shotgun? As you do the
 15 show-up and then I imagine you get your equipment and
 16 then you go up to the highway, walk me through that.

17 A I did not check out a shotgun. I believe like
 18 our shift might have had one at the shift. Yeah, we had
 19 all our protective equipment just like helmets. You
 20 know, obviously, we all wear our normal uniform, and
 21 then, yeah, we just got in like a row and walked up -- I
 22 believe we walked through our -- the area of our shop
 23 there, that's on the north side of Eighth Street and
 24 then up through the grass onto the highway.

25 Q Okay. So how many officers about in this

Page 21

1 group?

2 A I think it was two shifts. So somewhere call
 3 it 15 to 20.

4 Q Okay. One shift is about seven or eight?

5 A Full would be 10, but I probably didn't have a
 6 full shift.

7 Q Okay. And so you -- you check out your
 8 equipment. Did you have one of these shotguns, less
 9 lethal shotguns at the time that you left the police
 10 station?

11 A No, sir.

12 Q Okay. So what did you have on you to clear
 13 the highway? You said you checked out your equipment.
 14 So just --

15 A I would have like a helmet with face shield
 16 and I believe I had like a baton that I -- that would
 17 have been mine anyway.

18 Q Okay. And in this -- these two shifts that
 19 leave the police station and go up to the highway, it's
 20 daytime now, right?

21 A Correct.

22 Q You were -- you had a baton to utilize to
 23 clear the highway?

24 A Yes.

25 Q And you say you believe there was one of these

<p style="text-align: right;">Page 22</p> <p>1 shotguns for that group that was going up to the 2 highway? 3 A Yes, sir. 4 Q Okay. What happens when you and your fellow 5 officers go to the -- walk up the sort of grassy 6 embankment onto the highway, what happened? 7 A I believe the first thing we did was we 8 crossed into the northbound side. We formed like a line 9 on the north side of Eighth Street to just stop people 10 from walking up and entering the highway. 11 Q Okay. People blocking the highway and you're 12 just preventing more from going up or had the highway 13 been cleared and you're preventing -- 14 A No, the highway stayed cleared at that time. 15 There were people on the service road, but we were just 16 more focused on keeping the highway open. 17 Q Okay. 18 A We were just -- we didn't even have to 19 disperse people. It was already clear. We were just up 20 there to make sure that it stayed clear. 21 Q Preventing further people from going up on the 22 highway and obstructing it? 23 A Correct. 24 Q Okay. And how long did you all do that? 25 We're staying on the issue of clearing the highway. How</p>	<p style="text-align: right;">Page 24</p> <p>1 percentage of capsaicin and can cause -- you know, when 2 it's dispersed, it can cause like irritation to the face 3 or eyes or whatever part of skin that it comes in 4 contact with for a temporary amount of time, and it's 5 just meant to, you know, not -- it's to disperse the 6 people that were doing that. 7 Q Now, is this one of those handheld canisters 8 that people have attached to their key chain, you know, 9 the small tin, or is this like a handheld grip that has 10 a trigger that has a can attached to it? 11 A We don't have any key chain size ones. I 12 believe I was using one of the larger ones that had the 13 MK9 that has a handle. I probably would have been using 14 one of those. 15 Q All right. And those can fire the pepper 16 spray out for some distance, right? 17 A Those are actually misters. So it does spray 18 it for a distance, but it's not a large distance. It's 19 probably, you know, 15 or 20 feet max. 20 Q Okay. And so how far this -- was it a crowd 21 that was throwing rocks or was it an individual? 22 A No. It was probably like three to five people 23 in one area. 24 Q And they were surrounded by other people or 25 were they just three to five?</p>
<p style="text-align: right;">Page 23</p> <p>1 long, approximately again, you know, hours or whatever, 2 how long did that take? 3 A One to two hours. 4 Q Okay. And during this chunk of time, right, 5 leaving the police station to we'll just call it block 6 off the highway, I know that's probably not technically 7 correct, but you understand what I'm talking about when 8 I say that? 9 A Yes. 10 Q Okay. Was there any -- did you engage in any 11 use of force during this first chunk? 12 A I believe when I was on the highway the only 13 use of force I used was OC spray. 14 Q Okay. And can you tell us about that? 15 A There was a group of people directly below me 16 throwing rocks at the officers, and we dispersed them 17 using OC spray so that they would stop throwing rocks. 18 Q Did it work? 19 A Yes, sir. 20 Q Okay. So how -- how did that work? OC spray, 21 somebody who doesn't know what that means or what that 22 entails, what does -- what does that look like? 23 A It's a canister. It's full of -- you know, 24 it's -- the general term would be pepper spray, but it's 25 OC sprays. It's a mist that contains a certain</p>	<p style="text-align: right;">Page 25</p> <p>1 A Where they were, if my memory serves me 2 correct, they were kind of like in their own little 3 group where they were doing it. It was like -- like I 4 was up on the bridge like I said north of Eighth Street 5 and they would have been like directly below us under 6 the bridge. Where like the part where it comes up and 7 meets the roadway on the north side of the bridge. 8 Q Okay. And were you -- this chunk of time, 9 we're still limited to this because we're going to move 10 to the police station later, but this chunk of time 11 blocking off the highway, were you hit by anything? 12 A Yes, sir. 13 Q Okay. Tell us about -- go ahead. 14 A Countless rocks, bottles, other objects. Like 15 I couldn't tell you exactly what they all were. Bricks 16 were thrown at us. Just all sorts of stuff. 17 Q Okay. And were you hit by all those? 18 A I was hit by bottles, I was hit by rocks. I 19 don't remember if I ever got hit by a brick, but larger 20 rocks for sure was probably the biggest thing I got 21 struck with. 22 Q Okay. And was the shotgun used at any point 23 during this chunk of time? 24 A By me or anyone, sir? 25 Q Anyone in the group, the two shifts?</p>

Page 26

1 A Honestly, I couldn't tell you if anyone in our
 2 two shifts fired it at that time. I know like I said, I
 3 know we had one, but I can't tell you if it was used.
 4 Q Sure. So in this blocking the highway period
 5 of time, what uses of force were used? Pepper spray was
 6 used, right?
 7 A Correct.
 8 Q And then batons, were those used to sort of
 9 hold people back or push them out of the way?
 10 A No. I don't -- I don't remember anyone
 11 actually trying to cross the guardrail onto the highway,
 12 so I don't believe they were utilized.
 13 Q Okay. Did you suffer any injuries from this
 14 period of time in which you're blocking off the
 15 highway?
 16 A Nothing major.
 17 Q So any bruises or injuries that would require
 18 medical attention?
 19 A Most likely I had some bruises, but I never
 20 got medical attention for that time.
 21 Q Okay. Okay. So at what point do you leave
 22 the highway or the -- you know, the ramp to the
 23 highway?
 24 A Like I said, it was one to two hours. We
 25 would have gotten replaced by someone else and then went

Page 27

1 back into -- inside the headquarters.
 2 Q And about what time is it now?
 3 A I'm not sure. Later in the afternoon.
 4 Q Still daylight out?
 5 A I believe so.
 6 Q Okay. So what happens now that you're back at
 7 the police station?
 8 A We took some time to cool off. It was hot.
 9 You know, turned some water and then just waited for the
 10 next, you know, task.
 11 Q Okay. And it's May in Austin, and it's pretty
 12 hot and you're wearing a lot of clothes, right?
 13 A Yes, sir.
 14 Q What else makes it hot?
 15 A That's about it. You know, it's late May in
 16 Austin, it's probably somewhere in the 90s. You know,
 17 we're all wearing vests that are super hot to begin
 18 with, and we're standing out on pavement for two plus --
 19 you know, one to two hours in the direct sunlight, so it
 20 was pretty hot.
 21 Q And you had those helmets on with the masks
 22 too, right?
 23 A Correct.
 24 Q And those masks aren't ventilated, they're
 25 like a glass mask over your head, right?

Page 28

1 A Plastic, yeah, but --
 2 Q Plastic, uh-huh. Yeah, that makes sense.
 3 Glass wouldn't be wise.
 4 Okay. So -- so you're back in the police
 5 station. At what point do you get your directions or
 6 orders for the next task?
 7 A Maybe like within the next hour.
 8 Q And what are those directions?
 9 A That we were going to swap out with a shift or
 10 team that was out on the front porch of the main.
 11 Q How long had they been out there?
 12 A I have no idea.
 13 Q Is that sort of something that happened on
 14 this day, this period of time that different shifts
 15 would swap out to give people a break for water, for
 16 rest, for sitting down, et cetera?
 17 A Yes.
 18 Q Okay. And so you were given the direction to
 19 relieve this shift that had been standing outside of the
 20 police department?
 21 A Yes.
 22 Q Okay. So at what point do you get a
 23 shotgun?
 24 A So like I said, I believe my shift or the
 25 group of officers at one, and we were just like pretty

Page 29

1 much like taking, you know, 20 or 30 minute shifts being
 2 the person to use the less lethal shotgun. I couldn't
 3 tell you exactly how many times, you know, it was my
 4 turn or anyone else, how many times anyone else used it,
 5 but that's kind of how our group functioned with that
 6 piece of equipment.
 7 Q Okay. So when you're at this point, which
 8 we've moved away from the blocking the highway,
 9 obviously we're in front of the police station, your
 10 shift has been called in to relieve another shift, at
 11 this point how many officers are in front of the police
 12 station, approximately?
 13 A Maybe 30 to 50.
 14 Q And is it light or dark at this point?
 15 A I believe the first time we went out there it
 16 was light.
 17 Q Okay. Did you go out there more than once?
 18 Did you go out, come back in, go back out again?
 19 A Yes.
 20 Q Okay. All right. So we're on the first --
 21 let's just call it the first shift. I don't want to get
 22 that term confused with the group of officers, number of
 23 officers, but how many shifts did you do standing in
 24 front of the police station?
 25 A I couldn't tell you for sure.

Page 30

1 Q Okay. Like more than 10 or --
 2 A No, I think we had spent longer than that. It
 3 was -- I -- maybe like three to five. Like, you know,
 4 45 minutes to an hour long shifts as you would term
 5 them.
 6 Q Sure. And then they would switch you out,
 7 give you some relief and then rotate it so officers have
 8 a chance to sit down, get water, use the restroom,
 9 whatever, I assume?
 10 A Correct. Yeah, eat dinner, you know,
 11 depending on the time of day or, you know, yeah.
 12 Q Okay. All right. So in the -- let me ask you
 13 this way because you said there's like three to five of
 14 these shifts in front of the police station.
 15 Did the number of shot -- how many shotguns
 16 approximately to your memory were -- were -- I want to
 17 say issued, but that's not the right word -- did the
 18 officers have in front of the police station?
 19 Approximate number is fine.
 20 A I have no idea to tell you the truth.
 21 Q But again, I'm going to ask you to do this,
 22 I'm really not trying to be rude, but maybe a bracket.
 23 Like more than five but less than 20, can you give me a
 24 bracket?
 25 A If there were 30 to 50 officers out there, I'd

Page 31

1 say there were looks like let's just -- because I'm not
 2 sure, I'll just say one per ten like our shift had, so
 3 maybe five at the most.
 4 Q Okay. All right. And that's fine, I
 5 understand that's an estimate, but the one shotgun per
 6 shift is a general rule. I know that that's not -- but
 7 is that sort of like a general ratio?
 8 A That's just what I'm using. Yeah, like I
 9 said, our group had one -- I believe they only had one.
 10 So I'd say if that holds true for the rest of the --
 11 like say there were 30 to 50 out there, then I'd say,
 12 you know, three to five on the porch at that time.
 13 Q In the three to five shifts that you did in
 14 front of the police station, were there officers at the
 15 overpass looking down on the crowd milling in front of
 16 the police station?
 17 A Yes, sir.
 18 Q For all the shifts or did they only show up
 19 for a period of time to your recollection?
 20 A I remember them being there later. I'm not
 21 sure if they were there the whole day or not.
 22 Q Sure. And so when the officers were
 23 positioned up on the overpass, you could see them,
 24 right?
 25 About how far is that from you if you're

Page 32

1 standing in front of the police station where you were,
 2 what's an approximate distance as the crow flies between
 3 there and the overpass?
 4 A Maybe like 100 feet.
 5 Q Sure. And I understand it's an estimation.
 6 But you had visual, I'm going to call it contact, but
 7 just, you know, you had visual, you know, I'll call that
 8 contact with the officers on the overpass, you could see
 9 them, right?
 10 A Yes, I could see them.
 11 Q Okay. And did you -- did you all know or were
 12 you aware that the officers on the overpass also had
 13 these shotguns?
 14 A I could see that they did, yes.
 15 Q Okay. Now, let me ask you a little bit about
 16 that. Is there any -- because there's three to five
 17 shifts, so you came in the station and you went out.
 18 And I obviously, you know, want to talk to you about how
 19 the shifts, where the acts happened, right. I don't
 20 know exactly which one that was, but let me ask it to
 21 you this way.
 22 Did anything -- was there any significant
 23 difference in those three to five shifts? And here's
 24 what I'm asking you. You know, was it one shift was
 25 totally different than the other shift or were they all

Page 33

1 pretty much the same?
 2 A They were all pretty much the same.
 3 Q Okay. And that just helps me because, you
 4 know, I don't know if things totally changed. Like one
 5 shift came out and nobody was out there and the other
 6 shift came out and there's 200 people out there, but is
 7 it safe to say that pretty much the crowd was out there
 8 for all these shifts and it was the same situation for
 9 this period of time more or less, right? I mean I --
 10 A Yeah. I mean kind of like you said earlier,
 11 the crowd dissipated into the night. So there would
 12 have been more people at the beginning of the shifts and
 13 less people at the later shifts.
 14 Q Okay.
 15 A Behaviorwise, you know, operationalwise I
 16 can't -- I couldn't differentiate like the first,
 17 second, third, fourth, how many ever times I was out
 18 there by like what happened. Like I know, just, you
 19 know, on the time of day and the size of the crowd
 20 maybe.
 21 Q Sure. I understand. So breaking it down and
 22 eliminating the highway block, which you utilized OC
 23 spray or pepper spray, right?
 24 A (Nods head up and down)
 25 Q Let's just take this block of time and say

Page 34

1 it's the guarding of the police station block, the three
2 to five shifts out there.
3 Let me ask you, how long did that last? What
4 time did you get off shift? What time did you get off
5 work?
6 A I believe we didn't leave until 6:00 the next
7 morning, but that wasn't all done at the main.
8 Q Oh, okay. Did you go to another location?
9 A There was some looting on Sixth Street, so
10 we had to go clear Sixth Street later in the evening,
11 like maybe like between midnight and 2:00 a.m.
12 Q Okay. And so you were dispatched to deal with
13 the Sixth Street stuff. Besides that, did you leave the
14 police station?
15 A No.
16 Q Okay. All right. So during this chunk of
17 time guarding the police station, so we're eliminating
18 the Sixth Street incident, we're eliminating the highway
19 operation, how many uses of force did you personally
20 have? Just for you, not other officers.
21 A I believe there was three.
22 Q What were those three uses of force?
23 A As I mentioned for OC spray the first time,
24 the second time was also OC spray, and then I used the
25 less lethal shotgun to impact one person.

Page 35

1 Q Okay. How many times did you fire the shotgun
2 in front of the police station?
3 A I fired it twice at one individual.
4 Q Besides those two, you know, deployments, I
5 think, deployment of the less lethal shotgun is what you
6 call it, besides those two deployments, did you deploy
7 the less than lethal besides that, besides those two?
8 A No.
9 Q Okay. Did you -- how long did you have this
10 shotgun? So was it just sort of passed between officer
11 and officer within your shift or was one person each
12 shift charged with holding it, what do you recall?
13 A I don't know how other shifts were, like I
14 don't know what their operation was, but within mine we
15 took turns between like the group of us. So I couldn't
16 tell you how many times like my turn came up, but like I
17 said, it probably would have been like -- maybe like 15
18 to 30 minutes for each person and then, you know, hand
19 it off to the next one.
20 Q Okay. And does everybody have the rounds on
21 them that were -- or do those just stay in the shotguns?
22 A No, they just stay in the shotgun.
23 Q Okay. Did you have any rounds in case you
24 needed to reload to your recollection?
25 A I had a couple. I couldn't tell you for sure.

Page 36

1 Q Okay. Do you recall ever having to reload
2 your shotgun?
3 A I don't recall. I'm sure I did after I fired
4 it, but other than that, I'm not sure.
5 Q Okay. I forgot to mention this, Officer,
6 really quick, as a quick aside, if you need a break,
7 again, just raise your hand and let us know. You know,
8 a restroom break or whatever, you're welcome to do that.
9 I don't want to force you to sit there if you need a
10 break. So you just let us know.
11 Let me go through the two OC sprays first
12 before we talk about the less lethal. Tell me about
13 the first OC spray use of force in front of the police
14 station?
15 A All right. Yeah, the first one was on the
16 highway, we talked about that one. The second one was I
17 was on the porch of the main. There was a group of I
18 believe it was like two or three girls, they started an
19 argument. I believe one of the girls was -- she wasn't
20 like -- she was trying to either calm stuff down or
21 wasn't liking what was going on, and then two other
22 girls didn't appreciate what she was saying and they
23 just started punching her in the face. So to break that
24 up I used OC spray.
25 Q Okay. How far was that from the line on the

Page 37

1 porch?
2 A Like just below us.
3 Q Okay. Like approximate distance?
4 A Like maybe three feet, three to five feet.
5 Q Oh, okay. So right in front of the porch?
6 A Yeah, right in front. Right in front of the
7 wall of the porch.
8 Q Okay. And that's the -- that's the area that
9 you call the front of the police station is referred to
10 as the porch?
11 A Yes.
12 Q All right. And now the porch has like a fence
13 around it?
14 A Yes, sir. It has about a ten-foot iron fence
15 around the whole thing.
16 Q But going back in time to May 30th of 2020
17 there was no fence around that area, right?
18 A Correct.
19 Q Okay. And that's I imagine part of the reason
20 why officers were forming a line there is to protect the
21 police station?
22 A Yes.
23 Q All right. Okay. What about the -- let's go
24 to the second use of force, OC spray.
25 A That was the second.

<p style="text-align: right;">Page 38</p> <p>1 Q Oh, that was the second?</p> <p>2 A Yeah.</p> <p>3 Q What was the first?</p> <p>4 A The first was on the highway.</p> <p>5 Q Oh, okay. All right. I understand. So if we</p> <p>6 limit ourselves to the porch, you had two uses of force,</p> <p>7 OC spray for the fight between the females and the</p> <p>8 firing of the shotgun?</p> <p>9 A Yes, sir.</p> <p>10 Q Okay. Any other uses of force on the porch</p> <p>11 that you recall?</p> <p>12 A Not that I recall, no.</p> <p>13 Q Okay. Let me ask you this. Are you -- do you</p> <p>14 still have the mask? I'll call it like the helmet and</p> <p>15 the mask. Did officers still have those when they were</p> <p>16 on the line on the porch?</p> <p>17 A Yes.</p> <p>18 Q All right. And when you fired the shotgun</p> <p>19 twice, did you have your mask on or did you have it</p> <p>20 lifted up?</p> <p>21 A I'm not sure.</p> <p>22 Q Okay. Did you witness other officers shoot</p> <p>23 their shotguns from the porch?</p> <p>24 A At the same time as me or any other time?</p> <p>25 Q Any other time during the time you were on the</p>	<p style="text-align: right;">Page 40</p> <p>1 them in these instances, but not these instances.</p> <p>2 That's what I'm asking.</p> <p>3 Was there any discussion or directive given?</p> <p>4 A You know, so they pretty much said, hey, you</p> <p>5 know, if people are throwing things at officers, you can</p> <p>6 -- you have the ability to use the less lethal shotguns</p> <p>7 or use of force or like other uses of force. That's</p> <p>8 pretty much what we were told.</p> <p>9 Q Okay. So if I kind of understand it</p> <p>10 correctly, you know, as a patrol officer in your</p> <p>11 position on May 30th, 2020, there's a certain level of</p> <p>12 directions that you're given. Go to the highway and</p> <p>13 block it, form a line on the porch, crowd control,</p> <p>14 things like that.</p> <p>15 Those are orders that you're given that you</p> <p>16 have to go to those positions and follow orders,</p> <p>17 right?</p> <p>18 A Sure.</p> <p>19 Q And with regards to the shotguns, there's like</p> <p>20 this -- you know, maybe I'm being too much of a lawyer,</p> <p>21 but there's this carve out for discretion.</p> <p>22 You as an officer if you have a less than</p> <p>23 lethal shotgun have the discretion to use it, you know,</p> <p>24 if you see agitators throwing things, et cetera,</p> <p>25 right?</p>
<p style="text-align: right;">Page 39</p> <p>1 porch?</p> <p>2 A Yes, I believe so.</p> <p>3 Q All right. Did those officers to your</p> <p>4 recollection have their mask down or their mask up?</p> <p>5 A (Shakes head from side to side) I don't know.</p> <p>6 Q Okay. Let me ask you a little bit about the</p> <p>7 directions that you were given when you first were sent</p> <p>8 out to the porch, so after the highway.</p> <p>9 What -- did you have like the equivalent of a</p> <p>10 show-up, did anybody sort of give you information when</p> <p>11 you go out there, this is what your directions are?</p> <p>12 A I'm sure we did. I couldn't tell you exactly</p> <p>13 what was said. We probably spoke of like how we're</p> <p>14 going to handle the less lethal shotgun and just like</p> <p>15 where we're going to stand, but I couldn't tell you for</p> <p>16 sure what was said.</p> <p>17 Q Okay. Do you recall anything that was said</p> <p>18 about the shotguns? Like you said how to handle the</p> <p>19 shotguns. What does that look like?</p> <p>20 A I don't recall. Could you rephrase? I'm not</p> <p>21 really sure what you're asking. How to handle it?</p> <p>22 Q Well, I mean I was just sort of following up.</p> <p>23 I mean were you given any directions on these</p> <p>24 shotguns? Like here's where you use them and don't use</p> <p>25 them under this scenario and you have authority to use</p>	<p style="text-align: right;">Page 41</p> <p>1 A Correct.</p> <p>2 Q In other words, you don't have to like turn to</p> <p>3 somebody and say, hey, can I fire, you have a certain</p> <p>4 level of discretion or the officer who has the shotgun</p> <p>5 has a level of discretion whether to fire or not?</p> <p>6 A Yes, sir.</p> <p>7 Q Okay. Was there any discussion to your</p> <p>8 recollection of when not to fire it? So did anybody say</p> <p>9 don't fire it if X, Y, Z?</p> <p>10 A Not that I remember.</p> <p>11 Q Okay. Let me switch gears a little bit and</p> <p>12 just talk about the shotguns and the training and</p> <p>13 certification and that piece of it.</p> <p>14 What training -- and again, Detective, sorry,</p> <p>15 I was calling you Officer, but I realized it's Detective</p> <p>16 now. May 30th, 2020 and prior, okay, so we're in that</p> <p>17 time zone, not afterwards, what training and</p> <p>18 certification did you have with regard to these</p> <p>19 shotguns?</p> <p>20 A Well, like all weapons we're trained within</p> <p>21 the Academy, and then every year we have a qualification</p> <p>22 with each less than lethal and lethal weapon that we</p> <p>23 have to partake in every year to be -- to stay current</p> <p>24 of a user of that weapon.</p> <p>25 Q And the annual certification is kind of like</p>

Page 42

1 an accuracy test, right? They have you fire at a
 2 target?
 3 A The less than lethal?
 4 Q Yes, sir.
 5 A Yes, sir. Yeah, you're given I believe it's
 6 four rounds, and you fire at like a -- I think it's
 7 given to them by the company. There's like a silhouette
 8 of the front of a body with the areas painted and the
 9 impact zones, like green, yellow, red, and then the back
 10 of a person with the same colors. And then you take two
 11 shots from I believe it's the -- it's either the 10 or
 12 the 20 mark, and then you take two shots from the five
 13 mark at the areas that would be acceptable from that
 14 range.
 15 Q Okay. And what, ten and five yards or feet?
 16 A No, yards, sir.
 17 Q Yards. Okay. So you fire the target every
 18 year for certification. You fire at the target from
 19 different distances in yards and you're tested for
 20 accuracy?
 21 A Yes.
 22 Q Okay. And what -- what distances are you
 23 trained are acceptable to fire at?
 24 So, for example, do you get a threshold where
 25 it's like -- I'm making up numbers because I don't know

Page 43

1 -- but over a 100 yards, don't fire it within a 100
 2 yards, that's your range?
 3 A I believe at that time the acceptable range
 4 was 5 to 25 yards. That was the recommended range.
 5 They can be used outside of that, but you need to like
 6 be more selective with, you know, the areas that you're
 7 targeting.
 8 Q Okay. All right. So to your recollection 5
 9 to 25 yards is the recommended distance. You can go
 10 past that, but you need to take special precautions if
 11 you go past that?
 12 A Yeah, and I think it's more that you need to
 13 take special precautions when you're closer.
 14 Q Okay.
 15 A Because obviously it's more, yeah, lethal at
 16 that range.
 17 Q Okay. Right. The closer the subject is to
 18 you that you hit with the bean bag rounds the more
 19 injury it could be the farther away -- go ahead.
 20 A Well, energy -- the closer you are to like
 21 anything, the more energy it has. So as that
 22 dissipates, then obviously the range -- the part of the
 23 body you hit is more acceptable because it has less
 24 energy at the time. So you want to be more selective
 25 closer to the person because the chance of injury is

Page 44

1 higher in that sensitive area.
 2 Q The impact would be harder --
 3 A Correct.
 4 Q -- more or less like? So we can sort of focus
 5 in -- well, let me ask you this. So that's the
 6 certification process, you do that once a year.
 7 How is that -- how is that graded? Is it
 8 pass/fail? What constitutes a pass and what constitutes
 9 a fail on the annual certification?
 10 A It is pass/fail, and I believe the pass/fail
 11 is just targeting in the right area for that distance
 12 that you're shooting at.
 13 Q Okay. Now, besides the certification, which
 14 is the annual test, right, and we're going from I think
 15 the Academy for you in 2009 to May 30th, 2020, what
 16 training do you receive? So besides the annual
 17 certification, what training do you receive on the
 18 shotguns?
 19 A I believe that's it, sir.
 20 Q Okay. So you're trained on how to use them in
 21 the Academy, and then after you graduate the Academy,
 22 you're on the police force, once a year you do the
 23 certification, the accuracy test to stay current and
 24 certified?
 25 A Correct.

Page 45

1 Q Okay. Any further training after the Academy
 2 between 2009 and 2020 that you recall?
 3 A Not that I recall.
 4 Q Okay. So let me ask you about your use of
 5 weapons prior to. So we're cutting it off again at May
 6 30th, 2020 and before, let's include May 20th (sic),
 7 2020, so you've displayed the not less than lethal two
 8 times on May 30th, 2020, right?
 9 A Correct.
 10 Q Okay. So before that, right, from the Academy
 11 on, how many times approximately had you shot the less
 12 than lethal shotgun?
 13 A Other than in the qualifications?
 14 Q Yeah. Let's take the qualifications out
 15 of it, let's use real-life scenarios.
 16 A Zero.
 17 Q Oh. So from 2009 to 2020 you had never used
 18 the less than lethal or fired the less than lethal on
 19 duty?
 20 A No, sir.
 21 Q Why is that? That seems unusual to me.
 22 That's a big chunk of time.
 23 A I just haven't had the -- I've utilized it,
 24 but like just by its presence I guess I've gained
 25 compliance, but never actually fired it at someone.

Page 46

1 Q Oh, okay. And what you mean I think, if I can
2 unpack that, you correct me if I'm wrong, is that
3 sometimes you show it to the individual who's not
4 complying and them knowing that you might use it they
5 gain compliance, they start cooperating?
6 A Correct.
7 Q Okay. But you had never had to shoot it at
8 somebody between '09 and May 2020?
9 A Correct.
10 Q How often did you even get one, right?
11 Because these shotguns are sort of checked out, right,
12 by -- from the police station?
13 A Yes.
14 Q And did you -- let me ask you that. On May
15 30th, 2020, did you check it out or did some other
16 officer check it out and then you guys just shared it
17 and passed it around to give people breaks?
18 A I don't believe I checked it out. I believe
19 someone else, maybe a supervisor, maybe it was another
20 officer, I'm not sure. But like I said, we had one for
21 like our shift. I couldn't tell you who checked it out.
22 It wasn't -- I don't believe I -- it was me.
23 Q Sure. That makes sense. So in this 2009 to
24 2020 range that I'm asking you about, how often would
25 you have one? How often would you, you know, have a

Page 47

1 less lethal shotgun at your disposal, at your use?
2 Is it something you took out every patrol, is
3 it something that, you know, you would only go and check
4 out if you wanted to go check out? Why don't you
5 explain that to us.
6 A I definitely don't take it out every patrol,
7 but I usually carry it fairly often while -- when I was
8 on patrol.
9 Q Okay. So let's sort of -- let's discuss
10 firearms, right. We're not talking about the shotguns,
11 the less lethal shotguns. We're talking about firearms.
12 How many times have you discharged your
13 firearm in the line of duty?
14 A Zero.
15 Q Okay. Now, excepting -- taking out the
16 Academy and certifications and things like that, you've
17 never fired your service weapon in the line of duty?
18 A That's correct.
19 Q Okay. So if I understand you correctly, on
20 May 30th, 2020 was the first time that you had fired a
21 weapon, and now I'm going to include service weapon and
22 shotgun, even though, you know, we're talking about the
23 shotgun. May 30th, 2020 was the first time in the line
24 of duty that you had fired a weapon?
25 A Yes.

Page 48

1 Q Okay. Okay. All right. I want to switch
2 gears on you and ask you about a car.
3 Do you recall a car coming down that
4 intersection and driving into the crowd?
5 A If my memory serves me correct, there were
6 several at different points of the day that did.
7 Q Okay. And what happened -- how many cars,
8 again, and ask you like more than five?
9 A I don't know. Maybe five at most.
10 Q Okay.
11 A There was, yeah, there was cars. There was a
12 van that came down at one point. But yeah, there were
13 several times where vehicles made its way into the crowd
14 for whatever reason.
15 Q Right. And one of those times officers from
16 the line on the porch came out and removed the driver
17 from the vehicle, right?
18 A Sure. I never participated in that.
19 Q Okay. Did you ever witness officers leave the
20 line on the porch and go into the crowd for any
21 reason?
22 A Yes.
23 Q Okay. What were those?
24 A One time -- one time was to administer aid to
25 someone who was injured, one time someone had lit a car

Page 49

1 on fire under the overpass so they were providing
2 security for AFD. I believe -- I remember escorting a
3 vehicle, not myself, but being down there, but I think
4 that was the next day. I don't think that was the 30th.
5 Q Okay.
6 A So on the actual 30th, those are probably the
7 only two times I remember officers going down into the
8 crowd were those two.
9 Q Okay. At any point do you recall the shotguns
10 being fired at someone who was driving a vehicle?
11 A No.
12 Q Were you or any other officers aware on May
13 20th (sic), 2020, right, going back in time, when you're
14 on your shift that Saturday, were you aware of other
15 incidents in other cities?
16 And here's what I mean by that. I mean the
17 police station being torched in Minneapolis, the police
18 station in El Paso being vandalized, were you aware of
19 that on May 20th -- May 30th, 2020?
20 A I'm aware of it. I couldn't tell you when I
21 became aware of it. At some point.
22 Q Sure. Is it safe to say that, you know,
23 because you're on the line on the porch of the police
24 department, right, the downtown police station, that
25 that sort of heightened officers' readiness?

Page 50

1 A Yes.

2 Q And I know that's a broad term, I appreciate

3 you're answering it, and I want to be fair to you and

4 not try and, you know, say something else, but in other

5 words, you know, this crowd being in front of the police

6 station made it a significant situation because that

7 presents a dangerous situation if people were to enter

8 the police department, right?

9 A Yes.

10 Q There's weapons in there, there's documents in

11 there, that would be a catastrophic situation, right?

12 A Yes.

13 Q Okay. Do you -- I think you already answered

14 this, it's just a question I ask, you don't have any

15 military experience, do you?

16 A No, sir.

17 Q Okay. All right. Let me -- actually, you

18 know what, could we take a -- for myself could we take

19 just a quick four-minute break? I've got 9:11 Mountain,

20 10:11 Central, could we go to 10:15?

21 MR. BARTON: Sure. Yeah.

22 MR. DEMIK: Okay.

23 Is that alright, Officer, we'll take a

24 four-minute break?

25 THE WITNESS: Yes.

Page 51

1 THE VIDEOGRAPHER: We're off the video record.

2 The time is 10:11 a.m.

3 (Break taken)

4 THE VIDEOGRAPHER: We are back on the video

5 record. The time is 10:16 a.m.

6 Q (By Mr. Demik) Okay, Detective, let me ask

7 you about just in general the protests.

8 So on May 30th, 2020, we've been talking about

9 that, but I want to sort of shift gears before that, had

10 you had during this time period of time, and I'll, you

11 know, call it May 2020, had you worked shifts where

12 protests happen?

13 A Prior to or at any point or --

14 Q Prior to?

15 A I wouldn't say -- I'd probably say that's --

16 this is the -- not the only one. This period of time

17 was the only time I've worked an actual protest.

18 Have I worked events with other large

19 gatherings, yes.

20 Q Okay. So prior to May 30th, 2020, right, in

21 front of the police station on the porch, had you ever

22 had experience dealing with this type of crowd, this

23 type of protest?

24 A No.

25 Q Okay. And what about that week, right, I

Page 52

1 believe the George Floyd death happened, you know,

2 several days before, had you been on shifts or been on

3 crowd control at all that week?

4 A I don't think there was any crowd before

5 Saturday.

6 Q Okay. So on May 30th, 2020, this is the first

7 time that you're showing up for duty for an active

8 protest happening in front of the police station?

9 A Yes.

10 Q Or an active protest, you know, happening in

11 the city of Austin?

12 A Of this type, yes. I mean there's been other

13 like -- there's been marches, and I was here when --

14 what's it called? They're doing the whole Wall Street

15 thing out here in front of the City Hall for like months

16 on end, but an actual protest where, you know, there was

17 like violence, this is the only one I can -- that comes

18 to mind.

19 Q And what training or experience did you rely

20 on, and I know that's a broad term, I mean it to be

21 broad because I want to give you latitude to answer

22 whatever you had, but May 30th, 2020, showing up for a

23 protest that you said was violent, right, what training

24 had you been given did you rely on in dealing with it on

25 May 30th, 2020?

Page 53

1 A Going to the Academy we had a day or two of

2 doing like crowd stuff. I was also a member of BPOT,

3 and although we didn't utilize our bicycles at this

4 point, we did on later days during the same, you know,

5 event, but that has a lot -- that's all like crowd

6 control. So that would probably be the most relevant

7 training I had to deal with, you know, protests because

8 that's what BPOT's all about.

9 Q Okay. Let me ask you, what is "BPOT"? I

10 don't know what it is.

11 A It stands for Bicycle Public Order Team. It

12 was created in -- I believe it was somewhere in Canada,

13 Calgary, I believe. So it's pretty much using bicycles

14 to support and deal with large crowds.

15 Q And what period of time were you on this BPOT

16 team?

17 A Everyone who works downtown is trained on

18 that. It wasn't implemented in 2012 when I went

19 downtown, but probably sometime in the mid-2010s it was.

20 So for several years I've been a member, trained on

21 that, you know, technique.

22 Q Okay. And that's a technique dealing with

23 bicycles or what is that technique?

24 A Yeah. So using police bicycles to deal with

25 it, deal with crowds.

Page 54

1 Q Okay. And there were no bicycles on May 30th,
2 2020, right?

3 A There were -- there were some, but they were
4 just -- they were using them to block the steps to the
5 main.

6 Q Okay.

7 A Because like back then there was no fence or
8 no anything. So they were just using them to like limit
9 access, but that wasn't part of my shift's like duties
10 or tasks.

11 Q Okay. So if I understand you correctly, May
12 30th, 2020, besides BPOT, the Bicycle Patrol -- I
13 forgot, what's the acronym, Bicycle Patrol --

14 A It's Bicycle Public Order Team. Something
15 like that.

16 Q The Bicycle Public Order Team. Besides the
17 Bicycle Public Order Team in May 30th, 2020, you relied
18 on your training at the Academy?

19 A Yeah. Besides the BPOT, yeah. Yes, sir.

20 Q Okay. And going into May 30th, 2020, did you
21 understand what the protests generally were about?

22 A Generally, yes.

23 Q And can you articulate that in your own
24 words?

25 A George Floyd was killed in Minneapolis and

Page 55

1 people across the country were -- felt the need to
2 attack police around the country for it.

3 Q Did you have any personal opinions or beliefs
4 on that issue prior to and during May 30th, 2020?

5 MR. BARTON: Object to the form. You can go
6 ahead and answer.

7 THE WITNESS: I honestly didn't know too much
8 about it at that time.

9 Q (By Mr. Demik) You didn't know too much about
10 the George Floyd death?

11 A No.

12 Q All right. Did you -- were you watching the
13 news at the time?

14 A Probably not.

15 Q Okay. Do you watch the news around this time,
16 May 2020?

17 A No.

18 Q It's probably healthier for you.

19 A Probably.

20 Q Why don't you watch any news?

21 A It's just a lot of times I don't think it's
22 accurate. It's just -- I mean the news, they're all --
23 they're businesses too. They're just trying to make
24 their money. A lot of times it's sensationalized, a lot
25 of times they're not telling the whole truth.

Page 56

1 I just choose to spend my time doing other
2 things. To be honest, I just -- it's not entertaining
3 to me.

4 Q Sure. So going into May 30th, 2020, if you
5 weren't watching the news, where were you getting
6 information on the issue?

7 I'm just going to call it "the issue."

8 A Probably from coworkers.

9 Q From coworkers?

10 A Yeah. I'm not -- I'm not even big on my
11 social media or anything like that, so I wouldn't even
12 know. Like I don't even remember. I couldn't tell you
13 the first time I saw the video. It was probably around
14 that time.

15 I know it had been on for -- I know it was
16 like earlier in that week or maybe even the weekend
17 prior. I forget when exactly it happened, but I don't
18 even remember the first time I saw it. I don't think it
19 was -- probably around the weekend that we're talking
20 about, the 30th, the 31st.

21 Q Okay. Do you recall what circumstances you
22 viewed it? Was it you going online, was it somebody
23 saying, hey, watch this, what was it?

24 A Honestly I have no idea.

25 Q Okay. All right. Let me ask you about the

Page 57

1 overpass. I want to ask you, switch gears here and ask
2 you about the sort of interactions between the officers
3 on the overpass to your knowledge and the officers on
4 the porch as we're calling them. Fair?

5 A Uh-huh.

6 Q Okay. So did you witness officers on the
7 overpass fire shotguns into the crowd?

8 A Yes. I saw officers fire at individuals, yes.

9 Q And was there any communication between the
10 officers on the overpass and the officers on the
11 porch?

12 A Other than being on the same radio, there
13 wouldn't have been any like direct communications
14 between us, no.

15 Q Okay. And what kind of information was
16 passing on the radio?

17 A I couldn't tell you.

18 Q Was there information being given to the
19 officers on the overpass of what was happening
20 underneath them, beneath the overpass?

21 A I'm not sure.

22 Q Okay. You're not aware of that?

23 A I'm not aware, and I can't remember what was
24 said on the radio, no.

25 Q Okay. Were you on the radio? Do you remember

Page 58

1 saying anything on the radio?
 2 A No, I don't remember ever saying anything.
 3 Q Okay. Do you know if officers on the overpass
 4 were using flashlights or other illumination techniques
 5 to focus on people below?
 6 A That was mentioned to me earlier. I didn't
 7 have any independent recollection of that up until then,
 8 but I do remember people at night using flashlights just
 9 so like pointing people out in the -- on the -- in the
 10 street.
 11 Q Okay. Was there any kind of coordination
 12 between the officers on the porch and the officers on
 13 the overpass?
 14 A No.
 15 Q Okay. Let me ask you about -- well, let me
 16 ask you this. The officers on the porch, were they
 17 using any flashlights or illumination devices?
 18 A Not that I remember.
 19 Q Okay. And I guess I said "illumination
 20 devices" because I don't know if there's like a
 21 spotlight or something else.
 22 What other means do they have at the police
 23 station?
 24 A There's no spotlights. At that time it was
 25 poorly lit. Just if anyone was shining anything, it's

Page 59

1 sort of a normal flashlight.
 2 Q Okay. So let's talk about that. It was
 3 poorly lit in front of the police station.
 4 A No. The porch of the police station, what --
 5 Q The porch to the police station at this time,
 6 May 30th, 2020 was poorly lit in front of the porch?
 7 A The actual porch would have been poorly lit.
 8 There's streetlights that illuminate the street, but at
 9 that time there was -- the light, it was pretty dim up
 10 there. Since they've installed like very bright lights
 11 up there, but then they weren't up there.
 12 Q Okay. On May 30th, 2020 they weren't up
 13 there?
 14 A That's correct.
 15 Q And so the porch area is dimly lit?
 16 A Yes.
 17 Q The street is lit by the streetlights?
 18 A Correct.
 19 Q Okay. When you fired your shotgun the two
 20 times on the porch, do you remember the individual that
 21 you -- that you impacted?
 22 A I mean I don't know who it was, but I remember
 23 the -- like the purpose I guess you would say.
 24 Q Okay. Sure. Can you walk us through that?
 25 A So yes. I saw a male, he was somewhere like

Page 60

1 on east -- on Eighth Street, east of the service road.
 2 I believed I saw him light something in his hand and
 3 then walked, walked westbound towards the intersection
 4 and then started to attempt to throw whatever he had lit
 5 in his hand.
 6 Q Okay. Did you -- did you -- did he throw
 7 it?
 8 A Yes. He was able to throw the -- I called it
 9 like a -- some sort of incendiary device, but it landed
 10 somewhere like on Eighth Street north of where we were
 11 standing.
 12 Q Okay.
 13 A And then dispersed its -- whatever it had,
 14 smoke or whatever it was.
 15 Q Okay. Let me break that down a little bit.
 16 So did you observe this individual before he
 17 threw something or he threw it and then you --
 18 A No. It was -- it was -- so I saw him light
 19 it, and then as he like was in his throwing motion, I
 20 struck him twice.
 21 Q And how far away was he from you at that
 22 point?
 23 A Um, maybe like -- I'm not sure. Call it maybe
 24 40 to 50 feet. I'm not a hundred percent sure.
 25 Q That's fine. And so when you shot him, did --

Page 61

1 had he already thrown the --
 2 A Like I said, he was in his like throwing
 3 motion.
 4 Q Okay.
 5 A Like -- thinking like a pitcher, they have
 6 like a windup where, you know, they bring the ball like
 7 up and, you know, execute their throw over their
 8 shoulder. So it would have been in that motion.
 9 Q Okay.
 10 A So I would assume the intended target was
 11 where we were standing, but he missed assuming because
 12 he was impacted.
 13 Q Okay. And where -- when you say "incendiary
 14 device," was this a firework, a smoke bomb?
 15 A That's -- I didn't examine it after, but it
 16 caused smoke so I'm guessing it was some sort of -- just
 17 from what it looked like, I guess I would assume that it
 18 had to have been some sort of firework. I'm not sure
 19 what exactly it was but --.
 20 Q And where did the firework go?
 21 A It landed like I said like just north of the
 22 porch on Eighth Street.
 23 Q Okay. And so you remember him in a windup to
 24 throw it, you shot him, what happened then to him in
 25 your line of sight?

Page 62

1 A If I remember correctly, he like turned around
2 and went eastbound.
3 Q So he ran eastbound away from the porch?
4 A I believe so, yes.
5 Q Okay. What was this individual wearing?
6 A I don't remember.
7 Q Can you identify him by any article of
8 clothing or other distinguishing factor?
9 A No, I couldn't.
10 Q And that's the only individual that you shot
11 the less than lethal shotgun and hit? No, no, that you
12 -- those are the only two times you shot the shotgun?
13 A Correct.
14 Q Did anyone assist the individual after you hit
15 him?
16 A I don't believe so.
17 Q Did any other -- to your knowledge, did any
18 other officers shoot the same individual?
19 A I believe the -- some officers on the overpass
20 did, but I'm not sure how many or like who struck him
21 obviously. I never talked to the guy. So --.
22 Q Oh, to the individual that you hit?
23 A Right.
24 Q Did you talk to the officers on the
25 overpass?

Page 63

1 A No.
2 Q So this -- did you witness any other instances
3 where officers on the porch shot somebody and officers
4 from the overpass shot somebody?
5 A No, not to my -- like just -- I don't recall
6 right this second. I couldn't tell you for sure.
7 Q Well, officers from the overpass were firing
8 at people in the crowd, right?
9 A People on the street, yes, they were.
10 Q Okay. And officers on the porch obviously
11 were shooting individuals in the crowd, right?
12 A Correct, but I couldn't tell you if that was
13 the same time or not.
14 Q Okay. Was there any discussion by any officer
15 at the time, and I -- again, I'm making it a broad
16 question because, you know, I want to be thorough, did
17 you participate in, witness, overhear any conversation
18 by any officers, supervisors, anybody with the police
19 force over a notion of crossfire between the porch and
20 the overpass?
21 A Crossfire would be when you are shooting in
22 opposite directions at each other, so that wouldn't have
23 been an issue.
24 Q Maybe I used that term incorrectly. What
25 would you call that where you had two lines?

Page 64

1 Let's say you had a 90-degree angle, I know this is a
2 hypothetical, I'm going away from May 30th, 2020, but
3 let's say you had an angle and officers or -- yeah,
4 officers were shooting at the same individual from
5 different angles, what do you call that?
6 A That's standard practice. You usually try to
7 hit different angles, and that's the most safe. Like
8 when you were saying there the L, because you're not in
9 a crossfire situation.
10 Q It's also probably safer for officers if
11 you're at different levels?
12 A Right. Yeah, that's like a different --
13 that's a whole different thing.
14 Q Sure. So that's sort of what I'm asking is
15 that topic, and I know that -- I know that's super
16 general, but that topic of like, hey, these officers are
17 going to be on the overpass shooting at this angle with
18 this field of vision or field of -- what do you call it,
19 range?
20 A Field.
21 Q And the officers here at the police station
22 are firing from this range and this vantage point, did
23 you ever witness, overhear, participate in or have any
24 knowledge of any conversation about that within the
25 police on May 30th, 2020?

Page 65

1 A No.
2 Q So nobody brought that up to your knowledge on
3 May 30th, 2020 before or during?
4 A Not to my knowledge, no.
5 Q Were you or any other officers
6 to your knowledge -- because I can't ask you what was in
7 somebody else's mind of course, right, but, you know, if
8 I'm in a room and another person's in a room and I
9 overhear somebody telling them something, I can say they
10 probably knew about it because I witnessed that. Sorry
11 for the detour. But were you aware personally or aware
12 of any other officers having knowledge that there were
13 deaf individuals in this crowd of people?
14 A How would you know?
15 Q Right. Was there ever a discussion that there
16 might be deaf people in this group of people?
17 A Never a discussion of deaf people. I don't
18 know. How would you know?
19 Q Sure. And "group of people," I mean the group
20 of protesters that are milling around the front of the
21 police station to be clear, to clarify. Fair?
22 A Fair. Yeah, no, there was no conversations
23 like that.
24 Q Okay. There was never a conversation about
25 the possibility that some of these people might be deaf?

Page 66

1 A Not that I took part in.
 2 Q Okay. Or overheard?
 3 A Correct.
 4 Q Okay. Can you just give me one second, I
 5 think I'm done, but I just want to check my notes to be
 6 sure. Okay. All right. I do have another sort of
 7 topic to ask you about.
 8 So in the firing of the shotguns, right, you
 9 made that decision on May 30th, 2020 based on what you
 10 observed?
 11 A Correct, yes.
 12 Q And so the only time that you fired the
 13 shotgun was when you observed an individual throwing or
 14 beginning to throw an object?
 15 A Yes.
 16 Q All right. Was there any other point that
 17 officers sort of directed fire at an individual? And
 18 what I mean is this. Were you present or overhear any
 19 instance where one officer sort of highlighted an
 20 individual to another officer?
 21 A I mean like my supervisor is standing next to
 22 me just like kind of watching, keeping eyes out for me.
 23 I can't -- I'm guessing he was doing that for other
 24 people, but there was never a time where anyone was
 25 like, hey, impact that person or anything like that,

Page 67

1 heap force on that person. It was nothing like that.
 2 It would always be individual discretion.
 3 Q So you don't recall officers directing, and
 4 I'm trying to find a better word for that, but I think
 5 you know what I mean, directing another officer, hey,
 6 hit that guy or, hey, shoot that guy?
 7 A I mean even if they did do that, they don't --
 8 it's not like they have to follow that request.
 9 Q But what do you do? I can't ask you about
 10 other officers because you can't answer for them, but
 11 you personally, right, at the time, and I know you've
 12 moved on to detective, but at the time of a patrol
 13 officer, May 30th, 2020, did you hear -- if you hear
 14 another officer say, hey, impact that guy, what do you
 15 do?
 16 A If they were asking me or telling someone
 17 else?
 18 Q Saying it to you.
 19 A No. I'd say like, okay, I'll, you know, I'll
 20 just make my own determination.
 21 Q Okay.
 22 A I've never -- I mean that's like as we
 23 mentioned, that's the only time I've ever impacted
 24 someone, and I did it on my own, you know, accord.
 25 So -- and my own decision-making. So I haven't ever

Page 68

1 fired on anyone after someone told me to, obviously.
 2 Q Have you ever been in a situation May 30th,
 3 2020 and prior, not after, you know, again sort of our
 4 timeline, were you ever in a situation where another
 5 officer did that? Said, hey, impact this person and
 6 obviously you didn't because the only time that you
 7 fired the shotgun was on May 30th, 2020.
 8 Before that or on that date, have you ever
 9 been in a situation where another officer said, hey,
 10 impact that person and you didn't do it?
 11 A I don't think so.
 12 Q Okay. Do you receive any training on what to
 13 do or show-ups or information on what to do in that type
 14 of scenario?
 15 A I don't think that's all that common, so no.
 16 I don't know why someone would be telling someone to
 17 impact anyone on someone else's behalf.
 18 Q I'm sorry, I missed the first part of that
 19 answer.
 20 A I don't know why someone would be -- an
 21 officer would be directing another officer to impact
 22 someone.
 23 Q Okay. I think that's all I have, Detective.
 24 I always end here, and I just ask you, you know, I've
 25 been asking the questions and you've been answering

Page 69

1 them, thank you for your time and attention and
 2 thank you for answering my questions, but I like to give
 3 you an opportunity if there's anything that you think is
 4 important or anything that you think we should know
 5 about this case, this incident on May 30th, 2020. So I
 6 really -- it's like a catch-all question, I just give
 7 you an opportunity if there's anything that I didn't ask
 8 you about or something that you think is important to
 9 give you an opportunity to say it.
 10 Was there anything like that here?
 11 A I don't believe so.
 12 Q I don't have any further questions. I don't
 13 know if Monte does, but thank you for your time. I
 14 appreciate it. I know it probably takes a chunk out of
 15 your day, so I appreciate it, Detective, and I wish you
 16 the best.
 17 A Appreciate it.
 18 MR. BARTON: Okay. I don't have any questions
 19 for the witness, but I do want to exercise the option to
 20 read and sign, and then I would like to order copies of
 21 the transcript and the video. And I've been told to
 22 request the expedited transcript.
 23 THE REPORTER: Do you have a date you need it?
 24 MR. BARTON: I think by the end of the month,
 25 but maybe the week before the end of the month. I don't

Benjamin Lynch

v.

CIVIL ACTION NO. 1:21-cv-01087-RP

CITY OF AUSTIN AND JOHN DOES,
Defendants.

DECLARATION OF ROBIN HENDERSON

**STATE OF TEXAS
COUNTY OF TRAVIS**

I, Robin Henderson, pursuant to 28 U.S.C. 1746, do hereby declare based on my own personal knowledge as follows:

1. My name is Robin Henderson, I am over the age of eighteen years, and I am authorized to make this declaration in support of Defendant City of Austin’s Motion for Summary Judgment. I have never been convicted of a crime and am competent to make this affidavit. I am personally acquainted with the facts herein stated which are true.

2. I am currently employed as the Chief of Staff for the City of Austin Police Department (APD). I have been the Chief of Staff for APD since December, 2021. I am a certified Texas law enforcement officer. Overall, I have been a professional law enforcement officer with APD since 1997. Prior to becoming Chief of Staff, I held numerous patrol, investigative, supervisory, and management positions with the Austin Police Department.

3. As the Chief of Staff, I assist the Chief of Police in managing the personnel, budget, and police operations for APD. The Chief of Police has final responsibility for setting the operational policies (“APD Policies”), hiring standards, and training standards for APD. I also have personal knowledge of how APD (and the City of Austin) investigates complaints against

officers and of the discipline of sworn APD officers. The Chief of Police has final authority over internal affairs investigations and police officer discipline, subject to State of Texas Civil Service laws and the Meet and Confer Agreement between the City of Austin and the Austin Police Association (the "Agreement"). Through my employment as the APD Chief of Staff, I have personal knowledge of the Agreement, APD work rules and APD policies, APD training requirements, personnel and hiring information for APD police officers, and APD investigative and disciplinary policies and procedures.

I. APD Hiring

4. The Chief of Police has final authority to hire new APD cadets. I know that all APD applicants must undergo and pass a written cognitive test, sit for an oral interview before a board of APD officers, pass a medical examination, and pass a physical fitness test. Additionally, before any new cadets are hired, APD's recruiting division conducts comprehensive employment, criminal, and military background checks. All applicants must also undergo and pass a psychological evaluation and a polygraph examination before hiring. APD does not hire any candidates whose background or psychological evaluation indicates that they pose a higher than normal risk of using excessive force, or that they are otherwise unfit for law enforcement work.

II. APD Investigations and Discipline

5. APD has policies and procedures in place to ensure that officers accused of violating APD policies are investigated and, if appropriate, disciplined. APD has a set of policies that all officers must obey. The APD policies govern all manner of officer conduct, including, but not limited to, pursuit of fleeing suspects, appropriate arrest procedures, reasonable suspicion and detention, use of APD computers, officer discipline, and use of force. Every APD officer is issued a set of these policies. As the APD policies are updated or revised, they are distributed to all

officers. All officers must acknowledge, in writing, receipt and understanding of any new policies. A copy of the policies in effect at the time of this incident is attached and incorporated herein (Austin Police Department General Orders valid 4/21/2020 to 5/31/2020). This includes the policies set out by APD General Order 200.1 Purpose and Scope, GO 200.1.1 Philosophy, GO 200.1.2 Definitions, GO 200.1.3 Duty to Intercede, GO 200.2 De-escalation of Potential Force Encounters, GO 200.2.1 Assessment and De-escalation, GO 200.3 Response to Resistance, GO 200.3.1 Determining the Objective Reasonableness of Force, GO 200.3.2 Use of Force to Affect a Detention, an Arrest or to Conduct a Search, GO 200.5.2 Duty to Give Aid and Medical Care, GO 206 Control Devices including kinetic projectiles and shot placement, GO 300.3 Crowds, GO 407 Emergency Management, GO 408 GO Mobile Field Force, and GO 609 Interpreter Services.

6. At the time of this incident, May 30, 2020, APD had policies in place specifically forbidding the use of excessive force. These policies specify when an officer may use force, and, when appropriate, the level of force that may be used. These policies are set out in Chapter 2 - Response to Resistance and Pursuit. APD policies also included a specific policy (GO 200.1.3) regarding the duty to intercede when an officer has a reasonable opportunity to prevent harm, and GO 200.2 De-escalation of Potential Force Encounters, GO 200.2.1 Assessment and De-escalation, GO 200.3 Response to Resistance, GO 200.3.1 Determining the Objective Reasonableness of Force, GO 200.3.2 Use of Force to Affect a Detention, an Arrest or to Conduct a Search, GO 200.5.2 Duty to Give Aid and Medical Care, GO 206 Control Devices including Kinetic Projectiles and Shot Placement.

7. Officers who violate the APD policies with respect to use of force are subject to discipline up to, and including, termination. APD's use of force reporting and investigation requirements are set forth in Policy GO 211. APD monitors its officers' use of force by requiring

all officers who use force to report their use of force. APD conducts a review of and inquiry into every reported use of force to determine whether it comported with APD's policies. APD employs a sliding scale to determine the extensiveness of review and inquiry into each use of force – less serious uses of force (e.g., those involving the use of chemical spray or use of a takedown technique) are reviewed by supervisors and the officer's chain of command, while more serious uses of force (e.g. use of lethal force or incidents resulting in an in-custody death) are reviewed by APD's Internal Affairs Division (IAD) and APD's Special Investigations Unit (SIU). An intermediate level of investigation is conducted for uses of force classified as "Level 2," which include weaponless blows to a subject's head. These uses of force require a detailed inquiry packet, review by the officer's chain of command, and review by the APD's Force Review Board.

8. If an incident involves different levels of force, a single review is conducted, and the incident is classified using the most serious level of force applied. For example, if an incident involves an in-custody death then the incident is classified as Level 1, and receives the most stringent review.

9. Following every Level 1 use of force, the APD's Special Investigations Unit (SIU) performs a criminal investigation into the police officer's actions. Officers selected to work in SIU are all experienced investigators who have experience investigating high-profile crimes. SIU detectives have the full panoply of APD resources at their disposal for the investigation—including crime scene specialists, firearms and trajectory analysis, DNA analysis, etc. SIU detectives work closely with the Travis County District Attorney (assuming the incident occurred in Travis County) to gather and present the evidence collected to a grand jury. At the conclusion of its investigation, SIU turns its investigative materials over to the Travis County District Attorney who makes the determination whether to present cases involving an APD police officer to a grand jury to consider

whether to indict.

10. APD maintains an internal affairs unit (IAD). IAD is responsible for investigating any violation of general orders by APD officers—including all in-custody deaths. IAD investigators are all experienced law enforcement officers who hold the rank of sergeant or above. All formal complaints about APD officers, whether generated internally or externally, are investigated by IAD. IAD is responsible for producing a report on the allegation and detailing the evidence collected, which includes compelled statements given by the officer (if officers refuse to give statements to IAD, they may be terminated from their employment). IAD also has complete access to all of the evidence gathered by SIU.

11. In cases of Level 1 uses of force, including all in-custody deaths, the Chief of Police reviews the IAD report. The Chief of Police also seeks the recommendations of the officer's chain-of-command (the sergeant, lieutenant, commander, and assistant chief) regarding whether they believe the officer violated policy based on their independent review of the evidence. When appropriate, the Chief of Police will conduct a disciplinary review hearing with the officer to get his or her side of the story. Following the hearing, if one is conducted, and after hearing the recommendations of the chain of command, the Office of the Police Monitor (now known as the Office of Police Oversight (OPO)), and the Citizens Review Panel (now known as the Community Police Review Commission (CPRC)), the Chief of Police determines whether the officer violated APD policies and, if so, the appropriate discipline.

12. Under Texas civil service law, and the Agreement, the Chief of Police can discipline officers by oral reprimand, written reprimand, unpaid suspension, demotion, or indefinite suspension (termination). The APD Chief of Police uses a "disciplinary matrix" to determine the level of punishment for particular offenses. APD has, in fact, disciplined officers

who were found to have violated APD policies regarding the use of force. A true and correct copy of APD's disciplinary matrix (APD GO Policy 903) is attached hereto.

13. APD maintains disciplinary records for its officers. Additionally, there is considerable citizen oversight of APD and IAD. The City established the Office of Police Monitor, now known as the Office of Police Oversight (OPO) in 2002. The Community Police Review Commission (CPRC) was established in 2018 and met for the first time in October 2020. At the time of this incident in May, 2020, the OPO monitored APD in several ways. For instance, OPO staff sat in on interviews conducted by IAD investigators to ensure that they are conducted fairly and impartially. The OPO received complaints from the public and ensured that they were investigated by IAD. The OPO also reviewed IAD investigative files, reviewed disciplinary decisions made by the Chief of Police, and created reports on APD performance.

14. At the time of this incident, the CRP (Citizens Review Panel, now known as the Community Police Review Commission (CPRC)), was a panel of citizens selected by the Austin City Council to monitor APD. The CRP conducted public hearings, during which it received complaints from the public regarding APD, discussed completed IAD investigations, and it received information from APD and OPO staff. The CRP also reviewed ongoing investigations in closed sessions, and had complete access to IAD files. The CRP could vote to recommend discipline in certain cases or could request that the Austin City Manager hire an independent third-party firm to conduct a review of an IAD investigation or a specific incident.

15. APD has assessment tools in place that can identify officers who may pose an unusual risk for using excessive force. For example, APD uses an algorithm that will automatically send notifications to an officer's supervisors if the officer reports more than a specified number of uses of force over a specified period of time. (Supervisors may also be notified if an officer uses

excessive sick leave, is the subject of a number of complaints, or is involved in a number of vehicle collisions). If such a notification occurs, the officer's supervisors must re-review each of the officer's uses of force or citizen complaints to determine if the officer acted appropriately, or if the officer needs additional training, counseling, or disciplinary action. This process is followed even though every use of force and every citizen complaint receives a thorough review when it first occurs.

III. May 30, 2020 Protests

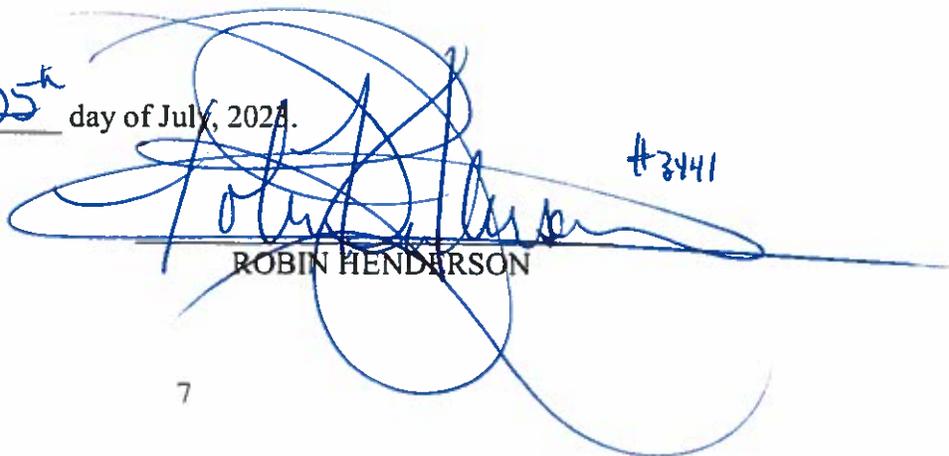

16. The protests on May 30, 2020 which took place in front of the Austin Police Department Headquarters and along the I-35 corridor were of an unprecedented scale and scope for the City of Austin and the Austin Police Department. While the Austin Police Department had handled many peaceful protests and demonstrations over the years, the Austin Police Department had not encountered prior protests and demonstrations with the degree of unlawful behavior of non-peaceful protestors, including throwing projectiles at police officers and blocking and taking over roadways, that was demonstrated on May 30, 2020.

17. In support of this declaration and Defendant City of Austin's Motion for Summary Judgment, the following Attachment[s] are records retained in the normal course and scope of business of the City of Austin, and are true and correct copies of what they purport to be:

Attachment 1: APD General Orders in effect 4/21/2020 to 5/31/2020.

PURSUANT to 28 U.S.C. 1746, I declare under penalty of perjury that the foregoing is true and correct.

EXECUTED on this, the 25th day of July, 2023.

 2 THE WITNESS: I do.
 3 COURT REPORTER: Thank you. Counsel, you may
 4 now proceed.
 5 JUSTIN WRIGHT,
 6 having been first duly sworn, testified as follows:
 7 EXAMINATION
 8 BY MS. JOSEPH:
 9 Q. Good morning, Officer Wright, my name is Leigh
 10 Joseph and I represent Tyree Talley and Modesto Rodriguez in
 11 these cases. I want to start off by thanking you for being
 12 here to allow us to ask you some questions about the events
 13 of May 30th, 2020.
 14 A. Thank you, ma'am.
 15 Q. Yeah. Have you ever given a deposition before?
 16 A. No, ma'am.
 17 Q. Okay. Just a couple of tips or pieces of insight
 18 before we get started. First, you're allowed to take
 19 breaks. This may take a while just kind of depending on how
 20 it goes. And if you need a comfort break, please ask me for
 21 one.
 22 If I'm right in the middle of a train of
 23 thought I may ask you to let me ask the next question or two
 24 before we stop. But I'm -- I'm -- certainly want you to be
 25 comfortable while we're here, okay?

<p style="text-align: right;">Page 6</p> <p>1 Also, I can -- I think a lot of us lawyers 2 can ask pretty complicated and convoluted questions 3 sometimes. So if you ever don't understand what I'm trying 4 to ask you, please tell me. And I'll -- I'll try to 5 rephrase it, okay? 6 A. Okay. 7 Q. If you do answer my question though, can we have 8 an agreement that that means you understood it? 9 A. Yes. 10 Q. Okay. And you're doing great at this so far. I 11 will point out that since Ms. Walters is taking down 12 everything we say, there are a couple of things that we need 13 to do to help her do that. 14 The first one is, to give verbal answers. 15 And I see that you're doing that and appreciate that. 16 The second, is to try not to talk over each 17 other. 18 A. Yes, ma'am. 19 Q. So -- yeah so, so far so good, but I'll try to -- 20 to let you finish answering before I ask another question. 21 And -- and I know that you'll do the same for me, okay? 22 A. Yes, ma'am. 23 Q. Now, I asked you before we went on the record if 24 Mr. Laird was in the room with you. And you said, no, he's 25 down the hall. Is anybody in the room with you right now?</p>	<p style="text-align: right;">Page 8</p> <p>1 I don't know if it was just a -- if I wrote the first 2 supplement and then went in afterwards to add something to 3 it. 'Cause I have end of original supplements towards the 4 middle of the -- of this supplement. So I don't know if 5 that counts as a new supplement or not. 6 Q. Okay. And -- 7 A. So I think 5. 8 Q. Okay. And you have those in front of you right 9 now? 10 A. Yes, ma'am. They're -- they're right here. 11 Q. And I see that confidential label which makes me 12 think that document probably also has a Bates label on it. 13 Which is a little set of numbers and letters. Usually in 14 the bottom right hand side. It may say COA and then four 15 numbers? 16 A. Yes, ma'am. 17 Q. Would you tell me the Bates label on first and 18 last page of each of set? Each kind of separate document 19 you have. Just so that I can make sure I have those 20 documents. And I know they pertain to you. 21 A. Yeah. Just as clarification, it -- I have -- I 22 have four different sheets. And it looks like a supplement 23 is on each one. 24 Q. Okay. 25 A. Like, would you like each sheet? Or just the</p>
<p style="text-align: right;">Page 7</p> <p>1 A. Not right now. Priscilla Lopez is in and out. 2 She's the paralegal. 3 Q. Okay. Okay. And how did you prepare for this 4 deposition today? Before you answer, let me tell you that 5 I'm not -- if -- I'm not allowed to know private 6 conversations between you and your counsel. So I don't want 7 you to tell me details of those conversations. But just 8 kind of generally, how did you prepare? 9 A. I came in a couple of days ago to Austin City Hall 10 and met with Mr. Laird and Ms. Priscilla. Just to kind of 11 go over what this would be like and some things to expect. 12 Q. Okay. Did -- did you watch any videos? 13 A. Yes. I reviewed one or two segments of my body 14 camera. 15 Q. Okay. Did you watch any other video, HALO 16 footage, or anything like that? 17 A. No, ma'am. 18 Q. Okay. Just body camera from your own camera? 19 A. Yes, ma'am. 20 Q. Okay. Did you review any documents? 21 A. Yes, ma'am. I reviewed my supplements that were 22 written after. Yes, ma'am. 23 Q. Okay. How many supplements did you -- did you 24 write? 25 A. It looks like five, however, the -- the first one</p>	<p style="text-align: right;">Page 9</p> <p>1 first and the last? 2 Q. Each sheet. 3 A. Okay. 4 Q. Thank you for the clarification. Yeah. 5 A. Okay. So the first one I'm looking at is 6 COA2292 -- 2292. The second is -- I'm gonna -- I'm not 7 gonna say COA each time if that's okay? 8 Q. That's fine. 9 A. All right. 10 Q. Sure. 11 A. 2313. The third sheet that I have is 2469 and 12 the -- make sure I'm not skipping any on accident -- the -- 13 the last one I have is 39441. Is it okay -- 14 Q. Okay. 15 A. -- that that has more numbers than the others? 16 Q. It is okay. 17 A. Okay. 18 Q. Yes, thank you -- thank you, officer. Do you have 19 anything else in front of you today? Other than those 20 supplements? 21 A. I have two blank pieces of paper just to take my 22 own notes in case I do need clarification. Or I don't -- or 23 like when you discussed you might two questions just to 24 finish your train of thought. 25 Q. Mm-hmm.</p>

Page 10

1 A. It's going help me not -- try not to forget or
 2 leave out one of those questions.
 3 Q. Okay. Okay. And I should clarify that I'm not --
 4 I'm not going to purposely ask you a number of questions at
 5 a time.
 6 A. Understand.
 7 Q. It's -- it's my intent to give you a chance to
 8 answer before I ask you another. So we'll see how I do.
 9 And one other thing before we kind of get
 10 into it. I want to make sure we know what we're talking
 11 about when we use certain language today. If we talk about
 12 a kinetic projectile or a shotgun equipped with a beanbag
 13 round, do we kind of understand each other? That we're
 14 talking about the so-called less-lethal weapons that you
 15 guys had out there at the protest May 30th, 2022 [sic]?
 16 A. Yes, ma'am.
 17 Q. Okay. And if I say "firearm" does that mean
 18 something different?
 19 A. It would be semantics. So the less-lethal shotgun
 20 is a firearm.
 21 Q. Mm-hmm.
 22 A. We do not call it a firearm, specifically so that
 23 whether it be in reports or whether it be in communication,
 24 there is no misunderstandings that we are talking about the
 25 less-lethal shotgun or our -- our pistols or a rifle.

Page 11

1 Q. Okay. So I'm going to try -- I may ask you
 2 question or two about what I -- you know, a gun that shoots
 3 standard bullets. And I'm going to try to use the word
 4 firearm when I do that.
 5 A. That's fine.
 6 Q. But if -- if you ever don't know what I'm talking
 7 about -- what type of weapon I'm talking about, let's
 8 clarify it, okay?
 9 A. Okay.
 10 Q. Okay. So I want to talk about kind of some of the
 11 rules that were in place on May 30th, 2020, when you were
 12 out there responding to the protest event. And -- and then
 13 we can get into some of the specifics of the event.
 14 I've looked at some of APD's general orders
 15 from that time. I just want to confirm that certain things
 16 were -- were in place. So I'm going to ask you about those.
 17 I read in one of the general orders that, "It
 18 could be an appropriate circumstance to shoot the shotgun
 19 equipped with kinetic impact projectiles if the subject is
 20 engaged in riotous behavior or is throwing rock, bottles, or
 21 other dangerous projectiles at people and/or officers,
 22 creating a risk of injury."
 23 And I'm quoting from something that's been
 24 given to me labeled, GO206.5.3. Does -- is that a policy or
 25 a rule that was in place governing your conduct as of

Page 12

1 May 30th, 2020?
 2 A. As far as I know, it was.
 3 Q. Okay. I've also read in a -- a neighboring
 4 general order that using a shotgun equipped with a kinetic
 5 impact projectile has to be reasonable. Was that a rule or
 6 a policy in place as of May 30th, 2020?
 7 A. I believe so.
 8 Q. Okay. Similarly, I believe it was a APD rule or
 9 policy that an officer was not required to use a kinetic
 10 impact projectile. Is -- is that also, correct?
 11 A. In -- in what -- in what circumstance do you mean
 12 required, ma'am?
 13 Q. I thought you would ask that. So let me try to
 14 get to the place where I read that. Okay, so this is what
 15 I'm reading.
 16 "Officers are not required or compelled to
 17 use approved munitions in lieu of other reasonable tactics
 18 if the involved officers determine that deployment of these
 19 munitions cannot be deployed safely."
 20 Did you understand that to be a rule or
 21 policy governing you guys at -- at the time?
 22 A. Yes, ma'am.
 23 Q. Okay. Now another -- another one that I read is,
 24 "The safety of hostages, innocent subjects, and officers
 25 takes priority over the safety of subjects engaged in

Page 13

1 perceived criminal or suicidal behavior."
 2 I read that in 206.5.1. Did you understand
 3 that to be a rule or policy governing your -- your conduct
 4 at the time?
 5 A. Yes, ma'am.
 6 Q. Okay. I'm saying at the time, instead of saying
 7 as of May 30th, 2020, and -- and we both know what I'm
 8 talking about, right?
 9 A. Yes, ma'am. Understandable.
 10 Q. Okay. Now, let me ask you specifically about
 11 Modesto Rodriguez and Tyree Talley for a moment. Are you
 12 familiar with who each of them is?
 13 A. I am not.
 14 Q. Okay.
 15 A. Other than -- other than their name as being
 16 attached to this lawsuit and deposition.
 17 Q. Okay. I'm going to show you some photographs just
 18 so that we know what -- who we're talking about today, as
 19 were talking. Let me share my screen.
 20 Okay. Can you see a photograph on your
 21 screen? It's labeled Rodriguez, five zeros and then the
 22 number five. And it has a gentleman on the ground with his
 23 orange or red shirt pulled up?
 24 A. Yes, ma'am.
 25 Q. Okay. Let me introduce you to Modesto Rodriguez.

Justin Wright

July 21, 2023
 Pages 14 to 17

Page 14

1 So when we're talking about Modesto Rodriguez I'll just
 2 represent to you that that's who he is, okay?
 3 A. If you don't mind just giving me one more second.
 4 I'm just getting writing down a little bit of the
 5 description so that I can remember as we --
 6 Q. Sure.
 7 A. -- as we move through this.
 8 Q. And, Officer Wright, this isn't a test. So I
 9 don't want you to be worried about you know, if -- if you
 10 don't remember the difference between the two plaintiffs or
 11 something like that, just -- just tell me. And we'll
 12 straighten it out, okay?
 13 A. Yes, ma'am.
 14 Q. Okay. This photograph labeled as Talley 001153
 15 has a gentleman lying on his side on the ground with his
 16 hand over his face and that is Tyree Talley.
 17 A. Yes, ma'am.
 18 Q. And I'll -- okay -- I'll turn the page here 'cause
 19 you can see him a little better on Talley 1136. And it --
 20 he's kind of in a partial seated position. It looks like
 21 some people might be helping him up. Are you able to see
 22 him there?
 23 A. Yes, ma'am.
 24 Q. Okay. So that's Tyree Talley. In the photograph
 25 that I showed you of Modesto Rodriguez you're able to see a

Page 15

1 couple of places where he's injured. And I'm going to click
 2 back to that one and just show you this injury here on his
 3 torso. And this injury down here around his ankle.
 4 Those will be the injuries that we're talking
 5 about today when were talking about Modesto, okay? And --
 6 A. So Modesto is Rodriguez, correct?
 7 Q. Correct.
 8 A. Okay.
 9 Q. Yes. Mr. Talley has -- was injured more times
 10 than he's alleging as a result of the shotgun rounds on this
 11 event. And I don't have photographs here of every single
 12 one of them. But just to give you a general idea of what
 13 we're talking about here are some photographs that are
 14 depicting some of Tyree Talley's injuries.
 15 MR. LAIRD: And Leigh, would you mind just
 16 stating the Bates number? I -- I can't tell what it is down
 17 at the bottom. It's a little small.
 18 MS. JOSEPH: Sure. No problem. So I said
 19 the first two. And then I'm also showing Talley 1150 and
 20 this compilation photo is Talley 1154.
 21 MR. LAIRD: Great, thanks.
 22 Q. (BY MS. JOSEPH) And I'll zoom in on that just a
 23 little bit, Officer Wright, so that you can kind of see some
 24 of the injuries that Mr. Talley's complaining of.
 25 Okay, so -- make myself a note real quick.

Page 16

1 Now, that we've seen the plaintiffs and --
 2 and you've been introduced to them by -- by virtue of some
 3 photographs, let's talk about May 30th, 2020. So tell me
 4 what time you came on duty that day.
 5 A. I don't know the exact time that I came on duty
 6 that day. We got a page toward -- around lunch time, if I
 7 believe -- if I remember correctly -- that all available APD
 8 officers needed to come in for mobile field force.
 9 Q. Were you already working when you got that page?
 10 A. I was not. I was --
 11 Q. Okay.
 12 A. -- near home.
 13 Q. Was this your scheduled day off?
 14 A. I honestly don't remember.
 15 Q. Okay. But you know you weren't on when you got
 16 the call?
 17 A. Yes. I -- I don't remember if -- if -- if I was
 18 supposed to be going in already later that day. 'Cause my
 19 shift starts later in the day or if that was my -- my day
 20 off.
 21 Q. Okay. And you said you were near home. Do you
 22 remember where you were when you got the page?
 23 A. Yes, I was on the 35 service road northbound in
 24 Georgetown near I think it was Williams Drive -- trying to
 25 get something to eat from Chipotle. Or about -- about to

Page 17

1 pull into Chipotle rather.
 2 Q. Okay. And do you remember where you were coming
 3 from?
 4 A. I do not.
 5 Q. Okay. So you --
 6 MR. LAIRD: Leigh. Leigh, I'm sorry. Would
 7 you mind taking -- I mean, if you're finished asking about
 8 the photographs can you take those down so --
 9 MS. JOSEPH: Sure.
 10 MR. LAIRD: -- I can see.
 11 MS. JOSEPH: Yeah, no problem.
 12 MR. LAIRD: And focus on the speakers. Thank
 13 you.
 14 MS. JOSEPH: There we go. I've got two
 15 screens. So sometimes if I'm not looking at that one.
 16 MR. LAIRD: Oh.
 17 MS. JOSEPH: I -- yeah.
 18 MR. LAIRD: No, that's fine.
 19 Q. (BY MS. JOSEPH) All right. So you get the page
 20 around lunchtime. Were you able to -- to get the Chipotle
 21 and eat it?
 22 A. No, ma'am. I immediately drove home, dropped my
 23 husband off, grabbed my gear, and drove to work.
 24 Q. Okay. So you skipped lunch?
 25 A. Yes, ma'am.

Page 18

1 Q. Okay. I guess all officer -- all available
 2 officers then is a fairly urgent call I would expect?
 3 A. Yes. And I -- I would like to say that I -- I --
 4 I don't know if that was the exact verbatim language of the
 5 page.
 6 Q. Mm-hmm.
 7 A. But that was the generalized message of the page
 8 that any -- anybody who was available, whether you're
 9 working or not, needs to mobilize.
 10 Q. Okay. So you drop off, you head down, where do
 11 you report?
 12 A. I report to the North Sub -- sorry -- the North
 13 Substation off of Lamplight Boulevard [sic].
 14 Q. And who do you report to when you get there?
 15 A. At the time my sergeant was Sergeant Reid. I
 16 don't -- I -- I can't remember if I directly reported to him
 17 as soon as I got there. Once we got there the -- the --
 18 we'll call it the standing order was to collect a car,
 19 double up. So ride two officers in -- in each car. And
 20 head to the staging point which was in downtown Austin.
 21 Q. Okay. And is that what you did?
 22 A. Yes, ma'am.
 23 Q. Are you at this point wearing a police uniform?
 24 A. Yes, ma'am. I'm wearing my -- my police uniform,
 25 yes.

Page 19

1 Q. Okay. Does it have long sleeves or short sleeves?
 2 A. I don't remember. I -- I think I had short
 3 sleeves that day because if I remember correctly, in my body
 4 camera you -- my -- my arm is exposed in front of my body
 5 camera.
 6 So I think I was wearing short sleeves or I
 7 had possibly rolled up my -- my long sleeves, but I -- I'm
 8 am fairly certain I was actually wearing short sleeves
 9 because we were supposed to bring long sleeves and I
 10 accidentally forgot it. If I remember correctly.
 11 Q. Okay. And at this point, heading out of the North
 12 Substation are you wearing any additional tactical gear or
 13 anything beyond your -- your standard uniform?
 14 A. I do not believe so. I -- I believe that that day
 15 I was wearing my standard outer carry vest. At the time, we
 16 did not have "police" written across the back. I had my gas
 17 mask with me, as well as, my helmet. But I had not put my
 18 helmet with the face shield on yet. It was just with me.
 19 Q. Okay.
 20 A. And -- and I'm sorry. I have also had the -- the
 21 less-lethal shotgun.
 22 Q. Okay. So that was distributed to you at the North
 23 Substation?
 24 A. Yes. When I got to the North Substation I -- I
 25 checked one out.

Page 20

1 Q. Okay. Were you directed to do that by someone?
 2 A. Not directly. It was -- it was you know, if
 3 they're available, check them out. If they're not that --
 4 then -- then you'll be without. And I --
 5 Q. Okay.
 6 A. -- I happen to get there early enough that they
 7 had -- they had one available.
 8 Q. Okay. I want to have a whole separate
 9 conversation about training, but just while I'm thinking
 10 about it, are you trained in MFF? Mobile field force?
 11 A. Yes.
 12 Q. Okay. And are you -- I may be asking this in a
 13 strange way, but are you also a part of that team or group?
 14 Are you a member of the mobile field force? If there is
 15 such a thing?
 16 A. So the mobile field force is -- sorry -- I'm --
 17 I'm trying to think of the best way to explain this.
 18 Q. Mm-hmm.
 19 A. So the -- the mobile field force is not a -- is
 20 not the directed team.
 21 Q. Okay.
 22 A. That would be the SRT team. The special response
 23 team, if I remember their acronym correctly.
 24 Q. Okay.
 25 A. They are the main kind of -- we'll call it large

Page 21

1 event kind of security. So they -- they're there for --
 2 they're -- they're the ones who -- who are -- are at all the
 3 protests.
 4 Q. Mm-hmm.
 5 A. Mobile field force is when a situation is larger
 6 than they can handle. Mobile field force is patrol officers
 7 and detectives. Everybody else on the department who's been
 8 trained to come and assist them in crowd control.
 9 Q. Okay. Thank you for explaining that. Is -- and
 10 so you're not part of SRT?
 11 A. No, ma'am.
 12 Q. Okay. And you weren't then?
 13 A. No, ma'am.
 14 Q. Is mobile field force training part of the
 15 curriculum at the Academy?
 16 A. Yes, ma'am.
 17 Q. In your first -- okay. So if you're an APD
 18 officer you should have taken mobile field force training as
 19 part of your academy curriculum?
 20 A. As far as I know, yes. My academy got it. And as
 21 far as I'm aware the academy's before after me got it,
 22 but --
 23 Q. Mm-hmm.
 24 A. -- that I -- I -- I can't say for sure if every
 25 single academy got it.

Page 22

1 Q. Okay. Okay. So you have checked out the less --
 2 so-called less-lethal or the shotgun, do you have some of
 3 the beanbag ammunitions with you there at the substation?
 4 Do you get those too?
 5 A. Yes.
 6 Q. Okay.
 7 A. So were given enough to load the wea -- load the
 8 weapon system to its capacity; however, I do not remember if
 9 at the substation I was given additional less-lethal rounds
 10 or not.
 11 Q. Okay. And the shotgun holds five rounds; is that
 12 correct?
 13 A. I think so, but I -- I cannot remember for sure.
 14 Q. Okay. Okay. So now you have the shotgun loaded
 15 with beanbag rounds?
 16 A. Yes.
 17 Q. Okay. And you are checking out a car with another
 18 officer. Who is the other officer?
 19 A. Officer Christopher Williams.
 20 Q. Okay. So where do you and Officer Williams go?
 21 A. We drive downtown to the staging area. I believe
 22 it was called -- it was the parking lot across the street
 23 from Revolutionary Park. I think that's the name of the
 24 park.
 25 Q. Okay.

Page 23

1 A. I don't remember the address. It was a fairly
 2 large parking lot in downtown. And I believe it's around
 3 Fourth Street, but I cannot be sure.
 4 Q. Okay. And this is where -- this was kind of the
 5 gathering point. You call it the staging area?
 6 A. Yes.
 7 Q. Okay. What are you feeling in the car? Are you
 8 driving? Or are you in the passenger seat?
 9 A. I'm in the passenger seat because at this time I
 10 was still fairly new to the department and the city. So I
 11 knew -- I knew my sector well and the surrounding areas of
 12 my normal work area. But I still was not -- and even to
 13 this day I'm not very versed -- especially, with downtown.
 14 So --
 15 Q. Okay.
 16 A. Officer Williams is a senior officer to me and he
 17 asked if I didn't mind him driving. And I said, you know
 18 how to get places better -- you know downtown better than I
 19 do. Something along those lines.
 20 Q. Okay. Okay. So I'm actually gonna interrupt
 21 myself for a second because I didn't ask you this yet. When
 22 did you join APD?
 23 A. I -- my hire date is October 1st, 2018. I
 24 graduated the Academy I believe it's May 10th, 2019.
 25 Q. Does it typically take -- what is that -- about

Page 24

1 seven months to graduate from the Academy?
 2 A. Yes, ma'am. The Academy is roughly eight months
 3 long.
 4 Q. Okay.
 5 A. And there is three months of field training where
 6 after you graduate the Academy you are with -- you are
 7 considered what's called a PPO, a probationary police
 8 officer. And you ride with what is known as an FTO or a
 9 field training officer.
 10 And for roughly three months -- just a little
 11 over three months, you ride with different FTOs so that they
 12 can teach you more in -- you know more in-depth -- actually
 13 doing the job. Policies and procedures, reports, and stuff
 14 like that.
 15 Q. Okay. So you -- have you worked for another
 16 police department or law enforcement agency prior to coming
 17 on with APD?
 18 A. No, ma'am.
 19 Q. Okay. In your time at APD -- in the -- maybe
 20 about seven months that you had been driving on your own and
 21 well -- so even including those months when you were riding
 22 along with an F -- FTO -- have you ever been called to
 23 respond to a crowd protest event?
 24 A. One other time. And I believe it was the night
 25 before.

Page 25

1 Q. Okay. Have you ever been called or heard one of
 2 these you know, all officers we need you whether you're
 3 working or not calls prior to May 30th, 2020?
 4 A. No. Not the all officers whether you're working
 5 or not. I do believe the night before they mobilized a
 6 mobile field force as well. A little bit more of a
 7 condensed version because it was an unplanned protest so SRT
 8 was not on standby.
 9 Q. Okay.
 10 A. If I remember correctly. And so they asked for
 11 patrol officers to come and assist with crowd control
 12 outside of the Main.
 13 Q. Okay. Okay. So on May 30th SRT was on standby
 14 and APD was expecting the protest?
 15 A. I believe so.
 16 Q. Okay. Tell me just kind of generally about your
 17 experience the night before. And I'll ask first, were you
 18 armed with a shotgun equipped with kinetic impact
 19 projectiles then?
 20 A. I honestly do not remember.
 21 Q. Okay.
 22 A. 'Cause the -- as the rookie on the shift, I
 23 usually did check out the less-lethal shotgun. However, I
 24 do not remember if I had it that night or not.
 25 Q. Okay. Do you remember what the scene was like

Page 26

1 that night? And if it all blurs together that's something I
 2 can understand too so just tell me you know, what you
 3 remember.
 4 A. I remember -- I remember there being a decent size
 5 crowd in front of the Main that was upset and very loud.
 6 And we were standing on the steps of the Main where they
 7 were screaming and yelling at us.
 8 Q. Were they throwing things at you?
 9 A. I don't remember.
 10 Q. Okay.
 11 A. A few objects may have been thrown, but I -- I --
 12 I don't remember.
 13 Q. Okay. And how long were you out there the night
 14 before?
 15 A. I -- I can't recall.
 16 Q. Would it be hours? Some number of hours?
 17 A. I think so. It was -- it was at least an hour
 18 probably.
 19 Q. Okay. Okay. So approximately how much time
 20 passes between when you leave the steps of Main the night
 21 before and when you're in line at Chipotle with your husband
 22 the next day?
 23 A. I -- I can't say for sure and I -- I don't
 24 necessarily want to guess.
 25 Q. Yeah, and I don't -- I don't want to pin you down

Page 27

1 by the minute.
 2 A. Sure.
 3 Q. I'm more looking for was it 12 hours or two hours?
 4 A. It was -- it was more than 2 hours. It was at
 5 least -- it was at least six, if not more --
 6 Q. Mm-hmm.
 7 A. But I -- I -- I can't recall exactly.
 8 Q. Did you sleep?
 9 A. Yes, ma'am.
 10 Q. Okay. Did you get what you consider a typical
 11 amount of sleep? For you?
 12 A. I believe -- I believe so.
 13 Q. Okay. Okay. So now we're going to go back to you
 14 and Officer Williams in the car heading down on May 30th.
 15 Having been out there the night before,
 16 having been called in for the first time, hearing this all
 17 available officers we need you. What are you feeling as
 18 you're headed downtown with Officer Williams, sitting in the
 19 passenger seat?
 20 MR. LAIRD: I object to the form, but you can
 21 answer officer.
 22 THE WITNESS: I would say that I was feeling
 23 nervous and tense because I didn't know what to expect. I
 24 had watched you know, unruly crowds and protests that got
 25 out of hand both in training and in my -- in my private

Page 28

1 time.
 2 And just was -- was nervous and worried on
 3 what -- what the next couple hours were going to bring. It
 4 was -- it was more of the anxiety of the unknown.
 5 Q. Do you remember saying anything specific to your
 6 husband as you -- as you left him to go report in that day?
 7 A. I don't remember anything specific, but my usual
 8 go to for -- if I have the time for higher intense inci --
 9 incidences is I -- I tell them that I love him and that I
 10 will try to stay in contact as much as I can throughout my
 11 shift that day or the -- the incident.
 12 Q. Mm-hmm.
 13 A. And that currently I'm okay. Obviously, he knew
 14 that because we were together.
 15 Q. Mm-hmm.
 16 A. And that I will -- I will let him know when I'm on
 17 my way home.
 18 Q. Mm-hmm. Were you guys able to stay in contact
 19 during the afternoon and evening of May 30th?
 20 A. I believe I possibly -- I -- I possibly text
 21 [verbatim] him a couple of times throughout the day when
 22 we -- when we did get a break.
 23 Q. Mm-hmm.
 24 A. And we were relieved for a short period of time.
 25 Q. What kind of messages were you sending to him?

Page 29

1 A. Just I love you messages and that I'm okay.
 2 Q. Mm-hmm.
 3 A. And that things are chaotic.
 4 Q. Mm-hmm. You mentioned being aware of some of the
 5 other protest events that had been going on in the country
 6 around that time. Were you aware that -- I think it was El
 7 Paso -- a police station had been vandalized the night
 8 before?
 9 A. I don't believe so.
 10 Q. Okay. I think another -- another police station
 11 headquarters around the country had been set on fire the
 12 night before. Did you know about that?
 13 A. I that there had been attacks on police stations
 14 throughout the country.
 15 Q. Mm-hmm.
 16 A. I -- I don't remember any specific ones, at that
 17 time, because throughout the next couple of months there was
 18 a lot. So all of that is kind of bleeding together.
 19 Q. Mm-hmm. Where do you get your news?
 20 A. I don't watch a ton of news. So a lot of it is in
 21 passing or just YouTube videos of what's going on.
 22 Q. Mm-hmm.
 23 A. Fox News. I try to watch CNN on occasion just so
 24 I can get a different perspective of things. And -- and
 25 then just stuff on Facebook feeds and Instagram feeds.

Page 30

1 Q. Okay. Okay. So if you do turn it on, it's
 2 probably going to be Fox, the occasional CNN?
 3 A. Yes.
 4 Q. Okay. And then whatever the -- the algorithm
 5 sends you in your socials?
 6 A. Yes, ma'am.
 7 Q. Okay. Okay. So you're downtown with Officer
 8 Williams, you've reported to the staging area. Who do you
 9 report to?
 10 A. We reported to a lieutenant, but I do not remember
 11 his name.
 12 Q. Okay. And what orders did that lieutenant give?
 13 A. I believe he said that we were going to -- we were
 14 going to wait until we had more people and then we were
 15 going to go to the Capitol and assist DPS. Because DPS was
 16 having trouble securing the Capitol.
 17 Q. Is that what happened?
 18 A. Yes, ma'am.
 19 Q. Okay. Approximately what time did you head over
 20 to the Capitol?
 21 A. Oh, I -- I don't know. I -- I -- it was around
 22 lunchtime. Probably between maybe 1:00 and 3:00.
 23 Q. Okay.
 24 A. Somebody brought us pizza. And so we -- we each
 25 got like two slices of pizza before we went out.

Page 31

1 Q. Was that a member of the public or -- or --
 2 A. No. I -- I -- I think it was an -- I believe was
 3 an officer. It might have even been that lieutenant.
 4 Q. Mm-hmm.
 5 A. But I don't remember for sure.
 6 Q. Okay. How many -- how many did you have in the
 7 group? Or how many did you wait for before you guys headed
 8 to the Capitol?
 9 A. I -- I don't know.
 10 Q. Okay. And what happened when you got there?
 11 A. When we arrived at the Capitol we lined up along
 12 the front gate. In front of Congress and we -- we -- my
 13 understanding was we were there to give DPS a little break
 14 because they had an incident.
 15 Q. Did you -- did you all kind of march over there?
 16 Or drive over there?
 17 A. We drove to parking garage on San Jac [verbatim],
 18 I believe.
 19 Q. Mm-hmm.
 20 A. And from there we formed up into smaller groups
 21 and -- and -- and semi-formally marched to the -- to the
 22 Capitol.
 23 Q. How many in your group?
 24 A. I don't remember.
 25 Q. Okay. More than five?

Page 32

1 A. Yes, I believe so.
 2 Q. Okay. Do you think more than ten?
 3 A. Maybe it was -- it could've been groups of ten.
 4 Q. Okay. And you had, I'm assuming, the shotgun with
 5 you and your -- well, did you have the shotgun with you?
 6 A. Yes, ma'am.
 7 Q. Did you have your helmet at this point?
 8 A. I don't know if I had my helmet on, at that time.
 9 I know that I put my helmet on once we got -- it might -- I
 10 know that my helmet was on once we got to the Capitol. I
 11 don't remember where I actually doffed -- or donned my
 12 helmet.
 13 Q. Okay. So it was with you?
 14 A. Yes.
 15 Q. Okay. Okay. So you all march to the Capitol,
 16 lineup to help relieve DPS. What was the incident that had
 17 occurred that -- that caused them to need backup?
 18 A. I think -- if I remember correctly one of the DPS
 19 troopers got overwhelmed and got into a fight and it became
 20 an officer needed assistance situation.
 21 Q. Okay. Like got into a fight with a protester?
 22 A. With -- if I -- if I remember correctly it was
 23 multiple protesters.
 24 Q. Mm-hmm.
 25 A. And they didn't have enough people at the Capitol

Page 33

1 at the time. So we -- we came to help to -- so that we
 2 could keep the Capitol grounds clear.
 3 Q. Wow, okay. Do you know who instigated it? Like
 4 kind of threw the first punch, so to speak?
 5 A. No, ma'am.
 6 Q. If it was a protester or the officer?
 7 A. No, ma'am.
 8 Q. Okay. Do you know who the officer was?
 9 A. No, ma'am. I don't know who the trooper was.
 10 Q. Okay. Okay. So you're there sometime between
 11 1:00 and 3:00. You're lined up on Congress. How long do
 12 you stay?
 13 A. I don't know. It could've been an hour. It
 14 could've been slightly less. It could've pushed past an
 15 hour. I -- I don't believe we were there more than two
 16 hours though.
 17 Q. Okay. And when you're lined up on Congress what
 18 are you doing?
 19 A. So I -- I -- I would like to clarify. So we're
 20 lined up in front of Congress. Across the front gate of the
 21 Capitol.
 22 Q. Okay. On the side -- sidewalk there?
 23 A. Yeah, yeah, yeah. So --
 24 Q. You're not in the street. Okay.
 25 A. I'm not in the street. And -- and I want to say

Page 34

1 that that's 11th. So we're lined up --
 2 Q. Mm-hmm.
 3 A. -- on the Capitol grounds. I cannot remember if
 4 we were in front or behind the fence. And we are lined up
 5 so that we are standing in front of the Capitol like this
 6 not like this (indicating.) I'm sorry I just did -- I did
 7 hand motions even though we're -- the recording and I
 8 apologize.
 9 Q. That's okay. So I think you are expressing that
 10 you were kind horizontal going across the front of the
 11 Capitol --
 12 A. Yeah.
 13 Q. -- as opposed to -- okay.
 14 A. In line with the fence.
 15 Q. Okay. Now, are -- I know sometimes people rally
 16 right there at the Capitol steps inside the fence right by
 17 the entrance of the Capitol. Were there protesters or
 18 ralliers there?
 19 A. Yes. So DPS had pushed them -- pushed all of the
 20 protesters off Capitol grounds.
 21 Q. Mm-hmm.
 22 A. And so they had gathered in front of the Capitol,
 23 at the sidewalk street-level outside of the gate.
 24 Q. Okay. So is it accurate to say that you are part
 25 of kind of a physical barrier to prevent these individuals

Page 35

1 from reentering the Capitol grounds?
 2 A. Yes.
 3 Q. Okay. And that's kind of what your role was?
 4 A. Yes.
 5 Q. Okay. Did you fire the shotgun or discharge the
 6 shotgun at any point while you were at the Capitol?
 7 A. No.
 8 Q. Okay. Okay. So you stay there maybe an hour or
 9 so. And then what happens?
 10 A. It -- we walked -- we cleared out, we walked back
 11 the way that we came. And there were large vans waiting for
 12 us. So we went to the east side of the Capitol towards
 13 where we had parked. And there were vans waiting for us.
 14 The large kind of taller, like Sprinter-style vans. And we
 15 filled them up and we were driven to the 35 service road,
 16 near the Main.
 17 Q. Okay. Okay. And then what?
 18 A. And then we lined up again and started moving
 19 towards the 35 proper to facilitate the removal of
 20 protesters on the highway.
 21 Q. Okay. Have you been told that people are
 22 attempting to block traffic at this point?
 23 A. I believe so.
 24 Q. Okay. So everybody in your van went up on the
 25 I-35 overpass?

Page 36

1 A. I believe so. Some others could've been pulled to
 2 go other places, but I believe for the most part everybody
 3 in my van moved forward onto the 35.
 4 Q. Okay. Do you know the names of any of the other
 5 officers that were with you?
 6 A. No. I --
 7 Q. Are you -- I'm sorry, go --
 8 A. I can't be sure.
 9 Q. Are you still with Williams?
 10 A. No. We had gotten separated at that point.
 11 Q. Mm-hmm.
 12 A. So I was -- I was just in a van with a whole bunch
 13 of other people. I may have recognized some, but --
 14 Q. Mm-hmm.
 15 A. I saw a lot of people that day that I recognized
 16 and I -- I can't definitively say you know, if it was this
 17 person at this time. Or if -- if it was that person at a
 18 different time.
 19 Q. What's the atmosphere in the van going from the
 20 Capitol over to the 35 service road? Is it tense? Is it
 21 jovial? What's -- what's going on in the van?
 22 A. It's -- tensions are high so we're doing what
 23 first responders do and we're -- we're -- you know we're
 24 trying to you know, make light of the situation so that
 25 we -- we don't get too stressed. You know maybe some --

Page 37

1 some light jokes. You know like, oh, well at least it's not
 2 too hot today. You know, being sarcastic because it was
 3 very hot that day.
 4 Q. Mm-hmm.
 5 A. Stuff like that.
 6 Q. Yeah.
 7 A. You know or --
 8 Q. So while --
 9 A. -- it's supposed to be my day off. You know,
 10 something -- you know, stuff like that.
 11 Q. Mm-hmm. So y'all aren't just uncomfortable
 12 because of the situation. You're -- you're physically
 13 uncomfortable too?
 14 A. Yes.
 15 Q. Okay. Now, who ordered you to go up to the
 16 bridge? The overpass.
 17 A. I don't remember. When we got out of the van I
 18 believe it was a corporal who said you know, line up and
 19 we're going to -- we're going to push up to the 35.
 20 Q. Okay.
 21 A. We -- we might have actually -- I believe we were
 22 dropped off on the proper -- the southbound proper. Or on
 23 a -- on an onramp and we're very close to the southbound
 24 proper.
 25 Q. Okay. And your current title is SPO, senior

Page 38

1 patrol officer?
 2 A. My current title now is --
 3 Q. Mm-hmm.
 4 A. -- senior police officer.
 5 Q. Police, okay.
 6 A. At the time I was just police officer because I
 7 had not had two years on yet.
 8 Q. Okay. It didn't have a "P" or an "F" in front of
 9 it. It was police officer?
 10 A. Yes.
 11 Q. Okay. We've been talking for almost an hour. Not
 12 quite. I think it might be a good time to take a comfort
 13 break, if that works for you. Just about five minutes?
 14 A. Perfect. That would be great.
 15 Q. Okay.
 16 VIDEOGRAPHER: All right. The time is
 17 10:58 a.m. and we are off the record.
 18 (Recess was taken.)
 19 VIDEOGRAPHER: Okay. We're back on the
 20 record. The time is 11:07 a.m.
 21 Q. (BY MS. JOSEPH) Officer Wright, we took a short
 22 break. You understand that you're still under oath?
 23 A. Yes, ma'am.
 24 Q. And I didn't talk to you about this before, but
 25 you probably know that your testimony today is just as if

Page 39

1 you were in a courtroom. Even though we're not in that
 2 formal of setting right now?
 3 A. Yes, ma'am.
 4 Q. Did you speak to anybody during the break?
 5 A. Yes, ma'am. I spoke to Mr. Laird.
 6 Q. Did you guys have any conversation -- don't tell
 7 me what it was -- about the deposition?
 8 A. Yes, ma'am.
 9 Q. Okay. Can you hear that awful sound coming from
 10 my end?
 11 A. No, ma'am.
 12 Q. Okay. Good. All right. So let's -- let's get
 13 back to it. I -- we've kind of been walking through your
 14 day on May 30th and we had gotten to the bridge -- the
 15 overpass.
 16 Who is in command on the overpass when you
 17 arrive?
 18 A. I do not recall.
 19 Q. Okay. Is it multiple people or one person?
 20 A. I -- I don't recall. I don't know --
 21 Q. Okay.
 22 A. -- if there was one person there directing the
 23 entire line or if they had multiple supervisors out there.
 24 Q. Okay. Are you taking orders specifically from
 25 someone -- a high -- who is a higher rank than you are?

Page 40

1 A. Yes, ma'am.
 2 Q. Okay. And what are you directed to do?
 3 A. If I remember correctly, when we exited the van a
 4 corporal instructed us that if someone is throwing objects,
 5 that they are participating in riotous behavior. And should
 6 be impacted to stop that riotous behavior.
 7 Q. Okay. So the criterion given was throwing an
 8 object?
 9 A. Yes. Because thrown objects can hurt the people
 10 who are trying to peacefully protest or us.
 11 Q. Okay. Was there any specification about what the
 12 object -- like what objects they're throwing? Or throwing
 13 anything?
 14 A. Throwing anything, ma'am.
 15 Q. Okay. And what about the direction that it's
 16 being thrown? Was there any -- anything specified about
 17 that?
 18 A. No, ma'am. Not --
 19 Q. Okay.
 20 A. -- that I recall.
 21 Q. Okay. Okay. So you received the instruction to
 22 target anyone who is throwing something. And what do you do
 23 next?
 24 A. We begin walking up to the 35 service road
 25 southbound. There is a line of semi-trucks that has come to

Page 41

1 a standstill. I hear numerous -- very numerous amounts of
 2 objects peppering the sides of the semi's. It was loud
 3 enough that I could hear it over the shouting. I could hear
 4 it over the semi engines. And it -- it reminded me of what
 5 it sounds like when you know, you're in an armored vehicle
 6 and it gets shot at.
 7 Q. Have you had that experience before? Being an
 8 armored vehicle and -- and it was shot at?
 9 A. I have had the experience of being in armored
 10 vehicles. And my vehicle was -- was not hit. But I have
 11 heard armored -- armored vehicles be hit by rounds.
 12 Q. Do you have a military background?
 13 A. Yes, ma'am. I was a US Navy Corpsman which is a
 14 medic. I spent roughly two years working in a Naval
 15 Hospital. And then I spent roughly two years with the
 16 Marine Corps as a combat medic.
 17 I was assigned to a field hospital in
 18 Afghanistan for eight months in Helmand Province where we
 19 were Second Echelon Medical Care which just means that we
 20 had ER and surgical capabilities that were limited to
 21 neurology.
 22 We -- we did not have a neurologist on -- on
 23 our site. I participated in roughly 400 major trauma
 24 situations where I participated in both ER and OR
 25 operations. So that's emergency room and operating room

Page 42

1 operations where we had roughly a 98 percent survival rate.
 2 Q. Wow, okay. When did you get back from
 3 Afghanistan?
 4 A. September of 2012.
 5 Q. Okay. And are you still in the reserves or did
 6 you remain in the military in some capacity?
 7 A. No, ma'am.
 8 Q. And when did you -- when did you completely
 9 discharge?
 10 A. I discharged from active service in 2013. My
 11 contract specified, inactive reserve. Which is fairly
 12 common.
 13 Q. Mm-hmm.
 14 A. For another four years, I believe. And what
 15 inactive reserve means, is that I'm not checking in with
 16 anybody. I'm not doing anything military. It's essentially
 17 if World War III were to pop off they could pull me back in.
 18 And I am out that now so ...
 19 Q. Okay. So you were still in inactive reserve maybe
 20 for the first year or so you were on -- a member of the APD
 21 force?
 22 A. No.
 23 Q. Do I have the timing right?
 24 A. No.
 25 Q. No?

Page 43

1 A. I believe that -- I believe that my discharge date
 2 from the inactive reserve was in 2017.
 3 Q. Okay. Oh, and you -- I -- I had the wrong date in
 4 my head. I was thinking you started 2016. But you started
 5 in 2018 at APD?
 6 A. Yes.
 7 Q. Okay. Okay. Does anything else on the overpass
 8 or at the scene -- it -- on May 30th remind you of -- I'm
 9 gonna just kind of use the phrase -- of just kind of a war
 10 zone like you had experienced?
 11 A. Yes. So to an extent somewhat even more than when
 12 I was in Afghanistan. Because I was in a --
 13 Q. Mm-hmm.
 14 A. -- medical unit. We were fairly sheltered from
 15 active attacks.
 16 Q. Mm-hmm.
 17 A. And so our -- our main thing was the medical side.
 18 This incident -- this riot felt -- felt like I had entered
 19 somewhat of a war zone.
 20 Q. Mm-hmm. And in what ways?
 21 A. We were mobilized to protect people who were
 22 attempting to exercise their legal rights to a grievance in
 23 a -- in a protest form. And a large group came out and
 24 chose violence in the form of throwing dangerous objects at
 25 us that had the potential to cause serious injury to us.

Page 44

1 And that felt like kind of being back in a
 2 war zone where we're there to protect people and there is
 3 this group that is tr -- actively attacking us for trying to
 4 protect that aspect of life.
 5 Q. So you're there to protect people and you feel at
 6 risk?
 7 A. Yes.
 8 Q. I imagine if it was tense before, at this point
 9 when you're on the bridge and you're hearing the bullets hit
 10 the semi-trucks and -- and things like that --
 11 A. That -- they were rocks hitting the semi-trucks --
 12 Q. I'm sorry not bullets. You said it sounded like
 13 bullets.
 14 A. Yes.
 15 Q. It reminded you of bullets. I'm sorry. Let me
 16 try that again.
 17 Yeah, if it was tense before when you're here
 18 on the overpass and you're hearing the rocks hit the
 19 semi-trucks and -- and seeing the crowd and kind of the way
 20 that some of them are interacting, I imagine there's an
 21 element of fear at this point for you of what's going to
 22 happen next?
 23 A. Absolutely.
 24 Q. Yeah, yeah, okay. The groups -- you kind of
 25 referenced some groups of protesters who decided to throw

Page 45

1 things or poss -- you know, in danger people I think were
 2 some of your words -- did that appear to be -- when you say
 3 "group" are you -- did it appear to be kind of an organized
 4 group that was out there to take a different, more violent
 5 approach?
 6 A. I would say that there was some level of
 7 organization to it. I -- I cannot -- I -- I -- I can only
 8 speculate on how organized it was. But we witnessed
 9 multiple occasions where you would have a group of people
 10 who were peacefully protesting and you would have one or two
 11 of them come out, agitate by throwing things, and then jump
 12 back into that group so we couldn't intervene.
 13 And from my perspective it -- it looked
 14 planned out. Like you had the small of group of people who
 15 were doing it the right way. And they were kind of that
 16 shield so that somebody could run out, try to hurt us or
 17 other people, and then run back in and intermingle with that
 18 group and -- and they were essentially protecting those
 19 people.
 20 Q. Talking about throwing things, we kind of talked
 21 about this a little bit earlier when we were talking about
 22 people throwing objects, and that really that meant any
 23 objects. What kinds of things were people throwing?
 24 A. Pardon me.
 25 Q. Like to -- actually, just -- no, let me be more

Page 46

1 specific and direct. Tell me everything that you remember
 2 seeing thro -- be thrown.
 3 A. Throughout the whole day? Or just at -- at that
 4 time?
 5 Q. If you can, tell me throughout the day from the
 6 time that you were on the overpass. But I don't need to
 7 know like there was a rock 2:31. There was a -- you know,
 8 just like what types of objects can you remember?
 9 A. Mostly rocks and broken pieces of concrete.
 10 Broken bricks, bottles filled with water, frozen water
 11 bottles, water bottles filled with urine, fireworks were
 12 thrown. It seemed like any hard object that could be thrown
 13 with force, was thrown. That -- that was either at their
 14 feet or staged.
 15 Q. And per direction from command, you guys were
 16 tasked with basically responding in the same way with the
 17 shotgun regardless of what was being thrown. Whether it was
 18 a rock, a water bottle filled with urine, a firework, a
 19 water bottle filled with water?
 20 A. Yes, ma'am. Because it is almost impossible to
 21 know what is being thrown and the level danger that it
 22 could -- sorry -- I just -- I lost the word that I was going
 23 to use. The level of danger that it could possibly possess.
 24 Q. And you say it's almost impossible to know what's
 25 being thrown, but you were able to distinguish things enough

Page 47

1 that you could give me a list just now.
 2 A. So the -- the list I gave you is because of what
 3 we discovered later. So when I -- I only know that there
 4 were bottles of piss because we found them after they had
 5 been thrown. You know, I -- I -- I know that there was
 6 fireworks because I witnessed the fireworks explode at
 7 officer's feet.
 8 Q. Mm-hmm.
 9 A. Obviously the rocks are -- are self-explanatory
 10 and the broken bricks and stuff like that. You know the
 11 frozen water bottles, once they land we can -- you know, we
 12 can see that they were frozen water bottles.
 13 Q. Mm-hmm.
 14 A. So what I'm trying to get across is in the moment,
 15 we -- we have no idea what that object is until it lands
 16 at -- or until it hurts somebody. So we have to assume
 17 based on that that everything that is thrown is dangerous.
 18 Because if we wait for it to land and then in -- investigate
 19 it and inspect it, at that point it could be too late.
 20 Q. Mm-hmm. Assume that everything that is thrown is
 21 dangerous. That was the kind of operating --
 22 A. Yes, ma'am.
 23 Q. Okay. I'm going to show you some video. Let me
 24 get my screen share on.
 25 A. Yes, ma'am.

Page 48

1 Q. So this has been Bates labeled as COA 4621 and
 2 identified to me as your body worn camera. If at any point
 3 during the video you determine that that's not what this is,
 4 please tell me. But I'm going to assume unless you tell me
 5 otherwise that this is correctly labeled as your -- your
 6 body cam, okay?
 7 A. Yes, ma'am.
 8 Q. Okay. And I'm going to jump around a little bit
 9 within the video. So what I'm going to try to show you is
 10 some of the time surrounding when Modesto Rodriguez and
 11 Tyree Talley were impacted. At this point I think that it's
 12 getting to be close to 9:00 p.m.
 13 A. Okay.
 14 Q. And I think based on the timeline that we've
 15 talked about, that you've probably been on the overpass for
 16 at least five hours. Does that -- does that sound right?
 17 A. That -- that's very poss -- that's very probable.
 18 I -- we sat on the -- I'm sorry. We sat on the north side
 19 of the proper for a while facing a row of -- an apartment
 20 complex. So we weren't -- we were on the 35 for a long
 21 time. It wasn't the -- the entirety wasn't on the -- the --
 22 the bridge overpass.
 23 Q. Okay.
 24 A. I -- I don't exactly which one it is. I
 25 apologize.

Page 49

1 Q. Okay. Once you were stationed on the bridge
 2 overpass with the -- the shotgun kind of looking out for
 3 people throwing objects, did you take breaks?
 4 A. In -- in what sense do you mean? Are you saying
 5 did we take collective breaks? Like did we switch out huge
 6 groups? Or individually, did we step back and -- and -- and
 7 rest for a couple minutes at a time?
 8 Q. Okay. More specifically about you. Whether that
 9 happened because a group was relieved or you stepped back,
 10 you can tell me. But did you personally take breaks?
 11 A. If I remember correctly, we -- there was one break
 12 where we went from the north side of the 35 down to the 250
 13 building. Which is where a lot of our maintenance is done.
 14 Q. Mm-hmm.
 15 A. And we were sat in the shade for a short period of
 16 time before we moved back onto the bridge. However, with
 17 that being said, we did this for a couple of days in a row.
 18 And that was one of the typical spots where we were -- we
 19 were given time to take breaks. So that could kind of be
 20 meshing together.
 21 Q. Okay.
 22 A. If that makes sense. So I --
 23 Q. Like what specific day that happened or --
 24 A. Yes. So I -- I -- I can't remember if -- if we
 25 took a break in -- at 250 that day. Or if it was the next

Page 50

1 day or if it was both.
 2 Q. Mm-hmm.
 3 A. I know that there were multiple days where we
 4 would be on line and after a couple of hours we would come
 5 in and we'd -- we'd sit down and we'd rest at least in the
 6 shade for you know, 45 minutes or so.
 7 Q. Okay. What if -- like what if you needed to go to
 8 the bathroom? Did you just hold it? Or what -- what did
 9 you do?
 10 A. I honestly -- I don't remember. I know -- I -- I
 11 think when we -- when we -- when we took our break at 250 I
 12 used the bathroom in there.
 13 Q. Mm-hmm.
 14 A. I remember because -- I remember -- I -- I -- I at
 15 least took a break in that bath -- and used that bathroom --
 16 Q. Mm-hmm.
 17 A. At some point throughout the multiple days of
 18 protesting because it was so hot and they had one of those
 19 old-fashioned like round sinks where you'd press the foot
 20 pedal --
 21 Q. Mm-hmm.
 22 A. -- and it put water out all around. And I
 23 remember thinking to myself, it's hot enough that part of me
 24 wants to climb into this sink and just soak myself so I can
 25 cool off. And you know, face the judgment of my coworkers

Page 51

1 for climbing into a bathroom sink.
 2 Q. Yeah, yeah, okay. What about water or Gatorade or
 3 something. Did you have access to something to drink?
 4 A. I believe that officers were coming up in vans or
 5 patrol cars with bottles of water and -- and maybe Gatorades
 6 to -- to keep us somewhat hydrated.
 7 Q. Mm-hmm. I wonder who got to have that role?
 8 A. I wish -- I wish it would've been me.
 9 Q. Yeah. Now, you ate some pizza when you first got
 10 to the staging area. Did you eat again before you went off
 11 duty?
 12 A. I don't recall. I don't believe so. I -- I
 13 remember being --
 14 Q. Mm-hmm.
 15 A. -- incredibly hungry that night when we finally
 16 did get off.
 17 Q. Mm-hmm. Okay. So here we are around nine
 18 o'clock. I'm going to scroll to about the 10:20 mark, if I
 19 can get there. So I'll start at 10:15 and I think that the
 20 incident involving Modesto is going to happen pretty
 21 quickly. I can replay this more than once for you, but if
 22 we can try to pay attention to what we see and what we hear.
 23 A. Okay.
 24 Q. Okay.
 25 (Video playing.)

Page 52

1 Q. (BY MS. JOSEPH) I think I just heard someone say
 2 "red shirt." Did you hear that?
 3 A. I actually don't have audio on my side.
 4 Q. Because I probably didn't turn on audio. Let me
 5 try this share again. I'm sorry about that -- sound.
 6 Okay. Thank you, for telling me that. Let
 7 me try this one more time. Okay, starting again at 10:15.
 8 Do you hear the noise?
 9 A. Yes, ma'am.
 10 Q. Okay. Did you hear the "red shirt" that time?
 11 A. Yes, ma'am.
 12 Q. Was that you or someone else?
 13 A. I honestly don't know. It kind of sounded like
 14 me, but I'm not sure.
 15 Q. Okay. It seems like somebody is saying that to
 16 kind of say to the officers, that's somebody that I'm
 17 targeting, I want draw your attention to this person. Do
 18 you think that's what's happening?
 19 MR. LAIRD: Object to the form.
 20 Q. (BY MS. JOSEPH) Let me ask you a different way.
 21 Why would be somebody identifying a specific individual here
 22 in the line?
 23 MR. LAIRD: Object to the form. You can
 24 answer it if you can.
 25 THE WITNESS: It is common practice for us

Page 53

1 when we have you know, even one or two individuals, if any
 2 officer sees somebody doing something that we believe might
 3 need some sort of police action to be taken, for us to call
 4 out some sort of identifiable marker so that the officers
 5 around us can -- can all get eyes on. And so that we're
 6 seeing the same thing.
 7 So that you know, we don't just say something
 8 like "guy" and there's you know, 15 guys and now you have
 9 six or seven officers or even one other officer like, "Which
 10 one? What are you seeing? What are you seeing?" So --
 11 Q. Mm-hmm.
 12 A. -- we -- we try to -- to put out a descriptor if
 13 we see something. And that's just to get everybody's
 14 attention so that we kind of have that second, third, or
 15 fourth eye that we are all seeing the same thing that's
 16 happening.
 17 Q. Okay. And that's what this sounds like to you
 18 here? Somebody putting out a descriptor to draw attention
 19 of other officers?
 20 A. Mm-hmm. Yes, ma'am.
 21 Q. Okay. Do you know -- do you know at this point
 22 who is standing next to you?
 23 A. I don't -- I don't remember.
 24 Q. Mm-hmm. And I know we've talked some about did
 25 you know the people in the van, stuff like that, but I don't

Page 54

1 know if I asked you with respect to here on the overpass.
 2 Do you know any of the folks around you at this point?
 3 A. So if -- if I may, can I -- can I ask
 4 clarification? Are you asking if I -- if I know them like
 5 I've been standing next to them for the last hour or two?
 6 Or if I know them like I've run into them multiple times and
 7 had conversations with them?
 8 Q. Good question. Do you know their name?
 9 A. I don't remember.
 10 Q. Okay. Okay.
 11 A. And you know, it -- I -- I -- there was multiple
 12 members of my shift around me. You know maybe they were one
 13 officer away from me or a couple, but I -- I can't recall if
 14 I knew specifically the person who was next to me and their
 15 name.
 16 Q. Okay. Can you recall any specific names of people
 17 who you knew that were also there? Whether they were next
 18 to you or not?
 19 A. Yes, my shift. Everybody on my shift as far as
 20 I'm aware. And a few of the people that I went to the
 21 Academy with. I saw them you know, randomly throughout the
 22 day. I said hi.
 23 Q. Mm-hmm.
 24 A. I -- because of the military I have -- my knees
 25 get sore fairly easy if I just stand in a sing -- single

Page 55

1 spot. So I tried to walk around my area a little bit just
 2 to not get as much knee pain. And so throughout the time
 3 that I was up on the 35, I was walking back-and-forth. And
 4 if I saw somebody that I knew I would say hi.
 5 Q. Mm-hmm.
 6 A. And strike up conversation if -- if nothing -- if
 7 nobody was actively doing anything that needed attention.
 8 Q. And the atmosphere as you were doing that, was it
 9 kind of like in the Sprinter van? Tense, but some joking
 10 going on to kind of manage the situation? Or what was the
 11 atmosphere like?
 12 A. Yes. So we are trying to -- we are trying to
 13 minimize the chaos around us by -- whether it be using
 14 humor, whether it be using sarcasm to cope with just how
 15 insane and chaotic things were. That's what the military
 16 taught me. That's what being a police officer's taught me.
 17 And -- and that's -- that's how you -- that's
 18 how I and -- and many people in my profession prevent from
 19 getting locked in too much to a very specific point.
 20 Because that can become dangerous. Does that -- does that
 21 make sense or do you need me to elaborate?
 22 Q. I may need you -- you to explain the locked in
 23 part a little bit more. Yeah.
 24 A. So hyper-focused, tunnel vision --
 25 Q. Mm-hmm. Okay.

Page 56

1 A. -- upon a singular thing or topic --
 2 Q. Mm-hmm.
 3 A. -- that can be very dangerous in -- in our
 4 profession because we have to kind of look at the -- the
 5 broader picture in order to maintain safety. If we focus
 6 too much on a singular issue or a singular thing, people can
 7 take it advantage of that and hurt us or other people.
 8 Q. Okay. Okay. So the -- the sarcasm or the joking,
 9 that's kind of a generally taught and accepted way to manage
 10 this sort of experience?
 11 A. Yes.
 12 Q. Okay. I'm going to play video some more. And I
 13 think we'll see -- I don't think we're gonna see Modesto. I
 14 think we're going to hear some shots. But let's -- let's
 15 see what we're able to see.
 16 A. Yes, ma'am.
 17 (Video is playing.)
 18 Q. (BY MS. JOSEPH) Actually I think that you're
 19 going to be able to see him kind of around here. So I'm
 20 going to draw your attention to that area of the video.
 21 A. Okay.
 22 Q. And I'm actually going to back it up a little bit,
 23 okay?
 24 A. Okay.
 25 Q. It's hard to see from your -- your body cam and

Page 57

1 hard to hear, but after I heard "red shirt" I think a little
 2 while later I heard, "Red shirt on the ground." Did you
 3 hear that?
 4 A. Kind of. I -- I don't -- I heard "red shirt"
 5 again, but I couldn't determine what was said after that.
 6 Q. Okay. Here I can play it again -- whoops. Sounds
 7 like, red shirt on the ground, mumble, mumble, throwing a
 8 bunch of -- excuse my language -- shit.
 9 Is that -- do you hear that?
 10 A. Yes, ma'am.
 11 Q. Is that your voice?
 12 A. I don't think that was my voice, no.
 13 Q. Okay. We see in the clip that we just watched
 14 from -- and I'm looking at the mark on the -- the playback,
 15 as opposed to the mark on your body cam. From about the
 16 10:15 to the 10:39 mark.
 17 We saw the line of officers that you're a
 18 part of, targeting and -- and discharging the shotguns,
 19 right?
 20 A. Yes.
 21 Q. Did you fire your shotgun?
 22 A. Yes.
 23 Q. During that clip? Okay. Do you know how many
 24 times?
 25 A. I believe it was just once.

Page 58

1 Q. Okay. And I think we saw the person next to you
 2 fire. Did you -- were you able to see that in the video?
 3 A. Yes, ma'am.
 4 Q. The person to your right?
 5 A. Yes, ma'am.
 6 Q. Okay. And we heard more than two shots?
 7 A. Yes. I think so.
 8 Q. Okay. Do you remember whether you fired at
 9 Mr. Rodriguez before or after he was on the ground?
 10 A. I do not.
 11 Q. Okay. So it could have been either?
 12 A. It could've been.
 13 Q. Okay. Let me -- well, let me ask you this -- did
 14 you see Mr. Rodriguez engage in any behavior before you
 15 began to target him?
 16 MR. LAIRD: Object to the form. You can
 17 answer.
 18 THE WITNESS: I -- I don't know.
 19 Q. (BY MS. JOSEPH) Okay. It's possible that this
 20 was one of those situations where someone on the line saw
 21 something and called out to draw other eyes to it?
 22 A. Yes.
 23 MR. LAIRD: Objection to the form.
 24 Q. (BY MS. JOSEPH) Okay. So it's possible that you
 25 didn't -- and I'll just -- we haven't said this out loud,

Page 59

1 but a lot of the conversation in this case is around
 2 Mr. Rodriguez throwing a water bottle. And is -- are you
 3 aware of that fact?
 4 A. I am aware that there's video of one of -- one or
 5 both of the gentlemen throwing things.
 6 Q. Okay. So you may or may not have seen
 7 Mr. Rodriguez throw something?
 8 A. I decided very early on in this situation that I
 9 would not be firing unless I physically saw somebody throw
 10 something. I -- what's the word I want to use?
 11 I -- I took the order to be what it was. If
 12 I see somebody throw something then I will impact. So if I
 13 fired my weapon then I -- I visibly saw somebody throw
 14 something.
 15 Q. Okay. Even though you don't necessarily recall
 16 this particular instance that is the practice you were
 17 following?
 18 A. Yes, ma'am.
 19 Q. Okay. I can't see it on this video, Officer
 20 Wright, I have seen another video where it appears to me
 21 that I can see Mr. Rodriguez walk up to a water bottle
 22 that's on the street and pick it up before throwing
 23 something. And it looks, although, I can't see it on your
 24 body cam because various times it's covered up, it looks
 25 like you would have a vantage point to have been able to see

Page 60

1 that.
 2 Do you remember when you first laid eyes on
 3 Mr. Rodriguez? Whether it was before or after he picked up
 4 the bottle?
 5 A. I -- I do not.
 6 Q. But from your vantage point, it would have been
 7 evident -- evident to you that what he had in his hand was
 8 a -- a water bottle as opposed to say a brick or a rock?
 9 A. I -- I don't know. That's fairly far. It -- I --
 10 I don't know that I would be able to identify it if it was a --
 11 if it was a water bottle or something else.
 12 Q. Okay. How far do you think that distance is from
 13 where you're standing to where Mr. Rodriguez is -- is
 14 standing?
 15 A. I couldn't --
 16 Q. I'm actually going -- I'm sorry -- I realize I'm
 17 going to ask about two different points. So let me ask you
 18 first, just for estimate purposes -- I wish I could make a
 19 mark, but I'm just kind of just -- here, let me see if I can
 20 make a mark.
 21 Let's kind of estimate there as the first
 22 point. And then over here -- oops, there's a big "2" -- as
 23 the second point. So how far do you think you are from that
 24 "X?"
 25 A. I'm not entirely sure. Maybe 15 or 20 yards,

Page 61

1 possibly.
 2 Q. Okay. I'm just -- give me just a moment to
 3 save -- am I showing my email right now? Okay, I'm just
 4 going to try to save a picture that I just drew on there for
 5 us. Okay. And you said how many yards?
 6 A. It could be possibly around 15 or 20 yards.
 7 Q. Okay. Now, the "2" -- did I put it back on the
 8 screen where you can see it again?
 9 A. Yes, ma'am.
 10 Q. How far do you think are from the 2?
 11 A. Maybe just slightly farther. Just with the way
 12 that the road curves, it could be slightly closer.
 13 Q. Okay. So a little bit closer of a little bit
 14 farther?
 15 A. Yeah. I -- I -- I can't really determine just
 16 the --
 17 Q. Okay.
 18 A. -- the way the road curves and where they are on
 19 the median.
 20 Q. Okay.
 21 A. Wherever that is.
 22 MR. LAIRD: I'm going to mark that. Just so
 23 that we have it for reference as Exhibit two to your
 24 deposition.
 25 (Exhibit No. 2 was marked.)

Page 62

1 Q. (BY MS. JOSEPH) What -- what is the maximum
2 effective distance of this shotgun that you're holding at
3 the time?
4 A. I--
5 MR. LAIRD: Let me -- Leigh, let me make sure
6 I understand what you're asking. Are you talking about the
7 shotgun using the less-lethal munitions?
8 MS. JOSEPH: Yes. And I tried to clarify
9 that, Gray. But thank you for --
10 MR. LAIRD: I just want to make sure.
11 MS. JOSEPH: -- for coming in. That is what
12 I'm talking about. Mm-hmm.
13 THE WITNESS: I don't recall because since
14 then we have changed munitions and changed our distances.
15 At least once. So I -- I -- I cannot definitively say what
16 it was at that time. I want to say it was no more than a
17 hundred feet. But I can't -- I can't definitively recall.
18 Q. (BY MS. JOSEPH) Okay. When you changed the
19 distances in munitions did the distances get shorter or
20 longer?
21 A. Again, I -- I can't remember if the -- if the new
22 rounds that we got are -- can go further or -- or don't. I
23 -- I don't think that they go as far because --
24 Q. Mm-hmm.
25 A. -- they are a lighter round.

Page 63

1 Q. Okay.
2 A. So I -- I -- I can't -- I can't remember.
3 Q. Okay. Do you have any understanding of the
4 reasoning behind the change?
5 A. I -- I don't -- I don't.
6 Q. Okay. And do you know far the current rounds --
7 the maximum effective distance of the current rounds,
8 whatever they are?
9 A. I -- I -- I do not because although I have been
10 trained every year since on the rounds, I -- because of this
11 incident, I really don't ever want to use these weapons
12 again. So I qualify with them. And I don't check them out
13 anymore.
14 So I don't -- I don't lock those into my
15 memory bank because I -- I don't check them out or use them
16 anymore.
17 Q. Why don't you want to use them anymore?
18 A. This entire incident just created a lot of stress
19 and anxiety for doing my job and doing what I believe is --
20 was -- was right to protect people and this city.
21 And the hassle of that weapon system and how
22 scrutinized it has become. I -- no offense to you I -- I
23 don't want to go through this again.
24 Q. No offense taken. I -- yeah, yeah. When you see
25 you know -- let me put it back up. Give me just a second.

Page 64

1 When you see what happened to Modesto -- you
2 know, we just watched some -- some shots getting fired. Do
3 you feel like this is an appropriate consequence for
4 throwing a bottle of water?
5 MR. LAIRD: Object to the form. You can
6 answer.
7 THE WITNESS: As I stated before, there's
8 really no way for us to determine what is being thrown, what
9 is in those in bottles. From my prior experience, I know
10 that for instance, a true Molotov cocktail is two chemicals
11 with a breakable device inside that once mixed explode. But
12 it can look as innocuous as a water bottle.
13 I believe that this is an appropriate
14 response to riotous behavior. When we, as I said before,
15 cannot determine in the split seconds that we have watching
16 these objects being thrown of how much damage they could
17 potentially cause to not only the innocent people that are
18 trying to peacefully protest, but even other agitators and
19 other officers.
20 Q. A Molotov cocktail can't be in a plastic bottle
21 though can it? Doesn't it have to be in glass?
22 A. No.
23 Q. Okay.
24 A. It can be in plastic bottle. That -- that's what
25 I was saying.

Page 65

1 Q. Okay.
2 A. A Molotov cocktail is commonly shown as like a
3 liquor bottle with a rag in it that you have to light on
4 fire.
5 Q. Okay.
6 A. A true Molotov cocktail needs no fire. It's two
7 chemicals that are mixed together.
8 Q. Mm-hmm.
9 A. That when the -- when one of the chemicals -- like
10 ampule is broken on the inside --
11 Q. Mm-hmm.
12 A. -- and it mixes with those chemicals --
13 Q. Mm-hmm.
14 A. -- it becomes an explosive. So it would be a
15 very --
16 Q. Mm-hmm.
17 A. -- effective way to put it in a water bottle as
18 long as you could verify -- or as long you could guarantee
19 that the -- the chemicals mixed.
20 Q. Have you seen that done before?
21 A. Not here in Austin, no.
22 Q. Okay. Would you classify Mr. Rodriguez here as a
23 rioter?
24 A. If he was throwing objects, yes.
25 Q. Okay. Would you classify him as a violent

<p style="text-align: right;">Page 66</p> <p>1 protester?</p> <p>2 A. If he was throwing things, yes.</p> <p>3 Q. Okay. And by throwing things we're talking about</p> <p>4 a bottle of water?</p> <p>5 A. Anything, yes.</p> <p>6 Q. Okay. Would you classify him as an aggressive</p> <p>7 resistor?</p> <p>8 A. Again, if he's -- if he's throwing objects, yes.</p> <p>9 Q. What's the difference, if any -- and I -- I -- I</p> <p>10 took these words -- I think you said the word rioter and</p> <p>11 some of these other words I've taken from reports and from</p> <p>12 general orders -- the APD policy.</p> <p>13 What's the difference between a rioter, a</p> <p>14 violent protester, and an aggressive resistor, if any?</p> <p>15 A. Give me those three terms again just because I --</p> <p>16 I want to make sure I get them correctly. So we have</p> <p>17 rioter --</p> <p>18 Q. Rioter, violent protester, and aggressive</p> <p>19 resistor.</p> <p>20 A. Okay. So I would say that a rioter and a violent</p> <p>21 protester are the same. A violent protester is what I</p> <p>22 believe to be the politically correct term that has been</p> <p>23 bestowed upon people who participate in riots to try and</p> <p>24 minimize what they're doing.</p> <p>25 And an aggressive resistor is someone who --</p>	<p style="text-align: right;">Page 68</p> <p>1 A. Yes.</p> <p>2 Q. Okay. But you didn't do either one of those</p> <p>3 things?</p> <p>4 A. No.</p> <p>5 Q. Did you go to his aid after he was injured?</p> <p>6 A. No.</p> <p>7 Q. Did you see any member of APD go to his aid?</p> <p>8 A. No.</p> <p>9 Q. Do you think that -- well, not do you think, but</p> <p>10 was Modesto Rodriguez's behavior in throwing the water</p> <p>11 bottle criminal?</p> <p>12 A. Yes.</p> <p>13 Q. Okay. And how was it criminal? What was the</p> <p>14 violation?</p> <p>15 A. Participating in a riot.</p> <p>16 Q. Okay. So I have the Penal Code definition of riot</p> <p>17 in front of me from 42.02 and I want to ask you a little bit</p> <p>18 more about that.</p> <p>19 MR. LAIRD: And Leigh, if -- are -- if you're</p> <p>20 finished with that --</p> <p>21 MS. JOSEPH: I can take in down, yes.</p> <p>22 MR. LAIRD: Yeah. Just so it helps me see</p> <p>23 what's -- there we go, thank you.</p> <p>24 MS. JOSEPH: Yeah. Uh-huh.</p> <p>25</p>
<p style="text-align: right;">Page 67</p> <p>1 that that would be what I would consider a generalized term</p> <p>2 for like, use of force. In the sense that if we were trying</p> <p>3 to effect an arrest and they are actively resisting and</p> <p>4 being aggressive, they're not just like pulling away from</p> <p>5 us, but they're actively trying to fight us.</p> <p>6 Q. Okay. Now, I hear that, but if I understand you</p> <p>7 correctly, it raises another question for me. Because</p> <p>8 nobody tried to arrest Modesto Rodriguez at any point on</p> <p>9 this night, right?</p> <p>10 A. Not that I'm --</p> <p>11 Q. You may not have that knowledge. Yeah, not that</p> <p>12 you're aware. Okay.</p> <p>13 So if nobody's trying to arrest him, how can</p> <p>14 be an aggressive resistor?</p> <p>15 A. I -- I don't know. I -- I was -- I was -- I guess</p> <p>16 I was linking those terms in my mind before I wrote them out</p> <p>17 and acted.</p> <p>18 Q. Mm-hmm.</p> <p>19 A. And -- and kind of took the time to define them to</p> <p>20 myself.</p> <p>21 Q. Okay. Do you believe that you had cause to arrest</p> <p>22 Modesto Rodriguez?</p> <p>23 A. Yes.</p> <p>24 Q. Okay. If you cause to arrest him I'd assume that</p> <p>25 you believe you had cause to detain him?</p>	<p style="text-align: right;">Page 69</p> <p>1 Q. (BY MS. JOSEPH) Just if I think I'm playing a</p> <p>2 video on it's not on your screen tell me to put it back on</p> <p>3 the screen.</p> <p>4 A. Absolutely.</p> <p>5 Q. All right. Okay, so looking at the Penal Code</p> <p>6 definition of riot I see, "assemblage of seven or more</p> <p>7 persons resulting in conduct which," so first let me ask you</p> <p>8 about seven or more because I see Modesto as one individual</p> <p>9 acting alone. Do you agree with that --</p> <p>10 A. No.</p> <p>11 Q. -- analysis? No.</p> <p>12 Okay. So what seven -- what group of seven</p> <p>13 are more persons is he a part of here?</p> <p>14 A. So he's part of the entire group of -- of</p> <p>15 everybody surrounding the Main and on Eighth Street.</p> <p>16 Q. Okay.</p> <p>17 A. Just because it is scattered out does not mean</p> <p>18 that it is a -- it is not a singular group.</p> <p>19 Q. Okay. And does everybody in the group have to be</p> <p>20 engaging in the behavior that -- that is defined as -- as</p> <p>21 riotous in order for it to be a riotous group? Or only some</p> <p>22 people?</p> <p>23 A. It sounds like it is a minimum of seven.</p> <p>24 Q. Okay. And it says, "which creates an immediate</p> <p>25 danger of damage to property or injury to persons."</p>

Page 70

1 And these are some "or" statements. So let's
 2 say this or this or this.
 3 So, "creates an immediate danger of damage to
 4 property or injury to persons."
 5 When I ask about this I want -- carefully
 6 note the difference between risk of danger and actual
 7 immediate danger. So in throwing the water bottle I believe
 8 that you've already expressed to me opinions that can make
 9 me understand that you believe that created a risk of
 10 danger; is that right?
 11 A. Yes.
 12 Q. Okay. In throwing the water bottle did
 13 Mr. Rodriguez create immediate danger of damage to property
 14 or injury to persons?
 15 A. I believe so, yes.
 16 Q. Okay. Or "substantially obstructs law enforcement
 17 or other governmental functions or services."
 18 In throwing the water bottle that landed on
 19 the ground did Modesto Rodriguez substantially obstruct law
 20 enforcement or other governmental functions or services?
 21 A. I would say that he was a part of the entire group
 22 that was preventing us from maintaining law and order in the
 23 area.
 24 Q. Okay. Just by virtue of being there?
 25 A. Mm-hmm.

Page 71

1 Q. Okay.
 2 A. So for instance, everybody standing in the street,
 3 they're obstructing the highway. You know, they were told
 4 to disperse multiple times.
 5 Q. Okay. So that one gets kicked -- gets checked off
 6 not because he threw the bottle, but because he's there?
 7 A. Because he's there and because he threw the
 8 bottle.
 9 Q. Okay.
 10 A. Because when situations did arise were we needed
 11 to bring in ambulances or other officers or fire departments
 12 we had to mobilize entire other groups to try to wade
 13 through the crowds so that those other first responders
 14 could -- could get to places. So I would say that the
 15 entire crowd is doing what you explained.
 16 Q. Okay. Okay. So that one is by virtue of being a
 17 part of the crowd. Anybody who's there substantially
 18 obstructs law enforcement or other governmental functions or
 19 services?
 20 A. Yes.
 21 Q. Okay. And in the last one, the "or" -- or "by
 22 force, threat of force, or physical action deprives any
 23 person of a legal right or disturbs any person in the
 24 enjoyment of a legal right."
 25 Did -- does Modesto Rodriguez's behavior in

Page 72

1 throwing the water bottle meet that criterion?
 2 A. You did say disturbs other peoples rights to the
 3 peaceful protest, right? Or -- or --
 4 Q. "Disturbs any person in the enjoyment of a legal
 5 right."
 6 A. Yes. So -- so I believe that his actions throwing
 7 things -- causing that to -- you know, being one of the
 8 people who caused that to be a riot is doing just that.
 9 It's not allowing the people who are there
 10 for the right reason. And for the reason to legally protest
 11 to enjoy that because of the agitators.
 12 Q. Okay. Now, I'm going to circle way back. I'm
 13 going to put this picture back up. And this time I'm not
 14 asking you about what you thought in the moment. I'm asking
 15 you about now that it's over and you have more facts at hand
 16 than you did in the moment.
 17 Now, that you're sitting here in this
 18 deposition, you're looking at this picture of Modesto
 19 Rodriguez, you know that what he threw was a water bottle
 20 with water in it. Do you think that this is an appropriate
 21 consequence for the behavior that he engaged in?
 22 MR. LAIRD: Object to the form. You can
 23 answer.
 24 THE WITNESS: Yes.
 25 Q. (BY MS. JOSEPH) You do?

Page 73

1 A. I do.
 2 Q. Okay.
 3 A. This was the only way for us to maintain some
 4 semblance of order.
 5 Q. Okay. How do you feel about what happened to
 6 Modesto?
 7 MR. LAIRD: Object to the form.
 8 THE WITNESS: I feel like it was very easy to
 9 go there and make your voice heard without becoming an
 10 agitator. There were plenty of people who did it. There
 11 are plenty of people who still do it. It looks like --
 12 Q. (BY MS. JOSEPH) I have to follow -- sorry, go
 13 ahead.
 14 A. It -- it looks like he chose to be an agitator and
 15 try to ruin that for everybody else.
 16 Q. I have to follow-up on your choice of words.
 17 "Make your voice heard." Do you know that Modesto Rodriguez
 18 is deaf?
 19 A. No. Actually, I'm sorry, yes. I -- I was told
 20 that.
 21 Q. I'm going to give you some background. And this
 22 is coming from me from what I've seen in the videos, so take
 23 it you know, as you will, with a grain of salt. But Modesto
 24 Rodriguez, who's deaf, had just seen a vehicle driving on
 25 these streets in a way that he testified, he felt was

Page 74

1 dangerous and threw the bottle after he saw that.
 2 Does knowing that background about him change
 3 any -- I mean that's his testimony about his background,
 4 right? I'm just sharing with you what has been said. Does
 5 knowing that background about him change anything about the
 6 way that you evaluate his actions now after the fact?
 7 MR. LAIRD: Object to the form. You can
 8 answer it if you can.
 9 THE WITNESS: I -- that's -- I -- I don't
 10 know how to answer that because I -- I -- I'm not prevue
 11 [verbatim] to what he's thinking and why he's doing that.
 12 Or why he thinks that throwing a -- a bottle at a vehicle
 13 would somehow change that behavior.
 14 Q. (BY MS. JOSEPH) Okay. Okay. I just wanted to
 15 ask. So let me go -- let me find our video. Do you --
 16 would like to take another break, Officer Wright?
 17 A. Do you mind if we take like -- like just ten
 18 minutes so I can use the restroom and -- and whatnot.
 19 MS. JOSEPH: Sure. Let's take ten minutes.
 20 We'll come back at -- somebody do the math -- 12:16.
 21 THE WITNESS: Sounds good to me.
 22 MS. JOSEPH: Okay.
 23 VIDEOGRAPHER: We're off the record. The
 24 time is 12:06 p.m.
 25 (Recess was taken.)

Page 75

1 VIDEOGRAPHER: All right. We are back on the
 2 record. The time is 12:17 p.m.
 3 Q. (BY MS. JOSEPH) All right. Officer Wright, we're
 4 back from a short break. And I'm going to share my screen
 5 and return to the video that we were looking at earlier.
 6 A. Yes, ma'am.
 7 Q. So we'll just pick up where we left off here at
 8 about 10:39 on the play bar.
 9 (Video playing.)
 10 Q. (BY MS. JOSEPH) What do you think is covering up
 11 your camera?
 12 A. It's probably my arm.
 13 Q. Okay.
 14 A. So by that time I had been holding a shotgun for
 15 a -- for a while and so my arms were -- were getting tired
 16 and my shoulders were getting tired. So I was constantly
 17 kind of just moving around so I could hold the weapon in a
 18 way that you know, I could give certain muscle groups a
 19 break.
 20 Q. Mm-hmm.
 21 A. And it took me about -- took me a few minutes to
 22 realize that somehow my Pandora got activated. And so
 23 that's why there's music in my background. That was not
 24 intentional in any means. I had put my phone away and --
 25 because my han -- my fingers -- fingers were sweaty it

Page 76

1 activated my Pandora. And I couldn't figure out where that
 2 music was coming from. I thought it was actually a boom box
 3 down below.
 4 And then I realized that my pocket was
 5 lighting up and, oh, okay. So my phone's --
 6 Q. Okay.
 7 A. -- here is projecting Pandora directly into my
 8 body cam. So I apologize about that.
 9 Q. Okay. You anticipated one of my questions. So
 10 you didn't put on your -- your jams for the protest?
 11 A. No. Not at all.
 12 Q. Yeah, okay.
 13 A. As -- as a matter of fact I -- I think that you
 14 might hear me maybe utter a swear word, realizing that my
 15 Pandora is on and being somewhat frustrated with myself
 16 about it.
 17 Q. Okay. All right. Let me resume play here. So I
 18 may have cut it off in the middle of the conversation. That
 19 might have been the end. But I think heard an exchange
 20 possibly between you and another officer. Kind of talking
 21 about who's looking where. Did you hear that conversation?
 22 A. A little bit. If you don't mind just playing it
 23 again. So -- I'm sorry -- I was trying to -- I was more
 24 focused on looking at the screen to see -- I -- I was
 25 wondering if --

Page 77

1 Q. Sure. Okay. Yeah.
 2 A. So now that I know what I'm supposed to be
 3 listening for.
 4 Q. Yeah. So for this part focus on audio.
 5 A. Okay.
 6 Q. Yeah. I'll go back a little bit. I went all the
 7 way back.
 8 A. Yeah, no, you're fine.
 9 Q. Let me see here. Try there. I'm going to pause
 10 it there and ask you kind of generally about that
 11 conversation, but unfortunately I have to switch my AirPods
 12 first. Give me just one second.
 13 A. You're fine.
 14 Q. Can you hear me?
 15 A. Yes, ma'am. You are slightly -- slightly lower
 16 than you were before, but I can hear you.
 17 Q. Okay. I think I have got it.
 18 MS. JOSEPH: Can y'all hear me now?
 19 THE WITNESS: Yes, ma'am.
 20 MS. JOSEPH: See if I can hear you. Can we
 21 go off the record?
 22 VIDEOGRAPHER: It's 12:24 p.m. We are off
 23 the record.
 24 (Recess was taken.)
 25 VIDEOGRAPHER: All right. We are back on the

Page 78

1 record. The time is 12:26 p.m.
 2 Q. (BY MS. JOSEPH) All right. I had a little
 3 technical difficulty. I'm going to apologize in advance if
 4 you guys hear background noise since I don't have the -- the
 5 AirPods in. But let me ask you now if you haven't forgotten
 6 what I just showed you.
 7 Did you hear a conversation, Officer Wright,
 8 amongst some officers maybe talking about where to look or
 9 who was doing what?
 10 A. Yes, ma'am.
 11 Q. Okay. What was -- what was kind of going there?
 12 A. So I don't know who it was, but we kind of
 13 collectively established that we realized that we had two or
 14 three less-lethal weapons in fairly close proximity. And to
 15 prevent all of us targeting the same person at the same time
 16 we set up the -- the only word I know is from the military
 17 it's -- it's called a field of fire.
 18 And so from where you're standing it's a cone
 19 -- an outward cone shape. And so you have your lateral
 20 limits. So you have a right lateral limit and a left
 21 lateral limit. And your area of responsibility is within
 22 that cone. And kind of nothing else unless you know,
 23 there's an emergency.
 24 So it sounds like we were setting up these
 25 kind of areas -- that -- that's what we'll call them. We'll

Page 79

1 call them areas of responsibility to focus on so that we
 2 didn't have -- so we -- we -- we're communicating better so
 3 that we didn't have multiple people impacting the same
 4 person.
 5 Q. Okay. Okay. So 'cause that was kind of my
 6 question. Is this a watch area? Or a target area? Or
 7 both? So you're -- it sounds like both.
 8 A. Yes, ma'am.
 9 Q. So you're not like watching over there and then
 10 someone calls out that they saw something the other way and
 11 you go over there and aim. You're focused on your kind of
 12 designated area?
 13 A. Yes, ma'am.
 14 Q. Okay. Okay. Let me continue the playback.
 15 (Video playing.)
 16 Q. (BY MS. JOSEPH) I have to stop there. We heard
 17 the conversation I think about some marijuana use?
 18 A. I didn't hear that actually.
 19 Q. Oh, okay.
 20 A. That didn't come through.
 21 Q. Let me -- you do hear the sound?
 22 A. I do -- I hear your sound. I don't hear --
 23 Q. Don't hear the video? Okay.
 24 A. No, ma'am.
 25 Q. Let me try again. Do you hear the sound now?

Page 80

1 A. Yes, ma'am.
 2 Q. Okay. Did you hear that? "Somebody's burning
 3 some good hemp"?
 4 A. Yeah. That was me.
 5 Q. Okay. I think that's a reference to somebody
 6 probably using some marijuana somewhere in your vicinity?
 7 A. Yes, ma'am.
 8 Q. Did you arrest anybody for -- for drug possession
 9 or use?
 10 A. No, ma'am. That was actually the reason for my
 11 sarcasm. At the time, the -- I can't remember if it was the
 12 state or the City of Austin itself -- had began [verbatim]
 13 their transition of -- well, so the City of Austin had began
 14 of decriminalizing marijuana even more than they already
 15 had.
 16 And I think the state had just enacted
 17 something about they -- they allow hemp farming. And the
 18 kind of -- the general consensus was -- is if your burn hemp
 19 and you burn marijuana you know, you really can't tell the
 20 difference. And that that's what we were told you know.
 21 And so it became kind of a running joke with
 22 my squad at that point that anytime we smelled what we
 23 believed to be marijuana because the city didn't want us to
 24 do anything about it in our department. Didn't really allow
 25 us to do anything about it. You know we would make light of

Page 81

1 the situation of not being able to enforce the law due to
 2 city policies.
 3 You know, some -- oh -- or somebody's making
 4 T-shirts. Or somebody's making little tiny rope. Stuff
 5 like that. You --
 6 Q. Okay. Okay. Understood. Okay, let me continue
 7 playback.
 8 (Video playing.)
 9 Q. (BY MS. JOSEPH) Did you hear that exchange?
 10 A. Yes, ma'am.
 11 Q. What -- what was that exchange? What did you
 12 hear?
 13 A. I heard -- I -- I believe it was me that said, "I
 14 think we both got the dude in the red shirt." And I believe
 15 the other officer said, "Yeah, it looked like it hurt pretty
 16 good."
 17 Q. Okay. I think that's probably a relation back to
 18 somebody calling out red shirt. And then the -- the shots
 19 targeted at Modesto. Do -- do you think so?
 20 A. Quite possibly, yes.
 21 Q. Okay. Okay. Now, I know -- let me get to -- all
 22 right, I'm going to continue playback some more. I'm at
 23 12:30.
 24 Were you able to hear that?
 25 A. Yeah, it sounds like I'm talking to somebody and

Page 82

1 explaining why we fired our weapons.
 2 Q. Okay. And it sounds like you weren't able to tell
 3 that night that it was a water bottle that -- that was being
 4 -- (crosstalk.)
 5 A. Yeah, it sounds like it.
 6 Q. Okay. All right. I'm going to skip ahead to see
 7 if we can get to the Mr. Talley incident. I'm going to go
 8 to about -- a little before 18:00 on this bar. So I'm at
 9 17:57.
 10 So actually this is just before Mr. Talley.
 11 Something's actually going to happen, Officer Wright, kind
 12 of right in front of headquarters. And then you're going to
 13 see the crowd scatter. And I want to show you that and then
 14 ask if you know what happened.
 15 A. Okay.
 16 Q. Okay.
 17 (Video playing.)
 18 Q. (BY MS. JOSEPH) Is this still your Pandora?
 19 A. Yeah, unfortunately.
 20 Q. Yeah. Okay. So I interrupted to ask you that
 21 question. Let me go back ten seconds. And -- and see what
 22 causes everyone to scatter. Do you have any idea what
 23 happened there?
 24 A. I don't, but from looks of it, it looks like
 25 somebody threw an incendiary device and people on the steps

Page 83

1 might have fired less-lethal at them.
 2 Q. Do you see -- do you see the incendiary device
 3 that you're thinking of here in the video?
 4 A. I think so. If you look towards -- so if you look
 5 where the street light is and then you go to the -- yeah,
 6 right -- and right below that -- just a little bit more
 7 over. You see that pillar of smoke? No, other way. Yeah,
 8 just a little bit up. You see that pillar of smoke?
 9 Q. Is it this gray area here?
 10 A. Yes.
 11 Q. Okay.
 12 A. So it's like right before that smoke starts
 13 happening you see a couple of flashes as if a firework --
 14 like mortar was thrown. And so it flashes for what -- what
 15 I would assume would be the propellant engine. And then it
 16 smokes and it might explode here if we continued the video.
 17 But it looks like some -- some -- something is now burning
 18 on the front steps. And it was a --
 19 Q. Okay.
 20 A. -- a bright red flame before.
 21 Q. Okay. Do you remember somebody throwing an
 22 incendiary device?
 23 A. Yes. I remember --
 24 Q. In that area?
 25 A. -- yes. I remember at -- at least one if not

Page 84

1 multiple incendiary devices were thrown at the officers on
 2 the steps.
 3 Q. Mm-hmm.
 4 A. As a matter fact, I don't remember if it was a
 5 protester or somebody filming the event, got a fairly
 6 incredibly picture of it exploding at the officers feet.
 7 And I saw it a couple -- I saw the -- the picture a couple
 8 of times and haven't been able to find it since.
 9 Q. Okay. Okay. Well, that was really just to
 10 educate me because I wasn't sure what was happening there.
 11 So that gives me something to -- to look at.
 12 I'm going to go just about 30 seconds ahead
 13 and we'll see if we can identify Mr. Talley. Kind of in the
 14 area where I'm circling.
 15 (Video playing.)
 16 A. Okay.
 17 Q. As he comes onto the screen. So it's just real
 18 brief that I see him in your body cam. Were -- were you
 19 able to identify him?
 20 A. No. I was. I -- I -- I couldn't. There's a lot
 21 of people moving around. If you -- if you rewind it back a
 22 little bit I can -- I can try it again.
 23 Q. So I think that I see Mr. Talley in a white
 24 T-shirt and dark shorts kind of jog up over here before your
 25 camera is occluded.

Page 85

1 A. Okay.
 2 Q. We'll see if you see that. If you're able to
 3 identify him as the target that you're shooting at, is kind
 4 of my question.
 5 A. Okay.
 6 MR. LAIRD: And Leigh, Leigh would you mind
 7 specifying what the timestamp is? I can't see it.
 8 MS. JOSEPH: Yes. Right now I just paused at
 9 18:52.
 10 MR. LAIRD: Perfect. Thanks.
 11 Q. (BY MS. JOSEPH) That time it was under -- I can't
 12 figure how to get rid of this bar. I'm sorry, Officer
 13 Wright, let me try again --
 14 A. That's all right.
 15 Q. -- and try to get that bar out of the way.
 16 A. Why don't we go back like 15 or 20 seconds? And
 17 then just watch it all the way through. That way we can --
 18 we can maybe got that bar to disappear.
 19 Q. Sounds good to me. So we're starting at 18:36.
 20 There he comes.
 21 A. I -- I'm sorry -- I.
 22 Q. If -- you don't have to apologize -- (crosstalk.)
 23 A. I'm not -- I'm not trying to be difficult.
 24 There's -- there's a lot of people moving around in that
 25 area. And so I'm not entirely -- I'm not entirely sure

Page 86

1 which one you're claiming to be Mr. Talley.
 2 Q. Mm-hmm.
 3 A. So and also unfortunately these -- these cameras
 4 are really good, but they are still a little bit grainy when
 5 they get out to -- to that distance.
 6 Q. Let's see if I can slow the speed. See if that
 7 helps us. When I move my mouse it makes that bar come up,
 8 but I'm going to try to point.
 9 A. Okay.
 10 Q. Okay. Right here, coming up.
 11 A. You're saying right there in the very, very bottom
 12 of the screen?
 13 Q. That's who I think your target was. Are you able
 14 to confirm that?
 15 A. I -- I don't -- I don't know.
 16 Q. Okay. All right, but you do -- and I can replay
 17 or continue play if needed -- you do fire the shotgun
 18 containing the beanbag rounds at this point?
 19 A. I believe so because the first time we watched it
 20 I -- I -- I saw myself fire.
 21 Q. Okay. Okay. And do you know how many times you
 22 fired in this particular engagement?
 23 A. I don't recall, but if we could watch the video we
 24 can verify.
 25 Q. Okay. I turned the speed back to normal so that

Page 87

1 it -- the sound is more --
 2 A. Okay.
 3 Q. -- like we would expect. And I'll just play it
 4 through.
 5 Were you able to approximate how many times
 6 you fired?
 7 A. Not really. So I only see one shell eject from my
 8 firearm or from my less-lethal shotgun rather. So I
 9 honestly can't tell if I fired once or twice right there.
 10 Do you mind just going back just 10 seconds. We can watch
 11 it one more time. I can -- I can try again.
 12 Q. Sure. And the officer next to you, to your right
 13 fires as well; is that correct?
 14 A. Mm-hmm. I believe so, yes.
 15 Q. I didn't go far enough. If -- do you think you
 16 can tell if you fired more than once?
 17 A. I -- I honestly can't. I -- I can't tell if I
 18 attempted to fire and my safety was accidentally engaged
 19 from bumping my vest and I instinctively jerked with the
 20 expected recoil. And then fixed the problem, and then
 21 fired, and then ejected the round. Or if I fired twice.
 22 I -- I honestly can't tell. I know for a fact I fired at
 23 least once.
 24 Q. Okay. Okay. And throughout the day that day, you
 25 fired multiple times at multiple different individuals?

Page 88

1 A. Yes.
 2 Q. Okay. So I know we talked earlier about what
 3 video you had seen. And we talked about your -- is -- your
 4 body cam video. Is this some of the footage that you
 5 watched before the deposition?
 6 A. I actually -- I don't think we watched this
 7 portion. I think that we watched more of the -- what you're
 8 claiming to be the Modesto portion.
 9 Q. Okay. Okay. But this does -- this is your body
 10 cam?
 11 A. Yes, ma'am, this is my body cam.
 12 Q. Okay. And if what I'm telling you is correct
 13 about who is Modesto and who is Tyree, then you did fire at
 14 both of them?
 15 A. I've would -- I would agree that it's very
 16 possible that I fired at Modesto. However, I -- I have no
 17 idea who I -- who I am firing at based on what I can see in
 18 this video here.
 19 Q. Okay.
 20 A. I -- I don't know if it was somebody closer to me.
 21 If it was somebody further away. I -- I -- I don't know
 22 because it's in the very corner of that -- of that screen
 23 and essentially as soon as I raise the less-lethal shotgun
 24 I -- I can no longer see the picture.
 25 And so part of that, just so we're all kind

Page 89

1 of on the same page, at the time I wore my body camera on
 2 the right side of my chest. I have since moved it to the
 3 left side of my chest after this incident because after
 4 reviewing this video I realized that the way that I hold a
 5 long gun, this arm (indicating) happens to cover my body
 6 camera a lot. And I realized that that could be a potential
 7 problem.
 8 So what that also means is when I get into a
 9 shooting stance, although I'm facing this way (indicating)
 10 my body camera is showing more of the right side of where my
 11 body is facing. And not necessarily exactly where I am
 12 looking.
 13 And then again, when I go into my shooting
 14 stance to properly prepare, I turn my body to make a
 15 thinner, slimmer profile causing not only my arm to
 16 semi-block the camera, but the camera to turn towards where
 17 my body is facing and not where my eyes and -- and head are
 18 facing.
 19 Q. Okay. Okay. That's helpful to know. Did -- did
 20 someone instruct you to wear the camera in one position or
 21 another?
 22 A. No. So I -- I will not be able to quote the
 23 policy verbatim. But our policy is essentially, middle of
 24 the chest between the first couple buttons from the top.
 25 And then either to the right or the left, if you have the

Page 90

1 outer vest. Or if possible, direct center if you have the
 2 inner vest.
 3 Q. Okay. Okay.
 4 A. The camera -- (crosstalk.)
 5 Q. Let me ask -- go ahead.
 6 A. I'm sorry. The camera doesn't mount on the center
 7 for the outer vest because of the way the vest zips up.
 8 Q. Oh, okay. Okay. Let me play just a little bit
 9 farther and I -- I think we're about through with the video.
 10 A. Okay.
 11 (Video playing.)
 12 Q. Okay. Yeah, I'm -- I'm gonna take that off of
 13 your screen. So you haven't seen a video showing
 14 Mr. Talley's conduct immediately before he's shot at?
 15 A. I -- I have not seen a video, no.
 16 Q. For purposes of our conversation, I'm going to
 17 represent that Mr. Talley threw a water bottle.
 18 A. Okay.
 19 Q. Okay. So assuming that that's a fact, is that
 20 conduct criminal?
 21 A. In these circumstances, yes.
 22 Q. Is it cause for arrest?
 23 A. Yes.
 24 Q. Did you arrest Mr. Talley?
 25 A. No, ma'am.

Page 91

1 Q. Did you go to his aid?
 2 A. No, ma'am.
 3 Q. Okay. Is his behavior, assuming that he threw a
 4 water bottle you know, as I've described, riotous behavior?
 5 A. Yes, ma'am.
 6 Q. Let me pull some pictures up for you. And I'm
 7 gonna show you some pictures of Tyree labeled 1141, 1140,
 8 50, 43, 44, 42, 38, 47, 45, 46, 1149, 1139, 1152. So I'm
 9 also going to represent to you that Mr. Talley was impacted
 10 12 times.
 11 A. Okay.
 12 Q. By -- by beanbag rounds. At the -- and that these
 13 pictures contain some, but not all -- depictions of some,
 14 but not all of those injuries, okay?
 15 So looking at Mr. Talley in the aftermath --
 16 and I also don't know if you know this, but it's -- it's not
 17 a photograph that I'm showing you. So I'm -- I'm also going
 18 represent to you that Mr. Talley was also shot in the
 19 groin -- in the -- in the penis.
 20 A. Okay.
 21 Q. But that was another place that he sustained an
 22 injury.
 23 A. Okay.
 24 Q. Is this an appropriate consequence for throwing a
 25 water bottle?

Page 92

1 MR. LAIRD: Object to the form. You can
 2 answer.
 3 THE WITNESS: So I cannot account for other
 4 officers from other vantage points seeing what Mr. Talley
 5 was doing and taking the same action that I possibly did on
 6 this individual. So what I would say is, yes.
 7 Q. (BY MS. JOSEPH) Being shot 12 times and having
 8 his body covered in -- in bruises and cuts having lasting
 9 scars and disfigurement -- that's appropriate consequences
 10 for throwing a bottle of water?
 11 MR. LAIRD: Object to the form. You can
 12 answer.
 13 THE WITNESS: So at max, I fired twice and I
 14 would say that that is appropriate.
 15 Q. (BY MS. JOSEPH) Even if it was -- (crosstalk.)
 16 A. What I'm saying -- what I'm saying is -- is I
 17 cannot -- I cannot account for what any other officer did
 18 from another vantage point. What I can say is that we had
 19 been impacting people who had been throwing things all day
 20 and that it was very evident that that is what our response
 21 was.
 22 So for people who continued to throw things,
 23 if they got impacted multiple times, I don't believe by --
 24 by different vantage points, I don't believe that that is --
 25 that is our fault. There's no way to coordinate from how

Page 93

1 many different vantages that we had and where we had
 2 officers you know, who was going to impact an individual.
 3 It would probably impossible because of how the situation
 4 was evolving.
 5 Q. So from your perspective, if he had been out there
 6 for any length of time that day Mr. Talley should have known
 7 better?
 8 A. I would say that he been there for any length of
 9 time Mr. Talley should have been able to see what the
 10 response was to people throwing things. And should have
 11 realized that it was not -- it would not behoove him or
 12 benefit in any way to throw things at anybody or anything.
 13 Q. Did you receive training on excessive force and a
 14 person's right to be free from excessive force as part of
 15 your APD training?
 16 A. Yes, ma'am.
 17 Q. Does the fact that excessive force was used on one
 18 person and another may have seen it, mean that it's then
 19 okay and the second person no longer has a right to be free
 20 of excessive force?
 21 MR. LAIRD: Object to form, but you can
 22 answer.
 23 THE WITNESS: Okay. Can you please just
 24 restate your question. I just want to make sure I'm hearing
 25 right. And I'd like to -- to write it down so I'm not --

Page 94

1 I'm not forgetting any aspect of what you're saying.
 2 Q. (BY MS. JOSEPH) Let me see if I can say it better
 3 because it's a little bit confusing. And I think I'm going
 4 to have to do it with kind of an example.
 5 A. Okay.
 6 Q. So I'm a -- I'm, you know, an American. I have a
 7 right to be free of excessive force, right?
 8 A. Okay.
 9 Q. Do you agree with that?
 10 A. Yes.
 11 Q. Okay. I see someone next to me do something and
 12 what I believe is excessive force is used on that person.
 13 A. Okay.
 14 Q. Okay. Does that mean that I have lost my right to
 15 be free from excessive force, if I engage in the same
 16 action?
 17 MR. LAIRD: And object to form, but -- but
 18 you can answer.
 19 THE WITNESS: I -- I'm sorry. That actually
 20 made it -- it made it more confusing.
 21 Q. Made it worse?
 22 A. And -- and -- I -- I'm not trying to be difficult.
 23 So in that situation are you saying that the force is used
 24 on you? Or you witnessed somebody using force and you have
 25 the right to not have force used on you?

Page 95

1 Q. I witnessed somebody do something --
 2 A. Okay.
 3 Q. -- and the consequence is that force is used on
 4 them.
 5 A. Okay.
 6 Q. And I do the same thing.
 7 A. Uh-huh.
 8 Q. That the first person did.
 9 A. Okay.
 10 Q. Do I still have an independent right to be free
 11 from excessive force?
 12 MR. LAIRD: Object to the form.
 13 Q. (BY MS. JOSEPH) Even though I've seen what I've
 14 seen.
 15 MR. LAIRD: Same objection, but you can
 16 answer.
 17 THE WITNESS: I'm -- I'm sorry. I'm --
 18 I'm -- I'm -- I'm having -- I'm having trouble understanding
 19 what -- what you're trying to -- to portray. So are you
 20 saying that you witnessed somebody throwing something and
 21 excessive force is used on them. And then you do the same
 22 thing -- does that mean that you should receive the exact
 23 same consequence? Or you shouldn't?
 24 Q. (BY MS. JOSEPH) Yeah, I'm not getting it across.
 25 I want to ask you that so let me see if I can say it better.

Page 96

1 I'm gonna try -- I'll try one more time and then we can move
 2 on.
 3 A. Okay. And -- and -- I -- I apologize.
 4 Q. Not your fault. Yeah. And -- and what's
 5 prompting me to ask this is your remark about Mr. Talley or
 6 the protesters who were out there -- should have seen what
 7 was happening that day when objects were thrown. They
 8 should have seen what the response was.
 9 And so that's making me try to ask this
 10 question. Does what I see --
 11 A. Uh-huh.
 12 Q. -- does what I see, alter my right -- my Fourth
 13 Amendment right to be free from excessive force?
 14 A. No. But I don't believe that -- in this
 15 particular situation I don't believe that you could say
 16 excessive force was used. And here's why. So in -- I'm
 17 sorry did somebody say something? Okay.
 18 Q. No continue.
 19 A. So in a situation where we have say five officers
 20 and we're dealing with one individual, okay? In that that
 21 situation devolves into a fight. And hypothetically say we
 22 use excessive force on him, right? That is all of us in the
 23 same exact area, focusing on the same exact person, at the
 24 exact same time.
 25 Am I echoing? 'Cause I -- I -- I hear

Page 97

1 somebody.
 2 MR. LAIRD: It sounded like there's a little
 3 feedback or something.
 4 THE WITNESS: Okay. Okay. I -- I just --
 5 I'm okay. So let me get back to where I was. So in that
 6 situation when all of -- say the -- say officers are
 7 together and excessive force is used then, yes, I would say
 8 that that is excessive force.
 9 In this particular situation what we have is
 10 we have an individual who is far away. And we have officers
 11 from multiple different angles who are using the minimal
 12 amount of force, right? And as I said before there's no way
 13 to coordinate between everybody out there who had
 14 less-lethal weapons and the vantage points that they had,
 15 right?
 16 So like I said, I fired maybe two rounds. I
 17 don't believe that that is excessive. Maybe the person next
 18 to me also fired two rounds at that same person. To him
 19 that is not excessive. The person 15 people down with a
 20 completely different vantage point who no idea that we were
 21 targeting the individual, fired one round. That is not
 22 excessive.
 23 The cumulation of everything could be
 24 conceived as excessive, however, there's no way for us to
 25 know that the other force was being used at the time.

Page 98

1 Q. Okay. I understand what you're saying. So you
2 don't --
3 A. So --
4 Q. In your opinion an individual -- I'm sorry, I
5 don't want to interrupt you. Go ahead.
6 A. No, it's okay. And I apologize, I'm not trying to
7 talk over you. So the fact that he was impacted 12 times,
8 that is tragic and that is -- that is sad. And -- and no, I
9 don't believe that that should have happened. But what it
10 sounds like is, is you're trying to claim that -- that
11 somehow we accumulated this idea of everybody in the area
12 was going to shoot this same guy as a -- in an individual
13 punishment for him. And that's just not the case.
14 Individual officers from different vantage
15 points maybe all saw the same thing and reacted. And
16 reacted in a reasonable way, with a reasonable amount of
17 force to stop the riotous activity. The fact that it all
18 accumulated onto one person, that's -- I -- I don't believe
19 that that's our fault. 'Cause there's no way to precisely
20 coordinate that in that particular situation or really in
21 any situation.
22 Q. People always think that lawyers are trying to
23 scheme some sort you know, answer out of them. And I'm
24 really not trying to do that. I'm just trying to ask you
25 questions.

Page 99

1 A. Okay. I -- and I understand and -- and --
2 Q. Yeah.
3 A. -- and I don't think you're trying to scheme. I
4 think that you're trying to make the point that, yes, 12
5 impacts is a lot. And why, right? And what I'm telling you
6 is, is that we need to look at it from a different paradigm
7 of it's not like we had 12 -- 4 officers line up and shoot
8 him 3 times each. You know, simultaneously. We had
9 multiple officers who I had no -- you know I -- I had no
10 ideas where these officers were. Because even my video it
11 only shows maybe a max of four shots, right?
12 Q. So this was not a coordinated effort by APD for
13 people to make sure that Tyree Talley was shot 12 times?
14 A. Not at all.
15 Q. Okay.
16 A. This is individual officers observing a riotous
17 act and taking the actions in which we were not only
18 instructed, but we felt necessary to prevent further harm
19 and disorder to the people in the -- the people in the area
20 and the area. And unfortunately and sadly for Mr. Talley
21 multiple people were -- multiple officers with less-lethal
22 shotguns were observing for him at the same time. And --
23 and took that same action.
24 Q. And in -- instead of a coordinated effort, it was
25 actually the opposite. You guys were not able to

Page 100

1 coordinate?
2 A. There's no way to coordinate. The only way that
3 we would've been able to coordinate, again, is if we were
4 all lined up and you know, somebody was like, that guy,
5 ready, fire. And that --
6 Q. And that --
7 A. -- that wasn't really what -- it wasn't what was
8 happening.
9 Q. Okay. In that resulted in a number of -- how many
10 people were armed with these shotguns at that time? Do you
11 have any idea? Like more than 20?
12 A. Honestly, I have no idea. I --
13 Q. Okay.
14 A. I -- I have no idea.
15 Q. Okay. So that resulted in some number of APD
16 officers armed with these shotguns equipped with the beanbag
17 rounds all following the same order, shoot at somebody who's
18 throwing an object?
19 MR. LAIRD: Object to the form.
20 THE WITNESS: Impact somebody who is -- who
21 is throwing objects.
22 Q. (BY MS. JOSEPH) Okay. And so in Mr. Talley's
23 case you know, your -- your view and what you're explaining
24 to me is that one individual officer's actions were not
25 excessive?

Page 101

1 A. No.
2 MR. LAIRD: Object to the form.
3 Q. (BY MS. JOSEPH) Okay. But the cumulation, the
4 aggregate of 12 shots to Mr. Talley was excess.
5 MR. LAIRD: Ob -- object to form.
6 Q. (BY MS. JOSEPH) Even though it's not one
7 individual. We can't blame a particular individual officer
8 for that -- the -- the aggregate was -- was excess?
9 MR. LAIRD: Object to the form.
10 THE WITNESS: No. Because again, I don't
11 think that you can -- you can -- I don't think you can
12 call -- you can combine all of these. Because again,
13 it's -- it's individuals from different areas. So I think
14 that you would have to essentially make it each individual
15 thing, an -- an individual situation.
16 Q. (BY MS. JOSEPH) How many times do you think
17 Mr. Talley needed to be shot in order to not throw another
18 bottle?
19 MR. LAIRD: Object to the form. Calls for
20 speculation.
21 THE WITNESS: I don't know because I'm not --
22 I'm not there, right now. I'm not looking at what's
23 happening.
24 Q. (BY MS. JOSEPH) But you were then. I mean,
25 seeing what you saw. Impacting the people that you did

Page 102

1 and -- and targeting people who throwing objects. How many
 2 shots did it take to get somebody to comply?
 3 MR. LAIRD: Object to the form. Speculation.
 4 THE WITNESS: I'm sorry. Does that mean I
 5 answer? Or I don't answer? I'm sorry.
 6 Q. (BY MS. JOSEPH) You still answer.
 7 MR. LAIRD: Yeah, you answer if you can.
 8 THE WITNESS: Okay. I'm sorry. So restate
 9 the question.
 10 Q. (BY MS. JOSEPH) Yeah. When you were out there
 11 for hours you know, targeting -- under orders to target
 12 people who were throwing objects, right?
 13 A. Ah, yeah, okay. I see what you're saying. Okay.
 14 So the less-lethal shotgun is not a -- is not an
 15 immobilization weapon. So it is indeterminate to tell how
 16 many shots it will take for someone to realize that this
 17 hurts, I should stop. Right? Because one, it depends on
 18 where you're hit. Two, it depends on how much of an actual
 19 blow you received. So for instance, if I missed or I -- or
 20 it was just a glancing blow it's -- it's not going --
 21 something I'm happened.
 22 Q. My screen back up. Yeah.
 23 A. Something -- so if it's a glancing blow you know,
 24 that -- that might not gain com -- compliance. That might
 25 not make gain -- you know, make somebody realize that I -- I

Page 103

1 need to stop this behavior. So it -- it depends. I've
 2 seeing people get impacted four or five, six, seven, eight
 3 times and continue doing what they're doing.
 4 It depends on each individual person's pain
 5 tolerance I suppose. If they're under the influence of
 6 anything. There are -- there a multitude of -- of reasons
 7 why one or two or -- or multiple impacts won't work.
 8 It depends on the type of clothing their
 9 wearing. It depends on if -- if they have anything under
 10 that -- that clothing. We -- we -- we could go on for a
 11 long time and to -- to say you know, all -- all the
 12 different reasons on why these -- these rounds might not
 13 work. Or would work. And there is -- there's -- there's no
 14 way to tell until the behavior actually stops.
 15 Q. You said something that I want to go back to. You
 16 said glancing blow. So I want to ask you -- I'm showing you
 17 these same pictures of Mr. Talley's injuries. Does this
 18 look like a glancing blow?
 19 A. No. But could you go back to the first one?
 20 Q. Yeah. I'll get there. Does this look like a
 21 glancing blow?
 22 A. No.
 23 Q. What about this one?
 24 A. Nope.
 25 Q. Okay. And we're just going backwards from this

Page 104

1 set that I've been you today.
 2 A. Okay.
 3 Q. What about -- what about these on the hips? Do
 4 these look like glancing blows?
 5 A. They don't look like it, but they -- they could
 6 be. Just -- but they don't look like it.
 7 Q. Does that look like it hurts?
 8 A. Absolutely.
 9 MR. LAIRD: Object to the form.
 10 Q. (BY MS. JOSEPH) Do these look like glancing
 11 blows?
 12 A. The one on the right side of the picture with the
 13 striped underwear looks like -- or no, sorry. So left
 14 picture, right side of the leg that looks like it could be a
 15 glancing blow. And again, glancing blow is -- is -- is
 16 relative as well. How -- how much material is being --
 17 is -- is -- is being touched. It could be very minimal. It
 18 could be a lot. And the other one does not look like a
 19 glancing blow.
 20 Q. What about -- what about the ones we see here?
 21 A. So if I'm being --
 22 Q. I think the new ones are the shoulder and the back
 23 of the arm.
 24 A. So if I'm being honest, the shoulder and the
 25 elbow, those look like road rash. Those look like somebody

Page 105

1 falling down and scraping.
 2 Q. Okay. You wanted me to go back. It's probably to
 3 this picture of the ear?
 4 A. No. It was the shoulder one.
 5 Q. The shoulder?
 6 A. But that looks like more like road rash, but
 7 that -- that also looks like what -- road rash is somewhat
 8 of a glancing blow. It's a slide acrossed [verbatim].
 9 Q. Okay. And I do have to ask you at this point you
 10 know, if you have particular training that enables you to
 11 identify the difference between a beanbag round injury and
 12 road rash?
 13 A. I don't have any (audio distortion) -- I don't
 14 have any specific training to say (audio feedback) -- sorry?
 15 Q. Oh, carry on.
 16 A. I don't have any training to specifically say
 17 beanbag or road rash, however, through my training and
 18 experience for five years as a military medic, both
 19 stateside and in Afghanistan, I have seen a multitude of
 20 injuries and things that cause injuries and know what
 21 certain injuries look like.
 22 Could this be a beanbag? Absolutely, this
 23 could be a beanbag. However, it also looks like it could be
 24 when -- if he fell down or when he fell down, he scraped his
 25 shoulder. And possibly over here when he fell down he hit

Page 106

1 his ear and that's what made his ear swell.
 2 Q. But you don't know. (Crosstalk.) You don't know
 3 one way or another?
 4 A. No. I don't know one way or another. So it could
 5 either.
 6 Q. Okay. They could -- these very well could be
 7 beanbag munition injuries?
 8 A. Mm-hmm. They can also be him running into a wall
 9 when he was finally running away. These two (indicating).
 10 And I'm not talking about the other ones. I'm talking about
 11 these two.
 12 Q. Okay.
 13 A. Is -- is -- a lot of -- a lot of the -- a lot of
 14 things could've caused some of these injuries. Could they
 15 be beanbags? Yes. Could they also not be --
 16 Q. Okay.
 17 A. Yes.
 18 Q. Okay. You also talked about there being instances
 19 where it takes three to four impacts with a beanbag round
 20 before somebody stops in action.
 21 A. Mm-hmm. Yes.
 22 Q. Okay. I'll limit this question to May 30th, 2020,
 23 people who were throwing water bottles, okay? Of those
 24 people how many did you see reaching for a second bottle to
 25 throw again? After they threw the first one?

Page 107

1 A. So I can't specifically talk on only the
 2 individuals who threw water bottles. I -- I was -- was I
 3 able to identify at least one? And that sounds like it was
 4 Modesto. But there were multiple instances where we
 5 would -- I impacted somebody, they went down, they jumped
 6 back up, ran back around and then later I saw them throwing
 7 objects again. But they were either too far away or I
 8 didn't have a clear enough shot. And it -- had I tried to
 9 impact them again at that later time they would -- I
 10 could've possibly hit somebody who was not participating in
 11 that particular activity.
 12 Q. So you didn't want to just stop the throw that was
 13 happening? You wanted to stop these people from throwing
 14 again? Even if it was going to be ten minutes later?
 15 A. No. I wanted to stop the behavior as it was
 16 happening and hopefully that would stop future behavior as
 17 well.
 18 Q. Okay. So I mean, Modesto throws a water bottle,
 19 he didn't have an arsenal of water bottles. He picks one
 20 off the ground and he throws it. I mean, Tyree throws a
 21 water bottle. You know, I mean what I'm getting at here is
 22 these people are not water bottle, water bottle, water
 23 bottle. They're throwing one. I mean, did you see anybody
 24 kind of repeatedly throwing water bottles?
 25 A. Absolutely. So what you're saying is -- what

Page 108

1 you're saying is, is these guys picked up a weapon of
 2 opportunity that was on the ground and immediately threw it.
 3 The ground was littered with weapons of opportunities, so
 4 what's to stop them from grabbing another weapon of
 5 opportunity and throwing it again.
 6 Q. What's to stop them is -- is it what I'm asking?
 7 I'm asking what you saw.
 8 A. Yes. I saw people --
 9 Q. So how -- how many people did you see walking
 10 around on the street, picking up a water bottle, throwing
 11 it, and then picking up a water bottle again and throwing
 12 it?
 13 A. On multiple occasions I saw people picking things
 14 up off the ground and throwing them and doing that multiple
 15 times.
 16 Q. All in a continued sequence? Bend down, throw,
 17 bend down, throw -- you saw that happening?
 18 A. Not necessarily a continued sequence. Some of
 19 them were. Some of them weren't. They would meander
 20 through the crowd and like I said, pick up weapons of
 21 opportunity as they found them and throw them.
 22 Q. And so that gets to this distinction in -- in
 23 clarification point that I don't quite get on what your
 24 objective is. Are you trying to like take somebody out so
 25 they can't throw something again?

Page 109

1 A. No.
 2 Q. Or you just trying to stop the action that's
 3 happening in that moment?
 4 A. We're trying to stop the action that's happening
 5 in that moment. And hopefully, they realize that that's not
 6 a good idea and stop doing that action. I'm hoping that
 7 they make that decision. I'm not -- I'm not hoping that
 8 because I -- I'm not hoping that I'm going to permanently
 9 incapacitate them from ever doing anything again.
 10 Q. Yeah. I mean, I would hope not, but I just want
 11 to make sure. And so in that moment Tyree Talley's action,
 12 throwing a single water bottle, right?
 13 A. Sure.
 14 Q. Okay. It didn't take 12 shots to deter him --
 15 to -- well, actually let me -- let me go a different way.
 16 Let me ask you something else. Had he already thrown the
 17 water bottle when you shot at him?
 18 A. I -- I don't know. I -- I -- I don't remember --
 19 (crosstalk.)
 20 Q. Okay. Do you know on Modesto?
 21 A. I don't know on Modesto. However, I think I have
 22 something in one of my supplements that might be Talley.
 23 Okay. So -- all right, so this is -- this is reminding me
 24 of it. So I -- I this might be the incident we're -- we're
 25 discussing.

<p style="text-align: right;">Page 110</p> <p>1 So "At 18:55 mark in my video, Officer Wright 2 observed what I believe to be a male subject standing in the 3 35 service road intersection with Eighth Street. The male 4 was facing the Austin Police Headquarters. I observed the 5 male throw an object towards the officers on the steps. By 6 the time that I had brought my less-lethal up, the subject 7 had turned around. I fired the first round at the 8 subject -- I fired the first round at the subject as he 9 started to run northbound on the service road." 10 "I aimed this round to impact the subject in 11 the abdomen, however, due to him accelerating into a run 12 this, this round impacted him in the upper body, near the 13 shoulder. I reloaded with my second round and hit him in 14 the lower body." 15 The reason -- now that I'm reading this I 16 remember. So what was happening, at that time, what we were 17 seeing was we were seeing people run out from under the 18 overpass that we were standing on -- or under the bridge 19 that we were standing on. They would grab something, throw 20 it and then try to run back under the -- under the overpass 21 so that we couldn't impact them. And then they would 22 continually go back-and-forth and do that. 23 So the idea here was we -- it sounds like I 24 observed him throw the object so I impacted him and as he 25 started to try to run back in, I was attempting -- I was</p>	<p style="text-align: right;">Page 112</p> <p>1 beanbag rounds? 2 MR. LAIRD: And I object to the form. And -- 3 and, Leigh, what I'm -- I'll tell you what I'm objecting to 4 is -- is I think it's unclear when you say that he's running 5 away. 6 MS. JOSEPH: Okay. 7 MR. LAIRD: Because he's -- 8 MS. JOSEPH: Okay. 9 MR. LAIRD: I don't think that's what the 10 officer is -- is saying, but ... 11 Q. (BY MS. JOSEPH) Okay. Mr. -- Officer Wright, 12 I'll let you answer that question and you can of course -- 13 you know, if he's not running away you can -- you can say 14 so. 15 A. So I don't -- I don't know what word I would use, 16 but based off of reading this, what I believed at the time 17 was -- is that he was actively trying to throw stuff. And 18 then maneuver away so that he would not be impacted. So he 19 could -- he essentially was trying to do this thing so that 20 he could do it and we wouldn't be able to -- to do anything 21 about it. And so that's why I continued -- or I -- I -- I 22 fired the second round. 23 Q. Okay. 24 A. So the first -- the first round is I'm witnessing 25 him throwing it. By the time I've raised the -- the</p>
<p style="text-align: right;">Page 111</p> <p>1 trying to prevent him from running back to try and grab more 2 things to throw at the Main at the officers there. 3 MR. LAIRD: And -- and, Justin, could you 4 just identify the Bates number on the bottom of whatever 5 page -- 6 THE WITNESS: Yes. 7 MR. LAIRD: -- you're reading from? 8 THE WITNESS: That is 2469. And that's the 9 middle paragraph that starts with, "at 18:55." 10 Q. (BY MS. JOSEPH) Okay. So is -- he has thrown the 11 object already? 12 A. Yes. 13 Q. And is running away when you are targeting him? 14 A. Yes -- (crosstalk.) 15 MR. LAIRD: Objection, form. 16 MS. JOSEPH: Are you objecting to the word 17 "targeting"? I got that from an officer yesterday. Is 18 that -- 19 MR. LAIRD: That's part of it. 20 MS. JOSEPH: Okay. I'll -- I'll use a 21 different word, yeah. 22 Q. (BY MS. JOSEPH) Okay. So Mr. Talley had 23 thrown -- or the subject that you're reading about in this 24 report had -- had thrown the object and was running away at 25 the time that you were firing your shotgun aimed with the</p>	<p style="text-align: right;">Page 113</p> <p>1 less-lethal shotgun and fired, yes, he has thrown it and 2 started to move. We -- the reactionary times that we have 3 we that's -- that's the way that it's -- it's going to be. 4 We can't -- we you know, we -- we -- we can't ... 5 Q. So neither one of these shots is to stop him from 6 throwing the water bottles? 7 MR. LAIRD: Objection, form. 8 Q. (BY MS. JOSEPH) The particular water bottle that 9 he had already released from his hand when -- when the first 10 shot was fired? 11 A. These shots are because -- the shots are because 12 he threw the water bottle, yes. 13 Q. Because it had already happened? 14 A. Because it was happening and I reacted. And by 15 the time the reaction was finished, the bottle had been 16 thrown. 17 Q. Okay. 18 A. And then he began to what -- I believe to -- evade 19 us. Well, evade is not the right word. Tried to maneuver 20 away from us so that we couldn't impact him. 21 Q. Okay. And at least the second shot, if not both, 22 the second shot was intended to be a deterrent from 23 continued behavior? 24 A. Yes. 25 Q. We don't see in your body cam, but I've seen</p>

Page 114

1 other -- other footage that makes it look like there's light
 2 aimed at Mr. Talley. Are you aware of somebody using some
 3 sort of lighting device to target particular subjects while
 4 you were out there on the 30th.
 5 A. Not that I remember.
 6 Q. Okay. Did you fear for your own safety when
 7 Mr. Rodriguez or Mr. Talley threw the bottle?
 8 A. No. I feared for the safety of others in the
 9 crowd and the officers at the steps.
 10 Q. I'm going to completely change tracks for a minute
 11 and ask you about the beanbag rounds themselves.
 12 A. Okay.
 13 Q. And I'm trying to push through, but like I said at
 14 the beginning, Officer Wright, if you need a break, you say
 15 so. Okay?
 16 When you -- so I knew you were given some
 17 amount of munitions when you first checked out the gun at
 18 the -- the shotgun -- at North Substation.
 19 A. Yes.
 20 Q. How were those --
 21 A. I believe so. I'm -- I'm pretty sure they -- they
 22 gave me -- they gave me at least one -- one load out.
 23 Q. Okay. How were those packaged when they were
 24 given to you?
 25 A. Okay. So the -- at that time the less-lethal

Page 115

1 shotguns -- now, I'm remembering this now. I apologize.
 2 So, at that time, the less-lethal shotguns came in a -- in a
 3 black gun case. Like a soft black gun case with a zipper
 4 pocket on the back. And -- or -- it -- towards the back of
 5 the case. In that -- in that case was the four or five
 6 rounds to fill the -- the weapon. The weapon system.
 7 Right?
 8 And those were -- as far as I know, those
 9 were only replaced if somebody realized that they were
 10 expired or if they had expended.
 11 Q. Okay.
 12 A. So my initial load out was the rounds that it had
 13 been with the gun for however long.
 14 Q. Mm-hmm.
 15 A. And then after that we were handed rounds in I
 16 believe little white boxes.
 17 Q. Okay.
 18 A. And I don't know how many rounds were in each box.
 19 Q. Mm-hmm.
 20 A. But it was probably either five or ten.
 21 Q. The ones that were in the case with the -- the
 22 shotgun case --
 23 A. Uh-huh.
 24 Q. -- were those in a little white box or --
 25 A. No. Those were loose because those are the same

Page 116

1 rounds that were loaded into it on a daily basis for whoever
 2 checked out that particular weapon system.
 3 Q. Mm-hmm.
 4 A. They were -- I'm sure the first time they were
 5 handed out -- in a -- in a white box. But after that
 6 basically you would unload the -- the weapon system and then
 7 those loose shells would be placed in that pocket.
 8 Q. Okay. And you mentioned that they would get
 9 changed out if they were expired or expended? Did as --
 10 A. I think. I think expired.
 11 Q. -- as the user -- okay. Yeah. And did you as the
 12 user have a way of knowing if -- if the rounds -- the
 13 beanbag rounds that were in the case with the shotgun were
 14 expired? Did you have a way of checking that?
 15 A. I don't believe so because I -- I -- I don't
 16 believe that it's on the shell.
 17 Q. Mm-hmm.
 18 A. I don't remember being told that.
 19 Q. Mm-hmm.
 20 A. That we had to look at each individual shell. And
 21 I -- I don't believe even to this day -- I think it -- it
 22 was on the original box.
 23 Q. Mm-hmm.
 24 A. And so I -- I don't believe that there was a way
 25 for me to know if the shells that I was given were expired.

Page 117

1 And nor did I know if they were.
 2 Q. Okay. Was any part of your training and handling
 3 these weapons -- did any of it involve kind of checking the
 4 integrity of the munitions?
 5 A. Yes. However, it was -- it -- it was the -- so
 6 just -- just for explanation purposes, I -- I don't mean to
 7 insult anybody's intelligence. I'm just going to explain
 8 the shells so we all know what we're talking about, right?
 9 Q. Okay. Doesn't insult my intelligence. I've never
 10 held one of these.
 11 A. Okay.
 12 Q. Never seen one in person. Yes.
 13 A. Okay. So the bottom of the shell is made of
 14 brass.
 15 Q. Mm-hmm.
 16 A. All right? And the very, very bottom is slightly
 17 wider. And then there is a -- there is a primer in the
 18 center of that -- of that shell. From the brass point, it
 19 then -- it then extends out into a plastic case -- a plastic
 20 casing, right?
 21 Q. Mm-hmm.
 22 A. And the gunpowder is in the brass portion. There
 23 is a plastic plug that goes in-between the gunpowder and the
 24 less-lethal munitions sock, right? As a buffer --
 25 Q. Mm-hmm.

<p style="text-align: right;">Page 118</p> <p>1 A. -- so that it doesn't catch the -- the sock on 2 fire. And then it is -- it's got another -- if I remember 3 right, it's got another piece of cardboard at the very top 4 and the plastic is rolled over the top of that to secure 5 everything from not falling out. 6 The part that we were taught to check is the 7 same part that we check with our regular shotgun rounds. 8 And that's that slightly wider portion at the very base so 9 that the round doesn't fall too far into the barrel. And 10 after continuous reload, what can happen because that's 11 brass and that's a softer metal, is that can become 12 deformed. And then the round slips too far into the barrel 13 and it -- and it cannot be fired. 14 Q. Okay. 15 A. And so we are taught to inspect the back of the 16 round to make sure that they are not deformed to where they 17 would cause the weapon to be jammed. 18 Q. To make sure the weapon is still going to be 19 operational? 20 A. Yes. But that -- as far as I remember, is the 21 only part of the shell that we inspect as individual 22 officers on the street. 23 Q. Mm-hmm. 24 A. Somebody else in the department might be tasked 25 with other inspections. I don't know.</p>	<p style="text-align: right;">Page 120</p> <p>1 head and the groin -- oh, sorry. Go ahead. 2 Q. I'm going to stop you because I'm going to ask you 3 about some specific areas. 4 A. Oh, okay. 5 Q. So that way, you don't have to tell me twice. 6 A. Sure. 7 Q. So green is -- ideal place to target. Yellow is 8 okay, but not as ideal. And red is try not hit there? 9 A. Yes. 10 Q. Okay. 11 A. Red -- red is do not actively aim for these 12 locations. 13 Q. Okay. I think it's like unless it's a situation 14 where you're authorized to use deadly force? 15 A. Yes, and, no. 16 Q. Okay. 17 A. So that's specifically the head -- 18 Q. Okay. 19 A. -- right? So for example, the groin -- the -- the 20 front of the groin is also a red area. 21 Q. Mm-hmm. 22 A. If I remember correctly. 23 Q. Mm-hmm. 24 A. Obviously that would be an inappropriate place if 25 we feel that we need to use deadly force to actively aim at</p>
<p style="text-align: right;">Page 119</p> <p>1 Q. Okay, okay. So as an officer on the ground you 2 have an expectation that the munitions that are being given 3 to you are not expired? 4 A. Not expired and that they are functional and that 5 they're not you know, defective in any way. 6 Q. Okay. Okay. Talking further about training, I 7 believe you mentioned earlier that you -- you were and you 8 continue to be qualified in these type of so-called 9 less-lethal weapons. Has there -- has there ever been a 10 time during your time at APD that that qualification lapsed 11 or was expired? 12 A. No, ma'am. 13 Q. Okay. And I understand that in your training for 14 using those, you're taught particular target areas. I think 15 in kind of green, yellow, red system? 16 A. Yes, ma'am. 17 Q. So tell me what is green, what is yellow, and what 18 is red? 19 A. So green is the optimal place for the most 20 effective and safest target areas. So the -- the butt, the 21 legs, are green. I -- I can't remember if the arms are 22 green. I think they changed the -- I think they changed 23 the -- the model that we shoot at. 24 Q. Mm-hmm. 25 A. The back is green. The chest is yellow. And the</p>	<p style="text-align: right;">Page 121</p> <p>1 that spot. 2 Q. Mm-hmm. 3 A. Because that -- that would not do it. 4 Q. So she you should never target the groin? 5 A. You should never actively target the groin, no. 6 Q. Okay. So let me ask -- I'm going to pull back up 7 the picture of Modesto because I've noticed there's some 8 linguistic disagreement on where one of his particular 9 injuries is. So I'm going to show you instead of trying to 10 say a body part. 11 A. Okay. 12 Q. So I'm going to show you this area on his torso. 13 A. Okay. 14 Q. And ask you if that is green, yellow, or red? 15 A. I would say that that's kind of right in-between 16 green and yellow. 17 Q. Okay. Okay. Is the -- the chest is red, right? 18 A. I want to say, I honestly can't remember. I -- I 19 can't because ever since we got the new Taser system, we 20 have another mat with different colors all over it. And 21 so -- and like I said, I -- I only see the mat once a year 22 at this point. 23 Q. Yeah, okay. 24 A. And so I -- 25 Q. Okay.</p>

Page 122

1 A. -- can't actually remember.
 2 Q. Okay. What about the -- this ankle spot? Do you
 3 know what color that is?
 4 A. I don't know. I believe it to be either green or
 5 yellow.
 6 Q. Okay. And for Mr. Talley I'm going -- I'm gonna
 7 try saying some body parts instead of looking through all
 8 the pictures --
 9 A. Okay.
 10 Q. But I'll pull one up if we need to. The -- and
 11 I'll just throw out a body part and you tell me what color
 12 zone it's in, okay? This is the portion of the deposition
 13 that's a test. But it won't last long. The -- the ear.
 14 What color zone is that in?
 15 A. I would say the ear would be red.
 16 Q. Red? Okay. And the penis?
 17 A. Would be red.
 18 Q. Okay. The chest?
 19 A. As I said before, I can't remember if the chest is
 20 split between red and yellow. Or if it's just over the
 21 heart that's red.
 22 Q. Mm-hmm.
 23 A. Or -- I -- I honestly can't remember.
 24 Q. Okay.
 25 A. I would say probably yellow, maybe red.

Page 123

1 Q. Okay. And I think you already answered with
 2 regard to the buttocks, that you thought that was a green
 3 area?
 4 A. I believe the buttocks to be the green -- to be
 5 green.
 6 Q. Okay. And I think you said legs in general. So
 7 that would include thighs and calves would also be green?
 8 A. Yeah.
 9 Q. Okay. What about shoulder?
 10 A. I believe the -- so I believe the sh -- where on
 11 the shoulder? Are we talking along the shoulder blade, on
 12 the back? Or are we talking on the front of the shoulder?
 13 Like where the socket is or --
 14 Q. Do you remember --
 15 A. And I'm sorry, I'm not trying to be difficult.
 16 Q. No, no --
 17 A. Or are we talking on the -- on the -- like deltoid
 18 area or the --
 19 Q. Do you -- do you remember that picture we looked
 20 at and we said maybe -- you thought that could be road rash
 21 --
 22 A. Maybe it could be road rash?
 23 Q. -- but it also could be a beanbag round? I can
 24 pull it up again.
 25 A. I do. I think that's the back of the shoulder so

Page 124

1 I would say that that would be green.
 2 Q. Okay. And then you talked earlier a little bit
 3 about arms. My next ones would be forearms and upper arms,
 4 but I think you weren't sure about arms anymore?
 5 A. Yeah. I -- I'm -- I'm not sure. I -- I think
 6 they're -- they're yellow or green.
 7 Q. Okay. So some of the areas at least for Tyree,
 8 some of the areas that he was actually hit, not talking
 9 about where people were targeting, but some of the areas
 10 where he was actually hit were red areas?
 11 A. Yes, ma'am.
 12 Q. Which leads me to believe that these shots were
 13 not 100 percent accurate?
 14 A. Yeah, that sounds fair.
 15 Q. I rather think that then that you know, an APD
 16 officer was targeting a red area.
 17 A. Yeah. Yeah, so there's officers -- their shots
 18 are not 100 percent accurate, as well as, we've already gone
 19 over the fact that Mr. Talley was moving. Which means that
 20 by the time we pull the trigger, he's still moving and so
 21 where we're aiming we're doing our best to aim for this --
 22 the places that we are. But as he's moving around, that
 23 impact zone is changing.
 24 Q. Okay. Did you observe inaccuracy of your weapon
 25 as you were shooting it that day? As you were using it?

Page 125

1 A. Yes, I did.
 2 Q. Okay.
 3 A. I observed -- I observed my round were flaring
 4 upward. And so I purposely for the rest of the day, because
 5 that scared me -- I'm sorry -- for the rest of the day I
 6 purposely aimed lower at the legs and the lower abdomen
 7 because -- because of that.
 8 Q. Okay. Okay. I want to talk a little bit about
 9 the formation out there. So I don't think the roads were
 10 blocked; is that right? Or maybe some roads were blocked
 11 and some weren't.
 12 A. Which roads are we talking about? Actually, hold
 13 on --
 14 Q. Let me just --
 15 A. So -- sorry two questions. So which roads are we
 16 talking? And when you say "blocked" are you asking if we
 17 block them as Austin Police? Or if the protesters and
 18 rioters blocked them?
 19 Q. So what you're doing is pointing out extreme
 20 deficiencies in my questions. Let me try again.
 21 Did you -- APD officers -- did you -- whether
 22 you or some other officer -- did any APD officers that day
 23 put up any barriers to block roadways around the
 24 headquarters?
 25 A. I think so. I -- I believe that at -- at some

Page 126

1 point it was decided that you know, the -- it wasn't
 2 necessarily worth trying to keep them out of the roads and
 3 for those who are being peaceful could stay there. So I --
 4 I do believe that we blocked off some roads. I don't know
 5 which ones though. I --
 6 Q. Okay.
 7 A. -- I can't recall which ones.
 8 Q. Do you know with what?
 9 A. I can't -- I can't say for sure. I don't know if
 10 we used cars or if we used the barricades that are used on
 11 Sixth Street every weekend.
 12 Q. Mm-hmm.
 13 A. Or a combination of both. I -- I -- (audio
 14 distortion.)
 15 Q. Okay. And you were on the -- the overpass. We've
 16 talked about that. And we've also, I think at some point,
 17 referenced that there were other officers on the -- do y'all
 18 call is the "patio"? The front of the headquarters?
 19 A. I think we call it the "steps".
 20 Q. The steps?
 21 A. If I remember correctly.
 22 Q. What was the purpose of the officers on the steps?
 23 A. I believe that the officers of the steps were
 24 there to make sure that we didn't have the same incident
 25 as -- as we discussed earlier. Some police departments that

Page 127

1 were getting overrun and -- and damaged on the inside.
 2 Q. So --
 3 A. So that was -- that was a safety measure because
 4 of what's inside of a police department, right? So not only
 5 are there weapons and stuff like that, but there is a -- an
 6 ungodly amount of personal information for people all over
 7 the city and all over the states. And even in different
 8 countries. And it would be very dangerous to allow an angry
 9 mob to get inside of that building and -- and -- and it
 10 could cause a lot -- a lot of damage. Not only physically,
 11 but -- but also in people's lives. Whether it be through
 12 other nefarious actions.
 13 Q. Okay. So they were there to protect headquarters
 14 from getting breached?
 15 A. Yes, ma'am.
 16 Q. And you said angry mob, but at the time that
 17 Modesto and Tyree were -- were injured, the times we looked
 18 at on your body cam, would you describe that as an angry mob
 19 situation?
 20 A. I -- I would describe -- I would describe that as
 21 an intermix -- an intermixing of people who wanted it to be
 22 an angry mob, agitators. And people who just wanted to yell
 23 and scream at us. And so like we did -- you know,
 24 unfortunately like we described before you know, that --
 25 that does -- that does make the whole thing a riot.

Page 128

1 We were trying to be as lenient as possible
 2 with that aspect of it. But so angry mob? Sure. It -- it
 3 might be a little bit more -- might be -- it might be a
 4 little bit too strong. So the -- the protest that was full
 5 of agitators to prevent them from agitating further into a
 6 breach of the Main.
 7 Q. Okay. And other than the police line on the
 8 steps, what other measures did APD take to prevent the
 9 breach of Main? For example, were there other physical
 10 barriers set up?
 11 A. I honestly don't know because I -- I didn't -- I
 12 think -- I believe the closest I got to the Main that day
 13 was across the street at the 250 building. So I don't know
 14 if they did anything inside. And I don't remember anything
 15 specific when it comes to like the gates to the parking
 16 garages or anything. It's just not -- I'm sorry -- it's
 17 just not something that I was paying attention to.
 18 Q. Okay. Did you observe -- well, let me ask you
 19 first. Did you personally kind of go down into the crowd
 20 and interact with citizens one-on-one, at any point?
 21 A. Not that day, no. Later on -- a couple of days
 22 later, we attempted to I guess mingle with the crowd and --
 23 and try and talk and stuff like that. But on the day in
 24 question, I don't believe that I ever went down into the
 25 crowd.

Page 129

1 Q. Okay. And to use a word, I think "mingling" is a
 2 good way to describe what I'm asking about. Did you see
 3 anybody -- any other officers kind of mingling in the crowd
 4 that day, interacting one-on-one on the 30th?
 5 A. I didn't. I -- I didn't.
 6 Q. Okay. That mask that you had with you, that went
 7 up and down, the shield -- the helmet --
 8 A. Oh, yes. Yes.
 9 Q. -- did -- when that was down did it in any way
 10 affect your ability to aim that shotgun?
 11 A. I don't believe so, no.
 12 Q. Okay. Did you just kind of move it up and down
 13 throughout the day on and off?
 14 A. Yeah. It -- as I -- as I said before it was -- it
 15 was really hot that day and -- and when the -- when the
 16 shield was down it was a little bit more difficult to like
 17 wipe the sweat and stuff out of your eyes. So I was
 18 constantly popping up and -- and stuff like that.
 19 Q. Okay.
 20 MS. JOSEPH: Why don't we take ten minutes
 21 and I think this will be the last break that I need to ask
 22 for. And I'll be able to wrap it up on our next go around.
 23 Does that work for everyone?
 24 THE WITNESS: Yes.
 25 MR. LAIRD: Yes.

Page 130

1 VIDEOGRAPHER: We're going off the record.
 2 The time is 1:46 p.m.
 3 (Recess was taken.)
 4 VIDEOGRAPHER: We are back on the record,
 5 it's 1:57 p.m.
 6 Q. (BY MS. JOSEPH) Officer Wright, we're back after
 7 another break. I'm glad to see you got some water.
 8 A. Thank you.
 9 Q. I'm going to ask you a few kind of random
 10 questions just picking up some pieces that I didn't get to
 11 here. So don't try to make them all go together because
 12 they may not.
 13 A. Okay.
 14 Q. Have you ever found yourself in a position where
 15 the use of deadly force was warranted or justified as an APD
 16 officer?
 17 MR. LAIRD: And, Leigh, I want to make sure I
 18 understand. You're -- are -- you're not limiting to him
 19 using deadly force? I mean ...
 20 Q. (BY MS. JOSEPH) Yeah, you may not have made the
 21 choice to use deadly force after fully analyzing the
 22 circumstances. But as an APD officer, have you encountered
 23 a scenario where it felt like it was something that could be
 24 done?
 25 A. Yes. Would you like me to elaborate on that?

Page 131

1 Q. Yes, please.
 2 A. Okay. The first one that comes to mind is, we
 3 went to a Super 8 in the sector that I work in, in Ida off
 4 the 35 service road southbound for a check welfare
 5 [verbatim]. For somebody who had made some suicidal
 6 ideations. And then just kind of stopped responding to
 7 people.
 8 So we went to the hotel room. It was a
 9 bottom floor hotel room on the south side. So -- well, it
 10 was north-facing on the south side of the building. And we
 11 knocked on the door multiple times, announced ourselves, and
 12 nobody came to the door. Because we didn't have any sort of
 13 exigency because no plan or method or anything like that
 14 was -- was mentioned, we -- we did not have the exigency
 15 to -- to breach the room.
 16 And so we decided to walk away. As we were
 17 walking away I heard the door latch. I turned around and
 18 the gentleman that we were there to check on comes out of
 19 the hotel room holding a steak knife. I drew my service
 20 weapon and actively targeted him and ordered him to drop the
 21 knife. And he -- he dropped the knife fairly quickly, but
 22 it was a long enough hesitation because he was looking at my
 23 partner not at me that when he turned to look at me he was
 24 holding the knife. And then pause, drop.
 25 I felt in that moment that I was justified in

Page 132

1 using deadly force because of the distance that I was away
 2 from the individual and how quickly somebody can close that
 3 distance with an edge weapon. However, whether it be
 4 consciously or subconsciously I chose not to fire because --
 5 I don't know if it was because of maybe how much of his body
 6 was still in the hotel room or you know, how -- or -- or
 7 the -- the look on his -- on his face or what his reactions
 8 were. But I -- I chose not to fire at that time.
 9 And it was the -- it was the correct
 10 decision. I believe that had I fired, it would've been a
 11 justifiable use of deadly force, but thankfully everything
 12 worked out.
 13 The second incident that vividly comes to
 14 mind was an incident where we had simultaneous calls at a
 15 residence. One was a crash. One was a possible burglary in
 16 progress. And one of the other responding officers was a
 17 gentleman on my shift. The other one was a gentleman on my
 18 sister-shift. And they determined that because of the time
 19 in which both calls happened and where they were that
 20 possibly they were related.
 21 And what ended up happening is a male --
 22 excuse me -- a male crashed his vehicle into the back of a
 23 residence and climbed in through the window. And took a
 24 mother and her son, who I believe was either eight or ten
 25 years old, as hostages. When the officers arrived on scene

Page 133

1 they made contact for the burglary first because as they saw
 2 the crash, nobody was by the vehicle. So they made contact
 3 at the residence.
 4 And if I remember correctly, they could hear
 5 multiple voices. When the females that called in said that
 6 she and her -- she was the only one home. So because they
 7 heard multiple voices they -- and -- and one of them sounded
 8 to be in distress, they kicked the door open. And as they
 9 entered the residence, the gentleman that climbed in through
 10 the window fired a modified fully-automatic GLOCK 9-mm at my
 11 shift partner and my sister-shift's partner.
 12 Later on we found out that one of those
 13 rounds struck my sister-shift partner in the gun belt.
 14 Specifically, on the Taser. Officers returned fire, but did
 15 not hit him and exited the residence. A few minutes later
 16 that man came out with a gun to that ten -- or that eight or
 17 ten year-old boy's head.
 18 It initiated a SWAT call out. I was the
 19 second or third officer on scene. And I took up a
 20 side/front containment on that residence. And all I had was
 21 my shotgun -- my -- my lethal shotgun and my pistol. I was
 22 maybe 30 yards away. And I observed this man come out
 23 holding a gun to this child's head.
 24 I -- at that moment I knew that I could use
 25 deadly force. However, the tools that I had at the time

Page 134

1 were not appropriate for that type of engagement. It was a
 2 very long pistol shot that I could not guarantee would not
 3 hurt the child and the shotgun was impractical because of
 4 the manner of shotgun shooting out multiple projectiles.
 5 Had I had a rifle there is a very high likelihood that I
 6 would have taken an open shot if I had it and used deadly
 7 force against that person.
 8 Later on in that incident that is exactly
 9 what happened with one of our SWAT snipers. And he -- that
 10 person was pronounced deceased and we saved that child and
 11 mother and -- I can't remember which one it was. So, yes.
 12 Q. Thank you for describing those two incidences to
 13 me. It sounds like based on your answer to my previous
 14 question that you have not actually implemented deadly force
 15 in the conduct of your duties at APD.
 16 A. No, ma'am.
 17 Q. Is that --
 18 A. I'm sorry. I -- I -- I might have misheard your
 19 question. I apologize.
 20 Q. No. You answered the right question. I was just
 21 asking a follow-up. Yeah. Have you ever shot someone with
 22 a firearm?
 23 A. No, ma'am.
 24 Q. Whether in the military or not? No? Okay.
 25 A. Well, kind of back to what we said earlier. So

Page 135

1 the less-lethal shotgun is a firearm, but it is designed
 2 so -- I -- I just don't want to be -- I just don't want it
 3 to seem like I'm -- I'm lying or anything like that. So
 4 with a --
 5 Q. Mm-hmm.
 6 A. -- deadly firearm with a bullet projectile, no. I
 7 have not.
 8 Q. Okay. And then the follow-up question, have you
 9 ever impacted other than as part of the -- what I'm going to
 10 call the Geor -- George Floyd protest here in Austin -- have
 11 you ever impacted an individual with a beanbag round? And I
 12 think you know what I mean when I say the George Floyd
 13 protests?
 14 A. Yeah, yeah. No, absolutely. I -- I -- I don't
 15 think so. I believe that the George Floyd protest the first
 16 day was the first time and the only times that I have
 17 impacted someone with a less-lethal shotgun.
 18 Q. As part of your training and using those weapons,
 19 I'm assuming you fired them. Tell me kind of what that
 20 training was like. What were you targeting and -- and how
 21 did that go when you were learning to use those weapons --
 22 the less-lethals?
 23 A. So for the less-lethal weapons they go through a
 24 quick distance verification. What is the closest distance
 25 you can shoot. And what is the suggested longest distance

Page 136

1 that you should shoot.
 2 Q. Mm-hmm.
 3 A. Before it becomes really ineffective.
 4 Q. Mm-hmm.
 5 A. And then kind of a brief you know -- as you get
 6 further because it's a heavy -- a heavy projectile it will
 7 start to drop and stuff like that. So you do have to adjust
 8 your aim for things like that. And then we are handed a --
 9 if I remember correctly -- we were handed a less-lethal
 10 shotgun which is always got orange furnishings.
 11 So an orange front stock and an orange rear
 12 stock. And we are given two rounds. We will fire the first
 13 round from a specified distance that is slightly farther
 14 away. And aim for a green zone while you know, yelling the
 15 words "impacting." And then we will move closer to the
 16 target and do the same thing, yell impacting and fire at a
 17 green portion of the -- the rubber mat. And it's just a
 18 rubber mat that's hanging with a -- a silhouette painted
 19 with the different colors.
 20 Q. Okay. So before the George Floyd protest it
 21 sounds like you had discharged one of these so-called
 22 less-lethal shotguns twice in your life?
 23 A. I think that we did it a few extra times in the
 24 Academy, but I -- I can't remember.
 25 Q. Okay.

Page 137

1 A. But as far as the less leas -- sorry --
 2 less-lethal shotgun goes before the George Floyd riots, I
 3 would say no more than ten rounds.
 4 Q. Okay. I asked you about impacting others I'm
 5 going to ask about yourself now. Have you ever been shot
 6 with a -- a bullet from a firearm?
 7 A. No, ma'am.
 8 Q. And have you ever been personally impacted by a
 9 beanbag round?
 10 A. No, ma'am.
 11 Q. Okay. I said I was going to be jumping around.
 12 So now changing gears.
 13 A. Absolutely.
 14 Q. How many times has -- have you received a written
 15 performance review as part of your employment with APD?
 16 A. I -- I think it's only been twice because of the
 17 way my employment timeline lined up. My first year was when
 18 I was in training so I don't believe that I got one for
 19 that -- I might have. So maybe three.
 20 And then yeah my second year and then my
 21 third year. And I haven't received my fourth year, 'cause
 22 God I want to say I've only signed two. One from Serrato
 23 and one from Leyva. I don't think I had one from Francois.
 24 So I -- I think it's only two.
 25 Just because of the way where -- the way my

Page 138

1 employment lined up, I think they're in done in like July or
 2 August or something like that. And I hadn't been -- I
 3 think -- I think that was it -- the first one. I hadn't
 4 been observed long enough to -- you know, I'd only been solo
 5 for like a month or something like that and so --
 6 Q. Mm-hmm.
 7 A. It wasn't -- it wasn't done. I think.
 8 Q. So '18 probably wasn't done. 2023 probably isn't
 9 done yet. But then I have --
 10 A. Yes. So '18 definitely was not done because I was
 11 in the Academy.
 12 Q. Uh-huh. Okay.
 13 A. I don't think that '19 was done because by the
 14 time I hit street --
 15 Q. Okay.
 16 A. -- either that time had already passed or I hadn't
 17 been observed long enough for the evaluation to be fair.
 18 So --
 19 Q. Okay.
 20 A. -- I should have got one '20, '21, and '22. Maybe
 21 I did get three. We'll say three. I don't know.
 22 Q. Okay. Two or three. Maybe one was missed in
 23 there. But --
 24 A. Yeah.
 25 Q. Okay. And your expectation is that they're

Page 139

1 annual?
 2 A. Yes.
 3 Q. Okay. Have there been any like -- I don't want to
 4 use the word reprimand 'cause I know that's like a formal
 5 process within APD.
 6 A. Sure.
 7 Q. Has there been any sort of like deficiency that
 8 they've told you to work on in those evaluations?
 9 A. No. I -- I've -- I've never been given anything
 10 that would -- I've never been given anything less than a
 11 like meets standards of -- of the standard officer, or
 12 however, they --
 13 Q. Mm-hmm.
 14 A. -- they describe it. There was you know, one or
 15 two things that aren't observed obviously like, I'm not in a
 16 leadership position. So you know -- you know although some
 17 leadership skills are observed you know, like taking command
 18 of their -- you know, like that sort of stuff. That shows
 19 as not observed.
 20 But so everything is either --
 21 Q. Okay.
 22 A. -- above average or essentially where -- where the
 23 standard officer is.
 24 Q. Okay. I'm going to try to speed up because I'm
 25 taking so much of your time. So I'm going to start talking

Page 140

1 a little faster. I've got it in my mind I want to get you
 2 out of here.
 3 A. You take as much time as you need. It's fine.
 4 Q. And -- and thank you for that. Do you have --
 5 aside from anything related to the George Floyd protest and
 6 then we'll talk about that separately, do you have any
 7 history with IA or SIU?
 8 A. I had -- I've one instance with internal affairs.
 9 It was when I was on FTO. When I was -- when I was being
 10 trained by my field training officer and I was PPO.
 11 Q. Mm-hmm.
 12 A. We responded to a situation where somebody called
 13 in and stated they had been assaulted at a gas station. We
 14 arrived on scene. I interviewed the man. I called EMS out
 15 for him and once EMS got there, he's like, "I -- I don't
 16 want do anything. I don't want to press charges. I just --
 17 I just want EMS."
 18 And so I was like okay. And then I noticed
 19 that two of the other officers that responded with us had
 20 like walked away. And then so I -- I let the -- not that I
 21 was holding the gentleman, but the gentleman that we were
 22 talking to left in the -- in the ambulance. And the next
 23 thing I know, the two officers from my shift that had walked
 24 away were walking back with an individual in handcuffs. And
 25 I don't remember exactly what the charge was that -- he

Page 141

1 ended up being arrested that night and we brought his car
 2 over.
 3 They towed his car and they asked me to do
 4 the tow sheet. The administrative form that says the Austin
 5 Police Department towed your vehicle. This is what we found
 6 in it. This is what we found in it. This is the condition
 7 it was in. And you know, it's -- it's basically a receipt
 8 saying that the Austin Police Department towed your vehicle
 9 and where it went, right?
 10 So I -- while I was filling out that tow
 11 sheet, because I was so new I was kind of slow at it so
 12 other officers did the inventory of the vehicle. And so
 13 when I started doing it for myself, the -- I was told hey
 14 that's already done. And I was like okay. Well, what did
 15 we -- like what -- did we find anything? And I was told to
 16 write, "nothing of intrinsic value was found in the
 17 vehicle." Right?
 18 Q. Mm-hmm.
 19 A. So I wrote that on the tow sheet and I submitted
 20 it. That gentleman later complained that we illegally towed
 21 his car and that he was illegally arrested and he filed a
 22 complaint with the OPO who turned it over to IA. IA
 23 investigated me for improperly filling out the tow sheet
 24 because basically what they send was nowhere in policy does
 25 it say something has to have an intrinsic value to be

Page 142

1 documented on the tow sheet.

2 Q. Hmm.

3 A. So you need -- you need to document everything

4 that -- that you found in the car. And I was like, oh, like

5 okay. You know, absolutely. And so it didn't result in any

6 sort of discipline. It was more just an investigation into

7 the other things they found that I technically had violated

8 a minor policy so we had a discussion about it. And then as

9 far as I know, it was completely cleared up with no

10 disciplinary action other than just a -- maybe an oral --

11 just an oral conversation with my Sergeant about you know,

12 just -- just make sure you just document things slightly

13 better.

14 Q. Okay. And were you disciplined at all with

15 respect to your actions during the George Floyd protest?

16 A. No, ma'am.

17 Q. Okay. And I know we said that we both know what I

18 mean when I say that. That I'm talking about the protest

19 events surrounding the May 30th, 2020. The days before and

20 the days after.

21 There are a couple of places within the

22 documentation of those protests that I see remarks like

23 people were throwing things, intending to hurt officers.

24 And I want to talk to you about intent for a second. Are

25 you able to tell in the moment when you're up there on the

Page 143

1 overpass what someone's mental intention is?

2 A. I'm unable to tell what somebody's mental

3 intention is. What I -- what I believe is that a reasonable

4 person would say that if you throw an object at a person,

5 even if it's a small object, you are intending to -- if --

6 if there's not an agreement to play catch you are intending

7 to hit them with it. And therefore at least annoy or harass

8 them with throwing that object. And possibly even cause

9 pain.

10 So I mean bodily injury is any pain at all.

11 But you know, when I'm seeing rocks thrown at people, the

12 only time you throw rocks at people is to intentionally hurt

13 them. The only time you throw fireworks at people you know,

14 is to intentionally hurt them. Unless there is a prior

15 agreement that we're going to shoot fireworks at each other.

16 Q. It's my understanding that after these events

17 occur you -- you guys -- you APD officers were instructed

18 not to follow the standard written policy on response to

19 resistance reports, but to do something different; is that

20 correct?

21 A. Yes, ma'am.

22 Q. Could you kind of tell me what the difference is

23 in what the policy would have required and what you were

24 instructed to do?

25 A. Yes. So essentially -- sorry, let me start over.

Page 144

1 So policy states that for every response to resistance

2 they're certain things that need to be done. You need to

3 contact a supervisor. You need to contact EMS for the

4 person that was involved in a response to resistance.

5 Things like we're required to take pictures of that person

6 and ourselves. And anybody who was involved in the response

7 to resistance.

8 A -- what's called details page in our report

9 writing system is to be completed for every individual that

10 is involved in a response to resistance. And then we're

11 supposed to be interviewed by that supervisor. Whether --

12 sometimes it's on the phone. Sometimes depending on the

13 severity of the response to resistance they will come out

14 and interview us in-person. And then we are to write a

15 detailed, either a report or supplement based on the call

16 for service or whatever needed to be reported and that

17 response to resistance.

18 The way that I understand it is that this was

19 such an unprecedented event that the department did not have

20 the resources to be able to do that. So it would have been

21 impossible to every time I impacted or attempted to impact

22 somebody to stop, call a supervisor, have the supervisor

23 come out, pull me off the line, interview me, take pictures

24 of everybody that witnessed it, take pic -- you know, talk

25 to everybody that witnessed it, try to talk to the person

Page 145

1 that was impacted or almost impacted, coordinate getting EMS

2 to them.

3 We -- we weren't able to do those things

4 because we were so overwhelmed with the crowd control and

5 trying to maintain as much of a -- a peaceful assemblance as

6 possible. So at the end of the night, I don't remember if

7 it was broadcast over the radio or if it was given to

8 individual supervisors who just went around telling anybody

9 that they could see, it was if had you had a response to

10 resistance, write a supplement of roughly where you were and

11 what you did. If you fired your less-lethal, roughly how

12 many rounds you fired. And submit that under the case

13 number that you were given.

14 So that was the -- that was the first

15 directive. After that it -- it became more detailed as we

16 had the time, as we had the manpower to go through each one

17 of these instances, it -- we were required to go back, watch

18 every second of our video, and do a detailed supplement of

19 everything that we did.

20 So that's why I have multiple supplements.

21 So my first one is very generic, very vague. And then I was

22 told, hey, that's not quite enough, go back in and add a

23 little bit more. Okay, that's fine, I'll go add a little

24 bit more detail. And then, hey, give me another one, and we

25 need more detail. And then, hey, give me another one, we

Page 146

1 need -- and then it was just, hey, minute by minute, go
 2 through tell -- you know, anytime you took any sort of
 3 police action, I want it timestamped. I want it you know,
 4 documented.
 5 And so that's to the best of my ability is --
 6 is -- is what I did. And that all went to a -- I don't
 7 remember what they call it. But it went to a -- a group of
 8 supervisors who went through each one of them and determined
 9 if it needed to go -- if -- if it was justified. If it was
 10 within policy and -- or if it needed to be locked at by A --
 11 sorry -- by IA. Or if it needed to be looked at by SIU.
 12 Q. Okay. Do you know a former APD officer named
 13 Michael Harris?
 14 A. I don't -- I don't think so.
 15 Q. Okay. I wondered if by any chance he might have
 16 been the guy standing to your right in the body cam we
 17 watched. But you don't know?
 18 A. I -- I don't know and I -- I'll be honest, I'm --
 19 I'm really, really bad with names. So I --
 20 Q. Okay.
 21 A. -- I don't know.
 22 Q. I Googled you.
 23 A. Oh, no.
 24 Q. And --
 25 A. That's terrifying.

Page 147

1 Q. I think you're on the Board of Directors of the
 2 APAPAC; is that correct?
 3 A. Yes. I'm -- I'm part of the Political Action
 4 Committee for the Austin Police Department.
 5 Q. Okay. And as -- what is the kind of main
 6 objective of that group?
 7 A. So the main objective of the Political Action
 8 Committee is to represent the Austin Police Department
 9 during legislative sessions and during different city and
 10 state elections so that we as a police department can have
 11 representation at the state level, at the city level you
 12 know. And that we have -- we have help to you know, keep
 13 the -- you know, a lot of the -- the safety -- the safeties
 14 that are built into our job.
 15 So for instance this last legislative session
 16 there was talk that people wanted to make us at-will
 17 employees to the mayor. And so we as the PAC worked with
 18 legislators at the state level to try and help pass a law
 19 that would protect us from becoming at-will employees to the
 20 mayor and the city manager so that it wouldn't be one of
 21 those things where you know, one of our officers -- and I'm
 22 not saying our mayor would do this, that's not what I'm say.
 23 But you know, as an example you know, somebody sees a
 24 speeding car, pulls it over and it happens to be the mayor
 25 and the mayor just goes, well, you know what, after today

Page 148

1 you're fired.
 2 Q. Yeah.
 3 A. You know so it was it's -- it's -- it's those
 4 sorts of protections. I'm still fairly new to it. I've --
 5 I've been on it for about a year. And a lot of -- most of
 6 the stuff we've done is, hey, this person is running for the
 7 Williamson County you know, County Commissioner and he wants
 8 you know, he wants our support and stuff like that.
 9 Or you know, different city council members
 10 who are -- who are running for position you know, and
 11 it's -- it's well, you know, do you support the police? And
 12 if you do then we absolutely would love to -- love to you
 13 know, throw our support to you. And stuff like that.
 14 Q. Mm-hmm. Okay. How did you obtain your position
 15 on the board. Were you voted in? Was it just you
 16 volunteered and -- and you got it? How does that work?
 17 A. I was -- I was suggested to the position by a
 18 commander who has since retired from APD. His name is
 19 Commander Don -- or he was Commander Donald Baker. His wife
 20 was actually my -- my parents' realtor and so through that
 21 we -- we had many off-duty chats where he realized that I
 22 had you know, some level of interest in politics, but also
 23 some level -- a much higher level of interest in, you know,
 24 making sure that my career here at the Austin Police
 25 Department was productive, and you know, protective.

Page 149

1 And so he actually asked me if I would like
 2 to join. And I put him off for about a year because I
 3 didn't think that somebody so new should be, you know,
 4 representing like that. And he finally convinced me to
 5 join. And you know, he said, you know, just -- just be a
 6 part of it so you can learn what it's about. And you can
 7 learn how all of this stuff works. And then, you know, as
 8 time goes by you can get as active as you want to be. Or if
 9 you don't like it you can leave. But not like in a mean
 10 way.
 11 Q. So you got involved and then is there kind of a
 12 vote for board? Or is it just people volunteer and they're
 13 on it?
 14 A. Yes. So a name is suggested by a member. If
 15 there's an opening and the board votes yay or nay -- if that
 16 person should be allowed to -- to come in.
 17 Q. Okay. I'm going to ask you a series of questions
 18 that I think can be kind of quick yes or no questions. If
 19 you feel like you need to elaborate, I'm not going to stop,
 20 but hopefully they'll be kind of quick.
 21 Is -- does APD strive through its policies to
 22 keep the public safe?
 23 A. Yes.
 24 Q. Does APD strive through its policies to protect
 25 its officers?

Page 150

1 A. Yes.

2 Q. Okay. Now this one is not a yes or no. Is there

3 any indication within policy -- if it's one or the other, an

4 officer or a layperson citizen, who you're supposed to

5 choose?

6 MR. LAIRD: Object to the form, but you can

7 answer.

8 THE WITNESS: I -- I don't believe that there

9 is any policy or -- I -- I don't believe that there's

10 anything that is -- is determinant on you know, you have to

11 choose one or the other.

12 Q. Okay.

13 A. I think in those situations, intensive

14 investigations are done to see who was in the right and who

15 was in the wrong. And the outcomes have varied throughout

16 the last couple years.

17 Q. Okay.

18 A. We've had a couple of officers who have

19 overstepped and they have been fired or they have left.

20 Q. Okay. Back to the kind of yes or no. Is it APD

21 policy to strive to protect the Constitution and the

22 amendments thereto?

23 A. Yes.

24 Q. And would that include the exercise of First

25 Amendment rights?

Page 151

1 A. Yes.

2 Q. And would that include ex -- the Fourth Amendment

3 right to be free from excessive force?

4 A. Yes.

5 Q. All right. Walk me through your analysis as an

6 Austin Police Department officer holding a shotgun equipped

7 with beanbag rounds of whether to fire. I know that -- I

8 know what the directive was or the order was. You told me

9 about that. But what other questions do you need to ask in

10 your mind you know, to go through your analysis of whether

11 to fire that weapon?

12 A. Are we -- and I -- just as point of clarification,

13 are we asking in general or are we asking specifically for

14 the events that happened on the 30th?

15 Q. If there's a difference, I'll will ask for both.

16 So why don't you tell me in general first?

17 A. So in general -- so the less-lethal shotgun is

18 what is considered a pain compliance tool, right?

19 Q. Mm-hmm.

20 A. It is -- it is a standoff weapon. A standoff

21 weapon system that is used to try to gain compliance through

22 pain. And that sounds archaic and barbaric, but so the idea

23 is, is that it is the -- the -- if somebody is putting us,

24 themselves, or somebody else in danger, say they have a

25 weapon. Right? Say we've got somebody right here on the

Page 152

1 Congress Bridge and they're walking up and down the bridge

2 with a knife in their hand. And you know, as people walk by

3 there you know -- kind of chasing them and -- and kind of

4 like lunging the knife at them, right?

5 Q. Mm-hmm.

6 A. So theoretically, black-and-white you know, we --

7 we have the ability to shoot that person. Right?

8 Q. Mm-hmm.

9 A. They're -- they're actively trying to hurt and

10 possibly kill people. But that's not our first step.

11 Our -- our first step is to try to and gain compliance. So

12 we're, you know, we're going to be at a standoff distance

13 with something in-between us. And we're going to ask, you

14 know, we're -- we're gonna tell you to put that weapon down.

15 If that weapon isn't put down then if it is

16 available our next step is to try, if we -- again, if it's

17 available, all of these -- also keep in mind, all of these

18 situations are fluid. So they -- I'm not saying this is how

19 it's going go every time, right?

20 Q. Okay. Mm-hmm.

21 A. The next step we can use is using that less-lethal

22 shotgun to fire a beanbag round at the person to inflict

23 pain as a means to try to get them to stop that behavior,

24 drop that weapon, so that we can then approach and arrest

25 them without taking it to a lethal level.

Page 153

1 Q. Mm-hmm.

2 A. Right? It is often used in the unknown. So if we

3 don't know if the person has a weapon or not, but were -- we

4 suspect that the person has a weapon. It is unsafe for us

5 to move forward and go hands-on. So use the standoff weapon

6 and if the -- the orders are not -- the orders that we're

7 giving these people are not -- these individuals are not

8 complied with, then our next step is if we're close enough

9 to possibly use a Taser or to use a kinetic impact device or

10 the less-lethal shotgun. It is mainly to prevent us not

11 using deadly force.

12 Q. Mm-hmm. Mm-hmm, okay.

13 A. But --

14 Q. It does sound like that's different from kind of

15 the process engaged in on May 30th? Is --

16 A. Slightly.

17 Q. -- were there some differences?

18 A. Yes. So one of the issues that we ran into during

19 the George Floyd riots is that we had such a large

20 accumulation of people who were showing hostilities toward

21 us. Even the ones that weren't necessarily throwing stuff,

22 you know.

23 Q. Mm-hmm.

24 A. The aggressiveness in which they are screaming,

25 and shouting, and pushing against us made it very difficult

Page 154

1 to coordinate, you know, doing arrest teams and arresting
 2 individual agitators. So at a standard, peaceful, lawful
 3 protest that somebody sets up, you know, SRT will go out
 4 there and they will have teams, different types of teams set
 5 up. You know you'll have your containment teams, you'll
 6 have your arrest teams and stuff like that. And the idea
 7 is -- is you guys can scream and shout and -- and -- and let
 8 your voices be heard. Let your message be heard. Right?
 9 However, due to the mob mentality we can't
 10 allow agitators to -- to cause people to start taking that
 11 to the next level. So as soon as we see that in a standard
 12 situation when it comes to protests and stuff like that, we
 13 engage an arrest team. Where the frontline will break open
 14 and four or five officers will -- they will signal -- they
 15 will all communicate which person is the agitator.
 16 They will enter the crowd as a group to
 17 protect each other with two extra officers in the middle.
 18 And that will be their -- their hands-on people. They will
 19 surround that agitator, place them in handcuffs and remove
 20 them from the crowd. So that they don't intentionally stir
 21 that crowd up into doing something that the crowd doesn't
 22 necessarily want to do, but psychology and history has shown
 23 us that agitators can turn peaceful crowds violent, right?
 24 Even if it's just causing enough fear that they stampede
 25 each other, right?

Page 155

1 So that is what's done normally. Because we
 2 couldn't do that, because this was so large and because it
 3 was so -- what's the word I'm looking for? So -- not
 4 volatile. Complex. We couldn't form arrest teams. There
 5 was -- at the beginning there were so many agitators that
 6 we -- we couldn't wade into these crowds and arrest these
 7 individuals. We can't go after -- you know, we can't
 8 individually run after these people.
 9 Through past mistakes made by officers not
 10 just here, but around the country and even around the world,
 11 we have seen that when you have a crowd that is already
 12 upset at you and an individual officer tries to wade through
 13 the crowd to arrest a singular individual, they become the
 14 ones that is -- the one that is surrounded. And it just
 15 takes one person to start some sort of physical altercation
 16 and everybody begins that physical alteration. And now that
 17 officer is in danger of getting severely hurt or losing his
 18 life.
 19 And that's why we do it in that group
 20 setting. So that we can protect those internal officers
 21 with that slight perimeter around them. Slightly pushing
 22 people back. And then bringing everybody back at that same
 23 time and then just allowing the crowd to go back to what
 24 they were doing without that -- that individual agitator.
 25 When we have so many agitators that we have

Page 156

1 thousands of rocks littering the 35 and we have water
 2 bottles, and we have fireworks, and we have all of these
 3 things going on at once, and then you have these agitators
 4 that are constantly moving from little group to little group
 5 so that even if we did start chasing after them, pretty soon
 6 we're going to be so far away from our own people that we
 7 are in a dangerous position. And then it leads us into even
 8 more dangerous position because now, say it was me, I'm
 9 alone and I'm suddenly surrounded. And these people start
 10 hurting me, right? Am I justified in just -- starting and
 11 shooting them? No, but I also have the right to protect
 12 myself, right?
 13 So we get into this really, really scary gray
 14 area where you know, it -- it's -- it becomes so volatile
 15 that too many mistakes can be made, right? And so that's
 16 why we have to work as a team. That's why we -- we normally
 17 have everything set up in these arrest teams and in these --
 18 these -- these proven SRT methods to remove the agitators
 19 while still allowing people to exercise all of their rights.
 20 Right?
 21 These George Floyd riots happened and it
 22 was -- it was unprecedented for us. We -- we couldn't form
 23 those teams. We didn't have the people. We didn't have --
 24 it was so spread out. It was -- it -- there -- there was no
 25 way to safely try to effect arrests. So it was decided by

Page 157

1 our chain of command that the only way to proceed was to try
 2 and deter the agitative behavior by using standoff
 3 less-lethal weapons.
 4 And as the night went on the -- the agitators
 5 lessened. They were still there the entire time, but it
 6 wasn't -- it wasn't anything like in the beginning.
 7 Q. Do you think -- do you think it's accurate to say
 8 that APD was not ready for a situation like this?
 9 MR. LAIRD: Object to the form.
 10 THE WITNESS: I -- I can't -- I can't
 11 personally speak for the department, right? I can say that
 12 it didn't seem like it.
 13 Q. Mm-hmm.
 14 A. Okay. Whether they were or they weren't, I can't
 15 say. What I can say is, from a person on the ground, it
 16 seemed like we were behind the curve.
 17 Q. Mm-hmm.
 18 A. That is my personal opinion. And it is also the
 19 personal opinion of somebody who had -- has zero control
 20 over that.
 21 Q. Sure. Sure. Have policies on crowd control and
 22 use of force changed since the George Floyd protest?
 23 A. Yes.
 24 Q. And I can look -- I can compare the written
 25 documents, but I'll ask you just kind of general like -- can

Justin Wright

July 21, 2023
Pages 158 to 161

Page 158

1 you give me some general areas in which changes were made?
 2 A. Yeah. So I don't remember which day, but whether
 3 it was a day or two after the 30th, the -- they -- they
 4 changed how they wanted us to engage people with less-lethal
 5 weapons. I want to say they had designated people in
 6 designated places with those weapon systems. I believe that
 7 the ability to use crowd dispersion devices, such as smoke
 8 and gas, was taken away from SRT and was given strictly to
 9 SWAT.
 10 Q. Mm-hmm.
 11 A. And they were the only ones that could deploy
 12 those types of crowd control measures, if I remember
 13 correctly.
 14 Q. Mm-hmm.
 15 A. And then I think even after that that was further
 16 taken away to where we could not engage in any of those
 17 things. And that's -- that's when DPS troopers came in and
 18 began assisting us. Because we -- we suddenly really
 19 couldn't do anything to try and stop agitative behavior, if
 20 it got out of hand.
 21 Q. It sounds like that was an attempt to reduce the
 22 usage of the so-called less-lethals and the gas. Is that
 23 what you understood that change to be? An attempt to kind
 24 of reduce the use?
 25 A. I don't -- I don't know if it was an attempt by

Page 159

1 the department to reduce the use. Or if -- I know that the
 2 city council got involved. And I -- I believe that they
 3 made some directives that forced us to change certain
 4 policies and -- and the way that we did things.
 5 Q. Mm-hmm.
 6 A. So I don't know if that was a result of the
 7 department necessarily wanting things to change or the
 8 department being forced to changed -- sorry -- forced to
 9 change by things that the city council enacted.
 10 Q. Okay. I have to tried to be thorough, Officer
 11 Wright, but have I failed to ask you about anything that you
 12 think is important with regard to what happened out there on
 13 May 30th, 2020, that you -- you think should be known or
 14 should be considered?
 15 A. I don't -- I don't think so, no.
 16 Q. Okay. Have you understood all of my questions
 17 today? Or if not asked me to clarify and gotten to the
 18 point where you understood?
 19 A. I believe so.
 20 MS. JOSEPH: Okay. All right. I'll -- I'll
 21 pass the witness.
 22 MR. LAIRD: And we'll reserve our questions
 23 until the time of trial. We -- we will want to read and
 24 sign. And then I also wanted to see, Ms. Walters, if we
 25 could get an expedited copy of the transcript. And --

Page 160

1 COURT REPORTER: Okay. Go ahead.
 2 MR. LAIRD: And -- and I also will need to
 3 order a copy of the video as well.
 4 COURT REPORTER: Okay. So you would like a
 5 copy of the transcript and video, a read and sign, and you
 6 want to see about possibly getting this expedited.
 7 MR. LAIRD: Yes, that'd be great, if we can.
 8 COURT REPORTER: Do -- do you have an idea of
 9 how soon -- how quickly -- if you it were up to you -- and
 10 then I'll tell you if I can pull that off.
 11 MR. LAIRD: Maybe --
 12 VIDEOGRAPHER: Pardon the interruption, maybe
 13 we should go off the record here. It's the videographer.
 14 Is that okay with everyone.
 15 MR. LAIRD: Yes.
 16 VIDEOGRAPHER: All right. So the time is
 17 2:47 p.m. and we're off the record.
 18 (Proceedings concluded at 2:47 p.m.)

1 PROCEEDINGS
 2 THE REPORTER: Good morning. My name
 3 is Sidney Martinez, and I'm the reporter assigned by
 4 Veritext to take the record of this proceeding. We
 5 are now on the record. The time now is 9:05 a.m.
 6 This is the deposition of Michael
 7 Maloney taken in the matter of Modesto Rodriguez vs.
 8 The City of Austin, et al., on July 19, 2023.
 9 The reporter is located in San Antonio,
 10 Texas, and the witness is located in Independence,
 11 Missouri.
 12 I am a notary authorized to take
 13 acknowledgments and administer oaths in Texas.
 14 Parties agree that I will swear in the witness
 15 remotely outside of the State of Texas.
 16 Is all -- everyone -- party in
 17 agreeance with that?
 18 MR. LAIRD: Yes.
 19 MS. JOSEPH: Yes.
 20 THE REPORTER: Okay. Absent an
 21 objection on the record before the witness is sworn,
 22 all parties and the witness understand and agree that
 23 any certified transcript produced from this recording
 24 of this proceeding:
 25 - is intended for all uses permitted

Page 4

1 under applicable procedural and
 2 evidentiary rules and the laws in the
 3 same manner as a deposition recorded by
 4 stenographic means; and
 5 - shall constitute written stipulation
 6 of such.
 7 At this time, will everyone in
 8 attendance, appearing remotely, please, identify
 9 yourself for the record, beginning with Plaintiffs'
 10 counsel?
 11 MS. JOSEPH: Hi, Leigh Joseph here with
 12 Hendler Flores on behalf of both Tyree Talley and
 13 Modesto Rodriguez.
 14 MR. LAIRD: And I'm Gray Laird, along
 15 with Monte Barton and Priscilla Chavez, representing
 16 the defendant, City of Austin.
 17 THE REPORTER: Thank you. Hearing no
 18 objections, I will now swear in the witness.
 19 Mr. Maloney, could you, please, raise your right hand?
 20 WHEREUPON,
 21 MICHAEL MALONEY,
 22 called as a witness, and having been first duly sworn
 23 to tell the truth, the whole truth, and nothing but
 24 the truth, was examined and testified as follows:
 25 THE REPORTER: Thank you. You may put

Page 5

1 your hand down. Mr. Laird, you may begin.
 2 MR. LAIRD: Thank you.
 3 THE REPORTER: You're welcome.
 4 EXAMINATION
 5 BY MR LAIRD:
 6 Q Good morning, Mr. Maloney.
 7 A Good morning, Mr. Laird.
 8 Q I don't think we've ever met yet, but I'm
 9 just going to ask you a few questions this morning
 10 about your expert background and about your opinions
 11 in this case.
 12 I don't think it's going to take very long,
 13 but just let me know if you need to take a break for
 14 any reason. And we'll be glad to accommodate that.
 15 A Thank you.
 16 Q First off, let me ask you. Have you given a
 17 deposition before?
 18 A Yes, I have.
 19 Q Okay. Do you know about how many
 20 depositions you've given?
 21 A More than five, less than ten.
 22 Q Okay. That's fine. So you, generally, know
 23 how this process works, I'm assuming.
 24 But just let me know if I ask you a question
 25 that is not clear or you need me to rephrase it or

Page 6

1 repeat it, or anything you need me to do.
 2 And I'll be glad to do that. Is that fair?
 3 A Certainly.
 4 Q Okay. First off, let me ask you. We had
 5 served a notice of deposition for your deposition in
 6 this case, and it's just, basically, a document that
 7 has a list of items that we had asked you to bring or
 8 have available.
 9 And have you seen that notice of deposition?
 10 A I have.
 11 Q Okay. And let me just go -- I'm not going
 12 to go through all of them, but just let me ask you
 13 about a few of the documents that we had asked you to
 14 have available.
 15 The first one listed is "all 'materials'
 16 provided" to you, and I'll go through those in more
 17 detail based off your report.
 18 But I'm assuming that you would have access
 19 to those today if we needed them.
 20 A I would. I have to manipulate a couple
 21 screens, but, yes, I'd have access to them.
 22 Q Okay, perfect. And another thing we had
 23 asked you to bring, of course, is your resume or CV.
 24 And I'll ask you some questions about that.
 25 But you have a copy of that available if you

Page 7

1 need it.
 2 A I do.
 3 Q Perfect. And then we had also asked you to
 4 bring copies of any correspondence between you and
 5 Plaintiffs' counsel as well as any other experts,
 6 including consulting experts.
 7 Do you have copies of those available if we
 8 need it?
 9 A I have copies of those available if needed.
 10 Q Okay. And first off, let me ask you. Do
 11 you remember or have available just roughly about when
 12 you were retained as an expert in this case?
 13 A Oh. I could find out. It would take a
 14 little bit of searching. I was already involved in
 15 another case with the firm, and they asked me to take
 16 a look at the Rodriguez and Talley case as well.
 17 Q Okay.
 18 A It's been quite a while.
 19 Q Okay. That's fine. And when you say "the
 20 firm," I'm assuming you're referring to the Hendler
 21 firm, who represents the plaintiffs in these two
 22 cases.
 23 A Yes, I am.
 24 Q Okay. And do you remember who you were
 25 contacted by from the firm?

Page 8

1 A It would've been the attorney I was
 2 discussing at -- with at that time. I'm going to do a
 3 quick search here. I believe it would've been Rebecca
 4 Webber [ph].
 5 Q Okay. All right. And obviously, I'm
 6 assuming you've spoken with Ms. Joseph, who's here
 7 today from the Hendler firm as well, at some point.
 8 A Yes. We've been speaking for probably a
 9 month or two. Yes.
 10 Q Okay. Have you had any correspondence or
 11 discussions with any other attorneys at the Hendler
 12 firm, or really, from any other firm representing the
 13 two plaintiffs in these two cases?
 14 A No, I haven't. I've had, obviously, Zoom
 15 discussions with -- with the attorneys and whoever
 16 they had on at that time. But, no. My contact's been
 17 limited to that firm.
 18 MR. LAIRD: Okay. All right. And I
 19 guess what -- I mean, we don't have to necessarily go
 20 through it today.
 21 But I guess what I would request,
 22 Leigh, is if y'all can produce copies of that
 23 correspondence to us. I think it should've -- it
 24 probably was covered by one of our discovery requests.
 25 MS. JOSEPH: I'm confident we did,

Page 9

1 Gray.
 2 MR. LAIRD: Okay.
 3 MS. JOSEPH: I can go back and find a
 4 date of production.
 5 MR. LAIRD: That's fine.
 6 MS. JOSEPH: But I'm confident you have
 7 it.
 8 MR. LAIRD: That's fine. Okay. I'll
 9 double-check that as well, at some point.
 10 MS. JOSEPH: Okay.
 11 BY MR LAIRD:
 12 Q And let's see. I'm assuming that any
 13 exhibit that you would ultimately use with your
 14 testimony at trial, more than likely, I would -- I
 15 guess my question is, have they been referenced in
 16 your reports in these cases?
 17 And I understand that you may supplement
 18 your reports at a later time. But at least, as of
 19 now, would those at least be identified in your
 20 reports?
 21 A My reports, right now, include the majority
 22 of the graphics within the report, within the body of
 23 the report.
 24 Q Okay, all right.
 25 A Once again, not limiting to that, but

Page 10

1 that's --
 2 Q Sure.
 3 A Those are certainly the basis from which I
 4 would testify.
 5 Q Okay. All right. And that's perfect. All
 6 right. Sir, let me go ahead and ask you a little bit
 7 about your background, and I have a copy of your CV
 8 that was produced to us.
 9 And I'm assuming that that is -- you have a
 10 copy of it in front of you, the one that was produced
 11 to us.
 12 A I do. As far as I know, I have the same one
 13 open. Yes.
 14 Q Okay. All right. First off, let me just
 15 ask you. What areas do you consider yourself an
 16 expert in for the purposes of these two cases, the
 17 Talley case and the Rodriguez case?
 18 A I consider myself an expert in crime scene
 19 or death scene, or injury scene reconstruction.
 20 Q Okay.
 21 A Photogrammetry --
 22 Q I'm sorry. What was that?
 23 A Photogrammetry.
 24 Q Okay.
 25 A It's how we got the measurements based upon

Page 11

1 the video images.
 2 Q Got you.
 3 A And then wound dynamics and mechanism of
 4 injury.
 5 Q Okay.
 6 A Trajectory analysis.
 7 Q Okay.
 8 A And I'm trying to think if I used any of the
 9 other skill sets, but this -- I -- I think that's
 10 pretty comprehensive now when we cover a scene
 11 reconstruction.
 12 Q Okay. So let me make -- I jotted these
 13 down. Let me make sure I've got them, crime scene
 14 reconstruction, photogrammetry.
 15 A Yes.
 16 Q Wound dynamics and trajectory analysis.
 17 A No, wound dynamics and mechanism of injury.
 18 It's --
 19 Q And mechanism of injury, okay.
 20 A -- the same, but different.
 21 Q Okay. All right.
 22 A And also, I -- I think that's going to cover
 23 it.
 24 Q That'll cover it. Okay.
 25 A That's a broad enough net. If not, we can

Page 12

1 certainly -- if I come up with something different
 2 where I'm rendering an opinion on, we can certainly
 3 discuss that.
 4 Q Okay. Looking at your CV, the copy that I
 5 have doesn't appear to be page numbered. But it has a
 6 section on your education, and let me just ask you a
 7 few questions about it.
 8 It's kind of toward the middle to the back
 9 of your CV.
 10 A I'm there now.
 11 Q Okay. It looks like you received a Bachelor
 12 of Arts from the State University of New York. What
 13 was your degree in? What field was it in?
 14 A It was in -- oh, we're going all the way
 15 back to -- back to that. It was in -- I'm sorry. I
 16 just had a little mental blank. So give me just --
 17 Q That's okay.
 18 A I'm not sure if it was in -- there was a
 19 supporting concentration in biology and chemistry, and
 20 I believe it was under the auspice of
 21 government/criminal justice.
 22 Q Okay. All right. And let's see. All
 23 right. And what you have listed here, at least on
 24 your resume, is supporting concentration in biology,
 25 chemistry, and criminology.

Page 13

1 A Yes.
 2 Q Does that sound right?
 3 A Yes.
 4 Q Okay. All right. And did you take any --
 5 I'm assuming if you had a concentration, in part, in
 6 criminology, would you have taken law enforcement
 7 classes for your bachelor's degree?
 8 A Yes, I did.
 9 Q Okay. I know it's been a while. Do you
 10 remember any of those specific classes?
 11 A They would've been the -- the required
 12 classes, plus probably some of interest beyond that.
 13 It's been quite a few years.
 14 Q Right. I'm right there with you. All
 15 right. And then you have listed University of North
 16 Florida, completed coursework in 1990 towards
 17 secondary teaching certificate in biology and natural
 18 sciences.
 19 A Yes.
 20 Q Okay. And I'm assuming that that coursework
 21 looks like it was focused on kind of the scientific
 22 aspect of your education, biology, and natural
 23 sciences. Is that fair?
 24 A It was to qualify me. I worked as a high
 25 school science teacher for several years.

1 Q Okay.
 2 A So the classes were specifically in order to
 3 meet the State's requirements for being a
 4 secondary-level science teacher.
 5 Q I see. Okay. And then next listed is
 6 George Washington University, where you earned your
 7 master of forensic sciences in 1995.
 8 A That's correct.
 9 Q Okay. And you list, on your CV, that you
 10 took coursework working on your master's in crime
 11 scene processing, advanced crime scene processing,
 12 forensic identification, forensic pathology, wound
 13 dynamics and evidence of injury, forensic laboratory
 14 procedures, DNA evidence, crime scene/forensic
 15 photography, trace evidence, impression evidence,
 16 friction ridge evidence, biological evidence,
 17 testifying as an expert witness, and constitutional
 18 law. Is that correct?
 19 A That's correct.
 20 Q Did you take any courses while working on
 21 your master of forensic sciences on police policies
 22 and police tactics that you can recall?
 23 A No, I did not, not at the master's level.
 24 Q Okay. While working on your master's
 25 degree, did you take any courses on law enforcement

1 use of force or response to resistance?
 2 A No, I did not.
 3 Q Okay. All right.
 4 A Let me clarify that; I'm sorry.
 5 Q Sure.
 6 A For "response to resistance," define that.
 7 Q Okay. It, basically, is the same thing as
 8 "law enforcement use of force."
 9 Some departments call it different things.
 10 Some departments call it "response to resistance."
 11 Others call it "use of force." It's basically, the
 12 same thing.
 13 A I'm more familiar with the "use of force"
 14 term, and, no, I did not receive classes in that as
 15 part of my master's degree.
 16 Q Okay. Have you obtained any other degrees
 17 past your master's in forensic science?
 18 A No, no other degrees.
 19 Q Okay. All right. And then, looking at your
 20 CV, you have a list of publications there, on the
 21 second page.
 22 A I am there.
 23 Q Okay. And it looks like -- and I'm not
 24 going to go through all of these, but it looks like,
 25 at least under that section, you have four

1 publications. Are those actually books that you've
 2 written, or --
 3 A Yes, those are books that I've written, and
 4 in one case, it was a series of chapters I
 5 contributed.
 6 Q Got it. Okay. And it looks like, at least
 7 from the titles of these publications, that they all
 8 deal with crime scene investigation, death scene
 9 investigation, and kind of crime scene processing,
 10 those subject areas.
 11 Is that fair to say? I mean, I know they
 12 probably include other subjects as well, but.
 13 A In death scene investigation, that would be
 14 about a third of the book.
 15 A third of the book would be wound dynamics
 16 and mechanism of injury, and a third of the book would
 17 be how to respond to specific scenes in order to be
 18 able to maximize the evidence which has been covered.
 19 I'm going to change all my "thirds" to a
 20 "fourth" because I have one more.
 21 And then a fourth of the book would cover
 22 the actual procedures for documenting blood stain
 23 pattern analysis, shooting trajectories, wounds to the
 24 body, things like that.
 25 Q Okay.

1 A It's far more expansive in scope than a book
2 on how to crime scene process.
3 Q Okay. Have you written any books or
4 publications on police policies and tactics?
5 A No, I have not.
6 Q Okay. Have you written any books or
7 publications on law enforcement use of force?
8 A I've done professional presentations on use
9 of force, but I don't believe it's from the angle that
10 you're looking at.
11 I've done presentations on police-involved
12 shootings and how to be able to reconstruct and
13 maximize what event and event analysis occurred during
14 the shooting.
15 Q Okay.
16 A Or during the deployment of force.
17 Q So your publications would have addressed
18 how to analyze the scene of officer-involved
19 shootings. Is that fair?
20 A Yes.
21 Q Okay --
22 A And how to reconstruct them, yes.
23 Q Pardon, I'm sorry. I spoke over you.
24 A And how -- and how to reconstruct them.
25 Q Got it. Okay. They would not have -- they

Page 18

1 would not have addressed the standards for uses of
2 force or police policies regarding use of force. Is
3 that correct?
4 A No, they would not.
5 Q Okay, all right. And I may speed this up a
6 little bit. Let me ask the same question with regard
7 to -- you have a fairly long list of professional
8 presentations that you've made over the years.
9 And again, it looks like most of those deal
10 with kind of the forensic science aspect of crime
11 scene investigation. Is that fair to say?
12 A That'd be correct.
13 Q All right. Have you given any professional
14 presentations addressing police policies or practices
15 regarding use of force, crowd control, or those types
16 of subject matters?
17 A I apologize for the hesitation. I'm trying
18 to --
19 Q And feel free to -- you can look through
20 your list if you need to. Feel free to do that.
21 A Yeah. Let me see what I have here on the
22 list. I don't show any of those on the list. No, I
23 don't.
24 Q Okay. When you say "any of those," you mean
25 none of those subject matters.

Page 19

1 A Correct. Once again, I've done
2 presentations in law enforcement shootings and
3 officer-involved shootings, but not on the policies --
4 on the policies that surround those situations.
5 Q Okay. Or the standards that are used to
6 evaluate officers' uses of force, is that correct?
7 A Correct.
8 Q Okay. And same question with regard to your
9 section on Professional Research and Publications, a
10 couple of pages over, it looks like you have sections
11 on Published or Presented Research as well as Research
12 Completed in the Publication Preparation Stage.
13 Do any of those -- does any of that research
14 or potential publications address use of force issues
15 such as the standards used to evaluate uses of force
16 or policies regarding uses of force?
17 A No, it doesn't.
18 Q Okay. And then you have also if I can find
19 it, I believe, listed some training courses that you
20 have developed over the years.
21 A Yes.
22 Q Same question for those, have you developed
23 any training courses regarding law enforcement use of
24 force and the standards used to evaluate uses of
25 force?

Page 20

1 A No, I have not.
2 Q Okay. Or law enforcement policies and
3 practices regarding uses of force?
4 A No.
5 Q Okay. All right. All of the training
6 courses you have developed have been in the forensic
7 science field. Is that correct?
8 A Yes, the extended forensic field. Yes.
9 Q Okay. And then you also list your -- you
10 have a section for Relevant Employment, and I know
11 that you told us that you taught kind of in the high
12 school level for a few years.
13 Was that straight out of college, or --
14 A No, that was actually out of the Marine
15 Corps.
16 Q Okay.
17 A I did -- I did a term in the Marine Corps.
18 When I left the Marine Corps, I started teaching high
19 school while I was basically waiting to get on with a
20 federal agency.
21 It takes a couple of -- back at that time,
22 it took a couple of years to get on.
23 Q I see. Okay. And it looks like that your
24 current employment is with Forensic Solutions in
25 Kansas City from, it looks like, 2008 to the present.

Page 21

1 Is that correct?
2 A That's my current employment. Yes.
3 Q Okay. And is that your company that -- it
4 says you're the president of it. So I'm assuming
5 that's your company for your consulting and expert
6 work.
7 A Yes, it is.
8 Q Okay. And is that your full-time position
9 now?
10 A Well, my wife would like it -- me to
11 consider it my semi-full-time position. I'm
12 semi-retired is how --
13 Q Oh, I see. Okay.
14 A But that is -- I don't do woodworking or
15 anything else for pay or for hire or profit. So, yes,
16 it would be other than my retirement and pension and
17 such. This is what I do.
18 Q Okay. All right. And you state there in
19 your CV that you provide training seminars on death
20 scene investigation and crime scene investigation.
21 You also conduct case consultations and
22 provide expert testimony for criminal and civil
23 matters in death scene analysis, crime scene analysis,
24 shooting incident reconstruction, and blood stain
25 pattern analysis.

Page 22

1 And you also develop and conduct training
2 classes in, it looks like, those same subject areas.
3 Is that correct?
4 A Yes.
5 Q Okay. Do you -- okay, I'm sorry. I jumped
6 ahead of myself there on your resume.
7 Do you currently do any type of analysis or
8 expert work in the subject areas of use of force by
9 law enforcement as far as the standards for uses of
10 force and policies and practices in evaluating law
11 enforcement use of force?
12 A The third part of that I have difficulty
13 with. There were three parts to that. So could we
14 break that down?
15 Q Sure, sure.
16 A Or I can, if you'd like. On the
17 policy -- on the policy, no, I don't do anything on
18 that. Then there was a second area you asked about.
19 Q Yeah. If I can remember what it was, I
20 think it was, basically, on the standards used to
21 evaluate law enforcement uses of force.
22 A No, I do not.
23 Q Okay. All right. Have you ever been
24 certified as a peace officer?
25 A Yes, I have.

Page 23

1 Q Okay. And when was that?
2 A Oh, I was certified -- matter of fact, I
3 just retired my certification from Texas. I was
4 certified as a law enforcement officer, a peace
5 officer way back when I worked as a deputy sheriff in
6 Tom Greene County.
7 Q Okay.
8 A And I'm going to come up with a year. No,
9 I'm not, but I'm going to -- suffice it -- suffice it
10 to say my initial law enforcement job was about 40
11 years ago.
12 Q Okay.
13 A And then I was also certified as a law
14 enforcement officer and criminal investigator in the
15 federal system.
16 Q Okay.
17 A As a federal LEL [ph] law enforcement.
18 Q Okay. That was a federal certification.
19 A Yes.
20 Q Okay.
21 A And then my most recent certification
22 would've been as a law enforcement specialist for the
23 federal government.
24 Q Okay. And what was that specialization in,
25 what subject areas?

Page 24

1 A It was in crimes against persons, crimes
2 against property. For the most part, that would focus
3 on death scene investigations, forensic science, or
4 forensic investigations and -- and sex crimes.
5 Q Okay. And can you give me -- I don't need
6 exact dates.
7 But when you were a deputy sheriff in Tom
8 Greene County in Texas, just roughly, you said it was
9 about 40 years ago. Do you know how long you served
10 as a deputy sheriff?
11 A I'm 63 now, and I was about 20, 21 when I
12 did that. I served for about two years as a deputy
13 sheriff. Then I moved up to Washington State, and I
14 served with the police department there for about a
15 year.
16 Q Okay.
17 A And then, I went into the Marine Corps after
18 the barracks bombing in Beirut.
19 Q Okay. All right. And other than serving as
20 a deputy sheriff in Tom Greene County, did you hold
21 any other law enforcement positions in the State of
22 Texas?
23 A No.
24 Q Okay. And then when you went to, you said,
25 Washington State for a year --

Page 25

1 A Yes, yes.
2 Q -- you were you an actual police officer,
3 then?
4 A I was a police officer, yes.
5 Q Okay. And that was for roughly one year.
6 A About a year.
7 Q Okay. All right. Have you been an actual
8 police officer or deputy sheriff, or state trooper in
9 any other states besides what you've already told me?
10 A No.
11 Q Okay. All right. And then, you also state
12 that you worked for the Denver crime lab from April
13 2018 to October 2018 as a crime scene supervisor. Is
14 that correct?
15 A That's correct.
16 Q Okay. And you stated in pretty good detail
17 about what your responsibilities were there, and it
18 looks, to me, that they all involve kind of the
19 technical or scientific aspect of crime scene
20 investigating.
21 Is that a fair summary of your duties at the
22 Denver crime lab?
23 A Yes, technical investigations and
24 reconstruction.
25 Q Okay. And did any of those responsibilities

Page 26

1 at the Denver crime lab involve evaluating law
2 enforcement uses of force from a standards, policies,
3 and practices standpoint?
4 A No, it did not.
5 Q Okay. All right. And I'm not going to go
6 through all of your other prior employment. It looks
7 like you have it all spelled out there. Would you
8 mind just reading over that, just kind of looking --
9 A I'd like to go -- I'm sorry. I'd like to go
10 back and make a correction.
11 Q Sure.
12 A Thank you. I apologize. I was in law
13 enforcement in the State of Washington, but I was not
14 in a sworn position.
15 Q Okay. What was your position there?
16 A I was a -- I was hired on as an officer to
17 do parks and recreation areas. They have a variety of
18 different areas like that, but I was not the arresting
19 officer.
20 Another officer would have come to make the
21 arrest, and I didn't want to give you the wrong
22 impression on that. I apologize.
23 Q Yes, sir. No, no, no apology necessary.
24 Thank you for providing that.
25 Is there anything as -- you can just look

Page 27

1 over the employment you have listed, and just let me
2 know if you think anything has been left out,
3 unintentionally, I'm sure. But just let me know if
4 that covers your prior employment.
5 A It does.
6 Q Okay. Great. And then you also provided,
7 to Plaintiffs' counsel who provided it to us, a list
8 of your prior court cases in which you've given
9 deposition or trial testimony for the past ten years.
10 And do you have a copy of that handy that
11 you can refer to?
12 A I will pull that up right now.
13 Q Sure.
14 A I have that.
15 Q Okay. And I'll just ask you a few questions
16 about each of these. The most recent one, from 2023,
17 that you have listed is State of Texas vs. Xavier
18 Harrison in Harris County Juvenile Court.
19 A Yes.
20 Q Did you testify at trial in that case?
21 A Sorry, juvenile court confuses me as to
22 what's trial and what's not --
23 Q Right. And --
24 A -- because I know they have -- they have
25 different levels. And I'm not familiar with --

Page 28

1 Q Yeah.
2 A I was sworn in, and I testified before a
3 judge.
4 Q Got you. It could've been a hearing as
5 opposed to a trial.
6 A Yes, absolutely.
7 Q And just generally, what was that case
8 about --
9 A It was a child sexual abuse case.
10 Q Okay. All right. Did any of your -- and
11 what subject areas -- well, first of all, I'm assuming
12 you testified as an expert in that case.
13 A Yes, I did.
14 Q And what was the subject area of your
15 expertise in that case?
16 A It was in sexual assault investigations.
17 Q Okay. All right. And I'm assuming that
18 would've been more kind of the scientific or technical
19 aspect of that particular crime.
20 A No, it encompasses the investigative process
21 as well.
22 Q Okay. Got you. All right. And then, in
23 2022, you have listed Reynolds vs. DiPietro.
24 A Yes.
25 Q D-I capital P-I-E-T-R-O, and that was in the

Page 29

1 State of Maine.
2 A Yes.
3 Q And that, it looks like you gave a
4 deposition in that case.
5 A Yes.
6 Q Do you recall what that case was about?
7 A Yeah, it's still an active investigation.
8 It's a -- a missing toddler.
9 Q Okay. And what was your subject -- or what
10 is your subject area of expertise in that case?
11 A It was the forensic -- forensics involving
12 the scene to include blood stain pattern analysis.
13 Q Okay. And then, the next case, in 2022, is
14 Sahlin, S-A-H-L-I-N, vs. The Benson, B-E-N-S-O-N,
15 Place Homeowners Association, and that looks like you
16 testified by deposition in that case as well. Is that
17 correct?
18 A That's correct.
19 Q All right. And what kind of case is that?
20 A For me, it was a blood stain pattern
21 analysis case.
22 Q Okay. And in 2021, Commonwealth of Virginia
23 vs. Bryan, that's B-R-Y-A-N, Carl Cage, C-A-G-E, and
24 this was actually trial testimony.
25 A Yes, it was.

1 Q All right. And what kind of case is that?
2 A This was an officer-involved shooting and
3 the reverse.
4 Several officers were shot during the
5 execution of a search warrant, and I testified to the
6 forensic reconstruction, who was there, who had what
7 line of sight, who could see what, and which -- which
8 weapons fired in which direction at which time.
9 Q Okay.
10 A So forensic reconstruction case.
11 Q Got it. Did you testify as an expert in the
12 subject areas of the standards used to evaluate the
13 officers' use of force in that case?
14 A No, I did not.
15 Q Okay. Were you accepted as an expert in any
16 other field other than the forensic science aspect of
17 it, which you've described for us?
18 A No.
19 Q Okay. And then next is State of Iowa vs.
20 Buelow, B-U-E-L-O-W, which was in Iowa, and that was
21 trial testimony. Is that correct?
22 A That's correct.
23 Q And what was that case about, if you recall?
24 A I semi-recall that one. Give me just a
25 second 'cause I don't want to speak wrong or

1 incorrectly here. So give me just a minute on that
2 one.
3 Thank you. That was a first-degree murder
4 case, and it was an appeals case at that point.
5 Q Okay. And what was your subject area of
6 expertise in that case?
7 A Forensic reconstruction, blood stain pattern
8 analysis, who was where doing what, when.
9 Q Okay. All right. And then the last case
10 that you have listed is from 2016, State vs. Gamache,
11 G-A-M-A-C-H-E, it looks like from Washington State.
12 Do you recall that one?
13 A Yes. I do. That was a homicide
14 investigation or a -- a murder case at that point.
15 Q Okay. And what was your subject area of
16 expertise for that case?
17 A Reconstruction, who was where doing what
18 when.
19 Q Okay. All right. And do you recall any
20 other cases that you've testified in that are not
21 listed on this list?
22 A Well, this covers the last ten years. So
23 anything before that --
24 Q Sure. Okay. All right. Have you ever been
25 admitted by a court or a judge as an expert -- or, not

1 admitted as an expert, qualified as an expert for a
2 court in the field of law enforcement use of force
3 tactics or policies?
4 A No. I have not.
5 MS. JOSEPH: Objection, form.
6 BY MR LAIRD:
7 Q Okay. Do you know if you've ever been
8 denied qualification by a judge or a court in any
9 subject matter?
10 A I have not, to my knowledge, no.
11 Q Okay. All right. All right. Let's go
12 ahead and look at the reports that you have provided
13 for these two cases, the Talley case and the Rodriguez
14 case.
15 And I know that these were two separate
16 incidents, but, I mean, they really kind of involve
17 the same issues. So I may kind of combine the
18 questions to both of them, to the extent we can, just
19 to kind of shorten the deposition.
20 But if at any time you need to distinguish
21 between the two, just let me know, and we'll work it
22 out where we're both on the same page.
23 But I'm going to start out looking at your
24 report for the Modesto Rodriguez incident.
25 A Yes.

1 Q And on the second page of the report, you
2 have a list of the materials reviewed and relied upon
3 in forming your opinions in this case.
4 A Yes.
5 Q Okay. And let me just kind of go through
6 these. First thing listed is scene LiDAR. Is that
7 the correct way to pronounce that?
8 A That's the way to pronounce the acronym,
9 yes.
10 Q Okay. And it's spelled L-I capital D-A-R,
11 and you have scene LiDAR generated by Angelo
12 Leiloglou. Help me with that --
13 A Your pronunciation will be as good as mine.
14 Q Okay. All right. Who is Mr. Leiloglou?
15 A He is a -- he's an expert on the use of
16 LiDAR and generating LiDAR images. LiDAR is -- is
17 laser imaging and ranging.
18 Q Okay.
19 A So he is someone that -- I do it on smaller
20 scenes for myself, but as this scene involved quite a
21 bit of area, I recommended bringing him in to do the
22 LiDAR.
23 He also has the ability to integrate it
24 with -- with drone coverage which I don't have.
25 Q Okay.

Page 34

1 A So he -- he performed the technical mapping
2 of the scene.
3 Q I see. Okay. And you've worked with him or
4 consulted with him on prior cases or --
5 A Yes, I have.
6 Q Okay. All right. And would you have
7 actually retained him, or would Plaintiffs' counsel
8 have retained him?
9 A It depends on the case. I don't remember in
10 his instance which of us retained him. I believe the
11 plaintiffs' counsel did.
12 Q Okay.
13 A But I would not -- I wouldn't hold to that;
14 on some cases, I do.
15 Q Okay. And then you also list a number of
16 body-worn camera footage, and I'm not going to list
17 each one.
18 It's certainly, you know, I don't know, 15,
19 maybe 20 of the body-worn camera footage, and I assume
20 those would've been provided to you by Plaintiffs'
21 counsel.
22 A Yes, that's correct.
23 Q Okay. And then you also list, it looks
24 like, about five bystander videos.
25 A That's correct.

Page 35

1 Q And I'm assuming that you would've gotten
2 those from Plaintiffs' counsel as well.
3 A Correct.
4 Q Okay. And then, on the next page, you have
5 Medical/Documentation of Injury, and it looks like you
6 have some Bates numbers, first off, for some medical
7 records from South Austin Medical Center. Is that
8 what that refers to?
9 A That's correct.
10 Q Okay. And the next is, it looks like, some
11 protest injury photos of Mr. Rodriguez. I'm assuming
12 those would've been provided by Plaintiffs' counsel as
13 well.
14 A That is correct.
15 Q Okay. Are you aware of any other materials
16 or documents or videos of any kind that you used to
17 formulate your opinions in, let's just say with,
18 Mr. Rodriguez's case?
19 A No, I'm not. Nothing comes to mind right
20 now.
21 Q Okay. Did you review any Austin Police
22 Department policies or reports regarding this incident
23 or any other incident to formulate your opinions in
24 this case?
25 A No, I did not.

Page 36

1 Q Okay. Did you review any statements --
2 A I'm sorry. I'm going to ask you to hold on
3 that.
4 Q Sure.
5 A I'm going to confirm that the information I
6 just gave you is correct.
7 Q Sure.
8 A Okay. We can move forward. I forget the
9 question now. I apologize, but --
10 Q That's okay. The question was, did you
11 review any Austin Police Department policies or
12 reports regarding the Modesto Rodriguez incident or
13 any other incident to formulate your opinions in this
14 case?
15 A No, I did not cover any policy or reports.
16 Q Okay. Did you review any Austin Police
17 Department reports to formulate your opinions in this
18 case?
19 A Once again, this is where the co-mingled
20 cases can become a problem. I'm looking in Modesto
21 Rodriguez now. I'm now going to take a look in
22 Talley.
23 Q Okay. Sure. Take your time.
24 A Just bear with me for another moment or two.
25 I want to make sure I'm giving you an accurate answer.

Page 37

1 Q Sure, no problem.
2 A Okay. If you'll ask me that question again,
3 I'm ready.
4 Q Okay. And why don't we do this? This may
5 be easier to kind of keep the two cases separate. For
6 the Rodriguez incident, did you review any Austin
7 Police Department reports of any kind to formulate
8 your opinions?
9 A No, I did not.
10 Q Okay. For the Rodriguez incident, did you
11 review any statements, written statements, of any
12 Austin Police Department officer to formulate your
13 opinions?
14 A I did not.
15 Q Okay. For the Rodriguez incident, did you
16 review any of the parties' discovery responses, like
17 answers to interrogatories of either the plaintiff,
18 Mr. Rodriguez, or the City of Austin, to formulate
19 your opinions?
20 A Now, we're on Talley. Correct?
21 Q Well, let's stick with Rodriguez for now,
22 and then I'll --
23 A I'm sorry. I thought you said "Talley."
24 Q That's okay.
25 A Okay. I don't show where I used them to

1 formulate my opinion.
2 Q Okay. All right. And then now, let's just
3 look over on Talley just to make sure I've covered
4 everything.
5 On the Talley report, you also similarly
6 list the materials you reviewed and relied upon. And
7 you have the scene LiDAR from Mr. Leiloglou, the
8 body-worn camera footage, and then three bystander
9 videos. Is that correct?
10 A That is correct.
11 Q And then you also list, under the heading
12 Medical/Documentation of Injury, some medical records
13 for Mr. Talley from St. David South Austin Medical
14 Center, along with a couple of groups of injury photos
15 and a video of the elbow injury. Is that correct?
16 A Correct.
17 Q All right. Did you review any Austin Police
18 Department policies or reports in preparation of your
19 opinions issued for the Talley incident?
20 A And I'm sorry. That's not as easy a
21 question as it seems.
22 Q Oh, no. You take all the time you need. I
23 know you've probably been given a lot of material.
24 A I was aware of and used the evaluation of
25 ammunition that was done by the Austin Police

1 Department. It was provided to me in a different
2 case, though, not in either of these.
3 Q Do you know which case that was provided to
4 you in?
5 A Krisch.
6 Q Okay.
7 A K-I-R-S-C-H [sic], I believe.
8 Q Okay. Do you --
9 A And that was an evaluation by their training
10 department, I believe, on the ammunition, the specific
11 beanbag rounds that were being fired that day, their
12 velocity, and their impacting energy.
13 Q Okay. Would you happen to have available
14 the Bates numbers of whatever that documentation was
15 from the Krisch case?
16 Or is that something you could find and then
17 let us know later? You don't necessarily have to do
18 it at this moment, but.
19 A I'm going to see if it's easy. If it's not,
20 then we will --
21 Q Okay.
22 A -- later.
23 Q Okay.
24 A I'm just scanning through the report that I
25 believe it was appended to.

1 Q Okay.
2 MS. JOSEPH: Do you guys mind if we
3 take a short break after this question?
4 MR. LAIRD: Sure.
5 MS. JOSEPH: Or if we want to do it
6 while Mr. Maloney's looking for the answer, whatever
7 you want, Gray.
8 MR. LAIRD: Yeah. Why don't we just
9 take it now? Yeah, we need a restroom break anyway.
10 Sure. Take about five or ten minutes.
11 THE REPORTER: We are off the record at
12 9:59 a.m.
13 (Off the record.)
14 THE REPORTER: We are back on the
15 record at 10:12 a.m. You may continue.
16 MR. LAIRD: Thank you.
17 BY MR LAIRD:
18 Q Mr. Maloney, I think where we left off is
19 you were checking to see for, I believe, the Talley
20 opinions that you've rendered, whether you had
21 reviewed any APD officer statements or APD reports.
22 Is that correct?
23 A Yes, that's where we were.
24 Q Okay. And were you able to find out --
25 A I was -- yes, specifically, I was referring

1 to reports and -- on the policies, procedures, et
 2 cetera. And, yes, I reviewed -- I can give you the
 3 number of it here.
 4 Q Okay.
 5 A It's under the Krisch investigation. It's
 6 COA2144 through 2610. Does that mean something to
 7 you?
 8 Q I think so. We can track that down.
 9 A Okay.
 10 Q And would that have been the reports on the
 11 munitions that you referred to earlier before we took
 12 the break?
 13 A It includes a lot of that. It is a
 14 confidential report from the Austin Police Department
 15 Special Investigations Unit involving use of force.
 16 It covers the training that the officers
 17 were given on the shotgun on nonlethal -- or less than
 18 lethal, excuse me.
 19 It includes their policies and procedures,
 20 and it includes their plan and tactics for the
 21 specific incidents that we're talking about.
 22 So this would've been where I got background
 23 on policies, procedures, et cetera, for what Austin
 24 Police Department used.
 25 So that's why it was confusing earlier

Page 42

1 because I received it through this case, but I
 2 certainly didn't turn it off for these two cases as it
 3 involves the same several-day incidents.
 4 Q Okay. Did you review any specific APD
 5 reports that address the Talley or Rodriguez
 6 incidents?
 7 A No.
 8 Q Okay. Did you review any specific APD
 9 officer written statements that address either the
 10 Talley or Rodriguez incidents?
 11 A No. I did not.
 12 Q Okay. Did you review any actual Austin
 13 Police Department written policies to formulate your
 14 opinions in the Talley and Rodriguez incidents?
 15 A Yes, I did. They were included in the
 16 citation I just gave you.
 17 Q Okay. All right.
 18 A That's about a 500-page document. I think
 19 it's about 480 -- 480 pages.
 20 Q Okay. All right. Okay. I think that
 21 covers it.
 22 Is there anything else, any other documents
 23 of any kind, that you reviewed to formulate your
 24 opinions in the Talley and Rodriguez cases other than
 25 what's been listed in your reports and the Krisch

Page 43

1 documents that you just referred to, anything else?
 2 A No.
 3 Q Okay. All right. Let's go ahead and turn
 4 to the reports in both of these cases, and I'm going
 5 to ask you a few questions about your opinions and
 6 what you have in your reports.
 7 And first, let's look at the Rodriguez
 8 report.
 9 A I have that.
 10 Q Okay. And on the first page there, under
 11 the heading Background, you kind of give a short
 12 summary of the Rodriguez incident. Is that a fair way
 13 to describe what you have there under Background?
 14 A Yes, it is.
 15 Q Okay. And you start by stating that
 16 "Mr. Rodriguez was with a group of protestors near the
 17 corner of 8th Street and the I-35 frontage road,
 18 across from the APD headquarters."
 19 And you described that there was one line of
 20 officers in front of the headquarters and a separate
 21 line standing on the I-35 bridge that kind of
 22 overlooks that intersection. Is that a good way to
 23 describe it?
 24 A Yes, it is.
 25 Q Okay. And you state that "Modesto,"

Page 44

1 Mr. Rodriguez, "who is deaf, would have been unable to
 2 hear any verbal commands, shots being fired, or crowd
 3 verbal commotion."
 4 What is the source of that information that
 5 you have in your report?
 6 A His deafness.
 7 Q Okay.
 8 A -- deaf.
 9 Q Okay. Do you know the degree of his
 10 deafness?
 11 A I do not know the degree of his deafness.
 12 Q So --
 13 A I was told he was -- I was told that he was
 14 deaf.
 15 Q Okay. Who told you that?
 16 A I -- came through the -- it came through the
 17 attorney.
 18 Q Okay. Would that have been Ms. Webber [ph]
 19 or --
 20 A I don't remember at the time.
 21 Q Okay. Are you making an assumption that he
 22 would've been unable to hear any verbal commands?
 23 A I was going by the definition of "deaf" that
 24 was given to me. If you have other deaf -- if you
 25 have further information, I'd be happy to rethink

Page 45

1 that.
 2 Q What definition of "deaf" was given to you?
 3 A That he was unable to -- that he was -- that
 4 he required sign language in order to be able to -- to
 5 hear -- not hear.
 6 I'm butchering the words, but I'm hoping you
 7 know what I'm saying but that he was not capable of
 8 hearing and responding to audible speech, that he
 9 signed and used sign language.
 10 Q Okay. And that information came only from
 11 the attorney. Correct?
 12 A No. I believe it was also in the -- just a
 13 second. Let me find it here. That's the source of
 14 the information that I have available to me right now.
 15 Q Was that it came from the lawyer?
 16 A From the attorneys' office, yes. There's
 17 also --
 18 Q Okay. All right.
 19 A Hold on just a second. I'm sorry.
 20 I believe there was also a notation in --
 21 and this is where I have to make sure I've got the
 22 right -- cases right, the South Austin Medical Center
 23 report on Bates 00015 through 00021, also had comments
 24 concerning the status of his hearing.
 25 Q Would that have been Mr. Talley?

Page 46

1 A Mr. Rodriguez.
 2 Q Mr. Rodriguez, okay, my fault. All right.
 3 And then you also state that "Modesto was
 4 dependent on correctly interpreting the visual cues of
 5 those around him to determine if a disbursement of the
 6 crowd was ordered or taking place."
 7 What is the source of that statement?
 8 A The source of that statement is if you can't
 9 hear the commands, and if you can't hear the loud
 10 speaker and everything else, then you have to
 11 interpret the -- the visual cues.
 12 Q Okay. Is that coming from -- but what I'm
 13 asking is, what is the source? Where did that
 14 information come from? Was it the lawyer?
 15 A That's my opinion.
 16 Q That's your opinion?
 17 A That's my opinion.
 18 When a deaf person is involved in a
 19 situation like that and can't hear, their only choice
 20 in being able to respond to the stimulus around them
 21 is to be able to view that stimulus other than perhaps
 22 the police sending them a text message saying, "We're
 23 disbursing this crowd." It didn't seem like a logical
 24 option.
 25 Q All right. And what area of your expertise

Page 47

1 does that come from? I mean, are you an expert in
 2 hearing deficiencies and visual cues of persons who
 3 have a hearing disability?
 4 A I don't know if I'm an expert. I'm
 5 certainly experienced in it, as many of us are in life
 6 as we go through work with different people that are
 7 deaf.
 8 Q And my point is the source of your
 9 information concerning the extent of Mr. Rodriguez's
 10 deafness came from the lawyer and whatever medical
 11 record you referenced. Is that right?
 12 A That is correct.
 13 Q Okay. And then, you took that information
 14 and made an assumption about his need for any
 15 visual -- or his need to interpret visual cues.
 16 Right?
 17 A I'm not going to say "an assumption."
 18 I'm going to say I rendered "an opinion"
 19 that, absent the availability -- absent the ability to
 20 respond to verbal or sound stimulation, that when we
 21 see him responding by moving, running, and doing other
 22 things like that, it would be a result of verbal
 23 stimulation, those things that he's seeing around him.
 24 So I'm rendering my opinion based on what I
 25 saw, what I observed, and my past experience.

Page 48

1 Q What you "saw" and what you "observed,"
 2 where?
 3 A Through the videotapes --
 4 Q Okay.
 5 A -- of the officers. You can see Modesto
 6 Rodriguez moving and responding.
 7 Q Okay. And you were able to determine,
 8 through those videos, that he had to rely on visual
 9 cues. Is that correct?
 10 A No, that's not what I said.
 11 Q Okay. What are you --
 12 A I said, I used my experience. I used the
 13 videos that I watched. I used my training and others
 14 to make that determination. So, no, it wasn't based
 15 on a single source of information.
 16 It was based on a deaf man who, earlier in
 17 the video, is seen standing and watching someone who's
 18 doing sign language.
 19 There was, obviously, a group of deaf people
 20 there, not just a single deaf person, and there was
 21 someone giving them sign language directly in front of
 22 the building.
 23 So, yes, all of those, the preponderance of
 24 all of those events led me to form the opinion that he
 25 was dependent upon visual cues.

Page 49

1 Q Okay. Based on your review of the videos,
 2 and any other documents that you reviewed, and your
 3 expertise, are you aware of any way or method that an
 4 Austin Police Department officer there at the scene
 5 would have known that Mr. Rodriguez was deaf?
 6 A Yes, from --
 7 Q What is that?
 8 A Well, I mean, if they sufficiently focused
 9 on identifying him as an individual, they had a group
 10 of people directly in front of, I'm going to call it,
 11 "Police Plaza," that elevated section in the
 12 pie-shaped cutout in front of the police headquarters,
 13 where all of those officers, or many of them, were,
 14 there was a group of individuals that had their back
 15 turned to that police line while someone else was
 16 signing for them.
 17 And this took place on and off earlier
 18 during the day.
 19 So there certainly was the opportunity for
 20 the police to be aware that there were deaf people
 21 within the -- within the crowd. Whether or not they
 22 specifically noted Mr. Rodriguez or not, I don't know.
 23 Q And that's based on an assumption, isn't it,
 24 that anyone standing in or near that group was deaf?
 25 A No.

Page 50

1 Q That's not based on that -- so are you --
 2 A I didn't say that anyone -- I didn't say
 3 that anyone standing near or with that group was deaf.
 4 I said there was clearly, targeted interpretation
 5 taking place for a group of individuals. I didn't say
 6 every individual that was in that area.
 7 Q Okay.
 8 A There was clearly sign language being used
 9 to communicate with a group of individuals.
 10 Q Right. And how would a person know that
 11 Mr. Rodriguez was in that group?
 12 A I don't know that they visually recognized
 13 him. They wouldn't -- I believe I said that earlier.
 14 I can't say that the police recognized that
 15 he was a member of that group, but they recognized
 16 that there was a group of hearing impaired that were
 17 present at the rally.
 18 Q You say that they recognized that there was
 19 a group of hearing-impaired people. What source did
 20 that come from, that they recognized that?
 21 A I have no source on that.
 22 Q Okay.
 23 A I have the proximity of where there was a
 24 group of people being signed to, a group of people
 25 that do not appear to be verbally answering the person

Page 51

1 signing, and that that takes place within several
 2 yards of the police line where those police officers
 3 are there.
 4 And those police officers are specifically
 5 charged with being observant as to the group of people
 6 in front of 'cause they're looking for potential
 7 threats.
 8 So, yes, it would've been -- whether or not
 9 they recognized it, the actions were present in front
 10 of them that could have been recognized. Perhaps
 11 that's a better way of wording it.
 12 Q Okay.
 13 A That there were hearing impaired within the
 14 crowd.
 15 Q All right. And there was a crowd. There
 16 was a lot of people there. Right?
 17 A Yes, there were.
 18 Q Okay. Other than perhaps being a member of
 19 that group that you've described, are you aware of any
 20 other way that a police officer there at the scene
 21 would have known that Mr. Rodriguez or Mr. Talley are
 22 deaf?
 23 A No.
 24 Q Okay.
 25 A I'm not aware of any other method.

Page 52

1 Q All right. Then continuing on, in the
 2 Background Section, you state that "At approximately
 3 9:09 p.m., Modesto moves into the roadway, picks up a
 4 plastic water bottle, and throws it towards the police
 5 line in front of the police headquarters building."
 6 Is that correct?
 7 A That's correct.
 8 Q Okay. And that was based on what you
 9 observed in the videos that you watched. Correct?
 10 A Correct.
 11 Q Okay. And similarly, in the report that you
 12 repaired for Mr. Talley, you state that "At
 13 approximately 9:17 p.m., Tyree, Mr. Talley, is
 14 illuminated by a spotlight. He picks and throws a
 15 water bottle towards the police line in front of
 16 police headquarters." Is that correct?
 17 A That's correct.
 18 Q Okay. And again, that's based on the videos
 19 that you've watched.
 20 A That's based on the videos. There is
 21 some -- there is some question as to the exact timing
 22 as you -- as to whether it was 8:09 or 9:09 because
 23 we're transferring from Greenwich Mean Time to Texas
 24 time.
 25 But, yes, that was the timespan, and those

Page 53

1 were the events that were observed.
 2 Q Okay. It's very clear from those videos
 3 that both Mr. Rodriguez and Mr. Talley threw a water
 4 bottle toward the police officers. Correct?
 5 A Correct.
 6 MS. JOSEPH: Objection, form.
 7 BY MR LAIRD:
 8 Q Okay. Were those actions by Mr. Rodriguez
 9 and Mr. Talley reasonable?
 10 A I have no basis to form that opinion.
 11 Q Why is that?
 12 A 'Cause I guess I really don't --
 13 "reasonable," by what standards?
 14 Q Reasonable conduct of a person at a protest.
 15 A So you're asking me whether or not, in my
 16 view -- sorry --
 17 Q You're a member of -- you're a citizen of
 18 Missouri. You've been a citizen of Texas. Is it
 19 reasonable conduct for a person at a protest to throw
 20 an object toward police officers?
 21 A It's certainly appeared unwarranted.
 22 Q Unwarranted by Mr. Rodriguez and Mr. Talley.
 23 A Yes.
 24 Q Okay. It's not appropriate conduct. Is it?
 25 MS. JOSEPH: Objection, form.

Page 54

1 BY MR LAIRD:
 2 Q You can answer.
 3 A It's not appropriate conduct in the context
 4 that I saw within the videos.
 5 Q Right, right. Are you aware of any context
 6 in which that would've been appropriate conduct?
 7 A Yeah. I could -- I could certainly think of
 8 several situations.
 9 If the police were being overly oppressive
 10 and applying force that didn't need to be applied and
 11 the protestors were trying to slow their incursion in,
 12 then it becomes a self-defense issue.
 13 So, yeah, I -- that's why I'm not going to
 14 say that there's no circumstances under which a
 15 protestor throwing an object towards a police line
 16 is --
 17 Q But --
 18 A -- is not justified. Certainly, for
 19 self-protection, self-defense, but as I stated, in the
 20 context of this, I do not see where it would've been
 21 warranted.
 22 Q Right. That conduct by Mr. Talley and
 23 Rodriguez, based on everything that you've reviewed,
 24 the videos and the other documents, was not warranted
 25 in these two incidents. Correct?

Page 55

1 A No. It wasn't.
 2 Q Okay. And it also wasn't peaceful. Was it?
 3 A No.
 4 Q That's not considered "peaceful protesting."
 5 Is it?
 6 A No, it's not.
 7 Q Okay. All right. Now, on the first page of
 8 both reports, the Talley report and the Rodriguez
 9 report, kind of in the upper right-hand corner as you
 10 look at the report, you have kind of a gray, shaded
 11 box there.
 12 And you have "Victim: Modesto Rodriguez
 13 Martinez," and then, in the Talley report, "Victim" is
 14 "Tyree Talley." Correct?
 15 A Correct.
 16 Q And the manner of injury, you say
 17 "Aggravated Assault." Right?
 18 A Correct.
 19 Q Let me ask you. Who would've been the
 20 victim of Mr. Rodriguez's nonpeaceful behavior in
 21 throwing the water bottle?
 22 A Whoever it impacted.
 23 Q Right. It could've been a police officer.
 24 It could've been a member of the group of deaf people
 25 or any person there at the scene who was impacted by

Page 56

1 the object thrown by Mr. Rodriguez and Mr. Talley.
 2 They would've been the victims of their
 3 actions. Right?
 4 A Absolutely.
 5 MS. JOSEPH: Objection, form.
 6 BY MR LAIRD:
 7 Q And actually, if we think about it, the
 8 actions of Mr. Talley and Mr. Rodriguez -- I mean,
 9 you're a former Texas Peace Officer. Those were
 10 unlawful actions themselves. Right?
 11 A I'm not familiar with the current Texas
 12 Penal Code on that, but it would certainly seem that
 13 throwing a water bottle at a police officer would be
 14 an unlawful action in any state.
 15 Q Okay. All right. If we turn -- well, first
 16 off, down at the bottom, still under the Background
 17 Section, you state that "Modesto was shot twice with
 18 impact munitions by officers."
 19 And then it says "Despite obvious
 20 debilitating injuries, he is never approached by APD
 21 to render aid or affect an arrest."
 22 What is the source of your comment that
 23 these were "debilitating injuries"?
 24 A The fact that he collapsed to the ground and
 25 needed assistance and help. I think that's the

Page 57

1 definition of "debilitate."
 2 Q Okay. And you've included some photographs
 3 of his injuries in your report, and I'll ask you some
 4 questions about that here in a minute.
 5 But are you aware of the actual extent of
 6 his injuries that he received in this incident? I
 7 mean, as far as what his diagnosis --
 8 A Yes.
 9 Q -- what his medical treatment was.
 10 A I -- I'm aware that he suffered blunt force
 11 impact to his left chest and also to the -- I believe
 12 it was inside of the right ankle. I'm -- I'm aware of
 13 that.
 14 Q Have you seen any medical record or report
 15 that indicates that any of Mr. Rodriguez's injuries
 16 were "debilitating"?
 17 A Once again, that's -- no, I have not.
 18 Q Okay. All right. And let me go ahead --
 19 let's go ahead and turn over to Page 3 of your report
 20 for Mr. Rodriguez, where you have some photographs of
 21 his injuries.
 22 A Yes.
 23 Q And the heading you have is Wound Dynamics.
 24 A Yes.
 25 Q And you state there that -- you have the

Page 58

1 statement "Multiple gunshot injuries (from impact
 2 munitions fired from shotguns)."
 3 And I just want to make sure that I'm
 4 understanding. Are you saying that there were more
 5 than two injuries that he received, or just two?
 6 A Well, there's two that we see there.
 7 Q Okay. All right. And the photographs that
 8 you've included in the report show his injuries. Are
 9 you aware of any other photographs that show other
 10 depictions of his injuries that you've been provided?
 11 A I am not.
 12 Q Okay. All right. And then let's turn -- if
 13 you'll turn to the next page --
 14 A Well, wait a minute. I'm sorry. I believe
 15 I chose these out of the references that I gave you
 16 earlier.
 17 So we're not saying these are the only
 18 photographs. These were the best to illustrate what
 19 we have there.
 20 Q Okay. Well, let me just ask you.
 21 Who would be the best source for information
 22 for a determination of any long-term effects of the
 23 injuries on Mr. Rodriguez? Would it be his treating
 24 medical doctors or you?
 25 A Long-term effects would certainly be his

Page 59

1 medical doctor.
 2 Q What about short-term effects?
 3 A I'm not sure of the question.
 4 Q Okay. The question is, who is the best
 5 source, or who is the best expert, to determine the
 6 short-term effects of Mr. Rodriguez's injuries? Would
 7 it be his treating physicians or you?
 8 A His treating physicians.
 9 Q Okay. All right. Then if we turn over to
 10 the next page, I think it's Page 4 of your report.
 11 And let me ask you that same question
 12 regarding Mr. Talley.
 13 Would you agree with me that his treating
 14 physicians would be the best source for information
 15 concerning his short-term and long-term effects of his
 16 injuries rather than you?
 17 A I'm not going to agree with that completely.
 18 Q Okay.
 19 A If the -- if the physicians were shown the
 20 video as to what the response was when Mr. Talley was
 21 struck multiple times and when Mr. -- or when
 22 Mr. Rodriguez was struck, then that would certainly
 23 give them an idea of the instant effect of that
 24 injury.
 25 So I -- I won't defer that. I mean, the --

Page 60

1 the viewer themselves can determine what the instant
 2 effect was by looking at the video and by looking at
 3 the whole purpose of the beanbag round.
 4 The beanbag round's purpose is not to allow
 5 the person to -- to wave and run off into the -- into
 6 the sunset.
 7 It's meant to put them onto the ground so
 8 that an arrest can be affected or so that an illegal
 9 action that threatened someone else can be stopped.
 10 Q And we'll get to that in just a second, but
 11 you bring up a good point.
 12 Anyone, a layperson, can watch the video and
 13 see Mr. Rodriguez's and Mr. Talley's actions and what
 14 they do after they were impacted to determine a
 15 short-term effect of being struck by the munition.
 16 Right?
 17 It doesn't require any sort of expertise to
 18 make that determination.
 19 A To make the determination that they fell
 20 after being shot, no, that doesn't take expertise.
 21 Q Okay. And then my next question is, do you
 22 agree or disagree that, as to any actual medical
 23 prognosis, long-term or short-term prognosis,
 24 Mr. Talley's and Mr. Rodriguez's treating physicians
 25 are in the best position to render opinions on those

Page 61

1 prognoses? Correct?
 2 A I'm going to ask that -- I'm going to ask
 3 you to ask it again because there were several stages.
 4 Q Sure. Would you agree that Mr. Talley's and
 5 Mr. Rodriguez's actual treating physicians are in the
 6 best position to render opinions on their long-term
 7 prognoses, rather than you?
 8 A Long-term prognoses, yes.
 9 Q All right. But you disagree on any kind of
 10 short-term effect of their injuries.
 11 A Correct.
 12 MS. JOSEPH: Objection, form.
 13 BY MR LAIRD:
 14 Q Okay. All right. If we turn to the next
 15 page, Page 4 of your report, I think it's Page 4 for
 16 both. Let me double-check. Well, actually, it looks
 17 like the same images, but on Page 4 of the report for
 18 Rodriguez.
 19 A Yes.
 20 Q And under the Mechanism of Injury, you have
 21 a couple of looks like photographs, of, on the left
 22 side, you have labeled capital C-T-S 12-gauge kinetic
 23 round. Do you see that?
 24 A I do.
 25 Q All right. Where did that image come from?
 Page 62

1 A Austin Police Department.
 2 Q Okay. Was that contained in those materials
 3 from the Krisch case?
 4 A Yes. I believe I gave you the right
 5 reference on that, but as I said, it's almost 500
 6 pages. I'll certainly take a look, and if it wasn't
 7 contained within those, I'll forward on where it was
 8 contained.
 9 Q Okay. And I'm assuming that the image from
 10 the Def-Tech, that's D-E-F dash T-E-C-H, 12-gauge
 11 kinetic round, would've come from the same source.
 12 A Yes.
 13 Q Okay. All right. And you state there,
 14 under the Kinetic Defect Evaluation, that "The
 15 contusion/abrasion injuries caused by the kinetic
 16 impact rounds are circular/elliptical in nature."
 17 And first off, the injuries that
 18 Mr. Rodriguez and Mr. Talley received, they were
 19 abrasions or contusions, which a "contusion" is
 20 another word for a "bruise." Correct?
 21 A Correct.
 22 Q Okay. Are you aware of any other physical
 23 injuries that they received other than contusions and
 24 abrasions?
 25 A Such as underlying fractures, no, I'm not.
 Page 63

1 Q Okay. All right. And you reviewed some of
 2 the medical records, but I'm assuming you're not
 3 planning on testifying as a medical expert on the
 4 extent of their injuries. Is that right?
 5 A No. I'm certainly not.
 6 Q Okay. All right. And --
 7 A I'm sorry. Going back, though, with the
 8 wound dynamics and mechanism of injury, I would be
 9 completely comfortable testifying that blunt force
 10 trauma, the resulting injury from that is abrasions,
 11 contusions, possibly lacerations, and underlying
 12 fractures and that we have two of those present which
 13 makes it consistent with the rounds that the Austin PD
 14 were firing.
 15 So that is something I'm very comfortable
 16 testifying to.
 17 Q All right. But I just want to make sure I'm
 18 clear. You're not aware of any actual underlying
 19 fractures.
 20 A No, I am not. And if there were -- if they
 21 were there, I'd be very surprised 'cause they weren't
 22 noted in the medical.
 23 Q Okay. All right. And then, really the same
 24 question for the two images of the 12-gauge kinetic
 25 impact rounds that they have there, did those come
 Page 64

1 from those same materials from APD?
 2 A Just a second, let me look.
 3 Q Do you see what I'm referring to?
 4 A I believe they came from APD.
 5 Q Okay.
 6 A There was a -- there was an image that had
 7 these -- I believe it had these two, plus also a
 8 40-millimeter impact type round. And I cut from
 9 those. So I believe those from APD.
 10 If not, then I actually looked up the -- I
 11 looked up the round as identified by APD and pulled
 12 the picture down from the manufacturer. I'd have to
 13 go back to see which of those I did.
 14 Q And that's kind of what I'm getting at -- is
 15 I'm just trying to find out if you did any independent
 16 research on these particular rounds. Or did it all
 17 come from the APD materials that you were given?
 18 A No, I did independent research on the
 19 rounds.
 20 Q You did?
 21 A Yes.
 22 Q Okay. And do you recall where you did that
 23 research, I mean, what sources you looked at?
 24 A I went to the manufacturer's -- manufacturer
 25 sheets on the components of the round, how they're put
 Page 65

1 together, the manufacturer's -- what the maximum
 2 velocity for a different distance is.
 3 I did that run of research on those. I then
 4 also cross-referenced to see if there was any
 5 outstanding research that was out there that actually
 6 tracked their velocity in flight.
 7 I couldn't find any of that. So we set up a
 8 protocol to try to determine that. That ended up not
 9 being able -- not being feasible.
 10 So let's see. What else did I do? And I
 11 looked up -- this was involving the Krisch case, once
 12 again, because we're looking at the same type of
 13 munitions.
 14 I looked up the -- any pertinent articles on
 15 blunt force impact trauma to bodies from the same type
 16 rounds.
 17 Q Did you keep any of those materials or
 18 sources for the research that you conducted?
 19 A I have them all available and referenced.
 20 Yes.
 21 Q Okay. Is that something that you can send
 22 to Plaintiffs' counsel in this case so that they can
 23 produce it to us?
 24 A I'm making a note to do that now.
 25 Q Perfect, okay. And, I mean, it's my

Page 66

1 understanding that the sources that you researched
 2 were primarily direct sources from the manufacturer.
 3 A And also from -- there's a variety of -- not
 4 a variety.
 5 There's several articles in the forensic
 6 pathology field that are out there as to the
 7 underlying injuries from impact of these types of
 8 rounds.
 9 The Military did some study that was
 10 available and is out there. There are YouTube videos
 11 in slow motion of these impact rounds striking
 12 different objects.
 13 So I -- I looked at a variety of sources,
 14 and I'll provide all of those.
 15 Q Okay, perfect.
 16 A A majority of the impact ones were, of
 17 course, not this specific type of munitions. So after
 18 reading through it, it may not apply. So I -- I'll
 19 give you what I looked through, whether or not that
 20 applied to what I did was background research.
 21 Q Okay. And really, the same question, I
 22 guess, for the statements you have under Mechanism of
 23 Impacting Projectile, as far as the weight of the
 24 projectiles and the maximum velocities, would that
 25 have come from the material you researched from the

Page 67

1 manufacturer as well?
 2 A Yes. We had hoped to do independent
 3 testing, but that wasn't possible. So that comes from
 4 the manufacturer.
 5 Q Okay. All right. All right. Looking at
 6 the Rodriguez report, and you really have the
 7 same -- and again, you have the same information,
 8 understandably, for the Talley report.
 9 Under the heading Establish Shooter and
 10 Victim Location/Positions, which is on Page 5, I
 11 believe, of both reports, you noted that you reviewed
 12 multiple body-worn cameras.
 13 And you and Mr. -- oh, I forgot his name
 14 now, Mr. Leiloglou, however -- I hope I'm saying it
 15 correctly, performed the scene LiDAR measurements.
 16 And you state that "Exact firing locations
 17 and the collapsed locations of Mr. Rodriguez and
 18 Mr. Talley could not be established."
 19 So the measurements that you have in your
 20 report are approximate. Is that right?
 21 A Absolutely.
 22 Q Okay. And you have a diagram there that
 23 shows where the line of officers was in front of
 24 headquarters as well as the line of officers that were
 25 on the I-35 overpass.

Page 68

1 And I just want to make sure that I'm
 2 following what you are saying. In that diagram, you
 3 also have a yellow kind of circular area labeled
 4 "No. 1." Do you see that?
 5 A I do.
 6 Q And what does that particular circle, No. 1,
 7 represent?
 8 A This is where we pick him clearly up -- pick
 9 Mr. Rodriguez clearly up on video and can identify him
 10 in the scene. Then it moves on to 2 and then on to 3.
 11 Q Okay.
 12 A So that's showing the sequence of his
 13 movement.
 14 Q Okay. And what does the circle with "No. 2"
 15 represent?
 16 A That represents the second position where
 17 he's then going to reverse his position, and that's
 18 where he's seen throwing the water bottle towards the
 19 police squad.
 20 Q Okay. So No. 2 is where he throws the water
 21 bottle.
 22 A Right.
 23 Q And then what is "No. 3"?
 24 A No. 3 is where he's impacted.
 25 Q Okay. All right. Are you aware of how many

Page 69

1 seconds passed from the time he threw the water bottle
2 until he was struck by the less lethal beanbag?
3 A I am, but I can't bring that to mind.
4 Q Okay.
5 A I'd have to go back and look through my
6 notes.
7 Q Okay. All right. And that's fine. And
8 same question for Mr. Talley --
9 A Same answer.
10 Q Okay. And that's a good point. I would
11 also ask you if you could send -- when you say
12 "notes," are those handwritten notes or typewritten
13 notes?
14 A They're typewritten notes.
15 Q Can you send those to Plaintiffs' counsel to
16 produce to us?
17 A Done.
18 Q Okay. And I guess same question for the
19 diagram on Mr. Talley.
20 It looks like you have a -- it's a little --
21 my eyesight is pretty bad, but it looks like a yellow
22 circle, No. 1, No. 2, and then No. 3 again. Is that
23 correct?
24 A Yes.
25 Q Okay. And is that similar for Mr. Rodriguez

Page 70

1 as to where you -- No. 1 would be where you first were
2 able to identify him. No. 2 would be the location
3 where he threw the water bottle, and then No. 3 would
4 be where he was struck by the less lethal --
5 A Yes, that's correct.
6 Q Okay. And I assume the same answer for
7 Mr. Talley for the question, are you aware of how many
8 seconds passed from the time he threw the water bottle
9 until when he was struck, same response?
10 A Correct. It's -- it's something that I did
11 at one point.
12 Q Okay. All right. All right. Let's see.
13 Mr. Maloney, would you agree that Mr. Talley
14 and Mr. Rodriguez, when they threw the water bottles,
15 they posed a threat to whoever was in the direction
16 that they threw the water bottles?
17 A Yes.
18 Q Okay. And that's a threat of injury or
19 bodily harm. Correct?
20 A Correct.
21 MS. JOSEPH: Objection, form, and say
22 to the last one, I apologize. I was muted.
23 BY MR LAIRD:
24 Q Okay. And you've watched a number of the
25 videos of both of these incidents, I mean, a lot of

Page 71

1 body-worn camera video.
2 And it's true, isn't it, that there were a
3 lot of objects being thrown during the course of these
4 protests? I mean, did you see other objects being
5 thrown of any kind?
6 MS. JOSEPH: Objection, form.
7 THE WITNESS: I -- I don't know that I
8 can classify "a lot." There were certainly and
9 throughout the -- the days that this occurred,
10 objects, which appear to be water bottles, being
11 thrown. Yes.
12 BY MR LAIRD:
13 Q Okay. And it wasn't just water bottles.
14 Was it?
15 A I don't know. The ones that I could see on
16 video appear to be water bottles.
17 Q Okay. Well, first off, with regard to
18 Mr. Rodriguez and Mr. Talley, do you have any
19 information that they were struck by any type of less
20 lethal munition prior to them throwing an object
21 toward police officers?
22 A No. I do not.
23 Q Okay. Now, you noted in your report for
24 Mr. Rodriguez that, after he threw the water bottle,
25 he then moved away from the officers that were

Page 72

1 standing in front of police headquarters. Right?
2 A Can you tell me where you are?
3 Q Sure, sure. I'm looking at --
4 A Give me a page number, I think, and I'll --
5 Q It looks like Page 6.
6 A Okay, Page 6, and we're on Rodriguez.
7 Q You state that -- it's about the, let's see,
8 about the sixth bullet point down, I believe. You say
9 "The officers fired in the direction of Modesto
10 Rodriguez with gun fire." I mean, it was less lethal
11 munitions. Right?
12 A Being fired from a gun, yes.
13 Q Right. "While he was moving from the
14 roadway and moving away from the police line in front
15 of the Police Plaza," correct?
16 A Correct.
17 Q All right. And he may have been -- you
18 would agree with me that he may have been moving away
19 from the officers in front of headquarters, but he was
20 actually moving closer to any officers that would've
21 been on the I-35 overpass. Right?
22 A Correct.
23 Q Okay. You reference, down below, under the
24 Decision to Shoot or Not to Shoot -- and, again,
25 you're not an expert in that area. Are you?

Page 73

1 MS. JOSEPH: Objection, form.
 2 THE WITNESS: I have been trained. I
 3 have trained others.
 4 When we discussed my curriculum vitae
 5 earlier, there was quite a bit under Experience and
 6 such that we didn't go over, particularly that when I
 7 served with NCIS.
 8 But I have been involved in shoot/no
 9 shoot policy policy formation.
 10 And that policy formation, specifically
 11 for civil protests and other things like that, I have
 12 been trained annually and given my officers training,
 13 my federal law enforcement officers training on the
 14 use of force.
 15 I'm not claiming to be an expert on
 16 that like someone that teaches it daily, but I am
 17 certainly very familiar with the decision-making
 18 process behind pulling a trigger, having been an armed
 19 officer for 20 years of my career.
 20 BY MR LAIRD:
 21 Q So are you an expert in the standards used
 22 to evaluate law enforcement uses of force? Are you
 23 claiming to be an expert in that area?
 24 A No. I'm not.
 25 Q Okay. And are you claiming to be an expert

1 in the area of law enforcement policies regarding use
 2 of force?
 3 A Define "expert."
 4 MS. JOSEPH: Objection, form.
 5 BY MR LAIRD:
 6 Q Sure. And --
 7 A If I'm using the legal definition is --
 8 which is, I would have more knowledge than the common
 9 man concerning those, then in that case, absolutely.
 10 Q Right, right. But are you an actual -- are
 11 you holding yourself out as an expert in the policies
 12 and standards of law enforcement uses of force?
 13 A No, I am not.
 14 Q Okay. All right. Now, you reference, under
 15 that section, Decision to Shoot or Not to Shoot, you
 16 said "Had the situation elevated along Austin Police
 17 Department's Use of Force Matrix" --
 18 A I don't know where you are. I'm sorry.
 19 Q Oh, I'm sorry, my fault. Under the heading
 20 Decision to Shoot or Not to Shoot --
 21 A Yes.
 22 Q -- under Subsection 1, the third bullet
 23 point --
 24 A Yes.
 25 Q -- it reads, it's a question "Had the

1 situation elevated along Austin Police Department's
 2 Use of Force Matrix to where less lethal ammunition is
 3 justified?"
 4 I did not see in any of the documents that
 5 you reviewed the Austin Police Department's Use of
 6 Force Matrix. Have you reviewed that to formulate
 7 your opinions in this case?
 8 A I don't have an opinion. I asked that
 9 question. Someone that is -- someone that is
 10 well-informed of the Austin Police Department's Use of
 11 Force Matrix would be the one to answer that question.
 12 Q Right. So as I understand it, you're not
 13 testifying as to whether or not the Austin police
 14 officers, for the Talley or the Rodriguez incidents,
 15 acted in accordance with the Austin Police
 16 Department's Use of Force Matrix. Is that right?
 17 A I am not.
 18 Q Okay. Or whether they acted in accordance
 19 with the Austin Police Department's policies regarding
 20 use of force. Correct?
 21 A Correct, unless it's a yes/no. In other
 22 words, in the -- the larger document that I referenced
 23 earlier, there's very clear yes/no questions in their
 24 policy as to when use of force can be applied and when
 25 it can't.

1 For instance, to stop the illegal action
 2 that could harm somebody else, so those situations are
 3 put out there.
 4 So when it's a yes/no question such as, to
 5 affect an arrest, was an arrest affected? No, they
 6 didn't arrest him. So that's a yes/no toggle.
 7 So if that is within their policy and within
 8 their written policy, which it was as I was provided,
 9 that doesn't take expertise in the policy.
 10 That just takes was that adhered to or
 11 wasn't it, and it wasn't. He wasn't arrested, and he
 12 wasn't rendered aid.
 13 Q Well, first of all, we've established that
 14 Mr. Talley's actions and Mr. Rodriguez's actions, I
 15 mean, actually were unlawful actions in throwing the
 16 objects. Right?
 17 MS. JOSEPH: Objection, form.
 18 BY MR LAIRD:
 19 Q We've been over that. Correct?
 20 A We've been over that. So that would be
 21 something that should lead to an arrest.
 22 Q All right.
 23 A -- unlawful action.
 24 Q And one of the things that -- one of the
 25 factors that officers must consider in whether to make

1 an arrest following an unlawful action like
2 Mr. Talley's actions and Mr. Rodriguez's actions is
3 whether it's safe to do so. Correct?
4 A That's correct.
5 Q All right.
6 MS. JOSEPH: Objection, form.
7 BY MR LAIRD:
8 Q And whether there is sufficient manpower to
9 make an arrest in that situation, correct?
10 A That is correct.
11 Q Okay. And you haven't reviewed any
12 statements of the officers, of the APD officers,
13 regarding these two incidents.
14 A No, they've not --
15 Q How about whether or not it was reasonably
16 safe to make an arrest, correct?
17 A No, I've not reviewed any of their
18 statements. They haven't been made available to me.
19 Q Okay. And then on the next page, at least
20 of the report regarding the Rodriguez incident, you
21 discuss, or you ask the question "Were they able to
22 visually identify and target those body areas on the
23 protestor that are authorized for impacting?"
24 That's the first question on that page. Do
25 you see that?

Page 78

1 A Yes, I do.
2 Q All right. And the body areas that you're
3 referencing, what is the source -- or is there a
4 source that tells what body areas are authorized for
5 impacting with less lethal munitions?
6 A That's the training lesson plans that I
7 referenced earlier within that 480-some-page document.
8 Q Okay. It came from the Krisch materials.
9 A Yes.
10 Q Got you. Okay. All right. And same with
11 the next bullet point, discussing or asking a question
12 about the operational limitations of his weapon and
13 munitions deployment criteria.
14 The criteria that you reference, is that the
15 APD materials from the Krisch case, too?
16 A Yes, it is.
17 Q Okay. You're not referencing any non-APD
18 criteria for using these weapons.
19 A No. I am not. I am also, however, using
20 the maximum effective firing distances and other
21 things as provided by the manufacturer.
22 Q Okay. All right. I just want to make sure
23 I've got all of the sources that you used.
24 A Yeah. So I wasn't using the Portland Police
25 protocol.

Page 79

1 Q Exactly.
2 A Exactly.
3 Q Got you. All right. You make the statement
4 in the -- let me see. I guess, do you see the third
5 paragraph that starts "The individual officer is
6 responsible"?
7 A Yes.
8 Q The last sentence there, where you discuss
9 it, you say "Additionally, the officer is responsible
10 for bringing the individual they shot into custody as
11 the justification for them shooting is caused by
12 felonious actions on the part of the individual they
13 shot."
14 So the actions of Mr. Rodriguez and
15 Mr. Talley, we've already established they were
16 unlawful, unreasonable, and they were felonious.
17 Correct?
18 MS. JOSEPH: Objection, form.
19 THE WITNESS: I'm not saying they were
20 felonious. What I'm saying is that --
21 BY MR LAIRD:
22 Q Why did you use this term?
23 A Because under the Austin PD's policy, that
24 is the -- under the Austin PD policy, which I read,
25 those are the conditions under which -- they don't

Page 80

1 deploy less than lethal for a misdemeanor offense.
2 Q Okay.
3 A So in the perspective of the officers, it
4 would be a felonious offense, stopping him because
5 he's an immediate threat to someone or could harm
6 someone else, and that's a felony occurring in your
7 presence which would lead to an arrest.
8 Q Okay. All right. And then down midway on
9 that page, under Officer John Doe Officers Deployed on
10 Police Plaza, you state that "Officers were
11 deployed" --
12 A Just a second, let me get there. I'm sorry.
13 Q I'm sorry.
14 A Okay, I'm there.
15 Q Got it. It says "Officers were deployed as
16 a part of protest suppression efforts by the Austin
17 Police Department."
18 Now, are you aware of any actual efforts or
19 information that suggests that the officers were
20 trying to suppress peaceful protest?
21 A No. So that was a poor choice of wording
22 from me.
23 Q Okay. I mean, because from watching the
24 videos and what we've already discussed, the officers
25 were suppressing or attempting to suppress the

Page 81

1 unlawful actions of Mr. Talley and Rodriguez. Right?
 2 MS. JOSEPH: Objection, form.
 3 BY MR LAIRD:
 4 Q All right. You can answer it.
 5 A Again, it was a poor choice of words for me,
 6 and it would've been better "were deployed as a part
 7 of protecting citizens and property" or something like
 8 that.
 9 Q All right.
 10 A So, yes, that was a poor choice of a word.
 11 Q Okay.
 12 A I, certainly, did not mean to imply that
 13 they were in any way out there suppressing a lawful
 14 protest.
 15 Q Okay. Because what it certainly -- based on
 16 everything that you've reviewed, the videos, and
 17 everything else, it appears that what the officers
 18 were attempting to do was to suppress the unlawful
 19 actions of Mr. Talley and Mr. Rodriguez. Correct?
 20 MS. JOSEPH: Objection, form.
 21 THE WITNESS: I wouldn't -- I wouldn't
 22 specify it to the two of them. I would specify it to
 23 just exactly what we said.
 24 The police were trying to suppress any
 25 actions that could cause harm to other citizens or

Page 82

1 damage property.
 2 BY MR LAIRD:
 3 Q Right. And examples of those actions that
 4 could cause injury to people were the actions of
 5 Mr. Talley and Rodriguez in throwing the bottles.
 6 Right?
 7 A Correct.
 8 MS. JOSEPH: Objection, form.
 9 BY MR LAIRD:
 10 Q All right. All right. Let's turn to the
 11 last page of Mr. Rodriguez, and actually, I think it's
 12 very similar to the last page of the report on the
 13 Talley incident. Under your Conclusions Section --
 14 A Yes.
 15 Q -- you state that, in the first paragraph,
 16 you state that "The officers on the overpass
 17 effectively set up an ambush with the protestors
 18 sandwiched between the two opposing" --
 19 A One second, I've got to get to where you
 20 are.
 21 Q Oh, I'm sorry. It's kind of right in --
 22 A Yes, I'm there. I'm there now.
 23 Q Okay. First of all, are you aware, from
 24 watching any of the videos, or any of the other
 25 materials you reviewed, that the officers in front of

Page 83

1 APD headquarters were hidden in any way?
 2 A No.
 3 Q Are you aware from watching the videos or
 4 reviewing the materials that the officers on the APD
 5 overpass were hidden in any way?
 6 A No. I was not.
 7 Q So anybody attending the protests
 8 would've -- I mean, should've been able to see the
 9 officers in front of the headquarters and on the
 10 overpass. Right?
 11 A Correct.
 12 Q Okay.
 13 A I've lost sound.
 14 Q Oh, I'm sorry. I actually didn't say
 15 anything. I'm reviewing your report.
 16 A Okay.
 17 Q Down --
 18 MS. JOSEPH: Gentlemen -- sorry, Gray,
 19 I don't want to interrupt your train of thought. I
 20 will need to ask for another break at some point soon.
 21 MR. LAIRD: Okay. Why don't we go
 22 ahead and take just a short ten-minute break? Does
 23 that work?
 24 MS. JOSEPH: Sure, even five is fine
 25 with me, whatever you'd like.

Page 84

1 MR. LAIRD: Let's go ahead and do that
 2 now.
 3 MS. JOSEPH: Okay.
 4 THE REPORTER: We're off the record at
 5 11:12 a.m.
 6 (Off the record.)
 7 THE REPORTER: We are back on the
 8 record at 11:22 p.m. [sic] You may continue.
 9 BY MR LAIRD:
 10 Q All right. Mr. Maloney, maybe just a couple
 11 of short questions left, I think, still looking at the
 12 Conclusions Section, I'm looking at the Rodriguez
 13 report.
 14 But I believe it's the same for Talley and
 15 Rodriguez. You state that "The deployment of less
 16 lethal munitions is guided by APD's internal
 17 guidelines" --
 18 A Would you give me -- would you give me a
 19 paragraph?
 20 Q I'm sorry, the paragraph that begins "The
 21 deployment of less lethal munitions." It's the third
 22 paragraph in that section. Yeah.
 23 The internal guidelines that you referenced
 24 there, are those the guidelines that you received in
 25 the Krisch case?

Page 85

1 A Correct.
 2 Q Okay. All right. So whatever guidelines
 3 you reviewed, that's where it would've come from.
 4 A Correct.
 5 Q Got you. Okay. And then under the last
 6 sentence, under The Caveat --
 7 A Yes.
 8 Q -- you state that "This report is based on
 9 the information, reports, photographs, and data
 10 received to date."
 11 The reports, I mean, are there any specific
 12 reports that you're reviewing to?
 13 A No, this is a standard wording I use.
 14 Q Okay. I thought so. I just wanted to make
 15 sure because other than any reports that you've
 16 already referenced coming from the Krisch case, I
 17 don't think you reviewed any reports from the Talley
 18 or Rodriguez incidents. Correct?
 19 A No. I haven't. But I -- one of the reasons
 20 I have that in there is I reviewed the medical record.
 21 That would be a report sort of thing, yes, but other
 22 than any specific that I reviewed on these two, that's
 23 correct.
 24 Q Got you. And let's see. Mr. Maloney, are
 25 you aware of how much -- I mean, I have your fee

1 schedule. Are you aware of how much you have charged
 2 for your work on these two cases so far?
 3 A I can look that up if you'll bear with me
 4 for a moment.
 5 Q Sure.
 6 A This won't necessarily be how much I'll
 7 charge, but this is how many billable hours that I
 8 have up to today. For Modesto Rodriguez, I have
 9 \$5,337.50.
 10 Q Okay.
 11 A And now, let me go to Talley. And on Tyree
 12 Talley, I have \$7,262.50.
 13 MR. LAIRD: Okay. And let me look
 14 over -- I'm going to look over the report for Talley.
 15 I think pretty much everything was very similar, but
 16 let me make sure I didn't miss anything.
 17 I think that's all I have. I pass the
 18 witness. Thank you, sir.
 19 THE WITNESS: Thank you.
 20 MS. JOSEPH: Mr. Maloney, I have a
 21 couple of questions for you, but my AirPods just died,
 22 so if y'all will give me just a couple of seconds to
 23 try to connect a different set.
 24 MR. LAIRD: Certainly.
 25 MS. JOSEPH: If you can hear me now and

1 don't mind the possible occasional background noise, I
 2 can just move forward like this. Does this work for
 3 you?
 4 THE WITNESS: It's fine with me.
 5 EXAMINATION
 6 BY MS. JOSEPH:
 7 Q Okay. All right. So I'd like to ask you a
 8 couple of questions following up on the conversation
 9 that you had today with Mr. Laird. I'll reserve the
 10 remainder for trial, but just a few follow-ups today.
 11 Before I do that, I just want to clarify, on
 12 the record, I think it was very obvious from the
 13 questions and answers as they went forward that this
 14 deposition pertains to both the Modesto Rodriguez case
 15 and the Tyree Talley case.
 16 I know when Ms. Martinez initially read us
 17 on, she mentioned the Modesto Rodriguez case. So just
 18 for clarity, we all understand that we're all here on
 19 both cases and like I said, that was obvious from the
 20 conversation.
 21 Okay. So I want to go back to a
 22 conversation that you had kind of throughout the
 23 deposition with Mr. Laird relating to use of force and
 24 policies and standards surrounding that.
 25 Do you remember kind of that theme coming up

1 during the deposition today, Mr. Maloney?
 2 A I certainly do.
 3 Q And where I specifically want to focus, as
 4 we talk about this, is the section of your report
 5 entitled Decision to Shoot or Not to Shoot in both
 6 reports.
 7 So you have expressed some opinions about
 8 what kinds of questions the officers need to be asking
 9 when they're deciding whether to engage the shotguns
 10 and shoot beanbag rounds at protestors at this event.
 11 And what I want to talk to you about is the
 12 background that you have that you kind of used to
 13 glean that understanding from and develop those
 14 questions from.
 15 So I'll start by just asking. These
 16 questions that you've laid out for the officers to be
 17 asking themselves in the Decision to Shoot or Not to
 18 Shoot Section, where do they come from?
 19 A I formulated the questions based on a
 20 condensation of what -- model use of force, Austin has
 21 its own specific policy. I don't know what that is,
 22 but there is a model use of force. It's put forward
 23 federally. It's also put forward in states.
 24 So each department doesn't create its own
 25 use of force necessarily. They go from one that's

1 been polished, and that's been researched from
 2 somebody else. And following the model use of force,
 3 these are the types of questions you ask.
 4 And once again, I have a background, which
 5 we didn't go into, on the other side. I have a -- I
 6 have a long background in law enforcement, 20 years as
 7 a law enforcement officer or as a supervisor.
 8 And as a supervisor, certainly, the use of
 9 force was something that I discussed regularly with
 10 those that were -- that fell underneath me
 11 particularly when I was heading up a criminal
 12 investigation's office in both Hawaii and then a -- I
 13 have to be careful how I word this, a threat -- a
 14 threat mitigation unit in the Middle East. Well,
 15 leave it at that. Okay?
 16 There was constant policy that was going
 17 over on what is our overarching policy in use of force
 18 and how does that apply to the ground today.
 19 For instance, when I was working as a
 20 supervisor in Hawaii, it usually involved what use of
 21 force are we doing during the execution of a warrant,
 22 the execution of a raid, or bringing a dangerous felon
 23 into -- into custody.
 24 When I was in the Middle East, it was what's
 25 our use of force when we are protecting Naval and

Page 90

1 other installations from a terrorist threat or from an
 2 insurgent threat. How are we responding to peaceful
 3 protests, and how are we responding to protests that
 4 go nonpeaceful very quickly?
 5 And so these sort of decisions, both
 6 internally for myself, because I carried a weapon for
 7 those 20 years, and I certainly had to know when it
 8 was appropriate to deploy it and when it wasn't and
 9 then also on policy and guidance for those that work
 10 for me and for policy and guidance for within the
 11 Naval Criminal Investigative Service which is who I
 12 worked for.
 13 We also have, as a subordinate unit to us
 14 but not part of us, we have the Military Police from
 15 the Marine Corps, of course, and we also have the
 16 Naval Master at Arms, which is their equivalent.
 17 So I would work with their chief, an
 18 equivalent of a police chief, on determining what is
 19 our response, how are we going to respond if a car
 20 rolls up to a gate and refuses to stop, very different
 21 situation than if you have that happen back in the
 22 States in a particular area unless it happens to be at
 23 the White House.
 24 So use of force and policies and such, I
 25 certainly never put those together for the City of

Page 91

1 Austin, nor do I claim to, but I've certainly been
 2 involved at a supervisory level and at a strategic
 3 decision-maker level on use of force.
 4 And we always followed what was generally
 5 considered to be the model use of force which was put
 6 out federally, and then we would tweak that to the
 7 specific situation that we had on the ground.
 8 And we used these -- I was involved in the
 9 decision-making during Military investigations under
 10 NCIS for -- we didn't call it "use of force" there.
 11 We called it "rules of engagement."
 12 In Iraq, when Iraqi civilians were killed,
 13 that's a use of force. Did the American servicemen
 14 follow the guidelines and the rules of engagement,
 15 same as use of force model at policies, that were
 16 necessary?
 17 So it wasn't just an investigation into this
 18 bullet came from here at this time, but it was an
 19 investigation into what was their thought process, how
 20 did they go about doing that, what was the threat to
 21 them, had they properly identified a threat, and did
 22 it meet the circumstances where it was a clear and
 23 present danger or present threat, or could they cause
 24 harm to someone else?
 25 So by just going through my academic record

Page 92

1 and my other, I don't think it showed the scope of
 2 knowledge, and, you know, I certainly do consider
 3 myself an expert. I don't hire out as that.
 4 A majority of my work is in forensics, but
 5 in general police procedure and in those areas, I
 6 certainly have what the Court would consider an
 7 expertise. I certainly have more knowledge than the
 8 common man in those areas, and I've exercised it in
 9 real-world situations.
 10 I imagine, for Austin, this is probably the
 11 first demonstrations of that size that had occurred
 12 in, I don't know, perhaps generations, perhaps since
 13 the '60s, where we were involved in these sorts of
 14 protests on a weekly basis when I was headquartering
 15 up an office we had based around the 5th Fleet
 16 Headquarters in Bahrain of the Military.
 17 Q Okay. So I want to see -- thank you for
 18 that. I want to see if I can break down a little bit
 19 of what you said. And you talked for a moment -- you
 20 referenced kind of educational versus, in my mind,
 21 practical application of certain principles.
 22 And I kind of think about experts in
 23 different buckets. Like, you know, you've got your
 24 academic who's really trained in a certain area and
 25 knows how to apply the formulas and do the

Page 93

1 calculations.
2 You've got your, you know, experienced
3 practitioner in an area who has, you know, lived it,
4 boots on the ground, and sometimes, those overlap.
5 And sometimes, they don't.
6 I think when you were talking about your
7 forensic science experience and the application of
8 that expertise to this case, you fall more into my
9 kind of education track bucket. Right?
10 But would you say that, and I think you did
11 just say that based on your practical experience, you
12 do have expertise, a different type of expertise,
13 within the area of use of force decision-making by
14 police officers?
15 A Yes.
16 MR. LAIRD: Object to the form.
17 MS. JOSEPH: I would've been shocked if
18 you hadn't.
19 BY MS. JOSEPH:
20 Q So through practical training and experience
21 applying use of force standards, supervising others in
22 use of force decision-making, in a law enforcement
23 career that lasted for over 20 years, would you say
24 that you developed a certain level of expertise in
25 those areas?

Page 94

1 MR. LAIRD: Object to form.
2 THE WITNESS: Yes, I think I've
3 developed a very -- I've developed a level of
4 practical and applicable expertise.
5 BY MS. JOSEPH:
6 Q Okay. Now, you talked some about being a
7 supervisor, I think, with respect to when you were in
8 Hawaii.
9 While you were a supervisor, was it part of
10 your duties to make sure that those you were
11 supervising engaged in appropriate decision-making
12 when deciding whether to use use of force?
13 A Yes, I was.
14 Q And was it also within your duties as a
15 supervisor to sometimes review those decisions and
16 discuss those after the fact?
17 A Yes, it was.
18 Q Okay. I'm not sure what department it was.
19 Hawaii PD, who were you with?
20 A It was -- it was with the Naval Criminal
21 Investigative Service in Hawaii.
22 Q Thank you. So the Naval Criminal
23 Investigative Service in Hawaii then relied on you to
24 have those kinds of training-type conversations with
25 your subordinates both before and after they engaged

Page 95

1 in the use of force.
2 MR. LAIRD: Object to form.
3 THE WITNESS: Yes.
4 BY MS. JOSEPH:
5 Q Okay. You referenced while you were talking
6 a couple of times "model use of force standards," and
7 I believe you said those are federal standards.
8 Are you able to, off the top of your head,
9 point us to any specific document or collection of
10 materials that compromise those model use of force
11 standards?
12 A Yes. What usually happens is, typically,
13 the FBI forms a working group, and they bring in
14 state, local, and others. And then they come up with
15 a model, and if you were to do a -- I'm going to do it
16 right now while we're talking.
17 I just Googled "use of force model
18 standards," and the very first one I came up with was
19 a Department of Justice publication on use of force
20 and when it's appropriate: Office of the Justice
21 Program Model Use of Force Policy and Model
22 Legislation, Overview of Police Use of Force by the
23 National Institute of Justice, 1 through 16
24 Departments of Justice Policy on Use of Force.
25 So, yes. It's -- it's pretty standard, as I

Page 96

1 said, and most states base it off of that because it's
2 already been tested for legal sufficiency.
3 Q Okay. Now, you talked with Mr. Laird. I
4 think he asked you several times, "Are you an expert
5 in use of force policies and standards?" And I
6 believe the answer that you gave him was, "No."
7 I want to ask you a slightly different
8 question. Are you an expert in use of force
9 decision-making in the field?
10 A Yes.
11 Q Okay. And what is that expertise based on?
12 And forgive me if I'm being a little redundant.
13 A As a supervisor and as a -- as a trained
14 special agent for the government, for the United
15 States Government, I've received annual and countless
16 trainings on the use of force and use of force model,
17 the use of force continuum, and ladder.
18 We stay up with it. Whenever there's a
19 change to it, we -- we do those policies.
20 It is certainly my role to make sure that
21 those that work with me and for me are familiar with
22 that that they received the training that they need to
23 receive on it, and in after-action reviews, did they
24 follow our policies.
25 So I'm not an expert in the formulation of

Page 97

1 the policies and doing the research and the other.
2 But I certainly consider myself a seasoned
3 expert on its application throughout law enforcement
4 or certainly through the officers that worked for me,
5 its application on the streets, the context in which
6 they use it within the streets, not citing an academic
7 journal that says, "Out of the 3,587 incidents over
8 the last year, 80 percent of them" -- no.
9 That's not me. It's clear from the earlier
10 questions I'm not published in that area, but I'm a
11 practitioner.
12 It's something that is -- one of the most
13 critical functions a law enforcement officer has is
14 the ability to take someone's life.
15 And it's certainly one of the most critical
16 functions a supervisor has is to make certain that
17 that is trained and applied appropriately.
18 Q Now, in this section of your report,
19 Decision to Shoot or Not to Shoot, you're expressing
20 opinions, basically, of what questions the officers
21 should be asking, what data they should be analyzing
22 in order to come to that decision to decision to shoot
23 or not to shoot. Is that accurate?
24 A That's correct.
25 Q And I believe you said this earlier, but to

Page 98

1 be clear, you're not formulating an opinion and
2 expressing an opinion as to whether these particular
3 officers followed APD procedure in this instance. Is
4 that right?
5 A No, I am not.
6 Q Okay. But these questions that you've
7 provided here, even though you haven't studied whether
8 the officers strictly followed APD procedure, are the
9 questions that you've posed here in the Decision to
10 Shoot or Not to Shoot Analysis, would they aid the
11 jury in making a determination as to whether the use
12 of force by these officers in this instance was
13 justified?
14 MR. LAIRD: Object to the form.
15 THE WITNESS: Certainly, because
16 there's a distinction between "The organization has
17 authorized me to shoot under these circumstances" and
18 "The context that I'm in right now justifies me
19 shooting in these circumstances."
20 And too many people don't see the two
21 different decisions.
22 A flag where the organization says,
23 "Yes, you can shoot if Criteria A, B, C, and D are
24 met," is not the same as the flag that the officer
25 then raises by pulling the trigger, which is, first

Page 99

1 off, "Yes, A, B, C, D and -- are met," and, "I can do
2 it safely. It's for this purpose," et cetera.
3 So I think they would definitely help
4 in the decision-making.
5 BY MS. JOSEPH:
6 Q I see this in Item 2 of this section. You
7 talk about if officers were situationally authorized
8 to use less lethal force.
9 And that makes me wonder, you know, in
10 addition to situational authorization, is there an
11 element of personal decision-making here?
12 A There is, but personal decision-making
13 cannot take place until situational authorization has
14 occurred.
15 Q Okay.
16 A To go back to the simplest -- to go back to
17 the very simplest would be a Military sniper model.
18 The fact that he has a target in sight and can execute
19 that target is not the same as he's now been given a
20 green light to do it.
21 Q Okay.
22 A And in this case, the fact of does the
23 circumstances facing that officer at that moment meet
24 the institutional criteria for the use of less lethal
25 force, and if it does, then it falls on the officer to

Page 100

1 determine, "Yes, and I will apply that in this
2 situation."
3 Q How is an officer who has been situationally
4 authorized to use force, who finds himself in a loud,
5 chaotic, potentially scary environment, able to ask
6 himself these questions and make these decisions
7 within seconds?
8 A Within less than seconds, you're looking
9 down the sight, and you're sighting your weapon. Is
10 someone in the way? Are you going to hit a bystander?
11 All of those are trained, and officers
12 qualify and shoot annually, or quarterly at least,
13 where they're -- where they're practicing the
14 situations.
15 Is the person a threat? If their back's
16 turned to me, how much of a threat are they to me?
17 But are they a threat to somebody else? Are they
18 within the operational limits of my weapon?
19 If -- if I've only shot this at 40 yards on
20 the range, am I now trying to shoot it at 100 yards
21 and hoping that I can hit my target?
22 So, yeah, it's a lot of data going through
23 their mind, but it's decisions they make probably with
24 the same ease that you raise an objection because you
25 don't have to sit and study out everything for why

Page 101

1 you're raising an objection.
 2 You've been in this situation so many times
 3 that those triggers are pulled, and you make your
 4 objection. And it's the same for the officer, and
 5 they train in loud, noisy environments.
 6 I remember doing my basic training, and we
 7 would fire at night. And then suddenly, they'd turn
 8 the flashing lights and the sirens on, and, yeah, the
 9 first couple times, it's very disorienting.
 10 Officers are trained -- this. Officers are
 11 entrusted with this. So, yes, it is a decision, but
 12 it's one that we recognize when we hand them a weapon
 13 and say, "You can apply lethal or less lethal force;
 14 it's one that we feel you're trained to make."
 15 Otherwise, we'd be doing this by AI. You
 16 wouldn't need an officer at all, and I don't think
 17 anyone wants that.
 18 Q No kidding. Okay. So as you're describing
 19 that for us and explaining that, I'm thinking about
 20 how, in certain professions, even in certain law
 21 firms, you know, a lawyer can speak to this.
 22 You kind of finish your training, and then
 23 you get thrown there. Okay. You've seen it done
 24 once. Now, you've read the book. Now, go take a
 25 deposition. Go try a case.

Page 102

1 Do we expect officers to have a certain
 2 level of experience before they're put in a situation
 3 like we saw on May 30, 2020? Let me ask you that
 4 first.
 5 MR. LAIRD: Object to the form.
 6 THE WITNESS: They certainly go through
 7 time with a training officer and a field training
 8 officer. It's unlikely during that field training
 9 period, they were put into a situation like what
 10 occurred during those days.
 11 But once again, it's important to
 12 realize they're not in isolation. In each of these
 13 cases, you don't have the rookie right off of
 14 probation standing alone, making these decisions.
 15 They're in a line of experienced officers.
 16 You can see on the body cameras the
 17 sergeants walking back and forth. You can see the
 18 corporals. You can see there's a chain of command
 19 structure there.
 20 So there is -- that has its benefits.
 21 It also has its distractions during events like that,
 22 but, yes. Those officers on that day were exposed to
 23 something they hadn't been exposed to before, I would
 24 dare say, in most of their lives, that level of
 25 protest, roads being blocked, and things like that.

Page 103

1 But they're trained to handle that, and
 2 they have the support of officers next to them that
 3 are also trained to handle that, perhaps with more
 4 experience.
 5 BY MS. JOSEPH:
 6 Q So we would still expect them to be able to
 7 ask the appropriate questions and make the appropriate
 8 decisions before pulling the trigger.
 9 MR. LAIRD: Object to the form.
 10 THE WITNESS: Where we don't see that
 11 is what we refer to in the Military and others as
 12 "contagious fire," and that's when the officer to your
 13 right and left starts shooting. So you assume all
 14 those questions are answered, and you start shooting.
 15 And we -- we see a lot of that,
 16 unfortunately, here because we hear one or two shots
 17 go off, and then it's boom, boom, boom, boom, boom.
 18 So -- so that is one of the problems
 19 that we have in these situations, and it's one of the
 20 ones that we would drill into our people is, "Your
 21 decision's not made by the person standing next to
 22 you. You have to make that decision for yourself."
 23 The fact that they're shooting doesn't
 24 give you blanket authority to shoot. So as I said, it
 25 works positively, and it also works negatively. It's

Page 104

1 an incredibly difficult situation for an officer to be
 2 in.
 3 BY MS. JOSEPH:
 4 Q And you referenced something you described
 5 as "contagious fire," having seen it here.
 6 Could you tell us a little bit more about
 7 how you're able to determine that that's happening in
 8 the body-worn camera footage those this incident that
 9 you watched?
 10 MR. LAIRD: Object to form.
 11 THE WITNESS: We see, and we hear --
 12 I'm not saying that it occurred.
 13 BY MS. JOSEPH:
 14 Q Okay.
 15 A But there are certainly indicators that it
 16 did. You -- for instance, in, I believe, it was
 17 Talley, yes. In Talley, he was spotlighted at one
 18 point.
 19 That already gives the officers on the
 20 overpass, "This is a person of interest," and they're
 21 focused in on him. And then you have someone that's
 22 actually, I believe, calling the commands, "This guy
 23 there, this guy there, this guy there," and he shoots.
 24 Then you hear two or three other weapons
 25 discharging at nearly the same time. So you have to

Page 105

1 ask yourself, "Is -- is each of those officers making
 2 an independent decision that this is a threat that I
 3 need to negate or this is a felon that I need to bring
 4 into custody, or are they reacting to the officer on
 5 their right or their left that has already broken that
 6 threshold by pulling the trigger and firing the first
 7 round?"
 8 Q Okay.
 9 A And -- variety of the law enforcement
 10 officer shootings or Military base shootings that I've
 11 investigated.
 12 Q So in this case, you're not making a
 13 conclusion one way or the other as far as whether a
 14 specific officer engaged in this contagious fire, but
 15 you do see that it's appropriate to raise those
 16 questions. Is that accurate?
 17 MR. LAIRD: Object to form.
 18 THE WITNESS: Certainly.
 19 BY MS. JOSEPH:
 20 Q Okay. Okay. I'm going to change gears a
 21 little bit. Mr. Laird asked you about kind of a
 22 laundry list of documents and whether you reviewed
 23 them, and I want to go back to that for a minute.
 24 Do you remember talking about whether you
 25 reviewed the parties' discovery responses and written

Page 106

1 statements by officers and things like that in this
 2 deposition?
 3 A I remember I think I said that I haven't
 4 reviewed the officers' statements. I'm looking at the
 5 documents that I've written here, and part of the
 6 problem can be for me, I receive multiple files.
 7 I received a Talley file, a Rodriguez, and I
 8 had a Krisch file. And there was a lot of overlap in
 9 each. So I know I've read statements from officers,
 10 but I'm not comfortable, during this deposition,
 11 saying that it was for Rodriguez and Talley or that I
 12 read them during Krisch.
 13 They're just three events that happened
 14 within, what, 48 hours of each other that are very,
 15 very similar. So -- so I -- that.
 16 Q Okay. Let me ask you this. For those items
 17 that you did not review, like I think you said
 18 earlier, written discovery responses, interrogatories
 19 exchanged between the parties in this case --
 20 A I've --
 21 Q Let me start over. Let me ask you a
 22 different question. What else did you need to see, if
 23 anything, that you didn't see in order to form the
 24 opinions that you're expressing in this case?
 25 I know you talked about not being able to

Page 107

1 conduct a weapons munitions test.
 2 MS. JOSEPH: Can y'all still hear me?
 3 It looks like you're all frozen.
 4 MR. LAIRD: Yes, I can.
 5 MS. JOSEPH: Okay. Okay. Mr. Maloney,
 6 are you still there, or did you freeze on us?
 7 MR. LAIRD: Yeah, he looks frozen on
 8 my --
 9 THE REPORTER: Okay. We'll go ahead
 10 and go off the record real quick. We are off the
 11 record at 11:56 a.m.
 12 (Off the record.)
 13 THE REPORTER: We are back on the
 14 record at 12:02 p.m. You may continue.
 15 BY MS. JOSEPH:
 16 Q Mr. Maloney, we just had a short
 17 interruption, and I think I had asked you a really
 18 long question that I have now forgotten before that
 19 break.
 20 So I'm going to move on from there and ask
 21 you something different if that's okay with you.
 22 A Certainly.
 23 Q All right. Are you willing to review
 24 additional materials in this case if either party, you
 25 know, wants to provide them to you?

Page 108

1 A Absolutely.
 2 Q Okay. I know that you mentioned earlier not
 3 being able to conduct any testing of the munitions and
 4 the shotguns that were being used.
 5 If you were able to do that, is it something
 6 that you would consider helpful to your opinions in
 7 the case?
 8 A Yeah. I think it would certainly hone down
 9 the opinions considerably, but in the Krisch case, I
 10 was made aware that it's not possible.
 11 Q Okay. Having not been able to physically
 12 get your hands on those munitions and shotguns, were
 13 you still able to perform -- I don't think that's the
 14 word I wanted.
 15 Were you still able to form valid and
 16 correct opinions as to what happened out there that
 17 day?
 18 A Yes.
 19 Q Okay. Let's talk about the fact that
 20 Modesto and Tyree were deaf for just a moment. Does
 21 Mr. Rodriguez's or Mr. Talley's deafness affect your
 22 forensic opinions in this case?
 23 A No.
 24 Q Okay. So you would come to the same
 25 conclusions as far as who shot from where at what

Page 109

1 time, regardless of whether either plaintiff was deaf.
 2 Is that correct?
 3 A That is correct.
 4 MR. LAIRD: Object to form.
 5 BY MS. JOSEPH:
 6 Q Okay. Are you holding yourself out to be an
 7 expert in deafness?
 8 A Absolutely not.
 9 Q How, if at all, does the fact that the
 10 plaintiffs are deaf impact your Decision to Shoot or
 11 Not to Shoot Analysis?
 12 MR. LAIRD: Object to the form.
 13 BY MS. JOSEPH:
 14 Q Let me try again; just forget that one.
 15 Would you still be asking the same questions in the
 16 Decision to Shoot or Not to Shoot Analysis that you're
 17 asking whether the plaintiffs were deaf or not?
 18 A Yes.
 19 Q Okay. Let's talk about the water bottles.
 20 Was part of your work in this case to evaluate the
 21 trajectory or direction of the water bottles that were
 22 thrown by the plaintiffs?
 23 A Yes. It was.
 24 Q Okay. Did the water bottle thrown by
 25 Modesto Rodriguez hit anyone?

Page 110

1 A Not that I could see as we tracked the water
 2 bottle, and we tracked it very effectively, frame by
 3 frame.
 4 Q Okay. Same question for Mr. Talley, did the
 5 water bottle thrown by Mr. Talley hit anybody?
 6 A Not that I could see, and we tracked it
 7 frame by frame as well.
 8 Q You talked with Mr. Laird about the
 9 direction that the water bottles were thrown. Do you
 10 know, sitting here, where each plaintiff was aiming
 11 when he threw his bottle?
 12 A No, I don't think that's something I'd be
 13 able to ascertain. We know how he was positioned when
 14 he released the bottle and what direction it went in.
 15 Whether he was aiming specifically to miss
 16 people or whether he was aiming specifically to hit
 17 one person, we have no way of knowing.
 18 Q Okay. And during your conversation today
 19 with Mr. Laird, he referenced a number of times that
 20 he believed it to be "unlawful" that the plaintiffs
 21 threw the water bottles.
 22 MR. LAIRD: Object to the form.
 23 BY MS. JOSEPH:
 24 Q Do you recall that conversation?
 25 MR. LAIRD: Object to the form.

Page 111

1 THE WITNESS: I do.
 2 BY MS. JOSEPH:
 3 Q Having been a peace officer and having had a
 4 lot of experience in law enforcement over the years,
 5 are you able to explain what considerations come into
 6 play when determining whether a particular action is
 7 "unlawful"?
 8 A It's -- it's very simple. There's a Texas
 9 Penal Code. It has a definition under "assault" and
 10 "aggravated assault."
 11 Each of those definitions then have elements
 12 or elements of those crimes, and the elements were
 13 even -- either met or they weren't. I am not
 14 currently familiar with the Texas Penal Code for
 15 assault or aggravated assault.
 16 I know from general knowledge that it
 17 generally involves an action or intent that puts
 18 another in fear for their life or bodily harm or
 19 injury. So that's a -- that's as far as I can go on
 20 that.
 21 Q Okay. So you are not expressing an expert
 22 opinion today as to whether the actions of Mr. Talley
 23 or Mr. Rodriguez were lawful or unlawful.
 24 MR. LAIRD: Object to the form.
 25 THE WITNESS: I'm not.

Page 112

1 BY MS. JOSEPH:
 2 Q Okay. Are you expressing an opinion today
 3 as to whether Mr. Rodriguez's action in throwing the
 4 water bottle was lawful?
 5 A No, I am not.
 6 Q And are you expressing an opinion today
 7 whether the action of Mr. Talley in throwing the water
 8 bottle was lawful?
 9 A No, I am not.
 10 Q Okay. Did you need to review the written
 11 discovery exchanged by the parties in these cases in
 12 order to form your opinions?
 13 A I'm not sure what you're asking. I
 14 apologize.
 15 Q That's okay; thank you for telling me.
 16 Did you need to review an incident report
 17 written by the police officers stationed on the scene
 18 in order to form your forensic opinions in this case?
 19 A No, I didn't.
 20 Q Did you need to review such an incident
 21 report in order to formulate the questions that you
 22 posed to help determine whether to shoot or not to
 23 shoot?
 24 A No. I didn't.
 25 Q Okay. If there was something else that you

Page 113

1 needed in order to form your opinions in these cases
2 that you've expressed, would you have asked for it?
3 A Yes. I would have.
4 Q Okay. And, in fact, you did ask for testing
5 of the munitions, but you were able to work around
6 that. Is that right?
7 A Yes.
8 MS. JOSEPH: Okay. Okay. I will pass
9 the witness. Thank you, Mr. Maloney.
10 EXAMINATION
11 BY MR. LAIRD:
12 Q Mr. Maloney, just a few follow-up questions,
13 first of all, the CV that you provided us, is that an
14 accurate listing and description of your
15 qualifications as an expert?
16 On whatever subject areas you're claiming to
17 be an expert in, is it all contained in here?
18 A No.
19 Q It's not.
20 A No.
21 Q Where would it be -- where would I find
22 that?
23 A I don't know that it's -- I don't know that
24 it's not contained in there. The line of questioning
25 that we followed or that you followed didn't perhaps

Page 114

1 bring those areas up.
2 Q Okay.
3 A Certainly, I list the areas when I was a
4 supervisor in law enforcement, where I worked, and
5 what sort of things I did. Do I specifically state
6 that -- state that? No, I don't.
7 Q Right. And a good example of that is when
8 you discussed being a supervisory special agent in
9 Hawaii. Here's what you say in your CV.
10 "I was the supervisory special
11 agent/resident agent in charge of the criminal
12 investigations office at NCIS office at," I'll
13 mispronounce this, "Kaneohe."
14 A Kaneohe.
15 Q K-A-N-E-O-H-E, "Bay Marine Corps base in
16 Hawaii, I directly supervised eight agents that
17 conducted felony-level investigations aboard the base
18 and those that affected Navy/Marine Corps personnel.
19 "I established office budgets, coordinated
20 training, wrote job descriptions, interviewed
21 potential hires, chaired hiring boards, evaluated
22 personnel, handled disciplinary problems in accordance
23 with HRO regulations, counseled personnel, facilitated
24 personnel in achieving their career goals.
25 "I was responsible for the management and

Page 115

1 security of secret information, the onsite armory as
2 well as the evidence facility, and maintaining
3 appropriate chain of custody."
4 That's the description that you provide in
5 your CV. Right?
6 A Yes. It is.
7 Q Right. It doesn't mention anything about
8 being an expert in use of force or use of force
9 decision-making. Does it?
10 A No, it doesn't.
11 Q And, in fact, none of the descriptions
12 anywhere in your CV mention anything about expertise
13 in use of force for law enforcement personnel,
14 including use of force decision-making in the field.
15 Does it?
16 A No. It does not.
17 Q Okay. Now, as I understand it, based on --
18 all I have to go by is your report, and I don't see
19 anything in your report rendering any opinions about
20 APD training or supervision of the officers that were
21 there at the protest. Is that correct?
22 A I'm not sure what the question is.
23 Q The question is, are you rendering any
24 opinions regarding APD's training or supervision
25 during the protests?

Page 116

1 A No, I'm not.
2 Q Okay. Because I don't see any in your
3 report, and I just want to make sure --
4 A There are none of those opinions in the
5 report.
6 Q Pardon me?
7 A No. You're correct. I don't render any
8 opinion on those in the report.
9 Q Okay. Now, the fact that the water bottles
10 thrown by Rodriguez and Talley did not actually hit
11 anybody does not mean that that was not a threat, a
12 threatening action. Correct?
13 MS. JOSEPH: Objection, form.
14 BY MR. LAIRD:
15 Q Is that correct?
16 A Yes. That's correct.
17 Q Okay. It also doesn't mean that it was not
18 an unlawful action. Correct?
19 A I am going to completely disassociate myself
20 from "lawful" or "unlawful" absent the Texas Penal
21 Code and the elements of the crime. That's best
22 addressed by the lawyers or the prosecutors at this
23 point.
24 Q Okay. But in your report, you use the term
25 "felonious actions." Right?

Page 117

1 A Take me there again, but, yes.
 2 Q I mean, a "felonious action" would be an
 3 "unlawful action." Right?
 4 A Yes. It would, but I don't use it in the
 5 context that you're saying. I use it in the posing of
 6 the question that, if a felonious action occurred in
 7 their presence, what would they be authorized to do.
 8 So I believe with -- unless you want to
 9 point me directly to where that is in the report, I
 10 believe that's a misapplication of context.
 11 Q There is no doubt that the action of
 12 throwing an object near a crowd, in the direction of a
 13 crowd, is an "unreasonable action." Correct?
 14 MS. JOSEPH: Objection, form.
 15 BY MR. LAIRD:
 16 Q You've already told us this.
 17 A I don't believe I have told you that. I
 18 believe I've told you that there are circumstances
 19 where that may be a reasonable action. I did not see
 20 where they --
 21 Q Okay, right. You didn't see any of those
 22 circumstances in any of the videos that you reviewed,
 23 though. Right?
 24 A No, I didn't.
 25 Q Okay. All right. And from the perspective
 Page 118

1 of an officer at the scene, it doesn't matter if a
 2 water bottle actually hit someone or not.
 3 That's still an action that Rodriguez and
 4 Talley took that could reasonably be seen as a threat
 5 of bodily harm to anyone in that crowd. Right?
 6 MS. JOSEPH: Objection, form.
 7 THE WITNESS: Right.
 8 BY MR. LAIRD:
 9 Q Okay. And as I understand, I just want to
 10 make sure I'm clear. The concept of "contagious
 11 shooting" that you described, you're not rendering an
 12 opinion as to whether or not that occurred here.
 13 Correct?
 14 A No, I'm not.
 15 Q All right. And since you have not reviewed
 16 the statements of any of the officers that were there
 17 at the scene during the Talley and Rodriguez
 18 incidents, you can't say one way or the other why they
 19 fired their weapons. Right?
 20 A No. I can just say that they did.
 21 Q Right. You don't know whether it was some
 22 kind of contagious shooting or if they were responding
 23 to the actions of Talley and Rodriguez in throwing the
 24 bottles. Right?
 25 A I don't know what was in their mind at the
 Page 119

1 time they chose to engage. That's correct.
 2 Q Right. That's certainly something that's
 3 relevant. Isn't it?
 4 A Yes, I don't know that that would be brought
 5 forward through me, but it is relevant.
 6 Q I'm sorry. I didn't catch that.
 7 A Well, you asked whether it was relevant.
 8 Are you asking -- and I'm sorry. Were you asking --
 9 was that a question when you said, "That certainly is
 10 something that would be relevant"?
 11 Q Yes, that was a question.
 12 A Yes, it would be relevant to someone. Yes.
 13 Q Okay. Now, you mentioned that you aren't
 14 familiar with the Austin Police Department policy for
 15 the use of force. Right?
 16 A I believe I did say that. Yes.
 17 Q Okay. And I think you stated that you
 18 weren't rendering any opinions on whether or not the
 19 officers' actions were consistent with the APD use of
 20 force policy. Right?
 21 A I think I do render those opinions in my
 22 report, and I'm sorry. You're confusing me, and I'm
 23 trying to be clear here because we discussed use of
 24 force in so many different directions.
 25 And we've discussed policy in so many. I've
 Page 120

1 reviewed the use of force as it's contained within
 2 that 487-whatever pages that was there for the Krisch
 3 case.
 4 Q Okay.
 5 A I believe I was responding to specific
 6 questions, "Did -- was that material provided for you
 7 in this case?" So I thought we cleared that up. If
 8 we didn't, I'd certainly like to clear that up now.
 9 Q Okay. And in fact, there is a national
 10 standard for the use of force, a federal standard for
 11 the use of force established by the United States
 12 Supreme Court. Correct?
 13 A I -- there may be.
 14 Q Do you know what that standard is?
 15 A No, I know what the federal one is. I don't
 16 know that it was interpreted by the Supreme Court or
 17 not.
 18 Q And are you familiar with Graham vs. Connor?
 19 A No. I'm certainly not.
 20 Q Are you familiar with Tennessee vs. Garner?
 21 A I can say "no" to all of them as you go down
 22 the list.
 23 Q Okay. It's just two cases, U.S. Supreme
 24 Court cases, but you're not familiar with those or any
 25 standards that they set forth.
 Page 121

1 A No, I would assume that the Department of
 2 Justice standards are in compliance with the Supreme
 3 Court.
 4 MR. LAIRD: Okay. All right. I think
 5 that's all I have. Thank you, sir.
 6 THE WITNESS: Thank you.
 7 MR. LAIRD: And, Ms. Martinez, I will
 8 need to order an expedited copy of the transcript if I
 9 can.
 10 THE REPORTER: How quickly do you want
 11 it?
 12 MR. LAIRD: Would, let's see, maybe
 13 five days be possible?
 14 THE REPORTER: I can do that.
 15 MR. LAIRD: Okay, great. Thank you.
 16 THE REPORTER: Absolutely, you're very
 17 welcome. Ms. Joseph, are you going to order a copy of
 18 the transcript?
 19 MS. JOSEPH: I'm not right now, but I
 20 believe Mr. Maloney's -- you can send the read and
 21 sign to me. And I'll get it to him.
 22 THE REPORTER: Okay, I will do that.
 23 MS. JOSEPH: Did you also need that in
 24 five days, or is ten business days good for you?
 25 MS. JOSEPH: I don't want to pay you to
 Page 122

1 expedite it, but if you are already preparing it for
 2 Mr. Laird, then I would appreciate receiving it on the
 3 same timeline.
 4 THE REPORTER: Okay. I will put that
 5 in the notes, "don't want to be charged." I'll have
 6 to make sure that that's okay. If not, I will email
 7 you and let you know if that is or is not okay.
 8 MS. JOSEPH: That's fine.
 9 THE REPORTER: And we'll just go for
 10 ten standard if we're not going to charge. Okay?
 11 MS. JOSEPH: That's fine.
 12 THE REPORTER: Okay. So we'll go off
 13 the record at 12:22 p.m.
 14 (Signature reserved.)
 15 (Whereupon, at 12:22 p.m., the
 16 proceeding was concluded.)

1 FURTHER CERTIFICATION UNDER RULE 203 TRCP
 2 I, SIDNEY MARTINEZ, the officer before whom
 3 the foregoing proceedings were taken, do hereby
 4 certify:
 5 That the deposition transcript was submitted
 6 to the witness or to the attorney for the witness for
 7 examination and signature on _____; or
 8 [] examination and signature was waived;
 9 That the transcript [] was/[] was not
 10 returned by the witness, and if so, on
 11 _____;
 12 That, if returned, the attached Changes and
 13 Signature page contains any changes and the reasons
 14 therefor;
 15 That the transcript was delivered in
 16 accordance with Rule 203.3;
 17 That the amount of time used by each party
 18 at the deposition is as follows:
 19 Mr. Laird - 02 HRS: 10 MIN
 20 Ms. Joseph - 00 HRS: 35 MIN
 21 Mr. Barton - 00 HRS: 00 MIN
 22 That \$ _____ is the deposition
 23 officer's charges to the Defendant for preparing
 24 the original deposition transcript and any copies of
 25 exhibits;

Page 126

1 That a copy of the certificate was served on

CIVIL ACTION NO. 1:21-cv-00249-RP

DEFENDANT CITY OF AUSTIN’S REPLY IN SUPPORT OF ITS MOTION TO EXCLUDE EXPERT OPINIONS AND TESTIMONY OF MICHAEL S. MALONEY

TO THE HONORABLE ROBERT PITMAN:

Defendant City of Austin files its Reply in Support of its Motion to Exclude Expert Opinions and Testimony of Michael S. Maloney pursuant to Federal Rules of Evidence 401, 403 and 702 as follows:

A. Introduction

Contrary to Plaintiff’s assertions in his response,¹ the only concepts that have been “muddled” with regard to Mr. Maloney are his qualifications and role as an expert in this case, which were not muddled by Defendant but by Maloney himself. Stuck with Maloney’s admissions in his deposition and lack of any description of any expertise on use of force in his C.V., Plaintiff argues that Maloney’s opinions do not address the standards used to evaluate uses of force. Instead, Plaintiff argues, Maloney’s opinions only address “use of force decision-making.” (Doc. 48, pp. 2-4) But, these are “distinctions” that are not distinct, no matter how Plaintiff tries to argue that they are nuanced concepts.

¹ (Doc. 48, p. 2)

B. Maloney is not qualified to render opinions regarding the standards used to evaluate the use of force.

First, Plaintiff does not attempt to argue that Maloney is an expert in the standards used to evaluate law enforcement uses of force, and it is understandable why he does not. Maloney unequivocally stated in his deposition that he is not an expert in the standards used to evaluate law enforcement uses of force. (Ex. 2, P. 74) He also testified that in his work as a consultant and expert, he does not perform any analysis or perform any expert work in the subject area of the standards used to evaluate law enforcement uses of force. (Ex. 2, p. 23)

Not surprisingly, or perhaps a little surprising given Maloney's "practical experience" in law enforcement, Maloney is not familiar with the standards used to evaluate an officer's use of force set forth in *Graham v. Conner*, 490 U.S. 386 (1989) or used to evaluate an officer's use of deadly force set forth in *Tennessee v. Garner*, 471 U.S. 1 (1985). (Ex. 2, pp. 121-122) Simply put, Maloney's self-described expertise in "forensic consultation and analysis on complex death investigations, sexual assault investigations and crime scenes of violence" does not make him qualified to testify on the standards for law enforcement use of force, which necessarily include "the decision to shoot or not shoot." (Ex. 1)²

C. Maloney's Opinions in this Case Stray Far Beyond his Qualifications and Should be Excluded.

Plaintiff evidently recognizes Maloney's admissions, and now argues that Maloney only opines on "use of force decision-making" and not the standards used in evaluating and assessing the use of force. Plaintiff contends that Maloney in fact has expertise in "factors and considerations an officer on the ground needs to be thinking about before discharging a weapon..." (Doc. 48, p.

² It should be noted that Plaintiff has designated another expert, Jeffrey J. Noble, as an expert on law enforcement and policing procedures including "use of force and civil rights violations." (Ex.5, Plaintiff's Rule 26(a)(2) Expert Disclosure). Plaintiff has provided no explanation of the need for two experts on the use of force.

2) Plaintiff argues that Maloney provides expertise on whether “the context surrounding the use of force justify the officer’s decision to shoot.” (Doc. 48, pp. 3-4)

The problem with this argument is that the factors and considerations that an officer evaluates before using force are the standards established by the U.S. Supreme Court in *Graham v. Connor* that a reasonable officer on the scene should consider before using force, i.e. the severity of the crime at issue, whether the suspect poses an immediate threat to the safety of the officers or others, and whether he is actively resisting arrest or attempting to evade arrest by flight. Maloney is not an expert in these standards and admits it. (Ex. 2, pp. 11-13; 74-75). Neither Plaintiff nor Maloney explains how the officers’ “decision to shoot or not shoot” and the “assessments that officers were faced with when making the decision to fire” (for which Maloney claims to be an expert) are different from the standards used to evaluate law enforcement uses of force (for which Maloney admits he is not an expert).

Maloney is likewise not qualified to offer the opinion that the officers on the overpass “failed to exercise good judgment and control.” Nothing in Maloney’s scientific, technical or other specialized knowledge will help the trier of fact determine whether officers failed to exercise good judgment or control. This opinion is nothing more than an impermissible opinion on the officers’ state of mind. An expert is in no “better position than the jury to draw conclusions about a defendant’s state of mind.” *Sanchez v. Gomez*, No. 17-CV-133-PRM, 2020 WL 3316990, at *11 (W.D. Tex. June 17, 2020)(quoting *Marlin v. Moody Nat’l Bank, N.A.*, 248 F. App’x 534, 541 (5th Cir. 2007).

With regard to Maloney’s opinions that Talley and Rodriguez did not pose a threat to officers, and that officers could have safely arrested Talley and Rodriguez, Plaintiff argues that Maloney is qualified to render these opinions because he bases these opinions on his expert review

of the video footage. (Doc. 48, pp. 5-6) Specifically, Maloney opines that there was no threat to the officers since the video footage purportedly shows them moving away from the officers. (Doc. 48, p. 6) He also opines that the officers could have safely arrested Talley and Rodriguez based on his observations of the crowd and officers on the video footage. (Doc. 48, pp. 5-6) These opinions are not based on Maloney's specialized knowledge, training or education since the content of the videos is within a factfinder's lay knowledge and does not require specialized knowledge, training or education. See *Anderson v. City of McComb*, 539 F. App'x 385, 388 (5th Cir. 2013). Accordingly, these opinions should be excluded.

Prayer

For the reasons discussed above, Defendant City of Austin respectfully requests that the Court grant its motion and that Plaintiffs' expert Michael S. Maloney be excluded from providing any opinions or testimony regarding law enforcement use of force standards, practices and policies and the specific opinions of Maloney cited above. Defendant further requests any additional relief to which it may be entitled.

RESPECTFULLY SUBMITTED,

Case No. 1:21-cv-00249-RP

PLAINTIFF’S RULE 26 a 2 E PERT DISCLOSURE

COMES NOW Tyree Talley (“Plaintiff”), pursuant to Fed. R. Civ. P. 26(a)(2) and hereby provides the following disclosures for witnesses that Plaintiff may use at trial to present evidence under Federal Rule of Evidence 702, 703, or 705.

I.

A. RETAINED EXPERTS

Pursuant to Fed. R. Civ. P. 26(a)(2)(B), Plaintiff identifies the following individuals who have been retained or specially employed to provide expert testimony in this case:

- 1 Jeffrey J. Noble**
24 Calle atrina
Rancho Santa Margarita, CA 92688
949 279-4678

Mr. Jeffrey Noble is an expert in a wide range of law enforcement and policing procedures including but not limited to misconduct, corruption, use of force, pursuits, police administration, training, police operations, criminal and administrative investigations, interviews and interrogations, civil rights violations, and crowd control. His qualifications are set out more fully in his expert report and curriculum vitae. By way of example and not limitation, Mr. Noble will testify as to his opinion that a reasonable police officer would not have used any force against Plaintiff and further that the use of force in this case was inconsistent with generally accepted police practices and so inappropriate and contrary to accepted police practices that it is outrageous and shocking to the conscience. Mr. Noble will also testify that the Austin Police Department policies in place regarding the use of less lethal kinetic projectile weapons and use of force during the events at issue were highly dangerous. A report containing Mr. Noble’s opinions, along with his curriculum vitae, publications, and prior testimony list, has been served on defense counsel along with these disclosures. Mr. Noble charges a flat rate of 2,500.00 for the first four hours of deposition or trial testimony, plus 600 per hour for every additional hour and 400.00 per hour for travel, “stand by” time, and other work.

2 Michael S. Maloney, MFS
1107 West College Street
Independence Missouri 640 0
816 908-2080

Mr. Michael Maloney is an independent forensic consultant and trainer. He is an expert in a variety of forensic disciplines including death investigations, death/crime scene reconstruction, death/crime scene processing, wound dynamics/evidence of injury, blood stain pattern analysis, firearms/trajectory analysis and post blast investigations. Mr. Maloney will testify, among other things, to his opinions regarding the positions of the officers who shot Plaintiff and the appropriate decision process for deciding whether to shoot. His qualifications are set out more fully in his expert report and curriculum vitae. A report containing Mr. Maloney's opinions, along with his curriculum vitae, publications, fee schedule, and prior testimony list, has been served on defense counsel along with these disclosures.

3 Jean F. Andrews, Ph.D.
12 19th Street
Georgetown, Texas 77706
409 3 1- 216

Dr. Andrews is an expert who specializes in speech and hearing sciences. She has presented and written extensively on deafness. She will testify regarding her opinion as to effective communication with Plaintiff during the encounter at issue and during the case proceedings as well as her evaluation of Austin Police Department policies for working with deaf citizens. Her qualifications are set out more fully in her expert report and curriculum vitae. A report containing Dr. Andrews's opinions, along with her curriculum vitae, publications, fee schedule, and prior testimony list, has been served on defense counsel along with these disclosures.

4 Gabriel I. Lomas, Ph.D.
800 Florida Ave, NE
Washington, DC 20002
832-746-2432

Dr. Lomas is professor at Gallaudet University and the Director of the Counseling Programs for the School of Human Services and Science. He has particular expertise in the area of mental health in the deaf population. Dr. Lomas has a background in clinical counseling and psychology. His qualifications are set out more fully in his expert report and curriculum vitae. Dr. Lomas will testify about the traumatic impact of the events giving rise to this action on Plaintiff. A report containing Dr. Lomas's opinions, along with his curriculum vitae, publications, prior testimony list, and an invoice reflecting his fees in this case has been served on defense counsel along with these disclosures.

. NON-RETAINED EXPERTS

Pursuant to Fed. R. Civ. P. 26(a)(2)(C), Plaintiff identifies the following individuals who have not been retained or specially employed to provide expert testimony in this case, but who may provide expert testimony as non-retained experts as permitted by the Federal Rules of Civil Procedure and the Federal Rules of Evidence:

1. Treating Medical Providers

The following are medical providers, including physicians, technicians, nurses, radiologists, physician's assistants, healthcare providers, records custodians, clinics, hospitals and their agents, representatives and employees, where, or by whom Plaintiff received medical care and treatment. They will testify consistently with their medical records, that their treatment was reasonable and necessary, that the expenses they charged were reasonable, and that the injuries they treated were caused by the use of force at issue in this case based upon the information they received and collected during their treatment as well as any other documents they have reviewed relating to this case. The health care providers listed below are not within the control of Plaintiff and have not been retained by Plaintiff as expert witnesses (and therefore have not provided to Plaintiff any specific written report other than their respective medical records and narratives where applicable); therefore, for the mental impressions held by and the opinions of and facts known by any of the following witnesses, please refer to their medical records of Plaintiff, narratives, and any deposition testimony given or to be given by any such healthcare providers.

St. David's South Austin Medical Center
901 West Ben White Boulevard
Austin, Texas 78704
(512) 816-7138

Ascension Seton Medical Center
1201 W 38th St, Austin, T 78705

(512) 324-1000

Luke Machen, MD
7700 Cat Hollow Drive, Suite 106
Round Rock, Texas 78681
(512) 444-1414

Texas Urology Specialists
Dwayne T. Deys, MD
901 West 38th Street, Suite 200
Austin, Texas 78705
T: (512) 421-4235
F: (512) 454-4575

Dr. Deys is expected to testify about the effects of the injury to Plaintiff's genitalia sustained in the shooting incident, the future care expected within a reasonable degree of medical probability, the costs of such care, and the cause for the need of the same. Dr. Deys's treatment is ongoing, and his opinions are still being formed as he evaluates the results of medical tests he has ordered for Plaintiff. Plaintiff will provide Dr. Deys's medical records as soon as they are received.

To the extent it is necessary to call live at the trial of or deposition in this cause any custodian of records for any of the above health care providers, Plaintiff identifies any such custodian as a person who may have expert knowledge regarding issues related to the incident in question, including the reasonableness of the costs of care provided to Plaintiff and the reasonable certainty of future medical care.

2. Law Enforcement Officers and Investigators

Plaintiff reserves the right to elicit expert opinions from Austin Police Department police officers and/or investigators who may testify in depositions or at trial in this case. Plaintiff reserves the right to elicit expert opinions from such witnesses that are related to each witness's personal knowledge of facts relevant to this case. Plaintiff also reserves the right to elicit expert testimony from such witnesses by showing them evidence produced in this case, including (without limitation) video recordings, audio recordings, still photographs, witness statements, investigative materials, or other evidence related to the incident giving rise to this lawsuit. Plaintiff reserves the right elicit such non-retained expert opinions from any law

enforcement officer or investigator called as a witness by Defendants, and Plaintiff specifically identifies the following individuals as potentially providing non-retained expert testimony:

- Officer Benjamin Lynch (AP6802), Officer Gadiel Alas (AP7835), Officer Timothy Cobaugh (AP8383), Officer Darrell Cantu-Harkless (AP8516), Officer Michael Harris (AP8542), Officer Joseph Hethershaw (AP9073), Officer Gregory Cherne (AP8196), and Officer Justin Wright (AP8976)
- Law enforcement personnel in the chain-of-command of Officer Benjamin Lynch (AP6802), Officer Gadiel Alas (AP7835), Officer Timothy Cobaugh (AP8383), Officer Darrell Cantu-Harkless (AP8516), Officer Michael Harris (AP8542), Officer Joseph Hethershaw (AP9073), Officer Gregory Cherne (AP8196), and Officer Justin Wright (AP8976) who have reviewed their actions with respect to Plaintiff in connection with the incident giving rise to this lawsuit to determine if any of these officers violated Austin Police Department policy or applicable law.
- Internal Affairs (IA) personnel who investigated the conduct of Officer Benjamin Lynch (AP6802), Officer Gadiel Alas (AP7835), Officer Timothy Cobaugh (AP8383), Officer Darrell Cantu-Harkless (AP8516), Officer Michael Harris (AP8542), Officer Joseph Hethershaw (AP9073), Officer Gregory Cherne (AP8196), and Officer Justin Wright (AP8976) with respect to the incident giving rise to this lawsuit.
- Austin Police Department Special Investigations Unit (SIU) personnel who investigated the conduct of Officer Benjamin Lynch (AP6802), Officer Gadiel Alas (AP7835), Officer Timothy Cobaugh (AP8383), Officer Darrell Cantu-Harkless (AP8516), Officer Michael Harris (AP8542), Officer Joseph Hethershaw (AP9073), Officer Gregory Cherne (AP8196), and Officer Justin Wright (AP8976) with respect to the incident giving rise to this lawsuit.

Plaintiff cannot provide additional detail regarding the substance of the non-retained expert testimony that each of these witnesses may offer because none of these witnesses are under Plaintiff's control.

3. City of Austin Representatives

Defendant City of Austin is expected to designate one or more individuals to testify as an organization representative pursuant to Fed. R. Civ. P. 30(b)(6). Plaintiff reserves the right to elicit non-retained expert testimony from any such witness. Plaintiff may elicit expert testimony related to any such witness's testimony based on personal knowledge and/or given in the witness's capacity as a representative under FRCP 30(b)(6). Plaintiff also reserves the

right to elicit expert testimony from any such witness by showing them evidence produced in this case, including (without limitation) video recordings, audio recordings, still photographs, witness statements, investigative materials, or other evidence related to the incident giving rise to this lawsuit. At this time, Plaintiff cannot provide additional detail regarding the substance of the non-retained expert testimony that such 30(b)(6) witnesses may offer because Defendant City of Austin has not yet designated any individuals, and any such 30(b)(6) representatives will not be under Plaintiff's control.

4. Attorneys' Fees

Scott Hendler
Leigh Joseph
901 S. MoPac Expressway
Bldg. 1, Suite 300
Austin, Texas 78746
Telephone: (512) 439-3200
Facsimile: (512) 439-3201

Rebecca Webber
4228 Threadgill Street
Austin, Texas 78723
Tel: (512) 669-9506

Plaintiff's counsel has knowledge of the hours worked and reasonable hourly rates for Plaintiff's claims for attorneys' fees pursuant to 42 SC §1988. They will testify that the hours were worked on this case and were necessarily incurred to reach the ultimate result. Plaintiff further reserves the right to supplement with expert testimony by other attorneys in the relevant market(s).

II.

Plaintiff reserves the right to supplement these disclosures as permitted by the Federal

Rules of Civil Procedure.

Plaintiff reserves the right to offer expert testimony at trial from any retained or non-retained expert identified by any of the Defendants in this case.

Plaintiff reserves the right to call undesignated rebuttal expert witnesses, whose testimony cannot reasonably be foreseen until the presentation of the evidence against the Plaintiff.

Plaintiff reserves the right to withdraw the designation of any expert and to aver positively that any such previously designated expert will not be called as a witness at trial, and to re-designate same as a consulting expert, who cannot be called by opposing counsel.

Plaintiff reserves the right to elicit any lay opinion testimony at the time of trial which would be truthful, which would be of benefit to the jury to determine material issues of fact, and which would not violate any existing Federal Rule of Civil Procedure or Federal Rule of Evidence. Specifically, Plaintiff reserves the right to elicit such testimony from persons with knowledge of relevant facts who have been identified in response to discovery propounded to Plaintiff.

Plaintiff reserves all additional rights he has with regard to experts pursuant to the Federal of Civil Procedure, the Federal Rules of Evidence, the case law construing same, and the rulings of the trial court.

A. The City’s practice and custom with respect to use of kinetic energy weapons on May 30, 2020 resulted in an unconstitutional deprivation of Plaintiff’s civil rights. 6	
B. The City’s training with respect to the use of kinetic energy weapons resulted in unconstitutional deprivation of civil rights.	10
V. Conclusion	13

I. Introduction

On May 30, 2020, the coronavirus death toll in the U.S. had just passed 100,000 people.¹ And the country was reeling from the murders of Breonna Taylor and George Floyd, as well as Michael Ramos in Austin, Texas. In pain and solidarity, Americans took to the streets in cities across the country to have their voices heard. In Austin, several protests were arranged. Instead of ensuring a safe environment for people to protest, police reacted by donning Kevlar helmets and deploying weapons. Overworked, inadequately trained, and understaffed, police officers resorted to violence and intimidation. The recipe for disaster was set. Instead of instilling calm, the police escalated the intensity.

Why? Despite its lip service to “community policing,” the Austin Police Department’s policies, training, and practices instructed its officers to fire modified Winchester shotguns containing “kinetic energy projectiles” at protesters. Videos of the May 30, 2020 protests are replete with the repeated sounds of the shotguns. News reports covered the devastation the shotguns caused. As evidenced by the photos below captured by Austin American Statesman photographers on May 30, 2020 showing protesters in t-shirts facing police,² the police response was disproportionate and militaristic.

¹ [The Coronavirus Pandemic: A Timeline - The New York Times \(nytimes.com\)](https://www.nytimes.com) (last visited 8/16/23).

² [June – 2020 – Collective Vision | Photoblog for the Austin American-Statesman](https://www.austinstatesman.com) (last visited August 16, 2023).

The people of Austin expressed serious concern at the behavior of their police department; they demanded accountability and change. The police met the people's outward expression of concern with shotguns, pepper spray, and violence that injured people. Tyree Talley is one of those people. On May 30, 2020, Austin police shot him twelve times with kinetic energy rounds, even after he fell to the ground and lay prone in the street. The shots impacted all over his body, including the groin. Austin police deliberately injured Tyree, and the City and its responsible officers must be accountable for the practices, training, and policies that led to its officers' excessive use of force and violation of Tyree's constitutional rights.

II. Facts

Austin police officers shot Plaintiff Tyree Talley twelve times all over his body—in his ear, arm, groin, and legs.³ Ex. 1, Talley Incident Video (COA 4620). They shot him without warning, without justification, and without issuing any orders that he could comply with. Officers stationed on the I-35 overpass shot down at the crowd, outside the protestors' line of vision. Tyree, who is deaf, was shot at from several unknown vantage points. He tossed a water bottle into the air after police injured his deaf friend, Modesto Rodriguez. In a retaliatory and punitive action, officers continued to shoot Tyree after he was on the ground in the fetal position trying to protect himself. Ex. 2, Talley Tr. 54:16-18.

Officers shot Tyree using modified shotguns containing kinetic energy projectiles (also referred to as bean bag rounds). Over time, the bean bag munitions can harden, resulting in a harder impact from an expired round and potentially exacerbating the resulting injury. This would help explain the severe injuries. Evidence suggests some of the rounds fired at Tyree may have been expired. Ex. 3, Manley Tr. 149:7-23, 155:3-9; Ex. 4, Solutions Memo (COA 4584-4587).

³ Defendants do not challenge these facts.

Austin police policy on May 30, 2020 led officers to shoot any protester who threw anything. The officers and the City on the fact that Tyree threw the plastic water bottle during the protest as justification for shooting him repeatedly. Ex. 5, Cantu-Harkless Tr. at 88:07-18. However, this was not an “assault” on anyone, much less police. The plastic bottle was thrown in a high arc that hit no one. The policy promoted targeting individuals with weapons as opposed to de-escalation and encouraged officers to shoot without considering the specific circumstances. Austin Police Department policymaker, Chief Brian Manley (now retired) knew officers were liberally shooting protesters, and he allowed it to continue for at least two days. Manley Tr. at 49:17-25, 190:23-191:03. He later defended the officers’ conduct and stated that their actions fell within policy, even though he was aware of the numerous injuries to citizens. Manley Tr. at 50:25-51:09; Ex. 6, Press Conference Excerpt (COA 40834).

The department also failed to properly train its officers using these shotguns. The only substantive training on firing the weapons is a hands-on training consisting of four opportunities to fire the weapon at the police academy (two shots each from two different distances— 20 feet and 40 feet). Ex. 7, Lesson Plan Excerpt at 2 (COA 3167). To continue to “qualify” with the weapons, officers annually fire the shotguns four times at designated distances, the longest being 40 feet. Ex. 7, Lesson Plan Excerpt at 3 (COA 3168). Importantly, the department does not order additional rounds for independent range training, meaning the officers get extremely limited experience firing these weapons without opportunity for further practice. Ex. 8, Munitions Order Notes (COA 4536-4538). Testimony from the City’s corporate representative confirmed same rounds circulate indefinitely until used without being taken out of circulation when expired. Greenwalt Transcript (forthcoming).⁴

⁴ Plaintiff was unable to acquire this transcript before today’s response deadline but will supplement as soon as it becomes available.

Training materials on the shotguns, which are only shown during the academy, include identification of preferred target areas, acceptable target areas, and target areas to avoid, unless deadly force is warranted due to their potential for serious injury or death. Ex. 7, Lesson Plan Excerpt at 2 (COA 3167). These areas are identified as zones, either green, yellow, and red, respectively, or 3, 2, and 1. *Id.* Notably, the officers here shot Tyree in multiple red zones (ear and groin). Ex. 7, Lesson Plan Excerpt at 2 (COA 3167).

III. Legal Standard

42 U.S.C Section 1983 provides an avenue for municipal liability when it is the policies or customs of the city, as opposed to independent employee actions, that deprive a plaintiff of his constitutional rights. *Monell v. Dep't of Soc. Services of City of New York*, 436 U.S. 658 (1978). A plaintiff bringing a *Monell* claim must prove: (1) an official policy or custom, of which (2) a policy maker can be charged with actual or constructive knowledge, and (3) a constitutional violation whose “moving force” is that policy or custom. *Jauch v. Choctaw Cnty.*, 874 F.3d 425, 435 (5th Cir. 2017).

To prevail on their motion for summary judgment, Defendants, as movants, must show that there is no genuine issue as to any material fact and they are entitled to judgment as a matter of law. *Eason v. Thaler*, 73 F.3d 1322, 1325 (5th Cir. 1996) (citing Fed. R. Civ. P. 56). “If the movant produces evidence tending to show that there is no genuine issue of material fact, the nonmovant must then direct the court’s attention to evidence in the record sufficient to establish the existence of a genuine issue of material fact for trial.” *Id.* (citing *Celotex Corp. v. Catrett*, 477 U.S. 317, 321–323 (1986)). In analyzing a motion for summary judgment, courts review the facts and draw all inferences in the light most favorable to the nonmovant. *Id.*

For the court to conclude that there are no genuine issues of material fact and grant a motion for summary judgment, the court “must be satisfied that *no reasonable trier of fact* could have

found for the non-movant[.]” *Cano v. State Farm Mut. Auto. Ins. Co.*, 425 F. Supp. 3d 779, 786-87 (W.D. Tex. 2019) (citing *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 248 (1986)) (emphasis added). Therefore, to defeat summary judgment, Plaintiff must only raise a genuine fact issue with regard to each element of his *Monell* claim.

IV. Argument & Authorities

A. The City’s practice and custom with respect to use of kinetic energy weapons on May 30, 2020 resulted in an unconstitutional deprivation of Plaintiff’s civil rights.

An official policy generally takes one of two forms:

- (1) A policy statement, ordinance, regulation, or decision that is officially adopted and promulgated by the municipality's lawmaking officers or by an official to whom the lawmakers have delegated policy-making authority; or
- (2) A persistent, widespread practice of city officials or employees, which, although not authorized by officially adopted and promulgated policy, is so common and well settled as to constitute a custom that fairly represents municipal policy.

Webster v. City of Houston, 735 F.2d 838, 841 (5th Cir. 1984); *see also Burge v. St. Tammany Par.*, 336 F.3d 363, 369 (5th Cir. 2003). The Austin police rely on their written policies to justify their actions in shooting Plaintiff. They point to General Order 206.5.3, titled “Examples of Circumstances Appropriate for Deployment,” which reads in pertinent part, “Examples include, but are not limited to, the following types of situations where the subject . . .(c) Is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers, creating a risk for injury.”

Officers must consider whether the specific circumstances warrant using a weapon against an individual rather than firing at someone simply because policy said they could. Ex. 9, Miller Tr. at 144:10-155:23; Ex. 10, Maloney Tr. at 99:6-13, 100:5-100:14. General Order 206.5.3 ignores the need for officer consideration of the specific circumstances by authorizing the use of kinetic energy weapons any time a “subject” is throwing “dangerous projectiles” in a way that

“create[es] a risk for injury.” This is the first problem. Without delineating the specific circumstances, the policy promotes constitutional excessive force violations. *E.g.*, *Deorle v. Rutherford*, 272 F.3d 1272, 1280 (9th Cir. 2001) (shooting plaintiff with kinetic energy projectile excessive under the circumstances); *Ciminillo v. Streicher*, 434 F.3d 461, 463 (6th Cir. 2006) (finding fact question as to whether shooting the plaintiff with a kinetic energy projectile during what both parties agreed was a riot was excessive under the circumstances).

Examples of the many important circumstances to consider are (1) whether the officer personally saw the subject throw something, and (2) when to stop shooting. In this case, at least one officer admits that sometimes other people called out who to shoot, and leaves open the possibility that he may have shot without witnessing a precipitating act. Ex. 11, Wright Tr. at 58:13-22; *see also* Ex. 12, Cherne Tr. at 118:4-7. And the absence of a “brake” on the policy leaves only a gas pedal— promoting and encouraging excessive uses of force, like officers shooting Tyree twelve times.

The second problem is how the Austin Police Department put General Order 206.5.3 into practice on May 30, 2020. Officers passed around the shotguns at will,⁵ uniformly shooting at anyone who threw anything, without regard to (1) whether the item was a “dangerous projectile” or (2) whether the item was *in the process of being* thrown or *had already been* thrown. Ex. 11, Wright Tr. at 40:2-20, 46:15-23; Ex. 13, Lynch Tr. at 39:22-40:08; Ex. 12, Cherne Tr. at 71:18-72:01. This practice of shooting anyone who threw anything was so pervasive on May 30, 2020, that it was undoubtedly Austin Police Department policy. *See Grandstaff v. Berger*, 767 F.2d 161, 171 (5th Cir. 1985) (“The evidence does prove repeated acts of abuse on this night, by several officers in several episodes, tending to prove a disposition to disregard human life and safety so

⁵ Several officers testified that they never “checked out a shotgun,” rather the shotguns were handed off to them. Ex. 12, Cherne Tr. at 78:14-23; Ex. 13, Lynch Tr. at 20:14-18, 28:22-29:06; Ex. 14, Hethershaw Tr. at 47:14-48:18.

prevalent as to be police policy or custom.”); *Backe v. City of Galveston, Tex.*, 2 F. Supp. 3d 988, 1001 (S.D. Tex. 2014) (finding conduct of 20 Galveston police officers on the night of the events in question created pattern sufficient to establish custom).

The custom was later ratified by the policymaker himself, the then Chief of Police Brian Manley. For example, Chief Manley told the press and the public the following on June 1, 2020:

Our response to resistance policy is very lengthy and it is on the public drive that you can go and look at it, but we do have specific considerations that have to be met for both the use of impact munitions and the use of any chemical agents to include CSS gas. And those criteria were met, uh, under the policy restrictions, uh, when they were used during this event, uh, again, having tragic outcomes in, in the few situations that we are aware of.

Ex. 6, Press Conference Excerpt; *See also* Ex. 3, Manley Tr. at 50:25-51:09.

As the Fifth Circuit held in *Grandstaff*, “the subsequent acceptance of dangerous recklessness by the policymaker tends to prove his preexisting disposition and policy.” 767 F.2d at 171. That the Austin Police Department steadfastly stands behind its officers’ shooting protesters like Plaintiff further evidences its ratification of the kinetic energy weapons practice in use on May 30, 2020. *Id.* at 171. The City admits to weapons not performing as expected and expresses sympathy for protesters who did not throw any item, but stands by its actions against people like Plaintiff, who officers targeted with excessive force for a minor action. *E.g.*, Ex. 6, Press Conference Excerpt; Ex. 3, Manley Tr. at 50:25-51:09; Greenwalt Transcript (forthcoming).

Plaintiff asserts that the kinetic energy weapons policy reflected in General Order 206.5.3 was unconstitutional on its face because it compelled officers to fire on an overbroad category of people, while lacking consideration of the specific circumstances in choosing whether to shoot, along with how many times or when to stop shooting. If the Court were to find the policy facially constitutional, however, Plaintiff’s *Monell* claim on this policy could still move forward upon a showing of deliberate indifference to its known or obvious consequences. *De Luna v. Hidalgo*

Cnty., Tex., 853 F. Supp. 2d 623, 641 (S.D. Tex. 2012); *Backe* 2 F. Supp. 3d at 998. “[T]his standard is an objective one; it considers not only what the policymaker actually knew, but what he should have known, given the facts and circumstances surrounding the official policy and its impact on the plaintiff’s rights.” *De Luna*, 853 F. Supp. at 641.

Chief Manley knew his officers were engaged in the practice of shooting people for throwing trash and other harmless items on May 30, 2020. He knew that the Austin police were causing severe injuries with kinetic energy weapons on May 30, 2020. He knew that officers were shooting peaceful protesters, and he knew of at least one severe head wound from a kinetic energy weapon Ex. 15, (COA 40034-40037). If he knew anything about constitutional excessive force law—which he should have—then he knew excessive force was being used. Chief Manley knowingly allowed these shootings to go on for at least two full days. (Manley Tr. at 49:17-25, 190:23-191:03.)

The Austin police policy to shoot anyone throwing anything, whether the officer observed it or not, is the driving reason, or moving force, behind why the police shot Plaintiff. They shot him, twelve times, for throwing a plastic water bottle, thereby violating his constitutional right to be free from excessive force. They also violated his First Amendment rights.⁶ Some policy changes have been made since May 30, 2020, further evidencing that change was needed. Ex. 16, Policy Redlines. But something does not add up. Policy changes have taken years. *Id.* The City has talked and talked publicly about limiting the use of these weapons, not using these weapons in crowds anymore, and only allowing SWAT to carry them. *See* Ex. 17, City Council Resolution No. 20200611-95. But on November 3, 2020, the police department *ordered an extra 10,000 bean bag*

⁶ For further discussion of why the officers’ conduct toward Plaintiff violated his constitutional rights, Plaintiff refers to and fully incorporates his Response to Defendants’ Combined Motion to Dismiss and in the alternative, Motion for Summary Judgment as to Claims Premised Upon Actions by John Doe(s). [filed contemporaneously with this response.]

rounds above and beyond what it needed for training purposes and which it had not ordered in prior years. Ex. 18, Munitions Order Table (COA 4539-4540).

B. The City’s training with respect to the use of kinetic energy weapons resulted in unconstitutional deprivation of civil rights.

To prevail on a failure to train theory, Plaintiff must establish “(1) that the municipality’s training procedures were inadequate, (2) that the municipality was deliberately indifferent in adopting its training policy, and (3) that the inadequate training policy directly caused the violations in question.” *Ybarra v. Davis*, 489 F.Supp.3d 624, 634 (W.D. Tex. Sept. 24, 2020). “Deliberate indifference” occurs when it is obvious that the likely consequence of the training failure will be a deprivation of constitutional rights. *Rhyne v. Henderson Cty.*, 973 F.2d 386, 392 (5th Cir. 1992). Plaintiff can show deliberate indifference in one of two ways: “(1) demonstrate a pattern of violations fairly similar to what ultimately transpired in the instant case, or (2) demonstrate that ‘single-incident’ liability exists because it was highly predictable that a constitutional violation would result from a particular failure to train.” *Dawes*, 2021 WL 1200229, at *4.

Single-incident liability exists here because it was highly predictable that excessive force violations would result from the City’s failure to train its officers to safely fire the kinetic energy shotguns. *Id.* at *4 (citing *City of Canton, Ohio v. Harris*, 489 U.S. 378, 390 n. 10 (1989)) (“[B]ecause it is obvious that a city must train police officers in the constitutional limitations on the use of deadly force, a failure to do so is deliberate indifference.”).

On May 30, 2020, the kinetic energy shotguns were mostly carried by “rookies” who had less experience with the weapons since they had fired them fewer times. Ex. 11, Wright Tr. at 25:16-24; Ex. 5, Cantu-Harkless Tr. at 15:04-12. None of the six officers deposed had ever fired one of these shotguns in an actual police response until the May 2020 protests, at least one of them

having been a police officer for almost ten years. Ex. 19, Alas Tr. at 16:14-17; Ex. 12, Cherne Tr. at 14:19-15:6; Ex. 13, Lynch Tr. at 45:10-16; Ex. 20, Cobaugh Tr. at 22:14-17; Ex. 14, Hethershaw Tr. at 33:15-34:01; Ex. 5, Cantu-Harkless Tr. at 58:22-25. They were ill-trained, ill-experienced and the pattern was pervasive.

To qualify to wield a shotgun loaded with kinetic energy projectiles, a cadet at Austin Police Academy shoots a target labeled with red, green, and yellow zones from two different distances: 40 feet and 20 feet. Ex. 7, Lesson Plan Excerpt at 3 (COA 3168). Although only a hit in the green area passes at 20 feet, from 40 feet away, both green and yellow hits pass. *Id.* The cadet needs only two passing hits at each target distance. After that, an officer need only fire four rounds per year under the same conditions (two passing hits at 20 and 40 feet) to continue to “qualify” on the weapon. Ex. 8 Munitions Order Notes (COA 4536-4538). *Four rounds.* While the City purchases extra ammunition for firearms so that its officers may engage in target practice, it purchases no extra rounds of kinetic energy munitions for officer practice. Ex. 8 Munitions Order Notes (COA 4536-4538). Further, some of the deposed officers had not fired the weapon since 2019 when the protests occurred; they skipped qualification in 2020 due to COVID. *E.g.*, Ex. 19, Alas Tr. at 17:05-18.

Given the low bar to achieve “qualification,” it is shocking to learn that the chief of police—whose job it was to ensure proper training—was not even qualified to use the weapon himself. Ex. 3, Manley Tr. at 32:13-25, 34:06-10. Nor did he review the investigation into this incident as part of his regular duties. According to the Henderson Declaration attached to Defendant City of Austin’s Motion for Summary Judgment (Dkt. No. 43) as Exhibit 1, the chief only reviews “level 1” uses of force, and the police department labeled this incident a “level 2.”

The Austin police officers' inadequate training is evident from their conduct May 30, 2020 and their lack of knowledge evidenced during their depositions. *The officers did not know which parts of the body fall into each color zone, even years after March 30, 2020.* They fail to distinguish yellow from green, and they are confused about what zones are red, *i.e.*, must be avoided unless deadly force is justified.⁷ Ex. 12, Cherne Tr. at 129:25-130:03, 132:22-24. Here, some of these same officers shot Plaintiff in the red zone twice (his ear and groin). Ex. 7, Lesson Plan Excerpt at 2 (COA 3167); Ex. 19, Alas Tr. at 122:10-15. In other words, *officers impacted him with deadly force.* Deadly force for what, by their own allegations, constituted a misdemeanor at most. They know neither the distance from which they were firing on May 30, 2020 nor the maximum effective distance of the rounds they were firing (75 feet). *Id.*; Ex. 13, Lynch Tr. at 43:03-13; Ex. 5, Cantu-Harkless Tr. at 30:21-31-23. Nor did they consistently know the effect of firing at an increased distance beyond the maximum. *E.g.*, Ex. 12, Cherne Tr. at 25:01-17.

In fact, the officers shot Talley from approximately 65 to 80 feet away, nearly double the maximum distance they trained (40 feet), and in some cases beyond the manufacturer's 75-foot maximum distance for the rounds. Ex. 21, Maloney Report at 5. Training police officers at closer distances is inadequate when those same police officers are directed to fire on people from much longer distances. They have no experience with the weapon's performance at those distances.

Further, the City does not train the officers to ensure the rounds they discharge have been safely maintained. Most police officers simply carry extra rounds in their pockets, exposing them not only to the ambient Texas heat, but without storing them in any kind of protective or preservative casing.

⁷ Because of the potential for severe or even deadly injury, a subject should only be impacted in a "red zone" if deadly force is justified. *Id.* at 1 (COA 3167). Green areas are preferred. Ex. 7, Lesson Plan Excerpt at 3 (COA 3168).

Actions taken and analysis conducted after the events of May 30, 2020 further evidence the training deficiencies. A presentation to the Special Response Team compiles “lessons learned,” and identifies the need for “more training,” and “better training.” Ex. 22, SRT Slide (COA 4026). The Office of Police Oversight published a report containing areas for improvement. Ex. 23, *Redefining Resistance and Considering Alternatives*, April 2021. The task force that reviewed the video footage of the protests also noticed the need for more and better training. Ex. 24, Review Task Force Final Report at 9. And the current Chief of Police, Joseph Chacon, released his After Action Report, more than two years after the protests, identifying numerous areas for improvement. Ex. 25, After Action Report.

Plaintiff has presented sufficient evidence to at least raise a fact issue as to inadequate training—the officers had limited experience with the weapons, they were ignorant of the appropriate target areas of the body, and they were inadequately trained on firing distance and effect. The police chief’s deliberate indifference is evidenced by his own ignorance of the weapons system, as well as the blatantly deficient training he had in place. This lack of training led Austin police officers to shoot Plaintiff in a “red zone” twice, and from an unsafe distance, both of which violated his right to be free from excessive force.

V. Conclusion

As the Fifth Circuit has held:

Peace officers stand at the front of law and the ordering processes of society. They restrain the violator, protect the compliant, and represent constituted authority in the scenes of both peace and turbulence of community life. We depend heavily upon their skill and disposition. They deserve and require the understanding and support of judges as well as of all citizens. Where any officer fails—whether for lack of courage, judgment, integrity, or humaneness—all the community suffers. We suffer because vested authority has failed to prevent some harm or because authority has been sullied and abused. With any abuse of authority the entire ordering process is weakened. The public trusts the entire process less, and antagonism to all figures of authority rises. No one should be more alert to the cost of failure than responsible law enforcement officers and we who work in the courts.

We must do what we can to avoid the failures, to prevent their reoccurrence, and—
at all times—stay true to the requisites of honesty and accountability imposed upon
all who are at once representative of the law and subject to it.

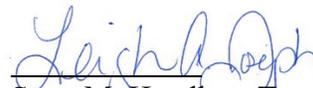

Grandstaff v. City of Borger, Tex., 767 F.2d 161, 166 (5th Cir. 1985).

The Court should deny Defendants' Motion and allow a jury to decide the fact issues based
on the evidence.

1. Legal standard for summary judgment.	9
2. Defendants are not entitled to summary judgment on Plaintiff’s First Amendment retaliation claim.	10
3. Genuine material fact issues prevent summary judgment on Plaintiff’s excessive force claim.	13
4. The officers are accountable for unreasonably shooting Tyree Talley twelve times and cannot shield themselves with qualified immunity.	19
5. Fact issues preclude summary judgment on Plaintiff’s ADA/RA claims.	22
C. Defendants’ arguments fail to dispose of Plaintiff’s negligence claim.	26
1. Plaintiff’s negligence claim is well-plead.	26
2. TTCA exclusions do not apply or at the very least contain fact questions for the jury.	27
IV. Conclusion	31

I. Introduction

On May 30, 2020, Tyree Talley joined a protest opposing police misconduct after George Floyd’s murder in Minneapolis and Mike Ramos’s murder in Austin. The protesters gathered outside of Austin’s police headquarters. Tyree, who is deaf, left the protest that day injured and bloody because of exactly the type of conduct he was there to protest—excessive force used by Austin police. Austin City police officers formed two lines of officers armed with modified 12-gauge shotguns, hemming in the protesters—one in front of police headquarters and another on the overpass above the protesters. The second “overpass” line hovered out-of-sight over the protestors, many of whom did not know of their presence. Austin City police officers from both

lines shot Tyree at least twelve times with bean bag munitions from those shotguns. He was impacted on areas throughout his body, including his genital area. The officers later attempted to justify this excessive use of force by claiming Tyree engaged in “riotous” behavior by throwing a plastic water bottle.

The photo below depicts a bystander coming to Tyree’s aid immediately after the shooting while officers stand elevated on the platform outside police headquarters holding shields. Despite his injuries, no officers attempted to come to Tyree’s aid or check on him, much less contact medical personnel, despite the fact they had moved into the crowd earlier without incident.

Plaintiff brings 42 U.S.C. Section 1983 First Amendment retaliation and Fourth Amendment excessive force claims against the officers and the City of Austin, as well as a claim against the defendants pursuant to the Americans with Disabilities Act (ADA), Pub. L. No. 101-336, 104 Stat. 328 (1990) and Rehabilitation Act (RA), Pub. L. No. 93-112, 87 Stat. 355 (1973), and a negligence claim against the City for its use of expired munitions.

II. Facts

Austin police officers shot Plaintiff Tyree Talley twelve times in the ear, arm, groin, buttock, hip, and legs with kinetic energy projectiles (bean bag rounds). The officer(s) continued to shoot Tyree even after he was on the ground in the fetal position trying to protect himself. Ex. 1. A fellow protester's cries echo after the senseless shooting— "You got him. You got him. You got him." Ex. 1. Ironically, along with hundreds of thousands of protesters around the world, Tyree was protesting police brutality.

This was not an isolated incident. Over the course of three days, Austin police recorded more than 700 separate incidents involving the use of these shotguns. Ex. 2, Manley Tr. at 105:5-11. Many of the incidents involved multiple shots, like this one. The police department fired so many bean bag rounds on May 30, 2020 that the next day they scrambled to rush order more and borrow from other agencies. Ex. 3 and 4, B. Manley Text Msg. (COA 40017, 40031).

Video footage from before the shooting shows protesters in summer clothes calmly milling around in front of police headquarters and police officers in face shields, armed with kinetic energy shotguns and chemical dispersing weapons. Ex. 5, LULAC Video Excerpt (Talley001524). It also shows Tyree Talley tossing a single plastic water bottle in a high arc in the general direction of the police. The bottle did not hit anyone, falling harmlessly to the pavement. *See* Ex. 6, Maloney Tr. at 111:4-7.

The video evidence does not show any attempt by Austin police to communicate with Tyree, verbally or otherwise. Officers gave no orders to Tyree, and they issued no warning to Tyree before shooting him. Ex. 1. Nor did officers approach Tyree after pelting him with bean bag rounds. *Id.* Tyree is deaf. While hearing people could not escape the "pop pop pop" sounds from the shotguns as police fired them throughout the day, Tyree could not hear it. And, even in light

of Austin's large deaf population, the City provided no communication aids or services for deaf individuals present that day. Ex. 7 (forthcoming), Greenwalt Transcript.¹

With protests happening around the country, the Austin Police Department was on notice protests were coming. The chief of police at the time, Brian Manley, had days to work with his team in preparation. Ex. 7 (forthcoming), Greenwalt Transcript. Instead of reviewing de-escalation techniques and other non-violent means of crowd control, they discussed ear plugs and vehicle placement. Ex. 8, B. Manley Text Msg. (COA 40010-40011). On May 30, 2020, Austin police officers arranged into two lines, one in front of police headquarters, and one on the I-35 overpass. Ex. 9, Alas Tr. at 90:3-7. This configuration hemmed in the protestors. Both lines of officers shot at Tyree. Ex. 10, Maloney Report at 5-6. The shots from the overpass rained down on him from at least 65 feet away. Ex. 10, Maloney Report at 5.

Evidence suggests the rounds used on Tyree may have expired. Ex. 2, Manley Tr. 149:7-23, 155:3-9; Ex. 11, Solutions Memo (COA 4584-4587). Over time, the munitions can harden, resulting in a harder impact from an expired round and potentially exacerbating the resulting injury, which might help explain the severity of Tyree's injuries. In addition to shooting him with potentially hardened rounds, officers shot him in prohibited areas of his body—areas designated to avoid unless the situation warrants deadly force. Ex. 12, Lesson Plan Excerpt at 2 (COA 3167). Evidence also suggests that the police department failed to prepare officers for the protests. When they shot Tyree, the officers had been in the Texas heat for hours, wearing long sleeves and extra equipment. Ex. 9, Alas Tr. at 76:4-21. Many of them had not planned to be there but were called in while off duty or transferred to the protest location. *E.g.*, Ex. 13, Wright Tr. at 16:1-20.

¹ Plaintiff was unable to acquire this transcript before today's response deadline but will supplement as soon as it becomes available.

III. Argument and Authorities

A. Defendants' Motion to Dismiss claims arising from the conduct of the officers should be denied.

The City's motion to dismiss claims premised upon the officers' conduct should fail because justice requires equitable tolling of the statute of limitations against the officers. As explained below, dismissing Plaintiff's claims against the officers based on strict application of statute of limitations and scheduling order deadlines would yield an inequitable result.² The doctrine of equitable tolling addresses this very issue. "The doctrine of equitable tolling preserves a plaintiff's claims when strict application of the statute of limitations would be inequitable." *Green v. Doe*, 260 Fed. Appx. 717, 719 (5th Cir. 2007) (quoting *Lambert v. United States*, 44 F.3d 296, 298 (5th Cir.1995)).

Since May 30, 2020 everyone has known that Austin police used the shotguns. What was unknown, and what Plaintiff spent much effort to discover, was which specific officers fired the rounds that injured Plaintiff. The officers knew if they fired the weapons. The City presumably knew (and definitely should have known) which officers were armed with the shotguns at the time Plaintiff was injured. And the City, as opposed to Plaintiff, has had unfettered access to interview officers, review video footage (including from officers' body worn cameras), and conduct and study internal investigations and reports. The City has an obligation to its people to determine which of its officers fired their weapons on the weekend of May 30-31, 2020, especially considering the large number of claims made against it by injured people.

²Plaintiff addresses the City's argument with respect to the Court's scheduling order deadlines in his separate Motion for Leave to File First Amended Complaint (fully incorporated herein), which he respectfully requests that the Court consider alongside Defendants' Motion.

But the City did not publish or reveal its conclusions regarding who shot Tyree until July 5, 2023, over three years after the event. Even more, the City’s efforts are questionable. The City did not hire a forensic consultant to review the video footage, nor attempt any reconstruction. Ex. 7 (forthcoming), Greenwalt Transcript. The City’s list of shooters is incomplete, as compared to the list compiled by Plaintiff’s forensic expert, Michael Maloney. The City’s claim of “we don’t know,” when it chose not to find the answer, is unquestionably unfair. This is precisely the type of case where equitable tolling is appropriate.

The City shirked its obligation to thoroughly investigate this incident, while Plaintiff expended substantial resources to figure out which officers shot him. Upon receiving body worn camera footage in September 2022 (more than two years after the incident took place), Plaintiff initiated a review of the videos to determine the shooters’ identities. When it became apparent that the video analysis would benefit from an expert eye, Plaintiff retained Mr. Maloney for that purpose. Maloney combed through voluminous video footage to determine the shooters’ identities, which he presented in his expert report dated May 4, 2023.

The expert report put Defendants on notice of who Plaintiff believed the shooters to be, and Plaintiff immediately asked for the depositions of those same officers. Defendants did not object to the depositions, but delayed in providing dates. Plaintiff’s counsel had to ask repeatedly over the course of several months to schedule the depositions. The last “shooter” deposition is currently set for August 22, 2022. In addition to delaying depositions, Defendants have yet to provide discovery on the training and background of the shooting officers, despite Plaintiff’s request.³

³Plaintiff served discovery related to what he believed to be the universe of potential shooters. Then Defendants—who have not been able to reliably identify all of the shooters themselves—argued the discovery was overly broad and too burdensome.

Despite having much less access to information than Defendants, Plaintiff diligently worked to identify the shooting officers with the resources he had. Plaintiff is entitled to equitable tolling of the May 30, 2022 statute of limitations because he diligently worked to identify the shooters, in the face of the City and Austin Police Department's dilatory efforts, despite having extensive information to draw from. Not only did Plaintiff diligently work to identify the shooters, but he started that work well before the expiration of the statute of limitations, which, according to the Fifth Circuit, is further justification for equitable tolling. *See Green*, 260 Fed. Appx. at 719-20 (finding that plaintiff filed complaint well in advance of the statute of limitations supported equitable tolling); *Heckford v. City of Pasadena*, No. 4:20-CV-4366, 2021 WL 2517405, at *2 (S.D. Tex. June 18, 2021) (applying equitable tolling to allow naming of Doe officers). Plaintiff filed his complaint on March 15, 2021, more than fourteen months before the two-year statute of limitations was set to expire on May 30, 2022. Not allowing Plaintiff to sue the officers now that he has identified them would effectively nullify the legitimate function of the "John Doe" process— "giving a plaintiff the opportunity to identify, through discovery, unknown defendants." *Green*, 260 Fed. Appx. at 719. It would also reward Defendant's delay and indifference.

"As a discretionary doctrine that turns on the facts and circumstances of a particular case," the Fifth Circuit has held, "equitable tolling does not lend itself to bright-line rules, but we draw on general principles to guide when equitable tolling is appropriate. We must be cautious not to apply the statute of limitations too harshly." *Fisher v. Johnson*, 174 F.3d 710, 713 (5th Cir.1999). In the interest of fairness and justice, Plaintiff is entitled to have his statute of limitations equitably tolled to allow substituting the shooting officers in place of the John Doe defendants.

B. Defendants Motion for Summary Judgment should be denied.

1. Legal standard for summary judgment.

As an alternative to dismissal, Defendants argue that they are entitled to summary judgment on several of Plaintiff's claims, including Plaintiff's First Amendment retaliation claim, Plaintiff's Fourth Amendment excessive force claim, and Plaintiff's claims under the ADA. Motion at 8-10.

To prevail on their motion for summary judgment, Defendants, as movants, must show that there is no genuine issue as to any material fact and they are entitled to judgment as a matter of law. *Eason v. Thaler*, 73 F.3d 1322, 1325 (5th Cir. 1996) (citing Fed. R. Civ. P. 56). "If the movant produces evidence tending to show that there is no genuine issue of material fact, the nonmovant must then direct the court's attention to evidence in the record sufficient to establish the existence of a genuine issue of material fact for trial." *Id.* (citing *Celotex Corp. v. Catrett*, 477 U.S. 317, 321–323 (1986)). In analyzing a motion for summary judgment, courts review the facts and draw all inferences in the light most favorable to the nonmovant. *Id.*

For the court to conclude that there are no genuine issues of material fact and grant a motion for summary judgment, the court "must be satisfied that *no reasonable trier of fact* could have found for the non-movant[.]" *Cano v. State Farm Mut. Auto. Ins. Co.*, 425 F. Supp. 3d 779, 786-87 (W.D. Tex. 2019) (citing *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 248 (1986)) (emphasis added). Mere conclusory allegations are not competent summary judgment evidence, and such allegations will neither win *nor defeat* a motion for summary judgment. *Id.* (emphasis added). In short, the defendants' burden is very high to prevail, and they must prove that there are no material fact questions.

2. Defendants are not entitled to summary judgment on Plaintiff's First Amendment retaliation claim.

Multiple material fact questions persist as to Plaintiff's First Amendment claim, and therefore, Defendants' motion for summary judgment as to this claim should be denied. Defendants fail to show that Plaintiff was not engaged in constitutionally protected activity as a matter of law. Defendants seem to recognize that for summary judgment to be appropriate on this issue, the evidence would need to conclusively establish that Plaintiff threw the bottle *at officers* with a *violent* intent. Defendants' post-hoc bald arguments that Plaintiff was engaged in an "act of violence" or a "riot" are insufficient. Defendants say that Plaintiff admits that he threw the bottle in the direction of officers. Motion at 8. This is not an admission that Plaintiff *violently* threw the bottle *at the officers*. There is no fact in the record proving Tyree's intent other than his own testimony that he did not throw the water bottle to injure anyone. Ex. 24, Talley Depo. Tr. at 13:4-8, 14:3-5, 50:23, 54:20. As discussed further below, whether Plaintiff's conduct was "riotous" is a material fact for the jury to decide. The officers' saying so simply does not make it so. What the facts do conclusively show, and defendants do not deny, is that Austin police shot Plaintiff twelve times on May 30, 2020.

Defendants rely on *Singleton v. Darby*, 609 Fed. Appx. 190 (5th Cir. 2015) to support their argument that Plaintiff was not engaging in constitutionally protected conduct when Austin police shot him. *Singleton* involved dissimilar conduct by protesters of the Keystone XL Pipeline. In *Singleton*, protesters blocked a Sheriff's Department truck from proceeding down the road on which they were demonstrating. *Singleton*, 609 Fed. Appx. at 192. The protesters banged on the truck door, jumped on the truck, and forced open the door. *Id.* Then, despite being told to leave the roadway, protesters, including Singleton, "nevertheless remained in or entered the road to prevent the" truck from moving forward. Officer Darby walked to those protesters, confronting

them directly, and asked them to leave. When they refused, he pepper-sprayed them, including Singleton. *Id.* at 192-93.

This case is not like *Singleton*. Plaintiff in this case was not obstructing traffic, nor was he ordered to disperse. He did not disobey any order from police officers. In fact, officers never gave him any orders to obey. He threw a plastic water bottle while he was participating in a protest. He did not throw the water bottle with an intent to riot or assault anyone, nor did it hit anyone. Ex. 24 at 13:4-8 and 14:3-5. Moreover, in *Singleton*, unlike in this case, the officer used a proportional, or reasonable, amount of force to achieve his end of clearing the road. He did not shoot Singleton twelve times with a shotgun while he lay prone in the fetal position.

This case is more like *Alsaada v. City of Columbus*, 536 F. Supp. 3d 216, 268 (S.D. Ohio 2021). In *Alsaada*, the district court granted a preliminary injunction in favor of the protesters and against the City. Regarding First Amendment protections, the plaintiffs in that case (who were protesting police brutality) acknowledged that, though the protests were passionate and some individuals “launch[ed] objects” at the police, they were largely peaceful. *Alsaada*, 536 F. Supp. 3d at 268-69. The court explained, “[T]he proper response to potential and actual violence is for the government to ensure an adequate police presence, and to arrest those who actually engage in such conduct, rather than to suppress legitimate First Amendment conduct as a prophylactic measure.” *Id.* (quoting *Collins v. Jordan*, 110 F.3d 1363, 1372 (9th Cir. 1996)).

Similarly, in *Berg v. County of Los Angeles*, No. CV 20-7870 DMG (PDX), 2021 WL 4691154, at *11 (C.D. Cal. May 28, 2021), the district court stated, “Less than deadly force that may lead to serious injury may be used only when a strong governmental interest warrants its use, and in such circumstances should be preceded by a warning, when feasible.” The court should consider “the availability of less intrusive alternatives and whether warnings were given.” *Id.* The

“most important factor is whether the individual injured by governmental force posed an immediate threat to the safety of the officers or others.” *Id.* (citing *S.B. v. Cnty. of San Diego*, 864 F.3d 1010, 1013 (9th Cir. 2017)). There was no warning here, and there was certainly no threat to the safety of officers or others.

The fact that Plaintiff threw a water bottle has not been established as “violence” as a matter of law that would preclude a finding that Plaintiff was engaging in protected conduct when he was shot. The bottom line is that a material fact question exists whether Plaintiff was engaged in constitutionally protected conduct when he was shot twelve times by Defendants.

Even considering the Defendants’ post-hoc excuse for shooting Talley twelve times, a material fact question persists as to whether Defendants acted primarily because he was engaged in constitutionally protected conduct, or primarily because he threw a water bottle. Plaintiff does not accept the latter as fact and puts the matter squarely in dispute. Each of the officers armed with a shotgun had the discretion to decide whether to shoot or not. Ex. 14, Hethershaw Tr. at 85:11-15. Some shot. Some did not shoot. And some shot multiple times.

The general attitude of many of the armed officers throughout the day on May 30, 2020 reflects frustration and animosity toward the protesters. Video evidence even suggests that at least one officer wanted to deploy chemical irritants on the entire group of protesters so that they would leave, and he could go home. Ex. 15, Cherne BWC Excerpt (COA 4588). This attitude present within the officers’ ranks raises a genuine material question of how the officers felt and their subjective motivations in shooting Plaintiff twelve times. That issue is for the jury, not the Court, to decide. The jury might well conclude that the officers’ conduct was retaliatory in nature—they were hot, tired and likely irritated. *See* Ex. 9, Alas Tr. At 76:4-21. Defendants’ motion for summary judgment with respect to Plaintiff’s First Amendment claim should be denied.

3. Genuine material fact issues prevent summary judgment on Plaintiff's excessive force claim.

It is undisputed that Plaintiff was injured from the impact of bean bag projectiles shot by Austin police officers. To defeat summary judgment on his excessive force claim, again, Plaintiff need only raise a genuine issue of material fact as to whether the force used by Austin police officers – shooting Plaintiff repeatedly with bean bag rounds – was unreasonable. *See Graham v. Connor*, 490 U.S. 386, 395, 109 S. Ct. 1865, 1871, 104 L. Ed. 2d 443 (1989) (holding that excessive force is analyzed under Fourth Amendment “reasonableness” standard). To evaluate whether an officer used unreasonable force, courts objectively review the facts and circumstances of each case, including (1) the severity of the crime at issue; (2) whether the plaintiff posed an immediate threat to the safety of the officers or others; and (3) whether the plaintiff was actively resisting arrest or attempting to evade arrest. *Id.* at 396.

There is a factual dispute as to whether a reasonable officer would think repeatedly shooting Plaintiff with “less lethal” rounds after he tossed a single plastic water bottle was reasonable force. Kinetic impact munitions like the bean bag rounds used by Austin police on May 30, 2020 can cause serious, even fatal injuries. Although less forceful than a firearm, kinetic impact weapons are high on the use of force continuum. *Deorle v. Rutherford*, 272 F.3d 1272, 1280 (9th Cir. 2001). Such force is “not to be deployed lightly.” *Id.* Indeed, courts have found uses of kinetic impact weapons to be excessive in several situations.

In *Deorle* (not a protest case), a police officer shot the plaintiff (known to be an emotionally disturbed individual) in the face with a kinetic weapon, without warning, when the plaintiff was walking toward him at a “steady gait.” *Id.* at 1275. Before he was shot, the plaintiff had been carrying an unloaded plastic crossbow, but he put it down when ordered to by the officers. *Id.* at 1276. However, he continued to carry a can or a bottle of lighter fluid as he approached the officer

who shot him. *Id.* at 1277. In the time leading up to the shooting, the plaintiff had not attempted to harm anyone or attempted to escape. *Id.* at 1282. The officer had a clear line of retreat and could easily have avoided a confrontation. *Id.* The court explained that determining whether the officer's use of force was objectively reasonable requires considering whether the degree of force used was necessary; in other words, was the degree of force used warranted by the governmental interests at stake. *Id.* The *Graham* factors identified above help to answer that question. *Id.* at 1280.

Based on the facts of *Deorle*, the first and third *Graham* factors easily weighed in the plaintiff's favor. Regarding the second *Graham* factor, the Ninth Circuit compared the large number of police officers present to the nature of the plaintiff's conduct, holding that walking in the officer's direction with a can or bottle in his hand was insufficient by any objective measure to justify the force deployed. *Id.* The court also emphasized the length of time the officer had to contemplate discharging the weapon before he did so, noting that use of force decisions are often "split-second" judgments. *Id.* at 1283.

The court considered both the time when the plaintiff started walking toward the officer, and when the officer arrived on the scene, some 30 minutes before. *Id.* Finding the officer had not engaged in split-second decision-making, the court gave an example of the type of incident that requires "split-second" decision-making: "a lone police officer suddenly confronted by a *dangerous armed felon* threatening immediate violence." *Id.* (emphasis added). The feasibility of and lack of a warning before the officer fired also weighed in favor of finding his action unreasonable. *Id.* at 1284. The court reversed the grant of summary judgment for the defendants on both excessive force and qualified immunity. This Court should follow suit by denying Defendants' Motion.

In *Ciminillo v. Streicher*, the Sixth Circuit reversed a grant of summary judgment in favor of the officer who shot the plaintiff with a bean bag propellant during what both parties agreed was a riot. 434 F.3d 461, 463 (6th Cir. 2006). What the plaintiff was doing when he was shot and what the officers did afterward were disputed facts, which the court viewed in the light most favorable to the plaintiff. *Id.* at 463-64.

In reviewing the first *Graham* factor, the court assumed based on the plaintiff's version of the facts that he was not engaged in a crime when he was shot. *Id.* at 467. The court recognized that a plaintiff having committed no crime clearly weighs against a finding of reasonableness. *Id.* The court again assumed the plaintiff's version of events when it evaluated the second *Graham* factor. *Id.* Based on the plaintiff's claim that he was approaching the officer slowly with his hands up when the officer shot him, the court found the second factor weighed in the plaintiff's favor, despite the officer's claim that the plaintiff had thrown something. *Id.* The fact that the incident took place during a riot did not render the officer's conduct reasonable. *Id.*

In *Nelson v. City of Davis*, officers responded to a massive party at U.C. Davis comprising approximately 1,000 people. 685 F.3d 867, 872 (9th Cir. 2012). Partygoers were parking illegally, engaging in underage drinking, rocking a car, and breaking bottles. *Id.* at 873. They overwhelmed a police vehicle—some even threw bottles at it—and officers were forced to abandon it. *Id.* Several officers then assembled in riot gear, some of whom were armed with pepper ball guns. *Id.* Plaintiff was with a group of students attempting to follow orders to disperse when he was shot in the eye with a pepper ball. *Id.* at 874. The court found that both the risk of harm and the actual harm to the plaintiff were significant and required justification with “substantial government interests.” *Id.* at 879.

In evaluating the first *Graham* factor, the court noted that at most, the plaintiff's conduct was a misdemeanor (trespassing), and considered it a minor infraction that would only justify minimal force, if any. *Id.* at 880. Recognizing that some partygoers were throwing bottles (presumably glass beer bottles) at officers, the court pointed out that, *even considering all the partygoers as a single entity*, the force used was not sufficiently justified. *Id.* at 883. Obviously, there are several factors here that make this case even easier to judge—namely that Plaintiff contests whether this was a “riot,” and he did not throw a glass bottle, nor did he (or the crowd) overwhelm police.

a. The first *Graham* factor weighs in Plaintiff's favor because Plaintiff was not committing a crime when he was shot repeatedly by Austin police.

It is undisputed that Plaintiff was never charged with a crime for anything that happened on May 30, 2020. There was no assault, or other charged felony or even misdemeanor offense. There is no evidence that the plastic water bottle hit anyone or threatened anyone with imminent bodily injury. *See* Tex. Penal Code §22.01. Defendants want to conveniently classify Plaintiff as a “rioter,” but have not established conclusively that Plaintiff violated Section 42.02 (or any other section) of the Texas Penal Code. To be convicted of “riot,” a person must have knowingly acted *with others assembled* to create an *immediate danger* of damage to property or injury to persons. *See Faulk v. State*, 608 S.W.2d 625, 632 (Tex. Crim. App. 1980) (approving jury charge that expressly included consideration of whether the alleged conduct occurred “while [] assembled and acting together” “in furtherance of the purpose of the assembly”); *Hirschi v. State*, 683 S.W.2d 415, 418 (Tex. Crim. App. 1984) (finding charge insufficient where it did not require the jury to find that the defendants “acted with those so assembled in creating an immediate danger.”) Were the Court to view the evidence in the light most favorable to the defendants, perhaps it could

determine that there was a “riot” and Plaintiff was a “rioter.” But the analysis turns in the opposite direction, and the Court must view the evidence in the light most favorable to Plaintiff.

Defendants have not proven that Plaintiff knowingly acted with others to create an immediate danger of injury to persons. As is obvious from the video footage of the incident, Plaintiff acted alone. Ex. 1. There was no coordinated conspiracy or riot. Officer testimony cannot establish that Plaintiff acted riotously—a term used loosely by officers in their post-hoc justification for shooting unarmed protestors—after shooting Talley, one of the officers shot a woman for acting “riotous” because she was spray-painting the sidewalk. Ex. 16, Cobough Tr. at 79:7-14. What is more, even if Defendants were to prevail in their position that Plaintiff’s conduct was riotous (which it was not), that would at most constitute a misdemeanor under the facts at hand. *See* Tex. Penal Code §42.02. Misdemeanor conduct, under the first *Graham* prong (“severity of the crime”) does not support the high level of force the officers used here.

Finally, Plaintiff was not shot while throwing the plastic bottle, as the evidence shows. Even though Plaintiff contends that throwing the bottle was not a crime, the evidence will show that he was not in the act of committing it when he was shot. Ex. 10, Maloney Report at 1. Any claim that officers shot Tyree for “officer safety” is belied by the fact that they continued to shoot him, repeatedly, after he was on the ground, another piece of evidence allowing the jury to conclude that officer shot him in a retaliatory and punitive fashion.

b. The second *Graham* factor weighs in Plaintiff’s favor because Plaintiff was not a threat to anyone when he was shot.

Plaintiff maintains that the facts show his conduct was not sufficiently threatening to anyone to justify the level of physical force used against him, and he has raised sufficient facts to create an issue for the jury. A plastic water bottle simply does not do enough damage to constitute a threat. Even if it did, Plaintiff did not have the reach to impact any police officers with the plastic

water bottle. They were at least 65 feet away from him. Ex. 10, Maloney Report at 5. While many of the officers now allege an undefined fear for their safety or the safety of others, there is no evidence to that effect at the time of the incident, which was recorded on no less than six different sources *See* Ex. 9, Alas Tr. at 128:11-15. Further, that type of subjective, self-serving testimony is not enough. *Deorle*, 272 F.3d at 1281. The officers' post-hoc insistence that it was reasonable to think Tyree might have something harmful, like a Molotov cocktail, is a disputed fact issue for the jury, who can assess the credibility of those claims.

Courts evaluate the objective evidence under the *Graham* test. The other protesters' response to Plaintiff wasn't to cower in fear of him and his water bottle. There is no statement or remark about anything remotely approaching "officer safety" on the videos.⁴ The other protesters largely ignored Plaintiff until they saw the officers' egregious conduct, at which point they came to his aid. Ex. 1.

The officers also knew to say that this was "split second" decision making. But even a cursory review the evidence reveals that the officers had plenty of time to decide they were going to shoot Talley and others, and made zero attempt to warn them before doing so.⁵ This was not a lone police officer suddenly confronted by a dangerous armed felon threatening immediate violence like the example given in *Deorle*. 272 F.3d at 1283. These officers were out there for hours, presumably thinking about how they would handle various types of conduct they might be faced with, like the throwing of objects. The Defendants have not presented a sufficient argument that no genuine issue of material fact exists as to the second *Graham* factor.

⁴ In fact, the officers' demeanor on these videos, for the most part, can be described as nonchalant and unconcerned, even amused.

⁵ This fact is especially troubling, given that Plaintiff is deaf, and the officers were shooting from a vantage point where he could not even see them or be aware of their presence. One can only imagine what he felt, being struck repeatedly by these bean bags from different angles.

c. The third *Graham* factor weighs in Plaintiff's favor because Plaintiff could not have been resisting or evading an arrest that was never attempted.

The third *Graham* factor is easily disposed of in Plaintiff's favor. Officers never attempted to arrest Plaintiff, so he could not have been resisting or evading an arrest. Ex. 13, Wright Tr. at 67:21-68:03. Notably, officers did arrest others that weekend; they arrested 56 people between May 29 and June 2, 2020 for "civil unrest-related offenses." Ex. 17 (COA 40835). Even more, Plaintiff did not flee the scene or make arrest infeasible or impossible. Ex. 24, 19:18-20.

The *Graham* factors support a finding that the officers' shooting Plaintiff numerous times was unreasonable under the Fourth Amendment and therefore excessive. But Plaintiff is not required to prove excessive force was used on him to defeat summary judgment. Plaintiff only needs to establish that there are genuine and material fact issues for the jury. There are many.

4. The officers are accountable for unreasonably shooting Tyree Talley twelve times and cannot shield themselves with qualified immunity.

a. Defendants' attempt to hide behind qualified immunity is too little, too late.

Qualified immunity balances the need to hold public officials accountable when they exercise power irresponsibly against the need to shield officials from harassment, distraction, and liability when they perform their duties reasonably. *Pearson v. Callahan*, 555 U.S. 223, 231 (2009). Questions of qualified immunity require the courts to analyze two factors: whether the plaintiff suffered violation of a constitutional right; and whether the right was "clearly established" at the time of the defendant's conduct. *Id.* at 232. It is within the Court's discretion to choose which factor it analyzes first. *Id.* at 236.

Defendants cite *Bernini v. City of St. Paul*, 665 F.3d 997 (8th Cir. 2012) in support of their argument that Plaintiff cannot meet his burden of establishing that the officers violated clearly established law. But *Bernini* is easily distinguished. In *Bernini*, the police conducted a mass arrest of a large group of protesters who had been marching together as a unit. *Id.* at 1002. Before the

mass arrest, many of the protesters refused to obey commands and marched toward the police in a line, despite audible orders to stop. *Id.* at 1004. Some of them wore gas masks and the group appeared to be preparing for a confrontation with the police. *Id.* at 1004. The plaintiffs complained about the mass arrest. *Id.* at 1003. They had either been detained at a park by police and released or taken into custody and released within 72 hours. *Id.* at 1002. The plaintiffs also complained that the officers' use of less-than-lethal weapons constituted excessive force, but there was no evidence in the record that any defendant directly used force against any plaintiff. *Id.* at 1006. The force was used to direct a non-compliant crowd. *Id.* No one was shot, like Talley here. Much less shot ten times while they were on the ground.

In the case at hand, the protesters were not disobeying the police—the police were not issuing any orders to them. Ex. 1. Talley was not wearing any protective gear and did not appear to be working with a group to prepare for a large-scale confrontation. He was not arrested or handcuffed. Officers shot him from a distance repeatedly with bean bag rounds. Ex. 1. What happened to Plaintiff is not what happened to the plaintiffs in *Bernini*, and the case is distinguishable.

In determining whether the officer violated a clearly established right, the Court considers reasonableness, but the evaluation is not a reiteration of the *Graham* test. *See Deorle v. Rutherford*, 272 F.3d 1272, 1285 (9th Cir. 2001). For this analysis, the Court must determine whether, viewing the facts in the light most favorable to the plaintiff, the officer made a “reasonable mistake as to the legality of his actions.” *Id.* at 1285-86 (quoting *Saucier v. Katz*, 533 U.S. 194 (2001) (cleaned up)). In other words, “whether it would be clear to a reasonable officer that his conduct was unlawful in the situation he confronted.” *Id.* at 1285 (quoting *Katz*, 533 U.S. at 195). In *Deorle* (discussed above), the court answered that question in the affirmative on the facts before it. *Id.* at

1285-1286. Even in the absence of direct precedent involving kinetic impact weapons, the court held, the law was clearly established, and it was “by no means a borderline case.” *Id.* The City of Austin includes a slide devoted to *Deorle* in its training materials. Ex. 18, Training Slide (COA 4043).

In *Ciminillo* (discussed above) the court reversed the grant of summary judgment in favor of qualified immunity for the officer. 434 F.3d at 461. The court held that “it was clearly established law in [the Sixth] Circuit at the time of the underlying events that individuals have a right not to be shot unless they are perceived as posing a threat to officers or others.” *Id.* The court referenced another case, *Adams v. Metiva*, where it held that summary judgment was inappropriate for an excessive-force claim against police for using pepper spray when it remained disputed whether the plaintiff had committed a crime, whether he posted a threat, and whether he was resisting arrest. *Id.* (citing *Adams v. Metiva*, 31 F.3d 375, 385 (6th Cir. 1994)).

Not every excessive force case winds its way through the court system, providing an identical set of facts. Like the plaintiff in *Deorle*, Plaintiff cannot point to “a prior case prohibiting the use of this specific type of force in precisely the circumstances here involved.” *Id.* at 1285. But cases from federal circuit courts like *Deorle* and *Ciminillo* are close enough to put a reasonable officer on notice that the conduct here—shooting Plaintiff multiple times *after* he threw an innocuous object—was a violation of his constitutional rights.

b. Qualified immunity for Section 1983 claims was born of mistake and should no longer be an available avenue for avoiding responsibility.

Justice Willett recently explained in his concurrence in *Rogers v. Jarrett*, No. 21-20200 (5th Cir. Mar. 30, 2023), that qualified immunity is flawed because it rests on a mistake. *Id.* (citing Alexander A. Reinert, *Qualified Immunity's Flawed Foundation*, 111 CAL. L. REV. 201 (2023)).

Qualified immunity has always been without basis based on the plain text of Section 1983 as passed.

The original text of what is now Section 1983 contains a clause explicitly negating background immunity. It made state actors liable for constitutional violations “any such law, statute, ordinance, regulation, custom, or usage of the state to the contrary notwithstanding.” 17 Stat. 13, § 1 (1871) (quoted portion, omitted from the U.S.C., referred to as the “Notwithstanding Clause”). By simple accident, this Notwithstanding Clause was omitted when the law was codified in the first Revised Statutes. R.S. § 1979.

Unwittingly, the Supreme Court based its original qualified immunity decision on the mistaken, codified version of the law. Unaware of the omitted Notwithstanding Clause, the Supreme Court reasoned that, had the Congress that passed what is now Section 1983 wished to do away with the common law immunity doctrines then available to state officials, it would have said so explicitly. *Pierson v. Ray*, 386 U.S. 547, 554-56 (1967). Because Congress hadn’t explicitly negated background law, the Supreme Court reasoned, those background principles still applied.

But Congress did explicitly negate background law, and now that this mistake has been discovered, it must be rectified. While recognizing that qualified immunity is widely accepted without inspection or question, Plaintiff nonetheless asks the Court to hold that qualified immunity defenses are barred by the plain language of the Notwithstanding Clause of the 1871 Civil Rights Act, which has never been repealed or amended. Alternatively, if the Court finds itself bound by precedent to reject this analysis, Plaintiff preserves for appeal the issue that the cases applying qualified immunity defenses to Section 1983 actions were wrongly decided and must be overruled.

5. Fact issues preclude summary judgment on Plaintiff’s ADA/RA claims.

Defendants’ motion for summary judgment fails to sidestep genuine disputes of material fact with respect to Plaintiff’s ADA/RA claim. For example, none of the following assertions from

Defendants' motion have been proven as a matter of law—all are questions of fact—to which genuine disputes exist:

a. “[I]t is clear that the bean bag munitions deployed by the unnamed officers were objectively reasonable.”

The City argues, “[I]t is clear that the bean bag munitions deployed by the unnamed officers were objectively reasonable.” Motion at 15. Plaintiff strongly disagrees. The *Deorle* court held that the use of bean bag munitions there “was excessive” and “the defense of qualified immunity [was] unavailing.” *Deorle*, 272 F.3d at 1286. Here, too, as described in section B.2 above, shooting a non-violent Plaintiff twelve times with less-lethal munitions is not “reasonable;” it is excessive force. In the Fifth Circuit, whether Defendants’ actions and omissions in responding to Plaintiff were “objectively reasonable” is a fact question for the jury. *See, e.g. Jacobson v. City of N. Richland Hills*, No. 4:04-CV-421-Y, 2006 WL 1317014, at *5 (N.D. Tex. May 15, 2006) (stating that the fact finder will ultimately conclude whether force was excessive or reasonable); *Mitchell v. Cervantes*, No. 3:10-CV-0030-K-BH, 2010 WL 4628003, at *7 (N.D. Tex. Oct. 12, 2010), *report and recommendation adopted*, No. 3:10-CV-0030-K, 2010 WL 4627728 (N.D. Tex. Nov. 2, 2010), *aff’d*, 453 F. App’x 475 (5th Cir. 2011) (noting that with regard to police official’s use of force that “Under Plaintiff’s version of the facts, a fact-finder could find that the officers’ actions were not objectively reasonable[.]”). There remains a genuine question of material fact with respect to the reasonableness of force used in this case—accordingly, summary judgment is not appropriate at this stage.

b. “This incident occurred on a public street during a riot[.]”

The City argues, “This incident occurred on a public street during a riot[.]” Motion at 15. Plaintiff disagrees, as discussed above in section B.3. No facts have established that Plaintiff was shot during a “riot,” as that term is defined in the Texas Penal Code. Anyone viewing even a

portion of the videos would disagree. Ex. 5, LULAC Video Excerpt (Talley001524). The police Special Response Team did not respond according to their training for riot situations. They did not contain and arrest Talley, which they could have done using an arrest team according to their riot training protocol. Ex. 19, SRT Training (4166-4170, 4111). Council Member Leslie Pool reflected, “I was actually surprised (and grateful) it wasn’t worse to be honest.” Ex. 20, L. Pool Text Msg. (COA 40411). There remains a genuine question of material fact as to whether the protest in this case was a “riot.” Accordingly, summary judgment is not appropriate.

c. “The decision to stop the Plaintiff was obviously made for the safety of those at the scene.”

The City argues, “The decision to stop the Plaintiff was obviously made for the safety of those at the scene.” Motion at 15. Plaintiff disagrees and puts this claim squarely into dispute. First, Defendants use of the word “stop” is misplaced—officers did not “merely “stop” Tyree, they shot him numerous times and seriously injured him. Whether Defendants violently attacked or retaliated against Plaintiff “for the safety of the scene” is a fact question for the jury. *See supra*. Law enforcement “code words” and empty verbiage do not enjoy any presumption of validity or accuracy. A reasonable jury could find that Plaintiff was shot out of retaliatory animus, a misunderstanding of his disability, a desire to punish, or an impulse to make an example of him to the other protesters. There remains a genuine question of material fact as to why Defendants shot Talley, and as the Plaintiff here there is no requirement that he accede to or accept the defendants’ post-hoc opinions or justifications. Accordingly, summary judgment is not appropriate.

d. “It is clear that the limited use of force was not by reason of Plaintiff’s alleged disability, but only in response to his objectively verifiable criminal misconduct.”

The City further argues that “It is clear that the limited^[6] use of force was not by reason of Plaintiff’s alleged disability, but only in response to his objectively verifiable criminal misconduct.” Again, Plaintiff disagrees, and this is a material fact in dispute. The officers intentionally shot Plaintiff, but whether they intentionally discriminated against him due to his disability is arguable. It is not clear that he was not singled out due to his disability. Plaintiff and the deaf companion he attended the protest with were both shot by police. *See Rodriguez v. City of Austin, et.al*, No. 1:21-cv-01087-RP (also pending before this Court). There remains a genuine question of material fact as to why Defendants shot Plaintiff and whether it was motivated by his disability. Accordingly, summary judgment is not appropriate.

There is also a genuine issue of material fact as to whether the ADA required the City to provide communication aids and services. [I]f an event is hosted by an organization that is considered a place of public accommodation pursuant to the ADA and/or receives federal funding making it subject to Section 504 of the Rehabilitation Act of 1973, then the organization and its events are mandated by these laws to be accessible including for deaf and hard of hearing people. *Position Statement on Communication Access at Marches and Protests*, NAT’L ASS’N OF THE DEAF, <https://www.nad.org/position-statement-on-communication-access-at-marches-and-protests/> (last visited Aug. 9, 2023).

Plaintiff asserts that Defendants were required under the ADA to provide communication aids and services and should have arranged for the presence of communication aids and services *before* the protest. Plaintiff should not be blamed for the fact that Defendants allowed the scene to

⁶ The excessive use of force was only “limited” in the sense that it was not deadly, a short shift on the use of force continuum.

become what they term an “exigent” and/or “emergency” situation before they had discharged their responsibilities under the ADA. Failing to prepare until an emergency arises should not be a means to escape liability under the ADA. Moreover, depending on the type of protest this was, and whether it was planned, Defendants may have had non-negotiable duties under the ADA to make the event accessible to those with hearing disabilities. The City knew in advance that the protest was coming. Ex. 21, S. Cronk Text Msg (COA 40555); Ex. 22 B. Manley Text Msg.(COA 40024); Ex. 7 (forthcoming), Greenwalt Transcript. Defendants’ failure to meet these duties may establish that Defendants intentionally violated the ADA by not making the required accommodations. Defendants’ motion for summary judgment regarding Plaintiff’s ADA claims should be denied.

C. Defendants’ arguments fail to dispose of Plaintiff’s negligence claim.

1. Plaintiff’s negligence claim is well-plead.

“The standard for Rule 12(c) motions for judgment on the pleadings is identical to the standard for Rule 12(b)(6) motions to dismiss for failure to state a claim.” *Waller v. Hanlon*, 922 F.3d 590, 599 (5th Cir. 2019). In the Fifth Circuit, such motions “are viewed with disfavor and are rarely granted.” *Lormand v. U.S. Unwired, Inc.*, 565 F.3d 228, 231 (5th Cir. 2009) (quoting *Test Masters Educ. Servs., Inc. v. Singh*, 428 F.3d 559, 570 (5th Cir. 2005)); see also *Turner v. Pleasant*, 663 F.3d 770, 775 (5th Cir. 2011). A court evaluating a motion to dismiss must take the plaintiff’s allegations as true and construe the facts in the light most favorable to the plaintiff. *Alexander v. Verizon Wireless Servs., L.L.C.*, 875 F.3d 243, 249 (5th Cir. 2017).

Defendants move to dismiss Plaintiff’s claim that the City negligently exacerbated Plaintiff’s injuries by using expired munitions. Defendants ask the Court to dismiss the claim, asserting that the Complaint “is devoid of any factual allegations that, if true, would entitle Plaintiff to relief.” Motion at 17. This is simply not the case.

Plaintiff's Complaint includes the following allegations that plausibly state a claim for the City's negligence:

- “Upon information and belief, the City armed its police on May 30 with expired munitions which had hardened over time and thus caused more severe injuries than munitions used within the manufacturers’ recommended time frames.” Compl. ¶24.
- “The City had a duty to every Austinite, including Tyree, to maintain and keep its stockpiles of police equipment functional and up to date. The City had a duty to Tyree and every other protester not to arm its police with expired munitions that become more dangerous with age when its police were sent to control crowds during demonstrations.” Compl. ¶47.
- “Upon information and belief, Tyree’s injuries were more serious because the projectile was expired and had hardened.” Compl. ¶48.

These allegations state a plausible claim for negligence. Plaintiff has also included additional details in the First Amended Complaint attached to his Motion for Leave to File First Amended Complaint and filed concurrently with this Response.

2. TTCA exclusions do not apply or at the very least contain fact questions for the jury.

The Texas Tort Claims Act (TTCA) places limits on governmental immunity by identifying circumstances allowing for tort claims, along with certain exclusions. Tex. Civ. Prac. & Rem. Code §101, et seq. The City claims immunity under TTCA exclusions, but those arguments fail to dispose of Plaintiff's negligence claim because a myriad of fact issues exist as to whether the claimed exclusions apply.

Section 101.055 of the TTCA excludes claims arising “from the action of an employee while responding to an emergency call or reacting to an emergency situation if the action is in compliance with the laws and ordinances applicable to emergency action, or in the absence of such a law or ordinance, if the action is not taken with conscious indifference or reckless disregard for the safety of others.” Tex. Civ. Prac. & Rem. Code §101.055. Whether the police protest response was a “reaction to an emergency situation” is a fact question central to a determination of whether Section 101.055 applies.

Over the course of the day, Chief Manley had time to consult and plan various non-emergent things, including officer ear protection and vehicle placement for the next day. Ex. 7, B. Manley Text Msg. (COA 40010-40011). Even more, the Austin Police Department did not make use of all available resources. Juan Ortiz, director of the Austin Office of Homeland Security and Emergency Management, had “folks standing by if it is needed” on the night of May 30, 2020. Ex. 23, B. Manley Text Msg. (COA 40026).

Defendants do not present any evidence in their Motion to support their apparent assumption that the protest response constituted an “emergency.” This evidence would be readily available and widely known to Defendants, such as the COVID-19 measures put into effect around the country in 2020. The absence of any such ordinance or order is telling. There was no such “emergency situation” that would protect Defendants here.

In fact, the City’s corporate representative testified that the Austin Regional Intelligence Center (ARIC) should have had days’ advance knowledge of the likely protest situation. Ex. 7 (forthcoming), Greenwalt Transcript. He was not able to flesh out the details of that group’s knowledge or of the protest planning, despite his claim that he was prepared to testify in response to all topics on his deposition notice. Ex. 7 (forthcoming), Greenwalt Transcript. The jury is entitled to know the facts surrounding the City’s planned response and must determine based on those facts whether the situation rose to the level of “emergency.”

Section 101.057(1) of the TTCA excludes claims “based on injury . . . connected with any act or omission arising out of civil disobedience, riot, insurrection, or rebellion[.]” Tex. Civ. Prac. & Rem. Code §101.057(1). Again, application of this Section turns on a genuine issue of material fact—was Plaintiff injured connected with an act arising out of civil disobedience, riot, insurrection, or rebellion? No one alleges any insurrection or rebellion anywhere. And, as

discussed above, while the defendants may argue Plaintiff's conduct was "riotous," they have not presented conclusive facts to that end. Simply calling Talley a "rioter" and labelling the protestors milling around the police station a "riot," does not make it so. The jury is not instructed to accept such conclusions as true or give them any presumption of validity. Neither should this Court. Plaintiff has raised multiple genuine and material fact questions for the jury.

Nor does Section 101.057(2) apply to Plaintiff's claim that the City negligently armed its officers with expired munitions. While it is true that a plaintiff cannot circumvent the intentional tort exception by couching their claim in terms of negligence, that is not the case here. In their discussion of this issue, Defendants fail to recognize important and significant differences between the cases they rely on and the present case.

In the line of cases relied on by Defendants, the plaintiffs are attempting to reframe intentional conduct as negligence. In *Harris County Texas v. Cabazos*, cited by Defendants, the plaintiff tried to reframe the officer's intentional conduct – shooting and arresting the plaintiff – as negligence. 177 S.W.3d 105, 108-111 (Tex. App.—Houston [1st Dist.] 2005, no pet.) The "intentional act" exclusion to the TTCA applied there because the tortfeasor (the officer who shot and arrested the plaintiff) was the governmental employee whose conduct was the subject of the complaint.⁷ *Id.* at 111. In describing the standard of review for this issue, the *Cabazos* court recognized:

⁷ This was also the case in the other cases cited by Defendants. *Texas Department of Public Safety v. Petta*, 44 S.W.3d 575, 580 (Tex. 2001) (alleged negligence was officer's conduct in continuing to pursue plaintiff and shooting at her); *City of Laredo v. Nuno*, 94 S.W.3d 786, 789 (Tex.App.-San Antonio 2002, no pet.) (alleged negligence was officer's failure to properly apply handcuffs and place plaintiff in vehicle and failure to follow police procedure); *Tarrant County Hosp. Dist. v. Henry*, 52 S.W.3d 434, 450 (Tex.App.-Fort Worth 2001, no pet.) (complaining of intentional acts by rapist leading up to the rape); *Medrano v. City of Pearsall*, 989 S.W.2d 141, 144 (Tex.App.-San Antonio 1999, no pet.) (lacking specific factual allegations and only generally alleging negligent supervision-type claims); *Huong v. City of Port Arthur*, 961 F.Supp.1003, 1008–09 (E.D.Tex.1997) (rejecting attempt to reframe intentional tort of shooting as negligence); *City of Watauga v. Gordon*, 434 S.W.3d 586, 589 (Tex. 2014) (officer's conduct did not appear to amount to an intentional tort and a fact issue remained as to whether the conduct was negligent).

Although a governmental unit is immune from claims arising out of intentional torts, an injured party may still pursue a separate negligence claim arising out of the same facts. *Young v. City of Dimmitt*, 787 S.W.2d 50, 51 (Tex.1990) (“Although a governmental unit is immune from claims arising out of intentional torts, petitioners’ negligent employment and entrustment claims arise out of the alleged negligence of the city employees supervising the officer, not out of the officer's intentional tort.”) (citations omitted).

Cabazos, 177 S.W.3d 105 at 109.

The *Cabazos* court’s discussion of *Delaney v. Univ. of Houston*, 835 S.W.2d 56, 60 (Tex.1992) is instructive.

In *Delaney*, the Texas Supreme Court held that a negligence action by a rape victim against a public university was not barred by sovereign immunity where the plaintiff’s cause of action was based on the university’s alleged failure to provide her a secure residence and to fix a broken lock. *Id.* The supreme court noted that section 101.057(2) of the TTCA precludes the extension of the TTCA’s waiver of immunity to claims “arising out of assault, battery, false imprisonment, or any other intentional tort.” *Id.* at 59. ***However, it stated that the phrase “arising out of” in section 101.057(2) requires a certain nexus for the provision to apply; that nexus is between the claim and an intentional tort, and the intentional tortfeasor must be the governmental employee whose conduct is the subject of complaint.*** *Id.* In that case, the intentional tortfeasor, the rapist, was not the governmental employee whose conduct was the subject of *Delaney*’s claims against the university. ***Distinct negligence claims that focus on the actions of the governmental defendant are not barred.*** *Id.*

Cabazos, 177 S.W.3d at 111 (emphasis added).

At first blush, the present case may appear to be more akin to the *Cabazos* facts than those in *Delaney*. But a critical analysis reveals the contrary. In *Delaney*, the conduct at issue in the negligence action was not the rape itself; it was the failure to fix the plaintiff’s broken lock. The intentional tortfeasor (the rapist) was not the governmental employee whose conduct was the subject of the negligence complaint. Although arising out of the same facts, the conduct was distinct. Such is the case here.

The conduct at issue here in Plaintiff’s negligence claim is the City’s failure to ensure that expired munitions were taken out of circulation within the department. No one who has been deposed in this case (shooting officers included) claims responsibility for overseeing the quality

of the munitions and making sure they were not expired. In fact, the City's corporate representative could not even testify with certainty whose responsibility that was. Ex. 7 (forthcoming), Greenwalt Transcript. Plaintiff's negligence claim relates to distinct conduct by a different individual. Defendants' failure to understand the law should not cause the Court to incorrectly dismiss Plaintiff's claim. The TTCA does not prohibit or exclude Plaintiff's negligence claim from going forward.

IV. Conclusion

For the reasons stated above, the Court should deny Defendants' Motion in full.

Case No. 1:21-cv-249-RP

**SUPPLEMENT PROVIDING EXHIBIT 26 TO PLAINTIFFS’ RESPONSE TO
DEFENDANT CITY OF AUSTIN’S MOTION FOR SUMMARY JUDGMENT**

When Plaintiff filed his Response to Defendant City of Austin’s Motion for Summary Judgment (Filed under seal at Dkt. No. 55), the deposition transcript of Jeffrey Greenwalt, the City of Austin’s corporate representative, was not yet available. Accordingly, in his Response, Plaintiff referenced deposition testimony of Assistant Chief Greenwalt as “forthcoming.” Plaintiff hereby submits Exhibit 26, the Greenwalt Deposition Transcript, and provides specific references to the portions cited below:

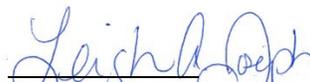

Response Location	Text	Cite to Ex. 26
P4	Testimony from the City’s corporate representative confirmed same rounds circulate indefinitely until used without being taken out of circulation when expired.	37:02-23
P8	The City admits to weapons not performing as expected and expresses sympathy for protesters who did not throw any item, but stands by its actions against people like Plaintiff, who officers targeted with excessive force for a minor action.	26:09-15; 128:03-07, 09-19; 129:16-20, 22-130:05

Plaintiff respectfully requests that the Court consider this Supplement, along with Exhibit 26, and, for the reasons stated within Plaintiff's Response, deny Defendants' Motion in full.

ORAL AND VIDEOTAPED DEPOSITION OF
ASSISTANT CHIEF JEFFREY GREENWALT
AUGUST 2, 2023

ORAL AND VIDEOTAPED DEPOSITION OF
ASSISTANT CHIEF JEFFREY GREENWALT, PRODUCED AS A WITNESS
AT THE INSTANCE OF THE PLAINTIFFS, WAS TAKEN IN THE
ABOVE-STYLED AND -NUMBERED CAUSE ON THE 2ND DAY OF
AUGUST, 2023, FROM 9:07 A.M. TO 1:26 P.M., BEFORE
KAREN GONZALEZ, COMMISSIONED NOTARY, IN AND FOR THE
STATE OF TEXAS, REPORTED BY MACHINE SHORTHAND, REMOTELY
FROM DALLAS COUNTY, TEXAS, PURSUANT TO THE TEXAS RULES
OF CIVIL PROCEDURE, THE TEXAS SUPREME COURT EMERGENCY
ORDER REGARDING THE COVID-19 STATE OF DISASTER AND THE
PROVISIONS STATED ON THE RECORD OR ATTACHED HERETO.

1 A. YES, MA'AM.

2 Q. AND THE BEANBAG ROUNDS THAT IMPACTED TYREE
3 TALLEY, WERE FIRED BY APD OFFICERS?

4 A. THAT'S CORRECT.

5 Q. AND I DON'T THINK THIS IS NECESSARY, BUT JUST FOR
6 THE RECORD, WHEN I SAY APD WE BOTH UNDERSTAND THAT I
7 MEAN AUSTIN POLICE DEPARTMENT?

8 A. UNDERSTOOD.

9 Q. OKAY. APD OFFICERS WERE FOLLOWING ORDERS WHEN
10 THEY SHOT TYREE TALLEY?

11 A. THEY WERE FOLLOWING THEIR TRAINING, I DON'T KNOW
12 THAT THEY WERE ORDERED TO NECESSARILY SHOOT SOMEBODY ON
13 THE SPOT, BUT THE POLICY THAT THEY -- THAT THEY WERE
14 GOVERNED BY AND THE TRAINING THAT THEY RECEIVED WAS HOW
15 THEY MADE THEIR DECISIONS THAT DAY.

16 Q. TYREE TALLEY WAS IMPACTED TWELVE TIMES BY BEANBAG
17 ROUNDS.

18 A. IS THAT A QUESTION?

19 Q. YES.

20 A. I SAW A LOT OF BRUISES ON HIM, I DIDN'T COUNT
21 THEM, SO I COULDN'T TELL YOU HOW MANY TIMES HE WAS -- IT
22 WAS NUMEROUS, I'LL TELL YOU THAT.

23 Q. OKAY. AND TYREE TALLEY WAS INJURED?

24 A. CORRECT.

25 Q. OKAY. GO THROUGH THOSE SAME BASIC QUESTIONS WITH

1 THE RIOT AND PROTESTS OR BEFOREHAND?

2 Q. BEFOREHAND?

3 A. SO, JUST OUT OF EASE OF TRANSPORT THEY WOULD BE
4 SENT TO THE SUBSTATIONS IN THE BOX, AND THEN THE
5 PROPERTY CONTROL OFFICER, OR TECHNICIAN THIS IS A
6 CIVILIAN, WHO HANDS OUT THE PROPERTY IN ORDER TO PREPARE
7 THE EQUIPMENT, THEY WOULD TAKE IT OUT OF THE BOX --

8 Q. UH-HUH.

9 A. -- RUBBER BAND IT, AND GET IT READY. AND THEN AT
10 THE END OF THE DAY, WHEN THE OFFICER IS DONE THEY HAND
11 THE AMMUNITION BACK IN THE SAME FORMAT, AND THEY GIVE IT
12 TO THE NEXT OFFICER. SO YOU MAY HAVE THE SAME FIVE
13 AMMUNITIONS BE HANDED OUT, CHECKED OUT AND TURNED BACK
14 IN DOZENS, AND DOZENS, OF TIMES.

15 Q. UH-HUH.

16 A. AND THE BOX --

17 Q. OKAY --

18 A. -- AND THE BOX IS LONG GONE. SORRY TO INTERRUPT
19 YOU, BUT THE INITIAL BOX IT CAME IN, WOULD BE LONG GONE.

20 Q. OKAY. SO AT THAT POINT THERE'S NO WAY OF
21 KNOWING, FOR EXAMPLE, WHETHER THEY'RE EXPIRED, OR NOT,
22 OR WHEN THEY EXPIRE?

23 A. EXACTLY.

24 Q. OKAY. AND SO IS THERE A ROOM OR A STORAGE UNIT
25 SOMEWHERE WHERE THE -- KIND OF STOCKPILE OF BEANBAG

1 BEING REVENGEFUL, AND THAT'S JUST NOT TRUE. AND I THINK
2 WE HAVE A RESPONSIBILITY TO PUT THAT OUT THERE.

3 Q. SO, IS IT TRUE THAT APD HAS -- HAVE MADE PUBLIC
4 STATEMENTS SAYING, "YES, THE OFFICERS BEHAVED
5 APPROPRIATELY," OR "FOLLOWED POLICY," OR SOMETHING TO
6 THAT EXTENT?

7 A. YES.

8 MR. BARTON: OBJECT TO THE FORM.

9 Q. (BY MS. JOSEPH) WITH RESPECT TO THE DISCHARGE OF
10 THE SO-CALLED LESS-LETHAL SHOTGUNS?

11 A. YEAH. AND I CAN'T REMEMBER THE EXACT WORDS THAT
12 WERE USED SO, I DON'T REMEMBER IF THE WORDS WERE THAT
13 EVERYTHING WAS WITHIN POLICY. BUT I REMEMBER THAT
14 CHIEF CHACON DID MAKE A PUBLIC STATEMENT IMMEDIATELY
15 AFTER THE INDICTMENTS WERE ANNOUNCED BY THE DA'S OFFICE.
16 AND HE SAID SOMETHING OVER THE LINES OF, NOT
17 UNDERSTANDING WHY ANYTHING AMOUNTED TO A CRIMINAL
18 VIOLATION, I JUST DON'T REMEMBER HIS EXACT WORDS. BUT,
19 YES, IT WAS AN ENDORSEMENT OF THE OFFICERS.

20 Q. OKAY. DO YOU KNOW APPROXIMATELY WHAT MONTH AND
21 YEAR THAT STATEMENT WOULD HAVE BEEN MADE?

22 A. IT WAS 2021 AND -- NO, HOLD ON. I REMEMBER IT
23 BEING ON AN ANNIVERSARY, OR JUST BEFORE AN ANNIVERSARY.
24 AND SO I WANT TO SAY IT WAS LIKE MAY/JUNE TIMEFRAME.
25 I'M JUST GETTING MIXED UP ON '21 VERSUS '22.

1 Q. OKAY.

2 A. IT WAS -- IT WAS IMMEDIATELY AFTER THE DA
3 ANNOUNCED -- INDICTMENTS. AND IT WAS RIGHT AT THE SAME
4 -- IT WAS THE EXACT SAME TIMEFRAME WHERE SOME OF THE
5 CIVIL SUITS HAD BEEN WITHHELD.

6 Q. OKAY. OKAY. DO YOU REMEMBER ANYBODY ELSE OTHER
7 THAN CHIEF CHACON, THAT YOU COULD THINK OF WHO HAS -- ON
8 BEHALF OF APD, APPROVED OF THE OFFICER'S CONDUCT WITH
9 RESPECT TO THE LESS-LETHAL SHOTGUNS?

10 MR. BARTON: OBJECTION TO THE FORM.

11 A. CAN -- CAN YOU SAY THAT AGAIN?

12 Q. (BY MS. JOSEPH) YES. SO WE'RE TALKING ABOUT WHO
13 HAS KIND OF SPOKEN ON BEHALF OF APD TO SAY, YES, THIS
14 WAS WITHIN POLICY, OR WHATEVER WORDS THEY USED, TO SAY,
15 YOU KNOW, WE THINK OUR OFFICERS DID RIGHT. AND I -- YOU
16 TOLD ME ABOUT CHIEF CHACON. SO THE QUESTION IS, IS
17 THERE ANYBODY ELSE YOU CAN THINK OF WHO HAS SPOKEN ON
18 BEHALF OF APD, OR WHO IS A HIGHER UP AT APD WHO HAS
19 SPOKEN OUT AND SAID A POSITIVE AFFIRMATION OF THE USE OF
20 THE LESS-LETHALS?

21 MR. BARTON: OBJECT TO THE FORM.

22 A. I DON'T HAVE LIKE A COMPLETE LIST. I KNOW CHIEF
23 DID IT ON THE NEWS THAT DAY. I'VE DONE IT, IN SEVERAL
24 SETTINGS WHERE I WAS ASKED TO SPEAK AND PEOPLE ASKED
25 QUESTIONS, I JUST TELL THEM EXACTLY, YOU KNOW, WHAT I

1 THINK ABOUT LIFE, AND DISHONEST, AND TRANSPARENT. SO I
2 TOLD THEM WHAT I THOUGHT, SO OTHER THAN ME AND HIM, I
3 DON'T KNOW WHO ELSE, BUT I'M NOT SAYING THAT IT DIDN'T
4 HAPPEN IN ANY OTHER TYPE OF FLUID SITUATION WHERE A
5 CONVERSATION OCCURRED.

6 Q. (BY MS. JOSEPH) OKAY. HOW ARE FORCE COMPLAINTS
7 AGAINST AN INDIVIDUAL OFFICER TRACKED? LIKE, COULD I GO
8 AND SAY, I WANT TO KNOW HOW MANY TIMES CHIEF GREENWALT
9 HAS, YOU KNOW DEALT WITH A RESPONSE TO RESISTANCE
10 SITUATION AND HAD A COMPLAINT FILED AGAINST HIM. IS
11 THERE AN EASY WAY FOR ME TO LOOK AT THAT?

12 A. YEAH. I MEAN, THE VERSE X YOU CAN TRACK AND SEE
13 HOW MANY TIMES A SPECIFIC OFFICER HAS BEEN INVOLVED IN
14 AN R2R, OR USE OF FORCE. THAT'S PRETTY SIMPLE --

15 Q. UH-HUH.

16 A. -- TO FIND.

17 Q. UH-HUH.

18 A. BUT THE SECOND HALF TO YOUR QUESTION WAS KIND OF
19 A DIFFERENT QUERY AND THAT'S AND INVOLVED WITH A

CIVIL ACTION NO. 1:21-cv-00249-RP

**DEFENDANT CITY OF AUSTIN'S REPLY IN SUPPORT OF
MOTION FOR SUMMARY JUDGMENT**

TO THE HONORABLE ROBERT PITMAN, UNITED STATES DISTRICT JUDGE:

Defendant City of Austin, Texas files this Reply in Support of its Motion for Summary Judgment (Doc. 43) as follows:

1. Plaintiff has not established a policy or practice of using excessive force or using excessive force during peaceful demonstrations.

A. APD's Less-Lethal Munitions Policy is not Facially Unconstitutional.

Plaintiff contends that APD's policy addressing the use of less-lethal munitions is facially unconstitutional. Plaintiff specifically complains of APD Policy 206.5.3 which provides:

206.5.3 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT

Examples include, but are not limited to, the following types of situations where the subject:

- (a) Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) Has made credible threats to harm himself or others.
- (c) Is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers, creating a risk for injury.
- (d) There is reasonable suspicion to believe that the subject has already committed a crime of violence and is refusing to comply with lawful orders.

(Ex. 3, COA0071)

Plaintiff provides no legal precedent which has held that a similar policy is unconstitutional. Instead, Plaintiff argues that this policy promotes unconstitutional excessive

force violations since it does not delineate the specific circumstances that officers should consider before utilizing less-lethal munitions. (Doc. 55-1¹, pp. 6-7) According to Plaintiff, the policy compelled officers to fire on an overbroad category of people while lacking considerations of the specific circumstances in making the decision to use the less lethal munitions. (Doc. 55-1, p. 8)

Plaintiff's argument is without merit. First, Plaintiff conveniently omits the very next section of APD's policy which, in fact, lists several considerations that officers are to consider before deploying less-lethal munitions. Policy 206.5.4 provides:

206.5.4 ADDITIONAL DEPLOYMENT CONSIDERATIONS

(a) Before discharging projectiles, the officer should consider the following factors:

1. The subject's capability to pose an imminent threat to the safety of officers or others.
2. Whether the subject is actively resisting arrest or attempting to evade arrest by flight.
3. The credibility of the subject's threat as evaluated by the officers present, and the subject's physical capacity/capability to carry out the threat.
4. The availability of other force options and their possible effectiveness.
5. Distance and angle to target.
6. Type of munitions employed.
7. Type and thickness of subject's clothing.
8. The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

(Ex. 3, COA0071-72).

Thus, APD's policy provides a comprehensive list of factors officers should consider before deploying less-lethal munitions. The policy does not "promot[e] and encourage[e] excessive uses of force as Plaintiff claims. Policy 206.5.3(c) does not eliminate the need for officers to evaluate the specific circumstances of each incident. Instead, it requires officers to determine if the suspect is engaged in riotous behavior or "is throwing rocks, bottles or other dangerous projectiles at people and/or officers, creating a risk for injury." As a result of this language, an officer must first determine that the suspect is throwing a dangerous projectile and

¹ Doc 55. Plaintiff's Response filed under seal as attachment to Plaintiff's Motion for Leave.

creating a risk of injury. This does not give officers unbridled discretion to use less-lethal munitions without regard to whether the object was a dangerous projectile as Plaintiff claims. Moreover, Policy 206.5.4 provided officers with eight specific factors to consider before deployment. Simply put, this policy is not facially unconstitutional.

B. APD's Use of Less-Lethal Munitions is not Unconstitutional.

Plaintiff also contends that APD's policy is unconstitutional as a result of how APD put the policy in practice on May 30, 2020. He argues that the officers' practice of "shooting anyone who threw anything" was so pervasive on May 30, 2020 that it was undoubtedly APD policy. He contends that since occasionally another officer would call out descriptions of individuals throwing objects, it leaves open the "possibility" that an officer may have deployed weapons without witnessing a precipitating act. These arguments are not supported by the evidence. Each officer deposed in this case testified that they did not deploy less-lethal munitions on the date of this incident unless they saw an individual throw an object which presented a risk of injury. (Ex. 4, Wright depo., p. 59; Ex. 5, Lynch depo, pp. 59-61; 66-68; Ex. 6, Depo. of Hethershaw, pp. 61-65; Ex. 7, Depo. of Cantu-Harkless, p. 32; 39-40; 44; 47; 81; Ex. 8, Depo. of Alas, pp. 117-119). The officers described the variety of objects that they saw being thrown at officers including rocks, bricks, frozen water bottles, bottles filled with urine and bleach, fireworks and other incendiary devices and explained why these objects, including water bottles, presented a serious risk of bodily injury. (Ex. 4, Wright depo, pp. 46-47; 64;70; 91; 114; Ex. 5, Depo. of Lynch, pp. 25; Ex. 6; Depo. of Hethershaw, p. 54-60; Ex. 7, Depo of Cantu-Harkless, pp. 20; 22; 34-35; 74; Ex. 8, Depo. of Alas, pp. 25-26; 31; 42; 60-61; 120-121)

Plaintiff admitted that he threw a bottle in the direction of officers, although he now attempts to justify his actions by arguing that this action was not dangerous since he threw the

bottle “in a high arc” and the bottle allegedly did not hit anyone.² For the reasons expressed by the officers, and viewed from their perspective of a reasonable officer at the scene, a water bottle thrown in the direction of others presented a risk of bodily injury. Plaintiff has not demonstrated that APD had a practice of shooting individuals that did not present a risk of bodily injury or a practice of shooting individuals who had already thrown objects and were no longer presenting a risk of bodily injury. Even if an officer impacted Plaintiff with less lethal munitions a second or two after Plaintiff released the bottle, Plaintiff has presented no evidence of this happening on numerous prior occasions similar to the violation alleged in this incident sufficient to constitute a policy or practice. *Peterson v. City of Fort Worth, Texas*, 588 F.3d 838, 850-851 (5th Cir. 2009).

C. No Deliberate Indifference.

Plaintiff’s argument that APD was deliberately indifferent to the known or obvious consequences of this alleged policy or practice is also without merit. A showing of even heightened negligence does not suffice to demonstrate deliberate indifference. *Bd. of Cnty. Comm’rs v. Brown*, 520 U.S. 397, 407 (1997). Plaintiff argues that Chief Manley knew that APD officers were engaged in the practice of shooting people for “throwing trash and other harmless items on May 30, 2020, and that he knew of at least one severe head wound from a kinetic energy weapon. (Doc. 55-1, p. 9) Yet, as discussed above, there was no policy or practice of deploying less-lethal munitions on May 30, 2020 at individuals throwing harmless items. Plaintiff’s argument that Manley was deliberately indifferent to injuries is not supported by the evidence either. Manley testified that on the Monday or Tuesday following the May 30-31, 2020 weekend protests, APD leadership prohibited the use of less-lethal munitions in a crowd after APD learned of injuries from less-lethal

² Plaintiff’s argument that a bottle must hit someone before it presents a risk of injury is completely illogical. Following this [il]logic, an officer would have to wait to see if the bottle hit someone before attempting to take action to stop the suspect. If the officer waited and saw that the bottle did hit someone, no doubt the Plaintiff would then argue that the threat was already over, and the officer should not have fired.

munitions during the protests. (Ex. 9, Depo. of Manley, pp. 49-50)³ These actions actually demonstrate that APD was not deliberately indifferent.

Plaintiff also contends that APD ratified the alleged unconstitutional conduct and cites *Grandstaff v. Borger*, 767 F.2d 161 (5th Cir. 1985) in support. Yet, *Grandstaff* is easily distinguishable from this case. In *Grandstaff v. City of Borger*, 767 F.2d 161, 165 (5th Cir. 1985), police officers opened fire on a landowner after the police engaged in a high-speed chase with a suspect who drove onto the landowner's ranch. The officers "poured" gunfire into the landowner's truck and killed the landowner without any evidence suggesting that he was the suspect involved in the high-speed chase. *Id.* The Fifth Circuit characterized the actions of the officers and supervisors as an "incompetent and catastrophic performance, there were no reprimands, no discharges, and no admissions of error." *Id.* at 171. The Fifth Circuit held that the City could be liable under §1983, noting that if an "episode of such dangerous recklessness obtained so little attention and action by the City policymaker, the jury was entitled to conclude that it was accepted as the way things are done and have been done in the City of Borger." *Id.* The Fifth Circuit has stated that the theory of ratification is limited to "extreme factual situations." *Peterson v. City of Fort Worth, Tex.*, 588 F.3d 838, 848 (5th Cir. 2009); *Snyder v. Trepagnier*, 142 F.3d 791, 798 (5th Cir. 1998). Similarly, *Backe v. City of Galveston*, 2 F.Supp.3d 988, 1001 (S.D. Tex. 2014, also cited by Plaintiff, is also distinguishable. There, the court characterized the incidents on the night in question as a "truly extreme factual scenario" involving thirteen alleged victims, twenty alleged perpetrators and forty-nine separate alleged acts of police brutality. *Id.* The actions of the officers

³ Plaintiff's Exhibit 15, which is a compilation of text messages from both known and unknown senders, is inadmissible hearsay and is subject to Defendant's separately-filed Objections to Plaintiff's Summary Judgment Evidence. The compilation also contains no information to demonstrate that the injuries discussed in the text messages occurred before the Talley and Rodriguez incidents, or that they were substantially similar to the Talley and Rodriguez incidents.

here in deploying less-lethal beanbags at Plaintiff after he threw a bottle in the direction of police officers are a far cry from the actions of the officers in *Grandstaff* and *Backe*. As a result, the facts of this case do not support liability of the City under a ratification theory.

2. Plaintiff's inadequate training claims should be dismissed.

A plaintiff seeking to recover on a theory of failure to train must prove that: “(1) [the city’s] training policy or procedures were inadequate, (2) [the city] was deliberately indifferent in adopting its training policy, and (3) the inadequate training policy directly caused [the plaintiff’s injury].” *Sanders-Burns v. City of Plano*, 594 F.3d 366, 381 (5th Cir. 2010). Plaintiff’s response fails to meet all three of these elements.

Plaintiff attempts to prove the first element by criticizing the APD Training Academy’s requirements for cadet qualification on less-lethal shotgun rounds, suggesting that APD has a “low bar” for qualification. A review of APD’s Lesson Plan for the less-lethal shotgun instruction, which Plaintiff attaches as Exhibit 7 to his response, reveals that the training is far from inadequate. Cadets receive four hours of training on the shotguns with a goal of having the students “qualify with the less lethal shotgun & have an understanding of the capabilities of the DS 23 Drag Stabilized bean bag round and a [sic] understanding of APD’s policy and procedures in use and deployment of the less lethal shotgun.” (P’s Ex. 7 at COA3155) The training consists of classroom instruction on a number of learning objectives including effective ranges, target areas and risks as well as an evaluation phase at the firearms range for qualification which includes feedback from the instructors. (P’s Ex. 7 at COA3167-3168) Plaintiff cites no comparative evidence from other law enforcement agencies demonstrating how APD’s training is inadequate and provides no expert testimony explaining how APD’s less-lethal shotgun training is inadequate. Plaintiff’s counsel’s opinions expressed in the response are not close to constituting sufficient evidence of inadequacy

of the training.

Plaintiff also fails to meet the second element of an inadequate training claim: that the City was deliberately indifferent in adopting its training policy. Plaintiff does not attempt to prove deliberate indifference by demonstrating a pattern of similar violations. Instead, Plaintiff argues that single-incident liability exists because it was highly predictable that excessive force violations would result from the City's failure to train. (Doc. 55-1, p. 10) This "single-incident" path is "difficult, although not impossible," for plaintiffs to successfully follow. *Sanders-Burns v. City of Plano*, 594 F.3d 366, 381 (5th Cir. 2010). This is because it is not sufficient for a plaintiff to show that additional training may have avoided the injury, but a plaintiff must show that the training was so inadequate that it would pose a "patently obvious risk of recurring constitutional violations." *Kitchen v. Dallas Cty., Tex.*, 759 F.3d 468, 485 (5th Cir. 2014).

Plaintiff attempts to prove the single-incident path of deliberate indifference by pointing out that officers who were deposed in this case had not fired a less-lethal shotgun in an actual police response until the May 2020 protests. First, it seems as though that would be considered a good thing: that officers are not having to utilize the shotguns in actual police responses frequently, if at all. Second, all of the officers testified that they had qualified for annual certification on the less-lethal shotguns and some even had additional training and qualification during SWAT training. (Ex. 10, Depo. of Cherne, pp. 14-15; Ex. 8, Depo. of Alas, pp. 16-17; Ex. 5, Depo. of Lynch, pp. 44-45) The fact that an officer, such as Officer Wright, may have been a "rookie" and carried a less-lethal shotgun is also not evidence to support a finding of deliberate indifference. Rookie officers had undergone the APD Academy training on less-lethal shotguns just like more experienced officers, and there is no evidence to suggest that a "rookie" officer would be more likely to use excessive force than a more experienced officer. Likewise, Plaintiff's suggestion that

deliberate indifference is supported by the fact that Chief Manley was not qualified on the less-lethal shotgun is absurd. No police department of a major U.S. city would expect its police chief to be out on the front lines deploying less-lethal shotguns. Further, the fact that the deposed officers may not have remembered in their deposition every detail from the APD lesson plan from their training on less-lethal shotguns does not equate to a finding of deliberate indifference in APD's training. Plaintiff simply has not proven that APD's training was so inadequate that it posed an obvious risk of recurring constitutional violations.

Moreover, the fact that APD conducted reviews and analyses of the May 2020 protests does not support a finding of deliberate indifference. In fact, it demonstrates that APD was not deliberately indifferent. The Special Response Team presentation does include "more training" and "better training" as "lessons learned," but does not specify any details to suggest that APD's less-lethal shotgun training was inadequate in the first place or that APD was deliberately indifferent to the need for improvements in training. The Office of Police Oversight's report containing suggestions for improvement, including more "scenario-based training," also demonstrates that the City was not deliberately indifferent to its training, and instead was seeking to improve training. (P's Ex. 23, p. COA39941) Likewise, Chief Chacon's After-Action Report, which identified areas for improvement, and also documented the riotous behavior of non-peaceful protestors and assaults on officers during the protests, further demonstrates that APD and the City were not deliberately indifferent. (P's Ex. 25, p. COA39877) Simply put, Plaintiff has not proven that the City was deliberately indifferent in adopting its training policy. As a result, Plaintiff's inadequate training claim fails.

As to the third element of an inadequate training claim, Plaintiff offers no evidence and no argument that the alleged inadequate training directly caused the violations in question. Plaintiff

does not specifically state how he contends the training directly caused his injuries. If officers impacted Plaintiff with less-lethal munitions from further than the maximum distance they were trained on, it does not mean that the training directly caused the injuries. Plaintiff has not proven direct causation and, as a result, his inadequate training claim fails.

PRAYER FOR RELIEF

WHEREFORE, PREMISES CONSIDERED, Defendant City of Austin respectfully requests that the Court grant its Motion for Summary Judgment and dismiss the Plaintiff's claims against it with prejudice with all costs assessed to the Plaintiff. Defendant further requests that it recover any additional relief to which it may be entitled.

RESPECTFULLY SUBMITTED,

ATTORNEYS FOR PLAINTIFF

/s/ H. Gray Laird III
H. GRAY LAIRD III

Exhibit 3

Austin Police Department

General Orders

Control Devices and Techniques

de-escalate a potentially deadly situation, with a reduced potential for death or serious physical injury.

206.5.1 DEPLOYMENT

Approved munitions are justified and may be used in an effort to compel individuals to cease their actions when such munitions present a reasonable option for resolving the situation at hand.

- (a) Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officers determine that deployment of these munitions cannot be deployed safely.
- (b) The safety of hostages, innocent subjects and officers takes priority over the safety of subjects engaged in perceived criminal or suicidal behavior.

206.5.2 VERBAL WARNINGS

A verbal announcement of the intended use of the kinetic energy projectile should precede its application unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

- (a) The purpose of the warning is for the following:
 - 1. Provide the individual with a reasonable opportunity to voluntarily comply.
 - 2. Provide other officers and individuals with warning that a kinetic energy weapon may be deployed.
- (b) The fact that a verbal and/or other warning was given, or the reasons it was not given, shall be documented in any related reports, as well as any responses by the subject.
- (c) When the less lethal kinetic energy projectile is deployed on scene, the officer carrying the weapon shall announce over the air as soon as practicable that the less lethal shotgun/40mm weapon was deployed and be acknowledged by the dispatcher.
- (d) When given, the verbal warning should be "IMPACTING" to prevent any confusion as to which weapon system is being deployed.

206.5.3 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT

Examples include, but are not limited to, the following types of situations where the subject:

- (a) Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) Has made credible threats to harm himself or others.
- (c) Is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers, creating a risk for injury.
- (d) There is reasonable suspicion to believe that the subject has already committed a crime of violence and is refusing to comply with lawful orders.

206.5.4 ADDITIONAL DEPLOYMENT CONSIDERATIONS

- (a) Before discharging projectiles, the officer should consider the following factors:

Austin Police Department

General Orders

Control Devices and Techniques

1. The subject's capability to pose an imminent threat to the safety of officers or others.
 2. Whether the subject is actively resisting arrest or attempting to evade arrest by flight.
 3. The credibility of the subject's threat as evaluated by the officers present, and the subject's physical capacity/capability to carry out the threat.
 4. The availability of other force options and their possible effectiveness.
 5. Distance and angle to target.
 6. Type of munitions employed.
 7. Type and thickness of subject's clothing.
 8. The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.
- (b) The use of Kinetic Energy Projectiles should generally be avoided in the following situations unless the totality of the circumstances indicate that other available options reasonably appear ineffective, impractical, and the officer reasonably believes that the need to control the individual outweighs the risk of using the Kinetic Energy Projectile.
1. As a breaching tool for windows in vehicles, especially when the vehicle is occupied.
 2. As a breaching tool for windows of a structure, especially if it places occupants at risk of injury.
- (c) An officer who is currently assigned to Special Operations Command and who has been trained in the use of Kinetic Energy Projectiles as a breaching tool may use that technique in a way that is consistent with their training.

206.5.5 SHOT PLACEMENT AND DEPLOYMENT DISTANCES

Officers should generally follow their training instructions regarding minimum deployment distances and target areas. The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death.

The head and neck should not be intentionally targeted, however any target area or distance may be considered when it reasonably appears necessary to accomplish immediate incapacitation in order to prevent serious injury or death to officers or others.

206.5.6 REPORT OF USE

All kinetic energy projectile use shall be documented in the related incident report/supplements and notification made to a supervisor in compliance with General Order 211 (Response to Resistance Inquiry, Reporting and Review).

- (a) Specific information on the use of a kinetic energy projectiles should include, but is not limited to, the following:
1. Articulate reasons for the use of the kinetic energy projectile weapon.

2 VIDEOGRAPHER: We are now on the record.

3 This begins video No. 1 in the deposition of Justin Wright
4 in the matter of Tyree Talley versus the City of Austin and
5 John Does in the United States District Court for the
6 Western District of Texas, Austin Division, Case No.
7 121-cv-249-RP and also in the matter of Modesto Rodriguez
8 versus City of Austin and John Does, Case No.
9 121-cv-1087-RB.

10 Today is Friday July 21st, 2023. The time is
11 10:08 a.m. This deposition is being taken virtually via
12 Zoom at the request of Hendler Law.

13 I'm Jason Fifield the videographer of Magna
14 Legal Services and the court reporter is Lilia Walters also
15 of Magnum.

16 Counsel will be -- appearances will be noted
17 on the stenographic record. And will the court reporter
18 please swear in the witness.

19 COURT REPORTER: Thank you. Officer Wright,
20 I will now be swearing you in. Would you please raise your
21 right hand?

22 Do you solemnly swear or affirm that you are,
23 Justin Wright, located in Austin, Texas and that the
24 testimony you are about to give in the pending matter will
25 be the truth, the whole truth, and nothing but the truth, so

1 help you God?

2 THE WITNESS: I do.

3 COURT REPORTER: Thank you. Counsel, you may
4 now proceed.

5 JUSTIN WRIGHT,

6 having been first duly sworn, testified as follows:

7 EXAMINATION

8 BY MS. JOSEPH:

9 Q. Good morning, Officer Wright, my name is Leigh
10 Joseph and I represent Tyree Talley and Modesto Rodriguez in
11 these cases. I want to start off by thanking you for being
12 here to allow us to ask you some questions about the events
13 of May 30th, 2020.

14 A. Thank you, ma'am.

15 Q. Yeah. Have you ever given a deposition before?

16 A. No, ma'am.

17 Q. Okay. Just a couple of tips or pieces of insight
18 before we get started. First, you're allowed to take
19 breaks. This may take a while just kind of depending on how
20 it goes. And if you need a comfort break, please ask me for
21 one.

22 If I'm right in the middle of a train of
23 thought I may ask you to let me ask the next question or two
24 before we stop. But I'm -- I'm -- certainly want you to be
25 comfortable while we're here, okay?

1 Also, I can -- I think a lot of us lawyers
2 can ask pretty complicated and convoluted questions
3 sometimes. So if you ever don't understand what I'm trying
4 to ask you, please tell me. And I'll -- I'll try to
5 rephrase it, okay?

6 A. Okay.

7 Q. If you do answer my question though, can we have
8 an agreement that that means you understood it?

9 A. Yes.

10 Q. Okay. And you're doing great at this so far. I
11 will point out that since Ms. Walters is taking down
12 everything we say, there are a couple of things that we need
13 to do to help her do that.

14 The first one is, to give verbal answers.
15 And I see that you're doing that and appreciate that.

16 The second, is to try not to talk over each
17 other.

18 A. Yes, ma'am.

19 Q. So -- yeah so, so far so good, but I'll try to --
20 to let you finish answering before I ask another question.
21 And -- and I know that you'll do the same for me, okay?

22 A. Yes, ma'am.

23 Q. Now, I asked you before we went on the record if
24 Mr. Laird was in the room with you. And you said, no, he's
25 down the hall. Is anybody in the room with you right now?

1 A. Not right now. Priscilla Lopez is in and out.

2 She's the paralegal.

3 Q. Okay. Okay. And how did you prepare for this
4 deposition today? Before you answer, let me tell you that

5 I'm not -- if -- I'm not allowed to know private

6 conversations between you and your counsel. So I don't want

7 you to tell me details of those conversations. But just

8 kind of generally, how did you prepare?

9 A. I came in a couple of days ago to Austin City Hall

10 and met with Mr. Laird and Ms. Priscilla. Just to kind of

11 go over what this would be like and some things to expect.

12 Q. Okay. Did -- did you watch any videos?

13 A. Yes. I reviewed one or two segments of my body

14 camera.

15 Q. Okay. Did you watch any other video, HALO

16 footage, or anything like that?

17 A. No, ma'am.

18 Q. Okay. Just body camera from your own camera?

19 A. Yes, ma'am.

20 Q. Okay. Did you review any documents?

21 A. Yes, ma'am. I reviewed my supplements that were

22 written after. Yes, ma'am.

23 Q. Okay. How many supplements did you -- did you

24 write?

25 A. It looks like five, however, the -- the first one

1 I don't know if it was just a -- if I wrote the first
2 supplement and then went in afterwards to add something to
3 it. 'Cause I have end of original supplements towards the
4 middle of the -- of this supplement. So I don't know if
5 that counts as a new supplement or not.

6 Q. Okay. And --

7 A. So I think 5.

8 Q. Okay. And you have those in front of you right
9 now?

10 A. Yes, ma'am. They're -- they're right here.

11 Q. And I see that confidential label which makes me
12 think that document probably also has a Bates label on it.
13 Which is a little set of numbers and letters. Usually in
14 the bottom right hand side. It may say COA and then four
15 numbers?

16 A. Yes, ma'am.

17 Q. Would you tell me the Bates label on first and
18 last page of each of set? Each kind of separate document
19 you have. Just so that I can make sure I have those
20 documents. And I know they pertain to you.

21 A. Yeah. Just as clarification, it -- I have -- I
22 have four different sheets. And it looks like a supplement
23 is on each one.

24 Q. Okay.

25 A. Like, would you like each sheet? Or just the

1 first and the last?

2 Q. Each sheet.

3 A. Okay.

4 Q. Thank you for the clarification. Yeah.

5 A. Okay. So the first one I'm looking at is

6 COA2292 -- 2292. The second is -- I'm gonna -- I'm not

7 gonna say COA each time if that's okay?

8 Q. That's fine.

9 A. All right.

10 Q. Sure.

11 A. 2313. The third sheet that I have is 2469 and

12 the -- make sure I'm not skipping any on accident -- the --

13 the last one I have is 39441. Is it okay --

14 Q. Okay.

15 A. -- that that has more numbers than the others?

16 Q. It is okay.

17 A. Okay.

18 Q. Yes, thank you -- thank you, officer. Do you have

19 anything else in front of you today? Other than those

20 supplements?

21 A. I have two blank pieces of paper just to take my

22 own notes in case I do need clarification. Or I don't -- or

23 like when you discussed you might two questions just to

24 finish your train of thought.

25 Q. Mm-hmm.

1 A. It's going help me not -- try not to forget or
2 leave out one of those questions.

3 Q. Okay. Okay. And I should clarify that I'm not --
4 I'm not going to purposely ask you a number of questions at
5 a time.

6 A. Understand.

7 Q. It's -- it's my intent to give you a chance to
8 answer before I ask you another. So we'll see how I do.

9 And one other thing before we kind of get
10 into it. I want to make sure we know what we're talking
11 about when we use certain language today. If we talk about
12 a kinetic projectile or a shotgun equipped with a beanbag
13 round, do we kind of understand each other? That we're
14 talking about the so-called less-lethal weapons that you
15 guys had out there at the protest May 30th, 2022 [sic]?

16 A. Yes, ma'am.

17 Q. Okay. And if I say "firearm" does that mean
18 something different?

19 A. It would be semantics. So the less-lethal shotgun
20 is a firearm.

21 Q. Mm-hmm.

22 A. We do not call it a firearm, specifically so that
23 whether it be in reports or whether it be in communication,
24 there is no misunderstandings that we are talking about the
25 less-lethal shotgun or our -- our pistols or a rifle.

1 Q. Okay. So I'm going to try -- I may ask you
2 question or two about what I -- you know, a gun that shoots
3 standard bullets. And I'm going to try to use the word
4 firearm when I do that.

5 A. That's fine.

6 Q. But if -- if you ever don't know what I'm talking
7 about -- what type of weapon I'm talking about, let's
8 clarify it, okay?

9 A. Okay.

10 Q. Okay. So I want to talk about kind of some of the
11 rules that were in place on May 30th, 2020, when you were
12 out there responding to the protest event. And -- and then
13 we can get into some of the specifics of the event.

14 I've looked at some of APD's general orders
15 from that time. I just want to confirm that certain things
16 were -- were in place. So I'm going to ask you about those.

17 I read in one of the general orders that, "It
18 could be an appropriate circumstance to shoot the shotgun
19 equipped with kinetic impact projectiles if the subject is
20 engaged in riotous behavior or is throwing rock, bottles, or
21 other dangerous projectiles at people and/or officers,
22 creating a risk of injury."

23 And I'm quoting from something that's been
24 given to me labeled, GO206.5.3. Does -- is that a policy or
25 a rule that was in place governing your conduct as of

1 May 30th, 2020?

2 A. As far as I know, it was.

3 Q. Okay. I've also read in a -- a neighboring
4 general order that using a shotgun equipped with a kinetic
5 impact projectile has to be reasonable. Was that a rule or
6 a policy in place as of May 30th, 2020?

7 A. I believe so.

8 Q. Okay. Similarly, I believe it was a APD rule or
9 policy that an officer was not required to use a kinetic
10 impact projectile. Is -- is that also, correct?

11 A. In -- in what -- in what circumstance do you mean
12 required, ma'am?

13 Q. I thought you would ask that. So let me try to
14 get to the place where I read that. Okay, so this is what
15 I'm reading.

16 "Officers are not required or compelled to
17 use approved munitions in lieu of other reasonable tactics
18 if the involved officers determine that deployment of these
19 munitions cannot be deployed safely."

20 Did you understand that to be a rule or
21 policy governing you guys at -- at the time?

22 A. Yes, ma'am.

23 Q. Okay. Now another -- another one that I read is,
24 "The safety of hostages, innocent subjects, and officers
25 takes priority over the safety of subjects engaged in

1 perceived criminal or suicidal behavior."

2 I read that in 206.5.1. Did you understand
3 that to be a rule or policy governing your -- your conduct
4 at the time?

5 A. Yes, ma'am.

6 Q. Okay. I'm saying at the time, instead of saying
7 as of May 30th, 2020, and -- and we both know what I'm
8 talking about, right?

9 A. Yes, ma'am. Understandable.

10 Q. Okay. Now, let me ask you specifically about
11 Modesto Rodriguez and Tyree Talley for a moment. Are you
12 familiar with who each of them is?

13 A. I am not.

14 Q. Okay.

15 A. Other than -- other than their name as being
16 attached to this lawsuit and deposition.

17 Q. Okay. I'm going to show you some photographs just
18 so that we know what -- who we're talking about today, as
19 were talking. Let me share my screen.

20 Okay. Can you see a photograph on your
21 screen? It's labeled Rodriguez, five zeros and then the
22 number five. And it has a gentleman on the ground with his
23 orange or red shirt pulled up?

24 A. Yes, ma'am.

25 Q. Okay. Let me introduce you to Modesto Rodriguez.

1 So when we're talking about Modesto Rodriguez I'll just
2 represent to you that that's who he is, okay?

3 A. If you don't mind just giving me one more second.

4 I'm just getting writing down a little bit of the
5 description so that I can remember as we --

6 Q. Sure.

7 A. -- as we move through this.

8 Q. And, Officer Wright, this isn't a test. So I
9 don't want you to be worried about you know, if -- if you
10 don't remember the difference between the two plaintiffs or
11 something like that, just -- just tell me. And we'll
12 straighten it out, okay?

13 A. Yes, ma'am.

14 Q. Okay. This photograph labeled as Talley 001153
15 has a gentleman lying on his side on the ground with his
16 hand over his face and that is Tyree Talley.

17 A. Yes, ma'am.

18 Q. And I'll -- okay -- I'll turn the page here 'cause
19 you can see him a little better on Talley 1136. And it --
20 he's kind of in a partial seated position. It looks like
21 some people might be helping him up. Are you able to see
22 him there?

23 A. Yes, ma'am.

24 Q. Okay. So that's Tyree Talley. In the photograph
25 that I showed you of Modesto Rodriguez you're able to see a

1 couple of places where he's injured. And I'm going to click
2 back to that one and just show you this injury here on his
3 torso. And this injury down here around his ankle.

4 Those will be the injuries that we're talking
5 about today when were talking about Modesto, okay? And --

6 A. So Modesto is Rodriguez, correct?

7 Q. Correct.

8 A. Okay.

9 Q. Yes. Mr. Talley has -- was injured more times
10 than he's alleging as a result of the shotgun rounds on this
11 event. And I don't have photographs here of every single
12 one of them. But just to give you a general idea of what
13 we're talking about here are some photographs that are
14 depicting some of Tyree Talley's injuries.

15 MR. LAIRD: And Leigh, would you mind just
16 stating the Bates number? I -- I can't tell what it is down
17 at the bottom. It's a little small.

18 MS. JOSEPH: Sure. No problem. So I said
19 the first two. And then I'm also showing Talley 1150 and
20 this compilation photo is Talley 1154.

21 MR. LAIRD: Great, thanks.

22 Q. (BY MS. JOSEPH) And I'll zoom in on that just a
23 little bit, Officer Wright, so that you can kind of see some
24 of the injuries that Mr. Talley's complaining of.

25 Okay, so -- make myself a note real quick.

1 Now, that we've seen the plaintiffs and --
2 and you've been introduced to them by -- by virtue of some
3 photographs, let's talk about May 30th, 2020. So tell me
4 what time you came on duty that day.

5 A. I don't know the exact time that I came on duty
6 that day. We got a page toward -- around lunch time, if I
7 believe -- if I remember correctly -- that all available APD
8 officers needed to come in for mobile field force.

9 Q. Were you already working when you got that page?

10 A. I was not. I was --

11 Q. Okay.

12 A. -- near home.

13 Q. Was this your scheduled day off?

14 A. I honestly don't remember.

15 Q. Okay. But you know you weren't on when you got
16 the call?

17 A. Yes. I -- I don't remember if -- if -- if I was
18 supposed to be going in already later that day. 'Cause my
19 shift starts later in the day or if that was my -- my day
20 off.

21 Q. Okay. And you said you were near home. Do you
22 remember where you were when you got the page?

23 A. Yes, I was on the 35 service road northbound in
24 Georgetown near I think it was Williams Drive -- trying to
25 get something to eat from Chipotle. Or about -- about to

1 pull into Chipotle rather.

2 Q. Okay. And do you remember where you were coming
3 from?

4 A. I do not.

5 Q. Okay. So you --

6 MR. LAIRD: Leigh. Leigh, I'm sorry. Would
7 you mind taking -- I mean, if you're finished asking about
8 the photographs can you take those down so --

9 MS. JOSEPH: Sure.

10 MR. LAIRD: -- I can see.

11 MS. JOSEPH: Yeah, no problem.

12 MR. LAIRD: And focus on the speakers. Thank
13 you.

14 MS. JOSEPH: There we go. I've got two
15 screens. So sometimes if I'm not looking at that one.

16 MR. LAIRD: Oh.

17 MS. JOSEPH: I -- yeah.

18 MR. LAIRD: No, that's fine.

19 Q. (BY MS. JOSEPH) All right. So you get the page
20 around lunchtime. Were you able to -- to get the Chipotle
21 and eat it?

22 A. No, ma'am. I immediately drove home, dropped my
23 husband off, grabbed my gear, and drove to work.

24 Q. Okay. So you skipped lunch?

25 A. Yes, ma'am.

1 Q. Okay. I guess all officer -- all available

2 officers then is a fairly urgent call I would expect?

3 A. Yes. And I -- I would like to say that I -- I --

4 I don't know if that was the exact verbatim language of the
5 page.

6 Q. Mm-hmm.

7 A. But that was the generalized message of the page

8 that any -- anybody who was available, whether you're

9 working or not, needs to mobilize.

10 Q. Okay. So you drop off, you head down, where do
11 you report?

12 A. I report to the North Sub -- sorry -- the North
13 Substation off of Lamplight Boulevard [sic].

14 Q. And who do you report to when you get there?

15 A. At the time my sergeant was Sergeant Reid. I

16 don't -- I -- I can't remember if I directly reported to him

17 as soon as I got there. Once we got there the -- the --

18 we'll call it the standing order was to collect a car,

19 double up. So ride two officers in -- in each car. And

20 head to the staging point which was in downtown Austin.

21 Q. Okay. And is that what you did?

22 A. Yes, ma'am.

23 Q. Are you at this point wearing a police uniform?

24 A. Yes, ma'am. I'm wearing my -- my police uniform,

25 yes.

1 Q. Okay. Does it have long sleeves or short sleeves?

2 A. I don't remember. I -- I think I had short
3 sleeves that day because if I remember correctly, in my body
4 camera you -- my -- my arm is exposed in front of my body
5 camera.

6 So I think I was wearing short sleeves or I
7 had possibly rolled up my -- my long sleeves, but I -- I'm
8 am fairly certain I was actually wearing short sleeves
9 because we were supposed to bring long sleeves and I
10 accidentally forgot it. If I remember correctly.

11 Q. Okay. And at this point, heading out of the North
12 Substation are you wearing any additional tactical gear or
13 anything beyond your -- your standard uniform?

14 A. I do not believe so. I -- I believe that that day
15 I was wearing my standard outer carry vest. At the time, we
16 did not have "police" written across the back. I had my gas
17 mask with me, as well as, my helmet. But I had not put my
18 helmet with the face shield on yet. It was just with me.

19 Q. Okay.

20 A. And -- and I'm sorry. I have also had the -- the
21 less-lethal shotgun.

22 Q. Okay. So that was distributed to you at the North
23 Substation?

24 A. Yes. When I got to the North Substation I -- I
25 checked one out.

1 Q. Okay. Were you directed to do that by someone?

2 A. Not directly. It was -- it was you know, if
3 they're available, check them out. If they're not that --
4 then -- then you'll be without. And I --

5 Q. Okay.

6 A. -- I happen to get there early enough that they
7 had -- they had one available.

8 Q. Okay. I want to have a whole separate
9 conversation about training, but just while I'm thinking
10 about it, are you trained in MFF? Mobile field force?

11 A. Yes.

12 Q. Okay. And are you -- I may be asking this in a
13 strange way, but are you also a part of that team or group?
14 Are you a member of the mobile field force? If there is
15 such a thing?

16 A. So the mobile field force is -- sorry -- I'm --
17 I'm trying to think of the best way to explain this.

18 Q. Mm-hmm.

19 A. So the -- the mobile field force is not a -- is
20 not the directed team.

21 Q. Okay.

22 A. That would be the SRT team. The special response
23 team, if I remember their acronym correctly.

24 Q. Okay.

25 A. They are the main kind of -- we'll call it large

1 event kind of security. So they -- they're there for --
2 they're -- they're the ones who -- who are -- are at all the
3 protests.

4 Q. Mm-hmm.

5 A. Mobile field force is when a situation is larger
6 than they can handle. Mobile field force is patrol officers
7 and detectives. Everybody else on the department who's been
8 trained to come and assist them in crowd control.

9 Q. Okay. Thank you for explaining that. Is -- and
10 so you're not part of SRT?

11 A. No, ma'am.

12 Q. Okay. And you weren't then?

13 A. No, ma'am.

14 Q. Is mobile field force training part of the
15 curriculum at the Academy?

16 A. Yes, ma'am.

17 Q. In your first -- okay. So if you're an APD
18 officer you should have taken mobile field force training as
19 part of your academy curriculum?

20 A. As far as I know, yes. My academy got it. And as
21 far as I'm aware the academy's before after me got it,
22 but --

23 Q. Mm-hmm.

24 A. -- that I -- I -- I can't say for sure if every
25 single academy got it.

1 Q. Okay. Okay. So you have checked out the less --
2 so-called less-lethal or the shotgun, do you have some of
3 the beanbag ammunitions with you there at the substation?
4 Do you get those too?

5 A. Yes.

6 Q. Okay.

7 A. So were given enough to load the wea -- load the
8 weapon system to its capacity; however, I do not remember if
9 at the substation I was given additional less-lethal rounds
10 or not.

11 Q. Okay. And the shotgun holds five rounds; is that
12 correct?

13 A. I think so, but I -- I cannot remember for sure.

14 Q. Okay. Okay. So now you have the shotgun loaded
15 with beanbag rounds?

16 A. Yes.

17 Q. Okay. And you are checking out a car with another
18 officer. Who is the other officer?

19 A. Officer Christopher Williams.

20 Q. Okay. So where do you and Officer Williams go?

21 A. We drive downtown to the staging area. I believe
22 it was called -- it was the parking lot across the street
23 from Revolutionary Park. I think that's the name of the
24 park.

25 Q. Okay.

1 A. I don't remember the address. It was a fairly
2 large parking lot in downtown. And I believe it's around
3 Fourth Street, but I cannot be sure.

4 Q. Okay. And this is where -- this was kind of the
5 gathering point. You call it the staging area?

6 A. Yes.

7 Q. Okay. What are you feeling in the car? Are you
8 driving? Or are you in the passenger seat?

9 A. I'm in the passenger seat because at this time I
10 was still fairly new to the department and the city. So I
11 knew -- I knew my sector well and the surrounding areas of
12 my normal work area. But I still was not -- and even to
13 this day I'm not very versed -- especially, with downtown.
14 So --

15 Q. Okay.

16 A. Officer Williams is a senior officer to me and he
17 asked if I didn't mind him driving. And I said, you know
18 how to get places better -- you know downtown better than I
19 do. Something along those lines.

20 Q. Okay. Okay. So I'm actually gonna interrupt
21 myself for a second because I didn't ask you this yet. When
22 did you join APD?

23 A. I -- my hire date is October 1st, 2018. I
24 graduated the Academy I believe it's May 10th, 2019.

25 Q. Does it typically take -- what is that -- about

1 seven months to graduate from the Academy?

2 A. Yes, ma'am. The Academy is roughly eight months
3 long.

4 Q. Okay.

5 A. And there is three months of field training where
6 after you graduate the Academy you are with -- you are
7 considered what's called a PPO, a probationary police
8 officer. And you ride with what is known as an FTO or a
9 field training officer.

10 And for roughly three months -- just a little
11 over three months, you ride with different FTOs so that they
12 can teach you more in -- you know more in-depth -- actually
13 doing the job. Policies and procedures, reports, and stuff
14 like that.

15 Q. Okay. So you -- have you worked for another
16 police department or law enforcement agency prior to coming
17 on with APD?

18 A. No, ma'am.

19 Q. Okay. In your time at APD -- in the -- maybe
20 about seven months that you had been driving on your own and
21 well -- so even including those months when you were riding
22 along with an F -- FTO -- have you ever been called to
23 respond to a crowd protest event?

24 A. One other time. And I believe it was the night
25 before.

1 Q. Okay. Have you ever been called or heard one of
2 these you know, all officers we need you whether you're
3 working or not calls prior to May 30th, 2020?

4 A. No. Not the all officers whether you're working
5 or not. I do believe the night before they mobilized a
6 mobile field force as well. A little bit more of a
7 condensed version because it was an unplanned protest so SRT
8 was not on standby.

9 Q. Okay.

10 A. If I remember correctly. And so they asked for
11 patrol officers to come and assist with crowd control
12 outside of the Main.

13 Q. Okay. Okay. So on May 30th SRT was on standby
14 and APD was expecting the protest?

15 A. I believe so.

16 Q. Okay. Tell me just kind of generally about your
17 experience the night before. And I'll ask first, were you
18 armed with a shotgun equipped with kinetic impact
19 projectiles then?

20 A. I honestly do not remember.

21 Q. Okay.

22 A. 'Cause the -- as the rookie on the shift, I
23 usually did check out the less-lethal shotgun. However, I
24 do not remember if I had it that night or not.

25 Q. Okay. Do you remember what the scene was like

1 that night? And if it all blurs together that's something I
2 can understand too so just tell me you know, what you
3 remember.

4 A. I remember -- I remember there being a decent size
5 crowd in front of the Main that was upset and very loud.
6 And we were standing on the steps of the Main where they
7 were screaming and yelling at us.

8 Q. Were they throwing things at you?

9 A. I don't remember.

10 Q. Okay.

11 A. A few objects may have been thrown, but I -- I --
12 I don't remember.

13 Q. Okay. And how long were you out there the night
14 before?

15 A. I -- I can't recall.

16 Q. Would it be hours? Some number of hours?

17 A. I think so. It was -- it was at least an hour
18 probably.

19 Q. Okay. Okay. So approximately how much time
20 passes between when you leave the steps of Main the night
21 before and when you're in line at Chipotle with your husband
22 the next day?

23 A. I -- I can't say for sure and I -- I don't
24 necessarily want to guess.

25 Q. Yeah, and I don't -- I don't want to pin you down

1 by the minute.

2 A. Sure.

3 Q. I'm more looking for was it 12 hours or two hours?

4 A. It was -- it was more than 2 hours. It was at

5 least -- it was at least six, if not more --

6 Q. Mm-hmm.

7 A. But I -- I -- I can't recall exactly.

8 Q. Did you sleep?

9 A. Yes, ma'am.

10 Q. Okay. Did you get what you consider a typical
11 amount of sleep? For you?

12 A. I believe -- I believe so.

13 Q. Okay. Okay. So now we're going to go back to you
14 and Officer Williams in the car heading down on May 30th.

15 Having been out there the night before,
16 having been called in for the first time, hearing this all
17 available officers we need you. What are you feeling as
18 you're headed downtown with Officer Williams, sitting in the
19 passenger seat?

20 MR. LAIRD: I object to the form, but you can
21 answer officer.

22 THE WITNESS: I would say that I was feeling
23 nervous and tense because I didn't know what to expect. I
24 had watched you know, unruly crowds and protests that got
25 out of hand both in training and in my -- in my private

1 time.

2 And just was -- was nervous and worried on
3 what -- what the next couple hours were going to bring. It
4 was -- it was more of the anxiety of the unknown.

5 Q. Do you remember saying anything specific to your
6 husband as you -- as you left him to go report in that day?

7 A. I don't remember anything specific, but my usual
8 go to for -- if I have the time for higher intense inci --
9 incidences is I -- I tell them that I love him and that I
10 will try to stay in contact as much as I can throughout my
11 shift that day or the -- the incident.

12 Q. Mm-hmm.

13 A. And that currently I'm okay. Obviously, he knew
14 that because we were together.

15 Q. Mm-hmm.

16 A. And that I will -- I will let him know when I'm on
17 my way home.

18 Q. Mm-hmm. Were you guys able to stay in contact
19 during the afternoon and evening of May 30th?

20 A. I believe I possibly -- I -- I possibly text
21 [verbatim] him a couple of times throughout the day when
22 we -- when we did get a break.

23 Q. Mm-hmm.

24 A. And we were relieved for a short period of time.

25 Q. What kind of messages were you sending to him?

1 A. Just I love you messages and that I'm okay.

2 Q. Mm-hmm.

3 A. And that things are chaotic.

4 Q. Mm-hmm. You mentioned being aware of some of the

5 other protest events that had been going on in the country

6 around that time. Were you aware that -- I think it was El

7 Paso -- a police station had been vandalized the night

8 before?

9 A. I don't believe so.

10 Q. Okay. I think another -- another police station

11 headquarters around the country had been set on fire the

12 night before. Did you know about that?

13 A. I that there had been attacks on police stations

14 throughout the country.

15 Q. Mm-hmm.

16 A. I -- I don't remember any specific ones, at that

17 time, because throughout the next couple of months there was

18 a lot. So all of that is kind of bleeding together.

19 Q. Mm-hmm. Where do you get your news?

20 A. I don't watch a ton of news. So a lot of it is in

21 passing or just YouTube videos of what's going on.

22 Q. Mm-hmm.

23 A. Fox News. I try to watch CNN on occasion just so

24 I can get a different perspective of things. And -- and

25 then just stuff on Facebook feeds and Instagram feeds.

1 Q. Okay. Okay. So if you do turn it on, it's
2 probably going to be Fox, the occasional CNN?

3 A. Yes.

4 Q. Okay. And then whatever the -- the algorithm
5 sends you in your socials?

6 A. Yes, ma'am.

7 Q. Okay. Okay. So you're downtown with Officer
8 Williams, you've reported to the staging area. Who do you
9 report to?

10 A. We reported to a lieutenant, but I do not remember
11 his name.

12 Q. Okay. And what orders did that lieutenant give?

13 A. I believe he said that we were going to -- we were
14 going to wait until we had more people and then we were
15 going to go to the Capitol and assist DPS. Because DPS was
16 having trouble securing the Capitol.

17 Q. Is that what happened?

18 A. Yes, ma'am.

19 Q. Okay. Approximately what time did you head over
20 to the Capitol?

21 A. Oh, I -- I don't know. I -- I -- it was around
22 lunchtime. Probably between maybe 1:00 and 3:00.

23 Q. Okay.

24 A. Somebody brought us pizza. And so we -- we each
25 got like two slices of pizza before we went out.

1 Q. Was that a member of the public or -- or --

2 A. No. I -- I -- I think it was an -- I believe was
3 an officer. It might have even been that lieutenant.

4 Q. Mm-hmm.

5 A. But I don't remember for sure.

6 Q. Okay. How many -- how many did you have in the
7 group? Or how many did you wait for before you guys headed
8 to the Capitol?

9 A. I -- I don't know.

10 Q. Okay. And what happened when you got there?

11 A. When we arrived at the Capitol we lined up along
12 the front gate. In front of Congress and we -- we -- my
13 understanding was we were there to give DPS a little break
14 because they had an incident.

15 Q. Did you -- did you all kind of march over there?
16 Or drive over there?

17 A. We drove to parking garage on San Jac [verbatim],
18 I believe.

19 Q. Mm-hmm.

20 A. And from there we formed up into smaller groups
21 and -- and -- and semi-formally marched to the -- to the
22 Capitol.

23 Q. How many in your group?

24 A. I don't remember.

25 Q. Okay. More than five?

1 A. Yes, I believe so.

2 Q. Okay. Do you think more than ten?

3 A. Maybe it was -- it could've been groups of ten.

4 Q. Okay. And you had, I'm assuming, the shotgun with
5 you and your -- well, did you have the shotgun with you?

6 A. Yes, ma'am.

7 Q. Did you have your helmet at this point?

8 A. I don't know if I had my helmet on, at that time.

9 I know that I put my helmet on once we got -- it might -- I
10 know that my helmet was on once we got to the Capitol. I
11 don't remember where I actually doffed -- or donned my
12 helmet.

13 Q. Okay. So it was with you?

14 A. Yes.

15 Q. Okay. Okay. So you all march to the Capitol,
16 lineup to help relieve DPS. What was the incident that had
17 occurred that -- that caused them to need backup?

18 A. I think -- if I remember correctly one of the DPS
19 troopers got overwhelmed and got into a fight and it became
20 an officer needed assistance situation.

21 Q. Okay. Like got into a fight with a protester?

22 A. With -- if I -- if I remember correctly it was
23 multiple protesters.

24 Q. Mm-hmm.

25 A. And they didn't have enough people at the Capitol

1 at the time. So we -- we came to help to -- so that we
2 could keep the Capitol grounds clear.

3 Q. Wow, okay. Do you know who instigated it? Like
4 kind of threw the first punch, so to speak?

5 A. No, ma'am.

6 Q. If it was a protester or the officer?

7 A. No, ma'am.

8 Q. Okay. Do you know who the officer was?

9 A. No, ma'am. I don't know who the trooper was.

10 Q. Okay. Okay. So you're there sometime between
11 1:00 and 3:00. You're lined up on Congress. How long do
12 you stay?

13 A. I don't know. It could've been an hour. It
14 could've been slightly less. It could've pushed past an
15 hour. I -- I don't believe we were there more than two
16 hours though.

17 Q. Okay. And when you're lined up on Congress what
18 are you doing?

19 A. So I -- I -- I would like to clarify. So we're
20 lined up in front of Congress. Across the front gate of the
21 Capitol.

22 Q. Okay. On the side -- sidewalk there?

23 A. Yeah, yeah, yeah. So --

24 Q. You're not in the street. Okay.

25 A. I'm not in the street. And -- and I want to say

1 that that's 11th. So we're lined up --

2 Q. Mm-hmm.

3 A. -- on the Capitol grounds. I cannot remember if
4 we were in front or behind the fence. And we are lined up
5 so that we are standing in front of the Capitol like this
6 not like this (indicating.) I'm sorry I just did -- I did
7 hand motions even though we're -- the recording and I
8 apologize.

9 Q. That's okay. So I think you are expressing that
10 you were kind horizontal going across the front of the
11 Capitol --

12 A. Yeah.

13 Q. -- as opposed to -- okay.

14 A. In line with the fence.

15 Q. Okay. Now, are -- I know sometimes people rally
16 right there at the Capitol steps inside the fence right by
17 the entrance of the Capitol. Were there protesters or
18 ralliers there?

19 A. Yes. So DPS had pushed them -- pushed all of the
20 protesters off Capitol grounds.

21 Q. Mm-hmm.

22 A. And so they had gathered in front of the Capitol,
23 at the sidewalk street-level outside of the gate.

24 Q. Okay. So is it accurate to say that you are part
25 of kind of a physical barrier to prevent these individuals

1 from reentering the Capitol grounds?

2 A. Yes.

3 Q. Okay. And that's kind of what your role was?

4 A. Yes.

5 Q. Okay. Did you fire the shotgun or discharge the
6 shotgun at any point while you were at the Capitol?

7 A. No.

8 Q. Okay. Okay. So you stay there maybe an hour or
9 so. And then what happens?

10 A. It -- we walked -- we cleared out, we walked back
11 the way that we came. And there were large vans waiting for
12 us. So we went to the east side of the Capitol towards
13 where we had parked. And there were vans waiting for us.
14 The large kind of taller, like Sprinter-style vans. And we
15 filled them up and we were driven to the 35 service road,
16 near the Main.

17 Q. Okay. Okay. And then what?

18 A. And then we lined up again and started moving
19 towards the 35 proper to facilitate the removal of
20 protesters on the highway.

21 Q. Okay. Have you been told that people are
22 attempting to block traffic at this point?

23 A. I believe so.

24 Q. Okay. So everybody in your van went up on the
25 I-35 overpass?

1 A. I believe so. Some others could've been pulled to
2 go other places, but I believe for the most part everybody
3 in my van moved forward onto the 35.

4 Q. Okay. Do you know the names of any of the other
5 officers that were with you?

6 A. No. I --

7 Q. Are you -- I'm sorry, go --

8 A. I can't be sure.

9 Q. Are you still with Williams?

10 A. No. We had gotten separated at that point.

11 Q. Mm-hmm.

12 A. So I was -- I was just in a van with a whole bunch
13 of other people. I may have recognized some, but --

14 Q. Mm-hmm.

15 A. I saw a lot of people that day that I recognized
16 and I -- I can't definitively say you know, if it was this
17 person at this time. Or if -- if it was that person at a
18 different time.

19 Q. What's the atmosphere in the van going from the
20 Capitol over to the 35 service road? Is it tense? Is it
21 jovial? What's -- what's going on in the van?

22 A. It's -- tensions are high so we're doing what
23 first responders do and we're -- we're -- you know we're
24 trying to you know, make light of the situation so that
25 we -- we don't get too stressed. You know maybe some --

1 some light jokes. You know like, oh, well at least it's not
2 too hot today. You know, being sarcastic because it was
3 very hot that day.

4 Q. Mm-hmm.

5 A. Stuff like that.

6 Q. Yeah.

7 A. You know or --

8 Q. So while --

9 A. -- it's supposed to be my day off. You know,
10 something -- you know, stuff like that.

11 Q. Mm-hmm. So y'all aren't just uncomfortable
12 because of the situation. You're -- you're physically
13 uncomfortable too?

14 A. Yes.

15 Q. Okay. Now, who ordered you to go up to the
16 bridge? The overpass.

17 A. I don't remember. When we got out of the van I
18 believe it was a corporal who said you know, line up and
19 we're going to -- we're going to push up to the 35.

20 Q. Okay.

21 A. We -- we might have actually -- I believe we were
22 dropped off on the proper -- the southbound proper. Or on
23 a -- on an onramp and we're very close to the southbound
24 proper.

25 Q. Okay. And your current title is SPO, senior

1 patrol officer?

2 A. My current title now is --

3 Q. Mm-hmm.

4 A. -- senior police officer.

5 Q. Police, okay.

6 A. At the time I was just police officer because I

7 had not had two years on yet.

8 Q. Okay. It didn't have a "P" or an "F" in front of

9 it. It was police officer?

10 A. Yes.

11 Q. Okay. We've been talking for almost an hour. Not

12 quite. I think it might be a good time to take a comfort

13 break, if that works for you. Just about five minutes?

14 A. Perfect. That would be great.

15 Q. Okay.

16 VIDEOGRAPHER: All right. The time is

17 10:58 a.m. and we are off the record.

18 (Recess was taken.)

19 VIDEOGRAPHER: Okay. We're back on the

20 record. The time is 11:07 a.m.

21 Q. (BY MS. JOSEPH) Officer Wright, we took a short

22 break. You understand that you're still under oath?

23 A. Yes, ma'am.

24 Q. And I didn't talk to you about this before, but

25 you probably know that your testimony today is just as if

1 you were in a courtroom. Even though we're not in that
2 formal of setting right now?

3 A. Yes, ma'am.

4 Q. Did you speak to anybody during the break?

5 A. Yes, ma'am. I spoke to Mr. Laird.

6 Q. Did you guys have any conversation -- don't tell
7 me what it was -- about the deposition?

8 A. Yes, ma'am.

9 Q. Okay. Can you hear that awful sound coming from
10 my end?

11 A. No, ma'am.

12 Q. Okay. Good. All right. So let's -- let's get
13 back to it. I -- we've kind of been walking through your
14 day on May 30th and we had gotten to the bridge -- the
15 overpass.

16 Who is in command on the overpass when you
17 arrive?

18 A. I do not recall.

19 Q. Okay. Is it multiple people or one person?

20 A. I -- I don't recall. I don't know --

21 Q. Okay.

22 A. -- if there was one person there directing the
23 entire line or if they had multiple supervisors out there.

24 Q. Okay. Are you taking orders specifically from
25 someone -- a high -- who is a higher rank than you are?

1 A. Yes, ma'am.

2 Q. Okay. And what are you directed to do?

3 A. If I remember correctly, when we exited the van a
4 corporal instructed us that if someone is throwing objects,
5 that they are participating in riotous behavior. And should
6 be impacted to stop that riotous behavior.

7 Q. Okay. So the criterion given was throwing an
8 object?

9 A. Yes. Because thrown objects can hurt the people
10 who are trying to peacefully protest or us.

11 Q. Okay. Was there any specification about what the
12 object -- like what objects they're throwing? Or throwing
13 anything?

14 A. Throwing anything, ma'am.

15 Q. Okay. And what about the direction that it's
16 being thrown? Was there any -- anything specified about
17 that?

18 A. No, ma'am. Not --

19 Q. Okay.

20 A. -- that I recall.

21 Q. Okay. Okay. So you received the instruction to
22 target anyone who is throwing something. And what do you do
23 next?

24 A. We begin walking up to the 35 service road
25 southbound. There is a line of semi-trucks that has come to

1 a standstill. I hear numerous -- very numerous amounts of
2 objects peppering the sides of the semi's. It was loud
3 enough that I could hear it over the shouting. I could hear
4 it over the semi engines. And it -- it reminded me of what
5 it sounds like when you know, you're in an armored vehicle
6 and it gets shot at.

7 Q. Have you had that experience before? Being an
8 armored vehicle and -- and it was shot at?

9 A. I have had the experience of being in armored
10 vehicles. And my vehicle was -- was not hit. But I have
11 heard armored -- armored vehicles be hit by rounds.

12 Q. Do you have a military background?

13 A. Yes, ma'am. I was a US Navy Corpsman which is a
14 medic. I spent roughly two years working in a Naval
15 Hospital. And then I spent roughly two years with the
16 Marine Corps as a combat medic.

17 I was assigned to a field hospital in
18 Afghanistan for eight months in Helmand Province where we
19 were Second Echelon Medical Care which just means that we
20 had ER and surgical capabilities that were limited to
21 neurology.

22 We -- we did not have a neurologist on -- on
23 our site. I participated in roughly 400 major trauma
24 situations where I participated in both ER and OR
25 operations. So that's emergency room and operating room

1 operations where we had roughly a 98 percent survival rate.

2 Q. Wow, okay. When did you get back from
3 Afghanistan?

4 A. September of 2012.

5 Q. Okay. And are you still in the reserves or did
6 you remain in the military in some capacity?

7 A. No, ma'am.

8 Q. And when did you -- when did you completely
9 discharge?

10 A. I discharged from active service in 2013. My
11 contract specified, inactive reserve. Which is fairly
12 common.

13 Q. Mm-hmm.

14 A. For another four years, I believe. And what
15 inactive reserve means, is that I'm not checking in with
16 anybody. I'm not doing anything military. It's essentially
17 if World War III were to pop off they could pull me back in.
18 And I am out that now so ...

19 Q. Okay. So you were still in inactive reserve maybe
20 for the first year or so you were on -- a member of the APD
21 force?

22 A. No.

23 Q. Do I have the timing right?

24 A. No.

25 Q. No?

1 A. I believe that -- I believe that my discharge date
2 from the inactive reserve was in 2017.

3 Q. Okay. Oh, and you -- I -- I had the wrong date in
4 my head. I was thinking you started 2016. But you started
5 in 2018 at APD?

6 A. Yes.

7 Q. Okay. Okay. Does anything else on the overpass
8 or at the scene -- it -- on May 30th remind you of -- I'm
9 gonna just kind of use the phrase -- of just kind of a war
10 zone like you had experienced?

11 A. Yes. So to an extent somewhat even more than when
12 I was in Afghanistan. Because I was in a --

13 Q. Mm-hmm.

14 A. -- medical unit. We were fairly sheltered from
15 active attacks.

16 Q. Mm-hmm.

17 A. And so our -- our main thing was the medical side.
18 This incident -- this riot felt -- felt like I had entered
19 somewhat of a war zone.

20 Q. Mm-hmm. And in what ways?

21 A. We were mobilized to protect people who were

22 attempting to exercise their legal rights to a grievance in

23 a -- in a protest form. And a large group came out and

24 chose violence in the form of throwing dangerous objects at

25 us that had the potential to cause serious injury to us.

1 And that felt like kind of being back in a
2 war zone where we're there to protect people and there is
3 this group that is tr -- actively attacking us for trying to
4 protect that aspect of life.

5 Q. So you're there to protect people and you feel at
6 risk?

7 A. Yes.

8 Q. I imagine if it was tense before, at this point
9 when you're on the bridge and you're hearing the bullets hit
10 the semi-trucks and -- and things like that --

11 A. That -- they were rocks hitting the semi-trucks --

12 Q. I'm sorry not bullets. You said it sounded like
13 bullets.

14 A. Yes.

15 Q. It reminded you of bullets. I'm sorry. Let me
16 try that again.

17 Yeah, if it was tense before when you're here
18 on the overpass and you're hearing the rocks hit the
19 semi-trucks and -- and seeing the crowd and kind of the way
20 that some of them are interacting, I imagine there's an
21 element of fear at this point for you of what's going to
22 happen next?

23 A. Absolutely.

24 Q. Yeah, yeah, okay. The groups -- you kind of
25 referenced some groups of protesters who decided to throw

1 things or poss -- you know, in danger people I think were

2 some of your words -- did that appear to be -- when you say

3 "group" are you -- did it appear to be kind of an organized

4 group that was out there to take a different, more violent

5 approach?

6 A. I would say that there was some level of

7 organization to it. I -- I cannot -- I -- I -- I can only

8 speculate on how organized it was. But we witnessed

9 multiple occasions where you would have a group of people

10 who were peacefully protesting and you would have one or two

11 of them come out, agitate by throwing things, and then jump

12 back into that group so we couldn't intervene.

13 And from my perspective it -- it looked

14 planned out. Like you had the small of group of people who

15 were doing it the right way. And they were kind of that

16 shield so that somebody could run out, try to hurt us or

17 other people, and then run back in and intermingle with that

18 group and -- and they were essentially protecting those

19 people.

20 Q. Talking about throwing things, we kind of talked

21 about this a little bit earlier when we were talking about

22 people throwing objects, and that really that meant any

23 objects. What kinds of things were people throwing?

24 A. Pardon me.

25 Q. Like to -- actually, just -- no, let me be more

1 specific and direct. Tell me everything that you remember
2 seeing thro -- be thrown.

3 A. Throughout the whole day? Or just at -- at that
4 time?

5 Q. If you can, tell me throughout the day from the
6 time that you were on the overpass. But I don't need to
7 know like there was a rock 2:31. There was a -- you know,
8 just like what types of objects can you remember?

9 A. Mostly rocks and broken pieces of concrete.
10 Broken bricks, bottles filled with water, frozen water
11 bottles, water bottles filled with urine, fireworks were
12 thrown. It seemed like any hard object that could be thrown
13 with force, was thrown. That -- that was either at their
14 feet or staged.

15 Q. And per direction from command, you guys were
16 tasked with basically responding in the same way with the
17 shotgun regardless of what was being thrown. Whether it was
18 a rock, a water bottle filled with urine, a firework, a
19 water bottle filled with water?

20 A. Yes, ma'am. Because it is almost impossible to
21 know what is being thrown and the level danger that it
22 could -- sorry -- I just -- I lost the word that I was going
23 to use. The level of danger that it could possibly possess.

24 Q. And you say it's almost impossible to know what's
25 being thrown, but you were able to distinguish things enough

1 that you could give me a list just now.

2 A. So the -- the list I gave you is because of what
3 we discovered later. So when I -- I only know that there
4 were bottles of piss because we found them after they had
5 been thrown. You know, I -- I -- I know that there was
6 fireworks because I witnessed the fireworks explode at
7 officer's feet.

8 Q. Mm-hmm.

9 A. Obviously the rocks are -- are self-explanatory
10 and the broken bricks and stuff like that. You know the
11 frozen water bottles, once they land we can -- you know, we
12 can see that they were frozen water bottles.

13 Q. Mm-hmm.

14 A. So what I'm trying to get across is in the moment,
15 we -- we have no idea what that object is until it lands
16 at -- or until it hurts somebody. So we have to assume
17 based on that that everything that is thrown is dangerous.
18 Because if we wait for it to land and then in -- investigate
19 it and inspect it, at that point it could be too late.

20 Q. Mm-hmm. Assume that everything that is thrown is
21 dangerous. That was the kind of operating --

22 A. Yes, ma'am.

23 Q. Okay. I'm going to show you some video. Let me
24 get my screen share on.

25 A. Yes, ma'am.

1 Q. So this has been Bates labeled as COA 4621 and
2 identified to me as your body worn camera. If at any point
3 during the video you determine that that's not what this is,
4 please tell me. But I'm going to assume unless you tell me
5 otherwise that this is correctly labeled as your -- your
6 body cam, okay?

7 A. Yes, ma'am.

8 Q. Okay. And I'm going to jump around a little bit
9 within the video. So what I'm going to try to show you is
10 some of the time surrounding when Modesto Rodriguez and
11 Tyree Talley were impacted. At this point I think that it's
12 getting to be close to 9:00 p.m.

13 A. Okay.

14 Q. And I think based on the timeline that we've
15 talked about, that you've probably been on the overpass for
16 at least five hours. Does that -- does that sound right?

17 A. That -- that's very poss -- that's very probable.
18 I -- we sat on the -- I'm sorry. We sat on the north side
19 of the proper for a while facing a row of -- an apartment
20 complex. So we weren't -- we were on the 35 for a long
21 time. It wasn't the -- the entirety wasn't on the -- the --
22 the bridge overpass.

23 Q. Okay.

24 A. I -- I don't exactly which one it is. I
25 apologize.

1 Q. Okay. Once you were stationed on the bridge
2 overpass with the -- the shotgun kind of looking out for
3 people throwing objects, did you take breaks?

4 A. In -- in what sense do you mean? Are you saying
5 did we take collective breaks? Like did we switch out huge
6 groups? Or individually, did we step back and -- and -- and
7 rest for a couple minutes at a time?

8 Q. Okay. More specifically about you. Whether that
9 happened because a group was relieved or you stepped back,
10 you can tell me. But did you personally take breaks?

11 A. If I remember correctly, we -- there was one break
12 where we went from the north side of the 35 down to the 250
13 building. Which is where a lot of our maintenance is done.

14 Q. Mm-hmm.

15 A. And we were sat in the shade for a short period of
16 time before we moved back onto the bridge. However, with
17 that being said, we did this for a couple of days in a row.
18 And that was one of the typical spots where we were -- we
19 were given time to take breaks. So that could kind of be
20 meshing together.

21 Q. Okay.

22 A. If that makes sense. So I --

23 Q. Like what specific day that happened or --

24 A. Yes. So I -- I -- I can't remember if -- if we
25 took a break in -- at 250 that day. Or if it was the next

1 day or if it was both.

2 Q. Mm-hmm.

3 A. I know that there were multiple days where we
4 would be on line and after a couple of hours we would come
5 in and we'd -- we'd sit down and we'd rest at least in the
6 shade for you know, 45 minutes or so.

7 Q. Okay. What if -- like what if you needed to go to
8 the bathroom? Did you just hold it? Or what -- what did
9 you do?

10 A. I honestly -- I don't remember. I know -- I -- I
11 think when we -- when we -- when we took our break at 250 I
12 used the bathroom in there.

13 Q. Mm-hmm.

14 A. I remember because -- I remember -- I -- I -- I at
15 least took a break in that bath -- and used that bathroom --

16 Q. Mm-hmm.

17 A. At some point throughout the multiple days of
18 protesting because it was so hot and they had one of those
19 old-fashioned like round sinks where you'd press the foot
20 pedal --

21 Q. Mm-hmm.

22 A. -- and it put water out all around. And I
23 remember thinking to myself, it's hot enough that part of me
24 wants to climb into this sink and just soak myself so I can
25 cool off. And you know, face the judgment of my coworkers

1 for climbing into a bathroom sink.

2 Q. Yeah, yeah, okay. What about water or Gatorade or
3 something. Did you have access to something to drink?

4 A. I believe that officers were coming up in vans or
5 patrol cars with bottles of water and -- and maybe Gatorades
6 to -- to keep us somewhat hydrated.

7 Q. Mm-hmm. I wonder who got to have that role?

8 A. I wish -- I wish it would've been me.

9 Q. Yeah. Now, you ate some pizza when you first got
10 to the staging area. Did you eat again before you went off
11 duty?

12 A. I don't recall. I don't believe so. I -- I
13 remember being --

14 Q. Mm-hmm.

15 A. -- incredibly hungry that night when we finally
16 did get off.

17 Q. Mm-hmm. Okay. So here we are around nine
18 o'clock. I'm going to scroll to about the 10:20 mark, if I
19 can get there. So I'll start at 10:15 and I think that the
20 incident involving Modesto is going to happen pretty
21 quickly. I can replay this more than once for you, but if
22 we can try to pay attention to what we see and what we hear.

23 A. Okay.

24 Q. Okay.

25 (Video playing.)

1 Q. (BY MS. JOSEPH) I think I just heard someone say
2 "red shirt." Did you hear that?

3 A. I actually don't have audio on my side.

4 Q. Because I probably didn't turn on audio. Let me
5 try this share again. I'm sorry about that -- sound.

6 Okay. Thank you, for telling me that. Let
7 me try this one more time. Okay, starting again at 10:15.
8 Do you hear the noise?

9 A. Yes, ma'am.

10 Q. Okay. Did you hear the "red shirt" that time?

11 A. Yes, ma'am.

12 Q. Was that you or someone else?

13 A. I honestly don't know. It kind of sounded like
14 me, but I'm not sure.

15 Q. Okay. It seems like somebody is saying that to
16 kind of say to the officers, that's somebody that I'm
17 targeting, I want draw your attention to this person. Do
18 you think that's what's happening?

19 MR. LAIRD: Object to the form.

20 Q. (BY MS. JOSEPH) Let me ask you a different way.
21 Why would be somebody identifying a specific individual here
22 in the line?

23 MR. LAIRD: Object to the form. You can
24 answer it if you can.

25 THE WITNESS: It is common practice for us

1 when we have you know, even one or two individuals, if any
2 officer sees somebody doing something that we believe might
3 need some sort of police action to be taken, for us to call
4 out some sort of identifiable marker so that the officers
5 around us can -- can all get eyes on. And so that we're
6 seeing the same thing.

7 So that you know, we don't just say something
8 like "guy" and there's you know, 15 guys and now you have
9 six or seven officers or even one other officer like, "Which
10 one? What are you seeing? What are you seeing?" So --

11 Q. Mm-hmm.

12 A. -- we -- we try to -- to put out a descriptor if
13 we see something. And that's just to get everybody's
14 attention so that we kind of have that second, third, or
15 fourth eye that we are all seeing the same thing that's
16 happening.

17 Q. Okay. And that's what this sounds like to you
18 here? Somebody putting out a descriptor to draw attention
19 of other officers?

20 A. Mm-hmm. Yes, ma'am.

21 Q. Okay. Do you know -- do you know at this point
22 who is standing next to you?

23 A. I don't -- I don't remember.

24 Q. Mm-hmm. And I know we've talked some about did
25 you know the people in the van, stuff like that, but I don't

1 know if I asked you with respect to here on the overpass.

2 Do you know any of the folks around you at this point?

3 A. So if -- if I may, can I -- can I ask

4 clarification? Are you asking if I -- if I know them like

5 I've been standing next to them for the last hour or two?

6 Or if I know them like I've run into them multiple times and

7 had conversations with them?

8 Q. Good question. Do you know their name?

9 A. I don't remember.

10 Q. Okay. Okay.

11 A. And you know, it -- I -- I -- there was multiple

12 members of my shift around me. You know maybe they were one

13 officer away from me or a couple, but I -- I can't recall if

14 I knew specifically the person who was next to me and their

15 name.

16 Q. Okay. Can you recall any specific names of people

17 who you knew that were also there? Whether they were next

18 to you or not?

19 A. Yes, my shift. Everybody on my shift as far as

20 I'm aware. And a few of the people that I went to the

21 Academy with. I saw them you know, randomly throughout the

22 day. I said hi.

23 Q. Mm-hmm.

24 A. I -- because of the military I have -- my knees

25 get sore fairly easy if I just stand in a sing -- single

1 spot. So I tried to walk around my area a little bit just
2 to not get as much knee pain. And so throughout the time
3 that I was up on the 35, I was walking back-and-forth. And
4 if I saw somebody that I knew I would say hi.

5 Q. Mm-hmm.

6 A. And strike up conversation if -- if nothing -- if
7 nobody was actively doing anything that needed attention.

8 Q. And the atmosphere as you were doing that, was it
9 kind of like in the Sprinter van? Tense, but some joking
10 going on to kind of manage the situation? Or what was the
11 atmosphere like?

12 A. Yes. So we are trying to -- we are trying to
13 minimize the chaos around us by -- whether it be using
14 humor, whether it be using sarcasm to cope with just how
15 insane and chaotic things were. That's what the military
16 taught me. That's what being a police officer's taught me.

17 And -- and that's -- that's how you -- that's
18 how I and -- and many people in my profession prevent from
19 getting locked in too much to a very specific point.
20 Because that can become dangerous. Does that -- does that
21 make sense or do you need me to elaborate?

22 Q. I may need you -- you to explain the locked in
23 part a little bit more. Yeah.

24 A. So hyper-focused, tunnel vision --

25 Q. Mm-hmm. Okay.

1 A. -- upon a singular thing or topic --

2 Q. Mm-hmm.

3 A. -- that can be very dangerous in -- in our

4 profession because we have to kind of look at the -- the

5 broader picture in order to maintain safety. If we focus

6 too much on a singular issue or a singular thing, people can

7 take it advantage of that and hurt us or other people.

8 Q. Okay. Okay. So the -- the sarcasm or the joking,

9 that's kind of a generally taught and accepted way to manage

10 this sort of experience?

11 A. Yes.

12 Q. Okay. I'm going to play video some more. And I

13 think we'll see -- I don't think we're gonna see Modesto. I

14 think we're going to hear some shots. But let's -- let's

15 see what we're able to see.

16 A. Yes, ma'am.

17 (Video is playing.)

18 Q. (BY MS. JOSEPH) Actually I think that you're

19 going to be able to see him kind of around here. So I'm

20 going to draw your attention to that area of the video.

21 A. Okay.

22 Q. And I'm actually going to back it up a little bit,

23 okay?

24 A. Okay.

25 Q. It's hard to see from your -- your body cam and

1 hard to hear, but after I heard "red shirt" I think a little
2 while later I heard, "Red shirt on the ground." Did you
3 hear that?

4 A. Kind of. I -- I don't -- I heard "red shirt"
5 again, but I couldn't determine what was said after that.

6 Q. Okay. Here I can play it again -- whoops. Sounds
7 like, red shirt on the ground, mumble, mumble, throwing a
8 bunch of -- excuse my language -- shit.

9 Is that -- do you hear that?

10 A. Yes, ma'am.

11 Q. Is that your voice?

12 A. I don't think that was my voice, no.

13 Q. Okay. We see in the clip that we just watched
14 from -- and I'm looking at the mark on the -- the playback,
15 as opposed to the mark on your body cam. From about the
16 10:15 to the 10:39 mark.

17 We saw the line of officers that you're a
18 part of, targeting and -- and discharging the shotguns,
19 right?

20 A. Yes.

21 Q. Did you fire your shotgun?

22 A. Yes.

23 Q. During that clip? Okay. Do you know how many
24 times?

25 A. I believe it was just once.

1 Q. Okay. And I think we saw the person next to you
2 fire. Did you -- were you able to see that in the video?

3 A. Yes, ma'am.

4 Q. The person to your right?

5 A. Yes, ma'am.

6 Q. Okay. And we heard more than two shots?

7 A. Yes. I think so.

8 Q. Okay. Do you remember whether you fired at
9 Mr. Rodriguez before or after he was on the ground?

10 A. I do not.

11 Q. Okay. So it could have been either?

12 A. It could've been.

13 Q. Okay. Let me -- well, let me ask you this -- did
14 you see Mr. Rodriguez engage in any behavior before you
15 began to target him?

16 MR. LAIRD: Object to the form. You can
17 answer.

18 THE WITNESS: I -- I don't know.

19 Q. (BY MS. JOSEPH) Okay. It's possible that this
20 was one of those situations where someone on the line saw
21 something and called out to draw other eyes to it?

22 A. Yes.

23 MR. LAIRD: Objection to the form.

24 Q. (BY MS. JOSEPH) Okay. So it's possible that you
25 didn't -- and I'll just -- we haven't said this out loud,

1 but a lot of the conversation in this case is around

2 Mr. Rodriguez throwing a water bottle. And is -- are you

3 aware of that fact?

4 A. I am aware that there's video of one of -- one or

5 both of the gentlemen throwing things.

6 Q. Okay. So you may or may not have seen

7 Mr. Rodriguez throw something?

8 A. I decided very early on in this situation that I

9 would not be firing unless I physically saw somebody throw

10 something. I -- what's the word I want to use?

11 I -- I took the order to be what it was. If

12 I see somebody throw something then I will impact. So if I

13 fired my weapon then I -- I visibly saw somebody throw

14 something.

15 Q. Okay. Even though you don't necessarily recall

16 this particular instance that is the practice you were

17 following?

18 A. Yes, ma'am.

19 Q. Okay. I can't see it on this video, Officer

20 Wright, I have seen another video where it appears to me

21 that I can see Mr. Rodriguez walk up to a water bottle

22 that's on the street and pick it up before throwing

23 something. And it looks, although, I can't see it on your

24 body cam because various times it's covered up, it looks

25 like you would have a vantage point to have been able to see

1 that.

2 Do you remember when you first laid eyes on
3 Mr. Rodriguez? Whether it was before or after he picked up
4 the bottle?

5 A. I -- I do not.

6 Q. But from your vantage point, it would have been
7 evident -- evident to you that what he had in his hand was
8 a -- a water bottle as opposed to say a brick or a rock?

9 A. I -- I don't know. That's fairly far. It -- I --
10 I don't know that I would be able to identify it if was a --
11 if it was a water bottle or something else.

12 Q. Okay. How far do you think that distance is from
13 where you're standing to where Mr. Rodriguez is -- is
14 standing?

15 A. I couldn't --

16 Q. I'm actually going -- I'm sorry -- I realize I'm
17 going to ask about two different points. So let me ask you
18 first, just for estimate purposes -- I wish I could make a
19 mark, but I'm just kind of just -- here, let me see if I can
20 make a mark.

21 Let's kind of estimate there as the first
22 point. And then over here -- oops, there's a big "2" -- as
23 the second point. So how far do you think you are from that
24 "X?"

25 A. I'm not entirely sure. Maybe 15 or 20 yards,

1 possibly.

2 Q. Okay. I'm just -- give me just a moment to
3 save -- am I showing my email right now? Okay, I'm just
4 going to try to save a picture that I just drew on there for
5 us. Okay. And you said how many yards?

6 A. It could be possibly around 15 or 20 yards.

7 Q. Okay. Now, the "2" -- did I put it back on the
8 screen where you can see it again?

9 A. Yes, ma'am.

10 Q. How far do you think are from the 2?

11 A. Maybe just slightly farther. Just with the way
12 that the road curves, it could be slightly closer.

13 Q. Okay. So a little bit closer of a little bit
14 farther?

15 A. Yeah. I -- I -- I can't really determine just
16 the --

17 Q. Okay.

18 A. -- the way the road curves and where they are on
19 the median.

20 Q. Okay.

21 A. Wherever that is.

22 MR. LAIRD: I'm going to mark that. Just so
23 that we have it for reference as Exhibit two to your
24 deposition.

25 (Exhibit No. 2 was marked.)

1 Q. (BY MS. JOSEPH) What -- what is the maximum
2 effective distance of this shotgun that you're holding at
3 the time?

4 A. I --

5 MR. LAIRD: Let me -- Leigh, let me make sure
6 I understand what you're asking. Are you talking about the
7 shotgun using the less-lethal munitions?

8 MS. JOSEPH: Yes. And I tried to clarify
9 that, Gray. But thank you for --

10 MR. LAIRD: I just want to make sure.

11 MS. JOSEPH: -- for coming in. That is what
12 I'm talking about. Mm-hmm.

13 THE WITNESS: I don't recall because since
14 then we have changed munitions and changed our distances.
15 At least once. So I -- I -- I cannot definitively say what
16 it was at that time. I want to say it was no more than a
17 hundred feet. But I can't -- I can't definitively recall.

18 Q. (BY MS. JOSEPH) Okay. When you changed the
19 distances in munitions did the distances get shorter or
20 longer?

21 A. Again, I -- I can't remember if the -- if the new
22 rounds that we got are -- can go further or -- or don't. I
23 -- I don't think that they go as far because --

24 Q. Mm-hmm.

25 A. -- they are a lighter round.

1 Q. Okay.

2 A. So I -- I -- I can't -- I can't remember.

3 Q. Okay. Do you have any understanding of the
4 reasoning behind the change?

5 A. I -- I don't -- I don't.

6 Q. Okay. And do you know far the current rounds --

7 the maximum effective distance of the current rounds,

8 whatever they are?

9 A. I -- I -- I do not because although I have been

10 trained every year since on the rounds, I -- because of this

11 incident, I really don't ever want to use these weapons

12 again. So I qualify with them. And I don't check them out

13 anymore.

14 So I don't -- I don't lock those into my

15 memory bank because I -- I don't check them out or use them

16 anymore.

17 Q. Why don't you want to use them anymore?

18 A. This entire incident just created a lot of stress

19 and anxiety for doing my job and doing what I believe is --

20 was -- was right to protect people and this city.

21 And the hassle of that weapon system and how

22 scrutinized it has become. I -- no offense to you I -- I

23 don't want to go through this again.

24 Q. No offense taken. I -- yeah, yeah. When you see

25 you know -- let me put it back up. Give me just a second.

1 When you see what happened to Modesto -- you
2 know, we just watched some -- some shots getting fired. Do
3 you feel like this is an appropriate consequence for
4 throwing a bottle of water?

5 MR. LAIRD: Object to the form. You can
6 answer.

7 THE WITNESS: As I stated before, there's
8 really no way for us to determine what is being thrown, what
9 is in those in bottles. From my prior experience, I know
10 that for instance, a true Molotov cocktail is two chemicals
11 with a breakable device inside that once mixed explode. But
12 it can look as innocuous as a water bottle.

13 I believe that this is an appropriate
14 response to riotous behavior. When we, as I said before,
15 cannot determine in the split seconds that we have watching
16 these objects being thrown of how much damage they could
17 potentially cause to not only the innocent people that are
18 trying to peacefully protest, but even other agitators and
19 other officers.

20 Q. A Molotov cocktail can't be in a plastic bottle
21 though can it? Doesn't it have to be in glass?

22 A. No.

23 Q. Okay.

24 A. It can be in plastic bottle. That -- that's what
25 I was saying.

1 Q. Okay.

2 A. A Molotov cocktail is commonly shown as like a
3 liquor bottle with a rag in it that you have to light on
4 fire.

5 Q. Okay.

6 A. A true Molotov cocktail needs no fire. It's two
7 chemicals that are mixed together.

8 Q. Mm-hmm.

9 A. That when the -- when one of the chemicals -- like
10 ampule is broken on the inside --

11 Q. Mm-hmm.

12 A. -- and it mixes with those chemicals --

13 Q. Mm-hmm.

14 A. -- it becomes an explosive. So it would be a
15 very --

16 Q. Mm-hmm.

17 A. -- effective way to put it in a water bottle as
18 long as you could verify -- or as long you could guarantee
19 that the -- the chemicals mixed.

20 Q. Have you seen that done before?

21 A. Not here in Austin, no.

22 Q. Okay. Would you classify Mr. Rodriguez here as a
23 rioter?

24 A. If he was throwing objects, yes.

25 Q. Okay. Would you classify him as a violent

1 protester?

2 A. If he was throwing things, yes.

3 Q. Okay. And by throwing things we're talking about

4 a bottle of water?

5 A. Anything, yes.

6 Q. Okay. Would you classify him as an aggressive

7 resistor?

8 A. Again, if he's -- if he's throwing objects, yes.

9 Q. What's the difference, if any -- and I -- I -- I

10 took these words -- I think you said the word rioter and

11 some of these other words I've taken from reports and from

12 general orders -- the APD policy.

13 What's the difference between a rioter, a

14 violent protester, and an aggressive resistor, if any?

15 A. Give me those three terms again just because I --

16 I want to make sure I get them correctly. So we have

17 rioter --

18 Q. Rioter, violent protester, and aggressive

19 resistor.

20 A. Okay. So I would say that a rioter and a violent

21 protester are the same. A violent protester is what I

22 believe to be the politically correct term that has been

23 bestowed upon people who participate in riots to try and

24 minimize what they're doing.

25 And an aggressive resistor is someone who --

1 that that would be what I would consider a generalized term

2 for like, use of force. In the sense that if we were trying

3 to effect an arrest and they are actively resisting and

4 being aggressive, they're not just like pulling away from

5 us, but they're actively trying to fight us.

6 Q. Okay. Now, I hear that, but if I understand you

7 correctly, it raises another question for me. Because

8 nobody tried to arrest Modesto Rodriguez at any point on

9 this night, right?

10 A. Not that I'm --

11 Q. You may not have that knowledge. Yeah, not that

12 you're aware. Okay.

13 So if nobody's trying to arrest him, how can

14 be an aggressive resistor?

15 A. I -- I don't know. I -- I was -- I was -- I guess

16 I was linking those terms in my mind before I wrote them out

17 and acted.

18 Q. Mm-hmm.

19 A. And -- and kind of took the time to define them to

20 myself.

21 Q. Okay. Do you believe that you had cause to arrest

22 Modesto Rodriguez?

23 A. Yes.

24 Q. Okay. If you cause to arrest him I'd assume that

25 you believe you had cause to detain him?

1 A. Yes.

2 Q. Okay. But you didn't do either one of those
3 things?

4 A. No.

5 Q. Did you go to his aid after he was injured?

6 A. No.

7 Q. Did you see any member of APD go to his aid?

8 A. No.

9 Q. Do you think that -- well, not do you think, but
10 was Modesto Rodriguez's behavior in throwing the water
11 bottle criminal?

12 A. Yes.

13 Q. Okay. And how was it criminal? What was the
14 violation?

15 A. Participating in a riot.

16 Q. Okay. So I have the Penal Code definition of riot
17 in front of me from 42.02 and I want to ask you a little bit
18 more about that.

19 MR. LAIRD: And Leigh, if -- are -- if you're
20 finished with that --

21 MS. JOSEPH: I can take in down, yes.

22 MR. LAIRD: Yeah. Just so it helps me see
23 what's -- there we go, thank you.

24 MS. JOSEPH: Yeah. Uh-huh.

25

1 Q. (BY MS. JOSEPH) Just if I think I'm playing a
2 video on it's not on your screen tell me to put it back on
3 the screen.

4 A. Absolutely.

5 Q. All right. Okay, so looking at the Penal Code
6 definition of riot I see, "assemblage of seven or more
7 persons resulting in conduct which," so first let me ask you
8 about seven or more because I see Modesto as one individual
9 acting alone. Do you agree with that --

10 A. No.

11 Q. -- analysis? No.

12 Okay. So what seven -- what group of seven
13 are more persons is he a part of here?

14 A. So he's part of the entire group of -- of
15 everybody surrounding the Main and on Eighth Street.

16 Q. Okay.

17 A. Just because it is scattered out does not mean
18 that it is a -- it is not a singular group.

19 Q. Okay. And does everybody in the group have to be
20 engaging in the behavior that -- that is defined as -- as
21 riotous in order for it to be a riotous group? Or only some
22 people?

23 A. It sounds like it is a minimum of seven.

24 Q. Okay. And it says, "which creates an immediate
25 danger of damage to property or injury to persons."

1 And these are some "or" statements. So let's
2 say this or this or this.

3 So, "creates an immediate danger of damage to
4 property or injury to persons."

5 When I ask about this I want -- carefully
6 note the difference between risk of danger and actual
7 immediate danger. So in throwing the water bottle I believe

8 that you've already expressed to me opinions that can make
9 me understand that you believe that created a risk of
10 danger; is that right?

11 A. Yes.

12 Q. Okay. In throwing the water bottle did
13 Mr. Rodriguez create immediate danger of damage to property
14 or injury to persons?

15 A. I believe so, yes.

16 Q. Okay. Or "substantially obstructs law enforcement
17 or other governmental functions or services."

18 In throwing the water bottle that landed on
19 the ground did Modesto Rodriguez substantially obstruct law
20 enforcement or other governmental functions or services?

21 A. I would say that he was a part of the entire group
22 that was preventing us from maintaining law and order in the
23 area.

24 Q. Okay. Just by virtue of being there?

25 A. Mm-hmm.

1 Q. Okay.

2 A. So for instance, everybody standing in the street,
3 they're obstructing the highway. You know, they were told
4 to disperse multiple times.

5 Q. Okay. So that one gets kicked -- gets checked off
6 not because he threw the bottle, but because he's there?

7 A. Because he's there and because he threw the
8 bottle.

9 Q. Okay.

10 A. Because when situations did arise were we needed
11 to bring in ambulances or other officers or fire departments
12 we had to mobilize entire other groups to try to wade
13 through the crowds so that those other first responders
14 could -- could get to places. So I would say that the
15 entire crowd is doing what you explained.

16 Q. Okay. Okay. So that one is by virtue of being a
17 part of the crowd. Anybody who's there substantially
18 obstructs law enforcement or other governmental functions or
19 services?

20 A. Yes.

21 Q. Okay. And in the last one, the "or" -- or "by
22 force, threat of force, or physical action deprives any
23 person of a legal right or disturbs any person in the
24 enjoyment of a legal right."

25 Did -- does Modesto Rodriguez's behavior in

1 throwing the water bottle meet that criterion?

2 A. You did say disturbs other peoples rights to the
3 peaceful protest, right? Or -- or --

4 Q. "Disturbs any person in the enjoyment of a legal
5 right."

6 A. Yes. So -- so I believe that his actions throwing

7 things -- causing that to -- you know, being one of the

8 people who caused that to be a riot is doing just that.

9 It's not allowing the people who are there

10 for the right reason. And for the reason to legally protest

11 to enjoy that because of the agitators.

12 Q. Okay. Now, I'm going to circle way back. I'm
13 going to put this picture back up. And this time I'm not
14 asking you about what you thought in the moment. I'm asking
15 you about now that it's over and you have more facts at hand
16 than you did in the moment.

17 Now, that you're sitting here in this
18 deposition, you're looking at this picture of Modesto
19 Rodriguez, you know that what he threw was a water bottle
20 with water in it. Do you think that this is an appropriate
21 consequence for the behavior that he engaged in?

22 MR. LAIRD: Object to the form. You can
23 answer.

24 THE WITNESS: Yes.

25 Q. (BY MS. JOSEPH) You do?

1 A. I do.

2 Q. Okay.

3 A. This was the only way for us to maintain some
4 semblance of order.

5 Q. Okay. How do you feel about what happened to
6 Modesto?

7 MR. LAIRD: Object to the form.

8 THE WITNESS: I feel like it was very easy to

9 go there and make your voice heard without becoming an

10 agitator. There were plenty of people who did it. There

11 are plenty of people who still do it. It looks like --

12 Q. (BY MS. JOSEPH) I have to follow -- sorry, go
13 ahead.

14 A. It -- it looks like he chose to be an agitator and
15 try to ruin that for everybody else.

16 Q. I have to follow-up on your choice of words.

17 "Make your voice heard." Do you know that Modesto Rodriguez
18 is deaf?

19 A. No. Actually, I'm sorry, yes. I -- I was told
20 that.

21 Q. I'm going to give you some background. And this
22 is coming from me from what I've seen in the videos, so take
23 it you know, as you will, with a grain of salt. But Modesto
24 Rodriguez, who's deaf, had just seen a vehicle driving on
25 these streets in a way that he testified, he felt was

1 dangerous and threw the bottle after he saw that.

2 Does knowing that background about him change
3 any -- I mean that's his testimony about his background,
4 right? I'm just sharing with you what has been said. Does
5 knowing that background about him change anything about the
6 way that you evaluate his actions now after the fact?

7 MR. LAIRD: Object to the form. You can
8 answer it if you can.

9 THE WITNESS: I -- that's -- I -- I don't
10 know how to answer that because I -- I -- I'm not prevue
11 [verbatim] to what he's thinking and why he's doing that.
12 Or why he thinks that throwing a -- a bottle at a vehicle
13 would somehow change that behavior.

14 Q. (BY MS. JOSEPH) Okay. Okay. I just wanted to
15 ask. So let me go -- let me find our video. Do you --
16 would like to take another break, Officer Wright?

17 A. Do you mind if we take like -- like just ten
18 minutes so I can use the restroom and -- and whatnot.

19 MS. JOSEPH: Sure. Let's take ten minutes.
20 We'll come back at -- somebody do the math -- 12:16.

21 THE WITNESS: Sounds good to me.

22 MS. JOSEPH: Okay.

23 VIDEOGRAPHER: We're off the record. The
24 time is 12:06 p.m.

25 (Recess was taken.)

1 VIDEOGRAPHER: All right. We are back on the
2 record. The time is 12:17 p.m.

3 Q. (BY MS. JOSEPH) All right. Officer Wright, we're
4 back from a short break. And I'm going to share my screen
5 and return to the video that we were looking at earlier.

6 A. Yes, ma'am.

7 Q. So we'll just pick up where we left off here at
8 about 10:39 on the play bar.

9 (Video playing.)

10 Q. (BY MS. JOSEPH) What do you think is covering up
11 your camera?

12 A. It's probably my arm.

13 Q. Okay.

14 A. So by that time I had been holding a shotgun for
15 a -- for a while and so my arms were -- were getting tired
16 and my shoulders were getting tired. So I was constantly
17 kind of just moving around so I could hold the weapon in a
18 way that you know, I could give certain muscle groups a
19 break.

20 Q. Mm-hmm.

21 A. And it took me about -- took me a few minutes to
22 realize that somehow my Pandora got activated. And so
23 that's why there's music in my background. That was not
24 intentional in any means. I had put my phone away and --
25 because my han -- my fingers -- fingers were sweaty it

1 activated my Pandora. And I couldn't figure out where that
2 music was coming from. I thought it was actually a boom box
3 down below.

4 And then I realized that my pocket was
5 lighting up and, oh, okay. So my phone's --

6 Q. Okay.

7 A. -- here is projecting Pandora directly into my
8 body cam. So I apologize about that.

9 Q. Okay. You anticipated one of my questions. So
10 you didn't put on your -- your jams for the protest?

11 A. No. Not at all.

12 Q. Yeah, okay.

13 A. As -- as a matter of fact I -- I think that you
14 might hear me maybe utter a swear word, realizing that my
15 Pandora is on and being somewhat frustrated with myself
16 about it.

17 Q. Okay. All right. Let me resume play here. So I
18 may have cut it off in the middle of the conversation. That
19 might have been the end. But I think heard an exchange
20 possibly between you and another officer. Kind of talking
21 about who's looking where. Did you hear that conversation?

22 A. A little bit. If you don't mind just playing it
23 again. So -- I'm sorry -- I was trying to -- I was more
24 focused on looking at the screen to see -- I -- I was
25 wondering if --

1 Q. Sure. Okay. Yeah.

2 A. So now that I know what I'm supposed to be

3 listening for.

4 Q. Yeah. So for this part focus on audio.

5 A. Okay.

6 Q. Yeah. I'll go back a little bit. I went all the

7 way back.

8 A. Yeah, no, you're fine.

9 Q. Let me see here. Try there. I'm going to pause

10 it there and ask you kind of generally about that

11 conversation, but unfortunately I have to switch my AirPods

12 first. Give me just one second.

13 A. You're fine.

14 Q. Can you hear me?

15 A. Yes, ma'am. You are slightly -- slightly lower

16 than you were before, but I can hear you.

17 Q. Okay. I think I have got it.

18 MS. JOSEPH: Can y'all hear me now?

19 THE WITNESS: Yes, ma'am.

20 MS. JOSEPH: See if I can hear you. Can we

21 go off the record?

22 VIDEOGRAPHER: It's 12:24 p.m. We are off

23 the record.

24 (Recess was taken.)

25 VIDEOGRAPHER: All right. We are back on the

1 record. The time is 12:26 p.m.

2 Q. (BY MS. JOSEPH) All right. I had a little
3 technical difficulty. I'm going to apologize in advance if
4 you guys hear background noise since I don't have the -- the
5 AirPods in. But let me ask you now if you haven't forgotten
6 what I just showed you.

7 Did you hear a conversation, Officer Wright,
8 amongst some officers maybe talking about where to look or
9 who was doing what?

10 A. Yes, ma'am.

11 Q. Okay. What was -- what was kind of going there?

12 A. So I don't know who it was, but we kind of
13 collectively established that we realized that we had two or
14 three less-lethal weapons in fairly close proximity. And to
15 prevent all of us targeting the same person at the same time
16 we set up the -- the only word I know is from the military
17 it's -- it's called a field of fire.

18 And so from where you're standing it's a cone
19 -- an outward cone shape. And so you have your lateral
20 limits. So you have a right lateral limit and a left
21 lateral limit. And your area of responsibility is within
22 that cone. And kind of nothing else unless you know,
23 there's an emergency.

24 So it sounds like we were setting up these
25 kind of areas -- that -- that's what we'll call them. We'll

1 call them areas of responsibility to focus on so that we
2 didn't have -- so we -- we -- we're communicating better so
3 that we didn't have multiple people impacting the same
4 person.

5 Q. Okay. Okay. So 'cause that was kind of my
6 question. Is this a watch area? Or a target area? Or
7 both? So you're -- it sounds like both.

8 A. Yes, ma'am.

9 Q. So you're not like watching over there and then
10 someone calls out that they saw something the other way and
11 you go over there and aim. You're focused on your kind of
12 designated area?

13 A. Yes, ma'am.

14 Q. Okay. Okay. Let me continue the playback.

15 (Video playing.)

16 Q. (BY MS. JOSEPH) I have to stop there. We heard
17 the conversation I think about some marijuana use?

18 A. I didn't hear that actually.

19 Q. Oh, okay.

20 A. That didn't come through.

21 Q. Let me -- you do hear the sound?

22 A. I do -- I hear your sound. I don't hear --

23 Q. Don't hear the video? Okay.

24 A. No, ma'am.

25 Q. Let me try again. Do you hear the sound now?

1 A. Yes, ma'am.

2 Q. Okay. Did you hear that? "Somebody's burning
3 some good hemp"?

4 A. Yeah. That was me.

5 Q. Okay. I think that's a reference to somebody
6 probably using some marijuana somewhere in your vicinity?

7 A. Yes, ma'am.

8 Q. Did you arrest anybody for -- for drug possession
9 or use?

10 A. No, ma'am. That was actually the reason for my
11 sarcasm. At the time, the -- I can't remember if it was the
12 state or the City of Austin itself -- had began [verbatim]
13 their transition of -- well, so the City of Austin had began
14 of decriminalizing marijuana even more than they already
15 had.

16 And I think the state had just enacted
17 something about they -- they allow hemp farming. And the
18 kind of -- the general consensus was -- is if your burn hemp
19 and you burn marijuana you know, you really can't tell the
20 difference. And that that's what we were told you know.

21 And so it became kind of a running joke with
22 my squad at that point that anytime we smelled what we
23 believed to be marijuana because the city didn't want us to
24 do anything about it in our department. Didn't really allow
25 us to do anything about it. You know we would make light of

1 the situation of not being able to enforce the law due to
2 city policies.

3 You know, some -- oh -- or somebody's making
4 T-shirts. Or somebody's making little tiny rope. Stuff
5 like that. You --

6 Q. Okay. Okay. Understood. Okay, let me continue
7 playback.

8 (Video playing.)

9 Q. (BY MS. JOSEPH) Did you hear that exchange?

10 A. Yes, ma'am.

11 Q. What -- what was that exchange? What did you
12 hear?

13 A. I heard -- I -- I believe it was me that said, "I
14 think we both got the dude in the red shirt." And I believe
15 the other officer said, "Yeah, it looked like it hurt pretty
16 good."

17 Q. Okay. I think that's probably a relation back to
18 somebody calling out red shirt. And then the -- the shots
19 targeted at Modesto. Do -- do you think so?

20 A. Quite possibly, yes.

21 Q. Okay. Okay. Now, I know -- let me get to -- all
22 right, I'm going to continue playback some more. I'm at
23 12:30.

24 Were you able to hear that?

25 A. Yeah, it sounds like I'm talking to somebody and

1 explaining why we fired our weapons.

2 Q. Okay. And it sounds like you weren't able to tell
3 that night that it was a water bottle that -- that was being
4 -- (crosstalk.)

5 A. Yeah, it sounds like it.

6 Q. Okay. All right. I'm going to skip ahead to see
7 if we can get to the Mr. Talley incident. I'm going to go
8 to about -- a little before 18:00 on this bar. So I'm at
9 17:57.

10 So actually this is just before Mr. Talley.
11 Something's actually going to happen, Officer Wright, kind
12 of right in front of headquarters. And then you're going to
13 see the crowd scatter. And I want to show you that and then
14 ask if you know what happened.

15 A. Okay.

16 Q. Okay.

17 (Video playing.)

18 Q. (BY MS. JOSEPH) Is this still your Pandora?

19 A. Yeah, unfortunately.

20 Q. Yeah. Okay. So I interrupted to ask you that

21 question. Let me go back ten seconds. And -- and see what

22 causes everyone to scatter. Do you have any idea what

23 happened there?

24 A. I don't, but from looks of it, it looks like

25 somebody threw an incendiary device and people on the steps

1 might have fired less-lethal at them.

2 Q. Do you see -- do you see the incendiary device
3 that you're thinking of here in the video?

4 A. I think so. If you look towards -- so if you look
5 where the street light is and then you go to the -- yeah,
6 right -- and right below that -- just a little bit more
7 over. You see that pillar of smoke? No, other way. Yeah,
8 just a little bit up. You see that pillar of smoke?

9 Q. Is it this gray area here?

10 A. Yes.

11 Q. Okay.

12 A. So it's like right before that smoke starts
13 happening you see a couple of flashes as if a firework --
14 like mortar was thrown. And so it flashes for what -- what
15 I would assume would be the propellant engine. And then it
16 smokes and it might explode here if we continued the video.
17 But it looks like some -- some -- something is now burning
18 on the front steps. And it was a --

19 Q. Okay.

20 A. -- a bright red flame before.

21 Q. Okay. Do you remember somebody throwing an
22 incendiary device?

23 A. Yes. I remember --

24 Q. In that area?

25 A. -- yes. I remember at -- at least one if not

1 multiple incendiary devices were thrown at the officers on

2 the steps.

3 Q. Mm-hmm.

4 A. As a matter fact, I don't remember if it was a
5 protester or somebody filming the event, got a fairly
6 incredibly picture of it exploding at the officers feet.

7 And I saw it a couple -- I saw the -- the picture a couple
8 of times and haven't been able to find it since.

9 Q. Okay. Okay. Well, that was really just to
10 educate me because I wasn't sure what was happening there.
11 So that gives me something to -- to look at.

12 I'm going to go just about 30 seconds ahead
13 and we'll see if we can identify Mr. Talley. Kind of in the
14 area where I'm circling.

15 (Video playing.)

16 A. Okay.

17 Q. As he comes onto the screen. So it's just real
18 brief that I see him in your body cam. Were -- were you
19 able to identify him?

20 A. No. I was. I -- I -- I couldn't. There's a lot
21 of people moving around. If you -- if you rewind it back a
22 little bit I can -- I can try it again.

23 Q. So I think that I see Mr. Talley in a white
24 T-shirt and dark shorts kind of jog up over here before your
25 camera is occluded.

1 A. Okay.

2 Q. We'll see if you see that. If you're able to
3 identify him as the target that you're shooting at, is kind
4 of my question.

5 A. Okay.

6 MR. LAIRD: And Leigh, Leigh would you mind
7 specifying what the timestamp is? I can't see it.

8 MS. JOSEPH: Yes. Right now I just paused at
9 18:52.

10 MR. LAIRD: Perfect. Thanks.

11 Q. (BY MS. JOSEPH) That time it was under -- I can't
12 figure how to get rid of this bar. I'm sorry, Officer
13 Wright, let me try again --

14 A. That's all right.

15 Q. -- and try to get that bar out of the way.

16 A. Why don't we go back like 15 or 20 seconds? And
17 then just watch it all the way through. That way we can --
18 we can maybe got that bar to disappear.

19 Q. Sounds good to me. So we're starting at 18:36.
20 There he comes.

21 A. I -- I'm sorry -- I.

22 Q. If -- you don't have to apologize -- (crosstalk.)

23 A. I'm not -- I'm not trying to be difficult.

24 There's -- there's a lot of people moving around in that
25 area. And so I'm not entirely -- I'm not entirely sure

1 which one you're claiming to be Mr. Talley.

2 Q. Mm-hmm.

3 A. So and also unfortunately these -- these cameras
4 are really good, but they are still a little bit grainy when
5 they get out to -- to that distance.

6 Q. Let's see if I can slow the speed. See if that
7 helps us. When I move my mouse it makes that bar come up,
8 but I'm going to try to point.

9 A. Okay.

10 Q. Okay. Right here, coming up.

11 A. You're saying right there in the very, very bottom
12 of the screen?

13 Q. That's who I think your target was. Are you able
14 to confirm that?

15 A. I -- I don't -- I don't know.

16 Q. Okay. All right, but you do -- and I can replay
17 or continue play if needed -- you do fire the shotgun
18 containing the beanbag rounds at this point?

19 A. I believe so because the first time we watched it
20 I -- I -- I saw myself fire.

21 Q. Okay. Okay. And do you know how many times you
22 fired in this particular engagement?

23 A. I don't recall, but if we could watch the video we
24 can verify.

25 Q. Okay. I turned the speed back to normal so that

1 it-- the sound is more --

2 A. Okay.

3 Q. -- like we would expect. And I'll just play it
4 through.

5 Were you able to approximate how many times
6 you fired?

7 A. Not really. So I only see one shell eject from my
8 firearm or from my less-lethal shotgun rather. So I
9 honestly can't tell if I fired once or twice right there.
10 Do you mind just going back just 10 seconds. We can watch
11 it one more time. I can -- I can try again.

12 Q. Sure. And the officer next to you, to your right
13 fires as well; is that correct?

14 A. Mm-hmm. I believe so, yes.

15 Q. I didn't go far enough. If -- do you think you
16 can tell if you fired more than once?

17 A. I -- I honestly can't. I -- I can't tell if I
18 attempted to fire and my safety was accidentally engaged
19 from bumping my vest and I instinctively jerked with the
20 expected recoil. And then fixed the problem, and then
21 fired, and then ejected the round. Or if I fired twice.
22 I -- I honestly can't tell. I know for a fact I fired at
23 least once.

24 Q. Okay. Okay. And throughout the day that day, you
25 fired multiple times at multiple different individuals?

1 A. Yes.

2 Q. Okay. So I know we talked earlier about what
3 video you had seen. And we talked about your -- is -- your
4 body cam video. Is this some of the footage that you
5 watched before the deposition?

6 A. I actually -- I don't think we watched this
7 portion. I think that we watched more of the -- what you're
8 claiming to be the Modesto portion.

9 Q. Okay. Okay. But this does -- this is your body
10 cam?

11 A. Yes, ma'am, this is my body cam.

12 Q. Okay. And if what I'm telling you is correct
13 about who is Modesto and who is Tyree, then you did fire at
14 both of them?

15 A. I've would -- I would agree that it's very
16 possible that I fired at Modesto. However, I -- I have no
17 idea who I -- who I am firing at based on what I can see in
18 this video here.

19 Q. Okay.

20 A. I -- I don't know if it was somebody closer to me.
21 If it was somebody further away. I -- I -- I don't know
22 because it's in the very corner of that -- of that screen
23 and essentially as soon as I raise the less-lethal shotgun
24 I -- I can no longer see the picture.

25 And so part of that, just so we're all kind

1 of on the same page, at the time I wore my body camera on
2 the right side of my chest. I have since moved it to the
3 left side of my chest after this incident because after
4 reviewing this video I realized that the way that I hold a
5 long gun, this arm (indicating) happens to cover my body
6 camera a lot. And I realized that that could be a potential
7 problem.

8 So what that also means is when I get into a
9 shooting stance, although I'm facing this way (indicating)
10 my body camera is showing more of the right side of where my
11 body is facing. And not necessarily exactly where I am
12 looking.

13 And then again, when I go into my shooting
14 stance to properly prepare, I turn my body to make a
15 thinner, slimmer profile causing not only my arm to
16 semi-block the camera, but the camera to turn towards where
17 my body is facing and not where my eyes and -- and head are
18 facing.

19 Q. Okay. Okay. That's helpful to know. Did -- did
20 someone instruct you to wear the camera in one position or
21 another?

22 A. No. So I -- I will not be able to quote the
23 policy verbatim. But our policy is essentially, middle of
24 the chest between the first couple buttons from the top.
25 And then either to the right or the left, if you have the

1 outer vest. Or if possible, direct center if you have the
2 inner vest.

3 Q. Okay. Okay.

4 A. The camera -- (crosstalk.)

5 Q. Let me ask -- go ahead.

6 A. I'm sorry. The camera doesn't mount on the center
7 for the outer vest because of the way the vest zips up.

8 Q. Oh, okay. Okay. Let me play just a little bit
9 farther and I -- I think we're about through with the video.

10 A. Okay.

11 (Video playing.)

12 Q. Okay. Yeah, I'm -- I'm gonna take that off of
13 your screen. So you haven't seen a video showing
14 Mr. Talley's conduct immediately before he's shot at?

15 A. I -- I have not seen a video, no.

16 Q. For purposes of our conversation, I'm going to
17 represent that Mr. Talley threw a water bottle.

18 A. Okay.

19 Q. Okay. So assuming that that's a fact, is that
20 conduct criminal?

21 A. In these circumstances, yes.

22 Q. Is it cause for arrest?

23 A. Yes.

24 Q. Did you arrest Mr. Talley?

25 A. No, ma'am.

1 Q. Did you go to his aid?

2 A. No, ma'am.

3 Q. Okay. Is his behavior, assuming that he threw a

4 water bottle you know, as I've described, riotous behavior?

5 A. Yes, ma'am.

6 Q. Let me pull some pictures up for you. And I'm
7 gonna show you some pictures of Tyree labeled 1141, 1140,
8 50, 43, 44, 42, 38, 47, 45, 46, 1149, 1139, 1152. So I'm
9 also going to represent to you that Mr. Talley was impacted
10 12 times.

11 A. Okay.

12 Q. By -- by beanbag rounds. At the -- and that these
13 pictures contain some, but not all -- depictions of some,
14 but not all of those injuries, okay?

15 So looking at Mr. Talley in the aftermath --
16 and I also don't know if you know this, but it's -- it's not
17 a photograph that I'm showing you. So I'm -- I'm also going
18 represent to you that Mr. Talley was also shot in the
19 groin -- in the -- in the penis.

20 A. Okay.

21 Q. But that was another place that he sustained an
22 injury.

23 A. Okay.

24 Q. Is this an appropriate consequence for throwing a
25 water bottle?

1 MR. LAIRD: Object to the form. You can
2 answer.

3 THE WITNESS: So I cannot account for other
4 officers from other vantage points seeing what Mr. Talley
5 was doing and taking the same action that I possibly did on
6 this individual. So what I would say is, yes.

7 Q. (BY MS. JOSEPH) Being shot 12 times and having
8 his body covered in -- in bruises and cuts having lasting
9 scars and disfigurement -- that's appropriate consequences
10 for throwing a bottle of water?

11 MR. LAIRD: Object to the form. You can
12 answer.

13 THE WITNESS: So at max, I fired twice and I
14 would say that that is appropriate.

15 Q. (BY MS. JOSEPH) Even if it was -- (crosstalk.)

16 A. What I'm saying -- what I'm saying is -- is I
17 cannot -- I cannot account for what any other officer did
18 from another vantage point. What I can say is that we had
19 been impacting people who had been throwing things all day
20 and that it was very evident that that is what our response
21 was.

22 So for people who continued to throw things,
23 if they got impacted multiple times, I don't believe by --
24 by different vantage points, I don't believe that that is --
25 that is our fault. There's no way to coordinate from how

1 many different vantages that we had and where we had
2 officers you know, who was going to impact an individual.
3 It would probably impossible because of how the situation
4 was evolving.

5 Q. So from your perspective, if he had been out there
6 for any length of time that day Mr. Talley should have known
7 better?

8 A. I would say that he been there for any length of
9 time Mr. Talley should have been able to see what the
10 response was to people throwing things. And should have
11 realized that it was not -- it would not behoove him or
12 benefit in any way to throw things at anybody or anything.

13 Q. Did you receive training on excessive force and a
14 person's right to be free from excessive force as part of
15 your APD training?

16 A. Yes, ma'am.

17 Q. Does the fact that excessive force was used on one
18 person and another may have seen it, mean that it's then
19 okay and the second person no longer has a right to be free
20 of excessive force?

21 MR. LAIRD: Object to form, but you can
22 answer.

23 THE WITNESS: Okay. Can you please just
24 restate your question. I just want to make sure I'm hearing
25 right. And I'd like to -- to write it down so I'm not --

1 I'm not forgetting any aspect of what you're saying.

2 Q. (BY MS. JOSEPH) Let me see if I can say it better
3 because it's a little bit confusing. And I think I'm going
4 to have to do it with kind of an example.

5 A. Okay.

6 Q. So I'm a -- I'm, you know, an American. I have a
7 right to be free of excessive force, right?

8 A. Okay.

9 Q. Do you agree with that?

10 A. Yes.

11 Q. Okay. I see someone next to me do something and
12 what I believe is excessive force is used on that person.

13 A. Okay.

14 Q. Okay. Does that mean that I have lost my right to
15 be free from excessive force, if I engage in the same
16 action?

17 MR. LAIRD: And object to form, but -- but
18 you can answer.

19 THE WITNESS: I -- I'm sorry. That actually
20 made it -- it made it more confusing.

21 Q. Made it worse?

22 A. And -- and -- I -- I'm not trying to be difficult.

23 So in that situation are you saying that the force is used
24 on you? Or you witnessed somebody using force and you have
25 the right to not have force used on you?

1 Q. I witnessed somebody do something --

2 A. Okay.

3 Q. -- and the consequence is that force is used on

4 them.

5 A. Okay.

6 Q. And I do the same thing.

7 A. Uh-huh.

8 Q. That the first person did.

9 A. Okay.

10 Q. Do I still have an independent right to be free

11 from excessive force?

12 MR. LAIRD: Object to the form.

13 Q. (BY MS. JOSEPH) Even though I've seen what I've

14 seen.

15 MR. LAIRD: Same objection, but you can

16 answer.

17 THE WITNESS: I'm -- I'm sorry. I'm --

18 I'm -- I'm -- I'm having -- I'm having trouble understanding

19 what -- what you're trying to -- to portray. So are you

20 saying that you witnessed somebody throwing something and

21 excessive force is used on them. And then you do the same

22 thing -- does that mean that you should receive the exact

23 same consequence? Or you shouldn't?

24 Q. (BY MS. JOSEPH) Yeah, I'm not getting it across.

25 I want to ask you that so let me see if I can say it better.

1 I'm gonna try -- I'll try one more time and then we can move
2 on.

3 A. Okay. And -- and -- I -- I apologize.

4 Q. Not your fault. Yeah. And -- and what's
5 prompting me to ask this is your remark about Mr. Talley or
6 the protesters who were out there -- should have seen what
7 was happening that day when objects were thrown. They
8 should have seen what the response was.

9 And so that's making me try to ask this
10 question. Does what I see --

11 A. Uh-huh.

12 Q. -- does what I see, alter my right -- my Fourth
13 Amendment right to be free from excessive force?

14 A. No. But I don't believe that -- in this
15 particular situation I don't believe that you could say
16 excessive force was used. And here's why. So in -- I'm
17 sorry did somebody say something? Okay.

18 Q. No continue.

19 A. So in a situation where we have say five officers
20 and we're dealing with one individual, okay? In that that
21 situation devolves into a fight. And hypothetically say we
22 use excessive force on him, right? That is all of us in the
23 same exact area, focusing on the same exact person, at the
24 exact same time.

25 Am I echoing? 'Cause I -- I -- I hear

1 somebody.

2 MR. LAIRD: It sounded like there's a little
3 feedback or something.

4 THE WITNESS: Okay. Okay. I -- I just --
5 I'm okay. So let me get back to where I was. So in that

6 situation when all of -- say the -- say officers are
7 together and excessive force is used then, yes, I would say
8 that that is excessive force.

9 In this particular situation what we have is
10 we have an individual who is far away. And we have officers
11 from multiple different angles who are using the minimal
12 amount of force, right? And as I said before there's no way
13 to coordinate between everybody out there who had
14 less-lethal weapons and the vantage points that they had,
15 right?

16 So like I said, I fired maybe two rounds. I
17 don't believe that that is excessive. Maybe the person next
18 to me also fired two rounds at that same person. To him
19 that is not excessive. The person 15 people down with a
20 completely different vantage point who no idea that we were
21 targeting the individual, fired one round. That is not
22 excessive.

23 The cumulation of everything could be
24 conceived as excessive, however, there's no way for us to
25 know that the other force was being used at the time.

1 Q. Okay. I understand what you're saying. So you

2 don't --

3 A. So --

4 Q. In your opinion an individual -- I'm sorry, I

5 don't want to interrupt you. Go ahead.

6 A. No, it's okay. And I apologize, I'm not trying to

7 talk over you. So the fact that he was impacted 12 times,

8 that is tragic and that is -- that is sad. And -- and no, I

9 don't believe that that should have happened. But what it

10 sounds like is, is you're trying to claim that -- that

11 somehow we accumulated this idea of everybody in the area

12 was going to shoot this same guy as a -- in an individual

13 punishment for him. And that's just not the case.

14 Individual officers from different vantage

15 points maybe all saw the same thing and reacted. And

16 reacted in a reasonable way, with a reasonable amount of

17 force to stop the riotous activity. The fact that it all

18 accumulated onto one person, that's -- I -- I don't believe

19 that that's our fault. 'Cause there's no way to precisely

20 coordinate that in that particular situation or really in

21 any situation.

22 Q. People always think that lawyers are trying to

23 scheme some sort you know, answer out of them. And I'm

24 really not trying to do that. I'm just trying to ask you

25 questions.

1 A. Okay. I -- and I understand and -- and --

2 Q. Yeah.

3 A. -- and I don't think you're trying to scheme. I

4 think that you're trying to make the point that, yes, 12

5 impacts is a lot. And why, right? And what I'm telling you

6 is, is that we need to look at it from a different paradigm

7 of it's not like we had 12 -- 4 officers line up and shoot

8 him 3 times each. You know, simultaneously. We had

9 multiple officers who I had no -- you know I -- I had no

10 ideas where these officers were. Because even my video it

11 only shows maybe a max of four shots, right?

12 Q. So this was not a coordinated effort by APD for

13 people to make sure that Tyree Talley was shot 12 times?

14 A. Not at all.

15 Q. Okay.

16 A. This is individual officers observing a riotous

17 act and taking the actions in which we were not only

18 instructed, but we felt necessary to prevent further harm

19 and disorder to the people in the -- the people in the area

20 and the area. And unfortunately and sadly for Mr. Talley

21 multiple people were -- multiple officers with less-lethal

22 shotguns were observing for him at the same time. And --

23 and took that same action.

24 Q. And in -- instead of a coordinated effort, it was

25 actually the opposite. You guys were not able to

1 coordinate?

2 A. There's no way to coordinate. The only way that

3 we would've been able to coordinate, again, is if we were

4 all lined up and you know, somebody was like, that guy,

5 ready, fire. And that --

6 Q. And that --

7 A. -- that wasn't really what -- it wasn't what was

8 happening.

9 Q. Okay. In that resulted in a number of -- how many
10 people were armed with these shotguns at that time? Do you
11 have any idea? Like more than 20?

12 A. Honestly, I have no idea. I --

13 Q. Okay.

14 A. I -- I have no idea.

15 Q. Okay. So that resulted in some number of APD
16 officers armed with these shotguns equipped with the beanbag
17 rounds all following the same order, shoot at somebody who's
18 throwing an object?

19 MR. LAIRD: Object to the form.

20 THE WITNESS: Impact somebody who is -- who

21 is throwing objects.

22 Q. (BY MS. JOSEPH) Okay. And so in Mr. Talley's

23 case you know, your -- your view and what you're explaining

24 to me is that one individual officer's actions were not

25 excessive?

1 A. No.

2 MR. LAIRD: Object to the form.

3 Q. (BY MS. JOSEPH) Okay. But the cumulation, the
4 aggregate of 12 shots to Mr. Talley was excess.

5 MR. LAIRD: Ob -- object to form.

6 Q. (BY MS. JOSEPH) Even though it's not one
7 individual. We can't blame a particular individual officer
8 for that -- the -- the aggregate was -- was excess?

9 MR. LAIRD: Object to the form.

10 THE WITNESS: No. Because again, I don't
11 think that you can -- you can -- I don't think you can
12 call -- you can combine all of these. Because again,
13 it's -- it's individuals from different areas. So I think
14 that you would have to essentially make it each individual
15 thing, an -- an individual situation.

16 Q. (BY MS. JOSEPH) How many times do you think
17 Mr. Talley needed to be shot in order to not throw another
18 bottle?

19 MR. LAIRD: Object to the form. Calls for
20 speculation.

21 THE WITNESS: I don't know because I'm not --
22 I'm not there, right now. I'm not looking at what's
23 happening.

24 Q. (BY MS. JOSEPH) But you were then. I mean,
25 seeing what you saw. Impacting the people that you did

1 and -- and targeting people who throwing objects. How many
2 shots did it take to get somebody to comply?

3 MR. LAIRD: Object to the form. Speculation.

4 THE WITNESS: I'm sorry. Does that mean I
5 answer? Or I don't answer? I'm sorry.

6 Q. (BY MS. JOSEPH) You still answer.

7 MR. LAIRD: Yeah, you answer if you can.

8 THE WITNESS: Okay. I'm sorry. So restate
9 the question.

10 Q. (BY MS. JOSEPH) Yeah. When you were out there
11 for hours you know, targeting -- under orders to target
12 people who were throwing objects, right?

13 A. Ah, yeah, okay. I see what you're saying. Okay.

14 So the less-lethal shotgun is not a -- is not an

15 immobilization weapon. So it is indeterminate to tell how

16 many shots it will take for someone to realize that this

17 hurts, I should stop. Right? Because one, it depends on

18 where you're hit. Two, it depends on how much of an actual

19 blow you received. So for instance, if I missed or I -- or

20 it was just a glancing blow it's -- it's not going --

21 something I'm happened.

22 Q. My screen back up. Yeah.

23 A. Something -- so if it's a glancing blow you know,

24 that -- that might not gain com -- compliance. That might

25 not make gain -- you know, make somebody realize that I -- I

1 need to stop this behavior. So it -- it depends. I've

2 seeing people get impacted four or five, six, seven, eight

3 times and continue doing what they're doing.

4 It depends on each individual person's pain

5 tolerance I suppose. If they're under the influence of

6 anything. There are -- there a multitude of -- of reasons

7 why one or two or -- or multiple impacts won't work.

8 It depends on the type of clothing their

9 wearing. It depends on if -- if they have anything under

10 that -- that clothing. We -- we -- we could go on for a

11 long time and to -- to say you know, all -- all the

12 different reasons on why these -- these rounds might not

13 work. Or would work. And there is -- there's -- there's no

14 way to tell until the behavior actually stops.

15 Q. You said something that I want to go back to. You
16 said glancing blow. So I want to ask you -- I'm showing you
17 these same pictures of Mr. Talley's injuries. Does this
18 look like a glancing blow?

19 A. No. But could you go back to the first one?

20 Q. Yeah. I'll get there. Does this look like a
21 glancing blow?

22 A. No.

23 Q. What about this one?

24 A. Nope.

25 Q. Okay. And we're just going backwards from this

1 set that I've been you today.

2 A. Okay.

3 Q. What about -- what about these on the hips? Do
4 these look like glancing blows?

5 A. They don't look like it, but they -- they could
6 be. Just -- but they don't look like it.

7 Q. Does that look like it hurts?

8 A. Absolutely.

9 MR. LAIRD: Object to the form.

10 Q. (BY MS. JOSEPH) Do these look like glancing
11 blows?

12 A. The one on the right side of the picture with the
13 striped underwear looks like -- or no, sorry. So left
14 picture, right side of the leg that looks like it could be a
15 glancing blow. And again, glancing blow is -- is -- is
16 relative as well. How -- how much material is being --
17 is -- is -- is being touched. It could be very minimal. It
18 could be a lot. And the other one does not look like a
19 glancing blow.

20 Q. What about -- what about the ones we see here?

21 A. So if I'm being --

22 Q. I think the new ones are the shoulder and the back
23 of the arm.

24 A. So if I'm being honest, the shoulder and the
25 elbow, those look like road rash. Those look like somebody

1 falling down and scraping.

2 Q. Okay. You wanted me to go back. It's probably to
3 this picture of the ear?

4 A. No. It was the shoulder one.

5 Q. The shoulder?

6 A. But that looks like more like road rash, but
7 that -- that also looks like what -- road rash is somewhat
8 of a glancing blow. It's a slide acrossed [verbatim].

9 Q. Okay. And I do have to ask you at this point you
10 know, if you have particular training that enables you to
11 identify the difference between a beanbag round injury and
12 road rash?

13 A. I don't have any (audio distortion) -- I don't
14 have any specific training to say (audio feedback) -- sorry?

15 Q. Oh, carry on.

16 A. I don't have any training to specifically say
17 beanbag or road rash, however, through my training and
18 experience for five years as a military medic, both
19 stateside and in Afghanistan, I have seen a multitude of
20 injuries and things that cause injuries and know what
21 certain injuries look like.

22 Could this be a beanbag? Absolutely, this
23 could be a beanbag. However, it also looks like it could be
24 when -- if he fell down or when he fell down, he scraped his
25 shoulder. And possibly over here when he fell down he hit

1 his ear and that's what made his ear swell.

2 Q. But you don't know. (Crosstalk.) You don't know
3 one way or another?

4 A. No. I don't know one way or another. So it could
5 either.

6 Q. Okay. They could -- these very well could be
7 beanbag munition injuries?

8 A. Mm-hmm. They can also be him running into a wall
9 when he was finally running away. These two (indicating).
10 And I'm not talking about the other ones. I'm talking about
11 these two.

12 Q. Okay.

13 A. Is -- is -- a lot of -- a lot of the -- a lot of
14 things could've caused some of these injuries. Could they
15 be beanbags? Yes. Could they also not be --

16 Q. Okay.

17 A. Yes.

18 Q. Okay. You also talked about there being instances
19 where it takes three to four impacts with a beanbag round
20 before somebody stops in action.

21 A. Mm-hmm. Yes.

22 Q. Okay. I'll limit this question to May 30th, 2020,
23 people who were throwing water bottles, okay? Of those
24 people how many did you see reaching for a second bottle to
25 throw again? After they threw the first one?

1 A. So I can't specifically talk on only the
2 individuals who threw water bottles. I -- I was -- was I
3 able to identify at least one? And that sounds like it was
4 Modesto. But there were multiple instances where we
5 would -- I impacted somebody, they went down, they jumped
6 back up, ran back around and then later I saw them throwing
7 objects again. But they were either too far away or I
8 didn't have a clear enough shot. And it -- had I tried to
9 impact them again at that later time they would -- I
10 could've possibly hit somebody who was not participating in
11 that particular activity.

12 Q. So you didn't want to just stop the throw that was
13 happening? You wanted to stop these people from throwing
14 again? Even if it was going to be ten minutes later?

15 A. No. I wanted to stop the behavior as it was
16 happening and hopefully that would stop future behavior as
17 well.

18 Q. Okay. So I mean, Modesto throws a water bottle,
19 he didn't have an arsenal of water bottles. He picks one
20 off the ground and he throws it. I mean, Tyree throws a
21 water bottle. You know, I mean what I'm getting at here is
22 these people are not water bottle, water bottle, water
23 bottle. They're throwing one. I mean, did you see anybody
24 kind of repeatedly throwing water bottles?

25 A. Absolutely. So what you're saying is -- what

1 you're saying is, is these guys picked up a weapon of

2 opportunity that was on the ground and immediately threw it.

3 The ground was littered with weapons of opportunities, so

4 what's to stop them from grabbing another weapon of

5 opportunity and throwing it again.

6 Q. What's to stop them is -- is it what I'm asking?

7 I'm asking what you saw.

8 A. Yes. I saw people --

9 Q. So how -- how many people did you see walking
10 around on the street, picking up a water bottle, throwing
11 it, and then picking up a water bottle again and throwing
12 it?

13 A. On multiple occasions I saw people picking things
14 up off the ground and throwing them and doing that multiple
15 times.

16 Q. All in a continued sequence? Bend down, throw,
17 bend down, throw -- you saw that happening?

18 A. Not necessarily a continued sequence. Some of
19 them were. Some of them weren't. They would meander
20 through the crowd and like I said, pick up weapons of
21 opportunity as they found them and throw them.

22 Q. And so that gets to this distinction in -- in
23 clarification point that I don't quite get on what your
24 objective is. Are you trying to like take somebody out so
25 they can't throw something again?

1 A. No.

2 Q. Or you just trying to stop the action that's
3 happening in that moment?

4 A. We're trying to stop the action that's happening
5 in that moment. And hopefully, they realize that that's not
6 a good idea and stop doing that action. I'm hoping that
7 they make that decision. I'm not -- I'm not hoping that
8 because I -- I'm not hoping that I'm going to permanently
9 incapacitate them from ever doing anything again.

10 Q. Yeah. I mean, I would hope not, but I just want
11 to make sure. And so in that moment Tyree Talley's action,
12 throwing a single water bottle, right?

13 A. Sure.

14 Q. Okay. It didn't take 12 shots to deter him --
15 to -- well, actually let me -- let me go a different way.
16 Let me ask you something else. Had he already thrown the
17 water bottle when you shot at him?

18 A. I -- I don't know. I -- I -- I don't remember --
19 (crosstalk.)

20 Q. Okay. Do you know on Modesto?

21 A. I don't know on Modesto. However, I think I have
22 something in one of my supplements that might be Talley.
23 Okay. So -- all right, so this is -- this is reminding me
24 of it. So I -- I this might be the incident we're -- we're
25 discussing.

1 So "At 18:55 mark in my video, Officer Wright
2 observed what I believe to be a male subject standing in the
3 35 service road intersection with Eighth Street. The male
4 was facing the Austin Police Headquarters. I observed the
5 male throw an object towards the officers on the steps. By
6 the time that I had brought my less-lethal up, the subject
7 had turned around. I fired the first round at the
8 subject -- I fired the first round at the subject as he
9 started to run northbound on the service road."

10 "I aimed this round to impact the subject in
11 the abdomen, however, due to him accelerating into a run
12 this, this round impacted him in the upper body, near the
13 shoulder. I reloaded with my second round and hit him in
14 the lower body."

15 The reason -- now that I'm reading this I
16 remember. So what was happening, at that time, what we were
17 seeing was we were seeing people run out from under the
18 overpass that we were standing on -- or under the bridge
19 that we were standing on. They would grab something, throw
20 it and then try to run back under the -- under the overpass
21 so that we couldn't impact them. And then they would
22 continually go back-and-forth and do that.

23 So the idea here was we -- it sounds like I
24 observed him throw the object so I impacted him and as he
25 started to try to run back in, I was attempting -- I was

1 trying to prevent him from running back to try and grab more

2 things to throw at the Main at the officers there.

3 MR. LAIRD: And -- and, Justin, could you
4 just identify the Bates number on the bottom of whatever
5 page --

6 THE WITNESS: Yes.

7 MR. LAIRD: -- you're reading from?

8 THE WITNESS: That is 2469. And that's the
9 middle paragraph that starts with, "at 18:55."

10 Q. (BY MS. JOSEPH) Okay. So is -- he has thrown the
11 object already?

12 A. Yes.

13 Q. And is running away when you are targeting him?

14 A. Yes -- (crosstalk.)

15 MR. LAIRD: Objection, form.

16 MS. JOSEPH: Are you objecting to the word
17 "targeting"? I got that from an officer yesterday. Is
18 that --

19 MR. LAIRD: That's part of it.

20 MS. JOSEPH: Okay. I'll -- I'll use a
21 different word, yeah.

22 Q. (BY MS. JOSEPH) Okay. So Mr. Talley had
23 thrown -- or the subject that you're reading about in this
24 report had -- had thrown the object and was running away at
25 the time that you were firing your shotgun aimed with the

1 beanbag rounds?

2 MR. LAIRD: And I object to the form. And --
3 and, Leigh, what I'm -- I'll tell you what I'm objecting to
4 is -- is I think it's unclear when you say that he's running
5 away.

6 MS. JOSEPH: Okay.

7 MR. LAIRD: Because he's --

8 MS. JOSEPH: Okay.

9 MR. LAIRD: I don't think that's what the
10 officer is -- is saying, but ...

11 Q. (BY MS. JOSEPH) Okay. Mr. -- Officer Wright,
12 I'll let you answer that question and you can of course --
13 you know, if he's not running away you can -- you can say
14 so.

15 A. So I don't -- I don't know what word I would use,
16 but based off of reading this, what I believed at the time
17 was -- is that he was actively trying to throw stuff. And
18 then maneuver away so that he would not be impacted. So he
19 could -- he essentially was trying to do this thing so that
20 he could do it and we wouldn't be able to -- to do anything
21 about it. And so that's why I continued -- or I -- I -- I
22 fired the second round.

23 Q. Okay.

24 A. So the first -- the first round is I'm witnessing

25 him throwing it. By the time I've raised the -- the

1 less-lethal shotgun and fired, yes, he has thrown it and

2 started to move. We -- the reactionary times that we have

3 we that's -- that's the way that it's -- it's going to be.

4 We can't -- we you know, we -- we -- we can't ...

5 Q. So neither one of these shots is to stop him from
6 throwing the water bottles?

7 MR. LAIRD: Objection, form.

8 Q. (BY MS. JOSEPH) The particular water bottle that
9 he had already released from his hand when -- when the first
10 shot was fired?

11 A. These shots are because -- the shots are because
12 he threw the water bottle, yes.

13 Q. Because it had already happened?

14 A. Because it was happening and I reacted. And by
15 the time the reaction was finished, the bottle had been
16 thrown.

17 Q. Okay.

18 A. And then he began to what -- I believe to -- evade
19 us. Well, evade is not the right word. Tried to maneuver
20 away from us so that we couldn't impact him.

21 Q. Okay. And at least the second shot, if not both,
22 the second shot was intended to be a deterrent from
23 continued behavior?

24 A. Yes.

25 Q. We don't see in your body cam, but I've seen

1 other -- other footage that makes it look like there's light
2 aimed at Mr. Talley. Are you aware of somebody using some
3 sort of lighting device to target particular subjects while
4 you were out there on the 30th.

5 A. Not that I remember.

6 Q. Okay. Did you fear for your own safety when

7 Mr. Rodriguez or Mr. Talley threw the bottle?

8 A. No. I feared for the safety of others in the

9 crowd and the officers at the steps.

10 Q. I'm going to completely change tracks for a minute
11 and ask you about the beanbag rounds themselves.

12 A. Okay.

13 Q. And I'm trying to push through, but like I said at
14 the beginning, Officer Wright, if you need a break, you say
15 so. Okay?

16 When you -- so I knew you were given some
17 amount of munitions when you first checked out the gun at
18 the -- the shotgun -- at North Substation.

19 A. Yes.

20 Q. How were those --

21 A. I believe so. I'm -- I'm pretty sure they -- they
22 gave me -- they gave me at least one -- one load out.

23 Q. Okay. How were those packaged when they were
24 given to you?

25 A. Okay. So the -- at that time the less-lethal

1 shotguns -- now, I'm remembering this now. I apologize.
2 So, at that time, the less-lethal shotguns came in a -- in a
3 black gun case. Like a soft black gun case with a zipper
4 pocket on the back. And -- or -- it -- towards the back of
5 the case. In that -- in that case was the four or five
6 rounds to fill the -- the weapon. The weapon system.
7 Right?

8 And those were -- as far as I know, those
9 were only replaced if somebody realized that they were
10 expired or if they had expended.

11 Q. Okay.

12 A. So my initial load out was the rounds that it had
13 been with the gun for however long.

14 Q. Mm-hmm.

15 A. And then after that we were handed rounds in I
16 believe little white boxes.

17 Q. Okay.

18 A. And I don't know how many rounds were in each box.

19 Q. Mm-hmm.

20 A. But it was probably either five or ten.

21 Q. The ones that were in the case with the -- the
22 shotgun case --

23 A. Uh-huh.

24 Q. -- were those in a little white box or --

25 A. No. Those were loose because those are the same

1 rounds that were loaded into it on a daily basis for whoever
2 checked out that particular weapon system.

3 Q. Mm-hmm.

4 A. They were -- I'm sure the first time they were
5 handed out -- in a -- in a white box. But after that
6 basically you would unload the -- the weapon system and then
7 those loose shells would be placed in that pocket.

8 Q. Okay. And you mentioned that they would get
9 changed out if they were expired or expended? Did as --

10 A. I think. I think expired.

11 Q. -- as the user -- okay. Yeah. And did you as the
12 user have a way of knowing if -- if the rounds -- the
13 beanbag rounds that were in the case with the shotgun were
14 expired? Did you have a way of checking that?

15 A. I don't believe so because I -- I -- I don't
16 believe that it's on the shell.

17 Q. Mm-hmm.

18 A. I don't remember being told that.

19 Q. Mm-hmm.

20 A. That we had to look at each individual shell. And
21 I -- I don't believe even to this day -- I think it -- it
22 was on the original box.

23 Q. Mm-hmm.

24 A. And so I -- I don't believe that there was a way
25 for me to know if the shells that I was given were expired.

1 And nor did I know if they were.

2 Q. Okay. Was any part of your training and handling
3 these weapons -- did any of it involve kind of checking the
4 integrity of the munitions?

5 A. Yes. However, it was -- it -- it was the -- so
6 just -- just for explanation purposes, I -- I don't mean to
7 insult anybody's intelligence. I'm just going to explain
8 the shells so we all know what we're talking about, right?

9 Q. Okay. Doesn't insult my intelligence. I've never
10 held one of these.

11 A. Okay.

12 Q. Never seen one in person. Yes.

13 A. Okay. So the bottom of the shell is made of
14 brass.

15 Q. Mm-hmm.

16 A. All right? And the very, very bottom is slightly
17 wider. And then there is a -- there is a primer in the
18 center of that -- of that shell. From the brass point, it
19 then -- it then extends out into a plastic case -- a plastic
20 casing, right?

21 Q. Mm-hmm.

22 A. And the gunpowder is in the brass portion. There
23 is a plastic plug that goes in-between the gunpowder and the
24 less-lethal munitions sock, right? As a buffer --

25 Q. Mm-hmm.

1 A. -- so that it doesn't catch the -- the sock on
2 fire. And then it is -- it's got another -- if I remember
3 right, it's got another piece of cardboard at the very top
4 and the plastic is rolled over the top of that to secure
5 everything from not falling out.

6 The part that we were taught to check is the
7 same part that we check with our regular shotgun rounds.
8 And that's that slightly wider portion at the very base so
9 that the round doesn't fall too far into the barrel. And
10 after continuous reload, what can happen because that's
11 brass and that's a softer metal, is that can become
12 deformed. And then the round slips too far into the barrel
13 and it -- and it cannot be fired.

14 Q. Okay.

15 A. And so we are taught to inspect the back of the
16 round to make sure that they are not deformed to where they
17 would cause the weapon to be jammed.

18 Q. To make sure the weapon is still going to be
19 operational?

20 A. Yes. But that -- as far as I remember, is the
21 only part of the shell that we inspect as individual
22 officers on the street.

23 Q. Mm-hmm.

24 A. Somebody else in the department might be tasked
25 with other inspections. I don't know.

1 Q. Okay, okay. So as an officer on the ground you
2 have an expectation that the munitions that are being given
3 to you are not expired?

4 A. Not expired and that they are functional and that
5 they're not you know, defective in any way.

6 Q. Okay. Okay. Talking further about training, I
7 believe you mentioned earlier that you -- you were and you
8 continue to be qualified in these type of so-called
9 less-lethal weapons. Has there -- has there ever been a
10 time during your time at APD that that qualification lapsed
11 or was expired?

12 A. No, ma'am.

13 Q. Okay. And I understand that in your training for
14 using those, you're taught particular target areas. I think
15 in kind of green, yellow, red system?

16 A. Yes, ma'am.

17 Q. So tell me what is green, what is yellow, and what
18 is red?

19 A. So green is the optimal place for the most
20 effective and safest target areas. So the -- the butt, the
21 legs, are green. I -- I can't remember if the arms are
22 green. I think they changed the -- I think they changed
23 the -- the model that we shoot at.

24 Q. Mm-hmm.

25 A. The back is green. The chest is yellow. And the

1 head and the groin -- oh, sorry. Go ahead.

2 Q. I'm going to stop you because I'm going to ask you
3 about some specific areas.

4 A. Oh, okay.

5 Q. So that way, you don't have to tell me twice.

6 A. Sure.

7 Q. So green is -- ideal place to target. Yellow is
8 okay, but not as ideal. And red is try not hit there?

9 A. Yes.

10 Q. Okay.

11 A. Red -- red is do not actively aim for these
12 locations.

13 Q. Okay. I think it's like unless it's a situation
14 where you're authorized to use deadly force?

15 A. Yes, and, no.

16 Q. Okay.

17 A. So that's specifically the head --

18 Q. Okay.

19 A. -- right? So for example, the groin -- the -- the
20 front of the groin is also a red area.

21 Q. Mm-hmm.

22 A. If I remember correctly.

23 Q. Mm-hmm.

24 A. Obviously that would be an inappropriate place if
25 we feel that we need to use deadly force to actively aim at

1 that spot.

2 Q. Mm-hmm.

3 A. Because that -- that would not do it.

4 Q. So she you should never target the groin?

5 A. You should never actively target the groin, no.

6 Q. Okay. So let me ask -- I'm going to pull back up

7 the picture of Modesto because I've noticed there's some

8 linguistic disagreement on where one of his particular

9 injuries is. So I'm going to show you instead of trying to

10 say a body part.

11 A. Okay.

12 Q. So I'm going to show you this area on his torso.

13 A. Okay.

14 Q. And ask you if that is green, yellow, or red?

15 A. I would say that that's kind of right in-between

16 green and yellow.

17 Q. Okay. Okay. Is the -- the chest is red, right?

18 A. I want to say, I honestly can't remember. I -- I

19 can't because ever since we got the new Taser system, we

20 have another mat with different colors all over it. And

21 so -- and like I said, I -- I only see the mat once a year

22 at this point.

23 Q. Yeah, okay.

24 A. And so I --

25 Q. Okay.

1 A. -- can't actually remember.

2 Q. Okay. What about the -- this ankle spot? Do you
3 know what color that is?

4 A. I don't know. I believe it to be either green or
5 yellow.

6 Q. Okay. And for Mr. Talley I'm going -- I'm gonna
7 try saying some body parts instead of looking through all
8 the pictures --

9 A. Okay.

10 Q. But I'll pull one up if we need to. The -- and
11 I'll just throw out a body part and you tell me what color
12 zone it's in, okay? This is the portion of the deposition
13 that's a test. But it won't last long. The -- the ear.
14 What color zone is that in?

15 A. I would say the ear would be red.

16 Q. Red? Okay. And the penis?

17 A. Would be red.

18 Q. Okay. The chest?

19 A. As I said before, I can't remember if the chest is
20 split between red and yellow. Or if it's just over the
21 heart that's red.

22 Q. Mm-hmm.

23 A. Or -- I -- I honestly can't remember.

24 Q. Okay.

25 A. I would say probably yellow, maybe red.

1 Q. Okay. And I think you already answered with
2 regard to the buttocks, that you thought that was a green
3 area?

4 A. I believe the buttocks to be the green -- to be
5 green.

6 Q. Okay. And I think you said legs in general. So
7 that would include thighs and calves would also be green?

8 A. Yeah.

9 Q. Okay. What about shoulder?

10 A. I believe the -- so I believe the sh -- where on
11 the shoulder? Are we talking along the shoulder blade, on
12 the back? Or are we talking on the front of the shoulder?
13 Like where the socket is or --

14 Q. Do you remember --

15 A. And I'm sorry, I'm not trying to be difficult.

16 Q. No, no --

17 A. Or are we talking on the -- on the -- like deltoid
18 area or the --

19 Q. Do you -- do you remember that picture we looked
20 at and we said maybe -- you thought that could be road rash

21 --

22 A. Maybe it could be road rash?

23 Q. -- but it also could be a beanbag round? I can
24 pull it up again.

25 A. I do. I think that's the back of the shoulder so

1 I would say that that would be green.

2 Q. Okay. And then you talked earlier a little bit
3 about arms. My next ones would be forearms and upper arms,
4 but I think you weren't sure about arms anymore?

5 A. Yeah. I -- I'm -- I'm not sure. I -- I think
6 they're -- they're yellow or green.

7 Q. Okay. So some of the areas at least for Tyree,
8 some of the areas that he was actually hit, not talking
9 about where people were targeting, but some of the areas
10 where he was actually hit were red areas?

11 A. Yes, ma'am.

12 Q. Which leads me to believe that these shots were
13 not 100 percent accurate?

14 A. Yeah, that sounds fair.

15 Q. I rather think that then that you know, an APD
16 officer was targeting a red area.

17 A. Yeah. Yeah, so there's officers -- their shots
18 are not 100 percent accurate, as well as, we've already gone
19 over the fact that Mr. Talley was moving. Which means that
20 by the time we pull the trigger, he's still moving and so
21 where we're aiming we're doing our best to aim for this --
22 the places that we are. But as he's moving around, that
23 impact zone is changing.

24 Q. Okay. Did you observe inaccuracy of your weapon
25 as you were shooting it that day? As you were using it?

1 A. Yes, I did.

2 Q. Okay.

3 A. I observed -- I observed my round were flaring
4 upward. And so I purposely for the rest of the day, because
5 that scared me -- I'm sorry -- for the rest of the day I
6 purposely aimed lower at the legs and the lower abdomen
7 because -- because of that.

8 Q. Okay. Okay. I want to talk a little bit about
9 the formation out there. So I don't think the roads were
10 blocked; is that right? Or maybe some roads were blocked
11 and some weren't.

12 A. Which roads are we talking about? Actually, hold
13 on --

14 Q. Let me just --

15 A. So -- sorry two questions. So which roads are we
16 talking? And when you say "blocked" are you asking if we
17 block them as Austin Police? Or if the protesters and
18 rioters blocked them?

19 Q. So what you're doing is pointing out extreme
20 deficiencies in my questions. Let me try again.

21 Did you -- APD officers -- did you -- whether
22 you or some other officer -- did any APD officers that day
23 put up any barriers to block roadways around the
24 headquarters?

25 A. I think so. I -- I believe that at -- at some

1 point it was decided that you know, the -- it wasn't

2 necessarily worth trying to keep them out of the roads and

3 for those who are being peaceful could stay there. So I --

4 I do believe that we blocked off some roads. I don't know

5 which ones though. I --

6 Q. Okay.

7 A. -- I can't recall which ones.

8 Q. Do you know with what?

9 A. I can't -- I can't say for sure. I don't know if

10 we used cars or if we used the barricades that are used on

11 Sixth Street every weekend.

12 Q. Mm-hmm.

13 A. Or a combination of both. I -- I -- (audio

14 distortion.)

15 Q. Okay. And you were on the -- the overpass. We've

16 talked about that. And we've also, I think at some point,

17 referenced that there were other officers on the -- do y'all

18 call is the "patio"? The front of the headquarters?

19 A. I think we call it the "steps".

20 Q. The steps?

21 A. If I remember correctly.

22 Q. What was the purpose of the officers on the steps?

23 A. I believe that the officers of the steps were

24 there to make sure that we didn't have the same incident

25 as -- as we discussed earlier. Some police departments that

1 were getting overrun and -- and damaged on the inside.

2 Q. So --

3 A. So that was -- that was a safety measure because

4 of what's inside of a police department, right? So not only

5 are there weapons and stuff like that, but there is a -- an

6 ungodly amount of personal information for people all over

7 the city and all over the states. And even in different

8 countries. And it would be very dangerous to allow an angry

9 mob to get inside of that building and -- and -- and it

10 could cause a lot -- a lot of damage. Not only physically,

11 but -- but also in people's lives. Whether it be through

12 other nefarious actions.

13 Q. Okay. So they were there to protect headquarters
14 from getting breached?

15 A. Yes, ma'am.

16 Q. And you said angry mob, but at the time that

17 Modesto and Tyree were -- were injured, the times we looked

18 at on your body cam, would you describe that as an angry mob

19 situation?

20 A. I -- I would describe -- I would describe that as

21 an intermix -- an intermixing of people who wanted it to be

22 an angry mob, agitators. And people who just wanted to yell

23 and scream at us. And so like we did -- you know,

24 unfortunately like we described before you know, that --

25 that does -- that does make the whole thing a riot.

1 We were trying to be as lenient as possible
2 with that aspect of it. But so angry mob? Sure. It -- it
3 might be a little bit more -- might be -- it might be a
4 little bit too strong. So the -- the protest that was full
5 of agitators to prevent them from agitating further into a
6 breach of the Main.

7 Q. Okay. And other than the police line on the
8 steps, what other measures did APD take to prevent the
9 breach of Main? For example, were there other physical
10 barriers set up?

11 A. I honestly don't know because I -- I didn't -- I
12 think -- I believe the closest I got to the Main that day
13 was across the street at the 250 building. So I don't know
14 if they did anything inside. And I don't remember anything
15 specific when it comes to like the gates to the parking
16 garages or anything. It's just not -- I'm sorry -- it's
17 just not something that I was paying attention to.

18 Q. Okay. Did you observe -- well, let me ask you
19 first. Did you personally kind of go down into the crowd
20 and interact with citizens one-on-one, at any point?

21 A. Not that day, no. Later on -- a couple of days
22 later, we attempted to I guess mingle with the crowd and --
23 and try and talk and stuff like that. But on the day in
24 question, I don't believe that I ever went down into the
25 crowd.

1 Q. Okay. And to use a word, I think "mingling" is a
2 good way to describe what I'm asking about. Did you see
3 anybody -- any other officers kind of mingling in the crowd
4 that day, interacting one-on-one on the 30th?

5 A. I didn't. I -- I didn't.

6 Q. Okay. That mask that you had with you, that went
7 up and down, the shield -- the helmet --

8 A. Oh, yes. Yes.

9 Q. -- did -- when that was down did it in any way
10 affect your ability to aim that shotgun?

11 A. I don't believe so, no.

12 Q. Okay. Did you just kind of move it up and down
13 throughout the day on and off?

14 A. Yeah. It -- as I -- as I said before it was -- it
15 was really hot that day and -- and when the -- when the
16 shield was down it was a little bit more difficult to like
17 wipe the sweat and stuff out of your eyes. So I was
18 constantly popping up and -- and stuff like that.

19 Q. Okay.

20 MS. JOSEPH: Why don't we take ten minutes
21 and I think this will be the last break that I need to ask
22 for. And I'll be able to wrap it up on our next go around.
23 Does that work for everyone?

24 THE WITNESS: Yes.

25 MR. LAIRD: Yes.

1 VIDEOGRAPHER: We're going off the record.

2 The time is 1:46 p.m.

3 (Recess was taken.)

4 VIDEOGRAPHER: We are back on the record,

5 it's 1:57 p.m.

6 Q. (BY MS. JOSEPH) Officer Wright, we're back after

7 another break. I'm glad to see you got some water.

8 A. Thank you.

9 Q. I'm going to ask you a few kind of random

10 questions just picking up some pieces that I didn't get to

11 here. So don't try to make them all go together because

12 they may not.

13 A. Okay.

14 Q. Have you ever found yourself in a position where

15 the use of deadly force was warranted or justified as an APD

16 officer?

17 MR. LAIRD: And, Leigh, I want to make sure I

18 understand. You're -- are -- you're not limiting to him

19 using deadly force? I mean ...

20 Q. (BY MS. JOSEPH) Yeah, you may not have made the

21 choice to use deadly force after fully analyzing the

22 circumstances. But as an APD officer, have you encountered

23 a scenario where it felt like it was something that could be

24 done?

25 A. Yes. Would you like me to elaborate on that?

1 Q. Yes, please.

2 A. Okay. The first one that comes to mind is, we
3 went to a Super 8 in the sector that I work in, in Ida off
4 the 35 service road southbound for a check welfare
5 [verbatim]. For somebody who had made some suicidal
6 ideations. And then just kind of stopped responding to
7 people.

8 So we went to the hotel room. It was a
9 bottom floor hotel room on the south side. So -- well, it
10 was north-facing on the south side of the building. And we
11 knocked on the door multiple times, announced ourselves, and
12 nobody came to the door. Because we didn't have any sort of
13 exigency because no plan or method or anything like that
14 was -- was mentioned, we -- we did not have the exigency
15 to -- to breach the room.

16 And so we decided to walk away. As we were
17 walking away I heard the door latch. I turned around and
18 the gentleman that we were there to check on comes out of
19 the hotel room holding a steak knife. I drew my service
20 weapon and actively targeted him and ordered him to drop the
21 knife. And he -- he dropped the knife fairly quickly, but
22 it was a long enough hesitation because he was looking at my
23 partner not at me that when he turned to look at me he was
24 holding the knife. And then pause, drop.

25 I felt in that moment that I was justified in

1 using deadly force because of the distance that I was away
2 from the individual and how quickly somebody can close that
3 distance with an edge weapon. However, whether it be
4 consciously or subconsciously I chose not to fire because --
5 I don't know if it was because of maybe how much of his body
6 was still in the hotel room or you know, how -- or -- or
7 the -- the look on his -- on his face or what his reactions
8 were. But I -- I chose not to fire at that time.

9 And it was the -- it was the correct
10 decision. I believe that had I fired, it would've been a
11 justifiable use of deadly force, but thankfully everything
12 worked out.

13 The second incident that vividly comes to
14 mind was an incident where we had simultaneous calls at a
15 residence. One was a crash. One was a possible burglary in
16 progress. And one of the other responding officers was a
17 gentleman on my shift. The other one was a gentleman on my
18 sister-shift. And they determined that because of the time
19 in which both calls happened and where they were that
20 possibly they were related.

21 And what ended up happening is a male --
22 excuse me -- a male crashed his vehicle into the back of a
23 residence and climbed in through the window. And took a
24 mother and her son, who I believe was either eight or ten
25 years old, as hostages. When the officers arrived on scene

1 they made contact for the burglary first because as they saw
2 the crash, nobody was by the vehicle. So they made contact
3 at the residence.

4 And if I remember correctly, they could hear
5 multiple voices. When the females that called in said that
6 she and her -- she was the only one home. So because they
7 heard multiple voices they -- and -- and one of them sounded
8 to be in distress, they kicked the door open. And as they
9 entered the residence, the gentleman that climbed in through
10 the window fired a modified fully-automatic GLOCK 9-mm at my
11 shift partner and my sister-shift's partner.

12 Later on we found out that one of those
13 rounds struck my sister-shift partner in the gun belt.
14 Specifically, on the Taser. Officers returned fire, but did
15 not hit him and exited the residence. A few minutes later
16 that man came out with a gun to that ten -- or that eight or
17 ten year-old boy's head.

18 It initiated a SWAT call out. I was the
19 second or third officer on scene. And I took up a
20 side/front containment on that residence. And all I had was
21 my shotgun -- my -- my lethal shotgun and my pistol. I was
22 maybe 30 yards away. And I observed this man come out
23 holding a gun to this child's head.

24 I -- at that moment I knew that I could use
25 deadly force. However, the tools that I had at the time

1 were not appropriate for that type of engagement. It was a
2 very long pistol shot that I could not guarantee would not
3 hurt the child and the shotgun was impractical because of
4 the manner of shotgun shooting out multiple projectiles.
5 Had I had a rifle there is a very high likelihood that I
6 would have taken an open shot if I had it and used deadly
7 force against that person.

8 Later on in that incident that is exactly
9 what happened with one of our SWAT snipers. And he -- that
10 person was pronounced deceased and we saved that child and
11 mother and -- I can't remember which one it was. So, yes.

12 Q. Thank you for describing those two incidences to
13 me. It sounds like based on your answer to my previous
14 question that you have not actually implemented deadly force
15 in the conduct of your duties at APD.

16 A. No, ma'am.

17 Q. Is that --

18 A. I'm sorry. I -- I -- I might have misheard your
19 question. I apologize.

20 Q. No. You answered the right question. I was just
21 asking a follow-up. Yeah. Have you ever shot someone with
22 a firearm?

23 A. No, ma'am.

24 Q. Whether in the military or not? No? Okay.

25 A. Well, kind of back to what we said earlier. So

1 the less-lethal shotgun is a firearm, but it is designed
2 so -- I -- I just don't want to be -- I just don't want it
3 to seem like I'm -- I'm lying or anything like that. So
4 with a --

5 Q. Mm-hmm.

6 A. -- deadly firearm with a bullet projectile, no. I
7 have not.

8 Q. Okay. And then the follow-up question, have you
9 ever impacted other than as part of the -- what I'm going to
10 call the Geor -- George Floyd protest here in Austin -- have
11 you ever impacted an individual with a beanbag round? And I
12 think you know what I mean when I say the George Floyd
13 protests?

14 A. Yeah, yeah. No, absolutely. I -- I -- I don't
15 think so. I believe that the George Floyd protest the first
16 day was the first time and the only times that I have
17 impacted someone with a less-lethal shotgun.

18 Q. As part of your training and using those weapons,
19 I'm assuming you fired them. Tell me kind of what that
20 training was like. What were you targeting and -- and how
21 did that go when you were learning to use those weapons --
22 the less-lethals?

23 A. So for the less-lethal weapons they go through a
24 quick distance verification. What is the closest distance
25 you can shoot. And what is the suggested longest distance

1 that you should shoot.

2 Q. Mm-hmm.

3 A. Before it becomes really ineffective.

4 Q. Mm-hmm.

5 A. And then kind of a brief you know -- as you get
6 further because it's a heavy -- a heavy projectile it will
7 start to drop and stuff like that. So you do have to adjust
8 your aim for things like that. And then we are handed a --
9 if I remember correctly -- we were handed a less-lethal
10 shotgun which is always got orange furnishings.

11 So an orange front stock and an orange rear
12 stock. And we are given two rounds. We will fire the first
13 round from a specified distance that is slightly farther
14 away. And aim for a green zone while you know, yelling the
15 words "impacting." And then we will move closer to the
16 target and do the same thing, yell impacting and fire at a
17 green portion of the -- the rubber mat. And it's just a
18 rubber mat that's hanging with a -- a silhouette painted
19 with the different colors.

20 Q. Okay. So before the George Floyd protest it
21 sounds like you had discharged one of these so-called
22 less-lethal shotguns twice in your life?

23 A. I think that we did it a few extra times in the
24 Academy, but I -- I can't remember.

25 Q. Okay.

1 A. But as far as the less leas -- sorry --
2 less-lethal shotgun goes before the George Floyd riots, I
3 would say no more than ten rounds.

4 Q. Okay. I asked you about impacting others I'm
5 going to ask about yourself now. Have you ever been shot
6 with a -- a bullet from a firearm?

7 A. No, ma'am.

8 Q. And have you ever been personally impacted by a
9 beanbag round?

10 A. No, ma'am.

11 Q. Okay. I said I was going to be jumping around.
12 So now changing gears.

13 A. Absolutely.

14 Q. How many times has -- have you received a written
15 performance review as part of your employment with APD?

16 A. I -- I think it's only been twice because of the
17 way my employment timeline lined up. My first year was when
18 I was in training so I don't believe that I got one for
19 that -- I might have. So maybe three.

20 And then yeah my second year and then my
21 third year. And I haven't received my fourth year, 'cause
22 God I want to say I've only signed two. One from Serrato
23 and one from Leyva. I don't think I had one from Francois.

24 So I -- I think it's only two.

25 Just because of the way where -- the way my

1 employment lined up, I think they're in done in like July or
2 August or something like that. And I hadn't been -- I
3 think -- I think that was it -- the first one. I hadn't
4 been observed long enough to -- you know, I'd only been solo
5 for like a month or something like that and so --

6 Q. Mm-hmm.

7 A. It wasn't -- it wasn't done. I think.

8 Q. So '18 probably wasn't done. 2023 probably isn't
9 done yet. But then I have --

10 A. Yes. So '18 definitely was not done because I was
11 in the Academy.

12 Q. Uh-huh. Okay.

13 A. I don't think that '19 was done because by the
14 time I hit street --

15 Q. Okay.

16 A. -- either that time had already passed or I hadn't
17 been observed long enough for the evaluation to be fair.
18 So --

19 Q. Okay.

20 A. -- I should have got one '20, '21, and '22. Maybe
21 I did get three. We'll say three. I don't know.

22 Q. Okay. Two or three. Maybe one was missed in
23 there. But --

24 A. Yeah.

25 Q. Okay. And your expectation is that they're

1 annual?

2 A. Yes.

3 Q. Okay. Have there been any like -- I don't want to
4 use the word reprimand 'cause I know that's like a formal
5 process within APD.

6 A. Sure.

7 Q. Has there been any sort of like deficiency that
8 they've told you to work on in those evaluations?

9 A. No. I -- I've -- I've never been given anything
10 that would -- I've never been given anything less than a
11 like meets standards of -- of the standard officer, or
12 however, they --

13 Q. Mm-hmm.

14 A. -- they describe it. There was you know, one or
15 two things that aren't observed obviously like, I'm not in a
16 leadership position. So you know -- you know although some
17 leadership skills are observed you know, like taking command
18 of their -- you know, like that sort of stuff. That shows
19 as not observed.

20 But so everything is either --

21 Q. Okay.

22 A. -- above average or essentially where -- where the
23 standard officer is.

24 Q. Okay. I'm going to try to speed up because I'm
25 taking so much of your time. So I'm going to start talking

1 a little faster. I've got it in my mind I want to get you
2 out of here.

3 A. You take as much time as you need. It's fine.

4 Q. And -- and thank you for that. Do you have --
5 aside from anything related to the George Floyd protest and
6 then we'll talk about that separately, do you have any
7 history with IA or SIU?

8 A. I had -- I've one instance with internal affairs.
9 It was when I was on FTO. When I was -- when I was being
10 trained by my field training officer and I was PPO.

11 Q. Mm-hmm.

12 A. We responded to a situation where somebody called
13 in and stated they had been assaulted at a gas station. We
14 arrived on scene. I interviewed the man. I called EMS out
15 for him and once EMS got there, he's like, "I -- I don't
16 want do anything. I don't want to press charges. I just --
17 I just want EMS."

18 And so I was like okay. And then I noticed
19 that two of the other officers that responded with us had
20 like walked away. And then so I -- I let the -- not that I
21 was holding the gentleman, but the gentleman that we were
22 talking to left in the -- in the ambulance. And the next
23 thing I know, the two officers from my shift that had walked
24 away were walking back with an individual in handcuffs. And
25 I don't remember exactly what the charge was that -- he

1 ended up being arrested that night and we brought his car
2 over.

3 They towed his car and they asked me to do
4 the tow sheet. The administrative form that says the Austin
5 Police Department towed your vehicle. This is what we found
6 in it. This is what we found in it. This is the condition
7 it was in. And you know, it's -- it's basically a receipt
8 saying that the Austin Police Department towed your vehicle
9 and where it went, right?

10 So I -- while I was filling out that tow
11 sheet, because I was so new I was kind of slow at it so
12 other officers did the inventory of the vehicle. And so
13 when I started doing it for myself, the -- I was told hey
14 that's already done. And I was like okay. Well, what did
15 we -- like what -- did we find anything? And I was told to
16 write, "nothing of intrinsic value was found in the
17 vehicle." Right?

18 Q. Mm-hmm.

19 A. So I wrote that on the tow sheet and I submitted
20 it. That gentleman later complained that we illegally towed
21 his car and that he was illegally arrested and he filed a
22 complaint with the OPO who turned it over to IA. IA
23 investigated me for improperly filling out the tow sheet
24 because basically what they send was nowhere in policy does
25 it say something has to have an intrinsic value to be

1 documented on the tow sheet.

2 Q. Hmm.

3 A. So you need -- you need to document everything
4 that -- that you found in the car. And I was like, oh, like
5 okay. You know, absolutely. And so it didn't result in any
6 sort of discipline. It was more just an investigation into
7 the other things they found that I technically had violated
8 a minor policy so we had a discussion about it. And then as
9 far as I know, it was completely cleared up with no
10 disciplinary action other than just a -- maybe an oral --
11 just an oral conversation with my Sergeant about you know,
12 just -- just make sure you just document things slightly
13 better.

14 Q. Okay. And were you disciplined at all with
15 respect to your actions during the George Floyd protest?

16 A. No, ma'am.

17 Q. Okay. And I know we said that we both know what I
18 mean when I say that. That I'm talking about the protest
19 events surrounding the May 30th, 2020. The days before and
20 the days after.

21 There are a couple of places within the
22 documentation of those protests that I see remarks like
23 people were throwing things, intending to hurt officers.
24 And I want to talk to you about intent for a second. Are
25 you able to tell in the moment when you're up there on the

1 overpass what someone's mental intention is?

2 A. I'm unable to tell what somebody's mental

3 intention is. What I -- what I believe is that a reasonable

4 person would say that if you throw an object at a person,

5 even if it's a small object, you are intending to -- if --

6 if there's not an agreement to play catch you are intending

7 to hit them with it. And therefore at least annoy or harass

8 them with throwing that object. And possibly even cause

9 pain.

10 So I mean bodily injury is any pain at all.

11 But you know, when I'm seeing rocks thrown at people, the

12 only time you throw rocks at people is to intentionally hurt

13 them. The only time you throw fireworks at people you know,

14 is to intentionally hurt them. Unless there is a prior

15 agreement that we're going to shoot fireworks at each other.

16 Q. It's my understanding that after these events

17 occur you -- you guys -- you APD officers were instructed

18 not to follow the standard written policy on response to

19 resistance reports, but to do something different; is that

20 correct?

21 A. Yes, ma'am.

22 Q. Could you kind of tell me what the difference is

23 in what the policy would have required and what you were

24 instructed to do?

25 A. Yes. So essentially -- sorry, let me start over.

1 So policy states that for every response to resistance
2 they're certain things that need to be done. You need to
3 contact a supervisor. You need to contact EMS for the
4 person that was involved in a response to resistance.
5 Things like we're required to take pictures of that person
6 and ourselves. And anybody who was involved in the response
7 to resistance.

8 A -- what's called details page in our report
9 writing system is to be completed for every individual that
10 is involved in a response to resistance. And then we're
11 supposed to be interviewed by that supervisor. Whether --
12 sometimes it's on the phone. Sometimes depending on the
13 severity of the response to resistance they will come out
14 and interview us in-person. And then we are to write a
15 detailed, either a report or supplement based on the call
16 for service or whatever needed to be reported and that
17 response to resistance.

18 The way that I understand it is that this was
19 such an unprecedented event that the department did not have
20 the resources to be able to do that. So it would have been
21 impossible to every time I impacted or attempted to impact
22 somebody to stop, call a supervisor, have the supervisor
23 come out, pull me off the line, interview me, take pictures
24 of everybody that witnessed it, take pic -- you know, talk
25 to everybody that witnessed it, try to talk to the person

1 that was impacted or almost impacted, coordinate getting EMS

2 to them.

3 We -- we weren't able to do those things

4 because we were so overwhelmed with the crowd control and

5 trying to maintain as much of a -- a peaceful assemblance as

6 possible. So at the end of the night, I don't remember if

7 it was broadcast over the radio or if it was given to

8 individual supervisors who just went around telling anybody

9 that they could see, it was if had you had a response to

10 resistance, write a supplement of roughly where you were and

11 what you did. If you fired your less-lethal, roughly how

12 many rounds you fired. And submit that under the case

13 number that you were given.

14 So that was the -- that was the first

15 directive. After that it -- it became more detailed as we

16 had the time, as we had the manpower to go through each one

17 of these instances, it -- we were required to go back, watch

18 every second of our video, and do a detailed supplement of

19 everything that we did.

20 So that's why I have multiple supplements.

21 So my first one is very generic, very vague. And then I was

22 told, hey, that's not quite enough, go back in and add a

23 little bit more. Okay, that's fine, I'll go add a little

24 bit more detail. And then, hey, give me another one, and we

25 need more detail. And then, hey, give me another one, we

1 need -- and then it was just, hey, minute by minute, go

2 through tell -- you know, anytime you took any sort of

3 police action, I want it timestamped. I want it you know,

4 documented.

5 And so that's to the best of my ability is --

6 is -- is what I did. And that all went to a -- I don't

7 remember what they call it. But it went to a -- a group of

8 supervisors who went through each one of them and determined

9 if it needed to go -- if -- if it was justified. If it was

10 within policy and -- or if it needed to be looked at by A --

11 sorry -- by IA. Or if it needed to be looked at by SIU.

12 Q. Okay. Do you know a former APD officer named

13 Michael Harris?

14 A. I don't -- I don't think so.

15 Q. Okay. I wondered if by any chance he might have

16 been the guy standing to your right in the body cam we

17 watched. But you don't know?

18 A. I -- I don't know and I -- I'll be honest, I'm --

19 I'm really, really bad with names. So I --

20 Q. Okay.

21 A. -- I don't know.

22 Q. I Googled you.

23 A. Oh, no.

24 Q. And --

25 A. That's terrifying.

1 Q. I think you're on the Board of Directors of the
2 APAPAC; is that correct?

3 A. Yes. I'm -- I'm part of the Political Action
4 Committee for the Austin Police Department.

5 Q. Okay. And as -- what is the kind of main
6 objective of that group?

7 A. So the main objective of the Political Action
8 Committee is to represent the Austin Police Department
9 during legislative sessions and during different city and
10 state elections so that we as a police department can have
11 representation at the state level, at the city level you
12 know. And that we have -- we have help to you know, keep
13 the -- you know, a lot of the -- the safety -- the safeties
14 that are built into our job.

15 So for instance this last legislative session
16 there was talk that people wanted to make us at-will
17 employees to the mayor. And so we as the PAC worked with
18 legislators at the state level to try and help pass a law
19 that would protect us from becoming at-will employees to the
20 mayor and the city manager so that it wouldn't be one of
21 those things where you know, one of our officers -- and I'm
22 not saying our mayor would do this, that's not what I'm say.
23 But you know, as an example you know, somebody sees a
24 speeding car, pulls it over and it happens to be the mayor
25 and the mayor just goes, well, you know what, after today

1 you're fired.

2 Q. Yeah.

3 A. You know so it was it's -- it's -- it's those
4 sorts of protections. I'm still fairly new to it. I've --
5 I've been on it for about a year. And a lot of -- most of
6 the stuff we've done is, hey, this person is running for the
7 Williamson County you know, County Commissioner and he wants
8 you know, he wants our support and stuff like that.

9 Or you know, different city council members
10 who are -- who are running for position you know, and
11 it's -- it's well, you know, do you support the police? And
12 if you do then we absolutely would love to -- love to you
13 know, throw our support to you. And stuff like that.

14 Q. Mm-hmm. Okay. How did you obtain your position
15 on the board. Were you voted in? Was it just you
16 volunteered and -- and you got it? How does that work?

17 A. I was -- I was suggested to the position by a
18 commander who has since retired from APD. His name is
19 Commander Don -- or he was Commander Donald Baker. His wife
20 was actually my -- my parents' realtor and so through that
21 we -- we had many off-duty chats where he realized that I
22 had you know, some level of interest in politics, but also
23 some level -- a much higher level of interest in, you know,
24 making sure that my career here at the Austin Police
25 Department was productive, and you know, protective.

1 And so he actually asked me if I would like
2 to join. And I put him off for about a year because I
3 didn't think that somebody so new should be, you know,
4 representing like that. And he finally convinced me to
5 join. And you know, he said, you know, just -- just be a
6 part of it so you can learn what it's about. And you can
7 learn how all of this stuff works. And then, you know, as
8 time goes by you can get as active as you want to be. Or if
9 you don't like it you can leave. But not like in a mean
10 way.

11 Q. So you got involved and then is there kind of a
12 vote for board? Or is it just people volunteer and they're
13 on it?

14 A. Yes. So a name is suggested by a member. If
15 there's an opening and the board votes yay or nay -- if that
16 person should be allowed to -- to come in.

17 Q. Okay. I'm going to ask you a series of questions
18 that I think can be kind of quick yes or no questions. If
19 you feel like you need to elaborate, I'm not going to stop,
20 but hopefully they'll be kind of quick.

21 Is -- does APD strive through its policies to
22 keep the public safe?

23 A. Yes.

24 Q. Does APD strive through its policies to protect
25 its officers?

1 A. Yes.

2 Q. Okay. Now this one is not a yes or no. Is there
3 any indication within policy -- if it's one or the other, an
4 officer or a layperson citizen, who you're supposed to
5 choose?

6 MR. LAIRD: Object to the form, but you can
7 answer.

8 THE WITNESS: I -- I don't believe that there
9 is any policy or -- I -- I don't believe that there's
10 anything that is -- is determinant on you know, you have to
11 choose one or the other.

12 Q. Okay.

13 A. I think in those situations, intensive
14 investigations are done to see who was in the right and who
15 was in the wrong. And the outcomes have varied throughout
16 the last couple years.

17 Q. Okay.

18 A. We've had a couple of officers who have
19 overstepped and they have been fired or they have left.

20 Q. Okay. Back to the kind of yes or no. Is it APD
21 policy to strive to protect the Constitution and the
22 amendments thereto?

23 A. Yes.

24 Q. And would that include the exercise of First
25 Amendment rights?

1 A. Yes.

2 Q. And would that include ex -- the Fourth Amendment
3 right to be free from excessive force?

4 A. Yes.

5 Q. All right. Walk me through your analysis as an
6 Austin Police Department officer holding a shotgun equipped
7 with beanbag rounds of whether to fire. I know that -- I
8 know what the directive was or the order was. You told me
9 about that. But what other questions do you need to ask in
10 your mind you know, to go through your analysis of whether
11 to fire that weapon?

12 A. Are we -- and I -- just as point of clarification,
13 are we asking in general or are we asking specifically for
14 the events that happened on the 30th?

15 Q. If there's a difference, I'll will ask for both.
16 So why don't you tell me in general first?

17 A. So in general -- so the less-lethal shotgun is
18 what is considered a pain compliance tool, right?

19 Q. Mm-hmm.

20 A. It is -- it is a standoff weapon. A standoff
21 weapon system that is used to try to gain compliance through
22 pain. And that sounds archaic and barbaric, but so the idea
23 is, is that it is the -- the -- if somebody is putting us,
24 themselves, or somebody else in danger, say they have a
25 weapon. Right? Say we've got somebody right here on the

1 Congress Bridge and they're walking up and down the bridge

2 with a knife in their hand. And you know, as people walk by

3 there you know -- kind of chasing them and -- and kind of

4 like lunging the knife at them, right?

5 Q. Mm-hmm.

6 A. So theoretically, black-and-white you know, we --

7 we have the ability to shoot that person. Right?

8 Q. Mm-hmm.

9 A. They're -- they're actively trying to hurt and

10 possibly kill people. But that's not our first step.

11 Our -- our first step is to try to and gain compliance. So

12 we're, you know, we're going to be at a standoff distance

13 with something in-between us. And we're going to ask, you

14 know, we're -- we're gonna tell you to put that weapon down.

15 If that weapon isn't put down then if it is

16 available our next step is to try, if we -- again, if it's

17 available, all of these -- also keep in mind, all of these

18 situations are fluid. So they -- I'm not saying this is how

19 it's going go every time, right?

20 Q. Okay. Mm-hmm.

21 A. The next step we can use is using that less-lethal

22 shotgun to fire a beanbag round at the person to inflict

23 pain as a means to try to get them to stop that behavior,

24 drop that weapon, so that we can then approach and arrest

25 them without taking it to a lethal level.

1 Q. Mm-hmm.

2 A. Right? It is often used in the unknown. So if we

3 don't know if the person has a weapon or not, but were -- we

4 suspect that the person has a weapon. It is unsafe for us

5 to move forward and go hands-on. So use the standoff weapon

6 and if the -- the orders are not -- the orders that we're

7 giving these people are not -- these individuals are not

8 complied with, then our next step is if we're close enough

9 to possibly use a Taser or to use a kinetic impact device or

10 the less-lethal shotgun. It is mainly to prevent us not

11 using deadly force.

12 Q. Mm-hmm. Mm-hmm, okay.

13 A. But --

14 Q. It does sound like that's different from kind of

15 the process engaged in on May 30th? Is --

16 A. Slightly.

17 Q. -- were there some differences?

18 A. Yes. So one of the issues that we ran into during

19 the George Floyd riots is that we had such a large

20 accumulation of people who were showing hostilities toward

21 us. Even the ones that weren't necessarily throwing stuff,

22 you know.

23 Q. Mm-hmm.

24 A. The aggressiveness in which they are screaming,

25 and shouting, and pushing against us made it very difficult

1 to coordinate, you know, doing arrest teams and arresting
2 individual agitators. So at a standard, peaceful, lawful
3 protest that somebody sets up, you know, SRT will go out
4 there and they will have teams, different types of teams set
5 up. You know you'll have your containment teams, you'll
6 have your arrest teams and stuff like that. And the idea
7 is -- is you guys can scream and shout and -- and -- and let
8 your voices be heard. Let your message be heard. Right?
9 However, due to the mob mentality we can't
10 allow agitators to -- to cause people to start taking that
11 to the next level. So as soon as we see that in a standard
12 situation when it comes to protests and stuff like that, we
13 engage an arrest team. Where the frontline will break open
14 and four or five officers will -- they will signal -- they
15 will all communicate which person is the agitator.
16 They will enter the crowd as a group to
17 protect each other with two extra officers in the middle.
18 And that will be their -- their hands-on people. They will
19 surround that agitator, place them in handcuffs and remove
20 them from the crowd. So that they don't intentionally stir
21 that crowd up into doing something that the crowd doesn't
22 necessarily want to do, but psychology and history has shown
23 us that agitators can turn peaceful crowds violent, right?
24 Even if it's just causing enough fear that they stampede
25 each other, right?

1 So that is what's done normally. Because we
2 couldn't do that, because this was so large and because it
3 was so -- what's the word I'm looking for? So -- not
4 volatile. Complex. We couldn't form arrest teams. There
5 was -- at the beginning there were so many agitators that
6 we -- we couldn't wade into these crowds and arrest these
7 individuals. We can't go after -- you know, we can't
8 individually run after these people.

9 Through past mistakes made by officers not
10 just here, but around the country and even around the world,
11 we have seen that when you have a crowd that is already
12 upset at you and an individual officer tries to wade through
13 the crowd to arrest a singular individual, they become the
14 ones that is -- the one that is surrounded. And it just
15 takes one person to start some sort of physical altercation
16 and everybody begins that physical alteration. And now that
17 officer is in danger of getting severely hurt or losing his
18 life.

19 And that's why we do it in that group
20 setting. So that we can protect those internal officers
21 with that slight perimeter around them. Slightly pushing
22 people back. And then bringing everybody back at that same
23 time and then just allowing the crowd to go back to what
24 they were doing without that -- that individual agitator.

25 When we have so many agitators that we have

1 thousands of rocks littering the 35 and we have water
2 bottles, and we have fireworks, and we have all of these
3 things going on at once, and then you have these agitators
4 that are constantly moving from little group to little group
5 so that even if we did start chasing after them, pretty soon
6 we're going to be so far away from our own people that we
7 are in a dangerous position. And then it leads us into even
8 more dangerous position because now, say it was me, I'm
9 alone and I'm suddenly surrounded. And these people start
10 hurting me, right? Am I justified in just -- starting and
11 shooting them? No, but I also have the right to protect
12 myself, right?

13 So we get into this really, really scary gray
14 area where you know, it -- it's -- it becomes so volatile
15 that too many mistakes can be made, right? And so that's
16 why we have to work as a team. That's why we -- we normally
17 have everything set up in these arrest teams and in these --
18 these -- these proven SRT methods to remove the agitators
19 while still allowing people to exercise all of their rights.

20 Right?

21 These George Floyd riots happened and it
22 was -- it was unprecedented for us. We -- we couldn't form
23 those teams. We didn't have the people. We didn't have --
24 it was so spread out. It was -- it -- there -- there was no
25 way to safely try to effect arrests. So it was decided by

1 our chain of command that the only way to proceed was to try

2 and deter the agitative behavior by using standoff

3 less-lethal weapons.

4 And as the night went on the -- the agitators
5 lessened. They were still there the entire time, but it
6 wasn't -- it wasn't anything like in the beginning.

7 Q. Do you think -- do you think it's accurate to say
8 that APD was not ready for a situation like this?

9 MR. LAIRD: Object to the form.

10 THE WITNESS: I -- I can't -- I can't
11 personally speak for the department, right? I can say that
12 it didn't seem like it.

13 Q. Mm-hmm.

14 A. Okay. Whether they were or they weren't, I can't
15 say. What I can say is, from a person on the ground, it
16 seemed like we were behind the curve.

17 Q. Mm-hmm.

18 A. That is my personal opinion. And it is also the
19 personal opinion of somebody who had -- has zero control
20 over that.

21 Q. Sure. Sure. Have policies on crowd control and

22 use of force changed since the George Floyd protest?

23 A. Yes.

24 Q. And I can look -- I can compare the written
25 documents, but I'll ask you just kind of general like -- can

1 you give me some general areas in which changes were made?

2 A. Yeah. So I don't remember which day, but whether
3 it was a day or two after the 30th, the -- they -- they
4 changed how they wanted us to engage people with less-lethal
5 weapons. I want to say they had designated people in
6 designated places with those weapon systems. I believe that
7 the ability to use crowd dispersion devices, such as smoke
8 and gas, was taken away from SRT and was given strictly to
9 SWAT.

10 Q. Mm-hmm.

11 A. And they were the only ones that could deploy
12 those types of crowd control measures, if I remember
13 correctly.

14 Q. Mm-hmm.

15 A. And then I think even after that that was further
16 taken away to where we could not engage in any of those
17 things. And that's -- that's when DPS troopers came in and
18 began assisting us. Because we -- we suddenly really
19 couldn't do anything to try and stop agitative behavior, if
20 it got out of hand.

21 Q. It sounds like that was an attempt to reduce the
22 usage of the so-called less-lethals and the gas. Is that
23 what you understood that change to be? An attempt to kind
24 of reduce the use?

25 A. I don't -- I don't know if it was an attempt by

1 the department to reduce the use. Or if -- I know that the
2 city council got involved. And I -- I believe that they
3 made some directives that forced us to change certain
4 policies and -- and the way that we did things.

5 Q. Mm-hmm.

6 A. So I don't know if that was a result of the
7 department necessarily wanting things to change or the
8 department being forced to changed -- sorry -- forced to
9 change by things that the city council enacted.

10 Q. Okay. I have to tried to be thorough, Officer
11 Wright, but have I failed to ask you about anything that you
12 think is important with regard to what happened out there on
13 May 30th, 2020, that you -- you think should be known or
14 should be considered?

15 A. I don't -- I don't think so, no.

16 Q. Okay. Have you understood all of my questions
17 today? Or if not asked me to clarify and gotten to the
18 point where you understood?

19 A. I believe so.

20 MS. JOSEPH: Okay. All right. I'll -- I'll
21 pass the witness.

22 MR. LAIRD: And we'll reserve our questions
23 until the time of trial. We -- we will want to read and
24 sign. And then I also wanted to see, Ms. Walters, if we
25 could get an expedited copy of the transcript. And --

1 COURT REPORTER: Okay. Go ahead.

2 MR. LAIRD: And -- and I also will need to
3 order a copy of the video as well.

4 COURT REPORTER: Okay. So you would like a
5 copy of the transcript and video, a read and sign, and you
6 want to see about possibly getting this expedited.

7 MR. LAIRD: Yes, that'd be great, if we can.

8 COURT REPORTER: Do -- do you have an idea of
9 how soon -- how quickly -- if you it were up to you -- and
10 then I'll tell you if I can pull that off.

11 MR. LAIRD: Maybe --

12 VIDEOGRAPHER: Pardon the interruption, maybe
13 we should go off the record here. It's the videographer.
14 Is that okay with everyone.

15 MR. LAIRD: Yes.

16 VIDEOGRAPHER: All right. So the time is
17 2:47 p.m. and we're off the record.

18 (Proceedings concluded at 2:47 p.m.)

REPORTER'S CERTIFICATE
OF JUSTIN WRIGHT

I, Lilia W. Walters, Certified Shorthand Reporter
in and for the State of Texas, do hereby certify that the
foregoing deposition is a full, true and correct transcript;
That the Witness, JUSTIN WRIGHT, hereinbefore
named was at the time named, taken by me in oral stenograph
on July 21, 2023, the said Witness having been by me first
duly cautioned and sworn to tell the truth, the whole truth,
and nothing but the truth, and the same were thereafter

1 reduced to typewriting by me or under my direction. The
2 charge for the completed deposition is \$_____ due from
3 Plaintiffs;

4 () That pursuant to the Federal Rules of Civil
5 procedure, the Witness shall have 30 days after being
6 notified by certified mail, return receipt requested, by the
7 deposition transcript is available in her office for review
8 and signature by the Witness and if any corrections made are
9 attached hereto;

10 () That by agreement of counsel, a reading
11 condensed copy of the deposition transcript along with the
12 full-sized original Changes and Signature Sheet has been
13 sent to _____ on _____ for review
14 and signature within 30 days and if any corrections returned
15 are attached hereto;

16 () That by agreement of counsel, the deposition
17 officer is instructed to release the original deposition
18 transcript to _____ on _____, for
19 review and signature, and the deposition officer is
20 thereafter released of any further responsibility with
21 regard to the original;

22 () That the witness shall have thirty (30) days
23 for review and signature of the original transcript and if
24 any corrections returned are attached hereto;

25 () That the signed transcript () was () was not

1 received from the Witness within 30 days;

2 () That the examination and signature of the

3 Witness is waived by the witness and the parties;

4 That the amount of time used by each party at the

5 deposition is as follows:

6 Ms. Joseph - 4 HOURS - 6 MINUTES

Mr. Laird - 0 HOURS - 0 MINUTES

7

8 I further certify that I am neither counsel for,

9 related to, nor employed by any of the parties or attorneys

10 in this action in which this proceeding was taken to the

11 best of my ability and under the circumstances, and further

12 that I am not financially or otherwise interested in the

13 outcome of the action.

14 Certified to by me this 25th day of July 2023.

INDEX OF EXHIBITS

(No exhibits marked)

1 P R O C E E D I N G S

2
3 THE VIDEOGRAPHER: This begins media file
4 number one in the video deposition of Officer Benjamin
5 Lynch in the matter of Tyree Talley, et al. versus City
6 of Austin, et al. in the United States District Court
7 for the Western District of Texas, Austin Division.
8 Case number 121-CV-249-RP.

9 Today is Tuesday, July 18th, 2023, and the
10 time is 9:08 a.m. This deposition is being taken
11 remotely at the request of Hendler Flores Law, PLLC.

12 The Videographer is Nate Laningham with Magna
13 Legal Services and the Court Reporter is Rebecca Quinn.

14 Will counsel please state their appearances
15 and whom they represent.

16 MR. DEMIK: Stephen Demik on behalf of the
17 Plaintiffs from Hendler Flores Law.

18 MR. BARTON: Monte Barton on behalf of the
19 Defendants, City of Austin Law Department, City Hall.

20 THE VIDEOGRAPHER: You can go ahead whenever
21 you're ready, Madame Court Reporter.

22
23
24
25 ///

1 BENJAMIN LYNCH,
2 having been duly sworn by the Certified Shorthand
3 Reporter to tell the truth, the whole truth, and nothing
4 but the truth, responded, "Yes," and testified as
5 follows:

6
7 MR. DEMIK: Thank you.

8
9 EXAMINATION BY MR. DEMIK

10
11 Q Good morning, Officer Lynch.

12 A Good morning.

13 Q Can you hear me okay?

14 A Yes.

15 Q Okay. If you can't hear me, if you just raise
16 your hand and -- on Friday I had some issues and then
17 yesterday it went better. So just flag your hand if you
18 can't hear me or if for any reason you can't hear what
19 I'm saying.

20 Does that work?

21 A Yes, sir.

22 Q Okay. So my name is Stephen Demik. I
23 represent the Plaintiffs in this case. I'm from Hendler
24 Flores Law.

25 Let me just sort of ask you have you ever been

1 deposed before?

2 A Yes, sir.

3 Q Okay. So I've got to ask you sort of the
4 routine questions at the beginning, so let me ask you
5 those. You've probably been asked them before, but you
6 understand that this is a deposition that we're taking
7 that could be presented in lieu of courtroom testimony?

8 A Yes, sir.

9 Q And that means that the questions and answers
10 may be recorded by video and presented to a judge or
11 jury later in a courtroom?

12 A Yes, sir.

13 Q So it's important for you to be full, accurate
14 and complete to the best of your abilities?

15 A Yes, sir.

16 Q Okay. Is there anything -- and I've never
17 really understood this question, but we have to ask it,
18 is there anything that would prevent you from giving
19 full, accurate and truthful and complete testimony
20 today?

21 A No, sir.

22 Q Okay. And you're represented by an attorney
23 at the deposition today?

24 A Monte Barton with the City of Austin, yes,
25 sir.

1 Q Okay. Okay. Now, let me ask you -- one
2 second. Let me just get my notes organized, if you
3 don't mind.

4 Okay. Let me just sort of ask you a little
5 bit about your background if that's all right, Officer.
6 I'll try and flag things for you so you know what
7 subject I'm asking about. I try not to jump around too
8 much, but if at any point you need clarification to my
9 question, you don't understand my question, please just
10 ask. I'm happy to rephrase it, put it in a different
11 way, but if I don't hear that from you, I'm just going
12 to assume that you understood the question and you
13 answered it to the best of your ability; is that fair?

14 A Yes.

15 Q Okay. Good. It seems like my audio is
16 working pretty well today. So that's a good thing.

17 How long have you been with the -- well, let
18 me ask you, are you currently employed with the police
19 department?

20 A Yes, sir.

21 Q Okay. And how long have you been with the
22 Austin City Police Department?

23 A Since 2009.

24 Q Okay. And when did you go to the Academy and
25 graduate?

1 A I graduated in April of 2010.

2 Q All right. Let me sort of go a little bit in
3 the background, not too far, but before you went to the
4 Academy, what's your background, sort of occupational,
5 educational background before you went to the Academy in
6 2009?

7 A High school. Went to high school in
8 Massachusetts where I grew up, I'm a graduate of Penn
9 State University and moved here after graduation and
10 started the Academy after a little bit of time in the
11 construction world.

12 Q Okay. How did you end up in Austin from
13 Pennsylvania?

14 A I visited here before and liked it, so I
15 applied and was accepted into the Academy so I moved
16 here.

17 Q Okay. So high school and college in
18 Pennsylvania sometime in --

19 A Massachusetts, yeah.

20 Q Massachusetts, I'm sorry. Then Pennsylvania?

21 A Correct.

22 Q Okay. And then a stint in construction and
23 then the Academy in Texas?

24 A Correct.

25 Q Okay. How long did you work construction?

1 Was that in the northeast or was that in Texas?

2 A No, that was in Philadelphia.

3 Q Okay.

4 A It was almost a year.

5 Q Okay. What kind of construction?

6 A It was just like general jobs. We did like
7 general contracting, just building small, small jobs,
8 flooring, anything. Really anything. And then also
9 like lawn maintenance.

10 Q Okay. And it may seem like a weird question,
11 but I do like to ask it, why did you become a police
12 officer?

13 A It runs in my family and, you know, I wanted
14 to serve the community, help people out.

15 Q How does it run in your family, father,
16 grandfather?

17 A My two uncles are police officers back in
18 Massachusetts or were, they're both retired now, and
19 then I had a great grandfather in one of the federal
20 agencies.

21 Q FBI?

22 A I believe so.

23 Q Interesting. Okay. What did you study in
24 college?

25 A Criminal justice.

1 Q Okay. And was that in anticipation of
2 becoming a police officer or did you know yet at that
3 point?

4 A I didn't start with that, but when I decided
5 that I was going to try to go the police officer route,
6 I transitioned to that major and then graduated with
7 that degree.

8 Q Okay. And so that after construction, that
9 takes us to the Academy in 2000 -- and moving to Texas,
10 that takes us to the Academy in 2009?

11 A Correct.

12 Q Okay. After you graduated from the Academy,
13 excuse me, geez, 14 years ago, where were you first
14 positioned or stationed?

15 A I was first positioned in Baker Sector. So --

16 Q Center?

17 A Yeah, yeah. It's mostly centered around west
18 campus, but it also comprised of areas like Lamar up to
19 183, the -- parts of 360, 2222 and Burnet Road.

20 Q And was that as a patrol officer?

21 A Yes, sir.

22 Q Okay. And are you still there or did you move
23 after that?

24 A I was there for two years and then I worked
25 downtown for ten years.

1 Q Okay. So you went from the Baker Sector to
2 downtown -- for about approximately two years, downtown
3 and you've been there ever since?

4 A In April of last year I promoted and I've been
5 violent crimes detective since the end of September of
6 last year.

7 Q Oh, congratulations.

8 A Thanks.

9 Q So that was last year. Okay. So most of what
10 we're going to talk about, Officer, just goes up to
11 2020, May 30th, 2020 specifically. There might be an
12 occasion that something after that becomes relevant, but
13 generally just to sort of help focus, you know, we're
14 only going to mostly go up to May of 2020 for purposes
15 of this case.

16 Let me ask you a question. Do you -- what's
17 your understanding of why you're being deposed today?

18 A I'm being deposed in a lawsuit that stemmed
19 from the protests around the end of May of 2020 and an
20 individual who had been impacted during the protest.

21 Q And generally what was your involvement, and
22 we'll just start really, you know, broadly what was your
23 involvement on May 30th, 2020?

24 A So like I said, I was assigned to downtown. I
25 had a regularly scheduled shift that day. We were asked

1 to come in early, and so once my whole shift was there,
2 we grouped up and were given tasks to, you know, be in
3 certain areas at certain times for -- during the
4 protests for, you know, crowd control and, you know,
5 everything else that went on.

6 Q Okay. Let me ask you this. So let's sort of
7 center around that weekend. I believe May 30th was a
8 Saturday.

9 A I believe so.

10 Q Let's go a little bit earlier because I know
11 that the shifts somewhat fluctuated during this time
12 because of the protests. Fair?

13 A Fair, yes.

14 Q Yeah. So, you know, let's start a few days
15 before that. Were you working -- I forget what it's
16 called -- emergency shift or, you know, I was -- I
17 waited tables, we call them a double or triple or
18 something like that.

19 You know, during that week, what was your work
20 schedule like?

21 A I couldn't remember to be sure. Usually we
22 worked four 10-hour shifts. Like you said, we went into
23 like, you know, emergency, we call it Alpha Bravo, but I
24 don't remember exactly what day I started. I believe it
25 was after that weekend.

1 Q Okay.

2 A And that day I was probably scheduled to work
3 at 5:00 or 6:00 o'clock in the evening as that would
4 have been a normal time on a weekend.

5 Q Was that your -- these four 10-hour shifts per
6 week --

7 A Correct.

8 Q -- was that your regular shift like
9 approximately 5:00 in the evening to what, 2:00 in the
10 morning or --

11 A It would have been -- yeah, 5:00 or 3:00 or
12 6:00 to 4:00.

13 Q Okay.

14 A Would have been a normal shift downtown on a
15 Saturday.

16 Q Okay. You said "Alpha Bravo." What does that
17 mean and what is that?

18 A Alpha Bravo is just -- it's a day split up
19 into two. So you -- there's a group of officers working
20 the A shift, which is the first 12 hours, and then a
21 group of officers working the B shift, which would be
22 the second twelve hours, which I think I started at 5:00
23 or 6:00 was the beginning. But like I said, that didn't
24 start until I think it was like possibly Monday
25 following that weekend.

1 Q Okay. So bring it back to that weekend. On
2 Friday, if you recall the day before, you know, this
3 incident, do you recall what your shift was or what
4 hours you worked, approximately?

5 A It would have been the same, 6:00, 5:00 to
6 3:00 or 6:00 to 4:00.

7 Q Okay. 5:00 to 3:00 or 6:00 to 4:00. Okay.
8 And were you -- on Friday the day before, were your
9 hours extended in any way or did you just work your
10 regular shift?

11 A I don't believe so.

12 Q So just talking about hours still sticking on
13 this topic. On Saturday, May 30th, 2020 to your
14 recollection you were asked to come in a little bit
15 earlier?

16 A Yes, sir.

17 Q What does that look like? Do you get a call
18 or a page or --

19 A We get a page.

20 Q Okay. And so you get a page asking you to
21 come in earlier and I assume report to the downtown
22 police station?

23 A Yes, that's where I was stationed anyway.

24 Q Okay. So do you remember, and I know this is
25 at this point, you know, three years ago, but do you

1 recall what time you got that page or notification?

2 A I do not recall.

3 Q Okay. Do you recall approximately what time
4 you came in to the police station?

5 A I don't recall. It would have been before my
6 regular scheduled shift. Sometime in that early
7 afternoon.

8 Q So walk me through a little bit what you
9 recall when you got there. So a little bit before your
10 shift, report to the downtown police station, what did
11 you do then?

12 A We showed up, you know, in uniform, met with
13 our shift with, you know, our supervisors, and then our
14 supervisors were given, you know, whatever our
15 assignment was and then we grouped up and, you know,
16 performed those tasks.

17 Q Okay. Is that -- is that like called a
18 briefing or something or is there some word for that or
19 is that just your normal course of business, you come
20 in --

21 A We usually call it show-up, but we have -- it
22 would be like normal course of business every day we do
23 that.

24 Q Show-up?

25 A Correct.

1 Q Okay. I forgot to ask you a quick question,
2 so I'm going to just jump back for a quick question.

3 You said you had been deposed before. What
4 was the context of deposition that you gave -- well, how
5 many times have you been deposed before?

6 A Just once.

7 Q Okay. And what was the context of that
8 deposition?

9 A It was -- I was a responding officer to an
10 officer-involved shooting.

11 Q Okay. All right. And when was that,
12 approximately?

13 A Maybe 2019. When I was deposed or when the
14 event happened?

15 Q Both.

16 A I believe the incident was in 2019.

17 Q Okay.

18 A Around then. And then I was deposed I believe
19 it was maybe like a year -- a little over a year ago.
20 Maybe less.

21 Q Okay. All right. And was that a case an
22 officer-involved shooting that you were a witness, an
23 eye witness or --

24 A No, sir.

25 Q -- were you the subject of the lawsuit?

1 A No, neither. I was a responding officer.

2 Q Okay. All right. So you were being deposed
3 as a witness to the shooting?

4 A No, sir. I was a responding officer after the
5 shooting.

6 Q Oh, okay. All right. Yeah, that makes sense.
7 Sorry, I just wanted to clarify.

8 Have you ever testified in court before?

9 A Yes, sir.

10 Q You probably do it a lot now as a detective
11 now I imagine?

12 A I actually haven't done it as a detective yet,
13 but as an officer, you know, DWIs is a common one that
14 way, and then, you know, certain other felony cases.

15 Q Okay. How many times do you think you
16 testified, ballpark?

17 A Just call it five to be safe.

18 Q Fair enough. Okay. Now, let me get back and
19 I'm going to switch gears again. I try and flag it for
20 you as much as I can, but I want to switch gears back to
21 Saturday, May 30th, 2020. You came in a little bit
22 early. Let me just ask you specific questions and then
23 ask you more generally.

24 Was there a crowd outside of the police
25 station when you showed up for your shift?

1 A Yes, sir.

2 Q Okay. And how does that work? How do you get
3 into the police station if there's crowds outside?

4 A I believe I had to go down Red River instead
5 of the frontage road, and then we were allowed access to
6 drive down Eighth Street into the exit gate, I believe,
7 or into the garage across the street. I forget which
8 one I parked in that day, but it was something like
9 that.

10 Q Okay. And let me ask you this if you recall,
11 was the crowd larger during the day than it was at night
12 or was it the opposite, was it larger at night than it
13 was during the day, if that question makes sense?

14 A I believe it was larger during the day.

15 Q Okay. And then sort of petered out towards
16 the evening?

17 A Correct.

18 Q Okay. So you show up, and then what do you do
19 now at the police station after you've parked your car
20 and reported for your shift?

21 A Yeah. Like I said, we have that show-up
22 meeting, we're getting our shift together -- excuse
23 me -- and then the first thing we did is we were asked
24 to go up on the 35 and stop people from walking onto the
25 highway so that it could be kept open for traffic.

1 Q Okay. Let's stop on the show-up meeting for a
2 minute. What was discussed at the show-up meeting or
3 what information was given to you at the show-up
4 meeting?

5 A I couldn't tell you like for sure what exactly
6 was said. Just like, hey, something to the effect of,
7 you know -- I'm not even sure, sir. Just like how we're
8 going to work that day, what we were going to do and
9 then just get with this person to meet up and then
10 you'll walk this way to the highway. Something to the
11 effect of that.

12 Q Sure. And I'm not -- certainly not asking you
13 to, you know, give verbatim or anything, I wouldn't
14 expect anybody to remember that, but I guess I can maybe
15 get more specific with my questions and you can tell me
16 if you remember.

17 So at the show-up meeting, right, later -- so
18 you cleared the overpass and then later you ended up in
19 front of the police station, right?

20 A Yes. So I was there later in the day.

21 Q So here's what I -- what I want to know is if
22 you remember at the show-up meeting did they say, hey,
23 we're going to go to the overpass, we're going to clear
24 it, we're going to clear the highway, and then we're
25 going to come down and position in front of the police

1 department or had that not developed yet?

2 Do you understand what I'm asking you?

3 A I do. I don't think it had developed yet. I

4 think we were just taking it one at a time.

5 Q Right. One issue at a time?

6 A Correct.

7 Q And you at least remember being discussed that

8 the first issue is that we're going to clear the

9 highway?

10 A Yes, the first thing we do was went up onto

11 the highway.

12 Q Okay. And so how does that work? Did you --

13 why don't you walk me through it.

14 Did you check out a shotgun? As you do the

15 show-up and then I imagine you get your equipment and

16 then you go up to the highway, walk me through that.

17 A I did not check out a shotgun. I believe like

18 our shift might have had one at the shift. Yeah, we had

19 all our protective equipment just like helmets. You

20 know, obviously, we all wear our normal uniform, and

21 then, yeah, we just got in like a row and walked up -- I

22 believe we walked through our -- the area of our shop

23 there, that's on the north side of Eighth Street and

24 then up through the grass onto the highway.

25 Q Okay. So how many officers about in this

1 group?

2 A I think it was two shifts. So somewhere call
3 it 15 to 20.

4 Q Okay. One shift is about seven or eight?

5 A Full would be 10, but I probably didn't have a
6 full shift.

7 Q Okay. And so you -- you check out your
8 equipment. Did you have one of these shotguns, less
9 lethal shotguns at the time that you left the police
10 station?

11 A No, sir.

12 Q Okay. So what did you have on you to clear
13 the highway? You said you checked out your equipment.
14 So just --

15 A I would have like a helmet with face shield
16 and I believe I had like a baton that I -- that would
17 have been mine anyway.

18 Q Okay. And in this -- these two shifts that
19 leave the police station and go up to the highway, it's
20 daytime now, right?

21 A Correct.

22 Q You were -- you had a baton to utilize to
23 clear the highway?

24 A Yes.

25 Q And you say you believe there was one of these

1 shotguns for that group that was going up to the
2 highway?

3 A Yes, sir.

4 Q Okay. What happens when you and your fellow
5 officers go to the -- walk up the sort of grassy
6 embankment onto the highway, what happened?

7 A I believe the first thing we did was we
8 crossed into the northbound side. We formed like a line
9 on the north side of Eighth Street to just stop people
10 from walking up and entering the highway.

11 Q Okay. People blocking the highway and you're
12 just preventing more from going up or had the highway
13 been cleared and you're preventing --

14 A No, the highway stayed cleared at that time.
15 There were people on the service road, but we were just
16 more focused on keeping the highway open.

17 Q Okay.

18 A We were just -- we didn't even have to
19 disperse people. It was already clear. We were just up
20 there to make sure that it stayed clear.

21 Q Preventing further people from going up on the
22 highway and obstructing it?

23 A Correct.

24 Q Okay. And how long did you all do that?

25 We're staying on the issue of clearing the highway. How

1 long, approximately again, you know, hours or whatever,
2 how long did that take?

3 A One to two hours.

4 Q Okay. And during this chunk of time, right,
5 leaving the police station to we'll just call it block
6 off the highway, I know that's probably not technically
7 correct, but you understand what I'm talking about when
8 I say that?

9 A Yes.

10 Q Okay. Was there any -- did you engage in any
11 use of force during this first chunk?

12 A I believe when I was on the highway the only
13 use of force I used was OC spray.

14 Q Okay. And can you tell us about that?

15 A There was a group of people directly below me
16 throwing rocks at the officers, and we dispersed them
17 using OC spray so that they would stop throwing rocks.

18 Q Did it work?

19 A Yes, sir.

20 Q Okay. So how -- how did that work? OC spray,
21 somebody who doesn't know what that means or what that
22 entails, what does -- what does that look like?

23 A It's a canister. It's full of -- you know,
24 it's -- the general term would be pepper spray, but it's
25 OC sprays. It's a mist that contains a certain

1 percentage of capsaicin and can cause -- you know, when
2 it's dispersed, it can cause like irritation to the face
3 or eyes or whatever part of skin that it comes in
4 contact with for a temporary amount of time, and it's
5 just meant to, you know, not -- it's to disperse the
6 people that were doing that.

7 Q Now, is this one of those handheld canisters
8 that people have attached to their key chain, you know,
9 the small tin, or is this like a handheld grip that has
10 a trigger that has a can attached to it?

11 A We don't have any key chain size ones. I
12 believe I was using one of the larger ones that had the
13 MK9 that has a handle. I probably would have been using
14 one of those.

15 Q All right. And those can fire the pepper
16 spray out for some distance, right?

17 A Those are actually misters. So it does spray
18 it for a distance, but it's not a large distance. It's
19 probably, you know, 15 or 20 feet max.

20 Q Okay. And so how far this -- was it a crowd
21 that was throwing rocks or was it an individual?

22 A No. It was probably like three to five people
23 in one area.

24 Q And they were surrounded by other people or
25 were they just three to five?

1 A Where they were, if my memory serves me
2 correct, they were kind of like in their own little
3 group where they were doing it. It was like -- like I
4 was up on the bridge like I said north of Eighth Street
5 and they would have been like directly below us under
6 the bridge. Where like the part where it comes up and
7 meets the roadway on the north side of the bridge.

8 Q Okay. And were you -- this chunk of time,
9 we're still limited to this because we're going to move
10 to the police station later, but this chunk of time
11 blocking off the highway, were you hit by anything?

12 A Yes, sir.

13 Q Okay. Tell us about -- go ahead.

14 A Countless rocks, bottles, other objects. Like
15 I couldn't tell you exactly what they all were. Bricks
16 were thrown at us. Just all sorts of stuff.

17 Q Okay. And were you hit by all those?

18 A I was hit by bottles, I was hit by rocks. I
19 don't remember if I ever got hit by a brick, but larger
20 rocks for sure was probably the biggest thing I got
21 struck with.

22 Q Okay. And was the shotgun used at any point
23 during this chunk of time?

24 A By me or anyone, sir?

25 Q Anyone in the group, the two shifts?

1 A Honestly, I couldn't tell you if anyone in our
2 two shifts fired it at that time. I know like I said, I
3 know we had one, but I can't tell you if it was used.

4 Q Sure. So in this blocking the highway period
5 of time, what uses of force were used? Pepper spray was
6 used, right?

7 A Correct.

8 Q And then batons, were those used to sort of
9 hold people back or push them out of the way?

10 A No. I don't -- I don't remember anyone
11 actually trying to cross the guardrail onto the highway,
12 so I don't believe they were utilized.

13 Q Okay. Did you suffer any injuries from this
14 period of time in which you're blocking off the
15 highway?

16 A Nothing major.

17 Q So any bruises or injuries that would require
18 medical attention?

19 A Most likely I had some bruises, but I never
20 got medical attention for that time.

21 Q Okay. Okay. So at what point do you leave
22 the highway or the -- you know, the ramp to the
23 highway?

24 A Like I said, it was one to two hours. We
25 would have gotten replaced by someone else and then went

1 back into -- inside the headquarters.

2 Q And about what time is it now?

3 A I'm not sure. Later in the afternoon.

4 Q Still daylight out?

5 A I believe so.

6 Q Okay. So what happens now that you're back at

7 the police station?

8 A We took some time to cool off. It was hot.

9 You know, turned some water and then just waited for the

10 next, you know, task.

11 Q Okay. And it's May in Austin, and it's pretty

12 hot and you're wearing a lot of clothes, right?

13 A Yes, sir.

14 Q What else makes it hot?

15 A That's about it. You know, it's late May in

16 Austin, it's probably somewhere in the 90s. You know,

17 we're all wearing vests that are super hot to begin

18 with, and we're standing out on pavement for two plus --

19 you know, one to two hours in the direct sunlight, so it

20 was pretty hot.

21 Q And you had those helmets on with the masks

22 too, right?

23 A Correct.

24 Q And those masks aren't ventilated, they're

25 like a glass mask over your head, right?

1 A Plastic, yeah, but --

2 Q Plastic, uh-huh. Yeah, that makes sense.

3 Glass wouldn't be wise.

4 Okay. So -- so you're back in the police
5 station. At what point do you get your directions or
6 orders for the next task?

7 A Maybe like within the next hour.

8 Q And what are those directions?

9 A That we were going to swap out with a shift or
10 team that was out on the front porch of the main.

11 Q How long had they been out there?

12 A I have no idea.

13 Q Is that sort of something that happened on
14 this day, this period of time that different shifts
15 would swap out to give people a break for water, for
16 rest, for sitting down, et cetera?

17 A Yes.

18 Q Okay. And so you were given the direction to
19 relieve this shift that had been standing outside of the
20 police department?

21 A Yes.

22 Q Okay. So at what point do you get a
23 shotgun?

24 A So like I said, I believe my shift or the
25 group of officers at one, and we were just like pretty

1 much like taking, you know, 20 or 30 minute shifts being
2 the person to use the less lethal shotgun. I couldn't
3 tell you exactly how many times, you know, it was my
4 turn or anyone else, how many times anyone else used it,
5 but that's kind of how our group functioned with that
6 piece of equipment.

7 Q Okay. So when you're at this point, which
8 we've moved away from the blocking the highway,
9 obviously we're in front of the police station, your
10 shift has been called in to relieve another shift, at
11 this point how many officers are in front of the police
12 station, approximately?

13 A Maybe 30 to 50.

14 Q And is it light or dark at this point?

15 A I believe the first time we went out there it
16 was light.

17 Q Okay. Did you go out there more than once?
18 Did you go out, come back in, go back out again?

19 A Yes.

20 Q Okay. All right. So we're on the first --
21 let's just call it the first shift. I don't want to get
22 that term confused with the group of officers, number of
23 officers, but how many shifts did you do standing in
24 front of the police station?

25 A I couldn't tell you for sure.

1 Q Okay. Like more than 10 or --

2 A No, I think we had spent longer than that. It
3 was -- I -- maybe like three to five. Like, you know,
4 45 minutes to an hour long shifts as you would term
5 them.

6 Q Sure. And then they would switch you out,
7 give you some relief and then rotate it so officers have
8 a chance to sit down, get water, use the restroom,
9 whatever, I assume?

10 A Correct. Yeah, eat dinner, you know,
11 depending on the time of day or, you know, yeah.

12 Q Okay. All right. So in the -- let me ask you
13 this way because you said there's like three to five of
14 these shifts in front of the police station.

15 Did the number of shot -- how many shotguns
16 approximately to your memory were -- were -- I want to
17 say issued, but that's not the right word -- did the
18 officers have in front of the police station?

19 Approximate number is fine.

20 A I have no idea to tell you the truth.

21 Q But again, I'm going to ask you to do this,
22 I'm really not trying to be rude, but maybe a bracket.
23 Like more than five but less than 20, can you give me a
24 bracket?

25 A If there were 30 to 50 officers out there, I'd

1 say there were looks like let's just -- because I'm not
2 sure, I'll just say one per ten like our shift had, so
3 maybe five at the most.

4 Q Okay. All right. And that's fine, I
5 understand that's an estimate, but the one shotgun per
6 shift is a general rule. I know that that's not -- but
7 is that sort of like a general ratio?

8 A That's just what I'm using. Yeah, like I
9 said, our group had one -- I believe they only had one.
10 So I'd say if that holds true for the rest of the --
11 like say there were 30 to 50 out there, then I'd say,
12 you know, three to five on the porch at that time.

13 Q In the three to five shifts that you did in
14 front of the police station, were there officers at the
15 overpass looking down on the crowd milling in front of
16 the police station?

17 A Yes, sir.

18 Q For all the shifts or did they only show up
19 for a period of time to your recollection?

20 A I remember them being there later. I'm not
21 sure if they were there the whole day or not.

22 Q Sure. And so when the officers were
23 positioned up on the overpass, you could see them,
24 right?

25 About how far is that from you if you're

1 standing in front of the police station where you were,
2 what's an approximate distance as the crow flies between
3 there and the overpass?

4 A Maybe like 100 feet.

5 Q Sure. And I understand it's an estimation.

6 But you had visual, I'm going to call it contact, but
7 just, you know, you had visual, you know, I'll call that
8 contact with the officers on the overpass, you could see
9 them, right?

10 A Yes, I could see them.

11 Q Okay. And did you -- did you all know or were
12 you aware that the officers on the overpass also had
13 these shotguns?

14 A I could see that they did, yes.

15 Q Okay. Now, let me ask you a little bit about
16 that. Is there any -- because there's three to five
17 shifts, so you came in the station and you went out.
18 And I obviously, you know, want to talk to you about how
19 the shifts, where the acts happened, right. I don't
20 know exactly which one that was, but let me ask it to
21 you this way.

22 Did anything -- was there any significant
23 difference in those three to five shifts? And here's
24 what I'm asking you. You know, was it one shift was
25 totally different than the other shift or were they all

1 pretty much the same?

2 A They were all pretty much the same.

3 Q Okay. And that just helps me because, you
4 know, I don't know if things totally changed. Like one
5 shift came out and nobody was out there and the other
6 shift came out and there's 200 people out there, but is
7 it safe to say that pretty much the crowd was out there
8 for all these shifts and it was the same situation for
9 this period of time more or less, right? I mean I --

10 A Yeah. I mean kind of like you said earlier,
11 the crowd dissipated into the night. So there would
12 have been more people at the beginning of the shifts and
13 less people at the later shifts.

14 Q Okay.

15 A Behaviorwise, you know, operationalwise I
16 can't -- I couldn't differentiate like the first,
17 second, third, fourth, how many ever times I was out
18 there by like what happened. Like I know, just, you
19 know, on the time of day and the size of the crowd
20 maybe.

21 Q Sure. I understand. So breaking it down and
22 eliminating the highway block, which you utilized OC
23 spray or pepper spray, right?

24 A (Nods head up and down)

25 Q Let's just take this block of time and say

1 it's the guarding of the police station block, the three
2 to five shifts out there.

3 Let me ask you, how long did that last? What
4 time did you get off shift? What time did you get off
5 work?

6 A I believe we didn't leave until 6:00 the next
7 morning, but that wasn't all done at the main.

8 Q Oh, okay. Did you go to another location?

9 A There was some looting on Sixth Street, so
10 we had to go clear Sixth Street later in the evening,
11 like maybe like between midnight and 2:00 a.m.

12 Q Okay. And so you were dispatched to deal with
13 the Sixth Street stuff. Besides that, did you leave the
14 police station?

15 A No.

16 Q Okay. All right. So during this chunk of
17 time guarding the police station, so we're eliminating
18 the Sixth Street incident, we're eliminating the highway
19 operation, how many uses of force did you personally
20 have? Just for you, not other officers.

21 A I believe there was three.

22 Q What were those three uses of force?

23 A As I mentioned for OC spray the first time,
24 the second time was also OC spray, and then I used the
25 less lethal shotgun to impact one person.

1 Q Okay. How many times did you fire the shotgun
2 in front of the police station?

3 A I fired it twice at one individual.

4 Q Besides those two, you know, deployments, I
5 think, deployment of the less lethal shotgun is what you
6 call it, besides those two deployments, did you deploy
7 the less than lethal besides that, besides those two?

8 A No.

9 Q Okay. Did you -- how long did you have this
10 shotgun? So was it just sort of passed between officer
11 and officer within your shift or was one person each
12 shift charged with holding it, what do you recall?

13 A I don't know how other shifts were, like I
14 don't know what their operation was, but within mine we
15 took turns between like the group of us. So I couldn't
16 tell you how many times like my turn came up, but like I
17 said, it probably would have been like -- maybe like 15
18 to 30 minutes for each person and then, you know, hand
19 it off to the next one.

20 Q Okay. And does everybody have the rounds on
21 them that were -- or do those just stay in the shotguns?

22 A No, they just stay in the shotgun.

23 Q Okay. Did you have any rounds in case you
24 needed to reload to your recollection?

25 A I had a couple. I couldn't tell you for sure.

1 Q Okay. Do you recall ever having to reload
2 your shotgun?

3 A I don't recall. I'm sure I did after I fired
4 it, but other than that, I'm not sure.

5 Q Okay. I forgot to mention this, Officer,
6 really quick, as a quick aside, if you need a break,
7 again, just raise your hand and let us know. You know,
8 a restroom break or whatever, you're welcome to do that.
9 I don't want to force you to sit there if you need a
10 break. So you just let us know.

11 Let me go through the two OC sprays first
12 before we talk about the less lethal. Tell me about
13 the first OC spray use of force in front of the police
14 station?

15 A All right. Yeah, the first one was on the
16 highway, we talked about that one. The second one was I
17 was on the porch of the main. There was a group of I
18 believe it was like two or three girls, they started an
19 argument. I believe one of the girls was -- she wasn't
20 like -- she was trying to either calm stuff down or
21 wasn't liking what was going on, and then two other
22 girls didn't appreciate what she was saying and they
23 just started punching her in the face. So to break that
24 up I used OC spray.

25 Q Okay. How far was that from the line on the

1 porch?

2 A Like just below us.

3 Q Okay. Like approximate distance?

4 A Like maybe three feet, three to five feet.

5 Q Oh, okay. So right in front of the porch?

6 A Yeah, right in front. Right in front of the

7 wall of the porch.

8 Q Okay. And that's the -- that's the area that

9 you call the front of the police station is referred to

10 as the porch?

11 A Yes.

12 Q All right. And now the porch has like a fence

13 around it?

14 A Yes, sir. It has about a ten-foot iron fence

15 around the whole thing.

16 Q But going back in time to May 30th of 2020

17 there was no fence around that area, right?

18 A Correct.

19 Q Okay. And that's I imagine part of the reason

20 why officers were forming a line there is to protect the

21 police station?

22 A Yes.

23 Q All right. Okay. What about the -- let's go

24 to the second use of force, OC spray.

25 A That was the second.

1 Q Oh, that was the second?

2 A Yeah.

3 Q What was the first?

4 A The first was on the highway.

5 Q Oh, okay. All right. I understand. So if we
6 limit ourselves to the porch, you had two uses of force,
7 OC spray for the fight between the females and the
8 firing of the shotgun?

9 A Yes, sir.

10 Q Okay. Any other uses of force on the porch
11 that you recall?

12 A Not that I recall, no.

13 Q Okay. Let me ask you this. Are you -- do you
14 still have the mask? I'll call it like the helmet and
15 the mask. Did officers still have those when they were
16 on the line on the porch?

17 A Yes.

18 Q All right. And when you fired the shotgun
19 twice, did you have your mask on or did you have it
20 lifted up?

21 A I'm not sure.

22 Q Okay. Did you witness other officers shoot
23 their shotguns from the porch?

24 A At the same time as me or any other time?

25 Q Any other time during the time you were on the

1 porch?

2 A Yes, I believe so.

3 Q All right. Did those officers to your
4 recollection have their mask down or their mask up?

5 A (Shakes head from side to side) I don't know.

6 Q Okay. Let me ask you a little bit about the
7 directions that you were given when you first were sent
8 out to the porch, so after the highway.

9 What -- did you have like the equivalent of a
10 show-up, did anybody sort of give you information when
11 you go out there, this is what your directions are?

12 A I'm sure we did. I couldn't tell you exactly
13 what was said. We probably spoke of like how we're
14 going to handle the less lethal shotgun and just like
15 where we're going to stand, but I couldn't tell you for
16 sure what was said.

17 Q Okay. Do you recall anything that was said
18 about the shotguns? Like you said how to handle the
19 shotguns. What does that look like?

20 A I don't recall. Could you rephrase? I'm not
21 really sure what you're asking. How to handle it?

22 Q Well, I mean I was just sort of following up.

23 I mean were you given any directions on these
24 shotguns? Like here's where you use them and don't use
25 them under this scenario and you have authority to use

1 them in these instances, but not these instances.

2 That's what I'm asking.

3 Was there any discussion or directive given?

4 A You know, so they pretty much said, hey, you
5 know, if people are throwing things at officers, you can
6 -- you have the ability to use the less lethal shotguns
7 or use of force or like other uses of force. That's
8 pretty much what we were told.

9 Q Okay. So if I kind of understand it
10 correctly, you know, as a patrol officer in your
11 position on May 30th, 2020, there's a certain level of
12 directions that you're given. Go to the highway and
13 block it, form a line on the porch, crowd control,
14 things like that.

15 Those are orders that you're given that you
16 have to go to those positions and follow orders,
17 right?

18 A Sure.

19 Q And with regards to the shotguns, there's like
20 this -- you know, maybe I'm being too much of a lawyer,
21 but there's this carve out for discretion.

22 You as an officer if you have a less than
23 lethal shotgun have the discretion to use it, you know,
24 if you see agitators throwing things, et cetera,
25 right?

1 A Correct.

2 Q In other words, you don't have to like turn to
3 somebody and say, hey, can I fire, you have a certain
4 level of discretion or the officer who has the shotgun
5 has a level of discretion whether to fire or not?

6 A Yes, sir.

7 Q Okay. Was there any discussion to your
8 recollection of when not to fire it? So did anybody say
9 don't fire it if X, Y, Z?

10 A Not that I remember.

11 Q Okay. Let me switch gears a little bit and
12 just talk about the shotguns and the training and
13 certification and that piece of it.

14 What training -- and again, Detective, sorry,
15 I was calling you Officer, but I realized it's Detective
16 now. May 30th, 2020 and prior, okay, so we're in that
17 time zone, not afterwards, what training and
18 certification did you have with regard to these
19 shotguns?

20 A Well, like all weapons we're trained within
21 the Academy, and then every year we have a qualification
22 with each less than lethal and lethal weapon that we
23 have to partake in every year to be -- to stay current
24 of a user of that weapon.

25 Q And the annual certification is kind of like

1 an accuracy test, right? They have you fire at a
2 target?

3 A The less than lethal?

4 Q Yes, sir.

5 A Yes, sir. Yeah, you're given I believe it's
6 four rounds, and you fire at like a -- I think it's
7 given to them by the company. There's like a silhouette
8 of the front of a body with the areas painted and the
9 impact zones, like green, yellow, red, and then the back
10 of a person with the same colors. And then you take two
11 shots from I believe it's the -- it's either the 10 or
12 the 20 mark, and then you take two shots from the five
13 mark at the areas that would be acceptable from that
14 range.

15 Q Okay. And what, ten and five yards or feet?

16 A No, yards, sir.

17 Q Yards. Okay. So you fire the target every
18 year for certification. You fire at the target from
19 different distances in yards and you're tested for
20 accuracy?

21 A Yes.

22 Q Okay. And what -- what distances are you
23 trained are acceptable to fire at?

24 So, for example, do you get a threshold where
25 it's like -- I'm making up numbers because I don't know

1 -- but over a 100 yards, don't fire it within a 100
2 yards, that's your range?

3 A I believe at that time the acceptable range
4 was 5 to 25 yards. That was the recommended range.
5 They can be used outside of that, but you need to like
6 be more selective with, you know, the areas that you're
7 targeting.

8 Q Okay. All right. So to your recollection 5
9 to 25 yards is the recommended distance. You can go
10 past that, but you need to take special precautions if
11 you go past that?

12 A Yeah, and I think it's more that you need to
13 take special precautions when you're closer.

14 Q Okay.

15 A Because obviously it's more, yeah, lethal at
16 that range.

17 Q Okay. Right. The closer the subject is to
18 you that you hit with the bean bag rounds the more
19 injury it could be the farther away -- go ahead.

20 A Well, energy -- the closer you are to like
21 anything, the more energy it has. So as that
22 dissipates, then obviously the range -- the part of the
23 body you hit is more acceptable because it has less
24 energy at the time. So you want to be more selective
25 closer to the person because the chance of injury is

1 higher in that sensitive area.

2 Q The impact would be harder --

3 A Correct.

4 Q -- more or less like? So we can sort of focus

5 in -- well, let me ask you this. So that's the

6 certification process, you do that once a year.

7 How is that -- how is that graded? Is it

8 pass/fail? What constitutes a pass and what constitutes

9 a fail on the annual certification?

10 A It is pass/fail, and I believe the pass/fail

11 is just targeting in the right area for that distance

12 that you're shooting at.

13 Q Okay. Now, besides the certification, which

14 is the annual test, right, and we're going from I think

15 the Academy for you in 2009 to May 30th, 2020, what

16 training do you receive? So besides the annual

17 certification, what training do you receive on the

18 shotguns?

19 A I believe that's it, sir.

20 Q Okay. So you're trained on how to use them in

21 the Academy, and then after you graduate the Academy,

22 you're on the police force, once a year you do the

23 certification, the accuracy test to stay current and

24 certified?

25 A Correct.

1 Q Okay. Any further training after the Academy
2 between 2009 and 2020 that you recall?

3 A Not that I recall.

4 Q Okay. So let me ask you about your use of
5 weapons prior to. So we're cutting it off again at May
6 30th, 2020 and before, let's include May 20th (sic),
7 2020, so you've displayed the not less than lethal two
8 times on May 30th, 2020, right?

9 A Correct.

10 Q Okay. So before that, right, from the Academy
11 on, how many times approximately had you shot the less
12 than lethal shotgun?

13 A Other than in the qualifications?

14 Q Yeah. Let's take the qualifications out
15 of it, let's use real-life scenarios.

16 A Zero.

17 Q Oh. So from 2009 to 2020 you had never used
18 the less than lethal or fired the less than lethal on
19 duty?

20 A No, sir.

21 Q Why is that? That seems unusual to me.
22 That's a big chunk of time.

23 A I just haven't had the -- I've utilized it,
24 but like just by its presence I guess I've gained
25 compliance, but never actually fired it at someone.

1 Q Oh, okay. And what you mean I think, if I can
2 unpack that, you correct me if I'm wrong, is that
3 sometimes you show it to the individual who's not
4 complying and them knowing that you might use it they
5 gain compliance, they start cooperating?

6 A Correct.

7 Q Okay. But you had never had to shoot it at
8 somebody between '09 and May 2020?

9 A Correct.

10 Q How often did you even get one, right?
11 Because these shotguns are sort of checked out, right,
12 by -- from the police station?

13 A Yes.

14 Q And did you -- let me ask you that. On May
15 30th, 2020, did you check it out or did some other
16 officer check it out and then you guys just shared it
17 and passed it around to give people breaks?

18 A I don't believe I checked it out. I believe
19 someone else, maybe a supervisor, maybe it was another
20 officer, I'm not sure. But like I said, we had one for
21 like our shift. I couldn't tell you who checked it out.
22 It wasn't -- I don't believe I -- it was me.

23 Q Sure. That makes sense. So in this 2009 to
24 2020 range that I'm asking you about, how often would
25 you have one? How often would you, you know, have a

1 less lethal shotgun at your disposal, at your use?

2 Is it something you took out every patrol, is

3 it something that, you know, you would only go and check

4 out if you wanted to go check out? Why don't you

5 explain that to us.

6 A I definitely don't take it out every patrol,

7 but I usually carry it fairly often while -- when I was

8 on patrol.

9 Q Okay. So let's sort of -- let's discuss

10 firearms, right. We're not talking about the shotguns,

11 the less lethal shotguns. We're talking about firearms.

12 How many times have you discharged your

13 firearm in the line of duty?

14 A Zero.

15 Q Okay. Now, excepting -- taking out the

16 Academy and certifications and things like that, you've

17 never fired your service weapon in the line of duty?

18 A That's correct.

19 Q Okay. So if I understand you correctly, on

20 May 30th, 2020 was the first time that you had fired a

21 weapon, and now I'm going to include service weapon and

22 shotgun, even though, you know, we're talking about the

23 shotgun. May 30th, 2020 was the first time in the line

24 of duty that you had fired a weapon?

25 A Yes.

1 Q Okay. Okay. All right. I want to switch
2 gears on you and ask you about a car.

3 Do you recall a car coming down that
4 intersection and driving into the crowd?

5 A If my memory serves me correct, there were
6 several at different points of the day that did.

7 Q Okay. And what happened -- how many cars,
8 again, and ask you like more than five?

9 A I don't know. Maybe five at most.

10 Q Okay.

11 A There was, yeah, there was cars. There was a
12 van that came down at one point. But yeah, there were
13 several times where vehicles made its way into the crowd
14 for whatever reason.

15 Q Right. And one of those times officers from
16 the line on the porch came out and removed the driver
17 from the vehicle, right?

18 A Sure. I never participated in that.

19 Q Okay. Did you ever witness officers leave the
20 line on the porch and go into the crowd for any
21 reason?

22 A Yes.

23 Q Okay. What were those?

24 A One time -- one time was to administer aid to
25 someone who was injured, one time someone had lit a car

1 on fire under the overpass so they were providing
2 security for AFD. I believe -- I remember escorting a
3 vehicle, not myself, but being down there, but I think
4 that was the next day. I don't think that was the 30th.

5 Q Okay.

6 A So on the actual 30th, those are probably the
7 only two times I remember officers going down into the
8 crowd were those two.

9 Q Okay. At any point do you recall the shotguns
10 being fired at someone who was driving a vehicle?

11 A No.

12 Q Were you or any other officers aware on May
13 20th (sic), 2020, right, going back in time, when you're
14 on your shift that Saturday, were you aware of other
15 incidents in other cities?

16 And here's what I mean by that. I mean the
17 police station being torched in Minneapolis, the police
18 station in El Paso being vandalized, were you aware of
19 that on May 20th -- May 30th, 2020?

20 A I'm aware of it. I couldn't tell you when I
21 became aware of it. At some point.

22 Q Sure. Is it safe to say that, you know,
23 because you're on the line on the porch of the police
24 department, right, the downtown police station, that
25 that sort of heightened officers' readiness?

1 A Yes.

2 Q And I know that's a broad term, I appreciate
3 you're answering it, and I want to be fair to you and
4 not try and, you know, say something else, but in other
5 words, you know, this crowd being in front of the police
6 station made it a significant situation because that
7 presents a dangerous situation if people were to enter
8 the police department, right?

9 A Yes.

10 Q There's weapons in there, there's documents in
11 there, that would be a catastrophic situation, right?

12 A Yes.

13 Q Okay. Do you -- I think you already answered
14 this, it's just a question I ask, you don't have any
15 military experience, do you?

16 A No, sir.

17 Q Okay. All right. Let me -- actually, you
18 know what, could we take a -- for myself could we take
19 just a quick four-minute break? I've got 9:11 Mountain,
20 10:11 Central, could we go to 10:15?

21 MR. BARTON: Sure. Yeah.

22 MR. DEMIK: Okay.

23 Is that alright, Officer, we'll take a
24 four-minute break?

25 THE WITNESS: Yes.

1 THE VIDEOGRAPHER: We're off the video record.

2 The time is 10:11 a.m.

3 (Break taken)

4 THE VIDEOGRAPHER: We are back on the video

5 record. The time is 10:16 a.m.

6 Q (By Mr. Demik) Okay, Detective, let me ask

7 you about just in general the protests.

8 So on May 30th, 2020, we've been talking about

9 that, but I want to sort of shift gears before that, had

10 you had during this time period of time, and I'll, you

11 know, call it May 2020, had you worked shifts where

12 protests happen?

13 A Prior to or at any point or --

14 Q Prior to?

15 A I wouldn't say -- I'd probably say that's --

16 this is the -- not the only one. This period of time

17 was the only time I've worked an actual protest.

18 Have I worked events with other large

19 gatherings, yes.

20 Q Okay. So prior to May 30th, 2020, right, in

21 front of the police station on the porch, had you ever

22 had experience dealing with this type of crowd, this

23 type of protest?

24 A No.

25 Q Okay. And what about that week, right, I

1 believe the George Floyd death happened, you know,
2 several days before, had you been on shifts or been on
3 crowd control at all that week?

4 A I don't think there was any crowd before
5 Saturday.

6 Q Okay. So on May 30th, 2020, this is the first
7 time that you're showing up for duty for an active
8 protest happening in front of the police station?

9 A Yes.

10 Q Or an active protest, you know, happening in
11 the city of Austin?

12 A Of this type, yes. I mean there's been other
13 like -- there's been marches, and I was here when --
14 what's it called? They're doing the whole Wall Street
15 thing out here in front of the City Hall for like months
16 on end, but an actual protest where, you know, there was
17 like violence, this is the only one I can -- that comes
18 to mind.

19 Q And what training or experience did you rely
20 on, and I know that's a broad term, I mean it to be
21 broad because I want to give you latitude to answer
22 whatever you had, but May 30th, 2020, showing up for a
23 protest that you said was violent, right, what training
24 had you been given did you rely on in dealing with it on
25 May 30th, 2020?

1 A Going to the Academy we had a day or two of
2 doing like crowd stuff. I was also a member of BPOT,
3 and although we didn't utilize our bicycles at this
4 point, we did on later days during the same, you know,
5 event, but that has a lot -- that's all like crowd
6 control. So that would probably be the most relevant
7 training I had to deal with, you know, protests because
8 that's what BPOT's all about.

9 Q Okay. Let me ask you, what is "BPOT"? I
10 don't know what it is.

11 A It stands for Bicycle Public Order Team. It
12 was created in -- I believe it was somewhere in Canada,
13 Calgary, I believe. So it's pretty much using bicycles
14 to support and deal with large crowds.

15 Q And what period of time were you on this BPOT
16 team?

17 A Everyone who works downtown is trained on
18 that. It wasn't implemented in 2012 when I went
19 downtown, but probably sometime in the mid-2010s it was.
20 So for several years I've been a member, trained on
21 that, you know, technique.

22 Q Okay. And that's a technique dealing with
23 bicycles or what is that technique?

24 A Yeah. So using police bicycles to deal with
25 it, deal with crowds.

1 Q Okay. And there were no bicycles on May 30th,
2 2020, right?

3 A There were -- there were some, but they were
4 just -- they were using them to block the steps to the
5 main.

6 Q Okay.

7 A Because like back then there was no fence or
8 no anything. So they were just using them to like limit
9 access, but that wasn't part of my shift's like duties
10 or tasks.

11 Q Okay. So if I understand you correctly, May
12 30th, 2020, besides BPOT, the Bicycle Patrol -- I
13 forgot, what's the acronym, Bicycle Patrol --

14 A It's Bicycle Public Order Team. Something
15 like that.

16 Q The Bicycle Public Order Team. Besides the
17 Bicycle Public Order Team in May 30th, 2020, you relied
18 on your training at the Academy?

19 A Yeah. Besides the BPOT, yeah. Yes, sir.

20 Q Okay. And going into May 30th, 2020, did you
21 understand what the protests generally were about?

22 A Generally, yes.

23 Q And can you articulate that in your own
24 words?

25 A George Floyd was killed in Minneapolis and

1 people across the country were -- felt the need to
2 attack police around the country for it.

3 Q Did you have any personal opinions or beliefs
4 on that issue prior to and during May 30th, 2020?

5 MR. BARTON: Object to the form. You can go
6 ahead and answer.

7 THE WITNESS: I honestly didn't know too much
8 about it at that time.

9 Q (By Mr. Demik) You didn't know too much about
10 the George Floyd death?

11 A No.

12 Q All right. Did you -- were you watching the
13 news at the time?

14 A Probably not.

15 Q Okay. Do you watch the news around this time,
16 May 2020?

17 A No.

18 Q It's probably healthier for you.

19 A Probably.

20 Q Why don't you watch any news?

21 A It's just a lot of times I don't think it's
22 accurate. It's just -- I mean the news, they're all --
23 they're businesses too. They're just trying to make
24 their money. A lot of times it's sensationalized, a lot
25 of times they're not telling the whole truth.

1 I just choose to spend my time doing other
2 things. To be honest, I just -- it's not entertaining
3 to me.

4 Q Sure. So going into May 30th, 2020, if you
5 weren't watching the news, where were you getting
6 information on the issue?

7 I'm just going to call it "the issue."

8 A Probably from coworkers.

9 Q From coworkers?

10 A Yeah. I'm not -- I'm not even big on my
11 social media or anything like that, so I wouldn't even
12 know. Like I don't even remember. I couldn't tell you
13 the first time I saw the video. It was probably around
14 that time.

15 I know it had been on for -- I know it was
16 like earlier in that week or maybe even the weekend
17 prior. I forget when exactly it happened, but I don't
18 even remember the first time I saw it. I don't think it
19 was -- probably around the weekend that we're talking
20 about, the 30th, the 31st.

21 Q Okay. Do you recall what circumstances you
22 viewed it? Was it you going online, was it somebody
23 saying, hey, watch this, what was it?

24 A Honestly I have no idea.

25 Q Okay. All right. Let me ask you about the

1 overpass. I want to ask you, switch gears here and ask
2 you about the sort of interactions between the officers
3 on the overpass to your knowledge and the officers on
4 the porch as we're calling them. Fair?

5 A Uh-huh.

6 Q Okay. So did you witness officers on the
7 overpass fire shotguns into the crowd?

8 A Yes. I saw officers fire at individuals, yes.

9 Q And was there any communication between the
10 officers on the overpass and the officers on the
11 porch?

12 A Other than being on the same radio, there
13 wouldn't have been any like direct communications
14 between us, no.

15 Q Okay. And what kind of information was
16 passing on the radio?

17 A I couldn't tell you.

18 Q Was there information being given to the
19 officers on the overpass of what was happening
20 underneath them, beneath the overpass?

21 A I'm not sure.

22 Q Okay. You're not aware of that?

23 A I'm not aware, and I can't remember what was
24 said on the radio, no.

25 Q Okay. Were you on the radio? Do you remember

1 saying anything on the radio?

2 A No, I don't remember ever saying anything.

3 Q Okay. Do you know if officers on the overpass
4 were using flashlights or other illumination techniques
5 to focus on people below?

6 A That was mentioned to me earlier. I didn't
7 have any independent recollection of that up until then,
8 but I do remember people at night using flashlights just
9 so like pointing people out in the -- on the -- in the
10 street.

11 Q Okay. Was there any kind of coordination
12 between the officers on the porch and the officers on
13 the overpass?

14 A No.

15 Q Okay. Let me ask you about -- well, let me
16 ask you this. The officers on the porch, were they
17 using any flashlights or illumination devices?

18 A Not that I remember.

19 Q Okay. And I guess I said "illumination
20 devices" because I don't know if there's like a
21 spotlight or something else.

22 What other means do they have at the police
23 station?

24 A There's no spotlights. At that time it was
25 poorly lit. Just if anyone was shining anything, it's

1 sort of a normal flashlight.

2 Q Okay. So let's talk about that. It was
3 poorly lit in front of the police station.

4 A No. The porch of the police station, what --

5 Q The porch to the police station at this time,
6 May 30th, 2020 was poorly lit in front of the porch?

7 A The actual porch would have been poorly lit.
8 There's streetlights that illuminate the street, but at
9 that time there was -- the light, it was pretty dim up
10 there. Since they've installed like very bright lights
11 up there, but then they weren't up there.

12 Q Okay. On May 30th, 2020 they weren't up
13 there?

14 A That's correct.

15 Q And so the porch area is dimly lit?

16 A Yes.

17 Q The street is lit by the streetlights?

18 A Correct.

19 Q Okay. When you fired your shotgun the two

20 times on the porch, do you remember the individual that

21 you -- that you impacted?

22 A I mean I don't know who it was, but I remember
23 the -- like the purpose I guess you would say.

24 Q Okay. Sure. Can you walk us through that?

25 A So yes. I saw a male, he was somewhere like

1 on east -- on Eighth Street, east of the service road.

2 I believed I saw him light something in his hand and

3 then walked, walked westbound towards the intersection

4 and then started to attempt to throw whatever he had lit

5 in his hand.

6 Q Okay. Did you -- did you -- did he throw

7 it?

8 A Yes. He was able to throw the -- I called it

9 like a -- some sort of incendiary device, but it landed

10 somewhere like on Eighth Street north of where we were

11 standing.

12 Q Okay.

13 A And then dispersed its -- whatever it had,

14 smoke or whatever it was.

15 Q Okay. Let me break that down a little bit.

16 So did you observe this individual before he

17 threw something or he threw it and then you --

18 A No. It was -- it was -- so I saw him light

19 it, and then as he like was in his throwing motion, I

20 struck him twice.

21 Q And how far away was he from you at that

22 point?

23 A Um, maybe like -- I'm not sure. Call it maybe

24 40 to 50 feet. I'm not a hundred percent sure.

25 Q That's fine. And so when you shot him, did --

1 had he already thrown the --

2 A Like I said, he was in his like throwing

3 motion.

4 Q Okay.

5 A Like -- thinking like a pitcher, they have

6 like a windup where, you know, they bring the ball like

7 up and, you know, execute their throw over their

8 shoulder. So it would have been in that motion.

9 Q Okay.

10 A So I would assume the intended target was

11 where we were standing, but he missed assuming because

12 he was impacted.

13 Q Okay. And where -- when you say "incendiary

14 device," was this a firework, a smoke bomb?

15 A That's -- I didn't examine it after, but it

16 caused smoke so I'm guessing it was some sort of -- just

17 from what it looked like, I guess I would assume that it

18 had to have been some sort of firework. I'm not sure

19 what exactly it was but --.

20 Q And where did the firework go?

21 A It landed like I said like just north of the

22 porch on Eighth Street.

23 Q Okay. And so you remember him in a windup to

24 throw it, you shot him, what happened then to him in

25 your line of sight?

1 A If I remember correctly, he like turned around
2 and went eastbound.

3 Q So he ran eastbound away from the porch?

4 A I believe so, yes.

5 Q Okay. What was this individual wearing?

6 A I don't remember.

7 Q Can you identify him by any article of
8 clothing or other distinguishing factor?

9 A No, I couldn't.

10 Q And that's the only individual that you shot
11 the less than lethal shotgun and hit? No, no, that you
12 -- those are the only two times you shot the shotgun?

13 A Correct.

14 Q Did anyone assist the individual after you hit
15 him?

16 A I don't believe so.

17 Q Did any other -- to your knowledge, did any
18 other officers shoot the same individual?

19 A I believe the -- some officers on the overpass
20 did, but I'm not sure how many or like who struck him
21 obviously. I never talked to the guy. So --.

22 Q Oh, to the individual that you hit?

23 A Right.

24 Q Did you talk to the officers on the
25 overpass?

1 A No.

2 Q So this -- did you witness any other instances
3 where officers on the porch shot somebody and officers
4 from the overpass shot somebody?

5 A No, not to my -- like just -- I don't recall
6 right this second. I couldn't tell you for sure.

7 Q Well, officers from the overpass were firing
8 at people in the crowd, right?

9 A People on the street, yes, they were.

10 Q Okay. And officers on the porch obviously
11 were shooting individuals in the crowd, right?

12 A Correct, but I couldn't tell you if that was
13 the same time or not.

14 Q Okay. Was there any discussion by any officer
15 at the time, and I -- again, I'm making it a broad
16 question because, you know, I want to be thorough, did
17 you participate in, witness, overhear any conversation
18 by any officers, supervisors, anybody with the police
19 force over a notion of crossfire between the porch and
20 the overpass?

21 A Crossfire would be when you are shooting in
22 opposite directions at each other, so that wouldn't have
23 been an issue.

24 Q Maybe I used that term incorrectly. What
25 would you call that where you had two lines?

1 Let's say you had a 90-degree angle, I know this is a
2 hypothetical, I'm going away from May 30th, 2020, but
3 let's say you had an angle and officers or -- yeah,
4 officers were shooting at the same individual from
5 different angles, what do you call that?

6 A That's standard practice. You usually try to
7 hit different angles, and that's the most safe. Like
8 when you were saying there the L, because you're not in
9 a crossfire situation.

10 Q It's also probably safer for officers if
11 you're at different levels?

12 A Right. Yeah, that's like a different --
13 that's a whole different thing.

14 Q Sure. So that's sort of what I'm asking is
15 that topic, and I know that -- I know that's super
16 general, but that topic of like, hey, these officers are
17 going to be on the overpass shooting at this angle with
18 this field of vision or field of -- what do you call it,
19 range?

20 A Field.

21 Q And the officers here at the police station
22 are firing from this range and this vantage point, did
23 you ever witness, overhear, participate in or have any
24 knowledge of any conversation about that within the
25 police on May 30th, 2020?

1 A No.

2 Q So nobody brought that up to your knowledge on
3 May 30th, 2020 before or during?

4 A Not to my knowledge, no.

5 Q Were you or any other officers
6 to your knowledge -- because I can't ask you what was in
7 somebody else's mind of course, right, but, you know, if
8 I'm in a room and another person's in a room and I
9 overhear somebody telling them something, I can say they
10 probably knew about it because I witnessed that. Sorry
11 for the detour. But were you aware personally or aware
12 of any other officers having knowledge that there were
13 deaf individuals in this crowd of people?

14 A How would you know?

15 Q Right. Was there ever a discussion that there
16 might be deaf people in this group of people?

17 A Never a discussion of deaf people. I don't
18 know. How would you know?

19 Q Sure. And "group of people," I mean the group
20 of protesters that are milling around the front of the
21 police station to be clear, to clarify. Fair?

22 A Fair. Yeah, no, there was no conversations
23 like that.

24 Q Okay. There was never a conversation about
25 the possibility that some of these people might be deaf?

1 A Not that I took part in.

2 Q Okay. Or overheard?

3 A Correct.

4 Q Okay. Can you just give me one second, I
5 think I'm done, but I just want to check my notes to be
6 sure. Okay. All right. I do have another sort of
7 topic to ask you about.

8 So in the firing of the shotguns, right, you
9 made that decision on May 30th, 2020 based on what you
10 observed?

11 A Correct, yes.

12 Q And so the only time that you fired the
13 shotgun was when you observed an individual throwing or
14 beginning to throw an object?

15 A Yes.

16 Q All right. Was there any other point that
17 officers sort of directed fire at an individual? And
18 what I mean is this. Were you present or overhear any
19 instance where one officer sort of highlighted an
20 individual to another officer?

21 A I mean like my supervisor is standing next to
22 me just like kind of watching, keeping eyes out for me.
23 I can't -- I'm guessing he was doing that for other
24 people, but there was never a time where anyone was
25 like, hey, impact that person or anything like that,

1 heap force on that person. It was nothing like that.

2 It would always be individual discretion.

3 Q So you don't recall officers directing, and
4 I'm trying to find a better word for that, but I think
5 you know what I mean, directing another officer, hey,
6 hit that guy or, hey, shoot that guy?

7 A I mean even if they did do that, they don't --

8 it's not like they have to follow that request.

9 Q But what do you do? I can't ask you about
10 other officers because you can't answer for them, but
11 you personally, right, at the time, and I know you've
12 moved on to detective, but at the time of a patrol
13 officer, May 30th, 2020, did you hear -- if you hear
14 another officer say, hey, impact that guy, what do you
15 do?

16 A If they were asking me or telling someone
17 else?

18 Q Saying it to you.

19 A No. I'd say like, okay, I'll, you know, I'll
20 just make my own determination.

21 Q Okay.

22 A I've never -- I mean that's like as we

23 mentioned, that's the only time I've ever impacted

24 someone, and I did it on my own, you know, accord.

25 So -- and my own decision-making. So I haven't ever

1 fired on anyone after someone told me to, obviously.

2 Q Have you ever been in a situation May 30th,
3 2020 and prior, not after, you know, again sort of our
4 timeline, were you ever in a situation where another
5 officer did that? Said, hey, impact this person and
6 obviously you didn't because the only time that you
7 fired the shotgun was on May 30th, 2020.

8 Before that or on that date, have you ever
9 been in a situation where another officer said, hey,
10 impact that person and you didn't do it?

11 A I don't think so.

12 Q Okay. Do you receive any training on what to
13 do or show-ups or information on what to do in that type
14 of scenario?

15 A I don't think that's all that common, so no.

16 I don't know why someone would be telling someone to
17 impact anyone on someone else's behalf.

18 Q I'm sorry, I missed the first part of that
19 answer.

20 A I don't know why someone would be -- an
21 officer would be directing another officer to impact
22 someone.

23 Q Okay. I think that's all I have, Detective.
24 I always end here, and I just ask you, you know, I've
25 been asking the questions and you've been answering

1 them, thank you for your time and attention and
2 thank you for answering my questions, but I like to give
3 you an opportunity if there's anything that you think is
4 important or anything that you think we should know
5 about this case, this incident on May 30th, 2020. So I
6 really -- it's like a catch-all question, I just give
7 you an opportunity if there's anything that I didn't ask
8 you about or something that you think is important to
9 give you an opportunity to say it.

10 Was there anything like that here?

11 A I don't believe so.

12 Q I don't have any further questions. I don't
13 know if Monte does, but thank you for your time. I
14 appreciate it. I know it probably takes a chunk out of
15 your day, so I appreciate it, Detective, and I wish you
16 the best.

17 A Appreciate it.

18 MR. BARTON: Okay. I don't have any questions
19 for the witness, but I do want to exercise the option to
20 read and sign, and then I would like to order copies of
21 the transcript and the video. And I've been told to
22 request the expedited transcript.

23 THE REPORTER: Do you have a date you need it?

24 MR. BARTON: I think by the end of the month,
25 but maybe the week before the end of the month. I don't

1 have my calendar handy, but --

2 MR. DEMIK: That's next week, I think.

3 THE REPORTER: Okay. Well, I'm all caught up

4 so there's no problem.

5 MR. BARTON: And actually, I guess we're off

6 the record.

7 THE VIDEOGRAPHER: We're off the video record.

8 That concludes our deposition this morning. The time is

9 10:43 a.m.

10 (Deposition concluded at 10:43 a.m.)

ZOOM VIDEOTAPED DEPOSITION
JOSEPH HETHERSHAW
VOLUME 1
JULY 17, 2023

ZOOM DEPOSITION OF JOSEPH HETHERSHAW, produced as a witness
at the instance of the Plaintiff and duly sworn, was taken
in the above-styled and numbered cause on July 17, 2023,
from 9:34 a.m. to 11:34 a.m., before Priscilla Glover, CSR
in and for the State of Texas, reported by machine shorthand
at my residence in Grand Prairie, Texas 75054, pursuant to
the Texas Rules of Civil Procedure and the provisions stated
on the record or attached hereto.

1 PROCEEDINGS

2 VIDEOGRAPHER: We are now on the record.

3 This begins media file number one in the
4 deposition of Joseph -- Joseph Hethershaw in
5 the matter of Tyree Talley et al. versus City
6 of Austin et al. In the United States District
7 Court for the Western District of Texas Austin
8 Division, Case Number 1:21-cv-249-RP. Today is
9 Monday, July 13th, 2023 and the time is 9:23
10 a.m. This deposition is being taken remotely
11 at the request of Hendler Flores Law, PLLC.

12 The videographer is Nate Laningham with Magna
13 Legal Services and the court reporter is
14 Priscilla Glover. Will counsel please state
15 their appearances and whom they represent?

16 MR. DEMIK: Stephen Demik on behalf of
17 plaintiffs along with my paralegal Alexis Lopez
18 present.

19 MR. LAIRD: Gray Laird for the City of
20 Austin along with Priscilla Chavez.

21
22 COURT REPORTER: Also --

23 VIDEOGRAPHER: Whenever you're ready,
24 ma'am.

25 COURT REPORTER: Okay. Just to correct

1 the record, today's date is July 17th, FYI.

2 It's okay. He's probably --

3 JOSEPH HETHERSHAW,

4 having been first duly sworn, testified as follows:

5 EXAMINATION

6 BY MR. DEMIK:

7 MR. DEMIK: Great. Good morning, Officer

8 Hethershaw. I apologize again for my

9 tardiness. Where are you located right now?

10 In Austin, I assume?

11 A. Yes, sir. I'm currently located at City

12 Hall.

13 Q. Okay. And you can hear me okay? If

14 there's any problem just raise your hand or anybody

15 else, if you can't hear me. I was having a little

16 bit of technical difficulties on Friday.

17 A. Yes, sir.

18 Q. Thank you. Officer Hethershaw, you

19 understand that today's deposition that we're taking

20 that could be presented in lieu of live testimony to

21 a judge or jury. Do you understand that?

22 A. Yes, sir. I do.

23 Q. Okay. And so it's important that you give

24 your answers under oath the same as you would any

25 other proceeding.

1 MR. DEMIK: Actually, Madam Court
2 Reporter, have we sworn the witness? Do we
3 need to do that?

4 COURT REPORTER: I just -- I did swear him
5 in.

6 MR. DEMIK: Oh, you did okay. All right.
7 Thank you. I was just looking at my notes.

8 Q. (By Mr. Demik) So you understand you've
9 been sworn in as a witness, testifying under oath.
10 So it's the same as if you would be testifying to a
11 judge or a jury in the court room during a trial?

12 A. Yes.

13 Q. Okay. If you don't understand any of my
14 questions, I'll just ask you to let me know that.
15 Otherwise, I'm just going to sort of presume that
16 you understand, you can hear me okay, you understand
17 the question. If you answer it and, of course, if
18 your lawyer objects that's perfectly fine. You can
19 pause for a minute and then you can answer the
20 question if there's an objection. Do you understand
21 all that?

22 A. Yes, sir. I do.

23 Q. Okay. Have you given a deposition before?

24 A. No, sir. I have not.

25 Q. Okay. All right. If you have any

1 questions you can let, you know, your attorney or me
2 know as well but it should be pretty straight
3 forward. Any questions for me Officer Hethershaw,
4 before we get started?

5 A. No, sir.

6 Q. Okay. How -- let me ask you what you did
7 to prepare for today's deposition? What did you
8 review and who did you speak with?

9 A. Oh, I reviewed my body worn camera, my
10 supplements and I spoke with Ms. Chavez and
11 Mr. Gray.

12 Q. Okay. And when you say supplements, how
13 many -- did you write a narrative text report and
14 then some supplements? How did that go?

15 A. I wrote two supplements. I did not write
16 the initial report. I wrote one the day -- day -- a
17 couple of days after and I think I wrote one after
18 reviewing the body camera.

19 Q. Okay. When you say -- do you -- did some
20 -- another officer write the narrative text and then
21 you added the supplements?

22 A. So normally with reports someone will
23 write a initial report, kind of an overview of what
24 occurred. And then I write a supplement pertaining
25 to what I did.

1 Q. Okay. Do you know who wrote the overview
2 report here?

3 A. I wrote my supplements.

4 Q. Okay. But do you know who wrote the
5 report that the supplements went to?

6 A. I do not know who wrote the initial
7 report. No, sir.

8 Q. So body worn camera, supplements, you
9 spoke to your attorney and Ms. Chavez. Anything
10 else that -- that you reviewed in preparing for
11 today's deposition?

12 A. No, sir.

13 Q. Okay. How long have you been with the
14 police department?

15 A. Three and a half years now, sir.

16 Q. Okay. And can you walk me through that
17 basically just sort of how you got started, academy,
18 where you were stationed, all that?

19 A. Sure. I started the academy mid 2019,
20 graduated January 31st of 2020. I worked South
21 Central Eastern Patrol. I worked the Riverside or
22 what's better known as the Henry District for the
23 Austin Police Department. I have several
24 certifications including -- I'm a part of the street
25 response team, I'm an intoxilyzer operator, I'm a

1 mental health officer and that's all I can think of
2 off the top of my head.

3 Q. Okay. I didn't -- I didn't just catch --
4 I didn't catch that second one. Street response
5 team --

6 A. Special response team.

7 Q. I'm sorry?

8 A. The special response team.

9 Q. Special response team. And what was the
10 second one?

11 A. Intoxilyzer operator.

12 Q. Okay. That's like a breathalyzer?

13 A. Correct. Yes, sir.

14 Q. Okay. And what was the other one?

15 A. Mental health officer.

16 Q. Mental health officer?

17 A. Correct.

18 Q. Okay. And what does that entail?

19 A. The mental health officer?

20 Q. Yes, sir.

21 A. We do evaluations for people who ask us.
22 We receive a extra 40-hour class regarding mental
23 health and we respond to mental health calls when
24 people ask for -- especially a trained mental health
25 officer to kinda determine if people need -- what

1 kind of help they need and if we need to intervene
2 in any way.

3 Q. Okay. Before you went to the academy in
4 mid 2019 what was -- what's your educational
5 background?

6 A. I -- high school -- high school graduate
7 and then I worked at Williamson County Jail for
8 approximately a year and a half -- I believe year
9 and a half, two years.

10 Q. Okay. So after high school you went and
11 worked for the jail?

12 A. I worked for Lifetime Fitness as janitor
13 for a short time and then I worked at Williamson
14 County and then I worked for Austin Police.

15 Q. Okay. And at Williamson County what was
16 your position?

17 A. Correctional Officer.

18 Q. Okay. And what facility were you -- did
19 you work at one facility or multiple facilities?

20 A. I worked at -- so for Williamson County it
21 would be the -- just the jail. There's only one.

22 Q. Okay. And you worked as a Correctional
23 Officer there from when to when?

24 A. I believe until mid 2019 to when I
25 transferred to the academy and then I believe I

1 started in 2017. I don't accurately recall that off
2 the top of my head. It could have been --

3 Q. That's fine.

4 A. -- 2017.

5 Q. That's fine. And -- and -- you know, I
6 might ask you to -- if -- if your memory is not
7 perfect or you don't have an exact answer it's
8 totally fine. I might ask you to sort of bracket
9 it, if that makes sense, you know. After this year,
10 before that year, whatever but I understand, you
11 know, and you don't have to be exact like
12 August 17th, you know, 2017 or whatever. Why did
13 you become a police officer?

14 A. I wanted to help people and certain --
15 certain events that occurred. When I was a kid --
16 had a big impact on me watching Columbine and other
17 stuff like that definitely had an impact. And I
18 wanted to help people and I wanted to be one of the
19 first people on scene to try to help people and
20 intervene in any problems that they had.

21 Q. What was it about the Columbine incident
22 that inspired you to become a police officer?

23 A. Well, it was -- it was really rough seeing
24 everybody kind of sit on the outside and no one
25 kinda going in to deal with it and there was a

1 policy change after that. And that was definitely
2 something that struck -- struck something in me to
3 where I didn't -- that I didn't want to be the one
4 waiting outside. I wanted to be the one in there to
5 kinda assist in the issue.

6 Q. Sure. Okay. So when you went to the
7 academy in 2019 you graduated on you said
8 January 1st 2020?

9 A. January 31st. Yes, sir.

10 Q. 31st. Okay. Sorry. And then what was
11 your first position? Were you first stationed with
12 the Henry group or -- or where was your first
13 position?

14 A. So I went to -- like I said, I'm a mental
15 health officer so the first week out of the academy
16 we went to a mental health class to become mental
17 health officers. And then after that time I went to
18 the Henry evening shifts and I worked Henry evenings
19 my entire career. I've never worked anything else.

20 Q. What is the regular evening shift
21 generally?

22 A. So it -- the hours have changed over the
23 years but it's anywhere between 1:00 p.m. and we get
24 off normally around 2:00 a.m. Or we normally work
25 ten-hour shifts but we start anywhere between 1:00

1 and 4:00 and get off normally before 2:00.

2 Q. Okay. So at this time if you recall,
3 May 30th of 2020, I believe it was a Saturday, what
4 hours were you working?

5 A. So if I recall correctly, it was my day
6 off and I was called in. So I was working until
7 they basically told me to go home.

8 Q. Okay. What was the last shift you worked
9 before your day off that you were called in?

10 A. I worked Fri -- that -- the Friday before.
11 So I worked Friday patrol and I was responding to
12 calls until I got off of work. But we were held
13 over due to the events that were unfolding.

14 Q. On Friday?

15 A. Correct.

16 Q. Okay. So kind of walk me through that a
17 little bit for -- for somebody who doesn't, you
18 know, know the hours. Does that mean you started at
19 about mid afternoon, 1:00 to 4:00 p.m. on Friday?
20 You worked til after midnight and you were held over
21 on Friday?

22 A. Correct.

23 Q. Okay. And what time did you get off? I
24 guess that would be Saturday morning. What time did
25 you get off?

1 A. I cannot recall.

2 Q. Okay. Would it have been like --

3 A. Later.

4 Q. -- 8:00 a.m.?

5 A. I honestly can't -- I -- I don't have a
6 good memory of when I got off that morning.

7 Q. Okay. Do you recall how many hours you
8 were held over on Friday evening?

9 A. No. I know that it was past my normal
10 shift time but I can't give you an accurate answer
11 to how many hours.

12 Q. Okay. And when you were held over on
13 Friday where were you stationed?

14 A. Henry. We were taking patrol calls in
15 evenings. Calls -- calls were service 911 phones or
16 anything like that.

17 Q. Okay. So you weren't stationed for
18 protests on Friday, you were patrol officer held
19 over. And why is that? Because they needed
20 officers for the protests and so you were held over
21 to do the patrols?

22 A. Yes, sir. To my knowledge, they needed
23 extra bodies in Henry -- or extra -- I say bodies,
24 extra officers to assist with the 911 phone calls
25 because a lot of officers were getting sent to

1 downtown.

2 Q. Okay. But you weren't downtown?

3 A. No, sir.

4 Q. Okay. So if you graduated the academy
5 May 31st, 2020 and this was May 30th, 2020, you had
6 been a police officer for approximately three months
7 -- three, four months?

8 A. January 31st. And yes, it was
9 approximately three to four months. I believe
10 that's accurate. Yes, sir.

11 Q. Okay. And -- and are you still with the
12 police force now, I assume?

13 A. Yes, sir.

14 Q. And stationed in the same position or have
15 you moved since then?

16 A. No, sir. Same shift, everything.

17 Q. So let's walk through the Saturday, okay?
18 So Friday you had your shift, you were held over. I
19 assume you went home, went to sleep. And then how
20 does it work that you get the call on your day off
21 to come in?

22 A. So from my recollection, we got paged in
23 via our Spoke app, which is just a -- basically like
24 a page that we were to come in. We all met at the
25 east substation and then we were all loaded up into

1 patrol cars and taken down to I-35 off of H Street.

2 I don't recall what time we were called in.

3 However, I don't remember that.

4 Q. Okay. And do you know a Officer Cantu
5 Harkless?

6 A. Yes, sir. I do. He works in the same
7 sector as I do but on opposite days.

8 Q. Oh, okay. That's what I thought because
9 we spoke to him on Friday. Do you recall seeing him
10 or Saturday or were you guys in separate
11 deployments, I guess?

12 A. The short answer is I don't know.

13 Q. Okay.

14 A. I call recall if I saw him that day or
15 not.

16 Q. Okay. Fair enough. So you get the page,
17 you come into the east substation and then what
18 happens at the east substation?

19 A. To my best recollection, a -- I believe a
20 supervisor of some sort in some capacity, I don't
21 remember, I recall who; paired us up in four and we
22 got into a patrol car and we went straight from the
23 east substation to the 35 bridge.

24 Q. Okay. About what time was it?

25 A. I can't -- I know it was -- it was

1 daylight. I believe it was the afternoon but I -- I
2 can't accurately recall. Like give you -- give you
3 a time. I don't -- I don't know. I believe it was
4 in the afternoon cause I had woken up and it was
5 definitely not the morning.

6 Q. Fair enough. How much sleep did you get?

7 Do you recall? A lot? A little? None?

8 A. I don't recall. I believe a --

9 Q. What was --

10 A. -- fair amount.

11 Q. Yeah. I mean, it was less than 12 hours,
12 right?

13 A. I can't say that accurately. I mean, I
14 don't -- I don't know when I was called in and I
15 don't remember when I went to sleep.

16 Q. Okay. So you're put in a patrol car, four
17 of you, you get to the -- to the interstate. Tell
18 me what happens then.

19 A. We're paired up with a supervisor when we
20 went down to 35 and we were given a directive to
21 provide overwatch for both the protesters and the
22 officers who were on the main steps of 35 or out of
23 the main sub -- the main headquarters.

24 Q. Okay. Were you asked to clear the
25 interstate or did that already happen?

1 A. That had already happened by that point, I
2 believe. Because there were no protesters on the
3 bridge at that point, it was just officers when I
4 arrived.

5 Q. So when you arrived you and the other
6 three individuals in the patrol car were ordered to
7 go to overpass and provide cover for the people for
8 the police officers below?

9 A. For both police officers and protesters,
10 correct.

11 Q. Okay. And -- and who gave that order?

12 A. I cannot accurately recall a name. It's
13 been -- been three years since the incident so I --
14 I honestly don't know.

15 Q. Sure. But was it a super -- but do you
16 all getting the order? I mean --

17 A. Yes.

18 Q. You didn't go -- you didn't go there of
19 your --

20 A. Correct.

21 Q. Right. You didn't go there of your own
22 free will, right?

23 A. Correct. Yes, sir.

24 Q. So someone that was a superior to you gave
25 an order that you and the other officers would go to

1 the overpass and -- right?

2 A. Yes, sir.

3 Q. And -- and you sort of purged on the
4 overpass towards -- in towards the station. Is that
5 fair?

6 A. Yes, sir.

7 Q. Okay. Let me stop here for a second and
8 switch gears a little bit. Were you issued a less
9 than lethal shotgun?

10 A. Yes, sir. I was.

11 Q. Okay. Let's walk through that. When were
12 you first assigned the less than lethal shotgun and
13 pick it up and check it out and all that. Can you
14 walk us through that?

15 A. Sure. I was at the east substation. I
16 don't -- they were giving at least, I believe, it
17 was like one less lethal a car or at least they were
18 handing them out. I received one and I went down
19 with one to the 35 bridge.

20 Q. Well, what is that? Again, I don't -- I
21 don't know. And so maybe talk to me like I'm a
22 kindergartner. But what is a card? What is that?
23 They hand out -- yeah. Explain that to me.

24 A. I mean -- I meant a car. Like they --

25 Q. A car. Oh, a car.

1 A. Right. They were just giving them to a
2 group of people so that way a group would have them.

3 Q. Okay. So they gave one shotgun to each
4 patrol car or did they chose one patrol car and give
5 everybody shotguns?

6 A. I don't recall how they were specifically
7 handing them out. I know that I received one and we
8 only -- I believe it -- I was the one in the car
9 that had one.

10 Q. Okay. And who gave it to you?

11 A. I can't -- I don't recall.

12 Q. Okay. How does that normally work?

13 A. For a normal patrol shift we go to our
14 police equipment and we check one out using our City
15 issued IDs so that way they make sure who it goes
16 to. On this day I don't remember how they were
17 handed out. I remember I received one. I don't
18 remember who gave it to me. It's been -- it's been
19 a little while since that --

20 Q. Sure. Sure. But you didn't go in and
21 check it out the way --

22 A. No, sir.

23 Q. -- you went on a patrol?

24 A. Correct.

25 Q. Somebody handed you it outside the

1 substation?

2 A. I can't say that accurately either. I

3 don't remember where I received it.

4 Q. Okay. So we can say you -- you remember

5 you didn't check it out but you re --

6 A. Right.

7 Q. -- somebody gave it to you. You just

8 don't remember who gave it to you or what the

9 circumstances were?

10 A. Correct. I know I -- the only issue, I

11 don't know if I was inside the substation, outside

12 the substation. I was in the vicinity of the

13 substation but --

14 Q. That's fine. It's fine. And you know,

15 all we're looking for is just your best recollection

16 and the truth, that's it. I don't want you to guess

17 at something or make something up. So did -- were

18 you issued a less than lethal shotgun or Friday, the

19 day before?

20 A. I believe I checked one out.

21 Q. Okay. And -- and why would you have

22 checked it out on Friday?

23 A. I -- so for my shift I normally carry a

24 less lethal. I'm the only guy who carries it

25 normally. I just -- I carry one just to have it

1 available. So that way in case we run across any
2 incidents where it may be useful that I have it
3 available.

4 Q. Is there any sort of protocol like on
5 every patrol, one guy needs a less than lethal
6 shotgun or is it just sort of at discretion who
7 wants to check it out? Is there some quota that,
8 you know, you have to have a certain number of
9 shotguns -- less lethal shotguns for each patrol?
10 Tell me about that.

11 A. I'm not aware of any policies regarding
12 any -- of a quota or anything like that. Anyone who
13 is certified is available to check one out. So if
14 patrol should have eight on the street, they could.
15 If they wanted to have zero on the street, they
16 could. I -- I normally check one out for my shift
17 because I work in a very dangerous area and I want
18 to make sure that I'm prepared.

19 Q. Sure. Okay. So let's also talk about,
20 you said, certified, right? Are you --

21 A. Right.

22 Q. Do you have any certifications or training
23 -- let's just go generally with firearms in general.
24 And I know I'm going to work to the less than lethal
25 shotgun. That's what I want to talk about but you

1 know, I figure I'll start out big. Are you
2 certified or trained in firearms in your job?

3 A. Yes. I'm certified for what the academy
4 and what the department requires.

5 Q. Okay. And -- and what does that look like
6 for a -- let's say for a service weapon? What does
7 that training and certification look like?

8 A. We qualify every year. I get a little bit
9 more training cause I'm a part of the special
10 response team. So we train a little bit more
11 frequently sometimes involving firearms. So answer
12 is we train and I qualify year with my firearm.

13 Q. What is train -- so the qualification is
14 where you -- you shoot and you have accuracy tests,
15 right, like zero to 100?

16 A. Correct.

17 Q. What does the training look like?

18 A. Training, it depends. I can't -- I mean,
19 it can be anything from adjusting your grip to how
20 you're pulling the trigger to what is your sight
21 alignment, other things like that. I mean, training
22 differs. Whether or not it's offered that year and
23 whether or not staffing training is available. So I
24 -- I just -- I don't understand your question maybe.

25 Q. That's fine. Let's talk about the less

1 than lethal shotguns. What is the training and
2 certification that you received and for that prior
3 to May 2020 -- May 20th, 20 -- May 30th, 2020?

4 A. Sure. During the academy they train you
5 on how to use it and then we qualified with it and
6 that's the extent of the training with it.

7 Q. Okay. Do you receive training in checking
8 the service ability of the less than lethal
9 shotguns?

10 A. Yes.

11 Q. Okay. What does that consist of?

12 A. Normally just doing a function check --
13 function test making sure that the slide is working
14 correctly, making sure that nothing is stuck in the
15 barrel. Making sure the trigger works, making sure
16 the safety works. Things of that nature to make
17 sure that it's functioning properly.

18 Q. What about the actual rounds? Do you get
19 any training on checking the rounds, seeing what
20 condition they're in, what constitutes a good round
21 versus an expired round?

22 A. That's more or less a -- I'm going to --
23 I'm going to say no only because to qualify if you
24 see that there's a crack or if you see that there's
25 a dent. They're like make sure -- they like look at

1 it but they don't give us specific training on being
2 like this means this or this means this. They just
3 say look at it, make sure there's no dents, make
4 sure there's no cracks and stuff but I don't -- I'm
5 not specifically trained in the functionality or
6 necessarily the fundamentals of how it works.

7 Q. What are the bean bag rounds made of?

8 A. I -- I don't know. I -- I can't speak to
9 the nomenclature of it. I just -- I'm not an -- I'm
10 not an expert in it. I know it has a bean bag in it
11 but --

12 Q. Okay. So you said you -- and then do you
13 do like an annual certification accuracy test with
14 the less than lethal shotgun?

15 A. Yes, sir.

16 Q. Okay. And how many of those have you done
17 prior to May 30th, 2020?

18 A. One.

19 Q. And when was that approximately?

20 A. During the academy.

21 Q. At the academy. Okay. And why don't you
22 tell us what -- what -- what that certification
23 looks like?

24 A. Sure. To qualify you stand at three
25 different lines and you fire rounds at a target and

1 they make sure that you're hitting accurately and so
2 that's the qualification.

3 Q. What are those -- what are the distances
4 at those three different lines?

5 A. I can't accurately recall off the top of
6 my head.

7 Q. Are you trained that there's a -- that
8 there's a distance that you should use or should not
9 use the shotguns?

10 A. So the old rounds, I can't testify to,
11 they changed the rounds since then. And so I know
12 the newer rounds I know the engagement -- I know
13 roughly the engagement distance for those but the
14 old rounds that we were using during that time, I
15 can't recall. I've forgotten that since then.

16 Q. Okay. But we -- we do want to stick with
17 up to May 30th, 2020.

18 A. Right.

19 Q. And so you said engagement -- what did you
20 call it? Engagement distance?

21 A. Just a -- yeah. I don't recall what I
22 said but yeah, just a -- the -- the distance in
23 which you can impact somebody. Yes.

24 Q. Okay. And -- and what is that distance so
25 the -- as last you know it? I know that you said

1 you don't remember the earlier ones but as last you
2 know it, what's that distance?

3 A. If I were to give you an answer it'd
4 probably be for the new ones because the old ones
5 used during the time of the protest -- and I know
6 you want to stick to the 30th. I just -- I can't
7 accurately recall because I'm more so refreshed on
8 new ones so I don't want to give you an incorrect
9 answer.

10 Q. Totally fine. Understandable and
11 appreciate it. Well, what is the distance for the
12 new ones?

13 A. The new one has a zero -- zero engagement
14 so we can -- we can less lethal someone at a 0-foot.
15 I believe the maximum range is approximately 75 feet
16 or 25 yards. No, that may be inaccurate. I
17 actually don't remember that off the top of my head.

18 Q. So prior to May 30th, 2020 did you receive
19 training on what engagement distances? The distance
20 which you should use the shotguns, the distance
21 which you probably shouldn't use the shotguns?

22 A. Yes, sir.

23 Q. Okay. And -- and what was that distance?

24 A. Like I had -- like I had testified before,
25 I just -- it -- I can't recall off the top of my

1 head for that specific round that we were using at
2 that time. I know we have changed since then and
3 it's been -- I -- I can't recall how long it's been
4 since we've even used that round so...

5 Q. Okay. Well, the general concept, and you
6 correct me if I'm wrong, is that at a closer
7 distance the -- you had more accuracy, right?

8 A. Correct.

9 Q. So -- so you had stated at -- at zero
10 feet, right? Right in front of you, you can use
11 this less than lethal shotgun with pretty high
12 accuracy because it's you and I just standing in
13 front of each other, right?

14 A. Or the new one. Correct. I'm not aware
15 of what the engagement distance were on the old one.

16 Q. Okay. And I'm not asking you the
17 engagement distance. I understand you don't
18 remember it but just going to the general concept
19 and I am talking about as of May 30th, 2020. The
20 general concept is just what I'm asking you is that
21 the reason why those distances what they mean is
22 that if you're at zero feet, as you had testified,
23 where, you know, that's one distance the accuracy is
24 high, right? Is that fair?

25 A. It is but the reason it's zero feet is to

1 make sure that it -- for other reasons for serious
2 injury and for other stuff like that. For certain
3 distances for close range like zero feet have more
4 to do so, I believe, with injury than anything else.

5 Q. Okay. Okay. That's -- that's another
6 aspect of it is the closer you are the more it --
7 injury it could cause?

8 A. Correct.

9 Q. Okay. And -- and to be sure these bean
10 bag round can cause serious bodily injury. Would
11 you agree?

12 A. They are less than lethal, they certainly
13 can cause injury to someone. Correct.

14 Q. Sure. If you hit them in the wrong body
15 part such as the eye or in some sense -- or areas of
16 the head it could be very serious, right?

17 A. Yes.

18 Q. Okay. So there's two things and -- and
19 thank you for bringing it up. There's -- there's
20 accuracy and there's -- let's just call it injury or
21 degree of injury. So the closer you are, the
22 shorter the distance in general the higher the
23 injury and the better the accuracy, right?

24 And then if I can just sort of make
25 it two questions, and that's alright if you want to

1 break them up. The father out you go on the range,
2 right, if you're firing the shotgun from, let's say,
3 a hundred yards -- I know that I'm embellishing but
4 I'm asking you the concept of it, then your accuracy
5 would go down a lot, right?

6 A. The accuracy at distances can be harder if
7 that is the answer to the question you asked.

8 Q. Yeah. I mean, I just sort of want --
9 somebody who doesn't understand firearms or who
10 doesn't understand these shotguns. And certainly,
11 I've never fired one or handled one. But I think I
12 understand it, I'm just asking you if I'm right.
13 That the reason why those distances are trained,
14 right, is that you have the three lines that you
15 fire from for your annual certification, your
16 accuracy test, is because the farther away you get
17 the less -- the less ability you have to pinpoint
18 where you want to hit somebody? Is that fair?

19 A. Yes. It is harder at distances to impact
20 someone. Yes.

21 Q. Okay. And even though you don't remember
22 it, which is fine, there are distances that the
23 police department says, you know, if you're within
24 this distance -- and I'm not going to put words in
25 your mouth cause -- so I'm not going to put a number

1 on it because, like you said, you don't remember.

2 But if you're within this distance it -- it's --

3 it's to okay to fire, right? You're -- you're

4 within the recommended distance.

5 If you're outside that distance, if

6 you're farther away what -- what is the policy and

7 procedure? Is it that you can fire or that you can

8 still fire but you just need to be aware of that

9 distance? Does -- does -- does my question make

10 sense?

11 A. It does. It's more of the second one that

12 you represented. You have to take these things into

13 consideration -- special considerations that you

14 have to do. So if you're at a sizable distance you

15 have to make sure that your shot -- you take more

16 careful and more time to accurately engage the shot.

17 Q. Okay. So the reason why they even have a

18 distance or a distance of engagement or whatever it

19 is, is because in this range you -- you should feel

20 more confident to shoot. Outside of this range you

21 should probably exercise more caution. Is that

22 fair?

23 A. Yes, sir.

24 Q. Okay. How many -- have you ever

25 discharged your service weapon? I'm not talking

1 about the shot guns now, I'm talking about your
2 service weapon or -- or a -- a long rifle. How many
3 times have you discharged that in the line of duty?

4 A. Zero times.

5 Q. Okay. How many times total today -- okay.

6 So I got to break it up by time so I'm clear. I

7 want to be clear in my question. July 17th, 2023,

8 today, how many times have you discharged the

9 shotguns, the one we're talking about?

10 A. The less lethal shotguns?

11 Q. Yes, sir.

12 A. I can't put an accurate number on that.

13 Calling, training and on duty, I -- those are the

14 times where I discharge it.

15 Q. Okay. More than ten? Now, I'm going to

16 ask you to bracket it and it's okay. I'm not trying

17 to trick you. I'm just saying would it be more than

18 ten?

19 A. Yes. Actually, that's accurate.

20 Q. Less than 50?

21 A. Yes. I'd probably say that's -- yeah.

22 Q. Okay. So 10 to 50. Can -- can we shrink

23 that all? To the best of your recollection, I want

24 you to give a -- an accurate answer but

25 understanding that you don't have a log. So you're

1 not going to be able to tell me 21 times or

2 whatever.

3 A. Right.

4 Q. So I'm asking you for your best estimate.

5 So we've got 10 to 50. Can you shrink that at all?

6 Like 20 to 30? 20 to 40?

7 A. I'd say 10 to 35.

8 Q. Okay. Thank you. I appreciate you

9 working with me on that and getting that concept and

10 it's okay. I just sort of want a -- you know, a

11 range of what we're dealing with.

12 Now, let me ask you the second part

13 which is time, right. So from the time you

14 graduated the academy January 3rd -- well, no I want

15 to go before that. So may 30th, 2020, before that,

16 okay. So I'm -- I'm eliminating anything that

17 happened after May 30th, 2020. Before that how many

18 times had you discharged or impacted someone with

19 a -- that -- that's a good -- how many times have

20 you impacted someone with one of these shotguns?

21 A. None at that point.

22 Q. Okay. How many times -- cause this --

23 it's a distinction, right? I just caught myself.

24 How many times have you discharged one of these

25 shotguns prior to May 30th, 2020?

1 A. Just during the academy, to my knowledge.

2 Q. Okay. Okay. And the difference there is
3 -- especially for somebody like a jury who might see
4 this. The difference is discharging means firing
5 and impacting means you actually hit somebody,
6 right? Is that fair?

7 A. You could -- you could say deploy.

8 There's -- there's a myriad of different
9 nomenclature that you could use but --

10 Q. Yeah. And -- and thank you for that too,
11 you're helping me out on -- I haven't had all my
12 coffee this morning but discharge is generally for a
13 firearm, deployment is for a less than lethal
14 shotgun. So deployment means I fired a less than
15 lethal shotgun. Impact means I deploy it and it hit
16 somebody, it impacts someone, right?

17 A. Yes, generally.

18 Q. Okay. And that's -- as long as we're on
19 the same page and you understand what question I'm
20 asking I think is good enough. I know that there's
21 different law enforcement terminology and I'll just
22 never learn it.

23 Okay. So prior to May 30th, 2020 you
24 had not impacted a person, meaning you had not shot
25 a -- one of these shotguns and hit somebody before

1 May 30th, 2020. Is that fair?

2 A. Yes, sir.

3 Q. Okay. So this was the first time that you
4 had shot and hit somebody with one of these
5 shotguns?

6 A. Yes, sir.

7 Q. Okay. Same question, just asked a little
8 different. Okay. So now I'm going to take us back,
9 Officer, if that's alright with you to that overpass
10 on May 30th, 2020. When you arrived how many
11 officers were on that overpass approximately?

12 A. Okay. I was about to say -- and I'll give
13 you a bracket. Anywhere from 30 to 50, I believe.

14 Q. Okay. So you're -- you're -- you're
15 getting good at it. I don't even have to bracket
16 it, you get the concept now. This isn't so hard.
17 So -- so 30 to 50 officers on the overpass. And how
18 many of those 30 to 50 officers had to -- again,
19 another estimate, right, had these shotguns?

20 A. I -- that, I don't know. I can't
21 accurately say for that one because I can't brack --
22 I was only paying attention to what I had and kind
23 of what I had going on but I --

24 Q. Sure.

25 A. -- I can't give a statement to what other

1 officers were carrying.

2 Q. Well, did ever officer have one of these
3 shotguns?

4 A. No.

5 Q. Okay. Were you the only officer had one
6 of these shotguns?

7 A. No.

8 Q. All right. So somewhere between one
9 and -- well, and -- and -- and -- and again, I understand.
10 I understand you were focused on what you were doing
11 and what you saw which is important which is why
12 we're here. But peripherally when you're there on
13 the overpass can you give me an approximate ratio?
14 And nobody's -- I'm not going to, you know,
15 mathematically hold you to this. We're not making
16 fine wine here but was it one shotgun for every
17 three officers? One shotgun for every ten officers?
18 You know, can you give me a ballpark that way just
19 so we can understand how many shotguns approximately
20 were on the overpass?

21 A. And I -- I would like to give you an
22 estimate. The -- my only issue is like I -- we
23 weren't necessarily in groups. And I didn't -- I --
24 there wasn't like a -- there wasn't like a -- for
25 every four officers there was one less lethal. It

1 was just kinda everyone was spread out and I wasn't
2 entirely sure what everybody had going on. So I
3 just -- I don't want to give an inaccurate statement
4 or inaccurate approximation, you know.

5 Q. Right. That's fine. So you said you
6 weren't in groups. Was everybody just sort of in a
7 line on the overpass overlooking the police station?

8 A. That's correct. I mean, we -- we stayed
9 close to the original supervisor we had when we came
10 down but everyone was either huddled up talking or
11 just kind of in a line on the bridge.

12 Q. Okay. And so when you're -- when you were
13 positioned -- you're ordered to position yourself on
14 the overpass of the highway. How long had that
15 crowd -- and I'm talking about the crowd milling
16 outside of the main, so the main police station.
17 How long had that crowd been there?

18 A. I don't know. I mean, they -- they were
19 there when I got there and I don't know if they were
20 there from the night before. I'm sure people came
21 and went but I can't give an accurate statement to
22 that. I don't know.

23 Q. Okay. There had been protests in the same
24 area the evening before?

25 A. Yes, sir, to my knowledge.

1 Q. Okay. You weren't stationed there though
2 because you were on patrol, right?

3 A. Correct.

4 Q. Okay. You just heard about it --

5 A. I'm sorry. Just from other officers.

6 Q. Okay.

7 A. And kinda just looking at, you know, our
8 computer and seeing the stuff that was going on
9 downtown.

10 Q. Okay. Did you get any briefing? So you
11 know, for example, I assume at east substation and
12 the Henry area where you were -- where you were
13 located if there's a -- you know, a warrant takedown
14 or a house search or something like that, you're
15 familiar with the concept of like a briefing. I
16 don't know if that's what you call it but like a
17 briefing. Does that make sense?

18 A. Yes, sir. It does.

19 Q. And that's where a supervisor, Sergeant,
20 Lieutenant, something like that comes in assembles
21 all the police officers, explains to them, you know,
22 what the background is, what the mission is, what
23 the goal is, all the information they need to know,
24 correct?

25 A. Yes.

1 Q. Okay. In this scenario on May 30th, 2020
2 when you're called into work and you report to the
3 east substation, at any point was there a briefing
4 whether it was formerly like in a office room or
5 whether it was in a patrol car or whether it was
6 over radio, did you get any kind of briefing prior
7 to showing up at the overpass?

8 A. Gosh, this was a long time ago. Yes. I
9 believe so, we had an informal briefing.

10 Q. Okay. Can you tell us about that?

11 A. I believe the supervisor was on duty, said
12 that we were going to provide overwatch on 35 bridge
13 and that I was to be assigned to a supervisor and
14 then we were going down to 35 and that was the
15 informal briefing.

16 Q. Okay. Had you been advised or given
17 information that there had been blockage on the
18 interstate or the overpass and that it had been
19 cleared?

20 A. I can't recall.

21 Q. Okay. When this information was given to
22 yourself and other officers did they say anything
23 about the crowd? Who was in the crowd, how long
24 they had been there, what their behavior's been.

25 A. I believe the majority of the briefing

1 occurred on the bridge. I don't believe it
2 necessarily occurred on the substation because
3 everyone -- there was a rapidly evolving situation
4 that we were kind of still all trying to figure out
5 what necessarily was going on.

6 Q. Sure. And I understand that. In the --
7 and we're going to call it a briefing but I
8 understand that's not what most people would have in
9 their minds where, you know, like the TV show where
10 the guys up at the podium and everybody is drinking
11 coffee and getting the information. So it happens
12 at the overpass, they're giving you information.
13 During this time, right, when they're giving you
14 information did anybody give any information on
15 whose in the crowd, how long they had been there,
16 what their behavior has been?

17 A. I believe once we got to the bridge we
18 received information that they had taken the bridge
19 at one point and that we were there to secure the
20 bridge and make sure that no one was to be able to
21 come back on the bridge. That the crowd had been
22 there for -- since the morning at least. And we
23 were tasked with providing both security to the 35
24 bridge as well as overwatch. Mine -- my role
25 specifically was more overwatch than anything else.

1 Q. Okay. And what does overwatch mean? I --
2 I know that you sort of said this before but can you
3 break that down for us? What does overwatch mean?

4 A. Absolutely. So overwatch is a term that
5 we use to just kinda watch over the crowd. See what
6 the crowd is doing. See what officers are doing.
7 See how everyone is interacting. Pointing anything
8 out that may be dangerous and kind of give entail as
9 well as take any action if needed.

10 Q. Okay. Were you given any directive on
11 what that action might be?

12 A. We were given a directive by a supervisor,
13 I can't recall his name, that if anyone was to throw
14 anything we believe they may cause serious injury or
15 bodily injury to someone that we could apply our
16 less lethal shotgun as per APD policy at the time.

17 Q. Okay. What is that APD policy or your
18 understanding of it May 30th, 2020?

19 A. I actually quoted it in my supplement if
20 I'm able to refer to that.

21 Q. Sure. I -- I have no problem with that if
22 you want to look at your supplement, that's great.

23 A. It says is engaged with riotous behavior
24 or is throwing rocks, bottles or other dangerous
25 projectiles at people or officers creating the risk

1 for injury.

2 Q. Okay. And so essentially -- and I'm going
3 to put it in my own words but if it's wrong you
4 correct me. But essentially what that is, is that's
5 a supervisor telling the officers who have these
6 shotguns that they have the discretion to use them
7 if they see what you just quoted?

8 A. Correct. They're reminding us and giving
9 the examples of saying like hey, you this is the
10 policy, use officer discretion, obviously, and
11 deploy how you see fit. Correct.

12 Q. And -- so in other words, let's break that
13 down a little bit. And again, this may seem silly
14 but I just want to paint a picture for somebody who
15 wasn't there such as myself or a jury that's
16 listening to this. That means, you know, if you see
17 something you don't have to go ask for permission to
18 fire, right?

19 A. Correct.

20 Q. You don't have to -- you don't have
21 somebody standing behind you saying yes, you can
22 fire; no, you can't fire?

23 A. Correct. We have discretion as individual
24 officers.

25 Q. Each individual officer on that overpass

1 has discretion to fire if they see fit?

2 A. Correct. If they believe that someone is
3 causing a risk of serious injury or injury to
4 another person. Correct.

5 Q. Okay. And that -- and at some point you
6 reviewed your body cam footage, right --

7 A. Yes, sir.

8 Q. Before -- before -- before the deposition?

9 A. Yes, sir.

10 Q. At some point on the overpass -- and I
11 don't have an exact time, I don't want to give one
12 but at some point officers were sort of working in
13 conjunction saying, you know, go after the guy in
14 the red shirt or using flashlights to spotlight
15 certain individuals. Isn't that true?

16 A. I wouldn't say go after, that's not a
17 terminology I would use. But we were certainly
18 communicating and acting in a tact-able sense of
19 being able to point out potential people who were
20 trying to cause harm or anything like that. Yes,
21 sir.

22 Q. So breaking that down, did you ever hear
23 somebody say go after a guy in a red -- go after the
24 good in the red shirt?

25 A. I can't -- I can't recall that. I don't

1 remember that.

2 Q. Okay. But you do recall that there were
3 officers with handheld flashlights that were using
4 them to spotlight individuals underneath the
5 overpass?

6 A. I recall flashlights being used. I don't
7 remember necessarily what for. We were using it to
8 light up the area. It was extremely dark later on
9 in the night.

10 Q. Okay. Do you recall officers using the
11 flashlights to highlight or -- or focus attention on
12 certain individuals that then other officers were
13 firing at?

14 A. I can't -- I can't recall that for sure.
15 I don't remember that.

16 Q. How many times did you deploy, right, fire
17 your shotgun on May 30th, 2020?

18 A. I know in my supplement I said I deployed
19 approximately 10 to 20 shots but I -- I -- that --
20 to bracket for you. That's the best bracket I can
21 give you.

22 Q. So more than 10, less than 20 shots,
23 right?

24 A. Correct.

25 Q. And so how many times did you reload on

1 your -- your shotgun?

2 A. That, I don't accurately remember. I

3 don't remember that.

4 Q. Okay. How many rounds does the shotgun
5 hold?

6 A. The less lethal shotguns that we use hold
7 four plus one, so five total. So if you have one in
8 the chamber of the gun or the less lethal shotgun
9 and you have four that are in the two ready to use
10 but not necessarily primed and ready to go.

11 Q. Okay. So five total with one in the
12 chamber. Sorry, approximately five. We go with
13 that. It's safe to say you had to reload at least
14 one? Again, I'm doing elementary math but if you
15 fired more than 10 times you had to reload at least
16 once?

17 A. Yes, sir. I'd say that's accurate.

18 Q. Okay. And how do you do that? Tell us
19 about reloading, what that looks like.

20 A. You -- normally the way I do is I turn the
21 shotgun over and I make sure that I can see where
22 the rounds go into. And then I load them carefully
23 and slowly to make sure that I make sure that they
24 load accurately and make sure that I've load a good
25 amount and that it's not going to get jammed.

1 Q. And where do you get the rounds?

2 A. We were given a rounds at the east
3 substation and other people on top of the bridge
4 were also assisting us and had extra rounds
5 available if we needed them.

6 Q. Okay. Did you get round -- to your
7 recollection, did you get rounds from other people
8 or did you just use the ones that you had say in
9 your cargo pants or pockets or whatever?

10 A. I don't remember. Yeah. I don't -- I
11 don't remember.

12 Q. What -- I -- I forgot to ask you this
13 question before but approximately what time did you
14 get off that night on Saturday? So -- right. So
15 we're going through you're called in, in the af --
16 in the daylight sometime, you're deployed or -- or
17 up at the overpass. Just fast forwarding end of
18 shift, what time did you get off shift that night?

19 A. I don't -- I can't accurately recall that.
20 I believe if I were to give you a bracket somewhere
21 between 6: 00 and 2:00 -- 3:00 a.m. Somewhere
22 between 6:00 and 3:00.

23 Q. 6:00 p.m.?

24 A. 6:00 a.m. and 3:00 a.m.

25 Q. Oh, or 3:00 p.m., right?

1 A. No, sir. So when -- the time where I
2 would have gone home or -- or would have gotten off
3 of work would have been approximately between the
4 times of 3:00 a.m. and 6:00 a.m.

5 Q. Oh, okay. 3:00 and 6:00. I got you. And
6 when you got back to the -- did you go back to the
7 east substation?

8 A. That's where I was parked, so yes.

9 Q. Okay. And did you write your supplement
10 when you got back to the police station?

11 A. I don't know. I -- no.

12 Q. Okay.

13 A. Not that day. I -- I'd written it later.

14 Q. Okay. What did you do when you got back
15 to the police station?

16 A. I don't remember in great detail. I
17 remember I took all my stuff off and went home. I
18 remember I gave my less lethal back to the
19 substation -- no, that actually -- no. That's not
20 accuracy. I don't -- the only reason I say that is
21 because some nights I was able to hand my less legal
22 shotgun over to someone else and somebody gave it
23 back to the substation. So I can't give an accurate
24 answer for that.

25 Q. Okay. And so let me ask you that. So you

1 can hand your shotgun to another officer who maybe
2 is coming on shift?

3 A. Correct. We did that occasionally.

4 Q. Okay. So occasionally it would happen
5 that the shotgun just sort of passes hands rather
6 than sort of going back into the armory being
7 checked out -- going back in the armory and being
8 check out -- I'm calling it an armory. I don't know
9 what it's called. But you -- you could -- you could
10 transfer the shotgun to another officer whose going
11 on shift and just as long as you guys knew that that
12 happened, right?

13 A. Correct. And it's up to them to do the
14 functionality tests and to make sure that all the
15 rounds in the account and stuff. Yes, sir.

16 Q. Okay. And is there any kind of log kept
17 for that functionality test?

18 A. No, sir.

19 Q. You said you took off all your gear. So
20 can -- can we paint that picture a little bit? What
21 gear -- let's -- let's go to when you're at the
22 overpass and isolate it in time so I'm being
23 specific. But what is the gear that you have on?
24 Can you just sort of walk us head to toe what --
25 what you have on your person at this time on the

1 overpass?

2 A. I was wearing my department issued vest or
3 my department issued gear. So a taser, department
4 issued pistol, magazines, a baton. I believe I was
5 wearing a ballistic helmet and a face shield as
6 well. And that's all I can recall right now.

7 Q. And you were wearing -- you were wearing
8 pants, right?

9 A. Correct. I'm wearing my department issued
10 -- I'm wearing my uniform as well.

11 Q. Okay. And is that where you -- I don't
12 know. I'm asking but is that where you kept your
13 rounds in the cargo -- you know, these pants have
14 cargo pockets, right?

15 A. Uh-huh.

16 Q. And a lot of officers keep their rounds in
17 their cargo pockets?

18 A. I -- I -- I can't remember where I put
19 mine on that specific day. I just don't remember.

20 Q. Okay. Well, that's a place that you and
21 other officers can put your rounds, right?

22 A. Sure. Officers can keep them there.
23 Yeah.

24 Q. Okay. And then that's -- that's the
25 uniform and the equipment that you had on your

1 person your entire shift?

2 A. To the best of my knowledge, yes, sir.

3 Q. Sure. You mentioned the tactable helmet.

4 When you deployed or fired your shotgun say -- I'm
5 using the same terms but, you know, deployed the
6 shotgun, did you have your helmet or mask on?

7 A. I had my helmet on, I did not have my face
8 shield down.

9 Q. So you can wear the face shield up or you
10 can wear it down, correct?

11 A. Correct.

12 Q. Okay. Did you ever have it down that this
13 shift -- this shift, May 30th, 2020?

14 A. I can't -- I don't remember.

15 Q. Okay.

16 A. I mean --

17 Q. Did you -- go ahead.

18 A. It's feasible that I did but I don't
19 remember whether or not I did.

20 Q. Okay. Did you ever have the -- the mask
21 down when you fired the shotgun?

22 A. I don't recall off the top of my head. I
23 don't think so.

24 Q. Okay. Have you ever -- this is a silly --
25 this is going to seem like a silly question but I'm

1 asking out of curiosity. Have you ever been hit by
2 a less than lethal shotgun -- impacted?

3 A. No, sir.

4 Q. Do you receive any training on medical
5 injuries that could result from a impact from one of
6 these shotguns?

7 A. Yes, sir. I believe there is a PowerPoint
8 they show that it could -- it shows that it can
9 cause serious bruises and other things like that.

10 Q. Okay. And when did you view that
11 PowerPoint?

12 A. The academy.

13 Q. And can you convey the general information
14 that you learned from that PowerPoint?

15 A. That specific PowerPoint?

16 Q. Any -- any PowerPoint on this topic?

17 A. Just any training I've received on less
18 lethal in general?

19 Q. Yes.

20 A. Okay. I mean, it -- it's a less than
21 lethal means. It can cause injury to people. You
22 want to try to hit them in the legs area or the
23 bottom part. And you want to stay away from the
24 torso as much as you can but it's -- you don't have
25 to and you definitely want to stay away from their

1 head up so...

2 Q. And why is that?

3 A. Because it could -- it could cause them
4 serious injury if you hit them in the head.

5 Q. Okay. Did you learn about the injuries
6 that it could cause?

7 A. Yes. I believe that. I can't --

8 Q. Okay.

9 A. Generally, yes.

10 Q. Okay. And what are some of those
11 injuries?

12 A. I can't -- I know their -- it could cause
13 serious injury. I can't -- I'm not a doctor. I
14 just know that it could cause like serious injury to
15 someone if you hit them in the head.

16 Q. Sure. Well, I -- I just sort of want to
17 ask you -- I know you're not a doctor but, you know,
18 what training you received or in the time -- in your
19 time at the police department what information you'd
20 been given on what kinds of injuries can result from
21 someone being shot with these shotguns? So do you
22 have any concept of what kinds of injuries can be
23 caused?

24 A. Sure. I mean, conceptually like large
25 bruises. I mean, it could cause I'm sure -- you

1 know, it could cause serious injury. I'm sure it
2 could crack a bone. I mean, I -- it -- it -- it's
3 very -- it depends but it could cause serious
4 injury.

5 Q. Okay. And could that include nonphysical
6 injuries? You said you had a specialization in
7 mental health, right? Could that cause
8 psychological injury?

9 MR. LAIRD: Object -- object to the form
10 but you can answer.

11 A. Okay. Yeah. I'm -- I'm -- I'm a mental
12 health officer, I'm by far from a -- a phycologist
13 or anything but I'm sure that -- I'm sure that, you
14 know, just like anything a sound or, you know,
15 anything like that would certainly cause someone
16 some emotional distress if getting -- feeling pain.
17 Yes.

18 Q. Or being shot, right?

19 A. After being impacted.

20 Q. Yeah. And again, being impacted is being
21 shot with one of these shotguns, right?

22 A. Is being hit with less lethal ammunition.

23 Q. I think you answered this but you don't
24 have any military experience, right? You -- you --

25 A. No.

1 Q. -- went from high school -- high school,
2 correctional officer, police officer, right --

3 A. Correct.

4 Q. -- generally? Okay. Okay. So how many
5 -- let's -- let's come back to 10 to 20 deployments
6 of your shotgun on May 30th, 2020. Just trying to
7 narrow us down, we're on the same page. How many
8 individuals in those 10 to 20 shots did you impact?

9 A. In my supplement I said approximately 5 to
10 7. Yeah. It -- it's a range just like, you know,
11 less lethal rounds were. I mean, it was rapidly
12 evolving in, you know, a chaotic situation so...

13 Q. What do you mean by chaotic situation?
14 Can you paint that a little bit more for us?

15 A. Sure. So we were -- I was personally
16 struck by a water bottle. We had lots of, you know,
17 protesters or fire works going off behind me. I
18 heard mal-tops being made. I heard rocks being
19 thrown. I saw bottles rocks being thrown. I saw
20 bottles being thrown. People were quite upset and
21 angry and it was just -- it was a very chaotic and
22 rapidly evolving situation. It changed from minute
23 to minute.

24 Q. So you were -- what -- what were you
25 impacted with specifically? What made physical

1 contact with you? Let -- and -- and let me --
2 Officer if it's alright, let me further sort of
3 slice down the time, if that's all right. So let's
4 go from the time that you impacted the individuals
5 below, okay? And -- let -- let me back up. Let me
6 back up. Do you specifically recall impacting Tyree
7 Talley?

8 A. I -- I don't recall names. I never really
9 got names for who was who.

10 Q. Okay. Do you specifically recall
11 impacting two deaf individuals -- one or two deaf
12 individuals?

13 A. I -- I never got a chance to speak with
14 anybody that I got impacted so -- or that I
15 impacted.

16 Q. All right. So after you -- you impacted
17 these people you never had a conversation with them?

18 A. No, sir. I was not able to do -- do crowd
19 size, hostility in the events going on.

20 Q. Okay. Okay. So now what -- what I'm
21 trying to do is get the timeframe. So from the time
22 that you discharged or deployed -- deployed the
23 shotgun, right, on May 30th, 2020 -- and I keep
24 repeating that date cause I just want to be
25 specific. So everything before that, right, so not

1 after that but everything before that, what are the
2 objects that -- that were thrown by the crowd that
3 made physical contact with your person?

4 A. I was hit in the groin by a water bottle
5 during a effort to supplement people that -- who
6 were under the bridge.

7 Q. How did that happen?

8 A. So officers were deployed under the bridge
9 to, I believe, attend to somebody. I don't know the
10 exact circumstances. The crowd was gathering around
11 them and being increasingly hostile. They were
12 getting things thrown at them. So at that time we
13 moved down from the bridge from the -- I guess the
14 northern part where that hill is. We came down, we
15 came around and we observed a large crowd
16 surrounding the officers. Luckily the officers were
17 able to get out and move. And as we were standing
18 there objects that we could only see for a fraction
19 of a second began to be hurled at us and other
20 officers and that's when I was in the groin by the
21 water bottle.

22 And at that time I did not deploy my
23 less lethal. We were quick to back out to the
24 safety of the steps to avoid any further hostile
25 action taken against officers to avoid any body

1 injury or serious body injury from the things being

2 thrown.

3 Q. Okay. Were you impacted by any other
4 objects to your person?

5 A. No, sir.

6 Q. Okay. And so for -- as a police officer
7 being impacted with a water bottle is -- is a
8 serious thing, right? I mean, that puts you on high
9 alert, right?

10 A. Well, it -- it certainly hurt. I mean, it
11 was -- it was to my groin area and that hurt --

12 Q. Right.

13 A. -- a lot -- enough.

14 Q. Sure. So the -- when the water bottle --
15 did you see who threw the water bottle?

16 A. No. So it was a -- it was a very dense

17 crowd. I couldn't see anything and I -- I saw the

18 water bottle only as it was like two or three feet

19 from me and then I felt the impact.

20 Q. Okay. Did you -- I think you already
21 answered this but I want to be clear. Did you fire
22 your shotgun in response to that?

23 A. No. I -- I had no one to identify and I

24 couldn't accurately or safely make a shot for anyone

25 who was throwing anything so I decided against it.

1 Q. Okay. And -- and the reason for that is
2 -- and I'm not putting words in your mouth, you
3 correct me if I'm wrong. But when you discharged
4 these -- when you deploy -- when you fire these
5 shotguns you want to have a specific individual that
6 -- that you're aiming at and that you intend to
7 impact, fair?

8 A. Yes. But more so I want to have a reason,
9 right. Like if I saw someone throw something and I
10 could accurately and safely deploy it to prevent
11 that person from causing further body injury or
12 serious bodily injury to another person, I would
13 have done so. But had -- because there was not a
14 safe opportunity and I could not accurately identify
15 anyone I chose not to.

16 Q. Right. You want to accurately identify an
17 individual before you fire your shotgun at them?

18 A. Correct.

19 Q. You don't -- is that right?

20 A. Correct.

21 Q. What I'm saying is you -- you don't -- the
22 purpose of these shotguns and it's counter intuitive
23 for some people I think that, you know, hunts but
24 you don't fire these shotguns into a crowd? You
25 don't -- correct?

1 A. You can fire them at specific individuals
2 if you can do so safely in a crowd environment,
3 right? Like if there's a group of people standing
4 around, right, it's discretionary. So if there's a
5 group of people and they're all close to each other,
6 no, it may not be safe to accurately do it. But if
7 someone is by themselves in an open area and you can
8 feel you can accurately make the shot you can
9 absolutely do it.

10 Q. Okay. And -- and that's what you're
11 supposed to do. You're supposed to identify one
12 individual and impact them not just fire into a
13 crowd to disperse the crowd?

14 A. Correct.

15 Q. Okay. So when you were at the overpass,
16 right, as opposed to sort of underneath the overpass
17 -- when you were at the overpass were you -- were
18 you hit with anything? Were people -- in your
19 estimation were people throwing water bottles at the
20 officers at the overpass?

21 A. Yes. So personally I had a water bottle
22 fly past my face and I had the -- I observed rocks
23 being like -- landed behind us on the roadway. I
24 observed fireworks and other things going off behind
25 me and very close to me. Enough to make me jump or

1 almost had to go toward the edge because of how
2 close it was to me because traffic -- traffic was
3 behind us and it was definitely a rapidly evolving
4 situation.

5 Q. Okay. And so you felt under threat at the
6 overpass by the -- the protesters and the people
7 assembling in front of the police station?

8 A. I felt a threat from the agitators and
9 people who were throwing stuff but not from the
10 majority. No.

11 Q. Okay. How do you tell the difference --
12 and I asked -- I've asked this question before. But
13 how do you tell the difference between an agitator
14 and a protester?

15 A. Normally by them throwing things or
16 engaging in illegal activity versus someone who is
17 just there peacefully protesting.

18 Q. Okay. And what do they look like? Is
19 there -- is there a difference in -- in the way they
20 look?

21 A. No. I mean, it's just someone whose
22 engaging in the illegal behavior of trying to cause,
23 you know, injury to an officer by throwing things I
24 would say is an agitator.

25 Q. Okay. So you can't tell who an agitator

1 is by looking at them, you -- you can tell by watch

2 -- witnessing their actions?

3 A. Correct. I'd say that's accurate.

4 Q. Okay. And you know, coming back to -- to

5 May 30th, 2020, what if somebody tells you that

6 somebody is an agitator what do -- what do you do in

7 that situation? Do you -- do you shoot them with a

8 shotgun or do you know?

9 A. Well, it's -- it totally depends on the

10 situation. There's a lot of factors that would have

11 to go into doing something like that.

12 Q. Okay. Well, we can be more specific.

13 A. Okay.

14 Q. But if you're up on the overpass and

15 someone says hit that guy or impact that guy, he's

16 an agitator, what do you do?

17 A. Well, it's up to my personal discretion.

18 So I would have to view the offense, right. Just

19 because someone is telling me to watch someone or do

20 something like that doesn't mean I'm going to,

21 right. I personally have to believe that that

22 person would -- is -- is causing or going to cause

23 body injury -- serious body injury to somebody.

24 Just because someone tells me to do something I'm

25 not going to do it.

1 Q. Well, in a rapidly evolving situation and
2 chaos, is -- is your words, if another officer says
3 hey, impact that guy. Are you going to stop and say
4 well, give me the reasons why or are you going to
5 fire?

6 A. I'm going to observe that individual's
7 behavior. So if they're like that gentleman over
8 there he, you know, threw a -- or you know, he did
9 something. I'm going to observe that person and
10 make a determination based off their behavior from
11 my own individual experiences and training to
12 determine what action needs to be taken next.

13 Q. Well, let's be honest, they're not
14 referring to the people beneath the overpass on
15 May 30th as gentlemen, are they?

16 MR. LAIRD: Objection, form.

17 A. Normally they would -- as -- they would
18 say that person or that protester or something like
19 that. Yes.

20 Q. (By Mr. Demik) Okay. So yes. And I do
21 want to sort of drill down and I'm just asking for
22 your opinion, right. This is a hypothetical. Let's
23 be clear, this is a hypothetical. But I'm asking,
24 you know, in this realm of officer discretion and
25 I'm really just trying to be fair and give you the

1 question. I want to ask you which is in this realm
2 of officer discretion -- what I'm really asking you
3 is are there instances in which you would not
4 observe, okay. So not personally observe the
5 throwing of a water bottle, not personally observe
6 the throwing of a rock, not personally observe the
7 throwing of a firework, et cetera, are there
8 instances that another officer would tell you
9 something they saw and you would fire your shotgun
10 at that person?

11 A. So --

12 MR. LAIRD: Object to the form, but you
13 can answer.

14 A. I can only attest to what I would do,
15 other officers, I can't speak for them. But
16 personally I would have to observe behavior and I
17 would have to -- because at the end of the day, I'm
18 the one who has to justify it. So I'm only going to
19 do what I know I can justifiably do.

20 Q. (By Mr. Demik) Okay. So you would ask
21 that officer to give you specific details before you
22 fired your shotgun?

23 A. If time allowed but in this situation
24 that's not necessarily the case and that's not
25 something that I would do.

1 Q. Okay. Well, that's -- that's -- we're --
2 -- we're -- you know, rapidly evolving situation and
3 chaos, let's -- let's account for that, right. It's
4 just a rapidly -- I want to take the assessment that
5 you had, it's rapidly evolving and it's chaotic. If
6 an officer were to tell you to impact someone and
7 you didn't personally observe what they did, how
8 would you deal with that?

9 MR. LAIRD: Object to the form, but you
10 can answer?

11 A. I would -- like I said before, I would
12 make my own personal decisions, my own personal
13 judgment and further observe that person's behavior
14 and further try to assess what was going on because
15 I can only do whatever I can justifiably do.

16 Q. (By Mr. Demik) Okay. And you would
17 assess and observe before you fired?

18 A. Correct.

19 Q. On May 30th, 2020, okay, in the 10 to 20
20 times that you fired the shotgun, in every one of
21 those instances did you observe the individual that
22 you aimed at be an agitator?

23 A. I observed aggressive or what could have
24 -- possibly be deadly resistance to officers or
25 peaceful protesters prior to deploying my less

1 lethal. Yes.

2 Q. Okay. So -- so before you fired your
3 shotgun you personally observed behavior yourself
4 before firing the shotgun at that person?

5 A. Correct.

6 Q. Okay. Were there any instances on
7 May 30th, 2020 in the 10 to 20 times that you fired
8 the shotgun that you fired it at someone where you
9 did not observe them personally but you had been
10 given information that that person was an agitator
11 or engaging in agitating behavior?

12 A. Each person I observed was engaged in
13 activity that I believed could cause body injury or
14 serious body injury to a person. Yes.

15 Q. Okay. Now, on the overpass looking down
16 on -- at the crowd in front of the station -- the
17 police station there were limits to the visibility
18 that you and your fellow officers had from the
19 overpass, right?

20 A. It was certain -- we were certainly --
21 yes.

22 Q. Yeah. I mean, it -- well, yeah. I mean,
23 you couldn't see behind the police station?

24 A. Correct.

25 Q. And you couldn't see underneath the

1 overpass because you're -- you're on the overpass,
2 right?

3 A. Yes, sir.

4 Q. Okay. And so individuals directly beneath
5 you -- directly beneath you, not on your line of
6 vision but individuals directly beneath you, you
7 couldn't personally observe what those individuals
8 were doing, right?

9 A. Correct.

10 Q. Okay. So at the time -- were you getting
11 any information from any other officers on what was
12 happening below you?

13 A. I believe people from the steps were
14 perhaps calling out agitators who were retreating
15 under the overpass.

16 Q. Okay. And how were you getting that
17 information?

18 A. Via my department issued radio.

19 Q. So police officers -- and breaking that
20 down, police officers who were at that line -- there
21 was a line of police officers in front of the police
22 station, right?

23 A. Yes, sir.

24 Q. And those police officers had radios,
25 right?

1 A. Yes, sir.

2 Q. They also had shotguns, right?

3 A. I believe so. Yes.

4 Q. And -- and they were radi -- they were in
5 radio communication with the officers on the
6 overpass, right?

7 A. Yes, sir.

8 Q. So were they giving information to you
9 officers at the overpass on things that were
10 happening beneath you that you couldn't see?

11 A. Yes, sir.

12 Q. Why were they giving you that information?

13 A. Mostly for officer safety and stuff like
14 that, right. Like if -- if someone is a known
15 agitator or they seen someone whose thrown something
16 two or three times, we want to be made aware of that
17 person to observe them and personally see what
18 they're -- what they have going on or to make sure,
19 you know, that mainly for officer safety purposes
20 more than anything.

21 Q. Okay.

22 MR. LAIRD: Hey Stephen it's been -- looks
23 like we've been going about an hour and twenty
24 minutes. Could we take maybe a five-minute
25 restroom break?

1 MR. DEMIK: Absolutely. Thank you. And
2 again, I'm really sorry I held people up this
3 morning, that's not my MO.

4 MR. LAIRD: Oh, no problem at all.

5 MR. DEMIK: Five minutes will be great.

6 Is that all right, Officer?

7 THE WITNESS: Yes, sir.

8 MR. DEMIK: Okay. How about -- I've got

9 9:41 mountain. What is it central right now?

10 VIDEOGRAPHER: 10:41.

11 MR. DEMIK: Okay. 10:46, does that work

12 for everybody? Does that work for you, Gray?

13 MR. LAIRD: Yeah. That's fine.

14 MR. DEMIK: Okay. Great. We'll take a

15 five-minute break then.

16 VIDEOGRAPHER: All right. We are off the

17 video record at 10:41 a.m.

18 (Break taken.)

19 VIDEOGRAPHER: We are back on the video

20 record, the time is 10:48 a.m.

21 MR. DEMIK: Officer, I -- I should have

22 mentioned that. You seem like a very polite

23 guy. If you need a break you're -- you're

24 absolutely welcome to ask for a restroom break

25 or -- or whatever you need if you want. I

1 don't want you to have feel -- you know, you
2 got to slug through. So if you need a break
3 feel free to tell us too. Thanks for that,
4 Gray.

5 Q. (By Mr. Demik) And that actually raised a
6 question in my head. So what did you do on this
7 shift at the overpass on May 30th, 2020. Again, you
8 hear me repeat that a lot just cause I want to be
9 specific. But what would you and other officers do
10 when you needed to use the restroom?

11 A. Normally you go in pairs and you would go
12 down the side of 35, walk across to what we call 250
13 or where the people fix our vehicles, and there was
14 a restroom available in there that we would use.

15 Q. Oh, okay. And was that just sort of an ad
16 hoc like, I got to go, you go in a pair or was that
17 on some kind of ration? Did you get a break or any
18 relief?

19 A. I don't -- I can't accurately remember if
20 we got a break. I can remember that if you needed
21 to use the restroom you went to whoever you were
22 with in the patrol car. And you were like hey, I'm
23 taking so and so and we're going to the bathroom.
24 Like okay, when you would just go to the restroom if
25 you needed to.

1 Q. And so when you were hit in the groin with
2 the water battle did you receive any medical
3 treatment at the end of your shift or any time
4 afterward for events on this day?

5 A. No, sir. No form of medical care.

6 Q. Okay. Any bruises?

7 A. Not to my recollection.

8 Q. Okay. Okay. Did you -- at the time that
9 you were called in on Saturday, on the -- on the
10 30th did you have information about other cities --
11 and let me be specific. Did you have any
12 information or knowledge of the Minneapolis Police
13 Station being torched?

14 A. That specific, I -- I can't remember.

15 Q. Any information the police stations had
16 been -- I don't know what the word is, overrun or
17 vandalized?

18 A. I recall protests breaking out. I can't
19 accurately say whether or not -- what news I had
20 heard or anything like that.

21 Q. Was there any kind of elevated -- what's
22 the word I'm looking for? Elevated awareness, I
23 guess; that's not the right word. But any kind of
24 elevated awareness because these people, the
25 protesters, were assembling and milling around the

1 front of the main police station, did that have any
2 significance for you -- for you as a police officer?

3 A. I mean, not in the sense of -- I mean, we
4 just wanted to make sure that -- you know, there's
5 important documents, there's victims information,
6 there's important cases that are inside the building
7 so I mean more so --

8 Q. And weapons -- and there's weapons in
9 there too, right?

10 A. I'm not out of the main substation so I --
11 I would venture to guess yes, but I don't -- I
12 wouldn't know where those are kept or anything like
13 that.

14 Q. Are there weapons in the east substation?

15 A. Yes.

16 Q. So you -- you're -- you can say no if
17 you're not aware but the main sub -- the main
18 station -- the main police station in Austin also
19 has weapons, doesn't it?

20 A. Yes, sir.

21 Q. Okay. How long -- and I know you're going
22 to have to give me an approximation cause this was
23 three years ago, but how long were you at that
24 overpass? And I'm going to include, let's say, you
25 took a restroom break and went and came back. So I

1 don't want you to break it down that minutely. But
2 you know, how long were you at that overpass
3 approximately if you could put it in a estimate of
4 hours?

5 A. So if I -- if I have to estimate I would
6 say more or less, 12 hours.

7 Q. Well, on the overpass?

8 A. Once I -- once I was there we -- we
9 didn't -- well, I mean, we had -- we were there
10 pretty much -- pretty much all night I mean until we
11 were relieved to go home. So it really -- because
12 it's an estimate I would have to venture to guess 12
13 hours but I never -- for the most part with very
14 short pauses --

15 Q. Sure.

16 A. -- was on there all night.

17 Q. And -- and the majority of that time
18 you're standing at the overpass looking below you?

19 A. Correct.

20 Q. Okay. Now, when you wrote your supplement
21 when did you write that? I mean, you can look at it
22 if you need to but --

23 A. Yeah.

24 Q. -- if you want to go off memory that's
25 fine too, however you prefer.

1 A. Looks -- the first one was June 2nd, 2020
2 of -- looks like at 10:43.

3 Q. That was when you wrote the supplement?

4 A. I -- I think so. It says -- that's what
5 it says on the related date.

6 Q. Okay. And did you write a narrative?

7 A. Yes, I did.

8 Q. Okay. Could you read that narrative for
9 me.

10 A. Sure. Out loud? On May 30th of 2020, I
11 Officer Hethershaw, Number 9073, responded to a
12 mobile field force response downtown to the main
13 headquarters on East 8th Street. When I arrived I
14 was tasked with holding the South IH-35 bridge
15 southbound over 8th Street, which is actually --
16 yeah. No. It was southbound. I was given a less
17 legal shotgun and was providing overwatch for the
18 units below. I moved down to help maintain an
19 overwatch. I moved down the bridge to help maintain
20 overwatch. When I put in stars, I put R to R, which
21 means response to resistance and further stars just
22 to make everything aware.

23 But per policy I knew at the time,
24 went to deploy less lethal shotgun on a subject in
25 which I quoted AP policy stating is engaged in

1 riotous behavior. Was throwing rocks, bottles or
2 other dangerous projectiles at people and or
3 officers creating a risk for injury. Thus during my
4 time providing overwatch I fired at approximately
5 five -- I fired at approximately five to seven
6 people. These people were throwing rocks, water
7 bottles and other projectiles at officers at the AP
8 main.

9 I deployed between approximately 10
10 to 20 shots. One particular time I can recall when
11 I was directed by a supervisor on scene to get
12 protesters off of a car that was in the middle of an
13 intersection. The protesters were hostile toward
14 the vehicle. I deployed my less lethal multiple
15 times. And I put in stars again, end of -- I have
16 response to resistance or R to R, stars and I put no
17 other information and my initials.

18 Q. Okay. Thank you. I want to break that
19 down a little bit. Can you tell me -- and now I'm
20 not -- now I'm not going off the report. I'm asking
21 you about your recollection and your sort of
22 personal knowledge. What happened with the car?

23 A. So from the car -- the car was in the
24 intersection. We weren't really sure why it was
25 there or what it was doing but eventually a

1 supervisor did come over and say hey, get those guys
2 off the car and he's referring to the people who
3 were surrounding the car.

4 Well, I observed multiple people,
5 they were banging, they were obviously agitated.
6 They were raising their fists, they looked like they
7 were extremely agitated. It looked to me like they
8 may try to extricate the person from the vehicle or
9 they may try to cause that person severe injury. So
10 I deployed my less lethal a couple of times to try
11 to get the people away from that car so we could get
12 that car safely out of the intersection to make sure
13 the driver and other -- anyone else around it could
14 not cause further injury -- or be injured, I'm
15 sorry.

16 Q. Okay. Was this -- where was this
17 intersection specifically?

18 A. That was east 8th Street and IH-35 service
19 road southbound.

20 Q. Okay. So it was off the highway?

21 A. Correct. It was on the service road in
22 the middle of the intersection.

23 Q. Okay. And did you fire your shotgun from
24 the overpass or were you down on the -- what did you
25 call it?

1 A. The --

2 Q. Service road. Yeah.

3 A. No, sir. I was on the overpass.

4 Q. Okay. And -- and what color was that
5 vehicle or that car?

6 A. Watching my body camera, I believe it was
7 silver.

8 Q. Okay. I'm -- I'm -- I'm just trying to
9 get in my head -- were you aware or did you observe
10 a car come down in -- in front of the police station
11 and have someone removed from that car and have the
12 car driven off? Do you recall that?

13 A. That specific of circumstances, no. I
14 remember a car being in the intersection, multiple
15 people trying to get the person and extricate them
16 from the vehicle and many -- many hostile acts were
17 observed and I deployed my less lethal multiple
18 times. And from that on I don't necessarily
19 remember what happened to the car or who drove the
20 car off or anything like that.

21 Q. Okay. Well, when you -- I -- again, I
22 just don't know the streets of Austin that well.
23 But was this in front of the police station? Did --
24 I want to ask you about where you fired your less
25 than lethal, right.

1 A. Uh-huh.

2 Q. So was this in front of the police station

3 or was this up on an over -- a exit ramp?

4 A. No.

5 Q. Or -- or --

6 A. It was in the middle of an intersection.

7 So right there like literally in the middle of the

8 intersection the car was. And the car was facing

9 southbound and protestors were interacting with the

10 vehicle initially and it was on the service road and

11 I was up on the overpass.

12 Q. And so were you the only person to fire

13 your shotgun or did other officers fire as well?

14 A. I don't remember.

15 Q. Okay. And what happened after you fired

16 your shotgun?

17 A. The protestors dispersed and officers were

18 able to get the vehicle out from the situation and

19 mover it along.

20 Q. All right. What happened to the driver of

21 the vehicle?

22 A. I'm not aware of what happened to the

23 driver of the vehicle.

24 Q. When you say officers were able to get the

25 vehicle, what does that look like? Can you -- can

1 you --

2 A. From what I observed and my body camera,
3 they just -- they like -- almost like created a
4 space for it to drive out. And that's pretty much
5 what I remember is officers eventually went out
6 there and they got the car out of the situation.
7 I'm not aware of their tactics or whatever they
8 used, excuse me, but they eventually got the car out
9 of the intersection.

10 Q. The officers drove the car out of the
11 intersection?

12 A. I'm not aware if they drove the car out of
13 the intersection or not.

14 Q. Okay. Did you observe who drove the car?

15 A. No.

16 Q. So that's -- and the star, star, R to R's,
17 use of force, that's a code that you put in when you
18 -- is that the firing of the shotgun or that's just
19 a general use of force code? What is that?

20 A. So I use that in my reports. Different
21 officers use different things. I use that for -- we
22 have a team of people who reviews our responses to
23 resistance. And so kind to the reports -- so that
24 way I can point out to them like hey, this is the
25 most important part that you need to read because

1 this is where I'm using force. And this is where I
2 kind of explain everything.

3 Q. So when you wrote your supplement on
4 June 2nd of 2020 you wrote that based on your best
5 recollection of the events, right?

6 A. Correct. At that time we weren't sure how
7 we were reporting this because nothing like this
8 from what I asked around had ever occurred before.
9 So everybody was just kind of at a loss. Nobody
10 necessarily did so everybody -- we just kinda wrote
11 a belief overview of what occurred so that way we
12 can kinda, you know, at least say something so...

13 Q. What were you told? I mean, that -- that
14 -- can you say some more about that? What were you
15 told about writing the reports in relation to this
16 specific event?

17 A. We were just told to -- I mean, you write
18 -- you write what you did, right. But it was a --
19 it was a long day.

20 Q. What do you mean by that?

21 A. It was just -- it was 12 hours. I mean,
22 from start to finish it was a very long day.
23 Normally we work 10 so I mean, working the extra two
24 hours in -- on your day off can certainly cause for
25 a long day.

1 Q. So when -- you were up till the wee hours
2 of the morning the same day working, right?

3 A. Sure.

4 Q. And so when you wrote your supplement on
5 June 2nd, the best of your recollection was that you
6 had -- you had impacted or shot five to seven
7 people, correct?

8 A. Correct.

9 Q. And 10 to 20 shots?

10 A. Correct.

11 Q. Okay. And did you document the specific
12 use of force -- and again, I know the answer so I'm
13 just trying to frame what I want to ask you but --

14 A. Sure.

15 Q. -- I'll ask it to you in a leading way.
16 You didn't put a specific -- or did you? Let me ask
17 you that. Did you put a specific detail for each
18 individual that you had impacted?

19 So for example -- giving example just
20 so I can be clear. Individual one, this is what
21 they were doing specifically, this is what they were
22 wearing. This is the time and the date and the
23 moment that I made the decision to fire. Did you
24 keep that for those five to seven individuals?

25 A. Not in my first supplement. My second

1 supplement, I kind of did that but in the first
2 one --

3 Q. Okay. And when you say kind of did that,
4 what does that mean?

5 A. It means I did reference specific
6 individuals and specific actions that I impacted. I
7 did not give any -- I don't believe I gave -- if you
8 -- if you would allow me to read this real quick so
9 I can accurately say it.

10 Q. Sure.

11 A. Okay.

12 Q. Actually, you know what? For the record,
13 Gray, I don't know if you want to jump in. But
14 Officer Hethershaw -- and I have no problem with you
15 looking at it, that's not the issue. But to be
16 clear for the record, there's usually a number in
17 the lower right-hand corner called a Bates Number.

18 Could you just state that Bates
19 Number on the record so, you know, if somebody wants
20 to say well, what was he looking at, we have the
21 Bates Number?

22 A. Sure.

23 THE WITNESS: Is that fine? Okay.

24 MR. LAIRD: Yeah. That's fine.

25 A. It'll be -- the second supplement I'm

1 referencing is COA2479.

2 Q. (By Mr. Demik) Is it -- it's more than
3 one page?

4 A. No.

5 Q. Okay. And -- and we're just being lawyers
6 about that, you just got to put it in the record.
7 So looking at COA2479. Go ahead. Please go ahead.

8 A. Okay. To my knowledge and from this
9 report, it looks like I only reference people as a
10 subject and I did not use any further description
11 such as shirt collars or anything else like that.

12 Q. And that's fine. I understand. Did you
13 remember those things at the time? And I'm -- let
14 me ask you that way. On June 2nd, okay, did you --
15 did you recall specifically any or all of the five
16 to seven individuals that you had -- that you had
17 hit?

18 A. I mean, I don't understand the question.
19 Like what do you -- what do you mean?

20 Q. Sure. So on June 2nd you -- in your
21 memory -- I'm asking you what was in your memory on
22 June 2nd when you wrote the supplement, right?
23 Cause now it's been three years. But on June 2nd
24 did you remember each individual that you had shot
25 or impacted? Did you -- did you have a specific

1 recollection of what they were wearing, what the
2 circumstances were, et cetera? Or some of them,
3 right, maybe some but not all.

4 A. Some of them. I mean, I -- I can't
5 accurately say that I remember, you know, every
6 thing. That's why I kinda wrote the second one to
7 kinda make sure that I'm still in stone. Like hey,
8 like this is everything that occurred and why I gave
9 approximations was I wanted to be as accurate as I
10 could and as transparent as I could to try to give
11 them the best and accurate answer that I could.

12 Q. Okay. And -- and what you wrote was
13 subject. You didn't write any identifiers, right?

14 A. No, sir.

15 Q. Okay. But here's what I guess I'm asking
16 you and I'm not saying you did anything wrong I'm --
17 at all I'm just saying that -- did you have that
18 information and you just chose to put subject or did
19 you put subject because you weren't necessarily
20 clear on the exact details?

21 So let me, again, give you an
22 example, maybe I can sort of clarify with an
23 example. Subject number two, that guy was wearing a
24 white shirt and shorts and, you know, red sneakers.
25 But -- but I'm going to put subject because I have

1 to list all the times that I -- that I used force,
2 right. That's one example. The other is like, you
3 know, I can't really recall what that person was
4 wearing but I do recall using force, you know, the
5 code and so I'm going to put subject. Does -- does
6 that make sense to you?

7 A. Yes. The second description is more
8 accurate. It's more -- more -- more along the lines
9 of like there was a lot like rapidly evolving
10 circumstances and stuff so you would deploy. And
11 then after that factor scanning and making sure like
12 after I deployed my less lethal, you know, a water
13 bottle came flying passed my head. You know, you're
14 having to scan, you're having to evaluate
15 constantly.

16 Q. That term rapidly evolving circumstances
17 or rapidly evolving situation, was that discussed at
18 any point on May 30th, 2020? What I mean is, did
19 any supervisor maybe during the briefing at the
20 overpass or sharing information, was that addressed
21 by any superiors to you?

22 A. Like the specific terminology or just the
23 events?

24 Q. The concept. This is a rapidly evolving
25 situation, you got to use your discretion, you got

1 to be flexible. That -- that's sort of what I'm
2 asking you. Was there a conversation to that
3 effect?

4 A. I'm sorry. I just don't know if I
5 understand the question completely.

6 Q. Yeah. And -- and I'm trying. You know,
7 at this point the -- I think you said a superior. I
8 don't know if you remember who it was. But they're
9 up on the overpass with the officers, you with me?

10 A. Uh-huh.

11 Q. And they said, you know, here's your --
12 here's your parameters, right. If you see somebody
13 engaged in riotous behavior you have discretion to
14 shoot your shotgun, right?

15 A. Right.

16 Q. So there was some information being given
17 to the officers up on the overpass, right? Was --
18 was there any discussion or information about this
19 being a rapidly evolving situation?

20 A. I think contextually just because they had
21 taken over 35 and they were -- things were being
22 thrown and people were coming and going, yes, but
23 that specific terminology was never used.

24 Q. Were there any helicopters that were --
25 that were there?

1 A. I don't remember.

2 Q. Is that something that you've seen in the
3 past that the police department has the ability to
4 use helicopters to observe crowds?

5 A. Absolutely. I mean, Air 1. We have our
6 Air 1 asset that is used from time to time.

7 Q. And were there any -- I'm going to use the
8 word spotters if -- if that's more clear. I can --
9 were there any spotters -- besides the officers at
10 the overpass, the officers in front of police
11 station, were there any spotters? Exam -- for
12 example, police officer at the top of a building, a
13 police officer observing from one of the floors of
14 the building giving any -- any information? Were
15 there any spotters?

16 A. That, I cannot accurately remember. Just
17 -- only because we were getting information but I'm
18 not entirely sure where it's from. You know, it's a
19 -- a random call sign that I don't know who they are
20 saying something or something. So I -- that, I
21 don't know.

22 Q. You don't know where the information was
23 coming from but you -- you took whatever is on the
24 police radio's information that's being given to you
25 at the overpass.

1 A. Correct.

2 Q. Okay. So I'm almost done here but let me
3 ask you about the -- sort of the effect. And I
4 don't mean the injury that we talked about before
5 but I mean the effect of -- of firing one of these
6 shotguns and hitting somebody with a less than
7 lethal round, okay.

8 In general in your experience --
9 training and experience, times that you've deployed,
10 et cetera, that's to push the person back, right? I
11 mean, when you impact them with a -- with a less
12 than lethal shotgun the idea is to push them away,
13 right?

14 A. No. I believe that the idea of the less
15 lethal shotgun is to deter any further behavior,
16 right. Like it's to stop the individual from
17 committing serious bodily injury or body injury to
18 another person from their actions.

19 Q. And how do you deter with the shotgun?

20 A. You deploy it in the sense of if you see
21 something about to happen or happening you can
22 deploy it and you impact them -- the lower half of
23 the region with a less lethal ammunition.

24 Q. And -- and I think what you're saying then
25 is that you use pain as a compliance technique?

1 A. In -- in the general sense -- in the -- in
2 laymen's terms, yes.

3 Q. Okay. Well, I mean, I just -- and now,
4 I'm going to ask you a hypothetical, okay? Just
5 cause I want to get the concept. So I'm not saying
6 May 30th, 2020. I'm saying -- let's say there's an
7 individual whose 25 -- 20 yards, let's put him
8 20 yards, okay, in front of you throwing a water
9 bottle, okay. If you -- and it's just you and him,
10 let's just limit it. So I know there's a lot of
11 other variables.

12 But if you -- if you shoot -- you're
13 here, the individual is here, you impact them with a
14 round. You shoot them with shotgun, right. How
15 does that -- what -- and the -- I'm going to -- I'm
16 going to say it, you correct me. That has two
17 purposes, one is to impact the individual, hit them
18 with a bean bag round so that they flee and they
19 stop the behavior that they're engaged in. Or two
20 is, it hits them, it inflicts pain and because it
21 inflicts pain it deters them from continuing to
22 engage in the agitating behavior that they're
23 engaged in. That's a lot of words so you please
24 clarify.

25 MR. LAIRD: Object to the form, but you

1 can answer.

2 A. I believe more so the -- the less lethal
3 shotgun -- and again, I am by far not an expert and
4 nor someone who trains or trains other people. I do
5 not train other people in the use of the less
6 lethal. But from my training and experience it's
7 used to stop an individual's behavior that can cause
8 serious bodily injury or death.

9 Q. And -- and I guess that's what I'm -- what
10 I'm drilling down. How does it stop them?

11 A. Again, by no means am I an expert on the
12 less lethal. It -- by impacting somebody with a
13 less lethal means you're using it to -- in a -- in a
14 very, very general sense to stop it from happening.
15 So whether that means that they get hit it and
16 they're like oh, man, I don't want to like do it
17 cause like I -- like it knocked my balance off or,
18 you know, it is -- it hurts. It's trying to stop
19 the activity from occurring.

20 Q. Okay. All right. Well -- well, one way
21 to stop it is the -- handcuffs are one means to
22 limit somebody's mobility so they can't engage in
23 riotous behavior, right?

24 A. I -- in a very -- I'm not going to be able
25 to go down there and handcuff a protester in the

1 middle of a riot.

2 Q. Absolutely. Absolutely. I'm not talking
3 about May 20th. This is a time that I'm jumping off
4 May 20th, 2020. Just in your training and
5 experience as a police officer with the police
6 department, I'm just asking you about the general
7 means to get someone to stop, okay, engaging in --
8 in threatening or risk of threat behavior. Are you
9 with me?

10 A. Okay. Yes, sir.

11 Q. All right. So one way is you can
12 physically restrain them, right?

13 A. Yes, sir.

14 Q. You can -- you can put handcuffs on them,
15 right?

16 A. To -- to stop like violent behavior?

17 Q. Yeah.

18 A. Sure. Yes.

19 Q. Or prevent a risk, right, if they're some
20 --

21 A. I mean, putting handcuffs on someone is
22 not a use of force by any means.

23 Q. Okay. You can use batons, you can use
24 tasers. You know, you have the use of force
25 continuum, right?

1 A. We do have a use of force continuum. Yes.

2 Q. And -- and those are things that you can
3 do to stop an individual from engaging in this
4 agitating behavior that we're talking about, right?

5 A. There's -- there's a lot of things that
6 you can use.

7 Q. Right. And -- and again, I'm not saying
8 that, you know, you -- I'm not saying you come down
9 from the overpass and you handcuff somebody. That's
10 not what I'm saying. I'm just sort of -- I -- I'm
11 trying to understand how shooting somebody with a
12 shotgun would stop their behavior. And I think I
13 know the answer but I -- I'm not a police officer.
14 You're -- you're here being deposed as a police
15 officer.

16 And my understanding is that one is
17 that if the person is hit it could knock them off
18 balance, right, and so that they can't throw a water
19 bottle. Let's use throwing a water bottle.

20 A. Okay.

21 Q. That's -- that's one way that the shotgun
22 can -- can deter the behavior, right?

23 A. Sure. Yes.

24 Q. It -- and it can also make them run away,
25 right? If you get hit with one of these bean bag

1 rounds you're like ow, and you run the other
2 direction, right?

3 A. In -- I -- I can't speak for what a person
4 would do when they get hit by it but, yes. I'm sure
5 it would hurt. Yes.

6 Q. Okay. Okay. And then what is the
7 training that you received if an individual has been
8 impacted once one time? Okay. How many times do
9 you impact them?

10 Are -- that's what I want to ask you
11 is, like are you trained in any way on here's how
12 many times you shoot somebody?

13 A. You are given parameters to assess their
14 behavior. So if one doesn't work and you reassess
15 you can then deliver another less lethal ammunition.

16 Q. Okay. So -- and that makes sense to me.

17 Do it until it stops, right. If you hit them once
18 and they're still engaged in the behavior, hit them
19 again. Still engaged in the behavior, hit them a
20 third time. They stop, then you stop shooting them
21 with the shotgun, fair?

22 A. Yes. Based off your own individual
23 assessment.

24 Q. Okay. And that makes sense. I get it.

25 What do you do -- I'm going to ask you again what

1 you, Officer Hethershaw, right. Your -- your own
2 training, experience and sort of how -- how you've
3 been trained and how you do it.

4 What do you do if there's -- and this
5 is a hypothetical, okay? I'm not talking about
6 May 30th, I'm talking in general. What if you're
7 there with three other officers and you impact the
8 person, you shoot them with a shotgun and the other
9 two shoot them with a shotgun, right?

10 A. Uh-huh.

11 Q. And they've complied. They've -- let's
12 say they've fallen on the ground and gone into the
13 fetal position.

14 A. Uh-huh.

15 Q. Do you impact them again?

16 MR. LAIRD: Object to the form, but you
17 can answer.

18 A. So I can only speak to what I would do and
19 my own individual actions. So if I believe that
20 person is still a threat there are a myriad of
21 things that could happen. It all depends on facts
22 and circumstances. So it all -- it depends is my
23 answer. Because you -- just because someone is on
24 the ground, right, it doesn't mean that they -- you
25 know, a lot of times -- to give -- to give you a

1 hypothetical. If someone has a gun and we impact
2 them and they fall on the ground and they still have
3 the gun in their hand, that's not saying I'm not
4 going to impact them again, right. It -- it depends
5 on circumstances, it depends on my individual
6 assessment. It depends on the circumstances.

7 Q. Sure. And -- and those circumstance --
8 that makes sense. The circumstances that you
9 consider are -- I mean, I'm not -- I can't name them
10 all cause -- because you can't prepare for every
11 unknown situation. But it's sort of based on the
12 immediacy of the threat, right? Like you gave the
13 example they have a firearm. That's an immediate
14 threat, right? I mean, they can shoot somebody,
15 they can shoot you, they can shoot somebody else.
16 They could, you know, potentially shoot themselves
17 but that's an immediate threat, right?

18 A. Correct. Or they could have other hidden
19 weapons on them.

20 Q. Other hidden weapons on them. Right. So
21 one of the factors that you would consider in
22 choosing whether to impact somebody; let's just say
23 a third time, okay, is the immediacy of the threat.
24 That's just one factor, it's not all off them. But
25 would you agree that that's one factor?

1 A. Sure. That is a factor and a myriad of
2 them.

3 Q. Okay. And at what point are you trained
4 or are you instructed to stop shooting an
5 individual?

6 A. When the -- when the officer believes that
7 the threat no longer exists.

8 Q. Okay. All right. Okay. Let me ask you
9 was there any discussion as far as crossfire in --
10 on -- now, I'm back to May 30th, 2020. We're
11 specifically talking about you and the overpass and
12 -- and -- and the people milling around the front of
13 the police station. You with me? Was there any
14 discussion of crossfire?

15 A. Can you define what you define as
16 crossfire?

17 Q. Sure. Well, when you're -- when you're
18 using firearm or shotgun, less than lethal -- let's
19 say less than lethal. One of the things that you
20 are trained to be concerned about is what your line
21 of -- what your line of fire is, right?

22 A. Correct. Yes, sir.

23 Q. If you're shooting in a -- in a crowded
24 grocery store as opposed to one individual at a
25 traffic stop and there's nobody else around, do you

1 need to be aware of your line of fire and who you
2 could potentially hit, right?

3 A. Correct. You need to be aware of your
4 surroundings.

5 Q. Was there any discussion of that on
6 May 30th, 2020?

7 A. That, I don't remember or I can't recall
8 specifically.

9 Q. Was there any discussion of this -- of the
10 issue of having officers in front of the police
11 station, okay? Officers at the overpass. Was there
12 any discussion of -- of crossfire for the
13 individuals that were in the street -- milling in
14 the street below?

15 A. That, I -- I don't -- I can't recall that.
16 I don't remember that. I don't remember.

17 Q. Did anybody bring -- bring it up? That
18 we're not the only officers on the overpass that had
19 a line of fire here?

20 A. I -- I can't recall. I don't remember.

21 Q. Okay. Is that something you would -- that
22 would be important to you?

23 A. Yes.

24 Q. Okay. And you don't recall anyone talking
25 about that, discussing that, giving any directives

1 on that?

2 A. I don't remember many speci -- I don't
3 remember many conversations I had that day
4 specifically. It was --

5 Q. Excuse me.

6 A. -- three years ago so I -- I don't
7 remember any specific conversations.

8 Q. Understood. And excuse me, I sneezed.

9 But this -- this was an unusual situation, right.
10 You hadn't experienced something like this before
11 during your three months as a police officer?

12 A. Correct.

13 Q. You hadn't experienced something like this
14 in the academy, obviously, cause you're training to
15 be a police officer, right?

16 A. We just did scenarios for -- I mean, for
17 mobile field force training and stuff like that. So
18 you engaged in scenarios and stuff that were similar
19 and would mimic scenarios such as this.

20 Q. Okay. And this was a notable circumstance
21 in your first three months as a police officer,
22 fair?

23 A. Yes, sir.

24 Q. What about ever since after that? Have
25 you had a similar situation in -- after May 30th,

1 2020?

2 A. Well, I'm part of a dispatch and response
3 team for Austin Police so I respond to protests
4 quite a bit. So not -- not something of -- to that
5 magnitude of riotous behavior but I have responded
6 to several protests since then.

7 Q. Okay. Any of them bigger than this one?

8 A. I can't accurately say that. I mean, this
9 was a big -- this -- the one that we're discussing
10 was a big one but there -- there's been some big
11 ones too.

12 Q. All right. Let me just check my notes. I
13 think -- I think I'm done. I just want to look at
14 my notes.

15 Do you have any electronic
16 communications regarding this incident? Like
17 e-mails that you shared with fellow officers? I'm
18 not talking about your report. Like let's section
19 off the supplement that you wrote on June 2nd. Any
20 electronic communications, e-mails, other
21 correspondence that you have, you know, had with
22 someone regarding this incident, May 30th, 2020?

23 A. Not to my knowledge.

24 Q. And -- and of course, I'm excluding lawyer
25 communications, I'm not talking about that. I'm

1 talking about fellow officers, supervisors, anybody
2 like that.

3 A. Not to my recollection.

4 Q. Okay. When you showed up at the overpass
5 on May 30th, 2020 and you were stationed above,
6 right.

7 A. Uh-huh.

8 Q. These citizens, protesters, agitators,
9 including all of them; this group of people, what
10 information -- actionable information did you have,
11 if any? And -- and that's a really big term. But I
12 mean it to be big because I want to know like
13 walking into a situation what information did you
14 have about this situation?

15 A. Sure. So from the totality that I've
16 learned up until that point; learned that they had
17 taken 35 at one point. That they were engaged in
18 throwing lots of things at officers or at some point
19 surrounding officers and were engaged in riotous
20 behavior. Like I said in the beginning too, I mean,
21 there were as well there were -- like there was also
22 like peaceful protestors out here. But there are
23 the -- you know, there are the agitators, they are
24 the rioters as well.

25 Q. And I imagine it's difficult to tell the

1 difference sometimes?

2 A. Not necessarily. I mean, if I see someone

3 throwing a rock or a water bottle or throwing

4 fireworks I could see that that person is engaged in

5 riotous behavior versus the people who are just

6 simply standing on the steps not doing anything.

7 Then I can definitely make a differentiation.

8 Q. Right. In terms of, you know, the group

9 as a whole before somebody throws something, right.

10 A. Uh-huh.

11 Q. Let's say -- let's say that. Let's say

12 group of people. It must be very difficult to tell

13 the difference before anybody throws anything. It's

14 just a group of -- massive group of people in front

15 of you. You can't really say this one is going to

16 be an agitator, this one is just a protester, right?

17 A. Correct. I mean, until they engage in

18 some form of illegal activity they're -- they're

19 just protesting up to that point.

20 Q. Right. And -- and so let me ask you this

21 way, in your view -- and I'm just talking about you.

22 I can't ask you to opine on what other people think

23 or saw.

24 A. Uh-huh.

25 Q. In your view in that shift on May 30th,

1 2020, were all the people who were agitators,
2 throwing things, riotous behavior, all the sort of
3 things that you quoted in your supplement. And I --
4 I can't go off memory. You probably can't but let's
5 just call them agitators, fair?

6 A. Okay.

7 Q. Were all the agitators impacted by
8 shotguns?

9 A. I -- I can't accurately say that at all.
10 I mean, I -- I can't -- I can only speak for the
11 people that I impacted and that I saw engage in
12 riotous activity. But I can't say for every single
13 agitator out there that they were engaged in some
14 way or another.

15 Q. Did you witness any agitators who were not
16 impacted by rounds?

17 A. I mean, I'm -- I'm sure. I mean, I --
18 like I said, it as a rapidly evolving situation. I
19 mean, there was -- there was a lot going on. I
20 mean, I can't say -- I can't give you a specific
21 example but I'm not going to say that's out of the
22 realm of possibility.

23 Q. Right. Well, I mean, you're focused on
24 who you're focused on and who you're going to
25 impact. I get that. Fair?

1 A. Fair.

2 Q. But you're also -- I mean, you also have
3 peripheral vision. You're also -- when you're not
4 shooting the shotgun you're also observing things,
5 right?

6 A. Uh-huh.

7 Q. You got to say yes for court reporter.

8 A. Oh, sorry. Yes.

9 Q. That's all right. It's lawyer stuff. And
10 so there had to have been situations where you
11 witnessed other offerers fire their shotgun while
12 you were not firing your shotgun, right?

13 A. Yes.

14 Q. Okay. So -- and I just want to make sure
15 that I -- that I asked the right question and you
16 answered it fully. Did you witness any agitators,

17 okay, throwing things, agitating behavior, all that
18 other stuff, who were not impacted by shotguns?

19 A. That -- I -- it's just a broad question

20 because like it -- it doesn't dictate like whether

21 other means were used or whether there is kind of

22 like -- so I -- it was -- there was a lot going on

23 so I can only speak for the agitators that I saw,

24 that I dealt with and that I impacted myself. Other

25 officers were doing whatever other officers needed

1 to do. And I was more so worried about what I was
2 doing and protecting the peaceful protesters along
3 with my fellow officers.

4 Q. Okay. Did you witness at any point on
5 May 30th someone who had not engaged in agitating
6 behavior impacted by shotguns?

7 A. Again, I -- I can't -- I can't say for
8 certain because I don't know what other officers
9 saw. I don't -- I can't speak for other officers.
10 I don't know what actions they saw or lead to
11 believe. So I only saw what I saw and I can only
12 justify what I can justify.

13 Q. Okay. That's fair. But I'm not asking
14 about other officers, I'm just asking about what
15 you, okay? What you observed, what you witnessed,
16 what you saw.

17 A. Correct.

18 Q. So that -- it's just a two-part question
19 and I asked you the first and now I'm asking you the
20 second. Did you personally view anyone who was

21 impacted, shot with a shotgun, who you had not seen
22 engaged in agitating behavior?

23 A. I -- the short answer is no. But again,

24 I'll qualify that only for the sense of I can't

25 speak for what other officers saw. I can't see what

1 riotous behavior they observed. I can't say that I

2 observed that other person's behavior. So I can't

3 give an accurate statement to that.

4 Q. So you -- you -- what I think you're
5 saying -- and you correct me if I'm wrong. I don't
6 want to put words in your mouth. But what you're
7 saying is all I can really recall specifically and
8 -- and testify to are the individuals that I shot
9 with the shotgun. I can't answer to what happened
10 before or after or outside my line of site. I can
11 only answer to the individuals that I impacted.

12 A. That's pretty -- that's pretty accurate, I
13 would say.

14 Q. I just -- I just want to make sure. Is
15 there anything else -- and Gray can certainly ask
16 you questions if he wants to as well. Gray, I don't
17 know if you intended to but I always ask this
18 question at the end. Officer, I ask is there
19 anything else that you think is important for us to
20 know about this, you know, this case, this incident,
21 your -- your testimony? Cause I'm not always asking
22 a hundred percent all of the questions but is there
23 anything that you think is important for us to know?

24 A. I just think that I've said it all. I
25 mean, this had a lasting impression on my life. I

1 mean, you spoke to mental distress earlier. So I
2 mean, it's caused quite a lot of anguish and caused
3 a lot of emotional damage for myself as well as
4 being a part of it. So -- and that's all I'd really
5 like to leave with.

6 Q. Well, I -- I'm -- I'm sorry for that. I
7 got to ask you a couple of follow-up questions. And
8 I -- I certainly am not trying to, you know, make
9 you feel bad. But what do you mean by its caused
10 you distress and anguish?

11 A. Well, I -- I don't -- I don't like doing
12 stuff like that. That's not why I did the job.
13 That's not what I wanted to do.

14 Q. And how has that been a lasting impact?
15 So not just on May 30th and June 2nd but, you know,
16 obviously today it -- it still effects you, I think,
17 from what you said, right?

18 A. I would say that's accurate. Yes.

19 Q. What are the lasting effects then?

20 A. Just -- I mean, it's -- it's tough. I
21 mean, when you -- when you think back on that time
22 it was just a -- a tough point in my life. So I
23 mean, that's all I can say for the most part, the
24 most detail I can go into. I mean, it -- it's just
25 a rough time.

1 Q. Okay. And I don't mean to pry. I really
2 don't. And so if -- but what do you mean a rough
3 time in your life at that time in May of 2020?

4 A. It was just -- I mean, there's a lot of --
5 there was a lot of -- there was a lot of stuff going
6 on, you know. Just starting my career, a whole lot
7 going on and it was just a rough time in general
8 so...

9 Q. How would this event effect your career?

10 A. Just -- you know, it's a -- it was a tough
11 time. I mean, it was just -- it's definitely just
12 -- in the simplist of terms I mean, it -- you want
13 to help people and it's just not -- not something I
14 imagined myself doing.

15 MR. DEMIK: Okay. Thank you, Officer.
16 You had a tough job. I appreciate your taking
17 the time out of it to speak with me today and
18 -- and give this testimony. I certainly,
19 again, for the last time but importantly want
20 to apologize for being late. I don't like
21 wasting people's time. But thank you for
22 answering my questions. I'll turn it over to
23 Gray now.

24 MR. LAIRD: And we'll -- we'll reserve our
25 questions until the time of trial. We -- we do

1 want to read and sign the transcript. And
2 then, also, Ms. Glover if I -- if we can order
3 an expedited transcript, that'd be great.

4 COURT REPORTER: Okay. Mr. Laird, when
5 would you like the transcript.

6 MR. LAIRD: It'd be great if we can have
7 it within seven days, maybe. Would that work
8 or --

9 COURT REPORTER: Yeah. I don't think
10 that's -- that may be regular time but yes,
11 I'll try to get it -- I'll put it in front of
12 and get it to you as soon as I can.

13 MR. LAIRD: Great. Thanks so much.

14 COURT REPORTER: Uh-huh.

15 MR. DEMIK: And -- and same here, Ms.
16 Glover, if that's all right. We'd like a copy,
17 obviously, as well.

18 COURT REPORTER: Okay. Awesome.

19 VIDEOGRAPHER: We'll conclude our
20 deposition, it's 11:34 a.m. We're off the
21 video record.

22 (End of proceedings.)

23

8 Defendants.)

8 ZOOM VIDEOTAPED DEPOSITION
9 JOSEPH HETHERSHAW
10 VOLUME 1
11 JULY 17, 2023

13 I, Priscilla Glover, Certified Shorthand Reporter in and for
14 the State of Texas hereby certify to the following:

15
16 That the witness, JOSEPH HETHERSHAW, was duly sworn by the
17 officer and that the transcript of the Zoom deposition is a
18 true record of the testimony given by the witness;

19
20 That the deposition transcript was submitted
21 on _____, 2023 to the witness or to the attorney
22 for the witness for examination, signature and return to me
23 by _____, 2023.

24
25 That pursuant to information given to the deposition officer

1 at the time said testimony was taken, the following includes
2 counsel for all parties of record;
3 Mr. Stephen Demik, Attorney for Plaintiff
4 Mr. Gray Laird , Attorney for Defendants

5

6

7 The amount of time used by each party at the deposition is
8 as follows:

9

ZOOM AND VIDEOTAPED DEPOSITION OF
OFFICER DARRELL CANTU-HARKLESS
JULY 14, 2023
VOLUME 1

ZOOM AND VIDEOTAPED DEPOSITION OF
OFFICER DARRELL CANTU-HARKLESS, produced as a witness at the
instance of the Plaintiff, and duly sworn, was taken in the
above-styled and numbered cause on July 14, 2023, from
10:09 a.m. to 1:08 p.m., before Wendy Schreiber, CSR No. 9383,
in and for the State of Texas, reported by machine shorthand,

1 at the City of Austin Law Department, 301 W. Second Street,
2 Austin, Texas, 78767, pursuant to the Federal Rules of Civil
3 Procedure and the provisions stated on the record or attached
4 hereto.

1 VIDEO OPERATOR: We are now on the record. This
2 begins media file No. 1 in the video deposition of Darrell
3 Cantu-Harkless in the matter of Tyree Talley, et al., versus
4 City of Austin, et al., in the United States District Court for
5 the Western District of Texas, Austin Division, Case No.
6 1:21-cv-249-RP.

7 Today is Friday, July 14th, 2023, and the time
8 is 10:09 a.m. This deposition is being taken remotely at the
9 request of Hendler Flores Law, PLLC. The videographer is Nate
10 Laningham with Magna Legal Services and the court reporter is
11 Wendy Schreiber.

12 Will Counsel please state their appearances and
13 whom they represent.

14 MR. DEMIK: Stephen Demik on behalf of Mr. Tyree
15 Talley and Modesto Rodriguez. I'm here with my paralegal,
16 Alexis Lopez, also present.

17 MR. BARTON: And I'm Monte Barton on behalf of
18 the defendant City of Austin representing Officer
19 Cantu-Harkless in this deposition.

20 THE REPORTER: Officer Harkless, could I get you
21 to raise your right hand for me, please?

22 In the deposition about to begin, do you swear
23 to tell the truth, the whole truth, nothing but the truth so
24 help you God?

25 THE WITNESS: I do.

1 OFFICER DARRELL CANTU-HARKLESS,
2 having been first duly sworn, testified as follows:

3
4 THE REPORTER: Thank you.
5 You may begin.

6 EXAMINATION

7 Q. (BY MR. DEMIK) Thank you. Good morning, Officer.
8 Is it all right if I call you Officer Cantu? Or how do people
9 usually refer to you?

10 A. Harkless is fine.

11 Q. Harkless? Okay. I just want to make sure I get that
12 right.

13 So, Officer Harkless, we're taking your
14 deposition today. Do you realize this deposition is the same
15 as it would be in court as if you were giving live testimony
16 before a judge or a jury?

17 A. I missed that first part.

18 Q. I'm sorry. I hope this fixes itself.

19 Do you realize that this deposition being taken
20 today it would be the same as testimony before a judge or a
21 jury?

22 A. I do.

23 Q. Okay. And -- and it's important (audio distortion)
24 -- I'm sorry. I will get this checked out.

25 And if you understand the question or you can't

1 hear a question that I'm asking, would you please let me know?

2 A. Okay.

3 THE REPORTER: Okay. I'm going to -- could we
4 go off the record, please?

5 VIDEO OPERATOR: Off the record at 10:12 a.m.

6 (Recess taken from 10:12 a.m. from 10:18 a.m.)

7 VIDEO OPERATOR: We're back on the video record.

8 The time is 10:18 a.m.

9 Q. (BY MR. DEMIK) Okay. All right. That should be
10 better.

11 Officer Harkless, can you hear me okay?

12 A. Yes.

13 Q. Okay, great. So I'll -- I'll just pick up where I
14 started.

15 So do you understand that the deposition is in
16 lieu or could be in lieu of courtroom testimony before a judge
17 or jury?

18 A. Yes.

19 Q. And -- and so it's just important for me if you don't
20 understand my question, if you'd like me to clarify my
21 question, please ask me. Otherwise I'm -- I'm just going to
22 assume that you understand the question when you answer. Is
23 that fair?

24 A. Yes, I understand.

25 Q. Okay. Do you have any questions before we sort of

1 start discussing this case in particular?

2 A. No.

3 Q. Okay, great. If you do, just let me know. I'm happy
4 to answer any questions or clarify if you need me to.

5 Let me start or begin how long have you been
6 with the police department there?

7 A. I started out with Austin police Department in May
8 2017 at the academy.

9 Q. Okay. And what was your route to becoming a police
10 officer?

11 A. As far as education or?

12 Q. Sure.

13 A. Well, I'm from Austin, Texas. I went to Crockett
14 High School. I went -- I graduated high school, went to
15 Abilene Christian University. Received a bachelor's in
16 criminal justice and minor in political science and in May of
17 2017 I applied and started at the Austin Police Department's
18 academy.

19 Q. Okay. I forgot one thing, Officer Harkless. I'm
20 sorry, I don't want to bounce around too much but can you tell
21 me what you did to prepare for this deposition today?

22 A. I just -- I spoke with counsel, Monte Barton, about
23 my recollection of these events.

24 Q. And did you review any materials?

25 A. Yes.

1 Q. What did you review?

2 A. Reports and supplements I've written -- personally
3 written in regards to the protest and then the -- the
4 complaints.

5 Q. Okay. So the -- the court complaints, right?

6 A. Uh-huh.

7 Q. And I have I think one short -- very short narrative
8 that I believe you wrote and then two what appears to be maybe,
9 I don't know the terminology, use-of-force reports which just
10 sort of have a list of unidentified individuals. Were there
11 any other -- excuse me, were there any other reports that you
12 reviewed?

13 A. I believe the only reports I reviewed were the two
14 that you mentioned and a use of force kind of packet written by
15 a sergeant at the time.

16 Q. Okay. When you say "packet," can you describe that
17 in a little more detail for me?

18 A. Yeah, they're called response-to-resistance packets
19 completed by the supervisors whose sole responsibility is to
20 review use-of-force incidents and determine if they are within
21 law and policy.

22 Q. Okay. All right. So the three reports that we've
23 discussed, the use-of-force packet and the complaints, anything
24 else that you reviewed or went through in preparing for the
25 deposition?

1 A. Not that -- no, not that I can recall right now.

2 Q. Okay. All right. Now, let me -- I'll get back.

3 So you went to the police academy in May 2017,
4 right?

5 A. Yes.

6 Q. And where were you positioned after the academy?

7 A. After I graduated I was assigned to Henry 500s until
8 October -- October of 2018 and then I moved over to the Henry
9 600s where -- where I since report -- where I still remain.

10 Q. Can you -- can you explain to me what that means, the
11 500s and 600s that you've just mentioned?

12 A. Yeah, the -- the -- Henry is a -- is a sector -- a
13 certain part of the City of Austin which is the eastern side of
14 the (inaudible) area, and the 500s, 600s is an evening shift
15 within -- within the Henry sector.

16 Q. Okay. And -- so when were you assigned to the
17 intersection that you mentioned, I think the 600s?

18 A. I was -- I was assigned there October -- September,
19 October of 2018.

20 Q. Okay. And is that where you were stationed in May of
21 2020?

22 A. Yes.

23 Q. Okay. So when you were stationed there in September,
24 October of '18, then you were there through May '20 -- May of
25 2020 when this happened?

1 A. Yes.

2 Q. Okay. So at the time -- so we're -- we're -- I am
3 going to bounce around a little bit but -- but just so we're
4 talking about May 20th -- or, excuse me, May 30th, 2020, what
5 was your position and what were your duties generally, and then
6 we'll -- we'll get a little more specific, at the police
7 department?

8 A. As far as the shift I was assigned to or what was I
9 doing that -- the day?

10 Q. Well, let's -- let's sort of start with what your
11 responsibilities were in your position, right, in May 2020 and
12 then we'll -- we'll get to -- to the specific date. So why
13 don't you start with in this division, in this position in May
14 2020 what were your roles and responsibilities and what -- can
15 you tell us about your job and (audio distortion).

16 A. Okay. As far as the Henry 600s patrol, I was
17 patrol -- I still am a patrol officer. My duties included
18 responding to calls for service which includes, you know,
19 assaults, robberies, burglaries, service calls, crashes, along
20 the South Central east part of Austin, Texas.

21 Q. Okay. Now, on May 30th of 2020 why don't you set the
22 scene for me. How did you end up on this overpass? Can you
23 start when -- when did your shift begin? Were you called in?
24 Can -- can you describe that to us?

25 A. As far as the -- if I remember correctly, evening

1 shift would start at sometime mid-afternoon. We were
2 instructed to go to the Capitol to assist DPS with the protest
3 outside of the Capitol. After that crowd moved along we were
4 -- we were called to go to the proper of I-35 near our APD Main
5 headquarters due to the protest taking over both the north and
6 southbound proper of 35. We were instructed to clear out the
7 protestors, getting them off the highway as we were -- you
8 know, rocks, cones, bottles, fireworks, everything thrown at us
9 clearing off the highway. That went on throughout the evening,
10 throughout the night and ultimately the Henry 600s ended up on
11 the overpass at nighttime -- in the even -- or, you know, late
12 nighttime providing coverage and over watch for the officers at
13 the main headquarters.

14 Q. Okay. Can I break that down a little bit? So you
15 reported to your shift in the mid-afternoon, right?

16 A. Uh-huh.

17 Q. And you were dispatched to the Capitol. Is that the
18 first place where you were dispatched?

19 A. Yes.

20 Q. And can you tell me generally a little bit about that
21 protest at the Capitol? What was that like?

22 A. For the -- for the most part we were called there
23 just to supplement DPS. Obviously, the Capitol was the main
24 priority to protect for whatever reason. As far as I remember,
25 that part was a protest, people exercising their rights,

1 nothing -- nothing too wild. I don't recall any -- anything
2 outrageous going on as far as, you know, protestors throwing
3 items or setting off fireworks or anything like that. So once
4 that crowd kind of moved on from the Capitol to the 35, the APD
5 Main headquarters, we were called by the downtown officers to
6 help them because they were, you know, outnumbered and 35 had
7 been completely shut down by protestors.

8 Q. Okay. So was it your understanding and your belief
9 that the protests from the State Capitol had moved down; that,
10 in other words, this was one continuous protest or -- or were
11 these separate protests to your -- to your knowledge and
12 understanding?

13 A. I'm not sure the same crowd, you know, was a part of
14 both sets. This certain crowd here, certain crowd there, I'm
15 not sure.

16 Q. Okay. How did you get from the Capitol down to the I
17 -- I-35?

18 A. Oh, we had to use City vans, just unmarked, you know,
19 white vans that helped transport, you know, mass numbers. We
20 didn't have patrol vehicles readily available to everybody so,
21 you know, about 10 to 15 officers in a van that transported us
22 from the Capitol to the proper 35.

23 Q. Okay. And -- and what were you wearing? Why don't
24 you describe for us what -- what your uniform looked like and
25 what you were equipped with at that point, right, in the van.

1 A. I was -- I was wearing my department issued we call
2 them Class -- Class C uniforms. Dark navy top, navy pants,
3 patrol belt, Austin Police Department patches on our chest and
4 shoulders.

5 Q. Okay. And when you were at the State Capitol, did
6 you have these less-than-lethal-bean-bag shotguns?

7 A. Yes.

8 Q. Okay. So you had those at the Capitol and then
9 you -- you took those -- the ten or 15 officers in the van, did
10 you take those with you to the I-35 overpass?

11 A. It was multiple vans. Probably 60 to 80 officers in
12 multiple vans and not everybody had a less-lethal shotgun.

13 Q. How did they determine who got one and who didn't?

14 A. That whoever checked one out at the beginning of the
15 shift. There are a certain number of readily available that
16 the department even has -- that has.

17 Q. Okay. How does that work? Again, I'm -- I'm not a
18 police officer so forgive my ignorance but is that just first
19 come, first served? You make the decision as an officer if you
20 want to go check one out? Or how does that work?

21 A. Usually with less-lethal shotguns as far as patrol
22 officers there's a -- one or two available to check out per
23 shift and it's -- it's up to the patrol shift like who -- who
24 needs to take one out. It's more of like, hey, someone needs
25 to take it every day for patrol. Who wants to take it? More

1 voluntary basis of who takes one out or not.

2 Q. Okay. Did you volunteer to take one on May 30th,
3 2020?

4 A. Yes, as a part -- because usually I was the one that
5 always checked it out on patrol shift anyway.

6 Q. Why is that?

7 A. At that time it was -- it was commonplace for the
8 younger officers on the shift to check one out.

9 Q. And why is that?

10 A. Well, it's just kind of the culture of the young --
11 the new guy on the shift they check out the equipment so the
12 senior guys don't have to.

13 Q. Is it kind of a pain? I mean, is it kind of a
14 burden?

15 A. No, not necessarily.

16 Q. Okay. Why would the older guys want the younger guys
17 to do it?

18 A. It's just carrying more stuff.

19 Q. Okay. I gotcha. Heavy?

20 A. No, not necessarily. It's just, you know, something
21 that needs to be out in the street and it's somebody's
22 responsibility so, you know, that can happen.

23 Q. More stuff to worry about?

24 A. Just more stuff to carry.

25 Q. Okay. So tell me about how -- how when you checked

1 out a -- one of these shotguns on May 30th?

2 A. I'm sorry, could you say that one more time?

3 Q. Sure. Tell me how and -- tell me about how you
4 checked out one of these shotguns on May 30th, 2020.

5 A. I honestly don't remember where we started that day,
6 whether it be our -- at our east sub or throughout the protest
7 at some point our -- our meeting area was at the academy but
8 either way you'd have to go to at the east sub we have someone
9 called -- or someone at our PCO the -- someone who handles all
10 of our equipment to go to them, check one out, write your name
11 down kind of thing. This is under your name. It would be the
12 same thing at the academy but I'm not sure if and where I
13 started that day.

14 Q. Okay. And how many officers did you see check out
15 these shotguns at the time that you checked yours out or is it
16 something that happens at the same time, happens on a staggered
17 basis? Tell me about that.

18 A. Again, I'm not sure where we started that day. I'm
19 not sure how many other officers had less lethals.

20 Q. Okay. When you were at the Capitol, how many less
21 lethals did you see?

22 A. I don't recall the exact number.

23 Q. Can you ballpark it?

24 A. If I had -- if I had to guess, one for every five
25 officers maybe.

1 Q. So about 60 officers so about 12? Was it more than
2 10?

3 A. I couldn't -- I couldn't give you a solid, you know,
4 answer.

5 Q. More than five?

6 A. Yeah, I would say more than five, yeah.

7 Q. More than five. Less than 50?

8 A. I think that would be fair -- fair to say.

9 Q. Less than 20?

10 A. Again, I mean, I -- I can't even recall like how many
11 officers we had, what -- what DPS personnel looked like, what
12 our -- everything was such a hodgepodge of people just being
13 thrown into areas to help assist that me having like a general
14 idea of how many people were even out there I couldn't even
15 give you a great guess.

16 Q. Okay. So -- that's fine. It's fine. I don't want
17 you to guess. I was just sort of looking for a range, like a
18 ballpark, to get an idea whether it was 100 or whether it was
19 two, right?

20 So you checked out the shotgun either at the
21 east station or the academy -- you don't remember, that's
22 fine -- and then where did you carry the shotgun? Did you go
23 straight to the Capitol?

24 A. I -- I believe so.

25 Q. And tell me a little bit more -- I know I already

1 asked you -- but a little bit more detail about where were you
2 at the Capitol? Did you set up a line? Were you dispersing
3 the crowd? Tell me about what the operations were there. And
4 I know you were support but go ahead.

5 A. Yeah, we were set up along the fence line in front of
6 the Capitol with DPS.

7 Q. And -- and so there was a fence line there?

8 A. Yes. A gated fence, yes.

9 Q. And about how many officers were set up at that -- at
10 that point if you were to guess? Again, not guess but what's
11 your best estimate?

12 A. Us including DPS 100 maybe. I'm not sure their
13 personnel. Yeah, I can't remember all personnel out there.

14 Q. And you said it was largely a peaceful protest?

15 A. Yeah, for the most part. Like the idea of it was at
16 the direction of DPS they didn't want any protestors on Capitol
17 grounds so once that line was established, you know, the
18 protestors stayed on the streets which was fine to us.

19 Q. So there was a clear demarcation between where the
20 protestors were allowed and where they weren't allowed?

21 A. Uh-huh, yes.

22 Q. And that would be the fence line?

23 A. Yes.

24 Q. Okay. Now, at the police station on May 30th, 2020
25 -- and I know there's sort of a fence now but on May 30th,

1 2020, there was no fence, right?

2 A. There was no fence, no.

3 Q. In front of the police station there was no fence
4 line, right?

5 A. There's no fence. Yes, there's no fence at all.

6 Q. There was no -- it was different in the sense that
7 there was no demarcation line. Like the fence line at the
8 State Capitol that was different at the police station,
9 correct?

10 A. As far as like a physical barrier in front of the
11 steps? Other than officers, yes, that's correct.

12 Q. Okay. So how long were you at the State Capitol,
13 approximately?

14 A. Maybe an hour or two. I'm not sure.

15 Q. That's fine. And when did you receive word that you
16 would be going -- that you'd be moving?

17 A. When officers from the downtown area called for
18 essentially what we call it it was an alternate-assistance
19 broadcast over the radio from downtown officers saying they
20 needed -- they needed more bodies, they needed help downtown
21 because they -- all of the protestors had taken over both sides
22 of 35.

23 Q. Okay. Now, you're talking about the 35 overpass as
24 opposed to at the police station, right?

25 A. So when I refer to "proper," that's the actual

1 highway as opposed to the service roads.

2 Q. Okay. All right. And just so I'm clear, the I-35,
3 that's the overpass where you were stationed, right?

4 A. Later that night, yes.

5 Q. Okay. Well, when you -- so when you get in the van,
6 you said like 10 to 12 officers in the van going from the
7 Capitol down to the police station, where were you let off
8 first?

9 A. From the Capitol we went straight onto the proper or
10 straight to the highway to start clearing off -- clearing --
11 clearing protestors from the highway.

12 Q. Okay. On the overpass?

13 A. Yes.

14 Q. Okay. Tell me about that. How did that happen? How
15 did that go down?

16 A. As soon as we got onto the overpass, got out of the
17 van, I could immediately see -- immediately saw, you know,
18 hundreds and hundreds -- hundreds -- thousands -- I'm not sure
19 the number, right, but both sides of 35 protestors coming in
20 our van, taking on a barrage of rocks, water bottles and cones
21 and sticks and stuff like that as officers began to form a line
22 to start slowly, you know, inch by inch getting at least the
23 southbound side cleared first and then getting the northbound
24 side off and getting all the protestors off the overpass at
25 least onto the service roads.

1 Q. Okay. So I -- I just want to be clear. Were you
2 called officer assistance for the police station or to clear
3 I-35?

4 A. I believe it was -- it was to 35. I think there were
5 officers already on the proper but at some point they were
6 overrun hundreds and hundreds of people and obviously losing
7 ground and traffic was starting to be blocked on both sides.

8 Q. Where did those officers go?

9 A. I believe they just joined the ranks when we arrived.

10 Q. Okay. So when you get out, both sides are -- are
11 blocked. What happens next?

12 A. Officers form a line across 35 kind of so both sides
13 of traffic were stopped. You know, the northbound side was
14 stopped. The southbound side was to stopped. We formed a line
15 across, you know, the proper to the cars and slowly had to get
16 everybody off the highway.

17 Q. Did you eventually do that?

18 A. Yes.

19 Q. How long did that take?

20 A. I do not recall exactly. Probably like 10 to 20
21 minutes.

22 Q. And what happened? Did they disperse or how did that
23 happen?

24 A. At -- as far as I recall, the directive was to at
25 least clear the proper. The service roads were considered --

1 the directive or the orders was like they can have the service
2 road but they cannot -- you know, protestors cannot block the
3 proper. So once we got them off the proper, right, they just
4 maintained on both sides of the service road blocking the
5 roads.

6 Q. Okay. So once you got the highway clear what did you
7 do?

8 A. A lot of -- we stayed on the -- on the embankment of
9 the northbound side for some -- for maybe a few hours longer
10 just to ensure they didn't come back up and try and get on the
11 proper again and then at some point like a rotation started
12 where officers -- you know, officers who were at 250 parking
13 lot which was on the northwest corner of 8th and 35 start
14 rotating giving people breaks.

15 Q. Okay. How is it that you ended up on that overpass
16 area?

17 A. Up until that point we had officers on the overpass
18 ensuring that nobody else come up to block the protest again
19 but there were no resources up there to help provide coverage
20 for officers at the Main who were -- who were having like rocks
21 and bottles and fireworks and frozen bottles and stuff thrown
22 at them. So an order was given that somebody needs to go on
23 the overpass to provide coverage because they didn't want --
24 because the people who were throwing things were too far back
25 for the officers on the Main to take any type of action

1 against. So the idea was to get people on the overpass to help
2 deter those actions. And I guess the -- the Henry 600s we had
3 one of the bigger shifts, we were called upon to go up there to
4 just provide that coverage.

5 Q. Okay. And who made that call?

6 A. I don't recall who was the supervisor who made the
7 call.

8 Q. How were you first aware that that call had been
9 made?

10 A. When my supervisor came to me and said we have to go
11 on the overpass.

12 Q. Who was that super -- I'm sorry.

13 A. (Simultaneous speaking.) I forgot what I was going
14 to say. Sorry.

15 Q. That's -- that's okay. Who was the supervisor who
16 told you to go to the overpass?

17 A. My supervisors at the time were Sergeant Tabierou and
18 Corporal Tyler Latham.

19 Q. And you said the Henry 600s were asked to go to the
20 overpass. Why is that, I'm sorry? Maybe I just didn't hear
21 but you were a larger group or what -- what was that answer? I
22 couldn't hear it?

23 A. We were one of the bigger shifts. We -- we had a
24 combined shift with a special unit of officers so we had about
25 14, 15 people on our shift.

1 Q. And about what time is it that you moved to the
2 overpass? Like six o'clock? Nine o'clock? Do you recall?

3 A. I don't recall. It was at least nighttime.

4 Q. Nighttime in May probably after eight o'clock?

5 A. 8:00, 8:30. After -- after that at least.

6 Q. And what time did you start your shift that day?

7 A. I don't recall. I can't remember if we moved to a
8 different emergency schedule at that time or we came in like
9 normal. You know, like at a 2:00 -- at that time we had a
10 1:00, 2:00, 3:00 and four o'clock shift. I just don't
11 remember -- I don't recall which shift we were on at that time.

12 Q. What's an emergency schedule?

13 A. That's -- that's called a -- an alpha-brava schedule
14 where the department's mandated to do 12-hour shifts. You
15 know, twelve hours A, twelve hours B type thing. I -- I can't
16 recall being in emergency-type situations and that was my first
17 time being part of something like that so I don't remember -- I
18 remember it was activated during the protest. I just don't
19 remember at what point.

20 Q. So that's 12-hour shifts straight?

21 A. Uh-huh.

22 Q. Now, you had mentioned that officers were being
23 rotated around to provide relief. Why is that? What kind of
24 relief is needed? Can you -- can you describe that to us?

25 A. Yeah. I mean, summertime -- you know, May it was

1 hot. A lot of standing. You know, the rotation -- the idea is
2 to get people in the shade, sit people down, drink some water,
3 30-minute kind of breaks. Hour breaks are kind of long. You
4 know, rotate.

5 Q. Okay. And is everybody wearing that uniform: the
6 pants, the top at the time here in May 2020?

7 A. Most of Patrol is. The downtown officers, the -- the
8 George, the DTAC guys, they have the blue shirts and shorts
9 that they probably usually wear in the summertime, the light --
10 or the blue-blue, not the navy blue.

11 Q. Okay. And what's it like wearing those uniforms?
12 Pretty hot?

13 A. It can be in the summertime, yes.

14 Q. Okay. Well, what does that look like?

15 A. What does what look like?

16 Q. Well, you say it can be pretty hot. What does that
17 look like? Wearing this uniform in May in Austin, you know,
18 being on this shift in mid-afternoon what does that heat look
19 like? Are you sweating? You know, can you -- can you describe
20 it just a little bit?

21 A. Yeah, naturally you -- you sweat when it's -- when
22 it's hot in the thicker clothing in the summertime. I can't
23 remember how -- what the degree was outside but it was warm
24 actually because it's May in Texas.

25 Q. And you have -- and during the shift why don't you

1 describe to me what you have on you. So you have the uniform.

2 We discussed that. You have the shotgun, right? How much does

3 that weigh?

4 A. If I had to guess, six to eight pounds.

5 Q. Do you have that mask on the helmet?

6 A. We were -- yeah, we were wearing it, yes.

7 Q. So you were wearing that all day?

8 A. Yes.

9 Q. What other -- and you have the belt, right?

10 A. Uh-huh.

11 Q. And -- and what's on that belt or what weight is on

12 that belt?

13 A. The belt is probably my best guess 12 to 15 pounds.

14 Your -- your duty weapon, asp, OC spray, taser, handcuffs.

15 Q. Okay. Anything else you're carrying during the

16 shift?

17 A. No, that's usually what I carry every day.

18 Q. All right. So let's -- let's talk a little bit about

19 the less-lethal shotguns. What training and/or certifications

20 have you received in the less-lethal shotguns?

21 A. So every year we are required by TCOLE to take the

22 annual qualifications with all weapons at the department. It

23 has (inaudible) issued to us so that includes, you know, your

24 duty -- your duty firearm, less-lethal shotgun, the actual

25 shotgun, OC spray, baton or asp, taser. Every year we take it

1 and then, of course, naturally, I check out the less-lethal
2 shotgun every day and handle it and manipulate it every day.

3 Q. Do all the police officers have to receive the yearly
4 training in the less-lethal shotguns?

5 A. Everybody -- every peace officer within the Austin
6 Police Department from Chief all the way down to probationary
7 police officer.

8 Q. Okay. Even though they might not check it out? It
9 might be you checking it out as opposed to someone else but
10 they at a minimum receive the yearly training?

11 A. Yes.

12 Q. What is -- what is that yearly training? Tell us
13 about it.

14 A. There are, you know, a series of proficiency tests
15 with the handgun and shotgun. You have to have an average
16 minimum score, right, to pass to get that qualification.

17 Q. What -- what are you scored on? Are you shooting at
18 targets? Are you given written exams? What does that look
19 like?

20 A. It's all practical exams so shooting at targets.

21 Q. Okay. And then you're scored on how accurate you
22 are?

23 A. Yes.

24 Q. And what's the score? 0 to 100?

25 A. Yes.

1 Q. Okay. And what were your scores?

2 A. For which? For which test?

3 Q. Let's just sort of focus on the accuracy test where I
4 think you told me you're shooting at a target. You're graded
5 from 0 to 100. What were your scores on those -- on those
6 practical tests?

7 A. For every -- for --

8 Q. Let's go -- let's go September, October of '18 when
9 you took the position you did to May 2020. So I'm assuming if
10 you had the yearly test that was '18, '19, maybe '20 if it was
11 before May?

12 A. I don't recall -- I don't recall when I had took it
13 that year but, yes, every year you take them throughout --
14 those courses are offered throughout the year.

15 Q. Okay. So at least in '18 to '19 you took the yearly
16 test, right?

17 A. Uh-huh.

18 Q. What were -- what were your scores?

19 A. So I guess I'll rephrase. The shotgun and fire -- a
20 handgun, the duty gun test are scored from 0 to 100. Less
21 lethal, taser, baton are just pass/fail.

22 Q. Oh, okay. All right. So for the firearms and lethal
23 shotgun I guess --

24 A. Uh-huh.

25 Q. -- it's 0 to 100?

1 A. Yes.

2 Q. Less than lethal -- taser, baton, less-lethal shotgun
3 which is what we're talking about here -- is pass or fail?

4 A. Yes.

5 Q. Okay. All right. What's the -- what's the range of
6 the less-lethal shotgun?

7 A. The range? It's recommended up to -- up to 25 yards
8 is what we're trained at.

9 Q. So when you take the test, do you recall what
10 distance that is that you shoot for the pass/fail?

11 A. Twenty-five yards.

12 Q. Twenty-five yards, okay. And are you trained -- what
13 are you trained to do at more than 25 yards?

14 A. The target zones remain the same as far as --

15 Q. I'm sorry?

16 A. The target zones -- the target zones remain the same.

17 Q. Okay. Are you trained to shoot it beyond 25 yards is
18 what I'm asking?

19 A. Are we specifically trained? No, what -- the
20 pass/fail standard for a less-lethal shotgun is 25 yards so
21 that's where we conduct our proficiency test at.

22 Q. Okay. All right. Are you -- are you tested or are
23 you -- I guess what happens when it's more than 25 yards?

24 That's -- that's what I'm asking, I'm kind of curious about.

25 A. I'm not -- I'm not necessarily sure like the

1 functionality or -- the functionality of the less-lethal
2 shotgun beyond 25 yards and I can't -- I honestly can't
3 remember what the policy says the ideal impacting range -- max
4 -- the maximum distance of the impacting range of a less-lethal
5 shotgun at that time.

6 Q. Okay, at that time. Do you -- do you recall it at
7 any other time?

8 A. Yeah. Well, now we have a -- obviously we have new
9 bean bags where there's no minimum distance anymore and we can
10 discharge -- you know, it's applicable up to 50 yards.

11 Q. But going back to May 30th, 2020, it was 25 yards
12 with the range that you were trained on, right?

13 A. Yes, that's where we conducted our test.

14 Q. Okay. And the idea there is that the farther the
15 distance the less accurate the weapon, correct?

16 A. Yeah, that goes for most -- pretty much most weapons.

17 Q. Right, right. And in this case with the less-lethal
18 shotguns the longer the distance the less accurate you're going
19 to be?

20 A. Yeah, I think that's fair to say.

21 Q. What was the distance in this case on May 30th, 2020
22 that you and other members of the Henry 600s were shooting
23 bean-bag rounds at protestors on the street from the overpass?

24 A. I can't recall like the specific -- specific
25 distance.

1 Q. Okay. Was it more than 25 yards?

2 A. I'm just trying to do math in my head. I'm assuming
3 the overpass -- you know, that bridge is probably around -- I
4 can't even guess how -- how tall, you know, that overpass
5 bridge is. I'm not sure how far off the ground we were. I'm
6 not entirely sure.

7 Q. Let me ask it to you this way. You're trained at 25
8 yards, right?

9 A. Uh-huh.

10 Q. You know what 25 yards looks like?

11 A. Uh-huh.

12 Q. Because you've done the yearly test at 25 yards,
13 right?

14 A. Uh-huh.

15 Q. And you know what's less than 25 yards, correct?

16 A. Yes.

17 Q. So it's more than 25 yards?

18 A. Yeah, probably possible that it's more than 25 yards.

19 Q. It's probably possible that it was more than 25
20 yards?

21 A. Yeah. Yes, sir.

22 Q. Okay. What does "probably possible" mean?

23 A. At least 25 yards.

24 Q. Did anybody bring that up before -- well, let me ask
25 you this.

1 Let me just sort of ask you this. Were you
2 ordered to shoot these less-lethal shotguns, you and your
3 fellow officers, or was that a discretionary decision that --
4 that you made?

5 A. There was no order to shoot protestors. There -- and
6 it's all discretion in regards to protecting other officers and
7 other protestors from being impacted by whatever objects were
8 being thrown. If -- and this is just me on that night -- if
9 something was available and it was safe to do so, I would
10 impact somebody.

11 Q. Okay. So is your answer that you made the decision
12 to shoot; nobody ordered you to shoot?

13 A. Yes.

14 Q. Did anybody authorize you to shoot or did you just
15 make the decision at the time?

16 A. No, there was authorization that if -- if there is a
17 need to protect other people or officers, that you do have --
18 you had the, you know, the go-ahead to do so.

19 Q. Okay. So when was that given? Was that like at the
20 beginning of the shift? Was that when they put you at the
21 overpass? When did they give you the green light to shoot if
22 you saw a decision to make?

23 A. When we first got off -- got onto the proper from the
24 Capitol to clear the highway.

25 Q. Okay. So when you first got to the overpass or the

1 highway, that's when they said you have clearance to shoot if
2 -- if you decide to shoot?

3 A. Uh-huh.

4 Q. All right. When you were on the overpass and you're
5 firing down into the street, were you the first to shoot? Were
6 you the second to shoot? Were you the last to shoot? Let's --
7 let's break that down. I'll just break it down.

8 Were you the first to shoot?

9 A. At -- at what -- at what moment?

10 Q. So we're -- we're at the overpass. We've cleared --
11 cleared the highway. We're at the overpass looking down,
12 right? From your BWC, body-worn camera footage, there's a
13 group of officers at the top of that overpass, right?

14 A. This is nighttime or daytime or --

15 Q. No, nighttime.

16 A. Nighttime, okay.

17 Q. Do you -- do you recall that?

18 A. Yes, nighttime looking down at the Main, yes.

19 Q. And there's several officers who have these shotguns
20 including yourself?

21 A. Yes.

22 Q. Including your -- okay. So those officers at the
23 overpass nighttime looking down on the protestors, did you
24 shoot first?

25 A. I can't remember -- I can't recall who shot first.

1 Q. Okay. But was it you who shot first?

2 A. I don't recall who shot first.

3 Q. Okay. Tell me about what was happening the moment
4 you took your first shot.

5 A. Okay. Yeah -- (simultaneous speaking) -- I'm sorry?

6 Q. Go ahead. Please -- please go ahead. I didn't mean
7 to interrupt.

8 A. Yeah, we were positioned on the -- on the overpass
9 overlooking the Main and we were operating in kind of a spotter
10 and less-lethal shotgun kind of tandems. So there was an
11 officer next to me. We were in constant communication like
12 spotlighting people who we thought were going to throw objects
13 at officers at the Main or who had been. You know, we'd
14 recognized the same subjects -- you know, more or less the same
15 subjects throwing stuff at the officers and the -- what was
16 going on and what we saw up to -- prior to me shooting my first
17 less-lethal round was there was a group of protestors at the
18 front of the Main who were protesting -- signs, you know,
19 exercising their First Amendment rights -- but there were
20 agitators coming from underneath the bridge, underneath where
21 we were running out from underneath the bridge closer to the
22 officers and throwing objects and then immediately retreating
23 back under the bridge. So the idea was operating in the
24 spotter and less-lethal tandem was the spotter with the
25 flashlight would flashlight people running from underneath the

1 bridge like, "Hey, watch this guy. Watch him. Watch him."
2 Kind of identifying things like he has something in his hand or
3 he doesn't or whatever the case may be and upon an individual,
4 you know, throwing an item -- because up to that point there's
5 been fireworks, there's been bottles, there's been frozen water
6 bottles. Earlier that day we -- we found that some of the
7 bottles had urine in them, rocks, stones, bricks, whatever the
8 case may be. We would watch people and watch people's hands as
9 they run from underneath the bridge. All right.

10 So while operating in that tandem an officer
11 next to me highlighted this individual who was running from
12 underneath the bridge, threw an item and at that point my
13 direction was direct -- was focused on him as he threw the
14 bottle and that's when I deployed a round and I'm not sure --
15 so I'm listening to my partner. I'm not sure who else shot or
16 if I did anything first or not.

17 Q. Okay. Well, you've been trained in these shotguns,
18 you know what they sound like, right?

19 A. Uh-huh.

20 Q. They're loud?

21 A. Yes.

22 Q. You know what the sound of a shotgun going off and
23 shooting the bean-bag round is, right?

24 A. Yes.

25 Q. Did you hear that prior to you pulling the trigger on

1 your shotgun?

2 A. I can't -- I can't recall three years ago and an ear
3 piece in one ear, my part -- my officer in my other one.

4 Q. That's fine. That's fine. Let me ask you a little
5 bit -- break that down a little bit what you had discussed. So
6 on the overpass your line of vision, right -- you're familiar
7 with that term, your line of vision -- your line of vision is
8 obstructed at the point that anyone is beneath you because you
9 obviously can't see through the overpass, right?

10 A. Yes.

11 Q. You can't see what's going on there, right?

12 A. Uh-huh.

13 Q. So your line of vision and the other officer's line
14 of vision only began when somebody came out from under the
15 underpass, right?

16 A. Yes.

17 Q. Okay. So you didn't have a direct line of sight
18 under the overpass to look at particular individuals, it was
19 only after they had come out from under the overpass. Fair?

20 A. Fair, yes.

21 Q. Okay. What officers had a line of sight on what was
22 happening under the overpass, if any?

23 A. Officers at the -- the Main steps.

24 Q. Okay. And were the officers at the Main steps in
25 communication with the officers in the overpass?

1 A. Yes.

2 Q. But with regard to who to spotlight, why to spotlight
3 them, what was happening?

4 A. Not necessarily that kind of radio traffic. It was
5 more of giving descriptors of people who had already thrown
6 stuff, retreated back under the bridge. The officers at the
7 Main were watching those individuals and kind of prepping
8 officers on the overpass like, "Hey, this guy is wearing --
9 this guy is wearing this, this, this. He's underneath the
10 bridge. It looks like he might do it again. He's at this
11 area."

12 "Okay, I'll watch out for him if he comes back
13 out again."

14 Q. Well, do you recall any of those descriptions in any
15 detail?

16 A. As far as -- these type of descriptions --
17 descriptions are pretty -- pretty vague because the distance
18 from the officer at the Main to underneath the bridge, you
19 know, may or may not be descript of -- as descriptive as we'd
20 like but, you know, general -- and this is the nature of our
21 job where we're giving descriptors of, you know, it's male,
22 black, white male, Hispanic male, white male, Asian male,
23 female, long hair, black hair, whatever the case may be, this
24 shirt, these pants, these shorts, these shoes, right? And the
25 idea is in our profession we could take in those descriptors,

1 maybe see something and only enforce if something was going to
2 happen. Again, we're not going to act in a reactionary measure
3 if the person threw something, went under the bridge and came
4 back out and didn't appear as if he was going to do anything
5 again.

6 Q. Yeah, I mean, I understand the purpose of it, right,
7 and you do have a difficult job. You would agree with me on
8 that, right?

9 A. Uh-huh.

10 Q. But, I mean, I think between lawyers and cops you
11 guys probably take the cake but we're a close second in my
12 opinion. That's just unsolicited testimony. You can strike it
13 from the record if Monte wants to. But I understand the
14 purpose of it, right, but let me ask you this. On a scale of 1
15 to 10 -- you tell me if you don't follow me, okay? And at the
16 1 of the scale is this person is in a red shirt. That's it.
17 And that's the descriptor that's given. You with me?

18 A. Uh-huh.

19 Q. It's very basic -- very basic one detail. On the end
20 of this spectrum it's closer to what you were talking about;
21 white male, early forties, goatee, white shirt with red print,
22 red pants, belt, Nike shoes, holding a sign that says Black
23 Lives Matter. Is that -- so do you understand what I'm doing
24 with this spectrum? I'm going from 1 to 10. One is just,
25 "This person is wearing a red shirt. Watch out, they're going

1 to throw something." And the other is all those descriptors.

2 Where were these descriptions that you and the Henry 600s were
3 getting on that scale from 1 to 10?

4 A. Somewhere around the middle, right around a 5.

5 Q. Do you recall any of those descriptions over -- was
6 it radio?

7 A. All over radio, yes.

8 Q. Okay. Do you recall any specific description over
9 the radio?

10 A. Not at this time, no.

11 Q. Okay. Did you rely on those descriptions exclusively
12 in making your decision on who to shoot?

13 A. No.

14 Q. Okay. What else did you rely on in making the
15 decision who to shoot with -- with your shotgun? You
16 personally, nobody else. I'm just going to talk about you
17 first.

18 A. Just my own personal observations of what someone
19 did.

20 Q. So explain that a little bit more. What do you mean
21 what they did? If they --

22 A. Well, as far as the officers on the Main calling out
23 descriptors, it was more of like, "Hey, just watch this guy in
24 case he wants to do it again."

25 It's not like, "Hey, if this guy comes out,

1 impact him."

2 So with the descriptors I would try and -- you
3 know, I have to pay attention to the crowd but if I saw this
4 gentleman and actually my attention would be more invested in
5 this person to make sure he doesn't do it again. That's what I
6 mean. I take in those descriptors. If I see this person, I
7 would watch him but not necessarily just be, you know, invested
8 in seeking like some kind of retribution or something -- and
9 something of that nature.

10 Q. Sure. Of course. Yeah, we're not -- yeah, we're not
11 saying that at all. So how -- this crowd in front of the
12 police station, let's just say in general the group of people
13 below the overpass that you shot rounds at -- do you know who
14 I'm talking about? Fair enough? That group.

15 A. Say that one more time (simultaneous speaking).

16 Q. No, the first time. Am I -- is it too quiet or is it
17 garbled?

18 A. I just -- I just -- I just maybe I didn't -- yeah.

19 Q. That's on me. I -- it's -- I'm having a bad
20 technology day.

21 But the group of people who are sort of milling
22 around there in front of the police station below the overpass,
23 okay, if we were to define that group of people -- you with me?

24 A. Okay.

25 Q. -- how long had that group been there before you were

1 at the overpass?

2 MR. BARTON: Hang on just a moment, Steve. I
3 hate to interrupt but I think we're going to need to go off the
4 record for 30 seconds because the battery is running out in our
5 computer and I need to figure out how to get it hooked up.

6 MR. DEMIK: Sure. That's perfectly fine. I was
7 going to suggest -- should we take five?

8 MR. BARTON: Yeah, I think that will be perfect.

9 MR. DEMIK: Okay.

10 VIDEO OPERATOR: We're off the video record.
11 It's 11:10.

12 (Recess taken from 11:10 a.m. to 11:19 a.m.)

13 VIDEO OPERATOR: We are back on the video
14 record. The time is 11:19 a.m.

15 Q. (BY MR. DEMIK) Okay, Officer. I'm certainly not
16 accusing anybody of anything but during the break besides
17 getting the power worked out for the computer did you discuss
18 anything with Mr. Barton or anything else about this
19 deposition?

20 A. Yeah, we just went over just what we've already
21 discussed previously.

22 Q. Okay. No, no, I mean, just during the little break
23 we had, the five-minute break, that's all I'm asking about.

24 A. Yeah, what we've discussed here previously prior to
25 the break.

1 Q. Okay. What did you discuss?

2 A. About my actions on the overpass and impacting an
3 individual.

4 Q. Anything specific?

5 A. Not that specifically. Just impacting somebody over
6 the bridge while on the overpass.

7 Q. Okay. So just in the last five minutes what
8 specifically was discussed? What questions and answers were --
9 were given?

10 A. What questions were asked? Well, I was -- I asked
11 Mr. Barton about -- I just wanted to clarify if we were talking
12 about the same individual and how you mentioned I fired what it
13 sounds like multiple rounds when, you know, throughout the
14 course I just want to clarify I only impacted one person, one
15 shot, so I was just kind of curious as to if we were talking
16 about the same individual or not.

17 Q. Sure. That's -- that's -- that's totally fine. So
18 let's talk about that real quick before I go back into what I
19 was asking about.

20 So how many people did you shoot on May 30th,
21 2020, total? And I'm talking about Capitol, overpass,
22 everywhere, that entire shift.

23 A. I'm going to refer to my narrative that I wrote.

24 Q. Sure, go ahead. You can refer to it. No problem.

25 A. So I documented five total less-lethal rounds of

1 deployments but also notated that out of those five only one
2 was at the nighttime overpass.

3 Q. Okay. So does that mean when you were at the
4 overpass you only fired your shotgun one time?

5 A. One time, uh-huh.

6 Q. Okay. Where were the other four?

7 A. That was throughout the course of clearing proper on
8 the highway in the evening time when we first got from the
9 Capitol to the highway.

10 Q. Okay. So the four -- is it -- the four less-lethal
11 deployments, that's shots, right, that's one, two, three, four
12 out of your shotgun?

13 A. Uh-huh.

14 Q. Those happened at the overpass clearing the highway?

15 A. Yes.

16 Q. Okay. From the overpass shooting down into the crowd
17 there was one deployment that hit one person?

18 A. Not into the crowd, at one specific person but, yes.

19 Q. Okay. Fair enough. Fair enough. So from the
20 overpass one deployment, one shot from the shotgun at one
21 person underneath the overpass -- or not underneath but below
22 the overpass?

23 A. Yes.

24 Q. Okay. The other four deployments did you hit people
25 or do you know?

1 A. I documented those four less-lethal rounds were
2 deployed on three different people and they did impact those
3 people.

4 Q. Okay. Four shots (audio distortion.) Right?

5 A. I think you muted when you had your fingers up.

6 Q. Oh, four shots, three people?

7 A. Yes.

8 Q. Okay. What range were those shots on the highway?

9 A. I didn't document the ranges in any of my notations
10 or any of my supplements or texts.

11 Q. Were -- were they less than 25 or more than 25 yards?

12 A. I -- I only remember two -- two of those three
13 deployments distinctly in my memory. One was probably around,
14 you know, 15 to 25 yards and the other that was on the proper
15 after an individual threw an object at me and other officers
16 and then the two rounds on the one subject was at an individual
17 he was at a substantial distance away, you know, 50 yards --
18 50, 60 yards but I was pointed out to him by a supervisor. He
19 was making some type of object. Like he reached into a
20 backpack and making an object to throw at officers so I
21 deployed two rounds at that individual.

22 Q. So let me break those down just so we don't throw
23 them off one basket, we divvy them up.

24 One of the deployments, the first one was 15 to
25 20 yards or 25 yards. You said within 25 yards?

1 A. Uh-huh, yes.

2 Q. An individual threw something at you specifically?

3 A. Uh-huh, yes.

4 Q. What did they throw?

5 A. Like the larger traffic cones.

6 Q. Okay. One of those orange traffic cones?

7 A. Yes. Like more the -- not the big barrels but the
8 taller ones. Probably the ones that are about four feet tall
9 and those are designed to be on a highway. Not necessarily
10 like the janitor ones you see but the -- you know, the taller
11 ones.

12 Q. Made of rubber?

13 A. Yes.

14 Q. Okay. All right. When you -- when you were on the
15 overpass when you made those deployments -- let's just limit it
16 to that deployment. We'll call it the traffic cone individual.
17 Did you have a shield or any other protection or just the mask?

18 A. Just the mask.

19 Q. And did you -- did you deploy -- let me ask you about
20 all these times. These five less-than-lethal deployments on
21 May 30th, 2020, were you wearing the mask? Was the mask up?
22 Was the mask down? How -- what was the position of the mask
23 when you deployed your shotgun?

24 A. Me personally the mask was up.

25 Q. All right. Did you ever take the mask down?

1 A. Not when I had the less-lethal shotgun.

2 Q. So you moved the mask up when you're ready to fire
3 your shotgun?

4 A. Yeah, I left it up most of the time while I was
5 carrying the less lethal.

6 Q. The other individual you said about 75 yards -- I
7 know that I'm -- I'm -- I'm giving you that number, but it's
8 more 25 yards -- that individual who was making something --

9 A. Uh-huh.

10 Q. With me? -- what was he making?

11 A. So at one point -- and I have it notated -- or I
12 believe Sergeant Kwant (phonetic) had it notated in the R2R
13 packet that the officer near me said this gentleman was making
14 a Molotov cocktail.

15 Q. Okay. Was there any verification that was secured
16 that he was making a Molotov cocktail? And, again, I'm not
17 turning it into a murder case but I'm saying you saw somebody,
18 it looked like they were making something. Your supervisor
19 told you to impact them and you did, right?

20 A. A supervisor. I'm not sure -- it wasn't mine
21 specifically. We're all -- we worked with a shift at that time
22 on 35. We were all spread apart, you know. But a supervisor
23 pointed this individual out. I was able to get -- get eyes on
24 him, saw the same thing where he was in a backpack in and out
25 making something with like a bottle, maybe a rag. I deployed

1 rounds at that individual and at that point they ran. They ran
2 off. They didn't -- I obviously didn't see him again.

3 Q. Okay. Did the supervisor tell you to fire or what
4 did the supervisor say, right? Because that -- that could
5 happen two ways. One is the supervisor could say, "That
6 individual there making a Molotov cocktail, impact him." And
7 the other is like, "Hey, I just want you to know that guy is
8 there. Do what you want to do." Which one was it?

9 A. It was more of a hey that guy looks likes he's --
10 watch out for that guy. Watch him. Because at that point more
11 of the same and we kind of all developed this like spotters and
12 less lethals because at this point in this line only people
13 that can really use force were the officers with less-lethal
14 shotguns because we learned real quick that people -- officers
15 who didn't have less-lethal shotguns who tried to take action
16 and go into the crowd would get surrounded by crowds forcing
17 issues that didn't need to happen. So the spotter -- the
18 spotter on Talley is like, "Watch that guy." I told most
19 people, "Hey, watch that guy." And, again, whereas the police
20 don't have to make that second call if they're going to impact
21 somebody or not.

22 Q. Okay. All right. Because -- because I did -- I sort
23 of want to focus on what your level of discretion is as a line
24 officer or a patrol officer in these situations. So in this
25 situation on May 30th, 2020, what I'm hearing you say is that

1 you had spotters, you had supervisors also pointing people out
2 but your level of discretion was whether you chose to shoot
3 somebody or not. That was your level of discretion. Nobody --
4 you didn't have to turn over to the supervisor and say, "Hey,
5 can I shoot this guy?" You had the green light from the moment
6 you came out of the van to impact people if you wanted to,
7 right?

8 A. If I felt it necessary, yes. It was necessary, yes.

9 Q. If it was necessary and your decision?

10 A. Yes.

11 Q. Okay. Now, the higher level of discretion where
12 you're deployed, right, at the overpass, in the highway, on the
13 off streets, that's not in your discretion. You have to follow
14 the orders where they place you, right?

15 A. Were you asking me if I had discretion on where I
16 went? Is that --

17 Q. General areas. So, for example, when you dropped at
18 the overpass at nighttime looking down off the crowd, that's an
19 order that you take. They tell you to go to that overpass and
20 position yourself there, right?

21 A. Yes.

22 Q. I'm just -- I know it's silly but I want the jury to
23 understand what your level of decision is and then at what
24 level you have to take orders because you do have to take
25 orders from your superiors, right?

1 A. Uh-huh.

2 Q. And if they tell you to go to the overpass, then
3 that's where you have to position yourself, right?

4 A. Yeah, in short I go where I'm told and enforce where
5 I can.

6 Q. Right. And you have this -- this sliver of
7 discretion or decision making that you have whether to fire the
8 shotgun or not. That's your discretion, that's your call once
9 you get the green light that you can fire, right?

10 A. Yes.

11 Q. Okay. All right. Let me come back before we took a
12 break. How long was this crowd milling around the street below
13 the overpass?

14 A. Since -- since we were called to the 35 from the
15 Capitol in the middle of the afternoon to the late morning.
16 Usually the protests will kind of die down 3:00 -- 3:00, 4:00
17 in the morning.

18 Q. So about what time did you shoot your shotgun from
19 the overpass?

20 A. Night -- nighttime. Like, you know, 8:30, nine
21 o'clock -- nine o'clock-ish. I'm not sure when we actually
22 went up there. I don't know the exact time. I mean, 9:00 to
23 midnight. I'm just not sure of the time.

24 Q. Okay. Well, you said before that you thought you
25 went to the overpass about 8:00 or 8:30, sometime at night,

1 right? How long were you on the overpass before you fired your
2 shotgun?

3 A. Yeah, I don't -- I don't recall how long I was up
4 there.

5 Q. Did you -- did you fire it at midnight?

6 A. Yeah, I mean, it's -- it's definitely easier for me
7 to say that losing track of time was very -- it just happened
8 down there because you're standing at -- standing at a spot for
9 who knows how long and you go to the next spot and you stand
10 there. You're just, you know, hypervigilant watching people.
11 There's not really a time -- there wasn't really much time for
12 me to stop, take out my phone, look at my time or look at my
13 watch or anything like that. So I know for sure it was
14 nighttime. It was dark. Nighttime May, June time usually
15 sunset. Nighttime is 30 minutes after sunset. You know, May
16 time sunsets around 8:20, 8:30. So 30 minutes after that it
17 would be dark. And as far as me knowing how long I was on that
18 bridge, I -- I can't recall.

19 Q. Okay. Well -- and I understand you don't -- you
20 don't want to give an answer that's incorrect. I understand
21 that. But my question was you fired one shot from the overpass
22 down into the crowd, correct?

23 A. At a -- at one individual.

24 Q. At one individual. That's fine, we can make that.
25 You fired one shot from the overpass down at one individual

1 while you were on the overpass, right?

2 A. Yes.

3 Q. You didn't fire four times up there, you fired one
4 time up there, right?

5 A. Yes.

6 Q. Okay. Now, I just sort of want it to best of your
7 ability box it in, right? I'm not asking I fired at 8:27 p.m.
8 or I fired at 9:17 p.m. but from what you're saying it sounds
9 to me like it was after sunset so it's after 8:30 but it was
10 before midnight, right, but it even sounds like before
11 10:00 p.m. So you could probably say it was between 8:30 and
12 10:00 p.m. Is that -- is that fair? Again, I'm not asking for
13 8:27 or 9:17 but I am looking for a range of time.

14 A. Yeah, I -- I think that would be fair, 8:30 to
15 10:00 p.m., 10:30-ish.

16 Q. Okay, between 8:30 and 10:00?

17 A. Yeah.

18 Q. All right. So about what time did you get to the --
19 down from the State Capitol when you cleared the highway which
20 you said took 10 to 20 minutes, right, was it still light out?
21 At what point do you remember -- where were you when it got
22 dark at 8:00 to 8:30?

23 A. I believe -- I mean, from the time -- you know, as
24 far as my recollection is the sequence of events, right,
25 clearing the highway, now I'm on the embankment on the

1 northbound side looking at the northbound service road and
2 then, you know, someone replaces us. Then we go to the
3 southbound service road embankment kind of looking at the Main
4 and then we rotate to 250, our parking corridors across the
5 street from the Main, and we're getting water and sitting down
6 for some times. Back on the embankment. Just kind of rotate
7 everywhere until it kind of -- the protest starts getting, you
8 know, rowdy and objects are being thrown. Nighttime is when
9 we're directed to go up to the overpass.

10 Q. So did you get any information at the time you go to
11 the overpass how long that crowd had been milling in front of
12 the police department?

13 A. It -- I mean, they had been there since we got on 35.
14 There's -- you know, there's -- throughout the protest there's
15 been a constant crowd in front of the Main protesting the
16 entire time.

17 Q. Okay. Did you get any briefing information
18 intelligence on who this crowd was and how long -- let me break
19 it down.

20 How long it had been there in front of the
21 police department? Did you get any debriefing intel
22 information from anybody on the police force?

23 A. As far as I know, the crowd had been there since the
24 29th. There's been a small crowd there May -- the night of May
25 29th because I remember I was working patrol the night before

1 and we had to pull officers from a crash that I was working and
2 they had to go to the Main to help out.

3 Q. To the main police station?

4 A. Yes, on the 29th. So as far as I know there was a
5 crowd there on the 29th. That's where it started.

6 Q. And were you there on the 29th?

7 A. No.

8 Q. Okay. You just knew that other officers had been
9 told to go there?

10 A. Yes.

11 Q. Why didn't you go? Because you were working the
12 crash or what?

13 A. Yeah, it was -- it was a rough crash so I had to go
14 home.

15 Q. Okay. All right. So on the 30th, okay, when -- when
16 they order you to the overpass to position yourself at the
17 overpass looking down on the crowd, did you have any
18 information about how that -- how long that specific crowd had
19 been in front of the police station?

20 A. As far as like the crowd, I have like no -- like no
21 specific information or intelligence to tell you that was the
22 same people there in front of the main police station from the
23 29th to the 30th. I assume it's just a constant rotation of
24 people wanting to join the protest.

25 Q. Okay. Well, as a police officer, there's -- there's

1 a concept called briefing, right?

2 A. Uh-huh.

3 Q. And so before you're sent on a specific task or job
4 oftentimes you'll be given a briefing, correct?

5 A. Correct.

6 Q. And that will be a sergeant or a supervisor or
7 someone will say, "Listen, guys. Here's the information you
8 need. This is what our objective is. This is the rules of
9 engagement." All those things happen in the briefing, right?

10 A. Correct.

11 Q. Did you get any briefings before you came to the
12 overpass?

13 A. Nighttime or Capitol?

14 Q. Nighttime.

15 A. Nighttime.

16 Q. Thank you for clarifying.

17 A. Yeah, so I believe we were down at 250 and we were
18 directed by our supervisor, "Hey, the officers at the Main are
19 getting hit with stuff. If you're near the bridge, we need
20 officers up there now. That's going to be us. Let's go."

21 Q. And why did they tell you they needed officers up
22 above for this crowd in front of the police station?

23 A. From what I recall we were told that they -- officers
24 at the Main were getting hit with objects. You know, rocks,
25 bottles. You know, there's fireworks going off, that type of

1 stuff. And most of the agitators were too far away from
2 officers at the Main to deploy and go grab them because
3 George -- the George officers -- downtown officers, they have
4 more training, kind of mobile field force and like
5 group-arresting tactics. So what they're used to is they're at
6 the Main, they'll develop a plan, and they have a line set up
7 at the Main steps. All right, they'll develop a plan. They'll
8 send five, six officers out into the crowd, grab somebody, you
9 know, pull them back to the Main. But the agitators, right --
10 you have the protestors in front of the Main protest which is
11 fine but the agitators would be behind that group throwing
12 stuff over making it very difficult for the officers at the
13 Main to go and grab them. So to deter and keep that coverage
14 and to keep those agitators away we were told to go to the
15 overpass to kind of, you know, help those officers and protect
16 them from the people running from under the overpass throwing
17 objects and running back further away.

18 Q. Okay. But did you receive any briefings as far as
19 who this crowd was, how long they had been there, who's in the
20 crowd?

21 A. From what I remember seeing, there was too many
22 people to put different descriptors out for all those types of
23 people.

24 Q. Okay. So -- so, no, you did not have a formal
25 briefing where they briefed you on this crowd?

1 A. No, just other than what we were -- where we were
2 going and why we were needed there.

3 Q. And -- and if I can give it back, and you correct me
4 if I'm wrong, but where you were going and why you were going
5 there, you were -- where you were going is they told you to go
6 to the overpass overlooking the crowd and why you were going
7 there was to provide cover or protection for the officers at
8 the police station, right?

9 A. Yes.

10 Q. Okay. So that that was where you were going and why
11 you were going there?

12 A. Yes.

13 Q. Okay. All right. Let me ask you just generally
14 about your experience in -- in deployments, I guess. You know,
15 not -- well, do you have any military experience, Officer?

16 A. No.

17 Q. Okay. So good. So then "deployment" meaning --
18 "deployment" is a fancy word for shooting, right? Deployment
19 of less-than-lethal rounds, deployment of firearms, deployment
20 of service weapons, that -- that means shooting, right?

21 A. So different from what we were trained in the academy
22 less-lethal shotgun and it's -- and I don't want to give you
23 the wrong information. This is just me and I'm no firearms
24 expert but from what I remember in the academy that the
25 less-lethal shotgun they use the term "deploying" instead of

1 "shooting" because it's not a firearm. It's less-lethal means,
2 it's a bean bag.

3 Q. Okay. Yeah, I'm (simultaneous speaking) -- sorry, go
4 ahead.

5 A. And that's why I refer to, you know, deploying a
6 less-lethal shotgun as opposed to shooting it because that's
7 what we were taught to -- that's how we were taught to phrase,
8 you know, that type of language.

9 Q. Okay. Sure, I understand that. And, again, I
10 understand your different terminology but what you're saying is
11 the terminology that we're taught to use is deploying a
12 less-lethal shotgun and then discharging a firearm there's a
13 difference there because less -- less-than lethal we call it
14 deployment instead of shooting and firearm we call it
15 discharging instead of firing. Fair enough? I mean, I'm --
16 I'm not asking you to go through the police manual. I'm just
17 saying that's the distinction that you're taught in the police
18 force, right?

19 A. Uh-huh.

20 Q. Okay. You've been with the police department now --
21 well, up until May 2020 -- I don't -- I don't need to talk
22 about stuff after 2020 because it's -- you know, we're just
23 going from the time you started up to 2020 so that was about
24 three years as a police officer, give or take?

25 A. Three years with the City. We -- we like to just --

1 just count our street time so December of 2017.

2 Q. Okay. Okay. More like three years? The academy is
3 2016 and then we're moving up to May 2020, more like three
4 years you're a police officer. How many times have you either
5 discharged -- let me -- let me start there. How many times
6 have you discharged a firearm during your time in the police
7 department?

8 A. Never.

9 Q. Okay. So you've never fired your service weapon.
10 And then on May 20th you deployed the less-lethal shotgun five
11 times. Besides that, besides the five times in 2020 -- and I'm
12 talking about patrol related, I'm not talking about training,
13 okay, if that makes sense -- how many times discharged -- or
14 excuse me, excuse me, deployed less-lethal shotgun besides
15 these five times on May -- on May 30th, 2020? How many times
16 have you done that during your time with the police department?

17 A. About eight or nine times or -- not including the
18 five, correct?

19 Q. We're just -- yeah, not including the five. From the
20 time you started as a police officer to May 30th, 2020.

21 A. Okay. Zero times before that.

22 Q. Okay. So zero times. So on May 30th, 2020, if I
23 understand you correctly, that was the first time in the line
24 of duty that you shot a less-than-lethal shotgun?

25 A. Yes.

1 Q. Okay. Did you receive any training about inspecting
2 the less-lethal shotguns when you check them out?

3 A. As far as like servicing the shotguns or cleaning
4 them?

5 Q. More -- more or less. What I'm asking is -- maybe I
6 can help -- maybe I can help sort of focus it this way. So you
7 received training and a yearly certification -- or a yearly
8 test on the less-lethal shotguns, right, in firing them and --
9 and, you know, the -- I guess can we call it an accuracy test?

10 A. Yes. Proficiency/accuracy.

11 Q. Sorry?

12 A. Proficiency or accuracy.

13 Q. Proficiency or accuracy. Any part of your training
14 or certification with these shotguns about inspecting them,
15 right, like servicing them I think is the term you used and
16 that's kind of what I'm asking is servicing it, how it works,
17 what the parts are, what -- you know, inspecting it, right, to
18 make sure it's in working order, things like that. Any part of
19 your training and certification to deal with that?

20 A. In the academy, yes.

21 Q. Okay. Can you tell me about that training?

22 A. It's -- it's been awhile. You know, it's just we --
23 there's lectures and Power Points that went over the
24 functionality of less-lethal shotguns, yeah, I guess the parts,
25 the slides, how it works, the bean bags that are used to put

1 into the less-lethal shotguns. You know, and it's a -- it's --
2 they're cleaned and maintained the same way as shotguns --
3 shotguns are.

4 Q. Okay. Let me ask you a question and you answered my
5 question. Thank you. The bean bags, do you load those into
6 the shotgun individually before you fire? So, for example, on
7 May 30th, 2020, you fired it five times. Do you have to reload
8 it after every shot? How does that work?

9 A. So it has the capability of holding four rounds
10 without one being in the chamber so it's capable of five total
11 if you have one in the -- in the chamber ready to go. But
12 other than that you could have four in there and whenever
13 you're ready you can slide a round -- or you can, you know,
14 pump a round into it to get it, you know, ready to deploy.

15 Q. So does that mean on May 30th, 2020, you had shot it
16 four times I think at the overpass -- excuse me, four times on
17 the highway and then one time on the overpass. Does that mean
18 you had to reload it in between those two?

19 A. Yes.

20 Q. And what -- what does reloading look like? What do
21 you do? Where do you have the bean bags? Where do you get
22 them?

23 A. So our supervisors had rounds and any time -- or
24 pretty much it was just keeping your pockets full. You have to
25 have my rounds in my cargo pants pocket and any time I needed

1 to reload, you know, put my less-than shotgun on safety and
2 insert rounds into the tubing.

3 Q. Okay. So between the time that you had fired it four
4 times in the overpass you had to do that, right? You took the
5 bean bag out of your cargo pocket and you loaded -- did you
6 load four rounds in it?

7 A. I loaded them until I -- until it was full.

8 Q. Okay. So four?

9 A. Yes.

10 Q. Okay. Do you recall when you reloaded the shotgun?

11 A. If there was -- if there was a break, I would
12 reload -- I probably -- possibly more than likely reloaded
13 every time I deployed a round.

14 Q. Okay. So you'd fire it once and then you'd take
15 another bean bag and put it in there and so now instead of
16 having three you have four? You have a full chamber?

17 A. Yes.

18 Q. And so to your recollection then you probably
19 reloaded four times?

20 A. More than likely, yes.

21 Q. Okay. All right. And is there any kind of
22 notification or permission that you need to get when you
23 reload? So what I'm asking you is that after you've fired the
24 shotgun, do you have to tell anybody, "Hey, I'm reloading"?

25 A. There were -- there were times where you would let

1 another officer near you also on a less lethal like, "Hey, I'm
2 reloading," to kind of pick up the area that you were watching
3 because everything was so dynamic that any second you could
4 have something thrown at you that person could be right in
5 front of you or at a distance where maybe a deployment would be
6 applicable or practicable so obviously if you were loading you
7 can't deploy and you just let someone around you know like,
8 "Hey, I'm going to back up, reload real quick," because it
9 takes time to manipulate until you get your rounds in there.

10 Q. So you would mention to somebody that you're
11 reloading so that they could cover you if something happens,
12 right?

13 A. Yes.

14 Q. But -- but my question is do you have to get any kind
15 of approval or go to a sergeant or go to somebody in line and
16 say, "Hey, listen, I want to let you know I'm reloading. I've
17 discharged, you know, two times, three times, whatever"? Is
18 that any protocol that you follow?

19 A. No.

20 Q. And how many bean bags are you given? So on May 30th
21 how many do they give you? You know, are your cargo pants like
22 ten rounds or how -- what do they give you?

23 A. As far -- they're full as far as I remember. You
24 know, as many rounds you can probably fit in a regular cargo
25 pants pocket and 10 -- 10 to 15 of those bean bags.

1 Q. Okay. So you had about 10 to 15 rounds?

2 A. Yes.

3 Q. So do you receive any training about inspecting the
4 rounds to see if they're functional, if they're expired, if
5 they're defective, any of that?

6 A. Not that I recall.

7 Q. And how big are these bean-bag rounds? Can you
8 estimate? And we'll put on the record with some kind of
9 estimation but just show us how big these rounds are?

10 A. As far as the tubing they're in or actual bean bags?

11 Q. Both.

12 A. The tubing I would estimate to be about like three
13 inches, like one inch in diameter, and the bean bag once it's
14 deployed is about, you know, two inches in diameter. That's
15 the ball. Small two-inch sphere.

16 Q. And, you know, these bean bags, they -- they can hurt
17 people obviously, right?

18 A. Yes.

19 Q. If they hit certain parts of the body, there can be
20 very serious injuries, right?

21 A. Yes.

22 Q. And, you know, they're less than lethal but that
23 doesn't mean that they can't cause serious bodily injury,
24 correct?

25 A. Correct.

1 Q. So you had mentioned a spotlight or a flashlight
2 somehow that officers from the overpass were pointing at
3 particular individuals. Was that a -- was it a hand-held
4 flashlight? Was it like a spotlight on a patrol vehicle? What
5 was it?

6 A. Hand-held flashlights.

7 Q. Hand-held flashlight. And who was doing that?
8 People who didn't have the shotguns?

9 A. Yes.

10 Q. Okay. How many people were holding flashlights to
11 your recollection and pointing them down onto the crowd?

12 A. As many people as were less-lethal shotguns and I
13 can't remember on our shift. I think on our shift up there at
14 least my shift of 14 probably at least five of us had less
15 lethals to my best guess.

16 Q. Okay. What about in front of the police station? Do
17 you have any idea how many less-than-lethal shotguns they had?

18 A. At the officers at the Main?

19 Q. Yes, sir.

20 A. I don't know. I have no idea.

21 Q. But you were aware they had them, right?

22 A. I was -- I would assume they had them.

23 Q. Did -- did anybody brief you and tell you that the
24 officers at Main had the shotguns?

25 A. No. No, sir. That was mostly -- I didn't have any

1 interaction with those guys at the Main because those are
2 mostly the George -- the downtown officers and at no point
3 during those first two days did I go into the Main or interact
4 with those officers over there.

5 Q. Okay. But they were on radio -- constant radio
6 contact with you officers at the overpass, right?

7 A. Uh-huh, yes.

8 Q. And so were you made aware at any point that they had
9 shotguns, too?

10 A. No, that's not necessarily something that we would
11 radio to each other.

12 Q. So was it fashioned then that the officers at Main
13 were relying on the officers at overpass to utilize their
14 shotguns?

15 A. Yes.

16 Q. Okay. So did you have knowledge that the officers at
17 Main also had shotguns or -- well, let me ask it that way. Do
18 you have any information that they had shotguns?

19 A. I can only assume. I'm not sure of the resources
20 they had. I know they're available to them but I'm not sure
21 what they had on the steps with them.

22 Q. Okay. But it would be safe to assume if they're
23 protecting the main police station in Austin that they have
24 some means to deter the crowd or push the crowd away, right?

25 A. Yes.

1 Q. When -- when officers were shining the flashlights on
2 particular individuals, were they encouraging other officers to
3 fire at them?

4 A. No. The -- the communication -- the whole idea was
5 to spot individuals who we thought posed a threat to other
6 officers, right? So the idea is the flashlights -- because
7 obviously I'm -- I'm watching the crowd as well, not only
8 relying on my spotter at that time I'm watching the crowd as
9 well. He's watching the crowd and the idea is we communicate
10 like, "Hey, I think I see someone. Watch them." And then I
11 would direct my attention to that person, right, with the
12 flashlight on them and it wasn't a whole bunch -- the
13 flashlights aren't constantly on. We -- they turned them on at
14 specific moments at specific people so there's no confusion
15 about who we're talking about.

16 Q. Do you recall anyone saying -- saying something to
17 the effect of, "Go after the guy in the red shirt" when they
18 flashed a spotlight on him?

19 A. No, I don't recall that.

20 Q. Was the -- was the idea of shining the flashlight to
21 assist the officer shooting the shotguns?

22 A. Yes, to direct -- direct their less-lethal officers
23 to that person. Kind of a pay attention and watch this guy.

24 Q. Okay. And -- and was it in any way intended to help
25 get them visibility to -- to shoot that person? So, in other

1 words, to get them a better view when they fired the shotgun?

2 A. It was more an idea so there would be no confusion
3 about who we're talking about.

4 Q. And -- and in an effort to prevent confusion they
5 used hand-held flashlights?

6 A. Yes.

7 Q. So the idea of bean-bag rounds and less-than-lethal
8 shotguns is -- is a deterrent, right? I mean, this is what
9 you're trained in. You don't want to kill somebody, right?

10 A. Yes.

11 Q. But you want to deter them. You want -- you want a
12 crowd to disperse, you want an individual to -- to flee a
13 certain area. That's the reason why you use these shotguns,
14 right?

15 A. Correct.

16 Q. And the idea is that if you shoot somebody with a
17 shotgun, they're going to run the other direction or -- or in
18 some sense be subdued to go away from you, right?

19 A. Yeah, or stop their immediate action.

20 Q. Okay. And so if an individual is, for example,
21 crouched in a fetal position on the ground, okay, is that an
22 instance in which you would impact them with a less-than-lethal
23 shotgun?

24 MR. BARTON: Object to the form.

25 Q. (BY MR. DEMIK) That's fine. You -- you can answer.

1 MR. BARTON: You can go ahead and answer.

2 THE WITNESS: No.

3 Q. (BY MR. DEMIK) And the idea is to shoot the
4 less-than-lethal shotgun the least amount of times so you give
5 the individual the idea but you don't just try and hurt them,
6 right?

7 A. I'm sorry, say that one more time?

8 Q. Sure. And let me get closer to my telephone.

9 The idea and what you're trained in is that you
10 shoot them only the number of times that it takes, right, to
11 deter them. I mean, you don't -- you don't keep shooting them
12 to inflict pain, correct?

13 A. Correct.

14 Q. And so if you shoot an individual one time and they
15 flee, you're not supposed to shoot them again, are you?

16 A. No. In -- in most circumstances, no.

17 Q. Okay. What circumstances would you do that, would
18 you shoot someone again after you shot them once and they had
19 complied?

20 A. And they hadn't complied or --

21 Q. They had complied.

22 A. Well, it wasn't necessarily -- I -- to be specific
23 and to flush it out, sometimes I work with a specific unit, the
24 Violent Crime Task Force, in which we apprehend -- we try and
25 apprehend, you know, people who commit serious violent

1 offenses. That point when we're trying to, you know, inflict
2 an arrest and I've done it before where I've deployed a
3 less-lethal shotgun multiple times from a fleeing subject
4 knowing that he's a danger to the community. So that's a
5 specific circumstance where I'm deploying multiple rounds for a
6 fleeing suspect.

7 Q. Well, but you've never done that, right, because the
8 only time up until May 2020 -- and, again, maybe it's a timing
9 thing, maybe it's that -- but from the time you started the
10 police academy in May 2017 to May 30th, 2020, you hadn't done
11 that, right?

12 A. Yeah, up to that point but after the fact you
13 mentioned that I wouldn't impact some -- a fleeing subject but
14 I have in my career. It's just a specific circumstance where
15 you could impact a fleeing subject multiple times. It just
16 depends.

17 Q. Okay. Did you have any information or knowledge of
18 anybody in that situation in this crowd in front of the main
19 police station on May 30th, 2020?

20 A. I think I covered you up on the first part of that.

21 Q. Sure. Did you have any information or knowledge that
22 anyone in the crowd in front of the main police station on May
23 30th, 2020, was one of those individuals that you had just
24 described?

25 A. No, not to my recollection.

1 Q. Well, is -- is that something you would note?

2 A. Would note?

3 Q. Yes. Would you put that in a report? You said
4 somebody who is a danger to the community, fleeing, serious
5 felony offense, that's something you would write a report on,
6 right?

7 A. Yes.

8 Q. You did not write one of those reports pertaining to
9 May 30th, 2020, did you?

10 A. No, I did not, no.

11 Q. Were -- did you have any e-mails or electronic
12 communications with regards to this event on May 30th, 2020?
13 I'm talking about e-mails to fellow officers, I'm talking about
14 e-mail communication -- electronic communications with
15 supervisors, sergeants or anyone else.

16 A. No.

17 Q. Did you have any information on what you were heading
18 into? Okay, so on May 30th -- I think you said you worked on
19 May 29th and you investigated a pretty serious crash. What --
20 what was that? Can you tell me a little bit about that? And,
21 again, I'm not -- that's not this case but I just want for
22 context what was that crash? Was it like on the highway? Was
23 it a truck? What was it?

24 A. It was a fatality crash with a couple of kids.

25 Q. Oh, geez, I'm sorry. A pretty serious event. Where

1 did it happen?

2 A. At east State Highway 71 and 130 out past the
3 airport.

4 Q. Is that -- is that on the highway?

5 A. Yeah, the service roads but, yeah, the highway.

6 Q. Okay. So that was on May 29th and I imagine you
7 remember that pretty vividly because it was serious?

8 A. Yes.

9 Q. And a very -- a very difficult part of your job to
10 have to deal with those things, I imagine?

11 A. Uh-huh.

12 Q. So on May 29th you went home. And then the middle of
13 the afternoon on May 30th you started the shift what -- what
14 we're talking about in this case. I guess in general -- in a
15 general manner I'm asking you did you have any information --
16 did anybody tell you what you were going to walk into on the
17 30th? Did you have any idea?

18 A. From what I remember, the night of May 29th it
19 wasn't -- it was not that large of a crowd. It was a smaller
20 crowd protesting. I think what -- what really kind of enhanced
21 the shock factor was like officers on the 29th -- officers from
22 citywide evening shifts were told to hold over, to work longer
23 after the end of their shift to go down to Main to help and
24 that was a misuse of resources. They didn't need that many
25 officers on May -- on May 29th. So when I got to work the next

1 day, they're like, "Last night it was just -- it was kind of
2 calm. It wasn't that craz -- it wasn't crazy at all. I don't
3 know why we were there." And then May 30th, yeah, happened.

4 Q. I think I understand what you're saying and I think
5 it happens in some context is that officers were given -- to
6 your knowledge -- this is only your knowledge. I'm not asking
7 you to testify as Chief of Police or anything of that but to
8 your knowledge, Officer, people had been called in to work,
9 forced to work on the 29th and things were rather calm?

10 A. Yes.

11 Q. More or less. And -- and so what that sort of was
12 was a miscalibration, and I understand you can't predict what's
13 going to happen, but then on the 30th it was much more active,
14 it needed much more personnel, much more attention to police
15 officers than on the 29th, right?

16 A. Yes.

17 Q. But -- but on the 29th, you know, a lot of these are
18 the same officers. They had to work on the 29th and so I don't
19 know what you call that. When I was waiting tables we call it
20 like working a triple or something. What -- what is that
21 called in the police force?

22 A. Where officers are --

23 Q. Have to work like extended hours, like pretty serious
24 hours. Twelve-hour shifts and the emergency protocol that you
25 talked about that --

1 A. Yeah, we have -- we still have to -- I think for the
2 most part departments still have to adhere to the policy that
3 an officer can only work 16 hours within a 24-hour period. But
4 as far as like mandatory -- we call it holding over, mandatory
5 when your shift ends so let's just say, for example, we were
6 the 4:00 -- 4:00-p.m.-to-2:00-a.m. shift. When our shift ended
7 at 2:00, the department is like, "Hey, mandatory holdover.
8 Anybody that -- you know, all these evening shifts that are
9 about to go off? Y'all go to the Main until further notice."
10 That's what you call it.

11 Q. Right. And that had happened to quite a few officers
12 from the 29th to the 30th?

13 A. Yes.

14 Q. Now, getting back to it -- and I understand the 29th,
15 you know, you had some anecdotal information but going into the
16 30th did anybody from the police department, you specifically,
17 sort of prepare you for, "Hey, it's a lot -- it's a lot rougher
18 or a lot more people or whatever the extenuating circumstances
19 are on the 30th as compared to the 29th"? Does that make
20 sense? Does that question make sense?

21 A. Yeah, it makes sense but, no, there was -- there was
22 no information like given out to like, "Hey, be prepared, it's
23 going to get rowdy out there." I mean, even at the Capitol it
24 wasn't. For me personally this being my first time being
25 involved in a situation like this me personally it just -- it

1 wasn't eye opening at the Capitol until we got to 35 and at
2 that point it -- it seemed out of control.

3 Q. From the Capitol to the police station?

4 A. On the 30th, yes.

5 Q. Okay. Now, at the time -- let me ask you just two
6 follow-up questions to that.

7 At the time you were at the overpass, right, and
8 your body-worn camera is on and you're there with your shotgun
9 and the -- the other officers are sort of on that line going up
10 and down on the -- on the overpass on the highway, would you
11 describe the crowd at the bottom as out of control?

12 A. I'm sorry, we're talking about daytime or nighttime?

13 Q. Nighttime.

14 A. Nighttime? I would honestly describe the crowd at
15 the front steps at Main as more -- just more of actual
16 protestors. Signs, chants, young screaming. But it was the
17 members underneath the bridge and like the in between in kind
18 of the no man's land that were the agitators that were just out
19 of control. You know, cars being set on fire, mattresses being
20 set on fire, fireworks, rocks, stones, sticks, bottles, all
21 that kind of stuff.

22 Q. On May 30th, 2020, were there any cars set on fire?

23 A. Yes.

24 Q. At the police station?

25 A. Underneath the bridge right where we were standing.

1 We -- it was getting to the point where we were inhaling smoke
2 and had to move a little bit further north on the proper away
3 from the smoke.

4 Q. Okay. What kind -- would that -- well, that must
5 have been during the daytime, right, because then at the night
6 is on the overpass?

7 A. Yeah, it was nighttime we were called the cars were
8 set on fire.

9 Q. Okay. What kind of car was it?

10 A. Sedan if I remember right.

11 Q. And where was it located?

12 A. It was located underneath the overpass or right
13 underneath the overpass I think -- I believe on 7th Street.

14 Q. And was the fire department called?

15 A. Yes.

16 Q. And what did they do?

17 A. They had to wait for us to escort them up there. For
18 officers, not us, but officers to come from the Main, they had
19 to, you know, generate a plan, come out with probably 20
20 officers and then walk the fire department to the car so the
21 protestors wouldn't surround them and, you know, at that point
22 we had to kind of move over as the over watch into the smoke
23 just to provide coverage for those officers and the fire
24 department.

25 Q. About what time was that?

1 A. Ten o'clock-ish to midnight-ish I would guess.

2 Q. Was that before or after you had fired your shotgun
3 from the overpass?

4 A. I believe that was after.

5 Q. So let's -- let's talk about before you fired your
6 shotgun. So that's good, you're sort of making
7 distinguishments in time and that's good. It helps us be more
8 accurate. But from the time you went to the overpass until the
9 time you fired your shotgun, right, would you describe that
10 crowd as out of control?

11 A. Partially, yes.

12 Q. What does "partially" mean?

13 A. And it wasn't everybody. Not everybody out there was
14 in riotous behavior. There -- there were just, you know, a
15 good amount -- a good amount of agitators that, you know,
16 turned the protest into, you know, more a rioting and looting
17 type of situation.

18 Q. Would you characterize that crowd in front of the
19 police department up until the time you fired your shotgun as a
20 riot?

21 A. The crowd directly in front of the officers in the
22 Main? No, I wouldn't categorize them as a riot, no.

23 Q. Okay. Was there a riot happening -- from the time
24 you went to the overpass until the time you had fired the
25 shotgun, would you characterize any area as a riot in that

1 vicinity? I'm not talking about suburbs or something like
2 that, I'm talking about in that vicinity, was there a riot
3 going on?

4 A. Yeah, a handful of -- you know, obviously there's
5 definitely more than three people engaging in riotous behavior
6 so, yes.

7 Q. So there was no riot in front of the police station
8 but there was a riot behind the protestors at the police
9 station?

10 A. Yes.

11 Q. Okay. You've mentioned this term a few times,
12 "agitator." What is an agitator?

13 A. So the idea of a protest is, you know, to get -- you
14 know, get a point sent to -- you know, send your message --
15 First Amendment rights -- First Amendment rights and we all
16 understand what was going on at that time. Yeah, like there's
17 -- there's no argument from me about what wrong was done during
18 that time, right? But the people -- agitators -- agitators I
19 described is the people that are just literally destroying the
20 message just wanting to see and create mayhem which includes,
21 you know, obviously the fireworks, cars setting on fire,
22 mattresses set on fire. You know, a gentleman was apprehending
23 later that night after making a Molotov cocktail right near the
24 Main. Just those certain people.

25 Q. Okay. That's not the individual on the overpass that

1 you shot with the shotgun who was making the Molotov cocktail,
2 you're talking about a different one?

3 A. Yes.

4 Q. Okay. The individual on the overpass, again, did
5 anybody confirm that he was making a Molotov cocktail? Did
6 anybody go seize his bag and find gasoline and lighters and any
7 of that?

8 A. The daytime one, no. The nighttime one, yes.

9 Q. Okay. And nighttime after you shot your shotgun?

10 A. I believe so, yes.

11 Q. What does an agitator look like?

12 A. There's -- there's no specific look as far -- the
13 looks aren't anything. It's actions of somebody.

14 Q. Okay. What does a protestor look like?

15 A. Again, it's not necessarily looks, it's just the
16 actions.

17 Q. Okay. So somebody who is an agitator could look like
18 a protestor?

19 A. Yeah. Yes.

20 Q. And somebody who is a protestor could look like an
21 agitator?

22 A. It's sort of racist. Again, it's nothing to do with
23 looks. It's just all about actions.

24 Q. So -- and that's what I'm sort of asking is if it
25 doesn't have anything to do with looks, then how do you tell

1 who is an agitator and a protestor in a group of 100 people in
2 front of you? It must be very difficult, right?

3 A. No, not necessarily. I mean, just whoever is trying
4 to inflict injury on someone else, you know, or, you know --
5 and I use -- you know, I want to use it loosely but, you know,
6 whoever like disrupts the peace, right? The fact that they're
7 protesting and trying to get their message across whether it be
8 yelling or talking, screaming through megaphones, blow horns,
9 whatever the case, it's all fine until fires are set, fireworks
10 are thrown into crowds, bottles, rocks are being thrown. At
11 that point I can distinguish a person who's, you know, talking,
12 getting a message across, I can differentiate that person from
13 someone who is, you know, engaged in that kind of behavior.
14 It's -- it's distinguishable. It was easy for us to -- easier
15 for us to see.

16 Q. Well, you're human and you make mistakes I assume,
17 Officer, like all of us?

18 A. Right.

19 Q. And -- and you could make a mistake in whether you
20 determine somebody was an agitator or a protestor? It's
21 possible you make a mistake especially if there's a crowd of
22 more than 100 people in front of you, right?

23 MR. BARTON: Object to the form.

24 THE WITNESS: It's possible.

25 Q. (BY MR. DEMIK) And nobody is perfect, right?

1 MR. BARTON: Object to the form.

2 THE WITNESS: Correct.

3 Q. (BY MR. DEMIK) Right. And so you're really --
4 you're -- you're talking about the decision of each individual
5 officer, aren't you?

6 A. We're talking about my decisions here today which is
7 -- I guess I'm focused on my decisions that I made that night,
8 that day.

9 Q. Sure. And your decisions could differ from another
10 officer right next to you, couldn't they?

11 A. Right.

12 Q. And they could differ from an officer five people
13 down in a line from you, right?

14 A. Correct.

15 Q. And so that's what I'm asking you. We're talking
16 about an individual assessment of who's an agitator and who's a
17 protestor. There's no sergeant saying, "He's an agitator,
18 she's a protestor, she's an agitator, he's a protestor." It's
19 your own individual decision, right?

20 A. Right.

21 Q. And you have to make it sometimes in a split second,
22 don't you?

23 A. Correct.

24 Q. And we can all make mistakes, right?

25 A. Correct.

1 Q. Did you see any other officer fire a shotgun at
2 somebody who you weren't sure if they were an agitator or not
3 on May 30th, 2020?

4 A. No, not at all.

5 Q. Did you pay attention to any of the protestors that
6 other officers were shooting? I use -- let me back up because
7 I really -- I want to be fair. I used the word "protestors."
8 We've made that distinction so I want to strike that and I want
9 to ask it of you this way.

10 Did you see any other officer shoot an
11 individual or did you pay attention to any of the individuals
12 that other officers were shooting?

13 A. Yeah, I did see individuals get impact -- impacted
14 with less-lethal shotguns.

15 Q. Okay. And why didn't -- why didn't you fire at them
16 as well? If you saw another officer impact an individual and
17 you didn't fire, why didn't you fire?

18 A. My guess is I didn't see the initial. I was probably
19 pay -- I was paying attention to something else and, you know,
20 peripheral vision I saw someone get impacted but I didn't see
21 the actions leading up to that event so, therefore, you know, I
22 didn't impact that individual.

23 Q. So you're sort of limiting your decision of who to
24 shoot or impact based on what your own eyes see?

25 A. Yes.

1 Q. And your eyes see something different than every
2 other officer's eyes see because that's how human nature works,
3 right?

4 MR. BARTON: Object to the form.

5 THE WITNESS: Correct.

6 Q. (BY MR. DEMIK) Were you there when an individual
7 drove into the crowd? I'm talking about the crowd in front of
8 the main police station, were you there when an individual
9 drove a car through that crowd?

10 A. At nighttime?

11 Q. Any time.

12 A. I mean, yeah, I was -- I was there at the Main for
13 the -- you know, the middle of the afternoon all the way
14 through nighttime so if it happened within that period, then I
15 was there.

16 Q. Okay. Were you there when an individual drove I
17 think a white car into the crowd?

18 A. Yeah, I was -- yes, I was -- where? I mean, over the
19 overpass? I mean, I was in that vicinity if I was there.

20 Q. Can you tell us what happened during that?

21 A. Honestly, I can't recall -- I don't recall that
22 specific event of the car coming into the crowd.

23 Q. Do you recall a white car coming into the crowd and
24 officers from the main police station coming down and removing
25 that person from the car?

1 A. So, I mean, obviously in prep for this I reviewed
2 that video but, you know, prior to reviewing the video I didn't
3 remember that at all.

4 Q. Did you see it on the video? I'm confused.

5 A. Yeah, in reviewing for this prep I watched that video
6 but prior to reviewing that video, you know, prepping for this
7 I didn't recall it prior to.

8 Q. Okay. So when you watched the video, did it refresh
9 your recollection as to what happened on May 30th, 2020?

10 A. No, not really, no.

11 Q. Watching the video of -- what video are you talking
12 about? What video specifically did you review?

13 A. If we're referring to the same thing, I guess a
14 silver car or SUV was stopped in the southbound service road
15 right at 8th Street and, you know, there were protestors in
16 front of it and officers from Main had to come and get the --
17 that -- that individual from the car out and then the officers
18 drove the car like out of the area. I'm not sure what happened
19 with that whole situation.

20 Q. Where were you -- where were you when that happened?

21 A. I believe I was on the overpass at that time.

22 Q. So do you recall observing that?

23 A. Yeah. Like I don't recall it -- yeah, prior to, you
24 know, what's described in the video I saw, prior to that I
25 didn't recall and even after the fact I still don't recall it,

1 you know, personally. My own memory or recollection I don't
2 recall that situation or that incident.

3 Q. Okay. Well, I mean, I'm not trying to be too
4 lawyeristic but if I don't remember what happened last week,
5 it's perfectly understandable, but if somebody shows me a video
6 of me going down a water slide with my kids, I'd be like,
7 "Okay, I remember that now, right? I saw the video." I didn't
8 remember it prior to seeing the video but once I saw it I'm
9 like I remember where that happened. That happened at
10 Schlitterbahn in New Braunfels, Texas. You can tell I'm fresh
11 off vacation. But I -- I remember that video, right? So when
12 I see the video, it refreshes my recollection and now I
13 remember, yes, I was there, I saw it and, et cetera. So let's
14 apply that to your situation.

15 You didn't recall this car coming through the
16 crowd before you saw the video. Then you watched the video to
17 prepare for your deposition, right? Did that refresh your
18 recollection of witnessing that event?

19 A. Yeah. No, like I don't remember that, you know,
20 incident happening. I guess it just wasn't a significant event
21 for me to commit that to memory. There were plenty of things
22 that happened at night where, you know, something would jog it
23 but this one honestly it just didn't jog my memory of anything.

24 Q. Okay. Well, would you agree with me that a car
25 driving through a crowd of protestors is a pretty significant

1 event in your line of work?

2 MR. BARTON: Object to the form.

3 THE WITNESS: It happened multiple times that
4 night so, I mean -- and from the video I saw I guess when it
5 started it was already stopped so I don't know like actually
6 how it got to that point but, yeah, on like -- it just -- this
7 specific event like it didn't, you know, jog any type of memory
8 of that happening that night.

9 Q. (BY MR. DEMIK) Okay. Well, let me ask you this way.
10 Are you aware of the protest in Charlottesville, Virginia where
11 an individual ran over a protestor and killed her?

12 A. Not -- I don't remember -- I don't recall the details
13 or specifics specifically on that.

14 Q. You don't remember when there were protests -- White
15 Supremacists in Charlottesville, Virginia, there were massive
16 protests there and an individual ran over a group of protestors
17 and he killed a female? Do you recall seeing that on the news
18 or Donald trump making a statement about it?

19 MR. BARTON: Object to the form.

20 THE WITNESS: I do not.

21 Q. (BY MR. DEMIK) Would you agree with me that if a car
22 is driving through a group of protestors who were in the street
23 exercising their First Amendment rights, that could potentially
24 hurt or kill somebody, couldn't it?

25 A. Yeah, of course.

1 Q. So on May 30th, 2020, do you dispute that a car drove
2 into this crowd in front of the police station?

3 A. No, not after I reviewed the video. There's no way
4 for me to dispute it.

5 Q. And what happened was the group -- a group of
6 officers from the line in front of the police station came into
7 the crowd and removed that woman from the vehicle, correct?

8 A. Yes, after review of the video, yes, that's what I
9 saw on the video.

10 Q. And one of the officers got in the car and drove it
11 away?

12 A. Correct.

13 Q. Did anybody impact that woman with less-than-lethal
14 shotguns?

15 A. In the video I didn't see anybody do that.

16 Q. Where were you when that happened? You were on the
17 overpass?

18 A. I believe so, yes.

19 Q. Okay. And you were looking down into the crowd?

20 A. If I was up there then, yes, I was looking down into
21 the crowd.

22 Q. And you saw these officers come from the line into
23 the crowd, remove the woman from the car, right?

24 MR. BARTON: Object to the form.

25 THE WITNESS: And, again, like only after

1 reviewing the video like I can give you answers about what
2 happened but my personal memory of that specific event I -- I
3 just -- I can't -- I can't recall -- I don't recall that
4 situation.

5 Q. (BY MR. DEMIK) Well, I guess -- I guess, again, I'm
6 not trying to state a point but, you know, if somebody else
7 took a video of something I didn't see, that's -- that's not in
8 my personal knowledge. If somebody took a video of something
9 happening in Wimberley, Texas and I wasn't there, so I don't
10 have any recollection of that. You can show me the video and I
11 can say, okay, I guess that happened but I wasn't there, I
12 didn't see it. There's that. And then there's my kid on the
13 water slide in New Braunfels, Texas. I was there, I did see
14 it. I was standing next to the person who took the video. I
15 saw it and now I've seen the video and I recall it and that's
16 what happened. Which one of it is this?

17 MR. BARTON: Object to the form.

18 THE WITNESS: So, yeah. If someone were to tell
19 me, "Hey, this happened that night. You were there," I would
20 still say I don't remember that and even after watching the
21 video I can sit here and say like I don't remember that
22 happening. But it doesn't necessarily negate that it did
23 happen because it did happen but I -- my personal memory
24 isn't -- you know, it's just not saved up there.

25 Q. (BY MR. DEMIK) So you do remember shooting an

1 individual from the overpass that was an agitator in your view?

2 A. Yes.

3 Q. And you recall the details of that?

4 A. Yes.

5 Q. You recall seeing the person?

6 A. Yes.

7 Q. And what did they do to make you shoot them?

8 A. They threw an object at the officers at the Main.

9 Q. What was the object?

10 A. I think it was lighter fluid. I think it was a
11 bottle.

12 Q. Okay. What -- what kind of bottle? Glass bottle?
13 Liquor bottle?

14 A. I believe probably after -- I'm not sure. A water
15 bottle. Plastic water bottle, I believe.

16 Q. Okay. And you -- you recall vividly seeing that
17 because that was your justification for shooting, right?

18 A. Yes.

19 Q. You recall shooting the person one time?

20 A. Yes.

21 Q. Right? What did they do when you shot them?

22 A. They began to fall to the ground.

23 Q. And then what happened?

24 A. When I deployed, he was still standing up and then
25 I'm essentially just watching my bean bag like so I'm looking

1 down the barrel following, you know, my sight -- my line of
2 sight and watching the bean bag fly through the air and, you
3 know, pretty instantaneously he's hit multiple times as he's
4 falling to the ground.

5 Q. What was he wearing?

6 A. A white T-shirt.

7 Q. What did he look like?

8 A. I couldn't tell you. I know he was a male. I
9 couldn't tell you his, you know, race or necessarily anything
10 like that.

11 Q. Sure. So you recall those details vividly because
12 you shot an agitator with your shotgun per, you know, policy
13 and procedure and you remember all the details because what you
14 did in your eyes was totally appropriate and justified, right?

15 A. Uh-huh, yes.

16 Q. Okay. But you don't remember this car coming through
17 the crowd?

18 A. No.

19 Q. You don't recall who was driving?

20 A. No. I don't think I ever saw the person.

21 Q. You don't recall if any officers came off the line
22 and took her out of the car?

23 A. Prior to reviewing the video, no.

24 Q. Well, after reviewing the video did you recall it or
25 did you still not recall it?

1 A. No. Yeah, my only knowledge of this event is the
2 video.

3 Q. Okay. That's fine. But I'm just -- I'm taking you
4 at what you're saying. I watched the video and I still don't
5 recall.

6 A. Yes.

7 Q. Okay. So you watched the video of the woman in the
8 car. Still don't recall her being taken out of the car, right?

9 MR. BARTON: Object to the form.

10 Q. (BY MR. DEMIK) You -- you don't -- you said you
11 don't recall that, I believe, correct?

12 A. Yeah, after the fact. I mean, I know on the video.
13 I watched the video I know exactly what happened in the video
14 but before and after there's nothing -- like there's no
15 personal memory other than what I can tell you I saw in the
16 video.

17 Q. Okay. So after watching the video you still don't
18 have any personal recollection of what you viewed and what you
19 observed with relation to the car?

20 A. Yes.

21 Q. Okay. Did you get any intelligence -- so I think you
22 -- you had touched about this before. You understand what the
23 protestors were protesting about. What in -- what in your view
24 or your words were the -- were these protests about? And --
25 and I understand you're not the protestor, you're not in the

1 crowd. I totally understand that. I'm asking from your
2 vantage point as a police officer on May 30th, 2020, what were
3 these protests about?

4 A. The protests were in response to the George -- the
5 George Floyd incident in Minneapolis and then in addition to
6 that we had protestors with the Michael Ramos Brigade so I kind
7 of combine the two.

8 Q. Okay. Tell me a little bit about that. What's --
9 what's the difference between the Michael Ramos Brigade and
10 George Floyd protestors?

11 A. Difference like the message or what do you mean?

12 Q. Well, what's your understanding of what the
13 difference is?

14 A. The George Floyd thing was, you know, just a serious
15 application of police practices. That situation all I saw out
16 there was, you know, pretty -- it was -- it was -- you know,
17 it's terrible -- it's terrible police work, right?

18 As far as Michael Ramos goes, I guess I'll ask
19 I'm still in the midst of that. I don't know --

20 MR. BARTON: No, just -- you don't have to say
21 anything other than what you recall. Just what your general --
22 I think the question is if you can clarify in your opinion what
23 is your understanding the difference was between those two
24 events.

25 THE WITNESS: Oh, I think the whole ideology

1 behind both protests -- both sides were the same. It's just
2 unjust police practices.

3 Q. (BY MR. DEMIK) Okay. Is there a difference in your
4 understanding between the level of volatility or tactics or
5 protest techniques between the two?

6 A. No. And I guess I want to add on to those two
7 brigades -- to those two groups that we also had intelligence
8 that ANTIFA protestors were also in the midst.

9 Q. Okay. Okay. Is it true that the Mike Ramos Brigade
10 is a group that has a reputation for being more violent in your
11 view?

12 A. Honestly, if -- that was the first time -- I'm trying
13 to get the sequence of events. I think Mike Ramos was '20 --
14 was it -- I think it was just -- I think it was a couple months
15 before so that was the first time they kind of -- to my
16 knowledge kind of mobilized. They kind of added their voice to
17 the George, you know, Floyd protests nationwide specifically
18 for Austin. So I had no knowledge of them until those protests
19 started on May 30th.

20 Q. Okay. Well, did anybody give you any information on
21 the Mike Ramos Brigade having a reputation as being more
22 violent?

23 A. No.

24 Q. Were you given any information that anyone from the
25 Mike Ramos Brigade, this Mike Ramos Brigade, was present in

1 front of the police station on May 30th, 2020?

2 A. Honestly, I don't recall any differ --
3 differentiation between Mike Ramos and George Floyd -- George
4 Floyd protestors. We only identify people with the ANTIFA
5 group who notoriously wore all black and face coverings and had
6 the, you know, shield that -- I can't remember -- I can't
7 recall their symbol. Like the hammer and a star symbol,
8 whatever that symbol is.

9 Q. Did you have any information of the Minneapolis
10 police station being torched prior to May 30th, 2020?

11 A. I believe that was -- I believe that was circulating
12 around. I believe I was aware of it or something like that.

13 Q. Were you aware of it?

14 A. I believe so. At that time we were all kind of --
15 like in our down time we would all talk about what's going on
16 across the country, how OCs were doing and obviously
17 Minneapolis was the worst off.

18 Q. And, you know, having a police station torched is
19 pretty serious, would you agree?

20 A. Yeah.

21 Q. And in this situation you had a crowd of people
22 milling around in front of the Austin police station, the main
23 police station, right?

24 A. Yes.

25 Q. And -- and were people concerned about that? Given

1 what had happened in Minneapolis were people concerned about
2 the police station being stormed?

3 A. Yes.

4 Q. Okay. And would it be fair to say that that
5 increases your alertness level?

6 A. Yes.

7 Q. I mean, this -- this -- these people were -- were
8 protesting and milling around the -- the main police station
9 for the City of Austin, right?

10 A. Yes.

11 Q. They weren't milling around, I don't know, a
12 restaurant or a government building in some suburb, it was
13 downtown in front of the police station, right?

14 A. Yes.

15 Q. And there's probably a lot of firearms and other
16 deadly weapons in that police station that the police have,
17 right?

18 A. Yes.

19 Q. And so if somebody -- something were to happen and
20 people were breached -- people breached the police station,
21 that would be a very serious, serious thing for police officers
22 and for the City of Austin, wouldn't it?

23 A. Yes.

24 Q. You -- you mentioned sort of you were kind of aware
25 of the George Floyd protests. I believe that George Floyd was

1 killed maybe several days before this. Does that sound about
2 right? I think it was in May of 2020.

3 A. Yeah, I can't recall it. It was roughly around
4 pretty -- roughly around the same time.

5 Q. And -- and where were you getting your information?
6 Just watching the news? Was it people at the police station?
7 Where did you get most of that information that you just sort
8 of would hear?

9 A. News and word of mouth.

10 Q. Okay. What news do you watch?

11 A. Whatever I see -- whatever I see on my phone
12 nowadays. Obviously the papers in our house but, you know --
13 you know, Fox and ABC and maybe NBC, those news outlets.
14 Whatever pops up on the phone I'll just take a read into them.

15 Q. Okay. Well, on my phone New York Times is the first
16 thing that pops up or Apple News. Is it Fox on your phone?

17 A. I usually scroll through like Fox and NBC just to get
18 a read on -- you know, obviously things are pretty divided out
19 there. It's just to get a read on everybody's perspective on
20 things, not solely just ones news outlet. I'll read multiple
21 outlets on the same subject just to see what's -- kind of piece
22 together as many facts as I can.

23 Q. And is part of getting your facts you watch Fox News?

24 MR. BARTON: Object to the form.

25 THE WITNESS: Sometimes.

1 Q. (BY MR. DEMIK) Why did you become a police officer?

2 A. In college I was majoring in criminal justice really
3 not knowing what I was going to do but one of the programs
4 offered was a ride-along with one of the local police
5 departments and I really enjoyed it and thought it was
6 something I could do.

7 Q. Where was that at?

8 A. Abilene, Texas. I went to Abilene Christian
9 University.

10 Q. Oh, okay. Well, I mean, it's something you could do.
11 You could also be a lawyer.

12 A. That's true.

13 Q. So why did you pick law enforcement?

14 A. Why did I pick law enforcement?

15 Q. Yes, sir.

16 A. That's a tough one. I don't know. I just -- I just
17 like the per -- the perspective of -- or the idea of, you know,
18 going -- literally -- and it sounds, you know, childish but,
19 you know, just going out and just trying to correct the wrong.
20 Just -- just finding bad guys and I've -- I've had success in
21 doing so so far in my career. I still enjoy it.

22 Q. When you say hunting bad guys, what does that image
23 look like to you in your head?

24 A. So, you know, patrol in Austin Police Department
25 there's a lot of freedom to just move patrol, right? You

1 handle the calls for service but when there's nothing going on
2 you can do what you want and be as proactive or not proactive
3 as you want. So I -- I enjoy being proactive and, you know,
4 finding people with warrants. You know, I read a lot of
5 reports, see what people did and just kind of pick and choose
6 who I want to look for for the day kind of a thing. You know,
7 like I said, I've had success in doing so.

8 Q. So in your free time you search the warrants -- the
9 wants and warrants, and then, you know, that's something you
10 enjoy about your job is going to find somebody, for example,
11 who gets paroled, they've got a warrant out, they've got a
12 failure to appear, an FTA or something, and so they have like
13 an APB out on them and so you take those and you try and find
14 those individuals?

15 A. Yes.

16 Q. Okay. And you said you've had some success doing
17 that. What does that -- what does that mean? What does
18 "success" mean?

19 A. Just the amount of people and type of -- the type of
20 awards that -- you know, that type of work can kind of -- can
21 kind of get you noticed and kind of get you connected to
22 certain people so, you know, it would be like commendations or,
23 you know, like a thanks from detectives or robbery or homicide
24 detectives helping them out with their cases on my free time.
25 You know, collect information, finding people, helping with

1 search warrants, all that type of stuff. And then, you know,
2 working with the Violent Crimes Task Force, you know, whether
3 it be overtime or something like that just gaining that
4 experience and helping them out with, you know, search warrants
5 and applications and all that kind of stuff.

6 Q. Do you -- do you have aspirations to perhaps being a
7 detective or what is -- what does your future career look like
8 in your eyes?

9 A. In the immediate future I hope that I can get with
10 the Violent -- I can be assigned to the Violent Crimes Task
11 Force and primarily assist with investigations with detectives
12 for robberies, sex crimes and aggravated assault units. Like I
13 said, helping with apprehending and search warrants and giving
14 search warrants and investigations and building some cases with
15 hopes to being a detective maybe in one of those fields.

16 Q. Sure. Were you -- moving back -- switching gears,
17 moving back to May 30th, 2020, were -- were you aware that
18 anyone in the crowd was deaf?

19 A. No.

20 Q. Did anybody ever bring that up, like there could be
21 some deaf people in the crowd?

22 A. No.

23 Q. Did anybody take any measures if there were deaf
24 people in the crowd?

25 A. Not that I can recall.

1 Q. And by "measures," I mean, you know, "There could be
2 someone deaf in the crowd. Do we have, you know, means of --
3 of communicating with them and sort of accounting that they
4 might be in the crowd?"

5 A. Not that I can recall.

6 Q. Did -- did the -- but are you aware now that there
7 were deaf people in the crowd?

8 A. Yes, I'm aware now, yes.

9 Q. Did that have -- was any calibration made for the
10 possibility of deaf people being in the crowd, any calibration?

11 MR. BARTON: Object to the form.

12 THE WITNESS: Not that I'm aware of.

13 Q. (BY MR. DEMIK) Okay. And by "calibration" I mean
14 did anybody bring it to your attention?

15 A. No.

16 Q. Did anybody voice that in your -- in your presence
17 that there might be deaf people?

18 A. No.

19 Q. Did anybody have any discussion what to do if there
20 were deaf people in the crowd?

21 A. No.

22 Q. Did anybody have a discussion about finding out
23 whether there were deaf people in the crowd?

24 A. No.

25 Q. Okay. I think that's all I have, Officer. I

1 appreciate your time but I just ask a throw-away question and
2 maybe it's -- well, no, no. Actually, no, no, on the laptop
3 over here -- sorry. I'm reading your report. Do you have that
4 in front of you? And I don't need to mark it as an exhibit. I
5 mean, I'm going to ask you about it but I want -- you said you
6 have it there?

7 A. Yes.

8 MR. BARTON: Do you have a Bates number?

9 MR. DEMIK: It is -- yes, I do. Give me one
10 second. It is 1932. I mean, we can make it an exhibit if you
11 want to, Monte. I don't --

12 MR. BARTON: If you can just reference the Bates
13 number I think that's good enough for us but -- that's fine
14 with me. Just we can locate it. It's COA 1932 as I understand
15 it?

16 MR. DEMIK: Yes, sir.

17 Q. Do you have that in front of you?

18 A. Yes.

19 Q. Okay. So it says, "On May 30th I was assigned to the
20 downtown area 8th and IH-35 during the protest/demonstrations."

21 Right?

22 A. Yes.

23 Q. BWC is reference to body-worn camera, I imagine?

24 A. The BWC, yes.

25 Q. What is level 2R, 2Rs and level 3?

1 A. Sorry?

2 Q. What is level 2R 2Rs/level 3? It's the second line
3 there in the narrative text.

4 A. So those are -- and I can't -- at the time we had
5 categories for use of force and depending on, you know, what
6 type of use of force you used it falls into a separate
7 category. So in this specific situation level 3 just kind of
8 open hand weapons tactics force that we use on individuals I
9 think. Later on I'll notate that I pushed some individual on
10 the highway. So that resulted in a level 3 use of force,
11 therefore. Like you have to document one way. The deployment
12 of less-lethal shotguns falls into a level 2, level of response
13 to resistance reporting.

14 Q. Okay. And so you're asked to do these reports to
15 document what happened as a police officer, right?

16 A. Yes.

17 Q. And you receive training in how to write these
18 reports as part of your job as a police officer, right?

19 A. Yes.

20 Q. And trained to be accurate, right?

21 A. Yes.

22 Q. Thorough, right?

23 A. Yes.

24 Q. Detailed?

25 A. Yes.

1 Q. Have you ever -- have you ever been cross-examined in
2 court?

3 A. Yes.

4 Q. Okay. So I was a defense attorney a long time ago so
5 this probably seems familiar what I'm asking you and I'm sure
6 you've answered it a million times but I just need to get it
7 into the record that you received training on how to write
8 these reports; they need to be thorough and accurate and
9 detailed and -- is all that correct?

10 A. Yes.

11 Q. And then if you forget a detail, you can go back and
12 you can do an addenda, right?

13 A. Yes.

14 Q. So you can go back and you can add information if
15 it's important, necessary or to make the report complete,
16 right?

17 A. Yes.

18 Q. All right. And this is your report and you wrote
19 this narrative?

20 A. Yes.

21 Q. All right. You wrote, "Throughout my shift I was --
22 I was used my less-lethal shotgun to prevent subjects from
23 throwing stones, rocks, fireworks, starting fires and making
24 Molotov cocktails..." That's what you wrote, right?

25 A. Yes.

1 Q. "... and directing all of the aforementioned objects
2 at myself and other officers." That's what you wrote in your
3 report, right?

4 A. Yes.

5 Q. And you -- you drafted this report the next day, on
6 May 31st, 2020, right?

7 A. At looks like 3:00 in the morning, yes.

8 Q. Why were you writing a report at 3:00 -- oh, is that
9 when you got off shift?

10 A. Yes.

11 Q. So you were at the protest all the way through and
12 then you went back to where? Your -- your patrol -- where did
13 you go?

14 A. Most likely we went back to E sub. E substation.

15 Q. E substation?

16 A. Yes.

17 Q. And so you're -- you're writing this report
18 immediately after the event after your shift, right?

19 A. Yes.

20 Q. And it's -- the events are fresh on your memory
21 because they just happened and you're writing this report just
22 after the events happened before you even have a break from
23 work, right?

24 A. Relatively after everything happened, yes.

25 Q. So this report was written approximately seven hours

1 after you fired your shotgun from the overpass, right?

2 A. Yes.

3 Q. And you didn't write any addendums -- addenda to this
4 report, did you?

5 A. Does "addendum" mean additional like supplement or --

6 Q. Yeah, supplement, addenda, addition, whatever you're
7 trained to call it.

8 A. Yes, I did.

9 Q. What -- what was that? Is that the follow-up report
10 where you listed the individuals who you impacted?

11 A. The more detailed one.

12 Q. Okay. Did you write another narrative text
13 correcting this one?

14 A. Did I write -- I'm sorry, say that again?

15 Q. Sure. Narrative text so I want to differentiate. So
16 you have the other report where you just sort of have a list of
17 deployments from your less-lethal shotgun, right? That's the
18 other report, right?

19 A. Yes.

20 Q. Okay. In this report it has a narrative text, right?

21 A. Yes.

22 Q. The other one, does it -- it doesn't have a narrative
23 text. It just has the list of deployments, right?

24 A. Yeah. This is actually -- so, yeah, it's a little
25 bit more de -- this is definitely more detailed, the

1 supplement. The -- the directive given by supervisors -- I
2 guess I'll rewind back.

3 Typically how this report-writing process goes
4 is when you have a use of force you have to document in these
5 documents who you used it against and a details page about what
6 type of force you used and all that kind of stuff. But the
7 direction given by my supervisors was, "Just write something up
8 real quick. You don't have to do the details page. Just say a
9 very, very brief -- write a brief supplement about what you did
10 and why you did it. Don't worry about how many people.
11 Just -- just put it on paper." That was the directive at the
12 time.

13 Q. So did your supervisors direct you not to be detailed
14 in your report?

15 A. They directed us to just write something real quick
16 and then obviously a month later we were told to review body
17 cams and, you know, start adding a little bit more
18 descriptions.

19 Q. Sure. And -- and when you reviewed the body cams and
20 you could add more description, that's when you can write a
21 supplement or an addendum to your police report or your
22 narrative, correct?

23 A. Yes.

24 Q. And you didn't do that here, did you?

25 A. On this night? No, I did not do it that night.

1 Q. Well, on this narrative text you didn't add or
2 supplement to this text? And what I'm talking about -- I think
3 I know where we're -- we're crossing wires here. I'm talking
4 about a narrative text. I'm not talking about just the list,
5 I'm talking about a narrative text.

6 A. What's this called, the exhibits?

7 MR. BARTON: Oh, he's asking what the number is
8 on the documents and it's called a Bates number. You can just
9 call it -- read the -- read the numbers.

10 THE WITNESS: So are you asking me if I wrote
11 anything in addition to No. 1932?

12 Q. (BY MR. DEMIK) Any -- any additional narrative text.

13 A. So if I added anything to 1932?

14 Q. Yes.

15 A. Okay. The only thing that was added a month later
16 was No. 2328.

17 Q. Okay. Besides that you didn't write an addendum or
18 supplement to this one in front of us?

19 A. No, these are the only two documents I wrote.

20 Q. All right. Let me sort of get back to this with you,
21 okay? The final line of your narrative text says, "The above
22 is the best recollections of events of the day." Right?

23 A. Yes.

24 Q. It says "the best recollections." That's your words,
25 right?

1 A. Yes. Without --

2 Q. It doesn't say -- it doesn't say pretty good
3 recollections, does it?

4 A. No.

5 MR. BARTON: Object to the form.

6 THE WITNESS: No.

7 Q. (BY MR. DEMIK) It doesn't -- it doesn't say fairly
8 good recollection, does it?

9 MR. BARTON: Object to the form.

10 THE WITNESS: No.

11 Q. (BY MR. DEMIK) It says the best recollections,
12 right?

13 A. Yes.

14 Q. Going back to the I guess second paragraph, your
15 report says, "Throughout my shift I would use my less-lethal
16 shotgun to prevent subjects from throwing stones, rocks,
17 fireworks, starting fires and making Molotov cocktails."

18 Those are the five things that you listed in
19 your report on May 31st, right?

20 A. Yes.

21 Q. There's no water bottles in there, correct?

22 A. Correct.

23 Q. It says, "I used my less-lethal shotgun against six
24 to seven different subjects throughout deployment during the
25 protest."

1 A. Yes.

2 Q. Right? That was your best recollection on May 31st,
3 right?

4 A. Yes.

5 Q. And today earlier you said that you think you
6 impacted three or four individuals, right?

7 A. Yes.

8 Q. Three to four individuals is different than six to
9 seven different subjects or individuals, right?

10 A. Yes.

11 Q. So it's fair to say that when we were talking
12 earlier, you had forgotten about three to five people that you
13 had shot, right?

14 MR. BARTON: Object to the form.

15 THE WITNESS: This initial narrative was just
16 written without looking at any body cam footage but that second
17 narrative was written after reviewing every minute of my body
18 cam footage from that day.

19 Q. (BY MR. DEMIK) I understand that. That wasn't my
20 question though.

21 A. Yeah.

22 Q. My question -- earlier you said you said you thought
23 three or four individuals, right? I think you actually said
24 four. Right?

25 A. Yes.

1 Q. Your report says that you shot six to seven different
2 people, right?

3 A. Yes.

4 Q. That's the difference. Six or seven is more than
5 four, right?

6 MR. BARTON: Object to the form.

7 THE WITNESS: Yes.

8 Q. (BY MR. DEMIK) So there's individuals that you
9 forgot that you shot on May 30th. Fair to say?

10 MR. BARTON: Object to the form.

11 THE WITNESS: No, not after reviewing my body
12 cam and watching every minute of the protest. The second one
13 is definitely the most detailed.

14 Q. (BY MR. DEMIK) Okay. Well, let's unpack that a
15 little bit.

16 A. Uh-huh.

17 Q. Do you recall speaking to me maybe an hour ago and
18 you stated that you had impacted four individuals? Is that
19 true or false?

20 A. Yes.

21 Q. All right, that's four. Your report says six to
22 seven, right?

23 A. Yes.

24 Q. Okay. That means that there's two to three
25 individuals that you had forgotten about between the time you

1 wrote this report to the time you talked to me an hour ago in
2 this deposition, right?

3 MR. BARTON: Object to form. That's -- I know,
4 Stephen, you're probably aren't trying to be argumentative but
5 the effect is that you are being. He's already answered that
6 and referenced the subsequent report so now I think you're
7 trying to put too much emphasis on one report when, actually,
8 the documents do speak for themselves and he has testified
9 about that.

10 MR. DEMIK: I understand, Monte, but if your
11 objection is form, it's noted for the record. I'm not being
12 argumentative. I'm trying to get my question answered.

13 Q. You -- Officer Harkless, you said before that you
14 didn't -- you don't think you forgot that you shot anybody.
15 That was your answer, right? And I'm not being argumentative,
16 I just -- want to get the facts. That's a fact that that was
17 your answer, right?

18 A. Yes.

19 Q. So I'm just asking you how that is? If your report
20 says you shot six to seven people and earlier in this
21 deposition today on July 14th, 2023, you said you shot four
22 people, how did you remember six to seven when you told me you
23 shot four?

24 MR. BARTON: Object to the form.

25 THE WITNESS: So, yeah, the report -- the

1 initial report written after that, I guess, 10-hour, 12-hour
2 day was -- you know, after reviewing the body cam from the
3 entirety the correct number was listed as on that second
4 report. So why was there a mistake? Because, like I said
5 earlier, humans make mistakes.

6 Q. (BY MR. DEMIK) So that -- and that's fine, Officer.
7 I'm really not -- we all do make mistakes. I'm really not --
8 you've got a tough job. I'm really not being argumentative.
9 But what I'm saying is that when you wrote this report at least
10 on May 31st at 3:04 a.m. -- that's when you wrote this report
11 -- when the events were freshest in your mind, to your memory
12 at that time, on May 31st, 2020, at the end of your shift, your
13 best recollection was you shot six to seven individuals, right?

14 MR. BARTON: Object to the form.

15 THE WITNESS: Yes. At the time, yes.

16 Q. (BY MR. DEMIK) Okay. All right. Subsequent to
17 that, right now July 14th as we've had this discussion, right,
18 the discrepancy between your report and what you -- what you've
19 testified to earlier, how many individuals did you shoot on May
20 30th, 2020?

21 A. So, yeah, relying on that supplement on 2328 after I
22 notated that I watched the entire of my body cam, four people
23 because we often -- you know, law enforcement in dynamic
24 situations we have to rely on body cam because the video, you
25 know, it doesn't -- it doesn't lie. It can't lie. So relying

1 on my body cam in that 2328 document, four people were impacted
2 by myself on that day.

3 Q. (BY MR. DEMIK) Well, I mean, again, I'm not being
4 argumentative but body cam doesn't lie but body cams can be
5 turned on and off, right?

6 A. Correct.

7 Q. Body cams can record only parts of the day, right?

8 A. Yes.

9 Q. Body cams can record only parts of an incident,
10 right?

11 A. Yes.

12 Q. Or parts of a shift, right?

13 A. Yes.

14 Q. And so this narrative text that we've been looking at
15 is your narrative text in your police report from that day
16 based on your recollection, right?

17 A. Yes.

18 Q. Based on your recollection at 3:04 a.m. on May 31st,
19 2020?

20 A. Yes.

21 Q. And so we do rely on body cam footage, of course, but
22 we also rely on police reports in cases, right? Criminal cases
23 or civil cases we rely on police reports, don't we?

24 A. Yes.

25 Q. Judges rely on them?

1 MR. BARTON: Objection to form.

2 Q. (BY MR. DEMIK) Is that right, judges rely on police
3 reports?

4 A. Yes, I assume so.

5 Q. Prosecutors -- prosecutors rely on police reports,
6 right?

7 MR. BARTON: Object to the form.

8 THE WITNESS: Yes.

9 Q. (BY MR. DEMIK) Lawyers rely on police reports,
10 right?

11 MR. BARTON: Object to the form.

12 THE WITNESS: Yes.

13 Q. (BY MR. DEMIK) Okay. This -- this next part of your
14 report states, "I also had to push an unknown subject level 3
15 back off the proper of the northbound proper of 35 in order to
16 clear the roadway. The subject was non-compliant and refused
17 to back off the highway when initially asked. The subject was
18 able to stand back up and walk off the highway." Right?

19 A. Yes.

20 Q. And you've documented that because that was the use
21 of force level 3, right?

22 A. Yes.

23 Q. Okay. And the reason why you -- you put it in that
24 narrative is that you first gave the subject whoever this
25 individual was -- what -- what did they look like? What were

1 they wearing and who were they?

2 A. I don't -- I don't recall. I haven't watch that
3 video in three years.

4 Q. Okay. So your -- your recollection is better in your
5 police report than it is now of who that was and what happened,
6 right?

7 MR. BARTON: Object to the form.

8 THE WITNESS: Say that one more time?

9 Q. (BY MR. DEMIK) Sure. Your recollection in your
10 police report where you talk about this individual that you
11 backed off the proper -- northbound proper 35, your memory was
12 better when you wrote that than it is now of what happened
13 there, right?

14 A. Yes.

15 Q. All right. And the reason why you wrote that they
16 were non-compliant was because I assume that's on the use of
17 force continuum. You're aware of what that is, right?

18 A. Yes.

19 Q. And on the use of force continuum way over here at
20 the beginning is giving an individual a verbal command, right?

21 A. Yes.

22 Q. So you give them a verbal command to exit the roadway
23 for -- as an example here -- and "non-compliant" means you
24 instructed them and they didn't do it, right?

25 A. Yes.

1 Q. And then on the use of force continuum you can get
2 louder like, you know, when you -- when you issue those
3 instructions that's moving along the force continuum, correct?

4 A. Yes.

5 Q. And you can use a taser if you need to if they're
6 within range, right?

7 A. Whenever -- whatever -- whatever "reasonable" means,
8 yes.

9 Q. You can use a baton before that, right?

10 A. Yes.

11 Q. Before that you can use your hands to physically push
12 somebody if -- if you want to get -- if your objective and your
13 direction is to get them off the roadway, right?

14 MR. BARTON: Object to the form.

15 THE WITNESS: Yes.

16 Q. (BY MR. DEMIK) Okay. And here this -- this -- this
17 paragraph essentially says -- and I'm going to put it in my
18 words and you correct me where I'm wrong -- you instructed this
19 individual off the roadway to clear the roadway, they didn't do
20 it and then you put hands on them I think you said, right? Or
21 -- or I think you remembered earlier but you -- you physically
22 touched them and then they complied and they got off the
23 roadway. Is that right?

24 A. For the most part I believe so.

25 Q. Okay. Now, before you shot your shotgun from the

1 overpass the one time and the one individual that you shot, you
2 did not issue a verbal command to that individual, correct?

3 A. No.

4 Q. That's all I have, Officer. If there's anything else
5 that you think is important that you would like to say, I do
6 this. It's just -- I'm not -- you know, if there's something
7 you think I missed or there's something that you think is
8 important to this case or this area of inquiry, I want to give
9 you an opportunity to say it, too. I mean, Monte can ask you
10 questions if you want to do it that way but this is just
11 normally what I do.

12 Is there anything that you think is important to
13 note for this case that I either forgot to ask you or you've
14 got a burning desire to say?

15 A. Not that -- not that I can think of.

16 Q. Well, I thank you for your time, Officer. I know you
17 really do have a tough job and I thank you for taking your time
18 to do this and answer these questions. I wish you good luck
19 and -- and have a good day.

20 We can go off the record, Monte, unless you want
21 to ask questions?

22 MR. BARTON: Well, I want to make a comment to
23 the record. We've discussed these two documents, COA 19342 and
24 COA 2328, which I believe actually continues over to page COA
25 2329 and so I just want to be clear not necessarily causing

1 these to be exhibits but I want this whole segment in the
2 deposition transcript to be clear that those were the documents
3 that were referenced by Officer Harkless.

4 MR. DEMIK: That's absolutely fine. I -- I
5 agree. You know, if you want to make them an exhibit, I will.
6 I really -- as you can tell, I didn't share screen or go into
7 them that way so that's why I didn't make them an exhibit. I
8 have no problem clarifying for the record Bates 1932, Bates
9 2328 to 2329 were what we were discussing. If you want to put
10 them in the record, I'm fine with that, Monte, but otherwise I
11 think that clarification for the record will cover us.

12 MR. BARTON: I agree with you. I think that's
13 clear enough and then I have no questions of the witness.

14 MR. DEMIK: Okay. Well, thank you very much,
15 everyone. I appreciate your time and thanks for working with
16 my technological difficulty. It's much appreciated. Thank
17 you, Officer.

18 MR. BARTON: I will just say for the court
19 reporter, we do want to read and sign.

20 THE REPORTER: Thank you.

21 VIDEO OPERATOR: That concludes our deposition.
22 The time is 1:08 p.m. We're off the video record.

23 (Deposition concluded at 1:08 p.m.)

REPORTER'S CERTIFICATION
DEPOSITION OF OFFICER DARRELL CANTU-HARKLESS
JULY 14, 2023

I, Wendy S. Schreiber, Certified Shorthand Reporter No. 9383 in and for the State of Texas, hereby certify to the following:

That the witness, OFFICER DARRELL CANTU-HARKLESS, was duly sworn by the officer and that the transcript of the oral deposition is a true record of the testimony given by the witness;

That the deposition transcript was submitted on

1 to the witness or to the attorney for
2 the witness for examination, signature and returned to me by
3 ;

4 That the amount of time used by each party at the
5 deposition is as follows:

6 STEPHEN DEMIK, ESQ. - 03 HOURS:043 MINUTE(S)
MONTE L. 'MONTE' BARTON, JR. - 00 HOURS:00 MINUTE(S)

7
8 That pursuant to information given to the
9 Deposition officer at the time said testimony was taken, the
10 following includes counsel for all parties of record:

11 FOR THE PLAINTIFFS:

12 STEPHEN DEMIK, ESQ. (Attending Remotely)
HENDLER FLORES LAW, PLLC
13 901 S. MoPac Expressway
Building 1, Suite 300
14 Austin, Texas 78746
Phone: (512) 439-3200
15 Fax: (512) 439-3201
sdemik@hendlerlaw.com

16
17 FOR THE DEFENDANT:

18 MONTE L. 'MONTE' BARTON, JR. (Attending Remotely)
CITY OF AUSTIN LAW DEPARTMENT
19 301 W. Second Street
Austin, Texas, 78767
20 Phone: (512) 974-2409
monte.barton@austintexas.gov

21
22 I further certify that I am neither counsel for, related
23 to, nor employed by any of the parties or attorneys in the
24 action in which this proceeding was taken, and further that I
25 am not financially or otherwise interested in the outcome of

1 the action.

2 Further certification requirements pursuant to the Federal
3 Rules of Procedure will be certified to after they have
4 occurred.

5 Certified to by me this 18th day of July, 2023.

STIPULATIONS

The attorneys for all parties present stipulate and agree to the following items:

That the deposition of DETECTIVE GADIEL ALAS is being taken pursuant to Notice;

That the deposition is being taken pursuant to the Federal Rules of Civil Procedure;

That pursuant to FRCP Rule 30(e)(1), the signature of the deponent was requested by the deponent or a party before the completion of the deposition;

That the original transcript will be submitted electronically for signature to the witness' attorney, Mr. Monte Barton, and that the witness or the witness' attorney will return the signed jurat and errata sheets to Magna Legal Services within 30 days of the date the electronic transcript is provided to the witness' attorney. If not returned, the witness may be deemed to have waived the right to make the changes, and an unsigned copy may be used as though signed.

1 (Proceedings began at 10:13 a.m.)

2 THE VIDEOGRAPHER: We are now on the record.

3 This begins Recording No. 1 in the deposition of Gadiel

4 Alas in the matter of Tyree Talley, et al. vs. City of

5 Austin in the U.S. District Court for the Western District

6 of Texas Austin Division 1:21-cv-249-RP.

7 Today is Monday, July 31st, 2023, and the

8 time is 10:13 a.m. central. This deposition is being taken

9 remotely Hendler Flores Law, PLLC. The videographer is

10 Joseph Alvarez of Magna Legal Services and the court

11 reporter is Chrystal McDaniel with Magna Legal Services.

12 Will counsel and all parties state their

13 appearances and whom they represent.

14 MS. JOSEPH: This is Leigh Joseph of Hendler

15 Flores here with -- excuse me -- my paralegal Alexis Lopez

16 on behalf of the plaintiffs Tyree Talley and Modesto

17 Rodriguez.

18 MR. BARTON: And I'm Monte Barton, lawyer

19 for the defendants. And we are physically in City Hall,

20 Austin, Texas.

21 THE VIDEOGRAPHER: Will the court reporter

22 please swear in the witness.

23 THE REPORTER: Officer, if you'll raise your

24 right hand, I'll place you under oath.

25

1 WHEREUPON,

2 DETECTIVE GADIEL ALAS

3 of lawful age, being first duly sworn, says in reply to the

4 questions propounded as follows:

5 * * * * *

6 DIRECT EXAMINATION

7 BY MS. JOSEPH:

8 Q Good morning, Officer.

9 A Good morning.

10 Q Thank you for before here today.

11 Before we get started, I just want to talk about

12 a couple of housekeeping matters.

13 Have you given a deposition before?

14 A I have.

15 Q Okay. So you have some familiarity with process.

16 How many times have you done it?

17 A Once or twice.

18 Q Okay. Were those both related to your work for

19 Austin Police Department?

20 A Yes, ma'am.

21 Q Okay. Give me just kind of a quick summary of

22 what -- why you were called to deposition in those past

23 times.

24 A Sure. The first time was regarding an on-duty

25 crash. That's the one that I'm a hundred percent certain

1 of. I can't remember if there was a second deposition or
2 not.

3 Q Okay. You haven't testified with regard to the
4 May -- or the 2020 protest situation before; is that right?

5 A Testified, no, ma'am.

6 Q Okay. And by "testify," I mean given a
7 deposition or appeared in court?

8 A No, ma'am.

9 Q Okay. And I know that your lawyer, Mr. Barton,
10 is in the room with you. Is anybody else in the room with
11 you today?

12 A There's not.

13 Q Something that you probably remember from the
14 deposition that you did before is our court reporter, Ms.
15 McDaniel, is writing down everything that we say. And it
16 becomes very difficult for her to do that if we talk over
17 each other or interrupt each other. I will probably do
18 that more than you do. I work really hard not to, but
19 sometimes I just don't stop myself.

20 So I'm going to do my best not to interrupt you
21 and to let you finish speaking. Will you do the same for
22 me?

23 A Absolutely.

24 Q Thank you, sir.

25 Also, for our court reporter's sake -- you're

1 doing a great job so far -- but please do give her verbal
2 answers as opposed to nods or shakes of the head or uh-huh
3 huh-uh, which look kind of the same on the record. Okay?

4 A Yes, ma'am.

5 Q Thank you.

6 Finally, if I ask you a question that you don't
7 understand, please ask me to rephrase it and I'll do my
8 best to do that so that we can make sure we're
9 understanding each other as we're talking today?

10 A Okay.

11 Q Okay. So if you answer my question, can I assume
12 that that means you understood it?

13 A Yes.

14 Q How did you prepare for the deposition today?

15 A We had a deposition prep on last Thursday with
16 Monte and the paralegal.

17 Q Okay. And I don't want to know the content of
18 the conversation, that's not something that I'm allowed to
19 know about, but I do want to know if you reviewed any
20 documents during that prep session.

21 A We did.

22 Q What did you look at?

23 A There were several pieces of documentation we
24 looked at. We looked at the federal filing from the
25 lawsuit. We looked at a couple of departmental-issued

1 reports. We -- I believe those are all -- the
2 department-issued reports and then what you guys filed.

3 Q Okay. The reports that you're talking about,
4 what were those?

5 A There was an SIU-generated report. There was an
6 IA-related report. There was a response to resistance
7 detail report that we looked at, that just listed the
8 response to resistance and that I had filled out one of
9 those reports.

10 Q Okay. Do you have any of those documents with
11 you today?

12 A Yes, ma'am.

13 Q Would you look for me -- at the bottom right-hand
14 corner, there ought to be some numbers. It might say COA
15 or Talley and then have a couple of numbers on the bottom
16 right side of each page. Could you tell me what those
17 numbers are.

18 A For each of the documents?

19 Q Yes.

20 A Okay. COA Talley 30070, COA Talley 001694, COA
21 1908, COA 2946, COA Talley 000076. The notice -- Notice of
22 Deposition.

23 This one doesn't have a COA.

24 MR. BARTON: The copy of a complaint doesn't
25 have a COA number.

1 Q (BY MS. JOSEPH) Great. Thank you, sir. Any
2 others? Is that it?

3 A Another -- another complaint, no COA number; COA
4 Talley 000063; COA Talley 000074; the complaint for Mr.
5 Rodriguez, no COA number; and the complaint for Mr. Talley,
6 no COA number.

7 Q Thank you for going through that for me.
8 Did you review any videos prior to the deposition
9 today?

10 A Yes, ma'am.

11 Q Have you seen video of -- that was identified to
12 you as being Modesto Rodriguez and the incident that
13 occurred involving Modesto Rodriguez?

14 A Yes, ma'am.

15 Q Do you recall if that was a HALO camera or
16 someone's body camera or what it was that you looked at?

17 A I believe it was HALO camera.

18 Q Okay. And did you just watch kind of the one
19 angle from a HALO camera?

20 A I don't remember how many angles we watched.

21 Q Okay. Do you feel like you have -- if I talk
22 about Modesto Rodriguez, you feel like you have an idea of
23 who that is?

24 A After watching the video last week, yes, ma'am.

25 Q Okay. And same questions with regard to Mr.

1 Talley. Did you watch a video of the Talley incident?

2 A Yes, ma'am.

3 Q Did you watch both HALO and your body cam?

4 A Yes, ma'am.

5 Q Okay. And do you feel like having watched the
6 video you have an idea of who Mr. Talley is?

7 A Yes, ma'am.

8 Q Okay. Did you watch your body cam around the
9 time period that the Modesto Rodriguez incident occurred?

10 Have you reviewed that?

11 A Yes.

12 Q Okay. Okay. Do you have -- I know you just read
13 me all the numbers.

14 Did you bring anything else with you today other
15 than the documents that you, you know, reviewed with Mr.
16 Barton? Your own personal notes or anything like that?

17 A No. I have a brand new note pad that I'm going
18 to be using to take notes today.

19 Q Okay. And if we talk to about bean bag rounds or
20 kinetic impact projectiles, does that feel like we're
21 talking about -- let me try this again.

22 Bean bag round is a type of kinetic impact
23 projectile?

24 A Yes.

25 Q Okay. So if we talk about those, we both know

1 what we're talking about?

2 A Yes, ma'am.

3 Q Okay. And if I say firearm, I'm going to try to
4 use that word to mean, like, what I think of as a gun with
5 standard munitions in it as opposed to the so-called
6 less-lethal munitions. Does that terminology work in your
7 mind?

8 A If we -- if we differentiate firearm as a deadly
9 weapon, yes.

10 Q Okay.

11 A Versus lethal.

12 Q Okay. We may talk about the shotgun -- the
13 shotguns that were firing the bean bag rounds. And I'll
14 try to be very clear in my questions. And, again, if I'm
15 not, please tell me. Okay?

16 A Yes, ma'am.

17 Q Okay. Where are you from, Officer?

18 A I grew up in Houston.

19 Q How long have you been in Austin?

20 A Nine years tomorrow.

21 Q You know the date. That's impressive, yeah.

22 And how long with APD?

23 A A little over eight years commissioned.

24 Q Okay. What is the distinction "commissioned"
25 mean?

1 A As a licensed peace officer, a little over eight
2 years, but I've been with the department for -- it will be
3 nine years on August 10th or August 11th.

4 Q Okay. Did you move here for the APD position?

5 A Yes, ma'am.

6 Q Okay. And had you been with any other police
7 departments before you started working for APD?

8 A No, ma'am.

9 Q Do you have any military background?

10 A No, ma'am.

11 Q Okay. And what is your current rank within the
12 department?

13 A I'm a detective.

14 Q How long have you been a detective?

15 A I promoted July of last year, and I was able to
16 get a detective position October of 2022.

17 Q Okay. So what was your rank at the time of the
18 2020 protests?

19 A I was a senior police officer.

20 Q Okay. So I've been calling you officer. It
21 sounds like it's more appropriate to refer to you as
22 detective; is that right?

23 A Either way is fine.

24 Q Okay. Okay. Thank you, sir.

25 Okay. Just talking about your work at APD over

1 the last eight to nine years, depending on when we start
2 counting, do you recall getting a written performance
3 review on a regular basis?

4 A No.

5 Q No? Okay.

6 When is the last time that you got one?

7 A Are you -- are you talking more of like a yearly
8 review?

9 Q Yeah, I'm not sure what the exact terminology
10 would be, but, you know, kind of a document that you would
11 discuss with a supervisor about how things are going for
12 you at work.

13 A Sure. So there's -- there's a couple. One is if
14 there's an issue that needs to be addressed, it's usually
15 negative; and then the other is a yearly review, which we
16 call an SSPR. That's --

17 Q Okay.

18 A -- yearly. And the last one I received I want to
19 say was last October.

20 Q Okay. In that one that they did last October, do
21 you remember some things that they were recognizing as
22 achievements or praising you for?

23 A Sure. They talked about how I -- I mentored a
24 lot of the younger officers on my shift, how scored pretty
25 well on the promotion exam. Things -- things along those

1 lines. Pretty positive.

2 Q Okay. Was there anything that they put as an
3 area for improvement?

4 A No, ma'am.

5 Q And have you ever received one of the negative,
6 kind of, as-needed reviews since -- since you've been at
7 APD?

8 A Sure. There was one last year around October
9 for -- my body mic was not synced to my car during a
10 response to resistance. And that could be for many things.
11 It could be the battery is dead or it could just be that I
12 was out of range. But for whatever reason, my chain of
13 command believed that it needed to be documented.

14 Q Okay. Is that the only time you've --

15 A Yes, ma'am.

16 Q -- had one of the negative -- okay.

17 Before we get into kind of the specifics of what
18 happened on May 30th, 2020, I want to talk about kind of
19 preparedness and training, so I'll ask you a few questions
20 in that regard.

21 Before the events of May 30th, 2020 -- well
22 actually I need to ask you something first.

23 Were you out there responding to the protests on
24 the 29th?

25 A Yes.

1 Q Okay. And did you -- were you equipped with a
2 less-lethal on the 29th?

3 A I was not.

4 Q Okay. What was your role that day just real
5 briefly?

6 A Just make sure that there was no property damage
7 done to the front of the main.

8 Q Okay. So back to my question.

9 Before the events of May 30th, 2020, how many
10 times -- like, on how many separate occasions had you fired
11 a shotgun equipped with kinetic projectiles?

12 A So at least once a year for our yearly training.

13 Q Okay.

14 A I believe that was my -- May 2020 was my first
15 time in an actual police response of firing a less-lethal
16 shotgun.

17 Q Okay.

18 A And then --

19 Q I --

20 A -- also -- I'm sorry -- training at the academy,
21 extra training that we received.

22 Q So for the yearly, kind of, recertification, tell
23 me about firing the guns as part of that -- the shotguns.

24 Like, how long did you spend out there on the
25 range? If you can remember, about how many shots did you

1 take? Kind of describe that part of the training for me.

2 A Sure. For the less-lethal, it's only two rounds.

3 One, I believe, is either at 15 or 10 yards; and the other

4 one is a little bit closer at 5 yards.

5 Q Okay. So those yearly trainings -- so you've

6 done those, would it be accurate to say, for eight years?

7 Like, you've done those eight times?

8 A Yes, ma'am. I believe there was a gap there for

9 COVID where we didn't -- didn't train, but eight is

10 probably a safe estimation.

11 Q Okay. Was it one year just the COVID -- the 2020

12 year that you didn't retrain?

13 A I believe so.

14 Q Okay. So as of May 30th, 2020, the last time you

15 had fired one of this type -- one of these types of

16 shotguns equipped with the -- the bean bag rounds was

17 sometime in 2019?

18 A Yes, ma'am.

19 Q Do you remember the month?

20 A I don't.

21 Q Okay. And so if we say that it was approximately

22 eight years that you've done this recertification, you'd

23 fired about 16 rounds before May 30th, 2020, as part of

24 that training. And then we'll talk about what you did at

25 the academy separately.

1 A Right. So 2020, I was a five- to six-year
2 officer, about 12 times, 12 to 14 times.

3 Q Okay. And still talking about the annual
4 recertification, I understand there was a classroom
5 component to that as well?

6 A No.

7 Q No? Okay.

8 Why don't you tell me what the annual
9 recertification entails.

10 A For just the shotgun or the entire process?

11 Q What does the entire process cover? Does it
12 cover, like, TASERs and stuff or...

13 A Yes, ma'am.

14 Q Let's talk just about the shotgun.

15 A Sure. It's the two rounds. One at the 15 --
16 it's either the 15- or the 10-yard line. And then the
17 second round being a little closer at about the 5-yard
18 line. You're -- you're firing at a metal target that's
19 painted with red zones, yellow zones, and green zones. And
20 in order to pass that certification, you have to hit green
21 or yellow depending on your distance.

22 Q Okay. Okay. So if you're at the 5-yard mark,
23 you have to hit green?

24 A Correct.

25 Q And if you're at the 10- to 15-yard mark, it can

1 be green or yellow?

2 A Yes, ma'am.

3 Q Okay. Is there any written test that's part of

4 that recertification?

5 A No, ma'am.

6 Q Okay. And where do you report to do that? Do

7 you report to a range?

8 A The range at the police academy.

9 Q Okay. So you report to the range, I'm here to do

10 my recertification on the less-lethal shotgun, fire a

11 couple of rounds, hit the right zones, and you're done?

12 A Well, then you have to do the TASER, you have to

13 do the firearm. The other -- the other tools that we have

14 on our -- on our belt.

15 Q Okay. So it's a whole tool belt -- the whole --

16 kind of is all addressed at once?

17 A Yes, ma'am. Your firearm, your TASER, your --

18 Q Okay.

19 A -- pepper spray, your baton, and the less-lethal

20 shotgun.

21 Q That sounds a lot more efficient than going back

22 for each item.

23 Okay. All right. So anything else about the

24 training, the recertification on the so-called less-lethal

25 shotgun that you can think of?

1 A No. The only other time that there was a
2 specific training for the less-lethal is when they switched
3 rounds where it was -- I'm sorry, the maximum efficiency
4 range has changed, so they print out a training bulletin
5 where it's just a PDF where it says it's no longer X, it's
6 now Y. That's the --

7 Q Okay.

8 A -- only other specific (audio interference) was
9 no hands-on shooting, anything like that additional.

10 Q Okay. Did that bulletin come out after the 2020
11 protests or before, if you recall?

12 A I don't recall.

13 Q Okay. Do you remember what the first maximum
14 acceptable distance was and what the revised maximum
15 acceptable distance was?

16 A The -- the maximum effective -- was 25 yards on
17 the old marks. And the new ones, I believe, came in a
18 little bit more, maybe 20 yards, but the biggest difference
19 was that there was no standoff with the old round. There
20 was a minimum distance that -- that you could shoot in.

21 And --

22 Q Uh-huh.

23 A -- with the new round, there was no minimum.

24 Q Okay. Okay. Just so I understand, because I
25 have no experience with firearms, that means that before

1 you had to be a certain distance away from your target in
2 order to fire it; and, now, after the memo came out, with
3 the new kind of round, you don't have to measure any
4 minimum distance away from your target. Is that what
5 you're saying?

6 A Yes, ma'am.

7 Q Okay. Thank you.

8 Had you ever impacted a human -- human being with
9 one of the bean bag rounds before May 30th, 2020?

10 A I don't believe so.

11 Q Okay. Have you ever been hit with one?

12 A No, ma'am.

13 Q Okay. Let me go back now. We've been talking
14 about recertification. I want to talk about the academy
15 and what you -- what kind of work you did with this type of
16 weapon when you were there.

17 So can you tell me about training on the impact
18 projectiles while at the academy?

19 A Sure. I -- I believe there was a classroom
20 component for the initial training that --

21 Q Uh-huh.

22 A -- included PowerPoint, some videos on proper use
23 and best cases to use. And then there was hands-on
24 training. I don't remember specifically how many rounds
25 were fired during the training.

1 Q Uh-huh.

2 Do you think it was more than what you do at the
3 recertification?

4 A Yes, ma'am.

5 Q Do you think it was, like, a certain number?

6 Like, here are a couple of rounds for you to practice with?

7 Or do you think it was, like, here's a bucket, fire as many
8 as want until you feel comfortable?

9 A It definitely wasn't a bucket.

10 Q Okay.

11 (Simultaneous speakers).

12 A (Inaudible) I don't remember how many rounds it
13 was.

14 Q Okay.

15 THE REPORTER: I'm sorry, I didn't get the
16 answer. It definitely wasn't a bucket -- I didn't get the
17 rest of that answer.

18 THE WITNESS: But I don't remember how many
19 rounds it was.

20 Q (BY MS. JOSEPH) Thank you, Detective. That's my
21 fault for speaking over you.

22 And did you take a test that covered this type of
23 shotgun and -- and its usage as part of your academy
24 training?

25 A I don't remember, specifically, if it was a

1 less-lethal specific test, but there were definitely
2 less-lethal questions sprinkled throughout the many tests
3 that we took.

4 Q Okay. Okay. While at the academy, focusing
5 on -- on the less -- the so-called less-lethals, did you
6 talk about -- did they teach you about effective distance
7 where the munition has been?

8 A Yes, ma'am.

9 Q Do you remember what they taught you?

10 A The -- the maximum effective-sy [sic] range was
11 25 yards, so anything in between the 25 yards is where you
12 wanted your target to be.

13 Q Okay. And if the potential target was more than
14 25 yards away, you shouldn't shoot at that target from that
15 distance?

16 A I don't remember specifically said don't, but I
17 know it was -- it was one of those where you need to
18 consider you're responsible for every round that you shoot,
19 so you have to be considerate of what's beyond that
20 25 yards.

21 Q Okay. In terms of other things that might be
22 impacted?

23 A Correct.

24 Q And do you think that's because the accuracy of
25 this type of weapon decreases as the distance increases?

1 A I believe it was because of the rounds that we
2 were using. The manufacturer sets those parameters.

3 Q Uh-huh.

4 A And the manufacturer said that 25 yards was the
5 max for that round to behave the way it's supposed to.

6 Q Okay. Okay. Do you know what that "behave the
7 way it's supposed to" means? Like, what might happen
8 beyond that maximum effective distance?

9 A I don't know, no.

10 Q Okay. Do you -- were you taught or do you know
11 anything about changes -- potential changes to the accuracy
12 of this type of weapon at the distance increases?

13 A Yes, which is why the 25 yards was the maximum
14 range that you wanted to shoot.

15 Q Okay. Because the weapon can become less
16 accurate or does become accurate as distance increases?

17 A The ammo, the -- the round that is shot. The
18 weapon itself, depending on what it's shooting, it's going
19 to be dependent on the round that is -- that is fired.

20 Q Okay. I understand. Let me try to ask my
21 question better.

22 So the bean bag rounds that -- that were being
23 fired out of the shotgun, that type of round becomes less
24 accurate as the distance increases beyond the
25 manufacturer's maximum recommended effective distance?

1 A So I don't know if it's accuracy or if it's the
2 foot pounds per second, which makes it the effectiveness.
3 I just know that beyond the 25 rounds -- 25 yards, excuse
4 me, that that round is no longer as effective as the
5 manufacturer developed it to be.

6 Q Okay. And is the pounds per second, like, how
7 hard it hit?

8 A How fast it's shot out of the shotgun, which I
9 believe will correlate to the -- the impact.

10 Q Okay.

11 A The -- yes, ma'am.

12 Q Okay. Have you ever been injured in the line of
13 duty?

14 A Yes, ma'am.

15 Q Do -- do you mind if I ask you about that?

16 A Sure.

17 Q How -- how many times?

18 A A few. Some -- some minor and some major.

19 Q Okay. Were you injured during the 2020 protests?

20 A Some minor injuries, yes, ma'am.

21 Q Can you tell me about what those were.

22 A Sure. One of the first things that stands out

23 very vividly is, as soon as I got on to 35, I had either a

24 brick or a rock hit me in the head and helmet and it rung

25 my bell a little bit. Later in the day, I was hit with

1 frozen water bottles to the -- to the limbs. Rocks the

2 limbs. Those were pretty consistent throughout the day.

3 Q And when you say as soon as I got on 35, was that

4 like Day 1, May 29th?

5 A No, that would have been May 30th.

6 Q May 30th, okay.

7 So May 30th, the day that these incidents we're

8 here about occurred -- occurred, before the incident with

9 Modesto Rodriguez or before the incident with Tyree Talley,

10 you had been hit with objects during that day?

11 A Yes, ma'am. And the day before.

12 Q Okay. Tell me, if it's not too difficult for

13 you, about the more serious injury or injuries that you've

14 suffered in the line of duty.

15 A Sure. I think the most serious was a torn

16 meniscus and some tears to my ACL/MCL during a response to

17 resistance. The suspect didn't want to let us take him

18 into custody and he kicked me to the front of my kneecap on

19 my right knee. And just over time, that meniscus just went

20 out.

21 I was -- I believe I was on light duty -- I think

22 total time was probably three to five months. That was

23 later in 2020, going into 2021.

24 Before that, as a rookie, I was in a foot

25 pursuit. And as I was chasing the suspect, tripped over

1 some branches and split my left knee open, which needed
2 some stitches.

3 Sprained wrist trying to take a person into
4 custody.

5 All the other ones are, you know, having to take
6 a couple of days off here and there to -- to ice and, you
7 know, take some pain meds, but nothing -- nothing as
8 serious as a torn meniscus.

9 Q Okay. Can you think of other times, other than
10 the objects that you remember being hit with during the
11 protests, and the torn meniscus incident where you were
12 kicked, can you think of other times when your injury
13 was -- like, you believe your injury was caused by someone
14 else being aggressive toward you or impacting you? Does
15 that question make sense?

16 A No.

17 Q Okay. I'm trying to -- to -- you know what, I'm
18 just going to -- I'm just not going to ask that. It's too
19 hard for me to phrase it.

20 Have you ever shot someone with a firearm?

21 A No, ma'am.

22 Q In your mind, is there a distinction between what
23 I'm calling a firearm today -- a -- a gun loaded with more
24 traditional bullet -- compared to a so-called less-lethal
25 shotgun, a weapon loaded with kinetic impact projectiles?

1 A There is.

2 Q Tell me what that distinction is.

3 A A firearm is a deadly weapon. It's meant to end
4 a threat. It causes death or serious bodily injury. The
5 less-lethal used in the manner that it's supposed to is --
6 is not. It doesn't cause serious bodily injury or death.

7 Q Do you agree that the less-lethal can cause
8 serious bodily injury or death?

9 A If used inappropriately, yes, ma'am.

10 Q And that would include -- inappropriate use would
11 include hitting a target in a red zone?

12 A That could cause serious bodily injury or death,
13 yes.

14 Q And would that also be inappropriate use of the
15 shotgun to hit a target in -- in the red zone?

16 A Not unless that person poses a deadly -- a deadly
17 threat.

18 Q Okay. So an officer would be authorized to
19 target a red zone, if they're justified in using deadly
20 force against the subject?

21 A Yes, ma'am.

22 Q Okay. But, otherwise, if they're not justified
23 in using deadly force against a subject, it would not be
24 appropriate to impact a subject in the red zone?

25 A Correct.

1 Q Okay. This may have never happened or it may
2 have happened a lot. I'm just going to ask and we'll see
3 how far -- how far we go.

4 Have you ever found yourself in a position where
5 you felt like the use of deadly force was justified or
6 warranted?

7 A Yes.

8 Q How many times?

9 A Enough. I don't want to quantify with a number,
10 but there have been several times, yes.

11 Q Okay. During your response to the protests on
12 May 30th, 2020, did you find yourself in a position where
13 you felt like the use of deadly force was justified?

14 A No.

15 Q Was there a time during the couple of months that
16 the 2020 protests lasted where you found deadly force to be
17 justified?

18 A Personally?

19 Q Yes.

20 A No, ma'am.

21 Q Okay. We've been talking about the weapons a
22 lot. I want to talk about another area of training.

23 Before the May 2020 protests, what type of
24 training did you receive on protest policing or crowd
25 control tactics?

1 A Sure. So I was assigned to the downtown area
2 command from 2018 to halfway through 2019 -- about a year
3 and a half. In that year and a half, I had what's called
4 BPOT training, which is by public order. And it's
5 basically, like, cops responding to protests. So I -- I
6 received training for that.

7 There was at least twice before the 2020 that we
8 did what's called mobile field force. You know, it's
9 taught in the academy, but I believe there was refreshers
10 on that.

11 Every once in a while, if there was a planned
12 event, there would be shift-level training. And it could
13 be anything from just going over the policy in the group
14 with the rest of the shift or actually hands-on outside
15 going through the -- the formations and proper techniques
16 on to respond to a -- to a mass -- mass protest event.

17 Q Okay. Can you -- so you've told me about the
18 BPOT training, the mobile field force, shift-level
19 training. Any other types of training you can think of
20 that would relate to protest policing or -- or crowd
21 control?

22 A There were bulletins from, like, the FBI or the
23 ATF throughout the years as different techniques are used
24 or utilized out in the field by -- by people who are -- who
25 are out there trying to harm a peaceful crowd. So

1 counter-protestors have used certain -- certain type of
2 techniques that would be bulletins where it would identify
3 what these techniques are.

4 For example, there was a time there where
5 counter-protestors were using PVC pipe with cement on the
6 inside. And they would put a sign on there and those were
7 used as weapons. So a bulletin will come out and say, hey,
8 everybody, be careful, these PVC pipes may be full of
9 cement and used as weapons.

10 Q Oh, okay.

11 A That happened quite often.

12 Q Okay. Before the 2020 protests, do you recall
13 ever reading about frozen water bottles or modifications
14 made to water bottles --

15 A Yes, ma'am.

16 Q -- as something to be cautious of?

17 You do? Tell me what you recall in that vain.

18 A Sure. So frozen water bottles, obviously
19 hardened water is going to hurt more than just a regular
20 water bottle. Also, dry ice being used in half full water
21 bottles. Sometimes the the water bottles will contain
22 shrapnel, whether it's glass or tacks and things along
23 those lines.

24 When you shake up some dry ice and water enough,
25 it -- it will explode and make it a mini IED.

1 Q Okay. So you told me about the bulletins, the
2 shift-level training, the mobile field force training, the
3 BPOT training.

4 Can you think of any other training that
5 addressed protest policing or crowd control?

6 A Not that I can recall.

7 Q Okay. I want to go back and talk in more detail
8 about the types that you just told me about.

9 So the -- the BPOT training, that was the -- the
10 officers on bicycles?

11 A Yes.

12 Q Tell me when you did that training.

13 A So I went downtown 2018 for south (inaudible) so
14 that would have been March of 2018, right around the time
15 when the Austin bomber was coming up. I believe that was
16 2018. And then I left a year and a half later. Through
17 that, we responded on a shift level to -- to many just kind
18 of impromptu rallies or -- or planned protests.

19 So on a shift, you would have what would be
20 called a squad. And on the bicycle, you would just
21 respond, whether it's keeping people who are protesting on
22 the sidewalks versus on the street and blocking traffic.
23 How to -- how to safely move people from, like, an entrance
24 to a building. If they're blocking an entrance or an exit,
25 how to -- how to move people that way. How to perform

1 arrests safely.

2 And then also integrating the BPOT with out
3 mounting patrol, which are our horses, and the SRT, our
4 Special Response Team.

5 Q So you talked about a couple of areas that they
6 would teach on, like, keeping protestors off the road or
7 how to arrest someone.

8 Can you go into more detail for me on, kind of,
9 what they taught you on how to do those types of things in
10 a protest or a crowd situation.

11 A Sure. So the bicycle was a force multiplier.
12 What we were taught was that one officer on a bike can
13 replace three to four SRT -- individual SRT officers just
14 based on how much space the bicycle is -- is -- is taking
15 up on a -- on a line.

16 So some of the tactics would be what's called
17 scraping. So if you have a -- a group of protestors on the
18 sidewalk, and they're not allowing people to access an
19 entrance or an exit, we would do what's called scraping.
20 So you would get off the bike, and with the bike, you're
21 kind of just -- kind of like if you're -- if you're tucking
22 a chair underneath a table, you're just doing that motion
23 with a bike. And that's just --

24 Q Uh-huh.

25 A -- forcing them back and it clears up the area

1 that you want.

2 As far as arresting, the -- the main point of
3 BPOT is to have a line of bicycles and officers to -- to
4 separate where there's protestors and counter-protestors or
5 whatever. Whatever the objective is for that particular
6 deployment is how to properly and safely open that line to
7 allow an arrest team to go out into the crowd, arrest
8 somebody, have them bring them back behind the line of
9 police officers and bikes and close that line back up.
10 Those are the more common tactics that were -- that were
11 used.

12 Q Okay. I see that Ms. McDaniel has a hand up.
13 I'm just going to pause for a minute and ask her if -- if
14 she has something she needs to address with us.

15 THE REPORTER: No. For some reason,
16 automatically, when I ask someone to raise their hand to
17 swear them in, it -- that pops up every time. It's a new
18 feature. And, now, for some -- normally I can get it to
19 come down, but for some reason, it's not, so...

20 MS. JOSEPH: Okay. It's funny it took me
21 almost an hour to notice it. All right.

22 THE VIDEOGRAPHER: I can get it, actually.
23 One second.

24 THE REPORTER: Thank you, Joseph.

25 THE VIDEOGRAPHER: No problem.

1 THE REPORTER: It's -- that's just the
2 weirdest thing. I don't understand it. Go ahead.

3 Q (BY MS. JOSEPH) Okay. So the -- the training --
4 or the BPOT training contemplates arrests being made when
5 members of the crowd are unruly or -- or engaged in
6 criminal conduct?

7 A Yes.

8 Q Okay. I'm just thinking -- and I know I said I
9 wanted to talk to you about training for a -- I want to ask
10 you this because I'm thinking about it.

11 I've watched some video of May 30th, 2020,
12 outside of headquarters. And I haven't noticed any bikes.
13 Do you know where the BPOT team was that day?

14 A I don't know.

15 Q Okay. Do you recall seeing any members of that
16 team on scene where you were on May 30th, 2020?

17 A I don't.

18 Q Okay. You -- you also talked about the mobile
19 field force academy.

20 A The training --

21 (Simultaneous speakers).

22 Q The training. And I think I understand -- if I
23 understand correctly, that happens at the academy, and then
24 you took two refreshers?

25 A It sounds about right. It's been about two.

1 Q Okay. So, first, we'll go in order -- in
2 chronological order this time. First, I want you to tell
3 me about the academy and then I'll ask you about the
4 refreshers.

5 So what did mobile field force academy training
6 entail?

7 A Sure. So the -- the mobile field force is -- is
8 utilized for large gatherings or -- or protests. There's
9 specific tactics that are used and they're mostly just
10 moving tactics, moving in a formation, moving as a squad
11 with your riot gear, so it would be your helmet, your mask,
12 a baton. It -- it's basically how to safely approach a
13 large unruly crowd is what a mobile field force is.

14 Q Okay. Okay. And how -- how much time would you
15 estimate they spend on that at the academy? Like, a couple
16 of hours? Half a day? Three days?

17 A I don't recall. It may just be half a day. I
18 don't think there's very much training that's done on it.
19 That's -- because they're -- they're supposed to be
20 shift-level refreshers when -- when large events are -- are
21 planned, but I don't think it was a lot of time at the
22 academy spent on it.

23 Q Okay. Was the academy more classroom training or
24 did it also include, like, standing up and practicing
25 formations and, you know, things like that?

1 A Both.

2 Q Both, okay.

3 As far as the refreshers are concerned, can you
4 recall the last time you took a mobile field force
5 refresher?

6 A Probably a couple of days after the end of May of
7 2020.

8 Q Okay. Okay. And then the one that you took
9 before -- the -- can you recall the last one you took
10 before the May 2020 protest?

11 A Yeah, it would -- it would have been within my
12 first three years with the department. Sometime between
13 2015 and 2018 before I went downtown.

14 Q Okay. So it had been two years, maybe three,
15 since you had had the mobile field force training as of
16 May 30th, 2020?

17 A Yes, ma'am.

18 Q And do you know -- the refresher that you did
19 right after May 2020, did everybody have to do that?

20 A I can't speak for other portions of the city.
21 For the sector that I worked, we definitely did which was
22 Frank Sector Southeast Austin. We --

23 Q Okay.

24 A -- did that on a shift level.

25 Q Okay. And what did -- did the content of the

1 refresher change after May 2020?

2 A I don't believe so. The -- the -- the tactics of
3 mobile field force haven't really changed over the years.

4 Q Uh-huh. Okay. So that's easy, then. I can ask
5 you one question about what these refreshers entailed.

6 Can you kind of tell me how long was it? What
7 did -- what did you do?

8 A Yeah, it was -- wasn't very long at all. It
9 would be done in showup, which is just your -- your
10 pre-shift briefing. Lasts anywhere from 30 minutes to an
11 hour. So we were there -- done the showup and I believe it
12 was just going over the academy-produced PowerPoint for
13 mobile field force.

14 Q And before we get to shift-level training, I want
15 to go back to -- you mentioned SRT.

16 A Yes, ma'am.

17 Q What does that stand for?

18 A Special Response Team.

19 Q And is that something, like, a person may or may
20 not be a member of the special response team? Is that
21 appropriate terminology?

22 A Yes.

23 Q Okay. Are you a member of the special response
24 team?

25 A I am not.

1 Q Okay. Have you been during your time at APD?

2 A No, ma'am.

3 Q Okay. And so you have not taken the special
4 response team training? Or have you?

5 A I have not.

6 Q Okay. We're talking about protest events and
7 crowd events. And I think you mentioned South by Southwest
8 and -- I'm just thinking there -- there are quite a few
9 times in Austin when large crowds gather, would -- would
10 you say?

11 A Yes.

12 Q Okay. How many crowds do you think you have
13 responded to over the years?

14 A In a protest setting or just crowds in general?

15 Q Let me first, if I can, ask you about crowds in
16 general, like, thinking about something like South by
17 Southwest. I think you guys have officers, you know,
18 stationed around. So kind of these big crowds in general,
19 festivals, protests, large crowds.

20 A Sure. Just about every weekend from 2019 to --
21 you know, two-thousand-nine -- two-thousand -- I'm sorry,
22 '19 -- excuse me -- 2018/2019 for about that year and a
23 half that I was downtown.

24 Q Uh-huh.

25 A That --

1 Q Okay.

2 A I mean, that was very consistent. And then

3 before then, I mean, there -- there have been times on

4 patrol where I've had to respond to bars outside of

5 downtown or large parties. Crowds is something that we

6 encounter all the time.

7 Q I understand from speaking with some other

8 officers that, typically, the way it worked for them is

9 somebody in their shift would typically check out a shotgun

10 equipped with kinetic impact projectiles, kind of, every

11 shift. Is that -- are you -- is that how it works for you?

12 A Yes, ma'am.

13 Q When -- when you were -- when you were stationed

14 downtown and you were responding to crowds, you know, every

15 weekend, did -- did anything different happen with respect

16 to how many so-called less-lethals were present when

17 you-all were responding to one of these crowd situations?

18 A Well, everybody is -- less-lethal shotguns is

19 what you're asking about?

20 Q Yes, sir. Uh-huh.

21 A No, it -- from my time there, there was no

22 less-lethal shotguns on 6th Street --

23 Q Okay.

24 A -- deployed out within the shifts. I mean, if

25 they were in the car, they were in the car. But, no, there

1 -- there weren't officers standing outside with the
2 less-lethal shotguns just waiting for a fight or a crowd.

3 Q Yeah. Okay. Let's talk about protests
4 specifically now. Moving on from the crowds, generally.

5 How many protest events have you responded to?

6 A There's quite a few, 10 to 12 within my year and
7 a half that I was there. A couple of protests that I
8 volunteered to work overtime for. Quite -- there was quite
9 a few that I -- that I've worked prior to May 2020.

10 Q Okay. And was the typical response to a protest
11 different from what the response was on May 30th, 2020?

12 A Yes, ma'am.

13 Q Can you tell me how -- first, tell me what was
14 typical and then you can tell me about the differences.

15 A Sure. So -- so the commonalities between the
16 two, just regular protest and -- and May 2020, first goal
17 was to protect the First Amendment. Everybody has a right
18 to be out there to -- to either agree or disagree. Our job
19 is to make sure that nobody gets hurt.

20 There's no criminal admission of property damage.
21 Those are the commonalities between the two. The
22 difference between a regular protest and May 2020 was that
23 May 30th, 2020, was declared riot (inaudible), which
24 allowed for different means of -- of -- of squashing the
25 riot. None of the protests that I've worked prior to 2020

1 were declared riots.

2 Q Do you know if that was the chief who declared it
3 a riot? Or who made that call?

4 A I don't recall.

5 Q Okay. Do you know why it was declared a riot?

6 A Yes, ma'am. It -- it got very -- very violent

7 very early. I believe there was a group of officers -- a

8 small group of officers that got overran on 35 who had

9 rocks and bricks and water bottles, frozen water bottles,

10 fireworks thrown at them. At that point, that's no longer

11 a protest. You -- there was several hundred people

12 participating in assaultive and riotous behaviors. That's

13 when it was called a riot, I believe.

14 Q Okay. I feel like we've seen riotous behavior in
15 Austin. I feel like we've seen -- is it -- I don't know,
16 maybe -- is it -- let me try this better.

17 I feel like I've seen news reports about people
18 like smashing glass and breaking into storefronts. Is that
19 something that you've known of as happening in Austin?

20 A Prior to May 2020?

21 Q Yes.

22 A There's been groups conducting criminal mischief
23 before prior to May 2020. I don't know if you remember the
24 Blue Cat Cafe that was on Cesar Chavez.

25 Q Uh-huh.

1 A There -- there was a group of people that would
2 go there pretty regularly and smash out windows at night,
3 but that's not -- that's not a protest or -- or a riot at
4 that point. I think it's just a group all participating in
5 criminal mischief and property damage.

6 Q Okay. And I think you answered the question I
7 was trying to ask, so thank you.

8 A Yeah.

9 Q What, if anything, changed in terms of how APD
10 trained you to respond to a protest situation after
11 May 30th, 2020?

12 A Yeah, less-lethal shotguns were taken away from
13 line officers. They were specifically designated to SWAT.

14 Q What do you think about that change? Do you
15 think that was a good change or a bad change?

16 A No, I think it was good.

17 Q Why do you think that was a good change?

18 A If you don't -- if you don't learn from past
19 events, you're just going to keep on repeating the same --
20 the same, you know, results that you -- that you had.

21 Giving that less-lethal shotgun to somebody who is more
22 trained who's -- 90 percent of what they do in a day is
23 training, I think it's -- it's -- it's far more superior
24 than giving it to officers that, 90 percent of their day,
25 is responding to calls.

1 Q What do you think -- is there anything else that
2 you would say is kind of a lesson learned from the use of
3 the less-lethal shotguns in May 2020?

4 MR. BARTON: Object to the form.

5 Q (BY MS. JOSEPH) And you can answer.

6 A Sure. They -- because of the use of the
7 less-lethal shotguns on May 2020, they introduced another
8 tool that's far better at crowd control than what the
9 less-lethal was. I think that -- that has been very
10 helpful for -- for a patrol officer compared to the
11 less-lethal where -- where it has its very specific
12 utilities versus the other tools that were introduced after
13 the -- after the protest.

14 Q What are the tools that were introduced after
15 that you're referencing?

16 A Sure. It's a pepper ball gun, which is basically
17 a paint ball gun with pepper balls, which is -- instead of
18 having pepper spray, which is a liquid form, you have that
19 same active ingredient in powder form.

20 Q Do those explode on impact or prior to impact?
21 How do those work?

22 A They're supposed to -- they're supposed to
23 explode on impact, but if you -- if you fire one of those
24 pepper balls too far out it's not going to have enough
25 energy to explode.

1 Q Uh-huh.

2 A And if the -- if the round is damaged for
3 whatever reason, whether it's already cracked, and when
4 it's shot so that it comes out of the muzzle, it could
5 explode. But it's designed to -- to explode or pop on
6 impact.

7 Q Does -- have you shot one of these?

8 A Yes.

9 Q Do you know anything about the -- how hard the
10 impact is of the pepper ball compared to the bean bag
11 round?

12 A Yes. In order to be certified you have to get
13 shot with -- with a pepper ball.

14 Q Okay. Okay. What did it feel like?

15 A Just like being hit with a paint ball. It stings
16 with an hour or two and it leaves you a -- a bruise.

17 Q Okay. Do you think that it's less painful or
18 less likely to cause injury, just from what you know about
19 it, than the bean bag round?

20 A Yes.

21 Q Okay. Is that -- do you understand that to be
22 one of the reasons for the switch?

23 A I -- I --

24 MR. BARTON: Object to the form.

25 THE WITNESS: I don't know if that's the

1 reason why they switched it. I think it's just an overall
2 better tool for what it's used for.

3 Q (BY MS. JOSEPH) Okay. Are there other tools --
4 are there tools, plural, that were introduced that you now
5 have access to for crowd control that you didn't before?

6 A Not me, personally, because I'm not SRT trained.

7 Q Okay.

8 A But I do believe they -- they made what's called
9 a 40-millimeter, which is a foam round. They made that
10 more accessible to SRT. And I believe that was just a SWAT
11 team tool at that time.

12 Q Okay. And I'm going to go backwards for a minute
13 to the pepper ball.

14 The way that somebody on shift used to check out
15 a less-lethal, do they now do that with the pepper ball
16 gun?

17 A Yes, ma'am.

18 Q Okay. So it kind of -- for the non-SWAT team,
19 kind of, standard officer, the pepper ball gun kind of
20 replaced the bean bag rounds?

21 A Well, they're still both available to a patrol
22 officer. It's just going to be based on personal
23 experience, personal reference.

24 Q Okay. Okay. I thought I heard you say that the
25 bean bag rounds were only available to SWAT now. Did I

1 misunderstand?

2 A Yes, ma'am. Sorry. So the bean bags normally go
3 to SWAT in a crowd control setting.

4 Q Ah, okay. I understand. Thank you.

5 I was hoping I would be able to ask you all about
6 your training before I asked for a break, but do you mind
7 taking about a five-minute break, Detective?

8 A Sure. That's fine.

9 MR. BARTON: That will be fine. Thank you.

10 THE VIDEOGRAPHER: Copy that. We are now
11 going off the record. It is now 11:12 a.m.

12 (A break was taken from 11:12 a.m. to 11:21 a.m.)

13 THE VIDEOGRAPHER: We are now back on the
14 record. It is now 11:21 a.m.

15 Q (BY MS. JOSEPH) Detective, we've been talking
16 about your training before the break. I want to get back
17 to that.

18 Before I do, I'll just ask if you had any
19 discussions with your counsel. Not what they were. But
20 did you have an opportunity to talk to Mr. Barton about the
21 deposition during the break?

22 A No.

23 Q Okay. According to your training, what is a
24 police officer's role during a protest?

25 A To protect the First Amendment.

1 Q Okay. Any other -- any other roles?

2 A Sure. So secondary to that is just to make sure

3 that everybody is safe, protestors and counter-protestors

4 alike; and then, third, would be protection of property.

5 Q Is there a hierarchy to whose safety is more

6 important at a protest --

7 A Sure.

8 Q -- event?

9 Would you tell me what that is, please.

10 A So I wouldn't say specifically to a protest

11 event, but just overall, in general, there's the priority

12 of life scale.

13 Q Okay. What is that?

14 A (Audio interference) first, officers second,

15 suspects third, and then property fourth.

16 Q And you cut out a little bit when you said the --

17 the first one. What was first?

18 A Innocents. Innocent people.

19 Q I thought you had said kids. And I -- I was

20 thinking I'm all for protecting kids, but where do you

21 adults fall on that? Okay. All right.

22 And does that priority of life scale ever change

23 in given context or is that kind of always what you keep in

24 in mind?

25 A No, that's pretty standard for me.

1 Q Okay. So we've been talking about training on
2 weapons use, talking about crowd control and protest. I
3 want to talk, now, about training on use of force. Okay?

4 I think he's about to leave.

5 What type of training did you get from the APD
6 police academy on use of force?

7 A So there was a lot because there -- everything in
8 our belt, other than handcuffs, could be considered as a
9 use of force, so you need to know how -- how to properly
10 identify situations where -- so we call them a response to
11 resistance. APD doesn't really recognize the use of force,
12 but they're -- the terms are used interchangeably.

13 Q Okay.

14 A So we're taught the different types of response
15 to resistance. We're taught how to respond to them. We're
16 taught defensive tactics and techniques on how -- how to
17 overcome resistance. We're taught statutory and policy in
18 regards to when a use of force or response to resistance is
19 appropriate. And we're taught how to document it.

20 Q So I want to kind of go back through some of the
21 things that you just identified.

22 Types of response to resistant situations. Can
23 you tell me what the different types are.

24 A Sure. So APD, we -- we have identified four
25 levels of -- of resistance that could be displayed or

1 demonstrated in an arrest setting. I'll start with the
2 lowest, which is called a "passive resistance". So this is
3 somebody who in words only is being -- is resisting. If I
4 give you a command and you say no, that is passive
5 resistance.

6 Second is what's called "defensive resistance".
7 And that is when somebody is physically resisting you. So
8 if I try to handcuff somebody and I go to bring their hand
9 behind their back to apply a handcuff and they start using
10 force to pull their hand away or try to break free, that's
11 defensive resistance.

12 Aggressive resistance is when somebody is trying
13 to actively assault you or hurt you. That is a subject who
14 is being violent towards you, a subject who is trying to --
15 to hurt you. That's aggressive resistance. And the final
16 is just deadly force or deadly resistance. And that's when
17 somebody is trying to kill you or cause serious bodily
18 injury.

19 So with those --

20 Q Okay.

21 A -- four types of resistants, there is what we
22 call the response to those type of resistants. And then
23 each level of resistance has the appropriate response to
24 that resistance.

25 Q Okay. What is the appropriate response to

1 passive resistance?

2 A So that could be joint manipulation, so like a
3 wrist lock or -- or just applying pressure to fingers.

4 Very, very minimal-type force for a passive resistance.

5 Q And same question for defensive resistance,
6 what's the appropriate response there?

7 A So what's approved and what's appropriate may not
8 be -- in -- in that instance or just because somebody is --
9 is pulling their arm away from me, I -- I am approved to
10 punch them in the face, but that may not be appropriate.

11 So for both active resistance and defensive
12 resistance, you basically have all of your -- of your
13 techniques and tools open to you, other than deadly force,
14 so that could be TASER, that could be a less-lethal
15 shotgun, strike with the baton, punches to the face, kicks
16 to the body. Those are all appropriate for defensive and
17 active resistance.

18 Q Okay.

19 A (Audio interference).

20 Q Okay. Or aggressive resistance.

21 So I feel like you're kind of describing a
22 two-step analysis. Number one, what am I permitted to do;
23 and number two, what is appropriate in this situation. Is
24 that accurate?

25 A Yes, ma'am.

1 Q Okay. So what did -- what did APD teach you
2 about making that appropriateness decision?

3 A You -- you basically have to judge that on your
4 own merit of what you've experienced and what you -- you
5 perceive the subject can do or not do. Again, it's all
6 situational.

7 If you have a 10-year-old boy who is trying to
8 rip his arm away from you as you're trying to move him to
9 mom or whatever, yes, technically, that's defensive
10 resistance but you're not going to punch a 10 year-old to
11 the body or to the face.

12 So it's all situational in -- in what you're --
13 what you're trained and what your experience is going to
14 dictate on how you're going to respond to that.

15 Q What -- like, what factors does APD give you to
16 consider to kind of help make that decision?

17 A Sure. So there's the physical. Your -- your
18 size and body type compared to the suspect's. Are you
19 outnumbered? What -- what's the training that you perceive
20 that person to have? There's a lot of things that you have
21 -- that you take into consideration. Also, you've got to
22 take the gravity of the situation into account.

23 For instance, if it's -- if it's a
24 defensive-resistance person and he's trying to pull away
25 from you, but you see that example, right, you see that he

1 may be running towards a weapon, that causes the severity
2 of the situation to go up a little bit higher, right, so
3 you have to respond to what's in front of you at that
4 point, taking into account everything that I've already
5 mentioned; your size, you know, are you outnumbered, are
6 you in a crowd, are you inside somebody's house.

7 A lot of things -- is -- is it somebody who just
8 robbed somebody at gunpoint or is it just somebody who is
9 drunk in public? All those things get -- get accounted
10 for.

11 Q Okay. So the location matters?

12 A Yes.

13 Q What the person -- what you've observed the
14 subject doing in -- before this altercation is happening,
15 matters?

16 A Yes.

17 Q Okay. What else? What are other factors that
18 that you're supposed to think about?

19 A I think I covered most of them.

20 Q Okay. And I know that first responders, police
21 officers, firefighters, others are often expected to make
22 decisions quickly in a -- in a given situation.

23 Are you, as an officer, able to consider these
24 factors that you've identified for me in the field in --
25 when you're in a real-life scenario?

1 A Yes.

2 Q Okay. So I started asking you about use of force
3 training, started asking about determining whether force
4 the appropriate. But I want to go back to kind of the
5 original list you gave me about some of the training you
6 got.

7 So the types of force, how to respond. I feel
8 like we've covered those. Is there more?

9 A I don't think so.

10 Q Okay. So next let me ask you about defensive
11 tactics.

12 What does APD teach with respect to defensive
13 tactics?

14 A So handcuffing techniques, how to properly
15 handcuff somebody safely. Part of defensive tactics you
16 learn felony car stops, which is how to do a -- a -- how
17 you risk a traffic stop on somebody who you reasonably may
18 be armed or a threat.

19 There's a lot of hand-to-hand combat, ground
20 fighting, conditioning, proper use of the TASER, the baton,
21 your pepper spray. Those are all parts of defensive
22 tactics.

23 Q Okay. And before I get to the statute, policy,
24 and things like that, that you talked about. I want to ask
25 you about another word: Deescalation. Is that part of the

1 response to resistance training that APD gives?

2 A Yes.

3 Q And what are you taught about deescalation?

4 A You should try to deescalate when appropriate,

5 when feasible, when safe to do so. Deescalation --

6 Q And --

7 A -- isn't just using your voice. Sometimes you --

8 you do have to use physical force to deescalate a

9 situation. That's all part of deescalation.

10 Q And is that also a consideration that comes into
11 your mind when you're deciding what type of force to use,
12 am I able to deescalate this situation or would this use of
13 force help me do that?

14 A So for me, personally, if we can avoid a fight --
15 because I have been injured a lot and mostly in fights --
16 that -- that's my first go-to, but there have been
17 situations where you just can't deescalate. You have to go
18 hands-on right away which is part of deescalating.

19 Q Uh-huh.

20 A Me, just kind of the personality and the
21 character that I have, if -- if I could talk somebody into
22 handcuffs, that's -- that's a success for me. That --
23 that's how I want things to work.

24 Q Okay. So earlier we talked about this kind of
25 two-step analysis, what am I permitted to do? What's

1 appropriate for me to do?

2 Would we add kind of a sub-step at the top of,
3 can I deescalate this situation? Then if I can't, what --
4 what -- what am I permitted to do
5 response-to-resistance-wise and evaluate what I should do?

6 Like, does that -- is that kind of where it falls
7 in the thinking pattern?

8 A Yeah, I -- I would say that's fair to say.
9 That's usually one of the first things that you should be
10 doing.

11 Q Okay. When you talked about training, you talked
12 about statute and policy as being part of the training.

13 Tell me what you're talking about when you
14 reference statute.

15 A Sure. There's some Supreme Court decisions
16 that -- that I guess govern use of force. You can't --
17 just because somebody is fleeing just to flee, you're not
18 allowed legally to shoot in them in the back, right.

19 Q Uh-huh.

20 A Policy also says the same thing. But APD policy
21 is more restrictive than what the Supreme Court or the
22 Texas state law -- Constitution says that we can do.
23 It's -- it's more restrictive.

24 Q So I think we're starting to talk about
25 Section 1983 and excessive force claims.

1 Are those phrases or references something that
2 you're familiar with?

3 A Is that US Code?

4 Q Yes, USC -- US Code Section 1983.

5 A Okay. I'm not super familiar with it, other than
6 what -- you know, I know that our policy is more
7 restrictive than our governing -- or U.S. governing or our
8 Texas governing documents. So as long as I stay within
9 policy, I know that I am not in violation of any other
10 state or federal statutes.

11 Q Okay. Are you given any training on a police
12 officer's personal liability exposure for using excessive
13 force as part of your training?

14 A Qualified immunity, is that what you're --

15 Q Yeah --

16 A -- referring to?

17 Q -- tell me -- tell me about that.

18 A Sure. As long as an officer is -- is behaving
19 under the color of law and within good faith, qualified
20 immunity should be in play where personally an officer
21 isn't held liable.

22 Q Okay. Anything else about that training about,
23 kind of, excessive force and potential exposure that you
24 recall?

25 A Not that I recall.

1 Q Okay. And then, lastly, as part of the use of
2 force training, you mentioned documentation.

3 A Yes.

4 Q Is -- is that the response to resistance report?

5 A So there's a couple of forms of the
6 documentation. The -- the response to resistance report
7 is -- is documented within your -- your report -- your
8 initial report or your supplemental report to that case.

9 Q Uh-huh.

10 A There's a details page, which basically you just
11 go into detail on who was force used on, what type of force
12 were you experiencing, how did you response to that -- how
13 did you respond to that resistance, was there medical
14 treatment, did they go to the jail, did they go to hospital
15 or did they go to a mental facility. Those are the (audio
16 interference) that the use of force or the response to
17 resistance specific report.

18 Q Okay. Is there -- is there any other
19 documentation completed after a response to resistance?

20 A Not by the officer. There's a chain of command
21 review that's done.

22 Q You read a bunch of Bates numbers out for me at
23 the very beginning of documents that you'd reviewed.

24 Did you review -- when -- when you were reviewing
25 those documents, did you see all of the required reporting

1 as part of the documents that you looked at?

2 A You cut off on the first part, but I think you
3 were asking me about the documents we reviewed at the
4 beginning?

5 Q Yeah. Did you see everything that you were
6 required to complete? Is that all included in the
7 documents that you listed for me at the beginning?

8 A Yeah, so the only thing that wasn't in the packet
9 was my supplemental report from May 3030 -- May 30, 2020.
10 But the contents of that report was within a separate
11 document.

12 Q That was a part of the stack?

13 A Yes, ma'am.

14 Q Okay. Would you mind telling me which document
15 contains the May 30th supplemental report content.

16 A So it's the SIU report COATalley00370.

17 Q Okay.

18 A And I'll get you a page number.

19 Page 11 and 12.

20 Q Okay. Thank you.

21 A Yes, ma'am.

22 Q According to your training from APD, are
23 individuals who protest committing an offense?

24 A No.

25 Q Okay. Is presence at a protest cause for

1 detainment or arrest?

2 A No.

3 Q What if the individual at the protest yells, is
4 that cause for detainment or arrest?

5 A It depends on what's being yelled.

6 Q What if they're yelling verbal insults at the
7 police?

8 A No.

9 Q Okay. What if the person at the protest throws a
10 rock, is that cause for detainment or arrest?

11 A Yes.

12 Q Okay. Is it cause for both detainment and
13 arrest?

14 A Yes.

15 Q Okay. What if the individual at the protest
16 throws a water bottle, is that cause for detainment?

17 A Yes.

18 Q Is that cause for arrest?

19 A It could lead to an arrest.

20 Q Is it black and white, always cause for arrest,
21 if someone throws a water bottle at a protest?

22 A No.

23 Q Okay. What are the circumstances that would make
24 it cause for arrest versus not?

25 A Sure. If the water bottle injures somebody; if

1 the water bottle leads to -- to further assaultive
2 behaviors; if the water bottle isn't just a water bottle,
3 if it's a water bottle full of urine; or if it's a -- you
4 know, a water bottle, like I mentioned, with dry ice on it
5 that causes a small explosion.

6 A water bottle in itself can -- can -- is not
7 always just a water bottle. It can also cause some serious
8 injury so you would want to detain or -- or arrest a person
9 that's doing that.

10 Q Okay. I'm going to jump ahead. And if we need
11 to -- if I need to re-ask this question later, I can, but
12 let me see if we can just get to it right now.

13 There was not cause to arrest Tyree Talley in the
14 incident that we're here about; is that correct?

15 A I would disagree with you.

16 Q Okay. I'm going to revisit that -- that
17 conversation in a little bit. Okay?

18 Is it cause for detainment if someone throws a
19 paper clip?

20 A It could poke somebody in the eye, cause --

21 Q Okay.

22 A -- an injury. If somebody was offended by it,
23 it's still an assaultive behavior.

24 Q So the -- the effect of the object thrown is an
25 important consideration when deciding whether throwing an

1 object is cause for detainment or arrest?

2 A The setting, I would say.

3 Q The setting? Is that what you said?

4 A Yes.

5 Q Okay. Okay. What if someone throws a paper clip

6 toward the police at a protest and it doesn't hit anyone,

7 it falls to the ground? Is that cause for detainment or

8 arrest?

9 A So you can, but it -- it would be something that

10 would be very unfruitful when comparing it to the -- to the

11 overall circumstances of hundreds and hundreds of people.

12 You can't go out and detain somebody for throwing a paper

13 clip.

14 Q It's a --

15 A You could --

16 Q -- waste of time?

17 A It's a waste of time, yes, ma'am.

18 Q Okay. Does an individual give up their right to

19 be free from excessive force by participating in a protest?

20 A No.

21 Q Okay. Does an individual give up their right to

22 be free from excessive force if they throw an object?

23 A No.

24 Q That's always a right someone has to be free from

25 excessive force?

1 A I would agree.

2 Q Okay. Let's talk about communications training.

3 What training did you receive from APD about
4 communicating with crowds?

5 A So other than just being a presence on scene,
6 when I was downtown, we used a lot of flashlights and
7 whistles as a means to communicate or disperse a crowd.

8 Q How did you use a flashlight?

9 A So you would put it on stream -- or the -- the
10 strobe effect and flash it at somebody's face to gather
11 their attention. Usually somebody who's on (inaudible)
12 isn't carrying a flashlight, but I think most reasonable
13 people know that cops carry flashlights.

14 So if there's a flashlight in your face or
15 shining in your face, a reasonable person would know that
16 it's a police officer trying to grab your attention.

17 Q Okay. Interesting. I actually wanted to ask you
18 later on, in one of the videos, I see someone on the bridge
19 with a flashlight. I thought they were targeting people.

20 Do you think it's more likely that they were
21 trying to get the attention of the person they were
22 flashing the light at? Or you don't know?

23 MR. BARTON: Object to the form.

24 THE WITNESS: It's --

25 Q (BY MS. JOSEPH) And I can --

1 A -- highly probable that they were trying to grab
2 their attention. That's in my experience and my training.

3 Q Interesting. Okay.

4 And what do you do with whistles?

5 A Again, you know, some -- a regular person on 6th
6 Street is not necessarily carrying whistles. Cops are --
7 are known to carry whistles during traffic, you know,
8 control. It's -- it's something that's easily identifiable
9 to -- to surround people that there's police presence.

10 So if you're -- if you're -- you see a fight
11 starting or you're walking your way to your -- to a fight,
12 the whistle is a way to announce to that group of people
13 that the police are coming.

14 Q Okay. Anything else in the -- in your training
15 other than flashlights and whistles?

16 A Just regular command presence, using your voice.

17 Q Are you taught to give a warning before shooting
18 someone?

19 A No.

20 Q Okay.

21 A Sorry, are you -- are you referring to impacting
22 somebody or shooting somebody with a deadly weapon/firearm?

23 Q Is there a difference?

24 A There is.

25 Q Okay. Are you taught to give a warning before

1 impacting someone with a kinetic progenetic tile?

2 A You give a warning when feasible, yes, ma'am.

3 Q Okay. And are you taught to give a warning
4 before shooting someone with a firearm equipped with
5 standard bullets?

6 A No. If you can, and time permits, you would want

7 to. I would want to. But it's not part of the training

8 where you have to identify yourself three times before

9 shooting somebody.

10 Q Okay.

11 A Or a shotgun -- I'm sorry, for a less-lethal

12 shotgun, you're supposed to give a three-part warning of

13 impact, impact, impact.

14 Q Okay. And is that the full content of the
15 warning -- impact, impact, impact -- or is there more to
16 it?

17 A It's either that or impacting, impacting, but
18 it's one -- it's basically just saying impact, yes, ma'am.

19 Q Okay. Is that -- if you know, is that more for
20 other officers who may be around you or for the benefit of
21 the subject?

22 A For the officers around you.

23 Q Okay.

24 A The -- the shotgun, the less-lethal bean bag
25 rounds, does sound like a regular shotgun round going off,

1 so you don't want to cause a sympathetic response to an
2 officer who may be armed with their pistol to think that
3 the bad guy or the suspect is shooting at you. So the
4 impact, impact, impact tells other people around you that
5 this next loud boom or pop you're going to hear is a
6 less-lethal.

7 Q Okay. Separate from the four levels of
8 resistance that we talked about, was there specific
9 guidance from APD as of May 30th, 2020, that told you under
10 what circumstances you were allowed to discharge a shotgun
11 containing kinetic bean bag rounds?

12 A Yes.

13 Q And what were those circumstances?

14 A Anybody participating in a riot, which would be
15 somebody engaged in criminal mischief, somebody engaged in
16 assault -- assaultive-type behaviors, those were the two
17 main guidances that we had.

18 Q And is that -- was that written policy or was
19 that instruction that day?

20 A Both. So there was policy for -- I can't
21 remember if it was mobile field force, but there -- there
22 is a policy -- there was a policy that stated that you
23 could use a less-lethal for -- for those circumstances, but
24 also verbal direction from the chain of command as we
25 gathered -- as we all gathered getting ready to deploy into

1 the protest.

2 I think you froze. There you are.

3 Q Okay. You just came back.

4 So you were talking about verbal direction from
5 the chain of command and then I couldn't hear you anymore.

6 A So I said that -- you asked if it was policy or a
7 verbal command. I said it was both. There was policy --

8 Q Okay.

9 A -- in place where you -- you could -- you could
10 respond to riotous behavior with a less-lethal shotgun, but
11 it was also verbal guidance on that day before we all
12 gathered and deployed to the protest.

13 Q Okay. What is criminal mischief?

14 A The -- the intentional damaging of personal or
15 public property.

16 Q Okay. It's related to property?

17 A Yes.

18 Q Okay. So neither Mr. Rodriguez, nor Mr. Talley
19 was engaged in criminal mischief that day that you were
20 aware of?

21 A I -- I don't know what they did beforehand, but
22 that I'm aware of for the short interaction that I had with
23 Mr. Talley, I would not say that he was involved in
24 criminal mischief.

25 Q Okay. And what -- you referenced assaultive-type

1 behaviors. Tell me more specifically what assaultive-type
2 behaviors you were instructed justified the use of the
3 less-lethal shotgun?

4 A Anybody throwing water bottles, rocks, homemade
5 explosives, fireworks. Anybody who was doing something
6 other than peaceful gathering where their actions could
7 result in -- in -- injury.

8 Q What other times, other than what you just
9 described to me, did APD instruct that constituted
10 circumstances under which you could fire the less-lethal
11 shotgun at a -- at a person?

12 A I'm sorry, can -- can you rephrase.

13 Q Yeah. So a minute ago I asked you, other than
14 the four different levels of response to resistance that we
15 talked about, were there other circumstances that APD
16 permitted firing the less-lethal shotgun?

17 And you told me about some. And I just want to
18 ask if there are anymore that you can think of?

19 A Yes, ma'am. There -- there's training that we
20 received for what's called a barricaded subject or
21 hasty-react training, which a less-lethal is a big
22 component to that.

23 THE REPORTER: I'm sorry, that was -- I'm
24 sorry that was called barricaded or AD?

25 THE WITNESS: Barricaded subject or

1 hasty-react.

2 Q (BY MS. JOSEPH) Does that have any -- in your
3 mind, does that have any relevance to the events we're
4 talking about today?

5 A Yeah, because the person doesn't necessarily have
6 to be posing a physical threat to be impacted. So a
7 barricaded subject is an armed person that's in some type
8 of enclosed space, or somebody who is armed in such a way
9 that an open space would be unsafe for officers to
10 approach. So you would deploy the hasty-react team, which
11 is four officers, one of them being a less-lethal
12 shotgun-equipped officer.

13 Part of that training you're taught to draw a
14 line in the sand of, if the subject passes the line in the
15 sand and is still non-compliant, he can be impacted -- or
16 they can be impacted.

17 Q Any other circumstances that APD authorizes use
18 of the less-lethal shotguns that you haven't already told
19 me about?

20 A Not that's taught to patrol. There are other
21 instances where specialized units are allowed to use a
22 less-lethal shotgun to break a window at a house or use it
23 to -- to do like an attention-gathering technique, whether
24 they deploy a bean bag to the door to -- to get -- to -- to
25 gain somebody's attention who's inside.

1 Q Okay. We talked a lot about the analysis of
2 whether to fire and what sort of force to use.

3 Is there anything else within APD policies and
4 procedures that informs your -- an officer's decision of
5 whether to discharge the so-called less-lethal shotgun?

6 A No, just policy and SOPs.

7 Q And did we already talk about what those entail?

8 A The -- the SOPs, I don't think we have, but
9 it's -- it's --

10 Q Okay.

11 A -- basically just policy, where it's just very
12 specific on standard operating when you're facing this --
13 when you're facing a certain situation, then these methods
14 are -- are approved.

15 So I believe there's a standard operating
16 procedure for mobile field force which included
17 less-lethals, but that's also in policy.

18 Q Do you typically need supervisor approval before
19 using a less-lethal shotgun?

20 A No.

21 Q I think you talked earlier about there having
22 been some written policy and some verbal orders that were
23 governing conduct -- conduct on May 30th, 2020. I want to
24 talk briefly about the interplay between a verbal order and
25 a written policy.

1 So is it accurate that a verbal order about a
2 specific situation trumps written policy if there's a
3 disagreement between the two?

4 A Yes.

5 Q Okay. What if an officer disagrees with a verbal
6 instruction that he's given? What is that officer to do?

7 A Sure. So there's policy that states that you
8 apply a separate equal level supervisor that's issuing
9 that -- that order, discuss it with them; and then if the
10 order stays, the officer is to -- to comply with the order
11 un -- or else they're insubordinate.

12 Q Okay. And you referenced it, but I want to
13 really make sure we're clear on what the order was on
14 May 30th, 2020.

15 It's my understanding that the order was to
16 impact or target, with the less-lethal shotgun, anyone
17 who's throwing an object -- or anyone who threw an object.
18 Is that accurate?

19 A People involved in riotous behavior, which to
20 include people throwing things at protestors or officers.

21 Q So, I mean, what did they say -- so you get to
22 the bridge, you report. What does your superior say to
23 you? I mean, do they use the term "riotous behavior"? Or
24 are they kind of more casual and give some, kind of,
25 layperson language in terms of, here's what I want you to

1 do?

2 A Well, the -- the brief happened before we got to
3 35 bridge.

4 Q Okay.

5 A I -- I -- I responded downtown around -- excuse
6 me -- around 2:30 and met with the on-scene commander in
7 the parking lot of Republic Square Park where those --

8 Q Uh-huh.

9 A -- were -- our guidelines were issued to us.

10 And, no, he -- he used riotous behavior, riot, assaultive

11 behavior, people damaging property. Those were very

12 specific things that were told to us.

13 Q Okay. We talked about the response to resistance
14 report.

15 As of May 30th, 2020, what was the timeline that
16 an officer had for completing one of those reports
17 typically?

18 A So it kind of -- it changes. It's for downtown
19 officers who -- who have a response to resistance
20 (inaudible). Their chain of command, it's kind of
21 understood to that chain of command that the next day they
22 can come in and write the report after reviewing video --
23 body cam video or HALO footage.

24 However, some on patrol don't really have that
25 benefit, especially at the time for 2020, because the

1 technologies wasn't that great. We were monitoring -- or
2 you would review your body camera on your city cell phone
3 or on a computer, and that took a long time to -- to
4 upload.

5 But other than that, downtown area officers,
6 you -- you were supposed to fill out a response to
7 resistance that same day unless a supervisor gives you
8 permission not to.

9 Q Okay. And in this specific instance on May 30th
10 2020, did a supervisor or commanding officer say that the
11 reports did not have to be completed according to the
12 normal timeline?

13 A I don't think there was specific timeline
14 adjustments or anything like that, no.

15 Q Okay. All right. So you reported to -- I don't
16 know this park. I can't remember the name of it. What was
17 it called?

18 A Republic Square Park. It's the one right in
19 front of the federal courthouse.

20 Q Okay. You reported to Republic Square Park about
21 2:30. Were you already scheduled to be on duty at that
22 time?

23 A Yes, ma'am.

24 Q Okay. Had you already been working?

25 A My shift started at 2:00.

1 Q Okay. So where did you -- where were you coming
2 from when you went to Republic Square Park?

3 A The south substation, south Austin.

4 Q Okay. And what happened when you got there?

5 A We waited -- so when we started our shift, once
6 we finish loading up is when the order for the mobile field
7 force deployment came down. So we responded and basically
8 staged in the parking lot until all the other officers
9 arrived.

10 Q How long do you think that took?

11 A I don't -- I'm not sure, because while we were
12 there and while we were getting our briefing, the DPS
13 troopers at the capitol got overran, so we all responded to
14 the capitol. Thirty to 35 minutes maybe.

15 Q Okay. So you went over to the capitol. Did you
16 go over there in a police car?

17 A I don't remember -- so we arrived at Republic
18 Square Park in our car, but at some point, we all got
19 loaded into CapMetro buses. And I can't remember if we
20 went from the parking lot to the capitol in the bus, but I
21 know we left the capitol -- or went from the capitol to 35
22 in the bus. I don't remember if we drove there or not.

23 Q Who -- was there someone else in your car with
24 you when you first -- first arrived?

25 A Yes, ma'am. I was doubled with a shift mate.

1 Q Who was that?

2 A Timothy Cobaugh.

3 Q Okay. Did you stay with Officer Cobaugh most of
4 the day?

5 A So we got split up on the buses, and then the
6 initial wave of trying to get 35 back, we were split up.
7 And it wasn't until we took a break that we found each
8 other, again, and then kind of just stuck together for the
9 rest of the night.

10 Q Okay. When did you take a break?

11 A It was a long time. We got to 35 -- maybe 30
12 minutes after we got to the capitol. And then from there,
13 we were probably on 35 for another four and a half, five
14 hours before we took a break.

15 Q Uh-huh.

16 A Maybe not that long. Maybe three and a half to
17 four. We were there for a while.

18 Q Okay. So you probably had five, six hours of
19 pretty intense response behavior at the capitol, and then
20 at I-35 before you really had a break?

21 A So once we got to the capitol, there (audio
22 interference) BPOT team was -- they would have kind of
23 cleared the grounds. The capitol has fences all the way
24 around, so they were able to kind of just lock the gates.
25 So we weren't at the capitol very long. And we didn't

1 really experience much of the -- much of what was going on
2 as the other officers on 35 were so we got redeployed to
3 35.

4 So from when we got to 35, 3:30, 4 o'clock until
5 we left shortly before midnight I think. About nine hours
6 and we probably only had a 25-minute break.

7 Q Okay. This is what my mind goes to, I'm sorry,
8 if it's kind of personal. But how were you guys using the
9 restroom, like, if you weren't able to take breaks?

10 A Yeah, we were sweating most of the liquid that we
11 had in us.

12 Q Yeah, okay. It was hot?

13 A Very hot. No tree cover on 35.

14 Q And you're wearing your standard uniform plus
15 some additional tactical gear?

16 A The only additional is the -- the Kevlar helmet
17 with the face mask.

18 Q You didn't have an extra vest on or anything?

19 A No, ma'am, but we did have our long sleeves,
20 which is part of the protest uniform that we're supposed to
21 wear.

22 Q Okay. When you got dressed that day to report to
23 work, did you know that it was likely that you would be
24 responding to a protest?

25 A Yes.

1 Q How did you know that?

2 A Because I volunteered to.

3 Q Okay. And this was Day 2 so the protest had
4 already been going on?

5 A (Nods head up and down.)

6 Q Okay.

7 A Yes, ma'am.

8 Q Why did you volunteer?

9 A As the senior officer on my shift, I had more
10 experience in crowds, maneuvering in crowds, responding to
11 hostile crowds compared to the younger men and women on my
12 shift, that I didn't want to put younger officers in a
13 position where they were -- they were experiencing that for
14 the first time in such a large capacity.

15 Q Uh-huh. Because it ended up that everybody was
16 out there anyway; is that right?

17 Everybody available ended up going?

18 A I -- I believe so. Individual shifts kind of
19 governed who went towards the end of the night. I had
20 (audio interference) supervisors that kept our -- our
21 younger officers on the streets taking calls versus
22 responding to downtown that night.

23 Q You talked to me about the language that was used
24 in the verbal orders that were given at the park.

25 What was the chain of command there? Like,

1 who -- do you recall who the speakers were giving orders?

2 A I do. Lieutenant Christopher (inaudible). I

3 believe he's the commander now. He was the main commander

4 or supervising officer on the scene that day.

5 Q Would you say his last name again.

6 A Yes, Lelux. It's spelled L-E-L-U-E-X.

7 THE REPORTER: And earlier was that Timothy

8 Cobal?

9 THE WITNESS: C-O-B-A-U-G-H.

10 THE REPORTER: Thank you.

11 Q (BY MS. JOSEPH) And did then Lieutenant Lelux,

12 did he remain the person in charge of you when you were on

13 the bridge?

14 A No.

15 Q Who became your senior commanding officer on the

16 bridge?

17 A Yeah, so part of the -- the mobile field force is

18 that multiple officers are condensed into separate teams,

19 and each team had a set of supervisors. It changed because

20 everything is so dynamic, but -- I don't remember what her

21 name was, but she was a -- a corporal at the time. She was

22 a -- my mobile field force supervisor or team leader for a

23 majority of the time until nighttime, until after the

24 break.

25 Q Okay. And so it was somebody different from her

1 when the Rodriguez and Talley incidents occurred?

2 A I believe so, because after the break, I didn't
3 see her again.

4 Q Okay. Do you know who it was after that?

5 A No, ma'am.

6 Q Was the commanding officer -- one second, my ear
7 plugs just died.

8 Can you hear me?

9 A Yes, ma'am.

10 Q (Audio interference) kind of circulating (audio
11 interference) interacting with you? Any other officers?

12 THE REPORTER: I'm sorry, I'm only getting
13 part of what you're saying.

14 MR. BARTON: Can't hear.

15 THE VIDEOGRAPHER: Should I maybe take us
16 off record while we troubleshoot?

17 Yeah that's the best bet. We are now going
18 off the record. It's now 12:08 p.m.

19 (A break was taken from 12:08 p.m. to 12:16 p.m.)

20 THE VIDEOGRAPHER: We are now back on the
21 record. It is now 12:16 p.m.

22 Q (BY MS. JOSEPH) Officer, we took a short break.
23 I had a technical issue with my head phones, but back on.

24 Let's talk further about the day of the incident,
25 May 30th, 2020. Okay?

1 A (Nods head up and down.)

2 Q What did you understand your objective to be as
3 you stood on the bridge in front of the police headquarters
4 in your -- in your riot helmet holding that shotgun?

5 A Yeah, to protect the First Amendment, allow for
6 people who are out there peacefully protesting and
7 demonstrating to do so peacefully without a risk of being
8 injured.

9 MS. JOSEPH: Can you hear music?

10 (A brief discussion was held off the record.)

11 Q (BY MS. JOSEPH) Now, what did you think of these
12 protestors?

13 MR. BARTON: Object to the form.

14 THE WITNESS: I felt that they were
15 exercising their right. I didn't have any -- any personal
16 opinion one way or the other.

17 Q (BY MS. JOSEPH) When you looked down at them
18 from the bridge, what did you see? Did you see
19 individuals? Mothers? Fathers? Brothers? Sisters? Did
20 you see a group that was putting you on edge and making you
21 work extra hours?

22 Kind of tell me what your perception was when you
23 looked down at this crowd.

24 MR. BARTON: Object to the form.

25 THE WITNESS: So it's -- it's all

1 situational. Everybody is an individual until everybody --

2 until a lot of people start working together. There were

3 people peacefully protesting, there were people -- there

4 were people out there with their kids, and then there were

5 people out there that, from the second they got to the

6 protest, their -- their goal was to incite violence, to

7 incite particular reactions from people.

8 Q (BY MS. JOSEPH) You knew about George Floyd's
9 murder?

10 A Yes.

11 Q Did you know, at this time, about Mike Ramos
12 having -- having been killed during an interaction with
13 Austin Police Department in April?

14 A Yes.

15 Q Did you know as you were standing out there that
16 other police departments around the country had been
17 vandalized or set on fire?

18 A Yes.

19 Q So I asked you before how you felt about the
20 protestors, but now I'm just kind of -- how did you feel
21 about being out there and being a part of the Austin Police
22 Department's response to the protest?

23 Was it exciting? Was it scary? I know you had
24 experience, you know, in -- in responding in crowds. Just
25 kind of tell me what it felt like to be out there.

1 A It was a wide array of emotions. I was -- I was
2 proud that I was able to be there and -- and participate in
3 such a large demonstration and -- and -- though my role
4 wasn't as a demonstrator, it was as a peacekeeper, that --
5 that brought some pride.

6 There were moments -- a lot of moments throughout
7 that night where it was scary. There was -- there was a
8 lot of things going on and a lot of situations that we were
9 put in that -- that weren't very safe, that on a -- on a
10 normal day would not -- would not happen. It was just a
11 very wide range of emotions.

12 Q Were you thinking about COVID?

13 A No, not really.

14 Q Yeah. Do you watch the news?

15 A I do.

16 Q Where do you get your news?

17 A Mostly the internet, but I follow a lot of local
18 reporters on -- on social medias. I -- I look at
19 Statesmen. I look at Fox 7. Austin Chronicle every once
20 in a while will have a very insightful article. I -- I
21 mostly focus on local news. That's what effects me the
22 most.

23 Q Uh-huh. Do you get your news from your social
24 media accounts?

25 A I follow some -- some news personalities, yes.

1 Q Have you watched the George Floyd video?

2 A I did.

3 Q What was your, kind of, emotional response or
4 feeling in response to that?

5 A I mirrored a lot of --

6 MR. BARTON: I was just going to object to
7 the form, but go ahead and answer.

8 THE WITNESS: I mirrored a lot of the -- the
9 frustrations that people had. I personally didn't --
10 didn't believe that the tactics employed were what was
11 taught on a national level.

12 Q (BY MS. JOSEPH) Going back to May of 2020, I
13 know you had been out responding to the protest on the 29th
14 and then you came back around 2:30 on the 30th.

15 How much time do you think you had between
16 working on the 29th and working on the 30th?

17 A Like time off?

18 Q Yeah.

19 A So we got off late that night. We got held over.
20 Supposed to get off at midnight. I think we got to the
21 front steps around 11:00, which is normally around the time
22 that we're wrapping up our shift.

23 I -- I don't recall exactly what time we got off,
24 but I did alter my -- my alarm the next morning to give me
25 a couple more hours of sleep. Normally I would have woken

1 up at my normal time and had breakfast, coffee, worked out,
2 and went in. And I definitely skipped my workout that day.

3 Q Do you think you got a restful night's sleep?

4 A Yeah, I think so.

5 Q Was there any kind of live communication

6 happening between you and other officers or you and a

7 commanding officer via, like, text message or following

8 somebody on Facebook live? Like, any way that you were,

9 kind of, keeping informed of what was going on in areas

10 other than right where you were?

11 A Day of protest or leading up to?

12 Q Let's say day of, the 30th.

13 A So other than radio communications, officers

14 communicating with each other, officers communicating with

15 the command staff, or our HALO camera operators, I was

16 monitoring some local Facebook lives when time permitted or

17 when it was safe to do so. So --

18 Q Uh-huh.

19 A -- responding to the capitol, I was watching. I

20 don't know if it was a local reporter or if it was one of

21 our -- our local -- sorry, I'm not sure if was a local

22 street reporter or if it was one of our local mainstream

23 reporters that I was watching, but I was watching a live

24 stream there.

25 From the capitol and 35, I was watching live

1 streams. Here and there, probably received some -- some
2 text messages about what was going down -- or going on
3 further down 35, because there were officers deployed at
4 Cesar Chavez and 35. Seeing what was still going on at
5 the capitol. I believe there was a small group over at
6 city hall.

7 So just kind of monitoring as much as I could via
8 like live streams Facebook live.

9 Q How were you finding the live streams that you
10 were watching?

11 A So I can't remember if it -- if it was -- if it
12 was a news live stream that I was watching. They just post
13 -- they posted it on their wall. So either KXAN or -- or
14 KVUE had a link.

15 If it was like a street reporter, I believe it
16 was -- somebody posted their link in a comment somewhere or
17 something along those lines. It wasn't anybody that I was
18 following previous. It was just somehow that day they came
19 up, whether the algorithm brought me to that particular
20 post or whatever it was.

21 Q Okay. If I'm being -- if I'm being -- thinking
22 positively, I think I probably have another hour to hour
23 and a half of questions that I need to ask you. And I do
24 hear, like, spy music in the background while we're
25 talking.

1 So let me ask you, would you like to take a
2 slightly longer break to get a bite to eat while I solve my
3 audio problem or would you rather just hold on a second
4 while I fix it?

5 A Personally, I would rather just muscle through
6 it.

7 Q Okay.

8 MS. JOSEPH: Then everyone please forgive
9 me, but I do need to ask to go off the record again while I
10 figure out what's happening.

11 MR. BARTON: Sure. And I -- you know, as
12 far as a break, I mean, if you need 10, 15, 20 minutes,
13 that's fine. Whatever -- whatever you need.

14 MS. JOSEPH: Okay. Sure -- if it -- it
15 won't take that long. I will find something -- I may find
16 a kid's headset to plug in, if I need to. I just need to
17 make the sound stop.

18 MS. LOPEZ: Yeah, I think I know what it is
19 as well, if we're off the record, Leigh --

20 THE VIDEOGRAPHER: We're --

21 THE REPORTER: We're not.

22 THE VIDEOGRAPHER: We're -- we're not yet
23 actually. One second.

24 We're now going off the record. It is now
25 12:27 p.m.

1 (A break was taken from 12:27 p.m. to 12:28 p.m.)

2 THE VIDEOGRAPHER: We are now back on the
3 record. It is now 12:28 p.m.

4 Q (BY MS. JOSEPH) Let's talk about kind of the
5 formation of -- of the police out there on May 30th, 2020.

6 I don't believe that the roads around police
7 headquarters were blocked; is that correct?

8 A I don't think they were. Not on -- not on the
9 30th.

10 Q Okay. And there weren't any barriers set up
11 outside the APD headquarters other than the line of
12 officers?

13 A I think they may have moved some of the water
14 barriers on to the steps. But if they did, it would have
15 been all at the bottom, not at the top of what we call
16 the -- the patio.

17 Q Okay.

18 A I don't remember if that was on the 30th or if
19 that was a couple of days before. I do remember seeing
20 them, but I can't recall if it was on the 30th or not.

21 Q Okay. No stall horses standing up out there?

22 A No.

23 Q Can you identify any specific measures, other
24 than the police line, that were taken to contain the crowd?

25 A The only containment that was set up was officers

1 on 35 to make sure the crowd didn't retake 35.

2 THE REPORTER: Sorry, did you say retake or
3 overtake?

4 THE WITNESS: Retake.

5 THE REPORTER: Thank you.

6 Q (BY MS. JOSEPH) And at the time that the
7 Rodriguez and Talley incidents occurred around the
8 9:00 p.m. hour, first half of that hour, I-35 was
9 functioning normally, right?

10 A No, it was condensed to one lane.

11 Q Okay. And are you aware of any police officers
12 having been tasked to directly interact with crowd members?

13 A (No verbal response).

14 Q Like, talk to people?

15 A I can remember officers engaging with -- with
16 people out there that were protesting. I can't remember if
17 it was on the 30th or not. I don't recall when that
18 happened. If there was like a specific communications
19 officer, no.

20 Q Okay. Do you know the distance from the top of
21 the bridge on I-35 where you were standing straight down to
22 the ground?

23 A I don't, no.

24 Q Would you agree that the way that you guys were
25 instructed to set up with the row of police officers on

1 what you-all call -- is it the patio?

2 A Uh-huh.

3 Q And the row of police officers on 35, you had
4 kind of walled in the majority of the crowd out there that
5 day?

6 A I --

7 MR. BARTON: Object to the form.

8 THE WITNESS: I would not agree.

9 Q (BY MS. JOSEPH) Okay. The crowd has police
10 officers on two different sides of them?

11 A Are you -- are you asking me --

12 Q Is that true?

13 A -- or are you --

14 Q Yeah, that's a question.
15 Is that -- is that accurate?

16 A No.

17 Q No? Okay.

18 But you did -- you did have officers set up on
19 the bridge?

20 A Yes.

21 Q That were facing headquarters?

22 A Yes, ma'am.

23 Q Okay. And then you had officers in front of
24 headquarters that were facing northeast?

25 A It would have been east.

1 Q East?

2 A (Nods head up and down.)

3 Q Okay. Okay. So the officers at headquarters are
4 facing east and the officers on the bridge are facing west?

5 A Yes.

6 Q Okay. And there's people in between?

7 A Yes.

8 Q Okay -- the okay. Let me pull up some video.

9 So this is -- this is from the video

10 Bates-labeled COA4616, which I believe is your body-worn
11 camera. I'm going to play from the beginning, but I'm not
12 going to play the entire video.

13 Can you tell from the screen that you see now,
14 having watched some of your body worn camera footage
15 before, if this is indeed your body worn camera?

16 MR. BARTON: I'd just like to state an
17 objection, I guess would be appropriate thing. We are not
18 seeing anything but kind of a blue flower.

19 MS. JOSEPH: Oh. Thank you.

20 All right. Just a minute.

21 MR. BARTON: And can you read, just at -- at
22 your convenience, the time stamps as we go forward.

23 MS. JOSEPH: I will. And like I said, I'm
24 going to start at the beginning, but I will read some.

25 Q (BY MS. JOSEPH) All right. How is that? Do you

1 see the --

2 (Simultaneous speakers).

3 A Yes, that looks like my body camera.

4 Q Okay. All right. Great. So I'm going to play
5 this body camera labeled 4616 from the beginning. And I'll
6 pause along the way, so that we can talk about it a little
7 bit.

8 (Video was played.)

9 Q (BY MS. JOSEPH) So I'm going to pause right here
10 at 5 seconds in.

11 And I don't see any protestors on 35 right now;
12 is that correct?

13 A That's what it appears on the camera, yes.

14 Q Okay.

15 (Video was played.)

16 Q (BY MS. JOSEPH) I'm going to pause again at 9
17 seconds and ask if you can tell or if you remember who the
18 officer that we see here is, the -- the guy on your left?

19 A That would be my partner, Timothy Cobaugh.

20 THE REPORTER: I am so sorry, I need like 3
21 seconds. If you could pause for, like, 3 seconds.

22 MS. JOSEPH: Sure.

23 THE REPORTER: Okay. Sorry about that.

24 Q (BY MS. JOSEPH) I'm actually going to go back to
25 the beginning. And the question I want to ask you,

1 Detective, is are you sure that the road is down to one
2 lane at this point?

3 So let me play the beginning part, again, where
4 we can see behind you.

5 (Video was played).

6 A It looks like it's the number one lane that's the
7 only one that's open.

8 Q Okay. So somewhere north of where you're
9 standing, I-35 has been reduced to one lane?

10 A Yes, ma'am.

11 Q Do you know how it was done? Like, with a car or
12 with police officer bodies or...

13 A I believe it was cars and cones.

14 Q Okay. Okay. I'm going to advance the video to
15 1:53. And something is going to happen at about the 2:16,
16 2:17 mark. And I want to see, if we watch the next couple
17 of minutes together, if you can help me figure out what --
18 what happened. Okay?

19 So I will direct your attention really to right
20 in front of headquarters here.

21 (Video was played).

22 Q (BY MS. JOSEPH) I'm going to pause here at 2:19.
23 And I think from watching and listening to your camera,
24 later at about the 2:18 -- at about the 2:18 mark in the
25 top right, like, the -- the timestamp, you're going to talk

1 about a flare. And you say something like "flare came
2 from."

3 And I don't know if you can tell from right now
4 or if I need to ask you again after I show you more video,
5 do you think that's what just happened right now that
6 somebody threw a flare or ignited a flare?

7 A Yeah, you could actually see it on the camera a
8 couple of seconds before this. If you're looking at the
9 One Austin Together banner, you go all the way to the left
10 to the edge of that corner, trace that all the way down the
11 floor, behind that tree, you'll see a flare kind of arch
12 over and land on the patio.

13 Q Okay. Can you see my mouse?

14 A Can you shake it?

15 Q My -- my arrow?

16 A Yep, I see it now.

17 Q Is this the tree you're talking about?

18 A No, ma'am. You've got to go further to the left.
19 It's the big tree.

20 That one.

21 Q This one back here?

22 A Yes, ma'am.

23 Q Okay. So you're able to see something thrown
24 from there and land somewhere on the patio?

25 A Yes, ma'am. You -- you see it arch from where

1 that tree is over -- like you see it arch on the wall.

2 You'll see the -- the lit flare on the background of the
3 brick wall and then land on the patio.

4 Q Okay. And do you have any idea where Mr. Talley
5 was when that happened?

6 A From watching the HALO camera, but not from
7 personal experience from that day.

8 Q Yeah. So can we -- can we agree that he didn't
9 throw the flare?

10 A I mean, what's the time frame from the flare to
11 when Mr. Talley got impacted is a few seconds. I don't
12 know -- I mean --

13 Q Yeah. If you don't know, that's okay.

14 A Yeah.

15 Q Okay. So I'm going to restart. And I think we
16 will see the Talley incident within about 20 seconds of
17 when I restart, so that's -- that's what we're looking for
18 now.

19 So I'll direct your attention to the road in
20 front of headquarters. Okay?

21 THE WITNESS: How do I make this big screen
22 like yours?

23 Sorry, I'm trying how to make your screen
24 bigger on my screen.

25 MS. JOSEPH: Okay.

1 MR. BARTON: Yeah, his screen is --

2 THE WITNESS: Still shows all the

3 participants at the top.

4 MR. BARTON: -- different than mine, yeah.

5 THE WITNESS: There it goes.

6 MR. BARTON: Okay.

7 THE WITNESS: Okay. I'm ready --

8 Q (BY MS. JOSEPH) Got it?

9 A -- sorry about that.

10 Q Okay. So I'll restart playback. And just for
11 reference, on the video playback timestamp, we're at
12 2 minutes and 19 seconds.

13 (Video was played).

14 Q Are you able to see Mr. Talley on the ground in
15 the intersection?

16 A I think our (inaudible) lighting. I just see
17 Officer Cobaugh right next to me.

18 Q Oh, okay. Let's see, let me play it a little
19 further.

20 (Video was played).

21 Q (BY MS. JOSEPH) How about now?

22 A No, ma'am. There's really no (audio
23 interference). It's just me looking up toward (audio
24 interference).

25 THE REPORTER: He's cutting out really bad.

1 MS. JOSEPH: Okay. There's also some --
2 there's a disconnect between what I'm seeing and what the
3 officer is seeing, so I'm going to stop the share.

4 Q (BY MS. JOSEPH) And did you see, kind of, what
5 I'll refer to as the "Talley incident," Mr. Talley coming
6 out and being impacted?

7 A Not in the video that was just playing.

8 Q No? Okay.

9 Let me try to reshare.

10 All right. So right now, you should see kind of
11 a blurry picture that has Officer Cobaugh in it. I'm going
12 to start playing at 2:44 on the playback bar and see if we
13 are synced up again.

14 (Video was played).

15 MR. BARTON: (Inaudible) stop for just a
16 second.

17 MS. JOSEPH: Sorry?

18 MR. BARTON: I think the timestamp on the
19 AXON body timestamp if you --

20 MS. JOSEPH: Uh-huh.

21 MR. BARTON: If we can match that up because
22 I'm -- I'm not sure if your elapsed time is the same as
23 ours, even though you are sharing your screen. I don't
24 know why they'd be any different, but it seems like AXON
25 body stamp is easier for us to reference.

1 MS. JOSEPH: Okay. I don't mind doing that.

2 Q (BY MS. JOSEPH) So I just backed it up to where
3 the AXON body stamp that I see is 2:17:09.

4 A Yes, I'm seeing the same.

5 Q Okay.

6 (Video was played).

7 Q (BY MS. JOSEPH) So I just paused it after
8 Officer Cobaugh started shooting at Mr. Talley.

9 Is that what you just saw happen?

10 A No, we're -- we're at 2:17:30, 2:17:31, 2:17 --
11 17:32. It's still playing. It's live.

12 Q Okay.

13 A He -- on my end, he just raised his shotgun and
14 fired the first round and now it's paused --

15 Q Okay. All right. You --

16 A 2:17:38 is what we see.

17 Q Okay. Okay. Thank you. I've never had this
18 happen before, so thanks for bearing with me as we try to
19 make sure we're seeing the same thing.

20 So I believe that what we just saw on the video
21 is Officer Cobaugh firing, what appears to be targeting Mr.
22 Talley. Is that what you saw?

23 A Right now on my screen, all I can see is Officer
24 Cobaugh raising his less-lethal and firing a round. I'm
25 not -- my angle on the camera doesn't show who he was

1 targeting.

2 Q Okay. Okay. And at around this time, you are
3 communicating via radio for the Frank sector. And you're
4 trying to get in touch with somebody; is that right?

5 A So the first thing that I say is "Frank 601,"
6 which is my unique identifying call sign.

7 Q Okay.

8 A It's broken up into three different sections. So
9 the letter in a call sign is going to indicate what sector
10 you work, which is -- mine is Frank. The next number is
11 going to indicate what shift you work, which was Frank
12 600s. And of the Frank 600s, I was the first call sign, so
13 Frank 601.

14 So any time an officer talks on the radio,
15 they're identifying themselves to whoever they are talking
16 to. At that moment, I was talking to HALO trying to
17 communicate to them where the flare had just been thrown
18 from.

19 Q Okay. Okay. So you're not the designated radio
20 guy. You're just -- you're the person who happens to be
21 doing this?

22 A There is no designated radio guy.

23 Q Okay.

24 A Yeah, I just had -- I saw it come from over there
25 and report it.

1 Q Okay. So when the Talley incident happens, your
2 attention is kind of split between the radio communication
3 that you're engaging in and observing Mr. Talley; is that
4 accurate?

5 A Multitasking. Yeah, we're -- we're trained to be
6 able to multitask and scan various different areas at the
7 same time.

8 Q Okay. And that's what you're doing. You're --
9 you're multitasking?

10 A Yes.

11 Q Okay. And I'm going -- I'm going to play now
12 from the 2:17:38 marked on your body cam stamp. I'm going
13 to play just the rest of the incident to about the 2:38
14 mark where I tried to stop it before. Okay?

15 MR. BARTON: Okay. And let me just make an
16 observation. It's not really an objection. But, like, his
17 screen is different than the one I'm even seeing. And I
18 don't know why, but the screen that he has there's a green
19 outline of the video. And it says "You are viewing Leigh
20 Joseph's screen."

21 And my screen, which is on a computer right
22 next to him, does not have that but the -- the image looks
23 to be the same. But, anyway, there's something kind of odd
24 about the way this video is displaying.

25 MS. JOSEPH: Okay. I wonder if -- I mean,

1 would -- would we be better off if he looked at your
2 screen, Monte?

3 MR. BARTON: I really -- I don't know. I
4 just know that the -- it seems like there's a difference.
5 Mainly, it's this green box.

6 MS. JOSEPH: Okay.

7 MR. BARTON: And -- and I've --

8 MS. JOSEPH: Did --

9 MR. BARTON: -- not had that happen before.
10 Usually, it's two screens are -- you know, show the same
11 thing, so...

12 MS. JOSEPH: Did you also have a lag when I
13 played the video?

14 MR. BARTON: I did. Yeah, I had the same
15 lag that he had.

16 MS. JOSEPH: Okay. Let's -- let's go off
17 the record for a second and consult our -- our
18 videographer.

19 MR. BARTON: Okay.

20 THE VIDEOGRAPHER: Copy that -- I'm sorry,
21 let me -- okay. Copy that. We are now going off the
22 record. It is now 12:50 p.m.

23 (A break was taken from 12:50 p.m. to 12:55 p.m.)

24 THE VIDEOGRAPHER: We are now back on the
25 record. It's now 12:55 p.m.

1 Q (BY MS. JOSEPH) All right. So we're going to do
2 the best we can. I think what's going to have to happen is
3 you'll have to remind me if I stop the video and I try to
4 start talking about it and it hasn't stopped playing on
5 your end. Okay?

6 But I'm going to --

7 A Yes, ma'am.

8 Q -- try to give you a minute to let your video
9 finish before I -- before I talk.

10 A Yes, ma'am.

11 Q So -- thank you, sir.

12 So I'm going to go back to about...

13 A 2:17:38 is when we stopped it last.

14 Q Okay. I can't quite there. I'm at 2:17:34.

15 Okay? All right. Here we go.

16 (Video was played).

17 Q Okay. I paused at 2:17:43. Tell me when you're
18 there.

19 A We're -- we're there.

20 Q Okay. What are -- I see, I believe, your
21 so-called less-lethal shotgun in the frame. And I can't
22 tell if you're shooting it or doing something different.

23 Can you tell me what's happening with your weapon
24 in the -- in the seconds that we just watched.

25 A Yeah. So it seems like it skipped over some

1 lags, because when I reviewed the videos a little bit
2 clearer, this is very choppy. There -- I know when I
3 reviewed the video, there's at one point where I am firing
4 a less-lethal, and then there's another point where I'm
5 either -- I'm checking it to see whether or not it's loaded
6 or -- or adjusting the sling. But this particular video
7 segment that we just watched is hard to tell.

8 Q Okay. But you know from a prior viewing of your
9 body camera video that you did fire the bean bag rounds
10 toward Mr. Talley?

11 A Yes.

12 Q Okay. Do you know how many times you -- you
13 shot?

14 A I fired one round at Mr. Talley.

15 Q Okay. And was there an issue with the weapon
16 that you were trying to address?

17 A I don't remember.

18 Q Okay. We talked about you and we talked about
19 Officer Cobaugh. Are you aware of any other officers who
20 you saw firing toward Mr. Talley, targeting Mr. Talley?

21 A I did -- sorry. Day of, no. Just kind of since
22 the three years since then -- yes, I've been made aware of
23 others.

24 Q Okay. And who have you been made aware of?

25 A So based on just kind of what was named in the

1 federal complaint, I know it was an officer -- or now
2 Detective Lynch, Officer Churney. Two other names that I
3 just can't recall right now.

4 Q Okay. And this information is coming from the
5 complaint?

6 A Yes, ma'am.

7 Q Okay. Did you get any other information about
8 who fired toward Mr. Talley from within the Austin Police
9 Department, whether talking to colleagues or some other
10 way?

11 A Speaking with Officer Churney, we -- we learned
12 that he was one of the ones that also fired.

13 Q Okay. Let me continue playback and we'll see
14 what happens.

15 (Video was played).

16 Q Is it -- has it paused?

17 A Oh, I'm sorry, yes.

18 Q Okay.

19 A 2:17:53.

20 Q Okay. And I just want to confirm with you at
21 this point that no officer attempts to go to Mr. Talley
22 after he is impacted?

23 A It does not appear so on the video.

24 Q Okay. I'm going to resume playback.

25 (Video was played).

1 Q I believe we've just heard you and Officer
2 Cobaugh discussing Mr. Talley; is that correct?

3 A Yes.

4 Q Okay. Can you just kind of summarize -- because
5 the video is a little bit hard to hear -- what you guys are
6 saying to each other.

7 A Yeah. So Officer Cobaugh makes mention that he
8 believed that Mr. Talley knew that there was officers on
9 35. I tried to confirm with Officer Cobaugh what it was
10 that he threw, and he also wasn't sure what it was that he
11 threw, but we knew he threw something.

12 Q Okay. So you-all are in agreement, you don't
13 think that Tyree Talley knew you were there?

14 A I -- I -- I don't know. I mean, people were
15 throwing items directly under us all night. I don't know
16 specifically if Mr. Talley knew if we were there or not. I
17 don't know how long he was there that night.

18 Q And I'm sorry, I'm just trying to ask about the
19 conversation. I think that's what you guys said to each
20 other, but I can replay it if I need to.

21 A No, no, no, that's fine. Yes, Mr. Cobaugh --
22 Officer Cobaugh makes mention he believes that Mr. Talley
23 did not know that we were there. I don't think that was my
24 opinion at the time.

25 Q Okay. I thought I heard you agree. Did you hear

1 yourself say "yeah"?

2 A Yeah, I could -- it could be in agreement. It
3 could also be just acknowledging what he says. I wouldn't
4 say that's me agreeing with that opinion that Officer
5 Cobaugh had.

6 Q Okay. Okay. And then Officer Cobaugh says that
7 he thinks that Mr. Talley's actions were stupid?

8 A Uh-huh. That's what he said, yes, ma'am.

9 Q Do you know what specifically he's talking about?

10 A Throwing items towards police officers and
11 protestors.

12 Q And you guys then talk about how you don't know
13 what Mr. Talley threw, is that -- is that right? You
14 didn't know what he threw in that moment?

15 A Correct.

16 Q Okay. I'm going to close this video and share
17 with you what's been Bates-labeled as COA37547.

18 MR. BARTON: Could you read that Bates stamp
19 number, again. Sorry.

20 MS. JOSEPH: 37547.

21 MR. BARTON: Okay. Thank you.

22 THE REPORTER: Are any of these exhibits?

23 MS. JOSEPH: They're not. We're just kind
24 of using them as tools. Yeah, thank you.

25 THE REPORTER: Okay. Thank you.

1 Q (BY MS. JOSEPH) So we're now going back in time
2 and we're going to view some of your body worn camera
3 footage from the Modesto Rodriguez time frame, the time
4 frame of that incident.

5 But, first, I just want to play a little bit of
6 this for you and have you confirm for me that it is your
7 body worn camera. Okay?

8 (Video was played).

9 A Do you have the audio? I don't think I saw this
10 video --

11 Q Not yet.

12 A Okay.

13 Q I think it's going -- maybe will start. Let's
14 see.

15 Audio starts for me at 9:19 -- 2:09:19.

16 (Video was played).

17 Q I think I finally heard your voice. Is that
18 your -- your body worn camera?

19 A Yes, ma'am.

20 Q Okay. So during the time frame that we're
21 watching in this video, I also don't see any protestors on
22 I-35 when you turn around that direction. Is that right
23 that there weren't any protestors on I-35 at that time?

24 A Yeah, I think once we took 35 -- once the police
25 took 35, it was never retaken.

1 Q Okay. About what time of day did you-all take
2 35?

3 A So when -- once we left the capitol, I think I
4 estimate around 3:30, 4:00 is when we got to 35. And it
5 took us a couple of hours to retake it. So we -- we retook
6 it before it got dark, I can say that for certain.

7 Q Okay.

8 A Yeah, so late evening.

9 Q Okay. Could you say that for several hours
10 before the Rodriguez and Talley incidents you were not
11 dealing with protestors behind you?

12 A Yes.

13 Q Okay. And of course during the Rodriguez and
14 Talley incidents, you were not dealing with protestors
15 behind you?

16 A Correct.

17 Q Okay. Okay. I'm going to resume -- actually,
18 I'm going to back up for a second. I'm going to go back to
19 2:09:22. And I think in about 10 seconds, 10 or
20 12 seconds, we're going to see a guy -- an officer with a
21 flashlight over here on the left side of your screen. And
22 that's what I want to direct your attention to. Okay?

23 A Okay.

24 (Video was played).

25 Q Do you see his hand here holding the flashlight?

1 A Yes.

2 Q Do you know who that is?

3 A I don't.

4 Q Okay. Do you know what he's doing?

5 A He's spotlighting the crowd, whether it's to, you
6 know, draw attention to that person or -- or to get that
7 person's attention to the police. I can't say specifically
8 what he was doing.

9 Q Okay. The flashlight could be used in any either
10 capacity?

11 A Yes, ma'am.

12 Q Okay. All right. I'll continue playback from
13 here.

14 (Video was played).

15 Q I'm going to stop it and take us back before the
16 flashlight part that we were looking at. I'm going to go
17 back to -- I'll start at 2:08:46 on your BWC timestamp.

18 (Video was played).

19 Q I'm going to represent to you, just for purposes
20 of my next couple of questions, that the timestamp
21 approximately where Modesto Rodriguez is injured is about
22 2:09:03.

23 And I think from my review of various videos
24 connected with this litigation that when the Modesto
25 Rodriguez incident occurs, we cannot see it on this body

1 cam. Do you agree with that?

2 If I'm --

3 A This is --

4 Q -- right about the timestamp, we did not just see
5 the Modesto Rodriguez, right?

6 A Correct. If you're -- if -- the timestamp
7 estimation is correct, I don't believe we saw it.

8 Q Okay. But I do think that I saw you kind of lift
9 your shotgun as if you might be positioning it and then
10 maybe put it back down. Is that what I saw?

11 A I wasn't looking for that, so I don't know --

12 Q Okay.

13 A -- what it was that -- that played.

14 Q Okay. Let --

15 (Simultaneous speakers).

16 A (Inaudible).

17 Q Let me go back a little bit with that in mind.

18 A 2:09:03 was the estimation?

19 Q Yes.

20 (Video was played).

21 Q And we don't have sound for that part, but I
22 think -- I think that what I saw is just after 2:09:03 --
23 so if you're -- you're listening to my representations,
24 then, just after the Modesto Rodriguez incident had begun
25 and -- and shots had been fired, I think that I see you

1 raise your shotgun and put it back -- maybe put it back
2 down.

3 Can you -- can you help me understand what's
4 happening in those moments.

5 A Yeah, I'm definitely not in a shooting position.
6 I don't have a stable platform. We're not -- we're not
7 trained to shoot a shotgun and walk, so that's not a tactic
8 that I know and not a tactic that I would deploy in such a
9 very dynamic scenario -- dynamic scene as what we have here
10 with a bunch of people around.

11 To me, it looks like the shotgun was slinged
12 across my chest. And I was raising it. You can see the
13 orange forearm up towards the air and the barrel pointed
14 south towards those lines of officers. And then once it
15 goes past that 2:09:03, several milliseconds after, the
16 muzzle is more towards the service road.

17 At the time where we're estimating, 2:09:03, my
18 muzzle would be pointed directly at the officer in front of
19 me. And I wouldn't -- he didn't get shot, right?

20 Q Yeah.

21 A So I think that's what I'm doing. I think I'm --
22 I'm positioning my shotgun, my less-lethal, from a slung
23 position to a ready-to-deploy position.

24 Q Okay.

25 (Simultaneous speakers).

1 Yeah, I thought maybe you heard the shot and you
2 kind of started to lift the gun, like do they need my help,
3 and then put the gun back down. Is that kind of what
4 you're describing?

5 A No, I think I'm --

6 Q Okay.

7 A -- I'm -- what I'm doing is I'm getting to where
8 I'm going to take position of my overwatch and readying my
9 firearm -- my less-lethal at that moment. I don't -- I
10 don't think I'm reacting to somebody being impacted because
11 the next two officers in front of me aren't reacting
12 either.

13 Q Okay. Okay. Do you know who they are?

14 A If you play it out a little bit, I might be able
15 to make them out.

16 Q Okay.

17 (Video was played).

18 A No, I can't make that out.

19 Q Okay. So just to be clear on the Modesto
20 Rodriguez incident, you don't have any specific
21 recollection -- independent of the camera you watched after
22 the fact -- of the Modesto Rodriguez incident; is that
23 correct?

24 A Correct. I wasn't aware of that until the
25 deposition prep from last week.

1 Q Okay. And you don't know whether you saw Modesto
2 Rodriguez on May 30th, 2020?

3 A I do not recall, no.

4 Q Okay. And -- and you didn't fire the shotgun
5 that you were holding around the 2:09:03 mark on the body
6 cam video that we just watched?

7 A No. The shotgun would have been upside down. At
8 that -- at that point, I didn't fire it.

9 Q Okay. We talk about Tyree Talley and the fact
10 that you fired one shot at Tyree Talley.

11 Do you have any idea what the distance was
12 between you and Tyree Talley when you fired that -- that
13 shot?

14 A Yeah, it was -- it was within my limit that I
15 impose onto myself. And I have put pretty strict 15 to
16 20 yards or -- in -- is where -- where my -- where I felt
17 comfortable firing.

18 Q How were you able to measure 15 to 20 yards out?

19 A Just kind of just training and -- and life. You
20 know, just estimate car lengths, things along those lines.

21 Q But, again, you told me earlier that you don't
22 know how high up you were from the ground?

23 A No, but the stated overpass in downtown is 15 to
24 16 feet.

25 Q How many times did you reload the shotgun

1 throughout the day on May 30th?

2 A Sure. So I -- I indicated in my -- in my
3 supplemental report that I -- I believe I fired anywhere
4 from 20 to 24 rounds that day.

5 Q I don't expect that you were given 20 to 24
6 rounds when you first picked up the shotgun. Where did you
7 get the additional rounds?

8 A There were supervisors walking up and down 35
9 handing out boxes.

10 Q Were the boxes identified -- how -- how were the
11 boxes marked?

12 A By the specific branding from the manufacturer as
13 less-lethal rounds.

14 Q Did they have an expiration date on them?

15 A I don't know.

16 Q Okay. Are you trained to evaluate the integrity
17 of munitions, whether it be standard bullets, bean bag
18 rounds, whatever it is before you use them?

19 A Yeah. So you -- you look at the end cap, which
20 is metal. Because a lot of these rounds are shared, they
21 can get beat up. I always inspected them. Mine -- my
22 rounds were to the standard that I believe were going to
23 be, you know, suitable for the day.

24 Q Okay. That inspection wouldn't have told you if
25 they were expired?

1 A No, ma'am.

2 Q And that inspection wouldn't have told you if
3 they had hardened?

4 A No.

5 Q Okay. So let's talk more about Mr. Talley.

6 He -- in -- in the video that we've seen and in
7 the information that you're aware of, he threw one bottle
8 one time; is that right?

9 A From -- from what I saw, he threw one object when
10 I observed him.

11 Q Okay. And you now know that that one object was
12 a regular plastic water bottle?

13 A It was a water bottle. I don't -- I can't tell
14 from up there if it was regular or not.

15 Q Okay. You are not aware of any injuries caused
16 by the bottle that Mr. Talley threw?

17 A I am not aware of any.

18 Q And you didn't see any sort of flare or other
19 indication that the bottle was somehow explosive after he
20 threw it?

21 A There's still a little bit of smoke on -- on the
22 patio from the flare, but at the moment, I wouldn't be able
23 to tell if it was or not.

24 Q Okay. So you don't have any evidence to say that
25 what Mr. Talley threw was anything other than an ordinary

1 water bottle? You don't know one way or the other?

2 A Don't know one way or the other.

3 Q Did Mr. Talley's throwing the bottle of water
4 cause you to fear for your physical safety?

5 A Not my personal safety, but protestors and
6 officers on the patio, yes.

7 Q Do you agree with me that it would not have been
8 appropriate to shoot Mr. Talley for the purpose of
9 deterring people from throwing objects?

10 A Would I agree it would not be appropriate -- I'm
11 sorry, can you re-ask.

12 Q Yeah. You can't shoot somebody with the purpose
13 of deterrence?

14 A During a --

15 Q Stopping future conduct?

16 A During a riot, yes.

17 Q Okay. It's my fault because it was a bad
18 question, because I don't really understand your answer.

19 So it would not have been appropriate to shoot
20 someone like Mr. Talley for the purpose of deterring future
21 conduct, correct?

22 A It was appropriate. In the circumstances that
23 were -- we faced right then and there, throughout that
24 night, that was appropriate.

25 Q Okay. Deterrence was an appropriate reason for

1 shooting?

2 A Yes.

3 Q Okay. And by "deterrence" I mean deterring
4 future conduct was an appropriate reason for shooting?

5 A The -- the objective of firing the less-lethal
6 rounds at people who were involved in assaultive behavior
7 is to stop them from continuing their assaultive behavior,
8 which is a strict deterrence.

9 Q Okay. Would it have been okay to shoot Mr.
10 Talley so that other people wouldn't throw bottles?

11 MR. BARTON: Object to the form.

12 THE WITNESS: So are you asking, he threw
13 the bottle, we impacted him to deter his future behavior,
14 but also what kind of psychological impact it had on
15 others? Because in that case, yes, that is appropriate.
16 And that -- that's one of the -- the -- the -- one of the
17 by -- one of the effects that happens with that, somebody
18 sees that their riotous -- other person's riotous behavior
19 is not being accepted, therefore that person will not
20 participate in the riotous behavior.

21 Q (BY MS. JOSEPH) Okay. Take out the bottle he's
22 throwing right then. Like, say, the bottle has already
23 left his hand, he has thrown the bottle.

24 Is it appropriate to shoot him after he throws
25 the bottle to deter future conduct?

1 A In the --

2 MR. BARTON: Object to the form.

3 THE WITNESS: In the circumstances that were

4 presented, that Mr. Talley presented us, he was impacted --

5 he was still within that -- that action of the riotous

6 behavior. He's still throwing a bottle. Yeah, I think

7 it-- I think it's appropriate. The dynamics of the entire

8 situation of -- from when he runs up, throws a bottle, and

9 gets impacted, I believe that's all just one -- one event.

10 It's the one event.

11 Q (BY MS. JOSEPH) And I just want to be clear, I'm

12 not asking, like, if you think it was okay to shoot Mr.

13 Talley. I -- I want to talk to you about that. But I'm

14 specifically asking about a -- a reason for shooting Mr.

15 Talley. Was this particular thing I'm asking about an

16 appropriate reason?

17 So I just want to make that clear. And -- and

18 I'll tell you, you know, the jury may watch this video,

19 listen to expert testimony, listen to testimony of

20 officers, and conclude that Mr. Talley was shot after the

21 bottle left his hand.

22 So I -- I want to ask you about when it would or

23 would not be okay to shoot him after the bottle leaves his

24 hand so that the jury can hear about that. Does that make

25 sense?

1 MR. BARTON: Object to the form.

2 THE WITNESS: I believe I understand your
3 question, but I can't answer it in the way that you're
4 looking to be answered because it's still all one event.
5 He -- he threw the bottle --

6 Q (BY MS. JOSEPH) Uh-huh.

7 A -- his -- his action caused the reaction of the
8 officers. He's still in the -- in that -- in that action
9 of throwing the bottle, trying to get whatever -- whatever
10 he's doing, that is still appropriate in my eyes.

11 Q Okay. So in your mind, whether the bottle is
12 still in his hand or not at the time that officers shoot at
13 him, doesn't matter because it's all part of the same
14 event?

15 A Well, no, because if he's walking around with a
16 water bottle in his hand, that's not -- there's nothing
17 unlawful about that. It's the moment he decides to throw
18 that bottle or that object, from when that bottle leaves
19 his hand in that assaultive behavior of throwing it -- I
20 think -- I think it's important to remember is that there's
21 no way to know if that's a regular water bottle or whether
22 it's a water bottle full of urine, frozen water, whatever
23 it is. That action needs to be addressed. And I believe
24 it was appropriately addressed within the time frame that
25 it was addressed.

1 Q Okay. I -- I don't think my question was clear.
2 I mean, I'm just really trying to make it a hundred percent
3 clear what you're saying with respect to whether it's okay
4 to shoot him before and after the bottle leaves his hand.

5 It sounds to me like you're saying because he
6 threw the bottle, it was okay to shoot him after the bottle
7 left his hand. Is that what you're saying?

8 MR. BARTON: Object to the form.

9 THE WITNESS: Yeah, he's -- he's still in
10 the act of -- of an assaultive behavior. That -- that
11 whole situation, and Mr. Talley's actions, is very dynamic.
12 From when an officer picks up the site picture and when
13 they decide to -- to fire that round, it -- it's not
14 something that's going to be instantaneous. There is
15 some -- a little bit of time frame -- a little bit of time
16 that passes to make that conscious event -- conscious
17 decision to fire. I -- I believe, yes, his actions whether
18 the bottle was -- whether he was in the act of throwing the
19 bottle or the act of getting away, still needs to be
20 addressed.

21 Now, if it's five minutes later, I don't
22 know if that's what you're asking, no, that's not
23 appropriate. If he throws a bottle, disappears in the
24 crowd, comes back out, and then he gets impacted, that's
25 not appropriate, but that's not what happened in this

1 situation.

2 Q (BY MS. JOSEPH) Okay. And you feel like
3 shooting at Mr. Talley after the bottle leaves his hand, in
4 this throwing scenario, is compliant with the instructions
5 that officers were given that day?

6 A Yes.

7 Q Okay. We talked earlier about some PDF documents
8 and briefings that you had gotten about frozen water
9 bottles or water bottles with shrapnel, and then things
10 like that.

11 At the time that -- let's say at 9:00 p.m. on
12 May 30th, 2020, were you aware of any water bottle having
13 been tossed that day in Austin at these protests that
14 contained something other than liquid water?

15 A Yes.

16 Q Okay. Tell me about that. How did you become
17 aware of it? When did it happen? All of that.

18 A Sure. So when we got off of the bus on 35, there
19 was many frozen water bottles that were still laying on --
20 on the ground. I, personally, got hit in the chest with a
21 water bottle full of urine. Thankfully, the cap was still
22 semi-secured on there where it didn't explode on impact
23 covering me in urine.

24 There were water bottles that had bleach in them.

25 And that was apparent through officers' uniforms walking

1 around.

2 So, yes, there was -- there was a lot of bottles

3 being thrown that weren't just full or containing liquid

4 water.

5 Q Okay. But you didn't have any indication that
6 Mr. Talley or Mr. Rodriguez was responsible for those
7 bottles that you saw?

8 A No.

9 Q I think we already talked about this, but you did
10 not arrest Mr. Talley?

11 A Correct.

12 Q You did not have probable cause to arrest Mr.
13 Talley?

14 A I did.

15 Q Let me show you some photos.

16 A Sure.

17 Q So I'm showing you what's been Bates-labeled as
18 Talley1153.

19 Do you know that this is Mr. Talley lying on the
20 ground with his hand over his face?

21 A Yes.

22 Q Okay. I don't know if you've seen photographs of
23 his injuries, but I just wanted to give you the opportunity
24 to know what happened to Mr. Talley and -- and what we're
25 here about today.

1 This is -- this is -- what I'm showing you now is
2 Bates-labeled as Talley1154. And it's a compilation of
3 some of the injuries that Mr. Talley is claiming as a
4 result of the incident.

5 Have you seen these before?

6 A Yes, ma'am.

7 Q Okay. I want to talk a little bit about the
8 target zones with the less-lethal.

9 A Uh-huh. Yes, ma'am.

10 Q The ear is in the red zone, correct?

11 A It is.

12 Q Okay. And I'm not going to show you a photograph
13 of this, but the penis or the groin area is also in the red
14 zone?

15 A It is.

16 Q Okay. And the chest is in the red zone as well?

17 A Mid-sternum up, yes.

18 Q Do you agree with me based on the photographs
19 you've seen that Mr. Talley is claiming -- some of the
20 injuries Mr. Talley is claiming occurred in the red zone?

21 A The -- the one to the groin and the ear are red
22 zone. Everything else is acceptable target areas.

23 Q Have you seen Modesto Rodriguez before?

24 A No, ma'am.

25 Q I'm showing you now Rodriguez000005.

1 This is -- this is Modesto. And just so that
2 you're aware, he's -- he's claiming in this lawsuit
3 injuries to his ankle here and -- and this injury up here.

4 Okay?

5 What color -- I'm -- I'm circling this injury
6 that I would say is kind of on his side chest in this
7 photo.

8 What color is that zone in the less-lethal
9 training zones guide?

10 A So I would -- I would say that that's more
11 mid-rib cage. At that point, that's a green -- that's a
12 green target.

13 Q And the ankle is red?

14 A I believe the feet is red.

15 Q Okay. Do you think that this impact spot right
16 here that we see in the photograph, kind of on the ankle,
17 is that red?

18 A No.

19 Q Okay.

20 A That's a green area.

21 So I'm -- I'm basing that on, if you look at his
22 sock, his sock looks like it's pulled down between -- or
23 below the ankle bone. So that's just --

24 Q Okay.

25 A -- right above the ankle. That would be a green

1 target.

2 Q Okay. Was it your intent to deliver deadly force
3 when you fired at Mr. Talley?

4 A No.

5 Q But he was hit in red zones?

6 A Yes. His groin and his ear, he was -- he was
7 impacted in those zones.

8 Q Was that an accuracy issue with the weapons?

9 A I wouldn't say accuracy issue. I would say just
10 based on the dynamics of -- of a person moving while being
11 impacted.

12 Q So because of the way his body was moving,
13 officers who were targeting him with the so-called
14 less-lethals were not able to ensure that they would hit
15 him in a green zone or a yellow zone?

16 A It's hard to say what another officer was
17 thinking, but, usually, if you -- if you -- if you receive
18 an impact to a lower extremity, the body's natural reaction
19 is to kind of just hunch down.

20 So it could be very well that the round that hit
21 Mr. Talley in the ear was originally a mid-thigh or a lower
22 extremity target, just based on going down to the ground.
23 It took them on his ear. Same with his groin. If -- if
24 they're -- if they're targeting the buttocks, and he turns
25 around, it's going to hit you in the groin.

1 Q And -- and you don't know -- you don't know what
2 happened exactly or why exactly he was hit in those places?

3 A I don't know either way, the way that you --
4 you --

5 Q Yeah.

6 A -- proposed the question saying I don't know.

7 Q But you know that because of the way he was
8 moving, you weren't able to be sure that you wouldn't hit
9 him in a red zone when you fired at him?

10 MR. BARTON: Object to the form.

11 THE WITNESS: Can -- can you rephrase that
12 one, please.

13 Q (BY MS. JOSEPH) Yeah. And I'm just trying to
14 confirm something that I think you said.

15 I think that you said because of the dynamics of
16 the situation and how Mr. Talley's body was moving, you --
17 you couldn't be sure where a round was going to actually
18 impact him?

19 A Right. So it's -- it's -- I think it's all
20 dependent on where you're targeting. And based on the
21 pictures, it -- it looks like all of the rounds hit green
22 zones, other than the ones that were the groin and the ear,
23 which we're taught not to target.

24 Q Okay. Were you disciplined at all with respect
25 to your actions in the 2020 protests?

1 A I was not.

2 Q Do you have any history with internal affairs or
3 SIU outside of these protests?

4 A Yes. I have been -- I have one sustained
5 complaint against me. This came in 2015 based on a crash.
6 From there in my ears, I have been the subject officer in
7 IA. And every time I've been found to be compliant within
8 law and within city policy.

9 Q Okay. Now, you told me about a report -- I don't
10 think this has to do with IA or SIU, but you told me about
11 a body cam issue, so we don't need to talk about that
12 again, but --

13 A Oh, the --

14 Q -- tell me --

15 A -- Mike (audio interference).

16 Q Yeah, Mike. Sorry, yeah.

17 Tell me about every incident you can remember
18 where you were investigated by internal affairs or SIU.

19 A So SIU was protest-related. For internal
20 affairs, there was a crash -- the one in 2015. There was
21 an allegation of -- it wasn't an excessive force
22 allegation. I think it was more of a -- basically, what
23 happened was, I made a traffic stop on a vehicle. They
24 eluded and pulled into an alley. And as we got behind --
25 or as I got behind them, the female driver and male front

1 passenger tried to run back into the house. I stopped them
2 from doing so.

3 Throughout my investigation, we were waiting to
4 do a DWI investigation on the driver. She ended up
5 urinating on herself. She made a complaint that that
6 was -- I don't know what the actual allegation was, but I
7 found that that was -- there was no policy violations.

8 There was an investigation for use of force -- or
9 response to resistance that happened in 2018, in July --
10 July 4th of 2018 in downtown Austin off of 4th Street where
11 a subject threatened bouncers at Rain Nightclub with a
12 knife. My partner and I arrived. We found him engaged in
13 a verbal disturbance with an unknown party right outside
14 the bar.

15 When we went to take him into custody, he went
16 for his knife a couple of times. And because of that, he
17 was -- he was -- I punched him in the face quite a few
18 times to -- to keep him from gaining that knife and using
19 that against myself and my partner or others. That was --
20 that was investigated by IA and found to be within state
21 law and policy.

22 I've been witness officer a couple of times
23 for -- for some incidents. I don't remember, but those are
24 -- those are mainly the subject officers and IA that I was
25 involved in. And each time, I was found to be within

1 policy within state law.

2 Q Okay. Do you have any idea what Mr. Talley's
3 intent was? Like, I mean -- let me ask this better.

4 You don't know what Mr. Talley was thinking when
5 he threw a bottle, right?

6 A I don't know what he was thinking.

7 Q Okay. And you don't know what Mr. Rodriguez was
8 thinking either?

9 A I don't remember seeing him there. I don't know
10 what he was thinking.

11 Q Were you scared when you were on the bridge and
12 when you shot at Mr. Talley? Were you scared?

13 A Not at that -- at that exact moment. I wasn't
14 fear for my personal safety. I was in fear for other
15 protestors and officers' personal safety.

16 Q Do you know former APD Officer Michael Harris?

17 A I don't think so.

18 Q Of your actions on May 30th, 2020, what are you
19 proud of?

20 A I think I've mentioned it before. Just making
21 sure that other protestors that were lawfully engaged in
22 their First Amendment rights, that they're -- they were
23 able to go out there and do it. There were thousands and
24 thousands of people that were out there protesting and
25 demonstrating and they all went home uninjured.

1 I believe I did -- personally, I believe I did a
2 really, really good job of addressing those that were there
3 to disrupt that.

4 Q Is there anything, thinking back on it, that you
5 female like, ah, I should have done that differently or I
6 wish I hadn't conducted myself that way?

7 A No, ma'am.

8 Q When you -- when you looked at APD's response,
9 did you think that APD responded appropriately to the
10 protest event on May 30th, 2020?

11 MR. BARTON: Object to the form.

12 THE WITNESS: Are you asking on the day or
13 kind of just the after of it all happened?

14 Q (BY MS. JOSEPH) I'm kind of asking about the day
15 right now.

16 A Sorry, so the question was what?

17 Q Do you think the response from the Austin Police
18 Department on May 30th, 2020, was appropriate?

19 A I -- I do based on what we knew going into that
20 day. The resources that we had available to us, I -- I
21 think it was appropriate.

22 Q Looking at it now, do you think there are things
23 that APD could have done differently or maybe should do
24 differently next time?

25 MR. BARTON: Object to the form.

1 THE WITNESS: So a lot of policy changes got
2 implemented afterwards, one of the big ones being
3 less-lethals fired into a crowd. That was our training
4 back then. From -- we've learned that that's not
5 appropriate now and that that's changed. I think that's a
6 very big -- I don't want to say benefit, but a -- but a
7 positive to come out of that day, that weekend.

8 Q (BY MS. JOSEPH) So I'm going to ask you -- I'm
9 going to try to ask you that, again, because there was an
10 objection to my question.

11 So the -- the fact that policy changed so that
12 less-lethals are no longer fired into a crowd by Austin
13 Police Department officers, in your mind, is a positive
14 outcome of what happened in the 2020 protests?

15 MR. BARTON: Object to the form.

16 THE WITNESS: The fact that a normal patrol
17 officer with no SWAT or SRT training can no longer fire
18 into a crowd with a less-lethal shotgun is a positive that
19 came out of that day.

20 Q (BY MS. JOSEPH) Okay. There was an objection
21 again. I'm going to try again.

22 Could you tell me a positive that you see that
23 has come out of that day with respect to the less-lethal
24 shotgun usage?

25 A Oh, yeah, it's -- it's -- a normal patrol officer

1 who doesn't have specialized training, whether they're on
2 SWAT team or SRT, can no longer use a less-lethal in crowd
3 control situations.

4 Q Thank you for bearing with me as I repeatedly
5 asked that question.

6 I've tried to be thorough. I've taken up a lot
7 of time today, but is there -- is there anything that you
8 feel like, you know, somebody evaluating this situation
9 really needs to know about, that I didn't ask you about,
10 that you didn't get a chance to tell me about?

11 MR. BARTON: Object to the form.

12 THE WITNESS: No, I think you were very
13 thorough.

14 Q (BY MS. JOSEPH) And when you haven't understood
15 my questions today, you've asked me to rephrase them?

16 A I did.

17 Q Okay. So that the questions that you answered
18 are questions that you understood?

19 A Yes.

20 Q Okay. Thank you, Detective?

21 MS. JOSEPH: I'll pass the witness.

22 MR. BARTON: Okay. I just have one question
23 that I think it may be a question based on my failure to
24 hear properly.

25

1 CROSS-EXAMINATION

2 BY MR. BARTON:

3 Q Earlier the question was asked of you, did you
4 have probable cause to arrest Talley? And what was your
5 answer? I don't think I heard your response.

6 A Yes. I believe there was probable cause to
7 arrest Mr. Talley for riot.

8 Q Okay.

9 MR. BARTON: I don't have any further
10 questions. Pass the witness -- or, I guess, terminate the
11 deposition whenever you're ready.

12 THE VIDEOGRAPHER: All right. Anything else
13 we need to state on record before I take us off?

14 THE REPORTER: Is this a read and sign or
15 waive signature?

16 MR. BARTON: Oh yes, yes. I'm sorry, I
17 normally jump in there with that.

18 Yes, we want to exercise the option to read
19 and sign and -- for -- for the witness to read and sign.

20 And, also, we, on behalf of the City, want to order a copy
21 of the video and the transcript.

22 THE REPORTER: Okay. And did you want that
23 in an e-trans, electronic format?

24 MR. BARTON: Oh, yes, yes, electronic
25 format, please.

1 THE REPORTER: Okay. Thank you.

2 THE VIDEOGRAPHER: All right. This will

3 conclude the deposition. It is now 1:47 p.m.

4 (Deposition concluded at 1:47 p.m.)

REPORTER'S CERTIFICATE

STATE OF TEXAS)

COUNTY OF TRAVIS)

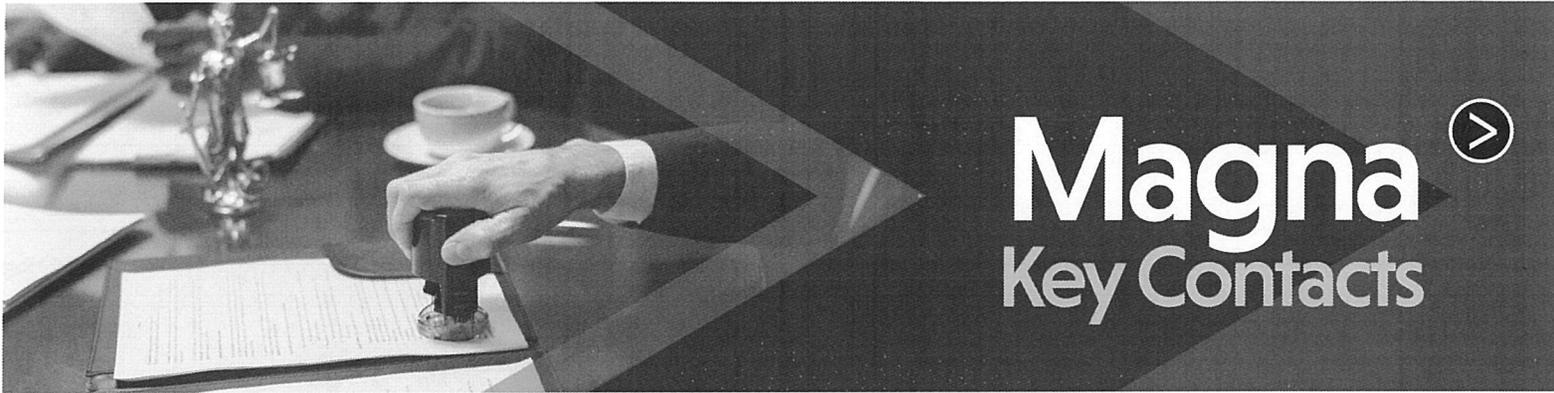

I, CHRYSTAL H. McDANIEL, Certified Shorthand Reporter,
in and for the State of Texas, certify that the foregoing
deposition of DETECTIVE GADIEL ALAS was reported
stenographically by me at the time and place indicated,
said witness having been placed under oath by me; that
review was requested pursuant to Federal Rule of Civil
Procedure 30(e)(1); and that the deposition is a true
record of the testimony given by the witness.

I further certify that I am neither counsel for nor
related to any party in this cause and am not financially
interested in its outcome.

Given under my hand on this the 14th day of August,
2023.

CHRYSTAL H. McDANIEL, Texas CSR 11847

Exhibit 9

Brian Manley - 4/27/2021

1 what I'm hearing you -- that's your general practice. Is that
2 a fair summary?

3 A. Yes.

4 Q. Okay. And my question is -- is -- I mean, do you
5 see any problems with that practice, I guess?

6 A. With not doing a final review prior to a hearing,
7 no, because I'm getting briefed along the way on any findings
8 that could come up. If there was anything to come up during an
9 internal affairs investigation that brought concern that we
10 needed maybe a more immediate action on a training or a tactic
11 or a tool or something, we would address that immediately, but
12 reviewing an entire case file, I did not review entire case
13 files until I was about to hold a disciplinary hearing.

14 Q. Well, my goodness. If you read the reports
15 concerning Officer Felton and Officer Tang, they scream out the
16 need for training and tactics revisions, right?

17 A. I would have to go back and look. We immediately
18 changed policy that Monday or Tuesday, the policy changes were
19 made regarding what we had observed on the 29th, 30th and 31st.

20 Q. What immediate changes to policy did you make the
21 Monday after the protests?

22 A. Well, it was the Monday, Tuesday, it was the days
23 after, I'm not going to say a specific date, but what we did
24 was we clarified the policy on the use of kinetic energy
25 projectiles, to say that they would not be fired into a crowd,

WRIGHT WATSON & ASSOCIATES

Brian Manley - 4/27/2021

1 because we realized that unintended people were being struck
2 with the projectiles, and so to just have an all-out
3 prohibition on them being fired into a crowd, we put that in
4 place. It is always the tool that is designed to be
5 person-specific, not used just randomly into a crowd, so it was
6 always designed for that, but since we saw the outcomes, we
7 changed that.

8 And we -- we also have changed the language about
9 the targeting of the head with the less lethal. I believe the
10 previous language said something about -- about there being a
11 need for immediate incapacitation, and the language should have
12 been updated to say that it was -- unless it was a deadly force
13 situation.

14 So that's -- the -- the not shooting into a crowd
15 was put out verbally, and that -- and that every briefing with
16 officers, when it actually showed up in written policy, I'm not
17 sure of dates that that made it through the process of policy
18 revision.

19 Q. Okay. And I -- And I appreciate that.

20 But you're telling me that those changes were made
21 the week after -- within days after the protests?

22 A. Yes. I believe if we even go back and look into my
23 conversation with the City Council, I believe I even referenced
24 that, that we made that as an immediate change.

25 Q. But didn't you tell the City Council that the

13 ORAL AND VIDEOTAPED DEPOSITION OF OFFICER GREGORY CHERNE
14 JULY 19, 2023

15 ORAL AND VIDEOTAPED DEPOSITION OF OFFICER GREGORY

16 CHERNE, produced as a witness at the instance of the
17 Plaintiffs and duly sworn, was taken in the above-styled
18 and numbered cause on July 19, 2023, from 3:12 PM to
19 7:05 PM, before Tammy Pozzi, Certified Shorthand
20 Reporter in and for the State of Texas, reported
21 remotely by computerized stenotype machine from
22 Bulverde, Texas, with the witness appearing from City
23 Hall in Austin, Texas, pursuant to the Federal Rules of
24 Civil Procedure and the provisions stated on the record
25 or attached hereto.

1	Memorandum to Greg Cherne, Subject: Oral Reprimand IA Case 2020-1229.....	153

*_*_*_*_*

1 THE VIDEOGRAPHER: All right. We are now
2 on the record. This begins the deposition of Gregory
3 Cherne. Today is Wednesday, July 19th, 2023. The time
4 is now 3:12.

5 The videographer is Dalton Terrell of
6 Magna Legal Services. The court reporter is Tammy Pozzi
7 of Magna Legal Services.

8 Will counsel and all parties present
9 please state their appearances for whom they represent?

10 MS. JOSEPH: Leigh Joseph -- excuse me.
11 Leigh Joseph here from Hendler Flores Law with my
12 paralegal Alexis Lopez. We represent both plaintiffs,
13 Tyree Talley and Modesto Rodriguez.

14 MR. BARTON: And I'm Monte Barton. I'm
15 here representing the defendant in this lawsuit and also
16 representing for purposes of this deposition Gregory
17 Cherne.

18 THE VIDEOGRAPHER: All right. And will
19 the court reporter please swear in the witness?

20 THE REPORTER: My name is Tammy Pozzi, CSR
21 number 5629. I am reporting this deposition remotely by
22 stenographic means from Bulverde, Texas. The witness is
23 located at City Hall in Austin, Texas.

24 Officer, will you please raise your right
25 hand?

1 THE WITNESS: (Complies.)

2 THE REPORTER: Do you solemnly swear or
3 affirm that the testimony you are about to give in this
4 cause will be the truth, the whole truth, and nothing
5 but the truth?

6 THE WITNESS: I do.

7 THE REPORTER: Thank you.

8 You may proceed.

9 MS. JOSEPH: Are you guys ready over
10 there?

11 MR. BARTON: Yes --

12 MS. JOSEPH: All right.

13 MR. BARTON: We're ready.

14 MS. JOSEPH: Okay.

15 OFFICER GREGORY CHERNE,
16 having been first duly sworn, testified as follows:

17 EXAMINATION

18 BY MS. JOSEPH:

19 Q Officer, my name is Leigh Joseph. I'm a lawyer
20 here in Austin, and I represent a couple of folks who
21 were out there at the protest on May 30th, 2020 --

22 A Mm-hmm.

23 Q -- named Tyree Talley and Modesto Rodriguez.
24 I'd like to talk with you about that today.

25 Before we get into the specifics, may I

1 ask, how do you pronounce your last name?

2 A It's Cherne, ma'am.

3 Q Cherne?

4 A Yes, ma'am.

5 Q Okay. And is it Officer Cherne, or is there a
6 different title that I should address you with?

7 A Officer.

8 Q Okay. And Officer Cherne, have you given a
9 deposition before?

10 A I have.

11 Q You have? Okay.

12 A Mm-hmm.

13 Q How many times?

14 A Several through the medical field.

15 Q Okay. And was that in your work as a
16 chiropractor?

17 A Yes, ma'am.

18 Q Okay. Have you ever given a deposition in your
19 capacity as an Austin Police Department officer?

20 A No, just been to court for ALR.

21 Q Okay.

22 A So I don't know if you'd consider that a
23 deposition or not, but it's for --

24 Q Okay.

25 A -- for court --

1 Q And I --

2 A -- court for -- yes.

3 Q I might be able to guess what ALR means, but
4 just in case, would you --

5 A Sure.

6 Q -- mind explaining that?

7 A Sure. It's license revocation. It's where
8 someone fights to get their license back or if they
9 determine that the person is going to get their license
10 back.

11 Q Okay. So you've been -- you've been there as a
12 witness in that sort of proceeding before?

13 A I'm the officer that actually arrested the
14 person, yes, ma'am.

15 Q Okay. Okay. So this -- this deposition, even
16 though we're talking to each other on computers from two
17 different locations and -- and people are scattered all
18 around, this is like a courtroom proceeding in that of
19 course you're under oath and your testimony may actually
20 be shown to the jury in this case at trial. So I just
21 want you to understand that even though we're remote and
22 it feels kind of informal, that's --

23 A Mm-hmm.

24 Q -- that's still what's going on here today,
25 okay?

1 A Yes, ma'am. Yes, ma'am.

2 Q And is anybody in the room with you aside from
3 Mr. Barton?

4 A Not at this moment, no, ma'am.

5 Q Okay. Now, tell me how you prepared for
6 today's deposition. Before you answer, I want to be
7 clear that I'm -- I'm not privy to the -- the
8 conversations that you have with your lawyers, so aside
9 from that, what did you do to prepare?

10 A Other than last week, nothing to prepare.

11 Q Okay. And what was last week?

12 A I reviewed two videos and was given a plethora
13 of paperwork.

14 Q All right. What was that paperwork?

15 A A formal complaint, two cases, court cases, one
16 for Talley, one for Modesto, a memo from IA, hard copies
17 of it looks like CAD or use-of-force details pages
18 including myself and other officers, then Austin Police
19 Department general offense hard copy, officer-involved
20 incident with the incident.

21 Do you want me to read --

22 Q Okay.

23 A Do you want me to read the incident number?

24 Q Sure, that would be great.

25 A So it's -- it's the go number. It's

1 2022-5008692.

2 Q Okay. Any other documents that you received
3 and reviewed?

4 A Yeah, there's the R2R task force database
5 forms, there's my narrative, my supplements, my reports.
6 I think that -- and that's a different CAD number or
7 case number.

8 Q Okay. And what's that one?

9 A This one is 2020-1510503.

10 Q Okay.

11 A I believe that's it, ma'am.

12 Q Okay. You referenced when you were going
13 through those materials -- I -- I think it was maybe an
14 RT -- RTR database or something that included yourself
15 and other off -- you said including myself and other
16 officers. What was -- do you remember what that was?

17 A So I've never seen this before until last week.
18 It's --

19 Q Mm-hmm.

20 A There's a -- a sergeant reviewer, dates,
21 lieutenant, the approving lieutenant, and it looks like
22 video review.

23 Q Okay.

24 A It's -- yeah. And then it looks like what was
25 reviewed on dates of service.

1 Q Okay. Does that document happen to have maybe
2 in the bottom right corner what we call a Bates number?
3 It might say COA or Talley --

4 A Yeah.

5 Q -- and then have a number. What does that --

6 A Yes, ma'am.

7 Q -- say?

8 A It's COA-Talley, T-A-L-L-E-Y --

9 Q Uh-huh.

10 A -- 000080.

11 Q Okay. Okay.

12 A Then I have -- go ahead.

13 Q Sorry. Continue. Were you going to tell me
14 some other Bates numbers?

15 A Yeah, it gets -- it -- there's four total.

16 There's --

17 Q Okay.

18 A -- 81, 82 and 83 all with --

19 Q Okay.

20 A -- Talley.

21 Q Okay. And you also said you reviewed a couple
22 of videos.

23 A Yes, ma'am.

24 Q What were those?

25 A The Modesto and the Talley videos.

1 Q Body-worn camera, Halo? What -- what was the
2 footage you saw?

3 A I was told it was a camera from the Main.

4 Q Okay.

5 A I don't know if that's Halo or not.

6 Q Okay. And were --

7 A It's not.

8 Q -- you told or do you have access to any sort
9 of Bates number identifier for those two videos?

10 A I don't.

11 Q Okay.

12 MR. BARTON: Leigh, this is Monte Barton.

13 Just for the --

14 MS. JOSEPH: Uh-huh.

15 MR. BARTON: -- record in -- in trying to
16 be helpful, they are the videos that we have attached in
17 previous depositions. In other words --

18 MS. JOSEPH: Okay.

19 MR. BARTON: -- we shared them -- the
20 video we attached to the Talley deposition and then
21 video that we attached in the Modesto deposition. And I
22 think in the Modesto Rodriguez deposition there were
23 several videos, but the one we showed him is -- I forget
24 exactly which one but it's one that shows the incident
25 that shows Main and Modesto, and then also the part in

1 front where the car comes in. I guess we showed him

2 two -- showed him two --

3 THE WITNESS: Mm-hmm.

4 MR. BARTON: -- videos from the Modesto.

5 MS. JOSEPH: Okay. Thanks, Monte. That

6 is helpful, kind of saves some time with me trying to

7 narrow it down, so thank you.

8 Q (BY MS. JOSEPH): And so it sounds like,

9 Officer Cherne, that you've seen some video of these

10 incidents that depicted things that were not necessarily

11 within your line of sight as the incidents were

12 occurring; is that accurate? You saw things from a

13 different angle --

14 A I --

15 Q -- on these two videos you were looking at?

16 A Yes, ma'am, from the opposite side.

17 Q Okay. Okay.

18 A But not saying that I saw those incidents. So

19 wasn't --

20 Q Okay.

21 A -- familiar -- I wasn't familiar with the

22 Modesto --

23 Q Mm-hmm.

24 A -- incident at all until I showed up here and

25 was given the paperwork --

1 Q Okay. Okay.

2 A -- so...

3 Q Understood. So I'm going to try to be -- be
4 clear in that if I'm just asking you a question without
5 referencing the videos that you've watched, I'm trying
6 to ask about your personal knowledge from what you saw
7 that day as opposed to something you later saw in a
8 video. Does make sense?

9 A Yes.

10 Q Okay. Okay. Anything else you did to prepare
11 for your deposition today other than review the things
12 we've already discussed?

13 A You mean did I go through IA and have an
14 investigation and the steps that the department did?

15 Q You mean steps with respect to investigating
16 the incident?

17 A Mm-hmm.

18 Q No, I'm not asking you about that right now.
19 Just if there's anything else that you did to feel
20 comfortable sitting in the chair and having me ask you
21 questions.

22 A No, ma'am.

23 Q Okay. I have a tendency to ask confusing
24 questions, and you have already clarified with me when
25 my question didn't make sense. Can I ask that you

1 continue to do that, and if -- if you don't understand

2 my question, ask me to rephrase it, okay?

3 A Yes, ma'am.

4 Q Okay. And can we have an agreement that if you

5 do answer my question, it means you understood it?

6 A Yes, ma'am.

7 Q All right, perfect.

8 One other thing before we kind of get into

9 it, I want to -- I want us to understand each other when

10 we're talking about some of the materials that were used

11 at the -- at the protest events. If I say kinetic

12 projectiles or beanbag rounds, do you know what I'm

13 talking about?

14 A Yes, ma'am, KEPs.

15 Q Okay. Okay. And if I say firearm, does that

16 to you mean I'm talking about a different kind of

17 munition like --

18 A Yes, ma'am.

19 Q Okay. All right, perfect. So starting with

20 some background, before the events of May 30th, 2020,

21 how many times had you fired a shotgun that was equipped

22 with kinetic projectiles, like the beanbag rounds?

23 A You're referring to the less-lethal?

24 Q Yes.

25 A Okay. So --

1 Q Mm-hmm.

2 A -- every year quals.

3 Q Okay. And quals stands for what?

4 A Qualifications.

5 Q Okay.

6 A And then at -- twice at SWAT training.

7 Q Okay. Was May 30th, 2020 the first time you
8 had ever used one of these types of shotguns equipped
9 with the kinetic projectiles in the -- in the field
10 outside of a training context?

11 A Yes, ma'am.

12 Q Okay. Prior to May 30th, 2020, had you ever
13 impacted another individual with a beanbag round?

14 A Yes, ma'am, in training.

15 Q Okay. Tell me about that.

16 A Live scenarios with SWAT, several scenarios
17 where the training was based on the less-lethal shotgun.

18 Q Okay. And what did they have you do?

19 A We were trained in -- in tactical deployment of
20 the less-lethal shotgun and the KEP through scenario
21 training. One to two days, two to three days, I'm
22 not -- I'm not quite sure how many days we were there,
23 but based on scenario training.

24 Q And were you on both sides of the scenario
25 during the course of the training --

1 A No, ma'am.

2 Q -- both -- no, you were only the shooter?

3 A Not always the shooter --

4 Q Okay. But --

5 A -- yeah.

6 Q -- but not ever the --

7 A Impacter.

8 Q -- what, hi -- yeah.

9 A Yes.

10 Q Okay. Okay.

11 A Mm-hmm.

12 Q So you have never been hit by one of these

13 beanbag rounds before?

14 A No, ma'am.

15 Q Okay. And the -- the folks that y'all were

16 shooting at in training, what were they wearing?

17 A Impacting?

18 Q Yes.

19 A Okay.

20 Q Mm-hmm.

21 A So from what I recall from training, normal

22 clothes, sweatshirts, blue jeans, shorts, an array of

23 clothing.

24 Q Okay. No special padding or body armor or

25 anything?

1 A Oh, no, ma'am.

2 Q Okay. This is a -- this can be a difficult one
3 to answer if -- if this has happened. Have -- have you
4 ever impacted anyone with a firearm?

5 A No, ma'am.

6 Q A -- a human. Okay.

7 Have you ever discharged a firearm outside
8 of a training exercise?

9 A Yes, ma'am, at the range --

10 Q Okay.

11 A -- personally.

12 Q Okay. Okay. And how about -- let me be more
13 specific, then.

14 A Mm-hmm.

15 Q Have you ever discharged a firearm in the
16 course of your duties as a -- an officer with APD?

17 A Oh, no, ma'am.

18 Q Okay. As an officer with APD, have you ever
19 found yourself in a position where the use of deadly
20 force was warranted?

21 A Can you repeat the question?

22 Q Yeah. In -- in your line of work as a -- as a
23 police officer, have you ever been in a scenario outside
24 of training, a real scenario where the use of deadly
25 force was warranted or appropriate?

1 A Are you asking if it could have been used and
2 not used or was used?

3 Q Either one. Yeah, I'm trying to ask either
4 one, but I can break it down into two if that's easier.

5 A Well --

6 Q So let -- let me ask you this: Have you ever
7 used deadly force?

8 A No, ma'am.

9 Q Okay. Have you ever been in a situation where
10 you could have?

11 A Yes, ma'am.

12 Q Okay. How many times?

13 A I -- I don't count them, nor do I collect them.
14 That being said is I would say off the top of my head,
15 if we're -- two or three times.

16 Q Okay. Can you tell me about those times that
17 you remember?

18 A Not that I recall. I do remember that being in
19 those situations, it could have went that way, if --

20 Q Okay.

21 A -- if that makes sense.

22 Q Okay. Now, you referenced annually being
23 qualified to handle the shotgun equipped with the
24 kinetic projectiles.

25 A Mm-hmm.

1 Q So as of May 30th, 2020, did you hold current
2 certification or qualification from APD to handle that
3 type of weapon?

4 A Yes, ma'am.

5 Q And do you know when the last date of your
6 certification was prior to the May 30th, 2020 incident?

7 A No, because I was also enrolled in the SWAT
8 training, so those are above-and-beyond training.

9 Q Okay. So you did both. You did the standard
10 qualification for the so-called less-lethal, and then
11 you also did SWAT training, or did SWAT training take
12 the place of --

13 A Oh, no.

14 Q -- the standard?

15 A It didn't take the place. It was above and --
16 there's several SWAT trainings I've -- I've actually
17 been at. I've also been at ALERRT training, which is --

18 Q Mm-hmm.

19 A -- through the department, as well, and outside
20 the department for TCOLE certification but never
21 replaced annual quals.

22 Q Okay. When did you start at APD?

23 A March 2016.

24 Q When did you first qualify to use the so-called
25 less-lethal shotguns?

1 A In the academy.

2 Q Okay. Since that time in the academy, has
3 there ever been a time that your qualification lapsed
4 and wasn't current?

5 A No, ma'am.

6 Q Okay. At the annual qualification training, is
7 that different from what you're initially taught in the
8 academy? Is it kind of a shorter recap or a different
9 course, or is it the same thing?

10 A That's a good question. So the -- the quals
11 are if you qualify with the less-lethal shotgun.

12 Q Okay.

13 A The training at the academy is --

14 Q Mm-hmm.

15 A -- class with the training --

16 Q Okay.

17 A -- so...

18 Q So then let me ask you to tell me more about
19 what the qual -- is that -- is the qualification more of
20 a like hands-on test --

21 A Yes, ma'am.

22 Q -- or -- okay.

23 Tell me what that involves, more details
24 about that.

25 A Length of being at a target with acceptable

1 ranges targeting impacting, reassessing.

2 Q And is this all done through your demonstration
3 of your knowledge in those areas by firing the -- the
4 weapon?

5 A Yes, ma'am.

6 Q Is there a classroom component to the annual
7 qualification?

8 A I believe we're in the classroom for a period
9 of time to go over updates and new news and then go to
10 the range after that.

11 Q Okay. And that -- that classroom time is
12 really, like you said, for newer stuff. It's not a
13 repeat of the here's how you use one of these, here are
14 the different target zones, that sort of stuff. They --
15 they taught you that at the academy; is that --

16 A Yes.

17 Q -- right?

18 A -- ma'am. It's -- it's covered on the -- on
19 the range, as well.

20 Q Okay. And how is that sort of thing covered on
21 the range?

22 A Ask what the acceptable areas are, describe the
23 areas where to avoid, what to expect --

24 Q Okay.

25 A -- when you do discharge.

1 Q So there's an oral component out there of
2 question and answer?

3 A Every time I've done it, there seems to be,
4 yes, ma'am.

5 Q Okay. Are there -- is it a group setting?

6 A Yes, ma'am.

7 Q Okay. And is it kind of anyone from the group
8 can give the answer to the question, or everyone is
9 asked the same series of questions separately?

10 A I'm just coming up on qual, so what I --

11 Q Uh-huh.

12 A -- remember from last year, as you --

13 Q Uh-huh.

14 A -- came up and as you load the rounds, the --
15 one instructor, it's one-on-one, but they're ty --

16 Q Okay.

17 A -- it is group -- it is group around you but it
18 is one-on-one.

19 Q Okay. Okay. Is there anything else that you
20 can remember about the training or certification on
21 usage of these so-called less-lethal shotguns?

22 A Can you ask the question again?

23 Q Actually, let me ask you some other questions
24 first.

25 Is there a specific target area that

1 you're taught to aim for when using this type of
2 shotgun?

3 A Yes, ma'am.

4 Q And what is that?

5 A So it would be extremities, arms, legs,
6 buttocks, staying away from head, neck, chest and spine,
7 groin.

8 Q So you kind of split that into two groups, the
9 acceptable areas to aim for and the areas to avoid, is
10 that how they teach it to you?

11 A I'm just going off of what I recall on the
12 target.

13 Q Okay. Are you familiar with target zones for
14 the kinetic projectiles being zone 1, zone 2 and zone 3?

15 A No, I'm familiar with red, yellow and green.

16 Q Okay. Okay. Can you tell me of the areas of
17 the body you just listed --

18 A Mm-hmm.

19 Q -- what would the green areas be?

20 A I can't differentiate between yellow and green,
21 but I do know that red sticks out. So it would be face,
22 head, neck, chest, groin and spine.

23 Q Okay. What do you -- what have you observed in
24 your usage of these shotguns about their accuracy?

25 A Based on training or in the field?

1 Q Let's start with training.

2 A Okay. From where we impact, I would say the
3 efficacy is very good. I -- I don't know --

4 Q Okay.

5 A -- percentages or --

6 Q Mm-hmm.

7 A -- ratios.

8 Q You -- you're a hunter I think I saw online; is
9 that right?

10 A I try.

11 Q Okay. Do you have -- do you -- you have pretty
12 good aim?

13 A I try.

14 Q Okay. So you usually hit what you're aiming
15 for when you're in training and using one of these
16 shotguns?

17 A Myself, ma'am?

18 Q Mm-hmm.

19 A Yes, ma'am.

20 Q Okay. And how about in the field? When you
21 were using the shotguns equipped with the beanbag rounds
22 on May 30th, 2020, what did you notice then about the
23 accuracy?

24 A I would say it was accurate, efficate, you
25 know, efficacy was good.

1 Q Mm-hmm. Okay. What do you know about the
2 accuracy of this type of weapon as the distance between
3 the shooter and the target increases?

4 A I haven't done research on the weapon itself.
5 I haven't participated in any jail studies or peer
6 review journals or any of that, so I -- I can't speak on
7 that.

8 Q That's fine. So you haven't been trained on,
9 say, the maximum effective distance of this type of
10 weapon?

11 A Oh, 25 yards, but that's recommended by it
12 sounds like manufacturer on the ammunition. That being
13 said, is -- the rule is you're responsible for every
14 round that you pull the trigger for. So if you're
15 comfortable within that range and you feel that it will
16 be efficate or accurate, then you determine if you take
17 the shot.

18 Q Okay. And I notice --

19 A But I know --

20 Q Go ahead.

21 A No, go ahead.

22 Q I know I'm saying accurate and I think you're
23 saying efficate. Will you tell me what that word means?

24 A The efficacy of it, but like --

25 Q Okay.

1 A -- just how efficate it is and/or accurate it
2 is.

3 Q Okay. Okay. So you talked about being
4 comfortable within that range of 75 yards and feeling
5 like it would be efficate. What about outside that
6 range of 75 yards? Are you trained that there are times
7 when it's appropriate to still discharge the weapon at a
8 target --

9 A For -- ma'am, are you saying 75 yards?

10 Q Oh, I meant 25 yards. I think I was thinking
11 75 feet. Thank you for your correction?

12 A Mm-hmm.

13 Q Yeah. Everything I just said but replace 25 --
14 replace 75 with 25.

15 A Okay.

16 Q So are you -- are you trained that if you are
17 comfortable discharging the weapon at a target more than
18 25 yards away and you feel it would be efficate, that
19 that's permissible --

20 A Yes, ma'am.

21 Q -- to do?

22 A Yes, ma'am.

23 Q Okay. And is there a limit, you know, Officer
24 Cherne, by no means shoot this gun at target more than X
25 amount of distance away? Or is --

1 A I --

2 Q -- it really left to your discretion?

3 A Yeah. I -- I've never been told outside 35,

4 45 -- like I don't have that research or --

5 Q Mm-hmm.

6 A -- data.

7 Q Okay. Yeah, and I'm not really asking you for

8 research or data, just what you've been trained.

9 A Oh.

10 Q Yeah.

11 A Well -- yeah.

12 Q Okay. Where are you from?

13 A I'm from Cleveland, Ohio.

14 Q How long have you been in Texas?

15 A Since March 2016.

16 Q Okay. Did you move for the APD job?

17 A We moved from Chicago to here, yes, ma'am.

18 Q Okay. And that's when you became a peace

19 officer, is when you started with APD?

20 A Yes, ma'am.

21 Q Okay. And what is your current rank within the

22 police force?

23 A Senior police officer.

24 Q Okay. Do you know your badge number?

25 A 8196.

1 Q Okay. Have you ever been in the military?

2 A No, ma'am.

3 Q Okay.

4 A Military high school, military college if that
5 counts.

6 Q Okay. Like ROTC?

7 A No, ma'am.

8 Q Oh.

9 A Culver Military Academy for high school.

10 Q Oh, okay.

11 A And then --

12 Q Oh, okay.

13 A -- Norwich Military College of Vermont.

14 Q Okay. So you've worked for APD for about
15 seven -- little over seven years?

16 A Yes, ma'am.

17 Q How many times have you received a written
18 performance review as part of your employment? Do they
19 do that annually, twice a year, never?

20 A Annually plus supervisors, some supervisors
21 monthly to meet --

22 Q Okay.

23 A -- your goal, see where you want to be --

24 Q Mm-hmm.

25 A -- see what write-outs you want to do, so...

1 Q Okay. So have you had one of those reports in
2 July yet?

3 A I believe they're -- come out in September or
4 for the follow --

5 Q Okay.

6 A -- the year prior, yes, ma'am.

7 Q Okay. And so the monthly report is not
8 necessarily every month. It's just kind of on occasion?

9 A Yeah. It's to see, you know, what your needs
10 are, where you want to be, what write-outs you want do
11 to, what training you want to do, sergeants or --

12 Q Okay. Okay. And are you working toward moving
13 up to a -- a particular rank or -- or goal within the
14 department?

15 A Yes, ma'am. I'm on the list for detective
16 corporal.

17 Q Okay. How many times have you been promoted
18 since you started in 2016?

19 A Zero, because this was the first test I could
20 take.

21 Q Okay. Okay. But -- but senior officer sounds
22 good. That sounds higher than junior --

23 A You just --

24 Q -- officer?

25 A You just -- you just put your -- you -- I think

1 it's after you become off probation that you become an

2 SPO. So --

3 Q Okay.

4 A So PPO -- PPO is probationary officer and then
5 after probation, you become -- you're given the title.

6 Q Got it, okay. Okay. I'm going to talk about
7 some more types of training. Before these protests in
8 May of 2020, what type of training did you receive on
9 protest policing or crowd control?

10 A So we had crowd control training in the academy
11 and then -- they have initials for it, as well. There's
12 another training for it prior to that.

13 Q And what did -- what did these trainings
14 entail? Let's start with what you learned at the
15 academy. So seven-plus years ago, what was that crowd
16 control training?

17 A Drawing out diagrams of, you know, what
18 positions you take, how -- how -- what maneuvers,
19 tactical maneuvers along with who's in charge, how
20 the -- how to form, what ranks are there, and then you
21 go out to the racetrack and you practice those.

22 Q Okay. And how do you practice?

23 A Just scenario-based.

24 Q Okay. Is that at the Formula One track?

25 A At the academy.

1 Q Oh, there's a racetrack at the academy.

2 Perfect.

3 A Well, it's a track.

4 Q Okay. Okay.

5 A Driver --

6 Q Okay.

7 A -- training, sorry.

8 Q Okay. And how much time do you think you spent
9 on those topics of crowd control protest policing at the
10 academy, approximately?

11 A I'd say most things at the academy were -- were
12 a week to -- three days to a week. It was broken down
13 into sections and training.

14 Q Okay. So you think probably at least three
15 days were spent on crowd control and protest policing?

16 A Seven years ago, I -- yeah, my best guess will
17 be anywhere between one to three days.

18 Q Okay. Okay.

19 A I don't want to miss the --

20 Q Sure, thank you for that. And you said there
21 was another training that was abbreviated with initials.
22 When was that one?

23 A So periodically we -- it -- it mattered what
24 sector you were in. There were -- I was in three
25 different sectors, started in Adam, went to Charlie,

1 Charlie to -- or Edward to Charlie, Charlie back to
2 Adam.

3 So we would have shift training, and those
4 shift trainings would be one-day training and the cadre,
5 the FTS, sergeant and corporals would -- would pick the
6 training, what we were going to do.

7 Q How many times was the topic protest or crowd
8 control?

9 A One for sure that I can recall on the shift
10 training.

11 Q Okay. Is the shift training documented like
12 with a sign-in sheet or anything like that?

13 A It's during our workday, so it would be under
14 our time card. So I -- not being a supervisor yet, I
15 don't know how they document it.

16 Q Okay. Do you have any idea, like what year
17 that was?

18 A It was between the -- two-and-a-half to almost
19 three years that I was in Charlie, so '16, '17, maybe
20 '18 to '20, '17 to '20, somewhere --

21 Q Okay.

22 A -- in there.

23 Q Okay. Before the May incident that we're here
24 about?

25 A I actually just transferred sectors just prior

1 to this.

2 Q Okay. Just prior to --

3 A The riot.

4 Q -- the incident?

5 A Yes.

6 Q Okay. Okay. Can you think of any other

7 training other than you did at the academy and the one,

8 maybe more shift training --

9 A Mm-hmm.

10 Q -- sessions that covered crowd control and

11 protests?

12 A Not specifically under crowd control or

13 protests.

14 Q Okay. Did you receive any additional training

15 on those topics after the May 2020 incident?

16 A There was a -- the chief put out a post-action

17 plan either memo or email.

18 Q Okay. And that's it?

19 A Yes, ma'am.

20 Q Okay. Let me ask you some of these same types

21 of questions about use of force.

22 MS. JOSEPH: He didn't go to camp today.

23 THE WITNESS: No worries.

24 Q (BY MS. JOSEPH): So tell me about the training

25 that you've received, really looking at from the time

1 you started in 2016 up until the May 2020 incident, in
2 use-of-force and use-of-force decision-making.

3 A Can -- can you explain that or ask that in a
4 different way if you don't mind?

5 Q Yeah. So I'm assuming that you received
6 use-of-force training at the --

7 A Yes, ma'am.

8 Q -- academy? Tell me about that.

9 A Can you expound on that? Because when you --

10 Q Sure.

11 A It's pretty broad. At the academy,
12 scenario-based situations could include use of force,
13 which would then include learning details pages,
14 learning how to document them, what is use of force, the
15 extent of levels of use of force, your -- your belt and
16 your tools that you have to use. It was pretty
17 extensive.

18 Q Okay. And I want to know about that. So first
19 tell me, what is use of force?

20 A It's an action to stop another action or gain
21 compliance of a subject.

22 Q Okay. Okay. And what are the levels?

23 A Level 1 through 4.

24 Q Okay. What is level 1?

25 A Deadly force.

1 Q When is it appropriate to use level 1 or deadly
2 force?

3 A Against deadly force and/or -- I'll just keep
4 it at that.

5 Q Okay. Are there other -- are there other times
6 that it's appropriate to use level 1 or deadly force, or
7 only against deadly force?

8 A Well, I think level 1 as well as a weapon or
9 tool to someone's head.

10 Q Okay.

11 A Usually it's -- so I think that's how you would
12 then handle that at that point.

13 Q Okay. Meaning if you see a -- a victim with a
14 weapon or tool at their head, you can then choose to use
15 deadly force against the person with the weapon or tool
16 against their head?

17 A No. What I'm referring to is if you struck
18 someone in the head.

19 Q That would -- could be considered deadly force?

20 A That could be considered a level 1.

21 Q That could be -- okay. Got it. Okay. Okay.
22 So it's appropriate to use deadly force only in response
23 to deadly force, but it can also be level 1 force if
24 someone is struck in the head?

25 A Yes, ma'am.

1 Q So -- okay. Okay. What is level 2?

2 A Level 2 can -- there's a list. I know it
3 changes periodically, but I'm not -- I wouldn't say that
4 I have it memorized.

5 Q Okay. But you're out there in the field
6 responding to, you know, action by someone or needing to
7 gain compliance of a subject?

8 A Yes, ma'am.

9 Q You -- you have something in your mind that
10 that means level 2 force. What -- what do you think of,
11 you know, when you're out in the field and -- and you're
12 thinking --

13 A So most of what we deal with is level 3 use of
14 force, takedowns, dog bites, OC spray, the things that
15 we have on our tool belt, so those are the most familiar
16 ones to me.

17 Q Okay.

18 A Level 4, as well.

19 Q And level 4 would be the least amount of force?

20 A Yes, ma'am, resistance.

21 Q Okay. What else is on your tool belt besides
22 the OC spray?

23 A It would be my asp, OC spray, my taser, my
24 firearm, handcuffs, radio, handcuff key.

25 Q Is the taser a --

1 A Taser, yes, ma'am.

2 Q Is the taser considered level 3 force?

3 A I believe if -- if it makes contact -- please

4 don't quote me on this, but I believe it's a -- a level

5 3. But if you miss or it doesn't connect or doesn't

6 create MNI, then I believe it's now considered a level

7 4, but I don't want to be quoted on that.

8 Q Okay. And the firearm, is that always going to

9 be a level 2 or level 1, or are there certain --

10 A I believe it's a level 1.

11 Q Okay. Okay. Okay. So I actually feel like

12 I'm starting to understand 1, 3 and 4, but I still don't

13 really know what 2 is. So I'm -- I'm not going to ask

14 you to list everything written on the piece of paper --

15 A Okay.

16 Q -- but can you --

17 A I'd have to --

18 Q -- try and give me --

19 A -- look it up --

20 Q -- an i -- idea of what is level 2?

21 A I'd have to look it up without misspeaking.

22 Q Okay. You really just don't know?

23 A When -- yeah. When -- when we do our details

24 page for use of force, there's a drop-down for it.

25 Q Okay. In the -- in the context of a law

1 enforcement officer like yourself working a crowd or
2 protest like we had on May 20th -- or May 2020, what
3 does the word de-escalation mean?

4 A De-escalation meaning bringing a situation down

5 to -- I consider it bringing it down to a conversational

6 piece, from a hyped-up situation to a non-hyped-up

7 situation.

8 Q Are there tools available to you to help you
9 deescalate a situation that are separate from the
10 use-of-force tools that we've been talking about?

11 A Meaning like communication?

12 Q Sure. What else?

13 A I mean, you have -- you -- you're asking
14 outside of your tool belt?

15 Q Uh-huh, yes.

16 A I -- I would say the -- it's -- it's the tools

17 on your belt and the communication that you have,

18 officer --

19 Q Okay.

20 A -- presence.

21 Q I'm sorry. What was the last part?

22 A Officer presence.

23 Q Okay. According to your training from APD,
24 what is your role as a police officer during a protest
25 event?

1 A During a riot or a protest?

2 Q Let's talk about both. First protest.

3 A So a protest is to maintain community health

4 and wellness and see that no one is injured and/or

5 property damaged.

6 Q No one is injured, and what was the last thing?

7 A Maintain that property isn't damaged.

8 Q Okay. Any other role that you have as a -- a

9 police officer during a protest?

10 A Communicate with community I would say, allow

11 people to speak their mind.

12 Q How does that role change? Before I get there,

13 how do you define a riot as opposed to a protest? Tell

14 me what each of those words mean.

15 A Seven or more people assembled with the intent

16 of property damage and/or to injure people and

17 interfering with police action or law enforcement

18 action.

19 Q That sounds like you got it from somewhere. Is

20 that written down somewhere?

21 A No, ma'am.

22 Q Okay. The seven or more sounds like some

23 official -- kind of an official --

24 A Oh.

25 Q -- definition.

1 A Yeah, I -- I believe that's Penal Code or CCP.

2 Q That's what we're calling -- that's -- that's a
3 riot?

4 A Yes, ma'am.

5 Q Okay. And a protest, then, could have more
6 than seven people?

7 A I -- I believe they both could have seven
8 people or more than seven people.

9 Q Okay. But the difference is the -- the intent
10 of the crowd and whether they're interfering with the
11 police?

12 A No, that's --

13 Q Is that accurate?

14 A No, ma'am. That's not what I said.

15 Q Okay. Tell me again.

16 A It's property damage, injury --

17 Q Mm-hmm.

18 A -- to people, as well as law enfor --
19 interfering with law enforcement action.

20 Q Okay.

21 A I'm -- yeah, I --

22 Q I think you said intent to damage property or
23 injure people, but it's just the fact that property
24 damage or injury to person is occurring?

25 A Or could occur. I --

1 Q Okay. So that actually sounds pretty tough to
2 differentiate. I mean, you've got this crowd of 10
3 people, and nobody has been hurt, no property has been
4 damaged, law enforcement has not been interfered with.
5 How can you tell if those things could happen and it
6 might be a riot instead of a protest?

7 A Are you giving me a scenario or...?

8 Q I guess. I'm just asking you a question.

9 A Okay.

10 Q Yeah.

11 A So if there's no property damage being I guess
12 assumed and --

13 Q Mm-hmm.

14 A -- people aren't being injured or the
15 possibility of them not happening and/or --

16 Q Mm-hmm.

17 A -- no one is interfering with law enforcement
18 action --

19 Q Mm-hmm.

20 A -- it could be considered a -- a protest. I
21 mean I think --

22 Q Okay.

23 A -- one -- one person could be a protest.

24 Q Okay. Yeah, it's the possibility that's
25 confusing me. Like how do you know if this group of

1 people that hasn't, you know, done any of these things
2 that you describe as riot --

3 A Mm-hmm.

4 Q -- has the possibility of doing them?

5 A I guess I don't understand the question.

6 Q When you're helping me understand the
7 definition of riot --

8 A Mm-hmm.

9 Q -- you are talking about peo -- either certain
10 things happening, injury to property, injury to people
11 or the possibility of those things happening; is that
12 correct?

13 A Well, I would say that it's protecting the
14 community from property being damaged and/or injury to
15 people or serious bodily injury or bodily injury. So
16 the word possibly is -- is throwing me off there.

17 Q Okay. So you're not injecting possibility or
18 something could happen into the definition of riot.
19 Riot is when those things are happening?

20 A Yes, ma'am.

21 Q Okay. Okay. Okay. Let me see if I can get
22 myself back on track. I think we talked about your role
23 during a protest. What is a police officer's role
24 during a riot?

25 A I would say maintaining community safety,

1 protect property and people and disperse the riot.

2 Q When you have a crowd and most of it would be
3 defined as protesters but you have maybe one or two
4 individuals within -- or I guess seven individuals
5 within that would meet this definition of riot, how do
6 you know what your role is? Is it -- let me stop there.

7 A Is there a question? I'm sorry.

8 Q Yeah.

9 A Can you --

10 Q How do you know what --

11 A -- ask me again?

12 Q How do you know what your role is --

13 A It's com --

14 Q -- when you have both?

15 A Okay. So it's protect community --

16 Q Uh-huh.

17 A -- and protect property and people from being
18 injured. That would be my role. You said how was --

19 Q Okay. I think that's --

20 A -- what my role --

21 Q -- what you said your riot role was.

22 A Mm-hmm.

23 Q Okay. So if you have anybody within a group
24 that you feel like meets the riot definition, you're
25 going to take on the riot role. Is that what you're

1 saying?

2 A If there's seven or more people, by definition
3 and by our training experience, I would say yes.

4 Q Okay. I just want to make sure you understand
5 my question. Like you've got a hundred people --

6 A Mm-hmm.

7 Q -- and 93 of them are protesting but seven of
8 them are acting riotously, you're going to take on the
9 role of a police officer in a riot situation; is that
10 correct?

11 A With the seven, is that what you're asking, or
12 with the 93?

13 Q Well, maybe you're answering it with your
14 question. So you're going to take on a different role
15 depending on who you're interacting with?

16 A Yes, ma'am.

17 Q Okay.

18 A It would be like any other crime.

19 Q Okay. Okay. Okay. Are you familiar with the
20 MFF, mobile field force?

21 A Yes, ma'am.

22 Q Is that something that you're a part of or were
23 a part of in May of 2020?

24 A That was a -- the actual training that I was
25 trying to come up with the initials on.

1 Q Ah.

2 A Yes.

3 Q Okay. Okay. Is it also a -- like does it make
4 sense if I ask you why was the mobile field force
5 dispatched on May 30th, 2020?

6 A So the -- BPOC -- I don't know what they stand
7 for, but there's a specific unit that handles mobile
8 field force --

9 Q Okay.

10 A -- and they're -- they're used in different
11 capacities. I'm not part of mobile field force, so I
12 can't speak on their SOPs or...

13 Q You've done the training, but --

14 A You --

15 Q -- you're not part of that group?

16 A Right. We've done the formation training.

17 Q Okay. Going back to protesters, is
18 participating in a protest committing an offense?

19 A No, ma'am.

20 Q Okay. Is presence at a protest cause for
21 detainment or arrest?

22 A Can you rephrase the question?

23 Q Is a person's attendance at a protest event --

24 A Mm-hmm.

25 Q -- cause to detain or arrest them?

1 A No, ma'am.

2 Q Okay. What if the person is yelling?

3 A No, ma'am. Well --

4 Q Okay.

5 A -- let me rephrase that.

6 Q Okay.

7 A It matters what they're yelling if somebody is
8 offended by the -- by what they're yelling. So I
9 would -- I would still say it's based on DOT language.

10 There -- there are definite issues with some of the
11 things that could be said if someone is offended,
12 correct.

13 Q Okay. What if they're verbally insulting the
14 police force with their yelling? Is that cause to
15 detain or arrest them?

16 A No, ma'am.

17 Q Okay. What if this person who is at a protest
18 event then throws a rock? Is that cause to detain or
19 arrest them?

20 A If they're throwing rocks, ma'am?

21 Q (Moves head up and down.)

22 A I would say yes, ma'am.

23 Q Okay. What if such a person throws a water
24 bottle? Is that cause to detain or arrest them?

25 A I would say if in the betterment of the

1 community or breach of the peace, then yes.

2 Q Okay. What does that part mean, if in the
3 betterment for the community or breach of the peace?

4 A So our -- I guess you're referring to the
5 people that were throwing water bottles? Is that what
6 --

7 Q No. Right now I'm just kind of trying to
8 understand, you know, what different actions would it be
9 justifiable or appropriate for a police officer to
10 arrest or detain someone at a protest.

11 So we talked about throwing a rock. Now
12 we're on, you know, something like a plastic water
13 bottle.

14 A I -- I don't understand the question, I'm
15 sorry.

16 Q Okay. When I asked you if throwing a water
17 bottle was cause for detainment or arrest --

18 A Mm-hmm.

19 Q -- you qualified your answer with a phrase, and
20 I want you to explain to me what that phrase means.

21 A Well, if that -- if the water bottle is
22 intended to hit someone or if they're just throwing it
23 out into the field, then no, you're -- you know, there's
24 no reason to detain that person. But if it's thrown at
25 a person or intent to cause bodily injury or serious

1 bodily harm or death, then yes.

2 Q Okay. And how are you able to determine the
3 intent of a person throwing an object?

4 A It would be the action of the person and what
5 my observations are and if it was in the direction of a
6 person that could have caused harm, bodily injury,
7 serious bodily injury or death --

8 Q Okay.

9 A -- and used as a -- the intended use.

10 Q What if this same person instead of throwing a
11 rock or a water bottle they throw a paperclip? Is that
12 cause for detainment or arrest? You know what? Let me
13 make it easier. Let me make it a paper airplane.

14 A Okay. So I would say the tool itself --

15 Q Mm-hmm.

16 A -- if it can cause serious bodily injury, harm,
17 do harm to the community, a person, serious bodily
18 injury or death, it would have to be the -- the weapon
19 itself, I believe.

20 Q So under what circumstances would throwing a
21 paper airplane be --

22 A I wouldn't imagine that would be, ma'am.

23 Q Okay. All right. What is your understanding
24 of the phrase excessive force?

25 A Above and beyond the force that it would take

1 to stop the action.

2 Q Okay. And you know that we as Americans have a
3 constitutional right to be free from excessive force?

4 A Yes, ma'am.

5 Q Okay. Were you trained on that Fourth
6 Amendment right?

7 A Yes, ma'am, in the academy.

8 Q What did that training entail?

9 A Reading and being tested on it.

10 Q Like they would give you a hypothetical
11 situation and ask you if the level of force used was
12 appropriate, or what was the test like?

13 A Yes, ma'am.

14 Q Okay. Does an individual give up their right
15 to be free of excessive force by attending a protest?

16 A No, ma'am, not just attending the protest.

17 Q Does an individual give up their right to be
18 free of excessive force by attending a riot?

19 A No, ma'am. It -- I would say no, ma'am.

20 Q Does an individual give up their right to be
21 free of excessive force if they throw an object?

22 A Depends on the object, depends on the intent.

23 It depends where the object goes, what is the use of it.

24 Q If an individual throws an object with the
25 intent to cause injury to someone else --

1 A Mm-hmm.

2 Q -- do they give up their right to be free from
3 excessive force?

4 A Not from excessive force.

5 Q Okay. And then surely if an individual throws
6 a bottle, an object without the intent to cause injury,
7 they also do not give up their right to be free from
8 excessive force?

9 A Correct, ma'am.

10 Q Okay. We talked about some of these definition
11 as little bit earlier. We talked about protest versus
12 riot. I want to understand a little bit more language
13 that I've seen in the documents in this case. I've seen
14 bystander, peaceful protester, violent protester and
15 rioter. Can you help me understand the difference
16 between those things?

17 For example, what's the difference between
18 a bystander and a peaceful protester?

19 A Well, between those that you asked me about --

20 Q Mm-hmm.

21 A -- I would say there's a protester, there's a
22 rioter, and then I would believe that if they're a
23 bystander, they're either participating in the protest
24 or they're not.

25 Q Bystander could be either one?

1 A Could be.

2 Q Okay. And what is a violent protester?

3 A I don't describe it as a violent protester.

4 It's -- or I would say that's someone participating in
5 the riot.

6 Q Okay. You actually do. I mean, I'm asking
7 because --

8 A Yes.

9 Q -- these are your words.

10 A Okay.

11 Q So I can -- I can pull up the document if that
12 would be helpful.

13 A Okay.

14 Q Give me just a second. This one. Okay. I'm
15 going to share my screen.

16 Can you see this Austin Police Department
17 General Offense Hard Copy? Is it on your screen?

18 A Yeah, I see part of it.

19 Q Okay.

20 A Yes, ma'am.

21 Q So just like right here for example, I was
22 explained that our response was for violent protesters
23 and rioting.

24 A Yes, ma'am.

25 Q So what's a violent protester as compared to a

1 rioter?

2 A That's how it was described to us as we went
3 down there. So that --

4 Q Okay.

5 A -- that's the information I was given.

6 Q Okay. So you don't know what a violent
7 protester is. That's just a word someone else used?

8 A Yes, ma'am.

9 Q Okay.

10 MR. BARTON: Leigh, can I -- just because
11 that document has now, you know, kind of become part of
12 the deposition, can you tell me the Bates number where
13 that language was quoted from?

14 MS. JOSEPH: Yes, happy to. That was
15 COA2257.

16 MR. BARTON: Okay.

17 MS. JOSEPH: Thank you for asking.

18 Q (BY MS. JOSEPH): Do you consider it part of
19 your job to protect both protesters and rioters in
20 addition to civil -- other civilians?

21 A I believe you protect all the community, ma'am.

22 Q Why?

23 A Can you ask that again?

24 Q Why?

25 A Why?

1 Q Mm-hmm.

2 A Because I believe everybody has the right to --
3 to be protected.

4 Q Okay. You talked earlier when I asked you
5 about other tools that you had for de-escalation aside
6 from your tool belt --

7 A Yes, ma'am.

8 Q -- you talked about communicating.

9 A Yes, ma'am.

10 Q Tell me about your training in communicating
11 with crowds.

12 A Communicating with crowds?

13 Q Mm-hmm.

14 A I would say that as an officer it's one-on-one.

15 Q Okay. So you don't have any specific training
16 in how to communicate with a crowd?

17 A Other than using LRAD, but that -- that's SWAT
18 stuff. That's --

19 Q Okay.

20 A Yeah.

21 Q What's LRAD?

22 A It's a microphone that's used to communicate
23 to -- to crowds to disperse.

24 Q Okay. Did y'all have the LRAD equipment --

25 A No.

1 Q -- out there on May 30th? No?

2 A No.

3 Q Okay.

4 A They -- I believe they used microphones and
5 broadcasting devices from the cars to try to get the
6 crowd to disperse.

7 Q At the May 30th, 2020 event?

8 A Yes, ma'am.

9 Q Okay. But you weren't a part of those actions?

10 A No, ma'am.

11 Q Okay. What training do you have in
12 communicating with deaf individuals?

13 A At the academy I know that we had people come
14 in and speak from the deaf community. I know that -- I
15 believe that we had scenario -- a scenario of a deaf --
16 a gentleman on a traffic stop where we had to
17 communicate with pen and paper, and then just on my
18 calls.

19 Q Okay. I'm assuming if you didn't have any
20 communications training specifically focused on crowds,
21 you didn't have any communications training specifically
22 focused on deaf crowds either, correct?

23 A Correct --

24 Q Okay.

25 A -- yes, ma'am.

1 Q As far as communications are concerned, are you
2 trained to give a warning before discharging a weapon at
3 an individual?

4 A What type of weapon, ma'am?

5 Q Let's talk about a -- a shotgun equipped with
6 beanbag rounds.

7 A With a KEP?

8 Q Yes.

9 A If applicable.

10 Q Okay. When would -- when would giving a
11 warning be applicable and when would it not?

12 A If you had the time to do so.

13 Q Okay. And what determines if you have the
14 time?

15 A The action.

16 Q The action that the individual you're targeting
17 is engaged in?

18 A Yes, ma'am.

19 Q Okay. In the context of throwing a water
20 bottle like Tyree Talley and -- and Modesto Rodriguez in
21 these --

22 A Mm-hmm.

23 Q -- cases, is that a situation where you're --
24 you would be expected to give a warning before shooting
25 at someone with the shotgun equipped with the beanbag

1 rounds?

2 A Impacting?

3 Q Why do we distinguish between shooting and
4 impacting when we're talking?

5 A With a KEP you're impacting the -- the subject.

6 Q Okay. So the -- my use of the word shooting
7 doesn't feel appropriate to you?

8 A It's -- it -- in -- in my head it's just
9 different. Using the word impacting is the way I was
10 trained and I use it in everyday language I would say.

11 Q Okay. Okay. Can you understand that if I say
12 shooting and I'm talking about the shotgun that has the
13 beanbag rounds in it, I mean discharging the shotgun
14 with the beanbag rounds at a person or --

15 A Yeah, it's just --

16 Q -- at a target?

17 A I would say it's --

18 Q Okay.

19 A -- semantics based on my training experience,
20 so...

21 Q Okay. Okay. So you say impacting. I say
22 shooting.

23 A All right.

24 Q We don't have to --

25 A Yeah.

1 Q -- we don't have to correct each other each
2 time. We both --

3 A Sorry.

4 Q -- understand. Okay.

5 So if an individual is throwing a water --
6 I mean let's just take the scenario, you know, that
7 these two cases bring to light. We have an individual
8 at a protest --

9 A Mm-hmm.

10 Q -- event who has thr -- is throwing or has
11 thrown a water bottle.

12 A Mm-hmm.

13 Q Do you have time, based on that conduct, to
14 give a warning before shooting the shotgun equipped with
15 the beanbag rounds?

16 A If time permitted, if it was applicable.

17 Q Okay. So is it applicable? Because you said
18 applicability de -- is determined based on what the
19 person is doing. So if you're --

20 A And time.

21 Q -- the person --

22 A And time. So when you target --

23 Q Okay?

24 A -- the -- the subject. So if --

25 Q Okay.

1 A -- if I'm late to target --

2 Q Mm-hmm.

3 A -- then I would say if it were applicable, then

4 yes.

5 Q Okay. So if you're not the first person to

6 shoot, you don't need to give a warning?

7 A No, I didn't say that. I was saying by

8 timeframe, if and when I target the subject with the

9 action or doing the action --

10 Q Mm-hmm.

11 A -- if it's applicable to give him the warning,

12 then I would.

13 Q Okay.

14 A So it's based on time, perception, speed, the

15 action.

16 Q Okay. So let's figure out when it's applicable

17 and when it's not. So you see a person picking up a

18 bottle and it looks like they are getting ready to throw

19 it. Should you --

20 A Pardon me --

21 Q -- you give a warning? Should you give a

22 warning --

23 A Well --

24 Q -- before shooting?

25 A I -- I wouldn't impact that person until he was

1 in --

2 Q Okay.

3 A -- in the action of throwing the bottle.

4 Q Okay. All right. So now the person has the
5 bottle in hand and is winding up and you can tell
6 they're in the act of arcing their arm forward to throw
7 it.

8 A Mm-hmm.

9 Q Would you impact that person?

10 A If -- if in the action and I had them targeted,
11 then yes.

12 Q Okay. Would you give a warning?

13 A If it were applicable.

14 Q Okay. Is it applicable?

15 A I don't know. Just because --

16 Q How do we figure that out? This is going to
17 take a while.

18 A No, I understand. I --

19 Q Okay.

20 A It -- it's all based on individual scenarios.

21 Each use of force is -- has its own standard guidelines
22 and perception of what's happening.

23 Q Mm-hmm. So we're talking about a scenario. So
24 what are we missing? Why can't you answer the question?

25 A I think I'm answering. I -- I -- if -- if and

1 when I target the person --

2 Q Mm-hmm.

3 A -- if I have the time and it's applicable to

4 give him a warning, that said --

5 Q Mm-hmm.

6 A -- person, then -- then I would and it's ba --

7 it is in policy that if it's applicable to impact that

8 person or give the warning prior to impacting, then yes.

9 But if I turn and it's not applicable and

10 see the bottle go and we impact as he's throwing or

11 prior to throwing, then it wouldn't be applicable.

12 Q Okay. So you've targeted a person, you've seen

13 this person pick up a bottle, extend their arm back, and

14 now it's arcing forward to throw the bottle.

15 A Mm-hmm.

16 Q It sounds to me based on what you just said

17 that you have time and it would be applicable to give a

18 warning here; is that correct?

19 A Well, we're referring to split seconds and the

20 action itself. So if I had the time to do so, I would

21 do it, if it were possible.

22 Am I not answering the question?

23 Q I'm just not sure why you can't tell me yes or

24 no.

25 A Because every use of force is going to be

1 different. If -- if I turn and I target the person and

2 I have the time to say it, then -- then I would and

3 that's then appropriate. But if I turn and my

4 perception doesn't give me the time to say it -- because

5 I'm going to probably see it before I could say it, then

6 I can't put myself in a box and say yes, every time I

7 would do that because every --

8 Q Okay.

9 A -- use of force is different.

10 Q Okay.

11 A I'm sorry if I didn't answer that.

12 Q That's okay. No, I appreciate it. So I

13 assume, then, that -- do you have a specific

14 recollection of what was happening each time you

15 discharged your so-called less-lethal weapon on

16 May 30th, 2020?

17 A Do I have a recollection?

18 Q A specific recollection of what was happening.

19 Yeah --

20 A Yes.

21 Q -- like what the target was doing.

22 A A recollection of the whole scenario, yes.

23 Q Okay. Do you remember who you were shooting at

24 and why each time you discharged the so-called

25 less-lethal weapon on May 30th, 2020?

1 A Sorry. Ask the question again. I didn't hear

2 it. I apologize.

3 Q That's okay. Do you remember who you were
4 shooting at and why each time you discharged the weapon?

5 A Yes, ma'am.

6 Q Okay. Okay. So you can talk to me then
7 specifically about whether you should have given a
8 warning or not for every shot that you took on May 30th,
9 2020?

10 A No. You asked me if I recollect the -- if I
11 recollect what those people were doing when I discharged
12 my less-lethal. So I impacted people that were throwing
13 items at the front step and the Main at -- of the
14 department and/or people in the front, officers.

15 Q You cannot talk to me about whether you should
16 have given a warning to any of the subjects that you
17 targeted on May 30th, 2020; is that correct?

18 A No, ma'am. So what I'm saying is if it's
19 applicable to give a warning, then I believe I gave a
20 warning when it was applicable to do so.

21 Q Okay. So you -- in terms of giving warnings
22 before shooting, your conduct was perfect, and we can
23 analyze it by looking at your body cam and we would
24 either hear a warning or not?

25 A I would say what's on body cam is what

1 happened. I can't say the word --

2 Q Okay.

3 A -- perfect.

4 Q Okay, I'm sorry. I've got to stop you. I need
5 to take a break. Let's take about a five-minute break,
6 okay?

7 A Okay.

8 MS. JOSEPH: Thank you. Okay.

9 THE VIDEOGRAPHER: Okay. We are now off
10 the record at 4:26.

11 (Recess taken.)

12 THE VIDEOGRAPHER: All right. We are now
13 back on the record at 4:36.

14 Q (BY MS. JOSEPH): Officer Cherne, I apologize
15 for the abrupt nature of that break, but thank you --

16 A I was --

17 Q -- for the time.

18 A I was saying I feel like I upset you, so I --

19 Q No --

20 A -- never my intent, but I want to answer my
21 questions and be up -- you know, as -- as clear as I can
22 and it's not my intent to upset you.

23 Q Well, thank you, I appreciate that. And -- and
24 neither is it mine to upset you. I know it must be hard
25 to be sitting in that chair today several years after

1 all this happened --

2 A Yeah.

3 Q -- so...

4 Okay. Let's get back -- back to it.

5 A Okay.

6 Q And I -- I want to go to May 30th, 2020.

7 A Okay.

8 Q Were you scheduled to work that day?

9 A I was.

10 Q Okay. And what -- when you reported for duty
11 that day, what were you doing?

12 A So we're -- our shift was 1:00 to 11:00, and
13 we're -- we did our pre-checks. From pre-checks, we
14 received a message that we were supposed to go downtown
15 and report for an ONA.

16 Q And ONA stands for?

17 A Officer needs assistance. That's our highest
18 call.

19 Q Okay. And was that the event outside
20 headquarters?

21 A Yes, ma'am.

22 Q Okay. So when you came in that day, you did
23 your briefing, and then you went right to the -- the
24 scene outside --

25 A Yes --

1 Q -- headquarters?

2 A No, ma'am.

3 Q No, okay. So where did you go next --

4 A Okay. So --

5 Q -- after the briefing?

6 A -- I went to a barricade. I was assigned to a

7 barricade up on I believe Mar -- MLK --

8 Q Mm-hmm.

9 A -- and 35. We shut the road down, the service

10 road. So I stayed there and blocked the road off. I

11 met officers from day shift and the motors unit there.

12 Q Okay. How long were you there?

13 A Four, five hours.

14 Q Okay. So from like --

15 A 1:00 to --

16 Q -- 1:00 to --

17 A -- 5:00?

18 Q -- 5:00?

19 A 1:00 to 4:00, 1:00 to 5:00.

20 Q Okay. And you're in your full black Austin

21 police officer uniform -- Austin Police Department

22 uniform, the usual --

23 A Blue, yeah.

24 Q Oh, blue. Is it dark blue?

25 A It is.

1 Q All right. All right. So you're in your dark
2 blue uniform. Are you outside -- are you standing
3 outside the vehicle while you're there at that bar --
4 barricade?

5 A Yeah. We use the vehicles to block the service
6 road and then put our -- the -- they already had
7 barricades set up to shut the road down for --

8 Q Okay.

9 A -- vehicles.

10 Q Okay. So it's May, you're in dark blue, you're
11 outside just about after peak sun. You're out there all
12 afternoon in -- in the hot sun. You're not comfortable.
13 Is that --

14 A Actually, it was --

15 Q -- is that a --

16 A No, I was in and out of my car in the AC and --

17 Q Okay.

18 A Yeah.

19 Q Okay. So it wasn't too bad?

20 A Having the vehicle there was a -- a huge help
21 with the AC in keeping very fresh, plus a cooler of
22 water and food.

23 Q Nice. Okay. As I sit here with a portable fan
24 in my --

25 A Yeah.

1 Q -- home office, I'm thinking outside is always
2 miserable.

3 Okay. So you -- you go to the MLK
4 barricade. You're there until about 4:00 or 5:00. And
5 then what happens next?

6 A Everybody was ordered up to the bridge. From
7 where we were, we had -- we had seen that a group of
8 people -- I only knew them as observation of people
9 taking over the highway --

10 Q Okay.

11 A -- several times.

12 Q Okay. And when you're talking about the
13 highway and the bridge, you're talking about the area of
14 I-35 right there near the police headquarters, what is
15 that, 11th and 12 streets?

16 A Headquarters, 7th and 8th.

17 Q Oh, 7th and 8th. Is that what we're talking
18 about right there at --

19 A Well, no. They were -- I mean -- I mean
20 distance, I mean, they had shut down most of 35 on both
21 sides, but -- I mean there's a distance from the Main
22 that 35 was shut down.

23 Q Okay. Okay.

24 A And on the east side --

25 Q Because --

1 A -- as well.

2 Q Okay. Because of bodies physically --

3 A On the highway.

4 Q On the highway, okay. So you are directed to
5 respond the -- everyone is directed to respond there?

6 A Yeah. That was -- that was after I used my car

7 as protection from bottles, fireworks, and a pizza.

8 Q I'm sorry. I shouldn't laugh, yeah, but --
9 yeah. Okay. So you take your car from the MLK area?

10 A No. So I -- I -- I left my car there --

11 Q Mm-hmm.

12 A -- and -- because it was blocking the service
13 road and moved up with the other officers on 35.

14 Q Okay. Okay. And what happens next?

15 A I -- well, I walked up to 35, saw two or three

16 officers in the back of an ambulance getting treated

17 for -- one of the officers got hit in the mouth with a

18 water bottle. Another officer was -- had a contusion on

19 their head from getting hit with a rock. So passed the

20 ambulance, met with cadre, and then assigned a -- a spot

21 on 35.

22 Q Okay. And is that -- first of all, what is
23 cadre?

24 A It's sergeants, lieutenants, commanders.

25 Q Do you remember specifically who cadre was made

1 up of at that time?

2 A So at that point I could -- I could only
3 remember one who was Lieutenant Volk --

4 Q Okay.

5 A -- that was up there, and he was helping with
6 the people in the ambulance, the officers that were
7 already injured.

8 Q Okay.

9 A And then you.

10 Q Do you -- sorry, go ahead.

11 A You could tell that there was Lieutenant Lalou
12 on the radio who was taking command.

13 Q Okay. Did you know the other members of the
14 cadre at that point, you just don't remember who they
15 were, or did you not know them?

16 A I've -- I've never seen half of them.

17 Q Okay.

18 A So they pulled from everywhere, every OCD unit
19 detectives, South, that -- even the officers I
20 weren't -- I wasn't familiar with.

21 Q Okay. Okay. Is this the point when you are
22 allotted or -- or handed the shotgun?

23 A The less-lethal, yeah.

24 Q Mm-hmm. Okay. And at some point I think you
25 put on a helmet that had a face shield as part of it; is

1 that correct?

2 A Yes, ma'am.

3 Q What other gear do -- do -- do you -- well, do
4 you put that on at the same time that you pick up the
5 so-called less-lethal?

6 A You put your heavy vest on first. It has
7 ceramic plates in it --

8 Q Okay.

9 A -- which goes.

10 Q Do you put on a --

11 A -- which goes --

12 Q Sorry.

13 A -- which goes over your -- that's okay -- which
14 goes over your -- those are used in high-intensity si --
15 situations and only in those situations.

16 So we were told to don our gear, and --
17 which would be a plate over our plates based on the
18 situation.

19 Q Okay. So you have two sets of plates on?

20 A At that point we did, yes, ma'am.

21 Q Okay. Two sets of plates, the helmet --

22 A Kev -- Kevlar helmet.

23 Q Any other piece of equipment or gear that's
24 part of the heavy gear that you put on?

25 A Long-sleeve shirts based on the -- the ability

1 to protect your skin. So --

2 Q Okay.

3 A -- we -- we moved to -- oh, what is that?

4 Tactical gear for -- for specific situations.

5 Q Okay.

6 A So it's to protect your arms, your shoulders.

7 Then you -- you don on your heavier equipment, your

8 Kevlar helmet, your face shield.

9 Q Have we talked about all of the equipment?

10 A I believe you have.

11 Q Okay. Okay. So you pick up the shotgun

12 equipped with the kinetic --

13 A Mm-hmm.

14 Q -- projectiles. You put on your heavy gear.

15 And what directives are you given in terms of using this

16 shotgun?

17 A What directives, ma'am? So --

18 Q What are your orders with respect to the

19 shotgun?

20 A We were told that if you see someone throwing

21 items, to impact the people that were throwing items.

22 Q Okay. Was anything else said?

23 A The only directive I got when I got up there

24 was protect the people down below from the people

25 throwing items and impact them if you see them throwing

1 items.

2 Q So no clarification was given between -- well,
3 as far as like when to impact someone before or after
4 they throw an item?

5 A So you could hear that people were giving out
6 commands of guy in white shirt, guy in blue shirt,
7 pointing people out specifically, but based on my
8 training experience, I only impacted the people that I
9 targeted that weren't in a crowd, that were individual,
10 not near other people at that point.

11 Q Okay. I appreciate that. Let me ask my
12 question again --

13 A Sure.

14 Q -- because I don't think it came across.

15 So was any specific direction given to you
16 about whether to impact or target I'm going to say the
17 throwers --

18 A Mm-hmm.

19 Q -- before or after they engaged in the act of
20 throwing?

21 A Well, that's what I was saying, was there were
22 people pointing out people. If that were --

23 Q Mm-hmm.

24 A -- cadre giving orders to other people --

25 Q Mm-hmm.

1 A -- I can't speak on that. I can speak on the

2 people that I impacted. I was given directives to

3 impact the people that were throwing items.

4 Q Okay. Not after they threw it but in the act

5 of throwing it?

6 A We were told to impact the people that were

7 throwing items.

8 Q Okay. Okay. And -- leave it at that, okay.

9 So we talked about -- is it cadre?

10 A The cadre.

11 Q Ca -- we talked about the cadre and that we

12 don't remember the entire -- you don't remember the

13 entire makeup of it. Do you know who was in charge of

14 the area where you were stationed on the bridge?

15 A There were a lot of stars and bars.

16 Q Okay.

17 A I mean, it -- to be frank and honest, I mean,

18 everywhere you turn, there were stars and bars. That

19 being said is I wasn't familiar with those people, and

20 -- I didn't even recognize half of them. So I -- I --

21 could tell you the only person that I know because I

22 looked at his nametag.

23 Q Did -- tell me if it works this way. Like

24 if -- if there's someone up there with a higher rank

25 than you --

1 A Mm-hmm.

2 Q -- and they tell you to do something, like even

3 if you don't know their name --

4 A Mm-hmm.

5 Q -- they can still give you an order --

6 A Yes, ma'am.

7 Q -- if -- okay. Okay. So all those -- you

8 know, to use your words, stars and bars up there could

9 have been directing what was happening?

10 A They were directing and controlling crowd

11 control --

12 Q Okay.

13 A -- treating the -- the hurt officers, and then

14 training to manage --

15 Q Mm-hmm.

16 A -- what was happening behind us. So as we were

17 on the bridge, the traffic got shut down to one lane.

18 As we were standing there, people were throwing

19 fireworks, baby powder, balloons filled with alcohol,

20 Topo Chico bottles, water bottles, a pizza, like I

21 said --

22 Q Mm-hmm.

23 A -- several items at us from behind.

24 So there was -- there was a line that

25 would try to prevent that as we were standing up there,

1 but that's where the officers were getting hurt and

2 that's why two of them were in the ambulance, because

3 cars were driving behind us throwing stuff at us.

4 Q Okay. That sounds really scary.

5 So were -- were some of you facing where

6 you could overlook the bridge and see what was going on

7 down below and some of you were facing the traffic on

8 I-35?

9 A No, you had to have eyes in the back of your

10 head. You had to be 360 degrees, because I had baby

11 powder all over my uniform. I had --

12 Q Mm-hmm?

13 A -- I think Play-Doh on my shoes, rock debris,

14 crushed glass. Let's see what else. Oh, frozen water

15 bottles that hit me in the helmet from behind. So we

16 had to watch the front and the back.

17 Q How does that feel to have been serving this

18 community for over four years and have people throwing

19 things like that at you?

20 A It's an intense situation. It was something

21 that I've never experienced, nor did I ever choo -- it's

22 not a choice to be up there --

23 Q Yeah.

24 A -- at that -- you know, right? Like you

25 wouldn't put yourself in that situation. But you know,

1 signing up for this and knowing what my job duties and

2 tasks are, I just pictured, you know, if -- if my family

3 were down there, you know, in a sense, that it -- it --

4 you're still protecting the people that are down there.

5 So --

6 Q Yeah.

7 A -- that was important.

8 Q Yeah. Almost wonder if you have to turn it off

9 a little bit. Like maybe when you get home the full

10 impact of everything that just happened like hits you,

11 you know, but while you're there you have to stay

12 focused, like you said, on protecting -- protecting the

13 people down below. Does it work like that kind of?

14 A I practiced medicine for a lot of years, so

15 turning --

16 Q Okay.

17 A -- it on and off and trying to not accept other

18 people's emotional stuff, I've learned that. You know,

19 this job is -- you know, you can take it home, but you

20 have to talk about it. So I have a supportive wife, and

21 we have peer support here and we have an unbelievable

22 sergeant and corporal that would sit us down and talk to

23 you about how we're doing and check in on us and our

24 mental health and if we needed a day off or a mental

25 health day or --

1 Q Mm-hmm.

2 A So it's -- it's managing -- learning how to
3 manage the totality of it all.

4 Q Yeah. Do you -- I think I read somewhere that
5 you don't know who was next to you or behind you or
6 the --

7 A Mm-hmm.

8 Q -- exact formation of people.

9 A Mm-hmm.

10 Q Do --

11 A Yeah --

12 Q And I think you told me today you don't even
13 know everybody's name who was up there?

14 A Yeah. I mean, it's so funny because you -- you
15 think of it as a small department now --

16 Q Mm-hmm.

17 A -- but standing up there and looking left and

18 right, you don't know the person next to you and you

19 don't know --

20 Q Mm-hmm.

21 A -- who the supervisor is or -- those things --

22 Q Mm-hmm.

23 A -- at that point when you see stars and bars.

24 Q Mm-hmm.

25 A You may have heard of them, but you don't know

1 them.

2 Q Was there anybody else in your immediate
3 vicinity other than Lieutenant Volk --

4 A Mm-hmm.

5 Q -- that you did know?

6 A Let's see. I believe it was Lieutenant Perry
7 was up there, but he was in the ambulance, as well,
8 treating the officers and -- not off the top of my head.

9 Q Okay.

10 A Because I didn't know -- you know, I had joined
11 a group of people that had come from the South and one
12 that came from the East, so I wasn't -- I wasn't
13 familiar with them.

14 Q Okay. Talking about just a little bit more on
15 the mechanics of using the shotguns that day, when they
16 handed it to -- did somebody hand it to you?

17 A Yes, ma'am. I replaced a day shift officer.

18 Q Okay. So the day shift officer handed off
19 the -- the weapon to you as they went off duty or --

20 A And he went home, yes, ma'am.

21 Q Okay. And you probably don't know who that
22 was?

23 A No, ma'am.

24 Q Okay. Do you then check to see if it's loaded
25 and -- and how many rounds it --

1 A Oh, absolutely.

2 Q So how many rounds does it hold?

3 A I believe five.

4 Q Okay. Okay. So when you're first taking
5 the -- the -- the gun and going into position, I guess
6 you make sure it's fully loaded?

7 A I download it and then reload it.

8 Q Okay. Okay. And where do you get the -- the
9 beanbag rounds themselves? Where are they?

10 A So they're at PCO normally.

11 Q Okay. What's PCO?

12 A It's police equipment --

13 Q Okay.

14 A -- so it's at the substation --

15 Q Mm-hmm.

16 A -- and you check them out.

17 Q Okay. But on May 30th, 2020, I'm -- I'm sure
18 they were already there --

19 A Yes, ma'am.

20 Q -- on I-35?

21 A Yes, ma'am.

22 Q So where were they kind of on that scene?

23 Were -- were they in a car, in a bucket?

24 A There was -- there were people and supervisors,
25 officers --

1 Q Mm-hmm.

2 A -- that had them behind us that were

3 distributing them.

4 Q Okay. Okay. So you didn't just go and get

5 some. You had to -- somebody had to give them to you?

6 A Yes, ma'am.

7 Q Okay. Do you have any idea how many times you

8 reloaded that shotgun over the course of the events on

9 May 30th, 2020?

10 A I'd have to look at my report recollection on

11 the videos.

12 Q Mm-hmm.

13 A -- to -- to give you a number.

14 Q Okay. At least once, maybe more?

15 A Yes, ma'am.

16 Q Okay. Do you think at least twice?

17 A I -- I would say yes, ma'am.

18 Q Okay. The -- the folks who are passing out or

19 distributing the -- the beanbag rounds, are the -- the

20 rounds in their original packaging, or how were they --

21 A Yes, ma'am.

22 Q -- collected?

23 A So they came -- they -- they were handed to us

24 in a box.

25 Q Okay. So you receive a box and --

1 A No, box.

2 Q Oh, box, okay. For some reason I got the idea
3 somewhere that they were in a bucket. They weren't in a
4 bucket?

5 A Not from -- not from what I received.

6 Q Okay. Okay. You received a box of beanbag
7 rounds in their original packaging from the distributor
8 out there, and then you proceeded to load your weapon?

9 A I received them in a box. I don't know if they
10 were in the original -- I --

11 Q Oh, okay.

12 A Yeah.

13 Q Okay. Thank you. Okay.

14 A I would assume, based on opening the box, that
15 it would be like any other ammunition, that it would be
16 coming from the distributor, but --

17 Q Uh-huh.

18 A -- I don't want to say that I know that for
19 sure.

20 Q Okay. And this is probably going to show my,
21 you know -- just that I haven't been in a situation like
22 the one that you were in, but I'm -- I'm going to ask
23 you, were -- were you able to inspect that box to look
24 for, you know, are these rounds expired, are they still
25 good? Is -- is that an action that you took when you

1 received the box?

2 A No, ma'am. I -- I checked the round before I
3 put it my less-lethal to make --

4 Q Okay.

5 A -- sure that the casing is set and that there's
6 --

7 Q Mm-hmm.

8 A -- no damage around the end.

9 Q Okay. And if the round was, say, you know,
10 extra hard, or you know, something was different on the
11 inside, would you be able to tell that through your
12 check while you're up there, you know, on the bridge
13 loading your weapon?

14 A No, ma'am.

15 Q Okay. Is it standard not to look for an
16 expiration date on a box of ammunition in a situation
17 like that?

18 A In a situation like that? It would be fair to
19 say not -- you wouldn't be looking for that.

20 Q Okay.

21 A Or let me rephrase that. Me saying I didn't
22 look for that in the situation I was in.

23 Q Okay. You were --

24 A I can't speak --

25 Q -- expecting --

1 A -- for anybody else.

2 Q Understood. Yeah. I mean, you're expecting
3 that you're given appropriate ammunition that was --

4 A Proper equipment.

5 Q Proper equipment, okay. Okay. So you -- you
6 have the face shield on. We talked about the gear that
7 you put on.

8 A Mm-hmm.

9 Q Do you have it down --

10 A So it's periodic.

11 Q Mm-hmm.

12 A It was time-dependent, so sometimes having it

13 down. When they lit the car on fire and started

14 shooting upward into the bridge, I brought it down. But

15 it was nighttime, and so I had it where if I needed to

16 pull it down, I could. But to make sure that I had

17 clear view, I had it propped up. But there --

18 Q Okay.

19 A -- were certain times when they set the

20 mattress on fire and there was smoke and we were trying

21 to evacuate the bottom portion of bridge that it was

22 pulled down, as well as when they set the car on fire

23 and I -- I -- I believe part of the bridge caught on

24 fire, but I'm not quite sure. But we were escorted away

25 from that area based on the fire.

1 Q Okay. And all of that fire happened -- well,
2 are you able -- do you know this? All of that fire
3 happened after Modesto Rodriguez and -- and Tyree Talley
4 were impacted; is that right?

5 A I can't -- I don't believe so.

6 Q Do you know what time the car caught on fire?

7 A So based on times that I was given in the
8 paperwork --

9 Q Mm-hmm.

10 A -- I thought the fire was earlier, because I
11 thought it was still light out when they were lighting
12 the car on fire.

13 Q Okay.

14 A I thought --

15 Q Okay.

16 A -- that the -- the mattress when fire came in
17 to put it out. I could be mistaken, but...

18 Q Okay.

19 A And I don't really know much about the Modesto
20 other than the video that I saw and what I read in the
21 paperwork.

22 Q Okay. Okay. So did you sometimes discharge
23 the -- the shotgun with the mask down and sometimes with
24 it up?

25 A I would say the majority of my recollection is

1 the face shield up.

2 Q Okay. Okay. Did the face shield impact your
3 ability to aim the -- the weapon?

4 A No, because I believe that most of my rounds,
5 if not all of them, were when it was up.

6 Q Okay. Had it been down, it might have caused a
7 problem?

8 A No, ma'am.

9 Q Okay. I think you understood me, but just --
10 I'm just going to ask you again.

11 A Sure.

12 Q If the face shield was down, would it have
13 potentially impacted your ability to aim the shotgun?

14 A I don't believe so.

15 Q Okay.

16 A It's clear acrylic.

17 Q Okay. I didn't know if the physical bulk of it
18 might have affected where you could put -- put the --

19 A Oh.

20 Q -- gun in relation to your face --

21 A No, ma'am.

22 Q -- your eye. Okay.

23 All right. So would you say that it's
24 chaotic out there?

25 A Well, that's an understatement, yes, ma'am.

1 Q Okay. Will you describe for me -- just kind of
2 set the scene. You've talked about some things that
3 were happening, some things that were thrown toward you.
4 Just kind of what did it sound like, what did it look
5 like, kind of take us to that -- that scene.

6 A There were peaks and valleys of chaos and --
7 and aggressive nature from the rioters in between the
8 protesters. When I got there, I did have the ability to
9 stay in the car for the air conditioning, and like I
10 said, for protection, as well, when things were being
11 thrown at us from cars and people at that point.

12 What I knew was watching from where I was
13 that crowd of people were taking 35 and standing,
14 impeding high-speed levels of traffic, putting
15 themselves in danger. I knew that officers had already
16 been hurt and were being treated for certain things.

17 We had heard as we were coming down that
18 officers were being hurt, that -- that it wasn't -- it
19 wasn't a usual protest, if you will.

20 Q Okay. And --

21 A As I --

22 Q Okay.

23 A -- left -- as I left my barricade, you can see
24 people grabbing everything that they could get their
25 hands on between pipes, glass, even nails, rocks, Topo

1 Chico bottles, book bags, umbrellas, helmets, face

2 shields, knee pads being thrown at us up on the bridge

3 and actually making contact with the officers.

4 When the sun set, I would say that more

5 things were being thrown because more people thought, it

6 looked like, that it became more active because they

7 thought that they weren't going to be seen or that they

8 would run outside under the bridge, throw something, and

9 then run back under the bridge.

10 Q Do you remember around when it became dark?

11 A No, I don't.

12 Q Okay. Do you have any idea if it was before or

13 after 9:00 o'clock PM?

14 A Based on the video that I saw, it was dark, and

15 I believe that it was 9:00 -- 9:00-something.

16 Q Okay. So you don't have a specific

17 recollection of when it got dark three years ago, but

18 you've seen a video that --

19 A Yeah. I mean it -- the video was dark.

20 Q Okay. Were you injured that day?

21 A I'm sorry, you froze.

22 Q Were you injured that day, Officer Cherne?

23 A I was not injured, but I had multiple -- how do

24 we say -- condiments and objects all over my uniform --

25 Q Okay. I know you --

1 A -- on top of --

2 Q -- you talked --

3 A Oh, sorry.

4 Q I don't want to interpret you, yeah.

5 A On top of thinking that I wore my heavy vest
6 and my helmet because there's several bottles and
7 fireworks going off on my -- hit -- hit me in the helmet
8 and my uniform.

9 Q Okay. I know that you talked a minute ago when
10 you were setting the scene for us about officers having
11 been injured out there.

12 A Mm-hmm.

13 Q Were -- were civilians injured out there, as
14 well, that you saw?

15 A I did see that there was a medical team that
16 kept wearing red and black and running in and out of the
17 crowd and --

18 Q Mm-hmm.

19 A -- escorting people back underneath the bridge.

20 Q Okay. So yes, civilians were injured also?

21 A I would say yes, ma'am.

22 Q Okay.

23 A I saw several times that rocks were thrown and
24 water bottles that didn't bounce --

25 Q Mm-hmm.

1 A -- thrown into crowds hitting civilians, as

2 well.

3 Q Okay. I'm going to pull up a video and show it
4 to you. While I put it up, I feel the need to tell you
5 and the others here that I am not almost done. So -- so
6 it's -- it's 5:00 PM, and I know a lot of people think
7 of that as quitting time but you know, we have a little
8 bit to go. And I just wanted to tell you that for
9 pacing purposes --

10 A Mm-hmm.

11 Q -- okay?

12 All right. So this is Bates labeled as
13 City of Austin 4588 for the record, and I'm going to try
14 to start it at about 1 minute-30. Let me get it up for
15 you.

16 MR. BARTON: And -- and Leigh, can I ask a
17 question before you pulling it for the --

18 MS. JOSEPH: Yeah.

19 MR. BARTON: -- question? Is --

20 MS. JOSEPH: Sure.

21 MR. BARTON: -- this going to be captured
22 on this deposition video? In other words, is this going
23 to be included with the video deposition?

24 MS. JOSEPH: That is a great question for
25 our videographer.

1 Are you able to record the screen-share as
2 well as the witness? Dalton?

3 I -- I hope that it is. It would be my
4 expectation that we're -- you know, we hired -- we hired
5 them to record the full deposition. But if it -- if it
6 isn't, this is Bate labeled 4588, and I'm starting at 1
7 minute-27 seconds.

8 MR. BARTON: Okay. And I don't want to
9 add to your burden, but like if you could note the time
10 it stops or just kind throw in the -- the timestamp if
11 you think about it.

12 MS. JOSEPH: Sure.

13 Q (BY MS. JOSEPH): All right. So Officer
14 Cherne, this -- it's my understanding that this is a
15 clip from your body-worn camera from May 30th, 2020.
16 I'm going to start playing it. If for some reason it's
17 not your body-worn camera, tell me right way as soon as
18 you know, okay? But I expect that it is.

19 A Okay.

20 Q Okay.

21 (Video played.)

22 Q (BY MS. JOSEPH): Okay. I stopped it at 2
23 minutes. Were you able to hear those voices talking?

24 A Yes.

25 Q Okay. Was one of tho -- was one of those your

1 voice?

2 A Yes, ma'am.

3 Q Okay. Somebody says something along the lines

4 of I thought they were going to pull a doughnut. Is

5 that you or someone else?

6 A That's not me.

7 Q Okay. And I think they're referencing a

8 vehicle that -- my play bar was kind of covering it up,

9 but --

10 A Okay.

11 Q -- but it pulled in and -- and drove by. Did

12 you see that vehicle --

13 A No, ma'am.

14 Q -- in the video? No? Okay.

15 A No, ma'am.

16 Q Okay.

17 A I -- I don't know where you're referring

18 either, sorry.

19 Q Oh, since I started pointing at my screen that

20 you can't see?

21 A Yeah.

22 Q Sorry. Okay, sorry. Can you see my mouse?

23 A Yes.

24 Q Okay. Yeah, there was a -- a vehicle -- and

25 I'll -- I'll play it for you again -- that kind of came

1 in from -- from this way and drove across the front.

2 I'll have to figure out how to get this bar out of the

3 way or -- or see if you --

4 A Okay.

5 Q -- can see through the blur.

6 A Are you saying it's in the intersection?

7 Q No. Here, let me just go back. All right. So

8 I'm at 1.22, and you see those headlights kind of facing

9 the bottom right corner of the screen that --

10 A No, ma'am.

11 Q -- may be a gray color car?

12 A No, ma'am. You're blocking -- the pictures of

13 you guys are blocking it.

14 Q Oh, do you know how to move us? Monte can help

15 you with that.

16 MR. BARTON: Yeah, I'm sorry. I should

17 have moved that before. Okay. I've --

18 A Okay --

19 MR. BARTON: -- kind of moved it around.

20 A -- I see it now.

21 Q (BY MS. JOSEPH): Good, that will help.

22 Okay. So you see that car. So let me --

23 A Yes, ma'am.

24 Q -- me play it again, and -- and I'll pause it

25 around the same spot I did before.

1 (Video played.)

2 Q (BY MS. JOSEPH): Okay. I paused at 1:54 this
3 time. Did you hear I was afraid they were going to pull
4 up a doughnut?

5 A Oh, yes, ma'am, I did hear that.

6 Q Okay. I -- it looks to me like that statement
7 was made in reference to that car that drove by.

8 A Okay.

9 Q Is that what you think?

10 A It -- it very well could be, yes.

11 Q Okay. You don't re -- I know you're not the
12 one who said it, but you were a part of the
13 conversation. You don't --

14 A Okay.

15 Q -- remember?

16 A No, ma'am.

17 Q Okay. Okay. Let me play it again, and we'll
18 hear this next part of the conversation.

19 (Video played.)

20 Q (BY MS. JOSEPH): Okay, I'm going to pause at
21 2:09. It sounds like one person is telling the other
22 about -- is it Chief Manley's decision on using gas? Do
23 you --

24 A Yes, ma'am.

25 Q -- did you hear --

1 A It sounds like he's --

2 Q -- that conversation?

3 A -- he's telling me or someone next to me or me

4 that --

5 Q Okay.

6 A -- they were deciding if to use CS gas.

7 Q Okay. So you were not the person who says I

8 don't care, spray it, I don't need a mask?

9 A No, ma'am. I -- go -- if you play it back,

10 that would be great. Let me...

11 Q Okay.

12 (Video played.)

13 Q (BY MS. JOSEPH): And I stopped at it

14 2:08 because he started changing the --

15 A I --

16 Q -- subject.

17 A Yeah, I heard myself say yeah.

18 Q Okay. Okay. So you're the one -- you're not

19 the one sharing that information. You're -- you're kind

20 of the receiver of the information --

21 A Correct.

22 Q -- in that conversation?

23 A Yes, ma'am.

24 Q Okay. But it sounds like you're in agreement

25 with the speaker in that you want the CS gas to be

1 deployed?

2 A No, I --

3 Q And --

4 A -- just said yeah.

5 Q Okay. What did yeah mean?

6 A If it's the next step and Chief Manley decides

7 to do that, then that's the next step. If he's telling

8 me that that's the plan, then that's the plan.

9 Q Okay. Yeah, it doesn't -- I mean, from what I

10 hear it, it just --

11 A Right.

12 Q -- sounds more just like two guys talking, not

13 somebody sharing an official plan --

14 A Well, it sounded --

15 Q -- right? I mean, it --

16 A -- it sounded like he knew more information

17 than I did, and it sounded like it -- he knew that Chief

18 Manley was going to implement something or he knew

19 something more than I did.

20 Q Yeah. Okay. Okay. But you're not agreeing

21 with him and his opinion that he wants the CS gas to be

22 deployed when you say yeah?

23 A If -- if that's the plan to -- to implement the

24 CS gas, then that's the next step. They're the

25 tacticians and the tactical people. I wouldn't be

1 implementing it --

2 Q Mm-hmm.

3 A -- and -- nor have I had -- I haven't had
4 exposure to the CS gas. I've never been gassed. Guys
5 in the military have. So I -- I -- I don't -- I don't
6 even know what the effects are of it.

7 Q Okay. Okay. And I -- I wanted to ask you
8 that, so thank you for sharing. But I mean, I'm just --
9 what I hear is -- is one guy just kind of casually
10 saying to another guy -- and I'm going to paraphrase it
11 for --

12 A Mm-hmm.

13 Q -- you know, purposes of our conversation, the
14 chief is not doing this, but I wish he would and then I
15 hear the other guys say yeah.

16 A Oh, I took it the --

17 Q So --

18 A -- I took it the other way to say he had more
19 information and --

20 Q Uh-huh.

21 A -- I don't know who's SWAT, who's not SWAT,
22 who's military, not military. So --

23 Q Okay.

24 A -- I don't know who has information, who
25 doesn't have information.

1 Q Okay. Okay. So at this point you're not
2 standing there wishing that gas could be deployed so
3 that this crowd would disperse?

4 A No, ma'am. I don't even know the effects of
5 gas.

6 Q Okay.

7 A I don't know what instances you would use gas.

8 I don't know how it would affect people down there. I

9 don't know how far it would travel. I don't know if

10 there's children down there. I -- I don't know any of

11 that.

12 Q Okay. And you don't know the identity of the
13 other voice?

14 A No, ma'am.

15 Q Okay. Going back to the car, you agree or we
16 all know that a car can be or -- or is classified as a
17 deadly weapon in certain circumstances, right?

18 A Could be, yes, ma'am.

19 Q Okay. And so this car drives in, and the other
20 person says something about doing a doughnut --

21 A Mm-hmm.

22 Q -- thinking the car might have done a doughnut,
23 right?

24 A I think what the person says is I thought he
25 was going to do a doughnut or could have done a

1 doughnut, not that he did a doughnut.

2 Q Okay. Okay. So this other person is
3 expressing to you that they thought the car might do
4 something erratic as it was driving past?

5 A I -- it -- it could be, yes.

6 Q Okay. But nobody, not that person, not you,
7 nobody else shot at the car?

8 A No, ma'am.

9 Q Okay. I'm going to play it again. There was a
10 little bit of conversation that we started to hear when
11 it changed the subject to did you see the guy in the
12 whatever description of his clothes. I'm going to try
13 to go back to that point. So I'm going to start playing
14 it at -- at 2 minutes.

15 (Video played.)

16 Q (BY MS. JOSEPH): Okay. I stopped at 2:24. So
17 we heard a person describing a white male with a brick
18 in his hand, and that was the other speaker, right, not
19 you?

20 A Yes, ma'am.

21 Q Okay. And then I think you said something --
22 you said carrying a rifle?

23 A Yeah, there --

24 Q It was you --

25 A -- was a --

1 Q -- that said that?

2 A We were -- we were told that there was a
3 gentleman on -- in -- in the crowd with a rifle.

4 Q Okay. Did you see that person?

5 A I can't recall.

6 Q Okay. Did you see people with bricks?

7 A Yes, ma'am.

8 Q Okay. How many?

9 A I can't put a number on it.

10 Q More than five?

11 A I would say throughout the day, yes, ma'am.

12 Q Okay. Okay. Let me resume play here at 2:24.

13 (Video played.)

14 Q (BY MS. JOSEPH): Okay. I paused right at
15 somebody was saying yep. Did you hear that?

16 A Yes, ma'am.

17 Q Okay. And I paused because something is about
18 to happen that I want to ask you about. But again, the
19 voice who said, now this is where you get an active
20 shooter, was that the other speaker?

21 A I couldn't make it out.

22 Q Okay. Let me --

23 A And --

24 Q -- go back to that.

25 (Video played.)

1 A That's me, ma'am.

2 Q (BY MS. JOSEPH): Did you hear it -- that's

3 you, okay.

4 A Yes, ma'am.

5 Q Okay.

6 A Yes, ma'am.

7 Q So what are you thinking where you're saying

8 this is where you get an active shooter? Tell me more

9 about kind of why you said that and -- and what led you

10 to co -- that conclusion.

11 A You have a large group of people, you have

12 somebody carrying around a rifle, you have someone that

13 just tried to burn the building down that they -- I

14 believe that they took into custody for trying to burn

15 the building down with Molotov cocktails and a bag of

16 Molotov cocktails. So this is where an amped-up

17 situation could bring something to that extent out.

18 Q Okay. We talked a little bit earlier about

19 compartmentalizing emotions when something like this is

20 going, and I think I've told you at some point that I

21 thought this sounded scary. Were -- were you scared?

22 A I wasn't scared, ma'am. I was -- it was an

23 intense situation that as of the point in my eyes that

24 people were getting hurt, officers were getting hurt,

25 civilians were getting hurt, and that it seemed to

1 continue to amp up. There were fires, cars on fire,

2 mattress on fire. It -- it didn't seem to be dying

3 down --

4 Q Okay.

5 A -- or dispersing.

6 MS. JOSEPH: Okay. My AirPods are about
7 to die. Let me just switch the pair. We don't need to
8 go off the record. Just give me one sec.

9 Testing. Okay. Thank you. Sorry about
10 that.

11 THE WITNESS: Mm-hmm.

12 Q (BY MS. JOSEPH): And maybe scared isn't the
13 right word to use, because I don't mean to (audio
14 distortion).

15 THE WITNESS: I lost you. I can't hear
16 you.

17 MS. JOSEPH: Now I think I got it. Now
18 can you hear me?

19 THE WITNESS: Yes, ma'am.

20 MS. JOSEPH: Okay. All right. Sorry
21 about that.

22 Q (BY MS. JOSEPH): Yeah, I don't -- and maybe
23 scared wasn't the right word because I don't mean to
24 inject a negative in it and I know sometimes that word
25 can have negative connotations.

1 But did you feel like you -- did you feel

2 like your life was in danger?

3 A I felt it could be --

4 Q Okay.

5 A -- with -- with somebody running around with

6 Molotov cocktails and rifles and -- there's a lot of

7 people where you -- you can't see everything, you can't

8 perceive everything, you can't observe everything, we're

9 getting hit three -- you know, like I said, 360 degrees.

10 You had to watch your back and the front, so...

11 Q Mm-hmm. Okay. I'm going to play this again,

12 and it looks to me like something kind of happens, a

13 little kind of skirmish or something outside

14 headquarters. I'm going to play to it refresh your

15 memory and then see if you know what happened, because I

16 can't really tell from the video, okay?

17 MR. BARTON: And Leigh, before you do

18 that, can I ask a question?

19 MS. JOSEPH: Sure.

20 MR. BARTON: And this just has to do with

21 getting the monitor for his view. Is what we're about

22 to see kind of to the left or to the right, because I'll

23 move this listing of people the opposite way of where

24 it's going to be.

25 MS. JOSEPH: Okay. It's --

1 MR. BARTON: Okay.

2 MS. JOSEPH: -- more to the right, kind of
3 this crowd of people in the center and maybe something
4 happening from the right.

5 MR. BARTON: Okay, thank you.

6 MS. JOSEPH: Yeah.

7 Q (BY MS. JOSEPH): All right. So we're at 2:37.
8 I'm going to play it again.

9 (Video played.)

10 Q (BY MS. JOSEPH): I'm actually going to back it
11 up because I don't know if I gave you enough context.
12 Let me just go back here to -- go back to 2:28.

13 (Video played.)

14 Q (BY MS. JOSEPH): Do you have any idea what
15 just happened?

16 A No, ma'am.

17 Q Okay. All right. Can you tell what the crowd
18 is chanting?

19 A No, ma'am.

20 Q Okay. I'm going to play it some more, and I
21 think that what they're chanting becomes more clear, so
22 we'll see if we can make that out as we continue to
23 listen, picking up here at 2:47.

24 (Video played.)

25 Q (BY MS. JOSEPH): Did you hear them saying

1 don't shoot, hands up, don't shoot --

2 A Yes.

3 Q -- hands up? Okay.

4 Okay. And we are approaching the event at

5 issue with respect to Tyree Talley, so we'll see if we

6 can -- if you can see that on your body camera and --

7 and talk about that some, okay?

8 (Video played.)

9 Q (BY MS. JOSEPH): Okay. So we just paused at

10 3:23. You have discharged this weapon at this point; is

11 that correct?

12 A I didn't hear it discharge.

13 Q Okay. Are you preparing to fire --

14 A Looking --

15 Q -- preparing to shoot?

16 A Looking to target.

17 Q Looking to target, okay. That's what you're

18 doing? Okay.

19 And I wanted to pause it to give you an

20 opportunity -- and I can show you this again, too, but

21 to see if you can locate Tyree Talley on the screen,

22 because sometimes it can be hard to find someone with it

23 all happening so fast.

24 And I think that he is right here where

25 I'm pointing my mouse so we can watch around that area

1 and see -- see what we see happen, okay?

2 A I can't see.

3 MR. BARTON: Oh, I'm sorry. Let me move

4 --

5 MS. JOSEPH: Oh, now we're on the left.

6 MR. BARTON: There we go.

7 Q (BY MS. JOSEPH): So we're -- we're restarting

8 about --

9 A Okay.

10 Q -- 3:23 and -- and looking in this kind of left

11 center -- left of center area.

12 (Video played.)

13 Q (BY MS. JOSEPH): I'm going to play that for

14 you again because for me it helps --

15 A Okay.

16 Q -- to watch it more than once. Start at 3:18.

17 (Video played.)

18 Q (BY MS. JOSEPH): Okay. I'm going to pause at

19 3:37. And I -- I know that you don't know Tyree Talley,

20 so for purposes of your deposition today, I'm going to

21 represent to you that the man who I was circling with my

22 mouse in the white T-shirt --

23 A Yes, ma'am.

24 Q -- is Tyree Talley, okay?

25 So with that assumption or representation

1 in mind --

2 A Mm-hmm.

3 Q -- I'll ask you a couple more questions.

4 You -- you targeted Tyree Talley, correct?

5 A Mm-hmm. Yes, ma'am.

6 Q Okay. How many times did you discharge the
7 weapon at Tyree Talley?

8 A It looks to be twice, but I -- I couldn't tell.

9 Q Okay.

10 A Could be -- go ahead.

11 Q Did you say could be three?

12 A I -- based on the paperwork and the information
13 in the paperwork.

14 Q Okay. Do you know if you impacted Tyree

15 Talley?

16 A I do not.

17 Q Okay. Tyree Talley goes to the ground and is
18 lying on the ground in the fetal position and shots
19 continue to fire. Did you observe that?

20 A Could you replay it for me?

21 Q Yes. I'll start at -- at 3:20.

22 (Video played.)

23 Q (BY MS. JOSEPH): I can play it again if you
24 need me to. Like I said, I know it's hard to see, you
25 know, when it's happening quickly.

1 A Mm-hmm.

2 Q Were you able to tell on that viewing that
3 Tyree Talley does go -- go to the ground and shots
4 continue to be discharged toward him?

5 A It looks like he bends over and then --

6 Q Okay.

7 A -- goes to the ground.

8 Q Okay. So he bends over and shots continue
9 to -- to be fired?

10 A Yes.

11 Q Okay. And then he goes to the ground and shots
12 still continue to be fired?

13 A Could you play it again for me?

14 Q Yes.

15 (Video played.)

16 A It looks like the last shot was when he was
17 bent over but going to the ground.

18 Q (BY MS. JOSEPH): Okay. If somebody who's
19 better at analyzing these types of videos than us
20 concludes that he was on the ground when the last shot
21 was fired, you're not going to argue with that, though,
22 right? Okay.

23 A Yeah.

24 Q Sorry. Is that a yes, I'm not going to argue?

25 A Yes, I'm not going to argue.

1 Q Okay. All right. And we definitely agree that
2 shots continued to be fired towards Tyree Talley after
3 he was neutralized, if he was any sort of threat?

4 MR. BARTON: Object to the form.

5 Q (BY MS. JOSEPH): And you can still answer.

6 MR. BARTON: Yeah, go ahead and answer if
7 you understand the question.

8 A I don't understand the question, sorry.

9 Q (BY MS. JOSEPH): Okay. Now, was Tyree Talley
10 a threat to anyone when he was bent over in half and
11 being shot at?

12 A Well, I didn't know if he was picking up
13 anything, items from the ground. I know that he was
14 moving backwards, but I can't answer that question.

15 Q Because you don't know?

16 MR. BARTON: Object to the form.

17 Q (BY MS. JOSEPH): Is that correct; you -- you
18 don't know the answer to that question?

19 A I -- can you ask the question again, I'm sorry?
20 -- I don't know what --

21 Q Sure.

22 A Yeah.

23 Q And I'll tell you because it throws people off
24 sometimes, Monte -- Mr. Barton is allowed to object to
25 my questions if he doesn't like the way that they're

1 phrased or feels like there's something improper about
2 the way that I'm asking them in order to preserve it for
3 us to deal with for the court later.

4 But unless he specifically instructs you
5 not to answer --

6 A Okay.

7 Q -- and has a -- a reason for doing that, you
8 can --

9 A Okay.

10 Q -- still answer. So he's just noting his
11 objection for the record, okay?

12 A Okay.

13 Q So -- so the question is Tyree Talley was not a
14 threat to anyone when he was bent over and being shot
15 at, right?

16 A Well, I don't know if he was picking something
17 up. He -- because he didn't stop, he bent over.

18 Q So you don't know whether he was a threat or
19 not?

20 A Correct.

21 Q Okay.

22 MR. BARTON: I object to the form.

23 Q (BY MS. JOSEPH): And you continued to fire at
24 him after he was bent over, correct?

25 A That's what the video shows.

1 Q So you continued to fire at him without knowing
2 whether he was a threat or not?

3 MR. BARTON: Object to the form.

4 A It looked like he was picking something up,
5 from my perspective, from where I was standing, because
6 he stops, he bends over, and then it looks like he's
7 picking something up and then goes down.

8 Q (BY MS. JOSEPH): Okay. And a minute ago
9 you -- you had told me that you didn't know if he was
10 picking something up, maybe he was. You don't know if
11 he was a threat at that point. Is that still your
12 testimony?

13 MR. BARTON: Object to the form. I
14 believe it's a mischaracterization.

15 A Are -- are you asking if I -- sorry, I got lots
16 of stuff going on here, so...

17 Q (BY MS. JOSEPH): Sure. Yeah, just a couple of
18 minutes ago we were talking about whether Mr. Ty --
19 Mr. Talley was a threat when he was bent over and being
20 shots at. Do you remember that conversation?

21 A Yes, ma'am.

22 Q Okay. And I think the conclusion of that was
23 maybe he was picking something up, I don't know, so I
24 can't tell you whether he was a threat or not?

25 A Well, he can still be a threat by picking

1 something up and turning around and throwing it. So he

2 could still be a threat.

3 Q Okay. He could, but you don't know if he was
4 or not, right? That's what you told me a minute ago.

5 A Right.

6 MR. BARTON: Object to the form.

7 Q (BY MS. JOSEPH): Okay. Okay. So just -- we,
8 you know, kind of got back to that, established that
9 that's still your testimony, that you don't know if he
10 was a threat or not when he was bent over, and now we're
11 adding the piece of you were still shooting at him.

12 So I mean, it -- to ask the question
13 again, you shot at Tyree Talley at a point when you did
14 not know whether he was a threat or not?

15 MR. BARTON: Object to the form.

16 A Watching the video, it looks like he's bending

17 down to pick something up, so it still makes him a

18 threat. That being said is I didn't know if he was

19 picking something up and turning around to throw it. It

20 looks like he's bending down to pick something up and

21 then goes down.

22 Q (BY MS. JOSEPH): Okay. And you're getting
23 that from watching the video?

24 A Yes, ma'am.

25 Q Okay. I'm going to play the video the rest of

1 the way through.

2 A Yes, ma'am.

3 (Video played.)

4 Q (BY MS. JOSEPH): Pausing one more time to ask,
5 when I see your arm -- I think -- is that your arm?

6 A Yes, ma'am, I think so, or the firearm or...

7 Q When I see your arm kind of across the camera
8 like that, I -- I think it's when you're holding the
9 weapon up and -- and maybe aiming or targeting; is that
10 accurate?

11 A No. I mean, the -- the firearm could be
12 pointed at the ground at this point, which it would be
13 because you reassess after the impact.

14 Q Okay. Okay. Tell me if you --

15 A I -- I don't know if my --

16 Q Tell me if you think anything different after
17 you see kind of the way your arm moves around in the --

18 A Okay.

19 Q -- video more, okay? I might dock it out for
20 you and ask you that again in a minute, but for now, let
21 me play it the rest of the way through.

22 (Video played.)

23 Q (BY MS. JOSEPH): So I heard someone say
24 reloading, and then a number of seconds later I think
25 you started to reload; is that right?

1 A Yes, ma'am.

2 Q Is the person who said reloading earlier, is
3 that you or someone else?

4 A I don't know.

5 Q Okay. Let me go back to there and we can
6 listen specifically for that.

7 (Video played.)

8 Q (BY MS. JOSEPH): Well, we hit right on that.
9 You -- can you tell if that was your voice?

10 A No, I can't tell.

11 Q Okay. Let me go back a little bit.

12 (Video played.)

13 Q (BY MS. JOSEPH): Are you able to tell if
14 that's you saying reloading --

15 A I can't --

16 Q -- and reloading at that point?

17 A I can't tell.

18 Q Okay. But toward the end of the video, I think
19 we actually see you reloading; is that right?

20 A Yes -- yes, ma'am.

21 (Video played.)

22 Q (BY MS. JOSEPH): And I played the video so I
23 couldn't hear you. You said yes?

24 A Yes, ma'am.

25 Q Okay. So at this point, you have discharged

1 this shotgun at least five times because this is a --
2 throughout the course of the day because you're having
3 to reload it, right?

4 A No, you -- no, ma'am. It's after you -- after
5 you discharge, then you load -- you load rounds to keep
6 it full. I did. And since it wasn't --

7 Q Okay.

8 A -- I put five rounds in there.

9 Q Okay. Okay. You can tell that I don't shoot
10 these. So you may have shot it two or three times, but
11 you had some empty slots, so you --

12 A Yes, ma'am.

13 Q -- filled it the rest of the way up?

14 A Yes, ma'am.

15 Q Okay. So I think we may have already talked
16 about this. You did fire this shotgun loaded with the
17 beanbou -- bag rounds at multiple different individuals
18 this day?

19 A Yes, ma'am.

20 Q Okay. What caused you to target Tyree Talley?

21 A Based on the video that I saw, he ran up --

22 Q And let me stop you because if I can, I want
23 you to go back to your memory instead of the video. If
24 you can't do that, we'll talk about the video.

25 A I'm going to base it --

1 Q Okay.

2 A -- strictly off the video based on --

3 Q Okay.

4 A -- being three years ago.

5 Q Okay. All right. Go ahead.

6 A The video shows him running up, taking a --

7 a -- a walking start, then a running start, and throwing

8 a water bottle at the officers or -- and people in

9 front.

10 Q So where do we see that in your body cam video?

11 A I don't know. Do you want to go all the way

12 back?

13 Q Let's see. What if I started about 2:37 where

14 we saw that -- I asked you what it was and we didn't

15 know, but something happened. I'll start at 2:35 and

16 then we think whatever happened, happened after that.

17 Does that work for you?

18 A I don't know what that means, but I'll go with

19 what you say.

20 Q All right.

21 A All right. Well, let me play it, and if you

22 think I didn't start early enough, then tell me, okay?

23 And if you want to, you can just move all our little

24 picture boxes to the top, because I'm not ever asking

25 you about the top.

1 MR. BARTON: Okay. I'm going to try to
2 get it to spread out a little differently.

3 MS. JOSEPH: Okay.

4 MR. BARTON: That's not any good here.

5 THE WITNESS: Yeah.

6 MR. BARTON: Okay. I think somehow it's
7 better than it was.

8 Q (BY MS. JOSEPH): Okay. So I'm going to play
9 starting at 2:35, and we are looking for what you
10 described, Officer Cherne, of Tyree Talley throwing a
11 water bottle, okay?

12 (Video played.)

13 Q (BY MS. JOSEPH): Were you able to see
14 Mr. Talley throw a bottle?

15 A Not on that view.

16 Q Okay. I'm not able to see him at all until
17 people start shooting at him. Is that when you first
18 see him?

19 A No. I mean, the camera is one view, and it's
20 one lens, so it's where my -- where it's placed on my
21 shirt. So I -- I have -- I have periph -- I have a
22 different view than the camera does, the lens does. So

23 I'm able --

24 Q Oh --

25 A -- to --

1 Q -- sorry. I mean in the video, when I see the
2 vide -- this video here that we're playing today, I
3 don't see Tyree until people start shooting at him.

4 A Correct.

5 Q Is that when you first see him in the video?
6 Okay.

7 A Yes, ma'am.

8 Q But yeah, let's talk about your view. So -- so
9 you're -- you're saying that even though we don't see
10 him in your body cam, you saw the action with your eyes?

11 A No. What I'm saying is there's a different
12 view based on the camera being placed on my chest in my
13 body armor --

14 Q Mm-hmm.

15 A -- that if I were to impact him, it was based
16 on what I saw.

17 Q Okay. You don't recall seeing him throw a
18 water bottle?

19 A Based on the video that you're saying that he
20 threw a water bottle there, because you -- you had said
21 that he was throwing something, so I'm assuming that he
22 was throwing something based on what you had said, that
23 he was impacted because he threw the water bottle or was
24 throwing the water bottle, in the action of.

25 Q Okay. So let's pause for a minute. I didn't

1 mean to say he was throwing something at any point in
2 the video because I don't see him doing that in this
3 video.

4 What I'm trying to find out is did you
5 see -- not on a video last week but on May 30th, 2020,
6 did you see Tyree Talley throw a water bottle?

7 A I can't recall based on this video.

8 Q Okay. Are you familiar with contagious fire --

9 A I am.

10 Q -- and that phenomenon?

11 A I am.

12 Q Okay. Do you think any of that was going on

13 out here on May 30th, 2020?

14 A I can speak for myself and say no.

15 Q Do you think it's worth looking into with
16 respect to other officers?

17 A I think --

18 MR. BARTON: Object to the form.

19 A I think what pertains to me is what my training

20 experience is and what I did during that day. So I

21 can't -- I can't address that because I can't -- I can't

22 tell you what other officers were thinking.

23 Q (BY MS. JOSEPH): Okay. At the time that

24 you're targeting Tyree, what is the distance between you

25 and Tyree?

1 A I don't have that calculation.

2 Q Estimate it for me.

3 A Within my efficacy and my accuracy.

4 Q Okay. Okay. Oh, can you -- okay. So you're
5 saying that he was within your efficacy and accuracy.

6 Can you estimate the distance for me?

7 A The distance where I would impact somebody and
8 feel comfortable doing so.

9 Q I'm asking you for a number, even if it's a
10 range.

11 A I --

12 Q And I have -- if I have to keep asking the
13 question, it just makes it take longer.

14 A I --

15 Q So let me just, yeah, be real clear.

16 MR. BARTON: And I'm going to state an
17 objection. If he can't give you a number, then he
18 can't, so I object to the form of trying to force him to
19 give a number, whether -- if he can't. If he can, give
20 a number.

21 Q (BY MS. JOSEPH): Yeah, I'm not trying to force
22 anything. Are you able to estimate in yards or feet how
23 far Mr. Talley was from you --

24 A No, I would say --

25 Q -- at the time of --

1 A -- within -- within reasonable distance to
2 impact him with the weapon that I had.

3 Q Okay. So you don't know if he was more or less
4 than 25 yards away?

5 A No. I'm not -- I -- to put a number to it, I
6 can't -- I -- I'm not going to put a number to it --

7 Q Okay.

8 A -- sorry.

9 Q You don't know if he was more than 50 yards
10 away. You just don't know at all?

11 A No, ma'am.

12 Q Okay. What did you do after Tyree Talley was
13 immobilized with respect to Tyree Talley?

14 A What did I do?

15 Q Mm-hmm.

16 A I -- I watched several people go to him, pick
17 him up and move him from the position he was in.

18 Q Did you consider going to him?

19 A I couldn't get to him, ma'am, even if I tried.

20 Q Did you witness any APD officer going to him?

21 A I know there was a unit on the ground that was

22 the unit that was handling the rifle, the Molotov

23 cocktail, the breaking in the windows to businesses, so

24 there was a unit down there.

25 Q Did you see them go to Tyree Talley?

1 A I don't recall. Not -- I don't see them on
2 video going to him.

3 Q Okay. Did you have cause to detain or arrest
4 Tyree Talley?

5 A I would say if we had -- he used the bottle as
6 a weapon, he threw it at the Main to hurt officers with
7 intent and/or civilians.

8 Q So yes or no, did you have cause to detain or
9 arrest Tyree Talley?

10 A I would say for his actions he could be
11 detained.

12 Q How -- how do you know what Tyree Talley's
13 intent was when --

14 A Based on his actions.

15 Q Okay.

16 A Based on using a water bottle with a different
17 intent than using a water bottle --

18 Q Okay.

19 A -- in regards to a -- as a weapon.

20 Q Would it have been appropriate to use deadly
21 force against Tyree Talley under these circumstances?

22 A Are you asking is it reasonable?

23 Q If that's what your training is in order to
24 decide, whatever decision factor you use under your
25 training to determine whether to use deadly force. I

1 think you told me earlier it was you only use deadly
2 force in response to deadly force.

3 A The water bottle was used as a weapon. It
4 could have been frozen. It could have had items in it.
5 It could have been a bomb. That being said, is we
6 didn't know. So that being said is, I chose not to use
7 deadly force.

8 Q Would you have been justified in using deadly
9 force against Tyree Talley?

10 MR. BARTON: Object to the form.

11 A I can't answer that.

12 Q (BY MS. JOSEPH): Would it have been reason to
13 be use deadly force against Tyree Talley?

14 A If I at that point believed it to be
15 reasonable, I would have used deadly force, and I chose
16 not to.

17 Q Okay. So based on the fact that you did not
18 use deadly force -- which you didn't, right?

19 A Correct.

20 Q Okay. You're able to conclude that it would
21 not have been reasonable to use deadly force against
22 Tyree Talley in this situation?

23 A No. What I -- what I said was, is I chose not
24 to use deadly force based on my training experience and
25 used the tools that I had.

1 Q But you also said that if you had thought it
2 reasonable to use deadly force, that you would have,
3 right?

4 MR. BARTON: Object to the form.

5 A In -- in -- not in this situation. I did not
6 believe the deadly force was applicable.

7 Q (BY MS. JOSEPH): Okay. Did Tyree Talley's
8 action of throwing this water bottle cause you to fear
9 for your physical safety?

10 A For my physical safety?

11 Q Mm-hmm.

12 A For the community and other officers, not for
13 mine.

14 Q Okay. Did you have any reason to believe that
15 Tyree Talley, the individual, had anything other than
16 water in this bottle?

17 A I didn't know what was in the bottle, ma'am. I
18 didn't know at all.

19 Q Did Tyree Talley give you any reason to believe
20 before this incident occurred that he would have
21 something else in the bottle?

22 A They just actually I believe by that time, I
23 believe that the information came out that somebody was
24 walking around with Molotov cocktails. So I don't know
25 what was in that bottle. And with the information that

1 I had, it definitely could have been something else.

2 Q Did you have reason to believe that Tyree

3 Talley had a Molotov cocktail?

4 A I don't know.

5 Q Okay.

6 A Did I -- you asked me if I had reasonable

7 belief. I believe with the information I had anybody

8 could have had a Molotov cocktail.

9 Q Yeah, and I'm trying to ask specifically about

10 this guy. So had you observed anything about this guy

11 that made you think, oh, that might not be water?

12 A Everything that was thrown I believed to be a

13 weapon. Everything that was thrown at that point I

14 believed to be a Molotov cocktail and could be used as a

15 weapon. So --

16 Q Okay.

17 A -- yes.

18 Q So the answer is no, you did not observe

19 anything specifically about Tyree Talley that made you

20 think this guy probably has something else in his

21 bottle? You made a general kind of assumption based on

22 what was going on out there, right?

23 A I made a -- a reasonable -- reasonable

24 suspicion/belief that anything being thrown could be a

25 Molotov cocktail, because either we just took somebody

1 into custody or he was still outstanding.

2 Q Okay. And just to -- to close that off,
3 nothing about Tyree made you think there was something
4 different in his bottle?

5 A Every object that was being --

6 Q Okay.

7 A -- thrown --

8 Q Let me stop you, and I'm going to say yes or
9 no, okay? All I want is a yes or a no.

10 Yes or no, nothing about Tyree made you
11 think there was something different in his bottle?

12 A I didn't know what was in the bottle, so I

13 couldn't assume what was in the bottle.

14 Q Okay. That's not a yes or a no, so I'm going
15 to ask you again.

16 Yes or no, there was nothing about Tyree
17 Talley that made you think something other than water
18 was in his bottle?

19 A I'm -- I can't assume what was in the bottle.

20 I can assume that he was -- he had something in his hand
21 used as a weapon to throw it. With that --

22 Q Okay.

23 A -- being said is, I didn't know it was a water

24 bottle. I didn't know what it was. It could have been

25 a brick, it could have been a firework, it could have

1 been a pipe, it could have been anything.

2 Q It could have been a paper airplane?

3 A If you put in it those terms, I would assume
4 that it's not throwing a paper airplane.

5 Q Okay. I'm going to -- I'm going to ask you
6 this question again because I still haven't gotten a yes
7 or a no, okay?

8 A Okay.

9 Q So --

10 MR. BARTON: And I'm going to object to
11 form. I -- I don't think you can force a witness to
12 give a yes or no answer, but you can certainly --

13 MS. JOSEPH: Okay.

14 MR. BARTON: -- check your question, and I
15 think he's answering it several sometimes.

16 MS. JOSEPH: Okay.

17 MR. BARTON: Go ahead.

18 MS. JOSEPH: Okay. And Mr. Barton, if
19 you'd please refrain from any further speaking
20 objections, I would appreciate that.

21 MR. BARTON: Well, that's my --

22 Q (BY MS. JOSEPH): Officer Cher --

23 MR. BARTON: -- my objection is you're --

24 Q (BY MS. JOSEPH): Officer Cherne --

25 MR. BARTON: -- trying to -- it's an

1 objection to the form.

2 MS. JOSEPH: Okay, thank you.

3 MR. BARTON: You're trying to --

4 MS. JOSEPH: That's --

5 MR. BARTON: -- force an improper question

6 into a yes or no answer. I believe the form of that

7 question is improper, and --

8 MS. JOSEPH: Okay. You didn't think so --

9 MR. BARTON: -- I --

10 MS. JOSEPH: -- the last four times I

11 asked it. You didn't object to the form of that

12 question until right now.

13 MR. BARTON: You have asked --

14 MS. JOSEPH: Okay. When you're --

15 MR. BARTON: -- it so many times, it's --

16 MS. JOSEPH: Yeah.

17 MR. BARTON: -- dawned on me that it's

18 improper because you --

19 MS. JOSEPH: Ah, ah --

20 MR. BARTON: -- didn't get an answer.

21 MS. JOSEPH: -- I see. Mm-hmm.

22 MR. BARTON: So I object. I object to the

23 form. It's improper.

24 MS. JOSEPH: Okay. All right.

25 Q (BY MS. JOSEPH): Mr. Cherne, yes or no, did

1 anything specific about Mr. Talley make you think that
2 he had something other than water in that bottle?

3 MR. BARTON: Object to form.

4 A Ma'am, I didn't know. And -- and that being
5 said is --

6 Q (BY MS. JOSEPH): Okay.

7 A -- I knew he had the intent of throwing

8 something to hurt people in front of him.

9 Q You -- you knew that he had the intent to throw
10 something to hurt people in front of him?

11 A That was his action.

12 Q How on earth did you know what was in his mind?

13 A As he walked up to where he was going to throw

14 it, he walked a substantial space and then took a

15 running start, based on the video, reared back and threw

16 something at a group and crowd of people. That would

17 give me the insight that he had intent to throw

18 something to hurt someone.

19 Q Gives you insight but not knowledge, right?

20 A Okay.

21 Q You don't know what was in his mind at that
22 moment, do you?

23 MR. BARTON: Object to the form.

24 A No, ma'am.

25 Q (BY MS. JOSEPH): Okay. Okay. I'm going show

1 you some photos. Let me share my screen. All right.

2 Can you see that picture of the man in the black hat and
3 orange shirt?

4 A Yes, ma'am.

5 Q Okay. I'm going to represent to you that this
6 is Modesto Rodriguez. You may know that from materials
7 that you've seen prior to the deposition.

8 A I've never seen him before. I've just seen --

9 Q Okay.

10 A -- video of said person.

11 Q Okay. So as -- as you can -- do you see in the
12 photo that Modesto is -- is bleeding both on his right
13 ankle and his left chest?

14 A Yes, ma'am.

15 Q Okay. And I'm going to represent to you that
16 we have evidence we're going to present to the jury
17 that -- that these two injuries were caused by beanbag
18 munitions, okay? So we'll just take that hypothetical
19 while we're talking because I'm not going to ask you to
20 come to that conclusion, okay?

21 So assuming that these two injuries on
22 Modesto were caused by beanbag rounds fired by Austin
23 police officers, I want to talk about these target
24 areas, okay?

25 So what color is an ankle in the

1 red-yellow-green color chart for using the shotgun armed
2 with the beanbag rounds?

3 A I -- I don't know what color it is.

4 Q Okay. So you don't know whether you should or
5 shouldn't shoot someone in the ankle with this type of
6 weapon?

7 A I believe that's an acceptable area.

8 Q Okay. So you think it's a green or yellow, but
9 you don't know for sure?

10 A I'd have to look at the -- the logo.

11 Q Okay.

12 THE WITNESS: Can I use the --

13 Q (BY MS. JOSEPH): And -- and the --

14 MR. BARTON: Hey, Leigh? And --

15 MS. JOSEPH: Yeah.

16 MR. BARTON: -- you can go ahead and

17 finish this answer, but I think deponent needs a

18 break --

19 THE WITNESS: Sorry. I just --

20 MR. BARTON: -- for rest -- restroom --

21 MS. JOSEPH: Sure.

22 MR. BARTON: -- restroom break.

23 MS. JOSEPH: Of course. Yeah, let me ask

24 you one more question, then we'll take a break, okay?

25 Q (BY MS. JOSEPH): What color in the

1 red-yellow-green is -- is the chest?

2 A That's a side.

3 Q Well, a minute ago we said this was the left
4 chest, and you agreed with that.

5 A That's a side --

6 Q Oh, that's --

7 A -- what I --

8 Q -- the side, okay. So this is the side, then.

9 Do you call this the chest or the abdomen?

10 A I would say that's his side.

11 Q Okay. But I -- I understand you're saying it's
12 to the side of his body, to the lateral side of his
13 body --

14 A Mm-hmm.

15 Q -- but as far as height on his torso --

16 A Mm-hmm.

17 Q -- is that shot more in the chest area or the
18 abdomen area? It's fine if you --

19 A I --

20 Q -- don't know, too.

21 A Yeah, I -- I don't know. I'd say I don't know.

22 Q Okay.

23 A Yeah.

24 Q So without labeling where this shot is, only
25 looking at the picture -- and this is Bates labeled

1 Rodriguez 5 -- is -- is that injury in a green, yellow
2 or red zone?

3 A I would believe that's an acceptable spot.

4 Q Okay. Meaning you don't believe it to be a red
5 zone?

6 A I'd have to look at the model, the -- the
7 target.

8 Q Okay. So you --

9 MR. BARTON: He's really got to --

10 MS. JOSEPH: I know.

11 MR. BARTON: He needs --

12 MS. JOSEPH: I know. I'm sorry this is
13 taking longer. I -- I've got to ask this question,
14 though.

15 Q (BY MS. JOSEPH): So you don't know if that --

16 MR. BARTON: No, Leigh, I mean -- I --

17 Q (BY MS. JOSEPH): -- injury --

18 MR. BARTON: -- (crosstalk) --

19 Q (BY MS. JOSEPH): -- green, yellow or red?

20 MR. BARTON: -- the toilet, so I think

21 that question --

22 Q (BY MS. JOSEPH): Just answer -- do you know if
23 the injury is green, yellow, red or not?

24 A I'd have to look at the model.

25 MS. JOSEPH: Okay. You don't know.

1 A I'd have to look at the model.

2 Q (BY MS. JOSEPH): And you're -- that means I
3 don't know, right?

4 THE WITNESS: Ma'am, forgive me. I really
5 have to use the bathroom. I apologize --

6 MS. JOSEPH: Okay.

7 THE WITNESS: -- but this is --

8 MS. JOSEPH: All right.

9 THE WITNESS: I mean...

10 MR. BARTON: Let's take a five-minute
11 refreshment break. Off the record.

12 THE VIDEOGRAPHER: Okay. We are now off
13 the record at 6:06 PM.

14 (Recess taken.)

15 THE VIDEOGRAPHER: All right. We are now
16 back on the record at 6:12 PM.

17 A I'm sorry about that, ma'am. I --

18 Q (BY MS. JOSEPH): I wasn't trying to torture
19 you. I needed to ask you that line of questions, and so
20 we can apologize to each other again, but we'll --

21 A Yeah.

22 Q -- we'll just -- yeah.

23 Did -- I do need to ask you, though, if
24 you had any privileged conversations with Mr. Barton
25 during that break.

1 A He said hang in there, it's -- it's a long day.

2 Q Don't -- okay. Yeah, don't tell me what he

3 said if -- if it is privileged, yeah. But if it's -- if

4 it's not, then fine --

5 A Okay.

6 Q -- continue, yeah.

7 Okay. So is the answer no, you did not

8 have any privileged conversations during the break?

9 A If you could explain what privilege and

10 unprivileged -- I don't know -- I don't know the

11 difference.

12 Q Okay. Let me just ask you a different

13 question, and I -- I think you already answered. Did

14 you speak with Mr. Barton during the break?

15 A I did.

16 Q Okay. Did you speak about like the substance

17 of the case?

18 A If you could ask that differently, that would

19 be awesome.

20 Q Let me just move on.

21 A Okay.

22 Q We talked a lot earlier and warning before

23 shooting with these so-called less-lethal shotguns.

24 A Yes, ma'am.

25 Q Did you warn Tyree Talley before shooting?

1 A I don't remember. That being said is I did my

2 due diligence in attempting to warn every time it

3 happened or fire my less-lethal.

4 Q You've gotten -- you've kind of filled in your

5 memory with videos that we've referenced throughout the

6 deposition, both the one I showed you and the one you --

7 you watched with Mr. Barton. Does the video indicate to

8 you whether you warned Tyree Talley before shooting?

9 A Watching the video and -- and listening, I --

10 -- I don't believe so, but I don't know.

11 Q Okay. Should you have?

12 A In that instance, it happened so fast that if

13 it's applicable, I'm going to. In that case, I -- in

14 that case, I'm going to say that it seemed to happen

15 relatively really fast.

16 Q Mm-hmm.

17 A So I -- I don't have that answer if I did or

18 didn't. It just happened so fast.

19 Q Okay.

20 A It was a split --

21 Q And --

22 A Go ahead.

23 Q Do you think you needed to, or you don't have

24 an answer to that question?

25 A I don't have an answer for that. I --

1 Q Okay. Okay. Let me show you some different
2 photos. Okay. This is Tyree Talley. Can you see him
3 on your screen?

4 A I can.

5 Q Okay. And I just wanted to give you a chance
6 to see these people, too, because I -- I didn't know if
7 you had. So, you know, meet Modesto and -- and meet
8 Tyree, right?

9 So looking at Tyree, I'm going to show you
10 some photos of the injuries that he's alleging in this
11 lawsuit, okay? And these aren't all of them --

12 A Mm-hmm.

13 Q -- but -- but they're -- they're some of the
14 injuries that he sustained allege -- that he's alleging
15 he sustained in the incident --

16 A Yes, ma'am.

17 Q -- okay? So I'm now going to ask you some
18 similar questions to what we were talking about right
19 before the break.

20 A Okay.

21 Q What color is the ear in the red-yellow-green?

22 A I'd have to review the -- the chart, but I
23 believe red.

24 Q Okay. What color is this area here?

25 A I'd have to review the color, but I would say

1 that's accurate, acceptable.

2 Q Okay. So you think it's probably green or
3 yellow? Is that what you mean when you say acceptable?

4 And then I don't have to ask you --

5 A Oh.

6 Q -- that every time.

7 A Yes, ma'am. Yes, ma'am.

8 Q Okay. Okay. And what about here? What color

9 --

10 A Acceptable.

11 Q -- is -- okay.

12 And I'm -- we're looking at -- just so
13 that anybody can make sense of this later, we're looking
14 at some photos contained within Talley 1136 to 1154,
15 although this isn't all of those pages. And we've
16 looked at the ear and what I would describe second as
17 the kind of back of the upper right arm in two different
18 locations. Does that sound accurate to you, Officer
19 Cherne?

20 A Can you repeat it.

21 Q Yeah, I'm just trying to describe for the
22 record --

23 A Yeah.

24 Q -- what we just looked at.

25 A Okay. You kind of --

1 Q So we looked at --

2 A Yeah.

3 Q -- we looked at the ear, and then I would say
4 this is kind of the back of the upper right arm. It's
5 Bates labeled 1140. And then the third picture we
6 talked about is Bates labeled 1150. So I'm not asking
7 you a question right now. I'm just identifying that.

8 So now looking at this photograph on your
9 right that's labeled 11:43, do you know what color zone
10 this part of the arm is?

11 A Acceptable.

12 Q Okay. And now I've turned the page to 1144.
13 What about this back of the arm here near the elbow?

14 A Acceptable.

15 Q Okay. And we see a lot of things in 1142. I'm
16 going to skip to 1147 and focus you on these injuries to
17 the back of the upper thigh.

18 A Accept -- acceptable.

19 Q Okay. And now we're looking at the right
20 buttock on 1138.

21 A Acceptable.

22 Q Acceptable --

23 A Yes.

24 Q -- is that what you said?

25 A Yes, ma'am.

1 Q Okay. And now here on 1145 and 1146, we see
2 the two hips -- kind of the side hips. Is that --

3 A Acceptable.

4 Q That's an acceptable area?

5 A Yes, ma'am.

6 Q Okay. And then I think 11 -- I don't want to
7 try to convince you what 1139 is right now, so I'm going
8 to skip it for the -- and looking at 1149, I think is
9 going to be pretty similar to when we were talking about
10 Modesto Rodriguez.

11 A I would say acceptable.

12 Q You would say acceptable here?

13 A Yes.

14 Q Okay. And then let me ask you about one or two
15 other areas that might not have been in the photos.

16 What about the penis?

17 A So unacceptable --

18 Q Okay.

19 A -- as in a red area I'd say, genitals --

20 Q Okay.

21 A -- that you don't --

22 Q Okay.

23 A -- aim at those areas.

24 Q Okay.

25 A It doesn't mean --

1 Q -- and --

2 A -- that -- oh, go ahead.

3 Q Oh, the chest.

4 A I don't --

5 Q And --

6 A -- see it.

7 Q -- the -- the picture is not going to
8 correspond right now, but what about the chest?

9 A I'd say the front chest to somewhere
10 nipple-wise down, I guess it would be by target, I would
11 say that area is red.

12 Q Okay. And how far down does the red go? All
13 the way to the groin?

14 A Yes, ma'am.

15 Q Okay. Okay. Stop my share.

16 A Again, I'd have to look at the model, but...

17 Q Okay. That's -- okay. And it's obvious but
18 just to put it out there, you did not arrest Tyree
19 Talley?

20 A No, ma'am.

21 Q And you did not arrest Modesto Rodriguez?

22 A I -- I -- I'm not familiar with Modesto, but
23 no, I did not arrest him.

24 Q Okay. You did not have probable cause to
25 arrest Tyree Talley?

1 MR. BARTON: Object to the form.

2 Q (BY MS. JOSEPH): You can answer that.

3 A I -- ask it again, I'm sorry. I -- I heard

4 fast -- it was fast, so go ahead and say --

5 Q You did not have probable cause to arrest Tyree

6 Talley?

7 A I -- I don't believe we had a victim, so no. I

8 would say no.

9 Q Okay. How long can your body cam record?

10 A We have new body cams now.

11 Q Okay. Thank you for that clarification. Let's

12 go back to May of 2020, the body cam you had then. How

13 long could that one record?

14 A I have no idea.

15 Q Okay. Was it more or less than 30 minutes?

16 A Oh, more.

17 Q Okay. More or less than an hour?

18 A More.

19 Q Okay. I understand that there were some

20 difficulties with the body camera that day, though, and

21 that you needed to conserve your camera for some reason.

22 Can you kind of explain to me what was going on with

23 your camera that day?

24 A I know it's battery-operated. I didn't know

25 how long we would be down there, so tried to conserve it

1 to using it and implementing it as we took police
2 action.

3 Q Okay. And was that an instruction that you
4 received from someone higher up?

5 A Our policy is the camera should be on when
6 you're taking police action.

7 Q Okay. And is standing there trying to get 35
8 cleared and -- and keeping people safe, and you know,
9 all of this work that you were doing over the course of
10 hours on May 30th, 2020, is that -- were you engaged in
11 police action that whole time?

12 A No.

13 Q Okay. So were you instructed to -- when were
14 you supposed to -- to turn -- I mean you said police
15 action, but I'm not a police officer. I don't really
16 know what that means. So when were you supposed to turn
17 it on, and when were you supposed to turn it off?

18 A When we take police action.

19 Q But what does that mean?

20 A So when we have interaction with the public and
21 when we're taking police action.

22 Q Can you explain what police action is without
23 using the phrase police action?

24 A Doing my said duties with the community to
25 record the event and the conversation that we have with

1 them.

2 Q But you were doing your duty the whole time you
3 were on duty on the bridge, right?

4 A No, ma'am. I wasn't engaged with somebody the
5 whole time. So the conversation that we said procedure
6 that -- the camera didn't have to be on at that time. I
7 was not taking police action.

8 Q Okay. It needed to be on when you were
9 targeting someone?

10 A Yes, ma'am. It didn't --

11 Q Okay.

12 A So we were told to do the best we can with the
13 cameras to get them on as -- when we took police action.

14 Q Okay. And that was the instruction -- that was
15 the instruction, do the best you can with police cameras
16 to get them on when you take police action?

17 A Yes, ma'am.

18 Q Okay. And who did that instruction come from?

19 A My -- the supervisors on the bridge.

20 Q Okay. But you -- and you did -- I -- I'm sure
21 you did the best you can, but your camera did not record
22 every time you fired; is that correct?

23 A Correct, ma'am.

24 Q Okay. Before the May 30th -- wait. This
25 question isn't going to make any sense, it's because I

1 didn't ask you about policies yet.

2 Okay. So talk to me about what was
3 required as of May 30th, 2020 by APD after discharging
4 and impacting someone with this so-called less-lethal
5 shotgun.

6 A Sorry. Ask the question in a different manner,
7 if you don't mind.

8 Q Sure. So what was required of you --

9 A Mm-hmm.

10 Q Let me just be really specific. What was
11 required of you report-wise --

12 A Okay.

13 Q -- after targeting and impacting Tyree Talley?

14 A At the end of the night we were told to write a
15 supplement under a case number stating that we were down
16 there.

17 Q Okay. But as far as APD policies are
18 concerned, like what --

19 MS. JOSEPH: Would you excuse me for
20 one -- one moment? I'm sorry. Sorry.

21 THE WITNESS: No worries.

22 MS. JOSEPH: Guitar.

23 Q (BY MS. JOSEPH): So what did -- what did APD
24 policy require of you reporting-wise after discharging
25 the so-called less-lethal weapon and -- and impacting

1 someone?

2 A We were --

3 Q Like the general orders, the special orders,
4 whatever they were, what did they say to do?

5 A We were told to go back to the sub, we will be

6 directed for the next days to see what to -- what was to

7 come, but write a supplement stating that you were down

8 there.

9 Q Okay. And you're telling me about I think an
10 instruction that you were given maybe that day, but I'm
11 trying to ask about the written policies.

12 A Mm-hmm.

13 Q Can you tell me what the written policies
14 required of you?

15 A Write a report and do a details page for the --

16 Q Okay.

17 A -- response resistance.

18 Q Okay. So were you told something different
19 from what the written policy said?

20 A Yes, ma'am.

21 Q Okay. And did you eventually write the report
22 as required by the written policy?

23 A Yeah. A couple days later we were told to

24 document what -- what we could, and what we remember.

25 Q Okay. Okay. And how many reports or

1 supplements to reports did you write related to the
2 May 30th, 2020 events?

3 A We were given a directive 20-something days

4 later to go through every video, write a report and

5 document.

6 Q Okay.

7 A So I don't --

8 Q I --

9 A -- have the --

10 Q I think I have three. I think I have -- the --

11 what's confusing me is -- is they all say supplement or

12 follow-up, but let -- let me show you what I have and

13 maybe you can help me figure out if I'm missing anything

14 or if that's all of it, okay?

15 A Okay.

16 THE WITNESS: Were there more than three?

17 Six, seven.

18 Q (BY MS. JOSEPH): And if you're count -- are

19 you counting kind of reporting documents?

20 A You asked me --

21 Q I heard you counting.

22 A Yeah, you asked me how many supplements.

23 Q Mm-hmm.

24 A So --

25 Q If you have Bates numbers on those documents,

1 that might be the fastest way for us to -- to do this if

2 --

3 A So I have --

4 Q -- if you feel like you have all of them in
5 front of you.

6 A I don't know if this is all of them.

7 Q Okay.

8 A What I have --

9 Q All right.

10 A -- in front of me is what I can report on.

11 Q Okay. Tell me what -- just the -- I'm going to
12 call it the Bates range, the Bates number on the first
13 page and the last page --

14 A Yes.

15 Q -- of each -- okay.

16 A COA2318, page 721 of 1460. COA2319, page 722
17 of 1460. COA2320, page 723 of 1460. COA2321, 724 of
18 1460. COA1952, page 355 of 1460. COA2257, page 660 of
19 1460. COA2258, page 661 of 1460. COA2259, page 662 of
20 1460.

21 Q Okay. And that's everything you're aware of
22 sitting here today as far as written documentation by
23 you of the May 30th, 2020 event?

24 A That was provided to me, and all --

25 Q Okay.

1 A -- the -- all the documents are locked.

2 Q Are those all -- are those all authored by you

3 or do they contain statements made by you?

4 A Yes, ma'am.

5 Q Okay. And are you aware of anything else that

6 you authored that's not in that stack related to

7 May 30th, 2020?

8 A I have no idea based on -- this is the

9 information I got because it was locked.

10 Q What does that mean it was locked?

11 A With IA investigation, they -- they lock the

12 case number down and the notes and the pictures and

13 the -- we don't have access to them.

14 Q Oh, so you can't conduct a search yourself?

15 A No.

16 Q Okay. Okay.

17 A Yeah.

18 Q So when you have a -- a written policy about

19 how things are supposed to go and then you have, you

20 know, something happen and you get a verbal order as

21 oppo -- about what's supposed to happen next, like in

22 this case where you had the written policy about

23 documentation and then the directive that you received

24 was a little bit different from the policy, what are you

25 supposed to do? Are you supposed to follow the verbal

1 directive or the written policy, or what?

2 A The directive.

3 Q Okay. Do you know why there was a directive
4 that was different from the written policy?

5 A I can't answer that.

6 Q Okay. Because you don't know or you're not
7 supposed to answer?

8 A I'm sorry?

9 Q Is it -- can you not answer because you don't
10 know or because someone told you not to tell the answer?

11 A Oh, no. I'm a -- I'm low man on the totem
12 pole.

13 Q Okay. Okay.

14 A Yeah.

15 Q Just --

16 A Just --

17 Q -- making sure.

18 A -- I do what I'm told.

19 Q Okay. Is it -- is it APD policy to protect its
20 officers?

21 MR. BARTON: Object to form.

22 A I don't understand that question.

23 Q (BY MS. JOSEPH): Is there some sort of

24 statement within APD's policies and procedures that it's

25 important to protect each other and officers on the

1 force?

2 A Absolutely not.

3 Q Okay. And I just mean like from physical
4 danger. Are you supposed to take care of each other out
5 there?

6 A Your -- your question is vague and in a sense
7 misleading. You -- you -- you said is it -- is it an
8 unwritten rule to protect each other or -- because --

9 Q No, no, no. I -- I -- it's funny, I'm
10 surprised at your reaction to my question. I thought
11 this would be a resounding yes. Like as a pe -- as a
12 police officer, are you supposed to take care of each
13 other?

14 A Oh, yes, and --

15 Q Keep each other safe?

16 A Well --

17 Q Okay.

18 A -- we're supposed to keep ourselves safe as

19 well as the community, yes. And --

20 Q Okay.

21 A -- that wasn't the question you asked, sorry.
22 It was --

23 Q Okay, okay.

24 A -- it was -- it -- it was more geared towards
25 protect ourselves --

1 Q Oh, okay.

2 A -- so --

3 Q Yeah. The next question was going to be are
4 you supposed to keep the public safe. So I think you
5 answered both for me at once, yes and yes?

6 A Yes.

7 Q Okay.

8 A Sorry.

9 Q But I -- I do want to ask you this, and this
10 might be the harder question. If you have to choose
11 between protecting an officer or protecting a citizen,
12 what do you choo -- is there guidance that you're given
13 on how you make that choice?

14 A You mean like priority of life scale?

15 Q Yeah, I guess so.

16 A Victim first.

17 Q Okay. Okay. I want to ask you another
18 definition, and it's something else I saw -- and I can
19 pull it up if I need to, but I saw the phrase aggressive
20 resistance in some of your reporting. Can you tell me
21 what aggressive resistance means?

22 A I'd have to look up the -- the full definition,
23 but that means.

24 Q Mm-hmm.

25 A -- it's -- it's an -- it's a force towards you

1 or someone else that is either the attempt to hurt you

2 or someone else.

3 Q Okay. And APD's policy to protect the

4 Constitution and the amendments thereto, is that

5 something you're tasked with doing?

6 A Yes, ma'am.

7 Q Okay. And that would include protecting the

8 exercise of First Amendment rights?

9 A Yes, ma'am.

10 Q Okay. And that would include protecting the

11 Fourth Amendment right to be free from excessive force?

12 A Yes, ma'am.

13 Q Okay. As of May 30th, 2020, did you typically

14 need supervisor approval before discharging a shotgun

15 that was loaded with kinetic rounds or beanbags?

16 A Supervisor approval?

17 Q Uh-huh.

18 A No, ma'am.

19 Q Okay. Had you ever completed a

20 response-to-resistance re -- report before this

21 incident?

22 A Yes, ma'am.

23 Q Can you tell me how many times?

24 A No, ma'am.

25 Q Okay. More than five?

1 A Yes, ma'am.

2 Q Okay. Do you have any history of being
3 investigated by internal affairs?

4 A Yes, ma'am.

5 Q Tell me about that.

6 A My first investigation was due to this --

7 Q Okay. What -- what happened?

8 A I saw people running out from underneath a

9 bridge, or a group of -- I don't know if -- I -- I can't

10 recall the number, several in a group -- they would run

11 out, they would throw a water bottle, a brick, a rock, a

12 pipe, an object at me. They ran underneath before

13 either -- you know, any action could be taken.

14 I said that they were cowardly, acting

15 like cowards, and my -- I got a written reprimand for

16 it -- I believe written.

17 Q Well, let me show you -- and I'll mark this as
18 an exhibit. I'll mark this as Exhibit 1 to your
19 deposition.

20 (Exhibit 1 introduced.)

21 Q (BY MS. JOSEPH): Is this document a reflection
22 of what you're telling me about? Let me see if I can --

23 A I believe so. Oh, it's an oral reprimand.

24 Q Okay. Okay.

25 A I'm sorry, I thought it was written, but it's

1 oral. I had to --

2 Q That's --

3 A -- sign it.

4 Q That's okay. What's the difference between a
5 written and oral reprimand?

6 A It's the -- the level of infraction and what's
7 determined based on policy violation.

8 Q Okay. What's worse?

9 A It would be written.

10 Q Okay.

11 A But there's first offense, second offense,
12 there's -- there's a matrix for it.

13 Q Okay. So this was first offense oral?

14 A I -- yes, ma'am.

15 Q Okay. And -- and you said -- and I think it's
16 documented right here. You referred to a group of
17 protesters as -- as cowards, and that was the cause for
18 this oral reprimand; is that correct?

19 A Yes, ma'am.

20 Q Okay. And what were your feelings generally
21 about the protesters out there? You described a
22 specific group that you said you were talking about when
23 you referred to them as cowards. So tell me kind of
24 what you thought about the people out there that day.

25 A I don't -- I don't have emotion or feeling to

1 the people that were down there. I felt bad for the
2 people that were protesting in a --

3 Q Mm-hmm.

4 A -- legit manner. That being said --

5 Q Mm-hmm.

6 A -- said is when I saw a cowardly act, I
7 commented on it, so -- I -- I'm the tennis guy. I'm
8 neutral. You know, I'm the tennis man, so for me,
9 it's --

10 Q Okay.

11 A -- you can't have feeling or bias.

12 Q Okay. Okay.

13 A But this was based on an act, not a person.

14 Q Okay. Now, I think that you referenced another
15 internal affairs investigation or action that happened
16 after this one.

17 A Yeah. There -- there's actually a car accident
18 in my first year that I was here, and I know that that
19 went to internal affairs because I believe that every
20 car accident does -- don't quote me on that --

21 Q Mm-hmm.

22 A -- to see if you're at fault or not at fault.

23 Q Mm-hmm.

24 A So --

25 Q Oh, you were involved in a car accident?

1 A Yes, ma'am.

2 Q Okay.

3 A So I was --

4 Q Okay.

5 A -- I was T-boned in a car running code to a --
6 to a call.

7 Q Okay. Okay.

8 A The car came out from behind a semi and hit my
9 car, and -- and I was taken to the hospital.

10 Q Okay. And you think but don't know that every
11 time a police officer is involved in a car accident it
12 goes to IA?

13 A I think SAU and IA have to clear you --

14 Q Okay.

15 A -- but don't quote me on that because I know
16 that there's an investigation crash, there has to be --
17 it all has to be drawn out, that --

18 Q Okay.

19 A -- so -- and I know going to the hospital they
20 determine fault or no fault.

21 So yes, there was another IA investigation
22 post that --

23 Q Okay.

24 A -- done --

25 Q Okay. And I'm sorry I'm getting confused on

1 the timeline because I think you said the car --

2 A Okay. Said the --

3 Q -- accident was --

4 A -- car accident?

5 Q -- first. Yeah, go ahead.

6 A Okay.

7 Q Tell me about it.

8 A Car accident was first.

9 Q Uh-huh.

10 A 2020 was second.

11 Q Okay.

12 A And the third was a conversation -- I'm a
13 mental health officer. So I went to the hospital to
14 help a juvenile, and the woman spoke Russian and I
15 thought she was Polish. I asked if she was Polish so
16 that I could speak to her in Polish to gain rapport with
17 her child because I know she was going through a hard
18 time.

19 Q Mm-hmm.

20 A We committed the child, and mom wanted to sign
21 her over to the state. So I did ask her since we
22 couldn't build that rapport several questions about, you
23 know, why would you want to sign your child over.
24 Because as soon as I walked in the hospital, she said
25 where's my paperwork to sign my child over, I'm done.

1 And as a father, that was -- that was a --
2 you know, something to say, okay, we got to find --
3 figure out a new deal. There was a huge language
4 barrier between me and mom. Mom had --

5 Q Mm-hmm.

6 A -- had it. She wanted to complain that I
7 didn't handle myself appropriate as a mental health
8 officer because I wouldn't take her away from her and
9 make her a ward of the state. Based on me not taking
10 her and making her a ward and she had to deal with the
11 child, she sent this to IA. I was cleared and
12 exonerated.

13 Q So suffice it to say, the only oral written
14 reprimand of any kind that you've ever gotten is Exhibit
15 1 that we looked at a moment ago with respect to the
16 cowards comment?

17 A Yes, ma'am.

18 Q Okay. Let me show you a particular supplement,
19 because I want to look at some certain language in it.
20 And actually, I am getting close, and I really
21 appreciate your patience with me today as I ask you all
22 these questions.

23 A You have a -- you have a job to do.

24 Q Okay. It's here. So let me share my screen.

25 And I am on the page that's Bates labeled COA2318. To

1 give you some context, here's the first page of this
2 document. It looks -- I think this is one of the later
3 reports that you wrote related to May -- later
4 supplements related --

5 A Well, that's --

6 Q -- to May 30th, 2020.

7 A -- that's not the same page I have.

8 Q Oh, I'm showing you the front page. The page
9 that I said out loud that I want to talk about is here.

10 A Okay. Yes, ma'am, I have it.

11 Q Okay. So I want to look at this big paragraph
12 at the -- that -- that carries on to the next page.

13 And I see this language, I understand that

14 kinetic energy projectiles are less likely to result in

15 death or serious physical injury. I understand that

16 approved munitions are justified and may be used in an

17 effort to compel individuals to cease their actions when

18 such munitions present a reasonable option for resolving

19 the situation at -- at hand. I understand -- I

20 understand, and it goes on.

21 That looks to me like pretty formal

22 language that may have been written by somebody else, so

23 that's my question to you. Were you asked to include

24 that language within this supplement, or are those your

25 words?

1 A No, those are my words.

2 Q Okay. And actually now that I've met you, I
3 don't have as many questions about it as I did when I
4 read it first, so...

5 Okay. You were familiar with the state of
6 the country around May 30th, 2020. And by that I mean
7 you knew we were in a pandemic, you knew that George
8 Floyd had been murdered, you knew that Mike Ramos had
9 been murdered. All of this is stuff that was in --
10 within your knowledge reference when this -- this
11 protest on May 30th is going on, right?

12 A Am I familiar with it? Is that what you're
13 asking?

14 Q Just -- you knew that --

15 A Yes.

16 Q -- all that was out there?

17 A Yes, everyone --

18 Q Okay.

19 A -- did, yeah.

20 Q You knew -- did -- did you know that the El
21 Paso police station had been vandalized I think the day
22 before?

23 A No.

24 Q Okay.

25 A I don't --

1 Q Or the --

2 A -- watch the news.

3 Q You don't watch any news?

4 A We don't watch TV.

5 Q Okay. Do you -- like my husband gets his news
6 from Twitter. Do you do anything like that?

7 A I don't have a Twitter account, no, ma'am.

8 Q Okay. Do you have an e --

9 A I have a Facebook.

10 Q Okay.

11 A But that's to check --

12 Q So you --

13 A -- on my -- yeah --

14 Q Okay.

15 A -- go ahead.

16 Q But you may see whatever news comes across
17 Facebook in your feed, but not much probably?

18 A No, mine is hunting, casitas, moving to Costa
19 Rica. No, I don't -- I -- I think that's all -- I think
20 it kills your brain, to be honest.

21 Q Okay.

22 A I'll be honest with you.

23 Q Okay. And APD had not had some sort of
24 official like things are happening to police stations
25 like El Paso and Minneapolis and y'all need to be aware

1 of this. Nothing like that had -- had come out that you
2 recall?

3 A I mean, the -- the buzz of the country was, you
4 know --

5 Q Mm-hmm.

6 A -- that things were happening all over.

7 Q Yeah.

8 A There were no specifics on this happened here
9 and this happened here and this -- there -- there
10 weren't really show-ups at that time. It was get
11 downtown and protect the city, get downtown and
12 protect --

13 Q Hmm.

14 A -- the people. It was --

15 Q Okay. Everybody is not taking time to go have
16 a big meeting about it --

17 A Not that --

18 Q And --

19 A -- I know of. I mean, I wasn't invited.

20 Q Yeah. Okay. Have you seen the George Floyd
21 video?

22 A I've seen parts of it, but I'm not going to
23 watch it. I don't watch it.

24 Q Yeah.

25 A I've only seen pictures, actually. I've never

1 seen the video. And then most of the other stuff is
2 hearsay, like as in I'm not going to wrap my brain
3 around it, you know.

4 Q Yeah. What do you think -- I mean, what do you
5 think about those officers and about what happened?

6 A You're asking my opinion. I don't --

7 Q Yeah.

8 A -- have an opinion about it.

9 Q Okay.

10 A To be honest, it doesn't affect -- it affects
11 my job, it affects the future of the country --

12 Q Mm-hmm.

13 A -- but it doesn't have a direct effect on my
14 family and four children. So I know that the country
15 is -- at that point was falling apart --

16 Q Mm-hmm.

17 A -- to the extent I have to protect my family
18 and state internal. So I don't have an opinion about
19 it.

20 Q Have you heard of the -- I think they call
21 themselves to the chagrin of the Ra -- the Ramos family,
22 I think they call themselves the Mike Ramos Brigade.
23 Have you heard of them?

24 A No.

25 Q Okay.

1 A Is that for or against?

2 Q That I can't tell you. I -- I ju -- I don't --

3 A Oh.

4 Q -- know much about them. Yeah, I was --

5 A No, you're --

6 Q -- I was going to ask you -- ask you what --

7 A -- if you're asking --

8 Q -- you know.

9 A -- that question, then it's --

10 Q Yeah.

11 A -- have no idea.

12 Q Yeah. This is always fun to try to reach back,

13 but I -- I've got to ask just in case you wear a sleep

14 tracker or something or it was an unusual night. How

15 much sleep did you get the night before May 30th? Was

16 it unusual, your normal amount? Do you have any idea.

17 A I mean, if my wife lets me sleep in, I get 11

18 hours. No, I can't recall. I mean, I wouldn't --

19 Q That --

20 A -- say it's anything out of the ordinary to say

21 that, you know, that I get an hour -- like it --

22 nothing -- nothing spurs me to say that's any different

23 than any other day.

24 Q Okay. Now, when you were going back to your

25 time on the bridge on May 30th, were you messaging with

1 other officers like through some sort of app or text
2 message or emails, anything like that while it was going
3 on?

4 A My wife to let her know I was okay. Some of my
5 friends here at the department that I was okay where I
6 was in case --

7 Q Mm-hmm.

8 A -- they were up there.

9 Q Mm-hmm.

10 A But I don't have any specific app that I
11 communicate with other officers or any of that. When I
12 leave, I leave.

13 Q Okay.

14 A Yeah.

15 Q Okay. Does the department have anything other
16 than like email that they would use to push a message
17 out to all of you?

18 A Spok, that's the paging --

19 Q Okay.

20 A -- system of where to be and how to be.

21 Q Okay. Is that --

22 A But it's not a mess -- it -- it's a message
23 system --

24 Q Is that radio or --

25 A No, no.

1 Q Okay.

2 A Spok or Spok or what -- whatever they call it,

3 it's just a --

4 Q Mm-hmm.

5 A -- paging system to say, you know, alpha bravo

6 or -- you know --

7 Q Uh-huh.

8 A -- this is what's changing, so it's just --

9 it's a -- it's a -- a paging system.

10 Q Okay. Okay.

11 A Because we got away from our pagers. Other

12 than that, there's communication between the -- the

13 department and officers as supervisor.

14 Q Okay.

15 A I mean, unless you know something I don't, then

16 they should be on.

17 Q Clearly I don't by my questions.

18 A I'm just asking. Maybe I'm missing something.

19 Q Yeah. No, you talked about blocking -- putting

20 up some barriers around MLK. Were there roads blocked

21 surrounding headquarters --

22 A Oh, I have no idea.

23 Q -- at the time --

24 A When I -- when I --

25 Q Okay.

1 A -- got down there, I was just told to go to
2 this spot and we knew nothing.

3 Q Okay.

4 A I knew one of my partners went to the south end
5 because he -- he sent me a message saying where he was
6 going, to the south side, because we were both --

7 Q Uh-huh.

8 A -- driving down there, but I have no idea.

9 Q Okay. When you fire a -- a weapon, whether
10 it's a so-called less-lethal or a firearm, my
11 understanding is that one of the things you need to be
12 aware of is -- I think it's called the backstop, like
13 what kind of the -- the final background area is from
14 where you're shooting. Is this something that's --

15 A Oh.

16 Q -- connecting with --

17 A You're referring to --

18 Q -- anything in your mind?

19 A -- you're referring to what's beyond the
20 target.

21 Q Yes.

22 A Yes.

23 Q Mm-hmm.

24 A You take it --

25 Q Is there a --

1 A -- into consideration.

2 Q Okay. I -- I'm curious about the way that you
3 guys were set up that day, because it seemed like there
4 were police officers kind of spread out across from each
5 other.

6 A Mm-hmm.

7 Q And so I'm wondering if you know anything about
8 kind of why y'all were in the position you were in with
9 some officers at headquarters and some officers on the
10 bridge.

11 A I don't -- I don't know the tactics to it.

12 Q Okay.

13 A We can refer back to Talley --

14 Q Uh-huh.

15 A -- with -- with the back stop being the
16 trajectory is down to the ground. He was --

17 Q Mm-hmm.

18 A -- by himself, not in a crowd.

19 Q Okay.

20 A The round would have hit the ground and not hit
21 anybody else because he was out by himself.

22 So when we look at field of view and
23 backstop --

24 Q Mm-hmm.

25 A -- that has to be taken into consideration.

1 Q Okay.

2 A The other I don't -- I don't have the
3 tactical -- why we were up and down and...

4 Q Okay. Okay. I'm going to ask you a few more
5 questions and we'll get you home to your family very
6 soon --

7 A Okay.

8 Q -- okay?

9 Of your actions taken on May 30th, 2020
10 with respect to this event, what are you proud of?

11 A That's subjective. Objectively, I -- I -- I
12 don't -- I mean, when you ask --

13 Q It's -- it's meant --

14 A -- when you --

15 Q -- to be a subjective question --

16 A Okay.

17 Q -- yeah.

18 A So --

19 MR. BARTON: Object to the form.

20 A You -- if you're asking me an emotional
21 question of what I'm proud of --

22 Q (BY MS. JOSEPH): Mm-hmm.

23 A -- based on the situation, the people that made

24 it out unscathed and unhurt, I'm proud that we got them

25 out of there and that they're not hurt.

1 Q Mm-hmm.

2 A I'm proud that, you know, the officers that

3 were hurt actually healed up and came back to the

4 department and didn't leave.

5 Q Mm-hmm.

6 A You know, the -- I can't really have a

7 subjective answer other than what I said, I mean,

8 because really my job is objective, not subjective.

9 Q So turning to the more objective view, what did
10 you do right --

11 MR. BARTON: Object to the form.

12 Q (BY MS. JOSEPH): -- object -- objectively?

13 MR. BARTON: Object to the form.

14 A I believe that with the people that were

15 impacted I handled myself within policy, within law, and

16 at some point they ended, right, so that's --

17 Q (BY MS. JOSEPH): Mm-hmm.

18 A -- subjective.

19 Q Mm-hmm.

20 A Objectively, stopped the road, from people

21 getting hit on the road.

22 Q Mm-hmm.

23 A Objectively, handled myself in a professional

24 manner other than the one action that I was disciplined

25 for.

1 Q Mm-hmm.

2 A And objectively, you know, kept the people safe

3 that were able to be safe. I'd say that's objective.

4 Q Mm-hmm. Objectively, are you able to identify
5 anything that you could have done better?

6 MR. BARTON: Object to the form.

7 A I mean, that's subjective, not objective.

8 Q (BY MS. JOSEPH): Well, okay. Let me try to
9 ask it better, then. Like is there anything that when
10 you evaluate it objectively based on your training and
11 APD's policies and things like that, you see I didn't
12 really hit that one quite right on the nose?

13 A I would mean -- I would say I wish it never

14 happened, objectively. To put us in that situation and

15 put people in that situation objectively, I wish

16 everybody would have went home. Objectively, I wish

17 that people weren't throwing bottles. I wish that I

18 wasn't hit with multiple things, objectively. What

19 could --

20 Q Mm-hmm.

21 A -- I have done better, objectively, that none
22 of it happened.

23 Q Mm-hmm. I mean, I -- it's hard for me to ask
24 you this because I appreciate the work that you do and I
25 want you to know that, but is -- is there anything that

1 you're able to identify that you did wrong when you
2 evaluate your actions against police policy and
3 training?

4 A I -- I believe that I acted within policy and
5 within the --

6 Q Mm-hmm.

7 A -- law.

8 Q Okay. And I -- I want to ask you the same
9 question about the officers around you. Did -- did you
10 observe any actions being taken around you that did not
11 comport with department policy or the directives that
12 y'all were given?

13 A If I would have seen something that I believe
14 that was out of line or outside law and policy, it's my
15 duty and job to stop them and correct the action.

16 So if you're asking me objectively, then
17 I'm saying that I believe that the officers around me
18 acted within -- around me and the -- what I observed --

19 Q Mm-hmm.

20 A -- operated within law and policy.

21 Q Do you know a former APD officer, Officer
22 Harris?

23 A Harris, no.

24 Q Okay.

25 A Should I?

1 Q I don't know.

2 A What's his first name?

3 Q If -- if you know -- if you know a Harris, I'll

4 try to figure out his first name. If you -- if you

5 don't, then I'll just move on.

6 A No, I'm not familiar with him.

7 Q Okay.

8 MS. JOSEPH: I am -- I am probably

9 finished, but give me about five minutes to look at my

10 notes and make sure I don't have any last follow-up

11 questions, okay?

12 THE WITNESS: Yeah.

13 MS. JOSEPH: All right. So we can go off

14 the record.

15 THE REPORTER: The time is 7:01. We are

16 off the record.

17 THE VIDEOGRAPHER: I apologize. We are

18 now off the record at 7:02.

19 (Recess taken.)

20 THE VIDEOGRAPHER: All right. We are now

21 back on the record at 7:03.

22 Q (BY MS. JOSEPH): Okay. So we have been

23 talking for close to four hours and I have tried to be

24 very thorough, but is there anything that you think is

25 important about the events of May 30th, 2020 that I have

1 not asked you about?

2 A Yeah. You -- you asked me a question, and it
3 was a little muddled, so I -- I just -- you asked me if
4 I had probable cause to arrest Tyree Talley.

5 Q Mm-hmm.

6 A I had probable cause to impact Tyree Talley,
7 and that's my -- my objective thought process, because
8 it wasn't -- it didn't seem to go all the way around and
9 I was waiting for it -- the question to be asked in --
10 because you've been very thorough -- to ask that second
11 question but I didn't --

12 Q Okay.

13 A Yeah.

14 Q So your answer on that previous arrest question
15 stands, but you are adding the information for me
16 because I didn't ask the question did you have probable
17 cause to impact him, and your answer is yes?

18 A Yes.

19 Q Okay. Okay. Anything else?

20 A Not that I can think of other than -- yeah.
21 I'm tired.

22 Q Okay. If -- if you didn't understand one of my
23 questions today, did you clarify or ask me to rephrase?

24 A I attempted to.

25 Q Okay.

1 A You have and --

2 Q Okay.

3 A -- but I attempted to.

4 Q All right. So other than snack time when I got
5 a little snarky, if you answered the question, we can go
6 back to that agreement at the beginning, and it means
7 you understood it?

8 A I -- do I say yes?

9 Q Please do if it's true.

10 A Okay, yes.

11 Q Okay.

12 MS. JOSEPH: All right. I'll pass the
13 witness. Thank you, Officer.

14 MR. BARTON: Yes. We have -- I have no
15 questions of the witness, but I do want to -- and so we
16 can go off the record, but I do want to exercise the
17 option to read and sign.

18 And I also want to get a copy of the
19 transcript and the video and am hopeful that we can get
20 an expedited copy by the middle of next week if that's
21 possible.

22 THE REPORTER: Yes, sir, that's fine.

23 Ms. Joseph, do you need expedited, as
24 well?

25 MS. JOSEPH: Not at this time.

1 THE REPORTER: Thank you.

2 MS. JOSEPH: Although I will say what I

3 said earlier today. If you're expediting and it's

4 ready, I don't mind getting it early --

5 THE REPORTER: Thank you.

6 MS. JOSEPH: -- without -- yeah. Mm-hmm.

7 THE VIDEOGRAPHER: All right. We are now

8 off the record at 7:05.

9 (Proceedings concluded.)

13 REPORTER'S CERTIFICATE

14 ORAL AND VIDEOTAPED DEPOSITION OF OFFICER GREGORY CHERNE

15 JULY 19, 2023

16
17 I, TAMMY POZZI, Certified Shorthand Reporter in and
18 for the State of Texas, hereby certify to the following:

19 That the witness, OFFICER GREGORY CHERNE, was duly
20 sworn by the officer and that the transcript of the oral
21 deposition is a true record of the testimony given by
22 the Witness.

23 I further certify that pursuant to FRCP Rule
24 30(e)(1) that the signature of the Deponent was
25 requested by the Deponent or a party before

1 the completion of the deposition and is to be returned
2 within 30 days from date of receipt of the transcript.

3 If returned, the attached Changes and Signature Page
4 contains any changes and the reasons therefor;

5 That the amount of time used by each party at the
6 deposition is as follows:

7 Ms. Leigh A. Joseph (3 hours 35 minutes)

8 Mr. Montel L. 'Monte' Barton, Jr. (no time)

9 I further certify that I am neither attorney, nor
10 counsel for, related to, nor employed by any of the
11 parties to the action in which this testimony is taken.

12 Further, I am not a relative or employee of any attorney
13 of record in this cause, nor do I have a financial
14 interest in the action.

15 SUBSCRIBED AND SWORN TO on this the _____ day of
16 _____, 2023.

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF TEXAS
AUSTIN DIVISION

TYREE TALLEY,

Plaintiff,

v.

CITY OF AUSTIN
AND JOHN DOES,

Defendants.

§
§
§
§
§
§
§
§
§
§

Case No. 1:21-cv-249-RP

PLAINTIFF’S MOTION TO STAY RULINGS ON CERTAIN PENDING MOTIONS

For the reasons set forth below, Plaintiff hereby requests this Court stay its rulings on the following pending motions until Plaintiff has had the opportunity to review material discovery and present relevant evidence to the Court:

- Defendant City of Austin’s Motion for Summary Judgment (Dkt.43), along with Plaintiff’s Response (pending Motion to File Under Seal at Dkt. 55) and Defendant’s Reply (Dkt. 66)
- Defendants’ Combined Motion to Dismiss and, in the alternative, Motion for Summary Judgment as to Claims Premised Upon Actions by John Doe(s) (Dkt. 44), along with Plaintiff’s Response (pending Motion to File Under Seal at Dkt. 56) and Defendant’s Reply (Dkt. 67)
- Plaintiff’s Motion for Leave to File First Amended Complaint (Dkt. 53), along with Defendant’s Response (Dkt. 68) and Plaintiff’s forthcoming reply. (Plaintiff includes this motion as part of the request because it contains related issues and would best be considered alongside the other two.)

Plaintiff requested relevant emails from pertinent City of Austin officials as part of discovery in this matter. In response, Defendant has been producing voluminous emails to Plaintiff in batches via Box link. Ex. 1, P. Chavez Emails. Defendant produced the most recent batch on August 31, 2023. Ex. 1. Defendants have yet to produce the entire body of discovery, and Plaintiff awaits the next batch.

Plaintiff believes these emails contain information material to multiple issues in this case, including qualified immunity, negligence, and Plaintiff's *Monell* claims. For example, Chief Joseph Chacon's emails reflect that he had been notified of a Police Executive Research Forum Report on Less Lethal Technologies (noting potential problems with less lethal weapons and encouraging communication with a subject before deployment) more than three months before Austin police shot Plaintiff with a less lethal shotgun. Ex. 2, Feb. 12, 2020 Email Bates Labeled COA-General Protest.0061899. Email evidence further serves to contradict Defendant's position that the situation was a spontaneous emergency. Emails reflect that the May 30, 2020 protest was on Defendant's radar as early as May 28, 2020 at 7:20 am, and that the Special Response Team was strategizing and planning for the protest before 10:00 that morning. Ex. 3, Collected Emails Bates labeled COA-General Protest.0040792-0040797. And emails also reflect that two days before the protest, Austin police leadership was preparing for the chance the event would get "out of control." Ex. 4, Collected Emails Bates labeled COA-General Protest.0064028-0064031.

Importantly, Plaintiff only received Chief Brian Manley's and Assistant Chief Robin Henderson's email production on August 31, 2023 and has not yet finished downloading them or had an opportunity to review. Plaintiff continues to await production of emails from City Manager Spencer Cronk and others. These are likely to contain additional important evidence related to Austin police and City policies covering the conduct complained of on May 30, 2020, as well as evidence of awareness and ratification of the complained of conduct. Defendant has moved to strike some of Plaintiff's summary judgment evidence related to Chief Manley's awareness of police officer conduct on May 30, 2020. Dkt. 65. Although the Court should deny that motion, its pendency underlines the need for Plaintiff to review these additional materials.

Not only is the email production incomplete, but it is also very large. To date, Plaintiff has downloaded more than 455 GB of email data produced by Defendant, and the process continues. Because the emails are being produced through Box, Plaintiff must first download them—a time consuming process with this volume of data—and then organize them for review before he can even begin the process of reviewing their contents.¹

Not all the emails have been produced yet, and a meaningful review of those already produced will take a substantial amount of time.² Accordingly, Plaintiff conferred with Defendant whether Defendant would agree to a stay of the Court’s decision on certain pending motions to give Plaintiff an opportunity to review the emails. This way, Plaintiff can make sure the Court is not missing important evidence when ruling on dispositive motions that would potentially terminate the case. Although Defendant indicated that it would not necessarily oppose a continuation of the trial date, Defendant objected to a stay of the Court’s rulings on its dispositive motions.

Plaintiff respectfully requests that the Court stay its rulings on the identified pending motions until November 8, 2023 to give Plaintiff an opportunity to review and present relevant evidence necessary to a full consideration of the issues. The requested stay is necessary to ensure the Court has the necessary evidence before it to render a decision fairly on the evidence. This stay will necessarily delay the trial date (which Plaintiff does not believe Defendants oppose), and would likely prompt the Court to shift other pretrial deadlines, such as the deadline for pretrial documents and the pretrial conference date.

¹ Plaintiff requested that Defendant produce the emails via hard drive instead, but Defendant did not agree to Plaintiff’s request.

² The emails are not the only outstanding discovery Plaintiff awaits. To date, Defendants have not produced employment files for any of the requested officers.

Dated: September 11, 2023

**SUPPLEMENT PROVIDING EXHIBIT 26 TO PLAINTIFFS’ RESPONSE TO
DEFENDANT CITY OF AUSTIN’S MOTION FOR SUMMARY JUDGMENT**

When Plaintiff filed his Response to Defendant City of Austin’s Motion for Summary Judgment (Filed under seal at Dkt. No. 55), the deposition transcript of Jeffrey Greenwalt, the City of Austin’s corporate representative, was not yet available. Accordingly, in his Response, Plaintiff referenced deposition testimony of Assistant Chief Greenwalt as “forthcoming.” Plaintiff hereby submits Exhibit 26, the Greenwalt Deposition Transcript, and provides specific references to the portions cited below:

Response Location	Text	Cite to Ex. 26
P4	Testimony from the City’s corporate representative confirmed same rounds circulate indefinitely until used without being taken out of circulation when expired.	37:02-23
P8	The City admits to weapons not performing as expected and expresses sympathy for protesters who did not throw any item, but stands by its actions against people like Plaintiff, who officers targeted with excessive force for a minor action.	26:09-15; 128:03-07, 09-19; 129:16-20, 22-130:05

Plaintiff respectfully requests that the Court consider this Supplement, along with Exhibit 26, and, for the reasons stated within Plaintiff's Response, deny Defendants' Motion in full.

ORAL AND VIDEOTAPED DEPOSITION OF
ASSISTANT CHIEF JEFFREY GREENWALT
AUGUST 2, 2023

ORAL AND VIDEOTAPED DEPOSITION OF
ASSISTANT CHIEF JEFFREY GREENWALT, PRODUCED AS A WITNESS
AT THE INSTANCE OF THE PLAINTIFFS, WAS TAKEN IN THE
ABOVE-STYLED AND -NUMBERED CAUSE ON THE 2ND DAY OF
AUGUST, 2023, FROM 9:07 A.M. TO 1:26 P.M., BEFORE
KAREN GONZALEZ, COMMISSIONED NOTARY, IN AND FOR THE
STATE OF TEXAS, REPORTED BY MACHINE SHORTHAND, REMOTELY
FROM DALLAS COUNTY, TEXAS, PURSUANT TO THE TEXAS RULES
OF CIVIL PROCEDURE, THE TEXAS SUPREME COURT EMERGENCY
ORDER REGARDING THE COVID-19 STATE OF DISASTER AND THE
PROVISIONS STATED ON THE RECORD OR ATTACHED HERETO.

1 A. YES, MA'AM.

2 Q. AND THE BEANBAG ROUNDS THAT IMPACTED TYREE
3 TALLEY, WERE FIRED BY APD OFFICERS?

4 A. THAT'S CORRECT.

5 Q. AND I DON'T THINK THIS IS NECESSARY, BUT JUST FOR
6 THE RECORD, WHEN I SAY APD WE BOTH UNDERSTAND THAT I
7 MEAN AUSTIN POLICE DEPARTMENT?

8 A. UNDERSTOOD.

9 Q. OKAY. APD OFFICERS WERE FOLLOWING ORDERS WHEN
10 THEY SHOT TYREE TALLEY?

11 A. THEY WERE FOLLOWING THEIR TRAINING, I DON'T KNOW
12 THAT THEY WERE ORDERED TO NECESSARILY SHOOT SOMEBODY ON
13 THE SPOT, BUT THE POLICY THAT THEY -- THAT THEY WERE
14 GOVERNED BY AND THE TRAINING THAT THEY RECEIVED WAS HOW
15 THEY MADE THEIR DECISIONS THAT DAY.

16 Q. TYREE TALLEY WAS IMPACTED TWELVE TIMES BY BEANBAG
17 ROUNDS.

18 A. IS THAT A QUESTION?

19 Q. YES.

20 A. I SAW A LOT OF BRUISES ON HIM, I DIDN'T COUNT
21 THEM, SO I COULDN'T TELL YOU HOW MANY TIMES HE WAS -- IT
22 WAS NUMEROUS, I'LL TELL YOU THAT.

23 Q. OKAY. AND TYREE TALLEY WAS INJURED?

24 A. CORRECT.

25 Q. OKAY. GO THROUGH THOSE SAME BASIC QUESTIONS WITH

1 THE RIOT AND PROTESTS OR BEFOREHAND?

2 Q. BEFOREHAND?

3 A. SO, JUST OUT OF EASE OF TRANSPORT THEY WOULD BE
4 SENT TO THE SUBSTATIONS IN THE BOX, AND THEN THE
5 PROPERTY CONTROL OFFICER, OR TECHNICIAN THIS IS A
6 CIVILIAN, WHO HANDS OUT THE PROPERTY IN ORDER TO PREPARE
7 THE EQUIPMENT, THEY WOULD TAKE IT OUT OF THE BOX --

8 Q. UH-HUH.

9 A. -- RUBBER BAND IT, AND GET IT READY. AND THEN AT
10 THE END OF THE DAY, WHEN THE OFFICER IS DONE THEY HAND
11 THE AMMUNITION BACK IN THE SAME FORMAT, AND THEY GIVE IT
12 TO THE NEXT OFFICER. SO YOU MAY HAVE THE SAME FIVE
13 AMMUNITIONS BE HANDED OUT, CHECKED OUT AND TURNED BACK
14 IN DOZENS, AND DOZENS, OF TIMES.

15 Q. UH-HUH.

16 A. AND THE BOX --

17 Q. OKAY --

18 A. -- AND THE BOX IS LONG GONE. SORRY TO INTERRUPT
19 YOU, BUT THE INITIAL BOX IT CAME IN, WOULD BE LONG GONE.

20 Q. OKAY. SO AT THAT POINT THERE'S NO WAY OF
21 KNOWING, FOR EXAMPLE, WHETHER THEY'RE EXPIRED, OR NOT,
22 OR WHEN THEY EXPIRE?

23 A. EXACTLY.

24 Q. OKAY. AND SO IS THERE A ROOM OR A STORAGE UNIT
25 SOMEWHERE WHERE THE -- KIND OF STOCKPILE OF BEANBAG

1 BEING REVENGEFUL, AND THAT'S JUST NOT TRUE. AND I THINK
2 WE HAVE A RESPONSIBILITY TO PUT THAT OUT THERE.

3 Q. SO, IS IT TRUE THAT APD HAS -- HAVE MADE PUBLIC
4 STATEMENTS SAYING, "YES, THE OFFICERS BEHAVED
5 APPROPRIATELY," OR "FOLLOWED POLICY," OR SOMETHING TO
6 THAT EXTENT?

7 A. YES.

8 MR. BARTON: OBJECT TO THE FORM.

9 Q. (BY MS. JOSEPH) WITH RESPECT TO THE DISCHARGE OF
10 THE SO-CALLED LESS-LETHAL SHOTGUNS?

11 A. YEAH. AND I CAN'T REMEMBER THE EXACT WORDS THAT
12 WERE USED SO, I DON'T REMEMBER IF THE WORDS WERE THAT
13 EVERYTHING WAS WITHIN POLICY. BUT I REMEMBER THAT
14 CHIEF CHACON DID MAKE A PUBLIC STATEMENT IMMEDIATELY
15 AFTER THE INDICTMENTS WERE ANNOUNCED BY THE DA'S OFFICE.
16 AND HE SAID SOMETHING OVER THE LINES OF, NOT
17 UNDERSTANDING WHY ANYTHING AMOUNTED TO A CRIMINAL
18 VIOLATION, I JUST DON'T REMEMBER HIS EXACT WORDS. BUT,
19 YES, IT WAS AN ENDORSEMENT OF THE OFFICERS.

20 Q. OKAY. DO YOU KNOW APPROXIMATELY WHAT MONTH AND
21 YEAR THAT STATEMENT WOULD HAVE BEEN MADE?

22 A. IT WAS 2021 AND -- NO, HOLD ON. I REMEMBER IT
23 BEING ON AN ANNIVERSARY, OR JUST BEFORE AN ANNIVERSARY.
24 AND SO I WANT TO SAY IT WAS LIKE MAY/JUNE TIMEFRAME.
25 I'M JUST GETTING MIXED UP ON '21 VERSUS '22.

1 Q. OKAY.

2 A. IT WAS -- IT WAS IMMEDIATELY AFTER THE DA
3 ANNOUNCED -- INDICTMENTS. AND IT WAS RIGHT AT THE SAME
4 -- IT WAS THE EXACT SAME TIMEFRAME WHERE SOME OF THE
5 CIVIL SUITS HAD BEEN WITHHELD.

6 Q. OKAY. OKAY. DO YOU REMEMBER ANYBODY ELSE OTHER
7 THAN CHIEF CHACON, THAT YOU COULD THINK OF WHO HAS -- ON
8 BEHALF OF APD, APPROVED OF THE OFFICER'S CONDUCT WITH
9 RESPECT TO THE LESS-LETHAL SHOTGUNS?

10 MR. BARTON: OBJECTION TO THE FORM.

11 A. CAN -- CAN YOU SAY THAT AGAIN?

12 Q. (BY MS. JOSEPH) YES. SO WE'RE TALKING ABOUT WHO
13 HAS KIND OF SPOKEN ON BEHALF OF APD TO SAY, YES, THIS
14 WAS WITHIN POLICY, OR WHATEVER WORDS THEY USED, TO SAY,
15 YOU KNOW, WE THINK OUR OFFICERS DID RIGHT. AND I -- YOU
16 TOLD ME ABOUT CHIEF CHACON. SO THE QUESTION IS, IS
17 THERE ANYBODY ELSE YOU CAN THINK OF WHO HAS SPOKEN ON
18 BEHALF OF APD, OR WHO IS A HIGHER UP AT APD WHO HAS
19 SPOKEN OUT AND SAID A POSITIVE AFFIRMATION OF THE USE OF
20 THE LESS-LETHALS?

21 MR. BARTON: OBJECT TO THE FORM.

22 A. I DON'T HAVE LIKE A COMPLETE LIST. I KNOW CHIEF
23 DID IT ON THE NEWS THAT DAY. I'VE DONE IT, IN SEVERAL
24 SETTINGS WHERE I WAS ASKED TO SPEAK AND PEOPLE ASKED
25 QUESTIONS, I JUST TELL THEM EXACTLY, YOU KNOW, WHAT I

1 THINK ABOUT LIFE, AND DISHONEST, AND TRANSPARENT. SO I
2 TOLD THEM WHAT I THOUGHT, SO OTHER THAN ME AND HIM, I
3 DON'T KNOW WHO ELSE, BUT I'M NOT SAYING THAT IT DIDN'T
4 HAPPEN IN ANY OTHER TYPE OF FLUID SITUATION WHERE A
5 CONVERSATION OCCURRED.

6 Q. (BY MS. JOSEPH) OKAY. HOW ARE FORCE COMPLAINTS
7 AGAINST AN INDIVIDUAL OFFICER TRACKED? LIKE, COULD I GO
8 AND SAY, I WANT TO KNOW HOW MANY TIMES CHIEF GREENWALT
9 HAS, YOU KNOW DEALT WITH A RESPONSE TO RESISTANCE
10 SITUATION AND HAD A COMPLAINT FILED AGAINST HIM. IS
11 THERE AN EASY WAY FOR ME TO LOOK AT THAT?

12 A. YEAH. I MEAN, THE VERSE X YOU CAN TRACK AND SEE
13 HOW MANY TIMES A SPECIFIC OFFICER HAS BEEN INVOLVED IN
14 AN R2R, OR USE OF FORCE. THAT'S PRETTY SIMPLE --

15 Q. UH-HUH.

16 A. -- TO FIND.

17 Q. UH-HUH.

18 A. BUT THE SECOND HALF TO YOUR QUESTION WAS KIND OF
19 A DIFFERENT QUERY AND THAT'S AND INVOLVED WITH A
20 COMPLAINT, RIGHT? SO NOW WE HAVE TO --

21 Q. UH-HUH.

22 A. -- CHECK WITH INTERNAL AFFAIRS ON, HOW MANY
23 COMPLAINTS, AND THEN MATCH IT UP TO THE USE OF FORCE, TO
24 ANSWER YOUR QUESTION.

25 Q. OKAY. SO IT WOULDN'T BE EASY TO SEE, YOU KNOW,

1 I FURTHER CERTIFY THAT PURSUANT TO FRCP RULE
2 30(F)(1) THAT THE SIGNATURE OF THE DEPONENT:

3 X WAS REQUESTED BY THE DEPONENT OR A PARTY BEFORE
4 THE COMPLETION OF THE DEPOSITION AND THAT SIGNATURE IS
5 TO BE BEFORE ANY NOTARY PUBLIC AND RETURNED WITHIN 30
6 DAYS FROM DATE OF RECEIPT OF THE TRANSCRIPT. IF
7 RETURNED, THE ATTACHED CHANGES AND SIGNATURE PAGE
8 CONTAINS ANY CHANGES AND THE REASONS THEREFOR;

9 WAS NOT REQUESTED BY THE DEPONENT OR A
10 PARTY BEFORE THE COMPLETION OF THE DEPOSITION.

11 I FURTHER CERTIFY THAT I AM NEITHER COUNSEL FOR,
12 RELATED TO, NOR EMPLOYED BY ANY OF THE PARTIES OR
13 ATTORNEYS IN THE ACTION IN WHICH THIS PROCEEDING WAS
14 TAKEN, AND FURTHER THAT I AM NOT FINANCIALLY OR
15 OTHERWISE INTERESTED IN THE OUTCOME OF THE ACTION.

16 CERTIFIED TO BY ME THIS 22TH DAY OF AUGUST, 2023.

§
§
§
§

Case No. 1:21-cv-249-RP

**SUPPLEMENT PROVIDING EXHIBIT 7 TO PLAINTIFF’S RESPONSE TO
DEFENDANTS’ COMBINED MOTION TO DISMISS AND, IN THE
ALTERNATIVE, MOTION FOR SUMMARY JUDGMENT AS TO CLAIMS
PREMISED UPON ACTIONS BY JOHN DOE(S)**

When Plaintiff filed his Response to Defendants’ Combined Motion to Dismiss and, in the Alternative, Motion for Summary Judgment as to Claims Premised Upon Actions by John Doe(s) (Filed under seal at Dkt. No. 56), the deposition transcript of Jeffrey Greenwalt, the City of Austin’s corporate representative, was not yet available. Accordingly, in his Response, Plaintiff referenced deposition testimony of Assistant Chief Greenwalt as “forthcoming.” Plaintiff hereby submits Exhibit 7, the Greenwalt Deposition Transcript, and provides specific references to the portions cited below:

Response Location	Text	Cite to Ex. 7
P4-5	And, even in light of Austin’s large deaf population, the City provided no communication aids or services for deaf individuals present that day.	132:11-22
P5	With protests happening around the country, the Austin Police Department was on notice protests were coming. The chief of police at the time, Brian Manley, had days to work with his team in preparation.	28:03-29:20
P7	The City did not hire a forensic consultant to review the video footage, nor attempt any reconstruction.	<i>See</i> 177:05-22. 179:14-22
P28	In fact, the City’s corporate representative testified that the Austin Regional Intelligence Center (ARIC) should have had days’ advance knowledge of the likely protest situation.	29:12-20
P28	<p>He was not able to flesh out the details of that group’s knowledge or of the protest planning, despite his claim that he was prepared to testify in response to all topics on his deposition notice.</p> <p><i>Correction: Chief Greenwalt did not state that he was prepared to testify in response to “all topics.” He specifically excluded topics related to conversations specific officers had with their supervisors. Ex. 7 at 24:07-12.</i></p>	29:12-30:14
P31	No one who has been deposed in this case (shooting officers included) claims responsibility for overseeing the quality of the munitions and making sure they were not expired. In fact, the City’s corporate representative could not even testify with certainty whose responsibility that was.	40:04-41:04

Plaintiff respectfully requests that the Court consider this Supplement, along with Exhibit 7, and, for the reasons stated within Plaintiff’s Response, deny Defendants’ Motion in full.

ORAL AND VIDEOTAPED DEPOSITION OF
ASSISTANT CHIEF JEFFREY GREENWALT
AUGUST 2, 2023

ORAL AND VIDEOTAPED DEPOSITION OF
ASSISTANT CHIEF JEFFREY GREENWALT, PRODUCED AS A WITNESS
AT THE INSTANCE OF THE PLAINTIFFS, WAS TAKEN IN THE
ABOVE-STYLED AND -NUMBERED CAUSE ON THE 2ND DAY OF
AUGUST, 2023, FROM 9:07 A.M. TO 1:26 P.M., BEFORE
KAREN GONZALEZ, COMMISSIONED NOTARY, IN AND FOR THE
STATE OF TEXAS, REPORTED BY MACHINE SHORTHAND, REMOTELY
FROM DALLAS COUNTY, TEXAS, PURSUANT TO THE TEXAS RULES
OF CIVIL PROCEDURE, THE TEXAS SUPREME COURT EMERGENCY
ORDER REGARDING THE COVID-19 STATE OF DISASTER AND THE
PROVISIONS STATED ON THE RECORD OR ATTACHED HERETO.

1 MAGNITUDE OF THE NUMBERS AND THE VIOLENCE THAT OCCURRED
2 WITH IT.

3 Q. I MEAN THEY KNEW THAT PEOPLE WERE GOING TO TAKE
4 TO THE STREETS IN PROTEST OF WHAT HAPPENED TO GEORGE
5 FLOYD AND -- AND MIKE RAMOS?

6 A. YEAH. I THINK THERE WAS DEFINITELY AN INDICATION
7 THAT AROUND THE COUNTRY, INCLUDING AUSTIN, THERE WAS
8 GOING TO BE SOME PROTESTS. THEY JUST DIDN'T KNOW --

9 Q. UH-HUH.

10 A. -- TO WHAT SIZE AND TO WHAT DEGREE A VIOLENCE
11 MIGHT COME WITH THAT.

12 Q. THE PROTESTS AROUND THE COUNTRY ACTUALLY STARTED
13 DAYS BEFORE -- I THINK THE FIRST ONE I KNOW ABOUT
14 RELATED TO GEORGE FLOYD, WAS ON MAY 26, 2020, IS THAT A
15 FACT YOU'RE FAMILIAR WITH?

16 A. NO, MA'AM, BUT I DON'T DISPUTE IT.

17 Q. OKAY. SO -- AND THE PROTESTS IN THE CITY OF
18 AUSTIN BEGAN ON WHAT DATE?

19 A. I KNOW THE -- THE MOST IMPACTFUL ONE, THE ONE
20 INTENDED WAS THE 30TH. THERE COULD HAVE BEEN SOME
21 TRICKLERS OUT THERE THE NIGHT BEFORE, ON THE 29TH.

22 Q. UH-HUH. OKAY. SO IF THE MAY 26TH DATE IS
23 CORRECT, ABOUT WHEN THE -- THE GEORGE FLOYD PROTEST
24 BEGAN AROUND THE COUNTRY, THE CITY HAD A NUMBER OF DAYS
25 BEFORE MAY 30TH, TO THINK ABOUT WHAT MIGHT BE HAPPENING

1 IN AUSTIN AND PLAN A -- PLAN A RESPONSE?

2 A. CORRECT.

3 Q. OKAY. NOW, I JUST LEARNED OF THIS, SO I'M NOT
4 GOING TO BE VERY WELL VERSED ON IT. BUT I BELIEVE
5 THERE'S A TEAM OR A GROUP CALLED ARIC, A-R-I-C, THAT
6 HELPS THE CITY STAY ABREAST OF POTENTIAL HAPPENINGS?

7 A. CORRECT. YEAH, AUSTIN REGION INTELLIGENCE
8 CENTER, IS WHAT THAT ACRONYM STANDS FOR.

9 Q. OKAY. WHEN DID -- OR DO YOU CALL IT ARIC OR
10 A-R-I-C, HOW DO YOU REFER TO IT?

11 A. ARIC.

12 Q. ARIC, OKAY. WHEN DID ARIC FIRST NOTE THAT THERE
13 MAYBE SOME PROTEST EVENTS COMING TO AUSTIN RELATED TO
14 GEORGE FLOYD AND MIKE RAMOS, EXCUSE ME RAMOS?

15 A. YEAH, I DON'T HAVE THE EXACT DATE, BUT I CAN TELL
16 YOU THEY'RE OPERATING PROCEDURES ARE, THEY WOULD HAVE
17 KNOWN PRETTY QUICK. LIKE, AS SOON AS THE INFORMATION
18 STARTED -- PRESENTED ITSELF IN THE NEWS AND SOCIAL
19 MEDIA, THEY WOULD HAVE BEEN KNOWLEDGEABLE OF THAT, AND
20 FUNNEL THAT TO THE REST OF THE DEPARTMENT.

21 Q. OKAY. AND HOW DO THEY DISSEMINATE INFORMATION TO
22 APD GENERALLY?

23 A. SO, IT'S EITHER DONE JUST VIA REGULAR E-MAIL, OR
24 THEY MIGHT DISTRIBUTE WHAT'S -- WHAT'S CALLED AN
25 INTELLIGENCE BULLETIN, WHERE THEY SEND IT OUT TO THE

1 DEPARTMENT, OR IF IT IMPACTS REGIONALLY, THEY MIGHT SEND
2 IT OUT REGIONALLY.

3 Q. OKAY. DO YOU KNOW, WERE THERE ANY INTELLIGENCE
4 BULLETINS THAT CAME OUT PRIOR TO MAY 30TH, 2020, ABOUT
5 THE POTENTIAL PROTEST EVENTS?

6 A. I DON'T HAVE THEM, BUT I WOULD ASSUME THAT THERE
7 WAS. THEY USUALLY ARE ON TOP OF THAT SORT OF THING.
8 AND WHETHER IT WAS DONE IN AN INTELLIGENCE BULLETIN OR
9 JUST AN E-MAIL, I WOULD THINK THAT THEY WERE ON TOP OF
10 THAT.

11 Q. OKAY. BUT YOU WOULDN'T BE ABLE TO TALK TO ME
12 TODAY ABOUT THE CONTENT OF WHAT -- WHAT MIGHT HAVE BEEN
13 IN THERE?

14 A. NO, MA'AM.

15 Q. OKAY. I UNDERSTAND FROM AN AFTER ACTION REPORT
16 THAT I REVIEWED THAT I THINK THE CITY WANTED TO INCREASE
17 STAFFING OF THE ARIC UNIT AFTER THESE PROTESTS. DO YOU
18 KNOW HOW -- HOW MANY STAFF THE ARIC UNIT HAD AS OF
19 MAY 30TH, 2020?

20 A. SO, THEY HAVE -- I KNOW, THEY HAVE ONE
21 LIEUTENANT, WHO IS CONSIDERED THE DIRECTOR THERE. THEY
22 -- THEY'RE OVERSEEN BY A COMMANDER WHO HAS OTHER DUTIES,
23 BUT THE LIEUTENANT THAT'S SPECIFIC TO ARIC. AND THEY
24 HAVE ONE SERGEANT. THEY USED TO HAVE EIGHT OFFICERS,
25 BUT THEY CIVILIANIZED FOUR OF THOSE POSITIONS. SO, THEY

1 DATE --

2 Q. OKAY.

3 A. -- A DATE OF ISSUE, I WOULD ASSUME.

4 Q. OKAY. AND IS THAT SOMEONE FROM THE LEARNED
5 SKILLS DEPARTMENT OR IS THERE SOMEONE WHO SUPERVISES THE
6 ARMORY? WHOSE THE PERSON I SHOULD BE ASKING ABOUT HOW
7 EXACTLY THE AMMUNITIONS ARE STORED?

8 A. ANYBODY IN THAT CHAIN OF COMMAND. THERE'S A
9 COMMANDER OVER TRAINING, A LIEUTENANT AND SERGEANT OVER
10 THE LEARNED SKILLS UNIT THAT WOULD BE ABLE TO GIVE YOU
11 SOME OF THE MORE SPECIFIC DETAILS AS TO HOW THAT WORKS.

12 Q. DO YOU KNOW THEIR NAMES?

13 A. CURRENTLY I DON'T -- I DON'T REMEMBER WHO IT WAS
14 IN 2020 -- WELL, I MIGHT KNOW SOME OF THEM. SO RIGHT
15 NOW THE COMMANDER IN TRAINING IS WADE LYONS AND THERE'S
16 A DECLARATION BY HIM THAT WAS GIVEN TO YOU GUYS, I
17 THINK. IN --

18 Q. UH-HUH.

19 A. -- 2020, I THINK THE COMMANDER IN TRAINING WAS
20 MARK SPANGLER. I DON'T KNOW WHO THE LIEUTENANT OR
21 SERGEANT WAS AT THE TIME. BUT NOW THE SERGEANT -- I
22 BELIEVE THE SERGEANT OR LIEUTENANT, I CAN'T REMEMBER HIS
23 RANK, BUT I THINK JASON FERRERA IS THE INDIVIDUAL THAT'S
24 OUT THERE NOW. THEY'VE HAD -- WE'VE HAD A LOT OF
25 TURNOVER AND PEOPLE MOVE AROUND A LOT, SO I APOLOGIZE

1 FOR THAT. I CAN GET YOU THAT NAME. BUT --

2 Q. OKAY.

3 A. -- WADE LYONS WILL BE THE BEST PERSON TO START

4 WITH.

5 Q. OKAY. HE'S THE CURRENT COMMANDER?

6 A. THAT'S CORRECT.

7 Q. OKAY. I DON'T KNOW THAT YOU'RE GOING TO KNOW
8 THIS, BUT I NEED TO ASK YOU. DO YOU KNOW WHAT PROCESS
9 THEY GO THROUGH OUT THERE TO CONFIRM THAT THE
10 AMMUNITIONS THEY'RE STORING ARE WITHIN THEIR EXPIRATION
11 DATE?

12 A. I KNOW THAT THEY ISSUE THEM OUT, YOU KNOW, BEFORE
13 THEY'RE EXPIRED. I THINK THE PROBLEM IS THAT ONCE
14 THEY'RE ISSUED OUT, THERE'S NO WAY TO TRACK THEM AFTER
15 THAT, AND THEY COULD POTENTIALLY BE CHECKED-IN
16 CHECKED-OUT OVER AND OVER FOR MONTHS, OR YEARS. THAT'S
17 WHERE IT GETS LOST.

18 Q. OKAY. DO YOU KNOW IF THEY KEEP ANY SORT OF
19 WRITTEN OR ELECTRONIC RECORD OF THE ISSUED DATE OR
20 EXPIRATION DATE OF THE VARIOUS TYPES OF AMMUNITIONS THAT
21 THEY STORE?

22 A. NO.

23 Q. OKAY. BUT COMMANDER LYONS WOULD KNOW?

24 A. HE WILL -- HE WOULD BE ABLE TO SPEAK TO THAT.

25 Q. OKAY. SO HERE'S WHAT I'M GATHERING, BECAUSE ITS

1 SITUATION.

2 Q. OKAY. HAVING REVIEWED THE VIDEO -- VARIOUS
3 VIDEOS OF THE PROTEST EVENT ON MAY 30TH, 2020, IT'S
4 OBVIOUS THAT THERE WERE DEAF PEOPLE PRESENT; ISN'T IT?

5 MR. BARTON: OBJECT TO THE FORM.

6 A. MY UNDERSTANDING IS THERE WERE SOME PEOPLE IN THE
7 FRONT, THAT WERE USING SIGN LANGUAGE. SO, I DON'T ARGUE
8 WITH WHAT YOU'RE SAYING, BUT I NEVER SAW THAT ON VIDEO
9 MYSELF, SO I JUST WANT TO DISTINGUISH THAT PART FROM THE
10 FRONT PART OF MY ANSWER.

11 Q. (BY MS. JOSEPH) UNDERSTOOD. IF AUSTIN HAS A
12 LARGE DEAF POPULATION --

13 A. YES, MA'AM.

14 Q. -- AN ATTENDANCE BY DEAF INDIVIDUALS AT A PROTEST
15 EVENT IN AUSTIN IS SOMETHING THAT SHOULD BE EXPECTED?

16 A. CORRECT.

17 Q. ON MAY 30TH, 2020, APD DID NOT HAVE ANY WAY OF
18 EFFECTIVELY COMMUNICATING WITH THE DEAF INDIVIDUALS WHO
19 WERE PRESENT AT THE PROTEST?

20 A. NOT OFFICIALLY. WE HAVE A HANDFUL OF PEOPLE AT
21 APD WHO ARE SIGN LANGUAGE INTERPRETERS, I DON'T KNOW IF
22 THEY WERE PRESENT OR NOT.

23 Q. OKAY. HERE'S YOUR DICTIONARY TEST, DEFINE
24 EMERGENCY?

25 MR. BARTON: OBJECT TO THE FORM.

1 CHANCELLOR'S NAME IN PREPARATION FOR TODAY. AND I -- I
2 REMEMBER HIM BEING A PART OF THAT. AND WE COULD START
3 THERE, AND I'M SURE THAT'S A -- I'M SURE THAT'S A LIST
4 THAT WE CAN RECREATE.

5 Q. DO YOU KNOW WHAT QUALIFICATIONS WERE LOOKED AT TO
6 DETERMINE WHETHER TO INCLUDE SOMEBODY ON THE R2R TASK
7 FORCE.

8 A. I BELIEVE, THEY WERE ALL SERGEANTS AND ABOVE. I
9 DON'T -- I'M NOT 100 PERCENT SURE ABOUT THAT. BUT I
10 KNOW THERE WERE AT LEAST DETECTIVES OR ABOVE. AND
11 GENERALLY SPEAKING WE LOOK AT PEOPLE THAT DON'T HAVE ANY
12 SORT OF DISCIPLINE IN THEIR OWN HISTORY, THAT ARE --
13 WHAT'S THE WAY I CAN EXPLAIN THIS THE BEST. NOT JUST
14 CAPABLE BUT THE MORE AMBITIOUS PEOPLE, THE MORE CAPABLE
15 WHO ARE MORE CAPABLE OF DOING IT THE MORE THOROUGH
16 INVESTIGATION.

17 Q. OKAY. SO THIS GROUP DIDN'T NECESSARILY HAVE
18 ANYBODY IN LINE, WHO WAS LIKE, TRAINED IN MEASURING
19 POINT TO POINT ON A VIDEO OR, YOU KNOW, THAT SORT OF
20 TECHNICAL KNOWLEDGE THAT WOULD HAVE JUST BEEN LUCKY, IF
21 SOMEBODY HAD THAT KIND OF KNOWLEDGE?

22 A. YEAH -- I DON'T KNOW IF THAT WAS INCLUDED OR NOT.

23 Q. AND AS FAR AS WHAT EXACTLY THE R2R TASK FORCE
24 DID, LIKE, DID THEY ATTEMPT TO DETERMINE WHEN EACH
25 OFFICER SHOT IN RELATION TO WHEN MR. TALLEY THREW THE

1 THAT FROM, YOU KNOW, DAY ONE AT THE POLICE DEPARTMENT.
2 AND THE POLICE ACADEMY THAT, THAT'S SOMETHING THAT
3 HAPPENS. AND SO IN -- IN OUR WORLD WE UNDERSTAND THAT.
4 SO WE DON'T PUT IN OUR SHAREPOINT REVIEWS NECESSARILY
5 THE WHOLE EXPLANATION OF WHY IT MIGHT TAKE LONGER TO
6 STOP, BECAUSE THIS IS THEIR INTERNAL REVIEW TO ALERT
7 PEOPLE AT THE POLICE DEPARTMENT AS TO WHAT HAPPENED, AND
8 WHETHER OR NOT WE FEEL LIKE IT'S OBJECTIVELY REASONABLE.
9 IF THERE WAS AN INSTANCE WERE THEY WAITED TO LEAVE, THEN
10 THEY WOULD HAVE DOCUMENTED, "HEY, THIS IS JUST AN
11 UNREASONABLE AMOUNT OF TIME." BUT TO JUSTIFY, SO TO
12 SPEAK, OR ARTICULATE WHY IT WAS OKAY, IT'S JUST NOT
13 NEEDED IN THIS --

14 Q. ARE YOU AWARE OF ANY OTHER INVESTIGATIONS INTO
15 THE TALLEY OR RODRIGUEZ INCIDENT, OTHER THAN WHAT MIGHT
16 HAVE BEEN DONE BY MY LAW FIRM -- YOU KNOW THE
17 PLAINTIFF'S ATTORNEYS, OR APD IN THE CITY?

18 A. JUST LIKE THE INDEPENDENT EXPERT, CHIEF MILLER --
19 MILLER, IS THAT HIS NAME? THAT'S -- THAT'S THE ONLY
20 THING I'M AWARE OF. APD'S INTERNAL AFFAIRS, THE R2R USE
21 OF FORCE TEAM, TASK FORCE, AND THEN THE INDEPENDENT
22 EXPERT.

23 Q. OKAY. AND MILLER WAS RETAINED BY THE CITY, IN
24 THIS CASE -- HE WAS -- HE WAS PAID BY THE CITY FOR THE
25 WORK HE DID IN THIS CASE, RIGHT?

1 I FURTHER CERTIFY THAT PURSUANT TO FRCP RULE
2 30(F)(1) THAT THE SIGNATURE OF THE DEPONENT:

3 X WAS REQUESTED BY THE DEPONENT OR A PARTY BEFORE
4 THE COMPLETION OF THE DEPOSITION AND THAT SIGNATURE IS
5 TO BE BEFORE ANY NOTARY PUBLIC AND RETURNED WITHIN 30
6 DAYS FROM DATE OF RECEIPT OF THE TRANSCRIPT. IF
7 RETURNED, THE ATTACHED CHANGES AND SIGNATURE PAGE
8 CONTAINS ANY CHANGES AND THE REASONS THEREFOR;

9 WAS NOT REQUESTED BY THE DEPONENT OR A
10 PARTY BEFORE THE COMPLETION OF THE DEPOSITION.

11 I FURTHER CERTIFY THAT I AM NEITHER COUNSEL FOR,
12 RELATED TO, NOR EMPLOYED BY ANY OF THE PARTIES OR
13 ATTORNEYS IN THE ACTION IN WHICH THIS PROCEEDING WAS
14 TAKEN, AND FURTHER THAT I AM NOT FINANCIALLY OR
15 OTHERWISE INTERESTED IN THE OUTCOME OF THE ACTION.

16 CERTIFIED TO BY ME THIS 22TH DAY OF AUGUST, 2023.

CIVIL ACTION NO. 1:21-cv-00249-RP

**DEFENDANT CITY OF AUSTIN’S ANSWER AND
AFFIRMATIVE DEFENSES TO PLAINTIFF’S FIRST AMENDED COMPLAINT**

TO THE HONORABLE JUDGE OF SAID COURT:

Defendant City of Austin files this Answer and Affirmative Defenses to Plaintiffs’ First Amended Complaint [Doc. No. 77]. Pursuant to Rules 8 and 12 of the Federal Rules of Civil Procedure, Defendant respectfully shows the Court the following:

ANSWER

Pursuant to Federal Rule of Civil Procedure 8(b), Defendant responds to each of the specific averments in Plaintiffs’ First Amended Complaint as set forth below. To the extent that Defendant does not address a specific averment made by Plaintiff, Defendant expressly denies that averment.¹

INTRODUCTION

Defendant denies the allegations contained in the Plaintiff’s “Table of Contents” and “I. Introduction” sections (including all parts identified with numbers or letters and all unnumbered parts and paragraphs) of Plaintiff’s First Amended Complaint.

II. Parties

¹ Paragraph numbers in Defendant’s Answer correspond to the paragraphs in Plaintiffs’ First Amended Complaint.

1. Defendant admits upon information and belief that Tyree Talley is a resident of Austin, Texas.
2. Defendant admits the allegations contained in Paragraph 2.
3. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.
4. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.
5. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.
6. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.
7. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.
8. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.
9. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations and therefore denies same.

III. Jurisdiction

10. Admitted.
11. Defendant admits the allegations contained in Paragraph 11.
12. This paragraph calls for a legal conclusion which does not require a response. Defendant denies any allegations which may be construed to allege fault or liability against any defendants.

IV. Venue

13. Defendant admits the allegations contained in Paragraph 13.

V. Facts

A. Defendant denies the allegations contained in Subpart A subheading.

14. Defendant denies the allegations of the subheading V. Facts, and denies the allegations of the subpart A. and denies the allegations of Paragraph 14.

15. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 15 of the First Amended Complaint and therefore denies same.

16. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 16 of the First Amended Complaint and therefore denies same.

17. Upon information and belief, Defendant admits that Tyree Talley threw an object attempting to assault police officers. The remaining allegations are denied.

18. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 18 of the First Amended Complaint and therefore denies same.

19. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 19 of the First Amended Complaint and therefore denies same.

20. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 20 of the First Amended Complaint and therefore denies same.

21. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 21 of the First Amended Complaint and therefore denies same.
22. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 22 of the First Amended Complaint and therefore denies same.
23. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 23 of the First Amended Complaint and therefore denies same.
24. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 24 of the First Amended Complaint and therefore denies same.
25. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 25 of the First Amended Complaint and therefore denies same.
26. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 26 of the First Amended Complaint and therefore denies same.
27. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 27 of the First Amended Complaint and therefore denies same.

28. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 28 of the First Amended Complaint and therefore denies same.

29. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 29 of the First Amended Complaint and therefore denies same.

30. Defendant denies the allegations contained in Paragraph 30.

31. Defendant denies the allegations contained in Paragraph 31.

32. Defendant denies the allegations contained in Paragraph 32.

33. Defendant denies the allegations contained in Paragraph 33.

34. Defendant is without sufficient knowledge to form a belief as to the truth of the allegations contained in Paragraph 34 of the First Amended Complaint and therefore denies same.

35. Defendant admits the allegations contained in Paragraph 35.

B. Defendant denies the allegations contained in Subpart B subheading.

36. Upon information and belief, Defendant admits that Paragraph 36 contains an accurate partial quote from the Journal op-ed. Defendant is without sufficient knowledge to form a belief as to the truth of the remaining allegations contained in Paragraph 36 of the First Amended Complaint and therefore denies same.

VI. Claims - Defendant denies the allegations contained in Section VI. and Subpart A subheading.

37. Defendant adopts and incorporates its responses to the preceding paragraphs of the First Amended Complaint.

38. Defendant admits the allegations contained in Paragraph 38.

39. Defendant denies the allegations contained in Paragraph 39.

40. Defendant denies the allegations contained in Paragraph 40.

41. Defendant denies the allegations contained in Paragraph 41.

B. Defendant denies the allegations contained in Subpart B subheading.

42. Defendant adopts and incorporates its responses to the preceding paragraphs of the First Amended Complaint.

43. Defendant admits the allegations contained in Paragraph 43.

44. Defendant denies the allegations contained in Paragraph 44.

45. Defendant denies the allegations contained in Paragraph 45.

46. Defendant denies the allegations contained in Paragraph 46.

47. Defendant denies the allegations contained in Paragraph 47.

48. Defendant denies the allegations contained in Paragraph 48.

C. Defendant denies the allegations contained in Subpart C subheading.

49. Defendant adopts and incorporates its responses to the preceding paragraphs of the First Amended Complaint.

50. Defendant denies the allegations contained in Paragraph 50.

D. Defendant denies the allegations contained in Subpart D subheading.

51. Defendant adopts and incorporates its responses to the preceding paragraphs of the First Amended Complaint.

52. Defendant admits the allegations contained in Paragraph 52.

53. Defendant admits the allegations contained in Paragraph 53.

54-58. Defendant denies the allegations contained in Paragraphs 54-58.

E. Defendant denies the allegations contained in Subpart E subheading.

59. Defendant adopts and incorporates its responses to the previous paragraphs of the First Amended Complaint.

60-62. Defendant denies the allegations contained in Paragraphs 60-62.

F. Defendant denies the allegations contained in Subpart F subheading.

63. Upon information and belief, Defendant admits the allegations contained in Paragraph 63.

64. Upon information and belief, Defendant admits the allegations contained in Paragraph 64.

65. Defendant denies the allegations contained in Paragraph 65.

66. Defendant denies the allegations contained in Paragraph 66.

VII. Damages -- Defendant denies the allegations contained in Subpart VII.

67. Defendant adopts and incorporates its responses to the previous paragraphs of the First Amended Complaint.

68. Defendant denies the allegations contained in Paragraph 49.

VIII. Request for jury trial

69. Paragraph 69 of Subpart VIII merely contains Plaintiff's request for a jury trial and thus no response is required of the Defendant.

IX. Prayer

70. Paragraph 70 of Subpart IX -- Defendant denies these allegations and specifically denies that the Plaintiff is entitled to any relief whatsoever of and from the Defendant.

AFFIRMATIVE DEFENSES

1. Defendant City of Austin asserts the affirmative defense of governmental immunity as a municipal corporation entitled to immunity while acting in the performance of its governmental functions, absent express waiver.
2. Defendant City of Austin asserts the affirmative defense of governmental immunity since its employees are entitled to qualified/official immunity for actions taken in the course and scope of their employment, absent express waiver.
3. As a political subdivision, Defendant City of Austin denies that it can be liable for exemplary/punitive damages under 42 U.S.C. § 1983.
4. Defendant reserves the right to assert additional affirmative defenses throughout the development of the case.

DEFENDANT'S PRAYER

Defendant City of Austin prays that all relief requested by Plaintiff be denied, that the Court dismiss this case with prejudice, and that the Court award Defendant costs and attorney's fees, and any additional relief to which it is entitled under law or equity.

RESPECTFULLY SUBMITTED,

ANNE L. MORGAN, City Attorney
MEGHAN L. RILEY, Chief, Litigation

ATTORNEYS FOR PLAINTIFF

/s/ Monte L. Barton Jr.
MONTE L. BARTON JR.

I. FACTUAL AND PROCEDURAL INTRODUCTION

A. **APD officers impacted Plaintiff in response to him throwing a projectile toward other officers on May 30, 2020.**

1. On May 30, 2020, a riot¹ occurred in the City of Austin that began as a protest against the excessive force used against George Floyd by a Minnesota police officer.² Plaintiff committed the criminal offense of participating in a riot³ by throwing a projectile at or near APD officers—one of hundreds thrown during the riots.⁴ Certain APD Officers independently reacted simultaneously by impacting Plaintiff Talley with their less lethal bean bag shotguns.⁵

B. **Plaintiff filed his lawsuit against the City in March of 2021 but waited to join the officer defendants until over three years after the subject incident.**

2. Plaintiff filed his original lawsuit against the City of Austin and John Doe defendants on March 15, 2021—nine months and fifteen days after the subject incident.⁶ The claims against the

¹ See TEX. PEN. CODE § 42.02 (codifying the legal definition of a riot in Texas, namely that “‘riot’ means the assemblage of seven or more persons resulting in conduct which: (1) creates an immediate danger of damage to property or injury to persons; (2) substantially obstructs law enforcement or other governmental functions or services; *or* (3) by force, threat of force, or physical action deprives any person of a legal right or disturbs any person in the enjoyment of a legal right.”).

² See e.g., Harley Tamplin, *Some businesses looted, fires set as downtown Austin protests continue into the night*, KXAN (June 1, 2020), <https://www.kxan.com/news/local/austin/some-businesses-looted-fires-set-as-downtown-austin-protests-continue-into-the-night/>; see also e.g., Eddie Gaspar, *A weekend of protest and mourning: George Floyd’s death spurs demonstrations in Texas cities*, THE TEXAS TRIBUNE (May 31, 2020), <https://www.texastribune.org/2020/05/29/george-floyd-texas-protest-photos-houston-dallas-austin/>.

³ See TEX. PEN. CODE § 42.02(b) (“A person commits an offense if he knowingly participates in a riot.”).

⁴ See Pl.’s First Amd. Compl., Dkt. 77, pg. 5 (admitting that “[Plaintiff Talley] tossed...[a] water bottle in the general direction of officers.”); see also Defs’ Combined Mot. to Dismiss and Mot. Summ. J., Dkt. 44-7, Ex. 7, *Video from APD Headquarters* (COA 37537), 21:16:20 – 21:16:34, filed on 7/31/23.

⁵ See *id.* at pgs. 5-6.

⁶ See Pl.’s Orig. Compl., Dkt. 1, filed on 3/15/21.

John Doe officers consisted of § 1983 Excessive Force and First Amendment Retaliation.⁷ Plaintiff failed to exercise the required due diligence to learn the identities of the John Doe Defendants within the two-year statute of limitations discussed *infra*. Long after the limitations period had expired, Plaintiff finally filed a motion for leave to amend the petition to formally sue the officer movants on August 22, 2023—almost three years and three months after the subject incident.⁸ The Officer Defendants move herein for the Court to dismiss all claims against them as being time barred by the applicable statutes of limitation.

II. ARGUMENT AND AUTHORITIES

3. “A motion made pursuant to Rule 12(c) of the Federal Rules of Civil Procedure for a judgment on the pleadings is governed by the same standards as a motion under Rule 12(b)(6) of the Federal Rules of Civil Procedure for failure to state a claim.”⁹ “Therefore, a Court must address whether the complaint states a claim for which relief may be granted.”¹⁰ “[T]he inquiry focuses on the allegations in the pleadings’ and not on whether the ‘plaintiff actually has sufficient evidence to succeed on the merits.’”¹¹ A plaintiff’s lawsuit will not survive a motion to dismiss if the facts pleaded do not raise the right to relief “above the speculative level,” even if the facts are viewed in the light most favorable to the plaintiff.¹²

A. Plaintiff’s claims are governed by a two-year statute of limitations.

4. “The statute of limitations for a suit brought under § 1983 is determined by the general

⁷ *Id.* at pgs. 12-13.

⁸ See Pl.’s Mot. for Leave to File First Amd. Compl., Dkt. 53, filed on 8/22/23.

statute of limitations governing personal injuries in the forum state.”¹³ Texas has a two-year statute of limitations for personal injury claims.¹⁴ “Therefore, because the incident of which Plaintiff complains occurred on [May 30, 2020], any claim brought after [May 30, 2022] is barred by the statute of limitations.”¹⁵ Any “amendment [to substitute in named defendants for John Does], however, either *must be made within the applicable limitations period or must relate back to the date of the original complaint; otherwise, it will be time-barred.*”¹⁶

B. Plaintiff’s claims against the Officer Defendants are time-barred as a matter of law and cannot related back to the filing of the original complaint.

5. Plaintiff’s claims against the Officer Defendants are time-barred as a matter of law and must be dismissed. Plaintiff’s act of filing suit against John Doe Defendants before the expiration of limitations does not save his claims asserted against the Officer Defendants in his amended Complaint. The Fifth Circuit has explained that the naming of a John Doe defendant does not toll the statutes of limitation for defendants who are later identified and joined to the suit:

The claims against the named defendants are thus time-barred unless they “relate back” to the original filing of the complaint per Federal Rule of Civil Procedure 15(c). We have held, however, that *an amendment to substitute a named party for a John Doe does not relate back under rule 15(c)*. [*Jacobsen v. Osborne*, 133 F.3d 315, 320-22 (5th Cir. 1998)] (reasoning that rule 15(c) requires a “mistake concerning the identity of the proper party” and that use of a John Doe moniker does not constitute a “mistake”). Accordingly, because Whitt’s claims against the named defendants are time-barred, it would have been futile for Whitt to amend, so the district court appropriately denied the motion to amend. Furthermore, and relatedly, *the court properly granted summary judgment to the John Does, because any claims against parties named in their place would be barred by limitations.*¹⁷

¹³ *Piotrowski v. City of Houston*, 237 F.3d 567, 576 (5th Cir. 2001) (citation omitted).

¹⁴ See TEX. CIV. PRAC. & REM. CODE § 16.003(a).

¹⁵ See *Amin-Akbari*, 52 F. Supp. 3d at 839.

¹⁶ *Taylor v. City of Winnfield*, 191 F.R.D. 511, 513 (W.D. La. 2000) (emphasis added) (citing *Pullman Co. v. Jenkins*, 305 U.S. 534, 536-37, 59 S.Ct. 347, 348-49 (1939)).

¹⁷ *Whitt v. Stephens Cnty.*, 529 F.3d 278, 282-83 (5th Cir. 2008) (emphasis added).

6. Rule 15(c) is meant to allow an amendment changing the name of a party to relate back to the original complaint *only* if the change is the result of error, such as misnomer or misidentification.¹⁸ Plaintiff's untimely joinder of these Officer Defendants thus cannot—and does not—legally relate back because the failure to add them was *not* the result of a misnomer or misidentification. Rule 15(c) of the Federal Rules of Civil Procedure provides in relevant part:

An amendment of a pleading relates back to the date of the original pleading when ... within the period provided by Rule 4(m) for service of the summons and complaint, the party to be brought in by amendment (A) has received such notice of the institution of the action that the party will not be prejudiced in maintaining a defense on the merits, *and* (B) knew or should have known that, ***but for a mistake concerning the identity of the proper party***, the action would have been brought against the party.”¹⁹

When a plaintiff subsequently names “a ‘John Doe’ defendant, ***there [is] no ‘mistake’ in identifying the correct defendant; rather, the problem [is] not being able to identify that defendant.***”²⁰ Plaintiff herein simply failed—or neglected to even make any attempts—to identify the Officer Defendants before the statute of limitation ran. Such failure does not have any legal remedy—whether via Rule 15(c) or otherwise—and must result in the dismissal of claims against the Officer Defendants.

7. This Court has dealt with similar scenarios in past § 1983 lawsuits.²¹ In *Amin-Akbari*, for example, the plaintiff had been involved in an incident that occurred on June 10, 2011 that resulted in him filing a § 1983 lawsuit against the City of Austin and John Doe defendant police officers on June 7, 2013—three days before the statute of limitations was set to run out.²² The plaintiff then

¹⁹ FED. R. CIV. P. 15(c) (emphasis added).

²⁰ *Jacobsen v. Osborne*, 133 F.3d 315, 321 (5th Cir. 1998) (emphasis added).

²¹ See e.g., *Henry v. City of Taylor*, 2008 WL 2557489, at *3 (W.D. Tex. Jun. 19, 2008), *aff'd*, 336 Fed. Appx. 410 (5th Cir. 2009); *Robinson v. Hamilton*, 2010 WL 456942 (W.D. Tex. Feb. 03, 2010) (report and recommendation).

²² *Amin-Akbari*, 52 F. Supp. 3d at 834.

filed an Amended Complaint on April 21, 2014. This Court granted leave to amend, the City of Austin filed a motion for judgment on the pleadings, and this Court determined that the issue before it was thus simply “whether the claims against these now-named officers...relate back to the date of the original complaint.”²³ This Court noted that it was the plaintiff’s own actions—namely waiting until right before the limitations had run—that “precluded his ability to identify the proper names of the John Doe defendants by not allowing himself time to conduct discovery.”²⁴ This Court determined that dismissal based on limitations was the necessary result.

8. Plaintiff’s own actions herein likewise “precluded his ability to identify the proper names of the John Does Defendants by ***[outright failing to] conduct [any] discovery***” whatsoever before the limitations period had lapsed.²⁵ Plaintiff could have filed the lawsuit sooner—a temporal fact which was found to be dispositive in *Amin-Akbari*—but chose not to. Plaintiff could have pressured or formally compelled the City of Austin to tender its Initial Disclosures in the roughly one year and three months between the filing of his lawsuit and the limitations deadlines, but he chose not to. Plaintiff could have sent other written discovery requests or conducted depositions but ostensibly ***chose not to propound any discovery requests*** whatsoever to learn the identities of the officers before the statute of limitations expired. For the purpose of Rule 15(c), there was no mistake that caused these Officer Defendants to be *misidentified*—Plaintiff simply ***failed to make any attempt whatsoever*** to identify them in the fifteen months between the suit being filed and the limitations period expiring. Nothing about Plaintiff’s extraordinarily late joinder of the Officer Defendants meets the requirements of Rule 15(c) to relate back as a matter of law, and Plaintiff’s complete failure of diligence should not be rewarded by allowing him to sue parties long after the

²³ *Id.* at 839.

²⁴ *Id.* at 842.

²⁵ *See id.* (emphasis added).

applicable statutes of limitations have expired—especially given the timing and nature of the discovery that has taken place since then as discussed *infra*.

C. Plaintiff deposed the Officer Defendants after the limitations had run, creating an expectation that they were testifying as witnesses rather than as parties facing liability exposure.

9. Most of the Officer Defendants herein testified in depositions in the summer of 2023—long after the applicable statutes of limitation had expired. Any deponent in that situation would believe he could testify without any fear of personal liability exposure. Moreover, any such deponent would have no reason to demand independent legal counsel to protect his own interests, nor put in the same amount of deposition preparation inherently commensurate with being a defendant party rather than a fact witness. Plaintiff’s attempt at an *extraordinarily* legally-untimely joinder creates a stark prejudice against—and disadvantage for—the Officer Defendants as a result of them being hoodwinked into testifying as witnesses-now-turned-parties retroactively over a year after the limitations period had expired. The deposition testimony is now locked in. Equity demands that Plaintiff not be rewarded for his total failure of diligence by allowing him to move forward with a lawsuit against deponents who had no reason to believe their testimony could expose them to potentially ruinous legal liability when they testified under oath as part of this lawsuit.

10. Plaintiff has accordingly failed to state a claim against these Officer Defendants for which relief can be granted because it was filed against them *long* after the statutes of limitation had expired. Legal precedents from this Court, the Fifth Circuit, and elsewhere demonstrate quite clearly that Plaintiff’s claims cannot be held to relate back to the original filing date pursuant to Rule 15(c) or otherwise. There are likewise no legal grounds that could permissibly toll the limitations period—*especially* not for more than a years’ time. Plaintiff demonstrated a complete

CERTIFICATE OF SERVICE

I hereby certify that on the 5th day of December, 2023, a true and correct copy of the foregoing document was caused to be served upon all counsel of record via E-File/E-Service/E-Mail and/or U.S. First Class Mail, in accordance with the Federal Rules of Civil Procedure, as follows:

Federal Rule of Civil Procedure 37.¹ As outlined below, Plaintiffs made numerous attempts to resolve the issues addressed herein between the parties but have been unable to do so. Plaintiffs therefore request the Court's assistance in resolving the issues so that fair and proportionate discovery may be obtained as contemplated by the Rules. Plaintiffs respectfully request an oral hearing to aid the Court in resolving the issues raised herein.

I. Introduction

These cases are based on Austin Police Department conduct during the protests in 2020 arising out of the murders of George Floyd, Michael Ramos, and others at the hands of the police. Austin police shot both Plaintiffs repeatedly with "bean bag rounds" fired from "less lethal" shotguns during the protests on May 30, 2020. Despite Plaintiffs' counsel's repeated attempts to confer, the City has failed to provide proportionate, discoverable information important to Plaintiffs' claims.

Plaintiff received the City's Answers to First Set of Interrogatories and Responses to Third Request for Production on July 26, 2023. **Ex. A**, Def. City of Austin's Resps. to Pltf.'s First Set of Interrogs. (Talley); **Ex. B**, Def. City of Austin's Resps. to Pltf.'s Third Rqst. for Prod. (Talley); **Ex. C**, Def. City of Austin's Resps. to Pltf.'s First Set of Interrogs. (Rodriguez); **Ex. D**, Def. City of Austin's Resps. to Pltf.'s Third Rqst. for Prod. (Rodriguez). Plaintiffs noted numerous deficiencies (one significant issue being the absence of files pertaining to the individual officers now named as defendants in this litigation) and began the meet and confer process four days later,

¹ The Court consolidated these cases for discovery purposes on March 7, 2022 (Doc. 6).

on July 30, 2023. **Ex. E**, Emails between L. Joseph and G. Laird dated July 30, 2023 to August 15, 2023. During a telephone call between counsel on August 15, 2023, counsel for the City agreed to investigate the issues raised by Plaintiffs and share findings and positions with Plaintiffs' counsel on or before August 29, 2023.

By September 19, 2023, defense counsel had not responded to the issues raised by Plaintiffs. Plaintiffs' counsel sent defense counsel a letter reiterating the August 15, 2023 conversation and requesting amended and supplemental responses by September 26, 2023. **Ex. F**, Ltr. from L. Joseph dated Sept, 19, 2023. Defense counsel's only response came on that same date, in an email proposing a joint motion for continuance and new proposed scheduling order based on the addition of officer defendants to the cases. **Ex. G**, Email from M. Barton dated Sept, 19, 2023. In that email, defense counsel stated their position that Plaintiffs' discovery issues "fit[] into this continuance thought process too." *Id.*

Alongside Plaintiffs' attempts to address the other issues with the City's discovery responses, Plaintiffs patiently awaited the City's production of emails that it indicated were responsive to Plaintiffs' discovery requests. Over the course of two months, Plaintiffs patiently awaited the City's complete production of these emails, only to find that the City had engaged in a classic document dump, providing nearly 1TB of data for Plaintiffs to sift through, much of it nonresponsive to Plaintiffs' requests. On top of that, the City ignored Plaintiffs' instructions regarding production format and provided the emails in .pdf format without their original metadata, dramatically increasing the cost and difficulty of sorting through them.

Plaintiffs have spent months attempting to work out these issues with the City and offering solutions, but the City has taken no action to correct its inadequate discovery responses and

production. Therefore, Plaintiffs respectfully request the Court's assistance in resolving the issues. These cases are currently set for jury selection and trial to begin on February 12, 2024 (Doc. 63).

II. Legal Standard

This Court has clearly stated the legal standard for reviewing a motion to compel discovery on multiple occasions as follows:

The scope of discovery is broad. *Crosby v. La. Health Serv. and Indem. Co.*, 647 F.3d 258, 262 (5th Cir. 2011). Federal Rule of Civil Procedure 26 provides that, unless otherwise limited by court order, parties may obtain discovery regarding any nonprivileged matter that is relevant to any party's claim or defense and proportional to the needs of the case, considering the importance of the issues at stake in the action, the amount in controversy, the parties' relative access to relevant information, the parties' resources, the importance of the discovery in resolving the issues, and whether the burden or expense of the proposed discovery outweighs its likely benefit. Fed. R. Civ. P. 26(b)(1). "A discovery request is relevant when the request seeks admissible evidence or 'is reasonably calculated to lead to the discovery of admissible evidence.'" *Crosby*, 647 F.3d at 262 (quoting *Wiwa v. Royal Dutch Petrol. Co.*, 392 F.3d 812, 820 (5th Cir. 2004)).

A party seeking discovery may file a motion to compel after conferring in good faith to secure that discovery without court action. Fed. R. Civ. P. 37(a). If the motion is filed and granted, the Court must order the resisting party to pay the movant's reasonable expenses incurred in making the motion, including attorney's fees. Fed. R. Civ. P. 37(a)(5).

"Once a party moving to compel discovery establishes that the materials and information it seeks are relevant or will lead to the discovery of admissible evidence, the burden rests upon the party resisting discovery to substantiate its objections." *Hobbs v. Petroplex Pipe & Constr., Inc.*, No. MO:17-CV-00030-DC, 2018 WL 3603074, at *2 (W.D. Tex. Jan. 29, 2018); *see also McLeod, Alexander, Powel and Appfel, P.C. v. Quarles*, 894 F.2d 1482, 1485 (5th Cir. 1990). "A party objecting to discovery must state with specificity the objection and how it relates to the particular request being opposed, and not merely that it is overly broad and burdensome or oppressive or vexatious or not reasonably calculated to lead to the discovery of admissible evidence." *Id.*; *see also Carr v. State Farm Mut. Auto. Ins. Co.*, 312 F.R.D. 459, 469 (N.D. Tex. 2015) (stating that the party resisting discovery has the burden to "specifically object") (citing *McLeod*, 894 F.2d at 1485).

E.g., BidPrime, LLC v. SmartProcure, Inc., No. 1:18-CV-478-RP, 2018 WL 6588574, at *1 (W.D. Tex. Nov. 13, 2018).

III. Matters at Issue

A. Answers and Responses

Interrogatory Number 5 asks the City to identify individuals injured by Austin police officers with kinetic projectiles on May 30, 2020, along with the officers who injured the individuals and the time and location of each incident. Exs. A, C. After objecting based on relevance and claiming that the question “mischaracterizes facts and evidence,” the City provided a chart largely answering the question. However, the City omitted incident times from its answer. The relevance objection should be overruled, the “mischaracterization” objection is inappropriate, and the City should supplement its answer with timing information.

The City has repeatedly claimed throughout this lawsuit that its officers were responding to an “emergency” when they shot Plaintiffs. Whether the times of other similar incidents on May 30, 2020 are clustered together or spread throughout the day is important information for evaluating the extent of “emergency” as well as the officers’ pattern and practice of conduct over the course of the day. The information is relevant to Plaintiffs’ Fourth/Fourteenth Amendment and *Monell* claims and is proportional to the needs of the case.

Interrogatory Number 6 and **Request for Production 25** seek information as to police officers disciplined for conduct on May 30 or May 31, 2020. Exs. A-D. To Request for Production 25, the City objects—without explanation—that the request is “overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery.” The City also objects that Interrogatory 6 is overbroad and seeks information that is not relevant. It then goes on to reference ongoing criminal proceedings as preventing the disciplinary process from concluding. If an officer has yet to be disciplined because of a pending criminal proceeding against him, Plaintiffs would consider that nonresponsive to this Interrogatory. What Plaintiffs are requesting is information as to discipline

that has occurred. By requesting this information for only two discrete dates—May 30 and 31, 2020—Plaintiffs have narrowly tailored their request. Accordingly, Plaintiff requests that the Court overrule the City’s objections and require supplementation.

Interrogatory Number 17 also seeks post-incident information. This Interrogatory seeks information as to changes made to use of force policies, practices, and training at the Austin Police Department since the date of the incidents at issue. Exs. A, C. The City objects to Interrogatory 17 with a general assertion that the interrogatory “seeks information that is irrelevant to this lawsuit” and nothing more. Plaintiffs can only assume that the City is intending to lean on Federal Rule of Evidence 407 to support its argument. But that evidentiary Rule does not control the discovery stage of the litigation, particularly since Rule 407 expressly contemplates circumstances under which subsequent remedial measures are admissible. *See Ambler v. Nissen*, No. 1:20-CV-1068-LY, 2023 WL 443806, at *5 (W.D. Tex. Jan. 26, 2023) (discussing instances where events after the incident at issue can be probative and allowing such discovery).

Interrogatory Numbers 7 and 18 seek information within the City’s exclusive possession about use of expired munitions on May 30, 2020 and directly impact Plaintiffs’ negligence claims against the City. Exs. A, C. To Interrogatory 7, the City again objects on overbreadth and relevance. Again, the question is narrowly tailored and relevant. To Interrogatory 18, the City does not object, but refers only to a group of documents that do not clearly answer the question as to what ammunition was in use on the day of the incidents at issue. Accordingly, Plaintiff requests that the Court overrule the City’s objections to Interrogatory 7 and require supplementation of both answers.

Request for Production Numbers 17 and 23 seek the service record and training records for a discrete list of officers placed at the scene at the time of the incidents. Exs. B, D. The City

objects, without explanation, that the Requests are “overbroad, ambiguous, unduly burdensome, and exceed[] the scope of discovery[.]” This obfuscation of discoverable materials is consistent with the City’s past conduct. For example, in *Roque v. City of Austin*, No. 1-17-CV-00932-LY, 2018 WL 5848988 (W.D. Tex. Nov. 7, 2018) the City objected to the plaintiff’s request for the subject officer’s disciplinary, use of force, Internal Affairs, and personnel records, forcing the plaintiff to move on the issue. *Id.* at *2. However, in apparent recognition that these items are discoverable, the City supplemented its discovery to produce the requested items before the hearing on the plaintiff’s motion to compel. *Id.*

In the present case, Plaintiffs offered to narrow the breadth of the Request and reduce the burden on the City by limiting the list of officers to only those alleged to have shot Plaintiffs, but the City has not even produced those files. Plaintiffs therefore request that the Court overrule the objections and order supplementation for all the requested officers. *See Carnaby v. City of Houston*, No. CIV.A.4:08-CV-1366, 2008 WL 4546606, at *3 (S.D. Tex. Oct. 10, 2008) (noting, in a police officer shooting case, that internal affairs division investigative files and personnel files of subject officers are discoverable subject to redaction of confidential personal information); *Rynearson v. Richter*, No. SA-11-CA-705-XR, 2012 WL 12864335, at *3 (W.D. Tex. Aug. 29, 2012) (granting motion to compel and ordering production of information from officer’s personnel file that reflects copies of charges, complaints, grievances, and disciplinary proceedings against him).

Request for Production Number 24 seeks factual information obtained in the investigation of the incidents, specifically involving a discrete list of Austin police officers. Exs. B, D. The City refers Plaintiffs to a number of documents produced but only after objecting that

the Request is “overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery[.]” Plaintiffs request that the Court overrule the City’s objections, and require supplementation, if any.

Request for Production Number 36 seeks reports reflecting the number of people injured by Austin police use of kinetic projectiles for a narrowly tailored period including the date of the incidents, the following day, and the three and a half years since. Exs. B, D. Again, the City refers Plaintiffs to documents, but only after lodging its standard and insufficient boilerplate objection that the Request is “overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery[.]” Plaintiffs request that the Court overrule the City’s objections, and require supplementation, if any.

Request for Production Number 18 seeks documents concerning complaints about Austin police interactions with deaf individuals for a narrowly tailored two-year period. Exs. B, D. This Request directly impacts Plaintiffs’ claims under the Americans with Disabilities Act and the Rehabilitation Act. The City lodges the same boilerplate objection without explanation, and this time does not refer Plaintiffs to any responsive documents. Plaintiffs request that the Court overrule the City’s objections, and require supplementation, if any.

B. Email Production

Plaintiffs Third Request for Production to Defendant City of Austin included narrowly tailored requests for email messages. The requests specified the time frame of the emails requested, the subject matter, and the senders/recipients. Ex. H, Pltf.’s Third Rqst. for Prod. to Def. City of Austin, Nos. 21, 22, and 41 (emails are potentially responsive to other requests in the third set as well). Federal Rule of Civil Procedure 34(b)(1)(C) permits the requesting party to specify the form in which electronically stored information is to be produced, and Plaintiffs spent nearly a page and half of instructions clarifying their expectations and requirements with respect to electronically

stored information in the event the City opted not to produce the emails in the format they are used in the ordinary course of business, i.e., native format. These instructions set forth the metadata

Plaintiffs requested for emails as follows:

- Email Author
- Email Recipient
- Email CC
- Email BCC
- Email Received Date
- Email Sent Date
- Email Received Time
- Email Sent Time
- Email Received Date and Time
- Email Sent Date and Time
- Email Importance.

Ex. H, p.5.

Naturally, Plaintiffs expected the City to comply with FRCP 34(b)(2)(D)-(E), which requires it to confer on any issues with the requested form for producing electronically stored information and produce the ESI in the form it is ordinarily maintained or another reasonably useable form. But the City did not. Instead, without conferring, the City produced the emails in a converted .pdf format without metadata. The City took over a month after its responses were due to produce the files. The City informed Plaintiffs on September 11, 2023 that it completed its email production. Ex. I, Collected Emails, p. 3-4.

Issues arose with the City's unilaterally chosen method of production, and Plaintiffs' vendor was not able to download all the files. Plaintiffs first alerted the City of the download issue on October 10, 2023 and diligently worked to obtain the remainder of the files. Ex. I, p. 2. Despite Plaintiffs' diligent efforts, and Plaintiff's counsel hand-delivering an external thumb drive to the City's offices on October 18, 2023 and forwarding a pre-paid shipping label, the City placed the Federal Express shipment in its USPS outgoing mail, delaying Plaintiff's vendor's receipt of the

files until October 31, 2023. Ex. J, Collected Emails, p. 2-5; Ex. K, Email Confirming Receipt. Plaintiffs were finally able to begin reviewing the **941.3 GB** of emails in November.

Metadata is essential to efficient review of a large email set and is inherent in native files. Among many other things, metadata increases filtering options (such as date sent or received), verifiably connects the attachments to the messages they accompanied, and clearly identifies duplicate emails. Many courts have recognized the need to produce metadata. All the City needed to do to produce the emails to Plaintiffs with their metadata included is *not* spend significant hours and resources converting the files to another (.pdf) format.

Furthermore, the City did not review its voluminous production for responsiveness to Plaintiffs' requests. As discussed further below, Plaintiffs' initial review revealed numerous documents not apparently responsive to Plaintiffs' requests. It is "[the City's] 'responsibility to provide meaningful responses to [Plaintiffs'] requests for production,' and it is [the City's] responsibility to review its documents 'to identify those that are responsive to specific requests.'" *CUCS Unlimited Contracting Services, Inc. v. Comdata Inc.*, No. 3:17-CV-01158, 2019 WL 483313, at *7 (M.D. Tenn. Feb. 7, 2019) (quoting *Orchestrate HR, Inc. v. Trombetta*, 178 F. Supp. 3d 476, 510 (N.D. Tex. 2016), objections overruled sub nom. *Orchestrate HR, Inc. v. Trombetta*, No. 3:13-CV-2110-KS-BH, 2016 WL 5942223 (N.D. Tex. Oct. 13, 2016)). "Although Defendant is permitted to refer Plaintiff[s] to documents as they are kept in the usual course of business, this does not permit Defendant to provide Plaintiffs with unnecessary documents so as to be unduly burdensome." *Haughton v. D.C.*, 315 F.R.D. 424, 429 (D.D.C. 2014), objections overruled, 161 F. Supp. 3d 100 (D.D.C. 2014).

Plaintiffs need not bear the burden of the expense of going through all of a defendant's production to determine responsiveness of documents when a "cursory review" of the production demonstrates nonresponsive documents. *Orchestrate*, 178 F. Supp. 3d at 37-38. In these instances

of overproduction, courts tend to order the producing party to supplement their responses to designate the specific page ranges for finding responsive documents and/or identify the particular request to which it believes each document is responsive. *E.g., Id.* at 510; *Haughton*, 315 F.R.D. at 429; *CUCS Unlimited*, 2019 WL 483313 at *7. “[A] responding party has the responsibility to provide a meaningful response and review voluminous documents to identify those that are responsive to specific requests.” *Moser v. Navistar Int’l Corp.*, No. 4:17-CV-00598, 2018 WL 3614012, at *4 (E.D. Tex. July 27, 2018) (citing *Orchestrate*, 178 F.Supp 3d at 510.).

But instead of reviewing the files and culling them to responsive information, the City chose to expend significant resources converting them, thereby removing the metadata and increasing the burden and difficulty of Plaintiffs’ review. “The advisory committee notes for the 2006 amendments to Rule 34 provide guidance that Defendants’ option to produce in a reasonably usable form does not mean that they are free to convert electronically stored information from the form in which it is ordinarily maintained to a different form that makes it more difficult or burdensome for Plaintiff to use the information efficiently in the litigation.” *White v. Graceland Coll. Ctr. for Prof’l Dev. & Lifelong Learning, Inc.*, 586 F. Supp. 2d 1250, 1264 (D. Kan. 2008).²

In a telephone call with Plaintiffs’ counsel on November 10, 2023, counsel for the City stated that he took no part in the gathering of the emails, he had not reviewed the files or directed their review prior to production in this case, and that he did not know of anyone on the legal team

² In *White*, the defendants converted emails to .pdf, printed them, and produced the paper copies. *Id.* at 1264. While the City stopped short of producing paper files and provided searchable .pdfs, the same principles control here. The City converted native emails into a different form that makes Plaintiffs’ review more difficult or burdensome.

having reviewed them. Defense counsel further indicated that the City gathered the emails and created the .pdf files years ago, before his employment with the City began. The City freely admits that they did not review this data for responsiveness to Plaintiff's discovery requests. *See, e.g.*, Ex. L, Collected Emails, pp. 1-3 (stating about the voicemails, "They were not listened to before production. When the email boxes were searched by CTM they may have grabbed all voicemails.").

Plaintiffs are reviewing the near *terabyte* of data using the most economical method they could find—Plaintiffs are paying third party vendor Lexbe a base contract price of **\$3,000 per month** to house the data within their electronic discovery review tools. Plaintiffs—who are two individual victims of violence at the hands of Austin police—are being forced to spend upwards of \$20,000.00 to review the City's production. Based on Plaintiffs' counsel's review to date, Plaintiffs' counsel believes that the production set would decrease by more than half if the City had removed duplicates and made any sort of reasonable effort to exclude extraneous non-responsive materials.

For example, the City produced at least 302 emails related to voicemails that the City's counsel stated he had not reviewed. Ex. M, List of Voicemails; Ex. N, Example Voicemail Email. It produced a 778 page/253 MB document that appears to relate to use of a particular individual's driveway and includes a traffic impact study.³ Plaintiff's counsel has also collected a random

³ This 778-page document is not attached. For reference, it is labeled COA-General Protest.0503249_[CONF]_Fwd_Email and approval from TxDOT.

sampling of 214 documents totaling almost 6 GB that appear wholly unrelated to this litigation. Ex. O, List of Nonresponsive Sampling. This list is only a sampling based on the limited review conducted to date and includes only a small fraction of such documents. The City's document dump tactic is costing Plaintiffs tremendous resources. The loss is compounded by lack of specifically requested metadata.

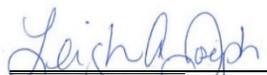

IV. Conclusion

WHEREFORE, Plaintiffs respectfully request that this Court GRANT this Motion, overrule the City's objections, require the City to supplement its answers and responses within 10 business days, identify to which requests for production the specific emails produced are responsive and/or cull the production as it should have done before producing, produce native email files or otherwise provide email metadata, and grant such other or further relief as the Court deems proper under the circumstances.

GENERAL OBJECTIONS

Each and every interrogatory (“Request”) is subject to the general objections set forth below. These general objections are incorporated by reference into each specific response as if fully set forth therein.

1. The City objects to Plaintiff’s definition of “identify” or “identity” to the extent that it seeks any confidential or protected information. Current or former City employees may be contacted through counsel.
2. The City objects to any requests that seeks information no longer in the City’s possession, custody, or control pursuant to the City’s records retention policies and is under no obligation to take extraordinary measures to search for or obtain such information.
3. The City objects to any request that seeks or may be deemed to impose a requirement or burden beyond the requirements of the Federal Rules of Civil Procedure or any other applicable law, rule or order.

**DEFENDANT'S ANSWERS TO
PLAINTIFF'S FIRST SET OF INTERROGATORIS**

INTERROGATORY NO. 1: Identify the officer or officers who shot Plaintiff. If you are unable to do so, describe the efforts APD and/or the City of Austin has made to identify the officer or officers who shot Plaintiff.

ANSWER:

The City would direct plaintiff to the IA investigation that was conducted regarding this incident. *See* COA-Talley 001-099 (IA #2021-0261). The investigation concluded that the following officers may have fired less lethal rounds at the plaintiff, after plaintiff throws an object at the officers standing on the front porch of APD Headquarters:

Benjamin Lynch #6802
Gregory Cherne #8196
Gadiel Alas #7835
Timothy Cobaugh #8383
Michael Harris #8542 (inactive)

Defendant would also direct plaintiff to any depositions that have been taken in the case.

INTERROGATORY NO. 2: Identify all individuals with knowledge of facts relevant to the claims and allegations at issue in this lawsuit, and describe the nature and scope of each person's knowledge.

ANSWER:

Please see the list of officers that are identified in Interrogatory No. 1. Also, defendant would direct plaintiff to any depositions that have been taken in this case and defendant's Initial Disclosures and any amendments or supplements made in this case.

Additionally, defendant would identify Sgt. Billy Parks #4568, as the Internal Affairs investigator that conducted IA #2021-0261.

Finally, defendant would direct plaintiff to documents produced in this case relevant to associated Requests for Production. *See* documents Bates labeled COA 39580-39607 (R2R Smartsheets for deposed officers). These documents identify APD personnel that reviewed BWC video of officers.

INTERROGATORY NO. 3: If you contend that some other person or legal entity is, in whole or in part, liable to Plaintiff in this matter, identify that person or legal entity and describe in detail the basis of said liability.

ANSWER:

On May 30 and 31, 2020, APD officers used force, including the discharge of beanbag rounds, in response to violence and threats of violence by large crowds. Accordingly, Mr. Talley is seen on video throwing an object at the officers standing on the front porch of APD Headquarters. The

plaintiff himself bears responsibility for the events resulting in Mr. Talley being struck by a beanbag round.

INTERROGATORY NO. 4: Please identify all training, instructions, policies, and procedures that you contend concern or govern the conduct of the officers described in the complaint.

ANSWER:

Please see all parties' pleadings, motions, and discovery responses served in this matter and the corresponding Modesto Rodriguez matter, which is consolidated with this matter for purposes of discovery. Also see all deposition testimony in these associated matters.

Also, please see the following documents that have been produced in these matters. *See* specifically:

COA 001-786 (APD General Orders in effect 4/21/20 – 5/31/20)

COA 3155-4535 (Training documents)

INTERROGATORY NO. 5: Identify all individuals who were shot or injured by Austin police officers with kinetic projectiles on May 30, 2020 and identify the officer or officers who shot or injured such individuals and the time and location of the shooting.

ANSWER:

The City objects that this interrogatory seeks information that is irrelevant to this lawsuit and that it mischaracterized facts and evidence. Subject to and without waiver of the foregoing objections, the City responds as follows:

On May 30 and 31, 2020, APD officers used force, including the discharge of beanbag rounds, in response to violence and threats of violence by large crowds. The City's investigation of this matter is ongoing and the City's ability to disclose information in its possession is restricted by *Garrity v. New Jersey*, 385 U.S. 493 (1967), and Texas Local Government Code § 143.089. Based on the information available that the City is permitted to disclose, it is the City's understanding that the individuals listed in response to Interrogatory No. 5 have been identified or self-identified as having been struck by beanbag rounds discharged by APD officers on May 30 or May 31, 2020. To the extent that the City has been able to identify the officers that fired the bean bag rounds that struck the referenced individuals, the officers are listed below.

Name	Date of Injury	Location of Incident	Subject Officer(s)
Campbell, Adam	05/30/2020	IH 35 feeder road by APD HQ	UNKNOWN
Alexander, Saraneka a/k/a Martin, Saraneka	05/30/2020	8 th and IH35 SB frontage	Kyu An #8190 Daniel McCameron #
Fuentez, Cesar	05/30/2020	UNKNOWN	Benjamin Hart #7544
Ayala, Brad Levi	05/30/2020	800 Blk of IH35 NB frontage	Nicholas Gebhart #7298
Barton, Bomani Ray	05/30/2020	900 Blk of IH-35 NB proper	Kyu An #8190

Howell, Justin	05/30/2020	700 Blk of IH35 SB frontage (Main)	Jeffery Teng #8443 or Kyle Felton #8900
Short, Zachary	05/30/2020	Near upper deck IH35	UNKNOWN

Evans, Antony	05/31/2020	800 N IH35 SB frontage	Kyle Felton #8900
Drake, Maredith	05/31/2020	800 N IH35 SB frontage	Chance Bretches #7289
Herrera, Jose	05/30/2020	800 N IH35 SB frontage	James Morgan #8215
Chavez, Arianna	05/31/2020	UNKNOWN	UNKNOWN
Kirsch, Sam	05/31/2020	800 Blk of IH35 NB proper	Rolan Rast #8221
Talley, Tyree	05/30/2020	APD Main	Officers potentially identified: Benjamin Lynch #6802 Gregory Cherne #8196 Gadiel Alas #7835 Timothy Cobaugh #8383 Michael Harris #8542 Justin Wright #8976
Rodriguez, Modesto	05/30/2020	APD Main	UNKNOWN
Sanders, Alyssa	05/31/2020	300 Blk W. Cesar Chavez	Eric Heim #7995
Warkoczewski, Christine	05/31/2020	800 Blk IH35 SB Proper	Justin Berry #6134, Alexander Lomovstev #6317, Todd Gilbertson #7066, Jaime Carrillo #4834, Jeremy Fisher #7537, Christopher Irwin #7210, or Joshua Jackson #8546

INTERROGATORY NO. 6: Identify any APD officer who has been disciplined in any fashion by Austin Police Department or City of Austin for conduct or inaction that occurred on May 30, 2020 or May 31, 2020 or that was related to such conduct or inaction. In addition to officers disciplined for firing kinetic projectiles or using unreasonable force, this question specifically seeks the identity of any officer in a supervisory or bystander role on May 30, 2020 or May 31, 2020 who was disciplined in any fashion for permitting officers to shoot innocent people with less lethal weapons or for failing to stop such conduct.

ANSWER:

The City objects that this interrogatory is overbroad and seeks information that is not relevant to this lawsuit. Subject to and without waiver of the foregoing objection, pursuant to Texas civil

service law, the disciplinary process remains open with regard to allegations in any incident until 30 days after the conclusion of a related criminal proceeding. Criminal proceedings are still pending in multiple cases stemming from several May 30 and 31, 2020 protest related incidents. Specifically in response to Mr. Talley, please see the investigation associated with this incident, that was previously produced as documents Bates labeled COA 001-099 (IA #2021-0261).

INTERROGATORY NO. 7: If any munitions (including kinetic projectiles or bean bag rounds) were used by APD officers on May 30, 2020 that had passed its expiration date, please identify the type of munition, the date of expiration, the officer who fired it, explain why it was used, and whose responsibility at the City or APD to prevent the use of expired munitions.

ANSWER:

The City objects that this interrogatory is overbroad and seeks information that is not relevant to this lawsuit. Subject to and without waiver of the foregoing objections, the City's investigation of this matter is ongoing. Additionally, the City directs plaintiff to documents being produced in association with Requests for Production in this case. See COA 4536-4587 (munitions purchase information); 40601-10833 (munitions contracts and purchases); 39841-39877 (APD After Action Report – September 2022).

INTERROGATORY NO. 8: Identify all individuals shot with kinetic projectiles by Austin Police Department officers that the City of Austin, Chief Manley, or the Austin Police Department's leadership believes should not have been shot with a kinetic projectile and identify the officer who shot the individuals for the following dates or time periods:

- a. On May 30, 2020;
- b. Any other point in time between January 1, 2017 to the present

ANSWER:

The City objects that this interrogatory seeks information that is irrelevant to this lawsuit and that it mischaracterized facts and evidence. Subject to and without waiver of the foregoing objections, on May 30 and 31, 2020, APD officers used force, including the discharge of beanbag rounds, in response to violence and threats of violence by large crowds. The City's investigation of this matter is ongoing and the City's ability to disclose information in its possession is restricted by *Garrity v. New Jersey*, 385 U.S. 493 (1967), the Texas Local Government Code § 143.089. Based on the information available that the City is permitted to disclose, it is the City's understanding that the individuals listed in response to Interrogatory No. 5 have been identified or self-identified as having been struck by beanbag rounds discharged by APD officers on May 30 or May 31, 2020.

INTERROGATORY NO. 9: Identify all APD command personnel who had a role in planning APD's response to the protests on May 30, 2020. Be certain to identify their chain of command up through Chief Brian Manley.

ANSWER:

Chief Brian Manley
Chief of Staff Troy Gay
Assistant Chief Joseph Chacon
Assistant Chief Richard Guajardo
Assistant Chief Jennifer Stephenson
Assistant Chief Robin Henderson
Assistant Chief Brent Dupree
Commander Michael Eveleth served as Duty Commander and SRT Commander.
Commander Lee Rogers served as SRT Commander.
Commander Jason Staniszewski served as SRT Commander.

INTERROGATORY NO. 10: Identify all APD command personnel who had a role in supervising APD's response to the May 30, 2020 protest. Please be certain to identify their chain of command up through Chief Brian Manley.

ANSWER:

Chief Brian Manley
Chief of Staff Troy Gay
Assistant Chief Joseph Chacon
Assistant Chief Richard Guajardo
Assistant Chief Jennifer Stephenson
Assistant Chief Robin Henderson
Assistant Chief Brent Dupree
Commander Michael Eveleth served as Duty Commander and SRT Commander.
Commander Lee Rogers served as SRT Commander.
Commander Jason Staniszewski served as SRT Commander.

INTERROGATORY NO. 11: State the full name, rank and job title of any and all individuals who contributed to answering these interrogatories. Please identify what Interrogatories each identified person assisted in answering.

ANSWER:

Numerous APD personnel contributed in part to these interrogatory answers as well as City of Austin Law Department personnel. APD personnel who contributed include: Chief Joseph Chacon, Assistant Chief Robin Henderson and Assistant Chief Jason Staniszewski.

INTERROGATORY NO. 12: Describe with particularity all policies, practices and/or procedures adopted or implemented by APD and which were in effect on May 30, 2020, to ensure that all APD personnel complied with existing policies and procedures with regard to the use of force against individuals, including excessive force.

ANSWER:

Defendant directs Plaintiff to documents that reference APD's policies and procedures that were

in effect on May 30, 2020 and are being produced in response to associated Requests for Production in this case. *See* COA 0001-0786 (APD General Orders effective 4/21/20 – 5/31/20).

INTERROGATORY NO. 13: Describe with particularity all weapon-specific policies, practices or procedures with regard to the use of force adopted or implemented by APD and which were in effect on May 30, 2020, to include any training and certification requirements an officer must meet before being permitted to carry and use authorized weapons, and specifically including “less lethal” weapons.

ANSWER:

Defendant directs Plaintiff to documents that reference APD’s policies and procedures that were in effect on May 30, 2020 and are being produced in response to associated Requests for Production in this case. *See* COA 0001-0786 (APD General Orders effective 4/21/20 – 5/31/20). Defendant specifically references Chapter 2 – Response to Resistance and Pursuit and Chapter 8 – Equipment Policies.

INTERROGATORY NO. 14: Describe with particularity all policies, practices or procedures adopted by APD and which were in effect on May 30, 2020, to ensure that APD use of force training and procedures complied with applicable law.

ANSWER:

Defendant directs Plaintiff to documents that reference APD’s policies and procedures that were in effect on May 30, 2020 and are being produced in response to associated Requests for Production in this case. *See* COA 0001-0786 (APD General Orders effective 4/21/20 – 5/31/20). Defendant specifically references Chapter 2 – Response to Resistance.

INTERROGATORY NO. 15: Describe with particularity APD’s use of force training for patrol and other relevant officers in effect on May 30, 2020, including but not limited to use of force decision making, the Fourth Amendment and related law, interactive exercises illustrating proper use of force decision-making, and use of de-escalation techniques.

ANSWER:

APD provides both cadets and officers with extensive mandatory training regarding use of force decision making, the Fourth Amendment and related case law, as well as interactive scenario exercises to ensure all officers are well educated in proper use of force techniques and decision-making and de-escalation techniques.

INTERROGATORY NO. 16: State whether APD maintains and tracks use of force measurements (and if so, for how long it has done so), including, but not limited to the number of force complaints sustained against specific officers, the number of officers who has more than one instance of force found to violate policy, the circumstances of each use of force found to violate policy.

ANSWER:

The City objects that this interrogatory is overbroad and seeks information that is not relevant to this lawsuit. Subject to and without waiver of the foregoing objections, APD maintains detailed records on every officer regarding any alleged and/or sustained policy violations. Any complaint that is not found to be a policy violation, which resulted in discipline, is protected under Texas Local Government Code § 143.089.

INTERROGATORY NO. 17: Please identify any and all changes that have been made to your policies, practices and/or training procedures relating to the use of force by APD officers or employees since May 30, 2020.

ANSWER:

The City objects that this interrogatory seeks information that is irrelevant to this lawsuit.

INTERROGATORY NO. 18: Please identify the “less lethal” munitions used by APD on May 30, 2020, including manufacturer, make, and any other known information about the munitions themselves.

ANSWER:

Defendant directs Plaintiff to documents that reference “less lethal” munitions that are being produced in response to associated Requests for Production in this case. *See* COA 4536-4587; 40601-10833.

GENERAL OBJECTIONS

Each and every request for production (“Requests”) is subject to the general objections set forth below. These general objections are incorporated by reference into each specific response as if fully set forth therein.

1. The City objects to Plaintiff’s definition of “identify” or “identity” to the extent that it seeks any confidential or protected information. Current or former City employees may be contacted through counsel.
2. The City objects to any requests that seeks information no longer in the City’s possession, custody, or control pursuant to the City’s records retention policies and is under no obligation to take extraordinary measures to search for or obtain such information.
3. The City objects to any request that seeks or may be deemed to impose a requirement or burden beyond the requirements of the Federal Rules of Civil Procedure or any other applicable law, rule or order.

**DEFENDANT'S ANSWERS TO
PLAINTIFF'S THIRD REQUESTS FOR PRODUCTION**

REQUEST NO. 17: Produce all documents related to the complete service record for the below police officers who shot (or who is suspected of shooting) Plaintiff during the Incident.

- a. Gregory Cherne, AP8196
- b. John Kornbacher, AP8065
- c. Zakary Fisher, AP9165
- d. Benjamin Lynch, AP6802
- e. Nicholas LaBarbera, AP8923
- f. Johnny Martinez, AP8414
- g. Michael Attridge, AP4516
- h. Rheannon Cunningham, AP7247
- i. Yader Zelaya, AP8289
- j. Michael Harris, AP8542
- k. Jonathan Dranguet, AP8895
- l. James Morgan, AP8215
- m. Taber White, AP6311
- n. Darrell Cantu-Harkless, AP8516
- o. Andy Yu, AP6841
- p. Joseph Gordon, AP8061
- q. Edward Ruff, AP6488
- r. Chad Roberts, AP8950
- s. Brandon Swindell, AP8960
- t. Benjamin Hart, AP7544
- u. Joseph Spees, AP7796
- v. Scott Gunter, AP8062
- w. Kevin Arnold, AP6960
- x. Kyu An, AP8190
- y. Joseph Hethershaw, AP9073
- z. Tony Luong, AP8668
- aa. Andrew Blissit, AP8501
- bb. Gadiel Alas, AP7835
- cc. Jonathon Kreisner, AP8555
- dd. Timothy Cobaugh, AP8383
- ee. Rudy Cadena, AP8510
- ff. Ashley Uniszkiewicz, AP6837
- gg. Justin Wright, AP8976
- hh. James Bronson, AP8881

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 18: Produce all documents concerning charges, claims or other complaints involving APD conduct in interactions with deaf individuals, for conduct that occurred on or between June 1, 2018 to May 30, 2020.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 19: Please produce any and all written memoranda, use of force reports, other reports, correspondence, documents, e-mails, texts, photographs, video or audio tapes, or other writings or recordings relating to the events of the May 30, 2020 protest and the investigation into the subject incident.

ANSWER:

Defendant City of Austin refers the plaintiff to documents Bates numbered:

Produced September 2, 2022
COA 1576-3154
COA 4588-4622

Produced March 10, 2023
COA 37535-37804

Produced July 13, 2023
COA 37805-39632

Defendant City of Austin refers the plaintiff to COA 39845-39993, COA 40585-40591 Radio Traffic, and COA 40592, COA 40593 HQ CCTV.

COA 1576-3154, COA 37805-39632, COA 39973-39993, COA 40585-40593 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked *CONFIDENTIAL*.

REQUEST NO. 20: Please produce the product manual or materials provided by the manufacturers or entity from which you purchased the product for any projectile fired by an APD officer on May 30, 2020 or May 31, 2020.

ANSWER:

Defendant City of Austin refers the plaintiff to documents bates labeled COA 39994-40008.

REQUEST NO. 21: For the period Jan 1, 2018 to the present unless otherwise specified: please produce all email or text messages sent by or received by Brian Manley concerning:

- a. The use of kinetic projectiles;
- b. The shooting of any individual who alleges he or she was harmed by a projectile fired by an APD officer;
- c. Training concerning the use of kinetic projectiles;
- d. Manley's removal or potential removal as APD Chief of Police after May 31, 2020;
- e. Authorizing or permitting APD officers to fire kinetic projectiles at individuals:
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Without waiving these objections, Defendant City of Austin refers the plaintiff to documents bates labeled COA 40009-40039 which are Brian Manley's text messages.

Defendant City of Austin will supplement with emails bates labeled COA-General-Protest 0317555-0417139 Brian Manley. Due to the time constraints in producing the large volume of requested emails and text messages, Defendant reserves the right to recall any produced document containing emails or text messages which contain material protected by the attorney-client privilege or attorney-work product.

COA General Protest 0317555-0417139 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked *CONFIDENTIAL*.

REQUEST NO. 22: For the period January 1, 2020 to the present, unless otherwise specified, please produce all email or text messages to or from (1) any assistant chief of police or their staff; (2) Ken Cassady; (3) Spencer Kronk or his staff; (4) Mayor Adler or his staff; any member of the City Council or their staff, the person or persons the City claims had tactical command of the police force during the May 30 or May 31, 2020 protests, or any member of the Austin Police Department who provides training to APD officers concerning:

- a. The dangers of using kinetic projectiles;
- b. The shooting of any individual who alleges he or she was harmed by a kinetic projectile fired by an APD officer;
- c. Training concerning the use of kinetic projectiles;
- d. Manley's removal as APD Chief of Police after May 31, 2020;
- e. Any investigation into police misconduct or potential misconduct by APD officers on May 30, 2020 or May 31, 2020.

- f. Authorizing or permitting APD officers to fire kinetic projectiles at individuals:
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Subject to and without waiving objections, Defendant City of Austin refers to COA 40040-40584 which are City council and city manager text messages.

Defendant City of Austin will supplement production of the following emails. Please check the box link for items that will be added. You will be notified once the uploads are complete.

COA-General-Protest 0030000-0038220	Brent Dupree
COA-General-Protest 0038221-0056631	Jason Staniszewski

- n. Darrell Cantu-Harkless, AP8516
- o. Andy Yu, AP6841
- p. Joseph Gordon, AP8061
- q. Edward Ruff, AP6488
- r. Chad Roberts, AP8950
- s. Brandon Swindell, AP8960
- t. Benjamin Hart, AP7544
- u. Joseph Spees, AP7796
- v. Scott Gunter, AP8062
- w. Kevin Arnold, AP6960
- x. Kyu An, AP8190
- y. Joseph Hethershaw, AP9073
- z. Tony Luong, AP8668
- aa. Andrew Blissit, AP8501
- bb. Gadiel Alas, AP7835
- cc. Jonathon Kreisner, AP8555
- dd. Timothy Cobaugh, AP8383
- ee. Rudy Cadena, AP8510
- ff. Ashley Uniszkiewicz, AP6837
- gg. Justin Wright, AP8976
- hh. James Bronson, AP8881

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 24: Please produce all records, documents, interviews or other material that resulted from the investigation into the subject matter of this Complaint and any other internal affairs, Special Investigation Unit, or Office of Police oversight investigations involving any of the following:

- a. Gregory Cherne, AP8196
- b. John Kornbacher, AP8065
- c. Zakary Fisher, AP9165
- d. Benjamin Lynch, AP6802
- e. Nicholas LaBarbera, AP8923
- f. Johnny Martinez, AP8414
- g. Michael Attridge, AP4516
- h. Rheannon Cunningham, AP7247
- i. Yader Zelaya, AP8289
- j. Michael Harris, AP8542
- k. Jonathan Dranguet, AP8895
- l. James Morgan, AP8215
- m. Taber White, AP6311
- n. Darrell Cantu-Harkless, AP8516
- o. Andy Yu, AP6841
- p. Joseph Gordon, AP8061
- q. Edward Ruff, AP6488
- r. Chad Roberts, AP8950
- s. Brandon Swindell, AP8960
- t. Benjamin Hart, AP7544
- u. Joseph Spees, AP7796
- v. Scott Gunter, AP8062
- w. Kevin Arnold, AP6960
- x. Kyu An, AP8190
- y. Joseph Hethershaw, AP9073
- z. Tony Luong, AP8668
- aa. Andrew Blissit, AP8501
- bb. Gadiel Alas, AP7835
- cc. Jonathon Kreisner, AP8555
- dd. Timothy Cobaugh, AP8383
- ee. Rudy Cadena, AP8510
- ff. Ashley Uniszkievicz, AP6837
- gg. Justin Wright, AP8976
- hh. James Bronson, AP8881

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Defendant City of Austin refers the plaintiff to documents bates labeled COA-Talley 001-099 (IA #2021-0261); 370-423 (SIU#2022-5008692); 1694-1708 (IA#2020-1125).

Defendant City of Austin refers the plaintiff to documents bates labeled COA 39580-39632. Defendant City of Austin refers the plaintiff to review any officer supplements entered in COA 1576-3154 and COA 37805-39579.

Supplements of the officers deposed in this incident are bates labeled as COA 1841, 1992, 2662-2665, 2286-2287 (Lynch). COA 1932, 2328-2329, 2726-2729, 2801-2805 (Cantu-Harkless). COA 1908, 2946 (Alas), COA 1952, 2257-2259, 2318-2321, 2717-2718 (Cherne), COA 2094, 2479, 376677-37682, 38338, 38723, 39595-39597 (Hethershaw), COA 2292, 2313, 2469, 37782-37789, 38536, 38557, 38713, 39441 (Wright), and COA 1964, 2598, 2946-2947 (Cobaugh).

COA 1576-3154, 37805-39579, 39580-39632 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 25: Please produce any documents reflecting any corrective or disciplinary measures APD issued or enacted as a consequence of conduct from May 30, 2020 or May 31, 2020.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under Fed. R. Civ. P. 26(b), since it is not proportional to the needs of the case.

Without waiving these objections, the City responds by noting that it has not completed its disciplinary review process for all involved officers at this time. Austin Police Department has suspended its investigations into these incidents pending the outcome of criminal proceedings.

Defendant City of Austin refers the plaintiff to COA-Talley 1707-1708, Officer Cobaugh was disciplined for a protest related incident. Defendant City of Austin refers the plaintiff to documents bates labeled COA 39845-39993 for policy changes implemented.

COA-Talley 1707-1708 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 26: Please produce any documents concerning the expiration or hardening of munitions used by APD during the May 30, 2020 and May 31, 2020 protests.

ANSWER:

Defendant City of Austin refers the plaintiffs to documents bates labeled COA 39973-39993, Review Task Force Report.

COA 39973-39993 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 27: Please produce all documents concerning the dangers of kinetic projectiles in your custody or control.

ANSWER:

Defendant City of Austin refers the plaintiff to items previously produced under documents bates labeled COA 0001-1575 APD Policies and COA 3155-3334, and COA 3744-4535 Less Lethal Trainings.

COA 3155-3334, COA 3744-4535 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 28: Please produce the Austin Police Department policy manual (whether known by this or any other name) that you contend was in effect on May 30, 2020 and May 31, 2020.

ANSWER:

Defendant City of Austin refers the plaintiffs to responsive policies already produced in response to RFPs 5, 6, 7. COA 0001-1575.

REQUEST NO. 29: Please produce all correspondence between the City of Austin and any member of the news media concerning the use of “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) by Austin police officers on May 30, 2020 and May 31, 2020. The period of this request is May 30, 2020 to the present.

ANSWER:

Defendant City of Austin refers the plaintiff to documents bates labeled COA 40834-41067.

REQUEST NO. 30: Please produce all communications, including, but not limited to, recordings of radio traffic, shift turnout meetings, or other orders, which authorized any Austin police officers to fire kinetic projectiles at individuals on May 30, 2020 or May 31, 2020.

ANSWER:

Defendant City of Austin refers the plaintiff to COA 0001-1575 APD Policies and Procedures, also see Audios bates labeled as COA 40585-40591

COA 40585-40591 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 31: Please produce a copy of each lawsuit alleging that on May 30 or 31, 2020, an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.)

ANSWER:

Defendant City of Austin refers the plaintiff to the following list of civil actions filed in either the United States District Court for the Western District of Texas or Travis County District Court. The complaints would be equally available to the Plaintiff from Court Pacer or Travis County Odyssey.

Van Os v City of Austin; 1:22-cv-00522
Howell v City of Austin; 1:21-cv-00749
Alexander v City of Austin; 1:22-cv-00520
Arawn v City of Austin; 1:20-cv-01118
Avvocato v City of Austin; 1:22-cv-00516
Cates v City of Austin; 1:20-cv01258
Chavez v City of Austin; 1:20-cv01174
Evans v City of Austin; 1:20-cv001057
Sanders v City of Austin; 1:22-cv-00314
Volter-Jones v City of Austin; 1:22-cv-00511
Warkoczewski v City of Austin; 1:21-cv-00739
Barton v City of Austin; 1:22-cv00221
Campbell v City of Austin; 1:22-cv-00517
Kirsch v City of Austin; 1:20-cv-01113
Fuentez v City of Austin; 1:22-cv-00316
Ellis v City of Austin; 1:22-cv-00315
Williams v City of Austin; 1:22-cv-00042
Drake v City of Austin; 1:20-cv-00956
Beuhler v City of Austin; 1:21-cv-00054
Gallagher v City of Austin; 1:20-cv-00901
Underwood v City of Austin; 1:22-cv-00032
Herrera v City of Austin; 1:20-cv-01134
Ayala v City of Austin; D-1-GN-22-002431

REQUEST NO. 32: Please produce a copy of each jury verdict against the City of Austin or any of its current or former employees arising from an allegation that an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) on May 30 or 31, 2020.

ANSWER:

None.

REQUEST NO. 33: Please produce a copy of all documents concerning any written complaints or lawsuits that the City of Austin, the Austin Police Department, or any Austin Police Department employee settled which alleged that an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) on May 30 or 31, 2020.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 34: Please produce all documents concerning the revision or decision not to revise any of the City of Austin’s policies, procedures, instructions, or practices governing any aspect of the use of “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.), during the period from January 1, 2015 to present.

ANSWER:

Defendant City of Austin refers the plaintiff to COA 0001-1576 APD Policies and Procedures, COA 3878-3882 produced September 2, 2022.

COA 39845-39877, Austin Police Announcement of key changes to policing and protests and the After Action Report; COA 40594-40600 APD memos regarding policy changes.

COA 39973-39993 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 35: Please produce all documents relating to the City of Austin’s inventory of “less lethal” munitions, including ammunition and weapons capable of firing kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) during the period January 1, 2019 to present.

ANSWER:

Defendant City of Austin refers the plaintiff to documents produced September 2, 2022 bates labeled COA 4536-4587. Defendant City of Austin also refers the plaintiff to documents bates labeled COA 40601-40833

COA 4536-4587, COA 40601-40833 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 36: Please produce all reports showing the number of people injured by APD employees’ use of “less lethal” weapons, including kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) For the following periods:

- a. 5/30/2020;
- b. 5/31/2020; and
- c. 6/1/2020 to the present.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Subject to and without waiving our objection the Defendant City of Austin refers the plaintiffs to documents bates labeled COA 1576-3154 and COA 37805-39632.

COA 1576-3154 and COA 37805-39632 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 37: Please produce the attendance rosters, deployment reports, time sheets, and any other documents identifying each and every police officer who had access to “less lethal” munitions and who was stationed or responded to the protest outside the Austin police department headquarters on May 30, 2020.

ANSWER:

Defendant City of Austin refers the plaintiff to documents bates labeled COA 41068-41142.

COA 41068-41142 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 38: Please produce any documents relied upon by the City to respond to Plaintiff's interrogatories.

ANSWER:

Defendant City of Austin refers the plaintiff to all production produced in this litigation.

REQUEST NO. 39: Please produce all communications to or from the Office of Police Oversight concerning:

- a. Incidents on May 30, 2020;
- b. Incidents on May 31, 2020; or
- c. Incidents involving weapons dubbed "less lethal" by APD that resulted in any alleged injury for the period January 1, 2015 to the present.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 40: All internal and external communications concerning violations of APD policies by APD officers on May 30, 2020, May 31, 2020 (the date of the protests).

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 41: For the period January 1, 2017 to the present unless otherwise specified: please produce all email, text messages, and other communications sent by or received by any secretarial staff, assistants, support staff, or other staff who work in, or report directly to, the Austin Police Department's Office of the Chief of Police concerning:

- a. The dangers of using kinetic projectiles;
- b. The use of kinetic projectiles;
- c. The shooting of any individual who alleges he or she was harmed by a kinetic projectile fired by an APD officer;
- d. Training concerning the use of kinetic projectiles;
- e. Complaints or allegations that an APD officer improperly failed to intervene to stop or mitigate another peace officer's use of force;
- f. Brian Manley's removal or potential removal as APD Chief of Police after May 31, 2020; or
- g. Authorizing or permitting APD officers to fire kinetic projectiles at individuals;
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

ANSWER:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

H. GRAY LAIRD III

GENERAL OBJECTIONS

Each and every interrogatory (“Request”) is subject to the general objections set forth below. These general objections are incorporated by reference into each specific response as if fully set forth therein.

1. The City objects to Plaintiff’s definition of “identify” or “identity” to the extent that it seeks any confidential or protected information. Current or former City employees may be contacted through counsel.
2. The City objects to any requests that seeks information no longer in the City’s possession, custody, or control pursuant to the City’s records retention policies and is under no obligation to take extraordinary measures to search for or obtain such information.
3. The City objects to any request that seeks or may be deemed to impose a requirement or burden beyond the requirements of the Federal Rules of Civil Procedure or any other applicable law, rule or order.

DEFENDANT CITY OF AUSTIN'S RESPONSES TO PLAINTIFFS
FIRST SET OF INTERROGATORIES

INTERROGATORY NO. 1: Identify the officer or officers who shot Plaintiff. If you are unable to do so, describe the efforts APD and/or the City of Austin has made to identify the officer or officers who shot Plaintiff.

ANSWER:

Defendant City of Austin cannot identify an officer with any specificity. Cobaugh, Lynch and Cherne had timestamps of possible less lethal impacts. Plaintiff Rodriguez did not file a complaint via any channel so that an investigation into the incident could commence. APD has reviewed the various bodycams to attempt to identify the officer(s).

INTERROGATORY NO. 2: Identify all individuals with knowledge of facts relevant to the claims and allegations at issue in this lawsuit, and describe the nature and scope of each person's knowledge.

ANSWER:

Please see the list of officers that are identified in Interrogatory No. 1. Also, defendant would direct plaintiff to any depositions that have been taken in this case and defendant's Initial Disclosures and any amendments or supplements made in this case.

Finally, defendant would direct plaintiff to documents produced in this case relevant to associated Requests for Production. *See* documents Bates labeled COA 39580-39607 (R2R Smartsheets for deposed officers). These documents identify APD personnel that reviewed BWC video of officers.

INTERROGATORY NO. 3: If you contend that some other person or legal entity is, in whole or in part, liable to Plaintiff in this matter, identify that person or legal entity and describe in detail the basis of said liability.

ANSWER:

On May 30 and 31, 2020, APD officers used force, including the discharge of beanbag rounds, in response to violence and threats of violence by large crowds. Accordingly, Plaintiff Rodriguez is seen on video throwing an object at the officers standing on the front porch of APD Headquarters. The plaintiff himself bears responsibility for the events resulting in Mr. Rodriguez being struck by beanbag rounds.

INTERROGATORY NO. 4: Please identify all training, instructions, policies, and procedures that you contend concern or govern the conduct of the officers described in the complaint.

ANSWER:

Please see all parties' pleadings, motions, and discovery responses served in this matter and the corresponding Modesto Rodriguez matter, which is consolidated with this matter for purposes of discovery. Also see all deposition testimony in these associated matters.

Also, please see the following documents that have been produced in these matters. *See* specifically:

COA 001-786 (APD General Orders in effect 4/21/20 – 5/31/20)

COA 3155-4535 (Training documents)

INTERROGATORY NO. 5: Identify all individuals who were shot or injured by Austin police officers with kinetic projectiles on May 30, 2020 and identify the officer or officers who shot or injured such individuals and the time and location of the shooting.

ANSWER:

The City objects that this interrogatory seeks information that is irrelevant to this lawsuit and that it mischaracterized facts and evidence. Subject to and without waiver of the foregoing objections, the City responds as follows:

On May 30 and 31, 2020, APD officers used force, including the discharge of beanbag rounds, in response to violence and threats of violence by large crowds. The City's investigation of this matter is ongoing and the City's ability to disclose information in its possession is restricted by *Garrity v. New Jersey*, 385 U.S. 493 (1967), and Texas Local Government Code § 143.089. Based on the information available that the City is permitted to disclose, it is the City's understanding that the individuals listed in response to Interrogatory No. 5 have been identified or self-identified as having been struck by beanbag rounds discharged by APD officers on May 30 or May 31, 2020. To the extent that the City has been able to identify the officers that fired the bean bag rounds that struck the referenced individuals, the officers are listed below.

Name	Date of Injury	Location of Incident	Subject Officer(s)
Campbell, Adam	05/30/2020	IH 35 feeder road by APD HQ	UNKNOWN

Sanders, Alyssa	05/31/2020	300 Blk W. Cesar Chavez	Eric Heim #7995
Warkoczewski, Christine	05/31/2020	800 Blk IH35 SB Proper	Justin Berry #6134, Alexander Lomovstev #6317, Todd Gilbertson #7066, Jaime Carrillo #4834, Jeremy Fisher #7537, Christopher Irwin #7210, or Joshua Jackson #8546

INTERROGATORY NO. 6: Identify any APD officer who has been disciplined in any fashion by Austin Police Department or City of Austin for conduct or inaction that occurred on May 30, 2020 or May 31, 2020 or that was related to such conduct or inaction. In addition to officers disciplined for firing kinetic projectiles or using unreasonable force, this question specifically seeks the identity of any officer in a supervisory or bystander role on May 30, 2020 or May 31, 2020 who was disciplined in any fashion for permitting officers to shoot innocent people with less lethal weapons or for failing to stop such conduct.

ANSWER:

The City objects that this interrogatory is overbroad and seeks information that is not relevant to this lawsuit. Subject to and without waiver of the foregoing objection, pursuant to Texas civil service law, the disciplinary process remains open with regard to allegations in any incident until 30 days after the conclusion of a related criminal proceeding. Criminal proceedings are still pending in multiple cases stemming from several May 30 and 31, 2020 protest related incidents. Specifically in response to Mr. Talley, please see the investigation associated with this incident, that was previously produced as documents Bates labeled COA 001-099 (IA #2021-0261).

INTERROGATORY NO. 7: If any munitions (including kinetic projectiles or bean bag rounds) were used by APD officers on May 30, 2020 that had passed its expiration date, please identify the type of munition, the date of expiration, the officer who fired it, explain why it was used, and whose responsibility at the City or APD to prevent the use of expired munitions.

ANSWER:

The City objects that this interrogatory is overbroad and seeks information that is not relevant to this lawsuit. Subject to and without waiver of the foregoing objections, the City's investigation of this matter is ongoing. Additionally, the City directs plaintiff to documents being produced in association with Requests for Production in this case. See COA 4536-4587 (munitions purchase information); 40601-10833 (munitions contracts and purchases); 39841-39877 (APD After Action Report – September 2022).

INTERROGATORY NO. 8: Identify all individuals shot with kinetic projectiles by Austin Police Department officers that the City of Austin, Chief Manley, or the Austin Police Department's leadership believes should not have been shot with a kinetic projectile and identify the officer who shot the individuals for the following dates or time periods:

- a. On May 30, 2020;
- b. Any other point in time between January 1, 2017 to the present

ANSWER:

The City objects that this interrogatory seeks information that is irrelevant to this lawsuit and that it mischaracterized facts and evidence. Subject to and without waiver of the foregoing objections, on May 30 and 31, 2020, APD officers used force, including the discharge of beanbag rounds, in response to violence and threats of violence by large crowds. The City's investigation of this

matter is ongoing and the City's ability to disclose information in its possession is restricted by *Garrity v. New Jersey*, 385 U.S. 493 (1967), the Texas Local Government Code § 143.089. Based on the information available that the City is permitted to disclose, it is the City's understanding that the individuals listed in response to Interrogatory No. 5 have been identified or self-identified as having been struck by beanbag rounds discharged by APD officers on May 30 or May 31, 2020.

INTERROGATORY NO. 9: Identify all APD command personnel who had a role in planning APD's response to the protests on May 30, 2020. Be certain to identify their chain of command up through Chief Brian Manley.

ANSWER:

Chief Brian Manley
Chief of Staff Troy Gay
Assistant Chief Joseph Chacon
Assistant Chief Richard Guajardo
Assistant Chief Jennifer Stephenson
Assistant Chief Robin Henderson
Assistant Chief Brent Dupree
Commander Michael Eveleth served as Duty Commander and SRT Commander.
Commander Lee Rogers served as SRT Commander.
Commander Jason Staniszewski served as SRT Commander.

INTERROGATORY NO. 10: Identify all APD command personnel who had a role in supervising APD's response to the May 30, 2020 protest. Please be certain to identify their chain of command up through Chief Brian Manley.

ANSWER:

Chief Brian Manley
Chief of Staff Troy Gay
Assistant Chief Joseph Chacon
Assistant Chief Richard Guajardo
Assistant Chief Jennifer Stephenson
Assistant Chief Robin Henderson
Assistant Chief Brent Dupree
Commander Michael Eveleth served as Duty Commander and SRT Commander.
Commander Lee Rogers served as SRT Commander.
Commander Jason Staniszewski served as SRT Commander.

INTERROGATORY NO. 11: State the full name, rank and job title of any and all individuals who contributed to answering these interrogatories. Please identify what Interrogatories each identified person assisted in answering.

ANSWER:

Numerous APD personnel contributed in part to these interrogatory answers as well as City of Austin Law Department personnel. APD personnel who contributed include: Chief Joseph Chacon, Assistant Chief Robin Henderson and Assistant Chief Jason Staniszewski.

INTERROGATORY NO. 12: Describe with particularity all policies, practices and/or procedures adopted or implemented by APD and which were in effect on May 30, 2020, to ensure that all APD personnel complied with existing policies and procedures with regard to the use of force against individuals, including excessive force.

ANSWER:

Defendant directs Plaintiff to documents that reference APD's policies and procedures that were in effect on May 30, 2020 and are being produced in response to associated Requests for Production in this case. *See* COA 0001-0786 (APD General Orders effective 4/21/20 – 5/31/20).

INTERROGATORY NO. 13: Describe with particularity all weapon-specific policies, practices or procedures with regard to the use of force adopted or implemented by APD and which were in effect on May 30, 2020, to include any training and certification requirements an officer must meet before being permitted to carry and use authorized weapons, and specifically including "less lethal" weapons.

ANSWER:

Defendant directs Plaintiff to documents that reference APD's policies and procedures that were in effect on May 30, 2020 and are being produced in response to associated Requests for Production in this case. *See* COA 0001-0786 (APD General Orders effective 4/21/20 – 5/31/20). Defendant specifically references Chapter 2 – Response to Resistance and Pursuit and Chapter 8 – Equipment Policies.

INTERROGATORY NO. 14: Describe with particularity all policies, practices or procedures adopted by APD and which were in effect on May 30, 2020, to ensure that APD use of force training and procedures complied with applicable law.

ANSWER:

Defendant directs Plaintiff to documents that reference APD's policies and procedures that were in effect on May 30, 2020 and are being produced in response to associated Requests for Production in this case. *See* COA 0001-0786 (APD General Orders effective 4/21/20 – 5/31/20). Defendant specifically references Chapter 2 – Response to Resistance.

INTERROGATORY NO. 15: Describe with particularity APD's use of force training for patrol and other relevant officers in effect on May 30, 2020, including but not limited to use of force decision making, the Fourth Amendment and related law, interactive exercises illustrating proper use of force decision-making, and use of de-escalation techniques.

ANSWER:

APD provides both cadets and officers with extensive mandatory training regarding use of force decision making, the Fourth Amendment and related case law, as well as interactive scenario exercises to ensure all officers are well educated in proper use of force techniques and decision-making and de-escalation techniques.

INTERROGATORY NO. 16: State whether APD maintains and tracks use of force measurements (and if so, for how long it has done so), including, but not limited to the number of force complaints sustained against specific officers, the number of officers who has more than one instance of force found to violate policy, the circumstances of each use of force found to violate policy.

ANSWER:

The City objects that this interrogatory is overbroad and seeks information that is not relevant to this lawsuit. Subject to and without waiver of the foregoing objections, APD maintains detailed records on every officer regarding any alleged and/or sustained policy violations. Any complaint that is not found to be a policy violation, which resulted in discipline, is protected under Texas Local Government Code § 143.089.

INTERROGATORY NO. 17: Please identify any and all changes that have been made to your policies, practices and/or training procedures relating to the use of force by APD officers or employees since May 30, 2020.

ANSWER:

The City objects that this interrogatory seeks information that is irrelevant to this lawsuit.

INTERROGATORY NO. 18: Please identify the “less lethal” munitions used by APD on May 30, 2020, including manufacturer, make, and any other known information about the munitions themselves.

ANSWER:

Defendant directs Plaintiff to documents that reference “less lethal” munitions that are being produced in response to associated Requests for Production in this case. *See* COA 4536-4587; 40601-10833.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 18: Produce all documents concerning charges, claims or other complaints involving APD conduct in interactions with deaf individuals, for conduct that occurred on or between June 1, 2018 to May 30, 2020.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 19: Please produce any and all written memoranda, use of force reports, other reports, correspondence, documents, e-mails, texts, photographs, video or audio tapes, or other writings or recordings relating to the events of the May 30, 2020, protest and the investigation into the subject incident.

RESPONSE:

Defendant City of Austin refers the plaintiff to documents Bates numbered:

Produced September 2, 2022
COA 1576-3154
COA 4588-4622

Produced March 10, 2023
COA 37535-37804

Produced July 13, 2023
COA 37805-39632

Defendant City of Austin refers the plaintiff to COA 39845-39993, COA 40585-40591 Radio Traffic, and COA 40592, COA 40593 HQ CCTV.

COA 1576-3154, COA 37805-39632, COA 39973-39993, COA 40585-40593 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked *CONFIDENTIAL*.

REQUEST NO. 20: Please produce the product manual or materials provided by the manufacturers or entity from which you purchased the product for any projectile fired by an APD officer on May 30, 2020 or May 31, 2020.

RESPONSE:

Defendant City of Austin refers the plaintiff to documents bates labeled COA 39994-40008.

REQUEST NO. 21: For the period Jan 1, 2018 to the present unless otherwise specified: please produce all email or text messages sent by or received by Brian Manley concerning:

- a. The use of kinetic projectiles;
- b. The shooting of any individual who alleges he or she was harmed by a projectile fired by an APD officer;
- c. Training concerning the use of kinetic projectiles;
- d. Manley's removal or potential removal as APD Chief of Police after May 31, 2020;
- e. Authorizing or permitting APD officers to fire kinetic projectiles at individuals:
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Without waiving these objections, Defendant City of Austin refers the plaintiff to documents bates labeled COA 40009-40039 which are Brian Manley's text messages.

Defendant City of Austin will supplement with emails bates labeled COA-General-Protest 0317555-0417139 Brian Manley. Due to the time constraints in producing the large volume of requested emails and text messages, Defendant reserves the right to recall any produced document containing emails or text messages which contain material protected by the attorney-client privilege or attorney-work product.

COA General Protest 0317555-0417139 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked *CONFIDENTIAL*.

REQUEST NO. 22: For the period January 1, 2020 to the present, unless otherwise specified, please produce all email or text messages to or from

- (1) any assistant chief of police or their staff;
- (2) Ken Cassady;
- (3) Spencer Kronk or his staff;
- (4) Mayor Adler or his staff; any member of the City Council or their staff, the person or persons the City claims had tactical command of the police force during the May 30 or May 31, 2020 protests, or any member of the Austin Police Department who provides training to APD officers concerning:

- a. The dangers of using kinetic projectiles;

- b. The shooting of any individual who alleges he or she was harmed by a kinetic projectile fired by an APD officer;
- c. Training concerning the use of kinetic projectiles;
- d. Manley's removal as APD Chief of Police after May 31, 2020;
- e. Any investigation into police misconduct or potential misconduct by APD officers on May 30, 2020 or May 31, 2020.
- f. Authorizing or permitting APD officers to fire kinetic projectiles at individuals:
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Subject to and without waiving objections, Defendant City of Austin refers to COA 40040-40584 which are City council and city manager text messages.

Defendant City of Austin will supplement production of the following emails. Please check the box link for items that will be added. You will be notified once the uploads are complete.

COA-General-Protest 0030000-0038220	Brent Dupree
COA-General-Protest 0038221-0056631	Jason Staniszewski

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Defendant City of Austin refers the plaintiff to documents bates labeled COA 39580-39632.

Defendant City of Austin refers the plaintiff to review any officer supplements entered in COA 1576-3154 and COA 37805-39579.

Supplements of the officers deposed in this incident are bates labeled as COA 1841, 1992, 2662-2665, 2286-2287 (Lynch). COA 1932, 2328-2329, 2726-2729, 2801-2805 (Cantu-Harkless). COA 1908, 2946 (Alas), COA 1952, 2257-2259, 2318-2321, 2717-2718 (Cherne), COA 2094, 2479, 376677-37682, 38338, 38723, 39595-39597 (Hethershaw), COA 2292, 2313, 2469, 37782-37789, 38536, 38557, 38713, 39441 (Wright), and COA 1964, 2598, 2946-2947 (Cobaugh).

COA 1576-3154, 37805-39579, 39580-39632 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 25: Please produce any documents reflecting any corrective or disciplinary measures APD issued or enacted as a consequence of conduct from May 30, 2020 or May 31, 2020.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under Fed. R. Civ. P. 26(b), since it is not proportional to the needs of the case.

Without waiving these objections, the City responds by noting that it has not completed its disciplinary review process for all involved officers at this time. Austin Police Department has suspended its investigations into these incidents pending the outcome of criminal proceedings.

Defendant City of Austin refers the plaintiff to COA-Talley 1707-1708, Officer Cobaugh was disciplined for a protest related incident. Defendant City of Austin refers the plaintiff to documents bates labeled COA 39845-39993 for policy changes implemented.

COA-Talley 1707-1708 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 26: Please produce any documents concerning the expiration or hardening of munitions used by APD during the May 30, 2020 and May 31, 2020 protests.

RESPONSE:

Defendant City of Austin refers the plaintiffs to documents bates labeled COA 39973-39993, Review Task Force Report.

COA 39973-39993 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 27: Please produce all documents concerning the dangers of kinetic projectiles in your custody or control.

RESPONSE:

Defendant City of Austin refers the plaintiff to items previously produced under documents bates labeled COA 0001-1575 APD Policies and COA 3155-3334, and COA 3744-4535 Less Lethal Trainings.

COA 3155-3334, COA 3744-4535 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 28: Please produce the Austin Police Department policy manual (whether known by this or any other name) that you contend was in effect on May 30, 2020 and May 31, 2020.

RESPONSE:

Defendant City of Austin refers the plaintiffs to responsive policies already produced in response to RFPs 5, 6, 7. COA 0001-1575.

REQUEST NO. 29: Please produce all correspondence between the City of Austin and any member of the news media concerning the use of “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) by Austin police officers on May 30, 2020 and May 31, 2020. The period of this request is May 30, 2020 to the present.

RESPONSE:

Defendant City of Austin refers the plaintiff to documents bates labeled COA 40834-41067.

REQUEST NO. 30: Please produce all communications, including, but not limited to, recordings of radio traffic, shift turnout meetings, or other orders, which authorized any Austin police officers to fire kinetic projectiles at individuals on May 30, 2020 or May 31, 2020.

RESPONSE:

Defendant City of Austin refers the plaintiff to COA 0001-1575 APD Policies and Procedures, also see Audios bates labeled as COA 40585-40591

COA 40585-40591 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 31: Please produce a copy of each lawsuit alleging that on May 30 or 31, 2020, an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.)

RESPONSE:

Defendant City of Austin refers the plaintiff to the following list of civil actions filed in either the United States District Court for the Western District of Texas or Travis County District

Court. The complaints would be equally available to the Plaintiff from Court Pacer or Travis County Odyssey.

Van Os v City of Austin; 1:22-cv-00522
Howell v City of Austin; 1:21-cv-00749
Alexander v City of Austin; 1:22-cv-00520
Arawn v City of Austin; 1:20-cv-01118
Avvocato v City of Austin; 1:22-cv-00516
Cates v City of Austin; 1:20-cv01258
Chavez v City of Austin; 1:20-cv01174
Evans v City of Austin; 1:20-cv001057
Sanders v City of Austin; 1:22-cv-00314
Volter-Jones v City of Austin; 1:22-cv-00511
Warkoczewski v City of Austin; 1:21-cv-00739
Barton v City of Austin; 1:22-cv00221
Campbell v City of Austin; 1:22-cv-00517
Kirsch v City of Austin; 1:20-cv-01113
Fuentez v City of Austin; 1:22-cv-00316
Ellis v City of Austin; 1:22-cv-00315
Williams v City of Austin; 1:22-cv-00042
Drake v City of Austin; 1:20-cv-00956
Beuhler v City of Austin; 1:21-cv-00054
Gallagher v City of Austin; 1:20-cv-00901
Underwood v City of Austin; 1:22-cv-00032
Herrera v City of Austin; 1:20-cv-01134
Ayala v City of Austin; D-1-GN-22-002431

REQUEST NO. 32: Please produce a copy of each jury verdict against the City of Austin or any of its current or former employees arising from an allegation that an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) on May 30 or 31, 2020.

RESPONSE:

None.

REQUEST NO. 33: Please produce a copy of all documents concerning any written complaints or lawsuits that the City of Austin, the Austin Police Department, or any Austin Police Department employee settled which alleged that an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) on May 30 or 31, 2020.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 34: Please produce all documents concerning the revision or decision not to revise any of the City of Austin’s policies, procedures, instructions, or practices governing any aspect of the use of “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.), during the period from January 1, 2015 to present.

RESPONSE:

Defendant City of Austin refers the plaintiff to COA 0001-1576 APD Policies and Procedures, COA 3878-3882 produced September 2, 2022.

COA 39845-39877, Austin Police Announcement of key changes to policing and protests and the After Action Report; COA 40594-40600 APD memos regarding policy changes.

COA 39973-39993 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 35: Please produce all documents relating to the City of Austin’s inventory of “less lethal” munitions, including ammunition and weapons capable of firing kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) during the period January 1, 2019 to present.

RESPONSE:

Defendant City of Austin refers the plaintiff to documents produced September 2, 2022 bates labeled COA 4536-4587. Defendant City of Austin also refers the plaintiff to documents bates labeled COA 40601-40833

COA 4536-4587, COA 40601-40833 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 36: Please produce all reports showing the number of people injured by APD employees’ use of “less lethal” weapons, including kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) For the following periods:

- a. 5/30/2020;
- b. 5/31/2020; and
- c. 6/1/2020 to the present.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Subject to and without waiving our objection the Defendant City of Austin refers the plaintiffs to documents bates labeled COA 1576-3154 and COA 37805-39632.

COA 1576-3154 and COA 37805-39632 are designated confidential/privileged documents

pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 37: Please produce the attendance rosters, deployment reports, time sheets, and any other documents identifying each and every police officer who had access to “less lethal” munitions and who was stationed or responded to the protest outside the Austin police department headquarters on May 30, 2020.

RESPONSE:

Defendant City of Austin refers the plaintiff to documents bates labeled COA 41068-41142.

COA 41068-41142 are designated confidential/privileged documents pursuant to the Protective Order for this case and are watermarked CONFIDENTIAL.

REQUEST NO. 38: Please produce any documents relied upon by the City to respond to Plaintiff's interrogatories.

RESPONSE:

Defendant City of Austin refers the plaintiff to all production produced in this litigation.

REQUEST NO. 39: Please produce all communications to or from the Office of Police Oversight concerning:

- a. Incidents on May 30, 2020;
- b. Incidents on May 31, 2020; or
- c. Incidents involving weapons dubbed "less lethal" by APD that resulted in any alleged injury for the period January 1, 2015 to the present.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 40: All internal and external communications concerning violations of APD policies by APD officers on May 30, 2020, May 31, 2020 (the date of the protests).

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

REQUEST NO. 41: For the period January 1, 2017 to the present unless otherwise specified: please produce all email, text messages, and other communications sent by or received by any secretarial staff, assistants, support staff, or other staff who work in, or report directly to, the Austin

Police Department's Office of the Chief of Police concerning:

- a. The dangers of using kinetic projectiles;
- b. The use of kinetic projectiles;
- c. The shooting of any individual who alleges he or she was harmed by a kinetic projectile fired by an APD officer;
- d. Training concerning the use of kinetic projectiles;
- e. Complaints or allegations that an APD officer improperly failed to intervene to stop or mitigate another peace officer's use of force;
- f. Brian Manley's removal or potential removal as APD Chief of Police after May 31, 2020; or
- g. Authorizing or permitting APD officers to fire kinetic projectiles at individuals;
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

RESPONSE:

Defendant objects to this request on the grounds that it is overbroad, ambiguous, unduly burdensome, and exceeds the scope of discovery under FED. R. CIV. P. 26(b), since it is not proportional to the needs of the case.

Subject: RE: Talley and Rodriguez cases - Defendant's discovery responses

Follow Up Flag: Follow up
Flag Status: Flagged

Gray,

Thank you again for your time this morning to discuss our issues with your client's discovery responses. To recap our conversation, here is what my notes reflect. Please let me know if you have a different understanding.

- Interrogatory 5- you agreed to consider whether you can add times
- Interrogatory 6- you agreed to consider whether your objection is addressed and you can fully answer with the clarification that the question is focused on protests outside of police headquarters
- Interrogatory 7- you agreed to supplement this response if possible to indicate concrete information (if known) about whether expired rounds were used and whose responsibility it was to prevent the use of expired munitions
- Interrogatory 17- you agreed to discuss with Monte whether you are able to provide a response
- Interrogatory 18- you agreed to confirm whether more information is available regarding which munitions were in use on 5/30/20 and supplement this answer

- Request for Production 17, 23, and 24- you agreed to evaluate the volume of information and whether you continue to assert objections if the question is limited to the following officers: Benjamin Lynch, Gadiel Alas, Timothy Cobaugh, Darrell Cantu-Harkless, Michael Harris, Joseph Hethershaw, Gregory Cherne, and Justin Wright
- Request for Production 18- you agreed to look into responding and what the issue might be, i.e., searching for the information, voluminous information, or something else
- Request for Production 25- You agreed to consider whether you might be able to respond more fully without objection to a rephrasing of this question. Here is my proposed phrasing: Please produce any documents reflecting any corrective or disciplinary measures APD issued or enacted as a consequence of officer conduct responding to protests outside of police headquarters from May 30, 2020 or May 31, 2020.
- Request for Production 33- you agreed to provide me a list of case styles for the lawsuits. For complaints that did not result in lawsuits, (e.g., like the complaint filed by Talley but not Rodriguez) you agreed to look into whether you could provide the complaints themselves, as opposed to "all documents concerning"
- Request for Production 36- you agreed to look into whether such a report exists

I look forward to hearing from you with respect to your findings and positions on or before August 29.

Best regards,

Leigh A. Joseph

Subject: Talley and Rodriguez cases - Defendant's discovery responses

Good morning Gray and Monte,

We received your client's discovery responses served on Wednesday 7/26/23. To the extent that anything is being withheld from production on the basis of privilege, this email constitutes a request for a privilege log pursuant to FRCP 26(b).

Also, I would like to discuss the city's answers to the following interrogatories and requests for production in both the Talley and Rodriguez cases. Please let me know when you are free to confer within the next ten days. It is my hope that we can resolve these issues without having to involve the Court.

Interrogatories: 5-7, 12-18

Requests for Production: 17, 18, 23-25, 33, 36, 39-41

Also, when can we expect supplementation of verifications for the interrogatories? When will the emails be uploaded in entirety?

Thank you.

Leigh A. Joseph

Rodriguez v. City of Austin et al, 1:21-cv-01087-RP, filed in the Western District of Texas**

Dear Mr. Laird and Mr. Barton:

I am writing to follow up our conversation on August 15, 2023 about the plaintiffs' issues with your clients' discovery responses in the above-referenced cases. During that conversation, we discussed several issues, which I will recap below, and agreed that you would share your position on the issues by August 29, 2023. To date, I have not seen further communication from your office about these issues. Therefore, I am writing to make another attempt to resolve these issues in hopes we can avoid the need to involve the Court.

- Interrogatory 5- you agreed to consider whether you can add times
- Interrogatory 6- you agreed to consider whether your objection is addressed and you can fully answer with the clarification that the question is focused on protests outside of police headquarters
- Interrogatory 7- you agreed to supplement this response if possible to indicate concrete information (if known) about whether expired rounds were used and whose responsibility it was to prevent the use of expired munitions
- Interrogatory 17- you agreed to discuss whether you are able to provide a response
- Interrogatory 18- you agreed to confirm whether more information is available regarding which munitions were in use on 5/30/20 and supplement this answer

- Request for Production 17, 23, and 24- you agreed to evaluate the volume of information and whether you continue to assert objections if the question is limited to the following officers: Benjamin Lynch, Gadiel Alas, Timothy Cobaugh, Darrell Cantu-Harkless, Michael Harris, Joseph Hethershaw, Gregory Cherne, and Justin Wright¹
- Request for Production 18- you agreed to look into responding and what the issue might be, i.e., searching for the information, voluminous information, or something else
- Request for Production 25- You agreed to consider whether you might be able to respond more fully without objection to a rephrasing of this question. Here is my proposed phrasing: Please produce any documents reflecting any corrective or disciplinary measures APD issued or enacted as a consequence of officer conduct responding to protests outside of police headquarters from May 30, 2020 or May 31, 2020.
- Request for Production 33- you agreed to provide me a list of case styles for the lawsuits. For complaints that did not result in lawsuits, (e.g., like the complaint filed by Talley but not Rodriguez) you agreed to look into whether you could provide the complaints themselves, as opposed to “all documents concerning”
- Request for Production 36- you agreed to look into whether such a report exists

You have had ample time to evaluate the requests in light of our conversation and determine your position. To the extent you are willing to amend/supplement your clients’ responses, please provide those amended and/or supplemental responses by **Tuesday, September 26, 2023**. If we do not receive amended/supplemental responses by September 26, 2023, we will be forced to seek the Court’s assistance in procuring discoverable information to which our clients are entitled.

Please feel free to call or email me to further discuss.

Sincerely,

HENDLER FLORES LAW, PLLC

Leigh A. Joseph

¹ For RFP 17, please note that Texas Local Government Code Section 143.089 does not prevent disclosure of the officers’ “G Files” in the Western District of Texas. *Ambler v. Nissen*, No. 1:20-CV-1068-LY, 2023 WL 443806 at *2 (W.D. Tex. Jan. 26, 2023) (“The Court agrees with Plaintiffs that Texas Local Government Code § 143.089 does not apply in federal court”); *Roque v. City of Austin*, No. 1:17-CV-00932-LY, 2018 WL 5848988 at *2 (W.D. Tex. Nov. 7, 2018) (“The City’s objection founded on the Texas statute fails, as Federal Rule of Evidence 501 dictates that federal common law, not state law, governs the privileges in federal question cases.”); *Roque v. Harvel*, No. 1:17-CV-932-LY-SH, 2019 WL 5265292 at *9 (W.D. Tex. Oct. 16, 2019) (“The Court concludes that even assuming Texas courts’ recognition of a privilege here, the federal common law presumption of public access to judicial records outweighs the state law policies behind the privilege for certain police personnel records, particularly in this Section 1983 case concerning the conduct of the Austin Police Department and its officers.”)

Follow Up Flag: Follow up
Flag Status: Completed

Hello Leigh,

I recall the Plaintiff's earlier motion for a stay of at least 3 months to review emails and things. Based on the Court's ruling last week, it looks like that request was not specifically addressed with the order granting leave for the Amended Complaints in both cases.

So, our calendars show the following:

09/26/23	Talley – CV-16(f) Pretrial documents due (14 days prior to pretrial conf.)
09/27/23	Rodriguez – CV-16(f) Pretrial documents due (14 days prior to pretrial conf.)
09/28/23	Talley/Rodriguez – Amended Answers due
10/03/23	Talley – CV-16(g) Pretrial documents due (7 days prior to pretrial conf.)
10/04/23	Rodriguez – CV-16(g) Pretrial documents due (7 days prior to pretrial conf.)
10/10/23	Talley – Final pretrial conference
10/11/23	Rodriguez – Final pretrial conference
10/30/23	Talley/Rodriguez – Deadline to submit Joint Jury Charge
11/06/23	Jury Trial

With the addition of the officers as actual defendants, we expect some additional discovery may be necessary, especially if independent legal counsel is retained to represent the officers.

Please consider a joint motion for continuance and recommended time frames for a new proposed scheduling order.

Also, I have just now received your email/letter regarding discovery issues (below). I think that fits into this continuance thought process too.

Please let us know your suggestions. I will be around at your convenience.

Sincerely yours,

Monte L. Barton Jr.

Case No. 1:21-cv-00249-RP

**PLAINTIFF’S THIRD REQUEST FOR PRODUCTION TO
DEFENDANT CITY OF AUSTIN**

To: Gray Laird – gray.laird@austintexas.gov
CITY OF AUSTIN
P. O. Box 1546
Austin, Texas 78767-1546
Telephone (512) 974-2409
ATTORNEY FOR DEFENDANT CITY OF AUSTIN

Plaintiff TYREE TALLEY, by and through the undersigned counsel of record, respectfully serves his Third Request for Production to Defendant City of Austin. Pursuant to Federal Rule of Civil Procedure 34, defendant is requested to respond within 30 days after service of these requests, by emailing the responses to ALopez@hendlerlaw.com or producing them electronically to Hendler Flores Law, PLLC, 901 S. MoPac Expy., Bldg.1 STE 300, Austin, TX 78746 via a file sharing program so they are received on or before the due date. If defendant does not have access to a file sharing program, Counsel for Plaintiffs will provide a link where the responses and attachments can be uploaded for delivery.

TABLE OF DEFINITIONS/ABBREVIATIONS

The following definitions and abbreviations are set forth for the purpose of clarifying the meaning of various words and phrases contained herein in order to expedite discovery, i.e., (a) to help you fully and accurately understand the objectives of this discovery effort and (b) to simplify and assist you in your efforts to locate and furnish the relevant information and documents. It is expressly stipulated and agreed by the Plaintiff that an affirmative response on your part will not be construed as an admission that any definition or abbreviation contained hereto is either factually correct or legally binding on you.

- A. "You" and "your" refer to City of Austin.
- B. "Defendants" refers to the City of Austin and all individual defendants, both individually and collectively.
- C. "Plaintiff" means Plaintiff Tyree Talley.
- D. "Statement" includes any written or graphic statement, signed or otherwise adopted or approved by the person making it and any stenographic, mechanical, electrical, or other recording, or a transcription thereof, which is a substantially verbatim recital of an oral statement by the person making it and contemporaneously recorded.
- E. "The Incident" refers to the incidents described in Plaintiffs' Original Complaint and/or all amended versions thereof that form the basis for this lawsuit.
- F. "Document," "Documents," or "Documentation" includes any item whether printed or recorded or reproduced by any other electronic or mechanical process or written or produced by hand: agreements, communications, reports, charges, complaints, correspondence, telegrams, memoranda, electronic mail, applications, summaries or records of telephone conversations, summaries or records of personal conversations or interviews, diaries, schedules, charts, videos, audio or audio recordings, graphs, worksheets, reports, notebooks, note charts, plans, drawings, sketches, maps, summaries or records of meetings or conferences, summaries or reports or records of investigations or negotiations, opinions or reports of consultants, bills, statements, invoices, and all other writings of whatever nature, photographs, motion picture film, brochures, pamphlets, advertisements, circulars, press releases, drafts, letters, tape recordings, disks, data sheets or data processing cards, any marginal comments appearing on any document or thing, or any other written, recorded, transcribed, filed or graphic master, however produced or reproduced, to which Defendant or its agents, representatives, or attorney will have or have had access.

In the event any item requested is unavailable due to loss or destruction of documents, loss of memory, failure to keep documents, or otherwise, please identify the nature of the information, the last known person to have possession of the documents or information, the circumstances involved, and the date of each event.

- G. "Person" is defined as any natural person or business, legal or governmental entity or association."

H. “Concerning” means relating to, referring to, describing, evidencing or constituting.

I. “Communication” means the transmittal of information (in the form of facts, ideas, inquiries or otherwise).

J. The terms “AND,” “OR,” “ANY,” and “ALL” shall be construed conjunctively or disjunctively to bring within the scope of this request any information which might otherwise be construed to be outside its scope.

K. “DESCRIBE IN DETAIL” and “STATE IN DETAIL” mean to give a complete and full description concerning the matter about which the inquiry is made, including to identify the person involved, along with dates, times, places, amounts, and other particulars that make the answer to the request for admission fair and meaningful.

L. “RELATED TO,” “RELATE TO,” and “RELATING TO” mean constituting, defining, containing, embodying, reflecting, identifying, discussing, concerning, stating, referring to, involving, evidencing, evaluation, criticizing, substantiating, dealing with, mentioning, or in any way pertaining to.

M. “Identify” when referring:

(1) to a natural person, means to state his or her full name and present or last known residential address and the present or last known place of employment; Local Rule CV-26(b)(3);

(2) to a firm, company, business, trust, corporation, partnership, association, governmental agency, governmental unit, or other organization and/or entity, means to state its full name and present or last known business address and phone number;

(3) to a statement and/or admission, means to identify who made it, who took or recorded it, and all others, if any, present during the making thereof; to state when, where and how it was taken or recorded, and to identify who has present possession custody or control thereof and/or who last had possession, custody, or control thereof;

(4) to tangible things, recordings, photographs, videotapes, motion pictures, x-rays, and/or radiographic films means to give a reasonably detailed description thereof, including, if applicable, when, where, and how made; to identify who made it, and who has present possession, custody or control thereof, and/or who last had possession, custody or control thereof;

(5) to any contribution, indemnification, reimbursement, and/or insurance agreement or policy means to set forth the policy or agreement holder, all additional insureds, the policy or agreement number, the identity of the person, company, or entity issuing the policy or agreement, the anniversary dates of the policy or

agreement, the inclusive dates of coverage, and the type of coverage (whether claims made, occurrence, or other).

N. “Police Department” or “APD” means the police department for Austin, Texas.

INSTRUCTIONS--REQUESTS FOR PRODUCTION

All Requests for Production are subject to the following Instructions:

(1) The Requests for Production shall be deemed not to call for identical copies of documents. However, documents with handwritten notes, editing marks, or any other mark that differentiates the document shall not be deemed identical to one without such modifications, additions or deletions.

(2) Each document produced pursuant to this Request for Production is to be identified in such production by the specific number of the Request for Production with respect to which it is produced.

(3) This Request for Production is a continuing document request. If, any time after your response and production pursuant to this Request, you learn of, or otherwise come into possession, custody or control of, additional documents called for by this Request, such documents are to be produced, and identified as set out in the preceding paragraph.

(4) Documents that are regularly maintained stapled, clipped, or otherwise physically attached to other documents are to be produced in their stapled, clipped or otherwise physically attached form.

(5) As used herein, the singular includes the plural number, and vice versa. The past tense includes the present tense, and vice versa, where the clear meaning is not distorted by change of tense.

(6) If an objection to any Request is made, the reason(s) shall be stated specifically as to each separate request.

(7) If you believe that any written discovery is requesting privileged information, pursuant to Fed.R.Civ.Proc. 26(b)(5), the party must state (1) that the information or material responsive to request has been withheld, (2) the request to which the information or material relates, (3) the privilege or privileges asserted, and (4) a description of the documents, communications, or tangible things not being disclosed.

(8) Plaintiff specifically requests all responsive electronically stored information, including, but not limited to, emails, draft emails, electronic log files, and cellular data, to be provided to Plaintiff in the same format as it is kept in the ordinary course of business, or in the following reasonably accessible format:

- a. For each custodian and type of electronically stored information, include the following directories, as applicable, organized into volumes.

Data - Load files (.DAT, .OPT and .LFP).

Images - PDF files or single page TIFF/JPG with minimum resolution of 300 dpi.

Natives – The underlying electronic file in any format used in the ordinary course of business.

Text - Extracted Text or Optical Character Recognition data.

b. The Data Load File as follows:

- (i) Including a header row with standard Concordance field names or information as well as:

Field Name	Description
Production Begin	The beginning bates number of the record. Must match a page identifier in the OPT/LFP files.
Production End	The ending bates number of the record
Page Count	Number of pages
File Path	Link to native files if present
Custodian	Person from whose device or account the file has been copied
MD5 Hash	
Attachment Begin	Beginning Bates number of each attachment (for emails)
Attachment End	Ending Bates number of each attachment (for emails)

for emails, the following metadata should be extracted and produced as a load file:

- Email Subject
- Email Author
- Email Recipient
- Email CC
- Email BCC
- Email Received Date
- Email Sent Date
- Email Received Time
- Email Sent Time
- Email Received Date and Time
- Email Sent Date and Time
- Email Importance

for non-email electronic files, the following metadata should be extracted and produced as a load file:

File Name
 File Author
 File Last author
 File Created Date
 File Created Time
 File Modified Date
 File Modified Time
 File Extension

- (ii) Sorted in ascending order by the beginning bates number.
- (iii) .DAT load file with delimiters listed in the table below.

Value	Character	ASCII Number
Column	b	(020)
Quote Character	'TI	(254)
Newline	®	(174)
Multi-Value	;	(059)
Nested Values	\	(092)

REQUESTS FOR PRODUCTION

REQUEST NO. 17: Produce all documents related to the complete service record for the below police officers who shot (or who is suspected of shooting) Plaintiff during the Incident.

- a. Gregory Cherne, AP8196
- b. John Kornbacher, AP8065
- c. Zakary Fisher, AP9165
- d. Benjamin Lynch, AP6802
- e. Nicholas LaBarbera, AP8923
- f. Johnny Martinez, AP8414
- g. Michael Attridge, AP4516
- h. Rheannon Cunningham, AP7247
- i. Yader Zelaya, AP8289
- j. Michael Harris, AP8542
- k. Jonathan Dranguet, AP8895
- l. James Morgan, AP8215
- m. Taber White, AP6311
- n. Darrell Cantu-Harkless, AP8516
- o. Andy Yu, AP6841
- p. Joseph Gordon, AP8061
- q. Edward Ruff, AP6488
- r. Chad Roberts, AP8950
- s. Brandon Swindell, AP8960
- t. Benjamin Hart, AP7544
- u. Joseph Spees, AP7796
- v. Scott Gunter, AP8062
- w. Kevin Arnold, AP6960
- x. Kyu An, AP8190
- y. Joseph Hethershaw, AP9073
- z. Tony Luong, AP8668
- aa. Andrew Blissit, AP8501
- bb. Gadiel Alas, AP7835
- cc. Jonathon Kreisner, AP8555
- dd. Timothy Cobaugh, AP8383
- ee. Rudy Cadena, AP8510
- ff. Ashley Uniszkiewicz, AP6837
- gg. Justin Wright, AP8976
- hh. James Bronson, AP8881

ANSWER:

REQUEST NO. 18: Produce all documents concerning charges, claims or other complaints involving APD conduct in interactions with deaf individuals, for conduct that occurred on or between June 1, 2018 to May 30, 2020.

ANSWER:

REQUEST NO. 19: Please produce any and all written memoranda, use of force reports, other reports, correspondence, documents, e-mails, texts, photographs, video or audio tapes, or other writings or recordings relating to the events of the May 30, 2020 protest and the investigation into the subject incident.

ANSWER:

REQUEST NO. 20: Please produce the product manual or materials provided by the manufacturers or entity from which you purchased the product for any projectile fired by an APD officer on May 30, 2020 or May 31, 2020.

ANSWER:

REQUEST NO. 21: For the period Jan 1, 2018 to the present unless otherwise specified: please produce all email or text messages sent by or received by Brian Manley concerning:

- a. The use of kinetic projectiles;
- b. The shooting of any individual who alleges he or she was harmed by a projectile fired by an APD officer;
- c. Training concerning the use of kinetic projectiles;
- d. Manley's removal or potential removal as APD Chief of Police after May 31, 2020;
- e. Authorizing or permitting APD officers to fire kinetic projectiles at individuals:
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

ANSWER:

REQUEST NO. 22: For the period January 1, 2020 to the present, unless otherwise specified, please produce all email or text messages to or from (1) any assistant chief of police or their staff; (2) Ken Cassady; (3) Spencer Kronk or his staff; (4) Mayor Adler or his staff; any member of the City Council or their staff, the person or persons the City claims had tactical command of the police force during the May 30 or May 31, 2020 protests, or any member of the Austin Police Department who provides training to APD officers concerning:

- a. The dangers of using kinetic projectiles;

- b. The shooting of any individual who alleges he or she was harmed by a kinetic projectile fired by an APD officer;
- c. Training concerning the use of kinetic projectiles;
- d. Manley's removal as APD Chief of Police after May 31, 2020;
- e. Any investigation into police misconduct or potential misconduct by APD officers on May 30, 2020 or May 31, 2020.
- f. Authorizing or permitting APD officers to fire kinetic projectiles at individuals:
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

ANSWER:

REQUEST NO. 23: Please produce any and all written memoranda, reports, correspondence, documents, e-mails, photographs, video or audio tapes, or other writings or recordings reflecting receipt of information or training on the use of “less lethal” weapons, crowd control, deaf communications, and/or use of force on or before May 30, 2020 by any of the following:

- a. Gregory Cherne, AP8196
- b. John Kornbacher, AP8065
- c. Zakary Fisher, AP9165
- d. Benjamin Lynch, AP6802
- e. Nicholas LaBarbera, AP8923
- f. Johnny Martinez, AP8414
- g. Michael Attridge, AP4516
- h. Rheannon Cunningham, AP7247
- i. Yader Zelaya, AP8289
- j. Michael Harris, AP8542
- k. Jonathan Dranguet, AP8895
- l. James Morgan, AP8215
- m. Taber White, AP6311
- n. Darrell Cantu-Harkless, AP8516
- o. Andy Yu, AP6841
- p. Joseph Gordon, AP8061
- q. Edward Ruff, AP6488
- r. Chad Roberts, AP8950
- s. Brandon Swindell, AP8960
- t. Benjamin Hart, AP7544
- u. Joseph Spees, AP7796
- v. Scott Gunter, AP8062

- w. Kevin Arnold, AP6960

- hh. James Bronson, AP8881

ANSWER:

REQUEST NO. 25: Please produce any documents reflecting any corrective or disciplinary measures APD issued or enacted as a consequence of conduct from May 30, 2020 or May 31, 2020.

ANSWER:

REQUEST NO. 26: Please produce any documents concerning the expiration or hardening of munitions used by APD during the May 30, 2020 and May 31, 2020 protests.

ANSWER:

REQUEST NO. 27: Please produce all documents concerning the dangers of kinetic projectiles in your custody or control.

ANSWER:

REQUEST NO. 28: Please produce the Austin Police Department policy manual (whether known by this or any other name) that you contend was in effect on May 30, 2020 and May 31, 2020.

ANSWER:

REQUEST NO. 29: Please produce all correspondence between the City of Austin and any member of the news media concerning the use of “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) by Austin police officers on May 30, 2020 and May 31, 2020. The period of this request is May 30, 2020 to the present.

ANSWER:

REQUEST NO. 30: Please produce all communications, including, but not limited to, recordings of radio traffic, shift turnout meetings, or other orders, which authorized any Austin police officers to fire kinetic projectiles at individuals on May 30, 2020 or May 31, 2020.

ANSWER:

REQUEST NO. 31: Please produce a copy of each lawsuit alleging that on May 30 or 31, 2020, an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.)

ANSWER:

REQUEST NO. 32: Please produce a copy of each jury verdict against the City of Austin or any of its current or former employees arising from an allegation that an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) on May 30 or 31, 2020.

ANSWER:

REQUEST NO. 33: Please produce a copy of all documents concerning any written complaints or lawsuits that the City of Austin, the Austin Police Department, or any Austin Police Department employee settled which alleged that an Austin police officer used excessive force or otherwise improperly caused injury with a “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) on May 30 or 31, 2020.

ANSWER:

REQUEST NO. 34: Please produce all documents concerning the revision or decision not to revise any of the City of Austin’s policies, procedures, instructions, or practices governing any aspect of the use of “less lethal” weapons, including the use of kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.), during the period from January 1, 2015 to present.

ANSWER:

REQUEST NO. 35: Please produce all documents relating to the City of Austin’s inventory of “less lethal” munitions, including ammunition and weapons capable of firing kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) during the period January 1, 2019 to present.

ANSWER:

REQUEST NO. 36: Please produce all reports showing the number of people injured by APD employees’ use of “less lethal” weapons, including kinetic projectiles (e.g. bean bag rounds, rubber bullets, etc.) For the following periods:

- a. 5/30/2020;
- b. 5/31/2020; and
- c. 6/1/2020 to the present.

ANSWER:

REQUEST NO. 37: Please produce the attendance rosters, deployment reports, time sheets, and any other documents identifying each and every police officer who had access to “less lethal” munitions and who was stationed or responded to the protest outside the Austin police department headquarters on May 30, 2020.

ANSWER:

REQUEST NO. 38: Please produce any documents relied upon by the City to respond to Plaintiff's interrogatories.

ANSWER:

REQUEST NO. 39: Please produce all communications to or from the Office of Police Oversight concerning:

- a. Incidents on May 30, 2020;
- b. Incidents on May 31, 2020; or
- c. Incidents involving weapons dubbed "less lethal" by APD that resulted in any alleged injury for the period January 1, 2015 to the present.

ANSWER:

REQUEST NO. 40: All internal and external communications concerning violations of APD policies by APD officers on May 30, 2020, May 31, 2020 (the date of the protests).

ANSWER:

REQUEST NO. 41: For the period January 1, 2017 to the present unless otherwise specified: please produce all email, text messages, and other communications sent by or received by any secretarial staff, assistants, support staff, or other staff who work in, or report directly to, the Austin Police Department's Office of the Chief of Police concerning:

- a. The dangers of using kinetic projectiles;
- b. The use of kinetic projectiles;
- c. The shooting of any individual who alleges he or she was harmed by a kinetic projectile fired by an APD officer;
- d. Training concerning the use of kinetic projectiles;
- e. Complaints or allegations that an APD officer improperly failed to intervene to stop or mitigate another peace officer's use of force;
- f. Brian Manley's removal or potential removal as APD Chief of Police after May 31, 2020; or
- g. Authorizing or permitting APD officers to fire kinetic projectiles at individuals;
 - i. On May 30, 2020;
 - ii. On May 31, 2020; and
 - iii. After May 31, 2020 to the present.

Respectfully submitted,

Priscilla,

Thank you for responding yesterday. We are going back to our vendor with this information. Can you also tell me – is the production already gathered in native format and would you all be opposed to producing that way?

Subject: RE: Rodriguez: D COA's Supp Emails Production

Hello,

We have double checked and it does not look like any of the files are corrupted. We have gone back to the Box links and all contents are viewable and accessible as required by FRCP. I do not have any expirations set on the links and have not intended to set any. When I click on the emails, they are able to be accessed and are viewable and can be read.

If you would like to send an external hard drive to City Hall for the 8 accounts you listed below, you can certainly do so. You can have someone drop it off to the Receptionist desk on the 4th floor attention to my name. As soon as we can reasonably get to copying the emails then we will let you know once the eight accounts have been loaded and when the external is ready for you to pick up.

Respectfully,

Subject: RE: Rodriguez: D COA's Supp Emails Production

External Email - Exercise Caution

Attention Counsel –

As a follow up to Leigh's email last week requesting native files – we have recently discovered that some of the produced email files we received are corrupted. There are eight (8) folders in Box cloud storage that will not download. Our office and/or our vendor has attempted download on several servers and by several methods, but there is something within the data in these folders that is causing issues in downloading properly. The eight folders represent the following:

1. Mayor (Steve) Adler
2. Kathie Tovo
3. Alison Alter
4. Troy Gay
5. Rey Arellano
6. Spencer Cronk
7. Jennifer Stephenson
8. Brian Manley

At this time, I ask that you please either (1) zip the 8 identified folders and then retry producing to our office, or (2) please consider re-producing the entire email production (24 folders) in native format.

In hopes of completing our review of these files in a timely manner and in preparation of the February trial date, I would appreciate establishing a plan to get complete data by close of business tomorrow. I look forward to hearing back.

Thank you for your attention.

Monte/Gray,

I need to explore the possibility of getting these emails in native format. I assume they were gathered that way before they were pdfed? I am happy to deliver a hard drive to your office for copying. Could you please let me know asap where you stand on being able to work with us on this? I am working with our review vendor on uploading the data and need to be able to confirm what we are working with.

Thank you.

All,

We still do not see that the tracking number has been activated. Please let us know the status right away.

Again, every day of delay is costing us and our clients money. Because you did not respond to our request for native files, we cannot begin our review of the emails until we go through a long “near de-duplication” process. It is imperative that we get the files as soon as possible.

Thank you,

Leigh A. Joseph

Priscilla,

Based on your email below about the files being accessible via Box, I asked Lexbe to do everything they could to get the data. They were able to get all but Manley. That one we are going to need either on a thumb drive or through the SFTP server. I am headed downtown today around lunchtime and will bring you a thumb drive if that is what is needed.

EXHIBIT J

Could you possibly let me know in the next 1-1.5 hours if you will be able to use the SFTP method or if I need to bring the thumb drive?

Again, thank you for understanding our time pressure and working with us.

Leigh,

I didn't realize I would need to download any software to my computer in order to get this link. I have submitted this to our IT people to review it and see if I have the requisite permissions to even download it to my computer. The City's Technology department owns my computer and controls admin privileges.

I will notify you if this method is approved to move forward and when I can reasonably accommodate uploading the files for you. The files are accessible from the Box link and can be read from the BOX link previously provided.

Respectfully,

EXHIBIT J

We have completed set up of the SFTP account on our end. I am attaching two things here for you:

1. The PDF document with the SFTP Setup instructions for you (or your IT) to follow to set it up on your end.
2. A .ppk file. You will need the .ppk file (Key File) for Step 9 in the instructions. The Key File Password will be sent to you via separate email.

Your username (firm name) is **HendlerFloresLaw**. You will need this for Step 4 of the instructions (Page 1) and for Step 8 of the instructions (Page 2).

Please be on the lookout for a 2nd follow up email from me (phearn@lexbe.com) containing your Key File Password needed for Step 12 in the instructions (Page 3).

Please confirm with me by response to this email once you have successfully uploaded the files to the FTP site.

If you have any questions or issues with setting up the FTP, please let me know.

Otherwise, please confirm once you have successfully connected and have uploaded your data.

Best,
Phillip

Alexis, thank you!

Ms. Chavez:

Good afternoon and nice to meet you! I will get the FTP set up and will email you all of the details for accessing the FTP and starting the upload. If possible, it would make the upload go faster if the folder for Adler and Manley to each be zipped up before uploading. That will help to compress the overall size and make it easier to transfer.

I will email everyone with the FTP details and instructions as soon as I have it ready.

Thanks again!

Phillip

Follow Up Flag: Flag for follow up
Flag Status: Flagged

Hello Leigh,

Please see below – answers to your questions:

--gaps in the Bates numbered documents?

The length of the file name only has the beginning of the bates number. The file itself should end where the next bates number starts on the next file. If the file had beginning and ending bates numbers in the name then they would be too long. If there are questions about a particular gap then please ask us for that gap number. We can look at it and see if its something that didn't get loaded. We loaded up to 10k emails per account.

--whether the voicemails referenced in the spreadsheet available to be produced?

They have them. They are in the box link. As to what they are? We don't know. They were not listened to before production. When the email boxes were searched by CTM they may have grabbed all voicemails. Maybe the service Leigh used couldn't convert an audio file to their excel sheet because the audios are there in the box link. We didn't withhold any of them.

--As for larger set of 2,395 documents that contain unknown attachments, with a page "offering that a native file is available without any description".

We don't know. Maybe this is from an excel sheet the service Plaintiffs used to convert a log or something. Without any more specific info we cannot answer.

As you can see in that other screenshot above, there is an excel sheet there. So if an excel sheet was sent as an attachment it was included behind that email.

For a particular bates number, then go to the box link to see if there is an attachment there.

--As for -- determining whether the original .msg files still exist.

We don't have an answer yet. Carol is getting close and should have an answer next week.

Sincerely yours,

-Monte Barton

External Email - Exercise Caution

Monte,

Thank you for your time this morning. The below list is an example where I have the documents arranged by title and it appears some Bates numbers are missing. Just wondering if those documents were sorted out as nonresponsive or what.

Based on our conversation about the files with the page inserted that says "this file is available in native format" I understand that you all will not attempt to introduce any of those files at trial without first producing them to us. I will likely also have a list of some of the native files to ask for after we have furthered our review.

Finally, I understand that you all stand by your method of production, but please let me know what Priscilla is able to determine about whether the original .msg files still exist.

External Email - Exercise Caution

Good afternoon Gentlemen,

I have reached out multiple times to discuss the method by which the city produced the emails and specifically the fact that native files were not produced. I have not received any sort of response to these inquiries from your office. Not only does the PDF format increase the review burden, but more importantly, it breaks the link between messages and their attachments and removes our ability to validate the same. I can't imagine that the City maintains emails in PDF form in the ordinary course of business and see no reason why they should have been produced this way, especially without conference. I have attached another copy of our requests so that you may refresh on what our instructions were for how to produce ESI.

Further, we are seeing quite a few emails in the production set that have us questioning what type of review was done on your end to confirm responsiveness before production. For example, it looks like 531 of the emails produced relate to South by Southwest. Could you please identify what RFP you believe these are responsive to?

I'd like to further discuss these issues with one or both of you in hopes that we can reach a resolution without the necessity of Court intervention. However, if we are unable to confer this week, I will be forced to add this issue to my motion to compel. Please let me know a good time this week for a phone call.

Thank you,

Leigh A. Joseph

Hello,

We have double checked and it does not look like any of the files are corrupted. We have gone back to the Box links and all contents are viewable and accessible as required by FRCP. I do not have any expirations set on the links and have not intended to set any. When I click on the emails, they are able to be accessed and are viewable and can be read.

If you would like to send an external hard drive to City Hall for the 8 accounts you listed below, you can certainly do so. You can have someone drop it off to the Receptionist desk on the 4th floor attention to my name. As soon as we can reasonably get to copying the emails then we will let you know once the eight accounts have been loaded and when the external is ready for you to pick up.

Respectfully,

Priscilla Chavez

External Email - Exercise Caution

Attention Counsel –

As a follow up to Leigh's email last week requesting native files – we have recently discovered that some of the produced email files we received are corrupted. There are eight (8) folders in Box cloud storage that will not download. Our office and/or our vendor has attempted download on several servers and by several methods, but there is something within the data in these folders that is causing issues in downloading properly. The eight folders represent the following:

1. Mayor (Steve) Adler
2. Kathie Tovo
3. Alison Alter
4. Troy Gay
5. Rey Arellano
6. Spencer Cronk
7. Jennifer Stephenson
8. Brian Manley

At this time, I ask that you please either (1) zip the 8 identified folders and then retry producing to our office, or (2) please consider re-producing the entire email production (24 folders) in native format.

In hopes of completing our review of these files in a timely manner and in preparation of the February trial date, I would appreciate establishing a plan to get complete data by close of business tomorrow. I look forward to hearing back.

Thank you for your attention.

Monte/Gray,

I need to explore the possibility of getting these emails in native format. I assume they were gathered that way before they were pdfed? I am happy to deliver a hard drive to your office for copying. Could you please let me know asap where you stand on being able to work with us on this? I am working with our review vendor on uploading the data and need to be able to confirm what we are working with.

Thank you.

Subject: RE: Rodriguez: D COA's Rsp's to P's ROGs

Hello all,

Attached are the Defendant City of Austin's Responses to Plaintiffs ROGs with the signed verification attached.

Also to update that emails for the following persons have been uploaded:

Delia Garza
Joseph Chacon
Alison Alter
Gregorio Casar

Reminder:

In reference to the emails bates labeled COA General Protest Production, due to the time constraints in producing the large volume of requested emails and text messages, Defendant reserves the right to recall any produced document containing emails or text messages which contain material protected by the attorney-client privilege or attorney-work product.

The production can be downloaded from the following Box link. The emails will be continuously uploaded, and we will notify you once they're completely loaded.

Subject: Rodriguez: D COA's Rsp's to P's 3rd RFPs, RFAs, ROGs and Supp Rsp's to RFPs 1-16

All,

Attached are the Defendant City of Austin's Responses to Plaintiff's Third Request for Production (RFP 17-141). Defendant City of Austin is also attaching supplemental responses to Plaintiff's RFPs 1-15, and RFP 16.

Please Note:

In reference to the emails bates labeled COA General Protest Production, due to the time constraints in producing the large volume of requested emails and text messages, Defendant reserves the right to recall any produced document containing emails or text messages which contain material protected by the attorney-client privilege or attorney-work product.

The production can be downloaded from the following Box link. The emails will be continuously uploaded, and we will notify you once they're completely loaded.

The emails for Brent Dupree, Jason Staniszewski, and Kenneth Casaday are completely uploaded. The rest will be supplemented.

From: Martinez, Jacob
Sent: Thursday, June 4, 2020 8:49 AM
To: Muscadin, Farah
Subject: FW: Voice Message from 5209822596
Attachments: Audio_Recording_S1-890684_001_compand.wav

Hi Farah,

This is Jacob Martinez in WPD, I still occasionally receive OPO calls to my desk phone. In the past we determined that this is due to my phone number being so similar (974-2676) to your office number.

-Jacob

IT IS ORDERED that the City of Austin shall supplement answers and responses and remove overruled objections within 10 business days. It is further ordered that the City of Austin:

- identify to which requests for production the specific emails produced are responsive
- cull the production set to identify materials responsive to Plaintiffs' requests
- produce emails in their native .msg format
- produce the document metadata for the emails including Email Author, Email Recipient, Email CC, Email BCC, Email Received Date, Email Sent Date, Email Received Time, Email Sent Time, Email Received Date and Time, Email Sent Date and Time, and Email Importance.

SO ORDERED

SIGNED AND ENTERED this ____ day of _____ 20__.

HONORABLE JUDGE PRESIDING
