

HP Audio

Crystal-clear audio for meetings, media, and more.
AMO Part #X8U72AA

Slice with HP Collaboration Cover
and HP ODD Module

Convert your HP Elite Slice into a speakerphone or a multimedia player with the HP Audio Module, custom-tuned in collaboration with audio experts at Bang & Olufsen.

Pitch perfect.

- Experience 360° stereo sound with bi-directional HP Noise Cancellation, a dual-microphone array with far-field 5-meter range, three speakers, and HP Audio Boost.

No cabling or screws required.

- Snap the Module beneath your HP Elite Slice with a sturdy USB-type connection that provides a simple and clean solution.

Complete, compact collaboration.

- Focus on your meeting instead of unsightly cables when you combine your HP Elite Slice with the HP Audio Module and the touch-enabled HP Collaboration Cover.

Lock it down.

- Securing your solution is simpler than ever with an integrated universal lock slot that allows you to lock your Module and HP Elite Slice together with one cable lock.

Mix and match.

- Create a unique solution for each of your employees when you use the HP Audio Module stacked with your HP Elite Slice and any of the other HP Elite Slice accessories.
