

G-Technology®

G | RAID®

High-Performance Removable Drive Storage System

A high-performance removable dual-drive storage system. Configurable in RAID 0, RAID 1, or JBOD, G-RAID features USB 3.0, eSATA, and FireWire® for ultimate flexibility. G-RAID ships with two removable 7200RPM Enterprise Class drives up to 12TB, complete in an all-aluminum enclosure.

With transfer rates up to 330MB/s, G-RAID easily supports playback of multiple HD video streams. It is the ideal storage solution for video & photo editing with the leading editing applications, or simply for safe-guarding content.

KEY FEATURES

- Two removable Enterprise Class hard drives
- USB, eSATA and FireWire interfaces
- User configurable hardware RAID 0 (Performance) or RAID 1 (Protected) and JBOD
- Aluminum enclosure with smart fan technology for cool and quiet operation
- Formatted for Mac®, and easily reformatted for Windows®

One GB is equal to one billion bytes and one TB equals 1,000 GB (one trillion bytes) when referring to hard drive capacity. Accessible capacity will vary from the stated capacity due to formatting and partitioning of the hard drive, the computer's operating system, and other factors.

Approximations: results will vary based on file size, resolution, compression, bit rate, content, host device, pre-loaded files, and other factors. See www.g-technology.com
