- Automatic thread cutting
- Quick set bobbin and bobbin sensor

Innov-is 700E

For your embroidery needs.

Large embroidery area

The **Innov-is 700E** has a large embroidery area so you can create even bigger and more intricate designs. Express your creative ideas in the large embroidery area.

- 180mm x 130mm embroidery area

Instantly import patterns from Brother Memory Cards

We've made it easy to import embroidery patterns. Just insert a memory card into the **Innov-is 700E** and choose your desired pattern.

- With the optional PE-DESIGN software, you can design your own unique embroidery patterns in a few easy steps. Scan drawings or photos, or use clip art images and transform them into embroidery.

Wide variety of built-in embroidery patterns

Start embroidering right away with any of the 136 built-in embroidery patterns found on the **Innov-is 700E**. Choose from a range of florals, animals, seasonal designs and much more.

- 136 built-in embroidery designs

Patterned frame shapes

Put the finishing touch to your embroidery with an elegant frame. Choose from 10 frame shapes and 12 border styles. Combine with lettering to create an elegant monogram (shown below).

LCD touch screen

Manage all the functions with a simple touch of the easy-to-read LCD display.

On-screen editing

Powerful editing features include layout, pattern rotation in 1 degree increments, mirror imaging and scaling.

Built in Font styles

Built-in font styles make it easy for you to personalize all your sewing and embroidery projects.

- Choose from 6 fonts styles
- Available in 3 sizes

Quick-set bobbin

Just drop in a full bobbin and you're ready to go.

The **Innov-is 700E** has a lower bobbin sensor which will warn you when the bobbin is running low.

- Quick set bobbin
- Lower bobbin sensor

Compatible with other manufacturers thread

In addition to the Brother thread chart, the **Innov-is 700E** recognises threads from three manufacturers. When your pattern asks for a particular colour thread, just select the name of your manufacturer's thread from the information displayed on the touch screen LCD and the corresponding colour will be displayed.

- Built-in competitor thread charts

Innov-is
700E

Easy threading

Deluxe system automatically threads the needle.

**Large embroidery area
180mm x 130mm**

More space for even bigger designs.

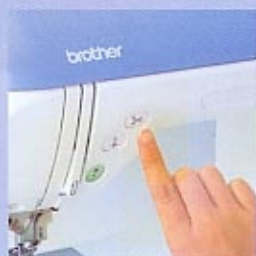

136 built-in embroidery patterns

Delicate scrollwork, intricate florals, classic quilt patterns and more are ready for you to embroider.

Thread sensor for upper thread

The NV700E has an upper thread sensor that warns you when the upper thread is broken or run out.

Trimmer button

Automatically cuts the top and bottom threads.

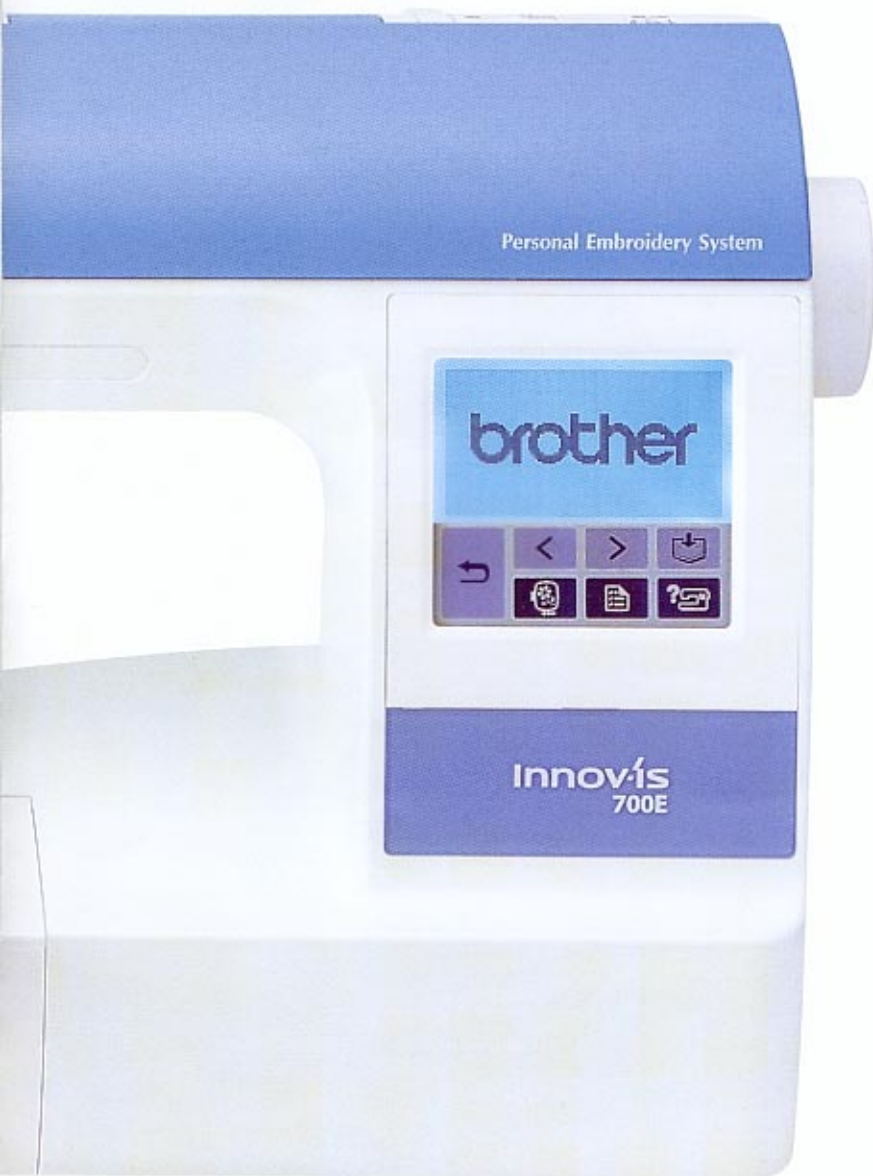

Needle position button

Raises or lowers the needle.

Start/stop LED button

Red/green lights indicate when the machine is ready to sew.

Memory card slot

Instantly transfers embroidery patterns from memory card to your machine.

LCD touch-screen

- Embroidery editing
 - rotating 1°, 10° or 90°
- Built-in tutorials
- Customised settings
- Available in 15 languages
