

**CITY MANAGER'S REPORT  
JULY 9, 2018, CITY COUNCIL REGULAR MEETING**

**ITEM:** **VALIDATE THE JUNE 20, 2016 FINDING OF ADEQUATE PROGRESS IN THE MOSSDALE TRACT AREA**

**RECOMMENDATION:** **Adopt a Resolution, Acting as the Land Use Agency, Validating the June 20, 2016, Urban Level of Flood Protection (ULOP) Finding of Adequate Progress in the Mosssdale Tract Area (Formally referred as Reclamation District 17 Basin)**

---

**SUMMARY:**

Senate Bill 5 (SB5), and related companion bills created a new requirement for certain land use decisions made by cities and counties in the California Central Valley. Prior to approving discretionary land use decisions for non-residential projects, and prior to approving ministerial land use decisions (building permits) for new residential buildings, land use agencies are required to make findings related to the provision of 200-year or Urban Level of Flood Protection (ULOP). In order to comply with this requirement and remain consistent with Department of Water Resources (DWR) Guidance regarding how cities can adhere to the requirement, the City needs to make findings of Adequate Progress toward the provision of Urban Level Flood Protection 200-year flood protection.

On June 20, 2016, and on June 5, 2017, City Council approved an Adequate Progressing Finding Report (APR) toward provision of 200-year ULOP in RD 17 Levee area. This allowed the City of Lathrop to continue to issue, within Reclamation District 17, discretionary permits to commercial and industrial uses, and ministerial permits (building permits) for new residential homes for a limited period subject to ongoing validation of that finding. One of the ongoing requirements is to annually report to the Central Valley Flood Protection Board on the efforts in working toward completion of the flood protection system.

Based on the approval by San Joaquin Area Flood Control Agency (SJAFCA) of the 2018 Annual Adequate Progress Report Update (Attachment B) for a 200-Year Urban Level of Flood Protection in the Reclamation District 17 basin (hereinafter referred to as the Mosssdale Tract Area) by the Year 2025, staff requests that the City Council adopt a resolution validating prior findings of Adequate Progress made by the City on June 20, 2016. This would allow the City of Lathrop to continue to issue, within the Mosssdale Tract, discretionary permits to commercial and industrial uses, and ministerial permits (building permits) for new residential homes through 2019.

**BACKGROUND:**

The California Department of Water Resources developed certain guidance and ULOP criteria in response to requirements outlined in the Central Valley Flood Protection Act of 2008, enacted by SB5 in 2007 and amended by subsequent legislation (2007 California Flood Legislation). DWR developed the ULOP criteria to assist affected cities and counties within the Sacramento-San Joaquin Valley, in making the findings

**CITY MANAGER'S REPORT**  
**JULY 9, 2018 CITY COUNCIL REGULAR MEETING**  
**VALIDATE THE JUNE 20, 2016 FINDING OF ADEQUATE PROGRESS**

related to an ULOP before approving certain land use entitlements in accordance with the 2007 California Flood Legislation.

The existing RD 17 levees currently do not meet the updated DWR urban levee design criteria (ULDC) standards adopted by DWR in May 2012, and the existing levees are not currently certified to provide 200-year protection. Accordingly, the land use agencies within the RD 17 district boundaries, in coordination with RD 17, are jointly pursuing efforts to achieve ULOP by 2025.

In June 2016 and 2017, Larsen Wurzul & Associates (LWA) prepared the "RD 17 Area: Adequate Progress Report for Urban Level of Protection" (APR). The APR served as a strategic plan describing and outlining the steps that the Local Flood Management Agency (LFMA) and the land use agencies in the RD 17 basin (hereinafter referred to as the Mossdale Tract Area) are taking to generate the local funding necessary to advance and ultimately implement 200-year levee improvements in accordance with the requirements of Senate Bill 5 (2007) (SB 5).

This 2018 Annual Adequate Progress Report Update (Attachment C), in combination with other documentation submitted by SJAFCA as the LFMA, is intended to continue to support the requirements of Government Code Section 65007 (a)(5). "The local flood management agency shall annually report to the CVFPB on the efforts in working toward completion of the flood protection system."

As noted above, it is also intended that this report may be referenced by all of the Land Use Agencies in the Mossdale Tract Area (specifically the Cities of Lathrop, Manteca, and Stockton, as well as San Joaquin County) in making new or validating findings related to approval of development projects that rely on the Adequate Progress Findings where such a finding is applicable.

The June 2016 APR described several aspects including:

- The requirements set forth by SB 5 and ULOP;
- The requirements of Land Use Agencies in making findings related to Adequate Progress toward ULOP, and, more specifically;
- The approach the LFMA in the Mossdale Tract Area is taking with respect to compliance with the guidance provided by the California Department of Water Resource in support of the Land Use Agencies' maintenance of findings of Adequate Progress.

In addition, the 2007 California Flood Control Legislation required the LFMA to:

- Report annually to the Central Valley Flood Protection Board on the status of the progress toward completion of the flood protection system, and
- Validate that the adequate progress finding is still effective.

The 2018 Annual Adequate Progress Report Update was prepared to satisfy the above requirements so that the City of Lathrop, as a Land Use Agency, may rely on the prior findings of Adequate Progress.

Previously, the Cities of Lathrop and Manteca, as well as Reclamation District 17 comprised the LFMA, and these agencies have been reporting the status of ULOP for the Mossdale Tract Area to the CVFPB. With the recent modification of SJAFCA's membership, SJAFCA has taken over the role of LFMA Mossdale Tract for the Area,

**CITY MANAGER'S REPORT**  
**JULY 9, 2018 CITY COUNCIL REGULAR MEETING**  
**VALIDATE THE JUNE 20, 2016 FINDING OF ADEQUATE PROGRESS**

and this report is now being submitted to support all land use agencies within the Mossdale Tract Area.

Prior to January 2018, SJAFCA's membership consisted of the City of Stockton, San Joaquin County and the San Joaquin County Flood Control and Water Conservation District (SJCFCWCD). Effective January 1, 2018, the Joint Exercise of Powers Agreement (JEPA) establishing SJAFCA was amended to include the Cities of Lathrop and Manteca and remove SJCFCWCD. This action was taken by all of the members of the new SJAFCA organization as part of the plan to achieve ULOP.

**REASON FOR RECOMMENDATION:**

Approval by SJAFCA of the 2018 Annual Adequate Progress Report Update for a 200-Year ULOP for Mossdale Tract area, and submission by SJAFCA of this report to the CVFPB allows the City of Lathrop, as a Land Use Agency, to rely on the prior findings of Adequate Progress. This would then allow the City of Lathrop to continue to issue, within the Mossdale Tract Area, discretionary permits to commercial and industrial uses, and ministerial permits (building permits) for new residential homes while the City continues to make progress toward establishing ULOP 200-year flood protection by the year 2025.

**FISCAL IMPACT:**

To date, all technical reports have been funded by the Cities of Lathrop and Manteca and our development community. The intent is that these fronted costs will be reimbursed by the properties ultimately benefitted by the 200-year ULOP flood protection, including benefitted properties within Lathrop, Manteca, Stockton and the unincorporated area of SJC. The future cost will be provided by outside funding sources identified in the 2018 Annual Adequate Progress Report Update.

**RESOLUTION NO. 18-**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LATHROP, ACTING AS THE LAND USE AGENCY, VALIDATING THE JUNE 20, 2016, URBAN LEVEL OF FLOOD PROTECTION (ULOP) FINDING OF ADEQUATE PROGRESS IN THE MOSSDALE TRACT AREA (FORMALLY REFERRED AS RECLAMATION DISTRICT 17)**

**WHEREAS**, Senate Bill 5 (SB5), and related companion bills, created a new requirement for certain land use decisions made by cities and counties in the California Central Valley; and

**WHEREAS**, prior to approving discretionary land use decisions for non-residential projects, and prior to approving ministerial land use decisions (building permits) for new residential buildings, land use agencies are required to make findings related to the provision of of 200-year or Urban Level of Flood Protection (ULOP); and

**WHEREAS**, on June 20, 2016 and on June 5, 2017, City Council approved an Adequate Progressing Finding Report (APR) toward provision of 200-year ULOP in RD 17 Levee area; and

**WHEREAS**, this allowed the City of Lathrop to continue to issue, within RD 17, discretionary permits to commercial and industrial uses, and ministerial permits (building permits) for new residential homes for a period of 10 years' subject to ongoing validation of that finding; and

**WHEREAS**, effective January 1, 2018, the Joint Exercise of Powers Agreement (JEPA) establishing San Joaquin Area Flood Control Agency (SJAFCA) was amended to include the Cities of Lathrop and Manteca and remove San Joaquin County Flood Control and Water Conservation District (SJCFCWCD); and

**WHEREAS**, with the recent modification of SJAFCA membership, SJAFCA has taken over the role of Local Flood Management Agency (LFMA) for the Mossdale Tract Area and this report is now being submitted to support all land use agencies within the Mossdale Tract Area; and

**WHEREAS**, based on the approval by SJAFCA of the 2018 Annual Adequate Progress Report Update (Exhibit A of Attachment A) for a 200-Year Urban Level of Flood Protection in the Reclamation District 17 basin (hereinafter referred to as the Mossdale Tract Area) by the Year 2025, staff requests that the City Council adopt a resolution validating prior findings of Adequate Progress made by the City on June 20, 2016.

**NOW, THEREFORE, BE IT RESOLVED**, that the City Council of the City of Lathrop, acting as the land use agency, hereby validates and reaffirms the June 20, 2016, finding of Adequate Progress toward providing a 200-year Urban Level of Flood Protection in Reclamation District 17 by the year 2025, included as Attachment B to the July 9, 2018 staff report ("Adequate Progress Finding"); and

**BE IT FURTHER RESOLVED**, based upon the hereby referenced and incorporated substantial evidence in the record that the City Council of the City of Lathrop hereby validates and affirms that the Adequate Progress Finding adopted, pursuant to SB 5 and its companion legislation, shall serve as the Adequate Progress Finding for the City of Lathrop's approval of any and all discretionary permits and approvals issued pursuant to State Planning and Zoning Law, the California Subdivision Map Act, and Development Agreement Law to any commercial and industrial uses, and any and all ministerial permits (building permits) for new residential homes for a period of 10 years' subject to ongoing validation of that finding, as applied to urban development in Reclamation District 17 which urban development is approved in accordance with local and State laws; and

**BE IT FURTHER RESOLVED**, based upon the hereby referenced and incorporated substantial evidence in the record, hereby and above referenced reports and all documents comprising the record of proceedings, affected land use decisions for development in Mossdale Tract Area will have 200-year flood protection by 2025.

**PASSED AND ADOPTED** by the City Council of the City of Lathrop this 9<sup>th</sup> day of July 2018, by the following vote:

AYES:

## Overview & Context

---

Larsen Wurzel & Associates, Inc. (LWA) has been engaged by the San Joaquin Flood Control Agency (SJAFCA), the Local Flood Management Agency (LFMA) for the Mossdale Tract Area (the Area), to prepare the Annual Report on Adequate Progress toward the achievement of an Urban Level of Flood Protection (ULOP) within the Mossdale Tract Area. Previously, the Cities of Lathrop and Manteca, as well as Reclamation District 17 (RD 17) comprised the LFMA and these agencies have been reporting status of Adequate Progress for the Mossdale Tract Area to the Central Valley Flood Protection Board (CVFPB). With the recent modification of SJAFCA's membership, SJAFCA has taken over the role of LFMA for the Area and this report is now being submitted to support all land use agencies within the Mossdale Tract Area.

Prior to January 2018, SJAFCA's membership consisted of the City of Stockton, San Joaquin County and the San Joaquin County Flood Control and Water Conservation District (SJCFCWCD). Effective January 1, 2018, the Joint Exercise of Powers Agreement (JEPA) establishing SJAFCA was amended to include the Cities of Lathrop and Manteca (reference **Appendix A**). This action was taken by all the members of the new SJAFCA organization as part of the plan (described further within this report<sup>1</sup>) to achieve ULOP.

In June 2016, LWA prepared the "RD 17 Area: Adequate Progress Report for Urban Level of Protection" (APR). The APR served as a strategic plan describing and outlining the steps that the LFMA and the land use agencies in the RD 17 basin (hereinafter referred to as the Mossdale Tract Area) are taking to generate the local funding necessary to advance and ultimately implement 200-year levee improvements in accordance with the requirements of Senate Bill 5 (2007) (SB 5). The APR described several aspects including:

- The requirements set forth by SB 5 and ULOP;
- The requirements of Land Use Agencies in making findings related to Adequate Progress toward ULOP, and, more specifically;
- The approach the LFMAs in the Mossdale Tract Area were taking with respect to compliance with the guidance provided by the California Department of Water Resource (DWR) in support of the Land Use Agencies' maintenance of findings of Adequate Progress.

### ***Land Use and Local Flood Management Agency Requirements for Maintaining Findings of Adequate Progress toward ULOP***

Adequate Progress has been defined by the 2007 California Flood Legislation (see Government Code §65007(a)) as:

- The development of the scope, schedule, and cost to complete flood protection facilities;
- Documentation that revenues have been identified to support implementation of the flood protection facilities;
- Evidence that critical features of the flood protection facilities are under construction and progressing;

---

<sup>1</sup> Reference the **Governance Approach to Funding & Implementation** section (Page 12) of this report.

- The city or county has not been responsible for a significant delay in the completion of the system; and
- The LFMA has provided DWR and the CVFPB information to determine substantial completion of the required flood protection.

Regarding the last bullet, the LFMA must annually document:

- That the total project scope, schedule, and cost of the completed flood protection system have been developed to meet the appropriate standard of protection;
- That 90% of the required revenue scheduled to be received by that year have been appropriated and are being expended;
- Critical features of the flood protection system are under construction and each critical feature is progressing as indicated by the actual expenditures of the construction budget; and,
- The City or County has not been responsible for a significant delay in the completion of the system.

In addition, the 2007 California Flood Control Legislation requires the LFMA to report annually to the CVFPB on the status of progress toward completion of the flood protection system.

*This **2018 Annual Adequate Progress Report Update** is intended to satisfy the annual reporting requirements of the LFMA for reference by the Land Use Agencies in the Mossdale Tract Area in their ULOP findings.*

### **Mossdale Tract Area Approach to ULOP**

An APR was prepared in June 2016 by the Cities of Lathrop, Manteca and RD 17 to provide information for the Cities and County located within the Mossdale Tract Area, for their reference in support of their respective ULOP findings for land use decisions within the Mossdale Tract Area. The following describes the evidentiary conclusions from the 2016 APR, based on DWR's ULOP criteria (collectively the ULOP Criteria EVD-3<sup>2</sup>):

- A report prepared by the LFMA demonstrating Adequate Progress as defined in California Government Code Section 65007(a).
  - *The APR prepared in June 2016 in combination with other documentation prepared by the Land Use Agencies demonstrated adequate progress.*
- A report prepared by a Professional Civil Engineer registered in California to document the data and analyses for demonstrating the property, development project, or subdivision will have an Urban Level of Flood Protection at the time when the flood protection system is completed.
  - *The LFMA requested that a team of Professional Engineers led by Peterson Brustad, Inc. (PBI) in coordination with their subconsultants, Kjeldsen, Sinnock & Neudeck Inc. (KSN) and ENGEO prepare the required report. Their report, dated March 22, 2016, compiled under a Cover Memorandum titled "Urban Levee Design Criteria (ULDC) Evaluation of the RD17 Levee" met the requirement at that time.*
- A report by an Independent Panel of Experts (IPE) on the review of the report prepared by the Professional Civil Engineer.

<sup>2</sup> Reference page 2-10 within the ULOP Criteria, November 2013.

- *An IPE consisting of Robert Pyke, Edwin Hultgren, and Thomas Plummer was engaged to review the Engineer's Report. The panel's report dated May 24, 2016 titled "Independent Review of Urban Levee Design Criteria Evaluation, March 2016" fulfilled this requirement.*
- A response by the Professional Civil Engineer to the comments from the IPE.
  - *PBI, author of the documents reviewed by the IPE responded in a letter addressed to Mr. Glenn Gebhardt and Mr. Kevin Jorgensen dated June 3, 2016. Mr. Dave Peterson, P.E. of PBI prepared the response. This letter fulfilled this requirement.*
- An annual report prepared by the LFMA, submitted to the CVFPB documenting the efforts in working toward completion of the flood protection system.
  - *The June 2016 APR, in combination with additional materials prepared by the acting LFMA, supported the evidentiary requirements of Adequate Progress. The APR addressed how the flood protection system that will provide an ULOP will be funded and financed. The APR report described the proposed funding mechanisms, the approach and schedule for their implementation, and the projected revenues identified to support implementation of the flood protection system.*

The CVFPB, on October 25, 2016, acknowledged receipt of the evidentiary documentation including the APR and indicated that the, "submittal sufficiently complies with the statutory requirements of California Government Code Section 65007(a)". The CVFPB indicated that their compliance letter was valid through September 30, 2017 and that future year's evaluations would be based upon review of annually submitted documents.

On August 10, 2017, the City of Lathrop acting as the LFMA and on behalf of the Cities of Lathrop and Manteca, transmitted the first annual update of the APR, the **2017 Adequate Progress Report Update**, June 2017. In response to the submission of that report, CVFPB staff requested that the City of Lathrop prepare an Adequate Progress Submittal Form which was completed and submitted to the CVFPB on Thursday November 2, 2017 to CVFPB staff.

*This **2018 Annual Adequate Progress Report Update** is intended to continue to address the requirements of Government Code Section 65007 (a)(5). "The local flood management agency shall annually report to the CVFPB on the efforts in working toward completion of the flood protection system."*

*As noted above, it is also intended that this report, in combination with any other required documentation pursuant to SB5 and DWR's associated ULOP Guidance, may be referenced by all of the Land Use Agencies in the Mossdale Tract Area (specifically the Cities of Lathrop, Manteca, and Stockton, as well as San Joaquin County) in making new or validating findings related to approval of development projects that rely on the Adequate Progress Findings where such a finding is applicable.*

## **Adequate Progress toward ULOP**

---

The existing RD 17 levees protecting the Mossdale Tract Area do not meet the updated DWR ULDC standards adopted in May 2012, and the existing levees are not currently certified to provide 200-year protection. Accordingly, SJAFCA and RD 17 are pursuing efforts to achieve ULOP by 2025.

The LFMA's plan for flood protection through the year 2025 consists of two components: (1) RD 17's ongoing Levee Seepage Repair Project (LSRP) and (2) SJAFCA Levee Improvements to achieve ULDC 200-year requirements (the Project).

The Project, as described in 2016 previously consisted of a Fix-In-Place Levee Improvement Project and an extension of the existing dryland levee in Manteca. A review of the (i) project scope, (ii) project schedule, and (iii) the cost of the completed flood protection system, all as proposed in 2016, demonstrates that they were developed to meet the appropriate standard of protection based on information known at that time. During this last year information has been shared by the State of California regarding potential changes in hydraulics and hydrology due to climate change. As discussed further below, the City of Lathrop and SJAFCA are currently advancing a Feasibility Study funded by State of California under its Urban Flood Risk Reduction (UFRR) program. As part of the UFRR study already underway, that information is being considered to determine what changes, if any, need to be made to the proposed project to ensure that it continues to meet the appropriate standard of protection. Due to the incomplete status of the UFRR study, a new determination that the project meets the appropriate standard of protection will need to be made in conjunction with the 2019 Adequate progress Report. For the purposes of this analysis, it is assumed that the Project will provide 200-year flood protection for the Mossdale Tract Area.

### ***Critical Features of the Flood Protection System are Under Construction and Each Critical Feature is Progressing***

RD 17, with funding from the issuances of multiple series of bonds secured by assessment revenues and a funding agreement with DWR, is currently constructing the LSRP improvements.

Since June 2016 (the time the APR was completed), a cumulative total of approximately \$7.9 million of LSRP improvements (an additional \$1.5 million since June 2017) have been completed including the construction of seepage berms during and after the storms of February 2017. In addition, the RD 17 Levee Area Public Financing Authority, a Joint Powers Authority (JPA) set up by agencies in the RD 17 Basin, issued \$20.85 million of bonds in 2017 to both refinance a prior financing from 2009 and to generate additional net new proceeds for flood control improvements of \$6.531 million. These funds have been utilized by RD 17 to continue to advance the LSRP over the last 12 months. Remaining work on the LSRP is progressing through the regulatory review process and is now scheduled to resume construction in the Spring of 2019. The projections included within this APR have been revised in light of the slower regulatory process, relative to the 2017 APR, to reflect the updated schedule for the completion of the LSRP.

As noted in the APR from June 2016, the prior LFMA completed preliminary investigations and preliminary design for additional enhancements needed to improve the levees consistent with the ULDC. This effort resulted in the preparation of the required ULOP EVD-3 documentation. Specifically, Lathrop and Manteca, in coordination with RD 17, prepared an Engineer's Report that details the project scope, schedule, and budget. This information is incorporated into this report by reference to PBI's March 22, 2016 ULDC Evaluation of the RD 17 Levee (the Engineer's Report). The Engineer's Report includes an identification of the approved and pending features of the LSRP that are currently under construction as well as a description of the phasing of the project.

Since June 2016, the City of Lathrop secured a commitment of \$5.0 million from DWR under the UFRR Program and has subsequently executed a funding agreement with DWR to first fund a feasibility analysis of a focused array of alternatives which address state estimates of climate change through 2040 (which is scoped to cost \$667,000) and then provide the remaining funds to advance environment review (California Environmental Quality Act [CEQA] Analysis) and preliminary design of an initial phase of the preferred alternative. As of the date of this 2018 Annual APR Update, the feasibility study portion of the scope of work is well underway and is expected to be completed in the fall of 2018. Further, as part of the re-organization of SJAFCA to become the LFMA for the Mossdale Tract Area, the City of Lathrop, SJAFCA, and DWR have agreed to transition the local sponsorship of the study from Lathrop to SJAFCA. This effort could lead to a different array of elements to a better project for the region, with the corresponding additional funding requirements for the design and implementation of the Project beyond what were identified in the 2016 Engineer's Report.

### ***Summary of Scope, Schedule & Cost***

The 2016 Engineer's Report identified two projects. These projects are listed below and, when fully implemented, will meet the objective of 200-Year ULOP for the RD 17 Basin for 2015 climate conditions. These projects include;

1. RD 17 LSRP

RD 17 is implementing the LSRP in three phases as listed below:

- a. Phase 1 (Completed 2008-09)
- b. Phase 2 (Completed 2009-11)
- c. Phase 3 (Construction Commenced 2016 - Completion scheduled in 2021)

2. SJAFCA Project<sup>3</sup>

The LFMA is pursuing the Project as Phase 4 which includes all the following outlined steps:

- a. ULDC engineering analysis and identification of deficiencies (completed March 22, 2016)
- b. Design and environmental evaluation of levee improvements to cure ULDC deficiencies

---

<sup>3</sup> Throughout this report the Phase 4 Project was formerly known as the "Fix-In-Place" Project and included the extension of the RD 17 dryland levee.

- c. Implement levee improvements to cure ULDC deficiencies

**Schedule**

The following schedule of milestones provides the LFMA’s updated current plan to implement the levee improvements by 2025. In addition, the Project Funding and Financing Approach outlines key milestones for implementation of the various funding mechanisms identified to support the revenue and financing requirements for the Project implementation.

<b>Activity</b>	<b>Completion<sup>4</sup></b>
<u>Phase 3: RD 17 LSRP</u>	12/31/2021
<u>Phase 4: Project</u>	
Engineering Design	12/31/2020
Environmental Documentation	6/31/2020
Permitting	12/31/2020
Right of Way Acquisition	10/10/2022
Construction	6/1/2025

**Total Program Costs**

**Table 1** presents the total costs for the LSRP and SJAFCA Projects. The total estimated design, permitting, and construction project costs in 2016 dollars is **\$207.1 million**. This number has been updated with this 2018 Annual APR Update to reflect increased costs related to the LSRP.

---

<sup>4</sup> The Completion schedule for the LSRP has been updated to reflect a 2021 completion with this 2018 APR.

**Table 1**  
**Mossdale Tract: 2018 Adequate Progress Report**  
**Program Cost Summary**

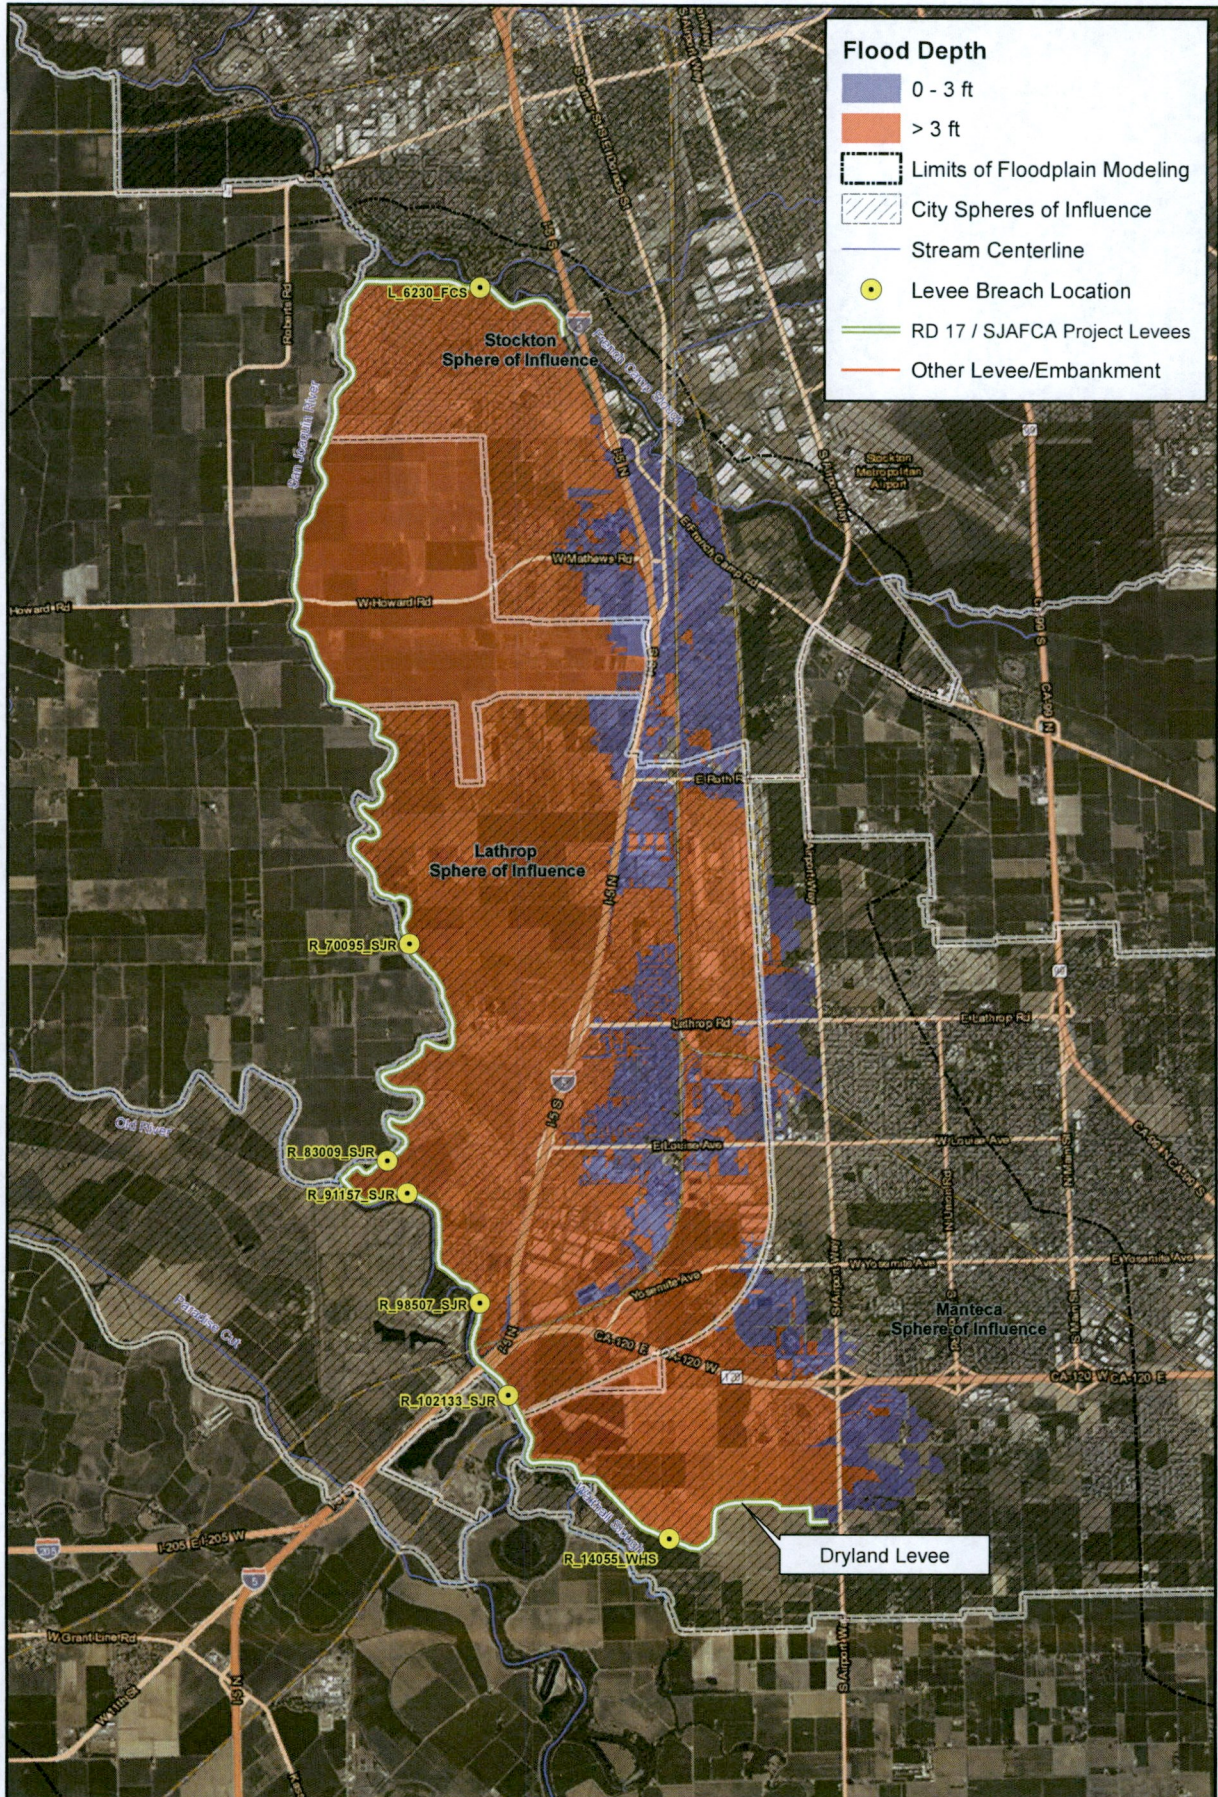

<b>Project Phase</b>	<b>Total Project Costs 2016\$</b>
LSRP Phase 1	\$2,866,307
LSRP Phase 2	\$10,114,560
LSRP Phase 2 - Parks	\$2,557,561
LSRP Phase 3	\$54,149,689
SJAFCA Project	\$137,381,000
<b>Total Cost</b>	<b>\$207,069,117</b>

## **Applicable Geographic Area Reliant on Adequate Progress Report**

---

As noted in the APR and in the 2017 Annual Update, the Adequate Progress Report applies to development afforded ULOP within the Mossdale Tract Area once the Project is complete. **Figure 1** shows the results of PBI's hydraulics analysis included as part of the Engineer's Report. The overall area removed from the floodplain as a result of the completion of the LSRP and SJAFCA's Projects is shown as the combined red and blue areas in **Figure 1**. More specifically, the area with greater than three-foot flood depths that would be subject to SB 5 development restrictions without the completion of the LSRP and SJAFCA Projects is shown in red.

**Flood Depth**

## Project Funding and Financing Approach

---

In accordance with SB 5, the APR provides documentation that revenues have been identified to support implementation of the flood protection facilities. The following discussion restates and, where applicable, updates the revenue sources identified for the projects.

RD 17 has been advancing the LSRP since 2008 with the formation of the Reclamation District No. 17 (Mossdale Tract) Assessment (RD 17 Assessment) and funding from DWR's Early Implementation Program (EIP). These two revenues sources remain in place to fund the LSRP.

In order to fund the Phase 4 Project, the LFMA identified the following funding sources for the design, environmental review, permitting, and construction of ULOP improvements. In summary, the near-term potential funding sources include:

- Net revenues from the existing RD 17 Assessment
  - It is expected that some net revenues (after debt service, RD 17 operation and maintenance [O&M] expenses and pay-as-you-go funding for the final construction of the LSRP) will be available to fund the Fix-In-Place project.
- A new Regional SJAFCA 200-Year Development Impact Fee (DIF)
  - A new DIF would be paid by property owners developing property within the 200-year floodplain. It is expected that some of the property already entitled and planned for development within the basin that will benefit from the ULOP may advance fund some of the development project's DIF obligations with the expectation that advance funding will be creditable toward the project's ultimate fee obligation via a fee crediting arrangement. A new Regional DIF is expected to be established by December 2018.
  - Prior to the establishment of a regional DIF as described above, the Cities of Lathrop and Manteca adopted Interim DIF programs that established funding obligations for any new development project within the 200-year floodplain within the respective Cities for ULOP projects. These fee programs were adopted in February 2017 and copies of the ordinances adopted by the Cities are included in **Appendix B** to this 2018 Annual APR Update. It is expected that when SJAFCA's regional development fee program is in place, it would supplant these Interim Fee Programs.
- A new Special Benefit Assessment District
  - A new special benefit Overlay Assessment district (OAD) would levy assessments or taxes on the properties (parcels) directly receiving flood damage reduction benefit from the construction and long-term O&M of the Project. With the reorganization of SJAFCA, it is now expected that SJAFCA would be the entity imposing this proposed Special Benefit Assessment. The next step is for SJAFCA to qualify a consultant to prepare the requisite Assessment Engineer's Report and administer the legislative processes required by Proposition 218 and

the underlying statutory authority for the imposition of the assessment. SJAFCA expects to select this consultant before September 2018.

- A new Enhanced Infrastructure Financing District (EIFD)
  - A new EIFD would capture a portion of the growth in general property taxes and dedicate the revenue toward the construction of the Project. This revenue, in conjunction with the new Special Benefit Assessment or Special Taxing District revenues could be pledged to the repayment of bonds, the proceeds of which could fund construction of the Project. SJAFCA expects to further evaluate the need for this funding after the completion of the UFRR Feasibility Study.

### ***Governance Approach to Funding & Implementation***

To facilitate the funding and implementation of the Phase 4 Project, the Cities of Lathrop and Manteca commissioned a governance evaluation. The original APR outlined the governance structure that existed at the time in the RD 17 Basin for implementing the LSRP and outlined the entities that would be needed to support the implementation of the Phase 4 Project. The governance evaluation was completed in late 2017 and ultimately resulted in the reorganization of SJAFCA. SJAFCA is now the LFMA and Funding Entity, for the Mossdale Tract Area. SJAFCA now fulfills several distinct governance structures that were previously identified and evaluated to support the implementation, funding, and financing of the project as detailed further below:

#### **Implementing Entity: SJAFCA**

The cities of Lathrop, Manteca, Stockton, as well as San Joaquin County and the San Joaquin County Flood Control and Water Conservation District entered into a new JEPA that allows SJAFCA to be the entity responsible for implementing the Phase 4 Project. SJAFCA will directly, or through contract, provide for the design, permitting, environmental review, rights of way, and construction of the Phase 4 Project improvements. SJAFCA will also pursue grant funding to defray a portion of the local cost of implementing Phase 4 Project improvements. SJAFCA directly holds the powers and authority to implement the Project.

**Funding Entities:** Two Funding entities are currently proposed to fund the Phase 4 Improvements. SJAFCA and, if needed, a new Enhanced Infrastructure District Public Financing Authority.

SJAFCA will coordinate the funding and provide the authority to impose a new benefit assessment that will extend beyond the jurisdictional boundaries of the current RD 17 benefit assessment. SJAFCA will also be responsible for facilitating the imposition of and administering a new Regional DIF. As previously noted, SJAFCA will also be tasked with pursuing future State funding from DWR and Federal funding through the U.S. Army Corps of Engineers (USACE).

A new Enhanced Infrastructure District Public Financing Authority would need to be established as a Public Financing Authority pursuant to EIFD Law in order to govern the new proposed EIFD. SJAFCA

would play a significant role as the entity that would be the recipient of the funding generated by the proposed EIFD. Pursuant to EIFD Law, San Joaquin County would initiate the process of formation by a resolution and direct the preparation of an Infrastructure Financing Plan. The Plan would describe the amount of funding to be provided by each participating taxing entity member of the future Public Financing Authority that will ultimately govern the EIFD. The Plan would need the consent of all entities agreeing to an amount of tax increment to be provided by the entity.<sup>5</sup>

The EIFD Public Financing Authority would have the powers and authority to implement the Tax Increment Financing Program including the collection and leveraging of future tax increment dedicated by participating taxing entity member agencies to the Phase 4 Project. As the LFMA, it is expected that SJAFCA would be the primary entity studying, evaluating, and advancing the EIFD effort going forward.

**Financing Entity:** In order to facilitate the financing of the Phase 4 Project, new bonds would need to be issued and sold to generate the necessary funds to construct the improvements. The existing RD 17 Levee Area Public Financing Authority that previously issued bonds secured by RD 17 Assessment revenues could facilitate the issuance of bonds for this purpose. As an alternative, SJAFCA could also issue the bonds as well. Any new bonds issued would be secured by a combined pledge of revenues from the new OAD and EIFD.

Efforts to facilitate implementation of the identified funding programs within the APR are already underway. In November 2016, the Cities of Lathrop and Manteca authorized a contract with LWA to assist with detailed evaluation and implementation efforts of the funding and financing plan identified in the APR. This contract has since been transferred to SJAFCA as the LFMA. The tasks included within the contract scope of work of that relate to the establishment of a governance structure supporting the funding and finance plan include:

- *Interim and Regional DIF Program*
  - To support the implementation of an Interim Development Impact Fee Program, LWA prepared an AB 1600 Nexus Study to serve as the legal and financial basis of collecting fees in Lathrop and Manteca. LWA's work entailed: 1) determining the amount of new and existing development that will be subject to the fee program over the anticipated program term; 2) determining the costs of facilities eligible for funding through the program; 3) distribution of those costs to each of the land use categories in order to calculate the fees; 4) preparation of a nexus study to document the required findings; and 5) supporting the legislative process required prior the collection of the fee by the Cities.
  - LWA is currently preparing a new Regional DIF Nexus Study for adoption by SJAFCA. As noted above, it is expected that SJAFCA will consider adoption of the regional DIF by December 2018.

---

<sup>5</sup> An EIFD may not include the Tax Increment from any portion of a former redevelopment project area that is committed to outstanding successor agency obligations. There is at least one redevelopment agency (or successor agency) covering a portion of the Mossdale Tract Basin. SJAFCA will need to assess the implications of any remaining successor agency obligations on the availability of funds for the EIFD Public Financing Authority's use.

LWA will also support the development and adoption of collection agreements between SJAFCA and the local agencies collecting the DIF.

- *Advance Funding and Fee Crediting Program Support*

In order to secure the level of funding needed to advance the Project described in the APR, funding is needed from development interests within the Mossdale Tract Area that benefit from the Project's implementation. Development interests in the basin have been advancing this needed funding through the land use agencies (SJAFCA's) members. It is expected that SJAFCA will adopt a set of policies and procedures in order to afford crediting against the contemplated Regional DIF. Ultimately the fee credits would be redeemed upon the development's construction in the future. LWA is under contract with SJAFCA to assist with the development, implementation, and administration of an Advance Funding and Fee Credit Program.

- *Overlay Assessment District Support*

LWA will support the execution of the activities and analyses needed to support the implementation of a new OAD that, in combination with a new EIFD, will help generate the funding needed to finance the final design and construction of the Project. As noted above, it is expected that LWA will scope and develop a Request for Proposal (RFP) for an Assessment Engineer before September 2018.

- *Enhanced Infrastructure Financing District Coordination*

The last mechanism identified in the APR is an EIFD. This mechanism would allow for the use of Tax Increment Financing of the Project. The entities would form a new Public Financing Authority that includes members of the legislative bodies of the public agencies that form the EIFD, plus at least two public members. The Public Financing Authority would prepare an Infrastructure Financing District Plan (the Plan) that describes the funding for the construction of the Project and also specifies how much of the property tax increment each taxing entity receiving a share would allocate to the Project. The Plan would also describe the use of the OAD revenues and their utilization as part of a long-term debt issuance supported by the combination of OAD revenues and tax increment. LWA would support the implementation and evaluation of the EIFD and its formation. It is expected that this evaluation would take place after the completion of the UFRR Feasibility Study.

## **Project Funding and Financing Plan**

---

In accordance with Government Code §65007(a), this portion of the APR Update provides documentation that revenues have been identified to support implementation of the flood protection facilities and further, that sufficient revenues to fund each year of the project schedule have been identified. The June 2016 APR presented a Funding and Financing Plan that has been refined and updated based on the actual progression of the Project's implementation and additional information obtained subsequent that report. Further this section addresses the requirement to demonstrate that in any given year, and consistent with that schedule of identified revenues, at least 90 percent of the revenues scheduled to be received by that year have been appropriated and are currently being expended.

### ***Remaining Project Costs***

#### **LSRP Project**

This document has been updated since the preparation of the original APR to reflect progress since May 2016 based on the remaining costs as of May 2018 for the RD 17 LRSP as summarized in **Table 2** below. **Table 2** shows the split of costs between the State and RD 17 and the percentage of remaining project costs based on the amount expended in the last 12 months. Because the cost estimate for the LSRP has been updated since June 2017 and increased a greater amount than has been spent in the last year, **Table 2** shows that the reduction in remaining costs is negative. As a result, the percent of remaining costs as of June 2017 (the last APR's remaining cost estimate) is negative as well.

#### ***Phase 4 Project Costs***

**Table 3** presents the Opinion of Probable Costs prepared by PBI for the Phase 4 Project as of December 2015. This cost estimate has been prepared after the completion of the ULDC Engineer's Report supporting the Adequate Progress Findings. There has been no change in amounts presented on **Table 3** from the June 2016 APR.

### ***Sources & Uses***

An updated financing plan prepared for the implementation of the remaining levee improvements is shown in **Table 4**. **Table 4** presents and sources and uses statement based on an updated cash flow reflective of the progress of the work over the past year. Additionally, **Table 4** shows the identified revenues that provide the basis for the conceptual financing plan. The financing plan is governed by the following assumptions:

- The RD 17 Mossdale Tract Assessment and the associated bond issuances in combination with committed State funding from DWR's EIP will continue to fund seepage remediation work until completion in 2021. This financing plan has been updated to assume that the ultimate State cost share of the LSRP Project is 65%/35% State and Local Funding.
- The Cities, RD 17, and/or their developer partners, would continue to cash flow the design of the Phase 4 Project and the implementation of the contemplated funding mechanisms until 2019 from either cash reserves or developer advances. The total committed funding including previously

advanced funds is now assumed to be \$4.4 million<sup>6</sup>. All contributions from development interests are assumed to be creditable toward the contemplated development impact fee program, however, the specific terms and policies for credit and reimbursement are to be determined.

- Net revenues from RD 17's implementation of the LSRP, including retention releases and net RD 17 Assessment revenues after debt service, would be available to help fund Phase 4 Project expenses.
- SJAFCA would work to establish the following funding mechanisms:
  - A new OAD in place to collect revenues in FY 2019/2020.
  - A new EIFD covering the properties directly benefiting from the project. The EIFD would have a Base Year of 2019/20.
  - A new regional DIF program would be in place to collect revenues in 2018.
  - A bond authorization to securitize both new OAD and EIFD revenues would take place in FY 2022/23. The proceeds from the bond authorization would be used to fund construction costs of the Phase 4 Project.

### ***Detailed Cash Flow Analysis and Schedule of Expenses and Revenues***

In order to support the Adequate Progress Findings, as described in the APR, the LFMA must document that 90% of the required revenue scheduled to be received have been appropriated and are being expended. **Table 5** presents an updated detailed cash flow analysis showing how the planned expenditures are funded over time. This schedule is intended to be used by the LFMA to report annually to the CVFPB on the progress of the flood protection system. **Table 5** is supported by a series of tables (reflected in various appendices) that provide details regarding the expenditure and revenues schedule for the LSRP and SJAFCA's Phase 4 Project.

### **Government Code §65007(a) (2) (A) Compliance**

It is important to note that because ULOP for the Mossdale Tract Area is being implemented in multiple stages, by multiple agencies, the financing plan identified for ULOP takes into consideration multiple funding sources. This approach was outlined in the June 2016 APR and continues here. The following discussion breaks the funding sources apart by project and discusses compliance with Government Code §65007(a).

With this 2018 Annual APR Update, the analysis associated with Government Code §65007(a)(2)(A) has been updated. As noted above, **Table 5** presents the updated schedule of revenue and expense projections in order to demonstrate progress of the Project as it relates to the requirements of Government Code §65007(a)(2)(A). Because of permitting and funding delays related to the LSRP project, the estimates, including the overall costs and timing of expenses, as well as the schedule of revenues, have been updated relative to the 2017 APR Update.

Consistent with Government Code §65007(a)(2)(A), all of the revenues for the LSRP have been identified. These revenues included 1) State Funding from the EIP Program and 2) RD 17 Mossdale Tract Assessment

---

<sup>6</sup> This amount has been updated from the June 2017 APR. The prior APR incorrectly referenced the total cost of the Pre-Project expenses versus the amount of funding committed from developers, the Cities, and their partners. This updated APR now reflects the seed funding being provided by the SJAFCA members to fund the costs of the implementation of the funding and financing program, an additional \$1.2 million.

Revenues and Bond Proceeds. Further, consistent with the revised schedule, 90% of the revenues that are scheduled to be received by this year have either been appropriated by a granting agency (in this case the State) or have been set aside by RD 17 (reference **Table 6**). State funding for the RD 17 Project was included within prior State Budget Appropriations and the entirety of RD 17's grant agreement has been appropriated. As it relates to the local share of the funding, while RD 17 is not required to adopt an appropriated budget by law<sup>7</sup>, they have set aside the funds for the Project and entered into contracts and/or are required by law based on the source of the revenues to expend those funds for the specific purpose of implementing the LSRP (this is consistent with the intent of a budgetary appropriation). More specifically, those contracts include the EIP Funding Agreement that RD 17 has entered into with DWR as well as the Indenture of Trust Agreements between the District and its Bond Trustee. Finally, as a matter of law, RD 17's Assessment Revenues must be utilized consistent with its Assessment Engineer's Report and annual resolution approving the levy of the assessment.

Finally, the last requirement of Government Code §65007(a)(2)(A) is that the revenues scheduled to be received by that year are currently being expended. As noted previously, RD 17 has expended an additional \$1.5 million on the LSRP since June 2017.

For the Phase 4 Project, because all of the identified funding is derived from local sources, there are no requirements of appropriations from the Federal or State governments. **Table 6** shows the cumulative scheduled revenues and the associated compliance check with Government Code §65007(a)(2)(A).

**Table 7** provides the assumed expenditure schedule for the Phase 4 Project. It is expected that these tables will be refined over time as the planning and development of the Projects progress.

[1] Credit amounts shown for LSRP on Table C2  
 [2] Amount needed to support project cashflows prior to 2017. Amount in 2017 is amount projected by RD 17. The amount is assumed to come from Bond Proceeds or Reserves available to support the LSRP.  
 [3] Amount based on RD 17 refunding bond issuances.  
 [4] Amount provided by Lathrop Council Actions. Amounts already committed by the Cities of Lathrop & Manteca from General, Enterprise and Developer committed funding. Reference Table B7.  
 [5] Assumed Development Impact Fee revenues based on projected absorption assumptions. To the extent that development absorption does not generate the needed development fee revenues, it is assumed the development interests advance fund development impact fees at a sufficient pace to cash flow the near term revenue shortfalls in order to cover projected expenditures in a similar fashion as has been done in the past, reference Note [4].  
 [6] Prior to 2020, the net cash flows of the LSRP RD 17 Project and the Fix-in-Place urban project are assumed to be required to independently cash flow the respective projects, however, after January 2021, it is assumed that the combined cashflows of the respective projects have the benefit of combined funding sources, therefore, the Levee Program Ending Balance is required to be positive in order to ensure that the Levee Program is able to cash flow program expenditures.

## ***Evaluation of Identified Revenues***

This section identifies, describes, and presents the updated evaluation of the funding sources for the remaining levee improvement work previously identified in the June 2016 APR. The combined use of these sources is dependent on several factors including implementation timing. A discussion of the implementation timing of the planned funding mechanisms follows this section.

### ***RD 17 LSRP Project – RD 17 Assessment Revenues/State EIP Funding***

**Appendix C** provides an updated expenditure schedule for the LSRP as well as the supporting analysis of the identified revenues for implementation with funds from the RD 17 Mossdale Tract Assessment and DWR's EIP program. This analysis supports the net revenues identified in **Table 5** that are available to support the implementation of the Phase 4 Project after completion of the LSRP.

### ***Development Fees & Advance Funding***

Currently, the Cities of Lathrop and Manteca are collecting fees as a condition of development within the Project's benefit area within their respective Cities. In the future, this fee obligation will shift to SJAFCA once a Regional DIF program is adopted. Currently, portions of the Mossdale Tract Area include planned development projects that lie within the 200-Year Floodplain, and, as a result, within the Phase 4 Project benefit area. In order to mitigate the impact of development in the floodplain, a Regional DIF will be imposed to provide funding to ensure that improvements can be made to flood control infrastructure to mitigate increases in expected annual damages.

In order to ensure that sufficient revenues are made available from this mechanism to meet the near-term cash flow demands of the project, the land use agencies would enter (in some cases, have already entered) into agreements with landowners to advance the fee obligation and, if successful with the completion of project, utilize the advanced funding as credit toward payment of the fee. An analysis showing an allocation of the costs to planned development is documented in the "RD17 Area: Interim Urban Level of Flood Protection Levee Impact Fee Nexus Study" dated January 19, 2017. An updated analysis of the fee rates that are expected to be incorporated into a Regional DIF are presented in this study in **Appendix B**. **Appendix B** also shows the projected revenues to come from the Regional Fee Program overtime (based on the plan that the Interim Fee Program transitions to SJAFCA as a Regional DIF.)

To continue to advance the Phase 4 Project the land use agencies and developers will need to continue to provide upfront cash to fund the initial cash flow of the Project during the early formulation and planning phases. This funding is expected to support ongoing efforts until the approval of an Overlay Assessment and through December 2019. This early funding is expected to be reimbursed (in the future) or, in the case of developer funding, creditable toward the DIF Program as described above.

### ***New Special Assessment***

Given the fact that a significant portion of the beneficiaries of the Phase 4 Project are already developed properties within the Mossdale Tract Area, the APR described a plan to move forward with the formation of a new special benefit assessment district that would overlay the existing RD 17 Mossdale Tract Assessment.

RD 17's existing Mossdale Tract Assessment currently generates in excess of \$3.2 million per year with an average residential assessment of approximately \$96 per year. In order to test the feasibility of a new OAD, a detailed analysis of the apportionment of special benefits for the Phase 4 Project was completed as part of the financial analyses associated with the Governance Analysis completed in late 2017 and has been updated as part of this 2018 Annual APR Update. The new OAD is assumed to have an expected average residential per parcel assessment of approximately \$75 in addition to the existing assessment. With this assumed average residential per parcel assessment and similar apportionment as the existing RD 17 Mossdale Tract Assessment, the overlay assessment is expected to generate an additional \$5.8 million per year. **Appendix D** provides the updated analysis technical memorandum and provides a supporting analysis for the overlay assessment revenues presented in **Table 5**.

The new OAD, once formed and in combination with the tax increment revenues from a new EIFD (described below), would provide the necessary annual revenues to both directly fund a portion of the design and planning of the project, and help service future debt that could be issued to provide the needed cash flow for the project.

### **Enhanced Infrastructure Financing District**

The local land use agencies have the ability to initiate formation of an EIFD<sup>8</sup> which would allow for the use of Tax Increment Financing for the regional flood control improvements. The entities would form a new Public Financing Authority that would include members of the legislative bodies of the public agencies that form the district, plus at least two public members. The Public Financing Authority would prepare an Infrastructure Financing District Plan that describes the funding for the construction of regional flood control improvements that provide benefit to the Mossdale Tract Area. The Infrastructure Financing District Plan would also specify what taxing entities receiving a share of Property Tax Increment would be participating in the EIFD and how much of the increment each Taxing Entity would allocate to the Project as well as what other revenue sources would be used to fund the Project. In this case, the proposed OAD would be identified as an additional funding source.

### ***EIFD Formation Procedure***

In order to form the EIFD, each Taxing Entity participating must approve the Infrastructure Financing District Plan. As a note, school districts may not participate within the EIFD. In addition, a Noticed Public Hearing is required at the time the EIFD is created. The formation process does not require a vote of qualified electors to be formed, however, a vote is required in order for the EIFD to issue debt. The voter threshold for the approval of debt is 55 percent and it is expected that the vote would be by registered voters residing within the boundary of the EIFD.<sup>9</sup>

---

<sup>8</sup> Specifically, the process would start with San Joaquin County.

<sup>9</sup> It is assumed that there will be more than 12 registered voters residing within the boundary of the proposed EIFD.

### ***EIFD / Special Benefit District Financing***

**Appendix E** presents an updated analysis of the projected revenues to come from the proposed EIFD given certain stated assumptions regarding a future Infrastructure Financing Plan. In order to ensure sufficient revenues are available to finance the improvements, the Public Financing Authority created as part of the EIFD process would issue debt secured by a combination of Assessment District and Tax Increment Revenues. An updated analysis of the financing capacity of the proposed OAD and EIFD has been prepared and is also included within **Appendix E**. **Figure 2** below illustrates the revenues, proposed bond issuances, and debt service associated with the assumed financing.

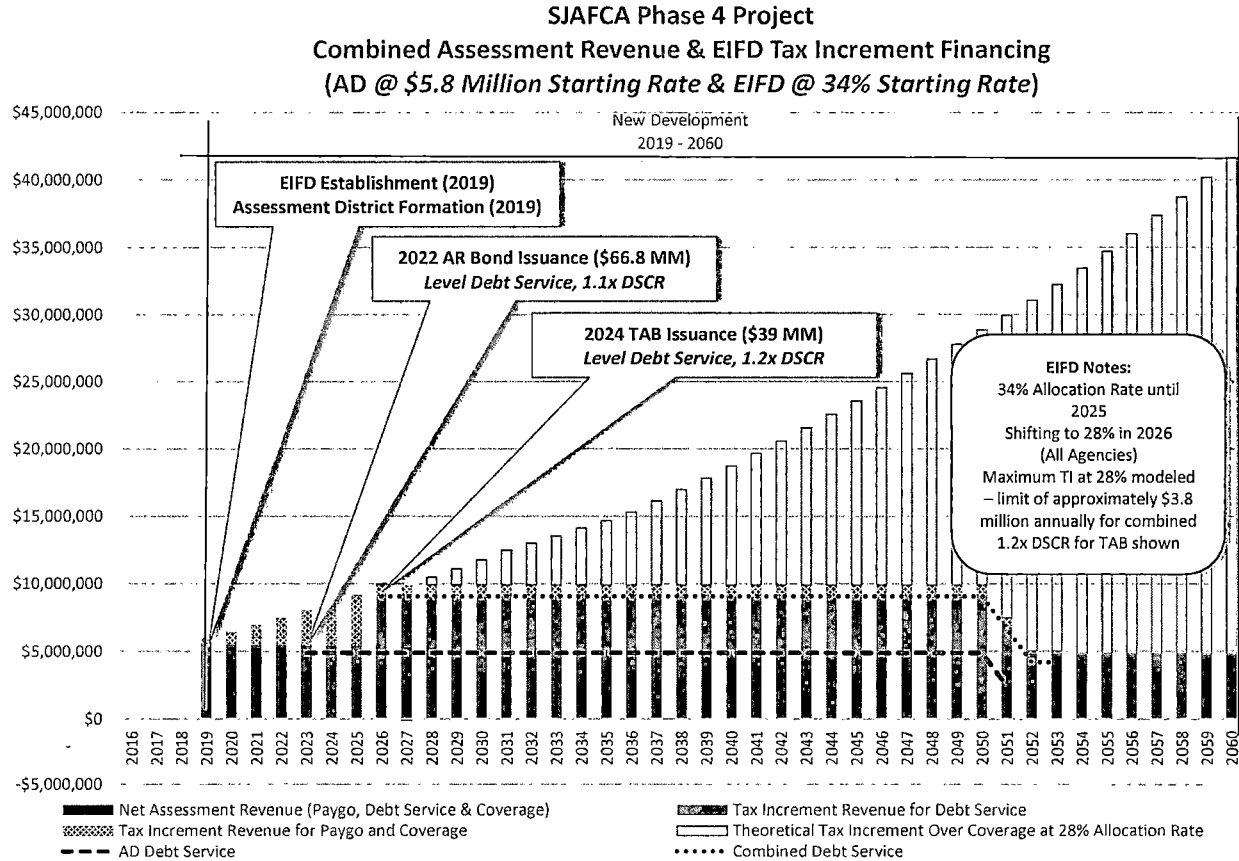

The updated Financing Plan assumes the following borrowings take place:

- A 2022 borrowing yielding \$66.8 million in proceeds (approximately \$74.85 Million Par) takes place. This borrowing would be secured by an established assessment district with several years of collection history and rate covenant of 1.1x Maximum Annual Debt Service. The current financing plan assumes a 30-year issue with 5% interest rate and level debt services. The issue is sized for one year of capitalized interest and a 50% of Maximum Annual Debt Service reserve fund.
- A 2024 borrowing yielding \$39 million in proceeds (approximately \$52.12 million Par) takes place. This borrowing would be secured by a pledge of Tax Increment from the EIFD as well as an assumption that debt service coverage could be met with a backup pledge of any net assessment revenues. The current financing plan assumes a 30-year issue with 7% interest rate and level debt service. The issues sized for two years of capitalized interest and 1x Maximum Annual Debt Service Reserve Fund.

The Financing Plan presented with this 2018 Annual APR Update has refined the EIFD Revenue Analysis previously presented. As shown in **Appendix E**, the updated EIFD revenue analysis has been prepared to present an initial starting property tax revenue allocation rate of 34 percent that shifts to 28 percent in 2025/26. This results in modeled capacity of approximately \$670 million through 2060. However, the Updated Financing plan need shown in **Table E17** (and demonstrated in **Figure 2**) is approximately \$115.6 million between 2018/19 and 2051/52.

The OAD would provide revenues sufficient to bridge the gap between available Tax Increment Revenues and the required debt service needed to provide coverage for the bonds. In addition, available net revenues from the OAD, after filling the gap for the required Tax Increment Financing, would be available and authorized to provide ongoing operations and maintenance for the improved levee system.

Figure 2: EIFD Assessment Hybrid Financing Approach

**Status and Schedule for Funding & Financing Implementation**

The following matrix outlines a conceptual schedule and details the status for the implementation of the contemplated funding mechanisms and associated financing of the improvements.

<b>Activity</b>	<b>Start</b>	<b>End</b>	<b>Duration [1]</b>	<b>Status</b>
MOU Principles		June 1, 2016	N/A	Completed
Prepare and Review ULOP Adequate Progress Report		June 1, 2016	N/A	Completed
Enter into MOU		June 30, 2016	N/A	Completed
Adopt ULOP Adequate Progress Findings		July 2, 2016	N/A	Completed
Develop Funding/Governance Evaluation Framework		March 2016	N/A	Completed
Prepare Financial & Governance Analysis Supporting Governance Entity & Financial Plan		September 2017	N/A	Completed
<b><u>Implement Governance Entity</u></b>				
Enter into JPA & (SJAFCA Reorganization)		December 2017	N/A	Completed
<b><u>Implement Funding Mechanisms</u></b>				
Interim Impact Fee		April 2017	N/A	Completed
Regional Impact Fee	January 2018	December 2018	12 months	Ongoing
Overlay Assessment District	June 2018	August 2019	18 months	Preliminary Analysis Completed & Implementation Scoped & Underway
IFD Adoption and EIFD Formation	September 2018	September 2019	12 months	Analysis & Evaluation Scoped, Commence when UFRR Study is Complete
<b><u>Implement Financing Entity / Mechanism</u></b>				
Amend Current RD 17 PFA / Confirm Financing Entity	2022	2022	TBD	
Issued Hybrid Financing Debt		2024	N/A	

The above information will continue to be updated annually as progress is made. The information above coincides with the cash flow model assumptions presented within **Table 5** and the supporting analysis appendices.

**APPENDIX A:  
SAN JOAQUIN AREA FLOOD CONTROL AGENCY  
AMENDED AND RESTATED JOINT EXERCISE OF POWERS  
AGREEMENT**

C2018-10

SAN JOAQUIN AREA FLOOD CONTROL AGENCY  
AMENDED AND RESTATED  
JOINT EXERCISE OF POWERS AGREEMENT

This Amended and Restated Agreement is made and entered into to be effective on the 1<sup>st</sup> day of January, 2018, by and among the following parties:

- a. City of Stockton, hereinafter referred to as the "Stockton";
- b. County of San Joaquin, hereinafter referred to as the "County";
- c. San Joaquin County Flood Control and Water Conservation District, hereinafter referred to as "SJCFCWCD"
- d. City of Lathrop, hereinafter referred to as "Lathrop"; and
- e. City of Manteca, hereinafter referred to as "Manteca".

RECITALS

On May 23, 1995 (as amended on November 5, 1996 and May 20, 2009), Stockton, County, and SJCFCWCD executed a Joint Exercise of Powers Agreement to create the San Joaquin Area Flood Control Agency ("Agency"). Agency has implemented certain projects within the boundaries of Stockton and unincorporated County but has not advanced projects in the Cities of Lathrop or Manteca. Lathrop and Manteca have now requested that the Joint Exercise of Powers Agreement be amended to include those cities.

The Parties to this Amended and Restated Agreement have and possess the power and authorization to acquire, construct, operate and maintain Works for the purpose of controlling and conserving waters for the protection of life and property that would or could be damaged by being inundated by still or flowing water.

2018-01-23-1104 P

However, there is a need for (i) coordinated planning for the control of waters within or flowing into the boundaries of the Parties, (ii) the protection of private and public property within said boundaries, and (iii) the creation of a single point of contact to represent the Parties' flood control interests for the region and to negotiate with State and Federal agencies on their behalf.

There is a need for a coordinated and regional effort to finance, provide, and maintain Facilities and Works necessary to ensure not less than the minimum level of flood protection, as defined by the Federal Emergency Management Agency and pursuant to State law, in developed and urbanized areas within the boundaries of the Parties.

There is a need to provide leadership and/or local assurances and to participate in cost sharing for such Projects as levee reconstruction, detention basins, pumping plants, conduits, ditches, channels, pumps, dam structures, or other Works necessary for the achievement of at least the minimum level of flood protection.

There is a need to continue to pursue the priorities of the Agency prior to the Amendment and Restatement while also ensuring that the Agency adopts new priorities sought by the new Parties.

Such a regional Water Control Plan can best be achieved through the cooperative action of the Parties operating through a Joint Exercise of Powers Agency.

Each of the Parties is authorized to contract with each other for the joint exercise of any common power under Article I, Chapter 5, Division 7, Title 1 of the Government Code.

#### COVENANTS

In consideration of the mutual promises and covenants herein contained, the Parties hereto agree as follows:

## PURPOSE AND POWERS

1. Definitions. For the purpose of this Amended and Restated Agreement, the meaning of the capitalized terms used in the Amended and Restated Agreement shall be the following:

a. "Act" means any special legislation enacted by the California Legislature which provides additional powers and authority to the Agency not currently provided by the general laws.

b. "Agency" means the "San Joaquin Area Flood Control Agency" formed pursuant to this Amended and Restated Agreement.

c. "Amended and Restated Agreement" means this Joint Exercise of Powers Agreement.

d. "Board" or "Board of Directors" means the governing body of the Agency.

e. "Budget" means the approved budget applicable to the expenses of the Agency.

f. "Directors" means the members of the governing Board of the Agency.

g. "Facility" or "Facilities" means any Works financed, acquired or constructed by the Agency.

h. "Fiscal Year" means July 1, to and including the following June 30.

i. "JPA Law" means Articles 1-4 commencing with Section 6500 of Chapter 5, Division 7, Title 1, of the California Government Code, as such may be amended.

j. "Party" or "Parties" means each of the parties that become a signatory to this Amended and Restated Agreement, acknowledging the rights and obligations of the Agency

hereunder, including any public entity executing an addendum of the Amended and Restated Agreement as hereinafter provided.

k. "Project" means any Facilities or Works constructed or reconstructed by the Agency.

l. "Special District" means a city, county, any irrigation, reclamation, levee or levee maintenance, and drainage district or any other district or public entity which is not a Party of the Agency and which has authority to construct, operate and maintain Water Control Works.

m. "Water Control" means regulating still or moving surface and/or stream water that, if left unchecked, would inundate private or public property.

n. "Work" or "Works" means dams, watercourses, drainage channels, conduits, ditches, canals, pumping plants, levees, buildings, and other structures utilized for the control and disposal of waters within the jurisdictional boundaries of the Parties or for the control and disposal of waters outside and running into the boundaries of the Agency and for which said Facilities and improvements are required either for the protection of the property therein or for the purpose of conserving any waters for beneficial use within the boundaries of the Agency.

2. Agency Created. There is hereby created a public entity to be known as the "San Joaquin Area Flood Control Agency". The Agency is formed by this Amended and Restated Agreement pursuant to the provisions of Articles 1-4, Chapter 5, Division 7, Title 1 of the Government Code of the State of California. The Agency shall be a public entity separate from the Parties hereto and shall administer this Amended and Restated Agreement.

3. Boundaries of the Agency. The geographic boundaries of the Agency shall be coextensive with those of the portions of the three cities and those portions of the unincorporated area of the County all as specified on the map depicting the Agency's geographic boundaries attached hereto as Exhibit A.

4. Purpose of the Amended and Restated Agreement; Common Power to Be Exercised. Each Party has in common the power to study, plan for, develop, finance, acquire, construct, maintain, repair, manage, operate and control Water Control Works and Facilities for the protection of the public either alone or in cooperation with the United States, the State of California, or other entities. The purpose of this Amended and Restated Agreement is to jointly exercise the foregoing common powers in the manner hereinafter set forth for the purpose of maintaining at least the level of flood protection specified under the National Flood Insurance Program and achieving such other levels of flood protection as appropriate, all within the boundaries of the Agency.

5. Additional Powers to Be Exercised. In addition to those powers common to each of the Parties, the Agency shall have those powers conferred upon it by the Act and the JPA Law.

6. Existing Water Control Works. Notwithstanding anything to the contrary, the Agency shall not undertake the acquisition, of any existing Water Control Works or Facilities within any Party's jurisdiction and shall not perform any Water Control functions currently performed by any Party without obtaining the prior written consent of the Party's governing body which consent shall not be unreasonably withheld if such consent is for the purposes of this Amended and Restated Agreement.

7. Powers. The Agency shall have the power in its own name to do any of the following:

a. To study, plan and implement ways and means to provide a reasonable program and plan of operation for the control of waters within or flowing into the boundaries of the Parties;

b. To exercise the powers conferred upon it by the Act, the JPA Law, and this Amended and Restated Agreement, necessary to the accomplishment of the purposes of this Amended and Restated Agreement;

- c. To participate in financing or re-financing any flood control Works or the flood control components of any dam, in accordance with any terms and conditions imposed by the Act and the JPA Law;
- d. To make and enter contracts necessary to the full exercise of its powers;
- e. To contract for the services of engineers, attorneys, planners, financial consultants and other staff, and to employ such other persons as it deems necessary;
- f. To acquire, construct, manage, maintain, operate and replace any Projects, Facilities, or Works;
- g. To enter into agreements with the United States of America, or the State of California, or any other governmental agency to provide a portion of the local contribution that may be required for any Projects, Facilities or Works constructed by the State or federal governments;
- h. To acquire, by the power of eminent domain or otherwise, and to hold and dispose of real and personal property necessary to the full exercise of its powers;
- i. To incur debts, liabilities or obligations subject to limitations herein set forth;
- j. To levy and collect special benefits assessments and/or special taxes, participate in other financing districts, and to issue revenue bonds as hereinafter provided;
- k. To levy and collect special capital assessments;
- l. To sue and be sued in its own name;
- m. To prescribe, revise and collect fees as a condition of development of land;

n. To apply for, accept and receive state, federal or local licenses, permits, grants, loans or other aid from any agency of the United States of America, or of the State of California necessary for the Agency's full exercise of its powers;

o. To perform all acts necessary or proper to carry out fully the purpose of this Amended and Restated Agreement and not inconsistent with the Act and the JPA Law;

p. To invest any money in the treasury pursuant to Section 6505.5 of the Act which is not required for the immediate necessities of the Agency, as the Agency determines is advisable, in the same manner and upon the same conditions as local agencies, pursuant to Section 53601 of the Government Code of the State of California;

q. To apply for letters of credit or other form of financial guarantees in order to secure the repayment of its obligations and enter into agreements in connection therewith;

r. To carry out and enforce all the provisions of this Amended and Restated Agreement;

s. To refinance indebtedness incurred by the Parties in connection with any of the purposes hereof;

t. To the extent not herein specifically provided for, to exercise any powers in the manner and according to methods provided under the laws applicable to the County.

8. Restrictions on Exercise of Powers; Obligations of Agency. The Act and the powers of the Agency shall be exercised in the manner provided in the JPA Law, and, except for those powers set forth in Article 4 of the JPA Law, shall be subject (in accordance with Section 6509 of the JPA Law) to the restrictions upon the manner of exercising such powers that are imposed upon the County in the exercise of similar powers. The debts, liabilities and obligations of the Agency shall not be the debts, liabilities and obligations of the Parties. No Party, officer, agent or employee of the Agency shall be individually or personally liable for the payment of the principal or of premium or interest on any obligations of the Agency or be subject to any personal liability or accountability by reason of any obligations of the Agency; but nothing herein contained shall

San Joaquin Area Flood Control Agency  
Joint Exercise of Powers Agreement  
Original dated 5/23/95  
Amended 11/5/96 and 5/20/09 (section 19) and 1/1/18

1494830.5

relieve any such Party, officer, agent or employee from the performance of any official duty provided by law or by the instruments authorizing the issuance of any obligations of the Agency.

### ORGANIZATION

9. Membership. The Parties of the Agency shall be each public entity which has executed, or hereafter shall execute, this Amended and Restated Agreement, or any addenda, amendment or supplement thereto and which has not, pursuant to the provisions hereof, withdrawn therefrom.

10. Names. The names and particular capacities of the initial Directors shall be reflected on Exhibit B after being so appointed by the Parties. Exhibit B shall be amended or supplemented from time to time to reflect the then current Directors. A change in Exhibit B shall not be deemed an amendment to this Amended and Restated Agreement.

11. Governing Body of the Agency.

a. The business of the Agency shall be conducted by a Board of Directors consisting of nine (9) persons. All voting power of the Agency shall reside in the Board of Directors. The Board shall be comprised as follows: One (1) member of the SJCFWCWD; one (1) member of the Board of Supervisors of the County; two (2) members of the City Council of Stockton; two (2) members of the City Council of Lathrop; two (2) members of the City Council of Manteca; and one (1) member of the public, appointed by a simple majority of the other Board members for a term as specified in bylaws to be adopted by the Directors, who shall reside or work within the boundaries of the Agency as reflected in Exhibit A.

b. An alternate for each Director from a city or the County or the SJCFWCWD shall be appointed by the governing body of the respective Party from among the elected or appointed members of the governing board. The names of all alternates shall be on file with the Board. The alternates shall assume all rights of the Director and shall have the authority to act in the absence of a Director or in the event that a Director has a conflict of interest which precludes participation by the Director in any decision making process of the Agency.

c. Each Director and alternate shall hold office from the first meeting of the Board after his appointment by the governing body he represents until his successor is appointed. The terms of each Director and alternate shall be four (4) years, except that the term of a Director or alternate who is a member of the SJCFWCWD, the Board of Supervisors of the County, or of the City Council of one of the cities shall immediately terminate in the event that the Director or alternate loses his status as a member of the SJCFWCWD, Board of Supervisors or a city council. In such event, the governing body of the SJCFWCWD, County or the city, as the case may be, shall appoint a successor from among its members to hold office for the remainder of the four (4) year term.

d. A Director may receive such compensation from the Agency for the Director's services as may from time to time be established by the Board. A Director may be reimbursed for expenses incurred by such Director in the conduct of the Agency's business subject to any applicable policy of the Agency.

12. Principal Office. The principal office of the Agency shall be established by the Board. The Board is hereby granted full power and authority to change said principal office from one location to another in the boundaries of the Agency. Any change shall be noted by the secretary under this section, but shall not be considered an amendment to this Amended and Restated Agreement.

13. Meetings. The Board shall meet at the Agency's principal office or at such other place as may be designated by the Board. The time and place of regular meetings of the Board shall be determined by resolution adopted by the Board; a copy of such resolution shall be furnished to each Party hereto. Regular, adjourned and special meetings shall be called and held in the manner as provided in Chapter 9, Division 2, Title 5 of the Government Code of the State of California (commencing at Section 54950).

14. Powers and Limitations Thereon. All the power and authority of the Agency shall be exercised by the Board, subject however, to the provisions of this Amended and Restated Agreement, the Act, the JPA Law, and the rights reserved by the Parties as herein set forth.

15. Minutes. The secretary of the Agency shall cause to be kept minutes of regular, adjourned and special meetings of the Board, and shall cause a copy of the minutes to be forwarded to each Director and to each of the Parties hereto.

16. Rules. The Board may adopt from time to time such bylaws and rules and regulations for the conduct of its affairs as may be necessary or advisable for the purposes of this Amended and Restated Agreement.

17. Vote or Assent of Parties. The vote, assent, or approval of the Parties in any matter requiring such vote, assent or approval hereunder, shall be evidenced by a certified copy of the resolution of the governing Board of such Party filed with the Agency.

18. Officers. There shall be selected from the membership of the Board, a Chair and Vice Chair. The Chair and Vice Chair shall hold office for a period of one year commencing with the first Board meeting of each and every calendar year that falls after the appointment of Board members by the County, the SJCFWCDC, and the three cities. The Board shall have the power to establish by resolution a different commencement date for the term of office of the Chair and Vice Chair. The Board shall also have the power to appoint such additional officers as it deems necessary and appropriate. It is understood by the Parties that the leadership of the Board should rotate on an annual basis, with the Chair position being held by the County, then Stockton, then Lathrop, then Manteca, with the rotation then repeated.

The Treasurer of the County shall be the Treasurer of the Agency. The Treasurer shall be the depository, shall have the custody of all the money of the Agency from whatever source, and shall have the duties and obligations of the Treasurer as set forth in Sections 6505 and 6505.5 of the Act. The Treasurer shall be responsible for receiving quarterly reports and verifying the balance of this report with respect to the balance as maintained by the records of the Auditor.

19. The Auditor of the County shall be the Auditor of the Agency. The Auditor shall have the duties and obligations of the Auditor as set forth in Section 6505 and 6505.5 of the Act. The Auditor shall assure strict accountability of all receipts and disbursements of the Agency and shall make arrangements with a certified public accountant or firm of certified public accountants for the annual audit of accounts and records of the Agency.

The public officer or officers or persons who have charge of any funds or securities of the Agency shall be bonded and the amount of their bond shall be fixed by resolution. All of the privileges and immunities from liability, exemptions from laws, ordinances and rules, all pension, relief, disability, worker's compensation and other benefits which apply to the activity of officers, agents, or employees of any of the Parties when performing their respective functions shall apply to them to the same degree and extent while engaged in the performance of any of the functions and other duties under this Amended and Restated Agreement. None of the officers, agents, or employees appointed by the Board shall be deemed by reason of their employment by the Board to be employed by any of the Parties or by reason of their employment by the Board to be subject to any of the requirements of such Parties.

20. Executive Director. The Acting Executive Director of the Agency in place prior to the execution of this Amended and Restated Agreement by the five Parties shall remain as the Acting Executive Director who shall continue to serve at the pleasure of the Board of Directors. The Board of Directors shall appoint any successors who shall also serve at the pleasure of the Board. The Executive Director shall be responsible to the Board for the proper and efficient administration of the Agency as is or hereafter may be placed in his charge, or under his or her jurisdiction or control, pursuant to the provisions of this Amended and Restated Agreement, or of any ordinance, resolution or order of the Board. In addition to other powers and duties herein provided, the Executive Director shall have the power:

- a. Under policy direction of the Board to plan, organize and direct all Agency Water Control activities;
- b. To appoint and to remove all Agency employees, all of whom shall serve at the pleasure of the Executive Director, except as is otherwise provided by law or by sections 7(e) and 19 of this Amended and Restated Agreement;
- c. To authorize expenditures within the designations and limitations of the approved Budget;

d. To make recommendations to and requests of the Board concerning all of the matters and things which are to be performed, done or carried out by said Board;

e. To call meetings of the Board.

### PLANNING

21. Planning Policy. In keeping with the purpose of this Amended and Restated Agreement, the Parties hereby authorize and direct the Board to undertake and/or participate in such studies and planning as necessary to provide for the control of waters of or within the boundaries of the Agency. The specific objective thereof shall be to obtain regional solutions to the Water Control problems. To achieve this objective, the studies and planning may include, but are not limited to, proposals for the construction of an upstream storage or detention dam, the rehabilitation or elevation or construction of levees, and assumption and/or maintenance of Water Control Works of any of the Parties of the Agency. The studies and planning shall also concentrate on the financing methods for such proposals, as well as the allocation of costs among the Parties such that there is a proportionate relationship between the costs paid and the benefits received. Consideration shall be given to the value to the Agency of acquiring and/or operating Facilities presently owned by the Parties and the allocation of the maintenance and operating costs to the Parties.

### PROJECTS

22. Projects. The Agency's Projects are intended to consist of developing, designing, acquiring, and constructing Projects, Works, and Facilities as well as funding (including local cost shares of federal projects) of the same, required to attain the minimum levels of flood protection as well as the resolution of Water Control problems within the boundaries of the Agency. The Agency may undertake the construction, rehabilitation or funding of all or any portion of the Projects on its own or in conjunction and cooperation with the United States, the State of California, or other public entity. Participation in financing and refinancing the construction of a flood control dam shall be in accordance

with the terms and conditions imposed by applicable law. Construction, rehabilitation or funding of Project Facilities may be all at one time or in sequence.

### BUDGETS AND PAYMENTS

23. Budget. Prior to the commencement of each Fiscal Year, the Board shall adopt a Budget for the Agency for the ensuing Fiscal Year. The Parties understand that it may be necessary to amend the 2017-18 budget to reflect the expanded scope of work for the Agency as a result of this Amended and Restated Agreement.

24. Contributions for Operating Expenses.

a. For Projects that the Agency undertakes within the RD 17 Basin, the Parties agree that the Agency shall fund such Projects using the available funds that the Agency has budgeted for the Projects in accordance with Section 24.

b. It is understood by the Parties that the Agency does not have any assets on hand at the time of the expansion of the Agency to permanently allocate to any projects within the RD 17 Basin. Notwithstanding the foregoing, the Parties understand that the Agency will undertake certain planning and administrative work necessary to expand its services within the RD 17 Basin for an initial period prior to the Board's adoption of the amended 2017-2018 budget. The Parties agree to fund their proportionate share in an amount or in amounts to be agreed to by the Parties and deposited in an interest-bearing account to fund the Agency's initial work to assume the responsibilities to expand its Work within RD 17 until such time as the Board adopts the amended 2017-2018 budget under Section 24.

c. It is understood that the Agency shall allocate overhead costs across all projects of the Agency using generally applicable accounting principles. The allocation of overhead costs shall not be finalized and applied by the Agency until the Agency has given the Parties a reasonable period of time to review and comment on the proposed allocation and consulted on the allocation with the Parties.

d. It is understood that the Board may arrange for the payment of the expenses of the Agency through some other source, including but not limited to state or federal grants or loans; provided, however, that the Agency may not assess a Party directly for the costs of the operation and maintenance of Projects, Works and Facilities, for the payment of administrative expenses or for the satisfaction of any liabilities imposed against the Agency without such Party's consent.

e. The Board may raise additional funds for the operating expenses of the Agency from time to time by levying and collecting special benefit assessments in accordance with the provisions of section 24 and 25 of this Amended and Restated Agreement.

f. In accordance with Government Code Section 6512.1, repayment or return to the Parties of all or part of any contributions made by the Parties may be directed by the Board at such time, and upon such terms as may be consistent with the Act, the JPA Law, and/or any revenue bond issue. The Agency shall hold title to all funds, property and Works acquired by it during the term of this Amended and Restated Agreement.

25. Operation and Maintenance Assessments. The Agency is hereby empowered to levy and collect assessments and reassessments, and raise funds for the operation and maintenance of Works and Facilities, for the payment of the Agency's administrative costs, and for the satisfaction of any liabilities imposed against the Agency arising from Projects, Works and Facilities pursuant to applicable law. The Board may order the creation of a separate assessment roll to pay the allowable expenses of any single Project or any group or system of Projects. In the event that a roll for a single Project is created, an assessment for satisfaction of any liabilities imposed against the Agency arising from said single Project shall be levied against such roll.

26. State and Federal Grants and Loans. It is understood and acknowledged that some Projects may qualify for grant or loan funding from the State of California or the federal government. The Board shall have the power, in its discretion, to contract for such funding of eligible Projects. Funds received by the Agency from such sources may be used to pay for, reimburse or otherwise finance such eligible Projects.

27. Reimbursement of Funds. Funds received by the Agency from any federal, state or local agency to pay for budgeted expenditures for which the Agency has received all or a portion of said funds from its Parties shall be proportionately paid to said Parties to reimburse the Parties for the funds advanced to the Agency for the acquisition, construction, operation and maintenance of the Facilities or Works for which such funds have been received.

### FINANCIAL PROVISIONS

28. General Financial Provisions. The Agency may, in any given year, levy assessments, reassessments, fees and charges, or special taxes and issue bonds to finance Projects in accordance with the provisions of any applicable law, including the Act and the JPA Law. The Agency may also enter into such funding or financing arrangements with the Parties and other partner agencies as may allow the Agency to fund its Projects.

29. Revenue Bonds. The Board shall have the power and authority to issue revenue bonds for the purposes and in accordance with the procedures and requirements set forth in the JPA Law.

30. Special Capital Assessments. As an alternative or in addition to any other power available to the Agency, the Agency may, in any year, levy and collect assessments and sell bonds for any Project in accordance with the provisions of applicable law, including the Act.

31. Development Fees. The Agency may, by resolution, prescribe, revise and collect fees as a condition of development of land in accordance with the provisions of applicable law, including the Act.

### MAINTENANCE AND OPERATION OF FACILITIES

32. Maintenance and Operation of Facilities. The Board shall determine prior to the acquisition or construction of any Project, whether or not the Agency shall maintain and/or operate such Facilities. If the Agency is to maintain and/or operate such Facilities, it shall do so in an efficient and economical manner and in a manner not detrimental to the other Parties.

It is the intent of the Parties that any Project may be maintained and operated in the name of the Agency although, as herein provided, a majority of the Directors shall make all determinations of the Agency in connection therewith. If it is determined that one or more of the Parties shall maintain and/or operate said Facilities, said Parties shall, by written agreement with the Agency, consent thereto prior to the acquisition or construction thereof.

### ACCOUNTING AND AUDITS

33. Accounts and Reports. To the extent not covered by the duties assigned to a trustee chosen by the Agency, the Auditor shall establish and maintain such funds and accounts as may be required by good accounting practice or by any provision of any trust agreement entered into with respect to the proceeds of any bonds issued by the Agency. The books and records of the Agency in the hands of a trustee or the Treasurer shall be open to inspection at all reasonable times by representatives of the Parties. The Treasurer, within 120 days after the close of each Fiscal Year, shall give a complete written report of all financial activities for such Fiscal Year to the Parties to the extent such activities are not covered by the report of such trustee. The trustee appointed under any trust agreement shall establish suitable funds, furnish financial reports and provide suitable accounting procedures to carry out the provisions of said trust agreement. Said trustee may be given such duties in said trust agreement as may be desirable to carry out this Amended and Restated Agreement.

Subject to the applicable provisions of any trust agreement or indenture which the Agency may enter into, which may provide for a trustee to receive, have custody of, and disburse Agency funds, the Treasurer of the Agency shall receive, have the custody of, and disburse Agency funds on warrants drawn by the Auditor as nearly as possible in accordance with generally accepted accounting practices, shall make the disbursements required by this Amended and Restated Agreement, or to carry out any of the provisions or purposes of this Amended and Restated Agreement.

34. Audit. The records and the accounts of the Agency shall be audited annually by the County Auditor and copies of such audit reports shall be filed with the State Controller and each Party within six months of the end of the Fiscal Year under examination.

#### PROPERTY RIGHTS

35. Agency Facilities. All Facilities constructed or acquired by the Agency shall be held in the name of the Agency for the benefit of the Agency in accordance with the terms of this Amended and Restated Agreement.

36. Liabilities. The debts, liabilities and obligations of the Agency shall be the debts, liabilities or obligations of the Agency alone and not of the Parties to this Amended and Restated Agreement. Further, to the extent that the previous sentence is not consistent with the controlling law, a Party shall not have any share of a debt, liability or obligation which accrues to the Agency resulting from actions taken prior to a Party joining the Agency.

#### LIABILITY OF BOARD

37. Except as otherwise provided in this Amended and Restated Agreement, the funds of the Agency shall be used to defend, indemnify and hold harmless the Agency and any Director, officer or employee for their actions taken within the scope of the authority of the Agency. Nothing herein shall limit the right of the Agency to purchase insurance to provide such coverage as is hereinabove set forth.

#### RESCISSION, TERMINATION, WITHDRAWAL, ASSIGNMENT

38. Term. The Agency shall continue until this Amended and Restated Agreement is rescinded or terminated as herein provided.

39. Rescission or Termination. This Amended and Restated Agreement may be rescinded and the Agency terminated by unanimous written consent of the Parties; provided that no such termination or rescission shall occur so long as the Agency has any obligations (including, but not limited to, outstanding revenue bonds). Nothing in this Amended and Restated Agreement

shall prevent the Parties from entering into other joint exercise of power agreements regarding regional Water Control problems.

40. Disposition of Property Upon Termination. Upon termination of this Amended and Restated Agreement, any surplus funds on hand shall be returned to the then Parties in proportion to the contributions made. The Board shall first offer any Works, Facilities, rights and interests of the Agency for sale to the Parties for good and adequate consideration. If no such sale is consummated, the Board shall consider offering such Works, Facilities, rights and interests of the Agency for sale to any governmental agency, or other entity for good and adequate consideration. The net proceeds from any sale shall be distributed among the Parties in proportion to the contributions made. If no such sale is consummated, then the Works, Facilities, rights and interests of the Agency shall be allocated to the Parties in the same manner as the allocation of the net proceeds from a sale, unless otherwise agreed to by all of the Parties.

41. Withdrawal.

a. Subject to section 39 of this Amended and Restated Agreement, a Party may withdraw from the Agency provided that such Party (1) provides written notification of its intent to withdraw to the other Parties within thirty (30) days of its withdrawal from the Agency, and (2) the withdrawing Party honors any unmet obligations under the Amended and Restated Agreement prior to formally terminating the Amended and Restated Agreement.

b. In the event the withdrawing Party has any rights in any Facilities or obligations to the Agency, said Party cannot sell, lease or transfer said rights or be relieved of its obligations, except its obligation to pay its share of operation and maintenance costs directly related to the use of the Facilities, without the execution of a written agreement executed by the withdrawing Party and all Parties affected by such withdrawal. The Agency may not sell, lease, transfer or use any rights of a Party who has withdrawn without first obtaining the written consent of the withdrawn Member.

c. No refund or repayment of the initial commitment of funds shall be made to a Party ceasing to be a Party to this Amended and Restated Agreement whether pursuant to this

section or any other section of this Amended and Restated Agreement. The refund or repayment of any other contribution shall be made in accordance with the terms and conditions upon which the contribution was made.

42. Admission of New Parties. It is recognized that public entities, other than the original Parties, may wish to participate in the Agency. Additional public entities may become Parties of the Agency upon such terms and conditions as provided by the Board with the unanimous consent of each existing Party of the Agency, evidenced by the execution of a written addendum to this Amended and Restated Agreement signed by all of the Parties, including the additional Party.

43. Amendments. This Amended and Restated Agreement may be further amended only by the unanimous vote of all Parties.

44. Assignment; Binding on Successors. Except as otherwise provided in this Amended and Restated Agreement, the rights and duties of the Parties may not be assigned or delegated without the written consent of all other Parties. Any attempt to assign or delegate such rights or duties in contravention of this Amended and Restated Agreement shall be null and void. Any approved assignment or delegation shall be consistent with the terms of any contracts, resolutions, indemnities and other obligations of the Agency then in effect.

45. Notice. Any notice or instrument required to be given or delivered by depositing the same in any United States Post Office, registered or certified, postage prepaid, addressed to the addressee of the Parties, shall be deemed to have been received by the Party to whom the same is addressed at the expiration of 72 hours after deposit of the same in the United States Post Office for transmission by registered or certified mail as aforesaid.

46. Severability. Should any part, term or provision of this Amended and Restated Agreement be decided by any court of competent jurisdiction to be illegal or in conflict with any law of the State of California, or otherwise be rendered unenforceable or ineffectual, the validity of the remaining portions or provisions shall not be affected thereby.

47. Successors. This Amended and Restated Agreement shall be binding upon and shall inure to the benefit of the successors of the Parties hereto, respectively.

48. Rescission of MOU and Authorizing Resolutions. Upon execution of this Amended and Restated Agreement by the Parties and upon consent by Reclamation District 17, the Memorandum of Understanding dated May 16, 2016 ("MOU") and the resolutions adopted by the Parties ratifying the MOU shall be superseded by this Amended and Restated Agreement, and the MOU and the resolutions shall be rescinded.

49. Interpretation. For purposes of this Amended and Restated Agreement, references to "he" shall mean and include "she," references to "him" shall mean and include "her," and references to "his" shall mean and include "hers."

IN WITNESS WHEREOF, the Parties hereto have caused this Amended and Restated Agreement to be executed on the day and year first above-written.

**ORDINANCE NO. 17-374**

**AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF LATHROP  
AMENDING LATHROP MUNICIPAL CODE, TITLE 3, "REVENUE AND  
FINANCE", AND ADDING A NEW CHAPTER TO 3.23, "INTERIM URBAN  
LEVEL OF FLOOD PROTECTION LEVEE IMPACT FEE"**

**WHEREAS**, on November 7, 2016, the City Council approved Task Order No.1 with Larsen Wurzel & Associates, Inc., (LWA) which, among other tasks, included the preparation of an Nexus Study to support the City's adoption of an Interim Levee Impact Fee Program as part of the implementation of the financing plan for the Reclamation District 17 Urban Level of Flood Protection Levee System Improvements;

**WHEREAS**, LWA has prepared the RD 17 Area Interim Urban Level of Flood Protection (ULOP) Development Impact Fee Study (Nexus Study) dated January 19, 2017; and

**WHEREAS**, the Nexus Study of January 19, 2017 has been reviewed and considered by the City Council and by reference is hereby entered into the public record; and

**WHEREAS**, a notice of the public hearing on this Ordinance was published in the Manteca Bulletin on January 10, 2017; and

**WHEREAS**, the findings required by the State of California Mitigation Fee Act (also known as "AB 1600," Government Code sections 66000, et seq.) are made by Council with this action as contained in the administrative record and hereby incorporated by reference herein; and

**WHEREAS**, the City Council did use its independent judgment and considered all of said reports including but not limited to the Nexus Study, recommendations and other evidence in the administrative record, all of which is hereby incorporated by reference herein;

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LATHROP  
DOES HEREBY ORDAIN AS FOLLOWS:**

**SECTION 1. APPROVAL OF NEXUS STUDY AND FINDINGS.** The City Council of the City of Lathrop does hereby approve the Interim Urban Levee of Flood Protection Levee Impact Fee (Nexus Study) dated January 19, 2017 attached as Attachment "C" to the City Council Staff Report of January 23, 2017 and incorporated herein by this reference and Council hereby adds this new fee to the Capital Facility Fee Program based on findings required by the State of California Mitigation Fee Act (also known as "AB 1600," Government Code sections 66000, et seq.), specifically Council hereby makes all of the following findings:

1. The purposes of the Interim ULOP Levee Impact Fee study imposed by this Ordinance are necessary to fund design and construction of Levee System Improvements for the Reclamation District 17. Pursuant to the Lathrop Municipal Code Section 3.20.040 collected fees may be used for no other purpose.
2. The geographic area in which the fees will be imposed is Reclamation District 17 Urban Level of Flood Protection (ULOP) study area, as illustrated in Attachment "C" boundary map.
3. The estimated reasonable costs for providing the Levee System improvements, are contained in the Interim ULOP Levee Impact Fee study report.
4. There is a reasonable relationship between the type of development projects on which the fee is imposed and the uses of the fees for off-site Levee system improvements, because, as set forth in the Report the development projects can be expected to be flood protected from the 200-year ULOP flood, as mandated by the State of California senate bill SB5.
5. There is a reasonable relationship between the amount of the fees and the cost of the specified public improvement attributable to the development projects on which the fee is imposed, because, as is set forth in the Report, the fees have been apportioned based upon a Property Damage Index as described within the Report.

**SECTION 2. APPROVAL OF FEE.** The City Council of the City of Lathrop, based on substantial evidence in the administrative record of proceedings and pursuant to its independent review and consideration, hereby establishes the Interim Urban Level of Flood Protection (ULOP) Levee Impact Fee for Reclamation District 17 Levee System protection as:

Single Family Residential	\$17,054	Per Gross Developable Acre
Multi-Family Residential	\$18,667	Per Gross Developable Acre
Commercial	\$19,236	Per Gross Developable Acre
Industrial	\$15,080	Per Gross Developable Acre

The City Council may, following the procedures set forth in Chapter 3.20 of the Municipal Code, take future action to make other revisions to these rates. These fees shall be in addition to any fees previously imposed by the City, that these fees shall be collected and administered in the manner set forth in Chapter 3.20 of the Municipal Code. These fees shall be effective sixty (60) days after the adoption of this Ordinance.

**SECTION 3. ADDITION TO THE MUNICIPAL CODE.** Chapter 3.23 is added to Title 3 of the Lathrop Municipal Code to read as follows:

**Chapter 3.23: INTERIM URBAN LEVEL OF FLOOD PROTECTION LEEVE IMPACT FEE.**

**Section 3.23.010. TITLE.** This Chapter shall be known as the "Interim Urban Level of Flood Protection Levee Impact Fee" regulation of the City of Lathrop. The City of Lathrop hereinafter shall be called "City." This chapter shall be applicable in the incorporated territory of the City.

**Section 3.23.020. OPERATIVE DATE.** "Operative Date" of this chapter begins on the 60<sup>th</sup> day following the adoption of the ordinance codified in this chapter and continuing for 30 years thereafter at which time, unless operative date is amended prior to that date, the collection of the Impact Fee pursuant to chapter shall cease.

**Section 3.23.030. PURPOSE.** This chapter is adopted to impose a levee improvement development impact fee (Levee Fee) to ensure that new development pays its proportionate share of the levee improvement costs needed to provide Urban Level of Flood Protection (ULOP) to the Reclamation District 17 Area. This Levee Fee, in combination with other sources of funding described within the Interim ULOP Development Impact Fee Nexus Study (Nexus Study), will fund the Project to provide 200-year flood protection to the Reclamation District 17 Area as detailed in the Nexus Study.

**Section 3.23.040. FEE RATE.** The Interim ULOP Impact Fee for Reclamation District 17 Levee System is:

Single Family Residential	\$17,054	Per Gross Developable Acre
Multi-Family Residential	\$18,667	Per Gross Developable Acre
Commercial	\$19,236	Per Gross Developable Acre
Industrial	\$15,080	Per Gross Developable Acre

**Section 3.23.060. DETERMINATION OF GROSS DEVELOPABLE ACREAGE (GDA).** A Project's GDA, for purposes of the fee calculation, is determined as follows:

- i. For New Development of Vacant Land. In the case where a new structure is being constructed on vacant land or land that has not previously been developed:

**Residential Land Uses**

- For Single Family residential projects that consist of residential uses that require a Tentative and Final map (i.e. more than 4 units), the GDA is the gross acreage of the large lot parcel or resulting parcels excluding major dedicated public land uses, such as major arterials, major collectors,

drainage, utilities corridors, parks, schools, and other public facilities. An example calculation of GDA for this case is shown in Appendix C to the Nexus Study.

- For all other Single Family residential projects that have impacts to RD 17 facilities the Project Acreage is determined as follows:
  - For parcels up to .15 acres, the Project Acreage is the actual acreage of the parcel.
  - For parcels greater than .15 of acre but less than 5 acres, the acreage is based on an assumed coverage ratio of a typical single-family home on a standard residential lot. The Project Acreage will be calculated by multiplying the square footage<sup>1</sup> of the residential structure by 3 and expressing this square footage in terms of acres (Dividing by 43,560 square feet per acre). However, in no case will this resulting amount exceed the actual acreage of the parcel.
- For all multifamily residential projects, Project Acreage is determined to be equivalent to the entire gross acreage of the parcel being developed.

*Nonresidential Land Uses (Commercial and Industrial)*

- For Retail/Office/Industrial Commercial projects, Project Acreage is determined by the actual acreage of the parcel where a structure being constructed less major dedicated public land uses, such as major arterials, major collectors, drainage, utilities corridors, parks, schools, and other public facilities.

ii.) For Development of Land with Existing or Pre-Existing Structures. In the case of expansion of an existing structure in excess of 300 square feet or the construction of a new structure within 2 years after demolition of a previous structure, GDA will be calculated as follows:

*Residential Land Uses*

- For a residential expansion project in excess of 300 new square feet, the GDA will be calculated by multiplying total new square footage of the expansion by 3 then expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.)
- For residential replacement projects, if the project involves development of a new residential structure after the demolition of a pre-existing structure (regardless of the use of the use pre-existing structure), and the

---

<sup>1</sup> Square Footage can be generally classified as all square footage of the structure excluding the square footage of garages, porches, decks, external entryways, awnings, carports, driveways, breezeways, out-buildings, carriage houses, sheds, and other similar non-habitable portion of the structure.

new structure is larger than the demolished structure by more than 300 square feet, the GDA will be calculated by multiplying the total net new square footage by 3 then expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.) (In this case, the use of the previously demolished structure is not a factor. The net new square footage will be determined by subtracting from the new square footage from the documented square footage of the previously existing structure.)

#### *Nonresidential Land Uses*

- For Retail/Office/Commercial or Industrial expansion projects, if the project involves the addition of new square footage in excess of 300 square feet, the GDA will be calculated by calculating the total net new square footage and expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.)
- For Retail/Office/Commercial or Industrial replacement projects, if the project involves development of a new nonresidential structure after the demolition of a pre-existing structure (regardless of the use of the pre-existing structure) and the new structure is larger than the demolished structure by more than 300 square feet, the GDA will be calculated by calculating the total net new square footage and expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.) The net new square footage will be determined by subtracting the documented habitable square footage of the previously existing structure from the new square footage.

#### Section 3.23.070. EXEMPTIONS AND EXCLUSIONS.

The following land uses and/or projects are exempt from the Levee Fee -

1. Agricultural Exemption: Agricultural land including development on Rural Residential parcels greater than 5 Acres in size.
2. Pre-Existing Structures: Development projects that require a building permit and are not increasing the amount of new structure square footage are exempt from the fee. If the project involves adding no more than 300 new Square Feet, the project is exempt from the fee.
3. Addition/Replacement Damage: If the proposed project is an addition to an existing single family residential dwelling unit, a replacement in kind because of fire damage or other natural disaster, or located on land owned by a government agency and is to be used solely for public use, the project will be exempt from the fee.

4. Structure raised above the 200-Year Floodplain Elevation: Projects with structures raised above the elevation of the 200-year flood as determined by the City or to structures removed from the 200-year floodplain by flood control improvements that meet the design standards applicable to the federal-state flood control system as determined by the City, shall be exempt from payment.
5. Open space.
6. Public Agency Owned Land (including federal, state, and local agencies).
7. "Other" land defined as follows: with written approval from the City Manager, any or all portions of the proposed fees may be waived if it can be determined to the City Manager that a proposed project will not derive permanent benefit from the improvements for which the fees are collected (i.e., it can be shown that the property does not benefit from the flood protection). Written fee waivers may be available on a case-by-case basis for certain temporary structures, such as a mobile temporary structure used for construction management purposes. Any denial by the City Manager of a requested exemption under this section may be appealed to a hearing officer by serving written notice on the City within 15 calendar days of the City Manager's denial. Upon receipt of timely notice of appeal, City shall have no more than 30 days to scheduled appeal hearing before a hearing officer. City shall initially bear the cost of hearing officer but hearing officer shall have the authority to order reimbursement of costs if the appeal is determined by the hearing officer to be frivolous.

Section 3.23.080 SEVERABILITY. If any provision of this chapter or the application thereof to any entity or circumstance is held invalid, the remainder of the chapter and the application of such provision to other entities or circumstances shall not be affected thereby.

Section 3.23.090 FEE REVENUE ACCOUNTING. All proceeds of the Fee imposed under this chapter shall be placed in a separate fund established by the City (the Levee Fee Fund). Separate and special accounts may be established in the Levee Fee Fund and used to account for collected revenues, along with any interest earnings. Except for temporary borrowing from one City fund to another, the revenue (and interest) shall be used only for the purposes for which the Levee Fee was collected.

**SECTION 4. PUBLICATION.** Within fifteen (15) days after its final passage, the City Clerk shall cause this ordinance to be published in full accordance with Section 36933 of the Government Code.

**THIS ORDINANCE** was regularly introduced at a special meeting of the City Council of the City of Lathrop on the 23<sup>rd</sup> day of January 2017, and was **PASSED AND ADOPTED** at a regular meeting of the City Council of the City of Lathrop on the 6<sup>th</sup> day of February 2017, by the following vote, to wit:

AYES: Akinjo, Dresser, Elliott, Salcedo, and Dhaliwal

NOES: None

ABSTAIN: None

  
\_\_\_\_\_  
Sonny Dhaliwal, Mayor

**ATTEST:**

  
\_\_\_\_\_  
Teresa Vargas, City Clerk

**APPROVED AS TO FORM:**

  
\_\_\_\_\_  
Salvador Navarrete, City Attorney

I, Teresa Vargas, City Clerk of the City of Lathrop, California, do hereby certify that the foregoing ordinance was duly and regularly introduced at a special meeting of the City Council on the 23<sup>rd</sup> day of January 2017, and that thereafter said ordinance was duly and regularly adopted at a regular meeting of the City Council on the 6<sup>th</sup> day of February 2017, by the following vote, to wit:

AYES: Akinjo, Dresser, Elliott, Salcedo and Dhaliwal

NOES: None

ABSENT: None

ABSTAIN: None

This ordinance was duly published in accordance with State law (G.C. 40806).

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Lathrop, California, this 6<sup>th</sup> day of February 2017.

  
CITY CLERK

ORDINANCE O2017-5

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF MANTECA, STATE OF CALIFORNIA, AMENDING MANTECA MUNICIPAL CODE, TITLE 13 PUBLIC SERVICES, BY THE ADDITION OF A NEW CHAPTER 13.50, INTERIM URBAN LEVEL OF FLOOD PROTECTION LEVEE IMPACT FEE

WHEREAS, on December 6, 2016, the City Council approved Task Order No.1 with Larsen Wurzel & Associates, Inc., (LWA) which, among other tasks, included the preparation of an Nexus Study to support the City's adoption of an Interim Levee Impact Fee Program as part of the implementation of the financing plan for the Reclamation District 17 Urban Level of Flood Protection Levee System Improvements as further described in the RD 17 Area Adequate Progress Report for Urban Level of Protection-Final Report dated June 14, 2016 prepared by LWA;

WHEREAS, LWA has prepared the RD 17 Area Interim Urban Level of Flood Protection (ULOP) Development Impact Fee Study (Nexus Study) dated January 19, 2017; and

WHEREAS, the Nexus Study of January 19, 2017 has been reviewed and considered by the City Council and by reference is hereby entered into the public record; and

WHEREAS, a notice of the public hearing on this Ordinance was published in the Manteca Bulletin on January 27, 2017; and

WHEREAS, the findings required by the State of California Mitigation Fee Act (also known as "AB 1600," Government Code sections 66000, et seq.) are made by Council with this action as contained in the administrative record and hereby incorporated by reference herein; and

WHEREAS, the City Council did use its independent judgment and considered all of said reports including but not limited to the Nexus Study, recommendations and other evidence in the administrative record, all of which is hereby incorporated by reference herein; and

WHEREAS, the City Council has considered all information related to this matter, as presented at the public meeting of the City Council identified herein, including any supporting reports by City Staff, and any information provided during public meetings.

THE CITY COUNCIL OF THE CITY OF MANTECA DOES ORDAIN AS FOLLOWS:

**SECTION 1: APPROVAL OF NEXUS STUDY AND FINDINGS.** The City Council of the City of Manteca does hereby approve the Interim Urban Level of Flood Protection Levee Impact Fee (Nexus Study) report dated January 19, 2017, attached as Exhibit "B" and incorporated herein by this reference, and Council hereby adopts this new fee based on findings required by the State of California Mitigation Fee Act (also known as "AB 1600," Government Code sections 66000, et seq.), specifically Council hereby makes all of the following findings:

1. The purposes of the Interim ULOP Levee Impact Fee study imposed by this Ordinance are necessary to fund design and construction of Levee System Improvements for the Reclamation District 17; collected fees may be used for no other purpose.
2. The geographic area in which the fees will be imposed is the 200-year floodplain within the Reclamation District 17 Urban Level of Flood Protection (ULOP) study area, as illustrated by the Interim Levee Fee Program Boundary Map within Exhibit "B".
3. The estimated reasonable costs for providing the Levee System improvements, are contained in the Interim ULOP Levee Impact Fee report.
4. There is a reasonable relationship between the type of development projects on which the fee is imposed and the uses of the fees for off-site Levee system improvements.
5. There is a reasonable relationship between the amount of the fees and the cost of the specified public improvement attributable to the development projects on which the fee is imposed.

**SECTION 2: APPROVAL OF FEE.** The City Council of the City of Manteca, based on substantial evidence in the administrative record of proceedings and pursuant to its independent review and consideration, hereby establishes the Interim Urban Level of Flood Protection (ULOP) Levee Impact Fee for the Reclamation District 17 Levee System.

The City Council may take future action to make other revisions to these fees. These fees shall be in addition to any fees previously imposed by the City. These fees shall be paid at the time of building permit issuance and collected and administered consistent with Title 13 Public Services of the Municipal Code. These fees shall be effective sixty (60) days after the adoption of this Ordinance.

**SECTION 3: ADDITION TO THE MUNICIPAL CODE.** Chapter 13.50 is added to Title 13 of the Manteca Municipal Code to read as set forth in Exhibit "A", attached hereto and incorporated herein by reference.

**SECTION 4: PUBLICATION.** Within fifteen (15) days after its final passage, the City Clerk shall cause this ordinance to be published in full accordance with Section 36933 of the Government Code.

**SECTION 5: SEVERABILITY.** If any section, sub-section, subdivision, paragraph, clause or phrase in this Ordinance, or any part thereof, is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining sections or portions of this Ordinance or any part thereof. The City Council hereby declares that it would have passed each section, sub-section, subdivision, paragraph, sentence, clause or phrase of this Ordinance, irrespective of the fact that any one or more sections, sub-sections, subdivisions, paragraphs, sentences, clauses or phrases may be declared invalid or unconstitutional.

**SECTION 6: EFFECTIVE DATE.** This Ordinance shall become effective sixty (60) days following adoption.

## EXHIBIT "A"

### AMENDING MANTECA MUNICIPAL CODE, TITLE 13 PUBLIC SERVICES, BY THE ADDITION OF A NEW CHAPTER 13.50 TO READ AS FOLLOWS:

#### Chapter 13.50: INTERIM URBAN LEVEL OF FLOOD PROTECTION LEVEE IMPACT FEE.

Section 13.50.010. TITLE. This Chapter shall be known as the "Interim Urban Level of Flood Protection Levee Impact Fee" regulation of of the City of Manteca. The City of Manteca hereinafter shall be called "City." This chapter shall be applicable in the incorporated territory of the City.

Section 13.50.020. OPERATIVE DATE. "Operative Date" of this chapter begins on the 60<sup>th</sup> day following the adoption of the ordinance codified in this chapter and continuing for 30 years thereafter at which time, unless operative date is amended prior to that date, the collection of the Impact Fee pursuant to chapter shall cease.

Section 13.50.030. PURPOSE. This chapter is adopted to impose a levee improvement development impact fee (Levee Fee) to ensure that new development within the RD 17 portion of the City of Manteca pays its proportionate share of the levee improvement costs needed to provide Urban Level of Flood Protection (ULOP) to the Reclamation District 17 Area. This Levee Fee, in combination with other sources of funding described within the Interim ULOP Development Impact Fee Nexus Study dated January 19, 2017 (Nexus Study), will fund the Project to provide 200-year flood protection to the Reclamation District 17 Area as detailed in the Nexus Study.

Section 13.50.040. FEE RATE. The Interim ULOP Impact Fee for Reclamation District 17 Levee System, based on the acreage of a project, is detailed within the Nexus Study.

Section 13.50.050. DETERMINATION OF GROSS DEVELOPABLE ACREAGE (GDA). A Project's GDA, for purposes of the fee calculation, is determined as follows:

- i. For New Development of Vacant Land. In the case where a new structure is being constructed on vacant land or land that has not previously been developed:

#### Residential Land Uses

- For Single Family residential projects that consist of residential uses that require a Tentative and Final Subdivision map (i.e. more than 4 units), the GDA is the gross acreage of the large lot parcel or resulting parcels excluding

## EXHIBIT "A"

major dedicated public land uses, such as major arterials, major collectors, drainage, utilities corridors, parks, schools, and other public facilities. An example calculation of GDA for this case is shown in Appendix C to the Nexus Study.

- For all other Single Family residential projects that have impacts to RD 17 facilities the Project Acreage is determined as follows:

- For parcels up to 0.15 acres, the Project Acreage is the actual acreage of the parcel.

For parcels greater than 0.15 of acre but less than 5 acres, the acreage is based on an assumed coverage ratio of a typical single-family home on a standard residential lot. The Project Acreage will be calculated by multiplying the square footage<sup>1</sup> of the residential structure by 3 and expressing this square footage in terms of acres (Dividing by 43,560 square feet per acre). However, in no case will this resulting amount exceed the actual acreage of the parcel.

- For all multifamily residential projects, Project Acreage is determined to be equivalent to the entire gross acreage of the parcel being developed.

### Nonresidential Land Uses (Commercial and Industrial)

- For Retail/Office/Industrial Commercial projects, Project Acreage is determined by the actual acreage of the parcel where a structure is being constructed less the major dedicated public land uses, such as major arterials, major collectors, drainage, utilities corridors, parks, schools, and other public facilities.

ii.) For Development of Land with Existing or Pre-Existing Structures. In the case of expansion of an existing structure in excess of 300 square feet or the construction of a new structure within 2 years after demolition of a previous structure, GDA will be calculated as follows:

### Residential Land Uses

- For a residential expansion project in excess of 300 new square feet, the GDA will be calculated by multiplying total new square footage of the expansion by 3 then expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.)

---

<sup>1</sup> Square Footage can be generally classified as all square footage of the structure excluding the square footage of garages, porches, decks, external entryways, awnings, carports, driveways, breezeways, out-buildings, carriage houses, sheds, and other similar non-habitable portion of the structure.

## EXHIBIT "A"

- For residential replacement projects, if the project involves development of a new residential structure after the demolition of a pre-existing structure (regardless of the use of the pre-existing structure), and the new structure is larger than the demolished structure by more than 300 square feet, the GDA will be calculated by multiplying the total net new square footage by 3 then expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.) (In this case, the use of the previously demolished structure is not a factor. The net new square footage will be determined by subtracting from the new square footage from the documented square footage of the previously existing structure.)

### *Nonresidential Land Uses*

- For Retail/Office/Commercial or Industrial expansion projects, if the project involves the addition of new square footage in excess of 300 square feet, the GDA will be calculated by the total net new square footage and expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.)
- For Retail/Office/Commercial or Industrial replacement projects, if the project involves development of a new nonresidential structure after the demolition of a pre-existing structure (regardless of the use of the pre-existing structure) and the new structure is larger than the demolished structure by more than 300 square feet, the GDA will be calculated by the total net new square footage and expressing this square footage in terms of acres. (Dividing by 43,560 square feet per acre.) The net new square footage will be determined by subtracting the documented habitable square footage of the previously existing structure from the new square footage.

### Section 13.50.060. EXEMPTIONS AND EXCLUSIONS.

The following land uses and/or projects are exempt from the Levee Fee -

1. Agricultural Exemption: Agricultural land including development on Rural Residential parcels greater than 5 Acres in size.
2. Pre-Existing Structures: Development projects that require a building permit and are not increasing the amount of new structure square footage are exempt from the fee. If the project involves adding no more than 300 new Square Feet, the project is exempt from the fee.
3. Addition/Replacement Damage: If the proposed project is an addition to an existing single family residential dwelling unit, a replacement in kind because of

## EXHIBIT "A"

fire damage or other natural disaster, or located on land owned by a government agency and is to be used solely for public use, the project will be exempt from the fee.

4. Structure raised above the 200-Year Floodplain Elevation: Projects with structures raised above the elevation of the 200-year flood as determined by the City or to structures removed from the 200-year floodplain by flood control improvements that meet the design standards applicable to the federal-state flood control system as determined by the City, shall be exempt from payment.
5. Open space.
6. Public Agency Owned Land (including federal, state, and local agencies).
7. "Other" land defined as follows: with written approval from the City Manager, any or all portions of the proposed fees may be waived if it can be determined to the City Manager that a proposed project will not derive permanent benefit from the improvements for which the fees are collected (i.e., it can be shown that the property does not benefit from the flood protection). Written fee waivers may be available on a case-by-case basis for certain temporary structures, such as a mobile temporary structure used for construction management purposes. Any denial by the City Manager of a requested exemption under this section may be appealed to a hearing officer by serving written notice on the City within 15 calendar days of the City Manager's denial. Upon receipt of timely notice of appeal, City shall have no more than 30 days to scheduled appeal hearing before a hearing officer. City shall initially bear the cost of hearing officer but hearing officer shall have the authority to order reimbursement of costs if the appeal is determined by the hearing officer to be frivolous.

Section 13.50.070 SEVERABILITY. If any provision of this chapter or the application thereof to any entity or circumstance is held invalid, the remainder of the chapter and the application of such provision to other entities or circumstances shall not be affected thereby.

Section 13.50.080 FEE REVENUE ACCOUNTING. All proceeds of the Levee Fee imposed under this chapter shall be placed in a separate fund established by the City (the Flood Protection Improvement Fund). Separate and special accounts may be established in the Flood Protection Improvement Fund and used to account for collected revenues, along with any interest earnings. Except for temporary borrowing from one City fund to another, the revenue (and interest) shall be used only for the purposes for which the Flood Protection Improvement Fund was collected.

**APPENDIX D:  
REVISED DRAFT TECHNICAL MEMORANDUM -  
MOSSDALE TRACT AREA: OVERLAY ASSESSMENT RATE  
ANALYSIS DATED JUNE 13, 2018**

## ***Revised Draft Technical Memorandum***

### ***Mossdale Tract Area: Overlay Assessment Rate Analysis***

*June 13, 2018*

**Prepared for:** Mossdale Tract 17 Area Agencies – San Joaquin County and Cities of Stockton, Lathrop, Manteca and Reclamation District No. 17

**Prepared by:** Megan Jonsson

**Reviewed by:** Seth Wurzel, CGFM

---

### **Summary**

As part of Larsen Wurzel & Associates, Inc.'s (LWA) financial analyses in support of a new Governance Entity, LWA conducted an analysis of a proposed Overlay Assessment (OA). This analysis was prepared by reviewing the current Reclamation District No. 17 (RD 17) Mossdale Tract benefit assessment and apportionment methodology as described in the **Reclamation District No. 17 Mossdale Tract Assessment Engineer's Report (RD 17 ER)** prepared by Kjeldsen, Sinnock & Neudeck, Inc. (KSN) dated May 15, 2008 and by making adjustments to the methodology to account for the following:

- All properties within the 200-Year Floodplain Basin within San Joaquin County (SJC 200-YFP Basin).
- An adjustment to benefit apportionment methodology to consider a greater amount of benefit to properties designated for development.
- And an analysis of the marginal effect to the net OA revenues as these properties developed based on the **RD 17 Basin Financing Plan Implementation Updated Development Absorption Projections Final Updated Technical Memorandum (DAP)** prepared by LWA dated May 17, 2017.

This analysis is intended to be used to inform an updated financing plan as described with the RD 17 Area ULOP Adequate Progress Report. This analysis also identifies apportionment and benefit assessment considerations that will need to be addressed in the future as the RD 17 Area Agencies move forward with implementation of the proposed OA.

### **Methodology**

LWA prepared Development Absorption Projections based on meetings with and information provided by representative staff from the Cities of Lathrop, Manteca, Stockton, and San Joaquin County and their follow-on review. The methodology behind the DAP is covered in greater detail in the **RD 17 Basin Financing Plan Implementation Updated Development Absorption Projections Final Updated Technical Memorandum (DAP)** prepared by LWA dated May 17, 2017. After the release of the DAP, further refinements were requested by the City of Lathrop, specifically, to adjust the amount of commercial development that was deemed retail versus non-retail. In conjunction with the DAP, LWA prepared an analysis of an Overlay Assessment (OA) to be levied in

addition to the current RD 17 Mossdale Tract Assessment. The OA rates were based on the methodology outlined in the **Reclamation District No. 17 Mossdale Tract Assessment Engineer's Report** (RD 17 ER) prepared by Kjeldsen, Sinnock & Neudeck, Inc. dated May 15, 2008. Using parcel data from the current RD 17 assessment roll, provided by NBS (RD 17's assessment administrator), and parcel data from the San Joaquin County 200-Year Floodplain GIS mapping, provided by KSN, LWA created a database of all parcels benefitting from the Levee Project (OA Database).

**Table 1** provides a summary of the current RD 17 Mossdale Tract Assessment for FY 2016-17 by acre and by parcel.

The DAP provided data in terms of units for residential development and thousands of square feet for non-residential development. For the purpose of the OA Analysis, the DAP was converted to acres based either on direct acreage data provided by the agencies or based on assumptions from supporting documents (such as specific plans, land use summaries, and tentative subdivision maps) providing residential densities or commercial and industrial floor area ratios (FAR). DAP data for Parks, School, and other public land uses was excluded from the OA Analysis. The total provided or assumed acreages and the associated density or FAR, where applicable, are summarized in **Appendix A, Table A-3**. This data was used to calculate the DAP by acres presented in **Appendix A, Table A-2**.

In the RD 17 ER, the county land use codes were grouped into eleven categories: Agricultural, Commercial, Easements, Industrial, Parks, Residential, Rural Residential, Vacant, Vacant Commercial, Vacant Industrial, and Vacant Residential. These same land use code groupings were applied to the OA Database. The total acreages for Vacant Commercial, Vacant Industrial, and Vacant Residential were compared to the total projected development in these categories from the DAP by acres and an adjustment was made to accommodate additional projected acreage in each category. The total additional acreage was assumed to be currently classified as Agricultural lands, and therefore, was subtracted from this land use category to balance the total acreage in the OA Database. These adjustments are summarized in **Appendix A, Table A-1**.

The Average 2016-17 Assessment Per Acre rates from **Table 1** were applied to the Overlay Assessment Acreage and the Proportional Total Overlay Assessment was calculated for each of the eleven land use categories as shown in **Table 2**. To adjust the assessment rates to reflect additional benefit received by vacant properties with the potential development acreage, LWA doubled the effective equivalency factor as determined by the rates utilized in the RD 17 ER for all Vacant Commercial, Industrial, and Residential land. This increased assessment is assumed to approximate the increased benefit received by properties that have a potential to develop directly as result of the implementation of the RD 17 Area 200-Year ULOP Project. The resulting per acre assessment rates for the OA are shown on **Table 3**. These resulting rates are based upon an assumed total assessment budget of \$5.8 million per year (the total updated OA budget assumed within the 2018 Annual ULOP APR Update financing plan).

## Overlay Assessment Cash Flow

One important factor to consider as a result of employing an assessment methodology that would apportion greater benefit to properties with the potential for development is that the assessment district will likely generate

less revenue overtime as properties develop and their land use category changes to a land use type with a lower assessment rate.

The goal of modeling the OA is to provide a cash flow of potential assessment revenues over time. To do this, the marginal change in assessment revenues was calculated as developable vacant properties are developed. **Table B-3** provides the calculation of the marginal change in assessment rates per acre for Vacant Commercial, Vacant Industrial, and Vacant Residential lands as they are developed. These rates were then applied to the acreages in **Appendix A, Table A-2** to demonstrate the marginal change in assessment over time by Land Use Jurisdiction by Land Use Category in **Appendix B, Table B-2**. **Table B-1** models the OA cash flow in conjunction with the development projections as defined by the DAP absorption schedule. **Table 4** summarizes of the annual OA revenues by year. The OA revenues are effectively reduced by approximately \$729,000 over the 43-year modeling period.

### Implementation Concerns

LWA believes that it is possible to develop a defensible assessment methodology that justifies the assessment and apportionment of greater benefit to those properties that have the potential to develop as a result of the RD 17 200-Year ULOP Project. However there are several issues that will need to be addressed at either a policy level or an administrative level in order to implement and administer the proposed assessment over time. The following summarizes some of the immediately identified issues;

- Land Use Categorization Trigger – What would the threshold trigger be for property that is designated for development thus determining that it receives greater benefit than its current use (which could be the same use as a similar property). Zoning, General Plan, Entitlement Application, Approved Entitlement, etc.?
- Land Use Categorization Administration – How would the assessment be administered, would categorization be totally based upon assessor's use code? Or some other database?
- Assessment Appeals (no plans for development) – How would the Agency implementing the assessment ultimately determine that a property receives greater benefit if a property owner appeals and indicates that they have no plans or desire to develop in the future?
- Un-intended consequences – This type of assessment methodology may have the unintended consequence of delaying development that is needed to help finance the levee program as a result of properties delaying the entitlement application process because there is no way to defer the funding obligation (versus a fee that can be deferred collection until development occurs).

Vacant Industrial	817	\$292.50	15.0	2.0	24,519	\$462,548
Vacant Residential	2,253	\$292.50	15.0	2.0	67,591	\$1,275,102
<b>Total</b>	<b>22,295</b>	<b>\$189.53</b>			<b>307,450</b>	<b>\$5,800,000</b>

[1] Acreage was added to the Vacant Commercial, Vacant Industrial, and Vacant Residential in order to match the Development Absorption Projections totals. The total additional acreage was subtracted from the Agricultural category. See Table A-1, Appendix A for detailed calculations.

[2] The the per acres assessment for Agricultural is used as the base to calculate the Equivalency Factor as per the RD 17 Mossdale Tract Assessment Engineer's Report prepared by Kjeldsen, Sinnock & Neudeck, Inc. dated May 15, 2008.

[3] For this analysis a multiplier is used as a proxy for apportioning more benefit to Vacant lands that are developable versus currently developed properties due to the fact that the Levee Project will allow these lands to be developed.

[4] Assessment Rate Per Adjusted Acre (\$18.86) is calculated as the total Adjusted Acreage (307,450) divided by the Target Assessment Rate (\$5,800,000).

fiscal

Source: EPS.

[1] Assumed percentage of tax increment allocated to EIFD.

[2] The EIFD contribution is estimated based on the incremental growth of existing and new development, while the fiscal impact analysis evaluates the incremental impacts from new development only. Thus, netting out the EIFD contribution from the net fiscal impacts to each jurisdiction overestimates the reduction in property tax revenues related to new development. However, for Lathrop and Manteca and the County, the EIFD contribution predominantly comprises revenue from the incremental growth of new development; in Stockton, about 50 percent of the EIFD contribution comprises revenue from the incremental growth of new development. This table is intended to illustrate general impacts. Further analyses will be required to determine the exact net fiscal impacts less the EIFD contribution related to new development only.

[1] This Analysis assumed an EIFD will be formed in fiscal year 2018-19.

[2] Refer to Table E-2 for details pertaining to property tax allocations for existing City and unincorporated areas.

Refer to Table E-4, Table E-5, and Table E-3 for additional details pertaining to the calculation of property tax allocations for annexation areas.

[3] Assumes 2 percent annual growth plus an additional 1 percent to account for annual turnover

Source: San Joaquin County; City of Lathrop; LWA; EPS.

[1] See Table E-1 for Fiscal Year 2016-17 beginning assessed value.  
 [2] See Table A-4 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
 In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.  
 [3] The City and County tax allocation rates vary between TRAs within the existing City boundaries and the annexation area. See Table A-2 and Table A-3 for more details.

[1] See Table E-1 for Fiscal Year 2016-17 beginning assessed value.  
 [2] See Table A-4 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
 In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.

Source: San Joaquin County; City of Lathrop; LWA; EPS.

[1] Prior to annexation of the annexation area to the City, the City receives no property tax revenue for these TRAs.  
[2] See Table A-5 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.

Source: San Joaquin County; City of Manteca; LWA; EPS.

- [1] See Table E-1 for Fiscal Year 2016-17 beginning assessed value.
- [2] See Table B-4 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs. In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.
- [3] The City and County tax allocation rates vary between TRAs within the existing City boundaries and the annexation area. See Table B-2 and Table B-3 for more details.

[1] See Table E-1 for Fiscal Year 2016-17 beginning assessed value.  
[2] See Table B-4 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.

[1] Prior to annexation of the annexation area to the City, the City receives no property tax revenue for these TRAs.  
[2] See Table B-5 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.

[1] See Table E-1 for Fiscal Year 2016-17 beginning assessed value.  
 [2] See Table C-4 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
 In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the new AV in new assessed value will be 3% of the existing assessed value.  
 [3] The City and County tax allocation rates vary between TRAs within the existing City boundaries and the annexation area. See Table C-2 and Table C-3 for more details.

[1] See RD 17 Area Finance Plan Implementation for Fiscal Year 2016-17 beginning assessed value.  
 [2] See Table C-4 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
 In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.

**DRAFT**

Source: San Joaquin County; City of Stockton; LWA; EPS.

[1] Prior to annexation of the annexation area to the City, the City receives no property tax revenue for these TRAs.  
 [2] See Table C-5 for new AV added to roll from 2017-18 on. It is assumed that new AV is added to roll in year after development occurs.  
 In 2016-17 and 2017-18 prior to the start of the EIFD, it is assumed that the growth in new assessed value will be 3% of the existing assessed value.

Assumption  
 AV per Dwelling Unit \$ 325,000  
 AV per Bldg Sq. Ft. \$ 200

Assessed Value of New Development [1]

Source: San Joaquin County, City of Stockton, LWA, EPS.  
 [1] Calculated as annual projected dwelling units/bldg. sq. ft. multiplied by AV per dwelling unit/bldg. sq. ft. See Table C-6 for development projections.  
 [2] Based on a 3 percent annual growth factor.

[1] It is assumed that the full project acreage will be annexed into the City on the initial year of development for each project.

[2] Represents the loss of assessed value to the unincorporated San Joaquin County. Potential revenue from the newly developed TRAs within the City is calculated in the potential revenue from each jurisdiction.

[3] Assumes a 3 percent annual escalation factor.

**ANNUAL REPORT OF ADEQUATE PROGRESS TOWARD URBAN LEVEL OF  
FLOOD PROTECTION FOR THE MOSSDALE TRACT AREA (RECLAMATION  
DISTRICT NO. 17)**

---

Senate Bill 5 (SB5), and related companion bills, created a new requirement for certain land use decisions made by cities and counties in the California Central Valley. Prior to approving discretionary land use decisions for non-residential projects, and prior to approving ministerial land use decisions (building permits) for new residential buildings, land use agencies are required to make a finding related to the provision of an Urban Level Flood Protection (ULOP) or FEMA level of flood protection. Further, in order to ensure that these findings remain valid, the Local Flood Management Agency (LFMA) is required to annually report to the Central Valley Flood Protection Board (the Board) on the adequate progress being made toward ULOP.

For the past two years, the City of Lathrop, the City of Manteca and Reclamation District No. 17 have jointly taken the role of LFMA for the Mossdale Tract Area (Area). Consistent with prior Adequate Progress Reports for the Area and as part of the reorganization of the San Joaquin Area Flood Control Agency (SJAFCA) that took place in January 2018, the Cities of Lathrop and Manteca became part of SJAFCA with the intent that SJAFCA assume the role of LFMA. As the LFMA and with this letter, SJAFCA respectfully transmits to the Board for its review SJAFCA's Mossdale Tract Program: 2018 Annual Adequate Progress Update for ULOP Final Report dated June 28, 2018.

This report has been made publicly available and can be found on SJAFCA's website at [https://www.sjafca.com/recent\\_documents\\_archive.php](https://www.sjafca.com/recent_documents_archive.php)

Please do not hesitate to contact me at (209) 937-8866 if you have any questions regarding our progress toward achieving ULOP for the Area.

CHRIS ELIAS
