# DT10 TRIDENT, S682 GOLD E BORN TO WIN

## DT10 TRIDENT SUPERPROFESSIONALS

Traditional cross bolt locking system.

Drop out trigger (spare trigger available on request).

Characteristics, dimensions, weight, balance, point of impact ... Everything in the new competition over & under Beretta DT10 Trident, has been studied, with the maximum professionalism, to satisfy the technical requirements of the target discipline that it has been designed for.

Manufactured with the utmost care, the DT10 Trident shotguns are unbeatable in performance, safety and ergonomics. They are extremely reliable, long lasting, handsome and functional. Some models feature standard or, on request, an adjustable Memory System stock.

## S682 GOLD E EVOLUTION ACTUALLY ....REVOLUTION

After years and years of success on the Clay Target Shooting scene around the world, the Beretta S682 Gold E competition shotgun is the focus of modern restyling and several project refinements that gives this shotgun an even more appealing look and competitive performance.

Like the DT10 Trident, the S682 Gold E also features details that make the difference: the barrels with the new internal profile Optima-Bore®, the progressive thin chokes Optima-Choke® and the adjustable Memory System stock.

New external chokes Optima-Choke®

Memory System adjustable stock with "carbon reinforced" support.

Suede shooting vest.

To receive the new Beretta Catalogue, mail your request with your name and address to: Beretta Australia Pty Ltd, PO Box 4258, Dandenong South, VIC, 3164 quoting the following code 01/CTSN 4 and enclosing \$3.00 money order or cheque for postage and handling contribution.

# Australian Clay Target Association Inc.

## PRESIDENT'S ANNUAL REPORT NOTES

It is with pleasure that I bring to you my 2000 Annual Report, a year that has been a very significant one for the National Association. At the Nationals in April we witnessed the official opening of the National Office by then President Mr Glen Woodhatch. This facility attracted a lot of positive comment from those in attendance at the opening function. Since occupying this office the staff have appreciated its design and improved working conditions. It is a great improvement on what was previously available to our staff. It is envisaged that we can continue to develop these facilities in conjunction with the National Shooting ground at Wagga.

The Executive has endorsed the use of the Wagga grounds for all DTL Nationals for the next 5 years. Progress has been made towards improving these facilities. Last year we built the new events office area and this year have constructed a new toilet and shower facilities and a large storage area for clays and trap maintenance. Preparation is underway towards developing an area for presentations and trade displays. It is envisaged and planned that we will continue to expand upon these facilities and over time develop the standard of our National grounds.

In support of this we have also reviewed and developed a new format for the DTL Nationals. This has allowed us to shift the National DTL Carnival to be held over one working week, not stretching across 2 working weeks as previously occurred. The programme has been amended to build to the team selection and McIntosh event at the conclusion of the programme, not part way through the carnival as occurred previously.

In 2000 our shooters again demonstrated that they are world class in standard. The Olympic Games again saw our sport receive a lot of positive publicity. To see the spectator support during this time was fantastic.

Congratulations to Michael Diamond on again winning Olympic Games gold and to Russell Mark on winning silver. Your efforts speak for themselves.

These efforts were backed up by a number of shooters who successfully competed at World Cups, World Championships, Oceanic, Australian & N. Z. National titles.

In particular: -

Michael Diamond	World Cup Trap Final Gold
	World Cup Doubles Final Silver
Deserie Wakefield Baynes	World Cup Women's Trap Final Silver
	Lonarto World Cup Trap Gold
Russell Mark	Sydney World Cup Doubles Gold

It appears that the Commonwealth Government will continue in the short term to make funds available to support teams involved in ISSF shooting. This is crucial as success in World Cups and Olympic Games are essential if we are to develop a higher public profile for our sport. All members, clubs, zones and State Associations have an important part to play in promoting our sport. In recent months the Brisbane Gun Club and the Queensland association have used Russell Mark and Michael Diamond in promotional activities supported financially by the ACTA. Other groups may need to think about how they can use this to their and the sports benefit.

Thirty-five of our members have recently been or are about to be recognised by the awarding of the Australian Sports Medal. This Common-

wealth Government award recognises those who have made significant contributions to our sport either as competitors or administrators. Congratulations go to each and every recipient and I am sure all members will endorse these sentiments.

At the last AGM some possible changes to the constitution were discussed. At the time of my appointment as President we had a legal query about the appointment of an Executive Member, which was a major legal issue for several months, disrupting the work of the Association. This highlighted the need for us to look very carefully at the constitution and ensure that we overcome these problems. A legal firm has been engaged to develop a new constitution and this process is well underway. We will not try to rush it through at this AGM but take our time to discuss it well to ensure that we avoid problem in the future. The draft will be presented to the full Executive meeting in June. It will then go out to clubs, giving ample time for input before presentation at next years AGM.

During the year our Sub Committees have worked hard to support our sport and bring about improvements. The rules committee in particular has created a lot of debate about the introduction of rule changes. Spirited debate is beneficial in ensuring that we finish with the best outcomes for our sport. On the other hand personal attack on volunteers who are trying to improve our sport in totally unwarranted. As an organisation we must focus on the task or issue not the individual.

I would like to take this opportunity to thank all sub committee chairpersons for their efforts and the individuals who have supported their work. To all Executive Members a special thanks for your input, efforts and time. The hours that some individuals have given to support the association is probably not appreciated by many members.

The Executive changes for the year saw: -

- Mr John Holder joins the group as a result of President Mr Glenn Woodhatch retirement.

- Mr Rick Kennedy replaced Mr Tom Meadows as a Queensland delegate

- Mr Gary Cassells replaced Mr Vince Mollica as a Victorian delegate

Welcome to the new delegates and a special thank you to the 3 retiring members. All three have served the Association for many years and made major contributions to our sport Nationally and their Home State Associations.

As you are all well aware Mr Glenn Woodhatch completed 8 years as National President, finishing in June 2000. His impact on the Association has been very evident to all involved. Glen, I am sure all members would join with me in thanking you for your leadership, enthusiasm and commitment to improving the National Association. I am sure your family now appreciates the extra time you now have at your disposal.

To Andy Sanders and the staff at the National Office, your efforts have been appreciated. The willingness to undertake a variety of roles and to support our National carnivals has been greatly appreciated. Many take for granted the service that is supplied from the office and do not appreciate the complexity or range of things, which occur there.

To Mr Bill Jones, thank you for your efforts as Vice President and in ably managing the financial matters of the Association.

Once again it is important for us to remember the members of our Association who have passed on during the last year. Our thoughts and sympathies go out to their families. Gun clubs and members will remember with affection their involvement in our sport.

As always we have had wonderful support from many sponsors during the last year. Thank you for your assistance and contributions, it all makes a difference and is greatly appreciated. I encourage all members to support those who support us as an organisation.

I would like to conclude by thanking those who have personally assisted and supported me in my short term as President. I have become aware of how a few carry a very large percentage of the work for the Association. I hope to work towards more people being involved and sharing the load, so that our Association can become stronger and can continue to move forward to a positive and enjoyable future.

*John Byrnes*

### STATEMENT BY EXECUTIVE COMMITTEE

In the opinion of the Executive Committee:

The accompanying Statement of Income and Expenditure is drawn up so as to give a true and fair view of the results of the Association for the year ended 31st December 2000.

The accompanying Statement of Assets and Liabilities is drawn up so as to give a true and fair view of the state of affairs of the Association as at 31st December 2000.

At the date of this statement there are reasonable grounds to believe that the Association will be able to pay its debts as and when they fall due.

The accompanying accounts of the Association have been made out in accordance with applicable approved accounting standards.

For and on behalf of the Executive Committee by authority of a resolution of the Councillors made on the 28th day of February, 2001.

J. Byrnes, President  
W. Jones, Vice President

### AUDITOR'S REPORT TO THE MEMBERS

I have audited the accounts in accordance with Australian Auditing Standards. In my opinion: (a) the accompanying accounts of the Australian Clay Target Association, being the statement of assets and liabilities, statement of income and expenditure, notes to the accounts in accordance with the provision of the Companies (Victoria) Code, are drawn up so as to give a true and fair view of:

- (i) the state of affairs of the Association as at 31st December 2000 and of the results of the Association for the year ended on that date; and
- (ii) the other matters required by Division 4 of part 3.6 of the law to be dealt with in the accounts;

(b) the accounting records and other records and the registers required by that Code to be kept by the Association have been properly kept in accordance with the provision of that Code.

Dated this 27th day of February

B. M. Boehm  
C.P.A.

# TRAP RULE CHANGE PROPOSALS 2002

The ACTA rules committee is planning to hold a series of Rules discussions throughout Australia during 2001. We will be holding discussions at each of the State Trap Championships and at the National Trap Championships.

We would like to extend an open invitation to all trap shooters to attend at least one of these meetings.

The major topic for discussion will be the proposed trap rule changes.

The following is a brief explanation as to why we are proposing to make the changes.

Proposal 1: Change target flight specifications.

(a) To standardise target flight at club, state, national & international levels

Presently some clubs are shooting 22\* & 45 metre targets and others are shooting 35\* & 50 metre targets. In both these cases the rules are being observed however it is very evident that they are shooting at very different targets.

By being more specific and specifying that all clubs throw 22\* & 46 metre targets we ensure that regardless of where you shoot trap you will encounter the same target flight.

At present the USA, Canada, England, South Africa and various other South American and European countries shoot 46 metre (50 yard) trap targets and thus by changing we will comply with international rules as well.

(b) To ensure equity in our grading system

For our grading system to work effectively we need to have the same targets thrown throughout Australia, obviously equity problems arise when some shooters percentages are determined on 35\* & 50 metre targets and other shooters percentages are determined on 22\* & 45 metre targets.

(c) To aid in re establishing handicap shooting

Trap handicap shooting was invented by the Americans in the late 1800's and introduced to Australia in the early 1900's.

The rules regarding target distances and penalty yardages were not arrived at by accident, the 50 yard target and maximum 27 yard penalty were arrived at as a result of extensive research and experience. It was found that if either of these distances were increased then the equity that was and is prevalent in handicap events would be undermined.

Indeed, this is exactly what happened with the Australian adapted handicapping system when our target distances were increased from 50 yards to 50 metres (55 yards) in January 1975. Since that time there have been numerous attempts to restore equity to our system by changing all sorts of rules relating to our handicapping system but the major problem has never been addressed. The problem was and is the fact that 50 metre (55 yard) targets effectively render the 23, 24 & 25 metre shooters out of the game.

Proposal 2: Change our Handicapping system.

(a) To encourage lower grade participation in our sport

Lower grade participation in trap shooting is falling and this problem certainly needs addressing. One of the problems lies in the fact that there is an imbalance between the amount of common mark and handicap shooting.

Whereas we once had a situation where a balance of handicap and common mark shooting was undertaken, we now have a situation where

Common mark shooting dominates. This situation advantages higher grade shooters and disadvantages lower grade shooters as in effect the lower grade shooters have little or no chance of winning overall in competition events.

Handicap shooting addresses this problem by giving the shooter with lesser ability an advantage so as to provide that person with a better chance of winning the overall prize in competition events.

(b) To make the system more equitable

Presently there is an imbalance of events won on the various handicap marks. Shooters in front of 15 metres and from 20 to 22

metres have been winning a disproportionate amount of major handicap events.

(c) To standardise our system at club, state, national & international levels

The proposed rule changes will go a long way towards standardising our system with other international systems.

(d) To reduce rorting

With our present system rorting is taking place, basically as a result of two fundamental problems. Firstly, outward movement is too easy to avoid and secondly inward movement is too easy to attain.

We need to establish a series of checks and balances to correct these problems.

Proposal 3: Change our Grading system.

(a) To reduce rorting

Presently it is too easy to rort our grading system. The proposed changes are intended to make it much more difficult for people to rort our grading system.

## Sunshine Coast Clay Target Club

Last Saturday and Sunday, the 13th and 14th January, the Sunshine Coast Clay Target Club (SCCTC) held their annual supershoot competition. Over 80 keen shooters from the Gold Coast, Barcaldine, Rockhampton and the usual contingent from Brisbane and Caboolture participated in very warm and humid shooting conditions with northerly breezes blowing on Saturday, making for an interesting event for the day.

Event 1 Saturday (100 targets double barrel championship). This saw some great shooting, but at the end of the day it was Gary Brown from Kingaroy and local shooter Wes Humphries left standing for the shoot off, with Gary taking out the competition 250 from 250.

Event 2 Sunday (25 targets Continental). Congratulations to Darryl Stevens from Brisbane for taking out the overall shooting 79 from 79 after a shoot off with Ray Wise from Gladstone who shot a near perfect 78 from 79 clays.

Event 3 Sunday (50 target Points Championship). Local A Grade shooter Terry Crowson scored 148 points over Darren Howard who scored 145 points the overall winner for the event was Vic Hyde from Rocky with a points score of 164 from a possible 165.

Event 4 Sunday (25 targets Single Barrel 16 metre). This event plays funny games with the mind and really tested the shooters from the start of the event. The shoot offs in this event did not take long to decide and their were chuckles all around.

Wes Humphries from the Sunshine Coast won the overall high gun trophy for the weekend with an excellent 332/336, with Gary Brown from Kingaroy just one shot behind Wes to take out AA Highgun at 331/336.

Congratulations to all the winners and shooters who made the weekend the success it was.

# **Notice to All Clubs**

## **CTSN:**

**The closing date for the advertising in the magazine is now the**

**20TH OF THE MONTH.**

**For example the May issue will close on March 20th 2001.**

## **REGISTRATION FORMS:**

Please ensure that you have the correct membership number, full christian name, date of birth, correct spelling of surname and notify on the form if there has been a change of address in the last 12 months.

If all these details are not correct it could result in the wrong member being registered or if the information given cannot be matched with details on the database the person will be registered as a new member and be charged the legislation levy.

If you are registering a new member please indicate this by placing N/M in the membership number section.

When filling out the form and you are unable to fit all the information on the two lines provided please use more as we would rather you use up a couple of forms and have all the information rather than not enough.

Please Note: If the person has not been a member for 5 or more years they need to be registered as a new member.

## **BREAK BADGE FORMS:**

Please when ordering break badges can you please ensure all the details are filled out correctly and written on an official break badge form. We will not process any requests that are written on a piece of paper.

# NSW News - April 2001 CTSN

## **CANBERRA INT CTC**

The Club has advised that they will now be shooting American Skeet on the 3rd Sunday not the 4th Sunday as previously. They will be shooting on the ISSF Shoot Days, not the DTL Shoot Days. The contact for Canberra Int is John Jasnos at PO Box 264, Fyshwick ACT 26096 and phone 6291 7727 or 0418 205 675.

## **RIVERINA ZONE**

The Trap Carnival for Riverina Zone will be conducted on Sunday 29th July at the National Shooting Ground in Wagga and will incorporate the Riverina Junior Classic. Juniors will receive FREE NOMS. Please note the change of date for the Junior Classic for the advertised 5th August.

## **CONDOBOLIN CTC**

The Condobolin CTC is conducting the annual Classic Shoot on 6th May 2001. Please see advertising in this CTSN.

## **BREWARRINA CTC**

Please note the change of shoot dates for John Ryan Memorial Shoot due to clash with the show. Shoot is now on 5th & 6th May 2001.

## **APRIL MAJOR SHOOTS**

Wagga: 3rd - 8th Australian Trap Nationals  
Newcastle LM: 7th - ISSF Grand Prix Series Shoot  
Mendooran: 7th & 8th Open Shoot  
Singleton: 7th & 8th Night DTL and 1 day Open  
Kempsey: 21st State Night SB C'Ship  
Upper Hunter: 21st 1 Day Open Shoot  
Richmond River: 21st & 22nd 2 Day Open Shoot  
Wagga: 21st & 22nd 2 Day Open Skeet Shoot  
Downside: 28th April Riverina zone Skeet Elimination  
Taree/Wingham: 28th & 29th Flying Fox Annual Open Shoot & State Champion of Champions

## **NSW FIREARMS REGISTRY**

Has Moved !!!!!!!!! New Address - Locked Bag 1, Murwillumbah 2484. Phone - (02) 6670 8561 or Freecall 1300 362 562 and Fax (02) 6670 8558.

## **NSW FIREARMS SAFETY AWARENESS COUNCIL GENERAL MANAGER**

Gary Bryant is the General Manager of the NSW Firearms Safety Awareness Council and Executive Officer of the NSW Shooting Association. He is a former Army Officer who saw active service in South Vietnam and Malaysia and served in the Middle East as an Advisor.

This is the second in a series of articles designed to highlight some of the major areas in the firearms debate where he believes overzealous bureaucrats have far exceeded the intentions of the National Firearms Agreement of 1996 to place unreasonable pressure on the sport of shooting and the lawful use of firearms. Unless these pressures are redressed it is unlikely the sport will grow.

Gary welcomes your opinion and feedback. You can reach him on 02 9486 3077 or fax on 02 9486 3497, or email at nswfsac@nsw-shooting.com.au.

## **DARK FORCES**

Jim is a farmer. Jim's father was a farmer as well. Indeed, Jim Sr inherited the property from his father who headed for the bush after his demobilisation from the AIF in 1919. Jim's grandfather was one of the incredibly lucky ones who faced a daily dose of the worst treatment mankind had then devised for itself - trench warfare on the Western flank - and survived.

Although he remained fiercely patriotic after his return to Australia, Jim's grandfather knew that if he were to make his way in the world he would have to do it by himself. He gritted his teeth, rolled up his sleeves and virtually single-handedly carved the family property out of the rugged bush until the help of a son and

the proceeds of sales allowed him the luxury of some labour to assist in the massive effort.

The property prospered although there was never a time when complacency took over for it was the inevitable flood or drought that reduced the family income to a subsistence year more times than the family cared to remember.

The hardest years were during WW2 when Jim's father was called up for service in New Guinea. The Japanese were thrusting down the Malay Peninsula with the fortress of Singapore and 25,000 allied troops the only real chance of heading off an invasion of the Australian Mainland. It's one way to look at it that Jim's father was again one of the lucky ones. He missed the fall of Singapore and incarceration in Changi POW camp. His part in the great scheme was to fight on the Kokoda Track. Funny thing, luck.....

The property survived and became a solid beef producer for a hungry nation. Jim was born in 1948 after his father wed a strikingly beautiful nurse from the local hospital. Jim grew up on the farm and took to it as if to the manor born. He exhibited all the rugged individualist qualities of his father and his father before. He eventually took over the farm, developed and diversified the property and, despite countless overtures from the banks, never allowed the property to overextend itself through misguided expansion. Jim and his wife became well respected in the region. Their reputation as hardworking was well acknowledged and everyone knew that if you needed a hand during the tough times Jim and his family would be the first to come forward. Jim had a go as a shire councillor during the 70's but three years was enough, there seemed to be too many in the game trying to forge a political career for themselves rather than solving the problems of the Shire.

So, Jim now looks to the next century in his 53rd year with a fine family, an efficient property that has weathered natural disaster, government decree and the foibles of the World Trade Organisation. He is confident and competent but never complacent and is optimistic about the heritage he will pass to his two sons and one daughter.

There are, however, dark forces surrounding Jim. Jim is a criminal. He doesn't know it but a simple gesture of friendship last year caused Jim to break the law and it could have serious ramifications for his business and his family. Jim is poised to gain a criminal record and suffer the legacy of all that that entails.

You find the following explanation of how Jim found himself in this predicament as beggaring belief. It could happen, however, at any time in accordance with the existing firearm code in each State and Territory of Australia.

Jim's predicament goes something like this: in 1996 when the new Firearms Act was proclaimed Jim rightly thought that he should get re-licensed under the new Act and register his firearms. The property had always maintained a couple of rimfires, a shotgun and a .243 for vermin and the humane destruction of injured animals. Jim's experience was that there was no need to let an animal suffer any more than absolutely necessary, particularly when the problem was beyond the scope of the local vet.

Jim became licensed for Category A and B under the Act as a primary producer and duly registered his firearms. The firearms were stored in an appropriate safe storage on the property.

Last year an old school friend of Jim's, who happened to be the President of the local Rifle Club, invited Jim to help celebrate the club's anniversary. Jim and one of his sons who was interested in the sport joined the festivities.

As a part of the festivities the club had organised a charity competition at 600 metres. Jim hadn't shot in competition before but always considered himself a fairly good shot and it was a very worthy cause. He paid his entry money and borrowed a target rifle from the club. He fired off his 20 rounds, had the score recorded and, finished shooting for the day, went back to the club to enjoy a

few beers with his friends and spend some money in the charity raffles.

Those are the facts of Jim's predicament. Those of you who have identified an abuse of public safety by Jim's actions should email me immediately. I am having great difficulty in coming to grips with this issue as far as it relates to criminality.

But criminal it was. Those actions were enough to render Jim a criminal. Although he doesn't know it, his life can never be the same again. It is unclear how the full ramifications of this act of criminality will pan out for Jim but he could spend the next two years in prison.

I recently recounted this scenario to a very experienced shooter and primary producer. His reply was that the lunatics are now running the asylum.

Many of you will be well enough versed in the bewildering twists and turns of firearms legislation to have spotted in a flash where Jim has erred. I suspect that equally as many will be sitting back with a grimace on their faces trying to figure out what really is the problem.

The problem goes back to May 1996 when the Australian Police Ministers Council formulated a set of recommendations that would form the basis of uniform firearms legislation in all States and Territories.

Those recommendations were translated by State bureaucracies that in order to become licensed an individual had to be a fit and proper person and would need to evidence a genuine reason why they wanted to have a firearm. The "genuine reasons" were dully prescribed in the recommendations and have since been more or less adhered to. There have been some variations to the theme in States where it has suited the forces involved.

Essentially the genuine reasons allowable for firearms ownership are:

- \* Members of shooting clubs
- \* Recreational hunters with permission from a landowner
- \* Bona fide occupational requirements such as primary producers, security, etc.
- \* Collectors
- \* Those with Ministerial approval

This is a very comprehensive list. The main point is that firearms are not allowed for personal protection. But leaving aside the issue of personal protection, it is difficult to argue with the list because it caters for the bona fide shooter.

It is somewhat difficult, however, and this is where Jim has come adrift, to follow the reasoning of the Council of Ministers when they made each on the list totally exclusive of every other reason. In other words, you may be a fit and proper person and be a member of a shooting club but this does not mean that you may then shoot rabbits on your neighbor's property.

In Jim's case he is clearly a fit and proper person and is registered as a primary producer but he is not entitled to fire a charity competition shoot at his local rifle club.

And there you have it. Jim has committed a criminal act that could see him in prison for two years because his firearms licence is not endorsed for target shooting.

I have asked the question many times why the Council of Ministers found it necessary to make each genuine reason exclusive of every other genuine reason. The answer is always very unsatisfactory. Basically the logic is "How do we know that a target shooter is a bona fide rabbit shooter if he hasn't applied to shoot rabbits?"

Surely the answer to this is, "Do we care?"

My approach to this is somewhat simpler. If a person is not a fit and proper person then that person should not be granted a firearms licence. But if a person is a fit and proper person then that person is entitled to a firearms licence. I can even live with the "genuine reason" requirement to prove that the firearm is not required for personal protection. After all many fit and proper persons in the community become frightened for their personal

safety and mistakenly believe that owning a firearm will help them.

The prime issue in all of this is that once a genuine reason has been established the individual is a bona fide shooter and should then be entitled to use his firearms in any and all lawful pursuits. For example, a target shooter should be able to hunt; a primary producer should be able to target shoot and hunt as well as manage his property. In other words, the genuine reasons devised by the Council of Ministers should be inclusive not exclusive. The logic is simple. If a person is a fit and proper person and has shown that the firearms are not for personal protection then that it basically the end of it. What measure of public safety is served by excluding a person like Jim from the odd competition shoot at his rifle club? Indeed, Jim will become a better shooter through exposure to shooting conditions at a rifle club. Why can't he shoot rabbits on his neighbor's property? Certainly recreational hunters would benefit by exposure to the formal practice of shooting theory at shooting clubs.

To me this is an issue that just went off the rails. The basic concept whereby shooters have to establish their bona fides is reasonable. The difficulty arises after this stage where artificial and totally unnecessary restraints seek to limit the lawful use of the firearm by individuals who are "fit and proper citizens".

Jim is a fit and proper citizen. I can identify no threat to public safety in his actions. Indeed, if Jim had been shooting on his own property that afternoon rather than the shooting club he would not have broken the law.

It is probably about time that a full, dispassionate and objective review of firearms laws was undertaken. There is now a wealth of evidence to suggest that many aspects of firearm legislation serve no useful purpose in respect of public safety. The standard excuse for gaining to review the issue - that the Australian Police Ministers Council of 1996 made the policy - has worn exceedingly thin.

# Wagin Saltbush Carnival

On the 10th and 11th February Wagin Gun Club held its annual 2 day shoot, the Saltbush Carnival. It is held on the trade mark saltbush flat with an excellent background. The weather was hot and clear and it was a great shooting day with well-set targets and a record number of shooters competing for the excellent prizes having 82 nominations over the 2 days.

*Winchester Junior High Gun winner M. Humphrey with Stamps and Jim West.*

*Phil Becker Memorial Cup 100 DB winner P. Muntz with president Rob Nalder.*

*Overall High Gun P. Muntz.*

*CSBP Futurefarm 50 DB winner Vince O'Brien.*

Starting right on the dot was the very first event the 4 Farmers 25 Double Barrel Classic. There were 18 shooters, 3 squads, shooting off for the overall. In the end, after a long shoot off, Brent Humphrey of Esperance won the event with 76/76. Second was David Walker with 95/97.

The next event was the prestigious 50 Double Barrel CSBP Futurefarm Special. There were six 50's in this event but in the end it was won by Vince O'Brien also from Esperance with 115/115 beating Neil McWhirter from Morowa. C grade shooter Daniel Bidulph shot 62/63 moving him up to AA grade after some very good shooting. Congratulations on such a large move up.

After that was the Primaries Koonac Cup where the winner receives a silver cup, a sash, a Gold koonac broach and their grade trophy, being a very sought after prize. This was a 25 points score

event. It was won by P Muntz of Busselton after a shoot off with Tom Vodden of Esperance the runner up.

The next day the weather was much the same if not cooler with a slight breeze and very good shooting conditions.

First up was a 10 target points score cash divide. There were 17 possibles shot making the shooting very competitive. B graders especially enjoyed the cash dividend.

The final event was the most important and prestigious of them all and it was the 100 target DB Phil Becker Memorial Cup sponsored by the Business People of Wagin. 4 people shot 100/100. They were Piet Muntz, Brent Humphrey, Neil McWhirter and Neil Suckling. After a 59 target shoot off P Muntz was the eventual winner with Neil McWhirter runner up. Neil was very unlucky not to win an event all weekend with some very fine shooting.

P Muntz won Overall High Gun in a shoot off with Neil McWhirter and after some exciting shooting including both missing a target at the same time sparking the crowd into Mexican waves. Final score were P Muntz 398/400 and Neil McWhirter 397/400.

Junior Malachai Humphrey shot very well taking out a few prizes beating the men and also moving up to A grade. He also took out the Winchester Junior High Gun with 271/280 winning the very good prize of a block of 10 personally signed Michael Diamond stamps.

Over the whole weekend the shooters and their families enjoyed excellent food and very good company in Wagin's expanded facilities, with good well run shooting. We look forward to next year.

*4 Farmers Classic 25DB winner Brent Humphrey and Rob Nalder.*

# Maryborough Tid Bits

www.mctc.org.au

Well the year is slipping away. April Fools Day already, but you won't be a fool turning up to Gympie Gold City One Day Shoot Sunday 8th April 9am start with DB CD, DB CS, 30T MED (DB, SB, PTS) and HC.

A mans best friend had just passed on. So to make sure the dog was dead he rushed the dog off to the Vet to see if there was anything he could do for his dog Patch. He turned up at the Vet and said I have to be absolutely certain Patch is gone before I lay him low. The Vet then went into the next room and returned with a cat. Placing the cat near the dog the cat walked to the dog and then walked away. The vet said yes, Patch has gone. So they went back to the office and the Vet presented a bill for \$200. The dog's owner said that is a bit steep just to say my dog is dead. Well said the Vet I charge a \$50 service fee and then there is \$150 fee for the cat scan.

As I said in the last copy, our shoot is too close to CTSN deadline so playing it safe this shoot and next shoot will be late, sorry about that.

## MARYBOROUGH 28-1-01

We are lucky to be at this shoot. When returning from Gympie we were coming down the entrance to the Bay, on a divided four lane, nearly home. We were on the right hand side of the two lane road when the bloke on our left decided he would like to be in our lane. Lucky Harry gave in and slowed down, and all we got was a rub of white pain on our guard. On stopping, the other driver said, "I don't know what I was doing". To be honest neither did we.

Visitors at the shoot were Tania Burke back from NZ and back with her folks at Caboolture and now in A grade. Welcome back Tania and thanks for coming. Also Janice and John Butters, Gino Sergiacomi, Spencer Plath, Brian Fourro, Glen Durre, Bill Stolberg, and Irvine Wynyard. It was good to have Jarrad Smith over from Bundy and also Neil Berry both members of our club. Bill Stolberg drew and shot the Jackpot. Norm Dale won the Whisky Quickie Board and Dick Osborne won the meat tray. In AA grade it was a mixed bag with Neil Berry OA & AA Continental championship. Paul Anderson shared DB CD and 1st HC and a metre with Irvine Wynyard Share DB CD - DB PTS - 2nd HC and AAGHG.

In A grade Vince Dolisson DB PTS, Peter Pacliarino Continental. Bill Stolberg DB CD and AGHG. With B grade Brian Fourro DB PTS. Norm Dale DB CD and Continental, C grade Janice Butters Continental, Spencer Plath back in C grade took DB CD, DB PTS and CGHC and Brian back in his first competition shot a possible in HC to take third. Good shooting Brain Greenhalgh. Well there was a storm on the end of the barrel in the last squad giving us a dark back ground with fluro targets. You could not get better targets and after the presentations shooters were off to beat the storm leaving our devoted workers to lock up. Thanks to those workers. We would be a sorry lot without you. And a big thanks to caterers Rozzie and Petro. We shoot 22nd April 25t DBCD - 50t DB PTS - 25t HC. Meeting 10.30am, with a working bee on the 21st.

We are having a feast of sport on the television at the moment. We were watching the news and they showed our cricket team at the airport with their large amounts of luggage. I said to the wife what do they want those big bags for and she replied "that's where they put their ducks".

Tennis is big at the moment, but what tickles me is when they are playing doubles and they get on the back line and talk to each other, they put their hands over their mouths. They must have bad breath. Then giving the secret word the server puts two into the net. That must rock the opposite side.

## 1-2-01 THE DAY THE BIBLE CAME

Its raining cats and dogs a great day to read the bible. On page 20

to this news I send my congratulations to Rockhampton having selected President Whity for another year. He told me he wears a ten gallon hat to stop his hair blowing around, see you some where, some day, Graham.

And then the Albury-Wodonga AGM you didn't put your hand up to M! I suppose you cannot come up here, if you are tied down.

In the Skeet Nationals I see young Rowan of Cooma still braking clays, say hello to Mum, Dad and Grandma, Rowan.

On page 27 a photo of 15 or more young shooters most clubs would give their eye teeth to have so many juniors in their ranks. Congratulations to Mildura and Boort Clubs who ever start and keep these young shooters involved in our sport, which would be a lot of hard work. Good to see.

In the "your say" on the handicap rule some one out there must have the brains to come up with a simple rule.

As we were shooting only handicap before common mark it is no longer a handicap to be in front of 15 metres common mark. So something like this C grade 15m B grade 17m A grade 18m AA grade 19m. Get one metre for win. If return to lower grade handicap stays but 1 metre to be deducted (if any above grade which have been won). Once, at start of year, but cannot come further forward more than grade meterage of present grade. If down graded, excess metres to be deducted one per year of 200t. I find nothing wrong with common mark rules only handicap as a lot of shooters are trapped on back marks and cannot come forward and find they are not competitive any more. I know shooters who do not shoot handicap because same grade shooters are three and four metres in front under later rules. And I am with Geoff, we don't need grades on Double Rise. So think about it and make it simple. Thank you.

Last but not least congratulations to those who put together CTSN and those who write in the stories as this February copy is over 60 pages of clubs and news I find some writers write to the general public. We must remember we only write to the converted. If we want CTSN read by others when you have finished with yours, leave it in the doctors, dentists or places with waiting rooms, even ask if you can put it in a library. Put the name of your club and telephone number inside.

## KINGAROY SHOOT 3RD AND 4TH

Early Saturday 3rd I had a call from Graham Bickerton to tell me Kingaroy shoot was cancelled, the trouble was water in the trap houses. Graham was trying to locate shooters who were coming to save them a long trip. I am sorry to hear the shoot being cancelled. Better luck for State Carnival 5th, 6th, 7th May at Kingaroy. Club Shoot April 1st.

## BUNDABERG 4-2-01

After three days of rain we had doubts of going to Bundy. However after a shower near Bundy we had a great but windy day. A visitor all the way from Whyalla SA to welcome his grandchild in to the world was Harold Whitehead on holidays in Bundy. Nice to meet you Harold, and good to shoot in your squad. Also Frank Robinson who drew and shot the jackpot. Good shooting Frank. Other visitors Neil Berry, Jarrad Smith, Phillip Warren, Jim Robertson, Harry Walker and your truly.

New members on the day were Mario Coco and Clinton Scott. Welcome to Bundy and I hope you enjoy clay targets. Looking at the shoot, was Pistol Shooter John Wilson hope John saw enough to lure him to Clays.

Lately, every time we shoot at Bundy it is windy which is better than rain. The shoot being Skeet off Gun B grade Richard Merrick C grade Ryan Howie Handicap shared Rickard

Merrick, Frank Robinson, Don Snow, Ryan Howie, Kaye Rehbein, John Butter, all shot 25/25 with HC.

Trap. In AA grade Rob Rehbein share DB CD and AO/AA in continental CS. While Stafford Smith shared DB CD. SB graded HC and OA High Gun. Good shooting Stafford.

In A grade Phillip Warren Continental, while Frank Robinson shot DB CD, SB, and grade HC. In B grade Norm Dale DB CD. Kaye Rehbein SB. Gino Sergiacomi, Graded HC fresh back to B grade and Brian Fourro continental. In C grade Janice Butters DB CD and graded HC, Brian Charters SB also fresh to C grade and junior Adam Gardner Continental. Another enjoyable shoot under the belt. Bundy Shoot Skeet 9am and Trap 12 noon 100t DB 1st 2nd 3rd each grade on 1st April. Hope its not a April Fools Joke.

"Alcohol is your trouble" said the Judge. "Alcohol alone is responsible for your present predicament". "Thanks your honour" said the prisoner "everyone else says it my fault".

#### GYMPIE 11-2-01

All shooters who know Yvonne and Brian Goddard give their deepest sympathy to both on the loss of Yvonne's mum, as they were not able to be at the shoot. And with Marg kicking up her heels in Norfolk we had two stand-in ladies in the kitchen being Dorothy and Averille. A good job ladies. Congratulations to Tom Brereton wearing his new Senior Sportsman of the year badge presented by his Local Shire Council. Good going Tom.

Visitors to the shoot Bill Weeden, Frank Robinson, Gary Darlington, Gary Schneider, Allen Mills, Brett Brown who has run or of travelling mates and came by his lonesome self. Brian Fourro, Vince Dollisson, Peter Pagliarino, Harry Walker and Norm Dale. Then there was Dave Turner all the way from Cloncurry to visit his single daughter on the Sunshine Coast. With a father that shoots like Dave its now wonder she is still single. Dave had a day you only dream of. First, shoot off in DB without result, second, only one point down to win Pts, 3rd shot possible the only one in HC to take one metre, fourth, shoot off in Continental to win, and

took HGHG with best score of the day. Good shooting Dave, nice to meet you and your daughter Donna.

The jackpot was drawn and shot by Norm Dale who also won the Quickie Board raffle and Molly and Tom Brereton the meat tray raffle.

Next, it was down to the shooting. No AA grade shooters. In A grade it was Chris Post DB, Brett Brown PTS, Frank Robinson Continental with Gary Carew 3rd HC and AGHG. B grade George Foster and Norm Dale DB and Dave Turner PTS, HC 1st and metre and Continental plus BGHG. C grade Stuart Dawson DB. Allen Mills PTS, and CGHG while Glenda Post took continental and 2nd HC, good shooting Glenda to shoot 53/54 HC.

With Wal in Norfolk we missed you Wal, that's Dinky Di Wal, we did.

#### GYMPIE SHOOT 8TH APRIL GOLD CITY ONE DAY START 9.00AM.

If the CTSN arrives in time this is important news. Gary Schneider of Kingaroy tells me the two day shoot which had to be cancelled will now be held on Sat 31st March and Sunday 1st April. If CTSN does not arrive in time don't read this part. Best of luck this time Kingaroy.

Getting this copy away again as we shoot to close to deadline Maryborough will be next copy. We shoot April 22nd 25t DB 50t DB PTS CS 2t HC the 50t CS is the shoot we use for our Trans Tasman Trophy with Wairau Firth Gun Club NZ. Best of luck to both clubs.

Thanks Gympie for letting me shoot the jackpot but the pot wasn't as big as when I shot it a few years back being a dinky di jackpot \$558. Everyone keeps shooting it today.

Good shoot fellas.

Good shooting to all till next time see you at the shoots

# ALBANY CLAY TARGET CLUB (inc) 2 DAY CARNIVAL

## JANUARY 27TH & 28TH.

The first 2 day carnival for 2001 on the Australia Day long weekend was to be the best weather conditions for several years for this event. Clear skies, mid 20's and only a light breeze in the afternoons made shooting a much easier proposition. Some of the best scores to come out of Albany for quite a while were achieved over the next 2 days.

The grounds and machinery were in readiness for the 9 a.m. start and the targets had been set carefully across the 3 layouts for uniformity. Several caravans and tents were set up to take advantage of the camping facilities.

David Levingston, Club President made the opening speech, welcoming shooters and visitors, then handed over to Geoff Faulkes, shoot marshal for the 2 days. Geoff was assisted by Rob Bessen. The days shooting program was explained. It was then out to the layouts for the first event, 10 DB c/d. Only 46 shooters had nominated and at the end of this event there was 25 possibles.

**Geoff Faulkes, Overall high Gun with David Levingston, Club President.**

**EVENT 2.** 50 DB Albany Regional Championship. Good scores were coming in from the first 25 and if it continued then there was bound to be several in the shoot-off for overall. Sure enough, 10 possibles were written up with 7 on 49. The shoot off began and it was decided to go to points score once it reached 150. As it progressed the numbers slowly decreased. David Holland from Albany club departed at 134/135 his highest break, in fact had not previously achieved his 50 break before this. Well done David, welcome to AA from B grade. There was now 3 left, Andrew Vandeleur, Jim West and Geoff Faulkes. At the 150 mark Andrew missed his first target and retired on a straight 150 to take out 2nd in AA. After this full round and 4 more targets Geoff used a second barrel to take 1st in AA leaving Jim O/A winner on a total of 179 broken targets. Other places for the event were - 1st A- Dennis Rolland 56/57, 2nd A Trevor Chaplin 51/52, 1st B David Holland 134/135, 2nd B Arthur Pagett 63/64, 1st C Carsten Bager 49/50, 2nd C Daniel Biddulph 47/50.

**Jim West, Overall winner event 2.**

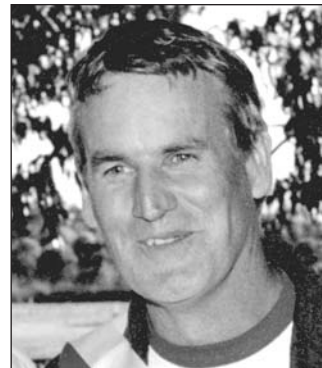

**Bert Boschetti, Overall winner event 3.**

A magnificent morning tea was served while this event was being finalised, thanks to Joy in the kitchen, helped out by the Air Force Cadets.

**EVENT 3.** 25 SB Ray's Sports Power Championship.

This time only 4 possibles with Jim West, Bert Boschetti, David Holland and Geoff Faulkes to shoot off for overall. Bert was the eventual overall winner on 65/65, Geoff 1st AA 64/65 and Jim 2nd AA 47/48. Other places were - 1st A Wayne Kranendonk 24/25, 2nd A Ken Holman 38/40, 1st B Ken Foster 24/25, 2nd B John Griffiths 28/30, 1st C Carsten Bager 24/25, 2nd C Kevin Dickens 23/25.

By this stage the evening meal had been fired up in the gas spit roast, a large pig which was donated by the Albany Club along with a beef blade roast donated by Leo's Country Range Meats. All of the meat was from Leo, a club member who unfortunately could not attend the shoot. Thanks Leo.

**Gary Kelly, Overall winner event 4 and 7.**

**David holland, overall winner event 6**

**EVENT 4.** 25 DB Points Score Rainbow Coast Championship.

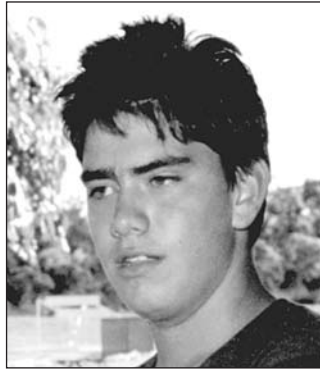

The last event for the day after afternoon tea. Two possibles was all that could be managed, Gary Kelly and Lars Bager. 21 targets into the shoot off Lars pulled a second barrel leaving Gary the overall winner on 96/96. Other places after shoot off's were- 1st AA Rob Bessen 82/83, 2nd AA Geoff Faulkes 81/83, 1st A Bernie Biddulph 157/162, 2nd A Dennis Rolland 156/162, 1st B Lars Bager 95/96, 2nd B Arthur Pagett 74/75, 1st C Carsten Bager 74/75, 2nd C M. Biddulph 71/75.

By now the aroma from the club house was very enticing and the shooters and families were getting a little edgy in anticipation, though presentations for the day had to come first. Ammunition was given for all prizes with a positive response from the winners. Special thanks to Rays Sports Power for the good deal on the Win-

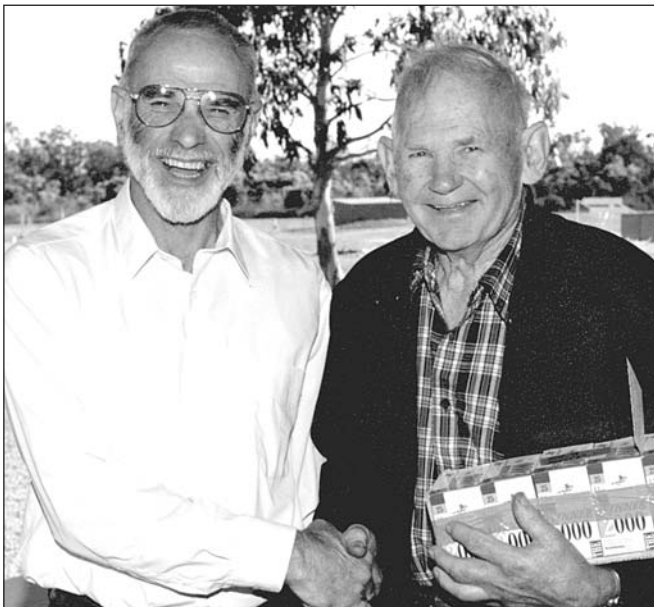

**John Griffiths, Veteran High Gun**

**Malachai Humphrey, Junior High Gun**

chester ammunition. As soon as the official business was over, the food started to appear and the meat was being carved. Most people stayed behind for the meal, special thanks to all involved in the preparation and effort in providing this first class meal..

DAY 2. After the usual formalities were seen to, targets checked, voice release systems connected etc. EVENT 5 was under way by 9.15 a.m. This was a 10 DB Points Score with 1 winner taking a case of ammo sponsored by Sam Forsyth from Total Motor Cycle Accessories. 16 shooters shot the possible from a turn up of only 45 shooters. It was a good shoot off with David Sobik from Rays Sports Power the winner on 195/195.

**Alf Coleman, 2nd C Grade event 7 with David Levingston, Club President.**

EVENT 6. 60 Targets Champion of Champions King George Sound Championship. This was to be shot 20 targets over each layout starting from layout 1. It progressed well with referees and scorers doing their job well. All eyes were on the board searching for the red 100, but it was not to be. Closest, on 99 was our new AA shooter David Holland taking the over all which went to prove that the previous day wasn't just a flash in the pan. 1st in AA Geoff Faulkes 98/100, 2nd AA Gary Kelly 147/150, 1st A Ken Holman 98/100, 2nd A Tom Vodden 119/125, 1st B Lars Bager 98/100, 2nd B John Griffiths 119/125, 1st C Daniel Biddulph 96/100, 2nd C Kevin Dickens 93/100.

EVENT 7. 25 D B Continental Chester Pass Championship was the last for the day and crucial for the outcome of the High Gun award with Gary Kelly and Geoff Faulkes within 2 points of each other. It was a good event, being a little different from the previous events making shooters work hard all the way to the end.

9 possibles came in and it was to be quite a long shoot off with Gary Kelly the overall winner on 141/141, Geoff Faulkes 1st AA 140/141, 2nd AA Brent Humphrey 49/50, 1st A Wayne Kranendonk 53/54, 2nd A Trevor Chaplin 34/35, 1st B David Levingston 40/41, 2nd B Malachai Humphrey 29/30, 1st C Daniel Biddulph 24/25, 2nd C Alf Coleman 22/26.

This brought to a close 2 days of excellent shooting and a good time had by all. The Air Cadets who worked as trappers, kitchen hands, bar staff and other general duties had done a marvelous job, and polite with it. Thank you. Two cadets were lucky enough to win a glider flight donated by Tony Cusack, a member of the Albany Club. Thanks Tony.

Shooters who achieved new breaks are as follows -

- Kevin Dickens and Carsten Bager 25 Trap
- Kevin Dickens, Trevor Chaplin and David Holland 50 Trap
- David Holland and David Sobik 75 and 100 Trap
- Jim West 150 and 200 Trap
- Gary Kelly 100 Continental
- Regraded -
- Wayne Kranendonk B to A
- David Holland B to AA
- Carsten Bager C to A
- Lars Bager B to A

Presentations were conducted by David Levingston, club President and assisted by Rob Bessen, Vice President. Judging by comments from the shooters as the prizes were given out they will be back with their friends for next year's carnival.

Glenn O'Brien, State Association President updated the shooters and their families on various issues.

The final results for the High Gun awards were -

- O/A High Gun, Geoff Faulkes, 312/315
- Intermediate High Gun, Lars Bager, 301/315
- Veteran High Gun, John Griffiths, 300/315
- Junior High Gun, Malachai Humphrey, 286/315

The Albany Clay Target Club would like to thank the following sponsors for their support in making this a successful shoot. -

Rays Sports Power, R. Bell & Co., Winchester Australia, Total Motor Cycle Accessories, Stirling Soft Drinks, Sanford Transport, Wentworth Hotel Perth,

Rob & Gail Bessen, Elders G M, Tony Cusack, Leo's Country Range Meats,

Suzanne Wood and Geoff Faulkes.

Thanks also to the clubs who lent the Albany Club 3 sets of voice release systems, Collie, Katanning and Narrogin. It was very much appreciated and the shooters who had not shot with them previously were most impressed.

Thanks to Raewynne in the office, Ken Paterson trap maintenance, Rob Bessen for your help in running the shoot, David Levingston, Joy in the kitchen, Gary Jannings for overseeing the cadets and all others who contributed to make this a very successful shoot.

**Geoff Faulkes

The ACTA reserves the right to edit any letter and letters may be shortened for brevity. We do not necessarily endorse the opinion of our correspondents.

I have read Cuzzo's Rambling's in the February 2001 Clay Target news and am disturbed by the petulant nature of this article.

First

The rules of any game be it Skeet or Bowls are in fact the Laws of the game. They must be written in such a way as to minimise interpretation. Any problem should be referred to a Rules Committee and a determination made. This determination must then be complied with until such time as the rule/law is changed or overturned by a superior authority such as a court. Failure to observe such elementary practice can and probably will lead to individual Clubs/States under varying and different conditions.

Minimising interpretation of laws simplified the game - it eliminates problems before they occur.

NSSA in its magazine has a section dealing with rule interpretation. Questions are asked and authoritative answer given. This indicates that NSSA officially recognises that variation in interpretation is not appropriate.

The rules say the target should go through the hoop full stop. This is not open to question. I draw attention to NSSA rule 4F regarding the distance travelled by the target....

"It is recommended to adjust the skeet machine spring to a tension that will just reach the 60 yard stake, passing near dead centre on the target setting hoop, under a 'no wind' condition. Once this setting is made, it is unnecessary to change the spring tension during a tournament unless the spring becomes defective. The prevailing wind during a shoot may cause the targets to fall short of long, but they are legal targets providing they pass through the setting hoop."

The logic of this is that they leave the throwing machine at a constant velocity. However, it should be noted that they still pass through the hoop.

Second

When Skeet was introduced into Australia it was shot generally in accordance with what was happening in the USA (I don't know about target distance). The modification made such as station 7 and 8 and doubles shooting in normal skeet were introduced to make it safer and faster.

## JAMES MIATT MFG

PO Box 1868, Launceston, Tas 7250  
Phone (03) 6331 8285 Fax (03) 6331 8281

I believe the changes to revert to US rules on station 7 and 8 are a backward move.

Already, this year, a shooter standing in line at station 8 had his eyes filled with target residue - he was wearing glasses. I have been hit with pieces of my own target (this year) and will not stand in line to be hit by somebody else's target pieces.

In Australia, we have a different political/legal system to the USA. Any organisation here has a duty-of-care towards participants and if it knowingly introduces rules/laws, which negate such care could find itself in a very difficult circumstances.

The Occupational Health and Safety Act Appears to include not only the National Association but down to clubs and even Referees.

Third

We have departed from NSSA rules (rule book dated 2000) with regard to target release - I refer to rule 4, page 29:

"A regular target is one that appears after the shooters call and within a period not to exceed one (1) second and ....."

Unless this rules is changed shooters visiting the USA and brought up on immediate releases could find themselves disadvantaged.

Fourth regarding Referees.

People are deterred from refereeing in part because various interpretations of the rules can result in unnecessary and sometimes spiteful challenges.

To minimise this problem the target refusal rules were introduced. These were quite generous and readily applied. Under NSSA rules, this responsibility now reverts to the Referee. It appears we are now back where we started - this is not a good move.

There are arguments for and against paid Referees.

First, it removes the tedious and tiring work that shooters endure as honorary Referees. It would however lead to significant increases in cost.

The argument that paid Referees would eliminate problems with refereeing standards is questionable. People who are paid servants must of necessity please their employer. Shooters with influence in their employment would almost certainly be viewed differently to those without. This is a simple fact of human nature ie survival. It might also explain the suggested bending of rules, which supposedly occurs in USA.

I have only limited experience of the USA scene and being without influence of any kind believe that I was treated impartially and strictly in accordance with the rules.

*Reg Clarke*

I have read with interest the letter in the February CTSN critical of the way the rules were administered at the recent ACTA Skeet Nationals. I have heard similar comment around the traps from other shooters who attended the shoot. I also read Adrian's column, which appeared dedicated to defending his actions in setting the targets.

Rules are written to ensure safety and equity and any variation from them can and will compromise the integrity of the competition. There are many procedural issues covered in the rulebook which if varied cause little or no harm. However the setting of targets is covered precisely in the rulebook, somebody constructed a height stick of the correct length and provided a suitable place for its proper erection. To ignore this most basic of rules designed purely for equity of competition is not acceptable. The targets were not set in accordance with the rules - it is as simple as that.

The finger is being pointed at Adrian as being the culprit here, but it is ACTA procedure that the targets will be checked each morning by the jury, usually made up of Executive members, was this done?

I was disappointed in Adrian's closing comments, which split shooters into three groups, and was fairly insulting to members of the third of these groups. Basically, his comments were as follows:

1. If you agree with me - help and support me.
2. If you do not agree with me - help get rid of me.
3. If you oppose me because of who and what I am - You are a W— — and I don't care.

I think there is a fourth group that Adrian has not considered, and a large and important group at that. They do not agree with how the targets were set, but they do not want to get rid of Adrian. They are extremely thankful for the time and effort he had put into shoot marshalling in recent years, and greatly enjoy his company, but wish to shoot targets set in accordance with the rules. They have noticed the difference in atmosphere and how nothing is too much trouble for Adrian if he can help a shooter, but they want total equity of competition. Surely there is room for both Adrian and these people (I'm one of them) in our sport.

The point raised by Adrian that the use of CVRIL electronic release equipment has resulted in not one "technically legal" target being shot at the Trap Nationals in two years is incorrect.

The President of the day in 1999 Glenn Woodhatch conferred with all Executive members present on the grounds who as a group decided to use the CVR (we made the right decision for a change) which effectively changed the rule from that moment on. This was reinforced at the Executive meeting alter that year by a motion to use electronic release at all future Nationals. We have not been shooting "technically illegal" targets but we do have an out of date rulebook.

On Cusso's Rambling's generally, there have been a few Executive decisions pre-empted in Adrian's column. Some of these decisions were no doubt influenced by the contents of his column, which in one particular instance was not factual. We are all aware of the "power of the press" so I suggest that if you read something in your magazine that is incorrect or you disagree with, put pen to paper and add some balance to the argument. It is a bit one-sided at the moment.

**Robert Nugent**

Jim Boyes and Jim Edmonds' letters in February's News are fair comment and to the point. Well done to both "Jim's"

Cuzzo goes on for a page and a half trying to justify his position and still fails to alter my opinion on what has been thrust upon the Skeeties.

With the introduction of the NSSA rules, can we at least have an accurate and up to date rulebook published with all of the Skeet rules in one section.

Surely, the ACTA can afford a new rulebook so we can all follow the written rules.

**Bob Robinson**

Dear Sir,

Regarding the proposed rule changes (November 2000) while I agree with Neil Taylor (January 2001) and Geoff Archer (February 2001), I'd like to point out a few things.

Firstly, changing the angels for shooters - this would be like changing the width of the goal posts in a game of football from their normal width to only 1 metre wide for the finals. Apart from the fact that the trap mechanic might be in the shoot off on working or working on the book in the office, leave the angels at 22 . Handicap Rules - tell me how a new shooter can start on 15 metres when he may already have been subject to Rules 2.01(q) and 2.02(c)(ii)? And as for members of other C.T.A.' shooting from a preset yardage, I'd be careful because the dictionary states to treat person's group's etc as different from others is to discriminate and I don't think you can do this.

Handicap increases - Firstly, there is a different penalty for an increase in shooter numbers. Secondly, a penalty if you shoot too high a percentage, and last another penalty if you shoot 50/50. Tell me what is the Rules Committee long term aim to have everybody

in AA and off 25 metres? Double barrel scores off 15m including Continental and leave Single Barrel out for better scores slot in Continental than Single (just look back over a few break badges).

You also mention that accumulated 15m score and percentage, to be ongoing for the entire year. Does this mean upgrading will only take place once a year? Or do we add target shot this weekend and remove targets shot last week and check grade. Anyhow, I will close now, but as a form of protest to these proposals, I will not shoot in the Handicap at Wagga Wagga in the Nationals 2001.

**Ron Cugley**

## Echuca February 2001 DTL Shoot

Sunday 11th started out fine and sunny no wind and about 30 degrees. And stayed that way all day, bringing 7 squads out for competition.

Targets were good and in the E/O 10 tgt Continental 14 shot the lot. Being I Phillips, W Forrest, I Gebhardt, R Ross, L Downie, K Bruns, W Eagle, M Roberts, P Gobbo, T Moroni, P Sing, F Gobbo, R Traill, T Plum.

Event Two was a 20 tgt D/B Continental and because conditions were good it resulted in a long shoot off. Results being O/A and A W Forrest on 86/86, 2nd in A. S Atkins on 85/86, 1st in B was G Norris on 29/30, 2nd in B. J Woolmer on 27/28, 1st in C was D Faulkner on 37/38, 2nd in C. B Cormack on 10/20.

Event 3 was a 20 tgt Handicap event, which Echuca is doing its utmost to restore participation numbers by returning 80% of the nominations to the shooters in cash trophies 1st, 2nd and 3rd.

First receiving \$110.00 was K Bruns on 51/51, 2nd receiving \$70.00 was popular club secretary Peter Sing on a score of 50/51, and third receiving \$40.00 was F Gobbo on 39/40.

All shooters were happy with Echuca's attempt to promote handicap shooting in this way.

Event four was a 20 pair Douville Doubles event, with all shooters entering the event. After a long shoot off with virtually half of the shooter qualifying, the results were first J King and T Plum on 51/51, second being L Downie and R Ross on 50/51.

A good time was had by all. Meals and drinks in a wide variety supplied throughout the day by the ladies committee and Echuca's CTC committee Thanks All.

## **Arthur James Ferrett** (08-02-38 - 26-11-00)

It is with a saddened heart that I have to inform fellow shooters that they have lost a true friend and sportsman, AJ Ferrett or AJ, as he was known.

AJ passed away on the morning of the 26 November while packing his car to attend a shoot in Lismore. I had the pleasure of knowing AJ for twenty-six years as a shooting companion and a dear friend. He was very competitive and had won many championships in NSW and QLD. I am sure that all who knew AJ held him in high regard as both a sportsman and a friend. Jimmy held the position of Vice President of his home club Tyagarah.

He will be sadly missed. Jimmy is survived by his wife Diane, son Simon and daughter Anna. I offer my deepest sympathy to his family in this time of sadness.

John Duyker  
President Tyagarah Clay Target Club.

## **Barry Munt** 9-11-37 to 2-1-01

It is with deep regret that the Top End Gun Club, NT, advises of the passing of its founding member Barry Munt.

Barry passed away in his sleep while on holidays at Lake Cargelligo in NSW.

Barry had a long and successful shooting career which saw him become a well known and popular competitor through out the shooting fraternity of the NT and NSW.

From the time of becoming a member and then a life member of the Darwin Gun Club to becoming the founding member and life member of our club Barry was a tireless worker in both clubs contributing much to the promotion of clay target shooting in the Northern Territory. Hence his life membership also in the Northern Territory Clay Target Association.

After shooting with Darwin Gun Club for a number of years Barry began the Top End Gun Club at his property in Howard Springs setting up a layout in his back paddock. Barry served 30 years on our committee, 25 of which as President before he relinquished the position in 1999 due to the state of his health.

Although Barry hadn't been well for quite a few years he rarely missed a shoot and was always up amongst the top shooters regularly taking out high gun.

Our deepest sympathy goes to Barry's wife Dianne, sons Howard and Shane and brother Eric.

Lauren Schmidt  
Secretary

## **McDonald takes Clay Target Event**

Port Macquarie and Australian Representative Nathan McDonald edged out some top opposition to take the overall High Gun (highest score over 2 days of competition) at the Coffs Harbour Clay Target Club's Annual Two Day Carnival held on the 7-8th January 2001. McDonald was the most consistent over the two days and finished with a score of 203/208.

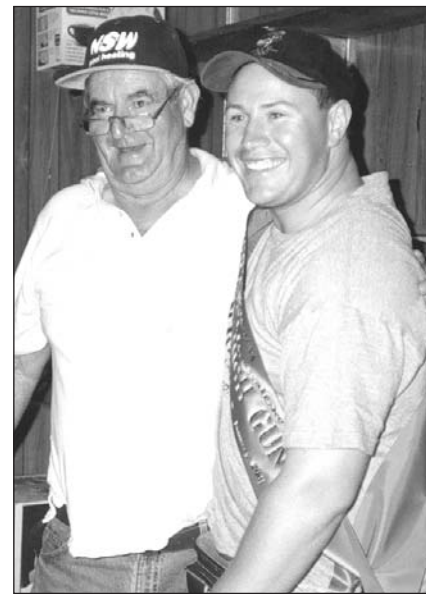

90 competitors for each day of competition were welcomed to Coffs Harbour by local MP Andrew Fraser. Competitors travelled from

Broken Hill, Lightning Ridge, Sydney, Gold Coast, Brisbane, Tamworth and Orange.

Seventeen year old Travis Vaina from the Gold Coast and Tony Avanakakis from Sydney recorded terrific break scores. Vaina shot 305 targets before missing and Avanakakis shot 375 before he finally missed. The two achieved their high breaks because of the tough competition helping them maintain their concentration and the perfect weather conditions allowed the targets to fly true.

**Nathan McDonald, Overall High Gun winner with Bob Aitchison. a Tony Arvanitakis and Theo Leonatos with Bob Aitchison.**

**Nathan McDonald, Overall High Gun winner with Bob Aitchison.**

# Sporting Clays Nationals - PAST WINNERS

1994	Gold Coast & Albert Gun Club Gundy Manning 125/150
1995	Illawarra Gun Club David Cunningham 164/175
1996	Melbourne Gun Club David Cunningham 141/150
1997	Melbourne Gun Club David Cunningham 143/150
1998	Gold Coast Clay Target Club John Younger 191/200
1999	National Shooting Ground Peter Tobin 141/150
2000	National Shooting Ground Peter Muntz 190/200

## CONDITIONS OF ENTRY NATIONAL SPORTING CLAYS CHAMPIONSHIPS

1. In the event of any shooter not being able to produce his/her Handicap Card, a duplicate shall be issued for the duration of the National Championships. This card will then be forwarded to the Club Secretary to enable scores shot to be recorded.

Note: A \$20 fee will be charged for the issue of any duplicate Handicap Card.

2. Squads of 5 shooters to shoot 100 targets in four rounds of 25..
3. The Organising Committee will decide the order of shooting.
4. Regulation Skeet or Trap targets will be thrown, as well as mini, midi battue, rockett rabbit or flash or any other sporting clay target approved by the Association. Target type for any stand will be at the discretion of the shoot official, but shall number five (5) in total.
5. Shooters will be squadded as per ACTA rules and regulations and any interpretation of this will be the responsibility of the Tournament Director.
6. Each shooter is to take enough cartridges to shoot at 25 targets
7. Shooters who fail to appear in time for their squad may be re-squadded towards the end of the event, but this is not guaranteed and non-participation is a possibility.
8. Should a shooter being late for his squad then elect to withdraw from the event he may not be eligible for any refund of nominations paid.
9. All shooters must sign the score sheet after each 25 targets. Once a shooter has signed his score sheet he has accepted his score and grade. Any score sheet not carrying the shooters signature will be credited with the lowest score recorded.
10. Any competitor may be called upon to referee and/or score throughout the period of competition. The persons' designated to referee and score must fulfill their obligation to do so. Failure to either referee or score may incur a penalty of the LOSS OF ONE TARGET.
11. Shooters will be drawn from each day's last round squads to referee and score the first round of the following day, being ready to officiate at the advertised starting time. Shooters who fail to fulfil their responsibility may be penalised one target. While replacement referee and scorers are permissible, the penalty of a loss of one target for they're failing to officiate shall be made

against the officially designated person.

12. Any unauthorised shooter interfering with or attempting to interfere with the trap may be penalised FIVE (5) TARGETS.

13. All disputes must be in writing together with \$20 deposit, which is refundable subject to the appeal being upheld.

14. All disputes and deposits must be lodged with the Tournament Director, who shall arrange a hearing with the appointed jury.

15. Any eligible competitor paying nominations is entitled to receive awards in the Open section, Womens, Juniors or Veterans section, however the overall winner cannot take any section prize.

16. A minimum of three persons must compete in any Grade or Section, including High Gun before sashes, medals trophies and/or cash are awarded, irrespective of nomination paid.

17. Nominations will close daily at 11.00am or at the discretion of the Tournament Director.

18. Anyone participating in the practice of card playing at the National Championships is expected to be considerate of the requirements of others, and the presence and behavior of the card players must not cause inconvenience or disturbance. Tournament Director to adjudicate.

19. Any interpretation of the program and conditions of entry will be the responsibility of attending members of the Executive Committee, whose decision shall be final.

20. An acceptable standard of dress is required for all competitors, Tournament Director to adjudicate.

21. Reduced Nominations: These shall apply to Juniors and the second family members entering into the same event, they being wives and husbands. Shooters paying reduced noms are eligible for Open as well as section prizes.

22. All Competitors must comply with Firearms Licensing Laws in their State of residence and in the State hosting the National Trap Championships.

### **ACTA National Junior Down the Line and standard Skeet Training Camp Wagga Wagga 26-28 January 2001**

The first camp for 2001 has been successfully conducted with 22 juniors and 6 staff attending. Some of these juniors were carried over from the year 2000 and other new candidates were nominated from their State Associations. Head coach Bill Iles put them through their "paces" and come Sunday passed the comment they were all "looking good".

A very well behaved group of young shooters all of who show great potential. A second camp is planned for later in the year. My thanks go to Andy, Bill and Peter, camp nutritionists John and Alan, and not to forget ACTA Ground Curator, Dave.

Now that the ACTA Junior Camp for Down the Line and standard Skeet together with ISSF Trap and Skeet are up and running and showing great potential should any parent or interested person be in a position to help with useful suggestions or financial support please contact myself or Andy Sanders.

**Bill Jones**  
*Junior Camp Manager*

## West Australian Gun Club Inc 2 Day DTL Carnival

Over the weekend of the 24th and 25th February 2001, the West Australian Gun Club (inc) held its first 2 Day Trap Carnival in five (5) years. Unfortunately, the Club had just survived the "Valentine's Day" bushfire with remarkable luck in that nothing of the Club's area, other than the bush was severely damaged. It was touch and go, as to whether the Carnival would go ahead as power lines were no longer standing and the main bore had been damaged. By late Friday afternoon (23rd), approval was given for shooting to recommence at the ground after the blanket ban had been placed for over a week and half whilst mopping up and dampening down operations were completed.

The Club's background took the image of a moonscape covered with soft white sand, blackened trees and "backboys" standing as sentinels over the Complex. Against this colouring, the brilliant fluorescent orange of the Corsivia and CCI targets stood out like dustbin lids. Targets have never had a better starkness to present themselves against. Talking of targets, Ollie McPartland, Jim Boyes and Murray Alexander had persevered in an attempt to provide the best thrown doubles targets for the State Deauville Doubles by altering the Gemini machinery and testing of targets over a period of 4 - 5 months. This effort paid off with excellent doubles being thrown.

Shooters started arriving on Saturday morning with the lure of the State Deauville Doubles and the Commonwealth Day Double Barrel titles. By mid morning, the numbers were in and it was disappointing to see so few shooters turn up for trophies in the value of \$1500 over the day supplied by our sponsors Kambo's Retraction and Urenco Supplies. The "City of Perth" 50t Double Barrel was won by Neil McWhirter (52/52) from a shoot off from David Fox (51/52). This proved to be the shortest shoot off over the entire weekend. Other involved in shoot offs were Andrew Vandeleur (120/121) and Gary Kelly (119/121), John Rose (71/74), Tony Kent (70/74) and Ollie McPartland (58/61), Frank Shim (50/51), Dino Fracaro (49/51) and Alan Sexton (58/61).

Neil teamed up with Paul Finis (46/46) to take out the State Deauville Doubles off 22 metres from Ric Vivante and Trevor Morris (44/46). It is believed that Ric reckoned that "he" did not miss and that Trevor let him down. Jon Dyas and Max Cubic (54/56) came in third with Jon announcing he was devastated that they had not won the event. Thankyou Ollie and Urenco Supplies for the sponsorship.

Sunday morning dawned - "practice traps" were open and breakfast was on the go in the kitchen area. Numbers were up on Saturday but still not what was expected for having the Titles on offer. David Fox showed his prowess and concentration with the "Whiteman Park" 50t Double Barrel Points event by shooting a perfect 150/150. This event only produced one shoot off with Dino Fracaro (140/156) being beaten by Jed Carter (143/156). This day had different winners to Saturday with Terry Hearn (143/150), John Panara (122/150) and a "skeet" shooter John King (113/150) using a borrowed Browning XT Ultra from Tim Steer of Winchester Australia. Thanks go to Smith's Snackvend for their sponsorship of this event.

Well time came for the Commonwealth Day Double Barrel title and it became a hotly contested event between Neil McWhirter (64/66) and David Fox (62/66), with Neil being the winner. A "ring in" from South Australia - Tim Steer (47/50) was also up on the podium along with other new faces of Lars Bager (42/50), Jeff Green (41/50) and Cosmo Forgiore (40/50). Terry O'Brien was also in amongst the prizes although he has a slight disadvantage, in that he is wheelchair bound. Congratulations to all winners and thankyou to Roy Alexander (himself) & Sons for the continued sponsorship of the West Australian Gun Club (Inc) and Clay Target shooting over the many years - 53 years in total.

Winchester Australia again supported this Club with the presentation of the High Gun trophy by their representative - Time Steer to Neil McWhirter (256/260). The Club gratefully acknowledges the support that Winchester gives and looks forward to a continued sporting sponsorship relationship with Winchester Australia. Thank you Tim for the presentation.

Well that rounds up the competition, but there were many people to thank for a very well run and prepared shoot. First, congratulations must go to Ollie McPartland on surviving his first Carnival as the new Trap Captain. Thanks go to Jim Boyes, Ian Young and Neil Beeson for their hard work looking after the traps and layouts, Sue and Robin Bailey as the scoreboard operators, John King, Daphne Day, Tim McBride and Geoff Cameron in the office area, Clem Bertini as Ollie's "Vice", Debbie Carter, Sue McPartland, Chris Alexander in the kitchen and bar area and Bill Foy and Jed Carter on the waste management area. Thankyou to all other helpers who assisted in any way to make this weekend a great weekend, showing that the West Australian Gun Club (inc) is like the phoenix which rose from the ashes it will always rise against adversity.

## FOSTER GUN CLUB

Their introduction to Clay Target shooting and Safe Firearm use. Each year the Foster Gun Club has the students of the Foster and Yarram Secondary Colleges for coaching in both the safe use of firearms and the "art" of breaking clay targets. On Tuesday 12 December, twenty or so of the Foster College students were taken for their junior shooting permit by Snr Constable Greg Verity and next day supervised training at the Foster Gun Club. Few of the students had handled any sort of firearm before that day. It was a very pleasant surprise to see the progress they made during the day with a seven break the best with quite a few others near that number. The following day Wednesday 18 December a busload of Yarram students were given the same training. As the Yarram College has an ongoing firearm education programme some of these students were experienced in one form of shooting or another. They were divided into experienced and novice group, with the novice group also showing varying amounts of ability in a very short time. The students from both colleges were all well behaved and attentive and a credit to their respective schools. Our club provided clays and a BBQ lunch for both groups and helped with cartridges. We feel this project has been worthwhile as the coaching given was well received and has given all the students an insight into our favourite sport of clay busting and the safe use of firearms. Thanks to Jack Shellcot, Ray Barlow, Geoff Monson, Adam Richards, and Ewan McPherson for their efforts on both day.

Reg Jennings.

# CUZZO'S RAMBLINGS APRIL 2001

On January 01 2001, a number of rule changes were introduced into the ACTA rulebook. The bulk of these changes involved alterations to the Skeet rules and clarification of the differences between Skeet rules and Trap rules. The remainder involved changing the wording in a number of sections to legalize the use of phono-pull equipment for Trap and Skeet shooting.

The ACTA Rules Committee printed a summary of these proposed changes in the September 2000 issue of the CTSN. This was done for the purpose of giving advance warning of the intention to make various rules alterations and inviting public comment, either for or against the changes. The Rules Committee then advertised and convened an open meeting at the Skeet Nationals in November to discuss the proposed changes with the majority of the people who would be most affected by them.

At the conclusion of that meeting, a vote was taken from those people interested enough to attend, as to whether or not to go ahead with the rule changes, and if so, the most appropriate date of implementation. The decision to proceed with the changes was passed almost unanimously, and after considerable discussion, a suggestion to wait until 2002 to introduce the changes with some proposed trap rule changes was rejected. A motion asking the Rules Committee to fast track the changes for 2001 was then also passed almost unanimously.

*NSSA standard procedure for lining up on station eight (top) and stations one and seven (bottom)*

The January issue of the CTSN listed in full every rule that involved any changes. As this occupied four pages of the magazine and made for some pretty heavy reading, I guess a lot of people just skipped over it and figured they would pick it up as they went along. Unfortunately this method of acquisition has resulted in quite a lot of confusion in a couple of areas and, as president of the Skeet Shooters Association, I have received several requests to provide some clarification via the magazine.

The first main area of confusion seems to involve the matter of where the waiting shooters should stand, whilst awaiting their turn to shoot either of the targets on station eight. Unlike the specifically designated positions for the referee, the positioning of the other four shooters, whilst not actually shooting, is a bit of a grey area. Neither the NSSA rulebook or the current ACTA rulebook stipulate any mandatory placement for these people during this time. The ACTA rule book makes no mention of it at all, and the only relevant reference to it in the NSSA rulebook is a suggestion under section 1E which states " It is recommended for courtesy to team members that shooters.....should stand a minimum of six feet behind the shooter while waiting to shoot".

I have never seen this recommendation enforced in NSSA shooting, or even seen anyone ask for it to be observed. I suspect that, like their one second pulling rule, it has become redundant and is just waiting to be culled at a prudent time. I believe this because, as a general rule, most NSSA shooters line up "Indian file" behind the person shooting, usually quite closely, on all stations including station eight. There are a number of good reasons for doing this.

They include the ability to closely observe the flight of the targets before it is your turn to shoot. The ability to mentally visualize your own shot from a relevant vantage point prior to actually shooting it. The ability to provide encouragement and motivation to the person shooting. The ability to provide constructive criticism and learned assessment in the event of a bad shot or a miss by another shooter. However the major overriding motivation for this procedure is undoubtedly expediency, as it is considered a very serious breach of etiquette for the squad not to complete their 100 targets comfortably within the allocated time of ninety minutes.

Most Australian Skeet shooters who have attended the World Skeet Championships or other NSSA shoots have picked up on this procedure and adopted the same system for their own shooting. In turn, most other Australian Skeet shooters have observed this practice, and assumed that this is the best way to do it, or the only way to do it, or the way the rulebook indicates that it should be done, when actually this is not the case at all. The practice of lining up Indian file is simply an allowable procedure, not an actual rule. And even though there are numerous good reasons for doing it this way, there is also a down side to doing it on station eight and to some degree on stations one and seven also.

The disadvantage is that there are a number of circumstances which can result in the waiting shooters being showered with pieces of target, causing harm to themselves and/or their equipment. There are a number of causes for this occurrence. These can be contributed to by the person shooting having insufficient choke, or shooting incorrectly or poorly, by the people waiting daydreaming or being distracted, instead of watching and paying attention, and even by the weather if the wind is blowing in from the front of the field.

There are a number of reasons why this problem is rarely encountered in NSSA shooting and yet has quickly become an issue here. These include the produced effects of selective squadding, averages shooting, pre-set flight times and a different attitude towards shooting lessons. Thus, in NSSA shooting you generally encounter squads of people who shoot together all the time and therefore have a vested interest in each other's performance. They have generally all taken shooting

*Alternate approved procedure for lining up on station eight (top) and stations one and seven (bottom).*

lessons and thus shoot similarly and correctly, and use an adequate amount of choke. Annually published averages keeps them focussed on performance at all times, and the need to get finished on time eliminates the possibility of any daydreaming or distraction.

However, most of these criteria do not generally exist in ACTA Skeet shooting. Therefore I believe that it would be a good idea if we were to discourage the practice of people lining up Indian file on stations one, seven and eight, except in those cases where all the people involved realize the risks involved and agree to accepting the potential consequences. In all other cases, I believe we should encourage the practice of having people observe the NSSA recommendation that people line up behind the referee whilst waiting their turn to shoot on these three stations.

The referee's designated position is approximately six feet to one side of the shooter on each of these stations, and that should generally be far enough to keep people out of harms way. On any occasions where the shooters voluntarily elect to adopt the normal NSSA procedure for positioning on these stations, I also believe we should advocate that they conform with NSSA rule 3G1. This rule specifically disallows any person from entering a Skeet field without both eye and ear protection.

Whilst on the subject of eye and ear protection, and in light of the seriousness with which occupational health and safety issues are viewed in this country, I think it would be a good idea if we were to seriously consider adding this requirement to our rulebook, particularly for Skeet shooting, regardless of where people choose to stand. The issues here are not so much the likelihood of being showered with pieces from targets broken on your own field, but the problems of being struck by target fragments or ricocheting pellets from adjoining fields.

The second main area of confusion with the current rules is the issue of single loading versus double loading. The NSSA rulebook allows double loading on all stations when two single targets are about to be shot without changing position, including station seven and low eight.

They do this because they do not see the potential safety issue that we perceive in this country. This difference in perception is caused by most of the same reasons outlined in the positioning issue above.

However, when we were drafting the amendments required to realign our ACTA Skeet rules with NSSA rules, that very point was debated at great length. It was eventually decided that as we take occupational health and safety issues much more seriously in this country, and as there is a much greater likelihood of people shooting technically incorrectly for several reasons, the most prudent course of action would be to "take 50c each way". Thus the NSSA Skeet round procedure was transposed directly into our rulebook, but at the end of section 1.24g, which details the procedure on station seven, the following amendment was added. "However, when shooting the single targets, only one shell at a time should be loaded. It is recommended that a sign to this effect be erected on the side of the low house".

After a great deal more soul-searching, it was decided that, as the option of single or double loading on stations one to six is not clearly spelt out in the NSSA rulebook, and as we also wished to discourage the practice of double loading for low eight, we would add an extra section to rule 1.24 for that very purpose. That section is part (L) and it states: "On stations 1 to 6 two cartridges may be loaded to shoot single targets, but on stations 7 and 8 only one shell may be loaded for singles".

It was hoped that by doing it this way, any ACTA shooters competing in NSSA events would not be disadvantaged, as our procedure is allowable under their rules. And conversely, by adding a "home rule" that does not include a mandatory penalty, and thus allows the option of directives and warnings from the referee, any NSSA shooters competing in ACTA Skeet events could be guided into our unique system without undue stress, or any setbacks in international relations.

Some people are still saying, "Why change the Skeet rules?" Without meaning to be too facetious, my answer is always "I could not agree more!" If we do not change the rules of Golf and play "Australian Golf" in this country, or change the rules of Tennis and play "Australian Tennis" here, then why change the rules of Skeet and shoot "Australian Skeet" either. The rules amendments that were adopted at the start of this year were not designed to change the rules, but instead to reinstate them.

The actual "rule changes as such" had already been progressively made over the past twenty years, culminating in mismatched set of "home rules" which disadvantaged us in the international arena. If Australian shooting administrators firmly believed that Skeet could be improved by changing the rules, then the correct procedure would be to present a suitable submission to the NSSA for consideration. And until such time as the ACTA unilaterally changes the ISSF rules and shoots "Australian Trench" in this country, most Australian Skeet shooters will continue to share that view. And consider this. If we were to align ACTA Trap Rules with ATA Rules, it might eventually stop the squabbling that has been going on over these for longer than I can remember, and which still does not appear to have an end in sight.

This month's Shooting Trivia Question: How many people have had to shoot over 600 targets to win the National Double Barrel? Mail your answer to: Shooting Trivia, PO Box 265, Bairnsdale 3875, to arrive by 25-04-2001. The first correct answer drawn shall receive a free entry to next year's National Double Barrel Championship. The correct answer to February's STQ was: Only six people have won the National Double Barrel on more than one occasion. Allan Hamilton, Jimmy Ellis and Michael Diamond have each won it twice. That "giant" among Trapshooters, Warren Charlton has three wins to his credit. The grand old man himself, Newton Thomas, won the event four times. But the undisputed master of the National Double Barrel is undoubtedly the great Doug Smith from Queensland, who won the event a total of five times between 1967 and 1988. The first correct answer drawn was submitted by Ronnie Cugley from Deniliquin in NSW, who will get a free entry to this year's National Double Barrel Championship in a couple of days time.

Don't miss the Trap Nationals.....Adrian Cousens (0418-516395)

# Queensland Quotes - April Issue

## QLD CLUBS - QLD WEAPONS ACT:

A reminder for ALL QLD CLUBS — Range Use Registers MUST be completed by every shooter before discharging a firearm on a approved range. Not to be confused with the Visitors Book, the Range Register is issued by the State Office and is in the approved form.

Secondly, the name of the Ranger Officer on Duty (Shoot Marshall) MUST be clearly displayed at every shoot you conduct at your Club.

If any Club Officials have any doubts about either of these two items, please contact the State Office.

## A COUPLE OF ACTA RULES TO REMEMBER:

Rule 4.17(f) — All competitors MUST be registered through an affiliated Club with the ACTA BEFORE taking part in competition. Unregistered competitors ARE NOT permitted to compete at any time.

Rule 1.10c: (It is a lost target when) The competitor has an apparent malfunction and attempts to open the gun before the referee examines it.

GRTS 14: The referee must not restore a target if the competitor opens his gun after a malfunction.

## QLD. SHOOTING ASSOC 2001 SHOOTER OF THE YEAR AWARDS:

Nominations close with the State office at the close of business Friday 27th April. All Clubs, Zone Secretaries, Coaching Co-ordinators and State Councillors have been issued with the appropriate nomination form. There are three (3) categories — Open, Under 21, Disabled. Please get behind these and get your nominations in.

The presentation dinner will be on the 7th July, 2001 at the Carina Leagues Club, Creek Road, Carina. It is always an enjoyable social evening, so again, please support it.

Further information from the State Office 02 - 6762 5525.

## ACTA RULES COMMITTEE CHAIRMAN — KINGAROY:

A further reminder — Mark McInnes, Chairman of the ACTA Rules Committee will be holding an open forum to discuss the proposed trap rule changes as printed on Page 18 of the November, 2000 CTSN. This will be at the Qld. State Trap Carnival at Kingaroy on Saturday 5th May immediately after the days presentations. Everyone is welcome.

## SOUTH-EAST ZONE TRAP CARNIVAL — DATE CHANGE:

Approval has been given for the QCTA South-East Zone to change the date of their already advertised Trap Carnival.

Toowoomba Clay Target Club on 22nd and 23rd September (previously October). It is recommended that accommodation be arranged as early as possible due to the annual Carnival of the Flowers being staged in Toowoomba at the same time.

Further information, Michael Dahl (SE Zone Sec) 0414 530 101 or at Toowoomba Ken Miller 07 - 4633 2360 AH

## BALLANDEAN GOES TWO DAYS.

The very popular May shoot at Ballandean will now be two days — 19th & 20th May, the Club sought approval to increase their program - which has been granted. Always a great shoot, so why not make the trip, take in some wineries and enjoy the hospitality of the Granite Belt.

## 2002 QCTA PROGRAMS:

All Clubs are reminded of the requirement to submit a shoot program for printing in the 2002 Program Book no later than 1st July. The accepted form will be issued to Clubs in early April.

## QCTA JUNIORS OFF TO EGYPT:

Congratulations to Travis Vaina (Gold Coast CTC) and Susan Trindall (Showmans GC) who, after attending the recent ACTA ISSF Training Camps have been selected to attend the World Championships in Egypt, departing around 26th April and returning 6th May.

Travis will be joined by Andrew Brady (VIC) and Robert Cameron (NSW) in the Junior Olympic Trap Team and Susan will be in the junior Womens Double Trap Team.

The best wishes of all Queenslanders goes with them both.

## STATE COUNCIL MEETING DATES:

A part from the AGM at Kingaroy the QCTA State Council will be holding meetings at Burdekin on Friday 10th August and at Toowoomba on Friday 9th November.

The Burdekin meeting will be followed by the Northern Zone Skeet Carnival and the Toowoomba meeting will be followed by the Club's annual trap shoot.

Shooters and interested Club officials will have the opportunity to meet with State Councillors and the State Administrator at both venues. Therefore, should you or your club have any questions, suggestions, thoughts etc. Please come along to those shoots and take the time to discuss same with your State Councillors.

## NEW TRAP REFEREE EXAMINER:

QCTA State Council has endorsed the recommendation from the South-East Zone that Robin Loy (Warwick CTC) be appointed as a Trap Referee Examiner. Robin can be contacted on 07- 4661 8185 or Fax: 07 - 4661 9753.

## STOP PRESS:

20th, 21st & 22nd September, 2002 — Major Charity Shoot — Roma Clay Target Club. Culmination of 12 months fund raising across Queensland Clay Target Clubs for the Royal Flying Doctor Service - program will consist of State and National Championship events not contested previously. Entertainment by International Country Music Star. Come along and support the RFDS, celebrate the Year of the Outback and come to Roma. More details next issue - don't miss it !!!!

*Qld. Clay Target Assoc. Inc.*

## Taipan Shield 2000

Congratulations to the girls from Burdekin Gun Club on claiming victory in the 2000 Taipan Shield postal competition.

This year's competition was very close with the team of Carol Betteridge, Helen Becke, Kellie Rea, Annette Vassalini and Maria Bosworth posting a score of 115/125 just edging out last years winners Majura Park on 114/125

In third place was the team from the Devonport Clay Target Club also with a score of 114/125. Points were used to determine second and third place.

Thanks to all teams for your entry and participation.

Once again, congratulations Burdekin Gun Club.

# MORNINGTON CLAY TARGET CLUB

## Sonny Cross Memorial Shoot

Born 08-02-1930 - Died 15-02-1980

*Sonny Cross memorial Overall winner Author Crawford*

Sonny grew up in the war years with a poor but honest family. He left school when he was 12 years old to cut wood in Balnarring by axe to supply an industrial furnace in Melbourne. At 14, he left Mornington to drive cattle from Wilcannia to Broken Hill sale yards. By 18, he started driving trucks from Redhill to Sydney and in those days, it was a three-day trip. In 1959, he married Betty and they had three children, Danny, Jamie and Kathrine. He loved camping, fishing and shooting. In the late 1960's, Lloyd Swayne introduced him to Clay Target Shooting. In the early

1970's Sonny, Tony Ferlazzo, Max Parson, Trevor and Heather Joseph and many more were the foundation members of the Mornington Clay Target Club.

The first twelve months the shoots were held at the foot of Authors Seat. In 1974, Jack Ferrero finally persuaded the Mornington Shire to lease land in Graigie Road where the gun club operates today.

*Sonny Cross memorial grade winners, left to right: David Cross, Jeff Lowdnes, Leon Howell and Author Crawford.*

It was the 21st Sonny Cross Memorial shoot on the 13 January 2001 and he would have been very proud of the number of shooters that attended on the day.

Many congratulations to A Crawford who won overall on the day and all the other winners, especially Sonny's grandson, David Cross who won C grade and now has one of his Grandfather's memorial sashes that he can be very proud of.

## Springsure Gun Club

Our Annual shoot was held over the weekend of February 10th & 11th. Shooters from near and far gathered for the 10 am start to the Bauhinia 100. With nine possibles coming in the first twenty-five, the competition began well. The second twenty five saw another seven possibles, with only Paul Maguire and Victor Hyde having fifty. Eleven shooters managed to shoot the third round without loss, but there were no seventy fives. Again eleven shot the last twenty five, with Peter Field and Geoff Bryant having the last seventy five. Geoff's first round twenty four gave him the Overall win, with Peter taking AA after a shoot off with Paul Maguire and Pat Bredhauer. Paul took second. A grade honours went to Cliff Grimshaw ahead of Derrin Powell. Sister met brother in the shoot off for B grade, with Katrina Cutting putting Sean into second place. Warren Sullivan began the weekend well taking the C grade sash and trophy with Rex Kirk in second.

Zarah and her helpers once again put on a magnificent Saturday night meal that was totally enjoyed by all. A

pleasant evening was had with plenty to eat and drink.

Sunday morning we kicked the first squad off at about 8.30am with the 25 target Points. The lovely ladies bracelets for trophies had all attending wives and girlfriends hoping for their partner's success. Grant McPherson, Peter Mahady and Cliff Grimshaw shot the only seventy fives and after the shoot off Cliff had taken Overall, Grant AA and Peter A grade. Veronica Forsythe and Ken Perrett both shot well with seventy-four to shoot off for B grade, with Veronica getting the win. C grade winner was Jack Scott. Second placegetters were John Mackenzie in AA, Rob Cameron A, Ken Perrett in B, and Ashley Maeyke in C grade.

Next event was the 30 target Single Barrel. Possibles were pretty hard to come by here with Shawn Ryan and Phil Warren the only ones to manage it. A very short shoot off saw Phil take the trophy for Overall and Shawn winning AA. Jack Mackenzie picked up another second after a shoot off. Cliff Grimshaw was adding to his pile with another

credible win ahead of Shorty Moore. Sean Cutting turned the tables on sister Katrina in B grade and Loretta Larsen took C grade with new shooter Greg Walters in second.

The 30 target Handicap with a 12/240 volt fridge/freezer for first was a very keenly contested event. Greg Nowakowski and Katrina Cutting shot the event clean and after a closely watched shoot off, Katrina shot her way to going back a metre. Grant Barton picked up third, Ray Copping fourth and John Cuddihy was fifth.

Without the inclusion of the last event in the High Guns, I was able to clean up all the bookwork, while the shooters enjoyed a relaxing 20 targets Continental off 18 metres. Six shooters shot all twenty, and after shoot offs, Pat Bredhauer was the Overall winner, Alan Pack and John Mackenzie first and second in AA and Phil Warren won A grade with Rob Cameron second Warren Sullivan did not let his jump up to B grade affect his shooting, taking the win ahead of Keith Mackay. Rex Kirk hit them well for a C grade win with Greg Walters picking up another second.

After another very successful Springsure Shoot, the High

Gun swags were the last trophy to be handed out. Cliff Grimshaw must be congratulated on his shooting in winning Overall. Cliff comes to most of our club shoots, and it was great to see his efforts rewarded. Grant Barton continues to shoot consistently and picked up the AA High Gun. Phil Warren made his trip from Bundaberg worthwhile with A grade High Gun. Katrina Cutting had a very successful shoot, adding the B grade swag to her already impressive array of trophies. Jack Scott from Roma shot well throughout the weekend to win C grade High Gun. Veteran went to local shooter Bill Nixon. Luke McGilvray took Junior at his first two day shoot and Veronica Forsythe was winner of the Ladies High Gun.

Our sincere thanks go out to all our sponsors who helped up put up a very impressive array of trophies. Thank you too, to everyone and anyone who helped in any way before, during and after the weekend. We have seen yet another great Springsure Two Day and look forward to making anyone welcome at our club shoots on the second Sunday of most months, and at our shoot next year.

*Lauren Perrett.*

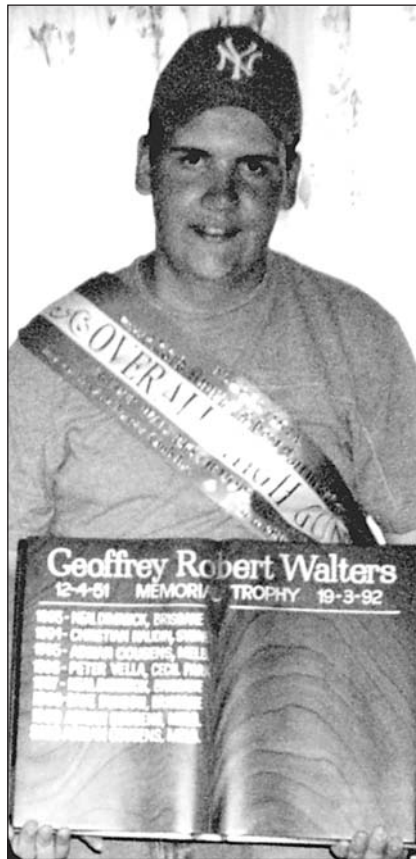

# TAMWORTH CLAY TARGET CLUB 23RD ANNUAL SKEET CARNIVAL

On Friday, Saturday and Sunday 16-18 February the Tamworth Clay Target Club held the 23rd Annual Two Day Skeet Carnival. Four squads shot the 50 target doubles on the Friday afternoon after getting used to the layouts on the practice traps. The weather was much cooler than had been experienced in the previous weeks but was somewhat windy on both days, which moved the targets around.

The attendance was disappointing, about two squads less than last year. Fortunately, the club, being mindful of a drop in skeet shooters at national, state and club level, budgeted for a lower break-even point so the shoot was still profitable without a big reduction in trophies.

There were some suggestions that the down turn in numbers may have been a protest at the introduction of the new skeet rules without consultation with the grass root shooters and the fact that the rules were altered to suit the very few skeet shooters who travel to and from the USA.

Whilst there were no real complaints from those shooters who did attend, there were comments to the effect that the old rules were quite satisfactory for the vast majority of shooters and it is the vast majority that make a successful shoot

*Geoffrey Walters Memorial Trophy winner- Glenn Moorby from Bathurst*

rather than the very few from the USA who come to Australia to shoot. Perhaps a referendum through the CTSN may have been a better approach.

The high light of the shoot was the success of junior shooter Glenn Moorby from Bathurst who won or placed in the three 50 target skeet championships and won the overall high gun and Geoff Walters Memorial Trophy with a score of 197/200, a fine effort for a teenager and a first for the Tamworth club.

The trophies were of the usual high standard due to the efforts of President John and Melissa Sleightholme who spent most of their time in seeking out the best value trophies.

Local shooters to shoot with success were Peter Nash, Col Barton and Frank Chaffey and new member from Maitland Bruce Moss.

As usual the grounds were prepared in excellent condition by Graeme and Rae Richardson. Rae and her ladies committee provided the well-known fine food for shooters, supporters and workers.

Full results of the shoot appear in the results section of this magazine.

# Mount Gambier Gun Club - 2001 Supershoot

Mount Gambier Gun Club officials are very pleased with the outcome of their 2001 Supershoot and the great support given by visitors from Victoria, New South Wales & Queensland as well as fellow traveling South Australians. Had the weather conditions been more moderate, a better attendance of locals would have set a new attendance record at the Club. Despite the very hot conditions, 100 competitors participated in the weekend competition with a standard equal to the best anywhere in Australia.

The Mount Gambier Club has been building the concept of its supershoot weekend for several years and is looking to become part of the Australian regional shooting calendar. Three years in a row we have made the magical 100 nominations mark, and we are now set to go bigger.

The combination of event types and target numbers, along with a huge prize pool (trophies 1st - 5th in all grades) and of course country hospitality is what has many competitors coming back year in year out. All this, in combination with the attractions of Mount Gambier, sees families making Mount Gambier their holiday destination. Simply put, Mount Gambier Supershoot is being recognized for its outstanding value, both for the competitors and their families, its win-win all the way.

Shooter scores were a testament to the Clubs commitment to first class traps & targets. With temperatures over the 40 degree mark the club threw more than 20,000 targets faultlessly. More than 10% of all shooters in attendance were upgraded during the course of the weekend, something never seen before at such a large shoot. A mighty job well done by our handicapper assistant.

Colin Dunn from Stawell (Vic) commenced his weekend in great form when he defeated Club President, Mr Brian Spring in the 25 target Gambier West Brake Service Pointscore Match with a perfect score of 144/144. Colin concluded the weekend in similar form, taking the John Wisher's Saddlery Double Barrel Match with an unbroken run of 227/227 and in doing so posted the highest score returned at the Club for 20 years. Runners up were Glen Hayden 226 and Max Medhurst 224.

Roger Duthie of Hamilton (Vic) also enjoyed several successes during the carnival, winning both the Zema Estate Single Barrel and Windscreen O'Brien Pointscore Matches. Roger also won the SouthEast Auto Trade trophy for best weekend aggregate total, returning an excellent score of 349/350, one target ahead of Bob Andrews (Bordertown).

Jason Jolly of Bendigo (Vic) won the OG Roberts Double Barrel Match after defeating local champ Max Medhurst, Jolly scored 168/168. The winners of the Primary Industries Bank of Australia awards for excellence in each of the four grades contested were "AA" Bob Andrews (Bordertown), "A" Todd Pasfield (Adelaide), "B" David Perkins (Stawell) and "C" Peter Wynd (Ballarat).

The Pine Country Caravan Park class winners were "Veteran" Allan Cameron (Horsham), "Women" Deserie Baynes (Peterborough) and "Junior" Scott Malone (Morwell). The only prize unclaimed during the carnival was the Bernie Flood Landbroker jackpot prize. Six competitors drawn from a hat were unable to make the necessary 5/5 single barrel shooting to claim the prize, which has now accumulated to \$300.

With the 2001 supershoot over the club is looking for shooter feedback on how to further improve what is in essence a winning formulae. 5 events, 200 targets, trophies for 1st, 2nd, 3rd, 4th & 5th in AA, A, B & C grades as well as Overall, AA, A, B, C, L, J & V highguns. Refer club results for compete shoot report.

We trust that our visitors enjoyed the weekend and will promote

the Mount Gambier Supershoot to all. Looking forward to a successful reunion in 2002.

## RESULTS - MOUNT GAMBIER - 13TH & 14TH FEBRUARY

Attendance - 100

Weather - hot and very hot (40+)

Event one - 25 target Gambier West Brake Service Pointscore

## RATES AND CONDITIONS

This section is for the exclusive use of ACTA members, and has been introduced for the purchase, sale and exchange of personal equipment.

**PLEASE NOTE:** Due to the new Gun Laws, all classified ads submitted must include the serial number of all guns advertised, and also the shooter licence number. We are also no longer allowed to advertise the sale of any pump-action or semi-auto shotguns or the parts thereof.

Rates (inc GST) are as follows:

\$11.00 — 0-60 words

\$22.00 — 60-100 words max.

Advertisers must comply with the copy deadlines as detailed on page 2 of this issue, and your name, address and telephone number must be supplied. Copy should be typed or carefully hand-written.

Payment must accompany advertisement.

NSW Members and Dealers

As stated in Firearms Act 1996, Section 54 "A person must not cause an advertisement for the sale of a firearm or firearm part to be published unless:

(a) the person is a licensed firearm dealer, or

(b) the proposed sale is to be arranged by or through a licensed firearm dealer and the advertisement contains such particulars as may be prescribed by the Regulations".

The Regulation states, "For the purposes of section 54(b) of the Act, the following particulars are prescribed in relation to an advertisement for the sale of a firearm that is arranged by or through a licensed firearms dealer.

(a) the licence or permit number of the seller,

(b) the name and address of the dealer concerned."

The Firearms Act 1996 applies to both the Publisher and the individual placing the advertisement. Failing to abide by this Section attracts a maximum fine of \$5,500.

**PERAZZI MX8** case hardened 1/2 3/4 small step 11x8mm rib with 30" barrels. Kevin Wright adjust. stock. Cased immaculate \$5500. Serial No 71231. Dealer Kwong Sing Grey St, Glenn Innes 2370 No 400025717 Ph 02 6732 1500 **IBIS** 12 volt auto hopper fed trap. Fired 6 boxes clays. \$2000.
