Congratulations to all of these competitors, each of these results is a great effort and collectively the results are unbelievable, considering the status of the competition.

SPORTS FUNDING

The Hon John Howard, Prime Minister and the Australian Sports Commission have recently announced their ongoing support for sports funding for the next 4 years. This is seen as a very positive move. They have made available \$1.22 million for the shooting sports for 2001/02.

This money will be directed through the Australian Shooting Association for a co-ordinated approach to its management. We had hoped for our share to be paid directly to the ACTA to enable us to manage our own teams and affairs. Our recent successes at World Championships and World Cups will assist us to remain as a high profile sport for Federal funding.

STATE CARNIVALS

This month 2 states are holding their ISSF State Carnivals.

The Qld State ISSF Carnival is at the Brisbane Gun Club on July 7th & 8th.

The Victorian State ISSF Championship will be held at Echuca Gun Club on July 28th & 29th.

Queensland State

The May Labour Day Long weekend had all roads leading to Kingaroy – not only for the Qld. State Trap Carnival – also the Annual Show – numerous weddings – Speedway – so the accommodation was very hard to find – however that did not stop 225 individual shooters nominating for this years Carnival.

The number of 225 broke the previous Carnival attendance record – set at Gemfields in 1986 – by 8 !The Kingaroy Club and Committee went all out to ensure that everyone had a great time – wine tasting – big screen television on Sunday for the State Of Origin Rugby League match – trade displays – the local Rotary Club looked after the catering – which was first class. Breakfast – Lunch and Dinner – and with campers very thick on the grounds the catering service was very welcome.

The Shoot was officially opened by Cameron Thompson, MP Member for Blair and included in the official opening was the presentation of 2000 Australian Sports Medals to three very worthy Queensland recipients – namely Doug Smith (Dalby), Tom and Thelma Meadows (Brisbane). Whilst surprise and shock was the first response from all three – pride and emotion soon took over. Congratulations to each of the awardees.

Shoot Marshalls Bill Allan and Bill Bryant got the first event underway – 25 Target Winchester Point Score – again, very generously sponsored by Bob Dupuy and Winchester Australia. From the 216 shooters – 10 possibles were recorded – the overall winner – Ray Maroske (Rockhampton) 126/126, from Bruce Powell (Springsure) 123/126 – 2nd AA was Allan Denton (Roma) – Atherton visitor, Doug Seawright was 1st in A with 98/99 from Michael Forrest (Texas). Kingaroy Club Secretary, Max Behm left the scoreboard long enough to claim B Grade with a fine 75/75, from Allan "I'll Be The Team Manger" Love (Mackay) 74/75. In C Grade, Chris Wilson (Mt. Isa) was the winner on 83/90 from Chris Nielsen (Whitsunday) 80/90. The Women's section was taken out in fine style by Julie Allan (Dalby) 73/75, Juniors went to Matthew Gall (Port Denison) 74/75 and Veteran's to Arthur Page (Toowoomba) 75/75.

The Inter-Zone Shoulder-To-Shoulder Teams competition was re-introduced this year – with teams squadded in the last wave of event 1. Unfortunately there were insufficient numbers for a Junior or Veteran competition – however in the Womens – the Western Zone and Central Zone Ladies tied for 2nd/3rd both with 71/207 and the

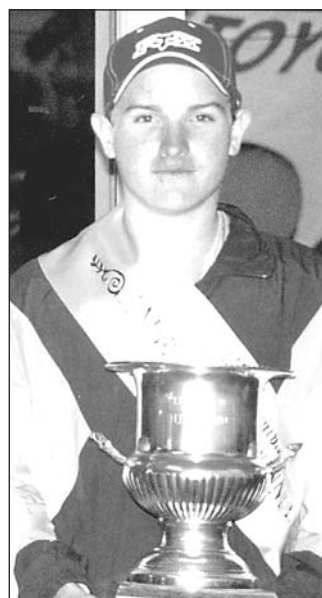

Bill Allan (QCTA) and Arthur Turner (Warren), overall high gun winner.

Trap Carnival – Kingaroy

winning Team was from the South-East Zone – comprising, Jenny Loy, Sharyn Tunny and Meredith Page 71/210 points.

The Open Teams – also a very tight affair – 4th Western Zone 145/421 points, 3rd Central Zone 145/430 points, 2nd Northern Zone 146/429 points and the winning Zone – South East – Wayne Murray, George Scaf, Mike Swale, Karl Nasarenko, John Loy and Paul Anderson 146/433 points.

Event 2 – 50 Target State Double Barrel Championship – 218 shooters vying for the O.W.Smith Perpetual Trophy, Winchester Perpetual Trophy and Ammunition, State Championship Sash, State Silver Badge and Cash Award – a total of 30 possibles recorded. The shoot off commenced – and went until dark – with some grades and sections already finalised – those remaining returned at 7.00am on Sunday morning – and it was just after 12 noon before a final results was achieved !!

The 50 Target State Single Barrel Championship was commenced “around” the on going Double Barrel shoot off – and the 203 shooters all co-operated very well – allowing a smooth flow of all squads. Only 3 possibles were recorded – one being Ray Collinson – having just been the runner up in the Double Barrel shoot off – a great effort. Ray defended the Title he won in Townsville last year – by claiming the overall with 59/59. 1st in AA went to Robbie Cusack (Mt. Isa) 56/57 from Arthur Turner (Warren). The A Grade went to Russell McGill (Kingaroy) 50/50 from Allan Thorp also Kingaroy 71/72. Domenico Villani was the B Grade winner with 50/54 from Veronika Forsythe (Roma) 49/54. Maryborough Tid Bits Qld

www.mctc.org.au

Here it is Easter gone all ready, at our last shoot at Gympie, Harry was good enough to win a lovely sander and on the way home didn't know what he was going to do with it, as he already had two. But as Harry was shaving his shaver made a groan and died, so quick thinking Harry grabbed his new sander and finished shaving with his sander. It cleaned up his whiskers, wrinkles and his face was a smooth as a babies thumb. So now Harry has a sand instead of a shave. You don't believe that - would I tell a lie!

This beautiful young 18 year old girl sobbed hysterically at her 75 year old husband's funeral and said to a friend, "We may have been married for only six months but they were the happiest days of my life. Every Sunday morning he would make love to me to the rhythm of the church bells and he would still be alive today if that fire engine hadn't clanged so fast on Sunday morning when it went past".

NATIONALS: Wagga Wagga a touch of Nationals was brought back to Hervey Bay by local shooter Stafford Smith winning medals being for 3rd overall Points Aust & NZ championship, which gave him a place in the Glenn Cup team. Which our Australian team won. Stafford also won Veteran team Macintosh High Gun and along with Tim Catling WA and Pud Burgess Cobar will represent Australia at New Zealand World Championships Christchurch 15th-19th March 2002. Nice to see your collection of medals, good shooting Stafford and best of luck for NZ. Also to Tim & Pud good shooting.

Back to local shoots, Trevor Cecil up for grabs in the Calcutta but nobody wanted him. So he bought himself at the Kingaroy 2 Day Shoot and he turned \$45 into \$365, nice shooting Trevor. It works out \$365 is one dollar a day for a year, good value I would say. From rags to riches.

An out of work shooter goes into the circus office and tells the owner "I'll climb up the centre pole, dive off with no net, land on my head in the middle of the ring, stand up and take a bow. All for \$200". "I don't know" says the owner, "I'd have to see you do it first". So the out of work shooter climbs up the pole, jumps of and lands on his head, stands up albeit a bit shaky and takes a bow. "Okay", says the owner of the circus, "You're hired for \$200". "Not \$200 its \$300", the out of work shooter says. "I thought you said \$200" complained the circus boss. "Oh?" said the out of work shooter, then says "Yeah, but that was before I tried it!".

1-5-01 TUESDAY - THE DAY THE BIBLE CAME

Doesn't a new gun bring a sparkle to your eyes in the colour pages front and back of the bible.

On page 14 Winchester's Bob Dupuy can't keep his eyes off Lauryn, Natalia and Natgasha. I don't blame you Bob.

On page 15 Todd Vidler must have gone to Italy to get his 100 break at he Roman club.

On page 23 Your Say, I am with Jenny with tied Mackintosh Team High Guns. In the events we have to have a winner and he shoots 310 to win, do you ever hear about the bloke who shot 309 to give 310 a win. Also page 16 with Jill looking for information on old club news, sorry Jill I only go back to 1967 but the trophy card was Central Burnett Clay Target Club and the card had a bird on the top and I shot where you shoot today.

I do remember four blokes who used to fly down to Kingaroy and leave late and got home in the dark and there were cows on the runway. I only heard this I don't know if it is true but one bloke jumped from the plane onto the cows back and put them off the runway. Sounds a bit rich to me.

A man put a warning sign on his gate, "Beware of the Budgie". His neighbor said "but budgies aren't dangerous", "No? This one whistles for the dog".

SAT 5TH MAY = ONE DAY AT THE STATE CARNIVAL WITH LOST BIRD

I have never been to a big shoot before for many reasons = money, ability, location, time, work and it goes on. However Harry rang and said he was thinking of going to Kingaroy Saturday week. Well I was nearly going to ask Harry but thought it was a bit of a ask, so when he told me I was over the moon, not so much the shooting aspect as there would be top shooters, but it was a chance to catch up with some shooters I had my first shot at Kingaroy in 1967.

So 6am Saturday we were off as we haven't been this way in a long time we found the roads had improved a lot and arriving at Kingaroy at 8.45am. As we parked down the back near trap 4 and 5 little did we know they would be our traps for the day. So next to line up for nominations which went surprisingly fast. It was here I met up with Jenny Burt who is a big part of our Queensland shooting but never crossed paths, and we were now given squad and trap numbers for the day. As we had a few squads to wait it was time to look up known shooters. A bit past our car was Norm Keech set up with many others in his Ritz Hotel Motel with seating for 15 Rum and Whisky for 50, all mod cons like out of space phone.

It was great to say good day to the legend Doug Smith, as I haven't seen Doug since 1970. Also all the others I was able to meet.

Well it was squad 24 on 4 and away we go. 25T Points on finish I was sorry I pulled 1 second and had 74 with two A grade 75's on the board it looked dull, but until you shot the flies didn't bother you. But you know when you shoot with flies there is always one to get under your glasses and they had the flies worked out it was twelve to everyone.

I asked one young lady how did she go and was down a couple but said there is the whole weekend yet and I thought we are only here for two events and one is gone.

Just before our squad shot we had the member for Bland Cameron Thompson MLA open the shoot and presented Doug Smith, Thelma & Tom Meadows with 2000 Australian Sports Medals. Congratulations to all.

After shooting the first event a few of us were standing in shooters alley and everyone said it was the change of light that beat them so if it was good enough for blokes like Dr Paul to use the change of light it's good enough for me. Sounds good "the change of light".

So with Harry and myself squadded together we were able to head off to find some tucker in the hands of Kingaroy and Taabinga Rotary clubs - Judy, Jenny, Sheryl, Barbara, Bill, Rob, Barry and Graham, thanks folks. Well we settled on pies, I had 1 1/2 pies and 3 flies. They were so fast when you bit off a piece of pie you also got a fly and they say all flies are different but I reckon

They all taste the same - "Bloody awful".

By now we were waiting for 50T DB squad 24 trap 5, it would have been handy if the last squad was crossed off so you knew who was

shooting and being number 4 shooter I would have to ref or score next squad. So I had it arranged that Jarrad or Brian would fill in for me and Harry and I could be on our way, as it was 50 targets we would be a long way on the track if we got away but nobody told me and I shot the lot, "no change of light". So then I had to do the job of ref and had the pleasure of telling Gary Redmond what to do, it was good big boy, you do strain that top barrel Gary! But keeping the friendship called all ones. Now I had things to think about, we are going home, Harry has no lights on his car, and you have to wait for a shoot off, by now there is a big change of light and after seven first barrels the ref says "You are the weakest link Bye Bye".

We arrived home 8.30pm a great day thank you QCTA and Kingaroy. Thank goodness I ordered another 75 break badge thats all I could muster.

And you think you have mates, we used Norms out of space intercom to try and tell my wife we would be late home and just as we were leaving Norm got my wife and said we were on our way and forget about the perfume and see through nightie as Lost Bird isn't in that mood after the shoot off. Great day with 221 shooters. Where were you Chippys?

Staying on top.

Congratulations Michael Diamond on retaining World Championship crown shooting in Egypt.

POSTAL E-SHOOT

As we already have a postal shoot with Wairau Firth Gun Club New Zealand we have now opened another postal shoot by e-mail. Opened world wide and its free to clubs to take up the challenge so far Israel, Farehm CTC, England, Caboolture, Downside and Gold Coast. Good job Holly.

You don't believe that bit about jumping from the plane and landing on the cow, well ask Ken Vicary he told me.

GYMPIE 13-5-01

It was Mothers Day and Pam Dollinsson won the bunch of flowers drawn for all the mothers, congratulations Pam.

With Marge and Wal in the office and Yvonne and Betty in the kitchen it was an enjoyable shoot as the day was perfect.

Barry Munt Memorial Shoot Top End Gun Club

The Barry Munt memorial shoot was held at Top End Gun Club on Easter Sunday the 15th April. We had a very good turn up with shooters coming from Katherine, Melbourne and Tennant Creek to honour Barry. Our main event for the day was 75 tgt skeet. This event was strongly contested. Competition was tight with many of Barry's mates eager to take home the sash.

John Doyle from Darwin took out high gun with a score of 71/75. Phil Crute from Melbourne took out A grade with 68/75.

Richard Schmidt from Top End took out B grade with 67/75, while Colin McTaggart from Top End was up there with them with a score of 69/75 taking out C grade.

The day was highlighted with Barry's wife Di present and proud to present the sash and trophy. We were pleased to have Barry's sons Howard and Shane there as well having a shot.

Above right: Colin McTaggart, C grade winner.

2001 Victorian Skeet Carnival

Frankston Australian Clay Target Club was the venue for the 2001 Victorian Skeet Carnival, held on the 4th, 5th and 6th of May. A total of 81 shooters competed over the three days of the carnival. The carnival was organised, managed and run by the Frankston Australian Clay Target Club Committee and members and the result was a credit to the club's dedication and commitment to skeet in Australia. Club President Paul Calvi, Vice President Stuart Bell, Secretary Lynette Bell, Shoot Marshall David Cunningham and a (not so small) army of helpers made the carnival one to remember, for all the right reasons.

The weather throughout the carnival was typical Melbourne autumn weather with clear blue skies, virtually no wind, and warm sunny days providing perfect shooting conditions.

Work started early on Friday morning putting the finishing touches to preparations for the Championships. The interstate shooters from Western Australia, South Australia, and Tasmania started to roll up and shortly after 9am the shooting started. Much discussion had arisen over previous weeks and months as to the viability of holding 3 day skeet shoots, especially when one of the days is not a public holiday. This issue was quickly put to rest when a total of 56 shooters drove through the gates on Friday to contest the 20 Gauge Championship and the State Skeet Handicap events. Frankston Australian Clay Target Club sponsored prizes across the carnival to provide tangible support for those shooters who are prepared to come out and support their sport.

Frankston Australian Clay Target Club took on the sole responsibility for organising and running this carnival and showed everyone just what can be achieved when a dedicated club, backed by dedicated individuals decide to run a major shoot for the benefit of the shooters. Shoot Marshall David Cunningham took on a job that usually attracts more criticism than praise and can now take the praise for a shoot that ran smoothly and kept the shooters smiling. Well done David.

STATE 20 GAUGE CHAMPIONSHIP

34 shooters lined up in perfect weather to contest the 2001 State 20 Gauge Championship.

Glenn Clarke, Karen Cousens, Ben Dudenas, Gil Farish, Simon Hewitt and David O'Sullivan all finished with clean sheets, followed by a further 5 shooters at one down. In the shoot-off, Karen watched as her Low 3 kept sailing onto the next ground and she started the walk back to the car park, having already won the Ladies Title. The remaining five shooters dug in and finished the first round clean. Then the fun started. The shooters went to doubles from 3, 4 and 5 and it was all over in 4 pairs with Simon taking first in A Grade, Ben first in AA Grade, David and Gil taking third and second overall and Glenn claiming the 20 Gauge Championship. The Veterans Title was won outright by Danny Parsell.

100 TARGET STATE SKEET CHAMPIONSHIP

In more perfect shooting weather 69 shooters contested the State Skeet Championship. Big scores looked to be the order of the day but when it was all over only Peter Vosper from Western Australia had a clean card. There were plenty of 99s and the shoot offs decided the placings for overall, AA and A Grades. Veteran shooter Keith Morgan kept up his good weekend taking second in B Grade with 96/100, one target behind Mario Marino who shot an excellent 97/100. Juniors David O'Sullivan and Brett Miall continued their good form taking out third in AA Grade and second in A Grade respectively. Promising junior, Nick Moroni from Bendigo showed he has a great future ahead of him with 86/100 to take second place in C Grade.

N.S.W. STATE SKEET CARNIVAL 2001

Will this be the last N.S.W. State Skeet Carnival. !!!

We all hope not, but unless dedicated skeet shooters make an effort and support Skeet Nationals, State Carnivals and Major Two Day Shoots the very existence of Skeet as a viable discipline is in danger.

Shooting Administration can't continue to prop up minority disciplines with financial losses brought about by lack of shooters at Major Championship Fixtures.

The lack of shooters at last year's N.S.W. State Skeet Carnival prompted a meeting of shooters at the shoot to voice the State Association's concern. As a result of this meeting several changes have been made for this year's carnival to be staged at the National Ground Wagga on the 24th, 25th and 26th August 2001.

First change you will notice is the date.

The N.S.W. Carnival is the oldest staged and has traditionally been the second weekend in August, but has struck some atrocious weather over the years prompting a change.

After consulting shooting calendars and Bureau of Meteorology records back to 1941 the 4th weekend appeared the only logical date.

You may ask will two weekends in the same month make any or enough difference ?

Ask any Snow Skier and they will tell you a major dump of snow arrives around the first or second weekend in August and with it comes the wind and rain we have experienced over the last number of years.

Towards the end of August the temperature starts to rise, the grass starts to grow and hopefully we will experience better conditions.

Second change will be with a substantial increase in the returns made to shooters with more cash and trophies.

At the meeting last year several dedicated "Skeet's" both clubs and individuals reached deep into their pockets and the following sponsorships were offered and we thank them sincerely for their generosity.

John Guberina	\$1000
Wakehurst Gun Club	\$500
Wagga Gun Club	\$500
Doug Moreby	\$250
Gerry Daly	\$250

With these sponsorships and with the normal prize pool, substantial returns are guaranteed to the shooters.

Third change is to the entry fee charged for each event at the carnival.

The State Association has changed the fee structure for State Trap and Skeet Carnivals with 50% of the entry covering the Championship with targets, sashes, badges and small trophies etc. and the other 50% being an OPTIONAL CASH PURSE.

The effect of this change enables any shooter to compete for the sash without the cost of full nomination.

Fourth change is with team selections.

This year the fifteen man team will be selected over the 100 target State Championship on the Saturday, and the shoulder to shoulder team selected over the 100 targets plus the 50 target team scores shot on the Sunday morning.

Fifth change is Accommodation.

With the completion of the new amenities block at the national ground, shooters now have the opportunity to camp at the ground. Seventeen powered sites and unlimited other camping areas are available for a very small daily fee.

Other accommodation packages with both motel and B & B avail-

able through the State Association or with the writer. Eight layouts will be available for the duration of the carnival.

A.C.T.A. legal targets will be thrown for the entire carnival. Shoot offs will be normal skeet procedure and shooters will not be thrust into doubles just for the sake of a quick finish.

Shooters, will this be the last State Skeet Carnival ? The outcome is in your hands.

The time for whinging about gun laws is long over. If you want to own a gun and shoot some targets, hit your pocket, buy some cartridges, pay your entry fee and support your mates.

I look forward to seeing everyone in Wagga.

Merv Lubcke 8/3/34 - 12/3/01.

It is with great regret that I announce the passing of Merv Lubcke. Merv was a long standing Life Member of the Albany Gun Club, later to be the Albany Clay Target Club.

Merv joined in May 1965. Merv was a very active member of the club, helping when the club had no grounds to shoot on when the Collingwood Road complex was closed down due to housing developments. Merv will always be remembered for his loud laugh, which could be heard over the layouts.

You did not need to see Merv to know that he was there, you just heard him. Merv loved his shooting, travelling around to most of the shoots as well as going back to his old state of SA to compete in the early day's Merv's ability to see how far a person missed was legendary. "Your four feet behind!" was often heard during a round of skeet.

Members of the club and Elders formed the pallbearers at Merv's funeral, as well as many clay target shooters wearing their shooting jackets made for a very fitting service to Merv. Mourners threw Shotshells and dirt from his Napier farm saying their final farewell to a man who will be sadly missed. Merv is survived by his wife Jean.

David Sobik
Vice President
Albany Clay Target Club.

Jack McCraith

It is with deep regret to advise the passing of Jack McCraith at the age of 84.

He was well known as the Rabbit King, a business run by himself and a brother.

He won the International Teams High Gun in 1948 and the Champion of Champions in 1950. He was a past President and Life Member of the Coburg Gun Club and could not do enough for Harry Belmore when he took over as President. He was a big better at the live birds where ever they were held and they still talk about his bets today anyone for a £100. He was also a Life Member of the Essendon Football Club. I offer my deepest sympathy to wife Aimee, son John and family.

Flying Fox Carnival — 28th & 29th April 2001

Gee, doesn't 12 months go quick these days. This year good weather conditions greeted the 53 shooters at lunchtime on Saturday for our club's fifth Flying Fox Carnival. With the great weather also came the renowned Taree-Wingham hospitality, the good tucker and the annual fellowship amongst the pilgrims who travel to our carnival each year.

Event 1 was a 25 target cash divide, and as usual the AA graders flexed the muscle and got away with the perfect start, with 15 possibles from that grade.

Event 2 and it was down to business for the Harrington Holiday Park State Champion of Champions, 75 targets from 18 metres.

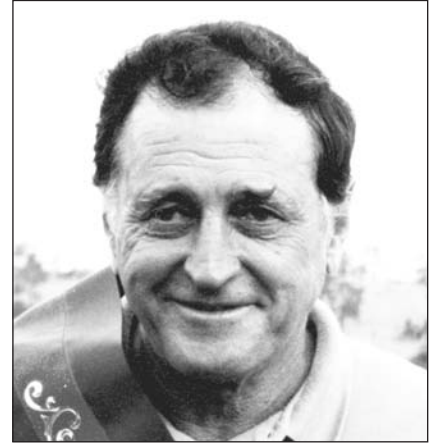

A seven night family spa villa holiday, kindly donated by our club president, Gary Brown, the owner of Harrington Holiday Park, was the great trophy for this prestigious event. An excellent effort by Alan Jones, a Cessnock CTC member, with the possible score of 125/125 saw his efforts rewarded with the red sash and the \$800 holiday package. Not bad for a bloke who hadn't shot since before Christmas. Tamworth shooter, John Sleightholme pulled a second

Alan Jones, State Champion of Champions winner and carnival Overall High Gun

Glen Kable, winner of the Flying Fox Fifty Championship.

Cliff Wilberforce - ANZAC handicap winner and C Grade High Gun.

Carnival High Guns, from left: Cliff Wilberforce (C grade), Jim Wilberforce (B grade), Kathy Gault (A grade), Romana Seaburn (ladies), Alan Jones Overall), John Sleightholme (AA grade), Andrew Miller (junior).

with 124/125, Kathie Gault, Majura Park, took a grade with 121/125, Bob Fitzalan B grade 114/125 and local skeet shooter Cliff Wilberforce C grade 103/125.

Sunday morning and overcast conditions awaited the competitors on day 2, with 49 shooters ready to contest the 3 events for the day.

Event 3, a 25 target cash divide, saw more than 25% of the shooters getting the possible and the cash pool, which provided testimony of the value of the Olympic Targets and Gemini Traps.

The Shelly Beach Store ANZAC Handicap followed and the proud sponsors, Michael and Nathan McDonnell witnessed the event, won by our local member Cliff Wilberforce, who had to defeat his brother Jim and Cessnock shooter Keith Morgan in a shoot off. Cliff's success won him the beautiful sash, a metre, a 5 day family holiday at Lake Mulwala and bragging rights over Jim, who finished second with 32/33. Third was Keith with 27/28, fourth Arthur Vine, Tamworth 63/64 and Glen Kable, Cecil Park 62/64 finished fifth.

The last event for the carnival was the Flying Fox Fifty Championship, 25 targets DB and 25 targets Point score. Glen Kable was the only shooter to obtain the possible to win the flying fox trophy and the cash. Andrew Miller, still riding high after his recent achievements at the Wagga Nationals, again showed his ability to defeat formidable opponents, the shoot off for second, with the score of 139/140. Arthur Vine won A grade with 118/120, Jim Wilberforce B grade 96/100 and Cliff Wilberforce C grade 94/100.

Jim and Cliff, both AA grade skeet shooters, made the comment "this trap shooting is easy, you can get to have two shots at the target".

At the end of day 2, the score board revealed 2 shooters, Alan Jones and John Sleightholme, both having 294/300, which meant a shoot off was required to determine our carnival High Gun.

Regrettably there can only be one winner, and to Alan's credit he won this contest 315/322, with John taking AA grade 313/322. A grade high gun was Kathie Gault 291/300, B grade Jim Wilberforce 281/300, C grade Cliff Wilberforce 270/300, junior Andrew Miller 292/300, Veterans Dennis Goodwin, Cessnock 261/300 and Romana Seaburn, Newcastle-Lake Macquarie, the ladies high gun with 260/300.

The committee extends its appreciation to all the shooters who travelled to patronise our Carnival and we gratefully acknowledge the support of our major sponsors - Harrington Holiday Park, Olympic Targets, Shelly Beach Store, Winchester Australia for sponsoring the Overall High Gun trophy and the NSW Shooting Association and the NSW Firearms Safety Awareness council, who sponsored the Junior high gun trophy.

Also a big thank you to our hard working members, to Diane in the office, and to Debbie Miller and her family for their work in preparing the great meals in the kitchen - you have all contributed in making our carnival such a success and a memorable one.

Wonthaggi Gun Club

Friday night saw 33 competitors brace the threat of rainy conditions to contest two state titles held at the Wonthaggi Gun Club. The lack of power to our new trap causing lengthy delays spoiled an otherwise enjoyable evening's competition. Helen and Chelsea Foon supplied lashings of hot tucker and together with a warm fire, ensured a pleasant atmosphere.

Congratulations to Leon Howell, Neil Rundell and Greg Coleman for their red state sashes shooting well scored under the conditions.

A phone call at 11.30 Sunday morning caught a red faced Parkys.. "Why aren't the gates open?" The penny drops! Two months ago, the Freccia Azzurra Gun Club had arranged an outing to the Wonthaggi Club. A hurried trip to Wonthaggi remedied the situation and 28 men, women and children stormed the clubhouse to escape the consistent rain only to find a cold fireplace. Another situation remedied! Out with the BBQ, on with the urn and into the competition.

Frank Cengia, ex-Wonthaggi resident and Freccia Azzurra President, must have felt far from blessed coming back to Wonthaggi, with arriving to find locked gates, shooting in unrelenting rain, and to top it off, the coach wouldn't start for the return trip, GBS Coach Tours came to the rescue and transported all safe and well back to Melbourne.

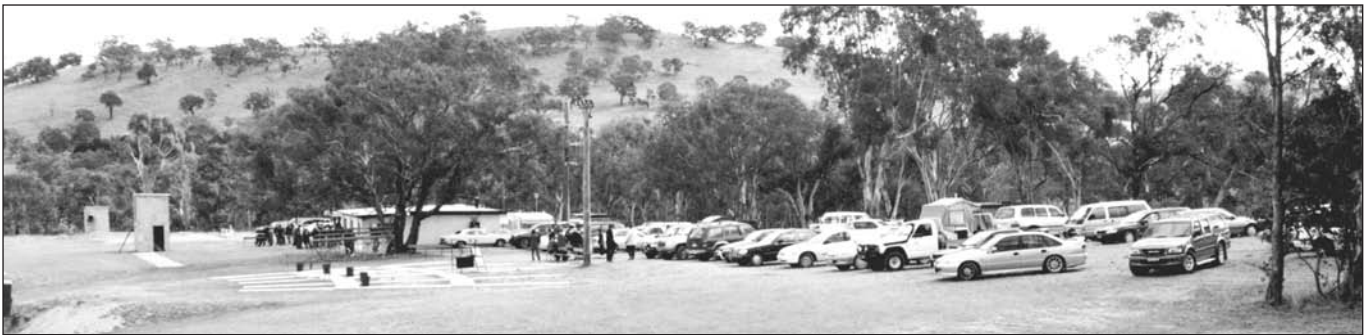

Even with all the unpleasant weather, breakdowns etc, it was enlightening to see such a happy, high-spirited group of people enjoying each other's company and making the most of testing conditions. Us Aussies should take a leaf from their book.

Their last visit to Wonthaggi was in March 1995 and we do hope their next outing comes to us in the not too distant future. Thanks for the experience.

SOUTHERN ZONE CARNIVAL 2001

Majura Park Gun Club

Car park nearly full on the W/e Majura Park Gun Club.

It may have happened on the 5th & 6th of May, but it all started with preparations weeks before. We had to get everything just right to make this another success as this will be the 2nd one that Majura has had the pleasure of holding.

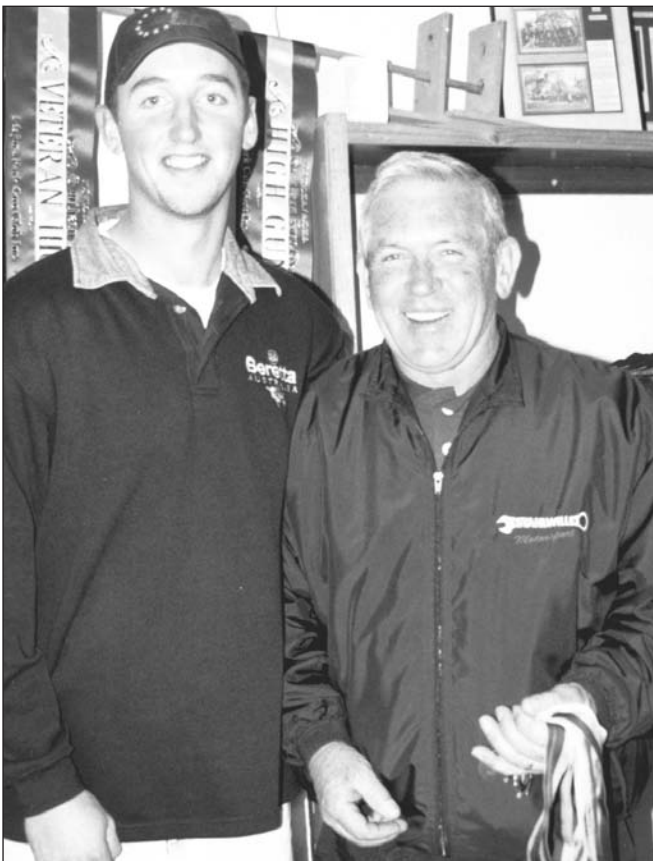

When you start setting up and organising things like! Nom forms, ladies behind the Noms desk, food, clays, traps to be serviced, etc etc, and all eventually works, it really shows what type of committee we have at Majura,..need I say more.

Saturday morning saw shooters turn up well before Nom time indicating they wanted to be in the first squad or hunger pangs were on the way, no matter what it was, we were ready. Travellers from the north were the first to arrive, some were bleary eyed, some were bright, you can tell who came and stayed the night before (the bleary eyed ones!), and just to make sure that

we do not get into the sh-t, Fred Rapley, the "SZ Presi" especially, & wife Mary were among the bright ones.

The first squad hit the trap at 9:00am sharp, this was a good start seeing that we had 90 shooters on the Saturday and 89 on the Sunday, final count was 16 & a bit squads. The weather was sort of OK winds were playing havoc with the clays but you know shooters, we all complain a little but we still go out & shoot no matter what the weather.

Having only three traps at our club we were concerned that we may be a little late at the end of the day with shoot-offs etc, but No! All through the day we nominated, no that's the wrong word! assigned,..that's better, committee members and others, two at a time, were assigned to a trap, therefore it was their job and their responsibility to make sure that trap worked efficiently..IT WORKED!

Adam Roberts being presented with the gold medal from Fred Rapley, president Southern Zone. Adam went on to win High Gun for the W/E and first in the Shoulder to Shoulder team.

Glen Field and Brent Cooper qualified for the Southern Zone Junior team with Fred Rapley, president of the Southern Zone (centre) having been presented with a gold medallion as a memento from the MPGC.

By 4:30pm we were on the last of the shoot-offs having put through 90 shooters and throwing in excess of 7,200 clays.

6 o'clock came and a hot baked dinner was available at the "a la carte" canteen, from there on till well into the night our "pres" came good with his first statement about 6 o'clock "have you heard about the 2 nuns etc,etc,etc..." what more can I say about the rest of the night!!!

One of our visitors from Sydney Tony Tsifitis found a bunk bed in the club house."good-night Dick", Tommy Harris had his camper "try one of my home brews" Edward Emery from Cecil Park "always take the dog" and yours truly with my van "U want a coffee?", from now on at our shoots we may see an influx of campers which will make a further enjoyable w/e.

Miracles do happen! Having heard and seen what men can do to their bodies with a little alcohol on the Saturday night, Sunday morning miracles! Not a bleary eye amongst them. The weather was again against us this morning the wind made all our events "continental at its best" and the chill factor nearly turned the fluro's into white's, the one good thing was that Sydney was coping heavy rain and we weren't. All through-out the day things went very smoothly, and with the number of shooters each having 100 clays to get through, and also knowing IF we had a hiccup,,,,, we would have been in sh.ter's ditch! 5 o'clock arrived, Kathie & Therese who had handled the paperwork & sweeps with utmost precision in the office were close to using some French language, words we all know!, and then again! with utmost politeness the shoot book was handed to Pete.

Shooters assembled in & out of the club house, it was.....

PRESENTATION TIME.

At the start of Presentations, Peter Schremmer our President, came up with a unexpected surprise, he asked Fred Rapley to make a presentation of medals, to be given as a memento from Majura Park Gun Club to each shooters who gained a place in the Southern Zone Open Team, Ladies Team, Jnr Team and not forgetting the "oldies" Vets Team,... 2001. Now, I suppose the important facts are results....

6 o'clock came and the hive of activity over the w/e soon faded,

I wasn't going to tell anybody, but I will! They are Fred Rapley, president of Southern Zone and Kathy Gault, Majura Park Gun Club, at presentation.

Sashes were presented, Sizes were taken for those shooters who earned a Southern Zone Jacket.

We had shooters visit us from thirteen different clubs, NSW, Illawarra, Downside, The Forrest, Sydney, Tumut, Cecil Park, Marconi, Newcastle, Canberra International, Gunning Dalton, Bega & Bombala, we know that it is difficult when work calls & with family commitments, so from us at Majura special thanks to all those who travelled, and for making the effort to join us on the w/e.

16,000 clays were shot at, not including shoot-offs, mostly, some, a few, a couple were broken, but there were still a lot of breeders on the ground thanks to the winds, and what you might say is useless information, each shooters opened & closed their gun more than 200 times over the w/e, told you it was useless information!

Pete thanked all those who stayed for the presentation knowing that most had a long journey home, he finished the night with his saying that "their only strangers until you meet them". & that will be in 2002 when Illawarra will be holding the next SZ Carnival, not too sure of the date at the moment but no doubt it will be in the blu book.

Thanks to those guys who came to the working "B" in prep' for the SZ shoot..Greg G, Peter Sc, Tim S, Terry G, Robyn I, Jimmy A, Tony B, Therese N, Dickie B, Wayne M, yours truly, & if I've forgotten anybody...apologies. There always there, the same "old" I say with respect, faces at working B's, new blood would be great in the future!

Well, there was a few of us left to make sure everything was secured, put away, packed-up & cleaned-up as others headed home..that was a great w/e I thought to myself!... wonder what the other clubs did? They possibly had a great w/e to, their shooters also.

CLOSING DATE: 5PM MONDAY 16TH JULY 2001

North East Zone / VCTA DTL Carnival

An overcast and cool day greeted shooters the North East Zone / VCTA DTL Carnival held at Deniliquin Clay Target Club on Sunday 20th May 2001. A poor attendance on other years saw only 47 shooters compete this year.

The first event for the day was the 25 target North East Zone Points Score Championship; this saw Gordon Fletcher, Tim Robinson and Tony Moroni all post a perfect 75/75. In the shoot off Tony was the first to go pulling a 2nd barrel on his third target and it wasn't long before Gordon had done the same on his sixth target to score 92/93 and let Tim Robinson win Overall and AA with 93/93. A grade went to Shorty Decker 72/75, 2nd Murray Roberts 80/84. B grade Peter Gorrie 68/75, 2nd Jarna Winters 63/75. C grade Wally Scott 64/75 and 2nd Peter Connell 63/75.

The second event was the 25 target North East Zone Single Barrel Championship and we saw three different faces post the perfect score, Tim Knight, Ron Glenn and Phil Headon. Just as the shooters started to settle in Phil missed his 8th target and then Tim his 15th, this gave Ron the Overall Sash and AA grade scoring 40/40, and Tim Knight 2nd in AA scoring 39/40. A grade went to Murray Roberts 24/25, 2nd Jarrod Winters 23/25. B grade went to Ian MacLeod 23/25, 2nd Peter Gorrie 22/25. C grade went to Wally Scott 23/25, 2nd Peter Connell 20/25.

Event three for the day was the 25 target North East Zone Handicap, this saw only four possibles on the board, Robert Kemp off 18m, Tim Knight off 20m, John Gemmill off 18m and Steve Atkins off 21m. Well it was a day for quick shoot off and if you could make a start you had a chance, Robert was the first to go missing his 2nd target to take 4th then Tim missed his 9th to get 3rd and before you new it Steve dumped his 10th and allowed John Gemmill to take the Overall Sash with a score of 35/35.

The last event for the day was the 25 target North East Zone Double Barrel Championship and it was as if every one wanted to have a win with sixteen possibles posted on the board, some sixty shoot off targets later the squads were condensed down to one, John Whittakers, Terry Walls and John Headon all got through the next 25 target after that which was great considering the light was starting to fade with the overcast conditions, but in the next bracket John Headon missed his 89th shoot off target this left John and Terry to battle for Overall which wasn't much longer as John missed his 106th shoot off target to take 2nd in AA with a score of 131/132, and to let Terry Walls win the Overall Sash scoring 132/132. A grade went to Murray Roberts who had a great day scoring 76/77, 2nd in A went to Jarrod Winters 34/35. B grade went George Davies 23/25, 2nd Jarna Winters 38/41. C grade went to Peter Connell 23/25 and 2nd to Michael Elmes 26/29.

The Overall High Gun was won by Tim Knight on 149/150. Ladies High Gun went to Michelle Felmingham on 138/150. Junior High Gun went to Jarrod Winters on 140/150 and Veteran High Gun went to Jack Headon on 127/150.

The North East Zone Team in qualifying order Tim Knight & Tim Robinson 124/125, John Whittakers 122/125, Terry Walls & Tony Moroni 121/125. 1st Emerg. Russell Felmingham 121/125, 2nd Emerg. from D Hunt, R Glenn, M Roberts & T Calandro 120/121.

CUZZO'S RAMBLINGS JULY 2001

Back in the May issue I published an article that I had previously written about firearm safety. Actually, more specifically, firearm safety at a Clay Target Shooting Club. Although some of the items were generic gun safety issues, which would be applicable at any shooting venue, others are specifically relevant to Clay Target Clubs. I have received some quite good feedback about the article, as although several of the issues reflect common sense and hard experience, and are often quoted verbally, they are not usually seen in print, and thus the article is one of the few all encompassing Clay Target Safety guides currently available.

Another very important matter that unfortunately is often learned by trial and error and hard experience is proper etiquette at a Clay Target Club. About ten years ago, while I was living in the States and deriving a large portion of my annual income from giving Skeet Shooting Lessons, I attempted to address that situation by accumulating as many points of Skeet Shooting Etiquette as I could, and putting them into print as a guide to correct behaviour at a Gun Club for the information of both new and experienced shooters.

This month I intend to begin sharing some of these behavioural wisdom excerpts with CTSN readers in the hope that it will reduce the amount of heartache endured by new shooters, and maybe modify the behaviour of some of our more experienced members. The original article was titled "NSSA Skeet Shooting Etiquette" and as such relates specifically to NSSA Skeet Shooting. I considered converting it to ACTA Skeet Shooting or even ACTA Clay Target Shooting, but eventually decided to simply print it as originally written.

Thus some understanding of NSSA procedures may be required from time to time, such as nearly all NSSA Skeet events are conducted over 100 targets, are shot at prearranged rotation times and are presided over by paid referees. Also you only need to take 100 shells as the referee carries an assortment of extra shells, called proof shells, in case you get a broken target or the like.

The full article is too long to publish it all in one of my monthly columns, so I have broken it up into two parts and will print the first half this month. As with my recent Safety Article, I will finish up my column with the trivia question in this section so that the substance of the article can be printed on a separate page and thus be presented in a format that can be practically and conveniently photocopied and put to best use.

This month's Shooting Trivia Question: Who won the National Skeet Championship by shooting the least number of targets in the shoot-off? Mail your answer to Shooting Trivia, P.O. Box 265, Bairnsdale 3875, to arrive by 20-07-2001. The first correct answer drawn shall receive a free entry to this year's National Skeet Handicap. The correct answer to May's STQ is: Shooters from only two foreign countries, New Zealand and the United States, have won Silver Australia Badges at the Trap Nationals? The first correct answer drawn was submitted by Kevin Newman from Lakes Entrance in Victoria, who wins a free entry to next year's National Single Barrel Championship. If you have a good trivia question or an interesting subject for discussion in this column, I would enjoy hearing from you.

SKEET SHOOTING ETIQUETTE Pt 1

By Adrian Cousens

1) Skeet shooting is a sport. Always allow that thought to guide your approach and your attitude to the game. It's okay to be serious and try hard and do your best to win but never lose sight of the fact that, as a sport, it is supposed to be fun, to be enjoyable and to provide relaxation. Even if your intention is to be ultra competitive, always remember that most of the organizers are volunteers and most of the other competitors are hoping to at least have an enjoyable day.

2) Always try to make new shooters and/or members feel welcome. Go out of your way a little with this one. Think back to when you started to shoot and the sort of help, advice and acceptance that you could have used. Take the time to stop and chat with them for a while. Answer their questions as best you can. Loan them a cap or a pouch or whatever they need. Let them try your gun and give them a box of shells. Remember that they represent the growth and prosperity of our sport.

3) Don't handle anyone else's gun without asking. Regardless of how appealing a particular gun may look, or how famous the owner may be, do not touch or pick up anyone else's gun without gaining their permission first. Most everyone will be only too happy to have a short discussion with you about their respective gun and to permit you to handle it, mount it, maybe even shoot it, provided you obtain their approval before hand. By going about it the correct way, you eliminate an embarrassing situation for both you and the owner.

4) Use only factory ammo in a borrowed gun. No matter how long you have been reloading or how reliable your reloads are, it will provide peace of mind for the owner of the gun while you are using it. In the unlikely event that something should go wrong with the gun while you are using it, you will be able to explain it to the owner from a much better perspective if you were using factory shells.

5) Never be late arriving at the field. Always consider 15 minutes before your allocated shooting time to be the minimum time you should arrive at the field. This will barely allow you enough time to get your gear out and ready, check your name on the score sheet, view the targets and adjust them if necessary and then still be able to start on time. Thirty minutes early should be considered the ideal time to arrive. This way, if anything goes wrong, such as forgetting your glasses or bringing the wrong shells or putting the wrong tubes in or mixing up your field numbers, you will still have time to rectify the problem and start on time. If nothing goes wrong, this extra time gives you the opportunity to settle down and get mentally prepared to shoot and to watch the preceding squad shoot their last few targets. This will better acquaint you with the current shooting conditions and ensure easy and confident target adjustment, if any is required. Apart from upsetting your own readiness, arriving late may well detract from the performance of your squad mates, who were worrying about where you were, when they should have been getting ready to shoot.

6) Don't put hold-point markers on a competition field. These markers can be very handy on a practice field and almost indispensable for teaching beginners to shoot. However, in competition, they are against the rules. Trying to inconspicuously position an empty hull or shell box, or kick together a little heap of broken targets, is very poor form and can be both disconcerting and distracting to the other shooters.

7) Always introduce yourself when shooting on a new squad. A little friendly small talk is probably one of the best ways there is to settle your nerves and get you calmer and better prepared to shoot. Skeet shooting is probably the most social sport there is. Try to keep it that way. Try to accumulate as many friends as you possibly can in the sport and not a single enemy. If after considerable

effort you find that you simply cannot get along with a particular person, settle for indifference rather than animosity.

8) Extend professional courtesy to the referee. He is there to do a job and so are you. He will probably be trying equally as hard as you to do that job well. He may well have more experience and a better chance of attaining his quest than you have. Both your day and his will go better if you each work in harmony with the other. Treat him the way you would like him to treat you in return - with politeness and respect. If he does not give you 100 good pulls and 100 astute decisions, before you take him to task, consider that even though you tried your best you probably didn't make 100 perfect shots.

9) Never fire unannounced test shots. Always gain the permission of the referee and then advise the other shooters before firing any test shots. This applies equally at the beginning of an event or after a malfunction. If the other people are unaware of your intention to fire then they will probably be startled and may also be caught without their ear protection.

10) Don't subject other people to your bad reloads. Take only good quality ammunition to the field to shoot. This is mandatory for competition and strongly advisable for practice rounds. If your last batch of reloads didn't turn out too well or if your rejects bin needs emptying, use these shells at your own home club on a day when you are practicing alone or with one close forgiving friend and when surplus time is available.

11) Don't waste time and targets on Station #1. If the weather conditions are reasonably stable, and you have watched the preceding squad shoot their last couple of stations, then after viewing one high, one low and one double on Station #1 you should be ready to begin. At the beginning of each successive round one high single or possibly two high singles should be ample before beginning again.

12) Don't call too loudly. Work out a happy medium for your call. If your call is too soft you are deliberately making it difficult for the referee to give you a good pull. However, a call that is loud enough to cause a fast-pull two fields down, is unnecessary, impolite and probably detrimental to your own shooting.

13) Don't waste time unnecessarily while shooting. This applies equally to during each round and between rounds. Although it is not advisable to unduly rush your shooting, it is advisable to develop a shooting style which allows smooth continuity of the round. Double loading for singles, although not mandatory, should be encouraged. The lead-off shooter should be ready to lead the squad to the next station as soon as the last shooter is finished and each shooter should be standing behind the station ready to step on in turn rather than daydreaming over the back wondering whose turn it is to shoot. Between rounds one minute should be ample time for at least the first two shooters to be ready to begin. Lollygagging between rounds is very poor form. Having a drink or changing your lenses can be done while the other guys are shooting on station one. If your flight time is 3:00 p.m. till 4:30 p.m., plan to be on the field at 2:50, start shooting at 2:55 and be off the field no later than 4:15 so the next squad can also start early.

14) Don't ask for the trap to be cleared unnecessarily. After two or more successive broken targets on any station a request to clear the trap would not be unreasonable. However, after one broken target it is good form to simply get ready and call again except perhaps on one of the difficult reflex shots such as high 2 or low 6. To ask for the trap to be cleared after a broken bird on high 7 is very poor form.

15) Be reasonably quiet behind the shooting fields. When you are standing or walking behind a field, normal conversation levels are quite acceptable. However yelling, loud laughter or any type of horseplay is undesirable and will almost certainly distract the shooters on the field.

Downside Clay Target Club

Downside Clay Target Club held the Riverina Zone 50 target Skeet Championship on 28th April 2001. Although numbers were few a good time was had by all with good shooting by the 15 competitors. The overall winner was Tom Harris of Tumut with a score of 50/50. Dave Coleman and Don Power of Wagga Gun Club together with Bob Tye of Downside shot 49/50 and had to shoot off for the second and third position of the Zone Skeet team. This was won by Dave Coleman and Bob Tye with Don Power being the first reserve.

The Riverina Zone 50 target Ball Trap Championship was also held on the day. Again there were only 15 shooters. The highest score was 49/50 shot by Tumut members Stuart Lowery and Stumpe Lowery - a little bit of family rivalry. Stuart won the shoot off and

was overall winner with 57/58. Other winners were AA grade - Clive Foster of West Wyalong 35/50; A grade - M Kruger-Davis of Narrandera 48/50; B grade - Stumpe Lowery of Tumut 56/58; C grade - Bob Tye of Downside 48/50.

Shooters from NSW, Victoria and SA attended the club's 2001 Easter Carnival. National President John Byrnes along with his wife Sue and son Bruce were also in attendance. World Travel Mildura "Top Gun" event. Phil shot 282 straight to win the trip for two to the New Zealand National Championships and 5th World DTL Championship to be held at he Canterbury Gun Club in Christchurch NZ in March 2002.

The atmosphere and camaraderie amongst the shooters throughout the tournament was great to see. Peter Mills from Melbourne, a regular camper on the ground found the socialising around his campsite highly "spirited". Peter blamed the single bed in the van for his cracked ribs he was sporting the next day. We will try and acquire a van with a "King" size bed in it for you next year Peter. It will be a lot easier for you to get into. Tony Plum showed he has been having coaching lessons on the dance floor, did not miss a dance, and ran out of partners at the Sunday Night Social. We wonder what new routines he will have for us next year?

Big John Soppi, a strong supporter of our club had a win in the back to front draw and picked up 1000 bucks. His wife Gerry also collected \$100.00 easing their expenses a little for the weekend.

Northern Zone ISSF Carnival

On the 14th April, Easter Saturday, the Queensland Northern Zone held their annual ISSF carnival at the Townsville Gun Club.

Being Easter, numbers were not expected to be high but by the start time of 12 noon there were 5 squads to shoot. Some of the shooters were new shooters who have never tried ISSF Trap before.

The ISSF skeet also had two squads with a few of the trap shooters shooting the skeet because they had never done it before.

Twenty shooters were competing for the Sash and medals on offer in the trap. After the first day Ray Collinson had a commanding lead being the only one down out of the 75 targets. Derek Bruce held second place with 70/75.

Fighting it out for the B graders was Tom Comerford with 66/75 and Joseph Rossato on 64/75.

Leading C grade after day one was Silvano Zorzetto on 65/75, with Barry Edwards shooting 62/75 to be placed second.

The Skeet only really had three shooters competing for the Sash and medals on offer. After day one Glenn Reeves was leading the pack with 51/75.

Day two started on time and Ray Collinson continued his form of the day before taking out the Overall Sash with a score of 121/125 + 20/25 in the final.

Derek Bruce held on to first in A grade by the skin of his teeth with 114/125 + 23 in the final to edge out Peter Field who shot

Left: Queensland Northern Zone ISSF Carnival Trap winners from left; Ray Collinson (Overall), Brett Symes (C), Derek Bruce (A) and Tom Comerford (B).

Below: Queensland Northern Zone ISSF Carnival Double trap Winners from left: Joseph Rossato (C), Ray Collinson (B), Jar Smaniotto (Overall) and Dereck Bruce (a).

Skeet winner Glen Reeves

114/125 + 21 in the final. B grade was also tight, Tom Comerford coming home strong with a 25/25 in the last round of competition to claim first place with 110/125.

Brett Symes showed that he is a very versatile shooter taking out C grade with a good score of 105/125 at only his second attempt at the game.

In the ISSF Skeet competition Glen Reeves held on to his position taking out the Overall Sash with his score of 87/125. Bruce Bowater shot a 73/125 at his first attempt to claim C grade first place.

After all the trap and skeet was finished the ISSF Double Trap began with twelve shooters lining up for competition and another six shooters shooting clays only to give it a go. A lot of new shooters have never seen this event

shot before and decided this was a good chance to have a go. Most were impressed.

After the three rounds were finished Jar Smaniotto went into the finals in first place with a score of 128/150. He added a 42/50 in the final to take the Overall Sash.

Derek Bruce made it two A grades in a row shooting 114/150 + 39 for his first placing.

B grade was taken out by Ray Collinson who discovered how to shoot them in the finals. Ray shot 114/150 + 43 to claim first place.

The C grade competition was pretty hot by Joseph Rossato held onto take out first place with his score of 106/150. He was very pleased with himself after shooting this event for only the second time.

By the time you have read this, the Northern Zone Trap Carnival would have been held in Charters Tower and the numbers are expected to be great if other carnivals in the area are any indication.

The Northern Zone Skeet Carnival will be held at the Burdekin Gun Club on 11th and 12th August. With this being one of the overseas skeet contingent shoots, a good roll up is also expected. The club members are looking forward to seeing the officials of the QCTA, as there will also be a state council meeting held on the Friday.

Canberra

Canberra International Clay Target Club inc held its biannual Medley shoot on the 5th Sunday in April. The shoot takes the form of 25tgs over each of the four disciplines - Trench, DTL, Skeet and Sporting Clays. Competitors shoot as a four-person team of their own nomination with the possible of 400 points.

On the day, fortunately the rain held off but at times the overcast sky made the targets a little difficult to see, particularly on the Sporting Clays range in the fine forest. Numbers were a little down, however, shooters appeared to enjoy trying their hand at other disciplines and a competitive but friendly attitude prevailed.

Although the Canberra "Hot Shot" were tipped as favorites for the day, Tumut team of quite achievers were too consistent across all disciplines.

Results were:

First - Tumut with 326 points; Tommy Harris, Dave Cacciopoli, "Stumpe" and Stuart Lowery

Second - Canberra 318 points; Geoff Mills, Chris Milligan, Peter Ewart and Willow Cameron

Third - Goulburn 295 points; Peter Hoare, Brendan Walsh, Barry Meade, Wayne Collins

High Gun for the day went to Willow Cameron 91/100.

The club would like to thank visiting shooters and members for helping out and making the day run so smoothly. Special thanks to Merv Lyons who ran the office and Terry Forrest who fed us with delicious roast. Sunday 30th September 2001 is the next Medley, so put the date in your little black book, and hope to see you there.

COWRA GUN CLUB REPORT

The Cowra Gun Club recently conducted the New South Wales Night Double Barrel title in patchy, sometimes rainy, autumn weather.

John Hayes from Cobar Club, took out the State title from the only

other competitor to record a possible in the event, Tony O'Leary from Cowra.

the two major events conducted during the afternoon were the Dick Toshack Memorial Champion of Champions event and the Lachlan Valley Single Barrel Championship.

Winner of both these events and High Gun for the programme was John Finn of Cowra with a score of 158/160. Wayde Hawkins from Kurrajong was the runner-up in the Dick Toshack Memorial even, and John Hayes in the Single Barrel.

To make it a family affair, the Jackpot Handicap, an event run each month at Cowra Gun Club, was won by John Finn's son Daniel, an up-and-coming youngster.

In the coming weeks we will be fine-tuning our four traps, complete with voice release, in preparation for our Annual Gold Cup shoot 4th and 5th August next (See advert in the news).

Taking the Guesswork out of Gun Fit

JOHN ROBINSON

In my formative years as a clay target shooter, I purchased a Beretta S57E trap gun, which was one of the most beautiful firearms I had laid my eyes on up to that time. Fine engraving and a magnificent AAA grade walnut stock, finished to Beretta's typically high standard made it a fine looking addition to my gun rack.

I sold it 6 months later. It was one of the most uncomfortable shotguns I had ever shot, and could not get through a round without it having me on the ropes with a sore face and other bruises. I made several attempts too get the stock right, but my trial and error methods of the day simply did not work.

A poorly fitting shotgun may not necessarily be uncomfortable to shoot, but may reduce the shooters potential performance to a marked degree. It is not always easy to find a gun that fits every individual off the shelf and for that reason, knowing the exact dimensions that suit your particular profile can simplify the search for the right gun.

Hermann Finken of Mirboo North Precision Engineering has just such a solution for shotgunners. Herman is agent for a number of high quality European shooting lines, including the German Merkel and French Chapuis shotguns and double rifles.

Herman has what I believe to be one of the only 'Try Guns' in Australia, supplied by Merkel. The Try Gun was an English invention that allowed the customers of the high quality English gun makers to have their firearms fitted to their exact requirements. The Merkle Try Gun is just such a device. It has the form, but not the function of an over and under shotgun, but contains no operating mechanism.

The Merkel Try Gun has a wide range of micro-adjustable stock adjustments to allow the shooter to be fitted for the full range of critical dimensions that determine stock fit. These include: drop at comb, drop at heel, drop at toe, cast off, length of pull, length of grip and even butt angle.

I was able to spend an afternoon recently with Hermann, going through the fitting process using the Merkel. The information gathered from this process can be used for reference on any other gun, or applied to Merkel or Chapuis guns ordered through Hermann's organisation.

The Try Gun is fitted with a simple set of very low set open sights in the form of a bead front and wide V rear. These are provided for alignment purposes as they define the centre of the rib and the eyes' relationship to it horizontally.

A long straight edge fits on the rib of the gun after each fitting session, and this provides the reference level from which most of the stock dimensions are taken.

I was surprised at how subtle alterations made such a big difference and one that was most surprising was the angle of the butt plate. Many events call for shooting from the 'gun down' position, where the butt of the gun is below the elbow when calling for the target.

Thus, mounting of the gun in a consistent manner is very important. On the Try Gun, the angle of the butt plate, which is pivoted at the top, can be adjusted in very small increments. I found that as little as 2 mm movement at the bottom made a significant difference to the ease of mounting the gun.

Hermann had me swinging the Try Gun in various directions from various foot positions until we had the gun lining up consistently.

The Merkel Try Gun has no internal functioning parts, but multiple external adjustments

The aluminium straight edge fixes to the rib to provide an indexing reference for all the stock measurements

Graduated gauges allow accurate measurement from the reference bar

Butt angle, as well as stock length, are micro-adjustable

Herman Finken can do an accurate fitting in less than one hour, and provides a data sheet with all stock dimensions recorded for posterity

Once my dimensions were established, they were recorded on a pro-forma specification sheet for a field stock. It was then interesting to compare the custom measurements with some of the factory gun specifications. It was clear that I was nonstandard in most departments.

This reflects my experience with my own Miroku U/O target guns, where each has been fitted with an adjustable comb to resolve the stock fit issues arising.

Other critical elements such as castoff are frequently compromised on factory shotguns. Cast-off is the amount of offset of the centre line of the comb of the stock, compared to the bore of the gun. This will differ between right and left hand shooters and with other physiological factors associated with individuals.

The techniques used with the Merkel Try Gun can be easily transferred to your own shotgun, if you have one that is a good fit. By running a straight edge off the top of the rib, and keeping it centred, the critical dimensions can be taken off the bottom line of the straight edge that establishes the reference level. This works fine if your gun fits, but is not much use if it does not. It is for this reason that the Merkel Try Gun is such a useful tool, and for a reasonable cost, you can get your correct gun fit specifications established, once and for all.

Letter to the editor

Skeet, Skeet and more skeet, coming from a used to be a trap shooter, I can't understand what all this fuss is about, make the targets quicker yes, make sure that they go somewhere through the hoop yes, that should be about it as far as I am concerned. I think somewhere along the line we have lost why we actually shoot skeet, its not because we need perfect targets as we are not that perfect ourselves. We do it because we love it and love the people that get together from all over this great country to try our best and to be the best they can be. Sure it would be nice to get the perfect target every time but that does not always happen and you usually find that when we miss, it's the so called easy one that we dump.

I remember shooting with the late great Col Burt when he shot his perfect 100 to qualify for the National Championship in 1999 (and went on to be the National Champion that day) on the last end layout at Wagga, severely wind affected and the targets where all over the place, he did not once that day ask to have the targets altered and just went out there to shoot and shoot he did, smoked every target even the ones two feet off the ground. After our squad congratulated him on his effort, he said "thanks guys it was great shooting with you I really enjoyed that". This didn't really sink in until now but I think we should take note from this and get on with enjoying the sport and those people that love it like we do and no matter what the conditions just go out there and do your best. This is Australia and how many skeet shooters out there honestly care how they shoot skeet in America or wherever else, the majority will never leave their home club let alone leave the country to shoot skeet so who really cares. So lets do it the way we want to and not try to be like America or anyone else for that matter and just enjoy what we have and shoot some more Aussie Skeet.
