## **1. INTRODUCTION**

- 1.1 The Council needs to keep its information on the nature, progress and distribution of housing in the Borough up to date to help inform its decisions and policies on new housing and related development. The information can also be used to test the Council's performance against a number of Government set requirements regarding the supply and delivery of new homes.
- 1.2 This Position Statement is intended to provide a snapshot of housing land availability and completions within the Borough. The statement is published annually and represents the position on 1 April 2019. The full period covered by the statement is 1 April 2018 – 31 March 2019. It helps set out the progress towards meeting the Borough's Core Strategy housing requirement over the period 2006 - 2031 and provides basic data for the Authority Monitoring Report.
- 1.3 Additional information on the Position Statement can be obtained from the Strategic Planning team as follows:

## 2. EXPLANATORY NOTES

### (a) General:

- All sites in Section 4 have a current planning permission for residential development.
- Sites subject to planning obligation (s.106 Agreements)<sup>1</sup> are included in the Position Statement as a separate schedule (see Section 8). Until the legal agreement is completed, the sites do not appear in the main housing schedule.
- Developments involving a net loss of housing units are included in the Position Statement (e.g. a scheme solely resulting in the demolition of dwellings) together with schemes involving no net increase (e.g. replacement dwellings).
- In the case of several permissions on the same site, it is the consent that establishes the highest total that is recorded.

### (b) Schedules:

The following column headings are used throughout the Position Statement:

| Column Heading                   | Comments  |
|----------------------------------|---|
| <i>Settlement</i>                | Refers to a site falling within an identified urban settlement or village within the Core Strategy. Settlements headed "Rest of Dacorum" are those sites in the Green Belt that are either close to but outside of these settlements or are in villages not identified in the Plan. Similarly, settlements headed "Rural Area" are those sites in the Rural Area that are either close to but outside of these settlements or are in villages not identified in the Plan. |
| <i>Planning Status</i>           | <b>U/C</b> – Site is under construction.<br><b>Outstanding</b> – Site not yet started.  |
| <i>App No.</i>                   | The planning application number.  |
| <i>PDL</i>                       | Previously Developed Land. Generally refers to whether the site is brownfield (Y) or greenfield (N) land.   |
| <i>Site Area</i>                 | Measured in hectares.   |
| <i>Address</i>                   | These are not in street name order.   |
| <i>Commitments</i>               | This sets out the number of units remaining to be built taking into account any that are already completed or lost.<br><b>N/S</b> – not started   |
| <i>Permission Classification</i> | <b>CON/COU</b> – conversions/changes of use<br><b>Large Site</b> – new build housing site of 5 or more homes.<br><b>Small Site</b> – new build housing site of 4 or less homes.   |

<sup>1</sup> A planning obligation is generally a legal agreement between the local planning authority and the developer or a unilateral undertaking by the developer. Planning permission is not granted until the planning obligation is completed.

### **3. GENERAL NOTES**

- a) The Council adopted its Core Strategy on 25<sup>th</sup> September 2013 and thus the plan is more than 5 years old. This means that, in the interim while preparing the new Local Plan, the Council will now need to revert to the Government's standard methodology for calculating its local housing need (LHN). However, for the purposes of presenting information in the Position Statement and until it has formally tested its LHN through the plan-making process, the Council will continue to refer to a housing target of 430 dwellings per year (or 10,750 over the 25-year lifetime of the Core Strategy). The Council will update the Position Statement as soon as the new LHN has been confirmed on adoption of the new Local Plan.
- b) In May 2013, the Government introduced new permitted development rights for the next three years to allow conversion from B1a (offices) to C3 (residential). This initiative has now been made permanent. A number of schemes now benefit from such rights and these have had the effect of boosting the number of conversion and change of use commitments (see Section 4). In addition, new permitted development rights will enable the change of use of light industrial buildings and launderettes to new homes and will be subject to a similar prior approval process by the local planning authority.
- c) The relaxation of planning controls has been extended to include the conversion of agricultural buildings to residential without the need for planning permission. Each scheme will be subject to a number of conditions and restrictions relating to its size and the number of units allowed.
- d) In reality, application 4/2539/16 in section 8 is a much larger scheme of 600 homes that straddles into St Albans City and District. The 440 homes stated is an estimate of those in the Dacorum part of the development.
