More Than
30 Years

in the Professional Hair Care,
Nail Care and Skin Care Business.

The history of Direct Beauty, LLC, dates back to 1977 in balmy Tampa, FL. As a family business with only one store, we began to realize an opportunity to bring the best beauty products to even more metropolitan centers. In a span of 13 years we launched more than 25 new stores throughout the state of Florida.

As we continued to serve our customers we also monitored the marketplace nationwide. It wasn't long after that we realized we could bring a wholesale organization to fruition that would allow us to serve the major beauty supply outlets across the country. Since then, Direct Beauty has been providing the highest quality beauty products available today to a national market.

We Offer The Best Services

Lowest Prices

Our hair, nail and skin beauty supply prices are the lowest in the industry. And we guarantee it. We monitor the industry and make certain that we can bring you the best products at the best prices.

100% Fill Rate

We make certain that you have every product you need on your shelves. Our 100% Fill Rate ensures that your customers will find what they need when they need it.
