\* The customer has the ability to contact Canon ITS for phone support at any time during their ownership of the product, and on-site service is included with the first 90 day warranty period. On site coverage is available in months 4 through 36 with the purchase of an eCarePAK extended service plan. Please note that the eCarePAK must be purchased before the end of the 90 day initial warranty. These are NOT available for post-sale purchase.

\*\* This Canon iPF Installation eCarePAK is an option for you to choose Pitney Bowes to install your customer's iPF or iPF MFP unit when the customer is in an area outside of the 50 mile Zone 1 servicing area. There is still a separate Delivery charge for the iPF units, this Installation eCarePAK is simply another option for installation of the iPF/MFP units when the servicing area is outside of Zone 1.

\*\*\* Pitney Bowes installation requires the 33 month service plan. TX MFP models are not customer installable.

### On-Site Training Notes:

On-site pricing is based on training up to 4 students/class.

All training is conducted during normal Canon Solutions America business hours.

All on-site training requests are completed within 14 days of machine installation.

Travel charges are included if customer is located within 100 miles of the nearest Canon Solutions America office.  
Upon order confirmation, all training dates are coordinated with the customer by the Canon Solutions America Education services administrator or trainer.

Training fees do not include return visits by CTR's or AE's.

### Custom Training Notes

A Canon Solutions America Training Consultant will contact the customer to define requirements, materials, etc.

### Pricing Notes

\* Includes cost of travel

Incidents are valid for 5 years or until incidents are used up, whichever occurs first.

\* The customer has the ability to contact Canon ITS for phone support at any time during their ownership of the product, and on-site service is included with the first 90 day warranty period. On site coverage is available in months 4 through 36 with the purchase of an eCarePAK extended service plan. Please note that the eCarePAK must be purchased before the end of the 90 day initial warranty. These are NOT available for post-sale purchase.

\*\* This Canon iPF Installation eCarePAK is an option for you to choose Pitney Bowes to install your customer's iPF or iPF MFP unit when the customer is in an area outside of the 50 mile Zone 1 servicing area. There is still a separate Delivery charge for the iPF units, this Installation eCarePAK is simply another option for installation of the iPF/MFP units when the servicing area is outside of Zone 1.

\*\*\* Pitney Bowes installation requires the 33 month service plan. TX MFP models are not customer installable.

### On-Site Training Notes:

On-site pricing is based on training up to 4 students/class.

All training is conducted during normal Canon Solutions America business hours.

All on-site training requests are completed within 14 days of machine installation.

Travel charges are included if customer is located within 100 miles of the nearest Canon Solutions America office.

Upon order confirmation, all training dates are coordinated with the customer by the Canon Solutions America Education services administrator or trainer.

Training fees do not include return visits by CTR's or AE's.

### Custom Training Notes

A Canon Solutions America Training Consultant will contact the customer to define requirements, materials, etc.

### Pricing Notes

\* Includes cost of travel

Incidents are valid for 5 years or until incidents are used up, whichever occurs first.

1962C001	CO165 - Zone 4 Additional charge for remote locations (50+ miles)	142.50	0.00%	142.50		

- "\*" Required with every base unit.
- "†" Additional delivery and installation applies to system options if ordered after initial delivery
- Zone 4 premium applicable to any installations from 51-100 miles of CSA service point
- Includes 12 month warranty. For Printhead Included contract, the replacing of the printheads will be consistent with the current procedures for the replacement of the other parts within the Colorado. A call must be placed by the Customer to CSA's Customer Service Center and the technician will reach out to the Customer to discuss the issues and determine if there is a critical failure with the suspected head(s). If CSA determined that there is a hard code failure and the machine can no longer calibrate at 430 square feet per hour on CSA's calibration material due to misdirected or blocked nozzles, the technician will order the print head in advance and will schedule it to arrive the following business day. If the technician has the part in stock, they will schedule a visit based on priority of calls. If CSA determines during the troubleshooting of the printer that the root cause of the printhead failure is a result of Customer actions, it will be the Customer's responsibility to purchase a printhead. Once the printhead is on site, the Customer can place a service call and the Service Technician will respond and install the replacement printhead. Some but not all examples of customer related failures are head strikes (which include damage caused by media), running expired inks, improper printhead maintenance, and incorrectly calibrating media.
- Service pricing is fixed 60 Months from start of maintenance contract

● Warranty: For a period of six (6) months from the date of installation, Manufacturer warrants that the labor of the wide format laminating goods shall be free from defects and warrants the wide format laminating equipment parts (excluding laminating rollers) for a period of twelve (12) months from the date of installation. Wide format laminating rollers are under warranty for a period of three (3) months from the date of installation. All claimed defects in the equipment must be made in writing before the end of the warranty period or thirty (30) days after the discovery of the defect (whichever occurs first). Manufacturer reserves the right to repair or replace the goods solely within the discretion of Manufacturer. This warranty shall be void if the End User or the End User's agent shall make any repairs or replacements to the goods without the written consent or direction of Manufacturer. This warranty shall be void in the event that the goods are not properly maintained or are utilized beyond specifications. Upon receipt of a Return Authorization Number, the End User will ship to the Manufacturer, with transportation and insurance charges prepaid, all goods claimed to be defective and covered under this warranty. Such goods or their replacement will be returned to the End User F.O.B Manufacturer's plant. End User shall bear all costs of dismantling, shipping, reassembling, reinstalling and reprogramming the goods, before and after repair or replacement by Manufacturer. Notwithstanding any provision of these terms and conditions, the warranty contained in this paragraph 3, as limited in it, is the only warranty extended by manufacturer in connection with any sale by it and is extended to the end user and not to any successive buyers, users, third parties or employees and is in lieu of all other warranties, express or implied, including warranties of merchantability and fitness for a particular purpose. Manufacturer's obligations under these Terms and Conditions, upon breach of warranty or other provision, shall be limited, at Manufacturer's election, to the repair or replacement of goods or the crediting to the End User of an amount not to exceed the purchase price of the goods. Any action for breach of warranty or other provision must be commenced in the Circuit Court of Cook County, Illinois, within one (1) year after the cause of action has accrued. In no event shall Manufacturer have any liability whatsoever for payment of any consequential, incidental, indirect, special or tort damages of any kind, including but not limited to, any loss of profit.

- "\*\*\*" Required with every base unit.
- "†" Additional delivery and installation applies to system options if ordered after initial delivery
- Zone 4 premium applicable to any installations from 126-175 miles of CSA service point
- Freight Only included in price of equipment
- For Printhead Included contract, the replacing of the printheads will be consistent with the current procedures for the replacement of the other parts within the Colorado. A call must be placed by the Customer to CSA's Customer Service Center and the technician will reach out to the Customer to discuss the issues and determine if there is a critical failure with the suspected head(s). If CSA determined that there is a hard code failure and the machine can no longer calibrate at 430 square feet per hour on CSA's calibration material due to misdirected or blocked nozzles, the technician will order the print head in advance and will schedule it to arrive the following business day. If the technician has the part in stock, they will schedule a visit based on priority of calls. If CSA determines during the troubleshooting of the printer that the root cause of the printhead failure is a result of Customer actions, it will be the Customer's responsibility to purchase a printhead. Once the printhead is on site, the Customer can place a service call and the Service Technician will respond and install the replacement printhead. Some but not all examples of customer related failures are head strikes (which include damage caused by media), running expired inks, improper printhead maintenance, and incorrectly calibrating media.

• Warranty: For a period of six (6) months from the date of installation, Manufacturer warrants that the labor of the wide format laminating goods shall be free from defects and warrants the wide format laminating equipment parts (excluding laminating rollers) for a period of twelve (12) months from the date of installation. Wide format laminating rollers are under warranty for a period of three (3) months from the date of installation. All claimed defects in the equipment must be made in writing before the end of the warranty period or thirty (30) days after the discovery of the defect (whichever occurs first). Manufacturer reserves the right to repair or replace the goods solely within the discretion of Manufacturer. This warranty shall be void if the End User or the End User's agent shall make any repairs or replacements to the goods without the written consent or direction of Manufacturer. This warranty shall be void in the event that the goods are not properly maintained or are utilized beyond specifications. Upon receipt of a Return Authorization Number, the End User will ship to the Manufacturer, with transportation and insurance charges prepaid, all goods claimed to be defective and covered under this warranty. Such goods or their replacement will be returned to the End User F.O.B Manufacturer's plant. End User shall bear all costs of dismantling, shipping, reassembling, reinstalling and reprogramming the goods, before and after repair or replacement by Manufacturer. Notwithstanding any provision of these terms and conditions, the warranty contained in this paragraph 3, as limited in it, is the only warranty extended by manufacturer in connection with any sale by it and is extended to the end user and not to any successive buyers, users, third parties or employees and is in lieu of all other warranties, express or implied, including warranties of merchantability and fitness for a particular purpose. Manufacturer's obligations under these Terms and Conditions, upon breach of warranty or other provision, shall be limited, at Manufacturer's election, to the repair or replacement of goods or the crediting to the End User of an amount not to exceed the purchase price of the goods. Any action for breach of warranty or other provision must be commenced in the Circuit Court of Cook County, Illinois, within one (1) year after the cause of action has accrued. In no event shall Manufacturer have any liability whatsoever for payment of any consequential, incidental, indirect, special or tort damages of any kind, including but not limited to, any loss of profit.

• † Additional delivery and installation applies to system options if ordered after initial delivery

• Includes 90 day warranty - Unlimited usage

• \* The customer has the ability to contact Canon ITS for phone support at any time during their ownership of the product, and on-site service is included with the first 90 day warranty period. On site coverage is available in months 4 through 36 with the purchase of an eCarePAK extended service plan. Please note that the eCarePAK must be purchased before the end of the 90 day initial warranty. These are NOT available for post-sale purchase.

• \*\* This Canon iPF Installation eCarePAK is an option for you to choose Pitney Bowes to install your customer's iPF or iPF MFP unit when the customer is in an area outside of the 50 mile Zone 1 servicing area. There is still a separate Delivery charge for the iPF units, this Installation eCarePAK is simply another option for installation of the iPF/MFP units when the servicing area is outside of Zone 1.

- † Additional delivery and installation applies to system options if ordered after initial delivery
- Includes 90 day warranty - Unlimited usage
- \* The customer has the ability to contact Canon ITS for phone support at any time during their ownership of the product, and on-site service is included with the first 90 day warranty period. On site coverage is available in months 4 through 36 with the purchase of an eCarePAK extended service plan. Please note that the eCarePAK must be purchased before the end of the 90 day initial warranty. These are NOT available for post-sale purchase.
- \*\* This Canon iPF Installation eCarePAK is an option for you to choose Pitney Bowes to install your customer's iPF or iPF MFP unit when the customer is in an area outside of the 50 mile Zone 1 servicing area. There is still a separate Delivery charge for the iPF units, this Installation eCarePAK is simply another option for installation of the iPF/MFP units when the servicing area is outside of Zone 1.
- \*\*\* Pitney Bowes installation requires the 33 month service plan. TX MFP models are not customer installable.

• † Additional delivery and installation applies to system options if ordered after initial delivery

• Includes 12 month warranty - Unlimited usage

• Freight Only included in price of equipment

• \* The customer has the ability to contact Canon ITS for phone support at any time during their ownership of the product, and on-site service is included with the first 12-months warranty period. On site coverage is available in years 2 and 3 of ownership with the purchase of an eCarePAK extended service plan. Please note that the eCarePAK must be purchased at the same time as the printer. These are NOT available for post-sale purchase.

• \*\*\* This Canon iPF Installation eCarePAK is an option for you to choose Pitney Bowes to install your customer's iPF or iPF MFP unit when the customer is in an area outside of the 50 mile Zone 1 servicing area. There is still a separate Delivery charge for the iPF units, this Installation eCarePAK is simply another option for installation of the iPF/MFP units when the servicing area is outside of Zone 1.
