

# Overview for Contract

*Prior to utilizing a contract, the user should read the contract in its entirety.*

## CONTRACT DESCRIPTION

Covers Commonwealth requirements for highway Bituminous Materials Plant Mix.

Materials must conform and be tested to specifications in PennDOT Pub. 408, various types.

Materials must be furnished from a qualified supplier listed in PennDOT Bulletin 41.

Suppliers wishing to be listed in Bulletin 41 may contact the PennDOT Bureau of Construction and Materials, Materials Testing Division at 717-787-1037.

This contract contains various and numerous terms and conditions.

## CONTRACT INFO

Material or Service	Material	
Title & Contract # (s)	Bituminous Material, Plant Mixed 5610-36	
Number of Suppliers	76	Pcard enabled: N Pcard accepted: N MSCC: N
Validity Period	02/01/2009– 01/31/2011	
DGS BOP Point of Contact	Patrick Rosenella	
Contact Phone #	717-346-8178	
Email	<a href="mailto:prosenella@state.pa.us">prosenella@state.pa.us</a>	

## PRICING HIGHLIGHTS

This is an annual four part, multi item contract. It includes specific jobs, groups of jobs, pricing with haul costs and source pick up pricing.

Each item contains specific pricing for the contract period.

Specific contract information is available at the following DGS website:  
<http://www.dgsweb.state.pa.us/comod/Contracts/CN00011914.pdf>

## PROCESS TO ORDER

This contract is used mainly by PennDOT.

Per Act 57, the contractors elect to sell or not to sell the products in this contract to local public procurement units at contract prices. See the DGS website under CoStars.

Currently more than seventy-six (76) companies participate in the contract and they can be viewed in the contract Vendor List.

**SPECIAL CONTRACT TERMS AND CONDITIONS-All three parts**

**CONTRACT SCOPE/OVERVIEW:** This Collective Number, CN00029515 (identified here and in the other documents as the "Contract", legacy 5610-36) will cover the requirements of Bituminous Material, Plant Mix for the Commonwealth of Pennsylvania.

**ORDER OF PRECEDENCE:** These Special Contract Terms and Conditions supplement the Standard Contract Terms and Conditions For Statewide Contracts for Supplies. To the extent that these Special Contract Terms and Conditions conflict with the Standard Contract Terms and Conditions For Statewide Contracts for Supplies, these Special Contract Terms and Conditions shall prevail.

**TERM OF CONTRACT:** The Contract shall commence on the Effective Date no earlier than February 1, 2009 and expire on January 31, 2010.

**OPTION TO EXTEND:** The Department of General Services reserves the right, upon notice to the Supplier, to extend the Contract or any part of the Contract for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in Contract coverage and only for the time necessary, up to three (3) months, to enter into a new contract.

**OPTION FOR SEPARATE COMPETITIVE BIDDING PROCEDURE:** The Department of General Services reserves the right to purchase supplies covered under this Contract through a separate competitive bidding procedure, whenever the department deems it to be in the best interest of the Commonwealth. The right will generally be exercised only when a specific need for a large quantity of the supply exists or the price offered is significantly lower than the Contract price.

**OPTION TO RENEW:** The Department of General Services reserves the right, upon notice to the Supplier, to renew the Contract or any part of the Contract for an additional one (1) year term by notification from Commonwealth to the Supplier(s). If the Contract(s) is/are renewed the same terms and conditions shall apply. If this contract(s) is/are renewed for the additional year, the Transportation Price Adjustment clause will be applied at the time of renewal.

**ADDRESS OF PURCHASE ORDER:** Commonwealth agencies may issue purchase orders against this Contract for supplies required by the agencies (using agencies). Please state below where the Purchase Orders should be sent (name, address, city, state, zip code).

**SPECIAL CONDITIONS AND INSTRUCTIONS:** The term of the contract is February 1, 2009 through January 31, 2010. Suppliers are not liable for furnishing materials ordered by the Department of Transportation ("Department") from December 1, 2009 through January 31, 2010, if they return an order received during this time period to the Department within two (2) business days after receipt.

**INSTRUCTIONS FOR COMPLETING BID ITEM SHEETS:** The bid item sheet information is the excel format. The Excel Workbook has four worksheets. Sheet one is Part 1 —Supplier Haul, Specific Job - Paver Delivery Locations, Sheet two is Part 2 – Supplier Haul, Group Jobs - Paver Delivery Locations, Sheet three is - FOB Source Material Costs, Hauling Costs, and sheet four contains the estimates for the FOB Source items. When completing the item sheet(s), please ensure that you complete with the following information:

On the Excel Worksheet enter the following:

Part 1

- Supplier Code As Listed In PA Bulletin 41
- Highway County Number of Supplier Plant (Attachment A)
- Material Price/Ton (Price Adjustable)
- Transportation charge per ton (cost from your source to location)
- Total Individual Job Price (ADJUSTABLE) (price/ton (adjustable) + transportation) multiplied by the estimates)
- Supplier Name – Insert your company name (provide both your legal name and DBA name if applicable)
- SAP Supplier Number
- Virgin Asphalt Content (VAC)

Part 2

- Supplier Code As Listed In PA Bulletin 41
- Highway County Number of Supplier Plant (Attachment A)
- Material Price/Ton (Price Adjustable)
- Transportation charge per ton (cost from your source to location)
- Total Individual Job Price (ADJUSTABLE) (price/ton (adjustable) + transportation) multiplied by the estimates)
- Group Total Price (ADJUSTABLE)
- Supplier Name – Insert your company name (provide both your legal name and DBA name if applicable)
- SAP Supplier Number
- Virgin Asphalt Content (VAC)

Part 3

- FOB Source Material Costs, Hauling Costs
- Highway County Number of Supplier Plant (Attachment A)
- Supplier Code As Listed In PA Bulletin 41
- Hauling Cost 1st mile
- Hauling Cost after 1st mile
- Material Cost per Ton (Price Adjustment Applies)
- Material Cost per Ton (FIXED PRICE)
- Supplier Name – Insert your company name (provide both your legal name and DBA name if applicable)
- SAP Supplier Number
- Virgin Asphalt Content (VAC)

Download the spreadsheet to disk and return along with a printed hard copy of the completed item sheets with your signed bid (**circle appropriate Title**) in a sealed envelope.

If you have any questions please contact Thomas Neptune, phone 717-346-8178, email [tneptune@state.pa.us](mailto:tneptune@state.pa.us)

PRINT YOUR COMPANY'S NAME ON THE DISK LABEL

If you have any questions please contact Thomas Neptune, phone 717-346-8178, email [tneptune@state.pa.us](mailto:tneptune@state.pa.us)

**AWARD:** While traditionally the Department of General Services has awarded this contract with a material price adjustment we have held open the opportunity to award all or portions of this contract using a fixed price structure where it is determined to be in the best interest of the Commonwealth.

Bidders should provide both a fixed bid price and provide a price which will factor in the 'Material Price Adjustment' clause described below. The Commonwealth will evaluate each line item to determine if that line item will be awarded as a fixed price or with a material price adjustment. Failure to not submit both pricings could result in the supplier not being awarded a line item/material.

**ADDITIONAL JOBS/GROUP JOBS:** When a need is identified in a County for a job not previously identified, the Department may offer the job to suppliers currently on the Bituminous Material Part 1 or Part 2 contract within that county. If the supplier will provide the materials at the price previously quoted for like jobs within the County under Parts 1 or 2, including price adjustment if applicable, the supplier will be afforded the opportunity to provide the material as best value to the Commonwealth.

**PENNDOT PUBLICATION 408 REQUIREMENTS :** All material furnished through this contract must meet the requirements of PENNDOT Publication 408, latest version.

**MILEAGE:** Suppliers shall have five (5) days from receipt of a Purchase Order, to dispute mileage on any Purchase Order. Failure of a supplier to dispute the mileage within this time frame is considered acceptance of the Department's calculation of delivered costs and shall constitute waiver of the supplier's right to dispute the mileage. Distance is determined by actual miles traveled on the shortest available route from the supplier's source to the point of delivery, at the time of Order. Traffic conditions may be a consideration of shortest available route. The Department will determine the mileage using odometers, DMI's, SLD's or maps. Generally State Routes are used to determine hauling costs. The respective District Executive reserves the right to use alternate routes if deemed appropriate for reasons of economy. Distance for delivery F.O.B. Department paver determined by calculating to the center of the job serviced under the Purchase Order.

Whole numbers only are used as mileage factors. Fractions of miles are rounded off (round up for .5 or greater, round down for less than .5). Ties on lowest delivered cost are broken by the District Executive based on such factors as, but not limited to: availability, production rate, trucking fleet and haul-time due to traffic congestion at the time of need.

**DELIVERY TIME F.O.B. DESTINATION/DEPARTMENT PAVER:** The supplier shall commence delivery on the date indicated on the Purchase Order. The Delivery Time is at least thirty (30) days from the date of receipt of the Purchase Order. The supplier may commence delivery earlier than the Delivery Time specified if the County Maintenance Manager and the supplier agree upon the earlier time. The County Maintenance Manager can postpone the Delivery Time, without liability for demurrage damages, provided notice of the delay is given to the supplier at least 24 hours prior to the Delivery Time. Suppliers may request revised delivery schedules in writing from the County Maintenance Manager if the County Maintenance Manager postpones the Delivery Time.

**MEETING:** A meeting is required between County Manager and Suppliers within 45 days of award of contract. The purpose of the meeting is to discuss scheduling, materials, escalation procedures, etc.

**DELIVERY:** The Department may issue an order for tonnage, to take on an uninterrupted basis to completion of the order or an order is issued for tonnages to take over a period of time as a "blanket" order.

If a supplier cannot or does not commence delivery at the Delivery Time, the Department can terminate the order and issue the order to the next most economically feasible supplier available on contract in Part 3 or seek liquidated damages for each hour that the delivery is late. If award is made to another supplier, immediate availability is a factor in the selection process, and the delinquent supplier is responsible for any excess cost to the Commonwealth.

**AGGREGATES:** Bidders are not required to list their source of aggregates when submitting their bid. Awarded suppliers must provide aggregates for their plant-mix, as required, in accordance with specifications and furnished from a pre-qualified source as listed in the Department, Bulletin 14 "Aggregate Producers". The acceptability of aggregates is verified by the Departments inspectors. (Stone, Slag, or Gravel)

**SRL:** When an SRL and/or ESAL is provided as part of an item's bid specification or as identified within the purchase order, it is understood that the SRL and/or ESAL supplied is as specified or better and will be invoiced at the same price as the ordered material even if the material received is a higher priced material. An explanation of SRL designations are found in the Department Bulletin 27.

**APPROVED SOURCE:** Bituminous Plant Mixed Material, furnished from a source approved by the Pennsylvania Department, Materials and Testing Division, 1118 State Street, Harrisburg, Pennsylvania, prior to the time and date of the bid opening. Identify the plant location and supplier code of each source as listed in the Pennsylvania Department Bulletin 41, producers of bituminous mixtures, or bid shall be rejected. The supplier shall have a plant technician for each source bid (Example: When bidding three sources, the supplier shall have a plant technician at each source).

If during the course of the effective contract period, the approved status of an awarded source of aggregate is suspended or otherwise disapproved, the contract award for that will become invalidated upon notification, and will remain invalid until such time as the Department reinstates the source in question.

**WEIGHING:** Weighing conducted by competent, qualified personnel using measurement and computation methods conforming to standard engineering and construction practices. A certified weight slip from the supplier must accompany each truckload. Use an electronic, digital measuring device if a source has the capability in its scale. The Department of Agriculture, Bureau of Standard Weights and Measures must approve the scale used, or tested and approved by a Scale Repair Service with testing capabilities with appropriate weights and procedures as contained in Scale Code NBS Handbook 44.

The Commonwealth reserves the right to have truck deliveries check weighed at independent weighing stations. If it is determined that a vehicle owned or leased by the supplier operated on public highways carrying weight in excess of the registered gross or axle weight limits established in Chapter 49 of the Motor Vehicle Code, The Department is not liable for payments for that amount of material equal to the excess over the registered gross and/or axle weight limits. The supplier may elect to deliver the excess material to the Department without charge or to retain the material in the vehicle. Additional responsibilities are referenced in Specification 408/ (latest version), Section 107.23 and all supplements there to.

**MATERIAL PRICE ADJUSTMENT CLAUSE:** Tracking PG64-22 monitors the change in price for bitumen. The following refiners are contacted to determine the base price of a ton of PG64-22 (bitumen) and the monthly price of a ton of PG64-22 (bitumen):

<b>ZONE 1</b>	<b>REFINERS</b>	<b>POSTING LOCATION</b>
	NuStar	Baltimore, MD Perth Amboy, NJ Paulsboro, NJ
	Bitumar	Baltimore, MD
	Valero	Paulsboro, NJ Baltimore, MD
<b>ZONE 3</b>	United Refining	Warren, PA Springdale, PA Dravosburg, PA
	Marathon	Floreffe, PA Cleveland, OH Canton, OH

## **ZONE 2 AVERAGE OF ZONE 1 AND ZONE 3 PRICES**

The posted ton price of PG64-22 for the above posting locations are averaged to arrive at the base price of a ton of PG64-22 (bitumen) and the monthly price of a ton of PG64-22 (bitumen).

The base price of a ton of PG64-22 (bitumen) for this contract is Zone 1, \$612/ton, Zone 2, \$607/ton, Zone 3; \$602/ton determined October 29, 2008.

The monthly price of a ton of PG64-22 (bitumen) is determined on the last Wednesday of each previous month.

When a zone's monthly price divided by the base price is .90 thru 1.10, there is not a price adjustment on the first of the next month.

When a zone's monthly price divided by the base price is less than .90 or greater than 1.10, there is a price adjustment effective on the first of the next month. A Change Notice to the contract is issued indicating the base price of a ton of PG64-22 (bitumen) for this contract and the price adjustment multiplier of 100%. It will also indicate the applicable monthly price of a ton of PG64-22 (bitumen) and the changed price adjustment multiplier percentage.

A Change Notice is issued, if applicable, to indicate return to the base price of a ton of PG64-22 (bitumen) for this contract and the price adjustment multiplier of 100%.

The Department will apply the monthly price adjustment to each specific supplier mix of bitumen to determine the allowable price change per ton to verify Supplier's invoices. Supplier's invoices shall show the adjusted unit price based on the price adjustment in effect on the date material was delivered and/or picked up. Calculations are retained by DOT Bureau of Maintenance, as required.

The first Material Price Adjustment will be effective March 1, 2009.

The following is a list of districts in each Zone:

ZONES	DISTRICTS
ZONE 1	3, 4, 5, 6, 8
ZONE 2	2, 9
ZONE 3	1,10,11,12

**NOTE: VIRGIN ASPHALT CONTENT:** If available at time of bid the supplier should provide for each material bid the Virgin Asphalt Content (VAC) in each approved Job Mix Formula (JMF). The VAC is used in determining the price for all materials awarded with an applicable material price adjustment. Changes to the VAC or the JMF must be provided to the Department of Transportations Bureau of Maintenance and Operations (BOMO) and the District Material Engineer.

**BOMO Contacts:**

Larry Ligon 717-783-5075

Gary Whelan 717-787-6522

**TRANSPORTATION PRICE CHANGE:** Upon a renewal the Commonwealth will adjust (up or down) transportation charges as described below.

Adjustments to pricing will be determined by comparing the OIL PRICE INFORMATION SERVICE (OPIS), PAD 1 REPORT average weekly price on the request date with the contract established base price (listed below). For Part 1 and 2 the percentage value of the price change will be applied to the transportation. For part 3 the percentage value of the price change will be applied to the first mile and per mile contract pricing. If the figure is greater than the base, an upward price change based off the percentage increase will be issued. If the figure is less than the base, a downward price change based off the percentage decrease will be issued.

For example:

The base price is established at \$3.00. At the time of the supplier renewal, the OPIS report average weekly price is \$3.30. Since that reflects a 10% increase, the supplier would receive a 10% increase in the first mile pricing and a 10% in the per mile pricing. DGS will not calculate percentages to decimal values.

All awarded price changes will be posted as change notices to the contract and will be available from the emarketplace website. Effective dates are established in the change notice and should be the date of renewal of the contract(s). All subsequent deliveries will be affected (excluding instances of delinquent delivery).

The price change will be the percentage variance from the base.

The base diesel price and the monthly diesel price are established from the OIL PRICE INFORMATION SERVICE (OPIS), PADD 1 REPORT published weekly except last weeks in June and December by United Communications Group, Bethesda, MD. Telephone (301) 816-8950.

The base price for ULS-No2 diesel under this contract is \$220.37 effective 11/03/2008. Calculated as follows, using OPIS data on the closest Thursday to the release date:

Base Price (cts/gal ULS-No2) = (Harrisburg Avg + Philadelphia Avg + Pittsburgh Avg)/3

The yearly diesel price will use the same formula but with OPIS data.

**NOTE:** All prices are determined by Delivery date.

**INVOICING:** Supplier must submit original invoice with one copy.

Submit a complete invoice. In addition to supplier name and SAP Vendor Number the invoice must contain the following items:

- a) Correct Price. Price should be listed by unit price and JMF (job mix formula)/VAC (Virgin Asphalt Content) adjusted price separately.
- b) Correct Quantity. Do not combine multiple day deliveries on an invoice.
- c) Purchase Order Number.
- d) Purchase Order Line Number.

**The following documentation must be attached to the invoice:**

- a) CS-4171 (Certification of Compliance Form)
- b) C-600 (Plant Mix Price Verification Form)

**Decimals and Rounding:** Decimal places for delivery ticket quantities and invoice quantities must be limited to two places (hundredths). If the third digit is 5 or greater, round to the next highest hundredth digit place. If the third digit is less than 5, round to the next lowest hundredth digit place.

**Adjusting Invoices:** The Commonwealth reserves the right to adjust invoices up or down to facilitate payment. Such adjustments are limited to those instances where the correct amount and the invoice amount are within \$5.00. The amount paid off an adjusted invoice will be considered as paid in full.

**DELIVERY TICKET:** The supplier shall furnish with each shipment an original and one copy of a Certified Delivery Ticket. In cases where computerization requires the supplier to retain the original copy, two (2) copies of the delivery ticket are acceptable, however, stamp or indicate one (1) of the copies "ORIGINAL DUE TO COMPUTERIZED OR AUTOMATIC MACHINE ACCOUNTING."

**ADDITIONAL REQUIREMENTS FOB DESTINATION DEPARTMENT PAVER/WIDENER:** In deliveries to Department paving equipment, no dump trailers are allowed. Suppliers are responsible for having all necessary equipment required compatible with department paving equipment, including but not limited to: pans, spill plates and tailgate chains. Department personnel will control flow regulation at tailgate.

The Department is responsible for reasonable and documented demurrage damages the shippers of the bituminous material charge the suppliers for delays at the delivery location that are clearly the fault of the Department. The supplier shall include with its request for reimbursement for demurrage damages copies of appropriate documentation showing actual delay expense incurred by the supplier. The Department is not responsible for demurrage damages as a result of stacking of trucks at the delivery location or documentable breakdown of Department equipment at the delivery location. Suppliers also are not liable for liquidated damages or other damages for delays in shipment due to documentable supplier equipment and/or plant breakdown.

**SUPPLEMENTAL SOURCE – FOB DESTINATION (DESTINATION/PAVER ONLY):** If a supplier is having difficulty furnishing materials against a Purchase Order from the selected contract source(s), the supplier may request permission from the District Executive to supplement shipments from another Department approved bituminous source in order to honor a Purchase Order. It does not matter if it is a competitor's source. The condition is that regardless of change of source, the Department will pay the lowest delivered cost per ton. i.e. if the supplemental source is closer than the original source mileage is charged from the supplemental source but the mileage rate is the lower of the original source and supplemental source. If a supplier wishes to implement this clause, they must provide material from a source approved prior to the bid opening. No additions or changes to approved sources are made after bid opening for the term of the Contract.

**LIQUIDATED DAMAGES- FOB DESTINATION (DESTINATION/PAVER ONLY):** Suppliers are required to deliver material, upon commencement of delivery, without interruption at a minimum rate or the entire tonnage whichever is less as specific in the Purchase Order. If the supplier is unable to deliver at this rate, the supplier shall be responsible for any financial losses to the Commonwealth for any delay in the delivery of material. This shall include costs incurred by the Commonwealth for manpower and equipment hereby established at any hourly amount of \$500.00 for manpower and equipment on deliveries to Department paver/widener(s). If the delivery rate is lower than the specified rate, the supplier shall pay the Commonwealth as liquidated damages, for each hour the specified tonnage was not delivered, an amount equal to:

For Paver/Widener(s)

$$(1 - \text{Amount Delivered in one hour} / \text{Specified rate per hour}) \times \$500.00$$

For example, if a project requires 100 tons delivered in an hour and the Supplier delivers 75 tons during the hour, the amount of liquidated damages for that hour is \$125.00, calculated as follows:

$$(1 - 75/100) = .25$$

$$.25 \times \$500.00 = \$125.00$$

**COMPLIANCE WITH FEDERAL AND STATE LAWS:** All suppliers shall comply with the federal and state laws and regulations and obtain all federal and state approvals and permits that allow the materials, offered by the supplier, sold and used for the Commonwealth's required use. For addition to the Department's Bulletin #14 and to maintain a listing in Bulletin #14, suppliers of all materials except for naturally occurring materials, bottom coal ash, coke or boiler coal slag are required by the Department to provide the Department with a copy of

A copy of beneficial use permit issued by the Pennsylvania Department of Environmental Resources; or

A copy of the Department of Environmental Resources de-wasting determination; or

A written certification assuring the Department that the material is co-product under the Department of Environmental Resources Residual Waste Management Regulations and/or Hazardous Waste Management Regulations.

Naturally occurring material is defined as virgin material, altered solely by mechanical means. Naturally occurring material includes gravel and stone.

Suppliers who do not comply with the new Bulletin #14 requirements in regard to beneficial use permits, de-wasting determinations, or co-products certification are not added to the list of approved sources or removed from such lists. Bids offering material from sources not on the approved source lists for Bulletin #14 are rejected.

**EMERGENCY CONTACT:** In the event of, and for the duration of, any state of emergency or disaster declared by the Governor, the supplier for any county in which the emergency of disaster is officially declared shall attempt to provide continuous twenty-four hour service as directed by the Commonwealth. For the purpose of maintaining necessary communications and services, the supplier has designated, in the space provided below, a primary and if available, a secondary contact person or title. The supplier guarantees that the persons so designated will be available throughout the emergency.

County	Facility Address	Contact Person(s)	Title	Phone Number(s)

**PART 1- FOB - JOB SPECIFIC - DELIVERY TO DEPARTMENT PAVER/ WIDENER:** Award made to the lowest responsive and responsible bidder based on total price per individual job number. Suppliers must identify the intended approved source of supply for each material bid per job.

The Commonwealth is requesting prices for each individual job number. Suppliers are invited to submit quotes in response to each individual job number in accordance with the guidelines set forth in this document. The Commonwealth intends to award to the lowest responsible bidder by individual job number based on the lowest total cost to the Commonwealth. There is only one award per individual job number.

“INDIVIDUAL JOB NUMBER” – An individual job number requirement with Job #, County, Location, SR, From, To, Minimum Delivery Rates, Material Commodity Code Number, Material Description, Estimated Tonnage, Price/Ton, Total Price, Supplier Code as Listed in Bulletin 41, Highway County Number of Suppliers Plant, Supplier SAP #,. Suppliers may submit a price for each individual job number. Suppliers are not required to submit a quote for all individual job numbers. *(Part 1 - Job Specific Bid Sheet)*

**DELIVERY:** A Contract Purchase Order is issued for each Job Number listed. Suppliers notified of actual delivery dates and working hours on the Purchase Order. All jobs scheduled between April 1, 2009 and October 30, 2009.

Purchase Orders issued at least thirty (30) days prior to the job start date. The Supplier shall commence delivery on the date indicated on the Purchase Order. The supplier may commence delivery earlier if mutually agreed upon with the County Maintenance Manager. The County Maintenance Manager can postpone the delivery time, without liability for demurrage damages, provided notice is given at least 24 hours prior to the scheduled delivery time. Supplier may request revised delivery schedules in writing if postponed by the County Maintenance Manager.

Upon commencement of delivery, the supplier is responsible to deliver material, without interruption at a minimum rate or the entire tonnage whichever is less as specified in the Contract.

If a supplier cannot or does not commence delivery at the Delivery Time, the Department can terminate the order and issue the order to the next most economically feasible supplier available on contract in Part 3 or seek liquidated damages for each hour that the delivery is late. If award is made to another supplier, immediate availability is a factor in the selection process, and the delinquent supplier is responsible for any excess cost to the Commonwealth.

**QUANTITIES:** Quantities are estimates to complete a job. The Department will order additional quantities at the prices bid, if necessary, to complete the job.

**PART 2- FOB - GROUP JOBS - DELIVERY TO DEPARTMENT PAVER/ WIDENER:** Award to the lowest responsive and responsible bidder based on total price per group. Suppliers must identify Supplier Code as Listed in Bulletin 41 for each material bid. Only one award made per group.

Where it is operationally and economically feasible, individual job numbers were grouped together. The difference between the individual job numbers and the grouped job numbers is the way in which the individual job number requirements (Job #, County, Location, SR, From, To, Minimum Delivery Rates, Material Commodity Code Number, Material Description, Estimated Tonnage, Supplier Code as Listed in Bulletin 41, Highway County Number of Suppliers Plant, Supplier SAP #, Price/Ton, Individual Job Price, and Group Total Price) are placed in groups for supplier pricing and award. Suppliers are invited to submit quotes in response to each grouping of jobs in accordance with the grouping structure set forth in this document. The Commonwealth is requiring prices for each individual job number within a group.

The grouping structure on the bid sheet will require suppliers to price each individual job number as those terms are defined below.

“GROUP AWARD” – A group of individual jobs within each County. Suppliers responding to a group award must submit intended source of supply and price for **each individual job number** in the group. Any quote for a group award that contains a bid price of **\$0.00 for any individual job within that group shall cause rejection of that group bid**. If the supplier determines to bid under one cost structure (price adjusted/fixed) then a bid price of \$0.00 will cause rejection of that groups bid. Specific group bids can have both price structures bid but one line item can not be fixed and the next adjustable with in a group bid (*Part 2 - Group Jobs Bid Sheet*)

**DELIVERY:** A Purchase Order is issued for each Group listed. Suppliers are notified of actual delivery dates and working hours on the Purchase Order. All jobs scheduled between April 1, 2009 and October 30, 2009.

Purchase Orders issued at least thirty (30) days prior to the job start date. The Supplier shall commence delivery on the date indicated on the Contract Purchase Order. The supplier may commence delivery earlier if mutually agreed upon with the County Maintenance Manager. The County Maintenance Manager can postpone the delivery time, without liability for demurrage damages, provided notice is given at least 24 hours prior to the scheduled delivery time. Supplier may request revised delivery schedules in writing if postponed by the County Maintenance Manager.

Upon commencement of delivery, the supplier is responsible to deliver material, without interruption at a minimum rate or the entire tonnage whichever is less as specified in the Contract.

If a supplier cannot or does not commence delivery at the Delivery Time, the Department can terminate the order and issue the order to the next most economically feasible supplier available on contract in Part 3 or seek liquidated damages for each hour that the delivery is late. If award is made to another supplier, immediate availability is a factor in the selection process, and the delinquent supplier is responsible for any excess cost to the Commonwealth.

**QUANTITIES:** Quantities are estimates to complete a job. The Department will order additional quantities at the prices bid, if necessary, to complete the job.

**PART 3 - FOB SOURCE AND F.O.B. PAVER/DESTINATION:** The F.O.B. source cost per ton is the price the Department will pay for bituminous materials purchased “FOB source of supply/loaded on department trucks”. A contract award is made to each qualified supplier source bid. After award, the county maintenance manager will issue a Purchase Order, on an as needed basis, for loading material in a department truck. The Department will normally haul material from the source that represents the lowest responsible cost to the department after taking into consideration length of haul and dead haul. However, in some instances, the department may select the most economic source based upon other considerations such as, but not limited to, differences in haul time due to terrain or urban congestion; length of wait at the source; cooling due to length of haul; crew productivity based on truck availability and

haul distance. Details of such transactions are the responsibility of the county maintenance manager, are on file in the county, and are subject to review by any awarded supplier on this contract.  
(Plant Mixed Bituminous F.O.B. Source and F.O.B. Paver/Destination Bid Sheet)

Suppliers are to provide both a fixed cost per ton and a cost per ton which will utilize the Price Adjustment Clause referenced on page 9 of the solicitation. All prices, both fixed and price adjusted will be evaluated to determine which price structure will represent the best value to the Commonwealth. *(Part 3 – Bituminous Plant Mix F.O.B Source and F.O.B. Paver/Destination Bid Sheet)*

**ORDERS GREATER THAN 300 TONS DELIVERED (PART 3 ONLY):** When a quantity greater than 300 tons is needed for delivery and the job was not awarded in Part 1 or Part 2 a Purchase Order is issued that is job specific and contains the following information:

Job, Location, State Route, From/To: Segments-Offsets, Minimum Delivery Rates (tons/hours), Tons/Day, Material Commodity Code, Material Description, Supplier Code as Listed in Bulletin 41, Price per Ton, Discount (where applicable), Total Mileage Rate.

**NOTE:** The County may utilize the 'ADDITIONAL JOBS/GROUP JOBS/MATERIALS' clause (page.3) with orders greater than 300 tons delivered.

**DELIVERY:** The Department may issue an order for tonnage, to take on an uninterrupted basis to completion of the order or an order is issued for tonnages to take over a period of time as a "blanket" order.

If a supplier cannot or does not commence delivery at the Delivery Time, the Department can terminate the order and issue the order to the next most economically feasible supplier available on contract or seek liquidated damages for each hour that the delivery is late. If award is made to another supplier, immediate availability is a factor in the selection process, and the delinquent supplier is responsible for any excess cost to the Commonwealth.

**QUANTITY DISCOUNTS FOR TOTAL TONNAGE:** (Bidders submit Supplier Contract Discount Schedule)

Bidders are not required to offer the following discount schedule in order to receive awards under this contract, however, be advised that supplier discounts (or lack thereof) is a factor of consideration for the Department when selecting the most economically feasible supplier. Suppliers offering discounts for larger tonnages will benefit from a distinct competitive advantage over the bidders who do not offer discounts.

**NOTE:** The asphalt price adjustment (if in effect at the time of delivery) is applied to the contract F.O.B. Source cost/ton prior to the application of any quantity discounts.

Discounts offered as straight percentages of discount to deduct from the base unit price as listed in the contract (Cost/Ton) of the particular bituminous material purchased. No discounts are applied against a supplier's hauling costs. Fractions of percent discount are acceptable up to ONE decimal place only. (For example: 1.5% is acceptable, but 1.75% is not. Discounts going beyond one decimal place are automatically rounded off by the Commonwealth; round up for .5 or greater, round down for less than .5). Discounts applied to source cost for both supplier haul and Department pickup.

Actual discount applied based on actual daily tonnage of combined bituminous materials, either source pickup or delivered, per day.

Actual discount applied based on actual daily tonnage of combined bituminous materials, either source pickup or delivered, per day.

The Department will issue a separate Purchase Order for each Jobsite when requiring delivery to Department Pavers.

Delivery charge for total miles (less the first mile)  
+ (charge for "1st. mile (0-1) " )

---

Total delivery  
Charge per ton  
+ Source cost per ton

---

Total delivered cost per ton (distances over 1 mile)

NOTE: (Refer to MILEAGE for calculations of mileage)

**FOB DESTINATION/DEPARTMENT PAVER:** The County Manager is responsible for issuing Purchase Orders for material needs delivered to any specific geographic locations that are reasonably accessible. The Department will place orders in accordance with estimated needs. Orders are generated to the supplier whose prices represent the lowest total cost to the Department for specific bituminous materials at the time of order (see formulas contained in this proposal). This may include adding jobs to Part 1 or Part 2 of the contract. Material availability, trucking availability, or other related circumstances affecting timely delivery are considerations for supplier selection. Details of such transactions are the responsibility of the County Maintenance Manager, are on file in the County Office, and are subject to review by any awarded supplier on this contract.

Suppliers are not obligated to accept any orders for F.O.B. Destination/Department Paver, with a hauling distance exceeding 75 miles, but may do so at their own discretion.

If more than one type of material is used on the same jobsite, total costs of all combined bituminous materials may be a factor in determining which contract supplier receives the Purchase Order for a given job (group award per project). The Department may award separately or by group whichever is in the best interests of the Commonwealth.

All references to Department Pavers shall include Department Wideners.

**MINIMUM ORDER (FOB SOURCE ONLY):** The minimum order quantity for any one order F.O.B Source is fifteen (15) tons. In addition, the minimum order quantity when using Polymer Modified Asphalt in combination with any item on this contract is 400 tons. Suppliers may accept orders for less than 400 tons, at their own option.

**FOB SOURCE PICKUP IN DEPARTMENT TRUCKS:** Supplier(s) shall ensure availability of materials for loading into the Department's vehicles within 24 hours after receipt of notice from the Department (for 50 tons or less) and within five (5) working days after receipt of notice from the Department for orders which exceed 50 tons. When the supplier commits to provide material, the supplier will provide it no later than one (1) hour after the mutually agreed upon time.

**ADDITIONAL MATERIALS:** Additional materials that are reasonably construed to be within the scope of this contract may be added to the contract through mutual agreement of the supplier the Using Agency, and the Department of General Services contract manager. When a need is identified in a County for an additional material not currently on the contract suppliers on the contract who can service that County will be afforded the opportunity to provide the material. Fair and accepted pricing will be comparable to similar items or the appropriate based line items. In a case of F.O.B. Delivered the contract Suppliers listed Haul Miles will be applied.

**FIRST COME, FIRST SERVE BASIS:** For F.O.B. Source Material, loaded in department trucks served on a first come, first serve basis.

**USE OF RELEASE AGENT:** Awarded suppliers shall allow Department trucks to use their release agent facilities to coat Department truck beds prior to loading, at no additional cost to the Commonwealth.

## **Cooperative Sourcing to Achieve Reductions in Spend (COSTARS) PROGRAM:**

### **COSTARS PROGRAM**

**COSTARS Purchasers.** Section 1902 of the Commonwealth Procurement Code, 62 Pa.C.S. § 1902 (“Section 1902”), authorizes local public procurement units and state-affiliated entities (together, “COSTARS Purchasers”) to participate in Commonwealth procurement contracts that the Department of General Services (“DGS”) may choose to make available to COSTARS Purchasers. DGS has identified this Contract as one suitable for COSTARS Purchaser participation.

- A. Only those COSTARS Purchasers registered with DGS may participate as COSTARS Purchasers in a Commonwealth contract. Several thousand COSTARS Purchasers are currently registered with DGS; therefore, the Supplier agrees to permit only to DGS-registered COSTARS members to make COSTARS purchases from this Contract.
1. A “local public procurement unit” is:
- Any political subdivision;
  - Any public authority;
  - Any tax exempt, nonprofit educational or public health institution or organization;
  - Any nonprofit fire, rescue, or ambulance company; and
  - To the extent provided by law, any other entity, including a council of governments or an area government that expends public for the procurement of supplies, services and construction.
2. A state-affiliated entity is a Commonwealth authority or other Commonwealth entity that is not a Commonwealth agency. The term includes the Pennsylvania Turnpike Commission, the Pennsylvania Housing Finance Agency, the Pennsylvania Municipal Retirement System, the Pennsylvania Infrastructure Investment Authority, the State Public School Building Authority, the Pennsylvania Higher Educational Facilities Authority and the State System of Higher Education.
- B. COSTARS Purchasers have the option to purchase from a Contract awarded under this procurement, from any DGS contract established exclusively for COSTARS Purchasers in accordance with the requirements of Section 1902, from any other cooperative procurement contracts, or from their own procurement contracts established in accordance with the applicable laws governing such procurements. The Supplier understands and acknowledges that there is no guarantee that any prospective COSTARS Purchaser will place an order under this Contract, and that it is within the sole discretion of the registered COSTARS Purchaser whether to procure from this Contract or to use another procurement vehicle.
- C. DGS is acting as a facilitator for COSTARS Purchasers who may wish to purchase under this Contract. Registered COSTARS Purchasers who participate in this Contract and issue purchase orders (“POs”) to Suppliers are third party beneficiaries who have the right to sue and be sued for breach of this contract without joining the Commonwealth or DGS as a party. The Commonwealth will not intervene in any action between a Supplier and a Purchaser unless substantial interests of the Commonwealth are involved.
- D. Registered COSTARS Purchasers electing to participate in this Contract will order items directly from the Supplier and be responsible for payment directly to the Supplier.
- E. The Supplier shall furnish to the DGS COSTARS Program Office a quarterly electronic Contract sales report detailing the previous quarter’s Contract purchasing activity, using the form and in the format prescribed by DGS. The Supplier shall submit its completed quarterly report no later than the fifteenth calendar day of the succeeding Contract quarter.

1. Until such time as DGS may provide the Supplier written notice of automated report filing, the Supplier shall either e-mail the reports to [GS-PACostars@state.pa.us](mailto:GS-PACostars@state.pa.us) or send the reports on compact disc via US Postal Service to the DGS COSTARS Program Office, Bureau of Procurement, 6th Floor Forum Place, 555 Walnut Street, Harrisburg, PA 17101. When DGS has instituted automated reporting, the Supplier shall comply with DGS's written notice and instructions on automated Contract reports. DGS will provide these instructions with sufficient advance time to permit the Supplier to undertake automated reporting.
  2. The Supplier shall include on each report the Supplier's name and address, the Contract number, and the period covered by the report. For each PO received, the Supplier shall include on the report the name of each COSTARS-Registered Purchaser that has used the Contract along with the total dollar volume of sales to the specific Purchaser for the reporting period.
  3. DGS may suspend the Supplier's participation in the COSTARS Program for failure to provide the Quarterly Sales Report within the specified time.
- F. Additional information regarding the COSTARS Program is available on the DGS COSTARS Website at [www.dgs.state.pa.us/costars](http://www.dgs.state.pa.us/costars).
1. If the Supplier is aware of any qualified entity not currently registered and wishing to participate in the COSTARS Program, please refer the potential purchaser to the DGS COSTARS Website at [www.dgs.state.pa.us/costars](http://www.dgs.state.pa.us/costars), where it may register by completing the online registration form and receiving DGS confirmation of its registration. To view a list of currently-registered COSTARS member entities, please visit the COSTARS website.
