Power Extension Cord, Right Angle NEMA 5-15P to NEMA 5-15R - Heavy Duty, 15A, 120V, 14 AWG, 10 ft., Black

MODEL NUMBER: P024-010-15D

10 ft. extension cord with 5-15R and right-angle 5-15P connectors connects your server to a PDU, UPS, surge protector or wall outlet.

Features

Heavy-Duty Extension Cable for Network Devices That Require a Heavy-Gauge Connection

This 10-foot extension cord features 14 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. It can be used to connect a computer, server or other device with a NEMA 5-15P plug to a PDU, UPS system, surge protector or wall outlet with a NEMA 5-15R outlet. The 10-foot length allows you great flexibility in placing equipment with respect to the power outlet.

Right-Angle Plug Makes Connecting in Tight Spaces Easier

The space-saving right-angle NEMA 5-15P connector is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.

Highlights

- Recommended for powering computers, servers and other home/office peripherals
- Right-angle plug allows easier connection in confined or hard-to-reach spaces
- Heavy-duty cord replaces or upgrades standard power cord provided by manufacturer
- 10 ft. length allows great flexibility in placing devices in relationship to AC outlet
- Ideal replacement for worn-out or missing 10 ft. extension cord

Applications

- Connect devices like computers, servers and monitors to a PDU in your data center
- Extend an existing power connection up to 10 ft. to more easily place a device or reach a power source in a rack
- Provide a high-quality replacement for a worn-out or missing power cord

Package Includes

- P024-010-15D Heavy-Duty 10 ft. Extension Cord, Right-Angle NEMA 5-15P to NEMA 5-15R, Black
