Computer Power Cord, NEMA 5-15P to Left Angle C13 - 10A, 125V, 18 AWG, 6 ft., Black

MODEL NUMBER: P006-006-13LA

Computer power cord with left-angled C13 plug allows connection of a PC, monitor or printer in a tight space or at an awkward angle.

Features

Desktop Computer Power Cord Connects PCs, Printers, Monitors and Other Equipment This desktop computer power cord is designed for computers, monitors, scanners, printers and other compatible peripherals. It features a left-angled C13 end for connecting to a device and a 5-15P plug for connecting to an AC power source. The six-foot length allows you some flexibility in placing equipment with respect to the power outlet.

Left-Angle C13 Plug Makes Connecting in Tight Spaces Easier The angled C13 connector makes installations easier in confined spaces, such as the back of a rack enclosure cabinet. When plugged in, the left-angled plug guides the computer power supply cable parallel to your peripheral, allowing you to push the device up against a wall or hide it behind a desk to maximize space.

Highlights

- Left-angle C13 plug allows easier connection in confined or hard-to-reach spaces
- Recommended for powering computers, printers and other compatible peripherals
- Adds 6 ft. to your existing power connection to provide flexibility in placing devices
- Ideal replacement for worn-out or missing computer power cord
- NEMA 5-15P plug connects to AC power; C13 plug connects to device's C14 inlet

Applications

- Connect devices like computers, monitors, scanners and printers to a power outlet up to 6 ft. away in your home office, work space or dorm room
- Extend an existing power connection up to 6 ft. to more easily place a device or reach a power source away from your workstation
- Provide a high-quality replacement for a worn-out or missing power cord
- Power a device located in a hard-to-access area behind a desk or flush against a wall

Package Includes

- P006-006-13LA NEMA 5-15P to Left-Angle C13 Power Extension Cable, 6 ft., Black
