

United States Department of Agriculture

National Forest Imagery Catalog collection at the

USDA - Farm Service Agency  
Aerial Photography Field Office (APFO)  
2222 West 2300 South  
Salt Lake City, UT 84119-2020

(801) 844-2922 - Customer Service Section  
(801) 956-3653 - Fax  
(801) 956-3654 - TDD

[apfo.sales@slc.usda.gov](mailto:apfo.sales@slc.usda.gov)  
<http://www.apfo.usda.gov>

This catalog listing shows the various photographic coverages used by the U.S. Department of Agriculture and archived at the Aerial Photography Field Office. This catalog references U.S. Forest Service (FS) and other agencies imagery. For imagery prior to 1955, please contact the National Archives & Records Administration:

Cartographic & Architectural Reference (NWCS-Cartographic)  
Aerial Photographs Team

<http://www.archives.gov/research/order/maps.html#contact>

Coverage of U.S. Forest Service photography is listed alphabetically for each forest within a region. Numeric and alpha codes used to identify FS projects are determined by the Forest Service. The original film type for most of this imagery is a natural color negative.

Line indexes are available for most projects. The number of index sheets required to cover a project area is shown on the listing. Please reference the remarks column, which may identify a larger or smaller project area than the National Forest area defined in the header.

Offered in the catalog listing at each National Forest heading is a link to locate the Regional and National Forest office address and phone number at:

<http://www.fs.fed.us/intro/directory>

You may wish to visit the National Forest office to view the current imagery and have them assist you in identifying aerial imagery from the APFO.

You may also refer to our order form and price list at:

Glossary of Terms:

%COV The percentage of the area or project covered. Please pay particular attention to the remarks column for additional information regarding the coverage area.

YEAR The majority year the source imagery was obtained.

SCL Representative scale of the photography.  
example: 15840 = 1:15,840

FILM Original Film Type  
BW = Black and White (Generally a negative film base).  
BIRN = Black and White Infrared Negative  
CP = Color Positive  
CN = Color Negative  
CIRP = Color Infrared Positive  
CIRN = Color Infrared Negative

INDEX Index Format(s)  
DI = Digital Index\*  
LI = Line Index\*  
SI = Spot Index\*  
PI = Photo Index - A mosaic assembly of prints covering the program area.

\* A detailed line map indicating roll and exposures needed for coverage of the area.

QTY Index Quantity - The number listed indicates the number of sheets available for the program area  
RE = See REMARK for index quantity

PROJECT The code used to identify a project area.

REMARKS BLK = More than one project area grouped to form a larger block.  
RD = Ranger District (within a National Forest).  
NF = National Forest (within a larger administrative area).  
W/ = With (another project area or National Forest).  
AREA = A smaller project area within the National Forest.  
IR = Indian Reservation (project area).
