PROGRAMME

- Transform paper into searchable PDF files
- Scan document batches duplex at 36 ipm
- Process business cards up to A3 size documents
- "Quick Menu" target selection

FUJITSU

THE POSSIBILITIES ARE INFINITE

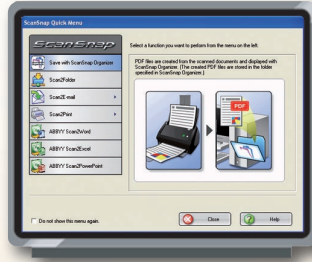

Accelerated scanned data use with S510's new Microsoft® Office linkage function **NEW**

Benefits include:

"One touch" operability

- Easy to use "Quick Menu" function
- S510 users can easily attach scanned images to e-mail messages and use this scanner in place of a photocopier to duplicate paper documents.
- Editable images can be created by scanning directly to Microsoft® Word, Excel and PowerPoint files.

Use the organiser function with your preferred document settings

As simple as a

How can we help?
Perfect office equipment for document capture built into a single device. High resolution of documents, instant color technology, keyboard®, rubber scanners are state-of-the-art. We have exactly the solutions that suit your office needs.

Scanning paper fast and easy.
ScanSnap S510 is a complete desktop solution that makes scanning as simple as a click. The Smart Scan and Review to create a genuine Adobe PDF file and then directly to the application. It's the only scanner that scans the electronic files instantly created by the Quick Menu. ScanSnap S510 will automatically scan, store and save pages. Identify other content and flip pages back up. Additionally, document content is on-hand for instant, on-line access.

Find out all about the new ScanSnap S510 on our website.

50 Sheets

150 to 600 dpi

Simple and Compact!

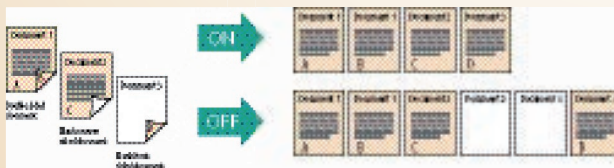

Digitises large volumes of office documents

The S510 enables users to easily reduce paper storage space, locate important documents and create data that can be used for multiple applications by storing scanned data in a computer.

Shows images as they are meant to be seen. The S510 automatically eliminates blank pages while deskewing and showing images in their proper orientation.

Blank page detection

A S510 sitting next to a notebook

Auto deskew and auto orientation

Scans everything from business cards to A3 sized documents

Auto-size detection

Users can simultaneously scan multi-page documents containing paper of different sizes.
