

JTouch Interactive Displays

Touchscreens that enhance collaboration & captivate audiences

JTouch Interactive Display

Connecting the HD JTouch touchscreen display to your notebook creates a bright, colorful touch computing experience that engages audiences in classrooms and beyond. It's the group-work device that fits your meeting room and your budget.

Key Features

- Giant, high resolution touch display for a great price
- Incredibly sharp 4K resolution on 80-inch model
- 70-inch and 57-inch models offer bright, vivid 1080p HD resolution
- Run all your apps, even the older ones, with touch
- Accurate and responsive touch overlay with multi-touch capability

Full Touch Control

Display your PC, Mac, or Chromebook via HDMI or VGA & control it from the display via touch using a USB cable.

- Extend the reach of your computer's USB ports with easily-accessible USB ports on the display
- No calibration or special stylus means it's quick and easy to use with just your fingertips.

High Brightness and HD Clarity

JTouch helps you get your message across and connect with your audience with incredible brightness, color and clarity. With 1080p (57" & 70") and 4K (80") HD resolution, your images, text and video will be seen and enjoyed even in large spaces with high ambient light.

Display	INF5701 / INF5701p	INF7001a / INF7001aAG / INF7001ap / INF7001aAGp	INF8002*
Size	57" Diagonal	70" Diagonal	80" Diagonal
Resolution	Full HD (1920 x 1080)		4K (3840 x 2160)
Anti-Glare	N/A	In select models (INF7001aAG / INF7001aAGp)	Yes & Gorilla Glass
Computer Touch Compatibility	Windows, Mac, Chromebook		
Touch Technology	IR		

*North America Only

With Whiteboard

Stop taking photos of your old dry-erase board & step up to a digital whiteboard. You'll never lose an idea & your meetings will be more efficient & productive.

Key Features

- Built-in, full-featured digital whiteboard
- 40-inch and 65-inch 1080p HD display with multi-touch
- Incredibly sharp 4K resolution on 70-inch model

Draw, Write, & Capture Notes

- Save whiteboard notes electronically
- Create a whiteboard on a multi-screen canvas, with room for free-form drawings, diagrams, and notes
- Use it with fingers or a stylus
- Write or draw with complete collection of digital pens, highlighters, shapes, lines and colors
- Paste images on whiteboard
- No calibration required
- No lamps or filter to replace

Projected Capacitive Touch (PCAP)

The ultra-responsive and sleek bezel-less technology found in tablets and smart phones is now in most JTouch Whiteboard models. Get more touch points for fingers, styluses and even medical-grade gloves.

Available in INF4030, INF4030p, INF6502WB, INF6502WBp, INF6502WBAG, INF6502WBAGp, and INF7002WB models.

BigNote Whiteboard Software

Add BigNote to your Windows device and your basic JTouch becomes a full-function interactive whiteboard. (INS-BIGNOTE)

Applies to: INF5701, INF5701p, INF7001a, INF7001ap, INF7001aAG, INF7001aAGp, INF8002 models

“Overall the JTouch is a jack of all interactive trades – it has the ability to draw in a rainbow of colors, display smooth video and let you connect without needing a new app.”

–Brian Nadel, Computerworld

With Wireless Collaboration

Enhance your presentation, teamwork, and content sharing capabilities with wireless connectivity.

Key Features

- 40-inch or 65-inch 1080p display with multi-touch interactivity
- Connect mobile devices and share content wirelessly with included LiteShow 4 and LightCast functionality
- Access the Internet with the built-in web browser
- Built-in, full-featured digital whiteboard

Wireless Collaboration

JTouch with Wireless Collaboration models ship with the LiteShow 4 wireless presentation adapter and LightCast Key. Together they let you easily connect and share content from nearly any computer or mobile device. You'll make meetings, lessons and teamwork more efficient, engaging and easy.

- Cast content with AirPlay or Miracast, or via Chrome browser extension
- Connect via free mobile apps and utilize extra features:
 - Annotate from a smartphone or tablet
 - Built-in support for cloud drive services
 - Use your device's camera as a document camera
- QuadView shows content from four devices simultaneously
- The Moderator feature lets you control devices and choose which to display
- The Follow feature lets people view your presentation content from their own device
- On-board video decoding displays HD video seamlessly
- Connect to your network to create a new, secure wireless access point

Browse the Web

Access your favorite online content from the JTouch with Wireless Collaboration without a connected computer.

- Quickly access the web, curriculum, and file sharing platforms
- Easy access to favorites/bookmarks
- Connect the display to your network via LAN or WiFi

“I use my iPad to cast live camera feed of what students have created to the JTouch.

–Mrs. Joy, 5th Grade School Teacher

LiteShow 4

Add wireless capabilities to basic JTouch models with the optional LiteShow 4 adapter, and make them even more versatile. (INLITESHOW4)

Applies to: INF5701, INF5701p, INF7001a, INF7001ap, INF7001aAG, INF7001aAGp, INF8002 models

Accessories for JTouch Displays

Mobile Carts

- Move your JTouch around the room or around the building
- Integrated cable management with flexible covers to hide cables for a clean installation
- Smooth rolling casters for effortless positioning (2 locking casters)
- Height adjustment 4-6' (1.2-1.8 m)

Swivel Mount For 40-inch

Attach this heavy-duty mount to the 40-inch Floor Stand to rotate the JTouch display between portrait and landscape orientations.

- Up to 12 degrees of smooth pivot adjustment in any direction
- Includes 200x200 VESA adapter plate and tilt adapters that allow an additional 10 degrees of tilt
- Weight capacity: 50 lbs (22.7 kg)
- Black finish

Floor Stand For 40-inch

Easily display a 40-inch JTouch or other small thin display with this sturdy floor stand. Stabilizers prevent wobbling when using the touch screen.

- Three mounting heights
- Add optional swivel mount to rotate between portrait and landscape orientations
- Height adjustment: 4' - 6' (1.2 - 1.8 m)
- 200 x 200 VESA mounting pattern

Other Room Solutions

Thunder Speakerphone

Collaborate efficiently with clear conversations even when people are across a large room

- Full duplex capabilities with echo cancellation and noise reduction for natural, productive conversations
- Connect via USB cable, 2.5mm audio cable or Bluetooth, or use with PC-based software
- Powered by 5V DC power adapter (included)
- Four microphones and 3-inch speaker driver for full audio coverage in a room up to 600 sq. ft. (larger with optional Mic Pods)
- Mute, volume, on-hook, off-hook and Bluetooth controls with
- Cable management for clean wire exit from the side or back
- VoiceAware microphone array with intelligent adaptive pickup

Lift Case

Easily store, transport, and use a 40", 55", 57", 65", or 70" flat screen display. Set up displays with only one or two people and be ready for use in less than 5 minutes.

- Full range of viewing heights
- Mounted multi-outlet surge protected power strip
- Shock-mounted lift mechanism
- Pivoting mount on 40" case enables portrait or landscape 40-inch display
- Integrated cable management system
- 2-piece clamshell locking lid
- Stable, yet portable with four heavy duty casters

LiteShow 4

Add the InFocus LiteShow 4 wireless presentation adapter to any display with a VGA or HDMI input to quickly and easily share data, audio, and HD video over a secure wireless connection (Comes standard with all CB models).

- Connect LiteShow 4 to your network to create a new, secure wireless access point
- On-board video decoding for fast, smooth playback
- Guests quickly connect with LiteShow USB drive
- Compatible with Windows 7, 8 & 10, Mac & iOS and Android mobile devices
- Connect and display multiple computers at the same time

LightCast Key

Plug this USB wireless adapter into your wireless-ready 40 or 65-inch JTouch Whiteboard display to enable its LightCast features, such as wireless screen sharing, web browser, and wired LAN connectivity (Comes standard with all CB models).

- Cast your device's screen wirelessly to the display via MiraCast (on most Windows and Android devices) or Airplay (Apple devices)
- Turn on the display's web browser capabilities and enhance its built-in whiteboard capabilities
- Enable a network connection for easy sign management

RealCam PTZ Camera with Shelf

Add the InFocus RealCam pan/tilt/zoom (PTZ) professional-quality HD camera to any PC to make your video meetings or events shine.

- True high definition 1080p resolution
- Pan, tilt and zoom using the included remote control
- Integrated 72.5-degree wide-angle lens
- Connect to any PC via USB 2.0
- HD-SDI and DVI-I outputs also available
- Use seamlessly with any software running on any OS
- Pan angle of -170 to +170 degrees
- Tilt angle of -30 to +90 degrees
- Power adapter required (not supplied)
