Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16.....	as of January 1
Title 17 through Title 27	as of April 1
Title 28 through Title 41	as of July 1
Title 42 through Title 50.....	as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2001), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.

Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1986, consult either the List of CFR Sections Affected, 1949-1963, 1964-1972, or 1973-1985, published in seven separate volumes. For the period beginning January 1, 1986, a "List of CFR Sections Affected" is published at the end of each CFR volume.

INCORPORATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

- (a) The incorporation will substantially reduce the volume of material published in the Federal Register.
- (b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.
- (c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

Properly approved incorporations by reference in this volume are listed in the Finding Aids at the end of this volume.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed in the Finding Aids of this volume as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, Washington DC 20408, or call (202) 523-4534.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I). A list of CFR titles, chapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of "Title 3—The President" is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

§ 200.1 General statement and statutory authority.

The Securities and Exchange Commission was created in 1934 under the Securities Exchange Act. That Act transferred to the Commission the administration of the Securities Act of 1933, formerly administered by the Federal Trade Commission. Subsequent laws assigned to the Securities and Exchange Commission for administration are: Public Utility Holding Company Act of 1935, Trust Indenture Act of 1939, Investment Company Act of 1940, and Investment Advisers Act of 1940. In addition, under the Bankruptcy Code, the Commission is a statutory party in cases arising under chapters 9 and 11. Considered together, the laws administered by the Commission provided for the following.

(a) Public disclosure of pertinent facts concerning public offerings of securities and securities listed on national securities exchanges and certain securities traded in the over-the-counter markets.

(b) Enforcement of disclosure requirements in the soliciting of proxies for meetings of security holders by companies whose securities are registered pursuant to section 12 of the Securities Exchange Act of 1934, public utility holding companies, and their subsidiaries and investment companies.

§ 200.2

17 CFR Ch. II (4-1-01 Edition)

(c) Regulation of the trading in securities on national securities exchanges and in the over-the-counter markets.

(d) Investigation of securities frauds, manipulations, and other violations, and the imposition and enforcement of legal sanctions therefor.

(e) Registration, and the regulation of certain activities, of brokers, dealers and investment advisers.

(f) Supervision of the activities of mutual funds and other investment companies.

(g) Administration of statutory standards governing protective and other provisions of trust indentures under which debt securities are sold to the public.

(h) Regulation of the purchase and sale of securities, utility properties, and other assets by registered public utility holding companies and their electric and gas utility subsidiaries; enforcement of statutory standards for public utility holding company system simplification and integration; and approval of their reorganization, mergers and consolidations.

(i) Protection of the interests of public investors involved in bankruptcy reorganization cases and in bankruptcy cases involving the adjustment of debts of a municipality.

(j) Administrative sanctions, injunctive remedies, civil money penalties and criminal prosecution. There are also private rights of action for investors injured by violations of the Acts.

§ 200.2 Statutory functions.

Following are brief descriptions of the Commission's functions under each of the statutes it administers:

(a) *Securities Act of 1933*. (1) Issuers of securities making public offerings for sale in interstate commerce or through the mails, directly or by others on their behalf, are required to file with the Commission registration statements containing financial and other pertinent data about the issuer and the offering. A similar requirement is provided with respect to such public offerings on behalf of a controlling person

of the issuer. Unless a registration statement is in effect with respect to such securities, it is unlawful to sell the securities in interstate commerce or through the mails. (There are certain limited exemptions, such as government securities, non-public offerings, and intrastate offerings.) The effectiveness of a registration statement may be refused or suspended after a hearing if the statement contains material misstatements or omissions, thus barring sale of the securities until it is appropriately amended. Registration is not a finding by the Commission as to the accuracy of the facts disclosed; and it is unlawful so to represent. Moreover, registration of securities does not imply approval of the issue by the Commission or insure investors against loss in their purchase, but serves rather to provide information upon which investors may make an informed and realistic evaluation of the worth of the securities.

(2) Persons responsible for filing false information with the Commission subject themselves to the risk of fine or imprisonment or both; and the issuing company, its directors, officers, and the underwriters and dealers and others may be liable in damages to purchasers of registered securities if the disclosures in the registration statements and prospectus are materially defective. Also the statute contains antifraud provisions which apply generally to the sale of securities, whether or not registered.

(b) *Securities Exchange Act of 1934*. This Act requires the filing of registration applications and annual and other reports with national securities exchanges and the Commission, by companies whose securities are listed on the exchanges. Annual and other reports must be filed also by certain companies whose securities are traded on the over-the-counter markets. These must contain financial and other data prescribed by the Commission for the information of investors. Material misstatements or omissions are grounds for suspension or withdrawal of the security from exchange trading. This Act makes unlawful any solicitation of proxies, authorizations, or consents in contravention of Commission rules. These rules require disclosure of

Securities and Exchange Commission

§ 200.2

information about the subject of the solicitation to security holders. The Act requires disclosure of the holdings and the transactions by an officer, director, or beneficial owner of over 10 percent of any class of equity security of certain companies. It also requires disclosure of the beneficial owners of more than five percent of any class of equity securities of a registered company. It provides substantive and procedural protection to security holders in third-party and issuer tender offers. The Act also provides for the registration with, and regulation by, the Commission of national securities exchanges, brokers or dealers engaged in an over-the-counter securities business, and national associations of such brokers or dealers. It gives the Commission rulemaking power with respect to short sales, stabilizing, floor trading activities of specialists and odd-lot dealers, and such matters as excessive trading by exchange members. The Act authorizes the Board of Governors of the Federal Reserve System to prescribe minimum margin requirements for listed securities.

(c) *Public Utility Holding Company Act of 1935.* This Act authorizes the Commission to regulate gas and electric public-utility holding companies under standards prescribed for the protection of the public interest and the interest of investors and consumers. The Act generally limits a public-utility holding company to a single integrated public-utility system, and requires simple corporate and capital structures. If not exempt, a public-utility holding company must register with the Commission. Generally, a registered holding company must obtain Commission approval before it can issue and sell securities, acquire utility securities or assets or any other interest in any business, or enter into transactions with its affiliates. It must also comply with extensive reporting and record-keeping requirements. Although largely free of these requirements, an exempt holding company remains subject to the geographic limitations of the Act. The Act permits the acquisition of interests in "exempt wholesale generators" and "foreign utility companies" unrelated to a system's utility operations.

(d) *Trust Indenture Act of 1939.* This Act safeguards the interests of purchasers of publicly-offered debt securities issued under trust indentures by requiring the inclusion of certain protective provisions in, and the exclusion of certain types of exculpatory clauses from, trust indentures. The Act also requires that an independent indenture trustee represent the debtors by proscribing certain relationships that could conflict with proper exercise of duties.

(e) *Investment Company Act of 1940.* This Act establishes a comprehensive regulatory framework for investment companies and subjects their activities to regulation under standards prescribed for the protection of investors. Among other things, the Act provides for the registration of investment companies with the Commission; requires them to disclose their financial condition and investment policies to their shareholders; prohibits them from substantially changing investment policies without shareholder approval; bars persons guilty of securities fraud from serving as officers or directors; prevents underwriters, investment bankers, or brokers from constituting more than a minority of the directors of an investment company; requires that management contracts be submitted to shareholders for their approval; prohibits transactions between investment companies and their directors, officers, or affiliated companies or persons, except when approved by the Commission; and prohibits investment companies from issuing senior securities except under specified terms and conditions. The Act also regulates advisory fees, sales and repurchases of securities, exchange offers, and other activities of investment companies. The Act authorizes the Commission to exempt any person or class of persons or securities from any provisions of, or rules under, the Act and to conduct any investigation it deems necessary to determine existing or potential violations of the Act. It also authorizes the Commission to prepare reports to security holders on the fairness of plans of reorganization, merger, or consolidation. The Commission may institute a court action to enjoin acts or practices of management involving, among other

§ 200.10

things, a breach of fiduciary duty and the consummation of plans of reorganization, merger, or consolidation that are grossly unfair to security holders.

(f) *Investment Advisers Act of 1940*. Persons who, for compensation, engage in the business of advising others with respect to their security transactions must register with the Commission. Their activities in the conduct of such business are subject to standards of the act which make unlawful those practices which constitute fraud or deceit and which require, among other things, disclosure of any interests they may have in transactions executed for clients. The Act grants to the Commission rule-making power with respect to fraudulent and other activities of investment advisers.

(g) *Chapter 11 of the Bankruptcy Code*. Chapter 11 of the Bankruptcy Code (11 U.S.C. 1101 *et seq.*) provides for Commission participation as a statutory party in reorganization cases. Under section 1109(a) of the Bankruptcy Code (11 U.S.C. 1109(a)), which also applies to Chapter 9 cases regarding municipalities, the Commission “may raise and may appear and be heard on any issue in the case.”

After consideration of a staff recommendation for initiation by order of a nonpublic formal investigative proceeding, the duty officer shall forthwith report his or her action thereon to the Secretary.

(3) In any consideration of Commission business by a duty officer, the provisions of subpart I herein, § 200.400 *et seq.*, shall not apply, whether or not the duty officer, in exercising his or her authority, consults with, or seeks the advice of, other members of the Commission individually.

(c) *Commission affirmation of duty officer action.* (1) Any action authorized by a duty officer pursuant to § 200.43(a) shall be either (i) circulated to the members of the Commission for affirmation pursuant to § 200.42; or (ii) scheduled for affirmation at a Commission meeting at the earliest practicable date consistent with the procedures in subpart I.

(2)(i) The Commission may, in its discretion, at any time review any unaffirmed action taken by a duty officer, either upon its own initiative or upon the petition of any person affected thereby. The vote of any one member of the Commission, including the duty officer, shall be sufficient to bring any such unaffirmed action taken by a duty officer before the Commission for review.

(ii) A person or party adversely affected by any unaffirmed action taken by a duty officer shall be entitled to seek review by the Commission of the duty officer's unaffirmed actions, but only in the event that the unaffirmed action by the duty officer (A) denies any request for action pursuant to sections 8(a) or 8(c) of the Securities Act of 1933, or the first sentence of section 12(d) of the Securities Exchange Act of 1934; (B) suspends trading in a security pursuant to section 12(k) of the Securities Exchange Act of 1934; or (C) is pursuant to any provision of the Securities

(3) Affirmed or unaffirmed action taken by the duty officer shall be deemed to be, for all purposes, the action of the Commission unless and until the Commission directs otherwise. Rule 26 of the Commission's rules of practice, 17 CFR 201.26, shall not apply to duty officer action.

§ 200.50 Authority.

The Canons of Ethics for Members of the Securities and Exchange Commission were approved by the Commission on July 22, 1958.

§ 200.51 Policy.

It is characteristic of the administrative process that the Members of the Commission and their place in public opinion are affected by the advice and conduct of the staff, particularly the professional and executive employees. It shall be the policy of the Commission to require that employees bear in mind the principles specified in the Canons.

§ 200.52 Copies of the Canons.

The Canons have been distributed to employees of the Commission. In addition, executive and professional employees are issued copies of the Canons upon entrance on duty.

Securities and Exchange Commission

§ 200.58

§ 200.53 Preamble.

(a) Members of the Securities and Exchange Commission are entrusted by various enactments of the Congress with powers and duties of great social and economic significance to the American people. It is their task to regulate varied aspects of the American economy, within the limits prescribed by Congress, to insure that our private enterprise system serves the welfare of all citizens. Their success in this endeavor is a bulwark against possible abuses and injustice which, if left unchecked, might jeopardize the strength of our economic institutions.

(b) It is imperative that the members of this Commission continue to conduct themselves in their official and personal relationships in a manner which commands the respect and confidence of their fellow citizens. Members of this Commission shall continue to be mindful of, and strictly abide by, the standards of personal conduct set forth in its regulation regarding Conduct of Members and Employees and Former Members and Employees of the Commission, which is set forth in subpart M of this part 200, most of which has been in effect for many years, and which was originally codified in 1953.

(c) However, in addition to the continued observance of those principles of personal conduct, it is fitting and proper for the members of the Commission to restate and resubscribe to the standards of conduct applicable to its executive, legislative and judicial responsibilities.

[25 FR 6725, July 15, 1960, as amended at 31 FR 13533, Oct. 20, 1966]

§ 200.54 Constitutional obligations.

The members of this Commission have undertaken in their oaths of office to support the Federal Constitution. Insofar as the enactments of the Congress impose executive duties upon the members, they must faithfully execute the laws which they are charged with administering. Members shall also carefully guard against any infringement of the constitutional rights, privileges, or immunities of those who are subject to regulation by this Commission.

§ 200.55 Statutory obligations.

In administering the law, members of this Commission should vigorously enforce compliance with the law by all persons affected thereby. In the exercise of the rulemaking powers delegated this Commission by the Congress, members should always be concerned that the rulemaking power be confined to the proper limits of the law and be consistent with the statutory purposes expressed by the Congress. In the exercise of their judicial functions, members shall honestly, fairly and impartially determine the rights of all persons under the law.

§ 200.56 Personal conduct.

Appointment to the office of member of this Commission is a high honor and requires that the conduct of a member, not only in the performance of the duties of his office but also in his everyday life, should be beyond reproach.

§ 200.57 Relationships with other members.

Each member should recognize that his conscience and those of other members are distinct entities and that differing shades of opinion should be anticipated. The free expression of opinion is a safeguard against the domination of this Commission by less than a majority, and is a keystone of the commission type of administration. However, a member should never permit his personal opinion so to conflict with the opinion of another member as to develop animosity or unfriendliness in the Commission, and every effort should be made to promote solidarity of conclusion.

§ 200.58 Maintenance of independence.

This Commission has been established to administer laws enacted by the Congress. Its members are appointed by the President by and with the advice and consent of the Senate to serve terms as provided by law. However, under the law, this is an independent Agency, and in performing their duties, members should exhibit a spirit of firm independence and reject any effort by representatives of the executive or legislative branches of the government to affect their independent

§ 200.59

determination of any matter being considered by this Commission. A member should not be swayed by partisan demands, public clamor or considerations of personal popularity or notoriety; so also he should be above fear of unjust criticism by anyone.

§ 200.59 Relationship with persons subject to regulation.

In all matters before him, a member should administer the law without regard to any personality involved, and with regard only to the issues. Members should not become indebted in any way to persons who are or may become subject to their jurisdiction. No member should accept loans, presents or favors of undue value from persons who are regulated or who represent those who are regulated. In performing their judicial functions, members should avoid discussion of a matter with any person outside this Commission and its staff while that matter is pending. In the performance of his rule-making and administrative functions, a member has a duty to solicit the views of interested persons. Care must be taken by a member in his relationship with persons within or outside of the Commission to separate the judicial and the rule-making functions and to observe the liberties of discussion respectively appropriate. Insofar as it is consistent with the dignity of his official position, he should maintain contact with the persons outside the agency who may be affected by his rule-making functions, but he should not accept unreasonable or lavish hospitality in so doing.

§ 200.60 Qualification to participate in particular matters.

The question in a particular matter rests with that individual member. Each member should weigh carefully the question of his qualification with respect to any matter wherein he or any relatives or former business associates or clients are involved. He should disqualify himself in the event he obtained knowledge prior to becoming a member of the facts at issue before him in a quasi-judicial proceeding, or in other types of proceeding in any matter involving parties in whom he has any interest or relationship directly or

17 CFR Ch. II (4-1-01 Edition)

indirectly. If an interested person suggests that a member should disqualify himself in a particular matter because of bias or prejudice, the member shall be the judge of his own qualification.

§ 200.61 Impressions of influence.

A member should not, by his conduct, permit the impression to prevail that any person can improperly influence him, that any person unduly enjoys his favor or that he is affected in any way by the rank, position, prestige, or affluence of any person.

§ 200.62 Ex parte communications.

All proceedings required to be determined by the Commission on the record shall be determined by the members solely upon the record and the arguments of the parties or their counsel properly made in the regular course of such proceeding. A member shall at all times comply with the Commission's Code of Behavior governing ex parte communications between persons outside the Commission and decisional employees, § 200.110 *et seq.*

[28 FR 4446, May 3, 1963]

§ 200.63 Commission opinions.

The opinions of the Commission should state the reasons for the action taken and contain a clear showing that no serious argument of counsel has been disregarded or overlooked. In such manner, a member shows a full understanding of the matter before him, avoids the suspicion of arbitrary conclusion, promotes confidence in his intellectual integrity and may contribute some useful precedent to the growth of the law. A member should be guided in his decisions by a deep regard for the integrity of the system of law which he administers. He should recall that he is not a repository of arbitrary power, but is acting on behalf of the public under the sanction of the law.

§ 200.64 Judicial review.

The Congress has provided for review by the courts of the decisions and orders by this Commission. Members should recognize that their obligation to preserve the sanctity of the laws administered by them requires that they

Securities and Exchange Commission

§ 200.71

pursue and prosecute, vigorously and diligently but at the same time fairly and impartially and with dignity, all matters which they or others take to the courts for judicial review.

§ 200.65 Legislative proposals.

Members must recognize that the changing conditions in a volatile economy may require that they bring to the attention of the Congress proposals to amend, modify or repeal the laws administered by them. They should urge the Congress, whenever necessary, to effect such amendment, modification or repeal of particular parts of the statutes which they administer. In any action a member's motivation should be the common weal and not the particular interests of any particular group.

§ 200.66 Investigations.

The power to investigate carries with it the power to defame and destroy. In determining to exercise their investigatory power, members should concern themselves only with the facts known to them and the reasonable inferences from those facts. A member should never suggest, vote for, or participate in an investigation aimed at a particular individual for reasons of animus, prejudice or vindictiveness. The requirements of the particular case alone should induce the exercise of the investigatory power, and no public pronouncement of the pendency of such an investigation should be made in the absence of reasonable evidence that the law has been violated and that the public welfare demand it.

§ 200.67 Power to adopt rules.

In exercising its rule-making power, this Commission performs a legislative function. The delegation of this power by the Congress imposes the obligation upon the members to adopt rules necessary to effectuate the stated policies of the statute in the interest of all of the people. Care should be taken to avoid the adoption of rules which seek to extend the power of the Commission beyond proper statutory limits. Its rules should never tend to stifle or discourage legitimate business enterprises or activities, nor should they be interpreted so as unduly and unnecessarily

to burden those regulated with onerous obligations. On the other hand, the very statutory enactments evidence the need for regulation, and the necessary rules should be adopted or modifications made or rules should be repealed as changing requirements demand without fear or favor.

§ 200.68 Promptness.

Each member should promptly perform the duties with which he is charged by the statutes. The Commission should evaluate continuously its practices and procedures to assure that it promptly disposes of all matters affecting the rights of those regulated. This is particularly desirable in quasi-judicial proceedings. While avoiding arbitrary action in unreasonably or unjustly forcing matters to trial, members should endeavor to hold counsel to a proper appreciation of their duties to the public, their clients and others who are interested. Requests for continuances of matters should be determined in a manner consistent with this policy.

§ 200.69 Conduct toward parties and their counsel.

Members should be temperate, attentive, patient and impartial when hearing the arguments of parties or their counsel. Members should not condone unprofessional conduct by attorneys in their representation of parties. The Commission should continuously assure that its staff follows the same principles in their relationships with parties and counsel.

§ 200.70 Business promotions.

A member must not engage in any other business, employment or vocation while in office, nor may he ever use the power of his office or the influence of his name to promote the business interests of others.

§ 200.71 Fiduciary relationships.

A member should avoid service as a fiduciary if it would interfere or seem to interfere with the proper performance of his duties, or if the interests of those represented require investments in enterprises which are involved in questions to be determined by him.

§ 200.72

Such relationships would include trustees, executors, corporate directors, and the like.

§ 200.72 Supervision of internal organization.

Members and particularly the Chairman of the Commission should scrutinize continuously its internal organization in order to assure that such organization handles all matters before it efficiently and expeditiously, while recognizing that changing times bring changing emphasis in the administration of the laws.

Copying machines, which are available to requesters on a self-service or contractor-operated basis, can be used to make immediate copies up to 8½×11 inches in size of materials that are available for inspection in the Washington, DC, Northeast and Midwest Regional Offices. Fees and levels of service are set out in the Commission's schedule of fees in appendix E to this section and in information available from the public reference room. (2) *Public reference inquiries.* Inquiries concerning the nature and extent of records available at the Commission's public reference room in Washington or at its other public reference facilities may be made in person or in writing. The addresses of all Commission Regional and District Offices are set forth at paragraph (c)(1) of this section. Written inquiries may be addressed to the Securities and Exchange Commission, Public Reference Branch, 450 Fifth Street, NW., Washington, DC 20549.

(3) Electronic filings made through the Electronic Data Gathering, Analysis, and Retrieval system are publicly available through the Commission's Web site (<http://www.sec.gov>).

(d) *Requests for Commission records and copies thereof*—(1) *Time and place of requests for access to Commission records.* Requests for access to records available through the Commission's public reference facilities may be made in person during normal business hours at those facilities or by mail directed to the Public Reference Branch, Securities and Exchange Commission, Washington, DC 20549. In addition, access to agency records not available in the public reference facilities may be requested pursuant to the Freedom of Information Act. Such requests must be in writing, should be clearly and prominently identified by a legend on the first page, such as "Freedom of Information Act Request", and should be addressed to the Freedom of Information Act Officer, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413. The request may also be made by facsimile (703-914-1149) or by Internet (foia/pa@sec.gov).

(2) *Requests for copies of records.* Requests for copies of Commission records available through the Commission's public reference facilities, including those listed in appendix A to

this section, may be made directly to the appropriate facility either in person or by mail addressed to the Securities and Exchange Commission, Public Reference Branch, Washington, DC 20549. Levels of service and charges for copies are set out in the Commission's schedule of fees in appendix E to this section. Requests for copies of materials to which access has been granted pursuant to a Freedom of Information Act request will be processed pursuant to regulations found in this section in paragraphs (e)(9) and (e)(10) and at charges set out in appendix E to this section.

(3) *Description of requested records.* Each request for Commission records or copies thereof shall reasonably describe the records sought with sufficient specificity with respect to names, dates and subject matter to permit the records to be located among the records maintained by or for the Commission. A person who has requested Commission records or copies thereof will be promptly advised if the records cannot be located on the basis of the description given and that further identifying information must be provided before his request can be satisfied.

(4) *Normal availability.* Records maintained in the Commission's public reference facilities or copies thereof will normally be made available in keeping with levels of service and fees set out in appendix E to this section. Records requested pursuant to the Freedom of Information Act will be made available as described in paragraphs (e)(9) and (e)(10) of this section.

(5) *Initial determination; multi-track processing, and denials.*—(i) *Time within which to respond.* When a request complies with the procedures in this section for requesting records under the Freedom of Information Act, a response shall be sent within 20 business days from the date the Office of Freedom of Information and Privacy Act Operations receives the request, except as described in paragraphs (d)(5)(ii) and (d)(5)(iii) of this section. If that Office has identified the requested records, the response shall state that the records are being withheld, in whole or in part, under a specific exemption or are being released.

(ii) *Voluminous records.* The amount of separate and distinct records which are demanded in a single request or the amount of time or work (or both) involved may be such that the review of the records cannot be completed within 20 business days, as prescribed in paragraph (d)(5)(i) of this section. In such a case, the Office of Freedom of Information and Privacy Act Operations shall inform the requester of the approximate volume of the records and give him or her the option of limiting the scope of the request to qualify for 20-day processing or placing the request in the Commission's first-in, first-out (FIFO) system for reviewing voluminous records. In the latter case, the Office will inform the requester of the approximate time when the review will start. The FIFO system allows the Commission to serve all those requesting voluminous records on a first-come, first-served basis, such that all releasable records sought will be released at one time, unless the requester specifically requests that releasable records be released piecemeal as they are processed.

(iii) *Expedited processing.* The Office of Freedom of Information and Privacy Act Operations shall grant a request for expedited processing if the requester demonstrates a compelling need for the records. "Compelling need" means that a failure to obtain the requested records on an expedited basis could reasonably be expected to pose an imminent threat to an individual's life or physical safety or, if the requester is primarily engaged in disseminating information, an urgency to inform the public of actual or alleged Federal government activity. A compelling need shall be demonstrated by a statement, certified to be true and correct to the best of the requester's knowledge and belief. The Office of Freedom of Information and Privacy Act Operations shall notify the requester of the decision to grant or deny the request for expedited treatment within ten business days of the date of the request. A request for records that has been granted expedited processing shall be processed as soon as practicable.

(iv) *Notice of denial.* Any notification of denial of any request for records

shall state the name and title or position of the person responsible for the denial of the request, the reason for the decision, and the right of the requester to appeal to the General Counsel. The decision shall estimate the volume of records that are being withheld in their entirety, unless giving such an estimate would harm an interest protected by the applicable exemption. The amount of information redacted shall be indicated on the released portion of the record and, if technically feasible, at the place where the redaction is made.

(v) *Form of releasable records.* Releasable records shall be made available in any form or format requested if they are readily reproducible in that form or format.

(6) *Administrative review.* Any person who has received no response to a request within the period prescribed in paragraph (d)(5) of this section or within an extended period permitted under paragraph (d)(7) of this section, or whose request has been denied under paragraph (d)(5) of this section, may appeal the adverse decision or failure to respond to the General Counsel.

(i) The appeal shall be in writing, shall be clearly and prominently identified on the envelope or other cover and at the top of the first page by a legend such as "Freedom of Information Act Appeal," and shall identify the record in the form in which it was originally requested.

(ii) The appeal must be mailed to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413 or delivered to Room 1418 at that address, and a copy of it must be mailed to the General Counsel, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549 or delivered to Room 1012-B at that address.

(iii) The appeal may include such facts and cite such legal or other authorities as the person submitting the appeal may consider appropriate.

(iv) The General Counsel shall have the authority to grant or deny all appeals, in whole or in part, and to release as an exercise of discretion

§ 200.80

17 CFR Ch. II (4-1-01 Edition)

records exempt from mandatory disclosure under 5 U.S.C. 552(b). In appropriate cases he or she may, in his or her sole and unfettered discretion, refer appeals to the Commission for determination.

(v) A determination with respect to any appeal shall be made within twenty days (excepting Saturdays, Sundays and legal public holidays) after the receipt of such appeal or within such extended period as may be permitted in accordance with paragraph (d)(7) of this section.

(vi) A denial of an appeal in whole or in part shall set forth the basis for the denial, and shall advise the requester that judicial review of the decision is available in accordance with 5 U.S.C. 552(a)(4).

(7) *Extension of time to consider requests and to consider administrative appeals.* In unusual circumstances, as specified in this paragraph, the time limits prescribed in either paragraphs (d) (5) or (6) of this section may be extended by written notice to the person making a request for a record or a copy, setting forth the unusual circumstances for such extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than ten business days, except as provided in paragraph (d)(8) of this section. As used in this paragraph, “unusual circumstances” means, but only to the extent reasonably necessary to the proper processing of the particular request:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request. (Many records of the Commission are stored in Federal Records Centers in accordance with law—including many of the documents which have been on file with the Commission for more than 2 years—and cannot be made available for several days after a request has been made. Other records may temporarily be located at a regional or district office of the Commission. Any person who has requested for personal examination a record stored at the Federal Records Center or temporarily located in a regional or dis-

trict office of the Commission will be notified when and where the record will be made available to him. Any person who has ordered a copy of such record will be provided with a copy as soon as practicable). Some records have been disposed of in accordance with the Commission’s Records Control Schedule (17 CFR 200.80(f)).

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request. (While every reasonable effort will be made fully to comply with each request as promptly as possible on a first-come, first-served basis, work done to search for, collect and appropriately examine records in response to a request for a large number of records will be contingent upon the availability of processing personnel in accordance with an equitable allocation of time to all members of the public who have requested or wish to request records.)

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components within the Commission having substantial subject-matter interest therein.

(8) *Inability to meet time limits.* If a request for records cannot be processed within the time prescribed under paragraph (d)(7) of this section, the Commission shall so notify and give the requester an opportunity to modify the request so that it may be processed within that time or to arrange an alternative time for processing the request or a modified request.

(i) *Records in use for another member of the public.* Any record being inspected by or copied for another member of the public will be made available as soon as practicable.

(ii) *Records in use by a member of the Commission or its staff.* Although every effort will be made to make a record in use by a member of the Commission or its staff available when requested, it may occasionally be necessary to delay making such a record available when doing so at the time the request is made would seriously interfere with

the work of the Commission or its staff.

(iii) *Missing or lost records.* Any person who has requested a record or copy will be notified if the record sought cannot be found. If he so requests, he will be notified if it should subsequently be located.

(9) *Misdirected written requests.* The Commission cannot assure that a timely or satisfactory response will be given to written requests for inspection or copies of records that are directed to the Commission other than in the manner prescribed in paragraphs (d) (1) and (2) of this section. Any staff member who receives a written request for records should promptly forward the request to the Freedom of Information Act Officer. Misdirected requests for records will be considered to have been received for purposes of paragraph (d) of this section only when they have been actually received by the Freedom of Information Act Officer. The Commission will not entertain any appeal from an alleged denial or failure to comply with a misdirected request, unless it is clearly shown that the request was in fact received by the Freedom of Information Act Officer.

(e) *Fees for records services.* A current schedule of fees for record services, including locating, reviewing, and making records available, attestations and copying, appears in appendix E to this subpart D, 17 CFR 200.80e. Copies of the current schedule of fees may also be obtained upon request made in person, by telephone or by mail from the public reference room or at any regional or district office of the Commission.

(1) *Services provided without charge.* Generally, up to one-half hour of staff time devoted to searching for and reviewing Commission records will be provided without charge. Where a request for records pursuant to the Freedom of Information Act is determined not to serve a commercial purpose as defined in paragraph (e)(10)(ii) of this section, a total of two staff hours of search and review and one hundred pages of duplication as defined in paragraphs (e)(9)(i), (e)(9)(ii) and (e)(9)(iii) of this section, respectively, shall be made available without charge in the form most economical for the government.

(2) *Services for which fees are charged.* For records available through the Commission's public reference facilities, requestors may make arrangements for duplication in accordance with provisions of the Commission's dissemination contract. Copies of that contract, which contain tables of charges, may be inspected in the public reference room, 450 Fifth Street, NW., Room 1024, Washington, DC. A complete schedule of services offered by the contractor and fees charged for those services is available through the Commission's public reference facilities. Fees for services provided in connection with requests made pursuant to the Freedom of Information Act shall be assessed as set out in appendix E to this section and in keeping with guidelines and procedures described in paragraphs (e)(9) and (e)(10) of this section.

(3) *Requests requiring large expenditures.* A request for Commission records may state that the requesting person is willing to pay fees up to a stated limit for services to be provided in locating, reviewing and making available requested records. In such circumstances, no work will be done that will result in fees beyond the stated limit without further written authorization. If no limit is initially stated by the person requesting records or copies, services in locating and making available the requested records will not be done so as to exceed fees of \$28 (exclusive of applicable copying charges) without the express written authorization by the requesting person, and he will be so informed.

(4) *Waiver or reduction of fees.* (i) The Office of Freedom of Information and Privacy Act Operations may waive or reduce search, review, and duplication fees if:

(A) Disclosure of the requested records is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government; and

(B) Disclosure is not primarily in the commercial interest of the requester.

(ii) The Office of Freedom of Information and Privacy Act Operations will determine whether disclosure is likely to contribute significantly to public

understanding of the operations or activities of the government based upon four factors:

(A) Whether the subject of the requested records concerns the operations and activities of the Federal government;

(B) Whether the requested records are meaningfully informative on those operations or activities so that their disclosure would likely contribute to increased public understanding of specific operations or activities of the government;

(C) Whether disclosure will contribute to the understanding of the public at large, rather than the understanding of the requester or a narrow segment of interested persons; and

(D) Whether disclosure would contribute significantly to public understanding of the governmental operations or activities.

(iii) The Office of Freedom of Information and Privacy Act Operations will determine whether disclosure of the requested records is not primarily in the commercial interest of the requester based upon two factors:

(A) Whether disclosure would further any commercial interests of the requester; and

(B) Whether the public interest in disclosure is greater than the requester's commercial interest.

(iv) If only a portion of the requested records satisfies both the requirements for a waiver or reduction of fees, a waiver or reduction of fees will be granted for only that portion.

(v) A request for a waiver or reduction of fees may be a part of a request for records. Such requests should address all the factors identified in paragraphs (e)(4)(ii) and (e)(4)(iii) of this section.

(vi) Denials of requests for a waiver or reduction of fees may be appealed to the General Counsel in accordance with the procedure set forth in paragraph (d)(6) of this section.

(5) *Records obtained from Federal Records Centers.* When, to fill a request for inspection or copying, records are required to be obtained from a Federal Records Center, fees, in addition to those provided on the Commission's current schedule of fees, will be charged to the extent authorized or re-

quired by rules or regulations promulgated by the National Archives and Records Administration.

(6) *Attestations.* In addition to any other fees or charges which may apply, a fee will be charged for records attestations as provided in the Commission's current schedule of fees. The seal of the Commission will be affixed to all attestations without additional charge.

(7) *Copying services.* Copies of records filed with or retained by the Commission, or portions thereof, will be provided subject to fees established by agreement between the Commission and a private contractor as set forth in the Commission's current schedule of fees and, where applicable, procedures and guidelines for Freedom of Information Act requests as set out in paragraphs (e)(9) and (e)(10) of this section.

(i) *Facsimile copies.* Requests for facsimile copies may be made either in person at the Commission's Washington, DC, Northeast, or Midwest public reference rooms, or by mail addressed to the Securities and Exchange Commission, Public Reference Room, 450 Fifth Street, NW., room 1024, Washington, DC 20549. The contractor will send copies directly to the purchaser unless attestation is requested. Persons who request copies of documents through the public reference room will be billed by the contractor at regulated prices, and will be billed separately by the Commission for search, review and attestation charges, if any. Copies of documents requested directly from the contractor or from any other information service or vendor are not subject to regulated prices. Special classes of copying services, such as telecopies, not listed herein or in the current schedule of fees posted in the public reference room, are not provided or regulated by the Commission, but may be obtained from private vendors at market prices.

(ii) *Microfiche copies.* A contractor also makes available to the public microfiche copies of certain public documents on file with the Commission, at prices and on terms governed by its contract with the Commission. Microfiche services include subscription microfiche service on an annual basis.

Securities and Exchange Commission

§ 200.80

Microfiche subscription prices are regulated by the Commission whether requested through the public reference room or directly from the contractor. Certain other microfiche services are provided at prices that are regulated by the Commission only if ordered through the Commission's public reference room. The Commission will accept only subscription requests made in writing, although the contractor may elect to accept subscription requests by telephone. All microfiche subscription charges are payable directly to the contractor, whether placed through the Commission or not. Information concerning the types and cost of regulated microfiche services may be obtained by writing to the Commission at its public reference room located at 450 Fifth Street, NW., room 1024, Washington, DC 20549.

(iii) *Transcripts of public hearings.* Copies of the transcripts of recent public hearings may be obtained from the reporter subject to the fees established annually by contract between the Commission and the reporter. Copies of that contract, which contains tables of charges, may be inspected in the public reference room, 450 Fifth Street, NW., Room 1024, Washington, D.C. and in each regional and district office. Copies of other public transcripts may be obtained, in the manner of other Commission records, subject to the charges referred to in paragraph (e)(7)(i) of this section.

(8) *Releases and publications.* (i) The Commission's decisions, reports, orders, rules and regulations are published initially in the form of releases and distributed.

(ii) The Commission publishes daily the *SEC News Digest*, which summarizes the releases published by the Commission each day, contains Commission announcements, and lists certain filings with the Commission. The Commission publishes weekly the *SEC Docket*, which prints the full text of every Commission release.

(iii) The Commission publishes an annual report to the Congress which sets forth the results of the Commission's operations during the past fiscal year under the various statutes committed to its charge. Copies may be obtained from the Superintendent of Docu-

ments, U.S. Government Printing Office, Washington, DC 20402.

(iv) The Commission also makes other information in the fields of securities and finance, including economic studies, available to the public through the issuance of releases on specific subject matters.

(v) A classification of the releases available from the Commission appears below as appendix B to this section. Other publications available from the Commission are set forth in appendix C to this section. Copies of rules, regulations, and miscellaneous publications set forth in appendix D to this section may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(9) *Fees for services required for processing Freedom of Information Act Requests.* In cases where records are requested pursuant to the Freedom of Information Act and according to procedures set forth in paragraph (d)(1) of this section, fees shall be charged as set out in the Commission's current schedule of fees, appendix E to this section, for services as described in the following:

(i) *Search.* The term "search" includes all time spent looking for material manually or by using electronic data processing equipment that is responsive to a request, as distinguished from "review" as defined at paragraph (e)(9)(ii) of this section. Searching for requested and specifically identified information, as described in paragraph (d)(1) of this section, includes the cost of staff time devoted to the search as indicated in appendix E to this section and direct costs for use of Commission electronic data processing equipment.

(ii) *Review.* The term "review" refers to the process of examining documents located in response to a request to determine whether any portion of any document is permitted to be withheld pursuant to provisions of the Freedom of Information Act. It also includes processing any documents for disclosure, e.g., doing all that is necessary to excise material from and otherwise prepare them for release.

(iii) *Duplication.* The term "duplication" refers to producing paper or

§ 200.80

17 CFR Ch. II (4-1-01 Edition)

microform copies of records. The Commission shall charge for duplication as established by agreement between the Commission and a private contractor. These charges are currently set out in appendix E to this section. Such charges shall be set so as not to exceed the direct cost that would be incurred by the Commission if it were to perform such services itself, as calculated to include the salary of operators, the cost of reproduction machinery, the cost of material and any other direct costs incurred by the Commission in copying materials responsive to a Freedom of Information Act request.

(iv) *Partial exemption from fee provisions.* No fees shall be charged for the first two hours of search time and the first one hundred pages of materials for requesters described in paragraphs (e)(10)(i) and (e)(10)(iii) of this section.

(v) *Minimum fee.* Fees will not be charged if the normal cost of collecting a fee would be equal to or greater than the fee itself.

(10) *Classification of Freedom of Information Act requesters for purposes of assessing fees.* Parties requesting records pursuant to the Freedom of Information Act will be classified and charged fees described in appendix E to this section as follows:

(i) The following types of requesters shall be charged for duplication of records as described in paragraph (e)(9)(iii) of this section as qualified in paragraph (e)(9)(iv) of this section: Educational institutions requesting information for purposes of scholarly research; non-commercial scientific institutions requesting information for purposes of scientific research; and representatives of the news media requesting information concerning current events or matters of current interest to the general public.

(ii) Commercial requesters, defined as parties other than those mentioned in paragraph (e)(10)(i) of this section who are requesting information to be used in any way which could reasonably be expected to result in corporate or personal financial gain or profit, shall be charged for search, review and duplication of records as described in

paragraphs (e)(9)(i), (e)(9)(ii) and (e)(9)(iii), respectively, of this section.

(iii) All parties other than those described in paragraphs (e)(10)(i) and (e)(10)(ii) of this section requesting access to such records shall be charged for search and duplication of records as described in paragraphs (e)(9)(i) and (e)(9)(iii) of this section, respectively, as qualified in paragraph (e)(9)(iv) of this section.

(11) *Appeal of classification.* Classification under the provisions of paragraph (e)(10) of this section may be appealed to the General Counsel in accordance with the procedure set forth in paragraph (d)(6) of this section.

(12) *Aggregation of requests.* If the Freedom of Information Act Officer reasonably believes that a requester or group of requesters acting in concert is attempting to divide one request into a series of requests for the purpose of evading the assessment of fees, those requests may be aggregated and charges assessed accordingly.

(13) *Advance payment.* The Freedom of Information Act Officer may require advance payment of fees expected to be incurred in connection with a request, but only when the subject requester has failed to make timely payment in the past, or when the estimated processing costs exceed \$250.00 and the requester has no previous payment records or has failed to make timely payment in the past. Processing in such cases shall be delayed until advance payment is received and statutory time limits will be appropriately extended.

(14) *Interest on unpaid bills.* On the 31st day following the date of a bill to a requester, the Commission may begin assessing interest on the unpaid amount at the rate prescribed in section 3717 of title 31 of the U.S. Code. Interest will accrue from the date of the bill.

§ 200.81 Publication of interpretative, no-action and certain exemption letters and other written communications.

(a) Except as provided in paragraphs (b) and (c) of this section, every letter or other written communication re-

questing the staff of the Commission to provide interpretative legal advice with respect to any statute administered by the Commission or any rule or regulation adopted thereunder; or requesting a statement that, on the basis of the facts stated in such letter or

Securities and Exchange Commission

§ 200.83

other communication, the staff would not recommend that the Commission take any enforcement action; or requesting an exemption, on the basis of the facts stated in such letter, from the provisions of the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) or any rule or regulation thereunder, where the issuance of an order granting such exemption does not require public notice and an opportunity for hearing; together with any written response thereto, shall be made available for inspection and copying by any person as soon as practicable after the response has been sent or given to the person requesting it.

(b) Any person submitting such letter or other written communication may also submit therewith a request that it be accorded confidential treatment for a specified period of time, not exceeding 120 days from the date the response, together with a statement setting forth the considerations upon which the request for such treatment is based. If the staff determines that the request is reasonable and appropriate it will be granted and the letter or other communication will not be made available for public inspection or copying until the expiration of the specified period. If it appears to the staff that the request for confidential treatment should be denied, the staff shall so advise the person making the request and such person may withdraw the letter or other communication within 30 days thereafter. In such case, no response will be sent or given and the letter or other communication shall remain in the Commission's files but will not be made public. If such letter or other communication is not so withdrawn, it shall be deemed to be available for public inspection and copying together with any written response thereto.

NOTE: All letters or other written communications requesting interpretative advice, a no-action position, or an exemption shall indicate prominently, in a separate caption at the beginning of the request, each section of the Act and each rule to which the request relates. If more than one section or rule is involved, a separate copy of the request shall be submitted for each section or rule involved and an additional copy for the use of the staff of the Commission.

(c) This section shall not apply, however, to letters of comment or other communications relating to the accuracy or adequacy of any registration statement, report, proxy, or information statement or other document filed with the Commission, or relating to the extent to which such statement, report, or document complies with any applicable requirement. Further, this section shall not apply to applications or other written communications filed pursuant to §240.24b-2 that relate to objections to public disclosure of information filed with the Commission or any exchange.

[35 FR 17779, Nov. 19, 1970, as amended at 53 FR 12413, Apr. 14, 1988; 53 FR 32605, Aug. 26, 1988]

§ 200.82 Public availability of materials filed pursuant to § 240.14a-8(d) and related materials.

Materials filed with the Commission pursuant to Rule 14a-8(d) under the Securities Exchange Act of 1934 (17 CFR 240.14a-8(d)), written communications related thereto received from any person, and each related no-action letter or other written communication issued by the staff of the Commission, shall be made available to any person upon request for inspection or copying.

[37 FR 20558, Sept. 30, 1972]

§ 200.83 Confidential treatment procedures under the Freedom of Information Act.

(a) *Purpose.* This section provides a procedure by which persons submitting information in any form to the Commission can request that the information not be disclosed pursuant to a request under the Freedom of Information Act, 5 U.S.C. 552. This section does not affect the Commission's right, authority, or obligation to disclose information in any other context. This section is procedural only and does not provide rights to any person or alter the rights of any person under the Freedom of Information Act or any other applicable statute or regulation.

(b) *Scope.* The provisions of this section shall apply only where no other statute or Commission rule provides procedures for requesting confidential treatment respecting particular categories of information (*see, e.g.*, 17 CFR

240.24b-2) or where the Commission has not specified that an alternative procedure be utilized in connection with a particular study, report, investigation, or other matter. The provisions of this section shall not apply to any record which is contained in or is part of a personnel, medical or similar file relating to a Commission member or employee which would normally be exempt from disclosure pursuant to section 552(b)(6) of title 5, U.S. Code.

(c) *Written request for confidential treatment to be submitted with information.* (1) Any person who, either voluntarily or pursuant to any requirement of law, submits any information or causes or permits any information to be submitted to the Commission, which information is entitled to confidential treatment and for which no other specific procedure exists for according confidential treatment, may request that the Commission afford confidential treatment under the Freedom of Information Act to such information for reasons of personal privacy or business confidentiality, or for any other reason permitted by Federal law, and should take all steps reasonably necessary to ensure, as nearly as practicable, that at the time the information is first received by the Commission (i) it is supplied segregated from information for which confidential treatment is not being requested, (ii) it is appropriately marked as confidential, and (iii) it is accompanied by a written request for confidential treatment which specifies the information as to which confidential treatment is requested.

(2) A person who submits a record to the Commission for which he or she seeks confidential treatment must clearly mark each page or segregable portion of each page with the words "Confidential Treatment Requested by [name]" and an identifying number and code, such as a Bates-stamped number. In his or her written confidential treatment request, the person must refer to the record by identifying number and code.

(3) In addition to giving a copy of any written request for confidential treatment to the Commission employee receiving the record in question, the person requesting confidential treatment

must send a copy of the request (but not the record) by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413. The legend "FOIA Confidential Treatment Request" must clearly and prominently appear on the top of the first page of the written request, and the written request must contain the name, address, and telephone number of the person requesting confidential treatment. The person requesting confidential treatment is responsible for informing the Office of Freedom of Information and Privacy Act Operations promptly of any changes in address, telephone number, or representation.

(4) In some circumstances, such as when a person is testifying in the course of a Commission investigation or providing a record requested in the course of a Commission examination or inspection, it may be impracticable to submit a written request for confidential treatment at the time the record is first given to the Commission. In no circumstances can the need to comply with the requirements of this section justify or excuse any delay in submitting any record to the Commission. The person testifying or otherwise submitting the record must inform the Commission employee receiving it, at the time the record is submitted or as soon thereafter as possible, that he or she is requesting confidential treatment. The person must then submit a written confidential treatment request within 30 days from the date of the testimony or the submission of the record. Any confidential treatment request submitted under this paragraph must also comply with paragraph (c)(3) of this section.

(5) Where confidential treatment is requested by the submitter on behalf of another person, the request must identify that person and provide the telephone number and address of that person or the person's responsible representative if the submitter would be unable to provide prompt substantiation of the request at the appropriate time.

(6) No determination on a request for confidential treatment will be made

Securities and Exchange Commission

§ 200.83

until the Office of Freedom of Information and Privacy Act Operations receives a request for disclosure of the record.

(7) A confidential treatment request will expire ten years from the date the Office of Freedom of Information and Privacy Act Operations receives it, unless that Office receives a renewal request before the confidential treatment request expires. The renewal request must be sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, and must clearly identify the record for which confidential treatment is sought. A renewal request will likewise expire ten years from the date that Office receives it, unless that Office receives another timely renewal request which complies with the requirements of this paragraph.

(8) A confidential treatment request shall be nonpublic. If an action is filed in a Federal court, however, by either the Freedom of Information requester (under 5 U.S.C. 552(a)(4) and §200.80(d)(6)) or by the confidential treatment requester (under paragraph (e)(5) of this section), the confidential treatment request may become part of the court record.

(d) *Substantiation of request for confidential treatment.* (1) If it is determined that records which are the subject of a request for access under the Freedom of Information Act are also the subject of a request for confidential treatment under this rule and no other grounds appear to exist which would justify the withholding of the records [e.g., Freedom of Information Act Exemption 7(A), 5 U.S.C. 552(b)(7)(A)], the Commission's Freedom of Information Act Officer promptly shall so inform the person requesting confidential treatment or, in the case of a request made on behalf of a person other than the submitter, the person identified as able to provide substantiation, by telephone, facsimile or certified mail and require that substantiation of the request for confidential treatment be submitted in ten calendar days. Failure to submit a written substantiation within ten calendar days from the time of notification, or any extension there-

of, may be deemed a waiver of the confidential treatment request and the confidential treatment requester's right to appeal an initial decision denying confidential treatment to the Commission's General Counsel as permitted by paragraph (e) of this section.

(2) Substantiation of a request for confidential treatment shall consist of a statement setting forth, to the extent appropriate or necessary for the determination of the request for confidential treatment, the following information regarding the request:

(i) The reasons, concisely stated and referring to specific exemptive provisions of the Freedom of Information Act, why the information should be withheld from access under the Freedom of Information Act;

(ii) The applicability of any specific statutory or regulatory provisions which govern or may govern the treatment of the information;

(iii) The existence and applicability of any prior determinations by the Commission, other Federal agencies, or a court, concerning confidential treatment of the information;

(iv) The adverse consequences to a business enterprise, financial or otherwise, that would result from disclosure of confidential commercial or financial information, including any adverse effect on the business' competitive position;

(v) The measures taken by the business to protect the confidentiality of the commercial or financial information in question and of similar information, prior to, and after, its submission to the Commission;

(vi) The ease or difficulty of a competitor's obtaining or compiling the commercial or financial information;

(vii) Whether the commercial or financial information was voluntarily submitted to the Commission and, if so, whether and how disclosure of the information would tend to impede the availability of similar information to the Commission;

(viii) The extent, if any, to which portions of the substantiation of the request for confidential treatment should be afforded confidential treatment; and

(ix) Such additional facts and such legal and other authorities as the requesting person may consider appropriate.

(e) *Appeal from initial determination that confidential treatment is not warranted.* (1) In a preliminary decision, which shall be sent by mail or facsimile, or both, the Office of Freedom of Information and Privacy Act Operations will inform the confidential treatment requester whether it intends to grant confidentiality in whole or in part and give the requester ten calendar days from the date of the preliminary decision to submit supplemental arguments if the requester disagrees with the preliminary decision. A final decision, which shall also be sent by mail or facsimile, or both, no sooner than ten calendar days from the date of the preliminary decision, shall inform the Freedom of Information Act requester and the confidential treatment requester of his or her right to appeal an adverse decision to the Commission's General Counsel within ten calendar days from the date of the final decision. Records, which the Freedom of Information and Privacy Act Officer determines to be releasable, may be released to the Freedom of Information Act requester ten calendar days after the date of the final decision. However, if within those ten calendar days, the Freedom of Information and Privacy Act Officer receives an appeal from the confidential treatment requester, he or she shall inform the Freedom of Information Act requester that an appeal is pending and that the records will not be released until the appeal is resolved.

(2) Any appeal of a denial of a request for confidential treatment shall be in writing, and shall be clearly and prominently identified on the envelope or other cover and at the top of the first page by the legend "FOIA Confidential Treatment Appeal." The appeal must be sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149). A copy of the appeal must be mailed to the General Counsel, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549. The person requesting confiden-

tial treatment may supply additional substantiation of the request for confidential treatment in connection with the appeal to the General Counsel.

(3) The General Counsel shall have the authority to consider all appeals from decisions of the Freedom of Information Act Officer with respect to confidential treatment. All appeals taken under this section will be considered by the General Counsel as expeditiously as circumstances permit. Although other procedures may be employed, to the extent possible, the General Counsel will decide the matter on the basis of the affidavits and other documentary evidence submitted by the interested persons and such other information as is brought to the attention of the General Counsel. The General Counsel shall also have the authority to enter and vacate stays under the circumstances set forth in paragraph (e)(5) of this section. In appropriate cases the General Counsel may, in his or her sole and unfettered discretion, refer appeals and questions concerning stays under paragraph (e)(5) of this section to the Commission for decision.

(4) If it is determined that confidential treatment is not warranted with respect to all or any part of the information in question, the person requesting confidential treatment will be so informed by telephone, if possible, with a facsimile or certified mail letter directed to the person's last known address. Disclosure of the information under the Freedom of Information Act will occur ten calendar days after notice to the person requesting confidential treatment, subject to any stay entered pursuant to paragraph (e) (5) of this section.

(5) If within that ten calendar day period the General Counsel has been notified that the person requesting confidential treatment has commenced an action in a Federal court concerning the determination to make such information publicly available, the General Counsel will stay making the public disclosure of the information pending final judicial resolution of the matter. The General Counsel may vacate a stay under this section either on his or her own motion or at the request of a person seeking access to the information under the Freedom of Information Act.

If the stay is vacated, the information will be released under the Freedom of Information Act ten calendar days after the person requesting confidential treatment is notified of this action by telephone, if possible, with a facsimile or certified mail letter sent to the person's last known address, unless the court orders otherwise.

(f) *Initial determination that confidential treatment is warranted.* If it is determined by the Commission's Freedom of Information Act Officer that confidential treatment is warranted, the person submitting the information and the person requesting access to the information under the Freedom of Information Act will be so informed by mail. The person requesting access, pursuant to the Freedom of Information Act, will also be informed of the right to appeal the determination to the General Counsel. Any such appeal must be taken in accordance with the provisions of the Freedom of Information Act and Commission rules thereunder. See 17 CFR 200.80(d)(6).

(g) *Confidential treatment request and substantiation as nonpublic.* Any confidential treatment request and substantiation of it shall be nonpublic. If an action is filed in a Federal court, however, by either the Freedom of Information Act requester (under 5 U.S.C. 552(a)(4) and §200.80(d)(6)) or by the confidential treatment requester (under paragraph(e)(5) of this section), both request and substantiation may become part of the public court record.

(h) *Effect of no prior request for confidentiality.* (1) If access is requested under the Freedom of Information Act to information which is submitted to the Commission on or after October 20, 1980 with respect to which no request for confidential treatment has been made pursuant to either paragraph (c)(1) or (c)(5) of this section, it will be presumed that the submitter of the information has waived any interest in asserting an exemption from disclosure under the Freedom of Information Act for reasons of personal privacy or business confidentiality, or for other reasons.

(2) Notwithstanding paragraph (h)(1) of this section, in appropriate circumstances, any person who would be affected by the public disclosure of in-

formation under the Freedom of Information Act may be contacted by Commission personnel to determine whether the person desires to make a request for confidential treatment. Any request for confidential treatment that is asserted in response to such inquiry shall be made in accordance with provisions of this section.

(i) *Extensions of time limits.* Any time limit under this section may be extended in the discretion of the Commission, the Commission's General Counsel, or the Commission's Freedom of Information Act Officer for good cause shown.

(j) *Electronic filings.* Confidential treatment requests shall be submitted in paper format only, whether or not the person making the request is an electronic filer.

(k) In their discretion, the Commission, the Commission's General Counsel, and the Freedom of Information Act Officer may use alternative procedures for considering requests for confidential treatment.

§ 200.111 Prohibitions; application; definitions.

(a) *Prohibited communications.* In any agency proceeding which is subject to this subpart, except to the extent required for the disposition of ex parte matters as authorized by law:

§ 200.111

17 CFR Ch. II (4-1-01 Edition)

(1) No interested person outside the agency shall make or knowingly cause to be made to any member of the Commission or decisional employee an ex parte communication relevant to the merits of the proceeding; and

(2) No member of the Commission or decisional employee shall make or knowingly cause to be made to any interested person outside the agency an ex parte communication relevant to the merits of the proceeding.

(b) *Proceedings to which prohibitions apply.* This subpart shall apply to all proceedings subject to 5 U.S.C. 557(a), including suspension proceedings instituted pursuant to the provisions of Regulations A, B, E, and F of the Securities Act of 1933 (§ 230.251 *et seq.* of this chapter), all review proceedings instituted pursuant to section 19(g) of the Securities Exchange Act of 1934, and all other proceedings where an evidentiary hearing has been ordered pursuant to a statutory provision or rule of the Commission and where the action of the Commission must be taken on the basis of an evidentiary record. In addition, this subpart shall apply to any other proceeding in which the Commission so orders.

(c) *Period during which prohibitions apply.* (1) The prohibitions in § 200.111 (a) shall begin to apply when the Commission issues an order for hearing; *Provided,*

(i) That in suspension proceedings pursuant to Regulations A, B, E and F of the Securities Act of 1933 (§ 230.251 *et seq.* of this chapter), these prohibitions shall commence when the Commission enters an order temporarily suspending the exemption; and

(ii) That in proceedings under section 19(d) of the Securities Exchange Act of 1934 these prohibitions shall commence from the time that a copy of an application for review has been served by the Secretary upon the self-regulatory organization; and

(iii) In no case shall the prohibitions in § 200.111(a) begin to apply later than the time at which a proceeding is noticed for hearing unless the person responsible for the communication has knowledge that it will be noticed, in which case the prohibitions shall apply beginning at the time of his or her acquisition of such knowledge.

(2) The prohibitions in § 200.111(a) shall continue until the time to file a petition for rehearing from the final order of the Commission has expired. In the event a petition for rehearing is filed, these prohibitions shall cease if and when the petition for rehearing is denied.

(3) The Commission may, by specific order entered in a particular proceeding, determine that these prohibitions shall commence from some date earlier than the time specified in this paragraph (c) or shall continue until a date subsequent to the time specified herein.

(d) *Definitions.* As used in this subpart:

(1) *Ex parte communication* means an oral or written communication not on the public record with respect to which reasonable prior notice to all participants to the proceeding is not given, but it shall not include requests for status reports on any matter or proceeding. In addition, an ex parte communication shall not include:

(i) Any written communication of which copies are served by the communicator contemporaneously with the transmittal of the communication in accordance with requirements of Rule 150 of the Commission's Rules of Practice, § 201.150 of this chapter, upon all participants to the proceeding (including the interested Division or Office of the Commission); or

(ii) Any oral communication where 48 hours advance written notice is given to all participants to the proceeding (including the interested division of the Commission).

(2) *Participants to the proceeding* means all parties to the proceeding (including the interested Division or Office of the Commission) and any other persons who have been granted limited participation pursuant to the provisions of Rule 210(c) of the Commission's Rules of Practice, § 201.210(c) of this chapter.

[42 FR 14690, Mar. 16, 1977, as amended at 60 FR 32795, June 23, 1995]

§ 200.112 Duties of recipient; notice to participants.

(a) *Duties of recipient.* A member of the Commission or decisional employee who receives, or who make or knowingly causes to be made, a communication prohibited by this section, or who receives or makes a communication which he or she concludes should, in fairness, be brought to the attention of all participants to the proceeding, shall transmit to the Commission's Secretary, who shall place on the public record of the proceeding:

(1) All such written communications; and

(2) Memoranda stating the substance of all such oral communications; and

(3) All written responses, and memoranda stating the substance of all oral responses, to the materials described in paragraphs (a) (1) and (2) of this section.

(b) *Notice to participants.* The Secretary shall send copies of the communication to all participants to the proceeding with respect to which it was made, and shall notify the communicator of the provisions of this code prohibiting ex parte communications. If the communications are from persons other than participants to the proceedings or their agents, and the Secretary determines that it would be too burdensome to send copies of the communications to all participants because: (1) The communications are so voluminous, or (2) the communications are of such borderline relevance to the issues of the proceedings, or (3) the participants to the proceeding are so numerous, the Secretary may, instead, notify the participants that the communications have been received, placed in the file, and are available for examination.

(c) *Post decisional communications.* Any Commission member or decisional employee who receives a communication which would be prohibited by this Code, but for the fact that it was received subsequent to the date when the prohibitions imposed hereby have ceased to apply, shall comply with the provisions of § 200.112(a) with respect to such communication in the event that he or she is to act in a decisional capacity in the same proceeding pursuant to remand where he or she concludes, in fairness, that such communication should be brought to the attention of all participants to the proceeding.

[42 FR 14691 Mar. 16, 1977]

§ 200.113 Opportunity to respond; interception.

(a) *Opportunity to respond.* All participants to a proceeding may respond to any allegations or contentions contained in a prohibited ex parte communication placed in the public record in accordance with § 200.112. Such responses shall be included in the public record.

(b) *Interception of communications.* All written communications addressed to the Commission respecting a proceeding will be deemed to be communications to the staff of the interested division and will be directed to that division by the Commission's mail room. A Commission member or decisional employee may instruct any of his assistants who are nondecisional employees to intercept any communication directed to him which might appear to violate this Code and authorize them either to transmit any such written communication to the staff of the interested division of the Commission, if it appears from the contents of the communication that the intent of the sender is consistent with such action, or to return the communication to the sender.

§ 200.114 Sanctions.

(a) *Discipline of persons practicing before the Commission.* The Commission may, to the extent not prohibited by law, censure, suspend, or revoke the privilege to practice before it of any

§ 200.200

person who makes, or solicits the making of, an unauthorized ex parte communication.

(b) *Adverse action on claim.* Upon receipt of a communication knowingly made or knowingly caused to be made by a party in violation of this subpart, the Commission, administrative law judge, or other employee presiding at the hearing may, to the extent consistent with the interests of justice and the policy of the underlying statutes, require the party to show cause why his claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.

(c) *Discipline of Commission employees.* The Commission may censure, suspend, or dismiss any Commission employee who violates the prohibitions or requirements of this Code.

§ 200.301 Purpose and scope.

(a) The Privacy Act of 1974, Pub. L. 93-579, 88 Stat. 1896, is based, in part, on the finding by Congress that "in order to protect the privacy of individuals identified in information systems maintained by Federal agencies, it is necessary and proper for the Congress to regulate the collection, maintenance, use, and dissemination of information by such agencies." To achieve this objective the Act, among other things, provides, with some exceptions, that Federal agencies shall advise an individual upon request whether records maintained by the agency in a system of records pertain to the individual and shall grant the individual access to such records. The Act further provides that individuals may request amendments or corrections to records pertaining to them that are maintained by the agency, and that the agency shall either grant the requested amendments or set forth fully its reasons for refusing to do so.

(b) The Securities and Exchange Commission, pursuant to subsection (f) of the Privacy Act, adopts the following rules and procedures to implement the provisions of the Act summarized above, and other provisions of the Act. These rules and procedures are applicable to all requests for information, access or amendment to records pertaining to an individual that are con-

tained in any system of records that is maintained by the Commission.

§ 200.302 Definitions.

The following definitions shall apply for purposes of this subpart:

(a) The terms *individual*, *maintain*, *record*, *system of records*, and *routine use* are defined for purposes of these rules as they are defined in 5 U.S.C. 552a(a)(2), (a)(3), (a)(4), (a)(5), and (a)(6).

(b) *Commission* means the Securities and Exchange Commission.

§ 200.303 Times, places and requirements for requests pertaining to individual records in a record system and for the identification of individuals making requests for access to the records pertaining to them.

(a) *Place to make request.* Any request by an individual to be advised whether any system of records maintained by the Commission and named by the individual contains a record pertaining to him or her, or any request by an individual for access to a record pertaining to him or her that is contained in a system of records maintained by the Commission, shall be submitted by mail to the Privacy Act Officer, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149). All requests will be required to be put in writing and signed by the individual making the request. In the case of requests for access that are made by mail, the envelope should be clearly marked "Privacy Act Request."

(1) *Information to be included in requests.* Each request by an individual concerning whether the Commission maintains in a system of records a record that pertains to him, or for access to any record pertaining to the individual that is maintained by the Commission in a system of records, shall include such information as will assist the Commission in identifying those records as to which the individual is seeking information or access. Where practicable, the individual should identify the system of records that is the subject of his request by reference to the Commission's notices of systems of records, which are published in the FEDERAL REGISTER, as required by section (e)(4) of the Privacy Act, 5 U.S.C. 552a(e)(4). Where a system of

records is compiled on the basis of a specific identification scheme, the individual should include in his request the identification number or other identifier assigned to him. In the event the individual does not know the specific identifier assigned to him, he shall provide other information, including his full name, address, date of birth and subject matter of the record, to aid in processing his request. If additional information is required before a request can be processed, the individual shall be so advised.

(2) *Verification of identity.* When the fact of the existence of a record is not required to be disclosed under the Freedom of Information Act, 5 U.S.C. 552, as amended, or when a record as to which access has been requested is not required to be disclosed under that Act, the individual seeking the information or requesting access to the record shall be required to verify his or her identity before access will be granted or information given. For this purpose, individuals shall appear at the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, during normal business hours of 9 a.m. to 4:30 p.m. e.s.t., Monday through Friday, or at one of the Commission's Regional or District Offices. Such documentation might include a valid birth certificate, driver's license, employee or military identification card, or medicare card.

(4) *Method for verifying identity by mail.* Where an individual cannot appear at one of the Commission's Offices to verify his or her identity, he or she must submit, along with the request for information or access, a statement attesting to his or her identity. Where access is being sought, the statement shall include a representation that the requested records pertain to the individual and a statement that the individual is aware that knowingly and willfully requesting or obtaining records pertaining to an individual from the Commission under false pretenses is a criminal offense. This statement shall be a sworn statement, or in lieu of a sworn statement, an individual may submit an unsworn statement to the same effect if it is signed by him or her as true under penalty of perjury, dated, and in substantially the following form:

(5) *Additional procedures for verifying identity.* When it appears appropriate, there may be made such other arrangements for the verification of identity as are reasonable under the circumstances and appear to be effective to prevent unauthorized disclosure of, or access to, individual records.

(b) *Acknowledgement of requests for information pertaining to individual records in a record system or for access to individual records.* (1) Except where an immediate acknowledgement is given for requests made in person, the receipt of a request for information pertaining to individual records in a record system will be acknowledged within 10 days after the receipt of such request. Requests will be processed as promptly as possible and a response to such requests will be given within 30 days (excluding Saturdays, Sundays, and legal holidays) unless, within the 30 day period and for cause shown, the individual making the request is notified in writing that a longer period is necessary.

(2) When an individual appears in person at the Office of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or at one of its Regional or District Offices to request access to records pertaining to him, and such individual provides the required information and verification of identity, the Commission's staff, if practicable, will indicate at that time whether it is likely that the individual will be given access to the records and, if so, when and under what circumstances such access will be given. In the case of requests received by mail, whenever practicable, acknowledgement of the receipt of the request will be given within 10 days after receipt (excluding Saturdays, Sundays, and legal holidays). The acknowledgement will indicate, if practicable, whether or not access likely will be

§ 200.304 Disclosure of requested records.

(a) *Initial review.* Requests by individuals for access to records pertaining to them will be referred to the Commission's Privacy Act Officer who initially will determine whether access will be granted, *Provided, however,* That a Director of a staff Division of the Commission or Office head, other than the General Counsel, whose zone of responsibility relates to the record requested (see 17 CFR 200.13 et seq.), may make a determination that access is not lawfully required to be granted and should not be granted, in which case he, and not the Privacy Act Officer, shall make the required notification to the individual making the request.

(b) *Grant of request for access.* (1) If it is determined that a request for access to records pertaining to an individual will be granted, the individual will be advised by mail that access will be given at the designated Office of the Commission or a copy of the requested record will be provided by mail if the individual shall so indicate. Where the individual requests that copies of the record be mailed to him or requests copies of a record upon reviewing it at a Commission Office, the individual shall pay the cost of making the requested copies, as set forth in § 200.310 of this subpart.

(2) In granting access to an individual to a record pertaining to him, such steps shall be taken by the Commission's staff as are necessary to prevent the unauthorized disclosure at the same time of information pertaining to individuals other than the person making the request or of other information that does not pertain to the individual.

(c) *Denial of request for access.* If it is determined that access will not be granted, the individual making the request will be notified of that fact and given the reasons why access is being

denied. The individual also will be advised (1) of his right to seek review by the General Counsel of the initial decision to deny access, in accordance with the procedures set forth in §200.308 of this subpart; and (2) of his right ultimately to obtain judicial review pursuant to 5 U.S.C. 552a(g)(1)(A) of a final denial of access by the General Counsel.

(d) *Time for acting on requests for access.* Access to a record pertaining to an individual normally will be granted or denied within 30 days (excluding Saturdays, Sundays and legal holidays) after the receipt of the request for access unless the individual making the request is notified in writing within the 30 day period that, for good cause shown, a longer time is required. In such cases, the individual making the request shall be informed in writing of the difficulties encountered and an indication shall be given as to when it is anticipated that access may be granted or denied.

(e) *Authorization to allow designated person to review and discuss records pertaining to another individual.* An individual who is granted access to records pertaining to him, and who appears at a Commission Office to review the records, may be accompanied by another person of his choosing. Where the records as to which access has been granted are not required to be disclosed under provisions of the Freedom of Information Act 5 U.S.C. 552, as amended, the individual requesting the records, before being granted access, shall execute a written statement, signed by him and the person accompanying him, which specifically authorizes the latter individual to review and discuss the records. If such authorization has not been given as described, the person who has accompanied the individual making the request will be excluded from any review or discussion of the records.

(f) *Exclusion for certain records.* Nothing contained in these rules shall allow an individual access to any informa-

tion compiled in reasonable anticipation of a civil action or proceeding.

§ 200.305 Special procedure: Medical records.

(a) *Statement of physician or mental health professional.* When an individual requests access to records pertaining to him that include medical and/or psychological information, the Commission, if it deems it necessary under the particular circumstances, may require the individual to submit with the request a signed statement by his physician or a mental health professional indicating that, in their opinion, disclosure of the requested records or information directly to the individual will not have an adverse effect on the individual.

(b) *Designation of physician or mental health professional to receive records.* If the Commission believes, in good faith, that disclosure of medical and/or psychological information directly to an individual could have an adverse effect on that individual, the individual may be asked to designate in writing a physician or mental health professional to whom he would like the records to be disclosed, and disclosure that otherwise would be made to the individual will instead be made to the designated physician or mental health professional.

§ 200.306 Requests for amendment or correction of records.

(a) *Place to make requests.* A written request by an individual to amend or correct records pertaining to him or

§ 200.307

17 CFR Ch. II (4-1-01 Edition)

her may be hand delivered during normal business hours to the SEC, Operations Center, Room 1418, 6432 General Green Way, Alexandria, VA 22312-2414, or be sent by mail to the Office of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149).

(1) *Information to be included in requests.* Each request to amend or correct a Commission record shall reasonably describe the record sought to be amended or corrected. Such description should include, for example, relevant names, dates and subject matter to permit the record to be located among the records maintained by the Commission. An individual who has requested that a record pertaining to him be amended or corrected will be advised promptly if the record cannot be located on the basis of the description given and that further identifying information is necessary before his request can be processed. An initial evaluation of a request presented in person will be made immediately to ensure that the request is complete and to indicate what, if any, additional information will be required. Verification of the individual's identity as set forth in § 200.303(a) (2), (3), (4) and (5) may also be required.

(2) *Basis for amendment or correction.* An individual requesting an amendment or correction to a record pertaining to him shall specify the substance of the amendment or correction and set forth facts and provide such materials that would support his contention that the record pertaining to him as maintained by the Commission is not accurate, timely or complete, or that the record is not necessary and relevant to accomplish a statutory purpose of the Commission as authorized by law or by Executive Order of the President.

(b) *Acknowledgement of requests for amendment or correction.* Receipt of a request to amend or correct a record pertaining to an individual normally will be acknowledged in writing within 10 days after such request has been received. When a request to amend or correct is made in person, the individual making the request will be given a written acknowledgement when

the request is presented. The acknowledgement will describe the request received and indicate when it is anticipated that action will be taken on the request. No acknowledgement will be sent when the request for amendment or correction will be reviewed, and an initial decision made, within 10 days from the date the request is received.

[40 FR 44068, Sept. 24, 1975, as amended at 47 FR 26819, June 22, 1982; 65 FR 55186, Sept. 13, 2000]

§ 200.307 Review of requests for amendment or correction.

(a) *Initial review.* As in the case of requests for access, requests by individuals for amendment or correction to records pertaining to them will be referred to the Commission's Privacy Act Officer for an initial determination, except that such requests may be considered by a Division Director or Office Head (other than the General Counsel) as set forth in § 200.304(a) of this subpart.

(b) *Standards to be applied in reviewing requests.* In reviewing requests to amend or correct records, the Privacy Act Officer, or Division or Office head, will be guided by the criteria set forth in 5 U.S.C. 552a(e)(1), i.e., that records maintained by the Commission shall contain only such information as is necessary and relevant to accomplish a statutory purpose of the Commission as required by statute or Executive Order of the President and that such information also be accurate, timely, and complete. These criteria will be applied whether the request is to add material to a record or to delete information from a record.

(c) *Time for acting on requests.* Initial review of a request by an individual to amend or correct a record pertaining to him shall be completed as promptly as is reasonably possible and normally within 30 days (excluding Saturdays, Sundays and legal holidays) from the date the request was received, unless unusual circumstances preclude completion of review within that time. If the anticipated completion date indicated in the acknowledgement cannot be met, the individual requesting the amendment will be advised in writing of the delay and the reasons therefor,

and also advised when action is expected to be completed.

(d) *Grant of requests to amend or correct records.* If a request to amend or correct a record is granted in whole or in part, the Privacy Act Officer will: (1) Advise the individual making the request in writing of the extent to which it has been granted; (2) amend or correct the record accordingly; and (3) where an accounting of disclosures of the record has been kept pursuant to 5 U.S.C. 552a(c), advise all previous recipients of the record of the fact that the record has been amended or corrected and the substance of the amendment or correction.

(e) *Denial of requests to amend or correct records.* If an individual's request to amend or correct a record pertaining to him is denied in whole or in part, the Privacy Act Officer will:

(1) Promptly advise the individual making the request in writing of the extent to which the request has been denied;

(2) State the reasons for the denial of the request;

(3) Describe the procedures established by the Commission to obtain further review within the Commission of the request to amend or correct, including the name and address of the person to whom the appeal is to be addressed; and

(4) Inform the individual that the Privacy Act Officer will provide information and assistance to the individual in perfecting an appeal of the initial decision.

(a) *Administrative review.* Any person who has been notified pursuant to § 200.304(c) that his request for access to records pertaining to him has been de-

nied, or pursuant to Section 307(e) of this subpart that his request for amendment or correction has been denied in whole or in part, or who has received no response to a request for access or to amend within 30 days (excluding Saturdays, Sundays and legal holidays) after his request was received by the Office of Information and Privacy Act Operations (or within such extended period as may be permitted in accordance with §§ 200.304(d) and 200.307(c) of this subpart), may appeal the adverse determination or failure to respond to the General Counsel.

(1) The appeal shall be in writing and shall describe the record in issue and set forth the proposed amendment or correction and the reasons therefor.

(2) The appeal shall be delivered or sent by mail to the Office of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149).

(3) The applicant, if he wishes, may state such facts and cite such legal or other authorities as he may consider appropriate in support of his application.

(4) The General Counsel will make a determination with respect to any appeal within 30 days after the receipt of such appeal (excluding Saturdays, Sundays and legal holidays), unless for good cause shown, the General Counsel shall extend that period. If such an extension is made, the individual who is appealing shall be advised in writing of the extension, the reasons therefor, and the anticipated date when the appeal will be decided.

(5) In considering an appeal from a denial of a request to amend or correct a record, the General Counsel shall apply the same standards as set forth in § 200.307(b).

(6) If the General Counsel shall conclude that access should be granted, he or she shall issue an order granting access and instructing the Privacy Act Officer to comply with § 200.304(b).

(7) If the General Counsel shall conclude that the request to amend or correct the record should be granted in whole or in part, he or she shall issue an order granting the requested amendment or correction in whole or in part and instructing the Privacy Act Officer

to comply with the requirements of § 200.307(d) of this subpart, to the extent applicable.

(8) If the General Counsel affirms the initial decision denying access, he or she shall issue an order denying access and advising the individual seeking access of (i) The order; (ii) the reasons for denying access; and (iii) the individual's right to obtain judicial review of the decision pursuant to 5 U.S.C. 552a(g)(1)(B).

(9) If the General Counsel determines that the decision of the Privacy Act Officer denying a request to amend or correct a record should be upheld, he or she shall issue an order denying the request and the individual shall be advised of

(i) The order refusing to amend or correct the record and the reasons therefor;

(ii) His or her right to file a concise statement setting forth his or her disagreement with the General Counsel's decision not to amend or correct the record;

(iii) The procedures for filing such a statement of disagreement with the General Counsel;

(iv) The fact that any such statement of disagreement will be made available to anyone to whom the record is disclosed, together with, if the General Counsel deems it appropriate, a brief statement setting forth the General Counsel's reasons for refusing to amend or correct;

(v) The fact that prior recipients of the record in issue will be provided with the statement of disagreement and the General Counsel's statement, if any, to the extent that an accounting of such disclosures has been maintained pursuant to 5 U.S.C. 552a(c); and

(vi) The individual's right to seek judicial review of the General Counsel's refusal to amend or correct, pursuant to 5 U.S.C. 552a(g)(1)(A).

(10) In appropriate cases the General Counsel may, in his or her sole and unfettered discretion, refer matters requiring administrative review of initial decisions to the Commission for determination and the issuance, where indicated, of orders.

(b) *Statement of disagreement.* As noted in paragraph (a)(9)(ii) of this section, an individual may file with the General

Counsel a statement setting forth his disagreement with the General Counsel's denial of his request to amend or correct a record.

(1) Such statement of disagreement shall be delivered or sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149), within 30 days after receipt by the individual of the General Counsel's order denying the amendment or correction. For good cause shown this period can be extended for a reasonable time.

(2) Such statement of disagreement shall concisely state the basis for the individual's agreement. Generally a statement should be no more than two pages in length, except an individual may submit a slightly longer statement if it is necessary to set forth his disagreement effectively. Unduly lengthy or irrelevant materials will be returned to the individual by the General Counsel for appropriate revisions before they become a permanent part of the individual's record.

(3) The record about which a statement of disagreement has been filed will clearly note which part of the record is disputed and the General Counsel will provide copies of the statement of disagreement and, if the General Counsel deems it appropriate, provide a concise statement of his or her reasons for refusing to amend or correct the record, to persons or other agencies to whom the record has been or will be disclosed.

(4) In appropriate cases, the General Counsel may, in his or her sole and unfettered discretion, refer matters concerning statements of disagreement to the Commission for disposition.

§ 200.309 General provisions.

(a) *Extensions of time.* Pursuant to §§ 200.303(b), 200.304(d), 200.307(c) and 200.308(a)(4) of this subpart, the time within which a request for information, access or amendment by an individual with respect to records maintained by the Commission that pertain to him normally would be processed may be extended for good cause shown or because of unusual circumstances. As used in these rules, *good cause* and *unusual circumstances* shall include, but only to the extent reasonably necessary to the proper processing of a particular request:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the Office processing the request. Many records of the Commission are stored in Federal Records Centers in accordance with law—including many of the documents which have been on file with the Commission for more than 2 years—and cannot be made available promptly. Other records may temporarily be located at a Regional or District Office of the Commission. Any person who has requested for personal examination a record stored at the Federal Records Center or temporarily located in a Regional or District Office of the Commission will be notified when the record will be made available to him.

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which may be demanded in a single request. While every reasonable effort will be made fully to comply with each request as promptly as possible on a first-come, first-served basis, work done to search for, collect and appropriately examine records in response to a request for a large number of records will be contingent upon the availability of processing personnel in accordance with an equitable allocation of time to all members of the public who have requested or wish to request records.

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request, or among two or more components within the Commis-

sion having substantial subject-matter interest therein.

(b) *Effective date of action.* Whenever it is provided in this Subpart that an acknowledgement or response to a request will be given by specific times, deposit in the mails of such acknowledgement or response by that time, addressed to the person making the request, will be deemed full compliance.

(c) *Records in use by a member of the Commission or its staff.* Although every effort will be made to make a record in use by a member of the Commission or its staff available when requested, it may occasionally be necessary to delay making such a record available when doing so at the time the request is made would seriously interfere with the work of the Commission or its staff.

(d) *Missing or lost records.* Any person who has requested a record or a copy of a record pertaining to him will be notified if the record sought cannot be found. If he so requests, he will be notified if the record subsequently is found.

(e) *Oral requests; misdirected written requests—(1) Telephone and other oral requests.* Before responding to any request by an individual for information concerning whether records maintained by the Commission in a system of records pertain to him or to any request for access to records by an individual, such request must be in writing and signed by the individual making the request. The General Counsel will not entertain any appeal from an alleged denial or failure to comply with an oral request. Any person who has orally requested information or access to records pertaining to him that he believes to have been improperly denied to him should resubmit his request in appropriate written form in order to obtain proper consideration and, if need be, administrative review.

(2) *Misdirected written requests.* The Commission cannot assure that a timely or satisfactory response will be given to written requests for information, access or amendment by an individual with respect to records pertaining to him that are directed to the Commission other than in a manner prescribed in §§ 200.303(a), 200.306(a), 200.308(a)(2), and 200.310 of this subpart.

§ 200.310

Any staff member who receives a written request for information, access or amendment should promptly forward the request to the Privacy Act Officer. Misdirected requests for records will be considered to have been received by the Commission only when they have been actually received by the Privacy Act Officer in cases under § 200.308(a)(2). The General Counsel will not entertain any appeal from an alleged denial or failure to comply with a misdirected request, unless it is clearly shown that the request was in fact received by the Privacy Act Officer.

§ 200.310 Fees.

(a) A request by an individual for copies of a record pertaining to him or her that is maintained by the Commission may be sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149). There will be no charge assessed to the individual for the Commission's expense involved in searching for or reviewing the record. Copies of the Commission's records will be provided by a commercial copier or by the Commission at rates established by a contract between the copier and the Commission.

(b) *Waiver or reduction of fees.* Whenever the Privacy Act Officer determines that good cause exists to grant a request for reduction or waiver of fees for copying documents, he or she may reduce or waive any such fees.

§ 200.400 Open meetings.

Except as otherwise provided in this subpart, meetings of the Commission shall be open to public observation.

§ 200.401 Definitions.

As used in this subpart:

(a) *Meeting* means the joint deliberations of at least the number of individual members of the Securities and Exchange Commission required to take action on behalf of the Commission where such deliberations determine or result in the joint conduct or disposition of official Commission business, but does not include deliberations required or permitted by § 200.42 or § 200.43 (respecting seriatim and duty officer disposition of Commission business, respectively), or by §§ 200.403, 200.404, or 200.405 (respecting whether particular Commission deliberations shall be open or closed and related matters).

(b) *Portion of a meeting* means the consideration during a meeting of a particular topic or item separately identified in the notice of Commission meetings described in § 200.403.

(c) *Open*, when used in the context of a Commission meeting or a portion thereof, means that the public may attend and observe the deliberations of the Commission during such meeting or portion of a meeting, consistent with the provisions of § 200.410 (respecting decorum at meetings and other related matters).

L. 94-409, as implemented by this subpart, to consider or discuss at a closed meeting (or a closed portion of a meeting).

(g) The term *financial institution*, as used in § 200.402(a), authorizing the closure of certain Commission meetings, includes, but is not limited to, banks, savings and loan associations, credit unions, brokers and dealers in securities or commodities, exchanges dealing in securities or commodities, national securities associations, investment companies, investment advisers, securities industry self-regulatory organizations subject to 15 U.S.C. 78s, and institutional managers as defined in 15 U.S.C. 78m(f).

(ii) Hiring, termination, promotion, discipline, compensation, or reward of any Commission employee or member, the existence, investigation, or disposition of a complaint against any Commission employee or member, the physical or mental condition of any Commission employee or member, the handling of strictly internal matters, which would tend to infringe on the privacy of the staff or members of the Commission, or similar subjects.

(3) Disclose matters specifically exempted from disclosure by statute (other than 5 U.S.C. 552): *Provided*, That such statute requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(v) Seek from, act upon, or act jointly with respect to, any information, file, document, or record where such action could lead to accusing any person of a crime or formally censuring any person by any entity described in paragraph (a)(5)(iv) of this section.

(6) Disclose information of a personal nature, where disclosure would constitute a clearly unwarranted invasion of personal privacy.

(7)(i) Disclose investigatory records compiled for law enforcement purposes, or information which, if written, would be contained in such records, to the extent that the production of such records would:

(A) Interfere with enforcement activities undertaken, or likely to be undertaken, by the Commission or the Department of Justice, or any United States Attorney, or any Federal, State, local, or foreign governmental authority or foreign securities authority, any professional association, or any securities industry self-regulatory organization;

(C) Constitute an unwarranted invasion of personal privacy;

(D) Disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source;

(E) Disclose investigative techniques and procedures; or

(F) Endanger the life or physical safety of law enforcement personnel.

(ii) The term *investigatory records* includes, but is not limited to, all documents, records, transcripts, evidentiary materials of any nature, correspondence, related memoranda, or work product concerning any examination, any investigation (whether formal or informal), or any related litigation, which pertains to, or may disclose, the possible violation by any person of any provision of any statute, rule, or regulation administered by the Commission, by any other Federal, State, local, or foreign governmental authority or foreign securities authority, by any professional association, or by any securities industry self-regulatory organization. The term *investigatory records* also includes all written communications from, or to, any person complaining or otherwise furnishing information respecting such possible violations, as well as all correspondence or memoranda in connection with such complaints or information.

(8) Disclose information contained in, or related to, any examination, operating, or condition report prepared by, on behalf of, or for the use of, the Commission, any other federal, state, local, or foreign governmental authority or foreign securities authority, or any securities industry self-regulatory organization, responsible for the regulation or supervision of financial institutions.

(9) Disclose information the premature disclosure of which would be likely to

(i)(A) Lead to significant financial speculation in currencies, securities, or commodities, including, but not limited to, discussions concerning the proposed or continued suspension of trad-

ing in any security, or the possible investigation of, or institution of activity concerning, any person with respect to conduct involving or affecting publicly-traded securities, or

(B) Significantly endanger the stability of any financial institution; or

(ii) Significantly frustrate the implementation, or the proposed implementation, of any action by the Commission, any other federal, state, local or foreign governmental authority, any foreign securities authority, or any securities industry self-regulatory organization: *Provided, however,* That this paragraph (a)(9)(ii) shall not apply in any instance where the Commission has already disclosed to the public the precise content or nature of its proposed action, or where the Commission is expressly required by law to make such disclosure on its own initiative prior to taking final agency action on such proposal.

(10) Specifically concern the Commission's consideration of, or its actual: Issuance of a subpoena (whether by the Commission directly or by any Commission employee or member); participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration; or initiation, conduct, or disposition of a particular case of formal adjudication pursuant to the procedures in 5 U.S.C. 554, or otherwise involving a determination on the record after opportunity for a hearing; including, but not limited to, matters involving

(i) The institution, prosecution, adjudication, dismissal, settlement, or amendment of any administrative proceeding, whether public or nonpublic; or

(2) Every announcement of a Commission meeting described in this subsection, or any amended announcement described in paragraph (c), shall be transmitted to the FEDERAL REGISTER for publication.

(b) *Time of notice.* The announcement of Commission meetings referred to in paragraph (a) shall be made publicly available (and submitted immediately thereafter to the FEDERAL REGISTER for publication) at least one week prior to the consideration of any item listed therein, except where a majority of the members of the Commission determine, by a recorded vote, that Commission business requires earlier consideration of the matter. In the event of such a determination, the announcement shall be made publicly available (and submitted to the FEDERAL REGISTER) at the earliest practicable time.

(c) *Amendments to notice.* (1)(i) The time or place of a meeting may be changed following any public announcement that may be required by paragraph (a). In the event of such action, the Commission shall announce the change at the earliest practicable time.

(ii) The subject matter of a meeting, or the determination of the Commission to open or close a meeting (or a portion of a meeting), may be changed following any public announcement that may be required by paragraph (a),

§ 200.404

if (A) a majority of the entire membership of the Commission determines, by a recorded vote, that Commission business so requires and that no earlier announcement of the change was possible; and (B) the Commission publicly announces such change and the vote of each member upon such change at the earliest practicable time.

(2) Notwithstanding the provisions of this paragraph (c), matters which have been announced for Commission consideration may be deleted, or continued in whole or in part to the next scheduled Commission meeting, without notice.

(d) *Notice of meetings closed pursuant to special procedure.* In the case of meetings closed pursuant to the special procedures set forth in § 200.405, the Commission shall make publicly available, in whole or in summary form,

The announcement described in this subsection shall be made publicly available at the earliest practicable time, and may be combined, in whole or in part, with the announcement described in paragraph (a).

NOTE: The Commission intends, to the extent convenient, to adhere to the following schedule in organizing its weekly agenda: Closed meetings to consider matters concerning the enforcement of the federal securities laws and the conduct of related investigations will generally be held on Tuesdays and on Thursday afternoons. An open meeting will generally be held each Thursday morning to consider matters of any appropriate nature. On Wednesdays, either open or closed meetings, or both, will generally be held according to the requirements of the Commission's agenda for the week in question. Normally, no meetings will be scheduled on Mondays, Fridays, Saturdays, Sundays, or legal holidays.

The foregoing tentative general schedule is set forth for the guidance of the public, but is not, in any event, binding upon the Commission. In every case, the scheduling of Commission meetings shall be determined by the demands of Commission business, consistent with the requirements of this subpart I. When feasible, the Commission will endeavor to announce the subject matter of all then-contemplated open meetings during a

particular month at least one week prior to the commencement of that month.

When and if convenient after the conclusion of a closed Commission meeting, the Commission will endeavor to make publicly available a notice describing (subject to the provision in § 200.402(d) regarding nonpublic matter in announcements) the items considered at that meeting and any action taken thereon.

§ 200.404 General procedure for determination to close meeting.

(a) *Action to close meeting.* Action to close a meeting pursuant to § 200.402(a) or (c) shall be taken only upon a vote of a majority of the entire membership of the Commission. A separate vote of the Commission members shall be taken with respect to each Commission meeting a portion or portions of which are proposed to be closed to the public pursuant to § 200.402(a), or with respect to any information which is proposed to be withheld under § 200.402(d); *Provided, however,* That a single vote may be taken with respect to a series of meetings, a portion or portions of which are proposed to be closed, or with respect to any information concerning such series of meetings, so long as each meeting in such series relates to the same matters and is scheduled to be held no more than thirty days after the initial meeting in such series. The vote of each Commission member participating in such vote shall be recorded and no proxies shall be allowed.

(b) *Action to close meeting.* The Commission may, by recorded vote of a majority of its members at the commencement of any meeting or portion thereof, determine to close any meeting or a portion thereof properly subject to being closed pursuant to § 200.402(a) (4), (8), (9)(i), or (10), or any combination thereof. The procedure described in this rule may be utilized notwithstanding the fact that a meeting or portion thereof properly subject to being closed pursuant to § 200.402(a) (4), (8), (9)(i), or (10), or any combination thereof, could also be closed pursuant to § 200.402(a) (1), (2), (3), (5), (6), (7), or (9)(ii), or any combination thereof.

(c) *Announcement of action to close meeting.* In the case of a meeting or a portion of a meeting closed pursuant to this rule, as soon as practicable the Commission shall make publicly available:

(1) A written record reflecting the vote of each participating member of the Commission to close the meeting; and

(2) The certification described in § 200.406, executed by the Commission's General Counsel.

§ 200.406 Certification by the General Counsel.

§ 200.407 Transcripts, minutes, and other documents concerning closed Commission meetings.

(a) *Record of closed meetings.* Except as provided in § 200.407(b), the Commis-

sion's Secretary shall prepare a complete transcript or electronic recording adequate to record fully the proceedings of each closed meeting, or closed portion of a meeting.

(b) *Minutes of closed meetings.* In the case of a meeting, or portion of a meeting, closed to the public pursuant to § 200.402(a) (8), (9)(i), or (10), the Secretary may, in his or her discretion or at the direction of the Commission, prepare either the transcript or recording described in § 200.407(a), or a set of minutes. Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollcall vote (reflecting the vote of each participating Commission member on the question). All documents specifically considered by the Commission in connection with any action shall be identified in such minutes are maintained.

(c) *Retention of certificate and statement.* The Secretary shall retain a copy of every certification executed by the General Counsel pursuant to § 200.406, together with a statement from the presiding officer of the meeting, or portion of a meeting to which the certification applies, setting forth the time and place of the meeting, and the persons present.

(d) *Minute Record.* Nothing herein shall affect the provisions of §§ 200.13a and 200.40 requiring the Secretary to prepare and maintain a Minute Record reflecting the official actions of the Commission.

§ 200.408 Public access to transcripts and minutes of closed Commission meetings; record retention.

(a) *Public access to record.* Within twenty days (excluding Saturdays, Sundays, and legal holidays) of the receipt by the Commission's Freedom of Information Act Officer of a written request, or within such extended period as may be agreeable to the person making the request, the Secretary shall make available for inspection by any person in the Commission's Public Reference Room, the transcript, electronic recording, or minutes (as required by § 200.407 (a) or (b)) of the discussion of

§ 200.409

any item on the agenda, except for such item or items as the Freedom of Information Act Officer determines to involve matters which may be withheld under § 200.402 or otherwise. Copies of such transcript, or minutes, or a transcription of such recording disclosing the identity of each speaker, shall be furnished to any person at the actual cost of duplication, as set forth in § 200.80e, and, if a transcript is prepared, the actual cost of such transcription.

(b) *Review of deletion from record.* Any person who has been notified that the Freedom of Information Act Officer has determined to withhold any transcript, recording, or minute, or portion thereof, which was the subject of a request for access pursuant to § 200.402(a), or any person who has not received a response to his or her own request within the 20 days specified in § 200.408(a), may appeal the adverse determination or failure to respond by applying for an order of the Commission determining and directing that the transcript, recording or minute, or deleted portion thereof, be made available. Such application shall be in writing and should be directed to the Secretary, Securities and Exchange Commission, Washington, DC 20549. The applicant shall state such facts and cite such legal or other authorities as the applicant may consider appropriate. The Commission shall make a determination with respect to any appeal pursuant to this subsection within 20 days (excepting Saturdays, Sundays and legal public holidays) after the receipt of such appeal, or within such extended period as may be agreeable to the person making the request. The Commission may determine to withhold any record that is exempt from disclosure pursuant to § 200.402(a), although it may disclose a record, even if exempt, if, in its discretion, it determines it to be appropriate to do so.

(c) *Retention of record.* The Commission, by its Secretary, shall retain a complete verbatim copy of the transcript, or a complete copy of the minutes, or a complete electronic recording of each meeting, or portion of a meeting, closed to the public, for a period of at least two years after such meeting, or until one year after the

§ 200.409 Administrative appeals.

(a) *Review of determination to open meeting.* Following any announcement stating that the Commission intends to open a meeting or a portion thereof, any person whose interests may be directly and substantially affected by the disposition of the matter to be discussed at such meeting may make a request, directed to the Commission's Secretary, that the meeting, or relevant portion thereof, be closed pursuant to § 200.402(a) (5), (6), or (7). The Secretary shall circulate such a request to the members of the Commission, along with a supporting statement provided by the requestor setting forth the requestor's interest in the matter and the reasons why the requestor believes that the meeting (or portion thereof) should be closed, and the Commission, upon the request of any one of its members, shall vote by recorded vote on whether to close such meeting or portion.

(b) *Review of determination to close meeting.* Following any announcement that the Commission intends to close a meeting or a portion thereof, any person may make written or telegraphic request, directed to the Commission's Secretary, that the meeting or a portion thereof be open. § 200.502

meeting or portion thereof. The Commission may exclude any person from attendance at any meeting whenever necessary to preserve decorum, or where appropriate or necessary for health or safety reasons, or where necessary to terminate behavior unauthorized by this paragraph (a). Any person desiring to photograph or videotape the Commission's proceedings may apply to the Secretary for permission to do so at least 48 hours in advance of the meeting in question. The Commission's determination to permit photography or videotaping at any meeting is confined to its exclusive discretion, and will be granted only if such activities will not result in undue disruption of Commission proceedings.

(b) *Suspension of open meeting.* Subject to the satisfaction of any procedural requirements which may be required by this subpart, nothing in this subpart shall preclude the Commission from directing that the room be cleared of spectators, temporarily or permanently, whenever it appears that the discussion during an open Commission meeting is likely to involve any matter described in §200.402(a) (respecting closed meetings).

(c) *Access to Commission documents.* Except as expressly provided, nothing in this subpart shall authorize any person to obtain access to any document not otherwise available to the public or not required to be disclosed pursuant to subpart D. (3) With respect to any other program or activity, an individual with handicaps who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity; and

(4) *Qualified handicapped person* as that term is defined for purposes of employment in 29 CFR 1613.702(f), which is made applicable to this regulation by § 200.640.

§§ 200.604—200.609 [Reserved]

§ 200.610 Self-evaluation.

(a) The agency shall, by September 6, 1989, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this regulation and, to the extent modification of any such policies and practices is required, the agency shall proceed to make the necessary modifications.

(b) The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The agency shall, for at least three years following completion of the self-evaluation, maintain on file and make available for public inspection:

(1) A description of areas examined and any problems identified; and

(2) A description of any modifications made.

§ 200.611 Notice.

The agency shall make available to employees, applicants, participants, beneficiaries, and other interested per-

sons such information regarding the provisions of this regulation and its applicability to the programs or activities conducted by the agency, and make such information available to them in such manner as the head of the agency finds necessary to apprise such persons of the protections against discrimination assured them by section 504 and this regulation.

§§ 200.612—200.629 [Reserved]

§ 200.630 General prohibitions against discrimination.

(a) No qualified individual with handicaps shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

(b)(1) The agency, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified individual with handicaps the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified individual with handicaps an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified individual with handicaps with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to individuals with handicaps or to any class of individuals with handicaps than is provided to others unless such action is necessary to provide qualified individuals with handicaps with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified individual with handicaps the opportunity to participate as a member of planning or advisory boards;

(vi) Otherwise limit a qualified individual with handicaps in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified individual with handicaps the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified individuals with handicaps to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude individuals with handicaps from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified individuals with handicaps to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified individuals with handicaps to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with handicaps to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this regulation.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Execu-

tive order to individuals with handicaps or the exclusion of a specific class of individuals with handicaps from a program limited by Federal statute or Executive order to a different class of individuals with handicaps is not prohibited by this regulation.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with handicaps.

§§ 200.631–200.639 [Reserved]

§ 200.640 Employment.

No qualified individual with handicaps shall, on the basis of handicap, be subject to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§ 200.641–200.648 [Reserved]

§ 200.649 Program accessibility: Discrimination prohibited.

Except as otherwise provided in §200.650, no qualified individual with handicaps shall, because the agency's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 200.650 Program accessibility: Existing facilities.

(a) *General.* The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by individuals with handicaps;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant

historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 200.650(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) *Methods*—(1) *General*. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the

agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(2) *Historic preservation programs*. In meeting the requirements of § 200.650(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to individuals with handicaps. In cases where a physical alteration to an historic property is not required because of § 200.650(a) (2) or (3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide individuals with handicaps into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) *Time period for compliance*. The agency shall comply with the obligations established under this section by November 7, 1988, except that where structural changes in facilities are undertaken, such changes shall be made by September 6, 1991, but in any event as expeditiously as possible.

(d) *Transition plan*. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by March 6, 1989, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

§ 200.651

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 200.651 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600 to 101–19.607, apply to buildings covered by this section.

§§ 200.652–200.659 [Reserved]

§ 200.660 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the individual with handicaps.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used to communicate with persons with impaired hearing.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence

17 CFR Ch. II (4–1–01 Edition)

and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 200.660 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§§ 200.661–200.669 [Reserved]

§ 200.670 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs and activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity

Securities and Exchange Commission

§ 200.735-1

Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Equal Employment Opportunity Manager shall be responsible for coordinating implementation of this section. Complaints may be sent to the EEO Manager, 450 Fifth Street NW., Washington, DC 20549.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by §200.670(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional infor-

mation to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

Subpart M—Regulation Concerning Conduct of Members and Employees and Former Members and Employees of the Commission

AUTHORITY: 15 U.S.C. 77s, 78w, 79t, 77sss, 80a-37, 80b-11; E.O. 11222, 3 CFR, 1964-1965 Comp.; 5 CFR 735.104 unless otherwise noted.

SOURCE: 45 FR 36064, May 29, 1980, unless otherwise noted.

§ 200.735-1 Purpose.

This subpart sets forth the standards of ethical conduct required of members, employees and special Government employees, and former members and employees of the Securities and Exchange Commission. It is a further revision of a comprehensive conduct regulation first adopted by the Commission in 1953 “to restate the ethical principles which it believes should govern and have governed the conduct of members and employees and former members and employees of the Commission.”¹ This revision is necessary to provide members, employees, special Government employees and former

¹The last major revision of the Conduct Regulation was done in 1966 to implement Executive Order 11222, May 8, 1965, and part 735 of the Civil Service Commission regulations (5 CFR part 735) adopted pursuant thereto. It also contains references to the several applicable statutes governing employee conduct, particularly Pub. L. 87-849 (76 Stat. 1119, 18 U.S.C. 201 *et seq.*), and the “Code of Ethics for Government Service,” House Concurrent Resolution 175, 85th Congress, 2d session (72 Stat. B 12).

§ 200.735-2

Commission members and employees with a comprehensive statement of standards of conduct which are dictated by applicable Federal law, Executive orders, and the Commission's own requirements.

§ 200.735-2 Policy.

(a) The Securities and Exchange Commission has been entrusted by Congress with the protection of the public interest in a highly significant area of our national economy. In view of the effect which Commission action frequently has on the general public, it is important that members, employees and special Government employees maintain unusually high standards of honesty, integrity, impartiality and conduct. They must be constantly aware of the need to avoid situations which might result either in actual or apparent misconduct or conflicts of interest and to conduct themselves in their official relationships in a manner which commands the respect and confidence of their fellow citizens.

(b) For these reasons, members, employees and special Government employees should at all times abide by the standards of conduct set forth in this subpart, the canons of ethics for members of the Securities and Exchange Commission (subpart C of this part 200) and, in the case of a professional person, the ethical standards applicable to the profession of such person.

§ 200.735-3 General provisions.

(a)(1) In considering the prohibitions of this section, members and employees must constantly be aware that the provisions here enumerated set forth standards of conduct which are broader than the specific applications stated in the rules which follow. Therefore, members and employees should look to these general prohibitions when assessing the advisability of a particular course of conduct. The broadly stated provisions of this rule are aimed at eliminating the appearance of impropriety as well as any actual wrongdoing.

(2) Accordingly, a member or employee should avoid any action, whether or not specifically prohibited by law or regulation (including the provisions of this subpart), which would result in

17 CFR Ch. II (4-1-01 Edition)

or might create appearance of, among other things:

- (i) Using public office for private gain;
- (ii) Giving preferential treatment to any organization or person;
- (iii) Losing complete independence or impartiality;
- (iv) Making a Government decision outside official channels; or
- (v) Affecting adversely the confidence of the public in the integrity of the Government.

(3) While provisions applicable to all employees of the Commission are outlined in this regulation, certain Offices or Divisions for management reasons may require more stringent regulations in certain areas. These may be imposed by Division Directors, Office Heads or Regional Administrators with the consent of the Chairman and the approval of the Office of Government Ethics. Should such additional regulations be imposed, all employees affected must be notified ten days before the effective date of the restriction or at the time of their employment.

(b) A member or employee of the Commission shall not:

- (1) Engage, directly or indirectly, in any personal business transaction or private arrangement for personal profit the opportunity for which arises because of his or her official position or authority, or that is based upon confidential or nonpublic information which he or she gains by reason of such position or authority.²

²Detailed provisions regarding outside or private employment and transactions in securities and commodities are set forth in §§200.735-4 and 200.735-5, respectively. Further provisions regarding use and disclosure of confidential information are set forth in paragraph (b) of this section and in the note appended thereto.

Members of the Commission are subject also to the following prohibition in section 4(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78d(a)): “* * * No Commissioner shall engage in any other business, vocation, or employment than that of serving as Commissioner, nor shall any Commissioner participate, directly or indirectly, in any stock market operations or transactions of a character subject to regulation by the Commission pursuant to this title * * *.” This does not preclude Commissioners from engaging in securities transactions. See Opinion letter dated February 11, 1975, sent by the Office of

(2) Solicit or accept, directly or indirectly, any gift, gratuity, favor, entertainment, loan, service, or any other thing of monetary value from any person with whom he or she transacts business on behalf of the United States:

(i) Who has, or is seeking to obtain, contractual or other business or financial relations with the Commission;

(ii) Who conducts operations or activities regulated by the Commission; or

(iii) Who has interests that may be substantially affected by the performance or non-performance of his or her official duty.

(3) The restrictions of paragraph (b)(2) of this section do not prohibit members and employees from the following:

(i) The acceptance of food and refreshments, not lavish in kind, offered free in the course of a meeting or other group function, not connected with an inspection or investigation, at which attendance is desirable because it will assist the member or employee in performing his or her official duties. Members shall determine for themselves and their staffs the propriety of accepting such invitations. Division Directors, Office Heads, and Regional Administrators are authorized to make such determinations for themselves and their subordinates. Staff members are required to advise their Division Director, Office Head, or Regional Administrator of invitations received from entities described in paragraph (b)(2) of this section.

(ii) The acceptance of items of value when the circumstances make it clear that it is family or personal relationships rather than the business of the persons concerned which govern and are the motivating factors.

(iii) The acceptance of unsolicited advertising or promotional material, such as pens, pencils, notepads, calendars and other items of modest value.

(iv) The acceptance of meals and refreshments as provided to all panelists,

the General Counsel to David Reich, Ethics Counselor at the Civil Service Commission. In addition, members of the Commission are subject to the requirements of Executive Order 11222 of May 8, 1965.

when participating as a panelist in an educational program.

(v) The acceptance of gifts given for participation in an educational program when they are (A) of modest value; or (B) provided to all participants in the program; or (C) in the nature of a remembrance traditional to the particular sponsor institution.

(vi) For purposes of this subpart, *person* means an individual, a corporation, a company, an association, a firm, a partnership, a society, a joint stock company; or any other organization or institution or anyone who acts for such a person in a representative capacity.³

(4) Solicit contributions from another employee for a gift to an employee in a superior official position. An employee in a superior official position shall not accept a gift presented as a contribution from employees receiving less salary than himself or herself. An employee shall not make a donation as a gift to an employee in a superior official position (5 U.S.C. 7351). However, this paragraph does not prohibit the occasional giving of gifts of modest value to an employee in a superior position or the receipt of such gifts by a superior or the use of completely voluntary contributions of nominal amounts by employees within the Commission to establish funds for the limited purpose of providing token remembrances or gifts of modest value to an employee in a superior position on special occasions.

³Members and employees of the Commission are subject also to provisions of the Federal criminal code which prohibit, (1) any officer or employee of the United States from asking, accepting or receiving any money or other thing of value in connection with any matter before him or her in his or her official capacity, (18 U.S.C. 203); and (2) the compensation of government employees for services to the government by entities other than the United States (18 U.S.C. 209). In addition, members are prohibited by 5 CFR 735.203(c) from receiving compensation or anything of monetary value for any consultation, lecture, discussion, writing, or appearance, the subject matter of which is devoted substantially to the responsibilities, programs, or operations of the Commission or which draws substantially on official data or ideas which have not become part of the body of public information. See also 17 CFR 200.735-4.

(5) Accept from a foreign government a gift, decoration or other thing of more than minimal value except in accordance with the provisions of 5 U.S.C. 7342.

(6) Discuss or entertain a proposal for future employment by any person outside the Government with whom he or she is personally and substantially involved in transacting business on behalf of the United States.⁴

(i) If an employee wishes to discuss future employment with another Government agency, this fact should be disclosed to the employee's Division Director, Office Head or Regional Administrator prior to any discussion regarding employment, if at that time the employee is representing the Commission in a particular matter in which the other agency is taking a position adverse to the Commission.

(7)(i) Divulge to any unauthorized person or release in advance of authorization for its release⁵ any nonpublic Commission document, or any information contained in any such document or any confidential information: (A) In contravention of the rules and regulations of the Commission promulgated under 5 U.S.C. 552, 552a and 552b; or (B) in circumstances where the Commission has determined to accord such information confidential treatment.

(ii) Except where the Commission or the General Counsel, pursuant to delegated authority, has previously granted approval or in relation to a Commission administrative proceeding or a judicial proceeding in which the Commission, or a present or former Commissioner, or present or former member of the staff, represented by Commission counsel, is a party, any officer, employee or former officer or employee who is served with a subpoena requiring the disclosure of confidential or non-public information or documents shall, unless the Commission or the

⁴Detailed provisions regarding negotiations for future employment are set forth in § 200.735-7.

⁵In Section 171 of the Commission's Manual of Administrative Regulations the Commission's policy on making available non-public information to Federal, State and foreign government authorities, national securities exchanges and national securities associations is outlined.

General Counsel, pursuant to delegated authority, authorizes the disclosure of such information or documents, respectfully decline to disclose the information or produce the documents called for, basing his or her refusal on this paragraph.

(iii) Any member, employee or former member or employee who is served with such a subpoena not covered by the exceptions in paragraph (b)(7)(ii) of this section shall promptly advise the General Counsel of the service of such subpoena, the nature of the information or documents sought, and any circumstances which may bear upon the desirability in the public interest of making available such information or documents.⁶ The Commission or the General Counsel, pursuant to delegated authority, shall authorize the disclosure of non-expert, non-privileged, factual staff testimony and the production of non-privileged documents when validly subpoenaed.

(8) Act in any official matter with respect to which there exists a personal interest incompatible with an unbiased exercise of official judgment.⁷

Division Directors, Office Heads and Regional Administrators may, for their own activities meeting the same criteria, obtain the concurrence of the Executive Director.

§ 200.735-4 Outside employment and activities.

(a) No member or employee shall permit his or her name to be associated in any way with any legal, accounting or other professional firm or office.⁸

(b)(1) No employee shall have any outside or private employment, activity, or affiliation incompatible with concurrent employment by the Commission. Incompatible activities include but are not limited to

(i) Employment or association with any securities exchange, association of securities dealers, or other self-regulatory organization either registered under the Securities Exchange Act of 1934 or otherwise involved with the securities industry, any registered broker, dealer, registered municipal securities dealer, public utility holding company, investment company, investment adviser, securities information processor, transfer agent, clearing agency or other persons who are subject to regulation by the Commission, or where the facts relating to a particular employment would create an appearance of impropriety, because the employment is directly or indirectly related to the issuance, sale, purchase or investment of securities;

(ii) Legal, accounting, or engineering work for compensation involving matters in which the Federal government may be significantly interested;

(iii) Acceptance of a fee, compensation, gift, payment of expense, or any other thing of monetary value in circumstances in which acceptance may result in or create the appearance of conflicts of interest;

(iv) Outside employment or activity which impairs the employee's mental or physical capacity to perform his or her Commission duties and responsibilities in an acceptable manner;

(2) For the purposes of this paragraph (b), the private employment of an employee's spouse, or other member of his or her immediate household with any securities exchange, association of securities dealers, or other self-regulatory organization either registered under the Securities Exchange Act of 1934 or otherwise involved in the securities industry, any registered broker, dealer, registered municipal securities dealer, public utility holding company, investment company, investment adviser, securities information processor, transfer agent, clearing agency or other persons who are subject to regulation by the Commission, or where the particular employment is directly related to the issuance, sale, purchase or investment of securities is deemed to be incompatible with the employee's

⁸With respect to members, this paragraph supplements the statutory prohibition against outside employment contained in section 4(a) of the Securities Exchange Act of 1934, quoted in footnote 2. Except as otherwise indicated, the remaining provisions of this section are not made applicable to members in view of the provisions of section 4(a) of the Securities Exchange Act of 1934.

concurrent employment by the Commission if the duties and activities incident to such employment relate directly to the official activities of the Commission employee, except as determined otherwise by the Commission in a specific case.

(i) *Member of his or her immediate household* is defined for the purposes of this paragraph as a resident of the employee's household who is related to the employee by blood or marriage.

(3) No employee shall accept or perform outside employment prohibited by law, regulations of the Office of Personnel Management or the rules in this subpart.

(4) No employee shall receive any salary or anything of monetary value from a private source as compensation for his or her services to the Government (18 U.S.C. 209), except as otherwise provided by law.

(5) The Commission encourages employees to engage in teaching, lecturing, and writing activities with or without compensation.⁹ In participating in such activities, employees should be guided by the following:

(i) No teaching, lecturing, or writing should be engaged in if prohibited by law, Executive order, Office of Personnel Management regulations, or the rules in this subpart.

(ii) No teaching, lecturing, or writing should be engaged in (including for the purpose of the special preparation of a person or class of persons for an examination of the Office of Personnel Management or Board of Examiners for the Foreign Service) that depends on information filed with the Commission, or obtained by the Commission in an investigation or otherwise, or generated within the Commission which is nonpublic, unless the Commission gives formal approval for the use of such nonpublic information on the basis that the use thereof is in the public interest.¹⁰

⁹As to employees, while the receipt of honoraria is discouraged (*See* 17 CFR 200.735-4(b)(7)), that rule is not applicable to the receipt of compensation for teaching.

¹⁰Since members of the Commission are covered by section 401(a) of Executive Order 11222, they are prohibited by Civil Service Regulations (5 CFR 735.203(c)) from receiving compensation or anything of monetary value

(6)(i) Subject to the specific prohibition and requirements set forth below, the Commission may accept payment or reimbursement in cash or in kind, for travel and subsistence expenses actually incurred by Commission members and employees, while on official duty status, in connection with the participation of such members and employees in conferences, proceedings, meetings, seminars, and educational programs concerning the functions and responsibilities of the Commission and related topics.

(ii)(A) The Commission shall accept no payment or reimbursement for expenses described in paragraph (b)(6)(i) of this section from or in connection with a conference sponsored by:

(1) A person directly required to file reports or registration statements with the Commission, or

(2) A person directly or indirectly regulated by the Commission, or

(3) Any association or other group composed predominantly of persons regulated by the Commission, *Provided, however,* That the Chairman may authorize the Commission to accept payment or reimbursement from such a group. In determining whether to authorize such payment or reimbursement, the Chairman shall consider the benefits to the Commission and the public of participation in the particular program and the possibility of any appearance of impropriety.

(B) For purposes of this section, the phrase *person regulated by the Commission* means all persons whose activities are directly regulated by, or who are required to register with, the Commission, including but not limited to, such persons as brokers or dealers in securities, national securities exchanges, national securities associations, investment companies, investment advisers, public utility holding companies, and any self-regulatory organization, as that term is defined in section 3 of the

Securities Exchange Act of 1934, 15 U.S.C. 78(c).

(iii)(A) Subordinate members of the staff who are invited to participate in programs which offer payment or reimbursement meeting the criteria of paragraph (b)(6)(i) of this section must, prior to participation, obtain the written approval of their Division Director, Office Head, or Regional Administrator to participate in the program and the written approval of the Chairman, if paragraph (b)(6)(ii)(A)(3) of this section applies. If paragraph (b)(6)(ii)(A)(3) of this section does not apply, the Executive Director shall determine in writing whether the Commission will accept the payment or reimbursement.

(1) In acting on requests to participate, Division Directors, Office Heads, and Regional Administrators shall consider: (i) The benefit to the Commission and the public of participation; (ii) the expertise of the proposed participant; and (iii) the appropriate allocation of resources.

(2) In determining whether the Commission shall accept payment or reimbursement, the Executive Director shall consider the possibility of any appearance of impropriety.

(B) Division Directors, Office Heads, and Regional Administrators must, prior to participation, obtain the written approval of the Chairman, if paragraph (b)(6)(ii)(A)(3) of this section applies. If paragraph (b)(6)(ii)(A)(3) of this section does not apply, the Executive Director shall determine, in writing, considering the possibility of any appearance of impropriety, whether the Commission will accept the payment or reimbursement. Division Directors, Office Heads, and Regional Administrators shall make the determinations specified in paragraph (b)(6)(iii)(A)(1) of this section as to their own participation.

(C) Except if paragraph (b)(6)(ii)(A)(3) of this section applies, each Commissioner shall determine for himself or herself whether payment or reimbursement for his or her expenses incident to participation in programs meeting the criteria of paragraph (b)(6)(i) of this section should be accepted by the Commission. Notice of each decision shall be sent to the Executive Director.

(D) Whenever it is determined, pursuant to paragraphs (b)(6)(iii) (A), (B), or (C) of this section that the Commission will accept a particular payment or reimbursement, the Executive Director shall forward notice of that decision to the Public Reference Room, Washington, DC, for insertion in a public file.

(iv) Payment or reimbursement shall not be accepted for expenses which are unreasonable or lavish.

(v) On a quarterly basis, the Commission shall publish in the *SEC Docket* a compilation of payments and reimbursements accepted.

(vi) The Commission's acceptance from any person of payment or reimbursement for the expenses of a spouse or traveling companion accompanying a member or employee is prohibited. If a staff member wishes to participate in a program which offers payment or reimbursement meeting the criteria of paragraph (b)(6)(i) of this section and acceptance would not be prohibited by paragraph (b)(6)(ii) of this section, but is denied approval in accordance with paragraphs (b)(6)(iii)(A) or (B) of this section, or wishes to accept reimbursement for the travel expenses of his or her spouse or traveling companion, the staff member may participate in the program and accept such reimbursement personally, *Provided, That*:

(A) No reimbursement for travel expenses may be accepted from a person who does, or is seeking to do, business with the Commission, is regulated directly or indirectly by the Commission, is registered with the Commission, or has interests which may be substantially affected by the official's performance or non-performance of his or her official duties.

(B) No reimbursement may be accepted for the travel expenses of an employee's spouse or traveling companion unless the prior written approval of the General Counsel is obtained. Under appropriate circumstances, such as programs where participants are expected to engage in social activities, the General Counsel may approve acceptance upon written application.

(C) A copy of the General Counsel's approval and notice of the amount of payment or reimbursement accepted from the sponsor must be sent to the

Executive Director for inclusion in the public file in accordance with paragraph (b)(6)(iii)(D) of this section.

(D) Such staff member's participation and travel occur only while on annual leave, approved in accord with regular leave procedures. *Note* 7 CFR 200.735-4(e)(2)(ii).

(vii) Members or employees who are participating in a program meeting the criteria of paragraph (b)(6)(i) of this section, which is sponsored by a person determined by the Secretary of the Treasury to be a tax-exempt organization pursuant to 26 U.S.C. 501(c)(3), and for which reimbursement for the member's or employee's participation will be accepted by the Commission, may, while on official duty, accept from the sponsoring entity *bona fide* reimbursement for actual expenses for travel and necessary subsistence for a spouse or traveling companion *Provided* that the procedures detailed in paragraphs (d)(6)(vi) (A)-(C) of this section are followed.

(7) The provisions of this paragraph (b) and § 200.735-3(b)(2) do not preclude a member or employee from:

(i) Participation in the activities of national or State political parties not proscribed by law;

(ii) Participation in the affairs of, or acceptance of an award for a meritorious public contribution or achievement given by, a charitable, religious, professional, social, fraternal, non-profit educational, recreational, public service, or civic organization.

(8)(i) As a matter of general policy, the Commission discourages the acceptance of honoraria or similar fees and payments which are given for publications, speeches or lectures based on the official duties of the employee. In accord with this policy, no member or employee may accept such an honorarium unless written approval is obtained in advance from the Commission's General Counsel, subject to the general review of the Commission. Requests for such approval should be submitted to the General Counsel in writing and should include a statement in support of the request.

(ii) Honoraria which are most likely to be deemed acceptable are those which appear to be remuneration for teaching. An employee may not, under

any circumstances, accept an honorarium from any person from whom reimbursement for travel expenses is prohibited by paragraph (b)(6)(ii) of this section. In any event an employee may not accept an excessive honorarium as described in 2 U.S.C. 441(i). This section does not preclude the acceptance of a modest gift for participation as a speaker, as provided in Rule 3.

(c) No employee shall appear in court or on a brief in a representative capacity (with or without compensation) or otherwise accept or perform legal, accounting, engineering, or similar professional work, unless specifically authorized to do so by the Commission. Acceptance of a forwarding fee shall be deemed to be within the foregoing prohibition. As a matter of general policy, outside or private professional work or practice by the staff is discouraged and only in unusual cases or circumstances will it be authorized. However, the Commission encourages its employees, in off-duty hours and consistent with official responsibilities, to participate, without compensation, in programs to provide legal or other appropriate assistance and representation to indigents.¹² Such participation may include limited appearances in court and on briefs when required in connection with such programs. However, such participation may not involve any activities which are prohibited by law, Executive orders, Office of Personnel Management regulations, or this subpart M.¹³ For example, 18 U.S.C. 205

¹²As a matter of policy, the Commission encourages members of its staff to participate in matters involving improvement to their communities and service to indigent persons, provided that the necessary approval is obtained in advance. However, in no case will approval be given to participate in matters involving securities.

¹³Attention is called to Title 18, United States Code, sections 201 through 209 which provide, among other things, that Federal employees are prohibited from acting as agent or attorney in prosecuting any claim against the United States or from aiding and assisting in any way, except as otherwise permitted in the discharge of official duties, in the prosecution or support of any such claim, or from receiving any gratuity, or any share of an interest in any claim from any claimant against the United States; and from directly or indirectly receiving or

prohibits a Federal employee from appearing in court in a matter in which the United States has an interest (other than on behalf of the United States), without regard to compensation.

(1) The provisions of this paragraph (c) and § 200.735-3(b)(2) do not preclude an employee from:

(i) Acting without compensation as agent or attorney (A) for a Commission employee who is sued or is under investigation in connection with his or her official duties; (B) for any Commission employee who is the subject of disciplinary, loyalty or other personnel administrative proceedings in connection with those proceedings; or (C) for any Commission employee who raises claims or against whom allegations of wrongdoing are made pursuant to the Commission's Equal Opportunity regulations, if such representation is not inconsistent with the faithful performance of the employee's duties.¹⁴

(2) [Reserved]

(d) No member or employee shall hold office in or be a director of any company which has public security holders, except not for profit corporations, savings and loan associations, and similar institutions, whose securities are exempted under section 3(a)(4) or 3(a)(5) of the Securities Act of 1933 (15 U.S.C. 77c(a)(4), 77c(a)(5)).

(e)(1) As paragraph (b)(5) of this section indicates, the Commission encourages employees to engage in teaching, lecturing and writing activities.¹⁵ It is

agreeing to receive any compensation whatever for services rendered or to be rendered to any persons in relation to any matter in which the United States is a party or directly or indirectly interested. 18 U.S.C. 205 contains an exception from the foregoing restrictions for acting as agent or attorney, without compensation, for government employees who are the subject of disciplinary, loyalty or other personnel-type proceedings, in connection with these proceedings.

¹⁴This is adapted from the provision in 18 U.S.C. 205 and expresses the Commission's general policy which favors the representation of fellow employees without compensation. However, it may be necessary to look to other regulations for specific provisions regarding such representation.

¹⁵This paragraph (e), requiring review of prepared speeches or writings relating to the Commission, does not apply to teaching activities.

understood, however, that Commission employees in their teaching, writing and lecturing shall not

(i) Use confidential or nonpublic information;

(ii) Make comments on pending litigation in which the Commission is participating as a party or *amicus curiae*; or

(iii) Make comments on rulemaking proceedings pending before the Commission which would adversely affect the operations of the Commission.

(2) To assist employees in conforming to these requirements the following procedure for reviewing writings prior to publication, or prepared speeches prior to delivery, has been established:

(i) Employees must submit proposed publications or prepared speeches relating to the Commission, or the statutes or rules it administers, to the General Counsel for review. Employees will be notified as promptly as possible, with due regard to publication deadlines, but in any event within 30 days of receipt of the written document, whether such document conforms to the requirements of this Rule.

(ii) A determination by the General Counsel that a proposed publication conforms to the requirements of the rule will not involve adoption of, or concurrence in, the views expressed. Therefore, such publication or speech shall include at an appropriate place or by way of footnote, or otherwise, the following disclaimer of responsibility:

The Securities and Exchange Commission, as a matter of policy, disclaims responsibility for any private publication or statement by any of its employees. The views expressed herein are those of the author and do not necessarily reflect the views of the Commission or of the author's colleagues upon the staff of the Commission.

In appropriate cases, the above disclaimer may be modified by the General Counsel or the Commission to reflect the circumstances of an individual case. In addition, any publication or speech which reflects positions taken by the Commission shall set forth those positions accurately and, if it contains differences with Commission positions, it shall clearly state that such positions are those of the employee.

§ 200.735-5

17 CFR Ch. II (4-1-01 Edition)

(f) An employee who intends to accept or perform any outside or private employment or professional work shall obtain necessary authorization in advance of such acceptance or performance. A request for such authorization shall be submitted to the Division Director, Office Head or Regional Administrator concerned, together with all pertinent facts regarding the proposed employment, such as the name of the employer, the nature of the work to be performed, its estimated duration, and the fee or compensation to be received. Division Directors, Office Heads and Regional Administrators have been delegated the authority to approve routine requests for outside employment. The approving official shall forward to the Director of Personnel a copy of each request showing the date of approval. Requests of a non-routine nature should be forwarded to the Director of Personnel.

(g) The Director of Personnel, or his designee, is authorized to approve or disapprove requests for outside or private employment under this rule, except as to those cases which, in his judgment, should be considered and decided by the Commission. An employee may appeal a disapproved request to the Commission. The written appeal, submitted through the Director of Personnel, shall give reasons why the proposed outside or private employment is consistent with this rule. The Director of Personnel may not approve proposed outside or private employment which is absolutely prohibited by these rules. The Commission may, in a particular case, approve such employment.¹⁶

§ 200.735-5 Securities transactions.

(a)(1) This section applies to all transactions effected by or on behalf of a member or employee. This includes transactions for the accounts of other persons effected by the member or employee, directly or indirectly, under a power of attorney or otherwise. In ad-

dition, a member or employee is considered to have sufficient interest in the securities transactions of his or her spouse or unemancipated minor child or other member of his or her immediate household so that transactions effected by or on behalf of such persons must be reported and are subject to all the terms of this section.

(i) Except, this section shall not apply to securities transactions of a legally separated spouse living apart from the member or employee, including transactions for the benefit of a minor child, if the member or employee has no power to control and does not, in fact, advise or control with regard to such transactions. If the member or employee has knowledge of securities held by a separated spouse or for the benefit of a minor child, the disqualification provisions of Rule 6, 17 CFR 200.735-6, and 18 U.S.C. 208 are applicable.

(ii) For purposes of this section *member of his or her immediate household* means a resident of the member's or employee's household who is related to the employee by blood or marriage or who is in the legal care and/or custody of the employee by reason of adoption, prospective adoption or guardianship.

(2) Members and employees are prohibited from recommending or suggesting the purchase or sale of securities:

(i) Based on non-public information gained in the course of employment; or

(ii) Which a member or employee could not purchase because of the restrictions of this rule, in any circumstance in which the member or employee could reasonably expect to benefit from the recommendation, or to anyone over whom the member or employee has or may have control or substantial influence.

(b)(1) No member or employee shall effect or cause to be effected any transaction in a security except for bona fide investment purposes. Therefore, all securities purchased by a member or employee must be held for a minimum of six months. Except, this holding period is not applicable to

(i) Securities sold for less than the purchase price pursuant to a stop-loss order entered at the time of purchase

(iii) Securities purchased by a member or employee prior to entrance on duty with the Commission;

(iv) Debt securities with an initial term of less than six months which are held to term;

(v) Shares of a unit investment trust having a term of less than six months; or

(vi) The transferring of funds within a *family* of registered investment companies.

(2) For purposes of this provision a *family* means any two or more registered investment companies which share the same investment adviser or principal underwriter and hold themselves out to investors as related companies for purposes of investment and investor services.

(c) No member or employee shall effect any purchase or sale of an option, future contract, or option on a future contract involving a security or group of securities.

(d) No member or employee shall

(1) Carry securities on margin;

(2) Borrow funds or securities, with or without collateral, for the purpose of purchasing or carrying securities with the proceeds, unless the prior approval of the Commission has been secured; or

(3) Sell a security which he or she does not own, or consummate a sale by the delivery of a security borrowed by or for such member's or employee's account.

(e)(1) Except as provided in this paragraph (e) or paragraph (f) below, members and employees are prohibited from purchasing or selling any security which is the subject of a registration statement filed under the Security Exchange Act of 1934 (15 U.S.C. 78a *et seq.*), the Securities Act of 1933 (15 U.S.C. 77a *et seq.*), or a letter of notification filed under Regulation A, or any security of the same issuer while such a registration statement or letter of

notification is pending or during the first 60 days after its effective date. This prohibition shall not apply to:

(i) A security which is the subject of a pending registration statement filed on Forms S-2, S-3, S-8, F-2, F-3, 8-A, or 8-B; or

(ii) Offerings, except initial public offerings, of shares by an investment company, other than a closed-end investment company, or to offerings by a registered separate account (as defined in section 1(a)(37) of the Investment Company Act of 1940 (15 U.S.C. 80a-2(a)(37)) which become effective pursuant to 17 CFR 230.485(b).

(2) Securities of a unit investment trust whose registration statements become effective pursuant to 17 CFR 230.487 may be purchased immediately upon effectiveness of the registration statement.

(3) Securities which are registered for delayed distribution pursuant to 17 CFR 230.415 may be purchased 60 days after the registration becomes effective. The subsequent filing of a pricing amendment or sticker does not revive the prohibition on purchase.

(f) A member or employee may sell a security which is referred to in paragraph (e) of this section only if:

(1) The member or employee certifies that he or she has no information which is not publicly available concerning or relating to the issuer; and

(2) The employee's Division Director, Office Head or Regional Administrator certifies that the employee has not participated in the registration processing. Members, Division Directors, Office Heads, and Regional Administrators are required to submit such certification on their own behalf to the Director of the Office of Personnel.

(j) The restrictions imposed in paragraphs (e), (g), (h), and (i) of this section do not apply;

(1) To the exercise of a privilege to convert or exchange securities;

(2) To the exercise of rights accruing unconditionally by virtue of ownership of other securities (as distinguished from a contingent right to acquire securities not subscribed for by others);

(3) To the acquisition and exercise of rights in order to round out fractional shares;

The Directors of the Division of Investment Management and the Office of Compliance Inspections and Examinations, in consultation with the Office of the General Counsel, shall determine in writing whether Senior Executive Service positions in their respective Division or Office whose duties do not include fund matters also may invest in non-diversified registered investment companies.

(1) No member or employee shall have a beneficial interest in any broker, dealer or investment adviser through ownership of securities or otherwise. However, if a corporation acquires or establishes a subsidiary or affiliate subject to regulation by the Commission (*regulated entity*),

(2) Purchases of the corporation's shares will be permitted so long as the regulated entity subsidiary or affiliate provides less than 10% of the corporation's gross revenue. Except for reinvestment of cash dividends, additional purchases are prohibited when the regulated entity provides 10% or more of the corporation's gross revenues.

(3) A member or employee who owns shares in a corporation with a regulated entity subsidiary or affiliate is disqualified from participating in any matter including rulemaking which affects the regulated entity unless the disqualification is waived in accordance with the provisions of Rule 6, of this section, 17 CFR 200.735-6, and 18 U.S.C. 208(b).

(m)(1) Annually, in accordance with the procedures adopted by the Director of Personnel, every member and employee shall furnish the Director of Personnel with a complete list of all securities in which he or she has an interest. But, the acquisition of holdings by, for example, gifts, inheritance or spin-offs, which may result in additional disqualifications pursuant to Rule 6 of this section, 17 CFR 200.735-6, and 18 U.S.C. 208 shall be reported within five days of the receipt of the notice of the change in holdings.

(n) At the time of taking the oath of office, or prior thereto if requested by the Director of Personnel, a new member or employee shall provide to the Office of Personnel, as requested, information relating to—

(1) Securities owned by or held for the benefit of him or her, or his or her spouse or unemancipated minor child, or a member of his or her immediate household, or by any trust or estate of which he or she is a trustee or other fiduciary or beneficiary, or by any person for whom he or she effects transactions under a power of attorney or otherwise;

(2) Accounts with securities firms;

(3) Close relatives (i.e. children, parents, grandparents, siblings, aunts, uncles, or like relations of a spouse), who are partners or officers of securities firms, investment advisers, or registered public utility holding companies or their affiliates;

(4) The holding of office in or being a director of any company which has public security holders; and

(5) Such other information as may be required by the Director of Personnel.

Employees are required to advise the Office of Personnel of changes in the foregoing information within ten business days of the time the new information is learned.

(o) Paragraphs (b), (m), and (n) of this section do not apply to personal notes, individual real estate mortgages, securities issued by the U.S. Government or its agencies, and securities issued by building and loan associations or cooperatives.

(p) Any member or employee who is a trustee or other fiduciary or a bene-

ficiary of a trust or estate holding securities not exempted by paragraph (o) of this section, shall report the existence and nature of such trust or estate to the Director of Personnel. The transactions of such trust or estate, which is not a qualified blind trust, shall be subject to all the provisions of this section except if the member or employee did not create the trust, is solely a beneficiary, has no power to control, and does not in fact control or advise with respect to the investments of the trust or estate, unless the Commission shall otherwise direct in view of the circumstances of the particular case.

(q) The Director of Personnel, or his designee, is authorized to require the disposition of securities acquired as a result of a violation of the provisions of this section, whether unintentional or not. Repeated violations shall be reported to the Commission for appropriate action.

(r) Any member or employee who believes that the application of any of the provisions of this rule will result in undue hardship in a particular case may make a written application to the Commission (through the Director of Personnel) setting out, in detail, the reasons for that belief and requesting a waiver. However, as a matter of policy the Commission favors a strict interpretation of the provisions of this rule.

§ 200.735-6 Action in case of personal interest.

Any employee assigned to work on any application, filing or matter of a company (a) in which he or she or his or her spouse or his or her minor unemancipated child then owns any securities or has a personal interest, including a continuing financial interest in a pension or retirement plan, shared income, or other arrangement, as a result of any current or prior employment or business or professional association; or (b) with which he or she has been employed or associated in the past 5 years; or (c) which was a client of a firm with which he or she had been associated, shall immediately advise his or her Division Director or other

Office Head or Regional Administrator of the fact. Division Directors, Office Heads and Regional Administrators are authorized to direct the reporting employee to continue with the assignment in question where this appears in the interest of the Government, taking into account (1) the prohibitions stated in § 200.735-3(b) (7) and (8); (2) the general desirability of avoiding situations that require a question of conflict of interest to be resolved; (3) the extent to which the employee's activities will be supervised; and (4) the difficulty of assigning the matter to some other employee. Where the employee in question is not relieved of the assignment, his or her written report concerning the nature of his or her interest shall be forwarded to the Director of Personnel with a notation that he or she has been directed to continue the assignment, together with such explanation, if any, as may seem appropriate. In the event that a Division Director, Office Head or Regional Administrator deems that he or she has, himself or herself, such a personal interest in an application, filing or matter of a company as may raise a question as to his or her disinterestedness, he or she may delegate his or her responsibility with regard thereto to a subordinate, but in that event shall submit a brief memorandum of the circumstances to the Director of Personnel.¹⁸

¹⁸ 18 U.S.C. 208, provides among other things, that a member or employee is prohibited from participating personally and substantially in any matter in which to his knowledge, he, his spouse, minor child, partner, organization in which he is serving as an officer, director, trustee, partner or employee, or any person or organization with whom he is negotiating or has any arrangement concerning prospective employment, has a financial interest. This section (of the Criminal Code) does not apply if the employee has received a written determination made by an authorized official that the interest is not so substantial as to be deemed likely to affect the integrity of the employee's service. Note: Members of the Commission may follow the procedural provision contained in Part V, Section 503 of the Executive Order 11222.

17 CFR Ch. II (4-1-01 Edition)

§ 200.735-7 Negotiation for employment.

(a) An employee may not negotiate employment with anyone outside the Commission with whom he or she is personally transacting business in any matter on behalf of the Commission or the United States, or while he or she is immediately or personally engaged in representing the Commission in any matter in which the prospective employer is a participant or witness or counsel for such a person, whether or not such a person takes a substantive position in an adversary proceeding in opposition to the Commission's position.

(b) An employee who wishes to negotiate employment with another Government agency at a time when he or she is representing the Commission in a particular matter in which the other Government agency is taking a position adverse to the Commission should disclose this intention to his or her Division Director, Office Head or Regional Administrator prior to taking any action.

(c) No employee shall undertake to act personally on behalf of the Commission in any capacity in a matter¹⁹ that, to his or her knowledge, affects even indirectly any person or organization outside the Commission with whom he or she is discussing or entertaining any proposal for future employment, except pursuant to the direction of the Commission, his or her Division Director, Office Head, or Regional Administrator, as provided in § 200.735-6. See footnote 18.

§ 200.735-8 Practice by former members and employees of the Commission.

(a)(1) No person shall appear in a representative capacity before the Commission in a particular matter if such person, or one participating with him or her in the particular matter, participated personally and substantially in that matter while he or she was a

¹⁹ Employees should bear in mind that in this connection the word *matter* is construed very broadly. See 200.735-8 and footnote 20, thereto, *infra*.

member or employee of the Commission.²⁰ As used in this rule, a *matter* means a discrete and isolatable transaction or set of transactions between identifiable parties.²¹

(2) No person who has been a member or employee shall, within 2 years after his or her employment has ceased, assist, by personal presence, a person appearing in a representative capacity before the Commission in any matter in which he or she participated personally and substantially while a member or employee of the Commission at any time within a period of 1 year prior to the termination of such responsibility.

(3) No person who has been a member or an employee shall, within 2 years after his or her employment has ceased, appear in a representative capacity before the Commission in any matter which was under his or her official responsibility as a member or employee of the Commission at any time

²⁰ As used in this paragraph, a single investigation or formal proceeding, or both if they are related, shall be presumed to constitute a particular matter for at least 2 years irrespective of changes in the issues. However, in cases of proceedings in which the issues change from time to time, such as proceedings involving compliance with section 11 of the Public Utility Holding Company Act (15 U.S.C. 79k), this paragraph shall not be construed as prohibiting appearance in such a proceeding, more than two years after ceasing to be a member or employee of the Commission, unless it appears to the Commission that there is such an identity of particular issues or pertinent facts as to make it likely that confidential information, derived while a member or employee of the Commission, would have continuing relevance to the proceeding, so as to make participation therein by the former member or employee of the Commission unethical or prejudicial to the interests of the Commission.

²¹ This definition is taken from Formal Opinion 342 of the ABA Ethics Committee. The opinion states that "work as a government employee in drafting, enforcing or interpreting government or agency procedures, regulations or laws, or in briefing abstract principles of law, does not disqualify the lawyer under DR9-101B (which states 'a lawyer shall not accept private employment in a matter in which he had substantial responsibility while he was a public employee') from subsequent private employment involving the same regulation procedures, or points of law * * *."

within a period of 1 year prior to the termination of such responsibility. The term *official responsibility* as defined in 18 U.S.C. 202 means the "direct administrative or operating authority, whether intermediate or final, and either exercisable alone or with others, and either personally or through subordinates, to approve, disapprove, or otherwise direct Government action."

(4) No employee in a position which is designated by the Director of the Office of Government Ethics shall, within one year after his or her employment has ceased, appear in a representative capacity before the Commission or communicate with the Commission or its employees with the intent to influence.²² This restriction does not apply to members who ceased employment before July 1, 1979, or to employees who ceased employment prior to February 28, 1980.

(b)(1) Any former member or employee of the Commission who, within 2 years after ceasing to be such, is employed or retained as the representative of any person outside the Government in any matter in which it is contemplated that he or she will appear before the Commission, or communicate with the Commission or its employees, shall, within ten days of such retainer or employment, or of the time when appearance before, or communication with the Commission or its employees is first contemplated, file with the Secretary of the Commission a statement which includes:

(i) A description of the contemplated representation;

(ii) An affirmative representation that the former employee while on the Commission's staff had neither personal and substantial responsibility nor official responsibility for the matter which is the subject of the representation; and

(iii) The name of the Commission Division or Office in which the person had been employed.

(2) Employment of a recurrent character may be covered by a single comprehensive statement. Each such statement should include an appropriate

²² This prohibition appears in the Ethics in Government Act of 1978. Pub. L. 95-521.

caption indicating that it is filed pursuant to this section. The reporting requirements of this paragraph do not apply to

(i) Communications incidental to court appearances in litigation involving the Commission; and

(ii) Oral communications concerning ministerial or informational matters or requests for oral advice not otherwise prohibited by paragraph (a) of this section.

(c) As used in this section, the term *appear before the commission* means physical presence before the Commission or its employees in either a formal or informal setting or the conveyance of material in connection with a formal appearance or application to the Commission. As used in this section the term *communication with intent to influence* does not encompass communications which are not for the purpose of influencing the Commission or any of its employees or which, at the time of the filings, are reasonably believed not to involve any potential controversy. As used in this section, the term *representative* or *representative capacity* shall include not only the usual type of representation by an attorney, etc., but also representation of a corporation in the capacity of an officer, director or controlling stockholder thereof.

(d)(1) Partners or associates of any person disqualified from appearing or practicing before the Commission in a particular matter by paragraph (a)(1) of this section are also disqualified. Such partners or associates (the *firm*) may request a waiver of this prohibition from the Commission by writing a letter to the General Counsel of the commission setting forth the facts of the proposed representation and the individual's disqualification. In appropriate situations, a firm may request a generic waiver with respect to a number of different matters. Upon the advice of the Office of the General Counsel, the Commission, or the General Counsel exercising delegated authority, will advise the requestor of the Commission's response.

(2) Waivers ordinarily will be granted where the firm makes a satisfactory representation that it has adopted screening measures which will effec-

tively isolate the individual lawyer disqualified under paragraph (a)(1) of this section from participating in the particular matter or matters and from sharing in any fees attributable to it. It will be considered significant for purposes of this determination that:

(i) The firm had a pre-existing securities law practice prior to the arrival of the disqualified attorney;

(ii) The matter was previously the subject of consideration by the firm or the client was already advised by the firm;

(iii) In cases where the matter or client became the subject of consideration by the firm subsequent to the firm's employment of the lawyer individually disqualified, that the matter was not brought to the firm because of the disqualified attorney.

(3) Notwithstanding the existence or non-existence of any of these factors, no waiver will be issued if the proposed representation would create a significant appearance of impropriety or would otherwise adversely affect the interests of the government.²³ All proceedings with respect to waivers shall be a matter of public record except to the extent that such public disclosure might violate attorney-client privilege or breach the attorney's obligation to preserve the confidences and secrets of this or her clients, reveal the existence of ongoing private investigations, interfere with law enforcement proceedings, or otherwise be inconsistent with the public interest.

(e) Persons in doubt as to the applicability of any portion of this section may apply for an advisory ruling of the Commission.²⁴

[45 FR 36064, May 29, 1980, as amended at 50 FR 23669, June 5, 1985]

²³ For example, no waiver will be granted if, during the course of representing a client who has an interest with respect to a matter before the Commission, a firm employs, or accepts as a partner, a member of the staff or of the Commission who at any time during the course of that representation had direct and substantial responsibility for the same matter, and whose departure would result in a significant adverse impact upon that matter at the Commission.

Securities and Exchange Commission

§ 200.735-11

§ 200.735-9 Indebtedness.

(a) The Securities and Exchange Commission considers the indebtedness of its members and employees to be essentially a matter of their own concern and will not be placed in the position of acting as a collection agency or of determining the validity or amount of contested debts. Nevertheless, failure on the part of an employee without good reason and in a proper and timely manner to honor debts acknowledged by him or her to be valid, or reduced to judgment by a court, or to make or to adhere to satisfactory arrangements for the settlement thereof, may be a cause for disciplinary action. In this connection each member and employee is expected to meet his or her responsibilities for payment of Federal, State and local taxes. For purposes of this section, *in a proper and timely manner* means in a manner which the agency determines does not, under the circumstances, reflect adversely on the Government as his or her employer.

(b) Compensation due members and employees is subject to garnishment for child support and alimony obligations. (42 U.S.C. 659).

§ 200.735-10 Miscellaneous statutory provisions.

(m) The prohibition against (1) embezzlement of Government money or property (18 U.S.C. 641); (2) failing to account for public money (18 U.S.C. 643); and (3) embezzlement of the money or property of another person in the possession of an employee by reason of his employment (18 U.S.C. 654).

(n) The prohibition against unauthorized use of documents relating to claims from or by the Government (18 U.S.C. 285).

(o) The prohibition against political activities in subchapter III of chapter 73 of title 5 U.S.C. and 18 U.S.C. 602, 603, 607, and 608.

§ 200.735-11 Statement of employment and financial interests.

(a) Members and employees in the Senior Executive Service or Grades GS-16 through GS-18 are required to file a financial disclosure report as provided by title II of the Ethics in Government Act of 1978, Pub. L. 95-521.

Bar Association, 62 A.B.A.J. 517 (1975) and to 18 U.S.C. 207.

Members and such employees need not also file the statement of employment and financial interests required by the following provisions.

(b) Prior to the time of entry on duty, or upon designation to a position set forth in paragraph (c) of this section, such employee shall submit to the Director of Personnel a statement, on the official form made available for this purpose through the Office of Personnel, setting forth the following information:²⁵

(1) A list of the names of all corporations, companies, firms, or other business enterprises, partnerships, non-profit organizations, and educational or other institutions with or in which the employee, his or her spouse, unemancipated minor child or other member of his or her immediate household has—

(i) Any connection as an employee, officer, owner, director, member, trustee, partner, adviser or consultant; or

(ii) Any continuing financial interest, through a pension or retirement plan, shared income, or other arrangement as a result of any current or prior employment or business or professional association.

(iii) Any financial interest through the ownership of stock, stock options, bonds, securities, or other arrangements including trusts.

(2) A list of the names of the employee's creditors and the creditors of his or her spouse, unemancipated minor child or other member of his or her immediate household, other than those creditors to whom any such person may be indebted by reason of a mortgage on property which he or she occupies as a personal residence, or to whom such person may be indebted for current and ordinary household and living expenses such as those incurred for household furnishings, vacations, an automobile, education, or the like.

(3) A list of the employee's interests and those of his or her spouse, unemancipated minor child, or other member of his or her immediate household in real property or rights in lands,

other than property which he or she occupies as a personal residence.

(4) For the purpose of this section, *member of his or her immediate household* means a resident of the employee's household who is related to the employee by blood or marriage.

(5) In the instance where a spouse is not a *member of the employee's immediate household*, and the employee certifies he or she neither derives nor expects to derive any economic benefit from the holdings of the spouse, the Director of Personnel may waive the requirement of reporting the interests of such spouse.

(c) Except as to employees noted in paragraph (a) of this section, statements of employment and financial interests are required of the following:

(1) All employees in grade GS-15.

(2) Incumbents of the following positions, regardless of grade:

(i) Executive Staff. (A) Legal Assistants to the Chairman and to each Commissioner; (B) Special Counsels to the Chairman.

(d) Changes in, or additions to, the information contained in an employee's statement of employment and financial interests shall be reported in a supplementary statement as of May 15 of each year. If no changes or additions occur, a negative report is required. Notwithstanding the filing of the annual report required by this paragraph, each employee shall at all times avoid acquiring a financial interest that could result, or taking an action that would result, in a violation of the conflict-of-interest provisions of section

²⁵In addition to the information required by this Rule, all employees are required by Rule 5 to file annually with the Director of Personnel a listing of their securities holdings.

Securities and Exchange Commission

§ 200.735-12

208 of title 18 U.S.C., or of this Conduct Regulation.

(e) If any information required to be included on a statement of employment and financial interest or supplementary statement, including holdings placed in trust, is not known to the employee but is known to another person, the employee shall request that other person to submit information in his or her behalf.

(f) Paragraph (c) of this section does not require an employee to submit any information relating to his or her connection with, or interest in, a non-profit educational, charitable, religious, professional, social, fraternal, recreational, public service, civic, or political organization, or a similar organization not conducted as a business enterprise. For the purpose of this section, educational and other institutions doing research and development or related work involving grants of money from or contracts with the Government are deemed *business enterprises* and are required to be included in an employee's statement of employment and financial interests.

(g) Statements of employment and financial interests filed pursuant to paragraph (c) of this section shall be sent to the Director of Personnel in a sealed envelope marked "Confidential Employment and Financial Interests." They shall be maintained in a confidential file. Only those officials of the Commission whose participation is necessary for the carrying out of the purpose of this Conduct Regulation may have access to such statements and no information may be disclosed from them except as the Commission or the Office of Personnel Management may determine for good cause shown.

(h) In accordance with the requirements of the Ethics in Government Act of 1978, Pub. L. 95-521, the Director of Personnel or the Assistant Director of Personnel shall review the financial disclosure reports filed pursuant to that Act.

(i) The Director of Personnel or the Assistant Director of Personnel shall examine the statements of employment and financial interests filed pursuant to paragraph (c) of this section to determine whether conflicts of interest or apparent conflicts of interest

on the part of employees exist. An employee shall be afforded the opportunity to explain any conflict or appearance of conflict. When the Director or Assistant Director of Personnel, in consultation with appropriate superiors of the employee involved, is unable to resolve a conflict or appearance of conflict, he or she shall report the matter to the Commission through the Counselor for the Commission designated under §200.735-15(a).

(j) The Counselor for the Commission shall examine statements filed by the Director of Personnel and the Assistant Director of Personnel.

(k) Except as otherwise provided in paragraph (a) of this section the statement of employment and financial interests and supplementary statements required of employees are in addition to, and not in substitution for, or in derogation of, any similar requirement imposed by law, order or regulation. The submission of a statement by an employee does not permit him or her or any other person to participate in a matter in which his or her or the other person's participation is prohibited by law, order or regulation.

(l) An employee has the right to ask for a review through the Commission's grievance procedure outlined in section 771, Part II, Manual of Administrative Regulations, of a complaint that his or her position has been improperly included under the provisions of this section as one requiring the submission of a statement of employment and financial interests.

§200.735-12 Special Government employees.

(a) Special Government employee means a person defined in section 18 U.S.C. 202 as a *special Government employee*. All of the provisions of this Conduct Regulation are applicable to special Government employees, except that in specific appropriate cases the Commission may exempt such employees from, or modify the applicability of, any portion of any provision of the Conduct Regulation.

(b) In no event will the Commission waive a provision of the Conduct Regulation which would permit a special Government employee to:

(1) Use his or her Government employment for a purpose that is, or gives the appearance of being, motivated by the desire for private gain for himself or another person, particularly one with whom he or she has family, business, or financial ties.

(2) Use inside information obtained as a result of his or her Government employment for private gain for himself or herself or another person either by direct action on his or her part or by counsel, recommendation, or suggestion to another person, particularly one with whom he or she has family, business, or financial ties. For purposes of this paragraph, *inside information* means information obtained under Government authority which has not become part of the body of public information.

(3) Use his or her Government employment to coerce, or give the appearance of coercing, a person to provide financial benefit to himself or herself or another person, particularly one with whom he or she has family, business, or financial ties.

(4) Receive or solicit from a person having business with the Commission anything of value as a gift, gratuity, loan, entertainment, or favor for himself or herself or another person, particularly one with whom he or she has family, business or financial ties.

(c) Prior to entrance on duty, each special Government employee shall submit to the Director of Personnel a statement of employment and financial interests which contains such information as the Director of Personnel determines is relevant in the light of the duties the special Government employee is to perform and, if appropriate, the financial disclosure report as provided by title II of the Ethics in Government Act of 1978, Pub. L. 95-521. It shall be kept current throughout the period of employment by the filing of supplementary statements in accordance with the requirements of § 200.735-11(d). Statements shall be on the official form made available for this purpose through the Office of Personnel.

(d) The Commission may waive the requirement of paragraph (c) of this section in the case of a special Government employee who is not a *consultant* or an *expert*, as those terms are defined in chapter 304 of the Federal Personnel Manual (5 CFR 735.304), if the duties of the position are determined to be at a level of responsibility which does not require the submission of such statement to protect the integrity of the Commission.

§ 200.735-13 Disciplinary and other remedial action.

(a) Knowing participation in a violation of this subpart by persons not within the scope of the foregoing rules in this subpart shall likewise be deemed improper conduct and in contravention of Commission rules. Departure from any of the rules in this subpart by employees or special Government employees without specific approval may be cause for appropriate remedial and/or disciplinary action or, in the case of former members, employees, and special Government employees, for disqualification from appearing and practicing before the Commission, which may be in addition to any penalty prescribed by law.

(b) When there has been a departure from any of the rules of this subpart without specific approval or when a conflict of interest or an apparent conflict of interest on the part of an employee or special Government employee arises, the Director of Personnel may order immediate action to end such conflict or appearance of conflict of interest. Remedial action may include, but is not limited to (1) changes in assigned duties; (2) divestment by the employee or special Government employee of his conflicting interest; (3) disciplinary action; or (4) disqualification for a particular assignment. Remedial action, whether disciplinary or otherwise, shall be effected in accordance with any applicable laws, Executive Orders, and regulations. The Director of Personnel may refer any recommended action to the Commission. The employee may obtain review by the Commission of any action ordered

to be taken by the Director of Personnel. During the period of review, unless otherwise directed by the Commission, the action ordered by the Director of Personnel is stayed.

(c) Former members or employees who violate the post-employment restriction provisions of 18 U.S.C. 207(a), (b) or (c), which parallel the provisions of Rule 8(a), *supra*, will be subject to an administrative enforcement proceeding as set forth in Rule 102(e) of the Commission's Rules of Practice, §201.102(e) of this chapter, except that, when proceedings are brought to determine if violations of post-employment restrictions have occurred, denial of the privilege of appearing and practicing before the Commission will be based on a finding of violation of the provisions of Rule 8(a) and 18 U.S.C. 207 (a), (b) and (c). Procedures applicable to such administrative proceedings are to be found in the Commission's Rules of Practice, 17 CFR 201.100 *et seq.*

§ 200.735-14 Employees on leave of absence.

The provisions of the rules in this subpart relative to employees of the Commission are applicable to employees on a leave with pay or a leave without pay status other than extended military service.

§ 200.735-15 Interpretive and advisory service.

(a) The General Counsel shall be designated *Counselor for the Commission* and shall serve as the Commission's delegate to the Office of Personnel Management on matters covered by the rules in this subpart. The General Counsel shall be responsible for coordinating the Commission's counseling services provided under this section and for assuring that counseling and interpretations on questions of conflicts of interest and other matters covered by the rules in this subpart are available to all members and employees.

(b) There shall be designated as Deputy Counselors the Director of Personnel, the Administrator of each regional office, and the person in charge of each branch office. The General

Counsel or his or her designee shall provide guidance to the Deputy Counselors for the purpose of achieving uniform interpretations of this subpart.

(c) A member, employee, or former member or employee may obtain advice or guidance on the application of the rules in this subpart from any Deputy Counselor or the General Counsel. In addition, any former member or employee seeking advice or an interpretation relating to the Ethics in Government Act shall submit his or her request to the General Counsel.

(d) The General Counsel and Deputy Counselors will treat information they receive pursuant to requests for advice or guidance under this Rule on a confidential basis, except that information they receive indicating a possible past violation of any provision of this Conduct Regulation or of the law will be brought to the attention of appropriate persons.

(e) The Director of Personnel shall furnish a copy of this Conduct Regulation (subpart M) to each member, employee and special Government employee immediately upon his or her entrance on duty and shall thereafter, annually, and at such other times as circumstances warrant, bring to the attention of each member, employee and special Government employee this Conduct Regulation (subpart M) and all revisions thereof.

(f) The Director of Personnel shall notify each member, employee and special Government employee at the time of entrance on duty, and from time to time thereafter, of the availability of counseling services and of how and where these services are available.

§ 200.735-16 Delegation.

Any official responsibility assigned to a person in a particular position pursuant to this subpart may be delegated by such person to any other person.

§ 200.800 OMB control numbers assigned pursuant to the Paperwork Reduction Act.

(a) *Purpose.* This subpart collects and displays the control numbers and expiration dates assigned to information collection requirements of the Commission by the Office of Management

and Budget pursuant to the Paperwork Reduction Act of 1980, Pub. L. 96-511. The Commission intends that this subpart comply with the requirements of section 3507(f) of the Paperwork Reduction Act, which requires that agencies display a current control number assigned by the Director of the Office of Management and Budget (OMB) for each agency information collection requirement. In particular, this subpart displays current OMB control numbers and expiration dates of those information collection requirements of the Commission which are rules and regulations and codified in 17 CFR either in full text or incorporated by reference with the approval of the Director of the Office of the Federal Register. Where the information collection requirement also exists as a separate document, as, for example, an information collection requirement which the Commission incorporates by reference in 17 CFR, the Commission, of course, will display on the separate document as well the current OMB control number and the expiration date as required by section 3507(f). Henceforth, the Commission will publish in the FEDERAL REGISTER only additions, deletions and corrections to particular control numbers and expiration dates contained in this subpart.

Subpart A [Reserved]

Subpart B—Regulations Pertaining to the Equal Access to Justice Act

AUTHORITY: 15 U.S.C. 77s, 78w, 78x, 79t, 77sss, 80a-37 and 80b-11; 5 U.S.C. 504(c)(1).

SOURCE: 47 FR 610, Jan. 6, 1982, unless otherwise noted.

§ 201.31 Purpose of these rules.

The Equal Access to Justice Act, 5 U.S.C. 504 (called *the Act* in this subpart B), provides for the award of attorney fees and other expenses to eligible individuals and entities who are parties to certain administrative proceedings (called *adversary adjudications*) before the Commission. An eligible party may receive an award when it prevails over the Commission, unless the Commission's position was substantially justified or special circumstances make an award unjust. The rules in this subpart describe the parties eligible for awards and the proceedings that are covered. They also explain how to apply for awards, and the procedures and standards that the Commission will use in ruling on those applications.

[54 FR 53051, Dec. 27, 1989]

§ 201.32 When the Act applies.

The Act applies to adversary adjudications described in § 201.33 pending or commenced before the Commission on or after August 5, 1985. It also ap-

17 CFR Ch. II (4-1-01 Edition)

plies to any adversary adjudication commenced on or after October 1, 1984, and finally disposed of before August 5, 1985, provided that an application for fees and expenses, as described in these rules, has been filed with the Commission within 30 days after August 5, 1985. Proceedings which have been substantially concluded are not deemed pending under these rules although officially pending for purposes such as concluding remedial actions found in Commission orders or private undertakings.

[54 FR 53051, Dec. 27, 1989]

§ 201.33 Proceedings covered.

(a) The Act applies to adversary adjudications conducted by the Commission. These are on the record adjudications under 5 U.S.C. 554 in which the position of an Office or Division of the Commission as a party, not including *amicus* participation, is presented by an attorney or other representative who enters an appearance and participates in the proceeding. See appendix, 17 CFR 201.60.

(b) The fact that the Commission has not identified a type of proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the Act; whether the proceeding is covered will then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered by the Act and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53051, Dec. 27, 1989]

§ 201.34 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the Act, the applicant must be a party to the adversary adjudication for which it seeks an award. The term *party* is defined in 5 U.S.C. 551(3). The applicant must show that it meets all conditions of eligibility set out in this subpart.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of not more than \$2 million;

Securities and Exchange Commission

§ 201.36

(2) The sole owner of an unincorporated business who has a net worth of not more than \$7 million, including both personal and business interests, and not more than 500 employees;

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with more than 500 employees; and

(5) Any other partnership, corporation, association, unit of local government, or public or private organization with a net worth of not more than \$7 million and not more than 500 employees.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(d) An applicant who owns an unincorporated business will be considered as an *individual* rather than a *sole owner of an unincorporated business* if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for remuneration for the applicant, under the applicant's direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual, corporation or other entity that directly or indirectly controls or owns a majority of the voting shares or other interest of the applicant, or any corporation or entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interest, will be considered an affiliate for purposes of this subpart, unless the administrative law judge determines that such treatment would be unjust and contrary to the purposes of the Act in light of the actual relationship between the affiliated entities. In addition, the administrative law judge may determine that financial relationships

of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(g) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53051, Dec. 27, 1989]

§ 201.35 Standards for awards.

(a) A prevailing applicant may receive an award for fees and expenses incurred in connection with a proceeding or in a significant and discrete substantive portion of the proceeding, unless the position of the Office or Division over which the applicant has prevailed was substantially justified. The position of the Office or Division includes, in addition to the position taken by the Office or Division in the adversary adjudication, the action or failure to act by the Office or Division upon which the adversary adjudication is based. The burden of proof that an award should not be made to an eligible prevailing applicant is on counsel for an Office or Division of the Commission, which must show that its position was reasonable in law and fact.

(b) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceeding or if special circumstances make the award sought unjust.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53051, Dec. 27, 1989]

§ 201.36 Allowable fees and expenses.

(a) Subject to the limitation of paragraph (b), awards will be based on rates customarily charged, in the locale of the hearing, by persons engaged in the business of acting as attorneys, agents and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award of the fee of an attorney or agent under these rules may exceed \$75.00 per hour. No award to compensate an expert witness may exceed the reasonable rate at which the Commission pays witnesses with similar expertise. However, an award may also

§ 201.37

17 CFR Ch. II (4-1-01 Edition)

include the reasonable expenses of the attorney, agent or witness as a separate item, if the attorney, agent or witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the administrative law judge shall consider the following:

(1) If the attorney, agent or witness is in private practice, his or her customary fee for similar services, or, if an employee of the applicant the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent or witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

(5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, engineering report, test, project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for preparation of the applicant's case.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53051, Dec. 27, 1989]

§ 201.37 Delegations of authority.

(a) The Commission may by order delegate authority to take final action on matters pertaining to the Equal Access to Justice Act in particular cases.

(b) Unless the Commission shall order otherwise, applications for awards of fees and expenses made pursuant to this subject shall be assigned by the Chief Administrative Law Judge to an administrative law judge for determination.

[54 FR 53051, Dec. 27, 1989]

§ 201.41 Contents of application.

(a) An application for an award of fees and expenses under the Act shall identify the applicant, the proceeding for which an award is sought and contain the information required in this subpart. The application shall show

that the applicant has prevailed and specify the position(s) of the opposing Office or Division in the proceeding that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(b) The application shall also include a statement that the applicant's net worth does not exceed \$2 million (if an individual) or \$7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant's belief that it qualifies under such section; or

(2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant wishes the Commission to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53051, Dec. 27, 1989]

§ 201.42 Net worth exhibit.

(a) Each applicant, except a qualified tax-exempt organization or cooperative association, must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in § 201.34(f) of this

Securities and Exchange Commission

§ 201.52

part) when the proceeding was initiated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant's and its affiliates' assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this subpart. The administrative law judge or the Commission may require an applicant to file additional information to determine its eligibility for an award.

(b) Ordinarily, the net worth exhibit will be included in the public record of the proceeding. However, an applicant that objects to public disclosure of information in any portion of the exhibit and believes there are legal grounds for withholding it from disclosure may submit that exhibit in accordance with 17 CFR 201.190.

[47 FR 610, Jan. 6, 1982, as amended at 60 FR 32795, June 23, 1995]

§ 201.43 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, engineering report, test, project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. The applicant may be required to provide vouchers, receipts, or other substantiation for any fees or expenses claimed.

§ 201.44 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the proceeding or in a significant and discrete substantive portion of the proceeding, but in no case later than 30 days after the Commission's final disposition of the proceeding.

(b) For purposes of this rule, final disposition means the date on which a decision or order disposing of the merits of the proceeding or any other complete resolution of the proceeding, such as a settlement or voluntary dismissal, becomes final and unappealable, both within the Commission and to the courts.

(c) If review or reconsideration is sought or taken of a decision as to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53052, Dec. 27, 1989]

§ 201.51 Filing and service of documents.

Any application for an award or other document related to an application shall be filed and served in the same manner as other papers in proceedings under the Commission's Rules of Practice. In addition, a copy of each application for fees and expenses shall be served on the General Counsel of the Commission.

§ 201.52 Answer to application.

(a) Within 30 days after service of an application, counsel representing the Office or Division of the Commission may file an answer to the application. Unless the Office or Division of the Commission counsel requests an extension of time for filing or files a statement of intent to negotiate under paragraph (b) of this section, failure to file an answer within the 30-day period may be treated as a consent to the award requested.

(b) If counsel for the Office or Division of the Commission and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted upon request by agency counsel and the applicant.

(c) The answer shall explain any objections to the award requested and identify the facts relied on in support of that position. If the answer is based on any alleged facts not already in the

§ 201.53

record of the proceeding, it shall include supporting affidavits or a request for further proceedings under § 201.55.

§ 201.53 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under § 201.55.

§ 201.54 Settlement.

The applicant and counsel for the Office or Division of the Commission may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding or after the underlying proceeding has been concluded, in accordance with the Commission's standard settlement procedure. See 17 CFR 201.240. If a prevailing party and counsel for the Office or Division of the Commission agree on a proposed settlement of an award before an application has been filed, the application shall be filed with the proposed settlement. If a proposed settlement provides that each side shall bear its own expenses, and the settlement is accepted, no application may be filed.

[54 FR 53052, Dec. 27, 1989, as amended at 60 FR 32795, June 23, 1995]

§ 201.55 Further proceedings.

(a) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or counsel for the Office or Division of the Commission, or on his or her own initiative, the administrative law judge may order further proceedings, such as an informal conference, oral argument, additional written submissions or, as to issues other than substantial justification (such as the applicant's eligibility or substantiation of fees and expenses) an evidentiary hearing. The administrative law judge may order all proceedings that are otherwise available under Rule 8(d) of the Commission's Rules of Practice. Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application,

17 CFR Ch. II (4-1-01 Edition)

and shall be conducted as promptly as possible. Whether or not the Commission's position was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought.

(b) A request for further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53052, Dec. 27, 1989]

§ 201.56 Decision.

The administrative law judge shall issue an initial decision on the application promptly after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant's eligibility and status as a prevailing party, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the Commission's position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust.

§ 201.57 Commission review.

In accordance with the procedures set forth in 17 CFR 201.410 and 201.411, either the applicant or counsel for the Office or Division of the Commission may seek review of the initial decision on the fee application, or the Commission may decide to review the decision on its own initiative. If neither the applicant nor counsel for the Division or Office of the Commission seeks review and the Commission does not take review on its own initiative, the initial decision on the application shall become a final decision of the Commission 30 days after it is issued. Whether to review a decision is a matter within the discretion of the Commission. If review is taken, the Commission will issue a final decision on the application or remand the application to the

§ 201.58 Judicial review.

Judicial review of final Commission decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 201.59 Payment of award.

An applicant seeking payment of an award shall submit to the Comptroller of the Commission a copy of the Commission's final decision granting the award, accompanied by a sworn statement that the applicant will not seek review of the decision in the United States courts. The Commission will pay the amount awarded to the applicant as authorized by law, unless judicial review of the award has been sought by the applicant.

§ 201.60 [Reserved]

Subpart C—Procedures Pertaining to the Payment of Bounties Pursuant to Subsection 21A(e) of the Securities Exchange Act of 1934

AUTHORITY: 15 U.S.C. 78u-1 and 78w.

SOURCE: 54 FR 28799, July 10, 1989, unless otherwise noted.

§ 201.61 Scope of subpart.

Section 21A of the Securities Exchange Act of 1934 authorizes the courts to impose civil penalties for certain violations of that Act. Subsection 21A(e) permits the Commission to award bounties to persons who provide information that leads to the imposition of such penalties. Any such determination, including whether, to whom, or in what amount to make payments, is in the sole discretion of the Commission. This subpart sets forth procedures regarding applications for the award of bounties pursuant to subsection 21A(e). Nothing in this subpart shall be deemed to limit the discretion of the Commission with respect to determinations under subsection 21A(e) or to sub-

ject any such determination to judicial review.

§ 201.62 Application required.

No person shall be eligible for the payment of a bounty under subsection 21A(e) of the Securities Exchange Act of 1934 unless such person has filed a written application that meets the requirements of this subpart and, upon request, provides such other information as the Commission or its staff deems relevant to the application.

§ 201.63 Time and place of filing.

Each application pursuant to this subpart and each amendment thereto must be filed within one hundred and eighty days after the entry of the court order requiring the payment of the penalty that is subject to the application. Such applications and amendments shall be addressed to: Office of the Secretary, Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549.

§ 201.64 Form of application and information required.

Each application pursuant to this subpart shall be identified as an Application for Award of a Bounty and shall contain a detailed statement of the information provided by the applicant that the applicant believes led or may lead to the imposition of a penalty. Except as provided by Rule 65 of this subpart, each application shall state the identity and mailing address of, and be signed by, the applicant. When the application is not the means by which the applicant initially provides such information, the application shall contain: The dates and times upon which, and the means by which, the information was provided; the identity of the Commission staff members to whom the information was provided; and, if the information was provided anonymously, sufficient further information to confirm that the person filing the application is the same person who provided the information to the Commission.

§ 201.65 Identity and signature.

Applications pursuant to this subpart may omit the identity, mailing address, and signature of the applicant; *provided*, that such identity, mailing

§ 201.66

address and signature are submitted by an amendment to the application. Any such amendment must be filed within one hundred and eighty days after the entry of the court order requiring the payment of the penalty that is subject to the application.

§ 201.66 Notice to applicants.

The Commission will notify each person who files an application that meets the requirements of this subpart, at the address specified in such application, of the Commission's determination with respect to such person's application. Nothing in this subpart shall be deemed to entitle any person to any other notice from the Commission or its staff.

§ 201.67 Applications by legal guardians.

An application pursuant to this subpart may be filed by an executor, administrator, or other legal representative of a person who provides information that may be subject to a bounty payment, or by the parent or guardian of such a person if that person is a minor. Certified copies of the letters testamentary, letters of administration, or other similar evidence showing the authority of the legal representative to file the application must be annexed to the application.

§ 201.68 No promises of payment.

No person is authorized under this subpart to make any offer or promise, or otherwise to bind the Commission with respect to the payment of any bounty or the amount thereof.

§ 201.102

(i) Not to possess the requisite qualifications to represent others; or

(ii) To be lacking in character or integrity or to have engaged in unethical or improper professional conduct; or

(iii) To have willfully violated, or willfully aided and abetted the violation of any provision of the Federal securities laws or the rules and regulations thereunder.

(iv) With respect to persons licensed to practice as accountants, “improper professional conduct” under § 201.102(e)(1)(ii) means:

(A) Intentional or knowing conduct, including reckless conduct, that results in a violation of applicable professional standards; or (B) Either of the following two types of negligent conduct:

(1) A single instance of highly unreasonable conduct that results in a violation of applicable professional standards in circumstances in which an accountant knows, or should know, that heightened scrutiny is warranted.

(2) Repeated instances of unreasonable conduct, each resulting in a violation of applicable professional standards, that indicate a lack of competence to practice before the Commission.

(2) *Certain professionals and convicted persons.* Any attorney who has been suspended or disbarred by a court of the United States or of any State; or any person whose license to practice as an accountant, engineer, or other professional or expert has been revoked or suspended in any State; or any person who has been convicted of a felony or a misdemeanor involving moral turpitude shall be forthwith suspended from appearing or practicing before the Commission. A disbarment, suspension, revocation or conviction within the meaning of this section shall be deemed to have occurred when the disbarment, suspending, revoking or convicting agency or tribunal enters its judgment or order, including a judgment or order on a plea of nolo contendere, regardless of whether an appeal of such judgment or order is pending or could be taken.

(3) *Temporary suspensions.* An order of temporary suspension shall become effective upon service on the respondent. No order of temporary suspension shall

17 CFR Ch. II (4-1-01 Edition)

be entered by the Commission pursuant to paragraph (e)(3)(i) of this section more than 90 days after the date on which the final judgment or order entered in a judicial or administrative proceeding described in paragraph (e)(3)(i)(A) or (e)(3)(i)(B) of this section has become effective, whether upon completion of review or appeal procedures or because further review or appeal procedures are no longer available.

(i) The Commission, with due regard to the public interest and without preliminary hearing, may, by order, temporarily suspend from appearing or practicing before it any attorney, accountant, engineer, or other professional or expert who has been by name:

(A) Permanently enjoined by any court of competent jurisdiction, by reason of his or her misconduct in an action brought by the Commission, from violating or aiding and abetting the violation of any provision of the Federal securities laws or of the rules and regulations thereunder; or

(B) Found by any court of competent jurisdiction in an action brought by the Commission to which he or she is a party or found by the Commission in any administrative proceeding to which he or she is a party to have violated (unless the violation was found not to have been willful) or aided and abetted the violation of any provision of the Federal securities laws or of the rules and regulations thereunder.

(ii) Any person temporarily suspended from appearing and practicing before the Commission in accordance with paragraph (e)(3)(i) of this section may, within 30 days after service upon him or her of the order of temporary suspension, petition the Commission to lift the temporary suspension. If no petition has been received by the Commission within 30 days after service of the order, the suspension shall become permanent.

(iii) Within 30 days after the filing of a petition in accordance with paragraph (e)(3)(ii) of this section, the Commission shall either lift the temporary suspension, or set the matter down for hearing at a time and place designated by the Commission, or both, and, after opportunity for hearing, may censure

the petitioner or disqualify the petitioner from appearing or practicing before the Commission for a period of time or permanently. In every case in which the temporary suspension has not been lifted, every hearing held and other action taken pursuant to this paragraph (e)(3) shall be expedited in accordance with § 201.500. If the hearing is held before a hearing officer, the time limits set forth in § 201.531 will govern review of the hearing officer's initial decision.

(iv) In any hearing held on a petition filed in accordance with paragraph (e)(3)(ii) of this section, the staff of the Commission shall show either that the petitioner has been enjoined as described in paragraph (e)(3)(i)(A) of this section or that the petitioner has been found to have committed or aided and abetted violations as described in paragraph (e)(3)(i)(B) of this section and that showing, without more, may be the basis for censure or disqualification. Once that showing has been made, the burden shall be upon the petitioner to show cause why he or she should not be censured or temporarily or permanently disqualified from appearing and practicing before the Commission. In any such hearing, the petitioner may not contest any finding made against him or her or fact admitted by him or her in the judicial or administrative proceeding upon which the proceeding under this paragraph (e)(3) is predicated. A person who has consented to the entry of a permanent injunction as described in paragraph (e)(3)(i)(A) of this section without admitting the facts set forth in the complaint shall be presumed for all purposes under this paragraph (e)(3) to have been enjoined by reason of the misconduct alleged in the complaint.

(4) *Filing of prior orders.* Any person appearing or practicing before the Commission who has been the subject of an order, judgment, decree, or finding as set forth in paragraph (e)(3) of this section shall promptly file with the Secretary a copy thereof (together with any related opinion or statement of the agency or tribunal involved). Failure to file any such paper, order, judgment, decree or finding shall not impair the operation of any other provision of this section.

(5) *Reinstatement.* (i) An application for reinstatement of a person permanently suspended or disqualified under paragraph (e)(1) or (e)(3) of this section may be made at any time, and the applicant may, in the Commission's discretion, be afforded a hearing; however, the suspension or disqualification shall continue unless and until the applicant has been reinstated by the Commission for good cause shown.

(ii) Any person suspended under paragraph (e)(2) of this section shall be reinstated by the Commission, upon appropriate application, if all the grounds for application of the provisions of that paragraph are subsequently removed by a reversal of the conviction or termination of the suspension, disbarment, or revocation. An application for reinstatement on any other grounds by any person suspended under paragraph (e)(2) of this section may be filed at any time and the applicant shall be accorded an opportunity for a hearing in the matter; however, such suspension shall continue unless and until the applicant has been reinstated by order of the Commission for good cause shown.

(6) *Other proceedings not precluded.* A proceeding brought under paragraph (e)(1), (e)(2) or (e)(3) of this section shall not preclude another proceeding brought under these same paragraphs.

(7) *Public hearings.* All hearings held under this paragraph (e) shall be public unless otherwise ordered by the Commission on its own motion or after considering the motion of a party.

(f) *Practice defined.* For the purposes of these Rules of Practice, practicing before the Commission shall include, but shall not be limited to:

(1) Transacting any business with the Commission; and

(2) The preparation of any statement, opinion or other paper by any attorney, accountant, engineer or other professional or expert, filed with the Commission in any registration statement, notification, application, report or other document with the consent of such attorney, accountant, engineer or other professional or expert.

(a) *Computation.* In computing any period of time prescribed in or allowed by these Rules of Practice or by order of the Commission, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday, or Federal legal holiday (as defined in § 201.104), in which event the period runs until the end of the next day that is not a Saturday, Sunday, or Federal legal holiday. Intermediate Saturdays, Sundays, and Federal legal holidays shall be excluded from the computation when the period of time prescribed or allowed is seven days or less, not including any additional time allowed for service by mail in paragraph (b) of this section. If on the day a filing is to be made, weather or other conditions have

caused the Secretary's office or other designated filing location to close, the filing deadline shall be extended to the end of the next day that is neither a Saturday, a Sunday, nor a Federal legal holiday.

(b) *Additional time for service by mail.* If service is made by mail, three days shall be added to the prescribed period for response.

§ 201.161 Extensions of time, postponements and adjournments.

(a) *Availability.* Except as otherwise provided by law, the Commission, at any time, or the hearing officer, at any time prior to the filing of his or her initial decision or, if no initial decision is to be filed, at any time prior to the closing of the record, may, for good cause shown, extend or shorten any time limits prescribed by these Rules of Practice for the filing of any papers and may, consistent with paragraph (b) of this section, postpone or adjourn any hearing.

(b) *Limitations on postponements, adjournments and extensions.* A hearing shall begin at the time and place ordered, provided that, within the limits provided by statute, the Commission or the hearing officer may for good cause shown postpone the commencement of the hearing or adjourn a convened hearing for a reasonable period of time or change the place of hearing.

(1) *Additional considerations.* In considering a motion for postponement of the start of a hearing, adjournment once a hearing has begun, or extensions of time for filing papers, the hearing officer or the Commission shall consider, in addition to any other factors:

(i) The length of the proceeding to date;

(ii) The number of postponements, adjournments or extensions already granted;

(iii) The stage of the proceedings at the time of the request; and

(iv) Any other such matters as justice may require.

(2) *Time limit.* Postponements, adjournments or extensions of time for filing papers shall not exceed 21 days unless the Commission or the hearing officer states on the record or sets forth in a written order the reasons

§ 201.180

why a longer period of time is necessary.

§ 201.180 Sanctions.

(a) *Contemptuous conduct*—(1) *Subject to exclusion or suspension.* Contemptuous conduct by any person before the Commission or a hearing officer during any proceeding, including any conference, shall be grounds for the Commission or the hearing officer to:

(i) Exclude that person from such hearing or conference, or any portion thereof; and/or

(ii) Summarily suspend that person from representing others in the proceeding in which such conduct occurred for the duration, or any portion, of the proceeding.

(2) *Review procedure.* A person excluded from a hearing or conference, or a counsel summarily suspended from practice for the duration or any portion of a proceeding, may seek review of the exclusion or suspension by filing with the Commission, within three days of the exclusion or suspension order, a motion to vacate the order. The Commission shall consider such motion on an expedited basis as provided in § 201.500.

(3) *Adjournment.* Upon motion by a party represented by counsel subject to an order of exclusion or suspension, an adjournment shall be granted to allow the retention of new counsel. In determining the length of an adjournment, the Commission or hearing officer shall consider, in addition to the factors set forth in § 201.161, the availability of co-counsel for the party or of other members of a suspended counsel's firm.

(b) *Deficient filings; leave to cure deficiencies.* The Commission or the hearing officer may reject, in whole or in part, any filing that fails to comply with any requirements of these Rules of Practice or of any order issued in the proceeding in which the filing was made. Any such filings shall not be part of the record. The Commission or the hearing officer may direct a party to cure any deficiencies and to resubmit the filing within a fixed time period.

(c) *Failure to make required filing or to cure deficient filing.* The Commission or the hearing officer may enter a default pursuant to § 201.155, dismiss the case,

17 CFR Ch. II (4-1-01 Edition)

decide the particular matter at issue against that person, or prohibit the introduction of evidence or exclude testimony concerning that matter if a person fails:

(1) To make a filing required under these Rules of Practice; or

(2) To cure a deficient filing within the time specified by the Commission or the hearing officer pursuant to paragraph (b) of this section.

§ 201.190 Confidential treatment of information in certain filings.

(a) *Application.* An application for confidential treatment pursuant to the provisions of Clause 30 of Schedule A of the Securities Act of 1933, 15 U.S.C. 77aa(30), and Rule 406 thereunder, 17 CFR 230.406; Section 24(b)(2) of the Securities Exchange Act of 1934, 15 U.S.C. 78x(b)(2), and Rule 24b-2 thereunder, 17 CFR 240.24b-2; Section 22(b) of the Public Utility Holding Company Act of 1935, 15 U.S.C. 79v(b), and Rule 104 thereunder, 17 CFR 250.104; Section 45(a) of the Investment Company Act of 1940, 15 U.S.C. 80a-44(a), and Rule 45a-1 thereunder, 17 CFR 270.45a-1; or Section 210(a) of the Investment Advisers Act of 1940, 15 U.S.C. 80b-10(a), shall be filed with the Secretary. The application shall be accompanied by a sealed copy of the materials as to which confidential treatment is sought.

(b) *Procedure for supplying additional information.* The applicant may be required to furnish in writing additional information with respect to the grounds for objection to public disclosure. Failure to supply the information so requested within 14 days from the date of receipt by the applicant of a notice of the information required shall be deemed a waiver of the objection to public disclosure of that portion of the information to which the additional information relates, unless the Commission or the hearing officer shall otherwise order for good cause shown at or before the expiration of such 14-day period.

(c) *Confidentiality of materials pending final decision.* Pending the determination of the application for confidential treatment, transcripts, non-final orders including an initial decision, if any, and other materials in connection with the application shall be placed

Securities and Exchange Commission

§ 201.192

under seal; shall be for the confidential use only of the hearing officer, the Commission, the applicant, and any other parties and counsel; and shall be made available to the public only in accordance with orders of the Commission.

(d) *Public availability of orders.* Any final order of the Commission denying or sustaining an application for confidential treatment shall be made public. Any prior findings or opinions relating to an application for confidential treatment under this section shall be made public at such time as the material as to which confidentiality was requested is made public.

§ 201.191 Adjudications not required to be determined on the record after notice and opportunity for hearing.

(a) *Scope of the rule.* This rule applies to every case of adjudication, as defined in 5 U.S.C. 551, pursuant to any statute which the Commission administers, where adjudication is not required to be determined on the record after notice and opportunity for hearing and which the Commission has not chosen to determine on the record after notice and opportunity for hearing.

(b) *Procedure.* In every case of adjudication under paragraph (a) of this section, the Commission shall give prompt notice of any adverse action or final disposition to any person who has requested the Commission to make (or not to make) any such adjudication, and furnish to any such person a written statement of reasons therefor. Additional procedures may be specified in rules relating to specific types of such adjudications. Where any such rule provides for the publication of a Commission order, notice of the action or disposition shall be deemed to be given by such publication.

(c) *Contents of the record.* If the Commission provides notice and opportunity for the submission of written comments by parties to the adjudication or, as the case may be, by other interested persons, written comments received on or before the closing date for comments, unless accorded confidential treatment pursuant to statute or rule of the Commission, become a part of the record of the adjudication. The Commission, in its discretion, may

accept and include in the record written comments filed with the Commission after the closing date.

§ 201.192 Rulemaking: Issuance, amendment and repeal of rules of general application.

(a) *By petition.* Any person desiring the issuance, amendment or repeal of a rule of general application may file a petition therefor with the Secretary. Such petition shall include a statement setting forth the text or the substance of any proposed rule or amendment desired or specifying the rule the repeal of which is desired, and stating the nature of his or her interest and his or her reasons for seeking the issuance, amendment or repeal of the rule. The Secretary shall acknowledge, in writing, receipt of the petition and refer it to the appropriate division or office for consideration and recommendation. Such recommendations shall be transmitted with the petition to the Commission for such action as the Commission deems appropriate. The Secretary shall notify the petitioner of the action taken by the Commission.

(b) *Notice of proposed issuance, amendment or repeal of rules.* Except where the Commission finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, whenever the Commission proposes to issue, amend, or repeal any rule or regulation of general application other than an interpretive rule; general statement of policy; or rule of agency organization, procedure, or practice; or any matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts, there shall first be published in the FEDERAL REGISTER a notice of the proposed action. Such notice shall include:

(1) A statement of the time, place, and nature of the rulemaking proceeding, with particular reference to the manner in which interested persons shall be afforded the opportunity to participate in such proceeding;

(2) Reference to the authority under which the rule is proposed; and

(3) The terms or substance of the proposed rule or a description of the subjects and issues involved.

§ 201.193 Applications by barred individuals for consent to associate.

PRELIMINARY NOTE

This rule governs applications to the Commission by certain persons, barred by Commission order from association with brokers, dealers, municipal securities dealers, government securities brokers, government securities dealers, investment advisers, investment companies or transfer agents, for consent to become so associated. Applications made pursuant to this section must show that the proposed association would be consistent with the public interest. In addition to the information specifically required by the rule, applications should be supplemented, where appropriate, by written statements of individuals (other than the applicant) who are competent to attest to the applicant's character, employment performance, and other relevant information. Intentional misstatements or omissions of fact may constitute criminal violations of 18 U.S.C. 1001 *et seq.* and other provisions of law.

The nature of the supervision that an applicant will receive or exercise as an associated person with a registered entity is an important matter bearing upon the public interest. In meeting the burden of showing that the proposed association is consistent with the public interest, the application and supporting documentation must demonstrate that the proposed supervision, procedures, or terms and conditions of employment are reasonably designed to prevent a recurrence of the conduct that led to imposition of the bar. As an associated person, the applicant will be limited to association in a specified capacity with a particular registered entity and may also be subject to specific terms and conditions.

Normally, the applicant's burden of demonstrating that the proposed association is consistent with the public interest will be difficult to meet where the applicant is to be supervised by, or is to supervise, another barred individual. In addition, where an applicant wishes to become the sole proprietor of a registered entity and thus is seeking Commission consent notwithstanding an absence of supervision, the applicant's burden will be difficult to meet.

In addition to the factors set forth in paragraph (d) of this section, the Commission will consider the nature of the findings that resulted in the bar when making its determination as to whether the proposed association is consistent with the public interest. In this regard, attention is directed to Rule 5(e) of the Commission's Rules on Informal and Other Procedures, 17 CFR 202.5(e). Among other things, Rule 5(e) sets forth the Commission's policy "not to permit a * * * respondent [in an administrative proceeding] to consent to * * * [an] order that imposes a

sanction while denying the allegations in the * * * order for proceedings." Consistent with the rationale underlying that policy, and in order to avoid the appearance that an application made pursuant to this section was granted on the basis of such denial, the Commission will not consider any application that attempts to reargue or collaterally attack the findings that resulted in the Commission's bar order.

(a) *Scope of rule.* Applications for Commission consent to associate, or to change the terms and conditions of association, with a registered broker, dealer, municipal securities dealer, government securities broker, government securities dealer, investment adviser, investment company or transfer agent may be made pursuant to this section where a Commission order bars the individual from association with a registered entity and:

(1) Such barred individual seeks to become associated with an entity that is not a member of a self-regulatory organization; or

(2) The order contains a proviso that application may be made to the Commission after a specified period of time.

(b) *Form of application.* Each application shall be supported by an affidavit, manually signed by the applicant, that addresses the factors set forth in paragraph (d) of this section. One original and three copies of the application shall be filed pursuant to §§ 201.151, 201.152 and 201.153. Each application shall include as exhibits:

(1) A copy of the Commission order imposing the bar;

(2) An undertaking by the applicant to notify immediately the Commission in writing if any information submitted in support of the application becomes materially false or misleading while the application is pending;

(3) The following forms, as appropriate:

(i) A copy of a completed Form U-4, where the applicant's proposed association is with a broker-dealer or municipal securities dealer;

(ii) A copy of a completed Form MSD-4, where the applicant's proposed association is with a bank municipal securities dealer;

(iii) The information required by Form ADV, 17 CFR 279.1, with respect to the applicant, where the applicant's

Securities and Exchange Commission

§ 201.200

proposed association is with an investment adviser;

(iv) The information required by Form TA-1, 17 CFR 249b.100, with respect to the applicant, where the applicant's proposed association is with a transfer agent; and

(4) A written statement by the proposed employer that describes:

(i) The terms and conditions of employment and supervision to be exercised over such applicant and, where applicable, by such applicant;

(ii) The qualifications, experience, and disciplinary records of the proposed supervisor(s) of the applicant;

(iii) The compliance and disciplinary history, during the two years preceding the filing of the application, of the office in which the applicant will be employed; and

(iv) The names of any other associated persons in the same office who have previously been barred by the Commission, and whether they are to be supervised by the applicant.

(c) *Required showing.* The applicant shall make a showing satisfactory to the Commission that the proposed association would be consistent with the public interest.

(d) *Factors to be addressed.* The affidavit required by paragraph (b) of this section shall address each of the following:

(1) The time period since the imposition of the bar;

(2) Any restitution or similar action taken by the applicant to recompense any person injured by the misconduct that resulted in the bar;

(3) The applicant's compliance with the order imposing the bar;

(4) The applicant's employment during the period subsequent to imposition of the bar;

(5) The capacity or position in which the applicant proposes to be associated;

(6) The manner and extent of supervision to be exercised over such applicant and, where applicable, by such applicant;

(7) Any relevant courses, seminars, examinations or other actions completed by the applicant subsequent to imposition of the bar to prepare for his or her return to the securities business; and

(8) Any other information material to the application.

(e) *Notification to applicant and written statement.* In the event an adverse recommendation is proposed by the staff with respect to an application made pursuant to this section, the applicant shall be so advised and provided with a written statement of the reasons for such recommendation. The applicant shall then have 30 days to submit a written statement in response.

(f) *Concurrent applications.* The Commission will not consider any application submitted pursuant to this section if any other application for consent to associate concerning the same applicant is pending before any self-regulatory organization.

INITIATION OF PROCEEDINGS AND PREHEARING RULES

§ 201.200 Initiation of proceedings.

(a) *Order instituting proceedings: Notice and opportunity for hearing.* (1) *Generally.* Whenever an order instituting proceedings is issued by the Commission, appropriate notice thereof shall be given to each party to the proceeding by the Secretary or another duly designated officer of the Commission. Each party shall be given notice of any hearing within a time reasonable in light of the circumstances, in advance of the hearing; provided, however, no prior notice need be given to a respondent if the Commission has authorized the Division of Enforcement to seek a temporary sanction *ex parte*.

(2) *Stop order proceedings: Additional persons entitled to notice.* Any notice of a proceeding relating to the issuance of a stop order suspending the effectiveness of a registration statement pursuant to Section 8(d) of the Securities Act of 1933, 15 U.S.C. 77h(d), shall be sent to or served on the issuer; or, in the case of a foreign government or political subdivision thereof, sent to or served on the underwriter; or, in the case of a foreign or territorial person, sent to or served on its duly authorized representative in the United States named in the registration statement, properly directed in the case of telegraphic notice to the address given in such statement. In addition, if such proceeding is commenced within 90

§ 201.201

days after the registration statement has become effective, notice of the proceeding shall be given to the agent for service named on the facing sheet of the registration statement and to each other person designated on the facing sheet of the registration statement as a person to whom copies of communications to such agent are to be sent.

(b) *Content of order.* The order instituting proceedings shall:

(1) State the nature of any hearing;

(2) State the legal authority and jurisdiction under which the hearing is to be held;

(3) Contain a short and plain statement of the matters of fact and law to be considered and determined, unless the order directs an answer pursuant to § 201.220 in which case the order shall set forth the factual and legal basis alleged therefor in such detail as will permit a specific response thereto; and

(4) State the nature of any relief or action sought or taken.

(c) *Time and place of hearing.* The time and place for any hearing shall be fixed with due regard for the public interest and the convenience and necessity of the parties, other participants, or their representatives.

(d) *Amendment to order instituting proceedings.* (1) *By the Commission.* Upon motion by a party, the Commission may, at any time, amend an order instituting proceedings to include new matters of fact or law.

(2) *By the hearing officer.* Upon motion by a party, the hearing officer may, at any time prior to the filing of an initial decision or, if no initial decision is to be filed, prior to the time fixed for the filing of final briefs with the Commission, amend an order instituting proceedings to include new matters of fact or law that are within the scope of the original order instituting proceedings.

(e) *Publication of notice of public hearings.* Unless otherwise ordered by the Commission, notice of any public hearing shall be given general circulation by release to the public, by publication in the *SEC News Digest* and, where directed, by publication in the FEDERAL REGISTER.

17 CFR Ch. II (4-1-01 Edition)

§ 201.201 Consolidation of proceedings.

By order of the Commission or a hearing officer, proceedings involving a common question of law or fact may be consolidated for hearing of any or all the matters at issue in such proceedings. The Commission or the hearing officer may make such orders concerning the conduct of such proceedings as it deems appropriate to avoid unnecessary cost or delay. Consolidation shall not prejudice any rights under these Rules of Practice and shall not affect the right of any party to raise issues that could have been raised if consolidation had not occurred. For purposes of this section, no distinction is made between joinder and consolidation of proceedings.

§ 201.202 Specification of procedures by parties in certain proceedings.

(a) *Motion to specify procedures.* In any proceeding other than an enforcement or disciplinary proceeding or a proceeding to review a determination by a self-regulatory organization pursuant to §§ 201.420 and 201.421, a party may, at any time up to 20 days prior to the start of a hearing, make a motion to specify the procedures necessary or appropriate for the proceeding, with particular reference to:

(1) Whether there should be an initial decision by a hearing officer;

(2) Whether any interested division of the Commission may assist in the preparation of the Commission's decision; and

(3) Whether there should be a 30-day waiting period between the issuance of the Commission's order and the date it is to become effective.

(b) *Objections; effect of failure to object.* Any other party may object to the procedures so specified, and such party may specify such additional procedures as it considers necessary or appropriate. In the absence of such objection or such specification of additional procedures, such other party may be deemed to have waived objection to the specified procedures.

(c) *Approval required.* Any proposal pursuant to paragraph (a) of this section, even if not objected to by any party, shall be subject to the written approval of the hearing officer.

(d) *Procedure upon agreement to waive an initial decision.* If an initial decision is waived pursuant to paragraph (a) of this section, the hearing officer shall notify the Secretary and, unless the Commission directs otherwise within 14 days, no initial decision shall be issued.

§ 201.210 Parties, limited participants and amici curiae.

(a) *Parties in an enforcement or disciplinary proceeding or a proceeding to review a self-regulatory organization determination—* (1) *Generally.* No person shall be granted leave to become a party or non-party participant on a limited basis in an enforcement or disciplinary proceeding or a proceeding to review a determination by a self-regulatory organization pursuant to §§ 201.420 and 201.421, except as authorized by paragraph (c) of this section.

(2) *Disgorgement proceedings.* In an enforcement proceeding, a person may state his or her views with respect to a proposed plan of disgorgement or file a proof of claim pursuant to § 201.612.

(b) *Intervention as a party.* (1) *Generally.* In any proceeding, other than an enforcement proceeding, a disciplinary proceeding or a proceeding to review a self-regulatory organization determination, any person may seek leave to intervene as a party by filing a motion setting forth the person's interest in the proceeding. No person, however, shall be admitted as a party to a proceeding by intervention unless it is determined that leave to participate pursuant to paragraph (c) of this section would be inadequate for the protection of his or her interests.

(i) In a proceeding under the Public Utility Holding Company Act of 1935, any representative of interested consumers or security holders, or any other person whose participation in the proceeding may be in the public interest or for the protection of investors or consumers, may be admitted as a party upon the filing of a written motion setting forth the person's interest in the proceeding.

(ii) In a proceeding under the Investment Company Act of 1940, any representative of interested security holders, or any other person whose participation in the proceeding may be in the public interest or for the protection of

investors, may be admitted as a party upon the filing of a written motion setting forth the person's interest in the proceeding.

(2) *Intervention as of right.* (i) In proceedings under the Public Utility Holding Company Act of 1935, any interested representative, agency, authority or instrumentality of the United States or any interested State, State commission, municipality or other political subdivision of a state shall be admitted as a party to any proceeding upon the filing of a written motion requesting leave to be admitted.

(ii) In proceedings under the Investment Company Act of 1940, any interested State or State agency shall be admitted as a party to any proceeding upon the filing of a written motion requesting leave to be admitted.

(c) *Leave to participate on a limited basis.* In any proceeding, other than an enforcement proceeding, a disciplinary proceeding or a proceeding to review a self-regulatory organization determination, any person may seek leave to participate on a limited basis as a non-party participant as to any matter affecting the person's interests. In any enforcement proceeding or disciplinary proceeding, an authorized representative of the United States Department of Justice, an authorized representative of a United States Attorney, or an authorized representative of any criminal prosecutorial authority of any State or any other political subdivision of a State may seek leave to participate on a limited basis as a non-party participant as provided in paragraph (c)(3) of this section.

(1) *Procedure.* Motions for leave to participate shall be in writing, shall set forth the nature and extent of the movant's interest in the proceeding, and, except where good cause for late filing is shown, shall be filed not later than 20 days prior to the date fixed for the commencement of the hearing. Leave to participate pursuant to this paragraph (c) may include such rights of a party as the hearing officer may deem appropriate. Persons granted leave to participate shall be served in accordance with § 201.150; provided, however, that a party to the proceeding may move that the extent of notice of filings or other papers to be

provided to persons granted leave to participate be limited, or may move that the persons granted leave to participate bear the cost of being provided copies of any or all filings or other papers. Persons granted leave to participate shall be bound, except as may be otherwise determined by the hearing officer, by any stipulation between the parties to the proceeding with respect to procedure, including submission of evidence, substitution of exhibits, corrections of the record, the time within which briefs or exceptions may be filed or proposed findings and conclusions may be submitted, the filing of initial decisions, the procedure to be followed in the preparation of decisions and the effective date of the Commission's order in the case. Where the filing of briefs or exceptions or the submission of proposed findings and conclusions are waived by the parties to the proceedings, a person granted leave to participate pursuant to this paragraph (c) shall not be permitted to file a brief or exceptions or submit proposed findings and conclusions except by leave of the Commission or of the hearing officer.

(2) *Certain persons entitled to leave to participate.* The hearing officer is directed to grant leave to participate under this paragraph (c) to any person to whom it is proposed to issue any security in exchange for one or more bona fide outstanding securities, claims or property interests, or partly in such exchange and partly for cash, where the Commission is authorized to approve the terms and conditions of such issuance and exchange after a hearing upon the fairness of such terms and conditions.

(3) *Leave to participate in certain Commission proceedings by a representative of the United States Department of Justice, a United States Attorney's Office, or a criminal prosecutorial authority of any State or any other political subdivision of a State.* The Commission or the hearing officer may grant leave to participate on a limited basis to an authorized representative of the United States Department of Justice, an authorized representative of a United States Attorney, or an authorized representative of any criminal prosecutorial authority of any State or any other political subdivision of a State for the purpose of

requesting a stay during the pendency of a criminal investigation or prosecution arising out of the same or similar facts that are at issue in the pending Commission enforcement or disciplinary proceeding. Upon a showing that such a stay is in the public interest or for the protection of investors, the motion for stay shall be favored. A stay granted under this paragraph (c)(3) may be granted for such a period and upon such conditions as the Commission or the hearing officer deems appropriate.

(d) *Amicus participation—(1) Availability.* An amicus brief may be filed only if:

- (i) A motion for leave to file the brief has been granted;
- (ii) The brief is accompanied by written consent of all parties;
- (iii) The brief is filed at the request of the Commission or the hearing officer; or
- (iv) The brief is presented by the United States or an officer or agency thereof, or by a State, Territory or Commonwealth.

(2) *Procedure.* An amicus brief may be filed conditionally with the motion for leave. The motion for leave shall identify the interest of the movant and shall state the reasons why a brief of an amicus curiae is desirable. Except as all parties otherwise consent, any amicus curiae shall file its brief within the time allowed the party whose position the amicus will support, unless the Commission or hearing officer, for cause shown, grants leave for a later filing. In the event that a later filing is allowed, the order granting leave to file shall specify when an opposing party may reply to the brief. A motion of an amicus curiae to participate in oral argument will be granted only for extraordinary reasons.

(e) *Permission to state views.* Any person may make a motion seeking leave to file a memorandum or make an oral statement of his or her views. Any such communication may be included in the record; provided, however, that unless offered and admitted as evidence of the truth of the statements therein made, any assertions of fact submitted pursuant to the provisions of this paragraph

(e) will be considered only to the extent that the statements therein made are otherwise supported by the record.

(f) *Modification of participation provisions.* The Commission or the hearing officer may, by order, modify the provisions of this section which would otherwise be applicable, and may impose such terms and conditions on the participation of any person in any proceeding as it may deem necessary or appropriate in the public interest.

[60 FR 32796, June 23, 1995, as amended at 63 FR 63405, Nov. 13, 1998]

201.220 Answer to allegations.

(a) *When required.* In its order instituting proceedings, the Commission may require any party to file an answer to each of the allegations contained therein. Even if not so ordered, any party in any proceeding may elect to file an answer. Any other person granted leave by the Commission or the hearing officer to participate on a limited basis in such proceedings pursuant to §201.210(c) may be required to file an answer.

(b) *When to file.* Except where a different period is provided by rule or by order, a party required to file an answer as provided in paragraph (a) of this section shall do so within 20 days after service upon the party of the order instituting proceedings. Persons granted leave to participate on a limited basis in the proceeding pursuant to §201.210(c) may file an answer within a reasonable time, as determined by the Commission or the hearing officer. If the order instituting proceedings is amended, the Commission or the hearing officer may require that an amended answer be filed and, if such an answer is required, shall specify a date for the filing thereof.

(c) *Contents; effect of failure to deny.* Unless otherwise directed by the hearing officer or the Commission, an answer shall specifically admit, deny, or state that the party does not have, and is unable to obtain, sufficient information to admit or deny each allegation in the order instituting proceedings. When a party intends in good faith to deny only a part of an allegation, the party shall specify so much of it as is true and shall deny only the remainder. A statement of a lack of informa-

tion shall have the effect of a denial. A defense of *res judicata*, statute of limitations or any other matter constituting an affirmative defense shall be asserted in the answer. Any allegation not denied shall be deemed admitted.

(d) *Motion for more definite statement.* A party may file with an answer a motion for a more definite statement of specified matters of fact or law to be considered or determined. Such motion shall state the respects in which, and the reasons why, each such matter of fact or law should be required to be made more definite. If the motion is granted, the order granting such motion shall set the periods for filing such a statement and any answer thereto.

(e) *Amendments.* A party may amend its answer at any time by written consent of each adverse party or with leave of the Commission or the hearing officer. Leave shall be freely granted when justice so requires.

(f) *Failure to file answer: default.* If a party respondent fails to file an answer required by this section within the time provided, such person may be deemed in default pursuant to §201.155(a). A party may make a motion to set aside a default pursuant to §201.155(b).

201.221 Prehearing conference.

(a) *Purposes of conference.* The purposes of a prehearing conference include, but are not limited to:

- (1) Expediting the disposition of the proceeding;
- (2) Establishing early and continuing control of the proceeding by the hearing officer; and
- (3) Improving the quality of the hearing through more thorough preparation.

(b) *Procedure.* On his or her own motion or at the request of a party, the hearing officer may, in his or her discretion, direct counsel or any party to meet for an initial, final or other prehearing conference. Such conferences may be held with or without the hearing officer present as the hearing officer deems appropriate. Where such a conference is held outside the presence of the hearing officer, the hearing officer shall be advised promptly by the parties of any agreements reached. Such conferences also may be held with

§ 201.222

one or more persons participating by telephone or other remote means.

(c) *Subjects to be discussed.* At a prehearing conference consideration may be given and action taken with respect to any and all of the following:

- (1) Simplification and clarification of the issues;
- (2) Exchange of witness and exhibit lists and copies of exhibits;

- (4) Matters of which official notice may be taken;
- (5) The schedule for exchanging prehearing motions or briefs, if any;
- (6) The method of service for papers other than Commission orders;
- (7) Summary disposition of any or all issues;
- (8) Settlement of any or all issues;
- (9) Determination of hearing dates;
- (10) Amendments to the order instituting proceedings or answers thereto;
- (11) Production of documents as set forth in § 201.230, and prehearing production of documents in response to subpoenas duces tecum as set forth in § 201.232;
- (12) Specification of procedures as set forth in § 201.202; and
- (13) Such other matters as may aid in the orderly and expeditious disposition of the proceeding.

(d) *Required prehearing conference.* Except where the emergency nature of a proceeding would make a prehearing conference clearly inappropriate, at least one prehearing conference should be held.

(e) *Prehearing orders.* At or following the conclusion of any conference held pursuant to this section, the hearing officer shall enter a ruling or order which recites the agreements reached and any procedural determinations made by the hearing officer.

(f) *Failure to appear: default.* Any person who is named in an order instituting proceedings as a person against whom findings may be made or sanctions imposed and who fails to appear, in person or through a representative, at a prehearing conference of which he or she has been duly notified may be deemed in default pursuant to § 201.155(a). A party may make a mo-

§ 201.222 Prehearing submissions.

(a) *Submissions generally.* The hearing officer, on his or her own motion, or at the request of a party or other participant, may order any party, including the interested division, to furnish such information as deemed appropriate, including any or all of the following:

- (1) An outline or narrative summary of its case or defense;
- (2) The legal theories upon which it will rely;
- (3) Copies and a list of documents that it intends to introduce at the hearing; and
- (4) A list of witnesses who will testify on its behalf, including the witnesses' names, occupations, addresses and a brief summary of their expected testimony.

(b) *Expert witnesses.* Each party who intends to call an expert witness shall submit, in addition to the information required by paragraph (a)(4) of this section, a statement of the expert's qualifications, a listing of other proceedings in which the expert has given expert testimony, and a list of publications authored or co-authored by the expert.

§ 201.230 Enforcement and disciplinary proceedings: Availability of documents for inspection and copying.

For purposes of this section, the term *documents* shall include writings, drawings, graphs, charts, photographs, recordings and other data compilations, including data stored by computer, from which information can be obtained.

(a) *Documents to be available for inspection and copying.* (1) Unless otherwise provided by this section, or by order of the Commission or the hearing officer, the Division of Enforcement shall make available for inspection and copying by any party documents obtained by the Division prior to the institution of proceedings, in connection with the investigation leading to the Division's recommendation to institute proceedings. Such documents shall include:

Securities and Exchange Commission

§ 201.230

- (i) Each subpoena issued;
- (ii) Every other written request to persons not employed by the Commission to provide documents or to be interviewed;
- (iii) The documents turned over in response to any such subpoenas or other written requests;
- (iv) All transcripts and transcript exhibits;
- (v) Any other documents obtained from persons not employed by the Commission; and
- (vi) Any final examination or inspection reports prepared by the Office of Compliance Inspections and Examinations, the Division of Market Regulation, or the Division of Investment Management.

(2) Nothing in this paragraph (a) shall limit the right of the Division to make available any other document, or shall limit the right of a respondent to seek access to or production pursuant to subpoena of any other document, or shall limit the authority of the hearing officer to order the production of any document pursuant to subpoena.

(b) *Documents that may be withheld.* (1) The Division of Enforcement may withhold a document if:

- (i) The document is privileged;
- (ii) The document is an internal memorandum, note or writing prepared by a Commission employee, other than an examination or inspection report as specified in paragraph (a)(1)(vi) of this section, or is otherwise attorney work product and will not be offered in evidence;
- (iii) The document would disclose the identity of a confidential source; or
- (iv) The hearing officer grants leave to withhold a document or category of documents as not relevant to the subject matter of the proceeding or otherwise, for good cause shown.

(2) Nothing in this paragraph (b) authorizes the Division of Enforcement in connection with an enforcement or disciplinary proceeding to withhold, contrary to the doctrine of *Brady v. Maryland*, 373 U.S. 83, 87 (1963), documents that contain material exculpatory evidence.

(c) *Withheld document list.* The hearing officer may require the Division of Enforcement to submit for review a list of documents withheld pursuant to

paragraphs (b)(1) through (b)(4) of this section or to submit any document withheld, and may determine whether any such document should be made available for inspection and copying.

(d) *Timing of inspection and copying.* Unless otherwise ordered by the Commission or the hearing officer, the Division of Enforcement shall commence making documents available to a respondent for inspection and copying pursuant to this section no later than 14 days after the respondent files an answer. In a proceeding in which a temporary cease-and-desist order is sought pursuant to §201.510 or a temporary suspension of registration is sought pursuant to §201.520, documents shall be made available no later than the day after service of the decision as to whether to issue a temporary cease-and-desist order or temporary suspension order.

(e) *Place of inspection and copying.* Documents subject to inspection and copying pursuant to this section shall be made available to the respondent for inspection and copying at the Commission office where they are ordinarily maintained, or at such other place as the parties, in writing, may agree. A respondent shall not be given custody of the documents or leave to remove the documents from the Commission's offices pursuant to the requirements of this section other than by written agreement of the Division of Enforcement. Such agreement shall specify the documents subject to the agreement, the date they shall be returned and such other terms or conditions as are appropriate to provide for the safekeeping of the documents.

(f) *Copying costs and procedures.* The respondent may obtain a photocopy of any documents made available for inspection. The respondent shall be responsible for the cost of photocopying. Unless otherwise ordered, charges for copies made by the Division of Enforcement at the request of the respondent will be at the rate charged pursuant to the fee schedule at 17 CFR 200.80e for copies. The respondent shall be given access to the documents at the Commission's offices or such other place as the parties may agree during normal business hours for copying of documents at the respondent's expense.

§ 201.231

(g) *Issuance of investigatory subpoenas after institution of proceedings.* The Division of Enforcement shall promptly inform the hearing officer and each party if investigatory subpoenas are issued under the same investigation file number or pursuant to the same order directing private investigation (“formal order”) under which the investigation leading to the institution of proceedings was conducted. The hearing officer shall order such steps as necessary and appropriate to assure that the issuance of investigatory subpoenas after the institution of proceedings is not for the purpose of obtaining evidence relevant to the proceedings and that any relevant documents that may be obtained through the use of investigatory subpoenas in a continuing investigation are made available to each respondent for inspection and copying on a timely basis.

(h) *Failure to make documents available—harmless error.* In the event that a document required to be made available to a respondent pursuant to this section is not made available by the Division of Enforcement, no rehearing or redecision of a proceeding already heard or decided shall be required, unless the respondent shall establish that the failure to make the document available was not harmless error.

[60 FR 32796, June 23, 1995; 60 FR 46499, Sept. 7, 1995]

§ 201.231 Enforcement and disciplinary proceedings: Production of witness statements.

(a) *Availability.* Any respondent in an enforcement or disciplinary proceeding may move that the Division of Enforcement produce for inspection and copying any statement of any person called or to be called as a witness by the division that pertains, or is expected to pertain, to his or her direct testimony and that would be required to be produced pursuant to the Jencks Act, 18 U.S.C. 3500. Such production shall be made at a time and place fixed by the hearing officer and shall be made available to any party, provided, however, that the production shall be made under conditions intended to preserve the items to be inspected or copied.

(b) *Failure to produce—harmless error.* In the event that a statement required

17 CFR Ch. II (4–1–01 Edition)

to be made available for inspection and copying by a respondent is not turned over by the Division of Enforcement, no rehearing or redecision of a proceeding already heard or decided shall be required unless the respondent establishes that the failure to turn over the statement was not harmless error.

§ 201.232 Subpoenas.

(a) *Availability; procedure.* In connection with any hearing ordered by the Commission, a party may request the issuance of subpoenas requiring the attendance and testimony of witnesses at the designated time and place of hearing, and subpoenas requiring the production of documentary or other tangible evidence returnable at any designated time or place. Unless made on the record at a hearing, requests for issuance of a subpoena shall be made in writing and served on each party pursuant to § 201.150. A person whose request for a subpoena has been denied or modified may not request that any other person issue the subpoena.

(1) *Unavailability of hearing officer.* In the event that the hearing officer assigned to a proceeding is unavailable, the party seeking issuance of the subpoena may seek its issuance from the first available of the following persons: The Chief Administrative Law Judge, the law judge most senior in service as a law judge, the duty officer, any other member of the Commission, or any other person designated by the Commission to issue subpoenas. Requests for issuance of a subpoena made to the Commission, or any member thereof, must be submitted to the Secretary, not to an individual Commissioner.

(2) *Signing may be delegated.* A hearing officer may authorize issuance of a subpoena, and may delegate the manual signing of the subpoena to any other person authorized to issue subpoenas.

(b) *Standards for issuance.* Where it appears to the person asked to issue the subpoena that the subpoena sought may be unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may, in his or her discretion, as a condition precedent to the issuance of the subpoena, require the person seeking the subpoena to show the general relevance and reasonable

scope of the testimony or other evidence sought. If after consideration of all the circumstances, the person requested to issue the subpoena determines that the subpoena or any of its terms is unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena, or issue it only upon such conditions as fairness requires. In making the foregoing determination, the person issuing the subpoena may inquire of the other participants whether they will stipulate to the facts sought to be proved.

(c) *Service.* Service shall be made pursuant to the provisions of §201.150 (b) through (d). The provisions of this paragraph (c) shall apply to the issuance of subpoenas for purposes of investigations, as required by 17 CFR 203.8, as well as hearings.

(d) *Tender of fees required.* When a subpoena compelling the attendance of a person at a hearing or deposition is issued at the instance of anyone other than an officer or agency of the United States, service is valid only if the subpoena is accompanied by a tender to the subpoenaed person of the fees for one day's attendance and mileage specified by paragraph (f) of this section.

(e) *Application to quash or modify.* (1) *Procedure.* Any person to whom a subpoena is directed or who is an owner, creator or the subject of the documents that are to be produced pursuant to a subpoena may, prior to the time specified therein for compliance, but in no event more than 15 days after the date of service of such subpoena, request that the subpoena be quashed or modified. Such request shall be made by application filed with the Secretary and served on all parties pursuant to §201.150. The party on whose behalf the subpoena was issued may, within five days of service of the application, file an opposition to the application. If a hearing officer has been assigned to the proceeding, the application to quash shall be directed to that hearing officer for consideration, even if the subpoena was issued by another person.

(2) *Standards governing application to quash or modify.* If compliance with the subpoena would be unreasonable, oppressive or unduly burdensome, the hearing officer or the Commission shall

quash or modify the subpoena, or may order return of the subpoena only upon specified conditions. These conditions may include but are not limited to a requirement that the party on whose behalf the subpoena was issued shall make reasonable compensation to the person to whom the subpoena was addressed for the cost of copying or transporting evidence to the place for return of the subpoena.

(f) *Witness fees and mileage.* Witnesses summoned before the Commission shall be paid the same fees and mileage that are paid to witnesses in the courts of the United States, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like services in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance the witnesses appear.

§ 201.233 Depositions upon oral examination.

(a) *Procedure.* Any party desiring to take the testimony of a witness by deposition shall make a written motion setting forth the reasons why such deposition should be taken including the specific reasons why the party believes the witness will be unable to attend or testify at the hearing; the name and address of the prospective witness; the matters concerning which the prospective witness is expected to be questioned; and the proposed time and place for the taking of the deposition.

(b) *Required finding when ordering a deposition.* In the discretion of the Commission or the hearing officer, an order for deposition may be issued upon a finding that the prospective witness will likely give testimony material to the proceeding, that it is likely the prospective witness will be unable to attend or testify at the hearing because of age, sickness, infirmity, imprisonment or other disability, and that the taking of a deposition will serve the interests of justice.

(c) *Contents of order.* An order for deposition shall designate by name a deposition officer. The designated officer may be the hearing officer or any other person authorized to administer oaths by the laws of the United States or of the place where the deposition is to be

§ 201.234

held. An order for deposition also shall state:

(1) The name of the witness whose deposition is to be taken;

(2) The scope of the testimony to be taken;

(3) The time and place of the deposition;

(4) The manner of recording, preserving and filing the deposition; and

(5) The number of copies, if any, of the deposition and exhibits to be filed upon completion of the deposition.

(d) *Procedure at depositions.* A witness whose testimony is taken by deposition shall be sworn or shall affirm before any questions are put to him or her. Examination and cross-examination of deponents may proceed as permitted at a hearing. The witness being deposed may have counsel present during the deposition.

(e) *Objections to questions or evidence.* Objections to questions or evidence shall be in short form, stating the grounds of objection relied upon. Objections to questions or evidence shall be noted by the deposition officer upon the deposition, but a deposition officer other than the hearing officer shall not have the power to decide on the competency, materiality or relevance of evidence. Failure to object to questions or evidence before the deposition officer shall not be deemed a waiver unless the ground of the objection is one that might have been obviated or removed if presented at that time.

(f) *Filing of depositions.* The questions propounded and all answers or objections shall be recorded or transcribed verbatim, and a transcript prepared by the deposition officer, or under his or her direction. The transcript shall be subscribed by the witness and certified by the deposition officer. The original deposition and exhibits shall be filed with the Secretary. A copy of the deposition shall be available to the deponent and each party for purchase at prescribed rates.

(g) *Payment.* The cost of the transcript shall be paid by the party requesting the deposition.

§ 201.234 Depositions upon written questions.

(a) *Availability.* Depositions may be taken and submitted on written ques-

17 CFR Ch. II (4-1-01 Edition)

tions upon motion of any party. The motion shall include the information specified in § 201.233(a). A decision on the motion shall be governed by the provisions of § 201.233(b).

(b) *Procedure.* Written questions shall be filed with the motion. Within 10 days after service of the motion and written questions, any party may file objections to such written questions and any party may file cross-questions. When a deposition is taken pursuant to this section no persons other than the witness, counsel to the witness, the deposition officer, and, if the deposition officer does not act as reporter, a reporter, shall be present at the examination of the witness. No party shall be present or represented unless otherwise permitted by order. The deposition officer shall propound the questions and cross-questions to the witness in the order submitted.

(c) *Additional requirements.* The order for deposition, filing of the deposition, form of the deposition and use of the deposition in the record shall be governed by paragraphs (c) through (g) of § 201.233, except that no cross-examination shall be made.

§ 201.235 Introducing prior sworn statements of witnesses into the record.

(a) At a hearing, any person wishing to introduce a prior, sworn statement of a witness, not a party, otherwise admissible in the proceeding, may make a motion setting forth the reasons therefor. If only part of a statement is offered in evidence, the hearing officer may require that all relevant portions of the statement be introduced. If all of a statement is offered in evidence, the hearing officer may require that portions not relevant to the proceeding be excluded. A motion to introduce a prior sworn statement may be granted if:

(1) The witness is dead;

(2) The witness is out of the United States, unless it appears that the absence of the witness was procured by the party offering the prior sworn statement;

(3) The witness is unable to attend or testify because of age, sickness, infirmity, imprisonment or other disability;

Securities and Exchange Commission

§ 201.250

(4) The party offering the prior sworn statement has been unable to procure the attendance of the witness by subpoena; or,

(5) In the discretion of the Commission or the hearing officer, it would be desirable, in the interests of justice, to allow the prior sworn statement to be used. In making this determination, due regard shall be given to the presumption that witnesses will testify orally in an open hearing. If the parties have stipulated to accept a prior sworn statement in lieu of live testimony, consideration shall also be given to the convenience of the parties in avoiding unnecessary expense.

(b) [Reserved]

§ 201.240 Settlement.

(a) *Availability.* Any person who is notified that a proceeding may or will be instituted against him or her, or any party to a proceeding already instituted, may, at any time, propose in writing an offer of settlement.

(b) *Procedure.* An offer of settlement shall state that it is made pursuant to this section; shall recite or incorporate as a part of the offer the provisions of paragraphs (c) (4) and (5) of this section; shall be signed by the person making the offer, not by counsel; and shall be submitted to the interested division.

(c) *Consideration of offers of settlement.*

(1) Offers of settlement shall be considered by the interested division when time, the nature of the proceedings, and the public interest permit.

(2) Where a hearing officer is assigned to a proceeding, the interested division and the party submitting the offer may request that the hearing officer express his or her views regarding the appropriateness of the offer of settlement. A request for the hearing officer to express his or her views on an offer of settlement or otherwise to participate in a settlement conference constitutes a waiver by the persons making the request of any right to claim bias or prejudice by the hearing officer based on the views expressed.

(3) The interested division shall present the offer of settlement to the Commission with its recommendation, except that, if the division's rec-

ommendation is unfavorable, the offer shall not be presented to the Commission unless the person making the offer so requests.

(4) By submitting an offer of settlement, the person making the offer waives, subject to acceptance of the offer:

(i) All hearings pursuant to the statutory provisions under which the proceeding is to be or has been instituted;

(ii) The filing of proposed findings of fact and conclusions of law;

(iii) Proceedings before, and an initial decision by, a hearing officer;

(iv) All post-hearing procedures; and

(v) Judicial review by any court.

(5) By submitting an offer of settlement the person further waives:

(i) Such provisions of the Rules of Practice or other requirements of law as may be construed to prevent any member of the Commission's staff from participating in the preparation of, or advising the Commission as to, any order, opinion, finding of fact, or conclusion of law to be entered pursuant to the offer; and

(ii) Any right to claim bias or prejudice by the Commission based on the consideration of or discussions concerning settlement of all or any part of the proceeding.

(6) If the Commission rejects the offer of settlement, the person making the offer shall be notified of the Commission's action and the offer of settlement shall be deemed withdrawn. The rejected offer shall not constitute a part of the record in any proceeding against the person making the offer, provided, however, that rejection of an offer of settlement does not affect the continued validity of waivers pursuant to paragraph (c)(5) of this section with respect to any discussions concerning the rejected offer of settlement.

(7) Final acceptance of any offer of settlement will occur only upon the issuance of findings and an order by the Commission.

§ 201.250 Motion for summary disposition.

(a) After a respondent's answer has been filed and, in an enforcement or a disciplinary proceeding, documents have been made available to that respondent for inspection and copying

§ 201.300

pursuant to §201.230, the respondent, or the interested division may make a motion for summary disposition of any or all allegations of the order instituting proceedings with respect to that respondent. If the interested division has not completed presentation of its case in chief, a motion for summary disposition shall be made only with leave of the hearing officer. The facts of the pleadings of the party against whom the motion is made shall be taken as true, except as modified by stipulations or admissions made by that party, by uncontested affidavits, or by facts officially noted pursuant to §201.323.

(b) The hearing officer shall promptly grant or deny the motion for summary disposition or shall defer decision on the motion. The hearing officer may grant the motion for summary disposition if there is no genuine issue with regard to any material fact and the party making the motion is entitled to a summary disposition as a matter of law. If it appears that a party, for good cause shown, cannot present by affidavit prior to hearing facts essential to justify opposition to the motion, the hearing officer shall deny or defer the motion. A hearing officer's decision to deny leave to file a motion for summary disposition is not subject to interlocutory appeal.

(c) The motion for summary disposition, supporting memorandum of points and authorities, and any declarations, affidavits or attachments shall not exceed 35 pages in length.

RULES REGARDING HEARINGS

§ 201.300 Hearings.

Hearings for the purpose of taking evidence shall be held only upon order of the Commission. All hearings shall be conducted in a fair, impartial, expeditious and orderly manner.

§ 201.301 Hearings to be public.

All hearings, except hearings on applications for confidential treatment filed pursuant to §201.190, hearings held to consider a motion for a protective order pursuant to §201.322, and hearings on *ex parte* application for a temporary cease-and-desist order, shall be public unless otherwise ordered by the Com-

17 CFR Ch. II (4-1-01 Edition)

mission on its own motion or the motion of a party. No hearing shall be nonpublic where all respondents request that the hearing be made public.

§ 201.302 Record of hearings.

(a) *Recordation.* Unless ordered otherwise by the hearing officer or the Commission, all hearings shall be recorded and a written transcript thereof shall be prepared.

(b) *Availability of a transcript.* Transcripts of public hearings shall be available for purchase at prescribed rates. Transcripts of nonpublic proceedings, and transcripts subject to a protective order pursuant to §201.322, shall be available for purchase only by parties; provided, however, that any person compelled to submit data or evidence in a hearing may purchase a copy of his or her own testimony.

(c) *Transcript correction.* Prior to the filing of post-hearing briefs or proposed findings and conclusions, or within such earlier time as directed by the Commission or the hearing officer, a party or witness may make a motion to correct the transcript. Proposed corrections of the transcript may be submitted to the hearing officer by stipulation pursuant to §201.324, or by motion. Upon notice to all parties to the proceeding, the hearing officer may, by order, specify corrections to the transcript.

§ 201.310 Failure to appear at hearings: Default.

Any person named in an order instituting proceedings as a person against whom findings may be made or sanctions imposed who fails to appear at a hearing of which he or she has been duly notified may be deemed to be in default pursuant to §201.155(a). A party may make a motion to set aside a default pursuant to §201.155(b).

§ 201.320 Evidence: Admissibility.

The Commission or the hearing officer may receive relevant evidence and shall exclude all evidence that is irrelevant, immaterial or unduly repetitious.

§ 201.321 Evidence: Objections and offers of proof.

(a) *Objections.* Objections to the admission or exclusion of evidence must

be made on the record and shall be in short form, stating the grounds relied upon. Exceptions to any ruling thereon by the hearing officer need not be noted at the time of the ruling. Such exceptions will be deemed waived on appeal to the Commission, however, unless raised:

(1) Pursuant to interlocutory review in accordance with § 201.400;

(2) In a proposed finding or conclusion filed pursuant to § 201.340; or

(3) In a petition for Commission review of an initial decision filed in accordance with § 201.410.

(b) *Offers of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the record. Excluded material shall be retained pursuant to § 201.350(b).

§ 201.322 Evidence: Confidential information, protective orders.

(a) *Procedure.* In any proceeding as defined in § 201.101(a), a party, any person who is the owner, subject or creator of a document subject to subpoena or which may be introduced as evidence, or any witness who testifies at a hearing may file a motion requesting a protective order to limit from disclosure to other parties or to the public documents or testimony that contain confidential information. The motion should include a general summary or extract of the documents without revealing confidential details. If the movant seeks a protective order against disclosure to other parties as well as the public, copies of the documents shall not be served on other parties. Unless the documents are unavailable, the movant shall file for *in camera* inspection a sealed copy of the documents as to which the order is sought.

(b) *Basis for issuance.* Documents and testimony introduced in a public hearing are presumed to be public. A motion for a protective order shall be granted only upon a finding that the harm resulting from disclosure would outweigh the benefits of disclosure.

(c) *Requests for additional information supporting confidentiality.* A movant under paragraph (a) of this section may be required to furnish in writing additional information with respect to the grounds for confidentiality. Failure to

supply the information so requested within five days from the date of receipt by the movant of a notice of the information required shall be deemed a waiver of the objection to public disclosure of that portion of the documents to which the additional information relates, unless the Commission or the hearing officer shall otherwise order for good cause shown at or before the expiration of such five-day period.

(d) *Confidentiality of documents pending decision.* Pending a determination of a motion under this section, the documents as to which confidential treatment is sought and any other documents that would reveal the confidential information in those documents shall be maintained under seal and shall be disclosed only in accordance with orders of the Commission or the hearing officer. Any order issued in connection with a motion under this section shall be public unless the order would disclose information as to which a protective order has been granted, in which case that portion of the order that would reveal the protected information shall be nonpublic.

§ 201.323 Evidence: Official notice.

Official notice may be taken of any material fact which might be judicially noticed by a district court of the United States, any matter in the public official records of the Commission, or any matter which is peculiarly within the knowledge of the Commission as an expert body. If official notice is requested or taken of a material fact not appearing in the evidence in the record, the parties, upon timely request, shall be afforded an opportunity to establish the contrary.

§ 201.324 Evidence: Stipulations.

The parties may, by stipulation, at any stage of the proceeding agree upon any pertinent facts in the proceeding. A stipulation may be received in evidence and, when received, shall be binding on the parties to the stipulation.

§ 201.325 Evidence: Presentation under oath or affirmation.

A witness at a hearing for the purpose of taking evidence shall testify under oath or affirmation.

§ 201.326 Evidence: Presentation, rebuttal and cross-examination.

In any proceeding in which a hearing is required to be conducted on the record after opportunity for hearing in accord with 5 U.S.C. 556(a), a party is entitled to present its case or defense by oral or documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination as, in the discretion of the Commission or the hearing officer, may be required for a full and true disclosure of the facts. The scope and form of evidence, rebuttal evidence, if any, and cross-examination, if any, in any other proceeding shall be determined by the Commission or the hearing officer in each proceeding.

§ 201.340 Proposed findings, conclusions and supporting briefs.

(a) *Opportunity to file.* Before an initial decision is issued, each party shall have an opportunity, reasonable in light of all the circumstances, to file in writing proposed findings and conclusions together with, or as a part of, its brief.

(b) *Procedure.* Proposed findings of fact must be supported by citations to specific portions of the record. If successive filings are directed, the proposed findings and conclusions of the party assigned to file first shall be set forth in serially numbered paragraphs, and any counter statement of proposed findings and conclusions must, in addition to any other matter, indicate those paragraphs of the proposals already filed as to which there is no dispute. A reply brief may be filed by the party assigned to file first, or, where simultaneous filings are directed, reply briefs may be filed by each party, within the period prescribed therefor by the hearing officer. No further briefs may be filed except with leave of the hearing officer.

(c) *Time for filing.* In any proceeding in which an initial decision is to be issued:

(1) At the end of each hearing, the hearing officer shall, by order, after consultation with the parties, prescribe the period within which proposed findings and conclusions and supporting briefs are to be filed. The party or parties directed to file first shall make its

or their initial filing within 30 days of the end of the hearing unless the hearing officer, for good cause shown, permits a different period and sets forth in the order the reasons why the different period is necessary.

(2) The total period within which all such proposed findings and conclusions and supporting briefs and any counter statements of proposed findings and conclusions and reply briefs are to be filed shall be no longer than 90 days after the close of the hearing unless the hearing officer, for good cause shown, permits a different period and sets forth in an order the reasons why the different period is necessary.

§ 201.350 Record in proceedings before hearing officer; retention of documents; copies.

(a) *Contents of the record.* The record shall consist of:

(1) The order instituting proceedings, each notice of hearing and any amendments;

(2) Each application, motion, submission or other paper, and any amendments, motions, objections, and exceptions to or regarding them;

(3) Each stipulation, transcript of testimony and document or other item admitted into evidence;

(4) Each written communication accepted by the hearing officer pursuant to § 201.210;

(5) With respect to a request to disqualify a hearing officer or to allow the hearing officer's withdrawal under § 201.112, each affidavit or transcript of testimony taken and the decision made in connection with the request;

(6) All motions, briefs and other papers filed on interlocutory appeal;

(7) All proposed findings and conclusions;

(8) Each written order issued by the hearing officer or Commission; and

(9) Any other document or item accepted into the record by the hearing officer.

(b) *Retention of documents not admitted.* Any document offered in evidence but excluded, and any document marked for identification but not offered as an exhibit, shall not be considered a part of the record. The Secretary shall retain any such documents until the later of the date upon which

(2) If a petition for review is timely filed by a party or an aggrieved person entitled to review, or if the Commission upon its own initiative has ordered review of a decision with respect to a party or a person aggrieved who would be entitled to review, the initial decision shall not become final as to that party or person.

(e) *Order of finality.* In the event that the initial decision becomes the final decision of the Commission with respect to a party, the Commission shall issue an order that the decision has become final as to that party. The order of finality shall state the date on which sanctions, if any, take effect. Notice of the order shall be published in the *SEC News Digest* and the *SEC Docket*.

APPEAL TO THE COMMISSION AND COMMISSION REVIEW

§ 201.400 Interlocutory review.

(a) *Availability.* The Commission will not review a hearing officer's ruling prior to its consideration of the entire proceeding in the absence of extraordinary circumstances. The Commission may decline to consider a ruling certified by a hearing officer pursuant to paragraph (c) of this section if it determines that interlocutory review is not warranted or appropriate under the circumstances. The Commission may, at any time, on its own motion, direct that any matter be submitted to it for review.

(b) *Expedited consideration.* Interlocutory review of a hearing officer's ruling

17 CFR Ch. II (4-1-01 Edition)

(c) *Certification process.* A ruling submitted to the Commission for interlocutory review must be certified in writing by the hearing officer and shall specify the material relevant to the ruling involved. The hearing officer shall not certify a ruling unless:

(1) His or her ruling would compel testimony of Commission members, officers or employees or the production of documentary evidence in their custody; or

(2) Upon application by a party, within five days of the hearing officer's ruling, the hearing officer is of the opinion that:

(i) The ruling involves a controlling question of law as to which there is substantial ground for difference of opinion; and

(ii) An immediate review of the order may materially advance the completion of the proceeding.

(d) *Proceedings not stayed.* The filing of an application for review or the grant of review shall not stay proceedings before the hearing officer unless he or she, or the Commission, shall so order. The Commission will not consider the motion for a stay unless the motion shall have first been made to the hearing officer.

§ 201.401 Issuance of stays.

(a) *Procedure.* A request for a stay shall be made by written motion, filed pursuant to §201.154, and served on all parties pursuant to §201.150. The motion shall state the reasons for the relief requested and the facts relied upon, and, if the facts are subject to dispute, the motion shall be supported by affidavits or other sworn statements or copies thereof. Portions of the record relevant to the relief sought, if available to the movant, shall be filed with the motion. The Commission may issue a stay based on such motion or on its own motion.

(b) *Scope of relief.* The Commission may grant a stay in whole or in part, and may condition relief under this section upon such terms, or upon the implementation of such procedures, as it deems appropriate.

(c) *Stay of a Commission order.* A motion for a stay of a Commission order may be made by any person aggrieved thereby who would be entitled to review in a federal court of appeals. A motion seeking to stay the effectiveness of a Commission order pending judicial review may be made to the Commission at any time during which the Commission retains jurisdiction over the proceeding.

(d) *Stay of an action by a self-regulatory organization—(1) Availability.* A motion for a stay of an action by a self-regulatory organization for which the Commission is the appropriate regulatory agency, for which action review may be sought pursuant to § 201.420, may be made by any person aggrieved thereby.

(2) *Summary entry.* A stay may be entered summarily, without notice and opportunity for hearing.

(3) *Expedited consideration.* Where the action complained of has already taken effect and the motion for stay is filed within 10 days of the effectiveness of the action, or where the action complained of, will, by its terms, take effect within five days of the filing of the motion for stay, the consideration of and decision on the motion for a stay shall be expedited in every way, consistent with the Commission's other responsibilities. Where consideration will be expedited, persons opposing the motion for a stay may file a statement in opposition within two days of service of the motion unless the Commission, by written order, shall specify a different period.

§ 201.410 Appeal of initial decisions by hearing officers.

(a) *Petition for review; when available.* In any proceeding in which an initial decision is made by a hearing officer, any party, and any other person who would have been entitled to judicial review of the decision entered therein if the Commission itself had made the decision, may file a petition for review of the decision with the Commission.

(b) *Procedure.* The petition for review of an initial decision shall be filed with the Commission within such time after service of the initial decision as prescribed by the hearing officer pursuant to § 201.360(b). The petition shall set

forth the specific findings and conclusions of the initial decision as to which exception is taken, together with supporting reasons for each exception. Supporting reasons may be stated in summary form. Any exception to an initial decision not stated in the petition for review, or in a previously filed proposed finding made pursuant to § 201.340, may, at the discretion of the Commission, be deemed to have been waived by the petitioner.

(c) *Financial disclosure statement requirement.* Any person who files a petition for review of an initial decision that asserts that person's inability to pay either disgorgement, interest or a penalty shall file with the opening brief a sworn financial disclosure statement containing the information specified in § 201.630(b).

(d) *Opposition to review.* A party may seek leave to file a brief in opposition to a petition for review within five days of the filing of the petition. The Commission will grant leave, or order the filing of an opposition on its own motion, only if it determines that briefing will significantly aid the decisional process. A brief in opposition shall identify those issues which do not warrant consideration by the Commission and shall state succinctly the reasons therefore.

(e) *Prerequisite to judicial review.* Pursuant to Section 704 of the Administrative Procedure Act, 5 U.S.C. 704, a petition to the Commission for review of an initial decision is a prerequisite to the seeking of judicial review of a final order entered pursuant to such decision.

§ 201.411 Commission consideration of initial decisions by hearing officers.

(a) *Scope of review.* The Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, an initial decision by a hearing officer and may make any findings or conclusions that in its judgment are proper and on the basis of the record.

(b) *Standards for granting review pursuant to a petition for review—(1) Mandatory review.* After a petition for review has been filed, the Commission shall review any initial decision that:

§ 201.420

17 CFR Ch. II (4-1-01 Edition)

(i) Denies any request for action pursuant to Section 8(a) or Section 8(c) of the Securities Act of 1933, 15 U.S.C. 77h(a), (c), or the first sentence of Section 12(d) of the Exchange Act, 15 U.S.C. 78l(d);

(ii) Suspends trading in a security pursuant to Section 12(k) of the Exchange Act, 15 U.S.C. 78l(k); or

(iii) Is in a case of adjudication (as defined in 5 U.S.C. 551) not required to be determined on the record after notice and opportunity for hearing (except to the extent there is involved a matter described in 5 U.S.C. 554(a) (1) through (6)).

(2) *Discretionary review.* The Commission may decline to review any other decision. In determining whether to grant review, the Commission shall consider whether the petition for review makes a reasonable showing that:

(i) A prejudicial error was committed in the conduct of the proceeding; or

(ii) The decision embodies:

(A) A finding or conclusion of material fact that is clearly erroneous; or

(B) A conclusion of law that is erroneous; or

(C) An exercise of discretion or decision of law or policy that is important and that the Commission should review.

(c) *Commission review other than pursuant to a petition for review.* The Commission may, on its own initiative, order review of any initial decision, or a portion of any initial decision, within 21 days after the end of the period established for filing a petition for review pursuant to § 201.410(b) or any brief in opposition to a petition for review permitted pursuant to § 201.410(d). A party who does not intend to file a petition for review, and who desires the Commission's determination whether to order review on its own initiative to be made in a shorter time, may make a motion for an expedited decision, accompanied by a written statement that the party waives its right to file a petition for review. The vote of one member of the Commission, conveyed to the Secretary, shall be sufficient to bring a matter before the Commission for review.

(d) *Limitations on matters reviewed.* Review by the Commission of an initial decision shall be limited to the issues

specified in the petition for review or the issues, if any, specified in the briefing schedule order issued pursuant to § 201.450(a). On notice to all parties, however, the Commission may, at any time prior to issuance of its decision, raise and determine any other matters that it deems material, with opportunity for oral or written argument thereon by the parties.

(e) *Summary affirmance.* The Commission may summarily affirm an initial decision based upon the petition for review and any response thereto, without further briefing, if it finds that no issue raised in the petition for review warrants further consideration by the Commission.

(f) *Failure to obtain a majority.* In the event a majority of participating Commissioners do not agree to a disposition on the merits, the initial decision shall be of no effect, and an order will be issued in accordance with this result.

§ 201.420 Appeal of determinations by self-regulatory organizations.

(a) *Application for review; when available.* An application for review by the Commission may be filed by any person who is aggrieved by a self-regulatory organization determination as to which a notice is required to be filed with the Commission pursuant to Section 19(d)(1) of the Exchange Act, 15 U.S.C. 78s(d)(1). Such determinations include any:

(1) Final disciplinary sanction;

(2) Denial or conditioning of membership or participation;

(3) Prohibition or limitation in respect to access to services offered by that self-regulatory organization or a member thereof; or

(4) Bar from association.

(b) *Procedure.* An application for review may be filed with the Commission pursuant to § 201.151 within 30 days after notice of the determination was filed with the Commission pursuant to Section 19(d)(1) of the Exchange Act, 15 U.S.C. 78s(d)(1), and received by the aggrieved person applying for review. The application shall be served by the applicant on the self-regulatory organization. The application shall identify the determination complained of, set forth in summary form a brief statement of

alleged errors in the determination and supporting reasons therefor and state an address where the applicant can be served with the record index. The application shall be accompanied by the notice of appearance required by § 201.102(d).

(c) *Determination not stayed.* Filing an application for review with the Commission pursuant to paragraph (b) of this section shall not operate as a stay of the complained of determination made by the self-regulatory organization unless the Commission otherwise orders either pursuant to a motion filed in accordance with § 201.401 or on its own motion.

(d) *Certification of the record; service of the index.* Fourteen days after receipt of an application for review or a Commission order for review, the self-regulatory organization shall certify and file with the Commission one copy of the record upon which the action complained of was taken, and shall file with the Commission three copies of an index to such record, and shall serve upon each party one copy of the index.

§ 201.421 Commission consideration of determinations by self-regulatory organizations.

(a) *Commission review other than pursuant to a petition for review.* The Commission may, on its own initiative, order review of any determination by a self-regulatory organization that could be subject to an application for review pursuant to § 201.420(a) within 40 days after notice thereof was filed with the Commission pursuant to Section 19(d)(1) of the Exchange Act, 15 U.S.C. 78s(d)(1).

(b) *Supplemental briefing.* The Commission may at any time prior to issuance of its decision raise or consider any matter that it deems material, whether or not raised by the parties. Notice to the parties and an opportunity for supplemental briefing with respect to issues not briefed by the parties shall be given where the Commission believes that such briefing would significantly aid the decisional process.

§ 201.430 Appeal of actions made pursuant to delegated authority.

(a) *Scope of rule.* Any person aggrieved by an action made by authority delegated in §§ 200.30-1 through 200.30-18 of this chapter may seek review of the action pursuant to paragraph (b) of this section.

(b) *Procedure—(1) Notice of intention to petition for review.* A party or any person aggrieved by an action made pursuant to delegated authority may seek Commission review of the action by filing a written notice of intention to petition for review within five days after actual notice to the party of the action or service of notice of the action pursuant to § 201.141(b), whichever is earlier. The notice shall identify the petitioner and the action complained of, and shall be accompanied by a notice of appearance pursuant to § 201.102(d).

(2) *Petition for review.* Within five days after the filing of a notice of intention to petition for review pursuant to paragraph (b)(1) of this section, the person seeking review shall file a petition for review containing a clear and concise statement of the issues to be reviewed and the reasons why review is appropriate. The petition shall include exceptions to any findings of fact or conclusions of law made, together with supporting reasons for such exceptions based on appropriate citations to such record as may exist. These reasons may be stated in summary form.

(c) *Prerequisite to judicial review.* Pursuant to Section 704 of the Administrative Procedure Act, 5 U.S.C. 704, a petition to the Commission for review of an action made by authority delegated in §§ 200.30-1 through 200.30-18 of this chapter is a prerequisite to the seeking of judicial review of a final order entered pursuant to such an action.

§ 201.431 Commission consideration of actions made pursuant to delegated authority.

(a) *Scope of review.* The Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, any action made pursuant to authority delegated in

§ 201.450

17 CFR Ch. II (4-1-01 Edition)

§§ 200.30-1 through 200.30-18 of this chapter.

(b) *Standards for granting review pursuant to a petition for review*—(1) *Mandatory review*. After a petition for review has been filed, the Commission shall review any action that it would be required to review pursuant to § 201.411(b)(1) if the action was made as the initial decision of a hearing officer.

(2) *Discretionary review*. The Commission may decline to review any other action. In determining whether to grant review, the Commission shall consider the factors set forth in § 201.411(b)(2).

(c) *Commission review other than pursuant to a petition for review*. The Commission may, on its own initiative, order review of any action made pursuant to delegated authority at any time, provided, however, that where there are one or more parties to the matter, such review shall not be ordered more than ten days after the action. The vote of one member of the Commission, conveyed to the Secretary, shall be sufficient to bring a matter before the Commission for review.

(d) *Required items in an order for review*. In an order granting a petition for review or directing review on the Commission's own initiative, the Commission shall set forth the time within which any party or other person may file a statement in support of or in opposition to the action made by delegated authority and shall state whether a stay shall be granted, if none is in effect, or shall be continued, if in effect pursuant to paragraph (e) of this section.

(e) *Automatic stay of delegated action*. An action made pursuant to delegated authority shall have immediate effect and be deemed the action of the Commission. Upon filing with the Commission of a notice of intention to petition for review, or upon notice to the Secretary of the vote of a Commissioner that a matter be reviewed, an action made pursuant to delegated authority shall be stayed until the Commission orders otherwise, provided, however, there shall be no automatic stay of an action:

(1) To grant a stay of action by the Commission or a self-regulatory orga-

nization as authorized by 17 CFR 200.30-14(g) (5)–(6); or

(2) To commence a subpoena enforcement proceeding as authorized by 17 CFR 200.30-4(a)(10).

(f) *Effectiveness of stay or of Commission decision to modify or reverse a delegated action*. As against any person who shall have acted in reliance upon any action at a delegated level, any stay or any modification or reversal by the Commission of such action shall be effective only from the time such person receives actual notice of such stay, modification or reversal.

[60 FR 32796, June 23, 1995; 60 FR 46500, Sept. 7, 1995]

§ 201.450 Briefs filed with the Commission.

(a) *Briefing schedule order*. Other than review ordered pursuant to § 201.431, if review of a determination is mandated by statute, rule, or judicial order or the Commission determines to grant review as a matter of discretion, the Commission shall issue a briefing schedule order directing the party or parties to file opening briefs and specifying particular issues, if any, as to which briefing should be limited or directed. Unless otherwise provided, opening briefs shall be filed within 40 days of the date of the briefing schedule order. Opposition briefs shall be filed within 30 days after the date opening briefs are due. Reply briefs shall be filed within 14 days after the date opposition briefs are due. No briefs in addition to those specified in the briefing schedule order may be filed except with leave of the Commission. The briefing schedule order shall be issued:

(1) At the time the Commission orders review on its own initiative pursuant to §§ 201.411 or 201.421, or orders interlocutory review on its own motion pursuant to § 201.400(a); or

(2) Within 21 days, or such longer time as provided by the Commission, after:

(i) The last day permitted for filing a petition for review pursuant to § 201.410(b) or a brief in opposition to a petition for review pursuant to § 201.410(d);

(ii) Receipt by the Commission of an index to the record of a determination

of a self-regulatory organization filed pursuant to § 201.420(d);

(iii) Receipt by the Commission of the mandate of a court of appeals with respect to a judicial remand; or

(iv) Certification of a ruling for interlocutory review pursuant to § 201.400(c).

(b) *Contents of briefs.* Briefs shall be confined to the particular matters at issue. Each exception to the findings or conclusions being reviewed shall be stated succinctly. Exceptions shall be supported by citation to the relevant portions of the record, including references to the specific pages relied upon, and by concise argument including citation of such statutes, decisions and other authorities as may be relevant. If the exception relates to the admission or exclusion of evidence, the substance of the evidence admitted or excluded shall be set forth in the brief, in an appendix thereto, or by citation to the record. Reply briefs shall be confined to matters in opposition briefs of other parties.

(c) *Length limitation.* Opening and opposition briefs shall not exceed 50 pages and reply briefs shall not exceed 25 pages, exclusive of pages containing the table of contents, table of authorities, and any addendum, except with leave of the Commission.

§ 201.451 Oral argument before the Commission.

(a) *Availability.* The Commission, on its own motion or the motion of a party or any other aggrieved person entitled to Commission review, may order oral argument with respect to any matter. Motions for oral argument with respect to whether to affirm all or part of an initial decision by a hearing officer shall be granted unless exceptional circumstances make oral argument impractical or inadvisable. The Commission will consider appeals, motions and other matters properly before it on the basis of the papers filed by the parties without oral argument unless the Commission determines that the presentation of facts and legal arguments in the briefs and record and the decisional process would be significantly aided by oral argument.

(b) *Procedure.* Requests for oral argument shall be made by separate motion accompanying the initial brief on the merits. The Commission shall issue an order as to whether oral argument is to be heard, and if so, the time and place therefor. The grant or denial of a motion for oral argument shall be made promptly after the filing of the last brief called for by the briefing schedule. If oral argument is granted, the time fixed for oral argument shall be changed only by written order of the Commission, for good cause shown. The order shall state at whose request the change is made and the reasons for any such change.

(c) *Time allowed.* Unless the Commission orders otherwise, not more than one half-hour per side will be allowed for oral argument. The Commission may, in its discretion, determine that several persons have a common interest, and that the interests represented will be considered a single side for purposes of allotting time for oral argument. Time will be divided equally among persons on a single side, provided, however, that by mutual agreement they may reallocate their time among themselves. A request for additional time must be made by motion filed reasonably in advance of the date fixed for argument.

(d) *Participation of Commissioners.* A member of the Commission who was not present at the oral argument may participate in the decision of the proceeding, provided that the member has reviewed the transcript of such argument prior to such participation. The decision shall state whether the required review was made.

§ 201.452 Additional evidence.

Upon its own motion or the motion of a party, the Commission may allow the submission of additional evidence. A party may file a motion for leave to adduce additional evidence at any time prior to issuance of a decision by the Commission. Such motion shall show with particularity that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence previously. The

§ 201.460

Commission may accept or hear additional evidence, may remand the proceeding to a self-regulatory organization, or may remand or refer the proceeding to a hearing officer for the taking of additional evidence, as appropriate.

§ 201.460 Record before the Commission.

The Commission shall determine each matter on the basis of the record.

(a) Contents of the record.

(1) In proceedings for final decision before the Commission other than those reviewing a determination by a self-regulatory organization, the record shall consist of:

(i) All items part of the record below in accordance with § 201.350;

(ii) Any petitions for review, cross-petitions or oppositions; and

(iii) All briefs, motions, submissions and other papers filed on appeal or review.

(2) In a proceeding for final decision before the Commission reviewing a determination by a self-regulatory organization, the record shall consist of:

(ii) Any application for review; and

(iii) Any submissions, moving papers, and briefs filed on appeal or review.

(b) *Transmittal of record to Commission.* Within 14 days after the last date set for filing briefs or such later date as the Commission directs, the Secretary shall transmit the record to the Commission.

(c) *Review of documents not admitted.* Any document offered in evidence but excluded by the hearing officer or the Commission and any document marked for identification but not offered as an exhibit shall not be considered a part of the record before the Commission on appeal but shall be transmitted to the Commission by the Secretary if so requested by the Commission. In the event that the Commission does not request the document, the Secretary shall retain the document not admitted into the record until the later of:

(1) The date upon which the Commission's order becomes final, or

(2) The conclusion of any judicial review of that order.

17 CFR Ch. II (4-1-01 Edition)

§ 201.470 Reconsideration.

(a) *Scope of rule.* A party or any person aggrieved by a determination in a proceeding may file a motion for reconsideration of a final order issued by the Commission.

(b) *Procedure.* A motion for reconsideration shall be filed within 10 days after service of the order complained of on each party, or within such time as the Commission may prescribe upon motion of the person seeking reconsideration, if made within the foregoing 10-day period. The motion for reconsideration shall briefly and specifically state the matters of record alleged to have been erroneously decided, the grounds relied upon, and the relief sought. Except with permission of the Commission, a motion for reconsideration shall not exceed 15 pages. No responses to a motion for reconsideration shall be filed unless requested by the Commission.

§ 201.490 Receipt of petitions for judicial review pursuant to 28 U.S.C. 2112(a)(1).

The Commission officer and office designated pursuant to 28 U.S.C. 2112(a)(1) to receive copies of petitions for review of Commission orders from the persons instituting review in a court of appeals, are the Secretary and the Office of the Secretary at the Commission's Headquarters. Ten copies of each petition shall be submitted. Each copy shall state on its face that it is being submitted to the Commission pursuant to 28 U.S.C. 2112 by the person or persons who filed the petition in the court of appeals.

RULES RELATING TO TEMPORARY ORDERS AND SUSPENSIONS

§ 201.500 Expedited consideration of proceedings.

Consistent with the Commission's or the hearing officer's other responsibilities, every hearing shall be held and every decision shall be rendered at the earliest possible time in connection with:

(b) A motion or application to review an order suspending temporarily the effectiveness of an exemption from registration pursuant to Regulations A, B, E or F under the Securities Act, §§ 230.258, 230.336, 230.610 or 230.656 of this chapter; or,

(c) A motion to or petition to review an order suspending temporarily the privilege of appearing before the Commission under § 201.102(e)(3), or a sanction under § 201.180(a)(1).

§ 201.510 Temporary cease-and-desist orders: Application process.

(a) *Procedure.* A request for entry of a temporary cease-and-desist order shall be made by application filed by the Division of Enforcement. The application shall set forth the statutory provision or rule that each respondent is alleged to have violated; the temporary relief sought against each respondent, including whether the respondent would be required to take action to prevent the dissipation or conversion of assets; and whether the relief is sought *ex parte*.

(b) *Accompanying documents.* The application shall be accompanied by a declaration of facts signed by a person with knowledge of the facts contained therein, a memorandum of points and authorities, a proposed order imposing the temporary relief sought, and, unless relief is sought *ex parte*, a proposed notice of hearing and order to show cause whether the temporary relief should be imposed. (a) *Notice: how given.* Notice of an application for a temporary cease-and-desist order shall be made by serving a notice of hearing and order to show cause pursuant to § 201.141(b) or, where timely service of a notice of hearing pursuant to § 201.141(b) is not practicable, by any other means reasonably calculated to give actual notice that a hearing will be held, including telephonic notification of the general subject matter, time, and place of the hearing. If an application is made *ex parte*, pursuant to § 201.513, no notice to a respondent need be given prior to the Commission's consideration of the application.

(b) *Hearing before the Commission.* Except as provided in paragraph (d) of this section, hearings on an application for a temporary cease-and-desist order shall be held before the Commission.

(c) *Presiding officer: designation.* The Chairman shall preside or designate a Commissioner to preside at the hearing. If the Chairman is absent or unavailable at the time of hearing and no other Commissioner has been designated to preside, the duty officer on the day the hearing begins shall preside or designate another Commissioner to preside.

(d) *Procedure at hearing.* (1) The presiding officer shall have all those powers of a hearing officer set forth in § 201.111 and shall rule on the admissibility of evidence and other procedural matters, including, but not limited to whether oral testimony will be heard; the time allowed each party for the submission of evidence or argument; and whether post-hearing submission of briefs, proposed findings of fact and conclusions of law will be permitted and if so, the procedures for submission; provided, however, that the person presiding may consult with other Commissioners participating in the hearing on these or any other question of procedure.

(2) Each Commissioner present at the hearing shall be afforded a reasonable opportunity to ask questions of witnesses, if any, or of counsel.

(3) A party or witness may participate by telephone. Alternative means

§ 201.512

of remote access, including a video link, shall be permitted in the Commission's discretion. Factors the Commission may consider in determining whether to permit alternative means of remote access include, but are not limited to, whether allowing an alternative means of access will delay the hearing, whether the alternative means is reliable, and whether the party proposing its use has made arrangements to pay for its cost.

(4) After a hearing has begun, the Commission may, on its own motion, or the motion of a party, assign a hearing officer to preside at the taking of oral testimony or other evidence and to certify the record of such testimony or other evidence to the Commission within a fixed period of time. No recommended or initial decision shall be made by such a hearing officer.

§ 201.512 Temporary cease-and-desist orders: Issuance after notice and opportunity for hearing.

(a) *Basis for issuance.* A temporary cease-and-desist order shall be issued only if the Commission determines that the alleged violation or threatened violation specified in an order instituting proceedings whether to enter a permanent cease-and-desist order pursuant to Securities Act Section 8A(a), 15 U.S.C. 77h-1(a), Exchange Act Section 21C(a), 15 U.S.C. 78u-3(a), Investment Company Act Section 9(f)(1), 15 U.S.C. 80a-9(f)(1), or Investment Advisers Act Section 203(k)(1), 15 U.S.C. 80b-3(k)(1), or the continuation thereof, is likely to result in significant dissipation or conversion of assets, significant harm to investors, or substantial harm to the public interest, including, but not limited to, losses to the Securities Investor Protection Corporation, prior to the completion of proceedings on the permanent cease-and-desist order.

(b) *Content, scope and form of order.* Every temporary cease-and-desist order granted shall:

(1) Describe the basis for its issuance, including the alleged or threatened violations and the harm that is likely to result without the issuance of an order;

(2) Describe in reasonable detail, and not by reference to the order insti-

17 CFR Ch. II (4-1-01 Edition)

tuting proceedings or any other document, the act or acts the respondent is to take or refrain from taking; and

(3) Be indorsed with the date and hour of issuance.

(c) *Effective upon service.* A temporary cease-and-desist order is effective upon service upon the respondent.

(d) *Service: how made.* Service of a temporary cease-and-desist order shall be made pursuant to § 201.141(a). The person who serves the order shall promptly file a declaration of service identifying the person served, the method of service, the date of service, the address to which service was made and the person who made service; provided, however, failure to file such a declaration shall have no effect on the validity of the service.

(e) *Commission review.* At any time after the respondent has been served with a temporary cease-and-desist order, the respondent may apply to the Commission to have the order set aside, limited or suspended. The application shall set forth with specificity the facts that support the request.

§ 201.513 Temporary cease-and-desist orders: Issuance without prior notice and opportunity for hearing.

In addition to the requirements for issuance of a temporary cease-and-desist order set forth in § 201.512, the following requirements shall apply if a temporary cease-and-desist order is to be entered without prior notice and opportunity for hearing:

(a) *Basis for issuance without prior notice and opportunity for hearing.* A temporary cease-and-desist order may be issued without notice and opportunity for hearing only if the Commission determines, from specific facts in the record of the proceeding, that notice and hearing prior to entry of an order would be impracticable or contrary to the public interest.

(b) *Content of the order.* An *ex parte* temporary cease-and-desist order shall state specifically why notice and hearing would have been impracticable or contrary to the public interest.

(c) *Hearing before the Commission.* If a respondent has been served with a temporary cease-and-desist order entered without a prior Commission hearing,

the respondent may apply to the Commission to have the order set aside, limited, or suspended, and if the application is made within 10 days after the date on which the order was served, may request a hearing on such application. The Commission shall hold a hearing and render a decision on the respondent's application at the earliest possible time. The hearing shall begin within two days of the filing of the application unless the applicant consents to a longer period or the Commission, by order, for good cause shown, sets a later date. The Commission shall render a decision on the application within five calendar days of its filing, provided, however, that the Commission, by order, for good cause shown, may extend the time within which a decision may be rendered for a single period of five calendar days, or such longer time as consented to by the applicant. If the Commission does not render its decision within 10 days of the respondent's application or such longer time as consented to by the applicant, the temporary order shall be suspended until a decision is rendered.

(d) *Presiding officer, procedure at hearing.* Procedures with respect to the selection of a presiding officer and the conduct of the hearing shall be in accordance with § 201.511.

§ 201.514 Temporary cease-and-desist orders: Judicial review; duration.

(a) *Availability of judicial review.* Judicial review of a temporary cease-and-desist order shall be available as provided in Section 8A(d)(2) of the Securities Act, 15 U.S.C. 77h-1(d)(2), Section 21C(d)(2) of the Exchange Act, 15 U.S.C. 78u-3(d)(2), Section 9(f)(4)(B) of the Investment Company Act, 15 U.S.C. 80a-9(f)(4)(B), or Section 203(k)(4)(B) of the Investment Advisers Act, 15 U.S.C. 80b-3(k)(4)(B).

(b) *Duration.* Unless set aside, limited, or suspended, either by order of the Commission, a court of competent jurisdiction, or a hearing officer acting pursuant to § 201.531, or by operation of § 201.513, a temporary cease-and-desist order shall remain effective and enforceable until the earlier of:

(1) The completion of the proceedings whether a permanent order shall be entered; or

(2) 180 days, or such longer time as consented to by the respondent, after issuance of a briefing schedule order pursuant to § 201.540(b), if an initial decision whether a permanent order should be entered is appealed.

§ 201.520 Suspension of registration of brokers, dealers, or other Exchange Act-registered entities: Application.

(a) *Procedure.* A request for suspension of a registered broker, dealer, municipal securities dealer, government securities broker, government securities dealer, or transfer agent pending a final determination whether the registration shall be revoked shall be made by application filed by the Division of Enforcement. The application shall set forth the statutory provision or rule that each respondent is alleged to have violated and the temporary suspension sought as to each respondent.

(b) *Accompanying documents.* The application shall be accompanied by a declaration of facts signed by a person with knowledge of the facts contained therein, a memorandum of points and authorities, a proposed order imposing the temporary suspension of registration sought, and a proposed notice of hearing and order to show cause whether the temporary suspension of registration should be imposed. If a proceeding to determine whether to revoke the registration permanently has not already been commenced, a proposed order instituting proceedings to determine whether a permanent sanction should be imposed shall also be filed with the application.

(c) *With whom filed.* The application shall be filed with the Secretary or, if the Secretary is unavailable, with the duty officer. In no event shall an application be filed with an administrative law judge.

(d) *Record of hearings.* All hearings shall be recorded or transcribed pursuant to § 201.302.

§ 201.521 Suspension of registration of brokers, dealers, or other Exchange Act-registered entities: Notice and opportunity for hearing on application.

(a) *How given.* Notice of an application to suspend a registration pursuant to § 201.520 shall be made by serving a

§ 201.522

notice of hearing and order to show cause pursuant to § 201.141(b) or, where timely service of a notice of hearing pursuant to § 201.141(b) is not practicable, by any other means reasonably calculated to give actual notice that a hearing will be held, including telephonic notification of the general subject matter, time, and place of the hearing.

(b) *Hearing: before whom held.* Except as provided in paragraph (d) of this section, hearings on an application to suspend a registration pursuant to § 201.520 shall be held before the Commission.

(c) *Presiding officer: designation.* The Chairman shall preside or designate a Commissioner to preside at the hearing. If the Chairman is absent or unavailable at the time of hearing and no other Commissioner has been designated to preside, the duty officer on the day the hearing begins shall preside or designate another Commissioner to preside.

(d) *Procedure at hearing.* (1) The presiding officer shall have all those powers of a hearing officer set forth in § 201.111 and shall rule on the admissibility of evidence and other procedural matters, including, but not limited to whether oral testimony will be heard; the time allowed each party for the submission of evidence or argument; and whether post-hearing submission of briefs, proposed findings of fact and conclusions of law will be permitted and if so, the procedures for submission; provided, however, that the person presiding may consult with other Commissioners participating in the hearing on these or any other question of procedure.

(2) Each Commissioner present at the hearing shall be afforded a reasonable opportunity to ask questions of witnesses, if any, or counsel.

(3) A party or witness may participate by telephone. Alternative means of remote access, including a video link, shall be permitted in the Commission's discretion. Factors the Commission may consider in determining whether to permit alternative means of remote access include, but are not limited to, whether allowing an alternative means of access will delay the hearing, whether the alternative means is reliable, and whether the party pro-

17 CFR Ch. II (4-1-01 Edition)

posing its use has made arrangements to pay for its cost.

(4) After a hearing has begun, the Commission may, on its own motion or the motion of a party, assign a hearing officer to preside at the taking of oral testimony or other evidence and to certify the record of such testimony or other evidence to the Commission within a fixed period of time. No recommended or initial decision shall be made.

§ 201.522 Suspension of registration of brokers, dealers, or other Exchange Act-registered entities: Issuance and review of order.

(a) *Basis for issuance.* An order suspending a registration, pending final determination as to whether the registration shall be revoked shall be issued only if the Commission finds that the suspension is necessary or appropriate in the public interest or for the protection of investors.

(b) *Content, scope and form of order.* Each order suspending a registration shall:

(1) Describe the basis for its issuance, including the alleged or threatened violations and the harm that is likely to result without the issuance of an order;

(2) Describe in reasonable detail, and not by reference to the order instituting proceedings or any other document, the act or acts the respondent is to take or refrain from taking; and

(3) Be indorsed with the date and hour of issuance.

(c) *Effective upon service.* An order suspending a registration is effective upon service upon the respondent.

(d) *Service: how made.* Service of an order suspending a registration shall be made pursuant to § 201.141(a). The person who serves the order shall promptly file a declaration of service identifying the person served, the method of service, the date of service, the address to which service was made and the person who made service; provided, however, failure to file such a declaration shall have no effect on the validity of the service.

(e) *Commission review.* At any time after the respondent has been served with an order suspending a registration, the respondent may apply to the

Securities and Exchange Commission

§ 201.540

Commission or the hearing officer to have the order set aside, limited, or suspended. The application shall set forth with specificity the facts that support the request.

§ 201.523 [Reserved]

§ 201.524 Suspension of registrations: Duration.

Unless set aside, limited or suspended by order of the Commission, a court of competent jurisdiction, or a hearing officer acting pursuant to §201.531, an order suspending a registration shall remain effective and enforceable until the earlier of:

(a) The completion of the proceedings whether the registration shall be permanently revoked; or

(b) 180 days, or such longer time as consented to by the respondent, after issuance of a briefing schedule order pursuant to §201.540(b), if an initial decision whether the registration shall be permanently revoked is appealed.

§ 201.530 Initial decision on permanent order: Timing for submitting proposed findings and preparation of decision.

Unless otherwise ordered by the Commission or hearing officer, if a temporary cease-and-desist order or suspension of registration order is in effect, the following time limits shall apply to preparation of an initial decision as to whether such order should be made permanent:

(a) Proposed findings and conclusions and briefs in support thereof shall be filed 30 days after the close of the hearing;

(b) The record in the proceedings shall be served by the Secretary upon the hearing officer three days after the date for the filing of the last brief called for by the hearing officer; and

(c) The initial decision shall be filed with the Secretary at the earliest possible time, but in no event more than 30 days after service of the record, unless the hearing officer, by order, shall extend the time for good cause shown for a period not to exceed 30 days.

§ 201.531 Initial decision on permanent order: Effect on temporary order.

(a) *Specification of permanent sanction.* If, at the time an initial decision is

issued, a temporary sanction is in effect as to any respondent, the initial decision shall specify:

(1) Which terms or conditions of a temporary cease-and-desist order, if any, shall become permanent; and

(2) Whether a temporary suspension of a respondent's registration, if any, shall be made a permanent revocation of registration.

(b) *Modification of temporary order.* If any temporary sanction shall not become permanent under the terms of the initial decision, the hearing officer shall issue a separate order setting aside, limiting or suspending the temporary sanction then in effect in accordance with the terms of the initial decision. The hearing officer shall decline to suspend a term or condition of a temporary cease-and-desist order if it is found that the continued effectiveness of such term or condition is necessary to effectuate any term of the relief ordered in the initial decision, including the payment of disgorgement, interest or penalties. An order modifying temporary sanctions shall be effective 14 days after service. Within one week of service of the order modifying temporary sanctions any party may seek a stay or modification of the order from the Commission pursuant to §201.401.

§ 201.540 Appeal and Commission review of initial decision making a temporary order permanent.

(a) *Petition for review.* Any person who seeks Commission review of an initial decision as to whether a temporary sanction shall be made permanent shall file a petition for review pursuant to §201.410, provided, however, that the petition must be filed within 10 days after service of the initial decision.

(b) *Review procedure.* If the Commission determines to grant or order review, it shall issue a briefing schedule order pursuant to §201.450. Unless otherwise ordered by the Commission, opening briefs shall be filed within 21 days of the order granting or ordering review, and opposition briefs shall be filed within 14 days after opening briefs are filed. Reply briefs shall be filed within seven days after opposition briefs are filed. Oral argument, if granted by the Commission, shall be

§ 201.550

held within 90 days of the issuance of the briefing schedule order.

§ 201.550 Summary suspensions pursuant to Exchange Act Section 12(k)(1)(A).

(a) *Petition for termination of suspension.* Any person adversely affected by a suspension pursuant to Section 12(k)(1)(A) of the Exchange Act, 15 U.S.C. 78l(k)(1)(A), who desires to show that such suspension is not necessary in the public interest or for the protection of investors may file a sworn petition with the Secretary, requesting that the suspension be terminated. The petition shall set forth the reasons why the petitioner believes that the suspension of trading should not continue and state with particularity the facts upon which the petitioner relies.

(b) *Commission consideration of a petition.* The Commission, in its discretion, may schedule a hearing on the matter, request additional written submissions, or decide the matter on the facts presented in the petition and any other relevant facts known to the Commission. If the petitioner fails to cooperate with, obstructs, or refuses to permit the making of an examination by the Commission, such conduct shall be grounds to deny the petition.

RULES REGARDING DISGORGEMENT AND PENALTY PAYMENTS

§ 201.600 Interest on sums disgorged.

(a) *Interest required.* Prejudgment interest shall be due on any sum required to be paid pursuant to an order of disgorgement. The disgorgement order shall specify each violation that forms the basis for the disgorgement ordered; the date which, for purposes of calculating disgorgement, each such violation was deemed to have occurred; the amount to be disgorged for each such violation; and the total sum to be disgorged. Prejudgment interest shall be due from the first day of the month following each such violation through the last day of the month preceding the month in which payment of disgorgement is made. The order shall state the amount of prejudgment interest owed as of the date of the

17 CFR Ch. II (4-1-01 Edition)

disgorgement order and that interest shall continue to accrue on all funds owed until they are paid.

(b) *Rate of interest.* Interest on the sum to be disgorged shall be computed at the underpayment rate of interest established under Section 6621(a)(2) of the Internal Revenue Code, 26 U.S.C. 6621(a)(2), and shall be compounded quarterly. The Commission or the hearing officer may, by order, specify a lower rate of prejudgment interest as to any funds which the respondent has placed in an escrow or otherwise guaranteed for payment of disgorgement upon a final determination of the respondent's liability. Escrow and other guarantee arrangements must be approved by the Commission or the hearing officer prior to entry of the disgorgement order.

§ 201.601 Prompt payment of disgorgement, interest and penalties.

(a) *Timing of payments.* Unless otherwise provided, funds due pursuant to an order by the Commission requiring the payment of disgorgement, interest or penalties shall be paid no later than 21 days after service of the order, and funds due pursuant to an order by a hearing officer shall be paid on the first day after the order becomes final pursuant to § 201.360.

(b) *Stays.* A stay of any order requiring the payment of disgorgement, interest or penalties may be sought at any time pursuant to § 201.401.

§ 201.610 Submission of proposed plan of disgorgement.

The Commission or the hearing officer may, at any time, order any party to submit a plan for the administration and distribution of disgorgement funds. Unless ordered otherwise, the Division of Enforcement shall submit a proposed plan no later than 60 days after funds or other assets have been turned over by the respondent pursuant to a Commission disgorgement order and any appeals of the disgorgement order have been waived or completed, or appeal is no longer available.

§ 201.611 Contents of plan of disgorgement; provisions for payment.

(a) *Required plan elements.* Unless otherwise ordered, a plan for the administration of a disgorgement fund shall include the following elements:

(1) Procedures for the receipt of additional funds, including the specification of an account where funds will be held and the instruments in which the funds may be invested;

(2) Specification of categories of persons potentially eligible to receive proceeds from the fund;

(3) Procedure for providing notice to such persons of the existence of the fund and their potential eligibility to receive proceeds of the fund;

(4) Procedures for making and approving claims, procedures for handling disputed claims and a cut-off date for the making of claims;

(5) A proposed date for the termination of the fund, including provision for the disposition of any funds not otherwise distributed;

(6) Procedures for the administration of the fund, including selection, compensation and, as necessary, indemnification of a fund administrator to oversee the fund, process claims, prepare accountings, file tax returns and, subject to the approval of the Commission, make distributions from the fund to investors; and

(7) Such other provisions as the Commission or the hearing officer may require.

(b) *Payment to registry of the court or court-appointed receiver.* Subject to such conditions as the Commission or the hearing officer shall deem appropriate, a plan of disgorgement may provide for payment of disgorgement funds into a court registry or to a court-appointed receiver in any case pending in federal or state court against a respondent or any other person based upon a complaint alleging violations arising from the same or substantially similar facts as those alleged in the Commission's order instituting proceedings.

(c) *Payment to the United States Treasury under certain circumstances.* When, in the opinion of the Commission or the hearing officer, the cost of administering a plan of disgorgement relative to the value of the available disgorgement funds and the number of

potential claimants would not justify distribution of the disgorgement funds to injured investors, the plan may provide that the funds shall be paid directly to the general fund of the United States Treasury.

§ 201.612 Notice of proposed plan of disgorgement and opportunity for comment by non-parties.

Notice of a proposed plan of disgorgement shall be published in the *SEC News Digest*, in the *SEC Docket*, and in such other publications as the Commission or the hearing officer may require. The notice shall specify how copies of the proposed plan may be obtained and shall state that persons desiring to comment on the proposed plan may submit their views, in writing, to the Commission.

§ 201.613 Order approving, modifying or disapproving proposed plan of disgorgement.

At any time more than 30 days after publication of notice of a proposed plan of disgorgement, the hearing officer or the Commission shall, by order, approve, approve with modifications, or disapprove the proposed plan. In the discretion of the Commission or the hearing officer, a proposed plan of disgorgement that is substantially modified prior to adoption may be republished for an additional comment period pursuant to § 201.612. The order approving or disapproving the plan should be entered within 30 days after the end of the final period allowed for comments on the proposed plan unless the Commission or the hearing officer, by written order, allows a longer period for good cause shown.

§ 201.614 Administration of plan of disgorgement.

(a) *Appointment and removal of administrator.* The Commission or the hearing officer shall have discretion to appoint any person, including a Commission employee, as administrator of a plan of disgorgement and to delegate to that person responsibility for administering the plan. A respondent may be required or permitted to administer or assist in administering a plan of disgorgement, subject to such terms and conditions as the Commission or the hearing officer

§ 201.620

deem appropriate to ensure the proper distribution of funds. An administrator may be removed at any time by order of the Commission or hearing officer.

(b) *Administrator to post bond.* If the administrator is not a Commission employee, the administrator shall be required to obtain a bond in the manner prescribed by 11 U.S.C. 322, in an amount to be approved by the Commission. The cost of the bond may be paid for as a cost of administration. The Commission may waive posting of a bond for good cause shown.

(c) *Administrator's fees.* If the administrator is a Commission employee, no fee shall be paid to the administrator for his or her services. If the administrator is not a Commission employee, he or she may file an application for fees for completed services, and upon approval by the Commission or a hearing officer, may be paid a reasonable fee for those services. Any objections thereto shall be filed within 21 days of service of the application on the parties.

(d) *Source of funds.* Unless otherwise ordered, fees and other expenses of administering the plan of disgorgement shall be paid first from the interest earned on disgorged funds, and if the interest is not sufficient, then from the corpus.

(e) *Accountings.* During the first 10 days of each calendar quarter, or as otherwise directed by the Commission or the hearing officer, the administrator shall file an accounting of all monies earned or received and all monies spent in connection with the administration of the plan of disgorgement. A final accounting shall be submitted for approval of the Commission or hearing officer prior to discharge of the administrator and cancellation of the administrator's bond, if any.

(f) *Amendment.* A plan may be amended upon motion by any party or the plan administrator or upon the Commission's or hearing officer's own motion.

§ 201.620 Right to challenge order of disgorgement.

Other than in connection with the opportunity to submit comments as provided in § 201.612, no person shall be granted leave to intervene or to par-

17 CFR Ch. II (4-1-01 Edition)

ticipate in a proceeding or otherwise to appear to challenge an order of disgorgement; or an order approving, approving with modifications, or disapproving a plan of disgorgement; or any determination relating to a plan of disgorgement based solely upon that person's eligibility or potential eligibility to participate in a disgorgement fund or based upon any private right of action such person may have against any person who is also a respondent in an enforcement proceeding.

§ 201.630 Inability to pay disgorgement, interest or penalties.

(a) *Generally.* In any proceeding in which an order requiring payment of disgorgement, interest or penalties may be entered, a respondent may present evidence of an inability to pay disgorgement, interest or a penalty. The Commission may, in its discretion, or the hearing officer may, in his or her discretion, consider evidence concerning ability to pay in determining whether disgorgement, interest or a penalty is in the public interest.

(b) *Financial disclosure statement.* Any respondent who asserts an inability to pay disgorgement, interest or penalties may be required to file a sworn financial disclosure statement and to keep the statement current. The financial statement shall show the respondent's assets, liabilities, income or other funds received and expenses or other payments, from the date of the first violation alleged against that respondent in the order instituting proceedings, or such later date as specified by the Commission or a hearing officer, to the date of the order requiring the disclosure statement to be filed. By order, the Commission or the hearing officer may prescribe the use of the Disclosure of Assets and Financial Information Form (see Form D-A at § 209.1 of this chapter) or any other form, may specify other time periods for which disclosure is required, and may require such other information as deemed necessary to evaluate a claim of inability to pay.

(c) *Confidentiality.* Any respondent submitting financial information pursuant to this section or § 201.410(c) may make a motion, pursuant to § 201.322, for the issuance of a protective order

against disclosure of the information submitted to the public or to any parties other than the Division of Enforcement. Prior to a ruling on the motion, no party receiving information as to which a motion for a protective order has been made may transfer or convey the information to any other person without the prior permission of the Commission or the hearing officer.

(d) *Service required.* Notwithstanding any provision of §201.322, a copy of the financial disclosure statement shall be served on the Division of Enforcement.

(e) *Failure to file required financial information: sanction.* Any respondent who, after making a claim of inability to pay either disgorgement, interest or a penalty, fails to file a financial disclosure statement when such a filing has been ordered or is required by rule may, in the discretion of the Commission or the hearing officer, be deemed to have waived the claim of inability to pay. No sanction pursuant to §§201.155 or 201.180 shall be imposed for a failure to file such a statement.

INFORMAL PROCEDURES AND SUPPLEMENTARY INFORMATION CONCERNING ADJUDICATORY PROCEEDINGS

§201.900 Informal Procedures and Supplementary Information Concerning Adjudicatory Proceedings.

(a) *Guidelines for the timely completion of proceedings.*(1) Timely resolution of adjudicatory proceedings is one factor in assessing the effectiveness of the adjudicatory program in protecting investors, promoting public confidence in the securities markets and assuring respondents a fair hearing. Establishment of guidelines for the timely completion of key phases of contested administrative proceedings provides a standard for both the Commission and the public to gauge the Commission's adjudicatory program on this criterion. The Commission has directed that, to the extent possible:

(i) An administrative law judge's initial decision should be filed with the Secretary within 10 months of issuance of the order instituting proceedings.

(ii) A decision by the Commission on review of an interlocutory matter should be completed within 45 days of the date set for filing the final brief on the matter submitted for review.

(iii) A decision by the Commission on a motion to stay a decision that has already taken effect or that will take effect within five days of the filing of the motion, should be issued within five days of the date set for filing of the opposition to the motion for a stay. If the decision complained of has not taken effect, the Commission's decision should be issued within 45 days of the date set for filing of the opposition to the motion for a stay.

(iv) A decision by the Commission with respect to an appeal from the initial decision of a hearing officer, a review of a determination by a self-regulatory organization, or a remand of a prior Commission decision by a court of appeals should be issued within 11 months from the date the petition for review, application for review, or mandate of the court is filed.

(2) The guidelines in this paragraph (a) do not create a requirement that each portion of a proceeding or the entire proceeding be completed within the periods described. Among other reasons, a proceeding at either the hearing stage or on review by the Commission may require additional time because it is unusually complex or because the record is exceptionally long. In addition, fairness is enhanced if the Commission's deliberative process is not constrained by an inflexible schedule. In some proceedings, deliberation may be delayed by the need to consider more urgent matters, to permit the preparation of dissenting opinions, or for other good cause. The guidelines will be used by the Commission as one of several criteria in monitoring and evaluating its adjudicatory program. The guidelines will be examined periodically, and, if necessary, readjusted in light of changes in the pending caseload and the available level of staff resources.

(b) *Reports to the Commission on pending cases.* The administrative law judges, the Secretary and the General Counsel have each been delegated authority to issue certain orders or adjudicate certain proceedings. See 17 CFR 200.30-1 *et seq.* Proceedings are also assigned to the General Counsel for the preparation of a proposed order or

opinion which will then be recommended to the Commission for consideration. In order to improve accountability by and to the Commission for management of the docket, the Commission has directed that confidential status reports with respect to all filed adjudicatory proceedings shall be made periodically to the Commission. These reports will be made through the Secretary, with a minimum frequency established by the Commission. In connection with these periodic reports, if a proceeding assigned to an administrative law judge or pending before the Commission has not been concluded within 30 days of the guidelines established in paragraph (a) of this section, the Chief Administrative Law Judge or the General Counsel, respectively, shall specifically apprise the Commission of that fact, and shall describe the procedural posture of the case, project an estimated date for conclusion of the proceeding, and provide such other information as is necessary to enable the Commission to determine whether additional steps are necessary to reach a fair and timely resolution of the matter.

(c) *Publication of information concerning the pending case docket.* Ongoing disclosure of information about the adjudication program caseload increases awareness of the importance of the program, facilitates oversight of the program and promotes confidence in the efficiency and fairness of the program by investors, securities industry participants, self-regulatory organizations and other members of the public. The Commission has directed the Secretary to publish in the *SEC Docket* in the first and seventh months of each fiscal year summary statistical information about the status of pending adjudicatory proceedings and changes in the Commission's caseload over the prior six months. The report will include the number of cases pending before the administrative law judges and the Commission at the beginning and end of the six-month period. The report will also show increases in the caseload arising from new cases being instituted, appealed or remanded to the Commission and decreases in the caseload arising from the disposition of proceedings by issuance of initial decisions, issuance

of final decisions issued on appeal of initial decisions, other dispositions of appeals of initial decisions, final decisions on review of self-regulatory organization determinations, other dispositions on review of self-regulatory organization determinations, and decisions with respect to stays or interlocutory motions. For each category of decision, the report shall also show the median age of the cases at the time of the decision and the number of cases decided within the guidelines for the timely completion of adjudicatory proceedings.

§ 202.1 General.

(a) The statutes administered by the Commission provide generally (1) for the filing with it of certain statements, such as registration statements, periodic and ownership reports, and proxy solicitation material, and for the filing of certain plans of reorganization, applications and declarations seeking Commission approvals; (2) for Commission determination through formal procedures of matters initiated by private parties or by the Commission; (3) for the investigation and examination of persons and records where necessary to carry out the purposes of the statutes and for enforcement of statutory provisions; and (4) for the adoption of rules

§ 202.2

17 CFR Ch. II (4-1-01 Edition)

and regulations where necessary to effectuate the purposes of the statutes.

(b) In addition to the Commission's rules of practice set forth in part 201 of this chapter, the Commission has promulgated rules and regulations pursuant to the several statutes it administers (parts 230, 240, 250, 260, 270 and 275 of this chapter). These parts contain substantive provisions and include as well numerous provisions detailing the procedure for meeting specific standards embodied in the statutes. The Commission's rules and regulations under each of the statutes are available in pamphlet form upon request to the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(c) The statutes and the published rules, regulations and forms thereunder prescribe the course and method of formal procedures to be followed in Commission proceedings. These are supplemented where feasible by certain informal procedures designed to aid the public and facilitate the execution of the Commission's functions. There follows a brief description of procedures generally followed by the Commission which have not been formalized in rules.

(d) The informal procedures of the Commission are largely concerned with the rendering of advice and assistance by the Commission's staff to members of the public dealing with the Commission. While opinions expressed by members of the staff do not constitute an official expression of the Commission's views, they represent the views of persons who are continuously working with the provisions of the statute involved. And any statement by the director, associate director, assistant director, chief accountant, chief counsel, or chief financial analyst of a division can be relied upon as representing the views of that division. In certain instances an informal statement of the views of the Commission may be obtained. The staff, upon request or on its own motion, will generally present questions to the Commission which involve matters of substantial importance and where the issues are novel or highly complex, although the granting of a request for an informal statement

by the Commission is entirely within its discretion.

§ 202.2 Pre-filing assistance and interpretative advice.

The staff of the Commission renders interpretative and advisory assistance to members of the general public, prospective registrants, applicants and declarants. For example, persons having a question regarding the availability of an exemption may secure informal administrative interpretations of the applicable statute or rule as they relate to the particular facts and circumstances presented. Similarly, persons contemplating filings with the Commission may receive advice of a general nature as to the preparation thereof, including information as to the forms to be used and the scope of the items contained in the forms. Inquiries may be directed to an appropriate officer of the Commission's staff. In addition, informal discussions with members of the staff may be arranged whenever feasible, at the Commission's central office or, except in connection with matters under the Public Utility Holding Company Act of 1935 and certain matters under the Investment Company Act of 1940, at one of its regional or district offices.

[25 FR 6736, July 15, 1960, as amended at 59 FR 5945, Feb. 9, 1994]

§ 202.3 Processing of filings.

(a) Registration statements, proxy statements, letters of notification, periodic reports, applications for qualification of indentures, and similar documents filed with the Commission under the Securities Act of 1933 and the Trust Indenture Act of 1939, and certain filings under the Securities Exchange Act of 1934 and the Public Utility Holding Company Act of 1935 are routed to the Division of Corporation Finance, which passes initially on the adequacy of disclosure and recommends the initial action to be taken. If the filing appears to afford inadequate disclosure, as for example through omission of material information or through violation of accepted accounting principles and practices, the usual practice is to bring the deficiency to the attention of the person who filed the document by letter from

the Assistant Director assigned supervision over the particular filing, and to afford a reasonable opportunity to discuss the matter and make the necessary corrections. This informal procedure is not generally employed when the deficiencies appear to stem from careless disregard of the statutes and rules or a deliberate attempt to conceal or mislead or where the Commission deems formal proceedings necessary in the public interest. If an electronic filing is not prepared in accordance with the requirements of the current EDGAR Filer Manual, the filing may be suspended and the filer so notified. Reasonable opportunity will be afforded the filer to make the necessary corrections or resubmit the filing as needed. Where it appears that the filing affords adequate disclosure, acceleration of its effectiveness when appropriate normally will be granted. A similar procedure is followed with respect to filings under the Investment Company Act of 1940 and certain filings relating to investment companies under the Securities Act of 1933, the Securities Exchange Act of 1934, and the Trust Indenture Act of 1939, which are routed to the Division of Investment Management, and filings under the Public Utility Holding Company Act of 1935 which are also routed to the Division of Investment Management. A similar procedure is also followed in the Commission's Regional Offices with respect to registration statements on Forms SB-1 and SB-2 (17 CFR 239.9 and 239.10) and related filings under the Trust Indenture Act of 1939.

(b)(1) Applications for registration as brokers, dealers, investment advisers, municipal securities dealers and transfer agents are submitted to the Office of Filings and Information Services where they are examined to determine whether all necessary information has been supplied and whether all required financial statements and other documents have been furnished in proper form. Defective applications may be returned with a request for correction or held until corrected before being accepted as a filing. The files of the Commission and other sources of information are considered to determine whether any person connected with the applicant appears to have engaged in

activities which would warrant commencement of proceedings on the question of denial of registration. The staff confers with applicants and makes suggestions in appropriate cases for amendments and supplemental information. Where it appears appropriate in the public interest and where a basis therefore exists, denial proceedings may be instituted. Within 45 days of the date of the filing of a broker-dealer, investment adviser or municipal securities dealer application (or within such longer period as to which the applicant consents), the Commission shall by order grant registration or institute proceedings to determine whether registration should be denied. An application for registration as a transfer agent shall become effective within 30 days after receipt of the application (or within such shorter period as the Commission may determine). The Office of Filings and Information Services is also responsible for the processing and substantive examination of statements of beneficial ownership of securities and changes in such ownership filed under the Securities Exchange Act of 1934, the Public Utility Holding Company Act of 1935, and the Investment Company Act of 1940, and for the examination of reports filed pursuant to § 230.144 of this chapter.

(2) Applications for registration as national securities exchanges, or exemption from registration as exchanges by reason of such exchanges' limited volume of transactions filed with the Commission are routed to the Division of Market Regulation, which examines these applications to determine whether all necessary information has been supplied and whether all required financial statements and other documents have been furnished in proper form. Defective applications may be returned with a request for correction or held until corrected before being accepted as a filing. The files of the Commission and other sources of information are considered to determine whether any person connected with the applicant appears to have engaged in activities which would warrant commencement of proceedings on the question of denial of registration. The staff confers with applicants and makes suggestions in appropriate cases

§ 202.3a

for amendments and supplemental information. Where it appears appropriate in the public interest and where a basis therefore exists, denial proceedings may be instituted. Within 90 days of the date of publication of a notice of the filing of an application for registration as a national securities exchange, or exemption from registration by reason of such exchanges' limited volume of transactions (or within such longer period as to which the applicant consents), the Commission shall by order grant registration, or institute proceedings to determine whether registration should be denied as provided in § 240.19(a)(1) of this chapter.

§ 202.3a Instructions for filing fees.

Payment of filing fees specified by the following rules shall be made according to the directions listed in this part: § 230.111 (17 CFR 230.111), § 240.0-9 (17 CFR 240-0.9), § 260.7a-10 (17 CFR 260.7a-10), and § 270.0-8 (17 CFR 270.0-8). All such fees payable by electronic filers (§ 232.11(e) of this chapter), including those pertaining to documents filed in paper pursuant to a hardship exemption, shall be remitted to the U.S. Treasury designated lockbox depository at the Mellon Bank in Pittsburgh, Pennsylvania, by wire transfer, mail or hand delivery. Fees payable by paper filers may be either remitted to the lockbox depository, or remitted directly to the Commission at 450 Fifth Street NW., Washington DC 20549. Personal checks cannot be accepted for payment of fees. To ensure proper posting, all filers must include their assigned CIK account numbers on fee payments. If a third party submits a fee payment, the fee payment must specify the account number to which the fee is to be applied. Filing fees paid pursuant to Section 6(b) of the Securities Act of 1933, including fees paid pursuant to section 24(f) of the Investment Company Act of 1940 (15 U.S.C. 80a-24(f)) or pursuant to Section 307(b) of the Trust Indenture Act of 1939 should

be designated as "restricted," except that filing fees paid with respect to registration statements filed pursuant to Rule 462(b) (§ 230.462(b) of this chapter) should be designated as "unrestricted." Specific instructions on the various methods of making fee payments to the lockbox depository are as follows:

(a) *Wire transfer*: Those who wish to wire fee payments may use any bank or wire transfer service to initiate the transaction. All remitters must follow standard Federal Reserve instructions to ensure that fees transferred are received and identifiable. § 202.4 Facilitating administrative hearings.

(a) Applications, declarations, and other requests involving formal Commission action after opportunity for hearing are scrutinized by the appropriate division for conformance with applicable statutory standards and Commission rules and generally the filing party is advised of deficiencies. Prior to passing upon applications and declarations the Commission receives the views of all interested persons at public hearings whenever appropriate; hence, any applicant or declarant seeking Commission approval of proposed transactions by a particular time should file his application or declaration in time to allow for the presentation and consideration of such views.

(b) After the staff has had an opportunity to study an application or declaration, interested persons may informally discuss the problems therein raised to the extent that time and the nature of the case permit (e.g., consideration is usually given to whether the proceeding is contested and if so to the nature of the contest). In such event, the staff will, to the extent feasible, advise as to the nature of the issues raised by the filing, the necessity for any amendments to the documents filed, the type of evidence it believes should be presented at the hearing and, in some instances, the nature, form, and contents of documents to be submitted as formal exhibits. The staff will, in addition, generally advise as to Commission policy in past cases which dealt with the same subject matter as the filing under consideration.

(c) During the course of the hearings, the staff is generally available for in-

formal discussions to reconcile bona fide divergent views not only between itself and other persons interested in the proceedings, but among all interested persons; and, when circumstances permit, an attempt is made to narrow, if possible, the issues to be considered at the formal hearing.

(d) In some instances the Commission in the order accompanying its findings and opinion reserves jurisdiction over certain matters relating to the proceeding, such as payment of fees and expenses, accounting entries, terms and conditions relating to securities to be issued, and other matters. In such cases, upon receipt of satisfactory information and data the Commission considers whether further hearing is required before releasing jurisdiction.

§ 202.5 Enforcement activities.

(a) Where, from complaints received from members of the public, communications from Federal or State agencies, examination of filings made with the Commission, or otherwise, it appears that there may be violation of the acts administered by the Commission or the rules or regulations thereunder, a preliminary investigation is generally made. In such preliminary investigation no process is issued or testimony compelled. The Commission may, in its discretion, make such formal investigations and authorize the use of process as it deems necessary to determine whether any person has violated, is violating, or is about to violate any provision of the federal securities laws or the rules of a self-regulatory organization of which the person is a member or participant. Unless otherwise ordered by the Commission, the investigation or examination is non-public and the reports thereon are for staff and Commission use only.

(b) After investigation or otherwise the Commission may in its discretion take one or more of the following actions: Institution of administrative proceedings looking to the imposition of remedial sanctions, initiation of injunctive proceedings in the courts, and, in the case of a willful violation, reference of the matter to the Department of Justice for criminal prosecution. The Commission may also, on some occasions, refer the matter to, or

§ 202.6

17 CFR Ch. II (4-1-01 Edition)

grant requests for access to its files made by, domestic and foreign governmental authorities or foreign securities authorities, self-regulatory organizations such as stock exchanges or the National Association of Securities Dealers, Inc., and other persons or entities.

(c) Persons who become involved in preliminary or formal investigations may, on their own initiative, submit a written statement to the Commission setting forth their interests and position in regard to the subject matter of the investigation. Upon request, the staff, in its discretion, may advise such persons of the general nature of the investigation, including the indicated violations as they pertain to them, and the amount of time that may be available for preparing and submitting a statement prior to the presentation of a staff recommendation to the Commission for the commencement of an administrative or injunction proceeding. Submissions by interested persons should be forwarded to the appropriate Division Director, Regional Director, or District Administrator with a copy to the staff members conducting the investigation and should be clearly referenced to the specific investigation to which they relate. In the event a recommendation for the commencement of an enforcement proceeding is presented by the staff, any submissions by interested persons will be forwarded to the Commission in conjunction with the staff memorandum.

(d) In instances where the staff has concluded its investigation of a particular matter and has determined that it will not recommend the commencement of an enforcement proceeding against a person, the staff, in its discretion, may advise the party that its formal investigation has been terminated. Such advice if given must in no way be construed as indicating that the party has been exonerated or that no action may ultimately result from the staff's investigation of the particular matter.

(e) The Commission has adopted the policy that in any civil lawsuit brought by it or in any administrative proceeding of an accusatory nature pending before it, it is important to avoid creating, or permitting to be created,

an impression that a decree is being entered or a sanction imposed, when the conduct alleged did not, in fact, occur. Accordingly, it hereby announces its policy not to permit a defendant or respondent to consent to a judgment or order that imposes a sanction while denying the allegations in the complaint or order for proceedings. In this regard, the Commission believes that a refusal to admit the allegations is equivalent to a denial, unless the defendant or respondent states that he neither admits nor denies the allegations.

(f) In the course of the Commission's investigations, civil lawsuits, and administrative proceedings, the staff, with appropriate authorization, may discuss with persons involved the disposition of such matters by consent, by settlement, or in some other manner. It is the policy of the Commission, however, that the disposition of any such matter may not, expressly or impliedly, extend to any criminal charges that have been, or may be, brought against any such person or any recommendation with respect thereto. Accordingly, any person involved in an enforcement matter before the Commission who consents, or agrees to consent, to any judgment or order does so solely for the purpose of resolving the claims against him in that investigative, civil, or administrative matter and not for the purpose of resolving any criminal charges that have been, or might be, brought against him. This policy reflects the fact that neither the Commission nor its staff has the authority or responsibility for instituting, conducting, settling, or otherwise disposing of criminal proceedings. That authority and responsibility are vested in the Attorney General and representatives of the Department of Justice.

§ 202.6 Adoption, revision, and rescission of rules and regulations of general application.

(a) The procedure followed by the Commission in connection with the adoption, revision, and rescission of

Securities and Exchange Commission

§ 202.8

rules of general application necessarily varies in accordance with the nature of the rule, the extent of public interest therein, and the necessity for speed in its adoption. Rules relating to Commission organization, procedure and management, for example, are generally adopted by the Commission without affording public discussion thereof. On the other hand, in the adoption of substantive rules materially affecting an industry or a segment of the public, such as accounting rules, every feasible effort is made in advance of adoption to receive the views of persons to be affected. In such cases, proposals for the adoption, revision, or rescission of rules are initiated either by the Commission or by members of the public, and to the extent practicable, the practices set forth in paragraph (b) of this section are observed.

(b) After preliminary consideration by the Commission a draft of the proposed rule is published in the FEDERAL REGISTER and mailed to interested persons (e.g., other interested regulatory bodies, principal registrants or persons to be affected, stock exchanges, professional societies and leading authorities on the subject concerned and other persons requesting such draft) for comments. Unless accorded confidential treatment pursuant to statute or rule of the Commission, written comments filed with the Commission on or before the closing date for comments become a part of the public record upon the proposed rule. The Commission, in its discretion, may accept and include in the public record written comments received by the Commission after the closing date.

(c) Following analysis of comments received, the rule may be adopted in the form published or in a revised form in the light of such comments. In some cases, a revised draft is prepared and published and, where appropriate, an oral hearing may be held before final action upon the proposal. Any interested person may appear at the hearing and/or may submit written comment for consideration in accordance with the Commission's notice of the rule-making procedure to be followed. The rule in the form in which it is adopted by the Commission is publicly released

and is published in the FEDERAL REGISTER.

§ 202.9 Small entity enforcement penalty reduction policy.

The Commission's policy with respect to whether to reduce or assess civil money penalties against a small entity is:

(a) The Commission will consider on a case-by-case basis whether to reduce or not assess civil money penalties against a small entity. In determining whether to reduce or not assess penalties against a specific small entity, the following considerations will apply:

(1) Except as provided in paragraph (a)(3) of this section, penalty reduction will not be available for any small entity if:

(i) The small entity was subject previously to an enforcement action;

(ii) Any of the small entity's violations involved willful or criminal conduct; or

(iii) The small entity did not make a good faith effort to comply with the law.

(2) In considering whether the Commission will reduce or refrain from assessing a civil money penalty, the Commission may consider:

(i) The egregiousness of the violations;

(ii) The isolated or repeated nature of the violations;

(iii) The violator's state of mind when committing the violations;

(iv) The violator's history (if any) of legal or regulatory violations;

(v) The extent to which the violator cooperated during the investigation;

(vi) Whether the violator has engaged in subsequent remedial efforts to mitigate the effects of the violation and to prevent future violations;

(vii) The degree to which a penalty will deter the violator or others from committing future violations; and

(viii) Any other relevant fact.

(3) The Commission also may consider whether to reduce or not assess a civil money penalty against a small entity, including a small entity otherwise excluded from this policy under paragraphs (a)(1) (i)-(iii) of this section, if the small entity can demonstrate to

17 CFR Ch. II (4-1-01 Edition)

the Commission's satisfaction that it is financially unable to pay the penalty, immediately or over a reasonable period of time, in whole or in part.

(4) For purposes of this policy, an entity qualifies as "small" if it is a small business or small organization as defined by Commission rules adopted for the purpose of compliance with the Regulatory Flexibility Act.¹ An entity not included in these definitions will be considered "small" for purposes of this policy if it meets the total asset amount that applies to issuers as set forth in § 230.157a of this chapter.²

(b) This policy does not create a right or remedy for any person. This policy shall not apply to any remedy that may be sought by the Commission other than civil money penalties, whether or not such other remedy may be characterized as penal or remedial.

PART 203—RULES RELATING TO INVESTIGATIONS

Subpart A—In General

Sec.

203.1 Application of the rules of this part.

¹Pursuant to the Reg. Flex. Act, 5 U.S.C. § 601(3), the Commission has adopted appropriate definitions of "small business" for purposes of the Reg. Flex. Act. See 17 CFR 270.0-10, 275.0-7, 240.0-10, 230.157, 250.110, and 260.0-7. The Commission recently proposed amendments to certain of these definitions. *Definitions of "Small Business" or "Small Organization" Under the Investment Company Act of 1940, the Investment Advisers Act of 1940, the Securities Exchange Act of 1934, and the Securities Act of 1933*, Securities Act Rel. No. 7383, 62 FR 4106 (Jan. 28, 1997). The Commission extended the comment period for the proposed amendments to April 30, 1997, 62 FR 13356 (Mar. 20, 1997). Based on an analysis of the language and legislative history of the Reg. Flex. Act, Congress does not appear to have intended that Act to apply to natural persons (as opposed to individual proprietorships) or to foreign entities. The Commission understands that staff at the Small Business Administration have taken the same position.

²At present, this threshold is \$5 million. Thus, non-regulated entities, such as general partnerships, privately held corporations or professional service organizations, with assets of \$5 million or less may qualify for penalty-reduction.

Subpart A—In General

§ 203.1 Application of the rules of this part.

The rules of this part apply only to investigations conducted by the Commission. They do not apply to adjudicative or rulemaking proceedings.

§ 203.2 Information obtained in investigations and examinations.

Information or documents obtained by the Commission in the course of any investigation or examination, unless made a matter of public record, shall be deemed non-public, but the Commission approves the practice whereby officials of the Divisions of Enforcement, Corporation Finance, Market Regulation and Investment Management and the Office of International Affairs at the level of Assistant Director or higher, and officials in Regional Offices at the level of Assistant Regional Director or District Administrator or higher, may engage in and may authorize members of the Commission's staff to engage in discussions with persons identified in § 240.24c-1(b) of this chapter concerning information obtained in individual investigations or examinations, including formal investigations conducted pursuant to Commission order.

§ 203.3 Suspension and disbarment.

The provisions of § 201.102(e) of this chapter (Rule 102(e) of the Commission's rules of practice) are hereby

Subpart B—Formal Investigative Proceedings

§ 203.4 Applicability of §§ 203.4 through 203.8.

(a) Sections 203.4 through 203.8 shall be applicable to a witness who is sworn in a proceeding pursuant to a Commission order for investigation or examination, such proceeding being hereinafter referred to as a *formal investigative proceeding*.

(b) Formal investigative proceedings may be held before the Commission, before one or more of its members, or before any officer designated by it for the purpose of taking testimony of witnesses and received other evidence. The term *officer conducting the investigation* shall mean any of the foregoing.

§ 203.5 Non-public formal investigative proceedings.

Unless otherwise ordered by the Commission, all formal investigative proceedings shall be non-public.

§ 203.6 Transcripts.

Transcripts, if any, of formal investigative proceedings shall be recorded solely by the official reporter, or by any other person or means designated by the officer conducting the investigation. A person who has submitted documentary evidence or testimony in a formal investigative proceeding shall be entitled, upon written request, to procure a copy of his documentary evidence or a transcript of his testimony on payment of the appropriate fees: *Provided, however*, That in a nonpublic formal investigative proceeding the Commission may for good cause deny such request. In any event, any witness, upon proper identification, shall have the right to inspect the official transcript of the witness' own testimony.

(15 U.S.C. 78d-1)

[37 FR 25166, Nov. 28, 1972]

§ 203.7 Rights of witnesses.

(a) Any person who is compelled or requested to furnish documentary evidence or testimony at a formal investigative proceeding shall, upon request, be shown the Commission's order of investigation. Copies of formal orders of investigation shall not be furnished, for their retention, to such persons requesting the same except with the express approval of officials in the Regional or District Offices at the level of Assistant Regional Director or District Administrator or higher, or officials in the Division or Divisions conducting or supervising the investigation at the level of Assistant Director or higher. Such approval shall not be given unless the person granting such approval, in his or her discretion, is satisfied that there exist reasons consistent both with the protection of privacy of persons involved in the investigation and with the unimpeded conduct of the investigation.

(b) Any person compelled to appear, or who appears by request or permission of the Commission, in person at a formal investigative proceeding may be accompanied, represented and advised by counsel, as defined in §201.101(a) of this chapter (Rule 101(a) of the Commission's rules of practice): *Provided*, however, That all witnesses shall be sequestered, and unless permitted in the discretion of the officer conducting the investigation no witness or the counsel accompanying any such witness shall be permitted to be present during the examination of any other witness called in such proceeding.

(c) The right to be accompanied, represented and advised by counsel shall mean the right of a person testifying to have an attorney present with him during any formal investigative proceeding and to have this attorney (1) advise such person before, during and after the conclusion of such examination, (2) question such person briefly at the conclusion of the examination to clarify any of the answers such person has given, and (3) make summary notes during such examination solely for the use of such person.

(d) Unless otherwise ordered by the Commission, in any public formal investigative proceeding, if the record shall contain implications of wrong-

doing by any person, such person shall have the right to appear on the record; and in addition to the rights afforded other witnesses hereby, he shall have a reasonable opportunity of cross-examination and production of rebuttal testimony or documentary evidence. *Reasonable* shall mean permitting persons as full an opportunity to assert their position as may be granted consistent with administrative efficiency and with avoidance of undue delay. The determination of reasonableness in each instance shall be made in the discretion of the officer conducting the investigation.

(e) The officer conducting the investigation may report to the Commission any instances where any witness or counsel has been guilty of dilatory, obstructionist or contumacious conduct during the course of an investigation or any other instance of violation of these rules. The Commission will thereupon take such further action as the circumstances may warrant, including suspension or disbarment of counsel from further appearance or practice before it, in accordance with §201.2(e) of this chapter (Rule 2(e) of the Commission's rules of practice), or exclusion from further participation in the particular investigation.

§ 203.8 Service of subpoenas.

Service of subpoenas issued in formal investigative proceedings shall be effected in the manner prescribed by Rule 232(c) of the Commission's Rules of Practice, §201.232(c) of this chapter.

Subpart A—Administrative Offset

AUTHORITY: 31 U.S.C. 3716, 4 CFR 102.

SOURCE: 58 FR 64370, Dec. 7, 1993, unless otherwise noted.

§ 204.1 Applicability and scope.

(a) The procedures authorized for administrative offset are contained in Section 10 of the Debt Collection Act (codified at 31 U.S.C. 3716). The Act requires that notice procedures be observed by the agency. The debtor is also afforded an opportunity to inspect and copy government records pertaining to the claim, enter into an

agreement for repayment, and to a review of the claim (if requested). Like salary offset, agencies may cooperate with one another in order to effectuate recovery of the claim.

(b) The provisions of this subpart apply to the collection of debts owed to the United States arising from transactions with the Securities and Exchange Commission (Commission). Administrative offset is authorized under Section 5 of the Federal Claims Collection Act of 1966, as amended by the Debt Collection Act of 1982 (31 U.S.C. 3716). These regulations are consistent with the Federal Claims Collection Standards on administrative offset issued jointly by the Department of Justice and the General Accounting Office (4 CFR part 102).

§ 204.2 Definitions.

(a) *Administrative offset* as defined in 31 U.S.C. 3701(a)(1) means withholding money payable by the United States Government to, or held by the Government for, a person to satisfy a debt the person owes the Government.

(b) *Person* includes a natural person or persons, profit or nonprofit corporation, partnership, association, trust, estate, consortium, or other entity which is capable of owing a debt to the United States Government except that agencies of the United States, or of any State or local government shall be excluded.

§ 204.3 General.

(a) The Chairperson of the Commission (or designee) will determine the feasibility of collection by administrative offset on a case-by-case basis for each claim established. The Chairperson (or designee) will consider the following issues in making a determination to collect a claim by administrative offset:

(1) Can administrative offset be accomplished?

(2) Is administrative offset practical and legal?

(3) Does administrative offset best serve and protect the interest of the U.S. Government?

(4) Is administrative offset appropriate given the debtor's financial condition?

§ 204.4

17 CFR Ch. II (4-1-01 Edition)

(b) The Chairperson (or designee) may initiate administrative offset with regard to debts owed by a person to another agency of the United States Government, upon receipt of a request from the head of another agency or his or her designee, and a certification that the debt exists and that the person has been afforded the necessary due process rights.

(c) The Chairperson (or designee) may request another agency which holds funds payable to a Commission debtor to offset that debt against the funds held and will provide certification that:

(1) The debt exists; and

(2) The person has been afforded the necessary due process rights.

(d) No collection by administrative offset shall be made on any debt that has been outstanding for more than 10 years unless facts material to the Government's right to collect the debt were not known, and reasonably could not have been known, by the official or officials responsible for discovering the debt.

(e) Administrative offset under this subpart may not be initiated against:

(1) A debt in which administrative offset of the type of debt involved is explicitly provided for or prohibited by another statute;

(2) Debts owed by other agencies of the United States or by any State or local Government; or

(3) Debts arising under the Internal Revenue Code of 1954; the Social Security Act; or the tariff laws of the United States.

(f) The procedures for administrative offset in this subpart do not apply to the offset of Federal salaries under 5 U.S.C. 5514.

§ 204.4 Demand for payment—notice.

(a) Whenever possible, the Commission will seek written consent from the debtor to initiate immediate collection before starting the formal notification process.

(b) In cases where written agreement to collect cannot be obtained from the debtor, a formal notification process shall be followed, (4 CFR 102.2). Prior to collecting a claim by administrative offset, the Commission shall send to the debtor, by certified or registered

mail with return receipt, a written demand for payment in terms which inform the debtor of the consequences of failure to cooperate. A total of three progressively stronger written demands at not more than 30 day intervals will normally be made unless a response to the first or second demand indicates that a further demand would be futile or the debtor's response does not require rebuttal, or other pertinent information indicates that additional written demands would be unnecessary. In determining the timing of the demand letters, the Commission should give due regard to the need to act promptly so that, as a general rule, if necessary to refer the debt to the Department of Justice for litigation, such referral can be made within one year of the final determination of the fact and the amount of the debt. When appropriate to protect the Government's interests (for example, to prevent the statute of limitations from expiring), written demand may be preceded by other appropriate actions, including immediate referral for litigation.

(c) Before offset is made, a written notice will be sent to the debtor. This notice will include:

(1) The nature and amount of the debt;

(2) The date when payment is due (not less than thirty days from the date of mailing or hand delivery of the notice);

(3) The agency's intention to collect the debt by administrative offset, including asking the assistance of other Federal agencies to help in the offset whenever possible, if the debtor has not made payment by the payment due date or has not made an arrangement for payment by the payment due date;

(4) Any provision for interest, late payment penalties and administrative charges, if payment is not received by the due date;

(5) The possible reporting of the claim to consumer reporting agencies and the possibility that the Commission will forward the claim to a collection agency;

(6) The right of the debtor to inspect and copy the Commission's records related to the claim;

Securities and Exchange Commission

§ 204.8

(7) The right of the debtor to request a review of the determination of indebtedness and, in the circumstances described below, to request an oral hearing from the Commission's designee;

(8) The right of the debtor to enter into a written agreement with the agency to repay the debt in some other way; and

(9) In appropriate cases, the right of the debtor to request a waiver.

(d) Claims for payment of travel advances and employee training expenses require notification prior to administrative offset as described in this section. Because no oral hearing is required, notice of the right to a hearing need not be included in the notification.

§ 204.5 Debtor's failure to respond.

If the debtor fails to respond to the notice described in § 204.4 (c) by the proposed effective date specified in the notice, the Commission may take further action under this section or under the Federal Claims Collection Standards (4 CFR parts 101 through 105). The Commission may collect by administrative offset if the debtor:

(a) Has not made payment by the payment due date;

(b) Has not requested a review of the claim within the agency as set out in § 204.6; or

(c) Has not made an arrangement for payment by the payment due date.

§ 204.6 Agency review.

(a) A debtor may dispute the existence of the debt, the amount of the debt, or the terms of repayment. A request to review a disputed debt must be submitted to the Commission official who provided notification within 30 calendar days of the receipt of the written notice described in § 204.4(c).

(b) The Commission will provide a copy of the record to the debtor and advise him/her to furnish available evidence to support his or her position. Upon receipt of the evidence, the written record of indebtedness will be reviewed and the debtor will be informed of the results of that review.

(c) Pending the resolution of a dispute by the debtor, transactions in any of the debtor's accounts maintained by

the Commission may be temporarily suspended. Depending on the type of transaction, the suspension could preclude its payment, removal, or transfer, as well as prevent the payment of interest or discount due thereon. Should the dispute be resolved in the debtor's favor, the suspension will be immediately lifted.

(d) During the review period, interest, penalties, and administrative costs authorized under the Federal Claims Collection Act of 1966, as amended, will continue to accrue.

§ 204.7 Hearing.

(a) A debtor will be provided a reasonable opportunity for an oral hearing by the Commission's designee when:

(1) (i) By statute, consideration must be given to a request to waive the indebtedness;

(ii) The debtor requests waiver of the indebtedness; and

(iii) The waiver determination rests on an issue of creditability or veracity; or

(2) The debtor requests reconsideration and the Commission's designee determines that the question of indebtedness cannot be resolved by reviewing the documentary evidence.

(b) In cases where an oral hearing is provided to the debtor, the Commission's designee will conduct the hearing, and provide the debtor with a written decision 30 days after the hearing.

§ 204.8 Written agreement for repayment.

If the debtor requests a repayment agreement in place of offset, the Commission has discretion and should use sound judgment to determine whether to accept a repayment agreement in place of offset. If the debt is delinquent and the debtor has not disputed its existence or amount, the Commission will not accept a repayment agreement in place of offset unless the debtor is able to establish that offset would cause undue financial hardship or be unjust. No repayment arrangement will be considered unless the debtor submits a financial statement, executed under penalty of perjury, reflecting the debtor's assets, liabilities, income, and expenses. The financial statement must be submitted within

§ 204.9

17 CFR Ch. II (4-1-01 Edition)

ten business days of the Commission's request for the statement. At the Commission's option, a confess-judgment note or bond of indemnity with surety may be required for installment agreements. Notwithstanding the provisions of this section, any reduction or compromise of a claim will be governed by 4 CFR part 103 and 31 CFR 5.3.

§ 204.9 Administrative offset procedures.

(a) If the debtor does not exercise the right to request a review within the time specified in § 204.4, or if as a result of the review, it is determined that the debt is due and no written agreement is executed, then administrative offset shall be ordered in accordance with this subpart without further notice.

(b) *Travel advance.* The Commission will deduct outstanding advances provided to Commission travelers from other amounts owed the traveler by the agency whenever possible and practicable. Monies owed by an employee for outstanding travel advances that cannot be deducted from other travel amounts due that employee will be collected through salary offset as described in subpart B of this part.

(c) *Requests for offset to other Federal agencies.* The Chairperson (or his or her designee) may request that a debt owed to the Commission be administratively offset against funds due and payable to a debtor by another Federal agency. In requesting administrative offset, the Commission, as creditor, will certify in writing to the Federal agency holding funds of the debtor:

- (1) That the debtor owes the debt;
- (2) The amount and basis of the debt; and
- (3) That the Commission has complied with the requirements of 31 U.S.C. 3716, its own administrative offset regulations and the applicable provisions of 4 CFR part 102 with respect to providing the debtor with due process.

(d) *Requests for offset from other Federal agencies.* Any Federal agency may request that funds due and payable to its debtor by the Commission be administratively offset in order to collect a debt owed to such Federal agency by the debtor. The Commission shall initiate the requested offset only upon:

(1) Receipt of written certification from the creditor agency:

- (i) That the debtor owes the debt;
- (ii) The amount and basis of the debt;
- (iii) That the agency has prescribed regulations for the exercise of administrative offset; and
- (iv) That the agency has complied with its own administrative offset regulations and with the applicable provisions of 4 CFR part 102, including providing any required hearing or review.

(2) A determination by the Commission that collection by offset against funds payable by the Commission would be in the best interest of the United States as determined by the facts and circumstances of the particular case, and that such offset would not otherwise be contrary to law.

§ 204.10 Civil and Foreign Service Retirement Fund.

(a) Unless otherwise prohibited by law, the Commission may request that monies due and payable to a debtor from the Civil Service Retirement and Disability Fund, the Foreign Service Retirement Fund or any other Federal retirement fund be administratively offset in reasonable amounts in order to collect in one full payment or a minimal number of payments, debts owed the United States by the debtor. Such requests shall be made to the appropriate officials of the respective fund servicing agency in accordance with such regulations as may be prescribed by the Chairperson of that agency. The requests for administrative offset will certify in writing the following:

- (1) The debtor owes the United States a debt and the amount of the debt;
- (2) The Commission has complied with applicable regulations and procedures; and
- (3) The Commission has followed the requirements of the Federal Claims Collection Standards as described in this subpart.

(b) Once the Commission decides to request offset under paragraph (a) of this section, it will make the request as soon as practical after completion of the applicable procedures in order that the fund servicing agency may identify

Securities and Exchange Commission

§ 204.32

and flag the debtor's account in anticipation of the time when the debtor requests or becomes eligible to receive payments from the fund. This will satisfy any requirements that offset be initiated prior to expiration of the statute of limitations.

(c) If the Commission collects part or all of the debt by other means before deductions are made or completed pursuant to paragraph (a) of this section, the Commission shall act promptly to modify or terminate its request for offset.

(d) This section does not require or authorize the fund servicing agency to review the merits of Commission's determination relative to the debt.

§ 204.11 Jeopardy procedure.

The Commission may effect an administrative offset against a payment to be made to the debtor prior to the completion of the procedures required by § 204.4(c) if failure to take the offset would substantially jeopardize the Commission's ability to collect the debt, and the time available before the payment is to be made does not reasonably permit the completion of those procedures. Such prior offset shall be promptly followed by the completion of those procedures. Amounts recovered by offset but later found not to be owed to the Commission shall be promptly refunded.

(a) This regulation provides procedures for the collection by administrative offset against a federal employee's current pay account without his/her consent under 5 U.S.C. 5514 to satisfy certain debts owed to the Commission. This regulation does not apply when the employee consents to recovery from his/her current pay account.

General Accounting Office in accordance with procedures prescribed by the General Accounting Office.

Such hearing official will be either an administrative law judge or at the chief administrative law judge's discretion, another hearing official who is also not under the control of the head of the agency;

(h) The method and time period for petitioning for a hearing, including a statement that the timely filing of a petition for hearing will stay the commencement of collection proceedings;

(i) If a hearing is requested, the hearing official will issue a final decision, based on information presented to the hearing official, at the earliest practicable date, but no later than 60 days after the petition for the hearing is

filed unless the employee requests and the hearing official, for good cause or in the interests of justice, deems it necessary to extend that time period (5 CFR 550.1104(d)(10));

(j) That any knowingly false or frivolous statements, representations, or evidence may subject the employee to:

(1) Disciplinary procedures appropriate under 5 U.S.C. chapter 75, 5 CFR part 752, or any other applicable statutes or regulations;

(2) Penalties under the False Claims Act, 31 U.S.C. 3729-3731, or any other applicable statutory authority; and/or

(3) Criminal penalties under 18 U.S.C. 286, 287, 1001, and 1002, or any other applicable statutory authority.

(k) Any other rights and remedies available to the employee under statutes or regulations governing the program for which the collection is being made;

(l) The employee's right to a prompt refund if amounts paid or deducted by salary offset are later waived or found not owed to the United States, unless otherwise provided by law or contract; and

(m) The specific address to which all correspondence shall be directed regarding the debt.

§ 204.34 Employee response.

(a) *Introduction.* An employee must respond to a pre-offset notice, if at all, within 15 calendar days following receipt, in one or more of the ways discussed in §204.34, Employee response, and §204.35, Petition for pre-offset hearing. Where applicable, the employee bears the burdens of proof and persuasion.

(b) Responses must be submitted in writing to the program official who signed the pre-offset notice. A timely response will stay the commencement of collection by salary offset, at least until the issuance of a written decision. (See §204.37, Extensions of time). Failure to submit a timely response will be treated as an admission of indebtedness, and will result in salary offset in accordance with the terms specified in the pre-offset notice.

(c) A response filed after expiration of the 15 day period may be accepted if the employee can show that the delay was due to circumstances beyond his or

her control or failure to receive notice of the time limit (unless otherwise aware of it).

(d) *Voluntary repayment agreement.* An employee may request to enter into a voluntary written agreement for repayment of the debt in lieu of offset. It is within the discretion of the program official whether to enter into such an agreement, and if so, upon what terms. Voluntary deductions may exceed 15 percent of the employee's disposable pay. If an agreement is reached, the agreement must be in writing, and must be signed by both the employee and the program official. A signed copy must be sent to the Comptroller's office. The program official shall notify the employee in writing of its decision not to accept the proposed voluntary repayment schedule before making any deductions from the employee's salary.

(e) *Waiver.* Any request for waiver of the debt must be accompanied by evidence that the waiver is authorized by law.

(f) *Reconsideration.* An employee may request reconsideration of the existence or amount of the debt or the offset schedule as reflected in the pre-offset notice. The request must be accompanied by a detailed narrative and supporting documentation as to why the offset decision is erroneous and/or why the offset schedule imposes an undue hardship.

§ 204.35 Petition for pre-offset hearing.

(a) The employee may petition for a pre-offset hearing. The petition must state with specificity why the employee believes the agency's determination is in error.

(b) The petition must fully identify and explain, with reasonable specificity, all the facts, evidence and witnesses, if any, that the employee believes support his or her position. The petition must be signed by the employee.

§ 204.36 Granting of a pre-offset hearing.

(a) If the employee timely requests a pre-offset hearing or the timeliness is waived, the program official must:

§ 204.37

(1) arrange for a hearing official. If the hearing official is an administrative law judge, he or she shall be designated by the Chief Administrative Law Judge as set forth in 17 CFR 200.310(a)(2); and

(2) provide the hearing official with a copy of all records on which the determination of the debt and any involuntary repayment schedule are based.

(b) The hearing official shall notify the employee by personal service, by first class, registered or certified mail, or by a reliable commercial courier or overnight delivery service whether the employee is entitled to an oral or "paper" (i.e., a review on the written record) hearing. (See 4 CFR 102.3(c).) Within 20 calendar days of receipt of this notice the employee shall provide the hearing official with a full description of all relevant facts, documentary evidence, and witnesses which the employee believes support his or her position. The hearing official may extend the time for the employee to respond to the notice for good cause shown.

(c) If an oral hearing is scheduled, the hearing official shall notify the program official and the employee in writing of the date, time and location of the hearing. The place for the hearing shall be fixed by the hearing official with due regard for the public interest and the convenience and necessity of the parties, the participants, or their representatives.

(d) If the employee is entitled to an oral hearing, but requests to have the hearing based only on the written submissions, the employee must notify the hearing official and the program official at least 3 calendar days before the date of the oral hearing. The hearing official may waive the 3-day requirement for good cause.

(e) Failure of the employee to appear at the oral hearing may result in dismissal of the petition and affirmation of the program official's decision.

§ 204.37 Extensions of time.

The hearing official may for good cause or in the interests of justice postpone the commencement of the hearing, adjourn a convened hearing for a reasonable period of time or extend or shorten any other time limits prescribed under this section. This ex-

17 CFR Ch. II (4-1-01 Edition)

tension is not intended to abridge the 30 day initial notice or extend the 60 day decision requirement other than as provided for in 5 CFR 550.1104(d)(10).

§ 204.38 Pre-offset hearing.

(a) The hearing official shall determine the form and content of hearings granted under this section, pursuant to 4 CFR 102.3(c). All oral hearings shall be on the record. Except as otherwise ordered by the hearing official, hearings shall be recorded or transcribed verbatim by shorthand, mechanical means, electronic sound recording, or any other method, subject to the discretion and approval of the hearing official, and a transcript thereof shall be made.

(b) Oral hearings are informal in nature. The Commission, represented by an attorney from the Office of General Counsel, and accompanied by a program official and the employee, and/or the employee's representative, orally shall explain their respective positions using relevant documentation. The employee may testify on his or her own behalf, subject to cross examination. Other witnesses may be called to testify where the hearing official determines the testimony to be relevant and not redundant. The Federal Rules of Evidence serve as a guideline, but are not controlling. The employee bears the burdens of proof and persuasion.

(c) The hearing official shall:

(1) Conduct a fair and impartial hearing;

(2) Preside over the course of the hearing, maintain decorum and avoid delay in the disposition of the hearing; and

(3) Issue a decision in accordance with § 204.39, Written decision, on the basis of the oral hearing and the written record.

(d) Oral hearings are normally open to the public. However, the hearing official may close all or any portion of the hearing at either the request of either party or upon the hearing official's initiative when doing so is in the best interest[s] of the employee or the public.

(e) Oral hearings may be conducted by conference call at the request of the employee or at the discretion of the hearing official.

Securities and Exchange Commission

§ 204.41

(f) *Pre-offset “paper” hearing.* If a hearing is to be held only upon written submissions, the hearing official shall issue a decision based solely upon the written record.

§ 204.39 Written decision.

(a) *If pre-offset hearing is held.* Within 60 days of the filing of the employee’s petition for a pre-offset hearing, the hearing official will issue a written decision setting forth the basis of his/her findings in accordance with 5 CFR 550.1104(g)(3).

(b) If the employee challenges the pre-offset notice under §204.34, Employee response and/or §204.35, Petition for pre-offset hearing, without requesting a hearing or a hearing is denied, the program official must notify the employee of his/her final determination in writing before offset can begin. The agency’s execution of a voluntary repayment agreement satisfies this requirement.

§ 204.40 Deductions.

(a) When deductions may begin:

(1) If a pre-offset hearing is held, deductions shall be made in accordance with the hearing official’s decision.

(2) If parties execute a voluntary repayment agreement, deductions shall be made in accordance with the terms of that agreement.

(3) If the employee requests a waiver or reconsideration or the program official refuses to accept a proposed alternate repayment schedule, deductions shall be made in accordance with the program official’s written decision.

(4) If the employee consents to the terms and conditions set forth in the Commission’s Pre-offset Notice or fails to respond in timely fashion to the Pre-offset Notice, or waives his/her right to a hearing without otherwise challenging the terms of the Pre-offset Notice, deductions shall be made in accordance with the terms and conditions set forth therein.

(b) *Retired or separated employees.* If the employee retires, resigns, or is terminated before the debt is fully repaid, the remaining indebtedness will be offset pursuant to 31 U.S.C. 3716 and 4 CFR part 101.

(1) To the extent possible, the remaining indebtedness will be liq-

uidated from any final payment due the former employee as of the date of separation (e.g., final salary payment, lump-sum leave, etc.). See §204.40d(3), Offset deductions from final salary and/or lump-sum leave payment.

(2) Thereafter, the remaining indebtedness will be recovered from later payments of any kind due the former employee from the United States. See 4 CFR 102.13.

(c) *Method of collection and source of deduction.* The method of collecting debts under these regulations shall be by salary offset. Deductions will be made from the employee’s current disposable pay account except as provided for in §204.34b, Employee response.

(d) *Amount and duration of deductions.* Debts must be collected in one lump sum where possible. If the employee demonstrates financial hardship to the Commission’s satisfaction or the amount of the debt exceeds 15 percent of the indebted employee’s current disposable pay, collection must be made in installments over a period not greater than the anticipated period of active employment, except as provided in Section 34b, Employee Response.

(1) Installment deductions will be made over the shortest period possible. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee’s ability to pay.

(2) The amount deducted for any period will not exceed 15 percent of the disposable pay from which the deduction is made, unless the employee has agreed in writing to the deduction of a greater amount. Installment payment of less than \$100 per pay period will be accepted only in the most unusual circumstances.

(3) Offset deductions from final salary and/or lump-sum leave payment. Such an offset deduction may exceed 15 percent of an employee’s final salary and/or lump-sum leave payment pursuant to 31 U.S.C. 3716, 64 CG 907.

(e) Interest, penalties and administrative costs on debts under this part will be assessed and/or waived according to the provisions of 4 CFR 102.13.

§ 204.41 Non-waiver of rights.

An employee’s involuntary payment of all or any portion of a debt being

§ 204.42

collected under 5 U.S.C. 5514 shall not be construed as a waiver of any rights that the employee may have under 5 U.S.C. 5514 or any other provision of contract or law, unless there are statutory or contractual provisions to the contrary.

§ 204.42 Refunds.

(a) The Commission will refund promptly to the appropriate individual amounts offset under this regulation when:

(1) A debt is waived or otherwise found not owing the United States (unless expressly prohibited by statute or regulation); or

(2) The Commission is directed by an administrative or judicial order to refund amounts deducted from the employee's current pay.

(b) Refunds do not bear interest unless required or permitted by law or contract.

§ 204.43 Coordinating offset with another federal agency.

(a) *Responsibility of the Commission as the Creditor Agency.* The Commission shall request recovery from the current paying agency. Upon completion of the procedures established in these regulations and pursuant to 5 U.S.C. 5514, 5 CFR 550.1108 the Commission must:

(1) Certify, in writing, that the employee owes the debt, the amount and basis of the debt, the date on which payment(s) is due, the date the Government's right to collect the debt first accrued and that the Commission's regulations implementing 5 U.S.C. 5514 have been approved by OPM.

(2) If the collection must be made in installments, the Commission also must advise the paying agency of the amount or percentage of disposable pay to be collected in each installment, and if the Commission wishes, the number and the commencing date of the installments (if a date other than the next officially established pay period is required).

(3) Advise the paying agency of the actions taken pursuant to 5 U.S.C. 5514(b) and give the date(s) the action(s) was taken (unless the employee has consented to the salary offset in writing or signed a statement acknowledging receipt of the required proce-

17 CFR Ch. II (4-1-01 Edition)

dures and the written consent or statement is forwarded to the paying agency).

(4) Except as otherwise provided in this paragraph (a)(4), the Commission must submit a debt claim containing the information specified in paragraphs (a)(1) through (3) of this section and an installment agreement (or other instruction on the payment schedule), if applicable, to the employee's paying agency.

(5) If the employee is in the process of separating, the Commission must submit its debt claim to the employee's paying agency for collection as provided in 5 CFR 550.1104(1). Pursuant to 5 CFR 1101, the paying agency must certify the total amount of its collection and notify the creditor agency and employee. If the paying agency is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund, or other similar payments, it must provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount) and that the paying agency has fully complied with the provisions of this section. The Commission must submit a properly certified claim to the agency responsible for making such payments before the collection can be made.

(6) If the employee is already separated and all payments due from his or her former paying agency have been paid, the Commission may request, unless otherwise prohibited, that money due and payable to the employee from the Civil Service Retirement and Disability Fund (5 CFR 831.1801) or other similar funds, be administratively offset to collect the debt (See 31 U.S.C. 3716 and 4 CFR part 101).

(7) When an employee transfers to another paying agency, the Commission shall not repeat the due process procedures described in 5 U.S.C. 5514 and subpart B of this part to resume the collection. The Commission must review the debt upon receiving the former paying agency's notice of the employee's transfer to make sure the collection is resumed by the new paying agency. The Commission must submit a properly certified claim to the

Securities and Exchange Commission

§ 204.51

new paying agency before collection can be resumed.

(b) *Responsibility of the Commission as the paying agency*—(1) *Complete claim*. When the Commission receives a properly certified claim from a creditor agency, deductions should be scheduled to begin at the next officially established pay interval. The Commission must notify the employee in writing that the Commission has received a certified debt claim from the creditor agency (including the amount) and the date salary offset will begin and the amount of such deductions.

(2) *Incomplete claim*. When the Commission receives an incomplete certification of debt from a creditor agency, the Commission must return the debt claim with notice that procedures under 5 U.S.C. 5514 and subpart B of this part must be provided and a properly certified debt claim received before action will be taken to collect from the employee's current pay account.

(3) *Review*. The Commission is not authorized to review the merits of the creditor agency's determination with respect to the amount or validity of the debt certified by the creditor agency.

(4) *Employees who transfer from one paying agency to another*. If, after the creditor agency has submitted the debt claim to the Commission and before the Commission collects the debt in full, the employee transfers to another agency, the Commission must certify the total amount collected on the debt. One copy of the certification must be furnished to the employee and one copy to the creditor agency along with notice of the employee's transfer.

(c) *Responsibility of the Program Official*. (1) The Program Official shall coordinate debt collections and shall, as appropriate:

(i) Arrange for a hearing upon proper petition by a federal employee; and

(ii) Prescribe, upon consultation with the General Counsel, such practices and procedures as may be necessary to carry out the intent of this regulation.

(2) The Program Official shall be responsible for:

(i) Ensuring that each certification of debt sent to a paying agency is con-

sistent with the pre-offset notice (§204.33, Pre-offset notice).

(ii) Obtaining hearing officials from other agencies pursuant to §204.36, Granting of a pre-offset hearing.

(iii) Ensuring that hearings are properly scheduled.

§ 204.44 Interest, penalties, and administrative costs.

Charges may be assessed for interest, penalties, and administrative costs in accordance with the Federal Claims Collection Standards, 4 CFR 102.13.

Subpart C—Tax Refund Offset

AUTHORITY: 5 U.S.C. 8347(a) and 8461(g), 31 U.S.C. 3720A.

SOURCE: 58 FR 64372, Dec. 7, 1993, unless otherwise noted.

§ 204.50 Purpose.

This subpart establishes procedures for the Commission to refer past-due legally enforceable debts to the Internal Revenue Service (IRS) for offset against the income tax refunds of an individual, sole proprietorship, partnership, corporation, nonprofit organization or any other form of business association, (31 U.S.C. 3720A(4)) owing debts to the Commission. In the case of refunds of business associations, this section applies only to refunds payable on or after January 1, 1995 (31 U.S.C. 3720A(5)). It specifies the agency procedures and the rights of the debtor applicable to claims referred under the Federal Tax Refund Offset Program for the collection of debts owed to the Commission.

§ 204.51 Past-due legally enforceable debt.

A past-due legally enforceable debt for referral to the IRS is a debt that:

(a) Resulted from:

(1) Erroneous payments made under the Civil Service Retirement or the Federal Employees' Retirement Systems; or

(2) Unpaid health or life insurance premiums due under the Federal Employees' Health Benefits or Federal Employees' Group Life Insurance Programs; or

(3) Any other statute administered by the Commission;

§ 204.52

(b) Is an obligation of a debtor;
(c) Except in the case of a judgment debt, has been delinquent at least three months but not more than ten years at the time the offset is made;

(d) Is at least \$25.00;

(e) With respect to which the individual's rights described in the collection of debts owed to the Civil Service Retirement and Disability Fund (5 CFR 831.1301 through 831.1309) have been exhausted;

(f) With respect to which either:

(1) The Commission's records do not contain evidence that the person owing the debt (or his or her spouse) has filed for bankruptcy under title 11 of the United States Code; or

(2) The Commission can clearly establish at the time of the referral that the automatic stay under 11 U.S.C. 362 has been lifted or is no longer in effect with respect to the person owing the debt or his or her spouse, and the debt was not discharged in the bankruptcy proceeding;

(g) Cannot currently be collected under the salary offset provisions of 5 U.S.C. 5514(a)(1);

(h) Is not eligible for administrative offset under 31 U.S.C. 3716(a) because of 31 U.S.C. 3716(c)(2), or cannot currently be collected as an administrative offset by the Commission under 31 U.S.C. 3716(a) against amounts payable to the debtor by the Commission; and

(i) Has been disclosed by the Commission to a consumer reporting agency as authorized by 31 U.S.C. 3711(f), unless the consumer reporting agency would be prohibited from reporting information concerning the debt by reason of 15 U.S.C. 1681c, or unless the amount of the debt does not exceed \$100.

§ 204.52 Notification of intent to collect.

(a) *Notification before submission to the IRS.* A request for reduction of an IRS income tax refund will be made only after the Commission makes a determination that an amount is owed and past-due and gives or makes a reasonable attempt to give the debtor 60 days written notice of the intent to collect by IRS tax refund offset.

(b) *Contents of notice.* The Commission's notice of intent to collect by IRS

17 CFR Ch. II (4-1-01 Edition)

tax refund offset (Notice of Intent) will state:

(1) The amount of the debt;

(2) That unless the debt is repaid within 60 days from the date of the Commission's Notice of Intent, the Commission intends to collect the debt by requesting the IRS to reduce any amounts payable to the debtor as a Federal income tax refund by an amount equal to the amount of the debt and all accumulated interest and other charges;

(3) A mailing address for forwarding any written correspondence and a contact name and a telephone number for any questions; and

(4) That the debtor may present evidence to the Commission that all or part of the debt is not past due or legally enforceable by:

(i) Sending a written request for a review of the evidence to the address provided in the notice;

(ii) Stating in the request the amount disputed and the reasons why the debtor believes that the debt is not past due or is not legally enforceable; and

(iii) Including in the request any documents that the debtor wishes to be considered or stating that the additional information will be submitted within the remainder of the 60-day period.

§ 204.53 Reasonable attempt to notify.

In order to constitute a reasonable attempt to notify the debtor, the Commission must have used a mailing address for the debtor obtained from the IRS pursuant to 26 U.S.C. 6103(m)(2) within a period of one year preceding the attempt to notify the debtor, unless the Commission received clear and concise notification from the debtor that notices from the agency are to be sent to an address different from the address obtained from IRS. Clear and concise notice means that the debtor has provided the agency with written notification, including the debtor's name and identifying number (as defined in 26 CFR 301.6109-1), and the debtor's intent to have the agency notices sent to the new address.

Securities and Exchange Commission

§ 204.75

§ 204.54 Commission action as a result of consideration of evidence submitted in response to the notice of intent.

(a) *Consideration of evidence.* If, as a result of the Notice of Intent, the Commission receives notice that the debtor will submit additional evidence or receives additional evidence from the debtor within the prescribed time period, any notice to the IRS will be stayed until the Commission can:

(1) Consider the evidence presented by the debtor; and

(2) Determine whether or not all or a portion of the debt is still past due and legally enforceable; and

(3) Notify the debtor of its determination.

(b) *Notification to the debtor.* Following review of the evidence, the Commission's designee will issue a written decision notifying the debtor whether the Commission has sustained, amended, or canceled its determination that the debt is past-due and legally enforceable. The notice will advise the debtor of any further action to be taken and explain the supporting rationale for the decision.

(c) *Commission action on the debt.* (1) The Commission will notify the debtor of its intent to refer the debt to the IRS for offset against the debtor's Federal income tax refund if it sustains its decision that the debt is past-due and legally enforceable. The Commission will also notify the debtor whether the amount of the debt remains the same or is modified; and

(2) The Commission will not refer the debt to the IRS for offset against the debtor's Federal income tax refund if it reverses its decision that the debt is past due and legally enforceable.

§ 204.55 Change in notification to Internal Revenue Service.

(a) Except as noted in paragraph (b) of this section, after the Commission sends the IRS notification of an individual's liability for a debt, the Commission will promptly notify the IRS of any change in the notification, if the Commission:

(1) Determines that an error has been made with respect to the information contained in the notification;

(2) Receives a payment or credits a payment to the account of the debtor named in the notification that reduces the amount of the debt referred to the IRS for offset; or

(3) Receives notification that the individual owing the debt has filed for bankruptcy under Title 11 of the United States Code or has been adjudicated bankrupt and the debt has been discharged.

(b) The Commission will not notify the IRS to increase the amount of a debt owed by a debtor named in the Commission's original notification to the IRS.

(c) If the amount of a debt is reduced after referral by the Commission and offset by the IRS, the Commission will refund to the debtor any excess amount and will promptly notify the IRS of any refund made by the Commission.

§ 204.56 Administrative charges.

All administrative charges incurred in connection with the referral of the debts to the IRS will be assessed on the debt and thus increase the amount of the offset.

§ 204.75 Collection services.

Section 13 of the Debt Collection Act (31 U.S.C. 3718) authorizes agencies to enter into contracts for collection services to recover debts owed the United States. The Act requires that certain provisions be contained in such contracts, including:

(a) The agency retains the authority to resolve a dispute, including the authority to terminate a collection action or refer the matter to the Attorney General for civil remedies; and

(b) The contractor is subject to the Privacy Act of 1974, as it applies to private contractors, as well as subject to State and Federal laws governing debt collection practices.

§ 204.76

§ 204.76 Use of credit bureau or consumer reporting agencies.

(a) The Commission may report delinquent debts to consumer reporting agencies (See 31 U.S.C. 3701(a)(3), 3711). Sixty days prior to release of information to a consumer reporting agency, the debtor shall be notified, in writing, of the intent to disclose the existence of the debt to a consumer reporting agency. Such notice of intent may be a separate correspondence or included in correspondence demanding direct payment. The notice shall be in conformance with 31 U.S.C. 3711(f) and the Federal Claims Collection Standards. The Commission shall provide, in this notice, the debtor with:

(1) An opportunity to inspect and copy agency records pertaining to the debt;

(2) An opportunity for an administrative review of the legal enforceability or past due status of the debt;

(3) An opportunity to enter into a repayment agreement on terms satisfactory to the Commission to prevent the Commission from reporting the debt as overdue to consumer reporting agencies, and provide deadlines and method for requesting this relief;

(4) An explanation of the rate of interest that will accrue on the debt, that all costs incurred to collect the debt will be charged to the debtor, the authority for assessing these costs, and the manner in which the Commission will calculate the amount of these cost;

(5) An explanation that the Commission will report the debt to the consumer reporting agencies to the detriment of the debtor's credit rating; and

(6) A description of the collection actions that the agency may take in the future if those presently proposed actions do not result in repayment of the loan obligation, including the filing of a lawsuit against the borrower by the agency and assignment of the debt for collection by offset against Federal income tax refunds or the filing of a lawsuit against the debtor by the Federal Government.

(b) The information that may be disclosed to the consumer reporting agency is limited to:

(1) The debtor's name, address, social security number or taxpayer identi-

(3) The Commission program or activity under which the claim arose.

§ 204.77 Referrals to collection agencies.

(a) The Commission has authority to contract for collection services to recover delinquent debts in accordance with 31 U.S.C. 3718(c) and the Federal Claims Collection Standards (4 CFR 102.6).

(b) The Commission will use private collection agencies where it determines that their use is in the best interest of the Government. Where the Commission determines that there is a need to contract for collection services, the contract will provide that:

(1) The authority to resolve disputes, compromise claims, suspend or terminate collection action, or refer the matter to the Department of Justice for litigation or to take any other action under this part will be retained by the Commission;

(2) Contractors are subject to the Privacy Act of 1974, as amended, to the extent specified in 5 U.S.C. 552a(m) and to applicable Federal and State laws and regulations pertaining to debt collection practices, such as the Fair Debt Collection Practices Act, 15 U.S.C. 1692;

(3) The contractor is required to strictly account for all amounts collected;

(4) The contractor must agree that uncollectible accounts shall be returned with appropriate documentation to enable Commission to determine whether to pursue collection through litigation or to terminate collection; and

(5) The contractor must agree to provide any data in its files relating to paragraphs (a) (1), (2) and (3) of Section 105.2 of the Federal Claims Collection Standards upon returning the account to the Commission for subsequent referral to the Department of Justice for litigation.

(c) The Commission will not use a collection agency to collect a debt owed by a current employed or retired

§ 209.1 Form D-A: Disclosure of assets and financial information.

(a) Rules 410 and 630 of the Rules of Practice (17 CFR 201.410 and 201.630) provide that under certain circumstances a respondent who asserts or intends to assert an inability to pay disgorgement, interest or penalties may be required to disclose certain financial information. Unless otherwise ordered, this form may be used by individuals required to supply such information.

(b) The respondent filing Form D-A is required promptly to notify the Commission of any material change in the answer to any question on this form.

(c) Form D-A may not be withheld from the interested division. A respondent making financial information disclosures on this form after the institution of proceedings may make a motion, pursuant to Rule 322 of the Com-

mission's Rules of Practice (17 CFR 201.322), for the issuance of a protective order to limit disclosure to the public or parties other than the interested division of the information submitted on Form D-A. A request for a protective order allows the requester an opportunity to justify the need for confidentiality. The making of a motion for a protective order, however, does not guarantee that disclosure will be limited.

(d) No party receiving information for which a motion for a protective order has been made may transfer or convey the information to any other person prior to a ruling on the motion without the prior permission of the Commission or a hearing officer.

(e) A person making financial information disclosures on Form D-A prior to the institution of proceedings, in connection with an offer of settlement or otherwise, may request confidential treatment of the information pursuant to the Freedom of Information Act. See the Commission's Freedom of Information Act ("FOIA") regulations, 17 CFR 200.83. A request for confidential treatment allows the requester an opportunity to substantiate the need for confidentiality. No determination as to the validity of any request for confidential treatment will be made until a request for disclosure of the information under FOIA is received.

QUALIFICATIONS AND REPORTS OF ACCOUNTANTS

SOURCE: Sections 210.2-01 to 210.2-05 appear at 37 FR 14594, July 21, 1972, unless otherwise noted.

§ 210.2-01 Qualifications of accountants.

Preliminary Note to § 210.2-01

1. Section 210.2-01 is designed to ensure that auditors are qualified and independent of their audit clients both in fact and in appearance. Accordingly, the rule sets forth restrictions on financial, employment, and business relationships between an accountant and an audit client and restrictions on an accountant providing certain non-audit services to an audit client.

2. Section 210.2-01(b) sets forth the general standard of auditor independence. Paragraphs (c)(1) to (c)(5) reflect the application of the general standard to particular circumstances. The rule does not purport to, and the Commission could not, consider all circumstances that raise independence concerns, and these are subject to the general standard in § 210.2-01(b). In considering this standard, the Commission looks in the first instance to whether a relationship or the provision of a service: creates a mutual or conflicting interest between the accountant and the audit client; places the accountant in the position of auditing his or her own work; results in the accountant acting as management or an employee of the audit client; or places the accountant in a position of being an advocate for the audit client.

3. These factors are general guidance only and their application may depend on particular facts and circumstances. For that reason, § 210.2-01 provides that, in determining whether an accountant is inde-

pendent, the Commission will consider all relevant facts and circumstances. For the same reason, registrants and accountants are encouraged to consult with the Commission's Office of the Chief Accountant before entering into relationships, including relationships involving the provision of services, that are not explicitly described in the rule.

(a) The Commission will not recognize any person as a certified public accountant who is not duly registered and in good standing as such under the laws of the place of his residence or principal office. The Commission will not recognize any person as a public accountant who is not in good standing and entitled to practice as such under the laws of the place of his residence or principal office.

(b) The Commission will not recognize an accountant as independent, with respect to an audit client, if the accountant is not, or a reasonable investor with knowledge of all relevant facts and circumstances would conclude that the accountant is not, capable of exercising objective and impartial judgment on all issues encompassed within the accountant's engagement. In determining whether an accountant is independent, the Commission will consider all relevant circumstances, including all relationships between the accountant and the audit client, and not just those relating to reports filed with the Commission.

(c) This paragraph sets forth a non-exclusive specification of circumstances inconsistent with paragraph (b) of this section.

(1) *Financial relationships.* An accountant is not independent if, at any point during the audit and professional engagement period, the accountant has a direct financial interest or a material indirect financial interest in the accountant's audit client, such as:

(i) *Investments in audit clients.* An accountant is not independent when:

(A) The accounting firm, any covered person in the firm, or any of his or her immediate family members, has any direct investment in an audit client, such as stocks, bonds, notes, options, or other securities. The term *direct investment* includes an investment in an audit client through an intermediary if:

(I) The accounting firm, covered person, or immediate family member,

alone or together with other persons, supervises or participates in the intermediary's investment decisions or has control over the intermediary; or

(2) The intermediary is not a diversified management investment company, as defined by section 5(b)(1) of the Investment Company Act of 1940, 15 U.S.C. 80a-5(b)(1), and has an investment in the audit client that amounts to 20% or more of the value of the intermediary's total investments.

(B) Any partner, principal, shareholder, or professional employee of the accounting firm, any of his or her immediate family members, any close family member of a covered person in the firm, or any group of the above persons has filed a Schedule 13D or 13G (17 CFR 240.13d-101 or 240.13d-102) with the Commission indicating beneficial ownership of more than five percent of an audit client's equity securities or controls an audit client, or a close family member of a partner, principal, or shareholder of the accounting firm controls an audit client.

(C) The accounting firm, any covered person in the firm, or any of his or her immediate family members, serves as voting trustee of a trust, or executor of an estate, containing the securities of an audit client, unless the accounting firm, covered person in the firm, or immediate family member has no authority to make investment decisions for the trust or estate.

(2) In the case of a former professional employee who was not a partner, principal, or shareholder of the accounting firm and who has been disassociated from the accounting firm for more than five years, that is immaterial to the former professional employee.

(iv) *Employment at accounting firm of former employee of audit client.* A former officer, director, or employee of an

audit client becomes a partner, principal, shareholder, or professional employee of the accounting firm, unless the individual does not participate in, and is not in a position to influence, the audit of the financial statements of the audit client covering any period during which he or she was employed by or associated with that audit client.

(3) *Business relationships.* An accountant is not independent if, at any point during the audit and professional engagement period, the accounting firm or any covered person in the firm has any direct or material indirect business relationship with an audit client, or with persons associated with the audit client in a decision-making capacity, such as an audit client's officers, directors, or substantial stockholders. (4) The audit client's management evaluates the adequacy and results of the design and implementation of the hardware or software system; and

(5) The audit client's management does not rely on the accountant's work as the primary basis for determining the adequacy of its internal controls and financial reporting systems.

(C) Nothing in this paragraph (c)(4)(ii) shall limit services an accountant performs in connection with the assessment, design, and implementation of internal accounting controls and risk management controls, provided the auditor does not act as an employee or perform management functions.

(1) The covered person did not know of the circumstances giving rise to the lack of independence;

(2) The covered person's lack of independence was corrected as promptly as possible under the relevant circumstances after the covered person or accounting firm became aware of it; and

(3) The accounting firm has a quality control system in place that provides reasonable assurance, taking into account the size and nature of the accounting firm's practice, that the accounting firm and its employees do not lack independence, and that covers at least all employees and associated entities of the accounting firm participating in the engagement, including

employees and associated entities located outside of the United States.

(i) *Appraisal or valuation services or fairness opinions and internal audit services.* Until August 5, 2002, providing to an audit client the non-audit services set forth in paragraphs (c)(4)(iii) and (c)(4)(v) of this section will not impair an accountant's independence with respect to the audit client if performing

those services did not impair the accountant's independence under pre-existing requirements of the Commission, the Independence Standards Boards, or the accounting profession in the United States.

(ii) *Other financial interests and employment relationships.* Until May 7, 2001, having the financial interests set forth in paragraph (c)(1)(ii) of this section or the employment relationships set forth in paragraph (c)(2) of this section will not impair an accountant's independence with respect to the audit client if having those financial interests or employment relationships did not impair the accountant's independence under pre-existing requirements of the Commission, the Independence Standards Board, or the accounting profession in the United States.

(iii) *Quality controls.* Until December 31, 2002, paragraph (d)(4) of this section shall not apply to offices of the accounting firm located outside of the United States.

(3) *Settling financial arrangements with former professionals.* To the extent not required by pre-existing requirements of the Commission, the Independence Standards Board, or the accounting profession in the United States, the requirement in paragraph (c)(2)(iii) of this section to settle financial arrangements with former professionals applies to situations that arise after the effective date of this section.

Solely for the purposes of this section, a fee is not a “contingent fee” if it is fixed by courts or other public authorities, or, in tax matters, if determined based on the results of judicial proceedings or the findings of governmental agencies. Fees may vary depending, for example, on the complexity of services rendered.

(2) Shall designate any auditing procedures deemed necessary by the accountant under the circumstances of the particular case, which have been omitted, and the reasons for their omission. Nothing in this rule shall be construed to imply authority for the omission of any procedure which independent accountants would ordinarily employ in the course of an audit made for the purpose of expressing the opinions required by paragraph (c) of this section.

(c) *Opinion to be expressed*. The accountant's report shall state clearly:

(1) The opinion of the accountant in respect of the financial statements covered by the report and the accounting principles and practices reflected therein; and

§ 210.2-05 Examination of financial statements by more than one accountant.

If, with respect to the examination of the financial statements, part of the examination is made by an independent accountant other than the principal accountant and the principal accountant elects to place reliance on the work of the other accountant and makes reference to that effect in his report, the separate report of the other accountant shall be filed. However, notwithstanding the provisions of this section, reports of other accountants which may otherwise be required in filings need not be presented in annual reports to security holders furnished pursuant to the proxy and information statement rules under the Securities Exchange Act of 1934 [§§ 240.14a-3 and 240.14c-3].

§ 210.3-01 Consolidated balance sheets.

(a) There shall be filed, for the registrant and its subsidiaries consolidated, audited balance sheets as of the end of each of the two most recent fiscal years. If the registrant has been in existence for less than one fiscal year, there shall be filed an audited balance sheet as of a date within 135 days of the date of filing the registration statement.

(b) If the filing, other than a filing on Form 10-K and Form 10-KSB or Form 10 and Form 10-SB, is made within 45 days after the end of the registrant's fiscal year and audited financial statements for the most recent fiscal year are not available, the balance sheets may be as of the end of the two preceding fiscal years and the filing shall include an additional balance sheet as of an interim date at least as current as the end of the registrant's third fiscal quarter of the most recently completed fiscal year.

(c) The instruction in paragraph (b) is also applicable to filings, other than

§210.3-02

on Form 10-K and Form 10-KSB or Form 10 and Form 10-SB, made after 45 days but within 90 days of the end of the registrant's fiscal year: *Provided*, That the following conditions are met:

(1) The registrant files annual, quarterly and other reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934 and all reports due have been filed;

(2) For the most recent fiscal year for which audited financial statements are not yet available the registrant reasonably and in good faith expects to report income, after taxes but before extraordinary items and cumulative effect of a change in accounting principle; and

(3) For at least one of the two fiscal years immediately preceding the most recent fiscal year the registrant reported income, after taxes but before extraordinary items and cumulative effect of a change in accounting principle.

(d) For filings made after 45 days but within 90 days of the end of the registrant's fiscal year where the conditions set forth in paragraph (c) of this section are not met, the filing must include the audited balance sheets required by paragraph (a) of this section.

(e) For filings made after 134 days subsequent to the end of the registrant's most recent fiscal year the filing shall also include a balance sheet as of an interim date within 135 days of the date of filing.

(f) Any interim balance sheet provided in accordance with the requirements of this section may be unaudited and need not be presented in greater detail than is required by §210.10-01. Notwithstanding the requirements of this section, the most recent interim balance sheet included in a filing shall be at least as current as the most recent balance sheet filed with the Commission on Form 10-Q and Form 10-QSB.

(g) For filings by registered management investment companies, the requirements of §210.3-18 shall apply in lieu of the requirements of this section.

(h) Any foreign private issuer, other than a registered management investment company or an employee plan, may file the financial statements required by Item 8.A of Form 20-F (§249.220 of this chapter) in lieu of the

financial statements specified in this rule.

§210.3-02 Consolidated statements of income and changes in financial positions.

(a) There shall be filed, for the registrant and its subsidiaries consolidated and for its predecessors, audited statements of income and cash flows for each of the three fiscal years preceding the date of the most recent audited balance sheet being filed or such shorter period as the registrant (including predecessors) has been in existence.

(b) In addition, for any interim period between the latest audited balance sheet and the date of the most recent interim balance sheet being filed, and for the corresponding period of the preceding fiscal year, statements of income and cash flows shall be provided. Such interim financial statements may be unaudited and need not be presented in greater detail than is required by §210.10-01.

(c) For filings by registered management investment companies, the requirements of §210.3-18 shall apply in lieu of the requirements of this section.

(d) Any foreign private issuer, other than a registered management investment company or an employee plan, may file the financial statements required by Item 8.A of Form 20-F (§249.220 of this chapter) in lieu of the financial statements specified in this rule.

§210.3-03 Instructions to income statement requirements.

(a) The statements required shall be prepared in compliance with the applicable requirements of this regulation.

(b) If the registrant is engaged primarily (1) in the generation, transmission or distribution of electricity, the manufacture, mixing, transmission or distribution of gas, the supplying or

distribution of water, or the furnishing of telephone or telegraph service; or (2) in holding securities of companies engaged in such businesses, it may at its option include statements of income and cash flows (which may be unaudited) for the twelve-month period ending on the date of the most recent balance sheet being filed, in lieu of the statements of income and cash flows for the interim periods specified.

(c) If a period or periods reported on include operations of a business prior to the date of acquisition, or for other reasons differ from reports previously issued for any period, the statements shall be reconciled as to sales or revenues and net income in the statement or in a note thereto with the amounts previously reported: *Provided, however*, That such reconciliations need not be made (1) if they have been made in filings with the Commission in prior years or (2) the financial statements which are being retroactively adjusted have not previously been filed with the Commission or otherwise made public.

(d) Any unaudited interim financial statements furnished shall reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Such adjustments shall include, for example, appropriate estimated provisions for bonus and profit sharing arrangements normally determined or settled at year-end. If all such adjustments are of a normal recurring nature, a statement to that effect shall be made; otherwise, there shall be furnished information describing in appropriate detail the nature and amount of any adjustments other than normal recurring adjustments entering into the determination of the results shown.

(e) Disclosures regarding segments required by generally accepted accounting principles shall be provided for each year for which an audited statement of income is provided. To the extent that the segment information presented pursuant to this instruction complies with the provisions of Item 101 of Regulation S-K, the disclosures may be combined by cross ref-

erencing to or from the financial statements.

§ 210.3-04 Changes in other stockholders' equity.

An analysis of the changes in each caption of other stockholders' equity presented in the balance sheets shall be given in a note or separate statement. This analysis shall be presented in the form of a reconciliation of the beginning balance to the ending balance for each period for which an income statement is required to be filed with all significant reconciling items described by appropriate captions. State separately the adjustments to the balance at the beginning of the earliest period presented for items which were retroactively applied to periods prior to that period. § 210.3-05 Financial statements of businesses acquired or to be acquired.

(a) *Financial statements required.* (1) Financial statements prepared and audited in accordance with this regulation should be furnished for the periods specified in paragraph (b) below if any of the following conditions exist:

(i) Consummation of a business combination accounted for as a purchase has occurred or is probable (for purposes of this rule, the term *purchase* encompasses the purchase of an interest in a business accounted for by the equity method); or

(ii) Consummation of a business combination to be accounted for as a pooling of interests is probable.

§210.3-05

17 CFR Ch. II (4-1-01 Edition)

(2) For purposes of determining whether the provisions of this rule apply, the determination of whether a *business* has been acquired should be made in accordance with the guidance set forth in §210.11-01(d).

(3) Acquisitions of a group of related businesses that are probable or that have occurred subsequent to the latest fiscal year-end for which audited financial statements of the registrant have been filed shall be treated under this section as if they are a single business combination. The required financial statements of related businesses may be presented on a combined basis for any periods they are under common control or management. For purposes of this section, businesses shall be deemed to be related if:

(i) They are under common control or management;

(ii) The acquisition of one business is conditional on the acquisition of each other business; or

(iii) Each acquisition is conditioned on a single common event.

(4) This rule shall not apply to a business which is totally held by the registrant prior to consummation of the transaction.

(b) *Periods to be presented.* (1) If securities are being registered to be offered to the security holders of the business to be acquired, the financial statements specified in §§210.3-01 and 210.3-02 shall be furnished for the business to be acquired, except as provided otherwise for filings on Form N-14, S-4 or F-4 (§§239.23, 239.25 or 239.34 of this chapter). The financial statements covering fiscal years shall be audited except as provided in Item 14 of Schedule 14A (§240.14a-101 of this chapter) with respect to certain proxy statements or in registration statements filed on Forms N-14, S-4 or F-4 (§§239.23, 239.25 or 239.34 of this chapter).

(2) In all cases not specified in paragraph (b)(1) of this section, financial statements of the business acquired or to be acquired shall be filed for the periods specified in this paragraph (b)(2) or such shorter period as the business has been in existence. The periods for which such financial statements are to be filed shall be determined using the conditions specified in the definition of

significant subsidiary in §210.1-02(w) as follows:

(i) If none of the conditions exceeds 20 percent, financial statements are not required. However, if the aggregate impact of the individually insignificant businesses acquired since the date of the most recent audited balance sheet filed for the registrant exceeds 50%, financial statements covering at least the substantial majority of the businesses acquired shall be furnished. Such financial statements shall be for at least the most recent fiscal year and any interim periods specified in §§210.3-01 and 210.3-02.

(ii) If any of the conditions exceeds 20 percent, but none exceed 40 percent, financial statements shall be furnished for at least the most recent fiscal year and any interim periods specified in §§210.3-01 and 210.3-02.

(iii) If any of the conditions exceeds 40 percent, but none exceed 50 percent, financial statements shall be furnished for at least the two most recent fiscal years and any interim periods specified in §§210.3-01 and 210.3-02.

(iv) If any of the conditions exceeds 50 percent, the full financial statements specified in §§210.3-01 and 210.3-02 shall be furnished. However, financial statements for the earliest of the three fiscal years required may be omitted if net revenues reported by the acquired business in its most recent fiscal year are less than \$25 million.

(3) The determination shall be made by comparing the most recent annual financial statements of each such business, or group of related businesses on a combined basis, to the registrant's most recent annual consolidated financial statements filed at or prior to the date of acquisition. However, if the registrant made a significant acquisition subsequent to the latest fiscal year-end and filed a report on Form 8-K (§249.308 of this chapter) which included audited financial statements of such acquired business for the periods required by this section and the pro forma financial information required by §210.11, such determination may be made by using pro forma amounts for the latest fiscal year in the report on Form 8-K (§249.308 of this chapter) rather than by using the historical amounts of the

registrant. The tests may not be made by “annualizing” data.

(4) Financial statements required for the periods specified in paragraph (b)(2) of this section may be omitted to the extent specified as follows:

(i) Registration statements not subject to the provisions of § 230.419 of this chapter (Regulation C) and proxy statements need not include separate financial statements of the acquired or to be acquired business if it does not exceed any of the conditions of significance in the definition of significant subsidiary in § 210.1-02 at the 50 percent level, and either:

(A) The consummation of the acquisition has not yet occurred; or

(B) The date of the final prospectus or prospectus supplement relating to an offering as filed with the Commission pursuant to § 230.424(b) of this chapter, or mailing date in the case of a proxy statement, is no more than 74 days after consummation of the business combination, and the financial statements have not previously been filed by the registrant.

(ii) An issuer, other than a foreign private issuer required to file reports on Form 6-K, that omits from its initial registration statement financial statements of a recently consummated business combination pursuant to paragraph (b)(4)(i) of this section shall furnish those financial statements and any pro forma information specified by Article 11 of this chapter under cover of Form 8-K (§ 249.308 of this chapter) no later than 75 days after consummation of the acquisition.

(iii) Separate financial statements of the acquired business need not be presented once the operating results of the acquired business have been reflected in the audited consolidated financial statements of the registrant for a complete fiscal year unless such financial statements have not been previously filed or unless the acquired business is of such significance to the registrant that omission of such financial statements would materially impair an investor’s ability to understand the historical financial results of the registrant. For example, if, at the date of acquisition, the acquired business met at least one of the conditions in the definition of significant subsidiary in

§ 210.1-02 at the 80 percent level, the income statements of the acquired business should normally continue to be furnished for such periods prior to the purchase as may be necessary when added to the time for which audited income statements after the purchase are filed to cover the equivalent of the period specified in § 210.3-02.

(iv) A separate audited balance sheet of the acquired business is not required when the registrant’s most recent audited balance sheet required by § 210.3-01 is for a date after the date the acquisition was consummated.

(c) *Financial statements of foreign business.* If the business acquired or to be acquired is a foreign business, financial statements of the business meeting the requirements of Item 17 of Form 20-F (§ 249.220f of this chapter) will satisfy this section.

§ 210.3-06 Financial statements covering a period of nine to twelve months.

Except with respect to registered investment companies, the filing of financial statements covering a period of 9 to 12 months shall be deemed to satisfy a requirement for filing financial statements for a period of 1 year where:

(a) The issuer has changed its fiscal year;

(b) The issuer has made a significant business acquisition for which financial statements are required under § 210.3-05 of this chapter and the financial statements covering the interim period pertain to the business being acquired; or

(c) The Commission so permits pursuant to § 210.3-13 of this chapter.

§§ 210.3-07—210.3-08

17 CFR Ch. II (4-1-01 Edition)

Where there is a requirement for filing financial statements for a time period exceeding one year but not exceeding three consecutive years (with not more than 12 months included in any period reported upon), the filing of financial statements covering a period of nine to 12 months shall satisfy a filing requirement of financial statements for one year of that time period only if the conditions described in either paragraph (a), (b), or (c) of this section exist and financial statements are filed that cover the full fiscal year or years for all other years in the time period.

[54 FR 10315, Mar. 13, 1989]

§§ 210.3-07—210.3-08 [Reserved]

§ 210.3-09 Separate financial statements of subsidiaries not consolidated and 50 percent or less owned persons.

(a) If any of the conditions set forth in §210.1-02(v), substituting 20 percent for 10 percent in the tests used therein to determine a significant subsidiary, are met for a majority-owned subsidiary not consolidated by the registrant or by a subsidiary of the registrant, separate financial statements of such subsidiary shall be filed. Similarly, if either the first or third condition set forth in §210.1-02(w), substituting 20 percent for 10 percent, is met by a 50 percent or less owned person accounted for by the equity method either by the registrant or a subsidiary of the registrant, separate financial statements of such 50 percent or less owned person shall be filed.

(b) Insofar as practicable, the separate financial statements required by this section shall be as of the same dates and for the same periods as the audited consolidated financial statements required by §§210.3-01 and 3-02. However, these separate financial statements are required to be audited only for those fiscal years in which either the first or third condition set forth in §210.1-02(w), substituting 20 percent for 10 percent, is met. For purposes of a filing on Form 10-K (§249.310 of this chapter), if the fiscal year of any 50 percent or less owned person ends within 90 days before the date of the filing, or if the fiscal year ends after the date of the filing, the required

financial statements may be filed as an amendment to the report within 90 days, or within six months if the 50 percent or less owned person is a foreign business, after the end of such subsidiary's or person's fiscal year.

(c) Notwithstanding the requirements for separate financial statements in paragraph (a) of this section, where financial statements of two or more majority-owned subsidiaries not consolidated are required, combined or consolidated statements of such subsidiaries may be filed subject to principles of inclusion and exclusion which clearly exhibit the financial position, cash flows and results of operations of the combined or consolidated group. Similarly, where financial statements of two or more 50 percent or less owned persons are required, combined or consolidated statements of such persons may be filed subject to the same principles of inclusion or exclusion referred to above.

(d) If the 50 percent or less owned person is a foreign business, financial statements of the business meeting the requirements of Item 17 of Form 20-F (§249.220f of this chapter) will satisfy this section.

(Secs. 7 and 19a of the Securities Act, 15 U.S.C. 77g, 77s(a), 77aa(25)(26); secs. 12, 13, 14, 15(d), and 23(a) of the Securities Exchange Act of 1934, 15 U.S.C. 78l, 78m, 78n, 78o(d), 78w(a), secs. 5(b), 10(a), 14, 20(a) of the Public Utility Holding Company Act, 15 U.S.C. 79e(a), 79n, 79t(a); secs. 8, 20, 30, 31(c), 38(a) of the Investment Company Act of 1940, 15 U.S.C. 80a-8, 80a-20, 80a-29, 80a-30(c), 80a-37(a))

§ 210.3-10 Financial statements of guarantors and issuers of guaranteed securities registered or being registered.

(a)(1) *General rule.* Every issuer of a registered security that is guaranteed and every guarantor of a registered security must file the financial statements required for a registrant by Regulation S-X.

(2) *Operation of this rule.* Paragraphs (b), (c), (d), (e) and (f) of this section are exceptions to the general rule of paragraph (a)(1) of this section. Only one of these paragraphs can apply to a

single issuer or guarantor. Paragraph (g) of this section is a special rule for recently acquired issuers or guarantors that overrides each of these exceptions for a specific issuer or guarantor. Paragraph (h) of this section defines the following terms used in this section: 100% owned, full and unconditional, annual report, quarterly report, no independent assets or operations, minor, finance subsidiary and operating subsidiary. Paragraph (i) of this section states the requirements for preparing the condensed consolidating financial information required by paragraphs (c), (d), (e) and (f) of this section.

NOTE TO PARAGRAPH (a)(2). Where paragraphs (b), (c), (d), (e) and (f) of this section specify the filing of financial statements of the parent company, the financial statements of an entity that is not an issuer or guarantor of the registered security cannot be substituted for those of the parent company.

(3) *Foreign private issuers.* Where any provision of this section requires compliance with §§ 210.3-01 and 3-02, a foreign private issuer may comply by providing financial statements for the periods specified by Item 8.A of Form 20-F (§ 249.220f of this chapter).

(b) *Finance subsidiary issuer of securities guaranteed by its parent company.* When a finance subsidiary issues securities and its parent company guarantees those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the issuer if:

(1) The issuer is 100% owned by the parent company guarantor;

(2) The guarantee is full and unconditional;

(3) No other subsidiary of the parent company guarantees the securities; and

(4) The parent company's financial statements are filed for the periods specified by §§ 210.3-01 and 210.3-02 and include a footnote stating that the issuer is a 100%-owned finance subsidiary of the parent company and the parent company has fully and unconditionally guaranteed the securities. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

NOTE TO PARAGRAPH (b). Paragraph (b) is available if a subsidiary issuer satisfies the

requirements of this paragraph but for the fact that, instead of the parent company guaranteeing the security, the subsidiary issuer co-issued the security, jointly and severally, with the parent company. In this situation, the narrative information required by paragraph (b)(4) must be modified accordingly.

(c) *Operating subsidiary issuer of securities guaranteed by its parent company.*

When an operating subsidiary issues securities and its parent company guarantees those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the issuer if:

(1) The issuer is 100% owned by the parent company guarantor;

(2) The guarantee is full and unconditional;

(3) No other subsidiary of the parent company guarantees the securities; and

(4) The parent company's financial statements are filed for the periods specified by §§ 210.3-01 and 210.3-02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:

(i) The parent company;

(ii) The subsidiary issuer;

(iii) Any other subsidiaries of the parent company on a combined basis;

(iv) Consolidating adjustments; and

(v) The total consolidated amounts.

NOTES TO PARAGRAPH (c).

1. Instead of the condensed consolidating financial information required by paragraph (c)(4), the parent company's financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the guarantee is full and unconditional, and any subsidiaries of the parent company other than the subsidiary issuer are minor. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

2. If the alternative disclosure permitted by Note 1 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (c)(4) may omit the column for "any other subsidiaries of the parent company on a combined basis" if those other subsidiaries are minor.

3. Paragraph (c) is available if a subsidiary issuer satisfies the requirements of this paragraph but for the fact that, instead of

§210.3-10

17 CFR Ch. II (4-1-01 Edition)

the parent company guaranteeing the security, the subsidiary issuer co-issued the security, jointly and severally, with the parent company. In this situation, the narrative information required by paragraph (i)(8) of this section must be modified accordingly.

(d) *Subsidiary issuer of securities guaranteed by its parent company and one or more other subsidiaries of that parent company.* When a subsidiary issues securities and both its parent company and one or more other subsidiaries of that parent company guarantee those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the issuer or any subsidiary guarantor if:

(1) The issuer and all subsidiary guarantors are 100% owned by the parent company guarantor;

(2) The guarantees are full and unconditional;

(3) The guarantees are joint and several; and

(4) The parent company's financial statements are filed for the periods specified by §§210.3-01 and 210.3-02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:

- (i) The parent company;
- (ii) The subsidiary issuer;
- (iii) The guarantor subsidiaries of the parent company on a combined basis;
- (iv) Any other subsidiaries of the parent company on a combined basis;
- (v) Consolidating adjustments; and
- (vi) The total consolidated amounts.

NOTES TO PARAGRAPH (d).

1. Paragraph (d) applies in the same manner whether the issuer is a finance subsidiary or an operating subsidiary.

2. The condensed consolidating financial information described in paragraph (d)(4) may omit the column for "any other subsidiaries of the parent company on a combined basis" if those other subsidiaries are minor.

3. Paragraph (d) is available if a subsidiary issuer satisfies the requirements of this paragraph but for the fact that, instead of the parent company guaranteeing the security, the subsidiary issuer co-issued the security, jointly and severally, with the parent company. In this situation, the narrative information required by paragraph (i)(8) of this section must be modified accordingly.

4. If all of the requirements in paragraph (d) are satisfied except that the guarantee of a subsidiary is not joint and several with, as

applicable, the parent company's guarantee or the guarantees of the parent company and the other subsidiaries, then each subsidiary guarantor whose guarantee is not joint and several need not include separate financial statements, but the condensed consolidating financial information should include a separate column for each guarantor whose guarantee is not joint and several.

5. Instead of the condensed consolidating financial information required by paragraph (d)(4), the parent company's financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the subsidiary issuer is a 100% owned finance subsidiary of the parent company, the parent company has guaranteed the securities, all of the parent company's subsidiaries other than the subsidiary issuer have guaranteed the securities, all of the guarantees are full and unconditional, and all of the guarantees are joint and several. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

(e) *Single subsidiary guarantor of securities issued by the parent company of that subsidiary.* When a parent company issues securities and one of its subsidiaries guarantees those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the subsidiary guarantor if:

(1) The subsidiary guarantor is 100% owned by the parent company issuer;

(2) The guarantee is full and unconditional;

(3) No other subsidiary of that parent guarantees the securities; and

(4) The parent company's financial statements are filed for the periods specified by §§210.3-01 and 210.3-02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:

- (i) The parent company;
- (ii) The subsidiary guarantor;
- (iii) Any other subsidiaries of the parent company on a combined basis;
- (iv) Consolidating adjustments; and
- (v) The total consolidated amounts.

NOTES TO PARAGRAPH (e).

1. Paragraph (e) applies in the same manner whether the guarantor is a finance subsidiary or an operating subsidiary.

2. Instead of the condensed consolidating financial information required by paragraph (e)(4), the parent company's financial statements may include a footnote stating, if

true, that the parent company has no independent assets or operations, the guarantee is full and unconditional, and any subsidiaries of the parent company other than the subsidiary guarantor are minor. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

3. If the alternative disclosure permitted by Note 2 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (e)(4) may omit the column for "any other subsidiaries of the parent company on a combined basis" if those other subsidiaries are minor.

4. If, instead of guaranteeing the subject security, a subsidiary co-issues the security jointly and severally with its parent company, this paragraph (e) does not apply. Instead, the appropriate financial information requirement would depend on whether the subsidiary is a finance subsidiary or an operating subsidiary. If the subsidiary is a finance subsidiary, paragraph (b) applies. If the subsidiary is an operating company, paragraph (c) applies.

(f) *Multiple subsidiary guarantors of securities issued by the parent company of those subsidiaries.* When a parent company issues securities and more than one of its subsidiaries guarantee those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the subsidiary guarantors if:

(1) Each of the subsidiary guarantors is 100% owned by the parent company issuer;

(2) The guarantees are full and unconditional;

(3) The guarantees are joint and several; and

(4) The parent company's financial statements are filed for the periods specified by §§ 210.3-01 and 210.3-02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:

- (i) The parent company;
- (ii) The subsidiary guarantors on a combined basis;
- (iii) Any other subsidiaries of the parent company on a combined basis;
- (iv) Consolidating adjustments; and
- (v) The total consolidated amounts.

NOTES TO PARAGRAPH (f).

1. Instead of the condensed consolidating financial information required by paragraph

(f)(4), the parent company's financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the guarantees are full and unconditional and joint and several, and any subsidiaries of the parent company other than the subsidiary guarantors are minor. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

2. If the alternative disclosure permitted by Note 1 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (f)(4) may omit the column for "any other subsidiaries of the parent company on a combined basis" if those other subsidiaries are minor.

3. If any of the subsidiary guarantees is not joint and several with the guarantees of the other subsidiaries, then each subsidiary guarantor whose guarantee is not joint and several need not include separate financial statements, but the condensed consolidating financial information must include a separate column for each subsidiary guarantor whose guarantee is not joint and several.

(g) *Recently acquired subsidiary issuers or subsidiary guarantors.*

(1) The Securities Act registration statement of the parent company must include the financial statements specified in paragraph (g)(2) of this section for any subsidiary that otherwise meets the conditions in paragraph (c), (d), (e) or (f) of this section for omission of separate financial statements if:

(i) The subsidiary has not been included in the audited consolidated results of the parent company for at least nine months of the most recent fiscal year; and

(ii) The net book value or purchase price, whichever is greater, of the subsidiary is 20% or more of the principal amount of the securities being registered.

(2) Financial statements required.

(i) Audited financial statements for a subsidiary described in paragraph (g)(1) of this section must be filed for the subsidiary's most recent fiscal year preceding the acquisition. In addition, unaudited financial statements must be filed for any interim periods specified in §§ 210.3-01 and 210.3-02.

(ii) The financial statements must conform to the requirements of Regulation S-X (§§ 210.1-01 through 12-29), except that supporting schedules need

§210.3-10

17 CFR Ch. II (4-1-01 Edition)

not be filed. If the subsidiary is a foreign business, financial statements of the subsidiary meeting the requirements of Item 17 of Form 20-F (§249.220f) will satisfy this item.

(3) Instructions to paragraph (g).

(i) The significance test of paragraph (g)(1)(ii) of this section should be computed using net book value of the subsidiary as of the most recent fiscal year end preceding the acquisition.

(ii) Information required by this paragraph (g) is not required to be included in an annual report or quarterly report.

(iii) Acquisitions of a group of subsidiary issuers or subsidiary guarantors that are related prior to their acquisition shall be aggregated for purposes of applying the 20% test in paragraph (g)(1)(ii) of this section. Subsidiaries shall be deemed to be related prior to their acquisition if:

(A) They are under common control or management;

(B) The acquisition of one subsidiary is conditioned on the acquisition of each subsidiary; or

(C) The acquisition of each subsidiary is conditioned on a single common event.

(h) *Definitions.* For the purposes of this section:

(1) A subsidiary is "100% owned" if all of its outstanding voting shares are owned, either directly or indirectly, by its parent company. A subsidiary not in corporate form is 100% owned if the sum of all interests are owned, either directly or indirectly, by its parent company other than:

(i) Securities that are guaranteed by its parent and, if applicable, other 100%-owned subsidiaries of its parent; and

(ii) Securities that guarantee securities issued by its parent and, if applicable, other 100%-owned subsidiaries of its parent.

(2) A guarantee is "full and unconditional," if, when an issuer of a guaranteed security has failed to make a scheduled payment, the guarantor is obligated to make the scheduled payment immediately and, if it doesn't, any holder of the guaranteed security may immediately bring suit directly against the guarantor for payment of all amounts due and payable.

(3) *Annual report* refers to an annual report on Form 10-K, Form 10-KSB, or Form 20-F (§§249.310, 249.310b, or 249.220f of this chapter).

(4) *Quarterly report* refers to a quarterly report on Form 10-Q or Form 10-QSB (§§249.308a or 249.308b of this chapter).

(5) A parent company has no independent assets or operations if each of its total assets, revenues, income from continuing operations before income taxes, and cash flows from operating activities (excluding amounts related to its investment in its consolidated subsidiaries) is less than 3% of the corresponding consolidated amount.

(6) A subsidiary is minor if each of its total assets, stockholders' equity, revenues, income from continuing operations before income taxes, and cash flows from operating activities is less than 3% of the parent company's corresponding consolidated amount.

NOTE TO PARAGRAPH (h)(6). When considering a group of subsidiaries, the definition applies to each subsidiary in that group individually and to all subsidiaries in that group in the aggregate.

(7) A subsidiary is a finance subsidiary if it has no assets, operations, revenues or cash flows other than those related to the issuance, administration and repayment of the security being registered and any other securities guaranteed by its parent company.

(8) A subsidiary is an operating subsidiary if it is not a finance subsidiary.

(i) Instructions for preparation of the condensed consolidating financial information required by paragraphs (c), (d), (e) and (f) of this section.

(1) Follow the general guidance in §210.10-01 for the form and content for condensed financial statements and present the financial information in sufficient detail to allow investors to determine the assets, results of operations and cash flows of each of the consolidating groups;

(2) The financial information should be audited for the same periods that the parent company financial statements are required to be audited;

(3) The parent company column should present investments in all subsidiaries under the equity method;

(4) The parent company's basis shall be "pushed down" to the applicable

subsidiary columns to the extent that push down would be required or permitted in separate financial statements of the subsidiary;

(5) All subsidiary issuer or subsidiary guarantor columns should present the following investments in subsidiaries under the equity method:

- (i) Non-guarantor subsidiaries;
- (ii) Subsidiary issuers or subsidiary guarantors that are not 100% owned or whose guarantee is not full and unconditional;
- (iii) Subsidiary guarantors whose guarantee is not joint and several with the guarantees of the other subsidiaries; and
- (iv) Subsidiary guarantors with differences in domestic or foreign laws that affect the enforceability of the guarantees;

(6) Provide a separate column for each subsidiary issuer or subsidiary guarantor that is not 100% owned, whose guarantee is not full and unconditional, or whose guarantee is not joint and several with the guarantees of other subsidiaries. Inclusion of a separate column does not relieve that issuer or guarantor from the requirement to file separate financial statements under paragraph (a) of this section. However, paragraphs (b) through (f) of this section will provide this relief if the particular paragraph is satisfied except that the guarantee is not joint and several;

(7) Provide separate columns for each guarantor by legal jurisdiction if differences in domestic or foreign laws affect the enforceability of the guarantees;

(8) Include the following disclosure, if true:

- (i) Each subsidiary issuer or subsidiary guarantor is 100% owned by the parent company;
- (ii) All guarantees are full and unconditional; and
- (iii) Where there is more than one guarantor, all guarantees are joint and several;

(9) Disclose any significant restrictions on the ability of the parent company or any guarantor to obtain funds from its subsidiaries by dividend or loan;

(10) Provide the disclosures prescribed by § 210.4-08(e)(3) with respect

to the subsidiary issuers and subsidiary guarantors;

(11) The disclosure:

(i) May not omit any financial and narrative information about each guarantor if the information would be material for investors to evaluate the sufficiency of the guarantee;

(ii) Shall include sufficient information so as to make the financial information presented not misleading; and

(iii) Need not repeat information that would substantially duplicate disclosure elsewhere in the parent company's consolidated financial statements; and

(12) Where the parent company's consolidated financial statements are prepared on a comprehensive basis other than U.S. Generally Accepted Accounting Principles, reconcile the information in each column to U.S. Generally Accepted Accounting Principles to the extent necessary to allow investors to evaluate the sufficiency of the guarantees. The reconciliation may be limited to the information specified by Item 17 of Form 20-F (§ 249.220f of this chapter). The reconciling information need not duplicate information included elsewhere in the reconciliation of the consolidated financial statements.

§ 210.3-11 Financial statements of an inactive registrant.

If a registrant is an inactive entity as defined below, the financial statements required by this regulation for purposes of reports pursuant to the Securities Exchange Act of 1934 may be unaudited. An inactive entity is one meeting all of the following conditions:

- (a) Gross receipts from all sources for the fiscal year are not in excess of \$100,000;
- (b) The registrant has not purchased or sold any of its own stock, granted options therefor, or levied assessments upon outstanding stock,
- (c) Expenditures for all purposes for the fiscal year are not in excess of \$100,000;
- (d) No material change in the business has occurred during the fiscal year, including any bankruptcy, reorganization, readjustment or succession or any material acquisition or disposition of plants, mines, mining equipment, mine rights or leases; and

§210.3-12

(e) No exchange upon which the shares are listed, or governmental authority having jurisdiction, requires the furnishing to it or the publication of audited financial statements.

§210.3-12 Age of financial statements at effective date of registration statement or at mailing date of proxy statement.

(a) If the financial statements in a filing are as of a date 135 days or more prior to the date the filing is expected to become effective or proposed mailing date in the case of a proxy statement, the financial statements shall be updated, except as specified in the following paragraphs, with a balance sheet as of an interim date within 135 days and with statements of income and cash flows for the interim period between the end of the most recent fiscal year and the date of the interim balance sheet provided and for the corresponding period of the preceding fiscal year. Such interim financial statements may be unaudited and need not be presented in greater detail than is required by §210.10-01. Notwithstanding the above requirements, the most recent interim financial statements shall be at least as current as the most recent financial statements filed with the Commission on Form 10-Q and Form 10-QSB.

(b) Where the anticipated effective date of a filing, or in the case of a proxy statement the proposed mailing date, falls within 90 days subsequent to the end of the fiscal year, the filing need not include financial statements more current than as of the end of the third fiscal quarter of the most recently completed fiscal year unless the audited financial statements for such fiscal year are available or unless the anticipated effective date or proposed mailing date falls after 45 days subsequent to the end of the fiscal year and the registrant does not meet the conditions prescribed under paragraph (c) of §210.3-01. If the anticipated effective date or proposed mailing date falls after 45 days subsequent to the end of the fiscal year and the registrant does not meet the conditions prescribed under paragraph (c) of §210.3-01, the filing must include audited financial

17 CFR Ch. II (4-1-01 Edition)

statements for the most recently completed fiscal year.

(c) Where a filing is made near the end of a fiscal year and audited financial statements for that fiscal year are not included in the filing, the filing shall be updated with such audited financial statements if they become available prior to the anticipated effective date, or proposed mailing date in the case of a proxy statement.

(d) The age of the registrant's most recent audited financial statements included in a registration statement filed under the Securities Act of 1933 or filed on Form 10 and Form 10-SB (17 CFR 249.210) under the Securities Exchange Act of 1934 shall not be more than one year and 45 days old at the date the registration statement becomes effective if the registration statement relates to the security of an issuer that was not subject, immediately prior to the time of filing the registration statement, to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934.

(e) For filings by registered management investment companies, the requirements of §210.3-18 shall apply in lieu of the requirements of this section.

(f) Any foreign private issuer may file financial statements whose age is specified in Item 8.A of Form 20-F (§249.220f of this chapter). Financial statements of a foreign business which are furnished pursuant to §§210.3-05 or 210.3-09 because it is an acquired business or a 50 percent or less owned person may be of the age specified in Item 8.A of Form 20-F.

§210.3-13 Filing of other financial statements in certain cases.

The Commission may, upon the informal written request of the registrant, and where consistent with the protection of investors, permit the omission of one or more of the financial statements herein required or the filing in substitution therefor of appropriate statements of comparable character. The Commission may also by informal

written notice require the filing of other financial statements in addition to, or in substitution for, the statements herein required in any case where such statements are necessary or appropriate for an adequate presentation of the financial condition of any person whose financial statements are required, or whose statements are otherwise necessary for the protection of investors.

§ 210.3-14 Special instructions for real estate operations to be acquired.

(a) If, during the period for which income statements are required, the registrant has acquired one or more properties which in the aggregate are significant, or since the date of the latest balance sheet required has acquired or proposes to acquire one or more properties which in the aggregate are significant, the following shall be furnished with respect to such properties:

(1) Audited income statements (not including earnings per unit) for the three most recent fiscal years, which shall exclude items not comparable to the proposed future operations of the property such as mortgage interest, leasehold rental, depreciation, corporate expenses and Federal and state income taxes: *Provided, however*, That such audited statements need be presented for only the most recent fiscal year if

(i) The property is not acquired from a related party;

(ii) Material factors considered by the registrant in assessing the property are described with specificity in the filing with regard to the property, including sources of revenue (including, but not limited to, competition in the rental market, comparative rents, occupancy rates) and expense (including, but not limited to, utility rates, ad valorem tax rates, maintenance expenses, capital improvements anticipated); and

(iii) The registrant indicates in the appropriate filing that, after reasonable inquiry, the registrant is not aware of any material factors relating to that specific property other than those discussed in response to paragraph (a)(1)(ii) of this section that would cause the reported financial information not to be necessarily indicative of future operating results.

NOTE: The discussion of material factors considered should be combined with that required by Item 15 of Form S-11.

(2) If the property is to be operated by the registrant, there shall be furnished a statement showing the estimated taxable operating results of the registrant based on the most recent twelve month period including such adjustments as can be factually supported. If the property is to be acquired subject to a net lease the estimated taxable operating results shall be based on the rent to be paid for the first year of the lease. In either case, the estimated amount of cash to be made available by operations shall be shown. There shall be stated in an introductory paragraph the principal assumptions which have been made in preparing the statements of estimated taxable operating results and cash to be made available by operations.

(3) If appropriate under the circumstances, there shall be given in tabular form for a limited number of years the estimated cash distribution per unit showing the portion thereof reportable as taxable income and the portion representing a return of capital together with an explanation of annual variations, if any. If taxable net income per unit will become greater than the cash available for distribution per unit, that fact and approximate year of occurrence shall be stated, if significant.

(b) Information required by this section is not required to be included in a filing on Form 10-K and Form 10-KSB.

conforming to the requirements of § 210.6-07.

(3) An audited statement of cash flows for the most recent fiscal year if necessary to comply with generally accepted accounting principles. (Further references in this rule to the requirement for such statement are likewise applicable only to the extent that they are consistent with the requirements of generally accepted accounting principles.)

(4) Audited statements of changes in net assets conforming to the requirements of § 210.6-09 for the two most recent fiscal years.

(b) If the filing is made within 60 days after the end of the registrant's fiscal year and audited financial statements for the most recent fiscal year are not available, the balance sheet or statement of assets and liabilities may be as of the end of the preceding fiscal year and the filing shall include an additional balance sheet or statement of assets and liabilities as of an interim date within 245 days of the date of filing. In addition, the statements of operations and cash flows (if required by generally accepted accounting principles) shall be provided for the preceding fiscal year and the statement of changes in net assets shall be provided for the two preceding fiscal years and each of the statements shall be provided for the interim period between the end of the preceding fiscal year and the date of the most recent balance sheet or statement of assets and liabilities being filed. Financial statements for the corresponding period of the preceding fiscal year need not be provided.

(c) If the most current balance sheet or statement of assets and liabilities in a filing is as of a date 245 days or more prior to the date the filing is expected to become effective, the financial statements shall be updated with a balance sheet or statement of assets and liabilities as of an interim date within 245 days. § 210.3-19 [Reserved]

§ 210.3-20 Currency for financial statements of foreign private issuers.

(a) A foreign private issuer, as defined in § 230.405 of this chapter, shall state amounts in its primary financial statements in the currency which it deems appropriate.

(b) The currency in which amounts in the financial statements are stated shall be disclosed prominently on the face of the financial statements. If dividends on publicly-held equity securities will be declared in a currency other than the reporting currency, a note to the financial statements shall identify that currency. If there are material exchange restrictions or controls relating to the issuer's reporting currency, the currency of the issuer's domicile, or the currency in which the issuer will pay dividends, prominent disclosure of this fact shall be made in the financial statements. If the reporting currency is not the U.S. dollar, dollar-equivalent financial statements or convenience translations shall not be presented, except a translation may be presented of the most recent fiscal year and any subsequent interim period presented using the exchange rate as of the most recent balance sheet included in the filing, except that a rate as of

the most recent practicable date shall be used if materially different.

(c) If the financial statements of a foreign private issuer are stated in a currency of a country that has experienced cumulative inflationary effects exceeding a total of 100 percent over the most recent three year period, and have not been recast or otherwise supplemented to include information on a historical cost/constant currency or current cost basis prescribed or permitted by appropriate authoritative standards, the issuer shall present supplementary information to quantify the effects of changing prices upon its financial position and results of operations.

(d) Notwithstanding the currency selected for reporting purposes, the issuer shall measure separately its own transactions, and those of each of its material operations (*e.g.*, branches, divisions, subsidiaries, joint ventures, and similar entities) that is included in the issuer's consolidated financial statements and not located in a hyperinflationary environment, using the particular currency of the primary economic environment in which the issuer or the operation conducts its business. Assets and liabilities so determined shall be translated into the reporting currency at the exchange rate at the balance sheet date; all revenues, expenses, gains, and losses shall be translated at the exchange rate existing at the time of the transaction or, if appropriate, a weighted average of the exchange rates during the period; and all translation effects of exchange rate changes shall be included as a separate component ("cumulative translation adjustment") of shareholder's equity. For purposes of this paragraph, the currency of an operation's primary economic environment is normally the currency in which cash is primarily generated and expended; a hyperinflationary environment is one that has cumulative inflation of approximately 100% or more over the most recent three year period. Departures from the methodology presented in this paragraph shall be quantified pursuant to Item 17(c)(2) of Form 20-F (§249.220f of this chapter).

(e) The issuer shall state its primary financial statements in the same cur-

rency for all periods for which financial information is presented. If the financial statements are stated in a currency that is different from that used in financial statements previously filed with the Commission, the issuer shall recast its financial statements as if the newly adopted currency had been used since at least the earliest period presented in the filing. The decision to change and the reason for the change in the reporting currency shall be disclosed in a note to the financial statements in the period in which the change occurs.

CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS

§210.3A-01 Application of §210.3A-01 to §210.3A-05.

Sections 210.3A-01 to 210.3A-05 shall govern the presentation of consolidated and combined financial statements.

[44 FR 19386, Apr. 3, 1979. Redesignated at 45 FR 63687, Sept. 25, 1980, and amended at 50 FR 25215, June 18, 1985]

§210.3A-02 Consolidated financial statements of the registrant and its subsidiaries.

In deciding upon consolidation policy, the registrant must consider what financial presentation is most meaningful in the circumstances and should follow in the consolidated financial statements principles of inclusion or exclusion which will clearly exhibit the financial position and results of operations of the registrant. There is a presumption that consolidated statements are more meaningful than separate statements and that they are usually necessary for a fair presentation when one entity directly or indirectly has a controlling financial interest in another entity. Other particular facts and circumstances may require combined financial statements, an equity method of accounting, or valuation allowances in order to achieve a fair presentation. In any case, the disclosures required by §210.3A-03 should clearly explain the accounting policies followed by the registrant in this area, including the

circumstances involved in any departure from the normal practice of consolidating majority owned subsidiaries and not consolidating entities that are less than majority owned. Among the factors that the registrant should consider in determining the most meaningful presentation are the following:

(a) *Majority ownership*: Generally, registrants shall consolidate entities that are majority owned and shall not consolidate entities that are not majority owned. The determination of *majority ownership* requires a careful analysis of the facts and circumstances of a particular relationship among entities. In rare situations, consolidation of a majority owned subsidiary may not result in a fair presentation, because the registrant, in substance, does not have a controlling financial interest (for example, when the subsidiary is in legal reorganization or in bankruptcy, or when control is likely to be temporary). In other situations, consolidation of an entity, notwithstanding the lack of technical majority ownership, is necessary to present fairly the financial position and results of operations of the registrant, because of the existence of a parent-subsidiary relationship by means other than record ownership of voting stock.

(b) *Different fiscal periods*: Generally, registrants shall not consolidate any entity whose financial statements are as of a date or for periods substantially different from those of the registrant. Rather, the earnings or losses of such entities should be reflected in the registrant's financial statements on the equity method of accounting. However:

(1) A difference in fiscal periods does not of itself justify the exclusion of an entity from consolidation. It ordinarily is feasible for such entity to prepare, for consolidation purposes, statements for a period which corresponds with or closely approaches the fiscal year of the registrant. Where the difference is not more than 93 days, it is usually acceptable to use, for consolidation purposes, such entity's statements for its fiscal period. Such difference, when it exists, should be disclosed as follows: the closing date of the entity should be expressly indicated, and the necessity for the use of different closing dates should be briefly explained. Further-

more, recognition should be given by disclosure or otherwise to the effect of intervening events which materially affect the financial position or results of operations.

(2) Notwithstanding the 93-day provision specified in paragraph (b)(1) of this section, in connection with the retroactive combination of financial statements of entities following a *pooling of interests*, the financial statements of the constituents may be combined even if their respective fiscal periods do not end within 93 days, except that the financial statements for the latest fiscal year shall be recast to dates which do not differ by more than 93 days, if practicable. Disclosure shall be made of the periods combined and of the sales or revenues, net income before extraordinary items and net income of any interim periods excluded from or included more than once in results of operations as a result of such recasting.

(c) *Bank Holding Company Act*: Registrants shall not consolidate any subsidiary or group of subsidiaries of a registrant subject to the Bank Holding Company Act of 1956 as amended as to which (1) a decision requiring divestiture has been made, or (2) there is substantial likelihood that divestiture will be necessary in order to comply with provisions of the Bank Holding Company Act.

(d) *Foreign subsidiaries*: Due consideration shall be given to the propriety of consolidating with domestic corporations foreign subsidiaries which are operated under political, economic or currency restrictions. If consolidated, disclosure should be made as to the effect, insofar as this can reasonably be determined, of foreign exchange restrictions upon the consolidated financial position and operating results of the registrant and its subsidiaries.

§ 210.3A-03 Statement as to principles of consolidation or combination followed.

(a) A brief description of the principles followed in consolidating or combining the separate financial statements, including the principles followed in determining the inclusion or

§ 210.3A-04

exclusion of (1) subsidiaries in consolidated or combined financial statements and (2) companies in consolidated or combined financial statements, shall be stated in the notes to the respective financial statements.

(b) As to each consolidated financial statement and as to each combined financial statement, if there has been a change in the persons included or excluded in the corresponding statement for the preceding fiscal period filed with the Commission which has a material effect on the financial statements, the persons included and the persons excluded shall be disclosed. If there have been any changes in the respective fiscal periods of the persons included made during the periods of the report which have a material effect on the financial statements, indicate clearly such changes and the manner of treatment.

§ 210.3A-04 Intercompany items and transactions.

In general, there shall be eliminated intercompany items and transactions between persons included in the (a) consolidated financial statements being filed and, as appropriate, (b) unrealized intercompany profits and losses on transactions between persons for which financial statements are being filed and persons the investment in which is presented in such statements by the equity method. If such eliminations are not made, a statement of the reasons and the methods of treatment shall be made.

§ 210.3A-05 Special requirements as to public utility holding companies.

There shall be shown in the consolidated balance sheet of a public utility holding company the difference between the amount at which the parent's investment is carried and the underlying book equity of subsidiaries as at the respective dates of acquisition.

§ 210.4-01 Form, order, and terminology.

(a) Financial statements should be filed in such form and order, and should use such generally accepted terminology, as will best indicate their significance and character in the light of the provisions applicable thereto. The information required with respect to any statement shall be furnished as a minimum requirement to which shall be added such further material information as is necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

(1) Financial statements filed with the Commission which are not prepared in accordance with generally accepted accounting principles will be presumed to be misleading or inaccurate, despite footnote or other disclosures, unless the Commission has otherwise provided. This article and other articles of Regulation S-X provide clarification of certain disclosures which must be included in any event, in financial statements filed with the Commission.

(2) In all filings of foreign private issuers (see § 230.405 of this chapter), except as stated otherwise in the applicable form, the financial statements may be prepared according to a comprehensive body of accounting principles other than those generally accepted in the United States if a reconciliation to United States generally accepted accounting principles and the provisions of Regulation S-X of the type specified in Item 18 of Form 20-F (§ 249.220f of this chapter) is also filed as part of the financial statements. Alternatively, the financial statements may be prepared according to United States generally accepted accounting principles.

(b) All money amounts required to be shown in financial statements may be expressed in whole dollars or multiples thereof, as appropriate: *Provided*, That, when stated in other than whole dollars, an indication to that effect is inserted immediately beneath the caption of the statement or schedule, at

(c) Negative amounts (red figures) shall be shown in a manner which clearly distinguishes the negative attribute. When determining methods of display, consideration should be given to the limitations of reproduction and microfilming processes.

§ 210.4-02 Items not material.

If the amount which would otherwise be required to be shown with respect to any item is not material, it need not be separately set forth. The combination of insignificant amounts is permitted.

§ 210.4-03 Inapplicable captions and omission of unrequired or inapplicable financial statements.

(a) No caption should be shown in any financial statement as to which the items and conditions are not present.

(b) Financial statements not required or inapplicable because the required matter is not present need not be filed.

(c) The reasons for the omission of any required financial statements shall be indicated.

§ 210.4-04 Omission of substantially identical notes.

If a note covering substantially the same subject matter is required with respect to two or more financial statements relating to the same or affiliated persons, for which separate sets of notes are presented, the required information may be shown in a note to only one of such statements: *Provided*, That

a clear and specific reference thereto is made in each of the other statements with respect to which the note is required.

§§ 210.4-05—210.04-06 [Reserved]

§ 210.4-07 Discount on shares.

Discount on shares, or any unamortized balance thereof, shall be shown separately as a deduction from the applicable account(s) as circumstances require.

§ 210.4-08 General notes to financial statements.

If applicable to the person for which the financial statements are filed, the following shall be set forth on the face of the appropriate statement or in appropriately captioned notes. The information shall be provided for each statement required to be filed, except that the information required by paragraphs (b), (c), (d), (e) and (f) shall be provided as of the most recent audited balance sheet being filed and for paragraph (j) as specified therein. When specific statements are presented separately, the pertinent notes shall accompany such statements unless cross-referencing is appropriate.

(a) *Principles of consolidation or combination.* With regard to consolidated or combined financial statements, refer to §§ 210.3A-01 to 3A-08 for requirements for supplemental information in notes to the financial statements.

(b) *Assets subject to lien.* Assets mortgaged, pledged, or otherwise subject to lien, and the approximate amounts thereof, shall be designated and the obligations collateralized briefly identified.

(c) *Defaults.* The facts and amounts concerning any default in principal, interest, sinking fund, or redemption provisions with respect to any issue of securities or credit agreements, or any breach of covenant of a related indenture or agreement, which default or breach existed at the date of the most recent balance sheet being filed and which has not been subsequently cured, shall be stated in the notes to the financial statements. If a default or breach exists but acceleration of the obligation has been waived for a stated period of time beyond the date of the

most recent balance sheet being filed, state the amount of the obligation and the period of the waiver.

(d) *Preferred shares.* (1) Aggregate preferences on involuntary liquidation, if other than par or stated value, shall be shown parenthetically in the equity section of the balance sheet.

(2) Disclosure shall be made of any restriction upon retained earnings that arises from the fact that upon involuntary liquidation the aggregate preferences of the preferred shares exceeds the par or stated value of such shares.

(e) *Restrictions which limit the payment of dividends by the registrant.* (1) Describe the most significant restrictions, other than as reported under paragraph (d) of this section, on the payment of dividends by the registrant, indicating their sources, their pertinent provisions, and the amount of retained earnings or net income restricted or free of restrictions.

(2) Disclose the amount of consolidated retained earnings which represents undistributed earnings of 50 percent or less owned persons accounted for by the equity method.

(3) The disclosures in paragraphs (e)(3) (i) and (ii) in this section shall be provided when the restricted net assets of consolidated and unconsolidated subsidiaries and the parent's equity in the undistributed earnings of 50 percent or less owned persons accounted for by the equity method together exceed 25 percent of consolidated net assets as of the end of the most recently completed fiscal year. For purposes of this test, restricted net assets of subsidiaries shall mean that amount of the registrant's proportionate share of net assets (after intercompany eliminations) reflected in the balance sheets of its consolidated and unconsolidated subsidiaries as of the end of the most recent fiscal year which may not be transferred to the parent company in the form of loans, advances or cash dividends by the subsidiaries without the consent of a third party (i.e., lender, regulatory agency, foreign government, etc.). Not all limitations on transferability of assets are considered to be restrictions for purposes of this test, which considers only specific third party restrictions on the ability of subsidiaries to transfer funds outside

of the entity. For example, the presence of subsidiary debt which is secured by certain of the subsidiary's assets does not constitute a restriction under this rule. However, if there are any loan provisions prohibiting dividend payments, loans or advances to the parent by a subsidiary, these are considered restrictions for purposes of computing restricted net assets. When a loan agreement requires that a subsidiary maintain certain working capital, net tangible asset, or net asset levels, or where formal compensating arrangements exist, there is considered to be a restriction under the rule because the lender's intent is normally to preclude the transfer by dividend or otherwise of funds to the parent company. Similarly, a provision which requires that a subsidiary reinvest all of its earnings is a restriction, since this precludes loans, advances or dividends in the amount of such undistributed earnings by the entity. Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least restrictive to the subsidiary shall be used. Redeemable preferred stocks (§210.5-02.28) and minority interests shall be deducted in computing net assets for purposes of this test.

(i) Describe the nature of any restrictions on the ability of consolidated subsidiaries and unconsolidated subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances (i.e., borrowing arrangements, regulatory restraints, foreign government, etc.).

(ii) Disclose separately the amounts of such restricted net assets for unconsolidated subsidiaries and consolidated subsidiaries as of the end of the most recently completed fiscal year.

(f) *Significant changes in bonds, mortgages and similar debt.* Any significant changes in the authorized or issued amounts of bonds, mortgages and similar debt since the date of the latest balance sheet being filed for a particular person or group shall be stated.

(g) *Summarized financial information of subsidiaries not consolidated and 50 percent or less owned persons.* (1) The summarized information as to assets, liabilities and results of operations as

detailed in §210.1-02(bb) shall be presented in notes to the financial statements on an individual or group basis for:

(i) Subsidiaries not consolidated; or
 (ii) For 50 percent or less owned persons accounted for by the equity method by the registrant or by a subsidiary of the registrant, if the criteria in §210.1-02(w) for a significant subsidiary are met:

(A) Individually by any subsidiary not consolidated or any 50% or less owned person; or

(B) On an aggregated basis by any combination of such subsidiaries and persons.

(2) Summarized financial information shall be presented insofar as is practicable as of the same dates and for the same periods as the audited consolidated financial statements provided and shall include the disclosures prescribed by §210.1-02(bb). Summarized information of subsidiaries not consolidated shall not be combined for disclosure purposes with the summarized information of 50 percent or less owned persons.

(h) *Income tax expense.* (1) Disclosure shall be made in the income statement or a note thereto, of (i) the components of income (loss) before income tax expense (benefit) as either domestic or foreign; (ii) the components of income tax expense, including (A) taxes currently payable and (B) the net tax effects, as applicable, of timing differences (indicate separately the amount of the estimated tax effect of each of the various types of timing differences, such as depreciation, warranty costs, etc., where the amount of each such tax effect exceeds five percent of the amount computed by multiplying the income before tax by the applicable statutory Federal income tax rate; other differences may be combined.)

NOTE: Amounts applicable to United States Federal income taxes, to foreign income taxes and the other income taxes shall be stated separately for each major component. Amounts applicable to foreign income (loss) and amounts applicable to foreign or other income taxes which are less than five percent of the total of income before taxes or the component of tax expense, respectively, need not be separately disclosed. For purposes of this rule, foreign income (loss) is de-

finied as income (loss) generated from a registrant's foreign operations, i.e., operations that are *located outside* of the registrant's home country.

(2) Provide a reconciliation between the amount of reported total income tax expense (benefit) and the amount computed by multiplying the income (loss) before tax by the applicable statutory Federal income tax rate, showing the estimated dollar amount of each of the underlying causes for the difference. If no individual reconciling item amounts to more than five percent of the amount computed by multiplying the income before tax by the applicable statutory Federal income tax rate, and the total difference to be reconciled is less than five percent of such computed amount, no reconciliation need be provided unless it would be significant in appraising the trend of earnings. Reconciling items that are individually less than five percent of the computed amount may be aggregated in the reconciliation. The reconciliation may be presented in percentages rather than in dollar amounts. Where the reporting person is a foreign entity, the income tax rate in that person's country of domicile should normally be used in making the above computation, but different rates should not be used for subsidiaries or other segments of a reporting entity. When the rate used by a reporting person is other than the United States Federal corporate income tax rate, the rate used and the basis for using such rate shall be disclosed.

(3) Paragraphs (h) (1) and (2) of this section shall be applied in the following manner to financial statements which reflect the adoption of Statement of Financial Accounting Standards 109, Accounting for Income Taxes.

(i) The disclosures required by paragraph (h)(1)(ii) of this section and by the parenthetical instruction at the end of paragraph (h)(1) of this section and by the introductory sentence of paragraph (h)(2) of this section shall not apply.

(ii) The instructional note between paragraphs (h) (1) and (2) of this section and the balance of the requirements of paragraphs (h) (1) and (2) of this section shall continue to apply.

(i) *Warrants or rights outstanding.* Information with respect to warrants or rights outstanding at the date of the related balance sheet shall be set forth as follows:

(1) Title of issue of securities called for by warrants or rights.

(2) Aggregate amount of securities called for by warrants or rights outstanding.

(3) Date from which warrants or rights are exercisable.

(4) Price at which warrant or right is exercisable.

(j) [Reserved]

(k) *Related party transactions which affect the financial statements.* (1) Related party transactions should be identified and the amounts stated on the face of the balance sheet, income statement, or statement of cash flows.

(2) In cases where separate financial statements are presented for the registrant, certain investees, or subsidiaries, separate disclosure shall be made in such statements of the amounts in the related consolidated financial statements which are (i) eliminated and (ii) not eliminated. Also, any intercompany profits or losses resulting from transactions with related parties and not eliminated and the effects thereof shall be disclosed.

(l) [Reserved]

(m) *Repurchase and reverse repurchase agreements*—(1) *Repurchase agreements (assets sold under agreements to repurchase).* (i) If, as of the most recent balance sheet date, the carrying amount (or market value, if higher than the carrying amount or if there is no carrying amount) of the securities or other assets sold under agreements to repurchase (*repurchase agreements*) exceeds 10% of total assets, disclose separately in the balance sheet the aggregate amount of liabilities incurred pursuant to repurchase agreements including accrued interest payable thereon.

(ii)(A) If, as of the most recent balance sheet date, the carrying amount (or market value, if higher than the carrying amount) of securities or other assets sold under repurchase agreements, other than securities or assets specified in paragraph (m)(1)(ii)(B) of this section, exceeds 10% of total assets, disclose in an appropriately captioned footnote containing a tabular

presentation, segregated as to type of such securities or assets sold under agreements to repurchase (e.g., U.S. Treasury obligations, U.S. Government agency obligations and loans), the following information as of the balance sheet date for each such agreement or group of agreements (other than agreements involving securities or assets specified in paragraph (m)(1)(ii)(B) of this section) maturing (1) overnight; (2) term up to 30 days; (3) term of 30 to 90 days; (4) term over 90 days and (5) demand:

(i) The carrying amount and market value of the assets sold under agreement to repurchase, including accrued interest plus any cash or other assets on deposit under the repurchase agreements; and

(ii) The repurchase liability associated with such transaction or group of transactions and the interest rate(s) thereon.

(B) For purposes of paragraph (m)(1)(ii)(A) of this section only, do not include securities or other assets for which unrealized changes in market value are reported in current income or which have been obtained under reverse repurchase agreements.

(iii) If, as of the most recent balance sheet date, the amount at risk under repurchase agreements with any individual counterparty or group of related counterparties exceeds 10% of stockholders' equity (or in the case of investment companies, net asset value), disclose the name of each such counterparty or group of related counterparties, the amount at risk with each, and the weighted average maturity of the repurchase agreements with each. The amount at risk under repurchase agreements is defined as the excess of carrying amount (or market value, if higher than the carrying amount or if there is no carrying amount) of the securities or other assets sold under agreement to repurchase, including accrued interest plus any cash or other assets on deposit to secure the repurchase obligation, over the amount of the repurchase liability (adjusted for accrued interest). (Cash deposits in connection with repurchase agreements shall not be reported as unrestricted cash pursuant to rule 5-02.1.)

(2) *Reverse repurchase agreements (assets purchased under agreements to resell).* (i) If, as of the most recent balance sheet date, the aggregate carrying amount of *reverse repurchase agreements* (securities or other assets purchased under agreements to resell) exceeds 10% of total assets: (A) Disclose separately such amount in the balance sheet; and (B) disclose in an appropriately captioned footnote: (1) The registrant's policy with regard to taking possession of securities or other assets purchased under agreements to resell; and (2) whether or not there are any provisions to ensure that the market value of the underlying assets remains sufficient to protect the registrant in the event of default by the counterparty and if so, the nature of those provisions.

(ii) If, as of the most recent balance sheet date, the amount at risk under reverse repurchase agreements with any individual counterparty or group of related counterparties exceeds 10% of stockholders' equity (or in the case of investment companies, net asset value), disclose the name of each such counterparty or group of related counterparties, the amount at risk with each, and the weighted average maturity of the reverse repurchase agreements with each. The amount at risk under reverse repurchase agreements is defined as the excess of the carrying amount of the reverse repurchase agreements over the market value of assets delivered pursuant to the agreements by the counterparty to the registrant (or to a third party agent that has affirmatively agreed to act on behalf of the registrant) and not returned to the counterparty, except in exchange for their approximate market value in a separate transaction.

(n) *Accounting policies for certain derivative instruments.* Disclosures regarding accounting policies shall include descriptions of the accounting policies used for derivative financial instruments and derivative commodity instruments and the methods of applying those policies that materially affect the determination of financial position, cash flows, or results of operation. This description shall include, to the extent material, each of the following items:

(1) A discussion of each method used to account for derivative financial instruments and derivative commodity instruments;

(2) The types of derivative financial instruments and derivative commodity instruments accounted for under each method; (3) The criteria required to be met for each accounting method used, including a discussion of the criteria required to be met for hedge or deferral accounting and accrual or settlement accounting (*e.g.*, whether and how risk reduction, correlation, designation, and effectiveness tests are applied);

(4) The accounting method used if the criteria specified in paragraph (n)(3) of this section are not met;

(5) The method used to account for terminations of derivatives designated as hedges or derivatives used to affect directly or indirectly the terms, fair values, or cash flows of a designated item;

(6) The method used to account for derivatives when the designated item matures, is sold, is extinguished, or is terminated. In addition, the method used to account for derivatives designated to an anticipated transaction, when the anticipated transaction is no longer likely to occur; and

(7) Where and when derivative financial instruments and derivative commodity instruments, and their related gains and losses, are reported in the statements of financial position, cash flows, and results of operations.

INSTRUCTIONS TO PARAGRAPH (N): 1. For purposes of this paragraph (n), derivative financial instruments and derivative commodity instruments (collectively referred to as "derivatives") are defined as follows:

(i) *Derivative financial instruments* have the same meaning as defined by generally accepted accounting principles (see, *e.g.*, Financial Accounting Standards Board ("FASB"), *Statement of Financial Accounting Standards No. 119, "Disclosure about Derivative Financial Instruments and Fair Value of Financial Instruments,"* ("FAS 119") paragraphs 5-7, (October 1994)), and include futures, forwards, swaps, options, and other financial instruments with similar characteristics.

(ii) *Derivative commodity instruments* include, to the extent such instruments are not derivative financial instruments, commodity futures, commodity forwards, commodity swaps, commodity options, and other commodity instruments with similar characteristics that are permitted by contract or

§ 210.4-9

business custom to be settled in cash or with another financial instrument. For purposes of this paragraph, settlement in cash includes settlement in cash of the net change in value of the derivative commodity instrument (*e.g.*, net cash settlement based on changes in the price of the underlying commodity).

2. For purposes of paragraphs (n)(2), (n)(3), (n)(4), and (n)(7), the required disclosures should address separately derivatives entered into for trading purposes and derivatives entered into for purposes other than trading. For purposes of this paragraph, *trading purposes* has the same meaning as defined by generally accepted accounting principles (see, *e.g.*, FAS 119, paragraph 9a (October 1994)).

3. For purposes of paragraph (n)(6), *anticipated transactions* means transactions (other than transactions involving existing assets or liabilities or transactions necessitated by existing firm commitments) an enterprise expects, but is not obligated, to carry out in the normal course of business (see, *e.g.*, FASB, *Statement of Financial Accounting Standards No. 80, "Accounting for Futures Contracts,"* paragraph 9, (August 1984)).

4. Registrants should provide disclosures required under paragraph (n) in filings with the Commission that include financial statements of fiscal periods ending after June 15, 1997.

§ 210.4-9 [Reserved]

§ 210.4-10 Financial accounting and reporting for oil and gas producing activities pursuant to the Federal securities laws and the Energy Policy and Conservation Act of 1975.

This section prescribes financial accounting and reporting standards for registrants with the Commission engaged in oil and gas producing activities in filings under the Federal securities laws and for the preparation of accounts by persons engaged, in whole or in part, in the production of crude oil or natural gas in the United States, pursuant to section 503 of the Energy Policy and Conservation Act of 1975 (42 U.S.C. 6383) (*EPCA*) and section 11(c) of the Energy Supply and Environmental Coordination Act of 1974 (15 U.S.C. 796) (*ESECA*), as amended by section 505 of *EPCA*. The application of this section to those oil and gas producing operations of companies regulated for rate-

17 CFR Ch. II (4-1-01 Edition)

making purposes on an individual-company-cost-of-service basis may, however, give appropriate recognition to differences arising because of the effect of the ratemaking process.

Exemption. Any person exempted by the Department of Energy from any record-keeping or reporting requirements pursuant to section 11(c) of *ESECA*, as amended, is similarly exempted from the related provisions of this section in the preparation of accounts pursuant to *EPCA*. This exemption does not affect the applicability of this section to filings pursuant to the Federal securities laws.

DEFINITIONS

(a) *Definitions.* The following definitions apply to the terms listed below as they are used in this section:

(1) *Oil and gas producing activities.* (i) Such activities include:

(A) The search for crude oil, including condensate and natural gas liquids, or natural gas (*oil and gas*) in their natural states and original locations.

(B) The acquisition of property rights or properties for the purpose of further exploration and/or for the purpose of removing the oil or gas from existing reservoirs on those properties.

(C) The construction, drilling and production activities necessary to retrieve oil and gas from its natural reservoirs, and the acquisition, construction, installation, and maintenance of field gathering and storage systems—including lifting the oil and gas to the surface and gathering, treating, field processing (as in the case of processing gas to extract liquid hydrocarbons) and field storage. For purposes of this section, the oil and gas production function shall normally be regarded as terminating at the outlet valve on the lease or field storage tank; if unusual physical or operational circumstances exist, it may be appropriate to regard the production functions as terminating at the first point at which oil, gas, or gas liquids are delivered to a main pipeline, a common carrier, a refinery, or a marine terminal.

(ii) Oil and gas producing activities do not include:

(A) The transporting, refining and marketing of oil and gas.

(B) Activities relating to the production of natural resources other than oil and gas.

(C) The production of geothermal steam or the extraction of hydrocarbons as a by-product of the production of geothermal steam or associated geothermal resources as defined in the Geothermal Steam Act of 1970.

(D) The extraction of hydrocarbons from shale, tar sands, or coal.

(2) *Proved oil and gas reserves.* Proved oil and gas reserves are the estimated quantities of crude oil, natural gas, and natural gas liquids which geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions, i.e., prices and costs as of the date the estimate is made. Prices include consideration of changes in existing prices provided only by contractual arrangements, but not on escalations based upon future conditions.

(i) Reservoirs are considered proved if economic producibility is supported by either actual production or conclusive formation test. The area of a reservoir considered proved includes (A) that portion delineated by drilling and defined by gas-oil and/or oil-water contacts, if any, and (B) the immediately adjoining portions not yet drilled, but which can be reasonably judged as economically productive on the basis of available geological and engineering data. In the absence of information on fluid contacts, the lowest known structural occurrence of hydrocarbons controls the lower proved limit of the reservoir.

(ii) Reserves which can be produced economically through application of improved recovery techniques (such as fluid injection) are included in the *proved* classification when successful testing by a pilot project, or the operation of an installed program in the reservoir, provides support for the engineering analysis on which the project or program was based.

(iii) Estimates of proved reserves do not include the following: (A) Oil that may become available from known reservoirs but is classified separately as *indicated additional reserves*; (B) crude oil, natural gas, and natural gas liquids, the recovery of which is subject

to reasonable doubt because of uncertainty as to geology, reservoir characteristics, or economic factors; (C) crude oil, natural gas, and natural gas liquids, that may occur in undrilled prospects; and (D) crude oil, natural gas, and natural gas liquids, that may be recovered from oil shales, coal, gilsonite and other such sources.

(3) *Proved developed oil and gas reserves.* Proved developed oil and gas reserves are reserves that can be expected to be recovered through existing wells with existing equipment and operating methods. Additional oil and gas expected to be obtained through the application of fluid injection or other improved recovery techniques for supplementing the natural forces and mechanisms of primary recovery should be included as *proved developed reserves* only after testing by a pilot project or after the operation of an installed program has confirmed through production response that increased recovery will be achieved.

(4) *Proved undeveloped reserves.* Proved undeveloped oil and gas reserves are reserves that are expected to be recovered from new wells on undrilled acreage, or from existing wells where a relatively major expenditure is required for recompletion. Reserves on undrilled acreage shall be limited to those drilling units offsetting productive units that are reasonably certain of production when drilled. Proved reserves for other undrilled units can be claimed only where it can be demonstrated with certainty that there is continuity of production from the existing productive formation. Under no circumstances should estimates for proved undeveloped reserves be attributable to any acreage for which an application of fluid injection or other improved recovery technique is contemplated, unless such techniques have been proved effective by actual tests in the area and in the same reservoir.

(5) *Proved properties.* Properties with proved reserves.

(6) *Unproved properties.* Properties with no proved reserves.

(7) *Proved area.* The part of a property to which proved reserves have been specifically attributed.

(8) *Field*. An area consisting of a single reservoir or multiple reservoirs all grouped on or related to the same individual geological structural feature and/or stratigraphic condition. There may be two or more reservoirs in a field that are separated vertically by intervening impervious, strata, or laterally by local geologic barriers, or by both. Reservoirs that are associated by being in overlapping or adjacent fields may be treated as a single or common operational field. The geological terms *structural feature* and *stratigraphic condition* are intended to identify localized geological features as opposed to the broader terms of basins, trends, provinces, plays, areas-of-interest, etc.

(9) *Reservoir*. A porous and permeable underground formation containing a natural accumulation of producible oil and/or gas that is confined by impermeable rock or water barriers and is individual and separate from other reservoirs.

(10) *Exploratory well*. A well drilled to find and produce oil or gas in an unproved area, to find a new reservoir in a field previously found to be productive of oil or gas in another reservoir, or to extend a known reservoir. Generally, an exploratory well is any well that is not a development well, a service well, or a stratigraphic test well as those items are defined below.

(11) *Development well*. A well drilled within the proved area of an oil or gas reservoir to the depth of a stratigraphic horizon known to be productive.

(12) *Service well*. A well drilled or completed for the purpose of supporting production in an existing field. Specific purposes of service wells include gas injection, water injection, steam injection, air injection, salt-water disposal, water supply for injection, observation, or injection for in-situ combustion.

(13) *Stratigraphic test well*. A drilling effort, geologically directed, to obtain information pertaining to a specific geologic condition. Such wells customarily are drilled without the intention of being completed for hydrocarbon production. This classification also includes tests identified as core tests and all types of expendable holes related to hydrocarbon exploration. Stratigraphic

test wells are classified as (i) *exploratory-type*, if not drilled in a proved area, or (ii) *development-type*, if drilled in a proved area.

(14) *Acquisition of properties*. Costs incurred to purchase, lease or otherwise acquire a property, including costs of lease bonuses and options to purchase or lease properties, the portion of costs applicable to minerals when land including mineral rights is purchased in fee, brokers' fees, recording fees, legal costs, and other costs incurred in acquiring properties.

(15) *Exploration costs*. Costs incurred in identifying areas that may warrant examination and in examining specific areas that are considered to have prospects of containing oil and gas reserves, including costs of drilling exploratory wells and exploratory-type stratigraphic test wells. Exploration costs may be incurred both before acquiring the related property (sometimes referred to in part as prospecting costs) and after acquiring the property. Principal types of exploration costs, which include depreciation and applicable operating costs of support equipment and facilities and other costs of exploration activities, are:

(i) Costs of topographical, geographical and geophysical studies, rights of access to properties to conduct those studies, and salaries and other expenses of geologists, geophysical crews, and others conducting those studies. Collectively, these are sometimes referred to as geological and geophysical or *G&G* costs.

(ii) Costs of carrying and retaining undeveloped properties, such as delay rentals, ad valorem taxes on properties, legal costs for title defense, and the maintenance of land and lease records.

(iii) Dry hole contributions and bottom hole contributions.

(iv) Costs of drilling and equipping exploratory wells.

(v) Costs of drilling exploratory-type stratigraphic test wells.

(16) *Development costs*. Costs incurred to obtain access to proved reserves and to provide facilities for extracting, treating, gathering and storing the oil and gas. More specifically, development costs, including depreciation and applicable operating costs of support

equipment and facilities and other costs of development activities, are costs incurred to:

(i) Gain access to and prepare well locations for drilling, including surveying well locations for the purpose of determining specific development drilling sites, clearing ground, draining, road building, and relocating public roads, gas lines, and power lines, to the extent necessary in developing the proved reserves.

(ii) Drill and equip development wells, development-type stratigraphic test wells, and service wells, including the costs of platforms and of well equipment such as casing, tubing, pumping equipment, and the wellhead assembly.

(iii) Acquire, construct, and install production facilities such as lease flow lines, separators, treaters, heaters, manifolds, measuring devices, and production storage tanks, natural gas cycling and processing plants, and central utility and waste disposal systems.

(iv) Provide improved recovery systems.

(17) *Production costs.* (i) Costs incurred to operate and maintain wells and related equipment and facilities, including depreciation and applicable operating costs of support equipment and facilities and other costs of operating and maintaining those wells and related equipment and facilities. They become part of the cost of oil and gas produced. Examples of production costs (sometimes called lifting costs) are:

(A) Costs of labor to operate the wells and related equipment and facilities.

(B) Repairs and maintenance.

(C) Materials, supplies, and fuel consumed and supplies utilized in operating the wells and related equipment and facilities.

(D) Property taxes and insurance applicable to proved properties and wells and related equipment and facilities.

(E) Severance taxes.

(ii) Some support equipment or facilities may serve two or more oil and gas producing activities and may also serve transportation, refining, and marketing activities. To the extent that the support equipment and facilities are used in oil and gas producing activities, their depreciation and appli-

cable operating costs become exploration, development or production costs, as appropriate. Depreciation, depletion, and amortization of capitalized acquisition, exploration, and development costs are not production costs but also become part of the cost of oil and gas produced along with production (lifting) costs identified above.

SUCCESSFUL EFFORTS METHOD

(b) A reporting entity that follows the successful efforts method shall comply with the accounting and financial reporting disclosure requirements of Statement of Financial Accounting Standards No. 19, as amended.

FULL COST METHOD

(c) *Application of the full cost method of accounting.* A reporting entity that follows the full cost method shall apply that method to all of its operations and to the operations of its subsidiaries, as follows:

(1) *Determination of cost centers.* Cost centers shall be established on a country-by-country basis.

(2) *Costs to be capitalized.* All costs associated with property acquisition, exploration, and development activities (as defined in paragraph (a) of this section) shall be capitalized within the appropriate cost center. Any internal costs that are capitalized shall be limited to those costs that can be directly identified with acquisition, exploration, and development activities undertaken by the reporting entity for its own account, and shall not include any costs related to production, general corporate overhead, or similar activities.

(3) *Amortization of capitalized costs.* Capitalized costs within a cost center shall be amortized on the unit-of-production basis using proved oil and gas reserves, as follows:

(i) Costs to be amortized shall include (A) all capitalized costs, less accumulated amortization, other than the cost of properties described in paragraph (ii) below; (B) the estimated future expenditures (based on current costs) to be incurred in developing proved reserves; and (C) estimated dismantlement and abandonment costs, net of estimated salvage values.

(ii) The cost of investments in unproved properties and major development projects may be excluded from capitalized costs to be amortized, subject to the following:

(A) All costs directly associated with the acquisition and evaluation of unproved properties may be excluded from the amortization computation until it is determined whether or not proved reserves can be assigned to the properties, subject to the following conditions:

(1) Until such a determination is made, the properties shall be assessed at least annually to ascertain whether impairment has occurred. Unevaluated properties whose costs are individually significant shall be assessed individually. Where it is not practicable to individually assess the amount of impairment of properties for which costs are not individually significant, such properties may be grouped for purposes of assessing impairment. Impairment may be estimated by applying factors based on historical experience and other data such as primary lease terms of the properties, average holding periods of unproved properties, and geographic and geologic data to groupings of individually insignificant properties and projects. The amount of impairment assessed under either of these methods shall be added to the costs to be amortized.

(2) The costs of drilling exploratory dry holes shall be included in the amortization base immediately upon determination that the well is dry.

(3) If geological and geophysical costs cannot be directly associated with specific unevaluated properties, they shall be included in the amortization base as incurred. Upon complete evaluation of a property, the total remaining excluded cost (net of any impairment) shall be included in the full cost amortization base.

(B) Certain costs may be excluded from amortization when incurred in connection with major development projects expected to entail significant costs to ascertain the quantities of proved reserves attributable to the properties under development (e.g., the installation of an offshore drilling platform from which development wells are to be drilled, the installation of im-

proved recovery programs, and similar major projects undertaken in the expectation of significant additions to proved reserves). The amounts which may be excluded are applicable portions of (1) the costs that relate to the major development project and have not previously been included in the amortization base, and (2) the estimated future expenditures associated with the development project. The excluded portion of any common costs associated with the development project should be based, as is most appropriate in the circumstances, on a comparison of either (i) existing proved reserves to total proved reserves expected to be established upon completion of the project, or (ii) the number of wells to which proved reserves have been assigned and total number of wells expected to be drilled. Such costs may be excluded from costs to be amortized until the earlier determination of whether additional reserves are proved or impairment occurs.

(C) Excluded costs and the proved reserves related to such costs shall be transferred into the amortization base on an ongoing (well-by-well or property-by-property) basis as the project is evaluated and proved reserves established or impairment determined. Once proved reserves are established, there is no further justification for continued exclusion from the full cost amortization base even if other factors prevent immediate production or marketing.

(iii) Amortization shall be computed on the basis of physical units, with oil and gas converted to a common unit of measure on the basis of their approximate relative energy content, unless economic circumstances (related to the effects of regulated prices) indicate that use of units of revenue is a more appropriate basis of computing amortization. In the latter case, amortization shall be computed on the basis of current gross revenues (excluding royalty payments and net profits disbursements) from production in relation to future gross revenues, based on current prices (including consideration of changes in existing prices provided only by contractual arrangements), from estimated production of proved oil and gas reserves. The effect of a significant price increase during the year

on estimated future gross revenues shall be reflected in the amortization provision only for the period after the price increase occurs.

(iv) In some cases it may be more appropriate to depreciate natural gas cycling and processing plants by a method other than the unit-of-production method.

(v) Amortization computations shall be made on a consolidated basis, including investees accounted for on a proportionate consolidation basis. Investees accounted for on the equity method shall be treated separately.

(4) *Limitation on capitalized costs.* (i) For each cost center, capitalized costs, less accumulated amortization and related deferred income taxes, shall not exceed an amount (the cost center ceiling) equal to the sum of:

(A) The present value of estimated future net revenues computed by applying current prices of oil and gas reserves (with consideration of price changes only to the extent provided by contractual arrangements) to estimated future production of proved oil and gas reserves as of the date of the latest balance sheet presented, less estimated future expenditures (based on current costs) to be incurred in developing and producing the proved reserves computed using a discount factor of ten percent and assuming continuation of existing economic conditions; plus

(B) the cost of properties not being amortized pursuant to paragraph (i)(3)(ii) of this section; plus

(C) the lower of cost or estimated fair value of unproven properties included in the costs being amortized; less

(D) income tax effects related to differences between the book and tax basis of the properties referred to in paragraphs (i)(4)(i) (B) and (C) of this section.

(ii) If unamortized costs capitalized within a cost center, less related deferred income taxes, exceed the cost center ceiling, the excess shall be charged to expense and separately disclosed during the period in which the excess occurs. Amounts thus required to be written off shall not be reinstated for any subsequent increase in the cost center ceiling.

(5) *Production costs.* All costs relating to production activities, including workover costs incurred solely to maintain or increase levels of production from an existing completion interval, shall be charged to expense as incurred.

(6) *Other transactions.* The provisions of paragraph (h) of this section, "Mineral property conveyances and related transactions if the successful efforts method of accounting is followed," shall apply also to those reporting entities following the full cost method except as follows:

(i) *Sales and abandonments of oil and gas properties.* Sales of oil and gas properties, whether or not being amortized currently, shall be accounted for as adjustments of capitalized costs, with no gain or loss recognized, unless such adjustments would significantly alter the relationship between capitalized costs and proved reserves of oil and gas attributable to a cost center. For instance, a significant alteration would not ordinarily be expected to occur for sales involving less than 25 percent of the reserve quantities of a given cost center. If gain or loss is recognized on such a sale, total capitalization costs within the cost center shall be allocated between the reserves sold and reserves retained on the same basis used to compute amortization, unless there are substantial economic differences between the properties sold and those retained, in which case capitalized costs shall be allocated on the basis of the relative fair values of the properties. Abandonments of oil and gas properties shall be accounted for as adjustments of capitalized costs; that is, the cost of abandoned properties shall be charged to the full cost center and amortized (subject to the limitation on capitalized costs in paragraph (b) of this section).

(ii) *Purchases of reserves.* Purchases of oil and gas reserves in place ordinarily shall be accounted for as additional capitalized costs within the applicable cost center; however, significant purchases of production payments or properties with lives substantially shorter than the composite productive life of the cost center shall be accounted for separately.

(iii) *Partnerships, joint ventures and drilling arrangements.* (A) Except as provided in paragraph (i)(6)(i) of this section, all consideration received from sales or transfers of properties in connection with partnerships, joint venture operations, or various other forms of drilling arrangements involving oil and gas exploration and development activities (e.g., carried interest, turnkey wells, management fees, etc.) shall be credited to the full cost account, except to the extent of amounts that represent reimbursement of organization, offering, general and administrative expenses, etc., that are identifiable with the transaction, if such amounts are currently incurred and charged to expense.

(B) Where a registrant organizes and manages a limited partnership involved only in the purchase of proved developed properties and subsequent distribution of income from such properties, management fee income may be recognized provided the properties involved do not require aggregate development expenditures in connection with production of existing proved reserves in excess of 10% of the partnership's recorded cost of such properties. Any income not recognized as a result of this limitation would be credited to the full cost account and recognized through a lower amortization provision as reserves are produced.

(iv) *Other services.* No income shall be recognized in connection with contractual services performed (e.g. drilling, well service, or equipment supply services, etc.) in connection with properties in which the registrant or an affiliate (as defined in §210.1-02(b)) holds an ownership or other economic interest, except as follows:

(A) Where the registrant acquires an interest in the properties in connection with the service contract, income may be recognized to the extent the cash consideration received exceeds the related contract costs plus the registrant's share of costs incurred and estimated to be incurred in connection with the properties. Ownership interests acquired within one year of the date of such a contract are considered to be acquired in connection with the service for purposes of applying this rule. The amount of any guarantees or

similar arrangements undertaken as part of this contract should be considered as part of the costs related to the properties for purposes of applying this rule.

(B) Where the registrant acquired an interest in the properties at least one year before the date of the service contract through transactions unrelated to the service contract, and that interest is unaffected by the service contract, income from such contract may be recognized subject to the general provisions for elimination of intercompany profit under generally accepted accounting principles.

(C) Notwithstanding the provisions of paragraphs (i)(6)(iv) (A) and (B) of this section, no income may be recognized for contractual services performed on behalf of investors in oil and gas producing activities managed by the registrant or an affiliate. Furthermore, no income may be recognized for contractual services to the extent that the consideration received for such services represents an interest in the underlying property.

(D) Any income not recognized as a result of these rules would be credited to the full cost account and recognized through a lower amortization provision as reserves are produced.

(7) *Disclosures.* Reporting entities that follow the full cost method of accounting shall disclose all of the information required by paragraph (k) of this section, with each cost center considered as a separate geographic area, except that reasonable groupings may be made of cost centers that are not significant in the aggregate. In addition:

(i) For each cost center for each year that an income statement is required, disclose the total amount of amortization expense (per equivalent physical unit of production if amortization is computed on the basis of physical units or per dollar of gross revenue from production if amortization is computed on the basis of gross revenue).

(ii) State separately on the face of the balance sheet the aggregate of the capitalized costs of unproved properties and major development projects that are excluded, in accordance with paragraph (i)(3) of this section, from the

Securities and Exchange Commission

§ 210.5-02

capitalized costs being amortized. Provide a description in the notes to the financial statements of the current status of the significant properties or projects involved, including the anticipated timing of the inclusion of the costs in the amortization computation. Present a table that shows, by category of cost, (A) the total costs excluded as of the most recent fiscal year; and (B) the amounts of such excluded costs, incurred (1) in each of the three most recent fiscal years and (2) in the aggregate for any earlier fiscal years in which the costs were incurred. Categories of cost to be disclosed include acquisition costs, exploration costs, development costs in the case of significant development projects and capitalized interest.

INCOME TAXES

(d) *Income taxes.* Comprehensive interperiod income tax allocation by a method which complies with generally accepted accounting principles shall be followed for intangible drilling and development costs and other costs incurred that enter into the determination of taxable income and pretax accounting income in different periods.

The purpose of this rule is to indicate the various line items and certain additional disclosures which, if applicable, and except as otherwise permitted by the Commission, should appear on the face of the balance sheets or related notes filed for the persons to whom this article pertains (see § 210.4-01(a)).

ASSETS AND OTHER DEBITS

Current Assets, when appropriate

[See § 210.4-05]

1. *Cash and cash items.* Separate disclosure shall be made of the cash and cash items which are restricted as to withdrawal or usage. The provisions of any restrictions shall be described in a note to the financial statements. Restrictions may include legally restricted deposits held as compensating balances against short-term borrowing arrangements, contracts entered into with others, or company statements of intention with regard to particular deposits; however, time deposits and short-term certificates of deposit are not generally included in legally restricted deposits. In cases where compensating balance arrangements exist but are not agreements which legally restrict the use of cash amounts shown on the balance sheet, describe in the notes to the financial statements these arrangements and the amount involved, if determinable, for the most recent audited balance sheet required and for any subsequent unaudited balance sheet required in the notes to the financial statements. Compensating balances that are

maintained under an agreement to assure future credit availability shall be disclosed in the notes to the financial statements along with the amount and terms of such agreement.

2. *Marketable securities.* The accounting and disclosure requirements for current marketable equity securities are specified by generally accepted accounting principles. With respect to all other current marketable securities, state, parenthetically or otherwise, the basis of determining the aggregate amount shown in the balance sheet, along with the alternatives of the aggregate cost or the aggregate market value at the balance sheet date.

3. *Accounts and notes receivable.* (a) State separately amounts receivable from (1) customers (trade); (2) related parties (see §210.4-08(k)); (3) underwriters, promoters, and employees (other than related parties) which arose in other than the ordinary course of business; and (4) others.

(b) If the aggregate amount of notes receivable exceeds 10 percent of the aggregate amount of receivables, the above information shall be set forth separately, in the balance sheet or in a note thereto, for accounts receivable and notes receivable.

(c) If receivables include amounts due under long-term contracts (see §210.5-02.6(d)), state separately in the balance sheet or in a note to the financial statements the following amounts:

(1) Balances billed but not paid by customers under retainage provisions in contracts.

(2) Amounts representing the recognized sales value of performance and such amounts that had not been billed and were not billable to customers at the date of the balance sheet. Include a general description of the prerequisites for billing.

(3) Billed or unbilled amounts representing claims or other similar items subject to uncertainty concerning their determination or ultimate realization. Include a description of the nature and status of the principal items comprising such amount.

(4) With respect to (1) through (3) above, also state the amounts included in each item which are expected to be collected after one year. Also state, by year, if practicable, when the amounts of retainage (see (1) above) are expected to be collected.

4. *Allowances for doubtful accounts and notes receivable.* The amount is to be set forth separately in the balance sheet or in a note thereto.

5. *Unearned income.*

6. *Inventories.* (a) State separately in the balance sheet or in a note thereto, if practicable, the amounts of major classes of inventory such as: (1) Finished goods; (2) inventoried costs relating to long-term contracts or programs (see (d) below and §210.4-05); (3) work in process (see §210.4-05); (4) raw

materials; and (5) supplies. If the method of calculating a LIFO inventory does not allow for the practical determination of amounts assigned to major classes of inventory, the amounts of those classes may be stated under cost flow assumptions other than LIFO with the excess of such total amount over the aggregate LIFO amount shown as a deduction to arrive at the amount of the LIFO inventory.

(b) The basis of determining the amounts shall be stated.

If *cost* is used to determine any portion of the inventory amounts, the description of this method shall include the nature of the cost elements included in inventory. Elements of *cost* include, among other items, retained costs representing the excess of manufacturing or production costs over the amounts charged to cost of sales or delivered or in-process units, initial tooling or other deferred startup costs, or general and administrative costs.

The method by which amounts are removed from inventory (e.g., *average cost, first-in, first-out, last-in, first-out, estimated average cost per unit*) shall be described. If the estimated average cost per unit is used as a basis to determine amounts removed from inventory under a total program or similar basis of accounting, the principal assumptions (including, where meaningful, the aggregate number of units expected to be delivered under the program, the number of units delivered to date and the number of units on order) shall be disclosed.

If any general and administrative costs are charged to inventory, state in a note to the financial statements the aggregate amount of the general and administrative costs incurred in each period and the actual or estimated amount remaining in inventory at the date of each balance sheet.

(c) If the LIFO inventory method is used, the excess of replacement or current cost over stated LIFO value shall, if material, be stated parenthetically or in a note to the financial statements.

For all long-term contracts or programs, the following information, if applicable,

shall be stated in a note to the financial statements:

(i) The aggregate amount of manufacturing or production costs and any related deferred costs (e.g., initial tooling costs) which exceeds the aggregate estimated cost of all in-process and delivered units on the basis of the estimated average cost of all units expected to be produced under long-term contracts and programs not yet complete, as well as that portion of such amount which would not be absorbed in cost of sales based on existing firm orders at the latest balance sheet date. In addition, if practicable, disclose the amount of deferred costs by type of cost (e.g., initial tooling, deferred production, etc.).

(ii) The aggregate amount representing claims or other similar items subject to uncertainty concerning their determination or ultimate realization, and include a description of the nature and status of the principal items comprising such aggregate amount.

of separate captions in financial statements as to which the items and conditions are not present, or the amounts involved not significant. However, amounts involving directors, officers, and affiliates shall nevertheless be separately set forth except as otherwise specifically permitted under a particular caption.

§ 210.7-05 What schedules are to be filed.

(a) Except as expressly provided otherwise in the applicable form:

(1) The schedule specified below in this section as Schedules I shall be as of the date of the most recent audited balance sheet for each person or group.

(2) The schedules specified below in this section as Schedule IV and V shall be filed for each period for which an audited income statement is required to be filed for each person or group.

(3) Schedules II, III and V shall be filed as of the date and for periods specified in the schedule.

(b) When information is required in schedules for both the registrant and the registrant and its subsidiaries consolidated it may be presented in the form of a single schedule: *Provided*, That items pertaining to the registrant are shown separately and that such single schedule affords a properly summarized presentation of the facts. If the information required by any schedule (including the notes thereto) may be shown in the related financial statement or in a note thereto without making such statement unclear or confusing, that procedure may be followed and the schedule omitted.

(c) The schedules shall be examined by the independent accountant.

Schedule I—Summary of investments—other than investments in related parties. The schedule prescribed by § 210.12-15 shall be filed in support of caption 1 of the most recent audited balance sheet.

Schedule II—Condensed financial information of registrant. The schedule prescribed by § 210.12-04 shall be filed when the restricted net assets (§ 210.4.08(e)(3)) of consolidated subsidiaries exceed 25 percent of consolidated net assets as of the end of the most recently completed fiscal year. For purposes of the above test, restricted net assets of consolidated subsidiaries shall mean that amount of the registrant's proportionate share of net assets of consolidated subsidiaries (after intercompany eliminations) which as of the end of the most recent fiscal year may not be transferred to the parent company by subsidiaries in the form of loans, advances or cash dividends without the consent of a third party (i.e., lender, regulatory agency, foreign government, etc.). Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least re-

strictive to the subsidiary shall be used. Redeemable preferred stocks (§ 210.7-03.21) and minority interests shall be deducted in computing net assets for purposes of this test.

Schedule III—Supplementary insurance information. The schedule prescribed by § 210.12-16 shall be filed giving segment detail in support of various balance sheet and income statement captions. The required balance sheet information shall be presented as of the date of each audited balance sheet filed, and the income statement information shall be presented for each period for which an audited income statement is required to be filed, for each person or group.

Schedule IV—Reinsurance. The schedule prescribed by § 210.12-17 shall be filed for reinsurance ceded and assumed.

Schedule V—Valuation and qualifying accounts. The schedule prescribed by § 210.12-09 shall be filed in support of valuation and qualifying accounts included in the balance sheet (see § 210.4-02).

Schedule VI—Supplemental Information Concerning Property-Casualty Insurance Operations. The information required by § 210.12-18 shall be presented as of the same dates and for the same periods for which the information is reflected in the audited consolidated financial statements required by §§ 210.3-01 and 3-02. The schedule may be omitted if reserves for unpaid property-casualty claims and claim adjustment expenses of the registrant and its consolidated subsidiaries, its unconsolidated subsidiaries and its 50%-or-less-owned equity basis investees did not in the aggregate, exceed one-half of common stockholders' equity of the registrant and its consolidated subsidiaries as of the beginning of the fiscal year. For purposes of this test, only the proportionate share of the registrant and its other subsidiaries in the reserves for unpaid claims and claim adjustment expenses of 50%-or-less-owned equity investees taken in the aggregate after intercompany eliminations shall be taken into account. 9. *Due from customers on acceptances.* Include amounts receivable from customers on unmatured drafts and bills of exchange that have been accepted by a bank subsidiary or by other banks for the account of a subsidiary and that are outstanding—that is, not held by a subsidiary bank, on the reporting date. (If held by a bank subsidiary, they should be reported as “loans” under § 210.9-03.7.)

10. *Other assets.* Disclose separately on the balance sheet or in a note thereto any of the following assets or any other asset the amount of which exceeds thirty percent of stockholders equity. The remaining assets may be shown as one amount.

(2) Other intangible assets (net of amortization).

(3) Investments in and indebtedness of affiliates and other persons.

(4) Other real estates.

(a) Disclose in a note the basis at which other real estate is carried. An reduction to fair market value from the carrying value of

the related loan at the time of acquisition shall be accounted for as a loan loss. Any allowance for losses on other real estate which has been established subsequent to acquisition should be deducted from other real estate. For each period for which an income statement is required, disclosures should be made in a note as to the changes in the allowances, including balance at beginning and end of period, provision charged to income, and losses charged to the allowance.

11. Total assets.

LIABILITIES AND STOCKHOLDERS' EQUITY

Liabilities

12. *Deposits.* Disclose separately the amounts of noninterest bearing deposits and interest bearing deposits.

(a) The amount of noninterest bearing deposits and interest bearing deposits in foreign banking offices must be presented if the disclosure provided by § 210.0-05 are required.

13. *Short-term borrowing.* Disclose separately on the balance sheet or in a note, amounts payable for (1) Federal funds purchased and securities sold under agreements to repurchase; (2) commercial paper, and (3) other short-term borrowings.

(a) Disclose any unused lines of credit for short-term financing: (§ 210.5-02.19(b)).

14. *Bank acceptances outstanding.* Disclose the aggregate of unmatured drafts and bills of exchange accepted by a bank subsidiary, or by some other bank as its agent, less the amount of such acceptances acquired by the bank subsidiary through discount or purchase.

15. *Other liabilities.* Disclose separately on the balance sheet or in a note any of the following liabilities or any other items which are individually in excess of thirty percent of stockholders' equity (except that amounts in excess of 5 percent of stockholders' equity should be disclosed with respect to item (4)). The remaining items may be shown as one amount.

(1) Income taxes payable.

(2) Deferred income taxes.

(3) Indebtedness to affiliates and other persons the investments in which are accounted for by the equity method.

(4) Indebtedness to directors, executive officers, and principal holders of equity securities of the registrant or any of its significant subsidiaries (the guidance in § 210.9-03.7(e) shall be used to identify related parties for purposes of this disclosure).

(5) Accounts payable and accrued expenses.

16. *Long-term debt.* Disclose in a note the information required by § 210.5-02.22.

§ 210.9-05 Foreign activities.

(a) *General requirement.* Separate disclosure concerning foreign activities shall be made for each period in which either (1) assets, or (2) revenue, or (3) income (loss) before income tax expense, or (4) net income (loss), each as associated with foreign activities, exceeded ten percent of the corresponding amount in the related financial statements.

Securities and Exchange Commission

§ 210.10-01

(b) *Disclosures.* (1) Disclose total identifiable assets (net of valuation allowances) associated with foreign activities.

(2) For each period for which an income statement is filed, state the amount of revenue, income (loss) before taxes, and net income (loss) associated with foreign activities. Disclose significant estimates and assumptions (including those related to the cost of capital) used in allocating revenue and expenses to foreign activities; describe the nature and effects of any changes in such estimates and assumptions which have a significant impact on interperiod comparability.

(3) The information in paragraph (b) (1) and (2) of this section shall be presented separately for each significant geographic area and in the aggregate for all other geographic areas not deemed significant.

(c) *Definitions.* (1) *Foreign activities* include loans and other revenues producing assets and transactions in which the debtor or customer, whether an affiliated or unaffiliated person, is domiciled outside the United States.

(2) The term *revenue* includes the total of the amount reported at §§ 210.9-04.5 and 210.9-04.13.

(3) A *significant geographic area* is one in which assets or revenue or income before income tax or net income exceed 10 percent of the comparable amount as reported in the financial statements.

§ 210.9-06 Condensed financial information of registrant.

The information prescribed by § 210.12-04 shall be presented in a note to the financial statements when the restricted net assets (§ 210.4-08(e)(3)) of consolidated subsidiaries exceed 25 percent of consolidated net assets as of the end of the most recently completed fiscal year. The investment in and indebtedness of and to bank subsidiaries shall be stated separately in the condensed balance sheet from amounts for other subsidiaries; the amount of cash dividends paid to the registrant for each of the last three years by bank subsidiaries shall be stated separately in the condensed income statement from amounts for other subsidiaries. For purposes of the above test, restricted net assets of consolidated sub-

siidiaries shall mean that amount of the registrant's proportionate share of net assets of consolidated subsidiaries (after intercompany eliminations) which as of the end of the most recent fiscal year may not be transferred to the parent company by subsidiaries in the form of loans, advances or cash dividends without the consent of a third party (i.e., lender, regulatory agency, foreign government, etc.). Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least restrictive to the subsidiary shall be used. Redeemable preferred stocks (§ 210.5-02.28) and minority interests shall be deducted in computing net assets for purposes of this test.

§ 210.9-07 [Reserved]

INTERIM FINANCIAL STATEMENTS

§ 210.10-01 Interim financial statements.

(a) *Condensed statements.* Interim financial statements shall follow the general form and content of presentation prescribed by the other sections of this Regulation with the following exceptions:

(1) Interim financial statements required by this rule need only be provided as to the registrant and its subsidiaries consolidated and may be unaudited. Separate statements of other entities which may otherwise be required by this regulation may be omitted.

(2) Interim balance sheets shall include only major captions (i.e., numbered captions) prescribed by the applicable sections of this Regulation with the exception of inventories. Data as to raw materials, work in process and finished goods inventories shall be included either on the face of the balance sheet or in the notes to the financial statements, if applicable. Where any major balance sheet caption is less than 10% of total assets, and the amount in the caption has not increased or decreased by more than 25% since the end of the preceding fiscal year, the caption may be combined with others.

(3) Interim statements of income shall also include major captions prescribed by the applicable sections of this Regulation. When any major income statement caption is less than 15% of average net income for the most recent three fiscal years and the amount in the caption has not increased or decreased by more than 20% as compared to the corresponding interim period of the preceding fiscal year, the caption may be combined with others. In calculating average net income, loss years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test. Notwithstanding these tests, §210.4-02 applies and *de minimis* amounts therefore need not be shown separately, except that registrants reporting under §210.9 shall show investment securities gains or losses separately regardless of size.

(4) The statement of cash flows may be abbreviated starting with a single figure of net cash flows from operating activities and showing cash changes from investing and financing activities individually only when they exceed 10% of the average of net cash flows from operating activities for the most recent three years. Notwithstanding this test, §210.4-02 applies and *de minimis* amounts therefore need not be shown separately.

(5) The interim financial information shall include disclosures either on the face of the financial statements or in accompanying footnotes sufficient so as to make the interim information presented not misleading. Registrants may presume that users of the interim financial information have read or have access to the audited financial statements for the preceding fiscal year and that the adequacy of additional disclosure needed for a fair presentation, except in regard to material contingencies, may be determined in that context. Accordingly, footnote disclosure which would substantially duplicate the disclosure contained in the most recent annual report to security holders or latest audited financial statements, such as a statement of significant accounting policies and practices, details of accounts which have not changed significantly in amount or

composition since the end of the most recently completed fiscal year, and detailed disclosures prescribed by Rule 4-08 of this Regulation, may be omitted. However, disclosure shall be provided where events subsequent to the end of the most recent fiscal year have occurred which have a material impact on the registrant. Disclosures should encompass for example, significant changes since the end of the most recently completed fiscal year in such items as: accounting principles and practices; estimates inherent in the preparation of financial statements; status of long-term contracts; capitalization including significant new borrowings or modification of existing financing arrangements; and the reporting entity resulting from business combinations or dispositions. Notwithstanding the above, where material contingencies exist, disclosure of such matters shall be provided even though a significant change since year end may not have occurred.

(6) Detailed schedules otherwise required by this Regulation may be omitted for purposes of preparing interim financial statements.

(7) In addition to the financial statements required by paragraphs (a)(2), (3) and (4) of this section, registrants in the development stage shall provide the cumulative financial statements (condensed to the same degree as allowed in this paragraph) and disclosures required by Statement of Financial Accounting Standards No. 7, "Accounting and Reporting by Development Stage Enterprises" to the date of the latest balance sheet presented.

(b) *Other instructions as to content.* The following additional instructions shall be applicable for purposes of preparing interim financial statements:

(1) Summarized income statement information shall be given separately as to each subsidiary not consolidated or 50 percent or less owned persons or as to each group of such subsidiaries or fifty percent or less owned persons for which separate individual or group statements would otherwise be required for annual periods. Such summarized information, however, need not be furnished for any such unconsolidated subsidiary or person which would not be required pursuant to Rule

Securities and Exchange Commission

§210.10-01

13a-13 or 15d-13 to file quarterly financial information with the Commission if it were a registrant.

(2) If appropriate, the income statement shall show earnings per share and dividends declared per share applicable to common stock. The basis of the earnings per share computation shall be stated together with the number of shares used in the computation. In addition, see Item 601(b)(11) of Regulation S-K, (17 CFR 229.601(b)(11)).

(3) If, during the most recent interim period presented, the registrant or any of its consolidated subsidiaries entered into a business combination treated for accounting purposes as a pooling of interests, the interim financial statements for both the current year and the preceding year shall reflect the combined results of the pooled businesses. Supplemental disclosure of the separate results of the combined entities for periods prior to the combination shall be given, with appropriate explanations.

(4) Where a material business combination accounted for as a purchase has occurred during the current fiscal year, pro forma disclosure shall be made of the results of operations for the current year up to the date of the most recent interim balance sheet provided (and for the corresponding period in the preceding year) as though the companies had combined at the beginning of the period being reported on. This pro forma information should as a minimum show revenue, income before extraordinary items and the cumulative effect of accounting changes, including such income on a per share basis, and net income and net income per share.

(5) Where the registrant has disposed of any significant segment of its business (as defined in paragraph 13 of Accounting Principles Board Opinion No. 30) during any of the periods covered by the interim financial statements, the effect thereof on revenues and net income—total and per share—for all periods shall be disclosed.

(6) In addition to meeting the reporting requirements specified by existing standards for accounting changes, the registrant shall state the date of any material accounting change and the reasons for making it. In addition, for

filings on Form 10-Q and Form 10-QSB, a letter from the registrant's independent accountant shall be filed as an exhibit (in accordance with the provisions of Item 601 of Regulation S-K, 17 CFR 229.601) in the first Form 10-Q and Form 10-QSB subsequent to the date of an accounting change indicating whether or not the change is to an alternative principle which in his judgment is preferable under the circumstances; except that no letter from the accountant need be filed when the change is made in response to a standard adopted by the Financial Accounting Standards Board which requires such change.

(7) Any material retroactive prior period adjustment made during any period covered by the interim financial statements shall be disclosed, together with the effect thereof upon net income—total and per share—of any prior period included and upon the balance of retained earnings. If results of operations for any period presented have been adjusted retroactively by such an item subsequent to the initial reporting of such period, similar disclosure of the effect of the change shall be made.

(8) Any unaudited interim financial statements furnished shall reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Such adjustments shall include, for example, appropriate estimated provisions for bonus and profit sharing arrangements normally determined or settled at year-end. If all such adjustments are of a normal recurring nature, a statement to that effect shall be made; otherwise, there shall be furnished information describing in appropriate detail the nature and amount of any adjustments other than normal recurring adjustments entering into the determination of the results shown.

(c) *Periods to be covered.* The periods for which interim financial statements are to be provided in registration statements are prescribed elsewhere in this Regulation (see §§210.3-01 and 3-02). For filings on Form 10-Q and Form 10-QSB, financial statements shall be provided as set forth below:

§210.11-01

17 CFR Ch. II (4-1-01 Edition)

(1) An interim balance sheet as of the end of the most recent fiscal quarter and a balance sheet as of the end of the preceding fiscal year shall be provided. The balance sheet as of the end of the preceding fiscal year may be condensed to the same degree as the interim balance sheet provided. An interim balance sheet as of the end of the corresponding fiscal quarter of the preceding fiscal year need not be provided unless necessary for an understanding of the impact of seasonal fluctuations on the registrant's financial condition.

(2) Interim statements of income shall be provided for the most recent fiscal quarter, for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the corresponding periods of the preceding fiscal year. Such statements may also be presented for the cumulative twelve month period ended during the most recent fiscal quarter and for the corresponding preceding period.

(3) Interim statements of cash flows shall be provided for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the corresponding period of the preceding fiscal year. Such statements may also be presented for the cumulative twelve month period ended during the most recent fiscal quarter and for the corresponding preceding period.

(4) Registrants engaged in seasonal production and sale of a single-crop agricultural commodity may provide interim statements of income and cash flows for the twelve month period ended during the most recent fiscal quarter and for the corresponding preceding period in lieu of the year-to-date statements specified in (2) and (3) above.

(d) *Interim review by independent public accountant.* Prior to filing, interim financial statements included in quarterly reports on Form 10-Q (17 CFR 249.308(a)) must be reviewed by an independent public accountant using professional standards and procedures for conducting such reviews, as established by generally accepted auditing standards, as may be modified or supplemented by the Commission. If, in any filing, the company states that interim

financial statements have been reviewed by an independent public accountant, a report of the accountant on the review must be filed with the interim financial statements.

(e) *Filing of other interim financial information in certain cases.* The Commission may, upon the informal written request of the registrant, and where consistent with the protection of investors, permit the omission of any of the interim financial information herein required or the filing in substitution thereof of appropriate information of comparable character. The Commission may also by informal written notice require the filing of other information in addition to, or in substitution for, the interim information herein required in any case where such information is necessary or appropriate for an adequate presentation of the financial condition of any person for which interim financial information is required, or whose financial information is otherwise necessary for the protection of investors.

§210.11-01 Presentation requirements.

(a) Pro forma financial information shall be furnished when any of the following conditions exist:

(1) During the most recent fiscal year or subsequent interim period for which a balance sheet is required by §210.3-01, a significant business combination accounted for as a purchase has occurred (for purposes of these rules, the term "purchase" encompasses the purchase

Securities and Exchange Commission

§ 210.11-02

of an interest in a business accounted for by the equity method);

(2) After the date of the most recent balance sheet filed pursuant to § 210.3-01, consummation of a significant business combination to be accounted for by either the purchase method or pooling-of-interests method of accounting has occurred or is probable;

(3) Securities being registered by the registrant are to be offered to the security holders of a significant business to be acquired or the proceeds from the offered securities will be applied directly or indirectly to the purchase of a specific significant business;

(4) The disposition of a significant portion of a business either by sale, abandonment or distribution to shareholders by means of a spin-off, split-up or split-off has occurred or is probable and such disposition is not fully reflected in the financial statements of the registrant included in the filing;

(5) During the most recent fiscal year or subsequent interim period for which a balance sheet is required by § 210.3-01, the registrant has acquired one or more real estate operations or properties which in the aggregate are significant, or since the date of the most recent balance sheet filed pursuant to that section the registrant has acquired or proposes to acquire one or more operations or properties which in the aggregate are significant.

(6) Pro forma financial information required by § 229.914 is required to be provided in connection with a roll-up transaction as defined in § 229.901(c).

(7) The registrant previously was a part of another entity and such presentation is necessary to reflect operations and financial position of the registrant as an autonomous entity; or

(8) Consummation of other events or transactions has occurred or is probable for which disclosure of pro forma financial information would be material to investors.

(b) A business combination or disposition of a business shall be considered significant if:

(1) A comparison of the most recent annual financial statements of the business acquired or to be acquired and the registrant's most recent annual consolidated financial statements filed at or prior to the date of acquisition

indicates that the business would be a significant subsidiary pursuant to the conditions specified in § 210.1-02(w), substituting 20 percent for 10 percent each place it appears therein; or

(2) The business to be disposed of meets the conditions of a significant subsidiary in § 210.1-02(w).

(c) The pro forma effects of a business combination need not be presented pursuant to this section if separate financial statements of the acquired business are not included in the filing.

(d) For purposes of this rule, the term business should be evaluated in light of the facts and circumstances involved and whether there is sufficient continuity of the acquired entity's operations prior to and after the transactions so that disclosure of prior financial information is material to an understanding of future operations. A presumption exists that a separate entity, a subsidiary, or a division is a business. However, a lesser component of an entity may also constitute a business. Among the facts and circumstances which should be considered in evaluating whether an acquisition of a lesser component of an entity constitutes a business are the following:

(1) Whether the nature of the revenue-producing activity of the component will remain generally the same as before the transaction; or

(2) Whether any of the following attributes remain with the component after the transaction:

- (i) Physical facilities,
- (ii) Employee base,
- (iii) Market distribution system,
- (iv) Sales force,
- (v) Customer base,
- (vi) Operating rights,
- (vii) Production techniques, or
- (viii) Trade names.

(e) This rule does not apply to transactions between a parent company and its totally held subsidiary.

[47 FR 29837, July 9, 1982, as amended at 50 FR 49533, Dec. 3, 1985; 56 FR 57247, Nov. 8, 1991; 61 FR 54514, Oct. 18, 1996]

§ 210.11-02 Preparation requirements.

(a) *Objective.* Pro forma financial information should provide investors with information about the continuing impact of a particular transaction by showing how it might have affected

historical financial statements if the transaction had been consummated at an earlier time. Such statements should assist investors in analyzing the future prospects of the registrant because they illustrate the possible scope of the change in the registrant's historical financial position and results of operations caused by the transaction.

(b) *Form and content.* (1) Pro forma financial information shall consist of a pro forma condensed balance sheet, pro forma condensed statements of income, and accompanying explanatory notes. In certain circumstances (i.e., where a limited number of pro forma adjustments are required and those adjustments are easily understood), a narrative description of the pro forma effects of the transaction may be furnished in lieu of the statements described herein.

(2) The pro forma financial information shall be accompanied by an introductory paragraph which briefly sets forth a description of (i) the transaction, (ii) the entities involved, and (iii) the periods for which the pro forma information is presented. In addition, an explanation of what the pro forma presentation shows shall be set forth.

(3) The pro forma condensed financial information need only include major captions (i.e., the numbered captions) prescribed by the applicable sections of this Regulation. Where any major balance sheet caption is less than 10 percent of total assets, the caption may be combined with others. When any major income statement caption is less than 15 percent of average net income of the registrant for the most recent three fiscal years, the caption may be combined with others. In calculating average net income, loss years should be excluded unless losses were incurred in each of the most recent three years, in which case the average loss shall be used for purposes of this test. Notwithstanding these tests, *de minimis* amounts need not be shown separately.

(4) Pro forma statements shall ordinarily be in columnar form showing condensed historical statements, pro forma adjustments, and the pro forma results.

(5) The pro forma condensed income statement shall disclose income (loss)

from continuing operations before non-recurring charges or credits directly attributable to the transaction. Material nonrecurring charges or credits and related tax effects which result directly from the transaction and which will be included in the income of the registrant within the 12 months succeeding the transaction shall be disclosed separately. It should be clearly indicated that such charges or credits were not considered in the pro forma condensed income statement. If the transaction for which pro forma financial information is presented relates to the disposition of a business, the pro forma results should give effect to the disposition and be presented under an appropriate caption.

(6) Pro forma adjustments related to the pro forma condensed income statement shall be computed assuming the transaction was consummated at the beginning of the fiscal year presented and shall include adjustments which give effect to events that are (i) directly attributable to the transaction, (ii) expected to have a continuing impact on the registrant, and (iii) factually supportable. Pro forma adjustments related to the pro forma condensed balance sheet shall be computed assuming the transaction was consummated at the end of the most recent period for which a balance sheet is required by §210.3-01 and shall include adjustments which give effect to events that are directly attributable to the transaction and factually supportable regardless of whether they have a continuing impact or are nonrecurring. All adjustments should be referenced to notes which clearly explain the assumptions involved.

(7) Historical primary and fully diluted per share data based on continuing operations (or net income if the registrant does not report either discontinued operations, extraordinary items, or the cumulative effects of accounting changes) for the registrant, and primary and fully diluted pro forma per share data based on continuing operations before nonrecurring charges or credits directly attributable to the transaction shall be presented on the face of the pro forma condensed income statement together with the number of shares used to compute such

per share data. For transactions involving the issuance of securities, the number of shares used in the calculation of the pro forma per share data should be based on the weighted average number of shares outstanding during the period adjusted to give effect to shares subsequently issued or assumed to be issued had the particular transaction or event taken place at the beginning of the period presented. If a convertible security is being issued in the transaction, consideration should be given to the possible dilution of the pro forma per share data.

(8) If the transaction is structured in such a manner that significantly different results may occur, additional pro forma presentations shall be made which give effect to the range of possible results.

Instructions: 1. The historical statement of income used in the pro forma financial information shall not report operations of a segment that has been discontinued, extraordinary items, or the cumulative effects of accounting changes. If the historical statement of income includes such items, only the portion of the income statement through "income from continuing operations" (or the appropriate modification thereof) should be used in preparing pro forma results.

2. For a purchase transaction, pro forma adjustments for the income statement shall include amortization of goodwill, depreciation and other adjustments based on the allocated purchase price of net assets acquired. In some transactions, such as in financial institution acquisitions, the purchase adjustments may include significant discounts of the historical cost of the acquired assets to their fair value at the acquisition date. When such adjustments will result in a significant effect on earnings (losses) in periods immediately subsequent to the acquisition which will be progressively eliminated over a relatively short period, the effect of the purchase adjustments on reported results of operations for each of the next five years should be disclosed in a note.

3. For a disposition transaction, the pro forma financial information shall begin with the historical financial statements of the existing entity and show the deletion of the business to be divested along with the pro forma adjustments necessary to arrive at the remainder of the existing entity. For example, pro forma adjustments would include adjustments of interest expense arising from revised debt structures and expenses which will be or have been incurred on behalf of the business to be divested such as advertising costs, executive salaries and other costs.

4. For entities which were previously a component of another entity, pro forma adjustments should include adjustments similar in nature to those referred to in Instruction 3 above. Adjustments may also be necessary when charges for corporate overhead, interest, or income taxes have been allocated to the entity on a basis other than one deemed reasonable by management.

5. Adjustments to reflect the acquisition of real estate operations or properties for the pro forma income statement shall include a depreciation charge based on the new accounting basis for the assets, interest financing on any additional or refinanced debt, and other appropriate adjustments that can be factually supported. See also Instruction 4 above.

6. When consummation of more than one transaction has occurred or is probable during a fiscal year, the pro forma financial information may be presented on a combined basis; however, in some circumstances (e.g., depending upon the combination of probable and consummated transactions, and the nature of the filing) it may be more useful to present the pro forma financial information on a disaggregated basis even though some or all of the transactions would not meet the tests of significance individually. For combined presentations, a note should explain the various transactions and disclose the maximum variances in the pro forma financial information which would occur for any of the possible combinations. If the pro forma financial information is presented in a proxy or information statement for purposes of obtaining shareholder approval of one of the transactions, the effects of that transaction must be clearly set forth.

7. Tax effects, if any, of pro forma adjustments normally should be calculated at the statutory rate in effect during the periods for which pro forma condensed income statements are presented and should be reflected as a separate pro forma adjustment.

(c) *Periods to be presented.* (1) A pro forma condensed balance sheet as of the end of the most recent period for which a consolidated balance sheet of the registrant is required by § 210.3-01 shall be filed unless the transaction is already reflected in such balance sheet.

(2)(i) Pro forma condensed statements of income shall be filed for only the most recent fiscal year and for the period from the most recent fiscal year end to the most recent interim date for which a balance sheet is required. A pro forma condensed statement of income may be filed for the corresponding interim period of the preceding fiscal year. A pro forma condensed statement of income shall not

§210.11-03

be filed when the historical income statement reflects the transaction for the entire period.

(ii) For a business combination accounted for as a pooling of interests, the pro forma income statements (which are in effect a restatement of the historical income statements as if the combination had been consummated) shall be filed for all periods for which historical income statements of the registrant are required.

(3) Pro forma condensed statements of income shall be presented using the registrant's fiscal year end. If the most recent fiscal year end of any other entity involved in the transaction differs from the registrant's most recent fiscal year end by more than 93 days, the other entity's income statement shall be brought up to within 93 days of the registrant's most recent fiscal year end, if practicable. This updating could be accomplished by adding subsequent interim period results to the most recent fiscal year-end information and deducting the comparable preceding year interim period results. Disclosure shall be made of the periods combined and of the sales or revenues and income for any periods which were excluded from or included more than once in the condensed pro forma income statements (e.g., an interim period that is included both as part of the fiscal year and the subsequent interim period). For investment companies subject to §§210.6-01 to 210.6-10, the periods covered by the pro forma statements must be the same.

(4) Whenever unusual events enter into the determination of the results shown for the most recently completed fiscal year, the effect of such unusual events should be disclosed and consideration should be given to presenting a pro forma condensed income statement for the most recent twelve-month period in addition to those required in paragraph (c)(2)(i) above if the most recent twelve-month period is more representative of normal operations.

(a) A financial forecast may be filed in lieu of the pro forma condensed

statements of income required by §210.11-02(b)(1).

(1) The financial forecast shall cover a period of at least 12 months from the latest of (i) the most recent balance sheet included in the filing or (ii) the consummation date or estimated consummation date of the transaction.

(2) The forecasted statement of income shall be presented in the same degree of detail as the pro forma condensed statement of income required by §210.11-02(b)(3).

(3) Assumptions particularly relevant to the transaction and effects thereof should be clearly set forth.

(4) Historical condensed financial information of the registrant and the business acquired or to be acquired, if any, shall be presented for at least a recent 12 month period in parallel columns with the financial forecast.

(b) Such financial forecast shall be presented in accordance with the guidelines established by the American Institute of Certified Public Accountants.

(c) Forecasted earnings per share data shall be substituted for pro forma per share data.

(d) This rule does not permit the filing of a financial forecast in lieu of pro forma information required by generally accepted accounting principles.

(iv) if a majority owned subsidiary, the parent corporation is also a small business issuer.

Provided however, that an entity is not a small business issuer if it has a public float (the aggregate market value of the issuer’s outstanding voting and non-voting common equity held by non-affiliates) of \$25,000,000 or more.

NOTE: The public float of a reporting company shall be computed by use of the price at which the stock was last sold, or the average of the bid and asked prices of such stock, on a date within 60 days prior to the end of its most recent fiscal year. The public float of a company filing an initial registration statement under the Exchange Act shall be deter-

mined as of a date within 60 days of the date the registration statement is filed. In the case of an initial public offering of securities, public float shall be computed on the basis of the number of shares outstanding prior to the offering and the estimated public offering price of the securities.

(2) *Entering and Exiting the Small Business Disclosure System.* (i) A company that meets the definition of small business issuer may use Form SB-2 for registration of its securities under the Securities Act; Form 10-SB for registration of its securities under the Exchange Act; and Forms 10-KSB and 10-QSB for its annual and quarterly reports.

(ii) For a non-reporting company entering the disclosure system for the first time either by filing a registration statement under the Securities Act on Form SB-2 or a registration statement under the Exchange Act on Form 10-SB, the determination as to whether a company is a small business issuer is made with reference to its revenues during its last fiscal year and public float as of a date within 60 days of the date the registration statement is filed. *See Note to paragraph (a) of this Item.*

(iii) Once a small business issuer becomes a reporting company it will remain a small business issuer until it exceeds the revenue limit or the public float limit at the end of two consecutive years. For example, if a company exceeds the revenue limit for two consecutive years, it will no longer be considered a small business. However, if it exceeds the revenue limit in one year and the next year exceeds the public float limit, but not the revenue limit, it will still be considered a small business. *See Note to paragraph (a) of this Item.*

(iv) A reporting company that is not a small business company must meet the definition of a small business issuer at the end of two consecutive fiscal years before it will be considered a small business issuer for purposes of using Form SB-2, Form 10-SB, Form 10-KSB and Form 10-QSB. *See Note to paragraph (a) of this Item.*

(v) The determination as to the reporting category (small business issuer or other issuer) made for a non-reporting company at the time it enters the disclosure system governs all reports

relating to the remainder of the fiscal year. The determination made for a reporting company at the end of its fiscal year governs all reports relating to the next fiscal year. An issuer may not change from one category to another with respect to its reports under the Exchange Act for a single fiscal year. A company may, however, choose not to use a Form SB-2 for a registration under the Securities Act.

(b) *Definitions of terms.*

(1) *Common Equity*—means the small business issuer's common stock. If the small business issuer is a limited partnership, the term refers to the equity interests in the partnership.

(2) *Public market*—no public market shall be deemed to exist unless, within the past 60 business days, both bid and asked quotations at fixed prices (excluding “bid wanted” or “offer wanted” quotations) have appeared regularly in any established quotation system on at least half of such business days. Transactions arranged without the participation of a broker or dealer functioning as such are not indicative of a “public market.”

(3) *Reporting company*—means a company that is obligated to file periodic reports with the Securities and Exchange Commission under section 15(d) or 13(a) of the Exchange Act.

(4) *Small business issuer*—refers to the issuer and all of its consolidated subsidiaries.

(c) *Preparing the disclosure document.*

(1) The purpose of a disclosure document is to inform investors. Hence, information should be presented in a clear, concise and understandable fashion. Avoid unnecessary details, repetition or the use of technical language. The responses to the items of this Regulation should be brief and to the point.

(2) Small business issuers should consult the General Rules and Regulations under the Securities Act and Exchange Act for requirements concerning the preparation and filing of documents. Small business issuers should be aware that there are special rules concerning such matters as the kind and size of paper that is allowed and how filings should be bound. These special rules are located in Regulation C of the Securities Act (17 CFR 230.400 *et seq.*) and

in Regulation 12B of the Exchange Act (17 CFR 240.12b-1 *et seq.*).

(d) *Commission policy on projections.* The Commission encourages the use of management's projections of future economic performance that have a reasonable basis and are presented in an appropriate format. The guidelines below set forth the Commission's views on important factors to be considered in preparing and disclosing such projections. (See also 17 CFR 230.175 and 240.3b-6).

(1) *Basis for projections.* Management has the option to present in Commission filings its good faith assessment of a small business issuer's future performance. Management, however, must have a reasonable basis for such an assessment. An outside review of management's projections may furnish additional support in this regard. If management decides to include a report of such a review in a Commission filing, it should also disclose the qualifications of the reviewer, the extent of the review, the relationship between the reviewer and the registrant, and other material factors concerning the process by which any outside review was sought or obtained. Moreover, in the case of a registration statement under the Securities Act, the reviewer would be deemed an expert and an appropriate consent must be filed with the registration statement.

(2) *Format for projections.* Traditionally, projections have been given for three financial items generally considered to be of primary importance to investors (revenues, net income (loss) and earnings (loss) per share), projection information need not necessarily be limited to these three items. However, management should take care to assure that the choice of items projected is not susceptible to misleading inferences through selective projection of only favorable items. It generally would be misleading to present sales or revenue projections without one of the foregoing measures of income. The period that appropriately may be covered by a projection depends to a large extent on the particular circumstances of the company involved. For certain companies in certain industries, a projection covering a two or three year period may be entirely reasonable. Other

companies may not have a reasonable basis for projections beyond the current year.

(3) *Investor understanding.* Disclosures accompanying the projections should facilitate investor understanding of the basis for and limitations of projections. The Commission believes that investor understanding would be enhanced by disclosure of the assumptions which in management's opinion are most significant to the projections or are the key factors upon which the financial results of the enterprise depend and encourages disclosure of assumptions in a manner that will provide a framework for analysis of the projection. Management also should consider whether disclosure of the accuracy or inaccuracy of previous projections would provide investors with important insights into the limitations of projections.

(e) *Commission policy on security ratings.* In view of the importance of security ratings ("ratings") to investors and the marketplace, the Commission permits small business issuers to disclose ratings assigned by rating organizations to classes of debt securities, convertible debt securities and preferred stock in registration statements and periodic reports. In addition, the Commission permits, disclosure of ratings assigned by any nationally recognized statistical rating organizations ("NRSROs") in certain communications deemed not to be a prospectus ("tombstone advertisements"). Below are the Commission's views on important matters to be considered in disclosing security ratings.

(1)(i) If a small business issuer includes in a filing any rating(s) assigned to a class of securities, it should consider including any other rating assigned by a different NRSRO that is materially different. A statement that a security rating is not a recommendation to buy, sell or hold securities and that it may be subject to revision or withdrawal at any time by the assigning rating organization should also be included.

(ii)(A) If the rating is included in a filing under the Securities Act, the written consent of any rating organization that is not a NRSRO whose rating is included should be filed. The consent of any NRSRO is not required. (See

Rule 436(g) under the Securities Act (§230.436(g) of this chapter.)

(B) If a change in a rating already included is available before effectiveness of the registration statement, the small business issuer should consider including such rating change in the prospectus. If the rating change is material, consideration should be given to recirculating the preliminary prospectus.

(C) If a materially different additional NRSRO rating or a material change in a rating already included becomes available during any period in which offers or sales are being made, the small business issuer should consider disclosing this information in a sticker to the prospectus.

(iii) If there is a material change in the rating(s) assigned by any NRSRO(s) to any outstanding class(es) of securities of a reporting company, the registrant should consider filing a report on Form 8-K (§249.308 of this chapter) or other appropriate report under the Exchange Act disclosing such rating change.

(2) [Reserved]

(f) *Incorporation by Reference.* Where rules, regulations, or instructions to forms of the Commission permit incorporation by reference, a document may be so incorporated by reference to the specific document and to the prior filing or submission in which such document was physically filed or submitted. Except where a registrant or issuer is expressly required to incorporate a document or documents by reference, reference may not be made to any document which incorporates another document by reference if the pertinent portion of the document containing the information or financial statements to be incorporated by reference includes an incorporation by reference to another document. No document on file with the Commission for more than five years may be incorporated by reference except:

(1) Documents contained in registration statements, which may be incorporated by reference as long as the registrant has a reporting requirement with the Commission; or

(2) Documents that the registrant specifically identifies by physical location by SEC file number reference, provided such materials have not been disposed of by the Commission pursuant to its Records Control Schedule (17 CFR 200.80f).

(g) *Quantitative and qualitative disclosures about market risk.* The safe harbor provision included in paragraph (d) of Item 305 of Regulation S-K (§ 229.305(d) of this chapter) shall apply to information required by Item 305 of Regulation S-K (§ 229.305 of this chapter) that is voluntarily provided by or on behalf of a small business issuer as defined in Rule 12b-2 of the Exchange Act.

NOTE TO PARAGRAPH (G): Such small business issuers are not required to provide the information required by Item 305 of Regulation S-K.

Instructions to Item 303: 1. The discussion and analysis shall focus specifically on material events and uncertainties known to management that would cause reported financial information not to be necessarily indicative of future operating results or of future financial condition.

2. Small business issuers are encouraged, but not required, to supply forward looking information. This is distinguished from presently known data which will impact upon future operating results, such as known future increases in costs of labor or materials. This latter data may be required to be disclosed.

§ 228.304 (Item 304) Changes In and Disagreements With Accountants on Accounting and Financial Disclosure.

(a)(1) If, during the small business issuer's two most recent fiscal years or any later interim period, the principal independent accountant or a significant subsidiary's independent accountant on whom the principal accountant

Securities and Exchange Commission

§ 228.304

expressed reliance in its report, resigned (or declined to stand for re-election) or was dismissed, then the small business issuer shall state:

(i) Whether the former accountant resigned, declined to stand for re-election or was dismissed and the date;

(ii) Whether the principal accountant's report on the financial statements for either of the past two years contained an adverse opinion or disclaimer of opinion, or was modified as to uncertainty, audit scope, or accounting principles, and also describe the nature of each such adverse opinion, disclaimer of opinion or modification;

(iii) Whether the decision to change accountants was recommended or approved by the board of directors or an audit or similar committee of the board of directors; and

(iv)(A) Whether there were any disagreements with the former accountant, whether or not resolved, on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the former accountant's satisfaction, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report; or

(B) The following information only if applicable. Indicate whether the former accountant advised the small business issuer that:

(1) internal controls necessary to develop reliable financial statements did not exist; or

(2) information has come to the attention of the former accountant which made the accountant unwilling to rely on management's representations, or unwilling to be associated with the financial statements prepared by management; or

(3) the scope of the audit should be expanded significantly, or information has come to the accountant's attention that the accountant has concluded will, or if further investigated might, materially impact the fairness or reliability of a previously issued audit report or the underlying financial statements, or the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent audited financial

statements (including information that might preclude the issuance of an unqualified audit report), and the issue was not resolved to the accountant's satisfaction prior to its resignation or dismissal; and

(C) The subject matter of each such disagreement or event identified in response to paragraph (a)(1)(iv) of this Item;

(D) Whether any committee of the board of directors, or the board of directors, discussed the subject matter of the disagreement with the former accountant; and

(E) Whether the small business issuer has authorized the former accountant to respond fully to the inquiries of the successor accountant concerning the subject matter of each of such disagreements or events and, if not, describe the nature of and reason for any limitation.

(2) If during the period specified in paragraph (a)(1) of this Item, a new accountant has been engaged as either the principal accountant to audit the issuer's financial statements or as the auditor of a significant subsidiary and on whom the principal accountant is expected to express reliance in its report, identify the new accountant and the engagement date. Additionally, if the issuer (or someone on its behalf) consulted the new accountant regarding:

(i) The application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion that might be rendered on the small business issuer's financial statements and either written or oral advice was provided that was an important factor considered by the small business issuer in reaching a decision as to the accounting, auditing or financial reporting issue; or

(ii) Any matter that was the subject of a disagreement or event identified in response to paragraph (a)(1)(iv) of this Item, then the small business issuer shall:

(A) Identify the issues that were the subjects of those consultations;

(B) Briefly describe the views of the new accountant given to the small business issuer and, if written views were received by the small business

issuer, file them as an exhibit to the report or registration statement;

(C) State whether the former accountant was consulted by the small business issuer regarding any such issues, and if so, describe the former accountant's views; and

(D) Request the new accountant to review the disclosure required by this Item before it is filed with the Commission and provide the new accountant the opportunity to furnish the small business issuer with a letter addressed to the Commission containing any new information, clarification of the small business issuer's expression of its views, or the respects in which it does not agree with the statements made in response to this Item. Any such letter shall be filed as an exhibit to the report or registration statement containing the disclosure required by this Item.

(3) The small business issuer shall provide the former accountant with a copy of the disclosures it is making in response to this Item no later than the day that the disclosures are filed with the Commission. The small business issuer shall request the former accountant to furnish a letter addressed to the Commission stating whether it agrees with the statements made by the issuer and, if not, stating the respects in which it does not agree. The small business issuer shall file the letter as an exhibit to the report or registration statement containing this disclosure. If the letter is unavailable at the time of filing, the small business issuer shall request the former accountant to provide the letter so that it can be filed with the Commission within ten business days after the filing of the report or registration statement. Notwithstanding the ten business day period, the letter shall be filed within two business days of receipt. The former accountant may provide an interim letter highlighting specific areas of concern and indicating that a more detailed letter will be forthcoming within the ten business day period noted above. The interim letter, if any, shall be filed with the report or registration statement or by amendment within two business days of receipt.

(b) If the conditions in paragraphs (b)(1) through (b)(3) of this Item exist, the small business issuer shall describe the nature of the disagreement or event and the effect on the financial statements if the method had been followed which the former accountants apparently would have concluded was required (unless that method ceases to be generally accepted because of authoritative standards or interpretations issued after the disagreement or event):

(1) In connection with a change in accountants subject to paragraph (a) of this Item, there was any disagreement or event as described in paragraph (a)(1)(iv) of this Item;

(2) During the fiscal year in which the change in accountants took place or during the later fiscal year, there have been any transactions or events similar to those involved in such disagreement or event; and

(3) Such transactions or events were material and were accounted for or disclosed in a manner different from that which the former accountants apparently would have concluded was required.

Instructions to Item 304: 1. The disclosure called for by paragraph (a) of this Item need not be provided if it has been previously reported as that term is defined in Rule 12b-2 under the Exchange Act (§240.12b-2); the disclosure called for by paragraph (a) of this Item must be provided, however, notwithstanding prior disclosure, if required pursuant to Item 9 of Schedule 14A (§249.14a-101 *et seq.*). The disclosure called for by paragraph (b) of this Item must be furnished, where required, notwithstanding any prior disclosure about accountant changes or disagreements.

2. When disclosure is required by paragraph (a) of this Item in an annual report to security holders pursuant to Rule 14a-3 or Rule 14c-3 (§240.14a-3 or 240.14c-3 of this chapter), or in a proxy or information statement filed pursuant to the requirements of Schedule 14A (§240.14a-101 *et seq.*) or 14C (§240.14c-101 *et seq.*), in lieu of a letter pursuant to paragraph (a)(2)(ii)(D) or (a)(3) of this Item, before filing such materials with or furnishing such materials to the Commission, the small business issuer shall furnish the disclosure required by paragraph (a) of this Item to each accountant who was engaged during the period set forth in paragraph (a) of this Item. If any such accountant believes that the statements made in response to paragraph (a) of this Item are incorrect or incomplete, it may present its views in a brief statement,

Securities and Exchange Commission

§ 228.310

ordinarily expected not to exceed 200 words, to be included in the annual report or proxy or information statement. This statement shall be submitted to the small business issuer within ten business days of the date the accountant receives the small business issuer's disclosure. Further, unless the written views of the newly engaged accountant required to be filed as an exhibit by paragraph (a)(2)(ii)(D) of this Item have been previously filed with the Commission, the small business issuer shall file a Form 8-K (17 CFR 249.308 of this chapter) along with the annual report or proxy or information statement for the purpose of filing the written views as exhibits.

3. The information required by this Item need not be provided for a company being acquired by the small business issuer if such acquiree has not been subject to the filing requirements of either section 13(a) or 15(d) of the Exchange Act, or, because of section 12(i) of the Exchange Act, has not furnished an annual report to security holders pursuant to Rule 14a-3 or Rule 14c-3 (§240.14a-3 or 240.14c-3 of this chapter) for its latest fiscal year.

4. In determining whether any disagreement or reportable event has occurred, an oral communication from the engagement partner or another person responsible for rendering the accounting firm's opinion (or their designee) will generally suffice as the accountant advising the small business issuer of a reportable event or as a statement of a disagreement at the "decision-making level" within the accounting firm and require disclosure under this Item.

§ 228.305 [Reserved]

§ 228.306 (Item 306) Audit committee report.

(a) The audit committee must state whether:

(1) The audit committee has reviewed and discussed the audited financial statements with management;

(2) The audit committee has discussed with the independent auditors the matters required to be discussed by SAS 61, as may be modified or supplemented;

(3) The audit committee has received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*), as may be modified or supplemented, and has discussed with the independent accountant the inde-

pendent accountant's independence; and

(4) Based on the review and discussions referred to in paragraphs (a)(1) through (a)(3) of this Item, the audit committee recommended to the Board of Directors that the audited financial statements be included in the company's Annual Report on Form 10-KSB (17 CFR 249.310b) for the last fiscal year for filing with the Commission.

(b) The name of each member of the company's audit committee (or, in the absence of an audit committee, the board committee performing equivalent functions or the entire board of directors) must appear below the disclosure required by this Item.

(c) The information required by paragraphs (a) and (b) of this Item shall not be deemed to be "soliciting material," or to be "filed" with the Commission or subject to Regulation 14A or 14C (17 CFR 240.14a-1 *et seq.* or 240.14c-1 *et seq.*), other than as provided in this Item, or to the liabilities of section 18 of the Exchange Act (15 U.S.C. 78r), except to the extent that the company specifically requests that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

(d) The information required by paragraphs (a) and (b) of this Item need not be provided in any filings other than a registrant proxy or information statement relating to an annual meeting of security holders at which directors are to be elected (or special meeting or written consents in lieu of such meeting). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference.

[64 FR 73401, Dec. 30, 1999]

§ 228.310 (Item 310) Financial Statements.

NOTES: 1. Financial statements of a small business issuer, its predecessors or any businesses to which the small business issuer is a successor shall be prepared in accordance with generally accepted accounting principles in the United States.

2. Regulation S-X (17 CFR 210.1 through 210.12) Form and Content of and Requirements for Financial Statements shall not

§ 228.310

17 CFR Ch. II (4-1-01 Edition)

apply to the preparation of such financial statements, except that the report and qualifications of the independent accountant shall comply with the requirements of Article 2 of Regulation S-X (17 CFR 210.2), Item 8.A of Form 20-F (17 CFR 249.220f) and Article 3-20 of Regulation S-X (17 CFR 210.3-20) shall apply to financial statements of foreign private issuers, the description of accounting policies shall comply with Article 4-08(n) of Regulation S-X (17 CFR 210.4-08(n)), and small business issuers engaged in oil and gas producing activities shall follow the financial accounting and reporting standards specified in Article 4-10 of Regulation S-X (17 CFR 210.4-10) with respect to such activities. To the extent that Article 11-01 [17 CFR 210.11-01] (Pro Forma Presentation Requirements) offers enhanced guidelines for the preparation, presentation and disclosure of pro forma financial information, small business issuers may wish to consider these items. Financial statements of foreign private issuers shall be prepared and presented in accordance with the requirements of Item 18 of Form 20-F except that Item 17 may be followed for financial statements included in filings other than registration statements for offerings of securities unless the only securities being offered are: (a) upon the exercise of outstanding rights granted by the issuer of the securities to be offered, if such rights are granted by the issuer of the securities to be offered, if such rights are granted on a pro rata basis to all existing securities holders of the class of securities to which the rights attach and there is no standby underwriting in the United States or similar arrangement; or (b) pursuant to a dividend or interest reinvestment plan; or (c) upon the conversion of outstanding convertible securities or upon the exercise of outstanding transferrable warrants issued by the issuer of the securities being offered, or by an affiliate of such issuer.

3. Financial statements for a subsidiary of a small business issuer that issues securities guaranteed by the small business issuer or guarantees securities issued by the small business issuer must be presented as required by Rule 3-10 of Regulation S-X (17 CFR 210.3-10), except that the periods presented are those required by paragraph (a) of this item.

4. Financial statements for a small business issuer's affiliates whose securities constitute a substantial portion of the collateral for any class of securities registered or being registered must be presented as required by Rule 3-16 of Regulation S-X (17 CFR 210.3-16), except that the periods presented are those required by paragraph (a) of this item.

5. The Commission, where consistent with the protection of investors, may permit the omission of one or more of the financial statements or the substitution of appropriate statements of comparable character. The Commission by informal written notice

may require the filing of other financial statements where necessary or appropriate.

(a) *Annual Financial Statements.* Small business issuers shall file an audited balance sheet as of the end of the most recent fiscal year, or as of a date within 135 days if the issuers existed for a period less than one fiscal year, and audited statements of income, cash flows and changes in stockholders' equity for each of the two fiscal years preceding the date of such audited balance sheet (or such shorter period as the registrant has been in business).

(b) *Interim Financial Statements.* Interim financial statements may be unaudited; however, prior to filing, interim financial statements included in quarterly reports on Form 10-QSB (17 CFR 249.308b) must be reviewed by an independent public accountant using professional standards and procedures for conducting such reviews, as established by generally accepted auditing standards, as may be modified or supplemented by the Commission. If, in any filing, the issuer states that interim financial statements have been reviewed by an independent public accountant, a report of the accountant on the review must be filed with the interim financial statements. Interim financial statements shall include a balance sheet as of the end of the issuer's most recent fiscal quarter and income statements and statements of cash flows for the interim period up to the date of such balance sheet and the comparable period of the preceding fiscal year.

Instructions to Item 310(b): 1. Where Item 310 is applicable to a Form 10-QSB (§249.308b) and the interim period is more than one quarter, income statements must also be provided for the most recent interim quarter and the comparable quarter of the preceding fiscal year.

2. Interim financial statements must include all adjustments which in the opinion of management are necessary in order to make the financial statements not misleading. An affirmative statement that the financial statements have been so adjusted must be included with the interim financial statements.

(1) *Condensed Format.* Interim financial statements may be condensed as follows:

(i) Balance sheets should include separate captions for each balance sheet

component presented in the annual financial statements which represents 10% or more of total assets. Cash and retained earnings should be presented regardless of relative significance to total assets. Registrants which present a classified balance sheet in their annual financial statements should present totals for current assets and current liabilities.

(ii) Income statements should include net sales or gross revenue, each cost and expense category presented in the annual financial statements which exceeds 20% of sales or gross revenues, provision for income taxes, discontinued operations, extraordinary items and cumulative effects of changes in accounting principles or practices. (Financial institutions should substitute net interest income for sales for purposes of determining items to be disclosed.) Dividends per share should be presented.

(iii) Cash flow statements should include cash flows from operating, investing and financing activities as well as cash at the beginning and end of each period and the increase or decrease in such balance.

(iv) Additional line items may be presented to facilitate the usefulness of the interim financial statements including their comparability with annual financial statements.

(2) *Disclosure required and additional instructions as to Content.*—(i) *Footnotes.* Footnote and other disclosures should be provided as needed for fair presentation and to ensure that the financial statements are not misleading.

(ii) *Material Subsequent Events and Contingencies.* Disclosure must be provided of material subsequent events and material contingencies notwithstanding disclosure in the annual financial statements.

(iii) *Significant Equity Investees.* Sales, gross profit, net income (loss) from continuing operations and net income must be disclosed for equity investees which constitute 20% or more of a registrant's consolidated assets, equity or income from continuing operations.

(iv) *Significant Dispositions and Purchase Business Combinations.* If a significant disposition or purchase business combination has occurred during the most recent interim period and the

transaction required the filing of a Form 8-K (§ 249.308 of this chapter), pro forma data must be presented which reflects revenue, income from continuing operations, net income and income per share for the current interim period and the corresponding interim period of the preceding fiscal year as though the transaction occurred at the beginning of the periods.

(v) *Material Accounting Changes.* Disclosure must be provided of the date and reasons for any material accounting change. The registrant's independent accountant must provide a letter in the first Form 10-QSB (§ 249.308b of this chapter) filed subsequent to the change indicating whether or not the change is to a preferable method. Disclosure must be provided of any retroactive change to prior period financial statements, including the effect of any such change on income and income per share.

(vi) *Development Stage Companies.* A registrant in the development stage must provide cumulative from inception financial information.

(c) *Financial Statements of Businesses Acquired or to be Acquired.* (1) If a business combination accounted for as a "purchase" has occurred or is probable, or if a business combination accounted for as a "pooling of interest" is probable, financial statements of the business acquired or to be acquired shall be furnished for the periods specified in paragraph (c)(3) of this Item.

(i) The term "purchase" encompasses the purchase of an interest in a business accounted for by the equity method.

(ii) Acquisitions of a group of related businesses that are probable or that have occurred subsequent to the latest fiscal year-end for which audited financial statements of the issuer have been filed shall be treated as if they are a single business combination for purposes of this section. The required financial statements of related businesses may be presented on a combined basis for any periods they are under common control or management. A group of businesses are deemed to be related if:

(A) They are under common control or management;

§ 228.310

17 CFR Ch. II (4-1-01 Edition)

(B) The acquisition of one business is conditional on the acquisition of each other business; or

(C) Each acquisition is conditioned on a single common event.

(iii) Annual financial statements required by this paragraph (c) shall be audited. The form and content of the financial statements shall be in accordance with paragraphs (a) and (b) of this Item.

(2) The periods for which financial statements are to be presented are determined by comparison of the most recent annual financial statements of the business acquired or to be acquired and the small business issuer's most recent annual financial statements filed at or prior to the date of acquisition to evaluate each of the following conditions:

(i) Compare the small business issuer's investments in and advances to the acquiree to the total consolidated assets of the small business issuer as of the end of the most recently completed fiscal year. For a proposed business combination to be accounted for as a pooling of interests, also compare the number of common shares exchanged or to be exchanged by the small business issuer to its total common shares outstanding at the date the combination is initiated.

(ii) Compare the small business issuer's proportionate share of the total assets (after intercompany eliminations) of the acquiree to the total consolidated assets of the small business issuer as of the end of the most recently completed fiscal year.

(iii) Compare the small business issuer's equity in the income from continuing operations before income taxes, extraordinary items and cumulative effect of a change in accounting principles of the acquiree to such consolidated income of the small business issuer for the most recently completed fiscal year.

Computational note to paragraph (c)(2): For purposes of making the prescribed income test the following guidance should be applied: If income of the small business issuer and its subsidiaries consolidated for the most recent fiscal year is at least 10 percent lower than the average of the income for the last five fiscal years, such average income should be substituted for purposes of the computation. Any loss years should be omit-

ted for purposes of computing average income.

(3)(i) If none of the conditions specified in paragraph (c)(2) of this Item exceeds 20%, financial statements are not required. If any of the conditions exceed 20%, but none exceeds 40%, financial statements shall be furnished for the most recent fiscal year and any interim periods specified in paragraph (b) of this item. If any of the conditions exceed 40%, financial statements shall be furnished for the two most recent fiscal years and any interim periods specified in paragraph (b) of this item.

(ii) The separate audited balance sheet of the acquired business is not required when the small business issuer's most recent audited balance sheet filed is for a date after the acquisition was consummated.

(iii) If the aggregate impact of individually insignificant businesses acquired since the date of the most recent audited balance sheet filed for the registrant exceeds 50%, financial statements covering at least the substantial majority of the businesses acquired shall be furnished. Such financial statements shall be for the most recent fiscal year and any interim periods specified in paragraph (b) of this Item.

(iv) Registration statements not subject to the provisions of § 230.419 of this chapter (Regulation C) and proxy statements need not include separate financial statements of the acquired or to be acquired business if it does not meet or exceed any of the conditions specified in paragraph (c)(2) of this Item at the 50 percent level, and either:

(A) The consummation of the acquisition has not yet occurred; or

(B) The effective date of the registration statement, or mailing date in the case of a proxy statement, is no more than 74 days after consummation of the business combination, and the financial statements have not been filed previously by the registrant.

(v) An issuer that omits from its initial registration statement financial statements of a recently consummated business combination pursuant to paragraph (c)(3)(iv) of this section shall furnish those financial statements and any pro forma information specified by paragraph (d) of this Item under cover of Form 8-K (§ 249.308 of this chapter)

no later than 75 days after consummation of the acquisition.

(4) If the small business issuer made a significant business acquisition subsequent to the latest fiscal year end and filed a report on Form 8-K which included audited financial statements of such acquired business for the periods required by paragraph (c)(3) of this Item and the pro forma financial information required by paragraph (d) of this Item, the determination of significance may be made by using pro forma amounts for the latest fiscal year in the report on Form 8-K rather than by using the historical amounts of the registrant. The tests may not be made by "annualizing" data.

(d) *Pro Forma Financial Information.*

(1) Pro forma information showing the effects of the acquisition shall be furnished if financial statements of a business acquired or to be acquired are presented.

(2) Pro forma statements should be condensed, in columnar form showing pro forma adjustments and results and should include the following:

(i) If the transaction was consummated during the most recent fiscal year or subsequent interim period, pro forma statements of income reflecting the combined operations of the entities for the latest fiscal year and interim period, if any, or;

(ii) If consummation of the transaction has occurred or is probable after the date of the most recent balance sheet required by paragraph (a) or (b) of this Item, a pro forma balance sheet giving effect to the combination as of the date of the most recent balance sheet. For a purchase, pro forma statements of income reflecting the combined operations of the entities for the latest fiscal year and interim period, if any, and for a pooling of interests, pro forma statements of income for all periods for which income statements of the small business issuer are required.

(e) *Real Estate Operations Acquired or to be Acquired.* If, during the period for which income statements are required, the small business issuer has acquired one or more properties which in the aggregate are significant, or since the date of the latest balance sheet required by paragraph (a) or (b) of this Item, has acquired or proposes to ac-

quire one or more properties which in the aggregate are significant, the following shall be furnished with respect to such properties:

(1) Audited income statements (not including earnings per unit) for the two most recent years, which shall exclude items not comparable to the proposed future operations of the property such as mortgage interest, leasehold rental, depreciation, corporate expenses and federal and state income taxes; *Provided, however,* That such audited statements need be presented for only the most recent fiscal year if:

(i) the property is not acquired from a related party;

(ii) material factors considered by the small business issuer in assessing the property are described with specificity in the registration statement with regard to the property, including source of revenue (including, but not limited to, competition in the rental market, comparative rents, occupancy rates) and expenses (including but not limited to, utilities, *ad valorem* tax rates, maintenance expenses, capital improvements anticipated); and

(iii) the small business issuer indicates that, after reasonable inquiry, it is not aware of any material factors relating to the specific property other than those discussed in response to paragraph (e)(1)(ii) of this Item that would cause the reported financial information not to be necessarily indicative of future operating results.

(2) If the property will be operated by the small business issuer, a statement shall be furnished showing the estimated taxable operating results of the small business issuer based on the most recent twelve-month period including such adjustments as can be factually supported. If the property will be acquired subject to a net lease, the estimated taxable operating results shall be based on the rent to be paid for the first year of the lease. In either case, the estimated amount of cash to be made available by operations shall be shown. Disclosure must be provided of the principal assumptions which have been made in preparing the statements of estimated taxable operating results and cash to be made available by operations.

(3) If appropriate under the circumstances, a table should be provided which shows, for a limited number of years, the estimated cash distribution per unit indicating the portion reportable as taxable income and the portion representing a return of capital with an explanation of annual variations, if any. If taxable net income per unit will be greater than the cash available for distribution per unit, that fact and approximate year of occurrence shall be stated, if significant.

(f) *Limited Partnerships.* (1) Small business issuers which are limited partnerships must provide the balance sheets of the general partners as described in paragraphs (f)(2) through (f)(4) of this Item.

(2) Where a general partner is a corporation, the audited balance sheet of the corporation as of the end of its most recently completed fiscal year must be filed. Receivables, other than trade receivables, from affiliates of the general partner should be deducted from shareholders' equity of the general partner. Where an affiliate has committed itself to increase or maintain the general partner's capital, the audited balance sheet of such affiliate must also be presented.

(3) Where a general partner is a partnership, there shall be filed an audited balance sheet of such partnership as of the end of its most recently completed fiscal year.

(4) Where the general partner is a natural person, there shall be filed, as supplemental information, a balance sheet of such natural person as of a recent date. Such balance sheet need not be audited. The assets and liabilities should be carried at estimated fair market value, with provisions for estimated income taxes on unrealized gains. The net worth of such general partner(s), based on such balance sheet(s), singly or in the aggregate, shall be disclosed in the registration statement.

(g) *Age of Financial Statements.* At the date of filing, financial statements included in filings other than filings on Form 10-KSB must be not less current than financial statements which would be required in Forms 10-KSB and 10-QSB if such reports were required to be filed. If required financial statements

are as of a date 135 days or more prior to the date a registration statement becomes effective or proxy material is expected to be mailed, the financial statements shall be updated to include financial statements for an interim period ending within 135 days of the effective or expected mailing date. Interim financial statements should be prepared and presented in accordance with paragraph (b) of this Item:

(1) When the anticipated effective or mailing date falls within 45 days after the end of the fiscal year, the filing may include financial statements only as current as the end of the third fiscal quarter; *Provided, however,* That if the audited financial statements for the recently completed fiscal year are available or become available prior to effectiveness or mailing, they must be included in the filing;

(2) If the effective date or anticipated mailing date falls after 45 days but within 90 days of the end of the small business issuer's fiscal year, the small business issuer is not required to provide the audited financial statements for such year end provided that the following conditions are met:

(i) If the small business issuer is a reporting company, all reports due must have been filed;

(ii) For the most recent fiscal year for which audited financial statements are not yet available, the small business issuer reasonably and in good faith expects to report income from continuing operations before taxes; and

(iii) For at least one of the two fiscal years immediately preceding the most recent fiscal year the small business issuer reported income from continuing operations before taxes.

(c) *Family relationships.* Describe any family relationships among directors, executive officers, or persons nominated or chosen by the small business issuer to become directors or executive officers.

(d) *Involvement in certain legal proceedings.* Describe any of the following events that occurred during the past five years that are material to an evaluation of the ability or integrity of any director, person nominated to become a director, executive officer, promoter or control person of the small business issuer:

(1) Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;

(2) Any conviction in a criminal proceeding or being subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);

§ 228.402 (Item 402) Executive compensation.

(a) *General*—(1) *All compensation covered.* This item requires clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, or paid to the named executive officers designated under paragraph (a)(2) of this item, and directors covered by paragraph (f) of this item by any person for all services rendered in all capacities to the registrant and its subsidiaries, unless otherwise specified in this item. Except as provided by paragraph (a)(4) of this item, all such compensation shall be reported pursuant to this item even if also called for by another requirement, including transactions between the registrant and a third party where the primary purpose of the transaction is to furnish compensation to any such named executive officer or director. No item reported as compensation for one fiscal year need be reported as compensation for a subsequent fiscal year.

(2) *Persons covered.* Disclosure shall be provided pursuant to this item for each of the following (the "named executive officers"):

(i) All individuals serving as the registrant's chief executive officer or acting in a similar capacity during the last completed fiscal year ("CEO"), regardless of compensation level;

(ii) The registrant's four most highly compensated executive officers other than the CEO who were serving as executive officers at the end of the last completed fiscal year; and

(iii) Up to two additional individuals for whom disclosure would have been provided pursuant to paragraph (a)(2)(ii) of this item but for the fact that the individual was not serving as an executive officer of the registrant at the end of the last completed fiscal year.

Instructions to Item 402(a)(2): 1. Determination of Most Highly Compensated Executive Officers. The determination as to which executive officers are most highly compensated shall be made by reference to total annual salary and bonus for the last completed fiscal year (as required to be disclosed pursuant to paragraph (b)(2)(iii)(A) and (B) of this item), but including the dollar value of salary or bonus

amounts forgone pursuant to Instruction 3 to paragraph (b)(2)(iii)(A) and (B) of this item, *provided, however*, that no disclosure need be provided for any executive officer, other than the CEO, whose total annual salary and bonus, as so determined, does not exceed \$100,000.

2. *Inclusion of Executive Officer of Subsidiary.* It may be appropriate in certain circumstances for a registrant to include an executive officer of a subsidiary in the disclosure required by this item. See Rule 3b-7 under the Exchange Act [17 CFR 240.3b-7].

3. *Exclusion of Executive Officer due to Unusual or Overseas Compensation.* It may be appropriate in limited circumstances for a registrant not to include in the disclosure required by this item an individual, other than its CEO, who is one of the registrant's most highly compensated executive officers. Among the factors that should be considered in determining not to name an individual are: (a) the distribution or accrual of an unusually large amount of cash compensation (such as a bonus or commission) that is not part of a recurring arrangement and is unlikely to continue; and (b) the payment of amounts of cash compensation relating to overseas assignments that may be attributed predominantly to such assignments.

(3) *Information for full fiscal year.* If the CEO served in that capacity during any part of a fiscal year with respect to which information is required, information should be provided as to all of his or her compensation for the full fiscal year. If a named executive officer (other than the CEO) served as an executive officer of the registrant (whether or not in the same position) during any part of a fiscal year with respect to which information is required, information shall be provided as to all compensation of that individual for the full fiscal year.

(4) *Transactions with third parties reported under item 404.* This item includes transactions between the registrant and a third party where the primary purpose of the transaction is to furnish compensation to a named executive officer. No information need be given in response to any paragraph of this item as to any such third-party transaction if the transaction has been reported in response to Item 404 of Regulation S-B (§228.404).

(5) *Omission of table or column.* A table or column may be omitted, if there has been no compensation awarded to, earned by or paid to any of the named executives required to be reported in

that table or column in any fiscal year covered by that table.

(6) *Definitions.* For purposes of this item:

(i) The term *stock appreciation rights (SARs)* refers to SARs payable in cash or stock, including SARs payable in cash or stock at the election of the registrant or a named executive officer.

(ii) The term *plan* includes, but is not limited to, the following: any plan, contract, authorization or arrangement, whether or not set forth in any formal documents, pursuant to which the following may be received: cash, stock, restricted stock or restricted stock units, phantom stock, stock options, SARs, stock options in tandem with SARs, warrants, convertible securities, performance units and performance shares, and similar instruments. A plan may be applicable to one person. Registrants may omit information regarding group life, health, hospitalization, medical reimbursement or relocation plans that do not discriminate in scope, terms or operation, in favor of executive officers or directors of the registrant and that are available generally to all salaried employees.

(iii) The term *long-term incentive plan* means any plan providing compensation intended to serve as incentive for performance to occur over a period longer than one fiscal year, whether such performance is measured by reference to financial performance of the registrant or an affiliate, the registrant's stock price, or any other measure, but excluding restricted stock, stock option and SAR plans.

(7) *Location of specified information.* The information required by paragraph (h) of this item need not be provided in any filings other than a registrant proxy or information statement relating to an annual meeting of security holders at which directors are to be elected (or special meeting or written consents in lieu of such meeting). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference.

(b) *Summary compensation table—(1) General.* The information specified in

Securities and Exchange Commission

§ 228.402

paragraph (b)(2) of this item, concerning the compensation of the named executive officers for each of the registrant's last three completed fiscal

years, shall be provided in a Summary Compensation Table, in the tabular format specified below.

§ 228.402

(2) The Table shall include: (i) The name and principal position of the executive officer (column (a));

(ii) Fiscal year covered (column (b));

(iii) Annual compensation (columns (c), (d) and (e)), including:

(A) The dollar value of base salary (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (c));

(B) The dollar value of bonus (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (d)); and

Instructions to Item 402(b)(2)(iii) (A) and (B): 1. Amounts deferred at the election of a named executive officer, whether pursuant to a plan established under section 401(k) of the Internal Revenue Code [26 U.S.C. 401(k)], or otherwise, shall be included in the salary column (column (c)) or bonus column (column (d)), as appropriate, for the fiscal year in which earned. If the amount of salary or bonus earned in a given fiscal year is not calculable through the latest practicable date, that fact must be disclosed in a footnote and such amount must be disclosed in the subsequent fiscal year in the appropriate column for the fiscal year in which earned.

2. For stock or any other form of non-cash compensation, disclose the fair market value at the time the compensation is awarded, earned or paid.

3. Registrants need not include in the salary column (column (c)) or bonus column (column (d)) any amount of salary or bonus forgone at the election of a named executive officer pursuant to a registrant program under which stock, stock-based or other forms of non-cash compensation may be received by a named executive in lieu of a portion of annual compensation earned in a covered fiscal year. However, the receipt of any such form of non-cash compensation in lieu of salary or bonus earned for a covered fiscal year must be disclosed in the appropriate column of the Table corresponding to that fiscal year (i.e., restricted stock awards (column (f)); options or SARs (column (g)); all other compensation (column (i)), or, if made pursuant to a long-term incentive plan and therefore not reportable at grant in the Summary Compensation Table, a footnote must be added to the salary or bonus column so disclosing and referring to the Long-Term Incentive Plan Table (required by paragraph (e) of this item) where the award is reported.

(C) The dollar value of other annual compensation not properly categorized as salary or bonus, as follows (column (e)):

(I) Perquisites and other personal benefits, securities or property, unless

the aggregate amount of such compensation is the lesser of either \$50,000 or 10% of the total of annual salary and bonus reported for the named executive officer in columns (c) and (d);

(2) Above-market or preferential earnings on restricted stock, options, SARs or deferred compensation paid during the fiscal year or payable during that period but deferred at the election of the named executive officer;

(3) Earnings on long-term incentive plan compensation paid during the fiscal year or payable during that period but deferred at the election of the named executive officer;

(4) Amounts reimbursed during the fiscal year for the payment of taxes; and

(5) The dollar value of the difference between the price paid by a named executive officer for any security of the registrant or its subsidiaries purchased from the registrant or its subsidiaries (through deferral of salary or bonus, or otherwise), and the fair market value of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the registrant.

Instructions to Item 402(b)(2)(iii)(C): 1. Each perquisite or other personal benefit exceeding 25% of the total perquisites and other personal benefits reported for a named executive officer must be identified by type and amount in a footnote or accompanying narrative discussion to column (e).

2. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the registrant and its subsidiaries.

3. Interest on deferred or long-term compensation is above-market only if the rate of interest exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under section 1274(d) of the Internal Revenue Code, [26 U.S.C. 1274(d)]) at the rate that corresponds most closely to the rate under the registrant's plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation must be made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest must be included. If the applicable interest rates vary depending upon conditions such as a minimum period of continued

service, the reported amount should be calculated assuming satisfaction of all conditions to receiving interest at the highest rate.

4. Dividends (and dividend equivalents) on restricted stock, options, SARs or deferred compensation denominated in stock (“deferred stock”) are preferential only if earned at a rate higher than dividends on the registrant’s common stock. Only the preferential portion of the dividends or equivalents must be included.

(iv) Long-term compensation (columns (f), (g) and (h)), including:

(A) The dollar value (net of any consideration paid by the named executive officer) of any award of restricted stock, including share units (calculated by multiplying the closing market price of the registrant’s unrestricted stock on the date of grant by the number of shares awarded) (column (f));

(B) The sum of the number of securities underlying stock options granted (including options that subsequently have been transferred), with or without tandem SARs, and the number of freestanding SARs (column (g)); and

(C) The dollar value of all payouts pursuant to long-term incentive plans (“LTIPs”) as defined in paragraph (a)(6)(iii) of this item (column (h)).

Instructions to Item 402(b)(2)(iv): 1. Awards of restricted stock that are subject to performance-based conditions to vesting, in addition to lapse of time and/or continued service with the registrant or a subsidiary, may be reported as LTIP awards pursuant to paragraph (e) of this item instead of in column (f). If this approach is selected, once the restricted stock vests, it must be reported as an LTIP payout in column (h).

2. The registrant shall, in a footnote to the Summary Compensation Table (appended to column (f), if included), disclose:

a. The number and value of the aggregate restricted stock holdings at the end of the last completed fiscal year. The value shall be calculated in the manner specified in paragraph (b)(2)(iv)(A) of this item using the value of the registrant’s shares at the end of the last completed fiscal year;

b. For any restricted stock award reported in the Summary Compensation Table that will vest, in whole or in part, in under three years from the date of grant, the total number of shares awarded and the vesting schedule; and

c. Whether dividends will be paid on the restricted stock reported in column (f).

3. If at any time during the last completed fiscal year, the registrant has adjusted or

amended the exercise price of stock options or freestanding SARs previously awarded to a named executive officer, whether through amendment, cancellation or replacement grants, or any other means (“repriced”), the registrant shall include the number of options or freestanding SARs so repriced as Stock Options/SARs granted and required to be reported in column (g).

4. If any specified performance target, goal or condition to payout was waived with respect to any amount included in LTIP payouts reported in column (h), the registrant shall so state in a footnote to column (h).

(v) All other compensation for the covered fiscal year that the registrant could not properly report in any other column of the Summary Compensation Table (column (i)). Any compensation reported in this column for the last completed fiscal year shall be identified and quantified in a footnote. Such compensation shall include, but not be limited to:

(A) The amount paid, payable or accrued to any named executive officer pursuant to a plan or arrangement in connection with:

(1) The resignation, retirement or any other termination of such executive officer’s employment with the registrant and its subsidiaries; or

(2) A change in control of the registrant or a change in the executive officer’s responsibilities following such a change in control.

(B) The dollar value of above-market or preferential amounts earned on restricted stock, options, SARs or deferred compensation during the fiscal year, or calculated with respect to that period, except that if such amounts are paid during the period, or payable during the period but deferred at the election of a named executive officer, this information shall be reported as Other Annual Compensation in column (e). See Instructions 3 and 4 to paragraph 402(b) (2) (iii) (C) of this item;

(C) The dollar value of amounts earned on long-term incentive plan compensation during the fiscal year, or calculated with respect to that period, except that if such amounts are paid during that period, or payable during that period at the election of the named executive officer, this information shall be reported as Other Annual Compensation in column (e);

Securities and Exchange Commission

§ 228.402

(D) Annual registrant contributions or other allocations to vested and unvested defined contribution plans; and

(E) The dollar value of any insurance premiums paid by, or on behalf of, the registrant during the covered fiscal year with respect to term life insurance for the benefit of a named executive officer, and, if there is any arrangement or understanding, whether formal or informal, that such executive officer has or will receive or be allocated an interest in any cash surrender value under the insurance policy, either:

(1) The full dollar value of the remainder of the premiums paid by, or on behalf of, the registrant; or

(2) If the premiums will be refunded to the registrant on termination of the policy, the dollar value of the benefit to the executive officer of the remainder of the premium paid by, or on behalf of, the registrant during the fiscal year. The benefit shall be determined for the period, projected on an actuarial basis, between payment of the premium and the refund.

Instructions to Item 402(b)(2)(v): 1. LTIP awards and amounts received on exercise of

options and SARs need not be reported as All Other Compensation in column (i).

2. Information relating to defined benefit and actuarial plans need not be reported.

3. Where alternative methods of reporting are available under paragraph (b) (2) (v) (E) of this item, the same method should be used for each of the named executive officers. If the registrant chooses to change methods from one year to the next, that fact, and the reason therefor, should be disclosed in a footnote to column (i).

Instruction to Item 402(b): Information with respect to fiscal years prior to the last completed fiscal year will not be required if the registrant was not a reporting company pursuant to Section 13(a) or 15(d) of the Exchange Act at any time during that year, except that the registrant will be required to provide information for any such year if that information previously was required to be provided in response to a Commission filing requirement.

(c) *Option/SAR grants table.* (1) The information specified in paragraph (c)(2) of this item, concerning individual grants of stock options (whether or not in tandem with SARs) and freestanding SARs (including options and SARs that subsequently have been transferred) made during the last completed fiscal year to each of the named executive officers shall be provided in the tabular format specified as follows:

OPTION/SAR GRANTS IN LAST FISCAL YEAR
[Individual Grants]

Name	Number of securities underlying options/SARs granted (#)	Percent of total options/SARs granted to employees in fiscal year	Exercise or base price (\$/Sh)	Expiration date
(a)	(b)	(c)	(d)	(e)
CEO				
A				
B				
C				
D				

(2) The Table shall include, with respect to each grant:

(i) The name of the executive officer (column (a));

(ii) number of securities underlying option/SARs granted (column (b)).

(iii) The percent the grant represents of total options and SARs granted to employees during the fiscal year (column (c));

(iv) The per-share exercise or base price of the options or SARs granted

(column (d)). If such exercise or base price is less than the market price of the underlying security on the date of grant, a separate, adjoining column shall be added showing market price on the date of grant; and

(v) The expiration date of the options or SARs (column (e)).

Instructions to Item 402(c): 1. If more than one grant of options and/or freestanding SARs was made to a named executive officer during the last completed fiscal year, a separate

line should be used to provide disclosure of each such grant. However, multiple grants during a single fiscal year may be aggregated where each grant was made at the same exercise and/or base price and has the same expiration date, and the same performance vesting thresholds, if any. A single grant consisting of options and/or freestanding SARs shall be reported as separate grants with respect to each tranche with a different exercise and/or base price, performance vesting threshold, or expiration date.

2. Options or freestanding SARs granted in connection with an option repricing transaction shall be reported in this table. See Instruction 3 to paragraph (b)(2)(iv) of this item.

3. Any material term of the grant, including but not limited to the date of exercisability, the number of SARs, performance units or other instruments granted in tandem with options, a performance-based condition to exercisability, a reload feature, or a tax-reimbursement feature, shall be footnoted.

4. If the exercise or base price is adjustable over the term of any option or freestanding SAR in accordance with any prescribed standard or formula, including but not limited to an index or premium price provision, describe the following, either by footnote to column (c) or in narrative accompanying the Table:

- (a) The standard or formula; and
- (b) Any constant assumption made by the registrant regarding any adjustment to the exercise price in calculating the potential option or SAR value.

5. If any provision of a grant (other than an antidilution provision) could cause the exercise price to be lowered, registrants must clearly and fully disclose these provisions and their potential consequences either by a footnote or accompanying textual narrative.

6. In determining the grant-date market or base price of the security underlying options or freestanding SARs, the registrant may use either the closing market price per share of the security, or any other formula prescribed for the security.

(d) *Aggregated option/SAR exercises and fiscal year-end option/SAR Value Table.*

(1) The information specified in paragraph (d)(2) of this item, concerning each exercise of stock options (or tandem SARs) and freestanding SARs during the last completed fiscal year by each of the named executive officers and the fiscal year-end value of unexercised options and SARs, shall be provided on an aggregated basis in the tabular format specified below:

AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR AND FY-END OPTION/SAR VALUES

Name	Shares acquired on exercise (#)	Value realized (\$)	Number of securities underlying unexercised options/SARs at FY-end (#) Exercisable/Unexercisable	Value of unexercised in-the-money options/SARs at FY-end (\$) Exercisable/Unexercisable
(a)	(b)	(c)	(d)	(e)
CEO				
A				
B				
C				
D				

(2) The table shall include:

- (i) The name of the executive officer (column (a));
- (ii) The number of shares received upon exercise, or, if no shares were received, the number of securities with respect to which the options or SARs were exercised (column (b));
- (iii) The aggregate dollar value realized upon exercise (column (c));
- (iv) The total number of securities underlying unexercised options and SARs held at the end of the last completed fiscal year, separately identifying the exercisable and unexercisable options and SARs (column (d)); and

- (v) The aggregate dollar value of in-the-money, unexercised options and SARs held at the end of the fiscal year, separately identifying the exercisable and unexercisable options and SARs (column (e)).

Instructions to Item 402(d)(2): 1. Options or freestanding SARs are in-the-money if the fair market value of the underlying securities exceeds the exercise or base price of the option or SAR. The dollar values in columns (c) and (e) are calculated by determining the difference between the fair market value of the securities underlying the options or SARs and the exercise or base price of the options or SARs at exercise or fiscal year-end, respectively.

Securities and Exchange Commission

§ 228.402

2. In calculating the dollar value realized upon exercise (column (c)), the value of any related payment or other consideration provided (or to be provided) by the registrant to or on behalf of a named executive officer, whether in payment of the exercise price or related taxes, shall not be included. Payments by the registrant in reimbursement of tax obligations incurred by a named executive officer are required to be disclosed in ac-

cordance with paragraph (b)(2)(iii)(C)(4) of this item.

(e) *Long-Term Incentive Plan (“LTIP”) awards table.* (1) The information specified in paragraph (e)(2) of this item, regarding each award made to a named executive officer in the last completed fiscal year under any LTIP, shall be provided in the tabular format specified below:

LONG-TERM INCENTIVE PLANS—AWARDS IN LAST FISCAL YEAR

(a) Name	(b) Number of shares, units or other rights (#)	(c) Performance or other period until maturation or payout	Estimated Future Payouts under Non-Stock Price-Based Plans		
			(d) Threshold (\$ or #)	(e) Target (\$ or #)	(f) Maximum (\$ or #)

A					
B					
C					
D					

(2) The Table shall include: (i) The name of the executive officer (column (a));

(ii) The number of shares, units or other rights awarded under any LTIP, and, if applicable, the number of shares underlying any such unit or right (column (b));

(iii) The performance or other time period until payout or maturation of the award (column (c)); and

(iv) For plans not based on stock price, the dollar value of the estimated payout, the number of shares to be awarded as the payout or a range of estimated payouts denominated in dollars or number of shares under the award (threshold, target and maximum amount) (columns (d) through (f)).

Instructions to Item 402(e): 1. For purposes of this paragraph, the term “long-term incentive plan” or “LTIP” shall be defined in accordance with paragraph (a)(6)(iii) of this item.

2. Describe in a footnote or in narrative text accompanying this table the material terms of any award, including a general description of the formula or criteria to be applied in determining the amounts payable. Registrants are not required to disclose any factor, criterion or performance-related or other condition to payout or maturation of a particular award that involves confidential commercial or business information, disclosure of which would adversely affect the registrant’s competitive position.

3. Separate disclosure shall be provided in the Table for each award made to a named

executive officer, accompanied by the information specified in Instruction 2 to this paragraph. If awards are made to a named executive officer during the fiscal year under more than one plan, identify the particular plan under which each such award was made.

4. For column (d), “threshold” refers to the minimum amount payable for a certain level of performance under the plan. For column (e), “target” refers to the amount payable if the specified performance target(s) are reached. For column (f), “maximum” refers to the maximum payout possible under the plan.

5. In column (e), registrants must provide a representative amount based on the previous fiscal year’s performance if the target award is not determinable.

6. A tandem grant of two instruments, only one of which is pursuant to a LTIP, need be reported only in the table applicable to the other instrument. For example, an option granted in tandem with a performance share would be reported only as an option grant, with the tandem feature noted.

(f) *Compensation of directors—(1) Standard arrangements.* Describe any standard arrangements, stating amounts, pursuant to which directors of the registrant are compensated for any services provided as a director, including any additional amounts payable for committee participation or special assignments.

(2) *Other arrangements.* Describe any other arrangements pursuant to which any director of the registrant was compensated during the registrant’s last completed fiscal year for any service

§ 228.403

provided as a director, stating the amount paid and the name of the director.

Instruction to Item 402(f)(2): The information required by paragraph (f)(2) of this item shall include any arrangement, including consulting contracts, entered into in consideration of the director's service on the board. The material terms of any such arrangement shall be included.

(g) *Employment contracts and termination of employment and change-in-control arrangements.* Describe the terms and conditions of each of the following contracts or arrangements:

(1) Any employment contract between the registrant and a named executive officer; and

(2) Any compensatory plan or arrangement, including payments to be received from the registrant, with respect to a named executive officer, if such plan or arrangement results or will result from the resignation, retirement or any other termination of such executive officer's employment with the registrant and its subsidiaries or from a change-in-control of the registrant or a change in the named executive officer's responsibilities following a change-in-control and the amount involved, including all periodic payments or installments, exceeds \$100,000.

(h) *Report on repricing of options/SARs.*

(1) If at any time during the last completed fiscal year, the registrant, while a reporting company pursuant to section 13(a) or 15(d) of the Exchange Act [15 U.S.C. 78m(a), 78o(d)], has adjusted or amended the exercise price of stock options or SARs previously awarded to any of the named executive officers, whether through amendment, cancellation or replacement grants, or any other means ("repriced"), the registrant shall provide the information specified in paragraph (h)(2) of this item.

(2) The compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) shall explain in reasonable detail any such repricing of options and or SARs held by a named executive officer in the last completed fiscal year, as well as the basis for each such repricing.

17 CFR Ch. II (4-1-01 Edition)

Instructions to Item 402(h): 1. A replacement grant is any grant of options or SARs reasonably related to any prior or potential option or SAR cancellation, whether by an exchange of existing options or SARs for options or SARs with new terms; the grant of new options or SARs in tandem with previously granted options or SARs that will operate to cancel the previously granted options or SARs upon exercise; repricing of previously granted options or SARs; or otherwise. If a corresponding original grant was canceled in a prior year, information about such grant nevertheless must be disclosed pursuant to this paragraph.

2. If the replacement grant is not made at the current market price, describe the terms of the grant in a footnote or accompanying textual narrative.

3. This paragraph shall not apply to any repricing occurring through the operation of:

- a. A plan formula or mechanism that results in the periodic adjustment of the option or SAR exercise or base price;
- b. A plan antidilution provision; or
- c. A recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

as a group, without naming them. Show in column (3) the total number of shares beneficially owned and in column (4) the percent of class so owned. Of the number of shares shown in column (3), indicate, by footnote or otherwise, the amount of shares with respect to which such persons have the right to acquire beneficial ownership as specified in §240.13d—3(d)(1) of this chapter.

Instructions to Item 403 1. Of the number of shares shown in column (3) of paragraphs (a) and (b) of this Item, state in a footnote the amount which the listed beneficial owner has the right to acquire within sixty days, from options, warrants, rights, conversion privilege or similar obligations.

- (b) Any person who, directly or indirectly, creates or uses a trust, proxy, power of attorney, pooling arrangement or any other contract, arrangement or device with the purpose or effect of divesting such person of ben-

eficial ownership of a security or preventing the vesting of such beneficial ownership.

5. All securities of the same class beneficially owned by a person, regardless of the form that such beneficial ownership takes, shall be totaled in calculating the number of shares beneficially owned by such person.

6. The small business issuer is responsible for knowing the contents of any statements filed with the Commission under section 13(d) or 13(g) of the Exchange Act concerning the beneficial ownership of securities and may rely upon the information in such statements unless it knows or has reason to believe that the information is not complete or accurate.

7. The term “group” means two or more persons acting as a partnership, syndicate, or other group for the purpose of acquiring, holding or disposing of securities of an issuer.

8. Where the small business issuer lists more than one beneficial owner for the same securities, adequate disclosure should be included to avoid confusion.

(2) As to any assets acquired or to be acquired from a promoter, state the amount at which the assets were acquired or are to be acquired and the principle followed or to be followed in determining such amount and identify the persons making the determination and their relationship, if any, with the registrant or any promoter. If the assets were acquired by the promoter within two years prior to their transfer to the issuer, also state the cost thereof to the promoter.

Instructions to Item 404: 1. A person does not have a material indirect interest in a transaction within the meaning of this Item where:

(a) The interest arises only:

(1) from such person's position as a director of another corporation or organization (other than a partnership) which is a party to the transaction and/or

(2) from the total ownership (direct or indirect) by all specified persons of less than a 10% equity interest in another person (other than a partnership) which is a party to the transaction;

(b) The interest arises only from such person's position as a limited partner in a partnership in which he and all other specified

persons had an interest of less than 10 percent; or

(c) The interest of such person arises solely from holding an equity interest (but not a general partnership interest) or a creditor interest in another person that is a party to the transaction and the transaction is not material to such other person.

2. Include information for any material underwriting discounts and commissions upon the sale of securities by the small business issuer where any of the specified persons was or is to be a principal underwriter or is a controlling person or member of a firm that was or is to be a principle underwriter.

3. As to any transaction involving the purchase or sale of assets by or to the small business issuer otherwise than in the ordinary course of business, state the cost of the assets to the purchase and if acquired by the seller within two years before the transaction, the cost thereof to the seller.

§ 228.405 (Item 405) Compliance With Section 16(a) of the Exchange Act.

Every small business issuer that has a class of equity securities registered pursuant to Section 12 of the Exchange Act (15 U.S.C. 78l) shall:

(a) Based solely upon a review of Forms 3 and 4 (17 CFR 249.103 and 249.104 of this chapter) and amendments thereto furnished to the registrant under Rule 16a-3(e) (17 CFR 240.16a-3(e) of this chapter) during its most recent fiscal year and Forms 5 and amendments thereto (§249.105 of this chapter) furnished to the registrant with respect to its most recent fiscal year, and any written representation referred to in paragraph (b)(2)(i) of this Item:

(1) Under the caption "Section 16(a) Beneficial Ownership Reporting Compliance," identify each person who, at any time during the fiscal year, was a director, officer, beneficial owner of more than ten percent of any class of equity securities of the registrant registered pursuant to section 12 ("reporting person") that failed to file on a timely basis, as disclosed in the above Forms, reports required by section 16(a) of the Exchange Act during the most recent fiscal year or prior fiscal years.

(2) For each such person, set forth the number of late reports, the number of transactions that were not reported on a timely basis, and any known failure to file a required Form. A known failure to file would include, but not be

limited to, a failure to file a Form 3, which is required of all reporting persons, and a failure to file a Form 5 in the absence of the written representation referred to in paragraph (b)(2)(i) of this section, unless the registrant otherwise knows that no Form 5 is required.

NOTE: The disclosure requirement is based on a review of the forms submitted to the registrant during and with respect to its most recent fiscal year, as specified above. Accordingly, a failure to file timely need only be disclosed once. For example, if in the most recently concluded fiscal year a reporting person filed a Form 4 disclosing a transaction that took place in the prior fiscal year, and should have been reported in that year, the registrant should disclose that late filing and transaction pursuant to this Item for the most recent fiscal year, but not in material filed with respect to subsequent years.

(b) With respect to the disclosure required by paragraph (a) of this Item:

(1) A form received by the registrant within three calendar days of the required filing date may be presumed to have been filed with the Commission by the required filing date.

(2) If the registrant:

(i) receives a written representation from the reporting person that no Form 5 is required; and

(ii) maintains the representation for two years, making a copy available to the Commission or its staff upon request, the registrant need not identify such reporting person pursuant to paragraph (a) of this Item as having failed to file a Form 5 with respect to that fiscal year.

2. If any material amount of the proceeds is to be used to acquire assets or finance the acquisitions of other businesses, describe the assets or businesses and identify the persons from whom they will be bought. (1) The net tangible book value per share before and after the distribution;

§ 228.507

If there is an arrangement under which the underwriter may purchase additional shares in connection with the offering, such as an over-allotment option, describe that arrangement and disclose information on the total offering price, underwriting discounts and commissions, and total proceeds assuming the underwriter purchases all of the shares subject to that arrangement.

(b) *New underwriters.* Describe the business experience of managing or principal underwriters that have been in business less than three years, state their principal business function and identify any material relationships between the promoters of the issuer and the underwriter(s). This information need not be given if:

(h) *Discretionary accounts.* If the small business issuer is not a reporting company, identify any principal underwriter that intends to sell to any discretionary accounts and include an estimate of the amount of securities so intended to be sold. (i) *Passive market making.* If the underwriters or any selling group members intend to engage in passive market making transactions as permitted by Rule 103 of Regulation M (§ 242.103 of this chapter), indicate such intention and briefly describe passive market making.

(j) *Stabilization and other transactions.*

(1) Briefly describe any transaction that the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering transactions, penalty bids, or any other transaction that affects the offered security's price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security's price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;

(2) If the stabilizing began before the effective date of the registration statement, disclose the amount of securities bought, the prices at which they were bought, and the period within which they were bought. (b) *Counsel*—is counsel named in the prospectus as having given an opinion on the validity of the securities being registered or upon other legal matters concerning the registration or offering of the securities.

Instruction to Item 509: 1. The small business issuer does not need to disclose the interest of an expert (other than an accountant) or counsel if their interest (including the fair market value of all securities of the small business issuer received and to be received, or subject to options, warrants or rights received or to be received) does not exceed \$50,000.

§ 228.510 (Item 510) Disclosure of Commission Position on Indemnification for Securities Act Liabilities.

Describe the indemnification provisions for directors, officers and controlling persons of the small business issuer against liability under the Securities Act. This includes any provision in the underwriting agreement which indemnifies the underwriter or its controlling persons against such liabilities where a director, officer or controlling person of the small business issuer is such an underwriter or controlling person or a member of any firm which is such an underwriter. In addition, provide the undertaking in the first sentence of Item 512(e).

§ 228.511 (Item 511) Other Expenses of Issuance and Distribution.

(a) Give an itemized statement of all expenses of the offering, other than underwriting discounts and commissions. If any of the securities are registered for sale by security holders, state how much of the expenses the security holders will pay.

(1) The itemized list should generally include registration fees, federal taxes, state taxes and fees, trustees' and transfer agents' fees, costs of printing and engraving, legal, accounting, and engineering fees and any listing fees.

(2) Include as a separate item any premium paid by the small business issuer or any selling security holder on any policy to insure or indemnify directors or officers against any liabilities they may incur in the registration, offering, or sale of these securities.

(b) [Reserved]

Instruction to Item 511: 1. If the amounts of any items are not known, give estimates but identify them as such.

§ 228.512 (Item 512) Undertakings.

Include each of the following undertakings that apply to the offering.

(a) *Rule 415 Offering.* If the small business issuer is registering securities under Rule 415 of the Securities Act (§230.415 of this chapter), that the small business issuer will:

(1) File, during any period in which it offers or sells securities, a post-effective amendment to this registration statement to:

(i) Include any prospectus required by section 10(a)(3) of the Securities Act;

(ii) Reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (§230.424(b) of this chapter) if, in the aggregate, the changes in volume and

price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) Include any additional or changed material information on the plan of distribution.

NOTE: Small business issuers do not need to give the statements in paragraphs (a)(1)(i) and (a)(1)(ii) of this Item if the registration statement is on Form S-3 or S-8 (§§ 239.13 or 239.16b of this chapter), and the information required in a post-effective amendment is incorporated by reference from periodic reports filed by the small business issuer under the Exchange Act.

(2) For determining liability under the Securities Act, treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.

(3) File a post-effective amendment to remove from registration any of the securities that remain unsold at the end of the offering.

(b) *Warrants and rights offerings.* If the small business issuer will offer the securities to existing security holders under warrants or rights and the small business issuer will reoffer to the public any securities not taken by security holders, with any modifications that suit the particular case—The small business issuer will supplement the prospectus, after the end of the subscription period, to include the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities that the underwriters will purchase and the terms of any later reoffering. If the underwriters make any public offering of the securities on terms different from those on the cover page of the prospectus, the small business issuer will file a post-effective amendment to state the terms of such offering.

(c) *Competitive bids.* If the small business issuer is offering securities at competitive bidding, with modifications to suit the particular case, the small business issuer will:

(1) Use its best efforts to distribute before the opening of bids, to prospective bidders, underwriters, and dealers,

a reasonable number of copies of a prospectus that meet the requirements of section 10(a) of the Securities Act, and relating to the securities offered at competitive bidding, as contained in the registration statement, together with any supplements; and

(2) File an amendment to the registration statement reflecting the results of bidding, the terms of the offering and related matters where required by the applicable form, not later than the first use, authorized by the issuer after the opening of bids, of a prospectus relating to the securities offered at competitive bidding, unless the issuer proposes no further public offering of such securities by the issuer or by the purchasers.

(d) *Equity offerings of nonreporting small business issuers.* If a small business issuer that before the offering had no duty to file reports with the Commission under section 13(a) or 15(d) of the Exchange Act is registering equity securities for sale in an underwritten offering—The small business issuer will provide to the underwriter at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

(e) *Request for acceleration of effective date.* If the small business issuer will request acceleration of the effective date of the registration statement under Rule 461 under the Securities Act, include the following:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the “Act”) may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person

in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(f) If the issuer relies on Rule 430A under the Securities Act [§ 230.430A of this chapter], that the small business issuer will:

(1) For determining any liability under the Securities Act, treat the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the small business issuer under Rule 424(b)(1), or (4) or 497(h) under the Securities Act (§§ 230.424(b)(1), (4) or 230.497(h)) as part of this registration statement as of the time the Commission declared it effective.

(2) For determining any liability under the Securities Act, treat each post-effective amendment that contains a form of prospectus as a new registration statement for the securities offered in the registration statement, and that offering of the securities at that time as the initial bona fide offering of those securities.

§ 228.601 (Item 601) Exhibits.

(a) *Exhibits and index of exhibits.* (1) The exhibits required by the exhibit table generally must be filed or incorporated by reference. The Financial Data Schedule required by paragraph (b)(27) of this Item must be submitted to the Commission as provided in paragraph (c) of this Item.

(2) Each filing must have an index of exhibits. The exhibit index must list exhibits in the same order as the exhibit table. If the exhibits are incorporated by reference, this fact should be noted in the exhibit index. In the manually signed registration statement or report, the exhibit index should give the page number of each exhibit.

§ 228.601

17 CFR Ch. II (4-1-01 Edition)

(3) If a material contract or plan of acquisition, reorganization, arrangement, liquidation or succession is executed or becomes effective during the reporting period covered by a Form 10-QSB or Form 10-KSB, it must be filed as an exhibit to the Form 10-QSB or Form 10-KSB filed for the same period. Any amendment or modification to a previously filed exhibit to a Form 10-SB, 10-KSB or 10-QSB document must be filed as an exhibit to a Form 10-QSB or 10-KSB. The amendment or modification does not need to be filed if the previously filed exhibit would not be currently required.

Instructions to Item 601(a): 1. If an exhibit (other than an opinion or consent) is filed in preliminary form and is later changed to include only interest, dividend or conversion rates, redemption or conversion prices, pur-

chase or offering prices, underwriters' or dealers' commissions, names, addresses or participation of underwriters or similar matters and the information appears elsewhere in the registration statement or a prospectus, no amendment need be filed.

2. Small business issuers may file copies of each exhibit, rather than originals, except as otherwise specifically noted.

3. *Electronic filings.* Whenever an exhibit is filed in paper pursuant to a hardship exemption (§§ 232.201 and 232.202 of this chapter), the letter "P" (paper) should be placed next to the exhibit in the list of exhibits required by Item 601(a)(2) of this Rule (§ 228.601(a)(2)). Whenever an electronic confirming copy of an exhibit is filed pursuant to a hardship exemption (§ 232.201 or § 232.202(d) of this chapter), the exhibit index should specify where the confirming electronic copy can be located; in addition, the designation "CE" (confirming electronic) should be placed next to the listed exhibit in the exhibit index.

Subpart 229.1—General

§ 229.10 General.

(a) *Application of Regulation S-K.* This part (together with the General Rules and Regulations under the Securities Act of 1933, 15 U.S.C. 77a *et seq.*, as amended (*Securities Act*), and the Securities Exchange Act of 1934, 15 U.S.C. 78a *et seq.*, as amended (*Exchange Act*) (parts 230 and 240 of this chapter), the Interpretative Releases under these Acts (parts 231 and 241 of this chapter) and the forms under these Acts (parts 239 and 249 of this chapter)) states the requirements applicable to the content of the non-financial statement portions of:

(1) Registration statements under the Securities Act (part 239 of this chapter) to the extent provided in the forms to be used for registration under such Act; and

(2) Registration statements under section 12 (subpart C of part 249 of this chapter), annual or other reports under sections 13 and 15(d) (subparts D and E of part 249 of this chapter), going-private transaction statements under section 13 (part 240 of this chapter), tender offer statements under sections 13 and 14 (part 240 of this chapter), annual reports to security holders and proxy and information statements under section 14 (part 240 of this chapter), and any other documents required to be filed under the Exchange Act, to the extent provided in the forms and rules under that Act.

(b) *Commission policy on projections.* The Commission encourages the use in documents specified in Rule 175 under the Securities Act (§230.175 of this chapter) and Rule 3b-6 under the Exchange Act (§240.3b-6 of this chapter) of management's projections of future economic performance that have a reasonable basis and are presented in an appropriate format. The guidelines set forth herein represent the Commission's views on important factors to be considered in formulating and disclosing such projections.

(1) *Basis for projections.* The Commission believes that management must have the option to present in Commission filings its good faith assessment of

a registrant's future performance. Management, however, must have a reasonable basis for such an assessment. Although a history of operations or experience in projecting may be among the factors providing a basis for management's assessment, the Commission does not believe that a registrant always must have had such a history or experience in order to formulate projections with a reasonable basis. An outside review of management's projections may furnish additional support for having a reasonable basis for a projection. If management decides to include a report of such a review in a Commission filing, there also should be disclosure of the qualifications of the reviewer, the extent of the review, the relationship between the reviewer and the registrant, and other material factors concerning the process by which any outside review was sought or obtained. Moreover, in the case of a registration statement under the Securities Act, the reviewer would be deemed an expert and an appropriate consent must be filed with the registration statement.

(2) *Format for projections.* In determining the appropriate format for projections included in Commission filings, consideration must be given to, among other things, the financial items to be projected, the period to be covered, and the manner of presentation to be used. Although traditionally projections have been given for three financial items generally considered to be of primary importance to investors (revenues, net income (loss) and earnings (loss) per share), projection information need not necessarily be limited to these three items. However, management should take care to assure that the choice of items projected is not susceptible of misleading inferences through selective projection of only favorable items. Revenues, net income (loss) and earnings (loss) per share usually are presented together in order to avoid any misleading inferences that may arise when the individual items reflect contradictory trends. There may be instances, however, when it is appropriate to present earnings (loss) from continuing operations, or income (loss) before extraordinary items in addition to or in lieu of

net income (loss). It generally would be misleading to present sales or revenue projections without one of the foregoing measures of income. The period that appropriately may be covered by a projection depends to a large extent on the particular circumstances of the company involved. For certain companies in certain industries, a projection covering a two or three year period may be entirely reasonable. Other companies may not have a reasonable basis for projections beyond the current year. Accordingly, management should select the period most appropriate in the circumstances. In addition, management, in making a projection, should disclose what, in its opinion, is the most probable specific amount or the most reasonable range for each financial item projected based on the selected assumptions. Ranges, however, should not be so wide as to make the disclosures meaningless. Moreover, several projections based on varying assumptions may be judged by management to be more meaningful than a single number or range and would be permitted.

(3) *Investor understanding.* (i) When management chooses to include its projections in a Commission filing, the disclosures accompanying the projections should facilitate investor understanding of the basis for and limitations of projections. In this regard investors should be cautioned against attributing undue certainty to management's assessment, and the Commission believes that investors would be aided by a statement indicating management's intention regarding the furnishing of updated projections. The Commission also believes that investor understanding would be enhanced by disclosure of the assumptions which in management's opinion are most significant to the projections or are the key factors upon which the financial results of the enterprise depend and encourages disclosure of assumptions in a manner that will provide a framework for analysis of the projection.

(ii) Management also should consider whether disclosure of the accuracy or inaccuracy of previous projections would provide investors with important insights into the limitations of

projections. In this regard, consideration should be given to presenting the projections in a format that will facilitate subsequent analysis of the reasons for differences between actual and forecast results. An important benefit may arise from the systematic analysis of variances between projected and actual results on a continuing basis, since such disclosure may highlight for investors the most significant risk and profit-sensitive areas in a business operation.

(iii) With respect to previously issued projections, registrants are reminded of their responsibility to make full and prompt disclosure of material facts, both favorable and unfavorable, regarding their financial condition. This responsibility may extend to situations where management knows or has reason to know that its previously disclosed projections no longer have a reasonable basis.

(iv) Since a registrant's ability to make projections with relative confidence may vary with all the facts and circumstances, the responsibility for determining whether to discontinue or to resume making projections is best left to management. However, the Commission encourages registrants not to discontinue or to resume projections in Commission filings without a reasonable basis.

(c) *Commission policy on security ratings.* In view of the importance of security ratings (*ratings*) to investors and the marketplace, the Commission permits registrants to disclose, on a voluntary basis, ratings assigned by rating organizations to classes of debt securities, convertible debt securities and preferred stock in registration statements and periodic reports. In addition, the Commission permits, pursuant to Rule 134(a)(14) under the Securities Act (§ 230.134(a)(14) of this chapter), voluntary disclosure of ratings assigned by any nationally recognized statistical rating organizations (*NRSROs*) in certain communications deemed not to be a prospectus (*tombstone advertisements*). Set forth herein are the Commission's views on important matters to be considered in disclosing security ratings.

(1) *Securities Act filings.* (i) If a registrant includes in a registration state-

ment filed under the Securities Act any rating(s) assigned to a class of securities, it should consider including: (A) Any other rating intended for public dissemination assigned to such class by a NRSRO (*additional NRSRO rating*) that is available on the date of the initial filing of the document and that is materially different from any rating disclosed; and (B) the name of each rating organization whose rating is disclosed; each such rating organization's definition or description of the category in which it rated the class of securities; the relative rank of each rating within the assigning rating organization's overall classification system; and a statement informing investors that a security rating is not a recommendation to buy, sell or hold securities, that it may be subject to revision or withdrawal at any time by the assigning rating organization, and that each rating should be evaluated independently of any other rating. The registrant also should include the written consent of any rating organization that is not a NRSRO whose rating is included. With respect to the written consent of any NRSRO whose rating is included, see Rule 436(g) under the Securities Act (§ 230.436(g) of this chapter). When the registrant has filed a registration statement on Form F-9 (§ 239.39 of this chapter), see Rule 436(g) (§ 230.436(g) of this chapter) under the Securities Act with respect to the written consent of any rating organization specified in the Instruction to paragraph (a)(2) of General Instruction I of Form F-9.

(ii) If a change in a rating already included is available subsequent to the filing of the registration statement, but prior to its effectiveness, the registrant should consider including such rating change in the final prospectus. If the rating change is material or if a materially different rating from any disclosed becomes available during this period, the registrant should consider amending the registration statement to include the rating change or additional rating and recirculating the preliminary prospectus.

(iii) If a materially different additional NRSRO rating or a material change in a rating already included becomes available during any period in

which offers or sales are being made, the registrant should consider disclosing such additional rating or rating change by means of post-effective amendment or sticker to the prospectus pursuant to Rule 424(b) under the Securities Act (§230.424(b) of this chapter), unless, in the case of a registration statement on Form S-3 (§239.13 of this chapter), it has been disclosed in a document incorporated by reference into the registration statement subsequent to its effectiveness and prior to the termination of the offering.

(2) *Exchange Act filings.* (i) If a registrant includes in a registration statement or periodic report filed under the Exchange Act any rating(s) assigned to a class of securities, it should consider including the information specified in paragraphs (c)(1)(i)(A) and (B) of this section.

(ii) If there is a material change in the rating(s) assigned by any NRSRO(s) to any outstanding class(es) of securities of a registrant subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act, the registrant should consider filing a report on Form 8-K (§249.308 of this chapter) or other appropriate report under the Exchange Act disclosing such rating change.

(d) *Incorporation by Reference.* Where rules, regulations, or instructions to forms of the Commission permit incorporation by reference, a document may be so incorporated by reference to the specific document and to the prior filing or submission in which such document was physically filed or submitted. Except where a registrant or issuer is expressly required to incorporate a document or documents by reference, reference may not be made to any document which incorporates another document by reference if the pertinent portion of the document containing the information or financial statements to be incorporated by reference includes an incorporation by reference to another document. No document on file with the Commission for more than five years may be incorporated by reference except:

(1) Documents contained in registration statements, which may be incorporated by reference as long as the reg-

istrant has a reporting requirement with the Commission; or

(2) Documents that the registrant specifically identifies by physical location by SEC file number reference, provided such materials have not been disposed of by the Commission pursuant to its Records Control Schedule (17 CFR 200.80f).

Subpart 229.100—Business

§ 229.101 (Item 101) Description of business.

(a) *General development of business.* Describe the general development of the business of the registrant, its subsidiaries and any predecessor(s) during the past five years, or such shorter period as the registrant may have been engaged in business. Information shall be disclosed for earlier periods if material to an understanding of the general development of the business.

(1) In describing developments, information shall be given as to matters such as the following: the year in which the registrant was organized and its form of organization; the nature and results of any bankruptcy, receivership or similar proceedings with respect to the registrant or any of its significant subsidiaries; the nature and results of any other material reclassification, merger or consolidation of the registrant or any of its significant subsidiaries; the acquisition or disposition of any material amount of assets otherwise than in the ordinary course of business; and any material changes in the mode of conducting the business.

(2) Registrants, (i) filing a registration statement on Form S-1 (§239.11 of this chapter) under the Securities Act or on Form 10 and Form 10-SB (§249.210 of this chapter) under the Exchange Act, (ii) not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act immediately prior to the filing of such registration statement, and (iii) that (including predecessors) have not received revenue from operations during each of the 3 fiscal years immediately prior to the

filing of registration statement, shall provide the following information:

(A) If the registration statement is filed prior to the end of the registrant's second fiscal quarter, a description of the registrant's plan of operation for the remainder of the fiscal year; or

(B) If the registration statement is filed subsequent to the end of the registrant's second fiscal quarter, a description of the registrant's plan of operation for the remainder of the fiscal year and for the first six months of the next fiscal year. If such information is not available, the reasons for its not being available shall be stated. Disclosure relating to any plan shall include such matters as:

(1) In the case of a registration statement on Form S-1, a statement in narrative form indicating the registrant's opinion as to the period of time that the proceeds from the offering will satisfy cash requirements and whether in the next six months it will be necessary to raise additional funds to meet the expenditures required for operating the business of the registrant; the specific reasons for such opinion shall be set forth and categories of expenditures and sources of cash resources shall be identified; however, amounts of expenditures and cash resources need not be provided; in addition, if the narrative statement is based on a cash budget, such budget shall be furnished to the Commission as supplemental information, but not as part of the registration statement;

(2) An explanation of material product research and development to be performed during the period covered in the plan;

(3) Any anticipated material acquisition of plant and equipment and the capacity thereof;

(4) Any anticipated material changes in number of employees in the various departments such as research and development, production, sales or administration; and

(5) Other material areas which may be peculiar to the registrant's business.

(b) *Financial information about segments.* Report for each segment, as defined by generally accepted accounting principles, revenues from external customers, a measure of profit or loss and total assets. A registrant must report

this information for each of the last three fiscal years or for as long as it has been in business, whichever period is shorter. If the information provided in response to this paragraph (b) conforms with generally accepted accounting principles, a registrant may include in its financial statements a cross reference to this data in lieu of presenting duplicative information in the financial statements; conversely, a registrant may cross reference to the financial statements.

(1) If a registrant changes the structure of its internal organization in a manner that causes the composition of its reportable segments to change, the registrant must restate the corresponding information for earlier periods, including interim periods, unless it is impracticable to do so. Following a change in the composition of its reportable segments, a registrant shall disclose whether it has restated the corresponding items of segment information for earlier periods. If it has not restated the items from earlier periods, the registrant shall disclose in the year in which the change occurs segment information for the current period under both the old basis and the new basis of segmentation, unless it is impracticable to do so.

(2) If the registrant includes, or is required by Article 3 of Regulation S-X (17 CFR 210) to include, interim financial statements, discuss any facts relating to the performance of any of the segments during the period which, in the opinion of management, indicate that the three year segment financial data may not be indicative of current or future operations of the segment. Comparative financial information shall be included to the extent necessary to the discussion.

(c) *Narrative description of business.* (1) Describe the business done and intended to be done by the registrant and its subsidiaries, focusing upon the registrant's dominant segment or each reportable segment about which financial information is presented in the financial statements. To the extent material to an understanding of the registrant's business taken as a whole, the description of each such segment shall include the information specified in paragraphs (c)(1) (i) through (x) of this section. The

matters specified in paragraphs (c)(1) (xi) through (xiii) of this section shall be discussed with respect to the registrant's business in general; where material, the segments to which these matters are significant shall be identified.

(i) The principal products produced and services rendered by the registrant in the segment and the principal markets for, and methods of distribution of, the segment's principal products and services. In addition, state for each of the last three fiscal years the amount or percentage of total revenue contributed by any class of similar products or services which accounted for 10 percent or more of consolidated revenue in any of the last three fiscal years or 15 percent or more of consolidated revenue, if total revenue did not exceed \$50,000,000 during any of such fiscal years.

(ii) A description of the status of a product or segment (*e.g.* whether in the planning stage, whether prototypes exist, the degree to which product design has progressed or whether further engineering is necessary), if there has been a public announcement of, or if the registrant otherwise has made public information about, a new product or segment that would require the investment of a material amount of the assets of the registrant or that otherwise is material. This paragraph is not intended to require disclosure of otherwise nonpublic corporate information the disclosure of which would affect adversely the registrant's competitive position.

(iii) The sources and availability of raw materials.

(iv) The importance to the segment and the duration and effect of all patents, trademarks, licenses, franchises and concessions held.

(v) The extent to which the business of the segment is or may be seasonal.

(vi) The practices of the registrant and the industry (respective industries) relating to working capital items (*e.g.*, where the registrant is required to carry significant amounts of inventory to meet rapid delivery requirements of customers or to assure itself of a continuous allotment of goods from suppliers; where the registrant provides rights to return merchandise; or where

the registrant has provided extended payment terms to customers).

(vii) The dependence of the segment upon a single customer, or a few customers, the loss of any one or more of which would have a material adverse effect on the segment. The name of any customer and its relationship, if any, with the registrant or its subsidiaries shall be disclosed if sales to the customer by one or more segments are made in an aggregate amount equal to 10 percent or more of the registrant's consolidated revenues and the loss of such customer would have a material adverse effect on the registrant and its subsidiaries taken as a whole. The names of other customers may be included, unless in the particular case the effect of including the names would be misleading. For purposes of this paragraph, a group of customers under common control or customers that are affiliates of each other shall be regarded as a single customer.

(viii) The dollar amount of backlog orders believed to be firm, as of a recent date and as of a comparable date in the preceding fiscal year, together with an indication of the portion thereof not reasonably expected to be filled within the current fiscal year, and seasonal or other material aspects of the backlog. (There may be included as firm orders government orders that are firm but not yet funded and contracts awarded but not yet signed, provided an appropriate statement is added to explain the nature of such orders and the amount thereof. The portion of orders already included in sales or operating revenues on the basis of percentage of completion or program accounting shall be excluded.)

(ix) A description of any material portion of the business that may be subject to renegotiation of profits or termination of contracts or subcontracts at the election of the Government.

(x) Competitive conditions in the business involved including, where material, the identity of the particular markets in which the registrant competes, an estimate of the number of competitors and the registrant's competitive position, if known or reasonably available to the registrant. Separate consideration shall be given to the

principal products or services or classes of products or services of the segment, if any. Generally, the names of competitors need not be disclosed. The registrant may include such names, unless in the particular case the effect of including the names would be misleading. Where, however, the registrant knows or has reason to know that one or a small number of competitors is dominant in the industry it shall be identified. The principal methods of competition (*e.g.*, price, service, warranty or product performance) shall be identified, and positive and negative factors pertaining to the competitive position of the registrant, to the extent that they exist, shall be explained if known or reasonably available to the registrant.

(xi) If material, the estimated amount spent during each of the last three fiscal years on company-sponsored research and development activities determined in accordance with generally accepted accounting principles. In addition, state, if material, the estimated dollar amount spent during each of such years on customer-sponsored research activities relating to the development of new products, services or techniques or the improvement of existing products, services or techniques.

(xii) Appropriate disclosure also shall be made as to the material effects that compliance with Federal, State and local provisions which have been enacted or adopted regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, may have upon the capital expenditures, earnings and competitive position of the registrant and its subsidiaries. The registrant shall disclose any material estimated capital expenditures for environmental control facilities for the remainder of its current fiscal year and its succeeding fiscal year and for such further periods as the registrant may deem materials.

(xiii) The number of persons employed by the registrant.

(d) *Financial information about geographic areas.* (1) State for each of the registrant's last three fiscal years, or for each fiscal year the registrant has

been engaged in business, whichever period is shorter:

(i) Revenues from external customers attributed to:

(A) The registrant's country of domicile;

(B) All foreign countries, in total, from which the registrant derives revenues; and

(C) Any individual foreign country, if material. Disclose the basis for attributing revenues from external customers to individual countries.

(ii) Long-lived assets, other than financial instruments, long-term customer relationships of a financial institution, mortgage and other servicing rights, deferred policy acquisition costs, and deferred tax assets, located in:

(A) The registrant's country of domicile;

(B) All foreign countries, in total, in which the registrant holds assets; and

(C) Any individual foreign country, if material.

(2) A registrant shall report the amounts based on the financial information that it uses to produce the general-purpose financial statements. If providing the geographic information is impracticable, the registrant shall disclose that fact. A registrant may wish to provide, in addition to the information required by paragraph (d)(1) of this section, subtotals of geographic information about groups of countries. To the extent that the disclosed information conforms with generally accepted accounting principles, the registrant may include in its financial statements a cross reference to this data in lieu of presenting duplicative data in its financial statements; conversely, a registrant may cross-reference to the financial statements.

(3) A registrant shall describe any risks attendant to the foreign operations and any dependence on one or more of the registrant's segments upon such foreign operations, unless it would be more appropriate to discuss this information in connection with the description of one or more of the registrant's segments under paragraph (c) of this item.

(4) If the registrant includes, or is required by Article 3 of Regulation S-X

(17 CFR 210), to include, interim financial statements, discuss any facts relating to the information furnished under this paragraph (d) that, in the opinion of management, indicate that the three year financial data for geographic areas may not be indicative of current or future operations. To the extent necessary to the discussion, include comparative information.

(e) *Available information.* Disclose the following in any registration statement you file under the Securities Act of 1933:

(1) Whether you file reports with the Securities and Exchange Commission. If you are reporting company, identify the reports and other information you file with the SEC.

(2) That the public may read and copy any materials you file with the SEC at the SEC's Public Reference Room at 450 Fifth Street, NW., Washington, DC 20549. State that the public may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330. If you are an electronic filer, state that the SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC and state the address of that site (<http://www.sec.gov>). You are encouraged to give your Internet address, if available;

(f) *Reports to security holders.* Disclose the following information in any registration statement you file under the Securities Act:

(1) If the SEC's proxy rules or regulations, or stock exchange requirements, do not require you to send an annual report to security holders or to holders of American depository receipts, describe briefly the nature and frequency of reports that you will give to security holders. Specify whether the reports that you give will contain financial information that has been examined and reported on, with an opinion expressed "by" an independent public or certified public accountant.

(2) For a foreign private issuer, if the report will not contain financial information prepared in accordance with U.S. generally accepted accounting principles, you must state whether the report will include a reconciliation of

this information with U.S. generally accepted accounting principles.

(g) *Enforceability of civil liabilities against foreign persons.* Disclose the following if you are a foreign private issuer filing a registration statement under the Securities Act:

(1) Whether or not investors may bring actions under the civil liability provisions of the U.S. Federal securities laws against the foreign private issuer, any of its officers and directors who are residents of a foreign country, any underwriters or experts named in the registration statement that are residents of a foreign country, and whether investors may enforce these civil liability provisions when the assets of the issuer or these other persons are located outside of the United States. The disclosure must address the following matters:

(i) The investor's ability to effect service of process within the United States on the foreign private issuer or any person;

(ii) The investor's ability to enforce judgments obtained in U.S. courts against foreign persons based upon the civil liability provisions of the U.S. Federal securities laws;

(iii) The investor's ability to enforce, in an appropriate foreign court, judgments of U.S. courts based upon the civil liability provisions of the U.S. Federal securities laws; and

(iv) The investor's ability to bring an original action in an appropriate foreign court to enforce liabilities against the foreign private issuer or any person based upon the U.S. Federal securities laws.

(2) If you provide this disclosure based on an opinion of counsel, name counsel in the prospectus and file as an exhibit to the registration statement a signed consent of counsel to the use of its name and opinion.

Instructions to Item 101: 1. In determining what information about the segments is material to an understanding of the registrant's business taken as a whole and therefore required to be disclosed, pursuant to paragraph (c) of this Item, the registrant should take into account both quantitative and qualitative factors such as the significance of the matter to the registrant (*e.g.*, whether a matter with a relatively minor impact on the registrant's business is represented by management to be important to its future

§ 229.102

profitability), the pervasiveness of the matter (*e.g.*, whether it affects or may affect numerous items in the segment information), and the impact of the matter (*e.g.*, whether it distorts the trends reflected in the segment information). Situations may arise when information should be disclosed about a segment, although the information in quantitative terms may not appear significant to the registrant's business taken as a whole.

2. Base the determination of whether information about segments is required for a particular year upon an evaluation of inter-period comparability. For instance, inter-period comparability would require a registrant to report segment information in the current period even if not material under the criteria for reportability of SFAS No. 131 if a segment has been significant in the immediately preceding period and the registrant expects it to be significant in the future.

3. The Commission, upon written request of the registrant and where consistent with the protection of investors, may permit the omission of any of the information required by this Item or the furnishing in substitution thereof of appropriate information of comparable character.

[47 FR 11401, Mar. 16, 1982, as amended at 63 FR 6381, Feb. 6, 1998; 64 FR 1734, Jan. 12, 1999]

§ 229.102 (Item 102) Description of property.

State briefly the location and general character of the principal plants, mines and other materially important physical properties of the registrant and its subsidiaries. In addition, identify the segment(s), as reported in the financial statements, that use the properties described. If any such property is not held in fee or is held subject to any major encumbrance, so state and describe briefly how held.

Instructions to Item 102: 1. What is required is such information as reasonably will inform investors as to the suitability, adequacy, productive capacity and extent of utilization of the facilities by the registrant. Detailed descriptions of the physical characteristics of individual properties or legal descriptions by metes and bounds are not required and shall not be given.

2. In determining whether properties should be described, the registrant should take into account both quantitative and qualitative factors. See Instruction 1 to Item 101 of Regulation S-K (§ 229.101).

3. In the case of an extractive enterprise, material information shall be given as to production, reserves, locations, development and the nature of the registrant's interest. If

17 CFR Ch. II (4-1-01 Edition)

individual properties are of major significance to an industry segment:

A. More detailed information concerning these matters shall be furnished; and

B. Appropriate maps shall be used to disclose location data of significant properties except in cases for which numerous maps would be required.

4. A. If reserve estimates are referred to in the document, the staff of the Office of Engineering, Division of Corporation Finance of the Commission, shall be consulted. That Office may request that a copy of the full report of the engineer or other expert who estimated the reserves be furnished as supplemental information and not as part of the filing. See Rule 418 of Regulation C (§ 230.418 of this chapter) and Rule 12b-4 of Regulation 12B (§ 240.12b-4 of this chapter) with respect to the submission to, and return by, the Commission of supplemental information.

B. If the estimates of reserves, or any estimated valuation thereof, are represented as being based on estimates prepared or reviewed by independent consultants, those independent consultants shall be named in the document.

5. Estimates of oil or gas reserves other than proved or, in the case of other extractive reserves, estimates other than proved or probable reserves, and any estimated values of such reserves shall not be disclosed in any document publicly filed with the Commission, unless such information is required to be disclosed in the document by foreign or state law; provided, however, that where such estimates previously have been provided to a person (or any of its affiliates) that is offering to acquire, merge or consolidate with the registrant or otherwise to acquire the registrant's securities, such estimates may be included in documents relating to such acquisition.

6. The definitions in § 210.4-10(a) of Regulation S-X [17 CFR 210] shall apply to this Item with respect to oil and gas operations.

[47 FR 11401, Mar. 16, 1982, as amended at 64 FR 1735, Jan. 12, 1999]

§ 229.103 (Item 103) Legal proceedings.

Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the registrant or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any

such proceedings known to be contemplated by governmental authorities.

Instructions to Item 103: 1. If the business ordinarily results in actions for negligence or other claims, no such action or claim need be described unless it departs from the normal kind of such actions.

2. No information need be given with respect to any proceeding that involves primarily a claim for damages if the amount involved, exclusive of interest and costs, does not exceed 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis. However, if any proceeding presents in large degree the same legal and factual issues as other proceedings pending or known to be contemplated, the amount involved in such other proceedings shall be included in computing such percentage.

3. Notwithstanding Instructions 1 and 2, any material bankruptcy, receivership, or similar proceeding with respect to the registrant or any of its significant subsidiaries shall be described.

4. Any material proceedings to which any director, officer or affiliate of the registrant, any owner of record or beneficially of more than five percent of any class of voting securities of the registrant, or any associate of any such director, officer, affiliate of the registrant, or security holder is a party adverse to the registrant or any of its subsidiaries or has a material interest adverse to the registrant or any of its subsidiaries also shall be described.

5. Notwithstanding the foregoing, an administrative or judicial proceeding (including, for purposes of A and B of this Instruction, proceedings which present in large degree the same issues) arising under any Federal, State or local provisions that have been enacted or adopted regulating the discharge of materials into the environment or primary for the purpose of protecting the environment shall not be deemed "ordinary routine litigation incidental to the business" and shall be described if:

A. Such proceeding is material to the business or financial condition of the registrant;

B. Such proceeding involves primarily a claim for damages, or involves potential monetary sanctions, capital expenditures, deferred charges or charges to income and the amount involved, exclusive of interest and costs, exceeds 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis; or

C. A governmental authority is a party to such proceeding and such proceeding involves potential monetary sanctions, unless the registrant reasonably believes that such proceeding will result in no monetary sanctions, or in monetary sanctions, exclusive of interest and costs, of less than \$100,000; provided, however, that such proceedings which

are similar in nature may be grouped and described generically.

Subpart 229.200—Securities of the Registrant

§ 229.201 (Item 201) Market price of and dividends on the registrant's common equity and related stockholder matters.

(a) *Market information.* (1)(i) Identify the principal United States market or markets in which each class of the registrant's common equity is being traded. Where there is no established public trading market for a class of common equity, furnish a statement to that effect. For purposes of this Item the existence of limited or sporadic quotations should not of itself be deemed to constitute an "established public trading market." In the case of foreign registrants, also identify the principal established foreign public trading market, if any, for each class of the registrant's common equity.

(ii) If the principal United States market for such common equity is an exchange, state the high and low sales prices for the equity for each full quarterly period within the two most recent fiscal years and any subsequent interim period for which financial statements are included, or are required to be included by Article 3 of Regulation S-X [17 CFR 210], as reported in the consolidated transaction reporting system or, if not so reported, as reported on the principal exchange market for such equity.

(iii) If the principal United States market for such common equity is not an exchange, state the range of high and low bid information for the equity for each full quarterly period within the two most recent fiscal years and any subsequent interim period for which financial statements are included, or are required to be included by Article 3 of Regulation S-X, as regularly quoted in the automated quotation system of a registered securities association, or where the equity is not quoted in such a system, the range of reported high and low bid quotations, indicating the source of such quotations. Indicate, as applicable, that such over-the-counter market quotations reflect inter-dealer prices,

without retail mark-up, mark-down or commission and may not necessarily represent actual transactions. Where there is an absence of an established public trading market, reference to quotations shall be qualified by appropriate explanation.

(iv) Where a foreign registrant has identified a principal established foreign trading market for its common equity pursuant to paragraph (a)(1) of this Item, also provide market price information comparable, to the extent practicable, to that required for the principal United States market, including the source of such information. Such prices shall be stated in the currency in which they are quoted. The registrant may translate such prices into United States currency at the currency exchange rate in effect on the date the price disclosed was reported on the foreign exchange. If the primary United States market for the registrant's common equity trades using American Depositary Receipts, the United States prices disclosed shall be on that basis.

(v) If the information called for by this Item is being presented in a registration statement filed pursuant to the Securities Act or a proxy or information statement filed pursuant to the Exchange Act, the document also shall include price information as of the latest practicable date, and, in the case of securities to be issued in connection with an acquisition, business combination or other reorganization, as of the date immediately prior to the public announcement of such transaction.

(2) If the information called for by this paragraph (a) is being presented in a registration statement on Form S-1 (§ 239.11 of this chapter) or Form SB-2 (§ 239.28 of this chapter) under the Securities Act or on Form 10 and Form 10-SB (§ 249.210 of this chapter) under the Exchange Act relating to a class of common equity for which at the time of filing there is no established United States public trading market, indicate the amount(s) of common equity (i) that is subject to outstanding options or warrants to purchase, or securities convertible into, common equity of the registrant; (ii) that could be sold pursuant to Rule 144 under the Securities Act [§ 230.144 of this chapter] or that

the registrant has agreed to register under the Securities Act for sale by security holders; or (iii) that is being, or has been publicly proposed to be, publicly offered by the registrant (unless such common equity is being offered pursuant to an employee benefit plan or dividend reinvestment plan), the offering of which could have a material effect on the market price of the registrant's common equity.

(b) *Holder*s. (1) Set forth the approximate number of holders of each class of common equity of the registrant as of the latest practicable date.

(2) If the information called for by this paragraph (b) is being presented in a registration statement filed pursuant to the Securities Act or a proxy statement or information statement filed pursuant to the Exchange Act that relates to an acquisition, business combination or other reorganization, indicate the effect of such transaction on the amount and percentage of present holdings of the registrant's common equity owned beneficially by (i) any person (including any group as that term is used in section 13(d)(3) of the Exchange Act) who is known to the registrant to be the beneficial owner of more than five percent of any class of the registrant's common equity and (ii) each director and nominee and (iii) all directors and officers as a group, and the registrant's present commitments to such persons with respect to the issuance of shares of any class of its common equity.

(c) *Dividends*. (1) State the frequency and amount of any cash dividends declared on each class of its common equity by the registrant for the two most recent fiscal years and any subsequent interim period for which financial statements are required to be presented by § 210.3 of Regulation S-X. Where there are restrictions (including, where appropriate, restrictions on the ability of registrant's subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances) that currently materially limit the registrant's ability to pay such dividends or that the registrant reasonably believes are likely to limit materially the future payment of dividends

on the common equity so state and either (i) describe briefly (where appropriate quantify) such restrictions, or (ii) cross reference to the specific discussion of such restrictions in the Management's Discussion and Analysis of financial condition and operating results prescribed by Item 303 of Regulation S-K (§229.303) and the description of such restrictions required by Regulation S-X in the registrant's financial statements.

(2) Where registrants have a record of paying no cash dividends although earnings indicate an ability to do so, they are encouraged to consider the question of their intention to pay cash dividends in the foreseeable future and, if no such intention exists, to make a statement of that fact in the filing. Registrants which have a history of paying cash dividends also are encouraged to indicate whether they currently expect that comparable cash dividends will continue to be paid in the future and, if not, the nature of the change in the amount or rate of cash dividend payments.

Instructions to Item 201: 1. Registrants, the common equity of which is listed for trading on more than one securities exchange registered under the Exchange Act, are required to indicate each such exchange pursuant to paragraph (a)(1)(i) of this Item; such registrants, however, need only report one set of price quotations pursuant to paragraph (a)(1)(ii) of this Item; where available, these shall be the prices as reported in the consolidated transaction reporting system and, where the prices are not so reported, the prices on the most significant (in terms of volume) securities exchange for such shares.

2. Market prices and dividends reported pursuant to this Item shall be adjusted to give retroactive effect to material changes resulting from stock dividends, stock splits and reverse stock splits.

3. The computation of the approximate number of holders of registrant's common equity may be based upon the number of record holders or also may include individual participants in security position listings. See Rule 17Ad-8 under the Exchange Act. The method of computation that is chosen shall be indicated.

4. If the registrant is a foreign issuer, describe briefly:

A. Any governmental laws, decrees or regulations in the country in which the registrant is organized that restrict the export or import of capital, including, but not limited to, foreign exchange controls, or that affect the remittance of dividends or other

payments to nonresident holders of the registrant's common equity; and

B. All taxes, including withholding provisions, to which United States common equity holders are subject under existing laws and regulations of the foreign country in which the registrant is organized. Include a brief description of pertinent provisions of any reciprocal tax treaty between such foreign country and the United States regarding withholding. If there is no such treaty, so state.

5. If the registrant is a foreign private issuer whose common equity of the class being registered is wholly or partially in bearer form, the response to this Item shall so indicate together with as much information as the registrant is able to provide with respect to security holdings in the United States. If the securities being registered trade in the United States in the form of American Depositary Receipts or similar certificates, the response to this Item shall so indicate together with the name of the depository issuing such receipts and the number of shares or other units of the underlying security representing the trading units in such receipts.

§ 229.202 (Item 202) Description of registrant's securities.

NOTE: If the securities being described have been accepted for listing on an exchange, the exchange may be identified. The document should not however, convey the impression that the registrant may apply successfully for listing of the securities on an exchange or that, in the case of an underwritten offering, the underwriters may request the registrant to apply for such listing, unless there is reasonable assurance that the securities to be offered will be acceptable to a securities exchange for listing.

(a) *Capital stock.* If capital stock is to be registered, state the title of the

class and describe such of the matters listed in paragraphs (a) (1) through (5) as are relevant. A complete legal description of the securities need not be given.

(1) Outline briefly: (i) dividend rights; (ii) terms of conversion; (iii) sinking fund provisions; (iv) redemption provisions; (v) voting rights, including any provisions specifying the vote required by security holders to take action; (vi) any classification of the Board of Directors, and the impact of such classification where cumulative voting is permitted or required; (vii) liquidation rights; (viii) preemption rights; and (ix) liability to further calls or to assessment by the registrant and for liabilities of the registrant imposed on its stockholders under state statutes (*e.g.*, to laborers, servants or employees of the registrant), unless such disclosure would be immaterial because the financial resources of the registrant or other factors make it improbable that liability under such state statutes would be imposed; (x) any restriction on alienability of the securities to be registered; and (xi) any provision discriminating against any existing or prospective holder of such securities as a result of such security holder owning a substantial amount of securities.

(2) If the rights of holders of such stock may be modified otherwise than by a vote of a majority or more of the shares outstanding, voting as a class, so state and explain briefly.

(3) If preferred stock is to be registered, describe briefly any restriction on the repurchase or redemption of shares by the registrant while there is any arrearage in the payment of dividends or sinking fund installments. If there is no such restriction, so state.

(4) If the rights evidenced by, or amounts payable with respect to, the shares to be registered are, or may be, materially limited or qualified by the rights of any other authorized class of securities, include the information regarding such other securities as will enable investors to understand such limitations or qualifications. No information need be given, however, as to any class of securities all of which will be retired, provided appropriate steps to ensure such retirement will be com-

pleted prior to or upon delivery by the registrant of the shares.

(5) Describe briefly or cross-reference to a description in another part of the document, any provision of the registrant's charter or by-laws that would have an effect of delaying, deferring or preventing a change in control of the registrant and that would operate only with respect to an extraordinary corporate transaction involving the registrant (or any of its subsidiaries), such as a merger, reorganization, tender offer, sale or transfer of substantially all of its assets, or liquidation. Provisions and arrangements required by law or imposed by governmental or judicial authority need not be described or discussed pursuant to this paragraph (a)(5). Provisions or arrangements adopted by the registrant to effect, or further, compliance with laws or governmental or judicial mandate are not subject to the immediately preceding sentence where such compliance did not require the specific provisions or arrangements adopted.

A complete legal description of the securities need not be given. For purposes solely of this Item, debt securities that differ from one another only as to the interest rate or maturity shall be regarded as securities of the same class. Outline briefly:

(1) Provisions with respect to maturity, interest, conversion, redemption, amortization, sinking fund, or retirement;

(2) Provisions with respect to the kind and priority of any lien securing the securities, together with a brief identification of the principal properties subject to such lien;

(3) Provisions with respect to the subordination of the rights of holders of the securities to other security holders or creditors of the registrant; where debt securities are designated as subordinated in accordance with Instruction 1 to this Item, set forth the aggregate

amount of outstanding indebtedness as of the most recent practicable date that by the terms of such debt securities would be senior to such subordinated debt and describe briefly any limitation on the issuance of such additional senior indebtedness or state that there is no such limitation;

(4) Provisions restricting the declaration of dividends or requiring the maintenance of any asset ratio or the creation or maintenance of reserves;

(5) Provisions restricting the incurrence of additional debt or the issuance of additional securities; in the case of secured debt, whether the securities being registered are to be issued on the basis of unbonded bondable property, the deposit of cash or otherwise; as of the most recent practicable date, the approximate amount of unbonded bondable property available as a basis for the issuance of bonds; provisions permitting the withdrawal of cash deposited as a basis for the issuance of bonds; and provisions permitting the release or substitution of assets securing the issue; *Provided, however*, That provisions permitting the release of assets upon the deposit of equivalent funds or the pledge of equivalent property, the release of property no longer required in the business, obsolete property, or property taken by eminent domain or the application of insurance moneys, and other similar provisions need not be described;

(7) Provisions relating to modification of the terms of the security or the rights of security holders;

retirement will be completed prior to or upon delivery by the registrant of the securities;

(9) If debt securities are to be offered at a price such that they will be deemed to be offered at an "original issue discount" as defined in paragraph (a) of section 1273 of the Internal Revenue Code (26 U.S.C. 1273), or if a debt security is sold in a package with another security and the allocation of the offering price between the two securities may have the effect of offering the debt security at such an original issue discount, the tax effects thereof pursuant to sections 1271-1278;

(10) The name of the trustee(s) and the nature of any material relationship with the registrant or with any of its affiliates; the percentage of securities of the class necessary to require the trustee to take action; and what indemnification the trustee may require before proceeding to enforce the lien.

(a) Each of the last five fiscal years of the registrant (or for the life of the registrant and its predecessors, if less), and

(b) Any additional fiscal years necessary to keep the information from being misleading.

Instructions to Item 301: 1. The purpose of the selected financial data shall be to supply in a convenient and readable format selected financial data which highlight certain significant trends in the registrant's financial condition and results of operations.

2. Subject to appropriate variation to conform to the nature of the registrant's business, the following items shall be included in the table of financial data: net sales or operating revenues; income (loss) from continuing operations; income (loss) from continuing operations per common share; total assets; long-term obligations and redeemable preferred stock (including long-term debt, capital leases, and redeemable preferred stock as defined in §210.5-02.28(a) of Regulation S-X [17 CFR 210]; and cash dividends declared per common share. Registrants may include additional items which they believe would enhance an understanding of and would highlight other trends in their financial condition and results of operations.

Briefly describe, or cross-reference to a discussion thereof, factors such as accounting changes, business combinations or dispositions of business operations, that materially affect the comparability of the information

§ 229.302

reflected in selected financial data. Discussion of, or reference to, any material uncertainties should also be included where such matters might cause the data reflected herein not to be indicative of the registrant's future financial condition or results of operations.

3. All references to the registrant in the table of selected financial data and in this Item shall mean the registrant and its subsidiaries consolidated.

4. If interim period financial statements are included, or are required to be included, by Article 3 of Regulation S-X, registrants should consider whether any or all of the selected financial data need to be updated for such interim periods to reflect a material change in the trends indicated; where such updating information is necessary, registrants shall provide the information on a comparative basis unless not necessary to an understanding of such updating information.

5. A foreign private issuer shall disclose also the following information in all filings containing financial statements:

A. In the forepart of the document and as of the latest practicable date, the exchange rate into U.S. currency of the foreign currency in which the financial statements are denominated;

B. A history of exchange rates for the five most recent years and any subsequent interim period for which financial statements are presented setting forth the rates for period end, the average rates, and the range of high and low rates for each year; and

C. If equity securities are being registered, a five year summary of dividends per share stated in both the currency in which the financial statements are denominated and United States currency based on the exchange rates at each respective payment date.

6. A foreign private issuer shall present the selected financial data in the same currency as its financial statements. The issuer may present the selected financial data on the basis of the accounting principles used in its primary financial statements but in such case shall present this data also on the basis of any reconciliations of such data to United States generally accepted accounting principles and Regulation S-X made pursuant to Rule 4-01 of Regulation S-X (§210.4-01 of this chapter).

7. For purposes of this rule, the rate of exchange means the noon buying rate in New York City for cable transfers in foreign currencies as certified for customs purposes by the Federal Reserve Bank of New York. The average rate means the average of the ex-

§ 229.302 (Item 302) Supplementary financial information.

(a) *Selected quarterly financial data.* Registrants specified in paragraph (a)(5) of this Item shall provide the information specified below.

(1) Disclosure shall be made of net sales, gross profit (net sales less costs and expenses associated directly with or allocated to products sold or services rendered), income (loss) before extraordinary items and cumulative effect of a change in accounting, per share data based upon such income (loss), and net income (loss), for each full quarter within the two most recent fiscal years and any subsequent interim period for which financial statements are included or are required to be included by Article 3 of Regulation S-X [17 CFR 210].

(2) When the data supplied pursuant to this paragraph (a) vary from the amounts previously reported on the Form 10-Q and Form 10-QSB (§ 249.308a of this chapter) filed for any quarter, such as would be the case when a pooling of interests occurs or where an error is corrected, reconcile the amounts given with those previously reported and describe the reason for the difference.

(3) Describe the effect of any disposals of segments of a business, and extraordinary, unusual or infrequently occurring items recognized in each full

quarter within the two most recent fiscal years and any subsequent interim period for which financial statements are included or are required to be included by Article 3 of Regulation S-X, as well as the aggregate effect and the nature of year-end or other adjustments which are material to the results of that quarter.

(4) If the financial statements to which this information relates have been reported on by an accountant, appropriate professional standards and procedures, as enumerated in the Statements of Auditing Standards issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, shall be followed by the reporting accountant with regard to the data required by this paragraph (a).

(5) This paragraph (a) applies to any registrant, except a foreign private issuer, that has securities registered pursuant to sections 12(b) (15 U.S.C. § 78l(b)) (other than mutual life insurance companies) or 12(g) of the Exchange Act (15 U.S.C. § 78l(g)).

(b) *Information about oil and gas producing activities.* Registrants engaged in oil and gas producing activities shall present the information about oil and gas producing activities (as those activities are defined in Regulation S-X, § 210.4-10(a)) specified in paragraphs 9-34 of Statement of Financial Accounting Standards ("SFAS") No. 69, "Disclosures about Oil and Gas Producing Activities." If such oil and gas producing activities are regarded as significant under one or more of the tests set forth in paragraph 8 of SFAS No. 69.

Instructions to Paragraph (b): 1. (a) SFAS No. 69 disclosures that relate to annual periods shall be presented for each annual period for which an income statement is required. (b) SFAS No. 69 disclosures required as of the end of an annual period shall be presented as of the date of each audited balance sheet required, and (c) SFAS No. 69 disclosures required as of the beginning of an annual period shall be presented as of the beginning of each annual period for which an income statement is required.

2. This paragraph, together with § 210.4-10 of Regulation S-X, prescribes financial reporting standards for the preparation of accounts by persons engaged, in whole or in part, in the production of crude oil or natural gas in the United States, pursuant to Section 503 of the Energy Policy and Con-

servation Act of 1975 (42 U.S.C. 8383) ("EPCA") and Section 11(c) of the Energy Supply and Environmental Coordination Act of 1974 (15 U.S.C. 796) ("ESECA") as amended by Section 506 of EPCA. The application of the paragraph to those oil and gas producing operations of companies regulated for rate-making purposes on an individual-company-cost-of-service basis may, however, give appropriate recognition to differences arising because of the effect of the ratemaking process.

3. Any person exempted by the Department of Energy from any record-keeping or reporting requirements pursuant to Section 11(c) of ESECA, as amended, is similarly exempted from the related provisions of this paragraph in the preparation of accounts pursuant to EPCA. This exemption does not affect the applicability of this paragraph to filings pursuant to the federal securities laws.

§ 229.303 (Item 303) Management's discussion and analysis of financial condition and results of operations.

(a) *Full fiscal years.* Discuss registrant's financial condition, changes in financial condition and results of operations. The discussion shall provide information as specified in paragraphs (a) (1), (2) and (3) with respect to liquidity, capital resources and results of operations and also shall provide such other information that the registrant believes to be necessary to an understanding of its financial condition, changes in financial condition and results of operations. Discussions of liquidity and capital resources may be combined whenever the two topics are interrelated. Where in the registrant's judgment a discussion of segment information or of other subdivisions of the registrant's business would be appropriate to an understanding of such business, the discussion shall focus on each relevant, reportable segment or other subdivision of the business and on the registrant as a whole.

(1) *Liquidity.* Identify any known trends or any known demands, commitments, events or uncertainties that will result in or that are reasonably likely to result in the registrant's liquidity increasing or decreasing in any material way. If a material deficiency is identified, indicate the course of action that the registrant has taken or

proposes to take to remedy the deficiency. Also identify and separately describe internal and external sources of liquidity, and briefly discuss any material unused sources of liquid assets.

(2) *Capital resources.* (i) Describe the registrant's material commitments for capital expenditures as of the end of the latest fiscal period, and indicate the general purpose of such commitments and the anticipated source of funds needed to fulfill such commitments.

(ii) Describe any known material trends, favorable or unfavorable, in the registrant's capital resources. Indicate any expected material changes in the mix and relative cost of such resources. The discussion shall consider changes between equity, debt and any off-balance sheet financing arrangements.

(3) *Results of operations.* (i) Describe any unusual or infrequent events or transactions or any significant economic changes that materially affected the amount of reported income from continuing operations and, in each case, indicate the extent to which income was so affected. In addition, describe any other significant components of revenues or expenses that, in the registrant's judgment, should be described in order to understand the registrant's results of operations.

(ii) Describe any known trends or uncertainties that have had or that the registrant reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations. If the registrant knows of events that will cause a material change in the relationship between costs and revenues (such as known future increases in costs of labor or materials or price increases or inventory adjustments), the change in the relationship shall be disclosed.

(iii) To the extent that the financial statements disclose material increases in net sales or revenues, provide a narrative discussion of the extent to which such increases are attributable to increases in prices or to increases in the volume or amount of goods or services being sold or to the introduction of new products or services.

(iv) For the three most recent fiscal years of the registrant, or for those fiscal years beginning after December 25,

1979, or for those fiscal years in which the registrant has been engaged in business, whichever period is shortest, discuss the impact of inflation and changing prices on the registrant's net sales and revenues and on income from continuing operations.

Instructions to Paragraph 303(a): 1. The registrant's discussion and analysis shall be of the financial statements and of other statistical data that the registrant believes will enhance a reader's understanding of its financial condition, changes in financial condition and results of operations. Generally, the discussion shall cover the three year period covered by the financial statements and shall use year-to-year comparisons or any other formats that in the registrant's judgment enhance a reader's understanding. However, where trend information is relevant, reference to the five year selected financial data appearing pursuant to Item 301 of Regulation S-K (§229.301) may be necessary.

2. The purpose of the discussion and analysis shall be to provide to investors and other users information relevant to an assessment of the financial condition and results of operations of the registrant as determined by evaluating the amounts and certainty of cash flows from operations and from outside sources. The information provided pursuant to this Item need only include that which is available to the registrant without undue effort or expense and which does not clearly appear in the registrant's financial statements.

3. The discussion and analysis shall focus specifically on material events and uncertainties known to management that would cause reported financial information not to be necessarily indicative of future operating results or of future financial condition. This would include descriptions and amounts of (A) matters that would have an impact on future operations and have not had an impact in the past, and (B) matters that have had an impact on reported operations and are not expected to have an impact upon future operations.

4. Where the consolidated financial statements reveal material changes from year to year in one or more line items, the causes for the changes shall be described to the extent necessary to an understanding of the registrant's businesses as a whole; *Provided, however,* That if the causes for a change in one line item also relate to other line items, no repetition is required and a line-by-line analysis of the financial statements as a whole is not required or generally appropriate. Registrants need not recite the amounts of changes from year to year which are readily computable from the financial statements. The discussion shall not merely

repeat numerical data contained in the consolidated financial statements.

5. The term “liquidity” as used in this Item refers to the ability of an enterprise to generate adequate amounts of cash to meet the enterprise’s needs for cash. Except where it is otherwise clear from the discussion, the registrant shall indicate those balance sheet conditions or income or cash flow items which the registrant believes may be indicators of its liquidity condition. Liquidity generally shall be discussed on both a long-term and short-term basis. The issue of liquidity shall be discussed in the context of the registrant’s own business or businesses. For example a discussion of working capital may be appropriate for certain manufacturing, industrial or related operations but might be inappropriate for a bank or public utility.

6. Where financial statements presented or incorporated by reference in the registration statement are required by §210.4-08(e)(3) of Regulation S-X [17 CFR part 210] to include disclosure of restrictions on the ability of both consolidated and unconsolidated subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances, the discussion of liquidity shall include a discussion of the nature and extent of such restrictions and the impact such restrictions have had and are expected to have on the ability of the parent company to meet its cash obligations.

7. Registrants are encouraged, but not required, to supply forward-looking information. This is to be distinguished from presently known data which will impact upon future operating results, such as known future increases in costs of labor or materials. This latter data may be required to be disclosed. Any forward-looking information supplied is expressly covered by the safe harbor rule for projections. See Rule 175 under the Securities Act [17 CFR 230.175], Rule 3b-6 under the Exchange Act [17 CFR 240.3b-6] and Securities Act Release No. 6084 (June 25, 1979) (44 FR 38810).

8. Registrants are only required to discuss the effects of inflation and other changes in prices when considered material. This discussion may be made in whatever manner appears appropriate under the circumstances. All that is required is a brief textual presentation of management’s views. No specific numerical financial data need be presented except as Rule 3-20(c) of Regulation S-X (§210.3-20(c) of this chapter) otherwise requires. However, registrants may elect to voluntarily disclose supplemental information on the effects of changing prices as provided for in Statement of Financial Accounting Standards No. 89, “Financial Reporting and Changing Prices” or through other supplemental disclosures. The Commission encourages experimentation with these disclosures in order to provide the most meaningful presentation of the impact

of price changes on the registrant’s financial statements.

9. Registrants that elect to disclose supplementary information on the effects of changing prices as specified by SFAS No. 89, “Financial Reporting and Changing Prices,” may combine such explanations with the discussion and analysis required pursuant to this Item or may supply such information separately with appropriate cross reference.

10. All references to the registrant in the discussion and in this Item shall mean the registrant and its subsidiaries consolidated.

11. Foreign private registrants also shall discuss briefly any pertinent governmental economic, fiscal, monetary, or political policies or factors that have materially affected or could materially affect, directly or indirectly, their operations or investments by United States nationals.

12. If the registrant is a foreign private issuer, the discussion shall focus on the primary financial statements presented in the registration statement or report. There shall be a reference to the reconciliation to United States generally accepted accounting principles, and a discussion of any aspects of the difference between foreign and United States generally accepted accounting principles, not discussed in the reconciliation, that the registrant believes is necessary for an understanding of the financial statements as a whole.

(b) *Interim periods.* If interim period financial statements are included or are required to be included by Article 3 of Regulation S-X (17 CFR 210), a management’s discussion and analysis of the financial condition and results of operations shall be provided so as to enable the reader to assess material changes in financial condition and results of operations between the periods specified in paragraphs (b) (1) and (2) of this Item. The discussion and analysis shall include a discussion of material changes in those items specifically listed in paragraph (a) of this Item, except that the impact of inflation and changing prices on operations for interim periods need not be addressed.

(1) *Material changes in financial condition.* Discuss any material changes in financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided. If the interim financial statements include an interim balance sheet as of the corresponding interim date of the preceding fiscal year, any material changes in financial condition from

that date to the date of the most recent interim balance sheet provided also shall be discussed. If discussions of changes from both the end and the corresponding interim date of the preceding fiscal year are required, the discussions may be combined at the discretion of the registrant.

(2) *Material changes in results of operations.* Discuss any material changes in the registrant's results of operations with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. If the registrant is required to or has elected to provide an income statement for the most recent fiscal quarter, such discussion also shall cover material changes with respect to that fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year. In addition, if the registrant has elected to provide an income statement for the twelve-month period ended as of the date of the most recent interim balance sheet provided, the discussion also shall cover material changes with respect to that twelve-month period and the twelve-month period ended as of the corresponding interim balance sheet date of the preceding fiscal year. Notwithstanding the above, if for purposes of a registration statement a registrant subject to paragraph (b) of § 210.3-03 of Regulation S-X provides a statement of income for the twelve-month period ended as of the date of the most recent interim balance sheet provided in lieu of the interim income statements otherwise required, the discussion of material changes in that twelve-month period will be in respect to the preceding fiscal year rather than the corresponding preceding period.

Instructions to Paragraph (b) of Item 303: 1. If interim financial statements are presented

together with financial statements for full fiscal years, the discussion of the interim financial information shall be prepared pursuant to this paragraph (b) and the discussion of the full fiscal year's information shall be prepared pursuant to paragraph (a) of this Item. Such discussions may be combined.

2. In preparing the discussion and analysis required by this paragraph (b), the registrant may presume that users of the interim financial information have read or have access to the discussion and analysis required by paragraph (a) for the preceding fiscal year.

3. The discussion and analysis required by this paragraph (b) is required to focus only on material changes. Where the interim financial statements reveal material changes from period to period in one or more significant line items, the causes for the changes shall be described if they have not already been disclosed: *Provided, however,* That if the causes for a change in one line item also relate to other line items, no repetition is required. Registrants need not recite the amounts of changes from period to period which are readily computable from the financial statements. The discussion shall not merely repeat numerical data contained in the financial statements. The information provided shall include that which is available to the registrant without undue effort or expense and which does not clearly appear in the registrant's condensed interim financial statements.

4. The registrant's discussion of material changes in results of operations shall identify any significant elements of the registrant's income or loss from continuing operations which do not arise from or are not necessarily representative of the registrant's ongoing business.

5. The registrant shall discuss any seasonal aspects of its business which have had a material effect upon its financial condition or results of operation.

6. Registrants are encouraged but are not required to discuss forward-looking information. Any forward-looking information supplied is expressly covered by the safe harbor rule for projections. See Rule 175 under the Securities Act [17 CFR 230.175], Rule 3b-6 under the Exchange Act [17 CFR 249.3b-6] and

§ 229.304 (Item 304) Changes in and disagreements with accountants on accounting and financial disclosure.

(a)(1) If during the registrant's two most recent fiscal years or any subsequent interim period, an independent accountant who was previously engaged as the principal accountant to audit the registrant's financial statements, or an independent accountant who was previously engaged to audit a significant subsidiary and on whom the principal accountant expressed reliance in its report, has resigned (or indicated it has declined to stand for reelection after the completion of the current audit) or was dismissed, then the registrant shall:

(i) State whether the former accountant resigned, declined to stand for reelection or was dismissed and the date thereof.

(ii) State whether the principal accountant's report on the financial statements for either of the past two years contained an adverse opinion or a disclaimer of opinion, or was qualified or modified as to uncertainty, audit scope, or accounting principles; and also describe the nature of each such

adverse opinion, disclaimer of opinion, modification, or qualification.

(iii) State whether the decision to change accountants was recommended or approved by:

(A) Any audit or similar committee of the board of directors, if the issuer has such a committee; or

(B) The board of directors, if the issuer has no such committee.

(iv) State whether during the registrant's two most recent fiscal years and any subsequent interim period preceding such resignation, declination or dismissal there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of the former accountant, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report. Also, (A) describe each such disagreement; (B) state whether any audit or similar committee of the board of directors, or the board of directors, discussed the subject matter of each of such disagreements with the former accountant; and (C) state whether the registrant has authorized the former accountant to respond fully to the inquiries of the successor accountant concerning the subject matter of each of such disagreements and, if not, describe the nature of any limitation thereon and the reason therefore. The disagreements required to be reported in response to this Item include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by this Item are those that occur at the decision-making level, i.e., between personnel of the registrant responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report.

(v) Provide the information required by paragraph (a)(1)(iv) of this Item for each of the kinds of events (even though the registrant and the former accountant did not express a difference of opinion regarding the event) listed in paragraphs (a)(1)(v) (A) through (D) of this section, that occurred within

the registrant's two most recent fiscal years and any subsequent interim period preceding the former accountant's resignation, declination to stand for re-election, or dismissal ("reportable events"). If the event led to a disagreement or difference of opinion, then the event should be reported as a disagreement under paragraph (a)(1)(iv) and need not be repeated under this paragraph.

(A) The accountant's having advised the registrant that the internal controls necessary for the registrant to develop reliable financial statements do not exist;

(B) The accountant's having advised the registrant that information has come to the accountant's attention that has led it to no longer be able to rely on management's representations, or that has made it unwilling to be associated with the financial statements prepared by management;

(C) (1) The accountant's having advised the registrant of the need to expand significantly the scope of its audit, or that information has come to the accountant's attention during the time period covered by Item 304(a)(1)(iv), that if further investigated may:

(i) Materially impact the fairness or reliability of either: a previously issued audit report or the underlying financial statements; or the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report (including information that may prevent it from rendering an unqualified audit report on those financial statements), or

(ii) Cause it to be unwilling to rely on management's representations or be associated with the registrant's financial statements, and

(2) Due to the accountant's resignation (due to audit scope limitations or otherwise) or dismissal, or for any other reason, the accountant did not so expand the scope of its audit or conduct such further investigation; or

(D)(1) The accountant's having advised the registrant that information has come to the accountant's attention that it has concluded materially impacts the fairness or reliability of ei-

ther (i) a previously issued audit report or the underlying financial statements, or (ii) the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report (including information that, unless resolved to the accountant's satisfaction, would prevent it from rendering an unqualified audit report on those financial statements), and

(2) Due to the accountant's resignation, dismissal or declination to stand for re-election, or for any other reason, the issue has not been resolved to the accountant's satisfaction prior to its resignation, dismissal or declination to stand for re-election.

(2) If during the registrant's two most recent fiscal years or any subsequent interim period, a new independent accountant has been engaged as either the principal accountant to audit the registrant's financial statements, or as an independent accountant to audit a significant subsidiary and on whom the principal accountant is expected to express reliance in its report, then the registrant shall identify the newly engaged accountant and indicate the date of such accountant's engagement. In addition, if during the registrant's two most recent fiscal years, and any subsequent interim period prior to engaging that accountant, the registrant (or someone on its behalf) consulted the newly engaged accountant regarding:

(i) Either: The application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the registrant's financial statements, and either a written report was provided to the registrant or oral advice was provided that the new accountant concluded was an important factor considered by the registrant in reaching a decision as to the accounting, auditing or financial reporting issue; or

(ii) Any matter that was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) and the related instructions to this item) or a reportable event (as described in paragraph 304(a)(1)(v)), then the registrant shall:

(A) So state and identify the issues that were the subjects of those consultations;

(B) Briefly describe the views of the newly engaged accountant as expressed orally or in writing to the registrant on each such issue and, if written views were received by the registrant, file them as an exhibit to the report or registration statement requiring compliance with this Item 304(a);

(C) State whether the former accountant was consulted by the registrant regarding any such issues, and if so, provide a summary of the former accountant's views; and

(D) Request the newly engaged accountant to review the disclosure required by this Item 304(a) before it is filed with the Commission and provide the new accountant the opportunity to furnish the registrant with a letter addressed to the Commission containing any new information, clarification of the registrant's expression of its views, or the respects in which it does not agree with the statements made by the registrant in response to Item 304(a). The registrant shall file any such letter as an exhibit to the report or registration statement containing the disclosure required by this Item.

(3) The registrant shall provide the former accountant with a copy of the disclosures it is making in response to this Item 304(a) that the former accountant shall receive no later than the day that the disclosures are filed with the Commission. The registrant shall request the former accountant to furnish the registrant with a letter addressed to the Commission stating whether it agrees with the statements made by the registrant in response to this Item 304(a) and, if not, stating the respects in which it does not agree. The registrant shall file the former accountant's letter as an exhibit to the report on registration statement containing this disclosure. If the former accountant's letter is unavailable at the time of filing such report or registration statement, then the registrant shall request the former accountant to provide the letter as promptly as possible so that the registrant can file the letter with the Commission within ten business days after the filing of the report or reg-

istration statement. Notwithstanding the ten business day period, the registrant shall file the letter by amendment within two business days of receipt; if the letter is received on a Saturday, Sunday or holiday on which the Commission is not open for business, then the two business day period shall begin to run on and shall include the first business day thereafter. The former accountant may provide the registrant with an interim letter highlighting specific areas of concern and indicating that a more detailed letter will be forthcoming within the ten business day period noted above. If not filed with the report or registration statement containing the registrant's disclosure under this Item 304(a), then the interim letter, if any, shall be filed by the registrant by amendment within two business days of receipt.

(b) If: (1) In connection with a change in accountants subject to paragraph (a) of this Item 304, there was any disagreement of the type described in paragraph (a)(1)(iv) or any reportable event as described in paragraph (a)(1)(v) of this Item;

(2) During the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved such disagreement or reportable event; and

(3) Such transactions or events were material and were accounted for or disclosed in a manner different from that which the former accountants apparently would have concluded was required, the registrant shall state the existence and nature of the disagreement or reportable event and also state the effect on the financial statements if the method had been followed which the former accountants apparently would have concluded was required.

These disclosures need not be made if the method asserted by the former accountants ceases to be generally accepted because of authoritative standards or interpretations subsequently issued.

Instructions to Item 304: 1. The disclosure called for by paragraph (a) of this Item need not be provided if it has been previously reported as that term is defined in Rule 12b-2 under the Exchange Act (§240.12b-2 of this

chapter); the disclosure called for by paragraph (a) must be provided, however, notwithstanding prior disclosure, if required pursuant to Item 9 of Schedule 14A (§240.14a-101 of this chapter). The disclosure called for by paragraph (b) of this section must be furnished, where required, notwithstanding any prior disclosure about accountant changes or disagreements.

2. When disclosure is required by paragraph (a) of this section in an annual report to security holders pursuant to Rule 14a-3 (§240.14a-3 of this chapter) or Rule 14c-3 (§240.14c-3 of this chapter), or in a proxy or information statement filed pursuant to the requirements of Schedule 14A or 14C (§240.14a-101 or §240.14c-101 of this chapter), in lieu of a letter pursuant to paragraph (a)(2)(D) or (a)(3), prior to filing such materials with or furnishing such materials to the Commission, the registrant shall furnish the disclosure required by paragraph (a) of this section to any former accountant engaged by the registrant during the period set forth in paragraph (a) of this section and to the newly engaged accountant. If any such accountant believes that the statements made in response to paragraph (a) of this section are incorrect or incomplete, it may present its views in a brief statement, ordinarily expected not to exceed 200 words, to be included in the annual report or proxy or information statement. This statement shall be submitted to the registrant within ten business days of the date the accountant receives the registrant's disclosure. Further, unless the written views of the newly engaged accountant required to be filed as an exhibit by paragraph (a)(2)(B) of this Item 304 have been previously filed with the Commission the registrant shall file a Form 8-K concurrently with the annual report or proxy or information statement for the purpose of filing the written views as exhibits thereto.

3. The information required by Item 304(a) need not be provided for a company being acquired by the registrant that is not subject to the filing requirements of either section 13(a) or 15(d) of the Exchange Act, or, because of section 12(i) of the Exchange Act, has not furnished an annual report to security holders pursuant to Rule 14a-3 or Rule 14c-3 for its latest fiscal year.

4. The term "disagreements" as used in this Item shall be interpreted broadly, to include any difference of opinion concerning any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which (if not resolved to the satisfaction of the former accountant) would have caused it to make reference to the subject matter of the disagreement in connection with its report. It is not necessary for there to have been an argument to have had a disagreement, merely a difference of opinion. For purposes of this

Item, however, the term disagreements does not include initial differences of opinion based on incomplete facts or preliminary information that were later resolved to the former accountant's satisfaction by, and providing the registrant and the accountant do not continue to have a difference of opinion upon, obtaining additional relevant facts or information.

5. In determining whether any disagreement or reportable event has occurred, an oral communication from the engagement partner or another person responsible for rendering the accounting firm's opinion (or their designee) will generally suffice as the accountant advising the registrant of a reportable event or as a statement of a disagreement at the "decision-making level" within the accounting firm and require disclosure under this Item.

[53 FR 12929, Apr. 20, 1988, as amended at 54 FR 9774, Mar. 8, 1989]

§ 229.305 (Item 305) Quantitative and qualitative disclosures about market risk.

(a) *Quantitative information about market risk.* (1) Registrants shall provide, in their reporting currency, quantitative information about market risk as of the end of the latest fiscal year, in accordance with one of the following three disclosure alternatives. In preparing this quantitative information, registrants shall categorize market risk sensitive instruments into instruments entered into for trading purposes and instruments entered into for purposes other than trading purposes. Within both the trading and other than trading portfolios, separate quantitative information shall be presented, to the extent material, for each market risk exposure category (*i.e.*, interest rate risk, foreign currency exchange rate risk, commodity price risk, and other relevant market risks, such as equity price risk). A registrant may use one of the three alternatives set forth in this section for all of the required quantitative disclosures about market risk. A registrant also may choose, from among the three alternatives, one disclosure alternative for market risk sensitive instruments entered into for trading purposes and another disclosure alternative for market risk sensitive instruments entered into for other than trading purposes. Alternatively, a registrant may choose any disclosure alternative, from among the

three alternatives, for each risk exposure category within the trading and other than trading portfolios. The three disclosure alternatives are:

(i)(A)(I) Tabular presentation of information related to market risk sensitive instruments; such information shall include fair values of the market risk sensitive instruments and contract terms sufficient to determine future cash flows from those instruments, categorized by expected maturity dates.

(2) Tabular information relating to contract terms shall allow readers of the table to determine expected cash flows from the market risk sensitive instruments for each of the next five years. Comparable tabular information for any remaining years shall be displayed as an aggregate amount.

(3) Within each risk exposure category, the market risk sensitive instruments shall be grouped based on common characteristics. Within the foreign currency exchange rate risk category, the market risk sensitive instruments shall be grouped by functional currency and within the commodity price risk category, the market risk sensitive instruments shall be grouped by type of commodity.

(4) See the Appendix to this Item for a suggested format for presentation of this information; and

(B) Registrants shall provide a description of the contents of the table and any related assumptions necessary to understand the disclosures required under paragraph (a)(1)(i)(A) of this Item 305; or

(ii)(A) Sensitivity analysis disclosures that express the potential loss in future earnings, fair values, or cash flows of market risk sensitive instruments resulting from one or more selected hypothetical changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates or prices over a selected period of time. The magnitude of selected hypothetical changes in rates or prices may differ among and within market risk exposure categories; and

(B) Registrants shall provide a description of the model, assumptions, and parameters, which are necessary to understand the disclosures required

under paragraph (a)(1)(ii)(A) of this Item 305; or

(iii)(A) Value at risk disclosures that express the potential loss in future earnings, fair values, or cash flows of market risk sensitive instruments over a selected period of time, with a selected likelihood of occurrence, from changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates or prices;

(B)(I) For each category for which value at risk disclosures are required under paragraph (a)(1)(iii)(A) of this Item 305, provide either:

(i) The average, high and low amounts, or the distribution of the value at risk amounts for the reporting period; or

(ii) The average, high and low amounts, or the distribution of actual changes in fair values, earnings, or cash flows from the market risk sensitive instruments occurring during the reporting period; or

(iii) The percentage or number of times the actual changes in fair values, earnings, or cash flows from the market risk sensitive instruments exceeded the value at risk amounts during the reporting period;

(2) Information required under paragraph (a)(1)(iii)(B)(I) of this Item 305 is not required for the first fiscal year end in which a registrant must present Item 305 information; and

(C) Registrants shall provide a description of the model, assumptions, and parameters, which are necessary to understand the disclosures required under paragraphs (a)(1)(iii)(A) and (B) of this Item 305.

(2) Registrants shall discuss material limitations that cause the information required under paragraph (a)(1) of this Item 305 not to reflect fully the net market risk exposures of the entity. This discussion shall include summarized descriptions of instruments, positions, and transactions omitted from the quantitative market risk disclosure information or the features of instruments, positions, and transactions that are included, but not reflected fully in the quantitative market risk disclosure information.

(3) Registrants shall present summarized market risk information for the

preceding fiscal year. In addition, registrants shall discuss the reasons for material quantitative changes in market risk exposures between the current and preceding fiscal years. Information required by this paragraph (a)(3), however, is not required if disclosure is not required under paragraph (a)(1) of this Item 305 for the current fiscal year. Information required by this paragraph (a)(3) is not required for the first fiscal year end in which a registrant must present Item 305 information.

(4) If registrants change disclosure alternatives or key model characteristics, assumptions, and parameters used in providing quantitative information about market risk (*e.g.*, changing from tabular presentation to value at risk, changing the scope of instruments included in the model, or changing the definition of loss from fair values to earnings), and if the effects of any such change is material, the registrant shall:

(i) Explain the reasons for the change; and

(ii) Either provide summarized comparable information, under the new disclosure method, for the year preceding the current year or, in addition to providing disclosure for the current year under the new method, provide disclosures for the current year and preceding fiscal year under the method used in the preceding year.

Instructions to Paragraph 305(a): 1. Under paragraph 305(a)(1):

A. For each market risk exposure category within the trading and other than trading portfolios, registrants may report the average, high, and low sensitivity analysis or value at risk amounts for the reporting period, as an alternative to reporting year-end amounts.

B. In determining the average, high, and low amounts for the fiscal year under instruction 1.A. of the Instructions to Paragraph 305(a), registrants should use sensitivity analysis or value at risk amounts relating to at least four equal time periods throughout the reporting period (*e.g.*, four quarter-end amounts, 12 month-end amounts, or 52 week-end amounts).

C. Functional currency means functional currency as defined by generally accepted accounting principles (see, *e.g.*, FASB, *Statement of Financial Accounting Standards No. 52, "Foreign Currency Translation"*, ("FAS 52") paragraph 20 (December 1981)).

D. Registrants using the sensitivity analysis and value at risk disclosure alternatives

are encouraged, but not required, to provide quantitative amounts that reflect the aggregate market risk inherent in the trading and other than trading portfolios.

2. Under paragraph 305(a)(1)(i):

A. Examples of contract terms sufficient to determine future cash flows from market risk sensitive instruments include, but are not limited to:

i. Debt instruments—principal amounts and weighted average effective interest rates;

ii. Forwards and futures—contract amounts and weighted average settlement prices;

iii. Options—contract amounts and weighted average strike prices;

iv. Swaps—notional amounts, weighted average pay rates or prices, and weighted average receive rates or prices; and

v. Complex instruments—likely to be a combination of the contract terms presented in 2.A.i. through iv. of this Instruction;

B. When grouping based on common characteristics, instruments should be categorized, at a minimum, by the following characteristics, when material:

i. Fixed rate or variable rate assets or liabilities;

ii. Long or short forwards and futures;

iii. Written or purchased put or call options with similar strike prices;

iv. Receive fixed and pay variable swaps, receive variable and pay fixed swaps, and receive variable and pay variable swaps;

v. The currency in which the instruments' cash flows are denominated;

vi. Financial instruments for which foreign currency transaction gains and losses are reported in the same manner as translation adjustments under generally accepted accounting principles (see, *e.g.*, FAS 52 paragraph 20 (December 1981)); and

vii. Derivatives used to manage risks inherent in anticipated transactions;

C. Registrants may aggregate information regarding functional currencies that are economically related, managed together for internal risk management purposes, and have statistical correlations of greater than 75% over each of the past three years;

D. Market risk sensitive instruments that are exposed to rate or price changes in more than one market risk exposure category should be presented within the tabular information for each of the risk exposure categories to which those instruments are exposed;

E. If a currency swap (see, *e.g.*, FAS 52 Appendix E for a definition of currency swap) eliminates all foreign currency exposures in the cash flows of a foreign currency denominated debt instrument, neither the currency swap nor the foreign currency denominated debt instrument are required to be disclosed in the foreign currency risk exposure category. However, both the currency swap and

the foreign currency denominated debt instrument should be disclosed in the interest rate risk exposure category; and

F. The contents of the table and related assumptions that should be described include, but are not limited to:

i. The different amounts reported in the table for various categories of the market risk sensitive instruments (*e.g.*, principal amounts for debt, notional amounts for swaps, and contract amounts for options and futures);

ii. The different types of reported market rates or prices (*e.g.*, contractual rates or prices, spot rates or prices, forward rates or prices); and

iii. Key prepayment or reinvestment assumptions relating to the timing of reported amounts.

3. Under paragraph 305(a)(1)(ii):

A. Registrants should select hypothetical changes in market rates or prices that are expected to reflect reasonably possible near-term changes in those rates and prices. In this regard, absent economic justification for the selection of a different amount, registrants should use changes that are not less than 10 percent of end of period market rates or prices;

B. For purposes of instruction 3.A. of the Instructions to Paragraph 305(a), the term *reasonably possible* has the same meaning as defined by generally accepted accounting principles (see, *e.g.*, FASB, *Statement of Financial Accounting Standards No. 5*, "Accounting for Contingencies," ("FAS 5") paragraph 3 (March 1975));

C. For purposes of instruction 3.A. of the Instructions to Paragraph 305(a), the term *near term* means a period of time going forward up to one year from the date of the financial statements (see generally AICPA, *Statement of Position 94-6*, "Disclosure of Certain Significant Risks and Uncertainties," ("SOP 94-6") at paragraph 7 (December 30, 1994));

D. Market risk sensitive instruments that are exposed to rate or price changes in more than one market risk exposure category should be included in the sensitivity analysis disclosures for each market risk category to which those instruments are exposed;

E. Registrants with multiple foreign currency exchange rate exposures should prepare foreign currency sensitivity analysis disclosures that measure the aggregate sensitivity to changes in all foreign currency exchange rate exposures, including the effects of changes in both transactional currency/functional currency exchange rate exposures and functional currency/reporting currency exchange rate exposures. For example, assume a French division of a registrant presenting its financial statements in U.S. dollars (\$US) invests in a deutschmark(DM)-denominated debt security. In these circumstances, the \$US is the reporting cur-

rency and the DM is the transactional currency. In addition, assume this division determines that the French franc (FF) is its functional currency according to FAS 52. In preparing the foreign currency sensitivity analysis disclosures, this registrant should report the aggregate potential loss from hypothetical changes in both the DM/FF exchange rate exposure and the FF/\$US exchange rate exposure; and

F. Model, assumptions, and parameters that should be described include, but are not limited to, how *loss* is defined by the model (*e.g.*, loss in earnings, fair values, or cash flows), a general description of the modeling technique (*e.g.*, duration modeling, modeling that measures the change in net present values arising from selected hypothetical changes in market rates or prices, and a description as to how optionality is addressed by the model), the types of instruments covered by the model (*e.g.*, derivative financial instruments, other financial instruments, derivative commodity instruments, and whether other instruments are included voluntarily, such as certain commodity instruments and positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)), and other relevant information about the model's assumptions and parameters, (*e.g.*, the magnitude and timing of selected hypothetical changes in market rates or prices used, the method by which discount rates are determined, and key prepayment or reinvestment assumptions).

4. Under paragraph 305(a)(1)(iii):

A. The confidence intervals selected should reflect reasonably possible near-term changes in market rates and prices. In this regard, absent economic justification for the selection of different confidence intervals, registrants should use intervals that are 95 percent or higher;

B. For purposes of instruction 4.A. of the Instructions to Paragraph 305(a), the term *reasonably possible* has the same meaning as defined by generally accepted accounting principles (see, *e.g.*, FAS 5, paragraph 3 (March 1975));

C. For purposes of instruction 4.A. of the Instructions to Paragraphs 305(a), the term *near term* means a period of time going forward up to one year from the date of the financial statements (see generally SOP 94-6, at paragraph 7 (December 30, 1994));

D. Registrants with multiple foreign currency exchange rate exposures should prepare foreign currency value at risk analysis disclosures that measure the aggregate sensitivity to changes in all foreign currency

exchange rate exposures, including the aggregate effects of changes in both transactional currency/functional currency exchange rate exposures and functional currency/reporting currency exchange rate exposures. For example, assume a French division of a registrant presenting its financial statements in U.S. dollars (\$US) invests in a deutschmark(DM)-denominated debt security. In these circumstances, the \$US is the reporting currency and the DM is the transactional currency. In addition, assume this division determines that the French franc (FF) is its functional currency according to FAS 52. In preparing the foreign currency value at risk disclosures, this registrant should report the aggregate potential loss from hypothetical changes in both the DM/FF exchange rate exposure and the FF/\$US exchange rate exposure; and

E. Model, assumptions, and parameters that should be described include, but are not limited to, how *loss* is defined by the model (*e.g.*, loss in earnings, fair values, or cash flows), the type of model used (*e.g.*, variance/covariance, historical simulation, or Monte Carlo simulation and a description as to how optionality is addressed by the model), the types of instruments covered by the model (*e.g.*, derivative financial instruments, other financial instruments, derivative commodity instruments, and whether other instruments are included voluntarily, such as certain commodity instruments and positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)), and other relevant information about the model's assumptions and parameters, (*e.g.*, holding periods, confidence intervals, and, when appropriate, the methods used for aggregating value at risk amounts across market risk exposure categories, such as by assuming perfect positive correlation, independence, or actual observed correlation).

5. Under paragraph 305(a)(2), limitations that should be considered include, but are not limited to:

A. The exclusion of certain market risk sensitive instruments, positions, and transactions from the disclosures required under paragraph 305(a)(1) (*e.g.*, derivative commodity instruments not permitted by contract or business custom to be settled in cash or with another financial instrument, commodity positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)). Failure to include such instruments, positions, and transactions in preparing the disclosures under paragraph 305(a)(1) may be a limitation because the resulting disclosures may not fully reflect the net market risk of a registrant; and

B. The ability of disclosures required under paragraph 305(a)(1) to reflect fully the market risk that may be inherent in instruments with leverage, option, or prepayment features (*e.g.*, options, including written options, structured notes, collateralized mortgage obligations, leveraged swaps, and options embedded in swaps).

(b) *Qualitative information about market risk.* (1) To the extent material, describe:

(i) The registrant's primary market risk exposures;

(ii) How those exposures are managed. Such descriptions shall include, but not be limited to, a discussion of the objectives, general strategies, and instruments, if any, used to manage those exposures; and

(iii) Changes in either the registrant's primary market risk exposures or how those exposures are managed, when compared to what was in effect during the most recently completed fiscal year and what is known or expected to be in effect in future reporting periods.

(2) Qualitative information about market risk shall be presented separately for market risk sensitive instruments entered into for trading purposes and those entered into for purposes other than trading.

Instructions to Paragraph 305(b): 1. For purposes of disclosure under paragraph 305(b), *primary market risk exposures* means:

A. The following categories of market risk: interest rate risk, foreign currency exchange rate risk, commodity price risk, and other relevant market rate or price risks (*e.g.*, equity price risk); and

B. Within each of these categories, the particular markets that present the primary risk of loss to the registrant. For example, if a registrant has a material exposure to foreign currency exchange rate risk and, within this category of market risk, is most vulnerable to changes in dollar/yen, dollar/pound, and dollar/peso exchange rates, the registrant should disclose those exposures. Similarly, if a registrant has a material exposure to interest rate risk and, within this category of market risk, is most vulnerable to changes in short-term U.S. prime interest rates, it should disclose the existence of that exposure.

2. For purposes of disclosure under paragraph 305(b), registrants should describe primary market risk exposures that exist as of the end of the latest fiscal year, and how those exposures are managed.

General Instructions to Paragraphs 305(a) and 305(b): 1. The disclosures called for by paragraphs 305(a) and 305(b) are intended to clarify the registrant's exposures to market risk associated with activities in derivative financial instruments, other financial instruments, and derivative commodity instruments.

2. In preparing the disclosures under paragraphs 305(a) and 305(b), registrants are required to include derivative financial instruments, other financial instruments, and derivative commodity instruments.

3. For purposes of paragraphs 305(a) and 305(b), derivative financial instruments, other financial instruments, and derivative commodity instruments (collectively referred to as "market risk sensitive instruments") are defined as follows:

A. *Derivative financial instruments* has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB, *Statement of Financial Accounting Standards No. 119*, "Disclosure about Derivative Financial Instruments and Fair Value of Financial Instruments," ("FAS 119") paragraphs 5-7 (October 1994)), and includes futures, forwards, swaps, options, and other financial instruments with similar characteristics;

B. *Other financial instruments* means all financial instruments as defined by generally accepted accounting principles for which fair value disclosures are required (see, e.g., FASB, *Statement of Financial Accounting Standards No. 107*, "Disclosures about Fair Value of Financial Instruments," ("FAS 107") paragraphs 3 and 8 (December 1991)), except for derivative financial instruments, as defined above;

C.i. Other financial instruments include, but are not limited to, trade accounts receivable, investments, loans, structured notes, mortgage-backed securities, trade accounts payable, indexed debt instruments, interest-only and principal-only obligations, deposits, and other debt obligations;

ii. Other financial instruments exclude employers' and plans' obligations for pension and other post-retirement benefits, substantively extinguished debt, insurance contracts, lease contracts, warranty obligations and

rights, unconditional purchase obligations, investments accounted for under the equity method, minority interests in consolidated enterprises, and equity instruments issued by the registrant and classified in stockholders' equity in the statement of financial position (see, e.g., FAS 107, paragraph 8 (December 1991)). For purposes of this item, trade accounts receivable and trade accounts payable need not be considered other financial instruments when their carrying amounts approximate fair value; and

D. *Derivative commodity instruments* include, to the extent such instruments are not derivative financial instruments, commodity futures, commodity forwards, commodity swaps, commodity options, and other commodity instruments with similar characteristics that are permitted by contract or business custom to be settled in cash or with another financial instrument. For purposes of this paragraph, settlement in cash includes settlement in cash of the net change in value of the derivative commodity instrument (e.g., net cash settlement based on changes in the price of the underlying commodity).

4.A. In addition to providing required disclosures for the market risk sensitive instruments defined in instruction 2. of the General Instructions to Paragraphs 305(a) and 305(b), registrants are encouraged to include other market risk sensitive instruments, positions, and transactions within the disclosures required under paragraphs 305(a) and 305(b). Such instruments, positions, and transactions might include commodity positions, derivative commodity instruments that are not permitted by contract or business custom to be settled in cash or with another financial instrument, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b).

B. Registrants that voluntarily include other market risk sensitive instruments, positions and transactions within their quantitative disclosures about market risk under the sensitivity analysis or value at risk disclosure alternatives are not required to

provide separate market risk disclosures for any voluntarily selected instruments, positions, or transactions. Instead, registrants selecting the sensitivity analysis and value at risk disclosure alternatives are permitted to present comprehensive market risk disclosures, which reflect the combined market risk exposures inherent in both the required and any voluntarily selected instruments, position, or transactions. Registrants that choose the tabular presentation disclosure alternative should present voluntarily selected instruments, positions, or transactions in a manner consistent with the requirements in Item 305(a) for market risk sensitive instruments.

C. If a registrant elects to include voluntarily a particular type of instrument, position, or transaction in their quantitative disclosures about market risk, that registrant should include all, rather than some, of those instruments, positions, or transactions within those disclosures. For example, if a registrant holds in inventory a particular type of commodity position and elects to include that commodity position within their market risk disclosures, the registrant should include the entire commodity position, rather than only a portion thereof, in their quantitative disclosures about market risk.

5.A. Under paragraphs 305(a) and 305(b), a materiality assessment should be made for each market risk exposure category within the trading and other than trading portfolios.

B. For purposes of making the materiality assessment under instruction 5.A. of the General Instructions to Paragraphs 305(a) and 305(b), registrants should evaluate both:

i. The materiality of the fair values of derivative financial instruments, other financial instruments, and derivative commodity instruments outstanding as of the end of the latest fiscal year; and

ii. The materiality of potential, near-term losses in future earnings, fair values, and/or cash flows from reasonably possible near-term changes in market rates or prices.

iii. If either paragraphs B.i. or B.ii. in this instruction of the General Instructions to Paragraphs 305(a) and 305(b) are material, the registrant should dis-

close quantitative and qualitative information about market risk, if such market risk for the particular market risk exposure category is material.

C. For purposes of instruction 5.B.i. of the General Instructions to Paragraphs 305(a) and 305(b), registrants generally should not net fair values, except to the extent allowed under generally accepted accounting principles (see, e.g., *FASB Interpretation No. 39, "Offsetting of Amounts Related to Certain Contracts"* (March 1992)). For example, under this instruction, the fair value of assets generally should not be netted with the fair value of liabilities.

D. For purposes of instruction 5.B.ii. of the General Instructions to Paragraphs 305(a) and 305(b), registrants should consider, among other things, the magnitude of:

- i. Past market movements;
- ii. Reasonably possible, near-term market movements; and
- iii. Potential losses that may arise from leverage, option, and multiplier features.

E. For purposes of instructions 5.B.ii and 5.D.ii of the General Instructions to Paragraphs 305(a) and 305(b), the term *near term* means a period of time going forward up to one year from the date of the financial statements (see generally SOP 94-6, at paragraph 7 (December 30, 1994)).

F. For the purpose of instructions 5.B.ii. and 5.D.ii. of the General Instructions to Paragraphs 305(a) and 305(b), the term *reasonably possible* has the same meaning as defined by generally accepted accounting principles (see, e.g., FAS 5, paragraph 3 (March 1975)).

6. For purposes of paragraphs 305(a) and 305(b), registrants should present the information outside of, and not incorporate the information into, the financial statements (including the footnotes to the financial statements). In addition, registrants are encouraged to provide the required information in one location. However, alternative presentation, such as inclusion of all or part of the information in Management's Discussion and Analysis, may be used at the discretion of the registrant. If information is disclosed in more than

one location, registrants should provide cross-references to the locations of the related disclosures.

7. For purposes of the instructions to paragraphs 305(a) and 305(b), *trading purposes* has the same meaning as defined by generally accepted accounting principles (see, e.g., FAS 119, paragraph 9a (October 1994)). In addition, *anticipated transactions* means transactions (other than transactions involving existing assets or liabilities or transactions necessitated by existing firm commitments) an enterprise expects, but is not obligated, to carry out in the normal course of business (see, e.g., FASB, *Statement of Financial Accounting Standards No. 80, "Accounting for Futures Contracts,"* paragraph 9, (August 1984)).

(c) *Interim periods.* If interim period financial statements are included or are required to be included by Article 3 of Regulation S-X (17 CFR 210), discussion and analysis shall be provided so as to enable the reader to assess the sources and effects of material changes in information that would be provided under Item 305 of Regulation S-K from the end of the preceding fiscal year to the date of the most recent interim balance sheet.

Instructions to Paragraph 305(c): 1. Information required under paragraph (c) of this Item 305 is not required until after the first fiscal year end in which this Item 305 is applicable.

(d) *Safe Harbor.* (1) The safe harbor provided in Section 27A of the Securities Act of 1933 (15 U.S.C. 77z-2) and Section 21E of the Securities Exchange Act of 1934 (15 U.S.C. 78u-5) ("statutory safe harbors") shall apply, with respect to all types of issuers and transactions, to information provided pursuant to paragraphs (a), (b), and (c) of this Item 305, provided that the disclosure is made by: an issuer; a person acting on behalf of the issuer; an outside reviewer retained by the issuer making a statement on behalf of the issuer; or an underwriter, with respect to information provided by the issuer or information derived from information provided by the issuer.

(2) For purposes of paragraph (d) of this Item 305 only:

(i) All information required by paragraphs (a), (b)(1)(i), (b)(1)(iii), and (c) of this Item 305 is considered *forward looking statements* for purposes of the statutory safe harbors, except for historical facts such as the terms of particular contracts and the number of market risk sensitive instruments held during or at the end of the reporting period; and

(ii) With respect to paragraph (a) of this Item 305, the *meaningful cautionary statements* prong of the statutory safe harbors will be satisfied if a registrant satisfies all requirements of that same paragraph (a) of this Item 305.

(e) *Small business issuers.* Small business issuers, as defined in §230.405 of this chapter and §230.12b-2 of this chapter, need not provide the information required by this Item 305, whether or not they file on forms specially designated as small business issuer forms.

General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d), and 305(e): 1. APPENDIX TO ITEM 305—TABULAR DISCLOSURES

The tables set forth below are illustrative of the format that might be used when a registrant elects to present the information required by paragraph (a)(1)(i)(A) of Item 305 regarding terms and information about derivative financial instruments, other financial instruments, and derivative commodity

instruments. These examples are for illustrative purposes only. Registrants are not required to display the information in the specific format illustrated below. Alternative methods of display are permissible as long as the disclosure requirements of the section are satisfied. Furthermore, these examples were designed primarily to illustrate possible formats for presentation of the information required by the disclosure item and do not purport to illustrate the broad range of derivative financial instruments, other financial instruments, and derivative commodity instruments utilized by registrants.

INTEREST RATE SENSITIVITY

The table below provides information about the Company's derivative financial instruments and other financial instruments that are sensitive to changes in interest rates, including interest rate swaps and debt obligations. For debt obligations, the table presents principal cash flows and related weighted average interest rates by expected maturity dates. For interest rate swaps, the table presents notional amounts and weighted average interest rates by expected (contractual) maturity dates. Notional amounts are used to calculate the contractual payments to be exchanged under the contract. Weighted average variable rates are based on implied forward rates in the yield curve at the reporting date. The information is presented in U.S. dollar equivalents, which is the Company's reporting currency. The instrument's actual cash flows are denominated in both U.S. dollars (\$US) and German deutschmarks (DM), as indicated in parentheses.

EXCHANGE RATE SENSITIVITY

The table below provides information about the Company's derivative financial instruments, other financial instruments, and firmly committed sales transactions by functional currency and presents such information in U.S. dollar equivalents.¹ The table summarizes information on instruments and transactions that are sensitive to foreign currency exchange rates, including foreign currency forward exchange agreements, deutschmark (DM)-denominated debt obligations, and firmly committed DM sales trans-

actions. For debt obligations, the table presents principal cash flows and related weighted average interest rates by expected maturity dates. For firmly committed DM-sales transactions, sales amounts are presented by the expected transaction date, which are not expected to exceed two years. For foreign currency forward exchange agreements, the table presents the notional amounts and weighted average exchange rates by expected (contractual) maturity dates. These notional amounts generally are used to calculate the contractual payments to be exchanged under the contract.

COMMODITY PRICE SENSITIVITY

The table below provides information about the Company's corn inventory and futures contracts that are sensitive to changes in commodity prices, specifically corn prices. For inventory, the table presents the carrying amount and fair value at December 31, 19x1. For the futures contracts the table

presents the notional amounts in bushels, the weighted average contract prices, and the total dollar contract amount by expected maturity dates, the latest of which occurs one year from the reporting date. Contract amounts are used to calculate the contractual payments and quantity of corn to be exchanged under the futures contracts.

§ 229.402 (Item 402) Executive compensation.

(a) *General*—(1) *Treatment of specific types of issuers*—(i) *Small business issuers.* A registrant that qualifies as “small business issuer,” as defined by Item 10(a)(1) of Regulation S-B [17 CFR 228.10(a)(1)], will be deemed to comply with this item if it provides the information required by paragraph (b) (Summary Compensation Table), paragraphs (c)(1) and (c)(2)(i)–(v) (Option/SAR Grants Table), paragraph (d) (Aggregated Option/SAR Exercise and Fiscal Year-End Option/SAR Value Table), paragraph (e) (Long-Term Incentive Plan Awards Table), paragraph (g) (Compensation of Directors), paragraph (h) (Employment Contracts, Termination of Employment and Change in Control Arrangements) and paragraph (i) (1) and (2) (Report on Repricing of Options/SARs) of this item.

(ii) *Foreign private issuers.* A foreign private issuer will be deemed to comply with this item if it provides the information required by Items 6.B. and 6.E.2. of Form 20-F (17 CFR 249.220f), with more detailed information provided if otherwise made publicly available.

(2) *All compensation covered.* This item requires clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, or paid to the named executive officers designated under paragraph (a)(3) of this item, and directors covered by paragraph (g) of this item by any person for all services rendered in all capacities to the registrant and its subsidiaries, unless otherwise specified in this item. Except as provided by paragraph (a)(5) of this item, all such compensation shall be reported pursuant to this item, even if also called for by another requirement, including transactions between the registrant and a third party where the primary purpose of the transaction is to furnish compensation to any such named executive officer or director. No item reported as compensation for one fiscal year need be reported as compensation for a subsequent fiscal year.

(3) *Persons covered.* Disclosure shall be provided pursuant to this item for each of the following (the “named executive officers”):

(i) All individuals serving as the registrant’s chief executive officer or acting in a similar capacity during the last completed fiscal year (“CEO”), regardless of compensation level;

(ii) The registrant’s four most highly compensated executive officers other than the CEO who were serving as executive officers at the end of the last completed fiscal year; and

(iii) Up to two additional individuals for whom disclosure would have been provided pursuant to paragraph (a)(3)(ii) of this item but for the fact that the individual was not serving as an executive officer of the registrant at the end of the last completed fiscal year.

Instructions to Item 402(a)(3): 1. Determination of Most Highly Compensated Executive Officers. The determination as to which executive officers are most highly compensated shall be made by reference to total annual salary and bonus for the last completed fiscal year (as required to be disclosed pursuant to paragraph (b)(2)(iii) (A) and (B) of this item), but including the dollar value of salary or bonus amounts forgone pursuant to Instruction 3 to paragraph (b)(2)(iii) (A) and (B) of this item: *Provided, however,* That no disclosure need be provided for any executive officer, other than the CEO, whose total annual salary and bonus, as so determined, does not exceed \$100,000.

2. Inclusion of Executive Officer of Subsidiary. It may be appropriate in certain circumstances for a registrant to include an executive officer of a subsidiary in the disclosure required by this item. *See* Rule 3b-7 under the Exchange Act [17 CFR 240.3b-7].

3. Exclusion of Executive Officer due to Unusual or Overseas Compensation. It may be appropriate in limited circumstances for a registrant not to include in the disclosure required by this item an individual, other than its CEO, who is one of the registrant’s most highly compensated executive officers. Among the factors that should be considered in determining not to name an individual are: (a) the distribution or accrual of an unusually large amount of cash compensation (such as a bonus or commission) that is not part of a recurring arrangement and is unlikely to continue; and (b) the payment of amounts of cash compensation relating to overseas assignments that may be attributed predominantly to such assignments.

(4) *Information for full fiscal year.* If the CEO served in that capacity during any part of a fiscal year with respect to which information is required, information should be provided as to all of

his or her compensation for the full fiscal year. If a named executive officer (other than the CEO) served as an executive officer of the registrant (whether or not in the same position) during any part of a fiscal year with respect to which information is required, information shall be provided as to all compensation of that individual for the full fiscal year.

(5) *Transactions with third parties reported under item 404.* This item includes transactions between the registrant and a third party where the primary purpose of the transaction is to furnish compensation to a named executive officer. No information need be given in response to any paragraph of this item, other than paragraph (j), as to any such third-party transaction if the transaction has been reported in response to Item 404 of Regulation S-K (§ 229.404).

(6) *Omission of table or column.* A table or column may be omitted, if there has been no compensation awarded to, earned by or paid to any of the named executives required to be reported in that table or column in any fiscal year covered by that table.

(7) *Definitions.* For purposes of this item:

(i) The term *stock appreciation rights (SARs)* refers to SARs payable in cash or stock, including SARs payable in cash or stock at the election of the registrant or a named executive officer.

(ii) The term *plan* includes, but is not limited to, the following: Any plan, contract, authorization or arrangement, whether or not set forth in any formal documents, pursuant to which the following may be received: cash, stock, restricted stock or restricted stock units, phantom stock, stock options, SARs, stock options in tandem with SARs, warrants, convertible securities, performance units and performance shares, and similar instruments. A plan may be applicable to one person. Registrants may omit information regarding group life, health, hospitalization, medical reimbursement or relocation plans that do not discriminate in scope, terms or operation, in

favor of executive officers or directors of the registrant and that are available generally to all salaried employees.

(iii) The term *long-term incentive plan* means any plan providing compensation intended to serve as incentive for performance to occur over a period longer than one fiscal year, whether such performance is measured by reference to financial performance of the registrant or an affiliate, the registrant's stock price, or any other measure, but excluding restricted stock, stock option and SAR plans.

(8) *Location of specified information.* The information required by paragraphs (i), (k) and (l) of this item need not be provided in any filings other than a registrant proxy or information statement relating to an annual meeting of security holders at which directors are to be elected (or special meeting or written consents in lieu of such meeting). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference.

(9) *Liability for specified information.* The information required by paragraphs (k) and (l) of this item shall not be deemed to be "soliciting material" or to be "filed" with the Commission or subject to Regulations 14A or 14C [17 CFR 240.14a-1 *et seq.* or 240.14c-1 *et seq.*], other than as provided in this item, or to the liabilities of section 18 of the Exchange Act [15 U.S.C. 78r], except to the extent that the registrant specifically requests that such information be treated as soliciting material or specifically incorporates it by reference into a filing under the Securities Act or the Exchange Act.

(b) *Summary Compensation Table.* (1) *General.* The information specified in paragraph (b)(2) of this item, concerning the compensation of the named executive officers for each of the registrant's last three completed fiscal years, shall be provided in a Summary Compensation Table, in the tabular format specified below.

- (2) The Table shall include:
- (i) The name and principal position of the executive officer (column (a));
 - (ii) Fiscal year covered (column (b));
 - (iii) Annual compensation (columns (c), (d) and (e)), including:
 - (A) The dollar value of base salary (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (c));
 - (B) The dollar value of bonus (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (d)); and

Instructions to Item 402(b)(2)(iii) (A) and (B): 1. Amounts deferred at the election of a named executive officer, whether pursuant to a plan established under Section 401(k) of the Internal Revenue Code [26 U.S.C. 401(k)], or otherwise, shall be included in the salary column (column (c)) or bonus column (column (d)), as appropriate, for the fiscal year in which earned. If the amount of salary or bonus earned in a given fiscal year is not calculable through the latest practicable date, that fact must be disclosed in a footnote and such amount must be disclosed in the subsequent fiscal year in the appropriate column for the fiscal year in which earned.

2. For stock or any other form of non-cash compensation, disclose the fair market value at the time the compensation is awarded, earned or paid.

3. Registrants need not include in the salary column (column (c)) or bonus column (column (d)) any amount of salary or bonus forgone at the election of a named executive

officer pursuant to a registrant program under which stock, stock-based or other forms of non-cash compensation may be received by a named executive in lieu of a portion of annual compensation earned in a covered fiscal year. However, the receipt of any such form of non-cash compensation in lieu of salary or bonus earned for a covered fiscal year must be disclosed in the appropriate column of the Table corresponding to that fiscal year (i.e., restricted stock awards (column (f)); options or SARs (column (g)); all other compensation (column (i)), or, if made pursuant to a long-term incentive plan and therefore not reportable at grant in the Summary Compensation Table, a footnote must be added to the salary or bonus column so disclosing and referring to the Long-Term Incentive Plan Table (required by paragraph (e) of this item) where the award is reported.

(C) The dollar value of other annual compensation not properly categorized as salary or bonus, as follows (column (e)):

(1) Perquisites and other personal benefits, securities or property, unless the aggregate amount of such compensation is the lesser of either \$50,000 or 10% of the total of annual salary and bonus reported for the named executive officer in columns (c) and (d);

(2) Above-market or preferential earnings on restricted stock, options, SARs or deferred compensation paid during the fiscal year or payable during that period but deferred at the election of the named executive officer;

(3) Earnings on long-term incentive plan compensation paid during the fiscal year or payable during that period but deferred at the election of the named executive officer;

(4) Amounts reimbursed during the fiscal year for the payment of taxes; and

(5) The dollar value of the difference between the price paid by a named executive officer for any security of the registrant or its subsidiaries purchased from the registrant or its subsidiaries (through deferral of salary or bonus, or otherwise), and the fair market value of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the registrant.

Instructions to Item 402(b)(2)(iii)(C): 1. Each perquisite or other personal benefit exceeding 25% of the total perquisites and other personal benefits reported for a named executive officer must be identified by type and amount in a footnote or accompanying narrative discussion to column (e).

2. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the registrant and its subsidiaries.

3. Interest on deferred or long-term compensation is above-market only if the rate of interest exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under section 1274(d) of the Internal Revenue Code, [26 U.S.C. 1274(d)]) at the rate that corresponds most closely to the rate under the registrant's plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation must be made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest must be included. If the applicable interest rates vary depending upon conditions such as a minimum period of continued service, the reported amount should be calculated assuming satisfaction of all conditions to receiving interest at the highest rate.

4. Dividends (and dividend equivalents) on restricted stock, options, SARs or deferred compensation denominated in stock ("deferred stock") are preferential only if earned at a rate higher than dividends on the registrant's common stock. Only the preferential portion of the dividends or equivalents must be included.

(iv) Long-term compensation (columns (f), (g) and (h)), including:

(A) The dollar value (net of any consideration paid by the named executive officer) of any award of restricted stock, including share units (calculated by multiplying the closing market price of the registrant's unrestricted stock on the date of grant by the number of shares awarded) (column (f));

(B) The sum of the number of securities underlying stock options granted (including options that subsequently have been transferred), with or without tandem SARs, and the number of freestanding SARs (column (g)); and

(C) The dollar value of all payouts pursuant to long-term incentive plans ("LTIPs") as defined in paragraph (a)(7)(iii) of this item (column (h)).

Instructions to Item 402(b)(2)(iv): 1. Awards of restricted stock that are subject to performance-based conditions on vesting, in addition to lapse of time and/or continued service with the registrant or a subsidiary, may be reported as LTIP awards pursuant to paragraph (e) of this item instead of in column (f). If this approach is selected, once the restricted stock vests, it must be reported as an LTIP payout in column (h).

2. The registrant shall, in a footnote to the Summary Compensation Table (appended to column (f), if included), disclose:

a. The number and value of the aggregate restricted stock holdings at the end of the last completed fiscal year. The value shall be calculated in the manner specified in paragraph (b)(2)(iv)(A) of this item using the value of the registrant's shares at the end of the last completed fiscal year;

b. For any restricted stock award reported in the Summary Compensation Table that will vest, in whole or in part, in under three years from the date of grant, the total number of shares awarded and the vesting schedule; and

c. Whether dividends will be paid on the restricted stock reported in column (f).

3. If at any time during the last completed fiscal year, the registrant has adjusted or amended the exercise price of stock options or freestanding SARs previously awarded to a named executive officer, whether through amendment, cancellation or replacement grants, or any other means ("repriced"), the registrant shall include the number of options or freestanding SARs so repriced as Stock Options/SARs granted and required to be reported in column (g).

4. If any specified performance target, goal or condition to payout was waived with respect to any amount included in LTIP payouts reported in column (h), the registrant shall so state in a footnote to column (h).

(v) All other compensation for the covered fiscal year that the registrant could not properly report in any other column of the Summary Compensation Table (column (i)). Any compensation reported in this column for the last completed fiscal year shall be identified and quantified in a footnote. Such compensation shall include, but not be limited to:

(A) The amount paid, payable or accrued to any named executive officer pursuant to a plan or arrangement in connection with:

(1) The resignation, retirement or any other termination of such executive officer's employment with the registrant and its subsidiaries; or

(2) A change in control of the registrant or a change in the executive officer's responsibilities following such a change in control;

(B) The dollar value of above-market or preferential amounts earned on restricted stock, options, SARs or deferred compensation during the fiscal year, or calculated with respect to that period, except that if such amounts are paid during the period, or payable during the period but deferred at the election of a named executive officer, this information shall be reported as Other Annual Compensation in column (e). See Instructions 3 and 4 to paragraph 402(b)(2)(iii)(C) of this item;

(C) The dollar value of amounts earned on long-term incentive plan compensation during the fiscal year, or calculated with respect to that period, except that if such amounts are paid during that period, or payable during that period at the election of the named executive officer, this information shall be reported as Other Annual Compensation in column (e);

(D) Annual registrant contributions or other allocations to vested and unvested defined contribution plans; and

(E) The dollar value of any insurance premiums paid by, or on behalf of, the registrant during the covered fiscal year with respect to term life insurance for the benefit of a named executive officer, and, if there is any arrangement or understanding, whether

formal or informal, that such executive officer has or will receive or be allocated an interest in any cash surrender value under the insurance policy, either:

(1) The full dollar value of the remainder of the premiums paid by, or on behalf of, the registrant; or

(2) If the premiums will be refunded to the registrant on termination of the policy, the dollar value of the benefit to the executive officer of the remainder of the premium paid by, or on behalf of, the registrant during the fiscal year. The benefit shall be determined for the period, projected on an actuarial basis, between payment of the premium and the refund.

Instructions to Item 402(b)(2)(v): 1. LTIP awards and amounts received on exercise of options and SARs need not be reported as All Other Compensation in column (i).

2. Information relating to defined benefit and actuarial plans should not be reported pursuant to paragraph (b) of this item, but instead should be reported pursuant to paragraph (f) of this item.

3. Where alternative methods of reporting are available under paragraph (b)(2)(v)(E) of this item, the same method should be used for each of the named executive officers. If the registrant chooses to change methods from one year to the next, that fact, and the reason therefor, should be disclosed in a footnote to column (i).

Instruction to Item 402(b): Information with respect to fiscal years prior to the last completed fiscal year will not be required if the registrant was not a reporting company pursuant to Section 13(a) or 15(d) of the Exchange Act at any time during that year, except that the registrant will be required to provide information for any such year if that information previously was required to be provided in response to a Commission filing requirement.

(c) *Option/SAR Grants Table.* (1) The information specified in paragraph (c)(2) of this item, concerning individual grants of stock options (whether or not in tandem with SARs) and free-standing SARs (including options and SARs that subsequently have been transferred) made during the last completed fiscal year to each of the named executive officers shall be provided in the tabular format specified as follows:

OPTION/SAR GRANTS IN LAST FISCAL YEAR

Individual grants					Potential realizable value at assumed annual rates of stock price appreciation for option term		Alternative to (f) and (g): grant date value
Name	Number of securities underlying options/SARs granted (#)	Percent of total options/SARs granted to employees in fiscal year	Exercise of base price (\$/Sh)	Expiration date	5% (\$)	10% (\$)	Grant date present value \$
(a)	(b)	(c)	(d)	(e)	(f)	(g)	(f)
CEO							
A							
B							
C							
D							

(2) The Table shall include, with respect to each grant:

(i) The name of the executive officer (column (a));

(ii) Number of securities underlying option/SARs granted (column (b)).

(iii) The percent the grant represents of total options and SARs granted to employees during the fiscal year (column (c));

(iv) The per-share exercise or base price of the options or SARs granted (column (d)). If such exercise or base price is less than the market price of the underlying security on the date of grant, a separate, adjoining column shall be added showing market price on the date of grant;

(v) The expiration date of the options or SARs (column (e)); and

(vi) Either (A) the potential realizable value of each grant of options or freestanding SARs or (B) the present value of each grant, as follows:

(A) The potential realizable value of each grant of options or freestanding SARs, assuming that the market price of the underlying security appreciates in value from the date of grant to the end of the option or SAR term, at the following annualized rates:

(1) 5% (column (f));

(2) 10% (column (g)); and

(3) If the exercise or base price was below the market price of the underlying security at the date of grant, provide an additional column labeled 0%, to show the value at grant-date market price; or

(B) The present value of the grant at the date of grant, under any option pricing model (alternative column (f)).

Instructions to Item 402(c): 1. If more than one grant of options and/or freestanding SARs was made to a named executive officer during the last completed fiscal year, a separate line should be used to provide disclosure of each such grant. However, multiple grants during a single fiscal year may be aggregated where each grant was made at the same exercise and/or base price and has the same expiration date, and the same performance vesting thresholds, if any. A single grant consisting of options and/or freestanding SARs shall be reported as separate grants with respect to each tranche with a different exercise and/or base price, performance vesting threshold, or expiration date.

2. Options or freestanding SARs granted in connection with an option repricing transaction shall be reported in this table. See Instruction 3 to paragraph (b)(2)(iv) of this item.

3. Any material term of the grant, including but not limited to the date of exercisability, the number of SARs, performance units or other instruments granted in tandem with options, a performance-based condition to exercisability, a reload feature, or a tax-reimbursement feature, shall be footnoted.

4. If the exercise or base price is adjustable over the term of any option or freestanding SAR in accordance with any prescribed standard or formula, including but not limited to an index or premium price provision, describe the following, either by footnote to column (c) or in narrative accompanying the Table: (a) the standard or formula; and (b) any constant assumption made by the registrant regarding any adjustment to the exercise price in calculating the potential option or SAR value.

5. If any provision of a grant (other than an antidilution provision) could cause the exercise price to be lowered, registrants must clearly and fully disclose these provisions and their potential consequences either by a footnote or accompanying textual narrative.

6. In determining the grant-date market or base price of the security underlying options

§ 229.402

17 CFR Ch. II (4-1-01 Edition)

or freestanding SARs, the registrant may use either the closing market price per share of the security, or any other formula prescribed for the security.

7. The potential realizable dollar value of a grant (columns (f) and (g)) shall be the product of:

(a) The difference between:

(i) The product of the per-share market price at the time of the grant and the sum of 1 plus the adjusted stock price appreciation rate (the assumed rate of appreciation compounded annually over the term of the option or SAR); and

(ii) The per-share exercise price of the option or SAR; and

(b) The number of securities underlying the grant at fiscal year-end.

8. Registrants may add one or more separate columns using the formula prescribed in Instruction 7 to paragraph (c) of this item, to reflect the following:

a. The registrant's historic rate of appreciation over a period equivalent to the term of such options and/or SARs;

b. 0% appreciation, where the exercise or base price was equal to or greater than the market price of the underlying securities on the date of grant; and

c. N% appreciation, the percentage appreciation by which the exercise or base price exceeded the market price at grant. Where the grant included multiple tranches with exercise or base prices exceeding the market

price of the underlying security by varying degrees, include an additional column for each additional tranche.

9. Where the registrant chooses to use the grant-date valuation alternative specified in paragraph (c)(2)(vi)(B) of this item, the valuation shall be footnoted to describe the valuation method used. Where the registrant has used a variation of the Black-Scholes or binomial option pricing model, the description shall identify the use of such pricing model and describe the assumptions used relating to the expected volatility, risk-free rate of return, dividend yield and time of exercise. Any adjustments for non-transferability or risk of forfeiture also shall be disclosed. In the event another valuation method is used, the registrant is required to describe the methodology as well as any material assumptions.

(d) *Aggregated option/SAR exercises and fiscal year-end option/SAR value table.* (1) The information specified in paragraph (d)(2) of this item, concerning each exercise of stock options (or tandem SARs) and freestanding SARs during the last completed fiscal year by each of the named executive officers and the fiscal year-end value of unexercised options and SARs, shall be provided on an aggregated basis in the tabular format specified below:

AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR AND FY-END OPTION/SAR VALUES

Name	Shares acquired on exercise (#)	Value realized (\$)	Number of securities underlying unexercised options/SARs at FY-end (#) Exercisable/Unexercisable	Value of unexercised in-the-money options/SARs at FY-end (\$) Exercisable/Unexercisable
(a)	(b)	(c)	(d)	(e)
CEO				
A				
B				
C				
D				

(2) The table shall include:

(i) The name of the executive officer (column (a));

(ii) The number of shares received upon exercise, or, if no shares were received, the number of securities with respect to which the options or SARs were exercised (column (b));

(iii) The aggregate dollar value realized upon exercise (column (c));

(iv) The total number of securities underlying unexercised options and SARs held at the end of the last completed fiscal year, separately identifying

the exercisable and unexercisable options and SARs (column (d)); and

(v) The aggregate dollar value of in-the-money, unexercised options and SARs held at the end of the fiscal year, separately identifying the exercisable and unexercisable options and SARs (column (e)).

Instructions to Item 402(d)(2): 1. Options or freestanding SARs are in-the-money if the fair market value of the underlying securities exceeds the exercise or base price of the option or SAR. The dollar values in columns (c) and (e) are calculated by determining the difference between the fair market value of

Securities and Exchange Commission

§ 229.402

the securities underlying the options or SARs and the exercise or base price of the options or SARs at exercise or fiscal year-end, respectively.

2. In calculating the dollar value realized upon exercise (column (c)), the value of any related payment or other consideration provided (or to be provided) by the registrant to or on behalf of a named executive officer, whether in payment of the exercise price or related taxes, shall not be included. Payments by the registrant in reimbursement of tax obligations incurred by a named execu-

tive officer are required to be disclosed in accordance with paragraph (b)(2)(iii)(C)(4) of this item.

(e) *Long-Term Incentive Plan (“LTIP”) awards table.* (1) The information specified in paragraph (e)(2) of this item, regarding each award made to a named executive officer in the last completed fiscal year under any LTIP, shall be provided in the tabular format specified below:

LONG-TERM INCENTIVE PLANS—AWARDS IN LAST FISCAL YEAR

Name (a)	Number of shares, units or other rights (#) (b)	Performance or other period until maturation or payout (c)	Estimated future payouts under non-stock price-based plans		
			Threshold (\$ or #) (d)	Target (\$ or #) (e)	Maximum (\$ or #) (f)

A					
B					
C					
D					

(2) The Table shall include:

(i) The name of the executive officer (column (a));

(ii) The number of shares, units or other rights awarded under any LTIP, and, if applicable, the number of shares underlying any such unit or right (column (b));

(iii) The performance or other time period until payout or maturation of the award (column (c)); and

(iv) For plans not based on stock price, the dollar value of the estimated payout, the number of shares to be awarded as the payout or a range of estimated payouts denominated in dollars or number of shares under the award (threshold, target and maximum amount) (columns (d) through (f)).

Instructions to Item 402(e): 1. For purposes of this paragraph, the term “long-term incentive plan” or “LTIP” shall be defined in accordance with paragraph (a)(7)(iii) of this item.

2. Describe in a footnote or in narrative text accompanying this table the material terms of any award, including a general description of the formula or criteria to be applied in determining the amounts payable. Registrants are not required to disclose any factor, criterion or performance-related or other condition to payout or maturation of a particular award that involves confidential commercial or business information, disclosure of which would adversely affect the registrant’s competitive position.

3. Separate disclosure shall be provided in the Table for each award made to a named executive officer, accompanied by the information specified in Instruction 2 to this paragraph. If awards are made to a named executive officer during the fiscal year under more than one plan, identify the particular plan under which each such award was made.

4. For column (d), “threshold” refers to the minimum amount payable for a certain level of performance under the plan. For column (e), “target” refers to the amount payable if the specified performance target(s) are reached. For column (f), “maximum” refers to the maximum payout possible under the plan.

5. In column (e), registrants must provide a representative amount based on the previous fiscal year’s performance if the target award is not determinable.

6. A tandem grant of two instruments, only one of which is pursuant to a LTIP, need be reported only in the table applicable to the other instrument. For example, an option granted in tandem with a performance share would be reported only as an option grant, with the tandem feature noted.

(f) *Defined benefit or actuarial plan disclosure—(1) Pension plan table.* (i) For any defined benefit or actuarial plan under which benefits are determined primarily by final compensation (or average final compensation) and years of service, provide a separate Pension Plan Table showing estimated annual benefits payable upon retirement (including amounts attributable to any

§ 229.402

17 CFR Ch. II (4-1-01 Edition)

defined benefit supplementary or excess pension award plans) in specified compensation and years of service classifications in the format specified below.

(ii) Immediately following the Table, the registrant shall disclose:

(A) The compensation covered by the plan(s), including the relationship of such covered compensation to the annual compensation reported in the Summary Compensation Table required by paragraph (b)(2)(iii) of this item, and state the current compensation covered by the plan for any named executive officer whose covered compensation differs substantially (by more than 10%) from that set forth in the annual compensation columns of the Summary Compensation Table;

(B) The estimated credited years of service for each of the named executive officers; and

(C) A statement as to the basis upon which benefits are computed (e.g., straight-life annuity amounts), and whether or not the benefits listed in the Pension Plan Table are subject to any deduction for Social Security or other offset amounts.

(2) *Alternative pension plan disclosure.* For any defined benefit or actuarial plan under which benefits are not determined primarily by final compensation (or average final compensation) and years of service, the registrant shall state in narrative form:

(i) The formula by which benefits are determined; and

(ii) The estimated annual benefits payable upon retirement at normal retirement age for each of the named executive officers.

Instructions to Item 402(f): 1. *Pension Levels.* Compensation set forth in the Pension Plan

Table pursuant to paragraph (f)(1)(i) of this item shall allow for reasonable increases in existing compensation levels; alternatively, registrants may present as the highest compensation level in the Pension Plan Table an amount equal to 120% of the amount of covered compensation of the most highly compensated individual named in the Summary Compensation Table required by paragraph (b)(2) of this item.

2. *Normal Retirement Age.* The term “normal retirement age” means normal retirement age as defined in a pension or similar plan or, if not defined therein, the earliest time at which a participant may retire without any benefit reduction due to age.

(g) *Compensation of Directors—(1) Standard arrangements.* Describe any standard arrangements, stating amounts, pursuant to which directors of the registrant are compensated for any services provided as a director, including any additional amounts payable for committee participation or special assignments.

(2) *Other arrangements.* Describe any other arrangements pursuant to which any director of the registrant was compensated during the registrant’s last completed fiscal year for any service provided as a director, stating the amount paid and the name of the director.

Instruction to Item 402(g)(2): The information required by paragraph (g)(2) of this item shall include any arrangement, including consulting contracts, entered into in consideration of the director’s service on the board. The material terms of any such arrangement shall be included.

(h) *Employment contracts and termination of employment and change-in-control arrangements.* Describe the terms and conditions of each of the following contracts or arrangements:

(1) Any employment contract between the registrant and a named executive officer; and

(2) Any compensatory plan or arrangement, including payments to be received from the registrant, with respect to a named executive officer, if such plan or arrangement results or will result from the resignation, retirement or any other termination of such executive officer’s employment with the registrant and its subsidiaries or

Securities and Exchange Commission

§ 229.402

from a change-in-control of the registrant or a change in the named executive officer's responsibilities following a change-in-control and the amount involved, including all periodic payments or installments, exceeds \$100,000.

(i) *Report on repricing of options/SARs.* (1) If at any time during the last completed fiscal year, the registrant, while a reporting company pursuant to section 13(a) or 15(d) of the Exchange Act [15 U.S.C. 78m(a), 78o(d)], has adjusted or amended the exercise price of stock options or SARs previously awarded to any of the named executive officers, whether through amendment, cancellation or replacement grants, or any other means ("repriced"), the registrant shall provide the information

specified in paragraphs (i)(2) and (i)(3) of this item.

(2) The compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) shall explain in reasonable detail any such repricing of options and/or SARs held by a named executive officer in the last completed fiscal year, as well as the basis for each such repricing.

(3)(i) The information specified in paragraph (i)(3)(ii) of this item, concerning all such repricings of options and SARs held by any executive officer during the last ten completed fiscal years, shall be provided in the tabular format specified below:

TEN-YEAR OPTION/SAR REPRICINGS

Name	Date	Number of securities underlying options/SARs repriced or amended (#)	Market price of stock at time of repricing or amendment (\$)	Exercise price at time of repricing or amendment (\$)	New exercise price (\$)	Length of original option term remaining at date of repricing or amendment
(a)	(b)	(c)	(d)	(e)	(f)	(g)

(ii) The Table shall include, with respect to each repricing:

(A) The name and position of the executive officer (column (a));

(B) The date of each repricing (column (b));

(C) The number of securities underlying replacement or amended options or SARs (column (c));

(D) The per-share market price of the underlying security at the time of repricing (column (d));

(E) The original exercise price or base price of the cancelled or amended option or SAR (column (e));

(F) The per-share exercise price or base price of the replacement option or SAR (column (f)); and

(G) The amount of time remaining before the replaced or amended option or SAR would have expired (column (g)).

Instructions to Item 402(i): 1. The required report shall be made over the name of each member of the registrant's compensation committee, or other board committee performing equivalent functions or, in the ab-

sence of any such committee, the entire board of directors.

2. A replacement grant is any grant of options or SARs reasonably related to any prior or potential option or SAR cancellation, whether by an exchange of existing options or SARs for options or SARs with new terms; the grant of new options or SARs in tandem with previously granted options or SARs that will operate to cancel the previously granted options or SARs upon exercise; repricing of previously granted options or SARs; or otherwise. If a corresponding original grant was canceled in a prior year, information about such grant nevertheless must be disclosed pursuant to this paragraph.

3. If the replacement grant is not made at the current market price, describe the terms of the grant in a footnote or accompanying textual narrative.

4. This paragraph shall not apply to any repricing occurring through the operation of:

- a. A plan formula or mechanism that results in the periodic adjustment of the option or SAR exercise or base price;
- b. A plan antidilution provision; or
- c. A recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

5. Information required by paragraph (i)(3) of this item shall not be provided for any repricings effected before the registrant became a reporting company pursuant to section 13(a) or 15(d) of the Exchange Act.

(j) *Additional information with respect to Compensation Committee Interlocks and Insider Participation in compensation decisions.* Under the caption “Compensation Committee Interlocks and Insider Participation,”

(1) The registrant shall identify each person who served as a member of the compensation committee of the registrant’s board of directors (or board committee performing equivalent functions) during the last completed fiscal year, indicating each committee member who:

(i) Was, during the fiscal year, an officer or employee of the registrant or any of its subsidiaries;

(ii) Was formerly an officer of the registrant or any of its subsidiaries; or

(iii) Had any relationship requiring disclosure by the registrant under any paragraph of Item 404 of Regulation S-K (§ 229.404). In this event, the disclosure required by Item 404 shall accompany such identification.

(2) If the registrant has no compensation committee (or other board committee performing equivalent functions), the registrant shall identify each officer and employee of the registrant or any of its subsidiaries, and any former officer of the registrant or any of its subsidiaries, who, during the last completed fiscal year, participated in deliberations of the registrant’s board of directors concerning executive officer compensation.

(3) The registrant shall describe any of the following relationships that existed during the last completed fiscal year:

(i) An executive officer of the registrant served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of the registrant;

(ii) An executive officer of the registrant served as a director of another entity, one of whose executive officers served on the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of the registrant; and

(iii) An executive officer of the registrant served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director of the registrant.

(4) Disclosure required under paragraph (j)(3) of this item regarding any compensation committee member or other director of the registrant who also served as an executive officer of another entity shall be accompanied by the disclosure called for by Item 404 (§ 229.404) with respect to that person.

Instruction to Item 402(j): For purposes of this paragraph, the term “entity” shall not include an entity exempt from tax under section 501(c)(3) of the Internal Revenue Code [26 U.S.C. 501(c)(3)].

(k) *Board compensation committee report on executive compensation.* (1) Disclosure of the compensation committee’s compensation policies applicable to the registrant’s executive officers (including the named executive officers), including the specific relationship of corporate performance to executive compensation, is required with respect to compensation reported for the last completed fiscal year.

(2) Discussion is required of the compensation committee’s bases for the CEO’s compensation reported for the last completed fiscal year, including the factors and criteria upon which the CEO’s compensation was based. The committee shall include a specific discussion of the relationship of the registrant’s performance to the CEO’s compensation for the last completed fiscal year, describing each measure of the registrant’s performance, whether qualitative or quantitative, on which the CEO’s compensation was based.

(3) The required disclosure shall be made over the name of each member of

the registrant's compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, entire board of directors). If the board of directors modified or rejected in any material way any action or recommendation by such committee with respect to such decisions in the last completed fiscal year, the disclosure must so indicate and explain the reasons for the board's actions, and be made over the names of all members of the board.

Instructions to Item 402(k): 1. Boilerplate language should be avoided in describing factors and criteria underlying awards or payments of executive compensation in the statement required.

2. Registrants are not required to disclose target levels with respect to specific quantitative or qualitative performance-related factors considered by the committee (or board), or any factors or criteria involving confidential commercial or business information, the disclosure of which would have an adverse effect on the registrant.

(1) Performance graph. (1) Provide a line graph comparing the yearly percentage change in the registrant's cumulative total shareholder return on a class of common stock registered under section 12 of the Exchange Act (as measured by dividing (i) the sum of (A) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and (B) the difference between the registrant's share price at the end and the beginning of the measurement period; by (ii) the share price at the beginning of the measurement period) with

(i) the cumulative total return of a broad equity market index assuming reinvestment of dividends, that includes companies whose equity securities are traded on the same exchange or NASDAQ market or are of comparable market capitalization; *Provided, however,* That if the registrant is a company within the Standard & Poor's 500 Stock Index, the registrant must use that index; and

(ii) The cumulative total return, assuming reinvestment of dividends, of:

(A) A published industry or line-of-business index;

(B) Peer issuer(s) selected in good faith. If the registrant does not select its peer issuer(s) on an industry or line-

of-business basis, the registrant shall disclose the basis for its selection; or

(C) Issuer(s) with similar market capitalization(s), but only if the registrant does not use a published industry or line-of-business index and does not believe it can reasonably identify a peer group. If the registrant uses this alternative, the graph shall be accompanied by a statement of the reasons for this selection.

(2) For purposes of paragraph (1)(1) of this item, the term "measurement period" shall be the period beginning at the "measurement point" established by the market close on the last trading day before the beginning of the registrant's fifth preceding fiscal year, through and including the end of the registrant's last completed fiscal year. If the class of securities has been registered under section 12 of the Exchange Act for a shorter period of time, the period covered by the comparison may correspond to that time period.

(3) For purposes of paragraph (1)(1)(ii)(A) of this item, the term "published industry or line-of-business index" means any index that is prepared by a party other than the registrant or an affiliate and is accessible to the registrant's security holders; provided, however, that registrants may use an index prepared by the registrant or affiliate if such index is widely recognized and used.

(4) If the registrant selects a different index from an index used for the immediately preceding fiscal year, explain the reason(s) for this change and also compare the registrant's total return with that of both the newly selected index and the index used in the immediately preceding fiscal year.

Instructions to Item 402(l): 1. In preparing the required graphic comparisons, the registrant should:

a. Use, to the extent feasible, comparable methods of presentation and assumptions for the total return calculations required by paragraph (1)(1) of this item; *Provided, however,* That if the registrant constructs its own peer group index under paragraph (1)(1)(ii)(B), the same methodology must be used in calculating both the registrant's total return and that on the peer group index; and

b. Assume the reinvestment of dividends into additional shares of the same class of equity securities at the frequency with

§ 229.403

17 CFR Ch. II (4-1-01 Edition)

which dividends are paid on such securities during the applicable fiscal year.

2. In constructing the graph:

(a) The closing price at the measurement point must be converted into a fixed investment, stated in dollars, in the registrant's stock (or in the stocks represented by a given index), with cumulative returns for each subsequent fiscal year measured as a change from that investment; and

(b) Each fiscal year should be plotted with points showing the cumulative total return as of that point. The value of the investment as of each point plotted on a given return line is the number of shares held at that point multiplied by the then-prevailing share price.

3. The registrant is required to present information for the registrant's last five fiscal years, and may choose to graph a longer period; but the measurement point, however, shall remain the same.

4. Registrants may include comparisons using performance measures in addition to total return, such as return on average common shareholders' equity, so long as the registrant's compensation committee (or other board committee performing equivalent functions or in the absence of any such committee, the entire board of directors) describes the link between that measure and the level of executive compensation in the statement required by paragraph (k) of this Item.

5. If the registrant uses a peer issuer(s) comparison or comparison with issuer(s) with similar market capitalizations, the identity of those issuers must be disclosed and the returns of each component issuer of the group must be weighted according to the respective issuer's stock market capitalization at the beginning of each period for which a return is indicated.

§ 229.403 (Item 403) Security ownership of certain beneficial owners and management.

(a) *Security ownership of certain beneficial owners.* Furnish the following information, as of the most recent practicable date, substantially in the tabular form indicated, with respect to any person (including any "group" as that term is used in section 13(d)(3) of the Exchange Act) who is known to the registrant to be the beneficial owner of more than five percent of any class of the registrant's voting securities. The address given in column (2) may be a business, mailing or residence address.

Show in column (3) the total number of shares beneficially owned and in column (4) the percentage of class so owned. Of the number of shares shown in column (3), indicate by footnote or otherwise the amount known to be shares with respect to which such listed beneficial owner has the right to acquire beneficial ownership, as specified in Rule 13d-3(d)(1) under the Exchange Act (§ 240.13d-3(d)(1) of this chapter).

(1) Title of class	(2) Name and address of beneficial owner	(3) Amount and nature of beneficial ownership	(4) Percent of class

(b) *Security ownership of management.* Furnish the following information, as of the most recent practicable date, in substantially the tabular form indicated, as to each class of equity securities of the registrant or any of its parents or subsidiaries other than directors' qualifying shares, beneficially owned by all directors and nominees, naming them, each of the named executive officers as defined in Item 402(a)(3) (§ 229.402(a)(3)), and directors and executive officers of the registrant as a group, without naming them. Show in column (3) the total number of shares beneficially owned and in column (4) the percent of class so owned. Of the number of shares shown in column (3), indicate, by footnote or otherwise, the amount of shares with respect to which such persons have the right to acquire beneficial ownership as specified in § 240.13d-3(d)(1) of this chapter.

(1) Title of class	(2) Name of beneficial owner	(3) Amount of nature of beneficial ownership	(4) Percent of class

(c) *Changes in control.* Describe any arrangements, known to the registrant, including any pledge by any person of securities of the registrant or any of its parents, the operation of which may at a subsequent date result in a change in control of the registrant.

Instructions to Item 403: 1. The percentages are to be calculated on the basis of the amount of outstanding securities, excluding securities held by or for the account of the registrant or its subsidiaries, plus securities deemed outstanding pursuant to Rule 13d-

3(d)(1) under the Exchange Act 17 (CFR 240.13d-3(d)(1)). For purposes of paragraph (b), if the percentage of shares beneficially owned by any director or nominee, or by all directors and officers of the registrant as a group, does not exceed one percent of the class so owned, the registrant may, in lieu of furnishing a precise percentage, indicate this fact by means of an asterisk and explanatory footnote or other similar means.

2. For the purposes of this Item, beneficial ownership shall be determined in accordance with Rule 13d-3 under the Exchange Act (§240.13d-3 of this chapter). Include such additional subcolumns or other appropriate explanation of column (3) necessary to reflect amounts as to which the beneficial owner has (A) sole voting power, (B) shared voting power, (C) sole investment power, or (D) shared investment power.

3. The registrant shall be deemed to know the contents of any statements filed with the Commission pursuant to section 13(d) or 13(g) of the Exchange Act. When applicable, a registrant may rely upon information set forth in such statements unless the registrant knows or has reason to believe that such information is not complete or accurate or that a statement or amendment should have been filed and was not.

4. For purposes of furnishing information pursuant to paragraph (a) of this Item, the registrant may indicate the source and date of such information.

5. Where more than one beneficial owner is known to be listed for the same securities, appropriate disclosure should be made to avoid confusion. For purposes of paragraph (b), in computing the aggregate number of shares owned by directors and officers of the registrant as a group, the same shares shall not be counted more than once.

6. Paragraph (c) of this Item does not require a description of ordinary default provisions contained in the charter, trust indentures or other governing instruments relating to securities of the registrant.

7. Where the holder(s) of voting securities reported pursuant to paragraph (a) hold more than five percent of any class of voting securities of the registrant pursuant to any voting trust or similar agreement, state the title of such securities, the amount held or to be held pursuant to the trust or agreement (if not clear from the table) and the duration of the agreement. Give the names and addresses of the voting trustees and outline briefly their voting rights and other powers under the trust or agreement.

§ 229.404 (Item 404) Certain relationships and related transactions.

(a) *Transactions with management and others.* Describe briefly any transaction, or series of similar transactions, since the beginning of the registrant's last fiscal year, or any currently proposed transaction, or series of similar transactions, to which the registrant or any of its subsidiaries was or is to be a party, in which the amount involved exceeds \$60,000 and in which any of the following persons had, or will have, a direct or indirect material interest, naming such person and indicating the person's relationship to the registrant, the nature of such person's interest in the transaction(s), the amount of such transaction(s) and, where practicable, the amount of such person's interest in the transaction(s):

(1) Any director or executive officer of the registrant;

(2) Any nominee for election as a director;

(3) Any security holder who is known to the registrant to own of record or beneficially more than five percent of any class of the registrant's voting securities; and

(4) Any member of the immediate family of any of the foregoing persons.

Instructions to Paragraph (a) of Item 404: 1. The materiality of any interest is to be determined on the basis of the significance of the information to investors in light of all the circumstances of the particular case. The importance of the interest to the person having the interest, the relationship of the parties to the transaction with each other and the amount involved in the transactions are among the factors to be considered in determining the significance of the information to investors.

2. For purposes of paragraph (a), a person's immediate family shall include such person's spouse; parents; children; siblings; mothers and fathers-in-law; sons and daughters-in-law; and brothers and sisters-in-law.

3. In computing the amount involved in the transaction or series of similar transactions, include all periodic installments in the case of any lease or other agreement providing for periodic payments or installments.

4. The amount of the interest of any person specified in paragraphs (a) (1) through (4) shall be computed without regard to the amount of the profit or loss involved in the transaction(s).

5. In describing any transaction involving the purchase or sale of assets by or to the

registrant or any of its subsidiaries, otherwise than in the ordinary course of business, state the cost of the assets to the purchaser and, if acquired by the seller within two years prior to the transaction, the cost thereof to the seller. Indicate the principle followed in determining the registrant's purchase or sale price and the name of the person making such determination.

6. Information shall be furnished in answer to paragraph (a) with respect to transactions that involve remuneration from the registrant or its subsidiaries, directly or indirectly, to any of the persons specified in paragraphs (a) (1) through (4) for services in any capacity unless the interest of such person arises solely from the ownership individually and in the aggregate of less than ten percent of any class of equity securities of another corporation furnishing the services to the registrant or its subsidiaries.

7. No information need be given in answer to paragraph (a) as to any transactions where:

A. The rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;

B. The transaction involves services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services; or

C. The interest of the person specified in paragraphs (a) (1) through (4) arises solely from the ownership of securities of the registrant and such person receives no extra or special benefit not shared on a pro rata basis.

8. Paragraph (a) requires disclosure of indirect, as well as direct, material interests in transactions. A person who has a position or relationship with a firm, corporation, or other entity that engages in a transaction with the registrant or its subsidiaries may have an indirect interest in such transaction by reason of such position or relationship. Such an interest, however, shall not be deemed "material" within the meaning of paragraph (a) where:

A. The interest arises only: (i) From such person's position as a director of another corporation or organization which is a party to the transaction; or (ii) from the direct or indirect ownership by such person and all other persons specified in paragraphs (a) (1) through (4), in the aggregate, of less than a ten percent equity interest in another person (other than a partnership) which is a party to the transaction; or (iii) from both such position and ownership;

B. The interest arises only from such person's position as a limited partner in a partnership in which the person and all other persons specified in paragraphs (a) (1)

through (4) have an interest of less than ten percent; or

C. The interest of such person arises solely from the holding of an equity interest (including a limited partnership interest, but excluding a general partnership interest) or a creditor interest in another person that is a party to the transaction with the registrant or any of its subsidiaries, and the transaction is not material to such other person.

9. There may be situations where, although these instructions do not expressly authorize nondisclosure, the interest of a person specified in paragraphs (a) (1) through (4) in a particular transaction or series of transactions is not a direct or indirect material interest. In that case, information regarding such interest and transaction is not required to be disclosed in response to this paragraph.

(b) *Certain business relationships.* Describe any of the following relationships regarding directors or nominees for director that exist, or have existed during the registrant's last fiscal year, indicating the identity of the entity with which the registrant has such a relationship, the name of the nominee or director affiliated with such entity and the nature of such nominee's or director's affiliation, the relationship between such entity and the registrant and the amount of the business done between the registrant and the entity during the registrant's last full fiscal year or proposed to be done during the registrant's current fiscal year:

(1) If the nominee or director is, or during the last fiscal year has been, an executive officer of, or owns, or during the last fiscal year has owned, of record or beneficially in excess of ten percent equity interest in, any business or professional entity that has made during the registrant's last full fiscal year, or proposes to make during the registrant's current fiscal year, payments to the registrant or its subsidiaries for property or services in excess of five percent of (i) the registrant's consolidated gross revenues for its last full fiscal year, or (ii) the other entity's consolidated gross revenues for its last full fiscal year;

(2) If the nominee or director is, or during the last fiscal year has been, an executive officer of, or owns, or during the last fiscal year has owned, of record or beneficially in excess of ten percent equity interest in, any business

or professional entity to which the registrant or its subsidiaries has made during the registrant's last full fiscal year, or proposes to make during the registrant's current fiscal year, payments for property or services in excess of five percent of (i) the registrant's consolidated gross revenues for its last full fiscal year, or (ii) the other entity's consolidated gross revenues for its last full fiscal year;

(3) If the nominee or director is, or during the last fiscal year has been, an executive officer of, or owns, or during the last fiscal year has owned, of record or beneficially in excess of ten percent equity interest in, any business or professional entity to which the registrant or its subsidiaries was indebted at the end of the registrant's last full fiscal year in an aggregate amount in excess of five percent of the registrant's total consolidated assets at the end of such fiscal year;

(4) If the nominee or director is, or during the last fiscal year has been, a member of, or of counsel to, a law firm that the issuer has retained during the last fiscal year or proposes to retain during the current fiscal year; *Provided, however*, that the dollar amount of fees paid to a law firm by the registrant need not be disclosed if such amount does not exceed five percent of the law firm's gross revenues for that firm's last full fiscal year;

(5) If the nominee or director is, or during the last fiscal year has been, a partner or executive officer of any investment banking firm that has performed services for the registrant, other than as a participating underwriter in a syndicate, during the last fiscal year or that the registrant proposes to have perform services during the current year; *Provided, however*, That the dollar amount of compensation received by an investment banking firm need not be disclosed if such amount does not exceed five percent of the investment banking firm's consolidated gross revenues for that firm's last full fiscal year; or

(6) Any other relationships that the registrant is aware of between the nominee or director and the registrant that are substantially similar in nature and scope to those relationships listed in paragraphs (b) (1) through (5).

Instructions to Paragraph (b) of Item 404: 1. In order to determine whether payments or indebtedness exceed five percent of the consolidated gross revenues of any entity, other than the registrant, it is appropriate to rely on information provided by the nominee or director.

2. In calculating payments for property and services the following may be excluded:

A. Payments where the rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;

B. Payments that arise solely from the ownership of securities of the registrant and no extra or special benefit not shared on a pro rata basis by all holders of the class of securities is received; or

C. Payments made or received by subsidiaries other than significant subsidiaries as defined in Rule 1-02(w) of Regulation S-X [§210.1-02(w) of this chapter], provided that all such subsidiaries making or receiving payments, when considered in the aggregate as a single subsidiary, would not constitute a significant subsidiary as defined in Rule 1-02(w).

3. In calculating indebtedness the following may be excluded:

A. Debt securities that have been publicly offered, admitted to trading on a national securities exchange, or quoted on the automated quotation system of a registered securities association;

B. Amounts due for purchases subject to the usual trade terms; or

C. Indebtedness incurred by subsidiaries other than significant subsidiaries as defined in Rule 1-02(w) of Regulation S-X [§210.1-02(w) of this chapter], provided that all such subsidiaries incurring indebtedness, when considered in the aggregate as a single subsidiary, would not constitute a significant subsidiary as defined in Rule 1-02(w).

4. No information called for by paragraph (b) need be given respecting any director who is no longer a director at the time of filing the registration statement or report containing such disclosure. If such information is being presented in a proxy or information statement, no information need be given respecting any director whose term of office as a director will not continue after the meeting to which the statement relates.

(c) *Indebtedness of management.* If any of the following persons has been indebted to the registrant or its subsidiaries at any time since the beginning of the registrant's last fiscal year in an amount in excess of \$60,000, indicate the name of such person, the nature of the person's relationship by reason of

which such person's indebtedness is required to be described, the largest aggregate amount of indebtedness outstanding at any time during such period, the nature of the indebtedness and of the transaction in which it was incurred, the amount thereof outstanding as of the latest practicable date and the rate of interest paid or charged thereon:

(1) Any director or executive officer of the registrant;

(2) Any nominee for election as a director;

(3) Any member of the immediate family of any of the persons specified in paragraph (c) (1) or (2);

(4) Any corporation or organization (other than the registrant or a majority-owned subsidiary of the registrant) of which any of the persons specified in paragraph (c) (1) or (2) is an executive officer or partner or is, directly or indirectly, the beneficial owner of ten percent or more of any class of equity securities; and

(5) Any trust or other estate in which any of the persons specified in paragraph (c) (1) or (2) has a substantial beneficial interest or as to which such person serves as a trustee or in a similar capacity.

Instructions to Paragraph (c), of Item 404: 1. For purposes of paragraph (c), the members of a person's immediate family are those persons specified in Instruction 2 to Item 404(a).

2. Exclude from the determination of the amount of indebtedness all amounts due from the particular person for purchases subject to usual trade terms, for ordinary travel and expense payments and for other transactions in the ordinary course of business.

3. If the lender is a bank, savings and loan association, or broker-dealer extending credit under Federal Reserve Regulation T [12 CFR part 220] and the loans are not disclosed as nonaccrual, past due, restructured or potential problems (see Item III.C. 1. and 2. of Industry Guide 3, Statistical Disclosure by Bank Holding Companies), disclosure may consist of a statement, if such is the case, that the loans to such persons (A) were made in the ordinary course of business, (B) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and (C) did not involve more than the normal risk of collectibility or present other unfavorable features.

4. If any indebtedness required to be described arose under section 16(b) of the Ex-

change Act and has not been discharged by payment, state the amount of any profit realized, that such profit will inure to the benefit of the registrant or its subsidiaries and whether suit will be brought or other steps taken to recover such profit. If, in the opinion of counsel, a question reasonably exists as to the recoverability of such profit, it will suffice to state all facts necessary to describe the transactions, including the prices and number of shares involved.

(d) *Transactions with promoters.* Registrants that have been organized within the past five years and that are filing a registration statement on Form S-1 under the Securities Act (§239.11 of this chapter) or on Form 10 and Form 10-SB under the Exchange Act (§239.210 of this chapter) shall:

(1) State the names of the promoters, the nature and amount of anything of value (including money, property, contracts, options or rights of any kind) received or to be received by each promoter, directly or indirectly, from the registrant and the nature and amount of any assets, services or other consideration therefore received or to be received by the registrant; and

(2) As to any assets acquired or to be acquired by the registrant from a promoter, state the amount at which the assets were acquired or are to be acquired and the principle followed or to be followed in determining such amount and identify the persons making the determination and their relationship, if any, with the registrant or any promoter. If the assets were acquired by the promoter within two years prior to their transfer to the registrant, also state the cost thereof to the promoter.

Instructions to Item 404: 1. No information need be given in response to any paragraph of Item 404 as to any compensation or other transaction reported in response to any other paragraph of Item 404 or to Item 402 of Regulation S-K (§229.402 of this chapter) or as to any compensation with respect to which information may be omitted pursuant to Item 402.

2. If the information called for by Item 404 is being presented in a registration statement filed pursuant to the Securities Act or the Exchange Act, information shall be given for the periods specified in the Item and, in addition, for the two fiscal years preceding the registrant's last fiscal year.

§ 229.501

3. A foreign private issuer will be deemed to comply with Item 404 if it provides the information required by Item 7.B of Form 20-F (17 CFR 249.220f).

[47 FR 55665, Dec. 13, 1982, as amended at 48 FR 37612, Aug. 19, 1983; 48 FR 44475, Sept. 29, 1983; 56 FR 30053, 30054, July 1, 1991; 59 FR 65637, Dec. 20, 1994; 64 FR 53909, Oct. 5, 1999]

§ 229.405 (Item 405) Compliance with section 16(a) of the Exchange Act.

Every registrant having a class of equity securities registered pursuant to section 12 of the Exchange Act (15 U.S.C. 78l), every closed-end investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*), and every holding company registered pursuant to the Public Utility Holding Company Act of 1935 (15 U.S.C. 79a *et seq.*) shall:

(a) Based solely upon a review of Forms 3 (§ 249.103) and 4 (§ 249.104) and amendments thereto furnished to the registrant pursuant to § 240.16a-3(e) during its most recent fiscal year and Forms 5 and amendments thereto (§ 249.105) furnished to the registrant with respect to its most recent fiscal year, and any written representation referred to in paragraph (b)(2)(i) of this Item.

(1) Under the caption "Section 16(a) Beneficial Ownership Reporting Compliance," identify each person who, at any time during the fiscal year, was a director, officer, beneficial owner of more than ten percent of any class of equity securities of the registrant registered pursuant to section 12 of the Exchange Act, or any other person subject to section 16 of the Exchange Act with respect to the registrant because of the requirements of section 30 of the Investment Company Act or section 17 of the Public Utility Holding Company Act ("reporting person") that failed to file on a timely basis, as disclosed in the above Forms, reports required by section 16(a) of the Exchange Act during the most recent fiscal year or prior fiscal years.

(2) For each such person, set forth the number of late reports, the number of transactions that were not reported on a timely basis, and any known failure to file a required Form. A known failure to file would include, but not be limited to, a failure to file a Form 3, which is required of all reporting per-

sons, and a failure to file a Form 5 in the absence of the written representation referred to in paragraph (b)(2)(i) of this section, unless the registrant otherwise knows that no Form 5 is required.

NOTE: The disclosure requirement is based on a review of the forms submitted to the registrant during and with respect to its most recent fiscal year, as specified above. Accordingly, a failure to file timely need only be disclosed once. For example, if in the most recently concluded fiscal year a reporting person filed a Form 4 disclosing a transaction that took place in the prior fiscal year, and should have been reported in that year, the registrant should disclose that late filing and transaction pursuant to this Item 405 with respect to the most recently concluded fiscal year, but not in material filed with respect to subsequent years.

(b) With respect to the disclosure required by paragraph (a) of this Item:

(1) A form received by the registrant within three calendar days of the required filing date may be presumed to have been filed with the Commission by the required filing date.

(2) If the registrant (i) receives a written representation from the reporting person that no Form 5 is required; and (ii) maintains the representation for two years, making a copy available to the Commission or its staff upon request, the registrant need not identify such reporting person pursuant to paragraph (a) of this Item as having failed to file a Form 5 with respect to that fiscal year.

Subpart 229.500—Registration Statement and Prospectus Provisions

§ 229.501 (Item 501) Forepart of Registration Statement and Outside Front Cover Page of Prospectus.

The registrant must furnish the following information in plain English. See § 230.421(d) of Regulation C of this chapter.

(a) *Front cover page of the registration statement.* Where appropriate, include the delaying amendment legend from § 230.473 of Regulation C of this chapter.

(b) *Outside front cover page of the prospectus.* Limit the outside cover page to

one page. If the following information applies to your offering, disclose it on the outside cover page of the prospectus.

(1) *Name.* The registrant's name. A foreign registrant must give the English translation of its name.

Instruction to paragraph 501(b)(1): If your name is the same as that of a company that is well known, include information to eliminate any possible confusion with the other company. If your name indicates a line of business in which you are not engaged or you are engaged only to a limited extent, include information to eliminate any misleading inference as to your business. In some circumstances, disclosure may not be sufficient and you may be required to change your name. You will not be required to change your name if you are an established company, the character of your business has changed, and the investing public is generally aware of the change and the character of your current business.

(2) *Title and amount of securities.* The title and amount of securities offered. Separately state the amount of securities offered by selling security holders, if any. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Give a brief description of the securities except where the information is clear from the title of the security. For example, you are not required to describe common stock that has full voting, dividend and liquidation rights usually associated with common stock.

(3) *Offering price of the securities.* Where you offer securities for cash, the price to the public of the securities, the underwriter's discounts and commissions, the net proceeds you receive, and any selling shareholder's net proceeds. Show this information on both a per share or unit basis and for the total amount of the offering. If you make the offering on a minimum/maximum basis, show this information based on the total minimum and total maximum amount of the offering. You may present the information in a table, term sheet format, or other clear presentation. You may present the infor-

mation in any format that fits the design of the cover page so long as the information can be easily read and is not misleading:

Instructions to paragraph 501(b)(3): 1. If a preliminary prospectus is circulated and you are not subject to the reporting requirements of Section 13(a) or 15(d) of the Exchange Act, provide, as applicable:

(A) A bona fide estimate of the range of the maximum offering price and the maximum number of securities offered; or

(B) A bona fide estimate of the principal amount of the debt securities offered.

2. If it is impracticable to state the price to the public, explain the method by which the price is to be determined. If the securities are to be offered at the market price, or if the offering price is to be determined by a formula related to the market price, indicate the market and market price of the securities as of the latest practicable date.

3. If you file a registration statement on Form S-8, you are not required to comply with this paragraph (b)(3).

(4) *Market for the securities.* Whether any national securities exchange or the Nasdaq Stock Market lists the securities offered, naming the particular market(s), and identifying the trading symbol(s) for those securities;

(5) *Risk factors.* A cross-reference to the risk factors section, including the page number where it appears in the prospectus. Highlight this cross-reference by prominent type or in another manner;

(6) *State legend.* Any legend or statement required by the law of any state in which the securities are to be offered. You may combine this with any legend required by the SEC, if appropriate;

(7) *Commission legend.* A legend that indicates that neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities or passed upon the accuracy or adequacy of the disclosures in the prospectus and that any contrary representation is a criminal offense. You may use one of the following or other clear, plain language:

Example A: Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

Securities and Exchange Commission

§ 229.502

Example B: Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

(8) *Underwriting.* (i) Name(s) of the lead or managing underwriter(s) and an identification of the nature of the underwriting arrangements;

(ii) If the offering is not made on a firm commitment basis, a brief description of the underwriting arrangements. You may use any clear, concise, and accurate description of the underwriting arrangements. You may use the following descriptions of underwriting arrangements where appropriate:

Example A: Best efforts offering. The underwriters are not required to sell any specific number or dollar amount of securities but will use their best efforts to sell the securities offered.

Example B: Best efforts, minimum-maximum offering. The underwriters must sell the minimum number of securities offered (*insert number*) if any are sold. The underwriters are required to use only their best efforts to sell the maximum number of securities offered (*insert number*).

(iii) If you offer the securities on a best efforts or best efforts minimum/maximum basis, the date the offering will end, any minimum purchase requirements, and any arrangements to place the funds in an escrow, trust, or similar account. If you have not made any of these arrangements, state this fact and describe the effect on investors;

(9) *Date of prospectus.* The date of the prospectus;

(10) *Prospectus "Subject to Completion" legend.* If you use the prospectus before the effective date of the registration statement, a prominent statement that:

(i) The information in the prospectus will be amended or completed;

(ii) A registration statement relating to these securities has been filed with the Securities and Exchange Commission;

(iii) The securities may not be sold until the registration statement becomes effective; and

(iv) The prospectus is not an offer to sell the securities and it is not solic-

iting an offer to buy the securities in any state where offers or sales are not permitted. The legend may be in the following or other clear, plain language:

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

(11) If you use § 230.430A of this chapter to omit pricing information and the prospectus is used before you determine the public offering price, the information and legend in paragraph (b)(10) of this section.

[63 FR 6381, Feb. 6, 1998]

§ 229.502 (Item 502) Inside front and outside back cover pages of prospectus.

The registrant must furnish this information in plain English. See § 230.421(d) of Regulation C of this chapter.

(a) *Table of contents.* On either the inside front or outside back cover page of the prospectus, provide a reasonably detailed table of contents. It must show the page number of the various sections or subdivisions of the prospectus. Include a specific listing of the risk factors section required by Item 503 of this Regulation S-K (17 CFR 229.503). You must include the table of contents immediately following the cover page in any prospectus you deliver electronically.

(b) *Dealer prospectus delivery obligation.* On the outside back cover page of the prospectus, advise dealers of their prospectus delivery obligation, including the expiration date specified by Section 4(3) of the Securities Act (15 U.S.C. 77d(3)) and § 230.174 of this chapter. If you do not know the expiration date on the effective date of the registration statement, include the expiration date in the copy of the prospectus you file under § 230.424(b) of this chapter. You do not have to include this information if dealers are not required to deliver a prospectus under § 230.174 of this chapter or Section 24(d) of the Investment Company

§ 229.503

17 CFR Ch. II (4-1-01 Edition)

Act (15 U.S.C. 80a-24). You may use the following or other clear, plain language:

DEALER PROSPECTUS DELIVERY OBLIGATION

Until (*insert date*), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

[63 FR 6383, Feb. 6, 1998]

§ 229.503 (Item 503) Prospectus summary, risk factors, and ratio of earnings to fixed charges.

The registrant must furnish this information in plain English. See § 230.421(d) of Regulation C of this chapter.

(a) *Prospectus summary.* Provide a summary of the information in the prospectus where the length or complexity of the prospectus makes a summary useful. The summary should be brief. The summary should not contain, and is not required to contain, all of the detailed information in the prospectus. If you provide summary business or financial information, even if you do not caption it as a summary, you still must provide that information in plain English.

Instruction to paragraph 503(a): The summary should not merely repeat the text of the prospectus but should provide a brief overview of the key aspects of the offering. Carefully consider and identify those aspects of the offering that are the most significant and determine how best to highlight those points in clear, plain language.

(b) *Address and telephone number.* Include, either on the cover page or in the summary section of the prospectus, the complete mailing address and telephone number of your principal executive offices.

(c) *Risk factors.* Where appropriate, provide under the caption "Risk Factors" a discussion of the most significant factors that make the offering speculative or risky. This discussion must be concise and organized logically. Do not present risks that could apply to any issuer or any offering. Explain how the risk affects the issuer or the securities being offered. Set forth each risk factor under a subcaption

that adequately describes the risk. The risk factor discussion must immediately follow the summary section. If you do not include a summary section, the risk factor section must immediately follow the cover page of the prospectus or the pricing information section that immediately follows the cover page. Pricing information means price and price-related information that you may omit from the prospectus in an effective registration statement based on § 230.430A(a) of this chapter. The risk factors may include, among other things, the following:

- (1) Your lack of an operating history;
- (2) Your lack of profitable operations in recent periods;
- (3) Your financial position;
- (4) Your business or proposed business; or
- (5) The lack of a market for your common equity securities or securities convertible into or exercisable for common equity securities.

(d) *Ratio of earnings to fixed charges.* If you register debt securities, show a ratio of earnings to fixed charges. If you register preference equity securities, show the ratio of combined fixed charges and preference dividends to earnings. Present the ratio for each of the last five fiscal years and the latest interim period for which financial statements are presented in the document. If you will use the proceeds from the sale of debt or preference securities to repay any of your outstanding debt or to retire other securities and the change in the ratio would be ten percent or greater, you must include a ratio showing the application of the proceeds, commonly referred to as the pro forma ratio.

Instructions to paragraph 503(d): 1. Definitions. In calculating the ratio of earnings to fixed charges, you must use the following definitions:

(A) *Fixed charges.* The term "fixed charges" means the sum of the following: (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense, and (d) preference security dividend requirements of consolidated subsidiaries.

(B) *Preference security dividend.* The term "preference security dividend" is the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be

computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations).

(C) *Earnings*. The term "earnings" is the amount resulting from adding and subtracting the following items. Add the following: (a) Pre-tax income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income or loss from equity investees, (b) fixed charges, (c) amortization of capitalized interest, (d) distributed income of equity investees, and (e) your share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized, (b) preference security dividend requirements of consolidated subsidiaries, and (c) the minority interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that you account for using the equity method of accounting. Public utilities following SFAS 71 should not add amortization of capitalized interest in determining earnings, nor reduce fixed charges by any allowance for funds used during construction.

2. *Disclosure*. Disclose the following information when showing the ratio of earnings to fixed charges:

(A) *Deficiency*. If a ratio indicates less than one-to-one coverage, disclose the dollar amount of the deficiency.

(B) *Pro forma ratio*. You may show the pro forma ratio only for the most recent fiscal year and the latest interim period. Use the net change in interest or dividends from the refinancing to calculate the pro forma ratio.

(C) *Foreign private issuers*. A foreign private issuer must show the ratio based on the figures in the primary financial statement. A foreign private issuer must show the ratio based on the figures resulting from the reconciliation to U.S. generally accepted accounting principles if this ratio is materially different.

(D) *Summary Section*. If you provide a summary or similar section in the prospectus, show the ratios in that section.

3. *Exhibit*. File an exhibit to the registration statement to show the figures used to calculate the ratios. See paragraph (b)(12) of Item 601 of Regulation S-K (17 CFR 229.601(b)(12)).

[63 FR 6383, Feb. 6, 1998]

§ 229.504 (Item 504) Use of proceeds.

State the principal purposes for which the net proceeds to the registrant from the securities to be offered are intended to be used and the approximate amount intended to be used for each such purpose. Where registrant has no current specific plan for the pro-

ceeds, or a significant portion thereof, the registrant shall so state and discuss the principal reasons for the offering.

Instructions to Item 504: 1. Where less than all the securities to be offered may be sold and more than one use is listed for the proceeds, indicate the order of priority of such purposes and discuss the registrant's plans if substantially less than the maximum proceeds are obtained. Such discussion need not be included if underwriting arrangements with respect to such securities are such that, if any securities are sold to the public, it reasonably can be expected that the actual proceeds will not be substantially less than the aggregate proceeds to the registrant shown pursuant to Item 501 of Regulation S-K (§229.501).

2. Details of proposed expenditures need not be given; for example, there need be furnished only a brief outline of any program of construction or addition of equipment. Consideration should be given as to the need to include a discussion of certain matters addressed in the discussion and analysis of registrant's financial condition and results of operations, such as liquidity and capital expenditures.

3. If any material amounts of other funds are necessary to accomplish the specified purposes for which the proceeds are to be obtained, state the amounts and sources of such other funds needed for each such specified purpose and the sources thereof.

4. If any material part of the proceeds is to be used to discharge indebtedness, set forth the interest rate and maturity of such indebtedness. If the indebtedness to be discharged was incurred within one year, describe the use of the proceeds of such indebtedness other than short-term borrowings used for working capital.

5. If any material amount of the proceeds is to be used to acquire assets, otherwise than in the ordinary course of business, describe briefly and state the cost of the assets and, where such assets are to be acquired from affiliates of the registrant or their associates, give the names of the persons from whom they are to be acquired and set forth the principle followed in determining the cost to the registrant.

6. Where the registrant indicates that the proceeds may, or will, be used to finance acquisitions of other businesses, the identity of such businesses, if known, or, if not known, the nature of the businesses to be sought, the status of any negotiations with respect to the acquisition, and a brief description of such business shall be included. Where, however, pro forma financial statements reflecting such acquisition are not required by Regulation S-X to be included, in the registration statement, the possible terms of any transaction, the identification of the parties

§ 229.505

thereto or the nature of the business sought need not be disclosed, to the extent that the registrant reasonably determines that public disclosure of such information would jeopardize the acquisition. Where Regulation S-X (17 CFR 210) would require financial statements of the business to be acquired to be included, the description of the business to be acquired shall be more detailed.

7. The registrant may reserve the right to change the use of proceeds, provided that such reservation is due to certain contingencies that are discussed specifically and the alternatives to such use in that event are indicated.

§ 229.505 (Item 505) Determination of offering price.

(a) *Common equity.* Where common equity is being registered for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S-K (§229.201(a)) or where there is a material disparity between the offering price of the common equity being registered and the market price of outstanding shares of the same class, describe the various factors considered in determining such offering price.

(b) *Warrants, rights and convertible securities.* Where warrants, rights or convertible securities exercisable for common equity for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S-K (§229.201(a)) are being registered, describe the various factors considered in determining their exercise or conversion price.

§ 229.506 (Item 506) Dilution.

Where common equity securities are being registered and there is substantial disparity between the public offering price and the effective cash cost to officers, directors, promoters and affiliated persons of common equity acquired by them in transactions during the past five years, or which they have the right to acquire, and the registrant is not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act immediately prior to filing of the registration statement, there shall be included a comparison of the public contribution under the proposed public offering and the effective cash contribution of such persons. In such cases, and in other instances where common equity securities are being

17 CFR Ch. II (4-1-01 Edition)

registered by a registrant that has had losses in each of its last three fiscal years and there is a material dilution of the purchasers' equity interest, the following shall be disclosed:

(a) The net tangible book value per share before and after the distribution;

(b) The amount of the increase in such net tangible book value per share attributable to the cash payments made by purchasers of the shares being offered; and

(c) The amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

§ 229.507 (Item 507) Selling security holders.

If any of the securities to be registered are to be offered for the account of security holders, name each such security holder, indicate the nature of any position, office, or other material relationship which the selling security holder has had within the past three years with the registrant or any of its predecessors or affiliates, and state the amount of securities of the class owned by such security holder prior to the offering, the amount to be offered for the security holder's account, the amount and (if one percent or more) the percentage of the class to be owned by such security holder after completion of the offering.

§ 229.508 (Item 508) Plan of distribution.

(a) *Underwriters and underwriting obligation.* If the securities are to be offered through underwriters, name the principal underwriters, and state the respective amounts underwritten. Identify each such underwriter having a material relationship with the registrant and state the nature of the relationship. State briefly the nature of the obligation of the underwriter(s) to take the securities.

Instruction to Paragraph 508(a): All that is required as to the nature of the underwriters' obligation is whether the underwriters are or will be committed to take and to pay for all of the securities if any are taken, or whether it is merely an agency or the type of *best efforts* arrangement under which the underwriters are required to take and to pay for only such securities as they may sell to the

public. Conditions precedent to the underwriters' taking the securities, including *market-outs*, need not be described except in the case of an agency or *best efforts* arrangement.

(b) *New underwriters*. Where securities being registered are those of a registrant that has not previously been required to file reports pursuant to section 13(a) or 15(d) of the Exchange Act, or where a prospectus is required to include reference on its cover page to material risks pursuant to Item 501 of Regulation S-K (§229.501), and any one or more of the managing underwriter(s) (or where there are no managing underwriters, a majority of the principal underwriters) has been organized, reactivated, or first registered as a broker-dealer within the past three years, these facts concerning such underwriter(s) shall be disclosed in the prospectus together with, where applicable, the disclosures that the principal business function of such underwriter(s) will be to sell the securities to be registered, or that the promoters of the registrant have a material relationship with such underwriter(s). Sufficient details shall be given to allow full appreciation of such underwriter(s) experience and its relationship with the registrant, promoters and their controlling persons.

(c) *Other distributions*. Outline briefly the plan of distribution of any securities to be registered that are to be offered otherwise than through underwriters.

(1) If any securities are to be offered pursuant to a dividend or interest reinvestment plan the terms of which provide for the purchase of some securities on the market, state whether the registrant or the participant pays fees, commissions, and expenses incurred in connection with the plan. If the participant will pay such fees, commissions and expenses, state the anticipated cost to participants by transaction or other convenient reference.

(2) If the securities are to be offered through the selling efforts of brokers or dealers, describe the plan of distribution and the terms of any agreement, arrangement, or understanding entered into with broker(s) or dealer(s) prior to the effective date of the registration statement, including volume limitations on sales, parties to the

agreement and the conditions under which the agreement may be terminated. If known, identify the broker(s) or dealer(s) which will participate in the offering and state the amount to be offered through each.

(3) If any of the securities being registered are to be offered otherwise than for cash, state briefly the general purposes of the distribution, the basis upon which the securities are to be offered, the amount of compensation and other expenses of distribution, and by whom they are to be borne. If the distribution is to be made pursuant to a plan of acquisition, reorganization, readjustment or succession, describe briefly the general effect of the plan and state when it became or is to become operative. As to any material amount of assets to be acquired under the plan, furnish information corresponding to that required by Instruction 5 of Item 504 of Regulation S-K (§229.504).

(d) *Offerings on exchange*. If the securities are to be offered on an exchange, indicate the exchange. If the registered securities are to be offered in connection with the writing of exchange-traded call options, describe briefly such transactions.

(e) *Underwriter's compensation*. Provide a table that sets out the nature of the compensation and the amount of discounts and commissions to be paid to the underwriter for each security and in total. The table must show the separate amounts to be paid by the company and the selling shareholders. In addition, include in the table all other items considered by the National Association of Securities Dealers to be underwriting compensation for purposes of that Association's Rules of Fair Practice.

Instructions to paragraph 508(e): 1. The term "commissions" is defined in paragraph (17) of Schedule A of the Securities Act. Show separately in the table the cash commissions paid by the registrant and selling security holders. Also show in the table commissions paid by other persons. Disclose any finder's fee or similar payments in the table.

2. Disclose the offering expenses specified in Item 511 of Regulation S-K (17 CFR 229.511).

3. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may

purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Where the underwriter has such an arrangement, present maximum-minimum information in a separate column to the table, based on the purchase of all or none of the shares subject to the arrangement. Describe the key terms of the arrangement in the narrative.

(f) *Underwriter's representative on board of directors.* Describe any arrangement whereby the underwriter has the right to designate or nominate a member or members of the board of directors of the registrant. The registrant shall disclose the identity of any director so designated or nominated, and indicate whether or not a person so designated or nominated, or allowed to be designated or nominated by the underwriter is or may be a director, officer, partner, employee or affiliate of the underwriter.

(g) *Indemnification of underwriters.* If the underwriting agreement provides for indemnification by the registrant of the underwriters or their controlling persons against any liability arising under the Securities Act, furnish a brief description of such indemnification provisions.

(h) *Dealers' compensation.* State briefly the discounts and commissions to be allowed or paid to dealers, including all cash, securities, contracts or other considerations to be received by any dealer in connection with the sale of the securities. If any dealers are to act in the capacity of sub-underwriters and are to be allowed or paid any additional discounts or commissions for acting in such capacity, a general statement to that effect will suffice without giving the additional amounts to be sold.

(i) *Finders.* Identify any finder and, if applicable, describe the nature of any material relationship between such finder and the registrant, its officers, directors, principal stockholders, finders or promoters or the principal underwriter(s), or if there is a managing underwriter(s), the managing underwriter(s), (including, in each case, affiliates or associates thereof).

(j) *Discretionary accounts.* If the registrant was not, immediately prior to the filing of the registration state-

ment, subject to the requirements of section 13(a) or 15(d) of the Exchange Act, identify any principal underwriter that intends to sell to any accounts over which it exercises discretionary authority and include an estimate of the amount of securities so intended to be sold. The response to this paragraph shall be contained in a pre-effective amendment which shall be circulated if the information is not available when the registration statement is filed.

(k) *Passive market making.* If the underwriters or any selling group members intend to engage in passive market making transactions as permitted by Rule 103 of Regulation M (§ 242.103 of this chapter), indicate such intention and briefly describe passive market making.

(1) *Stabilization and other transactions.*

(1) Briefly describe any transaction that the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering transactions, penalty bids, or any other transaction that affects the offered security's price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security's price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;

(2) If the stabilizing began before the effective date of the registration statement, disclose the amount of securities bought, the prices at which they were bought and the period within which they were bought. If you use § 230.430A of this chapter, the prospectus you file under § 230.424(b) of this chapter or include in a post-effective amendment must contain information on the stabilizing transactions that took place before the determination of the public offering price; and

(3) If you are making a warrants or rights offering of securities to existing security holders and any securities not purchased by existing security holders are to be reoffered to the public, disclose in a supplement to the prospectus

Securities and Exchange Commission

§ 229.510

or in the prospectus used in connection with the reoffering:

(i) The amount of securities bought in stabilization activities during the offering period and the price or range of prices at which the securities were bought;

(ii) The amount of the offered securities subscribed for during the offering period;

(iii) The amount of the offered securities subscribed for by the underwriter during the offering period;

(iv) The amount of the offered securities sold during the offering period by the underwriter and the price or price ranges at which the securities were sold; and

(v) The amount of the offered securities that will be reoffered to the public and the public offering price.

§ 229.509 (Item 509) Interests of named experts and counsel.

If (a) any expert named in the registration statement as having prepared or certified any part thereof (or is named as having prepared or certified a report or valuation for use in connection with the registration statement), or (b) counsel for the registrant, underwriters or selling security holders named in the prospectus as having given an opinion upon the validity of the securities being registered or upon other legal matters in connection with the registration or offering of such securities, was employed for such purpose on a contingent basis, or at the time of such preparation, certification or opinion or at any time thereafter, through the date of effectiveness of the registration statement or that part of the registration statement to which such preparation, certification or opinion relates, had, or is to receive in connection with the offering, a substantial interest, direct or indirect, in the registrant or any of its parents or subsidiaries or was connected with the registrant or any of its parents or subsidiaries as a promoter, managing underwriter (or any principal underwriter, if there are no managing underwriters) voting trustee, director, officer, or em-

ployee, furnish a brief statement of the nature of such contingent basis, interest, or connection.

Instructions to Item 509: 1. The interest of an expert (other than an accountant) or counsel will not be deemed substantial and need not be disclosed if the interest, including the fair market value of all securities of the registrant owned, received and to be received, or subject to options, warrants or rights received or to be received by the expert or counsel does not exceed \$50,000. For the purpose of this Instruction, the term *expert* or counsel includes the firm, corporation, partnership or other entity, if any, by which such expert or counsel is employed or of which he is a member or of counsel to and all attorneys in the case of counsel, and all nonclerical personnel in the case of named experts, participating in such matter on behalf of such firm, corporation, partnership or entity.

2. Accountants, providing a report on the financial statements, presented or incorporated by reference in the registration statement, should note §210.2-01 of Regulation S-X (17 CFR 210) for the Commission's requirements regarding "Qualification of Accountants" which discusses disqualifying interests.

§ 229.510 (Item 510) Disclosure of Commission position on indemnification for Securities Act liabilities.

In addition to the disclosure prescribed by Item 702 of Regulation S-K (§229.702), if the undertaking required by paragraph (h) of Item 512 of Regulation S-K (§229.512) is not required to be included in the registration statement because acceleration of the effective date of the registration statement is not being requested, and if waivers have not been obtained comparable to those specified in paragraph (h), a brief description of the indemnification provisions relating to directors, officers and controlling persons of the registrant against liability arising under the Securities Act (including any provision of the underwriting agreement which relates to indemnification of the underwriter or its controlling persons by the registrant against such liabilities where a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter) shall be included in the prospectus, together with a statement in substantially the following form:

§ 229.511

17 CFR Ch. II (4-1-01 Edition)

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

[47 FR 11401, Mar. 16, 1982, as amended at 56 FR 48103, Sept. 24, 1991]

§ 229.511 (Item 511) Other expenses of issuance and distribution.

Furnish a reasonably itemized statement of all expenses in connection with the issuance and distribution of the securities to be registered, other than underwriting discounts and commissions. If any of the securities to be registered are to be offered for the account of security holders, indicate the portion of such expenses to be borne by such security holder.

Instruction to Item 511: Insofar as practicable, registration fees, Federal taxes, States taxes and fees, trustees' and transfer agents' fees, costs of printing and engraving, and legal, accounting, and engineering fees shall be itemized separately. Include as a separate item any premium paid by the registrant or any selling security holder on any policy obtained in connection with the offering and sale of the securities being registered which insures or indemnifies directors or officers against any liabilities they may incur in connection with the registration, offering, or sale of such securities. The information may be given as subject to future contingencies. If the amounts of any items are not known, estimates, identified as such, shall be given.

§ 229.512 (Item 512) Undertakings.

Include each of the following undertakings that is applicable to the offering being registered.

(a) *Rule 415 Offering.*¹ Include the following if the securities are registered pursuant to Rule 415 under the Securities Act (§ 230.415 of this chapter):

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

¹Paragraph (a) reflects proposals made in Securities Act Release No. 6334 (Aug. 6, 1981).

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (§ 230.424(b) of this chapter) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, That paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the registration statement is on Form S-3 (§ 239.13 of this chapter), Form S-8 (§ 239.16b of this chapter) or Form F-3 (§ 239.33 of this chapter), and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) If the registrant is a foreign private issuer, to file a post-effective amendment to the registration statement to include any financial statements required by “Item 8.A. of Form 20-F (17 CFR 249.220f)” at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act need not be furnished, *provided* that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with respect to registration statements on Form F-3 (§239.33 of this chapter), a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act or §210.3-19 of this chapter if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.

(b) *Filings incorporating subsequent Exchange Act documents by reference.* Include the following if the registration statement incorporates by reference any Exchange Act document filed subsequent to the effective date of the registration statement:

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant’s annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan’s annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of

such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) *Warrants and rights offerings.* Include the following, with appropriate modifications to suit the particular case, if the securities to be registered are to be offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public:

The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(d) *Competitive bids.* Include the following, with appropriate modifications to suit the particular case, if the securities to be registered are to be offered at competitive bidding:

The undersigned registrant hereby undertakes (1) to use its best efforts to distribute prior to the opening of bids, to prospective bidders, underwriters, and dealers, a reasonable number of copies of a prospectus which at that time meets the requirements of section 10(a) of the Act, and relating to the securities offered at competitive bidding, as contained in the registration statement, together with any supplements thereto, and (2) to file an amendment to the registration statement reflecting the results of bidding, the terms of the reoffering and related matters to the extent required by the applicable form, not later than the first use, authorized by the issuer after the opening of bids, of a prospectus relating to the securities offered at competitive bidding, unless no further public offering of such securities by the issuer and no reoffering of such securities by the purchasers is proposed to be made.

(e) *Incorporated annual and quarterly reports.* Include the following if the registration statement specifically incorporates by reference (other than by indirect incorporation by reference through a Form 10-K and Form 10-KSB (§249.310 of this chapter) report) in the prospectus all or any part of the annual report to security holders meeting the requirements of Rule 14a-3 or Rule

§ 229.512

17 CFR Ch. II (4-1-01 Edition)

14c-3 under the Exchange Act) §§ 240.14a-3 and 240.14c-3 of this chapter):

The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(f) *Equity offerings of nonreporting registrants.* Include the following if equity securities of a registrant that prior to the offering had no obligation to file reports with the Commission pursuant to section 13(a) or 15(d) of the Exchange Act are being registered for sale in an underwritten offering:

The undersigned registrant hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreements certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

(g) *Registration on Form S-4 or F-4 of securities offered for resale.* Include the following if the securities are being registered on Form S-4 or F-4 (§ 239.25, or 34 of this chapter) in connection with a transaction specified in paragraph (a) of Rule 145 (§ 230.145 of this chapter).

(1) The undersigned registrant hereby undertakes as follows: That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (h)(1) immediately preceding, or (ii) that purports to meet the requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415 (§ 230.415 of this chapter), will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) *Request for acceleration of effective date or filing of registration statement on Form S-8.* Include the following if acceleration is requested of the effective date of the registration statement pursuant to Rule 461 under the Securities Act (§ 230.461 of this chapter), or if the registration statement is filed on Form S-8, and:

(1) Any provision or arrangement exists whereby the registrant may indemnify a director, officer or controlling person of the registrant against liabilities arising under the Securities Act, or

(2) The underwriting agreement contains a provision whereby the registrant indemnifies the underwriter or controlling persons of the underwriter against such liabilities and a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter, and

(3) The benefits of such indemnification are not waived by such persons:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a

claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(i) Include the following in a registration statement permitted by Rule 430A under the Securities Act of 1933 (§ 230.430A of this chapter):

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(j) *Qualification of trust indentures under the Trust Indenture Act of 1939 for delayed offerings.* Include the following if the registrant intends to rely on section 305(b)(2) of the Trust Indenture Act of 1939 for determining the eligibility of the trustee under indentures for securities to be issued, offered, or sold on a delayed basis by or on behalf of the registrant:

The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by

the Commission under section 305(b)(2) of the Act.

Subpart 229.600—Exhibits

§ 229.601 (Item 601) Exhibits.

(a) *Exhibits and index required.* (1) Subject to Rule 411(c) (§ 230.411(c) of this chapter) under the Securities Act and Rule 12b-32 (§ 240.12b-32 of this chapter) under the Exchange Act regarding incorporation of exhibits by reference, the exhibits required in the exhibit table shall be filed as indicated, as part of the registration statement or report. Financial Data Schedules required by paragraph (b)(27) of this Item shall be submitted pursuant to the provisions of paragraph (c) of this Item. Notwithstanding the provisions of paragraphs (b)(27) and (c) of this Item, registered investment companies and business development companies filing on forms available solely to investment companies shall be subject to the provisions of rule 483 under the Securities Act of 1933 (§ 230.483 of this chapter), and any provision or instruction therein shall be controlling with respect to registered investment companies and business development companies unless otherwise specifically provided in rules or instructions pertaining to the submission of a specific form.

(2) Each registration statement or report shall contain an exhibit index, which shall precede immediately the exhibits filed with such registration statement. For convenient reference, each exhibit shall be listed in the exhibit index according to the number assigned to it in the exhibit table. The exhibit index shall indicate, by handwritten, typed, printed, or other legible form of notation in the manually signed original registration statement or report, the page number in the sequential numbering system where such

§ 229.601

exhibit can be found. Where exhibits are incorporated by reference, this fact shall be noted in the exhibit index referred to in the preceding sentence. Further, the first page of the manually signed registration statement shall list the page in the filing where the exhibit index is located. For a description of each of the exhibits included in the exhibit table, see paragraph (b) of this section.

(3) This Item applies only to the forms specified in the exhibit table. With regard to forms not listed in that table, reference shall be made to the appropriate form for the specific exhibit filing requirements applicable thereto.

(4) If a material contract or plan of acquisition, reorganization, arrangement, liquidation or succession is executed or becomes effective during the reporting period reflected by a Form 10-Q and Form 10-QSB or Form 10-K and Form 10-KSB, it shall be filed as an exhibit to the Form 10-Q and Form 10-QSB or Form 10-K and Form 10-KSB filed for the corresponding period. Any amendment or modification to a previously filed exhibit to a Form 10 and Form 10-SB, 10-K or 10-Q document shall be filed as an exhibit to a Form 10-Q and Form 10-QSB or Form 10-K and Form 10-KSB. Such amendment or modification need not be filed where such previously filed exhibit would not be currently required.

Instructions to Item 601: 1. If an exhibit to a registration statement (other than an opinion or consent), filed in preliminary form, has been changed only (A) to insert information as to interest, dividend or conversion rates, redemption or conversion prices, purchase or offering prices, underwriters' or dealers' commissions, names, addresses or participation of underwriters or similar matters, which information appears elsewhere in an amendment to the registration statement or a prospectus filed pursuant to Rule 424(b) under the Securities Act (§ 230.424(b) of this chapter), or (B) to correct typographical errors, insert signatures or make other similar immaterial changes, then, notwithstanding

17 CFR Ch. II (4-1-01 Edition)

any contrary requirement of any rule or form, the registrant need not refile such exhibit as so amended. Any such incomplete exhibit may not, however, be incorporated by reference in any subsequent filing under any Act administered by the Commission.

2. In any case where two or more indentures, contracts, franchises, or other documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, the registrant need file a copy of only one of such documents, with a schedule identifying the other documents omitted and setting forth the material details in which such documents differ from the document a copy of which is filed. The Commission may at any time in its discretion require filing of copies of any documents so omitted.

3. Only copies, rather than originals, need be filed of each exhibit required except as otherwise specifically noted.

4. *Electronic filings.* Whenever an exhibit is filed in paper pursuant to a hardship exemption (§§ 232.201 and 232.202 of this chapter), the letter "P" (paper) shall be placed next to the exhibit in the list of exhibits required by Item 601(a)(2) of this Rule. Whenever an electronic confirming copy of an exhibit is filed pursuant to a hardship exemption (§ 232.201 or § 232.202(d) of this chapter), the exhibit index should specify where the confirming electronic copy can be located; in addition, the designation "CE" (confirming electronic) should be placed next to the listed exhibit in the exhibit index.

EXHIBIT TABLE

Instructions to the Exhibit Table

1. The exhibit table indicates those documents that must be filed as exhibits to the respective forms listed.

2. The "X" designation indicates the documents which are required to be filed with each form even if filed previously with another document, *Provided, However*, that such previously filed documents may be incorporated by reference to satisfy the filing requirements.

3. The number used in the far left column of the table refers to the appropriate subsection in paragraph (b) where a description of the exhibit can be found. Whenever necessary, alphabetical or numerical subparts may be used.

(3)(i) *Articles of incorporation.* The articles of incorporation of the registrant or instruments corresponding thereto as currently in effect and any amendments thereto. However, there need not be filed any instrument with respect to long-term debt not being registered which meets the exclusion set forth above in paragraph (b)(4)(iii)(A).

Instruction 1 to paragraph (b)(4): There need not be filed any instrument which defines the rights of participants (not as security holders) pursuant to an employee benefit plan.

Instruction 2 to paragraph (b)(4) (for electronic filings): If the instrument defining the rights of security holders is in the form of a certificate, the text appearing on the certificate shall be reproduced in an electronic filing together with a description of any other graphic and image material appearing on the certificate, as provided in Rule 304 of Regulation S-T (§232.304 of this chapter).

(5) *Opinion re legality.* (i) An opinion of counsel as to the legality of the securities being registered, indicating whether they will, when sold, be legally issued, fully paid and non-assessable, and, if debt securities, whether they will be binding obligations of the registrant.

This exhibit otherwise need only be filed with the other applicable registration forms where the tax consequences are material to an investor and a representation as to tax consequences is set forth in the filing. If a tax opinion is set forth in full in the filing, an indication that such is the case may be made in lieu of filing the otherwise required exhibit. Such tax opinions may be conditioned or may be qualified, so long as such conditions and qualifications are adequately described in the filing.

(9) *Voting trust agreement.* Any voting trust agreements and amendments thereto.

(10) *Material contracts.* (i) Every contract not made in the ordinary course of business which is material to the registrant and is to be performed in whole or in part at or after the filing of the registration statement or report or was entered into not more than two years before such filing. shall be filed except where immaterial in amount or significance:

(A) Any contract to which directors, officers, promoters, voting trustees, security holders named in the registration statement or report, or underwriters are parties other than contracts involving only the purchase or sale of current assets having a determinable market price, at such market price;

(B) Any contract upon which the registrant's business is substantially dependent, as in the case of continuing contracts to sell the major part of registrant's products or services or to purchase the major part of registrant's requirements of goods, services or raw materials or any franchise or license or other agreement to use a patent, formula, trade secret, process or trade name upon which registrant's business depends to a material extent;

(C) Any contract calling for the acquisition or sale of any property, plant or equipment for a consideration exceeding 15 percent of such fixed assets of the registrant on a consolidated basis; or

(6) Any compensatory plan, contract, or arrangement if the registrant is a wholly owned subsidiary of a company that has a class of securities registered pursuant to section 12 or files reports pursuant to section 15(d) of the Exchange Act and is filing a report on Form 10-K and Form 10-KSB or registering debt instruments or preferred stock which are not voting securities on Form S-2.

Instruction 1 to paragraph (b)(10): With the exception of management contracts, in order to comply with paragraph (iii) above, registrants need only file copies of the various compensatory plans and need not file each individual director's or executive officer's personal agreement under the plans unless there are particular provisions in such personal agreements whose disclosure in an exhibit is necessary to an investor's understanding of that individual's compensation under the plan.

Instruction 2 to paragraph (b)(10): If a material contract is executed or becomes effective during the reporting period reflected by a Form 10-Q or Form 10-K, it shall be filed as an exhibit to the Form 10-Q or Form 10-K filed for the corresponding period. With respect to quarterly reports on Form 10-Q, only those contracts executed or becoming effective during the most recent period reflected in the report shall be filed.

(11) *Statement re computation of per share earnings.* A statement setting

forth in reasonable detail the computation of per share earnings, unless the computation can be clearly determined from the material contained in the registration statement or report. The information with respect to the computation of per share earnings on both primary and fully diluted basis, presented by exhibit or otherwise, must be furnished even though the amounts of per share earnings on the fully diluted bases are not required to be presented in the income statement under the provisions of Accounting Principles Board Opinion No. 15. That Opinion provides that any reduction of less than 3% need not be considered as dilution (see footnote to paragraph 14 of the Opinion) and that a computation on the fully diluted basis which results in improvement of earnings per share not be taken into account (see paragraph 40 of the Opinion).

(12) *Statements re computation of ratios.* A statement setting forth in reasonable detail the computation of any ratio of earnings to fixed charges, any ratio of earnings to combined fixed charges and preferred stock dividends or any other ratios which appear in the registration statement or report. See Item 503(d) of Regulation S-K (§ 229.503(d)).

(13) *Annual report to security holders, Form 10-Q and Form 10-QSB or quarterly report to security holders.* (i) The registrant's annual report to security holders for its last fiscal year, its Form 10-Q and Form 10-QSB (if specifically incorporated by reference in the prospectus) or its quarterly report to security holders, if all or a portion thereof is incorporated by reference in the filing. Such report, except for those portions thereof which are expressly incorporated by reference in the filing, is to be furnished for the information of the Commission and is not to be deemed "filed" as part of the filing. If the financial statements in the report have been incorporated by reference in the filing, the accountant's certificate shall be manually signed in one copy. See Rule 411(b) (§ 230.411(b) of this chapter).

(ii) Electronic filings. If all, or any portion, of the annual or quarterly report to security holders is incorporated by reference into any electronic filing,

all, or such portion of the annual or quarterly report to security holders so incorporated, shall be filed in electronic format as an exhibit to the filing.

(14) [Reserved]

(15) *Letter re unaudited interim financial information.* A letter, where applicable, from the independent accountant which acknowledges awareness of the use in a registration statement of a report on unaudited interim financial information which pursuant to Rule 436(c) under the Securities Act (§ 230.436(c) of this chapter) is not considered a part of a registration statement prepared or certified by an accountant or a report prepared or certified by an accountant within the meaning of sections 7 and 11 of that Act. Such letter may be filed with the registration statement, an amendment thereto, or a report on Form 10-Q and Form 10-QSB which is incorporated by reference into the registration statement.

(16) *Letter re change in certifying accountant.* A letter from the registrant's former independent accountant regarding its concurrence or disagreement with the statements made by the registrant in the current report concerning the resignation or dismissal as the registrant's principal accountant.

(17) *Letter re director resignation.* Any letter from a former director which sets forth a description of a disagreement with the registrant that led to the director's resignation or refusal to stand for re-election and which requests that the matter be disclosed.

(18) *Letter re change in accounting principles.* Unless previously filed, a letter from the registrant's independent accountant indicating whether any change in accounting principles or practices followed by the registrant, or any change in the method of applying any such accounting principles or practices, which affected the financial statements being filed with the Commission in the report or which is reasonably certain to affect the financial statements of future fiscal years is to an alternative principle which in his judgment is preferable under the circumstances. No such letter need be

filed when such change is made in response to a standard adopted by the Financial Accounting Standards Board that creates a new accounting principle, that expresses a preference for an accounting principle, or that rejects a specific accounting principle.

(19) *Report furnished to security holders.* If the registrant makes available to its stockholders or otherwise publishes, within the period prescribed for filing the report, a document or statement containing information meeting some or all of the requirements of Part I of Form 10-Q and Form 10-QSB, the information called for may be incorporated by reference to such published document or statement provided copies thereof are included as an exhibit to the registration statement or to Part I of the Form 10-Q and Form 10-QSB report.

(20) *Other documents or statements to security holders.* If the registrant makes available to its stockholders or otherwise publishes, within the period prescribed for filing the report, a document or statement containing information meeting some or all of the requirements of this form the information called for may be incorporated by reference to such published document or statement provided copies thereof are filed as an exhibit to the report on this form.

(21) *Subsidiaries of the registrant.* (i) List all subsidiaries of the registrant, the state or other jurisdiction of incorporation or organization of each, and the names under which such subsidiaries do business. This list may be incorporated by reference from a document which includes a complete and accurate list.

(ii) The names of particular subsidiaries may be omitted if the unnamed subsidiaries, considered in the aggregate as a single subsidiary, would not constitute a significant subsidiary as of the end of the year covered by this report. (See the definition of "significant subsidiary" in Rule 1-02(w) (17 CFR 210.1-02(w)) of Regulation S-X.) The names of consolidated wholly-owned multiple subsidiaries carrying on the same line of business, such as chain stores or small loan companies, may be omitted, provided the name of the immediate parent, the line of busi-

ness, the number of omitted subsidiaries operating in the United States and the number operating in foreign countries are given. This instruction shall not apply, however, to banks, insurance companies, savings and loan associations or to any subsidiary subject to regulation by another Federal agency.

(22) *Published report regarding matters submitted to vote of security holders.* Published reports containing all of the information called for by Item 4 of Part II of Form 10-Q and Form 10-QSB or Item 4 of Part I of Form 10-K and Form 10-KSB which is referred to therein in lieu of providing disclosure in Form 10-Q and Form 10-QSB or 10-K and Form 10-KSB, which are required to be filed as exhibits by Rule 12b-23(a)(3) under the Exchange Act (§240.12b-23(a)(3) of this chapter).

(23) *Consents of experts and counsel—*
(i) *Securities Act filings.* All written consents required to be filed shall be dated and manually signed. Where the consent of an expert or counsel is contained in his report or opinion or elsewhere in the registration statement or document filed therewith, a reference shall be made in the index to the report, the part of the registration statement or document or opinion, containing the consent.

(ii) *Exchange Act reports.* Where the filing of a written consent is required with respect to material incorporated by reference in a previously filed registration statement under the Securities Act, such consent may be filed as exhibit to the material incorporated by reference. Such consents shall be dated and manually signed.

(24) *Power of attorney.* If any name is signed to the registration statement or report pursuant to a power of attorney, manually signed copies of such power of attorney shall be filed. Where the power of attorney is contained elsewhere in the registration statement or documents filed therewith a reference shall be made in the index to the part of the registration statement or document containing such power of attorney. In addition, if the name of any officer signing on behalf of the registrant is signed pursuant to a power of attorney, certified copies of a resolution of

the registrant's board of directors authorizing such signature shall also be filed. A power of attorney that is filed with the Commission shall relate to a specific filing or an amendment thereto, provided, however, that a power of attorney relating to a registration statement under the Securities Act or an amendment thereto also may relate to any registration statement for the same offering that is to be effective upon filing pursuant to Rule 462(b) under the Securities Act (§230.462(b) of this chapter). A power of attorney that confers general authority shall not be filed with the Commission.

(25) *Statement of eligibility of trustee.*

(i) A statement of eligibility and qualification of each person designated to act as trustee under an indenture to be qualified under the Trust Indenture Act of 1939. Such statement of eligibility shall be bound separately from the other exhibits.

(ii) *Electronic filings.* The requirement to bind separately the statement of eligibility and qualification of each person designated to act as a trustee under the Trust Indenture Act of 1939 from other exhibits shall not apply to statements submitted in electronic format. Rather, such statements must be submitted as exhibits in the same electronic submission as the registration statement to which they relate, or in an amendment thereto, except that electronic filers that rely on Trust Indenture Act Section 305(b)(2) for determining the eligibility of the trustee under indentures for securities to be issued, offered or sold on a delayed basis by or on behalf of the registrant shall file such statements separately in the manner prescribed by §260.5b-1 through §260.5b-3 of this chapter and by the EDGAR Filer Manual.

(26) *Invitations for competitive bids.* If the registration statement covers securities to be offered at competitive bidding, any form of communication which is an invitation for competitive bid which will be sent or given to any person shall be filed.

(27) through (98) [Reserved]

(99) *Additional exhibits.* (i) Any additional exhibits which the registrant may wish to file shall be so marked as

to indicate clearly the subject matters to which they refer.

(ii) Any document (except for an exhibit) or part thereof which is incorporated by reference in the filing and is not otherwise required to be filed by this Item or is not a Commission filed document incorporated by reference in a Securities Act registration statement.

(iii) If pursuant to Section 11(a) of the Securities Act (15 U.S.C. 77k(a)) an issuer makes generally available to its security holders an earnings statement covering a period of at least 12 months beginning after the effective date of the registration statement, and if such earnings statement is made available by "other methods" than those specified in paragraphs (a) or (b) of §230.158 of this chapter, it must be filed as an exhibit to the Form 10-Q or the Form 10-K, as appropriate, covering the period in which the earnings statement was released.

Subpart 229.900—Roll-Up Transactions

SOURCE: 56 FR 57247, Nov. 8, 1991, unless otherwise noted.

§ 229.901 (Item 901) Definitions.

For the purposes of this subpart 229.900:

(a) *General partner* means the person or persons responsible under state law for managing or directing the management of the business and affairs of a partnership that is the subject of a roll-up transaction including, but not limited to, the general partner(s), board of directors, board of trustees, or other person(s) having a fiduciary duty to such partnership.

(b)(1) *Partnership* means any:

- (i) Finite-life limited partnership; or
- (ii) Other finite-life entity.

(2)(i) Except as provided in paragraph (b)(2)(ii) of this Item (§ 229.901(b)(2)(ii)), a limited partnership or other entity is “finite-life” if:

(A) It operates as a conduit vehicle for investors to participate in the ownership of assets for a limited period of time; and

(B) It has as a policy or purpose distributing to investors proceeds from the sale, financing or refinancing of assets or cash from operations, rather than reinvesting such proceeds or cash in the business (whether for the term of the entity or after an initial period

of time following commencement of operations).

(ii) A real estate investment trust as defined in I.R.C. section 856 is not *finite-life* solely because of the distribution to investors of net income as provided by the I.R.C. if its policies or purposes do not include the distribution to investors of proceeds from the sale, financing or refinancing of assets, rather than the reinvestment of such proceeds in the business.

(3) *Partnership* does not include any entity registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.) or any Business Development Company as defined in section 2(a)(48) of that Act (15 U.S.C. 80a-2(a)(48)).

(c)(1) Except as provided in paragraph (c)(2) or (c)(3) of this Item, (§ 229.901(c)(2) or (c)(3)) *roll-up transaction* means a transaction involving the combination or reorganization of one or more partnerships, directly or indirectly, in which some or all of the investors in any of such partnerships will receive new securities, or securities in another entity.

(2) Notwithstanding paragraph (c)(1) of this Item, (§ 229.901(c)(1)) *roll-up transaction* shall not include:

(i) A transaction wherein the interests of all of the investors in each of the partnerships are repurchased, recalled, or exchanged in accordance with the terms of the preexisting partnership agreement for securities in an operating company specifically identified at the time of the formation of the original partnership;

(ii) A transaction in which the securities to be issued or exchanged are not required to be and are not registered under the Securities Act of 1933 (15 U.S.C. 77a et seq.);

(iii) A transaction that involves only issuers that are not required to register or report under Section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 78l), both before and after the transaction;

(iv) A transaction that involves the combination or reorganization of one or more partnerships in which a non-affiliated party succeeds to the interests of a general partner or sponsor, if:

(A) Such action is approved by not less than 66% of the outstanding

Securities and Exchange Commission

§ 229.902 (Item 902) Individual partnership supplements.

(a) If two or more entities are proposed to be included in the roll-up transaction, provide the information specified in this Item (§229.902) in a separate supplement to the disclosure document for each entity.

(b) The separate supplement required by paragraph (a) of this Item (§229.902)

§ 229.902

17 CFR Ch. II (4-1-01 Edition)

shall be filed as part of the registration statement, shall be delivered with the prospectus to investors in the partnership covered thereby, and shall include:

(1) A statement in the forefront of the supplement to the effect that:

(i) Supplements have been prepared for each partnership;

(ii) The effects of the roll-up transaction may be different for investors in the various partnerships; and

(iii) Upon receipt of a written request by an investor or his representative who has been so designated in writing, a copy of any supplement will be transmitted promptly, without charge, by the general partner or sponsor.

This statement must include the name and address of the person to whom investors should make their request.

(2) A brief description of each material risk and effect of the roll-up transaction, including, but not limited to, federal income tax consequences, for investors in the partnership, with appropriate cross references to the discussions of the risks, effects and tax consequences of the roll-up transaction required in the principal disclosure document pursuant to Items 904 and 915 of this subpart (§ 229.904 and § 229.915). Such discussion shall address the effect of the roll-up transaction on the partnership's financial condition and results of operations.

(3) A statement concerning whether the general partner reasonably believes that the roll-up transaction is fair or unfair to investors in the partnership, together with a brief discussion of the bases for such belief, with appropriate cross references to the discussion of the fairness of the roll-up transaction required in the principal disclosure document pursuant to Item 910 of this subpart (§ 229.910). If there are material differences between the fairness analysis for the partnership and for the other partnerships, such differences shall be described briefly in the supplement.

(4) A brief, narrative description of the method of calculating the value of the partnership and allocating interests in the successor to the partnership, and a table showing such calculation and allocation. Such table shall include the following information (or other information of a comparable

character necessary to a thorough understanding of the calculation and allocation):

(i) The appraised value of each separately appraised significant asset (as defined in Item 911(c)(5) of this subpart (§ 229.911(c)(5))) held by the partnership, or, if appraisals have not been obtained for each significant asset, the value assigned for purposes of the valuation of the partnership to each significant asset for which an appraisal has not been obtained;

(ii) The dollar amount of any mortgages or other similar liabilities to which each of such assets is subject;

(iii) Cash and cash equivalent assets held by the partnership;

(iv) Other assets held by the partnership;

(ix) The number of interests in the successor to be allocated to investors in the partnership for each interest held by such investors (on an equivalent interest basis, such as per \$1,000 original investment); and

(x) The value assigned to the general partner's interest in the partnership, and the number of interests in the successor or other consideration to be allocated in the roll-up transaction to the general partner for such general partnership interest or otherwise as compensation or reimbursement for claims against or interests in the partnership, such as foregone fees, unearned fees and for fees to be earned on the sale or refinancing of an asset.

(5) The amounts of compensation paid, and cash distributions made, to the general partner and its affiliates by the partnership for the last three fiscal years and the most recently completed interim period and the amounts that would have been paid if the compensation and distributions structure to be

in effect after the roll-up transaction had been in effect during such period. If any proposed change(s) in the business or operations of the successor after the roll-up transaction would change materially the compensation and distributions that would have been paid by the successor (e.g., if properties will be sold or purchased after the roll-up transaction and no properties were sold or purchased during the period covered by the table), describe such changes and the effects thereof on the compensation and distributions to be paid by the successor.

(6) Cash distributions made to investors during each of the last five fiscal years and most recently completed interim period, identifying any such distributions which represent a return of capital.

(7) An appropriate cross reference to selected financial information concerning the partnership and the pro forma financial statements included in the principal disclosure document in response to Item 914(b)(2) of this subpart (§ 229.914(b)(2)).

§ 229.905

17 CFR Ch. II (4-1-01 Edition)

to Item 905 of this subpart (§ 229.905), with appropriate cross references to the comparative information required by Item 905;

(2) The material risks arising from an investment in the successor; and

(3) The likelihood that securities of the successor received by investors in the roll-up transaction will trade in the securities markets at a price substantially below the value assigned to such securities in the roll-up transaction and/or the value of the assets of the successor, and the effects on investors of such a trading market discount.

(b) Quantify each risk or effect to the extent practicable.

(c) State whether any of such risks or effects may be different for investors in any partnership and, if so, identify such partnership(s) and describe such difference(s).

and distributions that would have been paid by the successor from that shown in the table provided in response to paragraph (b)(3)(ii) of this Item (§229.905) (e.g., if properties will be sold or purchased after the roll-up transaction and no properties were sold or purchased during the period covered by the table), describe such changes and the effects thereof on the compensation and distributions to be paid by the successor.

(5) Describe the material conflicts that may arise between the interests of the sponsor or general partner and the interests of investors in the successor as a result of the compensation and distribution arrangements described in response to paragraphs (b)(1) and (2) of this Item (§229.905) and describe any steps that will be taken to resolve any such conflicts.

(c) Describe any provisions in the governing instruments of the successor and any policies of the general partner of the successor relating to distributions to investors of cash from operations, proceeds from the sale, financing or refinancing of assets, and any other distributions. Such table shall include for each partnership the following information (or other information of a comparable character necessary to an understanding of the calculation and allocation):

(1) The value assigned to each significant category of assets of the partnership and the total value assigned to the partnership;

(2) The total value assigned to all partnerships;

(3) The aggregate amount of interests in the successor to be allocated to each partnership and the percentage of the total amount of all such interests represented thereby; and

(4) The amount of interests of the successor to be issued to investors per interest held in each partnership (on an equivalent interest basis, such as per \$1,000 invested).

(c) If interests in the successor will be allocated to the general partner in exchange for its general partner interest or otherwise or if the general partner will receive other consideration in connection with the roll-up transaction:

§ 229.910

§ 229.909 (Item 909) Conflicts of interest.

(a) Briefly describe the general partner's fiduciary duties to each partnership subject to the roll-up transaction and each actual or potential material conflict of interest between the general partner and the investors relating to the roll-up transaction.

(2) If an unaffiliated representative has been retained to represent investors:

(a) State whether the general partner reasonably believes that the roll-up transaction is fair or unfair to investors and the reasons for such belief. Such discussion must address the fairness of the roll-up transaction to investors in each of the partnerships and as a whole. If the roll-up transaction may be completed with a combination of partnerships consisting of less than all partnerships, or with portions of partnerships, the belief stated must address each possible combination.

(b) Discuss in reasonable detail the material factors upon which the belief stated in paragraph (a) of this Item (§229.910) is based and, to the extent practicable, the weight assigned to each such factor. Such discussion should include an analysis of the extent, if any, to which such belief is based on the factors set forth in Instructions (2) and (3) to this Item (§229.910), paragraph (b)(1) of Item 909 of this subpart (§229.909(b)(1)) and Item 911 of this subpart (§229.911). § 229.911

17 CFR Ch. II (4-1-01 Edition)

the fairness of the transaction to investors.

(e) State whether the general partner's statements in response to paragraphs (a) and (b) of this Item (§ 229.910) are based, in whole or in part, on any report, opinion or appraisal described in response to Item 911 of this subpart (§ 229.911). If so, describe any material uncertainties known to the general partner that relate to the conclusions in any such report, opinion or appraisal including, but not limited to, developments or trends that have affected or are reasonably likely to affect materially such conclusions.

Instructions to Item 910: (1) A statement that the general partner has no reasonable belief as to the fairness of the roll-up transaction to investors will not be considered sufficient disclosure in response to paragraph (a) of this Item (§ 229.910(a)).

(2) The factors which are important in determining the fairness of a roll-up transaction to investors and the weight, if any, which should be given to them in a particular context will vary. Normally such factors will include, among others, those referred to in paragraph (b)(1) of Item 909 (§ 229.909(b)(1)) and whether the consideration offered to investors constitutes fair value in relation to:

- (i) Current market prices, if any;
- (ii) Historic market prices, if any;
- (iii) Net book value;
- (iv) Going concern value;

(viii) Offers of which the general partner or sponsor is aware made during the preceding eighteen months for a merger, consolidation, or combination of any of the partnerships; an acquisition of any of the partnerships or a material amount of their assets; a tender offer for or other acquisition of securities of any class issued by any of the partnerships; or a change in control of any of the partnerships.

(3) The discussion concerning fairness should specifically address material terms of the transaction including whether the consideration offered to investors constitutes fair value in relation to:

(i) The form and amount of consideration to be received by investors and the sponsor in the roll-up transaction;

(ii) The methods used to determine such consideration; and

(iii) The compensation to be paid to the sponsor in the future.

(4) Conclusory statements, such as "The roll-up transaction is fair to investors in relation to net book value, going concern value, liquidation value and future prospects of the partnership," will not be considered sufficient disclosure in response to paragraph (b) of this Item (§ 229.910(b)).

(5) Consideration should be given to presenting the comparative numerical data as to the value of the consideration being received by investors, liquidation value and other values in a tabular format. Financial and other information concerning the partnerships should be prepared based upon the most recent available information, such as, in the case of financial information, the periods covered by interim selected financial information included in the prospectus in accordance with Item 914 of this subpart (§ 229.914).

§ 229.911 (Item 911) Reports, opinions and appraisals.

(a)(1) *All material reports, opinions or appraisals.* State whether or not the general partner or sponsor has received any report, opinion (other than an opinion of counsel) or appraisal from an outside party which is materially related to the roll-up transaction including, but not limited to, any such report, opinion or appraisal relating to the consideration or the fairness of the consideration to be offered to investors in connection with the roll-up transaction or the fairness of such transaction to the general partner or investors.

- (i) Identify such outside party;
- (ii) Briefly describe the qualifications of such outside party;
- (iii) Describe the method of selection of such outside party;
- (iv) Describe any material relationship between:

(A) The outside party or its affiliates; and

(B) The general partner, sponsor, the successor or any of their affiliates,

which existed during the past two years or is mutually understood to be contemplated and any compensation received or to be received as a result of such relationship;

Securities and Exchange Commission

§ 229.911

(v) If such report, opinion or appraisal relates to the fairness of the consideration, state whether the general partner, sponsor or affiliate determined the amount of consideration to be paid or whether the outside party recommended the amount of consideration to be paid.

(vi) Furnish a summary concerning such report, opinion or appraisal which shall include, but not be limited to, the procedures followed; the findings and recommendations; the bases for and methods of arriving at such findings and recommendations; instructions received from the general partner, sponsor or its affiliates; and any limitation imposed by the general partner, sponsor or affiliate on the scope of the investigation. If any limitation was imposed by the general partner, sponsor or affiliate on the scope of the investigation, including, but not limited to, access to its personnel, premises, and relevant books and records, state the reasons therefor.

(vii) State whether any compensation paid to such outside party is contingent on the approval or completion of the roll-up transaction and, if so, the reasons for compensating such parties on a contingent basis.

(3) Furnish a statement to the effect that upon written request by an investor or his representative who has been so designated in writing, a copy of any such report, opinion or appraisal shall be transmitted promptly, without charge, by the general partner or sponsor. The statement also must include the name and address of the person to whom investors or their representatives should make their request.

(4) All reports, opinions or appraisals referred to in paragraph (a)(1) of this Item (§ 229.911) shall be filed as exhibits to the registration statement.

(5)(i) Describe any contacts in connection with the roll-up transaction between the sponsor or the general partner and any outside party with respect to the preparation by such party of an opinion concerning the fairness of the roll-up transaction, a valuation of a partnership or its assets, or any other report with respect to the roll-up transaction. No description is required, however, of contacts with respect to reports, opinions or appraisals filed as

exhibits pursuant to paragraph (a)(4) of this Item (§ 229.911).

(ii) The description of contacts with any outside party required by paragraph (a)(5)(i) of this Item (§ 229.911) shall include the following:

- (A) The identity of each such party;
- (B) The nature of the contact;
- (C) The actions taken by such party;
- (D) Any views, preliminary or final, expressed on the proposed subject matter of the report, opinion or appraisal; and
- (E) Any reasons such party did not provide a report, opinion or appraisal.

(b) *Fairness opinions*: (1) If any report, opinion or appraisal relates to the fairness of the roll-up transaction to investors in the partnerships, state whether or not the report, opinion or appraisal addresses the fairness of:

(i) The roll-up transaction as a whole and to investors in each partnership; and

(ii) All possible combinations of partnerships in the roll-up transaction (including portions of partnerships if the transaction is structured to permit portions of partnerships to participate). If all possible combinations are not addressed:

- (A) Identify the combinations that are addressed;
- (B) Identify the person(s) that determined which combinations would be addressed and state the reasons for the selection of the combinations; and
- (C) State that if the roll-up transaction is completed with a combination of partnerships not addressed, no report, opinion or appraisal concerning the fairness of the roll-up transaction will have been obtained.

(2) If the sponsor or the general partner has not obtained any opinion on the fairness of the proposed roll-up transaction to investors in each of the affected partnerships, state the sponsor's or general partner's reasons for concluding that such an opinion is not necessary in order to permit the limited partners or shareholders to make an informed decision on the proposed transaction.

(2) Describe which assets are covered by the appraisals and state the aggregate appraised value of the assets covered by the appraisals (including such value net of associated indebtedness). Provide a description of, and valuation of, any assets subject to any material qualifications by the appraiser and a summary of such qualifications;

(3) Identify the date as of which the appraisals were prepared. State whether and in what circumstances the appraisals will be updated. State whether any events have occurred or conditions have changed since the date of the appraisals that may have caused a material change in the value of the assets;

(4) Include as an appendix to the prospectus one or more tables setting forth the following information:

(i) The appraised value of any separately appraised asset that is significant to the partnership holding such asset;

(ii) If the appraiser considered different valuation approaches in preparing the appraisals of the assets identified in response to paragraph (c)(4)(i) of this Item (§ 229.911(c)(4)(i)), the value of each such asset under each valuation approach considered by the appraiser, identifying the valuation approach used by the appraiser in determining the appraised value and the reason such approach was chosen; and

(iii) All material assumptions used by the appraiser in appraising the assets identified in response to paragraph (c)(4)(i) of this Item (§ 229.911(c)(4)(i)), and, if the appraiser used different assumptions for any of such assets, the reasons the different assumptions were chosen.

(5) For purposes of this Item and Item 902 of this subpart (§ 229.902), an asset is “significant” to a partnership if it represents more than 10% of the value of the partnership’s assets as of the end of the most recently-completed fiscal year or recently-completed interim period or if 10% or more of the partnership’s cash flow or net income for the most recently-completed fiscal year or most recently-completed subsequent interim period was derived from such asset.

Instructions to Item 911: (1) The reports, opinions and appraisals required to be identified in response to paragraph (a) of this Item (§ 229.911) include any reports, opinions and appraisals which materially relate to the roll-up transaction whether or not relied upon, such as reports or opinions regarding alternatives to the roll-up transaction whether or not the alternatives were rejected.

(2) The information called for by paragraph (a)(2) of this Item (§ 229.911) should be given with respect to the firm which provides the report, opinion or appraisal rather than the employees of such firm who prepared it.

(3) With respect to appraisals, a summary prepared by the appraisers should not be included in lieu of the description of the appraisals required by paragraph (c) of this Item (§ 229.911). A clear and concise summary description of the appraisals is required.

(1) Provide a summary of each such loan agreement containing the identity of the parties, the term, the collateral, the stated and effective interest rates, and other material terms or conditions; and

(2) Briefly describe any plans or arrangements to finance or repay such borrowing, or, if no plans or arrangements have been made, make a statement to that effect.

(e) If the source of all or any part of the funds to be used in the roll-up transaction is a loan made in the ordinary course of business by a bank as defined by section 3(a)(6) of the Exchange Act and section 13(d) or 14(d) is applicable to such transaction, the name of such bank shall not be made available to the public if the person filing the statement so requests in writing and files such request, naming such bank, with the Secretary of the Commission.

§ 229.913 (Item 913) Other provisions of the transaction.

(a) State whether or not appraisal rights are provided under applicable state law, under the partnership's governing instruments or will be voluntarily accorded by the successor, the general partner or the sponsor (or any of their affiliates) in connection with the roll-up transaction. § 229.914 (Item 914) Pro forma financial statements: selected financial data.

(a) In addition to the information required by Item 301 of Regulation S-K,

This information should be provided for the same period(s) for which Selected Financial Data and Supplementary Financial Information are required to be provided. Additional or other information should be provided if material to an understanding of each partnership proposed to be included in a roll-up transaction.

(b) Provide pro forma financial information (including oil and gas reserves and cash flow disclosure, if appropriate), assuming:

(1) All partnerships participate in the roll-up transaction; and

(2) Participation in a roll-up transaction of those partnerships that on a combined basis have the lowest combined net cash provided by operating activities for the last fiscal year of such partnerships, *provided* participation by such partnerships satisfies all conditions to consummation of the roll-up transaction. If the combination of all partnerships proposed to be included in a roll-up transaction results in such lowest combined net cash provided by operating activities, this shall be noted and no separate pro forma financial statements are required.

(c) The pro forma financial statements required by paragraph (b) of this Item (§229.914) shall disclose the effect of the roll-up transaction on the successor's:

(4) Book value per share as of the later of the end of the most recent fiscal year or the latest interim period.

Instructions to Item 914. (1) Notwithstanding the provisions of this Item (§ 229.914), any or all of the information required by paragraphs (b) and (c) of this Item (§ 229.914) that is not material for the exercise of prudent judgment in regard to the matter to be acted upon, may be omitted.

(2) If the roll-up transaction is structured to permit participation by portions of partnerships, consideration should be given to the effect of such participation in preparing the pro forma financial statements reflecting a partial roll-up.

§ 229.915 (Item 915) Federal income tax consequences.

(a) Provide a brief, clear and understandable summary of the material Federal income tax consequences of the roll-up transaction and an investment in the successor. Where a tax opinion has been provided, briefly summarize the substance of such opinion, including identification of the material consequences upon which counsel has not been asked, or is unable, to opine. If any of the material Federal income tax consequences are not expected to be the same for investors in all partnerships, the differences shall be described.

(b) State whether or not the opinion of counsel is included as an appendix to the prospectus. If filed as an exhibit to the registration statement and not included as an appendix to the prospectus, include a statement to the effect that, upon receipt of a written request by an investor or his representative who has been so designated in writing, a copy of the opinion of counsel will be transmitted promptly, without charge, by the general partner or sponsor. If an agreement in principle has not been reached at the time of filing, no disclosure under paragraph (d)(1) of this section is required of the possible terms of or the parties to the transaction if in the opinion of the board of directors of the subject company disclosure would jeopardize continuation of the negotiations. (e) For the purposes of paragraph (d) of this section:

(iii) The broker does not solicit or arrange for the solicitation of orders to buy in anticipation of or in connection with such transactions and

(iv) The broker is not aware of any circumstances indicating that his principal is failing to comply with the provisions of paragraph (d) of this section;

(2) The term *solicitation of such orders* in section 4(4) of the Act shall be deemed to include the solicitation of an order to buy a security, but shall not be deemed to include the solicitation of an order to sell a security;

(3) Where within the previous 60 days a dealer has made a written bid for a security or a written solicitation of an offer to sell such security, the term *solicitation* in section 4(4) shall not be deemed to include an inquiry regarding the dealer's bid or solicitation.

(a)(1) The registrant meets the registrant requirements of Form S-3 (§239.13 of this chapter) or Form F-3 (§239.33 of this chapter) and the minimum float or investment grade securities provisions of either paragraph (B) (1) or (2) of General Instruction I of the respective form and such information, opinion or recommendation is contained in a publication which is distributed with reasonable regularity in the normal course of business; or

The terms *has purchased*, *sells for*, *participates*, and *participation*, in section 2(11) (48 Stat. 74, 48 Stat. 905; 15 U.S.C. 77b), shall not be deemed to apply to any action of a foreign government in acquiring, for war purposes and by or in anticipation of the exercise of war powers, from any person subject to its jurisdiction securities of a person organized under the laws of the United States or any State or Territory, or in disposing of such securities with a view to their distribution by underwriters in the United States, notwithstanding the fact that the price to be paid to such foreign government upon the disposition of such securities by it may be measured by or may be in direct or indirect relation to such price as may be realized by the underwriters.

[6 FR 2052, Apr. 23, 1941]

§ 230.144 Persons deemed not to be engaged in a distribution and therefore not underwriters.

PRELIMINARY NOTE: Rule 144 is designed to implement the fundamental purposes of the Act, as expressed in its preamble, *To provide full and fair disclosure of the character of the securities sold in interstate commerce and through the mails, and to prevent fraud in the sale thereof* * * * The rule is designed to prohibit the creation of public markets in securities of issuers concerning which adequate current information is not available to the public. At the same time, where adequate current information concerning the issuer is available to the public, the rule permits the public sale in ordinary trading transactions of limited amounts of securities owned by persons controlling, controlled by or under common control with the issuer and by persons who have acquired restricted securities of the issuer.

Certain basic principles are essential to an understanding of the requirement of registration in the Act:

1. If any person utilizes the jurisdictional means to sell any nonexempt security to any other person, the security must be registered unless a statutory exemption can be found for the transaction.

2. In addition to the exemptions found in section 3, four exemptions applicable to transactions in securities are contained in section 4. Three of these section 4 exemptions are clearly not available to anyone acting as an *underwriter* of securities. (The fourth, found in section 4(4), is available only to those who act as brokers under certain limited circumstances.) An understanding of the term *underwriter* is therefore important to anyone who wishes to determine whether or not an exemption from registration is available for his sale of securities.

The term *underwriter* is broadly defined in section 2(11) of the Act to mean any person who has purchased from an issuer with a view to, or offers or sells for an issuer in connection with, the distribution of any security, or participates, or has a direct or indirect participation in any such undertaking, or participates or has a participation in the direct or indirect underwriting of any such undertaking. The interpretation of this definition has traditionally focused on the words *with a view to* in the phrase *purchased from an issuer with a view to * * * distribution*. Thus, an investment banking firm which arranges with an issuer for the public sale of its securities is clearly an *underwriter* under that section. Individual investors who are not professionals in the securities business may also be *underwriters* within the meaning of that term as used in the Act if they act as links in a chain of transactions through which securities move from an issuer to the public. Since it is difficult to ascertain the mental state of the purchaser at the time of his acquisition, subsequent acts and circumstances have been considered to determine whether such person took with a view to distribution at the time of his acquisition. Emphasis has been placed on factors such as the length of time the person has held the securities and whether there has been an unforeseeable change in circumstances of the holder. Experience has shown, however, that reliance upon such factors as the above has not assured adequate protection of investors through the maintenance of informed trading markets and has led to uncertainty in the application of the registration provisions of the Act.

It should be noted that the statutory language of section 2(11) is in the disjunctive. Thus, it is insufficient to conclude that a person is not an *underwriter* solely because he did not purchase securities from an issuer with a view to their distribution. It must also be established that the person is not offering or selling for an issuer in connection with the distribution of the securities, does not participate or have a direct or indirect

participation in any such undertaking, and does not participate or have a participation in the direct or indirect underwriting of such an undertaking.

In determining when a person is deemed not to be engaged in a distribution several factors must be considered.

First, the purpose and underlying policy of the Act to protect investors requires that there be adequate current information concerning the issuer, whether the resales of securities by persons result in a distribution or are effected in trading transactions. Accordingly, the availability of the rule is conditioned on the existence of adequate current public information.

Secondly, a holding period prior to resale is essential, among other reasons, to assure that those persons who buy under a claim of a section 4(2) exemption have assumed the economic risks of investment, and therefore are not acting as conduits for sale to the public of unregistered securities, directly or indirectly, on behalf of an issuer. It should be noted that there is nothing in section 2(11) which places a time limit on a person's status as an *underwriter*. The public has the same need for protection afforded by registration whether the securities are distributed shortly after their purchase or after a considerable length of time.

A third factor, which must be considered in determining what is deemed not to constitute a *distribution*, is the impact of the particular transaction or transactions on the trading markets. Section 4(1) was intended to exempt only routine trading transactions between individual investors with respect to securities already issued and not to exempt distributions by issuers or acts of other individuals who engage in steps necessary to such distributions. Therefore, a person reselling securities under section 4(1) of the Act must sell the securities in such limited quantities and in such a manner as not to disrupt the trading markets. The larger the amount of securities involved, the more likely it is that such resales may involve methods of offering and amounts of compensation usually associated with a distribution rather than routine trading transactions. Thus, solicitation of buy orders or the payment of extra compensation are not permitted by the rule.

In summary, if the sale in question is made in accordance with all of the provisions of the section as set forth below, any person who sells restricted securities shall be deemed not to be engaged in a distribution of such securities and therefore not an *underwriter* thereof. The rule also provides that any person who sells restricted or other securities on behalf of a person in a control relationship with the issuer shall be deemed not to be engaged in a distribution of such

Securities and Exchange Commission

§ 230.144

securities and therefore not to be an underwriter thereof, if the sale is made in accordance with all the conditions of the section.

(a) *Definitions.* The following definitions shall apply for the purposes of this section.

(1) An *affiliate* of an issuer is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, such issuer.

(2) The term *person* when used with reference to a person for whose account securities are to be sold in reliance upon this section includes, in addition to such person, all of the following persons:

(i) Any relative or spouse of such person, or any relative of such spouse, any one of whom has the same home as such person;

(ii) Any trust or estate in which such person or any of the persons specified in paragraph (a)(2)(i) of this section collectively own 10 percent or more of the total beneficial interest or of which any of such persons serve as trustee, executor or in any similar capacity; and

(iii) Any corporation or other organization (other than the issuer) in which such person or any of the persons specified in paragraph (a)(2)(i) of this section are the beneficial owners collectively of 10 percent or more of any class of equity securities or 10 percent or more of the equity interest.

(3) The term *restricted securities* means:

(i) Securities acquired directly or indirectly from the issuer, or from an affiliate of the issuer, in a transaction or chain of transactions not involving any public offering;

(ii) Securities acquired from the issuer that are subject to the resale limitations of § 230.502(d) under Regulation D or § 230.701(c);

(iii) Securities acquired in a transaction or chain of transactions meeting the requirements of § 230.144A;

(iv) Securities acquired from the issuer in a transaction subject to the conditions of Regulation CE (§ 230.1001);

(v) Equity securities of domestic issuers acquired in a transaction or chain of transactions subject to the conditions of § 230.901 or § 230.903 under

Regulation S (§ 230.901 through § 230.905, and Preliminary Notes);

(vi) Securities acquired in a transaction made under § 230.801 to the same extent and proportion that the securities held by the security holder of the class with respect to which the rights offering was made were as of the record date for the rights offering “restricted securities” within the meaning of this paragraph (a)(3); and

(vii) Securities acquired in a transaction made under § 230.802 to the same extent and proportion that the securities that were tendered or exchanged in the exchange offer or business combination were “restricted securities” within the meaning of this paragraph (a)(3).

(b) *Conditions to be met.* Any affiliate or other person who sells restricted securities of an issuer for his own account, or any person who sells restricted or any other securities for the account of an affiliate of the issuer of such securities, shall be deemed not to be engaged in a distribution of such securities and therefore not to be an underwriter thereof within the meaning of section 2(11) of the Act if all of the conditions of this section are met.

(c) *Current public information.* There shall be available adequate current public information with respect to the issuer of the securities. Such information shall be deemed to be available only if either of the following conditions is met:

(1) *Filing of reports.* The issuer has securities registered pursuant to section 12 of the Securities Exchange Act of 1934, has been subject to the reporting requirements of section 13 of that Act for a period of at least 90 days immediately preceding the sale of the securities and has filed all the reports required to be filed thereunder during the 12 months preceding such sale (or for such shorter period that the issuer was required to file such reports); or has securities registered pursuant to the Securities Act of 1933, has been subject to the reporting requirements of section 15(d) of the Securities Exchange Act of 1934 for a period of at least 90 days immediately preceding the sale of the securities and has filed all the reports required to be filed thereunder during the 12 months preceding such sale (or for

such shorter period that the issuer was required to file such reports). The person for whose account the securities are to be sold shall be entitled to rely upon a statement in whichever is the most recent report, quarterly or annual, required to be filed and filed by the issuer that such issuer has filed all reports required to be filed by section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the issuer was required to file such reports) and has been subject to such filing requirements for the past 90 days, unless he knows or has reason to believe that the issuer has not complied with such requirements. Such person shall also be entitled to rely upon a written statement from the issuer that it has complied with such reporting requirements unless he knows or has reasons to believe that the issuer has not complied with such requirements.

(2) *Other public information.* If the issuer is not subject to section 13 or 15(d) of the Securities Exchange Act of 1934, there is publicly available the information concerning the issuer specified in paragraphs (a)(5)(i) to (xiv), inclusive, and paragraph (a)(5)(xvi) of Rule 15c2-11 (§ 240.15c2-11 of this chapter) under that Act or, if the issuer is an insurance company, the information specified in section 12(g)(2)(G)(i) of that Act.

(d) *Holding period for restricted securities.* If the securities sold are restricted securities, the following provisions apply:

(1) *General rule.* A minimum of one year must elapse between the later of the date of the acquisition of the securities from the issuer or from an affiliate of the issuer, and any resale of such securities in reliance on this section for the account of either the acquiror or any subsequent holder of those securities. If the acquiror takes the securities by purchase, the one-year period shall not begin until the full purchase price or other consideration is paid or given by the person acquiring the securities from the issuer or from an affiliate of the issuer.

(2) *Promissory notes, other obligations or installment contracts.* Giving the issuer or affiliate of the issuer from whom the securities were purchased a

promissory note or other obligation to pay the purchase price, or entering into an installment purchase contract with such seller, shall not be deemed full payment of the purchase price unless the promissory note, obligation or contract:

(i) Provides for full recourse against the purchaser of the securities;

(ii) Is secured by collateral, other than the securities purchased, having a fair market value at least equal to the purchase price of the securities purchased; and

(iii) Shall have been discharged by payment in full prior to the sale of the securities.

(3) *Determination of holding period.* The following provisions shall apply for the purpose of determining the period securities have been held:

(i) *Stock dividends, splits and recapitalizations.* Securities acquired from the issuer as a dividend or pursuant to a stock split, reverse split or recapitalization shall be deemed to have been acquired at the same time as the securities on which the dividend or, if more than one, the initial dividend was paid, the securities involved in the split or reverse split, or the securities surrendered in connection with the recapitalization;

(ii) *Conversions.* If the securities sold were acquired from the issuer for a consideration consisting solely of other securities of the same issuer surrendered for conversion, the securities so acquired shall be deemed to have been acquired at the same time as the securities surrendered for conversion;

(iii) *Contingent issuance of securities.* Securities acquired as a contingent payment of the purchase price of an equity interest in a business, or the assets of a business, sold to the issuer or an affiliate of the issuer shall be deemed to have been acquired at the time of such sale if the issuer or affiliate was then committed to issue the securities subject only to conditions other than the payment of further consideration for such securities. An agreement entered into in connection with any such purchase to remain in the employment of, or not to compete with, the issuer or affiliate or the rendering of services pursuant to such agreement shall not be deemed to be

the payment of further consideration for such securities.

(iv) *Pledged securities.* Securities which are bona-fide pledged by an affiliate of the issuer when sold by the pledgee, or by a purchaser, after a default in the obligation secured by the pledge, shall be deemed to have been acquired when they were acquired by the pledgor, except that if the securities were pledged without recourse they shall be deemed to have been acquired by the pledgee at the time of the pledge or by the purchaser at the time of purchase.

(v) *Gifts of securities.* Securities acquired from an affiliate of the issuer by gift shall be deemed to have been acquired by the donee when they were acquired by the donor.

(vi) *Trusts.* Where a trust settlor is an affiliate of the issuer, securities acquired from the settlor by the trust, or acquired from the trust by the beneficiaries thereof, shall be deemed to have been acquired when such securities were acquired by the settlor.

(vii) *Estates.* Where a deceased person was an affiliate of the issuer, securities held by the estate of such person or acquired from such estate by the beneficiaries thereof shall be deemed to have been acquired when they were acquired by the deceased person, except that no holding period is required if the estate is not an affiliate of the issuer or if the securities are sold by a beneficiary of the estate who is not such an affiliate.

NOTE: While there is no holding period or amount limitation for estates and beneficiaries thereof which are not affiliates of the issuer, paragraphs (c), (h) and (i) of the rule apply to securities sold by such persons in reliance upon the rule.

(viii) *Rule 145(a) transactions.* The holding period for securities acquired in a transaction specified in Rule 145(a) shall be deemed to commence on the date the securities were acquired by the purchaser in such transaction. This provision shall not apply, however, to a transaction effected solely for the purpose of forming a holding company.

(e) *Limitation on amount of securities sold.* Except as hereinafter provided, the amount of securities which may be sold in reliance upon this rule shall be determined as follows:

(1) *Sales by affiliates.* If restricted or other securities are sold for the account of an affiliate of the issuer, the amount of securities sold, together with all sales of restricted and other securities of the same class for the account of such person within the preceding three months, shall not exceed the greater of

(i) One percent of the shares or other units of the class outstanding as shown by the most recent report or statement published by the issuer, or

(ii) The average weekly reported volume of trading in such securities on all national securities exchanges and/or reported through the automated quotation system of a registered securities association during the four calendar weeks preceding the filing of notice required by paragraph (h), or if no such notice is required the date of receipt of the order to execute the transaction by the broker or the date of execution of the transaction directly with a market maker, or

(iii) The average weekly volume of trading in such securities reported through the consolidated transaction reporting system contemplated by Rule 11Aa3-1 under the Securities Exchange Act of 1934 (§240.11A3-1) during the four-week period specified in paragraph (e)(1)(ii) of this section.

(2) *Sales by persons other than affiliates.* The amount of restricted securities sold for the account of any person other than an affiliate of the issuer, together with all other sales of restricted securities of the same class for the account of such person within the preceding three months, shall not exceed the amount specified in paragraphs (e)(1) (i), (ii) or (iii) of this section, whichever is applicable, unless the conditions of paragraph (k) of this rule are satisfied.

(3) *Determination of amount.* For the purpose of determining the amount of securities specified in paragraphs (e) (1) and (2) of this section, the following provisions shall apply:

(i) Where both convertible securities and securities of the class into which they are convertible are sold, the amount of convertible securities sold shall be deemed to be the amount of securities of the class into which they

are convertible for the purpose of determining the aggregate amount of securities of both classes sold;

(ii) The amount of securities sold for the account of a pledgee thereof, or for the account of a purchaser of the pledged securities, during any period of three months within one year after a default in the obligation secured by the pledge, and the amount of securities sold during the same three-month period for the account of the pledgor shall not exceed, in the aggregate, the amount specified in paragraph (e) (1) or (2) of this section, whichever is applicable;

(iii) The amount of securities sold for the account of a donee thereof during any period of three months within one year after the donation, and the amount of securities sold during the same three-month period for the account of the donor, shall not exceed, in the aggregate, the amount specified in paragraph (e) (1) or (2) of this section, whichever is applicable;

(iv) Where securities were acquired by a trust from the settlor of the trust, the amount of such securities sold for the account of the trust during any period of three months within one year after the acquisition of the securities by the trust, and the amount of securities sold during the same three-month period for the account of the settlor, shall not exceed, in the aggregate, the amount specified in paragraph (e) (1) or (2) of this section, whichever is applicable;

(v) The amount of securities sold for the account of the estate of a deceased person, or for the account of a beneficiary of such estate, during any period of 3 months and the amount of securities sold during the same period for the account of the deceased person prior to his death shall not exceed, in the aggregate, the amount specified in paragraph (e) (1) or (2) of this section, whichever is applicable: *Provided*, That no limitation on amount shall apply if the estate or beneficiary thereof is not an affiliate of the issuer;

(vi) When two or more affiliates or other persons agree to act in concert for the purpose of selling securities of an issuer, all securities of the same class sold for the account of all such persons during any period of 3 months

shall be aggregated for the purpose of determining the limitation on the amount of securities sold;

(vii) The following sales of securities need not be included in determining the amount of securities sold in reliance upon this section: securities sold pursuant to an effective registration statement under the Act; securities sold pursuant to an exemption provided by Regulation A (§ 230.251 through § 230.263) under the Act; securities sold in a transaction exempt pursuant to Section 4 of the Act (15 U.S.C. 77d) and not involving any public offering; and securities sold offshore pursuant to Regulation S (§ 230.901 through § 230.905, and Preliminary Notes) under the Act.

(f) *Manner of sale.* The securities shall be sold in *brokers' transactions* within the meaning of section 4(4) of the Act or in transactions directly with a *market maker*, as that term is defined in section 3(a)(38) of the Securities Exchange Act of 1934, and the person selling the securities shall not (1) solicit or arrange for the solicitation of orders to buy the securities in anticipation of or in connection with such transaction, or (2) make any payment in connection with the offer or sale of the securities to any person other than the broker who executes an order to sell the securities. The requirements of this paragraph, however, shall not apply to securities sold for the account of the estate of a deceased person or for the account of a beneficiary of such estate provided the estate or beneficiary thereof is not an affiliate of the issuer; nor shall they apply to securities sold for the account of any person other than an affiliate of the issuer provided the conditions of paragraph (k) of this rule are satisfied.

(g) *Brokers' transactions.* The term *brokers' transactions* in section 4(4) of the Act shall for the purposes of this rule be deemed to include transactions by a broker in which such broker:

(1) Does not more than execute the order or orders to sell the securities as agent for the person for whose account the securities are sold; and receives no more than the usual and customary broker's commission;

(2) Neither solicits nor arranges for the solicitation of customers' orders to buy the securities in anticipation of or

Securities and Exchange Commission

§ 230.144

in connection with the transaction; provided, that the foregoing shall not preclude (i) inquiries by the broker of other brokers or dealers who have indicated an interest in the securities within the preceding 60 days, (ii) inquiries by the broker of his customers who have indicated an unsolicited bona fide interest in the securities within the preceding 10 business days; or (iii) the publication by the broker of bid and ask quotations for the security in an inter-dealer quotation system provided that such quotations are incident to the maintenance of a bona fide inter-dealer market for the security for the broker's own account and that the broker has published bona fide bid and ask quotations for the security in an inter-dealer quotation system on each of at least twelve days within the preceding thirty calendar days with no more than four business days in succession without such two-way quotations;

NOTE TO PARAGRAPH (G)(2)(II): The broker should obtain and retain in his files written evidence of indications of bona fide unsolicited interest by his customers in the securities at the time such indications are received.

(3) After reasonable inquiry is not aware of circumstances indicating that the person for whose account the securities are sold is an underwriter with respect to the securities or that the transaction is a part of a distribution of securities of the issuer. Without limiting the foregoing, the broker shall be deemed to be aware of any facts or statements contained in the notice required by paragraph (h) of this section.

NOTES: (i) The broker, for his own protection, should obtain and retain in his files a copy of the notice required by paragraph (h) of this section.

(ii) The reasonable inquiry required by paragraph (g)(3) of this section should include, but not necessarily be limited to, inquiry as to the following matters:

(a) The length of time the securities have been held by the person for whose account they are to be sold. If practicable, the inquiry should include physical inspection of the securities;

(b) The nature of the transaction in which the securities were acquired by such person;

(c) The amount of securities of the same class sold during the past 3 months by all persons whose sales are required to be taken into consideration pursuant to paragraph (e) of this section;

(d) Whether such person intends to sell additional securities of the same class through any other means;

(e) Whether such person has solicited or made any arrangement for the solicitation of buy orders in connection with the proposed sale of securities;

(f) Whether such person has made any payment to any other person in connection with the proposed sale of the securities; and

(g) The number of shares or other units of the class outstanding, or the relevant trading volume.

(h) *Notice of proposed sale.* If the amount of securities to be sold in reliance upon the rule during any period of three months exceeds 500 shares or other units or has an aggregate sale price in excess of \$10,000, three copies of a notice on Form 144 shall be filed with the Commission at its principal office in Washington, DC; and if such securities are admitted to trading on any national securities exchange, one copy of such notice shall also be transmitted to the principal exchange on which such securities are so admitted. The Form 144 shall be signed by the person for whose account the securities are to be sold and shall be transmitted for filing concurrently with either the placing with a broker of an order to execute a sale of securities in reliance upon this rule or the execution directly with a market maker of such a sale. Neither the filing of such notice nor the failure of the Commission to comment thereon shall be deemed to preclude the Commission from taking any action it deems necessary or appropriate with respect to the sale of the securities referred to in such notice. The requirements of this paragraph, however, shall not apply to securities sold for the account of any person other than an affiliate of the issuer, provided the conditions of paragraph (k) of this rule are satisfied.

(i) *Bona fide intention to sell.* The person filing the notice required by paragraph (h) of this section shall have a bona fide intention to sell the securities referred to therein within a reasonable time after the filing of such notice.

(j) *Non-exclusive rule.* Although this rule provides a means for reselling restricted securities and securities held by affiliates without registration, it is not the exclusive means for reselling

§ 230.144A

17 CFR Ch. II (4-1-01 Edition)

such securities in that manner. Therefore, it does not eliminate or otherwise affect the availability of any exemption for resales under the Securities Act that a person or entity may be able to rely upon.

(k) *Termination of certain restrictions on sales of restricted securities by persons other than affiliates.* The requirements of paragraphs (c), (e), (f) and (h) of this section shall not apply to restricted securities sold for the account of a person who is not an affiliate of the issuer at the time of the sale and has not been an affiliate during the preceding three months, provided a period of at least two years has elapsed since the later of the date the securities were acquired from the issuer or from an affiliate of the issuer. The two-year period shall be calculated as described in paragraph (d) of this section.

§ 230.144A Private resales of securities to institutions.

PRELIMINARY NOTES: 1. This section relates solely to the application of section 5 of the Act and not to antifraud or other provisions of the federal securities laws.

2. Attempted compliance with this section does not act as an exclusive election; any seller hereunder may also claim the availability of any other applicable exemption from the registration requirements of the Act.

3. In view of the objective of this section and the policies underlying the Act, this section is not available with respect to any

transaction or series of transactions that, although in technical compliance with this section, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

4. Nothing in this section obviates the need for any issuer or any other person to comply with the securities registration or broker-dealer registration requirements of the Securities Exchange Act of 1934 (the *Exchange Act*), whenever such requirements are applicable.

5. Nothing in this section obviates the need for any person to comply with any applicable state law relating to the offer or sale of securities.

6. Securities acquired in a transaction made pursuant to the provisions of this section are deemed to be *restricted securities* within the meaning of § 230.144(a)(3) of this chapter.

7. The fact that purchasers of securities from the issuer thereof may purchase such securities with a view to reselling such securities pursuant to this section will not affect the availability to such issuer of an exemption under section 4(2) of the Act, or Regulation D under the Act, from the registration requirements of the Act.

(a) *Definitions.* (1) For purposes of this section, *qualified institutional buyer* shall mean:

(i) Any of the following entities, acting for its own account or the accounts of other qualified institutional buyers, that in the aggregate owns and invests on a discretionary basis at least \$100 million in securities of issuers that are not affiliated with the entity:

(A) Any *insurance company* as defined in section 2(13) of the Act;

NOTE: A purchase by an insurance company for one or more of its separate accounts, as defined by section 2(a)(37) of the Investment Company Act of 1940 (the "Investment Company Act"), which are neither registered under section 8 of the Investment Company Act nor required to be so registered, shall be deemed to be a purchase for the account of such insurance company.

(B) Any *investment company* registered under the Investment Company Act or any *business development company* as defined in section 2(a)(48) of that Act;

(C) Any *Small Business Investment Company* licensed by the U.S. Small Business Administration under section 301(c) or (d) of the Small Business Investment Act of 1958;

(D) Any *plan* established and maintained by a state, its political subdivisions, or any agency or instrumentality of a state or its political subdivisions, for the benefit of its employees;

(E) Any *employee benefit plan* within the meaning of title I of the Employee Retirement Income Security Act of 1974;

(F) Any trust fund whose trustee is a bank or trust company and whose participants are exclusively plans of the types identified in paragraph (a)(1)(i) (D) or (E) of this section, except trust funds that include as participants individual retirement accounts or H.R. 10 plans.

(G) Any *business development company* as defined in section 202(a)(22) of the Investment Advisers Act of 1940;

(H) Any organization described in section 501(c)(3) of the Internal Revenue Code, corporation (other than a bank as defined in section 3(a)(2) of the Act or a savings and loan association or other institution referenced in section 3(a)(5)(A) of the Act or a foreign bank or savings and loan association or equivalent institution), partnership, or Massachusetts or similar business trust; and

(I) Any *investment adviser* registered under the Investment Advisers Act.

(ii) Any *dealer* registered pursuant to section 15 of the Exchange Act, acting for its own account or the accounts of other qualified institutional buyers, that in the aggregate owns and invests on a discretionary basis at least \$10 million of securities of issuers that are not affiliated with the dealer, *Provided*, That securities constituting the whole or a part of an unsold allotment to or subscription by a dealer as a participant in a public offering shall not be deemed to be owned by such dealer;

(iii) Any *dealer* registered pursuant to section 15 of the Exchange Act acting in a riskless principal transaction on behalf of a qualified institutional buyer;

NOTE: A registered dealer may act as agent, on a non-discretionary basis, in a transaction with a qualified institutional buyer without itself having to be a qualified institutional buyer.

(iv) Any investment company registered under the Investment Company Act, acting for its own account or for

the accounts of other qualified institutional buyers, that is part of a family of investment companies which own in the aggregate at least \$100 million in securities of issuers, other than issuers that are affiliated with the investment company or are part of such family of investment companies. *Family of investment companies* means any two or more investment companies registered under the Investment Company Act, except for a unit investment trust whose assets consist solely of shares of one or more registered investment companies, that have the same investment adviser (or, in the case of unit investment trusts, the same depositor). *Provided* That, for purposes of this section:

(A) Each series of a series company (as defined in Rule 18f-2 under the Investment Company Act [17 CFR 270.18f-2]) shall be deemed to be a separate investment company; and

(B) Investment companies shall be deemed to have the same adviser (or depositor) if their advisers (or depositors) are majority-owned subsidiaries of the same parent, or if one investment company's adviser (or depositor) is a majority-owned subsidiary of the other investment company's adviser (or depositor);

(v) Any entity, all of the equity owners of which are qualified institutional buyers, acting for its own account or the accounts of other qualified institutional buyers; and

(vi) Any *bank* as defined in section 3(a)(2) of the Act, any savings and loan association or other institution as referenced in section 3(a)(5)(A) of the Act, or any foreign bank or savings and loan association or equivalent institution, acting for its own account or the accounts of other qualified institutional buyers, that in the aggregate owns and invests on a discretionary basis at least \$100 million in securities of issuers that are not affiliated with it and that has an audited net worth of at least \$25 million as demonstrated in its latest annual financial statements, as of a date not more than 16 months preceding the date of sale under the Rule in the case of a U.S. bank or savings and loan association, and not more than 18 months preceding such date of sale for a foreign bank or savings and

loan association or equivalent institution.

(2) In determining the aggregate amount of securities owned and invested on a discretionary basis by an entity, the following instruments and interests shall be excluded: bank deposit notes and certificates of deposit; loan participations; repurchase agreements; securities owned but subject to a repurchase agreement; and currency, interest rate and commodity swaps.

(3) The aggregate value of securities owned and invested on a discretionary basis by an entity shall be the cost of such securities, except where the entity reports its securities holdings in its financial statements on the basis of their market value, and no current information with respect to the cost of those securities has been published. In the latter event, the securities may be valued at market for purposes of this section.

(4) In determining the aggregate amount of securities owned by an entity and invested on a discretionary basis, securities owned by subsidiaries of the entity that are consolidated with the entity in its financial statements prepared in accordance with generally accepted accounting principles may be included if the investments of such subsidiaries are managed under the direction of the entity, except that, unless the entity is a reporting company under section 13 or 15(d) of the Exchange Act, securities owned by such subsidiaries may not be included if the entity itself is a majority-owned subsidiary that would be included in the consolidated financial statements of another enterprise.

(5) For purposes of this section, *riskless principal transaction* means a transaction in which a dealer buys a security from any person and makes a simultaneous offsetting sale of such security to a qualified institutional buyer, including another dealer acting as riskless principal for a qualified institutional buyer.

(6) For purposes of this section, *effective conversion premium* means the amount, expressed as a percentage of the security's conversion value, by which the price at issuance of a convertible security exceeds its conversion value.

(7) For purposes of this section, *effective exercise premium* means the amount, expressed as a percentage of the warrant's exercise value, by which the sum of the price at issuance and the exercise price of a warrant exceeds its exercise value.

(b) *Sales by persons other than issuers or dealers.* Any person, other than the issuer or a dealer, who offers or sells securities in compliance with the conditions set forth in paragraph (d) of this section shall be deemed not to be engaged in a distribution of such securities and therefore not to be an underwriter of such securities within the meaning of sections 2(11) and 4(1) of the Act.

(c) *Sales by Dealers.* Any dealer who offers or sells securities in compliance with the conditions set forth in paragraph (d) of this section shall be deemed not to be a participant in a distribution of such securities within the meaning of section 4(3)(C) of the Act and not to be an underwriter of such securities within the meaning of section 2(11) of the Act, and such securities shall be deemed not to have been offered to the public within the meaning of section 4(3)(A) of the Act.

(d) *Conditions to be met.* To qualify for exemption under this section, an offer or sale must meet the following conditions:

(1) The securities are offered or sold only to a qualified institutional buyer or to an offeree or purchaser that the seller and any person acting on behalf of the seller reasonably believe is a qualified institutional buyer. In determining whether a prospective purchaser is a qualified institutional buyer, the seller and any person acting on its behalf shall be entitled to rely upon the following non-exclusive methods of establishing the prospective purchaser's ownership and discretionary investments of securities:

(i) The prospective purchaser's most recent publicly available financial statements, *Provided* That such statements present the information as of a date within 16 months preceding the date of sale of securities under this section in the case of a U.S. purchaser and within 18 months preceding such date of sale for a foreign purchaser;

(ii) The most recent publicly available information appearing in documents filed by the prospective purchaser with the Commission or another United States federal, state, or local governmental agency or self-regulatory organization, or with a foreign governmental agency or self-regulatory organization, *Provided* That any such information is as of a date within 16 months preceding the date of sale of securities under this section in the case of a U.S. purchaser and within 18 months preceding such date of sale for a foreign purchaser;

(iii) The most recent publicly available information appearing in a recognized securities manual, *Provided* That such information is as of a date within 16 months preceding the date of sale of securities under this section in the case of a U.S. purchaser and within 18 months preceding such date of sale for a foreign purchaser; or

(iv) A certification by the chief financial officer, a person fulfilling an equivalent function, or other executive officer of the purchaser, specifying the amount of securities owned and invested on a discretionary basis by the purchaser as of a specific date on or since the close of the purchaser's most recent fiscal year, or, in the case of a purchaser that is a member of a family of investment companies, a certification by an executive officer of the investment adviser specifying the amount of securities owned by the family of investment companies as of a specific date on or since the close of the purchaser's most recent fiscal year;

(2) The seller and any person acting on its behalf takes reasonable steps to ensure that the purchaser is aware that the seller may rely on the exemption from the provisions of section 5 of the Act provided by this section;

(3) The securities offered or sold:

(i) Were not, when issued, of the same class as securities listed on a national securities exchange registered under section 6 of the Exchange Act or quoted in a U.S. automated inter-dealer quotation system; *Provided*, That securities that are convertible or exchangeable into securities so listed or quoted at the time of issuance and that had an effective conversion premium of less than 10 percent, shall be treated as

securities of the class into which they are convertible or exchangeable; and that warrants that may be exercised for securities so listed or quoted at the time of issuance, for a period of less than 3 years from the date of issuance, or that had an effective exercise premium of less than 10 percent, shall be treated as securities of the class to be issued upon exercise; and *Provided further*, That the Commission may from time to time, taking into account then-existing market practices, designate additional securities and classes of securities that will not be deemed of the same class as securities listed on a national securities exchange or quoted in a U.S. automated inter-dealer quotation system; and

(ii) Are not securities of an open-end investment company, unit investment trust or face-amount certificate company that is or is required to be registered under section 8 of the Investment Company Act; and

(4)(i) In the case of securities of an issuer that is neither subject to section 13 or 15(d) of the Exchange Act, nor exempt from reporting pursuant to Rule 12g3-2(b) (§240.12g3-2(b) of this chapter) under the Exchange Act, nor a foreign government as defined in Rule 405 (§230.405 of this chapter) eligible to register securities under Schedule B of the Act, the holder and a prospective purchaser designated by the holder have the right to obtain from the issuer, upon request of the holder, and the prospective purchaser has received from the issuer, the seller, or a person acting on either of their behalf, at or prior to the time of sale, upon such prospective purchaser's request to the holder or the issuer, the following information (which shall be reasonably current in relation to the date of resale under this section): a very brief statement of the nature of the business of the issuer and the products and services it offers; and the issuer's most recent balance sheet and profit and loss and retained earnings statements, and similar financial statements for such part of the two preceding fiscal years as the issuer has been in operation (the financial statements should be audited to the extent reasonably available).

§ 230.145

(ii) The requirement that the information be *reasonably current* will be presumed to be satisfied if:

(A) The balance sheet is as of a date less than 16 months before the date of resale, the statements of profit and loss and retained earnings are for the 12 months preceding the date of such balance sheet, and if such balance sheet is not as of a date less than 6 months before the date of resale, it shall be accompanied by additional statements of profit and loss and retained earnings for the period from the date of such balance sheet to a date less than 6 months before the date of resale; and

(B) The statement of the nature of the issuer's business and its products and services offered is as of a date within 12 months prior to the date of resale; or

(C) With regard to foreign private issuers, the required information meets the timing requirements of the issuer's home country or principal trading markets.

(e) Offers and sales of securities pursuant to this section shall be deemed not to affect the availability of any exemption or safe harbor relating to any previous or subsequent offer or sale of such securities by the issuer or any prior or subsequent holder thereof.

§ 230.145 Reclassification of securities, mergers, consolidations and acquisitions of assets.

PRELIMINARY NOTE: Rule 145 (§230.145 of this chapter) is designed to make available the protection provided by registration under the Securities Act of 1933, as amended (Act), to persons who are offered securities in a business combination of the type described in paragraphs (a) (1), (2) and (3) of the rule. The thrust of the rule is that an *offer, offer to sell, offer for sale, or sale* occurs when there is submitted to security holders a plan or agreement pursuant to which such holders are required to elect, on the basis of what is in substance a new investment decision, whether to accept a new or different security in exchange for their existing security. Rule 145 embodies the Commission's determination that such transactions are subject to the registration requirements of the Act, and that the previously existing *no-sale* theory of Rule 133 is no longer consistent with the statutory purposes of the Act. See Release

17 CFR Ch. II (4-1-01 Edition)

No. 33-5316 (October 6, 1972) [37 FR 23631]. Securities issued in transactions described in paragraph (a) of Rule 145 may be registered on Form S-4 or F-4 (§239.25 or §239.34 of this chapter) or Form N-14 (§239.23 of this chapter) under the Act.

Transactions for which statutory exemptions under the Act, including those contained in sections 3(a)(9), (10), (11) and 4(2), are otherwise available are not affected by Rule 145.

NOTE 1: Reference is made to Rule 153a (§230.153a of this chapter) describing the prospectus delivery required in a transaction of the type referred to in Rule 145.

NOTE 2: A reclassification of securities covered by Rule 145 would be exempt from registration pursuant to section 3(a)(9) or (11) of the Act if the conditions of either of these sections are satisfied.

(a) *Transactions within this section.* An *offer, offer to sell, offer for sale, or sale* shall be deemed to be involved, within the meaning of section 2(3) of the Act, so far as the security holders of a corporation or other person are concerned where, pursuant to statutory provisions of the jurisdiction under which such corporation or other person is organized, or pursuant to provisions contained in its certificate of incorporation or similar controlling instruments, or otherwise, there is submitted for the vote or consent of such security holders a plan or agreement for:

(1) *Reclassifications.* A reclassification of securities of such corporation or other person, other than a stock split, reverse stock split, or change in par value, which involves the substitution of a security for another security;

(2) *Mergers of Consolidations.* A statutory merger or consolidation or similar plan or acquisition in which securities of such corporation or other person held by such security holders will become or be exchanged for securities of any person, unless the sole purpose of the transaction is to change an issuer's domicile solely within the United States; or

(3) *Transfers of assets.* A transfer of assets of such corporation or other person, to another person in consideration of the issuance of securities of such other person or any of its affiliates, if:

(i) Such plan or agreement provides for dissolution of the corporation or other person whose security holders are voting or consenting; or

(ii) Such plan or agreement provides for a pro rata or similar distribution of such securities to the security holders voting or consenting; or

(iii) The board of directors or similar representatives of such corporation or other person, adopts resolutions relative to paragraph (a)(3) (i) or (ii) of this section within 1 year after the taking of such vote or consent; or

(iv) The transfer of assets is a part of a preexisting plan for distribution of such securities, notwithstanding paragraph (a)(3) (i), (ii), or (iii) of this section.

(b) *Communications before a Registration Statement is filed.* Communications made in connection with or relating to a transaction described in paragraph (a) of this section that will be registered under the Act may be made under § 230.135, § 230.165 or § 230.166.

(c) *Persons and parties deemed to be underwriters.* For purposes of this section, any party to any transaction specified in paragraph (a) of this section, other than the issuer, or any person who is an affiliate of such party at the time any such transaction is submitted for vote or consent, who publicly offers or sells securities of the issuer acquired in connection with any such transaction, shall be deemed to be engaged in a distribution and therefore to be an underwriter thereof within the meaning of section 2(11) of the Act. The term *party* as used in this paragraph (c) shall mean the corporations, business entities, or other persons, other than the issuer, whose assets or capital structure are affected by the transactions specified in paragraph (a) of this section.

(d) *Resale provisions for persons and parties deemed underwriters.* Notwithstanding the provisions of paragraph (c), a person or party specified therein shall not be deemed to be engaged in a distribution and therefore not to be an underwriter of registered securities acquired in a transaction specified in paragraph (a) of this section if:

(1) Such securities are sold by such person or party in accordance with the provisions of paragraphs (c), (e), (f) and (g) of § 230.144;

(2) Such person or party is not an affiliate of the issuer, and a period of at least one year, as determined in ac-

cordance with paragraph (d) of § 230.144, has elapsed since the date the securities were acquired from the issuer in such transaction, and the issuer meets the requirements of paragraph (c) of § 230.144; or

(3) Such person or party is not, and has not been for at least three months, an affiliate of the issuer, and a period of at least two years, as determined in accordance with paragraph (d) of § 230.144, has elapsed since the date the securities were acquired from the issuer in such transaction.

(e) *Definition of person.* The term *person* as used in paragraphs (c) and (d) of this section, when used with reference to a person for whose account securities are to be sold, shall have the same meaning as the definition of that term in paragraph (a)(2) of § 230.144.

(a) *Prepared by or on behalf of the issuer.* An offering document (as defined in Section 18(d)(1) of the Act [15 U.S.C. 77r(d)(1)]) is “prepared by or on behalf of the issuer” for purposes of Section 18 of the Act, if the issuer or an agent or representative:

(1) Authorizes the document’s production, and

(2) Approves the document before its use.

(b) *Covered securities for purposes of Section 18.* (1) For purposes of Section 18(b) of the Act (15 U.S.C. 77r), the Commission finds that the following national securities exchanges, or segments or tiers thereof, have listing standards that are substantially similar to those of the New York Stock Exchange (“NYSE”), the American Stock Exchange (“Amex”), or the National Market System of the Nasdaq Stock Market (“Nasdaq/NMS”), and that securities listed on such exchanges shall be deemed covered securities:

§ 230.147

(i) Tier I of the Pacific Exchange, Incorporated;

(ii) Tier I of the Philadelphia Stock Exchange, Incorporated; and

(iii) The Chicago Board Options Exchange, Incorporated.

(2) The designation of securities in paragraphs (b)(1) (i) through (iii) of this section as covered securities is conditioned on such exchanges' listing standards (or segments or tiers thereof) continuing to be substantially similar to those of the NYSE, Amex, or Nasdaq/NMS.

[62 FR 24573, May 6, 1997, as amended at 63 FR 3035, Jan. 21, 1998]

§ 230.147 "Part of an issue", "person resident", and "doing business within" for purposes of section 3(a)(11).

PRELIMINARY NOTES: 1. This rule shall not raise any presumption that the exemption provided by section 3(a)(11) of the Act is not available for transactions by an issuer which do not satisfy all of the provisions of the rule.

2. Nothing in this rule obviates the need for compliance with any state law relating to the offer and sale of the securities.

3. Section 5 of the Act requires that all securities offered by the use of the mails or by any means or instruments of transportation or communication in interstate commerce be registered with the Commission. Congress, however, provided certain exemptions in the Act from such registration provisions where there was no practical need for registration or where the benefits of registration were too remote. Among those exemptions is that provided by section 3(a)(11) of the Act for transactions in *any security which is a part of an issue offered and sold only to persons resident within a single State or Territory, where the issuer of such security is a person resident and doing business within * * * such State or Territory*. The legislative history of that Section suggests that the exemption was intended to apply only to issues genuinely local in character, which in reality represent local financing by local industries, carried out through local investment. Rule 147 is intended to provide more objective standards upon which responsible local businessmen intending to raise capital from local sources may rely in claiming the section 3(a)(11) exemption.

All of the terms and conditions of the rule must be satisfied in order for the rule to be available. These are: (i) That the issuer be a resident of and doing business within the state or territory in which all offers and sales are made; and (ii) that no part of the issue be offered or sold to non-residents within the period of time specified in the

17 CFR Ch. II (4-1-01 Edition)

rule. For purposes of the rule the definition of *issuer* in section 2(4) of the Act shall apply.

All offers, offers to sell, offers for sale, and sales which are part of the same issue must meet all of the conditions of Rule 147 for the rule to be available. The determination whether offers, offers to sell, offers for sale and sales of securities are part of the same issue (i.e., are deemed to be *integrated*) will continue to be a question of fact and will depend on the particular circumstances. See Securities Act of 1933 Release No. 4434 (December 6, 1961) (26 FR 9158). Securities Act Release No. 4434 indicated that in determining whether offers and sales should be regarded as part of the same issue and thus should be integrated any one or more of the following factors may be determinative:

(i) Are the offerings part of a single plan of financing;

(ii) Do the offerings involve issuance of the same class of securities;

(iii) Are the offerings made at or about the same time;

(iv) Is the same type of consideration to be received; and

(v) Are the offerings made for the same general purpose.

Subparagraph (b)(2) of the rule, however, is designed to provide certainty to the extent feasible by identifying certain types of offers and sales of securities which will be deemed not part of an issue, for purposes of the rule only.

Persons claiming the availability of the rule have the burden of proving that they have satisfied all of its provisions. However, the rule does not establish exclusive standards for complying with the section 3(a)(11) exemption. The exemption would also be available if the issuer satisfied the standards set forth in relevant administrative and judicial interpretations at the time of the offering but the issuer would have the burden of proving the availability of the exemption. Rule 147 relates to transactions exempted from the registration requirements of section 5 of the Act by section 3(a)(11). Neither the rule nor section 3(a)(11) provides an exemption from the registration requirements of section 12(g) of the Securities Exchange Act of 1934, the anti-fraud provisions of the federal securities laws, the civil liability provisions of section 12(2) of the Act or other provisions of the federal securities laws.

Finally, in view of the objectives of the rule and the purposes and policies underlying the Act, the rule shall not be available to any person with respect to any offering which, although in technical compliance with the rule, is part of a plan or scheme by such person to make interstate offers or sales of securities. In such cases registration pursuant to the Act is required.

4. The rule provides an exemption for offers and sales by the issuer only. It is not available for offers or sales of securities by other

Securities and Exchange Commission

§ 230.147

persons. Section 3(a)(11) of the Act has been interpreted to permit offers and sales by persons controlling the issuer, if the exemption provided by that section would have been available to the issuer at the time of the offering. See Securities Act Release No. 4434. Controlling persons who want to offer or sell securities pursuant to section 3(a)(11) may continue to do so in accordance with applicable judicial and administrative interpretations.

(a) *Transactions covered.* Offers, offers to sell, offers for sale and sales by an issuer of its securities made in accordance with all of the terms and conditions of this rule shall be deemed to be part of an issue offered and sold only to persons resident within a single state or territory where the issuer is a person resident and doing business within such state or territory, within the meaning of section 3(a)(11) of the Act.

(b) *Part of an issue.* (1) For purposes of this rule, all securities of the issuer which are part of an issue shall be offered, offered for sale or sold in accordance with all of the terms and conditions of this rule.

(2) For purposes of this rule only, an issue shall be deemed not to include offers, offers to sell, offers for sale or sales of securities of the issuer pursuant to the exemption provided by section 3 or section 4(2) of the Act or pursuant to a registration statement filed under the Act, that take place prior to the six month period immediately preceding or after the six month period immediately following any offers, offers for sale or sales pursuant to this rule, *Provided*, That, there are during either of said six month periods no offers, offers for sale or sales of securities by or for the issuer of the same or similar class as those offered, offered for sale or sold pursuant to the rule.

NOTE: In the event that securities of the same or similar class as those offered pursuant to the rule are offered, offered for sale or sold less than six months prior to or subsequent to any offer, offer for sale or sale pursuant to this rule, see Preliminary Note 3 hereof as to which offers, offers to sell, offers for sale, or sales are part of an issue.

(c) *Nature of the issuer.* The issuer of the securities shall at the time of any offers and the sales be a person resident and doing business within the state or territory in which all of the of-

fers, offers to sell, offers for sale and sales are made.

(1) The issuer shall be deemed to be a resident of the state or territory in which:

(i) It is incorporated or organized, if a corporation, limited partnership, trust or other form of business organization that is organized under state or territorial law;

(ii) Its principal office is located, if a general partnership or other form of business organization that is not organized under any state or territorial law;

(iii) His principal residence is located if an individual.

(2) The issuer shall be deemed to be doing business within a state or territory if:

(i) The issuer derived at least 80 percent of its gross revenues and those of its subsidiaries on a consolidated basis.

(A) For its most recent fiscal year, if the first offer of any part of the issue is made during the first six months of the issuer's current fiscal year; or

(B) For the first six months of its current fiscal year or during the twelve-month fiscal period ending with such six-month period, if the first offer of any part of the issue is made during the last six months of the issuer's current fiscal year from the operation of a business or of real property located in or from the rendering of services within such state or territory; provided, however, that this provision does not apply to any issuer which has not had gross revenues in excess of \$5,000 from the sale of products or services or other conduct of its business for its most recent twelve-month fiscal period;

(ii) The issuer had at the end of its most recent semi-annual fiscal period prior to the first offer of any part of the issue, at least 80 percent of its assets and those of its subsidiaries on a consolidated basis located within such state or territory;

(iii) The issuer intends to use and uses at least 80 percent of the net proceeds to the issuer from sales made pursuant to this rule in connection with the operation of a business or of real property, the purchase of real property located in, or the rendering of services within such state or territory; and

(iv) The principal office of the issuer is located within such state or territory.

(d) *Offerees and purchasers: Person Resident.* Offers, offers to sell, offers for sale and sales of securities that are part of an issue shall be made only to persons resident within the state or territory of which the issuer is a resident. For purposes of determining the residence of offerees and purchasers:

(1) A corporation, partnership, trust or other form of business organization shall be deemed to be a resident of a state or territory if, at the time of the offer and sale to it, it has its principal office within such state or territory.

(2) An individual shall be deemed to be a resident of a state or territory if such individual has, at the time of the offer and sale to him, his principal residence in the state or territory.

(3) A corporation, partnership, trust or other form of business organization which is organized for the specific purpose of acquiring part of an issue offered pursuant to this rule shall be deemed not to be a resident of a state or territory unless all of the beneficial owners of such organization are residents of such state or territory.

(e) *Limitation of resales.* During the period in which securities that are part of an issue are being offered and sold by the issuer, and for a period of nine months from the date of the last sale by the issuer of such securities, all resales of any part of the issue, by any person, shall be made only to persons resident within such state or territory.

NOTES: 1. In the case of convertible securities resales of either the convertible security, or if it is converted, the underlying security, could be made during the period described in paragraph (e) only to persons resident within such state or territory. For purposes of this rule a conversion in reliance on section 3(a)(9) of the Act does not begin a new period.

2. Dealers must satisfy the requirements of Rule 15c2-11 under the Securities Exchange Act of 1934 prior to publishing any quotation for a security, or submitting any quotation for publication, in any quotation medium.

(f) *Precautions against interstate offers and sales.* (1) The issuer shall, in connection with any securities sold by it pursuant to this rule:

(i) Place a legend on the certificate or other document evidencing the secu-

rity stating that the securities have not been registered under the Act and setting forth the limitations on resale contained in paragraph (e) of this section;

(ii) Issue stop transfer instructions to the issuer's transfer agent, if any, with respect to the securities, or, if the issuer transfers its own securities make a notation in the appropriate records of the issuer; and

(iii) Obtain a written representation from each purchaser as to his residence.

(2) The issuer shall, in connection with the issuance of new certificates for any of the securities that are part of the same issue that are presented for transfer during the time period specified in paragraph (e), take the steps required by paragraphs (f)(1) (i) and (ii) of this section.

(3) The issuer shall, in connection with any offers, offers to sell, offers for sale or sales by it pursuant to this rule, disclose, in writing, the limitations on resale contained in paragraph (e) and the provisions of paragraphs (f)(1) (i) and (ii) and paragraph (f)(2) of this section.

[47 FR 41955, Sept. 23, 1982]

§ 230.154 Delivery of prospectuses to investors at the same address.

(a) *Delivery of a single prospectus.* If you must deliver a prospectus under the federal securities laws, for purposes of sections 5(b) and 2(a)(10) of the Act (15 U.S.C. 77e(b) and 77b(a)(10)) or § 240.15c2-8(b) of this chapter, you will be considered to have delivered a prospectus to investors who share an address if:

(1) You deliver a prospectus to the shared address;

(2) You address the prospectus to the investors as a group (for example, "ABC Fund [or Corporation] Shareholders," "Jane Doe and Household," "The Smith Family") or to each of the investors individually (for example, "John Doe and Richard Jones"); and

(3) The investors consent in writing to delivery of one prospectus.

(b) *Implied consent.* You do not need to obtain written consent from an investor under paragraph (a)(3) of this section if all of the following conditions are met:

(1) The investor has the same last name as the other investors, or you

reasonably believe that the investors are members of the same family;

(2) You have sent the investor a notice at least 60 days before you begin to rely on this section concerning delivery of prospectuses to that investor. The notice must be a separate written statement and:

(i) State that only one prospectus will be delivered to the shared address unless you receive contrary instructions;

(ii) Include a toll-free telephone number or be accompanied by a reply form that is pre-addressed with postage provided, that the investor can use to notify you that he or she wishes to receive a separate prospectus;

(iii) State the duration of the consent;

(iv) Explain how an investor can revoke consent;

(v) State that you will begin sending individual copies to an investor within 30 days after you receive revocation of the investor's consent; and

(vi) Contain the following prominent statement, or similar clear and understandable statement, in bold-face type: "Important Notice Regarding Delivery of Shareholder Documents." This statement also must appear on the envelope in which the notice is delivered. Alternatively, if the notice is delivered separately from other communications to investors, this statement may appear either on the notice or on the envelope in which the notice is delivered;

NOTE TO PARAGRAPH (B)(2): The notice should be written in plain English. See § 230.421(d)(2) of this chapter for a discussion of plain English principles.

(3) You have not received the reply form or other notification indicating that the investor wishes to continue to receive an individual copy of the prospectus, within 60 days after you sent the notice; and

(4) You deliver the prospectus to a post office box or to a residential street address. You can assume a street address is a residence unless you have information that indicates it is a business.

(c) *Revocation of consent.* If an investor, orally or in writing, revokes consent to delivery of one prospectus to a shared address (provided under paragraphs (a)(3) or (b) of this section), you

must begin sending individual copies to that investor within 30 days after you receive the revocation. If the individual's consent concerns delivery of the prospectus of a registered open-end management investment company, at least once a year you must explain to investors who have consented how they can revoke their consent. The explanation must be reasonably designed to reach these investors.

(d) *Definition of address.* For purposes of this section, *address* means a street address, a post office box number, an electronic mail address, a facsimile telephone number, or other similar destination to which paper or electronic documents are delivered, unless otherwise provided in this section. If you have reason to believe that an address is the street address of a multi-unit building, the address must include the unit number.

§ 230.155 Integration of abandoned offerings.

PRELIMINARY NOTE: Compliance with paragraph (b) or (c) of this section provides a non-exclusive safe harbor from integration of private and registered offerings. Because of the objectives of Rule 155 and the policies underlying the Act, Rule 155 is not available to any issuer for any transaction or series of transactions that, although in technical compliance with the rule, is part of a plan or scheme to evade the registration requirements of the Act.

(a) *Definition of terms.* For the purposes of this section only, a *private offering* means an unregistered offering of securities that is exempt from registration under Section 4(2) or 4(6) of the Act (15 U.S.C. 77d(2) and 77d(6)) or Rule 506 of Regulation D (§ 230.506).

(b) *Abandoned private offering followed by a registered offering.* A private offering of securities will not be considered part of an offering for which the issuer later files a registration statement if:

- (1) No securities were sold in the private offering;
- (2) The issuer and any person(s) acting on its behalf terminate all offering activity in the private offering before the issuer files the registration statement;
- (3) The Section 10(a) final prospectus and any Section 10 preliminary pro-

spectus used in the registered offering disclose information about the abandoned private offering, including:

- (i) The size and nature of the private offering;
- (ii) The date on which the issuer abandoned the private offering;
- (iii) That any offers to buy or indications of interest given in the private offering were rejected or otherwise not accepted; and
- (iv) That the prospectus delivered in the registered offering supersedes any offering materials used in the private offering; and

(4) The issuer does not file the registration statement until at least 30 calendar days after termination of all offering activity in the private offering, unless the issuer and any person acting on its behalf offered securities in the private offering only to persons who were (or who the issuer reasonably believes were):

- (i) Accredited investors (as that term is defined in § 230.501(a)); or
- (ii) Persons who satisfy the knowledge and experience standard of § 230.506(b)(2)(ii).

(c) *Abandoned registered offering followed by a private offering.* An offering for which the issuer filed a registration statement will not be considered part of a later commenced private offering if:

- (1) No securities were sold in the registered offering;
- (2) The issuer withdraws the registration statement under § 230.477;
- (3) Neither the issuer nor any person acting on the issuer's behalf commences the private offering earlier than 30 calendar days after the effective date of withdrawal of the registration statement under § 230.477;
- (4) The issuer notifies each offeree in the private offering that:

- (i) The offering is not registered under the Act;
- (ii) The securities will be "restricted securities" (as that term is defined in § 230.144(a)(3)) and may not be resold unless they are registered under the Act or an exemption from registration is available;
- (iii) Purchasers in the private offering do not have the protection of Section 11 of the Act (15 U.S.C. 77k); and

(iv) A registration statement for the abandoned offering was filed and withdrawn, specifying the effective date of the withdrawal; and

(5) Any disclosure document used in the private offering discloses any changes in the issuer's business or financial condition that occurred after the issuer filed the registration statement that are material to the investment decision in the private offering.

§ 230.156 Investment company sales literature.

(a) Under the federal securities laws, including section 17(a) of the Securities Act of 1933 (15 U.S.C. 77q(a)) and section 10(b) of the Securities Exchange Act of 1934 (15 U.S.C. 78j(b)) and Rule 10b-5 thereunder (17 CFR part 240), it is unlawful for any person, directly or indirectly, by the use of any means or instrumentality of interstate commerce or of the mails, to use sales literature which is materially misleading in connection with the offer or sale of securities issued by an investment company. Under these provisions, sales literature is materially misleading if it: (1) Contains an untrue statement of a material fact or (2) omits to state a material fact necessary in order to make a statement made, in the light of the circumstances of its use, not misleading.

(b) Whether or not a particular description, representation, illustration, or other statement involving a material fact is misleading depends on evaluation of the context in which it is made. In considering whether a particular statement involving a material fact is or might be misleading, weight should be given to all pertinent factors, including, but not limited to, those listed below.

(1) A Statement could be misleading because of:

(i) Other statements being made in connection with the offer of sale or sale of the securities in question;

(ii) The absence of explanations, qualifications, limitations or other statements necessary or appropriate to make such statement not misleading; or

(iii) General economic or financial conditions or circumstances.

(2) Representations about past or future investment performance could be misleading because of statements or omissions made involving a material fact, including situations where:

(i) Portrayals of past income, gain, or growth of assets convey an impression of the net investment results achieved by an actual or hypothetical investment which would not be justified under the circumstances; and

(ii) Representations, whether express or implied, about future investment performance, including:

(A) Representations, as to security of capital, possible future gains or income, or expenses associated with an investment;

(B) Representations implying that future gain or income may be inferred from or predicted based on past investment performance; or

(3) A statement involving a material fact about the characteristics or attributes of an investment company could be misleading because of:

(i) Statements about possible benefits connected with or resulting from services to be provided or methods of operation which do not give equal prominence to discussion of any risks or limitations associated therewith;

For purposes of Commission rulemaking in accordance with the provisions of Chapter Six of the Administrative Procedure Act (5 U.S.C. 601 *et seq.*), and unless otherwise defined for purposes of a particular rulemaking proceeding, the term *small business* or *small organization* shall:

(a) When used with reference to an issuer, other than an investment company, for purposes of the Securities Act of 1933, mean an issuer whose total assets on the last day of its most recent fiscal year were \$5 million or less and that is engaged or proposing to engage in small business financing. An issuer is considered to be engaged or proposing to engage in small business financing under this section if it is conducting or proposes to conduct an offering of securities which does not exceed the dollar limitation prescribed by section 3(b) of the Securities Act.

§ 230.158 Definitions of certain terms in the last paragraph of section 11(a).

(a) An “earning statement” made generally available to securityholders of the registrant pursuant to the last paragraph of section 11(a) of the Act shall be sufficient for the purposes of such paragraph if:

(1) There is included the information required for statements of income contained either:

(i) In Item 8 of Form 10-K and Form 10-KSB (§ 249.310 of this chapter), part I, Item 1 of Form 10-Q and Form 10-QSB

(§ 249.308a of this chapter), or rule 14a-3(b) (§ 240.14a-3(b) of this chapter) under the Securities Exchange Act of 1934;

(ii) In Item 17 of Form 20-F (§ 249.220f of this chapter), if appropriate; or

(iii) In Form 40-F (§ 249.240f of this chapter); and

(2) The information specified in the last paragraph of section 11(a) is contained in one report or any combination of reports either:

(i) On Form 10-K and Form 10-KSB, Form 10-Q and Form 10-QSB, Form 8-K (§ 249.308 of this chapter), or in the annual report to securityholders pursuant to rule 14a-3 under the Securities Exchange Act of 1934; or

(ii) On Form 20-F, Form 40-F or Form 6-K (§ 249.306 of this chapter).

A subsidiary issuing debt securities guaranteed by its parent will be deemed to have met the requirements of this paragraph if the parent’s income statements satisfy the criteria of this paragraph and information respecting the subsidiary is included to the same extent as was presented in the registration statement. An “earning statement” not meeting the requirements of this paragraph may otherwise be sufficient for purposes of the last paragraph of section 11(a).

(b) For purposes of the last paragraph of section 11(a) only, the “earning statement” contemplated by paragraph (a) of this section shall be deemed to be “made generally available to its securityholders” if the registrant:

(1) Is required to file reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934 and

(2) Has filed its report or reports on Form 10-K and Form 10-KSB, Form 10-Q and Form 10-QSB, Form 8-K, Form 20-F, Form 40-F, or Form 6-K, or has supplied to the Commission copies of the annual report sent to securityholders pursuant to rule 14a-3(c), containing such information.

A registrant may use other methods to make an earning statement “generally available to its securityholders” for purposes of the last paragraph of section 11(a).

(c) For purposes of the last paragraph of section 11(a) only, the *effective date of the registration statement* is deemed to be the date of the latest to occur of (1) the effective date of the registration

statement: (2) the effective date of the last post-effective amendment to the registration statement, next preceding a particular sale by the registrant of registered securities to the public filed for purposes of (i) including any prospectus required by section 10(a)(3) of the Act, (ii) reflecting in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement, or (iii) including any material information with respect to the plan or distribution not previously disclosed in this registration statement or any material change to such information in the registration statement, or (3) the date of filing of the last report of the registrant incorporated by reference into the prospectus, and relied upon in lieu of filing a post-effective amendment for purposes of paragraphs (c)(2) (i) and (ii) of this rule, next preceding a particular sale by the registrant of registered securities to the public.

(d) If an earnings statement was made available by "other methods" than those specified in paragraphs (a) and (b) of this section, the earnings statement must be filed as exhibit 99 to the next periodic report required by section 13 or 15(d) of the Exchange Act covering the period in which the earnings statement was released.

§ 230.165 Offers made in connection with a business combination transaction.

PRELIMINARY NOTE: This section is available only to communications relating to business combinations. The exemption does not apply to communications that may be in technical compliance with this section, but have the primary purpose or effect of conditioning the market for another transaction, such as a capital-raising or resale transaction.

(a) *Communications before a registration statement is filed.* Notwithstanding section 5(c) of the Act (15 U.S.C. 77e(c)), the offeror of securities in a business combination transaction to be registered under the Act may make an offer to sell or solicit an offer to buy those securities from and including the first public announcement until the filing of a registration statement related to the transaction, so long as any written communication (other than non-public communications among participants) made in connection with or relating to the transaction (*i.e.*, prospectus) is filed in accordance with § 230.425 and the conditions in paragraph (c) of this section are satisfied.

(b) *Communications after a registration statement is filed.* Notwithstanding section 5(b)(1) of the Act (15 U.S.C. 77e(b)(1)), any written communication (other than non-public communications among participants) made in connection with or relating to a business combination transaction (*i.e.*, prospectus) after the filing of a registration statement related to the transaction need not satisfy the requirements of section 10 (15 U.S.C. 77j) of the Act, so long as the prospectus is filed in accordance with § 230.424 or § 230.425 and the conditions in paragraph (c) of this section are satisfied.

(c) *Conditions.* To rely on paragraphs (a) and (b) of this section:

(1) Each prospectus must contain a prominent legend that urges investors to read the relevant documents filed or to be filed with the Commission because they contain important information. The legend also must explain to investors that they can get the documents for free at the Commission's web site and describe which documents are available free from the offeror; and

(2) In an exchange offer, the offer must be made in accordance with the applicable tender offer rules (§§ 240.14d-1 through 240.14e-8 of this chapter); and, in a transaction involving the vote of security holders, the offer must be made in accordance with the applicable proxy or information statement rules (§§ 240.14a-1 through 240.14a-101 and §§ 240.14c-1 through 240.14c-101 of this chapter).

(d) *Applicability.* This section is applicable not only to the offeror of securities in a business combination transaction, but also to any other participant that may need to rely on and complies with this section in communicating about the transaction.

(e) *Failure to file or delay in filing.* An immaterial or unintentional failure to file or delay in filing a prospectus described in this section will not result in a violation of section 5(b)(1) or (c) of the Act (15 U.S.C. 77e(b)(1) and (c)), so long as:

(1) A good faith and reasonable effort was made to comply with the filing requirement; and

(2) The prospectus is filed as soon as practicable after discovery of the failure to file.

(f) *Definitions.*

(1) A *business combination transaction* means any transaction specified in § 230.145(a) or exchange offer;

(2) A *participant* is any person or entity that is a party to the business combination transaction and any persons authorized to act on their behalf; and

(3) *Public announcement* is any oral or written communication by a participant that is reasonably designed to, or has the effect of, informing the public or security holders in general about the business combination transaction.

§ 230.166 Exemption from section 5(c) for certain communications in connection with business combination transactions.

PRELIMINARY NOTE: This section is available only to communications relating to business combinations. The exemption does not apply to communications that may be in technical compliance with this section, but have the primary purpose or effect of conditioning the market for another transaction, such as a capital-raising or resale transaction.

(a) *Communications.* In a registered offering involving a business combination transaction, any communication made in connection with or relating to the transaction before the first public announcement of the offering will not constitute an offer to sell or a solicitation of an offer to buy the securities offered for purposes of section 5(c) of the Act (15 U.S.C. 77e(c)), so long as the participants take all reasonable steps within their control to prevent further distribution or publication of the communication until either the first public announcement is made or the registration statement related to the transaction is filed.

(b) *Definitions.* The terms business combination transaction, participant and public announcement have the same meaning as set forth in § 230.165(f).

§ 230.170 Prohibition of use of certain financial statements.

Financial statements which purport to give effect to the receipt and application of any part of the proceeds from the sale of securities for cash shall not be used unless such securities are to be offered through underwriters and the underwriting arrangements are such that the underwriters are or will be committed to take and pay for all of the securities, if any are taken, prior to or within a reasonable time after the commencement of the public offering, or if the securities are not so taken to refund to all subscribers the full amount of all subscription payments made for the securities. The caption of any such financial statement shall clearly set forth the assumptions upon which such statement is based. The caption shall be in type at least as large as that used generally in the body of the statement.

§ 230.171 Disclosure detrimental to the national defense or foreign policy.

(a) Any requirement to the contrary notwithstanding, no registration statement, prospectus, or other document filed with the Commission or used in connection with the offering or sale of any securities shall contain any docu-

ment or information which, pursuant to Executive order, has been classified by an appropriate department or agency of the United States for protection in the interests of national defense or foreign policy.

(b) Where a document or information is omitted pursuant to paragraph (a) of this section, there shall be filed, in lieu of such document or information, a statement from an appropriate department or agency of the United States to the effect that such document or information has been classified or that the status thereof is awaiting determination. Where a document is omitted pursuant to paragraph (a) of this section, but information relating to the subject matter of such document is nevertheless included in material filed with the Commission pursuant to a determination of an appropriate department or agency of the United States that disclosure of such information would not be contrary to the interests of national defense or foreign policy, a statement from such department or agency to that effect shall be submitted for the information of the Commission. A registrant may rely upon any such statement in filing or omitting any document or information to which the statement relates.

(c) The Commission may protect any information in its possession which may require classification in the interests of national defense or foreign policy pending determination by an appropriate department or agency as to whether such information should be classified.

(d) It shall be the duty of the registrant to submit the documents or information referred to in paragraph (a) of this section to the appropriate department or agency of the United States prior to filing them with the Commission and to obtain and submit to the Commission, at the time of filing such documents or information, or in lieu thereof, as the case may be, the statements from such department or agency required by paragraph (b) of this section. All such statements shall be in writing.

§ 230.174 Delivery of prospectus by dealers; exemptions under section 4(3) of the Act.

The obligations of a dealer (including an underwriter no longer acting as an underwriter in respect of the security involved in such transactions) to deliver a prospectus in transactions in a security as to which a registration statement has been filed taking place prior to the expiration of the 40- or 90-day period specified in section 4(3) of the Act after the effective date of such registration statement or prior to the expiration of such period after the first date upon which the security was bona fide offered to the public by the issuer or by or through an underwriter after such effective date, whichever is later, shall be subject to the following provisions:

(a) No prospectus need be delivered if the registration statement is on Form F-6 (§ 239.36 of this chapter).

(b) No prospectus need be delivered if the issuer is subject, immediately prior to the time of filing the registration statement, to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934.

(c) Where a registration statement relates to offerings to be made from time to time no prospectus need be delivered after the expiration of the initial prospectus delivery period specified in section 4(3) of the Act following the first bona fide offering of securities under such registration statement.

(d) If (1) the registration statement relates to the security of an issuer that is not subject, immediately prior to the time of filing the registration statement, to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934, and (2) as of the offering date, the security is listed on a registered national securities exchange or authorized for inclusion in an electronic inter-dealer quotation system sponsored and governed by the rules of a registered securities association, no prospectus need be delivered after the expiration of twenty-five calendar days after the offering date. For purposes of this provision, the term *offering date* refers to the later of the effective date of the registration statement or the first date on which the security was bona fide offered to the public.

(e) Notwithstanding the foregoing, the period during which a prospectus must be delivered by a dealer shall be:

(1) As specified in section 4(3) of the Act if the registration statement was the subject of a stop order issued under section 8 of the Act; or

(2) As the Commission may provide upon application or on its own motion in a particular case.

(f) Nothing in this section shall affect the obligation to deliver a prospectus pursuant to the provisions of section 5 of the Act by a dealer who is acting as an underwriter with respect to the securities involved or who is engaged in a transaction as to securities constituting the whole or a part of an unsold allotment to or subscription by such dealer as a participant in the distribution of such securities by the issuer or by or through an underwriter.

(g) If the registration statement relates to an offering of securities of a “blank check company,” as defined in Rule 419 under the Act (17 CFR 230.419), the statutory period for prospectus delivery specified in section 4(3) of the Act shall not terminate until 90 days after the date funds and securities are released from the escrow or trust account pursuant to Rule 419 under the Act.

No affiliate resales are permitted if the issuer has not had net income from continuing operations in at least one of its last two fiscal years.

Any portion of the aggregate offering price attributable to cash received in a foreign currency shall be translated into United States currency at a currency exchange rate in effect on or at a reasonable time prior to the date of the sale of the securities. If securities are not offered for cash, the aggregate offering price shall be based on the value of the consideration as established by bona fide sales of that consideration made within a reasonable time, or, in the absence of sales, on the fair value as determined by an accepted standard. Valuations of non-cash consideration must be reasonable at the time made.

(c) *Integration with Other Offerings*. Offers and sales made in reliance on this Regulation A will not be integrated with:

§ 230.254 Solicitation of interest document for use prior to an offering statement.

(a) An issuer may publish or deliver to prospective purchasers a written document or make scripted radio or television broadcasts to determine whether there is any interest in a contemplated securities offering. Following submission of the written document or script of the broadcast to the Commission, as required by paragraph (b) of this section, oral communications with prospective investors and other broadcasts are permitted. The written documents, broadcasts and oral communications are each subject to the antifraud provisions of the federal securities laws. No solicitation or acceptance of money or other consideration, nor of any commitment, binding or otherwise, from any prospective investor is permitted. No sale may be made until qualification of the offering statement.

(b) While not a condition to any exemption pursuant to this section:

(1) On or before the date of its first use, the issuer shall submit a copy of any written document or the script of any broadcast with the Commission's main office in Washington, DC. (Attention: Office of Small Business Review). The document or broadcast script shall either contain or be accompanied by the name and telephone number of a person able to answer questions about the document or the broadcast.

NOTE: Only solicitation of interest material that contains substantive changes from or additions to previously submitted material needs to be submitted.

(2) The written document or script of the broadcast shall:

(3) Solicitations of interest pursuant to this provision may not be made after the filing of an offering statement.

(4) Sales may not be made until 20 calendar days after the last publication or delivery of the document or radio or television broadcast.

(c) Any written document under this section may include a coupon, returnable to the issuer indicating interest in a potential offering, revealing the name, address and telephone number of the prospective investor.

(d) Where an issuer has a bona fide change of intention and decides to register an offering after using the process permitted by this section without having filed the offering statement prescribed by § 230.252, the Regulation A exemption for offers made in reliance upon this section will not be subject to integration with the registered offering, if at least 30 calendar days have elapsed between the last solicitation of interest and the filing of the registration statement with the Commission, and all solicitation of interest documents have been submitted to the Commission. With respect to integration with other offerings, see § 230.251(c).

(e) Written solicitation of interest materials submitted to the Commission and otherwise in compliance with this section shall not be deemed to be a prospectus as defined in section 2(10) of the Securities Act (15 U.S.C. 77b(10)).

Information contained in this Preliminary Offering Circular is subject to completion or amendment. These securities may not be sold nor may offers to buy be accepted prior to the time an offering circular which is not designated as a Preliminary Offering Circular is delivered and the offering statement filed with the Commission becomes qualified. This Preliminary Offering Circular shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sales of these securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the laws of any such state.

(2) The Preliminary Offering Circular contains substantially the information required in an offering circular by Form 1-A (§239.90 of this chapter), except that information with respect to offering price, underwriting discounts or commissions, discounts or commissions to dealers, amount of proceeds, conversion rates, call prices, or other matters dependent upon the offering price may be omitted. The outside front cover page of the Preliminary Offering Circular shall include a bona fide estimate of the range of the maximum offering price and maximum number of shares or other units of securities to be offered or a bona fide estimate of the principal amount of debt securities to be offered.

§ 230.258 Suspension of the exemption.

(a) The Commission may at any time enter an order temporarily suspending a Regulation A exemption if it has reason to believe that:

(1) No exemption is available or any of the terms, conditions or requirements of the Regulation have not been complied with, including failures to provide the Commission a copy of the

document or broadcast script under § 230.254, to file any sales material as required by § 230.256 or report as required by § 230.257;

(2) The offering statement, any sales or solicitation of interest material contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made, in light of the circumstances under which they are made, not misleading;

(3) The offering is being made or would be made in violation of section 17 of the Securities Act;

(4) An event has occurred after the filing of the offering statement which would have rendered the exemption hereunder unavailable if it had occurred prior to such filing;

(5) Any person specified in paragraph (a) of § 230.262 has been indicted for any crime or offense of the character specified in paragraph (a)(3) of § 230.262, or any proceeding has been initiated for the purpose of enjoining any such person from engaging in or continuing any conduct or practice of the character specified in paragraph (a)(4) of § 230.262;

(6) Any person specified in paragraph (b) of § 230.262 has been indicted for any crime or offense of the character specified in paragraph (b)(1) of § 230.262, or any proceeding has been initiated for the purpose of enjoining any such person from engaging in or continuing any conduct or practice of the character specified in paragraph (b)(2) of § 230.262; or

(7) The issuer or any promoter, officer, director or underwriter has failed to cooperate, or has obstructed or refused to permit the making of an investigation by the Commission in connection with any offering made or proposed to be made in reliance on Regulation A.

(b) Upon the entry of an order under paragraph (a) of this section, the Commission will promptly give notice to the issuer, any underwriter and any selling security holder:

(1) That such order has been entered, together with a brief statement of the reasons for the entry of the order; and

(2) That the Commission, upon receipt of a written request within 30 calendar days after the entry of the order, will within 20 calendar days after re-

ceiving the request, order a hearing at a place to be designated by the Commission.

(c) If no hearing is requested and none is ordered by the Commission, an order entered under paragraph (a) of this section shall become permanent on the 30th calendar day after its entry and shall remain in effect unless or until it is modified or vacated by the Commission. Where a hearing is requested or is ordered by the Commission, the Commission will, after notice of and opportunity for such hearing, either vacate the order or enter an order permanently suspending the exemption.

(d) The Commission may, at any time after notice of and opportunity for hearing, enter an order permanently suspending the exemption for any reason upon which it could have entered a temporary suspension order under paragraph (a) of this section. Any such order shall remain in effect until vacated by the Commission.

(e) All notices required by this section shall be given by personal service, registered or certified mail to the addresses given by the issuer, any underwriter and any selling security holder in the offering statement.

§ 230.259 Withdrawal or abandonment of offering statements.

(a) If none of the securities which are the subject of an offering statement have been sold and such offering statement is not the subject of a proceeding under § 230.258, the offering statement may be withdrawn with the Commission's consent. The application for withdrawal shall state the reason the offering statement is to be withdrawn, shall be signed by an authorized representative of the issuer and shall be provided to the main office of the Commission in Washington, DC.

(b) When an offering statement has been on file with the Commission for nine months without amendment and has not become qualified, the Commission may, in its discretion, proceed in the following manner to determine whether such offering statement has been abandoned by the issuer. If the offering statement has been amended, the 9-month period shall be computed from the date of the latest amendment.

(1) Notice will be sent to the issuer, and to any counsel for the issuer named in the offering statement, by registered or certified mail, return receipt requested, addressed to the most recent addresses for the issuer and issuer's counsel as reflected in the offering statement. Such notice will inform the issuer and issuer's counsel that the offering statement or amendments thereto is out of date and must be either amended to comply with applicable requirements of Regulation A or be withdrawn within 30 calendar days after the notice.

(2) If the issuer or issuer's counsel fail to respond to such notice by filing a substantive amendment or withdrawing the offering statement or does not furnish a satisfactory explanation as to why the issuer has not done so within 30 calendar days, the Commission may declare the offering statement abandoned.

§ 230.260 Insignificant deviations from a term, condition or requirement of Regulation A.

(a) A failure to comply with a term, condition or requirement of Regulation A will not result in the loss of the exemption from the requirements of section 5 of the Securities Act for any offer or sale to a particular individual or entity, if the person relying on the exemption establishes:

(1) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity;

(2) The failure to comply was insignificant with respect to the offering as a whole, provided that any failure to comply with paragraphs (a), (b), (d) (1) and (3) of § 230.251 shall be deemed to be significant to the offering as a whole; and

(3) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of Regulation A.

(b) A transaction made in reliance upon Regulation A shall comply with all applicable terms, conditions and requirements of the regulation. Where an exemption is established only through reliance upon paragraph (a) of this sec-

tion, the failure to comply shall nonetheless be actionable by the Commission under section 20 of the Act.

(c) This provision provides no relief or protection from a proceeding under § 230.258.

§ 230.261 Definitions.

As used in this Regulation A, all terms have the same meanings as in § 230.405, except that all references to "registrant" in those definitions shall refer to the issuer of the securities to be offered and sold under Regulation A. In addition, these terms have the following meanings:

(a) *Final Offering Circular*—The current offering circular contained in a qualified offering statement;

(b) *Preliminary Offering Circular*—The offering circular described in § 230.255(a).

§ 230.262 Disqualification provisions.

Unless, upon a showing of good cause and without prejudice to any other action by the Commission, the Commission determines that it is not necessary under the circumstances that the exemption provided by this Regulation A be denied, the exemption shall not be available for the offer or sale of securities, if:

(a) The issuer, any of its predecessors or any affiliated issuer:

(1) Has filed a registration statement which is the subject of any pending proceeding or examination under section 8 of the Act, or has been the subject of any refusal order or stop order thereunder within 5 years prior to the filing of the offering statement required by § 230.252;

(c) An amendment to a registration statement and prospectus, other than an amendment described in paragraph (b) of this section, may be filed on any shorter Securities Act registration form for which it is eligible on the filing date of the amendment. At the issuer's option, the amendment also may be filed on the same Securities Act registration form used for the most recent amendment described in paragraph (b) of this section or, if no such amendment has been filed, the initial registration statement and prospectus.

(d) The form and contents of a prospectus forming part of a registration

(e) A prospectus filed as part of an amendment to an effective registration statement, or other amendment to such registration statement, on any form may be prepared in accordance with the requirements of any other form which would then be appropriate for the registration of securities to which the prospectus or other amendment relates, provided that all of the other requirements of such other form and applicable rules (including any required undertakings) are met.

(f) Notwithstanding the provisions of this section, a registrant (1) shall comply with the rules and forms as in effect at a date different from those specified in paragraphs (a), (b), (c) and (d) of this section if the rules or forms or amendments thereto specifically so provide; and (2) may comply voluntarily with the rules and forms as in effect at dates subsequent to those specified in paragraphs (a), (b), (c) and (d) of this section, provided that all of the requirements of the particular rules and forms in effect at such dates (including any required undertakings) are met.

(g) Except for registration statements and post-effective amendments that become effective automatically pursuant to §§ 230.462 and 230.464, a registration statement or any amendment thereto is deemed filed on the proper

No other exhibits are required to accompany such additional copies.

(c) Notwithstanding any other provision of this section, if a registration

(a) Registration statements, applications and reports shall be filed on good quality, unglazed, white paper no larger than 8½ x 11 inches in size, insofar as practicable. Debits in credit categories and credits in debit categories shall be designated so as to be clearly distinguishable as such on photocopies.

(c) The registration statement proper shall be in the English language. If any exhibit or other paper or document filed as part of the registration statement is in a foreign language, it shall be accompanied by a summary, version or translation in the English language.

(c) The prospectus shall contain the information called for by all of the items of Part I of the applicable form, except that unless otherwise specified, no reference need be made to inapplicable items, and negative answers to any item in Part I may be omitted. A copy of the prospectus may be filed as a part of the registration statement in lieu of furnishing the information in item-and-answer form. Wherever a copy of the prospectus is filed in lieu of information in item-and-answer form, the text of the items of the form is to be omitted from the registration statement, as well as from the prospectus,

However, the text of such items may be omitted provided the answers are so prepared as to indicate the coverage of the item without the necessity of reference to the text of the item. If any such item is inapplicable, or the answer thereto is in the negative, a statement to that effect shall be made. Any financial statements not required to be included in the prospectus shall also be filed as a part of the registration statement proper, unless incorporated by reference pursuant to Rule 411 (§ 230.411).

§ 230.406 Confidential treatment of information filed with the Commission.

PRELIMINARY NOTES: (1) Confidential treatment of supplemental information or other information not required to be filed under the Act should be requested under 17 CFR 200.83 and not under this rule.

(2) All confidential treatment requests shall be submitted in paper format only, whether or not the filer is an electronic filer. See Rule 101(c)(1)(i) of Regulation S-T (§232.101(c)(1)(i) of this chapter).

(a) Any person submitting any information in a document required to be filed under the Act may make written objection to its public disclosure by following the procedure in paragraph (b) of this section, which shall be the exclusive means of requesting confidential treatment of information included in any document (hereinafter referred to as the *material filed*) required to be filed under the Act, *except* that if the material filed is a registration statement on Form S-8 (§239.16b of this chapter) or on Form S-3, F-2, F-3 (§239.13, §239.32 or §239.33 of this chapter) relating to a dividend or interest reinvestment plan, or on Form S-4 (§239.25 of this chapter) complying with General Instruction G of that Form or if the material filed is a registration statement that does not contain a delaying amendment pursuant to Rule 473 (§230.473 of this chapter), the person shall comply with the procedure in paragraph (b) *prior* to the filing of a registration statement.

(b) The person shall omit from the material filed the portion thereof which it desires to keep undisclosed (hereinafter called the *confidential portion*). In lieu thereof, the person shall indicate at the appropriate place in the material filed that the confidential portion has been so omitted and filed separately with the Commission. The person shall file with the material filed:

(1) One copy of the confidential portion, marked "Confidential Treatment," of the material filed with the Commission. The copy shall contain an appropriate identification of the item or other requirement involved and, notwithstanding that the confidential portion does not constitute the whole of the answer or required disclosure, the entire answer or required disclo-

sure, except that in the case where the confidential portion is part of a financial statement or schedule, only the particular financial statement or schedule need be included. The copy of the confidential portion shall be in the same form as the remainder of the material filed;

(2) An application making objection to the disclosure of the confidential portion. Such application shall be on a sheet or sheets separate from the confidential portion, and shall contain:

(i) An identification of the portion;

(ii) A statement of the grounds of the objection referring to and analyzing the applicable exemption(s) from disclosure under §200.80 of this chapter, the Commission's rule adopted under the Freedom of Information Act (5 U.S.C. 552), and a justification of the period of time for which confidential treatment is sought;

(iii) A detailed explanation of why, based on the facts and circumstances of the particular case, disclosure of the information is unnecessary for the protection of investors;

(iv) A written consent to the furnishing of the confidential portion to other government agencies, offices, or bodies and to the Congress; and

(v) The name, address and telephone number of the person to whom all notices and orders issued under this rule at any time should be directed.

(3) The copy of the confidential portion and the application filed in accordance with this paragraph (b) shall be enclosed in a separate envelope marked "Confidential Treatment" and addressed to The Secretary, Securities and Exchange Commission, Washington, DC 20549.

(c) Pending a determination as to the objection, the material for which confidential treatment has been applied will not be made available to the public.

(d) If it is determined by the Division, acting pursuant to delegated authority, that the application should be granted, an order to that effect will be entered, and a notation to that effect will be made at the appropriate place in the material filed. Such a determination will not preclude reconsideration whenever appropriate, such as upon receipt of any subsequent request

§ 230.408

17 CFR Ch. II (4-1-01 Edition)

under the Freedom of Information Act and, if appropriate, revocation of the confidential status of all or a portion of the information in question.

(e) If the Commission denies the application, or the Division, acting pursuant to delegated authority, denies the application and Commission review is not sought pursuant to §201.431 of this chapter, confirmed telegraphic notice of the order of denial will be sent to the person named in the application pursuant to paragraph (b)(2)(v) of this section. In such case, if the material filed may be withdrawn pursuant to an applicable statute, rule, or regulation, the registrant shall have the right to withdraw the material filed in accordance with the terms of the applicable statute, rule, or regulation, but without the necessity of stating any grounds for the withdrawal or of obtaining the further assent of the Commission. In the event of such withdrawal, the confidential portion will be returned to the registrant. If the material filed may not be so withdrawn, the confidential portion will be made available for public inspection in the same manner as if confidential treatment had been revoked under paragraph (h) of this section.

(f) If a right of withdrawal pursuant to paragraph (e) of this section is not exercised, the confidential portion will be made available for public inspection as part of the material filed, and the registrant shall amend the material filed to include all information required to be set forth in regard to such confidential portion.

(g) In any case where a prior grant of confidential treatment has been revoked, the person named in the application pursuant to paragraph (b)(2)(v) of this section will be so informed by registered or certified mail. Pursuant to §201.431 of this chapter, persons making objection to disclosure may petition the Commission for review of a determination by the Division revoking confidential treatment.

(h) Upon revocation of confidential treatment, the confidential portion shall be made available to the public at the time and according to the conditions specified in paragraphs (h) (1)-(2):

(1) Upon the lapse of five days after the dispatch of notice by registered or

certified mail of a determination disallowing an objection, if prior to the lapse of such five days the person shall not have communicated to the Secretary of the Commission his intention to seek review by the Commission under §201.431 of this chapter of the determination made by the Division; or

(2) If such a petition for review shall have been filed under §201.431 of this chapter, upon final disposition adverse to the petitioner.

(i) If the confidential portion is made available to the public, one copy thereof shall be attached to each copy of the material filed with the Commission.

(a) The registrant shall give such information on the subject as it possesses or can acquire without unreasonable effort or expense, together with the sources thereof.

(b) The registrant shall include a statement either showing that unreasonable effort or expense would be involved or indicating the absence of any affiliation with the person within whose knowledge the information rests and stating the result of a request

§ 230.419 Offerings by blank check companies.

(a) *Scope of the rule and definitions.* (1) The provisions of this section shall apply to every registration statement filed under the Act relating to an offering by a blank check company.

(2) For purposes of this section, the term “blank check company” shall mean a company that:

(i) Is a development stage company that has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person; and

(ii) Is issuing “penny stock,” as defined in Rule 3a51-1 (17 CFR 240.3a51-1) under the Securities Exchange Act of 1934 (“Exchange Act”).

(3) For purposes of this section, the term “purchaser” shall mean any person acquiring securities directly or indirectly in the offering, for cash or otherwise, including promoters or others receiving securities as compensation in connection with the offering.

(b) *Deposit of securities and proceeds in escrow or trust account—*(1) *General.* (i) Except as otherwise provided in this section or prohibited by other applicable law, all securities issued in connection with an offering by a blank check company and the gross proceeds from the offering shall be deposited promptly into:

(A) An escrow account maintained by an “insured depository institution,” as that term is defined in section 3(c)(2) of the Federal Deposit Insurance Act (12 U.S.C. 1813(C)(2)); or

(B) A separate bank account established by a broker or dealer registered under the Exchange Act maintaining net capital equal to or exceeding \$25,000 (as calculated pursuant to Exchange Act Rule 15c3-1 (17 CFR 240.15c3-1), in which the broker or dealer acts as trustee for persons having the beneficial interests in the account.

(ii) If funds and securities are deposited into an escrow account maintained

by an insured depository institution, the deposit account records of the insured depository institution must provide that funds in the escrow account are held for the benefit of the purchasers named and identified in accordance with 12 CFR 330.1 of the regulations of the Federal Deposit Insurance Corporation, and the records of the escrow agent, maintained in good faith and in the regular course of business, must show the name and interest of each party to the account. If funds and securities are deposited in a separate bank account established by a broker or dealer acting as a trustee, the books and records of the broker-dealer must indicate the name, address, and interest of each person for whom the account is held.

(2) *Deposit and investment of proceeds.*

(i) All offering proceeds, after deduction of cash paid for underwriting commissions, underwriting expenses and dealer allowances, and amounts permitted to be released to the registrant pursuant to paragraph (b)(2)(vi) of this section, shall be deposited promptly into the escrow or trust account; *provided, however*, that no deduction may be made for underwriting commissions, underwriting expenses or dealer allowances payable to an affiliate of the registrant.

(ii) Deposited proceeds shall be in the form of checks, drafts, or money orders payable to the order of the escrow agent or trustee.

(iii) Deposited proceeds and interest or dividends thereon, if any, shall be held for the sole benefit of the purchasers of the securities.

(iv) Deposited proceeds shall be invested in one of the following:

(A) An obligation that constitutes a "deposit," as that term is defined in section 3(I) of the Federal Deposit Insurance Act (12 U.S.C. 1813 (I));

(B) Securities of any open-end investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.) that holds itself out as a money market fund meeting the conditions of paragraphs (c)(2), (c)(3), and (c)(4) of 17 CFR 270.2a-7 (Rule 2a-7) under the Investment Company Act; or

(C) Securities that are direct obligations of, or obligations guaranteed as

to principal or interest by, the United States.

NOTE TO §230.419(B)(2)(IV): Issuers are cautioned that investments in government securities are inappropriate unless such securities can be readily sold or otherwise disposed of for cash at the time required without any dissipation of offering proceeds invested.

(v) Interest or dividends earned on the funds, if any, shall be held in the escrow or trust account until the funds are released in accordance with the provisions of this section. If funds held in the escrow or trust account are released to a purchaser of the securities, the purchasers shall receive interest or dividends earned, if any, on such funds up to the date of release. If funds held in the escrow or trust account are released to the registrant, interest or dividends earned on such funds up to the date of release may be released to the registrant.

(vi) The registrant may receive up to 10 percent of the proceeds remaining after payment of underwriting commissions, underwriting expenses and dealer allowances permitted by paragraph (b)(2)(i) of this section, exclusive of interest or dividends, as those proceeds are deposited into the escrow or trust account.

(3) *Deposit of securities.* (i) All securities issued in connection with the offering, whether or not for cash consideration, and any other securities issued with respect to such securities, including securities issued with respect to stock splits, stock dividends, or similar rights, shall be deposited directly into the escrow or trust account promptly upon issuance. The identity of the purchaser of the securities shall be included on the stock certificates or other documents evidencing such securities. See also 17 CFR 240.15g-8 regarding restrictions on sales of, or offers to sell, securities deposited in the escrow or trust account.

(ii) Securities held in the escrow or trust account are to remain as issued and deposited and shall be held for the sole benefit of the purchasers, who shall have voting rights, if any, with respect to securities held in their names, as provided by applicable state law. No transfer or other disposition of securities held in the escrow or trust account or any interest related to such

securities shall be permitted other than by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order as defined by the Internal Revenue Code of 1986 as amended (26 U.S.C. 1 *et seq.*), or Title 1 of the Employee Retirement Income Security Act (29 U.S.C. 1001 *et seq.*), or the rules thereunder.

(c) *Disclosure of offering terms.* The initial registration statement shall disclose the specific terms of the offering, including, but not limited to:

(1) The terms and provisions of the escrow or trust agreement and the effect thereof upon the registrant’s right to receive funds and the effect of the escrow or trust agreement upon the purchaser’s funds and securities required to be deposited into the escrow or trust account, including, if applicable, any material risk of non-insurance of purchasers’ funds resulting from deposits in excess of the insured amounts; and

(2) The obligation of the registrant to provide, and the right of the purchaser to receive, information regarding an acquisition, including the requirement that pursuant to this section, purchasers confirm in writing their investment in the registrant’s securities as specified in paragraph (e) of this section.

(d) *Probable acquisition post-effective amendment requirement.* If, during any period in which offers or sales are being made, a significant acquisition becomes probable, the registrant shall file promptly a post-effective amendment disclosing the information specified by the applicable registration statement form and Industry Guides, including financial statements of the registrant and the company to be acquired as well as pro forma financial information required by the form and applicable rules and regulations. Where warrants, rights or other derivative securities issued in the initial offering are exercisable, there is a continuous offering of the underlying security.

(e) *Release of deposited and funds securities—(1) Post-effective amendment for acquisition agreement.* Upon execution of an agreement(s) for the acquisition(s) of a business(es) or assets that will constitute the business (or a line of business) of the registrant and for which the fair value of the business(es) or net assets to be acquired represents at least 80 percent of the maximum offering proceeds, including proceeds received or to be received upon the exercise or conversion of any securities offered, but excluding amounts payable to non-affiliates for underwriting commissions, underwriting expenses, and dealer allowances, the registrant shall file a post-effective amendment that:

(i) Discloses the information specified by the applicable registration statement form and Industry Guides, including financial statements of the registrant and the company acquired or to be acquired and pro forma financial information required by the form and applicable rules and regulations;

(ii) Discloses the results of the initial offering, including but not limited to:

(A) The gross offering proceeds received to date, specifying the amounts

(iii) Discloses the terms of the offering as described pursuant to paragraph (e)(2) of this section.

(2) *Terms of the offering.* The terms of the offering must provide, and the registrant must satisfy, the following conditions.

(i) Within five business days after the effective date of the post-effective amendment(s), the registrant shall send by first class mail or other equally prompt means, to each purchaser of securities held in escrow or trust, a copy of the prospectus contained in the post-effective amendment and any amendment or supplement thereto;

(ii) Each purchaser shall have no fewer than 20 business days and no more than 45 business days from the effective date of the post-effective amendment to notify the registrant in writing that the purchaser elects to remain an investor. If the registrant has not received such written notification by the 45th business day following the effective date of the post-effective amendment, funds and interest or dividends, if any, held in the escrow or trust account shall be sent by first class mail or other equally prompt means to the purchaser within five business days;

(iii) The acquisition(s) meeting the criteria set forth in paragraph (e)(1) of this section will be consummated if a sufficient number of purchasers confirm their investments; and

within five business days following that date.

(3) *Conditions for release of deposited securities and funds.* Funds held in the escrow or trust account may be released to the registrant and securities may be delivered to the purchaser or other registered holder identified on the deposited securities only at the same time as or after:

(ii) Consummation of an acquisition(s) meeting the requirements of paragraph (e)(2)(iii) of this section.

(4) *Prospectus supplement.* If funds and securities are released from the escrow or trust account to the registrant pursuant to this paragraph, the prospectus shall be supplemented to indicate the amount of funds and securities released and the date of release.

With respect to a blank check offering subject to both Rule 419 and Exchange Act Rule 10b-9 (17 CFR 240.10b-9), the requirements of Rule 10b-9 are applicable only until the conditions of the offering governed by that Rule are met (e.g., reaching the minimum in a "part-or-none" offering). When those conditions are satisfied, Rule 419 continues to govern the use of offering proceeds.

2. If the business(es) or assets are acquired for cash, the fair value shall be presumed to be equal to the cash paid. If all or part of the consideration paid consists of securities or other non-cash consideration, the fair value shall be determined by an accepted standard, such as bona fide sales of the assets or similar assets made within a reasonable time, forecasts of expected cash flows, independent appraisals, etc. Such valuation must be reasonable at the time made.

(f) *Financial statements.* The registrant shall:

(1) Furnish to security holders audited financial statements for the first full fiscal year of operations following consummation of an acquisition pursuant to paragraph (e) of this section, together with the information required by Item 303(a) of Regulation S-K (17 CFR 229.303(a)), no later than 90 days after the end of such fiscal year; and

FORM AND CONTENT OF PROSPECTUSES

§ 230.420 Legibility of prospectus.

(a) The body of all printed prospectuses and all notes to financial statements and other tabular data included therein shall be in roman type at least as large and as legible as 10-point modern type. However, (a) to the extent necessary for convenient presentation, financial statements and other tabular data, including tabular data in notes, and (b) prospectuses deemed to be omitting prospectuses under rule 482 (17 CFR 230.482) may be in roman type at least as large and as legible as 8-point modern type. All such type shall be leaded at least 2 points.

(b) Where a prospectus is distributed through an electronic medium, issuers may satisfy legibility requirements applicable to printed documents, such as paper size, type size and font, bold-face type, italics and red ink, by presenting all required information in a format readily communicated to investors, and where indicated, in a manner reasonably calculated to draw investor attention to specific information.

[53 FR 3878, Feb. 10, 1988, as amended at 61 FR 24655, May 15, 1996]

§ 230.421 Presentation of information in prospectuses.

(a) The information required in a prospectus need not follow the order of the items or other requirements in the form. Such information shall not, however, be set forth in such fashion as to obscure any of the required information or any information necessary to keep the required information from being incomplete or misleading. Where an item requires information to be given in a prospectus in tabular form it shall be given in substantially the tabular form specified in the item.

(b) You must present the information in a prospectus in a clear, concise and understandable manner. You must prepare the prospectus using the following standards:

(1) Present information in clear, concise sections, paragraphs, and sentences. Whenever possible, use short, explanatory sentences and bullet lists;

(2) Use descriptive headings and sub-headings;

(3) Avoid frequent reliance on glossaries or defined terms as the primary means of explaining information in the prospectus. Define terms in a glossary or other section of the document only if the meaning is unclear from the context. Use a glossary only if it facilitates understanding of the disclosure; and

(4) Avoid legal and highly technical business terminology.

NOTE TO § 230.421(B): In drafting the disclosure to comply with this section, you should avoid the following:

1. Legalistic or overly complex presentations that make the substance of the disclosure difficult to understand;

2. Vague “boilerplate” explanations that are imprecise and readily subject to different interpretations;

3. Complex information copied directly from legal documents without any clear and concise explanation of the provision(s); and

4. Disclosure repeated in different sections of the document that increases the size of the document but does not enhance the quality of the information.

(c) All information required to be included in a prospectus shall be clearly understandable without the necessity of referring to the particular form or to the general rules and regulations. Except as to financial statements and information required in a tabular form, the information set forth in a prospectus may be expressed in condensed or summarized form. In lieu of repeating information in the form of notes to financial statements, references may be made to other parts of the prospectus where such information is set forth.

(d)(1) To enhance the readability of the prospectus, you must use plain English principles in the organization, language, and design of the front and back cover pages, the summary, and the risk factors section.

(2) You must draft the language in these sections so that at a minimum it

substantially complies with each of the following plain English writing principles:

- (i) Short sentences;
- (ii) Definite, concrete, everyday words;
- (iii) Active voice;
- (iv) Tabular presentation or bullet lists for complex material, whenever possible;
- (v) No legal jargon or highly technical business terms; and
- (vi) No multiple negatives.

(3) In designing these sections or other sections of the prospectus, you may include pictures, logos, charts, graphs, or other design elements so long as the design is not misleading and the required information is clear. You are encouraged to use tables, schedules, charts and graphic illustrations of the results of operations, balance sheet, or other financial data that present the data in an understandable manner. Any presentation must be consistent with the financial statements and non-financial information in the prospectus. You must draw the graphs and charts to scale. Any information you provide must not be misleading.

Instruction to § 230.421: You should read Securities Act Release No. 33-7497 (January 28, 1998) for information on plain English principles.

§ 230.428 Documents constituting a section 10(a) prospectus for Form S-8 registration statement; requirements relating to offerings of securities registered on Form S-8.

(a)(1) Where securities are to be offered pursuant to a registration statement on Form S-8 (§ 239.16b of this chapter), the following, taken together, shall constitute a prospectus that

meets the requirements of section 10(a) of the Act:

(i) The document(s), or portions thereof as permitted by paragraph (b)(1)(ii) of this section, containing the employee benefit plan information required by Item 1 of the Form;

(ii) The statement of availability of registrant information, employee benefit plan annual reports and other information required by Item 2; and

(iii) The documents containing registrant information and employee benefit plan annual reports that are incorporated by reference in the registration statement pursuant to Item 3.

(2) The registrant shall maintain a file of the documents that, pursuant to paragraph (a) of this section, at any time are part of the section 10(a) prospectus, except for documents required to be incorporated by reference in the registration statement pursuant to Item 3 of Form S-8. Each such document shall be included in the file until five years after it is last used as part of the Section 10(a) prospectus to offer or sell securities pursuant to the plan. With respect to documents containing specifically designated portions that constitute part of the section 10(a) prospectus pursuant to paragraph (b)(1)(ii) of this section, the entire document shall be maintained in the file. Upon request, the registrant shall furnish to the Commission or its staff a copy of any or all of the documents included in the file.

(b) Where securities are offered pursuant to a registration statement on Form S-8:

(1)(i) The registrant shall deliver or cause to be delivered, to each employee who is eligible to participate (or selected by the registrant to participate, in the case of a stock option or other plan with selective participation) in an employee benefit plan to which the registration statement relates, the information required by Part I of Form S-8. The information shall be in written form and shall be updated in writing in a timely manner to reflect any material changes during any period in which offers or sales are being made. When updating information is furnished, documents previously furnished need not be re-delivered, but the registrant shall furnish promptly without

charge to each employee, upon written or oral request, a copy of all documents containing the plan information required by Part I that then constitute part of the section 10(a) prospectus.

(ii) The registrant may designate an entire document or only portions of a document as constituting part of the section 10(a) prospectus. If the registrant designates only portions of a document as constituting part of the prospectus, rather than the entire document, a statement clearly identifying such portions, for example, by reference to section headings, section numbers, paragraphs or page numbers within the document must be included in a conspicuous place in the forepart of the document, or such portions must be specifically designated throughout the text of the document. Registrants shall not designate only words or sentences within a paragraph as part of a prospectus. Unless the portions of a document constituting part of the section 10(a) prospectus are clearly identified, the entire document shall constitute part of the prospectus.

(iii) The registrant shall date any document constituting part of the section 10(a) prospectus or containing portions constituting part of the prospectus and shall include the following printed, stamped or typed legend in a conspicuous place in the forepart of the document, substituting the bracketed language as appropriate: "This document [Specifically designated portions of this document] constitutes [constitute] part of a prospectus covering securities that have been registered under the Securities Act of 1933."

(iv) The registrant shall revise the document(s) containing the plan information sent or given to newly eligible participants pursuant to paragraph (b)(1)(i) of this section, if documents containing updating information would obscure the readability of the plan information.

(2) The registrant shall deliver or cause to be delivered with the document(s) containing the information required by Part I of Form S-8, to each employee to whom such information is sent or given, a copy of any one of the following:

(i) The registrant's annual report to security holders containing the infor-

mation required by Rule 14a-3(b) (§240.14a-3(b) of this chapter) under the Securities Exchange Act of 1934 (*Exchange Act*) for its latest fiscal year;

(ii) The registrant's annual report on Form 10-K and Form 10-KSB (§249.310 of this chapter), U5S (§259.5s of this chapter), 20-F (§249.220f of this chapter) or, in the case of registrants described in General Instruction A.(2) of Form 40-F, 40-F (§249.240f of this chapter) for its latest fiscal year;

(iii) The latest prospectus filed pursuant to Rule 424(b) (§230.424(b) of this chapter) under the Act that contains audited financial statements for the registrant's latest fiscal year, *Provided that* the financial statements are not incorporated by reference from another filing, and *Provided further* that such prospectus contains substantially the information required by Rule 14a-3(b) or the registration statement was on Form SB-2 (§239.28 of this chapter) or F-1 (§239.31 of this chapter); or

(iv) The registrant's effective Exchange Act registration statement on Form 10 and Form 10-SB (§249.210 of this chapter), 20-F or, in the case of registrants described in General Instruction A.(2) of Form 40-F, 40-F containing audited financial statements for the registrant's latest fiscal year.

Instructions. 1. If a registrant has previously sent or given an employee a copy of any document specified in clauses (i)-(iv) of paragraph (b)(2) for the latest fiscal year, it need not be re-delivered, but the registrant shall furnish promptly, without charge, a copy of such document upon written or oral request of the employee.

2. If the latest fiscal year of the registrant has ended within 120 days (or 190 days with respect to foreign private issuers) prior to the delivery of the documents containing the information specified by Part I of Form S-8, the registrant may deliver a document containing financial statements for the fiscal year preceding the last fiscal year, *Provided that* within the 120 or 190 day period a document containing financial statements for the latest fiscal year is furnished to each employee.

(3) The registrant shall deliver or cause to be delivered promptly, without charge, to each employee to whom information is required to be delivered, upon written or oral request, a copy of the information that has been incorporated by reference pursuant to Item

§ 230.429

3 of Form S-8 (not including exhibits to the information that is incorporated by reference unless such exhibits are specifically incorporated by reference into the information that the registration statement incorporates).

(4) Where interests in a plan are registered, the registrant shall deliver or cause to be delivered promptly, without charge, to each employee to whom information is required to be delivered, upon written or oral request, a copy of the then latest annual report of the plan filed pursuant to Section 15(d) of the Exchange Act, whether on Form 11-K (§249.311 of this chapter) or included as part of the registrant's annual report on Form 10-K and Form 10-KSB.

(5) The registrant shall deliver or cause to be delivered to all employees participating in a stock option plan or plan fund that invests in registrant securities (and other plan participants who request such information orally or in writing) who do not otherwise receive such material, copies of all reports, proxy statements and other communications distributed to its security holders generally, provided that such material is sent or delivered no later than the time it is sent to security holders.

(c) As used in this Rule, the term *employee benefit plan* is defined in Rule 405 of Regulation C (§230.405 of this chapter) and the term *employee* is defined in General Instruction A.1 of Form S-8.

§ 230.429 Prospectus relating to several registration statements.

(a) Where a registrant has filed two or more registration statements, it may file a single prospectus in the latest registration statement in order to satisfy the requirements of the Act and the rules and regulations thereunder for that offering and any other offering(s) registered on the earlier registration statement(s). The combined prospectus in the latest registration statement must include all of the information that currently would be required in a prospectus relating to all offering(s) that it covers. The combined prospectus may be filed as part of the initial filing of the latest registration statement, in a pre-effective

amendment to it or in a post-effective amendment to it.

(b) Where a registrant relies on paragraph (a) of this section, the registration statement containing the combined prospectus shall act, upon effectiveness, as a post-effective amendment to any earlier registration statement whose prospectus has been combined in the latest registration statement. The registrant must identify any earlier registration statement to which the combined prospectus relates by setting forth the Commission file number at the bottom of the facing page of the latest registration statement.

(a) A form of prospectus filed as a part of the registration statement shall be deemed to meet the requirements of section 10 of the Act for the purpose of section 5(b)(1) thereof prior to the effective date of the registration statement, provided such form of prospectus contains substantially the information required by the Act and the rules and regulations thereunder to be included in a prospectus meeting the requirements of section 10(a) of the Act for the securities being registered, or contains substantially that information except for the omission of information with respect to the offering price, underwriting discounts or commissions, discounts or commissions to dealers, amount of proceeds, conversion rates, call prices, or other matters dependent upon the offering price. Every such form of prospectus shall be deemed to have been filed as a part of the registration statement for the purpose of section 7 of the Act.

(b) A form of prospectus filed as part of a registration statement on Form N-1A (§239.15A and §274.11A of this chapter), Form N-2 (§239.14 and §274.11a-1 of this chapter), Form N-3 (§239.17a and §274.11b of this chapter), or Form N-4 (§239.17b and §274.11c of this chapter) shall be deemed to meet the requirements of Section 10 of the Act for the purpose of Section 5(b)(1) thereof prior to the effective date of the registration statement, provided that:

(1) Such form of prospectus meets the requirements of paragraph (a) of this section; and

(2) Such registration statement contains a form of Statement of Additional Information that is made available to persons receiving such prospectus upon written or oral request, and without charge, unless the form of prospectus contains the information otherwise required to be disclosed in the form of Statement of Additional Information. Every such form of prospectus shall be deemed to have been filed as part of the registration statement for the purpose of section 7 of the Act.

§ 230.430A Prospectus in a registration statement at the time of effectiveness.

(a) The form of prospectus filed as part of a registration statement that is declared effective may omit information with respect to the public offering price, underwriting syndicate (including any material relationships between the registrant and underwriters not named therein), underwriting discounts or commissions, discounts or commissions to dealers, amount of proceeds, conversion rates, call prices and other items dependent upon the offering price, delivery dates, and terms of the securities dependent upon the offering date; and such form of prospectus need not contain such information in order for the registration statement to meet the requirements of Section 7 of the Securities Act (15 U.S.C. 77g) for the purposes of Section 5 thereof (15 U.S.C. 77e), *Provided*, That:

(1) The securities to be registered are offered for cash;

(2) The registrant furnishes the undertakings required by Item 512(i) of Regulation S-K (§ 229.512(i) of this chapter); and

(3) The information omitted in reliance upon paragraph (a) from the form of prospectus filed as part of a registration statement that is declared effective is contained in a form of prospectus filed with the Commission pursuant to Rule 424(b) or Rule 497(h) under the Securities Act (§§ 230.424(b) or 230.497(h) of this chapter); except that if such form of prospectus is not so filed by the later of fifteen business days after the effective date of the registration statement or fifteen business days after the effectiveness of a post-effective amendment thereto that contains a form of prospectus, or transmitted by a means reasonably calculated to result in filing with the Commission by that date, the information omitted in reliance upon paragraph (a) must be contained in an effective post-effective amendment to the registration statement.

Instruction to Paragraph (a): A decrease in the volume of securities offered or change in the bona fide estimate of the maximum offering price range from that indicated in the form of prospectus filed as part of a registration statement that is declared effective may be disclosed in the form of prospectus filed with the Commission pursuant to § 230.424(b) or § 230.497(h) under the Securities Act so long as the decrease in the volume or change in the price range would not materially change the disclosure contained in the registration statement at effectiveness. Notwithstanding the foregoing, any increase or decrease in volume (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b)(1) (§ 230.424(b)(1)) or Rule 497(h) (§ 230.497(h)) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(b) The information omitted in reliance upon paragraph (a) from the form of prospectus filed as part of an effective registration statement, and contained in the form of prospectus filed with the Commission pursuant to Rule

§ 230.431

424(b) or Rule 497(h) under the Securities Act (§§ 230.424(b) or 230.497(h) of this chapter), shall be deemed to be a part of the registration statement as of the time it was declared effective.

(c) When used prior to determination of the offering price of the securities, a form of prospectus relating to the securities offered pursuant to a registration statement that is declared effective with information omitted from the form of prospectus filed as part of such effective registration statement in reliance upon this Rule 430A need not contain information omitted pursuant to paragraph (a), in order to meet the requirements of Section 10 of the Securities Act (15 U.S.C. 77j) for the purpose of section 5(b)(1) (15 U.S.C. 77e(b)(1)) thereof. This provision shall not limit the information required to be contained in a form of prospectus meeting the requirements of section 10(a) of the Act for the purposes of section 5(b)(2) thereof or exception (a) of Section 2(10) (15 U.S.C. 77b(10)) thereof.

(d) This rule shall not apply to registration statements for securities to be offered by competitive bidding.

(e) In the case of a registration statement filed on Form N-1A (§239.15A and §274.11A of this chapter), Form N-2 (§239.14 and §274.11a-1 of this chapter), Form N-3 (§239.17a and §274.11b of this chapter), or Form N-4 (§239.17b and §274.11c of this chapter), the references to “form of prospectus” in paragraphs (a) and (b) of this section and the accompanying Note shall be deemed also to refer to the form of Statement of Additional Information filed as part of such a registration statement.

NOTE: If information is omitted in reliance upon paragraph (a) from the form of prospectus filed as part of an effective registration statement, or effective post-effective amendment thereto, the registrant must ascertain promptly whether a form of prospectus transmitted for filing under Rule 424(b) of Rule 497(h) under the Securities Act actually was received for filing by the Commission and, in the event that it was not, promptly file such prospectus.

(b) If it is stated that any information contained in the registration statement has been reviewed or passed upon by any persons and that such information is set forth in the registration statement upon the authority of or in reliance upon such persons as experts, the written consents of such persons shall be filed as exhibits to the registration statement.

(c) Notwithstanding the provisions of paragraph (b) of this section, a report on unaudited interim financial information (as defined in paragraph (d) of this section) by an independent ac-

(5) A statement about whether the accountant is aware of any material modifications that should be made to the accompanying financial information so that it conforms with generally accepted accounting principles.

(e) Where a counsel is named as having acted for the underwriters or selling security holders, no consent will be required by reason of his being named as having acted in such capacity.

(g)(1) Notwithstanding the provisions of paragraphs (a) and (b) of this section, the security rating assigned to a class of debt securities, a class of convertible debt securities, or a class of preferred stock by a nationally recognized statistical rating organization, or with respect to registration statements on Form F-9 (§ 239.39 of this chapter) by any other rating organization specified in the Instruction to paragraph (a)(2) of General Instruction I of Form F-9, shall not be considered a part of the

An application to the Commission to dispense with any written consent of an expert pursuant to section 7 of the act shall be made by the registrant and shall be supported by an affidavit or affidavits establishing that the obtaining of such consent is impracticable or involves undue hardship on the registrant. Such material may be filed by delivery to the Commission through the mails or otherwise; provided, however, that only registration statements and post-effective amendments thereto filed pursuant to Rule 462(b) (§230.462(b)) and Rule 110(d) (§230.110(d)) may be filed by means of facsimile transmission.

§ 230.456 Date of filing.

The date on which any papers are actually received by the Commission shall be the date of filing thereof, if all the requirements of the act and the rules with respect to such filing have been complied with and the required fee paid. The failure to pay an insignificant amount of the required fee at the time of filing, as the result of a bona fide error, shall not be deemed to affect the date of filing.

[16 FR 8737, Aug. 29, 1951]

§ 230.457 Computation of fee.

(a) If a filing fee based on a bona fide estimate of the maximum offering price, computed in accordance with this rule where applicable, has been paid, no additional filing fee shall be required as a result of changes in the proposed offering price. If the number of shares or other units of securities, or the principal amount of debt securities to be offered is increased by an amendment filed prior to the effective date of the registration statement, an additional filing fee, computed on the basis of the offering price of the additional securities, shall be paid. There will be no refund once the statement is filed.

(b) A required fee shall be reduced in an amount equal to any fee paid with respect to such transaction pursuant to sections 13(e) and 14(g) of the Securities Exchange Act of 1934 or any applicable provision of this section; the fee requirements under sections 13(e) and 14(g) shall be reduced in an amount equal to the fee paid the Commission with respect to a transaction under this section. No part of a filing fee is refundable.

(c) Where securities are to be offered at prices computed upon the basis of fluctuating market prices, the registration fee is to be calculated upon the basis of the price of securities of the same class, as follows: either the average of the high and low prices reported in the consolidated reporting system (for exchange traded securities and last sale reported over-the-counter securities) or the average of the bid and asked price (for other over-the-counter securities) as of a specified date within 5 business days prior to the date of filing the registration statement.

(d) Where securities are to be offered at varying prices based upon fluctuating values of underlying assets, the registration fee is to be calculated upon the basis of the market value of such assets as of a specified date within fifteen days prior to the date of filing, in accordance with the method to be used in calculating the daily offering price.

(e) Where securities are to be offered to existing security holders and the portion, if any, not taken by such security holders is to be reoffered to the general public, the registration fee is to be calculated upon the basis of the proposed offering price to such security holders or the proposed reoffering price to the general public, whichever is higher.

(f) Where securities are to be offered in exchange for other securities (except where such exchange results from the exercise of a conversion privilege) or in a reclassification or recapitalization which involves the substitution of a security for another security, a merger, a consolidation, or a similar plan of acquisition, the registration fee is to be calculated as follows:

(1) Upon the basis of the market value of the securities to be received by the registrant or canceled in the exchange or transaction as established by the price of securities of the same class, as determined in accordance with paragraph (c) of this section.

(2) If there is no market for the securities to be received by the registrant or cancelled in the exchange or transaction, the book value of such securities computed as of the latest practicable date prior to the date of filing the registration statement shall be

used, unless the issuer of such securities is in bankruptcy or receivership, or has an accumulated capital deficit, in which case one-third of the principal amount, par value or stated value of such securities shall be used.

(3) If any cash is to be received by the registrant in connection with the exchange or transaction, the amount thereof shall be added to the value of the securities to be received by the registrant or cancelled as computed in accordance with (e) (1) or (2) of this section. If any cash is to be paid by the registrant in connection with the exchange or transaction, the amount thereof shall be deducted from the value of the securities to be received by the registrant in exchange as computed in accordance with (e) (1) or (2) of this section.

(4) Securities to be offered directly or indirectly for certificates of deposit shall be deemed to be offered for the securities represented by the certificates of deposit.

(5) If a filing fee is paid under this paragraph for the registration of an offering and the registration statement also covers the resale of such securities, no additional filing fee is required to be paid for the resale transaction.

(g) Where securities are to be offered pursuant to warrants or other rights to purchase such securities and the holders of such warrants or rights may be deemed to be underwriters, as defined in section 2(11) of the Act, with respect to the warrants or rights or the securities subject thereto, the registration fee is to be calculated upon the basis of the price at which the warrants or rights or securities subject thereto are to be offered to the public. If such offering price cannot be determined at the time of filing the registration statement, the registration fee is to be calculated upon the basis of the highest of the following: (1) the price at which the warrants or rights may be exercised, if known at the time of filing the registration statement; (2) the offering price of securities of the same class included in the registration statement; or (3) the price of securities of the same class, as determined in accordance with paragraph (c) of this section. If the fee is to be calculated upon the basis of the price at which the war-

rants or rights may be exercised and they are exercisable over a period of time at progressively higher prices, the fee shall be calculated on the basis of the highest price at which they may be exercised. If the warrants or rights are to be registered for distribution in the same registration statement as the securities to be offered pursuant thereto, no separate registration fee shall be required.

(h)(1) Where securities are to be offered pursuant to an employee benefit plan, the aggregate offering price and the amount of the registration fee shall be computed with respect to the maximum number of the registrant's securities issuable under the plan that are covered by the registration statement. If the offering price is not known, the fee shall be computed upon the basis of the price of securities of the same class, as determined in accordance with paragraph (c) of this section. In the case of an employee stock option plan, the aggregate offering price and the fee shall be computed upon the basis of the price at which the options may be exercised, or, if such price is not known, upon the basis of the price of securities of the same class, as determined in accordance with paragraph (c) of this section. If there is no market for the securities to be offered, the book value of such securities computed as of the latest practicable date prior to the date of filing the registration statement shall be used.

(2) If the registration statement registers securities of the registrant and also registers interests in the plan constituting separate securities, no separate fee is required with respect to the plan interests.

(3) Where a registration statement includes securities to be offered pursuant to an employee benefit plan and covers the resale of the same securities, no additional filing fee shall be paid with respect to the securities to be offered for resale. A filing fee determined in accordance with paragraph (c) of this section shall be paid with respect to any additional securities to be offered for resale.

(i) Where convertible securities and the securities into which conversion is offered are registered at the same time, the registration fee is to be calculated

on the basis of the proposed offering price of the convertible securities alone, except that if any additional consideration is to be received in connection with the exercise of the conversion privilege the maximum amount which may be received shall be added to the proposed offering price of the convertible securities.

(j) Where securities are sold prior to the registration thereof and are subsequently registered for the purpose of making an offer of rescission of such sale or sales, the registration fee is to be calculated on the basis of the amount at which such securities were sold, except that where securities repurchased pursuant to such offer of rescission are to be reoffered to the general public at a price in excess of such amount the registration fee is to be calculated on the basis of the proposed reoffering price.

(k) Notwithstanding the other provisions of this rule, the proposed maximum aggregate offering price of Depositary Shares evidenced by American Depositary Receipts shall, only for the purpose of calculating the registration fee, be computed upon the basis of the maximum aggregate fees or charges to be imposed in connection with the issuance of such receipts.

(l) Notwithstanding the other provisions of this rule, the proposed maximum aggregate offering price of any put or call option which is traded on an exchange and registered by such exchange or a facility thereof or which is traded over the counter shall, for the purpose of calculating the registration fee, be computed upon the basis of the maximum aggregate fees or charges to be imposed by such registrant in connection with the issuance of such option.

(m) Notwithstanding the other provisions of this rule, where the securities to be registered include (1) any note, draft, bill of exchange, or bankers' acceptance which meets all the conditions of section 3(a)(3) hereof, and (2) any note, draft, bill of exchange or bankers' acceptance which has a maturity at the time of issuance of not exceeding nine months exclusive of days of grace, or any renewal thereof the maturity date of which is likewise limited, but which otherwise does not

meet the conditions of section 3(a)(3), the registration fee shall be calculated by taking one-fiftieth of 1 per centum of the maximum principal amount of only those securities not meeting the conditions of section 3(a)(3).

(n) Where the securities to be offered are guarantees of other securities which are being registered concurrently, no separate fee for the guarantees shall be payable.

(o) Where an issuer registers an offering of securities, the registration fee may be calculated on the basis of the maximum aggregate offering price of all the securities listed in the "Calculation of Registration Fee" table. The number of shares or units of securities need not be included in the "Calculation of Registration Fee" Table. If the maximum aggregate offering price increases prior to the effective date of the registration statement, a pre-effective amendment must be filed to increase the maximum dollar value being registered and the additional filing fee shall be paid.

(p) Where all or a portion of the securities offered under a registration statement remain unsold after the offering's completion or termination, or withdrawal of the registration statement, the aggregate total dollar amount of the filing fee associated with those unsold securities (whether computed under § 230.457(a) or (o)) may be offset against the total filing fee due for a subsequent registration statement or registration statements. The subsequent registration statement(s) must be filed within five years of the initial filing date of the earlier registration statement, and must be filed by the same registrant (including a successor within the meaning of § 230.405), a majority-owned subsidiary of that registrant, or a parent that owns more than 50 percent of the registrant's outstanding voting securities. A note should be added to the "Calculation of Registration Fee" table in the subsequent registration statement(s) stating the dollar amount of the filing fee previously paid that is offset against the currently due filing fee, the file number of the earlier registration statement from which the filing fee is offset, and the name of the

registrant and the initial filing date of that earlier registration statement.

(q) Notwithstanding any other provisions of this section, no filing fee is required for the registration of an indeterminate amount of securities to be offered solely for market-making purposes by an affiliate of the registrant.

§ 230.459 Calculation of effective date.

Saturdays, Sundays and holidays shall be counted in computing the effective date of registration statements under section 8(a) of the act. In the case of statements which become effective on the twentieth day after filing, the twentieth day shall be deemed to begin at the expiration of nineteen periods of 24 hours each from 5:30 p.m. eastern standard time or eastern daylight-saving time, whichever is in effect at the principal office of the Commission on the date of filing.

§ 230.460 Distribution of preliminary prospectus.

(a) Pursuant to the statutory requirement that the Commission in ruling upon requests for acceleration of the effective date of a registration statement shall have due regard to the adequacy of the information respecting the issuer theretofore available to the public, the Commission may consider whether the persons making the offering have taken reasonable steps to make the information contained in the registration statement conveniently available to underwriters and dealers who it is reasonably anticipated will be invited to participate in the distribution of the security to be offered or sold.

(b)(1) As a minimum, reasonable steps to make the information conveniently available would involve the distribution, to each underwriter and dealer who it is reasonably anticipated will be invited to participate in the distribution of the security, a reasonable time in advance of the anticipated effective date of the registration statement, of as many copies of the pro-

posed form of preliminary prospectus permitted by Rule 430 (§230.430) as appears to be reasonable to secure adequate distribution of the preliminary prospectus.

(2) In the case of a registration statement filed by a closed-end investment company on Form N-2 (§239.14 and §274.11a-1 of this chapter), reasonable steps to make information conveniently available would involve distribution of a sufficient number of copies of the Statement of Additional Information required by §230.430(b) as it appears to be reasonable to secure their adequate distribution either to each underwriter or dealer who it is reasonably anticipated will be invited to participate in the distribution of the security, or to the underwriter, dealer or other source named on the cover page of the preliminary prospectus as being the person investors should contact in order to obtain the Statement of Additional Information.

(c) The granting of acceleration will not be conditioned upon

(1) The distribution of a preliminary prospectus in any state where such distribution would be illegal; or

(2) The distribution of a preliminary prospectus (i) in the case of a registration statement relating solely to securities to be offered at competitive bidding, provided the undertaking in Item 512(d)(1) of Regulation S-K (§229.512(d)(2) of this chapter) is included in the registration statement and distribution of prospectuses pursuant to such undertaking is made prior to the publication or distribution of the invitation for bids, or

(ii) In the case of a registration statement relating to a security issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust if any other security of the same class is currently being offered or sold, pursuant to an effective registration statement by the issuer or by or through an underwriter, or

(iii) In the case of an offering of subscription rights unless it is contemplated that the distribution will be made through dealers and the underwriters intend to make the offering during the stockholders' subscription

period, in which case copies of the preliminary prospectus must be distributed to dealers prior to the effective date of the registration statement in the same fashion as is required in the case of other offerings through underwriters, or

(iv) In the case of a registration statement pertaining to a security to be offered pursuant to an exchange offer or transaction described in Rule 145 (§ 230.145).

§ 230.461 Acceleration of effective date.

(a) Requests for acceleration of the effective date of a registration statement shall be made by the registrant and the managing underwriters of the proposed issue, or, if there are no managing underwriters, by the principal underwriters of the proposed issue, and shall state the date upon which it is desired that the registration statement shall become effective. Such requests may be made in writing or orally, provided that, if an oral request is to be made, a letter indicating that fact and stating that the registrant and the managing or principal underwriters are aware of their obligations under the Act must accompany the registration statement for a pre-effective amendment thereto) at the time of filing with the Commission. Written requests may be sent to the Commission by facsimile transmission. If, by reason of the expected arrangement in connection with the offering, it is to be requested that the registration statement shall become effective at a particular hour of the day, the Commission must be advised to that effect not later than the

second business day before the day which it is desired that the registration statement shall become effective. A person's request for acceleration will be considered confirmation of such person's awareness of the person's obligations under the Act. Not later than the time of filing the last amendment prior to the effective date of the registration statement, the registrant shall inform the Commission as to whether or not the amount of compensation to be allowed or paid to the underwriters and any other arrangements among the registrant, the underwriters and other broker dealers participating in the distribution, as described in the registration statement, have been reviewed to the extent required by the National Association of Securities Dealers, Inc. and such Association has issued a statement expressing no objections to the compensation and other arrangements.

(b) Having due regard to the adequacy of information respecting the registrant theretofore available to the public, to the facility with which the nature of the securities to be registered, their relationship to the capital structure of the registrant issuer and the rights of holders thereof can be understood, and to the public interest and the protection of investors, as provided in section 8(a) of the Act, it is the general policy of the Commission, upon request, as provided in paragraph (a) of this section, to permit acceleration of the effective date of the registration statement as soon as possible after the filing of appropriate amendments, if any. In determining the date on which a registration statement shall become effective, the following are included in the situations in which the Commission considers that the statutory standards of section 8(a) may not be met and may refuse to accelerate the effective date:

(1) Where there has not been a bona fide effort to make the prospectus reasonably concise, readable, and in compliance with the plain English requirements of Rule 421(d) of Regulation C (17 CFR 230.421(d)) in order to facilitate an understanding of the information in the prospectus.

(2) Where the form of preliminary prospectus, which has been distributed

by the issuer or underwriter, is found to be inaccurate or inadequate in any material respect, until the Commission has received satisfactory assurance that appropriate correcting material has been sent to all underwriters and dealers who received such preliminary prospectus or prospectuses in quantity sufficient for their information and the information of others to whom the inaccurate or inadequate material was sent.

(3) Where the Commission is currently making an investigation of the issuer, a person controlling the issuer, or one of the underwriters, if any, of the securities to be offered, pursuant to any of the Acts administered by the Commission.

(4) Where one or more of the underwriters, although firmly committed to purchase securities covered by the registration statement, is subject to and does not meet the financial responsibility requirements of Rule 15c3-1 under the Securities Exchange Act of 1934 (§240.15c3-1 of this chapter). For the purposes of this paragraph underwriters will be deemed to be firmly committed even though the obligation to purchase is subject to the usual conditions as to receipt of opinions of counsel, accountants, etc., the accuracy of warranties or representations, the happening of calamities or the occurrence of other events the determination of which is not expressed to be in the sole or absolute discretion of the underwriters.

(5) Where there have been transactions in securities of the registrant by persons connected with or proposed to be connected with the offering which may have artificially affected or may artificially affect the market price of the security being offered.

(6) Where the amount of compensation to be allowed or paid to the underwriters and any other arrangements among the registrant, the underwriters and other broker dealers participating in the distribution, as described in the registration statement, if required to be reviewed by the National Association of Securities Dealers, Inc. (NASD), have been reviewed by the NASD and the NASD has not issued a statement expressing no objections to the compensation and other arrangements.

(7) Where, in the case of a significant secondary offering at the market, the registrant, selling security holders and underwriters have not taken sufficient measures to insure compliance with Regulation M (§§ 242.100 through 242.105 of this chapter).

(c) Insurance against liabilities arising under the Act, whether the cost of insurance is borne by the registrant, the insured or some other person, will not be considered a bar to acceleration, unless the registrant is a registered investment company or a business development company and the cost of such insurance is borne by other than an insured officer or director of the registrant. In the case of such a registrant, the Commission may refuse to accelerate the effective date of the registration statement when the registrant is organized or administered pursuant to any instrument (including a contract for insurance against liabilities arising under the Act) that protects or purports to protect any director or officer of the company against any liability to the company or its security holders to which he or she would otherwise be subject by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office.

§ 230.462 Immediate effectiveness of certain registration statements and post-effective amendments.

(a) A registration statement on Form S-8 (§239.16b of this chapter) and a registration statement on Form S-3 (§239.13 of this chapter) or on Form F-3 (§239.33 of this chapter) for a dividend or interest reinvestment plan shall become effective upon filing with the Commission.

(b) A registration statement and any post-effective amendment thereto shall become effective upon filing with the Commission if:

(1) The registration statement is for registering additional securities of the same class(es) as were included in an earlier registration statement for the

§ 230.463

same offering and declared effective by the Commission;

(2) The new registration statement is filed prior to the time confirmations are sent or given; and

(3) The new registration statement registers additional securities in an amount and at a price that together represent no more than 20% of the maximum aggregate offering price set forth for each class of securities in the "Calculation of Registration Fee" table contained in such earlier registration statement.

(c) If the prospectus contained in a post-effective amendment filed prior to the time confirmations are sent or given contains no substantive changes from or additions to the prospectus previously filed as part of the effective registration statement, other than price-related information omitted from the registration statement in reliance on Rule 430A of the Act (§230.430A), such post-effective amendment shall become effective upon filing with the Commission.

(d) A post-effective amendment filed solely to add exhibits to a registration statement shall become effective upon filing with the Commission.

(2) The term *application* shall not include the temporary investment of proceeds by the issuer pending final application.

(d) This section shall not apply to any effective registration statement for securities to be issued:

(1) In a business combination described in Rule 145(a) (§230.145(a));

(2) By an issuer which pursuant to a business combination described in Rule 145(a) has succeeded to another issuer that prior to such business combination had a registration statement become effective under the Act and on the date of such business combination was not subject to paragraph (a) of this section;

(3) Pursuant to an employee benefit plan;

(4) Pursuant to a dividend or interest reinvestment plan;

(5) As American depository receipts for foreign securities;

§ 230.466 Effective date of certain registration statements on Form F-6.

(a) A depository that previously has filed a registration statement on Form F-6 (§239.36 of this chapter) may designate a date and time for a registration statement (including post-effective amendments) on Form F-6 to become effective and such registration statement shall become effective in accordance with such designation if the following conditions are met:

(1) The depository previously has filed a registration statement on Form F-6 (§239.36 of this chapter), which the Commission has declared effective, with identical terms of deposit, except for the number of foreign securities a Depository Share represents, and the depository so certifies; and

(2) The designation of the effective date and time is set forth on the facing-page of the registration statement, or in any pre-effective amendment thereto. A pre-effective amendment containing such a designation properly made shall be deemed to have been filed with the consent of the Commission.

(b)(1) The Commission may, in the manner and under the circumstances set forth in paragraph (b)(2) of this section, suspend the ability of a depository to designate the date and time of effectiveness of a registration statement, and such suspension shall remain in effect until the Commission furnishes written notice to the depository that the suspension has been terminated. Any suspension, so long as it is in effect, shall apply to any registration statement that has been filed but has not, at the time of such suspension, become effective and to any registration statement the depository files after such suspension. Any such suspension applies only to the ability to designate the date and time of effectiveness under paragraph (a) of this section and does not otherwise affect the registration statement.

(2) Any suspension under paragraph (b)(1) of this section becomes effective when the Commission furnishes written notice thereof to the depository. The Commission may issue a suspension if it appears to the Commission:

(i) That any registration statement containing a designation under this

§ 230.467

section is incomplete or inaccurate in any material respect, whether or not such registration has become effective, or

(ii) That the depositary has not complied with any of the conditions of this section. The depositary may petition the Commission to review the suspension. The Commission will order a hearing on the matter if a request for such a hearing is included in the petition.

Where the amendment to the registration statement incorporates into the prospectus documents

which are required to be delivered with the prospectus in lieu of prospectus presentation, the eight additional copies shall be accompanied by eight copies of such documents. No other exhibits are required to accompany such additional copies.

(b) Every amendment which relates to a prospectus shall include copies of the prospectus as amended. Each such copy of the amended prospectus shall be accompanied by a copy of the cross reference sheet required by Rule 481(a) (§ 230.481(a)), where applicable, if the amendment of the prospectus resulted in any change in the accuracy of the cross reference sheet previously filed. Notwithstanding the foregoing provisions of this paragraph, only copies of the changed pages of the prospectus, and the cross reference sheet if amended, need be included in an amendment filed pursuant to an undertaking referred to in Item 512(d) of Regulation S-K (§ 229.512(d) of this chapter).

(c) Every amendment of a financial statement which is not included in the prospectus shall include copies of the financial statement as amended. Every amendment relating to a certified financial statement shall include the consent of the certifying accountant to the use of his certificate in connection with the amended financial statement in the registration statement or prospectus and to being named as having certified such financial statement.

(d) Notwithstanding any other provision of this section, if a registration statement filed on Form S-8 (§ 239.16b of this chapter) is amended, there shall be filed with the Commission three complete, unmarked copies of every amendment, including exhibits and all other papers and documents filed as part of the amendment. § 230.479 Procedure with respect to abandoned registration statements and post-effective amendments.

When a registration statement, or a post-effective amendment to such a statement, has been on file with the Commission for a period of nine months and has not become effective the Commission may, in its discretion, proceed in the following manner to determine whether such registration statement or amendment has been abandoned by the registrant. If the registration statement has been amended, otherwise than for the purpose of delaying the effective date thereof, or if the post-effective amendment has been amended, the nine-month period shall be computed from the date of the latest such amendment.

(a) A notice will be sent to the registrant, and to the agent for service named in the registration statement, by registered or certified mail, return receipt requested, addressed to the most recent addresses for the registrant and the agent for service reflected in the registration statement. Such notice will inform the registrant and the agent for service that the registration statement or amendment is out of date and must be either amended to comply with the applicable requirements of the Act and the rules and regulations thereunder or be withdrawn within 30 days after the date of such notice.

(b) If the registrant or the agent for service fails to respond to such notice by filing a substantive amendment or withdrawing the registration statement and does not furnish a satisfactory explanation as to why it has not done so within such 30 days, the Commission may, where consistent with the public interest and the protection

of investors, enter an order declaring the registration statement or amendment abandoned.

(c) When such an order is entered by the Commission the papers comprising the registration statement or amendment will not be removed from the files of the Commission but an order shall be included in the file for the registration statement in the following manner: "Declared abandoned by order dated _____."

Section 230.489 applies to certain entities excepted from the definition of investment company by rules under the Investment Company Act of 1940. §§ 230.490 to 230.494), unless the context specifically indicates otherwise, also apply to investment companies and business development companies. See § 230.400.

§ 230.480 Title of securities.

If a registration statement is prepared on a form available solely to investment companies registered under the Investment Company Act of 1940, or a business development company which is selling or proposing to sell its securities pursuant to a registration statement which has been filed under the Act, wherever the title of securities is required to be stated there shall be given such information as will indicate the type and general character of the securities, including the following:

(a) In the case of shares, the par or stated value, if any; the rate of dividends, if fixed, and whether cumulative or non-cumulative; a brief indication of the preference, if any; and, if convertible, a statement to that effect.

(b) In the case of funded debt, the rate of interest; the date of maturity, or, if the issue matures serially, a brief indication of the serial maturities, such as "maturing serially from 1950 to 1960"; if the payment of principal or interest is contingent, an appropriate indication of such contingency; a brief indication of the priority of the issue; and, if convertible, a statement to that effect.

(c) In the case of any other kind of security, appropriate information of comparable character.

§ 230.481 Information required in prospectuses.

Disclose the following in registration statements prepared on a form available solely to investment companies registered under the Investment Company Act of 1940 or in registration statements filed under the Act for a company that has elected to be regulated as a business development company under Sections 55 through 65 of the Investment Company Act (15 U.S.C. 80a-54—80a-64):

(a) *Facing page.* Indicate the approximate date of the proposed sale of the securities to the public.

(b) *Outside front cover page.* If applicable, include the following in plain English as required by § 230.421(d):

(1) *Commission legend.* Provide a legend that indicates that the Securities and Exchange Commission has not approved or disapproved of the securities or passed upon the accuracy or adequacy of the disclosure in the prospectus and that any contrary representation is a criminal offense. The legend may be in one of the following or other clear and concise language:

Example A: The Securities and Exchange Commission has not approved or disapproved these securities or passed upon the adequacy of this prospectus. Any representation to the contrary is a criminal offense.

Example B: The Securities and Exchange Commission has not approved or disapproved these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

(2) *"Subject to Completion" legend.* (i) If a prospectus or Statement of Additional Information will be used before the effective date of the registration statement, include on the outside front cover page of the prospectus or Statement of Additional Information, a prominent statement that:

(A) The information in the prospectus or Statement of Additional Information will be amended or completed;

(B) A registration statement relating to these securities has been filed with the Securities and Exchange Commission;

(C) The securities may not be sold until the registration statement becomes effective; and

(D) In a prospectus, that the prospectus is not an offer to sell the securities and it is not soliciting an offer to buy the securities in any state where offers or sales are not permitted, or in a Statement of Additional Information, that the Statement of Additional Information is not a prospectus.

(ii) The legend may be in the following language or other clear and understandable language:

The information in this prospectus (or Statement of Additional Information) is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus (or Statement of Additional Information) is not an offer to sell these securities and is not soliciting an offer to buy

these securities in any state where the offer or sale is not permitted.

(iii) In the case of a prospectus that omits pricing information under § 230.430A, provide the information and legend in paragraph (b)(2) of this section if the prospectus or Statement of Additional Information is used before the initial public offering price is determined.

(c) *Table of contents.* Include on either the outside front, inside front, or outside back cover page of the prospectus, a reasonably detailed table of contents. It must show the page number of the various sections or subdivisions of the prospectus. Include this table of contents immediately following the cover page in any prospectus delivered electronically.

(d) *Stabilization and other transactions.* (1) Indicate on the front cover page of the prospectus if the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, and state the amount of additional shares the underwriter may purchase under the arrangement. Provide disclosure in the prospectus that briefly describes any transaction that the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering transactions, penalty bids, or any other transactions that affect the offered security's price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security's price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;

(2) If the stabilizing began before the effective date of the registration statement, disclose in the prospectus the amount of securities bought, the prices at which they were bought and the period within which they were bought. In the event that § 230.430A of this chapter is used, the prospectus filed under § 230.497(h) or included in a post-effective amendment must contain informa-

tion on the stabilizing transactions that took place before the determination of the public offering price shown in the prospectus; and

(3) If you are making a warrant or rights offering of securities to existing security holders and the securities not purchased by existing security holders are to be reoffered to the public, disclose in the prospectus used in connection with the reoffering:

(i) The amount of securities bought in stabilization activities during the offering period and the price or range of prices at which the securities were bought;

(ii) The amount of the offered securities subscribed for during the offering period;

(iii) The amount of the offered securities subscribed for by the underwriters during the offering period;

(iv) The amount of the offered securities sold during the offering period by the underwriters and the price or range of prices at which the securities were sold; and

(v) The amount of the offered securities to be reoffered to the public and the public offering price.

(e) *Dealer prospectus delivery obligations.* On the outside back cover page of the prospectus, advise dealers of their prospectus delivery obligation, including the expiration date specified by Section 4(3) of the Act (15 U.S.C. 77d(3)) and § 230.174. If the expiration date is not known on the effective date of the registration statement, include the expiration date in the copy of the prospectus filed under § 230.497. This information need not be included if dealers are not required to deliver a prospectus under § 230.174 or Section 24(d) of the Investment Company Act of 1940 (15 U.S.C. 80a-24). Use the following or other clear, plain language:

DEALER PROSPECTUS DELIVERY OBLIGATION

Until (insert date), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

(f) *Electronic distribution.* Where a prospectus is distributed through an electronic medium, issuers may satisfy legibility requirements applicable to printed documents, such as paper size, type size and font, bold-face type, italics and red ink, by presenting all required information in a format readily communicated to investors, and where indicated, in a manner reasonably calculated to draw investor attention to specific information.

§ 230.482 Advertising by an investment company as satisfying requirements of section 10.

(a) An advertisement or other sales material that is not a prospectus, or an advertisement or sales material excluded from the definition of prospectus by section 2(10) of the Act (15 U.S.C. 77b(10)) and related § 230.134, will be deemed to be a prospectus under section 10(b) of the Act (15 U.S.C. 77j(b)) for the purpose of section 5(b)(1) of the Act (15 U.S.C. 77e(b)(1)), if:

(1) It is with respect to an investment company registered under the Investment Company Act of 1940 (*1940 Act*), or a business development company which is selling or proposing to sell its securities pursuant to a registration statement which has been filed under the Act,

(2) It contains only information the substance of which is included in the section 10(a) prospectus,

(3) It includes a conspicuous statement that:

(i) Identifies a source from which an investor may obtain a prospectus containing more complete information about the investment company, which should be read carefully before investing; or

(ii) If used with a profile under § 230.498 (“Profile”), indicates that information is available in the Profile about the investment company, the procedures for investing in the investment company, and the availability of the investment company’s prospectus.

NOTE TO PARAGRAPH (A)(3): The fact that the statements included in the advertisement are included in the section 10(a) prospectus does not relieve the issuer, underwriter, or dealer of the obligation to ensure

that the advertisement is not false or misleading.

(4) It contains the statement required by Rule 481(b)(2) under the Securities Act (§ 230.481(b)(2) of this chapter) when used prior to effectiveness of the company’s registration statement or, in the case of a registration statement that becomes effective omitting certain information from the prospectus contained in the registration statement in reliance upon Rule 430A under the Securities Act (§ 230.430A of this chapter), when used prior to the determination of the public offering price.

(5) It does not contain and is not accompanied by any application by which a prospective investor may invest in the investment company, except that:

(i) A prospectus meeting the requirements of section 10(a) of the Act (15 U.S.C. 77j(a)) by which a unit investment trust offers periodic payment plan certificates may contain a contract application although the prospectus includes another prospectus that, pursuant to this section, omits certain information required by section 10(a) of the Act, regarding investment companies in which the unit investment trusts invests; and

(ii) It may be used with a Profile that includes, or is accompanied by, an application to purchase shares of the investment company as permitted under § 230.498.

(6) In the case of an advertisement containing performance data of an open-end management investment company or a separate account registered under the 1940 Act as a unit investment trust offering variable annuity contracts (*trust account*), it includes a legend disclosing that the performance data quoted represents past performance and that the investment return and principal value of an investment will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost; *Provided, however*, That an advertisement may omit legend disclosure pertaining to the fluctuation of the principal value of an investment in a money market fund. In addition, if a sales load or any other nonrecurring fee is charged, the advertisement must disclose the maximum amount of the load or fee; if the sales load or fee is

§ 230.482

17 CFR Ch. II (4-1-01 Edition)

not reflected, the advertisement must also disclose that the performance data does not reflect its deduction, and that, if reflected, the load or fees would reduce the performance quoted;

NOTE TO PARAGRAPH (A)(6): All advertisements made pursuant to this rule are subject to Rule 420 [17 CFR 230.420].

(7)(i) In the case of an investment company that holds itself out to be a money market fund, it includes the following statement:

An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Fund.

(ii) A money market fund that does not hold itself out as maintaining a stable net asset value may omit the second sentence of the statement in (a)(7)(i) of this section.

(b) An advertisement made pursuant to paragraph (a) of this section need not contain the statement required by Rule 481(b)(1) (§230.481(b)(1)).

(c) An advertisement made pursuant to paragraph (a) of this section need not be filed as part of the registration statement filed under the Act.

NOTE: These advertisements, unless filed with the NASD, are required to be filed in accordance with the requirements of Rule 497 (17 CFR 230.497).

(i) A quotation of current yield that identifies the length of and the date of the last day in the base period used in computing that quotation; or

(ii) A quotation of effective yield if it appears in the same advertisement as a quotation of current yield and each quotation relates to an identical base period and is presented with equal prominence; or

(iii) A quotation or quotations of tax equivalent yield or tax equivalent ef-

fective yield if it appears in the same advertisement as a quotation of current yield and each quotation relates to the same base period as the quotation of current yield, is presented with equal prominence, and states the income tax rate used in the calculation.

(2) Accompany any quotation of the money market fund's total return in an advertisement with a quotation of the money market fund's current yield under paragraph (d)(1)(i) of this section. Place the quotations of total return and current yield next to each other, in the same size print, and if there is a material difference between the quoted total return and the quoted current yield, include a statement that the yield quotation more closely reflects the current earnings of the money market fund than the total return quotation.

(e) In the case of an open-end management investment company or a trust account (other than a money market fund referred to in paragraph (d) of this section), any quotation of the company's performance contained in an advertisement shall be limited to quotations of:

(1) A current yield that—

(i) Is based on the methods of computation prescribed in Form N-1A, N-3, or N-4;

(ii) Is accompanied by quotations of total return as provided for in paragraph (e)(3) of this section;

(iv) Relates to the same base period as the required quotation of yield; and

(v) Identifies the length of and the date of the last day in the base period used in computing the quotation.

(3) Average annual total return for one, five, and ten year periods; *Provided*, That if the company's registration statement under the Securities Act of 1933 (15 U.S.C. 77A *et seq.*) has been in effect for less than one, five, or ten years, the time period during which the registration statement was in effect is substituted for the period(s) otherwise prescribed; and *Provided further*, That such quotations—

(i) Are based on the methods of computation prescribed in Form N-1A, N-3, or N-4;

(ii) Are current to the most recent calendar quarter ended prior to the submission of the advertisement for publication;

(iii) Are set out with equal prominence; and

(iv) Identify the length of and the last day of the one, five, and ten year periods; and

(iii) Is set out in no greater prominence than the required quotations of total return; and

(iv) Identifies the length of and the last day of the period for which performance is measured.

(f) All performance data contained in any advertisement must be as of the most recent practicable date considering the type of investment company and the media through which the data will be conveyed; *Provided, however*, That any advertisement containing total return quotations shall be considered to have complied with this provision if the total return quotations are current to the most recent calendar quarter ended prior to the submission of the advertisement for publication.

§ 230.483 Exhibits for certain registration statements.

If a registration statement is prepared on a form available solely to investment companies registered under the Investment Company Act of 1940, or a business development company which is selling or proposing to sell its securities pursuant to a registration statement which has been filed under the Act, the following provisions apply:

(a) Such registration statement shall contain an exhibit index, which should immediately precede the exhibits filed with such registration statement. The exhibit index shall indicate by handwritten, typed, printed or other legible form of notation in the manually signed original registration statement the page number in the sequential numbering system where such exhibit can be found. Where exhibits are incorporated by reference, this fact shall be noted in the exhibit index referred to in the preceding sentence. Further, the first page of the manually signed registration statement shall list the page in the filing where the exhibit index is located.

(b) If any name is signed to the registration statement pursuant to a power of attorney, copies of such powers of attorney shall be filed as an exhibit to the registration statement. In addition, if the name of any officer signing on behalf of the registrant, or attesting the registrant's seal, is signed pursuant to a power of attorney, certified copies of a resolution of the registrant's board of directors authorizing such signature shall also be filed as an exhibit to the registration statement. A power of attorney that is filed with the Commission shall relate to a

specific filing, an amendment thereto, or a related registration statement that is to be effective upon filing pursuant to Rule 462(b) (§ 230.462(b)) under the Act.

(c)(1) All written consents are required to be filed as an exhibit to the registration statement, together with a list thereof. Such consents shall be dated and manually signed. Where the consent of an expert or counsel is contained in his report or opinion, a reference shall be made in the list to the report or opinion containing the consent.

(2) In a registration statement filed pursuant to Rule 462(b) (§ 230.462(b)) by a closed-end company, any required consent may be incorporated by reference into the registration statement from a previously filed registration statement related to the offering, provided that the consent contained in the previously filed registration statement expressly provides for such incorporation. Any consent filed in a Rule 462(b) (§ 230.462(b)) registration statement may contain duplicated or facsimile versions of required signatures, and such signatures shall be considered manually filed for the purposes of the Act and the rules thereunder.

(d) The registrant:

(1) May file such exhibits as it may desire in addition to those required by the appropriate form. Such exhibits shall be so marked as to indicate clearly the subject matters to which they refer;

(2) In any case where two or more indentures, contracts, franchises, or other documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, need file a copy of only one of such documents, with a schedule identifying the other documents omitted and setting forth the material details in which such documents differ from the document of which a copy is filed. The Commission may at any time in its discretion require filing of copies of any documents so omitted; and

(3) If an exhibit to a registration statement (other than an opinion or consent), filed in preliminary form, has

been changed only (i) to insert information as to interest, dividend or conversion rates, redemption or conversion prices, purchase or offering prices, underwriters' or dealers' commission, names, addresses or participation of underwriters or similar matters, which information appears elsewhere in an amendment to the registration statement, or (ii) to correct typographical errors, insert signatures or make other similar immaterial changes, then, notwithstanding any contrary requirement of any rule or form, need not refile such exhibit as so amended; provided the registrant states in the amendment to the registration statement the basis provided by this rule for not refiling such exhibit. Any such incomplete exhibit may not, however, be incorporated by reference in any subsequent filing under any Act administered by the Commission.

§ 230.484 Undertaking required in certain registration statements.

If a registration statement is prepared on a form available solely to investment companies registered under the Investment Company Act of 1940, or a business development company which is selling or proposing to sell its securities pursuant to a registration statement which has been filed under the Act, if

(a) Any acceleration is requested of the effective date of the registration statement pursuant to Rule 461 (§ 230.461), and

(b)(1) Any provision or arrangement exists whereby the registrant may indemnify a director, officer or controlling person of the registrant against liabilities arising under the Act, or

(2) The underwriting agreement contains provisions by which indemnification against such liabilities is given by the registrant to the underwriter or controlling persons of the underwriter and the director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is an underwriter, and

(3) The benefits of such indemnification are not waived by such persons; the registration statement shall include a brief description of the indemnification provisions and an undertaking in substantially the following form:

Insofar as indemnification for liability arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

§ 230.485 Effective date of post-effective amendments filed by certain registered investment companies.

(a) *Automatic Effectiveness.* (1) Except as otherwise provided in this section, a post-effective amendment to a registration statement filed by a registered open-end management investment company, unit investment trust or separate account as defined in section 2(a)(37) of the Investment Company Act of 1940 [15 USC 80a-2(a)(37)] shall become effective on the sixtieth day after the filing thereof, or a later date designated by the registrant on the facing sheet of the amendment, which date shall be no later than eighty days after the date on which the amendment is filed.

(2) A post-effective amendment filed by a registered open-end management investment company for the purpose of adding a series shall become effective on the seventy-fifth day after the filing thereof or a later date designated by the registrant on the facing sheet of the amendment, which date shall be no later than ninety-five days after the date on which the amendment is filed.

(3) The Commission, having due regard to the public interest and the protection of investors, may declare an amendment filed under this paragraph (a) effective on an earlier date.

(b) *Immediate Effectiveness.* Except as otherwise provided in this section, a post-effective amendment to a registration statement filed by a registered open-end management investment company, unit investment trust or separate account as defined in section 2(a)(37) of the Investment Company Act of 1940 [15 USC 80a-2(a)(37)] shall become effective on the date upon which it is filed with the Commission, or a later date designated by the registrant on the facing sheet of the amendment, which date shall be not later than thirty days after the date on which the amendment is filed, except that a post-effective amendment including a designation of a new effective date pursuant to paragraph (b)(1)(iii) of this section shall become effective on the new effective date designated therein, *Provided*, that the following conditions are met:

(1) It is filed for no purpose other than one or more of the following:

(i) Bringing the financial statements up to date under section 10(a)(3) of the Securities Act of 1933 [15 U.S.C. 77j(a)(3)] or Rules 3-12 or 3-18 of Regulation S-X [17 CFR 210.3-12 and 210.3-18];

(ii) Complying with an undertaking to file an amendment containing financial statements, which may be unaudited, within four to six months after the effective date of the registrant's registration statement under the Securities Act of 1933 [15 U.S.C. 77a *et seq.*];

(iii) Designating a new effective date for a previously filed post-effective amendment pursuant to paragraph (a) of this section, which has not yet become effective, *Provided*, that the new effective date shall be no earlier than the effective date designated in the previously filed amendment under paragraph (a) of this section and no later than thirty days after that date;

(iv) Disclosing or updating the information required by Items 5 or 6(a)(2) of Form N-1A [17 CFR 239.15A and 274.11A];

(v) Making any non-material changes which the registrant deems appropriate;

(vi) In the case of a separate account registered as a unit investment trust, to make changes in the disclosure in the unit investment trust's registration statement to reflect changes to disclosure in the registration statement of the investment company in which the unit investment trust invests all of its assets; and

(vii) Any other purpose which the Commission shall approve.

(2) The registrant represents that the amendment is filed solely for one or more of the purposes specified in paragraph (b)(1) of this section and that no material event requiring disclosure in the prospectus, other than one listed in paragraph (b)(1) of this section or one for which the Commission has approved a filing under paragraph (b)(1)(vii) of this section, has occurred since the latest of the following three dates:

(i) the effective date of the registrant's registration statement;

(ii) the effective date of its most recent post-effective amendment to its registration statement which included a prospectus; or

(iii) the filing date of a post-effective amendment filed under paragraph (a) of this section which has not become effective.

(3) The amendment recites on its facing sheet that the registrant proposes that the amendment will become effective under paragraph (b) of this section.

(4) The representations of the registrant referred to in paragraph (b)(2) of this section shall be made by certification on the signature page of the post-effective amendment that the amendment meets all the requirements for effectiveness under paragraph (b) of this section. If counsel prepared or reviewed the post-effective amendment filed under paragraph (b) of this section, counsel shall furnish to the Commission at the time the amendment is filed a written representation that the amendment does not contain disclosures that would render it ineligible to become effective under paragraph (b) of this section.

(c) *Incomplete or Inaccurate Amendments; Suspension of Use of Paragraph*

(b) of this section. (1) No amendment shall become effective under paragraph (a) of this section if, prior to the effective date of the amendment, it should appear to the Commission that the amendment may be incomplete or inaccurate in any material respect, and the Commission furnishes to the registrant written notice that the effective date of the amendment is to be suspended. Following such action by the Commission, the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for such a hearing is included in the petition. If the Commission has suspended the effective date of an amendment, the amendment shall become effective on such date as the Commission may determine, having due regard to the public interest and the protection of investors.

(2) The Commission may, in the manner and under the circumstances set forth in this paragraph (c)(2), suspend the ability of registrant to file a post-effective amendment under paragraph (b) of this section. The notice of such suspension shall be in writing and shall specify the period for which such suspension shall remain in effect. The Commission may issue a suspension if it appears to the Commission that a registrant which files a post-effective amendment under paragraph (b) of this section has not complied with the conditions of that paragraph. Any suspension under this paragraph (c)(2) shall become effective at such time as the Commission furnishes written notice thereof to the registrant. Any such suspension, so long as it is in effect, shall apply to any post-effective amendment that has been filed but has not, at the time of such suspension, become effective, and to any post-effective amendment that may be filed after the suspension. Any suspension shall apply only to the ability to file a post-effective amendment pursuant to paragraph (b) of this section and shall not otherwise affect any post-effective amendment. Following this action by the Commission the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the

matter if a request for a hearing is included in the petition.

(d) *Subsequent Amendments.* (1) Except as provided in paragraph (d)(2) of this section, a post-effective amendment that includes a prospectus shall not become effective under paragraph (a) of this section if a subsequent post-effective amendment relating to the prospectus is filed before such amendment becomes effective.

(2) A post-effective amendment that includes a prospectus shall become effective under paragraph (a) of this section notwithstanding the filing of a subsequent post-effective amendment relating to the prospectus, *Provided*, that the following conditions are met:

(i) the subsequent amendment is filed under paragraph (b) of this section; and
(ii) the subsequent amendment designates as its effective date either:

(A) the date on which the prior post-effective amendment was to become effective under paragraph (a) of this section; or

(B) a new effective date designated under paragraph (b)(1)(iii) of this section.

In this case the prior post-effective amendment filed under paragraph (a) of this section and any prior post-effective amendment filed under paragraph (b) of this section shall also become effective on the new effective date designated under paragraph (b)(1)(iii) of this section.

(3) Notwithstanding paragraphs (d)(1) and (d)(2) of this section, if another post-effective amendment relating to the same prospectus is filed under paragraph (a) of this section before the prior amendments filed pursuant to paragraphs (a) and (b) of this section have become effective, none of such prior amendments shall become effective under this section.

(e) *Certain Separate Accounts.* For purposes of this section, a post-effective amendment to a registration statement for an offering of securities by a registered open-end management investment company or unit investment trust as those terms are used in paragraphs (a), (b), and (e) of this section and as such amendments are referred to in paragraphs (c) and (d) of this section, shall include a post-effective amendment to an offering of securities

by an insurance company funded through a separate account, as defined in section 2(a)(37) of the Investment Company Act of 1940 [15 U.S.C. 80a-2(a)(37)], where the separate account need not register under the Investment Company Act of 1940 under section 3(c)(11) thereof [15 U.S.C. 80a-3(c)(11)].

(f) *Electronic Filers.* When ascertaining the date of filing, electronic filers should not presume a registration statement has been accepted until notice of acceptance has been received from the Commission.

NOTE: To determine the date of automatic effectiveness, the day following the filing date is the first day of the time period. For example, a post-effective amendment filed under paragraph (a) of this section on November 1 would become effective on December 31.

[59 FR 43464, Aug. 24, 1994, as amended at 62 FR 47938, Sept. 12, 1997; 63 FR 13943, Mar. 23, 1998; 64 FR 27894, May 21, 1999]

§ 230.486 Effective date of post-effective amendments and registration statements filed by certain closed-end management investment companies.

(a) *Automatic Effectiveness.* Except as otherwise provided in this section, a post-effective amendment to a registration statement, or a registration statement filed for the purpose of registering additional shares of common stock for which a registration statement filed on Form N-2 (§§ 239.14 and 274.11a-1 of this chapter) is effective, filed by a registered closed-end management investment company or business development company which makes periodic repurchase offers under § 270.23c-3 of this chapter, shall become effective on the sixtieth day after the filing thereof, or a later date designated by the registrant on the facing sheet of the amendment or registration statement, which date shall not be later than eighty days after the date on which the amendment or registration statement is filed, *Provided*, that the Commission, having due regard to the public interest and the protection of investors, may declare an amendment or registration statement filed under this paragraph (a) effective on an earlier date.

(b) *Immediate Effectiveness.* Except as otherwise provided in this section, a

post-effective amendment to a registration statement, or a registration statement for additional shares of common stock, filed by a registered closed-end management investment company or business development company which makes periodic repurchase offers under § 270.23c-3 of this chapter, shall become effective on the date on which it is filed with the Commission, or a later date designated by the registrant on the facing sheet of the amendment or registration statement, which date shall be not later than thirty days after the date on which the amendment or registration statement is filed, except that a post-effective amendment including a designation of a new effective date under paragraph (b)(1)(iii) of this section shall become effective on the new effective date designated therein, *Provided*, that the following conditions are met:

(1) It is filed for no purpose other than one or more of the following:

(i) Registering additional shares of common stock for which a registration statement filed on Form N-2 (§§ 239.14 and 274.11a-1 of this chapter) is effective;

(ii) Bringing the financial statements up to date under section 10(a)(3) of the Act [15 U.S.C. 77j(a)(3)] or rule 3-18 of Regulation S-X [17 CFR 210.3-18];

(iii) Designating a new effective date for a previously filed post-effective amendment or registration statement for additional shares under paragraph (a) of this section, which has not yet become effective, *Provided*, that the new effective date shall be no earlier than the effective date designated in the previously filed amendment or registration statement under paragraph (a) of this section and no later than thirty days after that date;

(iv) Disclosing or updating the information required by Item 9c of Form N-2 [17 CFR 239.14 and 274.11a-1];

(v) Making any non-material changes which the registrant deems appropriate; and

(vi) Any other purpose which the Commission shall approve.

(2) The registrant represents that the amendment is filed solely for one or more of the purposes specified in paragraph (b)(1) of this section and that no material event requiring disclosure in

the prospectus, other than one listed in paragraph (b)(1) or one for which the Commission has approved a filing under paragraph (b)(1)(vi) of this section, has occurred since the latest of the following three dates:

(i) the effective date of the registrant's registration statement;

(ii) the effective date of its most recent post-effective amendment to its registration statement which included a prospectus; or

(iii) the filing date of a post-effective amendment or registration statement filed under paragraph (a) of this section which has not become effective; and

(3) The amendment or registration statement recites on the facing sheet thereof that the registrant proposes that the amendment or registration statement will become effective under paragraph (b) of this section.

(4) The representations of the registrant referred to in paragraph (b)(2) of this section shall be made by certification on the signature page of the post-effective amendment or registration statement that the amendment or registration statement meets all of the requirements for effectiveness under paragraph (b) of this section. If counsel prepared or reviewed the post-effective amendment or registration statement filed under paragraph (b) of this section, counsel shall furnish to the Commission at the time the amendment or registration statement is filed a written representation that the amendment or registration statement does not contain disclosure which would render it ineligible to become effective under paragraph (b) of this section.

(c) *Incomplete or Inaccurate Amendments; Suspension of Use of Paragraph (b) of this section.* (1) No amendment or registration statement shall become effective under paragraph (a) of this section if, prior to the effective date of the amendment or registration statement, it should appear to the Commission that the amendment or registration statement may be incomplete or inaccurate in any material respect, and the Commission furnishes to the registrant written notice that the effective date of the amendment or registration statement is to be suspended. Following such action by the Commission, the registrant may file with the Com-

mission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for such a hearing is included in the petition. If the Commission has suspended the effective date of an amendment or registration statement, the amendment or registration statement shall become effective on such date as the Commission may determine, having due regard to the public interest and the protection of investors.

(2) The Commission may, in the manner and under the circumstances set forth in this paragraph (c)(2), suspend the ability of a registrant to file a post-effective amendment or registration statement under paragraph (b) of this section. The notice of such suspension shall be in writing and shall specify the period for which such suspension shall remain in effect. The Commission may issue a suspension if it appears to the Commission that a registrant which files a post-effective amendment under paragraph (b) of this section has not complied with the conditions of that paragraph. Any suspension under this paragraph shall become effective at such time as the Commission furnishes written notice thereof to the company. Any such suspension, so long as it is in effect, shall apply to any post-effective amendment or registration statement that has been filed but has not, at the time of such suspension, become effective, and to any post-effective amendment or registration statement that may be filed after the suspension. Any suspension shall apply only to the ability to file a post-effective amendment or registration statement under paragraph (b) of this section and shall not otherwise affect any post-effective amendment or registration statement. Following this action by the Commission, the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for a hearing is included in the petition.

(d) *Subsequent Amendments.* (1) Except as provided in paragraph (d)(2) of this section, a post-effective amendment or registration statement which includes a prospectus shall not become effective under paragraph (a) of this section if a

§ 230.487

17 CFR Ch. II (4-1-01 Edition)

subsequent post-effective amendment or registration statement relating to the prospectus is filed before such amendment or registration statement becomes effective.

(2) A post-effective amendment or registration statement which includes a prospectus shall become effective under paragraph (a) of this section notwithstanding the filing of a subsequent post-effective amendment or registration statement relating to the prospectus, *Provided*, that the following conditions are met:

(i) The subsequent amendment or registration statement is filed under paragraph (b) of this section; and

(ii) The subsequent amendment or registration statement designates as its effective date either:

(A) The date on which the prior post-effective amendment or registration statement was to become effective under paragraph (a) of this section or

(B) A new effective date designated under paragraph (b)(1)(iii) of this section.

In this case the prior post-effective amendment or registration statement filed under paragraph (a) of this section and any prior post-effective amendment or registration statement filed under paragraph (b) of this section shall also become effective on the new effective date designated under paragraph (b)(1)(iii) of this section.

(3) Notwithstanding paragraphs (d)(1) and (d)(2) of this section, if another post-effective amendment or registration statement relating to the same prospectus is filed under paragraph (a) of this section before the prior amendments or registration statements filed under paragraphs (a) and (b) of this section have become effective, none of such prior amendments or registration statements shall become effective under this section.

(e) *Condition to Use of Paragraphs (a) or (b)*. A post-effective amendment or new registration statement shall not become effective under paragraphs (a) or (b) of this section unless within two years prior to the filing thereof a post-effective amendment or registration statement relating to the common stock of the registrant has become effective.

(f) *Electronic Filers*. When ascertaining the date of filing, electronic filers should not presume a registration statement has been accepted until notice of acceptance has been received from the Commission.

NOTE: To determine the date of automatic effectiveness, the day following the filing date is the first day of the time period. For example, a post-effective amendment filed under paragraph (a) of this section on November 1 would become effective on December 31.

§ 230.487 Effectiveness of registration statements filed by certain unit investment trusts.

(a)(1) A unit investment trust registered under the Investment Company Act of 1940 that files a registration statement pursuant to the Act in connection with the offering of the securities of a series of the unit investment trust, except the first series of such trust, may designate a date and time for such registration statement to become effective. If the registrant complies with the conditions set forth in paragraph (b) of this section, the registration statement shall become effective in accordance with such designation.

(2) The registrant may designate the date and time of effectiveness in the registration statement or in any pre-effective amendment thereto. A pre-effective amendment to a registration statement with respect to which such a designation is properly made shall be deemed to have been filed with the consent of the Commission and shall accordingly be treated as part of the registration statement.

(b) Availability of effectiveness of a registration statement in accordance with paragraph (a) of this section is conditioned upon compliance with the following:

(1) The registrant is not engaged in the business of investing in securities issued by one or more open-end management investment companies;

(2) The designation provided for in paragraph (a) of this section is set forth on the facing sheet of such registration statement or a pre-effective amendment thereto;

(3) The registrant identifies one or more previous series of the trust for which the effective date of the registration statement was determined by the Commission or its staff, and makes the following representations:

(i) That the portfolio securities deposited in the series with respect to which the registration statement or pre-effective amendment is being filed do not differ materially in type or quality from those deposited in such previous series identified by the registrant; and

(ii) That, except to the extent necessary to identify the specific portfolio securities deposited in, and to provide essential financial information for, the series with respect to which the registration statement or pre-effective amendment thereto is being filed, the registration statement or pre-effective amendment thereto does not contain disclosures that differ in any material respect from those contained in the registration statement of such previous series identified by the registrant;

(4) The registrant represents that it has complied with rule 460 under the Act (17 CFR 230.460);

(5) The identification and representations provided for in paragraphs (b)(3) and (b)(4) of this section are made on the signature page of the registration statement or a pre-effective amendment thereto; and

(6) If counsel prepared or reviewed such registration statement or a pre-effective amendment thereto, such counsel shall furnish to the Commission at the time the registration statement or pre-effective amendment thereto is filed a written representation that such registration statement or pre-effective amendment does not contain disclosures which would render such registration statement ineligible to become effective pursuant to paragraph (a) of this section.

(c)(1) The Commission may, in the manner and under the circumstances set forth in paragraph (c)(2) of this section, suspend the ability of a unit investment trust to designate the date and time of effectiveness of a series of such trust. Any such suspension, so long as it is in effect, shall apply to any registration statement that has been filed but has not, at the time of

such suspension, become effective, and to any registration statement with respect to any series of such trust that may be filed after such suspension. Any suspension shall apply only to the ability to designate the date and time of effectiveness pursuant to paragraph (a) of this section and shall not otherwise affect any registration statement.

(2) Any suspension pursuant to paragraph (c)(1) of this section shall become effective at such time as the Commission furnishes written notice thereof to the company or the sponsor of the unit investment trust. The notice of such suspension shall be in writing and shall specify the period for which such suspension shall remain in effect. The Commission may issue such suspension if it appears to the Commission that any registration statement containing a designation pursuant to this section is incomplete or inaccurate in any material respect, whether or not such registration statement has become effective, or that the registrant has not complied with the conditions of this section. Following such action by the Commission, the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for a hearing is included in the petition.

(d) When ascertaining the date of filing, electronic filers should not presume a registration statement has been accepted until notice of acceptance has been received from the Commission.

- (v) Continuation of any current contract relating to the distribution of shares issued by the registrant; and

(2) The registration statement recites on the facing sheet that the registrant proposes that the filing become effective pursuant to this rule.

(b) No registration statement shall become effective pursuant to paragraph (a) of this section if, prior to the effective date of the registration statement, it should appear to the Commission that the registration statement may be incomplete or inaccurate in any material respect and the Commission furnishes to the registrant written notice that the effective date is to be suspended. Following such action by the Commission, the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for such a hearing is included in the petition. If the Commission has suspended the effective date of the registration statement, it shall become effective on such date as the Commission may determine, having due regard to the public interest and the protection of investors.

(c) When ascertaining the date of filing, electronic filers should not presume a registration statement has been accepted until notice of acceptance has been received from the Commission.

§ 230.495 Preparation of registration statement.

(a) A registration statement on Form N-1A, Form N-2, Form N-3, or Form N-4, shall consist of the facing sheet of the applicable form; a prospectus containing the information called for by

such form; the information, list of exhibits, undertakings and signatures required to be set forth in such form; financial statements and schedules; exhibits; and other information or documents filed as part of the registration statement; and all documents or information incorporated by reference in the foregoing (whether or not required to be filed).

(b) All general instructions, instructions to items of the form, and instructions as to financial statements, exhibits, or prospectuses are to be omitted from the registration statement in all cases.

(c) In the case of a registration statement filed on Form N-1A, Form N-2, Form N-3, or Form N-4, Parts A and B shall contain the information called for by each of the items of the applicable Part, except that unless otherwise specified, no reference need be made to inapplicable items, and negative answers to any item may be omitted. Copies of Parts A and B may be filed as part of the registration statement in lieu of furnishing the information in item-and-answer form. Wherever such copies are filed in lieu of information in item-and-answer form, the text of the items of the form is to be omitted from the registration statement, as well as from Parts A and B, except to the extent provided in paragraph (d) of the section.

(d) In the case of a registration statement filed on Form N-1A, Form N-2, Form N-3, or Form N-4, where any item of those forms calls for information not required to be included in Parts A and B (generally Part C of such form), the text of such items, including the numbers and captions thereof, together with the answers thereto, shall be filed with Parts A or B under cover of the facing sheet of the form as part of the registration statement. However, the text of such items may be omitted, provided the answers are so prepared as to indicate the coverage of the item without the necessity of reference to the text of the item. If any such item is inapplicable, or the answer thereto is in the negative, a statement to that effect shall be made. Any financial statements not required to be included in Parts A and B shall also be filed as part of the registration state-

(B) A form of profile that does not contain a material change to the information under § 230.498 (c)(2) (i)-(iii).

(2) *Filing procedures.* (i) Designate, at the top of the first page of any form of profile that is filed under this paragraph (k), the paragraph and sub-paragraph under which the profile is filed.

(ii) Send two additional copies of the first definitive form of profile filed electronically under paragraph (k)(1)(ii) of this section to the Commission, in the primary form intended to be used for distribution to investors (*e.g.*, paper, electronic media), by mail or other means reasonable calculated to result in receipt by the Commission, no later than the fifth business day after the date the profile is first sent or given to any person. Filers may fulfill the requirements of this paragraph by submitting with their definitive form of profile filed electronically under paragraph (k)(1)(ii) of this section an unofficial PDF copy of the profile in accordance with § 232.104 of this chapter. § 230.498

17 CFR Ch. II (4-1-01 Edition)

§ 230.498 Profiles for certain open-end management investment companies.

(a) *Definitions.* (1) A *Fund* means an open-end management investment company, or any series of such a company, that has, or is included in, an effective registration statement on Form N-1A (§§ 274.11A and 239.15A of this chapter) and that has a current prospectus under section 10(a) of the Act (15 U.S.C. 77j(a)).

(2) A *Profile* means a summary prospectus that is authorized under section 10(b) of the Act (15 U.S.C. 77j(b)) and section 24(g) of the Investment Company Act (15 U.S.C. 80a-24(g) for the purpose of section 5(b)(1) of the Act (15 U.S.C. 77e(b)(1)).

(b) *General requirements.* A Fund may provide a Profile to investors, which may include, or be accompanied by, an application that investors may use to purchase the Fund's shares, if the Profile contains the information required or not precluded by paragraph (c) of this section and does not incorporate any information by reference to another document.

Instructions to paragraph (b): 1. The Profile is intended to be a standardized summary of key information in the Fund's prospectus under section 10(b) of the Act. Additional information is available in the Fund's prospectus under section 10(a) of the Act, in the Fund's Statement of Additional Information under Form N-1A, and in the Fund's annual and semi-annual shareholder reports prepared in accordance with § 270.30d-1. Funds may not use cross-references in the Profile to other Fund disclosure documents unless required or permitted by this rule. Funds should minimize cross-references and the use of footnotes within the Profile; cross-references and footnotes should generally be used only to promote a better understanding of the information about the Fund contained in the Profile.

2. Provide clear and concise information in the Profile in a format designed to communicate the information effectively. Avoid excessive detail, technical or legal terms, and long sentences and paragraphs. Provide the information in the Profile using the plain English writing principles in § 230.421(d).

3. A Fund may use document design techniques intended to promote effective communication of the information in the Profile unless inconsistent with the requirements of this section.

4. A Profile may describe more than one Fund or class of a Fund. A Profile that offers the securities of more than one Fund or class

of a Fund does not need to repeat information that is the same for each Fund or class of Fund described in the Profile.

5. File the Profile with the Commission as required by § 230.497(k).

(c) *Specific requirements.* (1) Include on the cover page of the Profile or at the beginning of the Profile:

(i) The Fund's name and, at the Fund's option, the Fund's investment objective or the type of fund or class offered, or both;

(ii) A statement identifying the document as a "Profile," without using the term "prospectus";

(iii) The approximate date of the Profile's first use;

(iv) The following legend:

This Profile summarizes key information about the Fund that is included in the Fund's prospectus. The Fund's prospectus includes additional information about the Fund, including a more detailed description of the risks associated with investing in the Fund that you may want to consider before you invest. You may obtain the prospectus and other information about the Fund at no cost by calling _____.

(v) Provide a toll-free (or collect) telephone number that investors can use to obtain the prospectus and other information. The Fund may indicate, as applicable, that the prospectus and other information is available on the Fund's Internet site or by E-mail request. The Fund also may indicate, if applicable, that the prospectus and other information is available from a financial intermediary (such as a broker-dealer or bank) through which shares of the Fund may be purchased or sold.

Instruction to paragraph (c)(1)(v): When the Fund (or financial intermediary through which shares of the Fund may be purchased or sold) receives a request for the Fund's prospectus, the Fund's Statement of Additional Information, or the Fund's annual or semi-annual report, the Fund (or financial intermediary) must send the requested document within three business days of receipt of the request, by first-class mail or other means designed to ensure equally prompt delivery. Funds are encouraged to send other information requested by shareholders within the same period.

(2) Provide the information required by paragraphs (c)(2) (i) through (ix) of this section in the order indicated:

(i) *Fund objectives/goals.* Provide the information about the Fund's investment objectives or goals required by Item 2(a) of Form N-1A.

(ii) *Principal investment strategies of the Fund.* Provide the information about the Fund's principal investment strategies required by Item 2(b) of Form N-1A. In addition, a Fund (other than a Fund that has not yet been required to deliver a semi-annual or annual report under §270.30d-1 of this chapter) must provide disclosure to the following effect:

Additional information about the Fund's investments is available in the Fund's annual and semi-annual reports to shareholders. In the Fund's annual report you will find a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during the last fiscal year. You may obtain either or both of these reports at no cost by calling _____.

(iii) *Principal risks of investing in the Fund.* Provide the narrative disclosure, bar chart, and table required by Item 2(c) of Form N-1A. Provide in the table the Fund's average annual total returns and, if applicable, yield as of the end of the most recent calendar quarter prior to the Profile's first use. Update the return information as of the end of each succeeding calendar quarter as soon as practicable after the completion of the quarter. Disclose the date of the return information adjacent to the table.

Instruction to paragraph (c)(2)(iii): A Fund may reflect the updated performance information in this section of the profile by affixing a label or sticker, or by other reasonable means.

(iv) *Fees and expenses of the Fund.* Include the fee table required by Item 3 of Form N-1A.

(v) *Investment adviser, sub-adviser(s) and portfolio manager(s) of the Fund.* (A) Identify the Fund's investment adviser.

(B) Identify the Fund's sub-adviser(s) (if any) except that:

(1) A Fund need not identify a sub-adviser(s) whose sole responsibility for the Fund is limited to day-to-day management of the Fund's holdings of cash and cash equivalent instruments, unless the Fund is a money market fund or other Fund with a principal invest-

ment strategy of regularly holding cash and cash equivalent instruments.

(2) A Fund having three or more sub-advisers, each of which manages a portion of the Fund's portfolio, need not identify each such sub-adviser, except that the Fund must identify any sub-adviser that is (or is reasonably expected to be) responsible for the management of a significant portion of the Fund's net assets. For purposes of this paragraph (c)(2)(v)(B)(2), a significant portion of a Fund's net assets generally will be deemed to be 30% or more of the fund's net assets.

(C) State the name and length of service of the person or persons employed by or associated with the Fund's investment adviser (or the Fund) who are primarily responsible for the day-to-day management of the Fund's portfolio and summarize each person's business experience for the last five years in accordance with the Instructions to Item 6(a)(2) of Form N-1A. A Fund with three or more such persons, each of whom is (or is reasonably expected to be) responsible for the management of a portion of the Fund's portfolio, need not identify each person, except that a Fund must identify and summarize the business experience for the last five years of each person who is (or is reasonably expected to be) responsible for the management of a significant portion of the Fund's net assets. For purposes of this paragraph (c)(2)(v)(C), a significant portion of a Fund's net assets generally will be deemed to be 30% or more of the Fund's net assets.

(vi) *Purchase of Fund shares.* Disclose the Fund's minimum initial or subsequent investment requirements, the initial sales load (or other loads) to which the Fund's shares are subject, and, if applicable, the initial sales load breakpoints or waivers.

(vii) *Sale of Fund shares.* Disclose that the Fund's shares are redeemable, identify the procedures for redeeming shares (*e.g.*, on any business day by written request, telephone, or wire transfer), and identify any charges or sales loads that may be assessed upon redemption (including, if applicable, the existence of waivers of these charges).

(viii) *Fund distributions and tax information.* Describe how frequently the Fund intends to make distributions and what options for reinvestment of distributions (if any) are available to investors. State, as applicable, that the Fund intends to make distributions that may be taxed as ordinary income or capital gains (which may be taxable at different rates depending on the length of time that the Fund holds its assets) or that the Fund intends to distribute tax-exempt income. If a Fund expects that its distributions, as a result of its investment objectives or strategies, primarily will consist of ordinary income or capital gains, provide disclosure to that effect. For a Fund that holds itself out as investing in securities generating tax-exempt income, provide, as applicable, a general statement to the effect that a portion of the Fund's distributions may be subject to federal income tax.

(ix) *Other services are available from the Fund.* Provide a brief summary of services available to the Fund's shareholders (e.g., any exchange privileges or automated information services), unless otherwise disclosed in response to paragraphs (c)(2)(vi) through (viii) of this section.

Instruction to paragraph (c)(2)(ix): A Fund should disclose only those services that generally are available to typical investors in the Fund.

(3) The Profile may include an application that a prospective investor can use to purchase the Fund's shares as long as the application explains with equal prominence that an investor has the option of purchasing shares of the Fund after reviewing the information in the Profile or after requesting and reviewing the Fund's prospectus (and other information) before making a decision about investing in the Fund.

Instruction to paragraph (c)(3): A Fund may include the application in a Profile or otherwise provide an application together with a Profile in any manner reasonably designed to alert investors that the application is to be considered along with the information about the Fund disclosed in the Profile.

(d) *Modified Profile for certain funds.* (1) A Fund may modify or omit the information required by paragraphs (c)(2)(vi) through (ix) of this section for a

Profile to be used for a Fund that is offered as an investment option for:

(i) A defined contribution plan that meets the requirements for qualification under section 401(k) of the Internal Revenue Code (26 U.S.C. 401(k));

(ii) A tax-deferred arrangement under section 403(b) or 457 of the Internal Revenue Code (26 U.S.C. 403(b) and 457); and

(iii) Variable contracts as defined in section 817(d) of the Internal Revenue Code (26 U.S.C. 817(d)).

(2) A Fund that uses a Profile permitted under paragraph (d)(1) of this section may:

(i) Alter the legend required by paragraph (c)(1)(iv) of this section to include a statement to the effect that the Profile is intended for use in connection with a defined contribution plan, another tax-deferred arrangement, or a variable contract, as applicable, and is not intended for use by other investors; and

(ii) Modify other disclosure in a Profile consistent with offering the Fund as a specific investment option for a defined contribution plan, tax-deferred arrangement, or variable contract.

(3) A Profile used under paragraph (d)(1)(i) or (ii), but not paragraph (d)(1)(iii), of this section may include, or be accompanied by, an enrollment form for the plan or arrangement. The enrollment form does not need to be filed with the Profile under § 230.497.

REGULATION D—RULES GOVERNING THE LIMITED OFFER AND SALE OF SECURITIES WITHOUT REGISTRATION UNDER THE SECURITIES ACT OF 1933

AUTHORITY: Sections 230.501 to 230.506 issued under secs. 3(b), 4(2), 19(a), 19(c), 48 Stat. 75, 77, 85; sec. 209, 48 Stat. 908; c.122, 59 Stat. 167; sec. 12, 78 Stat. 580; 84 Stat. 1480; sec. 308(a)(2), 90 Stat. 57; sec. 18, 92 Stat. 275; sec. 2, 92 Stat. 962; secs. 505, 622, 701, 94 Stat. 2291, 2292, 2294 15 U.S.C. 77c(b), 77d(2), 77s(a), 77s(c).

SOURCE: Sections 230.501 to 230.506 appear at 47 FR 11262, Mar. 16, 1982, unless otherwise noted.

PRELIMINARY NOTES: 1. The following rules relate to transactions exempted from the registration requirements of section 5 of the Securities Act of 1933 (the *Act*) (15 U.S.C. 77a

et seq., as amended). Such transactions are not exempt from the antifraud, civil liability, or other provisions of the federal securities laws. Issuers are reminded of their obligation to provide such further material information, if any, as may be necessary to make the information required under this regulation, in light of the circumstances under which it is furnished, not misleading.

2. Nothing in these rules obviates the need to comply with any applicable state law relating to the offer and sale of securities. Regulation D is intended to be a basic element in a uniform system of Federal-State limited offering exemptions consistent with the provisions of sections 18 and 19(c) of the Act. In those states that have adopted Regulation D, or any version of Regulation D, special attention should be directed to the applicable state laws and regulations, including those relating to registration of person who receive remuneration in connection with the offer and sale of securities, to disqualification of issuers and other persons associated with offerings based on state administrative orders or judgments, and to requirements for filings of notices of sales.

3. Attempted compliance with any rule in Regulation D does not act as an exclusive election; the issuer can also claim the availability of any other applicable exemption. For instance, an issuer's failure to satisfy all the terms and conditions of Rule 506 shall not raise any presumption that the exemption provided by section 4(2) of the Act is not available.

4. These rules are available only to the issuer of the securities and not to any affiliate of that issuer or to any other person for resales of the issuer's securities. The rules provide an exemption only for the transactions in which the securities are offered or sold by the issuer, not for the securities themselves.

5. These rules may be used for business combinations that involve sales by virtue of rule 145(a) (17 CFR 230.145(a)) or otherwise.

6. In view of the objectives of these rules and the policies underlying the Act, regulation D is not available to any issuer for any transaction or chain of transactions that, although in technical compliance with these rules, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

7. Securities offered and sold outside the United States in accordance with Regulation S need not be registered under the Act. See Release No. 33-6863. Regulation S may be relied upon for such offers and sales even if coincident offers and sales are made in accordance with Regulation D inside the United States. Thus, for example, persons who are offered and sold securities in accordance with Regulation S would not be counted in the calculation of the number of purchasers

under Regulation D. Similarly, proceeds from such sales would not be included in the aggregate offering price. The provisions of this note, however, do not apply if the issuer elects to rely solely on Regulation D for offers or sales to persons made outside the United States.

§ 230.501 Definitions and terms used in Regulation D.

As used in Regulation D (§§ 230.501-230.508), the following terms shall have the meaning indicated:

(a) *Accredited investor.* *Accredited investor* shall mean any person who comes within any of the following categories, or who the issuer reasonably believes comes within any of the following categories, at the time of the sale of the securities to that person:

(1) Any bank as defined in section 3(a)(2) of the Act, or any savings and loan association or other institution as defined in section 3(a)(5)(A) of the Act whether acting in its individual or fiduciary capacity; any broker or dealer registered pursuant to section 15 of the Securities Exchange Act of 1934; any insurance company as defined in section 2(13) of the Act; any investment company registered under the Investment Company Act of 1940 or a business development company as defined in section 2(a)(48) of that Act; any Small Business Investment Company licensed by the U.S. Small Business Administration under section 301(c) or (d) of the Small Business Investment Act of 1958; any plan established and maintained by a state, its political subdivisions, or any agency or instrumentality of a state or its political subdivisions, for the benefit of its employees, if such plan has total assets in excess of \$5,000,000; any employee benefit plan within the meaning of the Employee Retirement Income Security Act of 1974 if the investment decision is made by a plan fiduciary, as defined in section 3(21) of such act, which is either a bank, savings and loan association, insurance company, or registered investment adviser, or if the employee benefit plan has total assets in excess of \$5,000,000 or, if a self-directed plan, with investment decisions made solely

§ 230.501

17 CFR Ch. II (4-1-01 Edition)

by persons that are accredited investors;

(2) Any private business development company as defined in section 202(a)(22) of the Investment Advisers Act of 1940;

(3) Any organization described in section 501(c)(3) of the Internal Revenue Code, corporation, Massachusetts or similar business trust, or partnership, not formed for the specific purpose of acquiring the securities offered, with total assets in excess of \$5,000,000;

(4) Any director, executive officer, or general partner of the issuer of the securities being offered or sold, or any director, executive officer, or general partner of a general partner of that issuer;

(5) Any natural person whose individual net worth, or joint net worth with that person's spouse, at the time of his purchase exceeds \$1,000,000;

(6) Any natural person who had an individual income in excess of \$200,000 in each of the two most recent years or joint income with that person's spouse in excess of \$300,000 in each of those years and has a reasonable expectation of reaching the same income level in the current year;

(7) Any trust, with total assets in excess of \$5,000,000, not formed for the specific purpose of acquiring the securities offered, whose purchase is directed by a sophisticated person as described in § 230.506(b)(2)(i); and

(8) Any entity in which all of the equity owners are accredited investors.

(b) *Affiliate.* An *affiliate* of, or person *affiliated* with, a specified person shall mean a person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the person specified.

(c) *Aggregate offering price.* *Aggregate offering price* shall mean the sum of all cash, services, property, notes, cancellation of debt, or other consideration to be received by an issuer for issuance of its securities. Where securities are being offered for both cash and non-cash consideration, the aggregate offering price shall be based on the price at which the securities are offered for cash. Any portion of the aggregate offering price attributable to cash received in a foreign currency shall be translated into United States

currency at the currency exchange rate in effect at a reasonable time prior to or on the date of the sale of the securities. If securities are not offered for cash, the aggregate offering price shall be based on the value of the consideration as established by bona fide sales of that consideration made within a reasonable time, or, in the absence of sales, on the fair value as determined by an accepted standard. Such valuations of non-cash consideration must be reasonable at the time made.

(d) *Business combination.* *Business combination* shall mean any transaction of the type specified in paragraph (a) of Rule 145 under the Act (17 CFR 230.145) and any transaction involving the acquisition by one issuer, in exchange for all or a part of its own or its parent's stock, of stock of another issuer if, immediately after the acquisition, the acquiring issuer has control of the other issuer (whether or not it had control before the acquisition).

(e) *Calculation of number of purchasers.* For purposes of calculating the number of purchasers under §§ 230.505(b) and 230.506(b) only, the following shall apply:

(1) The following purchasers shall be excluded:

(i) Any relative, spouse or relative of the spouse of a purchaser who has the same principal residence as the purchaser;

(ii) Any trust or estate in which a purchaser and any of the persons related to him as specified in paragraph (e)(1)(i) or (e)(1)(iii) of this section collectively have more than 50 percent of the beneficial interest (excluding contingent interests);

(iii) Any corporation or other organization of which a purchaser and any of the persons related to him as specified in paragraph (e)(1)(i) or (e)(1)(ii) of this section collectively are beneficial owners of more than 50 percent of the equity securities (excluding directors' qualifying shares) or equity interests; and

(iv) Any accredited investor.

(2) A corporation, partnership or other entity shall be counted as one purchaser. If, however, that entity is organized for the specific purpose of acquiring the securities offered and is not an accredited investor under paragraph

(a)(8) of this section, then each beneficial owner of equity securities or equity interests in the entity shall count as a separate purchaser for all provisions of Regulation D (§§ 230.501–230.508), except to the extent provided in paragraph (e)(1) of this section.

(3) A non-contributory employee benefit plan within the meaning of Title I of the Employee Retirement Income Security Act of 1974 shall be counted as one purchaser where the trustee makes all investment decisions for the plan.

(f) *Executive officer.* *Executive officer* shall mean the president, any vice president in charge of a principal business unit, division or function (such as sales, administration or finance), any other officer who performs a policy making function, or any other person who performs similar policy making functions for the issuer. Executive officers of subsidiaries may be deemed executive officers of the issuer if they perform such policy making functions for the issuer.

(g) *Issuer.* The definition of the term *issuer* in section 2(4) of the Act shall apply, except that in the case of a proceeding under the Federal Bankruptcy Code (11 U.S.C. 101 *et seq.*), the trustee or debtor in possession shall be considered the issuer in an offering under a plan or reorganization, if the securities are to be issued under the plan.

(h) *Purchaser representative.* *Purchaser representative* shall mean any person who satisfies all of the following conditions or who the issuer reasonably believes satisfies all of the following conditions:

(1) Is not an affiliate, director, officer or other employee of the issuer, or beneficial owner of 10 percent or more of any class of the equity securities or 10 percent or more of the equity interest in the issuer, except where the purchaser is:

(i) A relative of the purchaser representative by blood, marriage or adoption and not more remote than a first cousin;

(ii) A trust or estate in which the purchaser representative and any persons related to him as specified in paragraph (h)(1)(i) or (h)(1)(iii) of this section collectively have more than 50 percent of the beneficial interest (excluding contingent interest) or of

which the purchaser representative serves as trustee, executor, or in any similar capacity; or

(iii) A corporation or other organization of which the purchaser representative and any persons related to him as specified in paragraph (h)(1)(i) or (h)(1)(ii) of this section collectively are the beneficial owners of more than 50 percent of the equity securities (excluding directors' qualifying shares) or equity interests;

(2) Has such knowledge and experience in financial and business matters that he is capable of evaluating, alone, or together with other purchaser representatives of the purchaser, or together with the purchaser, the merits and risks of the prospective investment;

(3) Is acknowledged by the purchaser in writing, during the course of the transaction, to be his purchaser representative in connection with evaluating the merits and risks of the prospective investment; and

(4) Discloses to the purchaser in writing a reasonable time prior to the sale of securities to that purchaser any material relationship between himself or his affiliates and the issuer or its affiliates that then exists, that is mutually understood to be contemplated, or that has existed at any time during the previous two years, and any compensation received or to be received as a result of such relationship.

NOTE 1: A person acting as a purchaser representative should consider the applicability of the registration and antifraud provisions relating to brokers and dealers under the Securities Exchange Act of 1934 (*Exchange Act*) (15 U.S.C. 78a *et seq.*, as amended) and relating to investment advisers under the Investment Advisers Act of 1940.

NOTE 2: The acknowledgment required by paragraph (h)(3) and the disclosure required by paragraph (h)(4) of this section must be made with specific reference to each prospective investment. Advance blanket acknowledgment, such as for *all securities transactions* or *all private placements*, is not sufficient.

NOTE 3: Disclosure of any material relationships between the purchaser representative or his affiliates and the issuer or its affiliates does not relieve the purchaser representative of his obligation to act in the interest of the purchaser.

[47 FR 11262, Mar. 16, 1982, as amended at 53 FR 7868, Mar. 10, 1988; 54 FR 11372, Mar. 20, 1989]

§ 230.502 General conditions to be met.

The following conditions shall be applicable to offers and sales made under Regulation D (§§ 230.501-230.508):

(a) *Integration.* All sales that are part of the same Regulation D offering must meet all of the terms and conditions of Regulation D. Offers and sales that are made more than six months before the start of a Regulation D offering or are made more than six months after completion of a Regulation D offering will not be considered part of that Regulation D offering, so long as during those six month periods there are no offers or sales of securities by or for the issuer that are of the same or a similar class as those offered or sold under Regulation D, other than those offers or sales of securities under an employee benefit plan as defined in rule 405 under the Act (17 CFR 230.405).

NOTE: The term *offering* is not defined in the Act or in Regulation D. If the issuer offers or sells securities for which the safe harbor rule in paragraph (a) of this § 230.502 is unavailable, the determination as to whether separate sales of securities are part of the same offering (i.e. are considered *integrated*) depends on the particular facts and circumstances. Generally, transactions otherwise meeting the requirements of an exemption will not be integrated with simultaneous offerings being made outside the United States in compliance with Regulation S. See Release No. 33-6863.

The following factors should be considered in determining whether offers and sales should be integrated for purposes of the exemptions under Regulation D:

- (a) Whether the sales are part of a single plan of financing;
- (b) Whether the sales involve issuance of the same class of securities;
- (c) Whether the sales have been made at or about the same time;
- (d) Whether the same type of consideration is being received; and
- (e) Whether the sales are made for the same general purpose.

See Release 33-4552 (November 6, 1962) [27 FR 11316].

(b) *Information requirements*—(1) *When information must be furnished.* If the issuer sells securities under § 230.505 or § 230.506 to any purchaser that is not an accredited investor, the issuer shall furnish the information specified in paragraph (b)(2) of this section to such purchaser a reasonable time prior to sale. The issuer is not required to fur-

nish the specified information to purchasers when it sells securities under § 230.504, or to any accredited investor.

NOTE: When an issuer provides information to investors pursuant to paragraph (b)(1), it should consider providing such information to accredited investors as well, in view of the anti-fraud provisions of the federal securities laws.

(2) *Type of information to be furnished.*

(i) If the issuer is not subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, at a reasonable time prior to the sale of securities the issuer shall furnish to the purchaser, to the extent material to an understanding of the issuer, its business and the securities being offered:

(A) *Non-financial statement information.* If the issuer is eligible to use Regulation A (§ 230.251-263), the same kind of information as would be required in Part II of Form 1-A (§ 239.90 of this chapter). If the issuer is not eligible to use Regulation A, the same kind of information as required in Part I of a registration statement filed under the Securities Act on the form that the issuer would be entitled to use.

(B) *Financial statement information.* (1) *Offerings up to \$2,000,000.* The information required in Item 310 of Regulation S-B (§ 228.310 of this chapter), except that only the issuer's balance sheet, which shall be dated within 120 days of the start of the offering, must be audited.

(2) *Offerings up to \$7,500,000.* The financial statement information required in Form SB-2 (§ 239.10 of this chapter). If an issuer, other than a limited partnership, cannot obtain audited financial statements without unreasonable effort or expense, then only the issuer's balance sheet, which shall be dated within 120 days of the start of the offering, must be audited. If the issuer is a limited partnership and cannot obtain the required financial statements without unreasonable effort or expense, it may furnish financial statements that have been prepared on the basis of Federal income tax requirements and examined and reported on in accordance with generally accepted auditing standards by an independent public or certified accountant.

(3) *Offerings over \$7,500,000.* The financial statement as would be required in

a registration statement filed under the Act on the form that the issuer would be entitled to use. If an issuer, other than a limited partnership, cannot obtain audited financial statements without unreasonable effort or expense, then only the issuer's balance sheet, which shall be dated within 120 days of the start of the offering, must be audited. If the issuer is a limited partnership and cannot obtain the required financial statements without unreasonable effort or expense, it may furnish financial statements that have been prepared on the basis of Federal income tax requirements and examined and reported on in accordance with generally accepted auditing standards by an independent public or certified accountant.

(C) If the issuer is a foreign private issuer eligible to use Form 20-F (§249.220f of this chapter), the issuer shall disclose the same kind of information required to be included in a registration statement filed under the Act on the form that the issuer would be entitled to use. The financial statements need be certified only to the extent required by paragraph (b)(2)(i) (B) (1), (2) or (3) of this section, as appropriate.

(ii) If the issuer is subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, at a reasonable time prior to the sale of securities the issuer shall furnish to the purchaser the information specified in paragraph (b)(2)(ii)(A) or (B) of this section, and in either event the information specified in paragraph (b)(2)(ii)(C) of this section:

(A) The issuer's annual report to shareholders for the most recent fiscal year, if such annual report meets the requirements of §240.14a-3 or 240.14c-3 under the Exchange Act, the definitive proxy statement filed in connection with that annual report, and, if requested by the purchaser in writing, a copy of the issuer's most recent Form 10-K and Form 10-KSB (17 CFR 249.310) under the Exchange Act.

(B) The information contained in an annual report on Form 10-K (§249.310 of this chapter) or 10-KSB (§249.310b of this chapter) under the Exchange Act or in a registration statement on Form S-1 (§239.11 of this chapter), SB-1

(§239.9 of this chapter), SB-2 (§239.10 of this chapter) or S-11 (§239.18 of this chapter) under the Act or on Form 10 (§249.210 of this chapter) or Form 10-SB (§249.210b of this chapter) under the Exchange Act, whichever filing is the most recent required to be filed.

(C) The information contained in any reports or documents required to be filed by the issuer under sections 13(a), 14(a), 14(c), and 15(d) of the Exchange Act since the distribution or filing of the report or registration statement specified in paragraphs (b)(2)(ii) (A) or (B), and a brief description of the securities being offered, the use of the proceeds from the offering, and any material changes in the issuer's affairs that are not disclosed in the documents furnished.

(D) If the issuer is a foreign private issuer, the issuer may provide in lieu of the information specified in paragraph (b)(2)(ii) (A) or (B) of this section, the information contained in its most recent filing on Form 20-F or Form F-1 (§239.31 of the chapter).

(iii) Exhibits required to be filed with the Commission as part of a registration statement or report, other than an annual report to shareholders or parts of that report incorporated by reference in a Form 10-K and Form 10-KSB report, need not be furnished to each purchaser that is not an accredited investor if the contents of material exhibits are identified and such exhibits are made available to a purchaser, upon his written request, a reasonable time prior to his purchase.

(iv) At a reasonable time prior to the sale of securities to any purchaser that is not an accredited investor in a transaction under §230.505 or §230.506, the issuer shall furnish to the purchaser a brief description in writing of any material written information concerning the offering that has been provided by the issuer to any accredited investor but not previously delivered to such unaccredited purchaser. The issuer shall furnish any portion or all of this information to the purchaser, upon his written request a reasonable time prior to his purchase.

(v) The issuer shall also make available to each purchaser at a reasonable time prior to his purchase of securities in a transaction under §230.505 or

§ 230.506 the opportunity to ask questions and receive answers concerning the terms and conditions of the offering and to obtain any additional information which the issuer possesses or can acquire without unreasonable effort or expense that is necessary to verify the accuracy of information furnished under paragraph (b)(2) (i) or (ii) of this section.

(vi) For business combinations or exchange offers, in addition to information required by Form S-4 (17 CFR 239.25), the issuer shall provide to each purchaser at the time the plan is submitted to security holders, or, with an exchange, during the course of the transaction and prior to sale, written information about any terms or arrangements of the proposed transactions that are materially different from those for all other security holders. For purposes of this subsection, an issuer which is not subject to the reporting requirements of section 13 or 15(d) of the Exchange Act may satisfy the requirements of Part I.B. or C. of Form S-4 by compliance with paragraph (b)(2)(i) of this § 230.502.

(vii) At a reasonable time prior to the sale of securities to any purchaser that is not an accredited investor in a transaction under § 230.505 or § 230.506, the issuer shall advise the purchaser of the limitations on resale in the manner contained in paragraph (d)(2) of this section. Such disclosure may be contained in other materials required to be provided by this paragraph.

(c) *Limitation on manner of offering.* Except as provided in § 230.504(b)(1), neither the issuer nor any person acting on its behalf shall offer or sell the securities by any form of general solicitation or general advertising, including, but not limited to, the following:

(1) Any advertisement, article, notice or other communication published in any newspaper, magazine, or similar media or broadcast over television or radio; and

(2) Any seminar or meeting whose attendees have been invited by any general solicitation or general advertising; *Provided, however,* that publication by an issuer of a notice in accordance with § 230.135c shall not be deemed

to constitute general solicitation or general advertising for purposes of this section; *Provided further,* that, if the requirements of § 230.135e are satisfied, providing any journalist with access to press conferences held outside of the United States, to meetings with issuer or selling security holder representatives conducted outside of the United States, or to written press-related materials released outside the United States, at or in which a present or proposed offering of securities is discussed, will not be deemed to constitute general solicitation or general advertising for purposes of this section.

(d) *Limitations on resale.* Except as provided in § 230.504(b)(1), securities acquired in a transaction under Regulation D shall have the status of securities acquired in a transaction under section 4(2) of the Act and cannot be resold without registration under the Act or an exemption therefrom. The issuer shall exercise reasonable care to assure that the purchasers of the securities are not underwriters within the meaning of section 2(11) of the Act, which reasonable care may be demonstrated by the following:

(1) Reasonable inquiry to determine if the purchaser is acquiring the securities for himself or for other persons;

(2) Written disclosure to each purchaser prior to sale that the securities have not been registered under the Act and, therefore, cannot be resold unless they are registered under the Act or unless an exemption from registration is available; and

(3) Placement of a legend on the certificate or other document that evidences the securities stating that the securities have not been registered under the Act and setting forth or referring to the restrictions on transferability and sale of the securities.

While taking these actions will establish the requisite reasonable care, it is not the exclusive method to demonstrate such care. Other actions by the issuer may satisfy this provision. In addition, § 230.502(b)(2)(vii) requires the delivery of written disclosure of

the limitations on resale to investors in certain instances.

[51 FR 36386, Oct. 10, 1986, as amended at 54 FR 11373, Mar. 20, 1989]

§ 230.504 Exemption for limited offerings and sales of securities not exceeding \$1,000,000.

(a) *Exemption.* Offers and sales of securities that satisfy the conditions in paragraph (b) of this § 230.504 by an issuer that is not:

(1) Subject to the reporting requirements of section 13 or 15(d) of the Exchange Act;;

(2) An investment company; or

(3) A development stage company that either has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person, shall be exempt from the provision of section 5 of the Act under section 3(b) of the Act.

(b) *Conditions to be met.* (1) *General conditions.* To qualify for exemption under this § 230.504, offers and sales must satisfy the terms and conditions of §§ 230.501 and 230.502 (a), (c) and (d), except that the provisions of § 230.502 (c) and (d) will not apply to offers and sales of securities under this § 230.504 that are made:

(i) Exclusively in one or more states that provide for the registration of the securities, and require the public filing and delivery to investors of a substantive disclosure document before sale, and are made in accordance with those state provisions;

(ii) In one or more states that have no provision for the registration of the securities or the public filing or delivery of a disclosure document before sale, if the securities have been registered in at least one state that provides for such registration, public filing and delivery before sale, offers and sales are made in that state in accordance with such provisions, and the disclosure document is delivered before sale to all purchasers (including those in the states that have no such procedure); or

(iii) Exclusively according to state law exemptions from registration that permit general solicitation and general advertising so long as sales are made only to "accredited investors" as defined in § 230.501(a).

(2) The aggregate offering price for an offering of securities under this § 230.504, as defined in § 230.501(c), shall not exceed \$1,000,000, less the aggregate offering price for all securities sold within the twelve months before the start of and during the offering of securities under this § 230.504, in reliance on any exemption under section 3(b), or in

§ 230.505

17 CFR Ch. II (4-1-01 Edition)

violation of section 5(a) of the Securities Act.

NOTE 1: The calculation of the aggregate offering price is illustrated as follows:

If an issuer sold \$900,000 on June 1, 1987 under this § 230.504 and an additional \$4,100,000 on December 1, 1987 under § 230.505, the issuer could not sell any of its securities under this § 230.504 until December 1, 1988. Until then the issuer must count the December 1, 1987 sale towards the \$1,000,000 limit within the preceding twelve months.

NOTE 2: If a transaction under § 230.504 fails to meet the limitation on the aggregate offering price, it does not affect the availability of this § 230.504 for the other transactions considered in applying such limitation. For example, if an issuer sold \$1,000,000 worth of its securities on January 1, 1988 under this § 230.504 and an additional \$500,000 worth on July 1, 1988, this § 230.504 would not be available for the later sale, but would still be applicable to the January 1, 1988 sale.

[57 FR 36473, Aug. 13, 1992, as amended at 61 FR 30402, June 14, 1996; 64 FR 11094, Mar. 8, 1999]

§ 230.505 Exemption for limited offers and sales of securities not exceeding \$5,000,000.

(a) *Exemption.* Offers and sales of securities that satisfy the conditions in paragraph (b) of this section by an issuer that is not an investment company shall be exempt from the provisions of section 5 of the Act under section 3(b) of the Act.

(b) *Conditions to be met—(1) General conditions.* To qualify for exemption under this section, offers and sales must satisfy the terms and conditions of §§ 230.501 and 230.502.

(2) *Specific conditions—(i) Limitation on aggregate offering price.* The aggregate offering price for an offering of securities under this § 230.505, as defined in § 203.501(c), shall not exceed \$5,000,000, less the aggregate offering price for all securities sold within the twelve months before the start of and during the offering of securities under this section in reliance on any exemption under section 3(b) of the Act or in violation of section 5(a) of the Act.

NOTE: The calculation of the aggregate offering price is illustrated as follows:

Example 1: If an issuer sold \$2,000,000 of its securities on June 1, 1982 under this § 230.505 and an additional \$1,000,000 on September 1, 1982, the issuer would be permitted to sell only \$2,000,000 more under this § 230.505 until June 1, 1983. Until that date the issuer must

count both prior sales towards the \$5,000,000 limit. However, if the issuer made its third sale on June 1, 1983, the issuer could then sell \$4,000,000 of its securities because the June 1, 1982 sale would not be within the preceding twelve months.

Example 2: If an issuer sold \$500,000 of its securities on June 1, 1982 under § 230.504 and an additional \$4,500,000 on December 1, 1982 under this section, then the issuer could not sell any of its securities under this section until June 1, 1983. At that time it could sell an additional \$500,000 of its securities.

(ii) *Limitation on number of purchasers.* There are no more than or the issuer reasonably believes that there are no more than 35 purchasers of securities from the issuer in any offering under this section.

(iii) *Disqualifications.* No exemption under this section shall be available for the securities of any issuer described in § 230.262 of Regulation A, except that for purposes of this section only:

(A) The term “filing of the offering statement required by § 230.252” as used in § 230.262(a), (b) and (c) shall mean the first sale of securities under this section;

(B) The term “underwriter” as used in § 230.262 (b) and (c) shall mean a person that has been or will be paid directly or indirectly remuneration for solicitation of purchasers in connection with sales of securities under this section; and

(C) Paragraph (b)(2)(iii) of this section shall not apply to any issuer if the Commission determines, upon a showing of good cause, that it is not necessary under the circumstances that the exemption be denied. Any such determination shall be without prejudice to any other action by the Commission in any other proceeding or matter with respect to the issuer or any other person.

[47 FR 11262, Mar. 16, 1982, as amended at 54 FR 11373, Mar. 20, 1989; 57 FR 36473, Aug. 13, 1992]

§ 230.506 Exemption for limited offers and sales without regard to dollar amount of offering.

(a) *Exemption.* Offers and sales of securities by an issuer that satisfy the conditions in paragraph (b) of this section shall be deemed to be transactions not involving any public offering within the meaning of section 4(2) of the Act.

(b) *Conditions to be met*—(1) *General conditions*. To qualify for an exemption under this section, offers and sales must satisfy all the terms and conditions of §§ 230.501 and 230.502.

(2) *Specific Conditions*—(i) *Limitation on number of purchasers*. There are no more than or the issuer reasonably believes that there are no more than 35 purchasers of securities from the issuer in any offering under this section.

NOTE: See § 230.501(e) for the calculation of the number of purchasers and § 230.502(a) for what may or may not constitute an offering under this section.

(ii) *Nature of purchasers*. Each purchaser who is not an accredited investor either alone or with his purchaser representative(s) has such knowledge and experience in financial and business matters that he is capable of evaluating the merits and risks of the prospective investment, or the issuer reasonably believes immediately prior to making any sale that such purchaser comes within this description.

§ 230.507 Disqualifying provision relating to exemptions under §§ 230.504, 230.505 and 230.506.

(a) No exemption under § 230.505, § 230.505 or § 230.506 shall be available for an issuer if such issuer, any of its predecessors or affiliates have been subject to any order, judgment, or decree of any court of competent jurisdiction temporarily, preliminary or permanently enjoining such person for failure to comply with § 230.503.

(b) Paragraph (a) of this section shall not apply if the Commission determines, upon a showing of good cause, that it is not necessary under the circumstances that the exemption be denied.

§ 230.508 Insignificant deviations from a term, condition or requirement of Regulation D.

(a) A failure to comply with a term, condition or requirement of § 230.504, § 230.505 or § 230.506 will not result in the loss of the exemption from the requirements of section 5 of the Act for any offer or sale to a particular indi-

vidual or entity, if the person relying on the exemption shows:

(1) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity; and

(2) The failure to comply was insignificant with respect to the offering as a whole, provided that any failure to comply with paragraph (c) of § 230.502, paragraph (b)(2) of § 230.504, paragraphs (b)(2)(i) and (ii) of § 230.505 and paragraph (b)(2)(i) of § 230.506 shall be deemed to be significant to the offering as a whole; and

(3) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of § 230.504, § 230.505 or § 230.506.

(b) A transaction made in reliance on § 230.504, § 230.505 or § 230.506 shall comply with all applicable terms, conditions and requirements of Regulation D. Where an exemption is established only through reliance upon paragraph (a) of this section, the failure to comply shall nonetheless be actionable by the Commission under section 20 of the Act.

[23 FR 10484, Dec. 30, 1958, as amended at 49 FR 35344, Sept. 7, 1984]

(a) The aggregate offering price of all of the following securities of the issuer shall not exceed \$5,000,000:

(1) All securities presently being offered under §§ 230.601 to 230.610a, or specified in the notification as proposed to be so offered;

Notwithstanding the foregoing, the aggregate offering price of all securities so offered or sold on behalf of any one person other than the issuer shall not exceed \$100,000, except that this limitation shall not apply if the securities are to be offered on behalf of the estate of a deceased person within two years after the death of such person.

(b) The aggregate offering price of securities, which have a determinable market value shall be computed upon the basis of such market value as determined from transactions or quotations on a specified date within 15 days prior to the date of filing the notification, or the offering price to the public, whichever is higher: *Provided*, That the aggregate gross proceeds actually received from the public shall not exceed the maximum aggregate offering price permitted in the particular case by paragraph (a) of this section.

(c) In computing the amount of securities which may be offered under §§ 230.601 to 230.610a, there need not be included unsold securities the offering of which has been withdrawn with the consent of the Commission by amending the pertinent notification to reduce the amount stated therein as proposed to be offered.

(1) No written offer of securities of any issuer shall be made under §§ 230.601 to 230.610a unless an offering circular containing the information specified in Schedule A or Schedule B,

(b) Any written advertisement or other written communication, or any radio or television broadcast, which states from whom an offering circular may be obtained and in addition contains no more than the following information may be published, distributed or broadcast at or after the commencement of the public offering to any person prior to sending or giving such person a copy of such circular:

All type shall be leaded at least two points.

(2) Where an offering circular is distributed through an electronic medium, issuers may satisfy legibility requirements applicable to printed documents by presenting all required information in a format readily communicated to investors.

used in accordance with §§ 230.601 to 230.610a as for an original offering circular. In no event shall an offering circular be used which is false or misleading in light of the circumstances then existing.

(e) Four copies of the offering circular required by this section, which is to be used at the commencement of the offering, shall be filed with the notification at the time such notification is filed and shall be deemed a part thereof. This Preliminary Offering Circular shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sales of these securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state.

(3) The Preliminary Offering Circular relates to a proposed public offering of securities that is to be sold by or through one or more underwriters which are broker-dealers registered under section 15 of the Securities Exchange Act of 1934, each of which has furnished a signed Consent and Certification in the form prescribed as a condition to the use of such offering circular;

§§ 230.651—230.656 [Reserved]

§ 230.701 Exemption for offers and sales of securities pursuant to certain compensatory benefit plans and contracts relating to compensation.

PRELIMINARY NOTES: 1. This section relates to transactions exempted from the registration requirements of section 5 of the Act (15 U.S.C. 77e). These transactions are not exempt from the antifraud, civil liability, or other provisions of the federal securities laws. Issuers and persons acting on their behalf have an obligation to provide investors with disclosure adequate to satisfy the antifraud provisions of the federal securities laws.

2. In addition to complying with this section, the issuer also must comply with any applicable state law relating to the offer and sale of securities.

3. An issuer that attempts to comply with this section, but fails to do so, may claim any other exemption that is available.

4. This section is available only to the issuer of the securities. Affiliates of the issuer may not use this section to offer or sell securities. This section also does not cover resales of securities by any person. This section provides an exemption only for the transactions in which the securities are offered or sold by the issuer, not for the securities themselves.

5. The purpose of this section is to provide an exemption from the registration requirements of the Act for securities issued in compensatory circumstances. This section is not available for plans or schemes to circumvent this purpose, such as to raise capital. This section also is not available to exempt any transaction that is in technical compliance with this section but is part of a plan or scheme to evade the registration provisions of the Act. In any of these cases, registration under the Act is required unless another exemption is available.

(a) *Exemption.* Offers and sales made in compliance with all of the conditions of this section are exempt from section 5 of the Act (15 U.S.C. 77e).

(b) *Issuers eligible to use this section.*
(1) *General.* This section is available to any issuer that is not subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934 (the “Exchange Act”) (15 U.S.C. 78m or 78o(d)) and is not an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*).

(2) *Issuers that become subject to reporting.* If an issuer becomes subject to the

reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)) after it has made offers complying with this section, the issuer may nevertheless rely on this section to sell the securities previously offered to the persons to whom those offers were made.

(3) *Guarantees by reporting companies.* An issuer subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m, 78o(d)) may rely on this section if it is merely guaranteeing the payment of a subsidiary’s securities that are sold under this section.

(c) *Transactions exempted by this section.* This section exempts offers and sales of securities (including plan interests and guarantees pursuant to paragraph (d)(2)(ii) of this section) under a written compensatory benefit plan (or written compensation contract) established by the issuer, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the issuer’s parent, for the participation of their employees, directors, general partners, trustees (where the issuer is a business trust), officers, or consultants and advisors, and their family members who acquire such securities from such persons through gifts or domestic relations orders. This section exempts offers and sales to former employees, directors, general partners, trustees, officers, consultants and advisors only if such persons were employed by or providing services to the issuer at the time the securities were offered. In addition, the term “employee” includes insurance agents who are exclusive agents of the issuer, its subsidiaries or parents, or derive more than 50% of their annual income from those entities.

(1) *Special requirements for consultants and advisors.* This section is available to consultants and advisors only if:

- (i) They are natural persons;
- (ii) They provide *bona fide* services to the issuer, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the issuer’s parent; and
- (iii) The services are not in connection with the offer or sale of securities in a capital-raising transaction, and do not directly or indirectly promote or

maintain a market for the issuer's securities.

(2) *Definition of "Compensatory Benefit Plan."* For purposes of this section, a *compensatory benefit plan* is any purchase, savings, option, bonus, stock appreciation, profit sharing, thrift, incentive, deferred compensation, pension or similar plan.

(3) *Definition of "Family Member."* For purposes of this section, *family member* includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or the employee) control the management of assets, and any other entity in which these persons (or the employee) own more than fifty percent of the voting interests.

(d) *Amounts that may be sold.* (1) *Offers.* Any amount of securities may be offered in reliance on this section. However, for purposes of this section, sales of securities underlying options must be counted as sales on the date of the option grant.

(2) *Sales.* The aggregate sales price or amount of securities sold in reliance on this section during any consecutive 12-month period must not exceed the greatest of the following:

(i) \$1,000,000;

(ii) 15% of the total assets of the issuer (or of the issuer's parent if the issuer is a wholly-owned subsidiary and the securities represent obligations that the parent fully and unconditionally guarantees), measured at the issuer's most recent balance sheet date (if no older than its last fiscal year end); or

(iii) 15% of the outstanding amount of the class of securities being offered and sold in reliance on this section, measured at the issuer's most recent balance sheet date (if no older than its last fiscal year end).

(3) *Rules for calculating prices and amounts.* (i) *Aggregate sales price.* The term *aggregate sales price* means the

sum of all cash, property, notes, cancellation of debt or other consideration received or to be received by the issuer for the sale of the securities. Non-cash consideration must be valued by reference to *bona fide* sales of that consideration made within a reasonable time or, in the absence of such sales, on the fair value as determined by an accepted standard. The value of services exchanged for securities issued must be measured by reference to the value of the securities issued. Options must be valued based on the exercise price of the option.

(ii) *Time of the calculation.* With respect to options to purchase securities, the aggregate sales price is determined when an option grant is made (without regard to when the option becomes exercisable). With respect to other securities, the calculation is made on the date of sale. With respect to deferred compensation or similar plans, the calculation is made when the irrevocable election to defer is made.

(iii) *Derivative securities.* In calculating outstanding securities for purposes of paragraph (d)(2)(iii) of this section, treat the securities underlying all currently exercisable or convertible options, warrants, rights or other securities, other than those issued under this exemption, as outstanding. In calculating the amount of securities sold for other purposes of paragraph (d)(2) of this section, count the amount of securities that would be acquired upon exercise or conversion in connection with sales of options, warrants, rights or other exercisable or convertible securities, including those to be issued under this exemption.

(iv) *Other exemptions.* Amounts of securities sold in reliance on this section do not affect "aggregate offering prices" in other exemptions, and amounts of securities sold in reliance on other exemptions do not affect the amount that may be sold in reliance on this section.

(e) *Disclosure that must be provided.* The issuer must deliver to investors a copy of the compensatory benefit plan or the contract, as applicable. In addition, if the aggregate sales price or amount of securities sold during any consecutive 12-month period exceeds \$5

million, the issuer must deliver the following disclosure to investors a reasonable period of time before the date of sale:

(1) If the plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) (29 U.S.C. 1104–1107), a copy of the summary plan description required by ERISA;

(2) If the plan is not subject to ERISA, a summary of the material terms of the plan;

(3) Information about the risks associated with investment in the securities sold pursuant to the compensatory benefit plan or compensation contract; and

(4) Financial statements required to be furnished by Part F/S of Form 1–A (Regulation A Offering Statement) (§239.90 of this chapter) under Regulation A (§§ 230.251 through 230.263). Foreign private issuers as defined in §230.405 must provide a reconciliation to generally accepted accounting principles in the United States (U.S. GAAP) if their financial statements are not prepared in accordance with U.S. GAAP (Item 17 of Form 20–F (§249.220f of this chapter)). The financial statements required by this section must be as of a date no more than 180 days before the sale of securities in reliance on this exemption.

(5) If the issuer is relying on paragraph (d)(2)(ii) of this section to use its parent’s total assets to determine the amount of securities that may be sold, the parent’s financial statements must be delivered. If the parent is subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)), the financial statements of the parent required by Rule 10–01 of Regulation S–X (§210.10–01 of this chapter) and Item 310 of Regulation S–B (§228.310 of this chapter), as applicable, must be delivered.

(6) If the sale involves a stock option or other derivative security, the issuer must deliver disclosure a reasonable period of time before the date of exercise or conversion. For deferred compensation or similar plans, the issuer must deliver disclosure to investors a reasonable period of time before the date the irrevocable election to defer is made.

(f) *No integration with other offerings.* Offers and sales exempt under this section are deemed to be a part of a single, discrete offering and are not subject to integration with any other offers or sales, whether registered under the Act or otherwise exempt from the registration requirements of the Act.

(g) *Resale limitations.* (1) Securities issued under this section are deemed to be “restricted securities” as defined in §230.144.

(2) Resales of securities issued pursuant to this section must be in compliance with the registration requirements of the Act or an exemption from those requirements.

(3) Ninety days after the issuer becomes subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)), securities issued under this section may be resold by persons who are not affiliates (as defined in §230.144) in reliance on §230.144, without compliance with paragraphs (c), (d), (e) and (h) of §230.144, and by affiliates without compliance with paragraph (d) of §230.144.

REGULATION S—RULES GOVERNING OFFERS AND SALES MADE OUTSIDE THE UNITED STATES WITHOUT REGISTRATION UNDER THE SECURITIES ACT OF 1933

SOURCE: Sections 230.901 to 230.904 appear at 55 FR 18322, May 2, 1990, unless otherwise noted.

PRELIMINARY NOTES: 1. The following rules relate solely to the application of Section 5 of the Securities Act of 1933 (the *Act*) [15 U.S.C. 77e] and not to antifraud or other provisions of the federal securities laws.

2. In view of the objective of these rules and the policies underlying the Act, Regulation S is not available with respect to any transaction or series of transactions that, although in technical compliance with these rules, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

3. Nothing in these rules obviates the need for any issuer or any other person to comply with the securities registration or broker-dealer registration requirements of the Securities Exchange Act (the *Exchange Act*), whenever such requirements are applicable.

Securities and Exchange Commission

§§ 230.702(T)–230.703(T)

4. Nothing in these rules obviates the need to comply with any applicable state law relating to the offer and sale of securities.

5. Attempted compliance with any rule in Regulation S does not act as an exclusive election; a person making an offer or sale of securities may also claim the availability of any applicable exemption from the registration requirements of the Act. The availability of the Regulation S safe harbor to offers and sales that occur outside of the United States will not be affected by the subsequent offer and sale of these securities into the United States or to U.S. persons during the distribution compliance period, as long as the subsequent offer and sale are made pursuant to registration or an exemption therefrom under the Act.

6. Regulation S is available only for offers and sales of securities outside the United States. Securities acquired overseas, whether or not pursuant to Regulation S, may be resold in the United States only if they are registered under the Act or an exemption from registration is available.

7. Nothing in these rules precludes access by journalists for publications with a general circulation in the United States to offshore press conferences, press releases and meetings with company press spokespersons in which an offshore offering or tender offer is discussed, provided that the information is made available to the foreign and United States press generally and is not intended to induce purchases of securities by persons in the United States or tenders of securities by United States holders in the case of exchange offers. Where applicable, issuers and bidders may also look to §230.135e and §240.14d-1(c) of this chapter.

8. The provisions of this Regulation S shall not apply to offers and sales of securities issued by open-end investment companies or unit investment trusts registered or required to be registered or closed-end investment companies required to be registered, but not registered, under the Investment Company Act of 1940 [15 U.S.C. 80a-1 *et seq.*] (the *1940 Act*).

EXEMPTIONS FOR CROSS-BORDER RIGHTS OFFERINGS, EXCHANGE OFFERS AND BUSINESS COMBINATIONS

SOURCE: Sections 230.800 to 230.802 appear at 64 FR 61400, unless otherwise noted.

GENERAL NOTES TO §§ 230.800, 230.801 AND 230.802

1. Sections 230.801 and 230.802 relate only to the applicability of the registration provisions of the Act (15 U.S.C. 77e) and not to the applicability of the anti-fraud, civil liability

or other provisions of the federal securities laws.

2. The exemptions provided by §230.801 and §230.802 are not available for any securities transaction or series of transactions that technically complies with §230.801 and §230.802 but are part of a plan or scheme to evade the registration provisions of the Act.

3. An issuer who relies on §230.801 or an offeror who relies on §230.802 must still comply with the securities registration or broker-dealer registration requirements of the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) and any other applicable provisions of the federal securities laws.

4. An issuer who relies on §230.801 or an offeror who relies on §230.802 must still comply with any applicable state laws relating to the offer and sale of securities.

5. Attempted compliance with §230.801 or §230.802 does not act as an exclusive election; an issuer making an offer or sale of securities in reliance on §230.801 or §230.802 may also rely on any other applicable exemption from the registration requirements of the Act.

6. Section 230.801 and §230.802 provide exemptions only for the issuer of the securities and not for any affiliate of that issuer or for any other person for resales of the issuer's securities. These sections provide exemptions only for the transaction in which the issuer or other person offers or sells the securities, not for the securities themselves. Securities acquired in a §230.801 or §230.802 transaction may be resold in the United States only if they are registered under the Act or an exemption from registration is available.

7. Unregistered offers and sales made outside the United States will not affect contemporaneous offers and sales made in compliance with §230.801 or §230.802. A transaction that complies with §230.801 or §230.802 will not be integrated with offerings exempt under other provisions of the Act, even if both transactions occur at the same time.

8. Securities acquired in a rights offering under §230.801 are "restricted securities" within the meaning of §230.144(a)(3) to the same extent and proportion that the securities held by the security holder as of the record date for the rights offering were restricted securities. Likewise, securities acquired in an exchange offer or business combination subject to §230.802 are "restricted securities" within the meaning of §230.144(a)(3) to the same extent and proportion that the securities tendered or exchanged by the security holder in that transaction were restricted securities.

9. Section 230.801 does not apply to a rights offering by an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*), other than a registered closed-end investment company. Section 230.802

§ 230.800

does not apply to exchange offers or business combinations by an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*), other than a registered closed-end investment company.

§ 230.800 Definitions for §§ 230.800, 230.801 and 230.802.

The following definitions apply in §§ 230.800, 230.801 and 230.802.

(a) *Business combination.* *Business combination* means a statutory amalgamation, merger, arrangement or other reorganization requiring the vote of security holders of one or more of the participating companies. It also includes a statutory short form merger that does not require a vote of security holders.

(b) *Equity security.* *Equity security* means the same as in § 240.3a11-1 of this chapter, but for purposes of this section only does not include:

(1) Any debt security that is convertible into an equity security, with or without consideration;

(2) Any debt security that includes a warrant or right to subscribe to or purchase an equity security;

(3) Any such warrant or right; or

(4) Any put, call, straddle, or other option or privilege that gives the holder the option of buying or selling a security but does not require the holder to do so.

(c) *Exchange offer.* *Exchange offer* means a tender offer in which securities are issued as consideration.

(d) *Foreign private issuer.* *Foreign private issuer* means the same as in § 230.405 of Regulation C.

(e) *Foreign subject company.* *Foreign subject company* means any foreign private issuer whose securities are the subject of the exchange offer or business combination.

(f) *Home jurisdiction.* *Home jurisdiction* means both the jurisdiction of the foreign subject company's (or in the case of a rights offering, the foreign private issuer's) incorporation, organization or chartering and the principal foreign market where the foreign subject company's (or in the case of a rights offering, the issuer's) securities are listed or quoted.

(g) *Rights offering.* *Rights offering* means offers and sales for cash of equity securities where:

17 CFR Ch. II (4-1-01 Edition)

(1) The issuer grants the existing security holders of a particular class of equity securities (including holders of depositary receipts evidencing those securities) the right to purchase or subscribe for additional securities of that class; and

(2) The number of additional shares an existing security holder may purchase initially is in proportion to the number of securities he or she holds of record on the record date for the rights offering. If an existing security holder holds depositary receipts, the proportion must be calculated as if the underlying securities were held directly.

(h) *U.S. holder.* *U.S. holder* means any security holder resident in the United States. To determine the percentage of outstanding securities held by U.S. holders:

(1) Calculate percentage of outstanding securities held by U.S. holders as of the record date for a rights offering, or 30 days before the commencement of an exchange offer or the solicitation for a business combination.

(2) Include securities underlying American Depositary Shares convertible or exchangeable into the securities that are the subject of the tender offer when calculating the number of subject securities outstanding, as well as the number held by U.S. holders. Exclude from the calculations other types of securities that are convertible or exchangeable into the securities that are the subject of the exchange offer, business combination or rights offering, such as warrants, options and convertible securities. Exclude from those calculations securities held by persons who hold more than 10 percent of the subject securities in an exchange offer, business combination or rights offering, or that are held by the offeror in an exchange offer or business combination;

(3) Use the method of calculating record ownership in Rule 12g3-2(a) under the Exchange Act (§ 240.12g3-2(a) of this chapter), except that your inquiry as to the amount of securities represented by accounts of customers resident in the United States may be limited to brokers, dealers, banks and other nominees located in the United States, the subject company's jurisdiction of incorporation or that of each

participant in a business combination, and the jurisdiction that is the primary trading market for the subject securities, if different from the subject company's jurisdiction of incorporation;

(4) If, after reasonable inquiry, you are unable to obtain information about the amount of securities represented by accounts of customers resident in the United States, you may assume, for purposes of this provision, that the customers are residents of the jurisdiction in which the nominee has its principal place of business.

(5) Count securities as owned by U.S. holders when publicly filed reports of beneficial ownership or information that is otherwise provided to you indicates that the securities are held by U.S. residents.

(i) *United States.* *United States* means the United States of America, its territories and possessions, any State of the United States, and the District of Columbia.

§ 230.801 Exemption in connection with a rights offering.

A rights offering is exempt from the provisions of Section 5 of the Act (15 U.S.C. 77e), so long as the following conditions are satisfied:

(a) *Conditions.*—(1) *Eligibility of issuer.* The issuer is a foreign private issuer on the date the securities are first offered to U.S. holders.

(2) *Limitation on U.S. ownership.* U.S. holders hold no more than 10 percent of the outstanding class of securities that is the subject of the rights offering (as determined under the definition of "U.S. holder" in § 230.800(h)).

(3) *Equal treatment.* The issuer permits U.S. holders to participate in the rights offering on terms at least as favorable as those offered the other holders of the securities that are the subject of the offer. The issuer need not, however, extend the rights offering to security holders in those states or jurisdictions that require registration or qualification.

(4) *Informational documents.* (i) If the issuer publishes or otherwise disseminates an informational document to the holders of the securities in connection with the rights offering, the issuer must furnish that informational docu-

ment, including any amendments thereto, in English, to the Commission on Form CB (§ 239.800 of this chapter) by the first business day after publication or dissemination. If the issuer is a foreign company, it must also file a Form F-X (§ 239.42 of this chapter) with the Commission at the same time as the submission of Form CB to appoint an agent for service in the United States.

(ii) The issuer must disseminate any informational document to U.S. holders, including any amendments thereto, in English, on a comparable basis to that provided to security holders in the home jurisdiction.

(iii) If the issuer disseminates by publication in its home jurisdiction, the issuer must publish the information in the United States in a manner reasonably calculated to inform U.S. holders of the offer.

(5) *Eligibility of securities.* The securities offered in the rights offering are equity securities of the same class as the securities held by the offerees in the United States directly or through American Depositary Receipts.

(6) *Limitation on transferability of rights.* The terms of the rights prohibit transfers of the rights by U.S. holders except in accordance with Regulation S (§ 230.901 through § 230.905).

(b) *Legends.* The following legend or an equivalent statement in clear, plain language, to the extent applicable, appears on the cover page or other prominent portion of any informational document the issuer disseminates to U.S. holders:

This rights offering is made for the securities of a foreign company. The offer is subject to the disclosure requirements of a foreign country that are different from those of the United States. Financial statements included in the document, if any, have been prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since the issuer is located in a foreign country, and some or all of its officers and directors may be residents of a foreign country. You may not be able to sue the foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and

§ 230.802

17 CFR Ch. II (4-1-01 Edition)

its affiliates to subject themselves to a U.S. court's judgment.

§ 230.802 Exemption for offerings in connection with an exchange offer or business combination for the securities of foreign private issuers.

Offers and sales in any exchange offer for a class of securities of a foreign private issuer, or in any exchange of securities for the securities of a foreign private issuer in any business combination, are exempt from the provisions of section 5 of the Act (15 U.S.C. 77e), if they satisfy the following conditions:

(a) *Conditions to be met.*—(1) *Limitation on U.S. ownership.* Except in the case of an exchange offer or business combination that is commenced during the pendency of a prior exchange offer or business combination made in reliance on this paragraph, U.S. holders of the foreign subject company must hold no more than 10 percent of the securities that are the subject of the exchange offer or business combination (as determined under the definition of "U.S. holder" in § 230.800(h)). In the case of a business combination in which the securities are to be issued by a successor registrant, U.S. holders may hold no more than 10 percent of the class of securities of the successor registrant, as if measured immediately after completion of the business combination.

(2) *Equal treatment.* The issuer must permit U.S. holders to participate in the exchange offer or business combination on terms at least as favorable as those offered any other holder of the subject securities. The issuer, however, need not extend the offer to security holders in those states or jurisdictions that require registration or qualification, except that the issuer must offer the same cash alternative to security holders in any such state that it has offered to security holders in any other state or jurisdiction.

(3) *Informational documents.* (i) If the issuer publishes or otherwise disseminates an informational document to the holders of the subject securities in connection with the exchange offer or business combination, the issuer must furnish that informational document, including any amendments thereto, in English, to the Commission on Form CB (§ 239.800 of this chapter) by the first business day after publication or dis-

semination. If the bidder is a foreign company, it must also file a Form F-X (§ 239.42 of this chapter) with the Commission at the same time as the submission of Form CB to appoint an agent for service in the United States.

(ii) The issuer must disseminate any informational document to U.S. holders, including any amendments thereto, in English, on a comparable basis to that provided to security holders in the foreign subject company's home jurisdiction.

(iii) If the issuer disseminates by publication in its home jurisdiction, the issuer must publish the information in the United States in a manner reasonably calculated to inform U.S. holders of the offer.

(b) *Legends.* The following legend or an equivalent statement in clear, plain language, to the extent applicable, must be included on the cover page or other prominent portion of any informational document the offeror publishes or disseminates to U.S. holders:

This exchange offer or business combination is made for the securities of a foreign company. The offer is subject to disclosure requirements of a foreign country that are different from those of the United States. Financial statements included in the document, if any, have been prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since the issuer is located in a foreign country, and some or all of its officers and directors may be residents of a foreign country. You may not be able to sue a foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court's judgment.

You should be aware that the issuer may purchase securities otherwise than under the exchange offer, such as in open market or privately negotiated purchases.

(c) *Presumption for certain offers.* For exchange offers conducted by persons other than the issuer of the subject securities or its affiliates, the issuer of the subject securities will be presumed to be a foreign private issuer and U.S. holders will be presumed to hold 10 percent or less of the outstanding subject securities, unless:

REGULATION CE—COORDINATED EXEMPTIONS FOR CERTAIN ISSUES OF SECURITIES EXEMPT UNDER STATE LAW

§ 230.905 Resale limitations.

Equity securities of domestic issuers acquired from the issuer, a distributor,

or any of their respective affiliates in a transaction subject to the conditions of § 230.901 or § 230.903 are deemed to be "restricted securities" as defined in § 230.144. Resales of any of such restricted securities by the offshore purchaser must be made in accordance with this Regulation S (§ 230.901 through § 230.905, and Preliminary Notes), the registration requirements of the Act or an exemption therefrom. Any "restricted securities," as defined in § 230.144, that are equity securities of a domestic issuer will continue to be deemed to be restricted securities, notwithstanding that they were acquired in a resale transaction made pursuant to § 230.901 or § 230.904.

[63 FR 9647, Feb. 25, 1998]

§ 230.1001 Exemption for transactions exempt from qualification under § 25102(n) of the California Corporations Code.

PRELIMINARY NOTES: (1) Nothing in this section is intended to be or should be construed as in any way relieving issuers or persons acting on behalf of issuers from providing disclosure to prospective investors necessary to satisfy the antifraud provisions of the federal securities laws. This section only provides an exemption from the registration requirements of the Securities Act of 1933 ("the Act") [15 U.S.C. 77a et seq.].

(2) Nothing in this section obviates the need to comply with any applicable state law relating to the offer and sales of securities.

(3) Attempted compliance with this section does not act as an exclusive election; the issuer also can claim the availability of any other applicable exemption.

(4) This exemption is not available to any issuer for any transaction which, while in technical compliance with the provision of this section, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

(a) *Exemption.* Offers and sales of securities that satisfy the conditions of paragraph (n) of § 25102 of the California Corporations Code, and paragraph (b) of this section, shall be exempt from the provisions of Section 5 of the Securities Act of 1933 by virtue of Section 3(b) of that Act.

(b) *Limitation on and computation of offering price.* The sum of all cash and other consideration to be received for the securities shall not exceed \$5,000,000, less the aggregate offering

price for all other securities sold in the same offering of securities, whether pursuant to this or another exemption.

(c) *Resale limitations.* Securities issued pursuant to this §230.1001 are deemed to be “restricted securities” as

defined in Securities Act Rule 144 [§230.144]. Resales of such securities must be made in compliance with the registration requirements of the Act or an exemption therefrom.

(c) *Payment of fees.* Fees required with respect to a filing that is submitted electronically shall be paid in accordance with the procedures set forth in Instructions for Filing Fees—Rule 3a of the Commission's Informal and Other Procedures (§202.3a of this chapter).

NOTE: All filing fees paid by electronic filers must be submitted to the lockbox depository, as provided in Rule 3a, including those pertaining to documents filed in paper pursuant to a hardship exemption.

(d) Where the Commission's rules, schedules and forms provide that a document must be filed on the same day it is published, furnished, sent or given to security holders or others, an electronic filer may file the document with the Commission electronically before or on the date the document is published, furnished, sent or given, or if such publication or distribution does not occur during the official business hours of the Commission, as soon as practicable on the next business day. Any associated time periods shall be calculated on the basis of the publication or distribution date (as applicable), and not on the basis of the date of filing.

ELECTRONIC FILING REQUIREMENTS

§ 232.100 Persons and entities subject to mandated electronic filing.

The following persons or entities shall be subject to the electronic filing requirements of this part 232:

(a) Registrants whose filings are subject to review by the Division of Corporation Finance, except for foreign private issuers and foreign governments;

(b) Registrants whose filings are subject to review by the Division of Investment Management; and

(c) Any party (including natural persons, foreign private issuers and foreign governments) that files a document jointly with, or as a third party filer with respect to, a registrant that is subject to mandated electronic filing requirements.

[62 FR 36456, July 8, 1997]

§ 232.101 Mandated electronic submissions and exceptions.

(a) *Mandated electronic submissions.* (1) The following filings, including any related correspondence and supplemental information, except as otherwise provided, shall be submitted in electronic format:

(i) Registration statements and prospectuses filed pursuant to the Securities Act (15 U.S.C. 77a, *et seq.*) or registration statements filed pursuant to Sections 12(b) or 12(g) of the Exchange Act (15 U.S.C. 78l(b) or (g));

(ii) Statements and applications filed with the Commission pursuant to the Trust Indenture Act (15 U.S.C. 77aaa *et seq.*), other than applications for exemptive relief filed pursuant to section 304 (15 U.S.C. 77ddd) and section 310 (15 U.S.C. 77jjj) of that Act;

(iii) Statements, reports and schedules filed with the Commission pursuant to section 13, 14, or 15(d) of the Exchange Act (15 U.S.C. 78m, 78n, and 78o(d)), and proxy materials required to be furnished for the information of the Commission in connection with annual reports on Form 10-K (§249.310 of this chapter) or Form 10-KSB (§249.310b of this chapter) filed pursuant to section 15(d) of the Exchange Act;

NOTE TO PARAGRAPH (A)(1)(III). Electronic filers filing Schedules 13D and 13G with respect to foreign private issuers should include in the submission header all zeroes (*i.e.*, 00-0000000) for the IRS tax identification number because the EDGAR system requires an IRS number tag to be inserted for the subject company as a prerequisite to acceptance of the filing.

(iv) Documents filed with the Commission pursuant to sections 8, 17, 20, 23(c), 24(e), 24(f), and 30 of the Investment Company Act (15 U.S.C. 80a-8, 80a-17, 80a-20, 80a-23(c), 80a-24(e), 80a-24(f) and 80a-29); *provided, however*, that submissions under section 6(c) or 17(g) of that Act (15 U.S.C. 80a-6(c) or 80a-17(g)), or documents related to applications for exemptive relief under any section of that Act, shall not be made in electronic format; and

(v) Documents filed with the Commission pursuant to the Public Utility Act (15 U.S.C. 79a *et seq.*).

(2) The following amendments to filings, including any related correspondence and supplemental information except as otherwise provided, shall be submitted as follows:

(i) Any amendment to a filing by or relating to a registrant required to file electronically, including any amendment to a paper filing, shall be submitted in electronic format;

(ii) The first electronic amendment to a paper format Schedule 13D (§240.13d-101 of this chapter) or Schedule 13G (§240.13d-102 of this chapter), shall restate the entire text of the Schedule 13D or 13G, but previously filed paper exhibits to such Schedules are not required to be restated electronically. *See* Rule 102 (§232.102) regarding amendments to exhibits previously filed in paper format. Notwithstanding the foregoing, if the sole purpose of filing the first electronic Schedule 13D or 13G amendment is to report a change in beneficial ownership that would terminate the filer's obligation to report, the amendment need not include a restatement of the entire text of the Schedule being amended.

(3) Supplemental information shall be submitted in electronic format except as provided in paragraph (c)(2) of this section. The information shall be stored in the non-public EDGAR data storage area as correspondence. Supplemental information that is sub-

mitted in electronic format shall not be returned.

NOTE: Failure to submit a required electronic filing pursuant to this paragraph (a), as well as any required confirming electronic copy of a paper filing made in reliance on a hardship exemption, as provided in Rules 201 and 202 of Regulation S-T (§§232.201 and 232.202), will result in ineligibility to use Forms S-2, S-3, S-8, F-2 and F-3 (see §§239.12, 239.13, 239.16b, 239.32 and 239.33 of this chapter, respectively), restrict incorporation by reference of the document submitted in paper (see Rule 303 of Regulation S-T (§232.303)), or toll certain time periods associated with tender offers (see Rule 13e-4(f)(12) (§240.13e-4(f)(12) of this chapter) and Rule 14e-1(e) (§240.14e-1(e) of this chapter)).

(b) *Permitted electronic submissions.* The following documents may be submitted to the Commission in electronic format, at the option of the electronic filer:

(1) Annual reports to security holders furnished for the information of the Commission pursuant to Rule 14a-3(c) (§240.14a-3(c) of this chapter) or Rule 14c-3(b) (§240.14c-3(b) of this chapter), or pursuant to the requirements of Form 10-K or Form 10-KSB filed by registrants pursuant to Section 15(d) of the Exchange Act.

(2) Notices of exempt solicitation furnished for the information of the Commission pursuant to Rule 14a-6(g) (§240.14a-6(g) of this chapter) and notices of exempt preliminary roll-up communications furnished for the information of the Commission pursuant to Rule 14a-6(n) (§240.14a-6(n) of this chapter);

(3) Form 11-K (§249.311 of this chapter). Registrants who satisfy their Form 11-K filing obligations by filing amendments to Forms 10-K or 10-KSB, as provided by Rule 15d-21 (§240.15d-21 of this chapter), also may choose to file such amendments in paper or electronic format;

for Reconstruction and Development pursuant to Section 15(a) of the Bretton Woods Agreements Act [22 U.S.C. 286k-1(a)] and part 285 of Title 17 of the Code of Federal Regulations;

(c) *Documents to be submitted in paper only.* The following shall not be submitted in electronic format:

(1)(i) Confidential treatment requests and the information with respect to which confidential treatment is requested;

(ii) Preliminary proxy materials and information statements with respect to a matter specified in Item 14 of Schedule 14A (§ 240.14a-101 of this chapter) for which confidential treatment has been requested in the manner prescribed by Rule 14a-6(e)(2) (§ 240.14a-6(e)(2) of this chapter) or Rule 14c-5(d)(2) (§ 240.14c-5(d)(2) of this chapter);

(7) Promotional and Sales Material submitted pursuant to Securities Act Industry Guide 5 (§ 229.801(e) of this chapter) or otherwise supplementally furnished for review by the staff of the Division of Corporation Finance; and sales literature submitted under Rule 24b-2 of the Investment Company Act (§ 270.24b-2 of this chapter);

(d) *Paper Copies of Electronic Filings.* Electronic filers, including third party filers, shall submit to the Commission a paper copy of their first electronic filing, as follows:

(1) The paper copy shall be either a document that meets the requirements of the applicable Commission rules and regulations for paper filings or a paper printout of the electronic filing. If the copy being submitted is the paper printout of the electronic filing, the

header information specified in the EDGAR Filer Manual shall be omitted or blanked out to ensure that confidential information contained in the header remains non-public.

(2) The paper copy shall be sent to the following address: OFIS Filer Support, SEC Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413. The paper copy shall be received by the Commission no later than six business days after the electronic filing. § 232.102 Exhibits.

(a) Exhibits to an electronic filing that have not previously been filed with the Commission shall be filed in electronic format, absent a hardship exemption. Previously filed exhibits, whether in paper or electronic format, may be incorporated by reference into an electronic filing to the extent permitted by § 228.10(f) and § 229.10(d) of this chapter, Rule 411 under the Securities Act (§ 230.411 of this chapter), Rule 12b-23 or 12b-32 under the Exchange Act (§ 240.12b-23 or § 240.12b-32 of this chapter), Rule 22 under the Public Utility Holding Company Act (§ 250.22 of this chapter), Rules 0-4, 8b-23, and 8b-32 under the Investment Company Act (§ 270.0-4, § 270.8b-23 and § 270.8b-32 of this chapter) and Rule 303 of Regulation S-T (§ 232.303). An electronic filer may, at its option, restate in electronic format an exhibit incorporated by reference that originally was filed in paper format.

NOTE TO PARAGRAPH A: Exhibits to a Commission schedule filed pursuant to Section 13 or 14(d) of the Exchange Act may be filed in paper under cover of Form SE where such ex-

hibits previously were filed in paper (prior to a registrant's becoming subject to mandated electronic filing or pursuant to a hardship exemption) and are required to be refiled pursuant to the schedule's general instructions. See Rule 311(b) of Regulation S-T (17 CFR 232.311(b)).

(b) Amendments to all exhibits shall be filed in electronic format, absent a hardship exemption.

(c) Notwithstanding any other provision of this section, an electronic filer shall, upon amendment, restate in electronic format its articles of incorporation, by-laws or investment advisory agreement (in the case of a registered investment company or a business development company).

(d) Each electronic filing requiring exhibits shall contain an exhibit index, which should immediately precede the exhibits filed with the document. The index shall list each exhibit filed. Whenever an exhibit is filed in paper pursuant to a temporary or continuing hardship exemption, the letter "P" shall be placed next to the listed exhibit in the exhibit index to reflect that the exhibit was filed in paper pursuant to such exemption. Whenever an electronic confirming copy of an exhibit is filed pursuant to a hardship exemption (§ 232.201 or § 232.202(d)), the exhibit index should specify where the confirming electronic copy can be located; in addition, the designation "CE" (confirming electronic) should be placed next to the listed exhibit in the exhibit index.

(e) Notwithstanding the provisions of paragraphs (a) through (d) of this section, any incorporation by reference by a registered investment company or a business development company must relate only to documents that have been filed in electronic format, unless the document has been filed in paper under a hardship exemption (§ 232.201 or § 232.202) and any required confirming copy has been submitted.

(f) Persons submitting filings electronically under the Public Utility Act shall not be subject to paragraph (c) of this section.

[58 FR 14670, Mar. 18, 1993, as amended at 59 FR 67762, Dec. 30, 1994; 60 FR 32824, June 23, 1995; 62 FR 36457, July 8, 1997; 64 FR 27894, May 21, 1999]

§ 232.103

§ 232.103 Liability for transmission errors or omissions in documents filed via EDGAR.

An electronic filer shall not be subject to the liability and anti-fraud provisions of the federal securities laws with respect to an error or omission in an electronic filing resulting solely from electronic transmission errors beyond the control of the filer, where the filer corrects the error or omission by the filing of an amendment in electronic format as soon as reasonably practicable after the electronic filer becomes aware of the error or omission.

[65 FR 24800, Apr. 27, 2000]

§ 232.104 Unofficial PDF copies included in an electronic submission.

(a) An electronic submission may include one unofficial PDF copy of each electronic document contained within that submission, tagged in the format required by the EDGAR Filer Manual.

(b) Except as provided in paragraphs (c) and (f) of this section, each unofficial PDF copy must be substantively equivalent to its associated electronic document contained in the electronic submission. An unofficial PDF copy may contain graphic and image material (but not animated graphics, or audio or video material), notwithstanding the fact that its HTML or ASCII document counterpart may not contain such material but instead may contain a fair and accurate narrative description or tabular representation of any omitted graphic or image material.

(c) If a filer omits an unofficial PDF copy from, or submits one or more flawed unofficial PDF copies in, the electronic submission of an official filing, the filer may add or resubmit an unofficial PDF copy by electronically submitting an amendment to the filing to which it relates. The amendment must include an explanatory note that the purpose of the amendment is to add or to correct an unofficial PDF copy.

(1) If such an amendment is filed, the official amendment may consist solely of the cover page (or first page of the document), the explanatory note, and the signature page and exhibit index (where appropriate). The corresponding unofficial copy must include the com-

17 CFR Ch. II (4-1-01 Edition)

plete text of the official filing document for which the amendment is being submitted.

(2) If the amendment is being filed to add or resubmit an unofficial PDF copy of one or more exhibits, the submission may consist of the following: the official filing—consisting of the cover page (or first page of the document), the explanatory note, the signature page (where appropriate), the exhibit index, and a separate electronic exhibit document for each exhibit for which an unofficial PDF copy is being submitted—and the corresponding unofficial PDF copy of each exhibit document. However, the text of the official exhibit document need not repeat the text of the exhibit; that document may contain only the following legend:

RESUBMITTED TO ADD/REPLACE UNOFFICIAL PDF COPY OF EXHIBIT.

(d) An unofficial PDF copy is not filed for purposes of section 11 of the Securities Act (15 U.S.C. 77k), section 18 of the Exchange Act (15 U.S.C. 78r), section 16 of the Public Utility Act (15 U.S.C. 79p), section 323 of the Trust Indenture Act (15 U.S.C. 77www), or section 34(b) of the Investment Company Act (15 U.S.C. 80a-33(b)), or otherwise subject to the liabilities of such sections, and is not part of any registration statement to which it relates. An unofficial PDF copy is, however, subject to all other civil liability and anti-fraud provisions of the above Acts or other laws.

(e) Unofficial PDF copies that are prospectuses are subject to liability under Section 12 of the Securities Act (15 U.S.C. 77l).

(f) An unofficial PDF copy of a correspondence document contained in an electronic submission need not be substantively equivalent to that correspondence document.

[64 FR 27895, May 21, 1999, as amended at 65 FR 24800, Apr. 27, 2000]

§ 232.105 Limitation on use of HTML documents and hypertext links.

(a) Electronic filers must submit the following documents in ASCII: Form N-SAR (§274.101 of this chapter) and Form 13F (§249.325 of this chapter). Notwithstanding the provisions of this

section, electronic filers may submit exhibits to Form N-SAR in HTML.

(b) Electronic filers may not include in any HTML document hypertext links to sites, locations, or documents outside the HTML document, except to links to officially filed documents within the current submission and to documents previously filed electronically and located in the EDGAR database on the Commission's public web site (www.sec.gov). Electronic filers also may include within an HTML document hypertext links to different sections within that single HTML document.

(c) If a filer includes an external hypertext link within a filed document, the information contained in the linked material will not be considered part of the document for determining compliance with reporting obligations, but the inclusion of the link will cause the filer to be subject to the civil liability and antifraud provisions of the federal securities laws with reference to the information contained in the linked material.

[65 FR 24800, Apr. 27, 2000]

§ 232.106 Prohibition against electronic submissions containing executable code.

(a) Electronic submissions must not contain executable code. Attempted submissions identified as containing executable code will be suspended, unless the executable code is contained only in one or more PDF documents, in which case the submission will be accepted but the PDF document(s) containing executable code will be deleted and not disseminated.

(b) If an electronic submission has been accepted, and the Commission staff later determines that the accepted submission contains executable code, the staff may delete from the EDGAR system the entire accepted electronic submission or any document contained in the accepted electronic submission. The Commission staff may direct the electronic filer to resubmit electronically replacement document(s) or a replacement submission in its entirety, in compliance with this provision and the EDGAR Filer Manual.

NOTE TO §232.106: A violation of this section or the relevant EDGAR Filer Manual section also may be a violation of the Computer Fraud and Abuse Act of 1986, as amended, and other statutes and laws.

[64 FR 27895, May 21, 1999]

HARDSHIP EXEMPTIONS

§ 232.201 Temporary hardship exemption.

(a) If an electronic filer experiences unanticipated technical difficulties preventing the timely preparation and submission of an electronic filing, the electronic filer may file the subject filing, under cover of Form TH (§§ 239.65, 249.447, 259.604, 269.10 and 274.404 of this chapter), in paper format no later than one business day after the date on which the filing was to be made.

(1) A microfiche copy of the paper format document shall be the official filing of the registrant for purposes of the federal securities laws.

(2) The following legend shall be set forth in capital letters on the cover page of the paper format document:

IN ACCORDANCE WITH RULE 201 OF REGULATION S-T, THIS (*specify document*) IS BEING FILED IN PAPER PURSUANT TO A TEMPORARY HARDSHIP EXEMPTION

(3) Signatures to the paper format document may be in typed form rather than manual format. See Rule 302 of Regulation S-T (§ 232.302). All other requirements relating to paper format filings shall be satisfied.

(4) If the exemption pertains to a document filed pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m and 78o(d)) or section 30 of the Investment Company Act and the paper format document is filed in the manner specified in paragraph (a) of this section, the filing shall be deemed to have been filed by its required due date.

NOTE: 1. Where a temporary hardship exemption relates to an exhibit only, the paper format exhibit shall be filed under cover of Form SE (§§ 239.64, 249.444, 259.603, 269.8, and 274.403 of this chapter).

2. Filers unable to submit a report within a prescribed time period because of electronic difficulties shall comply with the provisions of this section and shall not use Form 12b-25 (§ 249.322 of this chapter) as a notification of late filing.

§ 232.202

(b) An electronic format copy of the filed paper format document shall be submitted to the Commission within six business days of filing the paper format document. The electronic format version shall contain the following statement in capital letters at the top of the first page of the document:

THIS DOCUMENT IS A COPY OF THE
(*specify document*) FILED ON (*date*) PURSU-
ANT TO A RULE 201 TEMPORARY HARD-
SHIP EXEMPTION

NOTE 1: Failure to submit the confirming electronic copy of a paper filing made in reliance on the temporary hardship exemption, as required in paragraph (b) of this section, will result in ineligibility to use Forms S-2, S-3, S-8, F-2 and F-3 (*see* §§ 239.12, 239.13, 239.16b, 239.32 and 239.33 of this section, respectively), restrict incorporation by reference of the document submitted in paper (*see* Rule 303 of Regulation S-T (§ 232.303)), and toll certain time periods associated with tender offers (*see* Rule 13e-4(f)(12) (§ 240.13e-4(f)(12) of this chapter) and Rule 14e-1(e) (§ 240.14e-1(e) of this chapter).

NOTE 2: If the exemption relates to an exhibit only, the requirement to submit a confirming electronic copy shall be satisfied by refiling the exhibit in electronic format in an amendment to the filing to which it relates. The confirming copy tag should not be used. The amendment should note that the purpose of the amendment is to add an electronic copy of an exhibit previously filed in paper pursuant to a temporary hardship exemption.

[58 FR 14670, Mar. 18, 1993, as amended at 62 FR 36457, July 8, 1997]

**§ 232.202 Continuing hardship exemp-
tion.**

(a) An electronic filer may apply in writing for a continuing hardship exemption if all or part of a filing or group of filings otherwise to be filed in electronic format cannot be so filed without undue burden or expense. Such written application shall be made at least ten business days prior to the required due date of the filing(s) or the proposed filing date, as appropriate, or within such shorter period as may be permitted. The written application shall contain the information set forth in paragraph (b) of this section.

(1) The application shall not be deemed granted until the applicant is notified by the Commission or the staff.

(2) If the Commission, or the staff acting pursuant to delegated authority, denies the application for a continuing hardship exemption, the electronic filer shall file the required document in electronic format on the required due date or the proposed filing date or such other date as may be permitted.

(3) If the Commission, or the staff acting pursuant to delegated authority, determines that the grant of the exemption is appropriate and consistent with the public interest and the protection of investors and so notifies the applicant, the electronic filer shall follow the procedures set forth in paragraph (c) of this section.

(b) The request for the continuing hardship exemption shall include, but not be limited to, the following:

(1) The reason(s) that the necessary hardware and software is not available without unreasonable burden and expense;

(2) The burden and expense involved to employ alternative means to make the electronic submission; and/or

(3) The reasons for not submitting electronically the document or group of documents, as well as justification for the requested time period.

(c) If the request is granted, the electronic filer shall submit the document or group of documents for which the continuing hardship exemption is granted in paper format on the required due date specified in the applicable form, rule or regulation, or the proposed filing date, as appropriate. The following legend shall be placed in capital letters at the top of the cover page of the paper format document(s):

IN ACCORDANCE WITH RULE 202 OF REG-
ULATION S-T, THIS (*specify document*) IS
BEING FILED IN PAPER PURSUANT TO A
CONTINUING HARDSHIP EXEMPTION

(d) If a continuing hardship exemption is granted for a limited time period, the grant may be conditioned upon the filing of the document or group of documents that is the subject of the exemption in electronic format upon the expiration of the period for which the exemption is granted. The electronic format version shall contain the following statement in capital letters at the top of the first page of the document:

THIS DOCUMENT IS A COPY OF THE (specify document) FILED ON (DATE) PURSUANT TO A RULE 202(d) CONTINUING HARDSHIP EXEMPTION.

NOTE 1: Where a continuing hardship exemption is granted with respect to an exhibit only, the paper format exhibit shall be filed under cover of Form SE (§§ 239.64, 249.444, 259.603, 269.8 and 274.403 of this chapter).

NOTE 2: If the exemption relates to an exhibit only and a confirming electronic copy of the exhibit is required to be submitted, the exhibit should be refiled in electronic format in an amendment to the filing to which it relates. PREPARATION OF ELECTRONIC SUBMISSIONS

§ 232.301 EDGAR Filer Manual.

Filers must prepare electronic filings in the manner prescribed by the EDGAR Filer Manual, promulgated by the Commission, which sets out the technical formatting requirements for electronic submissions. For the period during which Legacy EDGAR will be available, prior to the complete transition to the use of Modernized EDGAR, the EDGAR Filer Manual will consist of three parts. For filers using modernized EDGARLink, the requirements are set forth in EDGAR Filer Manual (Release 7.5), Volume II—Modernized EDGARLink. For filers using Legacy EDGAR, the applicable provisions are set forth in EDGAR Filer Manual (Release 7.0), Volume I—Legacy EDGARLink. Additional provisions applicable to Form N-SAR filers are set forth in EDGAR Filer Manual (Release 7.0), Volume III—N-SAR Supplement.

All of these provisions have been incorporated by reference into the Code of Federal Regulations, which action was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You must comply with these requirements in order for documents to be timely received and accepted. You can obtain paper copies of the EDGAR Filer Manual from the following address: Public Reference Room, U.S. Securities and Exchange Commission, 450 5th Street, NW., Washington, DC 20549-0102 or by calling Disclosure Incorporated at (800) 638-8241. Electronic format copies are available on the Commission's Web Site; the address for the Manual is <http://www.sec.gov/asec/ofis/filerman.htm>. You can also photocopy the document at the Office of the Federal Register, 800 North Capitol Street, NW., Suite 700, Washington, DC.

§ 232.302 Signatures.

(a) Required signatures to or within any electronic submission must be in typed form rather than manual format. Signatures in an HTML document that are not required may, but are not required to, be presented in an HTML graphic or image file within the electronic filing, in compliance with the formatting requirements of the EDGAR Filer Manual. When used in connection with an electronic filing, the term "signature" means an electronic entry in the form of a magnetic impulse or other form of computer data compilation of any letter or series of letters or characters comprising a name, executed, adopted or authorized as a signature. Signatures are not required in unofficial PDF copies submitted in accordance with § 232.104.

(b) Each signatory to an electronic filing shall manually sign a signature page or other document authenticating, acknowledging or otherwise adopting his or her signature that appears in typed form within the electronic filing. Such document shall be executed before or at the time the electronic filing is made and shall be retained by the filer for a period of five years. Upon request, an electronic filer shall furnish to the Commission or its

staff a copy of any or all documents retained pursuant to this section.

(c) Where the Commission's rules require a registrant to furnish to a national securities exchange or national securities association paper copies of a document filed with the Commission in electronic format, signatures to such paper copies may be in typed form.

(a) The following documents shall not be incorporated by reference into an electronic filing:

(1) Any document filed in paper in violation of mandated electronic filing requirements;

(2) Any document filed in paper pursuant to a hardship exemption for which a required confirming electronic copy has not been submitted.

(3) For a registered investment company or a business development company, documents that have not been filed in electronic format, unless the document has been filed in paper under a hardship exemption (§ 232.201 or 232.202 of this chapter) and any required confirming copy has been submitted.

§ 232.304 Graphic, image, audio and video material.

(a) If a filer includes graphic, image, audio or video material in a document delivered to investors and others that is not reproduced in an electronic filing, the electronically filed version of that document must include a fair and

accurate narrative description, tabular representation or transcript of the omitted material. Such descriptions, representations or transcripts may be included in the text of the electronic filing at the point where the graphic, image, audio or video material is presented in the delivered version, or they may be listed in an appendix to the electronic filing. Immaterial differences between the delivered and electronically filed versions, such as pagination, color, type size or style, or corporate logo need not be described.

NOTE TO PARAGRAPH (A): If the omitted graphic, image, audio or video material includes data, filers must include a tabular representation or other appropriate representation of that data in the electronically filed version of the document.

(b)(1) The graphic, image, audio and video material in the version of a document delivered to investors and others is deemed part of the electronic filing and subject to the civil liability and anti-fraud provisions of the federal securities laws.

(2) Narrative descriptions, tabular representations or transcripts of graphic, image, audio and video material included in an electronic filing or appendix thereto also are deemed part of the filing. However, to the extent such descriptions, representations or transcripts represent a good faith effort to fairly and accurately describe omitted graphic, image, audio or video material, they are not subject to the civil liability and anti-fraud provisions of the federal securities laws.

(c) An electronic filer must retain for a period of five years a copy of each publicly distributed document, in the format used, that contains graphic, image, audio or video material where such material is not included in the version filed with the Commission. The five-year period shall commence as of the filing date, or the date that appears on the document, whichever is later. Upon request, an electronic filer shall furnish to the Commission or its staff a copy of any or all of the documents contained in the file.

(d) For electronically filed ASCII documents, the performance graph that is to appear in registrant proxy and information statements relating to annual meetings of security holders (or

special meetings or written consents in lieu of such meetings) at which directors will be elected, as required by Item 402(l) of Regulation S-K (§229.402(l) of this chapter), and the line graph that is to appear in registrant annual reports to security holders or prospectuses, as required by paragraph (b) of Item 5 of Form N-1A (§274.11A of this chapter), must be furnished to the Commission by presenting the data in tabular or chart form within the electronic ASCII document, in compliance with paragraph (a) of this section and the formatting requirements of the EDGAR Filer Manual.

(e) Notwithstanding the provisions of paragraphs (a) through (d) of this section, electronically filed HTML documents must present the following information in an HTML graphic or image file within the electronic submission in compliance with the formatting requirements of the EDGAR Filer Manual: the performance graph that is to appear in registrant proxy and information statements relating to annual meetings of security holders (or special meetings or written consents in lieu of such meetings) at which directors will be elected, as required by Item 402(l) of Regulation S-K (§229.402(l) of this chapter); the line graph that is to appear in registrant annual reports to security holders or prospectuses, as required by paragraph (b) of Item 5 of Form N-1A (§274.11A of this chapter); and any other graphic material required by rule or form to be filed with the Commission. Filers may, but are not required to, submit any other graphic material in an HTML document by presenting the data in an HTML graphic or image file within the electronic filing, in compliance with the formatting requirements of the EDGAR Filer Manual. However, filers may not present in a graphic or image file information such as text or tables that users must be able to search and/or download into spreadsheet form (*e.g.*, financial statements); filers must present such material as text in an ASCII document or as text or an HTML table in an HTML document.

(f) Electronic filers may not include animated graphics in any EDGAR document.

EDGAR FUNCTIONS

§ 232.501 Modular submissions and segmented filings.

An electronic filer may use the following procedures to submit information to the EDGAR system for subsequent inclusion in an electronic filing:

(a) *Modular submissions.* (1) One or more electronic format documents may be submitted for storage in the non-public EDGAR data storage area as a modular submission for subsequent inclusion in one or more electronic submissions.

(2) An electronic filer shall be permitted a maximum of ten modular submissions in the non-public EDGAR data storage area at any time, not to exceed a total of one megabyte of digital information. If an electronic filer attempts to submit a modular filing which would cause either of these limits to be exceeded, EDGAR will suspend the modular submission and notify the electronic filer by electronic mail. After six business days, the modular submission held in suspense will be deleted from the system.

(3) A modular submission may be corrected or amended only by resubmitting the entire modular submission.

(b) *Segmented filings.* (1) Segments of a document intended to become an electronic filing may be submitted to the non-public EDGAR data storage

area for assembly as a segmented filing.

(2) Segments shall be submitted no more than six business days in advance of the anticipated filing date and are not limited in number or size. They may be submitted from several geographic locations by more than one filing entity. Segments may be included in only one electronic filing. Once used, segments will be removed from the non-public EDGAR data storage area. The assembly of segments into a segmented filing shall be effected pursuant to the applicable provisions of the EDGAR Filer Manual. If segments are not prepared in accordance with the EDGAR Filer Manual, the filing will not be constructed. The filing date of a segmented filing shall be the date upon which the filing is assembled and satisfies the requirements of Rule 13(a) of Regulation S-T (§232.13(a)).

(3) Segments may be corrected or amended only by resubmitting the entire segment.

(c) A modular submission or segment shall not:

(1) be publicly available;

(2) Be deemed filed with the Commission for purposes of Securities Act section 11 (15 U.S.C. 77k), Exchange Act section 18 (15 U.S.C. 78r), Public Utility Act section 16 (15 U.S.C. 79p), Trust Indenture Act section 323 (15 U.S.C. 77www), or Investment Company Act section 34(b) (15 U.S.C. 80a-33(b)) prior to its inclusion in a filing; or

(3) Be deemed to constitute an official filing prior to its inclusion in a filing under the federal securities laws. Once a modular submission or segment has been included in an electronic filing, the liability and anti-fraud provisions of the Securities Act, the Exchange Act, the Trust Indenture Act, the Public Utility Act and the Investment Company Act shall apply to the electronic filing.

(a) The registrant is organized under the laws of the United States or any State or Territory or the District of Columbia and has its principal business operations in the United States or its territories;

(b) The registrant has a class of securities registered pursuant to section 12(b) of the Securities Exchange Act of 1934 (*Exchange Act*) or has a class of equity securities registered pursuant to section 12(g) of the Exchange Act or is required to file reports pursuant to section 15(d) of the Exchange Act;

(c) The registrant:

(1) Has been subject to the requirements of section 12 of 15(d) of the Exchange Act and has filed all the material required to be filed pursuant to section 13, 14 or 15(d) for a period of at least thirty-six calendar months immediately preceding the filing of the registration statement on this Form; and

(2) Has filed in a timely manner all reports required to be filed during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement and, if the registrant has used (during the twelve calendar months and any

portion of a month immediately preceding the filing of the registration statement) Rule 12b-25(b) (§240.12b-25(b) of this chapter) under the Exchange Act with respect to a report or a portion of a report, that report or portion thereof has actually been filed within the time period prescribed by that rule; and

(d) Neither the registrant nor any of its consolidated or unconsolidated subsidiaries have, since the end of their last fiscal year for which certified financial statements of the registrant and its consolidated subsidiaries were included in a report filed pursuant to section 13(a) or 15(d) of the Exchange Act:

(1) Failed to pay any dividend or sinking fund installment on preferred stock; or

(2) Defaulted (i) on any installment or installments on indebtedness for borrowed money, or (ii) on any rental on one or more long term leases, which defaults in the aggregate are material to the financial position of the registrant and its consolidated and unconsolidated subsidiaries, taken as a whole.

(e) A foreign issuer, other than a foreign government, which satisfies all of the above provisions of these registrant eligibility requirements except the provisions in paragraph (a) of this section relating to organization and principal business shall be deemed to have met these registration eligibility requirements provided that such foreign issuer files the same reports with the Commission under section 13(a) or 15(d) of the Exchange Act as a domestic registrant pursuant to paragraph (c) of this section.

(f) If a registrant is a successor registrant it shall be deemed to have met conditions in paragraphs (a), (b), (c) and (d) of this section if:

(2) All predecessors met the conditions at the time of succession and the

registrant has continued to do so since the succession.

Note: In such an instance the parent-guarantor is the issuer of a separate security consisting of the guarantee which must be concurrently registered but may be registered on the same registration statement as are the guaranteed securities.

(b) *Transaction requirements.* Security offerings meeting any of the following conditions and made by registrants meeting the Registrant Requirements above may be registered on this Form:

(1) *Primary and secondary offerings by certain registrants.* Securities to be offered for cash by or on behalf of a registrant, or outstanding securities to be offered for cash for the account of any person other than the registrant, including securities acquired by standby underwriters in connection with the call or redemption by the registrant of warrants or a class of convertible securities; *provided* that the aggregate market value of the voting and non-voting common equity held by non-affiliates of the registrant is \$75 million or more.

Instruction: The aggregate market value of the registrant's outstanding voting stock shall be computed by use of the price at which the stock was last sold, or the average of the bid and asked prices of such stock, as of a date within 60 days prior to the date of filing. See the definition of affiliate in Securities Act Rule 405 (§230.405 of this chapter).

(2) *Primary offerings of non-convertible investment grade securities.* Non-convertible securities to be offered for cash by or on behalf of a registrant, provided such securities at the time of sale are investment grade securities, as defined below. A non-convertible security is an investment grade security if, at the time of sale, at least one nationally recognized statistical rating organization (as that term is used in Rule 15c3-1(c)(2)(vi)(F) under the Securities Exchange Act of 1934 (§240.15c3-1(c)(2)(vi)(F) of this chapter)) has rated the security in one of its generic rating categories which signifies investment grade; typically, the four highest rating categories (within which there may be sub-categories or gradations indicating relative standing) signify investment grade.

(3) *Transactions involving secondary offerings.* Outstanding securities to be offered for the account of any person other than the issuer, including securities acquired by standby underwriters

in connection with the call or redemption by the issuer of warrants or a class of convertible securities, if securities of the same class are listed and registered on a national securities exchange or are quoted on the automated quotation system of a national securities association. In addition, Form S-3 may be used by affiliates to register securities for resale pursuant to the conditions specified in General Instruction C to Form S-8 (§239.16b of this chapter).

(4) *Rights offerings, dividend or interest reinvestment plans, and conversions, warrants and options.* (i) Securities to be offered:

(A) Upon the exercise of outstanding rights granted by the issuer of the securities to be offered, if such rights are granted on a *pro rata* basis to all existing security holders of the class of securities to which the rights attach;

(B) Under a dividend or interest reinvestment plan; or

(C) Upon the conversion of outstanding convertible securities or the exercise of outstanding warrants or options issued by the issuer of the securities to be offered, or an affiliate of that issuer.

(ii) However, Form S-3 is available for registering these securities only if the issuer has sent, within the twelve calendar months immediately before the registration statement is filed, material containing the information required by §240.14a-3(b) of this chapter under the Exchange Act to:

(A) All record holders of the rights;

(B) All participants in the plans; or

(C) All record holders of the convertible securities, warrants or options, respectively.

(iii) The issuer also must have provided, within the twelve calendar months immediately before the Form S-3 registration statement is filed, the information required by Items 401, 402 and 403 of Regulation S-K (§§229.401 through 229.403 of this chapter) to:

(A) Holders of rights exercisable for common stock;

(B) Holders of securities convertible into common stock; and

(C) Participants in plans that may invest in common stock, securities

convertible into common stock, or warrants or options exercisable for common stock, respectively.

(5) *Offerings of investment grade asset-backed securities.* Asset-backed securities to be offered for cash, provided the securities are investment grade securities, as defined in paragraph (b)(2) of this section (Primary offerings of non-convertible investment grade securities). For purposes of this Form, the term “asset-backed security” means a security that is primarily serviced by the cashflows of a discrete pool of receivables or other financial assets, either fixed or revolving, that by their terms convert into cash within a finite time period plus any rights or other assets designed to assure the servicing or timely distribution of proceeds to the security holders.

(c) *Majority-owned subsidiaries.* If a registrant is a majority-owned subsidiary, security offerings may be registered on this Form if:

(1) The registrant-subsi-dary itself meets the Registrant Requirements and the applicable Transaction Requirement;

(2) The parent of the registrant-subsi-dary meets the Registrant Requirements and the conditions of Transaction Requirement in paragraph (b)(2) of this section (Primary offerings of non-convertible investment grade securities) are met; or

(3) The parent of the registrant-subsi-dary meets the Registrant Requirements and the applicable Transaction Requirement, and fully and unconditionally guarantees the payment obligations on the securities being registered, and the securities being registered are non-convertible securities. Note: In such an instance, the parent-guarantor is the issuer of a separate security consisting of the guarantee which must be concurrently registered but may be registered on the same registration statement as are the guaranteed securities.

(d) *Rights offerings by foreign private issuers.* A Foreign private issuer meeting eligibility requirements in paragraphs (a)(2), (a)(3) and (a)(4) of this section may use Form S-3 to register securities to be offered upon the exercise of outstanding rights granted by

the issuer of the securities to be offered if such rights are granted pro rata to all existing security holders of the class of securities to which the rights attach. In complying with Item 11 of this Form, the registrant shall describe those material changes that have occurred since the end of the latest fiscal year for which certified financial statements were included in the registrant’s latest filing on Form 20-F (17 CFR 249.220f). § 239.32 Form F-2, for registration under the Securities Act of 1933 for securities of certain foreign private issuers.

Any foreign private issuer, as defined in Rule 405 (§230.405 of this chapter), which meets the following conditions may use this form for the registration of securities under the Securities Act of 1933 (*Securities Act*) which are offered or to be offered in any transaction other than an exchange offer for securities of another person:

(a) The registrant has a class of securities registered pursuant to section 12(b) of the Securities Exchange Act of 1934 (the “Exchange Act”) or has a class of equity securities registered pursuant to section 12(g) of the Exchange Act or is required to file reports pursuant to section 15(d) of the Exchange Act and has filed annual reports on Form 20-F (§249.220f of this chapter), on Form 10-K and Form 10-KSB (§249.310 of this chapter) or, in the case of registrants described in General Instruction A. (2) of Form 40-F, on

17 CFR Ch. II (4-1-01 Edition)

Form 40-F (§249.240f of this chapter) under the Exchange Act.

(b)(1) The Registrant (i) has been subject to the requirements of section 12 or 15(d) of the Exchange Act and has filed all the information required to be filed pursuant to Section 13, 14 or 15(d) for a period of at least thirty-six calendar months immediately preceding the filing of the registration statement on this form; (ii) has filed in a timely manner all reports required to be filed during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement and, if the issuer has used (during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement) Rule 12b-25(b) (§240.12b-25(b) of this chapter) under the Exchange Act with respect to a report or portion of a report, that report or portion thereof has actually been filed within the time period prescribed by the Rule.

(2) The provisions of paragraph (b)(1)(i) of this section do not apply to any registrant if:

(i) The aggregate market value worldwide of the voting and non-voting common equity of the registrant held by non-affiliates is the equivalent of \$75 million or more, or if non-convertible securities that are “investment grade securities,” as defined in Instructions to paragraph (b) of this section, are being registered; and

(ii) The registrant has filed at least one Form 20-F (§249.220f of this chapter), Form 40-F (§249.240f of this chapter) or Form 10-K (§249.310 of this chapter) that is the latest required to have been filed.

Instructions to paragraph (b): 1. The aggregate market value of the registrant’s outstanding voting stock shall be computed by use of the price at which the stock was last sold, or the average of the bid and asked prices of such stock in the principal market for such stock, as of a date within 60 days prior to the date of filing [See the definition of *affiliate* in Securities Act Rule 405 (§230.405 of this chapter)].

2. A non-convertible security is an *investment grade security* if, at the time of sale, at least one nationally recognized statistical rating organization (as that term is used in §240.15c3-1(c)(2)(vi)(F) of this chapter) has rated the security in one of its generic rating categories that signifies investment grade;

typically, the four highest rating categories (within which there may be sub-categories or gradations indicating relative standing) signify investment grade.

(c) Neither the registrant nor any of its consolidated or unconsolidated subsidiaries have, since the end of their last fiscal year for which certified financial statements of the registrant and its consolidated subsidiaries were included in a report filed pursuant to section 13(a) or 15(d) of the Exchange Act: (1) Failed to pay any dividend or sinking fund installment on preferred stock; or (2) defaulted (A) on any installment or installments on indebtedness for borrowed money, or (B) on any rental on one or more long term leases, which defaults in the aggregate are material to the financial position of the registrant and its consolidated and unconsolidated subsidiaries, taken as a whole.

(d) The financial statements included in this registration statement comply with Item 18 of Form 20-F (§249.220f of this chapter); *provided, however*, that if the securities being registered are non-convertible securities that are “investment grade securities,” as defined in Instructions to paragraph (b) of this section, such financial statements comply with either Item 17 or Item 18 of Form 20-F (§249.220f of this chapter).

(e) The provisions of paragraphs (b)(1)(i) and (d) of this section do not apply if the Registrant has filed at least one Form 20-F, Form 40-F or Form 10-K and Form 10-KSB that is the latest required to have been filed and if the only securities being registered are to be offered:

(1) Upon the exercise of outstanding rights granted by the issuer of the securities to be offered, if such rights are granted pro rata to all existing securityholders of the class of securities to which the rights attach;

(2) Pursuant to a dividend or interest reinvestment plan; or

(3) Upon the conversion of outstanding convertible securities or upon the exercise of outstanding transferable warrants issued by the issuer of the securities to be offered, or by an affiliate of such issuer. The exemptions in this paragraph (e) are unavailable if securities are to be offered or sold in a

standby underwriting in the United States or similar arrangement.

(f) If a registrant is a successor registrant it shall be deemed to have met conditions, paragraphs (a), (b), (c), (d) and (e) of this section if: (1) Its predecessor and it, taken together, do so, provided that the succession was primarily for the purpose of changing the state or other jurisdiction of incorporation of the predecessor of forming a holding company and that the assets and liabilities of the successor at the time of succession were substantially the same as those of the predecessor; or (2) all predecessors met the conditions at the time of succession and the registrant has continued to do so since the succession.

(g) If a registrant is a majority-owned subsidiary that does not meet the conditions of these eligibility requirements, it nevertheless shall be deemed to have met such conditions if its parent meets the conditions and if the parent fully and unconditionally guarantees the payment obligations on the securities being registered, and the securities being registered are non-convertible securities.

NOTE: In such an instance the parent-guarantor is the issuer of a separate security consisting of the guarantee which must be concurrently registered but may be registered on the same registration statement as are the guaranteed securities. Both the parent-guarantor and the subsidiary shall each disclose the information required by this Form as if each were the only registrant except that if the subsidiary will not be eligible to file annual reports on Form 20-F or Form 40-F after the effective date of the registration statement, then it shall disclose the information specified in Form S-2 (§239.12 of this chapter). Rule 3-10 of Regulation S-X (§210.3-10 of this chapter) specifies the financial statements required.

(h) *Electronic filings.* In addition to satisfying the foregoing conditions, a registrant subject to the electronic filing requirements of Rule 101 of Regulation S-T (§232.101 of this chapter) shall have filed with the Commission all required electronic filings, including confirming electronic copies of documents submitted in paper pursuant to a temporary hardship exemption as provided

in Rule 201 of Regulation S-T (§ 232.201 of this chapter).

§ 239.33 Form F-3, for registration under the Securities Act of 1933 of securities of certain foreign private issuers offered pursuant to certain types of transactions.

This instruction sets forth registrant requirements and transaction requirements for the use of Form F-3. Any foreign private issuer, as defined in Rule 405 (§ 230.405 of this chapter), which meets the requirements of paragraph (a) of this section (*Registrant requirements*) may use this Form for the registration of securities under the Securities Act of 1933 (the *Securities Act*) which are offered in any transaction specified in paragraph (b) of this section (*Transaction requirements*), provided that the requirements applicable to the specified transaction are met. With respect to majority-owned subsidiaries, see Instruction (a)(6) below.

(a) *Registrant requirements.* Except as set forth in this paragraph (a), all registrants must meet the following conditions in order to use this Form F-3 for registration under the Securities Act of securities offered in the transactions specified in paragraph (b) of this section:

(1) The registrant has a class of securities registered pursuant to section 12(b) of the Securities Exchange Act of 1934 (“Exchange Act”) or has a class of equity securities registered pursuant to section 12(g) of the Exchange Act or is required to file reports pursuant to section 15(d) of the Exchange Act and has filed at least one annual report on Form 20-F (§ 249.220f of this chapter), on Form 10-K (§ 249.310 of this chapter) or, in the case of registrants described in General Instruction A(2) of Form 40-F, on Form 40-F (§ 249.240f of this chapter) under the Exchange Act.

(2) The registrant:

(i) Has been subject to the requirements of section 12 or 15(d) of the Ex-

change Act and has filed all the material required to be filed pursuant to sections 13, 14 or 15(d) of the Exchange Act for a period of at least twelve calendar months immediately preceding the filing of the registration statement on this form; and

(ii) Has filed in a timely manner all reports required to be filed during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement and, if the registrant has used (during those twelve calendar months and that portion of a month) § 240.12b-25(b) of this chapter with respect to a report or a portion of a report, that report or portion thereof has actually been filed within the time period prescribed by § 240.12b-25(b) of this Chapter.

(3) Neither the registrant nor any of its consolidated or unconsolidated subsidiaries have, since the end of their last fiscal year for which certified financial statements of the registrant and its consolidated subsidiaries were included in a report filed pursuant to section 13(a) or 15(d) of the Exchange Act: (i) Failed to pay any dividend or sinking fund installment on preferred stock; or (ii) defaulted (A) on any installment or installments on indebtedness for borrowed money, or (B) on any rental on one or more long term leases, which defaults in the aggregate are material to the financial position of the registrant and its consolidated and unconsolidated subsidiaries, taken as a whole.

(4) If the registrant is a successor registrant, it shall be deemed to have met conditions 1, 2, 3 and 4 above if: (i) Its predecessor and it, taken together, do so, provided that the succession was primarily for the purpose of changing the state or other jurisdiction of incorporation of the predecessor or forming a holding company and that the assets and liabilities of the successor at the time of succession were substantially the same as those of the predecessor; or (ii) all predecessors met the conditions at the time of succession and the registrant has continued to do so since the succession.

(5) *Majority-Owned Subsidiaries.* If a registrant is a majority-owned subsidiary, security offerings may be registered on this form if:

(i) The registrant-sub-sidiary itself meets the Registrant Requirements and the applicable Transaction Requirement;

(ii) The parent of the registrant-sub-sidiary meets the Registrant Requirements and the conditions of the Transaction Requirement set forth in paragraph (b)(2) of this section (Offerings of Certain Debt or Preferred Securities) are met; or

(iii) The parent of the registrant-sub-sidiary meets the Registrant Requirements and the applicable Transaction Requirement and fully and unconditionally guarantees the payment obligations on the securities being registered, and the securities being registered are non-convertible securities.

NOTE: In the situation described in paragraph (a)(6)(iii) of this section, the parent-guarantor is the issuer of a separate security consisting of the guarantee which must be concurrently registered but may be registered on the same registration statement as are the guaranteed securities. Both the parent-guarantor and the subsidiary shall each disclose the information required by this Form as if each were the only registrant except that if the subsidiary will not be eligible to file annual reports on Form 20-F or Form 40-F after the effective date of the registration statement, then it shall disclose the information specified in Form S-3 (§239.13 of this chapter). Rule 3-10 of Regulation S-X (§210.3-10 of this chapter) specifies the financial statements required.

See the definition of "affiliate" in Securities Act Rule 405 (§230.405 of this chapter).

(2) *Primary offerings of non-convertible investment grade securities.* Non-convertible securities to be offered for cash if such securities are *investment grade securities*. A non-convertible security is an *investment grade security* if, at the time of sale, at least one nationally recognized statistical rating organization (as that term is used in §240.15c3-1(c)(2)(vi)(F) of this chapter) has rated the security in one of its generic rating categories that signifies investment grade; typically, the four highest rating categories (within which there may be subcategories or gradations indicating relative standing) signify investment grade. If there is no market for any of such securities, the book value of such securities computed as of the latest practicable date prior to the filing of this Form shall be used for purposes of calculating the market value, unless the issuer of such securities is in bankruptcy or receivership or has an accumulated capital deficit, in which case one-third of the principal amount, par value or stated value of such securities shall be used.

(3) The successor registrant has been subject to such continuous disclosure requirements and listing requirements since the business combination, and is currently in compliance with its obligations thereunder.

(g) In the case of an exchange offer, the issuer of the subject securities shall be incorporated or organized under the laws of Canada or any Canadian province or territory and be a foreign private issuer, and less than 40 percent of the class of subject securities outstanding shall be held by U.S. holders.

Instructions: 1. For purposes of exchange offers, the term "U.S. holder" shall mean any person whose address appears on the records of the issuer of the subject securities, any voting trustee, any depositary, any share transfer agent or any person acting in a similar capacity on behalf of the issuer of the subject securities as being located in the United States.

2. With respect to any tender offer, including any exchange offer, otherwise eligible to proceed in accordance with Rule 14d-1(b) under the Securities Exchange Act of 1934 (the "Exchange Act"), the issuer of the subject securities will be presumed to be a foreign private issuer and U.S. holders will be presumed to hold less than 40 percent of such outstanding securities, unless (a) the aggregate trading volume of that class on national securities exchanges in the United States and on NASDAQ exceeded its aggregate trading volume on securities exchanges in Canada and on the Canadian Dealing Network, Inc. ("CDN") over the 12 calendar month pe-

riod prior to commencement of this offer, or if commenced in response to a prior offer, over the 12 calendar month period prior to commencement of the initial offer (based on volume figures published by such exchanges and NASDAQ and CDN); (b) the most recent annual report or annual information form filed or submitted by the issuer with securities regulators of Ontario, Quebec, British Columbia or Alberta (or, if the issuer of the subject securities is not a reporting issuer in any of such provinces, with any other Canadian securities regulator) or with the Commission indicates that U.S. holders hold 40 percent or more of the outstanding subject class of securities; or (c) the offeror has actual knowledge that the level of U.S. ownership equals or exceeds 40 percent of such securities.

3. For purposes of this Form, if this Form is filed during the pendency of one or more ongoing cash tender or exchange offers for securities of the class subject to the offer that was commenced or was eligible to be commenced on Schedule 13E-4F, Schedule 14D-1F, and/or Form F-8 or Form F-80, the date for calculation of U.S. ownership shall be the same as that date used by the initial bidder or issuer.

4. For purposes of this Form, the class of subject securities shall not include any securities that may be converted into or are exchangeable for the subject securities.

5. For purposes of exchange offers, the calculation of U.S. holders shall be made as of the end of the subject issuer's last quarter or, if such quarter terminated within 60 days of the filing date, as of the end of such issuer's preceding quarter.

(h) In the case of a business combination, Form F-80 is available if:

(1) Each company participating in the business combination, including the successor registrant, is incorporated or organized under the laws of Canada or any Canadian province or territory and is a foreign private issuer;

(2) Each company participating in the business combination other than the successor registrant has had a class of its securities listed on The Montreal Exchange, The Toronto Stock Exchange or the Senior Board of the Vancouver Stock Exchange for the 12 calendar months immediately preceding the filing of this Form, has been subject to the continuous disclosure requirements of any securities commission or equivalent regulatory authority in Canada for a period of at least 36 calendar months immediately preceding

the filing of this Form, and is currently in compliance with obligations arising from such listing and reporting; *provided, however*, that any such participating company shall not be required to meet such 36-month reporting requirement or 12-month listing requirement if other participating companies whose assets and gross revenues, respectively, would contribute at least 80 percent of the total assets and gross revenues from continuing operations of the successor registrant, as measured based on pro forma combination of the participating companies' most recently completed fiscal years, each meet such reporting and listing requirements; and

(3) The aggregate market value of the public float of the outstanding equity shares of each company participating in the business combination other than the successor registrant is (CN) \$75 million or more; *provided, however*, that any such participating company shall not be required to meet such public float requirement if other participating companies whose assets and gross revenues, respectively, would contribute at least 80 percent of the total assets and gross revenues from continuing operations of the successor registrant, as measured based on pro forma combination of the participating companies' most recently completed fiscal years, each meet such public float requirement; and, *provided further*, that such public float requirement shall be deemed satisfied in the case of a participating company whose equity shares were the subject of an exchange offer that was registered or would have been eligible for registration on Form F-8, Form F-9, Form F-10 or Form F-80, or a tender offer in connection with which Schedule 13E-4F or 14D-1F was filed or could have been filed, that terminated within the last twelve months, if the participating company would have satisfied such public float requirement immediately prior to commencement of such exchange or tender offer.

(i) In the case of a business combination, less than 40 percent of the class of securities to be offered by the successor registrant shall be held by U.S. holders, as if measured immediately after completion of the business combination.

Instructions: 1. For purposes of business combinations, the term "U.S. holder" shall mean any person whose address appears on the records of a participating company, any voting trustee, any depository, any share transfer agent or any person acting in a similar capacity on behalf of a participating company as being located in the United States.

2. For purposes of business combinations, the calculation of U.S. holders shall be made by a participant as of the end of such participant's last quarter or, if such quarter terminated within 60 days of the filing date, as of the end of such participant's preceding quarter.

(j) In the case of a business combination, the securities to be registered on this Form shall be offered to U.S. holders upon terms and conditions not less favorable than those offered to any other holder of the same class of such securities of the participating company.

(k) This Form shall not be used if the registrant or, in the case of an exchange offer, the issuer of the subject securities is an investment company registered or required to be registered under the Investment Company Act of 1940.

(l) Registrants and any non-U.S. person acting as trustee with respect to the securities being registered shall each file a Form F-X (§ 239.42 of this chapter) with the Commission at the time of filing this Form.
