GRIFFIN GREENHOUSE SUPPLIES | 2023

ABOUT GRIFFIN

Griffin is a partner to horticulture professionals. Family owned and operated since 1947, we apply our knowledge, experience and resources to enhance customer success from production to retail.

End-to-end solutions are our specialty. We represent the industry's leading breeders and producers, spanning seed and vegetative, bedding and potted crops, ornamentals and edibles. Our grower supplies offer includes reliable inputs and equipment to help your crops thrive through all production stages. Finally, our quality retail products drive add-on sales for you, while enhancing consumer success and enjoyment.

To learn more about our company, we invite you to visit us online at www.griffins.com, follow us on LinkedIn, Instagram and Facebook.

A LEGACY OF QUALITY AND SERVICE

Charlie Griffin founded his namesake company in 1947 with a simple vision: to maximize products and service for his customers. Originally headquartered in Reading, Mass., his was a one-man operation with a limited offering, delivering supplies to growers in the local community.

Ken Hyslip, Sr., first became an employee of Griffin Greenhouse Supplies in 1952, as a truck driver at the age of 17. At the time, Griffin operated from a single location with no more than 5 employees. He went on to buy the business from the Griffin family in 1968. Under his leadership, Griffin grew steadily across the East Coast.

Today, Griffin thrives among horticulture's premier distributors, serving growers and retailers nationwide. Under the leadership of the Hyslip family, the business has earned a reputation for operational excellence, quality products and first-class customer service.

We know you have many choices among supplier partners, and we sincerely thank you for your business. We look forward to serving you in the season ahead.

GRIFFIN IS COMMITTED TO EXCEPTIONAL CUSTOMER SERVICE

Our goal is simple: to meet your needs and exceed your expectations. From the time you place your order until it's delivered to your location, our team works to treat you with the utmost care every step of the way.

We strive to deliver every order on time and in full. We'll contact you 24 hours before your delivery date to ensure you're ready for the product. If we're unable to honor a delivery date, we'll notify you in advance and make every effort to reschedule at a time that's convenient for you. In the event of any issue, we're dedicated to working with you and our suppliers as needed to find a swift resolution.

Your opinion matters to us! Customer feedback is key to helping our team deliver on our service pledge. Please don't hesitate to contact me directly – by phone or e-mail – with any questions or input that may help us serve you better.

PRODUCTION SUPPLIES

Griffin's roots are in production supplies, and they remain the backbone of our company today. We're proud to offer reliable inputs and equipment to help your crops thrive through all growing stages. Look to us for containers, growing media, chemistry and more from the manufacturers you know and trust. With the increasing demand for more economical and environmentally friendly methods of growing crops, we now specialize in Controlled Environment Agriculture from hydroponics to hemp. Our 15 branch locations service customers nationwide with convenience and efficiency. Shop all of our grower products and place your order with your Griffin sales representative or on www.griffins.com.

RETAIL SOLUTIONS

Griffin is the independent retailer's best source for lawn & garden products. We make it easy for IGCs to do business, with complete vendor offerings, low order minimums and efficient shipping solutions. Raise your retail game with help from our experts! Count on us for seasonal promotion ideas, merchandising best practices and space-planning tips to maximize your display areas and drive sales. Shop all of our retail products and place your order with your Griffin sales representative or on www.griffins.com.

GREEN GOODS

Griffin is a full-service broker of live goods to professional growers. Our assortment includes seed and vegetative material, bedding and potted crops, ornamentals and edibles from the industry's most respected breeders and producers. We're uniquely committed to the seed business, stocking more than 3,300 variety/product-form combinations in our state-of-the-art seed operations facility. Count on us for annuals, perennials, grasses, herbs and vegetables. We're serious about seed quality: Inventory monitoring and regular performance testing ensure every variety meets its full potential, from the greenhouse to the garden center. Browse our complete portfolio and book your product selections through your Griffin sales representative or on www.griffins.com.

TECHNICAL SUPPORT

GGSPRO is our in-house technical services team. With more than a century of combined experience, GGSPRO delivers prompt, practical and accurate support to Griffin customers nationwide. The team's areas of expertise include: Crop culture, sanitation protocols, plant physiology and pathology, chemical controls, biological control agents (BCAs) and plant nutrition. GGSPRO endorses a holistic approach to plant protection, utilizing a mix of cultural practices alongside chemical and biological controls to manage pests and diseases. Visit www.griffins.com/ggspro or contact GGSPRO at **1.888.GGSPRO.1**.

CONSTRUCTION SERVICES

Our construction team assists with all aspects of greenhouse planning, construction and maintenance. Whether it's a new operation or expansion, upgrades or replacements, we can help with options to meet your needs and fit your budget. We offer a full range of equipment to help you grow efficiently and profitably. Look to us for greenhouse structures, films and coverings, lighting, climate control, irrigation, carts and more. Visit us at www.griffins.com/construction to learn more about our product portfolio, see our project showcase, and submit a request for a free quotation.

We are committed to help you **MANAGE SUPPLY CHAIN ISSUES**

Dear Valued Customer,

Unprecedented market conditions are causing drastic and rapid changes in our industry that have the potential to significantly impact your business. As part of our mission to be a true partner to our customers, and not simply a vendor, we are sharing some vital information regarding global supply chain for many of our products. Our intent is to keep you informed so you can make important decisions regarding your business. We are advising customers to revise their views of their procurement processes, inventory planning, understanding of quotes, and their delivery expectations. Since these changes will impact your planning, we will continue to share information and provide transparency to these issues as the situation evolves.

We are experiencing a global supply chain crisis in our industry that we have never seen in our 75-year history of Griffin Greenhouse Supplies. The two main effects of this disruption are price increases and extended lead times. Griffin Greenhouse Supplies collaborates closely with our vendor-partners to optimize inventory, negotiate pricing, and manage logistics. However, changes and increases are happening rapidly, often without notice, and we find ourselves unable to control these issues to the extent that we have in the past. There are three primary causes of the current supply crisis:

- **Strong global demand** – The economic recovery has been much stronger than many expected. Many manufacturers made long term planning decisions regarding inventory and staffing months ago based on a more pessimistic outlook, which did not come to pass.
- **Transportation costs and distributions** – Ports are struggling with backlogs, crude oil prices have increased, container prices have increased, and delays and pricing are increasing rapidly for LTL, ocean freight, and small package services.
- **Labor shortages and challenges** – The COVID crisis has caused many labor challenges that are ongoing. Manufacturers are short-staffed, struggling with higher-than-normal absenteeism, and utilizing a newer, less experienced workforce.

Griffin receives letters notifying us of price increases, freight surcharges, and unusually long lead times on a daily basis. Products that used to be available for on demand or quick shipping now have lead times extended to 4-8 weeks or longer. Lead times that were normally a month or two for large runs or custom items can now be surprisingly longer than usual.

Please be assured that we are doing everything we can to secure the necessary inventory to keep our customers operational. Specifically, we are increasing inventory levels on core items, negotiating with suppliers, and proactively contacting customers for forecasts. Until the price volatility resolves, all quotations will be valid for 7 days only. We are simply unable to guarantee pricing for orders with extended lead times or future ship dates. We encourage you to place your orders quickly, as the most important thing is to get in queue so we can work to secure your supplies.

We appreciate your patience and collaboration as we work through these challenges together. If you have any specific questions or concerns, please do not hesitate to contact your sales or customer service representative.

SOURCING HAS NEVER BEEN THIS SIMPLE

One login connects you to the industry's broadest selection of products for growers and independent retailers:

- Green goods including seed, cuttings and young plants
- Production supplies including containers, growing media and plant protection products
- Greenhouse structures and equipment
- Retail supplies including lawn & garden products, accessories and gift items

Root Riot™

Ideal for rooting plant cuttings and starting seeds, Root Riot™ cubes provide the perfect environment for root initiation and development. Made from composted natural materials, these plant starter plugs have a great spongy texture which retains the perfect air/water ratio for healthy, rapid root growth. Trays do not contain root riot gel.

Roots Organics Formula 707

A ready-to-use soil created for a special kind of gardener, those who want to control their own destiny. Formula 707 is different from the other growing mixes created by Aurora Innovations. It was designed with greater water-holding capacity, fewer nutrients, less perlite and less pumice, and it contains ingredients specific to large container gardening. In fact, the packaging is a 30 gal. grow bag containing about 20 gal. of the finest quality potting mix. Just punch holes in the bottom, cut off the top and plant.

GROW!T Organic Coco Coir

They retain water, making sure plants never go thirsty, but due to their texture, they also offer excellent drainage properties. Plants are no longer at risk of “drowning” in too-packed or over-watered soil. Instead, PlantIt’s ideal consistency gives them room to breathe and for roots to grow freely, capturing that essential air-to-water ratio for your biggest growth yet.

The Jack's FeED line is comprised of complete nutrient formulations. Everything your plants need for each stage, from start to finish.

5-12-26 Part A

An improvement on the classic "Part A" formula for general vegetative growing. This redesigned blend is built with purely soluble and available nutrients to allow the grower maximum flexibility. Specific balance of macro, secondary and micronutrients delivers an efficient combination of nutrients suitable for many different growing environments and crop types.

Item #	Desc	UPC	Vendor	CS/UOS	Retail

12-4-16

For the Purest in you. This one part nutrient blend is designed for crops grown in very low alkalinity waters such as reverse osmosis (RO) water, rainwater, and distilled water. Formulated utilizing the innovative raw materials to reduce pH crash while delivering all the nutrients essential for vigorous plant growth.

Item #	Desc	UPC	Vendor	CS/UOS	Retail
80060047-1440	2.2 lb.	671341790419		6/6	\$24.49

15-5-20

Allow your plants to drink up this formula designed to provide all the macro, secondary and micro nutrients in a one-part system. Specifically formulated for tap, city or well water types with slightly higher alkalinity & pH. This combination of nutrients will lower pH over time while including the extra soluble calcium, magnesium and the right balance of micronutrients.

JACK'S NUTRIENTS LINE SOLUBLE. AVAILABLE. CONSISTENT.

Since 1947, these are the three words that you have come to expect when you open a bag of fertilizer made by the Peters' Family - and now, the master-crafters at Jack's introduce our small batch blends, Jack's Nutrients: A collection of formulas that gives you choices that work for many different controlled environments without the hype or confusion of extravagant names and crazy labels.

15-6-17 Clone

Like a shot gun start for your new plants - this formula will help promote strong and fast root growth and expansion. Best used for fertilizing young seedlings, transplants, clones and newly set rooted cuttings.

Item #	Desc	UPC	Vendor	CS/UOS	Retail
80060050-1440	2.2 lb.	671341790716		6/6	\$24.49

5-50-18 UltraViolet

Get ready for a serious boost of available phosphorus. The primary goal of this formula is to assist in shutting down the strong vegetative growth stage of the plant and stimulate a switch to the reproductive or flowering phase of plant and flower development.

Item #	Desc	UPC	Vendor	CS/UOS	Retail

Liquid Plant Shine

For all your houseplant needs, Schultz plant shine is the original leaf polish developed to clean and beautify your flowering and foliage plants. Plant shine promotes shiny, hard-faced leaves in minutes without wiping. Because it's water-based and contains no oils, it will not clog plant pores and will instead allow plants to breathe. It's easy to use, with a simple spray application.

Soil Moist™

Soil Moist has been developed to reduce the amount of watering needed to maintain vigorous, healthy plants. Soil Moist is safe to use in all landscape and gardening situations, including vegetable gardens. When mixed in the soil, the Soil Moist crystals will soften and swell as water is added and absorbed. The polymer acts as a water reservoir, releasing water to the plant as the surrounding soil dries.

Fibred Sphagnum Moss

Absorbs and retains up to twenty times its weight in water, twice as much as a cellulose sponge. Invaluable for soilless gardening, transplanting, mulch and hanging basket filler. For soil mixes, it offers excellent root aeration. Also used for rooting bulbs and cuttings. Long fibred sphagnum moss is not peat moss, but rather a perennial plant that grows wild in the central Wisconsin sphagnum bogs.

Orchid Potting Bark

A custom blend of natural Douglas-fir tree bark, organic moss & river sand. We designed this blend specifically to the needs of wholesale orchid growers in California. Its pH makes it an ideal potting medium for orchids. It allows for great oxygenation and drainage of water so that the orchid's roots have constant access to both water and oxygen. This mimics an orchid's natural environment and helps them grow to their full potential.

Weed Beater Complete®

This unique product provides both pre-emergent and post emergent control of both grassy and broadleaf weeds - including crabgrass, nutsedge, goosegrass, ground ivy and others. Systemic action from the leaves down and the roots up inhibits cell division and disrupts photosynthesis. Works equally well on cool and warm season grasses. Weed Beater Complete is a synergistic combination of prodamine and sulfentrazone. Exhibits excellent cool weather performance. 10 lb. treats up to 5200 sq. ft.

Black Beauty™ Grass Seed

Produces a darker-green turf naturally. With improved disease resistance and drought tolerance, Black Beauty Grass redefines what a “green-lawn” is supposed to look like! The grass leaves possess an invisible waxy coating, very similar to what you’d find on an apple which helps to preserve moisture in the leaf and wards off stress from heat, cold, wind and disease. With roots that can grow up to four feet deep into the soil, it will improve any lawn it is overseeded into. This blend grows well in clay or sandy soils and in full sun or partial shade.

All Purpose Fertilizer

Milorganite fertilizer is one of the oldest branded fertilizers on the market today. It is composed of heat-dried microbes that have digested the organic matter in wastewater. It is non-burning, does not need to be watered in, has iron for greening and has been used on golf courses since 1926.

Milky Spore

Apply anytime the ground is not frozen. Milky Spore is organic and is not harmful to man, animals, beneficial insects or the environment. Also safe around waterways. The natural bacteria kills the grub stage of the Japanese beetle. Milky Spores don't die, they multiply inside each grub and accumulate in the soil. Just one spore consumed by a grub will multiply into 3 billion new spores that are released back into the soil when the grub dies. When applied as directed Milky Spore, and its benefits, can last for up to 10 years. Requires 6 total applications: 1 in Spring, 1 in Summer, and 1 in the Fall for two consecutive years. 20 LB bag treats 7,000 sq. ft.

F-600 Folding Miracle Saw

Fast, easy pull action is easier and safer than other saws. The shape of the turbo-cut blade is thinner at the top and thicker at the bottom-where the teeth are. This unique Felco feature keeps only the teeth in contact with the material to be cut. This prevents clogging and binding, since the sides of the blade never come in contact with the wood.

Soil Perfector

Soil Perfector is made from a naturally derived, ceramic mineral that is kiln-fired at temperatures in excess of 2000° F. This process creates a durable, lightweight granule containing thousands of tiny storage spaces that hold the perfect balance of water, air and nutrients for an improved soil structure.

Acid Special 17-6-6

Very effective in reducing the soil pH, which keeps iron and other trace elements available to the plant. In plantings next to the concrete foundations of the home, where the pH is elevated, it will keep the leaves green and healthy, promoting lush vegetative growth and better blooms. This formula contains elevated levels of iron and sulfur which most of the acid loving plants require.

Hydrolyzed Fish 2-4-1

Organic, highly nutritional protein fertilizer made with naturally occurring enzymes present in fresh north Atlantic fish. Nitrogen, derived from fish protein in the form of amino acids, slowly breaks down into basic compounds when added to soil. Does no biological damage to the soil and will promote the growth of beneficial bacteria. Because no oils or proteins are removed, the nutrients remain in the soil longer.

Crab Shell 2-3-0

It is an excellent dry organic source of NPK, calcium (23%) and magnesium (1.33%). Crab shell is high in chitin, which promotes the growth of chitin eating bacteria in the soil. When crab shell is added to the soil it helps to create a hostile environment for the fungus and nematodes by feeding the biological life. It will help eliminate ants, grubs, fungus and root nematodes, because they are all chitin based in structure. Put around plants, crab shell will keep slugs and snails off. It also helps choke out weeds and keep moles, voles, mice, etc from digging up bulbs and root vegetables.

Seaweed Plant Food 0-0-1

Growth promoting substances (Auxins, Cytokinins, Gibberellins) enhance plant development, color and vigor. Seaweed has also been found to increase plant hardiness and resistance to adverse environmental conditions, such as early frost, extreme heat and lack of moisture. Used as a seed inoculant, seaweed fertilizer increases and accelerates germination, and enhances the rapid development of a healthy root system. Seaweed is an excellent addition to any fertilization program.

SIMPLE YET SCIENTIFIC

The Plant-Prod MJ™ line of fertilizers was designed to bring our 70 years of experience to the cannabis growers of today. Plant-Prod is excited to provide licensed growers of medical marijuana products that are scientifically optimized, consistent and completely soluble.

Grow 12-8-26

This ideal ratio of nitrogen, phosphorus and potassium promotes optimal growth to ensure a sufficient plant structure to support target yields. The added magnesium ensures no signs of deficiency. Grow contains an enhanced micronutrient package with additional EDDHA iron to ensure efficient uptake at a wide range of pH levels.

Item #	Desc	UPC	Vendor	CS/UOS	Retail
81970001-1982	4.4 lb	69889123194	12319	6/6	\$23.49

Bloom 10-30-20

This essential formulation is high in phosphorus and moderate in potassium, encouraging full bud set and improving bud filling. The added magnesium ensures no signs of deficiency. Bloom also contains an enhanced micronutrient package with additional EDDHA iron to ensure efficient uptake at a wide range of pH levels. Feed in rotation with Plant-Prod MJ™ Cal Kick as needed.

Item #	Desc	UPC	Vendor	CS/UOS	Retail
81970002-2017	4.4 lb	69889123200	12320	6/6	\$25.49

Boost 15-30-15

This highly soluble formulation has a low salt index and contains no sulphates or harmful chlorides, making it a very safe fertilizer for young transplants to initiate rapid root development. Adequate phosphorus is also required to initiate the stretch and bud formation. When plants are of a sufficient level of maturity or when buds are pea sized, feeding with 15-30-15 provides a boost of phosphorus to promote vigorous bud setting and sizing.

81970003-1804	4.4 lb	069889123217	12321	6/6	\$28.99

Cal Spike (CaMg)

The absence of nitrogen, phosphorus and potassium allows the use of this formulation at any stage of production without the risk of encouraging vegetative growth when undesired. Ideal for use with reverse osmosis (RO) or city water when calcium and magnesium levels are usually low. Use should be limited to 2 feedings per week at supplemental rates.

Item #	Desc	UPC	Vendor	CS/UOS	Retail
81970004-971	.77 lb	069889123897	12389	12/12	\$13.99

Finisher 4-31-37

This finishing formulation encourages fullness and density. During the last few weeks of production, the elevated potassium supports plant turgidity and disease resistance, while the phosphorus optimizes photosynthesis. The added nitrogen ensures no signs of deficiency. Feed during final weeks of fertilization, followed by clear water prior to harvest.

8-2-4 All Natural Plant Food For Organic Lawns & Landscapes

All Natural Slow Release Nitrogen Fertilizer provides 6 - 12 weeks of nitrogen in the organic slow release form. Sustane replenishes the soil with a rich supply of humus (stabilized organic matter) and all of the essential nutrients required for quality growth. This product provides a combination of plant nutrients and organic substances derived from biologically stable compost plus natural sulfate of potash and feather meal.

Rain Chain

Rain chains collect rainwater from gutters and divert the flow away from the building's foundation.

Whether using the whimsical chain as a downspout replacement or as a vertical water feature, rain chains are decorative, melodic, functional, and lovely to view in action.

Glass Sea Salt Citronella Candle

Whether you're looking to turn your outdoor space into a seaside escape or are just looking for some beautiful neutral decor, you'll love these 5-Ounce Sea Salt Finish Glass Citronella Candles with Rope! These candles come in three beautiful neutrals, bridal rose, steeple grey, and white. The glass on each candle has a unique textured look from the sea salt finish that really shines through when they are lit in the evening. The final decorative touch of the rope accent around the neck adds to their cozy seaside cottage vibe.

Tea Light Holder Colored Glass Bottles

Add a cozy glow to your outdoor space with these Hanging Glass Tealight Holders! Available in blue, pink, green, and clear, these tea light holders are inspired by the shape of vintage milk bottles and have small floral relief on them so that they have a fun, playful style that works in any space. The base of the lantern is made from metal for stability and easy access to light and replace the candle, and comes with an attached chain and hook if you want to hang your lantern! For use with standard-sized tealight candles, we recommend using our Patio Essentials Citronella Tealight Candles to help add to your barrier of protection.

Citronella Candle Mason Jars

Add a little farmhouse charm to your outdoor space with these Mason Jar Citronella Candles! The warm, neutral colors (smokey brown, grey, and wine bottle green), the vintage-inspired embossed text are just a few of the details on these candles that give them extra charm and character. The matte black lid adds to the vintage vibe but also serves the practical purpose of protecting the candle when it's not in use.

LED Color Changing Candle

Watch as an array of colors brighten your outdoor space when you light our Patio Essentials 7-ounce Color-Changing Citronella Candle, 3-Pack! The heat-activated LED technology in these small citronella candles creates a northern lights-like color-changing display. As the candle heats up, the frosted glass will start to light up and flicker through a range of colors like pink, yellow, orange, green, blue, and purple. These candles are at their most dazzling after the sun goes down, so make sure to keep the lid on them whenever they aren't in use—it helps to protect the candle from the elements, but also helps preserve the battery life of the LEDs that create the color-changing effects.

EPIC

Mole Scram™

Mole Scram™ contains more active ingredients and a stronger formula than other repellents, yet it's organic and environmentally safe. The triple action formula works by taste and smell, and also reduces the presence of moles' insect food. Mole Scram™ rids your yard of moles and keeps them from returning.

Not to be sold (AK, ME, MT, NE, NV, NM, WY, DC)

LIQUID FENCE

Deer & Rabbit Repellent Granular

Unlike other deer and rabbit repellents that require the animals to browse to be effective, this repellent works on scent so deer and rabbits don't even have to take a bite to be repelled. Simply shake the bottle to apply - no spreader needed. The time released, biodegradable formula is highly effective and long lasting. Contains cornmint oil, cinnamon oil, castor oil, and garlic oil.

INSECTICIDES

Sluggo®

Snail and slug control at its best. An alternative to traditional slug and snail baits, Sluggo contains iron phosphate and can be used around pets and wildlife. This product is labeled for use in vegetable gardens up until harvest and remains effective after rain or sprinkling. A pellet that breaks down into fertilizer! New lower rate, 1 lb. covers up to 2,000 sq ft.

Milky Spore Powder

Apply anytime the ground is not frozen. Milky Spore is organic and is not harmful to man, animals, beneficial insects or the environment. Also safe around waterways. The natural bacteria kills the grub stage of the Japanese beetle. Milky Spores don't die, they multiply inside each grub and accumulate in the soil. Just one spore consumed by a grub will multiply into 3 billion new spores that are released back into the soil when the grub dies. When applied as directed Milky Spore, and its benefits, can last for up to 10 years. Requires one application. 10 oz. container treats 2,500 sq. ft. and the 40 oz treats 10,000 sq. ft.

5' Plant Support Kit

The 5' Plant Support Kit has everything gardeners need to build a custom cage, trellis, fence, a-frame, tripod or any combination of shapes.

Featuring patented C-BITEs garden clips, the Plant Support Kit provides a customizable, reusable, and super-strong alternative to traditional plant supports. As the only DIY plant support system on the market, C-BITEs easily click together and connect to standard garden stakes. Building structures with C-BITEs is quick and intuitive, making gardening a snap. From trellises to tomato cages, C-BITEs' multiple points of connection and sturdy designs are limited only by the imagination.

Kit includes:

- 5' Stakes - 4 qty
- 2.5' Crossbars - 4 qty
- C-BITEs 10/11mm - 17 qty
- Stake Safety Caps

C-BITE Clip

C-BITE garden clips are a customizable, reusable, and super-strong alternative to traditional plant supports. As the only DIY plant support system on the market, C-BITEs click together in over 140 different ways and connect garden stakes together - like tinker toys for the garden.

Working seamlessly with standard steel stakes, natural cane, netting, plant ties, and other accessories to create custom support solutions. Whether you want a trellis for your peas, a cage for your cannabis, a tower for your tomatoes, or support for your sunflowers, C-BITEs can do it all.

ARIANA PLANTER

Bell-shaped decorative planters |
With grid - For worry free watering

A self-watering insert built into the bottom of the planter traps excess water where the roots can access it, reducing the how often you need to water. It also helps prevent plant-killing root rot by allowing oxygen to access the plants roots. A range of traditional and vibrant color choices make it easy to coordinate with your home décor or add an eye-catching splash of color.

Clear Vinyl Plant Saucers

The Clear Vinyl Plant Saucers are perfect for indoor and outdoor use to protect all types of floors and decks from water damage by the specially designed airflow bottom which allows air to flow beneath the saucer to prevent moisture build up. The plant saucer catches water overflow allowing the water to be absorbed back into the plant.

URN PLANTERS

Utopian

The utopia urn is a long time classic. It's height and fluted lines on the side give it a regal appearance and it is perfect for fuller plants and shrubs. The poly-resin construction of the dynamic design planter series provides a sturdy product that is light weight and UV protected.

Item #	Desc	UPC	Vendor	CS/UOS	Retail

Mighty Mesh Feeder

This powerhouse of a feeder does it all! Specifically designed for fun-loving clinging birds like chickadees, titmice, woodpeckers, warblers, finches, bluebirds, etc.; it prevents larger birds that can't cling from hogging the feeder. Works well with most Cole's seed products like Special Feeder, Hot Meats, Nutberry Suet Blend, Suet Kibbles, Suet Pearls, Raw Peanuts, or any sunflower-based seed blend. The all around versatility of the Mighty Mesh Feeder makes it the must-have feeder for every level of back yard bird watcher.

Rustic Star Insect House

The multi chamber design of this Star Insect House attracts the largest variety of beneficial insects including lacewings and lady bugs to help reduce plant damage from pests like aphids and caterpillars. Solitary bees may also use this house, increasing pollination. Hang your insect house about 5' high near the area where you want increased pollination and harmful insect protection, like a garden, flower bed or bushes and trees that blossom. The dark rustic finish insect house is filled with natural materials and ready to hang.

Terms and Conditions

UPS / FED EX

We generally recommend UPS / Fed Ex deliveries as the best method for shipping, providing these requirements can be met: all UPS / Fed Ex shipments require a street address and a zip code. Please do not ask us to ship UPS / Fed Ex unless these requirements are met.

Hazardous materials can not be shipped UPS / FEDEX / USPS

There is a \$19.00 charge per package for all C.O.D deliveries by UPS / Fed Ex. We suggest paying by credit card to alleviate this. UPS / Fed Ex has a fuel surcharge into their freight rates that will fluctuate monthly based on current fuel cost. All orders will have a \$15.00 charge for packaging and handling. There is an additional handling fee of \$20.00 for all packages not in a box or 48 inches along its longest side, and 30 inches along its second longest side, or has an actual weight of 70 pounds or greater. **Any refused C.O.D deliveries will incur a 25% restocking charge.**

UPS / FED Ex- Damaged Shipments

If you see that a shipment is damaged upon receipt from UPS / Fed Ex, refuse shipment. UPS / Fed Ex will return the shipment to us, and we will file the claim and send a new shipment to you. If after opening the package you find concealed damage, call us at once. We will instruct UPS / Fed Ex to pick up the package and return it to us for a claim. We will reship your order.

C.O.D. Shipment

Will be made to all accounts with a balance over 60 days.

Payments

We accept Cash, Check, or the following major Credit Cards: American Express, Visa, MasterCard, and Discover. No additional discounts allowed on credit card payments. Credit cards taken after the initial purchase will require a signed form stating that purchaser agrees to a 2% processing fee, charged by Griffin Greenhouse Supplies, Inc. and will be charged with the balance being paid.

Offerings

Listed are made subject to being available. We will not be held responsible for delays in shipment caused by conditions beyond our control. Applicable substitutes will be made when necessary.

Terms

Are net 30 days unless otherwise stated. A 1½% per month service charge is added on all overdue accounts. This is an 18% annual charge. Terms are COD where credit has not been established. Returned checks will be assessed a \$20.00 fee. Delayed Payment Plan (dating) will only be extended to accounts with a satisfactory payment record.

Direct Shipment Deposits

All material that is shipped Direct from the manufacturer to the customer will require a 30% deposit before the order can be placed with the manufacturer. Depending on the size or complexity of the order you will be required to sign off on a bill of lading to ensure the accuracy and condition of the order.

Returns

No merchandise may be returned without authorization from our office. Merchandise must be returned within 60 days of purchase. Invoice number and date of purchase is required for any/all returns. A restocking charge of 20% is charged on all returns unless merchandise is defective. **ITEMS THAT ARE SPECIAL ORDERED, MADE TO CUSTOMER SPECIFICATIONS, NON-INVENTORY OR NON-STOCK ITEMS, CANNOT BE RETURNED FOR ANY CREDIT DUE TO THEIR SPECIAL NATURE.**

Chemical Shipping

No chemicals will be left without a customer signature. All restricted use products must be accepted and signed for by the license holder only, which is enforced by state law.

Sales Tax

Appropriate state tax will be charged based on location of delivery. All items will be charged sales tax unless we have your tax exempt number on file. In compliance with the law, we must charge the tax on all items, which the state designates as taxable even though you have provided us with your sales tax number. If any items purchased are for company use please notify us so the appropriate tax can be charged.

Recommendations

Made by us are compiled from recognized horticultural sources. We are not responsible for damage or failure due to recommendations given by Griffin Greenhouse Supplies, Inc.

Notice to Purchaser

The following is made in lieu of all warranties expressed or implied. Seller's and manufacturer's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use or the inability to use the product. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. The foregoing may not be changed except by an agreement signed by officers of seller and manufacturer. All terms and conditions listed are subject to change.

Motor Freight Shipments

In order to provide you with the best service possible all deliveries made must be signed for, which will ensure the right product and quantities are received. All pallets are wrapped with black wrap and taped to ensure your order arrives complete. If your pallet is tampered with, please sign the bill of lading **"1 pallet received, tape and wrap has been broken."** Any shortages or missed shipments must be noted upon receipt of your delivery, so please try to be available on delivery date.

All orders for delivery must be placed 24 hours, or 1 working day, prior to your delivery day. Any back orders would not be subject to an additional charge. Requested lift gate service will have a \$40 fee added. Appointment requests are a \$20 fee.

The original Bill of Lading attached to our invoice indicates that material shipped has now become your property and is an acknowledgment by the transportation company of the receipt of the property in good condition. Safe delivery of this shipment is now the responsibility of the carrier. Please examine your shipment carefully before signing the freight bill. We will be glad to assist in tracing or recovery of lost merchandise.

Motor Freight - Damage or Shortage

If any damage is noted, or if the number of pieces received does not agree with the number on the bill of lading, **DO NOT** accept the shipment without shortage or damage notated on your freight bill and signed by the carrier's agent (driver). Failure to do so may jeopardize your recovery. If any concealed damage or shortage is discovered when unpacking, leave the material and the packing as is and notify the carrier for a concealed damage or shortage inspection. Consult the carrier for the necessary claim papers and disposition of damaged articles. When checking shipments, compare what was received with packing list or invoice. If there is a shortage or damage, **YOU MUST CONTACT US WITHIN 24 to 48 HOURS** and provide us with full details and pictures.

Claims with motor freight companies must be made promptly. The freight company will not consider a claim unless it is presented within nine months from the date of shipment. The carriers agent will assist you in making that claim. Claims for loss or damaged material and transportation charges **MUST NOT** be deducted from the invoice and the payment of invoices **MUST NOT** be withheld awaiting adjustment of such claims, since it is the function of the carrier to guarantee safe delivery.

PRICES AND TERMS ARE SUBJECT TO CHANGE WITHOUT NOTICE.

Prices at time of shipment will prevail. For current quotations, please call us. Prices quoted are FOB Denver, CO; Cheshire, CT; Ball Ground, GA; Tewksbury, MA; Gray, ME; Bridgeton, NJ; Ewing, NJ; Auburn, NY; Brookhaven, NY; Schenectady, NY; Salem, OR; Morgantown, PA; Richmond, VA; Knoxville, TN; and Woodridge, IL or FOB the factory unless otherwise stated.

*Retail ships via common carrier / LTL only.
All retail orders ship from our Stafford Springs, CT & Morgantown, PA locations.*
