City of Happy Valley Fiscal Year 2022 - 2023 Budget

Happy Valley Overview

Happy Valley, Oregon is located in Clackamas County and is in the northwest corner of the state of Oregon. The city has a total area of approximately 11.6 square miles. It is a member of the Portland, Oregon metropolitan area bordering Portland on the southeast. The city is located within Clackamas County which is governed by a five-member board of commissioners. The city is included in several special districts governed by the Clackamas County Board of Commissioners. The city is also part of Metro, the regional government for the Portland metropolitan area. The city's interaction with Metro is in the areas of land use planning including the urban growth boundary, management of regional parks and natural area systems, and regional transportation systems.

Happy Valley includes beautiful parks, meandering trails, well maintained streets, safe neighborhoods, and attractive commercial centers, Happy Valley is a wonderful place to call home. Much of the look and feel of the city took decades of thoughtful planning and steadfast leadership to instill development standards that reflect the community values. Since its incorporation as a city, Happy Valley has grown from a rural area with a population of approximately 300 people to a thriving city of over 21,000 residents. Happy Valley is one of the fastest growing cities and has one of the highest median family incomes in Oregon. We are proud of our heritage and excited for the future ahead.

Happy Valley was organized in November of 1965, as a Council-Mayor form of government. From January 1991 to December 2000 the City operated under Ordinance 105 that created the position of City Administrator and operated under the Council-Administrator form of government. On November 7, 2000 voters approved a new charter now referred to as the 2000 Happy Valley Charter. The new charter created the position of City Manager and new form of government, Council-Manager. The City Manager is the administrative head of the city government.

Happy Valley is governed by the City Council, which is comprised of three City councilors, one Council president, and the Mayor. All councilors and the mayor serve four-year terms and are elected by the voters of Happy Valley in the general election in November. The City Manager is appointed by, reports to, and is responsible to the Mayor and City Council.

Councilor terms are staggered so term expiration occurs every two years. This assures the city has at least two experienced Council members at all times. The Happy Valley Council serves on a voluntary basis, and dedicates a considerable amount of time in their involvement not only at Council meetings but also as representatives of the City in regional and statewide capacities. Council meets the first and third Tuesday of each month at City Hall. Council meetings are recorded and available for replay on the city's website: www.happyvalleyor.gov

The administration is committed to customer service, efficiency, and transparency. The City operates its own municipal court and provides street maintenance and operations, planning, engineering, building inspections, transportation planning, library, code enforcement, parks and recreation and community events. The City contracts with Clackamas County to provide police services funded by a local option levy first approved by the citizens in 2002 and passed again in 2006, 2010, and 2015. Sewer, storm water management, water, K12 and community college, and fire and emergency services are provided by separate districts overlaying the city.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

The City received the Distinguished Budget Presentation Award for its 2019 annual budget from the GFOA, making this the 4th consecutive City budget document to receive this award. This award is the highest form of recognition in governmental budgeting. Its attainment represents a significant accomplishment by a governmental entity, its finance staff, and its management. This international award program was first established in 1984 to encourage exemplary budgetary practices and to provide peer recognition for government finance officers who prepare budget documents. Budget proficiency is rated in four major categories: as a policy document, an operations guide, a financial plan, and a communications device.

We believe this budget document continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award. In addition to the budget award, the City received awards for its Comprehensive Annual Financial Reports (CAFR) in each of the previous three fiscal years.

Budget Process

Happy Valley prepares and adopts an annual budget in accordance with ORS 294.305 through 294.565. The budget is presented in fund and department categories for the fiscal year. Over-expenditures in any category are a violation of local budget law. Any unexpended budget appropriations lapse at the end of the fiscal year because the city does not employ an encumbrance system to encumber funds from one budget year to the next.

The Budget Committee for Happy Valley consists of the Council plus an equal number of legal voters who have resided in the city for at least a year. The citizen members are appointed by Council. Since Happy Valley has five councilors the Budget Committee consists of ten members, with the vote of each member being equal.

This committee is established in accordance with the provisions of Oregon Revised Statutes to review the City Manager's Proposed Budget document as prepared by the budget officer and to recommend a budget they approve to the Council for adoption. Terms for citizen members on the budget committee are three years. The City Recorder is the official record keeper for the committee and the Finance Director is the staff liaison.

Budgeted appropriations may be transferred after adoption of the budget document using a budget resolution passed by Council. The budget may be amended during the fiscal year using a supplemental budget process as outlined in Oregon Revised Statutes governing local budget law. Supplemental budgets are adopted during a public hearing at a Council meeting and do not extend beyond the end of the fiscal year.

The City Manager is responsible for management of the overall budget and for maintaining budgetary control at the adopted appropriation level including any budget resolutions and supplemental budgets passed by Council. Ongoing review and monitoring of revenues and expenditures is performed by the Finance Department in collaboration with the respective department directors.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Budget Phases and Calendar

Pre-budget – Long Term Planning December – February

Update the five-year financial projection. This process is completed each year prior to the beginning of the budget process. Long term issues and ideas are discussed and reviewed during the five-year projection process.

The projection is prepared by the Finance Department under the guidance of the City Manager. Projection assumptions are reviewed, updated and then applied to the current year forecast. The updated projection is reviewed by the management team.

After adjustments are made, the draft projection is presented to the Council at a work session. Changes from the Council are incorporated into the projection and a final version is then presented at the next available regular session for acceptance of the projection. The first year of the finalized projection is used as the basis for the annual budget. See excerpt from five-year projection after personnel overview.

Phase 1 February – April

Review and further refine numbers from the five-year projection based on the current year forecast and other available pertinent information. The management team meets to discuss and review all funds, programs, and services. During this timeframe, Budget Buddy meetings are held to educate the citizen volunteers on the Budget Committee about the budget process as well as city departments and services. The Proposed Budget is created based on programs and services planned for the upcoming budget period as well as information from the five-year projection to incorporate a longer-term vision.

Phase 2 April – May

The Budget Committee Meeting is held at City Hall. This public meeting requires public notices set out in statute. The entire Budget Committee is in attendance along with the city manager, department directors and other staff. City staff is in attendance to present the Proposed Budget and Budget Message as well as answer any questions the Budget Committee members may have regarding the Proposed Budget.

The Budget Committee Meeting allows in-depth review and discussion of the Proposed Budget. After discussion and review of the Proposed Budget is complete, the Budget Committee members vote on the budget. The budget and tax levies are approved if a majority of the committee votes in favor of the Proposed Budget including changes voted on and passed by the committee during the meeting. This vote of approval by the Budget Committee allows the Finance Department to convert the Proposed Budget into the Approved Budget. The Approved Budget is then sent to the Council for the Budget Hearing and adoption.

Phase 3 June – July

The Approved Budget is presented to City Council during a public meeting for adoption. Council holds a hearing to discuss the use of state shared revenues and passes resolutions to certify provision of city services and the election to receive state shared revenues. The Council holds the budget hearing to review and deliberate the Approved Budget. Council passes a resolution to adopt the budget, make appropriations, and impose taxes. If necessary, resolutions to create new reserve funds are also passed during this meeting.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Adoption of the budget by the Council allows the Finance Department to update the budget document to the Adopted version. The Adopted Budget is effective beginning July 1 of the fiscal year. The budget resolutions and property tax certification are submitted to the County before July 15 in order for the property taxes to be assessed.

Phase 4 **July – June**

If during the fiscal year a transfer of appropriation becomes necessary, the Finance Director and City Manager submit a resolution to the Council for approval. An increase in appropriation or creation of a new appropriation category or fund requires the Council to adopt a supplemental budget. A supplemental budget modifies the adopted budget and is effective through the end of the fiscal year.

Basis of Budgeting

All funds are budgeted using the modified accrual basis of accounting in accordance with budgetary accounting practices. In the modified accrual basis of accounting, revenues are recognized when they become available and measurable. Measurable means the amount is known and available means it is collectible within the current period or soon enough after the end of the current period to pay liabilities of the current period. Major revenues considered measurable and available under the modified accrual basis of accounting are property taxes, franchise fees, and inter-governmental revenues received within 60 days of the end of the fiscal year. Expenditures are recognized when the liability is incurred, except for interest on general long-term obligations which is recorded when due.

The following governmental funds are included in this budget: General, Street, Library, Parks, Storm Utility SDC, Transportation SDC, Parks SDC, Pedestrian Improvement Projects (PIP), Public Safety, Facility Capital Projects and Parks Capital Projects funds. Also, included in the budget are the following reserve funds which are budgeted per Oregon local budget law but are combined into one of the governmental funds in the Comprehensive Annual Financial Report: General Operations Reserve, General Reserve for Replacement, Library Reserve for Replacement, Parks Reserve for Replacement and Street Reserve for Replacement.

Basis of Auditing

In the Comprehensive Annual Financial Report (CAFR), governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Net Assets

The comprehensive annual financial report includes information about the City as a whole using accounting methods similar to those used by private-sector companies. The government-wide statements report the City's net position and how it has changed. Net position is the difference between the City's assets, deferred outflows of resources, liabilities

City of Happy Valley Fiscal Year 2022 - 2023 Budget

and deferred inflows of resources and are a way to measure the City's financial health. Over time, increases or decreases in the City's net position are indicators of whether its financial health is improving or deteriorating, respectively. To assess the overall health of the City, one must consider additional non-financial factors such as the City's tax base, local and statewide economic and legislative climate, as well as many other factors.

Fund Balance

In the budget each fund shows a beginning and ending fund balance. Fund balance refers to the excess of the assets of a fund over its liabilities and reserves. Budgeted beginning fund balance in a fund is an estimate of where that fund will be at the end of the preceding fiscal year. This amount is used in the budget process as part of the estimate of total resources for a fund. Ending fund balance is calculated based on the expenditures and resources estimated for the fiscal year in the current year.

Financial Policies

The City of Happy Valley has a responsibility to its citizens to carefully account for public funds and to manage municipal finances wisely. The City Council is ultimately responsible for decisions concerning the City Charter, ordinances, and all applicable state and federal laws in its decision making. These policies are designed to establish guidelines for the fiscal stability of Happy Valley and to provide guidance for the city manager.

Budget

The City shall prepare, adopt and amend its annual budget in accordance with Oregon Revised Statutes governing local budget law.

A balanced budget is a budget where revenues are equal to expenditures and neither a budget deficit nor a budget surplus exists. In the case of the city budget, it refers to a budget that does not have a budget deficit, but could possibly have a budget surplus. The budget surplus could be in the form of an unappropriated ending fund balance, a contingency amount, or an amount reserved for future expenditures. These categories allow amounts to be set aside and not expended in the current fiscal year.

The Finance Director will be responsible for maintaining a budgetary control system to ensure adherence to the adopted budget. The budget will support the Council's goals, long-range plans, as well as the needs of the community.

Asset Investment

Management responsibility for the asset investment program is delegated to the Finance Director with oversight by the City Manager. The Finance Director shall adhere to the Oregon Revised Statutes regarding managing the investment program for the city.

The Finance Director will invest the city's surplus funds only in those investments authorized by Oregon Revised Statutes. The city will not invest in stocks and it will not speculate or deal in futures or options.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

The city will conduct business only with financial institutions (banks investment brokers, investment bankers, trustees, paying agents, registrants, etc.) deemed to be credit worthy. Safety of principal is the foremost objective of the city. Each investment transaction shall be undertaken in a manner that seeks to ensure preservation of capital and avoidance of capital losses through securities defaults, erosion of market value or other risks.

The Finance Director shall match the city's investment portfolio with its cash flow requirement. Due to the changing requirements of cash flow caused by factors not totally within the control of the Finance Director, the ability to convert a security into cash must be considered.

Investments of the city shall be acquired in a manner designed to attain the maximum rate of return through all budget and economic cycles, taking into account constraints on investment instruments, cash flow characteristics of transactions and safety of principal.

Finance Director will maintain a capital asset record keeping system, to record capital asset values as support for amounts recorded in the financial statements, as well as establish specific procedures to ensure both the acquisition and retirement of capital assets are recorded on an ongoing basis.

Revenue

Dedicated revenue sources shall only be used for the purpose for which they are collected. One-time revenue sources will not be used to fund ongoing activities of the city. The city will closely manage the collection of revenues and when necessary, discontinuing service, collection agencies, liens, and other collection methods may be used.

The city shall endeavor to diversify its revenue system so as to shelter operations from over reliance on any specific revenue source. Interest earned shall be distributed to the appropriate fund in accordance with the equity balance of the particular fund from which the money was provided for investment.

Debt

Debt shall not be used for operational expenditures. No debt shall be in existence for longer than the useful life of the capital investment for which the debt was incurred.

The city will examine financial alternatives in addition to long-term debt. These alternatives include pay-as-you-go, joint financing, reserve funds, lease-purchase, local improvement districts, special assessments, borrowing from other funds, system development charges, and developer contributions. A cost benefit analysis will be performed for any alternative being considered with the goal of minimizing the cost of financing.

The city shall ensure its debt margins are within the 3 percent limitation as set forth in the Oregon Revised Statutes. The city will be actively involved in the selection of all financial advisors, underwriters, paying agents and bond counsel. Costs associated with the issuance of debt will be kept to a minimum while maintaining the goal of conducting business with stable, low risk, credit worthy firms.

Accounting

The city shall establish and maintain its accounting systems in accordance with Generally Accepted Accounting Principles (GAAP) and shall adhere to the principles and standards promulgated by the Government Accounting Standards Board (GASB) and the Financial Accounting Standards Board (FASB) using guidance suggested by the Government Finance Officers Association (GFOA). The city shall maintain an accurate and current record of its capital assets in order to factor its investment in these capital assets into the fees the city charges for services.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

An annual audit shall be performed by an independent public accounting firm, which will issue an official opinion on the annual financial statements, as well as identify areas needing improvement, if required. A Comprehensive Annual Financial Report shall be to present the results, financial position and operations of the city for the prior fiscal year.

Reserve and Contingency

The city shall maintain a contingency plan in order to respond to significant shortfalls in the budget. The plan shall outline an appropriate course of action that management should take in response to significant gaps between revenues and expenditures. Policy 13-04 Budget Reserves & Contingency covers this issue.

The Council policy is to budget 20% of total expenditures to mitigate short term volatility of revenues, mitigate short term economic downturns, absorb unanticipated operating needs, and meet operating cash flow requirement prior to collection of property taxes and other operating revenues.

Long Term Debt

In August 2007, Happy Valley issued \$5,000,000 of full faith and credit obligation bonds to provide funds for the construction of a new city hall building. Interest coupon rates range from 4% to 4.25%. The bonds are direct obligations and pledge the full faith and credit of the City. They were issued as 20-year serial bonds with increasing principal amounts due each year. During the 2016-17 budget period, the City paid off the remaining callable principal balance of \$3,530,000. Paying off the balance 10 years early saved the City nearly \$900,000 in interest payments. As there is no remaining long term debt, the Reserve for Debt Service Fund is shown in this budget for historical purposes only.

In the budget, debt payments are classified as expenditures for the fiscal year. In the CAFR, long-term debt is reported as a liability and payments are a reduction of that liability and not an expenditure. In the Reserve for Debt Service Fund financial statement in the CAFR, bond premiums and discounts and bond issuance costs, are recognized when incurred. The face amount of the debt issued and premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs whether or not withheld from the actual debt proceeds received are reported as debt service expenditures.

Pursuant to Oregon Revised Statute 287.004, outstanding general obligation debt for cities in Oregon cannot exceed three percent of the real market value of all properties within the city limits. For Happy Valley, this maximum is \$102 million as of June 2017. The city has not issued debt subject to this limitation.

Currently the city has no plan to issue any debt however, we are in the midst of long range planning for priority infrastructure projects, some of which will likely require some level of debt funding.

Residents of Happy Valley are subject to debt outside of that issued by the City. Debt issued by overlapping districts becomes part of the debt burden if residents are within those overlapping districts. Happy Valley residents may be part of various overlapping districts including school, community college, sewer, and fire, as well as county and regional government districts.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Goals

The Council has established the following seven goals:

- Goal 1 – Managed growth and economic development
- Goal 2 – Employee development in a quality work environment
- Goal 3 – A safe, livable community with a sense of pride and strong identity
- Goal 4 – Effective relationships with local, regional, and state partners
- Goal 5 – Fiscal responsibility
- Goal 6 – Environmentally-sensible practices
- Goal 7 – Effective and efficient services

Summary of 2022-23 Fiscal Year Budget

Happy Valley budgets at the fund level. A fund is a fiscal and accounting entity with self-balancing accounts to record cash and other financial resources, related liabilities, and balances and changes, which are segregated for specific activities and objectives. Happy Valley uses only governmental fund types. Governmental funds are used to account for most of the city's functions and include general, special revenue, debt service, and capital projects funds.

Description of Funds

General Fund – accounts for all financial resources and expenditures of the City, except those required to be accounted for in another fund. The principal revenue sources are property taxes, intergovernmental revenues, various fees for provided services, and interest income.

Street Fund – accounts for shared state highway revenues and expenditures authorized by the Oregon Constitution to be made from those revenues. This fund also accounts for other revenue sources so expenditures are also made from this fund based on those revenue sources.

Library Fund – accounts for operations and maintenance of library services within the area designated by the Library District. Revenues are primarily from the Library District calculated distribution based on an intergovernmental agreement.

Parks Fund – accounts for maintenance of Happy Valley parks, city trail systems, and the recreation program. Revenues are from the Parks operating levy (if passed), event sponsorships, vendor fees, and user fees.

Storm Utility Systems Development Charge (SDC) Fund – accounts for City's development of storm drain infrastructure and improvements. Expenditures include credits to developers and capital outlay for items on the capital improvement plan. Revenues are primarily fees collected from developers.

Transportation Systems Development Charge (SDC) Fund – accounts for City's development of transportation infrastructure and improvements. Expenditures include credits to developers and capital outlay for items on the capital improvement plan. Revenues are primarily fees collected from developers.

Parks Systems Development Charge (SDC) Fund – accounts for City's development of parks and improvements. Expenditures include credits to developers and capital outlay for items on the capital improvement plan. Revenues are primarily fees collected from developers.

Public Safety Fund – accounts for public safety operations and maintenance within the city. Revenues are primarily from a local option levy. Expenditures include a contract for police services.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

The following reserve funds are budgeted per Oregon local budget law. However, they are not considered separate funds for financial reporting and are combined into one of the above funds in the CAFR.

Pedestrian Improvement Projects (PIP) Fund – accounts for pedestrian improvement projects such as bike lanes, pedestrian crossings, pedestrian refuge, sidewalks, and pathways. Revenues in this fund are primarily vehicle registration fees.

Facilities Capital Projects Fund – accounts for the purchase of land and construction of new facilities. Revenues in this fund are transfers from the General Fund.

Parks Capital Projects Fund – resources consist of a transfer from the Parks Fund. These resources will be available to supplement a Parks SDC project when the time comes. Not all SDC projects are 100% SDC eligible so having dedicated funds set aside will help get a project off the ground smoothly.

General Operations Reserve Fund – reserve amounts to offset the cyclical nature of resources used to provide the general operations of the City. Revenues are transfers from the General Fund.

General Reserve for Replacement Fund – reserve amounts for purchase of large dollar maintenance and capital replacement and purchase, according to an annually reviewed and updated replacement schedule. Accounting for these items here allows operational expenditures to be comparable year over year without spikes caused by capital replacement purchases. Revenues are transfers from the General Fund and PEG fees.

Library Reserve for Replacement Fund – reserve amounts for purchase of large dollar maintenance and capital replacement and purchase, according to an annually reviewed and updated Library replacement schedule. Accounting for these items here allows operational expenditures to be comparable year over year without spikes caused by capital replacement purchases. Revenues are transfers from the Library Fund.

Street Reserve for Replacement Fund – reserve amounts for purchase of large dollar maintenance and capital replacement and purchase, according to an annually reviewed and updated Street replacement schedule. Accounting for these items here allows operational expenditures to be comparable year over year without spikes caused by capital replacement purchases. Revenues are transfers from the Street Fund.

Parks Reserve for Replacement Fund – reserve amounts for purchase of large dollar maintenance and capital replacement and purchase, according to an annually reviewed and updated Parks replacement schedule. Accounting for these items here allows operational expenditures to be comparable year over year without spikes caused by capital replacement purchases. Revenues are transfers from the Parks Fund.

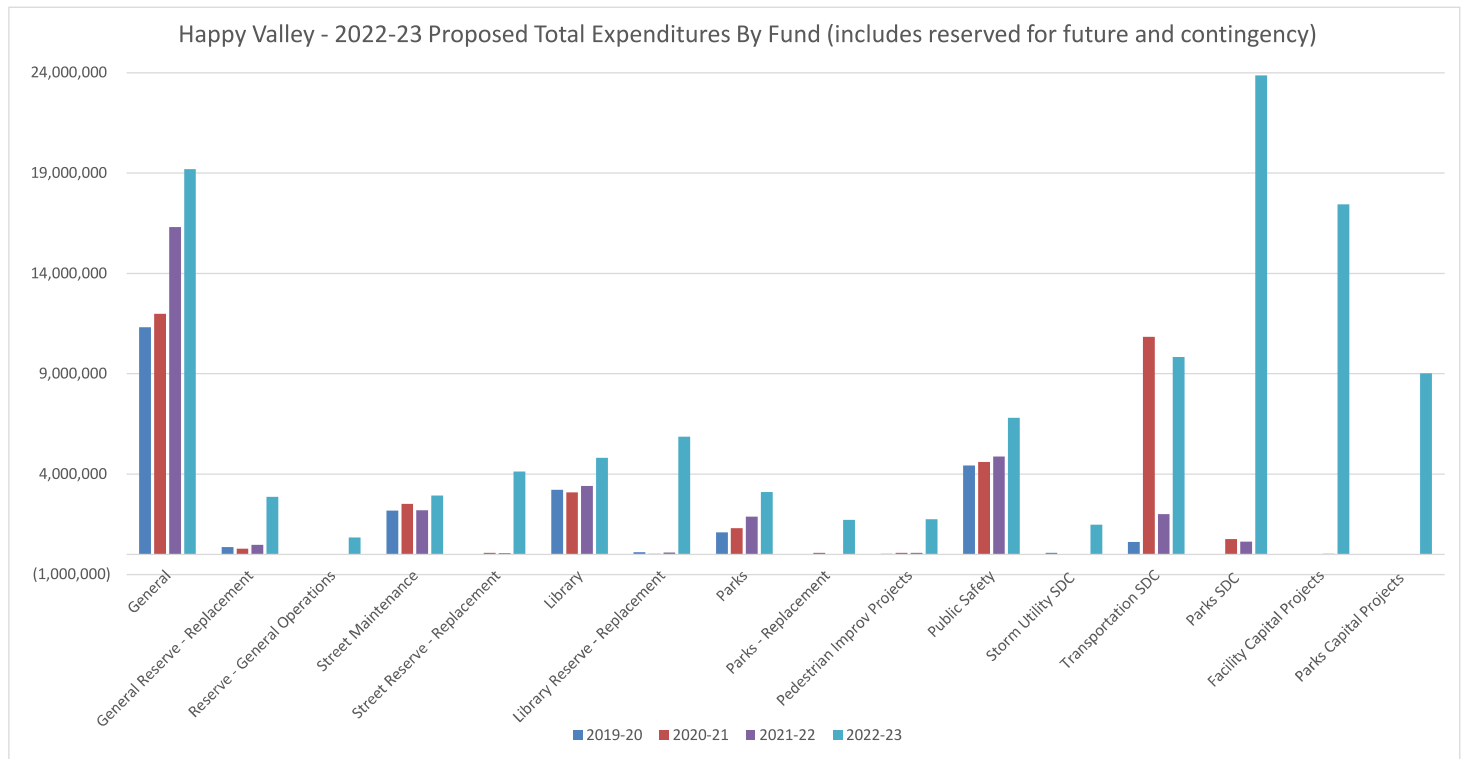

Following are charts and tables showing overall budget information by fund, category and overall resources and requirements.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Demographics and Financial Trend Information

The charts and graphs below illustrate the positive economic cycle we are currently experiencing. We continued to see healthy amounts of development and building within the City which accounts for much of the revenue increases. Other factors include the increase in population which increases our proportionate share of state revenues and increases in assessed value which increase property taxes assessed and collected. Projections going forward are unclear but less optimistic as a pending recession seems to be a strong possibility.

Net position increases are due to our continued diligence in keeping expenditures below revenues. This is done by creating efficiencies whenever possible. We expect the economic upturn to continue and this budget was created using that assumption.

The following information illustrates the change in net position and subsequent change in Ending Net Position for each year.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

The following pages summarize salary and benefits for City employees. The following page is used to show the cost for each department and fund. It also shows the Full Time Equivalent (FTE) budgeted for each fund, each department, and the City as a whole. When reviewing FTE remember personnel costs are not apportioned between funds. A methodology was created to determine an amount each dedicated fund would transfer to the General Fund to cover personnel costs attributable to that fund.

Overall budgeted FTE increased 2.0 from the previous budget. This increase consists of 1.0 FTE in General Fund – Economic and Community Development, and a 1.0 FTE increase in the Public Safety Fund. Total FTE increased from 78 FTE in the 2021-22 budget to 80 FTE in this budget.

As the following chart shows, we continue to run a lean organization. The City operates with just over 4 FTE per 1,000 population which is well below other similar sized organizations in the area. As personnel costs are the number one cost driver, we are very deliberate with our hiring and seek efficiencies elsewhere whenever possible.

Benefits

Benefits as offered to City employees can be found in the employee manual. Along with benefits required by law the City also offers employees other benefits including medical coverage through CIS Insurance. Employees have the option to choose between Regence Blue Cross and Kaiser Permanente. Full time employees pay 5% of the premium costs for medical and dental benefits.

The City provides a life insurance benefit for employees with a coverage amount of \$50,000. Employees can opt to have supplemental coverage for themselves and their families. The cost of any supplemental life insurance is paid by the employee.

Employees of the City are eligible to become members of the Public Employees Retirement System (PERS). The City pays the employer rate for member's pension share accounts as well as picks up the 6% contribution to the Individual Account Program. In this budget PERS employer contribution rates from the previous budget as they are the 2019-21 biennium rates. The Tier1 / Tier2 rate is 24.29% and the OPSPR rate is 18.53% up from 20.07% and 14.02% respectively in the previous biennium.

The City provides a long-term disability insurance benefit for employees with coverage beginning after 90 days. The City also provides an accidental death and dismemberment (AD&D) benefit for employees with a coverage amount of \$15,000.

General Fund

City of Happy Valley Fiscal Year 2022 - 2023 Budget

General Fund

The General Fund accounts for all financial activities of the City except for those that by law or council decision are accounted for in other funds. The City's General Fund has five distinct departments: Administration, Community Services and Public Safety, Economic and Community Development, and Public Works.

Revenue Sources

The main sources of revenue in the General Fund are property taxes, right of way fees from utilities operating within the City, land use and construction fees, building permit fees, city's portion of various state shared revenues, municipal court fees, and intergovernmental revenue.

Expenditures

The main expenditures within the five departments are personnel and materials and services. General Fund capital outlay is expended in the Reserve for Replacement Fund which receives revenue as a transfer from the General Fund.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

General Fund Resources

Beginning Fund Balance: Funds available but not spent during the previous fiscal year.

Property Taxes: The City's permanent tax rate is \$0.671 per thousand dollars and is levied on the assessed value of property within the City as determined under current state law. Includes taxes levied in prior years but collected in the current year.

State Shared Revenues: Includes 20% of liquor receipts distributed monthly to cities on a per capita basis with statutory authorization for distribution in ORS 471.810(a)(b) and 471.810(1)(d) and 14% of liquor revenues paid quarterly to cities based on formula outlined in the ORS 221.770. HB3601 passed in the 2013 Special Session and implemented January 1, 2014 raised the cigarette tax 13 cents. Although the tax per pack increased cities will not receive any additional proceeds. Two 2 cents of the \$1.31 per pack cigarette tax is distributed monthly to cities on a per capita basis with statutory authorization for distribution in ORS 323.445. Population estimates compiled each July by Portland State University's Center for Population Research are certified in January of the following year and thereafter govern the distributions. Cities are to receive 10% of marijuana state tax revenues. Distribution will be based on the number of licenses issued by OLCC in the previous year for premises located in each city, after administrative and enforcement expenses are deducted. The share will be based on the number of licenses for premises located in the city compared to the total issued by the OLCC for all premises in the state. Key statutes are ORS 475B.700-.710, and .760. These state shared revenues may be used for general city operations.

ROW Use Fees: Revenues related to right of way ordinance. Fees are calculated on revenues earned within the City limits.

User Related Fees: Includes fees paid to operate within or use services provided by the City. These include facility rental charges, cell phone tower rental fees, bi-annual alarm permits, late payment and false alarm assessments, burn permits, registration fee for any dog 6 months or older, fees to operate a business within the City, local marijuana tax revenue, fee for passport photos and process filing for US Customs, and Metro business license program revenue.

Building Permit Fee: Residential and commercial, new and remodel inspection permits. Plan review for residential and commercial buildings including commercial buildings requiring a fire life safety plan. Permits and fees for mechanical inspection, plumbing inspection, and single lot erosion control. Other building permits not listed above such as: re-inspection, statewide Minor Label program revenue from the State of Oregon for performing plumbing and mechanical inspections, septic tank or sewer line abandonment, connection of public lateral to private homeowner sewer, residential construction sidewalk and driveway approach inspection, and certificates of occupancy.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

General Fund Resources

Planning Fees: Includes all categories of development fees including fees by type of application and fees associated with a cost per lot to be developed. Fees are set to cover staff time and all related costs.

Engineering Fees: Includes fees to cover improvement plan review, overall development, erosion sediment control plan review, and periodic construction supervision of public improvements by the City to ensure compliance with National, State, Regional, and City standards.

SDC Compliance: Per the adopted SDC methodology, 5% of Transportation and Parks SDC's goes to the General fund for the administration of the SDC programs.

Traffic Fines: Fines imposed in the Happy Valley Municipal Traffic Court.

Court Related Fees: Includes state and county fees associated with Traffic Court fines, municipal code violation fines, traffic safety class for persons who commit minor traffic infractions, fee to review variance applications and monitor for non-compliance issues.

Intergovernmental: Revenue from other municipalities or governmental agencies such as solid waste franchise fees, 5% of Metro Construction Excise tax, 3% of North Clackamas School District Construction Excise Tax and fees to cover administrative costs, payments from other jurisdictions for code enforcement, building inspection, street sweeping services provided, and grant revenue received from other municipalities or governmental agencies.

Misc Revenue: Includes but not limited to: unanticipated income for copy fees, refunds, donations, interest income from cash in the Local Government Investment Pool, grant revenue received from other than governmental agencies.

Transfers In: From other funds to cover respective portion of allocated costs associated with administration.

General Fund

Transfers, Contingency

Manager: Jason Tuck, ICMA-CM

Transfers:

To Parks Fund: Transfer to balance the Parks Fund. The Parks Fund currently expends amounts greater than the dedicated revenue sources provide so the General Fund transfer covers the deficit amount.

To Reserve for Pedestrian Improvement Project Fund: Transfer to pay for pedestrian pathway improvements based on the City's adopted Pedestrian Master Plan. Improvements brought forward by the Traffic and Public Safety Committee. Reverse frontage maintenance on city boulevard streets.

To Reserve for General Operations Fund: Transfer to reserve fund established to mitigate effect of cyclical nature of development and building revenues.

To General Reserve for Replacement Fund: Transfer to reserve fund for the purchase of items per the replacement schedule.

To Reserve for Debt Service Fund: Shown for historical purposes. Transfer to reserve fund to pay principal and interest on outstanding bond issuance.

Other:

Contingency: An amount set aside to meet unforeseen circumstances. Contingency funds may only be transferred to Personnel Services, Materials and Services, and Transfers by resolutions approved by City Council. This budget has 20% in Contingency for the General Fund.

General Fund Department Totals:

Department Totals: Summary total for each department as well as total for Non-Departmental, Transfers, and Contingency.

Parks Fund

Manager: Chris Randall / Steve Campbell

Ensure a clean, safe park and trail environment, including friendly park personnel on a daily basis. Provide a high level of customer service regarding picnic areas, sport fields, splash pad, boardwalk, park equipment, and playgrounds. Work with volunteers who provide improvements to parks and trail systems. Conduct documented park inspections once a month, provide staff support for City sponsored and endorsed park activities, maintain trail systems, and assist with construction of new trails and trail connections using City staff and volunteer labor. Maintain irrigation system to provide healthy turf and conserve water, semiannually top dress and fertilize all sports fields for optimum use throughout the year. Assist in the planning and construction of new park facilities, promote recycling and sustainability practices, and meet quarterly with the Parks Advisory Committee to discuss capital projects. Provide recreation programming to the community and plan and organize community events throughout the year.

Revenue

Property Taxes provided through the Parks operating levy. User related and program fees come from citizens utilizing programs and park space. Event revenue provided through event sponsorship and vendors. Park and trail grants received from other entities. Miscellaneous revenue is interest earned on the level of fund balance.

Expenditures

Parks operations department covers maintenance and operation of all parks facilities. Parks programming department plans and organizes recreational programming and community events.

Staff includes Public Works Supervisor, Utility Worker I (3), Program Supervisor, Program Technician (1), Program Technician II (1)

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Public Safety Fund

Resources

Beginning Fund Balance: Funds available but not spent during the previous fiscal year.

Property Taxes: The voters passed a local option tax levy allowing the City to levy \$1.38 per thousand of assessed valuation for a period of five years to fund full time police protection within the City limits. Includes taxes levied in prior years but collected in the current year.

Misc Revenue: Includes but not limited to: unanticipated income, interest income from cash invested in the Local Government Investment Pool and other investments. Prior to the 2018-19 budget, this also included revenue from the reconciliation process between the City and Clackamas County regarding the actual services provided compared to the services outlined in the contract. The County now bills based on actuals so there will be no reconciliation revenue.

Transfer In: Transfer from Reserve for Replacement Fund. The decision was made to split the Reserve for Replacement Fund into separate funds associated with the respective funds of origin. That analysis determined the Public Safety Fund does not have enough high dollar items to warrant a separate reserve fund.

Expenditures

Materials and Services:

PS Supplies: Office supplies needed for the various functions included in this department as well as non-capital type equipment.

Professional Development: Training, travel, and meals related to City business, annual membership dues to professional organization, certifications, subscriptions, and books for staff. Training in code enforcement, emergency services, animal control, and any of the various public safety services provided by the department.

Utilities: Costs for utilities at facility provided for Sheriff Personnel.

Vehicle Operation & Maintenance: Costs related to vehicle operation and maintenance of vehicles used for public safety.

Repairs & Maintenance: Costs associated with the upkeep of the facility used by Sheriff Personnel. Costs for unexpected and unanticipated events which are beyond the scope of the current contract.

Public Outreach: Costs for Community Services officers, uniforms badges, nametags, and other required clothing and portion of newsletter.

Contract Services: Costs for contract services providing public safety in the City not covered in the inter-governmental agreement (IGA) with Clackamas County. Maintenance costs for e-ticketing software.

Police Contract - IGA: Contract with Clackamas County Sheriff for full time police protection. Contract includes Police Chief, Sergeant (2), Traffic Enforcement Officer, Detective, Patrol Officer (7), Non-sworn Community Services Officer.

Public Safety Fund

Expenditures

Capital Outlay:

Equipment over \$5,000: Items associated with the maintenance and upkeep of the Community Policing Station and items to be used in connection with public safety.

Transfers:

To General Fund: Amount calculated with cost allocation plan to cover administrative overhead costs. Included in these costs are city administration, finance, payroll, accounts payable, human resources, city recorder, overall administrative costs related to running the city.

To Reserve for Replacement Fund: No longer used. Shown for historical purposes.

Other:

Contingency: Amount set aside to meet unforeseen circumstances. Contingency funds may only be transferred to Materials and Services, and Transfers by resolutions approved by City Council. This budget has 20% in Contingency for the Public Safety Fund.

Library Fund

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Library Fund

Manager: Doris Grolbert

The Library Fund provides and promotes informational, educational, cultural and recreational materials, resources and programs to enhance the economic, social and cultural vitality of the community. The Library is responsive to the needs of the community with welcoming environments, a broad range of relevant programs and materials in a variety of formats and highly qualified, customer-focused employees.

Revenue

The primary revenue for Library operations is from the distribution of Library District funds. The Library District distributes funds to each Library City according to a set formula outlined in the intergovernmental agreement and includes an assessed value and unincorporated population served calculation. In addition, the Library receives revenue from a Ready to Read grant from the State of Oregon and collection of fines, lost books, and copier fees.

Expenditures

The Library maintains a seven day a week operation in a 18,300 sq. ft. building. Staff provide adult and children's programming, reference and circulations services, cataloging of materials, and management of the Library Fund. Internet stations, public access computers and WiFi access equipment and software are provided for public use. Books, DVDs, audio books, compact discs, magazines, ebooks, and other electronic resources are purchased and processed for use by the public.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Library Fund

Resources

Beginning Fund Balance: Funds available but not spent during the previous fiscal year.

District Revenue: Each year the District receives the amount collected for the year plus delinquent taxes recovered from the previous year. The District distributes funds when received using the formula. The Formula has two components:

City Assessed Value Component: The annual distribution to a Library City for properties within its boundaries shall equal the assessed value of such Library City's properties, as established annually by the Clackamas County Assessor, divided by the total assessed value of all properties in the District. This determines the Assessed Value Percentage Rate for each Library City. Each Library City will receive funds equal to the Assessed Value fund amount multiplied by its individual Assessed Value Percentage Rate.

Unincorporated Population Served Component: After calculation of each Library City's Assessed Value fund amount, the District shall calculate the remaining funds to be distributed (the "Remainder Amount") and distribute those funds based on the Unincorporated Population Served Percentage Rate based on their Service Population Area.

User Related Fees: Library receives overdue fines, payments for lost material, internet fees, copier fees, and printer fees.

Misc Revenue: Includes but not limited to donations, interest income from cash invested in the Local Government Investment Pool and other investments. Ready to Read grant from the State of Oregon to provide funds for Summer Reading and reading readiness programs.

Expenditures

Personnel:

Wages: Library Director, Library Supervisor, Librarians, Library Assistants, Library Aides.

Benefits: Items paid from these line items include: Unemployment claims as the City is self-insured for unemployment, any retirement incentives offered, FICA and Tri-met taxes paid by the City, medical and dental benefits paid for employees (employees pay 5% of the premium costs), life, and disability insurance, payments into the PERS system for both the employer percentage and the 6% pick up employee portion.

Storm Utility System Development Charges Fund

Managers: Michael D. Walter, AICP / Chris Randall

ORS 223.297 to 223.314 provides a uniform framework for imposing systems development charges (SDC) by governmental units and established that these charges may only be used for capital improvements. ORS 223.307 sets authorized expenditure of SDC's. Stating improvement fees may be spent only on capacity increasing capital improvements, including expenditures relating to repayment of debt for such improvement. An increase in system capacity may be established if improvement increases level of performance or service provided by existing facilities or provides new facilities. ORS 223.311 requires SDC's be deposited into accounts designated for such monies and an annual accounting of these funds is to be made.

Revenue

Storm Drain SDCs, interest, miscellaneous revenue.

Expenditures

Storm Drain SDCs

Used to complete Capital Storm Drain Projects as identified in the City's Storm Drain Master Plan and Capital Improvement Plan (CIP). Projects are planned within the City's major drainage ways and focused on watershed protection/enhancement activities.

Contract Services

Used to complete Storm and Sewer Master Plans.

Reserve for General Operations Fund

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Reserve for General Operations Fund

Manager: Travis Warneke, CPA

This reserve fund will hold amounts to be accumulated and expended to offset the cyclical nature of general operation resources. The most recent economic downturn highlighted the cyclical nature of revenues in the General Fund and the impact that has on the ability to ensure service delivery in the event of an economic downturn. The amount to be accumulated in this fund along with the conditions for expenditures are set forth in Policy 13-04 - Budget Reserves & Contingency.

Revenue

Transfer from the General Fund for future general operations expenditures.

Expenditures

Will be used to offset the effects of the cyclical nature of revenue generation in the General Fund in future years based on Policy 13-04 – Budget Reserves & Contingency.

The fund will be reviewed to determine whether it will be continued or abolished each year. When it is determined it is no longer necessary to maintain this reserve fund any unexpended balance in the fund will be transferred to another fund. Any unexpended balance is not required to be held for subsequent expenditure for the purposes for which this fund was established.

General Reserve for Replacement Fund

City of Happy Valley Fiscal Year 2022 - 2023 Budget

General Reserve for Replacement Fund

Manager: Travis Warneke, CPA

Created to provide a long-term approach to funding the purchase and replacement of equipment and major facility maintenance expenditures. A schedule was established to calculate the amount required annually based on the expected useful life of equipment and facilities. The schedule is reviewed and updated annually based on an assessment of the condition of items along with any additions or deletions of equipment or facilities. The fund will be reviewed to determine whether it will be continued or abolished each year. When it is determined it is no longer necessary to maintain this reserve fund any unexpended balance in the fund will be transferred to another fund. Any unexpended balance is not required to be held for subsequent expenditure for the purposes for which this fund was established. This fund allows the City to save for replacement of all major capital items without having dramatic swings in the General Fund and makes for clear and relevant analysis of operating trends.

Revenue

Transfers from the General Fund, PEG revenue, interest.

Expenditures

Repair and replacement of Items listed on the replacement schedules. The schedules are reviewed periodically throughout the year and annually for the budget process. The assumptions used to create the schedules are reviewed for validity and changed if required. The transfers out are the Library and Street reserve balances to create their own reserve funds. The Public Safety reserve balance was transferred back to the Public Safety fund.

Glossary

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Glossary

Accrual basis. Method of accounting recognizing transactions when they occur without regard toward cash flow timing [ORS 294.311(1)].

Activity. That portion of the work of an organizational unit relating to a specific function or class of functions, a project or program, a subproject or subprogram, or any convenient division of these [ORS 294.311(2)].

Adopted budget. Financial plan that is the basis for appropriations. Adopted by the governing body [ORS 294.456].

Ad valorem tax. A property tax computed as a percentage of the value of taxable property. See “Assessed Value.”

Appropriation. Authorization for spending a specific amount of money for a specific purpose during a fiscal year. It is based on the adopted budget, including supplemental budgets, if any. It is presented in a resolution or ordinance adopted by the governing body [ORS 294.311(3)].

Approved budget. The budget that has been approved by the budget committee. The data from the approved budget is published in the Financial Summary before the budget hearing [ORS 294.428].

Assessed value. The value set on real and personal property as a basis for imposing taxes. It is the lesser of the property’s maximum assessed value or real market value. The growth is limited to 3% unless an exception applies (e.g., new or enlarged structure).

Assessment date. The date on which the real market value of property is set—January 1.

Audit. The annual review and appraisal of a municipal corporation’s accounts and fiscal affairs conducted by an accountant under contract or the Secretary of State [ORS 297.425].

Audit report. A report in a form prescribed by the Secretary of State made by an auditor expressing an opinion about the propriety of a local government’s financial statements, and compliance with requirements, orders and regulations.

Bequest. A gift by will of personal property; a legacy.

Biennial budget. A budget for a 24-month period.

Billing rate. A district’s tax rate used to compute ad valorem taxes for each property. The billing rate is expressed in dollars per \$1,000 of assessed property value.

Budget. Written document showing the local government’s comprehensive financial plan for one fiscal year or biennium. It must include a balanced statement of actual revenues and expenditures during each of the last two years, and estimated revenues and expenditures for the current and upcoming year [ORS 294.311(5)].

Budget committee. Fiscal planning board of a local government, consisting of the governing body plus an equal number of registered voters appointed from the district [ORS 294.414].

Budget message. Written explanation of a local government’s budget and financial policies, including any changes from the prior fiscal year. It is prepared and presented under the direction of the executive officer or chairperson of the governing body [ORS 294.403].

Budget officer. Person appointed by the governing body to assemble budget material and information and to physically prepare the proposed budget [ORS 294.331].

Budget period. For local governments on a biennial budget, the 24-month period beginning July 1 and ending June 30 of the second following calendar year. See also “Fiscal year.”

Budget transfers. Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating fund and revenues in the receiving fund.

City of Happy Valley Fiscal Year 2022 - 2023 Budget

Capital outlay. Items which generally have a useful life of one or more years, such as machinery, land, furniture, equipment, or buildings.

Capital projects fund. A fund used to account for resources, such as bond sale proceeds, and expenditures to be used for major capital item purchase or construction [OAR 150- 294.352(1)].

Cash basis. System of accounting under which revenues are accounted for only when received in cash, and expenditures are accounted for only when paid [ORS 294.311(9)].

Category of limitation. The three categories of taxes on property for the purpose of the constitutional limits - education, general government, excluded from limitation [ORS 310.150].

Compression. A reduction in taxes required by Measure 5 (1990) property tax limits. Compression is computed on a property-by-property basis, and is first applied towards local option tax levies, then permanent rate levies.

Consolidated billing tax rate. The consolidated billing tax rate is the combined total of the billing rates for all taxing districts in a limitation category in the code area but does not include the billing rate for any urban renewal special levies or non-ad valorem taxes, fees, or other charges.

Constitutional limits. The maximum amount of tax on property that can be collected from an individual property for education and for other government activities (Art. XI, sect. 11b, Or Const.).

Contingency. An amount appropriated in anticipation that some operating expenditures will become necessary which cannot be foreseen and planned in the budget. A general operating fund may contain one line for operating contingency [ORS 294.388].

Debt service fund. A fund established to account for payment of general long-term debt principal and interest [OAR 150-294.352(1)].

Devise. A gift by will of the donor of real property.

District. See "Local government." A local government entity that imposes property taxes (e.g. county, city, K-12 school district).

Division of tax. Division of tax refers to the process of, and revenue from, apportioning tax to urban renewal agencies based on the relationship of the excess to frozen value, a.k.a. tax increment revenue.

Double majority. A term that refers to an election where at least 50 percent of the registered voters eligible to vote in the election cast a ballot and more than 50 percent voting approve the question. (*Any March or September Election*)

Education category. The limitation category for taxes that will be used to support the public school system and that are not used to pay exempt bonded indebtedness [ORS 310.150(1)(b)].

Encumbrance. An obligation chargeable to an appropriation and for which part of the appropriation is reserved [ORS 294.311(13)].

Enterprise fund. A fund established to account for operations that are financed and operated in a manner similar to private business enterprises. They are usually self- supporting. Examples of enterprise funds are those for water, gas, and electric utilities, swimming pools, airports, parking garages, transit systems, and ports [OAR 150-294.352(1)].

Excluded from limitation category. The category for taxes used to pay principal and interest on exempt bonded indebtedness [ORS 310.150(1)(a)].

Local government. Any city, county, port, school district, community college, public or quasi-public corporation (including a municipal utility or dock commission) operated by a separate board or commission; a municipal corporation or municipality [ORS 294.311(26)].

Local option tax. Taxing authority approved by voters that is in addition to the taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects. They are limited to five years unless they are for a capital project, then they are limited to the useful life of the project or 10 years, whichever is less.

Materials and Services. Expenses for operating costs and supplies and contracted services, such as utilities, rent, liability insurance, repair parts, fuel, accountant's fees, etc.

Maximum assessed value (MAV). The maximum taxable value limitation placed on real or personal property by the Article XI, section 11 of the Constitution. It can increase a maximum of 3 percent each year. The 3 percent limit may be exceeded if there are qualifying improvements made to the property, such as a major addition or new construction.

Maximum authority. The limitation on the amount of revenue that can be raised each year for an existing urban renewal plan area [ORS 457.435(3)(a)]. Plans that are not existing plans do not have a maximum authority amount. This amount is adjusted each year based on the growth of excess value in the plan area.

Maximum indebtedness. The amount of the principal of the indebtedness necessary to complete an urban renewal plan. This does not include indebtedness incurred to refund or refinance existing indebtedness [ORS 457.190(3)(a)]. It is specified in dollars and cents and based on good faith estimates of the scope and costs of the anticipated project or projects. All existing plans are required to have an ordinance which establishes a maximum indebtedness.

Measure 5. A constitutional tax rate limitation (Article XI, Section 11b) passed by the voters in 1990 which restricts the amount an individual property can be taxed. Measure 5 limits school taxes to \$5 per \$1,000 of 'real market value'. All other general government taxes are limited to \$10 per \$1,000 of 'real market value'.

Measure 50. Initially this measure was passed as Measure 47 in 1996 and was found to be unworkable, so was rewritten and submitted to the voters as Measure 50 in 1997 and passed. M50 reduced every property's 1995-96 assessed value by 10%, and also limited the amount of annual growth of the assessed value to 3%. M50 also established permanent rate limitations for each taxing district in the state based on the current year tax in 1997, and then reduced 13% for most districts. If a district did not have a tax levy in 1997 and had never levied a tax, they could later request a permanent rate limit by going to the voters through a ballot measure.

Municipal corporation. See "Local government."

Municipality. See "Local government."

Net working capital. The sum of the cash balance, accounts receivable expected to be realized during the ensuing year, inventories, supplies, prepaid expenses less current liabilities and, if encumbrance method of accounting is used, reserve for encumbrances [ORS 294.311(27)].

Permanent rate limit. The maximum rate of ad valorem property taxes that a local government can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government or its voters can increase or decrease a permanent rate limit. A district can levy any rate or amount up to their permanent rate authority each year.

Prior years' tax levies. Taxes levied for fiscal years preceding the current one.

Program. A group of related activities to accomplish a major service or function for which the local government is responsible [ORS 294.311(33)].

Property taxes. An ad valorem tax, another other "tax on property", or fees, charges and assessments that are specifically authorized by statute to be certified to the county assessor by a local government unit.

Proposed budget. Financial and operating plan prepared by the budget officer. It is submitted to the public and the budget committee for review.

Publication. Public notice given by publication in a newspaper of general circulation within the boundaries of the local government; mailing through the U.S. Postal Service by first class mail to each street address, PO Box and Rural Route within the boundaries of the local government; or hand delivery to each street address, PO Box and Rural Route address within the boundaries of the local government.

Real Market Value (RMV). The amount in cash which could reasonably be expected by an informed seller from an informed buyer in an arm's-length transaction as of the assessment date (Jan 1). [ORS 308.205].

Reserve for Future Expenditure. An amount budgeted, but not appropriated, that is not anticipated to be spent in the fiscal year, but rather carried forward into future fiscal years. The correct way to "save" money under Local Budget Law.

Reserve fund. Established to accumulate money from year to year for a specific purpose, such as purchase of new equipment [ORS 294.346; 280.050].

Resolution. A formal order of a governing body; lower legal status than an ordinance.

Resource. Estimated beginning funds on hand plus anticipated receipts [ORS 294.361].

Special levy. A special levy is an ad valorem tax imposed for an existing urban renewal plan. It is not a result of a division of tax but rather imposed directly for the plan.

Special revenue fund. A fund used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes [OAR 150-294.352(1)].

Special payment. A budget expenditure category for distributions, pass-through payments, grants made to other organizations and other one-time or unusual expenditures where goods or services are not received in return, and that do not fall into the other categories of personal services, materials and services, capital outlay, etc.

Supplemental budget. A revised financial plan prepared to meet unexpected needs or to spend revenues not anticipated when the regular budget was adopted. It cannot be used to authorize additional taxes. [ORS 294.471].

Tax increment financing. A financial mechanism for urban renewal plans which captures the tax from the growth in property value within a designated geographical area. AKA urban renewal division of tax.

Tax on property. Any tax, fee, charge or assessment imposed by any government unit upon property or upon a property owner as a direct consequence of ownership of that property [ORS 310.140(18)].
