

POWERED FOR  
HIGH PRODUCTIVITY.  
DEMANDING EFFICIENCY.

WHAT DO YOU HAVE TO SAY?

HP LaserJet M9040/M9050 MFP

The HP LaserJet M9040/M9050 MFP is perfect for large workgroups and departments looking for a fast, high quality, high volume business laser MFP that offers low cost of printing and ownership. Together with A3 printing, copying, scanning, and optional faxing<sup>1</sup>, its productivity-driven features help simplify and streamline workflow. This well-rounded productivity device is suited to help enterprises enhance office efficiency and cost savings, while delivering superior performance and outstanding print quality.

## Exceptional performance for high-volume printing

Fast first-page-out in less than 8 seconds  
– shorten print and copy jobs

HP LaserJet M9040 MFP

Print/Copy  
up to  
**40**  
ppm black

HP LaserJet M9050 MFP

Print/Copy  
up to  
**50**  
ppm black

Built to handle high-demand print jobs

Monthly print volume of  
up to 15-50000 pages  
per month

Total input capacity of  
3,100 pages

Get sharp print quality and high-volume output with  
advanced print cartridge technology

High performance features, one easy-to-use device

## Enhance user experience and ease of use

HP Easy Select Control Panel provides a PC-like user interface with simple text and icon combinations. Customise menu items to user needs:

HP Easy Select Control Panel benefits:

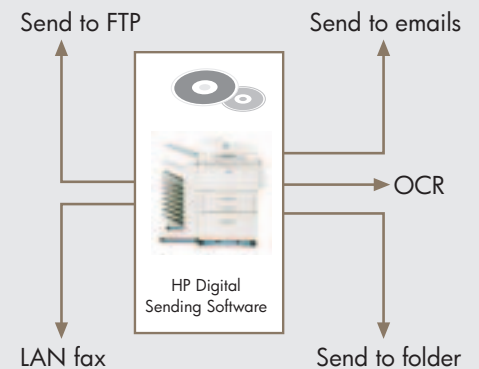

- Simplifies workflow with native language option for better productivity
- Reduces the need to train every operator, saving time and resources
- Allows for future addition of required languages

## Improve workflow

Scan-to features – easily capture documents electronically

HP Digital Sending Software<sup>3</sup> – cost-effective digital workflows

Cost effective and uncompromising security features

- HP Secure Erase technology
- Private printing

HP Web Jetadmin – provide full fleet connectivity and management from a standard web-browser

<sup>1</sup> Via optional HP LaserJet MFP Analog Fax Accessory 300.

<sup>2</sup> Comes preloaded with Simplified Chinese, Traditional Chinese, Japanese, Korean, with more optional languages available.

<sup>3</sup> Optional software sold separately.

# Exceptional performance for high-volume printing

The HP LaserJet M9040/M9050 MFP delivers A3-capable general office-use printing, copying, scanning, and optional faxing<sup>1</sup> on a high performance black-and-white laser MFP. It meets the needs of demanding workgroups of up to 50 users with fast, high volume, cost-effective printing and copying – reducing complications and costs, while enhancing stability and security.

High productivity with fast prints

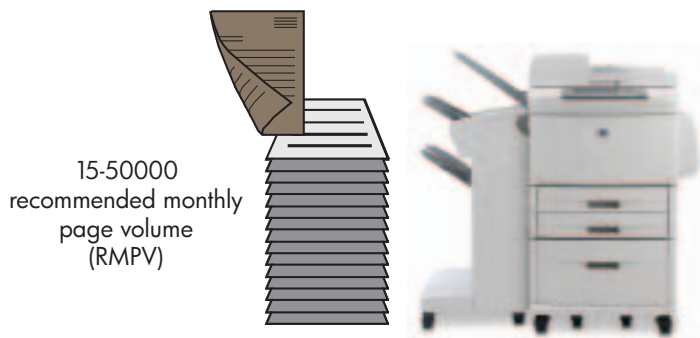

Improve productivity and reduce waiting time

Experience exceptional print and copy speeds of up to 50 ppm<sup>2</sup>, and fast first-page-out under 8 seconds, reducing the time required for print jobs to be done.

Built to handle high-volume departmental printing

Enhance productivity with robust 15-50000 recommended monthly page volume (RMPV) that handles heavy printing jobs easily. An input capacity of up to 3,100 sheets, and high output, intelligent cartridges provide for high volume jobs while minimising intervention rates to lower costs.

15-50000 recommended monthly page volume (RMPV)

Capture images and create high-impact documents easily

Print and scan wide-format documents such as spreadsheets or architectural drawings with the A3 capabilities. Built-in colour scanner delivers up to 600 x 600 dpi for high image quality.

Capture documents faster

Dual-head scanning enables you to capture both sides of the page simultaneously so it is faster to integrate paper-based process into digital workflows.

Manage with ease through HP Smart printing technology

Proven print reliability and consistency with HP Smart printing technology

Built-in HP Smart printing technology intelligently communicates with the device to optimise and calibrate output quality, monitor print jobs and supplies level. This ensures consistently high quality prints and hassle-free management.

<sup>1</sup> Via optional HP LaserJet MFP Analog Fax Accessory 300.

<sup>2</sup> Print speed of up to 50 ppm for HP LaserJet M9050 MFP, up to 40 ppm for HP LaserJet M9040 MFP.

# Enhanced features and functions for productivity and smoother workflow

Improve user experience and ease of use with intuitive and user-friendly controls, functions and features.

## Award winning<sup>1</sup> HP Easy Select Control Panel

Designed for simple and user-friendly navigation and troubleshooting, the HP Easy Select Control Panel is available across all HP LaserJet MFPs, providing a familiar and consistent user experience. With an intuitive touchscreen display that clearly highlights available applications, hassle-free troubleshooting and installation wizards to assist with setup, and advanced print management with customisable settings for individual jobs, users enjoy ease of use and confidence over a full range of advance print features. With HP's language selection button on the home screen, end-users can easily operate the device in their native language.

Conveniently enter email addresses or choose addresses from the local/company address books.

<sup>1</sup> Buyer's Lab gave HP a "Pick of the Year" award in December 2006 for "Outstanding Achievement for the User Interface Design of its Multifunction Printers."

# Engineered to help optimise and manage IT infrastructure and improve document workflow

The HP LaserJet M9040/M9050 MFP is more than just a multifunction device. With added printing and imaging solutions, these devices are designed to improve document-intensive processes, accelerate business results and enhance user efficiency.

## Simplify workflow and save time

Streamline work processes with easy-to-use scan-to-email and additional digital sending features that help your workgroup easily integrate hardcopy and digital documents into one workflow for reduced manual labour.

Scan-to features – scan directly

## Gain better insights into usage and cost, while increasing security

These HP LaserJet MFPs come with a host of third-party solutions, such as job accounting, authentication, and card reader functions, features that also help save time spent on managing the HP LaserJet MFPs.

HP Secure Erase technology – Built-in security capabilities safely erase job files and histories from the hard disk in three methods:

- All associated files can be overwritten upon job completion
- User data stored in the form of Proof and Hold, Quick Copy, and Stored Jobs can be overwritten at specific time intervals
- Overwrite the entire contents of the hard drive when it is decommissioned or redeployed

Private printing – Four standard and one optional job retention features

enable private printing:

Proof and hold – Quick and easy way to print one copy and proof it before printing the remaining copies.

Personal Job – Protects confidential documents. Job will not be printed until released with a 4-digit Personal Identification Number (PIN).

Quick Copy – Prints the requested number of copies of a job and stores a copy on the laser MFP's hard disk for future printing.

Stored Job – Allows download of a print job to the laser MFP's hard disk to be printed when required.

Pull Printing – Saves document electronically in the device, or on a server,

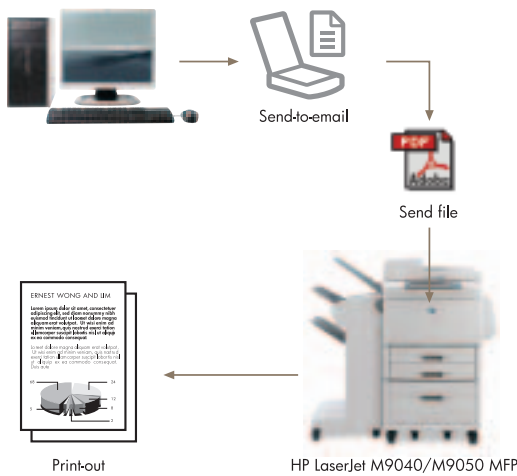

Enhance security with user authenticated printing

Confidential document

Only prints after keying access code

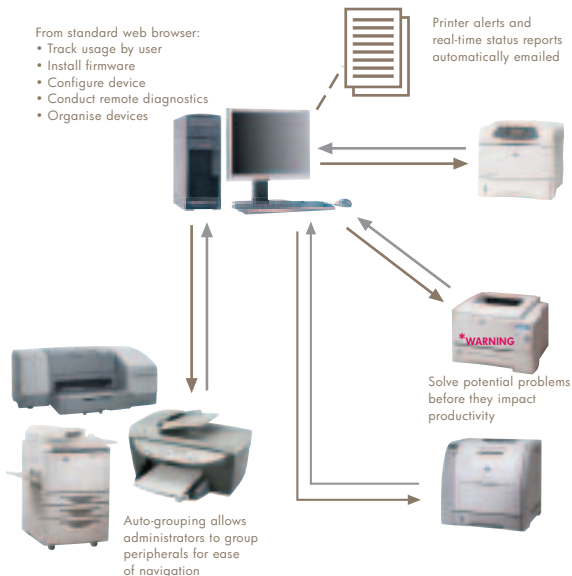

## Simplify document workflow

## Protect and encrypt sensitive print jobs

## Manage your print environment easily

## Lower cost, more productivity and better security

Reduce the cost of physically handling, storing and distributing paper documents with the optional HP Digital Sending Software<sup>1</sup>. By transforming paper documents to electronic formats, the organisation benefits from:

- Improved productivity and increased competitiveness by allowing content to be more readily available and processes initiated faster
- Simplified sharing, editing, storage, retrieval and printing by merging paper and digital data
- Enhanced efficiency, productivity and cost reduction by incorporating paper documents into business process
- Greater confidentiality and added security with user authentication, file encryption, and the option of erasing the laser MFP's hard drive

## Enhance productivity and performance

Reduce costs and accelerate business results by optimising IT infrastructure, manage printing environment, improve document-intensive processes and security.

**Ascent Capture** – Converts information from scanned and electronic documents into digital form and routes the data to an archive, database or any next process in the workflow.

**SecureJet** – Protects and encrypts print jobs from the application to the physical delivery of the document to the intended recipient. It offers greater security control over sensitive print jobs.

**MegaTrack In Printer Agent (MIPA)** – Records and monitors printer and laser MFP activity directly at the device. This precise accounting of printing function can then be used to track copying, faxing and scan-to-email functions.

**HP Digital Sending Software<sup>1</sup>** – Authenticates users at device level and sends documents to email, folders, ftp, LAN-fax, printer or document OCR. Optional HP Digital Sending Software streamlines your document workflow by incorporating paper documents into business processes to improve efficiency and productivity, and to save cost.

## Effective IT resources deployment

Save time and resources with HP Embedded Web Server, which provides customisable email status alerts and allows performing of diagnostics, job tracking and accounting remotely. HP Web Jetadmin provides full connectivity and management over a fleet of printers from a standard web browser. You can install, monitor, troubleshoot, and manage printing supplies with ease.

## Highly manageable networking

The HP LaserJet M9040/M9050 MFP is designed to integrate seamlessly into all major networking environments. The powerful HP Jetdirect Gigabit Ethernet Embedded Print Server is compatible with most major network operating systems and protocols, providing a simple and reliable way of sharing printing devices.

## Hassle-free supplies management

HP SureSupply<sup>2</sup> saves time and minimises work with proactive supplies management.

<sup>1</sup> Optional software sold separately.

<sup>2</sup> HP SureSupply programme features and availability may vary by country. For more information, visit [www.hp.com/learn/suresupply](http://www.hp.com/learn/suresupply)

# Versatile paper handling features for professional-quality documents

Designed to meet a wide range of office printing needs, turn digital documents into complete, ready-to-use booklets or stapled reports in one simple step with the optional multifunction finishing options.

Finishing options to meet your needs

Printer must be ordered with one of four paper output accessories.

## Achieve professional results effortlessly

Create professional-looking prints in-house while saving the time and cost spent outsourcing print jobs. Business documents can come in glossy heavyweight covers, white content pages and saddle-stitched with a host of functions and finishing options such as:

- An 8-bin mailbox that can be configured as a sorter/collator, stacker, and job separator, and allows each bin to be assigned to individuals, workgroups, or departments for easy job retrieval
- A 3,000-sheet stacker accessory with automated stacking and job offset processes to avoid tedious manual sorting
- Multi-position stapling for up to 50 sheets of paper in addition to stacking and job offset functions
- A multifunction finisher which provides a stacking capacity of 1,000 sheets, staples up to 50 sheets of paper per job, folds sheets into booklet-styled sets, and supports saddle-stitching for booklets of up to 10 sheets of paper

Take advantage of versatile features

## Save time and eliminate wastage without hassle

With paper trays that feature automatic media size detection, these HP LaserJet MFPs deliver accurate printing and reduce media and toner waste.

## Save on costs and resources

Dual-head colour scanner for two-sided copying and scanning saves time and makes paperwork more manageable – virtually doubling input capacity and reducing paper wastage. Automatic Document Feeder provides easy, unattended copying and scanning benefits.

# Renowned HP LaserJet quality and reliability

HP Universal Print Driver is precisely designed to simplify the task of managing multiple devices with the use of a single driver. It works with a wide range of HP devices, and effectively reduces IT management costs and help desk calls.

**Rely on HP.**  
PC Magazine's Readers' Choice for service and reliability for 16 straight years.

September 18, 2007 – HP Printers

PC Magazine Readers' Choice Award logo is a trademark of Ziff Davis Publishing Holdings Inc. Used under license.

Be assured of award winning customer service and support. HP LaserJet MFPs are backed with a one-year, online limited warranty.

# HP's commitment for a safer environment

With HP's Design for the Environment initiative, products are designed with their entire life cycle in mind – from product design to manufacturing, and from usage to recycling – in an effort to reduce energy, paper, packaging and materials used, as well as to lower running and wastage costs for users.

By providing customers with safe, high quality products that are environmentally sound throughout their lifecycle, HP aims to reduce the environmental impact of our products, and that of our customers.

## 1 DESIGN FOR ENVIRONMENT

**Save power automatically.** Using HP Web Jetadmin, you can remotely schedule sleep and wake-up modes or automatically turn off devices on nights and weekends for savings of up to 66 percent in energy costs.

**Globally proven energy efficiency.** As an ENERGY STAR® partner, HP LaserJet M9040/M9050 MFP meets ENERGY STAR® guidelines for energy efficiency.

**Get added value with an environmentally conscious**

HP LaserJet MFP. The HP LaserJet M9040/M9050 MFP has met stringent requirements to reduce energy consumption, noise levels and chemical emissions.

## 2 MANUFACTURING

**Use of fewer materials.** HP LaserJet toner cartridge packaging uses 45 percent less packaging material (by weight) than previous designs. The more compact package also contains an innovative multi-chamber air bag that protects the cartridge from transport damage, dust, moisture and light. 30 percent more cartridges can be shipped on one pallet (1500 more cartridges can be shipped in one ocean container).

## 3 USE

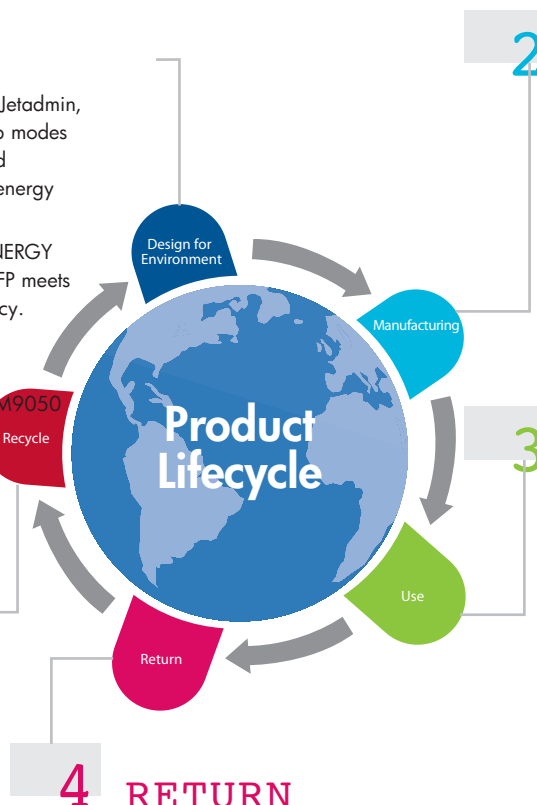

**Consume less paper by printing on both sides.** HP Web Jetadmin and the HP Universal Print Driver make it easy to set automatic duplex printing for the individual printer or an entire fleet, allowing you to reduce the cost and volume of paper used.

**Capture and send documents electronically.** HP can help automate workflows and help change the way you do business. With the ability to capture and deliver documents digitally, you can speed document-based workflows, virtually eliminate the need for faxing, and lower the amount of paper your organisation uses.

**Less extra pages printed.** HP Smart Web Printing improves printing from Web pages. Eliminate extra pages and right-edge clipping and enjoy the ability to combine content and print exactly what you want, without wasting resources.

## 5 RECYCLE

**Less waste through recycling.** All returned Original HP print cartridges go through a multiphase recycling process where they are reduced to raw materials that are used to make new metal and plastic products.

## 4 RETURN

**Simplify the management and disposal of products.** HP Planet Partners<sup>1</sup> – a free, convenient return and recycling programme available in more than 40 countries.

<sup>1</sup> Programme availability varies. HP printing supplies return and recycling is currently available in more than 40 countries, territories and regions in Asia, Europe, and North and South America through the HP Planet Partners programme. For more information on power consumption and noise level, see Technical Specifications on back page.

## HP award winning service and support

Efficient, flexible and cost-effective – HP offers you a broad spectrum of extensive Print Services that range from vital hardware repair support and the management of print environments, to a comprehensive, scalable portfolio of customisable service components with end-to-end capabilities that can meet ever-changing business needs.

For more information, visit [www.hp.com/sg/enterpriseprint/services](http://www.hp.com/sg/enterpriseprint/services)

### Support Services

**What:** Choice of high quality support services, delivered by HP for a worry-free printing experience

**When you need:** Reduced device repair costs and maximised printing uptime across branch and remote office locations

**It includes:**

- Choice of same day or next day on-site services
- Expert technical phone support
- HP original parts, materials and labour

### Smart Print Services

**What:** An affordable usage-based contract ensuring continuous printing and productivity

**When you need:** Peace of mind with low total cost of ownership

**It includes:**

- Choices from a comprehensive fleet of single function and multifunction printers
- Hardware maintenance
- Supplies replenishment
- Device monitoring and usage visibility
- Priority phone support

### Managed Print Services

**What:** Comprehensive and sustainable portfolio of services customised to meet your document capture and output strategies

**When you need:** Focus on your core business while having control of your imaging and printing network infrastructure

**It includes:**

- Assessment Services
- Financial and Procurement Services
- Transition and Implementation Services
- Management and Support Services
- Document and Workflow Services

Front view

HP LaserJet M9050 MFP shown

Partial rear view I/O panel

- 1 100-sheet Automatic Document Feeder supports copying and scanning of double-sided originals
- 2 Intuitive, graphical touchscreen display with a timesaving help function
- 3 One-door access to the easy-to-replace print cartridge
- 4 Choose the 8-bin mailbox, 3,000-sheet stacker, 3,000-sheet stapler/stacker, or multifunction finisher (stapling, stacking, and booklet-making) output solution
- 5 Built-in automatic two-sided printing and copying
- 6 500-sheet input trays 2 and 3
- 7 2,000-sheet input tray 4 for a 3,100-sheet total input capacity
- 8 100-sheet multipurpose tray for specialty papers
- 9 A powerful 533 MHz processor and 384 MB memory, upgradeable to 512 MB
- 10 One available EIO slot
- 11 Host USB port for additional functionality
- 12 Hi-Speed USB 2.0 device port
- 13 Optional HP LaserJet MFP Analog Fax Accessory 300
- 14 Jetlink connection for paper handling device
- 15 HP Jetdirect Gigabit Ethernet Embedded Print Server
- 16 Foreign Interface Harness
- 17 HP high performance 80 GB hard disk for job storage

## Maximise the performance of your investment with HP accessories

**8-bin Mailbox (Q5693A)**  
Assign each mailbox bin to an individual, workgroup or department, or configure it as a sorter/collator, stacker, and job separator.

**3,000-sheet Stacker (C8084A)**  
Stack up to 3,000 sheets of paper with job offset.

**3,000-sheet Stacker/Stapler (C8085A)**  
Get 3,000-sheet stacker capabilities as well as multi-position stapling for up to 50 sheets of paper per job.

**Multifunction Finisher (C8088B)**  
Stack 1,000 sheets, staple up to 50 sheets per job, fold sheets into booklet sets, and get folding and saddle stitching for booklets
