EDITORIAL

As I mentioned last month, you will find a 2013 Renewal Form with this issue of MAR - for those who only take the PDF version of MAR you will find the Renewal Form at the back of the September issue and also as a stand alone PDF page on the MAR Web Site in the MAR PDF file, for you to download. All renewals can be made direct to the MAR address above and we accept cheques payable to "MAP" or payments by Visa/Mastercard Credit and Debit Cards. Alternatively, you can subscribe on line at "www.mar.co.uk" and use the Pay Pal facility which accepts virtually any card you can think of (Please when paying via the Web Site click on to the Pay Pal Payment button - DO NOT USE the credit account facility). When filling in your email address on the renewal form please write it as it appears using capital letters only if capital letters are actually part of the address and clearly showing ".?/?" and "_" as these are the biggest problem when hand written.

As I said last month, the 2013 rates for the MAR PDF version, @MAR and the UK paper MAR are all the same as for 2012, however, we have had to increase the rates for the paper version of MAR to Europe and to Elsewhere in the World due to the big increases made by the Royal Mail in April 2012. I do recommend that you consider going over to the PDF version downloaded from the MAR web site as it is considerably cheaper, you will receive it up to 2 weeks quicker and it contains more photo pages!

Finally, an apology for not publishing movements for a number of the US airfields in Europe for the last two months - eg Lajes, Aviano, Spangdahlem, Rota, Moron and Sigonella - we should be catching up with them in the October issue of MAR!

COVER PHOTOGRAPH: Visiting AMI EF-2000s MM7275/36-11 and MM7296/36-22 from 36 St 12 Gr at RAF Leuchars on August 8th - during their deployment (John Wilson)

Closing date for the October issue is 08.10.12

BRITISH REVIEW

I start this month with the report that on 23.08 Tutor G-BYUB/UB from 1 EFTS, Cranwell had to make a forced landing in a field at Byards Leap when part of the propeller disintegrated shortly after take off from RAF Cranwell, thankfully for the crew there were no injuries and the aircraft was not seriously damaged. All Tutors are now grounded until the investigation into the incident has been concluded..... Mick Boulanger (Military movements is history, now and for our future)

24/30 Sqn Hercules C.4/C.5
ZH886/886 departed Brize Norton on 16.08 for MPA

101 Sqn VC-10 C.1K/K.3/K.4

On 28.08 three VC-10s were to make a formation flight around the United Kingdom to mark the contribution the VC-10 has made over the last 46 years and to mark the 50th Anniversary of its first flight. The original idea was for a C.1K, K.3 and a K.4 to make the formation as these are the sole remaining operational VC.10 types. But unfortunately ZD241/N the last remaining K.4 aircraft was unable to fly due to unserviceability, so it was replaced by C.1K XV108/Y. The formation consisted of C.1Ks XR808/R (Special Marks), XV108/Y and K.3 ZA147/F. Their call sign was "Tartan 21" and the route took them from Brize Norton at 08.50, along the Lichfield corridor out to the North Sea. Then performed over flights at the following bases; - Lossiemouth, Leuchars, Boulmer, Scampton, Waddington, Cranwell, Marham, finally returning to Brize Norton at 14.30.

ZK311/EK ex 6 Sqn Leuchars arrived as "Typhoon61" at Coningsby on 30.08 for work at the TMF

BoBMF Lancaster B.1 PA474 has had its old colour scheme replaced with a new one; it now called "Thumper MkIII" and coded KC-A. This colour scheme has been taken from 617 Sqn Lancaster DV385 which was previously based at Coningsby and made 50 bombing raids, two took place on the Germany battleship Tirpitz in the Tromso Fjord on 28th October and 12th November 1944 during which a direct hit was recorded.

Departures since the last list in MAR185 have been; XS496/625 Wessex HU.5 departed during August to a Company called Metal Waste Recycling for scrapping via Air & Ground, Hixon.

Also XT453/PO-B Wessex HU.5 departed by road on 17.08, this aircraft is used for winching and travels by road to various locations round the country. This time the aircraft was transported to Culdrose arriving there on 28.08.

The two Harrier GR.3s, XV741/DD-41 and XV808/DD-08, are up for tender, by 04.09 they had not yet departed. (I do hope XV741/DD-41 finds a good home. As this is the Harrier that landed in Somers Town Goods yard next to St Pancras railway station during the Daily Mail Trans Atlantic Air Race which took place between 04th - 11th May 1969 between the Empire State Building in New York, USA and the Post Office Tower, London). Finally ZD607 Sea Harrier F/A.2 departed during August and is now located at Bicester with the Army.
