### **EDITORIAL**

Another 64 page issue - please keep the reports coming in (especially now that the European Show season is starting). If anyone is going to the USA please send any reports in to Moray - with nearly all the military shows now cancelled and virtually no military participation at the civil shows it is going to be a very bare summer season for the military spotter in the USA. So please, no matter how small the report is' send it off to Moray!

On the UK front we Mick would really like to hear from anyone who can send in regular reports each month for some of our major bases - these are Marham, Lossiemouth and Valley where we hardly get any reports from for visitors and now we even have problems with Waddington and getting regular reports from there! So, if anyone can help (or even send in occasional reports as they all add up to a bigger and better picture) please contact Mick or myself (see details above for addresses and email addresses).

With all the US Budget cut backs for Fiscal Year 2013 now beginning to bite - there are major reductions in flying hours throughout Air Combat Command with many squadrons being Stood down since April 9th through to the end of the current year in September (although quite what happens then I am not too certain! The complete list of squadrons subject to standing down orders will be in the May issue of @MAR along with all the other news from the UK, the USA, Europe and the rest of the world - if you would like to see a sample copy of MAR visit [www.mar.co.uk](http://www.mar.co.uk) or contact me direct at [brianmap@btinternet.com](mailto:brianmap@btinternet.com).

# **BRITISH REVIEW**

The first flight of a Chinook HC.6 for RAF took place on 15.03 at the Boeing Plant near Philadelphia, USA. The Chinook was carrying the test registration N701UK c/n M7701. It is not yet confirmed the British Serial of this aircraft, which are in the ZK550 to ZK563 range, but it is believed to be ZK550.....Mick Boulanger (Military movements is history, now and for our future)

The presence of HQ USAREUR is beginning to affect the visitors here!

A correction to last month's names - E/52 AVN is known as "Easy" Company, not "Ezy" as stated (as well as "Stuttgart Stallions").

D/52 AVN UC-35A 97-0105 returned on 22.4 as "Duke 67" after a long absence, but 97-0102 has not been noted for some weeks  
G/52 AVN The last UH-60A(C) to be seen was 88-26027 on April 24th completing the move from Coleman. It should be pointed out that the unit's aircraft, especially the UH-60A(C)s, are detached to other locations - such as Stuttgart, Grafenwohr & Heidelberg)

One further unit at Wiesbaden is Co D/1-214 AVN "Skymasters" which is the maintenance unit and also carries out maintenance on other unit's aircraft such as C/1-214 AVN and HQ SHAPE. Still present in mid April was UH-60A(C) 87-24584 and from late April C/1-214 AVN UH-60As 87-24644 & 88-26045 have been present.
