# PLW 100x LED video wall mounts

These rear service mounting solutions supports multiple Leyard or Philips LED tiles and provides up to 60 cm of smooth forward extension. The open frame design allows complete rear cabinet access with no obstructions. The frame provides quick installation of the LED tiles within a single mounting frame. Adjustable wall foot pads enable fine tune adjustment on uneven surfaces while dual locking latches keep the mount secure in place when service is not required.

This make the mounts suitable for use in control rooms, corporate environments, reception areas, high-end retail and broadcasting applications.

Scissor design allows for smooth forward extension up to 60 cm

Adjustable wall foot pad allows for fine tune adjustment on uneven surfaces

Optional actuator arm allows for motorized in and out movement

Adjustment pads allow for alignment of individual LED tiles

Extension alignment tabs allow for the addition of multiple expandable mount units

Integrated frame provides quick installation of multiple LED tiles

Open frame design allows complete rear cabinet access with no obstructions

Locking latches keep the mount secure when service is not required

Designed for:

LEYARD

Mount specifications

The PLW Series is available in several standard configurations (1x2, 2x2, 1x3 and 2x3). By coupling these mounts other video wall dimensions can be created.

They are suitable for Leyard TWA and TW Series and Philips 55BDL9018L and 55BDL9025L tiles. The actuator to create a motorized mount is optional.
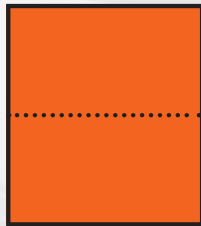

PLW 1001 - 1x2 LED video wall mount

Depth	169 mm
Height	1350 mm
Width	1200 mm
Weight	54,5 kg
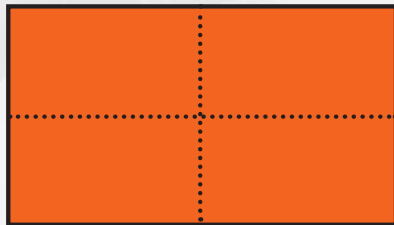

PLW 1002 - 2x2 LED video wall mount

Depth	169 mm
Height	1350 mm
Width	2400 mm
Weight	81,6 kg

PLW 1003 - 1x3 LED video wall mount

Depth	169 mm
Height	2025 mm
Width	1200 mm
Weight	68,0 kg
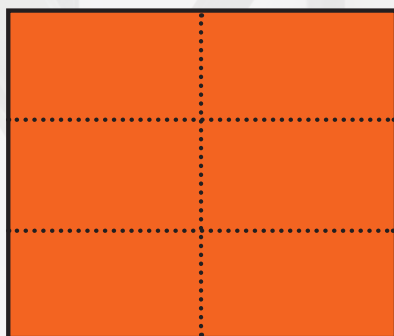

PLW 1004 - 2x3 LED video wall mount

Depth	169 mm
Height	2025 mm
Width	2400 mm
Weight	104,3 kg
