

Warranty Information

NETGEAR ReadyNAS products now available with an industry leading **5-year** hardware warranty.

What is NETGEAR's ReadyNAS® 3200 (RN12P0000-WWS)?

The ReadyNAS 3200 is a 2U 12-bay storage system designed for businesses needing high-quality, cost-effective data storage capacity. ReadyNAS unified architecture solves numerous data management problems with a single system, making worries about unstoppable growth, cross-platform access, impossible backup and restore windows and disaster recovery obsolete. Now you can eliminate common data concerns and revolutionize your storage environment without becoming an expert.

The ReadyNAS 3200 (RN12P0000-WWS) is 12-bay diskless storage.

Features

- Unified architecture - NAS and iSCSI SAN at the same time for files and application data
- Powered by Intel Dual Core processor for high performance
- Redundant power supply, redundant system cooling, ECC memory, redundant hot swappable enterprise class disk drives for reliability and business-critical applications
- Supports RAID 0/1/5/6/10 and X-RAID2
- Embedded backup from client, snapshot, offsite archive, secure replication, advance ReadyNAS Replicate software option with cloud-based management, ReadyNAS Vault option for backup to cloud, and Symantec Backup Exec agent support
- VMware Ready, certified for Windows Server 2008R2, and Citrix Ready
- Support CIFS, NFS, AFP, HTTP(s), FTP(s), and iSCSI
