Dear Families and Friends of Scarsdale High School Athletics:

On behalf of the Maroon and White Board, we are pleased to welcome you to the 2019-20 Sports Awards Dinners. Tonight, we honor our student-athletes both for their accomplishments on the playing fields and their commitment to Raider Pride. Raider Pride is about dedication to your team and to learning to win and lose with grace. It includes doing your best during competition and in the classroom. Raider Pride is always knowing that you represent your school and your team wherever you are.

Raider Pride has been a core philosophy of Maroon and White for the 52 years we have been supporting the Physical Education and Athletics programs of the Scarsdale Schools. We applaud our student-athletes for recognizing that their time and effort is not just about wins and losses but much more.

Maroon and White is grateful for the continuing support of Raider families throughout the year. Your family ads in the Sports Journal are the financial backbone of Maroon and White. We also ask that you patronize our business advertisers, which are an integral part of our Sports Journal's success. We appreciate your other forms of support: your purchases of Raider Merchandise, the Raider "S" signs on your lawns, and your membership contributions. Because of your efforts, we have been able to make contributions of approximately \$25,000 each year in support of necessary but unbudgeted physical education and athletic items; we have been able to give year-end scholarship awards to deserving student-athletes; and we are able to host all student-athletes at our awards dinners without cost to them. Because of your generosity, we have contributed \$100,000 to the new SHS fitness center as well as another \$200,000 towards permanent LED lights for the Butler field. With your continued support and generosity, Maroon & White will continue to support similar programs for many years to come.

Special thanks to Ray Pappalardi, our Director of Physical Education, Health and Athletics, for his devotion to the physical and emotional well-being of our children; to Joe DeCrescenzo, our Assistant Athletic Director, whose countless hours and endless patience keeps the complex machinery of practices, games, and tournaments moving smoothly; and to Schools Superintendent Thomas Hagerman and SHS Principal Ken Bonamo for their thoughtful commitment to the value of sports and physical education in a liberal arts program.

We would also like to take this opportunity to acknowledge the passing of our friend and fellow board member Tara Jacobson. Tara will be remembered for her kind and gentle nature, warm smile, willingness to pitch in, and innumerable contributions to Maroon and White over the years. She will be greatly missed by all who had the privilege to know her.

Finally, thanks to all the coaches for your dedication to our children. Your role in the lives of our student-athletes cannot be overestimated, and we appreciate the care with which you accept this responsibility.

Go Raiders!!

Dear Student-Athletes,

This evening we recognize and celebrate your athletic achievements during the three seasons of the past academic year. We also recognize the invaluable leadership and guidance of your coaches, who have developed your skills for success not only in competition but also in the classroom and in life.

Athletics play an important role in character development. As team members, you have had the opportunity to practice the values of teamwork, sportsmanship, and dedication. As participants, you have consistently met high standards through both drive and skill, and you have enjoyed the pleasure of the game. You have tested the limits of athletic and academic endurance. All of you are role models for our school and our community. This evening we applaud your achievements both on and off the field.

We give thanks to your teachers, parents, family, and friends who support you in your pursuit of excellence. The dedication of your coaches provides a model for you to emulate. We are grateful for the ongoing support of Maroon and White. Finally, the work of our Athletic Director, Ray Pappalardi, and Assistant Athletic Director, Joseph DeCrescenzo, provides the framework in which all of these athletic and personal accomplishments can flourish.

Congratulations to all on a job well done. Go Raiders!

Sincerely,

Kenneth Bonamo

Ray Pappalardi
Director of Physical Education, Health, & Athletics

Dear Raiders,

I am writing this letter as we enter Raider Pride Week. We can take great pride in knowing that Scarsdale High School already has one Sectional Championship, and one Con Edison Scholar Athlete Award recipient for the 2019-20 school year. While our teams are experiencing great success competitively, I am more impressed with the way our student-athletes' play. Our seniors are taking the lead, and when our teams compete, the intensity and tenacity is contagious. Recalling the last few weeks, the contests have been filled with excitement. I cannot wait for the post-season.

When I witness the advantages that interscholastic sports offer our student-athletes, I am re-committed to offering an inclusive, competitive program. Scarsdale High School is fortunate to have 26 Varsity Sports, over 70 teams, and over 60% of Scarsdale High School students participating in sports. Approximately 38% participate in fall sports alone. As we continue to improve our programs, our staffing, and our facilities, we must not lose sight that:

"our aim is to develop a student with an improved self-image, the ability to learn a new skill, and an intrinsic motivation for growth and development. We want to see a student who will demonstrate a willingness to accept responsibility for his/her actions, measure him/herself against standards of quality, express ideas and solutions to problems, and value fair play, honesty, and cooperation."

In short, the intent of our programs are to allow our student-athletes to become the best version of themselves. Through competition and a commitment to self-improvement, our student-athletes learn many life lessons. To support our student-athletes' experiences, our facilities are being updated, and we have imminent plans to further enhance our fields. Also, we are creating novel ways to increase the expertise of our coaching staff, and positively affect the experience and success of our student-athletes. In all, we are working hard to build and maintain an outstanding interscholastic athletic program that will have long-lasting success.

In closing, I ask you to join me in thanking Maroon & White for all of their support. The members volunteer tirelessly to improve the experiences of our kids. Graciously, they fund program enhancements not supported by the budget. Enthusiastically, they organize events to bolster school spirit. Courageously, they campaign to improve athletic facilities for the entire community. Without their support, we would not be able to offer so much to so many.

Be loud and be proud to be a Raider!

Yours,

Ray Pappalardi
Director of Physical Education, Health & Athletics
