## R.A.S.V. BEEF CATTLE JUDGING CHAMPIONSHIP

A Beef Cattle Judging Demonstration and Competition will take place in the Federation Ring, on Friday, 28th September, 1990, commencing at 10.30 a.m.

The Demonstration and Competition will be conducted on a Beef breed. In future years different breeds will be used. Competitors will be asked to place six bulls in the order they fancy.

The three prominent breed Judges appointed will agree on what might be termed the correct order of placing the cattle and will question the final six competitors over the P.A. system as to the reasons for their placements when determining the ultimate winner of the Competition.

Entrants should bear in mind that the Judges will award points to competitors for correctness of dress (within reason) and footwear; the manner in which Stewards (where present) are handled, and general decisiveness and ring craft.

A Spokesman for the Judges' Panel will give explanations to competitors as to why the cattle were placed in the order decided upon by the Judges and at the same time will demonstrate the use of ring-craft as an aid to making correct decisions and as a methodical means of permitting spectators to understand the Judges' reasoning.

This will be a post entry competition and there is no entry fee.

FOR MOST OF  
AUSTRALIA'S PAST,  
WE'VE BEEN LOOKING  
AFTER ITS FUTURE.

Our nation was barely 60 years old when AMP began providing financial security for ordinary Australians.

In the years since then, we've helped millions safeguard their future.

We stood by our farmers through the depression.

We helped the wives and families of diggers cope with the hardships of war.

Through natural disasters and personal tragedies, we've made sure no-one had to face things alone.

Last year AMP policyholders and beneficiaries received well over \$3.5 billion.

And on top of that, more than 5 million policyholders and their families continue to enjoy the most important benefit that AMP offers: the knowledge that we'll always be there when we're needed.

WE'LL ALWAYS BE THERE

# THE SUFFOLK – FEATURE SHEEP

## 1990 ROYAL MELBOURNE SHOW

Suffolks are the feature sheep at this year's Royal Melbourne Show. The Suffolk Sheep Breeders' Association of Victoria has chosen "Meat the Lean Machine of the 90's Suffolk" as the theme.

Since their first appearance at the Royal Melbourne Show in 1904 Suffolks, then a rarity anywhere in the world but their place of origin, England, have gone on to become the most dominant sheep meat breed in the world.

Suffolks still retain their popularity in Great Britain, where they are known as the "butcher's sheep" from the early 1880's. They form the major breed in the United States, where specialised breeding has developed the American Suffolk to much greater size than anywhere else in the world. Suffolks are also as popular in South Africa, Canada, New Zealand and there are many flocks in many European countries. One quite unique flock belongs to the Japanese Royal household, to which Australian Suffolks were recently added.

The first Suffolks were imported to Australia by the Reverend Samuel Marsden, who arrived in 1793 as a second chaplain to the N.S.W. settlement. He used Suffolk rams to develop the beginning of Australia's sheep and meat industry.

The first main consignment came out in 1913 when 3 rams and 14 ewes were imported. Between the years 1913-1952, 42 rams and 65 ewes were imported, after this all imports from England ceased. So by this you can see Suffolks have been around in Australia since the first settlement.

The first Suffolks shown at the Royal Melbourne Show in 1904 were displayed by G. R. Jackson of Ferndale, near Albury, N.S.W. Included was a ram Fingrinhoe Persimmon imported from England. It was the first noted Suffolk sire of Australian studs.

Then in March, 1914, the Victorian Government Research Farm at Werribee caused great interest by purchasing a Suffolk flock of 12 ewes and 2 rams to compare with other meat sheep breeds already running there. They held the number one Suffolk registered flock in the British Breed Flock Book and wasted no time showing their flock and took out a number of prizes at the 1914 Royal Melbourne Show, including that of a champion ram. Thanks to the excellent records kept by the Department of Agriculture and the Werribee Research Farm there is even a photograph of the medallion presented at the occasion.

There are 368 studs throughout Australia. The largest stud is in Western Australia breeding 372 ewes. Suffolks thrive in the lush pastures of Tasmania to the dry of W.A. and Queensland.

We pride in breeding sheep to meet the market and with the demand for a carcass of sweet lean meat that the producers want for the new style of lamb cuts our breed should certainly fulfil these requirements.

With the twinning ability of the Suffolk ewes or on the ram side this also is a plus as a marketing percentage of 130% to 160% is quite common. The quiet nature of the breed makes for easier handling.

Because Suffolk wool has a rare "springy" quality there is an increasing demand for it in both Australia and in Japan to make futons, the Japanese-style mattresses. It is also used throughout the world to make hard-wearing Tweeds and other fabrics. Hand-knitters find it excellent for Aran-style knitwear. It is also used for the filling of wool quilts. Suffolks are prolific milkers and sheep-cheese experiments using the breed are underway in Australia.

# THE "GENESIS" OF THE BREED OF SUFFOLK SHEEP

The "genesis" of the breed of Suffolk Sheep is clear and indisputable.

Early in the present century a breed of Suffolk sheep existed which had been founded by crossing the original **horned** Norfolk ewes with improved Southdown rams. The former are described by Arthur Young in his "General View of the Agriculture of the County of Suffolk" – published 1797 – as having as mutton "for the table of the curious no superior in texture or grain, flavour, quantity and colour of gravy, with fat enough for such tables". The same chronicler speaks of their wool being "fine, and in price the third sort in England", of their "activity in bearing hard, driving", their "hardiness", and "success as nurses".

Here, surely, breeders had the finest "parent stock" imaginable! High breeding, quality, and fecundity on the part of the dam, and exceptionable form, quality, and soundness on that of the sire. To what pitch of excellence might not the Southdown-Norfolk have arrived by this time if the fostering care of an ASSOCIATION OF BREEDERS had been available 75 years ago? As it is, the breed has been in many instances perpetuated for generations with rigid adherence of purity of blood, existent flocks dating back to the year 1810. In some cases an infusion of other strains of blood has undoubtedly been tried, but with the general result of proving conclusively the greater value of the original combination.

In 1859 classes were devoted to these sheep at the Suffolk Agricultural Association's meeting, and the distinctive name of "Suffolks" was then attached to the breed. It is, however, very probable that the same character of sheep was in considerable repute as early as 1797, for the writer previously quoted says, "As the most famous flocks are about Bury St. Edmund's (much more celebrated than any in

Norfolk), it has been observed that they ought rather to be called 'the Suffolk breed'."

Passing to the present time, it is desirable to notice, in as concise a manner as possible, the characteristics of the sheep as they now exist. They may be briefly described as black-faced hornless sheep, with clean black legs, closely resembling the Southdowns in character and wool, but about 30 per cent larger and proportionately longer on the leg.

The need of mutton-producing sheep has drawn the attention of foreign breeders to "Suffolks", and a number of ewes and rams have been exported to Austria, France, Germany, Russia, Switzerland, North and South America, and the **Colonies**, during the past few years. (Suffolk Sheep Flock Book 1890).

At the Department of Agriculture Central Research Farm (Werribee, Victoria) Lincoln, Border Leicester, Dorset Horn, Shropshire, Southdown, and Suffolk Rams were mated with Two-tooth First-Cross Lincoln-Merino Ewes, and carefully tested under exactly similar conditions. The Suffolk-Cross Lambs at 14 to 15 weeks were as heavy as the heaviest of the other crosses at 17 weeks, in average live weight they were second, 90.5 lb., in maximum weight of carcass first, 60 lb., first in minimum weight, 39 lb., and first in average weight, 47 lb., and they showed the least percentage of offal loss, 37.0. The value of the Suffolk-Cross Wool was 56 in Bradford counts, and when sold was only second to the Lincoln-Cross in value per lamb.

Suffolk Rams are now being used on the whole farm flock of Lincoln-Merinos for the production of fat lambs, and the experiments there with the Suffolk-Cross are being watched with interest throughout Australia. (Suffolk Sheep Flock Book 1920).

Unless you choose to go to the casino, duty-free shopping, bar-hopping, sightseeing and shopping on shore, everything else is included in your price.

Now that we've taken up to \$1,200 off, imagine what you can get up to!

# ★ How do you cut 14 years off your home loan? ★ off your home loan? (and save \$100,000 doing it)

If you sign up for a standard set-and-forget type of home loan, you're probably in for 25 years of repayments. Instead, call in to any branch of National Australia Bank and we'll show you how you could pay off your home in around 10 years with our flexible home loan.

## **Cutting years off your home loan**

Our home loan takes into account your likely future circumstances; not just your current financial position. By planning to pay more in future years when you can afford it, you can easily cut 14 years off the old set-and-forget type of loan – and in doing so save over \$100,00 in interest payments.\*

## **Our Computer shows you how**

National Australia Bank offers an exclusive home loan simulator. It's a computer programme we use to structure home loan packages in any number of ways to suit your particular needs. It's then easy to see exactly where you could be in 10 years time depending on the various options chosen. And we'll give you a print-out of all the information to take home for consideration.

**To own your own home earlier,

 National Australia Bank, today.**

6. All entry forms must be signed by the Exhibitor or his authorised agent. Where an Exhibitor is less than 18 years of age, the entry form must be signed also by the Exhibitor's parent or guardian.

The Exhibitor is responsible for the correctness of all information on the entry form.

7. Restrictions on the number of entries in any section or class may be made by the Company.

8. Subject to the regulations in the relevant Prize Schedule, no exhibit may be entered in more than one Ordinary Class. Without limiting the foregoing, the Exhibitor shall indemnify and keep indemnified and hold harmless the Company and the Society from all claims whatsoever in respect of the exhibit whether arising by reason of any loss of or injury to or caused by the exhibit or by reason of its transportation, feeding or housing or for any other reason whatsoever.

12. The Exhibitor enters entirely at his own risk. In case any exhibit whilst on the Show Grounds shall cause or be the cause of injury or damage to any other exhibit or Exhibitor or to the person or property of the Company or the Society or any members thereof or to the general public, the Exhibitor of such exhibit shall indemnify and keep indemnified the Company and the Society from and against all damages, costs, claims, expenses and liabilities (including without limitation consequential loss and loss of profits) thereby incurred. The Exhibitor shall be liable to the Company and the Society for any damage or loss occasioned to any of them by the exhibit or Exhibitor or any person acting on his behalf or otherwise representing him.

13. The Company will arrange compulsory Owners' Liability Insurance cover for all exhibitors in the horse, beef cattle, beef carcass, dairy cattle, dog, sheep, goat, pig and cat sections. 15. Any awards may be forfeited and should this occur, any prizes, ribbons or prize cards must be returned to the Company.

18. Should the Company be of the opinion that:

- (a) a statement which is fraudulent, false, erroneous, misleading or deceptive, or likely to mislead or deceive has been made regarding an exhibit, whether or not the person making that statement was or ought to have been aware that the statement was fraudulent, false, erroneous, misleading or deceptive, or likely to mislead or deceive (as the case requires); or
  - (b) an exhibit has or may have been tampered with or otherwise improperly dealt with,
- then the exhibit and the Exhibitor or either of them may be dealt with in accordance with the applicable regulations.

19. Exhibitors must, if required by the Company, make a statutory declaration in such form and with respect to such matters regarding their entries and otherwise as the Company may in its absolute discretion require.

20. The Company reserves the absolute discretion to refuse to accept any exhibit, Exhibitor or competitor for entry in any event or class at the Show and to withdraw, disqualify, suspend for any period (and particularly future Shows conducted by the Company) or otherwise penalize any exhibit, exhibitor or competitor prior to or in the course of any event or upon the conclusion of any event (whether before or after the event has been judged) and generally to adjudicate on and finally determine any matter whatsoever concerning or in any way related to the Show involving the performance or conduct of any exhibit, Exhibitor or competitor or the presence of any drug (as defined in the regulations printed in the relevant schedule or catalogue) in any exhibit.

21. In exercising its aforementioned discretion the Company may if it thinks fit refrain from:

- (a) giving any reason or reasons for the exercise of its discretion;
- (b) giving notice in advance of its consideration of any fact, occurrence, circumstance or state of affairs which resulted in the exercise of its discretion in a particular manner;
- (c) granting a hearing (with or without legal representation) or accepting submissions (whether oral or written) on any aspect of the exercise of its discretion (including matters involving the withdrawal of an exhibit from an event or the imposition of a disqualification, suspension or other penalty);

- (e) otherwise accomodating the Exhibitor or competitor affected by the exercise of the discretion, as required from time to time by principles of natural justice.

If the Company elects in its absolute discretion to accord natural justice to an Exhibitor or competitor then the Company shall unilaterally determine the content and extent of that natural justice and notify the same to the Exhibitor or competitor.

22. The Company reserves the right to rule at any time that any exhibit, Exhibitor or competitor may not compete. This right remains notwithstanding the Company's acceptance of the entry, its inclusion in the Company's catalogue or the issue by the Company of an exhibit ticket, number or any other document.

23. Subject to regulations in the relevant Prize Schedule, an exhibit ticket will be issued by the Company for each exhibit unless the Company otherwise determines. The exhibit ticket will state the number of the exhibit and its sole purpose is to identify the exhibit. The exhibit ticket must be produced whenever required by the Company or the Steward in Charge at the time of judging.

24. Except with the prior written approval of the Company, no livestock or animals, other than livestock or animals entered for the Show, are permitted on the Show Grounds. Domestic animals belonging to Exhibitors are included in this prohibition.

Any personal belongings, equipment or property brought by Exhibitors, their employees or families, to the Showgrounds must be kept in the accommodation lockers or other areas allocated by the Company for storage purposes.

Subject to the regulations in the relevant Prize Schedule, should there be a tie for any placing in any event or class, subsequent placings in that event or class will be awarded such that the next placing will be the sum of the number of exhibits already placed plus one. (For example, if two exhibits tie for first place, the next placing to be awarded is third.)

33. The Judge may make a reserve number, by marking it as such, of the exhibit next in order beyond those to which the prizes are awarded in every class where the number of the entries exceeds the number of prizes offered, if, in his opinion, the exhibit is of sufficient merit to deserve a prize; he may also give commendations, in his opinion, they are deserved.

34. Subject to Regulations 20 and 38, where a prize is disqualified, the Company may promote to that prize the exhibit next in order, whether such exhibit was awarded a prize or reserve number. Such protests shall be accompanied with a deposit of \$20.00 which may be forfeited to the Company if in the sole opinion of the Principal Officer the protest is unfounded, frivolous or vexatious.

38. If any exhibit which has been awarded a prize is disqualified the next in order for award does not necessarily become entitled to that or any prize.

39. The protest and all matters arising therefrom shall be determined conclusively as to all matters by the Company and shall not be the subject of any appeal to any court or any order for review or of a similar nature.
