

AUTHENTIC PERFORMANCE

MOPAR[®] REMAN ELECTRONIC CONTROL MODULES APPLICATION GUIDE

MOPAR® REMAN ELECTRONIC CONTROL MODULES

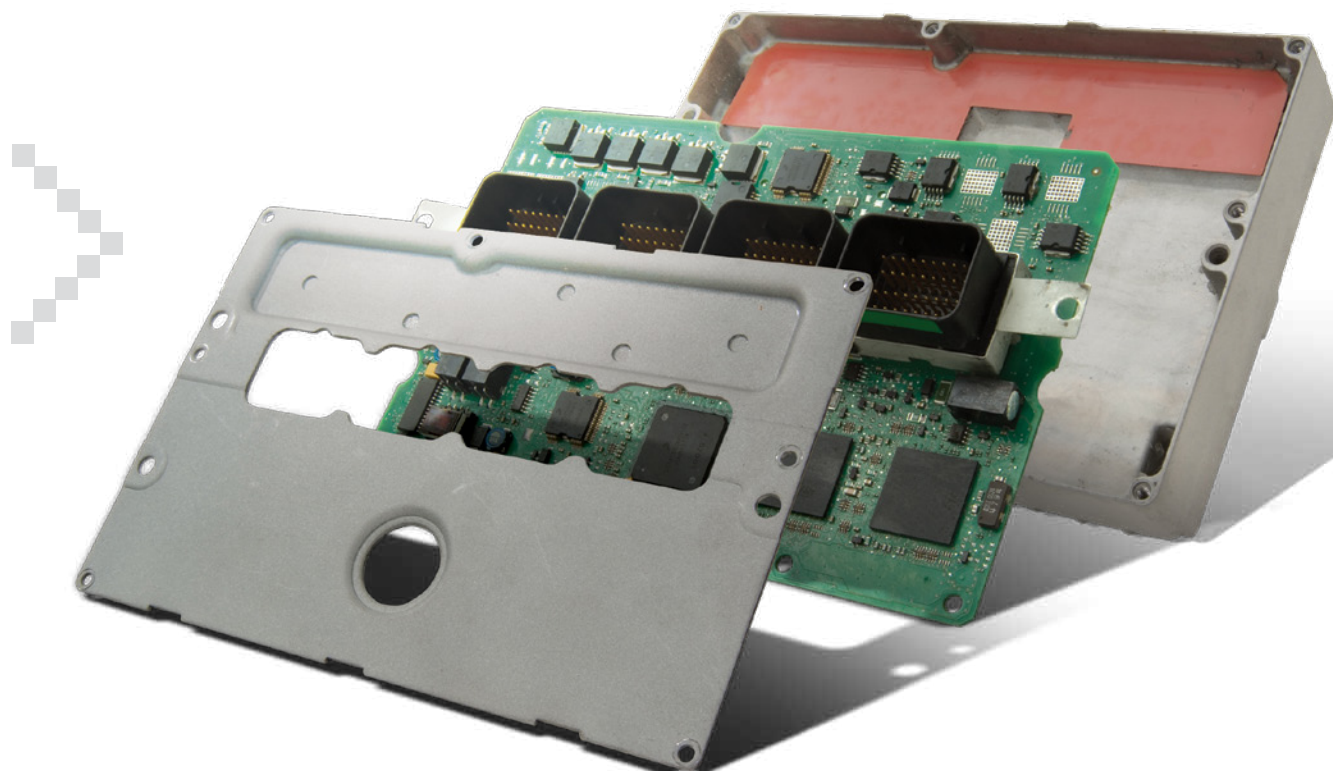

PROMOTE THE FULL LINE OF MOPAR REMANUFACTURED ELECTRONIC CONTROL MODULES TO YOUR RETAIL AND WHOLESALE CUSTOMERS.

The Decision is Yours!

With owners keeping their vehicles longer, the right choice for repair work is the part that best combines quality and a competitive price. Educate your retail and wholesale customers on the benefits of Mopar® Reman. It's the best way to capture product sales from the aftermarket.

Product Features:

- Comprehensive cleaning process brings controllers back to new by thoroughly cleaning the PC board and housing to ensure there are no contaminants or residue
- High-quality electronic controllers are 100% tested to deliver guaranteed performance and reliability
- Rigorous thermal and environmental testing of the product is carried out to ensure superior product quality
- Testing procedures and testing equipment are the same as O.E. manufacturing
- Encapsulation materials and electronic repair components are the same as OEM to meet original design specification
- Module software is upgraded to the latest calibration
- All component failures are upgraded and replaced to eliminate OEM flaws

FOUR CYLINDER CONTROLLERS
