Introductory Section

OFFICE OF COUNTY MAYOR TIM BURCHETT

Department of Finance • 400 Main Street, Suite 630, Knoxville, TN 37902

December 22, 2016

To the Board of Knox County Commissioners and the Citizens of Knox County, Tennessee:

The Comprehensive Annual Financial Report (CAFR) of Knox County, Tennessee (the County) for the fiscal year ended June 30, 2016, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentations, including all disclosures, rests with the County. County management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal control that has been established for that purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position and changes in financial position of the various funds of the County and its component units. All disclosures necessary to enable the reader to gain an understanding of the County's activities have been included.

The introductory section includes this transmittal letter, the County's organization chart, and a list of principal officials. The financial section includes Management's Discussion & Analysis (MD&A), the basic government-wide and fund financial statements, and notes to the financial statements. The Financial Section also includes Required Supplementary Information and other supplemental information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The reader is directed to the MD&A for a narrative introduction, overview and analysis of the financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Knox County's MD&A can be found immediately following the report of the independent auditors.

State law requires that the County obtain an annual audit of its books and records. The independent audit performed by Pugh & Company, P. C., Certified Public Accountants, has been obtained to fulfill that requirement. The auditors have issued an unqualified ("clean") opinion on the County's financial statements for the year ended June 30, 2016. The independent auditors' report is located at the front of the financial section of this report. The County is also required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit, including schedules of federal financial assistance, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations, is included in a separately issued report.

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the County) as well as its component units. Component units are legally separate entities for which the primary government is financially accountable. Component units are discretely presented in separate columns in the government-wide financial statements to emphasize they are legally separate from the primary government and to differentiate their financial position, results of operations, and cash flows from those of the primary government. The Knox County Board of Education (the Board), Knox County Emergency Communications District (the District), The Development Corporation of Knox County (the Corporation), and the Knox County Railroad Authority (KCRA) are reported as discretely presented component units. The County and its component units provide a full range of services including, but not limited to, the construction and maintenance of highways, streets and infrastructure, public health and welfare, police protection, emergency telephone services, elementary and secondary education, community services, sanitation services, and recreational and cultural events. Because of the close relationship between the County and the Board and the fact that the Board does not issue financial statements separate from those of the County, several of the supplemental schedules and other financial information have been consolidated to more properly reflect the joint activities of the County and the Board.

GOVERNMENTAL STRUCTURE

The County has operated under a County Mayor/County Commission form of government since September 1, 1980, and has been under a Home Rule Charter (Charter) since September 1, 1990. Policymaking and legislative authority are vested in the County Mayor (the executive branch of the County) and the County Commission (the legislative branch of the County). The County Commission is responsible for, among other things, passing ordinances, adopting the budget and appointing committees. The County Mayor, elected at-large for a four-year term, is responsible for carrying out the policies and ordinances of the County Commission, overseeing the day-to-day operations of the government and appointing the heads of many of the County's departments.

OFFICE OF THE COUNTY MAYOR

Knox County Mayor Tim Burchett took office on Sept. 1, 2010, shortly after the start of the 2010-2011 fiscal year. Since taking office, Mayor Burchett continues to focus on providing high-quality, efficient service to our citizens at a savings to taxpayers. Some of the achievements of Mayor Burchett's tenure to date include:

- General Fund balance has increased by over \$20 million from the beginning of FY 2011 to the FY 2016 end of year.
- Restored 177 hours of operation per week within our public library system with no additional impact on the budget.
- Increased purchasing transparency by implementing first-in-the-state online, searchable databases for E-commerce card and purchase order transactions.
- Ensured more than \$2 million in savings over four years by utilizing public-private partnerships to provide pediatric care, as well as translation services for Knox County Health Department clients.

- Implemented mileage reimbursement at the standard federal rate in lieu of monthly travel allowances, which saved approximately \$78,000 annually.
- Sold unnecessary county vehicles, resulting in thousands of dollars in cost-avoidance savings through reduced maintenance, fuel and liability costs.
- Reduced Knox County's debt obligations by over \$76 million since taking office.
- Identified a funding mechanism to use one-time dollars to pay for the construction of a new Carter Elementary School, therefore eliminating a potential \$8 million in traditional bond interest payments. The school opened on time for the 2013-2014 school year.
- Sold the Solway greenwaste facility property for \$2 million; prior to the sale, the upkeep on the property cost taxpayers an average of \$245,000 annually.
- Engaged a committee of private sector experts to help advise Mayor Burchett on how to address the growing cost of employee health benefits in an attempt to bring those benefits more in-line with the private market; many of the committee's suggestions were implemented and the changes resulted in projected savings of \$1.7 million.
- Supported the Halls and Northeast Knox greenway projects, as well as the Knox-Blount greenway project.
- Constructed and opened the Concord "Pet Safe" Dog Park.
- Restored the stream bank along Beaver Creek at Halls Community Park.
- Made parking improvements at the Knox County Sports Park.
- Saved the building that formerly was used for the Oakwood Elementary School. The condition of the building had deteriorated, and its future was uncertain. The County worked with developers and others in the private sector to make needed upgrades and repairs to the facility, which is now being used for senior housing. This provides additional services to the community and places the property back on the County tax roll.
- Saved Historic Knoxville High School, which is now being redeveloped for private use.
- Sold State Street properties, which are now under development as a mixed-use residential project known as Marble Alley.
- Opened the new Karns Senior Center, bringing the total number of Knox County senior centers to six.
- Helped launch a youth dental program in partnership with the Great Schools Partnership, Knox County Schools and the Elgin Children's Foundation.
- Opened a larger, safer and more efficient Knox County Solid Waste convenience center in the Karns community.
- Opened the new Clayton Park in the Halls Community.
- Broke ground on the new Plumb Creek Park.
- Broke ground on two new Gibbs and Hardin Valley middle schools.
- Opened or expanded two disc golf courses at Powell Station Park and Tommy Schumpert Park.
- Completed 5.3MW solar project that will save taxpayers approximately \$14 million over the next 30 years.
- Supported Zoo Knoxville's master plan with a 5-year, \$5 million capital commitment.
- Added 70 acres to I.C. King Park, which will lead to improved amenities and a new, safer entrance to the park.
- Led the Midway Business Park rezoning process through a series of public input sessions and public meetings.

Board of County Commissioners and the Citizens of Knox County, Tennessee Page iv

Legislative Initiatives

Impact of State Funding: Knox County, like the other 94 county governments in Tennessee, receives significant support from state-shared revenues -- mainly in the form of education and highway dollars. Because of this dependence, the legislative activities of the Tennessee General Assembly are carefully monitored. Thanks to the continuing leadership of our Governor, the State again passed a responsible, balanced budget. We at the local level are thankful for the fiscal responsibility demonstrated by the state budget. A healthy state budget means more stable and predictable revenues for all cities and counties.

Capital Improvement Initiatives

As evidence of the County's commitment to build the facilities necessary to serve the citizens of Knox County and promote economic development within the County and region, the County Commission adopted the Knox County Capital Improvement Plan. At the recommendation of the County Mayor, the five-year capital plan represents a road map of anticipated major capital projects. It does not represent appropriations and is subject to annual revisions or modifications. These individual projects will be primarily funded through general obligation bonded debt.

During the year, the County and the Board expended significant resources in the following major construction/renovation projects in accordance with the County's Capital Plan:

General Construction/Renovation:

General Project Management Dutchtown Convenience Center City County Improvements/Developments Various Maintenance Improvements Road Construction/Improvements:

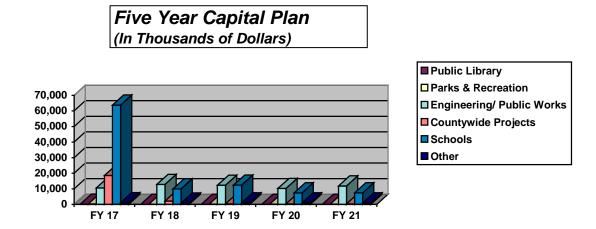

Parkside Drive Extension
General Road Improvements
Ebenezer/Gleason Intersection
Hardin Valley/Greenland

School Construction/Renovation:

Physical Plant Upgrades
Energy Management Project
Security Camera System
HVAC Upgrades
Mooreland Heights
Gibbs Middle
Hardin Valley Middle

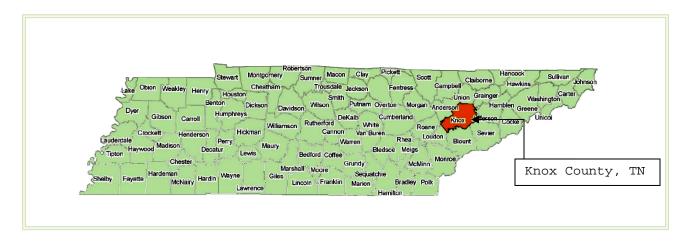

The following summarizes the capital improvement plan net of estimated allocations for project schedule variances (amounts expressed in thousands):

Project Description	FY	Y 16-17	FY	17-18	FY	7 18-19	FY	Y 19-20	FY	Y 20-21	T	OTAL
Libraries	\$	152	\$	0	\$	0	\$	0	\$	0	\$	152
Countywide Projects		18,519		2,200		300		300		300		21,619
Parks & Recreation		350		100		200		200		200		1,050
Engineering & Public Works		10,545	1	2,805		12,280		10,240		11,840		57,710
Building Improvements & Other		1,104		900		1,000		1,000		1,000		5,004
Schools		63,750	1	0,000		12,400		7,400		7,400]	100,950
Total – Approved Projects	\$	94,420	\$ 2	6,005	\$	26,180	\$	19,140	\$	20,740	\$ 1	186,485

Note: The increase in FY 17 is due to the planned construction of two new middle schools in the Hardin Valley and Gibbs communities.

ABOUT KNOX COUNTY

The County is the third most populous county in the State of Tennessee. Located in Middle Eastern Tennessee at the headwaters of the Tennessee River, it is the hub of the areas of East Tennessee, Southeast Kentucky, Southwest Virginia and Western North Carolina. This area encompasses over two million people. The U.S. Census Bureau's 2015 census demographic population data reported that 451,324 citizens reside within the total land area of approximately 526 square miles that make up Knox County. (See Knoxville-Knox County Metropolitan Planning Commission for additional information regarding population information, demographics, and other information about Knox County.) Knoxville, the County seat, is about 50 miles west of the North Carolina state line.

The City of Knoxville's 2015 census data was reported at 185,291. It is the largest incorporated municipality in the County. Farragut, the only other municipality in the County, has an estimated population of 22,676. Knoxville has a land area of approximately 104 square miles within its corporate limits and is located on the Tennessee River near the geographic center of East Tennessee.

Manufacturing and Commerce

Located in the northeastern portion of the State, Knox County, along with Anderson, Blount, Campbell, Grainger, Loudon, Morgan, Roane and Union counties, is part of the Knoxville Metropolitan Statistical Area (MSA). Because of its central location in the eastern United States, the County metropolitan area serves thousands of industrial and commercial customers in a concentrated eight-state area. It is within 600 miles of approximately 40 percent of the population of the United States. For many years the County has been known as one of the South's leading wholesale markets. Based on 2015 estimates, there were approximately 995 wholesale establishments, 1,615 retail establishments, and more than 5,924 service industries located in the County.

The area is the trade center for a 42-county region, located in East Tennessee, Kentucky, Virginia and North Carolina, which serves over two million people. It also is the cultural, tourist, and professional center for this region.

The MSA includes more than 780 manufacturing firms, which produce a large variety of items including medical devices, electronic components, chemicals, manufactured housing, apparel, and automobile parts.

Board of County Commissioners and the Citizens of Knox County, Tennessee Page vii

Business Climate

The County has a history of being a regional leader in economic activity. The County offers premier location opportunities for high-technology and precision manufacturing firms. The University of Tennessee, Tennessee Valley Authority and the Oak Ridge National Laboratory help to provide a stable, secure employment base. The Knoxville area is home to many medium-sized manufacturing and distribution operations as well as customer service centers. The Knoxville area boasts a strong and reliable workforce, and low union membership rates. These assets, combined with an excellent location at the intersections of Interstates 40, 75 and 81, make Knox County a great location for any business. The County is also well served by 125 truck lines, two railroads, six airlines, and three local river terminals that provide direct links to the Great Lakes and to the Gulf of Mexico. The Knoxville area continually receives recognition for high quality of life, combining an attractive natural setting with a moderate four-season climate. In addition, the Knoxville area ranks among the nation's top markets for low cost of living. The Knoxville MSA ranks as one of the top southeastern urban areas with an index of 86.4 compared to the average of all participating cities of 100. The County has over 6,200 acres of park and recreation space, with approximately 177 miles of greenways and walking trails. The arts and culture are well served, with the Knoxville Symphony, Knoxville Opera Company, Knoxville Museum of Art, and several performing arts organizations, including the Clarence Brown Theater, providing numerous cultural opportunities. Live entertainment includes touring Broadway productions and many concerts at numerous venues throughout the area, including the historic, beautifully renovated Tennessee and Bijou theaters.

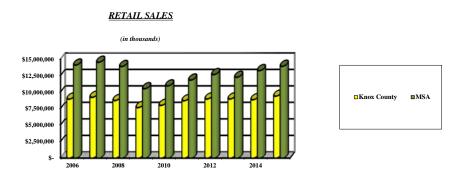

Industrial Investment

The Knoxville MSA has been recognized nationally as a leading location to live and do business. In 2016, The Brookings Institution ranked the Knoxville metro area as the 54th best-performing in the country based on its showing in job growth, unemployment, output (gross product), and house prices. Among metro areas in Tennessee, Knoxville was second only to Nashville (10th best nationally). Commerce and industry vary from the media success of Scripps Television Networks (HGTV, DIY, Food, Cooking, GAC, and Travel), to Sysco Corporation's (largest food service marketer and distributor in North America) regional warehouse and distribution center. In addition, many other local companies are recognized as national and global leaders, including Clayton Homes, Brunswick Corporation, Keurig Green Mountain, Bush Brothers, Pilot/Flying J Travel Centers, and Ruby Tuesday.

The area is also gaining a reputation as a prime location for corporate headquarters. High profile companies headquartered here in the MSA include the Tennessee Valley Authority, Jewelry Television, AC Entertainment, DeRoyal Industries, PetSafe/Radio Systems Corporation, and Regal Entertainment. Knox County has 7 business parks and a Technology Corridor to meet a wide range of corporate facility needs. In 2015, approximately 6,561 new jobs were created in Knox County among the more than 12,309 jobs created across the metro area.

Commercial Development

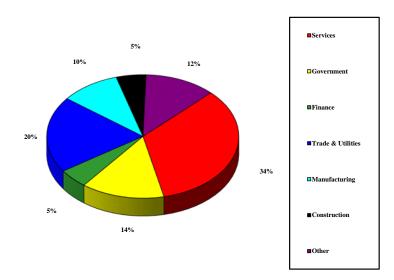

Four regional shopping malls and over 200 shopping centers and factory outlets meet the retail needs of Knox County citizens and visitors. Knox County has traditionally been the regional hub of the MSA. The 2015 retail sales in the MSA grossed over \$13.8 billion, with approximately 67% of that total generated in Knox County.

Tourism

Although industry frequently is considered the core of an economic base, secondary and tertiary activities also make important contributions to economic development. The convention and tourism business contribute to the County's economic base by drawing income into the region, resulting in employment opportunities as well as investment opportunities in tourist-related facilities. The area draws thousands of enthusiasts every year for University of Tennessee sporting events, and minor league hockey and baseball are also available for sports fans. Opportunities for outdoor recreation are plentiful, with parks and recreation activities throughout the County and in the nearby Great Smoky Mountains National Park which had over 10 million guests in 2015.

Non-Agricultural Employment

Knox County has demonstrated a very healthy diversity in employment. Services and trade are the two largest employment sectors in the County metropolitan area, followed by Government.

Board of County Commissioners and the Citizens of Knox County, Tennessee Page ix

Unemployment

Historically, Knox County's unemployment rate has been low relative to the state and national rates. For the month of June 2016, the seasonally unadjusted unemployment rates for the County, state and nation stood at 4.3%, 4.1% and 4.9%, respectively. The County's rate, while in line with the nation's, reflects a full percentage decrease from the corresponding rate from June 2015, and the state and national rates reflect moderate reductions. These rates indicate improvements in economic conditions across the board.

Per Capita Income

In 2015, Knox County's per capita income was \$44,849. This represents an increase of 4.3 percent compared to 2014.

FINANCIAL INFORMATION

Mayor Tim Burchett assumed the office of Knox County Mayor on September 1, 2010. The Mayor, during his mayoral campaign and throughout his first term, has expressed that priorities of his administration include keeping taxes low, and reducing the County's bonded debt levels. Therefore, the County has faced the challenge of maintaining essential services during the current difficult economy, while reducing the levels of debt. The approach taken has been based on careful budgeting and management of revenues and expenditures in both the annual budgets and the long-term budget for capital planning.

For the annual budget process, the FY 2016 adopted budget provided for a modest increase (6.1%) in General Fund expenditures. Most of the budgeted increase was for needed additional expenditures for public safety. Education funding, provided for in the General Purpose School Fund (the general fund for the Board of Education component unit) has also increased by more than \$13 million. The increases in budgeted funds for public safety and education reflect the Mayor's commitment to ensure that adequate funding is provided for these essential functions. By careful budgeting of expenditures in the overall budget, other essential services to Knox County citizens (road maintenance, parks and recreation, library services, etc.) have been maintained at appropriate levels. Revenues have been estimated conservatively, and actual results exceeded the budget. Much of this was due to local taxes, other local revenues and funding from the State that exceeded originally budgeted estimates.

The planned reduction in the County's bonded debt levels are dependent on both the levels of debt service payments and the amounts of new debt added. Debt service expenditures are provided for in the County's annual budgets, and the amounts of debt retirement have been provided for based on the required upcoming debt service. The amount of new debt to be added is dependent on the amount needed for projects approved in the County's adopted Capital Improvement Plan, which covers the upcoming five-year period. This funding mechanism provides for a matching of debt service expenditures with the useful lives of the assets acquired with the bond proceeds. In order to reduce the overall levels of bonded debt, it has been necessary to reduce the approved projects to be funded from debt proceeds. This reduction is being accomplished. The total bonded debt as of June 30, 2016 of \$614,988,642 is \$76,197,826 less than fiscal year 2011. This change resulted from the payments of bonded debt in the current year exceeding new issuances. Additional reductions are planned in future years to accomplish the Mayor's stated goal of reducing County bonded debt.

OTHER INFORMATION

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Knox County Government for its comprehensive annual financial report for the fiscal year ended June 30, 2015. This was the twentieth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our present report continues to meet the program's requirements and we are submitting it to the GFOA to determine eligibility for another certificate.

The County has also received, for the twenty-first consecutive time, the GFOA Award for Distinguished Budget Presentation for its 2016 Annual Operating Budget. In qualifying for the award, the County's budget document was judged to be proficient in several categories including policy documentation, financial planning and organization.

Acknowledgments

The preparation of the CAFR was made possible by the dedicated service of the Department of Finance. Those involved have our sincere appreciation for the individual and collective contributions made in the preparation of the report. Perry Benshoof, Jack Blackburn, Jennifer Bodie, Steve Campbell, Jeff Clark, Dora Compton, Susan Corlew, Patti Galvan-Balzer, Peter Lin, Melanie Wilck, and Taylor Frazier all went above and beyond the call of duty to design and generate this report. Thank you very much for your professional dedication in this effort. Thank you to the entire Department of Finance for your efforts to "get the job done well," every day. You serve the citizens of Knox County very well.

Recognition and appreciation are also extended to the County Commission and the Board of Education for their continued dedication in planning and conducting the operations of the County and the Board in a financially responsible and progressive manner.

Sincerely.

Tim Burchett

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor, County Commissioners and Audit Committee of Knox County, Tennessee Knoxville, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, budgetary comparison statement of the general fund, and the aggregate remaining fund information of Knox County, Tennessee (the "County") as of and for the year ended June 30, 2016 and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of The Development Corporation of Knox County ("TDC"), a discretely presented Component Unit reported in the financial statements of the County. The TDC comprises 2.27% of total assets and deferred outflows, 8.64% of net position and .14% of revenues of the County. We did not audit the financial statements of the Great Schools Partnership Charitable Trust (the "Partnership"), a discretely presented Component Unit reported in the financial statements of the Knox County Board of Education (the "BOE"). The Partnership comprises 1.94% of total assets and deferred outflows, .59% of net position and 1.21% of the revenues of the BOE. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the TDC and the Partnership is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

TSCPA
Members of the Tennessee Society
Of Certified Public Accountants

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented Component Units, each major fund, and the aggregate remaining fund information of the County and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison statement of the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages xvi through xxx and the schedules of changes in net pension liabilities or assets, investment returns, employer contributions and schedule of funding progress of the various pension and other postemployment benefit plans on pages 124 through 133 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, supplemental section which includes the combining and individual non-major fund financial statements, Component Unit - Board of Education section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The information included in the supplemental section and the Component Unit - Board of Education section, as listed in the table of contents, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The information included in the introductory section and the statistical section, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards and Uniform Guidance

In accordance with *Government Auditing Standards*, we have also issued, in a separately bound document, our report dated December 22, 2016, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. In addition, we have also issued, in the same bound document, our report dated December 22, 2016, on the County's compliance for each major federal program, internal control over compliance and the schedules of expenditures of federal and state awards as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the Tennessee Comptroller of the Treasury.

Certified Public Accountants Knoxville, Tennessee

Pugh & Company, P.C.

December 22, 2016

As management of the Knox County Government, we offer readers of the Knox County Government's financial statements this narrative overview and analysis of the financial activities of the Knox County Government for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-x of this report. All amounts, unless otherwise indicated, are expressed in dollars.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the governmental activities of the Knox County Primary Government exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$17,177,880 (net position). This amount includes a negative \$259,493,264 of unrestricted net position. The negative unrestricted net position amount resulted from the process by which the Primary Government issues debt on behalf of the Board of Education component unit.
- The Primary Government's change in net position for its governmental activities was an increase of \$3,140,665. Total net position for the Primary Government (governmental and business-type activities) increased by \$3,065,794.
- The Primary Government's governmental funds reported total fund balances of \$121,505,486, a decrease of \$2,366,710 for the fiscal year.
- The Knox County Government's total bonded debt at the end of the year totaled \$614,988,642, a decrease of 0.13 percent compared to the prior year total of \$622,812,923. Of the current year total, \$371,971,565 pertains to County general government activities and \$243,017,077 pertains to the Knox County Board of Education component unit. Bond principal paid in the current year totaled \$43,724,281 and debt issued totaled \$35,900,000.
- The County Property Tax Rate was \$2.32 for the fiscal year. There was no change from the prior year rate.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Knox County Government's basic financial statements. The Knox County Government's basic financial statements are composed of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplemental information and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Knox County Government's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the Knox County Government's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Knox County Government is either improving or deteriorating. The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Knox County Government that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Knox County Government include general government, public safety, highways and streets, sanitation, economic development, and culture and recreation. Knox County Government reports business-type activities for the operations of the Three Ridges Golf Course enterprise fund.

The government-wide financial statements include the Knox County Government itself (known as the primary government), and legally separate entities for which Knox County Government is financially accountable (component units): the school district – the Board of Education (The Board), a legally separate Emergency Communications District (The District), The Development Corporation (The Corporation), and the Knox County Railroad Authority (The Authority.) Financial information for these component units is reported separately from the financial information presented for the primary government itself. The District and Corporation issue separate financial statements. The Board and the Authority do not issue separate financial statements. The government-wide financial statements can be found on pages 1 and 2 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Knox County Government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Knox County Government can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The Knox County Government maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheets and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Constitutional Officers Special Revenue Fund, Capital Projects Public Improvement Fund and the Debt Service Fund, all of which are considered to be major funds. Data from the other eight governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Knox County Government adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund for information in the Basic Financial Statements section of the report. For a more detailed demonstration of budgetary compliance, the County also issues a separate Budget Report to Citizenry, which is available online at http://www.knoxcounty.org/finance/budget.php.

The basic governmental fund financial statements can be found on pages 3-7 of this report.

Proprietary funds. There are two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Knox County Government established an enterprise fund in 2009 to account for the operations of the Three Ridges Golf Course. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Knox County Government's various functions. Knox County Government uses internal service funds to account for its fleet service operations, mailroom operations, employee benefits activities (including retirement), self-insurance activities, building operations, technical support operations, self-insurance healthcare activities, and fleet capital leasing activities. Because these services benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The eight internal service funds are combined into a single, aggregated presentation in the basic proprietary fund financial statements, along with the presentation of the Three Ridges Golf Course enterprise fund. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 8-10 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Knox County Government's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 11-12 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 13-123 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Knox County Government's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 124-133 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and the individual fund statements are presented on pages 134-172. Combining and individual fund statements for proprietary funds can be found on pages 173-194 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position - Primary Government -- Governmental Activities

June 30, 2016 2015 Current and Other Assets \$ 351,878,840 \$ 344,357,970 609,534,524 Capital Assets 605,696,376 Total Assets 961,413,364 950,054,346 Deferred Outflows of Resources 58,030,181 40,180,016 Long-term Liabilities Outstanding 729,273,514 712,511,484 Other Liabilities 100,426,148 93,868,153 Total Liabilities 829,699,662 806,379,637 Deferred Inflows of Resources 172,566,003 169.817.510 Net Position: Invested in Capital Assets 267,670,250 267,497,791 Restricted 9,000,894 8,583,223 Unrestricted (Deficit) (259,493,264) (262,043,799) **Total Net Position** 17,177,880 14,037,215 \$

Governmental Net Position. Current and other assets consist primarily of receivables, mostly taxes, and cash and investments. By far the largest portion of the Knox County Government's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any outstanding related debt used to acquire those assets. The Knox County Government uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Knox County Government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The reasons for changes in capital assets are discussed later in this section.

An additional portion of the Knox County Primary Government's governmental activities net position represents resources that are subject to external restriction on how they may be used. These include restricted for Debt Service \$83,528 (last year \$83,728). Other restrictions include Public Health and Welfare \$2,232,080, Public Safety \$2,890,001, Social and Cultural Purposes \$2,219,077 and Other Purposes \$1,576,208 (last year had a combined total of \$8,499,495). The remaining balance of unrestricted net position deficit of \$259,493,264 reflects a positive change of \$2,550,535 compared to the prior year unrestricted net position deficit of \$262,043,799. The reasons for the positive change in net position are discussed in the section describing governmental activities.

The unrestricted net position balance represents funds that would normally be available to be used to meet the government's ongoing obligations to citizens and creditors. The primary reason for the deficit balance of \$259,493,264 as of June 30, 2016 results from the County's recognition of long-term debt issued on behalf of the Knox County Board of Education. Because the Board cannot by law issue its own debt, the County issues debt on behalf of the Board, and pays the proceeds to the Board. The Board then uses these proceeds for its capital purposes, and records the capital assets on its own Statement of Net Position. Therefore, the assets are shown on the Board's Component Unit financial statements, whereas the related debt is shown on the County's Primary Government financial statements. At June 30, 2016, the amount of bonds, capital leases and loans issued by the County on behalf of the Board still outstanding was \$276,280,509, compared to the prior year amount of \$288,581,780. If these liabilities were shown with the Board's amounts to match the capital assets, the County would have had positive unrestricted net position of its governmental activities of \$16,787,245 in 2016 and \$26,537,981 in 2015.

At the end of the current fiscal year, positive balances in total net position are reported for the total reporting unit, for the primary government and for each of the separate component units. The same situation held true for the prior fiscal year. The total reporting unit's net position increased by \$26,097,646 during the current fiscal year, compared to an increase of \$21,178,135 for the prior year. For the total reporting unit, the amount of the increase in net position is attributable to the underlying positive combined change in net position of the primary government and of the Board of Education component unit, totaling \$25,212,336, combined with the positive change in net position of the nonmajor component units of \$885,310 in the aggregate. The results for the Board, an overall positive change in net position of \$22,146,542, resulted primarily from increases in state revenues for education purposes of \$8,741,840, an increase in tax revenues of \$9,599,117, an increase in charges for services of \$4,334,598, net of an increase in expenses of \$5,958,053. See the next section for discussion of factors driving the results of the primary government's change in net position.

Governmental activities. Governmental activities increased the Knox County Primary Government's net position by \$3,140,665 in 2016. This amount results from the overall realization of certain revenues, primarily property taxes, state shared revenues and payments from component units.

The following table shows the changes in net position for the Primary Government-Governmental Activities for the fiscal years ended June 30, 2016 and 2015.

Knox County Primary Government Governmental Activities

Net Position, June 30	\$	17,177,880	\$	14,037,215

Program revenues include charges for services, which consist of various items such as fees for services, licenses, and fines. Charges for services relate to numerous and various government functions. These amounts increased by \$6,378,525 compared to the prior year. These items represent an aggregation of numerous transactions, and there is not a concentration of revenues in any area. These tend, therefore, to be relatively stable from year to year. Program revenues also include operating grants, which consist largely of grants received from the federal and state governments. These amounts decreased by \$6,122,775 compared to the prior year. The current

year decrease in revenues is due to various amounts received for government functions. The decrease also includes amounts contributed from developers related to capital projects.

General Revenues include local taxes, payments from component units, intergovernmental revenues, and other general revenues. Local taxes increased by \$5,637,197 compared to the prior year, a majority of this coming from property taxes and a relatively stable overall tax base. Payments from component units primarily consist of the amounts received for the Board's portion of debt service related to the debt obligations that the Primary Government incurred on behalf of the Board. Intergovernmental revenues consisting of state shared revenues increased \$999,095 in the current year. Other general revenues consist primarily of investment revenue and other miscellaneous. The decrease of \$875,134 from 2015 to 2016 in this category was primarily attributable to decreased investment revenues. In 2016, investment revenue was \$702,349. The 2015 corresponding total was \$2,201,014, for a net decrease of \$1,498,665. The largest component of investment revenue in each year is related to the change in fair value of an interest rate swap accounted for as an investment derivative instrument. In 2016, the change in fair value was a negative \$2,551,555, whereas the corresponding amount in 2015 was a negative \$395,203, resulting in a difference between the years of \$2,156,352. Although generally accepted accounting principles require recognition of this amount in the statement of activities, it should be noted that the County intends to hold the interest rate swap until maturity, and therefore the County has not realized any gain or loss in financial assets related to this amount.

Expenses for the Primary Government are categorized into functional areas. Total expenses increased by \$13,815,636 compared to the prior year. This change was largely attributable to the increase in the amounts paid to Public Safety of \$6,200,690 and to Other General Government of \$4,660,424. The amounts paid to the Board are primarily the result of debt issued by the County on behalf of the Board. As previously noted, the County issues debt on behalf of the Board for capital purposes because the Board may not incur its own debt obligations. Therefore, the net proceeds of such debt issues are paid to the Board, thus resulting in an expense to the Primary Government. Expenses in other categories were in line with expectations. Increases totaling \$3,191,547 were experienced in the areas of finance and administration, administration of justice and social and cultural services, which reflected necessary increases in the cost of providing essential government services.

Proprietary Net Position and Activities-Business-type Activities. Proprietary activities included as business-type activities in the government-wide statements consist solely of the operations of the County's Three Ridges Golf Course, an enterprise fund. These proprietary activities decreased the net position of the primary government by \$74,871 in 2016, comprising 0.02% of the total change in net position of the primary government and 0.003% of the change in net position of the total reporting unit. The golf course is supported by user fees: greens fees, cart fees, pro shop and snack bar. In addition, in 2016 the County's general fund transferred \$200,000 for additional support. The results of operations for the golf course include the effects of depreciation, a noncash expense, totaling \$59,099. If the effects of depreciation were removed from the results of operations, the golf course would have had a decrease in net position of \$15,772. Of the ending net position, \$509,820 was invested in capital assets, with the remaining amount of \$2,719 unrestricted. These amounts reflect the results of ordinary business operations.

FINANCIAL ANALYSIS OF THE FUNDS

As noted earlier, the Knox County Government uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Knox County Government's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Knox County Government's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year and to help ensure future stability of governmental operations.

The categories of fund balance are:

Nonspendable fund balance relates to amounts that cannot be spent because they are in a form that is not expected to be converted to cash (e.g., inventories and prepaid items), as well as the County's investment in joint venture.

Restricted fund balance includes amounts restricted for specific purposes by parties outside of the County (e.g., grantors, other governments) or imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commission.

Assigned fund balance consists of amounts constrained by the County's intent to be used for specific purposes, but are not restricted or committed.

Unassigned fund balance is the residual balance in the General Fund.

Primary Government--Governmental Fund Balances

	June 30,						
		2016	2015				
Nonspendable	\$	6,076,686	\$	9,892,080			
Restricted		14,978,362		21,234,543			
Committed		33,651,153		31,832,805			
Assigned		6,016,228		5,059,693			
Unassigned		60,783,057		55,853,075			
Total Fund Balances	\$	121,505,486	\$	123,872,196			

As of the end of the current fiscal year, the Knox County Government's governmental funds reported combined ending fund balances of \$121,505,486, a decrease of \$2,366,710 in comparison with the prior year total of \$123,872,196. The majority of the overall decrease, \$2,283,837, resulted from operations of the County's four major governmental funds. Factors that affected the results for each of those individual funds are discussed below.

The General Fund is the chief operating fund of the Knox County Government. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$60,783,057 compared to \$55,853,075 last year, an increase of \$4,929,982. Total fund balance increased by \$2,533,005 resulting in total ending fund balance in 2016 of \$72,281,942 compared to \$69,748,937 in 2015. Unassigned fund balance represents 35.0% of actual expenditures compared to 34.0% last year. The County has adopted a formal fund balance policy calling for the maintenance of a minimum level of unassigned fund balance equivalent to three months (25%) of regular operating expenditures plus transfers out. The County strives to maintain levels exceeding that minimum level in order to provide for unanticipated needs. The actual results reflect the achievement of this goal. Factors that affected the results of operations of the major Governmental Funds are discussed further in the following sections.

The Debt Service Fund has a total fund balance of \$24,270,960, which compares to \$23,711,404 in 2015. The majority of the fund balance consists of amounts committed for debt service purposes by County Commission of \$24,187,432, compared to the prior year amount of \$23,627,676. The net increase in fund balance during the current year was \$559,556, compared to a decrease of \$1,957,567 last year. The County had planned for a decrease in the Debt Service Fund, and had budgeted for \$8,416,473 to be applied to the current year budget. As the current year result of operations was an actual increase in fund balance of \$559,556, the fund experienced a positive variance of \$8,976,029 of actual results compared to the original adopted budget. This resulted from the significant savings from conservatively budgeting for its expenses that the County experienced from its variable rate debt, combined with the County's practice of issuing debt as close to the time of the anticipated cash needs as practicable in order to minimize total interest costs. The County plans to continue its conservative financial planning.

The Public Improvement Capital Projects Fund experienced a net decrease in fund balance of \$6,673,852 in 2016, compared to an increase in fund balance of \$5,583,109 in 2015. Fund balance at June 30, 2016 totaled \$5,977,468, compared to the June 30, 2015 balance of \$12,651,320. This change results from the timing of the issuance of bonds for capital purposes compared to the expenditures made therefrom. The County's practice is to issue debt for capital purposes generally on an annual basis, with the intent that debt proceeds be received as close as practicable to the timing of the planned expenditures. This is done to help keep interest charges as low as practicable. During FY 2016, the County issued debt while also spending proceeds from debt. The remaining fund balance represents amounts available to be spent for future capital projects, a normal result for this fund.

The Constitutional Officers Special Revenue Fund experienced an increase in the fund balance in the current year of \$1,297,454, resulting in fund balance at June 30, 2016 totaling \$5,226,787 compared to the June 30, 2015 total of \$3,929,333. This fund is used to account for the operations of various County offices that receive fees for providing various services to the public. A portion of these fees are used to pay for certain operating expenses, and the remaining fees are transferred to the County General Fund. Amounts transferred to the General Fund in 2016 totaled \$10,741,900, an increase of \$2,500,764 from the prior year total of \$8,241,136. These results were in line with expectations.

Proprietary funds-Internal Service Funds. The Knox County Government's proprietary fund statements provide underlying detail information included in the government-wide financial statements.

Net position of all the internal service funds at year-end 2016 was \$10,776,792 as compared to \$11,638,928 at year-end 2015 resulting in a decrease of \$862,136 for FY 2016. This was due primarily to the self-insurance and self-insurance healthcare funds net position decrease of \$1,588,693 and 1,475,530, respectively. During FY 2016 the self-insurance fund experienced an increase in claims expense by \$5,115,883 which was due to greater than expected claims activity for the year and an increased liability resulting from the actuary study. The self-insurance healthcare fund experienced an increase in claims expense by \$811,049. The Internal Service Funds are used to accumulate and distribute costs as a planning tool, and are expected to break even over the long run. The total change in net position for all Internal Service Funds, a decrease of \$862,136, represents -1.1% of total charges for services of \$76,978,480. As the intent of these funds is to "break even," these results are in line with expectations, and reflect the variability and uncertainty in predicting the activity for the year. Total net position at year-end of \$10,776,792 reflects a modest accumulated net position for these funds over time, in line with expectations.

GENERAL FUND BUDGETARY HIGHLIGHTS

The total fund balance of the County's General Fund increased by \$2,533,005 during 2016, compared to last year's \$3,660,414 increase. The General Fund's original budget planned for a net use of fund balance for the year of \$5,489,715. Therefore, the actual unassigned fund balance of \$60,783,057 was \$8,022,720 greater than originally planned. Key factors in the outcomes for the General Fund are as follows:

• Revenues exceeded budget in eleven of twelve categories; total revenues of \$170,308,332 totaled 105.6% of the total budget of \$161,348,366. Local tax revenues, which include property and sales taxes (among others), exceeded the budget by \$1,836,358. While the County has the ability to raise tax rates, the government has chosen to keep tax rates steady (adjusted only for the effects of reappraisal) to not further burden County taxpayers. Therefore, revenues were budgeted conservatively and in line with the previous year. Various other revenues exceeded the conservatively budgeted amounts, which also contributed to the General Fund positive budgetary outcome.

• The General Fund budget was adopted in amounts intended to provide funds for essential services while not providing for significant increases due to economic conditions. Expenditures of \$173,510,005 totaled 98.6% of the budget of \$176,016,690, reflecting the close monitoring of the budget to achieve results as planned.

Differences between the original budget and the final amended budget were within the normal course of County business and totaled a net \$4,647,825 increase in the total budgeted expenditures. Included in the increase were normal carryover appropriations for projects not completed during the previous fiscal year and appropriations for additional expenditures related to numerous additional revenues received for specific purposes during the year that were in addition to the revenues estimated in the original budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The Knox County Government Total Reporting Unit reported a total balance of capital assets (net of accumulated depreciation) as of June 30, 2016, of \$1,017,209,720, which compares to the prior year total of \$1,017,530,727. This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, and bridges. The net decrease in the investment in capital assets for the current fiscal year was \$321,007 (0.03 percent), which reflects the depreciation expense for the year in amounts more than capital additions.

Spending for major capital asset additions during the current fiscal year included the following: energy management projects, security and HVAC upgrades and two new middle schools (Board), Clayton Park Greenway Connector, Meads Quarry Recreational Center, County additions/renovations, City/County Building Improvements, various school upgrades, numerous road projects, and various other projects.

The County reported capital assets for its governmental activities as of June 30, 2016 totaling \$1,023,553,890, less accumulated depreciation of \$414,019,366, leaving a net book value of \$609,534,524. The prior year net book value totaled \$605,696,376. The net increase for the year was \$3,838,148. Investment in capital assets includes land and land improvements, buildings, equipment, infrastructure, and construction in progress. Infrastructure assets are items that are normally immovable and of value only to the County, such as roads and streets, bridges, sidewalks, lighting systems, and similar items. The increase is due to the purchase of land and construction in progress. This was a planned result, reflecting the County's commitment to reduce borrowing for capital purposes which results in an overall lower amount of capital asset additions compared to previous years. Although a certain level of long-term borrowing for capital purposes is both necessary and desirable to service the needs of County citizens, the County is committed to reducing its debt level in order to minimize the burden on County taxpayers resulting from additional debt issuances.

Additional information on the Knox County Government's capital assets can be found in Note III.C of this report.

Long-term debt. At the end of the current fiscal year, the Knox County Government had total bonded debt outstanding of \$614,988,642, compared to \$622,812,923 at the end of 2015. All of the bonded debt was backed by the full faith and credit of the County government. \$243,017,077 of the total is outstanding debt which the government issued on behalf of the Board for school purposes. The remaining \$371,971,565 of the Knox County Government's debt represents bonds issued for general government purposes. The following schedule shows the changes in bonded debt allocated to the entity responsible for payment thereof.

KNOX COUNTY GOVERNMENT'S Bonded Debt Changes during FY 2016:

	Primary		
Rollforward of Debt:	Government	Board	Total
Beginning Balance	\$ 376,815,961	\$ 245,996,962	\$ 622,812,923
Principal Paid	(21,359,396)	(22,364,885)	(43,724,281)
Proceeds from Debt Issuances	16,515,000	19,385,000	35,900,000
Ending Balance – Bonds	\$371,971,565	\$243,017,077	\$614,988,642

Knox County's total bonded debt decreased by \$7,824,281 (1.3 percent) during the current fiscal year. The net change in bonded debt was planned, combined with reductions already achieved in previous years, as a result of the Mayor's commitment to lower the overall bonded debt levels of the County.

Knox County's debt is rated "AA+" by Standard & Poor's. In addition, the County's debt is rated "Aa1" by Moody's. These ratings were reaffirmed subsequent to June 30, 2016.

State statutes set no limit for the amount of general obligation debt a county may issue. Current bonded debt outstanding for the County Government is \$614,988,642. This translates to approximately \$1,309 per capita. This compares to the FY 2015 per capita amount of \$1,336.

Additional information on the Knox County's long-term debt can be found in the Note III.I to the Financial Statements of this report and on pages 216-221.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for Knox County for June 2016 was 4.3%, which is a decrease from the final unemployment rate figure of 5.4% percent for June 2015. This was slightly higher compared to the state's average rate of 4.1% percent for June 2016, and 5.7% for June 2015. The national unemployment averages were 4.9% for June 2016 and 5.3% for June 2015.
- The General Fund budget adopted for 2017 reflects a budget totaling \$176,170,991. The budget anticipates using \$2.9 million from fund balance and a minor anticipated use of restricted resources.

 Additional information regarding the County's budget may be found at http://www.knoxcounty.org/finance/pdfs/2016_2017_budget/adoptedBudget_detail.pdf

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Knox County Government's finances for all those with an interest in the government's finances. The County's CAFR and additional information regarding the County may be located online at: http://www.knoxcounty.org/finance/annual_reports.php. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

The sum of the rows that report the net position categories for Net Investment in Capital Assets and Net Position-Unrestricted applicable to the primary government and the component units do not equal the related amounts shown in the Total Reporting Entity column. The difference of \$276,280,509 results because the debt incurred by the Primary Government on behalf of the Board of Education Component Unit reduces the unrestricted net position of the Primary Government, whereas the related assets are reported in the Board Component Unit totals. For the Total Reporting Unit, the \$276,280,509 is deducted from the amount shown for Net Investment in Capital Assets to show the matching of the total assets with the total debt.

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2016

Amounts reported for governmental activities in the statement of net position are different because	»:	
Ending Fund Balance - Governmental Funds	\$	121,505,486
Capital assets, net of accumulated depreciation, used in governmental activities are not financial resources and, therefore, are not reported in the funds.		609,255,252
The other post-employment benefits asset is not available to pay for current-period expenditures and, therefore, is not reported as an asset in the fund financial statements.		1,550,766
Internal service funds are used by management to charge certain costs (e.g., certain employee benefits, insurance, maintenance, and use of equipment) to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		10,776,792
Long-term liabilities, including bonds payable and related unamortized premium, loans payable, capital lease obligations, other post-employment benefit obligation, compensated absences, net pension liability, the fair value of interest rate swaps, and accrued interest are not due and payable in the current period and therefore are not reported in the funds.		
Bonds Payable \$ 614,988,642 Unamortized Bond Premium 8,127,194 Fair Value of Interest Rate Swaps, net 9,913,810 Loans Payable 4,912,794 Accrued Interest 3,614,288 Capital Lease Obligations 37,571,153 Net Pension Liability 70,977,947 Other Post-employment Benefit Obligation 1,300,238		
Compensated Absences 8,434,626		(759,840,692)
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts are recorded as deferred inflows of resources in the fund financial statements but have been recognized as revenues under the accrual basis in the statement of net position.		4,842,490
Deferred outflows of unamortized amounts on refundings (\$5,513,072) and deferred outflows related to pensions (\$23,831,904) increase the amount of net position reported in the statement of net position, but are not reported as assets in the funds. Similarly, deferred inflows related to pensions (\$257,190) decrease the amount of net position reported in the		, .,
statement of net position, but are not reported as liabilities in the funds.		29,087,786
Net Position of Governmental Activities	\$	17,177,880

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2016

Amounts reported for governmental activities in the statement of activities are different because:	
Net Change in Fund Balances - Total Governmental Funds	\$ (2,366,710)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (\$27,889,850) exceeded depreciation (\$26,883,965) in the current period.	1,005,885
Capital assets contributed by developers are not recognized as revenues in the fund financial statements, but are recognized as revenues in the statement of activities.	2,852,052
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were recognized as revenues in the statement of activities but were not reported as revenues in the fund financial statements.	4,842,490
Amounts reported as fund revenues that met the criteria for revenue recognition under the full accrual method of accounting in the preceding fiscal year have been excluded from the current year statement of activities.	(4,940,558)
Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is reflected as an expenditure in the governmental funds, whereas the repayment reduces long-term liabilities in the statement of net position. Debt principal payments (\$46,983,837) exceeded proceeds (\$35,900,000) by this amount.	11,083,837
Expenses reported in the statement of activities include amortization of the deferred amount on debt refunding (\$1,006,838). In addition, the amortization of bond premium results in reduction of expenses of \$1,777,761. These amounts do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	770,923
Debt issued at a premium provides current financial resources to governmental funds, but increases long-term liabilities in the statement of net position.	(2,206,016)
The increase in the balance of the net other post-employment asset of \$632,050, plus the decrease in the liability for accrued interest of \$323,560, decreased expenses reported in the statement of activities. In addition, the increase in the liability for other post-employment benefits of \$213,345 and the increase in the compensated absences liability balance of \$5,155 increased expenses. These amounts do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	737,110
The increase in the net pension liability of \$17,531,867 and the increase in the deferred inflows related to pensions of \$144,924 increased expenses reported in the statement of activities. The increase in deferred outflows related to pensions of \$12,218,930 reduced expenses reported in the statement of activities.	(5,457,861)
The decrease in the fair value of an interest rate swap accounted for as an investment derivative instrument in the statement of activities did not use current resources in governmental funds.	(2,318,351)
Internal service funds are used by management to charge certain costs (e.g., certain employee benefits, insurance, maintenance, and use of equipment) to individual funds. The net revenue (expense) amounts of the internal service funds are reported with governmental activities.	 (862,136)
Change in Net Position of Governmental Activities	\$ 3,140,665

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Knox County (the County), founded in 1792, is a political subdivision of the State of Tennessee. The County operates under a County Mayor – County Commission form of government pursuant to the Knox County Home Rule Charter (the Charter) established under Tennessee Code Annotated, Section 5-1-208, effective September 1, 1990. The County Mayor serves an elected term of four years. The eleven County Commissioners serve four-year terms and are elected by voters within the County. As required by accounting principles generally accepted in the United States of America, these financial statements present the County and its Component Units. The County is considered to be the primary government. Component Units are legally separate entities for which the County is considered to be financially accountable. These Component Units are discretely presented in separate columns in the government-wide financial statements to emphasize they are legally separate from the County.

Discretely Presented Component Units - the County

The Knox County Board of Education (the Board) consists of nine members elected by voters of the County and one superintendent appointed by members of the Board. The Board is fiscally dependent on the County because the County levies taxes for the Board, issues debt on behalf of the Board and approves the Board's Budget. The Board is responsible for elementary and secondary education within the County's jurisdiction. The Board operates a total of 89 vocational and handicapped centers, primary, intermediate, middle and high schools. The full-time equivalent average daily membership during the 2015 - 2016 school year was 57,929 with a full time equivalent average daily attendance of 54,563. During the previous year, the full time equivalent average daily membership was 57,581 with a full time equivalent average daily attendance of 55,082.

The **Knox County Railroad Authority** (KCRA) was established by Knox County in April 1999, to provide for the continuation of rail service within the County. KCRA is governed by a two-member Board consisting of the County Mayor and a member selected by the County Commission. KCRA is fiscally dependent on the County for approval of all debt issuances.

The **Knox County Emergency Communications District** (the District) is an emergency response agency operating a consolidated public safety answering point service and emergency radio dispatch service for the residents of the County. The District is governed by an eleven-member Board of Directors, of whom the majority are appointed by the County. Debt issuances or lease agreements exceeding five years require County approval. All fees are collected and remitted to the District through the State of Tennessee Emergency Communications Board (TECB). Revenues are recognized by the District in the period allocated by the TECB.

June 30, 2016

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Complete financial statements for the District may be obtained at the entity's administrative offices:

Knox County Emergency Communications District 605 Bernard Avenue Knoxville, TN 37921

The **Development Corporation of Knox County** (the Corporation) is a not-for-profit organization organized for the primary purpose of promoting and encouraging community and economic development within the boundaries of Knox County. The Corporation is governed by an eleven-member board: four members appointed by the County, two members appointed by the City of Knoxville, and five members who are citizens of Knox County. For those five citizen members, terms are staggered so that one member's term ends each year. Appointments are made by nomination from the entire Corporation board, and presented to County Commission for approval. Commission may reject a board nomination; however, the Corporation board's nomination becomes effective upon the third nomination event. The County has agreed to provide a portion of the Corporation's funding, and therefore the Corporation has imposed a financial burden on the County.

Complete financial statements for the Corporation may be obtained at the Corporation's administrative office:

The Development Corporation of Knox County 17 Market Square, # 201 Knoxville, TN 37902-1405

The Board and KCRA do not issue separate financial statements from those of the County. Fund financial statements for the Board are, therefore, included in these financial statements. The activities of KCRA are accounted for in a single fund, and the information presented in the government-wide financial statements also constitutes the fund financial statements.

June 30, 2016

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A. Reporting Entity (Continued)

Discretely Presented Major Component Unit - the Board

The Great Schools Partnership Charitable Trust (the Partnership) was established during the fiscal year ended June 30, 2005. Its purpose is to provide financial and other support to the Knox County Schools by expending funds in furtherance of specific programs and activities conducted by the Board, or by distributions of funds directly to the Board. The Partnership is a legally separate, tax-exempt organization governed by a board consisting of representatives of the Board, Knox County, the City of Knoxville, and various other governmental, educational, and not-for-profit organizations. Although the Board does not control the timing or amount of expenditures made by the Partnership, the majority of the resources, or income therefrom, that the Partnership holds are restricted to the exempt purposes of the Board by the donors. Therefore, the Partnership is considered a component unit of the Board and is discretely presented in the Board's financial statements. During fiscal year 2014, the Partnership entered into an agreement with a separate not-for-profit organization whereby that organization became a supporting organization of the Partnership. Amounts presented in the financial statements reflect this combined reporting presentation.

Complete financial statements for the Partnership may be obtained at the Partnership's administrative office:

Great Schools Partnership Charitable Trust 912 South Gay Street L-210 Knoxville, TN 37902

B. Government-wide and Fund Financial Statements

The accompanying financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Generally, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and pension trust fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and employ the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they are "measurable and available". "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers property tax revenues available if they are collected within 60 days after the fiscal year end. All other revenues are considered available if collected within one year after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting, except for debt and certain compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

June 30, 2016

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are considered susceptible to accrual. Sales taxes collected and held by the state at year-end on behalf of the County are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the County and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible-to-accrual criteria are met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Fund Accounting: The accounts of the County are organized, operated and presented on the basis of funds. Funds are independent fiscal and accounting entities with self-balancing sets of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Governmental Funds are used to account for the County's general government activities. The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government except those that are required to be accounted for in another fund. The major revenue sources are property taxes and local option sales tax.

The *Constitutional Officers Fund* accounts for activities associated with the administrative functions of the County's Constitutional Officers. Revenues for this fund consist of user fees collected from the public for services performed by these offices. The major revenue source is fees collected by the elected officials.

The *Public Improvement Fund* accounts for the acquisition of capital assets or construction of major capital projects not being financed by proprietary funds, exclusive of construction activity related to the Americans with Disabilities Act. The major revenue source is proceeds from debt issuances.

The *Debt Service Fund* accounts for the servicing of general long-term debt not being financed by proprietary funds. The major revenue source is property tax collections.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Proprietary funds are used to account for governmental activities that are similar to activities that may be performed by a commercial enterprise.

Enterprise funds account for operations that provide services primarily to the general public on a user charge basis. During the fiscal year ended June 30, 2009, the County commenced the management and operation of the Three Ridges Golf Course. These operations are accounted for as an enterprise fund.

Internal service funds account for operations of the County that provide services to other departments, agencies, other governments, component units, and joint ventures on a cost reimbursement basis.

Activities accounted for in the internal service funds include: (1) provision of gasoline and maintenance services for County vehicles, (2) operation of a central mailroom, (3) payment of retiree medical premiums, employee retirement, life insurance and other payroll related expenses, and unemployment claims, (4) accounting for the payment of workers' compensation and general liability claims, (5) provision of central maintenance for County buildings, (6) providing technical support for electronic data processing functions, (7) providing leased vehicles and equipment to County departments, and (8) accounting for the payment of employee health insurance claims.

Fiduciary funds account for assets held by the County in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement. Fiduciary funds include the following:

The pension trust and other employee benefit trust funds are accounted for in essentially the same manner as the proprietary funds, using the same measurement focus and basis of accounting. The pension and other employee benefit trust funds account for the assets of the County's defined benefit pension plan, defined contribution pension plan, defined contribution medical retirement plan, the pension trust funds for Uniformed Officers, and the employee disability plan. Plan member contributions are recognized in the period when contributions are due and payable in accordance with the terms of the plan. Employer contributions are recognized when due and the County makes a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Fiduciary funds also include agency funds used to account for the receipt and disbursement of funds held for various third parties. Agency funds include transactions related to (1) local sales taxes collected by the State of Tennessee and remitted to the County for distribution to other municipalities, (2) funds held on behalf of subdivision developers pending completion of road and hydrology requirements, (3) cash held by the County on behalf of several external agencies and County joint ventures, and (4) funds held by various elected officials on behalf of state agencies and/or other funds.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is generally the government's policy to use restricted resources first and then, unrestricted resources as they are needed.

Component Units

The Board of Education uses two major governmental funds (general fund and school construction capital projects), three nonmajor governmental (special revenue) funds, and fiduciary funds (pension trust fund, agency). These fund types use the same measurement focus and basis of accounting as those of the County. KCRA follows the County's governmental funds measurement focus and basis of accounting. The District follows the County's proprietary funds measurement focus and basis of accounting. The Corporation's separately issued financial statements also are accounted for as a proprietary fund. The Partnership's separately issued financial statements are prepared in accordance with the requirements of the Financial Accounting Standards Board (FASB). The financial data included for the Partnership in this Comprehensive Annual Financial Report has been formatted to comply with the classification and display requirements of the Governmental Accounting Standards Board (GASB).

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity

Deposits and Investments

The cash and cash equivalents of the County and its component units are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The County maintains a pooled cash system through the Knox County Trustee. The fair value of purchased investments and investment income at fiscal year-end is allocated to major funds based on the total cash position of that fund at fiscal year-end. In accordance with County directive, the majority of interest earned during the year is allocated to the General Fund.

State statutes and local ordinances authorize the County and the Board to invest in certificates of deposit, the State Local Government Investment Pool, U.S. Treasury obligations, U.S. agency issues, corporate bonds, equity funds, short-term bond funds, and guaranteed investment contracts.

Investments are reported at their estimated fair value. Realized gains and (losses) from the sale of investments are calculated separately from the change in the fair value. Realized gains or (losses) in the current period include unrealized amounts from prior periods. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis.

Investments - Fiduciary Fund - The pension trust fund's investments are stated at their estimated fair value. Investment income includes realized gains (losses) from the sale of investments, unrealized gains (losses) in the change in market values, and interest and dividend income earned during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Receivables, Payables, and Unearned Revenue

In the County's fund financial reporting, transactions between County funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

Transactions between the County and its component units that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from Component Units." All other outstanding balances between the County and its component units are reported as "due to/from Component Units/Primary Government."

In the fund financial statements governmental funds report unearned revenue in connection with receivables for revenues that are not considered available to liquidate liabilities of the current accounting period. Governmental funds also defer recognition of revenues in connection with resources that have been received, but not yet earned. The County accrues additional assets (receivables) for certain nonexchange revenues in governmental funds. As governmental funds are subject to the modified accrual basis of accounting, any additional revenues recognized as receivable before the resources are available have been reported as deferred inflows of resources with no resulting effect on fund equity. Unearned revenue in the government-wide financial statements consists of resources received that have not yet been earned.

All trade receivables are shown net of an allowance for doubtful accounts. Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. In Tennessee, this date is January 1st, and is referred to as the lien date. Revenues from property taxes, however, are recognized in the period for which the taxes are levied, which for the County is October 1st of the ensuing fiscal year. Property tax payments are due by February 28 of the following year. Since the receivable for property taxes is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated amount for uncollectible taxes, is reported as deferred inflows in the fund financial statements and in the government-wide financial statements as of June 30th.

Property taxes receivable are also reported as of June 30th for the taxes that are levied and uncollected during the current fiscal year as well as the previous eight fiscal years. These property taxes receivable are presented on the fund balance sheet with offsetting deferred inflows to reflect amounts not available as of June 30th. Property taxes collected within 60 days of year-end are considered available and are accrued as revenue. Property taxes collected later than 60 days after year-end are not considered available and are accrued and reported as deferred inflows. An allowance for uncollectible taxes is also recorded representing the estimated amount of delinquent taxes receivable that will be filed with the court for collection. Delinquent taxes filed with the court for collection are considered uncollectible and are written off.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

Inventories and Prepaid Assets

The County maintains material inventory balances in its proprietary and governmental funds. Inventories in the proprietary funds are stated at the lower of cost or market. Inventories in the governmental funds are stated at cost. Inventories are accounted for under the consumption method. Supplies for resale and the cost of oil and gasoline in the internal service funds use the first-in, first-out (FIFO) flow assumption in determining cost. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets.

The Board values school supplies inventories using the specific identification method. The Board's Central Cafeteria Fund inventories are composed of food supplies. These inventories are stated at cost.

The County's general fund inventory consists of land held for resale. The land is recorded at cost excluding the cost of infrastructure (roads, utilities, etc.).

Derivative Instruments

GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments (Statement No. 53) as amended by GASB Statement No. 72, Fair Value Measurement and Application, requires the County to recognize all its derivative instruments on the Statement of Net Position at fair value.

The County analyzes its derivative instruments into hedging derivative instruments and investment derivative instruments, as defined by Statement No. 53. If a derivative is classified as a hedging derivative instrument, changes in its fair value are deferred on the Statement of Net Position as either deferred inflows or deferred outflows. If the derivative is classified as an investment derivative instrument, changes in its fair value are reported on the Statement of Activities in the period in which they occur. Such changes are included in the County's investment income (loss). See Note III. (I) for more detailed analysis. The County formally assesses the effectiveness of its hedging derivative instruments at each year-end.

June 30, 2016

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend asset lives are not capitalized.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Public domain infrastructure includes long-lived assets, primarily roads; system infrastructure includes street lighting and other assets with shorter expected useful lives. Depreciation is computed using the straight-line method generally over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	45
Land Improvements	10 - 20
Public Domain Infrastructure	40
System Infrastructure	25
Vehicles	5
Machinery and Equipment	5 - 20
Intangibles	5 - 10

It is the County's and the District's policy to capitalize the cost of the rights to externally acquired software as an intangible asset.

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

Compensated Absences

It is the policy of the County and its component units to permit employees to accumulate, in varying amounts, earned but unused vacation, compensatory time and sick pay benefits. In general, unpaid accumulated sick leave does not vest and is not recorded as a liability. During FY 2014, the County implemented a policy whereby retiring employees may be paid for unused sick leave in varying amounts up to a maximum of \$10,000, and a liability has been recorded for these estimated termination payments. Vacation, compensatory, and sick leave benefits from the County's and the Board's governmental funds are not reported in their respective fund financial statements because it is not expected that such amounts would be liquidated with expendable available financial resources. No expenditure is reported for these amounts. For the County and Component Unit governmental activities, compensated absences liabilities are generally liquidated by the respective general fund. The compensated absences liability and the related change in liability are reported in the government-wide and proprietary fund financial statements of the County and its component units.

Risk Financing Activities

Knox County and its component units are exposed to various risks of loss associated with general liability claims. The County is self-insured for such risks. The majority of general liability claims are accounted for in the Self Insurance Fund, an internal service fund. The County's policy is to utilize the Self Insurance Fund to account for claims that meet certain criteria. Claims that meet these criteria include those that are reasonably expected to occur from time to time as the result of normal recurring activities, claims that do not appear to result from gross negligence or intent, that are expected to be settled within a reasonable period of time and that are not expected to be in unusual amounts, and claims that have not resulted in death or catastrophic injury. On occasion, events occur giving rise to claims that do not meet the County's criteria for recording in the Self Insurance Fund. Such claims are accounted for in the appropriate governmental fund.

Long-Term Obligations

The County and the Board record long-term debt in the government-wide financial statements. Similarly, long-term debt and other obligations financed by the County's proprietary funds and the District are recorded as liabilities in the appropriate funds.

June 30, 2016

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

Bond premiums and discounts, as well as deferred amounts on refundings, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable unamortized bond premium or discount and deferred amounts on refundings.

Governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity

In the governmental fund financial statements, fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints related to the specific purposes for which amounts in the funds can be spent. The classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are (a) not in spendable form, or (b) legally or contractually required to be maintained intact (e.g., endowments.) Fund balance not in spendable form includes items not expected to be converted to cash (e.g., inventories and prepaid items), as well as the County's investment in joint venture. The County does not have any nonspendable fund balance that is legally or contractually required to be maintained intact.

Restricted fund balance includes amounts that are restricted for specific purposes. These amounts result from constraints placed on the use of resources (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, which for the County is the County Commission. Amounts are reported as committed pursuant to resolutions passed by Commission (legislative branch), which have also been approved by the County Mayor (executive branch.)

Assigned fund balance consists of amounts constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The County Mayor is the head of the County executive branch, and the Mayor is the County's chief fiscal officer as set forth in the Knox County Charter. Therefore, assignments may be made upon the authority of the County Mayor or designee.

June 30, 2016

NOTE I: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

Unassigned fund balance is the residual balance in the general fund (i.e., fund balance that is not nonspendable, and is not restricted, committed, or assigned.)

The County has adopted a policy requiring that a minimum level of unassigned fund balance in the General Fund equal to three months (25%) of regular, ongoing operating expenditures be maintained. Generally, when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted amounts are expended first, and then unrestricted funds are used. Generally, when expenditures are incurred utilizing unrestricted funds, unassigned amounts are expended first, then assigned amounts, then committed amounts. Net position in government-wide and proprietary fund financial statements are classified as investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by County law.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future period(s) and therefore, will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

E. Additional Information

Comparative Data/Reclassifications

Comparative total data for the prior year has been presented in selected sections of the accompanying financial statements to provide an understanding of the changes in the financial position and operations of the County and the Board. Comparative totals have not been included on statements where their inclusion would not provide enhanced understanding of the reporting entity's financial position and operations or would cause the statements to be unduly complex and difficult to understand.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Data

Budget Basis/Authority

Annual budgets, as required by the County Charter and applicable County ordinances, are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds, except the Constitutional Officers Fund and the Capital Projects Funds.

The Constitutional Officers Special Revenue Fund is used to account for the transactions of the fee and commission accounts of the County Trustee, Register of Deeds, County Clerk, Criminal and Fourth Circuit Court Clerk, Circuit and General Sessions Court Clerk, and Clerk and Master. These separately elected officials pay salaries and related expenditures from fees and commissions earned by their offices.

Excess fees and commissions are transferred to other funds. In some instances, all fees and commissions earned are transferred to other funds. Transactions related to the Constitutional Officers Special Revenue Fund are not subject to the budgetary control of the County Commission. Therefore, this fund is presented as an unbudgeted special revenue fund.

The Drug Control Special Revenue Fund was established in the 1998 fiscal year pursuant to an amendment of Tennessee Code Annotated Section 39-17-420, stipulating drug control activities to be reported in a special revenue fund. The budget for this fund is a separately adopted budget proposed by the Sheriff and approved by the County Commission.

The County's Public Improvement Capital Projects Fund, Americans with Disabilities Act (ADA) Construction Capital Projects Fund, and the Board's School Construction Capital Projects Fund each adopt project-length budgets for major construction projects rather than annual budgets for these projects.

Budgets for portions of the County's State, Federal and Other Grants Fund and all of the Board's School General Projects and School Federal Projects Funds are generally adopted at the time the grant or program has been approved by the grantor, so the Commission can fulfill any requirement to appropriate local matching funds at the time of adoption.

With the exception of project length budgets and grants, all appropriations lapse at fiscal year-end.

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Budgetary Process

On or before April 15, heads of all County departments and agencies submit requests for appropriations to the County Department of Finance. The Board prepares a comprehensive budgetary request that is also sent to the Department of Finance. This budget has been approved by the members of the Board of Education and is sent to the County for adoption.

The Department of Finance in conjunction with the Office of the County Mayor compiles the requests, negotiates with the various departments and submits a comprehensive budget to the County Commission. By July 1, the final County and Board budget is adopted by County Commissioners.

The appropriated County budget is prepared at the fund, department, and major category level. For the County, the legal level of budgetary control, that is, the level at which management cannot overspend funds without a budget amendment approved by the County Commission, is the major category level within departments. The major categories are Personal Services, Employee Benefits, Contracted Services, Supplies and Materials, Other Charges, Debt Service and Capital Outlay.

The budget adopted by the County for the Board is recommended by the County Mayor and adopted in total. The County does not exercise control over the Board at the department or major category level. After the budget for the Board is approved, the Board of Education may modify it within the total appropriation granted by the County Commission.

The budget and actual schedules included herein are not intended to demonstrate compliance at the legal level of budgetary control. Such statements and schedules are included in the County's separately issued *Budget Report to Citizenry*. Copies of the report may be obtained from the Knox County Department of Finance or online at: http://www.knoxcounty.org/finance/budget.php.

Knox County Department of Finance Room 630 City County Building 400 Main Avenue Knoxville, TN 37902

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation, is utilized for budgetary control purposes in the governmental funds. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrances outstanding at year-end are included in the balances of assigned, committed, or restricted fund balance based on the purposes for which the resources that will be used to liquidate the encumbrances have been classified. Encumbrances are not treated as expenditures for financial reporting purposes. Outstanding encumbrances are reappropriated in the subsequent year.

Supplemental Appropriations

The following schedule shows the annual budget originally adopted expenditures and transfers out for the County and the Board, and the revisions to that budget as authorized by the County Commission, for the year ended June 30, 2016:

Fund		Original Budget		Revisions		Revised Budget	
Governmental Funds:							
General Fund	\$	174,249,100	\$	6,684,823	\$	180,933,923	
Special Revenue Funds:							
State, Federal and Other Grants		160,000		1,466,631		1,626,631	
Governmental Library		119,600		109		119,709	
Public Library		13,278,900		82,621		13,361,521	
Solid Waste		4,105,000		8,559		4,113,559	
Hotel/Motel Tax		6,110,000		1,244,395		7,354,395	
Drug Control		774,520		117,383		891,903	
Engineering & Public Works		13,638,946		943,904		14,582,850	
Total Special Revenue Funds		38,186,966	_	3,863,602		42,050,568	
Debt Service Fund		75,500,000				75,500,000	
Total - Governmental Funds	_ \$	287,936,066	\$	10,548,425	\$	298,484,491	

NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

A. Budgetary Data (Continued)

Fund	 Original Budget	 Revisions	Revised Budget			
Component Unit - the Board:						
General Fund: General Purpose School	\$ 438,000,000	\$ 5,586,252	\$ 443,586,252			
Special Revenue Fund: Central Cafeteria	 28,028,000	 287,675	28,315,675			
Total - the Board	\$ 466,028,000	\$ 5,873,927	\$ 471,901,927			

Remaining supplemental appropriations primarily represent funds designated during the previous fiscal year, encumbrances outstanding at June 30, 2015 reappropriated during fiscal year 2016, and grant awards appropriated at the time the award is received.

A local ordinance requires a two-thirds approval of the County Commission before reducing any County fund balance below an amount equal to five percent of the total amount budgeted in the fund. State law stipulates that the Board's General Purpose School Fund balance in excess of three percent of the budgeted annual operating expenses for the current fiscal year may be budgeted and expended for nonrecurring purposes but shall not be used for recurring annual operating expenses.

NOTE III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

The County, the Board and the District maintain a cash and investment pool through the County Trustee's office. The County Trustee is the treasurer of the County and in this capacity is responsible for receiving, disbursing, depositing and investing most funds.

The Trustee of Knox County utilizes a negotiated sweep agreement for a portion of funds held by the Trustee. These funds are invested each night in various instruments, but under the County's policy these funds are classified as Cash and Cash Equivalents.

Other investments are held in the State of Tennessee's Local Government Investment Pool ("LGIP") and are not subject to categorization. LGIP investments are reported at amortized cost.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's governmental activities investments follow their adopted investment policy and are monitored and managed by an Investment Committee, whose objectives are to maximize earnings while reducing the exposure to interest rate risks to a low level by utilizing a mixture of short and long-term maturity investments so that the changing interest rates will cause only minimal deviations in the net asset value. Investment maturities shall not exceed three years without the approval of the Investment Committee or greater than five years without the approval from the Director of State and Local Finance or as otherwise provided by State Statute. Investments of bond proceeds shall not exceed two years without the approval of the Investment Committee. The County's investments are primarily in U.S. Government Securities and securities issued by agencies of the U.S. Government. The County's and Board's Pension Trust fund activities are managed by the Knox County Retirement Board (see separately issued Pension Trust Fund Statements), whose objectives are to maximize earnings while reducing the exposure to interest rate risks to an appropriate level by using a mixture of long-term and short-term investments in various debt and equity securities. The investments of the County's defined benefit plan and the Board's defined benefit plan are included in a single trust account. The following represents the County's and the Board's governmental activities investments and the activities of the County's and the Board's Pension Trust funds:

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

Total Investments:	\$	61,641,512		\$	546,057,364	

The Pension Board investments are allocated to the County's and Board's pension trust funds of \$487,914,531 and \$58,142,833, respectively.

Custodial credit risk

The County's policies limit deposits and investments to those instruments allowed by applicable state laws. Tennessee State Law requires financial institutions to secure a local government's deposits by pledging governmental securities as collateral. The market value of pledged securities must equal at least 105% of the average daily balance of deposits. Alternatively, financial institutions that hold public deposits may participate in the State's collateral pool.

A portion of the County's, the Board's and the District's deposits at June 30, 2016 were covered by the bank collateral pool administered by the Treasurer of the State of Tennessee (the State). Banks participating in the pool report the aggregate balance of their public fund accounts to the State. Collateral to secure these deposits must equal between 90 - 115 percent of the average daily balance of public deposits held and must be pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in aggregate rather than against each individual account. The members of the pool may be required to pay an assessment to cover any deficiency.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

Credit risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County's adopted investment policy is designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and preservation of principal and liquidity. The County will limit credit risk, the risk of loss due to the failure of the security issuer or backer, by limiting investments to the types of securities listed in the investment policy and as allowed under Title 5, Chapter 8 of the Tennessee Code Annotated and by diversifying the investment portfolio so that potential losses from any type of security or from any individual securities will be minimized and by limiting investments to specified credit ratings.

The County's policies are designed to maximize investment earnings, while protecting the security of principal and providing adequate liquidity, in accordance with all applicable laws. The County's and Board's Pension Trust funds are managed with long-term objectives that include maximizing total investment earnings. State statutes and County policies allow the Pension Trust funds a broader range of investments than those available to the governmental activities. The credit risk of the investments of the County's and Board's governmental activities and the County's and Board's Pension Trust funds investments in fixed-income securities is as follows:

KNOX COUNTY, TENNESSEE

Notes to Financial Statements

June 30, 2016

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

Concentration of Credit Risk

The County's governmental investment activities will diversify the overall portfolio to eliminate the risk of loss from an over concentration of assets in a specific class of security, a specific maturity, and/or a specific issuer. According to the County's investment policies, the maximum percentage of the portfolio (book value at the date of acquisition) permitted in each eligible security is as follows:

U.S. Treasury	100% maximum
Federal Agency/Instrumentalities	100% maximum
Tennessee LGIP	50% maximum
Repurchase Agreements	20% maximum
Commercial Paper	30% maximum
Bankers' Acceptances	10% maximum
Insured/Collateralized Certificates of Deposit	100% maximum
State. County and Municipal Obligations	50% maximum

The combined amount of bankers' acceptances and commercial paper shall not exceed forty percent (40%) of the total book value of the portfolio at the date of acquisition.

The County's Portfolio will be further diversified to limit the exposure to any one issuer. No more than three (3%) or five million dollars, whichever is less, of the County's portfolio will be invested in the securities of any single issuer.

Investments Measured at Fair Value

GASB Statement No. 72 (see Note IV.G) generally requires that investments be measured at fair value and establishes a hierarchy of inputs to valuation techniques used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, primarily include certain U.S. Government obligations, common stock and preferred stock equities. These investments are traded daily in public markets in the United States and other foreign countries. The fair value of these investments is based on the last reported sales price on the last day of the fiscal year.

Investments that trade in markets that are not considered to be actively traded on a daily basis, but are valued based on quoted market prices, dealer and broker quotations, bid prices, or alternative pricing sources using observable inputs, are classified within Level 2. These include certain U.S. Government and foreign obligations, interest-earning investment contracts – certificates of deposit (participating), investment grade corporate bonds and bank loans, certain mortgage and asset backed securities, less-liquid listed securities, certain government agency securities, and foreign currency exchange purchase and sales contracts. Common and collective trust funds, investment entities and short-term investment funds, whose underlying assets are primarily invested in securities that are actively traded, are measured based upon the redemption value of each unit on the last business day of the plan year.

Investments classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all. Level 3 investments include private equity funds, real estate investment, limited partnerships, certain mortgage and asset backed and common and collective trust funds that are primarily invested in real estate. The fair value of these investments is determined by estimates provided by independent pricing sources in asset classes, non-binding bid prices from industry vendors and managers, and the net asset value on the last day of plan year.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

The fair value measurements of the County and the Board's investments at June 30, 2016 are as follows:

		Fair Value Measurements Using						
Primary Government - Governmental Activities	Total		Quoted Prices in Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)	Signifi Unobser Input (Level	vable ts	
Investments by Fair Value Level					,		- /	
Debt Securities:								
US Treasury	\$ 1,003,130	\$	1,003,130	\$	-	\$	-	
Fixed Government Agency	21,915,802		-		21,915,802		-	
Tax-Free Municipal Securities	 35,446,674				35,446,674			
Total Debt Securities by Fair Value Level	58,365,606		1,003,130		57,362,476		_	
Interest-earning Investment Contracts - Certificates of Deposit	 3,252,788		<u>-</u>		3,252,788		_	
Total Investment by Fair Value Level	\$ 61,618,394	\$	1,003,130	\$	60,615,264	\$		

Debt securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities and certificates of deposit are classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. The certificates of deposit are participating as defined by GASB and meet the criteria for fair value reporting. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

The following is a description of the valuation techniques used to measure investments at fair value for the Fiduciary Activities:

Interest-Bearing Deposits and Money Market Funds: Valued at purchase price, which approximates fair value.

Debt Securities: Typically this category includes corporate bonds, U.S. Treasuries, Federal agency debt securities and Federal agency mortgage backed securities. Values are based upon quotes obtained from national or international exchanges and classified as level 2 of the fair value hierarchy.

Mutual Funds: Valued at quoted market prices which represent the net asset value of shares held by the plans at year end and classified as level 1 of the fair value hierarchy.

Collective Investment Trusts (Investments Measured at the NAV): Fair value for these investments are not readily determinable and instead, as a practical expedient, fair value is determined based on the Net Asset Value (NAV) per share. Fair value is determined based on the collective trust's share price multiplied by the number of shares owned, as based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Investments measured at the NAV are excluded from the fair value hierarchy. These collective investment trusts are external investment pools not registered with the SEC and are, instead, regulated primarily by the Office of the Comptroller of the Currency (OCC) as well as various, DOL, FDIC and state banking laws.

Interest Earning Investment Contracts: The stable value investments held inside the contracts with an insurance company are not actively traded and significant other observable inputs are not available. The contracts are included in the financial statements at fair value, as reported by the insurance company, and classified as Level 3 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation techniques used in the fair value measurements from the prior year.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

A. Deposits and Investments (Continued)

Investments Measured at the Net Asset Value (NAV)	Total	Redemption Frequency	Redemption Notice Period
Collective Investment Trusts:			
Domestic Equity Funds	\$ 56,342,087	Daily	2 days
Domestic Bond Funds	38,988,209	Daily	0-3 days
International Equity Funds	72,760,449	Daily, Semi-monthly	2-5 days
Real Estate Funds	35,024,922	Monthly, Quarterly	30-90 days
Stable Value Funds	 37,340,282	Daily	0 days
Total Investments Measured at the NAV	\$ 240,455,949		

The following is a description of the valuation technique used to measure investments at the net asset value (NAV) per share:

- 1. *Domestic Equity Funds:* This type includes investments in one collective investment trust that invests mainly in large capitalization U.S. common stocks. The fair value of the investment in this type has been determined using the NAV per share of the investments.
- 2. *Domestic Bond Funds:* This type includes investments in two collective investment trusts that invest mainly in U.S. Treasury Inflation Protected Securities (TIPS) and U.S. corporate high yield bonds. The fair value of the investment in this type has been determined using the NAV per share of the investments.
- 3. *International Equity Funds:* This type includes investments in three collective investment trusts that hold approximately 90 percent of the funds' investments in non-U.S. common stocks and preferred and approximately 10 percent of the funds' investments in foreign cash and other assets. The fair values of the investments in this type have been determined using the NAV per share of the investments.
- 4. *Real Estate Funds:* This type includes two collective investment funds that invest primarily in securities of real estate investment trusts, other companies in the real estate industry, and direct ownership of real estate. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.
- 5. *Stable Value Funds:* This type includes two collective investment funds that invest primarily in high quality stable value investment contracts such as guaranteed investment contracts (GICs), synthetic GICs, and separate account contracts. Fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

B. Receivables (Continued)

The General Fund has the following note receivable at June 30, 2016:

(1) A note receivable from the Knoxville-Knox County Community Action Committee (CAC) with an initial balance of \$2,300,000 was originated during the fiscal year ended June 30, 2004. The note resulted from an arrangement between the County and CAC whereby certain proceeds from debt issued by the County were used to construct a facility on CAC's behalf. CAC agreed to reimburse the County by repaying the annual amounts of the County's related debt service requirements. The resulting note receivable is due in varying principal installments, plus interest, through 2022. As of June 30, 2016, \$892,000 remained outstanding.

The County's Debt Service Fund has the following note and loan receivable at June 30, 2016:

- (1) Note receivable from the West Knox Utility District of Knox County (WKUD) has a current balance of \$1,455,000. The basis of this note is an agreement made by the County to participate with the district to expedite utility relocation and upgrading necessary for construction of improved roadways within the northwest portion of the County. The district was advanced up to \$2,000,000, which was disbursed by the County in installments upon receipt of draw notices. The note is non-interest bearing and is payable in four varying installments every five years. The amount to be repaid also includes \$140,000, recognized as revenue when received, that the district must pay to cover the County's administrative, accounting and financial costs associated with the agreement. The final installment of this note receivable is due August 11, 2018.
- (2) A loan receivable from the Industrial Development Board of Blount County (IDBBC) was made for the purpose of providing financial assistance for the acquisition and development of property as a business and industrial park. The loan initially bore interest at 5% annually and is to be repaid from amounts to be received by the IDBBC from land sales and other revenues related to the park. Interest on the loan is not currently being accrued. At June 30, 2016, the loan balance was \$6,020,000.

The State, Federal and Other Grants Special Revenue Fund had \$1,915,906 of notes receivable at June 30, 2016. These note agreements are from eligible County citizens participating in various state and federal low-income housing projects. These notes are executed with a range of below market interest rates and varying repayment terms.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

B. Receivables (Continued)

Advances to Other Entity

During the fiscal year ended June 30, 2006, the County advanced \$2,500,000 to the Knoxville-Knox County Community Action Committee (CAC). An additional advance during the fiscal year ended June 30, 2009 for \$3,500,000 was made to CAC from Knox County. These advances were made to provide funding for operations and are to be repaid from grant monies and other funding received by CAC. During the fiscal year ended June 30, 2011, CAC paid the County \$3,500,000 and \$35,000 in fiscal year 2014 towards the advances leaving a balance due to the County of \$2,465,000. CAC made no payments to the County during the fiscal year ended 2016.

C. Capital Assets

Activity in the County's and the Component Unit's capital assets for the fiscal year ended June 30, 2016, was the following:

Primary Government

	Beginning Balance	Increases		Ending Balance		
Governmental Activities:						
Capital Assets, not being depreciated:

Total Component Unit - the Board	\$	104,201,781	\$	101,164,836			

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

H. Leases

Capital Leases

All capital leases pertain to governmental activities.

The Primary Government and the Board lease various land, buildings and equipment through capital leasing arrangements. The Primary Government's and the Board's capital lease obligations are reflected as liabilities in the Statement of Net Position.

The future minimum lease obligations are as follows:

Year Ending June 30,	Prim	ary Government	Component Unit - The Board			
						
2017	\$	2,882,200	\$	425,004		
2018		2,925,023		425,004		
2019		2,968,886		425,004		
2020		3,013,820		425,004		
2021		3,059,849		425,004		
2022 - 2026		16,030,229		2,125,020		
2027 - 2031		13,486,376		1,912,518		
2032 - 2036		5,263,195		_		
2037		539,557				
Total Minimum Lease Payments	\$	50,169,135	\$	6,162,558		
Less: Amounts Representing Interest		(12,597,981)		(1,492,175)		
Present Value of Minimum Lease Payments	\$	37,571,154	\$	4,670,383		

As of June 30, 2016, assets recorded under capital leases totaled \$91,183,693 (\$85,319,632 equipment, \$879,609 land, and \$4,984,452 buildings). Related accumulated amortization totaled \$41,203,023. Amortization of assets recorded under capital leases is included with depreciation expense.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities

Loans Payable

All loans payable pertain to governmental activities.

In November 2011, the County entered into a loan agreement whereby the County borrowed funds for Knox County Board of Education capital purposes. The original proceeds of \$5 million, plus \$7,192 accrued interest added to principal, are payable in monthly payments including interest at .75% through July 1, 2024. Debt service requirements to maturity are as follows:

Fiscal Year					
Ending June 30,	Principal	Interest	Total		
2017	\$ 412,201	\$ 24,251	\$	436,452	
2018	415,303	21,149		436,452	
2019	418,428	18,024		436,452	
2020	421,576	14,876		436,452	
2021	424,750	11,702		436,452	
2022 - 2025	 1,329,911	15,852		1,345,763	
Total	\$ 3,422,169	\$ 105,854	\$	3,528,023	

In addition, in August 2013, the County entered into a loan agreement whereby the County borrowed funds for the Board of Education, which acquired computer equipment for instructional purposes in various schools. The total borrowed of \$5,962,500 is to be repaid in four equal annual installments of \$1,490,625 ending in 2016. As of June 30, 2016, the remaining balance was \$1,490,625.

The Partnership has reported non-capital related loans payable of \$10,655,000, due in more than one year.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

General Obligation and Public Improvement Bonds

The County issues general obligation and public improvement bonds to provide funds for the acquisition and construction of major capital facilities. Except for the County's General Obligation Series 2007 (Taxable) pension obligation bonds issued pursuant to the establishment of the Uniformed Officers Pension Plan, all County bonded debt was issued for capital purposes. All bonded debt pertains to governmental activities.

For financial reporting purposes, the portion of those bond issues related to the Board are recorded as payments from the primary government in the Board's Capital Projects Fund. The County issues all the debt on behalf of the Board, in the County's name and with a full faith and credit pledge from the County. Therefore, from a legal perspective, the debt is County debt. In practice, the County's Five-Year Capital Plan, its Debt Service Fund and its Operating Budget are all developed with the Board providing funds from its operations to make the debt payments related to County debt issued on behalf of the Board. However, as all bonded indebtedness is County debt, the entire balance is recorded as a liability of the primary government in the government-wide financial statements.

As all bonded indebtedness is County debt, the portion issued on behalf of the Board is not considered capital-related debt in the primary government's statement of net position. However, the total amount of the County's bonded indebtedness is considered capital-related in the total reporting entity column of the statement of net position.

Bond indebtedness for the County is backed by the full faith and credit of the County.

Bonds payable to be repaid from resources of the County and the Board currently outstanding are as follows:

Total Bonded Debt			\$ 614,988,642

(1) Stated interest rates on the Build America Bonds do not include the effects of the interest subsidy expected to be received from the federal government pursuant to the federal Build America Bonds program. The interest rate subsidy, 35% at issuance of the bonds, is being reduced due to sequestration by the federal government. At June 30, 2016, the sequestration rate was 6.8%.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

(2) Stated interest rate is net of the interest rate subsidy to be received from the federal government pursuant to the federal Qualified School Construction Bonds program.

Annual debt service requirements to maturity for bonds to be repaid by the County and the Board are as follows:

Fiscal Year	<u>P</u> 1	<u>Primary Government Debt</u> <u>To be Repaid By:</u>

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Changes in General Long-Term Liabilities (Continued)

For the primary government, compensated absences totaling \$45,623 pertains to the non-major enterprise fund, with the remaining long-term liabilities related to governmental activities.

Interest Rate Swaps

The County's Statement of Net Position includes interest rate swap derivatives with a fair value totaling \$38,599,015. The fair value of these derivatives was measured using Level 2 inputs, which were valued using a market approach that considers benchmark interest rates and foreign exchange rates.

Series C-1-A

Under its loan agreement, the Public Building Authority of Blount County, TN (the "Authority"), at the request of the County, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series C-1-A.

Objective of the interest rate swap. In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the County requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$72 million Series C-1-A variable-rate bonds. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate. The swap agreement has been determined to be an effective hedge, and is therefore accounted for as a hedging derivative instrument. The fair value of the hedging derivative instrument is reported in the Statement of Net Position as a long-term obligation. Accumulated changes in fair values are reported as deferred outflows in the Statement of Net Position.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Terms. Under the swap, the Authority pays the counterparty a fixed payment of 3.95 percent and receives a variable payment computed as 63.2 percent of the five-year London Interbank Offered Rate (LIBOR). At inception, the swap had a notional amount of \$72 million and the associated variable-rate bond had a \$72 million principal amount. The interest rate swap agreement is based on the same amortization schedule as the outstanding principal of the Series C-1-A Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association Index™ (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2029. As of June 30, 2016, rates were as follows:

Terms	Rates
Fixed	3.95%
% of LIBOR	-0.62%
	3.33%
	0.43%
	3.76%
	Fixed

Fair value. As of June 30, 2016, the swap had a negative fair value of (\$10,747,564), a change of (\$2,126,397) compared to the June 30, 2015 balance of (\$8,621,167). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

Credit risk. As of June 30, 2016, the County was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the County would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Morgan Keegan Financial Products ("MKFP") was rated "A+" by Standard and Poor's as of June 30, 2016, with its Credit Support Provider, Deutsche Bank, rated Baa2/BBB+/BBB+ by Moody's, Standard & Poor's and Fitch, respectively.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Basis risk. As noted above, the swap exposes the County to basis risk should the rate on the bonds increase to above 63.2% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 63.2% of LIBOR, then the synthetic rate on the bonds will decrease.

Termination risk. The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap's fair value.

Swap payments and associated debt. As of June 30, 2016, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

Variable Rate Bonds									
Fiscal Year			Net Interest Rate						
Ending June 30	Principal	Interest	Swap Payment	Total					
2017	2,775,000	228,223	1,765,614	4,768,837					
2018	2,950,000	216,290	1,673,300	4,839,590					
2019	3,125,000	203,605	1,575,164	4,903,769					
2020	3,300,000	190,168	1,471,207	4,961,375					
2021	3,525,000	175,978	1,361,427	5,062,405					
2022-2026	21,225,000	632,638	4,894,319	26,751,957					
2027-2029	16,175,000	141,900	1,097,791	17,414,691					
	\$ 53,075,000	\$ 1,788,802	\$ 13,838,822	\$ 68,702,624					

Series VI-A-1

Under its loan agreement, the Public Building Authority of Sevier County, TN (the "Authority"), at the request of the County, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series VI-A-1.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Objective of the interest rate swap. In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the County requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$70 million Series VI-A-1 variable-rate bonds. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate. The swap agreement has been determined to be an ineffective hedge, and is therefore accounted for as an investment derivative instrument. The fair value of the investment derivative instrument is reported in the Statement of Net Position as a long-term obligation. Changes in the fair value of the derivative instrument are reported within the investment revenue classifications in the Statement of Activities.

Terms. Under the swap, the Authority pays a fixed payment of 3.40 percent and receives a variable payment computed as 59 percent of the five-year London Interbank Offered Rate (LIBOR). At inception, the swap had a notional amount of \$70 million and the associated variable-rate bond had a \$70 million original principal amount. The interest rate swap agreement is based on the same amortization schedule as the outstanding principal of the Series VI-A-1 Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association IndexTM (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2029. As of June 30, 2016, rates were as follows:

	Terms	Rates
Interest rate swap:		
Fixed payment by Authority	Fixed	3.40%
Variable payment to Authority	% of LIBOR	-0.58%
Net interest rate swap payments		2.82%
Variable-rate bond coupon payments		0.43%
Synthetic interest rate on bonds		3.25%

Fair value. As of June 30, 2016, the swap had a negative fair value of (\$9,913,810), a change of (\$2,318,351) compared to the June 30, 2015 balance of (\$7,595,459). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Credit risk. As of June 30, 2016, the County was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the County would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Morgan Keegan Financial Products ("MKFP") was rated "A+" by Standard and Poor's as of June 30, 2016, with its Credit Support Provider, Deutsche Bank, rated Baa2/BBB+/BBB+ by Moody's, Standard & Poor's and Fitch, respectively.

Basis risk. As noted above, the swap exposes the County to basis risk should the rate on the bonds increase to above 59% of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 59% of LIBOR, then the synthetic rate on the bonds will decrease.

Termination risk. The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic fixed interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap's fair value.

Swap payments and associated debt. As of June 30, 2016, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same, for their term were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

Variable Rate Bonds										
Fiscal Year					Ne	t Interest Rate				
Ending June 30		Principal		Interest	S	wap Payment	Total			
2017	\$	3,200,000	\$	255,850	\$	1,675,996	\$	5,131,846

	\$	59,500,000	\$	1,984,622	\$	13,000,657	\$	74,485,279		

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Series D-3-A

Under its loan agreement, the Public Building Authority of Blount County, TN (the "Authority"), at the request of the County, has entered into an interest rate swap agreement for all of the outstanding Local Government Improvement Bonds, Series D-3-A.

Objective of the interest rate swap. In order to protect against the potential of rising interest rates and to balance its mixture of variable and fixed rate debt, the County requested the Authority, on its behalf, to enter into an interest rate swap in connection with its \$77 million Series D-3-A variable-rate bonds. The intention of the swap was to effectively change the County's variable interest rate on the bonds to a synthetic fixed rate. The swap agreement has been determined to be an effective hedge, and is therefore accounted for as a hedging derivative instrument. The fair value of the hedging derivative instrument is reported in the Statement of Net Position as a long-term obligation. Accumulated changes in fair values are reported as deferred outflows in the Statement of Net Position.

Terms. Under the swap, the Authority pays the counterparty a fixed payment of 3.89 percent and receives a variable payment computed as 63.2 percent of the five-year London Interbank Offered Rate (LIBOR). At inception, the swap had a notional amount of \$77 million and the associated variable-rate bond had a \$77 million principal amount. The interest rate swap agreement is based on the same amortization schedule as the outstanding principal of the Series D-3-A Bonds. The bonds' variable-rates have historically approximated the Securities Industry and Financial Markets Association Index (the "SIFMA"). The bonds and the related swap agreement mature on June 1, 2034. As of June 30, 2016, rates were as follows:

	Terms	Rates
Interest rate swap:		_
Fixed payment by Authority	Fixed	3.89%
Variable payment to Authority	% of LIBOR	-0.62%
Net interest rate swap payments		3.27%
Variable-rate bond coupon payments		0.90%
Synthetic interest rate on bonds		4.17%

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

I. Long-Term Liabilities (Continued)

Fair value. As of June 30, 2016, the swap had a negative fair value of (\$17,937,641), a change of (\$4,511,676) compared to the June 30, 2015 balance of (\$13,425,965). The negative fair value of the swap may be countered by reductions in total interest payments required under the variable-rate bond, creating lower synthetic rates. Because the rates on the government's variable-rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value model calculates future cash flows by projecting forward rates, and then discounts those cash flows at their present value.

Credit risk. As of June 30, 2016, the County was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap becomes positive, the County would be exposed to credit risk in the amount of the swap's fair value. The swap counterparty, Morgan Keegan Financial Products ("MKFP") was rated "A+" by Standard and Poor's as of June 30, 2016, with its Credit Support Provider, Deutsche Bank, rated Baaa2/BBB+/BBB+ by Moody's, Standard & Poor's and Fitch, respectively.

Basis risk. As noted above, the swap exposes the County to basis risk should the rate on the bonds increase to above 63.2 percent of LIBOR, thus increasing the synthetic rate on the bonds. If a change occurs that results in the rate on the bonds to be below 63.2 percent of LIBOR, then the synthetic rate on the bonds will decrease.

Termination risk. The derivative contract uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The Schedule to the Master Agreement includes an "additional termination provision." The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable-rate bond would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value. Likewise, if the swap has a positive fair value at termination, the counterparty would be liable to the Authority for a payment equal to the swap's fair value.

The School Construction Capital Projects Fund had a deficit balance of \$9,719,404 at June 30, 2016. The deficit balance was caused by the timing of the recognition of various expenditures and the related debt issuances. Expenditures for this fund are funded primarily by debt proceeds. The adopted Capital Improvement Plan includes planned debt issuance for the Board of \$63,750,000. In addition, future Capital Improvement Plans will include planned debt issuance in amounts sufficient to cover all approved expenditures. The funds to be received upon issuance will eliminate the deficit.

K. Property Taxes

Property taxes levied by the County Commission are the primary source of revenue for the County and the Board. Assessed values are established by the State of Tennessee at the following rates of assumed market value:

Personal Property	30 %
Railroads, Industrial and Commercial Property	40 %
Public Utility	55 %
Residential and Farm Real Property	25 %

NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

K. Property Taxes (Continued)

Taxes were levied at a rate of \$2.32 per \$100 of assessed values. Tax collections of \$252,882,970 for fiscal year 2016 were approximately 97.5 percent of the total tax levy.

The 2016 fiscal year property tax rate of \$2.32 was divided between the County and the Board as follows:

			Percent of
	A	mount	Total
Primary Government:			_
General Fund	\$	0.97	41.81%

NOTE IV. OTHER INFORMATION

A. Joint Ventures

The County is a participant in a joint venture with the City of Knoxville and the Knoxville Utilities Board in the operation of the Geographic Information Systems (GIS). The Geographic Information Systems was established to create and maintain a digitized mapping system of Knox County. Each of the participants appoints one of the three board members who oversee the operations. In March 1987, the County issued public improvement bonds, which included \$5,500,000 used to install the geographic information system. In accordance with the terms of the joint venture agreement, payments are shared between the County, the City of Knoxville and the Knoxville Utilities Board. In the 2016 fiscal year, the joint venture received 91 percent of its revenues from the participants in the joint venture. The Geographic Information Systems charged the County \$430,190 for the year ended June 30, 2016. The County does not retain an equity interest in the joint venture. The financial results of Geographic Information Systems have maintained adequate levels. Since the support for Geographic Information Systems is shared with two other entities, the County considers its involvement to be low risk. Complete separate financial statements for the Geographic Information Systems may be obtained at 606 Main Street, Suite 150, Main Place, Knoxville, TN 37902.

The County is a participant in a joint venture with the City of Knoxville in the operation of the Public Building Authority of the County of Knox and the City of Knoxville, Tennessee (PBA). The Authority was created to purchase, construct, refurbish, maintain and operate certain public building complexes to house the governments of the County and the City of Knoxville. The County appoints six of an eleven-member board of directors, which oversee the operations of PBA. The fact that the County appoints a majority of the board is negated by the participants' agreements calling for joint control of PBA. The County retains an equity interest in the joint venture. The County contributed \$6,744,383 to the PBA for development, management, and maintenance of County projects during 2016. Complete separate financial statements for PBA may be obtained at Room M-22, City County Building, 400 Main Street, Knoxville, TN 37902.

NOTE IV. OTHER INFORMATION (Continued)

B. Related Organizations

The County is responsible for all of the board appointments of the Knox County Industrial Development Board. However, the County has no further accountability for the organization.

The County is responsible for a minority of the board appointments for the Knoxville-Knox County Community Action Committee. During the year ended June 30, 2016, the County appropriated operating subsidies of \$1,500,919 to the Community Action Committee.

In FY 2016, the County and the Hall of Fame Management, Inc., dba the Women's Basketball Hall of Fame (the Hall) were parties to a contract for the operations management of the Women's Basketball Hall of Fame. The County paid the Hall a management fee. Pursuant to that contract, the Hall managed the day-to-day operations and events at the facility, collected revenues for the County, and paid the operating expenses from these revenues. All revenues collected by the Hall were the property of the County and held by the Hall in trust as public funds and applied to pay operating expenses in accordance with the budget. To the extent revenues were insufficient, the Hall was to pay operating expenses out of its management fee.

In 2016, the County and the Knoxville Convention & Visitors Bureau, Inc., dba "Visit Knoxville" were parties to a contract whereby Visit Knoxville performed tourism marketing services for Knox County. Visit Knoxville received a percentage of hotel-motel tax collections as compensation for these services. The County appoints certain board members of Visit Knoxville.

June 30, 2016

NOTE IV. OTHER INFORMATION (Continued)

C. Risk Management

The County has established the Self Insurance Healthcare Fund for risks associated with employees' health plan and the Self Insurance Fund for the majority of risks associated with the general liability and workers' compensation claim settlements. In the Self Insurance Fund, each participating fund with eligible employees is charged a premium calculated using trends in actual claims experience. The Board and the District (component units), the Geographic Information Systems (joint venture between the County and the City of Knoxville), and the Knox County-City of Knoxville Metropolitan Planning Commission (a separate governmental organization) also participate in one or both of the plans. The Self Insurance Healthcare and the Self Insurance Fund are accounted for as internal service funds where assets are set aside for claim settlements. The County retains the risk of loss to a limit of \$450,000 for each employee in any plan year for health coverage and \$750,000 for each employee (except the Sheriff's Department which is \$1,250,000 per employee) in any plan year for worker's compensation coverage by obtaining stop/loss commercial insurance policies that covers claims beyond these limits.

At June 30, 2016, Humana and Catamaran OptumRx are the third-party administrators of the County's self-insured healthcare plans. In the Self Insurance Healthcare Fund, a premium is charged to the participating fund, component unit, joint venture, or outside entity that accounts for eligible employees. The total charges for the funds are calculated using trends in actual claims experience. In instances where medical claims materially exceed premiums received, each participating entity is charged a prorata basis for any fund deficits incurred.

Liabilities of the funds are recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation and recent claim settlements. The County has an independent actuary develop the estimates for claims liabilities including IBNR on an annual basis. Changes in the balances of claims during the past two fiscal years are as follows:

Unpaid Claims - Beginning
Balance
Incurred Claims (Including
IBNR's)
Claim Payments
Unpaid Claims - Ending
Balance

	Self Insurance He	althcare Fund -	Self Insurance Fund - General Liability,

Notes to Financial Statements

June 30, 2016

NOTE IV. OTHER INFORMATION (Continued)

C. Risk Management (Continued)

The Self Insurance Fund had a deficit net position balance of \$3,596,588 at June 30, 2016. Management plans to eliminate the deficit by increasing charges for services and by implementing additional procedures designed to reduce claims costs by additional monitoring and settlement procedures.

The County and the Board purchase insurance coverage for personal and real property. The District purchases insurance coverage for personal and real property, general liability and workers' compensation coverage. The County and its component units have had no significant reduction in insurance coverage over the last three years. Settlements have not exceeded insurance coverage in the past three fiscal years.

The Board maintains worker's compensation and employer's liability insurance for approximately 3,226 non-certified employees (i.e. security officers, educational assistants, nutrition services, and operations) through the Tennessee Risk Management Trust (TNRMT), a public entity risk pool operated as a risk-sharing program by the Tennessee School Board Association (TSBA). This pool is sustained by member premiums, and, because the pool has excess aggregate and individual claim loss reinsurance coverage, management considers any related credit risk to be insignificant.

Certain self insurance liabilities of the Board that are for unexpected and unusual claims are reported directly in the Board of Education's Statement of Net Position. As of June 30, 2016, the liabilities were \$3,686,570.

D. Other Post Employment Benefits

Retiree Healthcare

Plan Description

As authorized by County Resolution, the County provides post-retirement health care benefits for County retirees and their dependents. Retirees may participate only until they reach age 65 (except for a few "grandfathered" retirees who still have active medical insurance). The retiree is responsible for paying 100 percent of the related premium. The retirees who have chosen to participate in the County's medical insurance plan have not been evaluated on a separate experience rating from those of existing County and Board employees. Therefore, participating retirees contribute the same premium as existing employees, plus the amount the employer contributes for existing employees. Under this arrangement the retiree contributions are expected to be less than their expected health care cost, and a portion of the premiums the County pays on behalf of its active employees is deemed to subsidize the retirees' costs. This implicit subsidy is an Other Post-employment Benefit (OPEB) as defined by GASB Statement No. 45. The County's medical insurance plan, a single-employer defined benefit plan, does not issue a separate financial report.

Notes to Financial Statements

June 30, 2016

NOTE IV. OTHER INFORMATION (Continued)

D. Other Post Employment Benefits (Continued)

Retiree Healthcare (Continued)

Funding Policies

The contribution requirements of the County healthcare plan members and the County are established in the annual budget approved by County Commission. The required contribution is based on the annual premiums for the healthcare plan. The active employees pay a portion of the premium cost and the County pays the remaining premiums. For health insurance, the retiree contributes 100% of all premium payments. For the fiscal year ended June 30, 2016, the retirees contributed \$348,300 to the active Humana medical plans. Retirees contributed 100% of the cost of the Medicare Advantage premium totaling \$176,286. Effective January 1, 2016, the Medicare Advantage Plan was no longer offered through Knox County for retirees.

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liability over a period not to exceed thirty years.

The plan contains both active employees and retirees. Although the County's annual contribution is 36.70% of premium payments for the combined participants, the share of claims related to retirees represents a higher percentage of the total claims. Accordingly, contributions reflected in the OPEB calculations have been adjusted to reflect that a portion of contributions for active employees are subsidizing the retiree claims.

As the OPEB consists solely of the implicit subsidy of retiree healthcare contributions, the County has elected to have actuarial valuations performed biennially.

The following table shows the components of the County's annual OPEB cost, the amounts contributed to the plan, and changes in the County's net OPEB obligation:

Annual Required Contribution	\$ 353,450
Interest on net OPEB obligation	43,476
Adjustment to annual required contribution	 (60,118)
Annual OPEB Cost	 336,808
Contribution made	 (123,463)
Increase (decrease) in net OPEB obligation	213,345
Net OPEB obligation July 1, 2015	1,086,893
Net OPEB obligation June 30, 2016	\$ 1,300,238

NOTE IV. OTHER INFORMATION (Continued)

D. Other Post Employment Benefits (Continued)

Retiree Healthcare (Continued)

Annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation were as follows:

Fiscal Year Ended	Annual PEB Cost	Percentage of Annual OPEB Cost Contributed	et OPEB Obligation
June 30, 2013	\$ 278,805	51.62%	\$ 782,362
June 30, 2014	294,662	47.30%	937,656
June 30, 2015	305,965	51.22%	1,086,893
June 30, 2016	336,808	36.70%	1,300,238

Funded Status and Funding Progress

As of July 1, 2015, the most recent actuarial valuation date, the County healthcare plan was 0% funded. The actuarial accrued liability for benefits for June 30, 2016 was \$2,749,997, resulting in an unfunded actuarial accrued liability (UAAL) of \$2,749,997. The schedule of funding progress immediately following the notes to financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Valuations

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the Plan and the annual required contributions of the County Plan members are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following these notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities.

NOTE IV. OTHER INFORMATION (Continued)

D. Other Post Employment Benefits (Continued)

Retiree Healthcare (Continued)

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the County and Plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2015 valuation, the projected unit credit cost method was used. The actuarial assumptions included a funded interest rate of 4.0% and a participation rate of 10%. Annual health care costs are assumed to increase 9% in the first year of valuation. Future annual increases are assumed to grade uniformly to 5% by the year 2023. The UAAL is being amortized as a level percentage of projected payrolls on a closed basis. The remaining amortization period at June 30, 2016 was 20.77 years.

Disability Plan

Plan Description

As authorized by County Resolution, the County provides disability benefits for eligible employees of the County who are participants in the UOPP, STAR, Closed Defined Benefit, or Asset Accumulation Plans and who become disabled after January 1, 2014. The Plan, a single-employer OPEB plan, is administered by the Knox County Retirement and Pension Board. Participating employees become eligible after five years of credited service, unless the disability occurs as a result of an act required to perform duties in the course of employment, in which case there is no service requirement. The employer pays 100 percent of the related premium. In the event of disability, eligible employees receive benefits equal to 60% of pre-disability compensation as of the date of the disability, subject to offset by Social Security, workers' compensation, and adjustments for earned income. Benefits continue until the employee is no longer disabled, reaches Social Security normal retirement age, or begins receiving benefits from a County-funded retirement plan, whichever is earliest. The Plan issues a stand-alone report, which may be obtained at Suite 371, City County Building, 400 Main Street, Knoxville, TN 17902.

(Cost of Living Adjustments) None

Annual OPEB Cost and Net OPEB Obligation

The following table shows the components of the County's annual OPEB cost, the amounts contributed to the plan, and changes in the County's net OPEB obligation.

Annual Required Contribution	\$ 530,426
Interest on net OPEB Obligation	(64,310)
Adjustment to annual required contribution	85,357
Annual OPEB Cost	551,473
Contribution made	(1,183,523)
Increase (decrease) in net OPEB obligation	(632,050)
Net OPEB obligation July 1, 2015	(918,716)
Net OPEB (asset) obligation June 30, 2016	\$ (1,550,766)

June 30, 2016

NOTE IV. OTHER INFORMATION (Continued)

D. Other Post Employment Benefits (Continued)

Disability Plan (Continued)

Annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)				
June 30, 2014	\$ -	N/A	\$	(354,018)			
June 30, 2015	534,678	208.43%		(918,716)			
June 30, 2016	551,473	223.13%		(1,550,766)			

Funded Status and Funding Progress

As of July 1, 2016, the most recent actuarial valuation date, the County plan was 47.81% funded. The actuarial accrued liability for benefits for June 30, 2016 was \$3,036,796, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,584,894. The market value of plan assets was \$1,451,902. Covered payroll totaled \$156,080,523, and the UAAL as a percentage of covered payroll was 1.02%.

Actuarial Valuations

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions regarding future employment and mortality trends. Amounts determined regarding the funded status of the Plan and the annual required contributions of the County Plan members are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following these notes to the financial statement, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the County and Plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTE IV. OTHER INFORMATION (Continued)

E. Commitments and Contingencies

The County and its component units are parties to various legal proceedings, a number of which normally occur in governmental operations. As discussed in Note IV.C., amounts have been accrued in the County's Self Insurance Fund for the estimated amounts of claims liabilities.

The County receives significant financial assistance from the Federal and State governments in the form of grants and entitlements. These programs are subject to various terms and conditions, compliance with which is the responsibility of the County. These programs are subject to financial and compliance audits by the grantor agencies. Any costs disallowed as a result of such audits could become a liability of the County. As of June 30, 2016, the amount of any liabilities that could result from such audits cannot be determined. However, the County believes that any such amounts would not have a material adverse effect on the County's financial position.

The County and the Board have several outstanding construction projects as of June 30, 2016. The County also has a five-year Capital Improvement Plan which addresses major capital needs for the County and the Board. Although the Capital Improvement Plan does not represent legal appropriations or contractual commitments, it does represent priorities as determined by the County and the Board. Funding for the first year of the adopted Capital Improvement Plan has been appropriated by action of the County Commission.

The following represents capital projects funds spent to date, current contractual obligations, and appropriations for future projects as adopted in the Capital Improvement Plan for the fiscal year beginning July 1, 2016:

Other Projects		231,316,905	1,755,038		8,500,000	
Total - the Board	\$	242,532,283	\$ 13,117,007	\$	63,750,000	

Construction projects for both the County and the Board are primarily funded by general obligation bonds.

June 30, 2016

NOTE IV. OTHER INFORMATION (Continued)

F. Constitutional Officers

The Constitutional Officers Special Revenue Fund includes the operations of the following elected officials:

Trustee - serves as the treasurer and primary investment manager of the County's funds and manages property tax collection efforts.

Knox County Clerk - serves as the Clerk of the County Commission. Principally engaged in the sale of motor vehicle licenses and acceptance of applications of motor vehicle registrations of the State of Tennessee.

Circuit and General Sessions, Criminal and Fourth Circuit Courts Clerks and Clerk and Master - serve as the clerical and support staff for the various courts for both civil and criminal proceedings.

Register of Deeds - collects various fees for the recording of conveyances, trust deeds, chattels, charters, plats and other legal instruments.

These officials, responsible for the collection and remittance of State, County and other funds, earn fees and commissions for their services.

The operations of the Constitutional Officers are operated under the provisions of Section 8-22-104, Tennessee Code Annotated (TCA). Salaries and related benefits of the officials and staff are paid from fees and commissions earned. Fees earned in excess of these costs are remitted to the County's General Fund, less an allowance of three months of anticipated operating expenses retained in the respective fee account. Salaries for clerical assistance were supported by chancery court decrees that were obtained under provisions of Section 8-20-101, et seq., TCA. These activities are accounted for in the County's Constitutional Officers' Special Revenue Fund.

NOTE IV. OTHER INFORMATION (Continued)

F. Constitutional Officers (Continued)

Collections and payments for litigants, heirs and others are accounted for in the County's Constitutional Officers' Agency Fund.

Other operating costs of these offices (excluding salaries and benefits) are accounted for in the County's General Fund. These budgeted amounts are approved by the County Commission in accordance with the County Charter. Fees remitted by the officials in excess of salaries and benefits are used to offset the cost to the General Fund.

Included in the Supplementary Schedules of the County's Comprehensive Annual Financial Report is the schedule of Combined Analysis of Fee and Commission Accounts (reported on the cash basis of accounting) for the year ended June 30, 2016.

G. Accounting Pronouncements

The County adopted GASB Statement No. 72, Fair Value Measurement and Application, required for fiscal periods beginning after June 15, 2015, in fiscal 2016. This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements (see Note III-A).

The County adopted portions of GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, in fiscal 2016. This Statement establishes requirements for defined benefit pensions that are not within the scope of Statement No. 68, Accounting and Financial Reporting for Pensions, as well as for the assets accumulated for purposes of providing those pensions. In addition, it establishes requirements for defined contribution pensions that are not within the scope of Statement 68. It also amends certain provisions of Statement No. 67, Financial Reporting for Pension Plans, and Statement 68 for pension plans and pensions that are within their respective scopes.

NOTE IV. OTHER INFORMATION (Continued)

G. Accounting Pronouncements (Continued)

The County adopted GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, required for fiscal periods beginning after June 15, 2015, in fiscal 2016. The Statement identifies, in the context of the current governmental financial reporting environment, the hierarchy of generally accepted accounting principles (GAAP). The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

The County adopted GASB Statement No. 79, Certain External Investment Pools and Pool Participants, required for fiscal periods beginning after June 15, 2015, in fiscal 2016. This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. The Statement establishes measurement criteria for investments held by pools and pool participants, and establishes additional note disclosure requirements regarding limitations or restrictions on participant withdrawals.

H. Subsequent Events

Subsequent to the end of the fiscal year ended June 30, 2016, the County established a new post-retirement medical plan for County retirees. The plan, which became effective October 1, 2016, provides that eligible retirees will be able to remain on the County's medical plan until age 65. The County will contribute 35% of the premium cost, with the remaining 65% to be contributed by the retiree. The County's portion will be based on the premiums for individual coverage only.

NOTE V: EMPLOYEE RETIREMENT PLANS

A. General Information

County and Board employees are covered by a variety of retirement plans. These plans fall into three categories – defined benefit, defined contribution and OPEB plans. The majority of County and Board employees participate in *defined contribution plans*. Those not included in the defined contribution plans are certified teachers covered under the Board's Article IX Defined Benefit Plan for former Knoxville City School teachers, all certified County school teachers, certain non-certified employees who elected not to transfer to the primary defined contribution plan or sworn officers in the Sheriff's Department who elected to transfer to the Uniformed Officers Pension Plan (UOPP) effective July 1, 2007, or were hired as a sworn officer on or after June 1, 2007. County certified school teachers participate in the State Retirement Plan for Teachers as administered by the Tennessee Consolidated Retirement System (TCRS). Certain County Officials also participate in TCRS.

The County participates in the Tennessee Consolidated Retirement System (TCRS), an agent multiple-employer retirement system (PERS). The County's plan in TCRS is titled the Knox County Executive And Officials Plan. A single actuarial evaluation is computed for the Knox County Executive And Officials plan by TCRS. TCRS prepares a separate financial report for the operations and activities of this plan, which are not included in the County's reporting entity and are not included in the accompanied financial statements.

The Board participates in the TCRS through two different plans, the Teacher Legacy Pension Plan and the Teacher Retirement Plan. These two plans are cost sharing multiple-employer pension plans administered by TCRS. The Knox County Schools contribute to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP). The Board also allows certified teachers and administrators to participate in one of two multiple-employer defined contribution plans as administered by the Tennessee Department of Treasury (see Note V-F).

The four defined contribution plans, the three single-employer defined benefit plans and the one OPEB (employee disability) plan are part of the County's financial reporting entity and are included in the accompanying financial statements. The operations of the Knox County Closed Defined Benefit Plan (County DB Plan), the County's Asset Accumulation Plan (County DC Plan), the Sheriff's Total Accumulation Retirement Plan (STAR DC Plan), the Employee Disability Plan (OPEB) Plan), the County's Uniformed Officers Pension Plan (UOPP DB Plan), Voluntary 457 Plan (DC Plan) and the County's Medical Expense Retirement Defined Contribution Plan (MERP DC Plan) are recorded as County pension and other employee benefit trust funds. The operations of the Board's Teacher's Defined Benefit Plan (Teacher's DB Plan) are recorded in the Board's pension trust fund. Complete separate financial statements for the four defined contribution plans, the three defined benefit plans, and the OPEB plan may be obtained by contacting the Knox County Retirement and Pension Board at Suite 371, City County Building, 400 Main Street, Knoxville, TN 37902.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

A. General Information (Continued)

Since the County's and Board's Plans are sponsored by a governmental entity, these Plans are not subject to the statutory provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In addition, none of the accompanying governmental defined benefit plans are insured by the U.S. Pension Benefit Guaranty Corporation.

B. Single-Employer Defined Benefit Plans

Summary of Significant Accounting Policies

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Knox County's (County) Plans (the County DB Plan, the Uniformed Officers Pension Plan (UOPP), and the Knox County Board of Education (Board) Plan (the Teacher's DB Plan) and additions to or deductions from the County, UOPP, and Teacher's DB Plan's fiduciary net position have been determined on the same basis as they are reported by Knox County, and the Knox County Board of Education for the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Defined Benefit Pension Plans

Plan Description - The County's defined benefit pension plans, (County and UOPP DB Plans), and the Board's defined benefit pension plan (Teacher's DB Plan) provides pensions to plan members and their beneficiaries. The County DB Plan was established by the County Commission pursuant to House Bill Number 886 of Chapter 246 of the 1967 Private Acts of the State of Tennessee as amended and continued by the County's charter. The County DB Plan was closed to new participants effective September 30, 1991. The UOPP DB Plan was approved by the voters of Knox County during the November 2006 elections. The Plan was established July 1, 2007 with approximately 600 sworn Sheriff's Office employees electing to transfer their retirement balance from the County DC Plan to the UOPP DB Plan. The amount transferred from the participant's accounts totaled \$39,429,351. In addition, during FY 2007, Knox County issued \$57 million of pension obligation bonds, and transferred the proceeds (net of issuance costs) totaling \$56,510,846 to the plan. During the November 2012 elections, voters approved to close the UOPP DB Plan to new hires or rehires effective January 1, 2014. The Teacher's DB Plan was established under Article IX of the Knox County Employee Benefit System. The Teacher's DB Plan is closed to new plan members. The County, UOPP, and the Teacher's DB Plans are single-employer defined benefit pension plans administered by the Knox County Retirement and Pension Board.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

General Information about the Defined Benefit Pension Plans (Continued)

Benefits Provided - The County DB Plan provides pensions to any person who is an active employee hired before the close date of September 30, 1991. The plan also provides death and disability benefits to participants and their beneficiaries. Normal retirement monthly benefits for County DB Plan participants are equal to credited service multiplied by the greater of 1.75% of average monthly compensation or \$30. The average monthly compensation is calculated using the employee's 60 consecutive months of highest compensation prior to retirement, or such lesser number of months of credited service actually completed. Credited service is equal to all contributions, uninterrupted service expressed in years and decimal fraction of a year based on completed calendar months. The normal retirement date for participants is the first day of the month coinciding with or next following attainment of age 65 or, if later, 5 years of credited service, or, if an elected official, the later of his 55th birthday and completion of 5 years of credited service. Employees may retire at age 55 after 5 years of service but accrued benefits are reduced by 5/12% for each month that the early retirement precedes normal retirement. All participants are eligible for non-duty disability benefits after 5 years of credited service and for duty-related disability benefits upon hire. Disability retirement benefits are payable immediately to age 65 and equal to 50% of average monthly compensation plus 10% of average monthly compensation if there is at least one dependent child minus the sum of monthly primary social security at time of disability, monthly workers' compensation benefits, and monthly disability pension reduction, but not less than \$150. Pre-retirement death benefits (in the line of duty) are payable in the amount of 37.5% of the average monthly compensation at date of death minus 75% of all social security benefits payable. Pre-retirement death benefits (not in the line of duty) requires participants to have reached age 55 and have a minimum service of 5 years. Benefits are payable at 100% joint and survivor benefit accrued to date of death. If the participant completed 5 years of service, but had not yet attained age 55, the benefit payable to the beneficiary is equal to the participant's contributions plus a 100% match by the employer, both of which accumulate at 3% interest compounded annually. Postretirement death benefits equal to \$300 multiplied by years of service up to 30 years are paid in a lump sum. The County DB Plan includes a Cost of Living increase of 3% per annum of the participant's original benefit.

The UOPP DB Plan provides pensions to officers employed by the Sheriff's Office on or after June 1, 2007, and most recently employed or reemployed before January 1, 2014. Normal monthly retirement benefits are equal to the greater of 2.5% of average monthly compensation multiplied by service up to a maximum of 30 years or \$10 multiplied by service up to a maximum of 25 years. The normal retirement date is the first day of the month coinciding with or next following attainment of age 50 or, if later, the date the participant completes (or would have completed if the participant remained continuously employed until then) 25 years of service. A participant with 5 or more years of service

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

General Information about the Defined Benefit Pension Plans (Continued)

who retires prior to his normal retirement date shall be entitled to the greater of 2% of average monthly compensation multiplied by the participant's projected service (maximum of 25 years), multiplied by the participant's actual service, and divided by the participant's projected service or \$10 multiplied by service up to a maximum of 25 years. The average monthly compensation of a participant is averaged over any 2 twelve month periods, whether or not consecutive but which do not overlap, from date of employment, including periods prior to the effective date of the plan, which produce the highest monthly average. A participant may receive early retirement benefits of the greater of the actuarial equivalent of 2% average monthly compensation multiplied by the participant's projected service (maximum of 25 years), multiplied by the participant's actual service, and divided by the participant's projected service or \$10 multiplied by service up to a maximum of 25 years. Disability benefits are payable to participants (in the line of duty) equal to 50% of average monthly compensation. A participant (not in the line of duty) is eligible to receive the greater of 2% of average monthly compensation multiplied by the participant's service (maximum of 25 years) multiplied by the participant's actual service and divided by the participant's projected service or \$10 multiplied by service up to a maximum of 25 years. All participants who become disabled prior to January 1, 2014 are eligible to receive this benefit. Pre-retirement death benefits (in the line of duty) for the participant's surviving spouse are payable monthly for life in the amount of the greater of 2% of average monthly compensation multiplied by the participant's service (maximum of 25 years) or \$250. Pre-retirement death benefits (not in the line of duty) for the participant's surviving spouse are payable monthly for life in the amount of the greater of 1% of average monthly compensation multiplied by the participant's service (maximum of 25 years) or \$10 multiplied by service up to a maximum of 25 years. Participants must have completed 5 years of service. Post-retirement death benefits are payable to the participant's surviving spouse in the greater of 50% of the participant's normal retirement benefit immediately prior to death or \$10 multiplied by service up to a maximum of 25 years. The UOPP DB Plan includes a Cost of Living adjustment annually of 3% plus (if a participant is over 62 years old) one half of the amount by which the percentage increase in the Consumer Price Index for the 12 months ending September 30 preceding the year of adjustment exceeds 3%, not to exceed 1%.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

General Information about the Defined Benefit Pension Plans (Continued)

The Teacher's DB Plan provides pensions to any person who is a "teacher" as defined by the Court of Appeals in its opinion of December 30, 1987 in the case of Knox County v. the City of Knoxville, et al, and who is entitled to maintain membership in a local pension system as a result of their membership in any applicable plan of the City of Knoxville Pension System on June 30, 1987, and who thereafter is employed as a result of the City of Knoxville ceasing to operate a separate school system and is so regularly employed by the Knox County Board of Education. Each participant shall be eligible to retire at age 62, the normal retirement date or on the first day of any of the thirty-five months next following age 62. The normal retirement benefit, a monthly benefit payable for life, computed as of normal retirement date as $1/12^{th}$ of credited service multiplied by the sum of Benefit Rate A times average base earnings and Benefit Rate B times average excess earnings. Benefit Rate A and Benefit Rate B shall vary according to the participant's last birthday at the time benefit payments are to commence, as follows:

	Benefit	Benefit
Age	Rate A	Rate B
62 or earlier	0.75%	1.50%
63	0.78%	1.58%
64	0.84%	1.66%
65 or later	0.88%	1.76%

This amount is then reduced by the benefit accrued under the applicable City of Knoxville retirement plan as of June 30, 1987. The monthly benefit, including 50% of the primary Social Security benefit, shall not be less than \$10 per year of credited service, with a maximum of \$250. After completing 25 years of credited service, participants are eligible for early retirement benefits. Upon early retirement, a participant may elect to receive either a deferred monthly benefit equal to his accrued benefit commencing at normal retirement date or a reduced benefit equal to the actuarially equivalent benefit commencing immediately. Participants are eligible for Disability (not in the line of duty) after completing 15 years of credited service. Accrued benefits are based on credited service at time of disablement, payable immediately, plus a lump sum equal to six times the accrued monthly benefit. Participants who are disabled in the course of performance of duty are eligible for disability. The accrued benefit is based on credited service projected to age 62, payable immediately and reduced by any workers' compensation benefits paid. A participant must complete 15 years of credited service to be eligible for death benefits. Death benefits are payable as 50% of the monthly benefit that the participant would have been entitled to if he/she had elected the 50% joint and survivor form of payment, payable at the earliest time benefits could have commenced to the participant. The Teacher's DB Plan includes a Cost of Living adjustment of 3% per annum of the participant's original benefit.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

General Information about the Defined Benefit Pension Plans (Continued)

Employees Covered by Benefit Terms - At January 1, 2016, the valuation date, the following participants were covered by the benefit terms:

	County DB Plan	UOPP DB Plan	Teacher's DB Plan
Inactive employees or beneficiaries currently receiving benefits	831	122	440
Inactive employees entitled to, but not yet receiving benefits	24	21	-
Active employees	61 916	630 773	441

Contributions - Provisions and contribution requirements in the County and the Teacher's DB Plans are established and may be amended by the Knox County Retirement and Pension Board in compliance with state law. For the UOPP DB Plan, some provisions and employee changes are limited based on wording in the Knox County Charter (Article VII, Section 7.05) while other provisions and employer contributions can be determined by the Knox County Retirement and Pension Board in compliance with state law. The Knox County Retirement and Pension Board establishes rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by participants during the year, with an additional amount to finance net pension liabilities. Prior to July 1, 1991, County DB Plan participants contributed 5% of annual earnings. Effective July 1, 1991, all participant contributions were assumed by the County under Section 414(h) of the Internal Revenue Code. In the UOPP DB Plan, each participant shall contribute to the fund an amount equal to 6% of annual earnings. The employee accumulation will receive 4% simple interest. No participant contributions shall be required after a participant has completed 30 years of service. Each participant in the Teacher's DB Plan shall contribute an amount equal to 3% of base earnings (that part of earnings in any calendar year which does not exceed \$4,800 per annum) plus 5% of excess earnings (that part of earnings in any calendar year which are in excess of base earnings). For FY 2016, the employer contributions for the County, UOPP, and the Teacher's DB Plans were approximately 161.82%, 12.94%, and N/A, respectively, of annual covered-employee payroll.

Net Pension Liability

The County, UOPP, and Teacher's DB Plans' net pension liabilities were measured as of June 30, 2016, and the total pension liabilities used to calculate the net pension liabilities were determined by actuarial valuations as of January 1, 2016.

Actuarial Assumptions - The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement for the County, UOPP, and Teacher's DB Plans.

	County	UOPP	Teacher's
	DB Plan	DB Plan	DB Plan
Actuarial Cost Method:	Individual Entry Age	Individual Entry Age	Individual Entry Age
	Normal Cost	Normal Cost	Normal Cost
Amortization Method:	Level Percent of Payroll, Closed	Level Percent of Payroll, Closed	Level Percent of Payroll, Closed
Remaining Amortization Period:	17 Years	27 Years	17 Years
Asset Valuation Method for	5-year smoothed subject to a	5-year smoothed subject to a	5-year smoothed subject to a
Actuarial Determined	10% corridor around the market	20% corridor around the market	10% corridor around the market
Contributions:	value of assets	value of assets	value of assets
Discount and Investment Rate of			
Return:	7.00%	7.00%	7.00%
Salary Increases:	3.00%	3.00%	N/A
Cost of Living Increase	3.00%	3.25%	3.00%
Inflation	1.45%	1.45%	1.45%
Age at Retirement:	65 and five years of service	Participants hired before age 40, age 57 and 30 years of credited service. Participants hired after age 40, age 50 and 25 years credited service.	60 or immediately if older (25 years of service or greater), 62 or immediately if older (less than 25 years of service)
Mortality Table:	1983 Group Annuity (Male and Female)	1984 Unisex	1983 Group Annuity (Male and Female)

Experience Study:	January 1, 2002 to December 31, 2011	January 1, 2008 to December 31, 2011	January 1, 2002 to December 31, 2011

June 30, 2016

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

Net Pension Liability (Continued)

Expected Investment Rate of Return and Asset Allocation - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The actual exposure and target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

County and Teacher's	Actual	Target			
DB Plans	Exposure	Allocation			
Investment Type:					
U.S. Equities	27%	22% - 33%			
Non - U.S. Equities	29%	22% - 33%			
Core Fixed Income	14%	12% - 18%			
High Yield Fixed Income	12%	12% - 18%			
U.S. Treasury Inflation Protected Securities	5%	3% - 7%			
Private Real Estate	7%	5% - 9%			
U.S. Real Estate (REITS)	6%	1% - 5%			
Total	100%				
UOPP DB Plan					
Investment Type:					
U.S. Equities	28%	24% - 36%			
Non - U.S. Equities	29%	24% - 36%			
Core Fixed Income	13%	10% - 16%			
High Yield Fixed Income	10%	9% - 14%			
U.S. Treasury Inflation Protected Securities	5%	3% - 7%			
Private Real Estate	8%	6% - 10%			
U.S. Real Estate (REITS)	6%	1% - 5%			
Short-term and Cash Equivalents	1%	0% - 5%			
Total	100%				

Notes to Financial Statements

June 30, 2016

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

Net Pension Liability (Continued)

Best estimates of arithmetic real rates of return, net of assumed inflation rate, for each major investment classification included in the pension plan's target asset allocation as of June 30, 2016 are as follows:

Defined Benefit Plans (All Plans)	
	June 30, 2016 Long-Term
	Expected Real
Investment Type	Rate of Return
U.S. Equities	6.25%
Non - U.S. Equities	6.45%
Core Fixed Income	2.75%
High Yield Fixed Income	5.65%
U.S. Treasury Inflation Protected Securities	2.35%
Private Real Estate	5.85%
U.S. Real Estate (REITS)	4.70%

The assumed inflation rate is 1.45% per annum.

Rates of Return - The annual money-weighted rates of returns on defined benefit pension plan investments, net of pension plan expenses for the year ended June 30, 2016 were as follows:

Defined Benefit Plans:	2016
County DB Plan	-0.90%
UOPP DB Plan	-0.14%
Teacher's DB Plan	-0.70%

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amount actually invested.

Discount Rate - The discount rate used to measure the total pension liability for each DB Plan was 7%. The projections of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the County, UOPP, and Teacher's DB Plans' contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

B. Single-Employer Defined Benefit Plans (Continued)

Net Pension Liability (Continued)

Tennessee State Law for Local Government Sponsored Defined Benefit Plans - In May 2014, the Tennessee General Assembly passed "The Public Employee Defined Benefit Financial Security Act of 2014", Tennessee Code Section 9-3-501, which will require Knox County and the Knox County Board of Education to make annual employer contributions equal to 100% of its actuarially determined contributions (ADC), use the entry age normal cost method, limit future pension benefit improvements if the net pension plan funded ratio is less than 60% and other requirements beginning in fiscal year 2016 with various provisions phased in through FY 2020. As of June 30, 2016, the County DB Plan's funded ratio was 50.65%. State law provides for penalties in the event that the funding level is below 60%, if the entity additionally provides benefit enhancements and fails to make contributions equal to the ADC. As the County made the required contributions and did not enhance benefits, there were no penalties.

Changes in the Net Pension Liability

The changes in the net pension liability for the plans for the fiscal year ended June 30, 2016 are as follows (dollar amounts in thousands):

Payable to Pension Plans

At June 30, 2016, the County and the Board did not report a payable for any outstanding amount of employer contributions to the Plans required for the year ended June 30, 2016.

Trend Information

The schedules of changes in the County, UOPP, and Teacher's DB Plans' net pension liabilities and related ratios, the schedule of County and Board's employer contributions, and schedule of investment returns are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether each Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net pension liability and whether the County's and the Board's contributions are in accordance with the actuarially determined amounts.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

C. Agent Multiple-Employer Defined Benefit Plan

Summary of Significant Accounting Policies

Pensions - For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Knox County Executive And Officials' participation in the Public Employee Retirement Plan of the Tennessee Consolidated Retirement System (TCRS), and additions to/deductions from Knox County Executive And Officials' fiduciary net position have been determined on the same basis as they are reported by the TCRS for the Public Employee Retirement Plan. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Public Employee Retirement Plan of TCRS. Investments are reported at fair value.

General Information about the Pension Plan

Plan Description - Certain elected officials (employees) of Knox County are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

Benefits Provided – Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

C. Agent Multiple-Employer Defined Benefit Plan (Continued)

General Information about the Pension Plan (Continued)

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% COLA is granted if the CPI change is between 1/2% and 1%. Members who leave employment may withdraw their employee contributions, plus any accumulated interest.

Employees Covered by Benefit Terms - At the measurement date of June 30, 2015, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	3
Inactive employees entitled to but not yet receiving benefits	1
Active employees	6
Total	10

Contributions - Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5% of salary and Knox County makes employer contributions at the rate set by the TCRS Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2016, employer contributions made by Knox County were \$105,298 based on a rate of 10.87% of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Knox County state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Notes to Financial Statements

June 30, 2016

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

C. Agent Multiple-Employer Defined Benefit Plan (Continued)

Net Pension Liability (Asset)

Knox County Executive And Officials' net pension liability (asset) was measured as of June 30, 2015, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The total pension liability as of the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Reporting Date	June 30, 2016
Measurement Date	June 30, 2015
Actuarial Valuation Date	June 30, 2015
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Dollar
Asset Valuation Method	Fair Market Value

Inflation 3.00%

Salary Increases Graded salary ranges from 8.97% to 3.71% based on age,

including inflation, averaging 4.25%.

Investment Rate of Return 7.5%, net of investment expense, including inflation

Discount Rate 7.5% per annum, compounded annually

Cost of Living Adjustments 2.50%

Retirement Age Pattern of retirement determined by experience study.

Mortality Customized table based on actual experience including an

adjustment for some anticipated improvement.

Mortality rates were based on actual experience from the June 30, 2012 actuarial experience study adjusted for some of the expected future improvement in life expectancy.

The actuarial assumptions used in the June 30, 2015 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2008 through June 30, 2012. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

C. Agent Multiple-Employer Defined Benefit Plan (Continued)

Net Pension Liability (Asset) (Continued)

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market projection established the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3%. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. Equity	6.46%	33%
Developed Market International Equity	6.26%	17%
Emerging Market International Equity	6.40%	5%
Private Equity and Strategic Lending	4.61%	8%
U.S. Fixed Income	0.98%	29%
Real Estate	4.73%	7%
Short-term Securities	0.00%	1%
Total		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5% based on a blending of the three factors described above.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

C. Agent Multiple-Employer Defined Benefit Plan (Continued)

Net Pension Liability (Asset) (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Knox County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability (Asset)

	Increase (Decrease)

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

The amount shown above for "Contributions subsequent to the measurement date of June 30, 2015," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30:	Amounts	
2017	\$	21,309
2018		21,309
2019		(11,591)
2020		16,476

In the table above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

Payable to the Pension Plan

At June 30, 2016, Knox County did not report a payable outstanding. Contributions were paid to the pension plan as required for the year ended June 30, 2016.

Trend Information

The schedule of changes in the Knox County Executive And Officials Plan's net position liability and related ratios and the schedule of Knox County Executive And Officials Plan's contributions are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether the Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net pension liability and whether Knox County's contributions are in accordance with the actuarially determined amounts.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans

Teacher's Legacy Plan

Summary of Significant Accounting Policies

Pensions - For purposes of measuring the net pension liability (assets), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Legacy Pension Plan in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan. Investments are reported at fair value.

General Information about the Pension Plan

Plan Description - Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Knox County Schools are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan was closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Boards of Education (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher's Legacy Plan (Continued)

General Information about the Pension Plan (Continued)

Benefits Provided - Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest 5 consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 and vested. Members are vested with 5 years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and nonservice related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of livings adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% COLA is granted if the CPI change is between 1/2% and 1%. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions - Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5% of salary and the LEAs make employer contributions at the rate set by the Board of Trustees of TCRS as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Knox County Schools for the year ended June 30, 2016 to the Teacher Legacy Pension Plan were \$20,249,092 which is 9.04% of covered payroll. At June 30, 2106, there were 4,229 active Board participants. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher's Legacy Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets) - At June 30, 2016, Knox County Schools reported a liability of \$2,564,810 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Knox County Schools' proportion of the net pension liability was based on Knox County Schools' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, Knox County Schools' proportion was 6.26%. The proportion measured as of June 30, 2014 was 6.25%.

Negative Pension Expense - For the year ended June 30, 2016, Knox County Schools recognized negative pension expense of \$1,871,781.

Deferred Outflows of Resources and Deferred Inflows of Resources - For the year ended June 30, 2016, Knox County Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred		Deferred

Teacher's Legacy Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Knox County Schools will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents Knox County Schools' proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5%, as well as what Knox County Schools' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.5%) or 1 percentage point higher (8.5%) than the current rate:

				Current	
	1	% Decrease	Di	scount Rate	1% Increase
		(6.5%)		(7.5%)	(8.5%)
Knox County Schools'					
Proportionate Share of the Net					
Pension Liability (Asset)	\$	174,860,078	\$	2,564,810	\$ (140,075,355)

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2016, Knox County Schools did not report a payable since all required employer contributions were made to the pension plan before the year ended June 30, 2016.

Trend Information

The schedule of Knox County Schools' proportionate share of the net pension liability (asset) in the Teacher Legacy Pension Plan and related ratios and the schedule of contributions are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether the Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net pension liability (asset) and whether the Knox County School's contributions are in accordance with the actuarially determined amounts.

Teacher Retirement Plan

Summary of Significant Accounting Policies

Pensions - For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Retirement Plan in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Retirement Plan. Investments are reported at fair value.

General Information about the Pension Plan

Plan Description - Teachers with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 of Knox County Schools are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Teachers with membership in the TCRS after June 30, 2014 are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at www.treasury.tn.gov/tcrs.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher Retirement Plan (Continued)

General Information about the Pension Plan (Continued)

Benefits Provided - Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Members are entitled to receive unreduced service retirement benefits, which are determined by a formula using the member's highest five consecutive year average compensation and member's years of service credit. A reduced early retirement benefit is available at age 60 and vested or pursuant to the rule of 80. Members are vested with 5 years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service-related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% COLA is granted if the CPI change is between 1/2% and Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions - Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5% of salary and the LEAs make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4%, unless the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2016 to the Teacher Retirement Plan were \$1,129,281, which is 4.0% of covered payroll. At June 30, 2016, there were 888 active Board participants. The employer rate, when combined with member contributions, is expected to finance the

Teacher Retirement Plan (Continued)

General Information about the Pension Plan (Continued)

costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Mandatory Defined Contribution Plan

As part of this plan, teachers hired after July 1, 2014 are required to participate in the State of Tennessee 401(k) Plan (see Note V - F) which requires the Board to make mandatory employer contributions of 5.0% of the participant's compensation.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets) – At June 30, 2016, Knox County Schools reported an asset of \$280,487 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2015, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. Knox County Schools' proportion of the net pension asset was based on Knox County Schools' share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2015, Knox County Schools' proportion was 6.97%.

Pension Expense – For the year ended June 30, 2016, Knox County Schools recognized pension expense of \$1,232,324.

June 30, 2016

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher Retirement Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources - For the year ended June 30, 2016, Knox County Schools reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Outflows of		Inflows of	
		Resources	Resources	
Difference between Expected				
and Actual Experience	\$	-	\$	91,294
Net Difference between Projected				
and Actual Earnings on Pension				
Plan Investments		22,673		-
Board's Contributions Subsequent to the				
Measurement date of June 30, 2015		1,129,281		
	do.			01.001
Total	- \$	1,151,954	- \$	91,294

Knox County School's employer contributions of \$1,129,281 reported as pension related deferred outflows of resources, subsequent to the measurement date of June 30, 2015, will be recognized as an increase of net pension liability (asset) in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30:	Amounts	
2017	\$	(1,940)
2018		(1,940)
2019		(1,940)
2020		(1,940)
2021		(7,608)
Thereafter		(53,257)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions - The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Notes to Financial Statements

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher Retirement Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2012 actuarial experience study by considering the following three techniques: (1) the 25-year historical return of the TCRS at June 30, 2012, (2) the historical market returns of asset classes from 1926 to 2012 using the TCRS investment policy asset allocation, and (3) capital market projections that were utilized as a building-block method in which best- estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. Four sources of capital market projections were blended and utilized in the third technique. The blended capital market technique projects the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding inflation of 3%. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. Equity	6.46%	33%
Developed Market International Equity	6.26%	17%
Emerging Market International Equity	6.40%	5%
Private Equity and Strategic Lending	4.61%	8%
U.S. Fixed Income	0.98%	29%
Real Estate	4.73%	7%
Short-term Securities	0.00%	1%
Total		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.5% based on a blending of the three factors described above.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher Retirement Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 7.5%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Knox County Schools will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents Knox County Schools' proportionate share of the net pension liability (asset) calculated using the discount rate of 7.5%, as well as what Knox County Schools' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.5%) or 1 percentage point higher (8.5%) than the current rate:

	Current								
	1%	Decrease	Dis	scount Rate	1	1% Increase			
	(6.5%)			(7.5%)	(8.5%)				
Knox County Schools'									
Proportionate Share of the Net									
Pension Liability (Asset)	\$	49,737	\$	(280,487)	\$	(522,678)			

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan

At June 30, 2016, Knox County Schools did not report a payable since all required employer contributions were made to the pension plan before the year ended June 30, 2016.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher Retirement Plan (Continued)

Trend Information

The schedule of Knox County School's proportionate share of net pension liability (asset) in the Teacher Retirement Plan's and related ratios and the schedule of contributions are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether the Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net pension liability whether the Knox County School's contributions are in accordance with the actuarially determined amounts.

E. Defined Contribution Plans

Plan provisions and contribution requirements for the defined contribution plans are established and may be amended by the Knox County Retirement and Pension Board. Administrative costs of the plans are paid with plan assets in the DB Plans and the Disability (OPEB) Plan.

Asset Accumulation Plan

The Asset Accumulation Plan is a defined contribution plan established by Knox County under Section 401(a)(9) of the Internal Revenue Code. The plan covers a majority of the full time employees of the County and classified employees of the School Board. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Participation begins on the first day of employment and all eligible employees not participating in another County, Board or state retirement plan are required to participate. The plan requires all participants to contribute a minimum of 6% of compensation and the employer matching contribution is 6%. Participants are 100% vested in the employer contributions after completing five years of credited service.

At June 30, 2016, there were 4,160 active plan members. During the year, the County's and Board's employer and member contributions amounted to \$8,304,376 and \$8,304,376 respectively.

June 30, 2016

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

E. Defined Contribution Plans (Continued)

Voluntary 457 Plan

The Asset Accumulation Program incorporated both a 401(a) Plan and a 457(b) Plan in the Defined Contribution Plan for Knox County participants and classified Board participants. The Knox County Voluntary 457 Plan incorporates voluntary pre-tax contributions by the participant with an employer match based on length of service with the County and/or Board. The employer will match:

Years of Service	Maximum % Match
0 - 5	0%
5 - 9	2%
10 - 14	4%
15 or more	6%

The employer matching contributions for the 457 Plan are deposited into the participants 401(a) account.

In January 2008, the Pension Board added two additional outside 457 vendors as investment alternatives. Knoxville Teachers Credit Union (Board employees only) and Security Benefit were added January 1, 2008 and volunteer contributions made by participants in the Asset Accumulation Plan would also be eligible for the match offered by the employer. In September 2008, Nationwide, a third 457 vendor was added to the Program. Security Benefit was terminated as a 457(b) provider as of November 2015. Each vendor prepares separate financial reports and is not included in the Knox County Voluntary 457 Plan Trust.

Effective July 1, 2008 the option of contributing to a 457(b) Plan was expanded to those active participants in the closed Defined Benefit (DB) Plan. The employer match for the closed DB Plan participants is a maximum of 3% of pay. Closed DB participants are eligible for the same 457 Plans/Vendors that are offered under the Asset Accumulation Plan. Beginning July 2015, participants in UOPP and STAR were allowed to make contributions to the County's 457(b), but the County makes no matching contributions.

As of June 30, 2016, there were 991 Plan members in the Knox County Voluntary 457(b) Plan. During the year, member contributions amounted to \$2,094,590 and the County and Board contributed \$1,608,252.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

E. Defined Contribution Plans (Continued)

Medical Expense Retirement Plan (MERP)

The *Medical Expense Retirement Plan*, a voluntary defined contribution plan, was established by the County under Section 401(a)(9) of the Internal Revenue Code. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Voluntary participation begins upon enrollment; eligible employees may begin participation on the first day of employment. The Plan was specifically created to assist employees in planning and investing for anticipated medical expenses upon retirement. Plan provisions and contribution requirements are established and may be amended by the Knox County Retirement and Pension Board.

The main features of the Plan are as follows:

- (1) A participant reaching age 40 and completing at least five years of credited service received a one-time lump sum distribution for each year of eligible service from the Knox County Retirement & Pension Board, and
- (2) A participant making contributions through payroll deductions to the Medical Expense Retirement Plan would be eligible for a percent match contribution from the Knox County Retirement & Pension Board based on the percent approved by the Board for the year in question.
- (3) Beginning in FY 2015, the employer match for active employees of 50% up to a calendar year employer maximum of \$208. The Pension Board committed to this funding for five years.

At June 30, 2016, the Medical Expense Retirement Plan had 1,403 members and 678 of them contributed funds to the plan. During the year employer and member contributions amounted to \$105,251 and \$220,302, respectively.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

E. Defined Contribution Plans (Continued)

Sheriff's Total Accumulation Retirement Plan (STAR)

In November 2012, the Knox County voters approved the closing of the Uniform Officers Pension Plan (UOPP) to all new officers and to have the Pension Board design another plan for officers employed by the Knox County Sheriff's Department. Effective January 1, 2014, the UOPP Plan was closed to all new-hires or re-hires. The new officer plan is called the *Sheriff's Total Accumulation Retirement Plan (STAR)*. STAR is a Defined Contribution Plan where the officer contributes 6% of pay and the County contributes a total of 12% of pay. Vesting by the officer is 10 year cliff vesting on the first 10% employer contribution and 15 year cliff vesting on the remaining 2% employer contribution. Employees have the responsibility of investing their contribution plus the 10% employer contribution from an array of investment options. The Pension Board manages the investment of the additional 2% of the employer contributions.

At June 30, 2016, the STAR Plan had 203 members. During the year employees contributed \$265,285 and the employer contributed \$442,155 for the basic 10% contribution and \$88,424 for the 2% supplemental contribution.

F. Multiple-Employer Defined Contribution Plans

State of Tennessee 401(k) Plan - Teachers Hired Before July 1, 2014

The TCRS Teacher Legacy Defined Benefit Plan (see Note V-D) allows Knox County Board of Education (Board) teachers and other certified personnel hired before July 1, 2014, to participate in the State of Tennessee 401(k) Plan as administered by the Tennessee Department of Treasury. Participation in this plan is optional and is 100% funded by participant's elective contributions. The Board does not make employer contributions to this plan. Plan benefits are dependent solely on amounts contributed by participants plus investment earnings. Employees are eligible to participate on the first day of employment.

At June 30, 2016 there were 17 active participants. During the year participant contributions amounted to \$13,389.

NOTE V: EMPLOYEE RETIREMENT PLANS (Continued)

F. Multiple-Employer Defined Contribution Plans (Continued)

State of Tennessee 401(k) Plan - Teachers Hired After July 1, 2014

The TCRS Teacher Retirement Defined Benefit Plan (see Note V-D) requires all Knox County Board of Education (Board) teachers and other certified personnel hired after July 1, 2014, to participate in the State of Tennessee 401(k) Plan as administered by the Tennessee Department of Treasury. Participation is mandatory and begins on the first day of employment. The Board is required to make mandatory employer contributions of 5.0% of the participant's compensation. Elective employee deferrals are optional but can be up to the annual maximum amount permitted by the Internal Revenue Service. Participants are 100% immediately vested in the employer contributions. Plan benefits depend solely on amounts contributed to the plan plus investment earnings.

At June 30, 2016 there were 888 active participants. During the year the Board employer and participant contributions amounted to \$1,411,491 and \$231,034, respectively.

Measurement Dates: July 1 to June 30.

Actuarial determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions used to Determine Contribution Rates:

Individual Entry Age, Normal Cost (All Plans) Amortization Method Level Dollar, Closed Period (All Plans) Remaining Amortization Period 17 Years (Closed DB, Teacher's Plan) and 27 Years (UOPP) Asset Valuation Method Closed DB and Teacher's Plan: 5-year smoothed subject to a 10% corridor around the market value of assets. UOPP: 5-year smoothed subject to a 20% corridor around the market value Salary Increases 3% (Closed DB and UOPP), N/A for Teacher's Plan Cost of Living Increases 3% (Closed DB and Teacher's Plan) and 3.25% (UOPP) Investment Rate of Return 7%, Net of Pension Plan Investment Expense, including inflation (All Plans) Retirement Age Closed DB: 65 Years and 5 Years of Service

Teacher's: 60 Years

UOPP: Participants hired before age 40, age 57 and 30 years of credited service.

Participants hired after 40, age 50 and 25 years of credited service.

Mortality Table 1983 Group Annuity Mortality Table for males and females (Closed DB and Teacher's

Plan) and 1984 Unisex (UOPP)

Disability Table RR 96-7 Post 94 (Closed DB and UOPP), N/A for Teacher's Plan

Distribution 100% Annuity

Covered-employee payroll is for the 12 month period ended January 1. The covered-employee payroll for the Teacher's Plan is \$0 since all active employees are over Normal Retirement Age.

A. 2015 was the first year that GASB 68 was adopted. Additional years will be added in the future.

Supplemental Section

GENERAL FUND

The General Fund is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in another fund. The General Fund accounts for the normal recurring activities of the County (i.e., public safety, recreation, health and welfare, general government, etc.). These activities are funded principally by property taxes on individuals and businesses.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

State, Federal and Other Grants Fund: This fund is used to account for most State and Federal grant revenues.

Governmental Library Fund: This fund accounts for the operation of the law library that is available to the public but is used primarily by attorneys practicing in the courts. User fees are charged by the Governmental Library.

Public Library Fund: This fund is used to account for the operation of the County-wide public library system.

Solid Waste Fund: This fund is used to account for solid waste and recycling activities.

Hotel/Motel Tax Fund: This fund accounts for the collection and use of the amusement tax to promote tourism and related economic activity in the County.

Drug Control Fund: This fund was established pursuant to an amendment of Tennessee Code Annotated Section 39-17-420. This fund is used to account for drug control activities restricted for drug enforcement, drug education and non-recurring general law enforcement expenditures. This fund is primarily funded from the receipt of fines and costs related to drug enforcement cases.

Engineering and Public Works Fund: This fund is used to account for the County's share of the State gasoline and motor fuel taxes that are utilized to maintain non-state roads within the county.

CAPITAL PROJECTS FUND

ADA Construction Fund: This fund is used to account for construction activity related to the Americans with Disabilities Act.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one of the County's departments or agencies to other departments or agencies and to the County's various discretely presented component units and joint ventures.

Vehicle Service Center Fund: This fund is used to account for gasoline and maintenance services for County vehicles.

Mailroom Fund: This fund is used to account for central mailroom services for the County.

Employee Benefits Fund: This fund is used to account for the payment of retiree medical premiums, employee retirement, life insurance, other payroll related expenses, and unemployment claims.

Self Insurance Fund: This fund is used to account for the payment of workers compensation and general liability claims against the County.

Building Operations Fund: This fund is used to account for all maintenance services for Knox Central buildings.

Technical Support Service Fund: This fund accounts for technical support and technical repairs associated with electronic data processing.

Capital Leasing Fund: This fund is used for lease/purchase transactions to other departments. The fund also serves as a leasing entity for a fleet of vehicles or other equipment.

Self Insurance Healthcare: This fund is used to account for the payment of health insurance claims.

FIDUCIARY FUNDS

Trust funds are used to account for assets held by the County in a trustee capacity. Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments and/or other funds.

PENSION AND OTHER EMPLOYEE BENEFIT TRUST FUNDS

Pension Trust Fund Closed Defined Benefit Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's defined benefit plan.

Pension Trust Fund Defined Contribution Asset Accumulation Plan: This fund is used to account for the accumulation of resources for retirement benefit payments to qualified employees covered under the County's defined contribution (asset accumulation) plan.

Pension Trust Fund Defined Contribution Voluntary 457 Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees who have chosen to participate in the County's defined contribution plan.

Pension Trust Fund Defined Contribution Medical Expense Retirement Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's defined contribution (asset accumulation) plan. This plan assists employees in planning and investing for anticipated medical expenses upon retirement.

Pension Trust Fund for Uniformed Officers Pension Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's Uniformed Officers Pension Plan (defined benefit plan).

Pension Trust Fund for Sheriff's Total Accumulation Retirement Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County Sheriff's Total Accumulation Retirement Plan (defined contribution plan).

Employee Disability Plan (Other Postemployment Benefit Plan): This fund is used to provide resources should an employee become disabled prior to retirement. Eligible employees must also be participants in one of the defined benefit or defined contribution plans.

AGENCY FUNDS

Municipal Sales Tax Fund: This fund accounts for the local sales tax levied by local municipalities. These funds are collected by the State of Tennessee and remitted to the County for distribution to the municipalities.

Subdivision Bonds: This fund accounts for the receipt and distribution of funds held by the County from subdivision developers pending completion of road and hydrology requirements.

External Agencies Fund: This fund accounts for the cash of several external agencies and County joint ventures held by the County Trustee on their behalf.

Constitutional Officers: The various elected officials use this fund to account for the receipt and disbursement of funds on behalf of state agencies and/or other funds.

Component Unit – Board of Education

DISCRETELY PRESENTED COMPONENT UNIT KNOX COUNTY BOARD OF EDUCATION

This section presents combining and individual fund financial statements for the Knox County Board of Education (the Board), a discretely presented component unit. The Board uses a general fund, a capital projects fund, three special revenue funds, a pension trust fund, and an agency fund. This section also includes the Statement of Net Position and Statement of Activities for the Board and its discretely presented component unit, the Great Schools Partnership.

MAJOR FUNDS

GENERAL FUND

General Purpose School Fund: This fund is used to account for general operations of the Board. Major funding is provided through local tax levies and state education funds.

CAPITAL PROJECTS FUND

School Construction Fund: This fund is used to account for building construction and renovations of the Board.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

School Federal Projects Fund: This fund is used to account for restricted federal revenues that must be expended on specific education programs.

School General Projects Fund: This fund is used to account for state, local and federal pass-through revenues which must be expended on specific education programs.

Central Cafeteria Fund: This fund is used to account for the cafeteria operations in each of the individual schools. The primary sources of funding are federal and state revenues for the school lunch program and sales to students and adults.

FIDUCIARY FUND

Pension Trust Fund – **Teacher's Plan**: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the Board's defined benefit plan for certificated teachers.

AGENCY FUND

School Activity Fund: This fund accounts for the activity related to individual public school funds held in an agency capacity since these funds legally belong to students.

Discretely Presented Component Unit Knox County Board of Education Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2016

Amounts reported for governmental activities in the statement of net position are different because:	
Ending Fund Balance - Governmental Funds	\$ 22,166,204
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	397,472,864
The net pension asset is not available to pay for current-period expenditures and, therefore, is not reported as an asset in the fund financial statements.	280,487
Deferred outflows related to pensions (\$77,584,138) increase the amount of net position reported in the statement of net position, but are not reported as assets in the funds. Similarly, deferred inflows related to pensions (\$102,884,581) decrease the amount of net position reported in the statements of net position, but are not reported as liabilities in the funds.	(25,300,443)
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were deferred in the fund financial statements but have been recognized under the accrual basis.	3,036,945
Long-term liabilities, consisting of compensated absences (\$2,657,906), capital lease obligation (\$4,670,383), self-insurance liability (\$3,686,570), and net pension liability (\$15,187,485), are not due and payable in the current period and therefore are not reported in the funds.	 (26,202,344)
Net Position of Governmental Activities	\$ 371,453,713

Discretely Presented Component Unit Knox County Board of Education Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2016

Amounts reported for governmental activities in the statement of activities are different because:	
Net Change in Fund Balances - Total Governmental Funds	\$ 4,716,788
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (\$23,503,406) exceeded capital outlays (\$18,428,862) in the current period.	(5,074,544)
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were recognized as revenues in the statement of activities but were not reported as revenues in the fund financial statements.	3,036,945
Amounts reported as fund revenues that met the criteria for revenue recognition under the full accrual method of accounting in the preceding fiscal year have been excluded from the current year statement of activities.	(3,341,999)
The increase in the self-insurance liability of \$15,986, the decrease in the net pension asset of \$735,526, the increase in the net pension liability of \$6,256,308, and the increase in deferred inflows of resources related to pensions of \$19,171,571 resulted in additional expenses, whereas the increase in deferred outflows related to pensions of \$47,731,835, the reduction of the compensated absences liability of \$237,058 and the reduction of the capital lease liability of \$233,106 resulted in the reduction of expenses. These amounts do not require the use of current financial resources and, therefore, are not reflected in the expenditures of governmental funds.	 22,022,608
Change in Net Position of Governmental Activities	\$ 21,359,798

Statistical Section

STATISTICAL SECTION (Unaudited)

This part of Knox County Government's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about Knox County's overall financial health.

Contents **Page** Financial Trends 250-258 These schedules contain trend information to help the reader understand how Knox County Government's financial performance and well-being have changed over time. Revenue Capacity 259-262 These schedules contain information to help the reader assess Knox County Government's most significant local revenue source, the property tax. **Debt Capacity** 263-265 These schedules present information to help the reader assess the affordability of Knox County Government's current levels of outstanding debt and the government's ability to issue additional debt in the future. Demographic and Economic Information 266-267 These schedules offer demographic and economic indicators to help the reader understand the environment within which Knox County Government's financial activities take place. Operating Information 268-270

These schedules contain service and infrastructure data to help the reader understand how the information in Knox County Government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Knox County, Tennessee Trustee Department.

Notes: Assessment rates are set by Tennessee State Law as follows:

Real Property: Residential and Farm at 25% of value

Commercial and Industrial at 40% of value

Personal property at 30% of value

Public Utilities at 55% of value (Railroads 40%)

The lien date of January 1 represents the date that the legal claim to the taxable property is recognized. The related property tax revenue is levied for the subsequent fiscal year.
