

## American Nurses Foundation and ANA Enterprise

The American Nurses Foundation (the Foundation) is a 501(c)(3) charitable organization that is part of the ANA Enterprise, a family of organizations that also includes the American Nurses Association and the American Nurses Credentialing Center. The three organizations work together as a cohesive system to achieve the Enterprise vision of creating a healthy world through the power of nursing.

As the charitable organization, the Foundation is powered by the generosity of our donors and volunteers. Visit [www.givetonursing.org](http://www.givetonursing.org) to learn more about donors' impact on nurses and the nursing profession.

The donor list reflects donations and pledges of \$250 or more from January 1 through December 31, 2021. If there is an error in the listing, please contact us at **301-628-5158** or [givetonursing@ana.org](mailto:givetonursing@ana.org) so we may correct our records.

**Thank you for your support!**

## The Foundation continues to care for nurses as they care for all of us.

As the COVID-19 pandemic wore on in 2021, we honed our focus on supporting nurses' mental well-being in the moment and to radically improving how nurses learn, practice, and lead. Listening to nurses and designing programming hand-in-hand with them, we supported nurses in the ways they needed it most. Here are a few of the programs made possible by generous gifts from people like you:

- The Foundation launched the **Reimagining Nursing (RN) Initiative** to equip nurses to transform nursing and meet the health care needs of the future. The RN Initiative is **granting \$14 million over three years to pilot programs developed and led by nurses in 21 states**. These pilots are sparking innovation and testing solutions for improved access, care, and outcomes for all. By nurturing these bold ideas and enabling those that work to scale, we are designing a future where nurses everywhere can drive change and effectively use their skills, and where nurses are valued and compensated for the care they provide. The RN Initiative will help nurses realize their full potential—giving them the tools, knowledge, and power to improve health care for generations to come.
- The **Coronavirus Response Fund** we established in 2020 continued to receive a strong flow of donations throughout 2021, raising nearly **\$1.4 million to provide crucial resources** for relief, recovery, and rebuilding for nurses still fighting daily against the COVID pandemic.
- Through our **Pulse on the Nation's Nurses survey series**, we lifted the voices of over **43,000 nurses** nationwide on critical topics relating to the pandemic and nurses' experiences to guide programs, policy, and advocacy.
- The suite of mental wellness programs from the Foundation's **Well-Being Initiative** provided support to over **104,500 nurses in 2021**. This brings the total number of nurses served over the course of the pandemic to 153,000. In the coming year, this initiative is growing to address the stigma nurses face around pursuing mental health support, pushing to transform workplace culture in the healthcare system to better support nurses' mental well-being.
- The Foundation funded ANA's **COVID-19 webinar series** and short education videos, which helped keep nurses up-to-date with the latest data-informed practices, equipping them to provide effective care. They were viewed over **440,000 times** in 2021, bringing our total over the course of the pandemic to 615,000 views.
- Other programs we support include the **Vaccine Facts for Nurses campaign**, the **Healthy Nurse Healthy Nation program**, and the **ANA Innovation Awards** – as well as a number of **research grants** in critical areas of concern for the nursing profession.

Nurses are truly both the backbone and the heart of our healthcare system, providing expertise, knowledge, empathy, and insight to all who come into their presence. The Foundation is honored to care for nurses and invest in nurses' innovation as they, in turn, care for our communities.

## Jeannine Rivet National Leadership Award

**Maritza A. Lara, MS, RN** was selected as the 2021 recipient of the Jeannine Rivet Award, a \$10,000 fellowship, established by United Health Foundation at the American Nurses Foundation to recognize the leadership of Jeannine Rivet and help emerging nurse leaders integrate their health expertise into new civic and professional opportunities.

Maritza's commitment to improving the structures that deliver health services to low-income communities comes from her South American roots and immigrant experience. While in her BSN and MS programs, she served as a Health Education and Leadership Consultant for a rural town in her native country, Ecuador. She is a Doctor of Public Health candidate at the London School of Hygiene and Tropical Medicine, where her research focuses on the integration of patients' voices within participatory spaces in the US. Maritza was recently promoted to Deputy Director and Health Strategist at Health Improvement Partnership of Santa Cruz County, which supports stakeholders and county-wide decision makers to identify common ground, take collective action, and improve well-being. Maritza is dedicated to her community, building partnerships, and using evidence to ensure health equity.

## Endowed Funds

American Nurses Foundation also benefits from the generosity of previous donors whose vision led them to establish endowed funds, from which we draw annual investment proceeds to support our mission.

For information on how you can  
create an endowment for the future of  
nursing, contact Karen Schofield-Leca  
at [karen.schofield-leca@ana.org](mailto:karen.schofield-leca@ana.org)

## Nursing Research Grants Made in 2021

With support from the **Maine Nursing Research Grant Fund**, Carla E. Randall, PhD, RN, CNE and Cynthia S. Randall, DNP, RN, CHSE, of University of Southern Maine were awarded \$1,900 for “The Use of Critical Incident Videos to Address Nursing Faculty Challenges in Teaching: A National Pilot Study.”

In partnership with the AONL Foundation for Nursing Leadership Research and Education, two \$10,000 grants were made for research on nursing leaderships’ impact on and response to the coronavirus pandemic and nursing leadership’s role in advancing health equity and eliminating disparities.

- From the **Joyce J. Fitzpatrick Leadership Research Endowment**, to Jessica Peterson, PhD, RN, and her team at the Center for Evidence-Based Practice and Nursing Research at Ochsner Clinic Foundation, New Orleans, for “Nurses’ Experiences During the Covid-19 Pandemic: Examining Nurse Leader Impact and Staff Redeployment.”
- From the Foundation’s **Nursing Research Grant Program Fund**, to Alyson Keen, MSN, RN, at Indiana University Health, Indianapolis, for “Building Human Connection During the Merger of Two Global Pandemics.”

With support from the **Margretta Madden Styles Credentialing Research Endowment**, Marianne Weiss, DNSc, RN at Marquette University College of Nursing, and Mary E. Johantgen, PhD, RN, of University of Maryland, Baltimore (retired) were awarded \$25,000 for “Nurse

Certification Data for Certification Research: A Survey of Magnet, Pathway to Excellence, and Certifying Bodies Practices in Collecting Specialty Certification Data.”

With support from the **Healthy Nurse Healthy Nation** program, awarded \$28,627 to Lindsey Steege, PhD at University of Wisconsin-Madison and Knar Sagherian, PhD at University of Tennessee, Knoxville for “Sleep and Fatigue during COVID-19 in Health Care Workers (SAFE-CARE) Study 2.”

Created in partnership by the American Nurses Foundation and the ASHP Foundation, with support from the **Stryker Medical Research Award** and the **Sayre Memorial Scholar Fund**, the Collaborative Care Grant for Nurses and Pharmacists awarded \$75,000 over 18 months to Jennifer Kilner, CRNP, ACNP-BD and James C. Coons, PharmD, Co-Principal Investigators at University of Pittsburgh, for “Achieving Medication Optimization for Patients with Heart Failure through an Innovative Nurse-Pharmacist Collaboration.”

With guidance from the American Nurses Credentialing Center (ANCC), and support from the **Credentialing Research Endowment for Nursing** and the **Margretta Madden Styles Credentialing Research Endowment**, \$223,864 over three years was granted to Olga Yakusheva, PhD at University of Michigan and Ronda G. Hughes, PhD, MHS, RN, FAAN at University of South Carolina for “The Impact of Specialty Registered Nurse Certification on Patient Outcomes and Costs in Acute Care.”

# 2021 Financials

## Statement of Activities

### Revenue

Grants and Contributions	\$21,927,461

<b>Total Liabilities</b>	<b>\$1,053,203</b>

#### Net Assets

Unrestricted Net Assets	\$2,347,381
Temporarily Restricted Net Assets	\$26,507,628
Permanently Restricted Net Assets	\$4,962,104
<b>Total Net Assets</b>	<b>\$33,817,114</b>

### Total Liabilities & Net Assets

**\$34,870,317**

## Your gift will impact the future of nursing.

Many donors who have supported the American Nurses Foundation have said, "I wish I could do more." A legacy gift does just that. It allows you the flexibility to make a gift that suits your needs and ensures that the American Nurses Foundation can continue to make a difference for nurses and the nursing profession.

A charitable gift in your will—a charitable bequest—is an easy and flexible way to support American Nurses Foundation. You can give a dollar amount, specific items, or designate a percentage of your estate. If you already have a will, you can add American Nurses Foundation to it with a simple amendment.

If you have already named the American Nurses Foundation in your will or other aspect of your estate plan, thank you and please let us know.

To learn more about the benefits of making a charitable bequest, visit our website at [giftplanning.nursingworld.org](http://giftplanning.nursingworld.org) or call Karen Schofield-Leca at 301-628-5095.
