The flagship line of great sounding, affordable speakers

RAVE REVIEWS!
 “These speakers are exactly what my surround sound needed.”
 -Tiffany S.

- Industry standard and beloved speakers that truly outperform their budget price tag and provide exceptional value with a listening experience that rivals many higher-priced systems
- Polypropylene cone with a 4-layer voice coil and a 5/8" polycarbonate dome tweeter deliver Dayton Audio's sonic performance with rich, detailed audio fidelity
- Black ebony pica vinyl cabinet finish for an unobtrusive, modern aesthetic complete with a removable cloth grill

5 YEAR WARRANTY

300-454	C452-AIR	4-1/2"	37.98 EA	33.90 EA

The MK Series: Performs better than other speakers that cost much more!

- 4" treated-paper woofer extends the low-frequency range to play down to 60 Hz range without hindering the critical vocal range for a clean, robust low-end response
- 3/4" tweeter delivers precise vocal and instrumental reproduction that give you a clear and detailed high-frequency performance
- Each MK Series speaker features the same drivers to create a timbre-matched audio system when using multiple models
- Wide speaker dispersion range allows the MK Series to be used in a myriad of audio systems without compromising sound quality
- Textured, black vinyl finish with a removable cloth grill provides an attractive look that doesn't compromise your rooms décor

Part #	Model	Price (1-3)	Price (4-UP)
300-465	MK402X	\$72.98 PR	\$70.92 PR
300-467	MK402BTX	104.98 PR	101.83 PR

300-456	MK442	57.98 EA	56.19 EA

Use two MK442's on their side for a powerful mini-tower setup with extra punch.

Use the MK402X in home theaters as front or rears, or in simple stereo applications to create an impressive soundstage.

Use the MK402BTX for easy out of the box operation and convenient Bluetooth. Great for desks, garages, kitchens and more!

The transmission line construction of the MK402T tower speakers generates deep, articulate bass, perfect for music and movies alike.

Experience the electrifying low end of a movie theater in your own home

Dayton Audio Max-X High Excursion DVC Subwoofers

The new Max-X high excursion subwoofers from Dayton Audio are built for incredible low frequency extension and high SPL. These affordable drivers combine durability, efficiency, and displacement into a great looking speaker that will deliver the deepest bass with power and authority.

- High excursion and maximized surface area for excellent displacement capability
- Seamless dish cone is extremely rigid and durable with a sleek and modern look
- Custom tooled surround allows long throw without sacrificing cone area
- Extensive venting cools the voice coil enabling high power handling with low power compression
- Dual spiders maintain linear excursion for lower distortion even when pushed to the limit
- The dual 2 ohm voice coils give you the ability to get the most out of any amplifier

RAVE REVIEWS!
 "Great value for the money - I'm using two for a bi-amped home stereo system. It is quiet, clean sounding, easy to set up, reliable and flexible to configure."
 —Alan B.

QSC AC-S6T-BK 6-1/2" Two-Way Surface Mount Speaker Pair 70V / 100V / 8 Ohm

- 6-1/2" two-way surface mount speaker
- Superb clarity for speech and music
- 70V/100V/8 ohm for maximum flexibility and value
- Euroblock connectors for quick and easy wiring

QSC

RAVE REVIEWS!

"A very nice sounding speaker. We replaced a blown JBL with this QSC and it sounds every bit as nice and clear."
 —Carolyn J.
