

Phonak Slim™

Product information

Phonak Slim expands the Lumity RIC portfolio with a design form factor for mild to severe hearing losses. Phonak Slim is compatible with four external receivers including the ActiveVent™ Receiver.

Powered by the innovative technology of the Phonak Lumity platform, Phonak Slim hearing aids are the solution for those clients that prefer elegant and unique hearing aids.

¹ IP68 indicates that the hearing aid is water and dust resistant. It survived continuous immersion in 1 meter of fresh water for 60 minutes and 8 hours in a dust chamber as per the IEC60529 standard.
² Actual charging time depends on the remaining battery life, but it will not exceed 3 hours.

life is on

Since 1947, Phonak is dedicated to preserving life quality by opening new acoustic worlds. Already back then, in the days of our foundation, our company was driven by a formative conviction: We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. In fact, the sense of hearing is directly linked to social, emotional, cognitive and physical well-being. Today as in future, we thrive to offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
