A dazzling display of performance and simplicity!

# Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their turnover on printing, and that active print management can cut office print costs by up to 30%<sup>1</sup>, it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

**The Lexmark T656dne adds something exciting and new to the mix: It's the first mono A4 single-function printer designed with a large colour touch screen, giving you quick and easy access to Lexmark's industry-leading solutions. Discover powerful applications that help you save time, lower costs, print responsibly and communicate more effectively than ever before! This reliable partner for high-volume printing comes with all the valuable features that make the award-winning Lexmark T650 Series so compelling, including rapid print speeds, versatile media support and out-of-the-box simplicity.**

## More solutions, more value

There are plenty of smart ways to enhance your workday. Want to track usage by department? Print Web-based documents on demand? Ensure the confidentiality of your printed documents? With Lexmark solutions and the Lexmark T656dne it's all possible. Get more value for your investment and look at printing in a whole new way.

- Access basic functions and applications effortlessly with the intuitive 7-inch colour touch screen
- Preloaded Lexmark solutions offer you intelligent ways to save time, money and paper
- The Lexmark Embedded Solutions Framework lets you add additional applications tailored to your specific needs
- The large-capacity hard disk provides the high-end functionality you need to run sophisticated solutions with ease

## Big-league productivity

You need a reliable printer that can handle your heaviest workloads, minimise downtime, and get your documents in your hands faster. Like the rest of the Lexmark T650 Series, that's exactly what this powerful printer was built to do. Discover the performance, versatility and cutting-edge features that maximise your workgroup's productivity.

- Print speeds as fast as 53 ppm deliver jobs quickly and reliably across a range of media types, including vinyl and card stock
- Offered with an impressive range of paper-handling options, including input drawers to expand your capacity up to 4,300 sheets, StapleSmart II™ Finisher, 5-bin mailboxes and output expanders
- Internal duplex lets you print two-sided documents automatically, saving you paper, time and money
- Powerful Gigabit networking keeps data flowing smoothly

## State-of-the-art security

Protect your valuable corporate information at every stage of the document lifecycle, from the data travelling through your network to the pages being printed. The Lexmark T656dne is equipped with a complete range of innovative security controls to give you greater peace of mind.

- Cutting-edge user authentication and authorisation controls, including LDAP, help protect your device and your data
- Integrated card reader option adds an additional layer of security by requiring users to swipe their ID card or badge at the printer to release their print jobs (Contact your Lexmark representative to learn more)
- Hard-disk encryption and automatic disk wiping keep data secure
- Supports IPSec, SNMPv3 and 802.1x network security
- Security-audit logging tracks and identifies security risks
- Lockable tray option safeguards valuable or confidential media

## Prints black, thinks green

Printing responsibly means everyone wins – your business, your budget and the environment! The Lexmark T656dne is designed with sustainability in mind and offers you plenty of smart ways to print less and save more. It's incredibly quiet and equipped with a range of eco-conscious features to help you print greener at every phase of your business.

- Demonstrate your environmental commitment with Lexmark Eco-Settings – the more settings you adjust, the more energy, paper and toner you can save
- With Forms and Favorites, print frequent-use documents on demand, straight from the Web, and eliminate the waste and inefficiencies associated with preprinted forms
- Save paper by printing two-sided documents with built-in duplex
- Conserve precious resources by using long-lasting genuine Lexmark cartridges, and recycle them free-of-charge with the Lexmark Cartridge Collection Programme

# Lexmark T656dne

Explore the features that keep you moving

## Eco-Settings

Print responsibly with little effort thanks to a range of settings that help you reduce energy, paper and toner consumption.

## Speaks your language

With the handy Change Language app, you can easily switch the language displayed on the touch screen – 18 common languages supported.

## PC-free printing

Benefit from convenient walk-up printing from a handheld memory device via the Direct USB port conveniently located on the front of the printer.

## What's your look?

Select one of the four preloaded backgrounds, or customise the screen with any image you want, such as a photo or your logo.

## Showroom

Now showing on the 7-inch colour display! A vivid slideshow demo of valuable solutions that can enhance the way you work.

## Put the idle screen to work!

Load your own personalised slideshow to promote your business or communicate to employees. Your messages will run automatically each time the printer goes into sleep mode.

## Card privileges

The optional integrated card reader offers a practical, simple and secure way to authorise users; combine it with Lexmark's Print Release application to give them the flexibility to print on any Print Release-enabled device. (Contact your Lexmark representative to learn more)

## Long-lasting toner

Lexmark Extra High Yield Print Cartridges can deliver up to 36,000 pages\*, which means fewer cartridges to buy and less intervention.

\* Average standard page yield value declared in accordance with ISO/IEC 19752.

## Forms and Favorites

Store your corporate documents online and print them on demand, without a PC, saving valuable time and eliminating waste.

# The Productivity Checklist

If you've got all these, then you've got a Lexmark!

## **Performance optimised**

Which is more advantageous – more pages per minute or a quicker time-to-first-page? That depends on your print job. The Lexmark T656dne can identify the size and complexity of your job and automatically calculate the optimal speed – quicker time-to-first-page for short jobs and more pages per minute for longer jobs. So whatever you're printing, you're always sure to get the fastest result!

## **Intelligent Job Waiting**

One person's setback should never mean a bottleneck for the whole workgroup. Say someone launches a print job that requires labels, but there are none loaded. Why lose precious uptime? Lexmark's Job Waiting feature will simply hold that job aside while everyone else goes on working without interruption.

## **Simplified management**

Take a load off your IT department. These printers are network-ready and very easy to set up. If you have multiple Lexmark devices installed, the Lexmark Universal Driver offers even easier deployment. And Lexmark MarkVision™ Professional software provides simplified remote management and automated tools to keep your workflow flowing!

## **Enormously intuitive touch screen**

Lexmark's award-winning 7-inch color e-Task touch screen gives you fast, easy access to all your applications in addition to print functions. Tailor it to your business requirements with the icons and shortcuts you need most. You can even change the background image to whatever suits you best, like your company logo.

## **Lexmark's Embedded Solutions Framework**

Experience more productivity than you could ever imagine! The new Lexmark T656dne comes solutions-ready, so you can easily opt for one of Lexmark's leading efficiency-boosting applications, such as Print Release, Document Accounting and others. These solutions are specially designed to help you lower costs, streamline your work processes and improve productivity by enabling you to move information more efficiently throughout your enterprise. To find out how Lexmark solutions can boost your performance, call your Lexmark representative today.

## **Lexmark's guarantee to you**

Lexmark's 1-Year Onsite guarantee provides added peace of mind. Enhanced service offerings may be available by contacting your Lexmark representative or visiting [www.lexmark.com](http://www.lexmark.com). Optimise your printer's performance and investment value by using genuine Lexmark supplies, service and parts.

(See Lexmark Statement of Limited Warranty for full details)

# Much more than a printer – a launch pad!

## Network down? No laptop or PC? Print on demand with the Lexmark T656dne

With the Lexmark T656dne, you can have instant access to your documents, even when you're away from your workstation or your network is down.

The preloaded Forms and Favorites application lets you print any document stored online, including Web pages, with just one touch.

The Lexmark T656dne can also be tailored to auto-save forms, reports and other mission-critical documents on the printer's encrypted hard disk. The up-to-date version will always be available to print, even if your network is down – great for disaster recovery planning.

### The fast way to print any time

- Forms
- Reports
- Handouts and flyers
- Applications
- Tests, bubble sheets
- Instructions
- Checklists
- Work orders
- Assignments
- Time sheets
- Schedules
- Registries
- Signs
- Maps
- Tickets
- Receipts

**And more!**

## Powerful Lexmark apps that can help you print less and save more

Nowadays there are apps for just about everything, from tracking your diet to balancing your chequebook. But what about managing your documents? Lexmark develops serious business apps to save paper, drive down costs and boost productivity. Our industry-specific expertise helps us understand your needs and build tailored solutions to help you get the most out of your print devices.

For example, take Lexmark Print Release. This convenient application gives you the flexibility to launch a print job and retrieve it from virtually any printer on your network. Your document waits securely in the print queue until you release it on the printer of your choice – simply by entering your PIN code or swiping your ID badge. Print Release also reduces paper waste; if you change your mind, you can easily delete your print job, and forgotten jobs are purged from the print queue automatically. It's also a great solution for ensuring that your confidential documents don't fall into the wrong hands.

To help you keep track of who's printing what, when, where and how much, check out Lexmark Document Accounting. It's an ideal solution to promote cost-consciousness amongst your employees, to allocate expenses across various divisions, or simply to monitor the activity of each device so you can rebalance your fleet if needed.

To learn more about the full solutions capabilities of the Lexmark T656dne, contact Lexmark or a Lexmark authorised reseller.

**Recommended Monthly Page Volume**

-Recommended Monthly Page Volume- is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.

**Maximum Monthly Duty Cycle**

-Maximum Monthly Duty Cycle- is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.

**Trademarks**

### Environmental commitment

Lexmark believes that the environment is a critical component of responsible business management and clearly demonstrates it by implementing the "4R" strategy: Reduce, Recover Reuse and Recycle. To learn more about these programmes please visit [www.lexmark.com/recycle](http://www.lexmark.com/recycle).

### Cost saving and environmental features

- Duplex models are Energy Star compliant
- Duplex printing, Print and Hold (Verify print), multi-up and support of recycled paper help reduce paper consumption
- Eco-Mode reduces power consumption and Quiet Mode reduces noise emission
- High Yield and Extra High Yield Print Cartridges and Lexmark Cartridge Collection Program help reduce landfill
