

Xerox DocuMate® 3115

Two Powerful Scanners In One Small Device

- Flexible desktop scanner handles documents and ID cards
- Quickly ejects from its docking station to become a fully functional USB powered portable scanner for PC or Mac®
- Scans documents at 15 ppm in simplex / 30 ipm in duplex*
- 6 OneTouch pre-programmed “scan-to” destinations
- Kofax VRS technology delivers perfect scans from imperfect originals
- Desktop docking station has 20 page ADF capacity**

*200 dpi, black & white
** 75 g/m² / 20 lb paper

Mobile and Desktop Flexibility in a Compact Scanner

The Xerox DocuMate 3115 has all the features you expect in a powerful desktop scanner such as a 20-page automatic document feeder (ADF), 30 images per minute duplex scanning speed, and Visioneer OneTouch with Kofax VRS technology. Then at the push of a button, the DocuMate 3115 ejects from its docking station to become a fully functional mobile scanner.

When undocked, the DocuMate 3115 can be powered by a second USB cable instead of an AC adapter, providing a true mobile experience for users on the go. The front feed slot accepts documents from A4 size to photos, receipts and plastic ID cards.

The DocuMate 3115 offers a professional software package that includes Nuance PaperPort and OmniPage Pro for desktop document management and OCR.

Flexibility to Meet the Needs of Any Job

Modern offices are no longer defined by traditional walls and desks, so when your work space is not contained within four walls, you need a scanner with flexibility. Whether scanning contracts, forms, receipts, photos, ID cards, handwritten notes or virtually any document of varying size or complexity, the DocuMate 3115 does its job so you can do yours.

Documents are often captured where the user first encounters them. The DocuMate 3115 is well-equipped for use in a wide range of business applications, possessing strong qualities of both mobile and desktop scanners. It offers exceptional value, with high-speed, ADF document flow, and a productivity software bundle to meet the ever changing needs of the mobile business user.

Scanning in One Touch

Powered by Visioneer OneTouch® technology, the scanner allows users to scan to the “destination” of their choice by pressing a single button, eliminating multiple steps usually required to save scanned documents in popular file formats. Visioneer OneTouch allows you to scan documents to your choice of 6 preset yet completely user configurable destinations. This enables your documents to be scanned with the correct settings for resolution, colour, cropping, file format and then delivered to virtually any application, folder or device – all at the touch of a button.

Xerox DocuMate 3115

Visioneer OneTouch

Visioneer OneTouch is an easy to use utility that connects the DocuMate scanner with a powerful set of scanner settings to greatly improve the efficiency of your workflow – so that with one touch, the document is scanned automatically to email, Word, your printer, or simply a file folder.

Text Searchable PDF

Transform volumes of paper or photos into organised digital files that can be quickly found, used and shared. In searchable PDF format, the user can instantly search documents for keywords or phrases. This provides additional archival benefits beyond traditional storage,

and the widely accepted PDF format lets everyone view and print documents – on any computer.

Kofax VRS technology

The Xerox DocuMate 3115 integrates Kofax VRS image enhancement technology into the OneTouch scanning process. VRS is the gold-standard in image improvement technology. Imperfect originals are automatically turned into perfect scans that are easier to read. OCR results are dramatically improved, file size is decreased and scans look as clear as the originals. Every page is custom corrected automatically so you can batch together clean, laser quality documents with your imperfect originals – the results are amazing.

Nuance PaperPort

Millions of professionals rely on PaperPort to save time and money by transforming paper documents into searchable digital documents. PaperPort combines the efficiency of document management, the convenience of superbly scanned documents and the power of creating PDF files, to bring a new level of operational proficiency to your organisation.

Nuance OmniPage Pro

Provides a precise OCR and layout retention solution, quickly turning scanned documents into editable, formatted text. The text can then be used in virtually any word processing, desktop publishing or web publishing program.

DocuMate 3115 Product Specifications

Xerox Part No.	003R92566
Optical Resolution	Up to 600 dpi
Output Bit Depth	24-bit Colour, 8-bit Greyscale, 1-bit Bitonal
Scan Method	Fast Sheetfed Duplex and Front Sheetfed
Scan Speed*	
– Black & White, 200 dpi	15 ppm simplex / 30 ipm duplex
– Colour, 150 dpi	15 ppm simplex / 30 ipm duplex
Auto Features	Crop, Des skew, Thresholding
OneTouch Scanning	Scan to 6 Front Panel Selectable Destinations
Interface	Hi-Speed USB 2.0 (USB 1.1 compatible)
Dimensions, Scanner Only (w x d x h)	297 x 71 x 84 mm (11.7" x 2.8" x 3.3")
Dimensions, Scanner + Docking Station (w x d x h)	297 x 119 x 122 mm (11.7" x 4.7" x 4.8")
Weight (Scanner Only)	1.15 Kg (2.5 lbs)
Weight (Scanner + Docking Station)	1.8 kg (3.9 lbs)
ADF Maximum Document Size	216 x 356 mm (8.5" x 14")
ADF Minimum Document Size	89 x 56 mm (3.5" x 2.2")
ADF Capacity	20 sheets (20 lb. / 75 g/m ² paper)
Duty Cycle	500 pages per day

Minimum System Requirements

PC

- Pentium IV or equivalent
- Windows 7 / Vista / XP / 2000
- 512MB RAM (1GB for Vista & 7)
- 350MB available hard disk space
- DVD-ROM drive
- USB Port

MAC

- 1.6 GHz or faster PowerPC G5 or 1.83 GHz or faster Intel Core processor
- Mac OS X v10.4, v10.5, or later
- 512MB RAM (1GB recommended)
- 350MB available hard disk space
- DVD-ROM drive
- USB Port

Contents

- DocuMate 3115 Scanner
- DocuMate 3115 Docking Station
- USB Cables & AC Power Adapter
- Quick Install Card
- User's Manual on disc
- DVD-ROM including:
 - PC Software – Nuance PaperPort, Nuance OmniPage, NewSoft Presto! BizCard, Visioneer OneTouch with Kofax VRS technology, TWAIN & WIA Drivers
 - Mac Software – ExactScan Capture Application, NewSoft Presto! PageManager
