## T&G CATERING EQUIPMENT

Whether it's front of house or back of house, table service or tools; T&G have a variety of products that are durable and easy to use. All T&G products have been designed here in the UK and manufactured with style, quality and function in mind.

T&G can also produce bespoke and branded products to order, subject to minimum quantities and lead times.

To see the full T&G range please request a copy of the T&G catalogue and T&G mill catalogue or visit our website [tg-woodware.com](http://tg-woodware.com)

## T&G SAMPLE POLICY

All samples will be charged at our sample price. T&G supply samples on a 'sale or return' basis. Please note all samples must be returned in perfect condition in their original packaging to qualify.

We appreciate on some occasions samples might not be able to be returned, due to product testing or being used in situ. In this situation T&G will continue to invoice, but will refund against an order placed for the same product as a result of the sample presentation.

*All items subject to availability and T&G delivery times.*

## DESIGN & INNOVATION

Only the best ingredients are used when designing and developing T&G products. We believe in better and are continually pushing the boundaries to create new and innovative on trend, practical, quality products.

All T&G products start from a blank sheet of paper, developing and creating every product to ensure that it is the best it can be.

We designed the T&G curved wooden spatula in the 1990's and our CrushGrind® mills have won many awards. Our FSC® certified beech 'TV boards' as used on many TV cookery programmes, have been an industry icon since 1979. All these products and many more have gone on to become design classics. With over 45 years in business, there aren't many kitchens, bars and restaurants that won't have one of our products!

At T&G, we invest a lot of time, money and effort in developing products that offer tangible benefits over others in the market.

We cannot allow other companies to just come along for the ride after all the expenses have been paid and hard lessons have been learned.

**All T&G's exclusively designed products are protected by registered design rights.**

T&G have a duty to our customers to ensure we protect the design integrity of our products and we will take legal action against companies who, by copying, try to exploit (at no cost to themselves) the considerable investment we continue to make on behalf of our customers within product design.

We must protect our intellectual property. We cannot emphasise enough how much care and attention goes into designing and manufacturing our products and how much we obsess about every detail. We are passionate about our brand and our products.

## ENVIRONMENTAL POLICY STATEMENT

With the focus on the natural world, T&G's commitment to ethical sourcing is a priority.

Environmental concerns are central to T&G's business as our product range is still predominantly wood. The policy of the company is to try to ensure that all T&G products are manufactured from timbers sourced from well-managed and sustainable forests and plantations.

T&G have been at the very forefront of developing the market for sustainable wooden products in the UK and overseas and were one of the first members of the World Wildlife Federation 95+ Group. (WWF 95+).

T&G are now supporting Ocean Generation to raise awareness of the plight of plastic in our oceans. T&G make a donation to Ocean Generation from the sale of products from the 'Ocean' range.

T&G have held FSC® certification since 1999, and the FSC® logo on our products provides you the customer with an independent guarantee that the forest

is managed according to agreed social, environmental and economic standards. Today over 80 of our products are certified according to the FSC® principles. We are continually adding to this number and introducing ranges, with many of our products coming from European FSC® sources. Please look for the FSC® logo against certified products.

FSC® is T&G's commitment to making a difference!

**"In all areas of our business we expect to act responsibly. Timber is a precious resource in terms of both its own life and the diverse flora and fauna it supports. T&G pay particular attention to the products we manufacture and buy, their sustainability and suitability for our increasingly environmentally concerned customers and consumers."**

**In all areas of our business we expect to act responsibly. Timber is a precious resource in terms of both its own life and the diverse flora and fauna it supports. T&G pay particular attention to the products we manufacture and buy, their sustainability and suitability for our increasingly environmentally concerned customers and consumers. Product safety is also an important consideration and T&G ensures that all food contact materials are tested against the most relevant standards.**

**WOOD**

T&G has a vast range of wooden products to meet all requirements for preparation, storage and presentation. Wood is very suitable for preparation of food, with wooden chopping boards being very sympathetic to knives. The natural beauty of wood is perfectly suited to the presentation of food, creating an exciting dining experience.

**ACACIA**

Acacia is a durable hardwood making it ideal for cutting boards and its rich colour makes for perfect presentation. Acacia timber naturally has a very large colour variation, however T&G's acacia items have a food safe tinted lacquer applied to give it a more even dark colour than in its natural form. This enhances the look of the wood giving it a very stylish look for front of house.

**RUSTIC ACACIA**

Our rustic acacia wooden boards / platters / crates are made from the same wood as acacia but have been finished with clear food safe oil. This allows for the different colouring of the wood (light and dark) being visible making each item unique in its appearance. Our crates, boards and platters are ideal for the more relaxed dining experience.

**BEECH**

Beech is a light coloured hardwood with an even straight grain. Beech wood can be successfully stained, lacquered or oiled but also looks great in its natural form. It is ideally suited to the production of kitchen utensils such as spoons, spatulas, scoops and chopping boards. The majority of T&G's Beech wood items are FSC® certified and sourced from European forests. Certification by the Forest Stewardship Council ensures the timber has been sourced from responsibly managed forests.

**HEVEA**

Hevea wood is also known as rubber wood. This is a hardwood which is light in colouring. For our hevea boards we use a food safe lacquer to enhance its

appearance. Hevea can also successfully be colour stained or oiled changing the look of any given item. Hevea is a durable hard wearing wood making it ideal for serving and cutting food.

**EUROPEAN OAK**

Oak wood has high density and therefore good strength and hardness with beautiful grain markings making it perfect for use front of house or in the kitchen. T&G oak boards are either finished with a clear food safe oil or untreated in its natural state allowing for the beautiful grain to be on show fully.

**NORDIC NATURAL / WHITE**

T&G Nordic range has a rough sawn appearance whilst remaining smooth to the touch. Available in two colours – Natural finish with a non-toxic protective lacquer and white with a non-toxic white painted finish. Both finishes are food safe. This is acacia wood with a totally new look, practical and stunning.

**DRIFT WHITE / GREY / BLACK**

A mix of acacia wood and painted rustic colours for dramatic presentation.

**Care Instructions - ALL WOOD**

Hand wash only. To clean simply wipe over the surface with a damp cloth or wash in warm soapy water and dry immediately - do not soak. Boards can be sanitised using a food safe liquid sanitiser, rinsed and dried immediately after. Due to its nature, wooden items are not dishwasher safe. Avoid exposing wooden boards to extremes of temperature and do not store near heat sources. All woodware can dry out with use. Therefore to prolong the life of our wooden items occasionally wipe with T&G's food safe wood oil or other mineral oils as this does much to restore the original natural appearance. Please note for our natural oak boards the oil will darken the wood somewhat.

**T&G's FOOD SAFE WOOD OIL**

T&G recommend caring for our wooden products with our mineral oil which is far superior to vegetable oil. Mineral oil dries much quicker and does not leave a sticky residue. It sinks more deeply into the wood enhancing its preserving qualities. Mineral oil will enhance the look and preserve the life of your product.

**GLASS**

T&G's glass storage items are produced from recyclable Soda-lime glass, which is annealed to ensure its durability. They are ideal to add style to your counter or buffet display.

**Care Instructions**

Hand wash only. Not suitable for hot liquids.

**CORK**

Cork is an ecological and acceptable product as it regenerates itself. Cork is the outer bark of the cork oak, the bark is stripped only in summer and the first stripping must wait until the tree is about 20 years old. Subsequent stripping's take place every 10 years.

**Care Instructions**

Wipe clean with a damp cloth. Occasionally scrub with a dish brush to remove stubborn marks.

**WIREWARE**

Ideal for buffet and counter display our wireware range of robust and functional storage solutions are produced from powder coated steel wire to give them an appealing rustic look.

**Care Instructions**

To clean simply wash in warm soapy water and dry immediately. Not dishwasher safe.

**PORCELAIN**

Our porcelain dish is ideal for use as a side dish for sauces and nibbles.

**Care Instructions**

To clean wash in warm soapy water. Dishwasher safe. Always follow your dishwasher manufacturer's specific instructions.

**CHALK BOARDS**

We would recommend using traditional chalk sticks only rather than chalk pens to ensure easy removal.

**3. TERMS OF PAYMENT**

Payment of the contract price and any other charges shall be made promptly on a net thirty day basis from date of invoice. Interest on any overdue account shall be charged at a rate equivalent to four percent above HSBC plc base rate for the time being in force.

**4. CONDITIONS**

The Conditions, together with specific conditions and terms set out in the Company's quotation, shall constitute the entire Contract between the Company and the Purchaser of any goods, or receiver of any services from the Company ('the Customer'). These conditions shall supersede:

- a. any previous agreements or arrangements whether written, oral or implied and
- b. any conditions at any time imposed or quoted by the Customer where inconsistent with these conditions and in any particular shall override any conditions that may be printed upon any order, request for quotation or other communication received from the customer or on his behalf. By accepting any tender or quotation for or placing any order for these goods or services the Customer shall be deemed to have accepted these conditions.

**5. PRICES AND SPECIFICATIONS**

Whilst endeavouring to maintain prices, the Company reserves the right to alter prices and /or specifications without notice and the prices and specifications applying to any order shall be those applicable when the order is dispatched. The Company also reserves the right to add a surcharge and to charge for delivery where necessary. All sizes and capacities quoted are approximate.

**6. QUOTATIONS**

Quotations only refer to goods and services specified therein and available at the time of quotation. Quotations shall only be binding on the Company if confirmed in writing. Notwithstanding any quotation the Contract Price shall be the price ruling at the date the order is dispatched. In any event quotations shall not be binding upon the Company if not accepted in writing by the Customer within 28 days of receipt of any quotation.

**7. DAMAGED AND LOST GOODS**

Any damaged or faulty goods must be reported in writing as soon as possible and in any event within 7 days of receipt of any delivery or part delivery. No claims for compensation or replacement of goods will be accepted after the 7 day period. Non-delivery of goods must be reported in writing within 14 days of receipt of invoice.

**8. RETURNS**

Goods cannot be returned without prior agreement by the Company in writing. A restocking fee may apply. To receive a credit (if agreed) goods must be returned in the same condition in which they were received and in their original wrapping and packaging. Returns will also only be accepted back at the Customer's expense.

**9. PART DELIVERY**

**— UK MAINLAND ONLY**

The Company will make every effort to despatch an order complete, but reserves the right to make part shipment/delivery. Mainland Great Britain balances under the value of £75 will either be added to the next order or cancelled at the Company's discretion.

**10. LIMITATION OF LIABILITY**

- a. the liability of the Company in respect of any defect or damage in goods supplied shall be limited to the replacement or repair of such goods at the Company's expense (provided that the defect or damage shall have been reported promptly as required above).
- b. the Company shall not be liable for any consequential loss (whether direct or indirect) expense or damage of whatever kind arising as a result of any defect or damage in goods supplied.

c. any date quoted for delivery of orders or consignments shall not constitute a term of contract between the Company and the Customer and any delay shall not constitute a breach of such contract neither shall the Company be liable for any indirect or consequential losses, costs or penalties incurred or suffered by the Customer as the result of any delay.

d. time shall not be of the essence in respect of any contract between the Company and the Customer unless agreed in writing.

**11. TITLE TO GOODS**

Until the Company has been paid in full for all goods:

a. such goods will remain the property of the Company but the risk therein and all liability to third parties shall pass to the Customer.

b. if the Customer incorporates goods supplied by the Company in other products then those products shall be the property of the Company. If the Company's products are mixed with other goods belonging to a third party then the products shall be the property of the Company and the third party in proportion to the cost prices of the different goods.

c. if the Customer disposes of the goods or products then the Customer shall hold and pursue claims for the proceeds of any sale on trust for the Company.
