

SPARE PARTS CATALOGUE

Reborn Everyday With Hot Water

Racold is India's most trusted brand of water heaters from the house of Ariston, with a portfolio of premium quality products that cover the entire spectrum of water heating solutions.

At Racold, our products are a testimony of our commitment towards understanding our consumer's needs. This drives every innovation, while our products continue to deliver efficiency and eco-friendly benefits.

Being the leader in the water heater industry since the last five decades, Racold is a brand synonymous with breakthrough innovation, quality water heating solutions and complete customer satisfaction.

Quality in sales and aftersales services

Our constant strive to achieve customer satisfaction does not end with the sale and installation of the product. We have standardised customer management processes to provide our consumers with immediate and precise support.

We have over 500 authorised and trained service technicians ready to provide installation support, repairs and AMC for all; Electric, Solar and Heat Pump Water Heaters projects.

We also offer annual maintenance contracts which cover all servicing needs of the projects, so consumers can use our solutions minus the hassle of maintenance.

With over 176 service franchise outlet pan India and an efficient call centre in Pune which equips the customer with various touch points; from email to WhatsApp to online registration. Our service network is well equipped with knowledge of our installation configuration, thus providing the customer with 360° solutions.

Our Service Guidelines:

- Always use Racold Genuine spare parts and accessories.
- Always get professional help from installer/electrician/plumber for dry heating issues and pre selection checks.
- We recommend annual maintenance contract for your water heater ranging from 1-3 years.

For AMC and warranty details on range, contact your nearest service center.
